Should Congress Create an OSD Office for UAP Issues?

Many were surprised to see that the House Armed Services Committee included a provision in this year's [National Defense Authorization Act](#) (see §1652) requiring the Secretary of Defense to create a staff position to orchestrate UAP data collection and analysis. Is this a good idea? Should the Senate agree to this proposal and include it in the annual Defense Authorization bill submitted to the President?

At the outset it is important to applaud this initiative on the part of Rep. Ruben Gallego of Arizona. After all, aerospace vehicles of unknown origin and capability are violating restricted U.S. military airspace on a recurring basis. While the reporting may be subject to collection biases, these vehicles seem to be especially interested in the activities of U.S. Navy ships and U.S. nuclear facilities, and DoD test ranges. Some could be next-

00:00:10,950 --> 00:00:08,720

the assay

4
00:00:14,310 --> 00:00:10,960

oh my gosh they're all going against the

5
00:00:18,950 --> 00:00:16,390

it was basically a cube with inside of

6
00:00:22,830 --> 00:00:18,960

sphere where the points of the cube

7
00:00:33,030 --> 00:00:22,840

out the links in the show description to

27

00:01:27,109 --> 00:01:24,149

hi everyone and welcome back to that ufo

28

00:01:29,510 --> 00:01:27,119

podcast my name is andy and i've got dan

29

00:01:31,510 --> 00:01:29,520

joining me for a breaking news update

30

00:01:33,109 --> 00:01:31,520

dan how are we doing today i'm great

31

00:01:33,990 --> 00:01:33,119

thank you it's been an eventful day how

32

00:01:36,870 --> 00:01:34,000

are you

33

00:01:38,390 --> 00:01:36,880

it has been an eventful day slash

34

00:01:40,950 --> 00:01:38,400

evening slash

35

00:01:42,230 --> 00:01:40,960

couple of days depending on when you're

36

00:01:43,990 --> 00:01:42,240

listening to this or how long you've

37

00:01:45,270 --> 00:01:44,000

been keeping track yeah we've got a few

38

00:01:46,950 --> 00:01:45,280

things to talk through for the newest

39

00:01:49,510 --> 00:01:46,960

pod it's been great because it's only

40

00:01:51,190 --> 00:01:49,520

five days since the last one uh we are

41

00:01:53,190 --> 00:01:51,200

going to be touching on chris mellon's

42

00:01:55,109 --> 00:01:53,200

blog that just came out today some

43

00:01:57,510 --> 00:01:55,119

interesting points from that we're going

44

00:01:59,670 --> 00:01:57,520

to be talking on about the world ufo

45

00:02:02,789 --> 00:01:59,680

congress which actually starts tomorrow

46

00:02:04,469 --> 00:02:02,799

october the 8th at the in barcelona and

47

00:02:07,030 --> 00:02:04,479

it's going to be a virtual conference as

48

00:02:09,270 --> 00:02:07,040

well some some good names listed for

49

00:02:11,430 --> 00:02:09,280

that one but of course i think there's

50

00:02:14,229 --> 00:02:11,440

only one place to start and truly as

51
00:02:16,309 --> 00:02:14,239
breaking news we heard last week on

52
00:02:19,110 --> 00:02:16,319
disclosure teams channel our colleague

53
00:02:21,270 --> 00:02:19,120
from uap media and friend vinnie hosted

54
00:02:23,670 --> 00:02:21,280
andy from

55
00:02:24,869 --> 00:02:23,680
uap discussion on various different

56
00:02:27,190 --> 00:02:24,879
platforms

57
00:02:28,949 --> 00:02:27,200
that he had a video that was about 40

58
00:02:30,949 --> 00:02:28,959
minutes long that had been leaked to him

59
00:02:34,150 --> 00:02:30,959
by an anonymous source from the

60
00:02:36,309 --> 00:02:34,160
department of homeland security dhs not

61
00:02:38,390 --> 00:02:36,319
dhl as dan was telling me before we

62
00:02:41,030 --> 00:02:38,400
recorded that almost

63
00:02:43,350 --> 00:02:41,040

that's why my foia requests go a mess

64

00:02:45,030 --> 00:02:43,360

delivery companies like dpp getting foia

65

00:02:46,869 --> 00:02:45,040

requests off of dance is getting those

66

00:02:49,190 --> 00:02:46,879

wrong but yeah dhs department of

67

00:02:50,869 --> 00:02:49,200

homeland security so big name obviously

68

00:02:53,030 --> 00:02:50,879

and governmental levels

69

00:02:56,790 --> 00:02:53,040

and there was a 40 minute video that was

70

00:02:58,309 --> 00:02:56,800

a flare video of a uap now listen

71

00:03:00,390 --> 00:02:58,319

you've got to be honest cards on the

72

00:03:03,830 --> 00:03:00,400

table it came out now people have seen

73

00:03:05,910 --> 00:03:03,840

it there's been loads of discussion

74

00:03:08,949 --> 00:03:05,920

it came out done

75

00:03:11,030 --> 00:03:08,959

andy was accused and i don't think

76

00:03:12,070 --> 00:03:11,040

necessarily unfairly

77

00:03:16,149 --> 00:03:12,080

of

78

00:03:17,670 --> 00:03:16,159

the way went about it was and maybe

79

00:03:19,110 --> 00:03:17,680

that's just his character it's not how

80

00:03:21,670 --> 00:03:19,120

we would have done it but that's our

81

00:03:23,190 --> 00:03:21,680

opinion um he was pretty brash about it

82

00:03:24,949 --> 00:03:23,200

i think would be a fair statement wasn't

83

00:03:26,710 --> 00:03:24,959

he

84

00:03:28,789 --> 00:03:26,720

uh yeah i mean i wouldn't disagree with

85

00:03:30,229 --> 00:03:28,799

that andy would be the first person to

86

00:03:34,149 --> 00:03:30,239

say that he's uh you know he's a big

87

00:03:36,390 --> 00:03:34,159

character he he makes me think of um

88

00:03:38,710 --> 00:03:36,400

you know the typical new yorker just you

89

00:03:41,750 --> 00:03:38,720

you know they live for everybody very i

90

00:03:46,550 --> 00:03:43,670

yeah no i i know he's very passionate

91

00:03:48,949 --> 00:03:46,560

you know very very confident yeah

92

00:03:50,710 --> 00:03:48,959

yeah so andy had this video coming out

93

00:03:52,630 --> 00:03:50,720

and there was a lot of expletives and

94

00:03:53,990 --> 00:03:52,640

you know middle fingers to the haters of

95

00:03:56,470 --> 00:03:54,000

the world i think that's what the kids

96

00:03:57,990 --> 00:03:56,480

say um that this video is going to come

97

00:04:00,070 --> 00:03:58,000

out and it's going to change our minds

98

00:04:02,309 --> 00:04:00,080

and you know we'll see what happens then

99

00:04:03,990 --> 00:04:02,319

and you know more power to him but

100

00:04:06,229 --> 00:04:04,000

like i said let's just wait and see

101

00:04:08,309 --> 00:04:06,239

people andy's obviously

102

00:04:10,070 --> 00:04:08,319

done a lot of work to get this out it's

103

00:04:12,390 --> 00:04:10,080

not an easy thing to do you put your

104

00:04:15,030 --> 00:04:12,400

neck on the line and let's just see once

105

00:04:16,390 --> 00:04:15,040

the video comes out uh what it's got

106

00:04:19,830 --> 00:04:16,400

within it as well

107

00:04:21,270 --> 00:04:19,840

so dan the video eventually was uploaded

108

00:04:23,189 --> 00:04:21,280

late last night there was a bit of

109

00:04:25,189 --> 00:04:23,199

flurry of activity on the old ufo

110

00:04:27,270 --> 00:04:25,199

twitter where we were watching

111

00:04:29,909 --> 00:04:27,280

screenshots of the upload times due to

112

00:04:32,550 --> 00:04:29,919

various connection issues eventually it

113

00:04:33,590 --> 00:04:32,560

landed though online we got a 40 minute

114

00:04:36,390 --> 00:04:33,600

long

115

00:04:38,550 --> 00:04:36,400

hd flare video

116

00:04:40,870 --> 00:04:38,560

uh well i say hd it was in hd quality on

117

00:04:43,189 --> 00:04:40,880

youtube

118

00:04:45,590 --> 00:04:43,199

it's called the rubber duck video which

119

00:04:47,189 --> 00:04:45,600

probably is an unfortunate name but that

120

00:04:48,950 --> 00:04:47,199

is due to the resemblance if people

121

00:04:50,629 --> 00:04:48,960

haven't seen it yet i'm sure most of you

122

00:04:52,629 --> 00:04:50,639

have if you have not check it out it's

123

00:04:54,390 --> 00:04:52,639

on all of our social media we'll put the

124

00:04:55,909 --> 00:04:54,400

links in this description as well if dan

125

00:04:56,950 --> 00:04:55,919

can make a note of that to put that link

126
00:04:58,950 --> 00:04:56,960
in for me

127
00:05:00,870 --> 00:04:58,960
um

128
00:05:05,110 --> 00:05:00,880
what were your immediate thoughts then

129
00:05:11,029 --> 00:05:09,029
the video itself is fairly

130
00:05:13,029 --> 00:05:11,039
you know initially it's it's

131
00:05:15,029 --> 00:05:13,039
kind of unimpressive you know the the

132
00:05:16,390 --> 00:05:15,039
object kind of comes in it's going in a

133
00:05:18,550 --> 00:05:16,400
straight line

134
00:05:21,110 --> 00:05:18,560
we're kind of all looking at these

135
00:05:21,990 --> 00:05:21,120
videos now looking for observables

136
00:05:24,390 --> 00:05:22,000
and

137
00:05:26,790 --> 00:05:24,400
as far as you know i i can tell

138
00:05:29,029 --> 00:05:26,800

there really aren't any on display here

139

00:05:30,469 --> 00:05:29,039

let me let me ask you dan i wouldn't do

140

00:05:31,350 --> 00:05:30,479

that with i don't know where i'm looking

141

00:05:32,550 --> 00:05:31,360

at

142

00:05:34,150 --> 00:05:32,560

okay

143

00:05:35,270 --> 00:05:34,160

even though from your notes i can see

144

00:05:36,870 --> 00:05:35,280

you've got a good idea what we're

145

00:05:40,230 --> 00:05:36,880

looking at and then

146

00:05:41,749 --> 00:05:40,240

however one of the big selling points of

147

00:05:43,909 --> 00:05:41,759

this for people

148

