TIM MCMILLAN PART 1

1
00:00:08,629 --> 00:00:06,789
there's a whole fleet of them look on

2
00:00:10,870 --> 00:00:08,639
the assay

3
00:00:14,230 --> 00:00:10,880
oh my gosh they're all going against the

4
00:00:18,870 --> 00:00:16,310
it was basically a cube with inside of

5
00:00:37,110 --> 00:00:18,880
sphere where the points of the cube

6
00:00:40,549 --> 00:00:38,630
so this isn't anything that just is

7
00:00:50,549 --> 00:00:40,559
limited to the united states

8
00:00:54,150 --> 00:00:53,350
hi everyone and welcome back to that ufo

9
00:00:56,630 --> 00:00:54,160
podcast

10
00:00:58,709 --> 00:00:56,640
my name is andy off the back want to say

11
00:01:01,189 --> 00:00:58,719
thank you for all the great feedback

12
00:01:02,869 --> 00:01:01,199
from episode three with jason gleaves

13
00:01:04,710 --> 00:01:02,879

it's amazing to see so many people

14

00:01:05,189 --> 00:01:04,720

enjoyed the conversation as much as i

15

00:01:06,789 --> 00:01:05,199

did

16

00:01:08,710 --> 00:01:06,799

jason's a great character and make sure

17

00:01:10,390 --> 00:01:08,720

you've gone on to amazon to check out

18

00:01:11,990 --> 00:01:10,400

his two books as well

19

00:01:14,469 --> 00:01:12,000

folks i just want to also say that

20

00:01:14,789 --> 00:01:14,479

tonight's show is a great guest lined up

21

00:01:16,950 --> 00:01:14,799

it's

22

00:01:18,710 --> 00:01:16,960

lieutenant tim mcmillan as you'll

23

00:01:21,190 --> 00:01:18,720

probably know him on twitter

24

00:01:23,270 --> 00:01:21,200

uh tim was really gracious with his time

25

00:01:24,550 --> 00:01:23,280

and we had a fantastic conversation

26

00:01:26,870 --> 00:01:24,560

earlier on

27

00:01:29,749 --> 00:01:26,880

so much so as i announced on twitter

28

00:01:31,510 --> 00:01:29,759

i've decided to split it into two parts

29

00:01:33,429 --> 00:01:31,520

the first part being released tonight

30

00:01:35,510 --> 00:01:33,439

monday the 25th of may

31

00:01:38,069 --> 00:01:35,520

and i'll release the second episode a

32

00:01:39,510 --> 00:01:38,079

bit later in the week for you to digest

33

00:01:41,429 --> 00:01:39,520

tonight's episode you're going to hear

34

00:01:43,030 --> 00:01:41,439

about tim's journey into ufology and

35

00:01:45,429 --> 00:01:43,040

investigative writing

36

00:01:46,469 --> 00:01:45,439

his own ufo uap sighting which is

37

00:01:48,069 --> 00:01:46,479

fascinating

38

00:01:50,550 --> 00:01:48,079

his thoughts on the new york times

39

00:01:52,389 --> 00:01:50,560

article of december 2017

40

00:01:54,550 --> 00:01:52,399

the most intriguing aspects of the

41

00:01:55,590 --> 00:01:54,560

government's admissions debating with

42

00:01:57,830 --> 00:01:55,600

the debunkers

43

00:01:59,109 --> 00:01:57,840

mcquest we're looking at you and an

44

00:02:01,510 --> 00:01:59,119

exclusive from tim

45

00:02:02,950 --> 00:02:01,520

at the end of part one and before we

46

00:02:04,389 --> 00:02:02,960

head into the show folks i just want to

47

00:02:06,550 --> 00:02:04,399

say a massive thank you to everyone

48

00:02:08,070 --> 00:02:06,560

who's been in touch on twitter this week

49

00:02:10,389 --> 00:02:08,080

it's been great conversing with everyone

50

00:02:14,390 --> 00:02:10,399

hello to all the new followers to

51
00:02:17,110 --> 00:02:14,400
that ufo podcast that's at ufo uap am

52
00:02:18,229 --> 00:02:17,120
on twitter and that ufo podcast on

53
00:02:20,070 --> 00:02:18,239
facebook

54
00:02:22,550 --> 00:02:20,080
we do have a patreon set up now for that

55
00:02:24,630 --> 00:02:22,560
ufo podcast times are hard just now

56
00:02:26,309 --> 00:02:24,640
but if you can contribute anything there

57
00:02:28,229 --> 00:02:26,319
are three tiers there's a one dollar

58
00:02:29,990 --> 00:02:28,239
tier which gives a shout out at the end

59
00:02:32,150 --> 00:02:30,000
of each episode of the show

60
00:02:34,229 --> 00:02:32,160
that also buys me a coffee uh five

61
00:02:36,150 --> 00:02:34,239
dollar tier which gives you those same

62
00:02:37,830 --> 00:02:36,160
benefits but we'll give you access to

63
00:02:38,390 --> 00:02:37,840

upcoming bonus episodes that will be

64

00:02:42,869 --> 00:02:38,400

released

65

00:02:44,869 --> 00:02:42,879

last week that went down a storm

66

00:02:46,470 --> 00:02:44,879

and the ten dollar tier again gives you

67

00:02:49,430 --> 00:02:46,480

all those previous benefits

68

00:02:49,990 --> 00:02:49,440

but i will pick any content you choose

69

00:02:52,550 --> 00:02:50,000

and create

70

00:02:54,550 --> 00:02:52,560

a show based on it that could be a movie

71

00:02:56,710 --> 00:02:54,560

a documentary or just my thoughts on a

72

00:02:57,910 --> 00:02:56,720

famous ufo incident as well

73

00:02:59,509 --> 00:02:57,920

and i might be able to get one of the

74

00:03:00,470 --> 00:02:59,519

guests on as well to have a chat about

75

00:03:02,309 --> 00:03:00,480

that

76

00:03:04,149 --> 00:03:02,319

so again anything you can contribute

77

00:03:04,790 --> 00:03:04,159

that would be greatly appreciated folks

78

00:03:06,550 --> 00:03:04,800

okay

79

00:03:08,390 --> 00:03:06,560

but as always and i'll keep saying it

80

00:03:09,430 --> 00:03:08,400

your lessons streams and downloads are

81

00:03:11,350 --> 00:03:09,440

the main thing

82

00:03:12,470 --> 00:03:11,360

please please please remember to

83

00:03:16,830 --> 00:03:12,480

subscribe

84

00:03:22,149 --> 00:03:16,840

like and retweet thanks folks enjoy the

85

00:03:25,750 --> 00:03:23,910

so on the line with me now is guest

86

00:03:27,589 --> 00:03:25,760

number four on the show

87

00:03:29,750 --> 00:03:27,599

quite a list of accomplishments so we've

88

00:03:31,990 --> 00:03:29,760

got a retired law enforcement officer

89

00:03:32,869 --> 00:03:32,000

investigative writer respected public

90

00:03:35,270 --> 00:03:32,879

speaker

91

00:03:36,390 --> 00:03:35,280

ted talks featured presenter researcher

92

00:03:38,309 --> 00:03:36,400

and consultant

93

00:03:39,589 --> 00:03:38,319

the list does go on but i'm sure most

94

00:03:40,630 --> 00:03:39,599

importantly from what i've heard in

95

00:03:42,309 --> 00:03:40,640

previous interviews

96

00:03:45,110 --> 00:03:42,319

and justin speaking to him he's a family

97

00:03:47,350 --> 00:03:45,120

man as well um so on the show i've got

98

00:03:48,789 --> 00:03:47,360

lieutenant tim mcmillan retired tim how

99

00:03:51,830 --> 00:03:48,799

are you doing

100

00:03:53,350 --> 00:03:51,840

good great man how are you i'm very well

101
00:03:54,470 --> 00:03:53,360
tim thank you very much for giving us

102
00:03:56,149 --> 00:03:54,480
some of your time today

103
00:03:57,350 --> 00:03:56,159
i appreciate that you've got kids i've

104
00:03:58,470 --> 00:03:57,360
got kids so we had to do a bit of

105
00:04:01,910 --> 00:03:58,480
rescheduling

106
00:04:04,229 --> 00:04:01,920
but life life gets in the way doesn't it

107
00:04:06,550 --> 00:04:04,239
yeah it does but you know what it's it's

108
00:04:08,390 --> 00:04:06,560
it's good and it's good to uh

109
00:04:09,429 --> 00:04:08,400
good good to put family first i'm glad

110
00:04:10,550 --> 00:04:09,439
you mentioned that because it's very

111
00:04:12,710 --> 00:04:10,560
important for me people

112
00:04:14,070 --> 00:04:12,720
i don't talk about a lot publicly but it

113
00:04:15,750 --> 00:04:14,080

is and and i

114

00:04:17,270 --> 00:04:15,760

have much respect for people who equally

115

00:04:19,509 --> 00:04:17,280

do the same because

116

00:04:21,270 --> 00:04:19,519

it's remarkable how fast those kids grow

117

00:04:23,990 --> 00:04:21,280

up man

118

00:04:25,189 --> 00:04:24,000

very yeah i've had to lock mine out from

119

00:04:26,710 --> 00:04:25,199

the outside so

120

00:04:28,310 --> 00:04:26,720

they're currently stuck in the house

121

00:04:31,590 --> 00:04:28,320

with supervision supervision

122

00:04:33,430 --> 00:04:31,600

they're not left on their own um

123

00:04:34,629 --> 00:04:33,440

so uh straight off the bat i've got a

124

00:04:35,670 --> 00:04:34,639

question from a listener but it is

125

00:04:37,189 --> 00:04:35,680

relevant

126

00:04:38,950 --> 00:04:37,199

i've noticed uh obviously with your

127

00:04:40,950 --> 00:04:38,960

accent you are from the us

128

00:04:42,390 --> 00:04:40,960

but you're based in germany something

129

00:04:43,990 --> 00:04:42,400

i'm not too sure how it came about what

130

00:04:46,469 --> 00:04:44,000

was your decision to kind of

131

00:04:47,350 --> 00:04:46,479

leave the us for germany what can happen

132

00:04:49,670 --> 00:04:47,360

there and

133

00:04:51,030 --> 00:04:49,680

what do you like about living in germany

134

00:04:52,629 --> 00:04:51,040

oh sure that's a great question yeah

135

00:04:54,230 --> 00:04:52,639

nobody ever asked me that i think i've

136

00:04:55,030 --> 00:04:54,240

mentioned it a couple times because it's

137

00:04:58,390 --> 00:04:55,040

no secret

138

00:04:58,870 --> 00:04:58,400

although i maybe don't go into it a lot

139

00:05:02,310 --> 00:04:58,880

because

140

00:05:05,110 --> 00:05:02,320

um you know i do try to keep uh my

141

00:05:05,670 --> 00:05:05,120

personal life somewhat private but the

142

00:05:07,430 --> 00:05:05,680

whole reason

143

00:05:08,790 --> 00:05:07,440

i'm in germany is my wife actually works

144

00:05:09,350 --> 00:05:08,800

for the department of defense as a

145

00:05:15,110 --> 00:05:09,360

teacher

146

00:05:17,350 --> 00:05:15,120

after i had taken early retirement from

147

00:05:19,110 --> 00:05:17,360

policing i was working at a

148

00:05:20,390 --> 00:05:19,120

private firm as an intelligence and

149

00:05:23,189 --> 00:05:20,400

investigative analyst

150

00:05:25,270 --> 00:05:23,199

and we had an opportunity she had an

151

00:05:26,310 --> 00:05:25,280

opportunity to relocate and restation

152

00:05:28,870 --> 00:05:26,320

here in germany

153

00:05:30,870 --> 00:05:28,880

and so we jumped on it because it gave

154

00:05:33,110 --> 00:05:30,880

me a chance to work from home and and do

155

00:05:35,749 --> 00:05:33,120

a lot of the stuff that i do now

156

00:05:36,469 --> 00:05:35,759

and uh give the kids and everybody else

157

00:05:45,909 --> 00:05:36,479

a

158

00:05:48,629 --> 00:05:45,919

been in the whole

159

00:05:50,230 --> 00:05:48,639

uh you know pandemic lockdown and but

160

00:05:52,230 --> 00:05:50,240

yeah

161

00:05:53,270 --> 00:05:52,240

in terms of just being here it's great

162

00:05:56,309 --> 00:05:53,280

uh it's

163

00:05:58,390 --> 00:05:56,319

uh we're in southwest germany

164

00:05:59,350 --> 00:05:58,400

near trier so we're about 30 minutes

165

00:06:03,029 --> 00:05:59,360

from the border of

166

00:06:04,790 --> 00:06:03,039

luxembourg france belgium it's great to

167

00:06:05,990 --> 00:06:04,800

have an opportunity to

168

00:06:07,270 --> 00:06:06,000

get to meet all these different people

169

00:06:08,309 --> 00:06:07,280

see different cultures it's great for

170

00:06:10,790 --> 00:06:08,319

the kids i think it's

171

00:06:12,950 --> 00:06:10,800

that was one of the big things is um i

172

00:06:14,070 --> 00:06:12,960

did i am from the states i grew up spent

173

00:06:15,990 --> 00:06:14,080

my whole life in

174

00:06:18,230 --> 00:06:16,000

the southern united states right there

175

00:06:20,469 --> 00:06:18,240

in the antebellum and so

176

00:06:21,830 --> 00:06:20,479

it was nice to to get out and see

177

00:06:24,390 --> 00:06:21,840

different things and

178

00:06:25,350 --> 00:06:24,400

you know where we are here you know i

179

00:06:27,270 --> 00:06:25,360

can

180

00:06:28,790 --> 00:06:27,280

30 yards from me some of my neighbors

181

00:06:31,590 --> 00:06:28,800

have some the old

182

00:06:31,909 --> 00:06:31,600

2000 year old roman long wall um all

183

00:06:34,469 --> 00:06:31,919

right

184

00:06:36,629 --> 00:06:34,479

built into their wall like it's the

185

00:06:37,590 --> 00:06:36,639

house we actually live in here is uh 400

186

00:06:40,870 --> 00:06:37,600

years old

187

00:06:42,710 --> 00:06:40,880

and so it's really cool and that's the

188

00:06:44,390 --> 00:06:42,720

i talk a lot about ufo stuff but

189

00:06:45,590 --> 00:06:44,400

actually people will be surprised i'm a

190

00:06:48,230 --> 00:06:45,600

big military

191

00:06:49,909 --> 00:06:48,240

history buff and so it's cool to go to

192

00:06:51,189 --> 00:06:49,919

some of these sites and different things

193

00:06:53,430 --> 00:06:51,199

around here

194

00:06:54,629 --> 00:06:53,440

but yeah that's my my wife just happens

195

00:06:56,950 --> 00:06:54,639

to be a school teacher

196

00:06:59,270 --> 00:06:56,960

and fortunately with the department of

197

00:06:59,589 --> 00:06:59,280

defense so that gave us this opportunity

198

00:07:05,430 --> 00:06:59,599

to

199

00:07:05,990 --> 00:07:05,440

um so you've you've had a bit of a

200

00:07:07,909 --> 00:07:06,000

journey

201
00:07:09,589 --> 00:07:07,919
through your your last kind of 20 years

202
00:07:11,350 --> 00:07:09,599
just looking at your bio online and

203
00:07:12,790 --> 00:07:11,360
what i wanted to do for any listeners

204
00:07:14,150 --> 00:07:12,800
that weren't too familiar with that or

205
00:07:16,469 --> 00:07:14,160
if it's been a while since they've heard

206
00:07:18,710 --> 00:07:16,479
and more so for me tell me a little bit

207
00:07:20,230 --> 00:07:18,720
about that journey and what led you to

208
00:07:22,150 --> 00:07:20,240
the point where you're now writing some

209
00:07:24,230 --> 00:07:22,160
of the most relevant articles

210
00:07:26,150 --> 00:07:24,240
on the ufo subject what's going to

211
00:07:29,189 --> 00:07:26,160
brought you to this point

212
00:07:31,350 --> 00:07:29,199
sure yeah no my my life is a big

213
00:07:33,270 --> 00:07:31,360

journey of happenstances and unattended

214

00:07:35,029 --> 00:07:33,280

consequences you know i never wanted to

215

