P O D C A S T

STEPHEN BASSETT PART 2

1  
00:00:03,960 --> 00:00:09,430

[Music]

2  
00:00:12,549 --> 00:00:10,870

there's a whole fleet of look on the

3  
00:00:14,910 --> 00:00:12,559

assay

4  
00:00:18,070 --> 00:00:14,920

oh my gosh they're all going against the

5  
00:00:22,870 --> 00:00:20,230

it was basically a cube with inside of

6  
00:00:36,900 --> 00:00:22,880

sphere where the points of the cube

7  
00:00:41,030 --> 00:00:38,450

[Music]

8  
00:00:42,630 --> 00:00:41,040

[Applause]

9  
00:00:44,549 --> 00:00:42,640

so this isn't anything that just is

10  
00:00:49,750 --> 00:00:44,559

limited to the united states

11  
00:00:56,830 --> 00:00:52,069

i am george knapp listening to that ufo

12  
00:00:59,830 --> 00:00:58,150

time

13  
00:01:01,670 --> 00:00:59,840

let's carry on with some listener

14

00:01:04,390 --> 00:01:01,680

questions a lot of interest in this one

15

00:01:06,230 --> 00:01:04,400

uh the first one is from cycop

16

00:01:07,990 --> 00:01:06,240

what do you make of the resistance of

17

00:01:10,230 --> 00:01:08,000

some branches of government resisting

18

00:01:12,710 --> 00:01:10,240

the uap task force as per the recent

19

00:01:15,670 --> 00:01:12,720

article in politico

20

00:01:17,830 --> 00:01:15,680

yes one of the things that emerged from

21

00:01:21,990 --> 00:01:17,840

the efforts of mellon

22

00:01:25,030 --> 00:01:22,000

on the hill he briefed uh

23

00:01:26,310 --> 00:01:25,040

the then chair of the senate intel

24

00:01:28,469 --> 00:01:26,320

committee which was uh

25

00:01:29,910 --> 00:01:28,479

marco rubio and also the ranking member

26

00:01:32,069 --> 00:01:29,920

mark warner mark warner

27

00:01:34,069 --> 00:01:32,079

it made it acknowledge that he had been

28

00:01:35,510 --> 00:01:34,079

briefed that's all

29

00:01:37,990 --> 00:01:35,520

we didn't hear anything from mark rubio

30

00:01:41,670 --> 00:01:38,000

until marco rubio

31

00:01:44,069 --> 00:01:41,680

until uh he did something pretty

32

00:01:46,870 --> 00:01:44,079

interesting he

33

00:01:48,710 --> 00:01:46,880

and i do not know to what extent mellon

34

00:01:50,630 --> 00:01:48,720

and or mark warner

35

00:01:52,069 --> 00:01:50,640

participated in this but he made the

36

00:01:54,149 --> 00:01:52,079

decision to put some language

37

00:01:56,630 --> 00:01:54,159

in the defense intelligence

38

00:01:58,230 --> 00:01:56,640

appropriations bill

39

00:01:59,910 --> 00:01:58,240

i say language it's in the comments

40

00:02:02,310 --> 00:01:59,920

section it's a request it's not a

41

00:02:05,109 --> 00:02:02,320

it's not a law it's a request but it's a

42

00:02:09,270 --> 00:02:05,119

request from a very powerful committee

43

00:02:12,630 --> 00:02:09,280

that and they targeted the very recently

44

00:02:15,830 --> 00:02:12,640

created for the purpose i think uh

45

00:02:18,949 --> 00:02:15,840

uap task force at the uh

46

00:02:21,190 --> 00:02:18,959

at the uh office of naval intelligence

47

00:02:23,510 --> 00:02:21,200

on i

48

00:02:25,270 --> 00:02:23,520

that the o and i as well as other

49

00:02:28,309 --> 00:02:25,280

agencies as needed

50

00:02:31,509 --> 00:02:28,319

would provide a report back to congress

51  
00:02:31,830 --> 00:02:31,519  
about a number of things i can bring up

52  
00:02:35,030 --> 00:02:31,840  
the

53  
00:02:36,710 --> 00:02:35,040  
something if you want

54  
00:02:39,589 --> 00:02:36,720  
if you've got it handy that would be

55  
00:02:43,110 --> 00:02:39,599  
great yeah i can do that

56  
00:02:44,710 --> 00:02:43,120  
a number a range of things and provide

57  
00:02:46,869 --> 00:02:44,720  
that to the senate intelligence

58  
00:02:50,150 --> 00:02:46,879  
committee

59  
00:02:54,630 --> 00:02:50,160  
no later than 180 days after the bill

60  
00:02:58,390 --> 00:02:54,640  
was signed this was

61  
00:03:00,949 --> 00:02:58,400  
a pretty clever move on the part of

62  
00:03:02,390 --> 00:03:00,959  
marco rubio by doing this he literally

63  
00:03:03,750 --> 00:03:02,400

put himself right out in front of the

64

00:03:04,949 --> 00:03:03,760

issue

65

00:03:08,070 --> 00:03:04,959

everybody else has been working on this

66

00:03:09,910 --> 00:03:08,080

for decades marco rubio

67

00:03:11,750 --> 00:03:09,920

at the almost near the end of the whole

68

00:03:12,550 --> 00:03:11,760

process jumped out in front that's good

69

00:03:16,149 --> 00:03:12,560

that's okay

70

00:03:17,430 --> 00:03:16,159

no problem uh and he did it a clever way

71

00:03:20,309 --> 00:03:17,440

because he knew that it was going to

72

00:03:22,229 --> 00:03:20,319

take months before bill got signed

73

00:03:24,149 --> 00:03:22,239

and then 180 days after that would be

74

00:03:27,509 --> 00:03:24,159

well into 2021

75

00:03:33,990 --> 00:03:30,869

and things were calmed down

76

00:03:36,229 --> 00:03:34,000

so he there was plenty of time

77

00:03:37,430 --> 00:03:36,239

and he wasn't running for congress he

78

00:03:40,470 --> 00:03:37,440

wasn't running for senate rather

79

00:03:43,110 --> 00:03:40,480

in 2020 so he was safe so this is a very

80

00:03:45,190 --> 00:03:43,120

safe maneuver on the part of marco rubio

81

00:03:46,470 --> 00:03:45,200

and interesting so it generated a lot of

82

00:03:51,190 --> 00:03:46,480

press

83

00:03:55,429 --> 00:03:51,200

a lot of interest for me

84

00:03:59,750 --> 00:03:55,439

it was simply more confirmation

85

00:04:01,509 --> 00:03:59,760

that the hearing process is where this

86

00:04:05,509 --> 00:04:01,519

is all going

87

00:04:07,509 --> 00:04:05,519

right strong confirmation because

88

00:04:09,350 --> 00:04:07,519

uh reports and information from

89

00:04:12,789 --> 00:04:09,360

committees

90

00:04:15,589 --> 00:04:12,799

is exactly what

91

00:04:17,590 --> 00:04:15,599

you need and want for congressional

92

00:04:19,110 --> 00:04:17,600

hearings to be comprehensive

93

00:04:21,189 --> 00:04:19,120

and it's not just witnesses but if you

94

00:04:24,150 --> 00:04:21,199

can get reports and so forth from

95

00:04:24,870 --> 00:04:24,160

relative committees or other agencies

96

00:04:26,870 --> 00:04:24,880

that is that's

97

00:04:29,749 --> 00:04:26,880

that's what you want so this was

98

00:04:31,909 --> 00:04:29,759

basically confirming to me yeah

99

00:04:32,950 --> 00:04:31,919

hearings are coming that's why i can say

100

00:04:34,870 --> 00:04:32,960

it with such a

101  
00:04:36,870 --> 00:04:34,880  
strong sense of certainty though there's

102  
00:04:39,590 --> 00:04:36,880  
not there's no such thing as absolute

103  
00:04:44,150 --> 00:04:42,629  
and as it happens the bill wasn't signed

104  
00:04:46,870 --> 00:04:44,160  
until very late in the year in the dead

105  
00:04:48,790 --> 00:04:46,880  
the deadline the quote deadline 180 days

106  
00:04:53,030 --> 00:04:48,800  
remember this is not a law

107  
00:04:57,430 --> 00:04:53,040  
this is a request uh

108  
00:05:01,270 --> 00:04:57,440  
was uh mid-june okay

109  
00:05:03,510 --> 00:05:01,280  
so it that that

110  
00:05:05,909 --> 00:05:03,520  
has given one of the good things about

111  
00:05:09,670 --> 00:05:05,919  
that is it gave

112  
00:05:12,230 --> 00:05:09,680  
the media an absolute perfect excuse

113  
00:05:13,830 --> 00:05:12,240

to write up stuff and there was there

114

00:05:16,550 --> 00:05:13,840

was no editor that was going to say

115

00:05:18,629 --> 00:05:16,560

oh no it's not appropriate to write up

116

00:05:22,310 --> 00:05:18,639

about this

117

00:05:23,909 --> 00:05:22,320

this potential report and in general it

118

00:05:25,590 --> 00:05:23,919

made it easier to again write up about

119

00:05:26,150 --> 00:05:25,600

the issue itself anything else that was

120

00:05:29,430 --> 00:05:26,160

happening

121

00:05:30,230 --> 00:05:29,440

the amount of media coverage on all of

122

00:05:31,670 --> 00:05:30,240

this

123

00:05:35,430 --> 00:05:31,680

that i've been talking about that's been

124

00:05:39,430 --> 00:05:35,440

going on for three years is is huge

125

00:05:42,550 --> 00:05:39,440

huge um and i'll get back to that

126

00:05:43,350 --> 00:05:42,560

so just to give you an idea the

127

00:05:45,430 --> 00:05:43,360

committee

128

00:05:46,710 --> 00:05:45,440

here's the language from the bill just a

129

00:05:48,150 --> 00:05:46,720

little bit the committee supports the

130

00:05:49,909 --> 00:05:48,160

efforts of the unidentified

131

00:05:51,749 --> 00:05:49,919

aerophenomena task force

132

00:05:53,110 --> 00:05:51,759

which had been just set up in other

133

00:05:55,990 --> 00:05:53,120

words

134

00:05:56,710 --> 00:05:56,000

and there was this is not think of this

135

00:05:59,110 --> 00:05:56,720

as chess

136

00:06:00,870 --> 00:05:59,120

okay move here or move there come

137

00:06:01,510 --> 00:06:00,880

together whatever it's a chess game

138

00:06:05,110 --> 00:06:01,520

under play

139

00:06:06,790 --> 00:06:05,120

uh unfolding uh of the office of naval

140

00:06:08,230 --> 00:06:06,800

intelligence to standardize collection

141

00:06:10,950 --> 00:06:08,240

and reporting on unidentified aerial

142

00:06:14,469 --> 00:06:13,029

any and any links they have to

143

00:06:16,390 --> 00:06:14,479

adversarial government

144

00:06:18,070 --> 00:06:16,400

foreign governments national security

145

00:06:18,790 --> 00:06:18,080

and the threat they pose to us military

146

00:06:21,510 --> 00:06:18,800

assets and

147

00:06:24,150 --> 00:06:21,520

installations national security and the

148

00:06:26,309 --> 00:06:24,160

things they ask for

149

00:06:28,550 --> 00:06:26,319

detailed analysis of unidentified aerial

150

00:06:30,390 --> 00:06:28,560

phenomena data

151  
00:06:33,909 --> 00:06:30,400  
and intelli by the way here's one of the

152  
00:06:34,790 --> 00:06:33,919  
reasons why uap was extremely important

153  
00:06:37,749 --> 00:06:34,800  
to move to

154  
00:06:39,909 --> 00:06:37,759  
get out for ufo is because they don't

155  
00:06:43,029 --> 00:06:39,919  
have to say ufo here i assure you

156  
00:06:45,029 --> 00:06:43,039  
nobody wants to put ufo in a defense

157  
00:06:46,469 --> 00:06:45,039  
intelligence appropriation bill

158  
00:06:48,629 --> 00:06:46,479  
now they can say unidentified

159  
00:06:50,070 --> 00:06:48,639  
aerophenomenon data and intelligence

160  
00:06:51,670 --> 00:06:50,080  
reporting collected or held by the

161  
00:06:53,350 --> 00:06:51,680  
office of naval intelligence including

162  
00:06:55,430 --> 00:06:53,360  
data and intelligence reporting

163  
00:06:56,629 --> 00:06:55,440

held by the unidentified aerophenomena

164

00:06:58,870 --> 00:06:56,639

test

165

00:07:00,070 --> 00:06:58,880

a detailed analysis of unidentified

166

00:07:03,110 --> 00:07:00,080

phenomena

167

00:07:05,189 --> 00:07:03,120

a detailed analysis of data of the fbi

168

00:07:07,110 --> 00:07:05,199

a detailed description of an interagency

169

00:07:08,309 --> 00:07:07,120

process for ensuring timely data

170

00:07:11,270 --> 00:07:08,319

collection

171

00:07:12,950 --> 00:07:11,280

identification of an official

172

00:07:14,070 --> 00:07:12,960

accountable process described in

173

00:07:15,749 --> 00:07:14,080

paragraph four

174

00:07:17,189 --> 00:07:15,759

identification of any incidents or

175

00:07:18,870 --> 00:07:17,199

patterns that indicate a potential

176

00:07:21,670 --> 00:07:18,880

adversary

177

00:07:23,189 --> 00:07:21,680

all right that's what he put in there

178

00:07:27,830 --> 00:07:23,199

very good

179

00:07:32,390 --> 00:07:27,840

so that

180

00:07:38,150 --> 00:07:36,230

so the question was is

181

00:07:40,629 --> 00:07:38,160

what will they deliver and when will

182

00:07:44,869 --> 00:07:40,639

they deliver it

183

00:07:48,469 --> 00:07:44,879

now for me that's extremely important

184

00:07:52,230 --> 00:07:48,479

and it gets to be complicated

185

00:07:55,749 --> 00:07:52,240

for one thing the

186

00:07:58,070 --> 00:07:55,759

the delivery of this report is also

187

00:07:59,990 --> 00:07:58,080

somewhat impacted by those variables

188

00:08:03,909 --> 00:08:00,000

that i told you about

189

00:08:07,270 --> 00:08:03,919

attacks on the capital building

190

00:08:08,550 --> 00:08:07,280

a massive new surge of covid the vaccine

191

00:08:10,469 --> 00:08:08,560

schedule

192

00:08:11,990 --> 00:08:10,479

and hopefully nobody in congress

193

00:08:14,230 --> 00:08:12,000

shooting another member

194

00:08:16,070 --> 00:08:14,240

of congress on the house or senate floor

195

00:08:19,589 --> 00:08:16,080

things like that

196

00:08:21,830 --> 00:08:19,599

and that could delay it and understand

197

00:08:24,469 --> 00:08:21,840

extending it is trivial

198

00:08:25,350 --> 00:08:24,479

all mark rubio has to do is say i extend

199

00:08:32,949 --> 00:08:25,360

it

200

00:08:34,630 --> 00:08:32,959

report is there now there's a great deal

201

00:08:38,829 --> 00:08:34,640

of anticipation

202

00:08:42,389 --> 00:08:38,839

and so not surprisingly lou elizondo

203

00:08:44,710 --> 00:08:42,399

and le to a lesser degree chris mellon

204

00:08:45,990 --> 00:08:44,720

and recently i believe even marco rubio

205

00:08:48,470 --> 00:08:46,000

have raised the specter

206

00:08:49,030 --> 00:08:48,480

of possibly extending it and that's

207

00:08:52,710 --> 00:08:49,040

that's

208

00:08:55,030 --> 00:08:52,720

because look this report is now

209

00:08:56,310 --> 00:08:55,040

being written about all over the world

210

00:08:58,070 --> 00:08:56,320

and so if it's going to have to be

211

00:08:59,509 --> 00:08:58,080

extended you'd better give some notice

212

00:09:00,630 --> 00:08:59,519

that that could happen

213

00:09:03,430 --> 00:09:00,640

or you're going to have a whole lot of

214

00:09:06,070 --> 00:09:03,440

unhappy civilians on your hands here

215

00:09:07,430 --> 00:09:06,080

and so they're lowering expectations i

216

00:09:09,110 --> 00:09:07,440

get that

217

00:09:11,990 --> 00:09:09,120

all right if it gets extended i'm not

218

00:09:15,350 --> 00:09:12,000

going to be heartbroken

219

00:09:18,150 --> 00:09:15,360

but understand and this is something

220

00:09:19,590 --> 00:09:18,160

i repeat over and over again for those

221

00:09:24,070 --> 00:09:19,600

of you

222

00:09:25,030 --> 00:09:24,080

chair because this report might spill

223

00:09:27,190 --> 00:09:25,040

the goods

224

00:09:30,230 --> 00:09:27,200

this is going to be it all right they're

225

00:09:33,430 --> 00:09:30,240

going to deliver this or deliver that

226

00:09:35,030 --> 00:09:33,440

you have to understand that

227

00:09:37,430 --> 00:09:35,040

elements within the united states

228

00:09:40,710 --> 00:09:37,440

government people

229

00:09:42,790 --> 00:09:40,720

who have the need to know and well

230

00:09:44,949 --> 00:09:42,800

as well as many others who figured it

231

00:09:46,949 --> 00:09:44,959

out or been tipped off privately

232

00:09:48,230 --> 00:09:46,959

have known about the extraterrestrial

233

00:09:51,829 --> 00:09:48,240

presence since

234

00:09:54,949 --> 00:09:51,839

no later than 1947.

