THEORIES OF EVERYTHING

1  
00:00:00,000 --> 00:00:05,510

[Music]

2  
00:00:08,710 --> 00:00:06,789

there's a whole fleet of them look on

3  
00:00:10,950 --> 00:00:08,720

the assay

4  
00:00:14,310 --> 00:00:10,960

oh my gosh they're all going against the

5  
00:00:18,950 --> 00:00:16,390

it was basically a cube with inside of

6  
00:00:23,940 --> 00:00:18,960

sphere where the points of the cube

7  
00:00:37,110 --> 00:00:33,200

[Music]

8  
00:00:38,709 --> 00:00:37,120

[Applause]

9  
00:00:40,950 --> 00:00:38,719

so this isn't anything that just is

10  
00:00:47,830 --> 00:00:40,960

limited to the united states it's a

11  
00:00:52,790 --> 00:00:50,549

hi everyone and welcome back to that ufo

12  
00:00:55,110 --> 00:00:52,800

podcast really looking forward to this

13  
00:00:57,350 --> 00:00:55,120

interview because i'm not speaking to

14

00:01:00,069 --> 00:00:57,360

someone who is necessarily famous for

15

00:01:01,590 --> 00:01:00,079

their ufo exploits or being a witness

16

00:01:03,670 --> 00:01:01,600

somewhere having worked in the military

17

00:01:06,469 --> 00:01:03,680

but i've got someone who has a a great

18

00:01:08,630 --> 00:01:06,479

mind a very inquisitive nature and is

19

00:01:10,469 --> 00:01:08,640

making a bit of their their own splash

20

00:01:12,550 --> 00:01:10,479

in the field of ufos through their own

21

00:01:14,870 --> 00:01:12,560

channel the theory of everything on

22

00:01:17,830 --> 00:01:14,880

youtube it's filmmaker

23

00:01:19,590 --> 00:01:17,840

mango how are we

24

00:01:21,429 --> 00:01:19,600

i am well how about you

25

00:01:23,990 --> 00:01:21,439

yeah i'm doing good have i pronounced

26

00:01:27,030 --> 00:01:24,000

your surname correctly kurt j mungle yep

27

00:01:32,069 --> 00:01:29,510

uh so dan is uh i've not let him come on

28

00:01:34,230 --> 00:01:32,079

uh he was not i was going to let him

29

00:01:37,109 --> 00:01:34,240

yeah he's uh editing uh a show we

30

00:01:39,510 --> 00:01:37,119

recorded today and our deadline for it's

31

00:01:41,749 --> 00:01:39,520

been brought forward so he he was just

32

00:01:43,429 --> 00:01:41,759

kind of leaving me to it um so he's

33

00:01:45,749 --> 00:01:43,439

going to look at this afterwards and do

34

00:01:46,710 --> 00:01:45,759

some editing and stuff forwards as well

35

00:01:48,149 --> 00:01:46,720

um

36

00:01:50,389 --> 00:01:48,159

i i thought he might have said to you so

37

00:01:52,069 --> 00:01:50,399

apologies for that kurt but i usually

38

00:01:53,830 --> 00:01:52,079

joke dan only comes on for the big

39

00:01:55,350 --> 00:01:53,840

guests he was very much looking forward

40

00:01:57,030 --> 00:01:55,360

to speaking to you and being on with you

41

00:01:59,030 --> 00:01:57,040

as well um so he's doing some of the

42

00:02:01,190 --> 00:01:59,040

hard work in the background great

43

00:02:03,030 --> 00:02:01,200

listen dan's helped me put together this

44

00:02:05,109 --> 00:02:03,040

interview because he is he's a big fan

45

00:02:07,270 --> 00:02:05,119

of yours he got me onto your podcast

46

00:02:09,430 --> 00:02:07,280

before i knew about it and uh and

47

00:02:11,270 --> 00:02:09,440

certainly gone from strength to strength

48

00:02:12,869 --> 00:02:11,280

before we do start to talk about the

49

00:02:14,790 --> 00:02:12,879

youtube channel i'd like to know a

50

00:02:16,470 --> 00:02:14,800

little bit more about yourself cut

51  
00:02:18,229 --> 00:02:16,480  
what's your background and what's got

52  
00:02:21,670 --> 00:02:18,239  
you to the point in life where you have

53  
00:02:24,630 --> 00:02:21,680  
this show and you're a filmmaker

54  
00:02:27,430 --> 00:02:24,640  
my background in this okay well there's

55  
00:02:28,790 --> 00:02:27,440  
a couple ways that can be taken

56  
00:02:31,030 --> 00:02:28,800  
i assume you don't care about my

57  
00:02:32,710 --> 00:02:31,040  
ethnicity but my background let's say my

58  
00:02:34,150 --> 00:02:32,720  
intellectual background is i went to

59  
00:02:35,589 --> 00:02:34,160  
university for math and physics i've

60  
00:02:36,790 --> 00:02:35,599  
always been interested in mathematics

61  
00:02:37,910 --> 00:02:36,800  
and physics

62  
00:02:43,589 --> 00:02:37,920  
that's my

63  
00:02:45,190 --> 00:02:43,599

filmmaking that came about while i was

64

00:02:46,869 --> 00:02:45,200

in university i used to do stand-up

65

00:02:48,869 --> 00:02:46,879

comedy and when you do stand-up you want

66

00:02:50,949 --> 00:02:48,879

to write scripts so then i wanted to get

67

00:02:54,550 --> 00:02:50,959

those scripts made went into filmmaking

68

00:02:56,790 --> 00:02:54,560

after graduating i abandoned

69

00:02:58,309 --> 00:02:56,800

pretty much all of mathematics and

70

00:03:00,229 --> 00:02:58,319

physics except

71

00:03:02,070 --> 00:03:00,239

the abstract thinking of it and then

72

00:03:03,589 --> 00:03:02,080

went into filmmaking

73

00:03:05,350 --> 00:03:03,599

but

74

00:03:06,630 --> 00:03:05,360

since i've been young i've always wanted

75

00:03:08,229 --> 00:03:06,640

to know there's something called the

76  
00:03:10,070 --> 00:03:08,239  
theory of everything and i'm sure many

77  
00:03:11,670 --> 00:03:10,080  
of your audience members already know

78  
00:03:14,149 --> 00:03:11,680  
what this is but if you're listening and

79  
00:03:18,149 --> 00:03:14,159  
you're unsure well it's a physics

80  
00:03:21,830 --> 00:03:19,910  
it's not quite settled exactly what it

81  
00:03:23,830 --> 00:03:21,840  
means but in its original

82  
00:03:26,070 --> 00:03:23,840  
conception it means how do you unify

83  
00:03:28,789 --> 00:03:26,080  
general general relativity with quantum

84  
00:03:31,589 --> 00:03:28,799  
field theory so it's essentially

85  
00:03:33,350 --> 00:03:31,599  
the laws the unifying laws of nature

86  
00:03:35,110 --> 00:03:33,360  
the reason why i say it's not

87  
00:03:37,110 --> 00:03:35,120  
quite settled is that it's not clear if

88  
00:03:38,630 --> 00:03:37,120

you can unify them if you should be

89

00:03:40,630 --> 00:03:38,640

unifying them it's not clear if the

90

00:03:42,550 --> 00:03:40,640

quest in physics should be one of

91

00:03:44,229 --> 00:03:42,560

increased symmetry perhaps what we

92

00:03:46,149 --> 00:03:44,239

should be looking for are breaking of

93

00:03:48,630 --> 00:03:46,159

symmetries and less and less symmetric

94

00:03:49,670 --> 00:03:48,640

this is Penrose Penrose actually argues

95

00:03:51,190 --> 00:03:49,680

for this

96

00:03:53,270 --> 00:03:51,200

and

97

00:03:55,030 --> 00:03:53,280

either way it's a physics terminology

98

00:03:56,789 --> 00:03:55,040

it's a physics term so

99

00:03:58,949 --> 00:03:56,799

one can take that physics term and then

100

00:04:00,390 --> 00:03:58,959

abstract it further to mean valtton

101  
00:04:02,869 --> 00:04:00,400  
which is what i say on the channel which

102  
00:04:04,390 --> 00:04:02,879  
is a german word and it means

103  
00:04:06,789 --> 00:04:04,400  
technically to them it simply means

104  
00:04:09,509 --> 00:04:06,799  
worldview but the way that i use it is

105  
00:04:11,589 --> 00:04:09,519  
to mean an all-encompassing worldview

106  
00:04:14,149 --> 00:04:11,599  
predicated in something called ontology

107  
00:04:16,069 --> 00:04:14,159  
so ontology is metaphysics

108  
00:04:18,550 --> 00:04:16,079  
think about someone like

109  
00:04:20,789 --> 00:04:18,560  
sam harris or peterson where you can

110  
00:04:22,870 --> 00:04:20,799  
bring up almost any phenomenon so like

111  
00:04:24,710 --> 00:04:22,880  
why is a cup why is this cup blue i

112  
00:04:27,590 --> 00:04:24,720  
think they'll have oh it's because the

113  
00:04:29,749 --> 00:04:27,600

edible mother and they have a vast

114

00:04:31,909 --> 00:04:29,759

explanation for it that ties into many

115

00:04:34,150 --> 00:04:31,919

facets of life yeah that is what i call

116

00:04:36,230 --> 00:04:34,160

a belt on show it's an entire philosophy

117

00:04:37,990 --> 00:04:36,240

we all have world views to live you have

118

00:04:39,749 --> 00:04:38,000

to have a world view you think you model

119

00:04:41,830 --> 00:04:39,759

the world but we don't all have belt on

120

00:04:44,310 --> 00:04:41,840

xiaohungs we don't all have cohesive

121

00:04:45,830 --> 00:04:44,320

coherent all-encompassing world views so

122

00:04:46,629 --> 00:04:45,840

i use theories of everything to mean

123

00:04:47,749 --> 00:04:46,639

that

124

00:04:50,790 --> 00:04:47,759

the

125

00:04:52,070 --> 00:04:50,800

question was well what's my background

126  
00:04:56,710 --> 00:04:52,080  
and

127  
00:04:58,550 --> 00:04:56,720  
since i started this channel i've

128  
00:05:01,670 --> 00:04:58,560  
expanded what it means to be a theory of

129  
00:05:04,230 --> 00:05:01,680  
everything into what i just mentioned

130  
00:05:06,469 --> 00:05:04,240  
and i appreciate that because you do

131  
00:05:08,950 --> 00:05:06,479  
truly encompass a lot of different areas

132  
00:05:11,670 --> 00:05:08,960  
within those topics of conversation and

133  
00:05:13,670 --> 00:05:11,680  
ufos is one that even the

134  
00:05:15,189 --> 00:05:13,680  
the most out there are celebrity

135  
00:05:17,430 --> 00:05:15,199  
scientists if you want to look at neil

136  
00:05:19,990 --> 00:05:17,440  
degrasse tyson or in the uk professor

137  
00:05:22,790 --> 00:05:20,000  
brian cox they they even try and stay

138  
00:05:25,110 --> 00:05:22,800

away from talking about ufos generally

139

00:05:26,870 --> 00:05:25,120

or getting too detailed in the subject

140

00:05:29,110 --> 00:05:26,880

but you really seem to have embraced it

141

00:05:31,350 --> 00:05:29,120

along with you talking about that theory

142

00:05:32,950 --> 00:05:31,360

of everything and i'm a layman i can't

143

00:05:35,029 --> 00:05:32,960

use the physics terminology and i won't

144

00:05:37,590 --> 00:05:35,039

even attempt to try in a german either

145

00:05:38,790 --> 00:05:37,600

but you you've dived in with some some

146

00:05:41,430 --> 00:05:38,800

names and

147

00:05:43,510 --> 00:05:41,440

really encompassed the topic of ufos and

148

00:05:46,070 --> 00:05:43,520

your conversation on it

149

00:05:48,150 --> 00:05:46,080

is there a moment that's struck you in

150

00:05:49,990 --> 00:05:48,160

recording and this doesn't have to be um

151

00:05:51,909 --> 00:05:50,000

related to ufos it can be anything this

152

00:05:54,230 --> 00:05:51,919

is one of dan's questions

153

00:05:56,550 --> 00:05:54,240

in your entirety of your youtube channel

154

00:05:58,950 --> 00:05:56,560

that stuck with you from from a

155

00:05:59,990 --> 00:05:58,960

particular guest

156

00:06:03,270 --> 00:06:00,000

more like

157

00:06:05,110 --> 00:06:03,280

i don't know if moments stuck with me

158

00:06:07,430 --> 00:06:05,120

you know

159

00:06:08,870 --> 00:06:07,440

something ross said

160

00:06:10,790 --> 00:06:08,880

recently which is that it could be us

161

00:06:14,309 --> 00:06:10,800

from the future now look if any

162

00:06:17,670 --> 00:06:16,309

there's so many paradoxes that come

163

00:06:21,189 --> 00:06:17,680

with time travel that you wouldn't

164

00:06:22,629 --> 00:06:21,199

entertain it but then

165

00:06:25,350 --> 00:06:22,639

there's something

166

00:06:26,390 --> 00:06:25,360

there's an aspect inside

167

00:06:27,909 --> 00:06:26,400

myself

168

00:06:30,629 --> 00:06:27,919

that's developed over the past year or

169

00:06:32,950 --> 00:06:30,639

so with this channel mainly and that i'm

170

00:06:34,790 --> 00:06:32,960

so much more

171

00:06:38,790 --> 00:06:34,800

willing to entertain ideas that on the

172

00:06:40,230 --> 00:06:38,800

surface seem superficially implausible

173

00:06:42,309 --> 00:06:40,240

when he said that

174

00:06:43,670 --> 00:06:42,319

my instinct is judgment and saying it

175

00:06:45,270 --> 00:06:43,680

can't be that well first of all how do

176

00:06:46,390 --> 00:06:45,280

you have free will at all and second of

177

00:06:49,510 --> 00:06:46,400

all why did the if it's a different

178

00:06:51,029 --> 00:06:49,520

timeline why did they care and then

179

00:06:53,430 --> 00:06:51,039

there are many more direct ways of

180

00:06:55,270 --> 00:06:53,440

intervening if it's exactly what for the

181

00:06:57,110 --> 00:06:55,280

motivations he says it is but there's

182

00:06:58,870 --> 00:06:57,120

also a part of me that tries to steal

183

00:07:01,189 --> 00:06:58,880

men and think well even if someone is

184

00:07:03,110 --> 00:07:01,199

using let's say

185

00:07:04,390 --> 00:07:03,120

it's a physics it's technically physics

186

00:07:06,070 --> 00:07:04,400

to say time travel because you're

187

00:07:07,830 --> 00:07:06,080

dealing like if you said space travel

188

00:07:08,950 --> 00:07:07,840

that's also physics spatial temporals

189

00:07:12,390 --> 00:07:08,960

physics

190

00:07:14,830 --> 00:07:12,400

so if someone says something that's

191

00:07:18,870 --> 00:07:14,840

if someone uses physics in a way that's

192

00:07:20,870 --> 00:07:18,880

non-standard i no longer

193

00:07:22,629 --> 00:07:20,880

denigrate it inside my head or at least

194

00:07:24,150 --> 00:07:22,639

i try not to instead i think well how

195

00:07:26,309 --> 00:07:24,160

could this possibly be true and you can

196

00:07:27,350 --> 00:07:26,319

even see that in that episode

197

00:07:28,950 --> 00:07:27,360

there were some connections that

198

00:07:30,629 --> 00:07:28,960

occurred to me there which i can't

199

00:07:32,790 --> 00:07:30,639

explicate now because they're not clear

200

00:07:34,790 --> 00:07:32,800

to me but there were some connections i

201  
00:07:37,189 --> 00:07:34,800  
made in that moment that

202  
00:07:38,950 --> 00:07:37,199  
it partly made sense

203  
00:07:40,950 --> 00:07:38,960  
it's almost like

204  
00:07:42,710 --> 00:07:40,960  
for anyone who's had a deep meditative

205  
00:07:44,710 --> 00:07:42,720  
experience or

206  
00:07:46,469 --> 00:07:44,720  
has taken a psychedelic in the moment

207  
00:07:48,230 --> 00:07:46,479  
plenty of it can make sense and then

208  
00:07:49,510 --> 00:07:48,240  
days later you're just like oh well that

209  
00:07:50,869 --> 00:07:49,520  
that doesn't make any sense i don't know

210  
00:07:52,309 --> 00:07:50,879  
how to integrate that that was just a

211  
00:07:53,909 --> 00:07:52,319  
dream and so on

212  
00:07:56,070 --> 00:07:53,919  
well it's somewhat like that i don't

213  
00:07:59,029 --> 00:07:56,080

remember my exact thoughts

214

00:08:00,869 --> 00:07:59,039

when it came to what ross said but i do

215

00:08:02,390 --> 00:08:00,879

remember that being a moment that stuck

216

00:08:04,710 --> 00:08:02,400

with me it's more like guests stick with

217

00:08:06,950 --> 00:08:04,720

me rather than the moments within guests

218

00:08:09,029 --> 00:08:06,960

did you have any interest in ufos

219

00:08:11,350 --> 00:08:09,039

growing up at all through childhood or

220

00:08:13,430 --> 00:08:11,360

into adulthood or is it really more more

221

00:08:15,029 --> 00:08:13,440

since the channel started then it's no

222

00:08:17,670 --> 00:08:15,039

it's not it's before the channel started

223

00:08:19,029 --> 00:08:17,680

andy it's when i was speaking so i have

224

00:08:21,430 --> 00:08:19,039

a documentary

225

00:08:22,710 --> 00:08:21,440

on the documentary there was we were

226

00:08:24,790 --> 00:08:22,720

finished so we had this wrapping up

227

00:08:26,790 --> 00:08:24,800

party and i was speaking to

228

00:08:28,309 --> 00:08:26,800

and when i say party is like the

229

00:08:30,390 --> 00:08:28,319

such a lame parties for people because

230

00:08:33,509 --> 00:08:30,400

so many so few people worked on the

231

00:08:35,269 --> 00:08:33,519

documentary sure so four people and one

232

00:08:37,029 --> 00:08:35,279

of the editors of the documentary was

233

00:08:39,110 --> 00:08:37,039

telling me kurt you know there's you got

234

00:08:41,110 --> 00:08:39,120

