VIRTUAL EVENT • JUNE 25 - 28 2021

1  
00:00:00,000 --> 00:00:05,510

[Music]

2  
00:00:08,710 --> 00:00:06,789

there's a whole fleet of them look on

3  
00:00:10,950 --> 00:00:08,720

the nsa

4  
00:00:14,310 --> 00:00:10,960

oh my gosh they're all going against the

5  
00:00:18,950 --> 00:00:16,390

it was basically a cube with inside of

6  
00:00:33,470 --> 00:00:18,960

sphere where the points of the cube

7  
00:00:38,709 --> 00:00:37,110

[Music]

8  
00:00:40,630 --> 00:00:38,719

so this isn't anything that just is

9  
00:00:48,549 --> 00:00:40,640

limited to the united states

10  
00:00:52,950 --> 00:00:50,150

oh there we have some that is good

11  
00:00:55,430 --> 00:00:52,960

timing it's just connecting

12  
00:00:57,270 --> 00:00:55,440

all right hey andy how's it going today

13  
00:00:58,630 --> 00:00:57,280

it is going very well sim we're just

14

00:01:00,069 --> 00:00:58,640

going ahead and the guys are

15

00:01:02,549 --> 00:01:00,079

contacting the desert have asked us just

16

00:01:04,710 --> 00:01:02,559

to keep recording so this will just be

17

00:01:06,550 --> 00:01:04,720

going out anyway uh sam i've just been

18

00:01:07,270 --> 00:01:06,560

talking for my first time ever to an

19

00:01:08,710 --> 00:01:07,280

audience

20

00:01:11,030 --> 00:01:08,720

that isn't actually there because it's

21

00:01:12,870 --> 00:01:11,040

been recorded um just on my own and i've

22

00:01:14,550 --> 00:01:12,880

been talking about how we have spoken on

23

00:01:17,429 --> 00:01:14,560

my podcast previously

24

00:01:18,310 --> 00:01:17,439

a little bit about uh resonance or or

25

00:01:21,030 --> 00:01:18,320

remote viewing

26

00:01:22,950 --> 00:01:21,040

and the differences of those as well but

27

00:01:23,350 --> 00:01:22,960

uh i'm going to get into it and again

28

00:01:25,910 --> 00:01:23,360

you're

29

00:01:26,630 --> 00:01:25,920

in the desert i was really looking

30

00:01:28,630 --> 00:01:26,640

forward to

31

00:01:30,149 --> 00:01:28,640

catching up with this year um i've

32

00:01:33,109 --> 00:01:30,159

spoken to you before but i find

33

00:01:34,550 --> 00:01:33,119

you and your your field fascinating and

34

00:01:35,270 --> 00:01:34,560

there's so much we could talk about with

35

00:01:38,710 --> 00:01:35,280

it as well

36

00:01:39,990 --> 00:01:38,720

oh yeah first off at contacting a desert

37

00:01:41,990 --> 00:01:40,000

i just want you to talk a little bit

38

00:01:45,030 --> 00:01:42,000

about what can people expect to hear

39

00:01:46,710 --> 00:01:45,040

and see from you this year oh well

40

00:01:47,830 --> 00:01:46,720

thanks a lot andy thanks for having me

41

00:01:49,830 --> 00:01:47,840

here again

42

00:01:51,510 --> 00:01:49,840

uh it's always a pleasure to talk to you

43

00:01:52,230 --> 00:01:51,520

yeah no so i have this presentation i

44

00:01:55,670 --> 00:01:52,240

put together

45

00:01:57,510 --> 00:01:55,680

about seriously looking at the idea that

46

00:02:01,270 --> 00:01:57,520

there are parallel realities

47

00:02:03,830 --> 00:02:01,280

uh what science has produced so far the

48

00:02:05,670 --> 00:02:03,840

theories well-formed theories that come

49

00:02:08,949 --> 00:02:05,680

from quantum mechanics

50

00:02:11,750 --> 00:02:08,959

the empirical experiments that seem

51  
00:02:14,309 --> 00:02:11,760  
uh are being planned at oak ridge

52  
00:02:15,190 --> 00:02:14,319  
national labs to look for particles that

53  
00:02:18,869 --> 00:02:15,200  
don't

54  
00:02:20,309 --> 00:02:18,879  
seem to seem to be delayed a little bit

55  
00:02:22,550 --> 00:02:20,319  
in ways that they

56  
00:02:24,309 --> 00:02:22,560  
decay which suggests that there's some

57  
00:02:24,869 --> 00:02:24,319  
sort of interference possibly from

58  
00:02:28,229 --> 00:02:24,879  
another

59  
00:02:29,910 --> 00:02:28,239  
parallel reality uh the idea that this

60  
00:02:32,710 --> 00:02:29,920  
is something we should look at

61  
00:02:34,949 --> 00:02:32,720  
seriously it's not just in the realm of

62  
00:02:37,990 --> 00:02:34,959  
science fiction increasingly

63  
00:02:41,190 --> 00:02:38,000

just like the ufo uap topic

64

00:02:44,070 --> 00:02:41,200  
is becoming more accepted day by day

65

00:02:45,270 --> 00:02:44,080  
it seems by the larger society by the

66

00:02:47,990 --> 00:02:45,280  
government

67

00:02:48,630 --> 00:02:48,000  
physicists are looking at the multiverse

68

00:02:51,750 --> 00:02:48,640  
idea

69

00:02:55,830 --> 00:02:51,760  
with increasing uh

70

00:02:58,149 --> 00:02:55,840  
degrees of sincere curiosity

71

00:02:59,910 --> 00:02:58,159  
and saying maybe this is what's going on

72

00:03:02,309 --> 00:02:59,920  
and we can't rule it out i mean

73

00:03:04,229 --> 00:03:02,319  
you can always say andy i don't feel

74

00:03:06,149 --> 00:03:04,239  
like they're parallel realities but the

75

00:03:06,869 --> 00:03:06,159  
same thing is you don't feel like you're

76

00:03:08,229 --> 00:03:06,879

orbiting

77

00:03:09,830 --> 00:03:08,239

around the earth right now or that

78

00:03:11,030 --> 00:03:09,840

you're spinning around the sun it's not

79

00:03:12,710 --> 00:03:11,040

something you're going to feel

80

00:03:15,270 --> 00:03:12,720

so that's one presentation the other

81

00:03:17,030 --> 00:03:15,280

presentation andy is a remote

82

00:03:20,309 --> 00:03:17,040

viewing as you know i call it resonant

83

00:03:22,470 --> 00:03:20,319

viewing workshop where we actually go

84

00:03:24,390 --> 00:03:22,480

through the basic steps of how it works

85

00:03:27,509 --> 00:03:24,400

it's a hands-on practical

86

00:03:29,190 --> 00:03:27,519

uh workshop how to do rv

87

00:03:30,710 --> 00:03:29,200

and i have a practice target there where

88

00:03:31,990 --> 00:03:30,720

we go through we go through step by step

89

00:03:35,350 --> 00:03:32,000

and you can see

90

00:03:36,550 --> 00:03:35,360

how you do picking up non-local

91

00:03:38,869 --> 00:03:36,560

information

92

00:03:40,070 --> 00:03:38,879

however it comes across to you so those

93

00:03:42,949 --> 00:03:40,080

are the two uh

94

00:03:43,750 --> 00:03:42,959

oh we have tonight while we're recording

95

00:03:46,789 --> 00:03:43,760

this on

96

00:03:50,390 --> 00:03:46,799

sunday there is the remote

97

00:03:52,390 --> 00:03:50,400

viewing panel about the secret history

98

00:03:53,830 --> 00:03:52,400

of remote viewing so

99

00:03:55,509 --> 00:03:53,840

that is what i'm very much looking

100

00:03:57,030 --> 00:03:55,519

forward to as well um

101  
00:03:59,750 --> 00:03:57,040  
now listen you talked about quite a lot

102  
00:04:00,789 --> 00:03:59,760  
there the first one parallel realities

103  
00:04:01,990 --> 00:04:00,799  
it's

104  
00:04:03,750 --> 00:04:02,000  
and what we're going to i'm going to

105  
00:04:05,190 --> 00:04:03,760  
later on ask your thoughts on the task

106  
00:04:06,630 --> 00:04:05,200  
force report and things like that which

107  
00:04:07,670 --> 00:04:06,640  
very much sure because he's on the nuts

108  
00:04:10,550 --> 00:04:07,680  
and bolts and

109  
00:04:12,550 --> 00:04:10,560  
yeah as real as it can get for a

110  
00:04:13,910 --> 00:04:12,560  
mainstream conversation at this point

111  
00:04:15,910 --> 00:04:13,920  
but when you talk about parallel

112  
00:04:17,430 --> 00:04:15,920  
realities for you what are the

113  
00:04:20,069 --> 00:04:17,440

implications of

114

00:04:23,189 --> 00:04:20,079

the discovery of a parallel or multiple

115

00:04:26,310 --> 00:04:23,199

realities alongside our own

116

00:04:28,790 --> 00:04:26,320

yeah i think it's extremely logical

117

00:04:30,390 --> 00:04:28,800

that this would be true throughout the

118

00:04:33,189 --> 00:04:30,400

history of science go back

119

00:04:35,030 --> 00:04:33,199

500 years and move forward what have we

120

00:04:38,150 --> 00:04:35,040

found in the last 500 years

121

00:04:40,390 --> 00:04:38,160

in scientific discovery that there are

122

00:04:42,469 --> 00:04:40,400

more and more planets out there more and

123

00:04:46,310 --> 00:04:42,479

more galaxies

124

00:04:47,990 --> 00:04:46,320

the big discovery in the late 1500s

125

00:04:50,469 --> 00:04:48,000

early 1600s

126  
00:04:52,150 --> 00:04:50,479  
copernican theory and then galileo got a

127  
00:04:53,189 --> 00:04:52,160  
telescope to actually check out

128  
00:04:56,550 --> 00:04:53,199  
copernicus

129  
00:04:58,469 --> 00:04:56,560  
discovered hey this idea this ptolemaic

130  
00:04:59,590 --> 00:04:58,479  
idea doesn't quite make sense that we're

131  
00:05:01,749 --> 00:04:59,600  
the center

132  
00:05:03,029 --> 00:05:01,759  
of the universe with a couple planets i

133  
00:05:04,629 --> 00:05:03,039  
don't know how many planets there were

134  
00:05:07,830 --> 00:05:04,639  
back then just a few

135  
00:05:09,270 --> 00:05:07,840  
and then galileo discovered jupiter

136  
00:05:11,670 --> 00:05:09,280  
and initially they thought that was

137  
00:05:13,670 --> 00:05:11,680  
another galaxy

138  
00:05:15,670 --> 00:05:13,680

another solar system with planets going

139

00:05:17,189 --> 00:05:15,680

around it uh when they

140

00:05:19,270 --> 00:05:17,199

looked at jupiter they hadn't seen

141

00:05:20,790 --> 00:05:19,280

jupiter before and they said maybe it's

142

00:05:23,350 --> 00:05:20,800

another solar system

143

00:05:24,870 --> 00:05:23,360

and this began this whole process

144

00:05:27,469 --> 00:05:24,880

realizing

145

00:05:30,150 --> 00:05:27,479

moving away from theological

146

00:05:32,550 --> 00:05:30,160

interpretations of science

147

00:05:34,310 --> 00:05:32,560

based on you know religious ideas that

148

00:05:37,590 --> 00:05:34,320

somehow we're the center of

149

00:05:37,990 --> 00:05:37,600

god's universe to realize no we're

150

00:05:40,550 --> 00:05:38,000

actually

151  
00:05:41,909 --> 00:05:40,560  
sort of an average planet in an average

