00:00:21,029 --> 00:00:18,390
hi everyone and welcome to kg ra digital

rendell kicks off the show this week

00:00:28,870 --> 00:00:26,480
graham as an author researcher and also

9
00:00:32,870 --> 00:00:28,880
one of my friends and colleagues from

10
00:00:34,709 --> 00:00:32,880
uap media uk graham welcome to the show

11
00:00:35,670 --> 00:00:34,719
hello andy it's good good to be here

12
00:00:37,270 --> 00:00:35,680
thanks

13
00:00:39,990 --> 00:00:37,280

fantastic almost like we're doing this

14

00:00:41,750 --> 00:00:40,000

for the very first time isn't it uh and

15

00:00:43,430 --> 00:00:41,760

listen we're making a bit of a change

16

00:00:45,510 --> 00:00:43,440

and special treatment for you this week

17

00:00:47,350 --> 00:00:45,520

graham you are kicking off the show dan

18

00:00:49,029 --> 00:00:47,360

will be joining us after this interview

19

00:00:51,830 --> 00:00:49,039

and we'll break that down a little bit

20

00:00:53,990 --> 00:00:51,840

as well graham you have released a very

21

00:00:55,830 --> 00:00:54,000

popular book in the last couple of weeks

22

00:00:57,430 --> 00:00:55,840

online i'm going to hold up a copy of it

23

00:01:01,110 --> 00:00:57,440

here for those that may or may not have

24

00:01:02,549 --> 00:01:01,120

seen we have this absolute beauty look

25

00:01:04,229 --> 00:01:02,559

at the weight to that as well i like a

26

00:01:07,030 --> 00:01:04,239

weighty book

27

00:01:10,710 --> 00:01:07,040

um we have ufos before roswell european

28

00:01:11,990 --> 00:01:10,720

foo fighters 1940 to 1945. you get the

29

00:01:14,710 --> 00:01:12,000

four forward there by the wonderful

30

00:01:16,630 --> 00:01:14,720

master sean cahill as well

31

00:01:18,710 --> 00:01:16,640

graham before we get to discussing the

32

00:01:21,190 --> 00:01:18,720

book tell us a little bit about yourself

33

00:01:23,270 --> 00:01:21,200

and your interest in ufos

34

00:01:25,270 --> 00:01:23,280

yeah so i've been a aircraft enthusiast

35

00:01:27,590 --> 00:01:25,280

for about the last 45 years maybe even

36

00:01:29,830 --> 00:01:27,600

50 years getting on for now my mum used

37

00:01:31,510 --> 00:01:29,840

to buy me airfix kits of model aircraft

38

00:01:34,469 --> 00:01:31,520

when i was really young just to keep me

39

00:01:36,550 --> 00:01:34,479

quiet and my interest in aircraft went

40

00:01:38,950 --> 00:01:36,560

on from there i also had an interest in

41

00:01:41,270 --> 00:01:38,960

science fiction from an early age i got

42

00:01:43,270 --> 00:01:41,280

a ufo book because my mum thought it was

43

00:01:45,749 --> 00:01:43,280

a science fiction book uh turned out to

44

00:01:48,469 --> 00:01:45,759

be fact obviously so that's how i got

45

00:01:50,630 --> 00:01:48,479

kick-started into the world of ufos and

46

00:01:52,789 --> 00:01:50,640

um about the same time i was also

47

00:01:54,950 --> 00:01:52,799

interested in world war ii as well so i

48

00:01:57,270 --> 00:01:54,960

got an interest in german secret weapons

49

00:01:58,789 --> 00:01:57,280

all those three things came together um

50

00:02:00,789 --> 00:01:58,799

with this book

51
00:02:03,590 --> 00:02:00,799
and we discussed recently on one of our

52
00:02:05,030 --> 00:02:03,600
road trips to preston uh your your

53
00:02:06,870 --> 00:02:05,040
travels that you've been on and one of

54
00:02:08,790 --> 00:02:06,880
your previous books was based all around

55
00:02:10,869 --> 00:02:08,800
siberia wasn't it

56
00:02:12,229 --> 00:02:10,879
yeah that's right the first book i wrote

57
00:02:13,830 --> 00:02:12,239
back in february this year or the first

58
00:02:16,070 --> 00:02:13,840
one i released rather it was about my

59
00:02:17,390 --> 00:02:16,080
travels around northeastern siberia in

60
00:02:19,990 --> 00:02:17,400
june and july

61
00:02:22,229 --> 00:02:20,000
1992. so this was six months after the

62
00:02:24,229 --> 00:02:22,239
fall of the soviet union and it was a

63
00:02:26,710 --> 00:02:24,239

very very strange time when you could

64

00:02:28,470 --> 00:02:26,720

get round by bribing people basically um

65

00:02:31,350 --> 00:02:28,480

you know dodging bureaucracy and all the

66

00:02:33,910 --> 00:02:31,360

rest of it so i spent a few weeks going

67

00:02:35,910 --> 00:02:33,920

around a strange part of russia taking

68

00:02:38,790 --> 00:02:35,920

pictures of very very unusual aircraft

69

00:02:40,470 --> 00:02:38,800

and very very unusual polar settlements

70

00:02:42,710 --> 00:02:40,480

well hopefully that'll explain a little

71

00:02:44,949 --> 00:02:42,720

bit of why you've chosen to write a book

72

00:02:48,150 --> 00:02:44,959

based on events that happened now 80

73

00:02:49,830 --> 00:02:48,160

years ago and that's that's a lot of

74

00:02:51,830 --> 00:02:49,840

information for

75

00:02:53,750 --> 00:02:51,840

events that are so old essentially now

76

00:02:56,550 --> 00:02:53,760

given we're looking at so many events

77

00:02:57,990 --> 00:02:56,560

like the tic tac for 2004 and then

78

00:03:00,949 --> 00:02:58,000

obviously in nimitz princeton there's

79

00:03:03,270 --> 00:03:00,959

the uss omaha events and all this other

80

00:03:05,509 --> 00:03:03,280

stuff that's really modern what's got

81

00:03:07,350 --> 00:03:05,519

you writing the book based on events

82

00:03:09,270 --> 00:03:07,360

from way back when

83

00:03:10,949 --> 00:03:09,280

i've always had this kind of fixation

84

00:03:11,910 --> 00:03:10,959

with um

85

00:03:13,830 --> 00:03:11,920

why

86

00:03:16,550 --> 00:03:13,840

the modern ufology

87

00:03:19,110 --> 00:03:16,560

always seems to start in 1947. i used to

88

00:03:21,990 --> 00:03:19,120

read books back in the 70s and the 1980s

89

00:03:23,509 --> 00:03:22,000

where you you'd see the chronology of um

90

00:03:25,750 --> 00:03:23,519

you'd have the mystery airships in the

91

00:03:28,070 --> 00:03:25,760

1890s you'd have the ghost aircraft in

92

00:03:29,670 --> 00:03:28,080

the 1920s and 30s and then they'd just

93

00:03:32,470 --> 00:03:29,680

skip over world war ii straight to the

94

00:03:34,869 --> 00:03:32,480

ghost rockets of 1946 and to kenneth

95

00:03:36,390 --> 00:03:34,879

arnold and roswell 1947 and there was

96

00:03:37,910 --> 00:03:36,400

always this period of time which i was

97

00:03:39,509 --> 00:03:37,920

really interested in world war ii and it

98

00:03:41,030 --> 00:03:39,519

was like well where are the reports from

99

00:03:42,070 --> 00:03:41,040

there you know there were lots of people

100

00:03:44,070 --> 00:03:42,080

around

101
00:03:45,830 --> 00:03:44,080
um you know lots of kind of detection

102
00:03:47,589 --> 00:03:45,840
equipment radar you know people just

103
00:03:48,710 --> 00:03:47,599
look watching the skies so why weren't

104
00:03:51,110 --> 00:03:48,720
they saying things why aren't these

105
00:03:54,390 --> 00:03:51,120
things being recorded so when i started

106
00:03:56,789 --> 00:03:54,400
to hear back then a few stories

107
00:03:58,869 --> 00:03:56,799
that's really picked my interest and as

108
00:04:00,309 --> 00:03:58,879
time's gone on i've found a few more and

109
00:04:02,070 --> 00:04:00,319
a few more and i got the point where i

110
00:04:05,110 --> 00:04:02,080
just wanted to dig in and try and find

111
00:04:06,869 --> 00:04:05,120
stories which hadn't been told before um

112
00:04:08,390 --> 00:04:06,879
and that's where the books basically

113
00:04:10,149 --> 00:04:08,400

resulted from

114

00:04:12,309 --> 00:04:10,159

why do you think that was you mentioned

115

00:04:14,949 --> 00:04:12,319

going back to the late kind of 1800s the

116

00:04:16,789 --> 00:04:14,959

mystery airships and then obviously we

117

00:04:19,590 --> 00:04:16,799

had another world war just at the start

118

00:04:20,949 --> 00:04:19,600

of the the 1900s why do you think there

119

00:04:23,590 --> 00:04:20,959

was that gap

120

00:04:26,150 --> 00:04:23,600

that jumped to roswell basically

121

00:04:27,830 --> 00:04:26,160

the gap basically stems from

122

00:04:29,670 --> 00:04:27,840

a kind of false assumption if you like

123

00:04:31,909 --> 00:04:29,680

that the the foo fight was only a very

124

00:04:33,430 --> 00:04:31,919

very limited phenomenon so and it only

125

00:04:36,870 --> 00:04:33,440

appeared over a very short period of

126
00:04:38,790 --> 00:04:36,880
time in very specific areas of europe uh

127
00:04:40,070 --> 00:04:38,800
and the pacific and that's down to a

128
00:04:41,749 --> 00:04:40,080
basically a magazine article that

129
00:04:44,710 --> 00:04:41,759
appeared in a forces newspaper at the

130
00:04:47,590 --> 00:04:44,720
end of 1945 and it had a very small list

131
00:04:49,590 --> 00:04:47,600
of cases from one particular squad

132
00:04:51,670 --> 00:04:49,600
squadron based in france in in the over

133
00:04:53,510 --> 00:04:51,680
the winter of 4445

134
00:04:55,270 --> 00:04:53,520
and that's mostly where you know that

135
00:04:57,110 --> 00:04:55,280
was the sum total of the information on

136
00:04:59,270 --> 00:04:57,120
the foo fighters plus a couple of cases

137
00:05:01,990 --> 00:04:59,280
from the pacific and one during the day

138
00:05:05,029 --> 00:05:02,000

um or the daytime raids over germany and

139

00:05:06,550 --> 00:05:05,039

that was it for so for about 50 years

140

00:05:08,550 --> 00:05:06,560

with a with the exception of maybe a

141

00:05:10,310 --> 00:05:08,560

couple of other cases that was your sum

142

00:05:11,909 --> 00:05:10,320

total of knowledge on the foo fighters

143

00:05:14,230 --> 00:05:11,919

so no wonder a lot of authors and

144

00:05:17,670 --> 00:05:14,240

researchers over that 50-year period

145

00:05:18,790 --> 00:05:17,680

from 45 up to 1995 just give it a miss

146

00:05:20,550 --> 00:05:18,800

basically and just thought it's not

147

00:05:22,550 --> 00:05:20,560

worth bothering with we'll look at much

148

00:05:25,749 --> 00:05:22,560

more you know sexy cases from the 50s

149

00:05:27,110 --> 00:05:25,759

60s 70s 80s because they demand our time

150

00:05:29,029 --> 00:05:27,120

this is just something you know that's

151

00:05:31,909 --> 00:05:29,039

not worth bothering with

152

00:05:32,629 --> 00:05:31,919

was it a difficult time for for anyone

153

00:05:35,350 --> 00:05:32,639

to

154

00:05:38,070 --> 00:05:35,360

identify anything anomalous potentially

155

00:05:40,310 --> 00:05:38,080

in the sky given the sky itself was

156

00:05:43,189 --> 00:05:40,320

filled with german aircraft russian

157

00:05:45,990 --> 00:05:43,199

aircraft us american aircraft

158

00:05:47,830 --> 00:05:46,000

all types of rockets and bombs going off

159

00:05:50,629 --> 00:05:47,840

how does how does one of the time

160

00:05:52,230 --> 00:05:50,639

associate something like a ufo

