00:00:00,000 --> 00:00:05,510

[Music]

2
00:00:08,710 --> 00:00:06,789

there's a whole fleet of them look on

3
00:00:10,950 --> 00:00:08,720

the assay

4
00:00:14,310 --> 00:00:10,960

oh my gosh they're all going against the

5
00:00:18,950 --> 00:00:16,390

it was basically a cube with inside of

6
00:00:23,940 --> 00:00:18,960

sphere where the points of the cube

7
00:00:37,110 --> 00:00:33,200

[Music]

8
00:00:38,709 --> 00:00:37,120

[Applause]

9
00:00:40,950 --> 00:00:38,719

so this isn't anything that just is

10
00:00:49,029 --> 00:00:40,960

limited to the united states it's a

11
00:00:53,910 --> 00:00:51,350

hi everyone and welcome back to that ufo

12
00:00:55,830 --> 00:00:53,920

podcast it's a breaking news podcast

13
00:00:58,389 --> 00:00:55,840

welcoming dan on the pod with me how we

14

00:00:59,590 --> 00:00:58,399

doing dan hello hello it is uh it is a

15

00:01:04,469 --> 00:00:59,600

good day

16

00:01:07,270 --> 00:01:04,479

pentagon obviously as we were found out

17

00:01:09,830 --> 00:01:07,280

in the last 24 hours or so but yesterday

18

00:01:12,710 --> 00:01:09,840

we saw online officially announced by

19

00:01:15,350 --> 00:01:12,720

george knapp and his co-authors column

20

00:01:16,310 --> 00:01:15,360

keller doctor colin kelleher and also

21

00:01:18,950 --> 00:01:16,320

james

22

00:01:19,749 --> 00:01:18,960

uh lakatsky i always want to say lataski

23

00:01:25,030 --> 00:01:19,759

james

24

00:01:27,429 --> 00:01:25,040

skinwalkers at the pentagon an insider's

25

00:01:29,749 --> 00:01:27,439

account of the secret government ufo

26

00:01:31,510 --> 00:01:29,759

program is available to order now you

27

00:01:33,830 --> 00:01:31,520

can read it on kindle i've got my

28

00:01:35,749 --> 00:01:33,840

paperback version on the way i prefer

29

00:01:37,670 --> 00:01:35,759

like a solid book so we've not read the

30

00:01:40,230 --> 00:01:37,680

book yet but we have watched the mystery

31

00:01:42,630 --> 00:01:40,240

wire interview and we have also read the

32

00:01:44,630 --> 00:01:42,640

synopsis of the book so we're doing well

33

00:01:46,069 --> 00:01:44,640

there has been um tidbits kind of

34

00:01:48,149 --> 00:01:46,079

popping up from people who are reading

35

00:01:50,230 --> 00:01:48,159

the book so there are kind of pertinent

36

00:01:52,149 --> 00:01:50,240

points to discuss there i think

37

00:01:54,550 --> 00:01:52,159

absolutely so straight off the bat and

38

00:01:56,709 --> 00:01:54,560

that synopsis stand and we talk about

39

00:01:59,389 --> 00:01:56,719

this a little bit on the kg ra show this

40

00:02:02,149 --> 00:01:59,399

week so please folks check out kgra

41

00:02:03,670 --> 00:02:02,159

db.com for our show or you can check out

42

00:02:05,429 --> 00:02:03,680

on their youtube channel but we'll be

43

00:02:07,429 --> 00:02:05,439

going into it in more detail here just

44

00:02:09,190 --> 00:02:07,439

because of what was announced and when

45

00:02:12,229 --> 00:02:09,200

and that's the other show by the way you

46

00:02:15,190 --> 00:02:12,239

can check that on youtube uh dan yeah so

47

00:02:17,670 --> 00:02:15,200

the book has dropped james lickatsky uh

48

00:02:20,229 --> 00:02:17,680

is a pretty big deal isn't he because he

49

00:02:22,869 --> 00:02:20,239

essentially was the program manager for

50

00:02:24,229 --> 00:02:22,879

ossap which we know was the

51
00:02:25,750 --> 00:02:24,239
right now i'm going to hopefully say

52
00:02:27,510 --> 00:02:25,760
this correct because this has been

53
00:02:30,390 --> 00:02:27,520
muddied a little bit over the last 24

54
00:02:33,830 --> 00:02:30,400
hours online osap was the predecessor to

55
00:02:36,229 --> 00:02:33,840
ata which we've always known however

56
00:02:41,110 --> 00:02:36,239
as has been mentioned by lou in the past

57
00:02:42,630 --> 00:02:41,120
that atep was a continuation of ossa

58
00:02:44,630 --> 00:02:42,640
what's the confusion dan where are

59
00:02:46,630 --> 00:02:44,640
people getting mixed up here and stephen

60
00:02:47,910 --> 00:02:46,640
greenstreet was posting online and there

61
00:02:49,750 --> 00:02:47,920
was a little bit of back and forward

62
00:02:51,910 --> 00:02:49,760
between a few names what's the confusion

63
00:02:54,470 --> 00:02:51,920

here with the program sure so the way

64

00:02:56,790 --> 00:02:54,480

that lukatsky explains it uh he says

65

00:02:59,350 --> 00:02:56,800

that atip was a kind of nickname for

66

00:03:01,350 --> 00:02:59,360

osap for security reasons so we

67

00:03:03,030 --> 00:03:01,360

essentially have two versions of atip we

68

00:03:04,949 --> 00:03:03,040

have the version that they're referring

69

00:03:06,710 --> 00:03:04,959

to osap and they're using the nickname

70

00:03:09,990 --> 00:03:06,720

and then we have the version of atip

71

00:03:12,949 --> 00:03:10,000

that was formally situated uh inside the

72

00:03:14,949 --> 00:03:12,959

the pentagon and that's what uh you know

73

00:03:17,110 --> 00:03:14,959

louis elizondo was working on that

74

