there's a whole fleet of them look on

3  
00:00:10,950 --> 00:00:08,720

the assay

4  
00:00:14,310 --> 00:00:10,960

oh my gosh they're all going against the

5  
00:00:18,950 --> 00:00:16,390

it was basically a cube with inside of

6  
00:00:22,790 --> 00:00:18,960

sphere where the points of the cube

7  
00:00:32,990 --> 00:00:22,800

were touching outside of sphere

8  
00:00:37,110 --> 00:00:34,540

00:00:40,950 --> 00:00:38,719

hi everyone and welcome back to that ufo

24

00:01:20,230 --> 00:01:18,799

podcast we have a breaking news update

25

00:01:21,670 --> 00:01:20,240

been a few weeks since we've done one of

26

00:01:23,910 --> 00:01:21,680

these so looking forward to getting

27

00:01:26,310 --> 00:01:23,920

right into it dan joining me as usual

28

00:01:28,550 --> 00:01:26,320

for this one how we doing today dan i'm

29

00:01:31,270 --> 00:01:28,560

great it's a it's a good day today

30

00:01:34,469 --> 00:01:31,280

i'm very aware i've just said

31

00:01:36,630 --> 00:01:34,479

how are we doing today dan very quickly

32

00:01:38,950 --> 00:01:36,640

and with so many people telling me that

33

00:01:40,870 --> 00:01:38,960

they're struggling with my accent i

34

00:01:43,749 --> 00:01:40,880

should probably clear up i've just said

35

00:01:46,149 --> 00:01:43,759

to dan how are you doing today

36

00:01:47,910 --> 00:01:46,159

because in my accent that's probably doo

37

00:01:50,149 --> 00:01:47,920

doo doo doo doo doo doo as well we need

38

00:01:51,830 --> 00:01:50,159

a translator on the podcast is that

39

00:01:53,429 --> 00:01:51,840

probably um

40

00:01:54,389 --> 00:01:53,439

i'll have to start doing accents again

41

00:01:57,030 --> 00:01:54,399

won't uh

42

00:01:58,870 --> 00:01:57,040

uh speaking of accents ross cool tact

43

00:02:00,550 --> 00:01:58,880

obviously thank you to everyone who got

44

00:02:03,830 --> 00:02:00,560

in touch about part one or if you

45

00:02:05,590 --> 00:02:03,840

listened or or tried to listen to it um

46

00:02:07,350 --> 00:02:05,600

the feedback's been incredible and the

47

00:02:09,910 --> 00:02:07,360

reaction to it's been great thanks to

48

00:02:11,589 --> 00:02:09,920

people sharing it on on reddit on their

49

00:02:14,150 --> 00:02:11,599

own youtube channels and crediting the

50

00:02:15,910 --> 00:02:14,160

podcast that's always appreciated and if

51  
00:02:17,670 --> 00:02:15,920  
you're just talking about it with people

52  
00:02:20,309 --> 00:02:17,680  
or you just got some information or

53  
00:02:23,110 --> 00:02:20,319  
entertainment from it then fantastic um

54  
00:02:25,350 --> 00:02:23,120  
ross was great part two is available

55  
00:02:27,910 --> 00:02:25,360  
right now we record this today on friday

56  
00:02:30,550 --> 00:02:27,920  
the 24th of september it's available on

57  
00:02:33,350 --> 00:02:30,560  
patreon.com early access with no adverts

58  
00:02:36,630 --> 00:02:33,360  
whatsoever and it's also on apple

59  
00:02:39,670 --> 00:02:36,640  
premium subscriptions it's like 199 uk

60  
00:02:41,350 --> 00:02:39,680  
or like 2.49 i think um and then just

61  
00:02:42,949 --> 00:02:41,360  
whatever it is on your own currency per

62  
00:02:44,949 --> 00:02:42,959  
month but you do get a two week free

63  
00:02:47,270 --> 00:02:44,959

trial on that as well and it comes to us

64

00:02:49,350 --> 00:02:47,280

and supports the podcast and helps us do

65

00:02:51,030 --> 00:02:49,360

this as much as we have been doing it

66

00:02:53,670 --> 00:02:51,040

which which is greatly appreciated as

67

00:02:54,869 --> 00:02:53,680

well so so yeah dan do you want to thank

68

00:02:58,790 --> 00:02:54,879

everyone

69

00:03:01,910 --> 00:03:00,710

it's been crazy seeing the responses on

70

00:03:03,589 --> 00:03:01,920

you know because i read it and we're

71

00:03:05,830 --> 00:03:03,599

always on social media and people have

72

00:03:08,869 --> 00:03:05,840

responded really positively to it um

73

00:03:10,869 --> 00:03:08,879

which is which is nice uh kurt jaymangal

74

00:03:12,949 --> 00:03:10,879

uh sent an email just to let us know

75

00:03:14,710 --> 00:03:12,959

that he'd be interviewing ross and and

76

00:03:16,390 --> 00:03:14,720

asking if there was anything that ross

77

00:03:18,630 --> 00:03:16,400

talked to us about that he could follow

78

00:03:20,070 --> 00:03:18,640

up on so it's i love that when the

79

00:03:21,750 --> 00:03:20,080

community kind of comes together to make

80

00:03:24,309 --> 00:03:21,760

sure that we're you know we're asking a

81

00:03:26,710 --> 00:03:24,319

nice breath of questions um and i think

82

00:03:28,869 --> 00:03:26,720

that interview it did it last night but

83

00:03:30,149 --> 00:03:28,879

it'll be up in a in a few days for

84

00:03:31,910 --> 00:03:30,159

people to watch

85

00:03:36,390 --> 00:03:31,920

sorry dan you're talking but i'm only

86

00:03:40,309 --> 00:03:38,470

is this uh where i publicly apologize

87

00:03:42,630 --> 00:03:40,319

for the audio issue on the on the

88

00:03:44,630 --> 00:03:42,640

youtube of just the left ear was that

89

00:03:45,910 --> 00:03:44,640

you that made that mistake oh okay you

90

00:03:47,750 --> 00:03:45,920

know what if you plug in two pairs of

91

00:03:49,110 --> 00:03:47,760

headphones and you rotate one pair of

92

00:03:50,789 --> 00:03:49,120

headphones you can technically have

93

00:03:53,030 --> 00:03:50,799

stereo

94

00:03:55,670 --> 00:03:53,040

or if you buy another set of speakers

95

00:03:58,390 --> 00:03:55,680

and just have two left ones side by side

96

00:04:00,229 --> 00:03:58,400

little sound stereo maybe yeah sorry

97

00:04:02,550 --> 00:04:00,239

about that when i convert video i i just

98

00:04:04,710 --> 00:04:02,560

have to hit one tick box and i i forgot

99

00:04:07,030 --> 00:04:04,720

but it's fixed for part two i promise

100

00:04:09,509 --> 00:04:07,040

yeah you literally cannot get the staff

101

00:04:11,270 --> 00:04:09,519

yeah part two like i say out now on

102

00:04:13,110 --> 00:04:11,280

premium which is great so you'll have

103

00:04:15,190 --> 00:04:13,120

that over the weekend to listen to early

104

00:04:17,270 --> 00:04:15,200

feedback from again has been fantastic

105

00:04:19,670 --> 00:04:17,280

so thank you everyone who's incredible

106

00:04:21,270 --> 00:04:19,680

and incredibly nice about it and if you

107

00:04:22,550 --> 00:04:21,280

don't enjoy it please still get in touch

108

00:04:24,070 --> 00:04:22,560

and tell us why if you want to talk

109

00:04:25,270 --> 00:04:24,080

about it get in touch and you want to

110

00:04:27,510 --> 00:04:25,280

discuss it share your thoughts and

111

00:04:29,110 --> 00:04:27,520

opinions do all of that but we're not

112

00:04:30,870 --> 00:04:29,120

precious about someone

113

00:04:32,629 --> 00:04:30,880

not liking something we do but it's

114

00:04:34,710 --> 00:04:32,639

great because there hasn't been anyone

115

00:04:36,790 --> 00:04:34,720

said anything negative at all about the

116

00:04:39,110 --> 00:04:36,800

the ross part one so that's incredible

117

00:04:40,870 --> 00:04:39,120

so thank you everyone um look forward to

118

00:04:42,870 --> 00:04:40,880

that coming out on monday on all the

119

00:04:46,070 --> 00:04:42,880

free feeds so that's monday the 27th of

120

00:04:48,150 --> 00:04:46,080

september it will be accessible to all

121

00:04:50,390 --> 00:04:48,160

um we should also say here that we're

122

00:04:51,670 --> 00:04:50,400

gonna um with the youtube we're gonna

123

00:04:53,590 --> 00:04:51,680

just leave a little bit of space after

124

00:04:55,590 --> 00:04:53,600

it goes up onto the podcast um and

125

00:04:57,189 --> 00:04:55,600

that'll enable andy and i to kind of

126

00:04:58,550 --> 00:04:57,199

talk with a lot of people who listen and

127

00:05:00,469 --> 00:04:58,560

then we can do live chats when the

128

00:05:02,790 --> 00:05:00,479

youtuber goes out with you guys

129

00:05:05,350 --> 00:05:02,800

yeah spot on and the youtube stuff is a

130

00:05:07,270 --> 00:05:05,360

lot more work as well again this

131

00:05:09,590 --> 00:05:07,280

neither of us do this full time for a

132

00:05:11,189 --> 00:05:09,600

job it takes up almost all of our spare

133

00:05:13,510 --> 00:05:11,199

time um

134

00:05:15,189 --> 00:05:13,520

so things like chapters and breaking

135

00:05:17,909 --> 00:05:15,199

down the interviews and all that kind of

136

00:05:19,350 --> 00:05:17,919

stuff is a lot more work than

137

00:05:20,950 --> 00:05:19,360

people potentially realize but that's

138

