[Music]

2  
00:00:18,950 --> 00:00:16,390

it was basically a cube with inside of

3  
00:00:22,800 --> 00:00:18,960

sphere where the points of the cube

4  
00:00:33,180 --> 00:00:22,810

were touching outside of sphere

5  
00:00:37,190 --> 00:00:34,550

hi everyone and welcome back to that ufo

22

00:01:24,789 --> 00:01:21,840

podcast my name is andy and it's a

23

00:01:26,550 --> 00:01:24,799

breaking news podcast for the well 12th

24

00:01:28,950 --> 00:01:26,560

of september but we're recording this on

25

00:01:31,429 --> 00:01:28,960

the 13th dan's joining me for this one

26  
00:01:32,390 --> 00:01:31,439  
as usual dan how are we i'm great thank

27  
00:01:34,469 --> 00:01:32,400  
you

28  
00:01:36,310 --> 00:01:34,479  
awesome now listen i've got questions

29  
00:01:38,789 --> 00:01:36,320  
dan as we were just discussing

30  
00:01:40,630 --> 00:01:38,799  
previously okay uh we had some some

31  
00:01:43,190 --> 00:01:40,640  
breaking news yesterday it was a busy

32  
00:01:45,109 --> 00:01:43,200  
day um for me and we were recording

33  
00:01:47,190 --> 00:01:45,119  
listener colin last night stuff was

34  
00:01:49,670 --> 00:01:47,200  
happening as we were um doing the

35  
00:01:52,310 --> 00:01:49,680  
call-in stuff as well now

36  
00:01:54,230 --> 00:01:52,320  
breaking news it seemed at first step

37  
00:01:57,270 --> 00:01:54,240  
max muscovitz i think i'm getting his

38  
00:01:59,749 --> 00:01:57,280

name right now again handsome dude uh he

39

00:02:01,429 --> 00:01:59,759

was in san marino he had traveled from

40

00:02:03,990 --> 00:02:01,439

from holland he stays in holland doesn't

41

00:02:06,870 --> 00:02:04,000

he yeah yeah yeah he traveled from

42

00:02:09,350 --> 00:02:06,880

holland down to san marino which is um

43

00:02:11,190 --> 00:02:09,360

an area of italy

44

00:02:13,270 --> 00:02:11,200

which is commendable yeah you know nice

45

00:02:15,510 --> 00:02:13,280

road trip i would as well no doubt

46

00:02:17,750 --> 00:02:15,520

beautiful scenery but max traveled down

47

00:02:19,670 --> 00:02:17,760

to meet up with luella zondo and also

48

00:02:21,270 --> 00:02:19,680

attend attend the conference for our

49

00:02:23,510 --> 00:02:21,280

media point of view as well which is

50

00:02:26,309 --> 00:02:23,520

awesome um and max put on there with

51  
00:02:27,830 --> 00:02:26,319  
some breaking news and i was messaging

52  
00:02:29,350 --> 00:02:27,840  
yourself as well to find out what is

53  
00:02:31,830 --> 00:02:29,360  
this breaking news what's been said

54  
00:02:33,270 --> 00:02:31,840  
what's happened but it turns out if i'm

55  
00:02:35,110 --> 00:02:33,280  
correct dan the breaking news is

56  
00:02:38,949 --> 00:02:35,120  
actually something that happened

57  
00:02:40,229 --> 00:02:38,959  
stateside while lou was was over in san

58  
00:02:42,949 --> 00:02:40,239  
marino yeah

59  
00:02:44,550 --> 00:02:42,959  
yeah that's correct and and what what

60  
00:02:46,070 --> 00:02:44,560  
maxine lou brought to the table was to

61  
00:02:47,910 --> 00:02:46,080  
go through

62  
00:02:49,910 --> 00:02:47,920  
the the bill that had been introduced

63  
00:02:51,430 --> 00:02:49,920

stateside and kind of emphasize a few

64

00:02:53,589 --> 00:02:51,440

points

65

00:02:55,110 --> 00:02:53,599

yeah so um

66

00:02:56,309 --> 00:02:55,120

what is the bill itself dan you've

67

00:02:57,910 --> 00:02:56,319

you've looked into this you've got the

68

00:03:00,630 --> 00:02:57,920

numbers and stuff there you love reading

69

00:03:02,630 --> 00:03:00,640

a bill don't you these days um

70

00:03:04,630 --> 00:03:02,640

and tell us a little bit about it

71

00:03:07,110 --> 00:03:04,640

sure so i'll start kind of at the

72

00:03:10,070 --> 00:03:07,120

beginning so last year we had a uap bill

73

00:03:12,229 --> 00:03:10,080

go through congress um all our hopes and

74

00:03:16,949 --> 00:03:12,239

dreams were pinned on that that was um

75

00:03:19,190 --> 00:03:16,959

called s3905 later on it became s-4049

76

00:03:20,630 --> 00:03:19,200