00:03:18,710 --> 00:03:17,120

supposedly was zero funded they had film

75

00:03:21,350 --> 00:03:18,720

to look at it focused on military

76

00:03:23,430 --> 00:03:21,360

encounters but it's not what received

77

00:03:25,190 --> 00:03:23,440

the 22 million in funding that was

78

00:03:28,229 --> 00:03:25,200

awesome

79

00:03:31,270 --> 00:03:28,239

cool so asap didn't go away it was a

80

00:03:33,910 --> 00:03:31,280

continuation and eventually lu took over

81

00:03:36,550 --> 00:03:33,920

the program and we we tend to know that

82

00:03:39,430 --> 00:03:36,560

uh affectionately now as lu ran a tip

83

00:03:41,670 --> 00:03:39,440

but essentially or osap was one in the

84

00:03:44,550 --> 00:03:41,680

same thing wasn't it i i think imagine

85

00:03:47,589 --> 00:03:44,560

them kind of like a a hydra

86

00:03:49,830 --> 00:03:47,599

um you know osap is the hydra um people

87

00:03:51,670 --> 00:03:49,840

like to call it atip and then at some

88

00:03:53,429 --> 00:03:51,680

point it sprouted another head that

89

00:03:55,350 --> 00:03:53,439

lived inside the pentagon and was very

90

00:03:57,190 --> 00:03:55,360

focused and that's where lou was

91

00:03:58,869 --> 00:03:57,200

and you know what i know people love to

92

00:04:00,710 --> 00:03:58,879

get really technical and it's important

93

00:04:02,869 --> 00:04:00,720

people get these details right either

94

00:04:04,789 --> 00:04:02,879

way folks they were government-backed

95

00:04:06,309 --> 00:04:04,799

ufo programs that's what you need to

96

00:04:07,750 --> 00:04:06,319

know and that's what's getting called

97

00:04:09,990 --> 00:04:07,760

out here that's that's the headline

98

00:04:11,910 --> 00:04:10,000

don't get bogged down and arguing online

99

00:04:13,509 --> 00:04:11,920

about what was osap and what was atip

100

00:04:16,069 --> 00:04:13,519

because at the end of the day the

101
00:04:18,550 --> 00:04:16,079
government studied and funded and looked

102
00:04:21,349 --> 00:04:18,560
at ufos that's the headline here isn't

103
00:04:23,030 --> 00:04:21,359
it absolutely and likowski says that

104
00:04:25,830 --> 00:04:23,040
you know point blank he said it was

105
00:04:30,150 --> 00:04:25,840
completely ufo related which means that

106
00:04:32,870 --> 00:04:30,160
susan goff uh fibbed essentially

107
00:04:35,030 --> 00:04:32,880
when she said that it wasn't um yet zero

108
00:04:37,749 --> 00:04:35,040
ambiguity from james lichanski he's the

109
00:04:39,430 --> 00:04:37,759
guy that started those programs you know

110
00:04:44,070 --> 00:04:39,440
so

111
00:04:47,909 --> 00:04:44,080
a misrepresentation to answer for i'd

112
00:04:50,790 --> 00:04:47,919
say i am shocked um i was interested

113
00:04:52,629 --> 00:04:50,800

then that james himself mentioned as

114

00:04:55,590 --> 00:04:52,639

part of that that they had gathered the

115

00:04:57,670 --> 00:04:55,600

largest ufo database in the world which

116

00:05:00,070 --> 00:04:57,680

is currently being used by the u.s

117

00:05:01,830 --> 00:05:00,080

military still and in one of the tidbits

118

00:05:04,870 --> 00:05:01,840

that i saw from the book was that it

119

00:05:06,150 --> 00:05:04,880

mentions the uk as well so it's not just

120

00:05:08,629 --> 00:05:06,160

you know we've heard about italian

121

00:05:12,230 --> 00:05:08,639

databases south american databases from

122

00:05:14,150 --> 00:05:12,240

brazil argentina um but this this sounds

123

00:05:16,230 --> 00:05:14,160

like a altogether

124

00:05:17,430 --> 00:05:16,240

different beast you know it might even

125

00:05:18,950 --> 00:05:17,440

be the

126

00:05:21,590 --> 00:05:18,960

the thing that we've all wanted to find

127

00:05:24,230 --> 00:05:21,600

for a long while

128

00:05:29,029 --> 00:05:24,240

the way i've seen someone mention it was

129

00:05:33,110 --> 00:05:31,430

no because lou worked

130

00:05:35,189 --> 00:05:33,120

oh i'm going to mess up these acronyms

131

00:05:38,230 --> 00:05:35,199

now uh

132

00:05:41,110 --> 00:05:38,240

oh usdi so that would be a different

133

00:05:43,430 --> 00:05:41,120

department james tacosky was the d.i.a

134

00:05:45,590 --> 00:05:43,440

i had seen that being commented on

135

00:05:47,110 --> 00:05:45,600

online by someone and i thought i don't

136

00:05:49,590 --> 00:05:47,120

think they were there at the same time

137

00:05:51,990 --> 00:05:49,600

working on that program where they so

138

00:05:53,990 --> 00:05:52,000

i mean it seems that there was crossover

139

00:05:55,749 --> 00:05:54,000

you know from from what's in the book

140

00:05:58,710 --> 00:05:55,759

you know lulu was supposedly there at

141

00:06:01,350 --> 00:05:58,720

dinners um on the ranch and there's some

142

00:06:02,870 --> 00:06:01,360

suggestive sentences about rv ability

143

00:06:04,870 --> 00:06:02,880

remote viewing ability sorry i shouldn't

144

00:06:06,380 --> 00:06:04,880

show them that no i know everyone knows

145

00:06:07,510 --> 00:06:06,390

those acronyms um

146

00:06:09,350 --> 00:06:07,520

[Music]