00:05:22,469 --> 00:05:20,960

not your problem that's our problem and

139

00:05:23,749 --> 00:05:22,479

that's that's where we're at so we're

140

00:05:25,670 --> 00:05:23,759

trying to get all that stuff up to

141

00:05:27,029 --> 00:05:25,680

scratch as best we can and that's why

142

00:05:30,150 --> 00:05:27,039

we've been doing things like the the

143

00:05:31,830 --> 00:05:30,160

youtube tests recently um obviously we

144

00:05:34,070 --> 00:05:31,840

made mention first time we could mention

145

00:05:36,310 --> 00:05:34,080

it on air that from the first week in

146

00:05:39,430 --> 00:05:36,320

october we will have a new show it'll be

147

00:05:42,629 --> 00:05:39,440

that ufo podcast the other show debuting

148

00:05:44,310 --> 00:05:42,639

on kg ra radio can which can i ask what

149

00:05:46,230 --> 00:05:44,320

do you mean by the other show is there

150

00:05:49,830 --> 00:05:46,240

potentially a play on words there

151  
00:05:53,749 --> 00:05:52,230  
yeah so the other show being a little

152  
00:05:55,749 --> 00:05:53,759  
bit of a play on

153  
00:05:58,309 --> 00:05:55,759  
you know the others and other entities

154  
00:06:00,950 --> 00:05:58,319  
and other beings so um it was funny when

155  
00:06:02,710 --> 00:06:00,960  
i first spoke to the the guys from kgra

156  
00:06:05,270 --> 00:06:02,720  
who reached out to us to maybe do

157  
00:06:07,029 --> 00:06:05,280  
something with them um i had no idea

158  
00:06:09,189 --> 00:06:07,039  
what to call it and they asked me so

159  
00:06:11,189 --> 00:06:09,199  
have you thought of a snappy title and

160  
00:06:13,110 --> 00:06:11,199  
only minutes before i hope they don't

161  
00:06:14,950 --> 00:06:13,120  
listen to this only minutes before i got

162  
00:06:16,150 --> 00:06:14,960  
on the call with them i wrote down the

163  
00:06:17,990 --> 00:06:16,160

other show

164

00:06:21,510 --> 00:06:18,000

and i was like uh yeah so it's going to

165

00:06:23,189 --> 00:06:21,520

be that ufo podcast the other show and

166

00:06:25,029 --> 00:06:23,199

i've never seen a look of such

167

00:06:27,110 --> 00:06:25,039

underwhelming from the guy who was

168

00:06:28,710 --> 00:06:27,120

obviously really keen and excited to to

169

00:06:29,510 --> 00:06:28,720

have us do something for them and he was

170

00:06:31,510 --> 00:06:29,520

like

171

00:06:33,110 --> 00:06:31,520

remember it's got to be snappy and you

172

00:06:35,430 --> 00:06:33,120

know you're i was he expecting like

173

00:06:38,390 --> 00:06:35,440

super explosion 3000 with that ufo

174

00:06:40,950 --> 00:06:38,400

podcast it didn't go for that one

175

00:06:42,550 --> 00:06:40,960

um but when i said to him because we

176

00:06:44,550 --> 00:06:42,560

were on a video call well it's called

177

00:06:46,390 --> 00:06:44,560

the other show because you know other

178

00:06:48,070 --> 00:06:46,400

beings and i explained to him and you

179

00:06:49,430 --> 00:06:48,080

could just see his face and the smile

180

00:06:51,110 --> 00:06:49,440

and then one of the other his other

181

00:06:52,870 --> 00:06:51,120

colleagues who were on the call went ah

182

00:06:54,870 --> 00:06:52,880

i like it yeah i like that that's good

183

00:06:57,510 --> 00:06:54,880

so that's why it's called the other show

184

00:06:59,029 --> 00:06:57,520

and also it is the other show um it's an

185

00:07:01,430 --> 00:06:59,039

extension of what we do is going to be

186

00:07:04,150 --> 00:07:01,440

original content and there'll be news

187

00:07:05,830 --> 00:07:04,160

and news updates we might do some

188

00:07:08,230 --> 00:07:05,840

interview stuff on there as well it's

189

00:07:09,350 --> 00:07:08,240

going to be a short or forum show um by

190

00:07:11,270 --> 00:07:09,360

the time you've got the intros and

191

00:07:13,270 --> 00:07:11,280

outros and all that kind of stuff you're

192

00:07:15,990 --> 00:07:13,280

looking at 40 odd minutes of content on

193

00:07:18,550 --> 00:07:16,000

there so we're hoping to make it snappy

194

00:07:20,070 --> 00:07:18,560

segment based um with some video content

195

00:07:22,070 --> 00:07:20,080

and stuff as well so we've got a lot of

196

00:07:24,230 --> 00:07:22,080

cool stuff and we want to get hopefully

197

00:07:27,830 --> 00:07:24,240

as many of you as possible watching that

198

00:07:29,350 --> 00:07:27,840

show on kg ra as well it'll be a video

199

00:07:31,670 --> 00:07:29,360

format which people are telling us they

200

00:07:33,189 --> 00:07:31,680

like and it'll will hopefully give you

201  
00:07:34,950 --> 00:07:33,199  
something a little bit different to what

202  
00:07:35,749 --> 00:07:34,960  
we've been doing anyway so we don't plan

203  
00:07:39,270 --> 00:07:35,759  
on

204  
00:07:41,430 --> 00:07:39,280  
we can't make something that we enjoy

205  
00:07:44,550 --> 00:07:41,440  
doing and other people enjoy doing and

206  
00:07:46,469 --> 00:07:44,560  
as original then we won't do it and kgra

207  
00:07:48,390 --> 00:07:46,479  
are aware of that and you know they want

208  
00:07:49,830 --> 00:07:48,400  
they want good content and

209  
00:07:50,790 --> 00:07:49,840  
i don't think we've ever put anything

210  
00:07:53,029 --> 00:07:50,800  
out that's

211  
00:07:54,469 --> 00:07:53,039  
half-assed or half-assed depending on

212  
00:07:55,830 --> 00:07:54,479  
how you're listening to this unless

213  
00:07:58,629 --> 00:07:55,840

you're down and you'll look out half the

214

00:08:00,629 --> 00:07:58,639

audio in which case

215

00:08:03,029 --> 00:08:00,639

these things happen it's it's a 999

216

00:08:04,629 --> 00:08:03,039

superchat for the other yeah that's

217

00:08:07,670 --> 00:08:04,639

yeah that that's that stands for making

218

00:08:09,909 --> 00:08:07,680

the money on it um but listen like we

219

00:08:11,510 --> 00:08:09,919

say there it's it's a new show so we're

220

00:08:13,589 --> 00:08:11,520

looking forward to doing it and you'll

221

00:08:15,510 --> 00:08:13,599

hear more about that soon and the format

222

00:08:18,469 --> 00:08:15,520

and stuff as well uh

223

00:08:20,309 --> 00:08:18,479

dan listen uh some big news did uh come

224

00:08:23,830 --> 00:08:20,319

out which were

225

00:08:26,469 --> 00:08:23,840

excited about but i wasn't as excited as

226

00:08:28,550 --> 00:08:26,479

some of the guys in the uap media chat

227

00:08:30,869 --> 00:08:28,560

so i i was clicking my heels together

228

00:08:32,230 --> 00:08:30,879

like uh dorothy right like i was super

229

00:08:34,149 --> 00:08:32,240

happy about it

230

00:08:35,909 --> 00:08:34,159

but only because i've seen people jump

231

00:08:38,149 --> 00:08:35,919

on with the

232

00:08:39,670 --> 00:08:38,159

well the house bill has passed with the

233

00:08:41,350 --> 00:08:39,680

ndaa

234

00:08:43,990 --> 00:08:41,360

potentially we're getting that ufo

235

00:08:46,070 --> 00:08:44,000

office but it's not 100 definitely

236

00:08:48,550 --> 00:08:46,080

happening we can't say that yet is that

237

00:08:50,630 --> 00:08:48,560

right then yeah so with the american

238

00:08:53,110 --> 00:08:50,640

system basically the the committee's

239

00:08:55,269 --> 00:08:53,120

come up with the bills and then they go

240

00:08:57,590 --> 00:08:55,279

to congress and they're voted on and

241

00:08:58,949 --> 00:08:57,600

then they go to the house and they voted

242

00:09:01,030 --> 00:08:58,959

on and then they go to the president's

243

00:09:02,790 --> 00:09:01,040

desk to be signed into law and all

244

00:09:04,710 --> 00:09:02,800

throughout those stages things can

245

00:09:07,509 --> 00:09:04,720

change things can get reworded we

246

00:09:09,590 --> 00:09:07,519

already know that it's not just the ndaa

247

00:09:11,509 --> 00:09:09,600

that has uap language in it

248

00:09:13,509 --> 00:09:11,519

there's another bill too so what's

249

00:09:15,350 --> 00:09:13,519

likely to happen is you know they like

250

00:09:16,389 --> 00:09:15,360

to be efficient is that those two bills

251

00:09:19,030 --> 00:09:16,399

are probably going to get smushed

252

00:09:22,310 --> 00:09:19,040

together and become something else um

253

00:09:24,070 --> 00:09:22,320

the senate is taking up a different ndaa

254

00:09:26,190 --> 00:09:24,080

with a few different details and stuff

255

00:09:28,550 --> 00:09:26,200

like that and that one is

256

00:09:31,509 --> 00:09:28,560

s2792 but it's a really good example of

257

00:09:34,870 --> 00:09:31,519

how things are changing right so

258

00:09:37,110 --> 00:09:34,880

the build that we had hr 4350 is that

