4
00:00:14,310 --> 00:00:10,960

my gosh they're all going against the

5
00:00:18,950 --> 00:00:16,390

it was basically a cube with inside of

6
00:00:23,960 --> 00:00:18,960

sphere where the points of the cube

7
00:00:37,190 --> 00:00:33,230

[Music]

manscape.com

49

00:02:24,070 --> 00:02:21,510

hi everyone and welcome back to that ufo

50

00:02:25,910 --> 00:02:24,080

podcast from the archives my name is

51
00:02:28,390 --> 00:02:25,920
andy and this is a new show where i'm

52
00:02:30,710 --> 00:02:28,400
going to dip in and reintroduce some of

53
00:02:32,470 --> 00:02:30,720
the older original shows to new

54
00:02:34,070 --> 00:02:32,480
listeners because so many more of you

55
00:02:36,309 --> 00:02:34,080
have come into the show in the last six

56
00:02:38,229 --> 00:02:36,319
months there are loads of really great

57
00:02:40,309 --> 00:02:38,239
interviews back at the start that you

58
00:02:42,229 --> 00:02:40,319
may not have heard yet the first one i

59
00:02:44,470 --> 00:02:42,239
think is really really important is a

60
00:02:47,670 --> 00:02:44,480
round table i done the first round table

61
00:02:50,790 --> 00:02:47,680
with members of uapx gary verys kevin

62
00:02:53,190 --> 00:02:50,800
day and patrick p j hughes like i say

63
00:02:56,309 --> 00:02:53,200

all part of uapx but also witnesses to

64

00:02:58,390 --> 00:02:56,319

the infamous 2004 nimitz princeton tic

65

00:03:00,710 --> 00:02:58,400

tac event you've heard the story a lot

66

00:03:03,509 --> 00:03:00,720

already and i get the gents to talk

67

00:03:05,430 --> 00:03:03,519

about was it the us testing new tech is

68

00:03:07,830 --> 00:03:05,440

there more for the story to give the

69

00:03:10,149 --> 00:03:07,840

nuclear attraction how the incident

70

00:03:12,790 --> 00:03:10,159

changed the conversation and also the

71

00:03:14,470 --> 00:03:12,800

west coast entity that tracked the tech

72

00:03:16,149 --> 00:03:14,480

tax that we didn't really hear much

73

00:03:18,309 --> 00:03:16,159

about and still haven't heard too much

74

00:03:19,430 --> 00:03:18,319

about to this day there's a lot more to

75

00:03:21,430 --> 00:03:19,440

it as well

76

00:03:22,869 --> 00:03:21,440

this is just part one if you've listened

77

00:03:25,190 --> 00:03:22,879

to it before and listen to it again

78

00:03:27,509 --> 00:03:25,200

great if not it's a new interview for

79

00:03:29,190 --> 00:03:27,519

you to listen to from a year ago and

80

00:03:31,110 --> 00:03:29,200

it'll be interesting for you to consider

81

00:03:33,509 --> 00:03:31,120

as well how the conversation has changed

82

00:03:35,670 --> 00:03:33,519

so much in what's almost been a year to

83

00:03:37,830 --> 00:03:35,680

the day since this one first aired

84

00:03:40,470 --> 00:03:37,840

thanks folks hope you enjoy but who we

85

00:03:42,550 --> 00:03:40,480

do have on the show with us today we

86

00:03:45,190 --> 00:03:42,560

have gary verges who you'll remember was

87

00:03:47,110 --> 00:03:45,200

the first ever guest on that ufo podcast

88

00:03:49,350 --> 00:03:47,120

which seems a lifetime ago now but it's

89

00:03:52,309 --> 00:03:49,360

just coming up four months now and he is

90

00:03:55,429 --> 00:03:52,319

the vice president of ux uapx we have

91

00:03:57,509 --> 00:03:55,439

kevin day who is the president of uapx

92

00:03:59,910 --> 00:03:57,519

and patrick hughes who is the director

93

00:04:01,830 --> 00:03:59,920

of information technology if i've got

94

00:04:03,589 --> 00:04:01,840

that all correct i'd like to say um

95

00:04:05,270 --> 00:04:03,599

welcome and good afternoon to all you

96

00:04:06,869 --> 00:04:05,280

gents gary first of all how are you

97

00:04:09,110 --> 00:04:06,879

doing good afternoon

98

00:04:11,509 --> 00:04:09,120

hey thanks for having me

99

00:04:13,429 --> 00:04:11,519

thank you for the opportunity to be here

100

00:04:15,589 --> 00:04:13,439

no thank all of you for your time as

101
00:04:17,509 --> 00:04:15,599
well so it's great to speak to you and

102
00:04:19,430 --> 00:04:17,519
so the format uh what we're going to do

103
00:04:21,349 --> 00:04:19,440
for the listeners is start off with each

104
00:04:22,950 --> 00:04:21,359
of you introducing yourselves and a

105
00:04:26,150 --> 00:04:22,960
little bit about the role you played in

106
00:04:27,350 --> 00:04:26,160
the now infamous events of november 2004

107
00:04:29,030 --> 00:04:27,360
um you might have done some other

108
00:04:31,830 --> 00:04:29,040
interesting things at once but i'm sure

109
00:04:34,469 --> 00:04:31,840
the main thing was your your

110
00:04:36,150 --> 00:04:34,479
activities on the nimitz carrier group

111
00:04:37,510 --> 00:04:36,160
um we're then going to move on to

112
00:04:38,950 --> 00:04:37,520
discuss a few different things off the

113
00:04:40,310 --> 00:04:38,960

back of that how things have progressed

114

00:04:42,550 --> 00:04:40,320

and changed over the last you know

115

00:04:45,749 --> 00:04:42,560

decade and a half not to age anyone on

116

00:04:48,150 --> 00:04:45,759

here but it is now getting on 16 years

117

00:04:50,870 --> 00:04:48,160

and then obviously from there we've got

118

00:04:52,469 --> 00:04:50,880

some questions on you apx and a lot of

119

00:04:54,310 --> 00:04:52,479

listener questions that will make up the

120

00:04:56,469 --> 00:04:54,320

bulk of the show as well um if we could

121

00:04:58,390 --> 00:04:56,479

start off gary yourself if you want just

122

00:05:00,150 --> 00:04:58,400

introduce yourself your background and

123

00:05:02,629 --> 00:05:00,160

what your your kind of role was in the

124

00:05:04,230 --> 00:05:02,639

events of 2004

125

00:05:06,870 --> 00:05:04,240

all right uh well my name is gary

126

00:05:08,710 --> 00:05:06,880

voorhees jr uh

127

00:05:12,150 --> 00:05:08,720

i was an aegis computer technician at

128

00:05:13,430 --> 00:05:12,160

the time uh junior personnel i was the

129

00:05:15,670 --> 00:05:13,440

one that actually operated and

130

00:05:17,670 --> 00:05:15,680

maintained all the aegis weapon system

131

00:05:20,710 --> 00:05:17,680

all of the the

132

00:05:23,270 --> 00:05:20,720

mainframe computers that ran that system

133

00:05:24,870 --> 00:05:23,280

and the consoles that uh

134

00:05:26,150 --> 00:05:24,880

operated in in

135

00:05:30,469 --> 00:05:26,160

cic

136

00:05:31,909 --> 00:05:30,479

those who didn't know that's uh when

137

00:05:33,749 --> 00:05:31,919

you're looking into movies all those big

138

00:05:36,070 --> 00:05:33,759

screens that they're looking at

139

00:05:38,070 --> 00:05:36,080

we took care of all those

140

00:05:40,550 --> 00:05:38,080

um

141

00:05:42,150 --> 00:05:40,560

and of course uh it's it's the the story

142

00:05:44,870 --> 00:05:42,160

has been beaten to a

143

00:05:47,189 --> 00:05:44,880

crisp so we'll just sum it up into uh

144

00:05:49,189 --> 00:05:47,199

you know we tracked unknown aircraft for

145

00:05:50,629 --> 00:05:49,199

you know right around seven days back in

146

00:05:53,670 --> 00:05:50,639

2004

147

00:05:54,710 --> 00:05:53,680

and uh it's now become

148

00:05:57,110 --> 00:05:54,720

uh

149

00:06:00,230 --> 00:05:57,120

pretty renowned since the united states

150

00:06:03,830 --> 00:06:00,240

government uh military has basically

151

00:06:05,830 --> 00:06:03,840

admitted that what we saw was real

152

00:06:08,309 --> 00:06:05,840

it certainly was uh thanks for that

153

00:06:09,670 --> 00:06:08,319

little summary um pj patrick hughes if

154

00:06:11,350 --> 00:06:09,680

you want to just introduce yourself as

155

00:06:13,749 --> 00:06:11,360

i've kind of done for you anyway and

156

00:06:16,950 --> 00:06:13,759

tell the lessons a little bit about you

157

00:06:19,270 --> 00:06:16,960

sounds good my name is patrick or pj um

158

00:06:21,749 --> 00:06:19,280

i answered just about anything um i was

159

00:06:24,150 --> 00:06:21,759

an avionics technician

160

00:06:26,950 --> 00:06:24,160

um way back when when all this happened

161

00:06:28,150 --> 00:06:26,960

and while i wasn't special like gary or

162

00:06:31,110 --> 00:06:28,160

kevin

163

00:06:32,629 --> 00:06:31,120

oh my my so-called claim to fame as some

164

00:06:35,110 --> 00:06:32,639

people call it is

165

00:06:37,430 --> 00:06:35,120

a couple us air force guys showed up on

166

00:06:39,189 --> 00:06:37,440

my ship knocked on my door with my uh

167

00:06:41,029 --> 00:06:39,199

executive officer

168

00:06:43,430 --> 00:06:41,039

and took a whole bunch of my classified

169

00:06:45,590 --> 00:06:43,440

stuff and left

170

00:06:47,029 --> 00:06:45,600

and uh i'm gonna go ahead and uh

171

00:06:49,270 --> 00:06:47,039

counteract the fact that he says he's

172

00:06:51,189 --> 00:06:49,280

not special it takes uh

173

00:06:52,870 --> 00:06:51,199

it it does take a unique person to be

174

00:06:55,110 --> 00:06:52,880

able to be able to that level of

175

00:06:57,110 --> 00:06:55,120

technician in the navy because there's a

176

00:06:58,870 --> 00:06:57,120

lot of education and a lot of schooling

177

00:07:00,309 --> 00:06:58,880

and not everybody makes it through that

178

00:07:02,309 --> 00:07:00,319

that type of school

179

00:07:04,390 --> 00:07:02,319

um so i mean we're not talking seals

180

00:07:07,270 --> 00:07:04,400

here but we're talking you know

181

00:07:09,589 --> 00:07:07,280

it's it's still pretty hardcore to go

182

00:07:11,830 --> 00:07:09,599

through a lot of that uh training

183

00:07:13,270 --> 00:07:11,840

yeah pj wasn't fixing seagulls for

184

00:07:15,670 --> 00:07:13,280

anyone who's interested in the

185

00:07:17,830 --> 00:07:15,680

technology that he was working with uh

186

00:07:18,870 --> 00:07:17,840

actually uh they were hypersonic

187

00:07:22,629 --> 00:07:18,880

seagulls

188

00:07:24,230 --> 00:07:22,639

i was i was just informed that on my own

189

00:07:27,510 --> 00:07:24,240

feed

190

00:07:29,350 --> 00:07:27,520

yeah my apologies and uh lastly but not

191

00:07:31,510 --> 00:07:29,360

least at kevin if you want to introduce

192

00:07:35,110 --> 00:07:31,520

yourself to the listeners too please

193

00:07:36,550 --> 00:07:35,120

yeah kevin day 2004 it was actually my

194

00:07:38,309 --> 00:07:36,560

last ship on the president was actually

195

00:07:39,589 --> 00:07:38,319

my last underway believe it or not when

196

00:07:41,510 --> 00:07:39,599

this happened

197

00:07:43,430 --> 00:07:41,520

um when i went down i had 18-year sea

198

00:07:45,110 --> 00:07:43,440

time sitting behind that spy 1 radar

199

00:07:46,469 --> 00:07:45,120

system on the agent this is my third

200