147

00:06:11,590 --> 00:06:09,360

so yeah it certainly seems that there

148

00:06:13,749 --> 00:06:11,600

was some involvement whether

149

00:06:15,029 --> 00:06:13,759

lou will open that up about that in his

150

00:06:17,430 --> 00:06:15,039

own book or whether that's a

151
00:06:19,590 --> 00:06:17,440
conversation for further down the road

152
00:06:21,350 --> 00:06:19,600
is anyone's guess

153
00:06:23,909 --> 00:06:21,360
i can call that one right now dan i

154
00:06:26,469 --> 00:06:23,919
think with reasonable accuracy that is a

155
00:06:29,110 --> 00:06:26,479
conversation for way down the road sure

156
00:06:30,790 --> 00:06:29,120
lou elizondo will not right now talk

157
00:06:32,629 --> 00:06:30,800
about any and we'll have to still say

158
00:06:35,029 --> 00:06:32,639
potential because until it comes from

159
00:06:37,189 --> 00:06:35,039
his mouth and it's still yeah

160
00:06:38,710 --> 00:06:37,199
speculation but speculation with you i

161
00:06:41,350 --> 00:06:38,720
mean it's not a quote in the book is it

162
00:06:42,870 --> 00:06:41,360
it's a prose so yeah and i'm not saying

163
00:06:44,469 --> 00:06:42,880

that it's definitely not happened i'm

164

00:06:45,990 --> 00:06:44,479

sure i'm sure it has from the people

165

00:06:48,629 --> 00:06:46,000

writing the book and the tone of the

166

00:06:50,629 --> 00:06:48,639

book maybe maybe if george knapp comes

167

00:06:52,710 --> 00:06:50,639

back on you you can ask knapp if there's

168

00:06:54,710 --> 00:06:52,720

a sourced quote there that maybe he can

169

00:06:56,309 --> 00:06:54,720

refer to that proves that point

170

00:06:58,230 --> 00:06:56,319

i won't make it a secret the email is

171

00:07:00,150 --> 00:06:58,240

out there and i've i've messaged george

172

00:07:02,309 --> 00:07:00,160

knapp and he knows i want them to come

173

00:07:04,150 --> 00:07:02,319

on and i'm sure everyone else does as

174

00:07:05,749 --> 00:07:04,160

well but we'll see what happens uh he's

175

00:07:07,749 --> 00:07:05,759

got back to me which is which is nice

176

00:07:09,670 --> 00:07:07,759

and the the tentative feelers are out

177

00:07:11,270 --> 00:07:09,680

there for that which is which is good

178

00:07:13,350 --> 00:07:11,280

i've had a few listeners message to say

179

00:07:15,430 --> 00:07:13,360

you have to get these guys on and i was

180

00:07:17,350 --> 00:07:15,440

on that pretty quick don't worry um but

181

00:07:19,589 --> 00:07:17,360

regarding the loyola zondo and remote

182

00:07:21,990 --> 00:07:19,599

viewing that will not be a conversation

183

00:07:23,670 --> 00:07:22,000

that lou entertains because it's a bit

184

00:07:25,670 --> 00:07:23,680

of a lose-lose

185

00:07:28,629 --> 00:07:25,680

because either muddies the waters in

186

00:07:30,870 --> 00:07:28,639

terms of the ufo community as to to what

187

00:07:32,870 --> 00:07:30,880

lou's position really is right now

188

00:07:35,110 --> 00:07:32,880

but also from a mainstream media point

189

00:07:37,029 --> 00:07:35,120

of view it just changes every single

190

00:07:39,510 --> 00:07:37,039

thing that lou has said or done because

191

00:07:40,390 --> 00:07:39,520

from now on if lu elizondo comes out and

192

00:07:43,670 --> 00:07:40,400

says

193

00:07:45,749 --> 00:07:43,680

i have or have entertained or i've been

194

00:07:48,469 --> 00:07:45,759

a remote viewer it all of a sudden

195

00:07:50,550 --> 00:07:48,479

becomes psychic spy headline luella

196

00:07:52,550 --> 00:07:50,560

zondo was a remote viewer and the

197

00:07:54,710 --> 00:07:52,560

headlines and all the questions come to

198

00:07:57,270 --> 00:07:54,720

that and that's why he himself doesn't

199

00:07:58,629 --> 00:07:57,280

talk about any sightings or experiences

200

00:08:00,390 --> 00:07:58,639

and that's why he doesn't talk about

201
00:08:02,629 --> 00:08:00,400
remote viewing and keeps very much his

202
00:08:05,589 --> 00:08:02,639
opinion out of this he tries to keep it

203
00:08:07,749 --> 00:08:05,599
based on the conversation and i respect

204
00:08:09,430 --> 00:08:07,759
that and get that listen i would love to

205
00:08:12,150 --> 00:08:09,440
sit in an interview lou and speak to him

206
00:08:14,550 --> 00:08:12,160
about his own experiences his sightings

207
00:08:16,230 --> 00:08:14,560
was he a psychic spy what has he remote

208
00:08:17,749 --> 00:08:16,240
viewed that would be great it's not

209
00:08:19,990 --> 00:08:17,759
going to happen any time in the near

210
00:08:20,869 --> 00:08:20,000
future because it would totally change

211
00:08:24,790 --> 00:08:20,879
the

212
00:08:26,390 --> 00:08:24,800
think i'd agree with that

213
00:08:27,990 --> 00:08:26,400

we're on some nice kind of it's like

214

00:08:30,390 --> 00:08:28,000

crossing a a

215

00:08:32,149 --> 00:08:30,400

rough river right and and we we kind of

216

00:08:34,550 --> 00:08:32,159

have these nice little safe spots we can

217

00:08:37,509 --> 00:08:34,560

stand in and

218

00:08:39,110 --> 00:08:37,519

our steps have to be purposeful and and

219

00:08:40,389 --> 00:08:39,120

well i think of the lose analogy of

220

00:08:42,709 --> 00:08:40,399

feeding someone

221

00:08:45,269 --> 00:08:42,719

nutritious food too fast even that will

222

00:08:47,509 --> 00:08:45,279

kill them you know yeah slow and steady

223

00:08:48,470 --> 00:08:47,519

wins the race i think on this one folks

224

00:08:50,550 --> 00:08:48,480

so

225

00:08:52,870 --> 00:08:50,560

when it comes to lou part two for that

226

00:08:54,870 --> 00:08:52,880

question and answer show it's one that

227

00:08:56,310 --> 00:08:54,880

there's i'm sure there's a way to phrase

228

00:08:57,829 --> 00:08:56,320

the question that you might get a little

229

00:08:59,829 --> 00:08:57,839

bit of a response

230

00:09:01,110 --> 00:08:59,839

but it's also i reckon time that would

231

00:09:02,710 --> 00:09:01,120

be better

232

00:09:04,870 --> 00:09:02,720

invested elsewhere in different

233

