CHRIS LEHTO

- P A R T O N E -

1  
00:00:00,000 --> 00:00:05,510

[Music]

2  
00:00:08,710 --> 00:00:06,869

there's a whole fleet of them look on

3  
00:00:10,950 --> 00:00:08,720

the assay

4  
00:00:14,310 --> 00:00:10,960

oh my gosh they're all going against the

5  
00:00:19,029 --> 00:00:16,390

it was basically a cube with inside of

6  
00:00:22,840 --> 00:00:19,039

sphere where the points of the cube

7  
00:00:33,040 --> 00:00:22,850

were touching outside of sphere

8  
00:00:37,190 --> 00:00:34,590

[Music]

9  
00:00:38,709 --> 00:00:37,200

[Applause]

10  
00:00:41,030 --> 00:00:38,719

so this isn't anything that just is

11  
00:00:46,389 --> 00:00:41,040

limited to the united states it's a

12  
00:00:51,350 --> 00:00:49,510

that ufo podcast is powered by zencastr

quality check out the links in the show

23

00:01:14,550 --> 00:01:12,080

description to find out more

24

00:01:20,710 --> 00:01:14,560

this is david marlar ufo researcher and

25

00:01:25,270 --> 00:01:22,950

hi everyone and welcome back to that ufo

26  
00:01:27,270 --> 00:01:25,280  
podcast as always my name is andy and

27  
00:01:28,870 --> 00:01:27,280  
special treat for you today i've got dan

28  
00:01:29,749 --> 00:01:28,880  
jumping on this one with me dan how are

29  
00:01:31,350 --> 00:01:29,759  
you doing

30  
00:01:32,950 --> 00:01:31,360  
i'm great thank you it's uh it's nice to

31  
00:01:34,630 --> 00:01:32,960  
be here and especially to meet uh

32  
00:01:35,910 --> 00:01:34,640  
today's guest

33  
00:01:37,910 --> 00:01:35,920  
yeah you only jump on me with the big

34  
00:01:39,109 --> 00:01:37,920  
ones don't you that's as everyone knows

35  
00:01:41,830 --> 00:01:39,119  
so uh

36  
00:01:45,429 --> 00:01:41,840  
that's it um but yes we have youtuber

37  
00:01:48,149 --> 00:01:45,439  
author retired f-16 pilot father among

38  
00:01:50,550 --> 00:01:48,159

many other things i have chris leto on

39

00:01:53,190 --> 00:01:50,560

the pod with us today chris how are we

40

00:01:54,630 --> 00:01:53,200

yeah excellent great to be here is it

41

00:01:55,910 --> 00:01:54,640

lito or leto

42

00:01:58,310 --> 00:01:55,920

i don't really know how to say it

43

00:02:01,830 --> 00:01:58,320

perfectly i think it's leto is the the

44

00:02:03,910 --> 00:02:01,840

finnish pronunciation but i guess later

45

00:02:05,510 --> 00:02:03,920

either orthodoxy and that's fine yeah i

46

00:02:07,590 --> 00:02:05,520

mean that's like me i still don't know

47

00:02:09,350 --> 00:02:07,600

my surname is mcgrillen which even me

48

00:02:10,630 --> 00:02:09,360

saying that on the podcast

49

00:02:12,470 --> 00:02:10,640

most listeners still would have

50

00:02:15,350 --> 00:02:12,480

understood what i've just said but i

51  
00:02:17,750 --> 00:02:15,360  
don't know if it's m small c capital g

52  
00:02:19,270 --> 00:02:17,760  
or m then all the small letters so if

53  
00:02:20,630 --> 00:02:19,280  
anyone out there knows people will get

54  
00:02:22,070 --> 00:02:20,640  
in touch with me that would be great if

55  
00:02:25,110 --> 00:02:22,080  
you could tell me how to spell my sun

56  
00:02:27,830 --> 00:02:25,120  
name after 35 years it'd be fantastic um

57  
00:02:29,270 --> 00:02:27,840  
but listen chris you are someone who it

58  
00:02:31,430 --> 00:02:29,280  
just seems especially in the last kind

59  
00:02:34,470 --> 00:02:31,440  
of six months or so has become really

60  
00:02:36,949 --> 00:02:34,480  
prominent in the ufo uap community for

61  
00:02:38,790 --> 00:02:36,959  
all sorts of reasons um

62  
00:02:42,470 --> 00:02:38,800  
you are going to be on rhine sprague's

63  
00:02:43,830 --> 00:02:42,480

podcast in the coming days or week or if

64

00:02:45,350 --> 00:02:43,840

you're listening to this in the future

65

00:02:46,630 --> 00:02:45,360

it's been go and check that one out

66

00:02:50,070 --> 00:02:46,640

we're friends with ryan sprague

67

00:02:52,070 --> 00:02:50,080

somewhere in the skies and uh yeah

68

00:02:54,790 --> 00:02:52,080

ryan's introduced you as being on his

69

00:02:57,589 --> 00:02:54,800

podcast as almost a rebuttal to his

70

00:02:58,630 --> 00:02:57,599

previous guest that was mick west we are

71

00:03:01,190 --> 00:02:58,640

not going to try and make this a

72

00:03:02,550 --> 00:03:01,200

conversation all about mick and his his

73

00:03:04,630 --> 00:03:02,560

crazy theories and stuff we're going to

74

00:03:06,630 --> 00:03:04,640

focus on you and people finding out

75

00:03:08,710 --> 00:03:06,640

about yourself chris um i always like to

76

00:03:10,949 --> 00:03:08,720

start off by asking a little bit about

77

00:03:12,630 --> 00:03:10,959

your early life and your background and

78

00:03:14,309 --> 00:03:12,640

kind of what got you to the point of of

79

00:03:16,710 --> 00:03:14,319

joining the military and getting to what

80

00:03:17,750 --> 00:03:16,720

you do now

81

00:03:19,670 --> 00:03:17,760

uh

82

00:03:21,750 --> 00:03:19,680

sorry i have discord i'll break right

83

00:03:23,750 --> 00:03:21,760

here uh

84

00:03:25,270 --> 00:03:23,760

let me turn off my discord sorry man no

85

00:03:27,509 --> 00:03:25,280

you're okay don't worry did you hear it

86

00:03:29,430 --> 00:03:27,519

like the beeping i heard it uh

87

00:03:31,030 --> 00:03:29,440

i i didn't actually hear it no it's fine

88

00:03:33,350 --> 00:03:31,040

or listen chris we could leave this

89

00:03:35,110 --> 00:03:33,360

button and we could say is that discord

90

00:03:36,949 --> 00:03:35,120

part of your patreon service that people

91

00:03:38,710 --> 00:03:36,959

can access yeah

92

00:03:41,190 --> 00:03:38,720

that yeah the discord

93

00:03:43,589 --> 00:03:41,200

well it is right i'm meant to give some

94

00:03:46,309 --> 00:03:43,599

better benefit to

95

00:03:47,430 --> 00:03:46,319

patreons but i think i'll just talk to

96

00:03:49,509 --> 00:03:47,440

the patreons you know i'm still trying

97

00:03:51,910 --> 00:03:49,519

to figure out how best to

98

00:03:53,429 --> 00:03:51,920

uh to reward patreons or make it make it

99

00:03:55,190 --> 00:03:53,439

worth their while and then because i'm

100

00:03:57,910 --> 00:03:55,200

gaining a huge amount of value just in

101  
00:04:00,229 --> 00:03:57,920  
feedback support you know just even the

102  
00:04:01,589 --> 00:04:00,239  
financial support helps just just cover

103  
00:04:04,390 --> 00:04:01,599  
all the monthly costs you know that you

104  
00:04:06,470 --> 00:04:04,400  
end up you end up incurring um so i

105  
00:04:08,309 --> 00:04:06,480  
don't know we might just open it up i i

106  
00:04:09,990 --> 00:04:08,319  
like discord because i think it's very

107  
00:04:11,750 --> 00:04:10,000  
it's usable you know you can use it for

108  
00:04:13,990 --> 00:04:11,760  
teams especially

109  
00:04:15,910 --> 00:04:14,000  
working online it's just so more it's

110  
00:04:17,590 --> 00:04:15,920  
just so usable

111  
00:04:18,949 --> 00:04:17,600  
yeah it's a good platform we've got it

112  
00:04:20,710 --> 00:04:18,959  
for the podcast as well so we'll leave

113  
00:04:22,310 --> 00:04:20,720

that button and we'll put chris's links

114

00:04:23,909 --> 00:04:22,320

for his patreon and stuff within the

115

00:04:25,030 --> 00:04:23,919

show description folks too and you're

116

00:04:27,270 --> 00:04:25,040

going to find out a lot about chris in

117

00:04:29,430 --> 00:04:27,280

the next hour and a half however long it

118

00:04:31,670 --> 00:04:29,440

may be so yeah chris early life tell us

119

00:04:34,230 --> 00:04:31,680

a little bit about yourself

120

00:04:35,830 --> 00:04:34,240

yeah so i grew up in houston my parents

121

00:04:37,670 --> 00:04:35,840

actually um

122

00:04:40,070 --> 00:04:37,680

you know they in the vietnam war so they

123

00:04:42,469 --> 00:04:40,080

were they were against the war in

124

00:04:45,110 --> 00:04:42,479

vietnam actually a conscientious

125

00:04:46,230 --> 00:04:45,120

objector was my dad you know he was in

126

00:04:47,830 --> 00:04:46,240

um

127

00:04:49,270 --> 00:04:47,840

university grew up in the northeast and

128

00:04:51,270 --> 00:04:49,280

they moved out to

129

00:04:53,749 --> 00:04:51,280

new mexico and like lived out you know

130

00:04:54,550 --> 00:04:53,759

in like a commune or something i'm not

131

00:04:57,110 --> 00:04:54,560

sure

132

00:04:58,629 --> 00:04:57,120

but basically uh they lived out uh in

133

00:05:00,390 --> 00:04:58,639

new mexico and that's where i was born

134

00:05:02,550 --> 00:05:00,400

like in adobe house

135

00:05:04,150 --> 00:05:02,560

um and then at two years old i think

136

00:05:05,990 --> 00:05:04,160

they were like all right we need to to

137

00:05:07,990 --> 00:05:06,000

do like a real regular life or something

138

00:05:10,150 --> 00:05:08,000

uh provide for our kids and so they

139

00:05:12,230 --> 00:05:10,160

moved to houston that was like the boom

140

00:05:14,150 --> 00:05:12,240

town houston was it exploding they had

141

00:05:16,390 --> 00:05:14,160

all these these new uh

142

00:05:19,110 --> 00:05:16,400

uh astrodome they had all these giant

143

00:05:21,029 --> 00:05:19,120

facilities sports teams it was when

144

00:05:22,870 --> 00:05:21,039

nasa was was big

145

00:05:24,790 --> 00:05:22,880

so they moved there and my mom worked

146

00:05:27,830 --> 00:05:24,800

for ibm ended up having a

147

00:05:30,629 --> 00:05:27,840

long career with ibm my dad set up

148

00:05:32,230 --> 00:05:30,639

computers like small computer uh

149

00:05:34,310 --> 00:05:32,240

systems essentially but then windows

150

00:05:35,909 --> 00:05:34,320

came and basically you know kind of took

151  
00:05:38,469 --> 00:05:35,919  
over the market

152  
00:05:40,629 --> 00:05:38,479  
so i grew up just in suburbia of houston

153  
00:05:42,950 --> 00:05:40,639  
you know we did played sports played um

154  
00:05:44,870 --> 00:05:42,960  
you know soccer tennis um

155  
00:05:46,310 --> 00:05:44,880  
and running and then it was all about

156  
00:05:48,310 --> 00:05:46,320  
grades in my family you know basically

157  
00:05:50,150 --> 00:05:48,320  
you had it you get i got all a's you're

158  
00:05:51,909 --> 00:05:50,160  
gonna get all a's you know um but with

159  
00:05:53,830 --> 00:05:51,919  
that being said if i got if i did get

160  
00:05:55,590 --> 00:05:53,840  
all a's and played the sports you know i

161  
00:05:56,710 --> 00:05:55,600  
had you know free reign or not free

162  
00:05:58,550 --> 00:05:56,720  
reign but

163  
00:05:59,510 --> 00:05:58,560

uh at least i could you know i had a

164

00:06:01,990 --> 00:05:59,520

very

165

00:06:05,350 --> 00:06:02,000

uh i would almost call it you know

166

00:06:07,430 --> 00:06:05,360

privileged if you will um life um

167

00:06:09,830 --> 00:06:07,440

which is is hard to fathom when you get

168

00:06:11,350 --> 00:06:09,840

to a point in your and you and you have

169

00:06:13,189 --> 00:06:11,360

you know everything's still difficult

170

00:06:14,790 --> 00:06:13,199

but everything's provided but you're

171

00:06:16,309 --> 00:06:14,800

still not really happy you know you're

172

00:06:17,510 --> 00:06:16,319

not yeah you're not happy with the

173

00:06:18,550 --> 00:06:17,520

future that is

174

00:06:20,469 --> 00:06:18,560

laid out

175

00:06:22,950 --> 00:06:20,479

and not that my parents were you know by

176  
00:06:24,710 --> 00:06:22,960  
you know liberal household we could free

177  
00:06:25,990 --> 00:06:24,720  
thinking was it was you know

178  
00:06:28,070 --> 00:06:26,000  
a must

179  
00:06:29,510 --> 00:06:28,080  
exactly uh using your brain

180  
00:06:31,350 --> 00:06:29,520  
um and so

181  
00:06:34,230 --> 00:06:31,360  
it's basically i got to that point where

182  
00:06:35,990 --> 00:06:34,240  
i just want a different path in my life

183  
00:06:37,350 --> 00:06:36,000  
get some discipline in my life and then

184  
00:06:38,790 --> 00:06:37,360  
this guy in my physics class he

185  
00:06:41,029 --> 00:06:38,800  
basically talked about the air force

186  
00:06:42,550 --> 00:06:41,039  
academy explained it to me throughout

187  
00:06:44,150 --> 00:06:42,560  
throughout the year and finally i just

188  
00:06:46,629 --> 00:06:44,160

applied and

189

00:06:48,629 --> 00:06:46,639

uh and and then went actually they let

190

00:06:50,309 --> 00:06:48,639

me in i went to the air force academy it

191

00:06:52,790 --> 00:06:50,319

was it was amazing actually amazing

192

00:06:54,469 --> 00:06:52,800

experience you know anybody that it's

193

00:06:55,909 --> 00:06:54,479

just so difficult anybody that goes and

194

00:06:57,830 --> 00:06:55,919

can make it through it's just just

195

00:06:59,990 --> 00:06:57,840

mentally stronger

196

00:07:01,189 --> 00:07:00,000

so really anyone that that

197

00:07:03,029 --> 00:07:01,199

you have to be crazy enough just to

198

00:07:04,870 --> 00:07:03,039

choose to make it through you know but

199

00:07:07,029 --> 00:07:04,880

once once they do that or for whatever

200

00:07:09,350 --> 00:07:07,039

reasons they're motivated um

201  
00:07:11,909 --> 00:07:09,360  
you know you do end up a different um

202  
00:07:14,070 --> 00:07:11,919  
person at the end uh i think in a lot of

203  
00:07:15,990 --> 00:07:14,080  
ways better you know but

204  
00:07:17,990 --> 00:07:16,000  
didn't have a normal college experience

205  
00:07:19,589 --> 00:07:18,000  
you know you basically i'm not i met a

206  
00:07:21,749 --> 00:07:19,599  
lot of my friends on the tour pad it's

207  
00:07:23,029 --> 00:07:21,759  
basically when you get in trouble uh if

208  
00:07:24,629 --> 00:07:23,039  
you miss if you're 10 minutes late or

209  
00:07:26,550 --> 00:07:24,639  
something for a class you have to spend

210  
00:07:28,309 --> 00:07:26,560  
that the next weekend essentially

211  
00:07:31,990 --> 00:07:28,319  
marching uh back and forth with a

212  
00:07:33,990 --> 00:07:32,000  
plastic rifle uh 11 hours actually

213  
00:07:36,469 --> 00:07:34,000

so there's some just crazy uh

214

00:07:38,469 --> 00:07:36,479

punishments etcetera uh but met some

215

00:07:41,350 --> 00:07:38,479

amazing people there that the nft guy

216

00:07:43,270 --> 00:07:41,360

was talking talking with you about he

217

00:07:44,790 --> 00:07:43,280

he actually my buddy jimmy he actually

218

00:07:45,749 --> 00:07:44,800

was from the air force academy met him

219

00:07:47,830 --> 00:07:45,759

there

220

00:07:50,150 --> 00:07:47,840

so just met amazing people and then by

221

00:07:52,150 --> 00:07:50,160

the end um one of the benefits of going