152  
00:05:45,990 --> 00:05:41,919  
solar system kind of an

153  
00:05:49,990 --> 00:05:46,000  
ordinary galaxy one of many of you know

154  
00:05:52,070 --> 00:05:50,000  
uh millions and now billions of galaxies

155  
00:05:54,230 --> 00:05:52,080  
i have to tell you at the time einstein

156  
00:05:56,390 --> 00:05:54,240  
was developing his general relativity

157  
00:05:58,469 --> 00:05:56,400  
theory do you know they didn't know of a

158  
00:06:00,950 --> 00:05:58,479  
single galaxy beyond the milky way that

159  
00:06:03,590 --> 00:06:00,960  
was all that was known just

160  
00:06:04,309 --> 00:06:03,600  
a little less than 100 years ago how

161  
00:06:06,390 --> 00:06:04,319  
things change

162  
00:06:08,710 --> 00:06:06,400  
in just a hundred years to where we are

163  
00:06:10,230 --> 00:06:08,720

now so isn't it a logical extension that

164

00:06:11,830 --> 00:06:10,240

we keep realizing you know as there are

165

00:06:13,749 --> 00:06:11,840

more and more galaxies and more and more

166

00:06:15,749 --> 00:06:13,759

exoplanets every day we find they're

167

00:06:18,390 --> 00:06:15,759

more exoplanets that

168

00:06:18,870 --> 00:06:18,400

similar to earth similar levels of you

169

00:06:21,909 --> 00:06:18,880

know

170

00:06:23,749 --> 00:06:21,919

uh solar receive solar radiation from

171

00:06:25,670 --> 00:06:23,759

their sun that could host life

172

00:06:28,790 --> 00:06:25,680

it seems to make sense that we would

173

00:06:32,070 --> 00:06:28,800

find that there are other realities

174

00:06:35,029 --> 00:06:32,080

nested within our own reality andy

175

00:06:36,469 --> 00:06:35,039

that could have their own life forms

176

00:06:38,629 --> 00:06:36,479

types of consciousness

177

00:06:40,550 --> 00:06:38,639

it's it's highly conceivable the

178

00:06:42,070 --> 00:06:40,560

different ways to get to parallel

179

00:06:43,350 --> 00:06:42,080

realities many different ways they could

180

00:06:45,590 --> 00:06:43,360

exist

181

00:06:48,550 --> 00:06:45,600

but that's where you would sort of

182

00:06:50,550 --> 00:06:48,560

largely think it would go and i think

183

00:06:51,589 --> 00:06:50,560

going i know we'll talk about the uap

184

00:06:54,710 --> 00:06:51,599

report

185

00:06:56,230 --> 00:06:54,720

that started with awesome and asap was

186

00:06:58,150 --> 00:06:56,240

looking at skinwalker ranch and what do

187

00:07:00,469 --> 00:06:58,160

you have at skinwalker ranch

188

00:07:02,629 --> 00:07:00,479

a whole range of phenomena i think

189

00:07:04,870 --> 00:07:02,639

george knapp called it a general

190

00:07:07,029 --> 00:07:04,880

continuum of weirdness or something i

191

00:07:09,909 --> 00:07:07,039

mean how do you deal with all

192

00:07:10,629 --> 00:07:09,919

different life forms and creatures

193

00:07:12,550 --> 00:07:10,639

encrypted

194

00:07:13,909 --> 00:07:12,560

that can just appear and disappear i

195

00:07:16,629 --> 00:07:13,919

mean how you talk about that

196

00:07:18,550 --> 00:07:16,639

parallel reality is when we do that do

197

00:07:20,550 --> 00:07:18,560

you think we're at a natural point for

198

00:07:22,230 --> 00:07:20,560

the conversation changing you're giving

199

00:07:24,550 --> 00:07:22,240

you give some great examples there back

200

00:07:25,270 --> 00:07:24,560

to the 1600s and before and then after

201  
00:07:27,350 --> 00:07:25,280  
of

202  
00:07:29,749 --> 00:07:27,360  
points where science thought it was at

203  
00:07:31,749 --> 00:07:29,759  
its peak and we thought we knew

204  
00:07:33,029 --> 00:07:31,759  
almost as much as we were going to you

205  
00:07:33,670 --> 00:07:33,039  
know without tweaking things a little

206  
00:07:36,309 --> 00:07:33,680  
bit

207  
00:07:37,510 --> 00:07:36,319  
and then along came radical scientists

208  
00:07:39,430 --> 00:07:37,520  
or thinkers who

209  
00:07:41,029 --> 00:07:39,440  
who dared to challenge that zeitgeist

210  
00:07:41,749 --> 00:07:41,039  
and they were laughed at or mocked and

211  
00:07:43,430 --> 00:07:41,759  
then

212  
00:07:45,189 --> 00:07:43,440  
these ideas are what we now know as the

213  
00:07:46,869 --> 00:07:45,199

normal do you think in a hundred years

214

00:07:48,790 --> 00:07:46,879

time we could look back to now

215

00:07:50,230 --> 00:07:48,800

and where that we have these thinkers

216

00:07:52,070 --> 00:07:50,240

and i'm just going to name a mainstream

217

00:07:53,749 --> 00:07:52,080

scientist like avi loeb who

218

00:07:55,749 --> 00:07:53,759

who has come out and got some national

219

00:07:57,670 --> 00:07:55,759

press and attention as being one of the

220

00:07:58,150 --> 00:07:57,680

first to turn around as a harvard

221

00:08:00,230 --> 00:07:58,160

professor

222

00:08:01,990 --> 00:08:00,240

and say we should talk about aliens that

223

00:08:04,309 --> 00:08:02,000

in 100 years time will look back and say

224

00:08:06,710 --> 00:08:04,319

more should have done that

225

00:08:07,350 --> 00:08:06,720

right so isn't isn't it einstein who

226

00:08:09,270 --> 00:08:07,360

said that

227

00:08:11,589 --> 00:08:09,280

new ideas go through three stages first

228

00:08:14,230 --> 00:08:11,599

they're ridiculed

229

00:08:14,710 --> 00:08:14,240

then they're violently opposed and then

230

00:08:17,350 --> 00:08:14,720

they're

231

00:08:18,950 --> 00:08:17,360

accepted as self-evident truth it

232

00:08:21,110 --> 00:08:18,960

doesn't mean that every single idea

233

00:08:22,550 --> 00:08:21,120

turns out to be true but you know a lot

234

00:08:23,749 --> 00:08:22,560

of the more

235

00:08:26,869 --> 00:08:23,759

turn out to be true than you would

236

00:08:29,270 --> 00:08:26,879

expect and i would easily imagine andy a

237

00:08:31,830 --> 00:08:29,280

hundred years from now

238

00:08:32,709 --> 00:08:31,840

the ivy lobes and others like him who

239

00:08:34,790 --> 00:08:32,719

are brave enough

240

00:08:36,630 --> 00:08:34,800

and you saw that little video clip did

241

00:08:38,550 --> 00:08:36,640

did you not where he's really chastised

242

00:08:40,870 --> 00:08:38,560

by his colleagues on his own call

243

00:08:42,469 --> 00:08:40,880

yeah they say we're really disappointed

244

00:08:44,310 --> 00:08:42,479

in you for

245

00:08:45,590 --> 00:08:44,320

that's what you know that's what science

246

00:08:46,710 --> 00:08:45,600

and academics should be it should be

247

00:08:48,310 --> 00:08:46,720

lots of different points of view who

248

00:08:49,350 --> 00:08:48,320

said there has to be a consensus these

249

00:08:52,389 --> 00:08:49,360

consensus

250

00:08:53,430 --> 00:08:52,399

often turn out to be wrong why stick

251  
00:08:55,829 --> 00:08:53,440  
with something that's

252  
00:08:58,470 --> 00:08:55,839  
old hat so yeah i could easily imagine

253  
00:09:00,310 --> 00:08:58,480  
in 100 years that we accept

254  
00:09:01,990 --> 00:09:00,320  
parallel realities that there are other

255  
00:09:03,829 --> 00:09:02,000  
realities that for the most part we

256  
00:09:05,110 --> 00:09:03,839  
don't interact with that are in the same

257  
00:09:07,509 --> 00:09:05,120  
space time as we are

258  
00:09:08,230 --> 00:09:07,519  
at another frequency we know we only

259  
00:09:09,670 --> 00:09:08,240  
perceive our

260  
00:09:11,990 --> 00:09:09,680  
narrow range of frequencies with our

261  
00:09:13,750 --> 00:09:12,000  
senses there could be many

262  
00:09:15,509 --> 00:09:13,760  
other realities at slightly different

263  
00:09:18,470 --> 00:09:15,519

frequencies or different

264

00:09:19,670 --> 00:09:18,480

uh different physics constants you know

265

00:09:21,590 --> 00:09:19,680

the fine constant

266

00:09:24,230 --> 00:09:21,600

you know you just change it a little bit

267

00:09:26,230 --> 00:09:24,240

we wouldn't really interact with them

268

00:09:27,590 --> 00:09:26,240

uh they would seem sort of invisible and

269

00:09:29,030 --> 00:09:27,600

we would seem that way to them but that

270

00:09:30,710 --> 00:09:29,040

doesn't mean there isn't a little bleed

271

00:09:33,190 --> 00:09:30,720

through once in a while and i often

272

00:09:34,790 --> 00:09:33,200

wonder whether that explains what we see

273

00:09:36,710 --> 00:09:34,800

with some of these phenomena when you

274

00:09:38,150 --> 00:09:36,720

see phenomena that

275

00:09:39,670 --> 00:09:38,160

and this doesn't really apply to the tic

276

00:09:41,829 --> 00:09:39,680

tac type objects but things that just

277

00:09:44,949 --> 00:09:41,839

sort of materialize and then disappear

278

00:09:46,150 --> 00:09:44,959

as part of the ufo phenomenology people

279

00:09:49,190 --> 00:09:46,160

have seen things like this

280

00:09:49,829 --> 00:09:49,200

and cryptid types of creatures that just

281

00:09:51,829 --> 00:09:49,839

seem to

282

00:09:54,070 --> 00:09:51,839

show up and then become invisible as

283

00:09:56,070 --> 00:09:54,080

they're watching them

284

00:09:57,990 --> 00:09:56,080

that seems to lend itself to another

285

00:09:59,350 --> 00:09:58,000

type of scientific explanation which we

286

00:10:00,070 --> 00:09:59,360

really haven't reached yet and they

287

00:10:03,030 --> 00:10:00,080

could be

288

00:10:04,230 --> 00:10:03,040

uh parallel realities that you know have

289

00:10:06,550 --> 00:10:04,240

something to do with that

290

00:10:07,910 --> 00:10:06,560

i think we talked about on my podcast i

291

00:10:08,550 --> 00:10:07,920

like analogies and i talked about a

292

00:10:10,630 --> 00:10:08,560

radio

293

00:10:12,150 --> 00:10:10,640

transistor that you're tuning in and as

294

00:10:13,269 --> 00:10:12,160

you go through you pick up some faint

295

00:10:14,630 --> 00:10:13,279

signals and

296

00:10:16,150 --> 00:10:14,640

at times you hear something coming

297

00:10:17,990 --> 00:10:16,160

through you're not expecting and maybe

298

00:10:19,110 --> 00:10:18,000

that's what we as receivers

299