00:09:06,310 --> 00:09:04,880

conversations but we'll see when that

234

00:09:07,910 --> 00:09:06,320

time comes but that'll be an interesting

235

00:09:10,150 --> 00:09:07,920

one no doubt anyway

236

00:09:13,269 --> 00:09:10,160

tonight as this is released at midnight

237

00:09:15,190 --> 00:09:13,279

on the 13th of october uh or would that

238

00:09:17,509 --> 00:09:15,200

be the midnight on the 14th uk i don't

239

00:09:19,269 --> 00:09:17,519

know but basically this evening

240

00:09:21,430 --> 00:09:19,279

vinnie adams of disclosure team one of

241

00:09:23,670 --> 00:09:21,440

our colleagues at uap media uk is

242

00:09:25,190 --> 00:09:23,680

interviewing lou that conversation has

243

00:09:27,030 --> 00:09:25,200

been booked for a while and is largely

244

00:09:28,870 --> 00:09:27,040

going to be based on the artificial

245

00:09:30,630 --> 00:09:28,880

intelligence program that lou is looking

246

00:09:32,710 --> 00:09:30,640

at developing and bringing out as part

247

00:09:34,070 --> 00:09:32,720

of conversations they've had previously

248

00:09:36,230 --> 00:09:34,080

but i'm sure it will come up at some

249

00:09:37,990 --> 00:09:36,240

point within that conversation anyway

250

00:09:39,910 --> 00:09:38,000

dan is moderating the chat for that one

251
00:09:41,350 --> 00:09:39,920
aren't you done so you'll be about yeah

252
00:09:42,949 --> 00:09:41,360
i'll be about to kind of try and augment

253
00:09:44,470 --> 00:09:42,959
things and you know

254
00:09:46,949 --> 00:09:44,480
if anyone kicks off about not talking

255
00:09:49,030 --> 00:09:46,959
about remote viewing we can soothe them

256
00:09:50,470 --> 00:09:49,040
yeah but um yeah so listen anyway

257
00:09:52,630 --> 00:09:50,480
there's a lot of good stuff within the

258
00:09:55,269 --> 00:09:52,640
interview that mr eyre posted with

259
00:09:57,030 --> 00:09:55,279
george james and calm themselves like

260
00:09:59,430 --> 00:09:57,040
you mentioned dan atep in the pentagon

261
00:10:01,590 --> 00:09:59,440
was not funded it looked at important

262
00:10:03,269 --> 00:10:01,600
military ufo encounters

263
00:10:05,750 --> 00:10:03,279

again i think as stuff starts to come

264

00:10:08,790 --> 00:10:05,760

out you can understand more and more why

265

00:10:10,710 --> 00:10:08,800

they did not look back at public events

266

00:10:13,590 --> 00:10:10,720

you know things like the phoenix lights

267

00:10:16,069 --> 00:10:13,600

and and such just basically as i look at

268

00:10:18,310 --> 00:10:16,079

the military encounters important ones

269

00:10:20,550 --> 00:10:18,320

and i would i would caveat i suppose

270

00:10:22,790 --> 00:10:20,560

important references how much data was

271

00:10:25,350 --> 00:10:22,800

available and that would be how modern

272

00:10:26,470 --> 00:10:25,360

the sensors were the radar anything and

273

00:10:28,389 --> 00:10:26,480

everything that may have picked this

274

00:10:31,269 --> 00:10:28,399

stuff up which is why we get the stuff

275

00:10:34,069 --> 00:10:31,279

from 2004 onwards it wasn't a public

276

00:10:35,590 --> 00:10:34,079

investigation of uap or ufos not to say

277

00:10:37,430 --> 00:10:35,600

that hasn't happened in some way shape

278

00:10:39,269 --> 00:10:37,440

or form but it's not what these programs

279

00:10:41,670 --> 00:10:39,279

were developed for would that be fair

280

00:10:43,190 --> 00:10:41,680

yeah i think so there's a few cases that

281

00:10:45,190 --> 00:10:43,200

have kind of come up in the book uh one

282

00:10:47,190 --> 00:10:45,200

of them being the raf lincoln heath ufo

283

00:10:48,949 --> 00:10:47,200

encounter which is an interesting one um

284

00:10:50,710 --> 00:10:48,959

you can actually hear the audio between

285

00:10:53,910 --> 00:10:50,720

the pilots as they encountered this

286

00:10:55,750 --> 00:10:53,920

object um and it kind of tickled me

287

00:10:57,829 --> 00:10:55,760

because we all know the dude what the

288

00:11:00,150 --> 00:10:57,839

hell is that thing from from the

289

00:11:02,230 --> 00:11:00,160

pentagon videos and in this video you

290

00:11:04,550 --> 00:11:02,240

have a british pilot yelling i have no

291

00:11:05,990 --> 00:11:04,560

idea what that is as he's flying past it

292

00:11:07,350 --> 00:11:06,000

and i just thought yep that's the

293

00:11:09,990 --> 00:11:07,360

blighty version

294

00:11:12,310 --> 00:11:10,000

yeah that's the by jove look at that

295

00:11:14,550 --> 00:11:12,320

what what what so yeah you've got that

296

00:11:16,470 --> 00:11:14,560

polite epilate british reaction to these

297

00:11:17,750 --> 00:11:16,480

things as well um

298

00:11:20,150 --> 00:11:17,760

obviously that the title of the book

299

00:11:22,069 --> 00:11:20,160

skinwalkers at the pentagon raises some

300

00:11:24,710 --> 00:11:22,079

eyes as well because it's not just about

301
00:11:27,110 --> 00:11:24,720
the ufo programs but it's again digging

302
00:11:29,430 --> 00:11:27,120
into the fact that you had the

303
00:11:31,750 --> 00:11:29,440
bigelow aerospace investigation it was a

304
00:11:32,790 --> 00:11:31,760
24-month long program

305
00:11:36,550 --> 00:11:32,800
um

306
00:11:38,550 --> 00:11:36,560
from the interview dan

307
00:11:40,389 --> 00:11:38,560
immediately i would say i mean we spoke

308
00:11:42,230 --> 00:11:40,399
about the databases already they specify

309
00:11:45,030 --> 00:11:42,240
11 separate databases from around the

310
00:11:47,110 --> 00:11:45,040
world uk included um

311
00:11:49,030 --> 00:11:47,120
they then state that individuals here in

312
00:11:50,629 --> 00:11:49,040
the u.s and beyond the united states had

313
00:11:52,389 --> 00:11:50,639

medical effects and this is the bit that

314

00:11:56,910 --> 00:11:52,399

really stood out to me because we've

315

00:12:00,870 --> 00:11:56,920

seen it in the legislation hr hr4350 and

316

00:12:01,829 --> 00:12:00,880

5412. god that's a lot to remember um

317

00:12:04,389 --> 00:12:01,839