259

00:09:39,910 --> 00:09:37,120

2792 that's the one to keep your eye on

260

00:09:41,509 --> 00:09:39,920

now um but eventually the uap language

261

00:09:43,110 --> 00:09:41,519

from both of those bills will be smushed

262

00:09:44,389 --> 00:09:43,120

together and put into this one bill for

263

00:09:47,190 --> 00:09:44,399

passage

264

00:09:49,030 --> 00:09:47,200

awesome so where we are at as this bill

265

00:09:52,310 --> 00:09:49,040

gives us the potential to have that

266

00:09:55,030 --> 00:09:52,320

permanent uap ufo office

267

00:09:57,030 --> 00:09:55,040

right now we're in a good place

268

00:09:59,750 --> 00:09:57,040

it's passed but it still needs that

269

00:10:01,829 --> 00:09:59,760

final sign off so what we're hoping

270

00:10:03,829 --> 00:10:01,839

worst case scenario would be is that

271

00:10:06,389 --> 00:10:03,839

some of the language or

272

00:10:08,790 --> 00:10:06,399

objectives would change but the whole

273

00:10:10,630 --> 00:10:08,800

the idea in essence would go ahead that

274

00:10:12,470 --> 00:10:10,640

we're going to get that office

275

00:10:14,790 --> 00:10:12,480

um

276

00:10:16,710 --> 00:10:14,800

it should be falling down at this point

277

00:10:18,389 --> 00:10:16,720

no i mean there's two bills you know

278

00:10:20,710 --> 00:10:18,399

it's not coming from one direction this

279

00:10:22,870 --> 00:10:20,720

year it's coming from two um and tim

280

00:10:24,949 --> 00:10:22,880

mcmillan was saying that uh the the

281

00:10:26,470 --> 00:10:24,959

committee uh services committee i think

282

00:10:27,910 --> 00:10:26,480

it is that produced this bill they've

283

00:10:29,110 --> 00:10:27,920

actually been very active behind the

284

00:10:30,550 --> 00:10:29,120

scenes for the past few years we just

285

00:10:31,829 --> 00:10:30,560

haven't been hearing about it so

286

00:10:34,069 --> 00:10:31,839

basically you kind of have this pincer

287

00:10:35,829 --> 00:10:34,079

movement going on um it's going to go

288

00:10:38,230 --> 00:10:35,839

through it's just

289

00:10:39,590 --> 00:10:38,240

being picky about language now

290

00:10:40,949 --> 00:10:39,600

yeah and you know what i think we've

291

00:10:43,110 --> 00:10:40,959

kind of said this before and this is

292

00:10:44,710 --> 00:10:43,120

where people have to realize that this

293

00:10:46,710 --> 00:10:44,720

this isn't stuff that's happened over

294

00:10:49,590 --> 00:10:46,720

the last couple of months this isn't

295

00:10:51,829 --> 00:10:49,600

because you know

296

00:10:52,949 --> 00:10:51,839

we we talk about how far behind we are

297

00:10:54,870 --> 00:10:52,959

in the uk

298

00:10:56,870 --> 00:10:54,880

these conversations have been happening

299

00:10:58,949 --> 00:10:56,880

in the corridors of power i believe is

300

00:11:02,230 --> 00:10:58,959

normally the the phrase people like to

301  
00:11:03,590 --> 00:11:02,240  
use for some time now this is stuff that

302  
00:11:05,509 --> 00:11:03,600  
when you hear

303  
00:11:06,790 --> 00:11:05,519  
or don't hear from luella zondo and

304  
00:11:08,550 --> 00:11:06,800  
chris melon

305  
00:11:10,470 --> 00:11:08,560  
and and those folks that we know are

306  
00:11:11,509 --> 00:11:10,480  
heavily involved in this movement behind

307  
00:11:13,269 --> 00:11:11,519  
the scenes

308  
00:11:14,870 --> 00:11:13,279  
this stuff is going on these

309  
00:11:16,470 --> 00:11:14,880  
conversations don't just happen

310  
00:11:18,069 --> 00:11:16,480  
overnight things aren't just put in a

311  
00:11:20,310 --> 00:11:18,079  
bill on a whim

312  
00:11:23,110 --> 00:11:20,320  
um short of a pandemic and something

313  
00:11:25,829 --> 00:11:23,120

having to be drafted this is stuff that

314

00:11:29,110 --> 00:11:25,839

is a build up and stuff that's happened

315

00:11:31,269 --> 00:11:29,120

over time and what as a community we are

316

00:11:33,350 --> 00:11:31,279

able to influence is keeping it in the

317

00:11:35,430 --> 00:11:33,360

limelight and drumming up enough noise

318

00:11:38,790 --> 00:11:35,440

that it does end up on the news and we

319

00:11:40,630 --> 00:11:38,800

do get more articles about it uh and

320

00:11:43,190 --> 00:11:40,640

just to follow on from that then i think

321

00:11:45,670 --> 00:11:43,200

dan just to segue in is that we are now

322

00:11:47,509 --> 00:11:45,680

seeing credible journalists like ross

323

00:11:49,990 --> 00:11:47,519

coulthart and like we're about to

324

00:11:52,069 --> 00:11:50,000

discuss ralph blumenthal who has been

325

00:11:53,030 --> 00:11:52,079

involved in this keeping the bat on

326  
00:11:55,509 --> 00:11:53,040  
going

327  
00:11:57,590 --> 00:11:55,519  
and carrying the conversation forward

328  
00:12:00,150 --> 00:11:57,600  
today again as we speak the 24th of

329  
00:12:02,310 --> 00:12:00,160  
september ralph blumenthal has um

330  
00:12:04,230 --> 00:12:02,320  
written an article for the debrief which

331  
00:12:06,550 --> 00:12:04,240  
has only really been published a couple

332  
00:12:08,790 --> 00:12:06,560  
of hours ago which is which is great

333  
00:12:11,110 --> 00:12:08,800  
it's ralph is going to be on the podcast

334  
00:12:12,790 --> 00:12:11,120  
again on wednesday um we're going to

335  
00:12:14,949 --> 00:12:12,800  
talk about some of the contents of the

336  
00:12:16,310 --> 00:12:14,959  
article i won't go through it and fill

337  
00:12:18,949 --> 00:12:16,320  
with dan because

338  
00:12:21,110 --> 00:12:18,959

the work is the debriefs and it's ralph

339

00:12:23,430 --> 00:12:21,120

blumenthal so we'll we'll retweet it and

340

00:12:25,430 --> 00:12:23,440

it's online already check out any of the

341

00:12:27,829 --> 00:12:25,440

debrief team's stuff the debrief page

342

00:12:30,150 --> 00:12:27,839

the debrief website which is i'll just

343

00:12:31,590 --> 00:12:30,160

double check it yeah thedebrief.org

344

00:12:33,750 --> 00:12:31,600

and you'll see it's all on the home page

345

00:12:35,910 --> 00:12:33,760

so please go and check out that article

346

00:12:37,590 --> 00:12:35,920

um we won't be you know spoiling it too

347

00:12:38,550 --> 00:12:37,600

much hopefully just having a brief

348

00:12:40,389 --> 00:12:38,560

discussion

349

00:12:42,470 --> 00:12:40,399

and then when ralph is on the podcast on

350

00:12:44,470 --> 00:12:42,480

wednesday we'll be talking through some

351

00:12:46,310 --> 00:12:44,480

of that with him and why he's still

352

00:12:48,310 --> 00:12:46,320

pursuing this and which is great because

353

00:12:49,750 --> 00:12:48,320

we do appreciate it

354

00:12:52,550 --> 00:12:49,760

dan what were your your thoughts on

355

00:12:54,230 --> 00:12:52,560

immediately on the article itself i i

356

00:12:55,829 --> 00:12:54,240

thought it was great um

357

00:12:57,590 --> 00:12:55,839

you know we throw a lot of words around

358

00:13:00,069 --> 00:12:57,600

in the community and the experimenter is

359

00:13:01,269 --> 00:13:00,079

one of them um you know some people when

360

00:13:03,110 --> 00:13:01,279

they have a sighting they call it an

361

00:13:04,870 --> 00:13:03,120

experience other people

362

00:13:07,269 --> 00:13:04,880

have to be taken to be able to call in

363

00:13:08,710 --> 00:13:07,279

experience you know um so i think it was

364

00:13:10,550 --> 00:13:08,720

it was a really nice article to kind of

365

00:13:12,470 --> 00:13:10,560

say okay this is this is what we're

366

00:13:14,069 --> 00:13:12,480

referring to when we say experience so

367

00:13:17,350 --> 00:13:14,079

let's start kind of using these terms in

368

00:13:20,389 --> 00:13:17,360

a in an accessible way um the article

369

00:13:22,150 --> 00:13:20,399

also spoke about john john mack who

370

00:13:25,750 --> 00:13:22,160

you know if you're listening to this you

371

00:13:29,269 --> 00:13:27,110

head of harvard i want to say is that

372

00:13:36,790 --> 00:13:29,279

right

373

00:13:40,550 --> 00:13:38,949

never responded was just at the exact

374

00:13:43,430 --> 00:13:40,560

second you were about to ask me whatever

375

00:13:45,430 --> 00:13:43,440

it was you asked you froze so people

376

00:13:47,590 --> 00:13:45,440

will hear the audio of what you said

377

00:13:49,509 --> 00:13:47,600

just because of how we record but all i

378

00:13:53,430 --> 00:13:49,519

got back was you pausing waiting on me

379

00:13:59,130 --> 00:13:55,829

so what was it yeah it's all good um

380

00:14:00,230 --> 00:13:59,140

john max positions it slips my mind um

381

00:14:02,629 --> 00:14:00,240

[Music]