00:10:21,350 --> 00:10:19,120

are seeing as we go through the

300

00:10:22,710 --> 00:10:21,360

frequencies that sometimes stuff bleeds

301

00:10:25,990 --> 00:10:22,720

through that we're not expecting on

302

00:10:27,509 --> 00:10:26,000

as is the radio exactly no andy i think

303

00:10:28,949 --> 00:10:27,519

it's a very good analogy as a kid i used

304

00:10:30,310 --> 00:10:28,959

to build electronic kits

305

00:10:33,030 --> 00:10:30,320

and i was always amazed even with a

306

00:10:35,509 --> 00:10:33,040

crystal radio no battery required

307

00:10:36,470 --> 00:10:35,519

that that nearby am station was allowed

308

00:10:39,750 --> 00:10:36,480

enough for you to hear

309

00:10:41,430 --> 00:10:39,760

just because the the the amplitude gets

310

00:10:45,030 --> 00:10:41,440

converted as a frequency

311

00:10:47,750 --> 00:10:45,040

into sound through your earpiece

312

00:10:48,949 --> 00:10:47,760

into electricity and then sound and you

313

00:10:51,269 --> 00:10:48,959

always got bleed through

314

00:10:52,310 --> 00:10:51,279

other stations now it's the same analogy

315

00:10:54,310 --> 00:10:52,320

is that

316

00:10:56,470 --> 00:10:54,320

all it would mean is what we see as

317

00:10:58,150 --> 00:10:56,480

reality is one channel

318

00:10:59,990 --> 00:10:58,160

in the whole radio spectrum it's not

319

00:11:02,470 --> 00:11:00,000

that outlandish an idea we accept it

320

00:11:04,150 --> 00:11:02,480

with radio and television and other

321

00:11:05,829 --> 00:11:04,160

types of broadcast i used to be into

322

00:11:07,110 --> 00:11:05,839

shortwave radio it was always

323

00:11:08,790 --> 00:11:07,120

interesting listen to all these

324

00:11:10,069 --> 00:11:08,800

different countries fascinating to

325

00:11:11,590 --> 00:11:10,079

listen to the different points of view

326

00:11:15,030 --> 00:11:11,600

from their news

327

00:11:16,710 --> 00:11:15,040

you know and uh that was

328

00:11:18,389 --> 00:11:16,720

a lot of fun but it sort of got me used

329

00:11:21,030 --> 00:11:18,399

to the idea that in the same

330

00:11:22,470 --> 00:11:21,040

sort of frequency spectrum there can be

331

00:11:24,310 --> 00:11:22,480

different stations

332

00:11:25,750 --> 00:11:24,320

and often stations don't know of each

333

00:11:27,350 --> 00:11:25,760

other you could just be listening to

334

00:11:30,710 --> 00:11:27,360

voice of america

335

00:11:33,110 --> 00:11:30,720

forever not realizing that you know

336

00:11:35,110 --> 00:11:33,120

uh you know the voice of north korea was

337

00:11:36,710 --> 00:11:35,120

right there on a neighboring channel

338

00:11:38,949 --> 00:11:36,720

but they were there the whole time you

339

00:11:41,430 --> 00:11:38,959

just didn't pick it up so i i think it

340

00:11:43,430 --> 00:11:41,440

right now we don't have any hard proof

341

00:11:45,750 --> 00:11:43,440

that it works this way but

342

00:11:48,389 --> 00:11:45,760

it seems to me explains a lot of

343

00:11:50,150 --> 00:11:48,399

phenomena not just in the ufo area as

344

00:11:52,150 --> 00:11:50,160

you realize but other phenomena that

345

00:11:54,949 --> 00:11:52,160

seem related to it

346

00:11:55,590 --> 00:11:54,959

and some of the strange electromagnetic

347

00:11:57,990 --> 00:11:55,600

effects

348

00:11:59,190 --> 00:11:58,000

that seem to occur around these

349

00:11:59,990 --> 00:11:59,200

phenomena i think it's something we need

350

00:12:02,629 --> 00:12:00,000

to consider and

351  
00:12:03,910 --> 00:12:02,639  
again increasingly scientists physicists

352  
00:12:05,350 --> 00:12:03,920  
sean carroll being one they've written

353  
00:12:08,389 --> 00:12:05,360  
whole books about this recently

354  
00:12:09,350 --> 00:12:08,399  
something deeply hidden uh that this is

355  
00:12:12,949 --> 00:12:09,360  
actually

356  
00:12:14,470 --> 00:12:12,959  
the simplest explanation for what we

357  
00:12:16,230 --> 00:12:14,480  
perceive it's not the most complex it's

358  
00:12:17,910 --> 00:12:16,240  
just quantum mechanics at its most

359  
00:12:19,750 --> 00:12:17,920  
straightforward interpretation

360  
00:12:21,750 --> 00:12:19,760  
yields parallel realities you don't have

361  
00:12:24,389 --> 00:12:21,760  
to add anything else in it just

362  
00:12:25,990 --> 00:12:24,399  
it's purely a product of the schrodinger

363  
00:12:27,350 --> 00:12:26,000

wave function

364

00:12:29,509 --> 00:12:27,360

now people can hear a lot more about

365

00:12:32,230 --> 00:12:29,519

that in in your parallel reality

366

00:12:33,910 --> 00:12:32,240

presentation and same parallel reality

367

00:12:35,350 --> 00:12:33,920

realities with a scottish accent it's a

368

00:12:36,710 --> 00:12:35,360

bit of a tongue twister folks so

369

00:12:39,030 --> 00:12:36,720

apologies

370

00:12:40,230 --> 00:12:39,040

you also have your uh resonance viewing

371

00:12:41,910 --> 00:12:40,240

workshop and just before

372

00:12:43,430 --> 00:12:41,920

you want i explained you've got remote

373

00:12:45,590 --> 00:12:43,440

viewing and residence viewing

374

00:12:47,110 --> 00:12:45,600

which you prefer the term resonance just

375

00:12:48,069 --> 00:12:47,120

given the connotations of what it

376

00:12:49,990 --> 00:12:48,079

actually is so

377

00:12:52,069 --> 00:12:50,000

can you talk a little bit about remote

378

00:12:53,590 --> 00:12:52,079

slash resonance viewing

379

00:12:55,190 --> 00:12:53,600

yeah well it's the big surprise of the

380

00:12:56,230 --> 00:12:55,200

lifetime i didn't think it would work

381

00:12:58,710 --> 00:12:56,240

when i took the class i

382

00:13:00,389 --> 00:12:58,720

actually really went in as a skeptic i

383

00:13:02,069 --> 00:13:00,399

mean open-minded skeptic i was open to

384

00:13:04,310 --> 00:13:02,079

her i didn't expect that i would get

385

00:13:06,470 --> 00:13:04,320

results that would show that i had any

386

00:13:07,990 --> 00:13:06,480

sort of psychic ability but everyone in

387

00:13:09,829 --> 00:13:08,000

the class got results when

388

00:13:11,430 --> 00:13:09,839

in two or three days my classes were at

389

00:13:13,030 --> 00:13:11,440

the farsight institute in atlanta in

390

00:13:14,870 --> 00:13:13,040

1996

391

00:13:16,790 --> 00:13:14,880

and those classes were eight days long

392

00:13:19,190 --> 00:13:16,800

and it was really shocking

393

00:13:21,110 --> 00:13:19,200

andy to see that you could reproduce a

394

00:13:22,230 --> 00:13:21,120

picture with a high level of fidelity

395

00:13:24,470 --> 00:13:22,240

just

396

00:13:26,069 --> 00:13:24,480

sketching and and writing what was

397

00:13:27,990 --> 00:13:26,079

showing up in your mind's eye

398

00:13:30,150 --> 00:13:28,000

that you just had the intent to describe

399

00:13:31,670 --> 00:13:30,160

the site that you would be shown in 15

400

00:13:34,310 --> 00:13:31,680

or 20 minutes

401  
00:13:35,829 --> 00:13:34,320  
and somehow you just you know cast aside

402  
00:13:36,310 --> 00:13:35,839  
your doubts and just let the pen move

403  
00:13:38,790 --> 00:13:36,320  
around

404  
00:13:40,550 --> 00:13:38,800  
all of a sudden you've drawn the picture

405  
00:13:44,269 --> 00:13:40,560  
uh i've done this recently

406  
00:13:45,509 --> 00:13:44,279  
on my bulletin board uh

407  
00:13:48,550 --> 00:13:45,519  
superpowersbiomine.com

408  
00:13:50,150 --> 00:13:48,560  
uh it goes old url it was discarded

409  
00:13:52,150 --> 00:13:50,160  
and i just put up some targets there and

410  
00:13:53,990 --> 00:13:52,160  
i was just shocked at some of the

411  
00:13:55,910 --> 00:13:54,000  
accuracy people

412  
00:13:57,990 --> 00:13:55,920  
you know get so much detail we had a

413  
00:13:59,750 --> 00:13:58,000

medieval clock and they got all the

414

00:14:01,670 --> 00:13:59,760

curves and the crescents and the

415

00:14:03,910 --> 00:14:01,680

just the design it's shocking when it

416

00:14:05,990 --> 00:14:03,920

works so this is our ability to pick up

417

00:14:08,790 --> 00:14:06,000

non-local information

418

00:14:09,350 --> 00:14:08,800

literally get information from a a

419

00:14:12,949 --> 00:14:09,360

distant

420

00:14:14,389 --> 00:14:12,959

place or person or event sitting here

421

00:14:16,230 --> 00:14:14,399

wherever we are

422

00:14:18,150 --> 00:14:16,240

to me it's because the information is

423

00:14:19,990 --> 00:14:18,160

there as you said before kind of like a

424

00:14:21,590 --> 00:14:20,000

radio frequency you tune to it we don't

425

00:14:22,550 --> 00:14:21,600

know exactly how you do that but somehow

426  
00:14:23,829 --> 00:14:22,560  
you tune to it

427  
00:14:25,110 --> 00:14:23,839  
and there's information there and you

428  
00:14:26,069 --> 00:14:25,120  
just write it down before your

429  
00:14:28,949 --> 00:14:26,079  
skepticism

430  
00:14:30,629 --> 00:14:28,959  
sinks in too deeply and lo and behold

431  
00:14:32,230 --> 00:14:30,639  
what you know good percentage of the

432  
00:14:33,829 --> 00:14:32,240  
time much more than you would expect

433  
00:14:35,670 --> 00:14:33,839  
just from a sort of random

434  
00:14:36,949 --> 00:14:35,680  
function you get some very accurate

435  
00:14:39,590 --> 00:14:36,959  
information

436  
00:14:41,350 --> 00:14:39,600  
it can describe even events into the

437  
00:14:44,629 --> 00:14:41,360  
future by a few days with a

438  
00:14:47,509 --> 00:14:44,639

you know 60 70 degree of accuracy

439

00:14:47,990 --> 00:14:47,519

in a kind of on a binary outcome this or

440

00:14:49,269 --> 00:14:48,000

that

441

00:14:51,910 --> 00:14:49,279

you know this possibility or this

442

00:14:54,389 --> 00:14:51,920

possibility so it's really an astounding

443

00:14:55,269 --> 00:14:54,399

finding i know the military used this

444

00:14:56,470 --> 00:14:55,279

and we'll probably talk about that

445

00:14:59,990 --> 00:14:56,480

tonight

446

00:15:03,269 --> 00:15:00,000

for 20-plus years uh with you know