00:07:49,110 --> 00:07:46,479

aided ship

201
00:07:51,270 --> 00:07:49,120
i am a top gun graduate went through top

202
00:07:53,749 --> 00:07:51,280
gun in 1998

203
00:07:55,189 --> 00:07:53,759
and i was a anti-air warfare coordinator

204
00:07:57,589 --> 00:07:55,199
on the ship was basically just the guy

205
00:07:58,469 --> 00:07:57,599
that launches the missiles if we ever

206
00:08:01,749 --> 00:07:58,479
had to

207
00:08:03,990 --> 00:08:01,759
in a time of war or even for an exercise

208
00:08:06,390 --> 00:08:04,000
and i agree man these objects whatever

209
00:08:09,270 --> 00:08:06,400
the hell they were they acted as if they

210
00:08:11,350 --> 00:08:09,280
were alive like some super capable black

211
00:08:13,990 --> 00:08:11,360
birds is how i like to describe it

212
00:08:15,270 --> 00:08:14,000
they were sentient and they were aware

213
00:08:17,270 --> 00:08:15,280

and they

214

00:08:18,950 --> 00:08:17,280

were apparently pre-cognitive as well

215

00:08:22,950 --> 00:08:18,960

because

216

00:08:25,670 --> 00:08:24,710

in directions in ways that just kind of

217

00:08:27,749 --> 00:08:25,680

seemed like they were reading the

218

00:08:29,589 --> 00:08:27,759

pilot's minds if you will it was very

219

00:08:33,190 --> 00:08:29,599

very very strange

220

00:08:35,430 --> 00:08:33,200

um encounter to say the least

221

00:08:37,509 --> 00:08:35,440

very very strange but obviously now very

222

00:08:39,829 --> 00:08:37,519

very famous and folks if you want to

223

00:08:41,430 --> 00:08:39,839

hear the detail behind the encounter

224

00:08:43,829 --> 00:08:41,440

there are now numerous documentaries

225

00:08:45,910 --> 00:08:43,839

number of shows uh there are the nimitz

226

00:08:48,550 --> 00:08:45,920

encounters on youtube where you can see

227

00:08:50,150 --> 00:08:48,560

kevin pj and gary all being interviewed

228

00:08:51,910 --> 00:08:50,160

gary's been interviewed on my own show

229

00:08:54,310 --> 00:08:51,920

in the very first episode

230

00:08:56,150 --> 00:08:54,320

the story is now infamous and obviously

231

00:08:58,710 --> 00:08:56,160

unidentified has been a massive smash

232

00:09:00,550 --> 00:08:58,720

hit now the second season finishes as

233

00:09:02,230 --> 00:09:00,560

we're recording this this evening and

234

00:09:05,110 --> 00:09:02,240

i've been lucky enough to see the final

235

00:09:07,509 --> 00:09:05,120

episode as well and it certainly does

236

00:09:09,190 --> 00:09:07,519

end on a bombshell uh last one minute

237

00:09:10,949 --> 00:09:09,200

and 40 seconds

238

00:09:12,949 --> 00:09:10,959

if anyone else has seen it by now when

239

00:09:14,550 --> 00:09:12,959

this gets released um i won't spoil it

240

00:09:16,389 --> 00:09:14,560

for anyone who hasn't seen it

241

00:09:17,350 --> 00:09:16,399

um what i do want to get straight into

242

00:09:20,870 --> 00:09:17,360

talking about those speaking of

243

00:09:22,870 --> 00:09:20,880

bombshells patrick uh pj on twitter you

244

00:09:25,430 --> 00:09:22,880

recently dropped a bit of a bombshell

245

00:09:27,269 --> 00:09:25,440

and you added to the story and like gary

246

00:09:28,630 --> 00:09:27,279

had said before this has been beaten to

247

00:09:30,870 --> 00:09:28,640

a crisp and this is something that just

248

00:09:33,350 --> 00:09:30,880

doesn't seem to go away however

249

00:09:36,550 --> 00:09:33,360

you added to the story that uh a west

250

00:09:38,389 --> 00:09:36,560

coast land-based entity and you know

251

00:09:40,470 --> 00:09:38,399

what the warden's like on ufo but our

252

00:09:43,269 --> 00:09:40,480

people will jump on the slightest thing

253

00:09:45,269 --> 00:09:43,279

as as you find out um you said so a west

254

00:09:47,670 --> 00:09:45,279

coast land-based entity was tied to your

255

00:09:50,870 --> 00:09:47,680

battle group and if what they saw was

256

00:09:53,030 --> 00:09:50,880

released it would back up what you guys

257

00:09:54,630 --> 00:09:53,040

were saying all along

258

00:09:56,070 --> 00:09:54,640

so what is it that you guys have been

259

00:09:59,430 --> 00:09:56,080

saying all along pj what are they

260

00:10:01,750 --> 00:10:00,550

i mean

261

00:10:03,910 --> 00:10:01,760

essentially

262

00:10:06,150 --> 00:10:03,920

all the tracks that that kevin saw all

263

00:10:08,310 --> 00:10:06,160

the maneuvers kevin saw all the stuff

264

00:10:11,829 --> 00:10:08,320

gary saw and all the stuff the hawk i

265

00:10:13,269 --> 00:10:11,839

saw there was an outside

266

00:10:15,030 --> 00:10:13,279

group

267

00:10:16,710 --> 00:10:15,040

and the only person who figured it out

268

00:10:19,030 --> 00:10:16,720

is gary although he only partially

269

00:10:21,190 --> 00:10:19,040

figured it out

270

00:10:23,350 --> 00:10:21,200

no that saw exactly what you're talking

271

00:10:24,150 --> 00:10:23,360

about that's just the only

272

00:10:29,829 --> 00:10:24,160

uh

273

00:10:32,630 --> 00:10:29,839

about that particular place

274

00:10:34,069 --> 00:10:32,640

i know gary knows so listen the word

275

00:10:35,430 --> 00:10:34,079

classified and non-classified is

276
00:10:36,230 --> 00:10:35,440
probably going to come up a few times

277
00:10:38,310 --> 00:10:36,240
here

278
00:10:40,069 --> 00:10:38,320
what what can you talk about then

279
00:10:42,069 --> 00:10:40,079
regarding this just to elaborate on it

280
00:10:43,509 --> 00:10:42,079
but because pj opened up

281
00:10:45,030 --> 00:10:43,519
a bit of a thread on your on your

282
00:10:46,949 --> 00:10:45,040
twitter feed and people really wanted to

283
00:10:48,630 --> 00:10:46,959
know so so what can you talk about

284
00:10:52,230 --> 00:10:48,640
dancing around the

285
00:10:55,350 --> 00:10:53,670
i mean there's

286
00:10:57,670 --> 00:10:55,360
there's a whole bunch of stuff up and

287
00:11:00,069 --> 00:10:57,680
down the west coast from you know upper

288
00:11:03,430 --> 00:11:00,079

washington down to san diego all for

289

00:11:05,590 --> 00:11:03,440

various reasons various stuff various

290

00:11:08,550 --> 00:11:05,600

there just happened to be one spot that

291

00:11:10,710 --> 00:11:08,560

the hawkeyes worked with routinely

292

00:11:12,310 --> 00:11:10,720

um i'm sure gary

293

00:11:13,590 --> 00:11:12,320

whether or not he realized it has dealt

294

00:11:14,870 --> 00:11:13,600

with them before

295

00:11:16,310 --> 00:11:14,880

um

296

00:11:19,190 --> 00:11:16,320

but i happen to know one of the

297

00:11:20,630 --> 00:11:19,200

individuals there because they did work

298

00:11:22,470 --> 00:11:20,640

with our hawkeyes

299

00:11:23,509 --> 00:11:22,480

and i've talked to him on and off over

300

00:11:26,069 --> 00:11:23,519

the years

301

00:11:28,870 --> 00:11:26,079

and i had recently shared

302

00:11:30,710 --> 00:11:28,880

dave beatty's documentary with him

303

00:11:31,990 --> 00:11:30,720

just because i knew he was around and he

304

00:11:34,389 --> 00:11:32,000

was there

305

00:11:37,590 --> 00:11:34,399

and all of a sudden he's like

306

00:11:39,590 --> 00:11:37,600

hey i i know stuff about this

307

00:11:40,630 --> 00:11:39,600

and he starts telling me

308

00:11:42,710 --> 00:11:40,640

um

309

00:11:44,550 --> 00:11:42,720

we had a lengthy off the record

310

00:11:45,590 --> 00:11:44,560

conversation so i can't say everything

311

00:11:47,829 --> 00:11:45,600

he said

312

00:11:50,230 --> 00:11:47,839

um

313

00:11:52,470 --> 00:11:50,240

but but they saw all the same stuff

314

00:11:54,310 --> 00:11:52,480

their their systems and their senses

315

00:11:56,949 --> 00:11:54,320

were able to track the same stuff that

316

00:11:59,350 --> 00:11:56,959

the spy one did the same crazy maneuvers

317

00:12:01,269 --> 00:11:59,360

that kevin saw

318

00:12:05,430 --> 00:12:01,279

i didn't know

319

00:12:07,269 --> 00:12:05,440

you know all of it you know i don't know

320

00:12:09,269 --> 00:12:07,279

i don't know if they have recordings of

321

00:12:11,590 --> 00:12:09,279

it i don't know

322

00:12:13,670 --> 00:12:11,600

what was made of it

323

00:12:15,269 --> 00:12:13,680

but they saw it you know

324

00:12:16,710 --> 00:12:15,279

and they are completely separate from

325

00:12:18,389 --> 00:12:16,720

the battle group so it's not like they

326
00:12:19,430 --> 00:12:18,399
were seeing our information they were

327
00:12:21,269 --> 00:12:19,440
seeing

328
00:12:23,350 --> 00:12:21,279
anything we were sharing they were

329
00:12:24,870 --> 00:12:23,360
seeing it on their own gear

330
00:12:26,550 --> 00:12:24,880
and they were at a fair distance from

331
00:12:28,949 --> 00:12:26,560
where we were

332
00:12:32,069 --> 00:12:28,959
okay so in my mind and i'm not saying

333
00:12:34,150 --> 00:12:32,079
this is what it was but and i my uh

334
00:12:35,990 --> 00:12:34,160
knowledge of the west coast of america

335
00:12:38,870 --> 00:12:36,000
is very limited i just know they have

336
00:12:40,790 --> 00:12:38,880
one okay and an east coast so i'm

337
00:12:43,269 --> 00:12:40,800
imagining something like some kind of

338
00:12:44,870 --> 00:12:43,279

missile defense building or let's just

339

00:12:46,629 --> 00:12:44,880

say like a nasa office it's just

340

00:12:48,310 --> 00:12:46,639

tracking all sorts of things that they

341

00:12:51,030 --> 00:12:48,320

might be tracking and what you're saying

342

00:12:54,150 --> 00:12:51,040

is these guys have whatever systems that

343

00:12:56,310 --> 00:12:54,160

picked up the same contacts that you

344

00:12:57,910 --> 00:12:56,320

know gary picked up that kevin picked up

345

00:13:00,150 --> 00:12:57,920

and eventually kind of had a bit of a

346

00:13:01,750 --> 00:13:00,160

play with the the the carrier group over

347

00:13:03,110 --> 00:13:01,760

the course of you know a week is that

348

00:13:04,389 --> 00:13:03,120

right

349

00:13:07,269 --> 00:13:04,399

correct

350

00:13:09,750 --> 00:13:07,279

and then the uh the system that he was

351
00:13:11,750 --> 00:13:09,760
talking about that you know after world

352
00:13:15,190 --> 00:13:11,760
war ii and uh you know and us being

353
00:13:17,190 --> 00:13:15,200
surprised attacked that was kind of the

354
00:13:18,949 --> 00:13:17,200
freak the system that they went all up

355
00:13:20,230 --> 00:13:18,959
and down on the coast i'm talking i'm

356
00:13:22,550 --> 00:13:20,240
pretty i think he's talking about our

357
00:13:23,829 --> 00:13:22,560
missile defense system which then tracks

358
00:13:27,269 --> 00:13:23,839
pretty much

359
00:13:30,790 --> 00:13:27,279
uh fair distance out from all borders

360
00:13:31,750 --> 00:13:30,800
and all territories that we control

361
00:13:33,430 --> 00:13:31,760
