00:00:08,230 --> 00:00:06,000
so this isn't anything that just is

4
00:00:15,430 --> 00:00:08,240
limited to the united states it's a

5
00:00:21,750 --> 00:00:17,910
hi everyone and welcome to that ufo

am very good and if you are watching

10
00:00:32,470 --> 00:00:30,960

as they air on kg ra's facebook channel

13
00:00:40,150 --> 00:00:38,559

or their youtube channel thank you to

14

00:00:42,470 --> 00:00:40,160

our colleagues and friends over at the

15

00:00:44,790 --> 00:00:42,480

unidentified to celebrity review for the

16

00:00:46,549 --> 00:00:44,800

show they have just done if you're not

17

00:00:48,549 --> 00:00:46,559

listening to it after that then

18

00:00:50,630 --> 00:00:48,559

disregard that because it doesn't really

19

00:00:52,549 --> 00:00:50,640

matter it happened weeks ago but make

20

00:00:53,670 --> 00:00:52,559

sure you've also checked out their show

21

00:00:54,709 --> 00:00:53,680

as well

22

00:00:56,709 --> 00:00:54,719

done

23

00:00:59,510 --> 00:00:56,719

uh it's your fault for this week's show

24

00:01:01,590 --> 00:00:59,520

i mean you came up with the idea

25

00:01:03,270 --> 00:01:01,600

uh we were going to talk about um a

26
00:01:05,109 --> 00:01:03,280
little bit about bill nelson's comments

27
00:01:08,149 --> 00:01:05,119
which i think is a great place to start

28
00:01:10,149 --> 00:01:08,159
anyway but uh you mentioned there were a

29
00:01:12,070 --> 00:01:10,159
few other statements made over the last

30
00:01:13,750 --> 00:01:12,080
year or so that would be good to bring

31
00:01:15,990 --> 00:01:13,760
up and talk about and we've just turned

32
00:01:18,789 --> 00:01:16,000
that into a whole show so what we have

33
00:01:22,070 --> 00:01:18,799
for you folks are starting from july

34
00:01:23,749 --> 00:01:22,080
2020 are some senators and various

35
00:01:25,350 --> 00:01:23,759
different politicians or people within

36
00:01:30,630 --> 00:01:25,360
the political arena

37
00:01:32,710 --> 00:01:30,640
talking about ufos uaps because it's

38
00:01:34,870 --> 00:01:32,720

something we see at the time we scroll

39

00:01:37,190 --> 00:01:34,880

past it on social media we check out the

40

00:01:39,350 --> 00:01:37,200

live clip and then we can move on and

41

00:01:40,710 --> 00:01:39,360

forget about it and when you actually

42

00:01:43,749 --> 00:01:40,720

look at the list we've got in front of

43

00:01:47,590 --> 00:01:43,759

us dan i've got july 2020 july 2020

44

00:01:49,510 --> 00:01:47,600

november 2020 march 2021 may may may

45

00:01:50,870 --> 00:01:49,520

june june

46

00:01:52,870 --> 00:01:50,880

there's been a lot happening and for

47

00:01:54,389 --> 00:01:52,880

people who say ah it's a slow news week

48

00:01:56,149 --> 00:01:54,399

or a slow news month

49

00:01:57,830 --> 00:01:56,159

when you actually look at all the

50

00:01:59,190 --> 00:01:57,840

statements that have been made there's

51

00:02:01,350 --> 00:01:59,200

been quite a lot and this isn't

52

00:02:03,350 --> 00:02:01,360

everything by any means so

53

00:02:04,550 --> 00:02:03,360

it was a pretty good idea on your behalf

54

00:02:06,630 --> 00:02:04,560

to do this so

55

00:02:08,469 --> 00:02:06,640

well well done well done

56

00:02:10,150 --> 00:02:08,479

thank you um

57

00:02:11,589 --> 00:02:10,160

it's one of those things that we we all

58

00:02:13,910 --> 00:02:11,599

take these statements for granted i

59

00:02:15,990 --> 00:02:13,920

think um so i just thought it would be

60

00:02:17,589 --> 00:02:16,000