00:05:47,350 --> 00:05:43,919

i'm sure was the fact it was 40 minutes

149

00:05:50,710 --> 00:05:47,360

long this isn't to be confused with what

150

00:05:52,629 --> 00:05:50,720

some of the senators quoted um

151
00:05:55,189 --> 00:05:52,639
when it came to the classified uap task

152
00:05:57,590 --> 00:05:55,199
force report they saw 40 minutes of pure

153
00:05:59,350 --> 00:05:57,600
science fiction this isn't that this

154
00:06:01,749 --> 00:05:59,360
isn't what they saw whether that was a

155
00:06:03,909 --> 00:06:01,759
collage or other videos this is a

156
00:06:05,590 --> 00:06:03,919
completely separate video that has been

157
00:06:08,950 --> 00:06:05,600
apparently and we have to say apparently

158
00:06:11,270 --> 00:06:08,960
allegedly leaked by someone at the dhs

159
00:06:14,150 --> 00:06:11,280
an anonymous source to andy

160
00:06:17,749 --> 00:06:14,160
to get to to release the video

161
00:06:19,110 --> 00:06:17,759
if this video done had been 30 seconds

162
00:06:22,230 --> 00:06:19,120
long

163
00:06:24,790 --> 00:06:22,240

would it have made any difference at all

164

00:06:27,029 --> 00:06:24,800

no i don't think so the the nice thing

165

00:06:29,830 --> 00:06:27,039

about the length here is that

166

00:06:31,749 --> 00:06:29,840

you know sustained observation generates

167

00:06:33,110 --> 00:06:31,759

a lot of data

168

00:06:34,469 --> 00:06:33,120

we've already seen that happening you

169

00:06:35,749 --> 00:06:34,479

know the video came out everyone's kind

170

00:06:38,070 --> 00:06:35,759

of chewing through it in their own way

171

00:06:39,990 --> 00:06:38,080

plotting points on maps and you know

172

00:06:41,510 --> 00:06:40,000

figuring out the speed between two of

173

00:06:43,189 --> 00:06:41,520

those points and the field of view of

174

00:06:44,870 --> 00:06:43,199

the camera so on so forth

175

00:06:46,150 --> 00:06:44,880

so there's there's a lot of data to go

176
00:06:48,870 --> 00:06:46,160
through

177
00:06:51,110 --> 00:06:48,880
but in a way you're right there's not

178
00:06:53,830 --> 00:06:51,120
really much more

179
00:06:56,790 --> 00:06:53,840
there at least you know from from my uh

180
00:06:59,909 --> 00:06:56,800
unprofessional eyes let me ask dan if

181
00:07:01,110 --> 00:06:59,919
the the tic tac video had been 40

182
00:07:03,189 --> 00:07:01,120
minutes long

183
00:07:05,350 --> 00:07:03,199
but presented in the same way that we

184
00:07:07,270 --> 00:07:05,360
see it would it have been any more

185
00:07:08,550 --> 00:07:07,280
incredible or any less incredible than

186
00:07:10,390 --> 00:07:08,560
us

187
00:07:12,710 --> 00:07:10,400
no and this is the thing right with the

188
00:07:15,350 --> 00:07:12,720

tic tac video everyone complains that

189

00:07:17,350 --> 00:07:15,360

it's just a blurry video

190

00:07:19,029 --> 00:07:17,360

and they're kind of right but it doesn't

191

00:07:21,110 --> 00:07:19,039

stand on its own there's all this test

192

00:07:22,710 --> 00:07:21,120

and money that goes around with it um an

193

00:07:24,550 --> 00:07:22,720

experience of all these trusted

194

00:07:26,790 --> 00:07:24,560

individuals um

195

00:07:28,230 --> 00:07:26,800

you know who had a lot of they were

196

00:07:30,390 --> 00:07:28,240

sitting a lot of money in power

197

00:07:31,430 --> 00:07:30,400

basically um

198

00:07:33,990 --> 00:07:31,440

whereas

199

00:07:35,670 --> 00:07:34,000

with this one we don't have a chain of

200

00:07:38,469 --> 00:07:35,680

custody really because we're coming up

201
00:07:41,110 --> 00:07:38,479
against that anonymous wall again um

202
00:07:43,510 --> 00:07:41,120
and as always it kind of leaves me

203
00:07:45,510 --> 00:07:43,520
feeling i wish

204
00:07:48,790 --> 00:07:45,520
they didn't say anything until the s the

205
00:07:53,670 --> 00:07:51,670
it kind of leaves me feeling that i wish

206
00:07:56,230 --> 00:07:53,680
they didn't say anything until the

207
00:07:58,710 --> 00:07:56,240
analysis uh from the organization that's

208
00:08:02,790 --> 00:07:58,720
doing that comes out

209
00:08:05,430 --> 00:08:02,800
sure and there there are people um

210
00:08:07,909 --> 00:08:05,440
actually joe murgia has said online that

211
00:08:10,790 --> 00:08:07,919
he's had it confirmed that rich hoffman

212
00:08:13,749 --> 00:08:10,800
uh part of scu uh they are analyzing the

213
00:08:15,990 --> 00:08:13,759

video so so done i won't want you know

214

00:08:18,070 --> 00:08:16,000

to edit that bit out then yeah so what

215

00:08:20,869 --> 00:08:18,080

what you mentioned before and then

216

00:08:23,749 --> 00:08:20,879

paused is a nice little sneak peek into

217

00:08:26,150 --> 00:08:23,759

that i knew that the seo was and you

218

00:08:28,150 --> 00:08:26,160

know what that as a very very quick side

219

00:08:29,990 --> 00:08:28,160

note i was asked on the discord chat

220

00:08:31,510 --> 00:08:30,000

which you get as part of being a patreon

221

00:08:33,909 --> 00:08:31,520

about oh did you guys know this was

222

00:08:36,230 --> 00:08:33,919

coming out and i i all i said was that

223

00:08:38,469 --> 00:08:36,240

we again were never the types to to

224

00:08:40,870 --> 00:08:38,479

overhype stuff if we're told something

225

00:08:42,550 --> 00:08:40,880

in confidence we're told in confidence

226

00:08:44,470 --> 00:08:42,560

as with anything and i always use the

227

00:08:46,389 --> 00:08:44,480

same example of the task force report

228

00:08:48,150 --> 00:08:46,399

stuff that if and when people tell you

229

00:08:50,790 --> 00:08:48,160

stuff in confidence it should just stay

230

00:08:52,949 --> 00:08:50,800

as that but we would try and make sure

231

00:08:53,750 --> 00:08:52,959

anything we are told um

232

00:08:56,150 --> 00:08:53,760

we

233

00:08:58,550 --> 00:08:56,160

used it in the right way possible to to

234

00:09:00,949 --> 00:08:58,560

help us understand something further

235

00:09:02,870 --> 00:09:00,959

before something was released or benefit

236

00:09:05,110 --> 00:09:02,880

the show what we won't do is is take a

237

00:09:06,070 --> 00:09:05,120

piece of nose and information and splash

238

00:09:08,630 --> 00:09:06,080

it as

239

00:09:10,310 --> 00:09:08,640

an exclusive for for people on the show

240

00:09:11,750 --> 00:09:10,320

if it's not meant to be that because

241

00:09:13,910 --> 00:09:11,760

let's be honest you can end up looking

242

00:09:16,870 --> 00:09:13,920

pretty stupid as well even with the best

243

00:09:18,230 --> 00:09:16,880

best willing intention so um yeah there

244

00:09:19,750 --> 00:09:18,240

was there was some stuff of kicking

245

00:09:21,269 --> 00:09:19,760

about online and i know some people had

246

00:09:23,269 --> 00:09:21,279

said they'd seen snippets of this video

247

00:09:26,870 --> 00:09:23,279

and stuff before and and all that jazz

248

00:09:29,430 --> 00:09:26,880

but yeah so like dan says the seu are

249

00:09:31,110 --> 00:09:29,440

looking at this analyzing it that still

250

00:09:33,509 --> 00:09:31,120

doesn't mean that it's going to

251

00:09:36,070 --> 00:09:33,519

ultimately turn out to be

252

00:09:37,829 --> 00:09:36,080

something anomalous because as we found

253

00:09:40,230 --> 00:09:37,839

out earlier today louie elizondo was

254

00:09:42,389 --> 00:09:40,240

quoted by journalist henry holloway and

255

00:09:43,910 --> 00:09:42,399

his article in the sun newspaper in the

256

00:09:45,750 --> 00:09:43,920

uk

257

00:09:48,230 --> 00:09:45,760

pretty divisive newspaper given some of

258

00:09:50,150 --> 00:09:48,240

its uh spurious history to be honest but

259

00:09:52,389 --> 00:09:50,160

that's that's more of a uk thing um

260

00:09:55,509 --> 00:09:52,399

henry is at least covering the subject

261

00:09:57,990 --> 00:09:55,519

and he mentioned that lou had said

262

00:10:00,150 --> 00:09:58,000

it could just be balloons

263

00:10:02,710 --> 00:10:00,160

now lou tends to pick his words quite

264

00:10:04,470 --> 00:10:02,720

carefully and again you may fall on the

265

00:10:06,870 --> 00:10:04,480

side of being a luelezzondo fan

266

00:10:09,430 --> 00:10:06,880

supporter or not but

267

00:10:10,710 --> 00:10:09,440

that probably for me leans towards

268

00:10:12,710 --> 00:10:10,720

that lou

269

00:10:14,790 --> 00:10:12,720

and potentially others don't see enough

270

00:10:16,389 --> 00:10:14,800

in this video for it to be something

271

00:10:18,069 --> 00:10:16,399

necessarily anomalous

272

00:10:19,670 --> 00:10:18,079

that doesn't mean that again you don't

273

00:10:21,509 --> 00:10:19,680

appreciate that andy has gone to lengths

274

00:10:23,829 --> 00:10:21,519

to leak it because someone has given the

275

00:10:25,269 --> 00:10:23,839

video for whatever reason so

276
00:10:27,509 --> 00:10:25,279
again

277
00:10:29,269 --> 00:10:27,519
i look at the positive that

278
00:10:31,030 --> 00:10:29,279
more footage like this could come out

279
00:10:32,630 --> 00:10:31,040
but that's not to say that the scu

280
00:10:33,829 --> 00:10:32,640
analysis doesn't show maybe there is

281
00:10:36,389 --> 00:10:33,839
something to it

282
00:10:38,550 --> 00:10:36,399
what stands out for you dan as you know

283
00:10:39,910 --> 00:10:38,560
highlights of the video

284
00:10:41,030 --> 00:10:39,920
sure so

285
00:10:42,949 --> 00:10:41,040
for me

286
00:10:44,550 --> 00:10:42,959