447

00:15:05,110 --> 00:15:03,279

psychic espionage

448

00:15:07,189 --> 00:15:05,120

uh different things types of

449

00:15:08,230 --> 00:15:07,199

intelligence activities that governments

450

00:15:09,829 --> 00:15:08,240

do

451  
00:15:11,189 --> 00:15:09,839  
and they kept tasking these viewers over

452  
00:15:12,629 --> 00:15:11,199  
and over they wouldn't come doing that

453  
00:15:14,150 --> 00:15:12,639  
if they weren't getting something useful

454  
00:15:15,910 --> 00:15:14,160  
so it's a real surprising finding but it

455  
00:15:17,750 --> 00:15:15,920  
fits into this

456  
00:15:18,870 --> 00:15:17,760  
are you know is our formal definition of

457  
00:15:20,710 --> 00:15:18,880  
reality just too limited is there

458  
00:15:22,230 --> 00:15:20,720  
something more going on i like rvndy

459  
00:15:23,750 --> 00:15:22,240  
because

460  
00:15:25,509 --> 00:15:23,760  
it's something that the average person

461  
00:15:25,990 --> 00:15:25,519  
can do just to show themselves that they

462  
00:15:28,230 --> 00:15:26,000  
have

463  
00:15:29,829 --> 00:15:28,240

abilities they didn't know they had and

464

00:15:32,870 --> 00:15:29,839

that this all this talk

465

00:15:34,790 --> 00:15:32,880

about quantum mechanics and uh

466

00:15:36,230 --> 00:15:34,800

different ways of accessing reality

467

00:15:37,910 --> 00:15:36,240

something you can actually see yourself

468

00:15:39,910 --> 00:15:37,920

do on a piece of paper

469

00:15:41,030 --> 00:15:39,920

now before i ask you about the average

470

00:15:43,910 --> 00:15:41,040

person and the

471

00:15:47,430 --> 00:15:43,920

practicalities of of arvine what were

472

00:15:49,749 --> 00:15:47,440

the military using this for and why

473

00:15:51,269 --> 00:15:49,759

well they started doing it here in the

474

00:15:53,110 --> 00:15:51,279

us because they found out that the

475

00:15:54,470 --> 00:15:53,120

soviets were doing this the soviets had

476  
00:15:56,629 --> 00:15:54,480  
an extensive

477  
00:15:57,829 --> 00:15:56,639  
psychic espionage program and during the

478  
00:16:00,389 --> 00:15:57,839  
cold war

479  
00:16:03,269 --> 00:16:00,399  
the u.s just decided if they have it we

480  
00:16:07,590 --> 00:16:03,279  
have to have it too initially it was

481  
00:16:11,350 --> 00:16:10,389  
it was started just to see how much

482  
00:16:13,990 --> 00:16:11,360  
would someone

483  
00:16:17,509 --> 00:16:14,000  
be able to detect about so american

484  
00:16:19,590 --> 00:16:17,519  
military abilities and capabilities

485  
00:16:21,189 --> 00:16:19,600  
so they just did it to see what could

486  
00:16:22,949 --> 00:16:21,199  
someone pick up and they were surprised

487  
00:16:24,949 --> 00:16:22,959  
that you could pick up a lot you could

488  
00:16:27,350 --> 00:16:24,959

pick up code names and

489

00:16:29,509 --> 00:16:27,360

folders and get all sorts of classified

490

00:16:31,350 --> 00:16:29,519

specialized

491

00:16:32,790 --> 00:16:31,360

special access program information you

492

00:16:34,230 --> 00:16:32,800

shouldn't be getting from sitting here

493

00:16:36,629 --> 00:16:34,240

in your chair that was kind of alarming

494

00:16:39,509 --> 00:16:36,639

to the military so

495

00:16:40,389 --> 00:16:39,519

you know threats generate funding as we

496

00:16:41,670 --> 00:16:40,399

know

497

00:16:43,829 --> 00:16:41,680

you can throw that word in you'll get a

498

00:16:44,629 --> 00:16:43,839

lot of funding so this was considered

499

00:16:47,829 --> 00:16:44,639

not only

500

00:16:49,590 --> 00:16:47,839

ussr but china had extensive i'm told

501  
00:16:51,189 --> 00:16:49,600  
five different institutes that were

502  
00:16:54,389 --> 00:16:51,199  
looking into this

503  
00:16:57,590 --> 00:16:54,399  
and uh excuse me there

504  
00:16:59,590 --> 00:16:57,600  
uh it's okay uh

505  
00:17:01,189 --> 00:16:59,600  
this uh they really we have to have two

506  
00:17:01,910 --> 00:17:01,199  
so they developed this program you use

507  
00:17:06,549 --> 00:17:01,920  
it

508  
00:17:08,230 --> 00:17:06,559  
slow you have to start drawing and

509  
00:17:09,829 --> 00:17:08,240  
writing it can take a little while for

510  
00:17:11,750 --> 00:17:09,839  
the information to show up

511  
00:17:13,590 --> 00:17:11,760  
so it wasn't really useful immediately

512  
00:17:14,230 --> 00:17:13,600  
on the battlefield to find out where the

513  
00:17:18,789 --> 00:17:14,240

enemy

514

00:17:22,069 --> 00:17:18,799

be used to

515

00:17:24,549 --> 00:17:22,079

look at enemy technologies

516

00:17:26,150 --> 00:17:24,559

adversaries technologies it was used

517

00:17:28,870 --> 00:17:26,160

extensively for

518

00:17:31,990 --> 00:17:28,880

drug interdiction in the u.s you know

519

00:17:35,110 --> 00:17:32,000

counter narcotics operations

520

00:17:36,390 --> 00:17:35,120

and a host of other purposes i'm

521

00:17:38,310 --> 00:17:36,400

it seems that some of those are still

522

00:17:39,270 --> 00:17:38,320

classified we're not told exactly what

523

00:17:42,310 --> 00:17:39,280

these

524

00:17:45,110 --> 00:17:42,320

projects were i'm curious if some of

525

00:17:48,230 --> 00:17:45,120

them were used in this ufo uap

526

00:17:50,710 --> 00:17:48,240

theater of information

527

00:17:52,310 --> 00:17:50,720

i mean we know ingo viewed these i'm

528

00:17:54,789 --> 00:17:52,320

wondering how much that happened and if

529

00:17:56,710 --> 00:17:54,799

it's still classified i mean

530

00:17:57,830 --> 00:17:56,720

they must have been seeing these objects

531

00:17:59,270 --> 00:17:57,840

back then too and

532

00:18:00,950 --> 00:17:59,280

i'm sure that some of the tasks didn't

533

00:18:02,789 --> 00:18:00,960

involve those objects

534

00:18:03,990 --> 00:18:02,799

and that's some of the stories involved

535

00:18:07,190 --> 00:18:04,000

around this and

536

00:18:08,390 --> 00:18:07,200

yes are that people are rving bases on

537

00:18:09,830 --> 00:18:08,400

other planets or

538

00:18:12,830 --> 00:18:09,840

it could be other realities that they're

539

00:18:15,270 --> 00:18:12,840

potentially rving onto craft and seeing

540

00:18:16,870 --> 00:18:15,280

beings how much stock do you put into

541

00:18:19,110 --> 00:18:16,880

some of those

542

00:18:20,789 --> 00:18:19,120

yeah well we did that a lot at my mount

543

00:18:22,390 --> 00:18:20,799

baldy institute in boulder

544

00:18:23,990 --> 00:18:22,400

we would give those in the advanced

545

00:18:25,750 --> 00:18:24,000

class after people had

546

00:18:27,510 --> 00:18:25,760

the basic techniques and the sort of the

547

00:18:28,390 --> 00:18:27,520

mainstream intermediate levels the

548

00:18:30,549 --> 00:18:28,400

matrix

549

00:18:33,029 --> 00:18:30,559

as it's called in the advanced class we

550

00:18:34,549 --> 00:18:33,039

would you know send people to a craft

551

00:18:35,669 --> 00:18:34,559

and then if they seem to have good

552

00:18:36,549 --> 00:18:35,679

target contact

553

00:18:39,029 --> 00:18:36,559

we haven't told them what they're

554

00:18:41,990 --> 00:18:39,039

looking at you say move inside

555

00:18:42,789 --> 00:18:42,000

the man-made and described that's just

556

00:18:45,350 --> 00:18:42,799

generic language

557

00:18:45,990 --> 00:18:45,360

move inside something made by you know

558

00:18:48,710 --> 00:18:46,000

people or

559

00:18:50,310 --> 00:18:48,720

intelligence technology and sometimes

560

00:18:52,070 --> 00:18:50,320

they say wow i feel like i'm inside a

561

00:18:53,669 --> 00:18:52,080

flying saucer i feel like i'm being

562

00:18:54,549 --> 00:18:53,679

watched the beans are telling me i

563

00:18:56,950 --> 00:18:54,559

shouldn't be here

564

00:18:57,990 --> 00:18:56,960

it's surprising uh people would say

565

00:18:59,430 --> 00:18:58,000

they're telling me i shouldn't be here i

566

00:19:01,990 --> 00:18:59,440

want to end the session

567

00:19:03,110 --> 00:19:02,000

uh it's happened many times we viewed

568

00:19:06,870 --> 00:19:03,120

the phoenix lights

569

00:19:10,070 --> 00:19:06,880

and different objects back then that

570

00:19:13,350 --> 00:19:10,080

were being seen so i do put stock

571

00:19:15,669 --> 00:19:13,360

in it uh when you're in the rv state

572

00:19:17,270 --> 00:19:15,679

you're not letting any skepticism in

573

00:19:18,950 --> 00:19:17,280

it's open state where

574

00:19:20,310 --> 00:19:18,960

new information could come through that

575

00:19:22,630 --> 00:19:20,320

normally might block

576

00:19:23,830 --> 00:19:22,640

so it is actually a good way to interact

577

00:19:28,310 --> 00:19:23,840

with

578

00:19:30,310 --> 00:19:28,320

ufo et sorts of phenomena because

579

00:19:31,510 --> 00:19:30,320

you're not allowed to edit anything out

580

00:19:33,350 --> 00:19:31,520

during the session you literally have to

581

00:19:35,510 --> 00:19:33,360

write down everything you're getting so

582

00:19:37,110 --> 00:19:35,520

ufo targets are good targets it's hard

583

00:19:38,230 --> 00:19:37,120

to interpret exactly where they are but

584

00:19:40,070 --> 00:19:38,240

you can do these kind of

585

00:19:41,270 --> 00:19:40,080

locational exercises to trace where they

586

00:19:42,549 --> 00:19:41,280

came from

587

00:19:43,830 --> 00:19:42,559

and that's one way to get information

588

00:19:45,110 --> 00:19:43,840

now the only drawback we can't really

589

00:19:46,470 --> 00:19:45,120

verify at the end of the session how

590

00:19:48,549 --> 00:19:46,480

much of it was accurate

591

00:19:49,909 --> 00:19:48,559

the way we can with a normal verifiable

592

00:19:51,350 --> 00:19:49,919

target but once a while they're fun to

593

00:19:53,590 --> 00:19:51,360

do and people seem to learn something

594

00:19:55,990 --> 00:19:53,600

from it and it shows us

595

00:19:57,590 --> 00:19:56,000

perhaps this is really what it seems to

596

00:19:59,750 --> 00:19:57,600