at least after seeing bill nelson's

61

00:02:18,790 --> 00:02:17,599

comment i went and kind of reviewed all

62

00:02:20,550 --> 00:02:18,800

these comments

63

00:02:22,470 --> 00:02:20,560

um from the past year or so and just

64

00:02:24,390 --> 00:02:22,480

thought wow we've come a real long way

65

00:02:25,510 --> 00:02:24,400

this would be good to you know recap and

66

00:02:27,110 --> 00:02:25,520

discuss

67

00:02:28,949 --> 00:02:27,120

absolutely so what we're going to do is

68

00:02:30,309 --> 00:02:28,959

play the comments and we'll have a

69

00:02:32,390 --> 00:02:30,319

little chat about each of them

70

00:02:35,509 --> 00:02:32,400

afterwards and we will of course finish

71

00:02:37,750 --> 00:02:35,519

up with bill nelson's recent comment

72

00:02:40,710 --> 00:02:37,760

head of nasa at the moment making quite

73

00:02:42,710 --> 00:02:40,720

a big claim on ufos well i think so i

74

00:02:44,949 --> 00:02:42,720

can't speak for everyone because some of

75

00:02:46,869 --> 00:02:44,959

you on social media and otherwise got in

76

00:02:48,790 --> 00:02:46,879

touch and shared your thoughts and some

77

00:02:51,430 --> 00:02:48,800

people didn't see too much in it but

78

00:02:54,070 --> 00:02:51,440

let's get to that when we get there so

79

00:02:57,190 --> 00:02:54,080

the first clip we are going to play is

80

00:03:01,350 --> 00:02:57,200

from senator marco rubio and this was

81

00:03:03,270 --> 00:03:01,360

from july 2020. uh that is not senator

82

00:03:05,509 --> 00:03:03,280

marco rubio that is just a really

83

00:03:08,309 --> 00:03:05,519

unfortunate place to have stopped jim

84

00:03:10,229 --> 00:03:08,319

defense uh interview so we'll play this

85

00:03:13,190 --> 00:03:10,239

clip all the clips folks are 30 seconds

86

00:03:20,630 --> 00:03:13,200

in a minute or so so just uh enjoy and

87

00:03:24,309 --> 00:03:22,229

dan

88

00:03:26,309 --> 00:03:24,319

what did i do uh i'm not getting any

89

00:03:28,789 --> 00:03:26,319

audio there no why are you not getting

90

00:03:30,789 --> 00:03:28,799

getting any audio done i don't know

91

00:03:32,309 --> 00:03:30,799

because i never clicked the button did a

92

00:03:35,670 --> 00:03:32,319

share subscribe

93

00:03:37,030 --> 00:03:35,680

there we go let's get back to jim okay

94

00:03:38,949 --> 00:03:37,040

thanks very much now we're sharing

95

00:03:39,750 --> 00:03:38,959

system audio you are all going to hear

96

00:03:41,910 --> 00:03:39,760

this

97

00:03:45,589 --> 00:03:41,920

we could have been proper professional

98

00:03:47,350 --> 00:03:45,599

and pros and edited that out no

99

00:03:48,949 --> 00:03:47,360

that's just not dan style anymore it

100

00:03:50,789 --> 00:03:48,959

doesn't do this this is the human

101
00:03:53,110 --> 00:03:50,799
struggle i like i like to let people see

102
00:03:54,789 --> 00:03:53,120
the process you know as yeah like that's

103
00:03:56,789 --> 00:03:54,799
that's that's such a lazy way to say we

104
00:03:59,910 --> 00:03:56,799
can't be bothered

105
00:04:01,589 --> 00:03:59,920
here is jim uh the fed with senator

106
00:04:03,670 --> 00:04:01,599
marco rubio

107
00:04:04,789 --> 00:04:03,680
release it publicly and let's try to get

108
00:04:06,309 --> 00:04:04,799
some answers

109
00:04:07,589 --> 00:04:06,319
um you know look here's the interesting

110
00:04:08,789 --> 00:04:07,599
thing for me about all this and the

111
00:04:11,990 --> 00:04:08,799
reason why i think it's an important

112
00:04:14,710 --> 00:04:12,000
