11
00:01:28,870 --> 00:01:27,119
and the new tremor even allows you to

12
00:01:30,630 --> 00:01:28,880
customize your trim overall through

13
00:01:32,710 --> 00:01:30,640

oh my gosh they're all going against the

41

00:02:45,270 --> 00:02:42,630

it was basically a cube with inside of

42

00:02:49,100 --> 00:02:45,280

sphere where the points of the cube

43

00:02:59,370 --> 00:02:49,110

were touching outside of sphere

44

00:03:03,430 --> 00:03:00,840

[Music]

00:03:05,030 --> 00:03:03,440

mention the wireless charging the new

i am george knapp listening to that ufo

89

00:04:55,350 --> 00:04:53,440

podcast and having one hell of a good

90

00:04:57,749 --> 00:04:55,360

time

91

00:04:59,990 --> 00:04:57,759

hi everyone and welcome back to that ufo

92

00:05:01,909 --> 00:05:00,000

podcast my name is andy and i'd like to

93

00:05:03,749 --> 00:05:01,919

welcome dan with me for this one how are

94

00:05:05,189 --> 00:05:03,759

you doing daniel okay i'm great thank

95

00:05:07,029 --> 00:05:05,199

you very much how are you

96

00:05:09,430 --> 00:05:07,039

yeah i am not bad good to get this one

97

00:05:11,029 --> 00:05:09,440

recorded finally um since the listener

98

00:05:14,150 --> 00:05:11,039

submissions have been sitting in my

99

00:05:16,390 --> 00:05:14,160

patreon inbox or on the patreon page

100

00:05:17,110 --> 00:05:16,400

since about the 10th of july on this one

101
00:05:21,830 --> 00:05:17,120
so

102
00:05:23,189 --> 00:05:21,840
quality uh quality ones from them oh

103
00:05:24,710 --> 00:05:23,199
there's some really good stuff on there

104
00:05:26,469 --> 00:05:24,720
um so hopefully i've managed to get

105
00:05:27,909 --> 00:05:26,479
everyone's and i checked the emails and

106
00:05:30,150 --> 00:05:27,919
stuff and i know they came from all over

107
00:05:31,830 --> 00:05:30,160
but if you've dm them or sent them on

108
00:05:34,150 --> 00:05:31,840
instagram or facebook then i might have

109
00:05:36,230 --> 00:05:34,160
missed it because i struggle to keep up

110
00:05:37,590 --> 00:05:36,240
it really has to be email or on the the

111
00:05:39,670 --> 00:05:37,600
patreon page because i think i made that

112
00:05:41,670 --> 00:05:39,680
one public it's just really easy to keep

113
00:05:43,749 --> 00:05:41,680

them all in one place but yeah it's good

114

00:05:45,670 --> 00:05:43,759

to get this one finally recorded before

115

00:05:47,350 --> 00:05:45,680

we get into it though and what the show

116

00:05:48,629 --> 00:05:47,360

is all about i just want to start by

117

00:05:50,150 --> 00:05:48,639

giving a shout out to a couple of

118

00:05:52,390 --> 00:05:50,160

listeners who are going through some

119

00:05:54,310 --> 00:05:52,400

medical stuff just now and so derek and

120

00:05:56,150 --> 00:05:54,320

randall and all the best from myself and

121

00:05:58,070 --> 00:05:56,160

dan from the podcast keep your chins up

122

00:05:59,749 --> 00:05:58,080

whatever you are with things and and we

123

00:06:01,029 --> 00:05:59,759

do wish you all the best and and you

124

00:06:01,749 --> 00:06:01,039

know what you're going through just now

125

00:06:06,070 --> 00:06:01,759

so

126

00:06:07,430 --> 00:06:06,080

it's good to hear from you guys as well

127

00:06:09,029 --> 00:06:07,440

when you get in touch and that goes for

128

00:06:10,309 --> 00:06:09,039

anyone out there who if you're listening

129

00:06:11,749 --> 00:06:10,319

to the podcast and it's getting you

130

00:06:13,830 --> 00:06:11,759

through something which people get in

131

00:06:16,390 --> 00:06:13,840

touch with me and tell us all kinds of

132

00:06:18,550 --> 00:06:16,400

stuff then great glad you enjoy it and

133

00:06:20,390 --> 00:06:18,560

um again i'm sorry dan's here but it's

134

00:06:22,309 --> 00:06:20,400

just someone to bounce off so

135

00:06:24,150 --> 00:06:22,319

um i hope i can kind of balance out that

136

00:06:26,150 --> 00:06:24,160

negativity um

137

00:06:29,029 --> 00:06:26,160

i am in the process of uploading a bit

138

00:06:31,029 --> 00:06:29,039

of a lost interview um last year almost

139

00:06:32,950 --> 00:06:31,039

like just over a year ago now i

140

00:06:36,230 --> 00:06:32,960

interviewed richard lenny who is a

141

00:06:38,150 --> 00:06:36,240

british ufologist and researcher um they

142

00:06:40,150 --> 00:06:38,160

had a lot of audio issues at the time

143

00:06:41,590 --> 00:06:40,160

and a lot of stuff was coming up and i

144

00:06:43,430 --> 00:06:41,600

was doing lots of recording and still

145

00:06:45,909 --> 00:06:43,440

finding my feet and it just kind of fell

146

00:06:47,110 --> 00:06:45,919

by the wayside at the time um that one

147

00:06:49,830 --> 00:06:47,120

i'm working on just now and it's going

148

00:06:52,230 --> 00:06:49,840

to be up on patreon tomorrow which is

149

00:06:53,990 --> 00:06:52,240

the 17th of august which is a tuesday

150

00:06:56,230 --> 00:06:54,000

and that'll just stay on there for a

151
00:06:57,749 --> 00:06:56,240
while as an exclusive to them it's over

152
00:06:59,670 --> 00:06:57,759
a year old and but there's some good

153
00:07:01,589 --> 00:06:59,680
stuff on there rich lenny talks about

154
00:07:04,150 --> 00:07:01,599
you know using different night vision

155
00:07:05,990 --> 00:07:04,160
scopes and stuff to to observe different

156
00:07:07,749 --> 00:07:06,000
objects in the sky and what you can and

157
00:07:09,189 --> 00:07:07,759
can't use and and some really

158
00:07:11,110 --> 00:07:09,199
interesting little tip bits in there as

159
00:07:13,510 --> 00:07:11,120
well a little bit of woo which is always

160
00:07:16,309 --> 00:07:13,520
um always nice to get into so that'll be

161
00:07:19,270 --> 00:07:16,319
available to apple premium and patreon

162
00:07:20,629 --> 00:07:19,280
subscribers as well eventually in the in

163
00:07:22,150 --> 00:07:20,639

the coming months it'll come out on the

164

00:07:24,070 --> 00:07:22,160

free feeds as well folks but that's just

165

00:07:25,830 --> 00:07:24,080

an older one that i'm i'm working on to

166

00:07:28,070 --> 00:07:25,840

kind of clean up and get some extra

167

00:07:29,749 --> 00:07:28,080

content thanks to everyone anyway who

168

00:07:32,230 --> 00:07:29,759

has been able to sign up and support the

169

00:07:34,230 --> 00:07:32,240

podcast as the world starts to get some

170

00:07:36,390 --> 00:07:34,240

back to some sense of normality i mean i

171

00:07:39,189 --> 00:07:36,400

say normality it's but i mean kind of

172

00:07:41,510 --> 00:07:39,199

sad as reality as kind of what it is um

173

00:07:45,110 --> 00:07:41,520

it's very much appreciated keep reaching

174

00:07:47,430 --> 00:07:45,120

out to the podcast at ufo ufouapam

175

00:07:48,950 --> 00:07:47,440

gmail.com some of your stories and

176

00:07:51,430 --> 00:07:48,960

experiences recently have been

177

00:07:53,350 --> 00:07:51,440

incredible to read coming soon i will be

178

00:07:55,510 --> 00:07:53,360

discussing on a podcast where some of

179

00:07:57,510 --> 00:07:55,520

you have asked to share your experiences

180

00:07:59,430 --> 00:07:57,520

on air or you've asked me if i could

181

00:08:02,309 --> 00:07:59,440

read them out instead so if you want to

182

00:08:03,830 --> 00:08:02,319

send over any of your own experiences

183

00:08:05,990 --> 00:08:03,840

and that would be great and it'll make

184

00:08:07,350 --> 00:08:06,000

up part of an upcoming listener calling

185

00:08:10,230 --> 00:08:07,360

as well

186

00:08:12,629 --> 00:08:10,240

dan have you got anything to add

187

00:08:15,110 --> 00:08:12,639

yeah just to say that especially if

188

00:08:17,749 --> 00:08:15,120

you're from kind of you know usa

189

00:08:19,350 --> 00:08:17,759

sightings south america and

190

00:08:20,950 --> 00:08:19,360

europe science kind of dominate the

191

00:08:22,309 --> 00:08:20,960

conversation it would be great to hear

192

00:08:23,830 --> 00:08:22,319

some stories from you know if you're

193

00:08:24,790 --> 00:08:23,840

listening from india or somewhere like

194

00:08:26,950 --> 00:08:24,800

that

195

00:08:28,710 --> 00:08:26,960

send sending your experiences

196

00:08:31,670 --> 00:08:28,720

yep and i i do see we have some

197

00:08:33,509 --> 00:08:31,680

listeners in thailand and indonesia and

198

00:08:35,269 --> 00:08:33,519

um other other parts of the world so do

199

00:08:36,949 --> 00:08:35,279

you know what if you have had an

200

00:08:39,190 --> 00:08:36,959

incident or a sighting or something like

201
00:08:40,790 --> 00:08:39,200
that get in touch it'd be good even just

202
00:08:42,630 --> 00:08:40,800
to speak to you if you haven't it's part

203
00:08:45,350 --> 00:08:42,640
the last i call and it'd be good to hear

204
00:08:47,350 --> 00:08:45,360
that voice um listen to my accent and i

205
00:08:48,550 --> 00:08:47,360
managed to host a podcast so don't worry

206
00:08:50,310 --> 00:08:48,560
about coming on and not sounding

207
00:08:51,670 --> 00:08:50,320
coherent or whatever and and i should

208
00:08:53,910 --> 00:08:51,680
say that um

209
00:08:57,190 --> 00:08:53,920
we've been uploading some audio only

210
00:09:00,230 --> 00:08:57,200
podcasts to youtube recently and the

211
00:09:02,150 --> 00:09:00,240
auto captioning uh the subtitles on them

212
00:09:03,670 --> 00:09:02,160
understand you perfectly so your accent

213
00:09:05,350 --> 00:09:03,680

if anyone complains about your accent

214

00:09:07,829 --> 00:09:05,360

youtube understands you

215

00:09:10,070 --> 00:09:07,839

yeah one star review that

216

00:09:11,670 --> 00:09:10,080

yeah anyway yeah thanks well remember to

217

00:09:13,670 --> 00:09:11,680

like and leave your review on apple

218

00:09:16,230 --> 00:09:13,680

podcast as well folks listen enough

219

00:09:18,630 --> 00:09:16,240

about that this podcast is all about

220

00:09:20,790 --> 00:09:18,640

it's one of our what-if podcasts i

221

00:09:23,190 --> 00:09:20,800

didn't steal that from marvel i told dan

222

00:09:25,509 --> 00:09:23,200

this months ago right he did it yeah no

223

00:09:27,990 --> 00:09:25,519

i didn't know there was a series called

224

00:09:29,670 --> 00:09:28,000

what if in the marvel universe right i

225

00:09:31,030 --> 00:09:29,680

didn't know this was a thing and then

226

00:09:33,670 --> 00:09:31,040

they brought it out so i think they

227

00:09:35,670 --> 00:09:33,680

ripped me off but anyway it's the day

228

00:09:37,430 --> 00:09:35,680

after disclosure so

229

00:09:38,630 --> 00:09:37,440

in conversation i was talking to dan

230

00:09:41,350 --> 00:09:38,640

about you know what do you think it

231

00:09:43,430 --> 00:09:41,360

would be like if tomorrow we get the

232

00:09:45,829 --> 00:09:43,440

stereotypical confirmation it could be

233

00:09:47,990 --> 00:09:45,839

the ufo on the white house lawn it could

234

00:09:50,710 --> 00:09:48,000

be signals from space you know whatever

235

00:09:53,350 --> 00:09:50,720

it might be but we get complete

236

00:09:56,070 --> 00:09:53,360

confirmation we are no longer alone and

237

00:09:57,509 --> 00:09:56,080

in this or any other universe

238

00:09:59,030 --> 00:09:57,519

how would the conversation change

239

00:10:00,550 --> 00:09:59,040

straight away you see how it works in

240

00:10:02,389 --> 00:10:00,560

the movies right but

241

00:10:05,190 --> 00:10:02,399

what you don't see in the movies or the

242

00:10:07,350 --> 00:10:05,200

tv shows like as people going to work

243

00:10:09,030 --> 00:10:07,360

the next day or you know necessarily

244

00:10:12,150 --> 00:10:09,040

just jumping on a bus

245

00:10:14,710 --> 00:10:12,160

or you know how religions react to it

246

00:10:15,750 --> 00:10:14,720

and it's always action movies so i

247

00:10:17,670 --> 00:10:15,760

thought we would have a little bit of a

248

00:10:19,670 --> 00:10:17,680

chat of realistically what would it be

249

00:10:21,590 --> 00:10:19,680

like if if we found out tomorrow how

250

00:10:23,990 --> 00:10:21,600

would things immediately change not

251

00:10:27,430 --> 00:10:24,000

necessarily in the long term

252

00:10:29,829 --> 00:10:27,440

immediate thoughts on that one done

253

00:10:32,949 --> 00:10:29,839

it's an interesting question to ask

254

00:10:35,910 --> 00:10:32,959

after the past you know year or two that

255

00:10:37,110 --> 00:10:35,920

we've all had um like like you alluded

256

00:10:38,150 --> 00:10:37,120

to earlier

257

00:10:41,350 --> 00:10:38,160

the word

258

00:10:42,389 --> 00:10:41,360

normality is kind of changing every day

259

00:10:44,829 --> 00:10:42,399

um

260

00:10:47,590 --> 00:10:44,839

and my idea of how the world would

261

00:10:49,110 --> 00:10:47,600

react disclosure is very different to

262

00:10:51,430 --> 00:10:49,120

what it would have been had you asked me

263

00:10:53,190 --> 00:10:51,440

this question two years ago

264

00:10:54,630 --> 00:10:53,200

yeah i mean obviously dan's getting at

265

00:10:56,870 --> 00:10:54,640

the fact we've just all been been

266

00:10:59,030 --> 00:10:56,880

through a pandemic and hopefully we're

267

00:11:02,150 --> 00:10:59,040

coming at the end of that but if someone

268

00:11:03,990 --> 00:11:02,160

had said to you back in february 2020 or

269

00:11:06,389 --> 00:11:04,000

just before that you know we're going to

270

00:11:08,069 --> 00:11:06,399

go through a global pandemic and there's

271

00:11:09,750 --> 00:11:08,079

going to be this number of people die

272

00:11:11,670 --> 00:11:09,760

and you see statistics and all that kind

273

00:11:12,949 --> 00:11:11,680

of stuff it would have scared everyone

274

00:11:14,310 --> 00:11:12,959

like it would have been a terrifying

275

00:11:16,230 --> 00:11:14,320

thing to think of and you would have had

276

00:11:18,069 --> 00:11:16,240

all these questions and yet

277

00:11:19,590 --> 00:11:18,079

here we are you know a few weeks after

278

00:11:22,470 --> 00:11:19,600

the pandemic started i was going through

279

00:11:24,790 --> 00:11:22,480

a starbucks drive through and you know

280

00:11:25,590 --> 00:11:24,800

mcdonald's opened up drive-throughs and

281

00:11:27,030 --> 00:11:25,600

those

282

00:11:28,790 --> 00:11:27,040

again that's from our you know first

283

00:11:31,750 --> 00:11:28,800

world problems isn't it that oh you know

284

00:11:33,990 --> 00:11:31,760

mcdonald's and starbucks are shut but

285

00:11:36,230 --> 00:11:34,000

life kind of goes on because you you

286

00:11:38,949 --> 00:11:36,240

adapt and you get on with it and i

287

00:11:40,550 --> 00:11:38,959

imagine this would be an even bigger

288

00:11:42,630 --> 00:11:40,560

subject because this really would affect

289

00:11:44,069 --> 00:11:42,640

all of humanity at the same time but

290

00:11:46,550 --> 00:11:44,079

yeah that's what got me interested in

291

00:11:48,310 --> 00:11:46,560

the conversation we we reached out to

292

00:11:49,910 --> 00:11:48,320

you the listener and uh just over a

293

00:11:52,470 --> 00:11:49,920

month ago you didn't let us down with a

294

00:11:54,069 --> 00:11:52,480

whole ton of ideas and suggestions so

295

00:11:56,069 --> 00:11:54,079

what we're going to do is pick some of

296

00:11:57,509 --> 00:11:56,079

those and we'll start talking about them

297

00:12:00,230 --> 00:11:57,519

and just kind of interlace them with

298

00:12:01,750 --> 00:12:00,240

what we think may happen in that dream

299

00:12:03,670 --> 00:12:01,760

scenario of

300

00:12:05,030 --> 00:12:03,680

we find out we are not alone in the

301

00:12:07,269 --> 00:12:05,040

universe

302

00:12:10,470 --> 00:12:07,279

how how would things change

303

00:12:12,470 --> 00:12:10,480

so derek got in touch with us um he

304

00:12:14,870 --> 00:12:12,480

mentions if you've seen tomorrow war or

305

00:12:16,389 --> 00:12:14,880

the tomorrow war on amazon prime the

306

00:12:18,470 --> 00:12:16,399

it's quite an interesting idea and i had

307

00:12:20,389 --> 00:12:18,480

another idea about a podcast and and

308

00:12:22,829 --> 00:12:20,399

remind me to ask about this later on

309

00:12:25,829 --> 00:12:22,839

about my podcast idea about

310

00:12:27,110 --> 00:12:25,839

yeah yeah scribble it down um just a

311

00:12:28,550 --> 00:12:27,120

tease for listeners right but i've got a

312

00:12:31,190 --> 00:12:28,560

really good one that i came up with

313

00:12:32,790 --> 00:12:31,200

earlier but um in the tomorrow war uh

314

00:12:35,670 --> 00:12:32,800

with chris pratt it's essentially

315

00:12:38,470 --> 00:12:35,680

they're watching the the world cup final

316

00:12:40,710 --> 00:12:38,480

and in the middle of the game people

317

00:12:42,629 --> 00:12:40,720

invade from the future are humans is it

318

00:12:44,069 --> 00:12:42,639

10 years in the future and they

319

00:12:45,829 --> 00:12:44,079

basically come through and tell people

320

00:12:48,069 --> 00:12:45,839

we need you to come back uh come to the

321

00:12:49,750 --> 00:12:48,079

future and help us fight an alien

322

00:12:51,110 --> 00:12:49,760

invasion which we're losing and we need

323

00:12:53,509 --> 00:12:51,120

numbers and the only way to get more

324

00:12:57,110 --> 00:12:53,519

people is to bring them from the past

325

00:12:58,310 --> 00:12:57,120

cool idea awesome um so derek had the

326

00:13:00,069 --> 00:12:58,320

idea that you know what they could just

327

00:13:02,150 --> 00:13:00,079

turn up randomly in the middle of a

328

00:13:03,750 --> 00:13:02,160

football tournament everyone's watching

329

00:13:05,350 --> 00:13:03,760

but he reckoned a few things that the

330

00:13:07,750 --> 00:13:05,360

stock market would nosedive because of

331

00:13:10,150 --> 00:13:07,760

oil stocks so he goes straight to oil

332

00:13:11,829 --> 00:13:10,160

churches would be open 24 7.

333

00:13:13,509 --> 00:13:11,839

pubs will be busy

334

00:13:15,590 --> 00:13:13,519

people's phones will be engaged as

335

00:13:17,030 --> 00:13:15,600

everyone rings family a lot of people

336

00:13:18,790 --> 00:13:17,040

phone in sick

337

00:13:21,190 --> 00:13:18,800

and the doom mongers will be in every

338

00:13:23,430 --> 00:13:21,200

town and preaching from their soap boxes

339

00:13:24,949 --> 00:13:23,440

he did also mention that that ufo

340

00:13:26,870 --> 00:13:24,959

podcast that's an all-time high for

341

00:13:27,670 --> 00:13:26,880

listeners that would be that would be a

342

00:13:29,590 --> 00:13:27,680

nice

343

00:13:32,310 --> 00:13:29,600

job it wouldn't it but you could make a

344

00:13:34,069 --> 00:13:32,320

silver lining to that just like

345

00:13:35,509 --> 00:13:34,079

unveiling scenario you know it's

346

00:13:36,790 --> 00:13:35,519

probably not far off that oh you know

347

00:13:38,150 --> 00:13:36,800

what's on the news just now breaking

348

00:13:40,150 --> 00:13:38,160

news you know we've got confirmation

349

00:13:41,430 --> 00:13:40,160

that alien life exists in the world and

350

00:13:43,190 --> 00:13:41,440

i'd be straight and going oh i have to

351
00:13:45,350 --> 00:13:43,200
go record okay just and just leave the

352
00:13:48,790 --> 00:13:45,360
family and if you're like dan dan can

353
00:13:51,190 --> 00:13:48,800
you go on and record fix the seo

354
00:13:52,870 --> 00:13:51,200
you'd have to so um a couple of good

355
00:13:54,230 --> 00:13:52,880
ones on there straight away religions

356
00:13:55,430 --> 00:13:54,240
quite a big one

357
00:13:57,670 --> 00:13:55,440
then

358
00:14:00,790 --> 00:13:57,680
how how do religions react to the

359
00:14:04,069 --> 00:14:00,800
confirmation of life in the universe

360
00:14:06,069 --> 00:14:04,079
well most religions

361
00:14:08,069 --> 00:14:06,079
kind of work in the idea of other forms

362
00:14:09,189 --> 00:14:08,079
of life into their religions

363
00:14:10,790 --> 00:14:09,199

you know the

364

00:14:12,470 --> 00:14:10,800

especially the eastern ones um

365

00:14:14,550 --> 00:14:12,480

[Music]