to look into ufo and then i was just

235

00:08:43,269 --> 00:08:41,120

completely contemptuous and scornful of

236

00:08:45,350 --> 00:08:43,279

the topic like as you imagine virtually

237

00:08:48,070 --> 00:08:45,360

any academic would be although i'm not

238

00:08:50,389 --> 00:08:48,080

an academic but i had that mindset and i

239

00:08:52,389 --> 00:08:50,399

told them well look there's exponential

240

00:08:53,990 --> 00:08:52,399

curves when it comes to technological

241

00:08:56,310 --> 00:08:54,000

advancement why is it that if they're

242

00:08:58,389 --> 00:08:56,320

coming from so far away

243

00:09:00,150 --> 00:08:58,399

why do their craft look similar why is

244

00:09:02,630 --> 00:09:00,160

it not drastically different why is it

245

00:09:04,470 --> 00:09:02,640

not just dust like grey goo

246

00:09:06,630 --> 00:09:04,480

i have many objections he said kurt just

247

00:09:09,030 --> 00:09:06,640

watch this this and this i think he sent

248

00:09:12,310 --> 00:09:09,040

me a couple videos and i watched the bob

249

00:09:13,269 --> 00:09:12,320

lazar video on rogan and then i just i'm

250

00:09:51,670 --> 00:09:13,279

i

251  
00:09:54,870 --> 00:09:51,680  
because he felt annoyed that he has to

252  
00:09:56,310 --> 00:09:54,880  
and perhaps even afraid

253  
00:09:57,829 --> 00:09:56,320  
when i looked into that then i started

254  
00:09:59,430 --> 00:09:57,839  
to become much more interested in the

255  
00:10:01,030 --> 00:09:59,440  
topic that led me to jeremy corbell

256  
00:10:02,470 --> 00:10:01,040  
naturally because bob lazar there's a

257  
00:10:03,910 --> 00:10:02,480  
documentary and i thought well i'm a

258  
00:10:06,310 --> 00:10:03,920  
filmmaker how about i reach out to

259  
00:10:07,990 --> 00:10:06,320  
jeremy and jeremy says no to plenty of

260  
00:10:09,670 --> 00:10:08,000  
interviews but he said yes to mine

261  
00:10:10,630 --> 00:10:09,680  
because i was a filmmaker and i knew and

262  
00:10:11,910 --> 00:10:10,640  
i was a

263  
00:10:14,550 --> 00:10:11,920

someone who had a background in math and

264

00:10:16,550 --> 00:10:14,560

physics so he said yes

265

00:10:19,030 --> 00:10:16,560

this is before the channel was known for

266

00:10:20,470 --> 00:10:19,040

anything related to ufos

267

00:10:22,069 --> 00:10:20,480

then he came on and i asked some

268

00:10:24,949 --> 00:10:22,079

rudimentary questions which i got

269

00:10:26,069 --> 00:10:24,959

critiqued for and rightfully so

270

00:10:27,509 --> 00:10:26,079

and

271

00:10:29,350 --> 00:10:27,519

then i

272

00:10:31,030 --> 00:10:29,360

was still interested in it the channel

273

00:10:33,190 --> 00:10:31,040

still wasn't known it didn't get much

274

00:10:34,470 --> 00:10:33,200

views that jeremy corbell video then i

275

00:10:36,230 --> 00:10:34,480

interviewed kevin knuth because i'm

276

00:10:37,350 --> 00:10:36,240

interested in the physics i'm extremely

277

00:10:38,389 --> 00:10:37,360

interested what the heck is going on

278

00:10:40,150 --> 00:10:38,399

here there's

279

00:10:42,949 --> 00:10:40,160

when i say new physics i mean physics

280

00:10:45,190 --> 00:10:42,959

outside our current paradigm the current

281

00:10:46,710 --> 00:10:45,200

academic consensus let's say because

282

00:10:48,150 --> 00:10:46,720

there could be other physics known to

283

00:10:51,509 --> 00:10:48,160

the government if they have access to

284

00:10:53,750 --> 00:10:51,519

craft if these craft exist and so on

285

00:10:55,590 --> 00:10:53,760

well then i spoke to kevin knuth and

286

00:10:56,470 --> 00:10:55,600

that interview also didn't do terribly

287

00:10:57,269 --> 00:10:56,480

well

288

00:10:59,509 --> 00:10:57,279

but

289

00:11:01,190 --> 00:10:59,519

my interest remained and i wanted to

290

00:11:03,030 --> 00:11:01,200

speak to more people and then for

291

00:11:05,750 --> 00:11:03,040

whatever reason the algorithm started to

292

00:11:08,630 --> 00:11:05,760

pick up some of the ufo videos

293

00:11:10,150 --> 00:11:08,640

either way my interest wasn't from

294

00:11:16,630 --> 00:11:10,160

the

295

00:11:18,470 --> 00:11:16,640

something here when it comes to physics

296

00:11:20,470 --> 00:11:18,480

i also don't think that this topic is

297

00:11:22,230 --> 00:11:20,480

worthy of the derision that it has i

298

00:11:24,230 --> 00:11:22,240

think that plenty of it is marketing in

299

00:11:26,470 --> 00:11:24,240

the sense that when you're intelligent

300

00:11:28,389 --> 00:11:26,480

you want to be seen as intelligent and

301

00:11:30,310 --> 00:11:28,399

you're afraid of see be seen you're

302

00:11:32,069 --> 00:11:30,320

afraid of being seen as not intelligent

303

00:11:34,389 --> 00:11:32,079

and right now

304

00:11:36,150 --> 00:11:34,399

it's it's seen as not

305

00:11:38,150 --> 00:11:36,160

it's seen as not being intelligent to

306

00:11:39,910 --> 00:11:38,160

speaking about this topic with anything

307

00:11:41,509 --> 00:11:39,920

other than

308

00:11:43,030 --> 00:11:41,519

disparagement

309

00:11:45,350 --> 00:11:43,040

so i believe that's the reason neil

310

00:11:46,949 --> 00:11:45,360

degrasse tyson and brian cox and so on

311

00:11:48,230 --> 00:11:46,959

do what they do and say what they do and

312

00:11:50,230 --> 00:11:48,240

say what they say

313

00:11:54,069 --> 00:11:50,240

so can you explain to me then if someone

314

00:11:56,230 --> 00:11:54,079

again who is far from a scientist okay

315

00:11:57,990 --> 00:11:56,240

surely that the whole whenever you hear

316

00:12:00,230 --> 00:11:58,000

about science in school you hear about

317

00:12:02,389 --> 00:12:00,240

all these great thinkers and great minds

318

00:12:05,670 --> 00:12:02,399

who made these incredible discoveries

319

00:12:07,590 --> 00:12:05,680

who challenged the the norms of the time

320

00:12:10,230 --> 00:12:07,600

through the centuries

321

00:12:13,590 --> 00:12:10,240

why do mainstream scientists now seem to

322

00:12:15,190 --> 00:12:13,600

have such an issue challenging this norm

323

00:12:17,030 --> 00:12:15,200

maybe it's starting to break down a

324

00:12:18,629 --> 00:12:17,040

little bit now with people like avi loeb

325

00:12:21,030 --> 00:12:18,639

and and such but

326

00:12:22,870 --> 00:12:21,040

why is it they can't look at what could

327

00:12:24,949 --> 00:12:22,880

be the greatest discovery in the history

328

00:12:27,110 --> 00:12:24,959

of mankind is something that we should

329

00:12:29,350 --> 00:12:27,120

be pursuing scientifically and that

330

00:12:30,790 --> 00:12:29,360

could be the next great step

331

00:12:33,350 --> 00:12:30,800

i believe there were some government

332

00:12:36,150 --> 00:12:33,360

programs used to

333

00:12:39,990 --> 00:12:36,160

to make the topic of ufos one that only

334

00:12:41,910 --> 00:12:40,000

kooks or loons or so believe

335

00:12:43,509 --> 00:12:41,920

or espouse i believe there was one i

336

00:12:44,550 --> 00:12:43,519

forget what it's called andy i'm sure

337

00:12:45,910 --> 00:12:44,560

you can

338

00:12:47,269 --> 00:12:45,920

there's been enough there's been a few

339

00:12:49,910 --> 00:12:47,279

going back through the decades and

340

00:12:52,230 --> 00:12:49,920

disinformation campaigns and again just

341

00:12:54,550 --> 00:12:52,240

to ridicule the obvious project blue

342

00:12:57,590 --> 00:12:54,560

book was one that was largely

343

00:12:59,910 --> 00:12:57,600

designed to to come out and explain away

344

00:13:02,230 --> 00:12:59,920

phenomena with a rationale that wasn't

345

00:13:03,990 --> 00:13:02,240

necessarily there at all times so that

346

00:13:05,990 --> 00:13:04,000

that's been done yeah but

347

00:13:07,750 --> 00:13:06,000

again i still look at scientists going

348

00:13:09,030 --> 00:13:07,760

back and i i don't want to miss water

349

00:13:11,190 --> 00:13:09,040

getting these wrong but for example

350

00:13:13,190 --> 00:13:11,200

galileo you know when they make these

351

00:13:15,110 --> 00:13:13,200

claims of the times and

352

00:13:16,710 --> 00:13:15,120

they're told they were wrong and that

353

00:13:19,350 --> 00:13:16,720

you know that what they thought couldn't

354

00:13:21,030 --> 00:13:19,360

possibly be true but it's come to pass

355

00:13:22,870 --> 00:13:21,040

decades and centuries later that what

356

00:13:25,190 --> 00:13:22,880

these people said at the time wasn't

357

00:13:27,509 --> 00:13:25,200

that incredible and actually was true

358

00:13:30,470 --> 00:13:27,519

and i just again look at scientists now

359

00:13:32,870 --> 00:13:30,480

knowing all the things we know now

360

00:13:34,870 --> 00:13:32,880

is it just that labeling of being a cook

361

00:13:37,269 --> 00:13:34,880

that stops them taking that step forward

362

00:13:39,350 --> 00:13:37,279

into this subject do you think still

363

00:13:40,629 --> 00:13:39,360

i think it's i think it's to a large

364

00:13:42,470 --> 00:13:40,639

degree that

365

00:13:44,389 --> 00:13:42,480

i'm also wondering how much of it has to

366

00:13:46,949 --> 00:13:44,399

do with specialization

367

00:13:49,030 --> 00:13:46,959

our knowledge now requires such a degree

368

00:13:50,069 --> 00:13:49,040

of specialization that going beyond one

369

00:13:53,269 --> 00:13:50,079

sphere

370

00:13:55,189 --> 00:13:53,279

is is perilous it's like if you're a

371

00:13:56,550 --> 00:13:55,199

chemist you're not just a chemist you're

372

00:13:58,470 --> 00:13:56,560

an organic chemist you're not just an

373

00:14:00,230 --> 00:13:58,480

organic chemist you're a specific type

374

00:14:02,150 --> 00:14:00,240

of organic chemist and a specific type

375

00:14:03,350 --> 00:14:02,160

of that a solid state someone so and so

376

00:14:06,069 --> 00:14:03,360

on

377

00:14:07,829 --> 00:14:06,079

but

378

00:14:09,990 --> 00:14:07,839

what i'm what i mean is that then if you

379

00:14:11,350 --> 00:14:10,000

ask them can you comment on

380

00:14:12,629 --> 00:14:11,360

let's say black hole formation they

381

00:14:13,670 --> 00:14:12,639

would say no they throw their hands up

382

00:14:14,470 --> 00:14:13,680

in the air

383

00:14:15,829 --> 00:14:14,480

then

384

00:14:18,150 --> 00:14:15,839

you ask them can you comment on

385

00:14:19,350 --> 00:14:18,160

something that's outside even what's

386

00:14:20,470 --> 00:14:19,360

scientifically considered to be

387

00:14:22,790 --> 00:14:20,480

scientific

388

00:14:25,269 --> 00:14:22,800

okay well

389

00:14:27,509 --> 00:14:25,279

that is so far out there

390

00:14:30,870 --> 00:14:27,519

and it and there's such a paucity of

391

00:14:33,030 --> 00:14:30,880

evidence there's very virtually none

392

00:14:35,430 --> 00:14:33,040

it makes sense in some

393

00:14:37,750 --> 00:14:35,440

sense because it would also be like well

394

00:14:38,949 --> 00:14:37,760

why don't they if the arg from what i

395

00:14:41,030 --> 00:14:38,959

understand what you're saying andy is

396

00:14:42,550 --> 00:14:41,040

like hey scientists are supposed to

397

00:14:43,829 --> 00:14:42,560

challenge scientists are supposed to go

398

00:14:45,750 --> 00:14:43,839

outside and

399

00:14:47,350 --> 00:14:45,760

and say that the emperor has no clothes

400

00:14:48,550 --> 00:14:47,360

and to even test like maybe the emperor

401  
00:14:49,829 --> 00:14:48,560  
does have clothes i see them as having

402  
00:14:51,509 --> 00:14:49,839  
no clothes and maybe they're wearing

403  
00:14:53,750 --> 00:14:51,519  
gold

404  
00:14:55,750 --> 00:14:53,760  
well they are

405  
00:14:58,389 --> 00:14:55,760  
but this is the reason i brought up

406  
00:14:59,910 --> 00:14:58,399  
specialization because if you're

407  
00:15:01,910 --> 00:14:59,920  
not specialized if you're more of a

408  
00:15:03,350 --> 00:15:01,920  
generalist

409  
00:15:05,910 --> 00:15:03,360  
which may be one of the advantages of

410  
00:15:08,550 --> 00:15:05,920  
myself is that i i have such little

411  
00:15:10,629 --> 00:15:08,560  
depth in virtually any topic

412  
00:15:11,910 --> 00:15:10,639  
when you're someone that is a jack of

413  
00:15:14,150 --> 00:15:11,920

all trades and master of none then you

414

00:15:15,990 --> 00:15:14,160

can flip between topics easily but when

415

00:15:17,509 --> 00:15:16,000

you're specialized

416

00:15:18,870 --> 00:15:17,519

the amount that you can flip like i

417

00:15:19,910 --> 00:15:18,880

mentioned an organic chemist doesn't

418

00:15:22,069 --> 00:15:19,920

even doesn't want to talk about

419

00:15:22,870 --> 00:15:22,079

chemistry as a whole they'd rather talk

420

00:15:24,550 --> 00:15:22,880

about

421

00:15:26,710 --> 00:15:24,560

well a specific subset of organic

422

00:15:27,990 --> 00:15:26,720

chemistry or physicist topological

423

00:15:29,829 --> 00:15:28,000

quantum field theorist doesn't want to

424

00:15:31,350 --> 00:15:29,839

talk about string theory that's actually

425

00:15:32,470 --> 00:15:31,360

false because topological quantum field

426

00:15:34,389 --> 00:15:32,480

theories have plenty to do with string

427

00:15:35,670 --> 00:15:34,399

theory but you understand the

428

00:15:37,910 --> 00:15:35,680

you understand the general premise so it

429

00:15:40,470 --> 00:15:37,920

could also be because of specialization

430

00:15:42,949 --> 00:15:40,480

so it's one ridicule specialization

431

00:15:45,829 --> 00:15:44,470

the reason i say that is because then

432

00:15:47,590 --> 00:15:45,839

they could just say well why don't i

433

00:15:54,230 --> 00:15:47,600

entertain remote viewing why don't i

434

00:15:57,509 --> 00:15:55,749

pick your

435

00:15:58,870 --> 00:15:57,519

favorite

436

00:16:01,269 --> 00:15:58,880

out of their theory why don't i

437

00:16:03,829 --> 00:16:01,279

entertain that i only have so much time

438

00:16:05,189 --> 00:16:03,839

and it required me it required such

439

00:16:08,629 --> 00:16:05,199

an investment to get me to the point

440

00:16:11,509 --> 00:16:08,639

that i am it could also be that how

441

00:16:14,069 --> 00:16:11,519

would you

442

00:16:16,310 --> 00:16:14,079

suggest the ufo community or those you

443

00:16:19,430 --> 00:16:16,320

know with an interest in ufos try and

444

00:16:21,430 --> 00:16:19,440

make the subject more palatable to those

445

00:16:23,749 --> 00:16:21,440

scientists that maybe have that how do

446

00:16:25,670 --> 00:16:23,759

we circumnavigate that specialization if

447

00:16:30,629 --> 00:16:25,680

that is a barrier

448

00:16:35,350 --> 00:16:31,749

i think

449

00:16:37,350 --> 00:16:35,360

what avila was doing what brian keating

450

00:16:39,590 --> 00:16:37,360

is doing i think they're at the

451  
00:16:41,350 --> 00:16:39,600  
forefront of making this topic less

452  
00:16:43,269 --> 00:16:41,360  
taboo

453  
00:16:44,790 --> 00:16:43,279  
i think pretty much despite speaking

454  
00:16:46,949 --> 00:16:44,800  
about it as if it's serious and saying

455  
00:16:48,069 --> 00:16:46,959  
hey man the government has even

456  
00:16:50,870 --> 00:16:48,079  
when people say the government has

457  
00:16:52,550 --> 00:16:50,880  
acknowledged that uaps exist well okay

458  
00:16:54,470 --> 00:16:52,560  
but they haven't acknowledged that it's

459  
00:16:56,069 --> 00:16:54,480  
aliens they've said that there are craft

460  
00:16:58,790 --> 00:16:56,079  
that we have no explanation for and

461  
00:17:00,310 --> 00:16:58,800  
doesn't seem to be tied to any worldly

462  
00:17:01,670 --> 00:17:00,320  
organization

463  
00:17:03,189 --> 00:17:01,680

that's not exactly the same as saying

464

00:17:05,350 --> 00:17:03,199

it's extraterrestrials or it's extra

465

00:17:08,069 --> 00:17:05,360

human or some sure you get that you get

466

00:17:09,510 --> 00:17:08,079

that but just emphasizing that this is a

467

00:17:12,390 --> 00:17:09,520

serious issue

468

00:17:13,909 --> 00:17:12,400

and not worthy of

469

00:17:16,309 --> 00:17:13,919

condescension

470

00:17:17,909 --> 00:17:16,319

that alone is

471

00:17:19,510 --> 00:17:17,919