and the reason i say that is because

77

00:03:21,990 --> 00:03:20,640

it's worth remembering that as these

78

00:03:23,589 --> 00:03:22,000

things go on these numbers are going to

79

00:03:26,710 --> 00:03:23,599

change and these bills are going to

80

00:03:27,990 --> 00:03:26,720

change even more so this year so the

81

00:03:30,470 --> 00:03:28,000

same group

82

00:03:32,229 --> 00:03:30,480

as as who did the uh the bill last year

83

00:03:35,430 --> 00:03:32,239

which is was the language that chris

84

00:03:37,750 --> 00:03:35,440

mellon helped with um that was the uh

85

00:03:39,670 --> 00:03:37,760

the intelligence authorization act for

86

00:03:41,830 --> 00:03:39,680

fiscal year that would have been 2021

87

00:03:45,430 --> 00:03:41,840

and that was senator mark warner uh

88

00:03:48,070 --> 00:03:45,440

rubio malin you you know that group um

89

00:03:49,830 --> 00:03:48,080

so those guys did a great job last year

90

00:03:51,430 --> 00:03:49,840

they got into the the covid bill as the

91

00:03:52,960 --> 00:03:51,440

media likes to call it i like to call it

92

00:03:54,470 --> 00:03:52,970

the uap bill um

93

00:03:56,309 --> 00:03:54,480

[Music]

94

00:03:58,070 --> 00:03:56,319

and now this year

95

00:04:00,550 --> 00:03:58,080

not only did those

96

00:04:03,429 --> 00:04:00,560

same people introduce another bill

97

00:04:05,830 --> 00:04:03,439

called s-2610

98

00:04:08,309 --> 00:04:05,840

but another group

99

00:04:10,789 --> 00:04:08,319

has introduced a bit as well um and

100

00:04:12,229 --> 00:04:10,799

that's hr4350

101  
00:04:14,630 --> 00:04:12,239  
and that's the national defense

102  
00:04:17,430 --> 00:04:14,640  
authorization act and for this we have

103  
00:04:19,509 --> 00:04:17,440  
to thank um reuben

104  
00:04:21,990 --> 00:04:19,519  
gallagher uh i might be saying that

105  
00:04:23,990 --> 00:04:22,000  
wrong so i apologize if so but he

106  
00:04:27,590 --> 00:04:24,000  
basically issued an amendment to that

107  
00:04:29,990 --> 00:04:27,600  
bill that ensured a few different things

108  
00:04:33,510 --> 00:04:30,000  
one of the things was that basically

109  
00:04:35,510 --> 00:04:33,520  
upon the establishment of or it called

110  
00:04:36,390 --> 00:04:35,520  
for the establishment of an official

111  
00:04:39,590 --> 00:04:36,400  
body

112  
00:04:41,510 --> 00:04:39,600  
force nasa you know all those kind of

113  
00:04:43,830 --> 00:04:41,520

different groups like that but just to

114

00:04:46,230 --> 00:04:43,840

look at uap but as a result of that the

115

00:04:47,830 --> 00:04:46,240

uap task force would go away because

116

00:04:49,990 --> 00:04:47,840

it's filling their remit and it would be

117

00:04:52,310 --> 00:04:50,000

properly funded and let me come in there

118

00:04:55,110 --> 00:04:52,320

that's fine because like we said the uap

119

00:04:57,350 --> 00:04:55,120

task force was never a permanent body in

120

00:04:58,469 --> 00:04:57,360

the first place it was set up for a

121

00:05:02,469 --> 00:04:58,479

purpose

122

00:05:04,070 --> 00:05:02,479

and

123

00:05:06,710 --> 00:05:04,080

this would only be a good thing because

124

00:05:08,150 --> 00:05:06,720

this would be what comes from the task

125

00:05:10,230 --> 00:05:08,160

force this would be the evolution of the

126

00:05:11,270 --> 00:05:10,240

task force into that permanent body

127

00:05:13,510 --> 00:05:11,280

basically

128

00:05:16,469 --> 00:05:13,520

yeah absolutely uh chris mellon had a

129

00:05:17,350 --> 00:05:16,479

cool proposed name for this this body um

130

00:05:18,550 --> 00:05:17,360

the

131

00:05:22,310 --> 00:05:18,560

office of

132

00:05:24,230 --> 00:05:22,320

strategic anomaly resolution which i

133

00:05:26,230 --> 00:05:24,240

think has a nice ring to it it sounds

134

00:05:29,830 --> 00:05:26,240

very official it doesn't roll off the

135

00:05:31,029 --> 00:05:29,840

tongue but yeah it doesn't it does

136

00:05:35,350 --> 00:05:31,039

yeah

137

00:05:43,530 --> 00:05:35,360

uh s s

138

00:05:46,950 --> 00:05:44,870

[Laughter]