be this phenomenon

597

00:20:02,390 --> 00:19:59,760

and would you say that would be the main

598

00:20:04,870 --> 00:20:02,400

practicality for the average person who

599

00:20:07,029 --> 00:20:04,880

who wants to get involved that contact

600

00:20:08,470 --> 00:20:07,039

with other intelligences you know

601  
00:20:10,390 --> 00:20:08,480  
if someone's listening to this just now

602  
00:20:10,950 --> 00:20:10,400  
who thinks after dinner i'm going to sit

603  
00:20:12,390 --> 00:20:10,960  
down and

604  
00:20:13,590 --> 00:20:12,400  
sim's got a great youtube channel you

605  
00:20:14,070 --> 00:20:13,600  
can go out and watch some of the stuff

606  
00:20:16,310 --> 00:20:14,080  
there

607  
00:20:17,430 --> 00:20:16,320  
right they have they might book into the

608  
00:20:18,950 --> 00:20:17,440  
rv workshop

609  
00:20:20,470 --> 00:20:18,960  
and they want to try it themselves what

610  
00:20:22,710 --> 00:20:20,480  
are some of the first sorts of things

611  
00:20:23,990 --> 00:20:22,720  
they may be looking at

612  
00:20:25,510 --> 00:20:24,000  
well it's a good question and it's

613  
00:20:26,470 --> 00:20:25,520

really hard to tell because each person

614

00:20:28,789 --> 00:20:26,480

is different

615

00:20:30,070 --> 00:20:28,799

the rv signal works through the path of

616

00:20:31,830 --> 00:20:30,080

least resistance kind of the way

617

00:20:33,350 --> 00:20:31,840

lightning is going to find the fastest

618

00:20:35,270 --> 00:20:33,360

point to the ground

619

00:20:37,430 --> 00:20:35,280

so we don't know exactly what's going to

620

00:20:40,950 --> 00:20:37,440

happen to you when you do this

621

00:20:42,390 --> 00:20:40,960

i honestly don't know it uh is good for

622

00:20:44,950 --> 00:20:42,400

many things the main thing

623

00:20:48,710 --> 00:20:44,960

is to just get in touch with this other

624

00:20:50,549 --> 00:20:48,720

sensory ability ingo swan really the

625

00:20:52,230 --> 00:20:50,559

grandfather of a lot of these techniques

626  
00:20:55,270 --> 00:20:52,240  
the written technique at least

627  
00:20:59,190 --> 00:20:55,280  
that was pioneered at sri

628  
00:21:02,310 --> 00:20:59,200  
in the 70s uh i mean

629  
00:21:04,310 --> 00:21:02,320  
he felt we had more senses than science

630  
00:21:06,630 --> 00:21:04,320  
formal science acknowledges so this is a

631  
00:21:08,390 --> 00:21:06,640  
way to get in touch with those senses

632  
00:21:10,070 --> 00:21:08,400  
and perceive reality in a different way

633  
00:21:13,190 --> 00:21:10,080  
it's kind of like a gateway

634  
00:21:14,390 --> 00:21:13,200  
to a wider range of phenomena it does

635  
00:21:16,390 --> 00:21:14,400  
seem to me andy

636  
00:21:18,549 --> 00:21:16,400  
seriously that people have done rv they

637  
00:21:20,470 --> 00:21:18,559  
seem to gravitate towards a lot of

638  
00:21:21,830 --> 00:21:20,480

topics that we talk about on your

639

00:21:24,149 --> 00:21:21,840

podcast

640

00:21:25,990 --> 00:21:24,159

that are mentioned and covered at

641

00:21:29,430 --> 00:21:26,000

contact in the desert

642

00:21:31,029 --> 00:21:29,440

uh it is surprising but many it leads us

643

00:21:32,789 --> 00:21:31,039

to believe there's a deeper reality and

644

00:21:34,310 --> 00:21:32,799

that most of the time our superficial

645

00:21:35,270 --> 00:21:34,320

consciousness doesn't access it or

646

00:21:36,870 --> 00:21:35,280

contact it

647

00:21:38,789 --> 00:21:36,880

when you open the floodgates a little

648

00:21:40,470 --> 00:21:38,799

bit whatever is there in the greater

649

00:21:43,510 --> 00:21:40,480

reality comes through

650

00:21:45,270 --> 00:21:43,520

i've had people do rv that subsequently

651

00:21:46,950 --> 00:21:45,280

started doing channeling

652

00:21:49,510 --> 00:21:46,960

not even by choice it just started

653

00:21:51,270 --> 00:21:49,520

happening to them really surprising

654

00:21:53,110 --> 00:21:51,280

they got it under control eventually

655

00:21:54,630 --> 00:21:53,120

just it stopped being involuntary but

656

00:21:56,630 --> 00:21:54,640

something came through

657

00:21:58,149 --> 00:21:56,640

um other people find that they become

658

00:22:00,149 --> 00:21:58,159

really good artists

659

00:22:01,190 --> 00:22:00,159

after doing rv it uses the right brain

660

00:22:06,070 --> 00:22:01,200

ingo swan was an

661

00:22:09,110 --> 00:22:06,080

artist it involves left and right brain

662

00:22:11,350 --> 00:22:09,120

processes working together so surprising

663

00:22:13,590 --> 00:22:11,360

things can come out of it

664

00:22:14,789 --> 00:22:13,600

uh sometimes people have what appears to

665

00:22:17,110 --> 00:22:14,799

be

666

00:22:17,909 --> 00:22:17,120

paranormal contact during rv session i

667

00:22:19,270 --> 00:22:17,919

know people

668

00:22:21,750 --> 00:22:19,280

and i wrote about this in opening mind

669

00:22:23,590 --> 00:22:21,760

the case where a viewer back at far side

670

00:22:24,470 --> 00:22:23,600

felt like a bowl of light came into the

671

00:22:26,310 --> 00:22:24,480

room

672

00:22:28,149 --> 00:22:26,320

while he was viewing an e.t target he

673

00:22:29,990 --> 00:22:28,159

wasn't told it was an et target

674

00:22:31,750 --> 00:22:30,000

but he said something came into the room

675

00:22:33,990 --> 00:22:31,760

and it actually hovered around there

676  
00:22:35,590 --> 00:22:34,000  
and it was almost close enough to touch

677  
00:22:36,710 --> 00:22:35,600  
and so forth i think he actually felt

678  
00:22:39,430 --> 00:22:36,720  
that he got

679  
00:22:41,190 --> 00:22:39,440  
scalded by it we don't know exactly what

680  
00:22:42,390 --> 00:22:41,200  
this is that's why i encourage people to

681  
00:22:45,029 --> 00:22:42,400  
proceed

682  
00:22:46,390 --> 00:22:45,039  
carefully you know one step at a time

683  
00:22:48,470 --> 00:22:46,400  
don't just jump into it

684  
00:22:50,710 --> 00:22:48,480  
and want to do too much just a little

685  
00:22:52,630 --> 00:22:50,720  
bit and see what happens but

686  
00:22:54,070 --> 00:22:52,640  
it's real it gets you in contact with

687  
00:22:55,909 --> 00:22:54,080  
something that you normally don't get in

688  
00:22:57,110 --> 00:22:55,919

contact with and you can use that in a

689

00:22:58,549 --> 00:22:57,120

variety of ways

690

00:23:00,310 --> 00:22:58,559

now you mentioned other speakers at

691

00:23:02,390 --> 00:23:00,320

contact in the desert and i was very

692

00:23:03,110 --> 00:23:02,400

lucky recently to speak to dr andrew

693

00:23:09,029 --> 00:23:03,120

gallamore

694

00:23:10,549 --> 00:23:09,039

and other psychedelics for you is there

695

00:23:13,190 --> 00:23:10,559

much crossover

696

00:23:14,070 --> 00:23:13,200

in rving and the potential use of

697

00:23:15,830 --> 00:23:14,080

psychedelics

698

00:23:17,830 --> 00:23:15,840

as well or do you think they are

699

00:23:20,789 --> 00:23:17,840

something that's best kept separate

700

00:23:22,950 --> 00:23:20,799

as to what they achieve yeah i haven't

701  
00:23:24,549 --> 00:23:22,960  
used psychedelics so maybe i can't fully

702  
00:23:27,669 --> 00:23:24,559  
answer the question

703  
00:23:29,270 --> 00:23:27,679  
uh the rv process is kind of a

704  
00:23:30,630 --> 00:23:29,280  
controlled process so

705  
00:23:32,710 --> 00:23:30,640  
generally when you do it you're

706  
00:23:33,110 --> 00:23:32,720  
discouraged from mixing it with anything

707  
00:23:36,230 --> 00:23:33,120  
else

708  
00:23:38,710 --> 00:23:36,240  
okay now having said that sometimes

709  
00:23:40,230 --> 00:23:38,720  
people we know scientists and verticary

710  
00:23:41,510 --> 00:23:40,240  
people seem to come up with a lot of

711  
00:23:43,750 --> 00:23:41,520  
good ideas

712  
00:23:44,950 --> 00:23:43,760  
even a hundred years ago the quantum

713  
00:23:46,549 --> 00:23:44,960

physicists

714

00:23:48,470 --> 00:23:46,559

would come up with some of these ideas

715

00:23:51,590 --> 00:23:48,480

over a beer

716

00:23:53,669 --> 00:23:51,600

in the burlington brew house uh

717

00:23:56,470 --> 00:23:53,679

and even a little bit of alcohol seems

718

00:23:58,390 --> 00:23:56,480

to be related to increased creativity

719

00:23:59,590 --> 00:23:58,400

nonetheless this rv technique i think

720

00:24:02,870 --> 00:23:59,600

it's generally best

721

00:24:03,990 --> 00:24:02,880

done just by itself enough is going on

722

00:24:07,590 --> 00:24:04,000

there

723

00:24:09,350 --> 00:24:07,600

so i s it's my advice i sort of think

724

00:24:13,269 --> 00:24:09,360

that they're separate

725

00:24:15,269 --> 00:24:13,279

processes nonetheless when you do use

726

00:24:17,190 --> 00:24:15,279

you know a psychedelic drug or something

727

00:24:17,990 --> 00:24:17,200

it does shift your frequency a bit you

728

00:24:19,510 --> 00:24:18,000

actually are getting

729

00:24:21,510 --> 00:24:19,520

real information it's not just

730

00:24:23,029 --> 00:24:21,520

completely fictitious we know from the

731

00:24:25,269 --> 00:24:23,039

scientific research

732

00:24:27,909 --> 00:24:25,279

it takes pathways in the brain and makes

733

00:24:29,510 --> 00:24:27,919

them more open to receiving data

734

00:24:31,190 --> 00:24:29,520

sensory impressions that would normally

735

00:24:32,549 --> 00:24:31,200

be filtered out and now they're sort of

736

00:24:35,190 --> 00:24:32,559

on

737

00:24:36,549 --> 00:24:35,200

and perhaps people would see we've been

738

00:24:38,310 --> 00:24:36,559

talking about parallel realities maybe

739

00:24:39,909 --> 00:24:38,320

they would see things that

740

00:24:42,630 --> 00:24:39,919

even i wouldn't see at the moment

741

00:24:45,430 --> 00:24:42,640

because that gateway is now open

742

00:24:47,510 --> 00:24:45,440

it's conceivable that's what's happening

743

00:24:48,950 --> 00:24:47,520

it's an interesting idea uh but like you

744

00:24:50,710 --> 00:24:48,960