366

00:14:16,710 --> 00:14:14,560

whether it's kind of it's what we would

367

00:14:19,110 --> 00:14:16,720

call you know almost interdimensional or

368

00:14:20,790 --> 00:14:19,120

easy um but they're fairly used to the

369

00:14:22,629 --> 00:14:20,800

ideas whereas

370

00:14:24,710 --> 00:14:22,639

the conversation always comes up and i

371

00:14:27,110 --> 00:14:24,720

don't know if it's because

372

00:14:29,030 --> 00:14:27,120

a lot of my friends are a catholic

373

00:14:31,350 --> 00:14:29,040

but it's always

374

00:14:34,150 --> 00:14:31,360

a conversation around the catholic faith

375

00:14:35,750 --> 00:14:34,160

and how god thinks we're special and if

376

00:14:37,750 --> 00:14:35,760

more life is in the universe than it

377

00:14:40,389 --> 00:14:37,760

makes us less special and how they'd

378

00:14:42,629 --> 00:14:40,399

grapple with that um

379

00:14:44,389 --> 00:14:42,639

i think churches would stay open all the

380

00:14:45,269 --> 00:14:44,399

time and i think they get a lot of

381

00:14:48,150 --> 00:14:45,279

people

382

00:14:50,710 --> 00:14:48,160

coming to have a kind of

383

00:14:54,069 --> 00:14:50,720

a conversation not not even necessarily

384

00:14:56,550 --> 00:14:54,079

religious people but just looking for

385

00:14:59,829 --> 00:14:56,560

some calm conversation in what's sure to

386

00:15:01,670 --> 00:14:59,839

be a very very chaotic time do you think

387

00:15:03,509 --> 00:15:01,680

it's a bit of an outdated idea that

388

00:15:06,069 --> 00:15:03,519

religion would i think religion would

389

00:15:07,350 --> 00:15:06,079

collapse is the the the usual phrase

390

00:15:09,590 --> 00:15:07,360

that would be discussed do you think

391

00:15:12,230 --> 00:15:09,600

that's maybe a bit outdated now and

392

00:15:13,670 --> 00:15:12,240

that it wouldn't happen and that more

393

00:15:15,430 --> 00:15:13,680

and more virgins would be happy to

394

00:15:17,110 --> 00:15:15,440

accept the idea that that there's

395

00:15:18,470 --> 00:15:17,120

something else in whatever way shape or

396

00:15:20,230 --> 00:15:18,480

form that might be

397

00:15:22,230 --> 00:15:20,240

yeah i think so you know the vatican has

398

00:15:23,590 --> 00:15:22,240

an observatory so they're obviously not

399

00:15:26,710 --> 00:15:23,600

completely against the idea that

400

00:15:29,509 --> 00:15:26,720

something else is out there um

401
00:15:31,269 --> 00:15:29,519
and a lot of people think of god in not

402
00:15:32,949 --> 00:15:31,279
this kind of anthropomorphic way of a

403
00:15:35,590 --> 00:15:32,959
dude with a beard but more of a kind of

404
00:15:37,750 --> 00:15:35,600
a life force and if that's the case and

405
00:15:39,189 --> 00:15:37,760
just life in general is special then it

406
00:15:41,110 --> 00:15:39,199
works fine you know

407
00:15:42,629 --> 00:15:41,120
um it was it's mentioned further down by

408
00:15:44,069 --> 00:15:42,639
another listener now i'll hopefully

409
00:15:45,829 --> 00:15:44,079
bring it up at the time as well but

410
00:15:48,870 --> 00:15:45,839
might as well discuss it now there's

411
00:15:50,790 --> 00:15:48,880
also the notion that a lot of religions

412
00:15:53,110 --> 00:15:50,800
and others would see

413
00:15:55,110 --> 00:15:53,120

aliens as demonic potentially we hear

414

00:15:57,670 --> 00:15:55,120

about that potentially within the halls

415

00:15:59,590 --> 00:15:57,680

of the the pentagon and other

416

00:16:02,710 --> 00:15:59,600

governments worldwide no don't have have

417

00:16:04,790 --> 00:16:02,720

people with religious bias that would

418

00:16:07,030 --> 00:16:04,800

potentially indicate these things are

419

00:16:08,470 --> 00:16:07,040

demonic or angelic in nature and i just

420

00:16:09,990 --> 00:16:08,480

wonder if that's just another way that

421

00:16:11,030 --> 00:16:10,000

would be factored or filtered into

422

00:16:12,949 --> 00:16:11,040

things that

423

00:16:14,710 --> 00:16:12,959

that are almost devils

424

00:16:17,110 --> 00:16:14,720

yeah i mean

425

00:16:19,829 --> 00:16:17,120

devil is almost just the word that fills

426

00:16:21,749 --> 00:16:19,839

the gap right um the unknowable thing

427

00:16:23,430 --> 00:16:21,759

that is bad is the devil the label thing

428

00:16:26,629 --> 00:16:23,440

that is good is the angel of god you

429

00:16:30,310 --> 00:16:28,550

but it would be really interesting to me

430

00:16:31,990 --> 00:16:30,320

for us to start grappling with those

431

00:16:34,790 --> 00:16:32,000

things you know

432

00:16:37,269 --> 00:16:34,800

in a very very real way

433

00:16:39,430 --> 00:16:37,279

so derek also had the idea of like in

434

00:16:41,749 --> 00:16:39,440

all good movies some generals would want

435

00:16:43,030 --> 00:16:41,759

to use nooks

436

00:16:44,310 --> 00:16:43,040

what do you think about that do you

437

00:16:46,069 --> 00:16:44,320

think that would straight away be a

438

00:16:48,389 --> 00:16:46,079

conversation that would be being had or

439

00:16:51,430 --> 00:16:48,399

is that just hollywood talking

440

00:16:52,949 --> 00:16:51,440

i think i mean

441

00:16:55,030 --> 00:16:52,959

failing to plan is planning to fail

442

00:16:57,509 --> 00:16:55,040

right so i i think they'd have the

443

00:16:59,269 --> 00:16:57,519

conversation and there'd be a plan about

444

00:17:01,269 --> 00:16:59,279

let's get them ready you know

445

00:17:03,030 --> 00:17:01,279

um yeah i mean they're always ready to

446

00:17:03,990 --> 00:17:03,040

go right and the president has someone

447

00:17:05,829 --> 00:17:04,000

that follows him around with the

448

00:17:08,470 --> 00:17:05,839

briefcase and you know there are moments

449

00:17:10,470 --> 00:17:08,480

notice away um so there'll probably be a

450

00:17:12,630 --> 00:17:10,480

plan for it but i don't imagine it would

451
00:17:15,829 --> 00:17:12,640
be the first reaction i'm fairly sure

452
00:17:17,750 --> 00:17:15,839
this is an outer limit episode

453
00:17:19,510 --> 00:17:17,760
so listen there's a thing no we've seen

454
00:17:22,949 --> 00:17:19,520
this a thousand times in movies haven't

455
00:17:24,789 --> 00:17:22,959
we or tv shows that the aliens invade

456
00:17:26,870 --> 00:17:24,799
and the generals let's now come you know

457
00:17:29,110 --> 00:17:26,880
independence day famously does nook them

458
00:17:31,350 --> 00:17:29,120
to absolutely no in the outer limits

459
00:17:32,789 --> 00:17:31,360
it's a test they kind of threaten the

460
00:17:34,150 --> 00:17:32,799
earth or they don't respond to them when

461
00:17:35,830 --> 00:17:34,160
they try and communicate and then when

462
00:17:38,150 --> 00:17:35,840
earth fires at them they just kind of

463
00:17:40,070 --> 00:17:38,160

swap the you know the missiles away and

464

00:17:42,230 --> 00:17:40,080

then say well you were very nice to us

465

00:17:44,710 --> 00:17:42,240

so we're going to take your planet now

466

00:17:46,070 --> 00:17:44,720

well what about what you don't see in

467

00:17:47,590 --> 00:17:46,080

movies is they have that back and

468

00:17:49,510 --> 00:17:47,600

forward heated debate where some of the

469

00:17:51,750 --> 00:17:49,520

guys usually the scientists don't want

470

00:17:53,029 --> 00:17:51,760

to knock things and the military guys

471

00:17:54,950 --> 00:17:53,039

always play there yeah yeah let's get

472

00:17:57,750 --> 00:17:54,960

the nooks out but would there be a

473

00:18:00,549 --> 00:17:57,760

scenario in a that kind of real life

474

00:18:02,070 --> 00:18:00,559

real life scenario that someone turns

475

00:18:03,110 --> 00:18:02,080

around and says

476

00:18:08,150 --> 00:18:03,120

they

477

00:18:09,510 --> 00:18:08,160

it's pointless

478

00:18:11,190 --> 00:18:09,520

because that's something we hear about

479

00:18:13,270 --> 00:18:11,200

in the subject but you never see it

480

00:18:15,750 --> 00:18:13,280

brought up in a tv show in a movie that

481

00:18:17,590 --> 00:18:15,760

there's no point they just top them off

482

00:18:19,270 --> 00:18:17,600

they they always tend to

483

00:18:20,710 --> 00:18:19,280

you know in a tv show movie they would

484

00:18:23,110 --> 00:18:20,720

kind of go it wouldn't work and then

485

00:18:24,870 --> 00:18:23,120

they'd go but let's try and they'd find

486

00:18:26,870 --> 00:18:24,880

a way to make it work just before the

487

00:18:29,669 --> 00:18:26,880

pilot fired the missile you know that's

488

00:18:31,590 --> 00:18:29,679

how that would go um but maybe in real

489

00:18:34,070 --> 00:18:31,600

life i don't think that would happen i i

490

00:18:35,029 --> 00:18:34,080

think we'd be more likely to see things

491

00:18:36,310 --> 00:18:35,039

like

492

00:18:37,590 --> 00:18:36,320

um

493

00:18:39,430 --> 00:18:37,600

you know

494

00:18:41,830 --> 00:18:39,440

there would be thought behind it

495

00:18:44,710 --> 00:18:41,840

we we've had reports of emps bringing

496

00:18:46,950 --> 00:18:44,720

these things down um degraded or sorry

497

00:18:48,390 --> 00:18:46,960

depleted plutonium or uranium shells

498

00:18:50,549 --> 00:18:48,400

wasn't it um

499

00:18:52,390 --> 00:18:50,559

in italy so i think those kind of

500

00:18:53,510 --> 00:18:52,400

tactics would be employed rather than

501
00:18:54,870 --> 00:18:53,520

just kind of

502
00:18:57,750 --> 00:18:54,880

going for

503
00:19:01,110 --> 00:18:57,760

you know one haymaker so to speak

504
00:19:04,230 --> 00:19:01,120

yeah an interesting thought as is what

505
00:19:06,710 --> 00:19:04,240

okay everyone tends to to work some kind

506
00:19:07,909 --> 00:19:06,720

of shift or you know job if you're if

507
00:19:09,110 --> 00:19:07,919

you're able to

508
00:19:10,710 --> 00:19:09,120

and

509
00:19:13,270 --> 00:19:10,720

how would that affect things like can

510
00:19:15,510 --> 00:19:13,280

you imagine you work in mcdonald's or

511
00:19:17,510 --> 00:19:15,520

you work in an office or you're a you

512
00:19:19,830 --> 00:19:17,520

know a chef in like a busy restaurant or

513
00:19:21,029 --> 00:19:19,840

you know you clean you clean schools or

514

00:19:23,190 --> 00:19:21,039

whatever you do

515

00:19:25,750 --> 00:19:23,200

that you still have to go into work the

516

00:19:27,750 --> 00:19:25,760

next day don't you like it's okay does

517

00:19:29,110 --> 00:19:27,760

life just still go on because

518

00:19:30,549 --> 00:19:29,120

so many listeners i thought were

519

00:19:32,789 --> 00:19:30,559

interesting that people brought up the

520

00:19:35,110 --> 00:19:32,799

point that overnight things would change

521

00:19:36,870 --> 00:19:35,120

and you know we had to you know we

522

00:19:39,110 --> 00:19:36,880

discover our innate ability to

523

00:19:41,669 --> 00:19:39,120

telepathically communicate i don't think

524

00:19:42,470 --> 00:19:41,679

that changes overnight i i mean i know i

525

00:19:44,870 --> 00:19:42,480

have an

526

00:19:48,630 --> 00:19:44,880

innate ability to run but i can't just

527

00:19:51,669 --> 00:19:48,640

be usain bolt with that knowledge right

528

00:19:52,710 --> 00:19:51,679

yeah absolutely like i i just see it as

529

00:19:54,390 --> 00:19:52,720

being

530

00:19:55,990 --> 00:19:54,400

i know it's really weird to live in but

531

00:19:58,310 --> 00:19:56,000

again it goes back to that let's use the

532

00:20:00,470 --> 00:19:58,320

pandemic that if someone told you that

533

00:20:02,630 --> 00:20:00,480

that would happen but you know you would

534

00:20:04,390 --> 00:20:02,640

still well i still have worked through

535

00:20:06,710 --> 00:20:04,400

the whole pandemic just by the nature of

536

00:20:08,870 --> 00:20:06,720

my my day job just to remind folks i do

537

00:20:09,990 --> 00:20:08,880

work full-time as well yeah and it's

538

00:20:11,590 --> 00:20:10,000

like

539

00:20:13,190 --> 00:20:11,600

it's just been a different way of doing

540

00:20:14,710 --> 00:20:13,200

it but you've just had to get on with it

541

00:20:15,909 --> 00:20:14,720

during the pandemic

542

00:20:17,590 --> 00:20:15,919

and

543

00:20:21,029 --> 00:20:17,600

would it be the same that

544

00:20:23,029 --> 00:20:21,039

bus drivers train drivers cleaners

545

00:20:24,870 --> 00:20:23,039

high level execs would all still have to

546

00:20:26,870 --> 00:20:24,880

go to work maybe a day or two of

547

00:20:29,430 --> 00:20:26,880

disruption but

548

00:20:31,110 --> 00:20:29,440

i think maybe it depends on the form

549

00:20:32,549 --> 00:20:31,120

that they would take

550

00:20:34,230 --> 00:20:32,559

i know if you're feeling an invasion

551
00:20:36,390 --> 00:20:34,240
done fair enough yeah i'm guessing no

552
00:20:38,390 --> 00:20:36,400
you're not yeah

553
00:20:40,630 --> 00:20:38,400
if it's an immediate kind of thing

554
00:20:43,590 --> 00:20:40,640