00:07:35,830 --> 00:07:35,039

be a cop but spent almost 20 years as

216

00:07:39,589 --> 00:07:35,840

one

217

00:07:40,309 --> 00:07:39,599

uh way back in my youth i was actually

218

00:07:41,830 --> 00:07:40,319

in college

219

00:07:42,790 --> 00:07:41,840

for to be a research i couldn't decide

220

00:07:44,550 --> 00:07:42,800

if i want to be an astronomer or

221

00:07:47,990 --> 00:07:44,560

research cognitive psychologist

222

00:07:48,629 --> 00:07:48,000

and so some kind of unfortunate events

223

00:07:50,869 --> 00:07:48,639

that involve

224

00:07:52,469 --> 00:07:50,879

tragedy some friends actually were

225

00:07:54,950 --> 00:07:52,479

killed in a home invasion

226

00:07:56,390 --> 00:07:54,960

led me into deciding to be a cop and i

227

00:07:57,670 --> 00:07:56,400

was very fortunate i worked for an

228

00:08:00,070 --> 00:07:57,680

agency

229

00:08:00,950 --> 00:08:00,080

just outside savannah georgia who was a

230

00:08:03,749 --> 00:08:00,960

good

231

00:08:05,430 --> 00:08:03,759

uh medium-sized agency had a great chief

232

00:08:08,710 --> 00:08:05,440

of police that kind of

233

00:08:10,070 --> 00:08:08,720

you could do as much or as little well

234

00:08:11,830 --> 00:08:10,080

no let me tip it a little

235

00:08:13,670 --> 00:08:11,840

you could do as much as you wanted to

236

00:08:16,309 --> 00:08:13,680

and so i just took the ball and ran with

237

00:08:18,629 --> 00:08:16,319

that and i was very fortunate

238

00:08:20,550 --> 00:08:18,639

uh to have the opportunity to be you

239

00:08:21,589 --> 00:08:20,560

know i was a violent crimes investigator

240

00:08:25,029 --> 00:08:21,599

for years i got

241

00:08:25,990 --> 00:08:25,039

certified and as a csi crime scene

242

00:08:28,070 --> 00:08:26,000

investigator

243

00:08:31,110 --> 00:08:28,080

though i don't like that side i told me

244

00:08:33,670 --> 00:08:31,120

i i had to do it but i'm not a lab guy

245

00:08:34,389 --> 00:08:33,680

um i was a canine handler for years and

246

00:08:36,149 --> 00:08:34,399

uh and

247

00:08:37,430 --> 00:08:36,159

violent crimes interrogator which was

248

00:08:40,310 --> 00:08:37,440

interesting

249

00:08:41,190 --> 00:08:40,320

um where i interrogated most part won

250

00:08:44,310 --> 00:08:41,200

crimes

251

00:08:46,230 --> 00:08:44,320

uh i did still finish my my

252

00:08:47,990 --> 00:08:46,240

college education everything in

253

00:08:49,670 --> 00:08:48,000

cognitive psychology and actually a

254

00:08:52,070 --> 00:08:49,680

bachelor's in mathematics

255

00:08:54,470 --> 00:08:52,080

and so a lot of the stuff that i did in

256

00:08:56,470 --> 00:08:54,480

law enforcement pertained to

257

00:08:57,750 --> 00:08:56,480

uh behavioral analysis behavioral

258

00:09:00,470 --> 00:08:57,760

investigation

259

00:09:02,550 --> 00:09:00,480

uh i was an instructor so i taught a lot

260

00:09:05,030 --> 00:09:02,560

of the stuff that you

261

00:09:05,590 --> 00:09:05,040

kind of into intuition for policing like

262

00:09:09,350 --> 00:09:05,600

how do you

263

00:09:10,389 --> 00:09:09,360

science and um

264

00:09:12,070 --> 00:09:10,399

you know that you hear people talk about

265

00:09:13,110 --> 00:09:12,080

that my spidey sense going off you kind

266

00:09:16,310 --> 00:09:13,120

of taught people

267

00:09:18,389 --> 00:09:16,320

what that means in a more scientific

268

00:09:21,430 --> 00:09:18,399

sense and how do you heighten that

269

00:09:23,190 --> 00:09:21,440

uh along with profiling

270

00:09:25,190 --> 00:09:23,200

which because the term profiling and

271

00:09:28,389 --> 00:09:25,200

policing is not a good term

272

00:09:29,910 --> 00:09:28,399

for obvious reasons criminal

273

00:09:31,750 --> 00:09:29,920

investigative analysis same thing

274

00:09:32,630 --> 00:09:31,760

behavioral analysis and profiling so

275

00:09:35,829 --> 00:09:32,640

that was kind of my

276

00:09:37,110 --> 00:09:35,839

specialty and i did a lot with

277

00:09:39,350 --> 00:09:37,120

department of justice the federal

278

00:09:42,710 --> 00:09:39,360

government a lot of different entities

279

00:09:44,870 --> 00:09:42,720

there helping out with different all

280

00:09:45,910 --> 00:09:44,880

criminal justice domestic terrorism type

281

00:09:49,509 --> 00:09:45,920

investigations

282

00:09:52,870 --> 00:09:49,519

and uh did that for a number of years

283

00:09:54,949 --> 00:09:52,880

almost 17 and then finally like i said

284

00:09:58,070 --> 00:09:54,959

earlier about being a family man

285

00:09:59,350 --> 00:09:58,080

my last few years in policing i was the

286

00:10:02,230 --> 00:09:59,360

night time

287

00:10:04,310 --> 00:10:02,240

duty officer which meant i was the

288

00:10:05,269 --> 00:10:04,320

essentially the de facto chief of police

289

00:10:07,269 --> 00:10:05,279

when the chief

290

00:10:08,870 --> 00:10:07,279

and all the the patrol commander were

291

00:10:11,910 --> 00:10:08,880

off so at night time

292

00:10:13,829 --> 00:10:11,920

i was the guy in charge and that put me

293

00:10:16,389 --> 00:10:13,839

on straight nights and i didn't i have

294

00:10:17,910 --> 00:10:16,399

small kids and so i never saw them and

295

00:10:19,910 --> 00:10:17,920

so that's what that's what led to my

296

00:10:22,870 --> 00:10:19,920

early retirement i think i've

297

00:10:25,030 --> 00:10:22,880

seen people uh online or in message

298

00:10:28,949 --> 00:10:25,040

groups be like and why would a guy

299

00:10:31,350 --> 00:10:28,959

leave after only 17 years and uh

300

00:10:32,389 --> 00:10:31,360

how can he be retired and it really

301
00:10:35,829 --> 00:10:32,399
comes down to

302
00:10:37,350 --> 00:10:35,839
you know uh i actually my my son when he

303
00:10:40,069 --> 00:10:37,360
was in kindergarten i saw his

304
00:10:41,590 --> 00:10:40,079
journal after he had gotten done with

305
00:10:42,790 --> 00:10:41,600
school and i saw a picture that i hadn't

306
00:10:45,430 --> 00:10:42,800
seen before that said

307
00:10:47,190 --> 00:10:45,440
my dad's a cop he's a good cop i love

308
00:10:49,110 --> 00:10:47,200
him i never get to see him

309
00:10:51,350 --> 00:10:49,120
and that was literally it two months

310
00:10:51,750 --> 00:10:51,360
later i retired and by early retirement

311
00:10:54,470 --> 00:10:51,760
i

312
00:10:55,430 --> 00:10:54,480
cashed out my last three years through a

313
00:10:57,269 --> 00:10:55,440

police

314

00:10:59,750 --> 00:10:57,279

benevolence association thing so i took

315

00:11:02,150 --> 00:10:59,760

early retirement and

316

00:11:03,910 --> 00:11:02,160

the only reason i use that moniker even

317

00:11:07,030 --> 00:11:03,920

now today is because i am

318

00:11:09,910 --> 00:11:07,040

a um

319

00:11:11,350 --> 00:11:09,920

qualified law enforcement expert with an

320

00:11:12,069 --> 00:11:11,360

organization in the united states that

321

00:11:14,150 --> 00:11:12,079

does speaking

322

00:11:15,670 --> 00:11:14,160

consulting stuff i don't know i don't

323

00:11:17,030 --> 00:11:15,680

believe i'm an expert or anybody's an

324

00:11:18,949 --> 00:11:17,040

expert in anything because that means

325

00:11:20,389 --> 00:11:18,959

you know it all and i definitely don't

326

00:11:22,550 --> 00:11:20,399

but that's the only reason i even hang

327

00:11:24,870 --> 00:11:22,560

on to that kind of moniker um

328

00:11:26,790 --> 00:11:24,880

and so when it comes to now fast

329

00:11:29,269 --> 00:11:26,800

forwarding where did i get into

330

00:11:32,710 --> 00:11:29,279

uh journalism and more importantly kind

331

00:11:36,310 --> 00:11:32,720

of ufo journalism the past year

332

00:11:39,990 --> 00:11:36,320

the topic of uso's has interested me

333

00:11:42,069 --> 00:11:40,000

for probably last seven or eight years

334

00:11:43,509 --> 00:11:42,079

and i have never shot away from the fact

335

00:11:46,069 --> 00:11:43,519

that the initial interest was

336

00:11:47,509 --> 00:11:46,079

after i had my own siding of something

337

00:11:48,150 --> 00:11:47,519

now well that was that was going to be

338

00:11:52,310 --> 00:11:48,160

my

339

00:11:54,230 --> 00:11:52,320

about that

340

00:11:55,350 --> 00:11:54,240

sure yeah no it was and i always

341

00:11:58,069 --> 00:11:55,360

qualified and say i

342

00:11:59,269 --> 00:11:58,079

i saw something very interesting but i i

343

00:12:01,030 --> 00:11:59,279

wouldn't put it in the same realm as

344

00:12:02,710 --> 00:12:01,040

some other people's experiences who i

345

00:12:05,430 --> 00:12:02,720

think are much more dramatic

346

00:12:06,550 --> 00:12:05,440

mine was because again where i was in

347

00:12:09,750 --> 00:12:06,560

savannah is a very

348

00:12:11,670 --> 00:12:09,760

military-rich environment in fact it's

349

00:12:13,269 --> 00:12:11,680

if you look at the 2015 east coast

350

00:12:15,190 --> 00:12:13,279

events uh some of those

351
00:12:16,710 --> 00:12:15,200
occurred you know 30 miles off the coast

352
00:12:20,310 --> 00:12:16,720
or where we were i mean right there

353
00:12:22,870 --> 00:12:20,320
but um yeah one night late at night i uh

354
00:12:23,670 --> 00:12:22,880
me and another friend who was she she's

355
00:12:26,389 --> 00:12:23,680
actually still

356
00:12:27,190 --> 00:12:26,399
a police sergeant in the county police

357
00:12:29,190 --> 00:12:27,200
there

358
00:12:30,710 --> 00:12:29,200
i was leaving her house and we were just

359
00:12:34,629 --> 00:12:30,720
outside chatting

360
00:12:38,230 --> 00:12:34,639
and all of a sudden these three

361
00:12:41,430 --> 00:12:38,240
lights uh about as big as like a p

362
00:12:42,949 --> 00:12:41,440
at arm's length so just cut on as if

363
00:12:44,790 --> 00:12:42,959

somebody flipped on a light switch and

364

00:12:46,069 --> 00:12:44,800

they were all in a straight line

365

00:12:47,190 --> 00:12:46,079

and it was definitely one of these

366

00:12:48,069 --> 00:12:47,200

things it's not one of these things

367

00:12:49,990 --> 00:12:48,079

where you

368

00:12:51,509 --> 00:12:50,000

you see something in the distance you're

369

00:12:54,069 --> 00:12:51,519

like what's that this was like

370

00:12:55,509 --> 00:12:54,079

what the hell is that like it was

371

00:12:57,910 --> 00:12:55,519

obvious

372

00:12:58,949 --> 00:12:57,920

and they just stayed there motionless

373

00:13:01,350 --> 00:12:58,959

and then

374

00:13:02,629 --> 00:13:01,360

a few minutes later they are excuse me a

375

00:13:04,310 --> 00:13:02,639

few seconds maybe

376

00:13:05,509 --> 00:13:04,320

20 30 seconds later they just cut off

377

00:13:06,069 --> 00:13:05,519

like somebody flipped a light switch

378

00:13:09,430 --> 00:13:06,079

again

379

00:13:10,790 --> 00:13:09,440

and then uh probably another 15-20

380

00:13:13,190 --> 00:13:10,800

seconds after that

381

00:13:14,389 --> 00:13:13,200

they cut back on along with two others

382

00:13:18,069 --> 00:13:14,399

so now there's five

383

00:13:20,710 --> 00:13:18,079

uh it was kind of antiquey yellow white

384

00:13:22,069 --> 00:13:20,720

hue all in a straight line and at that

385

00:13:24,710 --> 00:13:22,079

point they were low enough

386

00:13:26,949 --> 00:13:24,720

on the horizon where the ambient light

387

00:13:29,829 --> 00:13:26,959

of the city that was right there

388

00:13:30,790 --> 00:13:29,839

um was blocked out and suddenly you

389

00:13:34,310 --> 00:13:30,800

could see what

390

00:13:36,389 --> 00:13:34,320

appeared to be like a rectangular

391

00:13:37,910 --> 00:13:36,399

like they were attached to something but

392

00:13:38,310 --> 00:13:37,920

if they were attached to something it

393

00:13:41,910 --> 00:13:38,320

was

394

00:13:43,590 --> 00:13:41,920

massive um i always caution people on

395

00:13:45,670 --> 00:13:43,600

that last part because i'm cautious

396

00:13:47,829 --> 00:13:45,680

myself that i understand how the brain

397

00:13:49,110 --> 00:13:47,839

works in perception and so where were

398

00:13:49,590 --> 00:13:49,120

they attached to a structure i don't

399

00:13:51,990 --> 00:13:49,600

know

400

00:13:53,590 --> 00:13:52,000

your brain will fill in gaps sometimes

401
00:13:54,870 --> 00:13:53,600
and i think everybody should be cautious

402
00:13:55,750 --> 00:13:54,880
of that whenever they see something

403
00:13:57,990 --> 00:13:55,760
weird

404
00:13:59,590 --> 00:13:58,000
but it appeared to be and then uh

405
00:14:00,710 --> 00:13:59,600
probably 30 seconds after that they just

406
00:14:03,030 --> 00:14:00,720
cut off

407
00:14:04,150 --> 00:14:03,040
as if somebody flipped a light switch

408
00:14:06,550 --> 00:14:04,160
and so

409
00:14:07,430 --> 00:14:06,560
i was fascinated the whole ride home

410
00:14:09,509 --> 00:14:07,440
i've told people

411
00:14:11,110 --> 00:14:09,519
it's it's a wonder i didn't wreck

412
00:14:11,590 --> 00:14:11,120
because oh jeep wrangler and i'm like

413
00:14:13,829 --> 00:14:11,600

looking

414

00:14:15,509 --> 00:14:13,839

out the whole time like wanting to see

415

00:14:17,829 --> 00:14:15,519

something again

416

00:14:19,590 --> 00:14:17,839

and that's when i got into you know i

417

00:14:21,189 --> 00:14:19,600

started googling like what the heck is

418

00:14:23,750 --> 00:14:21,199

this what is this and uh

419

00:14:25,430 --> 00:14:23,760

stumbled upon mufon you know had never

420

00:14:28,150 --> 00:14:25,440

really known about this kind of stuff

421

00:14:29,829 --> 00:14:28,160

and um actually reported that sighting

422

00:14:30,870 --> 00:14:29,839

to mufon and later found out that

423

00:14:33,990 --> 00:14:30,880

someone about

424

00:14:36,389 --> 00:14:34,000

20 30 miles west of us had reported the

425

00:14:40,150 --> 00:14:36,399

exact same thing

426
00:14:42,710 --> 00:14:40,160
probably 10 minutes before us and so

427
00:14:43,430 --> 00:14:42,720
i still don't know who that is but i do

428
00:14:45,670 --> 00:14:43,440
know that

429
00:14:47,189 --> 00:14:45,680