but that has to come from people who are

472

00:17:21,350 --> 00:17:19,520

scientifically minded

473

00:17:22,710 --> 00:17:21,360

because scientists tend to

474

00:17:25,029 --> 00:17:22,720

scientists don't care too much about

475

00:17:26,630 --> 00:17:25,039

what non-scientists think they do

476

00:17:28,470 --> 00:17:26,640

obviously because they want public

477

00:17:29,669 --> 00:17:28,480

approbation but they don't care if the

478

00:17:33,510 --> 00:17:29,679

public thinks

479

00:17:38,390 --> 00:17:33,520

they scientists general i'm generalizing

480

00:17:43,510 --> 00:17:40,950

being seen as intellectual

481

00:17:45,510 --> 00:17:43,520

one of the worst fears of someone who

482

00:17:46,950 --> 00:17:45,520

has a high iq is being seen as having a

483

00:17:49,029 --> 00:17:46,960

low iq

484

00:17:50,870 --> 00:17:49,039

because their whole image is tied to

485

00:17:52,710 --> 00:17:50,880

that it's tied to being in academia as

486

00:17:54,789 --> 00:17:52,720

tight

487

00:17:56,870 --> 00:17:54,799

as tied to being a mathematician or a

488

00:17:58,789 --> 00:17:56,880

physicist or a

489

00:18:00,630 --> 00:17:58,799

or whatever it may be

490

00:18:01,990 --> 00:18:00,640

and so when people who

491

00:18:03,590 --> 00:18:02,000

okay and then the question is well what

492

00:18:05,190 --> 00:18:03,600

makes you a mathematician what makes you

493

00:18:06,870 --> 00:18:05,200

a physicist well it's the other

494

00:18:09,270 --> 00:18:06,880

physicists and other mathematicians say

495

00:18:11,510 --> 00:18:09,280

you are okay if that's the case then

496

00:18:14,710 --> 00:18:11,520

what they care about most are their own

497

00:18:16,710 --> 00:18:14,720

peers and if their own peers disbelieve

498

00:18:17,590 --> 00:18:16,720

this topic but the public does well it

499

00:18:20,230 --> 00:18:17,600

doesn't

500

00:18:21,990 --> 00:18:20,240

matter too much what the public does

501  
00:18:24,470 --> 00:18:22,000  
that's why what avi loeb and brian

502  
00:18:25,990 --> 00:18:24,480  
keating are doing it extremely important

503  
00:18:29,669 --> 00:18:26,000  
it has to come

504  
00:18:32,630 --> 00:18:29,679  
well has to i think it comes from within

505  
00:18:34,310 --> 00:18:32,640  
do you think that then that

506  
00:18:36,549 --> 00:18:34,320  
funding is going to be crucial to

507  
00:18:38,789 --> 00:18:36,559  
getting mainstream science involved

508  
00:18:41,270 --> 00:18:38,799  
because i interviewed avi loeb back in

509  
00:18:43,190 --> 00:18:41,280  
in january before he secured the funding

510  
00:18:45,510 --> 00:18:43,200  
for the galileo project and he seemed

511  
00:18:47,750 --> 00:18:45,520  
relatively open at that point that he

512  
00:18:50,470 --> 00:18:47,760  
would get involved in the subject but

513  
00:18:52,870 --> 00:18:50,480

the funding had to be there do you think

514

00:18:55,669 --> 00:18:52,880

other scientists and other thinkers

515

00:18:58,230 --> 00:18:55,679

other minds intellectuals will see that

516

00:19:00,150 --> 00:18:58,240

there is funding for this and they will

517

00:19:02,150 --> 00:19:00,160

see names like avi luebbe and eric

518

00:19:04,390 --> 00:19:02,160

feinstein attached to this

519

00:19:05,830 --> 00:19:04,400

and that could hopefully pull some more

520

00:19:07,110 --> 00:19:05,840

of them along

521

00:19:09,190 --> 00:19:07,120

yeah although i wouldn't put eric

522

00:19:11,510 --> 00:19:09,200

weinstein on that not because eric is

523

00:19:13,909 --> 00:19:11,520

not an intellectual is a vast vast giant

524

00:19:16,789 --> 00:19:13,919

but because many people in academia

525

00:19:20,150 --> 00:19:16,799

dislike him because eric is so popular

526

00:19:21,590 --> 00:19:20,160

and they're frankly jealous

527

00:19:23,190 --> 00:19:21,600

so it wouldn't be that if anything that

528

00:19:25,669 --> 00:19:23,200

would make them not want to be a part of

529

00:19:27,990 --> 00:19:25,679

it anyway okay

530

00:19:29,510 --> 00:19:28,000

anyway avilob yes

531

00:19:31,909 --> 00:19:29,520

i don't think they should be like that i

532

00:19:36,310 --> 00:19:31,919

think that they're wrong to

533

00:19:39,510 --> 00:19:38,310

i want to say many i know of more than i

534

00:19:41,110 --> 00:19:39,520

know that

535

00:19:43,029 --> 00:19:41,120

at least one person who dislikes that

536

00:19:44,310 --> 00:19:43,039

eric weinstein is called i know i've had

537

00:19:45,750 --> 00:19:44,320

i know of more than one person who

538

00:19:47,590 --> 00:19:45,760

dislikes that eric weinstein was called

539

00:19:49,029 --> 00:19:47,600

a mathematician because they're like

540

00:19:52,470 --> 00:19:49,039

well how is he a mathematician doesn't

541

00:19:53,350 --> 00:19:52,480

publish regularly well why do you care

542

00:19:54,549 --> 00:19:53,360

why

543

00:19:56,549 --> 00:19:54,559

it's because

544

00:19:58,710 --> 00:19:56,559

you know that the public sees him as

545

00:20:00,549 --> 00:19:58,720

this great intellectual giant

546

00:20:02,789 --> 00:20:00,559

and they don't see you as that because

547

00:20:04,549 --> 00:20:02,799

you're so specialized in something where

548

00:20:05,830 --> 00:20:04,559

only your peers can understand and it's

549

00:20:07,830 --> 00:20:05,840

brilliant work you're doing such

550

00:20:09,270 --> 00:20:07,840

brilliant work and no none of the public

551  
00:20:12,390 --> 00:20:09,280  
can recognize it because it's

552  
00:20:14,710 --> 00:20:12,400  
indecipherable esoteric hieroglyphs to

553  
00:20:16,310 --> 00:20:14,720  
the majority of people so they

554  
00:20:18,630 --> 00:20:16,320  
they don't like that eric weinstein is

555  
00:20:20,789 --> 00:20:18,640  
so popular and that's where the majority

556  
00:20:22,630 --> 00:20:20,799  
of their derision of him comes from

557  
00:20:24,549 --> 00:20:22,640  
at least i think so

558  
00:20:26,470 --> 00:20:24,559  
okay putting that aside

559  
00:20:28,149 --> 00:20:26,480  
if there was funding there i imagine i

560  
00:20:30,230 --> 00:20:28,159  
don't see why not people want money

561  
00:20:31,669 --> 00:20:30,240  
scientists are people i don't see why

562  
00:20:35,750 --> 00:20:31,679  
that wouldn't

563  
00:20:37,590 --> 00:20:35,760

more of an exploration of this topic

564

00:20:39,669 --> 00:20:37,600

scientifically

565

00:20:41,750 --> 00:20:39,679

and i i would like to know kurt and i'm

566

00:20:44,149 --> 00:20:41,760

not asking you to speak for for others

567

00:20:46,149 --> 00:20:44,159

but what do you think

568

00:20:47,510 --> 00:20:46,159

intellectual scientists and that this

569

00:20:49,830 --> 00:20:47,520

group of people that we're looking at

570

00:20:52,149 --> 00:20:49,840

and talking about what would represent

571

00:20:54,230 --> 00:20:52,159

good data to them i know that's

572

00:20:56,390 --> 00:20:54,240

generalizing but

573

00:20:58,549 --> 00:20:56,400

what for you would be good data look

574

00:21:01,029 --> 00:20:58,559

we're not likely to go out and capture

575

00:21:03,750 --> 00:21:01,039

an image of an alien spacecraft on

576

00:21:06,549 --> 00:21:03,760

camera that's very unlikely but is it

577

00:21:07,830 --> 00:21:06,559

the detection of you know gravitational

578

00:21:09,430 --> 00:21:07,840

anomalies

579

00:21:11,110 --> 00:21:09,440

or is it

580

00:21:12,950 --> 00:21:11,120

i'm not going to surmise anymore yeah i

581

00:21:14,230 --> 00:21:12,960

don't know i don't know that's that's

582

00:21:15,830 --> 00:21:14,240

tricky

583

00:21:17,669 --> 00:21:15,840

one that i think about is if there was

584

00:21:19,510 --> 00:21:17,679

materials that was shared

585

00:21:21,510 --> 00:21:19,520

for example there are claims that there

586

00:21:24,470 --> 00:21:21,520

are meta materials around somewhere

587

00:21:27,909 --> 00:21:24,480

lockheed martin yeah you hear that okay

588

00:21:29,750 --> 00:21:27,919

well is this accessible to

589

00:21:32,549 --> 00:21:29,760

is this accessible to

590

00:21:34,470 --> 00:21:32,559

to scientists to people who to material

591

00:21:36,789 --> 00:21:34,480

engineers

592

00:21:39,270 --> 00:21:36,799

it doesn't seem like it is

593

00:21:40,870 --> 00:21:39,280

while opening that up would be one

594

00:21:44,070 --> 00:21:40,880

avenue at least for material engineer

595

00:21:46,230 --> 00:21:44,080

from a material engineering standpoint

596

00:21:48,070 --> 00:21:46,240

as for

597

00:21:49,990 --> 00:21:48,080

see there was this wow signal i believe

598

00:21:52,230 --> 00:21:50,000

it was called quite some time ago i

599

00:21:53,430 --> 00:21:52,240

think in the 1970s but it was a one-off

600

00:21:56,710 --> 00:21:53,440

event

601  
00:21:58,710 --> 00:21:56,720  
so yeah it has to be repeatable

602  
00:21:59,909 --> 00:21:58,720  
some event that's repeatable some event

603  
00:22:06,070 --> 00:21:59,919  
that

604  
00:22:07,909 --> 00:22:06,080  
recall tom delong or recall someone

605  
00:22:09,350 --> 00:22:07,919  
saying that tom delong said

606  
00:22:19,350 --> 00:22:09,360  
that

607  
00:22:20,549 --> 00:22:19,360  
where smaller uaps dock and come out of

608  
00:22:21,909 --> 00:22:20,559  
and

609  
00:22:23,830 --> 00:22:21,919  
go into

610  
00:22:25,190 --> 00:22:23,840  
okay so that's if that was the case that

611  
00:22:27,909 --> 00:22:25,200  
would be repeatable because you can just

612  
00:22:30,950 --> 00:22:29,350  
i don't know

613  
00:22:33,110 --> 00:22:30,960

yeah one of those areas would appear to

614

00:22:35,350 --> 00:22:33,120

be off the coast of of california and

615

00:22:38,470 --> 00:22:35,360

catalina islands there's a lot of

616

00:22:39,830 --> 00:22:38,480

interest around there and uapx are one

617

00:22:41,430 --> 00:22:39,840

of those groups that are looking to go

618

00:22:43,430 --> 00:22:41,440

out scientifically

619

00:22:44,230 --> 00:22:43,440

and do some recording around that area

620

00:22:45,830 --> 00:22:44,240

uh

621

00:22:47,510 --> 00:22:45,840

so yeah that i again it's that

622

00:22:49,350 --> 00:22:47,520

repeatability would add a lot of

623

00:22:51,430 --> 00:22:49,360

credence and credibility to any

624

00:22:53,909 --> 00:22:51,440

potential testing absolutely

625

00:22:56,630 --> 00:22:53,919

nagu mentioned tom delong and recently i

626

00:22:58,390 --> 00:22:56,640

saw you on dr brian keating's podcast

627

00:22:59,430 --> 00:22:58,400

you were on with tom delong and jim

628

00:23:02,149 --> 00:22:59,440

semivan

629

00:23:04,230 --> 00:23:02,159

and i found it interesting watching you

630

00:23:06,310 --> 00:23:04,240

on the interview because i felt you were

631

00:23:08,630 --> 00:23:06,320

just soaking a lot of in of a lot of

632

00:23:10,630 --> 00:23:08,640

what they were seeing in and what were

633

00:23:12,549 --> 00:23:10,640

some of the things jim simavon and tom

634

00:23:13,990 --> 00:23:12,559

delong discussed that you were most

635

00:23:16,310 --> 00:23:14,000

surprised by

636

00:23:17,990 --> 00:23:16,320

well i was i was relieved to know that

637

00:23:20,830 --> 00:23:18,000

the government no longer practices

638

00:23:24,310 --> 00:23:20,840

disinformation campaigns

639

00:23:27,029 --> 00:23:24,320

um that's a joke yeah yeah i don't know

640

00:23:28,310 --> 00:23:27,039

see but i'm saying that i'm jokingly

641

00:23:30,310 --> 00:23:28,320

saying that and the reason is that so

642

00:23:32,149 --> 00:23:30,320

many people are criticizing jim semivan

643

00:23:33,990 --> 00:23:32,159

for saying that whereas for me i'm

644

00:23:36,950 --> 00:23:34,000

thinking i didn't interpret him right or

645

00:23:39,669 --> 00:23:36,960

he spoke incorrectly

646

00:23:42,070 --> 00:23:39,679

because jim semivan is a bright person

647

00:23:44,470 --> 00:23:42,080

he's not

648

00:23:46,070 --> 00:23:44,480

i don't think what he said

649

00:23:47,269 --> 00:23:46,080

or how we interpret what he said is what

650

00:23:49,350 --> 00:23:47,279

he meant

651  
00:23:51,669 --> 00:23:49,360  
i don't think so i could be

652  
00:23:54,549 --> 00:23:51,679  
being extremely charitable i don't think

653  
00:23:55,750 --> 00:23:54,559  
i am but i don't know so that's number

654  
00:23:57,110 --> 00:23:55,760  
one

655  
00:23:58,549 --> 00:23:57,120  
as for

656  
00:24:01,830 --> 00:23:58,559  
i i didn't get to ask many of the

657  
00:24:06,789 --> 00:24:04,950  
i would love to know what did

658  
00:24:09,430 --> 00:24:06,799  
i want to ask well

659  
00:24:11,350 --> 00:24:09,440  
about mutilations i want to ask about

660  
00:24:13,750 --> 00:24:11,360  
intentions i want to ask about warring

661  
00:24:15,990 --> 00:24:13,760  
gods particularly to tom de long i want

662  
00:24:17,350 --> 00:24:16,000  
to ask about this antenna theory of his

663  
00:24:20,470 --> 00:24:17,360

of consciousness

664

00:24:22,950 --> 00:24:21,430

well

665

00:24:25,990 --> 00:24:22,960

i think that's enough

666

00:24:28,230 --> 00:24:26,000

yeah no no that antenna theory i think

667

00:24:30,390 --> 00:24:28,240

is relatively interesting the idea that

668

00:24:31,830 --> 00:24:30,400

consciousness isn't based locally i

669

00:24:33,750 --> 00:24:31,840

believe would be the word where you are

670

00:24:35,590 --> 00:24:33,760

and you're just a receiver and you're

671

00:24:37,029 --> 00:24:35,600

picking up consciousness from elsewhere

672

00:24:39,590 --> 00:24:37,039

and um

673

00:24:41,990 --> 00:24:39,600

i i get the feeling with tom delong

674

00:24:44,549 --> 00:24:42,000

given the circles he has run in over the

675

00:24:48,149 --> 00:24:44,559

past five six seven years

676  
00:24:49,830 --> 00:24:48,159  
he has picked up so much information in

677  
00:24:52,149 --> 00:24:49,840  
bits and pieces

678  
00:24:54,710 --> 00:24:52,159  
and he has he's put it together in a way

679  
00:24:57,990 --> 00:24:54,720  
that he feels makes sense

680  
00:25:00,789 --> 00:24:58,000  
but if it was a a 100 piece jigsaw i

681  
00:25:02,549 --> 00:25:00,799  
think he's got like 30 or 40 pieces

682  
00:25:03,750 --> 00:25:02,559  
and it's starting to create a picture

683  
00:25:05,830 --> 00:25:03,760  
for him

684  
00:25:07,110 --> 00:25:05,840  
but he's having to fill in the gap he's

685  
00:25:09,510 --> 00:25:07,120  
starting to have to fill in the gaps

686  
00:25:11,750 --> 00:25:09,520  
himself and that's where he can seem to

687  
00:25:12,870 --> 00:25:11,760  
really jump i don't know cur if you've

688  
00:25:15,350 --> 00:25:12,880

if you've seen

689

00:25:17,110 --> 00:25:15,360

it was about a year ago tom de long sent

690

00:25:18,870 --> 00:25:17,120

out a series of tweets it was about i

691

00:25:21,029 --> 00:25:18,880

think it was one of seven two of seven

692

00:25:23,990 --> 00:25:21,039

three or seven he sent out and he talked

693

00:25:26,390 --> 00:25:24,000

about what if there was a place like

694

00:25:29,430 --> 00:25:26,400

atlantis where thousands of years ago an

695

00:25:31,750 --> 00:25:29,440

advanced civilization lost and ended up

696

00:25:33,750 --> 00:25:31,760

under the water and what if

697

00:25:36,149 --> 00:25:33,760

and i just get the feeling that's that's

698

00:25:38,310 --> 00:25:36,159

tom delong's that he's he's been given a

699

00:25:39,590 --> 00:25:38,320

lot of really good information that

700

00:25:41,669 --> 00:25:39,600

there's some

701  
00:25:43,590 --> 00:25:41,679  
there's never any you know smoke without

702  
00:25:45,750 --> 00:25:43,600  
fire

703  
00:25:47,430 --> 00:25:45,760  
but some of those gaps are definitely

704  
00:25:49,990 --> 00:25:47,440  
missing for him and that's where people

705  
00:25:51,990 --> 00:25:50,000  
can get lost in this conversation

706  
00:25:53,510 --> 00:25:52,000  
you know andy i'm so hoping you know

707  
00:25:55,510 --> 00:25:53,520  
people say this tom delong is a

708  
00:25:57,909 --> 00:25:55,520  
disinformation agent

709  
00:26:00,950 --> 00:25:57,919  
i'm so hoping that's the case i'm so

710  
00:26:02,950 --> 00:26:00,960  