then you'd probably see more like um

555
00:20:45,669 --> 00:20:43,600
when the incoming missile alert

556
00:20:47,750 --> 00:20:45,679
the false warning was issued in hawaii

557
00:20:50,310 --> 00:20:47,760
uh i can't remember the uh it was a

558
00:20:52,630 --> 00:20:50,320
while back now though um we're basically

559
00:20:53,669 --> 00:20:52,640
you know people just didn't go into work

560
00:20:55,110 --> 00:20:53,679
um

561
00:20:56,310 --> 00:20:55,120
though i did read a couple of stories

562
00:20:58,470 --> 00:20:56,320
from there where

563
00:20:59,990 --> 00:20:58,480

someone did go into work and they had a

564

00:21:01,669 --> 00:21:00,000

lovely kind of moment of connection on

565

00:21:03,510 --> 00:21:01,679

the rooftop uh

566

00:21:05,590 --> 00:21:03,520

with a stranger that they never spoken

567

00:21:07,669 --> 00:21:05,600

to from work as they were expecting this

568

00:21:09,270 --> 00:21:07,679

missile to kind of come down and

569

00:21:11,510 --> 00:21:09,280

destroy everything they knew and loved

570

00:21:12,390 --> 00:21:11,520

um it must mean a really insane moment

571

00:21:13,669 --> 00:21:12,400

um

572

00:21:15,590 --> 00:21:13,679

so i guess

573

00:21:17,350 --> 00:21:15,600

realistically some people would go to

574

00:21:19,110 --> 00:21:17,360

work and i guess it's a way to do

575

00:21:20,789 --> 00:21:19,120

something

576

00:21:23,190 --> 00:21:20,799

normal while the world is kind of

577

00:21:25,110 --> 00:21:23,200

crumbling around you and we we know that

578

00:21:28,070 --> 00:21:25,120

people experience cognitive dissonance

579

00:21:30,310 --> 00:21:28,080

so i i think we'd still see some people

580

00:21:31,669 --> 00:21:30,320

you know cold calling and offering you

581

00:21:33,750 --> 00:21:31,679

sky tv

582

00:21:36,070 --> 00:21:33,760

yeah well listen i just have to to reach

583

00:21:38,149 --> 00:21:36,080

out and ask any starbucks baristas that

584

00:21:40,870 --> 00:21:38,159

in the event of any cataclysmic event

585

00:21:43,750 --> 00:21:40,880

please continue to attend work because

586

00:21:45,590 --> 00:21:43,760

i'm a big fan of starbucks um so yeah

587

00:21:47,270 --> 00:21:45,600

that's or at least

588

00:21:49,350 --> 00:21:47,280

put the training manual in a really

589

00:21:51,029 --> 00:21:49,360

obvious place so andy can help himself

590

00:21:52,549 --> 00:21:51,039

in the event that you leave the door i i

591

00:21:53,350 --> 00:21:52,559

wouldn't need a training manual to

592

00:21:55,669 --> 00:21:53,360

operate

593

00:21:57,990 --> 00:21:55,679

i'd be more than happy with that um

594

00:21:59,750 --> 00:21:58,000

scott he talks about communication so

595

00:22:01,990 --> 00:21:59,760

his first thought is around how as a

596

00:22:04,310 --> 00:22:02,000

species we will choose to communicate

597

00:22:06,070 --> 00:22:04,320

with the aliens and we might want to

598

00:22:07,830 --> 00:22:06,080

make sure first contact is not made

599

00:22:09,830 --> 00:22:07,840

through the military as what message

600

00:22:11,909 --> 00:22:09,840

would that send so what your thoughts on

601
00:22:13,270 --> 00:22:11,919
that then it's funny you know what and

602
00:22:14,870 --> 00:22:13,280
that this gets a little bit on

603
00:22:16,390 --> 00:22:14,880
potentially the idea i had for the the

604
00:22:18,149 --> 00:22:16,400
other podcast but

605
00:22:19,590 --> 00:22:18,159
watching um

606
00:22:20,950 --> 00:22:19,600
right essentially my idea for the other

607
00:22:23,830 --> 00:22:20,960
podcast and that we're going to do

608
00:22:25,669 --> 00:22:23,840
sometime soon is going to be i love

609
00:22:28,230 --> 00:22:25,679
watching the first five to ten minutes

610
00:22:31,350 --> 00:22:28,240
of alien movies and i think we've talked

611
00:22:32,149 --> 00:22:31,360
about this before as to how they arrive

612
00:22:33,909 --> 00:22:32,159
and

613
00:22:36,070 --> 00:22:33,919

like how they potentially communicate

614

00:22:38,070 --> 00:22:36,080

you know independence day yeah like the

615

00:22:39,270 --> 00:22:38,080

big build the big build the satellite

616

00:22:41,029 --> 00:22:39,280

images

617

00:22:43,350 --> 00:22:41,039

object comes in through the atmosphere

618

00:22:44,789 --> 00:22:43,360

which takes ages but i love i mean the

619

00:22:46,710 --> 00:22:44,799

effects for the time are phenomenal and

620

00:22:47,990 --> 00:22:46,720

they still hold up now and it comes in

621

00:22:50,070 --> 00:22:48,000

through the atmosphere and you see it

622

00:22:52,149 --> 00:22:50,080

bundling through the different layers

623

00:22:53,510 --> 00:22:52,159

and then they sit

624

00:22:55,430 --> 00:22:53,520

they just sit there you still don't see

625

00:22:57,110 --> 00:22:55,440

any beings and there's maybe half an

626
00:22:58,950 --> 00:22:57,120
hour of the movie going by before we get

627
00:23:00,789 --> 00:22:58,960
there they blow everything up and then

628
00:23:02,230 --> 00:23:00,799
the little ships come out and that's

629
00:23:03,750 --> 00:23:02,240
where you get the big dog fights and

630
00:23:05,270 --> 00:23:03,760
it's quite a while before you see any

631
00:23:07,190 --> 00:23:05,280
beings like will smith i think is the

632
00:23:10,310 --> 00:23:07,200
first time when he welcome earth the

633
00:23:12,070 --> 00:23:10,320
famous scene punches alien um

634
00:23:14,310 --> 00:23:12,080
that's the first time you see the beings

635
00:23:15,110 --> 00:23:14,320
whereas other films like arrival god i

636
00:23:18,950 --> 00:23:15,120
hope

637
00:23:21,190 --> 00:23:18,960
the visitors don't watch that like we

638
00:23:23,990 --> 00:23:21,200

would be judged for that that would be

639

00:23:24,950 --> 00:23:24,000

seen as a very galactically racist

640

00:23:26,950 --> 00:23:24,960

scene

641

00:23:29,990 --> 00:23:26,960

yeah again just entirely unnecessary to

642

00:23:31,510 --> 00:23:30,000

punch them in the face like uh but i i

643

00:23:33,270 --> 00:23:31,520

was going to see a rival as well i know

644

00:23:35,110 --> 00:23:33,280

that's a favorite of yours yeah yeah

645

00:23:37,510 --> 00:23:35,120

that takes a while for everything to be

646

00:23:39,350 --> 00:23:37,520

unveiled that's it the ships just are

647

00:23:41,590 --> 00:23:39,360

there they're just they just arrive and

648

00:23:42,789 --> 00:23:41,600

they sit and there's a more peaceful

649

00:23:44,789 --> 00:23:42,799

from their point of view attempted

650

00:23:46,549 --> 00:23:44,799

communication so

651
00:23:48,310 --> 00:23:46,559
how do you think that would potentially

652
00:23:49,909 --> 00:23:48,320
go do you seeing it being the old

653
00:23:51,909 --> 00:23:49,919
helicopter with a flashing lights

654
00:23:53,669 --> 00:23:51,919
attempts or would it be radio

655
00:23:55,430 --> 00:23:53,679
frequencies and what could you see

656
00:23:58,070 --> 00:23:55,440
realistically happening there

657
00:23:59,669 --> 00:23:58,080
i i think you'd find that you know

658
00:24:01,110 --> 00:23:59,679
kind of similar to a rival the areas

659
00:24:03,990 --> 00:24:01,120
would be cordoned off people wouldn't be

660
00:24:05,669 --> 00:24:04,000
allowed to get near it it would be

661
00:24:08,390 --> 00:24:05,679
official bodies

662
00:24:10,950 --> 00:24:08,400
attempting communication and to figure

663
00:24:12,950 --> 00:24:10,960

out what's going on basically um how

664

00:24:14,789 --> 00:24:12,960

much of that we would know you know in

665

00:24:17,029 --> 00:24:14,799

arrival for example we stick to amy

666

00:24:19,269 --> 00:24:17,039

adams character who it goes into the

667

00:24:21,269 --> 00:24:19,279

ship and everything but if that film was

668

00:24:22,630 --> 00:24:21,279

from the point of view or you or me it

669

00:24:24,310 --> 00:24:22,640

just would have been they're here and

670

00:24:25,990 --> 00:24:24,320

then days of nothing until they

671

00:24:27,669 --> 00:24:26,000

disappeared

672

00:24:29,430 --> 00:24:27,679

what about though in the sense that

673

00:24:32,070 --> 00:24:29,440

let's talk about loads of ships come

674

00:24:33,750 --> 00:24:32,080

down so that they're based in various

675

00:24:35,909 --> 00:24:33,760

different major cities okay we'll go

676

00:24:38,549 --> 00:24:35,919

with that that age-old cliché

677

00:24:40,789 --> 00:24:38,559

do countries agree on a way to go about

678

00:24:42,549 --> 00:24:40,799

it or do you think they try their own

679

00:24:44,230 --> 00:24:42,559

look the russia chain in america sit

680

00:24:46,070 --> 00:24:44,240

around the table and say look

681

00:24:47,909 --> 00:24:46,080

we have taken uh to work this one out

682

00:24:49,269 --> 00:24:47,919

together or do they all attempt their

683

00:24:51,510 --> 00:24:49,279

own stuff

684

00:24:53,990 --> 00:24:51,520

well i think a good kind of comparison

685

00:24:55,830 --> 00:24:54,000

here would be climate change right you

686

00:24:57,830 --> 00:24:55,840

know we have the paris accords we we

687

00:25:00,149 --> 00:24:57,840

have a lot of different countries

688

00:25:01,110 --> 00:25:00,159

agreeing to these kind of targets that

689

00:25:02,710 --> 00:25:01,120

will

690

00:25:04,230 --> 00:25:02,720

save the planet

691

00:25:06,149 --> 00:25:04,240

but

692

00:25:08,470 --> 00:25:06,159

really what is going to take an

693

00:25:10,789 --> 00:25:08,480

international effort

694

00:25:12,549 --> 00:25:10,799

it appears that even in this kind of

695

00:25:14,470 --> 00:25:12,559

emergency

696

00:25:15,909 --> 00:25:14,480

some countries aren't playing ball and

697

00:25:17,269 --> 00:25:15,919

there might be reasons behind that you

698

00:25:18,630 --> 00:25:17,279

know they might not have the advancement

699

00:25:21,590 --> 00:25:18,640

or the infrastructure and things like

700

00:25:23,669 --> 00:25:21,600

that but in a moment like that it's up

701
00:25:31,350 --> 00:25:23,679
to

702
00:25:33,590 --> 00:25:31,360
wide but in a very friendly way and i'm

703
00:25:35,269 --> 00:25:33,600
going to emphasize that because of the

704
00:25:36,710 --> 00:25:35,279
the goings-on at the moment in

705
00:25:38,149 --> 00:25:36,720
afghanistan

706
00:25:40,230 --> 00:25:38,159
well scott does mention that it

707
00:25:42,230 --> 00:25:40,240
potentially could be the u.n but perhaps

708
00:25:44,710 --> 00:25:42,240
we would have to elect representatives

709
00:25:47,269 --> 00:25:44,720
outside of the normal political process

710
00:25:49,750 --> 00:25:47,279
specifically for this task as the skill

711
00:25:51,830 --> 00:25:49,760
set needed would be different also the

712
00:25:54,070 --> 00:25:51,840
un is often dominated by the bigger

713
00:25:56,149 --> 00:25:54,080

powers as well

714

00:25:58,470 --> 00:25:56,159

catherine catherine got in touch and she

715

00:26:02,149 --> 00:25:58,480

said straight off the bat money becomes

716

00:26:06,789 --> 00:26:04,710

again i think it depends if they're nice

717

00:26:08,549 --> 00:26:06,799

or if they're bad you know if we're

718

00:26:09,430 --> 00:26:08,559

gonna have to return to a barter system

719

00:26:10,549 --> 00:26:09,440

because

720

00:26:11,990 --> 00:26:10,559

no one trusts the government and

721

00:26:13,510 --> 00:26:12,000

everything's falling apart and all our

722

00:26:15,029 --> 00:26:13,520

officials are gone or something then

723

00:26:17,269 --> 00:26:15,039

yeah probably money's not going to get

724

00:26:18,710 --> 00:26:17,279

you very far or if it was bitcoin and

725

00:26:20,390 --> 00:26:18,720

i've not got any

726

00:26:22,470 --> 00:26:20,400

that would be really frustrating oh man

727

00:26:24,630 --> 00:26:22,480

the mining fees and the weight for those

728

00:26:26,870 --> 00:26:24,640

processing times would be crazy some

729

00:26:27,669 --> 00:26:26,880

some transactions take like a week

730

00:26:29,510 --> 00:26:27,679

um

731

00:26:31,350 --> 00:26:29,520

yeah no good in a post-apocalyptic

732

00:26:33,909 --> 00:26:31,360

wasteland

733

00:26:36,390 --> 00:26:33,919

right catherine makes a point i don't

734

00:26:38,070 --> 00:26:36,400

necessarily agree with this in the short

735

00:26:39,830 --> 00:26:38,080

term but i think there's a good

736

00:26:41,510 --> 00:26:39,840

discussion here dan

737

00:26:44,549 --> 00:26:41,520

so don't spoil this

738

00:26:47,350 --> 00:26:44,559

so we discover we discover our innate

739

00:26:48,789 --> 00:26:47,360

ability to telepathically communicate

740

00:26:51,029 --> 00:26:48,799

straight off the bat i'm saying that

741

00:26:53,830 --> 00:26:51,039

that doesn't happen overnight okay

742

00:26:57,190 --> 00:26:53,840

however

743

00:26:59,350 --> 00:26:57,200

do we open ourselves up to

744

00:27:01,350 --> 00:26:59,360

a kind of global enlightened dream

745

00:27:02,789 --> 00:27:01,360