well it's been a bit of a learning day

287
00:10:46,630 --> 00:10:44,560
because when you see these systems you

288
00:10:48,150 --> 00:10:46,640

know i'm not used to looking at them so

289

00:10:49,590 --> 00:10:48,160

you have to look at manuals and kind of

290

00:10:50,949 --> 00:10:49,600

listen to the people who know what

291

00:10:54,230 --> 00:10:50,959

they're talking about

292

00:10:57,590 --> 00:10:54,240

um dave falch put up a great

293

00:10:59,590 --> 00:10:57,600

analysis of the video um and so i'll

294

00:11:01,269 --> 00:10:59,600

kind of defer to what dave was talking

295

00:11:03,990 --> 00:11:01,279

about where he highlights that the

296

00:11:07,030 --> 00:11:04,000

object is uniform cold temperature

297

00:11:10,389 --> 00:11:07,040

um and quite intensely so apparently

298

00:11:12,069 --> 00:11:10,399

spray exists to mask that kind of thing

299

00:11:13,910 --> 00:11:12,079

and to make an object look a uniform

300

00:11:15,990 --> 00:11:13,920

temperature i'm not sure how accessible

301
00:11:16,949 --> 00:11:16,000
that would be to because basically this

302
00:11:18,949 --> 00:11:16,959
is

303
00:11:22,069 --> 00:11:18,959
on the the border between the us and

304
00:11:24,069 --> 00:11:22,079
mexico um and it was a drug patrol plane

305
00:11:25,990 --> 00:11:24,079
that took the video so

306
00:11:27,990 --> 00:11:26,000
this could be a drug mule drone you know

307
00:11:30,710 --> 00:11:28,000
a bag full of fentanyl underneath or

308
00:11:33,110 --> 00:11:30,720
something like that but

309
00:11:35,110 --> 00:11:33,120
it's strange that it's entirely one

310
00:11:37,430 --> 00:11:35,120
temperature you'd at least expect the

311
00:11:39,350 --> 00:11:37,440
the aspect of the object that has an

312
00:11:40,790 --> 00:11:39,360
engine in to be hotter than the rest of

313
00:11:43,030 --> 00:11:40,800

the object right

314

00:11:44,710 --> 00:11:43,040

um so there's that but the interesting

315

00:11:47,110 --> 00:11:44,720

thing there is um

316

00:11:49,030 --> 00:11:47,120

jeremy mcgowan pointed out that

317

00:11:50,629 --> 00:11:49,040

when you set up a flea camera you

318

00:11:53,030 --> 00:11:50,639

actually give it a

319

00:11:54,790 --> 00:11:53,040

uh something to search for so you'll set

320

00:11:56,949 --> 00:11:54,800

that temperature so

321

00:11:59,190 --> 00:11:56,959

the guys on the border would be looking

322

00:12:00,949 --> 00:11:59,200

for people crossing the border so they'd

323

00:12:02,710 --> 00:12:00,959

be tracking for the human body

324

00:12:05,030 --> 00:12:02,720

temperature yeah

325

00:12:07,829 --> 00:12:05,040

when cold shows oh sorry when white

326

00:12:09,430 --> 00:12:07,839

shows cold all that means is is that

327

00:12:11,190 --> 00:12:09,440

that object is colder than the

328

00:12:12,790 --> 00:12:11,200

temperature it's set at

329

00:12:14,790 --> 00:12:12,800

so it doesn't necessarily mean that it's

330

00:12:16,790 --> 00:12:14,800

a cold object it just means that it's

331

00:12:18,069 --> 00:12:16,800

colder than whatever it's been set at

332

00:12:19,990 --> 00:12:18,079

which i thought was interesting i didn't

333

00:12:21,509 --> 00:12:20,000

know that before today yeah and if

334

00:12:24,230 --> 00:12:21,519

anyone knows otherwise i'm sure that'll

335

00:12:25,750 --> 00:12:24,240

come out if that's not massively correct

336

00:12:27,430 --> 00:12:25,760

i mean you you can always bank on the

337

00:12:29,430 --> 00:12:27,440

internet to tell you when yeah it's a

338

00:12:31,030 --> 00:12:29,440

good tool sometimes yeah i mean right

339

00:12:33,030 --> 00:12:31,040

now you're listening to us using the

340

00:12:34,069 --> 00:12:33,040

internet so we are the internet telling

341

00:12:36,710 --> 00:12:34,079

you

342

00:12:39,590 --> 00:12:36,720

dan's right but um we are the internet

343

00:12:41,430 --> 00:12:39,600

experiencing itself um but yeah you know

344

00:12:43,030 --> 00:12:41,440

it's uh we have to take that at face

345

00:12:44,790 --> 00:12:43,040

value that jeremy's correct and if

346

00:12:46,629 --> 00:12:44,800

that's correct then great point from

347

00:12:48,310 --> 00:12:46,639

from gerrymandering to be honest it's

348

00:12:50,550 --> 00:12:48,320

interesting i have to give that plaudits

349

00:12:53,030 --> 00:12:50,560

dan something i asked you earlier today

350

00:12:55,430 --> 00:12:53,040

i sent you a voice memo didn't i saying

351
00:12:57,910 --> 00:12:55,440
this might be a stupid question however

352
00:13:00,870 --> 00:12:57,920
is how i caveated it we were talking in

353
00:13:02,470 --> 00:13:00,880
the uap media group and you guys were

354
00:13:05,910 --> 00:13:02,480
mentioning that that looked like the

355
00:13:08,949 --> 00:13:05,920
object had traveled anything from 50 or

356
00:13:11,910 --> 00:13:08,959
5 sorry to 20 miles in total

357
00:13:13,990 --> 00:13:11,920
my question to you was why on the

358
00:13:17,110 --> 00:13:14,000
the face of this you can see the speed

359
00:13:19,750 --> 00:13:17,120
tends to go anything from 1890 to up to

360
00:13:21,750 --> 00:13:19,760
200 miles per hour at some point

361
00:13:24,069 --> 00:13:21,760
why is it travelled such a short

362
00:13:26,150 --> 00:13:24,079
distance then because it looks like to

363
00:13:28,069 --> 00:13:26,160

the naked eye the object is traveling

364

00:13:30,949 --> 00:13:28,079

from like right to left

365

00:13:33,269 --> 00:13:30,959

being tracked and moving at a speed so

366

00:13:35,430 --> 00:13:33,279

worst case scenario i do some very

367

00:13:37,269 --> 00:13:35,440

very rough maths in my head and i think

368

00:13:39,990 --> 00:13:37,279

if it's 40 minutes that's two thirds of

369

00:13:41,910 --> 00:13:40,000

an hour and let's take the 100 mile an

370

00:13:44,230 --> 00:13:41,920

hour as an average then that must be

371

00:13:47,030 --> 00:13:44,240

going about that must have traveled 60

372

00:13:49,269 --> 00:13:47,040

70 miles in that time why is it traveled

373

00:13:50,949 --> 00:13:49,279

such a short distance when it's meant to

374

00:13:52,870 --> 00:13:50,959

be going such

375

00:13:54,870 --> 00:13:52,880

fast speeds and they're not incredible

376

00:13:56,150 --> 00:13:54,880

speeds they're not it's not two thousand

377

00:13:58,470 --> 00:13:56,160

miles an hour it's not ten thousand

378

00:14:00,829 --> 00:13:58,480

miles an hour it's relatively

379

00:14:03,110 --> 00:14:00,839

comfortable speeds for a drone or an

380

00:14:04,069 --> 00:14:03,120

aircraft why is it traveled such a short

381

00:14:06,470 --> 00:14:04,079

distance

382

00:14:08,389 --> 00:14:06,480

well one one of the strange things about

383

00:14:11,110 --> 00:14:08,399

the object is that it slows down and

384

00:14:13,430 --> 00:14:11,120

speeds up throughout the video so that

385

00:14:15,590 --> 00:14:13,440

speed is going to be changing so though

386

00:14:17,590 --> 00:14:15,600

it may reach you know 200 miles an hour

387

00:14:19,509 --> 00:14:17,600

or 150 miles an hour of whatever's being

388

00:14:21,590 --> 00:14:19,519

cited it doesn't necessarily mean it was

389

00:14:23,990 --> 00:14:21,600

that doing that speed for longer than 20

390

00:14:25,590 --> 00:14:24,000

seconds say um you know they're just

391

00:14:27,910 --> 00:14:25,600

doing essentially what you're doing is

392

00:14:31,189 --> 00:14:27,920

just calculating uh what is a distance

393

00:14:33,030 --> 00:14:31,199

equal speed over time um and

394

00:14:36,790 --> 00:14:33,040

they just have a different map

395

00:14:38,389 --> 00:14:36,800

essentially for for what it's doing um

396

00:14:40,790 --> 00:14:38,399

looking at the flight path of the plane

397

00:14:43,590 --> 00:14:40,800

as well you can see that the plane is

398

00:14:46,310 --> 00:14:43,600

kind of comes back on itself and and

399

00:14:48,389 --> 00:14:46,320

you know it changes direction so

400

00:14:50,389 --> 00:14:48,399

where's the video looks like it's just

401
00:14:52,069 --> 00:14:50,399
along one track that's not necessarily

402
00:14:54,710 --> 00:14:52,079
the case so

403
00:14:55,910 --> 00:14:54,720
it might be that the object

404
00:14:57,350 --> 00:14:55,920
isn't going the way that you

405
00:14:59,030 --> 00:14:57,360
instinctively think it's going in the

406
00:15:00,550 --> 00:14:59,040
video but that'll come out with more

407
00:15:02,550 --> 00:15:00,560
analysis

408
00:15:06,470 --> 00:15:02,560
i've seen people online say that it

409
00:15:10,150 --> 00:15:06,480
could be a zip wire for drug mails

410
00:15:12,949 --> 00:15:10,160
do drug mules have zip wires that long

411
00:15:14,949 --> 00:15:12,959
on the border now we're talking a multi

412
00:15:17,030 --> 00:15:14,959
multi multi million potential billion

413
00:15:19,030 --> 00:15:17,040

dollar industry here trafficking drugs

414

00:15:20,949 --> 00:15:19,040

over the borders so i'm not saying that

415

00:15:23,030 --> 00:15:20,959

they couldn't but is that likely given

416

00:15:23,910 --> 00:15:23,040

what we see in this video

417

00:15:25,750 --> 00:15:23,920

um

418

00:15:27,110 --> 00:15:25,760

i mean i don't know i i've not heard of

419

00:15:29,509 --> 00:15:27,120

that being used before it doesn't mean

420

00:15:32,150 --> 00:15:29,519

there isn't i i've been on the highest

421

00:15:34,310 --> 00:15:32,160