hoping that all of this talk about ufos

711  
00:26:06,630 --> 00:26:02,960  
is pure disinformation and there's a

712  
00:26:09,110 --> 00:26:06,640  
prosaic explanation for it i

713  
00:26:11,510 --> 00:26:09,120

well i'm just hoping that's the case

714

00:26:14,710 --> 00:26:11,520

what does your gut tell you

715

00:26:17,190 --> 00:26:14,720

i don't know my gut is unformed

716

00:26:19,430 --> 00:26:17,200

it's that's a good place to be

717

00:26:21,110 --> 00:26:19,440

yeah yeah it's like a squirrel you know

718

00:26:22,630 --> 00:26:21,120

if you ever drive and you see a squirrel

719

00:26:23,510 --> 00:26:22,640

that's about to cross the road

720

00:26:24,870 --> 00:26:23,520

it's like

721

00:26:28,070 --> 00:26:24,880

it doesn't know which way to go and then

722

00:26:30,630 --> 00:26:28,080

just go i think louis ck had a louis ck

723

00:26:31,669 --> 00:26:30,640

louis ck had a joke about that in deer

724

00:26:33,669 --> 00:26:31,679

that's

725

00:26:34,950 --> 00:26:33,679

exactly how i feel

726

00:26:36,549 --> 00:26:34,960

i'm the deer

727

00:26:38,789 --> 00:26:36,559

caught in the headlights of the of the

728

00:26:40,789 --> 00:26:38,799

subject yeah yeah

729

00:26:43,350 --> 00:26:40,799

and listen and you look at tom delong

730

00:26:45,269 --> 00:26:43,360

and i genuinely my opinion for what it's

731

00:26:47,830 --> 00:26:45,279

worth kurt i don't think tom is a

732

00:26:50,230 --> 00:26:47,840

disinformation agent i would think he's

733

00:26:51,750 --> 00:26:50,240

been told some things are correct i

734

00:26:54,070 --> 00:26:51,760

think he's been told some things that

735

00:26:56,149 --> 00:26:54,080

are deliberately incorrect

736

00:26:58,789 --> 00:26:56,159

just to see what he comes out with then

737

00:26:59,990 --> 00:26:58,799

it's like the bob lazar story it only

738

00:27:02,310 --> 00:27:00,000

takes

739

00:27:03,590 --> 00:27:02,320

an incredible story like bob lazar's to

740

00:27:05,190 --> 00:27:03,600

have

741

00:27:07,510 --> 00:27:05,200

one small

742

00:27:10,070 --> 00:27:07,520

shred of doubt in there and it makes you

743

00:27:12,390 --> 00:27:10,080

doubt the rest of the story even just a

744

00:27:14,070 --> 00:27:12,400

spurious background like bob lazar has

745

00:27:16,710 --> 00:27:14,080

and some of the business practices that

746

00:27:19,029 --> 00:27:16,720

he's had would make you doubt well

747

00:27:21,269 --> 00:27:19,039

let's just say it if if this gentleman

748

00:27:23,350 --> 00:27:21,279

was a pimp then would he be working in

749

00:27:25,029 --> 00:27:23,360

reverse engineering craft in a secret

750

00:27:28,149 --> 00:27:25,039

government location out in the nevada

751  
00:27:29,909 --> 00:27:28,159  
desert well do you know what why not

752  
00:27:32,389 --> 00:27:29,919  
because yeah

753  
00:27:35,830 --> 00:27:32,399  
why not have that that doubt because it

754  
00:27:38,389 --> 00:27:35,840  
can just give the flexibility for a

755  
00:27:41,510 --> 00:27:38,399  
government to deny who someone is or was

756  
00:27:42,950 --> 00:27:41,520  
because that guy no not that guy

757  
00:27:44,630 --> 00:27:42,960  
but that would be the guy you would want

758  
00:27:46,549 --> 00:27:44,640  
doing it

759  
00:27:48,070 --> 00:27:46,559  
when it comes to what people say i think

760  
00:27:49,510 --> 00:27:48,080  
compartmentalization

761  
00:27:53,510 --> 00:27:49,520  
is necessary and that's something we're

762  
00:27:57,190 --> 00:27:55,830  
for example chris langan has a great

763  
00:27:59,350 --> 00:27:57,200

theory of everything it's one of the

764

00:28:00,470 --> 00:27:59,360

best theories of everything out there

765

00:28:01,590 --> 00:28:00,480

it's one of the most complicated

766

00:28:03,110 --> 00:28:01,600

theories of everything out there

767

00:28:04,950 --> 00:28:03,120

actually

768

00:28:08,470 --> 00:28:04,960

and people will dismiss it because of

769

00:28:14,070 --> 00:28:08,480

his views on race and somalia let's say

770

00:28:18,070 --> 00:28:15,590

man man

771

00:28:20,230 --> 00:28:18,080

perhaps the greatest skill of our time

772

00:28:22,549 --> 00:28:20,240

is to vehemently disagree with someone

773

00:28:24,710 --> 00:28:22,559

in one area and still hold them to be

774

00:28:25,510 --> 00:28:24,720

possibly credible in another not dismiss

775

00:28:29,029 --> 00:28:25,520

them

776

00:28:32,710 --> 00:28:30,870

so when it comes to bob lazar i don't

777

00:28:34,470 --> 00:28:32,720

care i don't put any weight to him

778

00:28:38,389 --> 00:28:34,480

having a to him being first of all

779

00:28:39,430 --> 00:28:38,399

what's wrong with running a brothel like

780

00:28:41,190 --> 00:28:39,440

many

781

00:28:42,710 --> 00:28:41,200

liberals think prostitution should be

782

00:28:44,149 --> 00:28:42,720

completely legal if that's the case so

783

00:28:46,230 --> 00:28:44,159

then what the heck that's no different

784

00:28:47,350 --> 00:28:46,240

than any business and then what's wrong

785

00:28:48,310 --> 00:28:47,360

with

786

00:28:50,470 --> 00:28:48,320

well

787

00:28:51,590 --> 00:28:50,480

lying about your credibility

788

00:28:52,710 --> 00:28:51,600

like i mean there is something there's

789

00:28:54,549 --> 00:28:52,720

always something wrong about lying

790

00:28:57,029 --> 00:28:54,559

there's always something wrong about

791

00:28:58,549 --> 00:28:57,039

lying but i as i understand people did

792

00:28:59,590 --> 00:28:58,559

it plenty in the 70s that's not an

793

00:29:01,430 --> 00:28:59,600

excuse

794

00:29:03,110 --> 00:29:01,440

but it doesn't mean that he's it doesn't

795

00:29:05,029 --> 00:29:03,120

mean that every other area of his life

796

00:29:06,630 --> 00:29:05,039

is suspect any more than

797

00:29:08,230 --> 00:29:06,640

anything that we say suspect because if

798

00:29:10,630 --> 00:29:08,240

you were to analyze all that you've said

799

00:29:12,789 --> 00:29:10,640

andrew and all that i've said and i

800

00:29:14,230 --> 00:29:12,799

openly say that there's so many lies if

801  
00:29:18,549 --> 00:29:14,240  
you look at

802  
00:29:20,470 --> 00:29:18,559  
about one year ago and there are still

803  
00:29:22,549 --> 00:29:20,480  
videos out there of me it's just

804  
00:29:24,950 --> 00:29:22,559  
blatant tony robbins

805  
00:29:26,870 --> 00:29:24,960  
copying like an epigon just this false

806  
00:29:29,750 --> 00:29:26,880  
imitator it's so

807  
00:29:31,909 --> 00:29:29,760  
embarrassing and my emails they're so

808  
00:29:34,870 --> 00:29:31,919  
embarrassing make me cringe and there's

809  
00:29:36,549 --> 00:29:34,880  
lies in there there's other lies like

810  
00:29:44,389 --> 00:29:36,559  
like

811  
00:29:45,669 --> 00:29:44,399  
helped a filmmaker earn twelve hundred

812  
00:29:47,909 --> 00:29:45,679  
dollars well then i would say yeah look

813  
00:29:49,510 --> 00:29:47,919

i helped the filmmaker earn four digits

814

00:29:51,590 --> 00:29:49,520

well i'm implying that it's greater than

815

00:29:55,110 --> 00:29:51,600

that yeah so that's a lie of in and of

816

00:30:50,870 --> 00:29:56,630

i

817

00:30:52,310 --> 00:30:50,880

were of value were brought over

818

00:30:53,669 --> 00:30:52,320

regardless of what they had worked on

819

00:30:55,990 --> 00:30:53,679

and what they've been a part of before

820

00:30:57,830 --> 00:30:56,000

so i mean we've just compared compared

821

00:31:00,630 --> 00:30:57,840

in a way bubbles are to the nazis but

822

00:31:03,509 --> 00:31:00,640

you know the the general idea is correct

823

00:31:04,389 --> 00:31:03,519

so yeah that's the disinformation stuff

824

00:31:06,310 --> 00:31:04,399

for me

825

00:31:08,310 --> 00:31:06,320

i don't go massively into it because you

826  
00:31:10,389 --> 00:31:08,320  
can just start picking every single

827  
00:31:12,470 --> 00:31:10,399  
aspect of this topic apart as as

828  
00:31:13,830 --> 00:31:12,480  
disinformation and and you said earlier

829  
00:31:16,230 --> 00:31:13,840  
cut that the

830  
00:31:18,470 --> 00:31:16,240  
it's very splintered and split the ufo

831  
00:31:20,230 --> 00:31:18,480  
community um especially from a social

832  
00:31:22,950 --> 00:31:20,240  
media point of view there's so many

833  
00:31:25,269 --> 00:31:22,960  
different compartments too ufology or

834  
00:31:26,389 --> 00:31:25,279  
ufos or uaps whatever people want to

835  
00:31:28,310 --> 00:31:26,399  
call them now

836  
00:31:29,669 --> 00:31:28,320  
that it can be very splintered and

837  
00:31:31,590 --> 00:31:29,679  
separated

838  
00:31:33,110 --> 00:31:31,600

what's your experience with the ufo

839

00:31:36,870 --> 00:31:33,120

community being like and your

840

00:31:38,870 --> 00:31:36,880

interactions i suppose especially online

841

00:31:40,789 --> 00:31:38,880

luckily i'm not a part of the community

842

00:31:41,990 --> 00:31:40,799

then some people would say well kurt

843

00:31:43,430 --> 00:31:42,000

you're putting out videos that makes you

844

00:31:44,870 --> 00:31:43,440

a part of the community let me tell you

845

00:31:46,230 --> 00:31:44,880

what i defined as being a part of the

846

00:31:48,149 --> 00:31:46,240

community

847

00:31:49,830 --> 00:31:48,159

somewhat regularly posting on reddit at

848

00:31:52,070 --> 00:31:49,840

least browsing reddit at least keeping

849

00:31:53,909 --> 00:31:52,080

up with the newest ufo news being

850

00:31:55,509 --> 00:31:53,919

heavily interested in so-and-so

851  
00:31:59,509 --> 00:31:55,519  
revelations

852  
00:32:03,830 --> 00:32:01,269  
being extremely knowledgeable none of

853  
00:32:05,830 --> 00:32:03,840  
those i am none of those and what i am

854  
00:32:07,269 --> 00:32:05,840  
is just someone who knows so little i'm

855  
00:32:08,149 --> 00:32:07,279  
just an asinine

856  
00:32:09,029 --> 00:32:08,159  
fool

857  
00:32:10,789 --> 00:32:09,039  
who

858  
00:32:13,110 --> 00:32:10,799  
is curious and

859  
00:32:16,070 --> 00:32:13,120  
like a child i'm just asking

860  
00:32:18,789 --> 00:32:16,080  
i'm i think this is an ex

861  
00:32:20,470 --> 00:32:18,799  
think of me like a child i'm so immature

862  
00:32:21,750 --> 00:32:20,480  
in many respects like you wouldn't want

863  
00:32:23,909 --> 00:32:21,760

to know but

864

00:32:25,750 --> 00:32:23,919

like in

865

00:32:27,750 --> 00:32:25,760

when it comes i'm just a child so i'm

866

00:32:29,669 --> 00:32:27,760

like okay but why this and what and how

867

00:32:31,509 --> 00:32:29,679

that and luckily i have some background

868

00:32:33,190 --> 00:32:31,519

some scientific background so i can ask

869

00:32:36,149 --> 00:32:33,200

some

870

00:32:39,350 --> 00:32:36,159

at least ostensibly informed questions

871

00:32:40,389 --> 00:32:39,360

scientifically but but majorly not

872

00:32:43,750 --> 00:32:40,399

and so

873

00:32:45,110 --> 00:32:43,760

i'm not a part of the community and

874

00:32:46,470 --> 00:32:45,120

luckily i've been

875

00:32:48,470 --> 00:32:46,480

extremely

876

00:32:50,870 --> 00:32:48,480

blessed because many of the people in

877

00:32:52,870 --> 00:32:50,880

the community perhaps they like that

878

00:32:54,389 --> 00:32:52,880

see like i mentioned before it can't to

879

00:32:57,190 --> 00:32:54,399

get scientists to take this issue

880

00:32:59,990 --> 00:32:57,200

seriously it can't come from

881

00:33:02,230 --> 00:33:00,000

outside science i mean it can start

882

00:33:04,549 --> 00:33:02,240

there but it it also has to trickle down

883

00:33:08,630 --> 00:33:07,269

into scientists and i'm not a scientist

884

00:33:10,389 --> 00:33:08,640

but luckily

885

00:33:12,950 --> 00:33:10,399

my audience and i don't like to use the

886

00:33:15,509 --> 00:33:12,960

word my audience sorry i apologize for

887

00:33:17,029 --> 00:33:15,519

that the audience the people who watch

888

00:33:18,310 --> 00:33:17,039

the theories of everything channel the

889

00:33:19,830 --> 00:33:18,320

reason why i don't like to use the word

890

00:33:22,070 --> 00:33:19,840

my is because people aren't there for me

891

00:33:23,350 --> 00:33:22,080

it's not about me and also it's not as

892

00:33:25,269 --> 00:33:23,360

if they like everything from the channel

893

00:33:27,110 --> 00:33:25,279

so i just want to put that out there the

894

00:33:29,590 --> 00:33:27,120

people who watch the theories of

895

00:33:31,190 --> 00:33:29,600

everything channel there's a huge

896

00:33:33,590 --> 00:33:31,200

portion of them that are

897

00:33:35,509 --> 00:33:33,600

professors that's actually a rare rare

898

00:33:38,470 --> 00:33:35,519

quality to have professors watching your

899

00:33:40,310 --> 00:33:38,480

show phd postdocs in science

900

00:33:41,909 --> 00:33:40,320

so there's a portion of them a large

901  
00:33:43,990 --> 00:33:41,919  
much larger than average

902  
00:33:46,070 --> 00:33:44,000  
portion of them

903  
00:33:47,830 --> 00:33:46,080  
they'll watch the show and when they see

904  
00:33:49,509 --> 00:33:47,840  
someone like myself taking this topic

905  
00:33:50,630 --> 00:33:49,519  
seriously maybe at first they roll their

906  
00:33:52,870 --> 00:33:50,640  
eyes and then

907  
00:33:54,549 --> 00:33:52,880  
they start to themselves take it more

908  
00:33:56,710 --> 00:33:54,559  
seriously so if anything i'm making my

909  
00:33:59,350 --> 00:33:56,720  
impact just by hosting conversations

910  
00:34:02,070 --> 00:33:59,360  
like this and the ufo community

911  
00:34:03,590 --> 00:34:02,080  
because i'm not a part of them i'm doing

912  
00:34:05,110 --> 00:34:03,600  
this community of service by

913  
00:34:06,549 --> 00:34:05,120

legitimizing them and not saying that

914

00:34:08,149 --> 00:34:06,559

they're

915

00:34:10,470 --> 00:34:08,159

i call them fringe because they are

916

00:34:11,829 --> 00:34:10,480

fringe but i don't use that in any

917

00:34:13,349 --> 00:34:11,839

i don't mean that that's i don't mean

918

00:34:15,030 --> 00:34:13,359

the fringe is not the same as false

919

00:34:17,190 --> 00:34:15,040

fringe just means it's not accepted it's

920

00:34:18,389 --> 00:34:17,200

on the edges the periphery the environs

921

00:34:20,790 --> 00:34:18,399

the perimeter

922

00:34:22,629 --> 00:34:20,800

so yeah it's not i don't know it's not a

923

00:34:24,869 --> 00:34:22,639

derogatory term it's true that's what it

924

00:34:27,990 --> 00:34:24,879

is it's a nation even this podcast

925

00:34:29,829 --> 00:34:28,000

itself is nation within the ufo topic

926  
00:34:30,869 --> 00:34:29,839  
people have even further niches and

927  
00:34:32,389 --> 00:34:30,879  
drill down and it's those

928  
00:34:34,389 --> 00:34:32,399  
specializations you talk about when it

929  
00:34:37,349 --> 00:34:34,399  
comes to chemistry and science people

930  
00:34:39,109 --> 00:34:37,359  
have that within the ufo community and i

931  
00:34:41,109 --> 00:34:39,119  
i sit right on the edge and i am no

932  
00:34:43,829 --> 00:34:41,119  
expert in anything i talk about when it

933  
00:34:45,589 --> 00:34:43,839  
comes to ufos um i've got colleagues and

934  
00:34:47,589 --> 00:34:45,599  
friends now it's like dan who obviously

935  
00:34:49,750 --> 00:34:47,599  
have been conversing with as well his

936  
00:34:51,190 --> 00:34:49,760  
knowledge is fantastic and we've got

937  
00:34:53,510 --> 00:34:51,200  
friends like graham rendell who just

938  
00:34:55,589 --> 00:34:53,520

pulls dates and times and

939

00:34:57,270 --> 00:34:55,599

events off the top of his head i can't

940

00:35:00,390 --> 00:34:57,280

do that i don't have the memory or the

941

00:35:02,550 --> 00:35:00,400

brain for it but what i do have is in a

942

00:35:04,870 --> 00:35:02,560

way similar to yourself just without the

943

00:35:06,150 --> 00:35:04,880

articulation that you have as i've got a

944

00:35:08,710 --> 00:35:06,160

lot of questions and i've got an

945

00:35:10,470 --> 00:35:08,720

inquisitive mind and i want to know more

946

00:35:12,069 --> 00:35:10,480