say that's that's one for you and you've

745

00:24:52,070 --> 00:24:50,720

got dr andrew gallamore as well

746

00:24:53,750 --> 00:24:52,080

now listen i want to get your thoughts

747

00:24:54,310 --> 00:24:53,760

some before you go on the task force

748

00:24:55,590 --> 00:24:54,320

reporting

749

00:24:57,510 --> 00:24:55,600

one or two questions off the back of

750

00:24:59,029 --> 00:24:57,520

that as well what what were your

751  
00:25:01,430 --> 00:24:59,039  
thoughts when the report dropped a few

752  
00:25:03,990 --> 00:25:01,440  
days ago

753  
00:25:04,710 --> 00:25:04,000  
yeah on friday i was very happy with the

754  
00:25:07,750 --> 00:25:04,720  
report

755  
00:25:09,350 --> 00:25:07,760  
um i i did exactly what i wanted it to

756  
00:25:09,750 --> 00:25:09,360  
do i was hoping they would just say

757  
00:25:13,110 --> 00:25:09,760  
there's

758  
00:25:15,510 --> 00:25:13,120  
an other category we can't explain

759  
00:25:16,470 --> 00:25:15,520  
and they did that and i think that's a

760  
00:25:18,630 --> 00:25:16,480  
huge step

761  
00:25:20,310 --> 00:25:18,640  
for any government to say we don't know

762  
00:25:21,669 --> 00:25:20,320  
what's going on governments never like

763  
00:25:23,590 --> 00:25:21,679

to do that they're paid to know what's

764

00:25:25,590 --> 00:25:23,600

going on by their constituents

765

00:25:27,269 --> 00:25:25,600

it's very high level of maturity to

766

00:25:28,070 --> 00:25:27,279

admit there's something out there and we

767

00:25:30,310 --> 00:25:28,080

don't know what's going

768

00:25:32,789 --> 00:25:30,320

on and they said that only one out of

769

00:25:33,909 --> 00:25:32,799

144 cases could be attributed to a

770

00:25:36,630 --> 00:25:33,919

weather balloon

771

00:25:37,909 --> 00:25:36,640

look how far we've come since the 60s

772

00:25:39,590 --> 00:25:37,919

when it was 95

773

00:25:41,590 --> 00:25:39,600

weather balloons and swamp gas and

774

00:25:42,070 --> 00:25:41,600

flocks of geese and now they're saying

775

00:25:44,230 --> 00:25:42,080

that's only

776  
00:25:45,669 --> 00:25:44,240  
one and they didn't bring up flocks of

777  
00:25:47,590 --> 00:25:45,679  
geese they didn't bring up

778  
00:25:51,029 --> 00:25:47,600  
misidentifications of beans i thought

779  
00:25:52,870 --> 00:25:51,039  
it was a very good start honestly

780  
00:25:54,630 --> 00:25:52,880  
they said this is we don't have the

781  
00:25:54,870 --> 00:25:54,640  
right sensors to pick this information

782  
00:25:56,470 --> 00:25:54,880  
up

783  
00:25:58,070 --> 00:25:56,480  
aircraft aren't fitted with sensors that

784  
00:26:00,789 --> 00:25:58,080  
are designed to track these

785  
00:26:01,510 --> 00:26:00,799  
zigzagging ufos they're moving at fast

786  
00:26:04,870 --> 00:26:01,520  
speeds

787  
00:26:07,669 --> 00:26:04,880  
we need more resources we should be

788  
00:26:09,590 --> 00:26:07,679

taking this seriously because we don't

789

00:26:11,590 --> 00:26:09,600

know exactly in the other category they

790

00:26:13,990 --> 00:26:11,600

went through the usual suspects you know

791

00:26:15,110 --> 00:26:14,000

the u.s technology and foreign

792

00:26:18,230 --> 00:26:15,120

technology and all that

793

00:26:20,149 --> 00:26:18,240

and airborne clutter okay fine but

794

00:26:21,669 --> 00:26:20,159

and that exists but they did say there's

795

00:26:22,230 --> 00:26:21,679

another category we can't explain now

796

00:26:24,390 --> 00:26:22,240

listen

797

00:26:26,070 --> 00:26:24,400

we haven't seen the classified report if

798

00:26:27,909 --> 00:26:26,080

you look at twitter uh some of the

799

00:26:30,149 --> 00:26:27,919

tweets from people like uh

800

00:26:31,750 --> 00:26:30,159

bob mcguire former intelligence official

801  
00:26:33,190 --> 00:26:31,760  
said yeah he spoke to someone who had

802  
00:26:34,310 --> 00:26:33,200  
been in one of these classified

803  
00:26:37,830 --> 00:26:34,320  
briefings

804  
00:26:39,110 --> 00:26:37,840  
i believe he said at the nsa a former

805  
00:26:40,470 --> 00:26:39,120  
colleague someone the same level of

806  
00:26:41,750 --> 00:26:40,480  
clearance that he was and this person

807  
00:26:43,190 --> 00:26:41,760  
said they saw

808  
00:26:45,430 --> 00:26:43,200  
if it's through 40 minutes of what

809  
00:26:48,149 --> 00:26:45,440  
appeared to be science fiction like

810  
00:26:49,430 --> 00:26:48,159  
activity on the screen 40 minutes of

811  
00:26:52,470 --> 00:26:49,440  
solid

812  
00:26:54,789 --> 00:26:52,480  
unexplainable ufo activity they were

813  
00:26:56,630 --> 00:26:54,799

gobsmacked they said now that would be

814

00:26:58,310 --> 00:26:56,640

pretty astounding if this is what's

815

00:27:01,430 --> 00:26:58,320

coming out i don't

816

00:27:02,950 --> 00:27:01,440

i think this is perfect you don't want

817

00:27:04,070 --> 00:27:02,960

it to all come out and wants everyone to

818

00:27:06,149 --> 00:27:04,080

panic

819

00:27:07,190 --> 00:27:06,159

you don't need to say it's alien as a

820

00:27:09,750 --> 00:27:07,200

scientist

821

00:27:11,269 --> 00:27:09,760

saying we don't know is golden because

822

00:27:12,870 --> 00:27:11,279

it leaves the door open for other

823

00:27:13,669 --> 00:27:12,880

possibilities and personally i'm happy

824

00:27:17,190 --> 00:27:13,679

with it now look

825

00:27:18,950 --> 00:27:17,200

the follow-up on friday is one of the

826

00:27:20,950 --> 00:27:18,960

higher level people the pentagon issued

827

00:27:23,669 --> 00:27:20,960

a memorandum i think if you saw that

828

00:27:25,669 --> 00:27:23,679

that said okay folks the report said we

829

00:27:28,950 --> 00:27:25,679

need to take this seriously we need to

830

00:27:30,950 --> 00:27:28,960

revamp our reporting protocols our

831

00:27:32,470 --> 00:27:30,960

uh the ways that we classify this

832

00:27:33,669 --> 00:27:32,480

information we should be taking it more

833

00:27:35,669 --> 00:27:33,679

seriously

834

00:27:37,669 --> 00:27:35,679

so i think it's off to a good start if

835

00:27:39,510 --> 00:27:37,679

disclosure was really happening this is

836

00:27:41,830 --> 00:27:39,520

exactly how i'd want it to happen not a

837

00:27:43,510 --> 00:27:41,840

big announcement from the president that

838

00:27:45,430 --> 00:27:43,520

extraterrestrials are visiting on a

839

00:27:48,710 --> 00:27:45,440

friday afternoon you know

840

00:27:49,830 --> 00:27:48,720

the day after disclosure way that dolan

841

00:27:51,269 --> 00:27:49,840

and zabel

842

00:27:52,470 --> 00:27:51,279

put it in their book that's one way the

843

00:27:53,750 --> 00:27:52,480

big you know the big announcement and

844

00:27:54,149 --> 00:27:53,760

they're okay everyone go home and digest

845

00:27:56,710 --> 00:27:54,159

everything

846

00:27:58,310 --> 00:27:56,720

i kind of prefer a slow trickle i think

847

00:27:59,110 --> 00:27:58,320

it's more fun this way i think more

848

00:28:00,230 --> 00:27:59,120

people will

849

00:28:01,909 --> 00:28:00,240

the less you feel threatened the more

850

00:28:03,990 --> 00:28:01,919

open you will be to the data if it keeps

851  
00:28:05,029 --> 00:28:04,000  
going like it's going the past couple

852  
00:28:06,789 --> 00:28:05,039  
months

853  
00:28:08,470 --> 00:28:06,799  
we'll be moving in a very good direction

854  
00:28:10,070 --> 00:28:08,480  
over time it could take years but it'll

855  
00:28:11,029 --> 00:28:10,080  
be a lot of very interesting years

856  
00:28:12,870 --> 00:28:11,039  
there's more information

857  
00:28:15,590 --> 00:28:12,880  
maybe the possibility of public hearings

858  
00:28:15,990 --> 00:28:15,600  
in congress so i i liked it it sure

859  
00:28:18,710 --> 00:28:16,000  
didn't

860  
00:28:20,630 --> 00:28:18,720  
say they were the interdimensional or

861  
00:28:22,950 --> 00:28:20,640  
e.t it just said other

862  
00:28:24,070 --> 00:28:22,960  
and someone made a joke about this on

863  
00:28:26,389 --> 00:28:24,080

twitter which i thought was maybe we

864

00:28:28,070 --> 00:28:26,399

should just call them the others

865

00:28:33,190 --> 00:28:28,080

yes i'm actually looking at that tweet

866

00:28:36,630 --> 00:28:34,630

the thing about the others though i

867

00:28:37,510 --> 00:28:36,640

don't know if you have seen uh recently

868

00:28:40,149 --> 00:28:37,520

joe murgia

869

00:28:41,110 --> 00:28:40,159

put a compiled list of all tom delong's

870

00:28:43,350 --> 00:28:41,120

claims

871

00:28:45,190 --> 00:28:43,360

from the last couple of years and the

872

00:28:47,430 --> 00:28:45,200

the language the others

873

00:28:48,870 --> 00:28:47,440

appears there frequently now obviously

874

00:28:51,190 --> 00:28:48,880

they've not said others within the

875

00:28:53,830 --> 00:28:51,200

report you're taking then at the

876

00:28:56,070 --> 00:28:53,840

summary of other however that's exactly

877

00:28:57,750 --> 00:28:56,080

what i've been saying for months that

878

00:28:59,110 --> 00:28:57,760

i just want to see an acknowledgement of

879

00:29:01,190 --> 00:28:59,120

other and

880

00:29:03,029 --> 00:29:01,200

i've seen that language of the others as

881

00:29:05,110 --> 00:29:03,039

well what what do you think

882

00:29:06,950 --> 00:29:05,120

now let's just open up a little bit they

883

00:29:10,070 --> 00:29:06,960

know there's something else

884

00:29:12,310 --> 00:29:10,080

someone else someone if not multiple

885

00:29:13,350 --> 00:29:12,320

beings or entities yes oh yes what do

886

00:29:15,110 --> 00:29:13,360

you think's going on with

887

00:29:16,549 --> 00:29:15,120

the others then what are these things

888

00:29:19,190 --> 00:29:16,559

potentially buzzing

889

00:29:19,669 --> 00:29:19,200

navy carriers what you know what is it

890

00:29:23,269 --> 00:29:19,679

that

891

00:29:25,190 --> 00:29:23,279

they're doing i don't know exactly what

892

00:29:26,310 --> 00:29:25,200