222

00:07:54,070 --> 00:07:52,160

to air force academy is you can

223

00:07:56,390 --> 00:07:54,080

you have almost a free ticket into pilot

224

00:07:58,550 --> 00:07:56,400

training not a free ticket but they they

225

00:08:00,469 --> 00:07:58,560

do use those slots first um really

226

00:08:01,830 --> 00:08:00,479

because it's the most expensive

227

00:08:03,189 --> 00:08:01,840

you know for the government so if you

228

00:08:04,309 --> 00:08:03,199

want to be a pilot

229

00:08:05,909 --> 00:08:04,319

and you graduate from the air force

230

00:08:07,909 --> 00:08:05,919

academy you you don't have a guaranteed

231

00:08:09,189 --> 00:08:07,919

slot but you have a very high chance

232

00:08:10,469 --> 00:08:09,199

um so from there i went to pilot

233

00:08:12,150 --> 00:08:10,479

training

234

00:08:14,150 --> 00:08:12,160

and i grew up actually just playing

235

00:08:16,230 --> 00:08:14,160

video games all the time which helped a

236

00:08:18,309 --> 00:08:16,240

lot i was like a side video game addict

237

00:08:19,990 --> 00:08:18,319

you know i know all the like doom with

238

00:08:22,629 --> 00:08:20,000

my buddy on on the internet somehow he

239

00:08:25,189 --> 00:08:22,639

was able to set up doom uh jay abney

240

00:08:27,350 --> 00:08:25,199

actually he he made a company uh

241

00:08:28,710 --> 00:08:27,360

he makes a game of gods of olympus

242

00:08:30,390 --> 00:08:28,720

amazing game now

243

00:08:31,830 --> 00:08:30,400

but back in the day we were playing doom

244

00:08:33,190 --> 00:08:31,840

just linked up over you know the

245

00:08:34,790 --> 00:08:33,200

internet before there was an internet

246

00:08:36,790 --> 00:08:34,800

you know essentially

247

00:08:39,750 --> 00:08:36,800

so playing video games helped me and

248

00:08:41,909 --> 00:08:39,760

helped me through pilot training um

249

00:08:43,430 --> 00:08:41,919

and yes uh was able to uh succeed at

250

00:08:46,230 --> 00:08:43,440

pilot training

251  
00:08:48,070 --> 00:08:46,240  
and got a f-16 slot

252  
00:08:51,269 --> 00:08:48,080  
which basically which is pretty cool to

253  
00:08:54,870 --> 00:08:51,279  
be flying any kind of plane aircraft let

254  
00:08:57,350 --> 00:08:54,880  
alone an f-16 um and between that as

255  
00:09:00,389 --> 00:08:57,360  
well now but did you have any interest

256  
00:09:01,829 --> 00:09:00,399  
in fofs are you aps aliens like that

257  
00:09:03,829 --> 00:09:01,839  
growing up or was that something that's

258  
00:09:04,790 --> 00:09:03,839  
kind of came later in life

259  
00:09:11,269 --> 00:09:04,800  
i mean

260  
00:09:13,350 --> 00:09:11,279  
looked into nothing i considered it all

261  
00:09:14,070 --> 00:09:13,360  
you know essentially just fake or you

262  
00:09:15,590 --> 00:09:14,080  
know

263  
00:09:17,670 --> 00:09:15,600

um

264

00:09:19,350 --> 00:09:17,680

disingenuous yeah you know because i i

265

00:09:20,870 --> 00:09:19,360

really i went when i went to the air

266

00:09:22,790 --> 00:09:20,880

force academy um

267

00:09:24,790 --> 00:09:22,800

actually i really liked chemistry i grew

268

00:09:26,230 --> 00:09:24,800

up at my at my high school i really

269

00:09:28,790 --> 00:09:26,240

liked chemistry

270

00:09:30,710 --> 00:09:28,800

um i just i remember as a young kid

271

00:09:32,150 --> 00:09:30,720

being told by many of the people around

272

00:09:33,990 --> 00:09:32,160

me you know it's kind of a religious

273

00:09:35,590 --> 00:09:34,000

methodist area i grew up in

274

00:09:37,350 --> 00:09:35,600

um just as a kid you know you're like

275

00:09:39,110 --> 00:09:37,360

laying in bed at your first sleepover

276

00:09:40,949 --> 00:09:39,120

you know and the guy's like you know you

277

00:09:42,949 --> 00:09:40,959

don't believe in god and i'm like

278

00:09:43,990 --> 00:09:42,959

no and he's like you're gonna go to hell

279

00:09:45,829 --> 00:09:44,000

you know

280

00:09:49,190 --> 00:09:45,839

i just remember that from a very

281

00:09:50,710 --> 00:09:49,200

uh uh early early age uh and it keeps

282

00:09:53,269 --> 00:09:50,720

you get you just keep getting reminded

283

00:09:55,030 --> 00:09:53,279

of that like constantly you know

284

00:09:56,550 --> 00:09:55,040

everybody god bless you i mean

285

00:09:58,070 --> 00:09:56,560

everything you know if you're not

286

00:10:00,870 --> 00:09:58,080

religious it's difficult to understand

287

00:10:02,230 --> 00:10:00,880

growing up in a religious um society you

288

00:10:03,670 --> 00:10:02,240

know and i really feel like you know i

289

00:10:05,269 --> 00:10:03,680

say i was oppressed

290

00:10:07,030 --> 00:10:05,279

and people maybe laugh about that you

291

00:10:08,710 --> 00:10:07,040

know but i think it is i think it's

292

00:10:09,829 --> 00:10:08,720

definitely oppression i thought

293

00:10:12,150 --> 00:10:09,839

um

294

00:10:14,150 --> 00:10:12,160

and so at any rate i always felt the

295

00:10:15,910 --> 00:10:14,160

need to find out the truth you know i

296

00:10:16,870 --> 00:10:15,920

was like you know am i really surrounded

297

00:10:18,710 --> 00:10:16,880

by

298

00:10:20,550 --> 00:10:18,720

all these people who can see these say

299

00:10:23,190 --> 00:10:20,560

they see these things that are invisible

300

00:10:24,870 --> 00:10:23,200

you know i i realistically thought they

301

00:10:26,710 --> 00:10:24,880

were just all crazy like literally

302

00:10:28,949 --> 00:10:26,720

insane but if you think everyone else is

303

00:10:31,110 --> 00:10:28,959

insane then chances are it's you that

304

00:10:32,230 --> 00:10:31,120

actually is insane you know like if

305

00:10:35,750 --> 00:10:32,240

there's not an in the room

306

00:10:37,269 --> 00:10:35,760

chances are it's you you know so

307

00:10:38,949 --> 00:10:37,279

and so i didn't

308

00:10:41,269 --> 00:10:38,959

yeah i was just very interested in

309

00:10:43,910 --> 00:10:41,279

finding the truth uh and so that's what

310

00:10:45,509 --> 00:10:43,920

what drew me to chemistry and and

311

00:10:46,870 --> 00:10:45,519

physics would have also been

312

00:10:49,110 --> 00:10:46,880

i think if i had to do it over again i

313

00:10:51,030 --> 00:10:49,120

probably would have picked um something

314

00:10:53,590 --> 00:10:51,040

more leaning towards physics because i

315

00:10:55,509 --> 00:10:53,600

actually was a material scientist uh

316

00:10:58,470 --> 00:10:55,519

which was a degree which is combines

317

00:11:00,630 --> 00:10:58,480

chemistry and physics

318

00:11:02,949 --> 00:11:00,640

um kind of together uh you know that's

319

00:11:04,389 --> 00:11:02,959

where your materials kind of kind of uh

320

00:11:05,750 --> 00:11:04,399

meet i guess

321

00:11:07,269 --> 00:11:05,760

um

322

00:11:08,790 --> 00:11:07,279

and so that's what really drew me to

323

00:11:10,069 --> 00:11:08,800

that if i had to do it again i may lean

324

00:11:11,750 --> 00:11:10,079

more towards the physics you know

325

00:11:14,069 --> 00:11:11,760

knowing what i knowing what i know now

326

00:11:15,670 --> 00:11:14,079

but chemistry is also very very handy

327

00:11:17,350 --> 00:11:15,680

and i took a lot of biology classes you

328

00:11:19,110 --> 00:11:17,360

know biochemistry

329

00:11:21,670 --> 00:11:19,120

um you know all those classes are just

330

00:11:23,670 --> 00:11:21,680

mind-blowing you know like i love the

331

00:11:25,509 --> 00:11:23,680

youtubers that blew my mind

332

00:11:27,269 --> 00:11:25,519

um you know i just look up to those guys

333

00:11:28,949 --> 00:11:27,279

so much like vsauce

334

00:11:31,750 --> 00:11:28,959

but any of these advanced classes you

335

00:11:34,150 --> 00:11:31,760

know if you really go into biochemistry

336

00:11:36,069 --> 00:11:34,160

and if you know if you take a college

337

00:11:37,829 --> 00:11:36,079

level class like a serious class on

338

00:11:39,990 --> 00:11:37,839

biochemistry

339

00:11:42,550 --> 00:11:40,000

what i took away from that is it's like

340

00:11:44,470 --> 00:11:42,560

unbelievably complicated and we really

341

00:11:46,069 --> 00:11:44,480

we really don't know what's going on you

342

00:11:47,590 --> 00:11:46,079

know we have these we we say this like

343

00:11:49,509 --> 00:11:47,600

the krebs process

344

00:11:51,190 --> 00:11:49,519

and we and we say all these things but

345

00:11:52,389 --> 00:11:51,200

you know i've seen how they got the

346

00:11:53,509 --> 00:11:52,399

information

347

00:11:55,030 --> 00:11:53,519

um

348

00:11:57,190 --> 00:11:55,040

and it's a lot of it's just kind of a

349

00:11:59,190 --> 00:11:57,200

guess right and and just trying to fill

350

00:12:01,350 --> 00:11:59,200

you know you're looking at just it's

351  
00:12:02,710 --> 00:12:01,360  
what i've argued in my last video you

352  
00:12:04,389 --> 00:12:02,720  
know i think we're physically looking

353  
00:12:06,230 --> 00:12:04,399  
into other dimensions so it's

354  
00:12:07,670 --> 00:12:06,240  
it's not so easy

355  
00:12:09,829 --> 00:12:07,680  
yeah we're definitely going to get to

356  
00:12:11,670 --> 00:12:09,839  
that last video in a little bit yeah and

357  
00:12:13,590 --> 00:12:11,680  
it's funny you mentioned about uh like

358  
00:12:16,389 --> 00:12:13,600  
physics class i i mentioned online

359  
00:12:18,069 --> 00:12:16,399  
recently but i growing up always had the

360  
00:12:19,829 --> 00:12:18,079  
intention of taking physics having an

361  
00:12:21,750 --> 00:12:19,839  
interest in space and all that kind of

362  
00:12:23,430 --> 00:12:21,760  
stuff i wouldn't have been particularly

363  
00:12:25,430 --> 00:12:23,440

good i wasn't gifted gifted

364

00:12:26,790 --> 00:12:25,440

mathematically and i think you kind of

365

00:12:28,389 --> 00:12:26,800

have to be especially from a physics

366

00:12:29,990 --> 00:12:28,399

point of view i ended up just taking

367

00:12:31,910 --> 00:12:30,000

chemistry because it sounded more fun

368

00:12:33,750 --> 00:12:31,920

than biology but the reason i didn't

369

00:12:35,430 --> 00:12:33,760

take physics was i i got to what you

370

00:12:38,069 --> 00:12:35,440

would call high school it's secondary

371

00:12:40,150 --> 00:12:38,079

school in the uk or scotland and um we

372

00:12:42,389 --> 00:12:40,160

got like a tester class where you go in

373

00:12:44,790 --> 00:12:42,399

for an hour and the teacher essentially

374

00:12:47,190 --> 00:12:44,800

essentially gets to pitch the the class

375

00:12:48,470 --> 00:12:47,200

to you and i remember he was a star trek

376

00:12:50,310 --> 00:12:48,480

geek and he was telling us all this

377

00:12:51,990 --> 00:12:50,320

stuff and it sounded great and he turned

378

00:12:53,829 --> 00:12:52,000

down to the class and this one moment

379

00:12:54,710 --> 00:12:53,839

changed the course of my education where

380

00:12:56,790 --> 00:12:54,720

he said

381

00:12:58,150 --> 00:12:56,800

you know it's children like you who will

382

00:13:00,629 --> 00:12:58,160

grow up to be the scientists of the

383

00:13:02,550 --> 00:13:00,639

future who are going to redirect

384

00:13:04,790 --> 00:13:02,560

asteroids and comets heading towards the

385

00:13:07,030 --> 00:13:04,800

earth and they mentioned this one and i

386

00:13:09,269 --> 00:13:07,040

just remember thinking that sounds like

387

00:13:11,509 --> 00:13:09,279

a lot of responsibility that i don't

388

00:13:14,710 --> 00:13:11,519

necessarily

389

00:13:16,629 --> 00:13:14,720

i went the other way yeah yeah

390

00:13:18,069 --> 00:13:16,639

that's when i was going i was like yeah

391

00:13:19,590 --> 00:13:18,079

that's that's not for me someone else

392

00:13:21,910 --> 00:13:19,600

can deal with that i am not dealing with

393

00:13:23,910 --> 00:13:21,920

some bruce willis armageddon level stuff

394

00:13:25,030 --> 00:13:23,920

here so um i think i made the right

395

00:13:26,790 --> 00:13:25,040

choice and

396

00:13:28,389 --> 00:13:26,800

now a podcast i've never been

397

00:13:29,750 --> 00:13:28,399

represented with the question fully you

398

00:13:32,550 --> 00:13:29,760

know yeah

399

00:13:35,190 --> 00:13:32,560

i disagree actually andy um

400

00:13:38,629 --> 00:13:35,200

i think that you know the only reason

401  
00:13:40,470 --> 00:13:38,639  
like smarter people are are smarter um

402  
00:13:42,629 --> 00:13:40,480  
is they just think about it more and

403  
00:13:44,710 --> 00:13:42,639  
more and you know it's um

404  
00:13:46,069 --> 00:13:44,720  
it's like any muscle

405  
00:13:49,829 --> 00:13:46,079  
you know i think most people just think

406  
00:13:51,910 --> 00:13:49,839  
about their sports team you know or

407  
00:13:53,590 --> 00:13:51,920  
trading money or you know they're just

408  
00:13:57,750 --> 00:13:53,600  
not

409  
00:13:59,750 --> 00:13:57,760  
uh processing because it's difficult

410  
00:14:01,509 --> 00:13:59,760  
right you know when i remember my first

411  
00:14:03,590 --> 00:14:01,519  
physics class man it's it's extremely

412  
00:14:05,189 --> 00:14:03,600  
hard and we had

413  
00:14:07,350 --> 00:14:05,199

this lady you know

414

00:14:08,310 --> 00:14:07,360

let's call her mrs smith you know

415

00:14:11,189 --> 00:14:08,320

you know

416

00:14:13,030 --> 00:14:11,199

big big lady thick glasses

417

00:14:14,069 --> 00:14:13,040

um and she would sit up there on this

418

00:14:18,069 --> 00:14:14,079

you know

419

00:14:20,710 --> 00:14:18,079

grease projectors did you have those

420

00:14:23,030 --> 00:14:20,720

yeah yeah yeah um but she was so cool

421

00:14:24,550 --> 00:14:23,040

and she would just like blow your mind

422

00:14:26,870 --> 00:14:24,560

with these physics you know these

423

00:14:28,389 --> 00:14:26,880

physics proofs you know very simple

424

00:14:30,069 --> 00:14:28,399

uh but very complicated actually you

425

00:14:31,750 --> 00:14:30,079

know force equals ma you i mean those

426

00:14:33,269 --> 00:14:31,760

things are not

427

00:14:35,350 --> 00:14:33,279

it's not so intuitive when you really

428

00:14:36,629 --> 00:14:35,360

get into the vector math and all that

429

00:14:38,629 --> 00:14:36,639

stuff um

430

00:14:39,509 --> 00:14:38,639

but i think it's kind of a disservice

431

00:14:43,189 --> 00:14:39,519

when

432

00:14:44,389 --> 00:14:43,199

aptitude you know or don't don't think

433

00:14:46,230 --> 00:14:44,399

they have the aptitude

434

00:14:46,840 --> 00:14:46,240

and i would say well have you tried you

435

00:14:48,389 --> 00:14:46,850

know um

436

00:14:50,389 --> 00:14:48,399

[Music]