and i think that's where someone like

947

00:35:14,230 --> 00:35:12,079

yourself i'm really interested in

948

00:35:16,069 --> 00:35:14,240

talking to for the podcast and people

949

00:35:17,990 --> 00:35:16,079

get in touch and send in questions

950

00:35:20,630 --> 00:35:18,000

because you're on the outside of the

951

00:35:22,310 --> 00:35:20,640

subject you don't have a bias that oh

952

00:35:24,550 --> 00:35:22,320

well he knows about this event and he

953

00:35:27,510 --> 00:35:24,560

thinks these are et's coming from this

954

00:35:30,069 --> 00:35:27,520

civilization so people appreciate that

955

00:35:32,069 --> 00:35:30,079

new fresh approach that i would like to

956

00:35:34,310 --> 00:35:32,079

think is going to be fluid and malleable

957

00:35:35,990 --> 00:35:34,320

and as you go along your journey and you

958

00:35:38,150 --> 00:35:36,000

you interview more people which i'm sure

959

00:35:40,150 --> 00:35:38,160

you will you'll be able to change your

960

00:35:42,550 --> 00:35:40,160

opinion and let it be formed and when

961

00:35:44,390 --> 00:35:42,560

you hear new information like i do i'm

962

00:35:45,910 --> 00:35:44,400

quite happy that tomorrow if something

963

00:35:47,829 --> 00:35:45,920

comes to light that

964

00:35:50,550 --> 00:35:47,839

i make no secret like louis elizondo

965

00:35:52,069 --> 00:35:50,560

luis elizondo i put a lot of stock into

966

00:35:54,710 --> 00:35:52,079

what he has said and what he's come out

967

00:35:56,550 --> 00:35:54,720

with given his his former role with ata

968

00:35:59,109 --> 00:35:56,560

within the us government

969

00:36:01,109 --> 00:35:59,119

if that all turned out to be false in

970

00:36:02,710 --> 00:36:01,119

some way shape or form i would have no

971

00:36:04,470 --> 00:36:02,720

problem holding my hand up and saying

972

00:36:05,349 --> 00:36:04,480

okay that's fine where do we go from

973

00:36:09,589 --> 00:36:05,359

here

974

00:36:11,750 --> 00:36:09,599

who are so hard and steadfast in what

975

00:36:14,470 --> 00:36:11,760

they believe and they've believed it for

976  
00:36:15,910 --> 00:36:14,480  
so long that it has to be right there's

977  
00:36:17,990 --> 00:36:15,920  
no other option

978  
00:36:19,589 --> 00:36:18,000  
and that's that's just two of the groups

979  
00:36:21,030 --> 00:36:19,599  
i think within the whole community as

980  
00:36:22,230 --> 00:36:21,040  
well

981  
00:36:23,270 --> 00:36:22,240  
yeah and to

982  
00:36:26,069 --> 00:36:23,280  
to give

983  
00:36:28,069 --> 00:36:26,079  
to steel men them the people who if any

984  
00:36:29,190 --> 00:36:28,079  
crit if i get any criticism it would

985  
00:36:31,510 --> 00:36:29,200  
only be

986  
00:36:32,550 --> 00:36:31,520  
why are you hosting this guest

987  
00:36:34,870 --> 00:36:32,560  
rather than

988  
00:36:37,750 --> 00:36:34,880

critiques directed at me per se

989

00:36:42,470 --> 00:36:37,760

luckily i tend to get well luckily i

990

00:36:46,710 --> 00:36:44,550

okay let's drop that when i

991

00:36:48,150 --> 00:36:46,720

i get critiqued occasionally like why

992

00:36:50,710 --> 00:36:48,160

did you hold travis walton he's

993

00:36:52,790 --> 00:36:50,720

obviously lying or why did you host

994

00:36:55,109 --> 00:36:52,800

i said hold i didn't hold traffic

995

00:36:58,870 --> 00:36:57,190

why did why did i host luis elisando

996

00:37:00,950 --> 00:36:58,880

disinformation agent

997

00:37:03,349 --> 00:37:00,960

if there ever was one that's for sure

998

00:37:06,150 --> 00:37:03,359

and ross and so on

999

00:37:07,270 --> 00:37:06,160

but those are extreme minorities because

1000

00:37:09,349 --> 00:37:07,280

it's also

1001  
00:37:12,470 --> 00:37:09,359  
well see

1002  
00:37:14,950 --> 00:37:12,480  
i am sympathetic to the people who

1003  
00:37:16,069 --> 00:37:14,960  
who give those critiques as well because

1004  
00:37:17,750 --> 00:37:16,079  
this is such

1005  
00:37:20,390 --> 00:37:17,760  
i view this as an important issue i

1006  
00:37:22,150 --> 00:37:20,400  
think even the scientists who

1007  
00:37:24,870 --> 00:37:22,160  
ridicule this view it as an extremely

1008  
00:37:28,069 --> 00:37:25,990  
and i can

1009  
00:37:29,990 --> 00:37:28,079  
i can somewhat prove that in the sense

1010  
00:37:31,349 --> 00:37:30,000  
that they constantly say wouldn't it be

1011  
00:37:33,670 --> 00:37:31,359  
great to know if there was life on other

1012  
00:37:34,870 --> 00:37:33,680  
planets okay well it would be one of the

1013  
00:37:36,470 --> 00:37:34,880

greatest discoveries to know there

1014

00:37:38,470 --> 00:37:36,480

exists life and that life is interested

1015

00:37:39,670 --> 00:37:38,480

in us that's a huge huge huge huge

1016

00:37:42,710 --> 00:37:39,680

discovery

1017

00:37:48,470 --> 00:37:45,190

this is a huge issue to

1018

00:37:49,589 --> 00:37:48,480

many people in it it changes

1019

00:37:52,790 --> 00:37:49,599

see

1020

00:37:53,990 --> 00:37:52,800

there's also this quote that says

1021

00:37:55,750 --> 00:37:54,000

it's a quote but i'm going to butcher it

1022

00:37:57,670 --> 00:37:55,760

which means not i'm not doing it it's

1023

00:37:59,270 --> 00:37:57,680

not a quote anymore but there's the

1024

00:38:01,349 --> 00:37:59,280

sentiment that says something like the

1025

00:38:04,550 --> 00:38:01,359

way that science works or the way that

1026

00:38:06,310 --> 00:38:04,560

paradigms work in culture is first you

1027

00:38:08,550 --> 00:38:06,320

put up a proposition it's ridiculed

1028

00:38:10,550 --> 00:38:08,560

intensely then it's seen as obviously

1029

00:38:12,390 --> 00:38:10,560

true later once it's been accepted and

1030

00:38:14,470 --> 00:38:12,400

then you find it foolish that anyone

1031

00:38:15,829 --> 00:38:14,480

didn't believe in it i imagine that's

1032

00:38:17,750 --> 00:38:15,839

going to be the case when it comes to

1033

00:38:19,829 --> 00:38:17,760

ufos if anything's ever revealed because

1034

00:38:21,829 --> 00:38:19,839

i know some people who are so hearted so

1035

00:38:23,750 --> 00:38:21,839

obstinate against

1036

00:38:25,910 --> 00:38:23,760

it being a true phenomenon but i have a

1037

00:38:27,829 --> 00:38:25,920

feeling that if it comes to light that

1038

00:38:29,589 --> 00:38:27,839

there exists something that are

1039

00:38:31,190 --> 00:38:29,599

that are otherworldly or other human

1040

00:38:32,310 --> 00:38:31,200

like or there's

1041

00:38:33,670 --> 00:38:32,320

that there's some truth there's some

1042

00:38:36,950 --> 00:38:33,680

veracity to this

1043

00:38:39,190 --> 00:38:36,960

that they would say well ah obviously so

1044

00:38:41,750 --> 00:38:39,200

and humans acclimate people acclimate

1045

00:38:43,510 --> 00:38:41,760

quickly so they would

1046

00:38:44,950 --> 00:38:43,520

they they wouldn't have any problems

1047

00:38:47,589 --> 00:38:44,960

doing so and not they wouldn't see their

1048

00:38:50,150 --> 00:38:47,599

own hypocrisy or feel any need to be

1049

00:38:51,829 --> 00:38:50,160

apologetic or feel any need to be

1050

00:38:54,390 --> 00:38:51,839

more open-minded and more willing to

1051

00:38:55,990 --> 00:38:54,400

listen to people who in on other issues

1052

00:39:02,470 --> 00:38:56,000

are saying hey there's veracity to

1053

00:39:06,150 --> 00:39:04,470

yeah i was going somewhere and i believe

1054

00:39:07,430 --> 00:39:06,160

i lost my train

1055

00:39:09,190 --> 00:39:07,440

but it doesn't matter

1056

00:39:11,270 --> 00:39:09,200

no that's okay listen you've mentioned a

1057

00:39:12,310 --> 00:39:11,280

few names cut like bob lazar travis

1058

00:39:14,150 --> 00:39:12,320

walton

1059

00:39:15,589 --> 00:39:14,160

and i remember is it all right if i

1060

00:39:16,470 --> 00:39:15,599

interrupt you

1061

00:39:17,829 --> 00:39:16,480

what i was going to say is that the

1062

00:39:20,790 --> 00:39:17,839

people who

1063

00:39:22,630 --> 00:39:20,800

hosting this person they're

1064

00:39:25,109 --> 00:39:22,640  
disinformation

1065

00:39:29,109 --> 00:39:25,119  
they're just information artists or

1066

00:39:29,990 --> 00:39:29,119  
agents agents right yeah right

1067

00:39:32,390 --> 00:39:30,000  
it's

1068

00:39:35,430 --> 00:39:34,150  
they're right in this in the sense that

1069

00:39:37,589 --> 00:39:35,440  
it's an important issue why would you

1070

00:39:40,950 --> 00:39:37,599  
want to muddle it

1071

00:39:44,710 --> 00:39:43,270  
how they're right in that regard

1072

00:39:46,870 --> 00:39:44,720  
it's just so tricky because you don't

1073

00:39:48,470 --> 00:39:46,880  
know there's such a lack of data and you

1074

00:39:50,470 --> 00:39:48,480  
asked me what data would there be that

1075

00:39:51,670 --> 00:39:50,480  
would be what would be great data like

1076

00:39:53,430 --> 00:39:51,680

what would be what would make it more

1077

00:39:54,870 --> 00:39:53,440

palatable i think was your word i think

1078

00:39:56,230 --> 00:39:54,880

double blind studies triple blind

1079

00:39:59,589 --> 00:39:56,240

studies but how do you do that with

1080

00:40:02,069 --> 00:39:59,599

regard to this phenomenon i don't know

1081

00:40:04,630 --> 00:40:02,079

i was talking with dan and i have a new

1082

00:40:07,109 --> 00:40:04,640

show starting on kgra radio called the

1083

00:40:09,750 --> 00:40:07,119

other show it's a spin-off of this um

1084

00:40:12,230 --> 00:40:09,760

but it's original fresh content and we

1085

00:40:14,710 --> 00:40:12,240

were looking at a video of it it's never

1086

00:40:18,069 --> 00:40:14,720

been debunked shall we say from turkey

1087

00:40:20,790 --> 00:40:18,079

in 2008 and it's filmed with a old

1088

00:40:23,589 --> 00:40:20,800

handheld video camera and the turkish

1089

00:40:26,309 --> 00:40:23,599

gentleman is filming this object that

1090

00:40:29,190 --> 00:40:26,319

from the the naked eye he says and it's

1091

00:40:31,670 --> 00:40:29,200

been translated as just a dot in the sky

1092

00:40:34,710 --> 00:40:31,680

and he zooms in to this object and you

1093

00:40:36,550 --> 00:40:34,720

can clearly see if this is genuine it's

1094

00:40:38,390 --> 00:40:36,560

the best footage of of what you would

1095

00:40:40,309 --> 00:40:38,400

see as a uf4

1096

00:40:41,910 --> 00:40:40,319

spacecraft yeah i'll send you the link

1097

00:40:42,870 --> 00:40:41,920

over yeah um

1098

00:40:44,230 --> 00:40:42,880

however

1099

00:40:47,270 --> 00:40:44,240

dan and i were breaking it down and

1100

00:40:49,109 --> 00:40:47,280

discussing what we thought of it and

1101

00:40:51,510 --> 00:40:49,119

you can actually see we don't know if

1102

00:40:53,510 --> 00:40:51,520

it's paradilia but there's potentially

1103

00:40:55,190 --> 00:40:53,520

two occupants actually filmed within the

1104

00:40:56,150 --> 00:40:55,200

front of it

1105

00:40:58,230 --> 00:40:56,160

and

1106

00:41:00,150 --> 00:40:58,240

dan had said himself that he thought it

1107

00:41:02,069 --> 00:41:00,160

would look like the the dimensions would

1108

00:41:04,150 --> 00:41:02,079

be out because the heads would be too

1109

00:41:05,430 --> 00:41:04,160

big and it's still quite blurry given

1110

00:41:07,990 --> 00:41:05,440

you know how far away they're filming

1111

00:41:10,230 --> 00:41:08,000

from but like i said to dan it's like we

1112

00:41:12,150 --> 00:41:10,240

don't know there is literally no

1113

00:41:14,630 --> 00:41:12,160

evidence of a true

1114

00:41:17,510 --> 00:41:14,640

alien and quotation mark spacecraft that

1115

00:41:19,030 --> 00:41:17,520

we have that we know is 100 genuine so

1116

00:41:20,950 --> 00:41:19,040

how would we know what one of these

1117

00:41:22,710 --> 00:41:20,960

things would actually look like

1118

00:41:24,630 --> 00:41:22,720

so we can say that yeah that looks too

1119

00:41:26,790 --> 00:41:24,640

big or that looks too small or that

1120

00:41:28,470 --> 00:41:26,800

looks fake or that looks cgi yeah you

1121

00:41:30,790 --> 00:41:28,480

have nothing appeared to yeah for all we

1122

00:41:32,390 --> 00:41:30,800

know that that is what that looks like

1123

00:41:34,710 --> 00:41:32,400

and it also matches

1124

00:41:36,150 --> 00:41:34,720

for straighten it also reminds me of

1125

00:41:37,750 --> 00:41:36,160

when people say

1126  
00:41:38,950 --> 00:41:37,760  
life as we know it like they're looking

1127  
00:41:40,550 --> 00:41:38,960  
for life in other planets but then

1128  
00:41:41,990 --> 00:41:40,560  
they'll say life as we know it is so and

1129  
00:41:43,990 --> 00:41:42,000  
so but there could be life as we don't

1130  
00:41:46,630 --> 00:41:44,000  
know it yeah but what makes you call it

1131  
00:41:48,950 --> 00:41:46,640  
life then you have no comparison like is

1132  
00:41:51,190 --> 00:41:48,960  
the air life is fire life is the sun

1133  
00:41:52,950 --> 00:41:51,200  
life

1134  
00:41:54,550 --> 00:41:52,960  
i i really hope and there's a line of

1135  
00:41:56,550 --> 00:41:54,560  
thinking that if if you're spoken to

1136  
00:41:59,589 --> 00:41:56,560  
luis elizondo he may have brought up

1137  
00:42:01,829 --> 00:41:59,599  
that potentially some of these these

1138  
00:42:03,990 --> 00:42:01,839

crafters objects entities beings whatever

1139

00:42:06,710 --> 00:42:04,000

they may be are

1140

00:42:08,550 --> 00:42:06,720

more closer to home than we realize and

1141

00:42:10,390 --> 00:42:08,560

i would love for that discovery to be

1142

00:42:12,390 --> 00:42:10,400

made before we find there's alien life

1143

00:42:14,550 --> 00:42:12,400

on other planets that there's another

1144

00:42:17,910 --> 00:42:14,560

non-human intelligence more intelligent

1145

00:42:19,670 --> 00:42:17,920

than us already here

1146

00:42:21,910 --> 00:42:19,680

either on this planet or sharing the

1147

00:42:23,829 --> 00:42:21,920

same spaces as

1148

00:42:25,190 --> 00:42:23,839

uh

1149

00:42:26,630 --> 00:42:25,200

interesting yeah

1150

00:42:29,109 --> 00:42:26,640

i'll send you the link to that as well

1151  
00:42:30,470 --> 00:42:29,119  
when i spoke to louise elizondo car i'll

1152  
00:42:32,069 --> 00:42:30,480  
explain this and the listeners that are

1153  
00:42:34,230 --> 00:42:32,079  
relatively new to the podcast might not

1154  
00:42:36,069 --> 00:42:34,240  
have heard this one yet i asked lou he'd

1155  
00:42:37,510 --> 00:42:36,079  
made a quote in in the past on a

1156  
00:42:38,309 --> 00:42:37,520  
different interview a couple of years

1157  
00:42:39,349 --> 00:42:38,319  
ago

1158  
00:42:41,030 --> 00:42:39,359  
that um

1159  
00:42:44,069 --> 00:42:41,040  
what does it mean to be human and he

1160  
00:42:45,670 --> 00:42:44,079  
talked about is it mankind or mankind's

1161  
00:42:47,270 --> 00:42:45,680  
and i asked him to follow up on that

1162  
00:42:49,270 --> 00:42:47,280  
quote because no one really had before

1163  
00:42:52,150 --> 00:42:49,280

but it was something people brought up

1164

00:42:53,589 --> 00:42:52,160

and he used an analogy which uh if you

1165

00:42:55,750 --> 00:42:53,599

butchered a quote before i'll butcher

1166

00:42:58,309 --> 00:42:55,760

this analogy for you he said imagine a

1167

00:43:00,950 --> 00:42:58,319

cigar where the the piece of the cigar

1168

00:43:02,470 --> 00:43:00,960

that's burned away is the past

1169

00:43:04,710 --> 00:43:02,480

what you have still to burn is the

1170

00:43:06,790 --> 00:43:04,720

future and what is burning in the middle

1171

00:43:09,030 --> 00:43:06,800

is the cherry now if you look at that

1172

00:43:10,630 --> 00:43:09,040

cherry where it's burning in that moment

1173

00:43:12,150 --> 00:43:10,640

that is the here and now

1174

00:43:14,390 --> 00:43:12,160

but when you look at it up close it's

1175

00:43:16,470 --> 00:43:14,400

not symmetrical there's an overlap and

1176

00:43:17,910 --> 00:43:16,480

it's not all burning at the same time

1177

00:43:20,069 --> 00:43:17,920

and he said to me what if there was

1178

00:43:21,589 --> 00:43:20,079

another species or