um

362
00:13:35,110 --> 00:13:33,440
it would have it would have definitely

363
00:13:37,030 --> 00:13:35,120

have picked up the same things that we

364

00:13:39,269 --> 00:13:37,040

were plus i'm pretty sure a lot of those

365

00:13:42,230 --> 00:13:39,279

systems are now tied into the cec

366

00:13:43,829 --> 00:13:42,240

systems too so

367

00:13:45,509 --> 00:13:43,839

one thing that did come across and the

368

00:13:47,269 --> 00:13:45,519

questions that i'll get to later on was

369

00:13:49,590 --> 00:13:47,279

the the military language that some of

370

00:13:51,590 --> 00:13:49,600

the people have been using i i can only

371

00:13:53,189 --> 00:13:51,600

pretend to understand philly the

372

00:13:54,870 --> 00:13:53,199

questions that you guys

373

00:13:57,110 --> 00:13:54,880

will get to later on as well but

374

00:14:00,069 --> 00:13:57,120

something that was kind of jumped on uh

375

00:14:02,310 --> 00:14:00,079

was that you had to state pj that the

376

00:14:04,389 --> 00:14:02,320

entity had no control or association

377

00:14:06,389 --> 00:14:04,399

with the object because one of the

378

00:14:09,269 --> 00:14:06,399

things and i'll address this i think to

379

00:14:10,870 --> 00:14:09,279

kevin um given how much you saw and you

380

00:14:13,509 --> 00:14:10,880

talked about the way these objects

381

00:14:15,110 --> 00:14:13,519

behaved a lot of people now are starting

382

00:14:16,870 --> 00:14:15,120

to wonder especially with some of the

383

00:14:18,310 --> 00:14:16,880

recent journalists and investigative

384

00:14:20,710 --> 00:14:18,320

journalists online

385

00:14:22,629 --> 00:14:20,720

how are these objects actually man-made

386

00:14:24,629 --> 00:14:22,639

and there are people coming out saying

387

00:14:26,710 --> 00:14:24,639

this was potentially air force that were

388

00:14:29,350 --> 00:14:26,720

covering this up this has been something

389

00:14:30,470 --> 00:14:29,360

that the the us government themselves

390

00:14:31,990 --> 00:14:30,480

have basically

391

00:14:33,110 --> 00:14:32,000

put out there

392

00:14:40,870 --> 00:14:33,120

to

393

00:14:45,269 --> 00:14:42,790

um you know i have a lot of trouble

394

00:14:47,590 --> 00:14:45,279

believing this was us because

395

00:14:49,269 --> 00:14:47,600

i for one was psychologically affected

396

00:14:51,750 --> 00:14:49,279

by this as it turns out i didn't know it

397

00:14:53,910 --> 00:14:51,760

at the time and i um have since been

398

00:14:55,829 --> 00:14:53,920

diagnosed with ptsd and they thought it

399

00:14:57,350 --> 00:14:55,839

was from an earlier

400

00:14:59,030 --> 00:14:57,360

event that happened in my life when on

401
00:15:00,790 --> 00:14:59,040
my first deployment on the vincennes

402
00:15:02,550 --> 00:15:00,800
when we shot down an air raiding

403
00:15:03,350 --> 00:15:02,560
airliner by mistake

404
00:15:05,269 --> 00:15:03,360
um

405
00:15:08,069 --> 00:15:05,279
but i think it was more related to this

406
00:15:10,150 --> 00:15:08,079
so if it turns out that this was us

407
00:15:12,310 --> 00:15:10,160
testing us

408
00:15:15,110 --> 00:15:12,320
and it had this type of effect on some

409
00:15:16,710 --> 00:15:15,120
of us um

410
00:15:18,389 --> 00:15:16,720
there might be hell to pay

411
00:15:19,670 --> 00:15:18,399
you know i'm not going to be happy if

412
00:15:21,430 --> 00:15:19,680
that's

413
00:15:24,150 --> 00:15:21,440

um turns out to be the truth tell you

414

00:15:27,269 --> 00:15:25,910

this profoundly affected my life i

415

00:15:29,030 --> 00:15:27,279

wouldn't be honestly i wouldn't be

416

00:15:30,150 --> 00:15:29,040

surprised if it was

417

00:15:31,910 --> 00:15:30,160

uh you know

418

00:15:33,430 --> 00:15:31,920

something of ours but then again in the

419

00:15:35,110 --> 00:15:33,440

same respect

420

00:15:36,629 --> 00:15:35,120

what the only thing that really troubles

421

00:15:39,269 --> 00:15:36,639

me with it being like

422

00:15:41,430 --> 00:15:39,279

ours it would really mean that they're

423

00:15:44,230 --> 00:15:41,440

capable of keeping the type of secrets

424

00:15:45,990 --> 00:15:44,240

that we all hope that they can't

425

00:15:49,509 --> 00:15:46,000

because like the level of technology

426
00:15:50,470 --> 00:15:49,519
that was involved with these crafts was

427
00:15:51,910 --> 00:15:50,480
you know

428
00:15:53,749 --> 00:15:51,920
i couldn't even tell you how many years

429
00:15:55,350 --> 00:15:53,759
ahead because it's it's too many i i

430
00:15:57,749 --> 00:15:55,360
don't understand how

431
00:15:58,790 --> 00:15:57,759
that kind of technology could be held

432
00:16:00,710 --> 00:15:58,800
secret

433
00:16:01,829 --> 00:16:00,720
for this long because it would have if

434
00:16:07,829 --> 00:16:01,839
it

435
00:16:09,110 --> 00:16:07,839
these things for 60 years so

436
00:16:11,990 --> 00:16:09,120
probably more than that i mean if you

437
00:16:13,910 --> 00:16:12,000
want to talk you know engineering and

438
00:16:15,829 --> 00:16:13,920

anything like that i mean

439

00:16:17,910 --> 00:16:15,839

they they they cite about a billion and

440

00:16:19,590 --> 00:16:17,920

one other references throughout all of

441

00:16:21,749 --> 00:16:19,600

our human history where we've been

442

00:16:24,150 --> 00:16:21,759

seeing stuff in the sky so

443

00:16:26,069 --> 00:16:24,160

you know i i don't prescribe to the

444

00:16:29,030 --> 00:16:26,079

little green man theory

445

00:16:31,030 --> 00:16:29,040

as of yet because i haven't seen one but

446

00:16:32,389 --> 00:16:31,040

i don't say that uh you know i think

447

00:16:35,189 --> 00:16:32,399

that

448

00:16:37,110 --> 00:16:35,199

this is not a win-win situation for even

449

00:16:38,629 --> 00:16:37,120

our company because i mean i've even sat

450

00:16:40,790 --> 00:16:38,639

down with our guys our our board of

451
00:16:42,790 --> 00:16:40,800
directors and said look you know uh

452
00:16:45,350 --> 00:16:42,800
you know we've got a serious thoughts

453
00:16:48,389 --> 00:16:45,360
about doing this research because

454
00:16:50,389 --> 00:16:48,399
there's some there's some avenues that

455
00:16:52,069 --> 00:16:50,399
and some some things that

456
00:16:53,189 --> 00:16:52,079
you know we really have to think about

457
00:16:55,110 --> 00:16:53,199
because a

458
00:16:56,870 --> 00:16:55,120
no matter what it is we're going to run

459
00:16:58,069 --> 00:16:56,880
into the government at a certain point

460
00:16:59,990 --> 00:16:58,079
because

461
00:17:01,189 --> 00:17:00,000
if it is government technology we're

462
00:17:03,030 --> 00:17:01,199
going to run into the government because

463
00:17:04,870 --> 00:17:03,040

we're going to have proof of it

464

00:17:06,069 --> 00:17:04,880

if it's not then we're going to run into

465

00:17:07,110 --> 00:17:06,079

the government because we have proof of

466

00:17:09,270 --> 00:17:07,120

it

467

00:17:11,990 --> 00:17:09,280

so no matter what we're running into the

468

00:17:14,549 --> 00:17:12,000

government and so either our government

469

00:17:16,150 --> 00:17:14,559

is the most shady pieces of crap that

470

00:17:18,870 --> 00:17:16,160

can that can uh

471

00:17:21,350 --> 00:17:18,880

hide this level of technology for this

472

00:17:24,390 --> 00:17:21,360

meant this amount of time

473

00:17:26,949 --> 00:17:24,400

or they're not and either way it's scary

474

00:17:28,950 --> 00:17:26,959

as hell because one way we we're we're

475

00:17:31,430 --> 00:17:28,960

all not in control and any other way

476

00:17:33,510 --> 00:17:31,440

guess what we're not in control still

477

00:17:35,190 --> 00:17:33,520

so we all just kind of live this

478

00:17:36,070 --> 00:17:35,200

beautiful illusion of freedom at this

479

00:17:38,870 --> 00:17:36,080

point

480

00:17:41,029 --> 00:17:38,880

yeah it's kind of scary [\h__\h] it's both

481

00:17:42,390 --> 00:17:41,039

very good points and kevin you touch on

482

00:17:44,870 --> 00:17:42,400

something that i've had a few chats

483

00:17:45,669 --> 00:17:44,880

recently with with guests about and ryan

484

00:17:47,270 --> 00:17:45,679

ryan

485

00:17:49,830 --> 00:17:47,280

has just released a book that touches on

486

00:17:52,789 --> 00:17:49,840

the human element of alien or et

487

00:17:54,870 --> 00:17:52,799

experiences and uap experiences and like

488

00:17:56,710 --> 00:17:54,880

you say that that's huge and not even to

489

00:17:58,390 --> 00:17:56,720

go down the road you know claims it

490

00:18:00,070 --> 00:17:58,400

could go on against the us government

491

00:18:02,710 --> 00:18:00,080

from you know its own armed forces and

492

00:18:04,470 --> 00:18:02,720

people and a variety of different areas

493

00:18:07,190 --> 00:18:04,480

but like you say as well gary that if

494

00:18:10,789 --> 00:18:07,200

this turns out this is our technology

495

00:18:12,150 --> 00:18:10,799

just as in humankind then it's such a

496

00:18:13,909 --> 00:18:12,160

leap that there are so many more

497

00:18:15,510 --> 00:18:13,919

questions of okay so where's it came

498

00:18:17,590 --> 00:18:15,520

from as it back engineered from

499

00:18:19,590 --> 00:18:17,600

something else have we just one day

500

00:18:21,909 --> 00:18:19,600

broken the laws of physics and uncovered

501
00:18:23,510 --> 00:18:21,919
all this great new stuff why haven't we

502
00:18:25,029 --> 00:18:23,520
been using it you know

503
00:18:26,070 --> 00:18:25,039
it just does so many different avenues

504
00:18:27,270 --> 00:18:26,080
to go down

505
00:18:28,950 --> 00:18:27,280
however

506
00:18:31,510 --> 00:18:28,960
a show that you're all very aware of and

507
00:18:32,430 --> 00:18:31,520
i grew up to the stars academy uh chris

508
00:18:35,990 --> 00:18:32,440
mellon

509
00:18:37,830 --> 00:18:36,000
loyalized tom de long uh help it off and

510
00:18:39,669 --> 00:18:37,840
the guys they

511
00:18:41,430 --> 00:18:39,679
they very much even still in their

512
00:18:43,270 --> 00:18:41,440
second season where pg you've been a

513
00:18:45,430 --> 00:18:43,280

regular contributor

514

00:18:46,630 --> 00:18:45,440

they are very much adamant and they keep

515

00:18:48,950 --> 00:18:46,640

going back to

516

00:18:50,789 --> 00:18:48,960

this isn't russian this isn't chinese

517

00:18:52,070 --> 00:18:50,799

this more than likely isn't ours they

518

00:18:54,630 --> 00:18:52,080

seem very

519

00:18:57,430 --> 00:18:54,640

confident with that and so like pj to

520

00:19:00,070 --> 00:18:57,440

you given your experiences unidentified

521

00:19:01,990 --> 00:19:00,080

how how confident are you again having

522