139

00:05:49,189 --> 00:05:46,960

he's not he's not

140

00:05:50,950 --> 00:05:49,199

um so reuben

141

00:05:53,029 --> 00:05:50,960

uh actually issued a statement and he

142

00:05:54,550 --> 00:05:53,039

said it's in the national security

143

00:05:56,230 --> 00:05:54,560

interest of the united states to know

144

00:05:58,710 --> 00:05:56,240

what is flying in our skies whether

145

00:06:00,710 --> 00:05:58,720

emerging tech from strategic competitors

146

00:06:02,950 --> 00:06:00,720

and adverse adversaries or aerial

147

00:06:05,110 --> 00:06:02,960

phenomena from unknown origins our

148

00:06:06,950 --> 00:06:05,120

military must have a full intelligence

149

00:06:09,189 --> 00:06:06,960

picture and the tools to respond quickly

150

00:06:11,350 --> 00:06:09,199

to these potential threats my amendment

151

00:06:13,909 --> 00:06:11,360

creates a permanent office dod to

152

00:06:16,150 --> 00:06:13,919

comprehensively evaluate these uaps and

153

00:06:19,590 --> 00:06:16,160

i'm proud to announce its inclusion in

154

00:06:21,670 --> 00:06:19,600

the house version of the ndaa

155

00:06:23,670 --> 00:06:21,680

so reuben's pretty

156

00:06:25,270 --> 00:06:23,680

people will probably not recognize his

157

00:06:27,189 --> 00:06:25,280

name at least outside of america because

158

00:06:28,550 --> 00:06:27,199

he's new to this kind of subject but

159

00:06:30,309 --> 00:06:28,560

it's great to see someone come out

160

00:06:32,950 --> 00:06:30,319

swinging like that taking this subject

161

00:06:35,830 --> 00:06:32,960

seriously and the key points highlighted

162

00:06:38,550 --> 00:06:35,840

by lou are worth kind of touching on

163

00:06:40,230 --> 00:06:38,560

because they bring up a few things that

164

00:06:42,150 --> 00:06:40,240

weren't in the other bill and they're

165

00:06:43,909 --> 00:06:42,160

very specific questions that allude to

166

00:06:45,830 --> 00:06:43,919

some you know potentially interesting

167

00:06:47,430 --> 00:06:45,840

answers down the road

168

00:06:49,670 --> 00:06:47,440

so first of all i'll just say that in

169

00:06:51,670 --> 00:06:49,680

san marino as part of these uh

170

00:06:54,950 --> 00:06:51,680

conversations to max and lou

171

00:06:58,070 --> 00:06:54,960

they spoke about lou's presentations um

172

00:07:00,070 --> 00:06:58,080

lou presented an ai filter software um

173

00:07:01,430 --> 00:07:00,080

that was able to identify everything in

174

00:07:03,270 --> 00:07:01,440

a video you know whether it was playing

175

00:07:06,550 --> 00:07:03,280

a balloon so on so forth and apply kind

176

00:07:09,029 --> 00:07:06,560

of uh filters to it and and separate the

177

00:07:11,110 --> 00:07:09,039

uh the true unknowns from the you know

178

00:07:13,990 --> 00:07:11,120

the dodgy stuff that we all know and

179

00:07:16,950 --> 00:07:14,000

hate um

180

00:07:19,029 --> 00:07:16,960

but the the other things is one the

181

00:07:22,309 --> 00:07:19,039

sixth observable biological effects we

182

00:07:23,830 --> 00:07:22,319

know that it's a thing um

183

00:07:26,870 --> 00:07:23,840

but it hasn't really been talked about

184

00:07:28,950 --> 00:07:26,880

yet and finally this bill does that um

185

00:07:30,469 --> 00:07:28,960

it's considering the human factor which

186

00:07:32,070 --> 00:07:30,479

is fantastic

187

00:07:33,670 --> 00:07:32,080

because

188

00:07:35,350 --> 00:07:33,680

we we've heard a few stories of people

189

00:07:37,510 --> 00:07:35,360

being affected by being close to these

190

00:07:39,110 --> 00:07:37,520

craft but

191

00:07:40,150 --> 00:07:39,120

you know surely there are more out there

192

00:07:42,070 --> 00:07:40,160

right

193

00:07:43,909 --> 00:07:42,080

um and it'll be affecting people in ways

194

00:07:45,830 --> 00:07:43,919

that we don't yet understand so it's

195

00:07:48,710 --> 00:07:45,840

great and i'm sure gary nolan's kind of

196

00:07:51,350 --> 00:07:48,720

celebrating that it his work is being

197

00:07:53,589 --> 00:07:51,360

legitimized and he might be able to

198

00:07:55,189 --> 00:07:53,599

you know be be fully open with what his

199

00:07:56,790 --> 00:07:55,199

his aims are not very shy about it

200

00:07:58,550 --> 00:07:56,800

anyway but when talking to his

201  
00:07:59,510 --> 00:07:58,560  
colleagues the stigma will go away now

202  
00:08:02,629 --> 00:07:59,520  
you know

203  
00:08:04,950 --> 00:08:02,639  
um the other thing was materials

204  
00:08:06,950 --> 00:08:04,960  
so there was a line in the bill that

205  
00:08:09,110 --> 00:08:06,960  
spoke about um

206  
00:08:10,830 --> 00:08:09,120  
materials and louisiana actually issued

207  
00:08:11,749 --> 00:08:10,840  
a quote for this so i'll just read