1179

00:43:24,230 --> 00:43:21,599

or race

1180

00:43:26,309 --> 00:43:24,240

that could experience that time

1181

00:43:28,069 --> 00:43:26,319

differently that if you and i could be

1182

00:43:29,670 --> 00:43:28,079

having this interview

1183

00:43:30,630 --> 00:43:29,680

but you're having it five minutes from

1184

00:43:32,230 --> 00:43:30,640

now

1185

00:43:34,950 --> 00:43:32,240

and that's the way lou explained to me

1186

00:43:36,710 --> 00:43:34,960

his comment of mankind's

1187

00:43:38,630 --> 00:43:36,720

um so i'll send you that one over as

1188

00:43:40,390 --> 00:43:38,640

well because you'll probably appreciate

1189

00:43:42,309 --> 00:43:40,400

the where he's coming from with it but

1190

00:43:44,630 --> 00:43:42,319

there's a line of thinking that some of

1191

00:43:46,470 --> 00:43:44,640

these objects especially the ones that

1192

00:43:48,550 --> 00:43:46,480

the the us military are encountering off

1193

00:43:49,510 --> 00:43:48,560

the coast of california

1194

00:43:51,990 --> 00:43:49,520

may be

1195

00:43:54,390 --> 00:43:52,000

based here rather than from some far-off

1196

00:43:58,630 --> 00:43:56,470

i see me as a physic i'm not a physicist

1197

00:43:59,670 --> 00:43:58,640

but me with my physics

1198

00:44:01,750 --> 00:43:59,680

mind

1199

00:44:03,829 --> 00:44:01,760

i'm wondering about it sounds like there

1200

00:44:05,589 --> 00:44:03,839

are multiple time dimensions see most

1201

00:44:08,230 --> 00:44:05,599

theories tend to have multiple spatial

1202

00:44:10,309 --> 00:44:08,240

dimensions and then one time component

1203

00:44:11,670 --> 00:44:10,319

there are other theories with multiple

1204

00:44:15,030 --> 00:44:11,680

time components as well i believe

1205

00:44:17,829 --> 00:44:15,040

twister but i'm not sure twister theory

1206

00:44:19,990 --> 00:44:17,839

either way this lends credence to some

1207

00:44:21,190 --> 00:44:20,000

that's the only way i can

1208

00:44:23,190 --> 00:44:21,200

well that's what it that's what's

1209

00:44:25,190 --> 00:44:23,200

occurring to me when he says that

1210

00:44:27,270 --> 00:44:25,200

i'll send you those links so that the

1211

00:44:28,550 --> 00:44:27,280

turkey ufo which i'll put in the link

1212

00:44:30,470 --> 00:44:28,560

for this show as well because people

1213

00:44:32,309 --> 00:44:30,480

will no doubt now be interested in that

1214

00:44:34,630 --> 00:44:32,319

and the the link as well to his

1215

00:44:35,910 --> 00:44:34,640

mankind's analogy which uh got a few

1216

00:44:37,829 --> 00:44:35,920

people talking at the time when he when

1217

00:44:39,270 --> 00:44:37,839

he came out with that one um if you

1218

00:44:40,710 --> 00:44:39,280

don't mind i'll go back to the question

1219

00:44:42,710 --> 00:44:40,720

i was asking before where you had

1220

00:44:44,230 --> 00:44:42,720

mentioned bob lazar travis walton some

1221

00:44:45,589 --> 00:44:44,240

of those names

1222

00:44:49,270 --> 00:44:45,599

are there any

1223

00:44:51,510 --> 00:44:49,280

aspects of this topic that you feel

1224

00:44:53,349 --> 00:44:51,520

as that are taboo even for you to

1225

00:44:54,550 --> 00:44:53,359

discuss you mentioned mutilations

1226  
00:44:55,990 --> 00:44:54,560  
earlier so that's something you're

1227  
00:44:57,750 --> 00:44:56,000  
interested in but

1228  
00:44:59,270 --> 00:44:57,760  
is there anything that you find too out

1229  
00:45:00,870 --> 00:44:59,280  
there or too woo

1230  
00:45:02,069 --> 00:45:00,880  
that you you just don't really want to

1231  
00:45:03,750 --> 00:45:02,079  
go into

1232  
00:45:05,109 --> 00:45:03,760  
no

1233  
00:45:06,470 --> 00:45:05,119  
you're that's good though though you're

1234  
00:45:08,230 --> 00:45:06,480  
quite happy to go with do you know what

1235  
00:45:09,510 --> 00:45:08,240  
a conversation is is just that it's a

1236  
00:45:12,870 --> 00:45:09,520  
conversation

1237  
00:45:15,270 --> 00:45:12,880  
yeah i go with my intuition and i also

1238  
00:45:17,109 --> 00:45:15,280

i guide myself with this person like i

1239

00:45:19,430 --> 00:45:17,119

use body language and my judgment and

1240

00:45:21,190 --> 00:45:19,440

intuition but i also try to say that

1241

00:45:23,270 --> 00:45:21,200

what if what this person is saying is

1242

00:45:25,910 --> 00:45:23,280

true what would the implications of that

1243

00:45:27,589 --> 00:45:25,920

be i'm not looking for flaws in them

1244

00:45:29,270 --> 00:45:27,599

because i'm not a skeptic

1245

00:45:30,390 --> 00:45:29,280

i'm more trying to understand their

1246

00:45:31,750 --> 00:45:30,400

point of view

1247

00:45:33,270 --> 00:45:31,760

and

1248

00:45:34,550 --> 00:45:33,280

if they're all if they're making it on

1249

00:45:36,790 --> 00:45:34,560

the channel i've done

1250

00:45:38,630 --> 00:45:36,800

at least a preliminary

1251  
00:45:39,750 --> 00:45:38,640  
a superficial look

1252  
00:45:40,950 --> 00:45:39,760  
at their

1253  
00:45:42,470 --> 00:45:40,960  
repertoire

1254  
00:45:43,510 --> 00:45:42,480  
and i've come to the conclusion that

1255  
00:45:45,430 --> 00:45:43,520  
they're not

1256  
00:45:46,470 --> 00:45:45,440  
being dishonest

1257  
00:45:48,630 --> 00:45:46,480  
and i'm

1258  
00:45:51,030 --> 00:45:48,640  
could be incorrect about that everyone

1259  
00:45:52,870 --> 00:45:51,040  
is dishonest in many ways

1260  
00:45:54,309 --> 00:45:52,880  
so

1261  
00:45:55,910 --> 00:45:54,319  
it doesn't mean that they're

1262  
00:45:57,670 --> 00:45:55,920  
it doesn't mean they're dishonest when

1263  
00:46:00,390 --> 00:45:57,680

it comes to the ufo stories but either

1264

00:46:01,910 --> 00:46:00,400

way i follow them and i and i think

1265

00:46:03,910 --> 00:46:01,920

you'd be extremely surprised at what i'm

1266

00:46:05,510 --> 00:46:03,920

willing to entertain i think most people

1267

00:46:06,950 --> 00:46:05,520

would be extremely surprised some people

1268

00:46:09,109 --> 00:46:06,960

think that

1269

00:46:11,430 --> 00:46:09,119

i'm entertaining this ufo topic because

1270

00:46:13,349 --> 00:46:11,440

it's getting it's terribly successful in

1271

00:46:15,750 --> 00:46:13,359

the sense of views

1272

00:46:18,230 --> 00:46:15,760

but that's

1273

00:46:19,990 --> 00:46:18,240

like i mentioned the robert

1274

00:46:21,349 --> 00:46:20,000

jeremy the jeremy corbell and the kevin

1275

00:46:23,589 --> 00:46:21,359

knuth were my first and those weren't

1276

00:46:27,030 --> 00:46:23,599

extremely successful at all in fact i

1277

00:46:29,430 --> 00:46:27,040

got criticized heavily for them and i i

1278

00:46:31,910 --> 00:46:29,440

can't say anything right now but

1279

00:46:33,030 --> 00:46:31,920

for my other topics like consciousness i

1280

00:46:35,990 --> 00:46:33,040

actually

1281

00:46:37,910 --> 00:46:36,000

can make far far i get far more views

1282

00:46:40,150 --> 00:46:37,920

and i'm offered well i can just tell you

1283

00:46:42,710 --> 00:46:40,160

this there are people who have offered

1284

00:46:44,630 --> 00:46:42,720

me more money than the channel has made

1285

00:46:47,510 --> 00:46:44,640

more money than

1286

00:46:49,829 --> 00:46:47,520

year

1287

00:46:51,589 --> 00:46:49,839

for one month or two months of my time

1288

00:46:53,109 --> 00:46:51,599

to study their consciousness theory

1289

00:46:55,430 --> 00:46:53,119

there are people who have offered me

1290

00:46:57,270 --> 00:46:55,440

that and i could do that

1291

00:46:59,190 --> 00:46:57,280

so in some ways consciousness is far

1292

00:46:59,910 --> 00:46:59,200

more profitable

1293

00:47:02,470 --> 00:46:59,920

but

1294

00:47:04,790 --> 00:47:02,480

i'm just interested in this ufo

1295

00:47:06,069 --> 00:47:04,800

topic i'm just extremely interested and

1296

00:47:08,069 --> 00:47:06,079

i think people would be surprised what

1297

00:47:09,670 --> 00:47:08,079

i'm willing to entertain

1298

00:47:11,510 --> 00:47:09,680

well listen i've got a few listener

1299

00:47:13,109 --> 00:47:11,520

questions for you kurt but just before

1300

00:47:15,190 --> 00:47:13,119

that i've got i suppose i'm going to

1301  
00:47:16,630 --> 00:47:15,200  
call it a listener question it was dan

1302  
00:47:18,150 --> 00:47:16,640  
and i felt this would be a nice way to

1303  
00:47:20,470 --> 00:47:18,160  
kind of round off this portion of the

1304  
00:47:23,190 --> 00:47:20,480  
interview um and his question is on

1305  
00:47:24,870 --> 00:47:23,200  
consciousness and spirituality and dan

1306  
00:47:26,710 --> 00:47:24,880  
says we're only beginning to scratch the

1307  
00:47:28,950 --> 00:47:26,720  
surface of the implications of these

1308  
00:47:31,430 --> 00:47:28,960  
subjects and it's been noticed there's

1309  
00:47:33,109 --> 00:47:31,440  
overlap between the two areas what do

1310  
00:47:35,190 --> 00:47:33,119  
you think of the ideas of sir roger

1311  
00:47:38,230 --> 00:47:35,200  
penrose and others that consciousness

1312  
00:47:40,710 --> 00:47:38,240  
permeates everything

1313  
00:47:44,950 --> 00:47:40,720

it could be

1314

00:47:47,109 --> 00:47:44,960

i think i was talking to

1315

00:47:48,870 --> 00:47:47,119

aha i was talking to amjad hussein

1316

00:47:50,870 --> 00:47:48,880

somjad hussain is a supporter of the

1317

00:47:53,910 --> 00:47:50,880

theories of everything podcast

1318

00:47:56,790 --> 00:47:53,920

he has a company called algo

1319

00:47:57,750 --> 00:47:56,800

and i was talking with him

1320

00:47:59,349 --> 00:47:57,760

saying

1321

00:48:02,150 --> 00:47:59,359

that there may be a duality between

1322

00:48:03,589 --> 00:48:02,160

materialism and idealism

1323

00:48:06,230 --> 00:48:03,599

there may be there are plenty of

1324

00:48:08,150 --> 00:48:06,240

dualities in physics and dualities are a

1325

00:48:11,190 --> 00:48:08,160

technical term in math so there are

1326

00:48:12,309 --> 00:48:11,200

plenty of dualities in math for example

1327

00:48:14,069 --> 00:48:12,319

um

1328

00:48:16,150 --> 00:48:14,079

stone duality is one so there's a

1329

00:48:17,910 --> 00:48:16,160

duality between topologies certain

1330

00:48:20,150 --> 00:48:17,920

topological spaces which is you can

1331

00:48:21,750 --> 00:48:20,160

think of as geometric spaces and then

1332

00:48:23,990 --> 00:48:21,760

boolean algebras are certain it's called

1333

00:48:25,670 --> 00:48:24,000

sober spaces i believe that's correct

1334

00:48:27,829 --> 00:48:25,680

and then that means that there's an

1335

00:48:32,150 --> 00:48:27,839

analogy between

1336

00:48:34,150 --> 00:48:32,160

logic and geometry okay when you have a

1337

00:48:35,829 --> 00:48:34,160

when you have more than just an analogy

1338

00:48:37,990 --> 00:48:35,839

that's called a duality

1339

00:48:39,910 --> 00:48:38,000

it has a formalized term in something

1340

00:48:41,349 --> 00:48:39,920

called category theory in math but it

1341

00:48:42,950 --> 00:48:41,359

doesn't matter there's a duality what

1342

00:48:45,190 --> 00:48:42,960

i'm wondering is if there's a duality

1343

00:48:46,390 --> 00:48:45,200

between physicalism

1344

00:48:50,470 --> 00:48:46,400

and

1345

00:48:52,790 --> 00:48:50,480

i'm i don't

1346

00:48:55,510 --> 00:48:52,800

i don't know i don't

1347

00:48:59,670 --> 00:48:57,589

i don't see it as being implausible that

1348

00:49:01,750 --> 00:48:59,680

consciousness is all there is

1349

00:49:03,430 --> 00:49:01,760

i think if one takes bernardo castro's

1350

00:49:05,430 --> 00:49:03,440

point of view and one is trying to be a

1351

00:49:07,910 --> 00:49:05,440

scientist which a scientist is governed

1352

00:49:12,790 --> 00:49:07,920

by occam's razor then i don't know how

1353

00:49:15,349 --> 00:49:13,910

but

1354

00:49:17,109 --> 00:49:15,359

it could be the case that all there is

1355

00:49:18,790 --> 00:49:17,119

is material and consciousness is an

1356

00:49:20,710 --> 00:49:18,800

epiphenomenon it could be the case that

1357

00:49:22,870 --> 00:49:20,720

consciousness is what's fundamental i

1358

00:49:24,630 --> 00:49:22,880

don't know

1359

00:49:26,309 --> 00:49:24,640

i hope dan appreciates me asking that

1360

00:49:27,910 --> 00:49:26,319

question because he should have been

1361

00:49:29,510 --> 00:49:27,920

here for the follow-up to that because i

1362

00:49:31,270 --> 00:49:29,520

am in no position to be asking a

1363

00:49:33,430 --> 00:49:31,280

follow-up for to that answer so i

1364

00:49:35,109 --> 00:49:33,440

appreciate that cut now cut i've got a

1365

00:49:36,950 --> 00:49:35,119

few listener questions before we finish

1366

00:49:39,910 --> 00:49:36,960

off i would love to get your thoughts on

1367

00:49:41,910 --> 00:49:39,920

uh michael got in touch and he wanted to

1368

00:49:43,670 --> 00:49:41,920

know that um and i had asked you earlier

1369

00:49:45,910 --> 00:49:43,680

what prompted you to start looking at

1370

00:49:48,309 --> 00:49:45,920

the uap subject michael would like to

1371

00:49:57,589 --> 00:49:48,319

know what aspect if any has kept your

1372

00:50:00,230 --> 00:49:59,349

like i mentioned

1373

00:50:02,630 --> 00:50:00,240

that

1374

00:50:05,190 --> 00:50:02,640

party which is just four people

1375

00:50:07,190 --> 00:50:05,200

for the rapping of better left and said

1376

00:50:08,950 --> 00:50:07,200

there was an editor one of the

1377

00:50:10,150 --> 00:50:08,960

co-editors actually he said kurt you

1378

00:50:12,390 --> 00:50:10,160

know there's something watch these

1379

00:50:14,710 --> 00:50:12,400

videos and i was just completely

1380

00:50:17,270 --> 00:50:14,720

lambasting him for saying that ufos are

1381

00:50:19,190 --> 00:50:17,280

even a potentiality a potential

1382

00:50:20,630 --> 00:50:19,200

and either way i watched some of those

1383

00:50:22,470 --> 00:50:20,640

videos i was

1384

00:50:25,510 --> 00:50:22,480

i wouldn't say convinced because i'm not

1385

00:50:27,589 --> 00:50:25,520

convinced in any one direction but i but

1386

00:50:29,990 --> 00:50:27,599

i was peaked let's say that i found a

1387

00:50:31,190 --> 00:50:30,000

peak int so then i continued to watch

1388

00:50:33,829 --> 00:50:31,200

and

1389

00:50:35,589 --> 00:50:33,839

what

1390

00:50:37,430 --> 00:50:35,599

pretty much first grabbed my attention

1391

00:50:39,349 --> 00:50:37,440

what kept my attention

1392

00:50:41,349 --> 00:50:39,359

is

1393

00:50:45,109 --> 00:50:41,359

it just seems like

1394

00:50:49,510 --> 00:50:47,190

when it comes to legal cases like let's

1395

00:50:51,510 --> 00:50:49,520

say a rape trial or a murder trial

1396

00:50:53,030 --> 00:50:51,520

serious issues where someone is first of

1397

00:50:54,309 --> 00:50:53,040

all there's a

1398

00:50:55,750 --> 00:50:54,319

huge suffering involved and then

1399

00:50:57,510 --> 00:50:55,760

someone's going to get put away maybe to

1400

00:50:59,349 --> 00:50:57,520

the death penalty

1401  
00:51:00,470 --> 00:50:59,359  
that

1402  
00:51:01,510 --> 00:51:00,480  
and forget about the death penalty

1403  
00:51:04,710 --> 00:51:01,520  
because maybe this doesn't play but

1404  
00:51:07,030 --> 00:51:04,720  
locked up in prison in prison

1405  
00:51:09,109 --> 00:51:07,040  
that what counts as testimonial there

1406  
00:51:10,549 --> 00:51:09,119  
it's not always dna evidence not always

1407  
00:51:12,870 --> 00:51:10,559  
hard evidence

1408  
00:51:14,390 --> 00:51:12,880  
it's often independent witness

1409  
00:51:16,150 --> 00:51:14,400  
testimonial

1410  
00:51:17,829 --> 00:51:16,160  
and there's plenty of independent

1411  
00:51:18,790 --> 00:51:17,839  
independent witness testimonial for some

1412  
00:51:23,190 --> 00:51:18,800  
of these

1413  
00:51:26,230 --> 00:51:23,200

so if we're willing to lock up people

1414

00:51:27,510 --> 00:51:26,240

walk them up remove their liberties

1415

00:51:29,349 --> 00:51:27,520

brand them

1416

00:51:30,710 --> 00:51:29,359

ostracize them if we're willing to do

1417

00:51:32,710 --> 00:51:30,720

that

1418

00:51:36,549 --> 00:51:32,720