but

318

00:12:07,269 --> 00:12:04,399

that they've both both those bills now

319

00:12:09,110 --> 00:12:07,279

have anomalous health effects and and

320

00:12:11,350 --> 00:12:09,120

kind of directions to study and get the

321

00:12:12,870 --> 00:12:11,360

information and properly help people who

322

00:12:14,230 --> 00:12:12,880

were affected by this so it's

323

00:12:15,509 --> 00:12:14,240

interesting to see it come up at this

324

00:12:17,190 --> 00:12:15,519

time

325

00:12:19,190 --> 00:12:17,200

yeah and obviously one of the cases

326

00:12:21,509 --> 00:12:19,200

column mentions george just asked him

327

00:12:23,750 --> 00:12:21,519

obviously and i'm sure he was prepared

328

00:12:25,110 --> 00:12:23,760

for the questions he was about to get uh

329

00:12:27,590 --> 00:12:25,120

can you talk about any of them

330

00:12:29,910 --> 00:12:27,600

particularly and he talks about a

331

00:12:31,910 --> 00:12:29,920

biotech biotech engineer biotech

332

00:12:34,230 --> 00:12:31,920

engineer uh yeah yeah biotech engineer

333

00:12:36,629 --> 00:12:34,240

from oregon with his daughter yeah and

334

00:12:38,389 --> 00:12:36,639

they're driving along c3 ufos in the

335

00:12:40,389 --> 00:12:38,399

distance they

336

00:12:43,350 --> 00:12:40,399

seem to notice the car drive towards the

337

00:12:45,430 --> 00:12:43,360

car they fly or move towards the car

338

00:12:47,110 --> 00:12:45,440

enter the car so i'm guessing that's

339

00:12:48,870 --> 00:12:47,120

that trans medium because i'm sure they

340

00:12:50,389 --> 00:12:48,880

didn't just fly through open windows so

341

00:12:52,389 --> 00:12:50,399

i'm guessing they moved through the

342

00:12:54,550 --> 00:12:52,399

glass yeah there's a suggestion there

343

00:12:56,550 --> 00:12:54,560

isn't them and then it's reported that

344

00:12:58,710 --> 00:12:56,560

they they kind of cross paths a very

345

00:13:00,790 --> 00:12:58,720

small baseball sized but

346

00:13:01,990 --> 00:13:00,800

one of the objects passes through the

347

00:13:05,269 --> 00:13:02,000

shoulders

348

00:13:07,829 --> 00:13:05,279

of of the the gent driving the car and

349

00:13:09,750 --> 00:13:07,839

this has some severe impacts afterwards

350

00:13:12,389 --> 00:13:09,760

and i've put in brackets you know i've

351

00:13:14,790 --> 00:13:12,399

been quizzical on orbs in the past and

352

00:13:16,870 --> 00:13:14,800

but are we talking orb type objects do

353

00:13:18,310 --> 00:13:16,880

you think here yeah i mean baseball size

354

00:13:20,629 --> 00:13:18,320

that's what we're looking at it made me

355

00:13:21,750 --> 00:13:20,639

think of um you know not the diminisher

356

00:13:23,269 --> 00:13:21,760

but more lightning you know i'm

357

00:13:25,190 --> 00:13:23,279

fascinated by i think it's a much more

358

00:13:27,509 --> 00:13:25,200

intriguing phenomena than the dismissive

359

00:13:29,750 --> 00:13:27,519

way that it's used um

360

00:13:31,509 --> 00:13:29,760

but you know even that if it's that and

361

00:13:33,030 --> 00:13:31,519

that passed through you know through one

362

00:13:35,350 --> 00:13:33,040

shoulder sideways and came out the other

363

00:13:37,670 --> 00:13:35,360

solder i mean that's gonna

364

00:13:38,790 --> 00:13:37,680

really damage you inside and as soon as

365

00:13:40,949 --> 00:13:38,800

i thought that you know they started

366

00:13:42,629 --> 00:13:40,959

listing the effects pain nausea left

367

00:13:44,870 --> 00:13:42,639

face sunburn like close encounters of

368

00:13:47,189 --> 00:13:44,880

the third kind roy in there losing hair

369

00:13:50,550 --> 00:13:47,199

left eye damaged ear damaged you know

370

00:13:52,550 --> 00:13:50,560

just really really kind of scary effects

371

00:13:54,069 --> 00:13:52,560

and it got a really serious illness from

372

00:13:55,590 --> 00:13:54,079

it and it sounded pretty bad at one

373

00:13:57,750 --> 00:13:55,600

point but they did mention it was

374

00:13:59,189 --> 00:13:57,760

managed it managed to be treated which

375

00:14:02,389 --> 00:13:59,199

is great and it sounds like his daughter

376

00:14:04,870 --> 00:14:02,399

was also okay as well uh so that's

377

00:14:06,710 --> 00:14:04,880

that's one pretty fascinating case

378

00:14:08,710 --> 00:14:06,720

it's not something i think we'll hear

379

00:14:10,870 --> 00:14:08,720

too much of is it because they did

380

00:14:12,870 --> 00:14:10,880

mention that patient medical

381

00:14:15,110 --> 00:14:12,880

confidentiality they're not just going

382

00:14:16,710 --> 00:14:15,120

to spell loads of cases and kind of what

383

00:14:18,230 --> 00:14:16,720

happened and you're not going to get

384

00:14:20,550 --> 00:14:18,240

names from it as well and i think that's

385

00:14:22,790 --> 00:14:20,560

probably important to mention now that

386

00:14:24,949 --> 00:14:22,800

they do mention the book was um gone

387

00:14:26,870 --> 00:14:24,959

through by the the us you know the us

388

00:14:29,430 --> 00:14:26,880

government the right departments

389

00:14:30,790 --> 00:14:29,440

and that it was it was cleared for

390

00:14:33,350 --> 00:14:30,800

release

391

00:14:34,629 --> 00:14:33,360

i imagine much of what was taken out is

392

00:14:36,629 --> 00:14:34,639

probably nothing

393

00:14:39,829 --> 00:14:36,639

necessarily juicy that people would want

394

00:14:41,590 --> 00:14:39,839

it'll be personal details names any

395

00:14:42,710 --> 00:14:41,600

locations that they feel is a little bit

396

00:14:43,430 --> 00:14:42,720

sensitive

397

00:14:45,350 --> 00:14:43,440

so

398

00:14:47,590 --> 00:14:45,360

and to be fair that the names of the

399

00:14:50,230 --> 00:14:47,600

people attached to this book the authors

400

00:14:52,069 --> 00:14:50,240

themselves will know what can and can't

401
00:14:54,150 --> 00:14:52,079
go into one of these books they didn't

402
00:14:56,230 --> 00:14:54,160
write a tell-all that the us government

403