235

00:09:57,190 --> 00:09:54,959

they've known about it for 75 years

236

00:09:58,310 --> 00:09:57,200

they have massively investigated they

237

00:09:59,990 --> 00:09:58,320

have all kinds

238

00:10:01,670 --> 00:10:00,000

of unacknowledged special access

239

00:10:04,150 --> 00:10:01,680

programs addressing it

240

00:10:05,030 --> 00:10:04,160

and the technology and the crash

241

00:10:08,310 --> 00:10:05,040

vehicles

242

00:10:11,670 --> 00:10:08,320

for 75 years

243

00:10:12,710 --> 00:10:11,680

okay and this is true of the canadian

244

00:10:20,470 --> 00:10:12,720

government

245

00:10:22,389 --> 00:10:20,480

and on and on and

246

00:10:24,790 --> 00:10:22,399

probably because of the turmoil maybe a

247

00:10:27,910 --> 00:10:24,800

little later but the soviet government

248

00:10:32,949 --> 00:10:27,920

and the chinese government so

249

00:10:34,069 --> 00:10:32,959

ken keep that in mind more importantly

250

00:10:36,069 --> 00:10:34,079

all of these governments but

251

00:10:39,829 --> 00:10:36,079

particularly the united states

252

00:10:42,310 --> 00:10:39,839

has a 70-year track record of lying

253

00:10:43,829 --> 00:10:42,320

refusing to giving up materially hiding

254

00:10:46,949 --> 00:10:43,839

hiding documents

255

00:10:48,870 --> 00:10:46,959

lying stonewalling misrepresenting and

256

00:10:52,150 --> 00:10:48,880

so forth

257

00:10:53,910 --> 00:10:52,160

and so to assume that this report is

258

00:10:57,750 --> 00:10:53,920

going to be groundbreaking

259

00:10:58,710 --> 00:10:57,760

would be uncautious there are people

260

00:11:02,470 --> 00:10:58,720

inside our

261

00:11:05,670 --> 00:11:02,480

military intelligence community

262

00:11:07,509 --> 00:11:05,680

who oppose this i guarantee it

263

00:11:09,190 --> 00:11:07,519

they they they didn't want to see the

264

00:11:10,389 --> 00:11:09,200

ttsa come out

265

00:11:12,630 --> 00:11:10,399

they didn't want to see any of this

266

00:11:13,829 --> 00:11:12,640

happen they want they are committed to

267

00:11:16,230 --> 00:11:13,839

this truth embargo

268

00:11:17,750 --> 00:11:16,240

remains forever for at least as long as

269

00:11:19,350 --> 00:11:17,760

they're alive

270

00:11:21,030 --> 00:11:19,360

and you're not i'm not just a couple of

271

00:11:23,350 --> 00:11:21,040

people i'm talking there's substantial

272

00:11:25,430 --> 00:11:23,360

opposition and there has been plenty of

273

00:11:26,230 --> 00:11:25,440

time for the opposition to maneuver its

274

00:11:28,710 --> 00:11:26,240

way

275

00:11:30,230 --> 00:11:28,720

to a place where they could scotch this

276

00:11:34,150 --> 00:11:30,240

report or

277

00:11:36,630 --> 00:11:34,160

make it a nothing burger so

278

00:11:37,670 --> 00:11:36,640

that has to be taken into consideration

279

00:11:39,829 --> 00:11:37,680

now

280

00:11:41,590 --> 00:11:39,839

the more coverage the more people get

281

00:11:43,110 --> 00:11:41,600

excited the more activism there's lots

282

00:11:43,829 --> 00:11:43,120

of it bubbling up in facebook and

283

00:11:46,069 --> 00:11:43,839

twitter

284

00:11:48,069 --> 00:11:46,079

i'm getting calls and so forth the more

285

00:11:50,389 --> 00:11:48,079

press coverage

286

00:11:52,949 --> 00:11:50,399

uh a little more difficult for them to

287

00:11:56,710 --> 00:11:52,959

serve up that nothing burger

288

00:11:59,829 --> 00:11:56,720

so any delay though it

289

00:12:04,949 --> 00:11:59,839

puts at risk a report that will be

290

00:12:07,509 --> 00:12:04,959

construct helpful but i assure you

291

00:12:09,509 --> 00:12:07,519

they will deliver up what they want to

292

00:12:10,870 --> 00:12:09,519

deliver up

293

00:12:12,949 --> 00:12:10,880

the government when it comes to

294

00:12:15,670 --> 00:12:12,959

government uaps

295

00:12:16,310 --> 00:12:15,680

you can file 10 000 foias you're only

296

00:12:18,870 --> 00:12:16,320

going to get

297

00:12:20,710 --> 00:12:18,880

what they want you to have no matter how

298

00:12:23,829 --> 00:12:20,720

many times you sue

299

00:12:25,670 --> 00:12:23,839

and uh or tell you there's nothing there

300

00:12:26,389 --> 00:12:25,680

period this is classified at the highest

301  
00:12:29,829 --> 00:12:26,399  
level

302  
00:12:33,110 --> 00:12:29,839  
and so they are not necessarily going to

303  
00:12:36,470 --> 00:12:33,120  
deliver up anything meaningful but

304  
00:12:39,990 --> 00:12:36,480  
i assure you that the people

305  
00:12:41,670 --> 00:12:40,000  
on the other end of that senate request

306  
00:12:44,069 --> 00:12:41,680  
at the o and i and probably and

307  
00:12:45,750 --> 00:12:44,079  
elsewhere dod and so forth

308  
00:12:48,870 --> 00:12:45,760  
they are aware of the congressional

309  
00:12:57,110 --> 00:12:53,190  
absolutely aware and so they know

310  
00:13:00,310 --> 00:12:57,120  
that this report is going to be

311  
00:13:02,790 --> 00:13:00,320  
a factor in those hearings

312  
00:13:03,350 --> 00:13:02,800  
unless they deliver a massive nothing

313  
00:13:05,910 --> 00:13:03,360

burger

314

00:13:06,550 --> 00:13:05,920

which is something i worry about that

315

00:13:08,389 --> 00:13:06,560

then gives

316

00:13:10,389 --> 00:13:08,399

every member of congress the excuse to

317

00:13:11,910 --> 00:13:10,399

go hearings we don't need hearings

318

00:13:14,949 --> 00:13:11,920

hey we got the report that was requested

319

00:13:16,949 --> 00:13:14,959

by uh marco rubio there's nothing there

320

00:13:19,110 --> 00:13:16,959

but we always knew that there's no et's

321

00:13:21,590 --> 00:13:19,120

it's just a misunderstanding

322

00:13:23,190 --> 00:13:21,600

or or more importantly simply i haven't

323

00:13:24,949 --> 00:13:23,200

got the guts to do this and you just

324

00:13:25,509 --> 00:13:24,959

give me an excuse to go hide under my

325

00:13:28,550 --> 00:13:25,519

desk

326

00:13:30,550 --> 00:13:28,560

much

327

00:13:32,230 --> 00:13:30,560

i worry about that but i'm less thinking

328

00:13:33,430 --> 00:13:32,240

that's going to happen and so they know

329

00:13:36,389 --> 00:13:33,440

that

330

00:13:37,670 --> 00:13:36,399

they whatever they deliver and it's not

331

00:13:41,030 --> 00:13:37,680

going to be

332

00:13:44,230 --> 00:13:41,040

four glass containers holding the dead

333

00:13:48,310 --> 00:13:44,240

aliens from roswell i can assure you

334

00:13:50,069 --> 00:13:48,320

whatever they deliver will be sufficient

335

00:13:51,350 --> 00:13:50,079

to be a constructive part of those

336

00:13:55,110 --> 00:13:51,360

hearings and

337

00:13:57,750 --> 00:13:55,120

will make them look good

338

00:13:59,189 --> 00:13:57,760

meaning hey we helped here's what we got

339

00:13:59,670 --> 00:13:59,199

maybe we can get more you know i mean

340

00:14:01,110 --> 00:13:59,680

it's a

341

00:14:03,110 --> 00:14:01,120

big subject there's a whole lot of

342

00:14:04,470 --> 00:14:03,120

programs and so forth but

343

00:14:06,870 --> 00:14:04,480

we've helped and that that's a win for

344

00:14:10,230 --> 00:14:06,880

them and so again that's

345

00:14:16,949 --> 00:14:14,150

um so if

346

00:14:20,069 --> 00:14:16,959

if they report deadline is formally

347

00:14:21,670 --> 00:14:20,079

expected formally extended

348

00:14:23,269 --> 00:14:21,680

and it better be for a specific amount

349

00:14:24,629 --> 00:14:23,279

of time if they make it indefinitely

350

00:14:27,269 --> 00:14:24,639

well then i'm just going to get more and

351

00:14:30,550 --> 00:14:27,279

more nasty and

352

00:14:32,949 --> 00:14:30,560

vocal but if this extended say for

353

00:14:37,110 --> 00:14:32,959

another two months

354

00:14:39,269 --> 00:14:37,120

then that is a very good indicator

355

00:14:41,990 --> 00:14:39,279

that the time frame for hearings has

356

00:14:43,590 --> 00:14:42,000

been obviously clearly pushed forward

357

00:14:45,350 --> 00:14:43,600

uh and then we can maybe guess about

358

00:14:48,949 --> 00:14:45,360

when it's going to happen

359

00:14:51,269 --> 00:14:48,959

this summer certainly is right uh

360

00:14:53,430 --> 00:14:51,279

it's perfectly fine so let's hope that

361

00:14:54,949 --> 00:14:53,440

that happens but

362

00:14:57,910 --> 00:14:54,959

now let me get into the reasons why

363

00:14:59,430 --> 00:14:57,920

these hearings can't be delayed too much

364

00:15:00,790 --> 00:14:59,440

there are some very powerful reasons for

365

00:15:04,870 --> 00:15:00,800

that

366

00:15:08,949 --> 00:15:04,880

um here's the first one

367

00:15:10,470 --> 00:15:08,959

and this is my this is i'm i'm

368

00:15:12,389 --> 00:15:10,480

saying this for the benefit of the

369

00:15:16,150 --> 00:15:12,399

current president biden

370

00:15:17,509 --> 00:15:16,160

who lives just two blocks more on that

371

00:15:19,829 --> 00:15:17,519

yeah i'm just two blocks from the white

372

00:15:23,750 --> 00:15:19,839

house my office if they ever need me i

373

00:15:28,150 --> 00:15:26,470

every day that goes by and by the

374

00:15:30,550 --> 00:15:28,160

administration

375

00:15:33,110 --> 00:15:30,560

president biden starts to own the truth

376

00:15:36,150 --> 00:15:33,120

embargo

377

00:15:39,509 --> 00:15:36,160

every single day

378

00:15:42,230 --> 00:15:39,519

too many people know too much too many

379

00:15:44,230 --> 00:15:42,240

people have figured out it's all true

380

00:15:46,710 --> 00:15:44,240

too many people have know that the

381

00:15:51,269 --> 00:15:46,720

government has known about this since

382

00:15:53,990 --> 00:15:51,279

since uh roswell and joe biden has been

383

00:15:55,670 --> 00:15:54,000

in washington dc at the height of

384

00:15:58,150 --> 00:15:55,680

government for 47 years

385

00:15:59,350 --> 00:15:58,160

or 50 seconds 47 at least might be 57

386

00:16:01,910 --> 00:15:59,360

years

387

00:16:03,269 --> 00:16:01,920

by administration vice president knew

388

00:16:04,389 --> 00:16:03,279

the clintons very well worked with them

389

00:16:06,629 --> 00:16:04,399

not just

390

00:16:08,629 --> 00:16:06,639

he's been there a long time and so every

391

00:16:12,150 --> 00:16:08,639