scenario wasn't it for a lot of people i

746

00:27:04,390 --> 00:27:02,799

i don't know that it's necessarily mine

747

00:27:07,190 --> 00:27:04,400

to be honest but

748

00:27:10,230 --> 00:27:07,200

we discover an ability to to communicate

749

00:27:12,310 --> 00:27:10,240

and have a bigger place in in the galaxy

750

00:27:16,630 --> 00:27:12,320

in the universe and do you think that

751
00:27:20,549 --> 00:27:18,149
no

752
00:27:22,789 --> 00:27:20,559
because i think we're all in very

753
00:27:26,950 --> 00:27:22,799
different places as people as countries

754
00:27:28,870 --> 00:27:26,960
as smaller groups you know as a race um

755
00:27:30,149 --> 00:27:28,880
without going into the political

756
00:27:32,630 --> 00:27:30,159
world

757
00:27:34,390 --> 00:27:32,640
right now yeah without going like that

758
00:27:36,070 --> 00:27:34,400
it's a fair point though that the world

759
00:27:37,990 --> 00:27:36,080
is very different country to country

760
00:27:39,510 --> 00:27:38,000
city city that

761
00:27:41,029 --> 00:27:39,520
we're not all in the same place like you

762
00:27:43,190 --> 00:27:41,039
say that overnight it's like do you know

763
00:27:44,070 --> 00:27:43,200

what we should all be getting on i just

764

00:27:47,750 --> 00:27:44,080

don't

765

00:27:49,590 --> 00:27:47,760

i mean there are literally some people

766

00:27:52,230 --> 00:27:49,600

on this planet who

767

00:27:55,190 --> 00:27:52,240

this series of events wouldn't make a

768

00:27:59,510 --> 00:27:56,630

who you thinking

769

00:28:02,070 --> 00:27:59,520

uh oh i forget the name the uncontacted

770

00:28:04,149 --> 00:28:02,080

tribe um i was going to say do you mean

771

00:28:06,710 --> 00:28:04,159

like the kind of the like people on the

772

00:28:08,710 --> 00:28:06,720

amazon and those kind of tribes are yeah

773

00:28:10,950 --> 00:28:08,720

there's an island the society you

774

00:28:12,789 --> 00:28:10,960

christian emma series went to try and

775

00:28:14,789 --> 00:28:12,799

convert them and it went very badly for

776

00:28:16,149 --> 00:28:14,799

the for the people that visited um and

777

00:28:18,070 --> 00:28:16,159

it's just you know they got killed by

778

00:28:18,870 --> 00:28:18,080

spears basically yeah yeah that was that

779

00:28:24,630 --> 00:28:18,880

was

780

00:28:27,350 --> 00:28:24,640

got shot by trying to approach them and

781

00:28:29,830 --> 00:28:27,360

talk about god um yeah that's that's how

782

00:28:32,549 --> 00:28:29,840

that one went for them so i mean sad as

783

00:28:34,630 --> 00:28:32,559

it was um catherine also says that she

784

00:28:36,070 --> 00:28:34,640

gets to say i told you so to my friends

785

00:28:37,590 --> 00:28:36,080

that's that's a guilty pleasure i'm

786

00:28:38,950 --> 00:28:37,600

sorry but i would be that guy as well

787

00:28:41,190 --> 00:28:38,960

going yep

788

00:28:42,470 --> 00:28:41,200

i've got my t-shirt and badges ready i

789

00:28:44,630 --> 00:28:42,480

told you so

790

00:28:47,029 --> 00:28:44,640

yep and then they'd be on dan's page

791

00:28:48,549 --> 00:28:47,039

straight away

792

00:28:50,310 --> 00:28:48,559

so we'll be free at that point yeah the

793

00:28:51,830 --> 00:28:50,320

economy crumbles around us but dan's

794

00:28:53,350 --> 00:28:51,840

still asking you to wait three to five

795

00:28:55,350 --> 00:28:53,360

days for shipping if you're based in the

796

00:28:57,510 --> 00:28:55,360

uk um

797

00:28:59,510 --> 00:28:57,520

as she does say catherine says stephen

798

00:29:03,830 --> 00:28:59,520

greer discovers that while all ferries

799

00:29:05,990 --> 00:29:03,840

might be ufos not all ufos are fairies

800

00:29:07,430 --> 00:29:06,000

so there's a dig at stephen greer in

801
00:29:09,669 --> 00:29:07,440
there as well

802
00:29:11,590 --> 00:29:09,679
again though and no scenarios right you

803
00:29:13,190 --> 00:29:11,600
take out the alien invasion type

804
00:29:15,190 --> 00:29:13,200
scenario and that there's more of a

805
00:29:17,029 --> 00:29:15,200
peaceful type of process

806
00:29:19,029 --> 00:29:17,039
i'm fascinated and that's that's one of

807
00:29:20,149 --> 00:29:19,039
the reasons i just want things to move

808
00:29:22,630 --> 00:29:20,159
forward

809
00:29:24,310 --> 00:29:22,640
not necessarily to a full disclosure as

810
00:29:25,830 --> 00:29:24,320
much as i would love that but

811
00:29:28,230 --> 00:29:25,840
just to get a little bit more info out

812
00:29:30,070 --> 00:29:28,240
to knock off and this isn't directly

813
00:29:33,110 --> 00:29:30,080

aimed at steven grier but just

814

00:29:35,510 --> 00:29:33,120

charlatans and frauds in general

815

00:29:37,269 --> 00:29:35,520

because i doubt any alien species would

816

00:29:38,870 --> 00:29:37,279

come down and say oh do you know what

817

00:29:41,350 --> 00:29:38,880

we've read david wilcox book and it's

818

00:29:43,830 --> 00:29:41,360

not very good or you know corey goods

819

00:29:45,190 --> 00:29:43,840

talking nonsense are you know c5 doesn't

820

00:29:46,789 --> 00:29:45,200

work

821

00:29:47,750 --> 00:29:46,799

it's a good kind of line of questioning

822

00:29:50,549 --> 00:29:47,760

because

823

00:29:52,389 --> 00:29:50,559

do those things go away with disclosure

824

00:29:54,470 --> 00:29:52,399

or do those guys go they're still lying

825

00:29:56,950 --> 00:29:54,480

to you and it becomes something like q

826

00:29:59,350 --> 00:29:56,960

and you know it stays around in that

827

00:30:00,630 --> 00:29:59,360

very kind of dark recess of the internet

828

00:30:02,070 --> 00:30:00,640

form that's where i was going to go

829

00:30:03,110 --> 00:30:02,080

though you look at what we've got now

830

00:30:05,830 --> 00:30:03,120

with

831

00:30:08,149 --> 00:30:05,840

the tic tacs and you know tsa and loyo

832

00:30:10,149 --> 00:30:08,159

arizondo chris melon and that's not 100

833

00:30:12,789 --> 00:30:10,159

proof of anything but

834

00:30:16,389 --> 00:30:12,799

it's it's splintered the whole community

835

00:30:19,510 --> 00:30:16,399

and the people involved and it's those

836

00:30:21,029 --> 00:30:19,520

it's it's very telling that

837

00:30:23,350 --> 00:30:21,039

a lot of those groups have kind of

838

00:30:24,950 --> 00:30:23,360

stayed in their own thinking of factions

839

00:30:27,269 --> 00:30:24,960

and cliques and and all that kind of

840

00:30:29,510 --> 00:30:27,279

stuff that you're not going to get

841

00:30:32,070 --> 00:30:29,520

loyalisondo and corey good and steven

842

00:30:34,149 --> 00:30:32,080

grier and david wilcox around the table

843

00:30:35,909 --> 00:30:34,159

all chatting this through because

844

00:30:37,510 --> 00:30:35,919

they're in very very very different

845

00:30:39,990 --> 00:30:37,520

places

846

00:30:41,990 --> 00:30:40,000

i'd uh i'd put my money on lou if that

847

00:30:42,789 --> 00:30:42,000

was a celebrity death match

848

00:30:46,230 --> 00:30:42,799

yeah

849

00:30:47,669 --> 00:30:46,240

i'd be all over that and and you'll

850

00:30:50,149 --> 00:30:47,679

appreciate this one talking to dogfight

851
00:30:52,630 --> 00:30:50,159
stan and dogs and cats living together

852
00:30:56,070 --> 00:30:52,640
mass hysteria

853
00:30:57,990 --> 00:30:56,080
yeah that's fair i i don't think i mean

854
00:31:00,230 --> 00:30:58,000
we we think of i think the war of the

855
00:31:01,430 --> 00:31:00,240
worlds radio broadcast right and like i

856
00:31:04,149 --> 00:31:01,440
said before i don't think it was quite

857
00:31:04,950 --> 00:31:04,159
as widespread as it's kind of reported

858
00:31:06,630 --> 00:31:04,960
but

859
00:31:08,870 --> 00:31:06,640
certainly some people had to have

860
00:31:10,549 --> 00:31:08,880
experienced hysteria from just a radio

861
00:31:11,750 --> 00:31:10,559
play and

862
00:31:13,430 --> 00:31:11,760
you know

863
00:31:15,510 --> 00:31:13,440

we we wouldn't bat an eyelid of that

864

00:31:17,909 --> 00:31:15,520

these days um but we kind of have a

865

00:31:19,909 --> 00:31:17,919

different form of things right so ours

866

00:31:22,310 --> 00:31:19,919

would be you know twitter tick tock all

867

00:31:24,549 --> 00:31:22,320

that kind of stuff we'd be seeing

868

00:31:26,549 --> 00:31:24,559

yeah we'd be seeing disclosure through

869

00:31:28,389 --> 00:31:26,559

40-second bites

870

00:31:29,909 --> 00:31:28,399

here's one right okay so we're talking

871

00:31:33,110 --> 00:31:29,919

about you know we find out we're not

872

00:31:34,870 --> 00:31:33,120

alone what if the scenario dan was and

873

00:31:37,990 --> 00:31:34,880

let's just talk about this one generally

874

00:31:38,789 --> 00:31:38,000

because it's a big idea that

875

00:31:43,750 --> 00:31:38,799

we

876
00:31:46,630 --> 00:31:43,760
project galileo

877
00:31:48,310 --> 00:31:46,640
picks up a huge spacecraft

878
00:31:51,029 --> 00:31:48,320
you know like amumua

879
00:31:52,230 --> 00:31:51,039
imagine we managed to pick up a full

880
00:31:54,870 --> 00:31:52,240
8k

881
00:31:56,310 --> 00:31:54,880
image of what was a football sized or

882
00:31:57,909 --> 00:31:56,320
bigger craft

883
00:32:00,310 --> 00:31:57,919
passing through the edge of our solar

884
00:32:03,509 --> 00:32:00,320
system it doesn't interact with us but

885
00:32:05,350 --> 00:32:03,519
we pick it up it's broadcast on live tv

886
00:32:07,750 --> 00:32:05,360
we're not alone

887
00:32:09,430 --> 00:32:07,760
we we can't get in touch with it and

888
00:32:13,029 --> 00:32:09,440

it's gone

889

00:32:16,870 --> 00:32:14,389

i think

890

00:32:18,710 --> 00:32:16,880

you one immediately

891

00:32:21,750 --> 00:32:18,720

have science

892

00:32:23,590 --> 00:32:21,760

funny money into somehow being able to

893

00:32:25,909 --> 00:32:23,600

communicate or find where that craft

894

00:32:27,750 --> 00:32:25,919

came from and so on so forth suddenly

895

00:32:29,190 --> 00:32:27,760

all the attention we ever wanted would

896

00:32:31,669 --> 00:32:29,200

be there

897

00:32:34,630 --> 00:32:31,679

people like us i mean we we just double

898

00:32:38,149 --> 00:32:34,640

down right we're already kind of in the

899

00:32:40,149 --> 00:32:38,159

right mindset to want to tackle this um

900

00:32:41,909 --> 00:32:40,159

i think people who aren't into the

901
00:32:43,350 --> 00:32:41,919
subject i think it will be one of those

902
00:32:45,110 --> 00:32:43,360
things where they're kind of like wow

903
00:32:47,029 --> 00:32:45,120
that's amazing and then when kim

904
00:32:48,870 --> 00:32:47,039
kardashian breaks the nail next week

905
00:32:50,789 --> 00:32:48,880
they'll kind of their attention would go

906
00:32:52,149 --> 00:32:50,799
there so that's that's for one thing let

907
00:32:54,310 --> 00:32:52,159
me pick you up on that because that's

908
00:32:56,549 --> 00:32:54,320
what i think as well i really do think

909
00:32:59,909 --> 00:32:56,559
we're in a place in 2021 if this

910
00:33:01,430 --> 00:32:59,919
happened tomorrow you know sky news cnn

911
00:33:03,029 --> 00:33:01,440
fox news i've got to cover all the bases

912
00:33:05,029 --> 00:33:03,039
in america for the different channels

913
00:33:05,990 --> 00:33:05,039

nbc good morning america whatever you

914

00:33:08,950 --> 00:33:06,000

watch whatever your political

915

00:33:11,269 --> 00:33:08,960

affiliations you know australian news

916

00:33:14,149 --> 00:33:11,279

african news whatever you watch you see

917

00:33:15,350 --> 00:33:14,159

live images of a huge alien craft or

918

00:33:17,909 --> 00:33:15,360

something that's definitely not from

919

00:33:19,990 --> 00:33:17,919

here but it's way way way out

920

00:33:22,149 --> 00:33:20,000

in the solar system we pick it up and it

921

00:33:25,750 --> 00:33:22,159

just goes past

922

00:33:28,149 --> 00:33:25,760

i think pretty quickly people go back to

923

00:33:30,389 --> 00:33:28,159

i'm watching love island or you know

924

00:33:33,029 --> 00:33:30,399

what's on netflix or i think there'll be

925

00:33:36,149 --> 00:33:33,039

a massive part of society that go ah

926

00:33:37,750 --> 00:33:36,159

cool and just move on

927

00:33:38,710 --> 00:33:37,760

and i don't know if it's that i don't

928

00:33:41,269 --> 00:33:38,720

know if it's something that social

929

00:33:42,789 --> 00:33:41,279

medias contribute to massively that it's

930

00:33:44,789 --> 00:33:42,799

bite-sized chunks and it's got to be

931

00:33:46,630 --> 00:33:44,799

fast information like okay it's got to

932

00:33:48,950 --> 00:33:46,640

be followed up now now now you know what

933

00:33:51,269 --> 00:33:48,960

binge watching that people no longer can

934

00:33:53,750 --> 00:33:51,279

wait a week for a tv show there's no

935

00:33:55,190 --> 00:33:53,760

build up or or payoff that you know what

936

00:33:57,909 --> 00:33:55,200

i've watched this series for three