161

00:05:54,070 --> 00:05:52,240

that could potentially just be some kind

162

00:05:55,189 --> 00:05:54,080

of german rocket

163

00:05:56,790 --> 00:05:55,199

so

164

00:05:58,469 --> 00:05:56,800

all air crew when they were going

165

00:06:00,469 --> 00:05:58,479

through the basic training

166

00:06:02,309 --> 00:06:00,479

used to get aircraft recognition lessons

167

00:06:03,670 --> 00:06:02,319

it was part of the ground lectures that

168

00:06:04,710 --> 00:06:03,680

were given you if they were going to be

169

00:06:06,469 --> 00:06:04,720

a pilot or they were going to be a

170

00:06:07,670 --> 00:06:06,479

navigator or a gunner it didn't matter

171

00:06:09,670 --> 00:06:07,680

who you were going to be

172

00:06:11,590 --> 00:06:09,680

in the air you still got the same kind

173

00:06:13,510 --> 00:06:11,600

of knowledge and then of course your

174

00:06:15,270 --> 00:06:13,520

experience was you know you gained

175

00:06:16,629 --> 00:06:15,280

experience mission after mission after

176

00:06:17,830 --> 00:06:16,639

mission provided you get shot down or

177

00:06:20,150 --> 00:06:17,840

killed of course

178

00:06:21,909 --> 00:06:20,160

and after a few you know hours in the

179

00:06:23,749 --> 00:06:21,919

air you got to know what was happening

180

00:06:26,309 --> 00:06:23,759

up there so you could see the type of

181

00:06:27,909 --> 00:06:26,319

targeting flares that your own side used

182

00:06:30,070 --> 00:06:27,919

to mark targets over germany the

183

00:06:32,070 --> 00:06:30,080

different kind of green you know white

184

00:06:34,469 --> 00:06:32,080

yellow red flares that they used but the

185

00:06:36,309 --> 00:06:34,479

germans used decoy ones as well and they

186

00:06:38,469 --> 00:06:36,319

they got to know what they look like and

187

00:06:40,710 --> 00:06:38,479

of course night fighters when they were

188

00:06:42,550 --> 00:06:40,720

um seen by the gunners they got to know

189

00:06:45,029 --> 00:06:42,560

fairly quickly what they looked like as

190

00:06:46,870 --> 00:06:45,039

well because it was fairly obvious an

191

00:06:49,589 --> 00:06:46,880

aircraft coming firing tracer rounds at

192

00:06:51,510 --> 00:06:49,599

you it looked like an aircraft firing

193

00:06:52,870 --> 00:06:51,520

bullets that you basically um and then

194

00:06:55,189 --> 00:06:52,880

of course there were also other types of

195

00:06:57,270 --> 00:06:55,199

flares decoys and other things that were

196

00:06:58,950 --> 00:06:57,280

seen that they did get to know what

197

00:07:00,550 --> 00:06:58,960

these things were but

198

00:07:02,309 --> 00:07:00,560

also hand in hand with these were the

199

00:07:03,749 --> 00:07:02,319

things that didn't register and they

200

00:07:05,350 --> 00:07:03,759

didn't look like flares they didn't look

201
00:07:07,029 --> 00:07:05,360
like aircraft they just didn't look like

202
00:07:08,469 --> 00:07:07,039
anything on earth basically and these

203
00:07:09,749 --> 00:07:08,479
are the things that i talk about from

204
00:07:11,830 --> 00:07:09,759
the book

205
00:07:14,390 --> 00:07:11,840
now at the time we're looking a time

206
00:07:17,510 --> 00:07:14,400
before roswell before the flying saucer

207
00:07:20,629 --> 00:07:17,520
flap what was the general consensus when

208
00:07:22,309 --> 00:07:20,639
it came to to ufos flying saucers from

209
00:07:24,790 --> 00:07:22,319
other planets

210
00:07:28,790 --> 00:07:24,800
so those words weren't in the lexicon in

211
00:07:30,790 --> 00:07:28,800
1942 1943 4445 those things were still

212
00:07:34,230 --> 00:07:30,800
three or four years in the future

213
00:07:35,830 --> 00:07:34,240

everything back then was the expectation

214

00:07:37,990 --> 00:07:35,840

that the germans were going to introduce

215

00:07:39,909 --> 00:07:38,000

some kind of new secret weapon and you

216

00:07:41,909 --> 00:07:39,919

know these flare these kind of lights

217

00:07:43,909 --> 00:07:41,919

and these objects that were being seen

218

00:07:46,309 --> 00:07:43,919

that's what they thought they were and

219

00:07:47,990 --> 00:07:46,319

they had um analysis and they were doing

220

00:07:49,589 --> 00:07:48,000

lots of work behind the scenes to try

221

00:07:50,950 --> 00:07:49,599

and work out what these things were but

222

00:07:52,309 --> 00:07:50,960

of course they were doing that in other

223

00:07:53,990 --> 00:07:52,319

fields as well so

224

00:07:56,150 --> 00:07:54,000

when they got to know about the v1

225

00:07:57,990 --> 00:07:56,160

flying bomber the v2 rocket they were

226

00:07:59,670 --> 00:07:58,000

looking for information about those as

227

00:08:01,350 --> 00:07:59,680

well and of course about german jets and

228

00:08:03,589 --> 00:08:01,360

other types of aircraft and guns and

229

00:08:04,950 --> 00:08:03,599

rock and you know ships everything

230

00:08:06,790 --> 00:08:04,960

anything you can think of they were

231

00:08:08,150 --> 00:08:06,800

always looking for new information on

232

00:08:09,830 --> 00:08:08,160

these things before they were put into

233

00:08:10,790 --> 00:08:09,840

service but these things were something

234

00:08:12,469 --> 00:08:10,800

different because it didn't have

235

00:08:13,990 --> 00:08:12,479

anything tangible they didn't have any

236

00:08:15,350 --> 00:08:14,000

bits they didn't know any wreckage

237

00:08:17,029 --> 00:08:15,360

didn't have any intelligence reports

238

00:08:18,790 --> 00:08:17,039

from people in the field from secret

239

00:08:20,390 --> 00:08:18,800

agents people taking pictures of

240

00:08:21,990 --> 00:08:20,400

installations all the rest of it that

241

00:08:24,150 --> 00:08:22,000

happened with all these other things

242

00:08:25,749 --> 00:08:24,160

this was something completely different

243

00:08:27,909 --> 00:08:25,759

and that made it much more difficult to

244

00:08:29,830 --> 00:08:27,919

try and work out what was going on

245

00:08:32,230 --> 00:08:29,840

now i'm lucky i've got my copy of the

246

00:08:34,230 --> 00:08:32,240

book obviously i have seen you do a

247

00:08:36,230 --> 00:08:34,240

fantastic presentation recently at the

248

00:08:37,909 --> 00:08:36,240

minicon in preston where you went

249

00:08:39,990 --> 00:08:37,919

through lots of various aspects of the

250

00:08:41,509 --> 00:08:40,000

book and and why you came to some of the

251

00:08:43,509 --> 00:08:41,519

conclusions you did

252

00:08:45,030 --> 00:08:43,519

are there any standout cases you could

253

00:08:46,470 --> 00:08:45,040

discuss without going into too much

254

00:08:48,310 --> 00:08:46,480

detail i don't want you to spoil the

255

00:08:50,310 --> 00:08:48,320

book for people but any particular

256

00:08:52,070 --> 00:08:50,320

favorite cases from the book

257

00:08:54,470 --> 00:08:52,080

yeah i mean the front cover that which

258

00:08:56,310 --> 00:08:54,480

is expertly designed uh by danzetta's

259

00:08:57,910 --> 00:08:56,320

room your colleague and also olaf

260

00:08:59,430 --> 00:08:57,920

rockner in sweden

261

00:09:01,269 --> 00:08:59,440

that that's the one there that you're

262

00:09:04,710 --> 00:09:01,279

showing there the uh the wellington

263

00:09:07,030 --> 00:09:04,720

bomber uh this is a march 1942 case so

264

00:09:09,509 --> 00:09:07,040

we're setting the the the timetable like

265

00:09:11,030 --> 00:09:09,519

two two and a half years before what was

266

00:09:13,430 --> 00:09:11,040

the accepted wisdom for the start of the

267

00:09:15,190 --> 00:09:13,440

foo fighters which is the end of 1944.

268

00:09:17,030 --> 00:09:15,200

um now this was actually a bombing raid

269

00:09:18,630 --> 00:09:17,040

to essen in germany and the aircraft was

270

00:09:20,230 --> 00:09:18,640

coming back it was a polish crude

271

00:09:21,110 --> 00:09:20,240

wellington bomber from the royal air

272

00:09:23,269 --> 00:09:21,120

force

273

00:09:25,829 --> 00:09:23,279

and this copper-colored disk kind of

274

00:09:27,670 --> 00:09:25,839

light came up behind them the rear

275

00:09:28,870 --> 00:09:27,680

gunner was told to open fire on it

276

00:09:30,630 --> 00:09:28,880

because the thought was a german night

277

00:09:32,630 --> 00:09:30,640

fighter but the bullets went into this

278

00:09:34,389 --> 00:09:32,640

thing and nothing happened it wasn't

279

00:09:36,389 --> 00:09:34,399

shot down it wasn't damaged didn't catch

280

00:09:38,070 --> 00:09:36,399

fire it just sat there and absorbed the

281

00:09:39,750 --> 00:09:38,080

bullets for one of the better phrase

282

00:09:41,990 --> 00:09:39,760

because it didn't do anything

283

00:09:43,750 --> 00:09:42,000

and then after a little while it flew

284

00:09:45,750 --> 00:09:43,760

around to the to the wing tip of the

285

00:09:47,590 --> 00:09:45,760

aircraft of the those two engine this

286

00:09:48,630 --> 00:09:47,600

twin engine bomber and sat there for a

287

00:09:50,470 --> 00:09:48,640

bit

288

00:09:52,790 --> 00:09:50,480

as they were flying along and of course

289

00:09:54,389 --> 00:09:52,800

the the net that at that point the nose

290

00:09:57,190 --> 00:09:54,399

gunner could actually open fire on it as

291

00:09:58,710 --> 00:09:57,200

well so at one stage the two turrets

292

00:10:00,389 --> 00:09:58,720

that the tail turret and the nose turret

293

00:10:02,470 --> 00:10:00,399

were actually opening fire on this light

294

00:10:03,910 --> 00:10:02,480

again to no avail then it moved around

295

00:10:05,430 --> 00:10:03,920

to a position

296

00:10:06,790 --> 00:10:05,440

in front of the bomber and just sat

297

00:10:07,750 --> 00:10:06,800

there as the bomber was flying through

298

00:10:09,910 --> 00:10:07,760

the sky

299

00:10:12,389 --> 00:10:09,920

um maintaining station a few hundred

300

00:10:14,230 --> 00:10:12,399

feet a hundred feet of yards off the the

301
00:10:16,470 --> 00:10:14,240
nose and then after a while it just shot

302
00:10:18,470 --> 00:10:16,480
off in the distance and never seen again

303
00:10:20,790 --> 00:10:18,480
the crew behind the aircraft concerned

304
00:10:23,269 --> 00:10:20,800
had also seen this light but they didn't

305
00:10:24,870 --> 00:10:23,279
want to report it um and of course when

306
00:10:26,870 --> 00:10:24,880
they got back to base this particular

307
00:10:29,430 --> 00:10:26,880
crew when they tried to report it to the

308
00:10:30,710 --> 00:10:29,440
intelligence officers they were asked

309
00:10:33,190 --> 00:10:30,720
were you drinking because that was a

310
00:10:34,630 --> 00:10:33,200
standard you know um sort of reply to

311
00:10:35,280 --> 00:10:34,640
when people said i've seen something

312
00:10:36,550 --> 00:10:35,290
anomalous

313
00:10:39,350 --> 00:10:36,560

[Music]