topic okay and that is we have things

113
00:04:16,550 --> 00:04:14,720

flying over our military bases and

114

00:04:18,310 --> 00:04:16,560

places where we're conducting military

115

00:04:20,229 --> 00:04:18,320

exercises and we don't know what it is

116

00:04:22,629 --> 00:04:20,239

and it isn't ours so

117

00:04:25,350 --> 00:04:22,639

that's a legitimate question to ask i

118

00:04:27,590 --> 00:04:25,360

would say that um uh frankly that if

119

00:04:29,189 --> 00:04:27,600

it's something of outside from outside

120

00:04:30,469 --> 00:04:29,199

this planet that might actually be

121

00:04:32,390 --> 00:04:30,479

better than the fact that we've seen

122

00:04:33,909 --> 00:04:32,400

some technological leap on behalf of the

123

00:04:36,070 --> 00:04:33,919

chinese or the russians or some other

124

00:04:37,909 --> 00:04:36,080

adversary that allows them to conduct

125

00:04:40,150 --> 00:04:37,919

this sort of activity but the bottom

126

00:04:42,070 --> 00:04:40,160

line is if there are things flying over

127

00:04:44,310 --> 00:04:42,080

your military bases and you don't know

128

00:04:45,990 --> 00:04:44,320

what they are because they're not yours

129

00:04:47,670 --> 00:04:46,000

and they exhibit potentially

130

00:04:49,749 --> 00:04:47,680

technologies that you don't have at your

131

00:04:51,430 --> 00:04:49,759

own disposal that to me is a national

132

00:04:53,510 --> 00:04:51,440

security risk and one that we should be

133

00:04:55,670 --> 00:04:53,520

looking into and so that's the premise i

134

00:04:57,270 --> 00:04:55,680

begin with let's clear this up who would

135

00:04:59,510 --> 00:04:57,280

be looking into this and they would be

136

00:05:02,629 --> 00:04:59,520

generating some sort of a publicly

137

00:05:05,029 --> 00:05:02,639

available report on you're not using the

138

00:05:06,550 --> 00:05:05,039

phrase unidentified flying objects you

139

00:05:09,270 --> 00:05:06,560

have another euphemism for it

140

00:05:10,870 --> 00:05:09,280

unidentified aerial phenomenon which is

141

00:05:12,070 --> 00:05:10,880

that i didn't i didn't yeah i didn't

142

00:05:14,469 --> 00:05:12,080

come up with that that's the one that

143

00:05:16,310 --> 00:05:14,479

the military uses internally and

144

00:05:17,990 --> 00:05:16,320

ultimately you know that that's the one

145

00:05:20,070 --> 00:05:18,000

we used and what we're saying yeah so

146

00:05:20,870 --> 00:05:20,080

the office of naval intelligence this is

147

00:05:22,870 --> 00:05:20,880

over

148

00:05:24,950 --> 00:05:22,880

has impacted the navy for the most part

149

00:05:26,950 --> 00:05:24,960

have seen reports on this now for the

150

00:05:28,950 --> 00:05:26,960

better part of a decade other countries

151
00:05:31,189 --> 00:05:28,960
have had similar reports and so but for

152
00:05:33,270 --> 00:05:31,199
our perspective is there is someone

153
00:05:34,710 --> 00:05:33,280
flying in the airspace that no one else

154
00:05:37,350 --> 00:05:34,720
is allowed to fly in and we don't know

155
00:05:38,950 --> 00:05:37,360
who it is and it isn't something we have

156
00:05:41,029 --> 00:05:38,960
we need to know what that is i mean that

157
00:05:42,150 --> 00:05:41,039
that's in my mind i mean that's i don't

158
00:05:44,710 --> 00:05:42,160
understand why we wouldn't want to know

159
00:05:47,110 --> 00:05:44,720
what it is maybe there's a completely

160
00:05:49,670 --> 00:05:47,120
sort of boring explanation for it but we

161
00:05:51,029 --> 00:05:49,680