937

00:33:59,430 --> 00:33:57,919

months or six months and i'm about to

938

00:34:01,509 --> 00:33:59,440

watch the finale

939

00:34:03,110 --> 00:34:01,519

now it's i've watched a full series in a

940

00:34:05,350 --> 00:34:03,120

day it was really good

941

00:34:07,430 --> 00:34:05,360

and then you forget about it for a year

942

00:34:09,990 --> 00:34:07,440

yeah absolutely and it's kind of a

943

00:34:11,669 --> 00:34:10,000

testament to what tsa and lou and chon

944

00:34:13,190 --> 00:34:11,679

and everyone like that has done

945

00:34:15,589 --> 00:34:13,200

to kind of

946

00:34:18,069 --> 00:34:15,599

get it to a place where people would see

947

00:34:19,190 --> 00:34:18,079

something like that and shrug

948

00:34:22,069 --> 00:34:19,200

you know i

949

00:34:23,669 --> 00:34:22,079

say that's kind of

950

00:34:24,710 --> 00:34:23,679

what it looks like when the stigma goes

951
00:34:26,629 --> 00:34:24,720
away

952
00:34:28,710 --> 00:34:26,639
it's also part of the battle still just

953
00:34:31,030 --> 00:34:28,720
now isn't it that we still have those

954
00:34:32,950 --> 00:34:31,040
arguments and you see it online and i

955
00:34:35,430 --> 00:34:32,960
think everyone experienced it with the

956
00:34:37,349 --> 00:34:35,440
task force report build up as we saw

957
00:34:39,669 --> 00:34:37,359
more and more people commenting on

958
00:34:41,750 --> 00:34:39,679
threads and posts which was great but

959
00:34:44,230 --> 00:34:41,760
who weren't necessarily interested in

960
00:34:45,990 --> 00:34:44,240
the subject they were very skeptical and

961
00:34:47,909 --> 00:34:46,000
people who were very much dismissive of

962
00:34:50,149 --> 00:34:47,919
it as well and they came and got

963
00:34:51,510 --> 00:34:50,159

involved and quickly disappeared

964

00:34:53,829 --> 00:34:51,520

because

965

00:34:57,430 --> 00:34:53,839

the task force report came out it didn't

966

00:34:59,670 --> 00:34:57,440

say here are the aliens and it went away

967

00:35:02,710 --> 00:34:59,680

we know there's there's more to come you

968

00:35:04,310 --> 00:35:02,720

know there's follow-ups and

969

00:35:05,990 --> 00:35:04,320

and we're waiting on that next news drop

970

00:35:08,870 --> 00:35:06,000

that no doubt will be sooner than later

971

00:35:10,390 --> 00:35:08,880

i i would i would hasten to add but

972

00:35:13,109 --> 00:35:10,400

there's a lot of people who who need

973

00:35:15,589 --> 00:35:13,119

that instant news story news story news

974

00:35:16,870 --> 00:35:15,599

story bang bang bang like jeremy corbell

975

00:35:18,470 --> 00:35:16,880

was doing at one point where it was

976

00:35:20,069 --> 00:35:18,480

quite regular

977

00:35:22,390 --> 00:35:20,079

as big or small as it might be some

978

00:35:24,390 --> 00:35:22,400

people really need that talking point

979

00:35:26,870 --> 00:35:24,400

and when it's not there they don't want

980

00:35:28,470 --> 00:35:26,880

to dig into the the history or

981

00:35:29,910 --> 00:35:28,480

they won't want to necessarily listen to

982

00:35:31,430 --> 00:35:29,920

a show like this and

983

00:35:33,430 --> 00:35:31,440

think about the speculation and think

984

00:35:34,710 --> 00:35:33,440

about the ideas and i appreciate doing

985

00:35:36,550 --> 00:35:34,720

the listener calling shows where you

986

00:35:38,550 --> 00:35:36,560

hear people who found the podcast like

987

00:35:40,230 --> 00:35:38,560

three weeks ago one of the listeners

988

00:35:41,910 --> 00:35:40,240

sorry i can't remember their name but it

989

00:35:44,390 --> 00:35:41,920

was only three weeks ago that they found

990

00:35:46,550 --> 00:35:44,400

the podcast on spotify based on

991

00:35:48,870 --> 00:35:46,560

listening to david fraver i think it

992

00:35:51,670 --> 00:35:48,880

was on joe rogan and went looking for

993

00:35:53,349 --> 00:35:51,680

ufo podcasts so people now hopefully

994

00:35:55,190 --> 00:35:53,359

listen to this and go i've not thought

995

00:35:57,670 --> 00:35:55,200

of that idea before or that's

996

00:36:00,069 --> 00:35:57,680

interesting or they listen and dan and

997

00:36:02,230 --> 00:36:00,079

andy are talking total nonsense but it's

998

00:36:04,069 --> 00:36:02,240

made me think what if this

999

00:36:05,910 --> 00:36:04,079

and it just changes that evolves the

1000

00:36:08,069 --> 00:36:05,920

conversation a little bit for me which

1001

00:36:11,109 --> 00:36:08,079

which i find pretty pretty interesting

1002

00:36:12,470 --> 00:36:11,119

um but yeah i think in 2021 you're right

1003

00:36:14,710 --> 00:36:12,480

there's that but what are the

1004

00:36:15,910 --> 00:36:14,720

kardashians doing what does kanye think

1005

00:36:18,470 --> 00:36:15,920

of all this

1006

00:36:21,190 --> 00:36:18,480

there are there are the questions um

1007

00:36:23,430 --> 00:36:21,200

bikier um got in touch and he was

1008

00:36:25,030 --> 00:36:23,440

curious that he would want to know how

1009

00:36:26,870 --> 00:36:25,040

long that potentially they have been

1010

00:36:28,790 --> 00:36:26,880

visiting here after they've been

1011

00:36:31,109 --> 00:36:28,800

observing us and what their opinion of

1012

00:36:32,950 --> 00:36:31,119

the human race is as a whole probably

1013

00:36:35,270 --> 00:36:32,960

best avoiding that opinion question

1014

00:36:37,349 --> 00:36:35,280

right at the minute um but what do you

1015

00:36:38,870 --> 00:36:37,359

think about the the immediate questions

1016

00:36:42,150 --> 00:36:38,880

of do you think people would want to

1017

00:36:43,670 --> 00:36:42,160

know like the general public

1018

00:36:45,349 --> 00:36:43,680

i think they would

1019

00:36:47,589 --> 00:36:45,359

you know as much as

1020

00:36:48,550 --> 00:36:47,599

the attention spans are sure these days

1021

00:36:51,510 --> 00:36:48,560

people

1022

00:36:53,750 --> 00:36:51,520

were fascinated before you know when in

1023

00:36:55,270 --> 00:36:53,760

the lead up to the ua ptf

1024

00:36:56,790 --> 00:36:55,280

um

1025

00:36:58,630 --> 00:36:56,800

people really love the subject they're

1026
00:37:00,230 --> 00:36:58,640
intrigued by it they want to know about

1027
00:37:02,069 --> 00:37:00,240
it it's just how much attention they're

1028
00:37:03,430 --> 00:37:02,079
willing to give it unless

1029
00:37:06,069 --> 00:37:03,440
you know

1030
00:37:07,670 --> 00:37:06,079
an alien being is on their lawn

1031
00:37:10,390 --> 00:37:07,680
would you rather

1032
00:37:11,190 --> 00:37:10,400
that you had option a as

1033
00:37:15,030 --> 00:37:11,200
we

1034
00:37:16,950 --> 00:37:15,040
meet an alien 80 intelligence non-human

1035
00:37:18,870 --> 00:37:16,960
and they've been observing us and they

1036
00:37:19,750 --> 00:37:18,880
know all about us or would you rather we

1037
00:37:22,470 --> 00:37:19,760
got

1038
00:37:23,829 --> 00:37:22,480

total stranger tourists fresh off the

1039

00:37:26,069 --> 00:37:23,839

fresh off the bus

1040

00:37:27,030 --> 00:37:26,079

they arrive here and they are like you

1041

00:37:30,710 --> 00:37:27,040

know what we have literally just

1042

00:37:35,670 --> 00:37:33,670

i think the second one just because we'd

1043

00:37:36,470 --> 00:37:35,680

be on an evil and kill then but there

1044

00:37:37,990 --> 00:37:36,480

are other

1045

00:37:40,950 --> 00:37:38,000

laws up to the first

1046

00:37:42,230 --> 00:37:40,960

well i i i'm of the opinion that if they

1047

00:37:43,510 --> 00:37:42,240

were going to do that that would have

1048

00:37:45,190 --> 00:37:43,520

happened

1049

00:37:46,630 --> 00:37:45,200

you know a long while ago

1050

00:37:48,470 --> 00:37:46,640

um

1051
00:37:49,829 --> 00:37:48,480
but yeah there are benefits the first

1052
00:37:52,150 --> 00:37:49,839
because you know we we don't know the

1053
00:37:54,470 --> 00:37:52,160
history of this planet we there are a

1054
00:37:56,790 --> 00:37:54,480
lot of things we do not know that they

1055
00:38:00,230 --> 00:37:56,800
could help us with i guess

1056
00:38:02,390 --> 00:38:00,240
yeah absolutely um big here also adds

1057
00:38:04,390 --> 00:38:02,400
he's worried about people choosing sides

1058
00:38:06,230 --> 00:38:04,400
even if the aliens themselves said they

1059
00:38:07,829 --> 00:38:06,240
aren't here to harm us people would

1060
00:38:10,230 --> 00:38:07,839
still choose to believe them or not

1061
00:38:11,910 --> 00:38:10,240
believe them that's spot on yet

1062
00:38:13,589 --> 00:38:11,920
i think an issue that could be solved

1063
00:38:15,270 --> 00:38:13,599

immediately is finding out if these

1064

00:38:17,349 --> 00:38:15,280

objects are a danger to commercial

1065

00:38:19,349 --> 00:38:17,359

airlines should we be concerned about

1066

00:38:21,670 --> 00:38:19,359

crashing into a ufo on our trip to

1067

00:38:23,750 --> 00:38:21,680

cancun for spring break or do these

1068

00:38:26,310 --> 00:38:23,760

craft have some super advanced collision

1069

00:38:28,470 --> 00:38:26,320

avoidance systems on board that's kind

1070

00:38:30,710 --> 00:38:28,480

of where we are right now right

1071

00:38:33,109 --> 00:38:30,720

yeah you know we've got the faa

1072

00:38:35,430 --> 00:38:33,119

coming out saying

1073

00:38:37,190 --> 00:38:35,440

that you know they they are kind of kind

1074

00:38:38,550 --> 00:38:37,200

of amassing sightings report and they

1075

00:38:39,750 --> 00:38:38,560

have a database

1076

00:38:42,630 --> 00:38:39,760

um

1077

00:38:45,190 --> 00:38:42,640

and the threat question is really about

1078

00:38:46,950 --> 00:38:45,200

in our everyday lives i.e you know when

1079

00:38:50,630 --> 00:38:46,960

dave fraver and all the people that

1080

00:38:52,630 --> 00:38:50,640

succeeded him go off and do their thing

1081

00:38:54,630 --> 00:38:52,640

are these things being there

1082

00:38:56,470 --> 00:38:54,640

just in that alone

1083

00:38:58,310 --> 00:38:56,480

um a threat

1084

00:38:59,750 --> 00:38:58,320

and yeah it's possible you know unless

1085

00:39:01,430 --> 00:38:59,760

unless we know they have an

1086

00:39:04,390 --> 00:39:01,440

anti-collision thing it's something that

1087

00:39:05,990 --> 00:39:04,400

we we really do have to figure out

1088

00:39:08,870 --> 00:39:06,000

i can't remember who i was talking to it

1089

00:39:11,750 --> 00:39:08,880

was in the group with uap media or on

1090

00:39:13,670 --> 00:39:11,760

the discord chat or and i mentioned i

1091

00:39:15,670 --> 00:39:13,680

might have been the discord chat talking

1092

00:39:17,589 --> 00:39:15,680

about how you know when you're trying to

1093

00:39:19,270 --> 00:39:17,599

and you shouldn't swap flies but you

1094

00:39:20,950 --> 00:39:19,280

know with your hand and a flies flying

1095

00:39:22,550 --> 00:39:20,960

towards you and you just can't seem to

1096

00:39:25,589 --> 00:39:22,560

hit it

1097

00:39:27,829 --> 00:39:25,599

and so basically yesterday um dj from

1098

00:39:29,990 --> 00:39:27,839

life mma in nba was on a live stream

1099

00:39:31,910 --> 00:39:30,000

with nathan who is a wave soul one of

1100

00:39:33,990 --> 00:39:31,920

our listeners and very good listener too

1101

00:39:36,150 --> 00:39:34,000

always good to hear from him and uh

1102

00:39:37,430 --> 00:39:36,160

chris leto yeah has his youtube channel

1103

00:39:39,510 --> 00:39:37,440

it's a really good chat

1104

00:39:41,270 --> 00:39:39,520

and i i mentioned dan something you'd

1105

00:39:43,829 --> 00:39:41,280

picked up on previously that you've

1106

00:39:46,069 --> 00:39:43,839

mentioned but not many people do as the

1107

00:39:47,910 --> 00:39:46,079

the way the tic tac apparently was was

1108

00:39:50,950 --> 00:39:47,920

tumbling when it was above the ocean

1109

00:39:53,589 --> 00:39:50,960

yeah it wasn't necessarily sitting

1110

00:39:54,390 --> 00:39:53,599

straight and and moving left to right it

1111

00:39:56,069 --> 00:39:54,400

was

1112

00:39:57,670 --> 00:39:56,079

and i like you liking it too when you

1113

00:39:59,589 --> 00:39:57,680

drop your mobile phone

1114

00:40:01,910 --> 00:39:59,599

and it tumbles out your hands that's

1115

00:40:03,510 --> 00:40:01,920

literally a quote uh alex has said that

1116

00:40:05,030 --> 00:40:03,520

herself okay

1117

00:40:06,630 --> 00:40:05,040

like when a

1118

00:40:08,310 --> 00:40:06,640

phone hits the floor and i i kind of

1119

00:40:10,069 --> 00:40:08,320

likened it i said oh yeah when a rugby

1120

00:40:12,310 --> 00:40:10,079

bull bounces you can't really tell which

1121

00:40:13,990 --> 00:40:12,320

way it's going to go and it just

1122

00:40:17,190 --> 00:40:14,000

you know looks weird

1123

00:40:18,550 --> 00:40:17,200

yeah so i i happen to mention that with

1124

00:40:19,829 --> 00:40:18,560

them as well um

1125

00:40:22,310 --> 00:40:19,839

[Music]