and longest zip wire in in wales uh with

422

00:15:35,990 --> 00:15:34,320

a bag of fentanyl no no fans at all

423

00:15:39,430 --> 00:15:36,000

though

424

00:15:41,110 --> 00:15:39,440

just me um and

425

00:15:43,189 --> 00:15:41,120

it i don't know it it just strikes me

426

00:15:44,790 --> 00:15:43,199

you'd be able to pick that up on some

427

00:15:46,310 --> 00:15:44,800

kind of system you know the metal of the

428

00:15:48,389 --> 00:15:46,320

wire would reflect something like that

429

00:15:50,389 --> 00:15:48,399

it would get worn down over time you

430

00:15:51,910 --> 00:15:50,399

you'd pick that kind of thing up i think

431

00:15:53,430 --> 00:15:51,920

the the border patrol would see the

432

00:15:55,189 --> 00:15:53,440

safety guy standing on the platform

433

00:15:57,269 --> 00:15:55,199

making sure it was all

434

00:15:59,189 --> 00:15:57,279

done properly and it conformed and yeah

435

00:16:01,110 --> 00:15:59,199

and i mean instructional video it's all

436

00:16:03,509 --> 00:16:01,120

good at being invisible until the border

437

00:16:05,590 --> 00:16:03,519

patrol plane flies into it right yeah

438

00:16:08,069 --> 00:16:05,600

exactly yeah that's so for me this is

439

00:16:09,590 --> 00:16:08,079

why i think surely doesn't wash with the

440

00:16:12,310 --> 00:16:09,600

the length of time and distance i would

441

00:16:14,069 --> 00:16:12,320

get a very short zip wire but surely not

442

00:16:16,150 --> 00:16:14,079

something traveling that that kind of

443

00:16:17,990 --> 00:16:16,160

length either um anything else for you

444

00:16:19,749 --> 00:16:18,000

again you'd want to kind of vary up your

445

00:16:21,350 --> 00:16:19,759

path if you were bringing drugs over the

446

00:16:24,389 --> 00:16:21,360

border too you wouldn't kind of use the

447

00:16:25,749 --> 00:16:24,399

same thing repeatedly exactly yeah um so

448

00:16:27,749 --> 00:16:25,759

yeah it just drives me as a good way of

449

00:16:29,269 --> 00:16:27,759

getting caught doing that yeah and

450

00:16:32,790 --> 00:16:29,279

anything else for you dan on the video

451

00:16:35,990 --> 00:16:32,800

that stands out before we move on

452

00:16:38,470 --> 00:16:36,000

not especially i feel like we've covered

453

00:16:40,790 --> 00:16:38,480

everything i'd recommend you know people

454

00:16:43,269 --> 00:16:40,800

always ask for a chain of custody um if

455

00:16:46,710 --> 00:16:43,279

you do have a video like this don't just

456

00:16:48,069 --> 00:16:46,720

splurge it on social media um you know

457

00:16:50,230 --> 00:16:48,079

talk to

458

00:16:51,910 --> 00:16:50,240

some some of the reputable people in in

459

00:16:53,269 --> 00:16:51,920

the community and they'll kind of set

460

00:16:57,110 --> 00:16:53,279

you right and help help get you the

461

00:16:58,150 --> 00:16:57,120

right contacts and the analysis done um

462

00:16:59,829 --> 00:16:58,160

and

463

00:17:01,910 --> 00:16:59,839

don't don't tell people it's amazing in

464

00:17:03,590 --> 00:17:01,920

hd before they've seen it because you

465

00:17:04,789 --> 00:17:03,600

know big hype big let down every single

466

00:17:07,510 --> 00:17:04,799

time

467

00:17:09,909 --> 00:17:07,520

yeah that's it so um again thank you to

468

00:17:11,750 --> 00:17:09,919

andy and uh it's appreciated getting

469

00:17:13,829 --> 00:17:11,760

this out and for me and i'm sure for

470

00:17:15,429 --> 00:17:13,839

yourself then we are looking forward to

471

00:17:18,470 --> 00:17:15,439

the the next step which would be that

472

00:17:21,110 --> 00:17:18,480

analysis but i think absolutely we can

473

00:17:22,949 --> 00:17:21,120

enjoy talking about this stuff and and

474

00:17:25,270 --> 00:17:22,959

looking at it taking it for what it's

475

00:17:27,110 --> 00:17:25,280

worth and again i think we're lucky to

476

00:17:27,909 --> 00:17:27,120

live in a time where we get stuff like

477

00:17:30,630 --> 00:17:27,919

this

478

00:17:33,029 --> 00:17:30,640

uh coming out so it's it's another

479

00:17:34,710 --> 00:17:33,039

source isn't it because jeremy carbell

480

00:17:37,110 --> 00:17:34,720

rightly or wrongly was getting slated

481

00:17:39,350 --> 00:17:37,120

for some of his releases and hyping and

482

00:17:41,990 --> 00:17:39,360

i suppose it was nice to see

483

00:17:43,430 --> 00:17:42,000

slightly left field someone out of the

484

00:17:45,510 --> 00:17:43,440

blue you know

485

00:17:46,789 --> 00:17:45,520

i've got a video here it is and yeah you

486

00:17:48,710 --> 00:17:46,799

know what at the end of the day they

487

00:17:51,110 --> 00:17:48,720

seem to have come through with a genuine

488

00:17:53,029 --> 00:17:51,120

video from the dhs so

489

00:17:55,110 --> 00:17:53,039

yeah that's true that's fair play

490

00:17:56,870 --> 00:17:55,120

i take it down you still right now do

491

00:17:57,830 --> 00:17:56,880

you lean on the side of

492

00:17:59,590 --> 00:17:57,840

nothing

493

00:18:01,590 --> 00:17:59,600

anomalous for you

494

00:18:04,630 --> 00:18:01,600

i'm i'm happy letting the unknown plate

495

00:18:07,110 --> 00:18:04,640

spin for a bit um like you say wait for

496

00:18:08,870 --> 00:18:07,120

the seu analysis i don't really know

497

00:18:10,950 --> 00:18:08,880

what i'm looking at and anyone that

498

00:18:12,710 --> 00:18:10,960

tells you they do is

499

00:18:14,789 --> 00:18:12,720

just ignore them

500

00:18:17,270 --> 00:18:14,799

ignore everything i've said for the past

501
00:18:19,110 --> 00:18:17,280
quarter of an hour the the unknown uh

502
00:18:21,909 --> 00:18:19,120
plate the spinning plate down but who's

503
00:18:23,270 --> 00:18:21,919
spinning the plate that's the question

504
00:18:25,909 --> 00:18:23,280
who is the plate

505
00:18:27,590 --> 00:18:25,919
yeah who has the plate so um yeah again

506
00:18:29,750 --> 00:18:27,600
thank you again today falch for very

507
00:18:31,350 --> 00:18:29,760
quickly breaking that down as well and

508
00:18:33,190 --> 00:18:31,360
we will put dave's

509
00:18:35,270 --> 00:18:33,200
link for his youtube in the description

510
00:18:37,590 --> 00:18:35,280
for you to check that out too

511
00:18:39,750 --> 00:18:37,600
um we've talked how last month in san

512
00:18:41,909 --> 00:18:39,760
marino there was bid conference that is

513
00:18:43,190 --> 00:18:41,919

hoping or hopefully going to be yearly

514

00:18:45,750 --> 00:18:43,200

as well

515

00:18:49,510 --> 00:18:45,760

just in 24 hours as we record this not

516

00:18:52,870 --> 00:18:49,520

even that tomorrow october 8th 2021 uh

517

00:18:55,430 --> 00:18:52,880

till october 10th at the hotel novotel

518

00:18:57,990 --> 00:18:55,440

in barcelona there are three days of

519

00:19:00,390 --> 00:18:58,000

science and spirituality an opening to

520

00:19:03,510 --> 00:19:00,400

consciousness and a unique event it is a

521

00:19:05,350 --> 00:19:03,520

world ufo congress going on in barcelona

522

00:19:07,190 --> 00:19:05,360

dan is it just me or to this one can i

523

00:19:08,310 --> 00:19:07,200

sneak up on people

524

00:19:10,390 --> 00:19:08,320

um

525

00:19:13,510 --> 00:19:10,400

yeah i mean these things tend to have a

526

00:19:15,909 --> 00:19:13,520

habit of doing that i'm i'm

527

00:19:18,789 --> 00:19:15,919

living in the rainy uk right now i'd i'd

528

00:19:20,470 --> 00:19:18,799

like to go to the ufo conference

529

00:19:22,310 --> 00:19:20,480

in barcelona that is

530

00:19:24,950 --> 00:19:22,320

yeah it'll be nice out there and some of

531

00:19:26,870 --> 00:19:24,960

the names attending uh avi loeb uh

532

00:19:28,789 --> 00:19:26,880

jacques vallee paola harris they'll be

533

00:19:30,870 --> 00:19:28,799

discussing the trinity event i'm sure

534

00:19:32,710 --> 00:19:30,880

members of isar gary hesseltones out

535

00:19:35,110 --> 00:19:32,720

there and there will be other names as

536

00:19:36,150 --> 00:19:35,120

well not necessarily that i am familiar

537

00:19:38,789 --> 00:19:36,160

with but

538

00:19:41,909 --> 00:19:38,799

it seems to be quite a mix of names i

539

00:19:44,070 --> 00:19:41,919

suppose for me what gets interesting is

540

00:19:45,350 --> 00:19:44,080

there's a lot of people at this event

541

00:19:46,789 --> 00:19:45,360

where

542

00:19:48,470 --> 00:19:46,799

i i don't want i don't want to

543

00:19:50,150 --> 00:19:48,480

pigeonhole the whole loving light stuff

544

00:19:51,669 --> 00:19:50,160

but there's a lot of people who are into

545

00:19:53,990 --> 00:19:51,679

that

546

00:19:56,390 --> 00:19:54,000

side of it this really spiritual side of

547

00:19:58,549 --> 00:19:56,400

of things and you know entities and

548

00:20:00,070 --> 00:19:58,559

consciousness are these are these the

549

00:20:02,630 --> 00:20:00,080

real living like people or the ones that

550

00:20:04,470 --> 00:20:02,640

get angry when you say things about them

551

00:20:07,350 --> 00:20:04,480

i believe these are the the ironically

552

00:20:11,029 --> 00:20:08,870

and that's that's their bag which is

553

00:20:11,830 --> 00:20:11,039

more power to them but you've also then

554

00:20:14,149 --> 00:20:11,840

got

555

00:20:15,750 --> 00:20:14,159

a really serious scientist like avi love

556

00:20:18,549 --> 00:20:15,760

involved you've got jacques vallee

557

00:20:21,830 --> 00:20:18,559