day that goes by

392

00:16:14,949 --> 00:16:12,160

this becomes his truth embargo

393

00:16:16,150 --> 00:16:14,959

uh just like it was trump's truth

394

00:16:21,590 --> 00:16:16,160

embargo

395

00:16:23,269 --> 00:16:21,600

and so every day that goes by he has to

396

00:16:26,949 --> 00:16:23,279

answer this basic question

397

00:16:27,990 --> 00:16:26,959

mr president why didn't you tell us this

398

00:16:31,350 --> 00:16:28,000

a month ago

399

00:16:32,470 --> 00:16:31,360

two months ago three months ago are you

400

00:16:35,590 --> 00:16:32,480

saying that you just

401  
00:16:35,990 --> 00:16:35,600  
figured it out you're think what you

402  
00:16:43,509 --> 00:16:36,000  
just

403  
00:16:44,790 --> 00:16:43,519  
that is not helpful to his legacy

404  
00:16:46,550 --> 00:16:44,800  
he's going to have enough of a problem

405  
00:16:47,509 --> 00:16:46,560  
anyway because people

406  
00:16:49,269 --> 00:16:47,519  
other they're going to be people are

407  
00:16:50,949 --> 00:16:49,279  
going to say joe you you've been in

408  
00:16:52,710 --> 00:16:50,959  
government for 47 years you didn't know

409  
00:16:53,829 --> 00:16:52,720  
that something was going on there

410  
00:16:55,350 --> 00:16:53,839  
you weren't aware of it you didn't know

411  
00:16:55,749 --> 00:16:55,360  
about the clintons podesta all that

412  
00:16:58,870 --> 00:16:55,759  
stuff

413  
00:17:01,670 --> 00:16:58,880

just weren't paying attention but

414

00:17:02,389 --> 00:17:01,680

the sooner he gets it done the sooner

415

00:17:03,829 --> 00:17:02,399

he's the hero

416

00:17:06,870 --> 00:17:03,839

the sooner those questions are less

417

00:17:10,069 --> 00:17:06,880

important so that's one reason

418

00:17:13,590 --> 00:17:10,079

he does not want to become than just

419

00:17:15,590 --> 00:17:13,600

the current latest in addition of long

420

00:17:16,630 --> 00:17:15,600

string of just of of disclosure

421

00:17:19,590 --> 00:17:16,640

presidents

422

00:17:21,270 --> 00:17:19,600

second reason is this president is

423

00:17:24,549 --> 00:17:21,280

facing a situation in the country

424

00:17:26,630 --> 00:17:24,559

comparable to fdr in 1933. he's got

425

00:17:31,590 --> 00:17:26,640

problems that

426

00:17:34,950 --> 00:17:31,600

that frankly i that would crush many

427

00:17:36,950 --> 00:17:34,960

and and the way you solve problems in

428

00:17:38,470 --> 00:17:36,960

in washington particularly if you're the

429

00:17:40,470 --> 00:17:38,480

executive

430

00:17:41,990 --> 00:17:40,480

is you spend political capital you have

431

00:17:43,110 --> 00:17:42,000

x amount of political capital and you

432

00:17:44,549 --> 00:17:43,120

start spending it

433

00:17:46,230 --> 00:17:44,559

and you get this done and you get that

434

00:17:48,630 --> 00:17:46,240

done and if what you do

435

00:17:49,430 --> 00:17:48,640

has benefits and is well received you're

436

00:17:51,270 --> 00:17:49,440

given some

437

00:17:53,510 --> 00:17:51,280

extra capital bonus capital and you can

438

00:17:56,870 --> 00:17:53,520

spend that and but if you ever run out

439

00:17:59,909 --> 00:17:56,880

of capital you're dead in the water

440

00:18:01,909 --> 00:17:59,919

turn the light out go home

441

00:18:03,990 --> 00:18:01,919

so the amount of political capital he

442

00:18:07,510 --> 00:18:04,000

needs to deal with the problems we face

443

00:18:09,430 --> 00:18:07,520

is big it's huge and what could be more

444

00:18:14,310 --> 00:18:09,440

symbolic than that

445

00:18:17,990 --> 00:18:14,320

than a three trillion dollar

446

00:18:20,549 --> 00:18:18,000

uh additional uh support bill

447

00:18:22,150 --> 00:18:20,559

covet bill followed by another two

448

00:18:22,630 --> 00:18:22,160

trillion dollar infrastructure bill i

449

00:18:24,789 --> 00:18:22,640

mean

450

00:18:26,789 --> 00:18:24,799

so just on the shared basis of money

451  
00:18:29,270 --> 00:18:26,799  
he's saying we have to spend

452  
00:18:30,549 --> 00:18:29,280  
huge amounts of money in order to solve

453  
00:18:31,830 --> 00:18:30,559  
these problems and deal with these

454  
00:18:33,669 --> 00:18:31,840  
issues

455  
00:18:35,430 --> 00:18:33,679  
but every one of those dollars is part

456  
00:18:37,750 --> 00:18:35,440  
of his political capital

457  
00:18:39,669 --> 00:18:37,760  
so he is he is suggesting spending five

458  
00:18:41,350 --> 00:18:39,679  
trillion dollars in my political capital

459  
00:18:42,950 --> 00:18:41,360  
i assure you if he doesn't get a return

460  
00:18:45,029 --> 00:18:42,960  
on investment

461  
00:18:46,870 --> 00:18:45,039  
he's done he's going to have a really

462  
00:18:51,270 --> 00:18:46,880  
big problem on his hands

463  
00:18:54,830 --> 00:18:51,280

so he needs all the help he can get well

464

00:18:56,390 --> 00:18:54,840

let me be frank the president or the

465

00:18:58,950 --> 00:18:56,400

executive

466

00:19:00,870 --> 00:18:58,960

who confirms the extraterrestrial

467

00:19:03,110 --> 00:19:00,880

presence to the world's people

468

00:19:04,230 --> 00:19:03,120

the first one not the third one or the

469

00:19:07,350 --> 00:19:04,240

fifth one

470

00:19:09,510 --> 00:19:07,360

the first one will achieve

471

00:19:10,710 --> 00:19:09,520

perhaps the greatest political legacy in

472

00:19:14,070 --> 00:19:10,720

history

473

00:19:16,390 --> 00:19:14,080

and a huge deposit in their political

474

00:19:18,310 --> 00:19:16,400

capital bank

475

00:19:20,710 --> 00:19:18,320

biden could then use that political

476

00:19:21,909 --> 00:19:20,720

capital to help solve these other

477

00:19:23,430 --> 00:19:21,919

problems

478

00:19:25,430 --> 00:19:23,440

the other issues that we have to deal

479

00:19:29,110 --> 00:19:25,440

with so that's the second reason

480

00:19:30,870 --> 00:19:29,120

the third reason is that

481

00:19:32,390 --> 00:19:30,880

this process has been going on a long

482

00:19:33,990 --> 00:19:32,400

time

483

00:19:37,669 --> 00:19:34,000

and the fact that we're kind of moving

484

00:19:39,590 --> 00:19:37,679

for hearings is not a secret anymore

485

00:19:40,870 --> 00:19:39,600

the fact that i pretty much know it i

486

00:19:43,909 --> 00:19:40,880

assure you every top

487

00:19:46,470 --> 00:19:43,919

intel operation in the world knows it

488

00:19:49,430 --> 00:19:46,480

and that includes russia and china hell

489

00:19:53,590 --> 00:19:49,440

china probably hacked the emails already

490

00:19:54,390 --> 00:19:53,600

so so so it's a it's a slow process it

491

00:19:58,549 --> 00:19:54,400

may take months

492

00:20:01,029 --> 00:19:58,559

what does that mean it means that

493

00:20:02,789 --> 00:20:01,039

the autocratic president of china the

494

00:20:04,630 --> 00:20:02,799

autocratic president of russia

495

00:20:06,070 --> 00:20:04,640

has all the time they want to

496

00:20:09,909 --> 00:20:06,080

contemplate this

497

00:20:12,230 --> 00:20:09,919

and decide ah america

498

00:20:14,070 --> 00:20:12,240

and president boyden they are

499

00:20:16,950 --> 00:20:14,080

approaching the finish line

500

00:20:17,990 --> 00:20:16,960

to win first place get the ribbon i

501  
00:20:19,270 --> 00:20:18,000  
think i'll just hold the press

502  
00:20:21,669 --> 00:20:19,280  
conference and make the announcement

503  
00:20:24,549 --> 00:20:21,679  
myself i don't need to have a hearing

504  
00:20:25,590 --> 00:20:24,559  
i don't need anything and so i will tell

505  
00:20:27,590 --> 00:20:25,600  
the world

506  
00:20:29,590 --> 00:20:27,600  
the extraterrestrials presence is real

507  
00:20:31,510 --> 00:20:29,600  
back it up with a lot of really

508  
00:20:33,430 --> 00:20:31,520  
quality a number one evidence which we

509  
00:20:36,230 --> 00:20:33,440  
will provide to the media

510  
00:20:37,909 --> 00:20:36,240  
and i will get that political legacy i

511  
00:20:40,149 --> 00:20:37,919  
will snatch it right out from under

512  
00:20:43,029 --> 00:20:40,159  
president biden's nose

513  
00:20:43,909 --> 00:20:43,039

so the longer this takes the more likely

514

00:20:47,190 --> 00:20:43,919

one of those

515

00:20:50,789 --> 00:20:47,200

heads of state could do that

516

00:20:53,909 --> 00:20:50,799

and i assure you that would not be

517

00:20:56,549 --> 00:20:53,919

good that would be bad for america not

518

00:20:59,430 --> 00:20:56,559

necessarily bad for the whole planet

519

00:21:00,149 --> 00:20:59,440

not necessarily bad in the longer term

520

00:21:03,350 --> 00:21:00,159

short term

521

00:21:07,029 --> 00:21:03,360

bad bad all right

522

00:21:09,350 --> 00:21:07,039

so there's three very powerful reasons

523

00:21:10,710 --> 00:21:09,360

why it needs to happen earlier and there

524

00:21:11,909 --> 00:21:10,720

is one

525

00:21:15,990 --> 00:21:11,919

and then there's that one reason i

526

00:21:18,470 --> 00:21:16,000

mentioned if the hearings

527

00:21:21,029 --> 00:21:18,480

don't take if the hearings have not

528

00:21:23,350 --> 00:21:21,039

taken place before the report comes in

529

00:21:24,630 --> 00:21:23,360

which has now become this milestone

530

00:21:27,510 --> 00:21:24,640

event

531

00:21:28,789 --> 00:21:27,520

and that report is a nothing burger then

532

00:21:30,950 --> 00:21:28,799

it's possible that the congress will

533

00:21:32,549 --> 00:21:30,960

bail and we won't get the hearings

534

00:21:35,190 --> 00:21:32,559

in which all of this continues on

535

00:21:37,270 --> 00:21:35,200

forward into the 20

536

00:21:39,590 --> 00:21:37,280

21st century which unless we get

537

00:21:41,270 --> 00:21:39,600

disclosure frankly

538

00:21:42,950 --> 00:21:41,280

is one of the reasons i don't have

539

00:21:46,630 --> 00:21:42,960

children uh

540

00:21:48,950 --> 00:21:46,640

because it'll be a really awful time

541

00:21:50,070 --> 00:21:48,960

so um that gives you that gives you a

542

00:21:51,430 --> 00:21:50,080

sense of that

543

00:21:53,830 --> 00:21:51,440

absolutely that's a great question a

544

00:21:55,430 --> 00:21:53,840

great response uh the next question

545

00:21:57,430 --> 00:21:55,440

steve was from david

