1
00:00:00,000 --> 00:00:05,510

00:00:08,710 --> 00:00:06,789

there's a whole fleet of them look on

3
00:00:10,950 --> 00:00:08,720

the assay

4
00:00:14,310 --> 00:00:10,960

oh my gosh they're all going against the

5
00:00:18,950 --> 00:00:16,390

it was basically a cube with inside of

6
00:00:23,940 --> 00:00:18,960

sphere where the points of the cube

7
00:00:37,110 --> 00:00:33,200

[Music]

8
00:00:38,709 --> 00:00:37,120

[Applause]

9
00:00:40,950 --> 00:00:38,719

so this isn't anything that just is

10
00:00:48,869 --> 00:00:40,960

limited to the united states it's a

11
00:00:53,830 --> 00:00:51,350

hi everyone and welcome back to that ufo

12
00:00:55,590 --> 00:00:53,840

podcast very excited to kick it one off

13
00:00:57,590 --> 00:00:55,600

we've kept it quiet we've not hyped this

14

00:00:59,910 --> 00:00:57,600

one up online and i'm looking forward to

15

00:01:01,990 --> 00:00:59,920

people hearing it as it gets released uh

16

00:01:03,590 --> 00:01:02,000

no high none announcements for this one

17

00:01:05,910 --> 00:01:03,600

we're going to go straight in with mr

18

00:01:07,270 --> 00:01:05,920

george knapp and dr calm callahar

19

00:01:08,870 --> 00:01:07,280

gentlemen thank you for joining us on

20

00:01:09,990 --> 00:01:08,880

the podcast

21

00:01:11,990 --> 00:01:10,000

good to be here

22

00:01:13,590 --> 00:01:12,000

good to see you again yeah no thank you

23

00:01:15,429 --> 00:01:13,600

very much george it's good to have you

24

00:01:18,149 --> 00:01:15,439

back on anytime of course as well and

25

00:01:20,310 --> 00:01:18,159

listen congratulations both of you and

26
00:01:22,390 --> 00:01:20,320
obviously james lecatsky as well on the

27
00:01:24,550 --> 00:01:22,400
wonderful book i've got the copy of it

28
00:01:26,469 --> 00:01:24,560
right here skinwalkers at the pentagon

29
00:01:28,550 --> 00:01:26,479
an insider's account of the secret

30
00:01:30,789 --> 00:01:28,560
government ufo program

31
00:01:33,030 --> 00:01:30,799
quite a title it's quite eye-catching

32
00:01:34,710 --> 00:01:33,040
it's caused a huge amount of discussion

33
00:01:37,109 --> 00:01:34,720
george let me direct the first question

34
00:01:39,429 --> 00:01:37,119
to you why was now the right time to

35
00:01:40,870 --> 00:01:39,439
release this book

36
00:01:43,109 --> 00:01:40,880
well we've been wanting to release it

37
00:01:44,789 --> 00:01:43,119
for a while i think column and i started

38
00:01:47,590 --> 00:01:44,799

working on it with jim about two and a

39

00:01:49,590 --> 00:01:47,600

half years ago and we certainly wanted

40

00:01:51,670 --> 00:01:49,600

it out a lot sooner but there was a

41

00:01:53,990 --> 00:01:51,680

there's a dopser process a review

42

00:01:54,870 --> 00:01:54,000

process by the pentagon that took 14

43

00:01:56,630 --> 00:01:54,880

months

44

00:01:58,630 --> 00:01:56,640

uh to complete so

45

00:02:00,230 --> 00:01:58,640

there was a lot of time in between that

46

00:02:02,630 --> 00:02:00,240

we were just sort of uh

47

00:02:04,870 --> 00:02:02,640

waiting around for them to get things on

48

00:02:06,389 --> 00:02:04,880

and and get it done

49

00:02:07,990 --> 00:02:06,399

it's always a good time to have more

50

00:02:10,550 --> 00:02:08,000

information about these programs you

51
00:02:12,470 --> 00:02:10,560
know i've been speaking in public

52
00:02:14,150 --> 00:02:12,480
for the last couple of years and

53
00:02:16,150 --> 00:02:14,160
and even though i was not part of the

54
00:02:17,830 --> 00:02:16,160
program i i was allowed to know a little

55
00:02:19,990 --> 00:02:17,840
bit about what was going on in it not

56
00:02:22,869 --> 00:02:20,000
all of it but a lot of it and uh and i

57
00:02:25,830 --> 00:02:22,879
would dribble bits and pieces out

58
00:02:27,350 --> 00:02:25,840
in in this sense to uh to deflect some

59
00:02:29,030 --> 00:02:27,360
of the bad information that's been out

60
00:02:31,509 --> 00:02:29,040
there there's been a lot of confusion

61
00:02:34,630 --> 00:02:31,519
about what atep was

62
00:02:35,910 --> 00:02:34,640
what atip wasn't um some speculation

63
00:02:37,509 --> 00:02:35,920

about sap

64

00:02:40,550 --> 00:02:37,519

but of course most of the focus has been

65

00:02:43,750 --> 00:02:40,560

on atip which was a much smaller effort

66

00:02:45,509 --> 00:02:43,760

than ossap asap is maybe the biggest ufo

67

00:02:47,589 --> 00:02:45,519

study ever

68

00:02:49,750 --> 00:02:47,599

given how many personnel were working on

69

00:02:51,509 --> 00:02:49,760

it how much money they had to work on it

70

00:02:53,430 --> 00:02:51,519

they could have always used more it

71

00:02:54,390 --> 00:02:53,440

could have been bigger and accomplished

72

00:02:55,750 --> 00:02:54,400

more

73

00:02:57,990 --> 00:02:55,760

that's certainly true if it had been

74

00:03:00,390 --> 00:02:58,000

allowed to continue but with the world

75

00:03:03,750 --> 00:03:00,400

now really interested in focusing on

76

00:03:05,509 --> 00:03:03,760

ufos and uaps and related phenomena it

77

00:03:07,990 --> 00:03:05,519

seemed like a good time to go ahead and

78

00:03:10,070 --> 00:03:08,000

get it out as quickly as we could

79

00:03:11,990 --> 00:03:10,080

you've prompted my next question george

80

00:03:15,110 --> 00:03:12,000

you've done this before now um there's

81

00:03:17,430 --> 00:03:15,120

been some confusion over osap atep and

82

00:03:20,309 --> 00:03:17,440

funding which you've just addressed was

83

00:03:23,270 --> 00:03:20,319

there crossover between atep dod and

84

00:03:25,670 --> 00:03:23,280

asap dia or was it a conscious decision

85

00:03:28,309 --> 00:03:25,680

to carry on ossa in a much more focused

86

00:03:31,509 --> 00:03:28,319

manner as atap due to a drop in

87

00:03:33,030 --> 00:03:31,519

resources from a lack of funding

88

00:03:34,630 --> 00:03:33,040

a lot of truth in what you said there

89

00:03:36,550 --> 00:03:34,640

it's a kind of a mix and match and it's

90

00:03:38,470 --> 00:03:36,560

probably better for column to answer

91

00:03:40,789 --> 00:03:38,480

that i'll give you some of that uh

92

00:03:43,030 --> 00:03:40,799

whatsapp was the mother program it's the

93

00:03:45,589 --> 00:03:43,040

one that got the 22 million dollars that

94

00:03:47,110 --> 00:03:45,599

22 million that was uh secured by harry

95

00:03:50,789 --> 00:03:47,120

reid and some of his colleagues in the

96

00:03:54,070 --> 00:03:50,799

senate went to this program dia

97

00:03:56,789 --> 00:03:54,080

initiated it dia oversaw it the contract

98

00:04:00,149 --> 00:03:56,799

was awarded to bass 22 million dollars

99

00:04:03,110 --> 00:04:00,159

was given to bass over two plus years

100

00:04:05,670 --> 00:04:03,120

and uh they they hired uh more than 50

101
00:04:07,110 --> 00:04:05,680
people as many as 75 i think but column

102
00:04:09,110 --> 00:04:07,120
can address that

103
00:04:11,030 --> 00:04:09,120
they did the work they did the boots on

104
00:04:13,670 --> 00:04:11,040
the groundwork they built a gigantic

105
00:04:14,550 --> 00:04:13,680
database they did that work at the same

106
00:04:16,710 --> 00:04:14,560
time

107
00:04:18,789 --> 00:04:16,720
there was sort of a parallel effort

108
00:04:21,110 --> 00:04:18,799
inside the pentagon a much smaller

109
00:04:22,950 --> 00:04:21,120
effort um from what we know it did not

110
00:04:24,310 --> 00:04:22,960
have a an office and did not have a

111
00:04:25,670 --> 00:04:24,320
budget although i think lou has

112
00:04:28,469 --> 00:04:25,680
indicated they did have some funding

113
00:04:30,870 --> 00:04:28,479

from somewhere and that was a smaller

114

00:04:33,430 --> 00:04:30,880

focused effort that looked at at uh

115

00:04:36,710 --> 00:04:33,440

military encounters with ufos

116

00:04:39,189 --> 00:04:36,720

was at ossap rather was looking at a

117

00:04:41,510 --> 00:04:39,199

much broader picture ufos and related

118

00:04:43,749 --> 00:04:41,520

phenomena that took the investigators

119

00:04:45,830 --> 00:04:43,759

into some very strange areas there was

120

00:04:48,070 --> 00:04:45,840

interaction on it on occasion between

121

00:04:50,790 --> 00:04:48,080

those two groups um and column can

122

00:04:52,790 --> 00:04:50,800

probably fill in that

123

00:04:55,270 --> 00:04:52,800

yeah george i i think you pretty well

124

00:04:59,030 --> 00:04:55,280

summarized it uh very well

125

00:05:00,310 --> 00:04:59,040

um the main thing that asap was focused

126
00:05:02,950 --> 00:05:00,320
on was

127
00:05:05,830 --> 00:05:02,960
at the very very start of this

128
00:05:08,469 --> 00:05:05,840
um we had a lot of

129
00:05:09,749 --> 00:05:08,479
i suppose intellectual firepower that

130
00:05:12,310 --> 00:05:09,759
came together

131
00:05:15,670 --> 00:05:12,320
in designing the asap program people

132
00:05:16,950 --> 00:05:15,680
like jacques valley hal put off robert

133
00:05:20,390 --> 00:05:16,960
bigelow

134
00:05:23,830 --> 00:05:20,400
john schussler and other people

135
00:05:25,350 --> 00:05:23,840
and the decision was made very early on

136
00:05:27,350 --> 00:05:25,360
to include

137
00:05:29,590 --> 00:05:27,360
both the standard

138
00:05:32,310 --> 00:05:29,600

ufo investigation

139

00:05:35,510 --> 00:05:32,320

framework which is the nuts and bolts

140

00:05:38,469 --> 00:05:35,520

sensor driven framework but also

141

00:05:41,110 --> 00:05:38,479

secondly and in parallel the human

142

00:05:44,070 --> 00:05:41,120

effects which is much more complicated

143

00:05:46,469 --> 00:05:44,080

much more messy much more expensive

144

00:05:48,950 --> 00:05:46,479

and we were very very lucky that dr

145

00:05:50,070 --> 00:05:48,960

lekatsky at the defense intelligence

146

00:05:53,590 --> 00:05:50,080

agency

147

00:05:54,550 --> 00:05:53,600

also had a team with him who were also

148

00:05:55,590 --> 00:05:54,560

very

149

00:05:58,469 --> 00:05:55,600

um

150

00:06:01,189 --> 00:05:58,479

willing to open the doors to be on

151
00:06:03,110 --> 00:06:01,199
sensor driven research um and sensor

152
00:06:04,390 --> 00:06:03,120
driven research obviously is the nuts

153
00:06:07,909 --> 00:06:04,400
and bolts of

154
00:06:10,550 --> 00:06:07,919
of the entire field of of ufology

155
00:06:11,909 --> 00:06:10,560
but the human effects i mean your ufos

156
00:06:14,150 --> 00:06:11,919
do affects you

157
00:06:18,550 --> 00:06:14,160
affect humans

158
00:06:20,550 --> 00:06:18,560
so uh the asap people and the dia people

159
00:06:23,590 --> 00:06:20,560
came together and agreed at the very

160
00:06:26,309 --> 00:06:23,600
beginning of this program to essentially

161
00:06:28,950 --> 00:06:26,319
run both in parallel so the design of

162
00:06:32,629 --> 00:06:28,960
the asap program even the people we

163
00:06:34,710 --> 00:06:32,639

hired and also the people um the actual

164

00:06:37,270 --> 00:06:34,720

projects that were were tasked out to

165

00:06:39,990 --> 00:06:37,280

people on a daily basis not to mention

166

00:06:43,510 --> 00:06:40,000

the design of the architecture of the

167

00:06:46,790 --> 00:06:43,520

uh the the ufo uh data warehouse as as

168

00:06:49,670 --> 00:06:46,800

we called it um all of this was designed

169

00:06:51,749 --> 00:06:49,680

from that original cause which was we're

170

00:06:54,550 --> 00:06:51,759

going to study both the nuts and bolts

171

00:06:56,070 --> 00:06:54,560

aspects of ufos as well as the human

172

00:07:02,710 --> 00:06:56,080

effects

173

00:07:05,270 --> 00:07:02,720

way from the initial sort of uh what

174

00:07:06,230 --> 00:07:05,280

what john mack used to call ontological

175

00:07:09,830 --> 00:07:06,240

shock

176

00:07:11,670 --> 00:07:09,840

you know the the change in world view um

177

00:07:12,710 --> 00:07:11,680

all the way through physiological

178

00:07:16,710 --> 00:07:12,720

effects

179

00:07:19,510 --> 00:07:16,720

cases

180

00:07:21,350 --> 00:07:19,520

psychological effects and then you know

181

00:07:24,870 --> 00:07:21,360

further on

182

00:07:28,230 --> 00:07:24,880

as you get into deeply investigating

183

00:07:30,309 --> 00:07:28,240

the same group of eyewitnesses over time

184

00:07:32,230 --> 00:07:30,319

they start spilling out these secrets

185

00:07:35,430 --> 00:07:32,240

that you know weird things are starting

186

00:07:37,029 --> 00:07:35,440

to happen in their surroundings um and

187

00:07:40,309 --> 00:07:37,039

that leads into

188

00:07:42,790 --> 00:07:40,319

you know uh dreams are being affected

189

00:07:45,350 --> 00:07:42,800

psychology is being affected so human

190

00:07:48,309 --> 00:07:45,360

effects is very complex

191

00:07:51,350 --> 00:07:48,319

but also very necessary so the asap

192

00:07:53,830 --> 00:07:51,360

program i believe is pretty unique

193

00:07:55,029 --> 00:07:53,840

um in the annals of u.s government

194

00:07:58,629 --> 00:07:55,039

programs

195

00:08:01,830 --> 00:07:58,639

in both focusing on the nuts and bolts

196

00:08:03,909 --> 00:08:01,840

as well as the the human effects

197

00:08:06,150 --> 00:08:03,919

column i'd love to follow up with that

198

00:08:07,990 --> 00:08:06,160

what obstacles did you encounter from

199

00:08:11,189 --> 00:08:08,000

the us government when ossa was