involved as well you've got people

558

00:20:23,990 --> 00:20:21,840

representing icer they are too so it's

559

00:20:25,510 --> 00:20:24,000

it's quite a mix isn't it than what you

560

00:20:27,830 --> 00:20:25,520

would maybe normally get at some of

561

00:20:29,830 --> 00:20:27,840

these events and is that

562

00:20:31,110 --> 00:20:29,840

for me it's a positive sign that of the

563

00:20:33,350 --> 00:20:31,120

spin and how

564

00:20:39,029 --> 00:20:33,360

the

565

00:20:41,270 --> 00:20:39,039

that a good thing for you yeah yeah

566

00:20:43,830 --> 00:20:41,280

absolutely um you know the fact that avi

567

00:20:46,070 --> 00:20:43,840

loeb is there and can mix with valet and

568

00:20:47,110 --> 00:20:46,080

paula harris and the members of isa you

569

00:20:48,789 --> 00:20:47,120

know the

570

00:20:50,950 --> 00:20:48,799

the presentations might not be people's

571

00:20:52,710 --> 00:20:50,960

bags but the people present in the same

572

00:20:54,789 --> 00:20:52,720

location and the conversations they'll

573

00:20:56,789 --> 00:20:54,799

have behind closed doors could amount to

574

00:20:58,549 --> 00:20:56,799

some really cool things

575

00:21:00,870 --> 00:20:58,559

absolutely and again you never know who

576
00:21:02,549 --> 00:21:00,880
else is there that isn't necessarily

577
00:21:04,710 --> 00:21:02,559
named especially when they're being held

578
00:21:07,669 --> 00:21:04,720
in europe i think this is a real

579
00:21:10,470 --> 00:21:07,679
positive that if you've got people like

580
00:21:12,630 --> 00:21:10,480
paolo gazadi who is one of the head guys

581
00:21:14,470 --> 00:21:12,640
heading up project titan you've got the

582
00:21:16,310 --> 00:21:14,480
potential for you know tim mcmillan's i

583
00:21:19,110 --> 00:21:16,320
don't know if he's attending but people

584
00:21:21,430 --> 00:21:19,120
who are based far more locally to

585
00:21:23,669 --> 00:21:21,440
to europe than they are to the us

586
00:21:25,990 --> 00:21:23,679
can get together and talk at these

587
00:21:27,430 --> 00:21:26,000
events you can get your loyalists

588
00:21:29,909 --> 00:21:27,440

heading i don't think he's at this one

589

00:21:31,990 --> 00:21:29,919

particularly i know he's not but you can

590

00:21:34,630 --> 00:21:32,000

get people like that attending events

591

00:21:36,710 --> 00:21:34,640

and meeting new faces new people new

592

00:21:38,070 --> 00:21:36,720

politicians new officials

593

00:21:39,510 --> 00:21:38,080

that

594

00:21:41,430 --> 00:21:39,520

they can meet in a safe place and have

595

00:21:43,110 --> 00:21:41,440

these discussions and you don't know

596

00:21:45,350 --> 00:21:43,120

what comes of it so it's no longer

597

00:21:46,950 --> 00:21:45,360

necessarily just an event you know you

598

00:21:49,029 --> 00:21:46,960

can attend the event again we'll put the

599

00:21:50,789 --> 00:21:49,039

link in the description and it's a

600

00:21:52,390 --> 00:21:50,799

virtual event as well so by a lot of

601
00:21:53,990 --> 00:21:52,400
good talks available you can buy them

602
00:21:55,190 --> 00:21:54,000
separately nothing we're affiliated with

603
00:21:56,390 --> 00:21:55,200
it's just you know

604
00:21:58,470 --> 00:21:56,400
these things are getting back up and

605
00:22:00,710 --> 00:21:58,480
running which is great but

606
00:22:02,870 --> 00:22:00,720
it's what could come of these now

607
00:22:05,990 --> 00:22:02,880
because there's a different set of eyes

608
00:22:07,830 --> 00:22:06,000
on them there's a different interest and

609
00:22:09,430 --> 00:22:07,840
like what we're seeing with the

610
00:22:10,630 --> 00:22:09,440
interview i've just done with cut dry

611
00:22:13,350 --> 00:22:10,640
mongol which we'll talk about in a

612
00:22:15,750 --> 00:22:13,360
little bit um there are different years

613
00:22:17,590 --> 00:22:15,760

and eyes now focusing on the subject and

614

00:22:19,909 --> 00:22:17,600

events like this could take on a whole

615

00:22:21,750 --> 00:22:19,919

different meaning so it's it's exciting

616

00:22:23,110 --> 00:22:21,760

um i'm i'm looking forward to see if

617

00:22:25,590 --> 00:22:23,120

anything comes of this because we

618

00:22:26,870 --> 00:22:25,600

expected nothing really from san marino

619

00:22:29,830 --> 00:22:26,880

and look what happened off the back of

620

00:22:31,909 --> 00:22:29,840

that yeah absolutely we're in um

621

00:22:33,830 --> 00:22:31,919

explosive times with this subject you

622

00:22:35,669 --> 00:22:33,840

know things that feel like small steps

623

00:22:38,070 --> 00:22:35,679

in the community actually when viewed in

624

00:22:39,110 --> 00:22:38,080

hindsight that this is kind of we're on

625

00:22:41,270 --> 00:22:39,120

a mountain

626
00:22:43,750 --> 00:22:41,280
yeah and we said before i think if you

627
00:22:46,149 --> 00:22:43,760
can just take a step back these things

628
00:22:47,909 --> 00:22:46,159
don't happen overnight when you look at

629
00:22:50,950 --> 00:22:47,919
the the recent bills going through the

630
00:22:52,870 --> 00:22:50,960
the senate for approval and the uap task

631
00:22:54,630 --> 00:22:52,880
force stuff it wasn't a case of within a

632
00:22:55,669 --> 00:22:54,640
few weeks these conversations were had

633
00:22:57,270 --> 00:22:55,679
and boom

634
00:22:59,270 --> 00:22:57,280
overnight it was it was in the halls of

635
00:23:01,430 --> 00:22:59,280
government these things happened six

636
00:23:04,070 --> 00:23:01,440
months before and nine months before and

637
00:23:05,990 --> 00:23:04,080
in meetings at someone's house or

638
00:23:08,230 --> 00:23:06,000

you know via an email sent to someone

639

00:23:09,669 --> 00:23:08,240

through a third-party contact and they

640

00:23:11,190 --> 00:23:09,679

grow from there so this is another

641

00:23:13,350 --> 00:23:11,200

chance for that kind of stuff to to grow

642

00:23:15,590 --> 00:23:13,360

and blossom especially for those who

643

00:23:17,590 --> 00:23:15,600

really feel that this should be an

644

00:23:19,669 --> 00:23:17,600

international effort that's that's what

645

00:23:21,990 --> 00:23:19,679

excites me and hopefully we get to see

646

00:23:24,230 --> 00:23:22,000

one of these held in the uk eventually

647

00:23:26,149 --> 00:23:24,240

as well if not then we'll just have to

648

00:23:28,630 --> 00:23:26,159

try and put one on ourselves eh

649

00:23:29,990 --> 00:23:28,640

yeah absolutely yeah if if all these

650

00:23:32,310 --> 00:23:30,000

people would like to come over for free

651

00:23:34,630 --> 00:23:32,320

dan and i will make coffee i'll i'll get

652

00:23:36,390 --> 00:23:34,640

the starbucks bought for people but i'll

653

00:23:39,590 --> 00:23:36,400

get the biscuits yeah i would love to

654

00:23:41,669 --> 00:23:39,600

see a series serious events like this

655

00:23:43,830 --> 00:23:41,679

or even more serious shall i say just

656

00:23:46,390 --> 00:23:43,840

for my own personal tastes being held in

657

00:23:49,990 --> 00:23:46,400

the uk with the right names attached as

658

00:23:53,990 --> 00:23:50,000

well and you're as well with five or six

659

00:23:57,110 --> 00:23:54,000

proper serious names as opposed to

660

00:23:58,950 --> 00:23:57,120

60 or 70 that just go for quantity over

661

00:24:00,310 --> 00:23:58,960

quality for for what you're looking to

662

00:24:02,390 --> 00:24:00,320

achieve but that's not to say you can't

663

00:24:03,669 --> 00:24:02,400

cover a wide range of subjects because

664

00:24:05,750 --> 00:24:03,679

there are people who have their

665

00:24:08,470 --> 00:24:05,760

interests and in various different

666

00:24:11,350 --> 00:24:08,480

aspects of the of the subject as well so

667

00:24:13,029 --> 00:24:11,360

yep that's the uh the world ufo congress

668

00:24:14,950 --> 00:24:13,039

starting uh tomorrow october 8th till

669

00:24:16,950 --> 00:24:14,960

october 10th in barcelona the links

670

00:24:20,070 --> 00:24:16,960

again are in the description

671

00:24:22,149 --> 00:24:20,080

uh similarly uh on october 19th i

672

00:24:24,710 --> 00:24:22,159

believe uh you can check again the links

673

00:24:27,029 --> 00:24:24,720

for this robert salas has been

674

00:24:28,789 --> 00:24:27,039

doing a crowdfunding effort to have

675

00:24:31,510 --> 00:24:28,799

another event at the press club dan

676

00:24:33,830 --> 00:24:31,520

hasn't he to do with the phenomenon the

677

00:24:35,990 --> 00:24:33,840

uaps and also nuclear weapons what are

678

00:24:37,510 --> 00:24:36,000

your thoughts on this

679

00:24:39,990 --> 00:24:37,520

well immediately

680

00:24:42,310 --> 00:24:40,000

you know people always think or say when

681

00:24:44,549 --> 00:24:42,320

this stuff happens um how is it

682

00:24:46,149 --> 00:24:44,559

different to last time and you kind of

683

00:24:49,590 --> 00:24:46,159

just touched on that we're in a very

684

00:24:51,510 --> 00:24:49,600

different environment now and i think

685

00:24:53,110 --> 00:24:51,520

if robert was to you know successfully

686

00:24:54,950 --> 00:24:53,120

put on this event i think he'd have a

687

00:24:57,590 --> 00:24:54,960

lot more attendance from mainstream

688

00:25:00,230 --> 00:24:57,600

journalists who want to know the history

689

00:25:01,990 --> 00:25:00,240

that he's so concisely put together you

690

00:25:04,710 --> 00:25:02,000