437

00:14:51,990 --> 00:14:50,399

you can see a lot of this

438

00:14:53,509 --> 00:14:52,000

yeah you can see a lot of your education

439

00:14:55,990 --> 00:14:53,519

that's reflected in obviously what you

440

00:14:58,069 --> 00:14:56,000

went on to do as a pilot and not just

441

00:15:00,069 --> 00:14:58,079

anyone can become a pilot and we've

442

00:15:02,790 --> 00:15:00,079

heard a lot recently about trained

443

00:15:04,550 --> 00:15:02,800

observers and how highly skilled pilots

444

00:15:06,949 --> 00:15:04,560

are which which seems a bit obvious but

445

00:15:08,629 --> 00:15:06,959

it's it's true um you you are highly

446

00:15:10,790 --> 00:15:08,639

skilled it's not just a case of here's a

447

00:15:12,870 --> 00:15:10,800

test you pass it you get to be a pilot

448

00:15:14,629 --> 00:15:12,880

there's a lot of people go for these and

449

00:15:16,310 --> 00:15:14,639

it's it narrows down to a very small

450

00:15:19,189 --> 00:15:16,320

field and these people get to go and fly

451  
00:15:22,230 --> 00:15:19,199  
very expensive a very expensive aircraft

452  
00:15:24,230 --> 00:15:22,240  
um as as an f-16 pilot though what sort

453  
00:15:25,030 --> 00:15:24,240  
of things were you doing because where

454  
00:15:27,110 --> 00:15:25,040  
you're

455  
00:15:27,750 --> 00:15:27,120  
in foreign countries was it missions is

456  
00:15:29,670 --> 00:15:27,760  
it

457  
00:15:31,509 --> 00:15:29,680  
as as a layman i would like to know what

458  
00:15:33,430 --> 00:15:31,519  
it was you've done on an f-16 yeah you

459  
00:15:35,189 --> 00:15:33,440  
know um you know how do you know a

460  
00:15:37,749 --> 00:15:35,199  
fighter pilots at the party

461  
00:15:38,790 --> 00:15:37,759  
you know he'll tell you

462  
00:15:40,790 --> 00:15:38,800  
uh

463  
00:15:42,470 --> 00:15:40,800

yeah i would say that i had an amazing

464

00:15:44,550 --> 00:15:42,480

career really did you know one of the

465

00:15:45,990 --> 00:15:44,560

reasons is i wanted to

466

00:15:47,509 --> 00:15:46,000

like i said a different life a

467

00:15:49,350 --> 00:15:47,519

challenging life

468

00:15:50,790 --> 00:15:49,360

um and so

469

00:15:52,230 --> 00:15:50,800

and one that you get to travel around i

470

00:15:53,990 --> 00:15:52,240

really like traveling i love seeing

471

00:15:55,269 --> 00:15:54,000

different points of view

472

00:15:56,790 --> 00:15:55,279

different cultures

473

00:15:59,110 --> 00:15:56,800

so i really had a

474

00:16:02,870 --> 00:15:59,120

a varied

475

00:16:04,230 --> 00:16:02,880

outside of the u.s most of the time to

476

00:16:06,949 --> 00:16:04,240

be honest you know

477

00:16:09,269 --> 00:16:06,959

my first career my i was trained in

478

00:16:11,189 --> 00:16:09,279

phoenix that's where i met my wife uh

479

00:16:13,110 --> 00:16:11,199

and then we i moved to

480

00:16:14,470 --> 00:16:13,120

south korea that was my first assignment

481

00:16:17,670 --> 00:16:14,480

uh for a year

482

00:16:19,829 --> 00:16:17,680

and then i met her in italy so got to

483

00:16:21,670 --> 00:16:19,839

fly in italy and now those are really

484

00:16:24,389 --> 00:16:21,680

just that first year in south korea and

485

00:16:26,870 --> 00:16:24,399

then the next three years in italy those

486

00:16:28,470 --> 00:16:26,880

are really my only like operational

487

00:16:30,389 --> 00:16:28,480

fighting tours you know where you

488

00:16:33,189 --> 00:16:30,399

actually would go out from there i

489

00:16:35,590 --> 00:16:33,199

actually went deployed from italy to

490

00:16:38,550 --> 00:16:35,600

iraq in 2005

491

00:16:39,350 --> 00:16:38,560

and did like a five month tour there

492

00:16:41,509 --> 00:16:39,360

um

493

00:16:43,670 --> 00:16:41,519

and so that's my only one and only

494

00:16:44,870 --> 00:16:43,680

really combat deployment you know you

495

00:16:47,670 --> 00:16:44,880

after that

496

00:16:49,509 --> 00:16:47,680

i went to alaska and then from then on

497

00:16:50,949 --> 00:16:49,519

it was basically training you know i

498

00:16:53,670 --> 00:16:50,959

really

499

00:16:55,910 --> 00:16:53,680

i just didn't agree with all the with

500

00:16:57,829 --> 00:16:55,920

with the way the wars were

501  
00:16:59,910 --> 00:16:57,839  
were going i didn't believe that going

502  
00:17:01,350 --> 00:16:59,920  
there and and shooting people or blowing

503  
00:17:04,390 --> 00:17:01,360  
them up would really

504  
00:17:06,390 --> 00:17:04,400  
fix anything or solve any issues uh you

505  
00:17:08,470 --> 00:17:06,400  
know you when i was there you definitely

506  
00:17:09,909 --> 00:17:08,480  
there's a motivation you really want to

507  
00:17:11,429 --> 00:17:09,919  
you want to help you know you really

508  
00:17:13,189 --> 00:17:11,439  
want to win you don't want all of this

509  
00:17:15,350 --> 00:17:13,199  
to have been for nothing

510  
00:17:17,110 --> 00:17:15,360  
and you go there and you try really hard

511  
00:17:18,549 --> 00:17:17,120  
but at the end of the day you know what

512  
00:17:20,069 --> 00:17:18,559  
are we really doing we're just blowing

513  
00:17:21,990 --> 00:17:20,079

stuff up you know if you're going to

514

00:17:24,390 --> 00:17:22,000

raid people's houses with helicopters

515

00:17:26,549 --> 00:17:24,400

and punch through the front door

516

00:17:28,150 --> 00:17:26,559

you know are you really going to build a

517

00:17:30,230 --> 00:17:28,160

whatever you're trying to build a

518

00:17:32,789 --> 00:17:30,240

democracy in a foreign country so

519

00:17:34,630 --> 00:17:32,799

i don't know i i just thought um

520

00:17:37,430 --> 00:17:34,640

it wasn't really what i was interested

521

00:17:40,150 --> 00:17:37,440

in you know i i i was i thought it'd be

522

00:17:44,390 --> 00:17:40,160

more advanced you know like protecting

523

00:17:46,950 --> 00:17:44,400

uh europe i really i liked the nato um i

524

00:17:49,029 --> 00:17:46,960

love nato you know i believe that like

525

00:17:50,710 --> 00:17:49,039

keeping russia okay at bay all right

526

00:17:53,430 --> 00:17:50,720

this dictatorship right on the east

527

00:17:54,630 --> 00:17:53,440

which took over crimea essentially um i

528

00:17:55,990 --> 00:17:54,640

think that is where we should be

529

00:17:57,990 --> 00:17:56,000

focusing our energy

530

00:17:59,430 --> 00:17:58,000

um i also don't even agree that we

531

00:18:01,909 --> 00:17:59,440

should be picking this giant this fight

532

00:18:04,470 --> 00:18:01,919

with with china you know i think

533

00:18:06,230 --> 00:18:04,480

ideologically it's not necessary

534

00:18:07,590 --> 00:18:06,240

i don't know if it's even required but i

535

00:18:09,590 --> 00:18:07,600

see this put you know just getting

536

00:18:10,549 --> 00:18:09,600

pushed from from in the militaries you

537

00:18:12,870 --> 00:18:10,559

know

538

00:18:14,549 --> 00:18:12,880

but

539

00:18:15,750 --> 00:18:14,559

we don't have to fight with china you

540

00:18:17,669 --> 00:18:15,760

know they're like our biggest trading

541

00:18:20,230 --> 00:18:17,679

partner so why would we pick this giant

542

00:18:22,549 --> 00:18:20,240

war with our biggest trading partner you

543

00:18:24,470 --> 00:18:22,559

know it just doesn't make any sense um

544

00:18:25,750 --> 00:18:24,480

so i don't think it's necessary and i

545

00:18:27,510 --> 00:18:25,760

don't think they necessarily have the

546

00:18:28,630 --> 00:18:27,520

same imperialistic views historically

547

00:18:30,230 --> 00:18:28,640

you know china's been around for like

548

00:18:31,190 --> 00:18:30,240

seven thousand years how many thousand

549

00:18:33,029 --> 00:18:31,200

years

550

00:18:34,710 --> 00:18:33,039

uh they built a giant wall you know to

551

00:18:36,789 --> 00:18:34,720

keep everybody out i don't know if if

552

00:18:38,549 --> 00:18:36,799

it's necessarily like you know the red

553

00:18:41,029 --> 00:18:38,559

wall is just gonna come and clean

554

00:18:43,510 --> 00:18:41,039

everybody over you know but

555

00:18:46,310 --> 00:18:43,520

whatever yeah yeah no no that's not

556

00:18:49,510 --> 00:18:46,320

aggressive into controversial uh world

557

00:18:51,590 --> 00:18:49,520

politics um but so anyway uh but i

558

00:18:53,590 --> 00:18:51,600

really liked uh training i thought it

559

00:18:56,070 --> 00:18:53,600

was awesome i loved working with with

560

00:18:59,190 --> 00:18:56,080

the people i loved preparing them uh to

561

00:19:01,590 --> 00:18:59,200

be more survivable uh and more capable

562

00:19:04,310 --> 00:19:01,600

um in combat you know to

563

00:19:05,830 --> 00:19:04,320

to preparing our guys essentially um and

564

00:19:08,150 --> 00:19:05,840

then finally i was just like they kept

565

00:19:10,470 --> 00:19:08,160

offering me amazing assignments uh and i

566

00:19:12,870 --> 00:19:10,480

got to go to turkey so i went and

567

00:19:14,470 --> 00:19:12,880

learned turkish for a year at in uh

568

00:19:15,750 --> 00:19:14,480

defense language institute it's in

569

00:19:17,830 --> 00:19:15,760

monterey

570

00:19:19,590 --> 00:19:17,840

uh that was after alaska

571

00:19:21,590 --> 00:19:19,600

and that was just unbelievable um

572

00:19:23,110 --> 00:19:21,600

amazing teachers you know they just

573

00:19:25,350 --> 00:19:23,120

every day it was like

574

00:19:26,710 --> 00:19:25,360

out eight to ten hours of turkish and

575

00:19:27,909 --> 00:19:26,720

they just you learn it you learn the

576

00:19:30,310 --> 00:19:27,919

culture

577

00:19:32,390 --> 00:19:30,320

uh and then i went to turkey and flew in

578

00:19:33,750 --> 00:19:32,400

this uh in one of the squadrons for two

579

00:19:35,909 --> 00:19:33,760

and a half years so i was just an

580

00:19:39,270 --> 00:19:35,919

instructor they called me hojam you know

581

00:19:42,310 --> 00:19:39,280

which means like uh hoja is like a guide

582

00:19:44,470 --> 00:19:42,320

or instructor in turkish um

583

00:19:46,630 --> 00:19:44,480

and you know i played a lot of golf on

584

00:19:49,270 --> 00:19:46,640

this really terrible golf course and i

585

00:19:51,110 --> 00:19:49,280

still hate golf and i'm terrible at it

586

00:19:53,510 --> 00:19:51,120

but that was an amazing experience it's

587

00:19:55,350 --> 00:19:53,520

it's and it's unfortunate because

588

00:19:57,990 --> 00:19:55,360

that squadron i was in actually was like

589

00:19:59,830 --> 00:19:58,000

the center of the air part of the coup

590

00:20:01,669 --> 00:19:59,840

and so i knew

591

00:20:04,230 --> 00:20:01,679

at least five of the guys that went went

592

00:20:05,750 --> 00:20:04,240

to jail you know they all had like

593

00:20:07,750 --> 00:20:05,760

two-year-old girls they all had

594

00:20:09,990 --> 00:20:07,760

daughters um that's a fighter pod thing

595

00:20:11,669 --> 00:20:10,000

also um

596

00:20:13,190 --> 00:20:11,679

yeah great dudes but they disappeared

597

00:20:15,430 --> 00:20:13,200

you know after that so

598

00:20:16,549 --> 00:20:15,440

that was crazy simon amazing uh and then

599

00:20:19,510 --> 00:20:16,559

after

600

00:20:21,350 --> 00:20:19,520

uh turkey i went back to phoenix

601  
00:20:23,909 --> 00:20:21,360  
and there i had my back crushed

602  
00:20:26,390 --> 00:20:23,919  
basically uh i uh herniated discs in my

603  
00:20:28,149 --> 00:20:26,400  
lower back that finally came to root um

604  
00:20:30,789 --> 00:20:28,159  
i think all fighter pilots at least that

605  
00:20:33,029 --> 00:20:30,799  
i know of with rare exceptions have

606  
00:20:36,149 --> 00:20:33,039  
either neck or back issues just from all

607  
00:20:37,909 --> 00:20:36,159  
the g's so like our seat is candid back

608  
00:20:39,990 --> 00:20:37,919  
you know the vipers can it back like 30

609  
00:20:41,909 --> 00:20:40,000  
degrees uh because they couldn't fit it

610  
00:20:43,190 --> 00:20:41,919  
in right that's why they handed it back

611  
00:20:44,789 --> 00:20:43,200  
all right okay

612  
00:20:46,950 --> 00:20:44,799  
yeah so i think we have mostly back

613  
00:20:48,870 --> 00:20:46,960

issues but the f-15 guys you know their

614

00:20:50,950 --> 00:20:48,880

seats just straight up and down

615

00:20:52,470 --> 00:20:50,960

and i they mostly have neck issues you

616

00:20:54,470 --> 00:20:52,480

know but usually it's kind of a

617

00:20:55,990 --> 00:20:54,480

combination um

618

00:20:58,789 --> 00:20:56,000

so in phoenix i was kind of down that's

619

00:20:59,669 --> 00:20:58,799

that's the where we do the initial basic

620

00:21:01,350 --> 00:20:59,679

training

621

00:21:04,390 --> 00:21:01,360

but there it was really exciting i got

622

00:21:06,549 --> 00:21:04,400

into simulators so i was lucky enough to

623

00:21:08,870 --> 00:21:06,559

run the simulator contract

624

00:21:10,390 --> 00:21:08,880

for two years and so

625

00:21:12,950 --> 00:21:10,400

basically i was able to get into the

626

00:21:15,669 --> 00:21:12,960

software how we make simulators

627

00:21:16,630 --> 00:21:15,679

how you uh how you come up with line

628

00:21:18,070 --> 00:21:16,640

items you know how you're going to

629

00:21:21,029 --> 00:21:18,080

slowly improve them

630

00:21:22,710 --> 00:21:21,039

uh and then you do all the maintenance

631

00:21:25,590 --> 00:21:22,720

and we came up with some pretty pretty

632

00:21:26,720 --> 00:21:25,600

cool programs uh to train people uh i

633

00:21:27,909 --> 00:21:26,730

think novel um

634

00:21:29,669 --> 00:21:27,919

[Music]