314

00:10:41,829 --> 00:10:39,360

now do you think all of these events

315

00:10:44,310 --> 00:10:41,839

were linked when we say the foo fighters

316

00:10:46,150 --> 00:10:44,320

were just describing anomalous lights in

317

00:10:47,990 --> 00:10:46,160

the sky that had a range of various

318

00:10:50,470 --> 00:10:48,000

movements and behaviors that we couldn't

319

00:10:51,590 --> 00:10:50,480

associate with a a normal aircraft of

320

00:10:53,430 --> 00:10:51,600

the time

321

00:10:55,590 --> 00:10:53,440

do you think we were seeing one in the

322

00:10:58,150 --> 00:10:55,600

same thing spread over various different

323

00:10:59,509 --> 00:10:58,160

countries or are we seeing a range of

324

00:11:00,870 --> 00:10:59,519

phenomena

325

00:11:03,030 --> 00:11:00,880

there's certainly a range involved

326

00:11:05,269 --> 00:11:03,040

because the lights are only a very small

327

00:11:07,190 --> 00:11:05,279

part of the overall you know strangeness

328

00:11:08,710 --> 00:11:07,200

that happened during world war ii if you

329

00:11:10,710 --> 00:11:08,720

look at a lot of the sightings during

330

00:11:13,190 --> 00:11:10,720

the day that it involved the american

331

00:11:15,190 --> 00:11:13,200

bomber crews flying over germany they

332

00:11:18,470 --> 00:11:15,200

were reporting things that were called

333

00:11:20,069 --> 00:11:18,480

swarms of bees or cottonwood balls and

334

00:11:21,829 --> 00:11:20,079

some other really strange things which i

335

00:11:23,670 --> 00:11:21,839

go into in detail in the book but that's

336

00:11:25,590 --> 00:11:23,680

all based on intelligence reports things

337

00:11:26,710 --> 00:11:25,600

were actually quoted in in official

338

00:11:28,790 --> 00:11:26,720

reports that went up the chain of

339

00:11:30,069 --> 00:11:28,800

command but then you go to places like

340

00:11:31,430 --> 00:11:30,079

russia and there was a case about

341

00:11:33,829 --> 00:11:31,440

something that looked like what it was

342

00:11:36,150 --> 00:11:33,839

described as an upturned bathtub

343

00:11:37,829 --> 00:11:36,160

so there's there's a whole kind of range

344

00:11:40,230 --> 00:11:37,839

of things involved different sizes there

345

00:11:42,310 --> 00:11:40,240

were aerial torpedoes that were 200 foot

346

00:11:44,230 --> 00:11:42,320

long they were described with portals

347

00:11:46,150 --> 00:11:44,240

along the side and that's another case

348

00:11:47,750 --> 00:11:46,160

so you know you name it it's probably

349

00:11:49,509 --> 00:11:47,760

you know it's in there somewhere in

350

00:11:51,430 --> 00:11:49,519

terms of the list of sightings during

351

00:11:53,750 --> 00:11:51,440

world war ii so you're looking at a kind

352

00:11:56,550 --> 00:11:53,760

of microcosm of what happened for the

353

00:11:58,230 --> 00:11:56,560

next you know 50 60 70 80 years because

354

00:12:00,069 --> 00:11:58,240

all the things that happened afterwards

355

00:12:03,110 --> 00:12:00,079

there's all shapes and sizes colored

356

00:12:04,870 --> 00:12:03,120

lights different types of objects sizes

357

00:12:07,269 --> 00:12:04,880

shapes well that all happened during the

358

00:12:08,870 --> 00:12:07,279

war as well so yeah it's possibly the

359

00:12:10,949 --> 00:12:08,880

same thing i can't say it is for

360

00:12:12,389 --> 00:12:10,959

definite but you know if you look at it

361

00:12:13,829 --> 00:12:12,399

in the round then it certainly seems to

362

00:12:15,509 --> 00:12:13,839

be that way

363

00:12:16,790 --> 00:12:15,519

i think it's a really interesting time

364

00:12:17,990 --> 00:12:16,800

and some of the stuff i've picked up

365

00:12:19,670 --> 00:12:18,000

from the book like you see those

366

00:12:22,389 --> 00:12:19,680

different descriptions

367

00:12:23,670 --> 00:12:22,399

it's from a place where like you see

368

00:12:25,990 --> 00:12:23,680

ufos

369

00:12:27,829 --> 00:12:26,000

flying saucers flying discs weren't in

370

00:12:30,230 --> 00:12:27,839

the language went on the lexicon as you

371

00:12:31,990 --> 00:12:30,240

said so it was very much down to the

372

00:12:33,670 --> 00:12:32,000

individual's interpretation of what they

373

00:12:34,949 --> 00:12:33,680

were seeing which is where you can get

374

00:12:37,190 --> 00:12:34,959

all these weird and wonderful

375

00:12:38,949 --> 00:12:37,200

descriptions from like before there was

376

00:12:40,629 --> 00:12:38,959

the color blue you know how would you

377

00:12:42,949 --> 00:12:40,639

describe blue it would be open to you

378

00:12:44,470 --> 00:12:42,959

know how you decided what it was and i

379

00:12:46,069 --> 00:12:44,480

think that that's what's really

380

00:12:47,269 --> 00:12:46,079

interesting that a lot of these

381

00:12:49,269 --> 00:12:47,279

individuals

382

00:12:50,790 --> 00:12:49,279

didn't have that preconceived notion

383

00:12:52,470 --> 00:12:50,800

that there wasn't a lot of science

384

00:12:54,629 --> 00:12:52,480

fiction was there out and about for

385

00:12:56,310 --> 00:12:54,639

people to read and pick up to put into

386

00:12:57,750 --> 00:12:56,320

their minds that well it's probably

387

00:13:00,230 --> 00:12:57,760

aliens or probably some sort of

388

00:13:02,150 --> 00:13:00,240

spacecraft is that fair to say

389

00:13:04,069 --> 00:13:02,160

it is because if you look at if you

390

00:13:05,990 --> 00:13:04,079

chart the the names that you use for

391

00:13:07,829 --> 00:13:06,000

this phenomenon or the things that we're

392

00:13:09,829 --> 00:13:07,839

seeing that actually changed over time

393

00:13:11,750 --> 00:13:09,839

as well because the original reports

394

00:13:13,990 --> 00:13:11,760

when you see from about 1942 when they

395

00:13:15,350 --> 00:13:14,000

started doing analysis on the things

396

00:13:17,190 --> 00:13:15,360

that were following the aircraft at

397

00:13:18,629 --> 00:13:17,200

night they were just called lights and

398

00:13:21,269 --> 00:13:18,639

the raf air crew actually called them

399

00:13:23,509 --> 00:13:21,279

either the light or the thing but then

400

00:13:24,710 --> 00:13:23,519

as the war progressed and they started

401
00:13:25,910 --> 00:13:24,720
getting cases of things that were

402
00:13:28,150 --> 00:13:25,920
zig-zagging through the skies and

403
00:13:30,150 --> 00:13:28,160
chasing aircraft they became called

404
00:13:31,750 --> 00:13:30,160
rockets because they were expecting the

405
00:13:34,150 --> 00:13:31,760
germans to be fielding anti-aircraft

406
00:13:35,110 --> 00:13:34,160
rockets and other types of rockets um

407
00:13:36,230 --> 00:13:35,120
and then

408
00:13:37,990 --> 00:13:36,240
when they thought that we're going to be

409
00:13:39,509 --> 00:13:38,000
fielding jets later on which actually

410
00:13:42,710 --> 00:13:39,519
happened much later than the reports

411
00:13:44,389 --> 00:13:42,720
that um that i have in the book suggest

412
00:13:46,150 --> 00:13:44,399
the they should call them start calling

413
00:13:47,750 --> 00:13:46,160

them mystery jets and they start to call

414

00:13:49,189 --> 00:13:47,760

them specific types of jets even though

415

00:13:51,189 --> 00:13:49,199

these jets hadn't been fielded by the

416

00:13:53,829 --> 00:13:51,199

luftwaffe at the particular time these

417

00:13:55,590 --> 00:13:53,839

reports were being made so it's it you

418

00:13:56,389 --> 00:13:55,600

can you can chart the progress of the

419

00:13:58,629 --> 00:13:56,399

name

420

00:14:00,310 --> 00:13:58,639

just how it changes through the years

421

00:14:02,069 --> 00:14:00,320

and that's you know that's quite telling

422

00:14:03,910 --> 00:14:02,079

as well because that shows that there's

423

00:14:05,829 --> 00:14:03,920

no preconceived idea or there must be

424

00:14:07,670 --> 00:14:05,839

aliens there must be flying sources

425

00:14:09,509 --> 00:14:07,680

again these these words weren't you know

426

00:14:10,550 --> 00:14:09,519

in in their in their kind of like data

427

00:14:12,310 --> 00:14:10,560

set you know it was just something that

428

00:14:15,110 --> 00:14:12,320

was going to happen in the future

429

00:14:16,629 --> 00:14:15,120

those words now are in the data set and

430

00:14:17,990 --> 00:14:16,639

with the benefit of 80 years of

431

00:14:21,750 --> 00:14:18,000

hindsight graham

432

00:14:23,350 --> 00:14:21,760

what do you think the food fighters were

433

00:14:25,670 --> 00:14:23,360

i can't sit here and tell you that andy

434

00:14:27,350 --> 00:14:25,680

because i have no idea all i can sort of

435

00:14:29,430 --> 00:14:27,360

believe is that there were the exact

436

00:14:32,150 --> 00:14:29,440

same thing that people started seeing in

437

00:14:34,470 --> 00:14:32,160

the late 40s and onwards i just think

438

00:14:36,870 --> 00:14:34,480

to say that the modern ufology started

439

00:14:39,030 --> 00:14:36,880

in 1947. i think that's possibly

440

00:14:40,710 --> 00:14:39,040

inaccurate i think it started earlier

441

00:14:42,710 --> 00:14:40,720

and these were the early maybe one of

442

00:14:44,150 --> 00:14:42,720

the earliest representations of the

443

00:14:46,629 --> 00:14:44,160

things that we're seeing you know we're

444

00:14:49,269 --> 00:14:46,639

seeing even today just over the last 80

445

00:14:51,430 --> 00:14:49,279

years um so that's that's why i thought

446

00:14:53,910 --> 00:14:51,440

this book was important it just shows

447

00:14:55,990 --> 00:14:53,920

people that you know 1947 wasn't the

448

00:14:57,910 --> 00:14:56,000

start of everything it might have been

449

00:14:59,750 --> 00:14:57,920

like a milestone for a lot of people but

450

00:15:01,269 --> 00:14:59,760

i think you should you know push that

451
00:15:03,350 --> 00:15:01,279
history a little bit further back by a

452
00:15:05,269 --> 00:15:03,360
few years at least because there's a lot

453
00:15:06,629 --> 00:15:05,279
going on during the war

454
00:15:08,470 --> 00:15:06,639
and what do you think graham just to

455
00:15:12,150 --> 00:15:08,480
wrap up the chances are some of the

456
00:15:14,710 --> 00:15:12,160
craft scene where secret weapons made

457
00:15:16,550 --> 00:15:14,720
more than likely by the germans

458
00:15:18,949 --> 00:15:16,560
i've looked into that quite deeply in

459
00:15:20,790 --> 00:15:18,959
the book and one of the aims in terms of

460
00:15:22,790 --> 00:15:20,800
the book was not only to give people an

461
00:15:24,310 --> 00:15:22,800
idea of the scale and

462
00:15:25,910 --> 00:15:24,320
the geographic and the time scale during

463
00:15:27,590 --> 00:15:25,920

the war about all these sightings it was

464

00:15:29,269 --> 00:15:27,600

actually to knock on the head some of

465

00:15:31,189 --> 00:15:29,279

the kind of myths about what the foo

466

00:15:33,030 --> 00:15:31,199

fighters were because if you look at the

467

00:15:34,870 --> 00:15:33,040

internet and you you read you know a lot

468

00:15:37,030 --> 00:15:34,880

of things you'll see that they're

469

00:15:39,590 --> 00:15:37,040

written off as v1 flying bombs or v2

470

00:15:42,389 --> 00:15:39,600

rockets or different types of german um

471

00:15:44,710 --> 00:15:42,399

jet fighter or rocket fighter now those

472

00:15:46,150 --> 00:15:44,720

can't have been the foo fighters for a

473

00:15:47,990 --> 00:15:46,160

variety of reasons which i haven't got

474

00:15:49,350 --> 00:15:48,000

time to go into now but if people read

475

00:15:50,949 --> 00:15:49,360

the book you'll see that the reasoning

476

00:15:53,749 --> 00:15:50,959

that i come up with and it's usually

477

00:15:55,269 --> 00:15:53,759

down to geography and times and just the

478

00:15:57,030 --> 00:15:55,279

fact that the germans weren't actually

479

00:15:58,550 --> 00:15:57,040

as far forward with a lot of things like

480

00:16:00,710 --> 00:15:58,560

anti-aircraft rockets than a lot of

481

00:16:02,470 --> 00:16:00,720

people think they were and sometimes the

482

00:16:04,230 --> 00:16:02,480

people give the germans too much credit

483

00:16:05,030 --> 00:16:04,240

for some of the secret weapons because

484

00:16:06,470 --> 00:16:05,040

actually

485

00:16:08,550 --> 00:16:06,480

they had a lot of things that they

486

00:16:10,870 --> 00:16:08,560

designed but putting them into practice

487

00:16:11,990 --> 00:16:10,880

was another thing entirely

488

00:16:14,069 --> 00:16:12,000

well graeme i think you've done a

489

00:16:16,470 --> 00:16:14,079

wonderful job in wrestling back the term

490

00:16:18,790 --> 00:16:16,480

foo fighter from a certain mr dave grohl

491

00:16:20,870 --> 00:16:18,800

so if people want to go and check ufos

492

00:16:23,829 --> 00:16:20,880

before roswell european foo fighters

493

00:16:26,790 --> 00:16:23,839

1940 to 1945 and like i said you get

494

00:16:28,790 --> 00:16:26,800

that wonderful forward by mr sean cahill

495

00:16:30,389 --> 00:16:28,800

and there as well graham how can people

496

00:16:32,150 --> 00:16:30,399

follow you and how can they get a hold

497

00:16:35,269 --> 00:16:32,160

of the book as well

498

00:16:37,509 --> 00:16:35,279

so my twitter handle is at border 750

499

00:16:39,110 --> 00:16:37,519

between 1940 and 1945 some really

549

00:18:23,350 --> 00:18:22,000

interesting stuff very well researched

550

00:18:26,789 --> 00:18:23,360

as well

551

00:18:29,830 --> 00:18:26,799

that book is set down just before 1947

552

00:18:32,950 --> 00:18:29,840

and as we know roswell happened one of

553

00:18:35,590 --> 00:18:32,960

the most probably the most famous crash

554

00:18:37,909 --> 00:18:35,600

or reported crash of a ufo of all time

555

00:18:39,430 --> 00:18:37,919

and as crash retrieval week so we wanted

556

00:18:41,510 --> 00:18:39,440

to make sure as part of crash retrieval

557

00:18:44,070 --> 00:18:41,520

week we were covering it as thoroughly

558

00:18:46,470 --> 00:18:44,080

as possible for the show our friend

559

00:18:48,470 --> 00:18:46,480

james ian doley who is well known for

560

00:18:49,669 --> 00:18:48,480

his podcast engaging the phenomenon and

561

00:18:52,230 --> 00:18:49,679

his youtube channel make sure you're

562

00:18:54,070 --> 00:18:52,240

checking that out and also meta

563

00:18:56,710 --> 00:18:54,080

perspective now as well where he speaks

564

00:18:58,070 --> 00:18:56,720

to a kind of it's a bit more esoteric so

565

00:19:00,630 --> 00:18:58,080

if you're a little bit more leaning

566

00:19:02,789 --> 00:19:00,640

towards the woo i'd really recommend it

567

00:19:04,870 --> 00:19:02,799

cool yeah and yep there's definitely a

568

00:19:07,029 --> 00:19:04,880

new pod there too he's just on his

569

00:19:09,270 --> 00:19:07,039

appearance on unidentified celebrity

570

00:19:11,110 --> 00:19:09,280

review a couple of nights ago as well so

571

00:19:13,590 --> 00:19:11,120

go back and check that out and thanks to

572

00:19:15,590 --> 00:19:13,600

louise michael and rather b who are on

573

00:19:18,150 --> 00:19:15,600

just before us on kgre if you're

574

00:19:19,909 --> 00:19:18,160

catching this one at premieres as well

575

00:19:21,990 --> 00:19:19,919

um so yeah crash retrieval week was

576

00:19:24,470 --> 00:19:22,000

james's idea just to get people talking

577

00:19:25,990 --> 00:19:24,480

given all the the the nuggets that have

578

00:19:27,830 --> 00:19:26,000

been dropped into the news over the last

579

00:19:29,430 --> 00:19:27,840

couple of months and loyola zondo's

580

00:19:30,470 --> 00:19:29,440

talked about it you know a few others

581

00:19:31,909 --> 00:19:30,480

have too

582

00:19:33,190 --> 00:19:31,919

and it's just to kind of keep things

583

00:19:35,510 --> 00:19:33,200

fresh in people's minds it's an

584

00:19:37,430 --> 00:19:35,520

incredibly interesting part of the

585

00:19:39,590 --> 00:19:37,440

conversation when it comes to this

586

00:19:41,990 --> 00:19:39,600

subject and one that brings up a whole

587

00:19:44,630 --> 00:19:42,000

lot of different emotions we were on

588

00:19:46,789 --> 00:19:44,640

calling all beings uh well you didn't

589

00:19:50,150 --> 00:19:46,799

make it then um but i was on with dan

590

00:19:53,350 --> 00:19:50,160

warren i was on with james ian doley uh

591

00:19:56,310 --> 00:19:53,360

dj from who hosts the podcast nathan was

592

00:19:58,710 --> 00:19:56,320

on there as well and luis jimenez joined

593

00:20:01,029 --> 00:19:58,720

us too and that was a really interesting

594

00:20:03,190 --> 00:20:01,039

format and discussion but the the best

595

00:20:05,110 --> 00:20:03,200

part for me was when we were talking

596

00:20:07,029 --> 00:20:05,120

about the crash retrieval stuff because

597

00:20:08,870 --> 00:20:07,039

it really got everybody going and there

598

00:20:11,190 --> 00:20:08,880

was a lot of disagreements and intense

599

00:20:13,510 --> 00:20:11,200

discussion and where would materials be

600

00:20:15,510 --> 00:20:13,520

kept and why would we keep it secret and

601
00:20:17,510 --> 00:20:15,520
dj was adamant it must be still at area

602
00:20:19,270 --> 00:20:17,520
51 and some of us thought no surely it's

603
00:20:20,950 --> 00:20:19,280
been moved by now but it was a really

604
00:20:23,430 --> 00:20:20,960
interesting discussion and i was looking

605
00:20:25,110 --> 00:20:23,440
to just carry that forward and i wanted

606
00:20:26,789 --> 00:20:25,120
to know dan if you first off before we

607
00:20:29,190 --> 00:20:26,799
get to some of the listener questions

608
00:20:30,630 --> 00:20:29,200
have you got any favorite known stories

609
00:20:32,630 --> 00:20:30,640
or lesser known stories potentially

610
00:20:35,510 --> 00:20:32,640
involving crash retrievals yeah

611
00:20:39,270 --> 00:20:35,520
absolutely so one that's kind of near to

612
00:20:42,230 --> 00:20:39,280
to home for me uh aberystwyth 1983.