they're doing with the navy carrier

893

00:29:27,990 --> 00:29:26,320

groups and

894

00:29:29,990 --> 00:29:28,000

the east and the west coast it's

895

00:29:32,549 --> 00:29:30,000

fascinating i don't know

896

00:29:34,230 --> 00:29:32,559

i don't know what those objects are i

897

00:29:36,070 --> 00:29:34,240

can't really rule anything out and i

898

00:29:38,310 --> 00:29:36,080

can't rule out the fact that there could

899

00:29:40,070 --> 00:29:38,320

be other countries i mean i do study

900

00:29:41,430 --> 00:29:40,080

cold fusion and leonard and i know other

901  
00:29:42,549 --> 00:29:41,440  
countries have made huge amounts of

902  
00:29:44,710 --> 00:29:42,559  
progress on this

903  
00:29:46,549 --> 00:29:44,720  
versus the u.s they've never stopped

904  
00:29:48,070 --> 00:29:46,559  
studying it there was a 30-year ban

905  
00:29:50,149 --> 00:29:48,080  
on it in the u.s honestly since

906  
00:29:51,350 --> 00:29:50,159  
fleischmann and ponds that

907  
00:29:53,190 --> 00:29:51,360  
you couldn't get grants for it you

908  
00:29:55,110 --> 00:29:53,200  
couldn't get patents now you know

909  
00:29:56,789 --> 00:29:55,120  
lockheed has patents for cold fusion

910  
00:29:57,830 --> 00:29:56,799  
leonard they call it coherent matter

911  
00:30:00,070 --> 00:29:57,840  
weight beams

912  
00:30:02,789 --> 00:30:00,080  
we don't know exactly what it is but the

913  
00:30:04,870 --> 00:30:02,799

overall concept of the others

914

00:30:06,389 --> 00:30:04,880

there isn't just no way to deny that

915

00:30:07,990 --> 00:30:06,399

there's other intelligence and life

916

00:30:10,149 --> 00:30:08,000

forms on the planet

917

00:30:11,750 --> 00:30:10,159

and i believe witnesses i wrote black

918

00:30:13,029 --> 00:30:11,760

swan ghosts after interviewing a whole

919

00:30:14,950 --> 00:30:13,039

bunch of witnesses

920

00:30:16,470 --> 00:30:14,960

you know when you encounter believable

921

00:30:17,909 --> 00:30:16,480

people and believable witnesses they've

922

00:30:19,909 --> 00:30:17,919

never told their story to anyone else

923

00:30:21,350 --> 00:30:19,919

they're not seeking any monetary gain

924

00:30:23,430 --> 00:30:21,360

they don't want publicity they just want

925

00:30:26,389 --> 00:30:23,440

to tell you their story what they saw

926

00:30:27,110 --> 00:30:26,399

and you people are experiencing a

927

00:30:29,350 --> 00:30:27,120

variety

928

00:30:32,070 --> 00:30:29,360

of life forms that we generally don't

929

00:30:35,350 --> 00:30:32,080

talk about all the way from cryptids

930

00:30:37,190 --> 00:30:35,360

to these hard-shelled ufos and

931

00:30:39,990 --> 00:30:37,200

everything in between so again it

932

00:30:42,549 --> 00:30:40,000

suggests to me there's a whole spectrum

933

00:30:44,470 --> 00:30:42,559

of life forms out there that we share

934

00:30:46,710 --> 00:30:44,480

this space with now most of the time we

935

00:30:49,510 --> 00:30:46,720

perhaps don't perceive them or we're

936

00:30:51,110 --> 00:30:49,520

consciously pushing the information away

937

00:30:54,630 --> 00:30:51,120

but i think it's there

938

00:30:55,430 --> 00:30:54,640

they uh i think it's certainly possible

939

00:30:57,669 --> 00:30:55,440

there's another

940

00:30:59,669 --> 00:30:57,679

other civilizations on the planet that

941

00:31:01,110 --> 00:30:59,679

just choose not to interact with us very

942

00:31:01,590 --> 00:31:01,120

much maybe they're much older than we

943

00:31:03,909 --> 00:31:01,600

are

944

00:31:05,029 --> 00:31:03,919

and they consider us kind of primitives

945

00:31:06,070 --> 00:31:05,039

i mean it's not it's not that

946

00:31:07,990 --> 00:31:06,080

far-fetched

947

00:31:09,190 --> 00:31:08,000

and they are under the oceans under the

948

00:31:11,029 --> 00:31:09,200

ground they come out

949

00:31:12,630 --> 00:31:11,039

a lot of these are i mean it's the navy

950

00:31:14,149 --> 00:31:12,640

they're seeing these over ocean areas

951

00:31:16,149 --> 00:31:14,159

there was that sea mount

952

00:31:18,070 --> 00:31:16,159

even that fravor and associate other

953

00:31:20,149 --> 00:31:18,080

pilots all right where the tic tac

954

00:31:22,070 --> 00:31:20,159

what was that that suggests some sort of

955

00:31:25,029 --> 00:31:22,080

underwater object

956

00:31:26,870 --> 00:31:25,039

so i would not be at all surprised if

957

00:31:28,950 --> 00:31:26,880

over the coming years we're told that

958

00:31:31,269 --> 00:31:28,960

there's other civilizations

959

00:31:32,710 --> 00:31:31,279

not literally extraterrestrial i guess

960

00:31:34,549 --> 00:31:32,720

you call them people call them ultra

961

00:31:35,990 --> 00:31:34,559

terrestrials there's someone else here

962

00:31:38,149 --> 00:31:36,000

that has more advanced technology

963

00:31:39,750 --> 00:31:38,159

that would not be the most far-fetched

964

00:31:41,750 --> 00:31:39,760

thing i've ever heard in my life i can

965

00:31:42,870 --> 00:31:41,760

easily see that happening and some of

966

00:31:45,190 --> 00:31:42,880

these

967

00:31:48,070 --> 00:31:45,200

uaps as they're called by the government

968

00:31:48,789 --> 00:31:48,080

ufos seen over water areas could be

969

00:31:52,549 --> 00:31:48,799

these other

970

00:31:54,389 --> 00:31:52,559

civilizations uh as kevin day and others

971

00:31:55,430 --> 00:31:54,399

suggested maybe they're keeping track of

972

00:31:56,630 --> 00:31:55,440

marine life

973

00:31:58,149 --> 00:31:56,640

they're maybe they're concerned about

974

00:31:58,549 --> 00:31:58,159

how we affect marine life i mean it

975

00:32:01,830 --> 00:31:58,559

could be

976  
00:32:04,310 --> 00:32:01,840  
a variety things now right now

977  
00:32:04,950 --> 00:32:04,320  
is baby steps this is step one we've got

978  
00:32:06,870 --> 00:32:04,960  
the

979  
00:32:08,070 --> 00:32:06,880  
mainstream is starting to talk about it

980  
00:32:09,509 --> 00:32:08,080  
with less of a stigma

981  
00:32:11,350 --> 00:32:09,519  
we've got the military in the us

982  
00:32:13,909 --> 00:32:11,360  
particularly being told

983  
00:32:14,549 --> 00:32:13,919  
talk about a report on it the stigma is

984  
00:32:16,870 --> 00:32:14,559  
pretty much

985  
00:32:18,470 --> 00:32:16,880  
if you look at the the memorandum is

986  
00:32:19,029 --> 00:32:18,480  
gone because they're being told as a

987  
00:32:21,269 --> 00:32:19,039  
direct

988  
00:32:23,029 --> 00:32:21,279

you know order to report on it the

989

00:32:25,269 --> 00:32:23,039

public though that's a whole different

990

00:32:26,870 --> 00:32:25,279

conversation to really get going

991

00:32:29,669 --> 00:32:26,880

at what point though down the line do

992

00:32:32,789 --> 00:32:29,679

you think does rving have a place

993

00:32:34,549 --> 00:32:32,799

in this conversation down the line

994

00:32:36,470 --> 00:32:34,559

yes it really could because it allows

995

00:32:39,190 --> 00:32:36,480

people to sort of see these things in

996

00:32:42,870 --> 00:32:39,200

another way with you know newfound

997

00:32:45,350 --> 00:32:42,880

senses newfound abilities rv for me

998

00:32:46,870 --> 00:32:45,360

did go a long ways to convince me as

999

00:32:48,230 --> 00:32:46,880

someone that was university trained

1000

00:32:50,070 --> 00:32:48,240

people at our university trained are in

1001

00:32:51,590 --> 00:32:50,080

this box i was in it too

1002

00:32:52,789 --> 00:32:51,600

you think you know everything by the

1003

00:32:54,230 --> 00:32:52,799

time you got your peach everything you

1004

00:32:55,029 --> 00:32:54,240

real you know the basic fundamentals of

1005

00:32:56,549 --> 00:32:55,039

reality

1006

00:32:58,389 --> 00:32:56,559

and let's say someone comes along and

1007

00:33:00,310 --> 00:32:58,399

says no there's these other

1008

00:33:02,230 --> 00:33:00,320

there's rv and there's other there's

1009

00:33:03,830 --> 00:33:02,240

other life forms out there and you think

1010

00:33:05,430 --> 00:33:03,840

sure until you start running it's a

1011

00:33:08,630 --> 00:33:05,440

witness after witness

1012

00:33:10,070 --> 00:33:08,640

after witness says i worked for nasa

1013

00:33:11,750 --> 00:33:10,080

there's a lot more going on than they're

1014

00:33:14,870 --> 00:33:11,760

telling the public

1015

00:33:15,669 --> 00:33:14,880

you find out there's a kind of a dark

1016

00:33:19,190 --> 00:33:15,679

nasa

1017

00:33:21,430 --> 00:33:19,200

things that they never show the public

1018

00:33:23,430 --> 00:33:21,440

with another launch ground

1019

00:33:24,710 --> 00:33:23,440

somewhere out in the ocean somewhere not

1020

00:33:26,310 --> 00:33:24,720

at cape canaveral

1021

00:33:27,909 --> 00:33:26,320

that's what i'm told from people who've

1022

00:33:31,269 --> 00:33:27,919

worked with this organization

1023

00:33:32,389 --> 00:33:31,279

so doing rv introduces some of these

1024

00:33:33,190 --> 00:33:32,399

ideas you can get these things as

1025

00:33:36,710 --> 00:33:33,200

targets

1026

00:33:39,190 --> 00:33:36,720

an rv session

1027

00:33:40,230 --> 00:33:39,200

uh nasa's alternate launch sites not

1028

00:33:41,669 --> 00:33:40,240

shown to the public

1029

00:33:43,509 --> 00:33:41,679

and you just view this and you get

1030

00:33:44,789 --> 00:33:43,519

something out in kira body or something

1031

00:33:45,990 --> 00:33:44,799

in the south pacific i'm just making

1032

00:33:46,630 --> 00:33:46,000

this up i don't know where it is the

1033

00:33:49,350 --> 00:33:46,640

person

1034

00:33:50,470 --> 00:33:49,360

didn't tell me exactly the island you

1035

00:33:52,149 --> 00:33:50,480

would just

1036

00:33:54,549 --> 00:33:52,159

wonder maybe this is possible it kind of

1037

00:33:55,350 --> 00:33:54,559

gets your imagination and curiosity

1038

00:34:00,070 --> 00:33:55,360

going

1039

00:34:02,470 --> 00:34:00,080

level of confusion within the public but

1040

00:34:04,789 --> 00:34:02,480