then

1419

00:51:38,950 --> 00:51:36,559

if this ufo phenomenon was put on trial

1420

00:51:41,589 --> 00:51:38,960

would it be seen as

1421

00:51:43,270 --> 00:51:41,599

as as true or not true just based on a

1422

00:51:45,190 --> 00:51:43,280

jury i don't i think that

1423

00:51:47,430 --> 00:51:45,200

there's i think that in some cases

1424

00:51:50,150 --> 00:51:47,440

there's more evidence for

1425

00:51:51,990 --> 00:51:50,160

the certain

1426  
00:51:53,349 --> 00:51:52,000  
not the ufo phenomenon wholesale as

1427  
00:51:55,109 --> 00:51:53,359  
being true because there's obviously

1428  
00:51:57,510 --> 00:51:55,119  
many claims there's certain aspects of

1429  
00:51:59,030 --> 00:51:57,520  
it being true then there are for

1430  
00:52:00,630 --> 00:51:59,040  
certain people

1431  
00:52:01,990 --> 00:52:00,640  
then there are then there is evidence

1432  
00:52:04,470 --> 00:52:02,000  
that certain people committed a murder

1433  
00:52:05,670 --> 00:52:04,480  
and they're in jail anyway yeah that's a

1434  
00:52:08,470 --> 00:52:05,680  
good point i like the way you've put

1435  
00:52:10,390 --> 00:52:08,480  
that um logan had a question and first

1436  
00:52:12,309 --> 00:52:10,400  
off says i love how fascinated and

1437  
00:52:15,190 --> 00:52:12,319  
curious cut is about the phenomenon as a

1438  
00:52:17,190 --> 00:52:15,200

whole but especially skin walker ranch

1439

00:52:19,109 --> 00:52:17,200

what is the most intriguing topic about

1440

00:52:21,270 --> 00:52:19,119

skinwalker and one question that you

1441

00:52:22,790 --> 00:52:21,280

would like to ask brandon fogle or

1442

00:52:24,549 --> 00:52:22,800

someone who has the most knowledge on

1443

00:52:27,430 --> 00:52:24,559

the subject

1444

00:52:28,950 --> 00:52:27,440

portals portals are interesting

1445

00:52:30,870 --> 00:52:28,960

bigfoot is interesting to me and that's

1446

00:52:32,950 --> 00:52:30,880

another one a guy

1447

00:52:36,309 --> 00:52:32,960

man like i said you'd be so surprised at

1448

00:52:40,150 --> 00:52:38,549

i am i'm a fan of les strout who's

1449

00:52:41,829 --> 00:52:40,160

survivor man and when he did a bigfoot

1450

00:52:43,589 --> 00:52:41,839

series i used to

1451  
00:52:45,910 --> 00:52:43,599  
i stopped doing this but i used to watch

1452  
00:52:47,670 --> 00:52:45,920  
les stroud are you familiar with lystra

1453  
00:52:49,190 --> 00:52:47,680  
i've heard the name do you know it's

1454  
00:52:50,470 --> 00:52:49,200  
like it's funny when you say how much

1455  
00:52:52,230 --> 00:52:50,480  
that i'd be surprised you would

1456  
00:52:54,230 --> 00:52:52,240  
entertain i wonder if the opposite would

1457  
00:52:55,670 --> 00:52:54,240  
be true where you would be surprised at

1458  
00:52:58,069 --> 00:52:55,680  
some of the things i tend not to

1459  
00:53:01,030 --> 00:52:58,079  
entertain because i just go

1460  
00:53:02,630 --> 00:53:01,040  
really but i i have to also appreciate

1461  
00:53:04,790 --> 00:53:02,640  
given my interests and what i do

1462  
00:53:06,790 --> 00:53:04,800  
entertain i'll always entertain other

1463  
00:53:08,950 --> 00:53:06,800

people so bigfoot's just one of those

1464

00:53:10,470 --> 00:53:08,960

that i've never and all the things i've

1465

00:53:12,829 --> 00:53:10,480

got an interest in in the world of the

1466

00:53:15,510 --> 00:53:12,839

paranormal

1467

00:53:17,750 --> 00:53:15,520

that then again i used to get into the

1468

00:53:19,990 --> 00:53:17,760

loch ness monster when i was a kid

1469

00:53:21,430 --> 00:53:20,000

so i can't okay well i'm not i'm not

1470

00:53:23,349 --> 00:53:21,440

interested in the loch ness but i

1471

00:53:25,510 --> 00:53:23,359

haven't researched it much anyway when

1472

00:53:27,670 --> 00:53:25,520

it comes to bigfoot even jane goodall

1473

00:53:31,030 --> 00:53:27,680

who's a primatologist hey there could be

1474

00:53:33,510 --> 00:53:31,040

bigfoot and if there is we should be

1475

00:53:35,030 --> 00:53:33,520

conserving it because it's endangered

1476

00:53:37,190 --> 00:53:35,040

and so that's

1477

00:53:38,390 --> 00:53:37,200

that's what i mean by it seems like like

1478

00:53:39,829 --> 00:53:38,400

the more i say that the more the

1479

00:53:41,589 --> 00:53:39,839

scientists would be like oh okay maybe

1480

00:53:42,950 --> 00:53:41,599

there is because they want approval from

1481

00:53:44,470 --> 00:53:42,960

other scientists as soon as they say

1482

00:53:46,549 --> 00:53:44,480

well jane goodall says then they're like

1483

00:53:48,069 --> 00:53:46,559

maybe there is something like bigfoot

1484

00:53:50,470 --> 00:53:48,079

they don't evaluate it on their own

1485

00:53:52,549 --> 00:53:50,480

anyway lestrade who's survivorman who

1486

00:53:54,710 --> 00:53:52,559

i'm interviewing just about a week or so

1487

00:53:55,990 --> 00:53:54,720

he had a series on bigfoot

1488

00:53:57,990 --> 00:53:56,000

so i've been interested in bigfoot i

1489

00:53:59,910 --> 00:53:58,000

used to watch lester out as i go to

1490

00:54:01,589 --> 00:53:59,920

sleep because it's just calming but then

1491

00:54:03,750 --> 00:54:01,599

he plays a harmonica in the middle of an

1492

00:54:06,710 --> 00:54:03,760

episode so it's just waking me up and i

1493

00:54:08,390 --> 00:54:06,720

have such insomnia man less like what

1494

00:54:09,589 --> 00:54:08,400

are you doing man i'm right about to

1495

00:54:11,750 --> 00:54:09,599

fall and then i can't fall asleep for

1496

00:54:13,750 --> 00:54:11,760

hours and hours so i can't watch lester

1497

00:54:15,829 --> 00:54:13,760

out anymore regardless

1498

00:54:17,910 --> 00:54:15,839

about skinwalker i'm interested in

1499

00:54:20,230 --> 00:54:17,920

bigfoot's connection why the heck

1500

00:54:22,390 --> 00:54:20,240

is bigfoot mentioned at all

1501  
00:54:25,670 --> 00:54:22,400  
as concomitant with ufos it seems

1502  
00:54:27,670 --> 00:54:25,680  
strange to me when it comes to

1503  
00:54:28,950 --> 00:54:27,680  
poltergeists now that is like that's

1504  
00:54:30,549 --> 00:54:28,960  
terrifying to me so there are some

1505  
00:54:31,750 --> 00:54:30,559  
subjects i'm unwilling to go because i'm

1506  
00:54:33,670 --> 00:54:31,760  
scared and i would say that's the

1507  
00:54:35,109 --> 00:54:33,680  
majority of them that's yeah it wouldn't

1508  
00:54:37,670 --> 00:54:35,119  
be because they're

1509  
00:54:40,789 --> 00:54:37,680  
out there it'd be because i lack courage

1510  
00:54:42,950 --> 00:54:40,799  
i'm a recreate craven i'm gutless in

1511  
00:54:45,829 --> 00:54:42,960  
many respects

1512  
00:54:48,710 --> 00:54:45,839  
okay then what i would ask brandon

1513  
00:54:51,349 --> 00:54:50,470

why is he he's a billionaire is that

1514

00:54:52,309 --> 00:54:51,359

correct

1515

00:54:54,549 --> 00:54:52,319

uh yeah by the way he's a

1516

00:54:58,630 --> 00:54:54,559

multi-millionaire why don't you invest

1517

00:55:00,870 --> 00:54:58,640

in 8k cameras 8k forget about 4k

1518

00:55:02,549 --> 00:55:00,880

8k cameras that can stream

1519

00:55:04,470 --> 00:55:02,559

if they don't exist

1520

00:55:06,710 --> 00:55:04,480

develop them it's not that

1521

00:55:08,870 --> 00:55:06,720

i'm sure it's not that difficult nathan

1522

00:55:10,870 --> 00:55:08,880

mirval develops his own cameras

1523

00:55:14,309 --> 00:55:10,880

okay so develop 8k cameras that can

1524

00:55:15,829 --> 00:55:14,319

stream and stream all around your

1525

00:55:17,750 --> 00:55:15,839

place why don't you do this and stream

1526

00:55:20,150 --> 00:55:17,760

it to reddit and stream it to twitter or

1527

00:55:21,990 --> 00:55:20,160

stream it to play every so people like

1528

00:55:23,750 --> 00:55:22,000

you people like

1529

00:55:25,670 --> 00:55:23,760

people who are interested can comb

1530

00:55:26,950 --> 00:55:25,680

through the footage i don't know why

1531

00:55:28,390 --> 00:55:26,960

that's not done and then also some of

1532

00:55:30,950 --> 00:55:28,400

the other data streams so if he's

1533

00:55:33,109 --> 00:55:30,960

monitoring noise like vibrations stream

1534

00:55:37,030 --> 00:55:33,119

that if he's monitoring

1535

00:55:38,789 --> 00:55:37,040

um a seismic activity stream that

1536

00:55:39,990 --> 00:55:38,799

i don't know why i don't know why he

1537

00:55:42,950 --> 00:55:40,000

doesn't do it i imagine he would say

1538

00:55:45,349 --> 00:55:42,960

well you you can't connect to satellites

1539

00:55:47,829 --> 00:55:45,359

i don't know i don't know why

1540

00:55:49,829 --> 00:55:47,839

it's not done i believe part of the

1541

00:55:51,589 --> 00:55:49,839

reason that at least would be given

1542

00:55:53,190 --> 00:55:51,599

would be that there's a lot of issues

1543

00:55:56,789 --> 00:55:53,200

regarding any electrical equipment

1544

00:55:58,950 --> 00:55:56,799

including cameras i spoke to the um

1545

00:56:00,950 --> 00:55:58,960

ranch superintendent and also brian

1546

00:56:03,670 --> 00:56:00,960

arnold who's the chief of security for

1547

00:56:05,430 --> 00:56:03,680

the ranch and they comment how when the

1548

00:56:07,270 --> 00:56:05,440

series is being filmed

1549

00:56:09,270 --> 00:56:07,280

a lot of the stuff that you can't see is

1550

00:56:12,230 --> 00:56:09,280

when the camera crews go to set up to

1551  
00:56:14,470 --> 00:56:12,240  
film a particular piece or scene or

1552  
00:56:16,549 --> 00:56:14,480  
experiment and the camera equipment

1553  
00:56:18,150 --> 00:56:16,559  
itself just won't work and they'll

1554  
00:56:19,750 --> 00:56:18,160  
they'll swear the batteries are fully

1555  
00:56:21,349 --> 00:56:19,760  
charged what they've got on location

1556  
00:56:23,349 --> 00:56:21,359  
they'll have backup batteries that won't

1557  
00:56:25,430 --> 00:56:23,359  
work but obviously they can't show you

1558  
00:56:27,589 --> 00:56:25,440  
or film this because it's the equipment

1559  
00:56:30,069 --> 00:56:27,599  
itself which is failing so again i

1560  
00:56:31,670 --> 00:56:30,079  
wonder i i would enjoy that i would i

1561  
00:56:34,470 --> 00:56:31,680  
would like to see some kind of permanent

1562  
00:56:35,910 --> 00:56:34,480  
live stream for the the site but

1563  
00:56:38,069 --> 00:56:35,920

i'm guessing that would be part of the

1564

00:56:38,950 --> 00:56:38,079

reasoning

1565

00:56:44,950 --> 00:56:38,960

yeah

1566

00:56:47,349 --> 00:56:44,960

me is there are analog ways of capturing

1567

00:56:49,750 --> 00:56:47,359

video it's so

1568

00:56:51,750 --> 00:56:49,760

it's so

1569

00:56:53,829 --> 00:56:51,760

it's not easily done though because it's

1570

00:56:55,910 --> 00:56:53,839

heavy equipment i'm seeing cameras where

1571

00:56:57,430 --> 00:56:55,920

you crank like old film cameras but then

1572

00:56:58,710 --> 00:56:57,440

you'd have to lug that around and let's

1573

00:56:59,829 --> 00:56:58,720

say you were filming in the middle of a

1574

00:57:02,230 --> 00:56:59,839

field well where are you going to bring

1575

00:57:04,549 --> 00:57:02,240

that each time i understand

1576

00:57:06,549 --> 00:57:04,559

i i always selfishly wonder from uh

1577

00:57:08,150 --> 00:57:06,559

maybe not selfishly but the us

1578

00:57:10,710 --> 00:57:08,160

government once had

1579

00:57:13,109 --> 00:57:10,720

bob bigelow and ned's reporting on

1580

00:57:14,710 --> 00:57:13,119

skinwalker ranch before brandon fugle

1581

00:57:17,589 --> 00:57:14,720

and they had a heavy interest in

1582

00:57:19,510 --> 00:57:17,599

investment in the property i very much

1583

00:57:21,270 --> 00:57:19,520

doubt given what potentially goes on

1584

00:57:23,109 --> 00:57:21,280

there that they completely walked away

1585

00:57:24,230 --> 00:57:23,119

from that so i wonder if they would even

1586

00:57:26,710 --> 00:57:24,240

allow

1587

00:57:27,990 --> 00:57:26,720

maybe brandon fugle would say that and

1588

00:57:30,150 --> 00:57:28,000

he has said that the us government has

1589

00:57:32,470 --> 00:57:30,160

no involvement in the property anymore i

1590

00:57:34,390 --> 00:57:32,480

would i would question that if what goes

1591

00:57:35,829 --> 00:57:34,400

on in that property is is absolutely

1592

00:57:37,750 --> 00:57:35,839

correct then

1593

00:57:40,549 --> 00:57:37,760

why would the us government just just

1594

00:57:44,309 --> 00:57:40,559

leave it to the hands of our

1595

00:57:48,950 --> 00:57:45,190

yeah

1596

00:57:51,829 --> 00:57:48,960

i think i asked brandon something

1597

00:57:53,750 --> 00:57:51,839

similar but yeah uh i'd like to see you

1598

00:57:55,190 --> 00:57:53,760

get brandon on your i haven't seen any

1599

00:57:56,950 --> 00:57:55,200

streams at all

1600

00:57:59,990 --> 00:57:56,960

i don't know if he's ever streamed so

1601  
00:58:00,950 --> 00:58:00,000  
their equipment works at times

1602  
00:58:02,950 --> 00:58:00,960  
last

1603  
00:58:05,589 --> 00:58:02,960  
year earlier this year where they they

1604  
00:58:08,069 --> 00:58:05,599  
set up cameras around various locations

1605  
00:58:10,309 --> 00:58:08,079  
and streamed and someone put together a

1606  
00:58:11,589 --> 00:58:10,319  
time lapse of the the whole stream over

1607  
00:58:12,470 --> 00:58:11,599  
the course of i think seven or eight

1608  
00:58:15,270 --> 00:58:12,480  
minutes

1609  
00:58:17,349 --> 00:58:15,280  
um and it cuts to various locations

1610  
00:58:21,829 --> 00:58:17,359  
all that you see of any interest is one

1611  
00:58:23,589 --> 00:58:21,839  
or two lights in the sky shooting across

1612  
00:58:25,270 --> 00:58:23,599  
that was just over one

1613  
00:58:26,390 --> 00:58:25,280

24-hour period

1614

00:58:28,309 --> 00:58:26,400

um

1615

00:58:30,309 --> 00:58:28,319

kyle has a question for you and wants to

1616

00:58:32,630 --> 00:58:30,319

know with the data that cut has coming

1617

00:58:34,470 --> 00:58:32,640

his way in such a short period of time

1618

00:58:36,390 --> 00:58:34,480

where is he leaning on the nature of the

1619

00:58:40,150 --> 00:58:36,400

phenomenon is there one theory that

1620

00:58:44,470 --> 00:58:42,069

no i don't have my thoughts sorted out

1621

00:58:46,309 --> 00:58:44,480

so i'm unable to make the comparisons

1622

00:58:47,589 --> 00:58:46,319

still on the fence

1623

00:58:49,190 --> 00:58:47,599

it's not that i'm on the fence i just

1624

00:58:50,789 --> 00:58:49,200

don't know see so many people they'll

1625

00:58:52,549 --> 00:58:50,799

say kurt you're so open-minded i like

1626

00:58:55,829 --> 00:58:52,559

that man you have no idea it's just that

1627

00:58:58,230 --> 00:58:55,839

i'm a fool i'm like inane and just

1628

00:59:00,549 --> 00:58:58,240

jejune so i'm like a child

1629

00:59:02,230 --> 00:59:00,559

it's not as if i'm open-minded

1630

00:59:04,549 --> 00:59:02,240

i don't know it's better to think of i

1631

00:59:06,710 --> 00:59:04,559

don't know any better

1632

00:59:08,390 --> 00:59:06,720

um ezra had a question but you've sort

1633

00:59:10,950 --> 00:59:08,400

of answered it anyway and it was on your

1634

00:59:13,030 --> 00:59:10,960

thoughts on the role that consciousness

1635

00:59:15,430 --> 00:59:13,040

may play in this phenomena have you got

1636

00:59:18,470 --> 00:59:15,440

anything more you could expand on that

1637

00:59:22,549 --> 00:59:21,030

um i think when people say consciousness

1638

00:59:24,390 --> 00:59:22,559

has something to do with this what they

1639

00:59:25,910 --> 00:59:24,400

mean is that

1640

00:59:27,510 --> 00:59:25,920

it's as if

1641

00:59:29,190 --> 00:59:27,520

let's imagine there's a material world

1642

00:59:31,430 --> 00:59:29,200

in a consciousness world if we can

1643

00:59:33,510 --> 00:59:31,440

formulate it as such

1644

00:59:35,109 --> 00:59:33,520

it's as if we're in this physical world

1645

00:59:37,030 --> 00:59:35,119

that is the material world the physical

1646

00:59:39,589 --> 00:59:37,040

world we interact with consciousness and

1647

00:59:41,349 --> 00:59:39,599