546

00:21:59,669 --> 00:21:57,440

and he wants to know why do you lean so

547

00:22:01,270 --> 00:21:59,679

heavily towards the et hypothesis

548

00:22:03,190 --> 00:22:01,280

disregarding others like

549

00:22:05,110 --> 00:22:03,200

interdimensional or time travel

550

00:22:08,950 --> 00:22:05,120

hypotheses

551  
00:22:12,549 --> 00:22:08,960  
hey it's it's like

552  
00:22:15,350 --> 00:22:12,559  
it's like everything in life we

553  
00:22:16,549 --> 00:22:15,360  
we see what we see and we have to make a

554  
00:22:19,190 --> 00:22:16,559  
decision

555  
00:22:20,470 --> 00:22:19,200  
about what we're going to do how we're

556  
00:22:21,990 --> 00:22:20,480  
going to act

557  
00:22:24,470 --> 00:22:22,000  
we're making decisions every minute of

558  
00:22:26,230 --> 00:22:24,480  
the day about what to do next what not

559  
00:22:29,590 --> 00:22:26,240  
to do next and and these decisions

560  
00:22:34,710 --> 00:22:29,600  
are influenced by our

561  
00:22:38,470 --> 00:22:34,720  
understanding of the world okay

562  
00:22:41,750 --> 00:22:38,480  
so and probability plays in

563  
00:22:44,390 --> 00:22:41,760

in into it all the time

564

00:22:45,510 --> 00:22:44,400

we're constantly making hard important

565

00:22:49,190 --> 00:22:45,520

decisions

566

00:22:50,950 --> 00:22:49,200

on probability we assess what's the

567

00:22:52,390 --> 00:22:50,960

likelihood that if i do this that's

568

00:22:53,750 --> 00:22:52,400

going to happen or if i do that that's

569

00:22:55,270 --> 00:22:53,760

going to happen

570

00:22:57,669 --> 00:22:55,280

and we do it all the time and we're it's

571

00:22:59,669 --> 00:22:57,679

built into it's wired into our brain

572

00:23:01,350 --> 00:22:59,679

and uh some people are better at it than

573

00:23:02,070 --> 00:23:01,360

others some people make unbelievably

574

00:23:04,630 --> 00:23:02,080

stupid

575

00:23:06,070 --> 00:23:04,640

mistakes that logically made no sense at

576

00:23:07,990 --> 00:23:06,080

all because not everybody has

577

00:23:10,710 --> 00:23:08,000

got the same wiring or the same

578

00:23:15,750 --> 00:23:10,720

education or gifts

579

00:23:21,510 --> 00:23:20,149

uh the uh skyscraper what's this guys

580

00:23:23,110 --> 00:23:21,520

what's that skyscraper in the united

581

00:23:23,750 --> 00:23:23,120

states the big one not the new one but

582

00:23:25,510 --> 00:23:23,760

the other one

583

00:23:28,470 --> 00:23:25,520

the empire state building and i'm up

584

00:23:32,230 --> 00:23:28,480

there on one of the platforms

585

00:23:33,190 --> 00:23:32,240

now i could have decided to jump off

586

00:23:38,789 --> 00:23:33,200

that

587

00:23:44,390 --> 00:23:38,799

possibility

588

00:23:48,230 --> 00:23:44,400

that gravity doesn't always apply

589

00:23:50,710 --> 00:23:48,240

or there's a possibility that i'm

590

00:23:52,549 --> 00:23:50,720

if i hold my arms out and glide that

591

00:23:53,269 --> 00:23:52,559

i'll just kind of glide on down and land

592

00:23:55,510 --> 00:23:53,279

somewhere on

593

00:23:56,549 --> 00:23:55,520

fifth avenue there's a possibility of

594

00:23:59,350 --> 00:23:56,559

that

595

00:24:01,990 --> 00:23:59,360

but the reason i don't jump off is

596

00:24:05,350 --> 00:24:02,000

because i know that that possibility is

597

00:24:06,950 --> 00:24:05,360

so low that it would be probably a grave

598

00:24:09,269 --> 00:24:06,960

mistake

599

00:24:09,990 --> 00:24:09,279

and this is also true in science all the

600

00:24:11,590 --> 00:24:10,000

time

601  
00:24:13,269 --> 00:24:11,600  
researchers are having to make decisions

602  
00:24:15,190 --> 00:24:13,279  
about which path to take with respect to

603  
00:24:16,950 --> 00:24:15,200  
a particular area of study

604  
00:24:18,710 --> 00:24:16,960  
and there will be three paths one of

605  
00:24:20,789 --> 00:24:18,720  
which will have a probability of

606  
00:24:22,390 --> 00:24:20,799  
ninety percent one will have a

607  
00:24:24,870 --> 00:24:22,400  
probability of three percent

608  
00:24:25,830 --> 00:24:24,880  
another two percent so i gotta bet the

609  
00:24:28,549 --> 00:24:25,840  
money and time

610  
00:24:30,470 --> 00:24:28,559  
in the two percent some might and it

611  
00:24:32,549 --> 00:24:30,480  
might pay off

612  
00:24:34,070 --> 00:24:32,559  
so this is how you have to go through

613  
00:24:36,789 --> 00:24:34,080

life

614

00:24:37,669 --> 00:24:36,799

and so and in this field it happens all

615

00:24:40,310 --> 00:24:37,679

the time

616

00:24:42,390 --> 00:24:40,320

what is the probability that this is a

617

00:24:45,430 --> 00:24:42,400

time travel event

618

00:24:47,750 --> 00:24:45,440

it is way less than one percent it may

619

00:24:50,149 --> 00:24:47,760

be less than one tenth of a percent

620

00:24:52,070 --> 00:24:50,159

it's not impossible but the nature of

621

00:24:52,789 --> 00:24:52,080

what we know about physics even now is

622

00:24:57,110 --> 00:24:52,799

such that

623

00:24:58,830 --> 00:24:57,120

time travel is extremely unlikely

624

00:25:01,510 --> 00:24:58,840

what's the possibilities of the

625

00:25:03,830 --> 00:25:01,520

dimensional

626  
00:25:05,510 --> 00:25:03,840  
all we know about other dimensions right

627  
00:25:09,909 --> 00:25:05,520  
now

628  
00:25:14,950 --> 00:25:09,919  
is confined to the area of mathematics

629  
00:25:18,070 --> 00:25:14,960  
and associated with certain theories

630  
00:25:20,149 --> 00:25:18,080  
mostly it's string theory so with the

631  
00:25:22,149 --> 00:25:20,159  
case of string theory

632  
00:25:24,950 --> 00:25:22,159  
when you try to work out the math to

633  
00:25:29,350 --> 00:25:24,960  
support the theory

634  
00:25:32,390 --> 00:25:29,360  
it turns out that the concept

635  
00:25:35,510 --> 00:25:32,400  
starts to make sense if in fact

636  
00:25:37,269 --> 00:25:35,520  
there is a reality is uh it varies the

637  
00:25:39,029 --> 00:25:37,279  
number of dimensions vary but say 11 11

638  
00:25:42,390 --> 00:25:39,039

dimensions

639

00:25:43,269 --> 00:25:42,400

in which eight of them are curled up in

640

00:25:46,549 --> 00:25:43,279

a tiny

641

00:25:50,549 --> 00:25:49,190

and because that is a legitimate area of

642

00:25:52,950 --> 00:25:50,559

discussion and was actually

643

00:25:54,870 --> 00:25:52,960

published and so forth people just went

644

00:25:59,350 --> 00:25:54,880

hog wild not to mention of course

645

00:26:03,830 --> 00:25:59,360

movies and things like that that's it

646

00:26:05,510 --> 00:26:03,840

and so the chances that there are

647

00:26:07,430 --> 00:26:05,520

other dimensions that people can pass in

648

00:26:10,470 --> 00:26:07,440

and out of

649

00:26:12,630 --> 00:26:10,480

is that they've been confirmed people

650

00:26:13,750 --> 00:26:12,640

people want to use talk about that i'm

651  
00:26:15,990 --> 00:26:13,760  
saying

652  
00:26:18,230 --> 00:26:16,000  
to the extent that there is evidence for

653  
00:26:19,830 --> 00:26:18,240  
that there is a hundred million times

654  
00:26:20,470 --> 00:26:19,840  
more evidence for the extraterrestrial

655  
00:26:23,510 --> 00:26:20,480  
presence

656  
00:26:26,230 --> 00:26:23,520  
so this is just very very unlikely and

657  
00:26:28,549 --> 00:26:26,240  
so i'm not going to invest time

658  
00:26:30,630 --> 00:26:28,559  
in exploring that option or basing any

659  
00:26:32,230 --> 00:26:30,640  
activism on that option

660  
00:26:33,669 --> 00:26:32,240  
i'm not going to track away from the

661  
00:26:35,269 --> 00:26:33,679  
massive evidence for the e.t

662  
00:26:36,870 --> 00:26:35,279  
presence of individuals from other

663  
00:26:38,470 --> 00:26:36,880

planets who are

664

00:26:40,549 --> 00:26:38,480

intelligent sentience and can build

665

00:26:42,070 --> 00:26:40,559

things i'm just not gonna waste time

666

00:26:45,430 --> 00:26:42,080

there

667

00:26:47,190 --> 00:26:45,440

others go no no no no i i saw i saw this

668

00:26:48,630 --> 00:26:47,200

movie and i saw that movie i've seen all

669

00:26:50,789 --> 00:26:48,640

these time travel movies and man i'm

670

00:26:54,230 --> 00:26:50,799

telling you it's got to be real

671

00:26:54,950 --> 00:26:54,240

they're movies you got the time study

672

00:26:59,190 --> 00:26:54,960

the science

673

00:27:02,310 --> 00:26:59,200

so no odds are incredibly low not likely

674

00:27:07,029 --> 00:27:02,320

you're going to have to settle from

675

00:27:08,870 --> 00:27:07,039

system to system uh intelligent beings

676  
00:27:10,549 --> 00:27:08,880  
who have found a work around the

677  
00:27:12,789 --> 00:27:10,559  
relativity issues

678  
00:27:13,909 --> 00:27:12,799  
so they could travel long distances

679  
00:27:18,630 --> 00:27:13,919  
there is only

680  
00:27:23,990 --> 00:27:18,640  
one way that is proven

681  
00:27:26,789 --> 00:27:24,000  
and known to quote move through time

682  
00:27:27,669 --> 00:27:26,799  
but it's not time travel but it is

683  
00:27:29,029 --> 00:27:27,679  
possible

684  
00:27:30,870 --> 00:27:29,039  
and it makes for a fascinating

685  
00:27:33,350 --> 00:27:30,880  
discussion about what some

686  
00:27:34,870 --> 00:27:33,360  
advanced extraterrestrial civilizations

687  
00:27:38,310 --> 00:27:34,880  
might do

688  
00:27:43,269 --> 00:27:41,590

almost certainly when an e.t travels

689

00:27:44,230 --> 00:27:43,279

from one system to another many light

690

00:27:47,190 --> 00:27:44,240

years

691

00:27:48,789 --> 00:27:47,200

and and say it's done in weeks there's

692

00:27:52,149 --> 00:27:48,799

no time dilation

693

00:27:54,389 --> 00:27:52,159

in other words they the

694

00:27:56,070 --> 00:27:54,399

the the et's they leave behind on their

695

00:27:57,430 --> 00:27:56,080

home planet are not going to age that

696

00:27:58,389 --> 00:27:57,440

much while they take a couple of week

697

00:28:01,269 --> 00:27:58,399

excursion

698

00:28:03,110 --> 00:28:01,279

to our solar system because of the work

699

00:28:05,830 --> 00:28:03,120

around relativity

700

00:28:06,789 --> 00:28:05,840

they solve the time problem the mass

701  