00:19:05,510 --> 00:19:02,000

worked with the guys on an identified

523

00:19:06,950 --> 00:19:05,520

that this as or isn't us technology

524

00:19:09,029 --> 00:19:06,960

i mean the only person i really talked

525

00:19:10,230 --> 00:19:09,039

to from from that whole group is louis

526
00:19:13,029 --> 00:19:10,240
alvando

527
00:19:14,150 --> 00:19:13,039
and we had a much longer conversation

528
00:19:15,830 --> 00:19:14,160
than

529
00:19:17,029 --> 00:19:15,840
you know was actually shown on the on

530
00:19:18,630 --> 00:19:17,039
the series

531
00:19:20,630 --> 00:19:18,640
and

532
00:19:23,110 --> 00:19:20,640
we never really got into

533
00:19:25,270 --> 00:19:23,120
is it ours it is it theirs

534
00:19:28,549 --> 00:19:25,280
he cleared up a whole bunch of

535
00:19:30,549 --> 00:19:28,559
questions i had about

536
00:19:34,070 --> 00:19:30,559
what happened to my stuff after he took

537
00:19:36,230 --> 00:19:34,080
it where when what it was used for um

538
00:19:39,990 --> 00:19:36,240

he's the person i like actually

539

00:19:41,029 --> 00:19:40,000

learned all that information from um

540

00:19:42,710 --> 00:19:41,039

but

541

00:19:46,070 --> 00:19:42,720

i got the feeling from him that all he

542

00:19:47,909 --> 00:19:46,080

wants to do is know what it is

543

00:19:49,350 --> 00:19:47,919

i don't think he cares one way or the

544

00:19:51,510 --> 00:19:49,360

other he just wants to know what it is

545

00:19:53,590 --> 00:19:51,520

just like the rest of us

546

00:19:55,270 --> 00:19:53,600

and again to not spoil it because i'm

547

00:19:57,029 --> 00:19:55,280

more than likely going to release this

548

00:19:59,669 --> 00:19:57,039

just before the the finale of

549

00:20:02,630 --> 00:19:59,679

unidentified this evening

550

00:20:04,470 --> 00:20:02,640

they they wrap up with a very it's quite

551
00:20:06,230 --> 00:20:04,480
a moving summary and i don't know if any

552
00:20:08,230 --> 00:20:06,240
of you have seen the final episode yet

553
00:20:09,350 --> 00:20:08,240
they wrap up with a very moving summary

554
00:20:11,110 --> 00:20:09,360
of

555
00:20:13,669 --> 00:20:11,120
they're quite clear in what they think

556
00:20:15,590 --> 00:20:13,679
this is without saying it and again the

557
00:20:17,990 --> 00:20:15,600
line is used this is not ours this is

558
00:20:19,830 --> 00:20:18,000
not russian this is not chinese and

559
00:20:22,870 --> 00:20:19,840
something louis elizondo has said in the

560
00:20:25,990 --> 00:20:22,880
past is talking about human kinds and

561
00:20:28,070 --> 00:20:26,000
mankind's plural that it's not just us

562
00:20:30,070 --> 00:20:28,080
on this planet and again that's

563
00:20:31,750 --> 00:20:30,080

something he finishes the series with

564

00:20:33,350 --> 00:20:31,760

and it gets a little bit emotional about

565

00:20:34,789 --> 00:20:33,360

it and again that comes across the

566

00:20:36,470 --> 00:20:34,799

aspect of

567

00:20:37,830 --> 00:20:36,480

if there's if there's more than others

568

00:20:39,830 --> 00:20:37,840

on this planet

569

00:20:42,230 --> 00:20:39,840

then it opens up a whole new you know a

570

00:20:44,390 --> 00:20:42,240

whole new ballgame it changes humanity

571

00:20:45,830 --> 00:20:44,400

uh and again those are all questions

572

00:20:47,750 --> 00:20:45,840

that are for

573

00:20:49,990 --> 00:20:47,760

hypotheses and down the line and a lot

574

00:20:51,669 --> 00:20:50,000

of different conversations what i'd like

575

00:20:53,669 --> 00:20:51,679

to ask though for you guys so to the

576

00:20:55,669 --> 00:20:53,679

stars academy it's really been the key

577

00:20:57,430 --> 00:20:55,679

in unlocking the door which so many are

578

00:20:59,430 --> 00:20:57,440

now walking through including people

579

00:21:01,350 --> 00:20:59,440

like yourselves that are now following

580

00:21:04,310 --> 00:21:01,360

in your footsteps do you think there's

581

00:21:06,310 --> 00:21:04,320

more to come from this incident itself

582

00:21:07,990 --> 00:21:06,320

so even just the other day pj you've

583

00:21:09,909 --> 00:21:08,000

obviously dropped that bombshell on

584

00:21:11,909 --> 00:21:09,919

twitter and it's it's added a new

585

00:21:13,190 --> 00:21:11,919

element to the conversation

586

00:21:14,549 --> 00:21:13,200

however

587

00:21:16,310 --> 00:21:14,559

as there are much more to get out of

588

00:21:19,510 --> 00:21:16,320

this or are we now kind of flogging a

589

00:21:23,590 --> 00:21:21,510

no way we we

590

00:21:25,029 --> 00:21:23,600

have our group has been vindicated over

591

00:21:27,909 --> 00:21:25,039

and over and over again i think it's

592

00:21:30,789 --> 00:21:27,919

still going to keep happening

593

00:21:34,950 --> 00:21:30,799

um every agency that comes out um pretty

594

00:21:37,750 --> 00:21:34,960

much backs up everything we've all said

595

00:21:39,909 --> 00:21:37,760

and uh i my gut instinct is that this

596

00:21:41,909 --> 00:21:39,919

was not our stuff

597

00:21:44,710 --> 00:21:41,919

and um

598

00:21:46,310 --> 00:21:44,720

that didn't that that in itself

599

00:21:47,990 --> 00:21:46,320

asks a lot of you know it brings up a

600

00:21:50,070 --> 00:21:48,000

lot of uh real

601
00:21:53,830 --> 00:21:50,080
real important questions

602
00:21:57,029 --> 00:21:53,840
if it wasn't ours who the hell was it

603
00:21:59,750 --> 00:21:57,039
was it even from earth you know

604
00:22:01,430 --> 00:21:59,760
is i think this story has legs and it's

605
00:22:03,830 --> 00:22:01,440
going to just it's just going to keep

606
00:22:06,070 --> 00:22:03,840
delivering i really do

607
00:22:07,510 --> 00:22:06,080
i know as far as

608
00:22:11,110 --> 00:22:07,520
for me

609
00:22:12,950 --> 00:22:11,120
i think our events basically

610
00:22:15,830 --> 00:22:12,960
just the straw that broke the camel's

611
00:22:18,149 --> 00:22:15,840
back it's it's the the catalyst uh you

612
00:22:19,350 --> 00:22:18,159
know they'll look back and and take a

613
00:22:21,830 --> 00:22:19,360

look at you know

614

00:22:23,110 --> 00:22:21,840

how this all started and it'll be the

615

00:22:25,430 --> 00:22:23,120

you know that

616

00:22:27,830 --> 00:22:25,440

new york times article about our event

617

00:22:30,230 --> 00:22:27,840

and then all of us coming out and

618

00:22:32,950 --> 00:22:30,240

you know and then fravor coming out and

619

00:22:34,390 --> 00:22:32,960

saying his piece and then the you know

620

00:22:36,310 --> 00:22:34,400

just recently

621

00:22:38,549 --> 00:22:36,320

um the pilot that actually recorded the

622

00:22:40,789 --> 00:22:38,559

video itself came out to clear a lot of

623

00:22:42,390 --> 00:22:40,799

things up too so i mean

624

00:22:44,390 --> 00:22:42,400

it's just going to keep happening

625

00:22:46,390 --> 00:22:44,400

because there was you know i think we

626

00:22:48,950 --> 00:22:46,400

had like i think 500 and something

627

00:22:51,590 --> 00:22:48,960

people on my ship and 7 000 people on

628

00:22:53,750 --> 00:22:51,600

the carrier that's a lot of people and

629

00:22:55,669 --> 00:22:53,760

that's a lot of people that

630

00:22:58,470 --> 00:22:55,679

knew about it i mean even if they didn't

631

00:23:01,270 --> 00:22:58,480

directly have it anything to do with it

632

00:23:03,430 --> 00:23:01,280

or this any systems that interacted with

633

00:23:05,750 --> 00:23:03,440

it you know

634

00:23:08,390 --> 00:23:05,760

those communities they

635

00:23:10,549 --> 00:23:08,400

they know we all know and i mean it's

636

00:23:13,029 --> 00:23:10,559

just like with uh you know with kevin

637

00:23:15,909 --> 00:23:13,039

kevin's been definitely affected by this

638

00:23:17,909 --> 00:23:15,919

you know tremendously um we all have in

639

00:23:20,830 --> 00:23:17,919

in one way or another and you know for

640

00:23:24,789 --> 00:23:20,840

me it's just been

641

00:23:29,270 --> 00:23:28,230

mind mind-boggling to know that this is

642

00:23:30,710 --> 00:23:29,280

finally

643

00:23:31,990 --> 00:23:30,720

coming to light because i honestly never

644

00:23:33,190 --> 00:23:32,000

thought it would

645

00:23:35,430 --> 00:23:33,200

um

646

00:23:36,390 --> 00:23:35,440

i remember when i first came out about

647

00:23:38,630 --> 00:23:36,400

it i

648

00:23:40,549 --> 00:23:38,640

you know i i did a lot of phone calls to

649

00:23:42,789 --> 00:23:40,559

a lot of important people to make sure

650

00:23:44,549 --> 00:23:42,799

that it's all right that i said anything

651
00:23:46,870 --> 00:23:44,559
about it because i really didn't want to

652
00:23:49,350 --> 00:23:46,880
knock on the door you know and

653
00:23:50,789 --> 00:23:49,360
so i i got a lot of my old buddies that

654
00:23:52,230 --> 00:23:50,799
you know

655
00:23:54,230 --> 00:23:52,240
they didn't go into cable when they got

656
00:23:56,390 --> 00:23:54,240
out they they stayed in the

657
00:23:59,029 --> 00:23:56,400
you know the circles and you know got

658
00:24:01,190 --> 00:23:59,039
the high-level government jobs and

659
00:24:03,510 --> 00:24:01,200
you know so they they uh they let me you

660
00:24:06,070 --> 00:24:03,520
know i said all right you know i got the

661
00:24:08,710 --> 00:24:06,080
least to lose out of everybody so

662
00:24:11,350 --> 00:24:08,720
let's let's do it

663
00:24:12,789 --> 00:24:11,360

god bless you gary before he's

664

00:24:14,630 --> 00:24:12,799

you've all played an incredible part in

665

00:24:16,230 --> 00:24:14,640

this and telling those stories and being

666

00:24:18,230 --> 00:24:16,240

the first people to do it has been

667

00:24:20,870 --> 00:24:18,240

amazing and like i said there are now so

668

00:24:22,549 --> 00:24:20,880

many more following in your footsteps so

669

00:24:23,909 --> 00:24:22,559

no doubt in in the last three years

670

00:24:26,310 --> 00:24:23,919

we've seen an incredible amount of

671

00:24:28,149 --> 00:24:26,320

progress and for those of our keen

672

00:24:30,070 --> 00:24:28,159

interest in neurology like myself you

673

00:24:31,830 --> 00:24:30,080

know people who initially just were

674

00:24:33,750 --> 00:24:31,840

interested in other aliens coming from

675

00:24:36,230 --> 00:24:33,760

other planets and spaceships the

676
00:24:38,390 --> 00:24:36,240
conversation in three years has changed

677
00:24:39,830 --> 00:24:38,400
incredibly and just the understanding

678
00:24:41,830 --> 00:24:39,840
people have as well there's a lot of

679
00:24:42,710 --> 00:24:41,840
vindication for people like yourself as

680
00:24:45,190 --> 00:24:42,720
well

681
00:24:46,789 --> 00:24:45,200
and military you know commercial pilots

682
00:24:49,269 --> 00:24:46,799