613
00:20:43,590 --> 00:20:42,240

farmer uh erwell evan uh

614

00:20:45,430 --> 00:20:43,600

woke up in the morning went outside and

615

00:20:48,070 --> 00:20:45,440

found all this debris strewn across his

616

00:20:51,110 --> 00:20:48,080

field uh he assumed a plane had crashed

617

00:20:52,789 --> 00:20:51,120

called the authorities the raf um they

618

00:20:54,549 --> 00:20:52,799

said that basically it wasn't anything

619

00:20:57,590 --> 00:20:54,559

of theirs they came with some plain

620

00:21:00,710 --> 00:20:57,600

clothes officers cleared it all up um a

621

00:21:03,669 --> 00:21:00,720

few weeks later they went sorry i say

622

00:21:05,510 --> 00:21:03,679

they oh well and in ufo investigator

623

00:21:07,830 --> 00:21:05,520

gary rowe went back out to the area

624

00:21:09,590 --> 00:21:07,840

where it happened um and found some

625

00:21:11,190 --> 00:21:09,600

damaged trees and amongst the damaged

626

00:21:13,669 --> 00:21:11,200

trees they found a bunch of debris that

627

00:21:15,270 --> 00:21:13,679

was kind of structured like honeycomb um

628

00:21:16,470 --> 00:21:15,280

which now we'd kind of probably look her

629

00:21:18,789 --> 00:21:16,480

and go you know what we make that kind

630

00:21:20,950 --> 00:21:18,799

of stuff but back then it didn't seem so

631

00:21:22,789 --> 00:21:20,960

prevalent out there um

632

00:21:25,270 --> 00:21:22,799

it has been tested

633

00:21:26,950 --> 00:21:25,280

um and found that basically it wasn't

634

00:21:29,990 --> 00:21:26,960

anything that the raf was using at the

635

00:21:31,830 --> 00:21:30,000

time the forestry commission after they

636

00:21:33,430 --> 00:21:31,840

sent this off for testing they actually

637

00:21:34,789 --> 00:21:33,440

cut down that part of the forest saying

638

00:21:37,909 --> 00:21:34,799

it was damaged in a storm which i

639

00:21:40,149 --> 00:21:37,919

thought was a little interesting um

640

00:21:42,070 --> 00:21:40,159

and then later on investigate to gary

641

00:21:43,750 --> 00:21:42,080

rowe who had the material and he keeps

642

00:21:46,149 --> 00:21:43,760

it on the lock and key so you know if

643

00:21:47,590 --> 00:21:46,159

you want to see it you contact him and

644

00:21:50,390 --> 00:21:47,600

he arranges for it to be brought to the

645

00:21:53,270 --> 00:21:50,400

house um but what he actually did was

646

00:21:55,350 --> 00:21:53,280

cut up a bunch of the material and made

647

00:21:57,350 --> 00:21:55,360

keyrings out of it that are kind of like

648

00:21:59,590 --> 00:21:57,360

these little circles that say the welsh

649

00:22:01,909 --> 00:21:59,600

roswell and he gave them out at ufo

650

00:22:04,070 --> 00:22:01,919

conventions and he says that at one

651
00:22:06,390 --> 00:22:04,080
point he was visited by the the men in

652
00:22:08,549 --> 00:22:06,400
black will say who asked for the debris

653
00:22:10,310 --> 00:22:08,559
and he you know

654
00:22:11,830 --> 00:22:10,320
like like a brave soul that he has told

655
00:22:13,029 --> 00:22:11,840
them i've actually already sent it out

656
00:22:14,390 --> 00:22:13,039
to people and if you don't stop

657
00:22:16,710 --> 00:22:14,400
bothering me i'm going to tell them all

658
00:22:18,950 --> 00:22:16,720
to go to the press um and that's kind of

659
00:22:20,950 --> 00:22:18,960
where the story stops he still has the

660
00:22:22,710 --> 00:22:20,960
you know the material

661
00:22:24,470 --> 00:22:22,720
it like i said it was tested it was

662
00:22:26,950 --> 00:22:24,480
nothing they were using at the time and

663
00:22:29,029 --> 00:22:26,960

like many things it's a it's an unknown

664

00:22:30,470 --> 00:22:29,039

um you can see the material in an

665

00:22:32,549 --> 00:22:30,480

interview on youtube if you search for

666

00:22:34,470 --> 00:22:32,559

gary rowe and sufan uh there is an

667

00:22:35,990 --> 00:22:34,480

interview there i i'd recommend people

668

00:22:37,909 --> 00:22:36,000

do that but yeah it's a lesser known one

669

00:22:39,350 --> 00:22:37,919

from from the welsh

670

00:22:41,510 --> 00:22:39,360

mid wild

671

00:22:43,029 --> 00:22:41,520

and i know for a fact dan you told me

672

00:22:45,110 --> 00:22:43,039

you want a hold of one of those key

673

00:22:47,350 --> 00:22:45,120

rings so if anyone listens everyone

674

00:22:50,390 --> 00:22:47,360

knows or i mean if you have one you want

675

00:22:52,549 --> 00:22:50,400

to gift to dan or you know if you have

676

00:22:54,390 --> 00:22:52,559

uh found one on ebay or anything like

677

00:22:55,830 --> 00:22:54,400

that give that a shot and he'll go

678

00:22:57,350 --> 00:22:55,840

betting on it because he's really really

679

00:22:59,590 --> 00:22:57,360

keen to get a hold of somebody please do

680

00:23:01,270 --> 00:22:59,600

i i'd love to get it and i'd love to

681

00:23:02,950 --> 00:23:01,280

you know use you some of the people that

682

00:23:05,510 --> 00:23:02,960

we've been lucky enough to talk to over

683

00:23:06,830 --> 00:23:05,520

the past year or so and and maybe get it

684

00:23:09,830 --> 00:23:06,840

looked at again i think that would be

685

00:23:12,789 --> 00:23:09,840

great dan you mentioned the honeycomb

686

00:23:13,990 --> 00:23:12,799

matrix shape what is the big deal with

687

00:23:16,149 --> 00:23:14,000

this because this is something that

688

00:23:18,630 --> 00:23:16,159

comes up more and more and i've not only

689

00:23:20,149 --> 00:23:18,640

seen this this honeycomb structure

690

00:23:22,390 --> 00:23:20,159

talked about in terms of physical

691

00:23:23,990 --> 00:23:22,400

material but when i've read or watched

692

00:23:25,669 --> 00:23:24,000

some interviews with you've kind of sent

693

00:23:27,590 --> 00:23:25,679

my way our stuff you've talked about and

694

00:23:29,110 --> 00:23:27,600

have more of an interest in where you

695

00:23:31,669 --> 00:23:29,120

even talk about the fabric of our

696

00:23:33,029 --> 00:23:31,679

reality and you know space time and all

697

00:23:35,190 --> 00:23:33,039

that kind of stuff you start to see this

698

00:23:36,870 --> 00:23:35,200

honeycomb structure come up more and

699

00:23:39,110 --> 00:23:36,880

more what is the deal with that if you

700

00:23:41,669 --> 00:23:39,120

can enlighten me a little bit i mean

701
00:23:43,990 --> 00:23:41,679
honeycomb the shape of it is just a very

702
00:23:45,990 --> 00:23:44,000
strong shape you know obviously bees use

703
00:23:47,430 --> 00:23:46,000
it for for their hives and there's a

704
00:23:49,029 --> 00:23:47,440
reason for that you know there's not a

705
00:23:52,230 --> 00:23:49,039
lot of material there but it's

706
00:23:53,510 --> 00:23:52,240
structurally very strong so it means

707
00:23:55,990 --> 00:23:53,520
you could use it for something like

708
00:23:57,750 --> 00:23:56,000
aircraft and it's light and strong so

709
00:24:00,789 --> 00:23:57,760
the plane can flow a little better

710
00:24:02,310 --> 00:24:00,799
basically um in terms of it kind of

711
00:24:03,909 --> 00:24:02,320
becoming a prevalent shape as you go

712
00:24:05,830 --> 00:24:03,919
down the fractals to the you know the

713
00:24:07,029 --> 00:24:05,840

bottom of our universe that's a really

714

00:24:09,350 --> 00:24:07,039

interesting point and no one really

715

00:24:10,870 --> 00:24:09,360

knows why those kind of things are there

716

00:24:12,870 --> 00:24:10,880

um but

717

00:24:14,950 --> 00:24:12,880

it's definitely worth kind of pointing

718

00:24:16,630 --> 00:24:14,960

out and keeping an eye on that

719

00:24:18,870 --> 00:24:16,640

this is this is a shape that shows up in

720

00:24:22,070 --> 00:24:18,880

nature a lot and and if you want kind of

721

00:24:23,990 --> 00:24:22,080

just one more where it shows up the um

722

00:24:26,070 --> 00:24:24,000

at the top of

723

00:24:28,149 --> 00:24:26,080

jupiter i want to say there's uh a big

724

00:24:30,470 --> 00:24:28,159

storm yeah it's actually a hexagon shape

725

00:24:31,990 --> 00:24:30,480

again so we're talking fractals that's

726

00:24:33,510 --> 00:24:32,000

obviously much bigger than a beehive and

727

00:24:36,230 --> 00:24:33,520

you can kind of go down as well it's

728

00:24:38,710 --> 00:24:36,240

super interesting no that's really cool

729

00:24:40,950 --> 00:24:38,720

and my my favorite um

730

00:24:42,630 --> 00:24:40,960

crash story is roswell there's just

731

00:24:45,110 --> 00:24:42,640

nothing else i remember watching movies

732

00:24:47,510 --> 00:24:45,120

when i was a kid growing up um

733

00:24:49,269 --> 00:24:47,520

there's a famous roswell movie uh you

734

00:24:50,549 --> 00:24:49,279

know i've seen the documentaries on it

735

00:24:53,110 --> 00:24:50,559

and i think the story is still

736

00:24:54,710 --> 00:24:53,120

fascinating i think it's one that

737

00:24:57,110 --> 00:24:54,720

there's not a whole lot of digging to be

738

00:24:58,950 --> 00:24:57,120

done with it anymore in terms of that

739

00:25:00,870 --> 00:24:58,960

most of the witnesses are of pa long

740

00:25:03,510 --> 00:25:00,880

passed on many of them and you're

741

00:25:06,149 --> 00:25:03,520

talking to the grandkids of of people

742

00:25:09,750 --> 00:25:06,159

who were involved now who again are

743

00:25:11,350 --> 00:25:09,760

considerably aged as well um

744

00:25:13,430 --> 00:25:11,360

there's not a whole lot i think to add

745

00:25:15,430 --> 00:25:13,440

to that story i think the real big next

746

00:25:17,269 --> 00:25:15,440

steps on that story would be some kind

747

00:25:19,590 --> 00:25:17,279

of official confirmation if we ever did

748

00:25:22,230 --> 00:25:19,600

get that that something did crash i know

749

00:25:24,630 --> 00:25:22,240

luis elizondo shared his personal belief

750

00:25:27,190 --> 00:25:24,640

on with thomas hessler i believe it was

751

00:25:28,950 --> 00:25:27,200

last night on their podcast that again

752

00:25:31,190 --> 00:25:28,960

he stressed just his personal belief no