635

00:21:31,590 --> 00:21:29,679

yeah it was that was a great the

636

00:21:33,190 --> 00:21:31,600

proudest i was probably the the coolest

637

00:21:36,310 --> 00:21:33,200

thing i did um

638

00:21:37,990 --> 00:21:36,320

or a single thing was at that base

639

00:21:40,710 --> 00:21:38,000

uh the f-35s you know that's the

640

00:21:43,270 --> 00:21:40,720

training base as well as the f-16s um

641

00:21:44,870 --> 00:21:43,280

but the f-35s you need someone to train

642

00:21:46,390 --> 00:21:44,880

against right you need someone in the

643

00:21:47,990 --> 00:21:46,400

air ideally

644

00:21:49,510 --> 00:21:48,000

to practice to be that red we call it

645

00:21:50,950 --> 00:21:49,520

the red air right you got blue air as

646

00:21:53,350 --> 00:21:50,960

our team and then you need someone in

647

00:21:55,430 --> 00:21:53,360

the air on the other team uh to practice

648

00:21:57,990 --> 00:21:55,440

that red air and so i really loved that

649

00:21:59,750 --> 00:21:58,000

mission that's where i analyzed

650

00:22:01,510 --> 00:21:59,760

all the bad guys

651  
00:22:05,190 --> 00:22:01,520  
what their systems could do i went into

652  
00:22:07,190 --> 00:22:05,200  
the the nsa uh uh sorry i went into

653  
00:22:08,789 --> 00:22:07,200  
nasic not the nsa

654  
00:22:10,390 --> 00:22:08,799  
when the cia got to go to all these cool

655  
00:22:12,630 --> 00:22:10,400  
places um

656  
00:22:14,310 --> 00:22:12,640  
and you really get into the mind of

657  
00:22:15,990 --> 00:22:14,320  
what is the enemy what can they do what

658  
00:22:17,830 --> 00:22:16,000  
are they capable of and how do their

659  
00:22:20,789 --> 00:22:17,840  
systems work and then you pretend to be

660  
00:22:22,390 --> 00:22:20,799  
those guys as the red air right to train

661  
00:22:23,750 --> 00:22:22,400  
our guys you're like the the practice

662  
00:22:26,710 --> 00:22:23,760  
squad

663  
00:22:28,390 --> 00:22:26,720

better the team is right so that's why i

664

00:22:31,510 --> 00:22:28,400

really enjoyed that uh

665

00:22:33,430 --> 00:22:31,520

that as well but at um at luke uh what

666

00:22:34,950 --> 00:22:33,440

we were able to do is since

667

00:22:36,230 --> 00:22:34,960

the problem was they were running out of

668

00:22:38,070 --> 00:22:36,240

um

669

00:22:40,390 --> 00:22:38,080

planes to to fight against so they were

670

00:22:42,230 --> 00:22:40,400

stealing f-16 lines

671

00:22:43,190 --> 00:22:42,240

so they're cannibalizing from the f-16

672

00:22:45,110 --> 00:22:43,200

training

673

00:22:46,470 --> 00:22:45,120

um which was really hurting because

674

00:22:48,310 --> 00:22:46,480

everybody's hurting no one has fighter

675

00:22:49,669 --> 00:22:48,320

pilots around the world they all

676

00:22:50,870 --> 00:22:49,679

at least in the west

677

00:22:52,870 --> 00:22:50,880

they've all

678

00:22:54,789 --> 00:22:52,880

basically run

679

00:22:56,789 --> 00:22:54,799

but then so basically what we were able

680

00:22:59,669 --> 00:22:56,799

to do is use the link 16 that data link

681

00:23:02,789 --> 00:22:59,679

network uh and pretend to

682

00:23:05,190 --> 00:23:02,799

make it look like a real aircraft um so

683

00:23:06,149 --> 00:23:05,200

basically populate a link on the track

684

00:23:08,390 --> 00:23:06,159

on the link

685

00:23:11,190 --> 00:23:08,400

and fly it around so actually train the

686

00:23:13,750 --> 00:23:11,200

f-35 guys i mean it doesn't work um

687

00:23:14,950 --> 00:23:13,760

it you know it helps in like one little

688

00:23:16,710 --> 00:23:14,960

sliver

689

00:23:18,789 --> 00:23:16,720

uh but i i was very happy with it

690

00:23:21,350 --> 00:23:18,799

because it was free and we were able to

691

00:23:24,470 --> 00:23:21,360

use equipment that we already had

692

00:23:25,909 --> 00:23:24,480

um and what it was is it was um

693

00:23:27,909 --> 00:23:25,919

the issue holding it back was an

694

00:23:30,390 --> 00:23:27,919

operational problem it wasn't like it

695

00:23:31,510 --> 00:23:30,400

wasn't because of money i guess people

696

00:23:32,789 --> 00:23:31,520

always say it's money you know they ran

697

00:23:35,190 --> 00:23:32,799

out of funding

698

00:23:36,950 --> 00:23:35,200

um but like this guy called me

699

00:23:38,390 --> 00:23:36,960

it's called lvc they tried to implement

700

00:23:41,510 --> 00:23:38,400

this program where we actually train

701  
00:23:42,950 --> 00:23:41,520  
with simulators uh with live aircraft

702  
00:23:45,430 --> 00:23:42,960  
um but they can't get to it right it's

703  
00:23:46,789 --> 00:23:45,440  
difficult to get to the final solution

704  
00:23:48,390 --> 00:23:46,799  
so they call me and they're like well

705  
00:23:50,310 --> 00:23:48,400  
what if i gave this random guy what if i

706  
00:23:51,990 --> 00:23:50,320  
gave you 10 million dollars you know

707  
00:23:53,269 --> 00:23:52,000  
like the government i think it was just

708  
00:23:54,789 --> 00:23:53,279  
spitballing but they had obviously 10

709  
00:23:56,470 --> 00:23:54,799  
million dollars to put around and i was

710  
00:23:57,350 --> 00:23:56,480  
like i can do nothing with it you know

711  
00:23:59,029 --> 00:23:57,360  
nothing

712  
00:24:01,269 --> 00:23:59,039  
um he's like well what do you need i'm

713  
00:24:02,830 --> 00:24:01,279

like i need you just to use what we have

714

00:24:05,110 --> 00:24:02,840

you know just use it

715

00:24:06,789 --> 00:24:05,120

um i don't know i i heard that it's

716

00:24:08,870 --> 00:24:06,799

still going on but anyway long

717

00:24:11,350 --> 00:24:08,880

discussion on that sorry no no that's

718

00:24:13,269 --> 00:24:11,360

fine and like that's you've just retired

719

00:24:16,070 --> 00:24:13,279

in 2020 haven't you so that's that's

720

00:24:18,630 --> 00:24:16,080

spanning what 15 20 years career there

721

00:24:20,470 --> 00:24:18,640

you've talked about uh 20 years yeah the

722

00:24:22,870 --> 00:24:20,480

the just the final one was the tactical

723

00:24:25,190 --> 00:24:22,880

leadership program in nato

724

00:24:27,590 --> 00:24:25,200

uh and and that was that was really the

725

00:24:29,909 --> 00:24:27,600

the capstone so enjoyable you know all

726

00:24:31,510 --> 00:24:29,919

the fighters coming from around nato uh

727

00:24:32,710 --> 00:24:31,520

the the countries that are involved you

728

00:24:33,909 --> 00:24:32,720

know uk

729

00:24:36,070 --> 00:24:33,919

um

730

00:24:38,149 --> 00:24:36,080

we got less fighters you know is your

731

00:24:39,510 --> 00:24:38,159

money dwindled um but

732

00:24:41,110 --> 00:24:39,520

working with all the nations as well

733

00:24:43,430 --> 00:24:41,120

right so they bring in they come

734

00:24:46,310 --> 00:24:43,440

together as a team with their planes

735

00:24:48,149 --> 00:24:46,320

and their maintainers uh for three weeks

736

00:24:50,549 --> 00:24:48,159

and then they fly with the same people

737

00:24:51,669 --> 00:24:50,559

every day and this uh and this course

738

00:24:53,350 --> 00:24:51,679

that we built

739

00:24:55,269 --> 00:24:53,360

uh and it's excellent program it was

740

00:24:56,870 --> 00:24:55,279

amazing so that was really the capstone

741

00:24:58,630 --> 00:24:56,880

and that's what got us back to europe so

742

00:25:01,029 --> 00:24:58,640

we were living in spain on the last

743

00:25:03,430 --> 00:25:01,039

assignment and just love europe love how

744

00:25:05,510 --> 00:25:03,440

um how laid-back it is i think it's

745

00:25:06,390 --> 00:25:05,520

really focused more on a level playing

746

00:25:08,149 --> 00:25:06,400

field

747

00:25:10,310 --> 00:25:08,159

um you know there there is really high

748

00:25:11,909 --> 00:25:10,320

taxes but you know also the

749

00:25:13,590 --> 00:25:11,919

the poor people is

750

00:25:14,870 --> 00:25:13,600

there's much less as well you know i

751

00:25:16,870 --> 00:25:14,880

think it's just

752

00:25:18,310 --> 00:25:16,880

it just cuts off the top and the bottom

753

00:25:20,390 --> 00:25:18,320

you know of uh

754

00:25:22,390 --> 00:25:20,400

uh of society so

755

00:25:23,590 --> 00:25:22,400

we we looked around and we really like

756

00:25:25,269 --> 00:25:23,600

um

757

00:25:27,110 --> 00:25:25,279

portugal uh it was we were either gonna

758

00:25:29,350 --> 00:25:27,120

live in spain or portugal and then just

759

00:25:30,870 --> 00:25:29,360

decided on portugal it's people are so

760

00:25:32,310 --> 00:25:30,880

friendly and they're welcoming to

761

00:25:34,549 --> 00:25:32,320

outsiders

762

00:25:36,630 --> 00:25:34,559

yeah no that's amazing surfing

763

00:25:38,789 --> 00:25:36,640

that time frame you're talking about we

764

00:25:40,230 --> 00:25:38,799

know now that obviously in 2004 there

765

00:25:43,990 --> 00:25:40,240

was the incident with the princeton

766

00:25:45,830 --> 00:25:44,000

nimitz in 2015 2019 and there's been all

767

00:25:48,230 --> 00:25:45,840

these other incidents was there ever

768

00:25:50,630 --> 00:25:48,240

anything you heard of in your time in

769

00:25:53,669 --> 00:25:50,640

that 20 years and it might just be a no

770

00:25:55,430 --> 00:25:53,679

to do with ufos uap it just was ever

771

00:25:57,430 --> 00:25:55,440

talked about in the military from a

772

00:25:58,549 --> 00:25:57,440

european point of view

773

00:26:02,549 --> 00:25:58,559

no

774

00:26:04,230 --> 00:26:02,559

about it i mean

775

00:26:05,590 --> 00:26:04,240

yeah

776

00:26:07,029 --> 00:26:05,600

and all that that's that's fine and i

777

00:26:09,669 --> 00:26:07,039

wonder that because that's interesting

778

00:26:11,909 --> 00:26:09,679

that so these these things are happening

779

00:26:13,909 --> 00:26:11,919

these events these incidents and these

780

00:26:16,470 --> 00:26:13,919

pilots are going up david fravor seeing

781

00:26:18,070 --> 00:26:16,480

what he's seeing and alex dietrich and

782

00:26:19,510 --> 00:26:18,080

all of these other people ryan graves

783

00:26:21,669 --> 00:26:19,520

and it just goes

784

00:26:22,870 --> 00:26:21,679

it doesn't really travel that well you

785

00:26:24,789 --> 00:26:22,880

think it's quite an interesting

786

00:26:27,110 --> 00:26:24,799

conversation but it stays pretty

787

00:26:29,350 --> 00:26:27,120

isolated um which is which is pretty

788

00:26:31,750 --> 00:26:29,360

cool in all at what point during this

789

00:26:33,990 --> 00:26:31,760

time was there still no interest in ufos

790

00:26:36,549 --> 00:26:34,000

from you and did that sort of happen

791

00:26:38,390 --> 00:26:36,559

afterwards

792

00:26:40,149 --> 00:26:38,400

yeah so i guess i i didn't finish

793

00:26:43,029 --> 00:26:40,159

earlier but um

794

00:26:45,750 --> 00:26:43,039

so i i focused on physics and chemistry

795

00:26:48,149 --> 00:26:45,760

and really the main argument is

796

00:26:49,830 --> 00:26:48,159

the universe is just so so large right

797

00:26:51,909 --> 00:26:49,840

and we cannot travel faster than light

798

00:26:55,110 --> 00:26:51,919

nothing can travel faster than light so

799

00:26:57,029 --> 00:26:55,120

even if there is alien life out there

800

00:26:59,269 --> 00:26:57,039

as soon as it even heard about it or got

801  
00:27:01,350 --> 00:26:59,279  
any signals from us electromagnetic

802  
00:27:02,710 --> 00:27:01,360  
signals by the time they actually got

803  
00:27:04,149 --> 00:27:02,720  
here it would be

804  
00:27:05,909 --> 00:27:04,159  
hundreds of thousands or millions of

805  
00:27:07,909 --> 00:27:05,919  
years in the future right that was

806  
00:27:09,590 --> 00:27:07,919  
basically the assumption i had and you

807  
00:27:11,430 --> 00:27:09,600  
know all the

808  
00:27:13,190 --> 00:27:11,440  
the physicists that i that i read you

809  
00:27:14,390 --> 00:27:13,200  
know i read like stephen hawking i read

810  
00:27:18,630 --> 00:27:14,400  
uh

811  
00:27:20,789 --> 00:27:18,640  
several of his works on black holes um

812  
00:27:22,630 --> 00:27:20,799  
i read all of the major

813  
00:27:24,549 --> 00:27:22,640

physics or physicists you know the

814

00:27:26,310 --> 00:27:24,559

mainstream physics you know even like

815

00:27:28,389 --> 00:27:26,320

carl sagan wasn't you know he didn't

816

00:27:31,590 --> 00:27:28,399

think there was any uh alien life at

817

00:27:32,870 --> 00:27:31,600

least not on not on earth um so i just i

818

00:27:34,789 --> 00:27:32,880

assumed that was it you know these are

819

00:27:36,070 --> 00:27:34,799

the smartest people we have according to

820

00:27:38,710 --> 00:27:36,080

to my thoughts

821

00:27:39,990 --> 00:27:38,720

um and this is their wheelhouse and they

822

00:27:41,269 --> 00:27:40,000

obviously have studied this their whole

823

00:27:43,990 --> 00:27:41,279

lives so

824

00:27:45,750 --> 00:27:44,000

i'm just guessing they're correct

825

00:27:47,669 --> 00:27:45,760

and that's a fair assumption and i think

826

00:27:49,430 --> 00:27:47,679

that's why

827

00:27:51,990 --> 00:27:49,440

we still call it stigma but the general

828

00:27:54,870 --> 00:27:52,000

public look at so many people like neil

829

00:27:56,549 --> 00:27:54,880

degrasse tyson professor brian cox

830

00:27:58,389 --> 00:27:56,559

name any other sort of you know

831

00:28:00,870 --> 00:27:58,399

high-profile scientist bill nye the

832

00:28:03,510 --> 00:28:00,880

science guy they generally talk down

833

00:28:05,750 --> 00:28:03,520

ridicule or don't go into the discussion

834

00:28:07,830 --> 00:28:05,760

on alien life and the general consensus

835

00:28:10,149 --> 00:28:07,840

from these people tends to be no matter

836

00:28:12,470 --> 00:28:10,159

what sort of show they're on as they're

837

00:28:14,630 --> 00:28:12,480

probably as alien life but it's never

838

00:28:16,470 --> 00:28:14,640

been here we haven't found it it's not

839

00:28:19,110 --> 00:28:16,480

visiting us it's way way off in the

840

00:28:20,789 --> 00:28:19,120

cosmos somewhere and for most people

841

00:28:22,630 --> 00:28:20,799

that's enough but then there's people

842

00:28:24,389 --> 00:28:22,640

like us who now have these podcasts and

843

00:28:25,750 --> 00:28:24,399

always want to know more and obviously

844

00:28:27,990 --> 00:28:25,760

we're going to get to the point where

845

00:28:30,710 --> 00:28:28,000

your most recent youtube video was a

846

00:28:33,269 --> 00:28:30,720

really interesting 37 minute you know

847

00:28:35,029 --> 00:28:33,279

monologue almost which is obviously came

848

00:28:37,029 --> 00:28:35,039