that's necessary to

1041

00:34:06,630 --> 00:34:04,799

the confusion is a necessary precursor

1042

00:34:09,510 --> 00:34:06,640

to see in reality a new way

1043

00:34:11,589 --> 00:34:09,520

now luckily we have podcasts like yours

1044

00:34:13,349 --> 00:34:11,599

we've got youtube and twitter and many

1045

00:34:14,950 --> 00:34:13,359

places people can go now

1046

00:34:17,589 --> 00:34:14,960

beyond the mainstream which seems a

1047

00:34:21,030 --> 00:34:17,599

little slow on the upside sometimes

1048

00:34:23,270 --> 00:34:21,040

uh to get information there's many

1049

00:34:24,629 --> 00:34:23,280

places you can get this information

1050

00:34:26,710 --> 00:34:24,639

and this seems to me the wave of the

1051

00:34:29,430 --> 00:34:26,720

future is multiple sources of

1052

00:34:30,869 --> 00:34:29,440

information not just one authority

1053

00:34:33,030 --> 00:34:30,879

when the government says they don't know

1054

00:34:35,829 --> 00:34:33,040

what these are i mean

1055

00:34:37,669 --> 00:34:35,839

it doesn't seem to me that chris mellon

1056

00:34:40,389 --> 00:34:37,679

and luis elizondo

1057

00:34:42,389 --> 00:34:40,399

believe them when you interview them and

1058

00:34:44,950 --> 00:34:42,399

other podcasters

1059

00:34:46,790 --> 00:34:44,960

or from tim mcmillan's conversations

1060

00:34:48,710 --> 00:34:46,800

with all his sources you've had him on

1061

00:34:51,430 --> 00:34:48,720

your show recently

1062

00:34:53,510 --> 00:34:51,440

they you get the feeling they might know

1063

00:34:55,190 --> 00:34:53,520

but maybe there's a lot they don't know

1064

00:34:57,349 --> 00:34:55,200

and that's why they don't want to talk

1065

00:34:59,750 --> 00:34:57,359

about it and so

1066

00:35:01,030 --> 00:34:59,760

it could be a little anarchic but that

1067

00:35:03,829 --> 00:35:01,040

can be a good thing

1068

00:35:05,430 --> 00:35:03,839

you know because that's new information

1069

00:35:06,950 --> 00:35:05,440

it's been in a period of stasis for

1070

00:35:08,470 --> 00:35:06,960

decades where this was all just

1071

00:35:10,790 --> 00:35:08,480

explained away and people were ridiculed

1072

00:35:11,829 --> 00:35:10,800

and as you mentioned andy what i really

1073

00:35:14,710 --> 00:35:11,839

liked in this

1074

00:35:15,349 --> 00:35:14,720

uap report was they said there have been

1075

00:35:18,470 --> 00:35:15,359

existing

1076

00:35:21,430 --> 00:35:18,480

they said social sociocultural stigmas

1077

00:35:23,030 --> 00:35:21,440

against reporting this you and i know

1078

00:35:25,109 --> 00:35:23,040

that's true i can't tell you how many

1079

00:35:25,589 --> 00:35:25,119

pilots and military folk i've talked to

1080

00:35:27,670 --> 00:35:25,599

who

1081

00:35:29,270 --> 00:35:27,680

will talk to me off camera off record

1082

00:35:31,109 --> 00:35:29,280

don't want their names used or their

1083

00:35:33,829 --> 00:35:31,119

stories publicized

1084

00:35:34,950 --> 00:35:33,839

because of the potential stigma many

1085

00:35:37,270 --> 00:35:34,960

people like that

1086

00:35:38,150 --> 00:35:37,280

so i think what's going to happen the

1087

00:35:39,990 --> 00:35:38,160

next stages

1088

00:35:42,790 --> 00:35:40,000

is not just more information coming from

1089

00:35:44,710 --> 00:35:42,800

the government i think it's logical that

1090

00:35:46,710 --> 00:35:44,720

new witnesses could come forward that

1091

00:35:48,310 --> 00:35:46,720

we've only maybe we've seen them a

1092

00:35:49,910 --> 00:35:48,320

little bit on twitter

1093

00:35:51,990 --> 00:35:49,920

maybe some of them will feel emboldened

1094

00:35:53,589 --> 00:35:52,000

now that they're being encouraged by the

1095

00:35:54,950 --> 00:35:53,599

pentagon to come forward that we won't

1096

00:35:56,790 --> 00:35:54,960

punish you in any way

1097

00:35:57,990 --> 00:35:56,800

for talking about that's a big step

1098

00:36:00,150 --> 00:35:58,000

because you know people

1099

00:36:02,069 --> 00:36:00,160

from the military will tell you your

1100

00:36:03,829 --> 00:36:02,079

promotion can get held up just

1101  
00:36:05,109 --> 00:36:03,839  
by the fact that your wife bounced a

1102  
00:36:06,710 --> 00:36:05,119  
check by accident

1103  
00:36:08,230 --> 00:36:06,720  
five years ago that will come up at

1104  
00:36:09,990 --> 00:36:08,240  
these promotion hearings

1105  
00:36:11,670 --> 00:36:10,000  
i've been told that everything comes up

1106  
00:36:13,109 --> 00:36:11,680  
your promotion drains the last thing you

1107  
00:36:14,790 --> 00:36:13,119  
want coming up at your promotion area

1108  
00:36:16,310 --> 00:36:14,800  
and it's ufos

1109  
00:36:18,310 --> 00:36:16,320  
let's say that changes and all of a

1110  
00:36:20,230 --> 00:36:18,320  
sudden now that's seen as a plus like we

1111  
00:36:21,670 --> 00:36:20,240  
had alex and dietrich she wouldn't come

1112  
00:36:23,270 --> 00:36:21,680  
forward for quite a while although we're

1113  
00:36:24,790 --> 00:36:23,280

told she bring congress

1114

00:36:26,550 --> 00:36:24,800

no i'm not criticizing her in any way

1115

00:36:28,470 --> 00:36:26,560

but she was afraid to come forward i

1116

00:36:31,030 --> 00:36:28,480

think that's what she said no sudden

1117

00:36:32,950 --> 00:36:31,040

she's on 60 minutes well how many other

1118

00:36:35,109 --> 00:36:32,960

alexandricks are out there

1119

00:36:37,510 --> 00:36:35,119

from other incidents so i think we could

1120

00:36:40,230 --> 00:36:37,520

see a really beautiful critical mass

1121

00:36:41,190 --> 00:36:40,240

of witnesses come forward which would be

1122

00:36:43,750 --> 00:36:41,200

fantastic

1123

00:36:45,349 --> 00:36:43,760

with so much information and data it

1124

00:36:47,349 --> 00:36:45,359

could be overwhelming

1125

00:36:49,270 --> 00:36:47,359

right often people are rewarded for

1126

00:36:52,069 --> 00:36:49,280

sharing their stories

1127

00:36:53,349 --> 00:36:52,079

people experience a lot i'm here in new

1128

00:36:55,589 --> 00:36:53,359

york at the moment where we're

1129

00:36:57,750 --> 00:36:55,599

i'm talking to you from ground zero for

1130

00:36:59,829 --> 00:36:57,760

the hudson valley ufo

1131

00:37:02,390 --> 00:36:59,839

even my mom's friends where i'm staying

1132

00:37:04,069 --> 00:37:02,400

at my mom's place

1133

00:37:05,270 --> 00:37:04,079

i have friends of hers told me just a

1134

00:37:07,349 --> 00:37:05,280

couple weeks ago oh yeah i saw the

1135

00:37:09,270 --> 00:37:07,359

hudson valley ufo coming down back from

1136

00:37:12,630 --> 00:37:09,280

skiing in upstate new york one night

1137

00:37:14,470 --> 00:37:12,640

made those flat turns huge triangle

1138

00:37:16,470 --> 00:37:14,480

blah we're gonna do interviews with them

1139

00:37:18,870 --> 00:37:16,480

but people around here have seen it they

1140

00:37:20,950 --> 00:37:18,880

never said anything to anybody

1141

00:37:22,069 --> 00:37:20,960

uh never said anything even in my own

1142

00:37:23,829 --> 00:37:22,079

high school class

1143

00:37:25,510 --> 00:37:23,839

i mentioned vinnie the wrestling coach

1144

00:37:27,430 --> 00:37:25,520

and the wrestlers from my high school

1145

00:37:29,829 --> 00:37:27,440

class in 11th grade 10th love

1146

00:37:31,030 --> 00:37:29,839

saw a huge black triangle over marinick

1147

00:37:32,550 --> 00:37:31,040

high school

1148

00:37:34,230 --> 00:37:32,560

never told anybody i only found out

1149

00:37:37,589 --> 00:37:34,240

about a couple years ago so

1150

00:37:39,829 --> 00:37:37,599

the next step just beyond you know more

1151  
00:37:40,790 --> 00:37:39,839  
information coming out from the uap task

1152  
00:37:42,470 --> 00:37:40,800  
force and

1153  
00:37:44,390 --> 00:37:42,480  
congress perhaps demanding more

1154  
00:37:45,990 --> 00:37:44,400  
information like something building up

1155  
00:37:47,109 --> 00:37:46,000  
is witnesses feeding into that i think

1156  
00:37:47,670 --> 00:37:47,119  
that would be a cool thing if that were

1157  
00:37:50,630 --> 00:37:47,680  
to happen

1158  
00:37:51,670 --> 00:37:50,640  
it's possible awesome some people can

1159  
00:37:52,710 --> 00:37:51,680  
find obviously you've got a few

1160  
00:37:54,790 --> 00:37:52,720  
different things going on

1161  
00:37:56,550 --> 00:37:54,800  
uh your presentation on parallel

1162  
00:37:58,390 --> 00:37:56,560  
realities you've got our practical

1163  
00:38:00,069 --> 00:37:58,400

remote viewing workshop and also a

1164

00:38:02,069 --> 00:38:00,079

remote viewing panel as well

1165

00:38:03,430 --> 00:38:02,079

how else can people find your resources

1166

00:38:03,990 --> 00:38:03,440

because you've got a few different sites

1167

00:38:05,430 --> 00:38:04,000

you've mentioned

1168

00:38:07,829 --> 00:38:05,440

one and you've also got the mount baldy

1169

00:38:09,349 --> 00:38:07,839

institute as well yeah so the most

1170

00:38:11,030 --> 00:38:09,359

common question i get from people is how

1171

00:38:12,950 --> 00:38:11,040

do i start learning an rv

1172

00:38:14,310 --> 00:38:12,960

and i've got i've got a lot of free

1173

00:38:14,950 --> 00:38:14,320

videos up there you can just start

1174

00:38:16,390 --> 00:38:14,960

trying it

1175

00:38:18,710 --> 00:38:16,400

and you know in an hour you can kind of

1176

00:38:21,349 --> 00:38:18,720

figure out the basics the basic steps

1177

00:38:22,230 --> 00:38:21,359

you go to learnrv.org you'll find a link

1178

00:38:25,270 --> 00:38:22,240

for

1179

00:38:27,349 --> 00:38:25,280

you know my sort of self-paced

1180

00:38:29,430 --> 00:38:27,359

free class just from youtube you know

1181

00:38:31,910 --> 00:38:29,440

just a few videos to show you the basics

1182

00:38:33,190 --> 00:38:31,920

so learnrv.org is a good place i'm on

1183

00:38:35,750 --> 00:38:33,200

i can't imagine how it could have been

[Music]

1217

00:40:40,470 --> 00:40:38,790