00:28:11,110 --> 00:28:06,799  
problem

702  
00:28:14,310 --> 00:28:11,120  
however

703  
00:28:15,909 --> 00:28:14,320  
if you were to take a craft up to

704  
00:28:19,110 --> 00:28:15,919  
huge amounts of speed which i don't

705  
00:28:20,470 --> 00:28:19,120  
think you can even the ets can

706  
00:28:21,990 --> 00:28:20,480  
because as you get toward the speed of

707  
00:28:23,750 --> 00:28:22,000  
light the mass of that craft grows and

708  
00:28:23,990 --> 00:28:23,760  
grows and grows i mean it just becomes

709  
00:28:28,149 --> 00:28:24,000  
an

710  
00:28:31,269 --> 00:28:28,159  
utterly impossible situation but

711  
00:28:34,870 --> 00:28:31,279  
there's something you can do and that is

712  
00:28:36,070 --> 00:28:34,880  
if you can find a black hole

713  
00:28:38,470 --> 00:28:36,080

and there are millions of them in our

714

00:28:42,789 --> 00:28:38,480

galaxy if you can find a black hole

715

00:28:45,510 --> 00:28:42,799

one that's not absorbing any any uh uh

716

00:28:47,350 --> 00:28:45,520

matter from its near surround meaning

717

00:28:49,510 --> 00:28:47,360

it's not near another star

718

00:28:51,590 --> 00:28:49,520

whatever and it's sucking in or gas

719

00:28:55,510 --> 00:28:51,600

cloud is sucking in gas around it

720

00:28:58,230 --> 00:28:55,520

which would make it very very dangerous

721

00:29:00,070 --> 00:28:58,240

basically just a black hole right and

722

00:29:02,070 --> 00:29:00,080

you bring that craft in

723

00:29:04,710 --> 00:29:02,080

and and and bring it in at decent speed

724

00:29:07,990 --> 00:29:04,720

and you orbit that black hole

725

00:29:08,870 --> 00:29:08,000

and you slowly shrink your orbit of the

726

00:29:13,269 --> 00:29:08,880

black hole

727

00:29:15,269 --> 00:29:13,279

towards the event horizon

728

00:29:17,750 --> 00:29:15,279

uh how close you can get to the event

729

00:29:20,789 --> 00:29:17,760

horizon i don't know

730

00:29:24,389 --> 00:29:20,799

okay but

731

00:29:29,070 --> 00:29:24,399

as close as you safely can

732

00:29:31,750 --> 00:29:29,080

and you did this on april the 1st

733

00:29:33,350 --> 00:29:31,760

2021 by the way this is april fool's day

734

00:29:34,470 --> 00:29:33,360

which means that everything i have said

735

00:29:37,350 --> 00:29:34,480

for the last hour

736

00:29:37,990 --> 00:29:37,360

is is nothing but a joke no i take that

737

00:29:42,630 --> 00:29:38,000

back

738

00:29:45,990 --> 00:29:42,640

that out of context

739

00:29:49,430 --> 00:29:46,000

if you did that after

740

00:29:50,870 --> 00:29:49,440

a not great deal of time as you're

741

00:29:52,870 --> 00:29:50,880

hanging out on your craft cruising

742

00:29:56,230 --> 00:29:52,880

around the black hole watching

743

00:29:58,870 --> 00:29:56,240

while watching netflix whatever

744

00:30:00,630 --> 00:29:58,880

a thousand two thousand three thousand

745

00:30:06,310 --> 00:30:00,640

years would pass

746

00:30:10,630 --> 00:30:06,320

on planet earth this is time dilation

747

00:30:13,430 --> 00:30:10,640

time is moving much slower for you

748

00:30:15,510 --> 00:30:13,440

than on earth because of the effects of

749

00:30:17,990 --> 00:30:15,520

relativity

750

00:30:19,190 --> 00:30:18,000

you're operating in the relativistic

751  
00:30:21,909 --> 00:30:19,200  
universe

752  
00:30:22,950 --> 00:30:21,919  
under those circumstances now you leave

753  
00:30:25,510 --> 00:30:22,960  
the black hole

754  
00:30:27,430 --> 00:30:25,520  
you kick the engine break out and cruise

755  
00:30:30,230 --> 00:30:27,440  
on to earth

756  
00:30:31,269 --> 00:30:30,240  
and the earth you're going to encounter

757  
00:30:35,110 --> 00:30:31,279  
the one that you

758  
00:30:39,350 --> 00:30:35,120  
were aware of on april the 1st 2021

759  
00:30:42,630 --> 00:30:39,360  
is now april the 1st 4021

760  
00:30:43,190 --> 00:30:42,640  
you are in earth's future you did not

761  
00:30:46,070 --> 00:30:43,200  
travel

762  
00:30:48,230 --> 00:30:46,080  
through time you slowed your own time

763  
00:30:52,149 --> 00:30:48,240

down through relativity

764

00:30:54,470 --> 00:30:52,159

that is the only way but it is doable

765

00:30:58,310 --> 00:30:54,480

and i can imagine alien civilizations

766

00:31:06,710 --> 00:31:02,230

and that and and and we could do

767

00:31:08,630 --> 00:31:06,720

if we developed interstellar craft

768

00:31:10,230 --> 00:31:08,640

uh that also had the ability at

769

00:31:13,830 --> 00:31:10,240

substantial

770

00:31:15,509 --> 00:31:13,840

what we'll call non-relativistic speeds

771

00:31:17,909 --> 00:31:15,519

and get a find a black hole do it to

772

00:31:19,029 --> 00:31:17,919

ourselves and so you could imagine this

773

00:31:20,950 --> 00:31:19,039

would make for

774

00:31:22,389 --> 00:31:20,960

i don't know i don't know if i if i'm

775

00:31:24,389 --> 00:31:22,399

sure this has been a

776

00:31:26,630 --> 00:31:24,399

part of a scient sci-fi book at some

777

00:31:28,549 --> 00:31:26,640

point or another uh i i stopped reading

778

00:31:30,149 --> 00:31:28,559

sci-fi long ago because i am the time

779

00:31:31,990 --> 00:31:30,159

but

780

00:31:34,630 --> 00:31:32,000

uh you could have a civilization that

781

00:31:41,509 --> 00:31:38,310

that just just for the hell of it uh

782

00:31:42,789 --> 00:31:41,519

uh put some substantial cr some craft

783

00:31:45,990 --> 00:31:42,799

out there

784

00:31:49,430 --> 00:31:46,000

filled with their their uh

785

00:31:52,630 --> 00:31:49,440

their beings uh to

786

00:31:54,549 --> 00:31:52,640

to go and do this and uh

787

00:31:56,230 --> 00:31:54,559

never come back they're never gonna come

788

00:31:57,590 --> 00:31:56,240

back right

789

00:32:00,870 --> 00:31:57,600

or at least you're never gonna see them

790

00:32:03,909 --> 00:32:00,880

again and so these craft go out and

791

00:32:07,029 --> 00:32:03,919

what they do is exactly that they

792

00:32:09,509 --> 00:32:07,039

explore uh

793

00:32:10,630 --> 00:32:09,519

uh parts of the galaxy systems and what

794

00:32:13,029 --> 00:32:10,640

have you

795

00:32:14,310 --> 00:32:13,039

and then at some point they jump forward

796

00:32:16,230 --> 00:32:14,320

they find that black hole

797

00:32:17,509 --> 00:32:16,240

they slow down their time then they jump

798

00:32:18,549 --> 00:32:17,519

forward and start going to see these

799

00:32:22,070 --> 00:32:18,559

civilizations

800

00:32:23,669 --> 00:32:22,080

a thousand two thousand years later uh

801  
00:32:25,750 --> 00:32:23,679  
what good that would do i don't know but

802  
00:32:26,789 --> 00:32:25,760  
it would be something you could do would

803  
00:32:29,830 --> 00:32:26,799  
be fascinating

804  
00:32:31,029 --> 00:32:29,840  
if there was a way to send information

805  
00:32:33,909 --> 00:32:31,039  
back in time

806  
00:32:35,430 --> 00:32:33,919  
which i'm pretty sure there isn't then

807  
00:32:37,190 --> 00:32:35,440  
uh they could then report back

808  
00:32:38,789 --> 00:32:37,200  
that way and say hey here's what's going

809  
00:32:40,710 --> 00:32:38,799  
on 2000 years later

810  
00:32:42,149 --> 00:32:40,720  
but no so is it is it worth doing i

811  
00:32:44,070 --> 00:32:42,159  
don't know would it be

812  
00:32:45,190 --> 00:32:44,080  
would you love to be on that that that

813  
00:32:46,950 --> 00:32:45,200

mission

814

00:32:48,389 --> 00:32:46,960

would you like to be on a craft that is

815

00:32:49,909 --> 00:32:48,399

able to jump forward thousand two

816

00:32:51,509 --> 00:32:49,919

thousand years at a jump

817

00:32:53,669 --> 00:32:51,519

study a bunch of stuff and then go back

818

00:32:57,269 --> 00:32:53,679

and jump forward two thousand more

819

00:32:58,789 --> 00:32:57,279

yeah i'd take that job anyway that's my

820

00:33:01,509 --> 00:32:58,799

answer to that question

821

00:33:03,669 --> 00:33:01,519

thank you steve adam has the question

822

00:33:05,509 --> 00:33:03,679

that if the citizen hearings were done

823

00:33:07,029 --> 00:33:05,519

today in 2021

824

00:33:10,470 --> 00:33:07,039

do you think we would see a different

825

00:33:12,149 --> 00:33:10,480

approach by the mainstream media

826

00:33:13,909 --> 00:33:12,159

the citizen hearing on disclosure did

827

00:33:16,789 --> 00:33:13,919

get covered

828

00:33:17,110 --> 00:33:16,799

uh it was it was uh live streamed so

829

00:33:18,870 --> 00:33:17,120

that

830

00:33:20,149 --> 00:33:18,880

any member of congress or staffer or any

831

00:33:21,990 --> 00:33:20,159

journalist could watch it and probably

832

00:33:23,590 --> 00:33:22,000

many did

833

00:33:25,110 --> 00:33:23,600

because we know thousands did watch it

834

00:33:28,870 --> 00:33:25,120

on live stream

835

00:33:34,710 --> 00:33:28,880

um and it got covered

836

00:33:40,549 --> 00:33:39,029

and now hold if i help if i could

837

00:33:42,789 --> 00:33:40,559

find the seven hundred thousand dollars

838

00:33:45,110 --> 00:33:42,799

it took to put that on today and and put

839

00:33:47,669 --> 00:33:45,120

on another citizen hearing right now

840

00:33:48,470 --> 00:33:47,679

yeah i'd get a lot more coverage there's

841

00:33:52,389 --> 00:33:48,480

no question

842

00:33:53,990 --> 00:33:52,399

it would get a lot of coverage uh

843

00:33:56,549 --> 00:33:54,000

but i don't know if it would be

844

00:33:59,190 --> 00:33:56,559

necessary

845

00:33:59,590 --> 00:33:59,200

uh because we're too far along thanks to

846

00:34:02,470 --> 00:33:59,600

the

847

00:34:04,230 --> 00:34:02,480

stars academy raised two and a half

848

00:34:06,149 --> 00:34:04,240

million when they initially launched

849

00:34:08,389 --> 00:34:06,159

i was a public benefit corporation they

850

00:34:09,430 --> 00:34:08,399

they did a stock they're drawing 250 to

851  
00:34:10,790 --> 00:34:09,440  
2 and a half million

852  
00:34:12,710 --> 00:34:10,800  
they had i think they had planned to

853  
00:34:14,790 --> 00:34:12,720  
raise 10 times that but

854  
00:34:16,950 --> 00:34:14,800  
things obviously didn't go out the way

855  
00:34:19,589 --> 00:34:16,960  
they wanted

856  
00:34:20,790 --> 00:34:19,599  