police officers and just the general

683
00:24:51,430 --> 00:24:49,279
public that report and see you aps that

684
00:24:53,190 --> 00:24:51,440
you know what they're not crazy well not

685
00:24:56,230 --> 00:24:53,200
all of them and you know some of these

686
00:24:58,149 --> 00:24:56,240
satans are as incredible as they sound

687
00:25:01,430 --> 00:24:58,159
if this same incident that happened to

688
00:25:03,350 --> 00:25:01,440

you in 2004 was repeated again tomorrow

689

00:25:04,789 --> 00:25:03,360

and we hear that up until you know

690

00:25:06,950 --> 00:25:04,799

recently and you guys might even know

691

00:25:08,390 --> 00:25:06,960

more recent than me that these events

692

00:25:10,230 --> 00:25:08,400

are still happening

693

00:25:12,549 --> 00:25:10,240

how do you feel the conversation would

694

00:25:15,190 --> 00:25:12,559

change from that military perspective i

695

00:25:17,909 --> 00:25:15,200

don't know who wants to come in on that

696

00:25:19,590 --> 00:25:17,919

i think if i was you know an aegis

697

00:25:21,190 --> 00:25:19,600

computer technician or actually they're

698

00:25:22,789 --> 00:25:21,200

they're not there's no such thing as a

699

00:25:25,669 --> 00:25:22,799

computer technician anymore they call

700

00:25:28,070 --> 00:25:25,679

them q70 techs or whatever they are now

701
00:25:29,830 --> 00:25:28,080
it's been so many years

702
00:25:31,669 --> 00:25:29,840
but uh

703
00:25:33,990 --> 00:25:31,679
i think at this point if it were to

704
00:25:36,549 --> 00:25:34,000
happen to me again and i still had the

705
00:25:38,230 --> 00:25:36,559
prior knowledge of the 2004 event

706
00:25:40,390 --> 00:25:38,240
i think i would have a lot more

707
00:25:43,350 --> 00:25:40,400
information on hand

708
00:25:44,149 --> 00:25:43,360
when i got out

709
00:25:45,750 --> 00:25:44,159
again

710
00:25:50,390 --> 00:25:45,760
i think i think i'd have a nice little

711
00:25:55,830 --> 00:25:53,830
i certainly would have kept copies

712
00:25:57,750 --> 00:25:55,840
yeah especially today yeah i would have

713
00:25:59,269 --> 00:25:57,760

kept better notes better copies i had my

714

00:26:01,190 --> 00:25:59,279

log book of course but i just had real

715

00:26:02,390 --> 00:26:01,200

brief notes like latin longs and times

716

00:26:03,750 --> 00:26:02,400

and stuff like that and who i was

717

00:26:04,710 --> 00:26:03,760

controlling

718

00:26:06,070 --> 00:26:04,720

but i

719

00:26:07,350 --> 00:26:06,080

would have definitely kept better notes

720

00:26:09,669 --> 00:26:07,360

in fact when this

721

00:26:11,669 --> 00:26:09,679

in 2009 after i retired

722

00:26:13,909 --> 00:26:11,679

i tried to tell people about this and

723

00:26:16,070 --> 00:26:13,919

even some of my closest associates would

724

00:26:17,110 --> 00:26:16,080

look like you know what's wrong with

725

00:26:19,269 --> 00:26:17,120

kevin you know

726

00:26:21,029 --> 00:26:19,279

for sure that happened right so i wrote

727

00:26:23,110 --> 00:26:21,039

i wrote the story and i published in the

728

00:26:25,110 --> 00:26:23,120

library of congress just in case

729

00:26:25,909 --> 00:26:25,120

this story ever did come to light that

730

00:26:27,830 --> 00:26:25,919

um

731

00:26:30,390 --> 00:26:27,840

it would be some sort of contemporaneous

732

00:26:32,549 --> 00:26:30,400

proof that it really happened and that's

733

00:26:34,710 --> 00:26:32,559

exactly what happened strangely enough

734

00:26:37,029 --> 00:26:34,720

ironically with kevin doing that very

735

00:26:38,549 --> 00:26:37,039

thing it's uh it's made me go back and

736

00:26:40,230 --> 00:26:38,559

look at a lot of science fiction i've

737

00:26:42,630 --> 00:26:40,240

read a little differently

738

00:26:44,390 --> 00:26:42,640

it's like wait a minute

739

00:26:48,230 --> 00:26:44,400

how did they get these intricate ideas

740

00:26:51,830 --> 00:26:49,669

it's funny you mentioned have any of

741

00:26:52,789 --> 00:26:51,840

your red chains of the sea because this

742

00:26:54,390 --> 00:26:52,799

is a

743

00:26:56,149 --> 00:26:54,400

a short story recently that's kind of

744

00:26:58,310 --> 00:26:56,159

came to prominence with luella zondo

745

00:27:00,070 --> 00:26:58,320

mentioning or or having read it and a

746

00:27:02,310 --> 00:27:00,080

lot of people again have jumped on this

747

00:27:04,549 --> 00:27:02,320

bandwagon have any of you read that but

748

00:27:07,029 --> 00:27:04,559

our short story i have not i've actually

749

00:27:09,110 --> 00:27:07,039

been getting knee deep into uh philip k

750

00:27:10,870 --> 00:27:09,120

dick lately

751

00:27:13,029 --> 00:27:10,880

say the name of the book again

752

00:27:15,029 --> 00:27:13,039

it's chains of the sea it's a bit of a

753

00:27:16,710 --> 00:27:15,039

short story

754

00:27:17,510 --> 00:27:16,720

no i haven't read it no i'm sure i

755

00:27:19,190 --> 00:27:17,520

haven't

756

00:27:21,510 --> 00:27:19,200

um probably worth checking out it

757

00:27:23,830 --> 00:27:21,520

wouldn't take you too long uh but again

758

00:27:25,909 --> 00:27:23,840

people are getting on the idea that

759

00:27:27,510 --> 00:27:25,919

a lot of the ideas that are now coming

760

00:27:29,430 --> 00:27:27,520

to the front that you know we're not

761

00:27:31,750 --> 00:27:29,440

alone on the planet these things may

762

00:27:33,029 --> 00:27:31,760

have been here on different frequencies

763

00:27:35,029 --> 00:27:33,039

different dimensions that we're starting

764

00:27:36,870 --> 00:27:35,039

to see in various different books and

765

00:27:38,070 --> 00:27:36,880

and pros like you mentioned gary some of

766

00:27:39,190 --> 00:27:38,080

the things you're now reading it's like

767

00:27:40,789 --> 00:27:39,200

oh wow

768

00:27:43,830 --> 00:27:40,799

was this pure chance that people have

769

00:27:46,070 --> 00:27:43,840

got this right or you know so accurate

770

00:27:48,310 --> 00:27:46,080

so long ago or did they have any kind of

771

00:27:49,669 --> 00:27:48,320

prior knowledge so that's something what

772

00:27:51,029 --> 00:27:49,679

i'd like to know kevin if i could just

773

00:27:53,669 --> 00:27:51,039

ask the question

774

00:27:54,789 --> 00:27:53,679

on the idea of the military conversation

775

00:27:57,590 --> 00:27:54,799

changing

776

00:28:00,630 --> 00:27:57,600

if someone in your position now

777

00:28:02,070 --> 00:28:00,640

today the same sort of event happened do

778

00:28:04,310 --> 00:28:02,080

you feel they would have a different

779

00:28:05,590 --> 00:28:04,320

experience that than you had do you

780

00:28:07,430 --> 00:28:05,600

think they're going to be able to come

781

00:28:09,990 --> 00:28:07,440

forward with all the progress that's

782

00:28:13,350 --> 00:28:11,510

i believe so yeah

783

00:28:15,110 --> 00:28:13,360

i believe there's probably in fact

784

00:28:17,110 --> 00:28:15,120

procedures in place now that didn't just

785

00:28:19,750 --> 00:28:17,120

didn't exist when we were serving

786

00:28:22,070 --> 00:28:19,760

and designed specifically to deal with

787

00:28:23,510 --> 00:28:22,080

uh unknown aerial phenomenon

788

00:28:24,549 --> 00:28:23,520

you know because um i got to tell you

789

00:28:26,549 --> 00:28:24,559

andy um

790

00:28:29,029 --> 00:28:26,559

the thing that concerned me greatly in

791

00:28:30,549 --> 00:28:29,039

2009 2008 when i retired when no one

792

00:28:31,510 --> 00:28:30,559

would listen to me

793

00:28:33,430 --> 00:28:31,520

um

794

00:28:35,750 --> 00:28:33,440

was what what would happen if this thing

795

00:28:37,190 --> 00:28:35,760

happened off the coast of iran

796

00:28:39,190 --> 00:28:37,200

when i really did have missiles on the

797

00:28:41,590 --> 00:28:39,200

airplanes and on the ships

798

00:28:43,110 --> 00:28:41,600

and somebody freaked out and overreacted

799

00:28:45,590 --> 00:28:43,120

man this thing could cause a freaking

800

00:28:47,830 --> 00:28:45,600

war you know that nobody wants

801
00:28:49,909 --> 00:28:47,840
and i think because of that um safety of

802
00:28:52,230 --> 00:28:49,919
flat issues i think there's probably

803
00:28:53,750 --> 00:28:52,240
some pretty um

804
00:28:55,590 --> 00:28:53,760
trained uh

805
00:28:57,510 --> 00:28:55,600
written and trained procedures in place

806
00:28:59,830 --> 00:28:57,520
now that just weren't there when we were

807
00:29:03,029 --> 00:28:59,840
serving in 2004

808
00:29:04,389 --> 00:29:03,039
so and if it if it did happen i think um

809
00:29:06,870 --> 00:29:04,399
it's all going to get recorded and

810
00:29:08,630 --> 00:29:06,880
logged and spoken about at this point i

811
00:29:11,510 --> 00:29:08,640
i truly do

812
00:29:13,110 --> 00:29:11,520
um in my evidence

813
00:29:14,950 --> 00:29:13,120

2015 i mean

814

00:29:16,950 --> 00:29:14,960

those guys came out

815

00:29:19,909 --> 00:29:16,960

you know between that was 11 years later

816

00:29:23,669 --> 00:29:21,990

that's just my thoughts on it no no it's

817

00:29:25,269 --> 00:29:23,679

good there's been a lot of talk as well

818

00:29:28,070 --> 00:29:25,279

recently around

819

00:29:29,750 --> 00:29:28,080

the the fact the carrier group had a

820

00:29:31,669 --> 00:29:29,760

nuclear element to it

821

00:29:32,789 --> 00:29:31,679

was some kind of attraction to these

822

00:29:35,590 --> 00:29:32,799

objects

823

00:29:37,830 --> 00:29:35,600

again unidentified had a whole episode

824

00:29:39,750 --> 00:29:37,840

and i'll come to pj on that one uh

825

00:29:41,350 --> 00:29:39,760

because you rolled your eyes so you must

826
00:29:42,630 --> 00:29:41,360
have some kind of comment you want to

827
00:29:44,470 --> 00:29:42,640
make and i've been more than happy to

828
00:29:46,549 --> 00:29:44,480
hear it what are your thoughts on that

829
00:29:49,110 --> 00:29:46,559
aspect of it is that putting two and two

830
00:29:51,750 --> 00:29:49,120
together and getting five

831
00:29:54,070 --> 00:29:51,760
i mean i just don't think

832
00:29:57,029 --> 00:29:54,080
the amount of nuclear subs we have the

833
00:29:58,950 --> 00:29:57,039
11 nuclear carriers we have

834
00:30:01,110 --> 00:29:58,960
you know i i feel we would see a lot

835
00:30:03,909 --> 00:30:01,120
more than

836
00:30:05,350 --> 00:30:03,919
what we've seen if that were the case

837
00:30:08,710 --> 00:30:05,360
i don't think it has anything to do with

838
00:30:10,149 --> 00:30:08,720

nuclear power

839

00:30:15,830 --> 00:30:10,159

and that's coming from a guy who slept

840

00:30:19,750 --> 00:30:17,830

and it had no lfx whatsoever which is

841

00:30:23,269 --> 00:30:19,760

always good to see

842