200

00:08:14,309 --> 00:08:11,199

operational and did the nickname ata

201
00:08:16,629 --> 00:08:14,319
keep you off the radar in some cases

202
00:08:18,790 --> 00:08:16,639
um certainly uh the last part of your

203
00:08:19,990 --> 00:08:18,800
question certainly that was the case

204
00:08:22,710 --> 00:08:20,000
because

205
00:08:25,909 --> 00:08:22,720
um within less than a year of the

206
00:08:28,309 --> 00:08:25,919
program running it became obvious that

207
00:08:29,990 --> 00:08:28,319
you know we were we the the program was

208
00:08:31,909 --> 00:08:30,000
actually running below the radar for

209
00:08:34,630 --> 00:08:31,919
quite quite some time

210
00:08:36,709 --> 00:08:34,640
um but it was decided because of the

211
00:08:39,029 --> 00:08:36,719
amount of progress that was being made

212
00:08:39,750 --> 00:08:39,039
in certain certain areas

213
00:08:43,350 --> 00:08:39,760

that

214

00:08:46,470 --> 00:08:43,360

senator reid decided to go ahead and pen

215

00:08:49,829 --> 00:08:46,480

a letter and begin the process of

216

00:08:53,110 --> 00:08:49,839

initiating a a special access program

217

00:08:55,269 --> 00:08:53,120

in order to do that he sent a letter and

218

00:08:57,990 --> 00:08:55,279

he used for for

219

00:09:00,949 --> 00:08:58,000

security purposes he used a nickname it

220

00:09:04,310 --> 00:09:00,959

wasn't ossop it was atip

221

00:09:06,070 --> 00:09:04,320

that's the genesis of the atip moniker

222

00:09:08,550 --> 00:09:06,080

so atip

223

00:09:10,070 --> 00:09:08,560

later on was used as george

224

00:09:12,630 --> 00:09:10,080

uh mentioned

225

00:09:14,150 --> 00:09:12,640

in in a separate pentagon

226
00:09:17,509 --> 00:09:14,160
program

227
00:09:19,750 --> 00:09:17,519
that was focused mostly on the the

228
00:09:21,990 --> 00:09:19,760
threat analysis to what was

229
00:09:23,670 --> 00:09:22,000
going on both on the east and west coast

230
00:09:24,630 --> 00:09:23,680
of the united states

231
00:09:26,710 --> 00:09:24,640
but the

232
00:09:29,509 --> 00:09:26,720
the uh asap

233
00:09:32,150 --> 00:09:29,519
attempt at special access program

234
00:09:35,110 --> 00:09:32,160
uh designation run into some

235
00:09:37,350 --> 00:09:35,120
bureaucratic hurdles as we talked in the

236
00:09:40,150 --> 00:09:37,360
book but um again there was a

237
00:09:42,550 --> 00:09:40,160
distinction between ossop and atip even

238
00:09:45,190 --> 00:09:42,560

from that perspective atip was

239

00:09:48,550 --> 00:09:45,200

a nickname that was used for asap in

240

00:09:51,990 --> 00:09:48,560

senator harry reid's letter to the

241

00:09:54,870 --> 00:09:52,000

deputy secretary of defense

242

00:09:56,949 --> 00:09:54,880

now both of you i'd like to mention that

243

00:09:59,190 --> 00:09:56,959

the experiences mentioned in the book

244

00:10:00,949 --> 00:09:59,200

sometimes are nothing short of harrowing

245

00:10:03,030 --> 00:10:00,959

george when i interviewed you earlier in

246

00:10:04,710 --> 00:10:03,040

the year you mentioned hitchhiker effect

247

00:10:06,790 --> 00:10:04,720

was something that you had potentially

248

00:10:08,069 --> 00:10:06,800

experienced yourself or at least had

249

00:10:09,350 --> 00:10:08,079

followed to potentially part of the

250

00:10:11,350 --> 00:10:09,360

family too

251
00:10:13,670 --> 00:10:11,360
given your knowledge of what others have

252
00:10:16,069 --> 00:10:13,680
experienced and they've substantially

253
00:10:18,630 --> 00:10:16,079
subsequently suffered medical effects

254
00:10:21,829 --> 00:10:18,640
what goes through your mind in moments

255
00:10:23,269 --> 00:10:21,839
like you've talked about in the book

256
00:10:25,590 --> 00:10:23,279
well we're talking about the hitchhiker

257
00:10:27,590 --> 00:10:25,600
effect and you know the the the nids

258
00:10:29,750 --> 00:10:27,600
team that have been on skinwalker ranch

259
00:10:31,750 --> 00:10:29,760
had uh had experienced some of that

260
00:10:32,870 --> 00:10:31,760
during their first study

261
00:10:35,590 --> 00:10:32,880
it became

262
00:10:38,389 --> 00:10:35,600
more harrowing to use your word during

263
00:10:40,550 --> 00:10:38,399

the awsap study things would follow you

264

00:10:43,110 --> 00:10:40,560

home in essence what happens on the

265

00:10:44,710 --> 00:10:43,120

ranch doesn't stay on the ranch and it's

266

00:10:46,630 --> 00:10:44,720

it's hard to get your head around that

267

00:10:49,350 --> 00:10:46,640

it's harder still to believe that it's

268

00:10:51,430 --> 00:10:49,360

true but it is i had over the last

269

00:10:53,750 --> 00:10:51,440

couple of years before the book came out

270

00:10:56,150 --> 00:10:53,760

had described some of those experiences

271

00:10:59,110 --> 00:10:56,160

some of them in artfully i had described

272

00:11:00,870 --> 00:10:59,120

them in public presentations and you

273

00:11:02,710 --> 00:11:00,880

know i think people probably thought i

274

00:11:04,710 --> 00:11:02,720

was making it up or was completely

275

00:11:06,710 --> 00:11:04,720

exaggerating now with the book out you

276

00:11:08,710 --> 00:11:06,720

can see that i wasn't exaggerating the

277

00:11:10,630 --> 00:11:08,720

people to whom this happened i mean it

278

00:11:12,870 --> 00:11:10,640

happens to a lot of folks who went on

279

00:11:14,470 --> 00:11:12,880

the under the ranch property and no one

280

00:11:16,069 --> 00:11:14,480

could really explain why

281

00:11:17,910 --> 00:11:16,079

the term hitchhiker i think was

282

00:11:20,150 --> 00:11:17,920

described by one of the intelligence

283

00:11:21,750 --> 00:11:20,160

operatives who visited the ranch during

284

00:11:23,990 --> 00:11:21,760

the asap study

285

00:11:26,389 --> 00:11:24,000

and the stories that we've told are of

286

00:11:27,990 --> 00:11:26,399

these big tough experienced

287

00:11:29,829 --> 00:11:28,000

battle-hardened

288

00:11:32,310 --> 00:11:29,839

agents and operatives intelligence

289

00:11:34,069 --> 00:11:32,320

officers who would visit the property

290

00:11:35,829 --> 00:11:34,079

they're ready to take on anything

291

00:11:38,150 --> 00:11:35,839

they're not afraid of what it is and

292

00:11:40,470 --> 00:11:38,160

then they encounter very strange things

293

00:11:42,630 --> 00:11:40,480

now the one story that that column uh

294

00:11:44,550 --> 00:11:42,640

puts in the book is about these three

295

00:11:46,470 --> 00:11:44,560

operatives who are on the property one

296

00:11:49,030 --> 00:11:46,480

night walking through the middle

297

00:11:51,910 --> 00:11:49,040

homestead and they run into in effect a

298

00:11:53,750 --> 00:11:51,920

cold front this really chilly uh area

299

00:11:55,509 --> 00:11:53,760

where the temperature drops about 20

300

00:11:57,670 --> 00:11:55,519

degrees right in the middle homestead

301
00:11:59,350 --> 00:11:57,680
they back off for a while and then they

302
00:12:01,030 --> 00:11:59,360
walk forward again

303
00:12:03,430 --> 00:12:01,040
and through infrared they see this

304
00:12:05,750 --> 00:12:03,440
gigantic oval of black i mean blacker

305
00:12:08,470 --> 00:12:05,760
than the sky blacker than anything could

306
00:12:11,509 --> 00:12:08,480
be seen and they got a fearing feeling

307
00:12:13,509 --> 00:12:11,519
of menace out of there and uh in essence

308
00:12:15,829 --> 00:12:13,519
they froze for a while they

309
00:12:17,430 --> 00:12:15,839
uh backed off they were frightened way

310
00:12:19,350 --> 00:12:17,440
out of proportion to what they should

311
00:12:21,509 --> 00:12:19,360
have been given that their experience

312
00:12:23,590 --> 00:12:21,519
and and bravery in the first place and

313
00:12:26,310 --> 00:12:23,600

then all three of them carry it at home

314

00:12:28,230 --> 00:12:26,320

with them they they get home and this

315

00:12:31,430 --> 00:12:28,240

thing starts spreading sort of like a

316

00:12:33,829 --> 00:12:31,440

virus which is a column specialty but it

317

00:12:35,990 --> 00:12:33,839

uh goes from the people who were on the

318

00:12:36,949 --> 00:12:36,000

ranch to their family to their family's

319

00:12:40,069 --> 00:12:36,959

friends

320

00:12:42,310 --> 00:12:40,079

uh strange apparitions crypto creatures

321

00:12:43,990 --> 00:12:42,320

poltergeist type activity

322

00:12:45,509 --> 00:12:44,000

we're not making this stuff up it

323

00:12:47,750 --> 00:12:45,519

happened to a lot of the people who went

324

00:12:49,269 --> 00:12:47,760

on the ranch and it happened to me and

325

00:12:51,350 --> 00:12:49,279

also to mr biglow and i don't know if

326

00:12:52,389 --> 00:12:51,360

colin wants to share his experiences or

327

00:12:54,230 --> 00:12:52,399

not and again

328

00:12:56,790 --> 00:12:54,240

i never saw anything on the ranch that i

329

00:12:59,430 --> 00:12:56,800

would consider to be anomalistic uh or

330

00:13:01,190 --> 00:12:59,440

paranormal or supernatural but i tried

331

00:13:03,509 --> 00:13:01,200

you know i went there a couple dozen

332

00:13:06,150 --> 00:13:03,519

times and i would bring little things

333

00:13:08,470 --> 00:13:06,160

home i'd bring bits of rock and and

334

00:13:09,990 --> 00:13:08,480

wreckage from the homesteads and tried

335

00:13:11,829 --> 00:13:10,000

to engage with it

336

00:13:13,590 --> 00:13:11,839

but i still never saw anything my wife

337

00:13:15,190 --> 00:13:13,600

however did and i i don't want to go

338

00:13:16,790 --> 00:13:15,200

into a lot of details but it started

339

00:13:17,670 --> 00:13:16,800

with these blue orbs that were over our

340

00:13:19,509 --> 00:13:17,680

house

341

00:13:21,910 --> 00:13:19,519

and then something that came into our

342

00:13:23,509 --> 00:13:21,920

bedroom and was a very harrowing

343

00:13:25,750 --> 00:13:23,519

experience but

344

00:13:28,069 --> 00:13:25,760

we can't exactly explain the mechanism

345

00:13:30,710 --> 00:13:28,079

of how that happens or what it is that

346

00:13:32,310 --> 00:13:30,720

attaches to people but it happens uh

347

00:13:36,150 --> 00:13:32,320

column has some better stories than i do

348

00:13:40,790 --> 00:13:38,949

um well i i can i can certainly attest

349

00:13:44,310 --> 00:13:40,800

to um

350

00:13:45,430 --> 00:13:44,320

going back all the way you know to 1996

351
00:13:48,470 --> 00:13:45,440
um

352
00:13:50,550 --> 00:13:48,480
we did we did occasionally uh when we

353
00:13:52,550 --> 00:13:50,560
first joined uh national institute for

354
00:13:56,310 --> 00:13:52,560
discovery science

355
00:13:58,230 --> 00:13:56,320
in uh june uh or june of 1996

356
00:13:59,829 --> 00:13:58,240
um that was around the same time that

357
00:14:02,949 --> 00:13:59,839
robert bigelow had purchased the

358
00:14:04,949 --> 00:14:02,959
skinwalker ranch and so we were deployed

359
00:14:07,430 --> 00:14:04,959
as scientific personnel

360
00:14:10,230 --> 00:14:07,440
to sort of co-locate with sensors up

361
00:14:12,629 --> 00:14:10,240
there to see what we could see in in

362
00:14:15,030 --> 00:14:12,639
terms of both validating the sensors and

363
00:14:18,710 --> 00:14:15,040

the sensors would validate us

364

00:14:20,550 --> 00:14:18,720

but quickly it became obvious

365

00:14:22,790 --> 00:14:20,560

you know when i we when when i would

366

00:14:24,550 --> 00:14:22,800

come home after five

367

00:14:26,629 --> 00:14:24,560

five days or a couple of weeks on the

368

00:14:29,110 --> 00:14:26,639

ranch that some stuff would be

369

00:14:31,269 --> 00:14:29,120

noticeable in the house

370

00:14:33,189 --> 00:14:31,279

you know my wife would would uh

371

00:14:35,750 --> 00:14:33,199

would you know describe some stuff in

372

00:14:38,150 --> 00:14:35,760

the house but it never reached the same

373

00:14:40,069 --> 00:14:38,160

level of sort of

374

00:14:41,910 --> 00:14:40,079

uh what what you guys have called

375

00:14:45,350 --> 00:14:41,920

harrowing experiences

376

00:14:46,629 --> 00:14:45,360

my experience of it was was was fairly

377

00:14:49,750 --> 00:14:46,639

low-key

378

00:14:52,710 --> 00:14:49,760

but you know as george also mentioned um

379

00:14:53,910 --> 00:14:52,720

every single military intelligence

380

00:14:55,910 --> 00:14:53,920

officer

381

00:14:58,069 --> 00:14:55,920

who was on that ranch

382

00:15:00,230 --> 00:14:58,079

uh brought something home with them

383

00:15:01,509 --> 00:15:00,240

having experienced something on the

384

00:15:03,509 --> 00:15:01,519

property so

385

00:15:06,710 --> 00:15:03,519

normally my experience having spent

386

00:15:09,509 --> 00:15:06,720

maybe 300 plus days on skin walker ranch

387

00:15:12,069 --> 00:15:09,519

um is that it's the exception rather

388

00:15:14,550 --> 00:15:12,079

than the rule to experience anything but

389

00:15:16,150 --> 00:15:14,560

it was really note noteworthy that all

390

00:15:18,949 --> 00:15:16,160

five of these

391

00:15:21,670 --> 00:15:18,959

uh military intelligence people from the

392

00:15:24,069 --> 00:15:21,680

navy from the army uh you know from

393

00:15:26,790 --> 00:15:24,079

different different organizations

394

00:15:29,829 --> 00:15:26,800

all five of them experienced um stuff on

395

00:15:32,550 --> 00:15:29,839

the ranch and secondly all five of them

396