208  
00:08:14,150 --> 00:08:11,759  
his yeah

209  
00:08:16,629 --> 00:08:14,160  
when when lou was asked about roswell

210  
00:08:18,629 --> 00:08:16,639  
uh liu said that this bill the ndaa

211  
00:08:19,909 --> 00:08:18,639  
specifically states that the department

212  
00:08:23,110 --> 00:08:19,919  
of defense and the intelligence

213  
00:08:25,110 --> 00:08:23,120

community must report to congress

214

00:08:28,309 --> 00:08:25,120

any material collected by the united

215

00:08:30,230 --> 00:08:28,319

states or its allies big deal and that's

216

00:08:31,189 --> 00:08:30,240

quote probably even the big deal but

217

00:08:32,870 --> 00:08:31,199

um

218

00:08:34,949 --> 00:08:32,880

yeah we know these events all over the

219

00:08:37,430 --> 00:08:34,959

world have happened we know they've

220

00:08:38,949 --> 00:08:37,440

happened between five eyes partners and

221

00:08:40,870 --> 00:08:38,959

now they're demanding that information

222

00:08:42,310 --> 00:08:40,880

which is fantastic

223

00:08:44,230 --> 00:08:42,320

let right okay i've got a few questions

224

00:08:46,150 --> 00:08:44,240

danis people that was a lovely summary

225

00:08:48,150 --> 00:08:46,160

so far anyway so i appreciate that dan's

226

00:08:50,230 --> 00:08:48,160

taking a breath um

227

00:08:53,030 --> 00:08:50,240

the first one is just to make clear that

228

00:08:55,430 --> 00:08:53,040

these bills have not passed yet

229

00:08:57,190 --> 00:08:55,440

so what is more than likely that these

230

00:08:58,949 --> 00:08:57,200

are not the final bills that will get

231

00:09:00,550 --> 00:08:58,959

the job done there are more than likely

232

00:09:03,509 --> 00:09:00,560

going to still be amendments made to

233

00:09:05,750 --> 00:09:03,519

these so those bill numbers will more

234

00:09:08,870 --> 00:09:05,760

than likely change and what comes of

235

00:09:10,630 --> 00:09:08,880

that as a a final bill which as part of

236

00:09:12,790 --> 00:09:10,640

it we will hopefully get this permanent

237

00:09:14,630 --> 00:09:12,800

office is that about right then yeah

238

00:09:16,470 --> 00:09:14,640

absolutely they're going to be hammering

239

00:09:17,910 --> 00:09:16,480

out the details uh i said during the

240

00:09:19,190 --> 00:09:17,920

listener calling yesterday which people

241

00:09:22,550 --> 00:09:19,200

i'm not sure when this will come out so

242

00:09:24,470 --> 00:09:22,560

it might be before then but um the

243

00:09:26,230 --> 00:09:24,480

the last year we had one build issue we

244

00:09:27,590 --> 00:09:26,240

have two it's kind of a pincer movement

245

00:09:28,790 --> 00:09:27,600

happening now

246

00:09:30,310 --> 00:09:28,800

last year we were wondering whether it

247

00:09:32,949 --> 00:09:30,320

was going to happen at all this year

248

00:09:35,430 --> 00:09:32,959

we're just hammering out the details um

249

00:09:37,269 --> 00:09:35,440

this is happening it's just a case of

250

00:09:38,949 --> 00:09:37,279

what we're going to call it you know how

251  
00:09:39,829 --> 00:09:38,959  
how often the reports are going to come

252  
00:09:41,430 --> 00:09:39,839  
um

253  
00:09:43,430 --> 00:09:41,440  
the the one

254  
00:09:47,110 --> 00:09:43,440  
bill asks for every 90 days the other

255  
00:09:48,630 --> 00:09:47,120  
one kind of says for every year um and

256  
00:09:50,389 --> 00:09:48,640  
you know people will argue over that

257  
00:09:51,590 --> 00:09:50,399  
just like wheel will on twitter and

258  
00:09:53,910 --> 00:09:51,600  
that's their jobs to do it and they'll

259  
00:09:55,430 --> 00:09:53,920  
hammer it out and who knows we might get

260  
00:09:57,190 --> 00:09:55,440  
every six months

261  
00:09:58,790 --> 00:09:57,200  
now dan you might not be able to answer

262  
00:10:01,030 --> 00:09:58,800  
this question you can answer quite a lot

263  
00:10:03,110 --> 00:10:01,040

of them for me the materials part of

264

00:10:04,949 --> 00:10:03,120

this had a lot of people talking online

265

00:10:07,430 --> 00:10:04,959

and i was i was taking some time to look

266

00:10:08,630 --> 00:10:07,440

over it last night and a few different

267

00:10:10,630 --> 00:10:08,640

people got in touch with me just

268

00:10:12,070 --> 00:10:10,640

listeners asking about you know does

269

00:10:13,910 --> 00:10:12,080

this mean we're going to get the roswell

270

00:10:15,350 --> 00:10:13,920

craft to wheeled out now we're now

271

00:10:18,630 --> 00:10:15,360

talking about something that happened

272

00:10:21,750 --> 00:10:18,640

you know 75 80 years ago i would imagine

273

00:10:22,949 --> 00:10:21,760

any if not all of that material which

274

00:10:24,630 --> 00:10:22,959

i'm just going to go with the

275