382

00:14:05,110 --> 00:14:02,639

but basically he did a lot of work with

383

00:14:07,110 --> 00:14:05,120

uh experiences um

384

00:14:10,870 --> 00:14:07,120

and he kind of set the bar

385

00:14:12,629 --> 00:14:10,880

his employer um a big university did not

386

00:14:13,910 --> 00:14:12,639

you know fire him or discipline him or

387

00:14:15,910 --> 00:14:13,920

kind of say that he was doing asking

388

00:14:18,310 --> 00:14:15,920

leading questions or anything like that

389

00:14:19,829 --> 00:14:18,320

so he he got a lot of data built up

390

00:14:21,509 --> 00:14:19,839

about similarities through different

391

00:14:23,350 --> 00:14:21,519

people's experiences in different parts

392

00:14:24,790 --> 00:14:23,360

of the world um very very very

393

00:14:27,189 --> 00:14:24,800

interesting stuff ralph actually wrote a

394

00:14:29,189 --> 00:14:27,199

book about him um called the believer i

395

00:14:30,629 --> 00:14:29,199

think and yeah i recommend picking that

396

00:14:32,389 --> 00:14:30,639

up because it'll it'll kind of fill some

397

00:14:34,069 --> 00:14:32,399

gaps in he was the head of the

398

00:14:36,790 --> 00:14:34,079

psychiatry department for harvard

399

00:14:39,350 --> 00:14:36,800

university which is no mean feat no not

400

00:14:40,949 --> 00:14:39,360

at all not at all um

401  
00:14:42,629 --> 00:14:40,959  
just before we get into that article i

402  
00:14:44,470 --> 00:14:42,639  
interviewed ralph a few months ago and

403  
00:14:46,790 --> 00:14:44,480  
that was the topic of the interview was

404  
00:14:48,389 --> 00:14:46,800  
his book john mack the believer and it's

405  
00:14:50,389 --> 00:14:48,399  
all about the you know those types of

406  
00:14:52,710 --> 00:14:50,399  
experiences and it very much seems ralph

407  
00:14:54,629 --> 00:14:52,720  
is carrying on the conversation which i

408  
00:14:56,069 --> 00:14:54,639  
think a lot of people will appreciate so

409  
00:14:57,829 --> 00:14:56,079  
go and check out the ralph blumenthal

410  
00:15:00,069 --> 00:14:57,839  
interview if you haven't already it

411  
00:15:01,910 --> 00:15:00,079  
should be on audio and youtube

412  
00:15:04,310 --> 00:15:01,920  
it's really interesting ralph is keeping

413  
00:15:06,230 --> 00:15:04,320

this going and at a time where i've seen

414

00:15:08,629 --> 00:15:06,240

a lot of conversation on social media

415

00:15:11,189 --> 00:15:08,639

from people who who say or label

416

00:15:12,629 --> 00:15:11,199

themselves as experiencers and like dan

417

00:15:14,069 --> 00:15:12,639

says that's because they have seen

418

00:15:16,150 --> 00:15:14,079

something or they have physically

419

00:15:17,670 --> 00:15:16,160

experienced something or

420

00:15:19,509 --> 00:15:17,680

it's not always physical it can be kind

421

00:15:21,030 --> 00:15:19,519

of non-physical but

422

00:15:24,470 --> 00:15:21,040

i've seen a lot of frustration from

423

00:15:25,430 --> 00:15:24,480

experiences that their their story

424

00:15:27,910 --> 00:15:25,440

or

425

00:15:30,870 --> 00:15:27,920

what hap what is happening to them isn't

426  
00:15:32,870 --> 00:15:30,880  
being shouted about more or it's not at

427  
00:15:34,870 --> 00:15:32,880  
the forefront of the conversation and

428  
00:15:36,550 --> 00:15:34,880  
i've said before i have all the respect

429  
00:15:38,470 --> 00:15:36,560  
in the world for anyone who wants to

430  
00:15:39,990 --> 00:15:38,480  
share i saw a light in the sky and it

431  
00:15:41,030 --> 00:15:40,000  
was moving along really fast don't know

432  
00:15:42,710 --> 00:15:41,040  
what it was

433  
00:15:44,310 --> 00:15:42,720  
or if you want to tell

434  
00:15:46,150 --> 00:15:44,320  
that you have been you know taken on

435  
00:15:48,389 --> 00:15:46,160  
board a craft of some kind or if you've

436  
00:15:50,150 --> 00:15:48,399  
had repeated experiences over the years

437  
00:15:52,790 --> 00:15:50,160  
physically or not if you're having

438  
00:15:54,389 --> 00:15:52,800

really intense dreams where both strange

439

00:15:56,230 --> 00:15:54,399

beings are coming into them

440

00:15:58,150 --> 00:15:56,240

no one especially on this podcast like

441

00:15:59,829 --> 00:15:58,160

many others is going to ridicule or make

442

00:16:01,749 --> 00:15:59,839

fun of those and i would encourage

443

00:16:04,550 --> 00:16:01,759

people to share their experiences if

444

00:16:07,030 --> 00:16:04,560

they can on any platform any podcast you

445

00:16:09,269 --> 00:16:07,040

know because you deserve that that

446

00:16:11,189 --> 00:16:09,279

chance to do that i still don't think

447

00:16:13,430 --> 00:16:11,199

we're anywhere near and i've said this

448

00:16:16,150 --> 00:16:13,440

before that the conversation on a

449

00:16:19,030 --> 00:16:16,160

mainstream level to be talking about

450

00:16:21,430 --> 00:16:19,040

abductions and experiences

451  
00:16:23,350 --> 00:16:21,440  
because it's far too much of a step if

452  
00:16:25,030 --> 00:16:23,360  
we're if we're going from

453  
00:16:27,430 --> 00:16:25,040  
a to b to c

454  
00:16:29,670 --> 00:16:27,440  
that's like going from a to b

455  
00:16:31,350 --> 00:16:29,680  
to w or x

456  
00:16:34,230 --> 00:16:31,360  
and it's not that it's not important

457  
00:16:36,710 --> 00:16:34,240  
it's just it's not the time yet

458  
00:16:38,389 --> 00:16:36,720  
because and so much of the conversation

459  
00:16:40,389 --> 00:16:38,399  
with the conversation we have right now

460  
00:16:42,550 --> 00:16:40,399  
and and you're listening to this podcast

461  
00:16:44,150 --> 00:16:42,560  
you've no doubt already got an interest

462  
00:16:45,749 --> 00:16:44,160  
in the subject and have some kind of

463  
00:16:47,030 --> 00:16:45,759

knowledge or background or even if

464

00:16:48,710 --> 00:16:47,040

you're new to it

465

00:16:51,189 --> 00:16:48,720

you're ready or willing to have that

466

00:16:53,269 --> 00:16:51,199

conversation the conversation that's

467

00:16:55,350 --> 00:16:53,279

being had in that bigger stage by your

468

00:16:56,949 --> 00:16:55,360

ralph blumenthals or ross coultharts or

469

00:16:58,949 --> 00:16:56,959

luis elizondos

470

00:17:01,430 --> 00:16:58,959

it's very difficult for them to go to a

471

00:17:04,470 --> 00:17:01,440

newspaper or a news network and get

472

00:17:05,990 --> 00:17:04,480

something put on air or published which

473

00:17:08,789 --> 00:17:06,000

talks about

474

00:17:10,789 --> 00:17:08,799

even crash retrieval programs or

475

00:17:12,470 --> 00:17:10,799

abduction experiences because this

476

00:17:15,029 --> 00:17:12,480

stigma just comes right back into the

477

00:17:19,270 --> 00:17:15,039

conversation is that fair dan yeah i

478

00:17:20,470 --> 00:17:19,280

think so i think it's fair um

479

00:17:22,549 --> 00:17:20,480

as

480

00:17:23,350 --> 00:17:22,559

yeah i i we spoke just before this and

481

00:17:27,990 --> 00:17:23,360

and

482

00:17:29,350 --> 00:17:28,000

saying to him that there were a lot of

483

00:17:30,470 --> 00:17:29,360

things that i read in the article that

484

00:17:32,870 --> 00:17:30,480

have happened to me and i kind of had

485

00:17:35,110 --> 00:17:32,880

this you know this kind of stomach turn

486

00:17:36,870 --> 00:17:35,120

it i was reading it realizing that at

487

00:17:38,789 --> 00:17:36,880

some point

488

00:17:40,470 --> 00:17:38,799

all the experiences are gonna we're all

489

00:17:42,150 --> 00:17:40,480

gonna have to be brave and just hope

490

00:17:44,070 --> 00:17:42,160

that no one burns us at the stake you

491

00:17:47,750 --> 00:17:44,080

know like you said you can't go from b

492

00:17:49,990 --> 00:17:47,760

to w um but i feel like it's a big jump

493

00:17:52,549 --> 00:17:50,000

whenever it comes um just because the

494

00:17:54,150 --> 00:17:52,559

implications of it are huge you know to

495

00:17:55,750 --> 00:17:54,160

be able to look people in the face and

496

00:17:57,430 --> 00:17:55,760

be like yeah things come from somewhere

497

00:17:59,110 --> 00:17:57,440

and take women out of their beds and

498

00:18:01,909 --> 00:17:59,120

take their eggs and inseminate them and

499

00:18:04,950 --> 00:18:01,919

show them the kids and like it's just

500

00:18:06,630 --> 00:18:04,960

it's a lot it's a lot

501  
00:18:08,630 --> 00:18:06,640  
and we don't want to share the stories

502  
00:18:10,150 --> 00:18:08,640  
which are within the body of the article

503  
00:18:12,230 --> 00:18:10,160  
please go and check those out and we'll

504  
00:18:14,870 --> 00:18:12,240  
speak to ralph next week in more detail

505  
00:18:17,110 --> 00:18:14,880  
about them too um one thing i will pick

506  
00:18:19,990 --> 00:18:17,120  
up on within the body of the article is

507  
00:18:22,549 --> 00:18:20,000  
it references celebrities pop culture

508  
00:18:25,190 --> 00:18:22,559  
talks about kendrick lamar howard stern

509  
00:18:26,789 --> 00:18:25,200  
demi lovato and then mentions other

510  
00:18:29,430 --> 00:18:26,799  
celebrities in the past who have had

511  
00:18:31,350 --> 00:18:29,440  
famous ufo sightings and such muhammad

512  
00:18:33,029 --> 00:18:31,360  
ali famously did you know john lennon

513  
00:18:34,230 --> 00:18:33,039

jimmy hendrix and and a whole host of

514

00:18:36,710 --> 00:18:34,240

others

515

00:18:38,710 --> 00:18:36,720

um i'm always a little bit on the fence

516

00:18:40,150 --> 00:18:38,720

especially for example this this demi

517

00:18:41,430 --> 00:18:40,160

lovato show

518

00:18:43,909 --> 00:18:41,440

we've had

519

00:18:46,230 --> 00:18:43,919

there was a lot of hype behind the jj

520

00:18:47,430 --> 00:18:46,240

abrams documentaries and they they fell

521

00:18:49,110 --> 00:18:47,440

pretty flat

522

00:18:51,110 --> 00:18:49,120

i think it's fair to say for what we

523

00:18:53,270 --> 00:18:51,120

were hoping and what we were expecting

524

00:18:55,909 --> 00:18:53,280

um and let's be honest given that

525

00:18:58,549 --> 00:18:55,919

platform and a serious filmmaker like

526

00:19:00,710 --> 00:18:58,559

that or documentary maker

527

00:19:03,110 --> 00:19:00,720

it didn't have the impact we were hoping

528

00:19:04,470 --> 00:19:03,120

it was going to because it felt like it

529

00:19:07,029 --> 00:19:04,480

was on the

530

00:19:08,870 --> 00:19:07,039

on the downward curve of where we were

531

00:19:10,390 --> 00:19:08,880

kind of riding that wave onto the uap

532

00:19:12,230 --> 00:19:10,400

task force report and everything like

533

00:19:14,710 --> 00:19:12,240

that and then it maybe came just a

534

00:19:16,789 --> 00:19:14,720

little bit too late but even then a lot

535

00:19:19,350 --> 00:19:16,799

of people seem to agree that the second

536

00:19:21,430 --> 00:19:19,360

half of the the documentaries

537

00:19:23,190 --> 00:19:21,440

went a little bit outside the realms of

538

00:19:24,870 --> 00:19:23,200

what we wanted it to sound like and what

539

00:19:25,590 --> 00:19:24,880

it wanted it to look like which i think

540

00:19:27,669 --> 00:19:25,600

is

541

00:19:30,070 --> 00:19:27,679

in keeping with what everyone thought i

542

00:19:33,350 --> 00:19:30,080

then see demi lovato

543

00:19:35,029 --> 00:19:33,360

who you know pop singer

544

00:19:37,110 --> 00:19:35,039

has had a lot of issues with various

545

00:19:38,390 --> 00:19:37,120

things in our past which you know

546

00:19:39,590 --> 00:19:38,400

all the luck in the world and dealing

547

00:19:41,510 --> 00:19:39,600

with those

548

00:19:42,870 --> 00:19:41,520

but

549

00:19:45,590 --> 00:19:42,880

is that the right

550

00:19:46,390 --> 00:19:45,600

person to be taking this forward tom de

551  
00:19:48,950 --> 00:19:46,400  
long

552  
00:19:51,350 --> 00:19:48,960  
gets enough abuse because of who he was

553  
00:19:52,870 --> 00:19:51,360  
in blink 182 and his character and

554  
00:19:55,830 --> 00:19:52,880  
persona

555  
00:19:57,430 --> 00:19:55,840  
without bringing it into 2021 that the

556  
00:19:59,750 --> 00:19:57,440  
the one argument which may outweigh

557  
00:20:01,350 --> 00:19:59,760  
everything as demi lovato is very much a

558  
00:20:03,830 --> 00:20:01,360  
major celebrity now

559  
00:20:05,669 --> 00:20:03,840  
and she's got a huge following but are

560  
00:20:08,230 --> 00:20:05,679  
they necessarily going to watch that and

561  
00:20:10,310 --> 00:20:08,240  
think while i'm really into ufos or are

562  
00:20:12,390 --> 00:20:10,320  
they watching just a demi lovato reality

563  
00:20:14,710 --> 00:20:12,400

tv series so so i have a good little

564

00:20:24,390 --> 00:20:14,720

anecdote about this kind of stuff uh

565

00:20:27,990 --> 00:20:25,669

[Music]