you know mass hallucination's silly

430
00:14:48,389 --> 00:14:47,199
that's no that's not a real thing you

431
00:14:49,750 --> 00:14:48,399
maybe have heard people use that

432
00:14:52,629 --> 00:14:49,760
explanation there's no

433
00:14:53,430 --> 00:14:52,639
empirical evidence for that uh so i know

434
00:14:55,430 --> 00:14:53,440
it was real

435
00:14:57,189 --> 00:14:55,440
i know that somebody else saw it too

436
00:14:58,949 --> 00:14:57,199
that i still don't know who they are

437
00:15:00,389 --> 00:14:58,959
what it was i don't know but it got me

438
00:15:03,350 --> 00:15:00,399

interested in my initial

439

00:15:04,710 --> 00:15:03,360

interest for the first up until about

440

00:15:07,829 --> 00:15:04,720

last year

441

00:15:09,910 --> 00:15:07,839

uh i people probably don't realize i did

442

00:15:11,670 --> 00:15:09,920

a lot of research this topic but outside

443

00:15:14,069 --> 00:15:11,680

the quote ufo community

444

00:15:15,910 --> 00:15:14,079

and this was actually speaking with

445

00:15:19,750 --> 00:15:15,920

witnesses

446

00:15:21,350 --> 00:15:19,760

people who had seen things and um

447

00:15:23,509 --> 00:15:21,360

i was able to kind of qualify a

448

00:15:26,230 --> 00:15:23,519

behavioral profile same thing we do

449

00:15:27,189 --> 00:15:26,240

in the criminal justice job where you

450

00:15:29,189 --> 00:15:27,199

could determine

451

00:15:31,990 --> 00:15:29,199

you know the behavioral profile of

452

00:15:33,990 --> 00:15:32,000

somebody who had actually seen something

453

00:15:35,910 --> 00:15:34,000

that was truly challenging reality or

454

00:15:37,269 --> 00:15:35,920

somebody seen something weird

455

00:15:39,030 --> 00:15:37,279

and so i approached it those first

456

00:15:41,189 --> 00:15:39,040

couple years from my background in

457

00:15:42,949 --> 00:15:41,199

cognitive psychology and it is still a

458

00:15:45,990 --> 00:15:42,959

question that i still

459

00:15:49,269 --> 00:15:46,000

pose to this day which fascinates me

460

00:15:52,310 --> 00:15:49,279

which is are what people seeing

461

00:15:52,790 --> 00:15:52,320

really what they see and that doesn't

462

00:15:57,269 --> 00:15:52,800

mean

463

00:15:58,470 --> 00:15:57,279

it's not something sentient and

464

00:16:01,030 --> 00:15:58,480

intelligence

465

00:16:02,069 --> 00:16:01,040

um but i still am very curious to the

466

00:16:04,870 --> 00:16:02,079

fact that i think

467

00:16:05,990 --> 00:16:04,880

you will see uh if you really look at

468

00:16:08,710 --> 00:16:06,000

the history of ufo

469

00:16:10,550 --> 00:16:08,720

sightings what is seen or what is

470

00:16:12,069 --> 00:16:10,560

perceived to be seen

471

00:16:14,230 --> 00:16:12,079

follows along with the kind of

472

00:16:17,350 --> 00:16:14,240

technological zygous to the time

473

00:16:20,150 --> 00:16:17,360

the late yeah 19 19th centuries airships

474

00:16:20,949 --> 00:16:20,160

now now now you hear people associating

475

00:16:23,030 --> 00:16:20,959

with drones

476
00:16:24,550 --> 00:16:23,040
autonomous drones so it always follows

477
00:16:26,389 --> 00:16:24,560
along

478
00:16:28,150 --> 00:16:26,399
what people see is like just one step

479
00:16:30,790 --> 00:16:28,160
ahead of what we

480
00:16:32,069 --> 00:16:30,800
actually know is possible and so that's

481
00:16:34,389 --> 00:16:32,079
fascinating to me

482
00:16:36,069 --> 00:16:34,399
because i think the potential still

483
00:16:39,110 --> 00:16:36,079
exists out there

484
00:16:42,150 --> 00:16:39,120
that it can be something it can be real

485
00:16:44,790 --> 00:16:42,160
but are we seeing exactly what it is

486
00:16:45,189 --> 00:16:44,800
um and so that was my initial interest a

487
00:16:49,430 --> 00:16:45,199
long

488
00:16:50,230 --> 00:16:49,440

eventually last year once i had taken

489

00:16:52,230 --> 00:16:50,240

early retirement

490

00:16:53,670 --> 00:16:52,240

and i had the opportunity and especially

491

00:16:57,110 --> 00:16:53,680

coming to germany here

492

00:16:58,310 --> 00:16:57,120

where um the we're at a small air base

493

00:17:00,230 --> 00:16:58,320

so it's not like you know i could go

494

00:17:03,590 --> 00:17:00,240

work a cash register or go

495

00:17:05,110 --> 00:17:03,600

you know do something on base and um

496

00:17:06,789 --> 00:17:05,120

my wife said you should just write and

497

00:17:07,110 --> 00:17:06,799

do what you want to you really want to

498

00:17:10,390 --> 00:17:07,120

do

499

00:17:13,270 --> 00:17:10,400

and so i i felt like

500

00:17:14,230 --> 00:17:13,280

i had a kind of a certain investigator's

501
00:17:16,549 --> 00:17:14,240
skill set

502
00:17:17,990 --> 00:17:16,559
and things that i had done that i i

503
00:17:21,350 --> 00:17:18,000
didn't feel like there was a lot of

504
00:17:24,150 --> 00:17:21,360
real investigative journalism like

505
00:17:25,590 --> 00:17:24,160
true hardcore investigative work and

506
00:17:28,789 --> 00:17:25,600
then sharing that with the public

507
00:17:31,669 --> 00:17:28,799
and so i i said you know screw it

508
00:17:31,990 --> 00:17:31,679
i'll try to blaze the trail myself so

509
00:17:35,830 --> 00:17:32,000
it's

510
00:17:38,630 --> 00:17:35,840
as much for everybody else as me

511
00:17:39,750 --> 00:17:38,640
i think i'm as equally interested in it

512
00:17:41,510 --> 00:17:39,760
as anybody else

513
00:17:43,110 --> 00:17:41,520

and so that's what's kind of led me to

514

00:17:46,710 --> 00:17:43,120

where i am now and

515

00:17:48,630 --> 00:17:46,720

continues to be he's uh i try to put it

516

00:17:51,270 --> 00:17:48,640

under the lens as if all of this stuff

517

00:17:54,390 --> 00:17:51,280

i'm preparing it for the court of law

518

00:17:56,950 --> 00:17:54,400

can i grab a standard of evidence

519

00:17:58,150 --> 00:17:56,960

that i would take into court and present

520

00:18:01,110 --> 00:17:58,160

in front of a jury

521

00:18:02,310 --> 00:18:01,120

and the jury in this case is the people

522

00:18:03,830 --> 00:18:02,320

it's it's the public

523

00:18:05,590 --> 00:18:03,840

you know is there beyond a reasonable

524

00:18:08,150 --> 00:18:05,600

doubt something's going on

525

00:18:09,029 --> 00:18:08,160

it's interesting it's fascinating no and

526

00:18:10,470 --> 00:18:09,039

i get that from

527

00:18:12,950 --> 00:18:10,480

your articles that i've read as well

528

00:18:14,390 --> 00:18:12,960

recently that that they're easy to read

529

00:18:15,510 --> 00:18:14,400

there's a lot of language in there and

530

00:18:17,750 --> 00:18:15,520

acronyms and

531

00:18:19,350 --> 00:18:17,760

especially being from the uk when it's

532

00:18:20,070 --> 00:18:19,360

department of defense is easy enough but

533

00:18:21,430 --> 00:18:20,080

then

534

00:18:23,190 --> 00:18:21,440

air force office of special

535

00:18:24,789 --> 00:18:23,200

investigations start coming into it and

536

00:18:26,390 --> 00:18:24,799

you've got all these different acronyms

537

00:18:28,150 --> 00:18:26,400

and different parts and it's like

538

00:18:29,510 --> 00:18:28,160

wait a minute i thought the dod in this

539

00:18:31,270 --> 00:18:29,520

department was potentially the same

540

00:18:31,750 --> 00:18:31,280

thing but then the navy gets involved

541

00:18:33,830 --> 00:18:31,760

and

542

00:18:34,950 --> 00:18:33,840

but you lay out in a really easy way to

543

00:18:36,710 --> 00:18:34,960

read and i think your

544

00:18:38,710 --> 00:18:36,720

your expertise from what you've done in

545

00:18:39,750 --> 00:18:38,720

the past is absolutely transferable and

546

00:18:41,270 --> 00:18:39,760

that's what's really helping you we

547

00:18:42,230 --> 00:18:41,280

cannot rise to prominence in this in

548

00:18:45,510 --> 00:18:42,240

this area

549

00:18:47,350 --> 00:18:45,520

so i just want to ask like going back to

550

00:18:48,549 --> 00:18:47,360

and just to touch on the site in itself

551

00:18:49,270 --> 00:18:48,559

i thought was great what you've said

552

00:18:51,990 --> 00:18:49,280

there because

553

00:18:52,950 --> 00:18:52,000

there's an air of credibility when a

554

00:18:55,029 --> 00:18:52,960

police officer

555

00:18:56,630 --> 00:18:55,039

or someone in the military or someone

556

00:18:58,870 --> 00:18:56,640

with some kind of

557

00:19:00,390 --> 00:18:58,880

credible background sees something that

558

00:19:01,430 --> 00:19:00,400

you don't normally associate with having

559

00:19:03,830 --> 00:19:01,440

those kind of positive

560

00:19:05,990 --> 00:19:03,840

views of it and it's not a joke anymore

561

00:19:08,310 --> 00:19:06,000

so that that experience was great

562

00:19:10,549 --> 00:19:08,320

um so firstly at the first two guests i

563

00:19:12,710 --> 00:19:10,559

had gary burris and sean cahill

564

00:19:14,310 --> 00:19:12,720

were both involved in the uss princeton

565

00:19:16,390 --> 00:19:14,320

and had their own views their own

566

00:19:17,750 --> 00:19:16,400

experiences with those incidents back in

567

00:19:19,510 --> 00:19:17,760

2004

568

00:19:20,950 --> 00:19:19,520

my third guest i brought on jason

569

00:19:23,909 --> 00:19:20,960

gleaves i don't know if you know

570

00:19:24,310 --> 00:19:23,919

he is based in the uk former royal air

571

00:19:27,029 --> 00:19:24,320

force

572

00:19:28,310 --> 00:19:27,039

he has an expertise in image analysis

573

00:19:30,630 --> 00:19:28,320

and he shared his views

574

00:19:31,990 --> 00:19:30,640

on those topics and more as well and

575

00:19:33,270 --> 00:19:32,000

very deliberately can i

576

00:19:34,870 --> 00:19:33,280

mapped out if i could and i've been

577

00:19:37,029 --> 00:19:34,880

really lucky to get all four of you on

578

00:19:39,430 --> 00:19:37,039

yourself as my fourth guest because

579

00:19:41,110 --> 00:19:39,440

you've all got experiences or i know you

580

00:19:43,510 --> 00:19:41,120

don't like the word expert but some form

581

00:19:45,909 --> 00:19:43,520

of expertise that allows you to weigh in

582

00:19:46,630 --> 00:19:45,919

on the subject uh from a different point

583

00:19:48,470 --> 00:19:46,640

of view

584

00:19:50,150 --> 00:19:48,480

and i think for yourself that you've had

585

00:19:51,590 --> 00:19:50,160

your own experience great but the way

586

00:19:53,590 --> 00:19:51,600

you write about it again

587

00:19:55,990 --> 00:19:53,600

is very subjective and it's in the

588

00:19:57,590 --> 00:19:56,000

middle of you you're not skeptical as

589

00:20:00,230 --> 00:19:57,600

such but also you're not

590

00:20:02,070 --> 00:20:00,240

sitting on the fence of these are aliens

591

00:20:03,590 --> 00:20:02,080

these are this these are that it's the

592

00:20:04,390 --> 00:20:03,600

here are the facts and you allow people

593

00:20:06,230 --> 00:20:04,400

who cannot

594

00:20:07,590 --> 00:20:06,240

read into them in their own in their own

595

00:20:10,070 --> 00:20:07,600

way which is great so

596

00:20:12,149 --> 00:20:10,080

can you just tell me did you have any

597

00:20:14,310 --> 00:20:12,159

thoughts and feelings back in december

598

00:20:15,270 --> 00:20:14,320

2017 when the new york times article

599

00:20:17,990 --> 00:20:15,280

first broke

600

00:20:20,950 --> 00:20:18,000

and we first saw that front page of the

601

00:20:23,990 --> 00:20:20,960

pentagon's had its own ufo program

602

00:20:25,590 --> 00:20:24,000

yeah sure yeah you know i remember being

603

00:20:29,669 --> 00:20:25,600

probably like a lot of people

604

00:20:31,990 --> 00:20:29,679

fascinated and equally um

605

00:20:33,430 --> 00:20:32,000

uh i think you know very suspicious at

606

00:20:34,710 --> 00:20:33,440

first you know

607

00:20:36,630 --> 00:20:34,720

that's one of the things that probably

608

00:20:37,830 --> 00:20:36,640

would surprise people

609

00:20:40,230 --> 00:20:37,840

though if they went back and even looked

610

00:20:41,669 --> 00:20:40,240

at some of my early articles um

611

00:20:43,830 --> 00:20:41,679

i've i've mentioned i've had people

612

00:20:45,909 --> 00:20:43,840

bring up the um

613

00:20:47,590 --> 00:20:45,919

electronic countermeasures theory about

614

00:20:48,549 --> 00:20:47,600

some of these events like could it have

615

00:20:52,149 --> 00:20:48,559

been

616

00:20:54,870 --> 00:20:52,159

uh eccm type stuff and

617

00:20:56,710 --> 00:20:54,880

i have people share the uh project

618

00:20:57,590 --> 00:20:56,720

palladium article with tj barnes and

619

00:20:59,029 --> 00:20:57,600

gene petit

620

00:21:01,190 --> 00:20:59,039

that was in the war center like have you

621

00:21:01,990 --> 00:21:01,200

read this and i'm like well actually i

622

00:21:04,549 --> 00:21:02,000

wrote it

623

00:21:05,510 --> 00:21:04,559

you know because i i i was just as

624

00:21:09,029 --> 00:21:05,520

skeptical

625

00:21:09,590 --> 00:21:09,039

uh including the fact um people often

626
00:21:12,710 --> 00:21:09,600

forget

627
00:21:13,510 --> 00:21:12,720

in the big hit piece against elizondo

628
00:21:16,230 --> 00:21:13,520

last year

629
00:21:17,750 --> 00:21:16,240

uh in the intercept i'm quoted in it and

630
00:21:19,350 --> 00:21:17,760

not saying anything negative just giving

631
00:21:20,390 --> 00:21:19,360

his actual background that i've looked

632
00:21:23,590 --> 00:21:20,400

into

633
00:21:25,510 --> 00:21:23,600

um and so i was i was skeptical of it at

634
00:21:27,029 --> 00:21:25,520

first i think you should be i think

635
00:21:28,950 --> 00:21:27,039

like you said not jumping to any

636
00:21:30,149 --> 00:21:28,960

conclusions and maybe it frustrates

637
00:21:32,470 --> 00:21:30,159

people when i'm like

638
00:21:33,430 --> 00:21:32,480

i can give you x number of reasons why i

639

00:21:35,909 --> 00:21:33,440

don't think it's

640

00:21:37,029 --> 00:21:35,919

classified secret u.s tech i can give

641

00:21:38,789 --> 00:21:37,039

you x number of reasons why i don't

642