1126
00:40:23,750 --> 00:40:22,320
so they have a very erratic movement

1127
00:40:26,150 --> 00:40:23,760
like when you're trying to swat a fly

1128
00:40:27,270 --> 00:40:26,160
you don't understand how or why it moves

1129
00:40:28,790 --> 00:40:27,280
the way it does

1130
00:40:31,510 --> 00:40:28,800
and anytime you think you're going to

1131
00:40:33,670 --> 00:40:31,520
get it or you know again sorry people

1132
00:40:35,349 --> 00:40:33,680
who are fans of flies but you know knock

1133
00:40:36,470 --> 00:40:35,359
a fly with a towel or get out of the way

1134
00:40:38,550 --> 00:40:36,480
you know it's going to land on the kid's

1135
00:40:40,390 --> 00:40:38,560
foot or something and it moves at the

1136
00:40:43,510 --> 00:40:40,400
last minute and that's the way these

1137
00:40:45,750 --> 00:40:43,520
objects seem to react that it's it's not

1138
00:40:46,710 --> 00:40:45,760

an issue until the very last second and

1139

00:40:48,710 --> 00:40:46,720

then

1140

00:40:50,870 --> 00:40:48,720

bang a right angle turn and it moves out

1141

00:40:52,870 --> 00:40:50,880

the way or it accelerates off

1142

00:40:54,230 --> 00:40:52,880

and i just wonder is there some kind of

1143

00:40:55,510 --> 00:40:54,240

awareness

1144

00:40:57,910 --> 00:40:55,520

whether they're biological or

1145

00:40:59,990 --> 00:40:57,920

non-biological that

1146

00:41:02,069 --> 00:41:00,000

it's just not an issue we we literally

1147

00:41:04,309 --> 00:41:02,079

can't interact with them physically and

1148

00:41:05,990 --> 00:41:04,319

that's where maybe the emp stuff may

1149

00:41:06,790 --> 00:41:06,000

play a part with some of them being able

1150

00:41:09,349 --> 00:41:06,800

to

1151

00:41:10,630 --> 00:41:09,359

knock them out as such but

1152

00:41:13,030 --> 00:41:10,640

so i wonder on that when it comes to

1153

00:41:14,390 --> 00:41:13,040

like anti-collision type systems i i

1154

00:41:16,150 --> 00:41:14,400

don't think that would be any sort of

1155

00:41:18,150 --> 00:41:16,160

issue with it i mean we've got tesla's

1156

00:41:22,790 --> 00:41:18,160

kind of doing the same thing now

1157

00:41:26,870 --> 00:41:24,230

they they seem to work pretty well in

1158

00:41:30,230 --> 00:41:26,880

california um and and not much other

1159

00:41:31,670 --> 00:41:30,240

places but yeah you're right um you know

1160

00:41:33,670 --> 00:41:31,680

we're talking to officially advanced

1161

00:41:35,589 --> 00:41:33,680

technology i think this is why people

1162

00:41:37,430 --> 00:41:35,599

talk about these craft being gifted to

1163

00:41:38,870 --> 00:41:37,440

us so much because we think well they're

1164

00:41:41,670 --> 00:41:38,880

so advanced how the hell are they

1165

00:41:42,870 --> 00:41:41,680

crashing um

1166

00:41:44,230 --> 00:41:42,880

and the the kind of the

1167

00:41:46,470 --> 00:41:44,240

inter-dimensional i think we spoke the

1168

00:41:49,670 --> 00:41:46,480

other day about them kind of maybe being

1169

00:41:51,670 --> 00:41:49,680

a window into here um you know

1170

00:41:53,910 --> 00:41:51,680

windows don't crash into each other they

1171

00:41:55,510 --> 00:41:53,920

they just it's not a thing we've ever

1172

00:41:58,309 --> 00:41:55,520

worried about because then that's an

1173

00:42:00,470 --> 00:41:58,319

assumed infallibility with these objects

1174

00:42:04,230 --> 00:42:00,480

that we go there are so much more

1175

00:42:06,710 --> 00:42:04,240

advanced and better they must be perfect

1176

00:42:09,589 --> 00:42:06,720

yes so why why couldn't a really

1177

00:42:12,230 --> 00:42:09,599

advanced civilization that travels from

1178

00:42:14,870 --> 00:42:12,240

another dimension another star system

1179

00:42:16,470 --> 00:42:14,880

another universe why couldn't any

1180

00:42:18,630 --> 00:42:16,480

potential craft

1181

00:42:20,390 --> 00:42:18,640

still

1182

00:42:22,630 --> 00:42:20,400

fail

1183

00:42:24,470 --> 00:42:22,640

we we just assume because it's more than

1184

00:42:27,190 --> 00:42:24,480

likely isn't it that that's what it is

1185

00:42:29,670 --> 00:42:27,200

it's just an assumption but why couldn't

1186

00:42:31,670 --> 00:42:29,680

they still have an issue yeah and that

1187

00:42:33,109 --> 00:42:31,680

you know we say that uh flying in an

1188

00:42:35,670 --> 00:42:33,119

airplane is one of the safest ways to

1189

00:42:37,030 --> 00:42:35,680

travel but they still crash a lot and

1190

00:42:38,710 --> 00:42:37,040

you know we don't find them and things

1191

00:42:40,230 --> 00:42:38,720

like that so

1192

00:42:41,750 --> 00:42:40,240

and and we all know the more advanced

1193

00:42:43,430 --> 00:42:41,760

our computers get the harder they are to

1194

00:42:45,349 --> 00:42:43,440

fix and the more likely they are to go

1195

00:42:47,990 --> 00:42:45,359

wrong so on so forth so

1196

00:42:49,349 --> 00:42:48,000

yeah i i would think that even advanced

1197

00:42:51,030 --> 00:42:49,359

technology

1198

00:42:54,069 --> 00:42:51,040

would go wrong

1199

00:42:55,990 --> 00:42:54,079

potentially sometimes yeah yeah carve

1200

00:42:59,430 --> 00:42:56,000

and april had really similar points so

1201
00:43:00,790 --> 00:42:59,440
thank you both um they were curious of

1202
00:43:02,390 --> 00:43:00,800
how long and how close they've been

1203
00:43:04,390 --> 00:43:02,400
watching like you mentioned before but

1204
00:43:06,790 --> 00:43:04,400
they both brought up do they have

1205
00:43:09,270 --> 00:43:06,800
historical records and have they been

1206
00:43:10,630 --> 00:43:09,280
around to witness mass extinction

1207
00:43:12,710 --> 00:43:10,640
extinction

1208
00:43:15,349 --> 00:43:12,720
god almighty have they been around to

1209
00:43:17,349 --> 00:43:15,359
witness mass extinction events or

1210
00:43:19,910 --> 00:43:17,359
potentially have they helped circumnat

1211
00:43:21,510 --> 00:43:19,920
circumvent any disasters that could have

1212
00:43:23,829 --> 00:43:21,520
happened what are your thoughts on that

1213
00:43:27,430 --> 00:43:23,839

then that would be really interesting

1214

00:43:32,630 --> 00:43:28,870

i like to think that if i was in a

1215

00:43:34,390 --> 00:43:32,640

spaceship and a planet was you know

1216

00:43:35,910 --> 00:43:34,400

imploding

1217

00:43:41,510 --> 00:43:35,920

that

1218

00:43:43,670 --> 00:43:41,520

would be to save

1219

00:43:44,030 --> 00:43:43,680

some of the people as many as you could

1220

00:43:45,589 --> 00:43:44,040

um

1221

00:43:48,790 --> 00:43:45,599

[Music]

1222

00:43:51,430 --> 00:43:48,800

so i wonder i wonder if

1223

00:43:53,190 --> 00:43:51,440

it almost makes you wonder

1224

00:43:55,349 --> 00:43:53,200

if that's happened in the past where

1225

00:43:57,589 --> 00:43:55,359

those people would be now um and if they

1226
00:43:59,349 --> 00:43:57,599
just kind of you know there's all these

1227
00:44:01,910 --> 00:43:59,359
very very

1228
00:44:03,990 --> 00:44:01,920
humanoid races out there that are on

1229
00:44:05,829 --> 00:44:04,000
different planets caused by literally

1230
00:44:08,069 --> 00:44:05,839
that you know rescue operations

1231
00:44:09,510 --> 00:44:08,079
essentially by the observers it's an

1232
00:44:11,589 --> 00:44:09,520
awful thing to think of but you know how

1233
00:44:13,349 --> 00:44:11,599
we always hear how we're on the verge or

1234
00:44:15,910 --> 00:44:13,359
like the precipice of the next mass

1235
00:44:18,230 --> 00:44:15,920
extinction event or we're overdue

1236
00:44:20,150 --> 00:44:18,240
another ice age or something like that

1237
00:44:21,990 --> 00:44:20,160
yeah maybe the the abduction history

1238
00:44:23,349 --> 00:44:22,000

from the last kind of 50 to 100 years

1239

00:44:25,190 --> 00:44:23,359

has literally been

1240

00:44:26,150 --> 00:44:25,200

let's take some samples of this species

1241

00:44:27,990 --> 00:44:26,160

because

1242

00:44:29,990 --> 00:44:28,000

from their point of view of time and how

1243

00:44:32,150 --> 00:44:30,000

they view time it's literally about to

1244

00:44:34,390 --> 00:44:32,160

happen whereas for us it could be

1245

00:44:35,750 --> 00:44:34,400

weeks years or hundreds of years away

1246

00:44:37,349 --> 00:44:35,760

but for them that's that's pretty

1247

00:44:38,950 --> 00:44:37,359

imminent so yeah some of these

1248

00:44:40,710 --> 00:44:38,960

abductions is literally a case of uh

1249

00:44:42,710 --> 00:44:40,720

let's save some of the species

1250

00:44:47,510 --> 00:44:42,720

and and there are kind of some schools

1251

00:44:50,390 --> 00:44:49,030

you know the

1252

00:44:52,309 --> 00:44:50,400

the visitors

1253

00:44:53,829 --> 00:44:52,319

kind of hit a reset button for us every

1254

00:44:55,510 --> 00:44:53,839

now and then and that we're a grand

1255

00:44:57,270 --> 00:44:55,520

experiment by them

1256

00:44:59,430 --> 00:44:57,280

that's a much more

1257

00:45:01,589 --> 00:44:59,440

negative one though

1258

00:45:03,430 --> 00:45:01,599

that's like my example i used ages ago

1259

00:45:04,390 --> 00:45:03,440

of the sims

1260

00:45:06,710 --> 00:45:04,400

you've got a couple of different

1261

00:45:08,550 --> 00:45:06,720

entities and races playing the sims and

1262

00:45:10,390 --> 00:45:08,560

they're watching us and some are really

1263

00:45:11,990 --> 00:45:10,400

invested at the start and then as time

1264

00:45:13,589 --> 00:45:12,000

goes on they kind of don't want to play

1265

00:45:15,750 --> 00:45:13,599

the game anymore and eventually someone

1266

00:45:17,670 --> 00:45:15,760

puts it back on and goes yeah this isn't

1267

00:45:20,150 --> 00:45:17,680

really going the way i wanted it to so

1268

00:45:22,230 --> 00:45:20,160

let's start the game over again

1269

00:45:24,150 --> 00:45:22,240

i would hope not but you know you never

1270

00:45:26,470 --> 00:45:24,160

know um so yeah that's some interesting

1271

00:45:29,030 --> 00:45:26,480

ideas from april and carve

1272

00:45:31,589 --> 00:45:29,040

uh next one yeah sure

1273

00:45:34,150 --> 00:45:31,599

next one is is from mikey and

1274

00:45:35,829 --> 00:45:34,160

he mentions really interestingly

1275

00:45:37,990 --> 00:45:35,839

he made some great points and a lot of

1276
00:45:41,589 --> 00:45:38,000
them have been brought up already which

1277
00:45:43,910 --> 00:45:41,599
which is great but he mentions fake news

1278
00:45:47,349 --> 00:45:43,920
starts spreading on the internet which

1279
00:45:48,160 --> 00:45:47,359
covers every narrative the internet and

1280
00:45:49,349 --> 00:45:48,170
its role in

1281
00:45:51,829 --> 00:45:49,359
[Music]