566

00:20:29,590 --> 00:20:28,000

and a few months back they they had a

567

00:20:31,990 --> 00:20:29,600

kardashian episode that kind of centered

568

00:20:33,190 --> 00:20:32,000

around it and it was preston dennett

569

00:20:34,149 --> 00:20:33,200

that they went and spoke to i was

570

00:20:35,830 --> 00:20:34,159

worried that they were going to speak to

571

00:20:38,390 --> 00:20:35,840

grier or someone but no they spoke to

572

00:20:40,549 --> 00:20:38,400

preston and you know on a balance he

573

00:20:43,110 --> 00:20:40,559

he's one of the better people i would

574

00:20:44,870 --> 00:20:43,120

say um and he kind of took them to

575

00:20:46,070 --> 00:20:44,880

castelina and they you know they looked

576

00:20:48,950 --> 00:20:46,080

out and saw some strange lights and

577

00:20:50,870 --> 00:20:48,960

things like that um nothing crazy was

578

00:20:52,630 --> 00:20:50,880

said in the show i mean relatively you

579

00:20:53,590 --> 00:20:52,640

know um

580

00:20:55,510 --> 00:20:53,600

but

581

00:20:57,110 --> 00:20:55,520

to this day

582

00:20:58,390 --> 00:20:57,120

almost once a week i'll get a text from

583

00:21:00,870 --> 00:20:58,400

my sister saying what's happening with

584

00:21:01,669 --> 00:21:00,880

this uap stuff just because of that show

585

00:21:03,270 --> 00:21:01,679

and

586

00:21:04,789 --> 00:21:03,280

there was a lot in there where i was

587

00:21:06,950 --> 00:21:04,799

like oh you know kind of ignore this bit

588

00:21:08,950 --> 00:21:06,960

and take this bit but i think it stands

589

00:21:10,070 --> 00:21:08,960

to inspire a lot of people and as we go

590

00:21:12,470 --> 00:21:10,080

forward

591

00:21:13,430 --> 00:21:12,480

this subject is going to open right up

592

00:21:15,350 --> 00:21:13,440

so

593

00:21:17,350 --> 00:21:15,360

you know we need to get used to people

594

00:21:20,070 --> 00:21:17,360

we don't necessarily align with talking

595

00:21:22,390 --> 00:21:20,080

about it um because we i just we can't

596

00:21:24,710 --> 00:21:22,400

control them what we can control is how

597

00:21:27,029 --> 00:21:24,720

we speak about it um and we can try and

598

00:21:29,990 --> 00:21:27,039

put our best foot forward you know

599

00:21:32,310 --> 00:21:30,000

demi lovato hangs out with stephen greer

600

00:21:34,710 --> 00:21:32,320

did she pay for the privilege

601  
00:21:36,390 --> 00:21:34,720  
do you know what i bet she does

602  
00:21:38,230 --> 00:21:36,400  
but the money's not exactly an object to

603  
00:21:39,990 --> 00:21:38,240  
her so that's like

604  
00:21:42,390 --> 00:21:40,000  
that's nothing um

605  
00:21:45,270 --> 00:21:42,400  
so i i i get the arguments that people

606  
00:21:48,630 --> 00:21:45,280  
will put forward that she's young sorry

607  
00:21:49,990 --> 00:21:48,640  
they are young pronouns um and

608  
00:21:51,830 --> 00:21:50,000  
people may not be able to deal with that

609  
00:21:53,110 --> 00:21:51,840  
was background and stuff in our past in

610  
00:21:56,230 --> 00:21:53,120  
history but that's that's not what this

611  
00:21:58,230 --> 00:21:56,240  
podcast about um demi lovato

612  
00:22:00,230 --> 00:21:58,240  
uh has had you know a few experiences

613  
00:22:01,110 --> 00:22:00,240

with stephen greer

614

00:22:03,029 --> 00:22:01,120

um

615

00:22:03,830 --> 00:22:03,039

their friends are involved as well in

616

00:22:05,270 --> 00:22:03,840

this

617

00:22:06,630 --> 00:22:05,280

there's the argument that of course

618

00:22:07,750 --> 00:22:06,640

millions of people are going to watch

619

00:22:10,310 --> 00:22:07,760

this

620

00:22:11,590 --> 00:22:10,320

but i just think almost all of those

621

00:22:13,750 --> 00:22:11,600

millions

622

00:22:15,669 --> 00:22:13,760

are going to be watching a demi lovato

623

00:22:17,909 --> 00:22:15,679

reality tv series

624

00:22:21,190 --> 00:22:17,919

about someone who's whose ufo experience

625

00:22:23,350 --> 00:22:21,200

is very much are shaped by stephen greer

626

00:22:24,230 --> 00:22:23,360

and that worries me slightly and there's

627

00:22:26,149 --> 00:22:24,240

still

628

00:22:27,750 --> 00:22:26,159

potential for every yeah but for if a

629

00:22:29,350 --> 00:22:27,760

hundred thousand people watch it and one

630

00:22:31,510 --> 00:22:29,360

person gets involved in the subject

631

00:22:32,710 --> 00:22:31,520

seriously that's great but potentially

632

00:22:34,710 --> 00:22:32,720

you get a lot of people involved in a

633

00:22:36,070 --> 00:22:34,720

subject in a way that we don't want to

634

00:22:38,630 --> 00:22:36,080

be involved in it

635

00:22:40,390 --> 00:22:38,640

that they they come into it and and take

636

00:22:42,950 --> 00:22:40,400

things back a step when you want the

637

00:22:43,909 --> 00:22:42,960

conversation to keep progressing forward

638

00:22:45,350 --> 00:22:43,919

and

639

00:22:47,350 --> 00:22:45,360

i don't know we're going to have to wait

640

00:22:49,029 --> 00:22:47,360

and see but i just look at it and think

641

00:22:51,590 --> 00:22:49,039

people have jumped on the bandwagon

642

00:22:53,990 --> 00:22:51,600

after the uap task force report if the

643

00:22:54,950 --> 00:22:54,000

jj abrams documentaries weren't going to

644

00:22:57,430 --> 00:22:54,960

be a

645

00:22:58,710 --> 00:22:57,440

a turning point then

646

00:23:01,110 --> 00:22:58,720

i don't think i don't think these are

647

00:23:03,590 --> 00:23:01,120

going to help necessarily either

648

00:23:06,149 --> 00:23:03,600

for me the ross coulthar of the world

649

00:23:07,270 --> 00:23:06,159

the ralph blumenthals leslie keynes

650

00:23:09,909 --> 00:23:07,280

are making a difference in the

651  
00:23:11,909 --> 00:23:09,919  
mainstream but you know what i think i

652  
00:23:14,230 --> 00:23:11,919  
i've got to admit i've got a bias that i

653  
00:23:16,549 --> 00:23:14,240  
hate reality tv programs

654  
00:23:18,310 --> 00:23:16,559  
and i just i can t i just know what this

655  
00:23:20,950 --> 00:23:18,320  
is going to be like in tone and stuff

656  
00:23:22,630 --> 00:23:20,960  
already so is this the

657  
00:23:23,909 --> 00:23:22,640  
there was a point in my life where

658  
00:23:25,590 --> 00:23:23,919  
people kept showing me stuff and i kept

659  
00:23:27,029 --> 00:23:25,600  
not liking it and and

660  
00:23:28,950 --> 00:23:27,039  
you know i got quite judgey and after a

661  
00:23:30,710 --> 00:23:28,960  
while i realized hold on it's it's not

662  
00:23:33,430 --> 00:23:30,720  
that it's bad it's just not

663  
00:23:34,149 --> 00:23:33,440

for me you know um

664

00:23:35,990 --> 00:23:34,159

so

665

00:23:38,710 --> 00:23:36,000

i'll stick with the you know the ruska

666

00:23:39,830 --> 00:23:38,720

books and stuff like that but

667

00:23:41,990 --> 00:23:39,840

i'm not going to be following demi

668

00:23:43,750 --> 00:23:42,000

lovato kind of teaching people about uap

669

00:23:45,269 --> 00:23:43,760

or maybe i will actually just in terms

670

00:23:47,350 --> 00:23:45,279

of being informed about it so i can have

671

00:23:49,350 --> 00:23:47,360

an opinion but

672

00:23:50,710 --> 00:23:49,360

i i don't think she's gonna you know

673

00:23:51,830 --> 00:23:50,720

there's anything she can say that's

674

00:23:53,750 --> 00:23:51,840

gonna make them

675

00:23:56,230 --> 00:23:53,760

for example scrap those bills that are

676  
00:23:58,470 --> 00:23:56,240  