full circle from from where you were

849

00:28:40,950 --> 00:28:37,039

previously so let's talk about the

850

00:28:46,950 --> 00:28:43,669

yes um so i started creating like i said

851

00:28:48,389 --> 00:28:46,960

in the in that last video you know um

852

00:28:50,389 --> 00:28:48,399

i don't i don't know why i started

853

00:28:52,549 --> 00:28:50,399

creating until just maybe this year you

854

00:28:54,389 --> 00:28:52,559

know a guy here asked

855

00:28:56,070 --> 00:28:54,399

because i retired i'm hanging out with

856

00:28:57,510 --> 00:28:56,080

like there's an awesome expat community

857

00:29:00,149 --> 00:28:57,520

here you know so i immediately made all

858

00:29:01,430 --> 00:29:00,159

these awesome friends um and and one of

859

00:29:03,750 --> 00:29:01,440

the guys asked me you know he's also

860

00:29:04,950 --> 00:29:03,760

retired

861

00:29:10,070 --> 00:29:04,960

why

862

00:29:11,590 --> 00:29:10,080

because at that time i was writing a

863

00:29:12,389 --> 00:29:11,600

book actually about the time i was in

864

00:29:14,230 --> 00:29:12,399

iraq

865

00:29:17,269 --> 00:29:14,240

i wrote that the first six months i

866

00:29:19,029 --> 00:29:17,279

retired um he's but he's like why and i

867

00:29:20,710 --> 00:29:19,039

and i went to give an answer you know to

868

00:29:22,710 --> 00:29:20,720

like reach for this answer and give it

869

00:29:24,710 --> 00:29:22,720

to him and i was like there's not a good

870

00:29:26,789 --> 00:29:24,720

answer like i don't know

871

00:29:28,950 --> 00:29:26,799

actually why and so

872

00:29:30,710 --> 00:29:28,960

well i i love to surf you know so i was

873

00:29:32,950 --> 00:29:30,720

like just for like a month you know i'm

874

00:29:34,470 --> 00:29:32,960

like sitting out there

875

00:29:36,310 --> 00:29:34,480

waiting for a board you know i try and

876

00:29:37,669 --> 00:29:36,320

surf a couple times a week just for

877

00:29:39,029 --> 00:29:37,679

fitness you know

878

00:29:41,510 --> 00:29:39,039

and i just remember sitting out there

879

00:29:43,110 --> 00:29:41,520

and just like staring like why do i do

880

00:29:45,269 --> 00:29:43,120

this you know it's like

881

00:29:46,870 --> 00:29:45,279

hours a day you know just sitting there

882

00:29:48,470 --> 00:29:46,880

especially writing a book man just so

883

00:29:50,710 --> 00:29:48,480

painful it's like

884

00:29:52,630 --> 00:29:50,720

two hours a day you know just only you

885

00:29:54,789 --> 00:29:52,640

there's no one to bounce any ideas off

886

00:29:56,789 --> 00:29:54,799

or anything um

887

00:29:58,549 --> 00:29:56,799

but i i just did it every day i don't i

888

00:29:59,909 --> 00:29:58,559

don't know um i guess i learned that

889

00:30:01,269 --> 00:29:59,919

from from brandon carter you know that

890

00:30:03,510 --> 00:30:01,279

guy i mentioned

891

00:30:04,789 --> 00:30:03,520

yeah um and can i just ask chris the

892

00:30:06,710 --> 00:30:04,799

book yes because people might be looking

893

00:30:08,470 --> 00:30:06,720

going oh chris little's written ufo

894

00:30:09,669 --> 00:30:08,480

books they're not it's fitness and

895

00:30:11,750 --> 00:30:09,679

crypto

896

00:30:14,389 --> 00:30:11,760

yeah originally i wanted i think i

897

00:30:15,750 --> 00:30:14,399

wanted to write the video that i

898

00:30:17,430 --> 00:30:15,760

released last

899

00:30:19,269 --> 00:30:17,440

last my last video that's what i wanted

900

00:30:21,269 --> 00:30:19,279

to write somehow i wanted to

901  
00:30:22,950 --> 00:30:21,279  
i didn't have the full idea of my brain

902  
00:30:24,389 --> 00:30:22,960  
but i was like maybe i'll start writing

903  
00:30:25,830 --> 00:30:24,399  
writing science fiction you know write

904  
00:30:27,830 --> 00:30:25,840  
like a science fiction

905  
00:30:29,830 --> 00:30:27,840  
um and then i'll somehow explain that

906  
00:30:30,950 --> 00:30:29,840  
the worlds are interrelated or they can

907  
00:30:32,310 --> 00:30:30,960  
like jump through dimensions or

908  
00:30:34,310 --> 00:30:32,320  
something

909  
00:30:35,909 --> 00:30:34,320  
and then i tried writing science fiction

910  
00:30:37,350 --> 00:30:35,919  
i was fiction i was like i cannot do

911  
00:30:39,110 --> 00:30:37,360  
this you know

912  
00:30:40,149 --> 00:30:39,120  
i couldn't even actually try that's the

913  
00:30:41,750 --> 00:30:40,159

problem you know once you can start

914

00:30:43,909 --> 00:30:41,760

writing something maybe maybe it would

915

00:30:46,149 --> 00:30:43,919

work it's all practice and editing

916

00:30:49,029 --> 00:30:46,159

um and so the only thing i could write

917

00:30:51,909 --> 00:30:49,039

is uh stay on target and that's really i

918

00:30:53,909 --> 00:30:51,919

i watched brandon carter and all of his

919

00:30:55,990 --> 00:30:53,919

things were just do it every day right

920

00:30:57,909 --> 00:30:56,000

the neuron passageway the reason why you

921

00:30:59,269 --> 00:30:57,919

get addicted to things is you know once

922

00:31:00,549 --> 00:30:59,279

you get that thought

923

00:31:02,789 --> 00:31:00,559

uh it goes through your neural

924

00:31:04,710 --> 00:31:02,799

passageway right the first time but when

925

00:31:06,389 --> 00:31:04,720

you have it again it it actually

926

00:31:08,230 --> 00:31:06,399

thickens the neurons you know this is

927

00:31:10,789 --> 00:31:08,240

according to a video i remember back in

928

00:31:12,950 --> 00:31:10,799

2014 from brandon carter um it actually

929

00:31:15,669 --> 00:31:12,960

thickens the neuron so each time you you

930

00:31:16,870 --> 00:31:15,679

think that or do that action it's easier

931

00:31:19,029 --> 00:31:16,880

right that's why it's so easy to like

932

00:31:20,389 --> 00:31:19,039

brush your teeth all right or people

933

00:31:22,950 --> 00:31:20,399

that work out all the time it's so much

934

00:31:25,750 --> 00:31:22,960

easier um just because that that neural

935

00:31:28,070 --> 00:31:25,760

pathway um you know is being being

936

00:31:29,669 --> 00:31:28,080

thickened so that was really his

937

00:31:31,909 --> 00:31:29,679

uh and i am proud of the science

938

00:31:34,950 --> 00:31:31,919

actually there is some cool science i

939

00:31:36,710 --> 00:31:34,960

like in and stay on target um it's just

940

00:31:38,710 --> 00:31:36,720

there's so much in that book it's just

941

00:31:40,870 --> 00:31:38,720

so many theories packed in

942

00:31:42,070 --> 00:31:40,880

uh and ultimately i wanted i made it as

943

00:31:43,190 --> 00:31:42,080

a fitness book because that's what i was

944

00:31:45,430 --> 00:31:43,200

doing at the time and that's what i

945

00:31:47,110 --> 00:31:45,440

could focus on um so it's called stay on

946

00:31:50,230 --> 00:31:47,120

target use fighter pilot techniques to

947

00:31:51,909 --> 00:31:50,240

get and stay in shape uh from 2015

948

00:31:55,509 --> 00:31:51,919

um and then

949

00:31:57,269 --> 00:31:55,519

in 2017 i wrote military millionaire

950

00:31:59,990 --> 00:31:57,279

and really the reason for that was to

951  
00:32:01,269 --> 00:32:00,000  
help or try and show these young like

952  
00:32:03,269 --> 00:32:01,279  
airmen

953  
00:32:04,389 --> 00:32:03,279  
like you you can be rich like you can do

954  
00:32:06,630 --> 00:32:04,399  
it like you can become financially

955  
00:32:08,230 --> 00:32:06,640  
independent uh but you have to change

956  
00:32:10,470 --> 00:32:08,240  
your behavior that you're doing right

957  
00:32:12,310 --> 00:32:10,480  
now you know like you have to focus on

958  
00:32:13,909 --> 00:32:12,320  
these things saving learning about

959  
00:32:15,269 --> 00:32:13,919  
interest learning how to buy a home you

960  
00:32:17,350 --> 00:32:15,279  
know so

961  
00:32:19,190 --> 00:32:17,360  
uh i felt that was the best the easiest

962  
00:32:21,350 --> 00:32:19,200  
thing i could say that i

963  
00:32:22,710 --> 00:32:21,360

i felt had the most visible proof you

964

00:32:23,669 --> 00:32:22,720

know from my own life you know i was

965

00:32:25,590 --> 00:32:23,679

able to

966

00:32:28,630 --> 00:32:25,600

i stayed on target you know if you will

967

00:32:31,190 --> 00:32:28,640

and really worked out um a certain way

968

00:32:33,509 --> 00:32:31,200

kind of using a scientific method

969

00:32:36,230 --> 00:32:33,519

and it worked and then i did military

970

00:32:37,430 --> 00:32:36,240

finance you know i did financial uh

971

00:32:39,350 --> 00:32:37,440

planning if you will i learned from the

972

00:32:40,830 --> 00:32:39,360

air force academy instructors

973

00:32:42,950 --> 00:32:40,840

and it worked you know i was able to

974

00:32:45,350 --> 00:32:42,960

retire uh at 43

975

00:32:46,630 --> 00:32:45,360

um so i wrote those books but ultimately

976

00:32:47,430 --> 00:32:46,640

it's about this

977

00:32:51,509 --> 00:32:47,440

last

978

00:32:54,149 --> 00:32:51,519

started writing uh this next book is

979

00:32:56,870 --> 00:32:54,159

very it's a hard book it's uh

980

00:32:58,710 --> 00:32:56,880

it was about my memoirs in in iraq so

981

00:33:00,470 --> 00:32:58,720

basically five months uh called the

982

00:33:01,590 --> 00:33:00,480

ghost of murder ali

983

00:33:03,029 --> 00:33:01,600

um

984

00:33:04,950 --> 00:33:03,039

and i i still don't even know if this

985

00:33:08,549 --> 00:33:04,960

guy was like real um but he was

986

00:33:10,630 --> 00:33:08,559

basically this supposed iraqi general

987

00:33:12,950 --> 00:33:10,640

he was an artillery general um before

988

00:33:14,070 --> 00:33:12,960

saddam this is the rumor

989

00:33:16,070 --> 00:33:14,080

and then

990

00:33:18,070 --> 00:33:16,080

after the war he still made it and now

991

00:33:20,870 --> 00:33:18,080

he he was traveling around iraq

992

00:33:22,710 --> 00:33:20,880

increasing the mortar strike accuracy uh

993

00:33:24,870 --> 00:33:22,720

at certain bases this was this guy

994

00:33:26,070 --> 00:33:24,880

mortar ali right it made intel said he

995

00:33:27,669 --> 00:33:26,080

existed

996

00:33:28,789 --> 00:33:27,679

um and so

997

00:33:31,110 --> 00:33:28,799

he also

998

00:33:33,909 --> 00:33:31,120

the guy lived right off base like

999

00:33:36,470 --> 00:33:33,919

literally like across the fence from the

1000

00:33:37,750 --> 00:33:36,480

from us you know uh and and they would

1001

00:33:39,909 --> 00:33:37,760

search his house and probably just

1002

00:33:41,669 --> 00:33:39,919

harass this guy uh but they could never

1003

00:33:43,909 --> 00:33:41,679

find him like in the act you know of

1004

00:33:45,430 --> 00:33:43,919

mortaring the base or whatever um so

1005

00:33:47,430 --> 00:33:45,440

it's kind of my interactions with this

1006

00:33:49,430 --> 00:33:47,440

guy you know we got some border shot at

1007

00:33:50,950 --> 00:33:49,440

us and then uh blowing up a you know

1008

00:33:53,190 --> 00:33:50,960

like a truck

1009

00:33:55,029 --> 00:33:53,200

um yeah so those are the those are the

1010

00:33:56,310 --> 00:33:55,039

three books i'll release go to ghost of

1011

00:33:57,669 --> 00:33:56,320

mordor ali

1012

00:33:59,830 --> 00:33:57,679

um

1013

00:34:01,830 --> 00:33:59,840

when i can get around to maybe i need to

1014

00:34:03,190 --> 00:34:01,840

do a final edit and the longer you wait

1015

00:34:05,110 --> 00:34:03,200

uh the longer you wait between your

1016

00:34:06,710 --> 00:34:05,120

final manuscript and then when you

1017

00:34:07,669 --> 00:34:06,720

actually go to do your book supposedly

1018

00:34:09,109 --> 00:34:07,679

it's better

1019

00:34:10,790 --> 00:34:09,119

so it's just a perfect excuse to

1020

00:34:14,230 --> 00:34:10,800

procrastinate

1021

00:34:15,589 --> 00:34:14,240

i still find it really interesting that

1022

00:34:18,069 --> 00:34:15,599

i mean you know we're talking about all

1023

00:34:20,790 --> 00:34:18,079

this stuff and it's bringing us right up

1024

00:34:22,629 --> 00:34:20,800

to now and only recently still

1025

00:34:24,710 --> 00:34:22,639

you've you've really got into the ufo

1026

00:34:26,470 --> 00:34:24,720

subject it wasn't even this is the very

1027

00:34:28,310 --> 00:34:26,480

first take yeah that this is where

1028

00:34:29,829 --> 00:34:28,320

you've taken off though isn't it like

1029

00:34:31,589 --> 00:34:29,839

and it must be

1030

00:34:34,869 --> 00:34:31,599

is it surprising that this has just kind

1031

00:34:37,030 --> 00:34:34,879

of blown up the way it has undoubtedly

1032

00:34:39,829 --> 00:34:37,040

yeah without a doubt you know because

1033

00:34:41,430 --> 00:34:39,839

i i had my plan you know so my so to

1034

00:34:43,430 --> 00:34:41,440

actually get into finally uh the

1035

00:34:45,270 --> 00:34:43,440

youtubing is you know obviously i have

1036

00:34:46,629 --> 00:34:45,280

three kids and they love youtube you

1037

00:34:48,389 --> 00:34:46,639

know and we play video games and we

1038

00:34:49,109 --> 00:34:48,399

watch people play video games

1039

00:34:51,430 --> 00:34:49,119

uh

1040

00:34:53,190 --> 00:34:51,440

et cetera you know and

1041

00:34:54,470 --> 00:34:53,200

and they've said i want to be youtubers

1042

00:34:55,510 --> 00:34:54,480

when i grow up you know i asked him what

1043

00:34:57,030 --> 00:34:55,520

do you want to be one of them said

1044

00:34:58,950 --> 00:34:57,040

astronaut i was like sweet you know but

1045

00:35:00,230 --> 00:34:58,960

then all of them said youtuber you know

1046

00:35:02,710 --> 00:35:00,240

and as soon as one says youtube they're

1047

00:35:05,349 --> 00:35:02,720

all like yeah youtuber um and so i was

1048

00:35:07,030 --> 00:35:05,359

like you know i can do that you know uh

1049

00:35:08,790 --> 00:35:07,040

all you needs just start publishing

1050

00:35:10,390 --> 00:35:08,800

videos right and

1051

00:35:11,510 --> 00:35:10,400

and so that that kind of took off and

1052

00:35:14,150 --> 00:35:11,520

actually it only took off because they

1053

00:35:15,670 --> 00:35:14,160

talked so much trash you know i have uh

1054

00:35:17,349 --> 00:35:15,680

my kids were just like dad where's the

1055

00:35:18,710 --> 00:35:17,359

youtube channel you know now every time

1056

00:35:20,390 --> 00:35:18,720

i walk in and they're watching youtube

1057

00:35:21,510 --> 00:35:20,400

they're like what about you dad you said

1058

00:35:23,750 --> 00:35:21,520

you were gonna start

1059

00:35:25,510 --> 00:35:23,760

start a youtube channel uh so finally i

1060

00:35:27,109 --> 00:35:25,520