00:15:34,790 --> 00:15:32,560

brought a hitchhiker or whatever that is

397

00:15:37,670 --> 00:15:34,800

uh home in that

398

00:15:39,269 --> 00:15:37,680

3000 miles away on the east coast their

399

00:15:41,350 --> 00:15:39,279

homes became

400

00:15:44,470 --> 00:15:41,360

the equivalent of a paranormal

401
00:15:45,590 --> 00:15:44,480
disneyland and where where dark shadows

402
00:15:48,389 --> 00:15:45,600
were sort of

403
00:15:50,230 --> 00:15:48,399
um appearing in their bedroom orbs of

404
00:15:52,710 --> 00:15:50,240
various colors would be floating around

405
00:15:55,110 --> 00:15:52,720
the house black cubes would suddenly

406
00:15:57,749 --> 00:15:55,120
appear heavy footsteps would appear on

407
00:15:59,990 --> 00:15:57,759
the you know be heard on the stairs

408
00:16:02,389 --> 00:16:00,000
people would rush out to see what was

409
00:16:04,069 --> 00:16:02,399
going on and nobody was there that

410
00:16:06,629 --> 00:16:04,079
became commonplace

411
00:16:08,150 --> 00:16:06,639
in the homes of all five people and

412
00:16:10,069 --> 00:16:08,160
notably it was the families who

413
00:16:11,509 --> 00:16:10,079

experienced it

414

00:16:14,310 --> 00:16:11,519

something that i struggled to get my

415

00:16:16,629 --> 00:16:14,320

head around calm as with so much of this

416

00:16:18,150 --> 00:16:16,639

phenomenon being experienced in those

417

00:16:19,509 --> 00:16:18,160

ways you're talking about

418

00:16:22,150 --> 00:16:19,519

and you're talking about intelligence

419

00:16:24,949 --> 00:16:22,160

officials seeing black you know portals

420

00:16:27,430 --> 00:16:24,959

for lack of a better word opening up and

421

00:16:30,069 --> 00:16:27,440

why is the us government happy to give

422

00:16:31,990 --> 00:16:30,079

up control of such a place to the point

423

00:16:33,990 --> 00:16:32,000

that's now on tv on the history channel

424

00:16:38,550 --> 00:16:34,000

under the the you know ownership of

425

00:16:39,749 --> 00:16:38,560

brandon fugle well to be honest um you

426
00:16:42,389 --> 00:16:39,759
know

427
00:16:44,230 --> 00:16:42,399
i think it would take a very

428
00:16:47,430 --> 00:16:44,240
hardened uh

429
00:16:50,310 --> 00:16:47,440
sort of open-minded person in the u.s

430
00:16:52,150 --> 00:16:50,320
government to be able to talk and brief

431
00:16:55,509 --> 00:16:52,160
the senate intelligence committee

432
00:16:58,629 --> 00:16:55,519
staffers and uh and senators

433
00:17:01,430 --> 00:16:58,639
on what essentially was was a litany of

434
00:17:03,110 --> 00:17:01,440
halloween kind of of weirdness

435
00:17:05,829 --> 00:17:03,120
um it would

436
00:17:06,789 --> 00:17:05,839
it would be a very difficult thing to do

437
00:17:09,829 --> 00:17:06,799
um

438
00:17:12,549 --> 00:17:09,839

to be taken seriously so i i have a

439

00:17:15,510 --> 00:17:12,559

certain amount of sympathy with the the

440

00:17:16,789 --> 00:17:15,520

um the softly softly approach which is

441

00:17:19,669 --> 00:17:16,799

essentially

442

00:17:22,390 --> 00:17:19,679

stick to the nuts and bolts

443

00:17:26,630 --> 00:17:22,400

part of this and that's exactly what the

444

00:17:28,870 --> 00:17:26,640

uap task force has been sort of moving

445

00:17:33,590 --> 00:17:28,880

through the various senate intelligence

446

00:17:35,510 --> 00:17:33,600

committees etc um in order to establish

447

00:17:37,830 --> 00:17:35,520

a beachhead in the in the united states

448

00:17:40,630 --> 00:17:37,840

government i i have a lot of sympathy

449

00:17:44,230 --> 00:17:40,640

with with that whole approach because

450

00:17:47,590 --> 00:17:44,240

um we were very very lucky at asap to be

451
00:17:49,029 --> 00:17:47,600
given the green light to essentially

452
00:17:51,270 --> 00:17:49,039
approach this from an umbrella

453
00:17:53,430 --> 00:17:51,280
perspective that was very very rare i

454
00:17:56,070 --> 00:17:53,440
mean if you go back in history you look

455
00:17:57,750 --> 00:17:56,080
at project sign project grudge project

456
00:18:01,029 --> 00:17:57,760
blue book

457
00:18:03,430 --> 00:18:01,039
none of these programs really had the

458
00:18:05,830 --> 00:18:03,440
terms of reference that the asap program

459
00:18:06,789 --> 00:18:05,840
had and none of them became quite as

460
00:18:10,390 --> 00:18:06,799
large

461
00:18:13,270 --> 00:18:10,400
or quite as as all-embracing as the asap

462
00:18:15,190 --> 00:18:13,280
program so in our opinion the asap

463
00:18:17,190 --> 00:18:15,200

program is probably

464

00:18:20,150 --> 00:18:17,200

a unique template

465

00:18:24,070 --> 00:18:20,160

upon which maybe a future program could

466

00:18:26,390 --> 00:18:24,080

be structured but you know as i said

467

00:18:28,150 --> 00:18:26,400

one step at a time and i i do have a lot

468

00:18:29,430 --> 00:18:28,160

of sympathy with that concept of one

469

00:18:31,909 --> 00:18:29,440

step at a time

470

00:18:34,070 --> 00:18:31,919

let me add andy you know this is the the

471

00:18:35,510 --> 00:18:34,080

brilliance of the asap approach is that

472

00:18:37,750 --> 00:18:35,520

they were going to follow the evidence

473

00:18:41,110 --> 00:18:37,760

wherever it led however weird it might

474

00:18:43,270 --> 00:18:41,120

seem you know the dia if they they the

475

00:18:45,510 --> 00:18:43,280

it was highly unlikely dia would ever

476
00:18:47,990 --> 00:18:45,520
assign its own personnel other than jim

477
00:18:50,070 --> 00:18:48,000
lakatsky to investigate something so

478
00:18:52,310 --> 00:18:50,080
weird it would be cut off in a minute

479
00:18:54,310 --> 00:18:52,320
that was part of the challenge for bass

480
00:18:55,750 --> 00:18:54,320
is you know it is keeping this in a

481
00:18:57,669 --> 00:18:55,760
stove pipe so that the rest of the

482
00:18:59,270 --> 00:18:57,679
pentagon didn't find out exactly what

483
00:19:00,710 --> 00:18:59,280
they were going because there would be

484
00:19:01,830 --> 00:19:00,720
hell to pay people would say it's

485
00:19:03,750 --> 00:19:01,840
ridiculous

486
00:19:05,830 --> 00:19:03,760
even though they don't know what the uh

487
00:19:07,510 --> 00:19:05,840
what the focus of the study was in order

488
00:19:09,350 --> 00:19:07,520

to understand this mystery you have to

489

00:19:11,510 --> 00:19:09,360

follow the evidence where it leads and

490

00:19:13,190 --> 00:19:11,520

all previous ufo studies around the

491

00:19:15,750 --> 00:19:13,200

world would only look at as colin

492

00:19:18,070 --> 00:19:15,760

mentions the nuts and bolts of ufos do

493

00:19:20,070 --> 00:19:18,080

we have radar visuals do we have meta

494

00:19:21,750 --> 00:19:20,080

materials from crashes that kind of

495

00:19:24,390 --> 00:19:21,760

thing which is strange enough in itself

496

00:19:25,990 --> 00:19:24,400

to the general public to suggest that a

497

00:19:29,029 --> 00:19:26,000

government-funded program should

498

00:19:32,070 --> 00:19:29,039

investigate poltergeist type activity um

499

00:19:33,830 --> 00:19:32,080

the sighting of bipedal wolves um they'd

500

00:19:35,590 --> 00:19:33,840

laugh you out of the you couldn't have a

501
00:19:37,270 --> 00:19:35,600
senate hearing about that they'd laugh

502
00:19:40,310 --> 00:19:37,280
you out of the out of the senate hearing

503
00:19:42,950 --> 00:19:40,320
room i asked lou elizondo in 2018 the

504
00:19:44,470 --> 00:19:42,960
spring of 2018 after

505
00:19:47,029 --> 00:19:44,480
i had released some of the details about

506
00:19:49,669 --> 00:19:47,039
the awesome and some news stories i

507
00:19:51,110 --> 00:19:49,679
asked him about awesapp and he i'll dig

508
00:19:53,430 --> 00:19:51,120
up those clips and share them for you

509
00:19:56,230 --> 00:19:53,440
some with you sometime but can you solve

510
00:19:58,390 --> 00:19:56,240
this mystery by only looking at military

511
00:20:01,029 --> 00:19:58,400
encounters radar sightings things of

512
00:20:03,510 --> 00:20:01,039
that sort and he said no but you have to

513
00:20:04,549 --> 00:20:03,520

do what is possible to do and

514

00:20:07,909 --> 00:20:04,559

atip

515

00:20:09,830 --> 00:20:07,919

in in part carried on the study

516

00:20:11,430 --> 00:20:09,840

at a very limited scope because that

517

00:20:13,669 --> 00:20:11,440

what was doable that's what they could

518

00:20:15,270 --> 00:20:13,679

get away with that's what the uap task

519

00:20:18,390 --> 00:20:15,280

force or whatever its successor is going

520

00:20:20,870 --> 00:20:18,400

to be could do no politician is going to

521

00:20:23,110 --> 00:20:20,880

fund poltergeist research or looking

522

00:20:24,470 --> 00:20:23,120

into werewolves they would be willing to

523

00:20:26,630 --> 00:20:24,480

look at the national security

524

00:20:28,549 --> 00:20:26,640

implications of unknown craft entering

525

00:20:30,470 --> 00:20:28,559

our airspace so it was both the

526

00:20:32,230 --> 00:20:30,480

brilliance of asap to be willing to

527

00:20:34,470 --> 00:20:32,240

follow the evidence where it leads and

528

00:20:36,230 --> 00:20:34,480

also its biggest challenge

529

00:20:37,590 --> 00:20:36,240

it almost seems like asap was ahead of

530

00:20:39,669 --> 00:20:37,600

its time and should have been the

531

00:20:41,990 --> 00:20:39,679

follow-on investigations as opposed to

532

00:20:43,110 --> 00:20:42,000

taking the step back almost the atip

533

00:20:44,630 --> 00:20:43,120

became

534

00:20:46,390 --> 00:20:44,640

george you just released a brilliant

535

00:20:48,789 --> 00:20:46,400

interview with jack valley on the

536

00:20:50,950 --> 00:20:48,799

trinity crash and on the follow-up

537

00:20:53,270 --> 00:20:50,960

conversation jacques mentioned how the

538

00:20:54,870 --> 00:20:53,280

third phase of what became ossap would

539

00:20:57,830 --> 00:20:54,880

have been the implementation of

540

00:20:59,750 --> 00:20:57,840

artificial intelligence to truly analyze

541

00:21:00,710 --> 00:20:59,760

and make sense of the data that was

542

00:21:03,669 --> 00:21:00,720

gathered

543

00:21:05,990 --> 00:21:03,679

now calm and george how would ai have

544

00:21:08,950 --> 00:21:06,000

helped them and helped you and your

545

00:21:10,230 --> 00:21:08,960

investigations on the ranch

546

00:21:12,630 --> 00:21:10,240

well

547

00:21:15,510 --> 00:21:12,640

the beauty of the of the osap data

548

00:21:19,029 --> 00:21:15,520

warehouse was number one it was modular

549

00:21:22,390 --> 00:21:19,039

so there was 11 separate databases

550

00:21:25,750 --> 00:21:22,400

you know tucked under the the general uh

551
00:21:27,430 --> 00:21:25,760
uh osap data warehouse some of those

552
00:21:28,310 --> 00:21:27,440
were where actually

553
00:21:29,669 --> 00:21:28,320
um

554
00:21:34,710 --> 00:21:29,679
the

555
00:21:35,990 --> 00:21:34,720
institute for discovery science had

556
00:21:38,950 --> 00:21:36,000
discovered

557
00:21:41,350 --> 00:21:38,960
um that was one separate uh database

558
00:21:43,350 --> 00:21:41,360
that was part of the osap data warehouse

559
00:21:46,230 --> 00:21:43,360
there were others in terms of the the

560
00:21:48,549 --> 00:21:46,240
current boots on the ground uh

561
00:21:50,710 --> 00:21:48,559
investigations that assap itself was was

562
00:21:52,230 --> 00:21:50,720
discovering there was another database

563
00:21:54,789 --> 00:21:52,240

that pertained to

564

00:21:57,270 --> 00:21:54,799

all of the events that had happened both

565

00:21:59,029 --> 00:21:57,280

on skin worker ranch and in a 10 mile

566

00:22:01,830 --> 00:21:59,039

radius so

567

00:22:04,390 --> 00:22:01,840

the the the structure of the uh the way

568

00:22:05,669 --> 00:22:04,400

uh the asop data warehouse was designed

569

00:22:08,950 --> 00:22:05,679

was to to

570

00:22:12,549 --> 00:22:08,960

keep it extremely simple so that some

571

00:22:15,590 --> 00:22:12,559

kind of uh inter interrogatory layer

572

00:22:18,470 --> 00:22:15,600

could be easily layered on top of the

573

00:22:20,710 --> 00:22:18,480

actual data itself and that's actually

574

00:22:22,710 --> 00:22:20,720

what what we we have reason to believe

575

00:22:26,549 --> 00:22:22,720

that that's actually uh what has

576
00:22:30,149 --> 00:22:26,559
happened that um that uh somebody has

577
00:22:33,270 --> 00:22:30,159
taken that extra step of layering the

578
00:22:37,029 --> 00:22:33,280
um the interrogatory layer which is the

579
00:22:38,789 --> 00:22:37,039
ai layer on on top of the data warehouse

580
00:22:41,270 --> 00:22:38,799
now the the

581
00:22:43,510 --> 00:22:41,280
interesting part of this is is you know

582
00:22:46,870 --> 00:22:43,520
as you know with any database

583
00:22:50,710 --> 00:22:46,880
it is always garbage in garbage out

584
00:22:52,549 --> 00:22:50,720
so asap went to immense trouble

585
00:22:55,750 --> 00:22:52,559
to try to scrub

586
00:22:58,149 --> 00:22:55,760
every single case that went into

587
00:23:01,190 --> 00:22:58,159
uh that actually passed quality control

588
00:23:03,830 --> 00:23:01,200

so to speak and entered into uh these

589

00:23:06,310 --> 00:23:03,840

databases uh we could do we could do

590

00:23:09,510 --> 00:23:06,320

some of that uh more than other others

591

00:23:11,830 --> 00:23:09,520