know from the mouths of the people that

691

00:25:06,230 --> 00:25:04,720

happened it it happened to and it's one

692

00:25:07,510 --> 00:25:06,240

of those events that you know what you

693

00:25:08,470 --> 00:25:07,520

were getting out there kind of saying

694

00:25:09,669 --> 00:25:08,480

that

695

00:25:11,669 --> 00:25:09,679

the future of

696

00:25:13,590 --> 00:25:11,679

uh ufology

697

00:25:15,830 --> 00:25:13,600

conferences could actually become a

698

00:25:18,870 --> 00:25:15,840

really serious meeting of the mind's

699

00:25:21,110 --> 00:25:18,880

endeavor going forward um this is kind

700

00:25:23,430 --> 00:25:21,120

of the tone that i think you were you

701

00:25:25,350 --> 00:25:23,440

were nudging toward right

702

00:25:26,789 --> 00:25:25,360

yeah so again if you look at the the

703

00:25:28,549 --> 00:25:26,799

article itself which was released

704

00:25:31,909 --> 00:25:28,559

through the national press club

705

00:25:34,230 --> 00:25:31,919

it is a news conference uap and nuclear

706

00:25:36,630 --> 00:25:34,240

weapons witness testimonies it's a panel

707

00:25:38,710 --> 00:25:36,640

of former u.s air force officers

708

00:25:40,950 --> 00:25:38,720

discussing their involvement with uap

709

00:25:44,950 --> 00:25:40,960

incidents at nuclear missile bases and

710

00:25:47,510 --> 00:25:44,960

test sites during the cold war era so we

711

00:25:49,750 --> 00:25:47,520

are talking real high ranking people

712

00:25:52,310 --> 00:25:49,760

mostly if not all exclusively no longer

713

00:25:54,390 --> 00:25:52,320

with the military who have had

714

00:25:57,909 --> 00:25:54,400

experiences of you know nuclear missiles

715

00:26:00,149 --> 00:25:57,919

being being messed about with by uap

716

00:26:03,029 --> 00:26:00,159

pretty intense subject very interesting

717

00:26:05,909 --> 00:26:03,039

very sensitive and it starts at 9am on

718

00:26:08,149 --> 00:26:05,919

tuesday october 19th um

719

00:26:09,830 --> 00:26:08,159

i don't know if that's 9am pacific time

720

00:26:11,350 --> 00:26:09,840

eastern time i've not got that

721

00:26:14,950 --> 00:26:11,360

information but you can check it out on

722

00:26:16,950 --> 00:26:14,960

the the press.org website as well um

723

00:26:19,029 --> 00:26:16,960

there will be media and attendance but

724

00:26:21,430 --> 00:26:19,039

they all are there via invite only so

725

00:26:24,390 --> 00:26:21,440

it's credentialed media specified guests

726
00:26:26,630 --> 00:26:24,400
and congressional staff i'm just gonna

727
00:26:28,230 --> 00:26:26,640
jump in there with a recommendation for

728
00:26:31,190 --> 00:26:28,240
a documentary people watch that's kind

729
00:26:33,510 --> 00:26:31,200
of to do with this but kind of not um

730
00:26:35,430 --> 00:26:33,520
it's about uh it's called the man who

731
00:26:39,110 --> 00:26:35,440
saved the world about a gentleman called

732
00:26:40,950 --> 00:26:39,120
stannislav petrov and he he basically

733
00:26:44,070 --> 00:26:40,960
was one of the guys

734
00:26:45,029 --> 00:26:44,080
at the launch button when a false launch

735
00:26:46,070 --> 00:26:45,039
was

736
00:26:47,990 --> 00:26:46,080
happening

737
00:26:49,510 --> 00:26:48,000
and he he doesn't say that his event

738
00:26:52,549 --> 00:26:49,520

involved the uap

739

00:26:54,390 --> 00:26:52,559

it really doesn't matter but watching

740

00:26:56,390 --> 00:26:54,400

that documentary and watching him

741

00:26:57,909 --> 00:26:56,400

recount those seconds and what was going

742

00:27:00,230 --> 00:26:57,919

through his mind what could happen if

743

00:27:02,549 --> 00:27:00,240

that missile launched it really drives

744

00:27:03,990 --> 00:27:02,559

home the importance of that connection

745

00:27:05,590 --> 00:27:04,000

and the importance of why we have to

746

00:27:07,269 --> 00:27:05,600

look at this

747

00:27:08,630 --> 00:27:07,279

yeah and you've got some people here

748

00:27:10,310 --> 00:27:08,640

that are willing to have that

749

00:27:11,830 --> 00:27:10,320

conversation again with a military

750

00:27:13,269 --> 00:27:11,840

background which many people do

751
00:27:15,750 --> 00:27:13,279
appreciate and like

752
00:27:18,230 --> 00:27:15,760
and i'm coming out and openly discussing

753
00:27:19,750 --> 00:27:18,240
this subject so this will be one worth

754
00:27:21,750 --> 00:27:19,760
looking at folks again if you check that

755
00:27:23,669 --> 00:27:21,760
out the link is in the description um

756
00:27:25,430 --> 00:27:23,679
good job done by robert salas with his

757
00:27:27,590 --> 00:27:25,440
crowdfunding well done to all those who

758
00:27:28,870 --> 00:27:27,600
donated as well and we'll see what comes

759
00:27:31,909 --> 00:27:28,880
with this in a couple of weeks and dan

760
00:27:34,149 --> 00:27:31,919
and i will report back on it as well

761
00:27:35,669 --> 00:27:34,159
dan final bit of news for the week

762
00:27:37,909 --> 00:27:35,679
before we mention a few different things

763
00:27:41,110 --> 00:27:37,919

ourselves chris mellon released a new

764

00:27:44,149 --> 00:27:41,120

blog today should congress create an osd

765

00:27:45,830 --> 00:27:44,159

office for uap issues now what i thought

766

00:27:48,149 --> 00:27:45,840

was really interesting reading this blog

767

00:27:50,230 --> 00:27:48,159

from from christopher mellon was we've

768

00:27:52,070 --> 00:27:50,240

been really happy and excited about the

769

00:27:53,830 --> 00:27:52,080

potential going for looking at these

770

00:27:55,669 --> 00:27:53,840

bills that we've talked about several

771

00:27:58,549 --> 00:27:55,679

times now dan that they're going to

772

00:28:00,470 --> 00:27:58,559

create a permanent uap office

773

00:28:03,350 --> 00:28:00,480

chris mellon i mean some may look at it

774

00:28:05,750 --> 00:28:03,360

almost negatively but makes a very valid

775

00:28:07,990 --> 00:28:05,760

point that we shouldn't necessarily see

776
00:28:08,870 --> 00:28:08,000
that as a win because we really should

777
00:28:10,710 --> 00:28:08,880
be

778
00:28:12,710 --> 00:28:10,720
wanting more from this

779
00:28:14,789 --> 00:28:12,720
and that is more in a sense of if it's

780
00:28:17,430 --> 00:28:14,799
going to be a permanent office like the

781
00:28:19,269 --> 00:28:17,440
ubp task force was that's two people

782
00:28:21,430 --> 00:28:19,279
sitting in a room with no time to do

783
00:28:23,830 --> 00:28:21,440
anything and he made the point if it was

784
00:28:25,990 --> 00:28:23,840
again two people in a room that was the

785
00:28:28,149 --> 00:28:26,000
staff their whole day would be taken up

786
00:28:29,750 --> 00:28:28,159
with meetings and chasing people up and

787
00:28:31,830 --> 00:28:29,760
they would have no time to do the actual

788
00:28:33,750 --> 00:28:31,840

work required to be done and chris

789

00:28:35,350 --> 00:28:33,760

mellon himself has said this needs to be

790

00:28:38,070 --> 00:28:35,360

an office that is

791

00:28:40,389 --> 00:28:38,080

made a part of an already existing

792

00:28:43,029 --> 00:28:40,399

organization within the us government

793

00:28:45,590 --> 00:28:43,039

that it's got a big budget big resources

794

00:28:47,750 --> 00:28:45,600

big staff and is taken seriously what

795

00:28:49,750 --> 00:28:47,760

what were your thoughts on this

796

00:28:51,750 --> 00:28:49,760

it was well firstly it's always nice to

797

00:28:53,430 --> 00:28:51,760

hear from christopher mellon he's one of

798

00:28:56,630 --> 00:28:53,440

these people who speaks very little and

799

00:28:57,990 --> 00:28:56,640

when he speaks you you listen right

800

00:28:59,510 --> 00:28:58,000

did i tell you chris is coming on the

801
00:29:01,590 --> 00:28:59,520
podcast soon

802
00:29:03,669 --> 00:29:01,600
are you going to make my head blow up no

803
00:29:05,510 --> 00:29:03,679
i i really want to say that

804
00:29:07,430 --> 00:29:05,520
one day and i will but that's that is

805
00:29:08,549 --> 00:29:07,440
that is my christmas wish list that you

806
00:29:10,310 --> 00:29:08,559
you would have just had a minute of

807
00:29:11,750 --> 00:29:10,320
silence when my drone was dropped open

808
00:29:13,830 --> 00:29:11,760
unless you watch on youtube it would

809
00:29:15,669 --> 00:29:13,840
just sound like an error just in the off

810
00:29:18,470 --> 00:29:15,679
chance someone nudges us chris far

811
00:29:21,430 --> 00:29:18,480
melon's way i among with every other

812
00:29:23,590 --> 00:29:21,440
youtuber or podcaster or whoever would

813
00:29:25,510 --> 00:29:23,600

love to speak to chris melon and yeah i

814

00:29:27,269 --> 00:29:25,520

would i would do a 40m interview for 10

815

00:29:30,070 --> 00:29:27,279

minutes of chris's time so yeah that's

816

00:29:32,070 --> 00:29:30,080

that's the high regard i hold them in

817

00:29:34,070 --> 00:29:32,080

it that that kind of speaks to the point

818

00:29:35,110 --> 00:29:34,080

i'm going to make actually when i read

819

00:29:36,950 --> 00:29:35,120

that

820

00:29:38,230 --> 00:29:36,960

blog post i thought to myself who is

821

00:29:41,909 --> 00:29:38,240

this for

822

00:29:44,070 --> 00:29:41,919

no i don't think so

823

00:29:48,549 --> 00:29:44,080

i don't think this is a coincidence that

824

00:29:51,350 --> 00:29:49,990

not long after those bills have

825

00:29:53,269 --> 00:29:51,360

progressed

826