just started making videos once a week

1061

00:35:29,030 --> 00:35:27,119

you know that was it like i made a pact

1062

00:35:30,710 --> 00:35:29,040

with myself i'm gonna release a video uh

1063

00:35:31,829 --> 00:35:30,720

once a week and it was on anything i was

1064

00:35:34,150 --> 00:35:31,839

interested in

1065

00:35:35,829 --> 00:35:34,160

which was awesome you know um no one

1066

00:35:38,550 --> 00:35:35,839

watched the video or very few right

1067

00:35:40,150 --> 00:35:38,560

hundred maybe a couple hundred views um

1068

00:35:42,310 --> 00:35:40,160

at the most

1069

00:35:44,230 --> 00:35:42,320

uh but i was really into crypto uh and

1070

00:35:46,310 --> 00:35:44,240

new technology you know i love i love

1071

00:35:47,990 --> 00:35:46,320

elon musk i love tesla i love all the

1072

00:35:50,390 --> 00:35:48,000

amazing things they've been able to do

1073

00:35:52,630 --> 00:35:50,400

and they're focused on sustainability uh

1074

00:35:55,750 --> 00:35:52,640

and renewability you know basically um

1075

00:35:57,270 --> 00:35:55,760

renaturing the world if we can

1076

00:35:59,670 --> 00:35:57,280

so i started focus on that and then i

1077

00:36:02,069 --> 00:35:59,680

got into a crypto and non-fungible

1078

00:36:03,510 --> 00:36:02,079

tokens which was i think it's just

1079

00:36:05,670 --> 00:36:03,520

amazing technology it's going to change

1080

00:36:07,910 --> 00:36:05,680

the world for sure

1081

00:36:09,990 --> 00:36:07,920

yeah but again that was only 100 i had

1082

00:36:13,190 --> 00:36:10,000

uh so you need a thousand subscribers to

1083

00:36:14,950 --> 00:36:13,200

get monetized right yeah and so

1084

00:36:18,069 --> 00:36:14,960

after eight

1085

00:36:20,390 --> 00:36:18,079

after seven months i was at 643 you know

1086

00:36:22,870 --> 00:36:20,400

i was like okay you know i'll get there

1087

00:36:24,470 --> 00:36:22,880

at after i make 55 videos you know i

1088

00:36:25,829 --> 00:36:24,480

thought it'd be i was hoping for 35 that

1089

00:36:28,069 --> 00:36:25,839

was like in think media you know they're

1090

00:36:29,990 --> 00:36:28,079

like make 35 videos and you make it

1091

00:36:33,670 --> 00:36:30,000

um it'll make it above a thousand you

1092

00:36:36,710 --> 00:36:33,680

know when i was at like 30 i was at 34

1093

00:36:39,829 --> 00:36:36,720

actually uh i think the 35th video was

1094

00:36:42,390 --> 00:36:39,839

the one that actually uh you know

1095

00:36:43,349 --> 00:36:42,400

whatever went viral if you will

1096

00:36:45,670 --> 00:36:43,359

and

1097

00:36:47,829 --> 00:36:45,680

was that the the mcquest video where you

1098

00:36:49,190 --> 00:36:47,839

were talking about his

1099

00:36:50,790 --> 00:36:49,200

well i'll i'll

1100

00:36:53,670 --> 00:36:50,800

let you talk about how you came across

1101  
00:36:54,470 --> 00:36:53,680  
the the mcquest stuff and why you felt

1102  
00:36:55,910 --> 00:36:54,480  
so

1103  
00:36:58,230 --> 00:36:55,920  
passionately about it that you wanted to

1104  
00:37:01,030 --> 00:36:58,240  
kind of come back on that

1105  
00:37:03,190 --> 00:37:01,040  
well yeah well i did it did uh

1106  
00:37:05,270 --> 00:37:03,200  
start the channel to be honest because i

1107  
00:37:07,510 --> 00:37:05,280  
made a video before that on the three

1108  
00:37:08,710 --> 00:37:07,520  
videos you know um

1109  
00:37:10,550 --> 00:37:08,720  
where i couldn't believe it and that's

1110  
00:37:13,349 --> 00:37:10,560  
where really i i just couldn't deny it

1111  
00:37:17,030 --> 00:37:13,359  
anymore you know i saw the videos in

1112  
00:37:18,310 --> 00:37:17,040  
uh 20 uh the end of last year

1113  
00:37:20,390 --> 00:37:18,320

in november

1114

00:37:22,310 --> 00:37:20,400

i think is when i actually i like just

1115

00:37:24,230 --> 00:37:22,320

came up and i was like i saw the lex

1116

00:37:25,589 --> 00:37:24,240

friedman um

1117

00:37:27,270 --> 00:37:25,599

and then fravor interview the lex

1118

00:37:28,870 --> 00:37:27,280

friedman fraver interview yeah and i

1119

00:37:30,710 --> 00:37:28,880

listened to it straight through you know

1120

00:37:32,870 --> 00:37:30,720

until like 2 a.m

1121

00:37:34,790 --> 00:37:32,880

uh and then i just like sat there you

1122

00:37:36,150 --> 00:37:34,800

know with my eyes open and i told

1123

00:37:38,310 --> 00:37:36,160

everybody you know my parents i'm like

1124

00:37:40,550 --> 00:37:38,320

there's aliens you know and and they're

1125

00:37:42,390 --> 00:37:40,560

like you know they just look at you like

1126

00:37:44,710 --> 00:37:42,400

crazy and so i was like maybe there's

1127

00:37:46,710 --> 00:37:44,720

not aliens you know or

1128

00:37:49,030 --> 00:37:46,720

my wife's like yeah i knew of course you

1129

00:37:50,390 --> 00:37:49,040

know it didn't faze her at all

1130

00:37:51,990 --> 00:37:50,400

but then i didn't really believe it you

1131

00:37:53,589 --> 00:37:52,000

know i kind of just i was like i'll

1132

00:37:56,069 --> 00:37:53,599

ignore it i didn't put it think about

1133

00:37:57,510 --> 00:37:56,079

making youtube videos about it or

1134

00:37:58,470 --> 00:37:57,520

anything you know life just kind of went

1135

00:38:01,030 --> 00:37:58,480

on

1136

00:38:01,750 --> 00:38:01,040

i did walk around kind of looking around

1137

00:38:03,510 --> 00:38:01,760

up

1138

00:38:06,790 --> 00:38:03,520

weirdly but

1139

00:38:08,230 --> 00:38:06,800

it wasn't until the 60 minutes came out

1140

00:38:09,589 --> 00:38:08,240

you know and i guess maybe that's just

1141

00:38:11,750 --> 00:38:09,599

you need something like that like some

1142

00:38:14,550 --> 00:38:11,760

mainstream event so 60 minutes is on

1143

00:38:16,230 --> 00:38:14,560

there i see fravo again talking and now

1144

00:38:17,750 --> 00:38:16,240

uh dietrich is there you know so there's

1145

00:38:19,990 --> 00:38:17,760

somebody else

1146

00:38:21,670 --> 00:38:20,000

and i was like okay it's got to be legit

1147

00:38:23,349 --> 00:38:21,680

and then that's the first relay i'd ever

1148

00:38:25,670 --> 00:38:23,359

seen lou elizondo i just hadn't heard of

1149

00:38:27,829 --> 00:38:25,680

him you know um

1150

00:38:30,150 --> 00:38:27,839

and that's when i saw his statement on

1151

00:38:31,910 --> 00:38:30,160

what atip you know what they were seeing

1152

00:38:34,150 --> 00:38:31,920

what all these craft could do and yeah

1153

00:38:35,430 --> 00:38:34,160

so that from there i made the video uh

1154

00:38:38,310 --> 00:38:35,440

about those three

1155

00:38:40,870 --> 00:38:38,320

three uap videos um but then

1156

00:38:43,030 --> 00:38:40,880

a few people saw it as well uh but i met

1157

00:38:45,510 --> 00:38:43,040

a buddy here uh this guy barry he's from

1158

00:38:48,150 --> 00:38:45,520

the uk great great dude um

1159

00:38:49,510 --> 00:38:48,160

and he's like oh yeah hey man uh

1160

00:38:51,349 --> 00:38:49,520

i've been checking that out you know

1161

00:38:52,870 --> 00:38:51,359

there's a this guy said it's not true

1162

00:38:54,069 --> 00:38:52,880

you know it's uh

1163

00:38:55,510 --> 00:38:54,079

it's just a goose or something i was

1164

00:38:57,589 --> 00:38:55,520

like what and he's like yeah it's a

1165

00:38:59,270 --> 00:38:57,599

goose this dude says it you know so he

1166

00:39:00,790 --> 00:38:59,280

pointed out and i was like a goose like

1167

00:39:02,550 --> 00:39:00,800

how is that a goose

1168

00:39:04,150 --> 00:39:02,560

uh and i'm like okay can't be a goose

1169

00:39:06,069 --> 00:39:04,160

you know and i go and i started watching

1170

00:39:07,589 --> 00:39:06,079

videos you know just spiraled up and

1171

00:39:08,630 --> 00:39:07,599

then i made the video and that that

1172

00:39:11,190 --> 00:39:08,640

pretty much

1173

00:39:13,430 --> 00:39:11,200

uh that hit for whatever reason well i

1174

00:39:15,750 --> 00:39:13,440

know there's a lot of frustration

1175

00:39:18,870 --> 00:39:15,760

in just the community about mick west

1176

00:39:21,109 --> 00:39:18,880

and so the people shared it you know

1177

00:39:24,230 --> 00:39:21,119

now you've talked about your background

1178

00:39:26,069 --> 00:39:24,240

and your experience through school and

1179

00:39:26,950 --> 00:39:26,079

in college and the training that's gone

1180

00:39:27,910 --> 00:39:26,960

into

1181

00:39:29,829 --> 00:39:27,920

how many

1182

00:39:32,550 --> 00:39:29,839

what sort of hours or what numbers can

1183

00:39:34,230 --> 00:39:32,560

you put on how much training you do

1184

00:39:35,990 --> 00:39:34,240

to get to a level where you know what

1185

00:39:39,270 --> 00:39:36,000

you're talking about and you probably

1186

00:39:42,150 --> 00:39:40,790

i guess know what i talk which what

1187

00:39:44,470 --> 00:39:42,160

you're talking about it's funny because

1188

00:39:46,069 --> 00:39:44,480

i was a safety officer you know and

1189

00:39:48,310 --> 00:39:46,079

there's basically like you can you can

1190

00:39:50,310 --> 00:39:48,320

see where the most accidents happen in a

1191

00:39:52,790 --> 00:39:50,320

pilot's uh career

1192

00:39:54,069 --> 00:39:52,800

um and it's basically like um it's at a

1193

00:39:55,190 --> 00:39:54,079

hundred hours

1194

00:39:56,870 --> 00:39:55,200

because they really just don't know

1195

00:39:58,310 --> 00:39:56,880

anything you know so they they're just

1196

00:39:59,910 --> 00:39:58,320

dangerous you know because they

1197

00:40:02,150 --> 00:39:59,920

physically don't know what they what

1198

00:40:04,069 --> 00:40:02,160

they need to know uh and but then it

1199

00:40:05,990 --> 00:40:04,079

goes back down right the accidents and

1200

00:40:06,870 --> 00:40:06,000

and then they're they're better

1201

00:40:08,470 --> 00:40:06,880

uh

1202

00:40:11,190 --> 00:40:08,480

quite good until they get to a thousand

1203

00:40:13,270 --> 00:40:11,200

hours and then the rate climbs back up

1204

00:40:14,710 --> 00:40:13,280

right and then and then it goes back

1205

00:40:16,630 --> 00:40:14,720

down at a thousand hours a thousand

1206

00:40:19,349 --> 00:40:16,640

hours is maybe like you know it depends

1207

00:40:20,870 --> 00:40:19,359

eight seven to ten years of flying

1208

00:40:22,470 --> 00:40:20,880

um

1209

00:40:24,390 --> 00:40:22,480

so at that point they start thinking

1210

00:40:25,829 --> 00:40:24,400

they know what they know what they

1211

00:40:26,550 --> 00:40:25,839

what they they think they know

1212

00:40:28,230 --> 00:40:26,560

everything

1213

00:40:29,670 --> 00:40:28,240

yeah they're getting cocky exactly yeah

1214

00:40:31,349 --> 00:40:29,680

and you can see it that you know there's

1215

00:40:32,870 --> 00:40:31,359

well and you need people to lead right

1216

00:40:34,790 --> 00:40:32,880

we need people to lead

1217

00:40:36,069 --> 00:40:34,800

you know eight eight aircraft around

1218

00:40:37,750 --> 00:40:36,079

tell them where to go it's all like

1219

00:40:39,910 --> 00:40:37,760

these plays you know you're basically

1220

00:40:41,829 --> 00:40:39,920

making intricate tactical plays if you

1221

00:40:43,510 --> 00:40:41,839

can imagine it's more like american

1222

00:40:45,030 --> 00:40:43,520

football you know you have a

1223

00:40:47,109 --> 00:40:45,040

play and everyone's going to execute it

1224

00:40:48,550 --> 00:40:47,119

and then you have these audibles

1225

00:40:49,990 --> 00:40:48,560

so you do need someone to lead but the

1226  
00:40:51,349 --> 00:40:50,000  
problem is then they start thinking they

1227  
00:40:53,510 --> 00:40:51,359  
know everything

1228  
00:40:55,270 --> 00:40:53,520  
so you do get a spike again in accidents

1229  
00:40:57,109 --> 00:40:55,280  
and then once they realize oh you

1230  
00:40:58,230 --> 00:40:57,119  
know they have some scare or something

1231  
00:40:59,990 --> 00:40:58,240  
happens

1232  
00:41:01,270 --> 00:41:00,000  
they realize they're not you know that

1233  
00:41:04,390 --> 00:41:01,280  
they are uh

1234  
00:41:06,309 --> 00:41:04,400  
fatal or you know not mortal uh and then

1235  
00:41:08,630 --> 00:41:06,319  
it goes back down right so after that

1236  
00:41:10,230 --> 00:41:08,640  
after a thousand hours um

1237  
00:41:11,270 --> 00:41:10,240  
so probably after a thousand hours they

1238  
00:41:12,870 --> 00:41:11,280

really know what they're talking about

1239

00:41:14,870 --> 00:41:12,880

that's what i would say once they get to

1240

00:41:17,030 --> 00:41:14,880

that second scare when you know once

1241

00:41:18,790 --> 00:41:17,040

they're like oh they don't die you know

1242

00:41:20,870 --> 00:41:18,800

and then they make it through

1243

00:41:22,630 --> 00:41:20,880

uh it's like a filter and then they get

1244

00:41:24,550 --> 00:41:22,640

to after that

1245

00:41:26,069 --> 00:41:24,560

so that that's that's quite a long time

1246

00:41:29,030 --> 00:41:26,079

and and you've got people out there it's

1247

00:41:31,349 --> 00:41:29,040

well documented um mick worked on tony

1248

00:41:33,270 --> 00:41:31,359

hawk's video game that was his that was

1249

00:41:34,950 --> 00:41:33,280

his background and listen let's even

1250

00:41:37,990 --> 00:41:34,960

talk about people like myself who

1251  
00:41:40,790 --> 00:41:38,000  
clearly has an interest in ufos i want

1252  
00:41:43,109 --> 00:41:40,800  
every video or picture i see to be of

1253  
00:41:45,750 --> 00:41:43,119  
some sort of exotic spacecraft not from

1254  
00:41:47,589 --> 00:41:45,760  
here or from here but not human and it's

1255  
00:41:48,790 --> 00:41:47,599  
just not the case i like to pride myself

1256  
00:41:51,190 --> 00:41:48,800  
on at least being able to look at

1257  
00:41:53,589 --> 00:41:51,200  
something and go that's a balloon that's

1258  
00:41:55,589 --> 00:41:53,599  
something else but i still don't tend to

1259  
00:41:58,790 --> 00:41:55,599  
know what i'm looking at so just just

1260  
00:42:00,470 --> 00:41:58,800  
yesterday i retweet a video and it was

1261  
00:42:02,470 --> 00:42:00,480  
very quickly a few people got in touch

1262  
00:42:04,550 --> 00:42:02,480  
and said actually it's a drone

1263  
00:42:07,030 --> 00:42:04,560

but it did look just to me in a very

1264

00:42:09,030 --> 00:42:07,040

untrained eye it doesn't look cgi it

1265

00:42:11,829 --> 00:42:09,040

looks like something's there it's pretty

1266

00:42:14,309 --> 00:42:11,839

low down it's a big circle so yeah

1267

00:42:16,150 --> 00:42:14,319

someone tell me why this is fake and i

1268

00:42:17,990 --> 00:42:16,160