in terms of the the databases but we we

592

00:23:14,470 --> 00:23:11,840

had a system and it was based on jacques

593

00:23:17,430 --> 00:23:14,480

valle's system where we would assign a

594

00:23:19,909 --> 00:23:17,440

numerical index of credibility to every

595

00:23:23,029 --> 00:23:19,919

single case and every single case was

596

00:23:25,110 --> 00:23:23,039

discussed in round table sessions where

597

00:23:27,830 --> 00:23:25,120

there were arguments back and forth

598

00:23:30,950 --> 00:23:27,840

where where you know this is a credible

599

00:23:33,830 --> 00:23:30,960

case this is a sign this number or or

600

00:23:35,830 --> 00:23:33,840

not so so you know we were trying to

601
00:23:38,470 --> 00:23:35,840
eliminate the garbage in garbage out

602
00:23:40,950 --> 00:23:38,480
because once you layer an ai

603
00:23:44,230 --> 00:23:40,960
interrogatory layer on top of a data

604
00:23:47,510 --> 00:23:44,240
data warehouse it is completely

605
00:23:50,870 --> 00:23:47,520
automated and therefore it is completely

606
00:23:53,510 --> 00:23:50,880
by definition garbage in garbage out so

607
00:23:55,269 --> 00:23:53,520
a database is only as strong as its

608
00:23:58,230 --> 00:23:55,279
weakest point

609
00:24:02,149 --> 00:23:58,240
you have to wonder andy where we would

610
00:24:03,750 --> 00:24:02,159
be as a as a civilization as a world

611
00:24:06,230 --> 00:24:03,760
if that program had been allowed to

612
00:24:08,390 --> 00:24:06,240
continue they made so much progress in a

613
00:24:11,190 --> 00:24:08,400

little over two years in building the

614

00:24:13,430 --> 00:24:11,200

database and trying to figure out what

615

00:24:14,950 --> 00:24:13,440

to make sense of what was what was worth

616

00:24:16,549 --> 00:24:14,960

pursuing and what wasn't in

617

00:24:18,789 --> 00:24:16,559

understanding the totality of the

618

00:24:20,870 --> 00:24:18,799

phenomena not just things that fly

619

00:24:22,149 --> 00:24:20,880

around in the sky you have to follow the

620

00:24:24,070 --> 00:24:22,159

evidence where it leads that's what

621

00:24:25,750 --> 00:24:24,080

these guys did and no other program in

622

00:24:27,590 --> 00:24:25,760

history has done it if it had been

623

00:24:31,029 --> 00:24:27,600

allowed to continue now and it was still

624

00:24:32,630 --> 00:24:31,039

underway 10 11 12 years later my gosh we

625

00:24:35,430 --> 00:24:32,640

might have figured this stuff out by now

626

00:24:38,390 --> 00:24:35,440

but it wasn't it was killed uh worse i

627

00:24:41,190 --> 00:24:38,400

think we're all collectively uh grateful

628

00:24:43,909 --> 00:24:41,200

that atep carried on and was able to to

629

00:24:47,909 --> 00:24:43,919

study things in that particular venue of

630

00:24:49,909 --> 00:24:47,919

ufo nuts and bolts but gosh if if atep

631

00:24:53,269 --> 00:24:49,919

and ossap had been allowed to continue

632

00:24:55,110 --> 00:24:53,279

on and on corollary paths uh we might be

633

00:24:56,870 --> 00:24:55,120

able to figure this stuff out by now but

634

00:24:58,950 --> 00:24:56,880

that's not what happened

635

00:25:01,110 --> 00:24:58,960

do you think george the best way forward

636

00:25:02,950 --> 00:25:01,120

for this investigation would be that it

637

00:25:05,269 --> 00:25:02,960

emerges again that

638

00:25:07,269 --> 00:25:05,279

we have what whatever comes of these

639

00:25:09,029 --> 00:25:07,279

senate bills going through they start to

640

00:25:10,950 --> 00:25:09,039

look at places like skinwalker ranch

641

00:25:12,149 --> 00:25:10,960

again or do you think that's far too far

642

00:25:13,830 --> 00:25:12,159

down the line

643

00:25:15,510 --> 00:25:13,840

i think that that's not not going to

644

00:25:18,070 --> 00:25:15,520

happen not in the current political

645

00:25:20,390 --> 00:25:18,080

environment environment it's it's great

646

00:25:22,710 --> 00:25:20,400

that we now have bipartisan agreement so

647

00:25:24,070 --> 00:25:22,720

far that this research should be allowed

648

00:25:25,830 --> 00:25:24,080

to continue and that some kind of

649

00:25:27,669 --> 00:25:25,840

program is going to come out of this

650

00:25:29,110 --> 00:25:27,679

legislation that's being considered now

651
00:25:31,350 --> 00:25:29,120
that's terrific

652
00:25:32,789 --> 00:25:31,360
you gotta deal politics is the art of

653
00:25:35,029 --> 00:25:32,799
the possible you know and that's

654
00:25:36,870 --> 00:25:35,039
probably what's possible and and that

655
00:25:40,149 --> 00:25:36,880
you know since the new york times story

656
00:25:42,710 --> 00:25:40,159
came out december 2017 it's politically

657
00:25:44,789 --> 00:25:42,720
viable for elected officials to come

658
00:25:47,029 --> 00:25:44,799
forward and say i support this kind of

659
00:25:49,190 --> 00:25:47,039
research but if you that's for

660
00:25:51,110 --> 00:25:49,200
researching things in the sky that might

661
00:25:53,990 --> 00:25:51,120
be a threat to national security or the

662
00:25:56,230 --> 00:25:54,000
aviation safety it's another matter

663
00:25:58,470 --> 00:25:56,240

for a politician to say i agree with

664

00:26:00,230 --> 00:25:58,480

spending money to investigate places

665

00:26:02,630 --> 00:26:00,240

like skinwalker ranch with spooky

666

00:26:05,269 --> 00:26:02,640

stories of boogeymen and and werewolves

667

00:26:06,870 --> 00:26:05,279

uh they'd be crucified so i i don't see

668

00:26:08,630 --> 00:26:06,880

that it's likely that

669

00:26:10,710 --> 00:26:08,640

whatever this new program is going to be

670

00:26:13,510 --> 00:26:10,720

that it will be allowed to pursue that

671

00:26:15,909 --> 00:26:13,520

it's not politically viable i guess we

672

00:26:17,909 --> 00:26:15,919

have to be happy with just you know the

673

00:26:20,310 --> 00:26:17,919

the slice of the phenomena that they

674

00:26:21,590 --> 00:26:20,320

they will be able to investigate but if

675

00:26:22,950 --> 00:26:21,600

you're ever going to figure this out you

676

00:26:25,430 --> 00:26:22,960

got to look at the big picture

677

00:26:27,269 --> 00:26:25,440

ufologists who are they have no

678

00:26:29,510 --> 00:26:27,279

restraints political restraints on what

679

00:26:31,510 --> 00:26:29,520

they can investigate but ufologists for

680

00:26:33,510 --> 00:26:31,520

years they don't they're not comfortable

681

00:26:35,029 --> 00:26:33,520

uh with the story of a spaceship that's

682

00:26:37,269 --> 00:26:35,039

landed on the ground and bigfoot

683

00:26:39,110 --> 00:26:37,279

standing next to it they hate that they

684

00:26:41,990 --> 00:26:39,120

discard those kind of of stories they

685

00:26:44,390 --> 00:26:42,000

don't like having poltergeist activity

686

00:26:46,390 --> 00:26:44,400

at the homes of ufo witnesses nobody's

687

00:26:47,990 --> 00:26:46,400

comfortable with that the poltergeist

688

00:26:49,990 --> 00:26:48,000

people hate the ufologists the

689

00:26:52,070 --> 00:26:50,000

ufologists hate the bigfoot people and

690

00:26:54,230 --> 00:26:52,080

that's that whole situation's a mess but

691

00:26:55,909 --> 00:26:54,240

the fact is it happens it's always

692

00:26:57,510 --> 00:26:55,919

happened those kind of things have

693

00:26:59,029 --> 00:26:57,520

always been

694

00:27:00,950 --> 00:26:59,039

associated with each other whether

695

00:27:03,029 --> 00:27:00,960

everybody anybody wants to admit it or

696

00:27:04,710 --> 00:27:03,039

not you have to look at the big picture

697

00:27:06,390 --> 00:27:04,720

and i think it's unlikely that the big

698

00:27:08,310 --> 00:27:06,400

picture is ever going to be investigated

699

00:27:10,070 --> 00:27:08,320

in the way that asap did

700

00:27:11,990 --> 00:27:10,080

well speaking of those very in fact

701
00:27:13,750 --> 00:27:12,000
various factions and how they interact

702
00:27:15,430 --> 00:27:13,760
or don't interact with each other the

703
00:27:17,269 --> 00:27:15,440
data warehouse that you've both

704
00:27:19,590 --> 00:27:17,279
mentioned is currently used by the us

705
00:27:22,070 --> 00:27:19,600
government are other countries using

706
00:27:24,310 --> 00:27:22,080
this too for example would the uk who is

707
00:27:26,470 --> 00:27:24,320
our five eyes partner have access to the

708
00:27:28,389 --> 00:27:26,480
same data

709
00:27:30,870 --> 00:27:28,399
well i would certainly hope that that is

710
00:27:33,590 --> 00:27:30,880
the case in the future as as things

711
00:27:36,070 --> 00:27:33,600
evolve but you know as as george is

712
00:27:38,470 --> 00:27:36,080
saying we're in a very political

713
00:27:41,750 --> 00:27:38,480

politically fractious time

714

00:27:44,389 --> 00:27:41,760

and um you know i think that the uap

715

00:27:47,909 --> 00:27:44,399

task force is doing a great job and

716

00:27:51,029 --> 00:27:47,919

moving things forward slowly but um i i

717

00:27:52,549 --> 00:27:51,039

would see um hopefully in the future

718

00:27:54,630 --> 00:27:52,559

that there would be some

719

00:27:55,510 --> 00:27:54,640

uh reaching out to different countries

720

00:27:57,909 --> 00:27:55,520

because

721

00:28:00,230 --> 00:27:57,919

uh different countries have a wealth of

722

00:28:04,230 --> 00:28:00,240

different information asap actually

723

00:28:06,710 --> 00:28:04,240

began to tap into some of those uh you

724

00:28:09,510 --> 00:28:06,720

know different countries uh what they

725

00:28:12,630 --> 00:28:09,520

have released publicly uh we interacted

726

00:28:15,750 --> 00:28:12,640

with brazil we interacted with the uk we

727

00:28:18,310 --> 00:28:15,760

we got some of the mod files that the uk

728

00:28:21,990 --> 00:28:18,320

had had downloaded

729

00:28:24,389 --> 00:28:22,000

it for the public so all of that has has

730

00:28:27,750 --> 00:28:24,399

once you put everything into a single

731

00:28:31,190 --> 00:28:27,760

database you have a global viewpoint so

732

00:28:32,789 --> 00:28:31,200

i think the more sharing the better

733

00:28:34,789 --> 00:28:32,799

and george do you have any colleagues

734

00:28:36,630 --> 00:28:34,799

across the pond here from a journalist

735

00:28:39,029 --> 00:28:36,640

point of view who have an interest in

736

00:28:41,029 --> 00:28:39,039

what's going on

737

00:28:42,630 --> 00:28:41,039

well everybody's interested i think

738

00:28:45,590 --> 00:28:42,640

they're interested in different levels

739

00:28:48,470 --> 00:28:45,600

of interest who uh they want the quick

740

00:28:49,190 --> 00:28:48,480

score of a a story that makes headlines

741

00:28:51,909 --> 00:28:49,200

and

742

00:28:54,230 --> 00:28:51,919

in tabloids or in a paranormal sense but

743

00:28:56,870 --> 00:28:54,240

i'm not sure that there's anyone

744

00:28:59,110 --> 00:28:56,880

journalistically who's digging into the

745

00:29:01,909 --> 00:28:59,120

with the same depth and breadth uh into

746

00:29:03,830 --> 00:29:01,919

the topic as as what asap did or what we

747

00:29:05,909 --> 00:29:03,840

column and i and jim mccatsky have been

748

00:29:08,230 --> 00:29:05,919

doing since the book came out

749

00:29:10,789 --> 00:29:08,240

now yeah we've got a few journalists uh

750

00:29:12,870 --> 00:29:10,799

through uap media uk we've tried to set

751
00:29:14,310 --> 00:29:12,880
up with various different stories or

752
00:29:16,070 --> 00:29:14,320
things they could go after and they all

753
00:29:18,470 --> 00:29:16,080
tend to put the same content into their

754
00:29:21,029 --> 00:29:18,480
stories where the phrase alien hunters

755
00:29:22,630 --> 00:29:21,039
tends to come up regularly so it all it

756
00:29:24,950 --> 00:29:22,640
ends up i think you said the phrase

757
00:29:26,710 --> 00:29:24,960
earlier calm garbage and garbage out was

758
00:29:28,789 --> 00:29:26,720
the the phrase so that's 10 to what

759
00:29:30,230 --> 00:29:28,799
happened here in the uk i want to go

760
00:29:31,510 --> 00:29:30,240
back to something that you did mention

761
00:29:33,190 --> 00:29:31,520
earlier though and that was the

762
00:29:36,149 --> 00:29:33,200
biological studies

763
00:29:38,230 --> 00:29:36,159

is there dna data in that data warehouse

764

00:29:41,430 --> 00:29:38,240

and are there any common markers that

765

00:29:44,310 --> 00:29:41,440

has been noticed between experiences

766

00:29:45,669 --> 00:29:44,320

well that that's a that's a very sort of

767

00:29:48,389 --> 00:29:45,679

um

768

00:29:50,070 --> 00:29:48,399

you i i'd say in order to answer that

769

00:29:52,149 --> 00:29:50,080

question we would definitely have to

770

00:29:53,350 --> 00:29:52,159

have to back up because

771

00:29:54,549 --> 00:29:53,360

um

772

00:29:59,669 --> 00:29:54,559

the

773

00:30:00,950 --> 00:29:59,679

24 to 27 month period that asap was in

774

00:30:04,870 --> 00:30:00,960

existence

775

00:30:07,350 --> 00:30:04,880

was a very um it was a very compressed

776

00:30:09,909 --> 00:30:07,360

uh program in that

777

00:30:13,110 --> 00:30:09,919

we had to actually create the security

778

00:30:14,669 --> 00:30:13,120

infrastructure we had to hire you know

779

00:30:16,630 --> 00:30:14,679

50 people

780

00:30:19,590 --> 00:30:16,640

multi-disciplinary teams including

781

00:30:20,389 --> 00:30:19,600