so they have spent a lot of money they

857  
00:34:23,109 --> 00:34:20,800  
have

858  
00:34:23,909 --> 00:34:23,119  
done and they've generated vast amounts

859  
00:34:26,869 --> 00:34:23,919  
of coverage

860  
00:34:28,550 --> 00:34:26,879  
it would it would be redundant it would

861  
00:34:30,790 --> 00:34:28,560  
it's just we i there's other ways i'd

862  
00:34:33,909 --> 00:34:30,800  
spend 700 000

863  
00:34:36,629 --> 00:34:33,919

and then do that um uh

864

00:34:37,990 --> 00:34:36,639

it would be yeah so no uh it would get a

865

00:34:38,790 --> 00:34:38,000

lot of coverage but it's not something i

866

00:34:43,349 --> 00:34:38,800

would do

867

00:34:45,430 --> 00:34:43,359

now before i forget uh

868

00:34:46,950 --> 00:34:45,440

i've said a lot of things here and i'm

869

00:34:48,310 --> 00:34:46,960

sure a lot of your listeners are having

870

00:34:49,669 --> 00:34:48,320

trouble keeping up and that's that's

871

00:34:52,869 --> 00:34:49,679

okay

872

00:34:54,710 --> 00:34:52,879

uh but anyone of your listeners want to

873

00:34:56,310 --> 00:34:54,720

become

874

00:34:58,710 --> 00:34:56,320

one of the smartest people in the planet

875

00:35:01,589 --> 00:34:58,720

on what's going down

876

00:35:03,109 --> 00:35:01,599

relative to the whole planet now all

877

00:35:04,230 --> 00:35:03,119

seven billion now we want to be in the

878

00:35:08,630 --> 00:35:04,240

one percent

879

00:35:10,550 --> 00:35:08,640

there's a way you can do it

880

00:35:11,990 --> 00:35:10,560

if you've got a three or four days of

881

00:35:15,109 --> 00:35:12,000

time

882

00:35:18,390 --> 00:35:15,119

you go to my website paradigm research

883

00:35:19,829 --> 00:35:18,400

group dot org

884

00:35:22,550 --> 00:35:19,839

and you go up in the menu and you go to

885

00:35:25,270 --> 00:35:22,560

resources you click on resources

886

00:35:26,069 --> 00:35:25,280

then you drop down on the menu until you

887

00:35:29,430 --> 00:35:26,079

get to print

888

00:35:34,310 --> 00:35:31,750

and then you go to the the flash page

889

00:35:39,109 --> 00:35:34,320

there and you click on prg media

890

00:35:42,790 --> 00:35:39,119

archive uh prg print archive

891

00:35:44,950 --> 00:35:42,800

and you will get to a page

892

00:35:46,470 --> 00:35:44,960

uh that opens up to nearly 12 000

893

00:35:47,829 --> 00:35:46,480

articles that have been

894

00:35:49,990 --> 00:35:47,839

published in the english language on

895

00:35:51,030 --> 00:35:50,000

this issue in in mainstream press not

896

00:35:54,310 --> 00:35:51,040

fringe stuff not

897

00:35:59,190 --> 00:35:54,320

paranormal and then

898

00:36:02,790 --> 00:35:59,200

you need to select 2000 and

899

00:36:06,630 --> 00:36:02,800

seventeen and when that comes up

900

00:36:10,069 --> 00:36:08,310

and in october ten two thousand

901  
00:36:12,710 --> 00:36:10,079  
seventeen you will find the first

902  
00:36:15,270 --> 00:36:12,720  
article written up regarding the tar to

903  
00:36:17,109 --> 00:36:15,280  
the stars academy

904  
00:36:18,390 --> 00:36:17,119  
it's the day before they launched it's

905  
00:36:20,310 --> 00:36:18,400  
earmarked and red

906  
00:36:22,390 --> 00:36:20,320  
it's easy you can you it's earmarked

907  
00:36:24,829 --> 00:36:22,400  
it's very clear

908  
00:36:26,550 --> 00:36:24,839  
read that article and then start forward

909  
00:36:29,190 --> 00:36:26,560  
chronologically

910  
00:36:30,310 --> 00:36:29,200  
and read every earmarked and read

911  
00:36:33,349 --> 00:36:30,320  
article

912  
00:36:37,109 --> 00:36:33,359  
about the ttsa and events related to the

913  
00:36:40,630 --> 00:36:37,119

ttsa both directly and indirectly

914

00:36:42,870 --> 00:36:40,640

and and that's 700 articles

915

00:36:45,670 --> 00:36:42,880

by the time you get done you will have

916

00:36:47,670 --> 00:36:45,680

read about a 300 page book maybe

917

00:36:49,990 --> 00:36:47,680

wouldn't take that long so you read all

918

00:36:53,510 --> 00:36:50,000

700 of those articles

919

00:36:54,710 --> 00:36:53,520

then click over to go back up to the

920

00:36:59,670 --> 00:36:54,720

menu click on

921

00:37:03,190 --> 00:36:59,680

issues drop down to ttsa

922

00:37:10,310 --> 00:37:06,710

and go to that page and what you will

923

00:37:12,150 --> 00:37:10,320

find there is over 160 videos

924

00:37:14,790 --> 00:37:12,160

of presentations given by members of the

925

00:37:17,109 --> 00:37:14,800

ttsa interviews of them

926  
00:37:18,230 --> 00:37:17,119  
some news coverage again video news

927  
00:37:21,270 --> 00:37:18,240  
coverage

928  
00:37:24,230 --> 00:37:21,280  
some some some radio some audio only

929  
00:37:26,950 --> 00:37:24,240  
mostly video 160. i need to add another

930  
00:37:30,470 --> 00:37:26,960  
30 or 40. i'm a little behind

931  
00:37:31,589 --> 00:37:30,480  
watch them all preferably chronological

932  
00:37:33,270 --> 00:37:31,599  
order

933  
00:37:34,710 --> 00:37:33,280  
go back to i think they are in

934  
00:37:35,750 --> 00:37:34,720  
chronological order from the top are

935  
00:37:37,910 --> 00:37:35,760  
they yeah they are

936  
00:37:39,270 --> 00:37:37,920  
start at the top watch them all and

937  
00:37:40,150 --> 00:37:39,280  
there's a bunch up in the top too

938  
00:37:42,230 --> 00:37:40,160

they're part of a

939

00:37:43,270 --> 00:37:42,240  
slider just there's like four or five

940

00:37:46,390 --> 00:37:43,280  
embedded

941

00:37:50,230 --> 00:37:46,400  
at the very top as part of the the the

942

00:37:51,670 --> 00:37:50,240  
uh graphic slider and watch them all

943

00:37:53,510 --> 00:37:51,680  
and by the time you've got to the

944

00:37:56,230 --> 00:37:53,520  
present

945

00:37:56,950 --> 00:37:56,240  
you will know more about what's

946

00:38:00,870 --> 00:37:56,960  
unfolding

947

00:38:03,270 --> 00:38:00,880  
than 99.9 of all the people in a planet

948

00:38:05,030 --> 00:38:03,280  
and you will have a picture you will see

949

00:38:08,310 --> 00:38:05,040  
the big picture you will get

950

00:38:10,390 --> 00:38:08,320  
why i'm able to say what i'm saying

951  
00:38:12,630 --> 00:38:10,400  
because unless you have seen all of that

952  
00:38:14,310 --> 00:38:12,640  
followed all of that

953  
00:38:16,950 --> 00:38:14,320  
it's difficult to come to some

954  
00:38:20,069 --> 00:38:16,960  
understand what's going on here

955  
00:38:22,790 --> 00:38:20,079  
that'll take you about three days yeah

956  
00:38:24,870 --> 00:38:22,800  
maybe less if you're intense

957  
00:38:26,230 --> 00:38:24,880  
and then your confusion will will be

958  
00:38:27,990 --> 00:38:26,240  
greatly lessened

959  
00:38:30,230 --> 00:38:28,000  
it's one of my principal contributions

960  
00:38:32,069 --> 00:38:30,240  
to this whole thing

961  
00:38:33,270 --> 00:38:32,079  
uh and happy to do it and i'm going to

962  
00:38:35,190 --> 00:38:33,280  
add more it's going to it's going to

963  
00:38:38,790 --> 00:38:35,200

grow

964

00:38:42,230 --> 00:38:38,800

uh

965

00:38:44,150 --> 00:38:42,240

again paradigm researchgroup.org

966

00:38:46,790 --> 00:38:44,160

it's there now there are other places

967

00:38:49,510 --> 00:38:46,800

where stuff is being compiled

968

00:38:51,109 --> 00:38:49,520

uh some places are compiling even more

969

00:38:51,990 --> 00:38:51,119

they're going out into the web they're

970

00:38:54,550 --> 00:38:52,000

going out into

971

00:38:55,829 --> 00:38:54,560

just websites and stuff and social media

972

00:38:59,030 --> 00:38:55,839

thing i mean they're just

973

00:39:02,230 --> 00:38:59,040

but it's just too much this

974

00:39:06,069 --> 00:39:02,240

is a linear chronological

975

00:39:08,270 --> 00:39:06,079

mainstream account of

976  
00:39:10,069 --> 00:39:08,280  
what's been transpiring since october of

977  
00:39:13,109 --> 00:39:10,079  
2017

978  
00:39:17,109 --> 00:39:13,119  
leading to what will be the most

979  
00:39:20,790 --> 00:39:19,030  
and i will make sure the links for that

980  
00:39:22,230 --> 00:39:20,800  
are in the description as well of the

981  
00:39:23,430 --> 00:39:22,240  
podcast folks if you're looking for

982  
00:39:25,109 --> 00:39:23,440  
those they will be there

983  
00:39:26,710 --> 00:39:25,119  
i've got two more listener questions

984  
00:39:28,710 --> 00:39:26,720  
steve before i finish off on the

985  
00:39:30,470 --> 00:39:28,720  
quickfire with you

986  
00:39:31,910 --> 00:39:30,480  
timothy asks in an area we've not

987  
00:39:33,030 --> 00:39:31,920  
managed to get into yet and i would love

988  
00:39:34,710 --> 00:39:33,040

to another time

989

00:39:36,630 --> 00:39:34,720

but he has asked have you ever heard of

990

00:39:37,829 --> 00:39:36,640

a case where any abductees or

991

00:39:39,829 --> 00:39:37,839

experiencers

992

00:39:43,750 --> 00:39:39,839

were given something to eat or drink and

993

00:39:48,470 --> 00:39:43,760

any details of after effects

994

00:39:49,990 --> 00:39:48,480

no uh now

995

00:39:51,510 --> 00:39:50,000

somewhere between a million and a half

996

00:39:54,829 --> 00:39:51,520

million accounts have been

997

00:39:58,150 --> 00:39:54,839

written submitted to researchers by

998

00:40:03,349 --> 00:40:01,030

anonymously maybe without name but by

999

00:40:04,950 --> 00:40:03,359

letter by email

1000

00:40:06,950 --> 00:40:04,960

these are all in the files of

1001  
00:40:08,550 --> 00:40:06,960  
researchers around the world

1002  
00:40:11,270 --> 00:40:08,560  
i'm more i'm leaning more towards a

1003  
00:40:12,710 --> 00:40:11,280  
million than a half million

1004  
00:40:14,150 --> 00:40:12,720  
it's it's one of the most important

1005  
00:40:15,910 --> 00:40:14,160  
projects that needs to be done when the

1006  
00:40:17,829 --> 00:40:15,920  
money is there and it isn't

1007  
00:40:19,109 --> 00:40:17,839  
is that those need to be surveyed all of

1008  
00:40:21,349 --> 00:40:19,119  
them

1009  
00:40:22,470 --> 00:40:21,359  
and chronic and examined and studied and

1010  
00:40:23,670 --> 00:40:22,480  
surveyed and so forth

1011  
00:40:25,750 --> 00:40:23,680  
and i'm sure the researchers will