00:21:40,950 --> 00:21:38,799

think it's foreign tech

643

00:21:42,310 --> 00:21:40,960

but me to say that it's alien or

644

00:21:45,830 --> 00:21:42,320

something else

645

00:21:46,390 --> 00:21:45,840

i think those first two like you have to

646

00:21:49,510 --> 00:21:46,400

have an

647

00:21:50,070 --> 00:21:49,520

overwhelming abundance of evidence that

648

00:21:53,750 --> 00:21:50,080

says it's

649

00:21:55,110 --> 00:21:53,760

not man-made tech or something before

650

00:21:56,549 --> 00:21:55,120

you jump to aliens and that's just

651
00:21:58,390 --> 00:21:56,559
because

652
00:22:00,230 --> 00:21:58,400
for me like you said i'm very objective

653
00:22:01,830 --> 00:22:00,240
in it and we don't have the objective

654
00:22:04,549 --> 00:22:01,840
evidence though i know a lot of people

655
00:22:07,270 --> 00:22:04,559
have experiences and i think they have

656
00:22:09,430 --> 00:22:07,280
uh a much different perspective there

657
00:22:11,190 --> 00:22:09,440
and i respect that i i wish that

658
00:22:13,430 --> 00:22:11,200
uh i wish i had some of those

659
00:22:16,470 --> 00:22:13,440
experiences maybe i wouldn't be as

660
00:22:18,630 --> 00:22:16,480
skeptical but i i i did i when i heard

661
00:22:20,549 --> 00:22:18,640
the new york times article i was

662
00:22:22,710 --> 00:22:20,559
i was skeptical at first i think the

663
00:22:23,750 --> 00:22:22,720

videos themselves i see a lot of arguing

664

00:22:26,630 --> 00:22:23,760

about it on twitter

665

00:22:28,149 --> 00:22:26,640

and i see this in that uh and recently

666

00:22:30,149 --> 00:22:28,159

if you you saw i was uh

667

00:22:33,190 --> 00:22:30,159

had a great chat with mick west on his

668

00:22:34,870 --> 00:22:33,200

show i was really enjoyed that

669

00:22:36,630 --> 00:22:34,880

last i watched that last night actually

670

00:22:39,750 --> 00:22:36,640

yeah it was cool

671

00:22:41,350 --> 00:22:39,760

yeah so interesting yep and again i

672

00:22:42,470 --> 00:22:41,360

don't agree with a lot of what mick west

673

00:22:44,549 --> 00:22:42,480

says but i do

674

00:22:46,149 --> 00:22:44,559

appreciate where he's trying to come

675

00:22:47,830 --> 00:22:46,159

from with a lot of it and potentially

676

00:22:49,990 --> 00:22:47,840

the way it comes across

677

00:22:51,350 --> 00:22:50,000

can be detrimental to what he's trying

678

00:22:53,669 --> 00:22:51,360

to achieve

679

00:22:54,870 --> 00:22:53,679

and i think well and i think you know i

680

00:22:56,710 --> 00:22:54,880

don't want to speak for him but i would

681

00:22:58,470 --> 00:22:56,720

say just in our conversation both on and

682

00:23:00,549 --> 00:22:58,480

off the air i think that especially with

683

00:23:02,310 --> 00:23:00,559

the 2004 events

684

00:23:03,990 --> 00:23:02,320

they're pretty frustrating for him

685

00:23:06,230 --> 00:23:04,000

because i don't think he can

686

00:23:07,990 --> 00:23:06,240

debunk them and that was my whole point

687

00:23:09,990 --> 00:23:08,000

in that interview is that i think the

688

00:23:11,990 --> 00:23:10,000

videos themselves and i'd say this to

689

00:23:14,710 --> 00:23:12,000

anybody uh even the

690

00:23:16,230 --> 00:23:14,720

most hardcore uh believers the videos

691

00:23:18,630 --> 00:23:16,240

themselves shouldn't be considered

692

00:23:20,789 --> 00:23:18,640

compelling evidence of anything alone

693

00:23:23,350 --> 00:23:20,799

and the evidence for that we know

694

00:23:24,870 --> 00:23:23,360

could go back to 2007 when they leaked

695

00:23:27,510 --> 00:23:24,880

on above top secret

696

00:23:28,630 --> 00:23:27,520

if anybody's ever read those messages

697

00:23:30,549 --> 00:23:28,640

you know people were like

698

00:23:31,669 --> 00:23:30,559

get out of here with this hoax this is

699

00:23:34,390 --> 00:23:31,679

bs that's

700

00:23:34,789 --> 00:23:34,400

junk and i'm like that's you know you're

701
00:23:36,950 --> 00:23:34,799
right

702
00:23:39,029 --> 00:23:36,960
alone by themselves but when you add

703
00:23:40,549 --> 00:23:39,039
this totality of evidence that goes with

704
00:23:41,510 --> 00:23:40,559
it and all the great eyewitnesses you

705
00:23:43,750 --> 00:23:41,520
mentioned uh

706
00:23:46,230 --> 00:23:43,760
gary is a great guy i love gary um i

707
00:23:48,390 --> 00:23:46,240
haven't had a chance to speak to sean

708
00:23:50,070 --> 00:23:48,400
um but when you add this to talented

709
00:23:53,909 --> 00:23:50,080
evidence it's very interesting

710
00:23:56,310 --> 00:23:53,919
and so i think initially i would say

711
00:23:57,350 --> 00:23:56,320
when i saw it i was skeptical of the

712
00:24:00,630 --> 00:23:57,360
that but yet

713
00:24:02,230 --> 00:24:00,640

fascinated it to a degree it didn't

714

00:24:04,149 --> 00:24:02,240

surprise me

715

00:24:05,430 --> 00:24:04,159

and you mentioned like how laying out

716

00:24:07,110 --> 00:24:05,440

all these different acronyms and

717

00:24:09,110 --> 00:24:07,120

everything i'm very fortunate in the

718

00:24:10,870 --> 00:24:09,120

fact that i did grow up in a big

719

00:24:13,830 --> 00:24:10,880

military family

720

00:24:15,029 --> 00:24:13,840

um my uncle worked for the joint chiefs

721

00:24:18,070 --> 00:24:15,039

he was with the dia

722

00:24:19,269 --> 00:24:18,080

he was at the pentagon my next-door

723

00:24:21,190 --> 00:24:19,279

neighbor growing up

724

00:24:22,870 --> 00:24:21,200

uh and my best friend's father was

725

00:24:23,350 --> 00:24:22,880

general joe votel who just recently

726
00:24:25,830 --> 00:24:23,360
command

727
00:24:27,750 --> 00:24:25,840
uh retired from centcom but he was the

728
00:24:28,789 --> 00:24:27,760
special operations commander during the

729
00:24:32,470 --> 00:24:28,799
bin laden raid

730
00:24:34,950 --> 00:24:32,480
i grew up in a world where

731
00:24:35,909 --> 00:24:34,960
my uncle was a special special forces

732
00:24:37,750 --> 00:24:35,919
officer

733
00:24:39,430 --> 00:24:37,760
and so you know family vacations and

734
00:24:41,110 --> 00:24:39,440
stuff in the mountains in north carolina

735
00:24:43,190 --> 00:24:41,120
i was around

736
00:24:45,269 --> 00:24:43,200
cia contractors back when people thought

737
00:24:49,190 --> 00:24:45,279
contractors met they built houses

738
00:24:51,029 --> 00:24:49,200

and so and coming from a bureaucratic

739

00:24:52,310 --> 00:24:51,039

background especially in my last years

740

00:24:54,390 --> 00:24:52,320

when i was in

741

00:24:56,549 --> 00:24:54,400

the executive services of the police

742

00:24:57,669 --> 00:24:56,559

department all these little nuances of

743

00:25:00,149 --> 00:24:57,679

bureaucracy

744

00:25:01,510 --> 00:25:00,159

you learn and listening to all this

745

00:25:04,870 --> 00:25:01,520

stuff you realize

746

00:25:06,310 --> 00:25:04,880

it's very very complex and it's you know

747

00:25:07,909 --> 00:25:06,320

but it seems natural to me so i

748

00:25:09,830 --> 00:25:07,919

understand when they're complaining

749

00:25:10,789 --> 00:25:09,840

about stuff for different things that

750

00:25:12,950 --> 00:25:10,799

i'm like oh yeah well

751
00:25:14,549 --> 00:25:12,960
you know this this and this you know the

752
00:25:16,470 --> 00:25:14,559
pentagon it takes

753
00:25:17,669 --> 00:25:16,480
10 people in a research study to change

754
00:25:20,390 --> 00:25:17,679
your role of toilet paper

755
00:25:22,070 --> 00:25:20,400
um i i hear that more and more from

756
00:25:23,750 --> 00:25:22,080
people like yourself from and

757
00:25:25,430 --> 00:25:23,760
luella's on those talked about it and

758
00:25:27,909 --> 00:25:25,440
it's one of those things well

759
00:25:29,029 --> 00:25:27,919
i think the view and and your following

760
00:25:30,950 --> 00:25:29,039
has shifted that there's

761
00:25:32,149 --> 00:25:30,960
a group of people sitting in a room who

762
00:25:33,990 --> 00:25:32,159
know what this is

763
00:25:35,750 --> 00:25:34,000

who basically say we have the aliens

764

00:25:36,310 --> 00:25:35,760

locked away we have the craft in this

765

00:25:37,909 --> 00:25:36,320

hangar

766

00:25:39,669 --> 00:25:37,919

it's not like that things are so

767

00:25:40,549 --> 00:25:39,679

compartmentalized within the government

768

00:25:42,310 --> 00:25:40,559

like you say

769

00:25:43,909 --> 00:25:42,320

it takes committees upon committees upon

770

00:25:44,789 --> 00:25:43,919

committees to make one decision about a

771

00:25:46,070 --> 00:25:44,799

decision

772

00:25:47,909 --> 00:25:46,080

and and this is where people are

773

00:25:49,909 --> 00:25:47,919

starting to realize that

774

00:25:51,269 --> 00:25:49,919

it's a good thing but also a bit of a

775

00:25:54,470 --> 00:25:51,279

scary thing that the people

776

00:25:55,830 --> 00:25:54,480

running things maybe not maybe not

777

00:25:58,310 --> 00:25:55,840

competent aren't the words but they're

778

00:25:59,669 --> 00:25:58,320

not all quite as as in sync as you would

779

00:26:01,110 --> 00:25:59,679

hope or want them to be

780

00:26:02,789 --> 00:26:01,120

in these different departments and they

781

00:26:05,190 --> 00:26:02,799

all have their own

782

00:26:07,830 --> 00:26:05,200

own agendas and objectives and and

783

00:26:10,870 --> 00:26:07,840

that's what they very much focus on

784

00:26:11,990 --> 00:26:10,880

sure and it's you're absolutely right

785

00:26:15,190 --> 00:26:12,000

and that's one of the things that's

786

00:26:17,190 --> 00:26:15,200

fascinating is i've never seen any

787

00:26:19,029 --> 00:26:17,200

you know maybe it does but i've never

788

00:26:21,990 --> 00:26:19,039

seen any evidence for some kind of

789

00:26:22,950 --> 00:26:22,000

inner cabal like an mj12 group that

790

00:26:24,870 --> 00:26:22,960

controls it

791

00:26:26,390 --> 00:26:24,880

what i've seen is very consistent with

792

00:26:30,950 --> 00:26:26,400

what i'd expect in government

793

00:26:32,549 --> 00:26:30,960

which is a system of where you kind of

794

00:26:34,310 --> 00:26:32,559

you know i've said this multiple times

795

00:26:35,269 --> 00:26:34,320

in in the framework of the department of

796

00:26:37,909 --> 00:26:35,279

defense

797

00:26:39,430 --> 00:26:37,919

the terms ufo and even uap you've heard

798

00:26:42,549 --> 00:26:39,440

them use it multiple times

799

00:26:44,230 --> 00:26:42,559

that legally doesn't exist and so when

800

00:26:45,269 --> 00:26:44,240

you have something that doesn't exist in

801
00:26:48,789 --> 00:26:45,279
such a rigid

802
00:26:50,549 --> 00:26:48,799
world as as a military or government in

803
00:26:52,470 --> 00:26:50,559
general where there is a policy for that

804
00:26:55,029 --> 00:26:52,480
policy for that policy

805
00:26:57,430 --> 00:26:55,039
and if you stub your toe you know oh i

806
00:26:59,590 --> 00:26:57,440
feel a form what blah blah blah out

807
00:27:01,750 --> 00:26:59,600
and it gets forwarded here when you

808
00:27:06,230 --> 00:27:01,760
don't have that for anything

809
00:27:08,149 --> 00:27:06,240
it's in a weird way it doesn't exist

810
00:27:09,510 --> 00:27:08,159
like it just doesn't you know you're

811
00:27:12,230 --> 00:27:09,520
like how could they not

812
00:27:12,950 --> 00:27:12,240
a ufo a flying saucer just flies next to

813
00:27:16,149 --> 00:27:12,960

the ship and then

814

00:27:18,310 --> 00:27:16,159

zips off at crazy speed

815

00:27:20,070 --> 00:27:18,320

you know maybe they do a report of some

816

00:27:21,269 --> 00:27:20,080

sort but where it goes from there it's

817

00:27:21,909 --> 00:27:21,279

kind of all these things where people's

818

00:27:23,190 --> 00:27:21,919

like

819

00:27:25,430 --> 00:27:23,200

i don't know where the hell this goes

820

00:27:27,830 --> 00:27:25,440

and you're right it is interesting

821

00:27:29,510 --> 00:27:27,840

to think because there's such a

822

00:27:31,990 --> 00:27:29,520

preponderance of evidence in terms of

823

00:27:33,269 --> 00:27:32,000

eyewitness testimony and even going back

824

00:27:34,950 --> 00:27:33,279

to

825

00:27:37,350 --> 00:27:34,960

one of the more formalized

826

00:27:38,310 --> 00:27:37,360

investigations talk about blue book and

827

00:27:40,389 --> 00:27:38,320

i brought this up

828

00:27:41,510 --> 00:27:40,399

uh just recently about the content

829

00:27:44,070 --> 00:27:41,520

committee report

830

00:27:45,830 --> 00:27:44,080

um had a great conversation with a

831

00:27:47,350 --> 00:27:45,840

friend the other night about that he was

832

00:27:49,029 --> 00:27:47,360

very very skeptical of it i'm like man

833

00:27:49,990 --> 00:27:49,039

go back and read the condom committee

834

00:27:51,430 --> 00:27:50,000

report

835

00:27:54,230 --> 00:27:51,440

because that's what killed blue book

836

00:27:55,029 --> 00:27:54,240

that's kind of where 1969 when the idea

837

00:27:57,269 --> 00:27:55,039

that it was all

838

00:27:59,190 --> 00:27:57,279

junk came out i said go just go read it

839

00:28:01,590 --> 00:27:59,200

now you don't have to read all 1400

840

00:28:04,310 --> 00:28:01,600

pages but just read the conclusion again

841

00:28:06,070 --> 00:28:04,320

for yourself and then they text me last

842

00:28:08,789 --> 00:28:06,080

night were like holy

843

00:28:09,350 --> 00:28:08,799

this is not what i thought it said you

844

00:28:12,389 --> 00:28:09,360

know it

845

00:28:15,350 --> 00:28:12,399

never said this is all junk this is

846

00:28:15,990 --> 00:28:15,360

all can be explained by prosaic means it

847

00:28:18,149 --> 00:28:16,000

just

848

00:28:19,990 --> 00:28:18,159

it really actually said man i don't we

849

00:28:22,070 --> 00:28:20,000

don't know what the hell's going on

850

00:28:23,750 --> 00:28:22,080

and this is such a difficult thing for

851

00:28:25,350 --> 00:28:23,760

us to wrap our brains around

852

00:28:28,230 --> 00:28:25,360

do we want to spend a bunch of money

853

00:28:29,750 --> 00:28:28,240

doing this or in those instances

854