need to find out um and and so that's

162
00:05:52,550 --> 00:05:51,039
really what we're asking about and we're

163
00:05:54,469 --> 00:05:52,560

asking them to make public as much as

164

00:05:56,710 --> 00:05:54,479

possible that information none of that

165

00:05:57,670 --> 00:05:56,720

really fits into the mold of classified

166

00:05:59,749 --> 00:05:57,680

per se

167

00:06:01,510 --> 00:05:59,759

all right but what's so what's your gut

168

00:06:03,270 --> 00:06:01,520

are we alone in the universe or is there

169

00:06:04,550 --> 00:06:03,280

something else out there

170

00:06:05,749 --> 00:06:04,560

i don't have a gut feeling about it

171

00:06:07,430 --> 00:06:05,759

because it's a phenomenon it's

172

00:06:09,110 --> 00:06:07,440

unexplained um

173

00:06:11,350 --> 00:06:09,120

i go i just want to know what it is and

174

00:06:12,870 --> 00:06:11,360

if we can't determine what it is

175

00:06:17,670 --> 00:06:12,880

that's a fact point we need to take into

176

00:06:21,350 --> 00:06:18,830

so

177

00:06:23,830 --> 00:06:21,360

dan a couple of things that jump out to

178

00:06:25,590 --> 00:06:23,840

me there is one him saying he does not

179

00:06:27,189 --> 00:06:25,600

have a gut feeling that's an absolute

180

00:06:29,830 --> 00:06:27,199

lie of course he would have a gut

181

00:06:31,350 --> 00:06:29,840

feeling but the the language used

182

00:06:33,430 --> 00:06:31,360

straight off the bat

183

00:06:35,909 --> 00:06:33,440

it would be preferential it's something

184

00:06:38,230 --> 00:06:35,919

from outside of this world because

185

00:06:40,550 --> 00:06:38,240

there's no f spots or maybes that you're

186

00:06:42,390 --> 00:06:40,560

talking aliens here that's essentially

187

00:06:45,189 --> 00:06:42,400

what he gets right into

188

00:06:47,110 --> 00:06:45,199

and he's not afraid to do that now i

189

00:06:49,270 --> 00:06:47,120

don't doubt off the back of these

190

00:06:51,189 --> 00:06:49,280

briefings and what he's discussed with

191

00:06:53,270 --> 00:06:51,199

the people he's discussed it with

192

00:06:56,070 --> 00:06:53,280

that's because they're more or less

193

00:06:57,990 --> 00:06:56,080

being told we don't think these are from

194

00:07:00,629 --> 00:06:58,000

here we think they are potentially

195

00:07:01,670 --> 00:07:00,639

non-human agree disagree what do you

196

00:07:04,629 --> 00:07:01,680

think

197

00:07:06,710 --> 00:07:04,639

well from our

198

00:07:08,870 --> 00:07:06,720

knowledge of what the the briefings that

199

00:07:11,110 --> 00:07:08,880

eric davis gave

200

00:07:14,070 --> 00:07:11,120

i would i would agree that it is towards

201
00:07:15,510 --> 00:07:14,080
the side of they are non-human

202
00:07:17,430 --> 00:07:15,520
some things

203
00:07:20,070 --> 00:07:17,440
the the public term for that that we saw

204
00:07:21,670 --> 00:07:20,080
is basically this this other bucket from

205
00:07:24,469 --> 00:07:21,680
the ua ptf

206
00:07:27,909 --> 00:07:24,479
so at the moment you know where

207
00:07:31,749 --> 00:07:30,469
not quite addressing it directly but you

208
00:07:33,350 --> 00:07:31,759
know he's leaving the question hanging

209
00:07:34,230 --> 00:07:33,360
in the air very purposefully here i

210
00:07:37,990 --> 00:07:34,240
think

211
00:07:40,070 --> 00:07:38,000
the way we're looking at this argument

212
00:07:42,150 --> 00:07:40,080
and we've discussed this many times and

213
00:07:43,909 --> 00:07:42,160

and folks watching or listening to this