1282
00:45:55,430 --> 00:45:51,839
what would happen going forward and how

1283
00:46:01,190 --> 00:45:57,990
i mean to put it bluntly am i let's

1284
00:46:04,069 --> 00:46:01,200
swear it's a show

1285
00:46:07,430 --> 00:46:04,079
no they they would be

1286
00:46:08,630 --> 00:46:07,440
people probably remember heaven's gate

1287
00:46:12,150 --> 00:46:08,640
and you know what happened there with

1288
00:46:13,030 --> 00:46:12,160

the cult kind of the suicide call

1289

00:46:15,829 --> 00:46:13,040

um

1290

00:46:18,630 --> 00:46:15,839

and i think we would get a lot of that

1291

00:46:20,309 --> 00:46:18,640

um from the narratives that would kind

1292

00:46:21,430 --> 00:46:20,319

of go on out there

1293

00:46:23,750 --> 00:46:21,440

um

1294

00:46:26,309 --> 00:46:23,760

i could imagine people

1295

00:46:28,790 --> 00:46:26,319

like corey good david wilcox you know

1296

00:46:31,109 --> 00:46:28,800

tons of forth really doubling down and

1297

00:46:32,230 --> 00:46:31,119

kind of go in the conspiracy route

1298

00:46:33,910 --> 00:46:32,240

um

1299

00:46:35,750 --> 00:46:33,920

but that that kind of feels surreal to

1300

00:46:37,829 --> 00:46:35,760

me that

1301
00:46:41,030 --> 00:46:37,839
they they'd go so much worse because

1302
00:46:43,910 --> 00:46:41,040
aliens would be here for real um but

1303
00:46:46,630 --> 00:46:43,920
yeah the misinformation would

1304
00:46:48,470 --> 00:46:46,640
spread very very quickly i think

1305
00:46:50,710 --> 00:46:48,480
there's a possibility some countries

1306
00:46:52,630 --> 00:46:50,720
would use their kind of bot farms and

1307
00:46:55,270 --> 00:46:52,640
things like that to imply they maybe had

1308
00:46:56,950 --> 00:46:55,280
more information than they did um or a

1309
00:46:59,109 --> 00:46:56,960
better relationship with the visitors

1310
00:47:00,309 --> 00:46:59,119
than they did

1311
00:47:03,190 --> 00:47:00,319
there would be

1312
00:47:05,190 --> 00:47:03,200
a lot of political games happening

1313
00:47:07,030 --> 00:47:05,200

a lot of people give in opinions where

1314

00:47:08,950 --> 00:47:07,040

they have no information instead of

1315

00:47:11,270 --> 00:47:08,960

waiting for the information

1316

00:47:13,670 --> 00:47:11,280

um and i would really hope in that

1317

00:47:17,829 --> 00:47:13,680

situation that very quickly

1318

00:47:20,230 --> 00:47:17,839

a kind of a group with a public-facing

1319

00:47:21,589 --> 00:47:20,240

department would be formed where the

1320

00:47:24,069 --> 00:47:21,599

public could actually be properly

1321

00:47:24,870 --> 00:47:24,079

informed and have a central repository

1322

00:47:27,589 --> 00:47:24,880

for

1323

00:47:29,270 --> 00:47:27,599

everything that's been officially shared

1324

00:47:31,349 --> 00:47:29,280

and mickey shared a lot of other ideas

1325

00:47:33,670 --> 00:47:31,359

on there but he did kind of end it with

1326

00:47:35,430 --> 00:47:33,680

um that over over the coming months

1327

00:47:37,510 --> 00:47:35,440

things get better like with covid

1328

00:47:40,470 --> 00:47:37,520

there's a new normal and we would we

1329

00:47:42,069 --> 00:47:40,480

would settle into it um

1330

00:47:44,230 --> 00:47:42,079

he did also mention all just given the

1331

00:47:45,910 --> 00:47:44,240

timing of it that uh celebrations would

1332

00:47:49,030 --> 00:47:45,920

still be ongoing from england winning

1333

00:47:50,950 --> 00:47:49,040

the euros um that never happened sorry

1334

00:47:53,670 --> 00:47:50,960

to any english

1335

00:47:56,630 --> 00:47:53,680

um but dan's welsh and i'm scottish so

1336

00:47:58,950 --> 00:47:56,640

that says it all um erin uh who's all

1337

00:48:01,190 --> 00:47:58,960

nice to hear from lots of jostling for

1338

00:48:04,870 --> 00:48:01,200

influence from world leaders celebrities

1339

00:48:07,190 --> 00:48:04,880

the the bezos branson musk types a mix

1340

00:48:09,270 --> 00:48:07,200

of fear or disbelief and military

1341

00:48:11,910 --> 00:48:09,280

industrial scheming for how best to get

1342

00:48:13,589 --> 00:48:11,920

them to help exploit resources or

1343

00:48:15,030 --> 00:48:13,599

technology

1344

00:48:17,270 --> 00:48:15,040

medicine done

1345

00:48:19,270 --> 00:48:17,280

keeping it broad in general there's this

1346

00:48:21,910 --> 00:48:19,280

idea again that any alien race would

1347

00:48:23,750 --> 00:48:21,920

come down and fix all our ailments

1348

00:48:26,470 --> 00:48:23,760

straight away

1349

00:48:29,190 --> 00:48:26,480

why do you think that is

1350

00:48:31,109 --> 00:48:29,200

again it depends on them because where

1351

00:48:32,790 --> 00:48:31,119

carbon-based life forms everything works

1352

00:48:35,109 --> 00:48:32,800

a certain way if the aliens came here

1353

00:48:37,030 --> 00:48:35,119

and they hadn't viewed us before you

1354

00:48:38,630 --> 00:48:37,040

know if they've just bumped into us they

1355

00:48:41,030 --> 00:48:38,640

wouldn't have a clue how to treat us

1356

00:48:42,470 --> 00:48:41,040

quite frankly um

1357

00:48:44,069 --> 00:48:42,480

any other form of life would know how to

1358

00:48:46,710 --> 00:48:44,079

treat themselves they would know how to

1359

00:48:48,870 --> 00:48:46,720

treat things they'd encountered

1360

00:48:51,349 --> 00:48:48,880

but anything outside of their kind of

1361

00:48:52,790 --> 00:48:51,359

experience would be

1362

00:48:54,710 --> 00:48:52,800

you know they wouldn't even know how to

1363

00:48:56,790 --> 00:48:54,720

fix a paper cut they'd probably find it

1364

00:48:58,549 --> 00:48:56,800

fascinating that our bodies heal it

1365

00:49:00,150 --> 00:48:58,559

could be a unique ability that we have

1366

00:49:02,470 --> 00:49:00,160

we just don't know

1367

00:49:04,230 --> 00:49:02,480

so i i wouldn't take just assume that

1368

00:49:06,390 --> 00:49:04,240

that's going to happen you know

1369

00:49:09,030 --> 00:49:06,400

yeah absolutely and i like the idea as

1370

00:49:10,870 --> 00:49:09,040

well that um eric wren also mentions

1371

00:49:12,710 --> 00:49:10,880

we're assuming that we would be able to

1372

00:49:13,990 --> 00:49:12,720

communicate at all

1373

00:49:16,630 --> 00:49:14,000

um yeah

1374

00:49:18,710 --> 00:49:16,640

that's a big one for me

1375

00:49:20,710 --> 00:49:18,720

oh yeah we'll work it out or it would be

1376

00:49:22,950 --> 00:49:20,720

ai or you know we could use lights but

1377

00:49:24,630 --> 00:49:22,960

imagine just there was nothing we just

1378

00:49:26,549 --> 00:49:24,640

couldn't figure out how to do it yeah

1379

00:49:28,150 --> 00:49:26,559

absolutely i was talking to a friend and

1380

00:49:30,470 --> 00:49:28,160

we were talking about intelligent life

1381

00:49:33,190 --> 00:49:30,480

and where the kind of the line is for

1382

00:49:35,589 --> 00:49:33,200

that and we quickly got to the point

1383

00:49:38,390 --> 00:49:35,599

that we think communication would be our

1384

00:49:40,549 --> 00:49:38,400

kind of yardstick um just because

1385

00:49:42,829 --> 00:49:40,559

without communication you literally

1386

00:49:44,390 --> 00:49:42,839

cannot communicate that you're as

1387

00:49:47,270 --> 00:49:44,400

intelligent

1388

00:49:49,670 --> 00:49:47,280

um you know rats might think about

1389

00:49:51,510 --> 00:49:49,680

the stars for all we know but we think

1390

00:49:53,270 --> 00:49:51,520

that they just like the little boxes in

1391

00:49:55,349 --> 00:49:53,280

labs and things you know

1392

00:49:57,030 --> 00:49:55,359

absolutely karen had a lot of really

1393

00:49:58,950 --> 00:49:57,040

good points um

1394

00:50:01,030 --> 00:49:58,960

one of our questions straight away would

1395

00:50:02,470 --> 00:50:01,040

be where are they from and what do they

1396

00:50:03,750 --> 00:50:02,480

want

1397

00:50:05,910 --> 00:50:03,760

so there's an interesting take

1398

00:50:08,230 --> 00:50:05,920

straightaway of what do they want

1399

00:50:10,950 --> 00:50:08,240

usually you assume it's you know peace

1400

00:50:14,470 --> 00:50:10,960

loving light and all that nonsense but

1401
00:50:18,230 --> 00:50:14,480
do you think there would be a massive

1402
00:50:20,309 --> 00:50:18,240
element of trepidation as to

1403
00:50:21,910 --> 00:50:20,319
just as as human beings that we would be

1404
00:50:23,589 --> 00:50:21,920
naturally wary and suspicious

1405
00:50:25,109 --> 00:50:23,599
potentially

1406
00:50:27,990 --> 00:50:25,119
possibly

1407
00:50:29,670 --> 00:50:28,000
you know we i i think

1408
00:50:30,549 --> 00:50:29,680
there's almost an intelligence game that

1409
00:50:32,230 --> 00:50:30,559
would be

1410
00:50:34,150 --> 00:50:32,240
it would start playing the second that

1411
00:50:36,309 --> 00:50:34,160
they revealed themselves right or the

1412
00:50:38,790 --> 00:50:36,319
second that anyone knew that they were

1413
00:50:41,270 --> 00:50:38,800

here um we we know that the intelligence

1414

00:50:45,910 --> 00:50:41,280

agencies haven't let this go since as

1415

00:50:49,349 --> 00:50:47,270

on that thought dan

1416

00:50:51,109 --> 00:50:49,359

what would be really funny as if like

1417

00:50:53,349 --> 00:50:51,119

the aliens landed and came out some kind

1418

00:50:55,030 --> 00:50:53,359

of ship and as they walked down the ramp

1419

00:50:57,190 --> 00:50:55,040

some general somewhere turns to his

1420

00:50:59,670 --> 00:50:57,200

friend and goes that's not the ones

1421

00:51:01,589 --> 00:50:59,680

we've got

1422

00:51:03,430 --> 00:51:01,599

now that's a good film opening

1423

00:51:05,910 --> 00:51:03,440

that that would be good winter ah that's

1424

00:51:07,030 --> 00:51:05,920

that's not the ones we're aware of like

1425

00:51:08,950 --> 00:51:07,040

but that goes back we had that

1426
00:51:10,710 --> 00:51:08,960
conversation that recently i think i

1427
00:51:12,309 --> 00:51:10,720
asked the question of

1428
00:51:14,549 --> 00:51:12,319
do they know about each other do

1429
00:51:15,910 --> 00:51:14,559
different beings and entities have an

1430
00:51:18,150 --> 00:51:15,920
awareness that

1431
00:51:20,470 --> 00:51:18,160
you know say there's another

1432
00:51:23,030 --> 00:51:20,480
say these others are based here whether

1433
00:51:25,430 --> 00:51:23,040
it's our reality or physically on this

1434
00:51:27,589 --> 00:51:25,440
planet or or otherwise but then that

1435
00:51:30,069 --> 00:51:27,599
there are let's just use mars there are

1436
00:51:33,030 --> 00:51:30,079
flying sources coming from mars okay

1437
00:51:35,349 --> 00:51:33,040
like do they know about those other

1438
00:51:37,670 --> 00:51:35,359

beings here or do they know it's just

1439

00:51:39,990 --> 00:51:37,680

there's a planet with life or it or or

1440

00:51:40,790 --> 00:51:40,000

do the others based on this planet know

1441

00:51:42,790 --> 00:51:40,800

of

1442

00:51:44,790 --> 00:51:42,800

x y and z out there in the universe like

1443

00:51:46,230 --> 00:51:44,800

again there's an assumed knowledge that

1444

00:51:47,910 --> 00:51:46,240

oh they can answer all the questions

1445

00:51:51,510 --> 00:51:47,920

isn't there

1446

00:51:52,870 --> 00:51:51,520

yeah absolutely we we for some reason we

1447

00:51:54,870 --> 00:51:52,880

just assumed that they're going to be

1448

00:51:56,790 --> 00:51:54,880

smarter than us it would be interesting

1449

00:51:59,109 --> 00:51:56,800

if they showed up and we were on an even

1450

00:52:02,150 --> 00:51:59,119

keel or you know the opposite would that

1451

00:52:03,270 --> 00:52:02,160

not be really disappointing

1452

00:52:05,510 --> 00:52:03,280

a little bit

1453

00:52:07,750 --> 00:52:05,520

uh are you thinking can a district name

1454

00:52:09,030 --> 00:52:07,760

where an alien race come down and need

1455

00:52:10,390 --> 00:52:09,040

our help

1456

00:52:12,230 --> 00:52:10,400

and they're like they're like refugees

1457

00:52:13,670 --> 00:52:12,240

so you'd be like ah we we kind of wanted

1458

00:52:15,030 --> 00:52:13,680

your help and they're like no no no you

1459

00:52:17,109 --> 00:52:15,040

have to help us

1460

00:52:18,870 --> 00:52:17,119

yeah and i mean uh a rival did that too

1461

00:52:20,790 --> 00:52:18,880

right the the point of the aliens visit

1462

00:52:22,309 --> 00:52:20,800

him was to ask for humanity's help and

1463

00:52:24,470 --> 00:52:22,319

then they gave them a machine and

1464

00:52:27,030 --> 00:52:24,480

basically said in you know i think it

1465

00:52:29,430 --> 00:52:27,040

was 10 years or maybe 50 100 we'll be

1466

00:52:30,829 --> 00:52:29,440

back and we we need you to have built

1467

00:52:33,430 --> 00:52:30,839

this for us

1468

00:52:35,910 --> 00:52:33,440

um in a way be disappointed but in

1469

00:52:37,750 --> 00:52:35,920

another way it kind of it fosters

1470

00:52:39,670 --> 00:52:37,760

friendship right

1471

00:52:41,430 --> 00:52:39,680

to work together so

1472

00:52:44,150 --> 00:52:41,440

i think it might be nice for us to feel

1473

00:52:46,870 --> 00:52:44,160

useful instead of useless

1474

00:52:48,470 --> 00:52:46,880

dave smith uh brings up an interesting

1475

00:52:51,190 --> 00:52:48,480

point again a lot of the topics have

1476

00:52:53,589 --> 00:52:51,200

been covered sort of already but he

1477

00:52:55,829 --> 00:52:53,599

ponders the idea that rogue nations such

1478

00:52:58,150 --> 00:52:55,839

as north korea and iran

1479

00:53:00,230 --> 00:52:58,160

would potentially use alien appearance

1480

00:53:01,990 --> 00:53:00,240

as leverage by threatening to attack

1481

00:53:04,390 --> 00:53:02,000

aliens so we are talking about the big

1482

00:53:06,630 --> 00:53:04,400

superpowers how do you think those other

1483

00:53:10,630 --> 00:53:06,640

maybe separatists or smaller nations

1484

00:53:15,349 --> 00:53:12,150

people tend to react badly when they're

1485

00:53:18,230 --> 00:53:15,359

left out i know that um

1486

00:53:23,270 --> 00:53:19,270

we did

1487

00:53:26,790 --> 00:53:25,030

being into aliens when you were going

1488

00:53:28,549 --> 00:53:26,800

through primary school that's

1489

00:53:30,950 --> 00:53:28,559

yeah true

1490

00:53:33,430 --> 00:53:30,960

but you know they do and there's kind of

1491

00:53:35,109 --> 00:53:33,440

posturing that goes on um

1492

00:53:37,589 --> 00:53:35,119

so

1493

00:53:40,950 --> 00:53:37,599

yeah i think there might be a few people

1494

00:53:44,710 --> 00:53:40,960

that kind of oh sorry a few nations that

1495

00:53:46,630 --> 00:53:44,720

don't step up to the plate so to speak

1496

00:53:48,230 --> 00:53:46,640

yeah yeah potentially it's an

1497

00:53:50,069 --> 00:53:48,240

interesting idea as well i mean it's not

1498

00:53:51,589 --> 00:53:50,079

the the nicest one and you can you kind

1499

00:53:53,510 --> 00:53:51,599

of go worst case scenario there don't

1500

00:53:56,230 --> 00:53:53,520

you but um

1501
00:53:58,309 --> 00:53:56,240
yeah dave also mentions

1502
00:54:00,390 --> 00:53:58,319
he mentions that potentially there would

1503
00:54:03,349 --> 00:54:00,400
be a blow to the scientific credibility

1504
00:54:05,349 --> 00:54:03,359
of the scientific community um having to

1505
00:54:07,349 --> 00:54:05,359
approach governments for the truth about

1506
00:54:08,950 --> 00:54:07,359
what might have been going on and then

1507
00:54:10,870 --> 00:54:08,960
you know about the potential cover-ups

1508
00:54:12,790 --> 00:54:10,880
that have been going on as well

1509
00:54:15,190 --> 00:54:12,800
do you think again in this scenario we

1510
00:54:16,309 --> 00:54:15,200
find out what's going on that

1511
00:54:18,790 --> 00:54:16,319
governments

1512
00:54:20,549 --> 00:54:18,800
or those organizations come forward i

1513
00:54:22,230 --> 00:54:20,559

mean let's just say lockheed martin's

1514

00:54:24,470 --> 00:54:22,240

got all the stuff from the us government

1515

00:54:26,309 --> 00:54:24,480

from from 70 years ago do they come

1516

00:54:28,870 --> 00:54:26,319

forward and go with the us government's

1517

00:54:30,230 --> 00:54:28,880

approval okay here's a technology that

1518

00:54:32,870 --> 00:54:30,240

we recovered and here's what we've been

1519

00:54:34,230 --> 00:54:32,880

working on with it

1520

00:54:36,710 --> 00:54:34,240

i don't think so

1521

00:54:38,390 --> 00:54:36,720

i i hope that they would if that has

1522

00:54:40,630 --> 00:54:38,400

happened because that's one of those