00:30:24,470 --> 00:30:23,279

none that i know

843

00:30:26,950 --> 00:30:24,480

so listen

844

00:30:28,630 --> 00:30:26,960

what's next that uap task force has now

845

00:30:30,710 --> 00:30:28,640

been signed off that's made its way

846

00:30:32,310 --> 00:30:30,720

through the senate in the u.s

847

00:30:34,230 --> 00:30:32,320

which is great and i'm learning more and

848

00:30:36,549 --> 00:30:34,240

more about u.s politics as the whole

849

00:30:37,990 --> 00:30:36,559

world is over the last few years and

850

00:30:39,430 --> 00:30:38,000

we've all got our eyes on things you

851

00:30:40,950 --> 00:30:39,440

know and but staying away from the

852

00:30:44,149 --> 00:30:40,960

political side of it and just focusing

853

00:30:46,149 --> 00:30:44,159

on the uap task force with that form and

854

00:30:48,310 --> 00:30:46,159

gary i'll bring this to you what's your

855

00:30:50,149 --> 00:30:48,320

opinions on the uap task force what's

856

00:30:52,950 --> 00:30:50,159

that going to bring regarding the

857

00:30:55,190 --> 00:30:52,960

conversation in the movement

858

00:30:57,509 --> 00:30:55,200

uh realistically i think it's just a dog

859

00:30:59,430 --> 00:30:57,519

and pony show i i don't think it's gonna

860

00:31:01,029 --> 00:30:59,440

really do much other than maybe

861

00:31:02,630 --> 00:31:01,039

distribute more information that they

862

00:31:05,430 --> 00:31:02,640

actually want us to know

863

00:31:07,110 --> 00:31:05,440

um when it comes down to it there's 100

864

00:31:09,590 --> 00:31:07,120

there's over 100 other countries that

865

00:31:11,269 --> 00:31:09,600

are starting up a space program 23 of

866

00:31:13,750 --> 00:31:11,279

those countries are slated to go to the

867

00:31:16,950 --> 00:31:13,760

moon with that many countries now

868

00:31:18,870 --> 00:31:16,960

starting actual space programs

869

00:31:20,950 --> 00:31:18,880

i think that that's probably more the

870

00:31:22,389 --> 00:31:20,960

catalyst of uh

871

00:31:24,389 --> 00:31:22,399

why they're needing to get more of this

872

00:31:26,070 --> 00:31:24,399

information out faster

873

00:31:28,950 --> 00:31:26,080

and i mean there could also be something

874

00:31:31,029 --> 00:31:28,960

that we have no idea about and uh

875

00:31:33,430 --> 00:31:31,039

the idea that there's another race of

876

00:31:35,830 --> 00:31:33,440

beings living on our planet with us

877

00:31:37,590 --> 00:31:35,840

is not very far-fetched i mean we've

878

00:31:39,029 --> 00:31:37,600

already figured out there's water deep

879

00:31:41,590 --> 00:31:39,039

below

880

00:31:43,590 --> 00:31:41,600

that that giant borehole that russia

881

00:31:45,909 --> 00:31:43,600

made we figured out through that that

882

00:31:48,630 --> 00:31:45,919

there's literally an ocean underneath

883

00:31:49,909 --> 00:31:48,640

the dam the damn crust which we never

884

00:31:52,470 --> 00:31:49,919

knew was there

885

00:31:54,870 --> 00:31:52,480

you know there literally could be

886

00:31:57,110 --> 00:31:54,880

an entire civilization underneath our

887

00:31:59,509 --> 00:31:57,120

crust we we've never been there we don't

888

00:32:00,950 --> 00:31:59,519

know what's really actually there

889

00:32:03,350 --> 00:32:00,960

so i mean they could have been here the

890

00:32:04,870 --> 00:32:03,360

entire time we've been involving and

891

00:32:06,549 --> 00:32:04,880

just like you know petted us on the head

892

00:32:07,590 --> 00:32:06,559

oh that's a good monkey you're doing so

893

00:32:08,549 --> 00:32:07,600

good

894

00:32:10,630 --> 00:32:08,559

you know

895

00:32:13,430 --> 00:32:10,640

i mean but when it comes down to it

896

00:32:15,909 --> 00:32:13,440

people still have to realize that

897

00:32:18,549 --> 00:32:15,919

they can't see us as equals if they were

898

00:32:19,269 --> 00:32:18,559

already developed before we even started

899

00:32:21,750 --> 00:32:19,279

to

900

00:32:23,509 --> 00:32:21,760

even you know when we were beating each

901
00:32:25,190 --> 00:32:23,519
other with rocks and eating meat raw

902
00:32:26,710 --> 00:32:25,200
because we couldn't start a fire you

903
00:32:28,310 --> 00:32:26,720
know

904
00:32:31,669 --> 00:32:28,320
there's no way in hell they're gonna

905
00:32:33,750 --> 00:32:31,679
treat us any like as equals so

906
00:32:35,350 --> 00:32:33,760
keep that in mind

907
00:32:36,789 --> 00:32:35,360
and i suppose when you say that that

908
00:32:38,389 --> 00:32:36,799
makes me think a little bit about

909
00:32:40,149 --> 00:32:38,399
someone like tom delong who i know he's

910
00:32:42,389 --> 00:32:40,159
a divisive figure still and he makes a

911
00:32:43,990 --> 00:32:42,399
lot of outrageous comments but he talks

912
00:32:45,110 --> 00:32:44,000
about a disturbing aspect to the

913
00:32:47,830 --> 00:32:45,120

phenomena

914

00:32:49,509 --> 00:32:47,840

and is that something that you know

915

00:32:51,909 --> 00:32:49,519

potentially

916

00:32:54,310 --> 00:32:51,919

he's getting at um

917

00:32:57,110 --> 00:32:54,320

gary i think with him being the owner of

918

00:33:00,149 --> 00:32:57,120

that company uh you know and

919

00:33:02,549 --> 00:33:00,159

the one view that i have about lou

920

00:33:03,669 --> 00:33:02,559

is you know kind of some some to sum it

921

00:33:05,190 --> 00:33:03,679

up is

922

00:33:06,470 --> 00:33:05,200

that

923

00:33:08,549 --> 00:33:06,480

he doesn't

924

00:33:11,350 --> 00:33:08,559

want to know what it is he already knows

925

00:33:13,830 --> 00:33:11,360

what it is and because of his

926
00:33:14,950 --> 00:33:13,840
ties with his prior jobs just like all

927
00:33:15,909 --> 00:33:14,960
of us

928
00:33:17,590 --> 00:33:15,919
you know

929
00:33:20,470 --> 00:33:17,600
i can't tell you

930
00:33:22,470 --> 00:33:20,480
the exact range of spy one bravo radar

931
00:33:23,830 --> 00:33:22,480
but you know i can tell you what we

932
00:33:24,870 --> 00:33:23,840
can't do

933
00:33:26,950 --> 00:33:24,880
i can

934
00:33:29,830 --> 00:33:26,960
you know lead you to the water but i

935
00:33:33,750 --> 00:33:29,840
can't force you to drink it you know i

936
00:33:34,710 --> 00:33:33,760
mean we all know for a fact that there's

937
00:33:37,190 --> 00:33:34,720
craft

938
00:33:39,430 --> 00:33:37,200

that enter our atmosphere that can do

939

00:33:41,509 --> 00:33:39,440

mach 20 25 plus

940

00:33:44,470 --> 00:33:41,519

that have no wings

941

00:33:45,190 --> 00:33:44,480

that have no discernible engines

942

00:33:48,230 --> 00:33:45,200

that

943

00:33:51,269 --> 00:33:48,240

somehow can maneuver on a dime at any

944

00:33:54,230 --> 00:33:51,279

angle speed or you know any vector at

945

00:33:55,909 --> 00:33:54,240

all uh you know that

946

00:33:57,830 --> 00:33:55,919

in itself

947

00:34:00,149 --> 00:33:57,840

should be amazing enough that should be

948

00:34:01,669 --> 00:34:00,159

literally enough to say yeah let's let's

949

00:34:03,750 --> 00:34:01,679

let's get some people on this uh you

950

00:34:05,350 --> 00:34:03,760

know wow you know

951
00:34:07,110 --> 00:34:05,360
and it's for as many people they

952
00:34:09,829 --> 00:34:07,120
actually have

953
00:34:12,710 --> 00:34:09,839
credible backgrounds uh that have

954
00:34:15,109 --> 00:34:12,720
credibility that have seen these things

955
00:34:16,389 --> 00:34:15,119
just the empirical evidence alone

956
00:34:19,349 --> 00:34:16,399
should have already

957
00:34:22,069 --> 00:34:19,359
lent to the scientific communities so

958
00:34:23,589 --> 00:34:22,079
that denotes that there has been an

959
00:34:27,030 --> 00:34:23,599
active

960
00:34:29,349 --> 00:34:27,040
measure of trying to keep this all under

961
00:34:30,710 --> 00:34:29,359
wraps uh you know there's no way in hell

962
00:34:33,190 --> 00:34:30,720
you can tell me that the empirical

963
00:34:35,589 --> 00:34:33,200

evidence that there is out there now is

964

00:34:37,349 --> 00:34:35,599

not enough to base any type of science

965

00:34:38,550 --> 00:34:37,359

on i mean

966

00:34:40,310 --> 00:34:38,560

look at some of the

967

00:34:42,230 --> 00:34:40,320

whacked out science that they've already

968

00:34:45,829 --> 00:34:42,240

done that it's okay because it has

969

00:34:47,430 --> 00:34:45,839

nothing to do with something that's big

970

00:34:48,790 --> 00:34:47,440

can i just go right back to almost one

971

00:34:50,550 --> 00:34:48,800

of your first comments you made on this

972

00:34:52,230 --> 00:34:50,560

as well because at first it sounded

973

00:34:53,510 --> 00:34:52,240

almost dismissive but you've made a

974

00:34:56,069 --> 00:34:53,520

really great point off the back of it

975

00:34:57,829 --> 00:34:56,079

regarding the uap task force that it's

976

00:34:59,589 --> 00:34:57,839

about going to be potentially new if

977

00:35:01,270 --> 00:34:59,599

you're a bit of a dog and pony show but

978

00:35:02,790 --> 00:35:01,280

then you mentioned that we've got 23

979

00:35:04,230 --> 00:35:02,800

other countries potentially planning on

980

00:35:06,310 --> 00:35:04,240

going to the moon

981

00:35:08,069 --> 00:35:06,320

do you mean the idea that they want to

982

00:35:09,670 --> 00:35:08,079

control the narrative as in the us

983

00:35:11,589 --> 00:35:09,680

government or the uap task force do

984

00:35:13,829 --> 00:35:11,599

because these other countries are going

985

00:35:14,790 --> 00:35:13,839

to go into space and then start to see

986

00:35:17,109 --> 00:35:14,800

things

987

00:35:20,710 --> 00:35:17,119

that we can't guarantee they keep under

988

00:35:24,390 --> 00:35:22,069

uh what it means basically yeah

989

00:35:25,910 --> 00:35:24,400

basically these all these countries

990

00:35:26,950 --> 00:35:25,920

can't be guaranteed that they're going

991

00:35:30,470 --> 00:35:26,960

to say

992

00:35:32,230 --> 00:35:30,480

what the what our government wants them

993

00:35:34,470 --> 00:35:32,240

to say or what the collective of

994

00:35:37,589 --> 00:35:34,480

governments that can go

995

00:35:40,150 --> 00:35:37,599

into space will say you know i mean

996

00:35:41,510 --> 00:35:40,160

when it comes down to it if

997

00:35:43,270 --> 00:35:41,520

they don't control the narrative they

998

00:35:45,349 --> 00:35:43,280

got to make sure at least they're

999

00:35:47,589 --> 00:35:45,359

controlling the storyline as it goes so

1000

00:35:50,069 --> 00:35:47,599

if we already know about it hey no big

1001
00:35:52,390 --> 00:35:50,079
deal that you know estonia decided that

1002
00:35:54,069 --> 00:35:52,400
they put up a satellite and then saw

1003
00:35:55,430 --> 00:35:54,079