physician scientists and and scientists

782

00:30:24,549 --> 00:30:20,399

so

783

00:30:29,590 --> 00:30:24,559

chemistry

784

00:30:34,230 --> 00:30:29,600

for

785

00:30:36,870 --> 00:30:34,240

sample analysis done we had to

786

00:30:39,110 --> 00:30:36,880

hire a whole bunch of uh retired law

787

00:30:39,909 --> 00:30:39,120

enforcement officers in order to be able

788

00:30:45,590 --> 00:30:39,919

to

789

00:30:47,909 --> 00:30:45,600

that was collected at these scenes so

790

00:30:50,630 --> 00:30:47,919

some of the some of the

791

00:30:52,549 --> 00:30:50,640

samples that were obtained were things

792

00:30:54,230 --> 00:30:52,559

like hair samples

793

00:30:57,350 --> 00:30:54,240

that were found

794

00:30:59,830 --> 00:30:57,360

in unusual places

795

00:31:03,430 --> 00:30:59,840

objects that were picked up at alleged

796

00:31:04,789 --> 00:31:03,440

ufo crash sites etc around the world um

797

00:31:06,549 --> 00:31:04,799

so

798

00:31:07,909 --> 00:31:06,559

i guess the short answer to your

799

00:31:12,149 --> 00:31:07,919

question is

800

00:31:13,669 --> 00:31:12,159

yes there were some um dna analysis done

801
00:31:16,950 --> 00:31:13,679
um

802
00:31:19,190 --> 00:31:16,960
we did not find a smoking gun in that

803
00:31:21,990 --> 00:31:19,200
with the short amount of time that we

804
00:31:23,909 --> 00:31:22,000
had the 27-month period that we had we

805
00:31:27,110 --> 00:31:23,919
had all of the

806
00:31:30,149 --> 00:31:27,120
uh the dna labs contracted and we did

807
00:31:32,149 --> 00:31:30,159
have some preliminary dna analysis but

808
00:31:34,549 --> 00:31:32,159
there's no way i would stand behind that

809
00:31:36,630 --> 00:31:34,559
as saying that this is uh this was a

810
00:31:38,470 --> 00:31:36,640
smoking gun but

811
00:31:41,509 --> 00:31:38,480
the key here was that we had the

812
00:31:44,310 --> 00:31:41,519
procedures in place we had the templates

813
00:31:49,190 --> 00:31:44,320

in place and we had the analytical

814

00:31:53,029 --> 00:31:51,350

sure no that's that's fine i was going

815

00:31:55,190 --> 00:31:53,039

to follow up and just ask that something

816

00:31:57,350 --> 00:31:55,200

that's been mentioned recently by luis

817

00:31:59,909 --> 00:31:57,360

elizondo on his interview with cut joy

818

00:32:03,029 --> 00:31:59,919

mungo he stated that there is evidence

819

00:32:04,710 --> 00:32:03,039

of occupants inside of craft do either

820

00:32:06,950 --> 00:32:04,720

of you have an idea of what sort of

821

00:32:09,269 --> 00:32:06,960

footage luis elizondo may be referring

822

00:32:10,789 --> 00:32:09,279

to and have you seen a photograph or

823

00:32:13,110 --> 00:32:10,799

video deemed legitimate that would

824

00:32:14,549 --> 00:32:13,120

appear to show occupants inside of craft

825

00:32:17,750 --> 00:32:14,559

whether that was part of skinwalker

826

00:32:19,750 --> 00:32:17,760

ranch and or sap or not

827

00:32:22,389 --> 00:32:19,760

i haven't

828

00:32:25,750 --> 00:32:22,399

i i i would refer that question to lou

829

00:32:27,750 --> 00:32:25,760

elizondo but i have not uh seen

830

00:32:30,710 --> 00:32:27,760

uh the evidence that he's seen i have

831

00:32:32,630 --> 00:32:30,720

not conversed with him about it either

832

00:32:35,110 --> 00:32:32,640

was there ever any footage obtained

833

00:32:37,269 --> 00:32:35,120

through the the study over the 24 months

834

00:32:39,590 --> 00:32:37,279

that you would deem as being

835

00:32:41,430 --> 00:32:39,600

of high fidelity you know high quality

836

00:32:43,269 --> 00:32:41,440

footage that we maybe don't see in

837

00:32:46,149 --> 00:32:43,279

official releases

838

00:32:50,230 --> 00:32:46,159

i think if you if you combine um both

839

00:32:51,190 --> 00:32:50,240

the asap and the atip um operations

840

00:32:56,470 --> 00:32:51,200

um

841

00:32:58,389 --> 00:32:56,480

all of what was happening uh with

842

00:33:00,549 --> 00:32:58,399

military pilots

843

00:33:02,710 --> 00:33:00,559

and what was happening on the carrier

844

00:33:03,750 --> 00:33:02,720

strike groups on both the east and west

845

00:33:05,990 --> 00:33:03,760

coasts

846

00:33:08,389 --> 00:33:06,000

um a lot of that a lot of footage was

847

00:33:11,750 --> 00:33:08,399

obtained uh there was some footage

848

00:33:13,990 --> 00:33:11,760

obtained uh during the assaf program but

849

00:33:15,430 --> 00:33:14,000

again i would hesitate to call that

850

00:33:19,029 --> 00:33:15,440

smoking gun

851
00:33:21,590 --> 00:33:19,039
um i i believe that the the asap program

852
00:33:22,470 --> 00:33:21,600
should have run for five to ten years at

853
00:33:24,630 --> 00:33:22,480
least

854
00:33:26,310 --> 00:33:24,640
and that it should have it was designed

855
00:33:29,430 --> 00:33:26,320
actually to expand

856
00:33:32,230 --> 00:33:29,440
um beyond that first two years however

857
00:33:34,950 --> 00:33:32,240
uh because of congressional issues

858
00:33:36,710 --> 00:33:34,960
because of politics because of a whole a

859
00:33:39,190 --> 00:33:36,720
whole variety of things

860
00:33:39,990 --> 00:33:39,200
essentially coalesce to shut the program

861
00:33:41,509 --> 00:33:40,000
down

862
00:33:44,549 --> 00:33:41,519
um

863
00:33:46,070 --> 00:33:44,559

i would say asap did not discover a

864

00:33:49,669 --> 00:33:46,080

smoking gun

865

00:33:50,789 --> 00:33:49,679

um but it it it has a lot of it did have

866

00:33:53,350 --> 00:33:50,799

a lot of

867

00:33:56,630 --> 00:33:53,360

very interesting compelling data

868

00:33:58,470 --> 00:33:56,640

but i should remind you uh andy tictac

869

00:34:00,870 --> 00:33:58,480

maybe the most significant case the most

870

00:34:03,190 --> 00:34:00,880

significant ufo footage given how it was

871

00:34:05,430 --> 00:34:03,200

used by the new york times and others

872

00:34:07,430 --> 00:34:05,440

since it came out that was that was

873

00:34:10,310 --> 00:34:07,440

awesome that was an a-tip that was

874

00:34:12,149 --> 00:34:10,320

pursued by awesapp it uh it came walking

875

00:34:15,190 --> 00:34:12,159

in the door in the form of a guy named

876

00:34:18,230 --> 00:34:15,200

doug kurth who was the first employee

877

00:34:20,149 --> 00:34:18,240

uh uh hire uh by hired by column

878

00:34:22,310 --> 00:34:20,159

kelleher and i guess column could tell

879

00:34:25,109 --> 00:34:22,320

the story of how they found out about

880

00:34:27,829 --> 00:34:25,119

tic-tac but that tic-tac came out asap

881

00:34:29,669 --> 00:34:27,839

uh atip ran with it later but it was an

882

00:34:32,629 --> 00:34:29,679

awesome baby column you could tell that

883

00:34:34,629 --> 00:34:32,639

story maybe yeah i mean i

884

00:34:37,750 --> 00:34:34,639

as i mentioned you know we we were going

885

00:34:39,750 --> 00:34:37,760

through this process of rapidly hiring a

886

00:34:41,589 --> 00:34:39,760

team and one of the first things we

887

00:34:43,190 --> 00:34:41,599

needed to do was hire some really good

888

00:34:46,069 --> 00:34:43,200

program managers

889

00:34:47,430 --> 00:34:46,079

so this uh this kernel from the the

890

00:34:50,230 --> 00:34:47,440

marine corps

891

00:34:52,389 --> 00:34:50,240

uh walked in uh pilot

892

00:34:54,550 --> 00:34:52,399

um and within 10 minutes of the

893

00:34:57,030 --> 00:34:54,560

interview i you know i knew i was going

894

00:34:59,270 --> 00:34:57,040

to hire this guy because he had all of

895

00:35:01,670 --> 00:34:59,280

the experience and he had

896

00:35:03,990 --> 00:35:01,680

also had a really good demeanor

897

00:35:05,990 --> 00:35:04,000

but at the end of the con conversation

898

00:35:07,670 --> 00:35:06,000

he essentially dropped a bombshell that

899

00:35:10,950 --> 00:35:07,680

he had been part of

900

00:35:14,470 --> 00:35:10,960

uh a carrier strike group off the the

901
00:35:17,030 --> 00:35:14,480
coast of san diego in 2004 and this was

902
00:35:19,349 --> 00:35:17,040
this interview happened in december 2008

903
00:35:20,870 --> 00:35:19,359
so it was four years after the actual

904
00:35:23,190 --> 00:35:20,880
event it happened

905
00:35:25,670 --> 00:35:23,200
and he he went through the whole process

906
00:35:28,710 --> 00:35:25,680
of you know he had been targeted to this

907
00:35:31,349 --> 00:35:28,720
area and that other f-18s had been

908
00:35:32,550 --> 00:35:31,359
targeted from the the nimitz carrier

909
00:35:35,349 --> 00:35:32,560
strike group

910
00:35:39,190 --> 00:35:35,359
um and and they had visual observations

911
00:35:41,349 --> 00:35:39,200
of this 46 foot long uh tic tac shape

912
00:35:43,190 --> 00:35:41,359
object that was doing impossible

913
00:35:46,310 --> 00:35:43,200

maneuvers

914

00:35:49,109 --> 00:35:46,320

but it was colonel kurth who actually

915

00:35:51,829 --> 00:35:49,119

uh told me about this case and it was

916

00:35:53,910 --> 00:35:51,839

not a as a as a prerequisite of hiring

917

00:35:56,150 --> 00:35:53,920

him i'd already hired him when he

918

00:35:58,470 --> 00:35:56,160

actually dropped this bombshell so

919

00:36:01,270 --> 00:35:58,480

obviously the first thing i did was

920

00:36:03,510 --> 00:36:01,280

um get him to write up a summary of of

921

00:36:06,230 --> 00:36:03,520

this tic-tac case

922

00:36:09,510 --> 00:36:06,240

he wrote up a summary he even named a

923

00:36:12,470 --> 00:36:09,520

set of uh primary eyewitnesses all of

924

00:36:15,589 --> 00:36:12,480

the pilots who had been involved in that

925

00:36:18,710 --> 00:36:15,599

many of the uh operators radar operators

926
00:36:19,510 --> 00:36:18,720
on the uss princeton uh were also named

927
00:36:22,710 --> 00:36:19,520
so

928
00:36:25,109 --> 00:36:22,720
um we got immediately in touch with uh

929
00:36:28,870 --> 00:36:25,119
dr lukowski at defense intelligence

930
00:36:32,470 --> 00:36:28,880
agency relayed this this conversation to

931
00:36:35,430 --> 00:36:32,480
him with the uh the list of of uh of

932
00:36:38,310 --> 00:36:35,440
these primary observers and then

933
00:36:41,430 --> 00:36:38,320
jonathan axelrod we were calling him

934
00:36:44,069 --> 00:36:41,440
jonathan axelrod in the book but axelrod

935
00:36:48,470 --> 00:36:44,079
then took the the bit in his mouth and

936
00:36:50,390 --> 00:36:48,480
essentially had by july of 2009 had

937
00:36:52,630 --> 00:36:50,400
conducted the full

938
00:36:55,829 --> 00:36:52,640

uh scope research

939

00:36:58,069 --> 00:36:55,839

uh had had um interrogated all of the

940

00:36:59,670 --> 00:36:58,079

pilots interviewed all of the pilots all

941

00:37:01,750 --> 00:36:59,680

of the people on the

942

00:37:03,750 --> 00:37:01,760

uh the uss princeton who had been

943

00:37:06,630 --> 00:37:03,760

involved in the tic tac case

944

00:37:09,510 --> 00:37:06,640

and and actually probably

945

00:37:12,950 --> 00:37:09,520

by september of 2009

946

00:37:14,710 --> 00:37:12,960

a full report of the tic tac incident

947

00:37:16,390 --> 00:37:14,720

had been submitted to the defense

948

00:37:19,349 --> 00:37:16,400

intelligence agency

949

00:37:22,230 --> 00:37:19,359

as one of about 105 different

950

00:37:23,670 --> 00:37:22,240

deliverables that were were submitted to

951
00:37:25,990 --> 00:37:23,680
dia but

952
00:37:28,870 --> 00:37:26,000
sort of eight years before the new york

953
00:37:31,510 --> 00:37:28,880
times got its hand on this story defense

954
00:37:35,030 --> 00:37:31,520
intelligence agency had a very thorough

955
00:37:37,750 --> 00:37:35,040
report um of the uh of the tic tac

956
00:37:38,550 --> 00:37:37,760
incident it's a perfect example andy of

957
00:37:41,430 --> 00:37:38,560
how

958
00:37:43,910 --> 00:37:41,440
asap and what became atip interacted in

959
00:37:45,589 --> 00:37:43,920
those days asap was the official program

960
00:37:47,510 --> 00:37:45,599
it had a group of people

961
00:37:49,990 --> 00:37:47,520
uh call them confederates they were not

962
00:37:52,310 --> 00:37:50,000
yet atip but people inside the pentagon

963
00:37:55,270 --> 00:37:52,320

and these agencies who were supportive

964

00:37:57,750 --> 00:37:55,280

of the asap effort and when asap

965

00:37:59,589 --> 00:37:57,760

got the information those people in the

966

00:38:01,589 --> 00:37:59,599

pentagon

967

00:38:04,790 --> 00:38:01,599

went to work and produced a report that

968

00:38:06,950 --> 00:38:04,800

ended up with dia and asap and uh that

969

00:38:09,190 --> 00:38:06,960

was the example of how they worked at

970

00:38:11,270 --> 00:38:09,200

the time there were supportive people

971

00:38:13,670 --> 00:38:11,280

they had authorization to be working on

972

00:38:15,030 --> 00:38:13,680

this stuff but they kept it really quiet

973

00:38:17,109 --> 00:38:15,040

because they didn't want to attract

974

00:38:19,430 --> 00:38:17,119

attention even within the pentagon

975

00:38:21,030 --> 00:38:19,440

because attention meant trouble

976

00:38:23,270 --> 00:38:21,040

we've heard from various people like

977

00:38:25,030 --> 00:38:23,280

louis ondo christopher mellon that there

978

00:38:27,430 --> 00:38:25,040

are those within the pentagon who are

979

00:38:28,470 --> 00:38:27,440

supportive like you say and who remain

980