going through congress um dan did you

677  
00:24:00,470 --> 00:23:58,480  
ever see from a uk point of view danny

678  
00:24:02,070 --> 00:24:00,480  
dyer on ufos

679  
00:24:04,070 --> 00:24:02,080  
uh i didn't because i'm not a big fan of

680  
00:24:06,149 --> 00:24:04,080  
danny dyer yeah go on that's this is

681  
00:24:09,269 --> 00:24:06,159  
going to be that oh right okay yeah and

682  
00:24:10,789 --> 00:24:09,279  
probably i'm probably less

683  
00:24:12,310 --> 00:24:10,799  
less

684  
00:24:14,870 --> 00:24:12,320  
positive

685  
00:24:15,590 --> 00:24:14,880  
so yeah i'm not hopeful i hope i'm wrong

686  
00:24:19,669 --> 00:24:15,600  
but

687  
00:24:21,909 --> 00:24:19,679  
the article itself please check that out

688  
00:24:23,750 --> 00:24:21,919

on thedebrief.org ralph blumenthal doing

689

00:24:26,070 --> 00:24:23,760

some great work and you can look out for

690

00:24:28,230 --> 00:24:26,080

that podcast dropping um hopefully we'll

691

00:24:30,310 --> 00:24:28,240

get that straight out next wednesday

692

00:24:33,029 --> 00:24:30,320

evening uk time that's when it's being

693

00:24:34,789 --> 00:24:33,039

recorded as well and we'll we'll try and

694

00:24:37,510 --> 00:24:34,799

get that one straight up on youtube as

695

00:24:39,510 --> 00:24:37,520

soon as we can as well dan yeah for sure

696

00:24:41,590 --> 00:24:39,520

if i ask dan um while we're recording he

697

00:24:43,350 --> 00:24:41,600

has to say yes because he's now he's put

698

00:24:44,870 --> 00:24:43,360

himself on i always say yeah it's on air

699

00:24:47,590 --> 00:24:44,880

but there's like a little sign up that

700

00:24:49,350 --> 00:24:47,600

you guys can't see that just says no

701  
00:24:51,750 --> 00:24:49,360  
unless you're watching this on youtube

702  
00:24:53,430 --> 00:24:51,760  
uh and in which case you will see dan

703  
00:24:55,190 --> 00:24:53,440  
that doesn't have a sign no there's no

704  
00:24:57,110 --> 00:24:55,200  
sign i've i've cowed might have canceled

705  
00:24:58,390 --> 00:24:57,120  
my plans i'll get it done actually

706  
00:24:59,750 --> 00:24:58,400  
that's that's not true you do have a

707  
00:25:01,830 --> 00:24:59,760  
sign where you held your hand up and it

708  
00:25:02,630 --> 00:25:01,840  
says that ufo podcast

709  
00:25:06,390 --> 00:25:02,640  
so

710  
00:25:08,470 --> 00:25:06,400  
and many thanks to ralph blumenthal and

711  
00:25:11,269 --> 00:25:08,480  
the team over at the db for getting that

712  
00:25:13,269 --> 00:25:11,279  
out folks we're halfway through um just

713  
00:25:15,190 --> 00:25:13,279

before i get to one of the sponsors and

714

00:25:16,950 --> 00:25:15,200

read a quick ad when we come back from

715

00:25:19,269 --> 00:25:16,960

that we are going to be discussing and

716

00:25:22,470 --> 00:25:19,279

jolly's recent tweet and how things may

717

00:25:24,070 --> 00:25:22,480

have changed and that whole um um

718

00:25:24,950 --> 00:25:24,080

thing i'm going to use the words like i

719

00:25:27,430 --> 00:25:24,960

don't know what they call it at the

720

00:25:29,750 --> 00:25:27,440

minute yeah potential excursion which

721

00:25:30,950 --> 00:25:29,760

is taking a bit of a turn and then also

722

00:25:33,669 --> 00:25:30,960

uh we're going to be discussing the

723

00:25:35,909 --> 00:25:33,679

recent civilian space shuttle trip as

724

00:25:37,590 --> 00:25:35,919

well that was sent over as a question

725

00:25:39,430 --> 00:25:37,600

from brian lemery who's one of the

726

00:25:41,430 --> 00:25:39,440

patrons of the podcast and of course

727

00:25:42,549 --> 00:25:41,440

it's going to be to do with uap so stick

728

00:25:47,430 --> 00:25:42,559

around and we'll be back for that in

729

00:25:51,430 --> 00:25:49,510

730

00:25:54,230 --> 00:25:51,440

fall choose manscaped your tic tacs will

791

00:28:16,549 --> 00:28:14,389

moving on uh angeli as we know who held

792

00:28:18,470 --> 00:28:16,559

the press conference can we call it a

793

00:28:21,029 --> 00:28:18,480

press conference a few weeks ago outside

794

00:28:24,230 --> 00:28:21,039

the monument in washington um discussing

795

00:28:26,549 --> 00:28:24,240

potential location of uh alien alien

796

00:28:27,750 --> 00:28:26,559

beings and a mountain in the mojave

797

00:28:30,070 --> 00:28:27,760

desert and there was going to be an

798

00:28:32,630 --> 00:28:30,080

expedition and it's all been covered in

799

00:28:33,909 --> 00:28:32,640

ad nauseam i know i had said angeli was

800

00:28:36,070 --> 00:28:33,919

going to come on the podcast i think

801  
00:28:37,590 --> 00:28:36,080  
people saw that she very publicly said

802  
00:28:40,310 --> 00:28:37,600  
she would come on when one of the

803  
00:28:42,549 --> 00:28:40,320  
listeners had asked um but i never got

804  
00:28:44,710 --> 00:28:42,559  
any replies to my dms or further

805  
00:28:46,630 --> 00:28:44,720  
messages so i just left it where it was

806  
00:28:48,310 --> 00:28:46,640  
folks because i'm not the type to chase

807  
00:28:50,310 --> 00:28:48,320  
and chase and chase if if someone's not

808  
00:28:52,070 --> 00:28:50,320  
looking to come on that's absolutely

809  
00:28:54,070 --> 00:28:52,080  
they are they are right and i respect

810  
00:28:57,350 --> 00:28:54,080  
that completely um

811  
00:28:59,590 --> 00:28:57,360  
however as as some expected and i think

812  
00:29:02,389 --> 00:28:59,600  
i said so at the time as well there was

813  
00:29:05,110 --> 00:29:02,399

a way i expected this whole thing to go

814

00:29:07,510 --> 00:29:05,120

and just the other day anjali replied to

815

00:29:09,510 --> 00:29:07,520

a tweet online saying that the

816

00:29:11,269 --> 00:29:09,520

the base no longer appeared to be a

817

00:29:13,990 --> 00:29:11,279

physical location and was more than

818

00:29:15,590 --> 00:29:14,000

likely dimensional

819

00:29:18,230 --> 00:29:15,600

and i don't know what i'm going to tell

820

00:29:19,110 --> 00:29:18,240

you i wrote on my notes here psy

821

00:29:21,269 --> 00:29:19,120

yeah

822

00:29:22,950 --> 00:29:21,279

and it's like is this just not the issue

823

00:29:25,190 --> 00:29:22,960

where and i know people were very

824

00:29:27,029 --> 00:29:25,200

protective and let's not abuse and no

825

00:29:29,029 --> 00:29:27,039

one should and let's not be really

826  
00:29:30,789 --> 00:29:29,039  
negative because this could be great and

827  
00:29:32,310 --> 00:29:30,799  
of course and we always say what would

828  
00:29:33,990 --> 00:29:32,320  
real look like and

829  
00:29:35,590 --> 00:29:34,000  
there's no reason that there is that one

830  
00:29:37,990 --> 00:29:35,600  
person somewhere in the world who is

831  
00:29:39,750 --> 00:29:38,000  
having contact contact with beings like

832  
00:29:41,269 --> 00:29:39,760  
that in a base somewhere and they're

833  
00:29:43,990 --> 00:29:41,279  
being taken there

834  
00:29:45,669 --> 00:29:44,000  
but to come out the way it was done

835  
00:29:48,549 --> 00:29:45,679  
never seemed the best idea in the first

836  
00:29:50,789 --> 00:29:48,559  
place and now it just seems the back the

837  
00:29:53,830 --> 00:29:50,799  
back tracking is starting i'm a little

838  
00:29:58,710 --> 00:29:53,840

disappointed but i am entirely 100 not

839

00:30:10,050 --> 00:30:01,510

i

840

00:30:11,190 --> 00:30:10,060

way um

841

00:30:15,029 --> 00:30:11,200

[Music]