00:10:26,310 --> 00:10:24,640

presumption in my belief is that it does

276

00:10:28,389 --> 00:10:26,320

exist i've said that before

277

00:10:30,550 --> 00:10:28,399

as isn't with the government anymore and

278

00:10:32,069 --> 00:10:30,560

would be with private contractors

279

00:10:33,750 --> 00:10:32,079

potentially having changed hands

280

00:10:34,870 --> 00:10:33,760

multiple times over the years we don't

281

00:10:36,550 --> 00:10:34,880

know that

282

00:10:38,310 --> 00:10:36,560

how exactly would any official

283

00:10:40,310 --> 00:10:38,320

government organization get a hold of

284

00:10:41,990 --> 00:10:40,320

that or could they as part of this bill

285

00:10:43,910 --> 00:10:42,000

when it's probably no longer in the

286

00:10:46,470 --> 00:10:43,920

hands of the government

287

00:10:48,230 --> 00:10:46,480

well what should happen is

288

00:10:50,150 --> 00:10:48,240

that to some extent there will be a

289

00:10:53,750 --> 00:10:50,160

paper trail and that paper trail will

290

00:10:56,230 --> 00:10:53,760

stop when it enters private industry so

291

00:10:57,829 --> 00:10:56,240

we're basically kind of saying hey

292

00:10:59,990 --> 00:10:57,839

whatever you have

293

00:11:02,550 --> 00:11:00,000

even you know if it's a craft fantastic

294

00:11:04,310 --> 00:11:02,560

if it's not we just want to know and we

295

00:11:07,750 --> 00:11:04,320

can follow those breadcrumbs then to the

296

00:11:10,389 --> 00:11:07,760

programs that we suspect exist um and

297

00:11:11,110 --> 00:11:10,399

probably do you know to people like

298

00:11:13,910 --> 00:11:11,120

uh

299

00:11:15,430 --> 00:11:13,920

for example lockheed um and lockheed was

300

00:11:17,190 --> 00:11:15,440

it escapes me now they were they were

301  
00:11:18,790 --> 00:11:17,200  
bought out by another company um that

302  
00:11:20,870 --> 00:11:18,800  
has a long history and there's there's a

303  
00:11:21,590 --> 00:11:20,880  
few aerospace companies that did that as

304  
00:11:23,269 --> 00:11:21,600  
well

305  
00:11:25,030 --> 00:11:23,279  
is that not a really easy way to hide

306  
00:11:26,550 --> 00:11:25,040  
this stuff though unfortunately to come

307  
00:11:28,069 --> 00:11:26,560  
out because whether it's bigelow or

308  
00:11:30,389 --> 00:11:28,079  
lockheed or the people who owned it

309  
00:11:32,310 --> 00:11:30,399  
before or i don't even know how this

310  
00:11:34,310 --> 00:11:32,320  
stuff works properly research is far

311  
00:11:36,150 --> 00:11:34,320  
better than me well but no doubt within

312  
00:11:37,990 --> 00:11:36,160  
lockheed there's divisions and divisions

313  
00:11:39,750 --> 00:11:38,000

and divisions and people within lockheed

314

00:11:41,269 --> 00:11:39,760  
will be privy to certain information

315

00:11:42,710 --> 00:11:41,279  
that others aren't

316

00:11:44,949 --> 00:11:42,720  
because they do a lot of different

317

00:11:48,310 --> 00:11:44,959  
things within the remit

318

00:11:50,150 --> 00:11:48,320  
i just don't see how if this stuff is

319

00:11:52,389 --> 00:11:50,160  
has been handed over through generations

320

00:11:53,750 --> 00:11:52,399  
to different people and facilities

321

00:11:55,750 --> 00:11:53,760  
how it would come out because surely

322

00:11:57,910 --> 00:11:55,760  
when that paper trail stops

323

00:11:59,430 --> 00:11:57,920  
it stops and these companies i'm sure

324

00:12:01,750 --> 00:11:59,440  
wouldn't want to hand over anything

325

00:12:03,350 --> 00:12:01,760  
they've got either

326

00:12:05,990 --> 00:12:03,360

well this this is part of removing the

327

00:12:08,230 --> 00:12:06,000

stigma i think that people

328

00:12:10,069 --> 00:12:08,240

you know once this is in the bill

329

00:12:12,069 --> 00:12:10,079

people who are involved with this are

330

00:12:13,509 --> 00:12:12,079

kind of being given essentially a thumbs

331

00:12:15,030 --> 00:12:13,519

up to come forward and start talking

332

00:12:16,230 --> 00:12:15,040

about what they saw

333

00:12:17,590 --> 00:12:16,240

so

334

00:12:18,710 --> 00:12:17,600

we might have

335

00:12:20,389 --> 00:12:18,720

you know we always look at things like

336

00:12:21,670 --> 00:12:20,399

breadcrumbs so

337

00:12:24,230 --> 00:12:21,680

there's not going to be a guy that says

338

00:12:25,990 --> 00:12:24,240

yes i worked on a ufo craft but someone

339

00:12:27,670 --> 00:12:26,000

might come forward and say hey

340

00:12:29,990 --> 00:12:27,680

you know after that paper trail stopped

341

00:12:32,310 --> 00:12:30,000

the year following that someone brought

342

00:12:34,790 --> 00:12:32,320

to me in a case this light feathery

343

00:12:36,230 --> 00:12:34,800

crazy strong material that we tested and

344