asked experts to kind of come back on

1269

00:42:19,510 --> 00:42:18,000

this kind of stuff and it's amazing the

1270

00:42:22,390 --> 00:42:19,520

community does get in touch really

1271

00:42:24,630 --> 00:42:22,400

quickly and is is great taking a here's

1272

00:42:27,510 --> 00:42:24,640

why it's this here's why it's not this

1273

00:42:29,750 --> 00:42:27,520

you get experts like yourself who can

1274

00:42:32,069 --> 00:42:29,760

tell you to a very very good degree of

1275

00:42:34,309 --> 00:42:32,079

accuracy like i watched on your your

1276

00:42:36,069 --> 00:42:34,319

recent video where you can tell just by

1277

00:42:37,349 --> 00:42:36,079

the angle of something if you've got two

1278

00:42:39,270 --> 00:42:37,359

points you can tell the height the

1279

00:42:40,870 --> 00:42:39,280

distance all that kind of stuff

1280

00:42:43,589 --> 00:42:40,880

and and then you've got complete

1281

00:42:45,109 --> 00:42:43,599

amateurs like myself or others online

1282

00:42:47,670 --> 00:42:45,119

trying to tell

1283

00:42:49,670 --> 00:42:47,680

no this is why this is a spaceship from

1284

00:42:51,910 --> 00:42:49,680

this planet or here's why it's traveling

1285

00:42:53,510 --> 00:42:51,920

at this speed or here's why it's just a

1286

00:42:56,309 --> 00:42:53,520

camera artifact

1287

00:43:00,630 --> 00:42:58,710

i was just gonna say that as much as we

1288

00:43:02,470 --> 00:43:00,640

loved uh tony hawk growing up there

1289

00:43:05,109 --> 00:43:02,480

there were plenty of bugs in the physics

1290

00:43:06,710 --> 00:43:05,119

that i exploited for big multipliers so

1291

00:43:08,790 --> 00:43:06,720

you know the physics aren't perfect in

1292

00:43:11,750 --> 00:43:08,800

that game

1293

00:43:14,230 --> 00:43:11,760

yeah and i used to like being able to

1294

00:43:16,069 --> 00:43:14,240

defy gravity and go up the area 51 level

1295

00:43:18,150 --> 00:43:16,079

was really good as well

1296

00:43:20,150 --> 00:43:18,160

i always played 720 i don't did you guys

1297

00:43:22,309 --> 00:43:20,160

have that game at your uh

1298

00:43:25,349 --> 00:43:22,319

local dairy queen ah probably older i

1299

00:43:27,589 --> 00:43:25,359

guess there's no dairy queens in the uk

1300

00:43:30,870 --> 00:43:27,599

yeah there's an equivalent or something

1301

00:43:33,030 --> 00:43:30,880

i i want them though they sound fun

1302

00:43:34,630 --> 00:43:33,040

yeah i don't um i think that's the

1303

00:43:35,990 --> 00:43:34,640

problem right that everything comes down

1304

00:43:37,589 --> 00:43:36,000

to

1305

00:43:40,790 --> 00:43:37,599

evidence i mean

1306

00:43:42,790 --> 00:43:40,800

every in every debate i've had with uh

1307

00:43:44,710 --> 00:43:42,800

mick west even if i

1308

00:43:45,829 --> 00:43:44,720

show it's completely bogus all of his

1309

00:43:47,270 --> 00:43:45,839

points

1310

00:43:49,349 --> 00:43:47,280

you know we still have to say at the end

1311

00:43:50,950 --> 00:43:49,359

we need more evidence because

1312

00:43:54,390 --> 00:43:50,960

you can't you can't do much with one

1313

00:43:56,230 --> 00:43:54,400

video and at the end of the day

1314

00:43:58,069 --> 00:43:56,240

you know it could be ultimately fake

1315

00:43:59,990 --> 00:43:58,079

like you know it could i don't think it

1316

00:44:01,750 --> 00:44:00,000

is like i think it's legit

1317

00:44:03,430 --> 00:44:01,760

but it could be

1318

00:44:06,069 --> 00:44:03,440

and so i yeah i'm trying to come up with

1319

00:44:08,069 --> 00:44:06,079

a plan a few plans actually to get more

1320

00:44:10,309 --> 00:44:08,079

evidence i think the first thing is we

1321

00:44:11,910 --> 00:44:10,319

can just start doing a better job of

1322

00:44:13,589 --> 00:44:11,920

uh recording them

1323

00:44:15,829 --> 00:44:13,599

you know if we can

1324

00:44:17,510 --> 00:44:15,839

i had a subscriber this guy nigel you

1325

00:44:21,190 --> 00:44:17,520

know he wrote on one of the comments and

1326

00:44:22,790 --> 00:44:21,200

he's like hey i've videoed a ufo you

1327

00:44:24,069 --> 00:44:22,800

know what should i do with it you know

1328

00:44:26,710 --> 00:44:24,079

and i was like

1329

00:44:28,710 --> 00:44:26,720

uh we'll put the video on youtube maybe

1330

00:44:30,150 --> 00:44:28,720

just give like you know dated hap band

1331

00:44:31,990 --> 00:44:30,160

where if you can

1332

00:44:33,829 --> 00:44:32,000

uh i don't even know if i said that so

1333

00:44:36,390 --> 00:44:33,839

anyway he made this awesome video where

1334

00:44:37,910 --> 00:44:36,400

it's him capturing this ufo and and in

1335

00:44:40,790 --> 00:44:37,920

the in uk

1336

00:44:43,109 --> 00:44:40,800

uh and then he you know films the clock

1337

00:44:45,270 --> 00:44:43,119

uh and then tries to give a rough uh

1338

00:44:47,109 --> 00:44:45,280

location of it

1339

00:44:48,470 --> 00:44:47,119

but like for these ufos that are that

1340

00:44:49,910 --> 00:44:48,480

are

1341

00:44:51,030 --> 00:44:49,920

stopping you know you hear a lot of them

1342

00:44:52,790 --> 00:44:51,040

are just sitting there not doing

1343

00:44:55,510 --> 00:44:52,800

anything if it's just sitting there for

1344

00:44:57,510 --> 00:44:55,520

like five minutes like with dave fulch

1345

00:44:59,190 --> 00:44:57,520

uh and we got a couple people g all you

1346

00:45:00,790 --> 00:44:59,200

need is two two different

1347

00:45:01,829 --> 00:45:00,800

people like you are kind of talking

1348

00:45:04,870 --> 00:45:01,839

about um

1349

00:45:07,430 --> 00:45:04,880

now we can triangulate it and then if we

1350

00:45:08,870 --> 00:45:07,440

can get you know more of them

1351  
00:45:10,390 --> 00:45:08,880  
all you really need is two but but the

1352  
00:45:12,230 --> 00:45:10,400  
more you get the better ultimately so

1353  
00:45:14,069 --> 00:45:12,240  
now we could actually get some real data

1354  
00:45:14,790 --> 00:45:14,079  
like actually scientific data instead of

1355  
00:45:16,470 --> 00:45:14,800  
just

1356  
00:45:18,150 --> 00:45:16,480  
you know i saw a video on there and it

1357  
00:45:19,750 --> 00:45:18,160  
looked like a drone and then people go

1358  
00:45:22,309 --> 00:45:19,760  
and say it's not you know we could say

1359  
00:45:27,430 --> 00:45:22,319  
okay we nigel released this video

1360  
00:45:29,430 --> 00:45:27,440  
on last saturday at uh this time over

1361  
00:45:30,950 --> 00:45:29,440  
london you know did anyone else see

1362  
00:45:31,910 --> 00:45:30,960  
something that looks like this and video

1363  
00:45:35,750 --> 00:45:31,920

it

1364

00:45:37,990 --> 00:45:35,760

is to upload easy to upload on youtube

1365

00:45:39,510 --> 00:45:38,000

so you just upload it on youtube

1366

00:45:41,349 --> 00:45:39,520

and then if you

1367

00:45:42,550 --> 00:45:41,359

you know it's very easy to access it for

1368

00:45:44,950 --> 00:45:42,560

all of us you know i can just go to

1369

00:45:47,510 --> 00:45:44,960

youtube and copy it and or video it and

1370

00:45:49,109 --> 00:45:47,520

then we can analyze it et cetera so

1371

00:45:50,550 --> 00:45:49,119

just getting evidence right there is one

1372

00:45:52,069 --> 00:45:50,560

way to do it plus it's fun right i'm

1373

00:45:54,950 --> 00:45:52,079

going to have nigel hopefully i'll talk

1374

00:45:57,990 --> 00:45:54,960

him into having him on uh

1375

00:46:00,069 --> 00:45:58,000

the disclosure so disclosure with vinnie

1376

00:46:01,589 --> 00:46:00,079

vinnie adams on saturday yeah i want to

1377

00:46:03,990 --> 00:46:01,599

get nigel on there he's kind of nervous

1378

00:46:05,589 --> 00:46:04,000

but i'm like come on man like uh

1379

00:46:07,510 --> 00:46:05,599

explain it i think it's cool so i think

1380

00:46:09,349 --> 00:46:07,520

just get more people involved so that

1381

00:46:11,190 --> 00:46:09,359

would be one way it's just build up our

1382

00:46:12,790 --> 00:46:11,200

the evidence we can get now

1383

00:46:14,790 --> 00:46:12,800

uh and i think that is the strength of

1384

00:46:17,270 --> 00:46:14,800

youtube you know it's it's been called

1385

00:46:21,670 --> 00:46:17,280

web 2.0 it's kind of how i've heard of

1386

00:46:23,349 --> 00:46:21,680

youtube uh web 1.0 is like the um

1387

00:46:25,030 --> 00:46:23,359

the dial-up stuff you have you're

1388

00:46:27,270 --> 00:46:25,040

basically going through a service you

1389

00:46:29,109 --> 00:46:27,280

know you're going through a aol and now

1390

00:46:31,190 --> 00:46:29,119

they're going to email stuff

1391

00:46:33,750 --> 00:46:31,200

um so basically we were just going there

1392

00:46:37,910 --> 00:46:33,760

to get information essentially was web

1393

00:46:39,910 --> 00:46:37,920

1.0 and now web 2.0 is like the youtube

1394

00:46:41,750 --> 00:46:39,920

phenomena so essentially there's no one

1395

00:46:43,910 --> 00:46:41,760

in between me and

1396

00:46:45,990 --> 00:46:43,920

you know you okay if if you're a fan

1397

00:46:47,349 --> 00:46:46,000

there's no way between me and you really

1398

00:46:49,829 --> 00:46:47,359

essentially you know i write direct to

1399

00:46:51,190 --> 00:46:49,839

you on youtube uh i post videos there's

1400

00:46:53,030 --> 00:46:51,200

nothing really stopping me from posting

1401  
00:46:53,829 --> 00:46:53,040  
videos yeah

1402  
00:46:55,510 --> 00:46:53,839  
so

1403  
00:46:57,109 --> 00:46:55,520  
i think that's what we're kind of doing

1404  
00:46:59,510 --> 00:46:57,119  
is building this this large neural

1405  
00:47:01,750 --> 00:46:59,520  
network now uh and so

1406  
00:47:02,790 --> 00:47:01,760  
i think people like mick west and people

1407  
00:47:04,790 --> 00:47:02,800  
even

1408  
00:47:05,990 --> 00:47:04,800  
you know like amateur astronomers or

1409  
00:47:08,309 --> 00:47:06,000  
whatever

1410  
00:47:10,230 --> 00:47:08,319  
if they can find a good point like you

1411  
00:47:11,750 --> 00:47:10,240  
know you need that red team right like i

1412  
00:47:14,069 --> 00:47:11,760  
mentioned it before like the better the

1413  
00:47:15,910 --> 00:47:14,079

red team is the better the blue team

1414

00:47:17,030 --> 00:47:15,920

so i mean i would appreciate if the red

1415

00:47:19,030 --> 00:47:17,040

team was a little better you know i

1416

00:47:20,790 --> 00:47:19,040

guess or or took took it serious more

1417

00:47:22,069 --> 00:47:20,800

serious about

1418

00:47:23,990 --> 00:47:22,079

um

1419

00:47:25,829 --> 00:47:24,000

finding the actual truth i'm not sure

1420

00:47:27,349 --> 00:47:25,839

maybe that is maybe that is the aim i'm

1421

00:47:29,109 --> 00:47:27,359

not sure actually you know i've liked

1422

00:47:31,270 --> 00:47:29,119

all my interactions personally with mick

1423

00:47:34,150 --> 00:47:31,280

west actually he was professional

1424

00:47:35,750 --> 00:47:34,160

he's he set a very good stream

1425

00:47:37,270 --> 00:47:35,760

you know personally i have no issues and

1426

00:47:38,390 --> 00:47:37,280

that's i'm going to treat that way with

1427

00:47:39,990 --> 00:47:38,400

everybody you know

1428

00:47:41,430 --> 00:47:40,000

whatever their

1429

00:47:42,950 --> 00:47:41,440

background is or what other people think

1430

00:47:44,790 --> 00:47:42,960

of them i'm going to give them a chance

1431

00:47:46,549 --> 00:47:44,800

and then and then if they you know they

1432

00:47:48,069 --> 00:47:46,559

screw screw me over or whatever then

1433

00:47:49,510 --> 00:47:48,079

then i i want to i won't give them

1434

00:47:51,349 --> 00:47:49,520

another chance you know i'm not going

1435

00:47:52,870 --> 00:47:51,359

for revenge or anything

1436

00:47:54,470 --> 00:47:52,880

and that's that's the way to do it chris

1437

00:47:56,069 --> 00:47:54,480

like i've said on this podcast before

1438

00:47:57,990 --> 00:47:56,079

mick's a really intelligent guy and some

1439

00:48:00,150 --> 00:47:58,000

of the work you've done on on various

1440

00:48:01,910 --> 00:48:00,160

different um other campaigns shall we

1441

00:48:04,390 --> 00:48:01,920

say uh was really good and really

1442

00:48:06,790 --> 00:48:04,400

interesting um and i completely

1443

00:48:09,670 --> 00:48:06,800

understand that both himself and other

1444

00:48:11,990 --> 00:48:09,680

debunkers they can recreate certain

1445

00:48:14,390 --> 00:48:12,000

scenarios pretty accurately but that

1446

00:48:16,309 --> 00:48:14,400

doesn't prove or disprove another piece

1447

00:48:18,309 --> 00:48:16,319

of video it just shows you that you can

1448

00:48:19,910 --> 00:48:18,319

make something look like something else

1449

00:48:22,470 --> 00:48:19,920

it's almost like look i could create

1450

00:48:24,309 --> 00:48:22,480

this as a hoax if i wanted that's that's

1451  
00:48:26,790 --> 00:48:24,319  
great you're not you're not showing me

1452  
00:48:29,190 --> 00:48:26,800  
that what's on that navy video isn't

1453  
00:48:31,030 --> 00:48:29,200  
something a little bit more exotic than

1454  
00:48:32,390 --> 00:48:31,040  
than our best technology

1455  
00:48:34,150 --> 00:48:32,400  
but like you say

1456  
00:48:35,990 --> 00:48:34,160  
maybe as something more explainable but

1457  
00:48:37,349 --> 00:48:36,000  
we just can't do that right now and can

1458  
00:48:39,829 --> 00:48:37,359  
i just add chris you know when you talk

1459  
00:48:41,430 --> 00:48:39,839  
about those those youtube videos i i

1460  
00:48:42,549 --> 00:48:41,440  
love people send me them all the time

1461  
00:48:43,910 --> 00:48:42,559  
and they'll ask me and i always send

1462  
00:48:46,870 --> 00:48:43,920  
them on for other people to check out

1463  
00:48:48,710 --> 00:48:46,880

who are more analytical than myself

1464

00:48:50,790 --> 00:48:48,720

i see these videos and it's the ones

1465

00:48:52,710 --> 00:48:50,800

where there's just something in this guy

1466

00:48:55,109 --> 00:48:52,720

that you've got a camera phone and

1467

00:48:57,270 --> 00:48:55,119

that's great your camera phone's 8k but

1468

00:48:59,589 --> 00:48:57,280

it's still filming an object however far

1469

00:49:01,910 --> 00:48:59,599

away is you've shot nothing of the

1470

00:49:04,470 --> 00:49:01,920

ground there's no point of context for

1471

00:49:07,190 --> 00:49:04,480

it and you've cut it off before it's

1472

00:49:09,589 --> 00:49:07,200

left it's just an object sitting in the

1473

00:49:11,910 --> 00:49:09,599

sky or floating along and the amount of

1474

00:49:14,230 --> 00:49:11,920

times people put on a video and say we

1475

00:49:17,109 --> 00:49:14,240