753

00:25:33,430 --> 00:25:31,200

official confirmation which you can you

754

00:25:35,190 --> 00:25:33,440

could read into that what you will given

755

00:25:37,750 --> 00:25:35,200

what his job was and

756

00:25:40,470 --> 00:25:37,760

yeah yeah yeah exactly that he thinks

757

00:25:43,750 --> 00:25:40,480

roswell 100 happened

758

00:25:46,390 --> 00:25:43,760

no that doesn't say that roswell was 100

759

00:25:48,470 --> 00:25:46,400

an alien craft that crashed that just

760

00:25:50,549 --> 00:25:48,480

says that something crashed that wasn't

761

00:25:51,909 --> 00:25:50,559

the property of the us government and it

762

00:25:54,230 --> 00:25:51,919

was recovered

763

00:25:56,710 --> 00:25:54,240

again from there the story can go off in

764

00:25:58,230 --> 00:25:56,720

a whole load of different ways and we'll

765

00:25:59,750 --> 00:25:58,240

kind of come back to that with the

766

00:26:00,870 --> 00:25:59,760

footage review we do right at the end

767

00:26:02,950 --> 00:26:00,880

today as well

768

00:26:05,110 --> 00:26:02,960

do you think can i ask you do you think

769

00:26:05,909 --> 00:26:05,120

if roswell happened now

770

00:26:07,669 --> 00:26:05,919

with

771

00:26:09,430 --> 00:26:07,679

you know twitter and facebook and

772

00:26:11,510 --> 00:26:09,440

everything like that out there do you

773

00:26:12,870 --> 00:26:11,520

think that that you know jesse muscle

774

00:26:14,230 --> 00:26:12,880

would have just posted pictures straight

775

00:26:15,430 --> 00:26:14,240

away to the internet you know all the

776

00:26:17,029 --> 00:26:15,440

people that kind of came across this

777

00:26:19,269 --> 00:26:17,039

debris would it have gone on facebook

778

00:26:20,710 --> 00:26:19,279

first hey anyone know what this is and d

779

00:26:22,390 --> 00:26:20,720

do you think it would have you know

780

00:26:24,470 --> 00:26:22,400

broken this secret wide open if it

781

00:26:26,630 --> 00:26:24,480

happened these days

782

00:26:28,470 --> 00:26:26,640

that's a hard one because the context of

783

00:26:29,510 --> 00:26:28,480

the question like i think what happened

784

00:26:31,830 --> 00:26:29,520

at the time

785

00:26:34,630 --> 00:26:31,840

was it was one of the first

786

00:26:36,789 --> 00:26:34,640

and the us military didn't know how to

787

00:26:38,149 --> 00:26:36,799

deal with it which is why we got that

788

00:26:40,549 --> 00:26:38,159

press release out straight away that

789

00:26:42,470 --> 00:26:40,559

they had captured a flying saucer

790

00:26:44,070 --> 00:26:42,480

which then was very quickly corrected to

791

00:26:45,990 --> 00:26:44,080

no no just a weather balloon because

792

00:26:47,909 --> 00:26:46,000

they didn't know what else to do or what

793

00:26:50,789 --> 00:26:47,919

else to say there didn't seem to be

794

00:26:52,630 --> 00:26:50,799

protocols for it put in place i suppose

795

00:26:54,390 --> 00:26:52,640

are you talking that if it happened now

796

00:26:55,750 --> 00:26:54,400

it would be the first time it had ever

797

00:26:57,430 --> 00:26:55,760

happened

798

00:26:58,789 --> 00:26:57,440

uh yeah i guess in the scenario yeah

799

00:27:01,510 --> 00:26:58,799

yeah yeah for sure because that that

800

00:27:03,909 --> 00:27:01,520

makes a whole lot of difference um

801
00:27:06,789 --> 00:27:03,919
if you're going to we even let's just

802
00:27:08,710 --> 00:27:06,799
say we had the technology now that back

803
00:27:12,310 --> 00:27:08,720
then sorry that we have now so twitter

804
00:27:15,269 --> 00:27:13,909
i think you would have saw very quickly

805
00:27:18,630 --> 00:27:15,279
being shut down because i think you just

806
00:27:20,389 --> 00:27:18,640
have to take all things considered that

807
00:27:22,149 --> 00:27:20,399
there would be enough control mechanisms

808
00:27:24,310 --> 00:27:22,159
put in place that we were more

809
00:27:25,990 --> 00:27:24,320
sophisticated than things were back then

810
00:27:28,230 --> 00:27:26,000
that nat probably wouldn't have gotten

811
00:27:30,230 --> 00:27:28,240
gotten out and even let's let's flip

812
00:27:32,389 --> 00:27:30,240
flip that and say

813
00:27:34,950 --> 00:27:32,399

say it happened now anyway you look at

814

00:27:36,230 --> 00:27:34,960

the magi incident from last year where

815

00:27:39,190 --> 00:27:36,240

there were reports that something

816

00:27:41,669 --> 00:27:39,200

crashed in the the forest in brazil um

817

00:27:44,070 --> 00:27:41,679

in a small town maji and there were

818

00:27:46,789 --> 00:27:44,080

reports of beings being shot there were

819

00:27:47,909 --> 00:27:46,799

loud explosions you know us military

820

00:27:50,230 --> 00:27:47,919

apparently turned up a lot of

821

00:27:51,990 --> 00:27:50,240

helicopters in the area and again it was

822

00:27:53,669 --> 00:27:52,000

all very quickly shut down so one you

823

00:27:55,190 --> 00:27:53,679

could look at it and go maybe it was

824

00:27:56,549 --> 00:27:55,200

just a whole lot of nothing blown out of

825

00:27:59,029 --> 00:27:56,559

proportion

826

00:28:01,110 --> 00:27:59,039

or is that just a really good example of

827

00:28:03,430 --> 00:28:01,120

how quickly something like that can now

828

00:28:05,350 --> 00:28:03,440

be cleaned up and moved on yeah that's a

829

00:28:07,990 --> 00:28:05,360

good point and and i remember as well

830

00:28:09,669 --> 00:28:08,000

around that major crash there were a few

831

00:28:11,029 --> 00:28:09,679

videos put out rather quickly that were

832

00:28:12,389 --> 00:28:11,039

like oh you know i've taken a video of

833

00:28:13,990 --> 00:28:12,399

the saucer and they were completely fake

834

00:28:15,510 --> 00:28:14,000

it was like a plate kind of dug into the

835

00:28:17,750 --> 00:28:15,520

ground and shortness you breath to make

836

00:28:19,909 --> 00:28:17,760

it look you know so it makes you wonder

837

00:28:21,269 --> 00:28:19,919

it sounds kind of conspiracy theory-ish

838

00:28:22,630 --> 00:28:21,279

but at the same time we have to

839

00:28:24,310 --> 00:28:22,640

acknowledge that these

840

00:28:27,110 --> 00:28:24,320

these companies and power structures

841

00:28:29,750 --> 00:28:27,120

exist that could very easily do this

842

00:28:31,510 --> 00:28:29,760

i think it could go out now

843

00:28:33,750 --> 00:28:31,520

and most people wouldn't believe it

844

00:28:35,350 --> 00:28:33,760

anyway it goes back to that that same

845

00:28:38,230 --> 00:28:35,360

thing we've talked about a few times now

846

00:28:39,909 --> 00:28:38,240

that what does rio look like so what

847

00:28:41,190 --> 00:28:39,919

would uh crashed and you know we've seen

848

00:28:43,269 --> 00:28:41,200

the the

849

00:28:44,710 --> 00:28:43,279

clear footage of the saucer stuck in the

850

00:28:46,470 --> 00:28:44,720

ground but it's from the x-files season

851

00:28:49,510 --> 00:28:46,480

10 opener yeah yeah

852

00:28:51,830 --> 00:28:49,520

but if something like that went online

853

00:28:55,110 --> 00:28:51,840

it would just be it's from a movie at

854

00:28:56,789 --> 00:28:55,120

cgi it's fake someone put it there

855

00:28:58,470 --> 00:28:56,799

that's it that's all people have to do

856

00:29:01,110 --> 00:28:58,480

and there's enough doubt because why

857

00:29:03,510 --> 00:29:01,120

would it be real so it would be so hard

858

00:29:05,190 --> 00:29:03,520

to get that official confirmation unless

859

00:29:07,029 --> 00:29:05,200

it happened somewhere really built up

860

00:29:09,830 --> 00:29:07,039

for you know somewhere in london

861

00:29:12,070 --> 00:29:09,840

somewhere in new york you know chicago

862

00:29:14,549 --> 00:29:12,080

a really really populated area um so

863

00:29:16,630 --> 00:29:14,559

it's a hard one but that's

864

00:29:18,789 --> 00:29:16,640

just to touch on that

865

00:29:20,070 --> 00:29:18,799

lou gave a really good example um he

866

00:29:21,750 --> 00:29:20,080

said that when he was briefing people on

867

00:29:24,230 --> 00:29:21,760

the gimbal video he would show them a

868

00:29:26,310 --> 00:29:24,240

certain video of the apollo 11 capsule

869

00:29:28,789 --> 00:29:26,320

um because of the way it moved and it

870

00:29:30,389 --> 00:29:28,799

moves in a really kind of janky

871

00:29:31,590 --> 00:29:30,399

way uh obviously because it's in the

872

00:29:33,750 --> 00:29:31,600

vacuum of space and they're kind of

873

00:29:34,789 --> 00:29:33,760

using those thrusters to make it move

874

00:29:35,669 --> 00:29:34,799

that way

875

00:29:37,190 --> 00:29:35,679

but

876

00:29:40,470 --> 00:29:37,200

i'd recommend people watch it we'll put

877

00:29:42,710 --> 00:29:40,480

a link in the description um because

878

00:29:45,110 --> 00:29:42,720

imagine something moving like that in

879

00:29:46,630 --> 00:29:45,120

our atmosphere and you're right it just

880

00:29:49,029 --> 00:29:46,640

looks fake

881

00:29:51,110 --> 00:29:49,039

yeah if you bring in a bubble around

882

00:29:53,029 --> 00:29:51,120

some kind of craft that creates that

883

00:29:54,870 --> 00:29:53,039

vacuum of space potentially all around

884

00:29:57,190 --> 00:29:54,880

it like you see that's

885

00:29:59,190 --> 00:29:57,200

why these things would tilt and move and

886

00:30:00,789 --> 00:29:59,200

be able to perform right angle turns and

887

00:30:02,789 --> 00:30:00,799

and all that other kind of stuff as well

888

00:30:04,470 --> 00:30:02,799

so yeah that that was really interesting

889

00:30:06,710 --> 00:30:04,480

point and i think i shared that video on

890

00:30:08,389 --> 00:30:06,720

twitter and today which is no longer

891

00:30:09,750 --> 00:30:08,399

today when people watch this

892

00:30:11,350 --> 00:30:09,760

and people could be watching this in

893

00:30:13,510 --> 00:30:11,360

thousands of years again hello to the

894

00:30:15,430 --> 00:30:13,520

future i've said that before we recorded

895

00:30:17,029 --> 00:30:15,440

this in 2031.