1523

00:54:42,230 --> 00:54:40,640

moments where

1524

00:54:43,910 --> 00:54:42,240

it defines

1525

00:54:47,109 --> 00:54:43,920

you trust

1526
00:54:49,030 --> 00:54:47,119
um the governments or not and without

1527
00:54:51,670 --> 00:54:49,040
any kind of organization

1528
00:54:52,390 --> 00:54:51,680
in such a massive paradigm shift like

1529
00:54:53,829 --> 00:54:52,400
that

1530
00:54:57,349 --> 00:54:53,839
um

1531
00:55:01,190 --> 00:54:58,870
worse off

1532
00:55:02,710 --> 00:55:01,200
um so i would hope in in a situation

1533
00:55:04,829 --> 00:55:02,720
like that everything one would come

1534
00:55:07,750 --> 00:55:04,839
clean um

1535
00:55:09,190 --> 00:55:07,760
but i i imagine as soon as they came

1536
00:55:11,430 --> 00:55:09,200
into the atmosphere

1537
00:55:13,270 --> 00:55:11,440
all we'd hear is uh paper shredders from

1538
00:55:19,109 --> 00:55:13,280

inside the pentagon they can't even keep

1539

00:55:21,349 --> 00:55:19,119

blue elena's emails undeleted um so yeah

1540

00:55:23,670 --> 00:55:21,359

danielle gonzalez had them some really

1541

00:55:25,030 --> 00:55:23,680

interesting points goes with the threat

1542

00:55:27,430 --> 00:55:25,040

narrative which i know isn't a very

1543

00:55:29,030 --> 00:55:27,440

popular one with a lot of people but um

1544

00:55:30,790 --> 00:55:29,040

i'll read out what she's got here then

1545

00:55:32,790 --> 00:55:30,800

you can give us your thoughts on it it's

1546

00:55:34,870 --> 00:55:32,800

hard not to jump to the big picture and

1547

00:55:36,710 --> 00:55:34,880

the long view so here are my thoughts

1548

00:55:38,390 --> 00:55:36,720

they are a threat in my opinion and we

1549

00:55:40,069 --> 00:55:38,400

can't stop them conventionally with our

1550

00:55:42,390 --> 00:55:40,079

current defense capabilities because

1551
00:55:44,470 --> 00:55:42,400
they can disarm our weapons but they

1552
00:55:46,230 --> 00:55:44,480
can't telepathically disarm 8 billion

1553
00:55:48,470 --> 00:55:46,240
humans if we were to resist their

1554
00:55:51,190 --> 00:55:48,480
presence clearly they have some kind of

1555
00:55:52,710 --> 00:55:51,200
programming agenda clearly they say we

1556
00:55:54,390 --> 00:55:52,720
are in big trouble with the climate but

1557
00:55:56,549 --> 00:55:54,400
they are not sharing the tech that could

1558
00:55:58,069 --> 00:55:56,559
mitigate our problem perhaps we aren't

1559
00:55:59,829 --> 00:55:58,079
evolved enough to employ their tech

1560
00:56:01,750 --> 00:55:59,839
because it involves a quantum leap in

1561
00:56:06,150 --> 00:56:01,760
consciousness and so they're just going

1562
00:56:09,349 --> 00:56:07,349
what do you think maybe they're just

1563
00:56:10,950 --> 00:56:09,359

waiting us out maybe they see the

1564

00:56:14,069 --> 00:56:10,960

process happening they want the planet

1565

00:56:15,589 --> 00:56:14,079

and they're just waiting for us to

1566

00:56:18,390 --> 00:56:15,599

have to deal with the consequences of

1567

00:56:19,990 --> 00:56:18,400

our actions of a you know an industry on

1568

00:56:21,510 --> 00:56:20,000

a global scale

1569

00:56:23,510 --> 00:56:21,520

so that would be going with the idea

1570

00:56:25,510 --> 00:56:23,520

that they would experience time in the

1571

00:56:27,030 --> 00:56:25,520

same the same way we do yeah they can

1572

00:56:29,510 --> 00:56:27,040

see the way it's going

1573

00:56:31,349 --> 00:56:29,520

okay um danielle also mentions about you

1574

00:56:34,230 --> 00:56:31,359

know and they potentially would use

1575

00:56:36,150 --> 00:56:34,240

hybridization to benefit themselves um

1576
00:56:37,750 --> 00:56:36,160
they're here for resources explorers are

1577
00:56:40,150 --> 00:56:37,760
always looking for resources to further

1578
00:56:42,470 --> 00:56:40,160
their own species and way of life

1579
00:56:44,470 --> 00:56:42,480
um again that's

1580
00:56:45,990 --> 00:56:44,480
that was something i went away from over

1581
00:56:47,990 --> 00:56:46,000
the years but more recently i've kind of

1582
00:56:49,670 --> 00:56:48,000
gone back to the idea that

1583
00:56:51,750 --> 00:56:49,680
the the earth is used as a bit of a

1584
00:56:54,230 --> 00:56:51,760
fueling station with the abundance of

1585
00:56:56,150 --> 00:56:54,240
water and hydrogen i think that's

1586
00:56:57,750 --> 00:56:56,160
something louis lozando's mentioned and

1587
00:56:59,589 --> 00:56:57,760
i know it's quite a popular trope in

1588
00:57:01,270 --> 00:56:59,599

movies isn't it that

1589

00:57:02,710 --> 00:57:01,280

the earth gets mimed for all sorts of

1590

00:57:05,190 --> 00:57:02,720

stuff

1591

00:57:07,270 --> 00:57:05,200

yeah there seems there seems to be a

1592

00:57:09,030 --> 00:57:07,280

reason that we visited and we don't

1593

00:57:11,109 --> 00:57:09,040

really understand what that is whether

1594

00:57:12,789 --> 00:57:11,119

it's even humanity

1595

00:57:14,069 --> 00:57:12,799

um that

1596

00:57:15,910 --> 00:57:14,079

the question made you think of the ship

1597

00:57:17,109 --> 00:57:15,920

of theseus

1598

00:57:19,270 --> 00:57:17,119

um

1599

00:57:21,270 --> 00:57:19,280

i don't know if you remember this

1600

00:57:22,950 --> 00:57:21,280

uh basically the idea is that you have a

1601
00:57:25,270 --> 00:57:22,960
ship and over time you make repairs to

1602
00:57:26,549 --> 00:57:25,280
it and you change out bits

1603
00:57:28,549 --> 00:57:26,559
and then

1604
00:57:30,309 --> 00:57:28,559
after you've made so many repairs and

1605
00:57:32,470 --> 00:57:30,319
you've replaced literally every single

1606
00:57:33,510 --> 00:57:32,480
bit on the boat is it still the same

1607
00:57:35,190 --> 00:57:33,520
boat

1608
00:57:36,549 --> 00:57:35,200
and there's kind of no right answer you

1609
00:57:37,910 --> 00:57:36,559
can argue this to be blue in the face

1610
00:57:38,789 --> 00:57:37,920
with people

1611
00:57:40,549 --> 00:57:38,799
but

1612
00:57:42,069 --> 00:57:40,559
it's what i think of when i think of the

1613
00:57:43,829 --> 00:57:42,079

hybridization

1614

00:57:45,510 --> 00:57:43,839

kind of idea

1615

00:57:47,190 --> 00:57:45,520

that

1616

00:57:49,349 --> 00:57:47,200

would would

1617

00:57:51,510 --> 00:57:49,359

you be able to say you saved your race

1618

00:57:53,990 --> 00:57:51,520

if actually what you did was you

1619

00:57:55,030 --> 00:57:54,000

hybridized and kind of made a different

1620

00:57:56,390 --> 00:57:55,040

version

1621

00:57:58,630 --> 00:57:56,400

um

1622

00:58:00,950 --> 00:57:58,640

even if that's happening i imagine that

1623

00:58:02,630 --> 00:58:00,960

there's probably disagreement uh in the

1624

00:58:03,910 --> 00:58:02,640

species about whether that's the right

1625

00:58:05,430 --> 00:58:03,920

way to do it

1626

00:58:07,829 --> 00:58:05,440

but it would be i guess an act of

1627

00:58:09,589 --> 00:58:07,839

desperation if it was going on right

1628

00:58:11,030 --> 00:58:09,599

yeah i mean it's just the label you

1629

00:58:13,030 --> 00:58:11,040

would put on it though as well isn't it

1630

00:58:14,789 --> 00:58:13,040

that you know transport started out with

1631

00:58:16,950 --> 00:58:14,799

a wheel and you're going to get all the

1632

00:58:18,390 --> 00:58:16,960

way to spacecraft with ion engines and

1633

00:58:19,829 --> 00:58:18,400

everything else stuck yeah it's still

1634

00:58:22,470 --> 00:58:19,839

essentially the same idea you want to

1635

00:58:24,549 --> 00:58:22,480

get from one place to another but

1636

00:58:26,630 --> 00:58:24,559

it's it's very much a totally different

1637

00:58:28,789 --> 00:58:26,640

ball game to what you started with and

1638

00:58:31,829 --> 00:58:28,799

yeah from a species point of view

1639

00:58:34,549 --> 00:58:31,839

genetically modifying a species and then

1640

00:58:37,829 --> 00:58:34,559

you know hybridization like that and

1641

00:58:38,710 --> 00:58:37,839

as is it the same yeah like if again if

1642

00:58:41,990 --> 00:58:38,720

you

1643

00:58:43,589 --> 00:58:42,000

went full cyborg dc universe and got

1644

00:58:45,430 --> 00:58:43,599

bits of you replaced eventually the

1645

00:58:47,349 --> 00:58:45,440

point your entire body over hundreds of

1646

00:58:49,589 --> 00:58:47,359

years was was a robot

1647

00:58:51,990 --> 00:58:49,599

are you still done

1648

00:58:54,390 --> 00:58:52,000

yeah exactly and then again we kind of

1649

00:58:57,109 --> 00:58:54,400

do hybridization stuff with like dance

1650

00:58:58,870 --> 00:58:57,119

as well i have to add you your cells do

1651
00:59:00,150 --> 00:58:58,880
completely regenerate every seven years

1652
00:59:01,990 --> 00:59:00,160
though don't you so technically you're

1653
00:59:03,910 --> 00:59:02,000
not the same person every seven years

1654
00:59:05,510 --> 00:59:03,920
yeah yeah i didn't know that one folks

1655
00:59:07,589 --> 00:59:05,520
there you go

1656
00:59:09,589 --> 00:59:07,599
you did if you were in a philosophy

1657
00:59:11,910 --> 00:59:09,599
classroom right now they would love you

1658
00:59:13,190 --> 00:59:11,920
yeah yeah i i'm pretty sure that's true

1659
00:59:14,870 --> 00:59:13,200
i read that years ago

1660
00:59:17,750 --> 00:59:14,880
so if anyone wants to check that one out

1661
00:59:19,430 --> 00:59:17,760
for us thank you very much um e-wood

1662
00:59:21,510 --> 00:59:19,440
said i think once the cat is out of the

1663
00:59:22,789 --> 00:59:21,520

bag and we have a form of disclosure

1664

00:59:25,109 --> 00:59:22,799

there would be countries doing

1665

00:59:28,309 --> 00:59:25,119

everything they can to see if they can

1666

00:59:30,549 --> 00:59:28,319

lure a uap and bring it down shoot at it

1667

00:59:32,630 --> 00:59:30,559

or use emp weapons that he's had

1668

00:59:34,069 --> 00:59:32,640

discussed before some countries would

1669

00:59:35,510 --> 00:59:34,079

follow play to get their hands on the

1670

00:59:37,510 --> 00:59:35,520

tech and gain a head start in the

1671

00:59:39,589 --> 00:59:37,520

advanced tech developments

1672

00:59:41,910 --> 00:59:39,599

do you know what you can't even argue

1673

00:59:44,230 --> 00:59:41,920

against the idea that countries would

1674

00:59:46,390 --> 00:59:44,240

use that as a who can get the weapons

1675

00:59:48,470 --> 00:59:46,400

first to have the power it's a bit

1676
00:59:50,789 --> 00:59:48,480
disappointing but

1677
00:59:52,549 --> 00:59:50,799
yeah i i think so too the

1678
00:59:55,190 --> 00:59:52,559
the one thing we can guarantee after one

1679
00:59:56,870 --> 00:59:55,200
of these things reveals itself is that

1680
00:59:58,309 --> 00:59:56,880
people will fight over who owns that

1681
01:00:01,589 --> 00:59:58,319
thing

1682
01:00:03,510 --> 01:00:01,599
um and finally uh simon simon had again

1683
01:00:06,150 --> 01:00:03,520
some great points down there

1684
01:00:07,910 --> 01:00:06,160
he wants to ask uh though dan what do

1685
01:00:09,750 --> 01:00:07,920
you think on the idea that

1686
01:00:11,990 --> 01:00:09,760
people would rely on to their

1687
01:00:14,950 --> 01:00:12,000
governments to make sure they were kept

1688
01:00:17,270 --> 01:00:14,960

safe and investigated things further do

1689

01:00:19,589 --> 01:00:17,280

you think people would still have that

1690

01:00:21,030 --> 01:00:19,599

trust or

1691

01:00:23,430 --> 01:00:21,040

seek that kind of comfort from their

1692

01:00:26,309 --> 01:00:23,440

government or other things change i

1693

01:00:29,109 --> 01:00:26,319

think a lot of people don't consider the

1694

01:00:31,670 --> 01:00:29,119

government a you know a valid entity in

1695

01:00:33,910 --> 01:00:31,680

their lives um we've seen over the past

1696

01:00:35,589 --> 01:00:33,920

few years kind of that happen

1697

01:00:37,750 --> 01:00:35,599

um so those people were never going to

1698

01:00:39,750 --> 01:00:37,760

convince to kind of listen to the

1699

01:00:42,069 --> 01:00:39,760

government but

1700

01:00:43,750 --> 01:00:42,079

the rest of us i think it depends on

1701

01:00:46,390 --> 01:00:43,760

what the government does

1702

01:00:49,109 --> 01:00:46,400

you know we we know

1703

01:00:50,950 --> 01:00:49,119

through all of the paperwork we have

1704

01:00:54,870 --> 01:00:50,960

um through four years by you know john

1705

01:00:56,950 --> 01:00:54,880

greenwald or work by others um

1706

01:00:58,549 --> 01:00:56,960

we know there's been a cover-up that's

1707

01:01:00,789 --> 01:00:58,559

the most easily provable thing a

1708

01:01:02,069 --> 01:01:00,799

cover-up of exactly what is what we

1709

01:01:03,030 --> 01:01:02,079

don't know

1710

01:01:04,549 --> 01:01:03,040

so

1711

01:01:06,390 --> 01:01:04,559

if the government didn't come out and

1712

01:01:08,230 --> 01:01:06,400

kind of just say hey this is everything

1713

01:01:10,309 --> 01:01:08,240

we know and everything we gathered then

1714

01:01:12,309 --> 01:01:10,319

i think there would be major major

1715

01:01:13,829 --> 01:01:12,319

issues with trust between the people and

1716

01:01:14,870 --> 01:01:13,839

the government

1717

01:01:16,069 --> 01:01:14,880

cool

1718

01:01:17,430 --> 01:01:16,079

that was that was a good discussion i

1719

01:01:20,150 --> 01:01:17,440

enjoyed that dan i want to put you on

1720

01:01:22,549 --> 01:01:20,160

the spot with uh last thing what do you

1721

01:01:24,549 --> 01:01:22,559

think would be the one area of society

1722

01:01:27,030 --> 01:01:24,559

that would see the biggest impact

1723

01:01:30,950 --> 01:01:27,040

immediately from from kind of knowing

1724

01:01:34,870 --> 01:01:32,870

that's a tough question

1725

01:01:36,630 --> 01:01:34,880

i i would

1726

01:01:38,230 --> 01:01:36,640

my gut reaction to that question is

1727

01:01:40,789 --> 01:01:38,240

science

1728

01:01:44,950 --> 01:01:40,799

i i think every area of life would be

1729

01:01:46,549 --> 01:01:44,960

affected um but science would go from

1730

01:01:49,349 --> 01:01:46,559

you know the science of today would feel

1731

01:01:50,950 --> 01:01:49,359

like we were dragging our feet

1732

01:01:53,030 --> 01:01:50,960

do you think as a species we would

1733

01:01:55,750 --> 01:01:53,040

benefit more from you know the idea i

1734

01:01:57,430 --> 01:01:55,760

floated earlier that we we detect a

1735

01:01:59,349 --> 01:01:57,440

craft on the outskirts of the solar

1736

01:02:01,670 --> 01:01:59,359

system flying on by

1737

01:02:03,829 --> 01:02:01,680

do you think we would benefit more from

1738

01:02:06,710 --> 01:02:03,839

discovering that and then having time to

1739

01:02:08,630 --> 01:02:06,720

build on that rather than a species kind

1740

01:02:11,190 --> 01:02:08,640

of pain as a visit or as discovering

1741

01:02:12,950 --> 01:02:11,200

another species straight off the bat

1742

01:02:14,470 --> 01:02:12,960

i'm going to rephrase the question you

1743

01:02:16,309 --> 01:02:14,480

asked because it sounded like you were

1744

01:02:19,190 --> 01:02:16,319

asking me if

1745

01:02:20,470 --> 01:02:19,200

if a slow drip-free roll-out of

1746

01:02:24,470 --> 01:02:20,480

disclosure

1747

01:02:25,910 --> 01:02:24,480

would be better than a real deal um and

1748

01:02:27,750 --> 01:02:25,920

yeah i think it would be i think it

1749

01:02:29,190 --> 01:02:27,760

would be there's just simply a lot of

1750

01:02:30,870 --> 01:02:29,200

people in the world who don't have the

1751

01:02:32,789 --> 01:02:30,880

time or the interest or the attention

1752

01:02:34,470 --> 01:02:32,799

span or you know a million other reasons

1753

01:02:35,990 --> 01:02:34,480

they just might not be connected with

1754

01:02:38,549 --> 01:02:36,000

the screen you know they might not even

1755

01:02:38,840 --> 01:02:38,559

know that uap report happened

1756

01:02:39,990 --> 01:02:38,850

um

1757

01:02:41,910 --> 01:02:40,000

[Music]

1758

01:02:45,030 --> 01:02:41,920

it takes a while to kind of get everyone

1759

01:02:46,789 --> 01:02:45,040

on the same page and and

1760

01:02:49,510 --> 01:02:46,799

this is going to take a while to to kind

1761

01:02:51,829 --> 01:02:49,520

of reveal

1762

01:02:53,109 --> 01:02:51,839

dan thanks for joining us again that was

1763

01:02:55,430 --> 01:02:53,119

fun that's a good discussion and we'll

1764

01:02:56,950 --> 01:02:55,440

be back soon with another what if and

1765

01:02:58,950 --> 01:02:56,960

we'll announce that very very soon