00:38:30,550 --> 00:38:28,480

anonymous

981

00:38:32,069 --> 00:38:30,560

do you think people like axelrod who

982

00:38:33,990 --> 00:38:32,079

obviously like you've said it's a

983

00:38:36,710 --> 00:38:34,000

pseudonym will come forward in the

984

00:38:42,069 --> 00:38:39,589

i i really um i

985

00:38:44,470 --> 00:38:42,079

i don't know uh i mean obviously coming

986

00:38:49,670 --> 00:38:44,480

forward in the future carries a lot of

987

00:38:52,310 --> 00:38:49,680

baggage so uh my guess is probably no um

988

00:38:55,349 --> 00:38:52,320

uh this guy is a very sort of

989

00:38:56,390 --> 00:38:55,359

you know he's a well credentialed

990

00:39:01,270 --> 00:38:56,400

um

991

00:39:03,670 --> 00:39:01,280

i would doubt if he would have any

992

00:39:05,109 --> 00:39:03,680

motivation to come forward uh most of

993

00:39:06,069 --> 00:39:05,119

what he has done

994

00:39:07,349 --> 00:39:06,079

um

995

00:39:09,349 --> 00:39:07,359

are at least

996

00:39:11,510 --> 00:39:09,359

i would say over half of what he has

997

00:39:13,270 --> 00:39:11,520

done is in the book but there are there

998

00:39:15,829 --> 00:39:13,280

is a lot of what he has done that's not

999

00:39:19,910 --> 00:39:15,839

in the book so i would say i would doubt

1000

00:39:21,349 --> 00:39:19,920

if he comes forward but who knows

1001
00:39:23,109 --> 00:39:21,359
i've got a few more questions just

1002
00:39:25,270 --> 00:39:23,119
before we get to listener questions to

1003
00:39:27,349 --> 00:39:25,280
finish off and we'll just kind of fire

1004
00:39:29,270 --> 00:39:27,359
through these to make the most of it can

1005
00:39:31,430 --> 00:39:29,280
you speak to the possible relationship

1006
00:39:32,870 --> 00:39:31,440
between cattle mutilations and the food

1007
00:39:34,550 --> 00:39:32,880
chain if there was anything that was

1008
00:39:36,470 --> 00:39:34,560
uncovered during your time

1009
00:39:39,109 --> 00:39:36,480
in 2004

1010
00:39:41,589 --> 00:39:39,119
uh i wrote a book called brain trust

1011
00:39:43,349 --> 00:39:41,599
that that had to do with

1012
00:39:46,630 --> 00:39:43,359
the possibility

1013
00:39:49,670 --> 00:39:46,640

that there was a lot of um

1014

00:39:50,710 --> 00:39:49,680

misdiagnosis going on between

1015

00:39:53,109 --> 00:39:50,720

um

1016

00:39:55,349 --> 00:39:53,119

what then was termed matte cow disease

1017

00:39:57,510 --> 00:39:55,359

and obviously the uk had more than its

1018

00:39:58,950 --> 00:39:57,520

own fair share of experience of mad cat

1019

00:40:02,230 --> 00:39:58,960

disease

1020

00:40:06,069 --> 00:40:02,240

also known as cjd that overlapped with

1021

00:40:08,390 --> 00:40:06,079

uh with diagnosis of alzheimer's disease

1022

00:40:12,710 --> 00:40:08,400

bottom line is that in the united states

1023

00:40:15,430 --> 00:40:12,720

at least there was not a great

1024

00:40:18,150 --> 00:40:15,440

motivator for doing a lot of testing by

1025

00:40:20,390 --> 00:40:18,160

the usda because the more you test it

1026

00:40:22,470 --> 00:40:20,400

the more cases you would find so

1027

00:40:24,950 --> 00:40:22,480

um there was a case uh there was a

1028

00:40:25,750 --> 00:40:24,960

situation in the united united states

1029

00:40:29,109 --> 00:40:25,760

where

1030

00:40:31,349 --> 00:40:29,119

a private company offered to do a whole

1031

00:40:33,910 --> 00:40:31,359

bunch of bsc uh

1032

00:40:34,790 --> 00:40:33,920

mad cow disease prion testing

1033

00:40:36,710 --> 00:40:34,800

for

1034

00:40:39,190 --> 00:40:36,720

the united states government and they

1035

00:40:41,910 --> 00:40:39,200

were essentially shut down because the

1036

00:40:43,030 --> 00:40:41,920

united the usda did not want

1037

00:40:52,470 --> 00:40:43,040

to

1038

00:40:55,030 --> 00:40:52,480

later here we are in 2021

1039

00:40:56,630 --> 00:40:55,040

we've got a massive epidemic

1040

00:41:01,589 --> 00:40:56,640

of dementia

1041

00:41:03,270 --> 00:41:01,599

that include alzheimer's disease lewy

1042

00:41:05,910 --> 00:41:03,280

body dementia

1043

00:41:08,069 --> 00:41:05,920

frontal temporal lobe dementia all the

1044

00:41:09,910 --> 00:41:08,079

way across through the various prion

1045

00:41:11,270 --> 00:41:09,920

diseases

1046

00:41:14,150 --> 00:41:11,280

and it is

1047

00:41:17,270 --> 00:41:14,160

very very difficult to pin down exactly

1048

00:41:21,910 --> 00:41:17,280

what the origin of these but there is

1049

00:41:25,109 --> 00:41:21,920

um given that the you know the uk cases

1050

00:41:25,910 --> 00:41:25,119

of variant cjd that occurred in the uk

1051

00:41:28,150 --> 00:41:25,920

were

1052

00:41:31,030 --> 00:41:28,160

basically the smoking gun

1053

00:41:34,390 --> 00:41:31,040

for the hypothesis that what you eat

1054

00:41:37,270 --> 00:41:34,400

will will affect what you uh what you

1055

00:41:39,829 --> 00:41:37,280

manifest in terms of pathology so there

1056

00:41:42,309 --> 00:41:39,839

is no doubt about it that there is a

1057

00:41:47,190 --> 00:41:42,319

relationship between the food chain and

1058

00:41:49,109 --> 00:41:47,200

the um the genesis of uh dementia

1059

00:41:51,670 --> 00:41:49,119

just to put it in a different sense a

1060

00:41:53,589 --> 00:41:51,680

column's book concluded that it does

1061

00:41:55,990 --> 00:41:53,599

appear that somebody is

1062

00:41:57,349 --> 00:41:56,000

is monitoring the spread

1063

00:41:59,750 --> 00:41:57,359

excuse me

1064

00:42:01,829 --> 00:41:59,760

someone is monitoring the spread of

1065

00:42:03,750 --> 00:42:01,839

these diseases through our food chain

1066

00:42:05,990 --> 00:42:03,760

and what we see as evidence of that is

1067

00:42:07,829 --> 00:42:06,000

mutilations and they the exotic

1068

00:42:10,550 --> 00:42:07,839

possibility is that it's maybe more than

1069

00:42:12,470 --> 00:42:10,560

one someone that some human

1070

00:42:14,790 --> 00:42:12,480

outfits or organizations

1071

00:42:17,190 --> 00:42:14,800

are carving out cows hiding under the

1072

00:42:18,950 --> 00:42:17,200

umbrella of the weirdness surrounding

1073

00:42:21,510 --> 00:42:18,960

cattle emulations to begin with but that

1074

00:42:23,270 --> 00:42:21,520

someone else above that is also doing

1075

00:42:24,950 --> 00:42:23,280

these these things and that's where the

1076

00:42:28,069 --> 00:42:24,960

origin of the phenomena

1077

00:42:30,309 --> 00:42:28,079

testing for what's in our food chain and

1078

00:42:31,750 --> 00:42:30,319

what might create really bigger problems

1079

00:42:33,270 --> 00:42:31,760

down the road

1080

00:42:35,589 --> 00:42:33,280

no thanks for that follow-up george as

1081

00:42:37,829 --> 00:42:35,599

well george are you aware of any

1082

00:42:40,069 --> 00:42:37,839

experimentation on the ranch with remote

1083

00:42:41,589 --> 00:42:40,079

viewing and i would also ask calm to

1084

00:42:44,069 --> 00:42:41,599

follow up with that as well if there was

1085

00:42:45,829 --> 00:42:44,079

any experimentation with the same thing

1086

00:42:47,270 --> 00:42:45,839

well i don't know if it was conducted i

1087

00:42:48,870 --> 00:42:47,280

don't believe it was conducted actually

1088

00:42:50,630 --> 00:42:48,880

on the ranch but yeah there was some

1089

00:42:52,630 --> 00:42:50,640

remote viewing exercises that were

1090

00:42:55,829 --> 00:42:52,640

directed at the ranch the book tells the

1091

00:42:58,550 --> 00:42:55,839

story of joe mcmonagle maybe the most

1092

00:43:00,710 --> 00:42:58,560

best known and most experienced remote

1093

00:43:02,470 --> 00:43:00,720

viewer in the world who was tasked with

1094

00:43:05,190 --> 00:43:02,480

taking a look at the ranch

1095

00:43:07,510 --> 00:43:05,200

the diagrams that he drew during this

1096

00:43:09,190 --> 00:43:07,520

exercise not knowing other than just

1097

00:43:12,150 --> 00:43:09,200

some random coordinates not knowing what

1098

00:43:14,309 --> 00:43:12,160

he was looking at and improved eerily

1099

00:43:16,470 --> 00:43:14,319

accurate uh to take a look at it and

1100

00:43:18,390 --> 00:43:16,480

there were some other uh remote viewing

1101

00:43:19,990 --> 00:43:18,400

uh exercises that we undertook when

1102

00:43:22,710 --> 00:43:20,000

column and i were working on the first

1103

00:43:25,030 --> 00:43:22,720

book hunt for the skinwalker we tasked a

1104

00:43:26,870 --> 00:43:25,040

nevada group of remote viewers to take a

1105

00:43:29,510 --> 00:43:26,880

look at it they came up with some pretty

1106

00:43:31,190 --> 00:43:29,520

interesting uh uh ideas

1107

00:43:32,309 --> 00:43:31,200

there was a military presence some sort

1108

00:43:34,630 --> 00:43:32,319

of a

1109

00:43:36,870 --> 00:43:34,640

surveillance operation by military

1110

00:43:39,109 --> 00:43:36,880

personnel uh around the ranch taking a

1111

00:43:40,870 --> 00:43:39,119

look at what's there and that's a that's

1112

00:43:42,470 --> 00:43:40,880

a door that remains open for me i think

1113

00:43:44,870 --> 00:43:42,480

that's still a possible that's a

1114

00:43:46,870 --> 00:43:44,880

possible true outcome

1115

00:43:48,710 --> 00:43:46,880

uh columbia has more details about the

1116

00:43:50,230 --> 00:43:48,720

remote viewing other than mcmonagle

1117

00:43:52,630 --> 00:43:50,240

column did anybody else take a look at

1118

00:43:54,470 --> 00:43:52,640

the ranch for forbes uh you know the

1119

00:43:56,550 --> 00:43:54,480

remote viewing program

1120

00:43:58,630 --> 00:43:56,560

uh was part of the

1121

00:44:01,430 --> 00:43:58,640

initial proposal that we met that we

1122

00:44:04,470 --> 00:44:01,440

made to the defense intelligence agency

1123

00:44:06,470 --> 00:44:04,480

and at the time the defense intelligence

1124

00:44:09,190 --> 00:44:06,480

agency did tell us

1125

00:44:11,829 --> 00:44:09,200

uh that they did not want a full-fledged

1126
00:44:14,630 --> 00:44:11,839
program to go because it would be

1127
00:44:17,430 --> 00:44:14,640
way too time-consuming way too expensive

1128
00:44:20,390 --> 00:44:17,440
but they did give us authorization to

1129
00:44:23,750 --> 00:44:20,400
conduct pilot experiments one of which

1130
00:44:25,990 --> 00:44:23,760
was uh was the joe mcmonagle experiment

1131
00:44:27,990 --> 00:44:26,000
on skin marker ranch which actually

1132
00:44:30,790 --> 00:44:28,000
turned out to be very

1133
00:44:31,910 --> 00:44:30,800
um spectacular in terms of of what he

1134
00:44:34,230 --> 00:44:31,920
came up with

1135
00:44:36,390 --> 00:44:34,240
over the years there there have been

1136
00:44:39,670 --> 00:44:36,400
several initiatives that have been aimed

1137
00:44:42,710 --> 00:44:39,680
at uh at skin worker ranch um from the

1138
00:44:44,230 --> 00:44:42,720

remote viewing perspective

1139

00:44:45,589 --> 00:44:44,240

let's get into listener questions to

1140

00:44:47,030 --> 00:44:45,599

make the most of the last part of the

1141

00:44:48,870 --> 00:44:47,040

the show and again thank you both very

1142

00:44:50,790 --> 00:44:48,880

much for your time the first one comes

1143

00:44:53,190 --> 00:44:50,800

from my own co-host dan

1144

00:44:55,270 --> 00:44:53,200

and dan wants to know has column been

1145

00:44:58,230 --> 00:44:55,280

back to the ranch since brandon fuegle

1146

00:44:59,990 --> 00:44:58,240

took over and any strange experiences

1147

00:45:02,230 --> 00:45:00,000

since he finished work with bass or

1148

00:45:04,710 --> 00:45:02,240

awesome

1149

00:45:06,470 --> 00:45:04,720

short answer to that is the last time i

1150

00:45:08,230 --> 00:45:06,480

was on the ranch was that photograph

1151

00:45:10,630 --> 00:45:08,240

that was taken that's in the book of

1152

00:45:11,910 --> 00:45:10,640

myself and george walking on the ranch

1153

00:45:14,870 --> 00:45:11,920

um

1154

00:45:17,270 --> 00:45:14,880

probably uh less than a week after or

1155

00:45:18,950 --> 00:45:17,280

before brandon fugel took it over so the

1156

00:45:21,670 --> 00:45:18,960

answer to that is no

1157

00:45:25,670 --> 00:45:21,680

and um i've had i've i've had a a

1158

00:45:28,550 --> 00:45:25,680

totally separate career since the um

1159

00:45:30,710 --> 00:45:28,560

since the asap program so i've i've been

1160

00:45:33,430 --> 00:45:30,720

immersed in aerospace

1161

00:45:37,910 --> 00:45:33,440

um at a pretty intense level of detail

1162

00:45:40,950 --> 00:45:37,920

so i haven't noticed any um anomalous

1163

00:45:43,190 --> 00:45:40,960

um experiences actually since the end of

1164

00:45:44,710 --> 00:45:43,200

that asap program

1165

00:45:46,790 --> 00:45:44,720

i'm sure you're grateful for that as

1166

00:45:49,030 --> 00:45:46,800

well um

1167

00:45:51,430 --> 00:45:49,040

very much george george this one's for

1168

00:45:53,510 --> 00:45:51,440

you from barry and he wants he says

1169

00:45:56,309 --> 00:45:53,520

george could you confirm if the meta

1170

00:45:57,670 --> 00:45:56,319

material known as the bar was found on

1171

00:45:59,270 --> 00:45:57,680

the site and what could you tell us

1172

00:46:01,349 --> 00:45:59,280

about it

1173

00:46:03,270 --> 00:46:01,359

yeah this is back to the nids era there

1174

00:46:05,910 --> 00:46:03,280