896

00:30:18,389 --> 00:30:17,039

yeah oh don't lie that really confuses

897

00:30:19,990 --> 00:30:18,399

people

898

00:30:21,830 --> 00:30:20,000

but yeah so we'll get the link in there

899

00:30:23,750 --> 00:30:21,840

dan can make a note of that one to post

900

00:30:26,230 --> 00:30:23,760

that but we did reach out to the

901
00:30:29,029 --> 00:30:26,240
listeners on twitter on email on on the

902
00:30:32,070 --> 00:30:29,039
patreon and ask for their thoughts on

903
00:30:34,310 --> 00:30:32,080
this too so first off my k mikey said

904
00:30:36,630 --> 00:30:34,320
regarding crash retrievals can we

905
00:30:38,789 --> 00:30:36,640
delineate some plausible scenario in

906
00:30:41,590 --> 00:30:38,799
which a ufo crash could have been

907
00:30:44,149 --> 00:30:41,600
spoofed to mislead a foreign government

908
00:30:46,149 --> 00:30:44,159
or spread unrest amongst its people

909
00:30:47,990 --> 00:30:46,159
could we already have been victims of

910
00:30:50,789 --> 00:30:48,000
such a trojan horse

911
00:30:53,110 --> 00:30:50,799
what do you think then i think that's an

912
00:30:56,070 --> 00:30:53,120
excellent question so there's uh a

913
00:30:58,549 --> 00:30:56,080

chapter in jack valley's stratagem where

914

00:31:00,470 --> 00:30:58,559

he he's talking about how the secret

915

00:31:03,509 --> 00:31:00,480

keepers kind of kept the secret and a

916

00:31:04,389 --> 00:31:03,519

part of that was to muddy the data

917

00:31:06,549 --> 00:31:04,399

basically

918

00:31:09,509 --> 00:31:06,559

they they set up a bunch of watchtowers

919

00:31:11,909 --> 00:31:09,519

over an area and then they staged ufo

920

00:31:13,190 --> 00:31:11,919

events including crashes so that you get

921

00:31:15,190 --> 00:31:13,200

all these reports and they could study

922

00:31:16,950 --> 00:31:15,200

how people are reacting to you know a

923

00:31:18,870 --> 00:31:16,960

light in the sky even though it's fake

924

00:31:21,110 --> 00:31:18,880

and it also means then that the people

925

00:31:23,509 --> 00:31:21,120

doing the staging the only ones who know

926
00:31:26,389 --> 00:31:23,519
what the actual ufos are versus you know

927
00:31:29,430 --> 00:31:26,399
the man-made kind of fakie stuff um

928
00:31:31,590 --> 00:31:29,440
so i i think that has probably happened

929
00:31:32,950 --> 00:31:31,600
um especially

930
00:31:34,230 --> 00:31:32,960
in terms of

931
00:31:35,590 --> 00:31:34,240
you know distracting countries and

932
00:31:40,789 --> 00:31:35,600
giving them something else to worry

933
00:31:43,990 --> 00:31:42,470
i i could imagine scenarios like that

934
00:31:45,430 --> 00:31:44,000
happening you know during the war or

935
00:31:47,190 --> 00:31:45,440
something like that because they would

936
00:31:49,590 --> 00:31:47,200
put up fake tanks and things like that

937
00:31:51,269 --> 00:31:49,600
to scare the enemy and

938
00:31:52,710 --> 00:31:51,279

i'd be surprised if it wasn't at least

939

00:31:53,990 --> 00:31:52,720

pitched you know

940

00:31:55,830 --> 00:31:54,000

well look what happened when the

941

00:31:57,830 --> 00:31:55,840

original broadcast of war of the worlds

942

00:31:59,669 --> 00:31:57,840

orson welles went out on radio and

943

00:32:01,830 --> 00:31:59,679

people thought it was a genuine

944

00:32:03,350 --> 00:32:01,840

broadcast of an alien invasion and there

945

00:32:04,950 --> 00:32:03,360

was a huge panic

946

00:32:07,830 --> 00:32:04,960

i gotta say i do think that's a little

947

00:32:09,830 --> 00:32:07,840

myth-making there was a little i think

948

00:32:11,509 --> 00:32:09,840

so there was this story when i was

949

00:32:13,029 --> 00:32:11,519

studying film where when they showed the

950

00:32:14,630 --> 00:32:13,039

first film everyone in the cinema kind

951
00:32:16,710 --> 00:32:14,640
of ran out the cinema it was just a

952
00:32:18,149 --> 00:32:16,720
train coming towards them in a station

953
00:32:19,990 --> 00:32:18,159
and

954
00:32:21,830 --> 00:32:20,000
after a bit of digging i kind of found

955
00:32:23,830 --> 00:32:21,840
that yeah you know two or three people

956
00:32:25,509 --> 00:32:23,840
panicked but generally it's a black and

957
00:32:27,669 --> 00:32:25,519
white screen and it's flat and people

958
00:32:29,750 --> 00:32:27,679
aren't going to think of that as a real

959
00:32:31,029 --> 00:32:29,760
train station and run away so it's just

960
00:32:32,630 --> 00:32:31,039
one of these things that over time i

961
00:32:33,830 --> 00:32:32,640
think just kind of you know blow up

962
00:32:36,310 --> 00:32:33,840
maybe there were a few people that had a

963
00:32:37,509 --> 00:32:36,320

really bad reaction but generally you

964

00:32:39,110 --> 00:32:37,519

know people weren't in the streets

965

00:32:40,389 --> 00:32:39,120

building and looting and things you know

966

00:32:42,950 --> 00:32:40,399

no i don't believe that i'm going to

967

00:32:45,110 --> 00:32:42,960

edit that out to make myself look more

968

00:32:46,549 --> 00:32:45,120

correct but it just shows you though

969

00:32:47,669 --> 00:32:46,559

that there are there are ways that this

970

00:32:50,630 --> 00:32:47,679

could have happened

971

00:32:52,870 --> 00:32:50,640

i'm not too sure in terms of ufos

972

00:32:56,950 --> 00:32:52,880

crashing but what i do think absolutely

973

00:32:59,909 --> 00:32:56,960

is plausible is that us china russia

974

00:33:01,990 --> 00:32:59,919

have crashed technology

975

00:33:04,389 --> 00:33:02,000

deliberately in other countries or out

976

00:33:06,549 --> 00:33:04,399

at sea next to vessels of of the enemy

977

00:33:08,630 --> 00:33:06,559

that to deliberately confuse them

978

00:33:10,549 --> 00:33:08,640

whether it was a prototype they had no

979

00:33:11,909 --> 00:33:10,559

intention of doing you know whether

980

00:33:13,830 --> 00:33:11,919

they've crashed something that allows

981

00:33:15,750 --> 00:33:13,840

them to spy a little bit potentially

982

00:33:18,230 --> 00:33:15,760

wanting it to be captured i would

983

00:33:20,950 --> 00:33:18,240

absolutely expect that to happen yeah

984

00:33:23,190 --> 00:33:20,960

and they they'd be able to see how you

985

00:33:25,110 --> 00:33:23,200

know what the protocols were in that

986

00:33:27,669 --> 00:33:25,120

country for a recovery of that kind of

987

00:33:29,350 --> 00:33:27,679

nature um yeah i think that would be a

988

00:33:30,870 --> 00:33:29,360

great technique and i can see it

989

00:33:32,710 --> 00:33:30,880

absolutely being used

990

00:33:34,389 --> 00:33:32,720

we talked about was it and i forget now

991

00:33:36,149 --> 00:33:34,399

because so many things came out at the

992

00:33:38,549 --> 00:33:36,159

same time in the summer was it the omaha

993

00:33:39,750 --> 00:33:38,559

or the russell event that was swarmed by

994

00:33:41,509 --> 00:33:39,760

ufos

995

00:33:44,070 --> 00:33:41,519

uh both it was kind of

996

00:33:45,430 --> 00:33:44,080

the series yeah uss raphael

997

00:33:47,509 --> 00:33:45,440

um yeah there were there were a whole

998

00:33:48,789 --> 00:33:47,519

bunch of them so yeah that event and one

999

00:33:51,509 --> 00:33:48,799

of the things that came out about that

1000

00:33:55,110 --> 00:33:51,519

which is very plausible was that if that

1001

00:33:57,350 --> 00:33:55,120

was the us navy being swarmed by

1002

00:33:58,389 --> 00:33:57,360

for example chinese or russian drones we

1003

00:34:01,190 --> 00:33:58,399

always have to use these three

1004

00:34:03,029 --> 00:34:01,200

superpowers don't we then you would just

1005

00:34:05,350 --> 00:34:03,039

leave them be because what you're doing

1006

00:34:07,430 --> 00:34:05,360

both sides are intelligence gathering

1007

00:34:08,149 --> 00:34:07,440

because if you are the enemy you want to

1008

00:34:10,230 --> 00:34:08,159

see

1009

00:34:12,069 --> 00:34:10,240

how they deal with it what they've got

1010

00:34:13,190 --> 00:34:12,079

in terms of stopping you doing what

1011

00:34:15,270 --> 00:34:13,200

you're doing

1012

00:34:17,829 --> 00:34:15,280

can they and you both sides can gather

1013

00:34:20,950 --> 00:34:17,839

data just off the back of observing

1014

00:34:23,669 --> 00:34:20,960

and it's who blinks first and those

1015

00:34:25,510 --> 00:34:23,679

those ships go into dark mode as well so

1016

00:34:27,109 --> 00:34:25,520

it's almost like they're aware okay

1017

00:34:29,669 --> 00:34:27,119

these could be gathering data so let's

1018

00:34:31,270 --> 00:34:29,679

not react properly to this we'll close

1019

00:34:32,790 --> 00:34:31,280

down we'll get our snoopy team on deck

1020

00:34:34,629 --> 00:34:32,800

we'll just watch these things and soak

1021

00:34:36,149 --> 00:34:34,639

up the intelligence because they want us

1022

00:34:38,069 --> 00:34:36,159

to react you know

1023

00:34:40,069 --> 00:34:38,079

get the snoopy team on deck and film

1024

00:34:41,750 --> 00:34:40,079

that aircraft overhead that looks like a

1025

00:34:44,069 --> 00:34:41,760

triangular ufo

1026
00:34:45,669 --> 00:34:44,079
or not as it as it was at the time we're

1027
00:34:47,190 --> 00:34:45,679
not going back to that conversation

1028
00:34:48,869 --> 00:34:47,200
we're not going back there that's what

1029
00:34:51,750 --> 00:34:48,879
we've moved on ufo twitter's gonna have

1030
00:34:53,510 --> 00:34:51,760
to fight about uh dave had a question

1031
00:34:55,030 --> 00:34:53,520
and uh something that was of course

1032
00:34:57,349 --> 00:34:55,040
going to come up when discussing crash

1033
00:35:00,069 --> 00:34:57,359
retrievals i can hear joe margie are

1034
00:35:01,910 --> 00:35:00,079
somewhere taking note as we speak

1035
00:35:04,150 --> 00:35:01,920
do you believe what admiral wilson was

1036
00:35:06,870 --> 00:35:04,160
told about very little progress being

1037
00:35:08,950 --> 00:35:06,880
made with the crashed craft or was this

1038
00:35:10,870 --> 00:35:08,960

just said to make him stop digging and

1039

00:35:13,030 --> 00:35:10,880

the truth is we have made progress and

1040

00:35:14,950 --> 00:35:13,040

have advanced craft with military

1041

00:35:17,829 --> 00:35:14,960

capability so a bit of back engineering

1042

00:35:19,670 --> 00:35:17,839

there eric davies says no ross coltar

1043

00:35:21,270 --> 00:35:19,680

has suggested maybe that's very

1044

00:35:23,430 --> 00:35:21,280

non-committalism to eric davies

1045

00:35:25,270 --> 00:35:23,440

definitely not russ coulthard said

1046

00:35:26,950 --> 00:35:25,280

possibly i i think

1047

00:35:29,349 --> 00:35:26,960

we're looking at two answers that are

1048

00:35:31,910 --> 00:35:29,359

very relative there you know eric davis

1049

00:35:33,510 --> 00:35:31,920

is this super smart scientist and when

1050

00:35:36,150 --> 00:35:33,520

you ask him you know we figured it out

1051
00:35:38,310 --> 00:35:36,160
he's going to want the complete picture

1052
00:35:40,870 --> 00:35:38,320
as when ross is looking at it he's

1053
00:35:43,109 --> 00:35:40,880
thinking have we figured any of it out

1054
00:35:44,710 --> 00:35:43,119
and you know those tidbits he gets kind

1055
00:35:46,150 --> 00:35:44,720
of confirmed you know what we might have

1056
00:35:47,430 --> 00:35:46,160
kind of started scratching the surface

1057
00:35:49,910 --> 00:35:47,440
of this stuff and we're starting to get

1058
00:35:52,950 --> 00:35:49,920
to a technological place where we can

1059
00:35:55,109 --> 00:35:52,960
actually dive deeper and and this kind

1060
00:35:57,430 --> 00:35:55,119
of brilliant what i think you know we

1061
00:35:59,430 --> 00:35:57,440
talk about gifting a lot and things like

1062
00:36:00,870 --> 00:35:59,440
that um

1063
00:36:02,870 --> 00:36:00,880

and i think it's all to do with

1064

00:36:05,750 --> 00:36:02,880

something that i just call the march of

1065

00:36:07,910 --> 00:36:05,760

precision if you look at human history

1066

00:36:11,030 --> 00:36:07,920

every single bit of progress you know

1067

00:36:12,390 --> 00:36:11,040

the difference between now and you know

1068

00:36:14,870 --> 00:36:12,400

god knows how long ago

1069

00:36:17,589 --> 00:36:14,880

is precision it's not just fire it's not

1070

00:36:19,910 --> 00:36:17,599

just you know engines it's all about how

1071

00:36:22,310 --> 00:36:19,920

precise we can be and we've gone from

1072

00:36:24,950 --> 00:36:22,320

being able to you know build really

1073

00:36:27,109 --> 00:36:24,960

crappy houses to now being able to build

1074

00:36:30,470 --> 00:36:27,119

quantum computers that use almost the

1075

00:36:33,030 --> 00:36:30,480

fabric of the universe you know it's

1076

00:36:35,270 --> 00:36:33,040

we're very very precise and if these

1077

00:36:38,310 --> 00:36:35,280

materials like they say are layered

1078

00:36:40,230 --> 00:36:38,320

bismuth magnesium you know all kind of

1079

00:36:42,630 --> 00:36:40,240

atomically placed in ways that nature

1080

00:36:44,550 --> 00:36:42,640

can't do then i'd say we're kind of

1081

00:36:47,190 --> 00:36:44,560

getting to the point where we can maybe

1082

00:36:49,190 --> 00:36:47,200

start thinking about doing that and

1083

00:36:51,510 --> 00:36:49,200

unlock the deeper secrets of whatever

1084

00:36:54,870 --> 00:36:51,520

you know craft or material we have you

1085

00:36:56,150 --> 00:36:54,880

you've spoken before about

1086

00:36:57,829 --> 00:36:56,160

kind of

1087

00:37:00,470 --> 00:36:57,839

taking certain things from the crash

1088

00:37:03,030 --> 00:37:00,480

retrievals so though we might not have

1089

00:37:05,270 --> 00:37:03,040

figured it all out they might have had

1090

00:37:06,870 --> 00:37:05,280

fiber optics in the walls and we've got

1091

00:37:08,630 --> 00:37:06,880

uh-huh we've seen that in nature that's

1092

00:37:10,950 --> 00:37:08,640

a really cool way of passing light okay

1093

00:37:12,710 --> 00:37:10,960

let's get that to certain scientists who

1094

00:37:14,470 --> 00:37:12,720

can you put those two puzzle pieces

1095

00:37:16,390 --> 00:37:14,480

together and voila it's now out in the

1096

00:37:18,790 --> 00:37:16,400

world and we're using it but we're still

1097

00:37:21,030 --> 00:37:18,800

not as advanced as the aliens

1098

00:37:22,710 --> 00:37:21,040

or the visitors i should say so how

1099

00:37:25,670 --> 00:37:22,720

likely do you think it is that we've got

1100

00:37:28,390 --> 00:37:25,680

that independence day scenario of you

1101
00:37:31,109 --> 00:37:28,400
can walk into area 51 and there is just

1102
00:37:31,829 --> 00:37:31,119
a big alien craft sitting there that you

1103
00:37:34,310 --> 00:37:31,839
know

1104
00:37:37,270 --> 00:37:34,320
they managed to turn on and let's forget

1105
00:37:38,550 --> 00:37:37,280
that they can fly it with a laptop

1106
00:37:40,790 --> 00:37:38,560
so i'm going to change one thing about

1107
00:37:42,310 --> 00:37:40,800
that scenario just because

1108
00:37:43,829 --> 00:37:42,320
you know if they if they found an iphone

1109
00:37:44,950 --> 00:37:43,839
50 years ago they could use it for about

1110
00:37:47,510 --> 00:37:44,960
two days and then the battery is going

1111
00:37:49,589 --> 00:37:47,520
to die right so i i don't necessarily

1112
00:37:50,870 --> 00:37:49,599
think it's powered on but i think they

1113
00:37:54,790 --> 00:37:50,880

might know

1114

00:37:57,030 --> 00:37:54,800

what it needs it to to be powered um

1115

00:37:59,430 --> 00:37:57,040

and that it sat there complete

1116

00:38:01,270 --> 00:37:59,440

you know ross had that great story of

1117

00:38:03,589 --> 00:38:01,280

craft being found engine running with

1118

00:38:05,270 --> 00:38:03,599

the lights on yeah so you would just

1119

00:38:07,430 --> 00:38:05,280

keep it you i mean i wouldn't turn that

1120

00:38:09,589 --> 00:38:07,440

off i would keep that running and just

1121

00:38:11,430 --> 00:38:09,599

for as long as it could

1122

00:38:13,510 --> 00:38:11,440

and and we talk about

1123

00:38:16,150 --> 00:38:13,520

again some of these craft

1124

00:38:17,990 --> 00:38:16,160

you know power powering them on maybe

1125

00:38:20,230 --> 00:38:18,000

some of them are in a perpetual state of

1126

00:38:21,829 --> 00:38:20,240

that is just how they exist it's not a

1127

00:38:24,230 --> 00:38:21,839

power source potentially for some of