1012  
00:40:28,470 --> 00:40:25,760  
cooperate but that's that's for the

1013  
00:40:30,069 --> 00:40:28,480

post-disclosure world

1014

00:40:32,710 --> 00:40:30,079

hey very well could be an example of

1015

00:40:35,349 --> 00:40:32,720

that in there somewhere

1016

00:40:36,550 --> 00:40:35,359

uh but of the ones that have come

1017

00:40:37,990 --> 00:40:36,560

forward

1018

00:40:39,670 --> 00:40:38,000

i would say the ones that are known the

1019

00:40:40,950 --> 00:40:39,680

ones that have been written up by in

1020

00:40:43,109 --> 00:40:40,960

books and so forth

1021

00:40:46,150 --> 00:40:43,119

or have appeared in documentaries i am

1022

00:40:50,550 --> 00:40:46,160

not aware of a single case of that

1023

00:40:53,910 --> 00:40:50,560

uh not aware even

1024

00:40:56,150 --> 00:40:53,920

and travis walton was i think uh

1025

00:40:57,990 --> 00:40:56,160

he was they had him for a good deal of

1026

00:40:59,510 --> 00:40:58,000

time i forget how many days

1027

00:41:01,670 --> 00:40:59,520

i don't recall him ever saying anything

1028

00:41:04,870 --> 00:41:01,680

about well

1029

00:41:07,109 --> 00:41:04,880

now he they had him for a number of days

1030

00:41:08,230 --> 00:41:07,119

he was he wasn't he almost died they

1031

00:41:08,870 --> 00:41:08,240

basically saved us that's why they

1032

00:41:10,230 --> 00:41:08,880

picked him up

1033

00:41:12,710 --> 00:41:10,240

they they had to save his life because

1034

00:41:13,910 --> 00:41:12,720

they he did something dumb and

1035

00:41:15,990 --> 00:41:13,920

they nearly killed him but it was

1036

00:41:17,670 --> 00:41:16,000

unintentional

1037

00:41:19,510 --> 00:41:17,680

it's very possible that they gave him

1038

00:41:21,990 --> 00:41:19,520

some water

1039

00:41:23,829 --> 00:41:22,000

during that period he wouldn't even

1040

00:41:25,510 --> 00:41:23,839

remember it

1041

00:41:28,710 --> 00:41:25,520

that's that i could understand anything

1042

00:41:30,710 --> 00:41:28,720

beyond that now

1043

00:41:31,990 --> 00:41:30,720

they're going to go to a safe way and

1044

00:41:34,309 --> 00:41:32,000

get some frozen dinners and

1045

00:41:35,750 --> 00:41:34,319

bring them back and right can't give me

1046

00:41:37,510 --> 00:41:35,760

alien food

1047

00:41:38,950 --> 00:41:37,520

so i i don't think so maybe a little

1048

00:41:42,630 --> 00:41:38,960

water

1049

00:41:45,750 --> 00:41:42,640

i i'm not aware of any case

1050

00:41:48,950 --> 00:41:45,760

unless it involves the nordics

1051

00:41:51,349 --> 00:41:48,960

where ets are seen eating

1052

00:41:52,950 --> 00:41:51,359

themselves or drinking maybe with an

1053

00:41:55,829 --> 00:41:52,960

ortix i'm not sure but

1054

00:41:57,430 --> 00:41:55,839

these kinds of things are extremely

1055

00:42:00,950 --> 00:41:57,440

scarce and that's that's what you would

1056

00:42:05,270 --> 00:42:03,109

there's no accounts of aliens having a

1057

00:42:09,270 --> 00:42:05,280

computer in their craft or

1058

00:42:11,990 --> 00:42:09,280

or uh bank cards or wallets or

1059

00:42:13,270 --> 00:42:12,000

whatever i mean yeah no they're pretty

1060

00:42:15,910 --> 00:42:13,280

lean mean machine so

1061

00:42:16,710 --> 00:42:15,920

again answer is i i'm not aware of it no

1062

00:42:18,230 --> 00:42:16,720

thank you for that

1063

00:42:19,510 --> 00:42:18,240

it's a really interesting topic as well

1064

00:42:21,109 --> 00:42:19,520

like you say that would be something i

1065

00:42:21,510 --> 00:42:21,119

would love to see the research on done

1066

00:42:28,950 --> 00:42:21,520

in

1067

00:42:30,790 --> 00:42:28,960

he wants to know what are your thoughts

1068

00:42:32,630 --> 00:42:30,800

steve on the global efforts underway to

1069

00:42:34,150 --> 00:42:32,640

bring the subject to the mainstream

1070

00:42:35,589 --> 00:42:34,160

you touched on this earlier when you

1071

00:42:37,349 --> 00:42:35,599

looked at the social media side of

1072

00:42:40,630 --> 00:42:37,359

things like the big phone home

1073

00:42:43,990 --> 00:42:40,640

eu for uap and james fox has just

1074

00:42:47,510 --> 00:42:44,000

come up with uap act now as well yes

1075

00:42:50,230 --> 00:42:47,520

uh look uh i'm i'm aware of

1076

00:42:50,630 --> 00:42:50,240

uh the activists stuff popping up plenty

1077

00:42:53,829 --> 00:42:50,640

of it

1078

00:42:58,470 --> 00:42:53,839

there's gonna be more uh and i i support

1079

00:43:01,910 --> 00:42:58,480

any activist attempt uh to uh

1080

00:43:02,710 --> 00:43:01,920

to uh how would you say up the ante on

1081

00:43:05,910 --> 00:43:02,720

this

1082

00:43:07,190 --> 00:43:05,920

for the government to close it

1083

00:43:09,109 --> 00:43:07,200

and you're going to see a lot of it

1084

00:43:11,109 --> 00:43:09,119

we're seeing unprecedented interest

1085

00:43:13,109 --> 00:43:11,119

unprecedented amount of social media

1086

00:43:15,190 --> 00:43:13,119

content sightings have gone up look i

1087

00:43:16,630 --> 00:43:15,200

mean we are in the final days

1088

00:43:18,470 --> 00:43:16,640

look if a meteor hits the planet

1089

00:43:19,349 --> 00:43:18,480

destroys everything well okay it's not

1090

00:43:20,630 --> 00:43:19,359

going to happen but

1091

00:43:22,870 --> 00:43:20,640

it's going to it's going to take

1092

00:43:25,910 --> 00:43:22,880

something really big like

1093

00:43:27,750 --> 00:43:25,920

as i say the china decides to sink one

1094

00:43:30,710 --> 00:43:27,760

of our nuclear aircraft carriers

1095

00:43:32,550 --> 00:43:30,720

that would probably delay hearings i can

1096

00:43:34,470 --> 00:43:32,560

think of a few other things but

1097

00:43:36,230 --> 00:43:34,480

barring that we're in the we're in the

1098

00:43:39,270 --> 00:43:36,240

final days

1099

00:43:41,589 --> 00:43:39,280

and uh i support these efforts and

1100

00:43:43,190 --> 00:43:41,599

when it's appropriate i will directly

1101

00:43:45,670 --> 00:43:43,200

participate

1102

00:43:47,109 --> 00:43:45,680

in some of this activism i have some i

1103

00:43:48,150 --> 00:43:47,119

have my few of my own things i'm going

1104

00:43:50,630 --> 00:43:48,160

to be doing but

1105

00:43:51,910 --> 00:43:50,640

but uh it's great to see everybody

1106

00:43:54,150 --> 00:43:51,920

joining in that's good

1107

00:43:54,950 --> 00:43:54,160

and so you i'll be involved in the big

1108

00:43:56,790 --> 00:43:54,960

home phone

1109

00:43:58,150 --> 00:43:56,800

phone home pretty sure i'll be showing

1110

00:43:59,510 --> 00:43:58,160

up for that and others

1111

00:44:01,589 --> 00:43:59,520

some things i can do some things i can't

1112

00:44:05,109 --> 00:44:01,599

do but absolutely

1113

00:44:07,030 --> 00:44:05,119

you're seeing finally

1114

00:44:08,230 --> 00:44:07,040

the coming together thank you thank god

1115

00:44:09,750 --> 00:44:08,240

for the internet

1116

00:44:11,349 --> 00:44:09,760

which has caused us so much pain and

1117

00:44:13,109 --> 00:44:11,359

suffering but it also has brought us

1118

00:44:15,750 --> 00:44:13,119

great joy and power

1119

00:44:17,109 --> 00:44:15,760

uh and other things that the world is

1120

00:44:21,430 --> 00:44:17,119

finally

1121

00:44:24,230 --> 00:44:21,440

coming together uh to make it clear

1122

00:44:26,230 --> 00:44:24,240

to the blessed governments that service

1123

00:44:29,349 --> 00:44:26,240

and that we pay for

1124

00:44:31,670 --> 00:44:29,359

that this lie has to end now

1125

00:44:33,349 --> 00:44:31,680

it's time to put it to bed that's time

1126

00:44:35,829 --> 00:44:33,359

to get the information out

1127

00:44:36,950 --> 00:44:35,839

it's time to share so that we can all

1128

00:44:40,390 --> 00:44:36,960

move forward

1129

00:44:42,069 --> 00:44:40,400

with civilization together

1130

00:44:44,309 --> 00:44:42,079

just to finish off steve i've got a

1131

00:44:46,390 --> 00:44:44,319

quick fire round and i want to ask you

1132

00:44:48,550 --> 00:44:46,400

um to just say a few words or a few

1133

00:44:49,910 --> 00:44:48,560

sentences or more it's up to yourself

1134

00:44:51,829 --> 00:44:49,920

on each of these topics so if you have

1135

00:44:55,510 --> 00:44:51,839

nothing to say you can move on

1136

00:44:57,670 --> 00:44:55,520

the first one would be bob lazar

1137

00:44:59,030 --> 00:44:57,680

i i'm pretty certain that they're key

1138

00:45:00,550 --> 00:44:59,040

elements of the lazar case that are

1139

00:45:01,510 --> 00:45:00,560

absolutely true it's very complicated

1140

00:45:03,270 --> 00:45:01,520

case

1141

00:45:05,270 --> 00:45:03,280

i believe bob's good man and i believe

1142

00:45:07,670 --> 00:45:05,280

that he tried to tell some truth

1143

00:45:09,670 --> 00:45:07,680

uh so the key parts of his i'm not

1144

00:45:12,950 --> 00:45:09,680

saying everything

1145

00:45:14,470 --> 00:45:12,960

will will stand not necessarily because

1146

00:45:15,270 --> 00:45:14,480

he was being mendacious i'm simply

1147

00:45:18,790 --> 00:45:15,280

saying that

1148

00:45:20,870 --> 00:45:18,800

bob lazar will have an historic presence

1149

00:45:22,550 --> 00:45:20,880

on this issue for what he did what he

1150

00:45:23,589 --> 00:45:22,560

said and we will eventually probably

1151  
00:45:30,150 --> 00:45:23,599  
know

1152  
00:45:33,829 --> 00:45:30,160  
lazar experience

1153  
00:45:37,030 --> 00:45:33,839  
the next one would be area 51

1154  
00:45:37,750 --> 00:45:37,040  
yeah area 51 was a major base major

1155  
00:45:39,670 --> 00:45:37,760  
place

1156  
00:45:41,829 --> 00:45:39,680  
the whole nellis air force range was

1157  
00:45:43,510 --> 00:45:41,839  
major they keep changing the name

1158  
00:45:45,030 --> 00:45:43,520  
a lot happened there exactly what

1159  
00:45:46,630 --> 00:45:45,040  
happened there as opposed to dugway as

1160  
00:45:47,589 --> 00:45:46,640  
opposed to right patterson and so forth

1161  
00:45:49,670 --> 00:45:47,599  
well that's

1162  
00:45:51,510 --> 00:45:49,680  
now that's the government moving the

1163  
00:45:53,430 --> 00:45:51,520

cups around

1164

00:45:54,870 --> 00:45:53,440

asking you to tell which which cup the