00:28:31,350 --> 00:28:29,760

they're in the middle of the vietnam war

855

00:28:32,630 --> 00:28:31,360

we're in the cold war

856

00:28:34,310 --> 00:28:32,640

do you want to spend money and that's

857

00:28:35,590 --> 00:28:34,320

one thing i think a lot of people don't

858

00:28:37,909 --> 00:28:35,600

realize as well

859

00:28:39,190 --> 00:28:37,919

because to us it's like dude the idea

860

00:28:42,230 --> 00:28:39,200

that it could be

861

00:28:43,669 --> 00:28:42,240

aliens or something is so freaking cool

862

00:28:44,950 --> 00:28:43,679

how do you not invest your time and

863

00:28:47,430 --> 00:28:44,960

money into it

864

00:28:48,310 --> 00:28:47,440

but when you have people who are like

865

00:28:50,950 --> 00:28:48,320

forget that

866

00:28:53,190 --> 00:28:50,960

you're not taking my f-35 budget you

867

00:28:55,430 --> 00:28:53,200

know you're not going to take from this

868

00:28:56,870 --> 00:28:55,440

um those all those factors come into

869

00:29:00,470 --> 00:28:56,880

play because to them

870

00:29:01,990 --> 00:29:00,480

their mindset as long as you don't have

871

00:29:05,190 --> 00:29:02,000

ufos

872

00:29:06,310 --> 00:29:05,200

attacking us it's their defense thinking

873

00:29:08,149 --> 00:29:06,320

they're thinking well what the hell is

874

00:29:08,630 --> 00:29:08,159

north korea doing what is iran doing

875

00:29:10,630 --> 00:29:08,640

what is

876

00:29:12,870 --> 00:29:10,640

russia doing and how can we defend

877

00:29:14,710 --> 00:29:12,880

against this that to them is real world

878

00:29:16,310 --> 00:29:14,720

and so it's really really interesting

879

00:29:18,630 --> 00:29:16,320

when you get into the

880

00:29:20,389 --> 00:29:18,640

kind of inner sanctums and the hierarchy

881

00:29:21,269 --> 00:29:20,399

of the department of defense you realize

882

00:29:26,950 --> 00:29:21,279

that

883

00:29:27,909 --> 00:29:26,960

and more like yeah man there's some

884

00:29:35,830 --> 00:29:27,919

weird stuff

885

00:29:37,590 --> 00:29:35,840

but i've got all of this outlined that's

886

00:29:40,789 --> 00:29:37,600

in front of me that's more important

887

00:29:44,549 --> 00:29:40,799

in my mind at least and so

888

00:29:47,110 --> 00:29:44,559

um it's such a that's it's one thing and

889

00:29:47,590 --> 00:29:47,120

and i am a legal policy nerd i like the

890

00:29:51,590 --> 00:29:47,600

law

891

00:29:53,590 --> 00:29:51,600

everything because i think it's uh

892

00:29:54,710 --> 00:29:53,600

law is very interesting topic in and of

893

00:29:56,149 --> 00:29:54,720

itself

894

00:29:57,990 --> 00:29:56,159

and so looking at it from that

895

00:30:00,470 --> 00:29:58,000

perspective

896

00:30:01,830 --> 00:30:00,480

maybe gives me a little different view

897

00:30:04,870 --> 00:30:01,840

of things doesn't mean it's right

898

00:30:08,149 --> 00:30:04,880

you know i can always be wrong um

899

00:30:09,190 --> 00:30:08,159

you know hell me alexander the

900

00:30:10,870 --> 00:30:09,200

restaurant we could all be getting

901
00:30:11,590 --> 00:30:10,880
played by the secret cabal for all i

902
00:30:15,269 --> 00:30:11,600
know

903
00:30:17,110 --> 00:30:15,279
um

904
00:30:18,389 --> 00:30:17,120
that's you know what you see you mean

905
00:30:19,430 --> 00:30:18,399
you made a really interesting point

906
00:30:21,430 --> 00:30:19,440
before about how

907
00:30:23,110 --> 00:30:21,440
in the past particular times of what the

908
00:30:25,510 --> 00:30:23,120
vietnam war where

909
00:30:27,110 --> 00:30:25,520
money and budgets were focused on an

910
00:30:29,669 --> 00:30:27,120
area that they wanted to focus

911
00:30:30,470 --> 00:30:29,679
on and like you say ufology as much of a

912
00:30:32,470 --> 00:30:30,480
niche or

913
00:30:34,230 --> 00:30:32,480

as that niche is growing that's what

914

00:30:35,990 --> 00:30:34,240

we're interested in and that's for where

915

00:30:37,269 --> 00:30:36,000

we want the trillion dollar defense

916

00:30:39,430 --> 00:30:37,279

budget spent but it's not going to

917

00:30:41,190 --> 00:30:39,440

happen but you've then said that they

918

00:30:43,029 --> 00:30:41,200

look at threats from other countries do

919

00:30:44,470 --> 00:30:43,039

you think that's part of the reason why

920

00:30:46,710 --> 00:30:44,480

aloe elizondo

921

00:30:48,470 --> 00:30:46,720

is going down the route not to say these

922

00:30:49,990 --> 00:30:48,480

things are a threat but he's trying to

923

00:30:53,750 --> 00:30:50,000

play the angle that

924

00:30:55,750 --> 00:30:53,760

these things are coming into us airspace

925

00:30:57,669 --> 00:30:55,760

unmatched we have got some of the best

926

00:30:59,750 --> 00:30:57,679

top gun pilots on the planet that are

927

00:31:01,269 --> 00:30:59,760

just being played with by these things

928

00:31:03,029 --> 00:31:01,279

and he's trying to make the point that

929

00:31:03,990 --> 00:31:03,039

this is how we can take this forward

930

00:31:06,230 --> 00:31:04,000

this is how we can

931

00:31:09,029 --> 00:31:06,240

get those people involved because if we

932

00:31:10,470 --> 00:31:09,039

play the the angle of a potential threat

933

00:31:12,470 --> 00:31:10,480

which a lot of people don't like and get

934

00:31:14,470 --> 00:31:12,480

very defensive about your steven griers

935

00:31:15,029 --> 00:31:14,480

that want to really go into detail about

936

00:31:17,750 --> 00:31:15,039

how

937

00:31:18,789 --> 00:31:17,760

they're all peace loving and ce5 contact

938

00:31:21,110 --> 00:31:18,799

and

939

00:31:22,230 --> 00:31:21,120

that that's not the the agenda but again

940

00:31:23,269 --> 00:31:22,240

that's that's something that's again

941

00:31:25,350 --> 00:31:23,279

very hard to prove

942

00:31:26,710 --> 00:31:25,360

so would you say that's why elizondo was

943

00:31:27,990 --> 00:31:26,720

trying to go down this route because

944

00:31:31,350 --> 00:31:28,000

that's how you bring

945

00:31:34,549 --> 00:31:31,360

the government into this topic

946

00:31:36,070 --> 00:31:34,559

in short sure absolutely but to expand

947

00:31:38,310 --> 00:31:36,080

on that as well and that's the thing

948

00:31:39,750 --> 00:31:38,320

where i think at times um

949

00:31:41,350 --> 00:31:39,760

i've been able to really get a good

950

00:31:43,029 --> 00:31:41,360

relationship with louisando and

951
00:31:45,190 --> 00:31:43,039
understand him

952
00:31:46,950 --> 00:31:45,200
is though mine was more obviously more

953
00:31:48,470 --> 00:31:46,960
on the domestic side of things and so it

954
00:31:50,070 --> 00:31:48,480
was criminal intelligence with drug

955
00:31:52,710 --> 00:31:50,080
networks and cartels

956
00:31:53,990 --> 00:31:52,720
and stuff like that but working

957
00:31:56,950 --> 00:31:54,000
intelligence work

958
00:31:57,750 --> 00:31:56,960
there's nothing more scary than the

959
00:32:00,870 --> 00:31:57,760
unknown

960
00:32:02,710 --> 00:32:00,880
threat

961
00:32:04,870 --> 00:32:02,720
and and i know that you're right it does

962
00:32:08,470 --> 00:32:04,880
bother some people and some people

963
00:32:11,909 --> 00:32:08,480

who may very well have i don't know um

964

00:32:13,590 --> 00:32:11,919

had real true experiences with something

965

00:32:15,350 --> 00:32:13,600

and so that's very real to them and they

966

00:32:17,669 --> 00:32:15,360

have a different perspective

967

00:32:18,950 --> 00:32:17,679

but in the world of intelligence and

968

00:32:21,990 --> 00:32:18,960

defense world the

969

00:32:24,230 --> 00:32:22,000

unknown is a threat it is

970

00:32:26,549 --> 00:32:24,240

until you can understand motivation and

971

00:32:29,430 --> 00:32:26,559

intent and and i think

972

00:32:31,110 --> 00:32:29,440

uh if we're talking about this just even

973

00:32:33,110 --> 00:32:31,120

given let's say just

974

00:32:34,549 --> 00:32:33,120

narrow it down to last 70 years

975

00:32:37,350 --> 00:32:34,559

motivation and intent is something i

976

00:32:39,350 --> 00:32:37,360

think that you have to

977

00:32:41,269 --> 00:32:39,360

question because you have these

978

00:32:44,310 --> 00:32:41,279

sightings you have these events

979

00:32:46,870 --> 00:32:44,320

some very credible very interesting

980

00:32:47,830 --> 00:32:46,880

things going on for a number of decades

981

00:32:50,470 --> 00:32:47,840

but yet

982

00:32:52,230 --> 00:32:50,480

clearly and i've said it if it's aliens

983

00:32:54,389 --> 00:32:52,240

they don't give a

984

00:32:55,269 --> 00:32:54,399

what people think or have to do because

985

00:32:58,950 --> 00:32:55,279

they're not

986

00:33:02,710 --> 00:32:58,960

even do anything

987

00:33:04,710 --> 00:33:02,720

and so if it is that i think

988

00:33:06,789 --> 00:33:04,720

there's nothing wrong with questioning

989

00:33:09,430 --> 00:33:06,799

motivation and intent

990

00:33:09,990 --> 00:33:09,440

and it's also extremely difficult when

991

00:33:12,389 --> 00:33:10,000

you go down

992

00:33:13,990 --> 00:33:12,399

this route i know a lot of people do of

993

00:33:15,669 --> 00:33:14,000

saying well this is what the aliens are

994

00:33:16,549 --> 00:33:15,679

doing and our space brothers and all

995

00:33:19,750 --> 00:33:16,559

this

996

00:33:20,789 --> 00:33:19,760

if we're talking about something that is

997

00:33:25,830 --> 00:33:20,799

truly

998

00:33:27,110 --> 00:33:25,840

don't have any frame of reference i mean

999

00:33:29,350 --> 00:33:27,120

we can't

1000

00:33:31,190 --> 00:33:29,360

we really truly can't determine what

1001
00:33:33,350 --> 00:33:31,200
motivation intent is because we don't

1002
00:33:33,669 --> 00:33:33,360
understand it we can only assess it

1003
00:33:36,549 --> 00:33:33,679
through

1004
00:33:37,509 --> 00:33:36,559
our eyes and and our views we know what

1005
00:33:40,149 --> 00:33:37,519
human beings do

1006
00:33:41,990 --> 00:33:40,159
you know once we see some resources we

1007
00:33:43,669 --> 00:33:42,000
need whether it be oil or whatever we're

1008
00:33:47,590 --> 00:33:43,679
like let's go to war

1009
00:33:49,430 --> 00:33:47,600
and so um that's kind of how things i

1010
00:33:52,230 --> 00:33:49,440
think the lens gets

1011
00:33:53,750 --> 00:33:52,240
viewed from and so a i think you're

1012
00:33:54,549 --> 00:33:53,760
right i think if you're going to bring

1013
00:33:58,070 --> 00:33:54,559

it into a more

1014

00:33:59,990 --> 00:33:58,080

tangible arena to where people who

1015

00:34:02,470 --> 00:34:00,000

are dismissive of the topic just for

1016

00:34:05,350 --> 00:34:02,480

personal reasons or biases

1017

00:34:07,590 --> 00:34:05,360

or it's just not in their purview to

1018

00:34:10,550 --> 00:34:07,600

associate and say but hey listen ma'am

1019

00:34:11,510 --> 00:34:10,560

you've got this great air defense system

1020

00:34:14,149 --> 00:34:11,520

you've got

1021

00:34:15,909 --> 00:34:14,159

one of the biggest and best intelligence

1022

00:34:18,069 --> 00:34:15,919

apparatuses in the world

1023

00:34:20,230 --> 00:34:18,079

and military but this thing right here

1024

00:34:20,869 --> 00:34:20,240

gives you the finger and just zips

1025

00:34:23,430 --> 00:34:20,879

around

1026

00:34:25,030 --> 00:34:23,440

and does what it wants that's a threat

1027

00:34:28,230 --> 00:34:25,040

it does get their attention

1028

00:34:28,710 --> 00:34:28,240

and and i think um so it's wise and

1029

00:34:31,909 --> 00:34:28,720

smart

1030

00:34:32,790 --> 00:34:31,919

to do it that way because uh for all we

1031

00:34:34,310 --> 00:34:32,800

know you know

1032

00:34:35,909 --> 00:34:34,320

they're playing the long game they're

1033

00:34:39,109 --> 00:34:35,919

waiting another 70 years before they're

1034

00:34:41,190 --> 00:34:39,119

like all right let's get them boys

1035

00:34:42,389 --> 00:34:41,200

i don't know but but i think it does get

1036

00:34:45,990 --> 00:34:42,399

people's attention

1037

00:34:48,310 --> 00:34:46,000

and i have seen that um i've interviewed

1038

00:34:49,750 --> 00:34:48,320

people one of them the operations

1039

00:34:53,349 --> 00:34:49,760

director for the american

1040

00:34:54,389 --> 00:34:53,359

mediological society who uh i mentioned

1041

00:34:55,990 --> 00:34:54,399

this where

1042

00:34:57,670 --> 00:34:56,000

they told me pointless they're like look

1043

00:34:59,589 --> 00:34:57,680

the chances that there is

1044

00:35:00,710 --> 00:34:59,599

an alien presence visiting earth is

1045

00:35:03,109 --> 00:35:00,720

exactly zero

1046

00:35:04,150 --> 00:35:03,119

that's what they said i don't think when

1047

00:35:05,829 --> 00:35:04,160

you're investigating you realize the

1048

00:35:07,829 --> 00:35:05,839

chances of something being zero is

1049

00:35:08,950 --> 00:35:07,839

that that is zero there's always a

1050

00:35:11,829 --> 00:35:08,960

chance for everything

1051

00:35:13,910 --> 00:35:11,839

but that was his opinion however he said

1052

00:35:14,710 --> 00:35:13,920

but this stuff with these navy videos

1053

00:35:17,670 --> 00:35:14,720

and stuff

1054

00:35:17,990 --> 00:35:17,680

that really concerns me because what if

1055

00:35:19,910 --> 00:35:18,000

it's

1056

00:35:21,510 --> 00:35:19,920

russian or chinese tech like what if

1057

00:35:24,790 --> 00:35:21,520

this stuff's flying off our coast

1058

00:35:26,630 --> 00:35:24,800

and and so he had absolutely

1059

00:35:27,829 --> 00:35:26,640

zero interest in in approaching it like

1060

00:35:30,870 --> 00:35:27,839

it could be aliens

1061

00:35:33,829 --> 00:35:30,880

but he said it interests him and he

1062

00:35:36,470 --> 00:35:33,839

even told me you know by the way our

1063

00:35:39,510 --> 00:35:36,480

organization has a program where in

1064

00:35:41,349 --> 00:35:39,520

two years i think we will have cameras

1065

00:35:43,349 --> 00:35:41,359

that will cover the entire skies the

1066

00:35:45,750 --> 00:35:43,359

continental us 24 7.