literally something docked with it or

1004
00:35:56,550 --> 00:35:55,440
something and then they

1005
00:35:59,589 --> 00:35:56,560
said hey

1006
00:36:01,349 --> 00:35:59,599
yeah so this happened

1007
00:36:02,790 --> 00:36:01,359
all of a sudden we don't we don't we

1008
00:36:04,790 --> 00:36:02,800
don't know what's up anymore and we're

1009
00:36:08,310 --> 00:36:04,800
not the ones on top of things and

1010
00:36:08,320 --> 00:36:14,069
i'll go ahead sorry i jumped on you

1011
00:36:17,990 --> 00:36:16,069
yeah hey andy uh my

1012
00:36:19,190 --> 00:36:18,000
my uh thoughts on the task force are

1013
00:36:21,109 --> 00:36:19,200

this um

1014

00:36:22,630 --> 00:36:21,119

and i'll i'll just make this my my

1015

00:36:24,150 --> 00:36:22,640

public announcement to the members of

1016

00:36:25,190 --> 00:36:24,160

the task force senator rubio and all

1017

00:36:27,270 --> 00:36:25,200

those guys

1018

00:36:28,710 --> 00:36:27,280

if you guys are serious about finding

1019

00:36:29,990 --> 00:36:28,720

these things and understanding what it

1020

00:36:32,230 --> 00:36:30,000

is then you might want to consider

1021

00:36:34,230 --> 00:36:32,240

helping to fund our expeditions

1022

00:36:35,589 --> 00:36:34,240

because we have a whole bunch of really

1023

00:36:37,670 --> 00:36:35,599

smart people

1024

00:36:39,430 --> 00:36:37,680

lined up to go on these ships with a

1025

00:36:41,109 --> 00:36:39,440

really

1026
00:36:43,750 --> 00:36:41,119
full lined up of new technologies and

1027
00:36:45,510 --> 00:36:43,760
some of them are still under development

1028
00:36:46,950 --> 00:36:45,520
and we're ready to go we're just we need

1029
00:36:48,870 --> 00:36:46,960
funding we need a little bit of money

1030
00:36:50,150 --> 00:36:48,880
and unfortunately it's not that much

1031
00:36:51,990 --> 00:36:50,160
money that we need none of us are

1032
00:36:53,589 --> 00:36:52,000
getting paid none of us ever hope to get

1033
00:36:55,750 --> 00:36:53,599
paid doing this

1034
00:36:58,069 --> 00:36:55,760
it's strictly for logistics all of our

1035
00:36:59,750 --> 00:36:58,079
funding requirements and any

1036
00:37:01,589 --> 00:36:59,760
any other requirements that we have it's

1037
00:37:04,069 --> 00:37:01,599
not to you know we're not doing this to

1038
00:37:06,150 --> 00:37:04,079

pay people

1039

00:37:08,069 --> 00:37:06,160

and kevin listen it's a great timing

1040

00:37:10,230 --> 00:37:08,079

because my next question is asking

1041

00:37:13,109 --> 00:37:10,240

yourself to talk a little on uepx and

1042

00:37:16,470 --> 00:37:13,119

its status now uapx my last conversation

1043

00:37:19,109 --> 00:37:16,480

about it was with gary back in april

1044

00:37:22,230 --> 00:37:19,119

april early may um and we talked about

1045

00:37:24,390 --> 00:37:22,240

uapx starting up and obviously covin's

1046

00:37:26,150 --> 00:37:24,400

been around and it's here we are four

1047

00:37:28,150 --> 00:37:26,160

months later and it's still doing the

1048

00:37:30,470 --> 00:37:28,160

rounds unfortunately regardless what

1049

00:37:33,190 --> 00:37:30,480

people want to think about it uh where

1050

00:37:34,950 --> 00:37:33,200

are you apx as a company at and what are

1051

00:37:38,230 --> 00:37:34,960

the plans what's the kind of status of

1052

00:37:40,630 --> 00:37:38,240

it go ahead gary uh build that and i'll

1053

00:37:43,190 --> 00:37:40,640

fill in some some cracks and stuff

1054

00:37:44,790 --> 00:37:43,200

no you don't mind all right so primary

1055

00:37:48,390 --> 00:37:44,800

reason why i'm gonna be filling this in

1056

00:37:49,829 --> 00:37:48,400

is because uh due to kevin having a lot

1057

00:37:52,150 --> 00:37:49,839

of personal things going on with the

1058

00:37:53,349 --> 00:37:52,160

fire and the uh uh you know their golf

1059

00:37:55,030 --> 00:37:53,359

course and

1060

00:37:56,790 --> 00:37:55,040

you know he's he's had to spend a lot of

1061

00:37:58,630 --> 00:37:56,800

time in his personal life where i've

1062

00:38:00,470 --> 00:37:58,640

kind of taken the reins up to take care

1063

00:38:03,270 --> 00:38:00,480

of the day-to-day stuff

1064

00:38:05,270 --> 00:38:03,280

um so currently we did a restructuring

1065

00:38:08,870 --> 00:38:05,280

since the last time we talked

1066

00:38:10,710 --> 00:38:08,880

uh we've uh kind of

1067

00:38:13,270 --> 00:38:10,720

you know kind of had to streamline it

1068

00:38:14,069 --> 00:38:13,280

due to budget restraints uh versus you

1069

00:38:16,950 --> 00:38:14,079

know

1070

00:38:19,270 --> 00:38:16,960

uh what what because like i said our

1071

00:38:20,710 --> 00:38:19,280

whole priority is just for just to go

1072

00:38:23,670 --> 00:38:20,720

out and do this research off the coast

1073

00:38:26,390 --> 00:38:23,680

of san diego so i with that in mind i

1074

00:38:28,470 --> 00:38:26,400

had to look at our staff and we had to

1075

00:38:31,510 --> 00:38:28,480

look at the people that were involved

1076

00:38:33,589 --> 00:38:31,520

with the company and you know say okay

1077

00:38:36,390 --> 00:38:33,599

you know is this person

1078

00:38:37,990 --> 00:38:36,400

really viable for this mission and it

1079

00:38:40,230 --> 00:38:38,000

had nothing to do personally whether

1080

00:38:42,310 --> 00:38:40,240

they were viable in any other capacity

1081

00:38:43,349 --> 00:38:42,320

it was just i had to look at just our

1082

00:38:47,030 --> 00:38:43,359

mission

1083

00:38:49,109 --> 00:38:47,040

particular task we're probably going to

1084

00:38:50,950 --> 00:38:49,119

have about enough money to get about 15

1085

00:38:52,790 --> 00:38:50,960

people out on this boat

1086

00:38:54,630 --> 00:38:52,800

and that's so that we can maximize the

1087

00:38:57,349 --> 00:38:54,640

amount of money for our testing

1088

00:38:59,109 --> 00:38:57,359

equipment uh for budget for things so

1089

00:39:01,910 --> 00:38:59,119

that we can actually

1090

00:39:05,030 --> 00:39:01,920

get the detailed information that we

1091

00:39:07,109 --> 00:39:05,040

want to out there and i know last time i

1092

00:39:09,430 --> 00:39:07,119

spoke about how you know we plan on

1093

00:39:11,910 --> 00:39:09,440

getting ridiculous amounts of

1094

00:39:13,670 --> 00:39:11,920

information and we do and there's a lot

1095

00:39:15,270 --> 00:39:13,680

of groundwork that has to be laid to get

1096

00:39:17,430 --> 00:39:15,280

that because we have to be able to set

1097

00:39:19,510 --> 00:39:17,440

parameters so that we're not

1098

00:39:22,069 --> 00:39:19,520

wasting a lot of time on information

1099

00:39:24,870 --> 00:39:22,079

that's already been gathered by national

1100

00:39:27,510 --> 00:39:24,880

organizations or other other or the

1101
00:39:29,190 --> 00:39:27,520
other private entities that make their

1102
00:39:30,630 --> 00:39:29,200
findings public

1103
00:39:32,630 --> 00:39:30,640
um so

1104
00:39:35,109 --> 00:39:32,640
we've been utilizing a lot of the time

1105
00:39:37,910 --> 00:39:35,119
this go covet down time

1106
00:39:39,190 --> 00:39:37,920
to do that restructuring and you know

1107
00:39:41,190 --> 00:39:39,200
currently

1108
00:39:44,069 --> 00:39:41,200
we're doing a lot of emailing back and

1109
00:39:45,990 --> 00:39:44,079
forth and you know it's a very

1110
00:39:47,750 --> 00:39:46,000
pish-posh kind of way of trying to get

1111
00:39:50,550 --> 00:39:47,760
all this stuff done so

1112
00:39:53,109 --> 00:39:50,560
uh right now i'm getting us on board

1113
00:39:55,910 --> 00:39:53,119

with uh the google suite so that we can

1114

00:39:57,990 --> 00:39:55,920

utilize a lot of that management and we

1115

00:40:03,030 --> 00:39:58,000

can start working on the same project at

1116

00:40:09,589 --> 00:40:06,630

start to actually get more done without

1117

00:40:13,829 --> 00:40:11,430

you know keep waiting for an email to

1118

00:40:15,510 --> 00:40:13,839

come back or waiting for a response you

1119

00:40:17,589 --> 00:40:15,520

know people can just go in and check on

1120

00:40:19,109 --> 00:40:17,599

the project add what they have to add

1121

00:40:21,430 --> 00:40:19,119

and then move on

1122

00:40:24,309 --> 00:40:21,440

and once we get that done that's going

1123

00:40:26,630 --> 00:40:24,319

to be a big mile marker for us because

1124

00:40:28,630 --> 00:40:26,640

then that that brings our productivity

1125

00:40:30,950 --> 00:40:28,640

to a ridiculous level

1126
00:40:32,470 --> 00:40:30,960
and then i'm hoping by the end of the

1127
00:40:35,190 --> 00:40:32,480
month to have

1128
00:40:37,910 --> 00:40:35,200
our website complete with our patreon

1129
00:40:39,750 --> 00:40:37,920
and with our uh with forums which people

1130
00:40:41,510 --> 00:40:39,760
will be able to interact with us on on a

1131
00:40:43,750 --> 00:40:41,520
more personal basis

1132
00:40:46,390 --> 00:40:43,760
uh the four uh our patreons will have

1133
00:40:48,150 --> 00:40:46,400
access to a patreon only forum which

1134
00:40:49,990 --> 00:40:48,160
then they can they can actually get

1135
00:40:52,470 --> 00:40:50,000
one-on-one with with

1136
00:40:54,790 --> 00:40:52,480
practically anybody they want because

1137
00:40:57,510 --> 00:40:54,800
uh you know all of us will be active on

1138
00:40:59,510 --> 00:40:57,520

those forums uh talking back and forth

1139

00:41:01,109 --> 00:40:59,520

you know it's a way for the public to

1140

00:41:03,829 --> 00:41:01,119

interact with us and you know give us

1141

00:41:05,349 --> 00:41:03,839

their ideas comments and you know you

1142

00:41:07,109 --> 00:41:05,359

never know where the next great idea is

1143

00:41:09,349 --> 00:41:07,119

going to come from so

1144

00:41:12,870 --> 00:41:09,359

um then those forums are eventually

1145

00:41:15,349 --> 00:41:12,880

going to roll into my uh my uh

1146

00:41:17,670 --> 00:41:15,359

archives idea that uh we were tr i was

1147

00:41:19,270 --> 00:41:17,680

trying to roll out a little earlier but

1148

00:41:21,829 --> 00:41:19,280

once i had to do the start doing the

1149

00:41:25,109 --> 00:41:21,839

day-to-day with uapx i kind of had to

1150

00:41:27,990 --> 00:41:25,119

push that back uh but i still plan on

1151

00:41:30,630 --> 00:41:28,000

doing that aspect of our company too but

1152

00:41:32,309 --> 00:41:30,640

you know one project at a time

1153

00:41:35,430 --> 00:41:32,319

got a little too ambitious for my own

1154

00:41:37,670 --> 00:41:35,440

for my own good uh but uh right now

1155

00:41:40,150 --> 00:41:37,680

we're uh we're working on getting uh

1156

00:41:43,750 --> 00:41:40,160

grants through some through particular

1157

00:41:46,710 --> 00:41:43,760

college uh we've written up a grant