00:12:37,750 --> 00:12:36,240

that was when i worked at lockheed and i

345

00:12:39,030 --> 00:12:37,760

didn't know what it was and you know we

346

00:12:41,030 --> 00:12:39,040

can kind of start putting those puzzle

347

00:12:43,269 --> 00:12:41,040

pieces together but you're also

348

00:12:45,269 --> 00:12:43,279

absolutely correct that we just might

349

00:12:47,030 --> 00:12:45,279

never know

350

00:12:48,150 --> 00:12:47,040

not for that particular piece anyway and

351

00:12:49,990 --> 00:12:48,160

that's i just don't want to sound like

352

00:12:52,550 --> 00:12:50,000

i'm dampening this down but the point is

353

00:12:54,710 --> 00:12:52,560

that people again should not expect this

354

00:12:57,829 --> 00:12:54,720

to be the wheeling out of any particular

355

00:12:59,750 --> 00:12:57,839

crash or materials it's it's for me

356

00:13:01,110 --> 00:12:59,760

potentially something that will help

357

00:13:01,910 --> 00:13:01,120

going forward

358

00:13:04,150 --> 00:13:01,920

but

359

00:13:05,350 --> 00:13:04,160

again don't don't expect materials to be

360

00:13:06,790 --> 00:13:05,360

wheeled out you know left right and

361

00:13:08,790 --> 00:13:06,800

center because i don't think that's

362

00:13:10,389 --> 00:13:08,800

necessarily what's going to happen but

363

00:13:12,470 --> 00:13:10,399

like dan said makes a really good point

364

00:13:13,829 --> 00:13:12,480

what may come of it as we get another

365

00:13:15,750 --> 00:13:13,839

bob lazar

366

00:13:17,430 --> 00:13:15,760

in the sense that people who may or may

367

00:13:19,350 --> 00:13:17,440

not have worked on different craft in

368

00:13:21,030 --> 00:13:19,360

the past may come forward

369

00:13:22,550 --> 00:13:21,040

and that would be pretty cool as well

370

00:13:24,790 --> 00:13:22,560

especially if we had

371

00:13:26,949 --> 00:13:24,800

employees maybe of the last 20 or 30

372

00:13:29,430 --> 00:13:26,959

years who are still working still around

373

00:13:31,750 --> 00:13:29,440

still active still involved come forward

374

00:13:33,269 --> 00:13:31,760

but with them stories are backing up

375

00:13:36,069 --> 00:13:33,279

other people's stories potentially as

376

00:13:37,990 --> 00:13:36,079

well i have a concern no dan and i i

377

00:13:40,470 --> 00:13:38,000

shared this with you before

378

00:13:42,790 --> 00:13:40,480

are we going to lose people like luella

379

00:13:46,069 --> 00:13:42,800

zondo to this new

380

00:13:47,910 --> 00:13:46,079

governmental faction because if i'm in

381

00:13:49,829 --> 00:13:47,920

the government and i'm looking at okay

382

00:13:51,509 --> 00:13:49,839

we've got a new group starting up as

383

00:13:54,230 --> 00:13:51,519

crazy as it sounds we are going to be

384

00:13:57,350 --> 00:13:54,240

officially investigating looking at and

385

00:13:59,350 --> 00:13:57,360

discussing ufos uaps

386

00:14:01,750 --> 00:13:59,360

this guy louis lozando used to work with

387

00:14:03,829 --> 00:14:01,760

us he has been doing x y and z and he's

388

00:14:05,590 --> 00:14:03,839

got all this going let's get this guy

389

00:14:07,750 --> 00:14:05,600

back on side and let's get him back in

390

00:14:09,110 --> 00:14:07,760

the team because there's no one better

391

00:14:11,269 --> 00:14:09,120

to run this

392

00:14:13,829 --> 00:14:11,279

now that would be great for lou i'm sure

393

00:14:15,750 --> 00:14:13,839

and and great for the subject and in one

394

00:14:16,629 --> 00:14:15,760

way but i think there's a lot of us who

395

00:14:19,430 --> 00:14:16,639

would be

396

00:14:22,629 --> 00:14:19,440

disappointed because no doubt with that

397

00:14:24,230 --> 00:14:22,639

and that new responsibility would come

398

00:14:25,590 --> 00:14:24,240

a less

399

00:14:26,710 --> 00:14:25,600

able

400

00:14:28,710 --> 00:14:26,720

and

401  
00:14:31,430 --> 00:14:28,720  
open loyola zondo given new

402  
00:14:32,790 --> 00:14:31,440  
responsibilities would that be fair yeah

403  
00:14:34,870 --> 00:14:32,800  
i think that's fair to say it would be a

404  
00:14:36,550 --> 00:14:34,880  
less public-facing role right like if

405  
00:14:38,949 --> 00:14:36,560  
you had those departments set up if

406  
00:14:40,230 --> 00:14:38,959  
there was a public face in part of it

407  
00:14:42,230 --> 00:14:40,240  
you'd

408  
00:14:44,389 --> 00:14:42,240  
there would be a team of people uh you

409  
00:14:46,069 --> 00:14:44,399  
know it kind of doing what

410  
00:14:48,550 --> 00:14:46,079  
we think susan

411  
00:14:50,629 --> 00:14:48,560  
uh goff does now um

412  
00:14:52,790 --> 00:14:50,639  
but you know not not so

413  
00:14:55,509 --> 00:14:52,800

narrow sighted i guess um

414

00:14:58,790 --> 00:14:55,519

[Music]