1128

00:38:26,310 --> 00:38:24,240

them as we understand it and you can't

1129

00:38:28,310 --> 00:38:26,320

turn it on and off they just exist in

1130

00:38:30,390 --> 00:38:28,320

that state and that's when you hear

1131

00:38:33,190 --> 00:38:30,400

sometimes they talk about maybe some of

1132

00:38:35,670 --> 00:38:33,200

these craft are potentially almost

1133

00:38:37,349 --> 00:38:35,680

living entities or or machines or

1134

00:38:39,270 --> 00:38:37,359

mechanisms themselves

1135

00:38:41,270 --> 00:38:39,280

you just don't know that that's how

1136

00:38:43,190 --> 00:38:41,280

something has evolved somewhere to the

1137

00:38:44,630 --> 00:38:43,200

point that it's it's almost like a

1138

00:38:46,470 --> 00:38:44,640

biological machine and this is something

1139

00:38:47,910 --> 00:38:46,480

i was thinking about the other day just

1140

00:38:49,910 --> 00:38:47,920

i'm going to probably butcher this

1141

00:38:51,190 --> 00:38:49,920

trying to sound halfway intelligent but

1142

00:38:54,150 --> 00:38:51,200

just for example something like

1143

00:38:56,710 --> 00:38:54,160

photosynthesis that something biological

1144

00:38:59,670 --> 00:38:56,720

can take sunlight and

1145

00:39:01,910 --> 00:38:59,680

grow and get sustenance from it and

1146

00:39:04,069 --> 00:39:01,920

you know can bloom and turn into flowers

1147

00:39:06,310 --> 00:39:04,079

and everything else that's an incredible

1148

00:39:08,390 --> 00:39:06,320

process for something which is literally

1149

00:39:10,550 --> 00:39:08,400

you can rip up in your hand you can pull

1150

00:39:11,750 --> 00:39:10,560

up you know a plant out the ground and

1151

00:39:13,349 --> 00:39:11,760

destroy it

1152

00:39:14,790 --> 00:39:13,359

so what's to say that somewhere else

1153

00:39:17,349 --> 00:39:14,800

something else hasn't evolved or

1154

00:39:19,270 --> 00:39:17,359

developed to the point it's it's more

1155

00:39:20,630 --> 00:39:19,280

structured than we understand it that we

1156

00:39:22,950 --> 00:39:20,640

would call a machine

1157

00:39:24,550 --> 00:39:22,960

but has a lot of the signs of of being a

1158

00:39:26,069 --> 00:39:24,560

living thing

1159

00:39:28,390 --> 00:39:26,079

yeah i mean there's an argument to be

1160

00:39:29,990 --> 00:39:28,400

made that we are machines right i always

1161

00:39:31,990 --> 00:39:30,000

say when we make the perfect camera it's

1162

00:39:34,310 --> 00:39:32,000

going to be like a perfect human eye you

1163

00:39:36,069 --> 00:39:34,320

know we'll kind of need something to be

1164

00:39:37,990 --> 00:39:36,079

able to record the data and we might

1165

00:39:39,270 --> 00:39:38,000

make a you know a warm mushy quantum

1166

00:39:41,349 --> 00:39:39,280

computer that we end up calling the

1167

00:39:43,670 --> 00:39:41,359

brain but we're essentially machines

1168

00:39:45,430 --> 00:39:43,680

built by nature so it makes you wonder

1169

00:39:48,550 --> 00:39:45,440

you know if

1170

00:39:50,230 --> 00:39:48,560

say in 300 years if we make a

1171

00:39:51,430 --> 00:39:50,240

craft that

1172

00:39:52,870 --> 00:39:51,440

thinks

1173

00:39:55,030 --> 00:39:52,880

and

1174

00:39:56,630 --> 00:39:55,040

then we would we wouldn't think of it as

1175

00:39:58,710 --> 00:39:56,640

a living thing right it would just be a

1176

00:40:00,550 --> 00:39:58,720

type of bio craft that would be it's the

1177

00:40:02,630 --> 00:40:00,560

technology we're using but send it back

1178

00:40:03,670 --> 00:40:02,640

to now and we see it as a living thing

1179

00:40:04,870 --> 00:40:03,680

because we don't understand

1180

00:40:05,670 --> 00:40:04,880

consciousness

1181

00:40:08,150 --> 00:40:05,680

but

1182

00:40:10,550 --> 00:40:08,160

that that's kind of a running theme that

1183

00:40:13,109 --> 00:40:10,560

these craft run on consciousness and

1184

00:40:15,190 --> 00:40:13,119

that you know some people uh

1185

00:40:16,470 --> 00:40:15,200

with we'll say psychic powers i guess no

1186

00:40:18,390 --> 00:40:16,480

other way around it

1187

00:40:20,230 --> 00:40:18,400

um have been taken into the program to

1188

00:40:22,790 --> 00:40:20,240

kind of sit in these machines and try

1189

00:40:24,470 --> 00:40:22,800

and uh try and light them up so it makes

1190

00:40:25,910 --> 00:40:24,480

me wonder we we talk a lot about

1191

00:40:27,349 --> 00:40:25,920

consciousness being the fabric of the

1192

00:40:29,190 --> 00:40:27,359

universe and

1193

00:40:31,109 --> 00:40:29,200

people call it zero point and all these

1194

00:40:32,630 --> 00:40:31,119

other things and i wonder if it's just

1195

00:40:33,670 --> 00:40:32,640

all the same thing and this is how they

1196

00:40:35,030 --> 00:40:33,680

run i thought that was a really good

1197

00:40:36,950 --> 00:40:35,040

point

1198

00:40:38,950 --> 00:40:36,960

um what i'll do is we we mentioned this

1199

00:40:40,230 --> 00:40:38,960

before be recalled to dan nathan sent in

1200

00:40:42,390 --> 00:40:40,240

a couple of questions but we're not

1201
00:40:44,150 --> 00:40:42,400
going to read those because nathan is

1202
00:40:46,710 --> 00:40:44,160
from the calling all beings podcast he's

1203
00:40:48,309 --> 00:40:46,720
a long time listener to our show in our

1204
00:40:50,630 --> 00:40:48,319
podcast and we're going to get nathan on

1205
00:40:52,950 --> 00:40:50,640
to discuss that with us for for the main

1206
00:40:54,550 --> 00:40:52,960
pod as well so um that'll be out

1207
00:40:55,990 --> 00:40:54,560
sometime hopefully this week or next

1208
00:40:57,349 --> 00:40:56,000
week so people keep an eye out for that

1209
00:40:59,910 --> 00:40:57,359
one it'll be on the youtube and

1210
00:41:01,270 --> 00:40:59,920
available via audio only but nathan is a

1211
00:41:02,550 --> 00:41:01,280
really good guy to chat through this

1212
00:41:04,550 --> 00:41:02,560
stuff as well so that'll be a fun

1213
00:41:05,750 --> 00:41:04,560

conversation i've i've missed nathan on

1214

00:41:07,670 --> 00:41:05,760

some of the callings as well so i'm

1215

00:41:09,589 --> 00:41:07,680

excited to finally uh meet him and talk

1216

00:41:10,790 --> 00:41:09,599

properly yeah he's a good guy he knows

1217

00:41:12,630 --> 00:41:10,800

his stuff and people should check out

1218

00:41:13,589 --> 00:41:12,640

that conversation on on calling all

1219

00:41:16,390 --> 00:41:13,599

beings

1220

00:41:18,870 --> 00:41:16,400

um james has a question and a point that

1221

00:41:20,630 --> 00:41:18,880

the crash retrievals is it obvious that

1222

00:41:23,270 --> 00:41:20,640

these craft and their occupants are

1223

00:41:25,030 --> 00:41:23,280

always extraterrestrial or do you think

1224

00:41:27,829 --> 00:41:25,040

that there's the potential of them being

1225

00:41:31,349 --> 00:41:27,839

future humans piloting time machines

1226

00:41:32,150 --> 00:41:31,359

like ross coulthard postulated

1227

00:41:35,030 --> 00:41:32,160

yes

1228

00:41:36,630 --> 00:41:35,040

in a nutshell i i mean

1229

00:41:38,710 --> 00:41:36,640

what's more likely

1230

00:41:40,069 --> 00:41:38,720

is possible yeah that's it with this we

1231

00:41:41,670 --> 00:41:40,079

can keep going yeah it could be it could

1232

00:41:43,829 --> 00:41:41,680

be it could be and you have to do that

1233

00:41:46,069 --> 00:41:43,839

but there also is

1234

00:41:47,270 --> 00:41:46,079

what's more likely what do you think

1235

00:41:49,670 --> 00:41:47,280

personally

1236

00:41:52,150 --> 00:41:49,680

more stars in the universe than neurons

1237

00:41:53,829 --> 00:41:52,160

uh then grains of sand on the beach each

1238

00:41:55,750 --> 00:41:53,839

one of those is gonna have

1239

00:41:57,990 --> 00:41:55,760

you know or maybe has a solar system

1240

00:42:00,710 --> 00:41:58,000

around them um we've already identified

1241

00:42:03,589 --> 00:42:00,720

planets that are better than earth for

1242

00:42:05,829 --> 00:42:03,599

uh for life to develop

1243

00:42:08,150 --> 00:42:05,839

i would lean towards the easy

1244

00:42:11,109 --> 00:42:08,160

kind of hypothesis but i'm very very

1245

00:42:12,630 --> 00:42:11,119

aware that once you get to those speeds

1246

00:42:13,990 --> 00:42:12,640

you know when we're talking warp drives

1247

00:42:16,470 --> 00:42:14,000

and things like that we're essentially

1248

00:42:18,390 --> 00:42:16,480

talking time travel so the one kind of

1249

00:42:19,990 --> 00:42:18,400

opens up the other for me

1250

00:42:23,510 --> 00:42:20,000

yeah and again it's the whole

1251
00:42:25,589 --> 00:42:23,520
understanding of time and time being we

1252
00:42:27,589 --> 00:42:25,599
have a clock and the clocks go forward

1253
00:42:29,990 --> 00:42:27,599
and time's a man-made construct but then

1254
00:42:31,430 --> 00:42:30,000
you know what what if you could go back

1255
00:42:33,430 --> 00:42:31,440
but maybe there's another way to look at

1256
00:42:35,349 --> 00:42:33,440
time as well that we just wouldn't

1257
00:42:37,190 --> 00:42:35,359
understand as being time and that's

1258
00:42:38,550 --> 00:42:37,200
something that people far far more

1259
00:42:41,349 --> 00:42:38,560
intelligent than myself getting their

1260
00:42:44,069 --> 00:42:41,359
conversations about so yeah stuff you

1261
00:42:45,510 --> 00:42:44,079
enjoy watching then yeah i love it um i

1262
00:42:46,630 --> 00:42:45,520
was just going to say about tana you

1263
00:42:48,710 --> 00:42:46,640

know it's really hard to get your head

1264

00:42:50,309 --> 00:42:48,720

around but i'd recommend people just

1265

00:42:51,990 --> 00:42:50,319

search on youtube

1266

00:42:53,910 --> 00:42:52,000

for you know there are people that kind

1267

00:42:55,349 --> 00:42:53,920

of break it all down and you understand

1268

00:42:57,750 --> 00:42:55,359

the intricacies of it and it breaks your

1269

00:42:59,589 --> 00:42:57,760

head a bit but that's kind of because we

1270

00:43:00,790 --> 00:42:59,599

experience time in a linear fashion and

1271

00:43:03,190 --> 00:43:00,800

i think it's really interesting to try

1272

00:43:05,030 --> 00:43:03,200

and explore that wider idea like after

1273

00:43:06,790 --> 00:43:05,040

the sixth time i had watched it down and

1274

00:43:08,630 --> 00:43:06,800

still messaged you back and forward that

1275

00:43:09,589 --> 00:43:08,640

i think i've got about 70 in the movie

1276

00:43:11,750 --> 00:43:09,599

now

1277

00:43:14,309 --> 00:43:11,760

which i really enjoy it but uh yeah it's

1278

00:43:16,150 --> 00:43:14,319

just it's a bit of a head head mess um a

1279

00:43:18,230 --> 00:43:16,160

couple more questions from you folks

1280

00:43:20,309 --> 00:43:18,240

john jr what are your thoughts on

1281

00:43:22,630 --> 00:43:20,319

gifting dan you mentioned this earlier

1282

00:43:24,870 --> 00:43:22,640

in regards to crash retrievals could the

1283

00:43:28,470 --> 00:43:24,880

crashes been part of a larger plan to

1284

00:43:30,870 --> 00:43:28,480

gift humanity with advanced technology

1285

00:43:35,510 --> 00:43:30,880

i i think gifting is

1286

00:43:38,390 --> 00:43:35,520

a really interesting part of the kind of

1287

00:43:40,390 --> 00:43:38,400

the subtle influence of the phenomena

1288

00:43:41,990 --> 00:43:40,400

why why would i have the intent to do

1289

00:43:46,230 --> 00:43:42,000

that

1290

00:43:47,510 --> 00:43:46,240

we're talking the intent of the visitors

1291

00:43:50,710 --> 00:43:47,520

here so that's

1292

00:43:52,550 --> 00:43:50,720

anyone's guess really but but for me i i

1293

00:43:54,309 --> 00:43:52,560

think and i'm gonna use the term raising

1294

00:43:55,589 --> 00:43:54,319

consciousness here and i don't mean it

1295

00:43:57,589 --> 00:43:55,599

in a kind of you know you're gonna

1296

00:43:59,990 --> 00:43:57,599

become like goku and go flying and do

1297

00:44:01,750 --> 00:44:00,000

energy beams and stuff i just mean

1298

00:44:04,069 --> 00:44:01,760

it's gonna start making you think in a

1299

00:44:06,390 --> 00:44:04,079

different way you know before you

1300

00:44:08,550 --> 00:44:06,400

find a ufo sat there and have that

1301
00:44:10,790 --> 00:44:08,560
confirmation that you're not alone we're

1302
00:44:12,470 --> 00:44:10,800
all pretty you know wrapped up in the

1303
00:44:14,470 --> 00:44:12,480
events of the world

1304
00:44:16,309 --> 00:44:14,480
because that's our local area

1305
00:44:17,270 --> 00:44:16,319
and and we see ourselves a certain way

1306
00:44:19,190 --> 00:44:17,280
but then

1307
00:44:20,790 --> 00:44:19,200
when you find out that you're not alone

1308
00:44:22,870 --> 00:44:20,800
you you kind of do what ronald reagan

1309
00:44:24,230 --> 00:44:22,880
did and one day you know if these guys

1310
00:44:26,069 --> 00:44:24,240
came here would we all suddenly be

1311
00:44:27,829 --> 00:44:26,079
united as a planet and we'd see

1312
00:44:28,950 --> 00:44:27,839
ourselves in a completely different way

1313
00:44:31,109 --> 00:44:28,960

i i think

1314

00:44:33,030 --> 00:44:31,119

you you'd kind of want to develop a

1315

00:44:34,950 --> 00:44:33,040

species to that point before landing and

1316

00:44:37,750 --> 00:44:34,960

saying hi especially if there is trigger

1317

00:44:39,190 --> 00:44:37,760

happy as some of the countries here uh

1318

00:44:40,790 --> 00:44:39,200

and i think what you've got to again

1319

00:44:42,790 --> 00:44:40,800

think of and this is where my mind goes

1320

00:44:45,589 --> 00:44:42,800

a bit mad in all sorts of directions

1321

00:44:47,910 --> 00:44:45,599

with this kind of stuff as if you are

1322

00:44:49,670 --> 00:44:47,920

one of these species or entities whether

1323

00:44:51,750 --> 00:44:49,680

it's dimensional or from other planets

1324

00:44:54,470 --> 00:44:51,760

or whatever it might be

1325

00:44:57,270 --> 00:44:54,480

there has to be an assumed knowledge of

1326

00:44:59,829 --> 00:44:57,280

our structure and hierarchy in terms of

1327

00:45:01,910 --> 00:44:59,839

they have world leaders and our military

1328

00:45:05,670 --> 00:45:01,920

because

1329

00:45:08,470 --> 00:45:05,680

you crash a craft then and a well say

1330

00:45:09,589 --> 00:45:08,480

gifting a craft in a welsh farmer's

1331

00:45:14,309 --> 00:45:09,599

field

1332

00:45:15,829 --> 00:45:14,319

will just put it somewhere and they will

1333

00:45:18,309 --> 00:45:15,839

find it eventually

1334

00:45:20,230 --> 00:45:18,319

in terms of either archaeological thing

1335

00:45:21,990 --> 00:45:20,240

not necessarily right there and then

1336

00:45:24,790 --> 00:45:22,000

would they necessarily

1337

00:45:26,550 --> 00:45:24,800

have any concept of

1338

00:45:28,069 --> 00:45:26,560

the danger it might pose to people we've

1339

00:45:30,150 --> 00:45:28,079

just heard as part of the skinwalker

1340

00:45:32,230 --> 00:45:30,160

ranch book that's come out you know some

1341

00:45:34,870 --> 00:45:32,240

of these orbs have flown through people

1342

00:45:35,589 --> 00:45:34,880

and caused some really serious illnesses

1343

00:45:37,510 --> 00:45:35,599

but

1344

00:45:38,870 --> 00:45:37,520

while that is dangerous and harmful to

1345

00:45:40,309 --> 00:45:38,880

us as a species

1346

00:45:41,750 --> 00:45:40,319

they may not know that that is a

1347

00:45:43,430 --> 00:45:41,760

consequence or it might not even

1348

00:45:45,109 --> 00:45:43,440

register with them

1349

00:45:46,309 --> 00:45:45,119

yeah i mean i i'd like to think that by

1350

00:45:49,109 --> 00:45:46,319

now they've at least noticed there are a

1351
00:45:51,190 --> 00:45:49,119
few people scream when they're near um

1352
00:45:53,910 --> 00:45:51,200
and there have been

1353
00:45:55,030 --> 00:45:53,920
multiple cases over the past 70 80 years

1354
00:45:57,430 --> 00:45:55,040
of of

1355
00:45:58,230 --> 00:45:57,440
you know people being harmed by this

1356
00:45:59,829 --> 00:45:58,240
stuff

1357
00:46:01,990 --> 00:45:59,839
um because they get too near to

1358
00:46:03,349 --> 00:46:02,000
operating craft or you know there are

1359
00:46:05,030 --> 00:46:03,359
effects afterwards that come with the

1360
00:46:07,210 --> 00:46:05,040
hitchhiker effects and things like that

1361
00:46:08,870 --> 00:46:07,220
and people are mentally damaged um

1362
00:46:11,030 --> 00:46:08,880
[Music]