were two i think there were two of these

1175

00:46:08,150 --> 00:46:05,920

strange black metallic looking objects

1176

00:46:09,750 --> 00:46:08,160

that were found on the property and i

1177

00:46:11,670 --> 00:46:09,760

know there's been a lot of speculation

1178

00:46:13,109 --> 00:46:11,680

they must be alien metamaterials or

1179

00:46:16,470 --> 00:46:13,119

something

1180

00:46:18,630 --> 00:46:16,480

aliens had a shootout with security

1181

00:46:20,390 --> 00:46:18,640

guards on the property there is there is

1182

00:46:22,309 --> 00:46:20,400

nothing to that i i believe that i

1183

00:46:23,589 --> 00:46:22,319

didn't think the nids guys identified

1184

00:46:26,550 --> 00:46:23,599

those bars

1185

00:46:29,589 --> 00:46:26,560

as old batteries is that right column

1186

00:46:31,109 --> 00:46:29,599

yeah they were they were um

1187

00:46:34,309 --> 00:46:31,119

1950s

1188

00:46:35,670 --> 00:46:34,319

era batteries that were associated with

1189

00:46:37,349 --> 00:46:35,680

some kind of

1190

00:46:39,109 --> 00:46:37,359

uh photography

1191

00:46:43,430 --> 00:46:39,119

uh way back in the day they were they

1192

00:46:46,390 --> 00:46:43,440

were pretty narrow diameter black um

1193

00:46:49,750 --> 00:46:46,400

black cylinders and we we located the

1194

00:46:51,829 --> 00:46:49,760

actual battery that they went into so uh

1195

00:46:52,710 --> 00:46:51,839

there was nothing mysterious

1196

00:46:53,829 --> 00:46:52,720

or

1197

00:46:55,589 --> 00:46:53,839

you know

1198

00:46:56,470 --> 00:46:55,599

there was no nothing interesting about

1199

00:46:58,470 --> 00:46:56,480

them

1200

00:47:00,470 --> 00:46:58,480

we wish we wish it had been alien

1201

00:47:02,790 --> 00:47:00,480

metamaterials a little sample of

1202

00:47:04,390 --> 00:47:02,800

unobtainium but that's not the case

1203

00:47:06,390 --> 00:47:04,400

i'll tell barry to get in touch with

1204

00:47:07,910 --> 00:47:06,400

duracell or energizer to follow up on

1205

00:47:09,910 --> 00:47:07,920

that one then

1206

00:47:11,990 --> 00:47:09,920

the next question is from bikier and

1207

00:47:14,069 --> 00:47:12,000

bakir this is for both of you wants to

1208

00:47:16,309 --> 00:47:14,079

know how have your views on the

1209

00:47:18,470 --> 00:47:16,319

phenomenon changed since your days

1210

00:47:21,109 --> 00:47:18,480

investigating skinwalker ranch under

1211

00:47:25,510 --> 00:47:23,349

well i know mine have changed

1212

00:47:29,670 --> 00:47:25,520

drastically you know when i entered the

1213

00:47:31,510 --> 00:47:29,680

ufo field in 1980 the late 80s uh the

1214

00:47:33,109 --> 00:47:31,520

prevailing paradigm at the time were

1215

00:47:35,109 --> 00:47:33,119

these things that we're seeing in the

1216

00:47:37,670 --> 00:47:35,119

sky are craft from another world these

1217

00:47:39,910 --> 00:47:37,680

are et visitors coming here to check us

1218

00:47:42,470 --> 00:47:39,920

out to take samples to carve up some

1219

00:47:43,750 --> 00:47:42,480

cows and that's the explanation and

1220

00:47:45,990 --> 00:47:43,760

maybe that's still part of the

1221

00:47:48,790 --> 00:47:46,000

explanation but after getting to know

1222

00:47:51,109 --> 00:47:48,800

column and being allowed by mr bigelow

1223

00:47:53,589 --> 00:47:51,119

to be on the ranch and to hear from

1224

00:47:56,630 --> 00:47:53,599

witnesses to investigate that stuff

1225

00:47:57,990 --> 00:47:56,640

it flipped everything upside down um you

1226

00:47:59,510 --> 00:47:58,000

know we have to be open to the

1227

00:48:01,750 --> 00:47:59,520

possibility that whatever is happening

1228

00:48:03,829 --> 00:48:01,760

there might be extraterrestrial but it's

1229

00:48:05,589 --> 00:48:03,839

not consistent with what we think we

1230

00:48:08,390 --> 00:48:05,599

know about extraterrestrials around the

1231

00:48:09,430 --> 00:48:08,400

world this is something else this is uh

1232

00:48:12,150 --> 00:48:09,440

all this

1233

00:48:13,829 --> 00:48:12,160

weird stuff strange phenomena seemingly

1234

00:48:15,910 --> 00:48:13,839

unrelated

1235

00:48:18,870 --> 00:48:15,920

poltergeists crypto creatures crop

1236

00:48:21,109 --> 00:48:18,880

circles uh you know uh

1237

00:48:23,349 --> 00:48:21,119

all that stuff all happening in the same

1238

00:48:25,430 --> 00:48:23,359

place and it column and i concluded in

1239

00:48:27,430 --> 00:48:25,440

the first book that it sure seems like

1240

00:48:29,750 --> 00:48:27,440

this is different versions of the same

1241

00:48:31,829 --> 00:48:29,760

thing and it's trying to tell us that

1242

00:48:33,349 --> 00:48:31,839

reality is far different from what we

1243

00:48:34,390 --> 00:48:33,359

thought it was the reality isn't the

1244

00:48:35,829 --> 00:48:34,400

same anymore

1245

00:48:39,190 --> 00:48:35,839

that this is telling us that the

1246

00:48:41,030 --> 00:48:39,200

universe is a much more mystical magical

1247

00:48:42,430 --> 00:48:41,040

complicated place than what we thought

1248

00:48:44,470 --> 00:48:42,440

of and that

1249

00:48:47,190 --> 00:48:44,480

extraterrestrials visiting earth once in

1250

00:48:48,870 --> 00:48:47,200

a while just isn't an explanation that

1251

00:48:51,190 --> 00:48:48,880

works for all the strange stuff we are

1252

00:48:53,589 --> 00:48:51,200

seeing at skinwalker ranch and around

1253

00:48:56,630 --> 00:48:53,599

the world so yeah it's direct directly

1254

00:48:58,950 --> 00:48:56,640

challenged by my previous views

1255

00:49:00,790 --> 00:48:58,960

the idea that this is a an intelligence

1256

00:49:03,030 --> 00:49:00,800

that is not from somewhere else but it

1257

00:49:05,270 --> 00:49:03,040

lives here and it's always been here

1258

00:49:07,670 --> 00:49:05,280

interacting with humanity since the

1259

00:49:10,950 --> 00:49:07,680

beginning and maybe it was here before

1260

00:49:17,430 --> 00:49:14,870

yeah i i my my take on this for the uh

1261

00:49:18,549 --> 00:49:17,440

for the bass program or the asap program

1262

00:49:19,430 --> 00:49:18,559

was that

1263

00:49:22,230 --> 00:49:19,440

um

1264

00:49:25,109 --> 00:49:22,240

i think the take home after all of the

1265

00:49:26,870 --> 00:49:25,119

data was accumulated and analyzed

1266

00:49:31,109 --> 00:49:26,880

was that the

1267

00:49:32,950 --> 00:49:31,119

um the intermeshing of of human effects

1268

00:49:35,030 --> 00:49:32,960

with the nuts and bolts

1269

00:49:36,790 --> 00:49:35,040

um

1270

00:49:39,030 --> 00:49:36,800

you know direction

1271

00:49:40,549 --> 00:49:39,040

was the right one to take and i've

1272

00:49:43,190 --> 00:49:40,559

become more and more

1273

00:49:45,990 --> 00:49:43,200

convinced that the human effects part of

1274

00:49:49,270 --> 00:49:46,000

the ufo phenomenon is is what needs to

1275

00:49:50,069 --> 00:49:49,280

be explored um you know go by going back

1276

00:49:52,549 --> 00:49:50,079

to

1277

00:49:56,390 --> 00:49:52,559

kenneth arnold's book in uh that he

1278

00:49:57,670 --> 00:49:56,400

wrote regarding his original june 1947

1279

00:49:59,829 --> 00:49:57,680

experience

1280

00:50:02,790 --> 00:49:59,839

and then listening to what his daughter

1281

00:50:03,670 --> 00:50:02,800

said about ken arnold's experience

1282

00:50:05,670 --> 00:50:03,680

um

1283

00:50:08,150 --> 00:50:05,680

you know that the the sort of nuts and

1284

00:50:10,549 --> 00:50:08,160

bolts craft that he saw the nine the

1285

00:50:15,510 --> 00:50:10,559

nine objects going down through near the

1286

00:50:17,990 --> 00:50:15,520

cascade mountains in washington um

1287

00:50:20,589 --> 00:50:18,000

i think in retrospect

1288

00:50:22,150 --> 00:50:20,599

kenneth arnold had a much more

1289

00:50:24,829 --> 00:50:22,160

sophisticated

1290

00:50:28,790 --> 00:50:24,839

uh not nuts and bolts

1291

00:50:31,190 --> 00:50:28,800

explanation um of the uh of of these

1292

00:50:33,829 --> 00:50:31,200

crafts so i would put myself in the same

1293

00:50:34,829 --> 00:50:33,839

category i came from the sort of the

1294

00:50:37,030 --> 00:50:34,839

initial

1295

00:50:37,750 --> 00:50:37,040

extraterrestrial nuts and bolts here to

1296

00:50:41,190 --> 00:50:37,760

do

1297

00:50:44,870 --> 00:50:41,200

research uh but right now i have no idea

1298

00:50:48,150 --> 00:50:44,880

what ufos are i have no idea um i have

1299

00:50:51,190 --> 00:50:48,160

no idea what they are here to do

1300

00:50:54,230 --> 00:50:51,200

and the original

1301
00:50:55,430 --> 00:50:54,240
scope of the dia program was threat

1302
00:50:57,109 --> 00:50:55,440
analysis

1303
00:50:59,430 --> 00:50:57,119
however

1304
00:51:02,390 --> 00:50:59,440
threat has two components one is

1305
00:51:05,190 --> 00:51:02,400
capability and the other is intent

1306
00:51:07,910 --> 00:51:05,200
we have gobs of data on the capability

1307
00:51:10,309 --> 00:51:07,920
aspect we know that they outclass all of

1308
00:51:12,710 --> 00:51:10,319
our f-18s and our best technology and

1309
00:51:15,910 --> 00:51:12,720
we've known that for 75 years but we

1310
00:51:18,069 --> 00:51:15,920
have no idea if there's any intent or

1311
00:51:19,990 --> 00:51:18,079
agenda so therefore

1312
00:51:20,870 --> 00:51:20,000
you know we can't make the statement

1313
00:51:24,870 --> 00:51:20,880

that

1314

00:51:27,349 --> 00:51:24,880

uaps or ufos are a threat

1315

00:51:29,349 --> 00:51:27,359

thank you both for the answer um dan has

1316

00:51:32,309 --> 00:51:29,359

a question that if the claims of having

1317

00:51:34,470 --> 00:51:32,319

hundreds of reports is true then the dia

1318

00:51:37,270 --> 00:51:34,480

seemingly lied to senator john mccain by

1319

00:51:38,630 --> 00:51:37,280

only giving him the 38 thirds are they

1320

00:51:39,750 --> 00:51:38,640

willing to go on record with that

1321

00:51:42,470 --> 00:51:39,760

statement or do you think they would

1322

00:51:47,190 --> 00:51:44,230

you know i think at the time that dia

1323

00:51:49,109 --> 00:51:47,200

made those comments to the senator um

1324

00:51:51,349 --> 00:51:49,119

they might not have known what they have

1325

00:51:52,390 --> 00:51:51,359

uh you know it's not entirely clear that

1326

00:51:56,790 --> 00:51:52,400

they've

1327

00:51:58,870 --> 00:51:56,800

uh someone knows where it is but uh you

1328

00:52:00,870 --> 00:51:58,880

know they're i'm not sure you know i

1329

00:52:03,270 --> 00:52:00,880

don't want to go a step too far beyond

1330

00:52:06,150 --> 00:52:03,280

what i should say but uh i'm not sure

1331

00:52:07,510 --> 00:52:06,160

that they know all that they have

1332

00:52:09,270 --> 00:52:07,520

sure i think that's fair and that's

1333

00:52:11,349 --> 00:52:09,280

something i've mentioned on the podcast

1334

00:52:12,790 --> 00:52:11,359

that sometimes people almost give

1335

00:52:14,230 --> 00:52:12,800

factions of the government too much

1336

00:52:16,549 --> 00:52:14,240

credit that they would know everything

1337

00:52:18,390 --> 00:52:16,559

and have access to everything as well so

1338

00:52:20,150 --> 00:52:18,400

mistakes can happen and maybe what they

1339

00:52:22,470 --> 00:52:20,160

said is you know that that was correct

1340

00:52:24,470 --> 00:52:22,480

at the time according to them a couple

1341

00:52:26,150 --> 00:52:24,480

more questions to finish off gentlemen

1342

00:52:28,309 --> 00:52:26,160

karen has a question

1343

00:52:30,150 --> 00:52:28,319

she says it seems that so much of what

1344

00:52:32,150 --> 00:52:30,160

happens at skinwalker ranch is quite

1345

00:52:34,230 --> 00:52:32,160

negative deliberately frightening and

1346

00:52:36,870 --> 00:52:34,240

harmful were there any positive

1347

00:52:39,829 --> 00:52:36,880

experience recorded by ossa at the ranch

1348

00:52:43,270 --> 00:52:39,839

and that goes to either of you

1349

00:52:46,309 --> 00:52:43,280

well i i know that um everybody that has

1350

00:52:47,510 --> 00:52:46,319

been on the ranch has remarked on what a

1351

00:52:54,390 --> 00:52:47,520

beautiful

1352

00:52:56,470 --> 00:52:54,400

plus percent of the time it's a it's a

1353

00:52:57,349 --> 00:52:56,480

pristine environment it makes you feel

1354

00:53:00,549 --> 00:52:57,359

good

1355

00:53:02,470 --> 00:53:00,559

um it is beautiful and i i think all of

1356

00:53:04,390 --> 00:53:02,480

the people that we knew

1357

00:53:05,349 --> 00:53:04,400

from military intelligence said the same

1358

00:53:07,750 --> 00:53:05,359

thing

1359

00:53:09,910 --> 00:53:07,760

um except for that two percent which

1360

00:53:12,870 --> 00:53:09,920

which happens uh that is not

1361

00:53:16,549 --> 00:53:12,880

particularly pleasant but i would say in

1362

00:53:18,710 --> 00:53:16,559

in you know in total uh my experiences

1363

00:53:22,790 --> 00:53:18,720

on skin marker ranch were

1364

00:53:24,630 --> 00:53:22,800

um were in general uh positive

1365

00:53:26,870 --> 00:53:24,640

mine too i mean i've said it before in

1366

00:53:28,950 --> 00:53:26,880

public that i always felt good there not

1367

00:53:31,349 --> 00:53:28,960

just uh reacting to the remarkable

1368

00:53:33,750 --> 00:53:31,359

beauty of the place but something extra

1369