415

00:15:00,949 --> 00:14:58,800

lou always says that his his commitment

416

00:15:02,069 --> 00:15:00,959

and his oath is to the american people

417

00:15:04,310 --> 00:15:02,079

so

418

00:15:06,230 --> 00:15:04,320

i could see him going back you know

419

00:15:08,150 --> 00:15:06,240

going somewhere where he would be most

420

00:15:09,910 --> 00:15:08,160

effective but for me where he would be

421

00:15:11,990 --> 00:15:09,920

most effective would be in a an

422

00:15:14,150 --> 00:15:12,000

international body not associated with

423

00:15:16,629 --> 00:15:14,160

government you know not necessarily

424

00:15:18,710 --> 00:15:16,639

speaking for the us government but

425

00:15:20,629 --> 00:15:18,720

speaking of someone that's

426

00:15:22,230 --> 00:15:20,639

very experienced you know and we we

427

00:15:25,350 --> 00:15:22,240

don't really know the extent of lew's

428

00:15:26,790 --> 00:15:25,360

experience yet we've had hints

429

00:15:28,470 --> 00:15:26,800

and it seems to be huge you know it

430

00:15:31,670 --> 00:15:28,480

seems that he's had his own experiences

431

00:15:33,590 --> 00:15:31,680

it seems that he's seen a lot more than

432

00:15:34,870 --> 00:15:33,600

he tells us you know even the explosive

433

00:15:36,230 --> 00:15:34,880

things that he suggested that he's

434

00:15:38,629 --> 00:15:36,240

probably seen stuff ten times better

435

00:15:40,389 --> 00:15:38,639

than that um

436

00:15:43,350 --> 00:15:40,399

so wherever he lands

437

00:15:45,590 --> 00:15:43,360

you know i'm i'm happy but i i hope it's

438

00:15:47,269 --> 00:15:45,600

in a place where he still gets to talk

439

00:15:49,110 --> 00:15:47,279

to us because i think he's really great

440

00:15:51,509 --> 00:15:49,120

and effective at doing that

441

00:15:53,509 --> 00:15:51,519

sure listen things are still ongoing out

442

00:15:55,749 --> 00:15:53,519

in san marino i would encourage people

443

00:15:57,829 --> 00:15:55,759

to keep an eye on max moscowitz's

444

00:15:59,910 --> 00:15:57,839

channel um he's very active on social

445

00:16:02,710 --> 00:15:59,920

media he will be tweeting links he's out

446

00:16:05,829 --> 00:16:02,720

there just now with lou and others and

447

00:16:07,430 --> 00:16:05,839

he he is one of us he is one of the

448

00:16:09,910 --> 00:16:07,440

can i don't know do we call ourselves

449

00:16:12,150 --> 00:16:09,920

media now but you know i said to him

450

00:16:13,590 --> 00:16:12,160

when i went on max's channel like a few

451

00:16:15,590 --> 00:16:13,600

weeks back and

452

00:16:17,110 --> 00:16:15,600

you know i said to him the the thing of

453

00:16:18,550 --> 00:16:17,120

you know none of us paid to do this it's

454

00:16:20,150 --> 00:16:18,560

all our passion and so on so forth and

455

00:16:21,910 --> 00:16:20,160

he reminded me he was like no dude i'm

456

00:16:23,110 --> 00:16:21,920

actually a journalist this is my job

457

00:16:24,629 --> 00:16:23,120

this is what i'm paid to do and i was

458

00:16:27,189 --> 00:16:24,639

like oh god yeah that's true you're not

459

00:16:28,870 --> 00:16:27,199

quite the same in the same position as

460

00:16:31,189 --> 00:16:28,880

myself and you andy

461

00:16:34,389 --> 00:16:31,199

it's yeah he is very much officially

462

00:16:36,389 --> 00:16:34,399

media film maker uh journalist so it's

463

00:16:39,189 --> 00:16:36,399

great he's done that uh and us on the

464

00:16:41,990 --> 00:16:39,199

grassroots of grassroots ufo media let's

465

00:16:43,509 --> 00:16:42,000

call ourselves that maybe um are are

466

00:16:45,030 --> 00:16:43,519

looking to people like max who have

467

00:16:46,550 --> 00:16:45,040

managed to get himself out there and

468

00:16:48,389 --> 00:16:46,560

hopefully that'll be us next year if

469

00:16:49,990 --> 00:16:48,399

this is going to be a regular thing that

470

00:16:51,990 --> 00:16:50,000

we can actually get over it'll be a

471

00:16:53,749 --> 00:16:52,000

flight and a train ride for us i've been

472

00:16:55,829 --> 00:16:53,759

looking at it today to be honest but

473

00:16:57,590 --> 00:16:55,839

that's that's more than doable if this

474

00:16:59,910 --> 00:16:57,600

kind of stuff is going to help get can i

475

00:17:01,670 --> 00:16:59,920

the news out quicker for people as well

476

00:17:03,829 --> 00:17:01,680

but keep an eye on max's channel keep an

477

00:17:05,829 --> 00:17:03,839

eye on social media if there's anything

478

00:17:07,350 --> 00:17:05,839

more worthy reporting from a news point

479

00:17:09,829 --> 00:17:07,360

of view we'll do another breaking news

480

00:17:11,829 --> 00:17:09,839

podcast of course um but yeah for now

481

00:17:14,390 --> 00:17:11,839

that's that's what's been happening

482

00:17:17,590 --> 00:17:14,400

you did have um someone with him as well

483

00:17:20,549 --> 00:17:17,600

lance mangia who filmed third eye spies

484

00:17:23,350 --> 00:17:20,559

and put that film together so

485

00:17:25,750 --> 00:17:23,360

i would figure that any news on lou's

486

00:17:27,510 --> 00:17:25,760