it's as if there is some other entity

1648

00:59:44,630 --> 00:59:41,359

that is some other player or agent

1649

00:59:46,470 --> 00:59:44,640

somewhere that can interact more

1650

00:59:48,870 --> 00:59:46,480

with more facility in this consciousness

1651  
00:59:51,109 --> 00:59:48,880  
world perhaps even interact with us

1652  
00:59:53,349 --> 00:59:51,119  
i think that's what they mean

1653  
00:59:56,710 --> 00:59:53,359  
i think on i think that one way to think

1654  
00:59:58,710 --> 00:59:56,720  
about it is an amoeba or a slug in this

1655  
01:00:00,789 --> 00:59:58,720  
physical world

1656  
01:00:02,309 --> 01:00:00,799  
if we are vastly more capable in this

1657  
01:00:03,829 --> 01:00:02,319  
physical world of manipulating our

1658  
01:00:05,030 --> 01:00:03,839  
objects like i can hold a pen and i can

1659  
01:00:07,349 --> 01:00:05,040  
write with them we can create tools and

1660  
01:00:08,630 --> 01:00:07,359  
so on a slug slug cannot do that amoebas

1661  
01:00:09,910 --> 01:00:08,640  
cannot do that

1662  
01:00:11,829 --> 01:00:09,920  
i wonder

1663  
01:00:13,829 --> 01:00:11,839

if there exists agents in this

1664

01:00:15,910 --> 01:00:13,839

consciousness world we're like slugs in

1665

01:00:17,109 --> 01:00:15,920

this consciousness world whereas we're

1666

01:00:18,470 --> 01:00:17,119

these

1667

01:00:21,030 --> 01:00:18,480

beasts

1668

01:00:22,630 --> 01:00:21,040

in the physical world

1669

01:00:25,190 --> 01:00:22,640

we're like slugs in the consciousness

1670

01:00:26,630 --> 01:00:25,200

world and there are beasts in the

1671

01:00:29,030 --> 01:00:26,640

in the consciousness world and they just

1672

01:00:35,589 --> 01:00:29,040

see us as these little

1673

01:00:35,599 --> 01:00:39,349

creatures who

1674

01:00:44,470 --> 01:00:42,309

who have who are so easily trampled on

1675

01:00:45,910 --> 01:00:44,480

and manipulated

1676

01:00:47,510 --> 01:00:45,920

or just

1677

01:00:49,270 --> 01:00:47,520

they're just at a certain stage of

1678

01:00:51,349 --> 01:00:49,280

consciousness evolution now all that's

1679

01:00:52,789 --> 01:00:51,359

huge speculation and i'm also using

1680

01:00:54,710 --> 01:00:52,799

these terms consciousness and

1681

01:00:57,030 --> 01:00:54,720

consciousness field and so on

1682

01:00:58,309 --> 01:00:57,040

colloquially to properly

1683

01:00:59,510 --> 01:00:58,319

use them

1684

01:01:02,150 --> 01:00:59,520

i don't know how to properly use the

1685

01:01:04,309 --> 01:01:02,160

word consciousness but i'm using

1686

01:01:05,990 --> 01:01:04,319

to properly use the word field

1687

01:01:07,910 --> 01:01:06,000

one would have a

1688

01:01:09,349 --> 01:01:07,920

physics definition unless one wants to

1689

01:01:10,630 --> 01:01:09,359

take the colloquial definition which is

1690

01:01:12,069 --> 01:01:10,640

what i'm saying i'm using these words

1691

01:01:13,510 --> 01:01:12,079

colloquially and i'm surprising i don't

1692

01:01:15,109 --> 01:01:13,520

know

1693

01:01:16,789 --> 01:01:15,119

it's in the way that someone like myself

1694

01:01:19,510 --> 01:01:16,799

would would understand and you're using

1695

01:01:21,670 --> 01:01:19,520

it in in the right way for me

1696

01:01:23,589 --> 01:01:21,680

especially from an abduction phenomena

1697

01:01:25,829 --> 01:01:23,599

point of view there's a lot of theories

1698

01:01:27,190 --> 01:01:25,839

that potentially it's the conscious

1699

01:01:29,910 --> 01:01:27,200

consciousness of a person that is

1700

01:01:31,750 --> 01:01:29,920

abducted and that i use this example

1701

01:01:34,230 --> 01:01:31,760

earlier that if you were in bed beside

1702

01:01:36,230 --> 01:01:34,240

your partner your partner could see you

1703

01:01:37,990 --> 01:01:36,240

lying asleep the whole evening

1704

01:01:40,870 --> 01:01:38,000

and not see you leave that bed

1705

01:01:43,670 --> 01:01:40,880

physically but your your consciousness

1706

01:01:45,829 --> 01:01:43,680

is taken and for many that could be what

1707

01:01:48,069 --> 01:01:45,839

an abduction experience is that you

1708

01:01:50,390 --> 01:01:48,079

physically don't leave the place you are

1709

01:01:52,789 --> 01:01:50,400

but if these beings or entities can

1710

01:01:54,549 --> 01:01:52,799

manipulate or are in a higher evolved

1711

01:01:57,190 --> 01:01:54,559

state of consciousness then maybe that's

1712

01:01:59,750 --> 01:01:57,200

what an abduction is

1713

01:02:01,910 --> 01:01:59,760

have there been cases that you know of

1714

01:02:03,430 --> 01:02:01,920

where someone claims adamantly to have

1715

01:02:05,109 --> 01:02:03,440

been abducted but their partner says

1716

01:02:07,510 --> 01:02:05,119

well i i don't know what this guy's

1717

01:02:09,190 --> 01:02:07,520

talking about i can't give you exact

1718

01:02:11,190 --> 01:02:09,200

details off the top of my head because

1719

01:02:13,109 --> 01:02:11,200

like i say not how my memory works but

1720

01:02:15,029 --> 01:02:13,119

there are cases and i could send you

1721

01:02:17,910 --> 01:02:15,039

some stuff over to to look at when i get

1722

01:02:22,069 --> 01:02:20,549

but i i i quite like that theory there's

1723

01:02:23,670 --> 01:02:22,079

of course subduction theory uh

1724

01:02:25,430 --> 01:02:23,680

production experiences where people

1725

01:02:27,990 --> 01:02:25,440

physically claim to have left like

1726

01:02:30,309 --> 01:02:28,000

travis walton and calvin parker and such

1727

01:02:31,910 --> 01:02:30,319

but yeah um the idea that it's the

1728

01:02:34,150 --> 01:02:31,920

consciousness that goes

1729

01:02:35,510 --> 01:02:34,160

especially when it comes to you know uh

1730

01:02:38,390 --> 01:02:35,520

you hear about people who have night

1731

01:02:40,069 --> 01:02:38,400

terrors or sorry sleep paralysis and

1732

01:02:42,150 --> 01:02:40,079

their their body's asleep but they're

1733

01:02:44,710 --> 01:02:42,160

awake and then some people claim that

1734

01:02:46,630 --> 01:02:44,720

beings can take their consciousness and

1735

01:02:47,990 --> 01:02:46,640

yeah it's it goes in there really

1736

01:02:50,390 --> 01:02:48,000

strange and you know what like you

1737

01:02:51,910 --> 01:02:50,400

mentioned before kind of scary area

1738

01:02:54,789 --> 01:02:51,920

because that's some some terrifying

1739

01:02:57,109 --> 01:02:54,799

stuff to think about um and tom delong

1740

01:02:59,349 --> 01:02:57,119

himself has touched on some really scary

1741

01:03:01,109 --> 01:02:59,359

ideas when it comes to this topic

1742

01:03:02,950 --> 01:03:01,119

and one of those being that if the us

1743

01:03:05,029 --> 01:03:02,960

government really was powerless to stop

1744

01:03:06,950 --> 01:03:05,039

things like that that could send people

1745

01:03:11,349 --> 01:03:06,960

into a panic especially from an

1746

01:03:14,870 --> 01:03:13,109

i'll try and get some stuff for you to

1747

01:03:18,069 --> 01:03:14,880

to send over i'll make a note of that as

1748

01:03:23,430 --> 01:03:21,190

and last last question was from dave

1749

01:03:27,029 --> 01:03:23,440

he wants to know how far do you think

1750

01:03:28,950 --> 01:03:27,039

the proposed new uap government office

1751

01:03:30,870 --> 01:03:28,960

could change the nature of scientific

1752

01:03:32,549 --> 01:03:30,880

involvement with the phenomena do you

1753

01:03:34,470 --> 01:03:32,559

think that could potentially lend more

1754

01:03:38,069 --> 01:03:34,480

credibility that the government has an

1755

01:03:43,190 --> 01:03:39,910

yeah

1756

01:03:45,829 --> 01:03:43,200

yes

1757

01:03:47,670 --> 01:03:45,839

i don't know how much of a big deal it

1758

01:03:49,510 --> 01:03:47,680

would be

1759

01:03:51,349 --> 01:03:49,520

because

1760

01:03:53,589 --> 01:03:51,359

the government

1761

01:03:54,950 --> 01:03:53,599

heavily invested in remote viewing at

1762

01:03:56,870 --> 01:03:54,960

one point and it's not as if the

1763

01:03:58,710 --> 01:03:56,880

scientific community at one point maybe

1764

01:04:00,150 --> 01:03:58,720

still does it's not as if the scientific

1765

01:04:02,390 --> 01:04:00,160

community

1766

01:04:06,950 --> 01:04:02,400

is

1767

01:04:09,670 --> 01:04:06,960

exploring everything because firstly

1768

01:04:11,349 --> 01:04:09,680

it's desperate it doesn't know and

1769

01:04:12,870 --> 01:04:11,359

secondly well

1770

01:04:14,630 --> 01:04:12,880

you want every advantage that you can

1771

01:04:16,309 --> 01:04:14,640

possibly get so why not just like if

1772

01:04:17,910 --> 01:04:16,319

your mother

1773

01:04:22,309 --> 01:04:17,920

and your child is gone you'll go to a

1774

01:04:26,950 --> 01:04:25,510

to try and get unsure yeah

1775

01:04:28,710 --> 01:04:26,960

i understand that

1776

01:04:30,390 --> 01:04:28,720

i can imagine that some scientists would

1777

01:04:32,150 --> 01:04:30,400

say that

1778

01:04:33,910 --> 01:04:32,160

awesome

1779

01:04:36,150 --> 01:04:33,920

kurt it has been an absolute pleasure

1780

01:04:38,390 --> 01:04:36,160

speaking with you i wish i could

1781

01:04:40,630 --> 01:04:38,400

articulate thoughts the way you can can

1782

01:04:42,870 --> 01:04:40,640

speaking so uh it's been it's been really

1783

01:04:44,549 --> 01:04:42,880

good conversing and i love your take and

1784

01:04:47,430 --> 01:04:44,559

approach to the topic and especially

1785

01:04:49,829 --> 01:04:47,440

your channel is a is interviewing people

1786

01:04:52,150 --> 01:04:49,839

i've seen interviewed many times

1787

01:04:53,990 --> 01:04:52,160

but your your your questioning and the

1788

01:04:55,910 --> 01:04:54,000

way you're approaching things make for a

1789

01:04:58,069 --> 01:04:55,920

very fresh perspective so i appreciate

1790

01:04:59,589 --> 01:04:58,079

that and i know other people do as well

1791

01:05:01,190 --> 01:04:59,599

i would just ask if you want to promote

1792

01:05:03,190 --> 01:05:01,200

the channel how can people find it how

1793

01:05:04,630 --> 01:05:03,200

can they follow you and what's coming up

1794

01:05:06,549 --> 01:05:04,640

for you next

1795

01:05:08,870 --> 01:05:06,559

sure you can go to theories of

1796

01:05:10,470 --> 01:05:08,880

everything well search theories of

1797

01:05:12,150 --> 01:05:10,480

everything on youtube and it'll come up

1798

01:05:13,190 --> 01:05:12,160

it looks apparently like reese's pieces

1799

01:05:14,630 --> 01:05:13,200

the logo

1800

01:05:15,510 --> 01:05:14,640

that's just what i've been telling yeah

1801

01:05:16,710 --> 01:05:15,520

okay

1802

01:05:19,510 --> 01:05:16,720

that's my favorite chocolate but i

1803

01:05:20,789 --> 01:05:19,520

haven't had it in quite some time so

1804

01:05:23,109 --> 01:05:20,799

i thought i would recognize that maybe

1805

01:05:24,309 --> 01:05:23,119

that's subconscious huh okay

1806

01:05:28,230 --> 01:05:24,319

well

1807

01:05:29,910 --> 01:05:28,240

and what's coming up

1808

01:05:32,069 --> 01:05:29,920

what i have coming up i can tell you and

1809

01:05:33,589 --> 01:05:32,079

by the way when is this airing

1810

01:05:36,390 --> 01:05:33,599

this will go out

1811

01:05:38,309 --> 01:05:36,400

about the 7th or 8th of october

1812

01:05:39,670 --> 01:05:38,319

ah okay so then this won't be an

1813

01:05:41,670 --> 01:05:39,680

exclusive for you what i was going to

1814

01:05:43,589 --> 01:05:41,680

say but it's old news now if people are

1815

01:05:44,390 --> 01:05:43,599

following theories of everything is that

1816

01:05:46,390 --> 01:05:44,400

we

1817

01:05:48,150 --> 01:05:46,400

confirmed luis elisando he's going to be

1818

01:05:51,190 --> 01:05:48,160

doing an interview with us the longest

1819

01:05:52,710 --> 01:05:51,200

interview he's ever done so that's great

1820

01:05:54,390 --> 01:05:52,720

because he doesn't ordinarily like to go

1821

01:05:55,910 --> 01:05:54,400

for more than an hour but i've actually

1822

01:05:58,390 --> 01:05:55,920

managed to convince him to go for two

1823

01:06:00,549 --> 01:05:58,400

and a half so we'll see

1824

01:06:02,710 --> 01:06:00,559

then so that's coming up in i think

1825

01:06:03,510 --> 01:06:02,720

october 20th on the channel that'll be

1826

01:06:04,870 --> 01:06:03,520

live

1827

01:06:06,950 --> 01:06:04,880

and the way that it usually works for

1828

01:06:09,270 --> 01:06:06,960

the live streams is that i live stream

1829

01:06:11,109 --> 01:06:09,280

them and then i put them as unlisted

1830

01:06:13,109 --> 01:06:11,119

private and then i re-upload them about

1831

01:06:15,829 --> 01:06:13,119

a day later with intros with the

1832

01:06:18,470 --> 01:06:15,839

sponsors and when proper audio and so on

1833

01:06:21,750 --> 01:06:18,480

okay what else is coming up is

1834

01:06:23,670 --> 01:06:21,760

carlo revelli is a physicist that he

1835

01:06:26,710 --> 01:06:23,680

co-founded loop quantum gravity which is

1836

01:06:28,470 --> 01:06:26,720

the main competitor to string theory

1837

01:06:31,349 --> 01:06:28,480

michael levin is coming up

1838

01:06:33,990 --> 01:06:31,359

michael levin not mike 11. michael levin

1839

01:06:37,349 --> 01:06:34,000

he has what i think is nobel prize

1840

01:06:39,029 --> 01:06:37,359

winning work with regard to

1841

01:06:41,349 --> 01:06:39,039

we think of our we think of the

1842

01:06:42,470 --> 01:06:41,359

blueprint of us as encoded in the dna

1843

01:06:44,150 --> 01:06:42,480

and then there's

1844

01:06:46,309 --> 01:06:44,160

some codicils on that like there's

1845

01:06:47,670 --> 01:06:46,319

epigenetics and so on but what he's seen

1846

01:06:49,750 --> 01:06:47,680

is that there's

1847

01:06:51,430 --> 01:06:49,760

there's

1848

01:06:53,190 --> 01:06:51,440

electrical

1849

01:06:55,589 --> 01:06:53,200

bioelectric

1850

01:06:58,150 --> 01:06:55,599

signaling that happens such that

1851

01:07:00,630 --> 01:06:59,029

well

1852

01:07:02,710 --> 01:07:00,640

we can talk about that okay survivorman

1853

01:07:03,750 --> 01:07:02,720

is coming up october 4th

1854

01:07:07,270 --> 01:07:03,760

and

1855

01:07:09,670 --> 01:07:07,280

pasoka i'm working on i think that's

1856

01:07:11,190 --> 01:07:09,680

going to happen in mid-october ah okay

1857

01:07:12,549 --> 01:07:11,200

cool you've got some

1858

01:07:14,870 --> 01:07:12,559

a lot of big names coming up there as

1859

01:07:16,230 --> 01:07:14,880

well and i'm sure the listeners have for

1860

01:07:18,950 --> 01:07:16,240

luella's own they'll be looking forward

1861

01:07:21,589 --> 01:07:18,960

to that one particularly i had over 200

1862

01:07:23,670 --> 01:07:21,599

questions sent in for losing oh wow yeah

1863

01:07:25,829 --> 01:07:23,680

q a show um of which i managed to get

1864

01:07:27,589 --> 01:07:25,839

through about 10 or 15 and uh he's

1865

01:07:29,510 --> 01:07:27,599

coming back on at some point in october

1866

01:07:31,910 --> 01:07:29,520

for it for the second part follow up on

1867

01:07:33,510 --> 01:07:31,920

that as well so great i look forward to

1868

01:07:36,069 --> 01:07:33,520

to checking out your interview if it's

1869

01:07:38,069 --> 01:07:36,079

uh probably before i get to speak to

1870

01:07:39,510 --> 01:07:38,079

louie anyway so curt um it's been great

1871

like alice

1891

01:08:48,330 --> 01:08:57,269

[Music]

1892

01:09:00,390 --> 01:08:58,789

i can't imagine how it could have been

1893

01:09:18,950 --> 01:09:00,400

any better i got to the top of the

1894

01:09:22,470 --> 01:09:20,470

head and everything was weird and

1895

01:09:23,910 --> 01:09:22,480

everything was red i helped out my boys

1896

01:09:27,380 --> 01:09:23,920

they thought this was noise they thought

1897

01:09:46,470 --> 01:09:36,620

[Music]

1898

01:09:46,480 --> 01:09:51,840

and what's that

1899

01:10:02,229 --> 01:09:56,470

[Music]

1900

01:10:02,239 --> 01:10:06,020

your lies

1901

01:10:06,030 --> 01:10:19,510

[Music]

1902

01:10:35,520 --> 01:10:20,880

is

1903

01:10:35,530 --> 01:11:02,790

[Music]

1904

01:11:02,800 --> 01:11:06,600

so