00:29:55,029 --> 00:29:53,279

you know on their way to becoming law i

827

00:29:56,789 --> 00:29:55,039

think what we're seeing is essentially

828

00:29:59,029 --> 00:29:56,799

chris arguing the points of what should

829

00:30:00,870 --> 00:29:59,039

be included in such a bill for the

830

00:30:03,029 --> 00:30:00,880

people who are currently deciding that

831

00:30:05,269 --> 00:30:03,039

behind closed doors i think that's what

832

00:30:08,789 --> 00:30:05,279

this is and and

833

00:30:09,990 --> 00:30:08,799

i was happy to hear him say

834

00:30:11,590 --> 00:30:10,000

basically

835

00:30:13,590 --> 00:30:11,600

the problem has been all the information

836

00:30:15,190 --> 00:30:13,600

has been siloed we need to not do that

837

00:30:16,789 --> 00:30:15,200

again if we create the organization

838

00:30:18,710 --> 00:30:16,799

inside one of those silos it's going to

839

00:30:20,630 --> 00:30:18,720

have limited information it needs to be

840

00:30:22,870 --> 00:30:20,640

one of the head of the hydra you know it

841

00:30:24,149 --> 00:30:22,880

can't be one of the feats so to speak

842

00:30:25,830 --> 00:30:24,159

yeah it was it was some really good

843

00:30:27,029 --> 00:30:25,840

points again like i said previously

844

00:30:29,269 --> 00:30:27,039

we'll put the the links in the

845

00:30:31,190 --> 00:30:29,279

description as well chris mellon posted

846

00:30:32,909 --> 00:30:31,200

it on his various social media accounts

847

00:30:35,510 --> 00:30:32,919

too you can check out on

848

00:30:37,110 --> 00:30:35,520

christophermellon.net but it's a very

849

00:30:39,430 --> 00:30:37,120

valid point that you should almost you

850

00:30:41,029 --> 00:30:39,440

know accept your accept your win but you

851
00:30:43,029 --> 00:30:41,039
have to keep moving forward with us and

852
00:30:45,110 --> 00:30:43,039
if you just accept that we've got an

853
00:30:47,269 --> 00:30:45,120
office potentially being set up

854
00:30:49,909 --> 00:30:47,279
brilliant no we've got an office being

855
00:30:52,710 --> 00:30:49,919
set up but we need to make sure as best

856
00:30:54,870 --> 00:30:52,720
we can or those who have the the ability

857
00:30:57,269 --> 00:30:54,880
and the power to do so it's the best it

858
00:30:59,590 --> 00:30:57,279
can be and if that can be 20 people

859
00:31:01,110 --> 00:30:59,600
instead of two amazing but if it can

860
00:31:03,590 --> 00:31:01,120
only be three or four people instead of

861
00:31:05,269 --> 00:31:03,600
two that's twice the staff that's what

862
00:31:06,710 --> 00:31:05,279
we need to be looking at and like chris

863
00:31:09,110 --> 00:31:06,720

mellon said and he knows where he's

864

00:31:11,269 --> 00:31:09,120

coming from um you know he's someone who

865

00:31:13,190 --> 00:31:11,279

has a massive involvement at least in

866

00:31:15,430 --> 00:31:13,200

the past with the intelligence community

867

00:31:17,110 --> 00:31:15,440

he knows what this needs to be and i'm

868

00:31:19,269 --> 00:31:17,120

sure has his colleagues like louis

869

00:31:21,750 --> 00:31:19,279

elizondo and others would absolutely

870

00:31:23,509 --> 00:31:21,760

echo those statements as well so yeah

871

00:31:25,590 --> 00:31:23,519

really good post people should check out

872

00:31:28,149 --> 00:31:25,600

that from from chris melon and i think

873

00:31:30,950 --> 00:31:28,159

you're you're spot on done that uh

874

00:31:33,029 --> 00:31:30,960

i'll i'll do it down and say absolutely

875

00:31:34,789 --> 00:31:33,039

you're correct that the

876

00:31:36,789 --> 00:31:34,799

this hasn't aimed at us

877

00:31:39,110 --> 00:31:36,799

this is put out there for us to see but

878

00:31:41,269 --> 00:31:39,120

chris is talking to some specific people

879

00:31:43,350 --> 00:31:41,279

when you see stuff like this so yep fair

880

00:31:44,310 --> 00:31:43,360

play and thank you to to chris melon for

881

00:31:48,389 --> 00:31:44,320

that

882

00:31:50,310 --> 00:31:48,399

things though to mention folks uh the

883

00:31:53,190 --> 00:31:50,320

interview with cut joy mungo is

884

00:31:55,830 --> 00:31:53,200

available now it is live on patreon.com

885

00:31:57,669 --> 00:31:55,840

forward slash that ufo podcast or if you

886

00:31:59,350 --> 00:31:57,679

sign up on apple premium you can still

887

00:32:01,509 --> 00:31:59,360

get a two week free trial just click the

888

00:32:03,750 --> 00:32:01,519

button and you'll be able to listen at

889

00:32:05,990 --> 00:32:03,760

early access and ad free to myself and

890

00:32:07,590 --> 00:32:06,000

cut chair mungo then you were the first

891

00:32:09,110 --> 00:32:07,600

person to listen to it

892

00:32:11,269 --> 00:32:09,120

i hadn't even listened to it i don't

893

00:32:13,669 --> 00:32:11,279

listen back to my interviews uh you

894

00:32:15,909 --> 00:32:13,679

enjoyed it i thoroughly enjoyed it it

895

00:32:17,590 --> 00:32:15,919

was a very very refreshing interview

896

00:32:19,110 --> 00:32:17,600

um

897

00:32:20,630 --> 00:32:19,120

more people like are going to be coming

898

00:32:22,149 --> 00:32:20,640

into this subject

899

00:32:24,789 --> 00:32:22,159

in the future

900

00:32:26,389 --> 00:32:24,799

so it's great to start hearing what they

901
00:32:28,149 --> 00:32:26,399
think about this

902
00:32:31,509 --> 00:32:28,159
i was going to say community but subject

903
00:32:33,269 --> 00:32:31,519
at large not really the community um

904
00:32:35,110 --> 00:32:33,279
self-reflection is good for all of us

905
00:32:37,669 --> 00:32:35,120
kind of carrying this message and trying

906
00:32:39,350 --> 00:32:37,679
to help people find the right stuff um

907
00:32:41,669 --> 00:32:39,360
amongst the

908
00:32:45,350 --> 00:32:41,679
muddy water

909
00:32:47,029 --> 00:32:45,360
and listen i'll be honest for me uh it's

910
00:32:48,870 --> 00:32:47,039
i'll thank kurt because it was a

911
00:32:50,389 --> 00:32:48,880
different type of interview for me and

912
00:32:53,190 --> 00:32:50,399
it's one that will definitely help and

913
00:32:55,029 --> 00:32:53,200

improve my skills interviewing people

914

00:32:56,789 --> 00:32:55,039

people ask i don't have a background in

915

00:32:59,590 --> 00:32:56,799

interviewing i haven't done this before

916

00:33:01,990 --> 00:32:59,600

i started the podcast um i'm just nosy

917

00:33:03,669 --> 00:33:02,000

and like asking questions and

918

00:33:06,070 --> 00:33:03,679

you listening to this seem to enjoy that

919

00:33:08,149 --> 00:33:06,080

so thanks and so again speaking to cart

920

00:33:09,830 --> 00:33:08,159

was a different experience for me he's a

921

00:33:11,990 --> 00:33:09,840

different mind he's a very different

922

00:33:13,750 --> 00:33:12,000

thinker to what i'm used to and it

923

00:33:16,070 --> 00:33:13,760

definitely made for an interesting

924

00:33:18,149 --> 00:33:16,080

conversation so i appreciated his time

925

00:33:20,070 --> 00:33:18,159

and check out his theories of everything

926
00:33:21,509 --> 00:33:20,080
youtube channel you know right at the

927
00:33:23,509 --> 00:33:21,519
start of the interview dan i called it

928
00:33:25,190 --> 00:33:23,519
the theory of everything and i could see

929
00:33:26,789 --> 00:33:25,200
in his face he was like ah you got it

930
00:33:29,590 --> 00:33:26,799
wrong but i mean that's the ultimate

931
00:33:32,630 --> 00:33:29,600
goal right just but i will say dan he

932
00:33:34,630 --> 00:33:32,640
called it the uf ufo podcast that year

933
00:33:35,990 --> 00:33:34,640
that's with ross so

934
00:33:38,389 --> 00:33:36,000
i will just say to car if you're

935
00:33:40,149 --> 00:33:38,399
listening we are even um

936
00:33:42,070 --> 00:33:40,159
even though it wasn't deliberate but

937
00:33:43,669 --> 00:33:42,080
yeah i i really enjoyed it and i look

938
00:33:45,669 --> 00:33:43,679

forward to speaking to kurt again in the

939

00:33:47,990 --> 00:33:45,679

future as he continues his journey and

940

00:33:49,830 --> 00:33:48,000

exploration of of this topic and subject

941

00:33:52,149 --> 00:33:49,840

and in a couple of weeks time curt has

942

00:33:54,230 --> 00:33:52,159

louis ondo back on for lou's longest

943

00:33:55,750 --> 00:33:54,240

ever interview so that'll be an

944

00:33:57,990 --> 00:33:55,760

interesting one as well am i right in

945

00:33:59,990 --> 00:33:58,000

thinking that's two and a half hours

946

00:34:02,230 --> 00:34:00,000

yeah two and a half hours so that'll be

947

00:34:04,070 --> 00:34:02,240

that'd be a good one i should have lou

948

00:34:06,310 --> 00:34:04,080

back on in the next couple of weeks for

949

00:34:08,069 --> 00:34:06,320

his second part of his listener question

950

00:34:09,829 --> 00:34:08,079

show so very much looking forward to

951
00:34:11,589 --> 00:34:09,839
that one at the last one was a massive

952
00:34:14,310 --> 00:34:11,599
success and people really seemed to take

953
00:34:16,710 --> 00:34:14,320
a lot from it um which which was great

954
00:34:19,349 --> 00:34:16,720
um you can also going forward folks on

955
00:34:21,589 --> 00:34:19,359
patreon.com if you sign up on the five

956
00:34:23,829 --> 00:34:21,599
dollar tier or above you will now get

957
00:34:25,750 --> 00:34:23,839
early access to upcoming interviews on

958
00:34:28,790 --> 00:34:25,760
youtube as well previously those have

959
00:34:31,829 --> 00:34:28,800