1067

00:35:47,510 --> 00:35:45,760

and and by the way man if you i'm

1068

00:35:48,230 --> 00:35:47,520

willing to let you have access to it if

1069

00:35:49,990 --> 00:35:48,240

you want to

1070

00:35:51,430 --> 00:35:50,000

you know if you have somebody that says

1071

00:35:52,710 --> 00:35:51,440

they report a sighting we can go back

1072

00:35:54,390 --> 00:35:52,720

and look at the dates and times in our

1073

00:35:56,950 --> 00:35:54,400

camera and see if we captured something

1074

00:35:58,630 --> 00:35:56,960

so right then and there i think if you

1075

00:36:02,069 --> 00:35:58,640

try to push that person

1076
00:36:02,790 --> 00:36:02,079
and and debate with them why you can't

1077
00:36:05,510 --> 00:36:02,800
rule out

1078
00:36:05,990 --> 00:36:05,520
anything but uh you're just gonna lose

1079
00:36:07,349 --> 00:36:06,000
them

1080
00:36:08,630 --> 00:36:07,359
and they're not everybody well screw you

1081
00:36:10,710 --> 00:36:08,640
we're keeping our cameras and looking at

1082
00:36:12,630 --> 00:36:10,720
meteors um

1083
00:36:13,829 --> 00:36:12,640
and so i don't think i think bringing

1084
00:36:16,870 --> 00:36:13,839
things into

1085
00:36:18,550 --> 00:36:16,880
where uh people can associate them i

1086
00:36:20,710 --> 00:36:18,560
think is that's not a bad thing

1087
00:36:22,390 --> 00:36:20,720
and i know you're right people get mad

1088
00:36:28,150 --> 00:36:22,400

and

1089

00:36:30,069 --> 00:36:28,160

cool i i think if you can really do that

1090

00:36:32,069 --> 00:36:30,079

well then um

1091

00:36:33,430 --> 00:36:32,079

you probably don't need to sell videos

1092

00:36:35,589 --> 00:36:33,440

and everything pray them down

1093

00:36:37,670 --> 00:36:35,599

to let everybody know what their intent

1094

00:36:38,230 --> 00:36:37,680

is and let's have a big introduction and

1095

00:36:41,430 --> 00:36:38,240

let's

1096

00:36:42,069 --> 00:36:41,440

you know get together and make the

1097

00:36:45,829 --> 00:36:42,079

greatest

1098

00:36:49,829 --> 00:36:45,839

discovery in human uh civilization so

1099

00:36:52,230 --> 00:36:49,839

i i am very cautious at anyone who

1100

00:36:53,430 --> 00:36:52,240

who says they absolutely know anything

1101
00:36:56,630 --> 00:36:53,440
and so for me it is

1102
00:36:57,910 --> 00:36:56,640
it's is it's an unknown um

1103
00:36:59,990 --> 00:36:57,920
and i understand it i understand why

1104
00:37:01,829 --> 00:37:00,000
they would say threat but i i

1105
00:37:03,750 --> 00:37:01,839
in having conversations with alexander

1106
00:37:06,870 --> 00:37:03,760
or other people i will say that they

1107
00:37:08,390 --> 00:37:06,880
don't use that term and means like

1108
00:37:10,390 --> 00:37:08,400
they're trying to bolster a trillion

1109
00:37:13,109 --> 00:37:10,400
dollar budget for us to build laser

1110
00:37:17,510 --> 00:37:13,119
weapons to shoot anything out of the sky

1111
00:37:21,589 --> 00:37:18,790
and i like what you said that about the

1112
00:37:23,349 --> 00:37:21,599
the chance of absolute zero the only

1113
00:37:23,670 --> 00:37:23,359

thing that is absolute zero is that you

1114

00:37:26,470 --> 00:37:23,680

know

1115

00:37:27,670 --> 00:37:26,480

is absolute zero and yeah i always love

1116

00:37:29,270 --> 00:37:27,680

the analogy about

1117

00:37:31,270 --> 00:37:29,280

you know fish living down the bottom of

1118

00:37:32,870 --> 00:37:31,280

the sea that spends most of their time

1119

00:37:34,470 --> 00:37:32,880

down on the ocean bed

1120

00:37:36,150 --> 00:37:34,480

and now and again one of them comes up

1121

00:37:37,589 --> 00:37:36,160

and sees a boat and it's

1122

00:37:39,510 --> 00:37:37,599

ah so i bought and they go back to the

1123

00:37:40,710 --> 00:37:39,520

other fish and tell the other fish i saw

1124

00:37:42,390 --> 00:37:40,720

a boat and they did oh

1125

00:37:44,150 --> 00:37:42,400

now that those don't exist but i've

1126

00:37:45,109 --> 00:37:44,160

never seen one well what did it do i

1127

00:37:48,710 --> 00:37:45,119

just sat there

1128

00:37:50,390 --> 00:37:48,720

then it went away and then someone else

1129

00:37:50,950 --> 00:37:50,400

another fish sees a boat but that boat's

1130

00:37:52,390 --> 00:37:50,960

fishing

1131

00:37:53,829 --> 00:37:52,400

and tries to catch him or this boat

1132

00:37:54,470 --> 00:37:53,839

actually took me on board and i got off

1133

00:37:55,910 --> 00:37:54,480

that boat

1134

00:37:57,670 --> 00:37:55,920

that's just crazy talk that doesn't

1135

00:37:59,910 --> 00:37:57,680

happen because in the expanse of the

1136

00:38:01,190 --> 00:37:59,920

ocean most fish don't see boats

1137

00:38:03,510 --> 00:38:01,200

and that's the way i kind of look at

1138

00:38:05,430 --> 00:38:03,520

ufos and ufology that well

1139

00:38:07,190 --> 00:38:05,440

why not we are so much better and more

1140

00:38:09,190 --> 00:38:07,200

advanced than these fish then what what

1141

00:38:10,710 --> 00:38:09,200

if we are just that the fish to those

1142

00:38:12,470 --> 00:38:10,720

that higher consciousness those other

1143

00:38:13,670 --> 00:38:12,480

beings whatever these things are that

1144

00:38:15,430 --> 00:38:13,680

are kind of

1145

00:38:17,510 --> 00:38:15,440

toying with the military toying with

1146

00:38:18,870 --> 00:38:17,520

people toying with society

1147

00:38:20,150 --> 00:38:18,880

um and you know what maybe they're not

1148

00:38:21,670 --> 00:38:20,160

toying maybe it's just a way of

1149

00:38:22,790 --> 00:38:21,680

communication but not quite worked out

1150

00:38:25,349 --> 00:38:22,800

yet but

1151

00:38:27,190 --> 00:38:25,359

yeah um can i just say that's a great

1152

00:38:28,069 --> 00:38:27,200

analogy i'm sorry yeah go ahead i'ma

1153

00:38:30,150 --> 00:38:28,079

steal that man

1154

00:38:32,470 --> 00:38:30,160

that is a great analogy that is that's

1155

00:38:34,870 --> 00:38:32,480

that's a really damn good analogy i hope

1156

00:38:37,430 --> 00:38:34,880

you use that every show because that

1157

00:38:38,550 --> 00:38:37,440

you're so right we are limited to our

1158

00:38:41,030 --> 00:38:38,560

perception to our

1159

00:38:42,150 --> 00:38:41,040

our own experiences and and you're right

1160

00:38:45,430 --> 00:38:42,160

if we're

1161

00:38:47,910 --> 00:38:45,440

deep

1162

00:38:48,710 --> 00:38:47,920

we've never seen a boat or you know one

1163

00:38:50,630 --> 00:38:48,720

of our buddies

1164

00:38:52,150 --> 00:38:50,640

ventured up and saw one and then we're

1165

00:38:55,190 --> 00:38:52,160

like yeah full of

1166

00:38:56,470 --> 00:38:55,200

there's nothing past that sorry go ahead

1167

00:38:58,230 --> 00:38:56,480

that's just a great analogy i'm gonna

1168

00:38:59,750 --> 00:38:58,240

use that that's great man

1169

00:39:01,190 --> 00:38:59,760

no please steal it i'm just i'm waiting

1170

00:39:01,990 --> 00:39:01,200

for someone to pick holes in that one

1171

00:39:04,790 --> 00:39:02,000

day

1172

00:39:06,630 --> 00:39:04,800

but that's good cheers man do you have a

1173

00:39:07,109 --> 00:39:06,640

favorite of the three videos that were

1174

00:39:08,790 --> 00:39:07,119

leaked

1175

00:39:09,990 --> 00:39:08,800

and and for any particular reason is

1176
00:39:11,589 --> 00:39:10,000
there one that intrigues you more than

1177
00:39:14,630 --> 00:39:11,599
any other

1178
00:39:16,390 --> 00:39:14,640
oh sure well yeah the the 2004 nimitz

1179
00:39:18,310 --> 00:39:16,400
event but that's solely based on the

1180
00:39:18,790 --> 00:39:18,320
fact that that is the only one that i

1181
00:39:21,829 --> 00:39:18,800
have

1182
00:39:23,670 --> 00:39:21,839
truly truly put any time into

1183
00:39:25,589 --> 00:39:23,680
and there's enough data points out there

1184
00:39:26,710 --> 00:39:25,599
that i think um

1185
00:39:28,550 --> 00:39:26,720
as an investigator that's what's

1186
00:39:30,069 --> 00:39:28,560
important and i try to express to people

1187
00:39:31,510 --> 00:39:30,079
like i'm not a scientist

1188
00:39:33,670 --> 00:39:31,520

and nor am i trying to conclude anything

1189

00:39:35,109 --> 00:39:33,680

is scientific fact um

1190

00:39:38,470 --> 00:39:35,119

you know when you're investigating a

1191

00:39:40,710 --> 00:39:38,480

homicide you don't try to solve that by

1192

00:39:42,710 --> 00:39:40,720

testing it replicating it killing people

1193

00:39:46,470 --> 00:39:42,720

to see if this is how it happened

1194

00:39:48,470 --> 00:39:46,480

um and so you make key judgments and and

1195

00:39:50,550 --> 00:39:48,480

what's called peery empirical logic

1196

00:39:53,349 --> 00:39:50,560

which is what's observationally

1197

00:39:56,069 --> 00:39:53,359

sound logic and makes sense in in

1198

00:39:59,510 --> 00:39:56,079

instances that you can't replicate

1199

00:40:01,190 --> 00:39:59,520

um it's the all of social science does

1200

00:40:03,589 --> 00:40:01,200

that you know psychology

1201
00:40:04,630 --> 00:40:03,599
and so that's how i approach it and so

1202
00:40:07,109 --> 00:40:04,640
for me

1203
00:40:08,390 --> 00:40:07,119
having enough data points for 2004 with

1204
00:40:10,150 --> 00:40:08,400
all the eyewitnesses

1205
00:40:11,670 --> 00:40:10,160
and all these different things that is a

1206
00:40:14,550 --> 00:40:11,680
good case for me

1207
00:40:15,109 --> 00:40:14,560
um to have been able to examine the 15

1208
00:40:17,510 --> 00:40:15,119
events

1209
00:40:18,390 --> 00:40:17,520
in terms of the videos uh and just in

1210
00:40:21,030 --> 00:40:18,400
general there's just not

1211
00:40:22,630 --> 00:40:21,040
enough data points for me to come out

1212
00:40:25,990 --> 00:40:22,640
and say

1213
00:40:27,990 --> 00:40:26,000

anything conclusive about them yet

1214

00:40:29,829 --> 00:40:28,000

uh i think just the recency of it

1215

00:40:31,349 --> 00:40:29,839

because a lot of the people who were

1216

00:40:33,589 --> 00:40:31,359

involved in those are probably still in

1217

00:40:36,150 --> 00:40:33,599

the military um

1218

00:40:37,109 --> 00:40:36,160

whereas 2004 you have just a really

1219

00:40:39,270 --> 00:40:37,119

impressive

1220

00:40:40,309 --> 00:40:39,280

empirical framework to look at with

1221

00:40:42,309 --> 00:40:40,319

eyewitnesses

1222

00:40:43,990 --> 00:40:42,319

from from multiple perspectives and so

1223

00:40:45,349 --> 00:40:44,000

for that one that video is the most

1224

00:40:48,470 --> 00:40:45,359

intriguing

1225

00:40:49,670 --> 00:40:48,480

but again i think superficially all

1226

00:40:53,030 --> 00:40:49,680

three of them the videos

1227

00:40:57,270 --> 00:40:53,040

just themselves that those are not

1228

00:41:00,069 --> 00:40:57,280

evidence of anything and um

1229

00:41:02,790 --> 00:41:00,079

i think there's still a lot of uh a lot

1230

00:41:03,430 --> 00:41:02,800

of debate to be had with the 2015 videos

1231

00:41:07,349 --> 00:41:03,440

as to what

1232

00:41:09,910 --> 00:41:07,359

exactly we're seeing um some great

1233

00:41:11,510 --> 00:41:09,920

discussion i had just last night on on

1234

00:41:12,150 --> 00:41:11,520

twitter with a good friend of mine tyler

1235

00:41:15,990 --> 00:41:12,160

roadway

1236

00:41:17,510 --> 00:41:16,000

from the war zone who i write for

1237

00:41:20,069 --> 00:41:17,520

you know he's more of the mind that

1238

00:41:20,550 --> 00:41:20,079

those are foreign drones and that type

1239

00:41:22,950 --> 00:41:20,560

of stuff

1240

00:41:24,470 --> 00:41:22,960

which i'm totally open to but i do have

1241

00:41:25,750 --> 00:41:24,480

questions you know there's a lot of

1242

00:41:28,950 --> 00:41:25,760

questions there

1243

00:41:30,950 --> 00:41:28,960

um including you know how do you have

1244

00:41:33,109 --> 00:41:30,960

an entire failing of the air defense

1245

00:41:34,950 --> 00:41:33,119

apparatus to not be able to identify

1246

00:41:38,150 --> 00:41:34,960

that and then moreover

1247

00:41:39,829 --> 00:41:38,160

if that's the case what the hell

1248

00:41:42,550 --> 00:41:39,839

are they and so that's what's

1249

00:41:43,910 --> 00:41:42,560

interesting is they can be man-made

1250

00:41:45,589 --> 00:41:43,920

but there's some answers there's some

1251

00:41:49,109 --> 00:41:45,599

questions that we have to answer

1252

00:41:50,150 --> 00:41:49,119

like what the hell yeah joe bob's little

1253

00:41:53,430 --> 00:41:50,160

hobby drone

1254

00:41:55,430 --> 00:41:53,440

isn't flying 18 000 feet in the air

1255

00:41:57,270 --> 00:41:55,440

a hundred miles off the coast they don't

1256

00:41:58,470 --> 00:41:57,280

have the battery or the power to do that

1257

00:42:01,430 --> 00:41:58,480

and so

1258

00:42:03,510 --> 00:42:01,440

it's intriguing um and that was uh chris

1259

00:42:04,870 --> 00:42:03,520

mellon on ttsa talks

1260

00:42:05,829 --> 00:42:04,880

last week on twitter that was really

1261

00:42:07,510 --> 00:42:05,839

good and that's something that's going

1262

00:42:09,510 --> 00:42:07,520

to be coming back and i think

1263

00:42:11,270 --> 00:42:09,520

that extra level of transparency with

1264

00:42:13,190 --> 00:42:11,280

that organization particularly that i'm

1265

00:42:14,870 --> 00:42:13,200

a big fan of i think will help

1266

00:42:16,309 --> 00:42:14,880

um he had answered one of those

1267

00:42:17,750 --> 00:42:16,319

questions regarding the video's

1268

00:42:19,430 --> 00:42:17,760

credibility that

1269

00:42:21,349 --> 00:42:19,440

they don't necessarily show all the

1270

00:42:22,790 --> 00:42:21,359

things people are assuming they show

1271

00:42:24,630 --> 00:42:22,800

i think like you say you've got to take

1272

00:42:26,790 --> 00:42:24,640

the weight of the pilot's testimony

1273

00:42:28,550 --> 00:42:26,800

the eyewitness testimony the radar data

1274

00:42:29,990 --> 00:42:28,560

and a lot of other variables to really

1275

00:42:30,470 --> 00:42:30,000

get a full view if you're just taking

1276

00:42:33,589 --> 00:42:30,480

those

1277

00:42:35,030 --> 00:42:33,599

particular clips in isolation um however

1278

00:42:36,950 --> 00:42:35,040

that the fact is you say that these

1279

00:42:38,870 --> 00:42:36,960

things are out where they are

1280

00:42:40,790 --> 00:42:38,880

performing at speeds and heights that

1281

00:42:43,270 --> 00:42:40,800

they are and again we're taking

1282

00:42:45,589 --> 00:42:43,280

pilot testimony but moving at the speeds

1283

00:42:48,550 --> 00:42:45,599

and performing the maneuvers they are

1284

00:42:49,510 --> 00:42:48,560

if these are chinese or russian or some

1285

00:42:52,150 --> 00:42:49,520

other countries

1286

00:42:53,589 --> 00:42:52,160

tech then like has been quoted many

1287

00:42:56,390 --> 00:42:53,599

times you're talking

1288

00:42:58,550 --> 00:42:56,400

multi multi-generational leaps ahead and

1289

00:43:00,550 --> 00:42:58,560

that in itself is a fascinating

1290

00:43:02,069 --> 00:43:00,560

topic in conversation regardless of it

1291

00:43:04,309 --> 00:43:02,079

being alien or not

1292

00:43:05,589 --> 00:43:04,319

that's that's world-changing physics

1293

00:43:06,790 --> 00:43:05,599

that's that's life change that's

1294

00:43:08,950 --> 00:43:06,800

life-altering

1295

00:43:10,069 --> 00:43:08,960