00:14:57,829 --> 00:14:56,240
then had to go and remove details from

404
00:14:59,509 --> 00:14:57,839
so i'm sure they're they're very clever

405
00:15:00,949 --> 00:14:59,519
individuals and know what they're doing

406
00:15:03,189 --> 00:15:00,959
and i suppose it's going to be the same

407
00:15:05,030 --> 00:15:03,199
for luis elizondo's book that he knows

408
00:15:06,870 --> 00:15:05,040
exactly what can and can't go into a

409
00:15:09,030 --> 00:15:06,880
book and how it can be about it as well

410
00:15:11,030 --> 00:15:09,040
is that fair to say yeah absolutely um

411
00:15:13,750 --> 00:15:11,040
jeremy corbell posted a front cover of

412
00:15:14,949 --> 00:15:13,760
what i assume is the the manuscript um

413
00:15:17,110 --> 00:15:14,959

that he'd been reading and there was a

414

00:15:18,870 --> 00:15:17,120

bit more of an extensive statement from

415

00:15:21,189 --> 00:15:18,880

the the dod on there

416

00:15:23,110 --> 00:15:21,199

um and it just basically says you know

417

00:15:24,230 --> 00:15:23,120

the views expressed in this book are the

418

00:15:28,949 --> 00:15:24,240

views of the author and don't

419

00:15:31,670 --> 00:15:30,150

and then at the end it says where

420

00:15:33,910 --> 00:15:31,680

appropriate in order to protect

421

00:15:36,069 --> 00:15:33,920

personally identifiable information and

422

00:15:37,990 --> 00:15:36,079

protected health information names and

423

00:15:41,189 --> 00:15:38,000

details have been changed so i think

424

00:15:42,389 --> 00:15:41,199

you're exactly right on that yeah um and

425

00:15:43,670 --> 00:15:42,399

that's that folks and i think there's

426

00:15:45,749 --> 00:15:43,680

going to be a lot of really good content

427

00:15:48,470 --> 00:15:45,759

within the book regardless

428

00:15:50,150 --> 00:15:48,480

i would just like to mention as well for

429

00:15:51,590 --> 00:15:50,160

for those that and i bring us up time to

430

00:15:53,829 --> 00:15:51,600

time on the podcast depending on what

431

00:15:55,829 --> 00:15:53,839

we're talking about dan you'll know this

432

00:15:58,230 --> 00:15:55,839

when we hear about loving light and all

433

00:15:59,590 --> 00:15:58,240

of these 80s being super friendly and we

434

00:16:01,110 --> 00:15:59,600

know there's been some celebrities in

435

00:16:02,069 --> 00:16:01,120

the news talking about this recently as

436

00:16:03,189 --> 00:16:02,079

well

437

00:16:07,590 --> 00:16:03,199

this

438

00:16:09,829 --> 00:16:07,600

love and light and all things good

439

00:16:12,389 --> 00:16:09,839

whatever these objects are whether it

440

00:16:14,550 --> 00:16:12,399

was deliberate or not they they have

441

00:16:16,389 --> 00:16:14,560

caused someone to

442

00:16:18,710 --> 00:16:16,399

more than likely almost die

443

00:16:20,710 --> 00:16:18,720

and you know they they could have caused

444

00:16:22,069 --> 00:16:20,720

a child to get really ill as well and we

445

00:16:24,389 --> 00:16:22,079

don't know if that possibly did happen

446

00:16:26,069 --> 00:16:24,399

or not but this is where you've got to

447

00:16:26,870 --> 00:16:26,079

look at it from an objective point of

448

00:16:27,749 --> 00:16:26,880

view

449

00:16:28,949 --> 00:16:27,759

and

450

00:16:30,389 --> 00:16:28,959

there's no doubt more than one

451

00:16:31,590 --> 00:16:30,399

phenomenon at play in all of this as

452

00:16:32,949 --> 00:16:31,600

well

453

00:16:34,629 --> 00:16:32,959

but like

454

00:16:37,350 --> 00:16:34,639

i would ask are these same baseball

455

00:16:38,870 --> 00:16:37,360

sized orb type objects any relation at

456

00:16:41,269 --> 00:16:38,880

all to tic tacs

457

00:16:42,629 --> 00:16:41,279

my gut feeling is probably not

458

00:16:43,910 --> 00:16:42,639

however

459

00:16:45,430 --> 00:16:43,920

it's it's something that you've got to

460

00:16:47,749 --> 00:16:45,440

look at and question and discuss and

461

00:16:50,389 --> 00:16:47,759

talk about but i i have the opposite gut

462

00:16:51,829 --> 00:16:50,399

feeling do you think i do

463

00:16:54,629 --> 00:16:51,839

only in the sense that i think they're

464

00:16:56,389 --> 00:16:54,639

using the same kind of physical or the

465

00:16:57,910 --> 00:16:56,399

the same laws of physics to do what they

466

00:16:59,829 --> 00:16:57,920

do

467

00:17:03,829 --> 00:16:59,839

not necessarily made by the same people

468

00:17:05,750 --> 00:17:03,839

just you know using the same techniques

469

00:17:07,350 --> 00:17:05,760

similar techniques i'll say there's

470

00:17:09,029 --> 00:17:07,360

discussions on that for another show

471

00:17:10,789 --> 00:17:09,039

down the line i think somewhere that's a

472

00:17:13,110 --> 00:17:10,799

good speculative one

473

00:17:15,110 --> 00:17:13,120

but like i say this for me when you talk

474

00:17:16,630 --> 00:17:15,120

about loving light and all these uh

475

00:17:19,189 --> 00:17:16,640

beings and entities and the whole

476

00:17:20,949 --> 00:17:19,199

phenomena isn't dangerous whether it

477

00:17:23,590 --> 00:17:20,959

means to be or not there are some very

478

00:17:25,750 --> 00:17:23,600

serious fix effects when people interact

479

00:17:28,230 --> 00:17:25,760

with it that they can't do anything

480

00:17:29,830 --> 00:17:28,240

about at the time so

481

00:17:32,390 --> 00:17:29,840

that's just that's just an air in that

482

00:17:34,390 --> 00:17:32,400

coffin for me straight away and it's

483

00:17:36,310 --> 00:17:34,400

something that people do have to and

484

00:17:38,549 --> 00:17:36,320

again let's let's go way back to an old

485

00:17:40,470 --> 00:17:38,559

trope but the whole threat narrative you

486

00:17:42,470 --> 00:17:40,480

know are these things a threat well do

487

00:17:44,390 --> 00:17:42,480

you know what if by just coming into

488

00:17:46,950 --> 00:17:44,400

contact with these objects

489

00:17:48,870 --> 00:17:46,960

that you can end up with some almost

490

00:17:50,630 --> 00:17:48,880