1158

00:41:48,550 --> 00:41:46,720

and a proposal and uh

1159

00:41:50,309 --> 00:41:48,560

i can't really comment on any of who

1160

00:41:52,630 --> 00:41:50,319

where or what and you know hopefully

1161

00:41:54,870 --> 00:41:52,640

that goes through where uh we've uh

1162

00:41:57,670 --> 00:41:54,880

already set up a paypal account so

1163

00:41:59,510 --> 00:41:57,680

people can start to donate to the cause

1164

00:42:01,109 --> 00:41:59,520

um hopefully by the end of the month

1165

00:42:02,870 --> 00:42:01,119

we'll have some uh some t-shirts that

1166

00:42:04,790 --> 00:42:02,880

people can buy saying you know

1167

00:42:08,069 --> 00:42:04,800

everything from you know just our logo

1168

00:42:10,630 --> 00:42:08,079

to you know i support the i support

1169

00:42:12,230 --> 00:42:10,640

you know you apx type stuff

1170

00:42:13,829 --> 00:42:12,240

at first it'll be kind of some simple

1171

00:42:15,349 --> 00:42:13,839

logos but uh

1172

00:42:17,589 --> 00:42:15,359

we'll eventually have some some more

1173

00:42:19,190 --> 00:42:17,599

trendy stuff on there uh it's mostly

1174

00:42:21,510 --> 00:42:19,200

just to try to get that store up and

1175

00:42:23,190 --> 00:42:21,520

running uh get the infrastructure done

1176
00:42:25,829 --> 00:42:23,200
and then we're gonna move from there

1177
00:42:27,990 --> 00:42:25,839
um but i figured within the next

1178
00:42:30,230 --> 00:42:28,000
three months tops we should have the

1179
00:42:31,670 --> 00:42:30,240
complete infrastructure of uapx

1180
00:42:34,950 --> 00:42:31,680
completely done

1181
00:42:36,710 --> 00:42:34,960
um all everything up and running smooth

1182
00:42:39,349 --> 00:42:36,720
like butter and uh

1183
00:42:41,030 --> 00:42:39,359
from there basically by the end of this

1184
00:42:43,349 --> 00:42:41,040
the end of this year i'm kind of hoping

1185
00:42:45,670 --> 00:42:43,359
that we could basically go anytime we

1186
00:42:47,109 --> 00:42:45,680
have enough money to actually go

1187
00:42:49,030 --> 00:42:47,119
basically that's where i want to get us

1188
00:42:50,870 --> 00:42:49,040

to the point where basically

1189

00:42:52,950 --> 00:42:50,880

as soon as we get the money we're out

1190

00:42:55,030 --> 00:42:52,960

the door

1191

00:42:56,150 --> 00:42:55,040

and when you look at the uapx site at

1192

00:42:57,990 --> 00:42:56,160

the moment it's got that mission

1193

00:42:59,589 --> 00:42:58,000

statement on there and the thing that

1194

00:43:00,870 --> 00:42:59,599

stands out to me is very much there's a

1195

00:43:02,790 --> 00:43:00,880

correlation

1196

00:43:05,349 --> 00:43:02,800

between that it talks about whale

1197

00:43:08,470 --> 00:43:05,359

migrations and that mid november time of

1198

00:43:11,270 --> 00:43:08,480

year and you do still hope to see

1199

00:43:12,950 --> 00:43:11,280

that you can find uaps

1200

00:43:15,030 --> 00:43:12,960

in a certain area at that time of year

1201

00:43:17,670 --> 00:43:15,040

is that still the thinking

1202

00:43:20,150 --> 00:43:17,680

well after we did a lot of research uh

1203

00:43:22,630 --> 00:43:20,160

you know from you know historical data

1204

00:43:24,069 --> 00:43:22,640

in that area looking at uh i don't think

1205

00:43:25,190 --> 00:43:24,079

it really matters what time we go

1206

00:43:27,030 --> 00:43:25,200

because

1207

00:43:30,150 --> 00:43:27,040

there's been sightings year-round in

1208

00:43:32,230 --> 00:43:30,160

that area it's a literal hot spot i mean

1209

00:43:34,550 --> 00:43:32,240

it's people seeing them in the winter in

1210

00:43:38,150 --> 00:43:34,560

the summer in the fall every month i

1211

00:43:41,109 --> 00:43:38,160

think there's been at least one sighting

1212

00:43:43,190 --> 00:43:41,119

every day of the year

1213

00:43:45,190 --> 00:43:43,200

somewhere around that area in the

1214

00:43:47,510 --> 00:43:45,200

catalinas or off the coast or down

1215

00:43:48,870 --> 00:43:47,520

toward more closer to baja but that

1216

00:43:50,470 --> 00:43:48,880

whole area

1217

00:43:51,750 --> 00:43:50,480

every single day people are seeing

1218

00:43:53,589 --> 00:43:51,760

things

1219

00:43:56,230 --> 00:43:53,599

so that's been the case

1220

00:43:58,069 --> 00:43:56,240

for years yeah for years now yeah and i

1221

00:44:00,069 --> 00:43:58,079

mean we have at least 100 years of

1222

00:44:02,390 --> 00:44:00,079

historical data for that area that that

1223

00:44:04,630 --> 00:44:02,400

just denotes that i mean there's there's

1224

00:44:05,990 --> 00:44:04,640

some people that have told me that they

1225

00:44:07,670 --> 00:44:06,000

could bring you out every day of the

1226

00:44:09,430 --> 00:44:07,680

week and show you something

1227

00:44:10,550 --> 00:44:09,440

now granted what what kind of phenomenon

1228

00:44:12,069 --> 00:44:10,560

they're actually going to come out to

1229

00:44:14,550 --> 00:44:12,079

come out and show us

1230

00:44:17,270 --> 00:44:14,560

you know i mean they could be

1231

00:44:19,030 --> 00:44:17,280

i have no idea but

1232

00:44:20,950 --> 00:44:19,040

we hope that

1233

00:44:23,589 --> 00:44:20,960

we're going to get some some good data

1234

00:44:26,230 --> 00:44:23,599

but worst case scenario we can do a

1235

00:44:27,349 --> 00:44:26,240

thorough analyzation you know analyze

1236

00:44:31,190 --> 00:44:27,359

this area

1237

00:44:32,870 --> 00:44:31,200

so thoroughly that we are be able to

1238

00:44:34,150 --> 00:44:32,880

know the differences between you know

1239

00:44:36,069 --> 00:44:34,160

because this will be the first time that

1240

00:44:37,990 --> 00:44:36,079

we go out

1241

00:44:39,510 --> 00:44:38,000

and this is going to be a lifelong

1242

00:44:41,430 --> 00:44:39,520

venture we're going to have to study

1243

00:44:43,430 --> 00:44:41,440

this area over and over and over again

1244

00:44:45,910 --> 00:44:43,440

so that we can compare

1245

00:44:48,230 --> 00:44:45,920

original data to current data to you

1246

00:44:50,790 --> 00:44:48,240

know and keep going on and then have a

1247

00:44:53,270 --> 00:44:50,800

historical data of that area of you know

1248

00:44:55,750 --> 00:44:53,280

temperatures migrations of animals what

1249

00:44:57,270 --> 00:44:55,760

type of plant fauna plants and animals

1250

00:44:59,750 --> 00:44:57,280

that live there

1251
00:45:02,550 --> 00:44:59,760
how many of them can affect frequent

1252
00:45:04,230 --> 00:45:02,560
different frequencies

1253
00:45:06,630 --> 00:45:04,240
what kind of radio stations are out

1254
00:45:09,349 --> 00:45:06,640
there what kind of people are out there

1255
00:45:11,190 --> 00:45:09,359
uh you know what kind of uh

1256
00:45:12,150 --> 00:45:11,200
all the projects that are done in that

1257
00:45:13,430 --> 00:45:12,160
area because there's a lot of

1258
00:45:15,190 --> 00:45:13,440
government-ish

1259
00:45:16,790 --> 00:45:15,200
government testing that goes out that

1260
00:45:18,550 --> 00:45:16,800
way when i talk about when i say

1261
00:45:21,670 --> 00:45:18,560
government testing i'm thinking radar

1262
00:45:23,510 --> 00:45:21,680
systems sonar systems uh missile control

1263
00:45:25,430 --> 00:45:23,520

systems you know things like that you

1264

00:45:27,589 --> 00:45:25,440

know these are the benign stuff that

1265

00:45:29,670 --> 00:45:27,599

none of us are interested in but they

1266

00:45:30,630 --> 00:45:29,680

all use frequencies in some way shape or

1267

00:45:33,190 --> 00:45:30,640

form

1268

00:45:36,309 --> 00:45:33,200

they all use uh

1269

00:45:38,069 --> 00:45:36,319

they all affect that area in some way

1270

00:45:39,990 --> 00:45:38,079

and basically we don't want to we don't

1271

00:45:41,589 --> 00:45:40,000

want to leave any stone unturned when we

1272

00:45:44,150 --> 00:45:41,599

when we look at that when we look at

1273

00:45:46,390 --> 00:45:44,160

that area we want to know uh how much

1274

00:45:48,950 --> 00:45:46,400

radiation is you know if there's any

1275

00:45:51,030 --> 00:45:48,960

radio radiation hot spots of any type of

1276

00:45:53,430 --> 00:45:51,040

radiation whether it's you know

1277

00:45:55,910 --> 00:45:53,440

gamma beta alpha you know all i mean

1278

00:45:57,630 --> 00:45:55,920

some of these radiations only last for

1279

00:46:00,710 --> 00:45:57,640

you know they're they're very very

1280

00:46:02,630 --> 00:46:00,720

insubstantial by themselves unless

1281

00:46:04,550 --> 00:46:02,640

there's a source emitting them at the

1282

00:46:06,390 --> 00:46:04,560

time you know so if we're getting big

1283

00:46:08,309 --> 00:46:06,400

hot spots of these types of radiations

1284

00:46:09,990 --> 00:46:08,319

well what the hell's causing it you know

1285

00:46:11,589 --> 00:46:10,000

i mean these are all indications that

1286

00:46:13,109 --> 00:46:11,599

we're going to be able to try hopefully

1287

00:46:14,710 --> 00:46:13,119

track find and

1288

00:46:16,390 --> 00:46:14,720

you know

1289

00:46:18,069 --> 00:46:16,400

keep doing more research on it and then

1290

00:46:20,550 --> 00:46:18,079

the best thing that could happen is we

1291

00:46:21,190 --> 00:46:20,560

can actually catch them and find them

1292

00:46:25,910 --> 00:46:21,200

and

1293

00:46:27,829 --> 00:46:25,920

of data that we had in the service

1294

00:46:29,670 --> 00:46:27,839

that would be absolutely amazing and

1295

00:46:31,589 --> 00:46:29,680

that's the ultimate goal but it's just

1296

00:46:33,270 --> 00:46:31,599

going to take time

1297

00:46:34,550 --> 00:46:33,280

i'll make sure the links again are for

1298

00:46:35,829 --> 00:46:34,560

the paypal as well because i'm really

1299

00:46:37,270 --> 00:46:35,839

1322

00:48:34,370 --> 00:48:13,240

[Music]

1323

00:48:49,010 --> 00:48:34,380

because that doesn't really scare me

1324

00:49:00,870 --> 00:48:54,410

[Music]

1325

00:49:08,090 --> 00:49:03,030

consider your heart consider time

1326

00:49:30,950 --> 00:49:21,260

[Music]

1327

00:49:42,070 --> 00:49:30,960

it wasn't a tic tac and not quite a

1328

00:49:53,560 --> 00:49:51,670

[Music]

1329

00:50:02,700 --> 00:49:53,570

1330

00:50:02,710 --> 00:50:17,750

1332

00:50:48,069 --> 00:50:29,990

[Music]

1333

00:50:52,230 --> 00:50:50,549

fixing a small wind farm to your roof is

1334

00:50:53,990 --> 00:50:52,240

one change you could make to be more

1335

00:50:56,309 --> 00:50:54,000

sustainable

1336

00:50:58,390 --> 00:50:56,319

fixing a broken chair instead of buying

1337

00:51:01,270 --> 00:50:58,400

a new one is another change you could

1338

00:51:04,390 --> 00:51:01,280

make to be more sustainable once hard