842

00:30:16,710 --> 00:30:15,039

and it's going that way and i i know

843

00:30:18,310 --> 00:30:16,720

we always talk about accepting stories

844

00:30:19,990 --> 00:30:18,320

and things like that but i want to

845

00:30:21,669 --> 00:30:20,000

emphasize here you know i'll often talk

846

00:30:23,750 --> 00:30:21,679

about spinning plates of unknowns

847

00:30:25,669 --> 00:30:23,760

because we we just don't know which kind

848

00:30:27,110 --> 00:30:25,679

of box to put them in those spinning

849

00:30:28,549 --> 00:30:27,120

plates of unknown

850

00:30:31,029 --> 00:30:28,559

like this one

851  
00:30:33,510 --> 00:30:31,039  
are completely useless

852  
00:30:35,110 --> 00:30:33,520  
they're useless we're chasing our tails

853  
00:30:37,190 --> 00:30:35,120  
it's noise she's gonna keep moving the

854  
00:30:39,830 --> 00:30:37,200  
goal posts and you know what if she

855  
00:30:41,029 --> 00:30:39,840  
comes back with a body or something fine

856  
00:30:41,830 --> 00:30:41,039  
surprise me

857  
00:30:43,430 --> 00:30:41,840  
but

858  
00:30:45,990 --> 00:30:43,440  
there are more positive things going on

859  
00:30:48,070 --> 00:30:46,000  
in the world and especially when we've

860  
00:30:51,510 --> 00:30:48,080  
got this article from ralph coming out

861  
00:30:52,549 --> 00:30:51,520  
talking about genuine you know trauma

862  
00:30:54,310 --> 00:30:52,559  
victims

863  
00:30:55,750 --> 00:30:54,320

and and to think that someone could be

864

00:30:58,230 --> 00:30:55,760

trying to take advantage of that for

865

00:30:59,830 --> 00:30:58,240

fame that's disgusting man that's just

866

00:31:01,750 --> 00:30:59,840

disgusting it's it's the worst of the

867

00:31:03,430 --> 00:31:01,760

community

868

00:31:05,110 --> 00:31:03,440

and you know what we don't again we

869

00:31:06,549 --> 00:31:05,120

always caveat it don't move if we don't

870

00:31:08,230 --> 00:31:06,559

know but it's just

871

00:31:10,310 --> 00:31:08,240

to come out and say one thing and then

872

00:31:11,990 --> 00:31:10,320

it totally

873

00:31:14,310 --> 00:31:12,000

changes and that's the way the story

874

00:31:15,990 --> 00:31:14,320

seems to go and we never found out who

875

00:31:17,669 --> 00:31:16,000

was going to be on the expedition some

876  
00:31:18,549 --> 00:31:17,679  
high-profile people like george knapp

877  
00:31:20,549 --> 00:31:18,559  
and co

878  
00:31:21,990 --> 00:31:20,559  
were quite happy to go along i'm sure

879  
00:31:24,549 --> 00:31:22,000  
they're again they had their own

880  
00:31:25,909 --> 00:31:24,559  
suspicions but journalistic integrity

881  
00:31:27,509 --> 00:31:25,919  
and all that kind of stuff kicks in and

882  
00:31:29,990 --> 00:31:27,519  
there's a story there especially in the

883  
00:31:30,789 --> 00:31:30,000  
ufo community it was pretty big

884  
00:31:32,549 --> 00:31:30,799  
but

885  
00:31:35,350 --> 00:31:32,559  
straight away this is just a huge red

886  
00:31:36,789 --> 00:31:35,360  
flag for me um a few people asked us to

887  
00:31:38,149 --> 00:31:36,799  
discuss it and you know what i don't

888  
00:31:40,389 --> 00:31:38,159

think there's a whole lot more we can

889

00:31:42,549 --> 00:31:40,399

say on it i think we call this from the

890

00:31:45,350 --> 00:31:42,559

start and it's one of those ones i would

891

00:31:47,750 --> 00:31:45,360

love to have been wrong on even for them

892

00:31:50,149 --> 00:31:47,760

to have gone on the expedition and

893

00:31:52,389 --> 00:31:50,159

and had something from it it wasn't

894

00:31:54,710 --> 00:31:52,399

even expecting to them to walk into the

895

00:31:56,310 --> 00:31:54,720

mojave desert into some mountain and

896

00:31:58,389 --> 00:31:56,320

find a whole load of mantas sitting

897

00:32:00,950 --> 00:31:58,399

around a table having something to eat

898

00:32:02,630 --> 00:32:00,960

definitely not what i was expecting but

899

00:32:05,990 --> 00:32:02,640

just for something to have come of it

900

00:32:07,750 --> 00:32:06,000

that made us go i wonder or what if or

901  
00:32:09,669 --> 00:32:07,760  
wouldn't it be interesting

902  
00:32:11,190 --> 00:32:09,679  
and already it just seems like it's it's

903  
00:32:12,549 --> 00:32:11,200  
going to fall flat on its face which is

904  
00:32:14,310 --> 00:32:12,559  
really disappointing

905  
00:32:15,830 --> 00:32:14,320  
but again it's just one of those knocks

906  
00:32:17,909 --> 00:32:15,840  
that you take in this community now and

907  
00:32:20,310 --> 00:32:17,919  
again and you just have to dust yourself

908  
00:32:22,710 --> 00:32:20,320  
off and move on to the next one

909  
00:32:25,190 --> 00:32:22,720  
anything more to add on it then

910  
00:32:27,029 --> 00:32:25,200  
no no just did like you say it's

911  
00:32:29,269 --> 00:32:27,039  
disappointing there are people out there

912  
00:32:31,110 --> 00:32:29,279  
with genuine experiences the there are

913  
00:32:32,470 --> 00:32:31,120

crazy things going on really important

914

00:32:35,190 --> 00:32:32,480

things we need to discuss and then we

915

00:32:37,269 --> 00:32:35,200

have this stranger pontificating from

916

00:32:39,430 --> 00:32:37,279

the steps in washington dc and changing

917

00:32:41,430 --> 00:32:39,440

the story every two minutes just yeah

918

00:32:43,029 --> 00:32:41,440

i'm i'm done with it

919

00:32:44,549 --> 00:32:43,039

i know people won't see it on youtube

920

00:32:46,230 --> 00:32:44,559

because the youtube video for this one

921

00:32:48,149 --> 00:32:46,240

just to get up quickly is going to be

922

00:32:50,789 --> 00:32:48,159

just the thumbnail with some stuff but

923

00:32:53,029 --> 00:32:50,799

i've got the ucr um hoodie on so thank

924

00:32:55,509 --> 00:32:53,039

you louis simones and co i bought that

925

00:32:56,870 --> 00:32:55,519

from them it's awesome jazz shows i can

926

00:32:59,350 --> 00:32:56,880

see the dolphins

927

00:33:01,029 --> 00:32:59,360

and this will do me well in the winter i

928

00:33:02,549 --> 00:33:01,039

i'm not going to lie i think it's a bad

929

00:33:05,110 --> 00:33:02,559

day for me to be wearing this because

930

00:33:07,509 --> 00:33:05,120

it's at 20 degrees outside so it's

931

00:33:09,590 --> 00:33:07,519

pretty warm in the recording studio like

932

00:33:10,789 --> 00:33:09,600

calling it feel the dedication louse

933

00:33:12,950 --> 00:33:10,799

you know

934

00:33:14,070 --> 00:33:12,960

yeah yeah luis i have made an effort and

935

00:33:16,230 --> 00:33:14,080

i'm sure you'll be listening to this at

936

00:33:18,230 --> 00:33:16,240

some point to to have this on but it was

937

00:33:20,230 --> 00:33:18,240

a bad choice and the heat i am in right

938

00:33:22,789 --> 00:33:20,240

now but i i when i said elise i was

939

00:33:23,909 --> 00:33:22,799

going to pick one up um i i did say it's

940

00:33:25,430 --> 00:33:23,919

going to be great for the winter so i've

941

00:33:27,750 --> 00:33:25,440

got like a big baggy version of it as

942

00:33:30,070 --> 00:33:27,760

well so um rocking that for you guys

943

00:33:32,710 --> 00:33:30,080

thank you uh and i want to move on to

944

00:33:35,990 --> 00:33:32,720

discuss the recent spacex launch of the

945

00:33:37,750 --> 00:33:36,000

first civilians in space um four new

946

00:33:40,549 --> 00:33:37,760

astronauts were launched into space all

947

00:33:43,830 --> 00:33:40,559

with varying stories and backgrounds um

948

00:33:47,269 --> 00:33:43,840

i think just demonstrating how elon musk

949

00:33:49,669 --> 00:33:47,279

and spacex have made space exploration

950

00:33:52,549 --> 00:33:49,679

oh spacex that's why it's called that

951  
00:33:54,630 --> 00:33:52,559  
made space exploration i know that um so

952  
00:33:55,830 --> 00:33:54,640  
simple and accessible to people

953  
00:33:58,070 --> 00:33:55,840  
obviously right now there would be a

954  
00:33:59,990 --> 00:33:58,080  
huge price on people buying tickets as

955  
00:34:01,110 --> 00:34:00,000  
and when the commercial side of this

956  
00:34:02,870 --> 00:34:01,120  
launches

957  
00:34:05,190 --> 00:34:02,880  
but brian lemony who is one of the

958  
00:34:06,630 --> 00:34:05,200  
patreon sent me a massive message um the

959  
00:34:08,149 --> 00:34:06,640  
other day just with some thoughts on it

960  
00:34:09,909 --> 00:34:08,159  
and it said he would like to hear it

961  
00:34:11,030 --> 00:34:09,919  
discussed on the show and you know what

962  
00:34:13,829 --> 00:34:11,040  
i thought it was a good place to bring

963  
00:34:15,990 --> 00:34:13,839

it up and brian was basically wondering

964

00:34:17,829 --> 00:34:16,000

with civilians going into space and we

965

00:34:20,710 --> 00:34:17,839

may have touched on this and some of our

966

00:34:23,589 --> 00:34:20,720

some of our earlier shows done

967

00:34:25,589 --> 00:34:23,599

how what does this mean for ufos and uap

968

00:34:27,349 --> 00:34:25,599

because if you are just launching and i

969

00:34:28,710 --> 00:34:27,359

think when we did discuss it previously

970

00:34:30,310 --> 00:34:28,720

we talked about you know your kanye

971

00:34:31,829 --> 00:34:30,320

west's of the world and

972

00:34:33,109 --> 00:34:31,839

demi lovato is going to have a huge

973

00:34:34,629 --> 00:34:33,119

interest in this and if you're going to

974

00:34:36,629 --> 00:34:34,639

send those celebrities

975

00:34:39,349 --> 00:34:36,639

on jeff bezos's shuttle or richard

976  
00:34:41,109 --> 00:34:39,359  
branson's virgin galactic stuff or elon

977  
00:34:43,030 --> 00:34:41,119  
musk spacex

978  
00:34:45,030 --> 00:34:43,040  
are they saying we'll say

979  
00:34:46,950 --> 00:34:45,040  
only one of those three things you just

980  
00:34:48,550 --> 00:34:46,960  
mentioned actually goes to space screw

981  
00:34:50,069 --> 00:34:48,560  
those other two guys

982  
00:34:51,669 --> 00:34:50,079  
yeah at the moment if you're talking

983  
00:34:54,710 --> 00:34:51,679  
about what is actual space here the

984  
00:34:56,310 --> 00:34:54,720  
other ones just go really really high um

985  
00:34:59,190 --> 00:34:56,320  
so let's not talk anymore about getting

986  
00:35:01,030 --> 00:34:59,200  
really really high then the uh

987  
00:35:02,230 --> 00:35:01,040  
those those shuttles though the idea is

988  
00:35:03,750 --> 00:35:02,240

eventually they'll be used for

989

00:35:05,589 --> 00:35:03,760

commercial space flight

990

00:35:07,910 --> 00:35:05,599

to and from the moon to and from space

991

00:35:10,150 --> 00:35:07,920

hotels just to and from space for a trip

992

00:35:11,589 --> 00:35:10,160

around the round orbit and back

993

00:35:13,589 --> 00:35:11,599

um

994

00:35:16,390 --> 00:35:13,599

and brian was asking are people signing

995

00:35:18,310 --> 00:35:16,400

ndas for this basically getting at if

996

00:35:20,230 --> 00:35:18,320

you send up any number of civilians or

997

00:35:22,310 --> 00:35:20,240

celebrities into space

998

00:35:24,790 --> 00:35:22,320

and they see stuff which we would be

999

00:35:26,710 --> 00:35:24,800

assuming they will or would

1000

00:35:28,470 --> 00:35:26,720

what's the deal with that because if

1001  
00:35:31,510 --> 00:35:28,480  
you're the government and you've got a

1002  
00:35:33,349 --> 00:35:31,520  
space force and you have a uap office

1003  
00:35:35,910 --> 00:35:33,359  
and all of that jazz and you've been

1004  
00:35:38,790 --> 00:35:35,920  
keeping this secret for 80 years and all

1005  
00:35:41,270 --> 00:35:38,800  
of a sudden kanye west is live streaming

1006  
00:35:44,470 --> 00:35:41,280  
on tick tock if that's how that works

1007  
00:35:47,030 --> 00:35:44,480  
i've maybe just massively aged myself

1008  
00:35:49,190 --> 00:35:47,040  
but if if you're kanye or you're kim

1009  