um but that that's the fascination in

1296

00:43:10,470 --> 00:43:10,079

this and i think that's where some

1297

00:43:11,670 --> 00:43:10,480

people

1298

00:43:13,670 --> 00:43:11,680

and like you said before you're not a

1299

00:43:15,109 --> 00:43:13,680

scientist but that's maybe a good thing

1300

00:43:17,349 --> 00:43:15,119

because there's some very respected

1301

00:43:19,030 --> 00:43:17,359

scientists like your neil degrasse tyson

1302

00:43:21,589 --> 00:43:19,040

who has given his own opinion when he

1303

00:43:23,510 --> 00:43:21,599

saw the video of ufo doesn't mean alien

1304

00:43:24,630 --> 00:43:23,520

and for someone who's that intelligent

1305

00:43:26,230 --> 00:43:24,640

and that bright

1306

00:43:27,750 --> 00:43:26,240

to come out with that comment it's like

1307

00:43:29,750 --> 00:43:27,760

well most

1308

00:43:30,870 --> 00:43:29,760

most people in the apology aren't saying

1309

00:43:33,030 --> 00:43:30,880

that they're alien

1310

00:43:33,990 --> 00:43:33,040

a ufo isn't an alien you know they they

1311

00:43:35,829 --> 00:43:34,000

go hand in hand

1312

00:43:37,589 --> 00:43:35,839

but that's the conversation that we're

1313

00:43:40,150 --> 00:43:37,599

trying to change

1314

00:43:41,510 --> 00:43:40,160

well and i all due respect to people

1315

00:43:43,190 --> 00:43:41,520

like neil degrasse tyson

1316

00:43:45,270 --> 00:43:43,200

first of all i thought that if anybody

1317

00:43:45,910 --> 00:43:45,280

read seth shawstak's recent article

1318

00:43:47,670 --> 00:43:45,920

after the

1319

00:43:49,430 --> 00:43:47,680

april 27th released the videos i thought

1320

00:43:50,790 --> 00:43:49,440

it was great i think people can

1321

00:43:52,150 --> 00:43:50,800

criticize him while they want to and i

1322

00:43:53,510 --> 00:43:52,160

understand why

1323

00:43:55,270 --> 00:43:53,520

but i thought it was great because he

1324

00:43:57,030 --> 00:43:55,280

acknowledged hey guys

1325

00:43:58,870 --> 00:43:57,040

if you know the collective brain power

1326

00:44:00,550 --> 00:43:58,880

of the dod is saying they can't identify

1327

00:44:01,190 --> 00:44:00,560

them this is probably not got a simple

1328

00:44:03,750 --> 00:44:01,200

answer

1329

00:44:05,510 --> 00:44:03,760

but the evidence for me to believe this

1330

00:44:07,510 --> 00:44:05,520

is alien has to be a lot more than that

1331

00:44:09,430 --> 00:44:07,520

i respect that totally in fact i share

1332

00:44:10,790 --> 00:44:09,440

that but i thought it was nice but with

1333

00:44:13,430 --> 00:44:10,800

neil degrasse tyson people

1334

00:44:15,190 --> 00:44:13,440

that i i'd tell them to their face i'd

1335

00:44:16,790 --> 00:44:15,200

love to talk to him and say man i i

1336

00:44:17,030 --> 00:44:16,800

understand where you're coming from but

1337

00:44:28,150 --> 00:44:17,040

i

1338

00:44:29,910 --> 00:44:28,160

the names that we know uh throughout

1339

00:44:33,030 --> 00:44:29,920

history when it comes to science

1340

00:44:36,309 --> 00:44:33,040

newton uh pelago theramis uh you know

1341

00:44:38,790 --> 00:44:36,319

einstein these aren't people who

1342

00:44:39,589 --> 00:44:38,800

saw problems or questions and and tried

1343

00:44:41,670 --> 00:44:39,599

to fit them

1344

00:44:44,309 --> 00:44:41,680

into the existing framework of what we

1345

00:44:46,470 --> 00:44:44,319

knew they realized that the answer for

1346

00:44:48,069 --> 00:44:46,480

this probably lies beyond the current

1347

00:44:52,069 --> 00:44:48,079

hypothesis we're using

1348

00:44:55,349 --> 00:44:52,079

and so the people who truly make

1349

00:44:55,910 --> 00:44:55,359

innovative leaps in human technology and

1350

00:44:58,230 --> 00:44:55,920

science

1351
00:44:59,510 --> 00:44:58,240
are the ones who are willing to say you

1352
00:45:01,589 --> 00:44:59,520
know what

1353
00:45:04,550 --> 00:45:01,599
it maybe isn't a distant commercial

1354
00:45:07,990 --> 00:45:04,560
plane it may be is it this and this

1355
00:45:10,710 --> 00:45:08,000
um and maybe yeah it is an alien but

1356
00:45:11,270 --> 00:45:10,720
we don't have a good what it is yet and

1357
00:45:13,030 --> 00:45:11,280
so they

1358
00:45:14,550 --> 00:45:13,040
seek to try to answer that's what i said

1359
00:45:16,309 --> 00:45:14,560
it's um

1360
00:45:18,470 --> 00:45:16,319
if you look at ufos i think one of the

1361
00:45:21,030 --> 00:45:18,480
fundamental problems with it is that

1362
00:45:22,309 --> 00:45:21,040
the very title itself i like uap i know

1363
00:45:24,710 --> 00:45:22,319

people got mad about that

1364

00:45:25,910 --> 00:45:24,720

but um it takes the word flying out of

1365

00:45:28,230 --> 00:45:25,920

it and because i've

1366

00:45:30,230 --> 00:45:28,240

said they're not flying you know if if

1367

00:45:33,349 --> 00:45:30,240

they're behaving in the characteristics

1368

00:45:34,870 --> 00:45:33,359

that uh eyewitnesses or different radar

1369

00:45:35,430 --> 00:45:34,880

telemetry and all these things say they

1370

00:45:37,109 --> 00:45:35,440

are

1371

00:45:39,109 --> 00:45:37,119

they're not using the principles of

1372

00:45:41,270 --> 00:45:39,119

flight as we know them so lift

1373

00:45:42,309 --> 00:45:41,280

uh propulsion you know we know how these

1374

00:45:44,710 --> 00:45:42,319

things work

1375

00:45:46,790 --> 00:45:44,720

they're doing something else and so by

1376

00:45:48,870 --> 00:45:46,800

book definition they're not flying

1377

00:45:50,309 --> 00:45:48,880

uh excuse me by our physics actual

1378

00:45:52,069 --> 00:45:50,319

definition they're not flying

1379

00:45:53,750 --> 00:45:52,079

by dictionary definition they're in the

1380

00:45:56,710 --> 00:45:53,760

air moving around they're flying

1381

00:45:58,829 --> 00:45:56,720

so if the answer is yes and no it means

1382

00:46:00,309 --> 00:45:58,839

that the real answer lies by beyond the

1383

00:46:03,109 --> 00:46:00,319

hypothesis

1384

00:46:04,550 --> 00:46:03,119

but we can't try to fit and i think this

1385

00:46:06,630 --> 00:46:04,560

goes on the

1386

00:46:07,990 --> 00:46:06,640

extreme quote believer side i don't mean

1387

00:46:10,230 --> 00:46:08,000

that derogatorily

1388

00:46:11,990 --> 00:46:10,240

um some people maybe are more believers

1389

00:46:15,910 --> 00:46:12,000

because of experience

1390

00:46:18,230 --> 00:46:15,920

or the extreme skeptic side um

1391

00:46:19,750 --> 00:46:18,240

if you just try to jam it into whatever

1392

00:46:22,950 --> 00:46:19,760

your yes or no

1393

00:46:25,510 --> 00:46:22,960

belief is you may be missing the whole

1394

00:46:28,390 --> 00:46:25,520

thing entirely and it's not really

1395

00:46:31,750 --> 00:46:28,400

propelling us forward

1396

00:46:32,950 --> 00:46:31,760

and that's where oftentimes um

1397

00:46:35,670 --> 00:46:32,960

i get more cause i'll get more

1398

00:46:37,270 --> 00:46:35,680

frustrated with quote skeptics sometimes

1399

00:46:39,030 --> 00:46:37,280

although not mick i like mick i know

1400

00:46:39,829 --> 00:46:39,040

mick gets a hard time but i think you

1401

00:46:42,390 --> 00:46:39,839

know

1402

00:46:44,150 --> 00:46:42,400

he does try to fit things in for him

1403

00:46:45,670 --> 00:46:44,160

it's easier to compartmentalize and just

1404

00:46:46,230 --> 00:46:45,680

view the videos and not look at

1405

00:46:48,390 --> 00:46:46,240

everything

1406

00:46:49,270 --> 00:46:48,400

but some skeptics i think are not real

1407

00:46:51,910 --> 00:46:49,280

skeptics

1408

00:46:53,030 --> 00:46:51,920

i mean you know contrarians to be

1409

00:46:56,710 --> 00:46:53,040

contrarians

1410

00:46:58,950 --> 00:46:56,720

you know they don't say things like

1411

00:46:59,910 --> 00:46:58,960

uh you know has anybody examined this

1412

00:47:02,069 --> 00:46:59,920

it's always

1413

00:47:03,589 --> 00:47:02,079

well nobody's talking about this are

1414

00:47:06,309 --> 00:47:03,599

they haha

1415

00:47:07,030 --> 00:47:06,319

dummies i'm superior to you and it's

1416

00:47:10,230 --> 00:47:07,040

like

1417

00:47:13,430 --> 00:47:10,240

you're no you're kind of an um

1418

00:47:15,270 --> 00:47:13,440

yeah and so yeah you know what

1419

00:47:16,790 --> 00:47:15,280

i'm pretty new character to myself and i

1420

00:47:18,550 --> 00:47:16,800

think only only really

1421

00:47:19,910 --> 00:47:18,560

in the recent weeks with getting a lot

1422

00:47:22,309 --> 00:47:19,920

more followers on twitter and more

1423

00:47:23,829 --> 00:47:22,319

involved in the conversation and

1424

00:47:25,670 --> 00:47:23,839

someone that met comes on him at my

1425

00:47:27,829 --> 00:47:25,680

radar as such um

1426
00:47:28,790 --> 00:47:27,839
and and watching that video that i saw

1427
00:47:30,710 --> 00:47:28,800
last night

1428
00:47:32,069 --> 00:47:30,720
on the interview sorry mix clearly quite

1429
00:47:34,950 --> 00:47:32,079
an eloquent an

1430
00:47:35,430 --> 00:47:34,960
eloquent guy he's an intelligent guy

1431
00:47:41,109 --> 00:47:35,440
he's

1432
00:47:42,870 --> 00:47:41,119
there's a a british aspect of our

1433
00:47:44,630 --> 00:47:42,880
characters where whether we're scottish

1434
00:47:46,950 --> 00:47:44,640
english irish or welsh that

1435
00:47:48,790 --> 00:47:46,960
we can we can like to annoy people and

1436
00:47:50,230 --> 00:47:48,800
it's a british humor that we kind of

1437
00:47:52,069 --> 00:47:50,240
like to wind people up

1438
00:47:53,430 --> 00:47:52,079

and i sometimes look at some of his some

1439

00:47:55,109 --> 00:47:53,440

of his comments and

1440

00:47:56,790 --> 00:47:55,119

i wonder has he can i cast a

1441

00:47:57,990 --> 00:47:56,800

metaphorical fishing rod and

1442

00:48:00,230 --> 00:47:58,000

uh do you know what i've got a bit of a

1443

00:48:01,030 --> 00:48:00,240

bite here not that he's not believing

1444

00:48:03,109 --> 00:48:01,040

what he's saying

1445

00:48:04,390 --> 00:48:03,119

but maybe he sees he's pushing people's

1446

00:48:05,510 --> 00:48:04,400

buttons and he can do it in an

1447

00:48:07,349 --> 00:48:05,520

intelligent way that

1448

00:48:08,790 --> 00:48:07,359

it knows it's frustrating them and i

1449

00:48:10,309 --> 00:48:08,800

think some people jump on that a little

1450

00:48:11,990 --> 00:48:10,319

bit too much and if you can

1451
00:48:14,069 --> 00:48:12,000
like yourself you've managed to engage

1452
00:48:15,750 --> 00:48:14,079
in a debate with them in a conversation

1453
00:48:17,510 --> 00:48:15,760
that you maybe come out the end of it

1454
00:48:19,030 --> 00:48:17,520
neither of you agree with the other but

1455
00:48:21,109 --> 00:48:19,040
you do see the others point of view

1456
00:48:23,109 --> 00:48:21,119
that's that that's the avenue to go with

1457
00:48:23,670 --> 00:48:23,119
it and maybe online people are getting a

1458
00:48:25,270 --> 00:48:23,680
little bit

1459
00:48:26,790 --> 00:48:25,280
too personal with it and allowing

1460
00:48:29,109 --> 00:48:26,800
themselves to get kind of roped in

1461
00:48:30,549 --> 00:48:29,119
that's a very early judgment of my own

1462
00:48:33,829 --> 00:48:30,559
and taking a scene

1463
00:48:35,589 --> 00:48:33,839

next stance sure and and you're right

1464

00:48:37,109 --> 00:48:35,599

and i am as guilty as mick in

1465

00:48:38,710 --> 00:48:37,119

in some regard there that i'll

1466

00:48:41,190 --> 00:48:38,720

acknowledge i

1467

00:48:43,190 --> 00:48:41,200

enjoy uh you know i was on the debate

1468

00:48:43,829 --> 00:48:43,200

team back in school and these things i

1469

00:48:47,030 --> 00:48:43,839

enjoyed

1470

00:48:49,990 --> 00:48:47,040

that uh first of all combat

1471

00:48:52,470 --> 00:48:50,000

sports and conflict is inherently

1472

00:48:53,910 --> 00:48:52,480

something that human beings love i mean

1473

00:48:55,670 --> 00:48:53,920

when you watch soccer when you watch

1474

00:48:56,230 --> 00:48:55,680

whatever what it's a competition between

1475

00:48:59,349 --> 00:48:56,240

two people

1476

00:49:01,030 --> 00:48:59,359

it's conflict for a winner and so i what

1477

00:49:03,270 --> 00:49:01,040

you just said i think is very accurate i

1478

00:49:04,870 --> 00:49:03,280

i enjoy the mental

1479

00:49:06,309 --> 00:49:04,880

combat there's times when i take on

1480

00:49:09,910 --> 00:49:06,319

people in twitter where

1481

00:49:11,670 --> 00:49:09,920

i may not even truly you know like

1482

00:49:13,510 --> 00:49:11,680

be like my stance is correct but i'm

1483

00:49:14,549 --> 00:49:13,520

like screw it i'm going to play mental

1484

00:49:16,950 --> 00:49:14,559

chess because it's fun

1485

00:49:18,309 --> 00:49:16,960

and so i think that mick does that as

1486

00:49:20,710 --> 00:49:18,319

well um

1487

00:49:22,390 --> 00:49:20,720

i had a great chat with vic for like an

1488

00:49:22,790 --> 00:49:22,400

hour after we were off the air the other

1489

00:49:25,430 --> 00:49:22,800

day

1490

00:49:27,030 --> 00:49:25,440

and so i think uh one of the things that

1491

00:49:29,030 --> 00:49:27,040

i really respect although you're right

1492

00:49:30,150 --> 00:49:29,040

sometimes that in and of itself just

1493

00:49:33,109 --> 00:49:30,160

burns people's

1494

00:49:34,390 --> 00:49:33,119

ass is when somebody can remain

1495

00:49:37,589 --> 00:49:34,400

respectful

1496

00:49:40,630 --> 00:49:37,599

the whole time and not lose their stuff

1497

00:49:41,670 --> 00:49:40,640

that uh that frustrates people i told

1498

00:49:43,910 --> 00:49:41,680

mick from the get-go

1499

00:49:45,910 --> 00:49:43,920

right before we started that show

1500

00:49:47,430 --> 00:49:45,920

because i forget i had just come from

1501
00:49:47,829 --> 00:49:47,440
some meetings so i was wearing a tie and

1502
00:49:49,510 --> 00:49:47,839
dress

1503
00:49:51,270 --> 00:49:49,520
nice and he was like oh you're i was

1504
00:49:53,750 --> 00:49:51,280
going to say you were very very smartly

1505
00:49:57,030 --> 00:49:53,760
dressed yeah i did notice that

1506
00:49:58,790 --> 00:49:57,040
well and i um i it was kind of

1507
00:50:01,670 --> 00:49:58,800
happenstance but i do try to

1508
00:50:03,510 --> 00:50:01,680
you know that goes back to even back in

1509
00:50:05,190 --> 00:50:03,520
policing when i was in charge of

1510
00:50:06,710 --> 00:50:05,200
officers there i used to tell people and

1511
00:50:08,069 --> 00:50:06,720
it's true you know if you look like you

1512
00:50:09,270 --> 00:50:08,079
know what the hell you're talking about

1513
00:50:12,549 --> 00:50:09,280

or doing that's about

1514

00:50:15,430 --> 00:50:12,559

80 of it and so

1515

00:50:17,589 --> 00:50:15,440

but mick's got the great girl silver

1516

00:50:19,670 --> 00:50:17,599

hair in the english accent i'm like

1517

00:50:20,230 --> 00:50:19,680

i'm behind the curve here he's already

1518

00:50:22,069 --> 00:50:20,240

sounds

1519

00:50:23,910 --> 00:50:22,079

you already want to accept him as being

1520

00:50:26,470 --> 00:50:23,920

a genius and so

1521

00:50:28,309 --> 00:50:26,480

um i do i think but the one thing i

1522

00:50:28,710 --> 00:50:28,319

really appreciate with mick is that he

1523

00:50:31,990 --> 00:50:28,720

does

1524

00:50:33,510 --> 00:50:32,000

engage and i uh