saw this object it sat there for this

1476

00:49:18,950 --> 00:49:17,119

long and then it shut off really quickly

1477

00:49:20,549 --> 00:49:18,960

yes but you you've got a three minute

1478

00:49:22,710 --> 00:49:20,559

video of what you're telling me is a

1479

00:49:25,109 --> 00:49:22,720

five or ten minute experience so

1480

00:49:27,510 --> 00:49:25,119

straight away i'm sorry but no matter

1481

00:49:29,030 --> 00:49:27,520

how good that three minutes of that

1482

00:49:31,510 --> 00:49:29,040

object sitting is

1483

00:49:33,030 --> 00:49:31,520

i just totally disregard it because

1484

00:49:35,829 --> 00:49:33,040

you're never going to or you shouldn't

1485

00:49:36,950 --> 00:49:35,839

really ever be able to film a uap or ufo

1486

00:49:39,030 --> 00:49:36,960

arriving

1487

00:49:40,549 --> 00:49:39,040

because they're just there or they come

1488

00:49:43,349 --> 00:49:40,559

into view really quickly it would have

1489

00:49:45,430 --> 00:49:43,359

to be pure happenstance or circumstance

1490

00:49:46,870 --> 00:49:45,440

you're filming that point in the sky or

1491

00:49:49,750 --> 00:49:46,880

the sea you know if they're under the

1492

00:49:51,670 --> 00:49:49,760

water but what you can do is film it

1493

00:49:53,430 --> 00:49:51,680

leaving and that for me is always a

1494

00:49:55,670 --> 00:49:53,440

frustration because

1495

00:49:58,549 --> 00:49:55,680

especially in the fake videos

1496

00:50:01,430 --> 00:49:58,559

when the object moves it tends to give

1497

00:50:04,230 --> 00:50:01,440

away quite a lot of the the ropey cgi if

1498

00:50:06,390 --> 00:50:04,240

they are indeed false

1499

00:50:08,309 --> 00:50:06,400

is it possible to even

1500

00:50:09,990 --> 00:50:08,319

prove something's not a deep fake i mean

1501  
00:50:12,230 --> 00:50:10,000  
is it possible

1502  
00:50:14,309 --> 00:50:12,240  
i i think it goes towards your what you

1503  
00:50:15,750 --> 00:50:14,319  
were talking about with triangulation

1504  
00:50:17,829 --> 00:50:15,760  
you know if you could almost put

1505  
00:50:19,589 --> 00:50:17,839  
something orbiting the earth that would

1506  
00:50:21,030 --> 00:50:19,599  
give you that second point when you're

1507  
00:50:23,589 --> 00:50:21,040  
on the ground with the camera it would

1508  
00:50:25,750 --> 00:50:23,599  
be it would be awesome um

1509  
00:50:28,790 --> 00:50:25,760  
but it feels like a lead-in dan yes it

1510  
00:50:31,030 --> 00:50:28,800  
is i'm queuing you up so uh take it away

1511  
00:50:33,510 --> 00:50:31,040  
do you have any ideas there

1512  
00:50:34,630 --> 00:50:33,520  
okay yes so there's a few so that is the

1513  
00:50:42,870 --> 00:50:34,640

i

1514  
00:50:44,630 --> 00:50:42,880  
well um

1515  
00:50:46,790 --> 00:50:44,640  
because everybody wants just the the

1516  
00:50:48,390 --> 00:50:46,800  
iphone that works right of course we all

1517  
00:50:50,309 --> 00:50:48,400  
wanted the iphone that just does

1518  
00:50:52,069 --> 00:50:50,319  
everything and you push all the buttons

1519  
00:50:54,390 --> 00:50:52,079  
you know you remember before whatever

1520  
00:50:55,990 --> 00:50:54,400  
when they come out 2004 i think look at

1521  
00:50:57,910 --> 00:50:56,000  
that uh

1522  
00:50:59,190 --> 00:50:57,920  
before the iphone everybody was trying

1523  
00:51:00,790 --> 00:50:59,200  
to make an iphone you know the palm

1524  
00:51:02,870 --> 00:51:00,800  
pilot uh they had all these other

1525  
00:51:04,630 --> 00:51:02,880  
devices i remember i bought some

1526  
00:51:05,990 --> 00:51:04,640  
some crappy one that that didn't really

1527  
00:51:08,470 --> 00:51:06,000  
work right and they're all waiting for

1528  
00:51:10,069 --> 00:51:08,480  
this perfect device the iphone

1529  
00:51:11,750 --> 00:51:10,079  
and that's exactly what was happening in

1530  
00:51:13,910 --> 00:51:11,760  
the in the air force or all of the

1531  
00:51:15,109 --> 00:51:13,920  
military i think is this live virtual

1532  
00:51:16,870 --> 00:51:15,119  
training

1533  
00:51:18,390 --> 00:51:16,880  
my whole career 20 years they tried to

1534  
00:51:21,109 --> 00:51:18,400  
implement it and they were not able to

1535  
00:51:22,950 --> 00:51:21,119  
implement it after 20 years right 20 20

1536  
00:51:23,990 --> 00:51:22,960  
years like what you guys been doing uh

1537  
00:51:26,870 --> 00:51:24,000  
at least i don't know they didn't

1538  
00:51:28,950 --> 00:51:26,880

implement it at my level um that i saw

1539

00:51:31,990 --> 00:51:28,960

and and like i said you could do it

1540

00:51:33,990 --> 00:51:32,000

easily with with the equipment we had it

1541

00:51:35,670 --> 00:51:34,000

took some serious effort by the by the

1542

00:51:37,349 --> 00:51:35,680

lockheed contractors they did excellent

1543

00:51:38,390 --> 00:51:37,359

work and you know

1544

00:51:40,150 --> 00:51:38,400

whatever

1545

00:51:42,230 --> 00:51:40,160

helped them and work with them they were

1546

00:51:44,790 --> 00:51:42,240

very dedicated smart people

1547

00:51:46,549 --> 00:51:44,800

but still we were able to do that

1548

00:51:48,549 --> 00:51:46,559

at no additional cost and that's really

1549

00:51:50,790 --> 00:51:48,559

through that operational thing so you

1550

00:51:52,630 --> 00:51:50,800

can really improve a lot of things by

1551  
00:51:53,349 --> 00:51:52,640  
just doing what you mentioned there andy

1552  
00:51:55,589 --> 00:51:53,359  
like

1553  
00:51:57,430 --> 00:51:55,599  
showing the ground right so that you can

1554  
00:51:58,710 --> 00:51:57,440  
see like i can get an estimate of how

1555  
00:52:01,030 --> 00:51:58,720  
high up

1556  
00:52:03,109 --> 00:52:01,040  
now and so we can get an angle up like

1557  
00:52:05,829 --> 00:52:03,119  
you just mentioned and if there's a

1558  
00:52:07,510 --> 00:52:05,839  
landmark in the scene that's even better

1559  
00:52:09,750 --> 00:52:07,520  
and then filming it for as long as

1560  
00:52:11,670 --> 00:52:09,760  
possible like you said in a date stamp

1561  
00:52:12,549 --> 00:52:11,680  
man put like a another cell phone in

1562  
00:52:14,549 --> 00:52:12,559  
front

1563  
00:52:16,230 --> 00:52:14,559

just to get the time exactly you know

1564

00:52:18,230 --> 00:52:16,240

because we we do need accurate time and

1565

00:52:19,430 --> 00:52:18,240

that and then that would help prove it

1566

00:52:21,670 --> 00:52:19,440

better

1567

00:52:23,910 --> 00:52:21,680

you know and so if you just had

1568

00:52:25,990 --> 00:52:23,920

30 people do that

1569

00:52:27,829 --> 00:52:26,000

you know they can't deep fake all those

1570

00:52:29,349 --> 00:52:27,839

and then link it to some it would be

1571

00:52:30,390 --> 00:52:29,359

almost harder to stop the deep fake than

1572

00:52:32,950 --> 00:52:30,400

it is to

1573

00:52:34,630 --> 00:52:32,960

you know to create the flying thing

1574

00:52:36,390 --> 00:52:34,640

essentially

1575

00:52:38,150 --> 00:52:36,400

and the only thing yeah

1576  
00:52:40,390 --> 00:52:38,160  
just before you come back on dan's point

1577  
00:52:42,309 --> 00:52:40,400  
um the the only thing for me to go the

1578  
00:52:44,069 --> 00:52:42,319  
other way on that one is

1579  
00:52:46,790 --> 00:52:44,079  
if we are talking about something that's

1580  
00:52:48,549 --> 00:52:46,800  
potentially non-human

1581  
00:52:51,510 --> 00:52:48,559  
it's really difficult to see what that

1582  
00:52:54,309 --> 00:52:51,520  
would look like given at the moment

1583  
00:52:57,829 --> 00:52:54,319  
as far as we know online there is no 100

1584  
00:53:00,630 --> 00:52:57,839  
percent proven here as a non-human

1585  
00:53:01,910 --> 00:53:00,640  
aircraft or spacecraft we don't know

1586  
00:53:04,549 --> 00:53:01,920  
that they wouldn't look a little bit

1587  
00:53:07,670 --> 00:53:04,559  
fake or would move a little bit jittery

1588  
00:53:09,589 --> 00:53:07,680

or you know with some of the poor cgi

1589

00:53:11,030 --> 00:53:09,599

there's there's every chance out there

1590

00:53:14,309 --> 00:53:11,040

there's a really

1591

00:53:17,030 --> 00:53:14,319

good 100 real video that we've all

1592

00:53:19,190 --> 00:53:17,040

watched and totally dismissed as utter

1593

00:53:20,790 --> 00:53:19,200

nonsense it could be one of those ones

1594

00:53:23,430 --> 00:53:20,800

where it's landed in the woods and three

1595

00:53:24,950 --> 00:53:23,440

little beings walk up the ramp yeah and

1596

00:53:27,190 --> 00:53:24,960

you look and go they're just floating

1597

00:53:29,349 --> 00:53:27,200

across the grass that's terrible cgi

1598

00:53:31,750 --> 00:53:29,359

that's like playstation one graphics and

1599

00:53:33,190 --> 00:53:31,760

then it flies away and lo and behold

1600

00:53:35,349 --> 00:53:33,200

someone in the government's sitting

1601  
00:53:37,510 --> 00:53:35,359  
going or louis elizondo himself could be

1602  
00:53:38,630 --> 00:53:37,520  
sitting going ah that's the one that's

1603  
00:53:41,190 --> 00:53:38,640  
that's the one that we should all be

1604  
00:53:43,750 --> 00:53:41,200  
looking at but we dismiss it because we

1605  
00:53:45,910 --> 00:53:43,760  
still don't know what is what is right

1606  
00:53:48,470 --> 00:53:45,920  
and that's i suppose part of the

1607  
00:53:50,390 --> 00:53:48,480  
the fun the frustration the the mystery

1608  
00:53:52,549 --> 00:53:50,400  
what we kind of like and hate about this

1609  
00:53:53,910 --> 00:53:52,559  
subject all at once

1610  
00:53:56,390 --> 00:53:53,920  
and that's really why you need multiple

1611  
00:53:58,230 --> 00:53:56,400  
angles though right because yeah you

1612  
00:54:00,630 --> 00:53:58,240  
know it showed in my videos if i know

1613  
00:54:03,270 --> 00:54:00,640

how big the the object is

1614

00:54:05,109 --> 00:54:03,280

then i can tell how far away it is

1615

00:54:06,710 --> 00:54:05,119

but these things we have no idea right

1616

00:54:08,230 --> 00:54:06,720

we can't

1617

00:54:11,190 --> 00:54:08,240

you know there's no uh there's no

1618

00:54:12,710 --> 00:54:11,200

database that i know of anyway uh and so

1619

00:54:14,950 --> 00:54:12,720

but if we get two angles now we can

1620

00:54:16,950 --> 00:54:14,960

approximate its location and then now

1621

00:54:19,109 --> 00:54:16,960

from there we can determine its size so

1622

00:54:20,549 --> 00:54:19,119

that's that's really important so i

1623

00:54:23,589 --> 00:54:20,559

think the best would

1624

00:54:25,670 --> 00:54:23,599

just the same thing look look at uh

1625

00:54:27,670 --> 00:54:25,680

look at youtube you know it's a it's a

1626  
00:54:28,870 --> 00:54:27,680  
giant neural network that's why we're

1627  
00:54:31,430 --> 00:54:28,880  
able to

1628  
00:54:32,390 --> 00:54:31,440  
amass information so fast you know more

1629  
00:54:33,430 --> 00:54:32,400  
data

1630  
00:54:36,230 --> 00:54:33,440  
has a

1631  
00:54:38,470 --> 00:54:36,240  
uh quality of its own what is that uh

1632  
00:54:40,470 --> 00:54:38,480  
mass has a quality of its own

1633  
00:54:41,990 --> 00:54:40,480  
so if you get a certain amount of data i

1634  
00:54:44,710 --> 00:54:42,000  
mentioned before if it's over 30 points

1635  
00:54:46,549 --> 00:54:44,720  
now we can use statistical analysis

1636  
00:54:49,109 --> 00:54:46,559  
you know to determine could it be fake

1637  
00:54:51,109 --> 00:54:49,119  
you know with 30 plus points given these

1638  
00:54:52,789 --> 00:54:51,119

information you could actually say

1639

00:54:54,069 --> 00:54:52,799

with like mathematical certainty or not

1640

00:54:56,230 --> 00:54:54,079

certainly but close to mathematical

1641

00:54:58,069 --> 00:54:56,240

certainty that it would be impossible to

1642

00:54:59,589 --> 00:54:58,079

fake this you know but that we need more

1643

00:55:01,990 --> 00:54:59,599

data so i would say first thing is that

1644

00:55:04,549 --> 00:55:02,000

like the easy kill right

1645

00:55:05,430 --> 00:55:04,559

is train people to do it better

1646

00:55:07,349 --> 00:55:05,440

um

1647

00:55:09,349 --> 00:55:07,359

and then it would be on implementing

1648

00:55:14,309 --> 00:55:09,359

better systems so i've been working with

1649

00:55:15,829 --> 00:55:14,319

martin in denmark he's for danish uapr

1650

00:55:17,589 --> 00:55:15,839

and he's basically putting together a

1651  
00:55:20,710 --> 00:55:17,599  
system um

1652  
00:55:22,069 --> 00:55:20,720  
with flir and prototyping it

1653  
00:55:23,670 --> 00:55:22,079  
so

1654  
00:55:25,670 --> 00:55:23,680  
the idea there's there's there is a

1655  
00:55:28,710 --> 00:55:25,680  
couple ideas but the main idea is to

1656  
00:55:30,789 --> 00:55:28,720  
fund whatever project we do with nfts

1657  
00:55:32,789 --> 00:55:30,799  
that is all for this week's show thank

1658  
00:55:34,789 --> 00:55:32,799  
you very much for listening please

1659  
00:55:37,430 --> 00:55:34,799  
remember to leave the podcaster review

1660  
00:55:39,750 --> 00:55:37,440  
on your chosen platform you can like

1661  
00:55:41,670 --> 00:55:39,760  
retweet and subscribe that would all be

1662  
00:55:43,829 --> 00:55:41,680  
very much appreciated the shows are

1663  
00:55:45,349 --> 00:55:43,839

being uploaded onto youtube as we speak

1664

00:55:47,910 --> 00:55:45,359

more and more you can sign up at

1665

00:55:50,630 --> 00:55:47,920

patreon.com forward slash that ufo

1666

00:55:52,789 --> 00:55:50,640

podcast to access shows ad free as well

1667

00:55:55,670 --> 00:55:52,799

please get in touch on twitter facebook

1668

00:55:59,349 --> 00:55:55,680

instagram that ufo podcast of course on

1669

00:56:01,270 --> 00:55:59,359

twitter it's at ufo uap am and again

1670

00:56:04,050 --> 00:56:01,280

folks as always keep looking up you

1671

00:56:24,390 --> 00:56:04,060

never know what you might see

1672

00:56:24,400 --> 00:56:31,110

is

1673

00:56:31,120 --> 00:56:55,349

[Music]

1674

00:56:55,359 --> 00:57:00,870

i jump back nearly kiss myself

1675

00:57:03,829 --> 00:57:02,150

there was something on my head and

1676

00:57:05,589 --> 00:57:03,839

everything was weird and everything was

1677

00:57:07,030 --> 00:57:05,599

red i helped out my boys they thought

1678

00:57:12,280 --> 00:57:07,040

this was nice they thought it was a

1679

00:58:03,430 --> 00:57:19,410

[Music]

1680

00:58:03,440 --> 00:58:09,589

is

1681

00:58:18,310 --> 00:58:11,510

it wasn't a tic tac and not quite a

1682

00:58:18,320 --> 00:58:32,150

[Music]

1683

00:58:40,230 --> 00:58:34,300

it's very smooth