dropped on the night of the free audio

960
00:34:34,389 --> 00:34:31,839
releases but with the popularity and the

961
00:34:35,909 --> 00:34:34,399
the ask for it then myself and dan are

962
00:34:37,990 --> 00:34:35,919
striving to get those out as quickly as

963
00:34:40,430 --> 00:34:38,000

possible as well so you'll now get early

964

00:34:42,790 --> 00:34:40,440

access through a link we send you on

965

00:34:45,109 --> 00:34:42,800

patreon.com or you can sign up through

966

00:34:47,349 --> 00:34:45,119

youtube directly as a youtube member for

967

00:34:50,230 --> 00:34:47,359

the exact same benefit um as you would

968

00:34:52,710 --> 00:34:50,240

get on patreon with the video access

969

00:34:54,550 --> 00:34:52,720

uh and finally this saturday myself and

970

00:34:57,030 --> 00:34:54,560

graham rendell will be at the ufo

971

00:34:58,870 --> 00:34:57,040

minicon and preston i'm looking forward

972

00:35:01,030 --> 00:34:58,880

to this i i am just too stressed just

973

00:35:03,270 --> 00:35:01,040

attending as someone turning up with a

974

00:35:06,870 --> 00:35:03,280

ticket i am not a part of the conference

975

00:35:08,790 --> 00:35:06,880

um it's i just helped ash promote it as

976

00:35:10,790 --> 00:35:08,800

part of you know um the early days of

977

00:35:12,550 --> 00:35:10,800

him announcing it graham is even now

978

00:35:14,470 --> 00:35:12,560

stepping in to do a presentation due to

979

00:35:16,870 --> 00:35:14,480

a last-minute guest cancellation and

980

00:35:18,710 --> 00:35:16,880

i've got to say i am

981

00:35:21,109 --> 00:35:18,720

buzzing to see that graham will be now

982

00:35:23,430 --> 00:35:21,119

presenting at this because

983

00:35:25,910 --> 00:35:23,440

i think graham is uh

984

00:35:27,270 --> 00:35:25,920

absolutely underutilized untapped in

985

00:35:29,510 --> 00:35:27,280

this subject

986

00:35:31,270 --> 00:35:29,520

and uh i very much look forward to that

987

00:35:32,790 --> 00:35:31,280

grimes coming on the podcast next week

988

00:35:34,630 --> 00:35:32,800

for an interview

989

00:35:37,109 --> 00:35:34,640

and i look forward to that speaking

990

00:35:38,710 --> 00:35:37,119

about the foo fighters of world war ii

991

00:35:40,390 --> 00:35:38,720

and i think people who have bought a

992

00:35:42,390 --> 00:35:40,400

ticket for that event i believe it's

993

00:35:43,829 --> 00:35:42,400

almost sold out if not sold out now so

994

00:35:45,430 --> 00:35:43,839

check online if you are thinking about

995

00:35:46,950 --> 00:35:45,440

going they might still be able to

996

00:35:48,710 --> 00:35:46,960

squeeze you in you'll be able to meet

997

00:35:50,310 --> 00:35:48,720

myself and graham there as well say

998

00:35:51,990 --> 00:35:50,320

hello to everyone

999

00:35:54,390 --> 00:35:52,000

like where kanye and kim kardashian you

1000

00:35:56,310 --> 00:35:54,400

know actually they're divorced now

1001
00:35:57,750 --> 00:35:56,320
i am just graham chauffeur for the event

1002
00:35:59,589 --> 00:35:57,760
um we'll be there and be good to see

1003
00:36:01,829 --> 00:35:59,599
folks and just meet people in person

1004
00:36:04,470 --> 00:36:01,839
especially since the first time i

1005
00:36:06,710 --> 00:36:04,480
started the podcast being able to meet

1006
00:36:08,630 --> 00:36:06,720
people who are listening to the podcast

1007
00:36:11,510 --> 00:36:08,640
they'll be pretty cool yeah that's true

1008
00:36:14,710 --> 00:36:11,520
because you started in lockdown

1009
00:36:17,109 --> 00:36:14,720
yeah yeah may 2020 was the first episode

1010
00:36:19,430 --> 00:36:17,119
so wow very much looking forward to that

1011
00:36:21,270 --> 00:36:19,440
opportunity that it has flown by yeah

1012
00:36:23,190 --> 00:36:21,280
and lots more to come from the podcast

1013
00:36:24,310 --> 00:36:23,200

as well uh just a heads up folks

1014

00:36:26,630 --> 00:36:24,320

something you're going to see dropping

1015

00:36:28,710 --> 00:36:26,640

over the next couple of weeks

1016

00:36:31,670 --> 00:36:28,720

recently you have seen lots of talk

1017

00:36:33,589 --> 00:36:31,680

online from various experiencers people

1018

00:36:35,589 --> 00:36:33,599

having a frustration that their stories

1019

00:36:37,829 --> 00:36:35,599

aren't being heard out there in the

1020

00:36:39,910 --> 00:36:37,839

world of ufology and in the mainstream

1021

00:36:42,230 --> 00:36:39,920

particularly and it's caused a lot of

1022

00:36:44,069 --> 00:36:42,240

conversation back and forward as to how

1023

00:36:46,630 --> 00:36:44,079

and when the experience are part of this

1024

00:36:49,589 --> 00:36:46,640

phenomena should come into the the you

1025

00:36:52,310 --> 00:36:49,599

know the story or into the narrative

1026
00:36:54,390 --> 00:36:52,320
now i am going to be speaking to a few

1027
00:36:56,310 --> 00:36:54,400
different experiencers allowing them to

1028
00:36:58,230 --> 00:36:56,320
share their story i'm going to try and

1029
00:37:00,150 --> 00:36:58,240
make it less an interview with them and

1030
00:37:02,150 --> 00:37:00,160
allow them just the time to share their

1031
00:37:04,710 --> 00:37:02,160
story on the podcast and i'm going to be

1032
00:37:06,550 --> 00:37:04,720
releasing the the interviewers are

1033
00:37:09,109 --> 00:37:06,560
sharing separately so it's not going to

1034
00:37:11,190 --> 00:37:09,119
be a table or loads of people talking at

1035
00:37:12,870 --> 00:37:11,200
once or like a call-in format it's going

1036
00:37:14,790 --> 00:37:12,880
to be separate shows with people sharing

1037
00:37:16,390 --> 00:37:14,800
their story if that's how it's going to

1038
00:37:18,710 --> 00:37:16,400

work out so i look forward to that it's

1039

00:37:20,470 --> 00:37:18,720

something different for myself and i do

1040

00:37:22,870 --> 00:37:20,480

um really look forward to giving these

1041

00:37:24,710 --> 00:37:22,880

people a platform to share their stories

1042

00:37:25,670 --> 00:37:24,720

which absolutely deserve to be held

1043

00:37:27,910 --> 00:37:25,680

because

1044

00:37:29,670 --> 00:37:27,920

there are such a wide range of emotions

1045

00:37:30,470 --> 00:37:29,680

and experiences that these people go

1046

00:37:32,550 --> 00:37:30,480

through

1047

00:37:35,510 --> 00:37:32,560

um it's not just having a sighting i'm

1048

00:37:37,430 --> 00:37:35,520

not an experiencer i've seen some ufos

1049

00:37:38,790 --> 00:37:37,440

i've seen some things i can't explain or

1050

00:37:40,710 --> 00:37:38,800

at least i can explain but i don't know

1051

00:37:42,870 --> 00:37:40,720

what they are i'm not an experiencer

1052

00:37:45,510 --> 00:37:42,880

though these are people with true

1053

00:37:47,349 --> 00:37:45,520

sometimes regular experiences throughout

1054

00:37:48,710 --> 00:37:47,359

their whole lives and i look forward to

1055

00:37:50,390 --> 00:37:48,720

speaking with them and giving them the

1056

00:37:52,630 --> 00:37:50,400

platform to share their story

1057

00:37:55,270 --> 00:37:52,640

um i i won't spoil any of their stories

1058

00:37:56,790 --> 00:37:55,280

but i'd just like to add that the

1059

00:38:00,470 --> 00:37:56,800

stories when you hear them from

1060

00:38:02,310 --> 00:38:00,480

experiences are often much odder than

1061

00:38:05,349 --> 00:38:02,320

what is out there in the kind of

1062

00:38:07,589 --> 00:38:05,359

mainstream ufology you know it's not all

1063

00:38:09,670 --> 00:38:07,599

reptilians and mantises and greys there

1064

00:38:11,430 --> 00:38:09,680

are some much much more out there

1065

00:38:13,510 --> 00:38:11,440

stories

1066

00:38:15,670 --> 00:38:13,520

and dan that's all for us then so thank

1067

00:38:18,630 --> 00:38:15,680

you very much dan for joining me

1068

00:38:19,910 --> 00:38:18,640

thank you as always it's been fun it has

1069

00:38:22,470 --> 00:38:19,920

and folks if i don't see you this

1070

00:38:24,310 --> 00:38:22,480

saturday and preston at the ufo minicon

1071

00:38:26,470 --> 00:38:24,320

look forward to hearing your feedback on

1072

00:38:28,790 --> 00:38:26,480

the cut dry mungle interview which will

1073

00:38:31,510 --> 00:38:28,800

be coming up on the free feeds this

1074

00:38:33,030 --> 00:38:31,520

monday the 11th of october but remember

1075

00:38:34,950 --> 00:38:33,040

if you want to support myself and dan

1076

00:38:37,670 --> 00:38:34,960

support the podcast you can get early

1077

00:38:39,589 --> 00:38:37,680

1088

00:39:07,910 --> 00:39:05,280

in touch on twitter facebook instagram

1089

00:39:11,750 --> 00:39:07,920

that ufo podcast of course on twitter

1090

00:39:13,430 --> 00:39:11,760

it's at ufo uap am and again folks as

1091

00:39:15,780 --> 00:39:13,440

always keep looking up you never know

1092

00:39:36,310 --> 00:39:15,790

what you might see

1093

00:39:36,320 --> 00:39:42,140

is

1094

00:40:17,190 --> 00:39:58,860

[Music]

1095

00:40:27,000 --> 00:40:18,550

they thought this was noise they thought

1096

00:41:13,430 --> 00:40:41,380

[Music]

1097

00:41:21,430 --> 00:41:15,520

what's that is

1098

00:41:23,349 --> 00:41:21,440

[Music]

1099

00:41:30,160 --> 00:41:23,359

it wasn't a tic tac and not quite a

1100

00:41:30,170 --> 00:41:43,990

[Music]

1101

00:41:55,560 --> 00:41:46,040

that's

1102

00:42:01,230 --> 00:41:58,230

[Music]

1103

00:42:10,230 --> 00:42:01,240

so