00:35:51,589 --> 00:35:49,200  
kardashian or any of that law and you're

1010  
00:35:54,230 --> 00:35:51,599  
up there and you've got a signal

1011  
00:35:56,790 --> 00:35:54,240  
and and you're potentially filming uap

1012  
00:35:59,109 --> 00:35:56,800  
that's huge i mean game changing i i

1013  
00:36:01,190 --> 00:35:59,119

would love that but i would love to

1014

00:36:02,630 --> 00:36:01,200

watch demi lovato live in space you know

1015

00:36:04,630 --> 00:36:02,640

filming that would be awesome because

1016

00:36:06,150 --> 00:36:04,640

you never know what you might see

1017

00:36:07,829 --> 00:36:06,160

um

1018

00:36:09,109 --> 00:36:07,839

i've just inadvertently used the show's

1019

00:36:10,470 --> 00:36:09,119

catchphrase i never know what you might

1020

00:36:12,790 --> 00:36:10,480

see if you keep looking up

1021

00:36:14,310 --> 00:36:12,800

there already looking down then again

1022

00:36:15,750 --> 00:36:14,320

yeah so dan what do you think about that

1023

00:36:17,910 --> 00:36:15,760

do you think there's any conversations

1024

00:36:19,910 --> 00:36:17,920

that do happen with civilians before

1025

00:36:21,510 --> 00:36:19,920

they go into space

1026  
00:36:23,510 --> 00:36:21,520  
probably i mean there's going to be a

1027  
00:36:25,270 --> 00:36:23,520  
lot of technological stuff on those

1028  
00:36:27,589 --> 00:36:25,280  
rockets that they wouldn't be able to

1029  
00:36:30,870 --> 00:36:27,599  
discuss in in the event that you know

1030  
00:36:32,950 --> 00:36:30,880  
competitors might copy them um

1031  
00:36:33,750 --> 00:36:32,960  
so at that level they'll have an nda

1032  
00:36:34,710 --> 00:36:33,760  
there

1033  
00:36:36,710 --> 00:36:34,720  
um

1034  
00:36:38,870 --> 00:36:36,720  
and really when you think about it the

1035  
00:36:40,950 --> 00:36:38,880  
data pipe coming down from that spacex

1036  
00:36:42,470 --> 00:36:40,960  
rocket is going through a command center

1037  
00:36:44,310 --> 00:36:42,480  
where they would have control of exactly

1038  
00:36:45,750 --> 00:36:44,320

what everyone is seeing you know the the

1039

00:36:47,349 --> 00:36:45,760

people aren't just tweeting from space

1040

00:36:48,870 --> 00:36:47,359

they're sending the data down and the

1041

00:36:51,510 --> 00:36:48,880

people on the ground are tweeting look

1042

00:36:55,190 --> 00:36:51,520

what they're doing in space um

1043

00:36:57,030 --> 00:36:55,200

so it's yeah i i think they've for now

1044

00:36:59,510 --> 00:36:57,040

they maintain that kind of control of

1045

00:37:01,589 --> 00:36:59,520

the pipe if they need it um but we we've

1046

00:37:02,870 --> 00:37:01,599

definitely spoken about whether private

1047

00:37:04,790 --> 00:37:02,880

industry going to space more and

1048

00:37:06,069 --> 00:37:04,800

civilians done to go to space is a

1049

00:37:08,150 --> 00:37:06,079

reason for

1050

00:37:10,069 --> 00:37:08,160

all of this kind of starting you know i

1051  
00:37:12,710 --> 00:37:10,079  
think it may be one of several kind of

1052  
00:37:14,310 --> 00:37:12,720  
facets that that have made this kind of

1053  
00:37:16,790 --> 00:37:14,320  
you know the starting gun go off of

1054  
00:37:18,710 --> 00:37:16,800  
disclosure

1055  
00:37:21,430 --> 00:37:18,720  
what do you think the chances are bear

1056  
00:37:23,109 --> 00:37:21,440  
in mind it's a huge planet i think i'm

1057  
00:37:24,950 --> 00:37:23,119  
probably making an understatement there

1058  
00:37:26,630 --> 00:37:24,960  
so when you go up you've got no doubt

1059  
00:37:28,790 --> 00:37:26,640  
the most incredible view possible in

1060  
00:37:31,109 --> 00:37:28,800  
human history okay and there's a reason

1061  
00:37:33,109 --> 00:37:31,119  
all these astronauts that go up there

1062  
00:37:34,870 --> 00:37:33,119  
talk about it's life-changing it just

1063  
00:37:36,790 --> 00:37:34,880

changes your world view i mean quite

1064

00:37:38,310 --> 00:37:36,800

literally changes your world view but

1065

00:37:39,829 --> 00:37:38,320

you are you are looking down at the

1066

00:37:41,589 --> 00:37:39,839

entire planet

1067

00:37:42,950 --> 00:37:41,599

or a portion of it depending on how far

1068

00:37:44,310 --> 00:37:42,960

out you are

1069

00:37:45,990 --> 00:37:44,320

what do you think the chances are that

1070

00:37:47,430 --> 00:37:46,000

you do see something because dan you

1071

00:37:48,790 --> 00:37:47,440

quite rightly said to me before we hit

1072

00:37:49,829 --> 00:37:48,800

record and we discussed this very

1073

00:37:50,950 --> 00:37:49,839

briefly

1074

00:37:53,030 --> 00:37:50,960

you're probably going to see a lot of

1075

00:37:54,230 --> 00:37:53,040

satellites flying about

1076

00:37:56,069 --> 00:37:54,240

yeah there's

1077

00:37:57,670 --> 00:37:56,079

part part of this

1078

00:38:00,390 --> 00:37:57,680

and kind of learning about the other

1079

00:38:02,710 --> 00:38:00,400

buckets in the uap report or preliminary

1080

00:38:05,030 --> 00:38:02,720

report i should say um is kind of

1081

00:38:06,710 --> 00:38:05,040

learning what there is in the night sky

1082

00:38:08,710 --> 00:38:06,720

you know we we always

1083

00:38:10,390 --> 00:38:08,720

see oh ufos have gone over devon or

1084

00:38:12,550 --> 00:38:10,400

something and then it turns out to just

1085

00:38:15,430 --> 00:38:12,560

be starlink or something like that so a

1086

00:38:17,430 --> 00:38:15,440

big part of this is educating people um

1087

00:38:19,829 --> 00:38:17,440

but

1088

00:38:22,790 --> 00:38:19,839

we already see how much people pour over

1089

00:38:23,589 --> 00:38:22,800

the the live streams from the iss

1090

00:38:25,270 --> 00:38:23,599

so

1091

00:38:27,349 --> 00:38:25,280

that's just going to increase as more

1092

00:38:29,750 --> 00:38:27,359

people start going to space you know i i

1093

00:38:31,510 --> 00:38:29,760

can't imagine someone like you know we

1094

00:38:32,550 --> 00:38:31,520

we have satellite phones so you could

1095

00:38:35,109 --> 00:38:32,560

technically

1096

00:38:37,109 --> 00:38:35,119

tweet from up there if you kind of had

1097

00:38:39,190 --> 00:38:37,119

access to one um

1098

00:38:41,109 --> 00:38:39,200

and at some point it's gonna happen you

1099

00:38:43,270 --> 00:38:41,119

know the the spacex rocket that's there

1100

00:38:45,109 --> 00:38:43,280

now has kind of the biggest view of the

1101

00:38:46,870 --> 00:38:45,119

earth from a rocket that

1102

00:38:48,630 --> 00:38:46,880

on any rocket that's ever been built it

1103

00:38:51,990 --> 00:38:48,640

has this big parabola so they can kind

1104

00:38:54,390 --> 00:38:52,000

of see the whole side of the planet um

1105

00:38:56,550 --> 00:38:54,400

and if these kind of fast walkers and

1106

00:38:59,510 --> 00:38:56,560

objects coming from you know above

1107

00:39:01,990 --> 00:38:59,520

seventy nine eight thousand feet um uh

1108

00:39:03,349 --> 00:39:02,000

super prevalent then at some point one

1109

00:39:05,030 --> 00:39:03,359

of them is going to be filmed and just

1110

00:39:07,910 --> 00:39:05,040

put up on the internet right

1111

00:39:10,069 --> 00:39:07,920

yeah and even so forget the technology

1112

00:39:12,069 --> 00:39:10,079

to live stream or film okay because that

1113

00:39:14,550 --> 00:39:12,079

that can be that can be delayed or fixed

1114

00:39:17,349 --> 00:39:14,560

but even just if you got some serious

1115

00:39:19,190 --> 00:39:17,359

people some rich people some celebrities

1116

00:39:20,390 --> 00:39:19,200

and again i talk about kanye west

1117

00:39:22,870 --> 00:39:20,400

because he's the kind of guy that would

1118

00:39:24,390 --> 00:39:22,880

just come out and say something anyway

1119

00:39:25,349 --> 00:39:24,400

if they saw something they'll come down

1120

00:39:28,550 --> 00:39:25,359

and say

1121

00:39:29,750 --> 00:39:28,560

they wouldn't let people gag them or or

1122

00:39:31,589 --> 00:39:29,760

stop them from talking about any

1123

00:39:34,150 --> 00:39:31,599

potential sightings or experiences as

1124

00:39:36,069 --> 00:39:34,160

well so but i just i would say that we

1125

00:39:38,069 --> 00:39:36,079

just had a conversation where we were

1126  
00:39:40,550 --> 00:39:38,079  
saying that famous people having

1127  
00:39:41,750 --> 00:39:40,560  
sightings isn't necessarily super valid

1128  
00:39:43,829 --> 00:39:41,760  
when they share those stories they're

1129  
00:39:46,150 --> 00:39:43,839  
still single data points right

1130  
00:39:47,430 --> 00:39:46,160  
or single source stories i should say

1131  
00:39:49,270 --> 00:39:47,440  
i know you were going to say that when i

1132  
00:39:51,109 --> 00:39:49,280  
brought that up

1133  
00:39:53,990 --> 00:39:51,119  
i still hold ourselves to account for

1134  
00:39:56,310 --> 00:39:54,000  
what we say right yeah but i suppose i'm

1135  
00:39:57,670 --> 00:39:56,320  
i'm putting just personally more stock

1136  
00:40:02,710 --> 00:39:57,680  
and

1137  
00:40:04,870 --> 00:40:02,720  
up filming a reality tv show as opposed

1138  
00:40:06,390 --> 00:40:04,880

to someone going on a commercial trip

1139

00:40:07,910 --> 00:40:06,400

into space

1140

00:40:09,670 --> 00:40:07,920

and saying you know what i saw some

1141

00:40:11,670 --> 00:40:09,680

stuff up there but i i just could not

1142

00:40:13,829 --> 00:40:11,680

explain i just put more stock put more

1143

00:40:15,190 --> 00:40:13,839

stock into that rightly or wrongly i

1144

00:40:17,109 --> 00:40:15,200

just think

1145

00:40:18,309 --> 00:40:17,119

yeah and then i've got down here that

1146

00:40:20,230 --> 00:40:18,319

we're going to talk about the secret

1147

00:40:21,670 --> 00:40:20,240

space programs but i think we'll find

1148

00:40:23,109 --> 00:40:21,680

out a time on this update so we'll have

1149

00:40:25,430 --> 00:40:23,119

to leave that one

1150

00:40:28,150 --> 00:40:25,440

yeah cool we'll come back to it maybe

1151  
00:40:30,150 --> 00:40:28,160  
a what-if episode yeah i i do want to do

1152  
00:40:32,870 --> 00:40:30,160  
a show on on some of that stuff it's a

1153  
00:40:35,270 --> 00:40:32,880  
little bit of the more out there but i

1154  
00:40:37,349 --> 00:40:35,280  
love the idea that the us and russia and

1155  
00:40:39,589 --> 00:40:37,359  
other countries that they've been going

1156  
00:40:42,069 --> 00:40:39,599  
into space on different apollo missions

1157  
00:40:43,750 --> 00:40:42,079  
you know apollo 13.5

1158  
00:40:45,349 --> 00:40:43,760  
and there are different ideas of the

1159  
00:40:46,550 --> 00:40:45,359  
level of that conspiracy as well you

1160  
00:40:47,990 --> 00:40:46,560  
know it goes all the way up to corey

1161  
00:40:49,270 --> 00:40:48,000  
good kind of going yeah i went to space

1162  
00:40:51,349 --> 00:40:49,280  
for 20 years and they sent me back in

1163  
00:40:53,030 --> 00:40:51,359

time and my life reset to all the way

1164

00:40:54,790 --> 00:40:53,040

down to the more reasonable no no we

1165

00:40:57,190 --> 00:40:54,800

just did things in secret

1166

00:40:58,870 --> 00:40:57,200

yeah which i am sure they have done

1167

00:41:01,190 --> 00:40:58,880

absolutely sure of it but we'll get to

1168

00:41:02,550 --> 00:41:01,200

that at some point anyway folks um as

1169

00:41:04,550 --> 00:41:02,560

we've mentioned coming up then on the

1170

00:41:06,870 --> 00:41:04,560

is

1222

00:43:38,790 --> 00:43:28,270

[Music]

1223

00:43:38,800 --> 00:43:56,400

and i

1224

00:44:42,870 --> 00:44:02,870

[Music]

1225

00:44:50,870 --> 00:44:44,920

what's that is

1226

00:44:52,710 --> 00:44:50,880

[Music]

1227

00:44:59,580 --> 00:44:52,720

it wasn't a tic tac and not quite a

1228

00:44:59,590 --> 00:45:13,430

[Music]

1229

00:45:39,670 --> 00:45:15,520

that's very smooth