1363
00:46:13,109 --> 00:46:11,040

so i i think i would agree with you

1364

00:46:16,069 --> 00:46:13,119

there that they they don't quite know

1365

00:46:17,670 --> 00:46:16,079

what they're doing to us i think um and

1366

00:46:18,790 --> 00:46:17,680

and where where a little bit i said this

1367

00:46:21,190 --> 00:46:18,800

the other week as well we're a little

1368

00:46:22,630 --> 00:46:21,200

bit like moths too or flame you know

1369

00:46:24,309 --> 00:46:22,640

and dan you mentioned about you know

1370

00:46:26,309 --> 00:46:24,319

they should recognize people scream when

1371

00:46:27,510 --> 00:46:26,319

they get near but then people scream

1372

00:46:29,670 --> 00:46:27,520

down the front of a justin bieber

1373

00:46:31,430 --> 00:46:29,680

concert so we're a very confusing

1374

00:46:33,030 --> 00:46:31,440

species because

1375

00:46:35,190 --> 00:46:33,040

they seem very happy they've paid for

1376

00:46:36,550 --> 00:46:35,200

this experience so let's go and abduct

1377

00:46:38,550 --> 00:46:36,560

them because they scream when we do that

1378

00:46:40,069 --> 00:46:38,560

so they must be handy and

1379

00:46:42,470 --> 00:46:40,079

there's also an assumption there on my

1380

00:46:44,309 --> 00:46:42,480

part that they can experience or see the

1381

00:46:46,150 --> 00:46:44,319

sound waves that we emit when we do that

1382

00:46:48,390 --> 00:46:46,160

and they might not so

1383

00:46:49,829 --> 00:46:48,400

yeah i mean when you pull grass out the

1384

00:46:51,109 --> 00:46:49,839

ground it might scream or make some kind

1385

00:46:54,230 --> 00:46:51,119

of noise but you don't notice it you

1386

00:46:56,230 --> 00:46:54,240

just do it so so yeah pure grass i can't

1387

00:46:57,109 --> 00:46:56,240

believe something

1388

00:46:59,270 --> 00:46:57,119

um

1389

00:47:00,710 --> 00:46:59,280

one last question we'll go very quickly

1390

00:47:02,550 --> 00:47:00,720

before we finish off with a little bit

1391

00:47:04,150 --> 00:47:02,560

of footage review which is relevant to

1392

00:47:05,589 --> 00:47:04,160

this um hopefully you've all stuck

1393

00:47:06,790 --> 00:47:05,599

around for this again thanks to everyone

1394

00:47:09,270 --> 00:47:06,800

in the chat it's always good to see

1395

00:47:10,950 --> 00:47:09,280

people getting involved um

1396

00:47:12,550 --> 00:47:10,960

what will we go with

1397

00:47:13,829 --> 00:47:12,560

okay so last one it's a nice one able to

1398

00:47:15,270 --> 00:47:13,839

finish on i think and we've kept

1399

00:47:18,390 --> 00:47:15,280

everything all the other questions for

1400

00:47:20,390 --> 00:47:18,400

the the main podcast then if there are

1401

00:47:22,390 --> 00:47:20,400

this is from mark if there are as many

1402

00:47:24,230 --> 00:47:22,400

crashes as reported there must be

1403

00:47:26,150 --> 00:47:24,240

hundreds or thousands of service members

1404

00:47:28,069 --> 00:47:26,160

who have been involved at some level

1405

00:47:30,390 --> 00:47:28,079

only a few day base accounts have ever

1406

00:47:31,910 --> 00:47:30,400

been told why aren't more coming forward

1407

00:47:33,670 --> 00:47:31,920

where are the memoirs or deathbed

1408

00:47:35,349 --> 00:47:33,680

confessions

1409

00:47:37,270 --> 00:47:35,359

well we we've had several deathbed

1410

00:47:38,470 --> 00:47:37,280

confessions right but it's hard to kind

1411

00:47:40,390 --> 00:47:38,480

of

1412

00:47:42,470 --> 00:47:40,400

verify and follow up when the person's

1413

00:47:43,829 --> 00:47:42,480

gone unfortunately you know we had matt

1414

00:47:46,390 --> 00:47:43,839

kobets uh

1415

00:47:48,950 --> 00:47:46,400

from ross's book recently uh there have

1416

00:47:50,230 --> 00:47:48,960

been plenty in the past um

1417

00:47:52,390 --> 00:47:50,240

and it's it's super hard to

1418

00:47:53,910 --> 00:47:52,400

differentiate but i'd simply point back

1419

00:47:55,990 --> 00:47:53,920

to the manhattan project you know they

1420

00:47:58,790 --> 00:47:56,000

kept a really tight lid on that until

1421

00:48:00,790 --> 00:47:58,800

they were ready to reveal it um

1422

00:48:02,150 --> 00:48:00,800

we've had the same thing happen over the

1423

00:48:04,069 --> 00:48:02,160

years with things like you know stealth

1424

00:48:05,190 --> 00:48:04,079

bombers being developed and i have no

1425

00:48:07,910 --> 00:48:05,200

doubt that there are things being

1426

00:48:09,829 --> 00:48:07,920

developed that people just don't know we

1427

00:48:12,549 --> 00:48:09,839

we're going through

1428

00:48:14,950 --> 00:48:12,559

a bit of a learn in this community as to

1429

00:48:17,190 --> 00:48:14,960

what classifications there are

1430

00:48:19,270 --> 00:48:17,200

what they enable people to access so on

1431

00:48:22,230 --> 00:48:19,280

so forth and

1432

00:48:24,390 --> 00:48:22,240

i mean even at low's level and we're not

1433

00:48:26,309 --> 00:48:24,400

talking now you know the super black

1434

00:48:28,150 --> 00:48:26,319

program secret program that we all

1435

00:48:29,990 --> 00:48:28,160

suspect exists we're talking about the

1436

00:48:33,109 --> 00:48:30,000

the one that's now public

1437

00:48:34,630 --> 00:48:33,119

um lou's classifications were insane his

1438

00:48:35,510 --> 00:48:34,640

access was insane

1439

00:48:37,510 --> 00:48:35,520

and

1440

00:48:39,750 --> 00:48:37,520

still he couldn't get access to these

1441

00:48:41,589 --> 00:48:39,760

special programs so you got to wonder

1442

00:48:44,710 --> 00:48:41,599

how long they buried what they have to

1443

00:48:48,069 --> 00:48:44,720

hold over people um and also i think

1444

00:48:49,510 --> 00:48:48,079

some people will just be attracted to to

1445

00:48:51,589 --> 00:48:49,520

kind of having a secret that no one else

1446

00:48:53,829 --> 00:48:51,599

has you know do not think as well it'd

1447

00:48:55,270 --> 00:48:53,839

be very easy for many of these these

1448

00:48:57,670 --> 00:48:55,280

teams who deal with this kind of stuff

1449

00:48:59,670 --> 00:48:57,680

that they would be tasked with say there

1450

00:49:02,790 --> 00:48:59,680

were potential you know secret space

1451
00:49:04,710 --> 00:49:02,800
programs um or just generally secret

1452
00:49:06,710 --> 00:49:04,720
military technology that does go wrong

1453
00:49:08,549 --> 00:49:06,720
from time to time that they recover

1454
00:49:11,030 --> 00:49:08,559
crash satellites they would be told it's

1455
00:49:13,349 --> 00:49:11,040
a secret chinese satellite it is some

1456
00:49:15,829 --> 00:49:13,359
kind of russian aircraft that has been

1457
00:49:16,950 --> 00:49:15,839
downed go and collect it get rid of it

1458
00:49:18,950 --> 00:49:16,960
and you know what they might have

1459
00:49:21,829 --> 00:49:18,960
suspicions but if you're not of the

1460
00:49:23,990 --> 00:49:21,839
mindset of aliens ufos and spaceships

1461
00:49:26,309 --> 00:49:24,000
then they just do what they're told they

1462
00:49:27,829 --> 00:49:26,319
clean it up they put it away that's it

1463
00:49:30,069 --> 00:49:27,839

yeah absolutely and questions aren't

1464

00:49:32,710 --> 00:49:30,079

asked we we know that other countries

1465

00:49:34,150 --> 00:49:32,720

have sent debris to wright-patterson uh

1466

00:49:36,549 --> 00:49:34,160

because that's where the technology kind

1467

00:49:38,549 --> 00:49:36,559

of research department is um

1468

00:49:40,309 --> 00:49:38,559

and yeah i think it was canada and it

1469

00:49:41,750 --> 00:49:40,319

was a down satellite in the end but it

1470

00:49:43,910 --> 00:49:41,760

just goes to show that other countries

1471

00:49:45,510 --> 00:49:43,920

are even feeding america this stuff

1472

00:49:47,589 --> 00:49:45,520

america don't even necessarily have to

1473

00:49:49,670 --> 00:49:47,599

fly out a secret team to gather it

1474

00:49:51,190 --> 00:49:49,680

yeah and dan a few people asked us to

1475

00:49:53,190 --> 00:49:51,200

round off uh

1476

00:49:55,109 --> 00:49:53,200

we're asking for each week footage to

1477

00:49:56,630 --> 00:49:55,119

review so let us know what you think we

1478

00:49:58,230 --> 00:49:56,640

should talk about on the pod we'll share

1479

00:50:00,950 --> 00:49:58,240

the video thanks to everyone who has

1480

00:50:02,710 --> 00:50:00,960

done that so far um skinny bob is one

1481

00:50:04,549 --> 00:50:02,720

that comes up as a piece of footage

1482

00:50:07,589 --> 00:50:04,559

that's very controversial a lot of

1483

00:50:09,270 --> 00:50:07,599

people think it is cgi or faked and

1484

00:50:11,270 --> 00:50:09,280

there are as many people who seem to

1485

00:50:13,270 --> 00:50:11,280

think it could be genuine so i'm going

1486

00:50:15,510 --> 00:50:13,280

to share that now and we'll have a

1487

00:50:16,390 --> 00:50:15,520

little look at this piece of footage

1488

00:50:18,150 --> 00:50:16,400

now

1489

00:50:19,270 --> 00:50:18,160

i've got it starting kind of around

1490

00:50:21,190 --> 00:50:19,280

about here

1491

00:50:23,430 --> 00:50:21,200

what what's your thoughts on the skinny

1492

00:50:24,630 --> 00:50:23,440

bob footage dan that's plain

1493

00:50:27,109 --> 00:50:24,640

it's i mean

1494

00:50:28,390 --> 00:50:27,119

my first thoughts is if it's fake it's

1495

00:50:30,630 --> 00:50:28,400

really well done you know a lot of

1496

00:50:33,349 --> 00:50:30,640

people have said it's puppets it's cgi

1497

00:50:35,990 --> 00:50:33,359

uh there are not a lot of analysis by

1498

00:50:37,990 --> 00:50:36,000

cgi guys you can watch and there's some

1499

00:50:39,510 --> 00:50:38,000

really strange frame rate issues with a

1500

00:50:41,270 --> 00:50:39,520

lot of this footage that lead me to

1501
00:50:45,349 --> 00:50:41,280
suspect that maybe there's something

1502
00:50:47,589 --> 00:50:45,359
spliced in here that isn't faked

1503
00:50:49,430 --> 00:50:47,599
do you think there's the potential that

1504
00:50:51,270 --> 00:50:49,440
part of this is faked but some of it's

1505
00:50:53,829 --> 00:50:51,280
real and it's that thing that we've

1506
00:50:56,069 --> 00:50:53,839
mentioned before that to make something

1507
00:50:57,910 --> 00:50:56,079
seem dubious all you have to do is put a

1508
00:51:00,710 --> 00:50:57,920
little seed of doubt into it yeah and a

1509
00:51:02,549 --> 00:51:00,720
very true story can suddenly become

1510
00:51:03,510 --> 00:51:02,559
pure nonsense

1511
00:51:05,670 --> 00:51:03,520
think about what happened with that

1512
00:51:08,150 --> 00:51:05,680
alien autopsy you know a lot there was a

1513
00:51:10,069 --> 00:51:08,160

big huh when it was released over the

1514

00:51:11,750 --> 00:51:10,079

years that person has come forward and

1515

00:51:13,109 --> 00:51:11,760

said it was nonsense but they had a

1516

00:51:16,150 --> 00:51:13,119

certain frame that they were trying to

1517

00:51:18,790 --> 00:51:16,160

mimic and kind of get out to the public

1518

00:51:20,150 --> 00:51:18,800

this has been out for ages and we don't

1519

00:51:23,109 --> 00:51:20,160

have anything like that for this it's

1520

00:51:24,950 --> 00:51:23,119

still a mystery

1521

00:51:28,069 --> 00:51:24,960

it's the stereotypical look that you

1522

00:51:30,390 --> 00:51:28,079

expect the big head the large black kind

1523

00:51:32,549 --> 00:51:30,400

of gaping holes almost as we can see in

1524

00:51:34,710 --> 00:51:32,559

the video for eyes the steve jobs total

1525

00:51:36,870 --> 00:51:34,720

neck because he wasn't from here yeah

1526

00:51:39,190 --> 00:51:36,880

he's got the steve jobs

1527

00:51:41,430 --> 00:51:39,200

it's it's what we kind of come to expect

1528

00:51:43,990 --> 00:51:41,440

from the roswell crashes that we hear

1529

00:51:46,470 --> 00:51:44,000

about that there were a greys recovered

1530

00:51:48,790 --> 00:51:46,480

they had kind of body suits on

1531

00:51:50,470 --> 00:51:48,800

and there were survivals and then here

1532

00:51:52,309 --> 00:51:50,480

we go here's footage of what people

1533

00:51:55,109 --> 00:51:52,319

would expect

1534

00:51:57,190 --> 00:51:55,119

hand on heart it looks really good

1535

00:51:59,109 --> 00:51:57,200

i i can't say that it doesn't look a

1536

00:52:01,430 --> 00:51:59,119

little cgi-esque

1537

00:52:04,710 --> 00:52:01,440

but again i've got to caveat that with

1538

00:52:06,549 --> 00:52:04,720

my my get of jail card of we don't know

1539

00:52:08,230 --> 00:52:06,559

what real would look like

1540

00:52:09,829 --> 00:52:08,240

and i would really love to get some

1541

00:52:12,309 --> 00:52:09,839

serious people such as

1542

00:52:13,349 --> 00:52:12,319

ondo or chris mellon or others like that

1543

00:52:15,589 --> 00:52:13,359

as jaffa

1544

00:52:17,589 --> 00:52:15,599

to sit look at this footage and go what

1545

00:52:19,030 --> 00:52:17,599

do you really think of this

1546

00:52:20,870 --> 00:52:19,040

not that they would notice it was

1547

00:52:22,309 --> 00:52:20,880

genuine or not but

1548

00:52:25,510 --> 00:52:22,319

do they think this would be real or not

1549

00:52:28,870 --> 00:52:25,520

i would lean towards cgi but again i'm

1550

00:52:30,630 --> 00:52:28,880

no expert in what may or may not be

1551
00:52:31,670 --> 00:52:30,640
be good about this particular piece of

1552
00:52:33,510 --> 00:52:31,680
footage

1553
00:52:34,950 --> 00:52:33,520
for me it's kind of how undramatic the

1554
00:52:36,390 --> 00:52:34,960
footage is as well

1555
00:52:38,790 --> 00:52:36,400
you know we're not watching a craft zip

1556
00:52:40,309 --> 00:52:38,800
off we're not watching crazy maneuvers

1557
00:52:43,589 --> 00:52:40,319
we're either watching a fake and it's

1558
00:52:45,670 --> 00:52:43,599
cgi and a dude in a suit or it's someone

1559
00:52:49,109 --> 00:52:45,680
and and they've made a decision to just

1560
00:52:51,270 --> 00:52:49,119
not make it very fanciful you know uh i

1561
00:52:52,950 --> 00:52:51,280
i saw a video on it was on tick tock the

1562
00:52:55,430 --> 00:52:52,960
other day and it was just an interview

1563
00:52:58,150 --> 00:52:55,440

between two people um and the one person

1564

00:53:00,710 --> 00:52:58,160

said show us how you blink and then the

1565

00:53:02,549 --> 00:53:00,720

woman blinked and the person said no not

1566

00:53:04,790 --> 00:53:02,559

that way show us the other way and it

1567

00:53:06,150 --> 00:53:04,800

turned out that this was a

1568

00:53:07,829 --> 00:53:06,160

what if there was an interview with an

1569

00:53:11,829 --> 00:53:07,839

alien and then the woman blinked

1570

00:53:14,390 --> 00:53:11,839

sideways and it was really undramatic

1571

00:53:15,510 --> 00:53:14,400

just you know there wasn't any crazy

1572

00:53:17,030 --> 00:53:15,520

music or anything like that when i

1573

00:53:19,349 --> 00:53:17,040

watched it i thought this is kind of how

1574

00:53:21,270 --> 00:53:19,359

it would be but this looks really fake

1575

00:53:22,950 --> 00:53:21,280

and i i can't get my head around how i

1576

00:53:25,510 --> 00:53:22,960

deal with it if this was actually put in

1577

00:53:27,109 --> 00:53:25,520

front of me you know i think i'd need

1578

00:53:28,870 --> 00:53:27,119

someone like lou to put it in front of

1579

00:53:30,069 --> 00:53:28,880

me and say this is real sit here until

1580

00:53:32,150 --> 00:53:30,079

you get that through your head because

1581

00:53:33,589 --> 00:53:32,160

if i saw it on youtube i think

1582

00:53:35,750 --> 00:53:33,599

i'd struggle

1583

00:53:38,150 --> 00:53:35,760

absolutely listen folks that's all we've

1584

00:53:40,549 --> 00:53:38,160

got time for this week on kgra digital

1585

00:53:43,670 --> 00:53:40,559

broadcasting you can check out the main

1586

00:53:46,150 --> 00:53:43,680

podcast available on youtube now and

1587

00:53:49,030 --> 00:53:46,160

also apple spotify however you listen to

1588

00:53:51,030 --> 00:53:49,040

podcasts our interview with paulo gazadi

1589

00:53:52,470 --> 00:53:51,040

who is the italian representative for

1590

00:53:53,829 --> 00:53:52,480

icer

1591

00:53:55,910 --> 00:53:53,839

international coalition of

1592

00:53:57,829 --> 00:53:55,920

extraterrestrial research he also works

1593

00:53:59,670 --> 00:53:57,839

the italian ministry for foreign affairs

1594

00:54:01,510 --> 00:53:59,680

really interesting guy and he was

1595

00:54:03,990 --> 00:54:01,520

talking about project titan which is

1596

00:54:06,710 --> 00:54:04,000

being put forward as a motion to the un

1597

00:54:08,069 --> 00:54:06,720

through the the vehicle of san marino um

1598

00:54:09,750 --> 00:54:08,079

the country so that was a really

1599

00:54:11,349 --> 00:54:09,760

interesting chat a lot of great feedback

1600

00:54:12,470 --> 00:54:11,359

on that as well thanks to everyone who's

1601

00:54:14,549 --> 00:54:12,480

checked that out

1602

00:54:16,390 --> 00:54:14,559

next week's show on the main podcast

1603

00:54:18,470 --> 00:54:16,400

should be the full interview you've

1604

00:54:20,470 --> 00:54:18,480

heard bits of it's actually a fresh

1605

00:54:23,750 --> 00:54:20,480

original interview it's not the same one

1606

00:54:26,390 --> 00:54:23,760

with graham rendall that may be moved to

1607

00:54:28,549 --> 00:54:26,400

accommodate something else that probably

1608

00:54:31,430 --> 00:54:28,559

is coming up instead graham won't mind

1609

00:54:33,670 --> 00:54:31,440

us bumping them by a week um but it's

1610

00:54:35,109 --> 00:54:33,680

one that is relevant right now

1611

00:54:37,430 --> 00:54:35,119

to do with a certain book that's come

1612

00:54:38,950 --> 00:54:37,440

out so we'll see if that one comes up

1613

00:54:41,349 --> 00:54:38,960

that'll be good and that'll be getting a

1614

00:54:42,549 --> 00:54:41,359

priority to go straight out um so yeah

1615

00:54:43,910 --> 00:54:42,559

thank you very much for joining us

1616

00:54:46,069 --> 00:54:43,920

you're getting jacob rowling is she

1617

00:54:47,829 --> 00:54:46,079

doing a new harry potter book

1618

00:54:50,309 --> 00:54:47,839

no i hope not because you know they

1619

00:54:51,990 --> 00:54:50,319

milked that for all it was worth um but

1620

00:54:53,190 --> 00:54:52,000

it's another type of wizard no it's not

1621

00:54:54,630 --> 00:54:53,200

it's like i don't even see that people

1622

00:54:56,150 --> 00:54:54,640

will start to surmise but thanks to

1623

00:54:59,109 --> 00:54:56,160

everyone in the chat thanks for checking

1624

00:55:00,630 --> 00:54:59,119

us out thanks to kgra for hosting us and

1625

00:55:03,190 --> 00:55:00,640

folks if you want to go back and watch

1626
00:55:04,470 --> 00:55:03,200
the archive you can do so on kgra but

1627
00:55:06,069 --> 00:55:04,480
we're going to start uploading those

1628
00:55:08,069 --> 00:55:06,079
like week or so delayed on the main

1629
00:55:09,910 --> 00:55:08,079
youtube channel as well so thank you

1630
00:55:11,270 --> 00:55:09,920
very much for checking us out dan have a

1631