form of cancer from it i would say

491

00:17:52,230 --> 00:17:50,640

that's a threat that's not to say they

492

00:17:53,510 --> 00:17:52,240

meant to do that or the objects were

493

00:17:55,830 --> 00:17:53,520

even aware

494

00:17:57,270 --> 00:17:55,840

but it happens so you have to be careful

495

00:17:58,870 --> 00:17:57,280

that's a good point actually threat

496

00:18:01,110 --> 00:17:58,880

threat is

497

00:18:03,350 --> 00:18:01,120

different to intent you know the two

498

00:18:05,750 --> 00:18:03,360

separate conversations whether these

499

00:18:07,830 --> 00:18:05,760

things intend to damage us that's a

500

00:18:10,230 --> 00:18:07,840

different outcome to whether we're just

501
00:18:12,310 --> 00:18:10,240
damaged by proximity by you know

502
00:18:13,909 --> 00:18:12,320
electromagnetic some interference or

503
00:18:15,270 --> 00:18:13,919
something like that you if you stumble

504
00:18:16,710 --> 00:18:15,280
dan if you're out in the and you know

505
00:18:17,990 --> 00:18:16,720
for a walk and you stumble across some

506
00:18:19,270 --> 00:18:18,000
you know nuclear waste that's been

507
00:18:21,110 --> 00:18:19,280
discarded

508
00:18:23,669 --> 00:18:21,120
the the intent

509
00:18:26,470 --> 00:18:23,679
of the waste it just it's just existence

510
00:18:28,630 --> 00:18:26,480
as what it is it has the effects that it

511
00:18:31,029 --> 00:18:28,640
has on its surroundings it didn't its

512
00:18:33,510 --> 00:18:31,039
intent wasn't to harm you but

513
00:18:35,990 --> 00:18:33,520

it was harmful because of its made

514

00:18:36,630 --> 00:18:36,000

existence and how it exists the state of

515

00:18:38,390 --> 00:18:36,640

it

516

00:18:40,710 --> 00:18:38,400

um so that that's the way this has

517

00:18:42,310 --> 00:18:40,720

potentially got to be looked at so yeah

518

00:18:44,310 --> 00:18:42,320

that's that's an interesting one and for

519

00:18:46,870 --> 00:18:44,320

me also the fact it was mentioned by

520

00:18:49,270 --> 00:18:46,880

james that this was a closed program it

521

00:18:51,990 --> 00:18:49,280

was not an official sap so it wasn't a

522

00:18:54,150 --> 00:18:52,000

special access program that even james

523

00:18:56,470 --> 00:18:54,160

mentioned senior officials and leaders

524

00:18:58,549 --> 00:18:56,480

in that very department did not know

525

00:19:00,789 --> 00:18:58,559

about this they did not know it was

526

00:19:02,870 --> 00:19:00,799

being run so again that just goes to

527

00:19:04,950 --> 00:19:02,880

show you that these things

528

00:19:07,510 --> 00:19:04,960

just because again we're not experts

529

00:19:09,669 --> 00:19:07,520

done we we throw about things like sap

530

00:19:13,669 --> 00:19:09,679

and all your sdi and all these acronyms

531

00:19:15,590 --> 00:19:13,679

that we learn and we find out about but

532

00:19:17,190 --> 00:19:15,600

people get too caught up in well they

533

00:19:18,630 --> 00:19:17,200

would have known about x y and z we

534

00:19:21,270 --> 00:19:18,640

don't know that and that's what i think

535

00:19:22,789 --> 00:19:21,280

we're usually quite good at saying that

536

00:19:25,029 --> 00:19:22,799

you've found out here from one of the

537

00:19:26,549 --> 00:19:25,039

experts someone who was involved this

538

00:19:28,549 --> 00:19:26,559

was a program that

539

00:19:31,270 --> 00:19:28,559

people directly involved with them and

540

00:19:33,110 --> 00:19:31,280

above them did not know was running

541

00:19:34,390 --> 00:19:33,120

alongside all this other stuff that was

542

00:19:36,150 --> 00:19:34,400

going on i think that was a really

543

00:19:37,909 --> 00:19:36,160

interesting take from the interview yeah

544

00:19:40,630 --> 00:19:37,919

yeah absolutely and we know that harry

545

00:19:43,270 --> 00:19:40,640

reid tried to get sap status for um for

546

00:19:43,990 --> 00:19:43,280

atip and was turned down um

547

00:19:46,070 --> 00:19:44,000

and

548

00:19:49,750 --> 00:19:46,080

you've gotta wonder you know

549

00:19:51,830 --> 00:19:49,760

sap you usually protecting something and

550

00:19:53,190 --> 00:19:51,840

we we all suspect that there are

551
00:19:56,630 --> 00:19:53,200
programs that have been studying this

552
00:19:58,789 --> 00:19:56,640
for longer and at becoming an sap

553
00:20:00,549 --> 00:19:58,799
might have meant that their information

554
00:20:02,470 --> 00:20:00,559
could have been combined

555
00:20:04,310 --> 00:20:02,480
so

556
00:20:06,310 --> 00:20:04,320
i guess to say that the secret keepers

557
00:20:08,950 --> 00:20:06,320
are being very protective and don't want

558
00:20:12,310 --> 00:20:08,960
to play ball on this you know but it

559
00:20:15,909 --> 00:20:14,549
yeah dr kelleher also mentions that you

560
00:20:17,830 --> 00:20:15,919
know what the book has been a long time

561
00:20:19,990 --> 00:20:17,840
coming it can address some confusion out

562
00:20:23,990 --> 00:20:20,000
there over the program that there were

563
00:20:26,549 --> 00:20:24,000

over 100 reports in a 24-month period

564

00:20:29,190 --> 00:20:26,559

sent to the dia he says it was a six

565

00:20:31,669 --> 00:20:29,200

feet high stack of data when you stood

566

00:20:33,830 --> 00:20:31,679

next to it the actual physical proof

567

00:20:35,669 --> 00:20:33,840

um there was deep dives into cases and

568

00:20:37,750 --> 00:20:35,679

topics so not just high-level stuff but

569

00:20:40,789 --> 00:20:37,760

some of these they really went into went

570

00:20:42,870 --> 00:20:40,799

in too hard uh dr lakatsky gets uh call

571

00:20:44,070 --> 00:20:42,880

out as being the driving force behind us

572

00:20:46,070 --> 00:20:44,080

in dc

573

00:20:48,470 --> 00:20:46,080

and george knapp also mentioned senator

574

00:20:50,870 --> 00:20:48,480

harid and bob bigelow fought to get that

575

00:20:52,710 --> 00:20:50,880

program up and running but also that

576

00:20:55,110 --> 00:20:52,720

there were predators in the pentagon