1165

00:45:56,470 --> 00:45:54,880

ball is under but uh

1166

00:45:58,470 --> 00:45:56,480

i assure you area 51's role in this

1167

00:46:00,230 --> 00:45:58,480

would be substantial and one day

1168

00:46:02,309 --> 00:46:00,240

post disclosure we're going to learn a

1169

00:46:03,270 --> 00:46:02,319

lot about that and i'm sure the area 51

1170

00:46:04,309 --> 00:46:03,280

people that were there are going to be

1171

00:46:05,829 --> 00:46:04,319

very proud and they're going to come

1172

00:46:09,430 --> 00:46:05,839

forward and write memoirs and

1173

00:46:12,069 --> 00:46:09,440

everything else but it's the real deal

1174

00:46:13,750 --> 00:46:12,079

but the full nature of the deal is

1175

00:46:16,390 --> 00:46:13,760

masked by the truth embargo

1176

00:46:17,910 --> 00:46:16,400

i look forward to the details your

1177

00:46:20,470 --> 00:46:17,920

thoughts on the phoenix lights

1178

00:46:22,150 --> 00:46:20,480

sighting of the mid 90s one of the most

1179

00:46:23,910 --> 00:46:22,160

important events

1180

00:46:25,750 --> 00:46:23,920

and the phenomena in the history in the

1181

00:46:28,069 --> 00:46:25,760

u.s

1182

00:46:29,349 --> 00:46:28,079

uh a major event i likened it to

1183

00:46:33,270 --> 00:46:29,359

somewhat

1184

00:46:34,790 --> 00:46:33,280

the events of july 1952.

1185

00:46:36,309 --> 00:46:34,800

uh whatever the government the

1186

00:46:38,230 --> 00:46:36,319

government was

1187

00:46:41,270 --> 00:46:38,240

acting i think not the way the et's

1188

00:46:43,109 --> 00:46:41,280

expected back in the 48 9 51.

1189

00:46:45,910 --> 00:46:43,119

they were trying to shoot the craft down

1190

00:46:47,349 --> 00:46:45,920

which wasn't going well for us

1191

00:46:50,390 --> 00:46:47,359

and i think they flew over washington

1192

00:46:51,910 --> 00:46:50,400

those many days to make a statement

1193

00:46:54,309 --> 00:46:51,920

juan look we're here and we're going to

1194

00:46:55,670 --> 00:46:54,319

continue to let people know we're here

1195

00:46:57,990 --> 00:46:55,680

there's not a damn thing you can do

1196

00:46:58,950 --> 00:46:58,000

about it all right and this is our way

1197

00:47:02,710 --> 00:46:58,960

to making that point

1198

00:47:07,990 --> 00:47:02,720

very emphatic move forward

1199

00:47:12,790 --> 00:47:08,000

uh 45 45 years 1997.

1200

00:47:16,390 --> 00:47:15,589

the alien craft part of that there may

1201  
00:47:18,870 --> 00:47:16,400  
there is

1202  
00:47:19,670 --> 00:47:18,880  
several things going on some of which

1203  
00:47:25,270 --> 00:47:19,680  
may have been

1204  
00:47:28,870 --> 00:47:25,280  
not non-e.t but was along those lines

1205  
00:47:30,790 --> 00:47:28,880  
because see the extraterrestrials

1206  
00:47:32,309 --> 00:47:30,800  
don't need to fly a mile wide craft

1207  
00:47:33,670 --> 00:47:32,319  
across the major city of the united

1208  
00:47:35,430 --> 00:47:33,680  
states because what

1209  
00:47:37,990 --> 00:47:35,440  
they just they wanted to save time

1210  
00:47:42,470 --> 00:47:38,000  
getting to tucson

1211  
00:47:44,790 --> 00:47:42,480  
i need to do that so if that happens

1212  
00:47:46,230 --> 00:47:44,800  
yeah or maybe their their navigational

1213  
00:47:49,829 --> 00:47:46,240

system went off

1214

00:47:52,230 --> 00:47:49,839

and they're off course i don't no

1215

00:47:53,750 --> 00:47:52,240

they flew over at phoenix at that night

1216

00:47:56,790 --> 00:47:53,760

to make a statement

1217

00:48:01,750 --> 00:47:56,800

again to the government okay

1218

00:48:04,870 --> 00:48:01,760

it's uh 50 years after roswell

1219

00:48:07,990 --> 00:48:04,880

and you still haven't

1220

00:48:10,710 --> 00:48:08,000

told your people the truth this

1221

00:48:12,870 --> 00:48:10,720

is the 50th anniversary this year you

1222

00:48:13,190 --> 00:48:12,880

put out this stupid report the pentagon

1223

00:48:16,790 --> 00:48:13,200

just

1224

00:48:18,710 --> 00:48:16,800

in june saying it was a you know refer

1225

00:48:19,990 --> 00:48:18,720

confirming it was a mogul balloon and

1226

00:48:22,069 --> 00:48:20,000

talking about crash test

1227

00:48:24,950 --> 00:48:22,079

dummies you're making a fool of yourself

1228

00:48:26,950 --> 00:48:24,960

you're embarrassing yourself

1229

00:48:29,430 --> 00:48:26,960

so we're just gonna fly this crap over

1230

00:48:32,790 --> 00:48:29,440

phoenix to remind you

1231

00:48:35,829 --> 00:48:32,800

that we are not going away

1232

00:48:36,549 --> 00:48:35,839

we're here and we can do this anytime we

1233

00:48:39,349 --> 00:48:36,559

want

1234

00:48:41,430 --> 00:48:39,359

we would rather not because it does

1235

00:48:43,270 --> 00:48:41,440

create some consternation and confusion

1236

00:48:46,470 --> 00:48:43,280

and we don't like to

1237

00:48:49,589 --> 00:48:46,480

to bother your people but just

1238

00:48:53,270 --> 00:48:49,599

know this get the job

1239

00:48:55,190 --> 00:48:53,280

done confirm our presence we have

1240

00:48:58,230 --> 00:48:55,200

work to do we have some things to

1241

00:49:01,190 --> 00:48:58,240

discuss that's how i see that

1242

00:49:07,589 --> 00:49:01,200

but was it an et craft you bet it was

1243

00:49:07,599 --> 00:49:11,670

yeah well that's a beaut

1244

00:49:17,270 --> 00:49:14,790

i'm i can't wait for the next series

1245

00:49:20,470 --> 00:49:17,280

four for me yep just over a month look

1246

00:49:27,670 --> 00:49:24,069

i i believe that and i've said this

1247

00:49:29,910 --> 00:49:27,680

there is no such thing as the paranormal

1248

00:49:32,470 --> 00:49:29,920

and and and the term is is bad it's bad

1249

00:49:39,109 --> 00:49:36,150

uh everything in this universe is normal

1250

00:49:41,589 --> 00:49:39,119

everything there are no exceptions there

1251

00:49:43,589 --> 00:49:41,599

are simply some things we know

1252

00:49:44,950 --> 00:49:43,599

and understand and some things we don't

1253

00:49:48,790 --> 00:49:44,960

know and understand

1254

00:49:51,829 --> 00:49:48,800

or maybe we sort of understand

1255

00:49:55,589 --> 00:49:51,839

that's the universe all right

1256

00:49:58,870 --> 00:49:55,599

so nothing i i

1257

00:50:02,150 --> 00:49:58,880

i would never assert well of course

1258

00:50:04,150 --> 00:50:02,160

it's it's obvious that

1259

00:50:06,150 --> 00:50:04,160

there's plenty and about this universe

1260

00:50:10,829 --> 00:50:06,160

we don't understand besides just

1261

00:50:16,069 --> 00:50:13,030

so

1262

00:50:20,630 --> 00:50:16,079

and and this turns up all the time

1263

00:50:23,670 --> 00:50:20,640

so if a fine member of ireland

1264

00:50:26,470 --> 00:50:23,680

is out for the nice day and

1265

00:50:27,030 --> 00:50:26,480

runs across some pretty unusual thing

1266

00:50:29,589 --> 00:50:27,040

that they

1267

00:50:30,230 --> 00:50:29,599

totally didn't understand that actually

1268

00:50:32,150 --> 00:50:30,240

is a

1269

00:50:33,349 --> 00:50:32,160

small extraterrestrial being basically

1270

00:50:36,069 --> 00:50:33,359

just chilling out

1271

00:50:37,109 --> 00:50:36,079

taking a break before heading back out

1272

00:50:39,030 --> 00:50:37,119

uh

1273

00:50:41,670 --> 00:50:39,040

they call it a leprechaun and off we go

1274

00:50:45,430 --> 00:50:41,680

i mean

1275

00:50:49,510 --> 00:50:45,440

so but the fact is

1276  
00:50:50,950 --> 00:50:49,520  
is that the more the more you devote to

1277  
00:50:53,670 --> 00:50:50,960  
trying to understand the world around

1278  
00:50:55,670 --> 00:50:53,680  
you maybe study science things like that

1279  
00:50:58,790 --> 00:50:55,680  
the less things come under the heading

1280  
00:51:02,630 --> 00:50:58,800  
of i have no idea what the hell that was

1281  
00:51:03,589 --> 00:51:02,640  
so most of the things that are called

1282  
00:51:06,710 --> 00:51:03,599  
paranormal

1283  
00:51:08,069 --> 00:51:06,720  
that turn up here there science channel

1284  
00:51:09,670 --> 00:51:08,079  
history channel

1285  
00:51:12,630 --> 00:51:09,680  
or if i'm really desperate discovery

1286  
00:51:15,670 --> 00:51:12,640  
channel um

1287  
00:51:19,030 --> 00:51:15,680  
i i dismiss out of hand it's just

1288  
00:51:22,230 --> 00:51:19,040

that's whatever's going on there

1289

00:51:25,829 --> 00:51:22,240

it doesn't it doesn't doesn't impress me

1290

00:51:27,510 --> 00:51:25,839

and it's and in many cases when you get

1291

00:51:28,470 --> 00:51:27,520

into the paranormal is when the hoaxes

1292

00:51:30,390 --> 00:51:28,480

get going i mean

1293

00:51:32,549 --> 00:51:30,400

the paranormal is an extremely lucrative

1294

00:51:33,910 --> 00:51:32,559

genre and when you're talking about the

1295

00:51:35,910 --> 00:51:33,920

entire paranormal

1296

00:51:37,030 --> 00:51:35,920

that we call that not just et's but all

1297

00:51:38,470 --> 00:51:37,040

the whole arena

1298

00:51:40,390 --> 00:51:38,480

there's so many ways to have some fun

1299

00:51:41,910 --> 00:51:40,400

make a show write a book i so i just

1300

00:51:47,109 --> 00:51:41,920

dismiss it

1301

00:51:49,990 --> 00:51:47,119

however one exception would be

1302

00:51:51,510 --> 00:51:50,000

skin marker ranch because i know the

1303

00:51:52,630 --> 00:51:51,520

people that are involved i know the work

1304

00:51:55,270 --> 00:51:52,640

that's being done the level of

1305

00:51:57,670 --> 00:51:55,280

technology and everything else

1306

00:51:59,910 --> 00:51:57,680

and so there's some very unusual things

1307

00:52:02,150 --> 00:51:59,920

going on there

1308

00:52:03,750 --> 00:52:02,160

which i think legitimately come under

1309

00:52:07,349 --> 00:52:03,760

the heading of

1310

00:52:14,069 --> 00:52:10,549

and that's cool and that's why i

1311

00:52:15,430 --> 00:52:14,079

totally i i'm so pleased that brian

1312

00:52:17,109 --> 00:52:15,440

brought this

1313

00:52:18,710 --> 00:52:17,119

brought the ranch from bigelow who had

1314

00:52:20,470 --> 00:52:18,720

his reasons for letting it go god knows

1315

00:52:22,309 --> 00:52:20,480

he's put but he pays his dues and done

1316

00:52:25,349 --> 00:52:22,319

his time