00:53:35,910 --> 00:53:33,760

sort of energized remember

1370

00:53:38,390 --> 00:53:35,920

the first second or third time i met the

1371

00:53:40,390 --> 00:53:38,400

caretakers who spent all those years on

1372

00:53:41,829 --> 00:53:40,400

the property 24 7

1373

00:53:43,589 --> 00:53:41,839

they said the same thing you know it's

1374

00:53:45,670 --> 00:53:43,599

like i think it was my second or third

1375

00:53:48,309 --> 00:53:45,680

visit i said god i really feel good here

1376

00:53:50,150 --> 00:53:48,319

i i was i was afraid that it would seem

1377

00:53:51,510 --> 00:53:50,160

like i'm going against the grain given

1378

00:53:53,190 --> 00:53:51,520

all the weird things that had happened

1379

00:53:55,109 --> 00:53:53,200

on the property but then they told me

1380

00:53:57,990 --> 00:53:55,119

they get the same thing the the old

1381

00:53:59,589 --> 00:53:58,000

caretaker who was an elderly man was up

1382

00:54:01,589 --> 00:53:59,599

at the crack of dawn and work until

1383

00:54:03,349 --> 00:54:01,599

night and and couldn't get enough he he

1384

00:54:05,829 --> 00:54:03,359

had the same feeling that it kind of

1385

00:54:08,230 --> 00:54:05,839

energized him the the print property

1386

00:54:09,829 --> 00:54:08,240

seems to size you up uh different people

1387

00:54:11,910 --> 00:54:09,839

have different reactions and people who

1388

00:54:14,230 --> 00:54:11,920

come in with a a negative haughty

1389

00:54:15,910 --> 00:54:14,240

attitude who are uh trying to convince

1390

00:54:17,109 --> 00:54:15,920

themselves that they're not afraid

1391

00:54:19,750 --> 00:54:17,119

they're going to take it on their

1392

00:54:22,230 --> 00:54:19,760

strapping guns they seem to have

1393

00:54:24,549 --> 00:54:22,240

often the most intense and negative

1394

00:54:26,630 --> 00:54:24,559

experiences in general the ranch seems

1395

00:54:28,710 --> 00:54:26,640

to be benign

1396

00:54:31,349 --> 00:54:28,720

or at least indifferent to people but

1397

00:54:33,349 --> 00:54:31,359

sometimes it singles people out to give

1398

00:54:34,950 --> 00:54:33,359

them a little show and to send something

1399

00:54:36,470 --> 00:54:34,960

home with them and it often is the

1400

00:54:38,950 --> 00:54:36,480

people who are

1401

00:54:40,470 --> 00:54:38,960

toughest and and want to deny that

1402

00:54:43,349 --> 00:54:40,480

there's anything to it those are the

1403

00:54:45,270 --> 00:54:43,359

people that get hurt the most

1404

00:54:47,190 --> 00:54:45,280

it sounds like a little bit of karma and

1405

00:54:49,750 --> 00:54:47,200

some instances it comes comes into

1406

00:54:51,430 --> 00:54:49,760

effect um two more questions

1407

00:54:52,870 --> 00:54:51,440

you touched on this a little bit before

1408

00:54:55,510 --> 00:54:52,880

but i'd like to get your opinions on it

1409

00:54:57,750 --> 00:54:55,520

properly this is from charlie he wants

1410

00:54:59,990 --> 00:54:57,760

to know do you think that the phenomenon

1411

00:55:02,789 --> 00:55:00,000

experienced by the navy such as the tic

1412

00:55:07,349 --> 00:55:02,799

tac is related to the same phenomenon

1413

00:55:09,589 --> 00:55:07,359

being experienced at skinwalker ranch

1414

00:55:11,910 --> 00:55:09,599

well i i can tell you that the

1415

00:55:14,870 --> 00:55:11,920

the tic tac was a

1416

00:55:17,349 --> 00:55:14,880

uh you know a hard object it was it was

1417

00:55:19,910 --> 00:55:17,359

caught through multiple sensors

1418

00:55:23,349 --> 00:55:19,920

and so it was it was not a phantom it

1419

00:55:25,829 --> 00:55:23,359

was it was definitely a hard object on

1420

00:55:28,069 --> 00:55:25,839

skinwalker ranch um

1421

00:55:30,950 --> 00:55:28,079

we we we reported in hunt for the

1422

00:55:33,829 --> 00:55:30,960

skinwalker that the gorman family

1423

00:55:35,670 --> 00:55:33,839

had routine um interactions with these

1424

00:55:37,109 --> 00:55:35,680

so-called nuts and bolts

1425

00:55:37,990 --> 00:55:37,119

uh craft

1426

00:55:39,829 --> 00:55:38,000

um

1427

00:55:44,150 --> 00:55:39,839

i know that i personally had an

1428

00:55:46,950 --> 00:55:44,160

encounter or saw a uh what looked like

1429

00:55:50,309 --> 00:55:46,960

a low-flying jet fighter that came in

1430

00:55:51,349 --> 00:55:50,319

off over skinwalker ridge did a perfect

1431

00:55:54,870 --> 00:55:51,359

herp in

1432

00:55:57,030 --> 00:55:54,880

a turn above me completely silently this

1433

00:55:58,789 --> 00:55:57,040

was a at night but i could see the

1434

00:55:59,829 --> 00:55:58,799

structure behind the

1435

00:56:02,309 --> 00:55:59,839

um

1436

00:56:04,789 --> 00:56:02,319

behind the light and then it went north

1437

00:56:07,750 --> 00:56:04,799

back over skinwalker ridge that to me

1438

00:56:10,069 --> 00:56:07,760

looked like a an object jonathan axelrod

1439

00:56:12,230 --> 00:56:10,079

when he was on the ranch also took a

1440

00:56:14,789 --> 00:56:12,240

photograph of what looked like a

1441

00:56:17,510 --> 00:56:14,799

metallic syndra cylindrical object in

1442

00:56:19,829 --> 00:56:17,520

the sky and brandon fogle himself you

1443

00:56:22,710 --> 00:56:19,839

know the owner of the skinwalker ranch

1444

00:56:24,549 --> 00:56:22,720

had a daylight sighting of a metallic

1445

00:56:27,510 --> 00:56:24,559

object so

1446

00:56:29,349 --> 00:56:27,520

i would say that there's a central core

1447

00:56:32,069 --> 00:56:29,359

of nuts and bolts

1448

00:56:34,710 --> 00:56:32,079

craft that have been visually

1449

00:56:37,270 --> 00:56:34,720

um you know seen on on the skinwalker

1450

00:56:40,069 --> 00:56:37,280

ranch but layered on top of that there

1451
00:56:42,950 --> 00:56:40,079
is the paranormal disneyland there's the

1452
00:56:44,390 --> 00:56:42,960
all of the all of the different uh

1453
00:56:46,230 --> 00:56:44,400
objects

1454
00:56:49,430 --> 00:56:46,240
seem to co-locate

1455
00:56:50,789 --> 00:56:49,440
with paranormal phenomena at the same

1456
00:56:53,510 --> 00:56:50,799
time so

1457
00:56:55,990 --> 00:56:53,520
you know if you if you go into any other

1458
00:56:59,109 --> 00:56:56,000
so-called hotspot in the united states

1459
00:57:02,309 --> 00:56:59,119
for example dolce new mexico or yakima

1460
00:57:05,349 --> 00:57:02,319
washington crestone colorado or any of

1461
00:57:08,150 --> 00:57:05,359
the places out east even perm in russia

1462
00:57:10,230 --> 00:57:08,160
they have the same sort of phenomenon um

1463
00:57:13,750 --> 00:57:10,240

that you know you've got these nuts and

1464

00:57:15,109 --> 00:57:13,760

bolts objects that seem to co-locate at

1465

00:57:16,230 --> 00:57:15,119

the same time

1466

00:57:18,390 --> 00:57:16,240

with

1467

00:57:19,990 --> 00:57:18,400

unusual phenomena and these are all

1468

00:57:22,230 --> 00:57:20,000

those categories that i was talking

1469

00:57:23,589 --> 00:57:22,240

about earlier which we label human

1470

00:57:25,109 --> 00:57:23,599

effects

1471

00:57:27,270 --> 00:57:25,119

i mean you can make an obvious

1472

00:57:29,109 --> 00:57:27,280

comparison tic tac

1473

00:57:31,349 --> 00:57:29,119

and and the other craft that have been

1474

00:57:33,349 --> 00:57:31,359

investigated by atip yeah they're

1475

00:57:35,349 --> 00:57:33,359

similar to craft that have been seen

1476

00:57:37,270 --> 00:57:35,359

over the ranch but you don't know if

1477

00:57:39,109 --> 00:57:37,280

that's a distraction or not whether you

1478

00:57:41,510 --> 00:57:39,119

know i developed the idea that maybe

1479

00:57:43,910 --> 00:57:41,520

these ufos are like tinsel on a

1480

00:57:46,150 --> 00:57:43,920

christmas tree or or shiny objects to

1481

00:57:48,950 --> 00:57:46,160

get our attention and distract us from

1482

00:57:50,470 --> 00:57:48,960

the real big mystery if if asap had been

1483

00:57:52,630 --> 00:57:50,480

allowed to continue

1484

00:57:54,870 --> 00:57:52,640

we might have some answers by now uh but

1485

00:57:55,910 --> 00:57:54,880

we don't you know we we can guess what

1486

00:57:57,030 --> 00:57:55,920

we don't know

1487

00:57:59,270 --> 00:57:57,040

right

1488

00:58:00,950 --> 00:57:59,280

final question from logan uh thank you

1489

00:58:03,349 --> 00:58:00,960

both for your unbelievably hard and

1490

00:58:05,109 --> 00:58:03,359

relentless work all these years for both

1491

00:58:06,950 --> 00:58:05,119

of you what is the number one most

1492

00:58:10,470 --> 00:58:06,960

important reason for getting the truth

1493

00:58:12,309 --> 00:58:10,480

out and that's to george first

1494

00:58:14,230 --> 00:58:12,319

well i mean we want to know our place in

1495

00:58:17,430 --> 00:58:14,240

the universe we want to know our our

1496

00:58:19,270 --> 00:58:17,440

place on the food chain um

1497

00:58:21,349 --> 00:58:19,280

what is this intelligence that's been

1498

00:58:24,309 --> 00:58:21,359

interacting with us throughout history

1499

00:58:26,710 --> 00:58:24,319

does it affect uh human affairs on a

1500

00:58:29,190 --> 00:58:26,720

macro scale we can see on the micro

1501
00:58:31,430 --> 00:58:29,200
scale where it zips around and scares

1502
00:58:33,430 --> 00:58:31,440
the bejesus out of pilots and military

1503
00:58:35,030 --> 00:58:33,440
facilities and nuclear plant managers

1504
00:58:36,470 --> 00:58:35,040
and things of that we know that it

1505
00:58:38,630 --> 00:58:36,480
interacts with humans in very

1506
00:58:40,630 --> 00:58:38,640
frightening ways what we call abduction

1507
00:58:42,470 --> 00:58:40,640
and missing time experiences there have

1508
00:58:43,750 --> 00:58:42,480
been significant mental

1509
00:58:46,150 --> 00:58:43,760
uh

1510
00:58:48,789 --> 00:58:46,160
physical effects health effects as

1511
00:58:50,710 --> 00:58:48,799
documented in this book i mean it's it's

1512
00:58:53,190 --> 00:58:50,720
interacted with us for a long time but

1513
00:58:55,510 --> 00:58:53,200

at what level does it interact with us

1514

00:58:57,589 --> 00:58:55,520

and how much does it shape human affairs

1515

00:58:59,430 --> 00:58:57,599

on a a global scale

1516

00:59:01,829 --> 00:58:59,440

column has had some interesting thoughts

1517

00:59:03,510 --> 00:59:01,839

on this over the years but uh there's a

1518

00:59:05,430 --> 00:59:03,520

suspicion that maybe

1519

00:59:07,430 --> 00:59:05,440

you know what whatever is going on it's

1520

00:59:10,150 --> 00:59:07,440

in their interest not necessarily in our

1521

00:59:11,349 --> 00:59:10,160

interests and they might be manipulating

1522

00:59:13,270 --> 00:59:11,359

us

1523

00:59:15,430 --> 00:59:13,280

in ways that we cannot imagine and

1524

00:59:17,190 --> 00:59:15,440

they're not good for us so i think it's

1525

00:59:19,670 --> 00:59:17,200

essential to our survival to figure this

1526

00:59:22,630 --> 00:59:19,680

out

1527

00:59:25,030 --> 00:59:22,640

yeah i i think i i think from the

1528

00:59:26,230 --> 00:59:25,040

um just from the very narrow perspective

1529

00:59:28,710 --> 00:59:26,240

of the book

1530

00:59:31,270 --> 00:59:28,720

um i think the main reason that we

1531

00:59:33,829 --> 00:59:31,280

decided to to move this book out into

1532

00:59:35,430 --> 00:59:33,839

the public was that we'd we'd had

1533

00:59:37,990 --> 00:59:35,440

between december

1534

00:59:41,510 --> 00:59:38,000

uh 2017 when the new york times article

1535

00:59:44,309 --> 00:59:41,520

had reported on all of the uh what what

1536

00:59:47,750 --> 00:59:44,319

atip was doing and and the subsequent

1537

00:59:49,589 --> 00:59:47,760

four years i mean that really focused on

1538

00:59:52,309 --> 00:59:49,599

you know somewhere between two percent

1539

00:59:53,109 --> 00:59:52,319

and five percent of what assaf was doing

1540

00:59:57,109 --> 00:59:53,119

so

1541

00:59:59,270 --> 00:59:57,119

information in the book out was that we

1542

01:00:02,309 --> 00:59:59,280

wanted to correct the record and show

1543

01:00:05,109 --> 01:00:02,319

that asap was probably the broadest

1544

01:00:07,030 --> 01:00:05,119

scope largest ufo program

1545

01:00:08,309 --> 01:00:07,040

ever conducted by the united states

1546

01:00:10,950 --> 01:00:08,319

government

1547

01:00:13,589 --> 01:00:10,960

and certainly if you compare it against

1548

01:00:16,309 --> 01:00:13,599

project sign grudge and blue book that's

1549

01:00:19,270 --> 01:00:16,319

probably accurate um

1550

01:00:22,630 --> 01:00:19,280

so so the main motivation for doing that

1551

01:00:25,109 --> 01:00:22,640

was was to show people that osap was a

1552

01:00:28,549 --> 01:00:25,119

very successful program but it had

1553

01:00:30,309 --> 01:00:28,559

massive scope

1554

01:00:32,230 --> 01:00:30,319

thank you both of your time very much

1555

[Music]

1584

01:02:07,750 --> 01:02:06,069

i can't imagine how it could have been

01:02:29,829 --> 01:02:07,760

any better i got to the top of the

1586

01:02:34,720 --> 01:02:31,190

they thought this was noise they thought

1587

01:02:48,390 --> 01:02:43,960

[Music]

01:02:58,440 --> 01:02:48,400

[Music]

1592

01:03:42,870 --> 01:03:36,079

it wasn't a tic tac and not quite a

1593

01:03:42,880 --> 01:03:56,710

[Music]

1594

01:04:22,950 --> 01:03:58,670

it's