1525

00:50:35,589 --> 00:50:33,520

that's something i think is unfortunate

1526

00:50:37,349 --> 00:50:35,599

with a lot of the some of the skeptics

1527

00:50:38,710 --> 00:50:37,359

that i've tried to engage with and i

1528

00:50:39,510 --> 00:50:38,720

don't like using the term skeptics

1529

00:50:41,430 --> 00:50:39,520

because i don't think they're being

1530

00:50:42,309 --> 00:50:41,440

skeptics you know skeptic is a good

1531

00:50:45,589 --> 00:50:42,319

thing

1532

00:50:47,190 --> 00:50:45,599

um but you want to engage it you want to

1533

00:50:49,349 --> 00:50:47,200

try to figure something out you want to

1534

00:50:51,030 --> 00:50:49,359

hear you want to hear the opposite

1535

00:50:53,109 --> 00:50:51,040

arguments but some people is that

1536

00:50:54,710 --> 00:50:53,119

they're just contrarian to be contrarian

1537

00:50:57,349 --> 00:50:54,720

and so when you

1538

00:50:58,870 --> 00:50:57,359

bring up an opposite point of that they

1539

00:50:59,829 --> 00:50:58,880

just ignore it and move on to the next

1540

00:51:02,950 --> 00:50:59,839

thing to try to

1541

00:51:06,630 --> 00:51:02,960

make somebody look silly or whatever or

1542

00:51:07,430 --> 00:51:06,640

they often will not be willing to talk

1543

00:51:10,069 --> 00:51:07,440

to me

1544

00:51:11,750 --> 00:51:10,079

and i mean that's one of the things i

1545

00:51:14,470 --> 00:51:11,760

constantly say

1546

00:51:14,790 --> 00:51:14,480

um man i'll talk to anybody and i'll you

1547

00:51:16,549 --> 00:51:14,800

know

1548

00:51:18,150 --> 00:51:16,559

hey message me we'll chat on the phone

1549

00:51:19,670 --> 00:51:18,160

there's a number of people on twitter

1550

00:51:20,470 --> 00:51:19,680

who could attest to that that i've been

1551
00:51:22,549 --> 00:51:20,480
like hey

1552
00:51:24,150 --> 00:51:22,559
you can't have any real conversation on

1553
00:51:26,390 --> 00:51:24,160
twitter that's silly you know

1554
00:51:27,670 --> 00:51:26,400
you're limited by character limits but

1555
00:51:29,910 --> 00:51:27,680
man let's have a chat

1556
00:51:31,430 --> 00:51:29,920
and um it's unfortunate because some of

1557
00:51:33,589 --> 00:51:31,440
the probably the most vehement

1558
00:51:34,870 --> 00:51:33,599
uh people out there that you see saying

1559
00:51:38,790 --> 00:51:34,880
nasty things

1560
00:51:41,510 --> 00:51:38,800
against ufo community or anybody

1561
00:51:42,390 --> 00:51:41,520
like they will not talk to me they're

1562
00:51:44,309 --> 00:51:42,400
like nope

1563
00:51:45,829 --> 00:51:44,319

and i'm like well what are you doing

1564

00:51:48,710 --> 00:51:45,839

then and so

1565

00:51:50,870 --> 00:51:48,720

um i think healthy skepticism is good

1566

00:51:52,790 --> 00:51:50,880

and an english accent helps

1567

00:51:54,230 --> 00:51:52,800

yeah and and being scottish i would i

1568

00:51:54,790 --> 00:51:54,240

would disagree with english accent

1569

00:51:57,670 --> 00:51:54,800

helping but

1570

00:51:59,270 --> 00:51:57,680

all right you're right yeah well you

1571

00:52:00,069 --> 00:51:59,280

know what i'm not a good scottish name i

1572

00:52:01,829 --> 00:52:00,079

agree with you

1573

00:52:03,430 --> 00:52:01,839

you're right screw me obviously

1574

00:52:04,390 --> 00:52:03,440

obviously and you know what i i would

1575

00:52:06,790 --> 00:52:04,400

encourage folk

1576

00:52:07,510 --> 00:52:06,800

and i'll stay off the bat i'll say off

1577

00:52:09,270 --> 00:52:07,520

the bat

1578

00:52:11,190 --> 00:52:09,280

i don't agree with what a lot of next

1579

00:52:12,710 --> 00:52:11,200

coming up but i do get some of his

1580

00:52:14,309 --> 00:52:12,720

points and i think it is always healthy

1581

00:52:15,829 --> 00:52:14,319

to see the other side of the argument so

1582

00:52:18,309 --> 00:52:15,839

i would encourage people

1583

00:52:20,230 --> 00:52:18,319

to try and engage in a healthy

1584

00:52:21,750 --> 00:52:20,240

conversation a sense of humor always

1585

00:52:23,829 --> 00:52:21,760

helps in 2020

1586

00:52:25,349 --> 00:52:23,839

god knows we need humor more than ever

1587

00:52:28,230 --> 00:52:25,359

in today's society because it's

1588

00:52:29,109 --> 00:52:28,240

it's a dying art form um but with

1589

00:52:30,790 --> 00:52:29,119

someone let me

1590

00:52:32,230 --> 00:52:30,800

go on watch the chat with tim

1591

00:52:34,230 --> 00:52:32,240

particularly it's really good

1592

00:52:36,309 --> 00:52:34,240

and you know what if nothing else if you

1593

00:52:37,670 --> 00:52:36,319

don't pick up any points you agree with

1594

00:52:39,349 --> 00:52:37,680

from nick's point of view it might

1595

00:52:40,470 --> 00:52:39,359

strengthen your own argument and and

1596

00:52:42,470 --> 00:52:40,480

what you believe in

1597

00:52:43,589 --> 00:52:42,480

can i just ask they cannot wrap up

1598

00:52:44,950 --> 00:52:43,599

slightly on the whole

1599

00:52:46,710 --> 00:52:44,960

tic-tac incident because it's something

1600

00:52:48,150 --> 00:52:46,720

that's still very much playing out week

1601
00:52:50,630 --> 00:52:48,160
after week after week and

1602
00:52:51,589 --> 00:52:50,640
it's a developing situation is there any

1603
00:52:54,390 --> 00:52:51,599
aspect of it

1604
00:52:55,750 --> 00:52:54,400
tim that you find most intriguing and

1605
00:52:57,109 --> 00:52:55,760
something that you've researched or

1606
00:52:58,829 --> 00:52:57,119
something that you think is still to

1607
00:53:01,910 --> 00:52:58,839
come

1608
00:53:04,230 --> 00:53:01,920
um hmm i i think

1609
00:53:06,069 --> 00:53:04,240
the the some of the i think the most

1610
00:53:07,430 --> 00:53:06,079
intriguing aspect of it that

1611
00:53:08,870 --> 00:53:07,440
in just in the witness testament that

1612
00:53:10,150 --> 00:53:08,880
i've talked about and that it hasn't

1613
00:53:12,230 --> 00:53:10,160

even really been public

1614

00:53:13,349 --> 00:53:12,240

uh i hate to keep plugging mix show

1615

00:53:14,870 --> 00:53:13,359

because i mentioned it for the first

1616

00:53:16,790 --> 00:53:14,880

time on make show but

1617

00:53:19,349 --> 00:53:16,800

some of the behavioral characteristics

1618

00:53:21,430 --> 00:53:19,359

of what the objects that we're seeing

1619

00:53:22,549 --> 00:53:21,440

that's really intriguing to me because

1620

00:53:24,549 --> 00:53:22,559

you had uh

1621

00:53:26,790 --> 00:53:24,559

in this case i've been fortunate to

1622

00:53:29,430 --> 00:53:26,800

interview two three four

1623

00:53:30,710 --> 00:53:29,440

five four or five people who witnessed

1624

00:53:32,150 --> 00:53:30,720

the physical object

1625

00:53:33,990 --> 00:53:32,160

so some of them just from the surface

1626

00:53:36,790 --> 00:53:34,000

vessel or the princeton

1627

00:53:37,829 --> 00:53:36,800

uh like gary um and others being the

1628

00:53:40,230 --> 00:53:37,839

pilots

1629

00:53:42,150 --> 00:53:40,240

and the the most intriguing thing to me

1630

00:53:46,470 --> 00:53:42,160

is how they describe the behavior

1631

00:53:48,630 --> 00:53:46,480

of these how how they operate

1632

00:53:49,990 --> 00:53:48,640

that's extreme that's where it goes into

1633

00:53:52,309 --> 00:53:50,000

this realm of well

1634

00:53:54,069 --> 00:53:52,319

hell are these alien because these

1635

00:53:54,710 --> 00:53:54,079

behavioral characteristics is not just

1636

00:53:57,589 --> 00:53:54,720

defying

1637

00:53:58,630 --> 00:53:57,599

physics but as we can kind of bring it

1638

00:54:02,230 --> 00:53:58,640

into

1639

00:54:04,870 --> 00:54:02,240

but also nonsense like this erratic

1640

00:54:06,309 --> 00:54:04,880

darting around and i've used the analogy

1641

00:54:09,109 --> 00:54:06,319

of bucket of minnows

1642

00:54:10,069 --> 00:54:09,119

you know several times where that's what

1643

00:54:13,510 --> 00:54:10,079

they described

1644

00:54:15,349 --> 00:54:13,520

that's weird because even if we're

1645

00:54:17,430 --> 00:54:15,359

talking about a

1646

00:54:18,710 --> 00:54:17,440

a drone system that's been developed by

1647

00:54:20,710 --> 00:54:18,720

somebody whether it's got a human

1648

00:54:22,230 --> 00:54:20,720

operator or it's autonomous

1649

00:54:24,790 --> 00:54:22,240

again the person who's developed that is

1650

00:54:25,589 --> 00:54:24,800

human and so it's going to behave in

1651
00:54:27,349 --> 00:54:25,599
manners that

1652
00:54:29,030 --> 00:54:27,359
are consistent with what we would want

1653
00:54:32,309 --> 00:54:29,040
for human design

1654
00:54:34,790 --> 00:54:32,319
and so this idea of just darting around

1655
00:54:36,950 --> 00:54:34,800
oddly you know hovering above the ocean

1656
00:54:38,309 --> 00:54:36,960
and then zipping back and forth not only

1657
00:54:41,510 --> 00:54:38,319
does this kind of

1658
00:54:42,549 --> 00:54:41,520
defy how we understand uh lift and

1659
00:54:45,990 --> 00:54:42,559
propulsion

1660
00:54:48,309 --> 00:54:46,000
but also why why the hell do you do that

1661
00:54:49,589 --> 00:54:48,319
like what's the purpose and so that

1662
00:54:51,670 --> 00:54:49,599
behavior itself

1663
00:54:53,190 --> 00:54:51,680

is inherently alien you know we don't

1664

00:54:56,309 --> 00:54:53,200

know why you would do that

1665

00:54:59,990 --> 00:54:56,319

so i think in those regards of that

1666

00:55:01,750 --> 00:55:00,000

that the the behaviors of these objects

1667

00:55:03,670 --> 00:55:01,760

uh being described were the most

1668

00:55:06,549 --> 00:55:03,680

fascinating for me

1669

00:55:08,230 --> 00:55:06,559

probably the most compelling thing is

1670

00:55:10,630 --> 00:55:08,240

some of the witness testimony from the

1671

00:55:12,710 --> 00:55:10,640

pilots themselves who observed them

1672

00:55:13,670 --> 00:55:12,720

maybe more than even what commander

1673

00:55:16,630 --> 00:55:13,680

fravor has said

1674

00:55:17,750 --> 00:55:16,640

publicly and everything but for me as a

1675

00:55:19,349 --> 00:55:17,760

behavioral analyst

1676
00:55:21,030 --> 00:55:19,359
having opportunity to talk to them

1677
00:55:23,670 --> 00:55:21,040
one-on-one and

1678
00:55:25,109 --> 00:55:23,680
hear all the cues that you're looking

1679
00:55:27,349 --> 00:55:25,119
for all the emotional

1680
00:55:28,870 --> 00:55:27,359
uh things that you would be looking for

1681
00:55:31,990 --> 00:55:28,880
for when you're when you're

1682
00:55:34,230 --> 00:55:32,000
investigating somebody's testimony

1683
00:55:35,270 --> 00:55:34,240
to hear them align with with what i

1684
00:55:36,950 --> 00:55:35,280
mentioned

1685
00:55:38,549 --> 00:55:36,960
way earlier in the show of talking to

1686
00:55:40,390 --> 00:55:38,559
people who had really seen something

1687
00:55:43,349 --> 00:55:40,400
that challenged their reality

1688
00:55:44,230 --> 00:55:43,359

to hear those cues come out is is really

1689

00:55:45,750 --> 00:55:44,240

compelling

1690

00:55:48,069 --> 00:55:45,760

and i mean that's really really

1691

00:55:50,390 --> 00:55:48,079

intriguing to because

1692

00:55:52,390 --> 00:55:50,400

it's very consistent with what i said

1693

00:55:54,630 --> 00:55:52,400

people who

1694

00:55:55,910 --> 00:55:54,640

saw or experienced something and

1695

00:55:59,510 --> 00:55:55,920

whatever it was

1696

00:56:01,030 --> 00:55:59,520

it challenged it it's hard it challenged

1697

00:56:04,549 --> 00:56:01,040

their idea of reality

1698

00:56:06,150 --> 00:56:04,559

um that's probably the most intriguing

1699

00:56:09,510 --> 00:56:06,160

thing when it comes there

1700

00:56:11,910 --> 00:56:09,520

um just in the 2004 events

1701
00:56:12,630 --> 00:56:11,920
and i i'll give you an exclusive here i

1702
00:56:14,430 --> 00:56:12,640
haven't mentioned

1703
00:56:16,150 --> 00:56:14,440
anywhere else but i'll tell you in the

1704
00:56:19,910 --> 00:56:16,160
2015 events

1705
00:56:22,150 --> 00:56:19,920
um i i've talked to the people at o and

1706
00:56:25,510 --> 00:56:22,160
i who

1707
00:56:28,069 --> 00:56:25,520
currently are running this program

1708
00:56:29,430 --> 00:56:28,079
they say it's not foreign technology

1709
00:56:31,190 --> 00:56:29,440
it's not china or russia

1710
00:56:32,470 --> 00:56:31,200
so now you know again it's kind of like

1711
00:56:34,710 --> 00:56:32,480
anything else

1712
00:56:35,510 --> 00:56:34,720
um you know they hold a lot of

1713
00:56:37,109 --> 00:56:35,520

credibility

1714

00:56:38,789 --> 00:56:37,119

because i know what positions they're in

1715

00:56:39,670 --> 00:56:38,799

i know their careers i know what they're

1716

00:56:41,270 --> 00:56:39,680

doing

1717

00:56:42,870 --> 00:56:41,280

where their funding is and so it's like

1718

00:56:43,670 --> 00:56:42,880

these are definitely people who should

1719

00:56:46,950 --> 00:56:43,680

know

1720

00:56:49,990 --> 00:56:46,960

and should be able to determine that

1721

00:56:52,470 --> 00:56:50,000

um but until we fully know

1722

00:56:53,589 --> 00:56:52,480

uh you know i'm very cautious there

1723

00:56:56,549 --> 00:56:53,599

listen

1724

00:56:57,990 --> 00:56:56,559

like you said early on police military

1725

00:56:59,990 --> 00:56:58,000

make great witnesses because

1726

00:57:01,430 --> 00:57:00,000

they're we're trained observers we're

1727

00:57:02,150 --> 00:57:01,440

trained to observe the environment we're

1728

00:57:03,430 --> 00:57:02,160

trained to

1729

00:57:05,829 --> 00:57:03,440

and we have different tools at our

1730

00:57:07,349 --> 00:57:05,839

disposal to figure out what things are

1731

00:57:09,349 --> 00:57:07,359

but i work with a lot of cops who are

1732

00:57:10,829 --> 00:57:09,359

bad crazy and so

1733

00:57:13,829 --> 00:57:10,839

it doesn't mean that people can't be

1734

00:57:17,510 --> 00:57:13,839

crazy but it's very compelling there

1735

00:57:19,750 --> 00:57:17,520

and so i think um

1736

00:57:21,990 --> 00:57:19,760

it's still unknown they're all unknown

1737

00:57:24,230 --> 00:57:22,000

it's an easy logical answer to say

1738

00:57:26,710 --> 00:57:24,240

oh it's chinese or it's secret black

1739

00:57:27,030 --> 00:57:26,720

tech we'll prove it and until you prove

1740

00:57:33,910 --> 00:57:27,040

it

1741

00:57:38,390 --> 00:57:36,630

that's all for part one from tim part

1742

00:57:39,510 --> 00:57:38,400

government's role in the uap phenomena

1760
00:58:14,470 --> 00:58:12,559
what has been left unanswered in tim's

1761
00:58:16,069 --> 00:58:14,480
opinion where do we go next

1762
00:58:17,670 --> 00:58:16,079
and a lot more including a lot of

1763
00:58:19,670 --> 00:58:17,680

keep looking up you never know what you

1781

00:59:16,839 --> 00:59:31,030

is

1782

00:59:44,829 --> 00:59:32,470

i can't imagine how it could have been

1783

00:59:44,839 --> 00:59:51,750

stairs

1784

00:59:56,270 --> 00:59:53,030

there was something on my head and

1785

01:00:12,549 --> 00:59:56,280

everything was weird and everything was

1786

01:00:15,829 --> 01:00:14,789

if you really want to know who i think

1787

01:00:30,150 --> 01:00:15,839

it's you and me

1788

01:00:30,160 --> 01:00:54,829

for being serious

1789

01:00:54,839 --> 01:01:00,549

is

1790

01:01:00,559 --> 01:01:08,829

it wasn't a tic tac and not quite a

1791

01:01:08,839 --> 01:01:50,829

saucer