part from what's gone down in san marino

487

00:17:29,669 --> 00:17:27,520

you know with some meetings and lectures

488

00:17:31,270 --> 00:17:29,679

and things like that i i would imagine

489

00:17:35,270 --> 00:17:31,280

you know lance would be responsible for

490

00:17:37,430 --> 00:17:36,070

yeah

491

00:17:38,870 --> 00:17:37,440

awesome

492

00:17:40,070 --> 00:17:38,880

and just before we go off because this

493

00:17:41,270 --> 00:17:40,080

has been a nice short one for people

494

00:17:42,710 --> 00:17:41,280

just to update them on what's been

495

00:17:44,150 --> 00:17:42,720

happening in our thoughts and get some

496

00:17:45,990 --> 00:17:44,160

of the the basics hashed out because

497

00:17:47,350 --> 00:17:46,000

these are questions i've had for for dan

498

00:17:49,190 --> 00:17:47,360

as well and following this so it's been

499

00:17:51,430 --> 00:17:49,200

good it gets a lot right like all these

500

00:17:53,110 --> 00:17:51,440

different buildings and when when you're

501  
00:17:54,230 --> 00:17:53,120  
not when you don't live in america and

502  
00:17:56,950 --> 00:17:54,240  
you don't really know how this stuff

503  
00:17:58,870 --> 00:17:56,960  
works it's you know i i am happy to

504  
00:18:00,390 --> 00:17:58,880  
admit that i'm only just starting to

505  
00:18:02,230 --> 00:18:00,400  
feel like okay i kind of understand

506  
00:18:03,270 --> 00:18:02,240  
what's happening yeah and it's nice to

507  
00:18:05,029 --> 00:18:03,280  
clear it up because you see it being

508  
00:18:07,350 --> 00:18:05,039  
reported online and people make mistakes

509  
00:18:09,350 --> 00:18:07,360  
and they get bill numbers wrong or they

510  
00:18:11,029 --> 00:18:09,360  
confuse one bill with another and that's

511  
00:18:12,310 --> 00:18:11,039  
really easy to do and it's only when i

512  
00:18:14,390 --> 00:18:12,320  
sit down and get a chance to look at it

513  
00:18:15,990 --> 00:18:14,400

myself and start asking questions

514

00:18:17,270 --> 00:18:16,000

that i can get corrected and i think you

515

00:18:19,110 --> 00:18:17,280

know what other people are going to have

516

00:18:21,029 --> 00:18:19,120

that same thing so it's good to get to

517

00:18:23,350 --> 00:18:21,039

kind of hash out and clear it up as well

518

00:18:26,230 --> 00:18:23,360

because it's for me it's not it's not

519

00:18:28,549 --> 00:18:26,240

disclosure this isn't a huge step

520

00:18:31,510 --> 00:18:28,559

but it's a good one it's a positive one

521

00:18:33,270 --> 00:18:31,520

it's a step forward i think big

522

00:18:34,630 --> 00:18:33,280

developments could come from this down

523

00:18:37,190 --> 00:18:34,640

the line lewis seems to be hinting at

524

00:18:38,789 --> 00:18:37,200

that as well and it's it's exciting and

525

00:18:41,110 --> 00:18:38,799

it's good to see things are kind of

526

00:18:43,029 --> 00:18:41,120

rolling on let's let's remember less

527

00:18:45,350 --> 00:18:43,039

than three months ago we had the uap

528

00:18:46,789 --> 00:18:45,360

task force report published we're less

529

00:18:48,789 --> 00:18:46,799

than three months on

530

00:18:50,150 --> 00:18:48,799

and here's another

531

00:18:51,350 --> 00:18:50,160

piece of progress

532

00:18:52,789 --> 00:18:51,360

never mind what's happened in the

533

00:18:53,750 --> 00:18:52,799

meantime where there has been drips and

534

00:18:55,270 --> 00:18:53,760

drabs

535

00:18:56,870 --> 00:18:55,280

but this is where we're at now we're in

536

00:18:58,390 --> 00:18:56,880

less than three months we've had another

537

00:19:00,789 --> 00:18:58,400

leap forward so

538

00:19:02,630 --> 00:19:00,799

who said um lou said something pertinent

539

00:19:03,830 --> 00:19:02,640

to what you're saying uh

540

00:19:05,909 --> 00:19:03,840

someone asked him about you know were

541

00:19:09,430 --> 00:19:05,919

you disappointed with the uaptf

542

00:19:11,430 --> 00:19:09,440

uh report and he said it that has that

543

00:19:13,830 --> 00:19:11,440

report wasn't designed to say something

544

00:19:15,669 --> 00:19:13,840

it was designed to do something

545

00:19:17,430 --> 00:19:15,679

so what we're seeing now

546

00:19:19,350 --> 00:19:17,440

is the result of what that report was

547

00:19:22,230 --> 00:19:19,360

designed to do i.e smash through the

548

00:19:24,789 --> 00:19:22,240

sick stigma start getting those the

549

00:19:27,590 --> 00:19:24,799

right people in positions where they can

550

00:19:28,870 --> 00:19:27,600

talk about this stuff openly and like

551

00:19:30,630 --> 00:19:28,880

you said within three months of that

552

00:19:32,470 --> 00:19:30,640

happening we're already seeing these two

553

00:19:34,310 --> 00:19:32,480

new bills in congress like everyone

554

00:19:35,590 --> 00:19:34,320

smell the roses you know

555

00:19:37,190 --> 00:19:35,600

absolutely and that gives me a chance

556

00:19:39,430 --> 00:19:37,200

just to confirm for people who haven't

557

00:19:41,190 --> 00:19:39,440

seen it on on twitter ross cool talked

558

00:19:43,029 --> 00:19:41,200

00:22:38,070 --> 00:22:26,240  
[Music]