577

00:20:56,710 --> 00:20:55,120

that caused significant issues and it

578

00:20:59,270 --> 00:20:56,720

could have been so much further down the

579

00:21:00,710 --> 00:20:59,280

line without that interference which i

580

00:21:02,870 --> 00:21:00,720

suppose is something we all expect

581

00:21:03,990 --> 00:21:02,880

happens within the halls of government

582

00:21:05,669 --> 00:21:04,000

but it's just

583

00:21:07,669 --> 00:21:05,679

disappointing but reinforces that it

584

00:21:09,350 --> 00:21:07,679

does go on doesn't it yeah yeah

585

00:21:11,029 --> 00:21:09,360

absolutely something else that comes

586

00:21:12,390 --> 00:21:11,039

from what you just said as well the the

587

00:21:14,710 --> 00:21:12,400

fact that

588

00:21:16,710 --> 00:21:14,720

this book has been prepared for two

589

00:21:17,830 --> 00:21:16,720

years i i think it was the directive

590

00:21:20,950 --> 00:21:17,840

time

591

00:21:24,070 --> 00:21:20,960

people have given george knapp a lot of

592

00:21:25,830 --> 00:21:24,080

crap quite frankly about certain things

593

00:21:27,190 --> 00:21:25,840

and and this is one of those moments

594

00:21:28,789 --> 00:21:27,200

where you kind of have to realize that

595

00:21:30,710 --> 00:21:28,799

he's talking to a lot of people a lot a

596

00:21:33,669 --> 00:21:30,720

lot of times and it's kind of like your

597

00:21:36,549 --> 00:21:33,679

analogy about tom you know having a 40

598

00:21:38,470 --> 00:21:36,559

pieces out of a 100 piece jigsaw puzzle

599

00:21:40,390 --> 00:21:38,480

and kind of starting to get a good idea

600

00:21:42,950 --> 00:21:40,400

you know we should stop being hung up on

601
00:21:45,270 --> 00:21:42,960
say punctuation of the title for example

602
00:21:46,470 --> 00:21:45,280
and start talking about the content

603
00:21:47,990 --> 00:21:46,480
fully

604
00:21:49,590 --> 00:21:48,000
and you know what i think we've got to

605
00:21:51,750 --> 00:21:49,600
say to kind of round off the the kind of

606
00:21:53,990 --> 00:21:51,760
short breaking news dan that we enjoy

607
00:21:55,510 --> 00:21:54,000
the speculation as well don't we we

608
00:21:57,590 --> 00:21:55,520
don't mind the fact of stuff here that

609
00:21:59,350 --> 00:21:57,600
we don't know we can't see that still

610
00:22:01,350 --> 00:21:59,360
has to be investigated that may or may

611
00:22:02,950 --> 00:22:01,360
not come out but we enjoy that

612
00:22:04,549 --> 00:22:02,960
conversation and i think a lot of you

613
00:22:05,830 --> 00:22:04,559

listening to this enjoy that as well

614

00:22:07,830 --> 00:22:05,840

from from what we hear in the

615

00:22:09,270 --> 00:22:07,840

interactions we have that

616

00:22:10,630 --> 00:22:09,280

if you really go back to why you get

617

00:22:11,430 --> 00:22:10,640

involved in this subject in the first

618

00:22:13,909 --> 00:22:11,440

place

619

00:22:15,750 --> 00:22:13,919

the stuff that we don't know is

620

00:22:17,110 --> 00:22:15,760

as exciting if not better than the stuff

621

00:22:19,270 --> 00:22:17,120

that we do

622

00:22:22,950 --> 00:22:19,280

and i just love the fact that you've got

623

00:22:24,870 --> 00:22:22,960

people like uh dr lakatsuki dr keller

624

00:22:27,270 --> 00:22:24,880

and george knapp working on this sort of

625

00:22:29,110 --> 00:22:27,280

material because you know what again i'm

626

00:22:31,270 --> 00:22:29,120

no doubt within their respective fields

627

00:22:33,190 --> 00:22:31,280

they face a lot of hardship and ridicule

628

00:22:35,830 --> 00:22:33,200

for the work they put in to get this

629

00:22:38,149 --> 00:22:35,840

sort of material out to everyone as well

630

00:22:39,990 --> 00:22:38,159

so i would urge people to pick up skin

631

00:22:42,789 --> 00:22:40,000

walkers at the pentagon an insider's

632

00:22:44,950 --> 00:22:42,799

account of the secret ufo program it is

633

00:22:46,789 --> 00:22:44,960

free if you have kindle unlimited so you

634

00:22:49,110 --> 00:22:46,799

can go and walk read that right now you

635

00:22:51,270 --> 00:22:49,120

can get it for well seven pounds 31

636

00:22:53,830 --> 00:22:51,280

which is no doubt about 10 or 11

637

00:22:55,510 --> 00:22:53,840

um or it's 12 pounds 45 and paperback i

638

00:22:58,070 --> 00:22:55,520

like a hard copy of a book and i have

639

00:23:00,070 --> 00:22:58,080

picked that one up as well once dan and

640

00:23:03,830 --> 00:23:00,080

i have read the book as well we'll come

641

00:23:05,430 --> 00:23:03,840

back and do some reviewing of it too

642

00:23:08,549 --> 00:23:05,440

there will be so many developments by

643

00:23:10,789 --> 00:23:08,559

that point as well you know i i have 110

644

00:23:12,950 --> 00:23:10,799

faith that as of today black vault is

645

00:23:14,630 --> 00:23:12,960

sat in his chair filing foyers left

646

00:23:16,230 --> 00:23:14,640

right and center from new information in

647

00:23:18,470 --> 00:23:16,240

this like everything

648

00:23:19,830 --> 00:23:18,480

answers just raise more questions people

649

00:23:23,029 --> 00:23:19,840

are doing the work let's see how this

650

00:23:25,270 --> 00:23:23,039

pans out it's exciting absolutely and i

651
00:23:26,149 --> 00:23:25,280
will be asking paulo gazadi who is one

652
00:23:29,270 --> 00:23:26,159

653
00:23:30,950 --> 00:23:29,280

00:25:39,600 --> 00:25:46,410
scare me

00:25:50,149 --> 00:25:48,630
[Music]

686
00:25:52,470 --> 00:25:50,159
if you really want to know who i think

687
00:25:57,640 --> 00:25:52,480
they've been against you and me and us

688
00:26:06,230 --> 00:25:57,650

and me and him and her and that and she

689

00:26:09,029 --> 00:26:06,240

[Music]

690

00:26:09,039 --> 00:26:10,549

heart serious

691

00:26:10,559 --> 00:26:15,810

[Music]

693

00:26:45,310 --> 00:26:38,480

it wasn't a tic tac and not quite a

694

00:26:45,320 --> 00:26:59,269

[Music]

695

00:27:12,630 --> 00:27:01,300

it's very smooth

696

00:27:12,640 --> 00:27:16,390

so