214

00:07:46,550 --> 00:07:43,919

have their their varying opinions and

215

00:07:47,589 --> 00:07:46,560

people want senators congressmen and

216

00:07:49,430 --> 00:07:47,599

women

217

00:07:51,589 --> 00:07:49,440

anyone an authority to just come out and

218

00:07:54,070 --> 00:07:51,599

tell us what they know but i think he's

219

00:07:55,430 --> 00:07:54,080

doing the right thing and playing it

220

00:07:57,830 --> 00:07:55,440

baby steps

221

00:08:00,230 --> 00:07:57,840

that there is something that we need to

222

00:08:02,390 --> 00:08:00,240

investigate and it's almost appealing to

223

00:08:04,710 --> 00:08:02,400

to other mainstream media and science

224

00:08:06,629 --> 00:08:04,720

that why don't we want to know what this

225

00:08:08,469 --> 00:08:06,639

is and if it's something prosaic and

226

00:08:10,629 --> 00:08:08,479

boring then well i don't know how it

227

00:08:12,390 --> 00:08:10,639

could be given the technology that's on

228

00:08:14,550 --> 00:08:12,400

exhibit here

229

00:08:17,110 --> 00:08:14,560

but he is making the point that why

230

00:08:19,670 --> 00:08:17,120

don't we want to know what this is

231

00:08:20,790 --> 00:08:19,680

that's that's pretty pretty great and i

232

00:08:23,110 --> 00:08:20,800

think it's a really good place to kind

233

00:08:25,270 --> 00:08:23,120

of leap off of let me just state as well

234

00:08:27,909 --> 00:08:25,280

then that we are showing various

235

00:08:28,869 --> 00:08:27,919

different politicians here i have no

236

00:08:31,670 --> 00:08:28,879

care

237

00:08:33,589 --> 00:08:31,680

whether they are democrats republican or

238

00:08:35,589 --> 00:08:33,599

from any other political parties i i

239

00:08:37,509 --> 00:08:35,599

don't care about their politics and i

240

00:08:39,350 --> 00:08:37,519

know other people do and that's that's

241

00:08:41,829 --> 00:08:39,360

fair but from us outside of the united

242

00:08:45,509 --> 00:08:41,839

states we are looking at this purely as

243

00:08:47,990 --> 00:08:45,519

a totally bipartisan issue and

244

00:08:49,590 --> 00:08:48,000

we have no political affiliations at all

245

00:08:51,190 --> 00:08:49,600

and we're just looking to to see the

246

00:08:53,670 --> 00:08:51,200

comments and take them at face value

247

00:08:56,310 --> 00:08:53,680

just for anyone who's like marco rubio

248

00:08:58,310 --> 00:08:56,320

yeah hate him well you know any anyone

249

00:08:59,670 --> 00:08:58,320

feeling that way hold your horses

250

00:09:02,630 --> 00:08:59,680

because we're about to jump to the other

251

00:09:03,910 --> 00:09:02,640

side of the aisle um this this timeline

252

00:09:06,389 --> 00:09:03,920

shows that this is absolutely a

253

00:09:07,910 --> 00:09:06,399

bipartisan issue and we'll try and talk

254

00:09:10,389 --> 00:09:07,920

about the legislation that kind of went

255

00:09:11,269 --> 00:09:10,399

hand in hand with these moments as we go

256

00:09:14,790 --> 00:09:11,279

um

257

00:09:17,430 --> 00:09:14,800

right now we're in the era of s3905 that

258

00:09:18,470 --> 00:09:17,440

was the first piece of legislation for

259

00:09:20,870 --> 00:09:18,480

for

260

00:09:23,430 --> 00:09:20,880

uh they didn't specify uap it was an

261

00:09:25,110 --> 00:09:23,440

anomalous aerial uh phenomena i think it

262

00:09:26,790 --> 00:09:25,120

was at that point

263

00:09:28,070 --> 00:09:26,800

um so so they were kind of dancing

264

00:09:29,910 --> 00:09:28,080

around it but

265

00:09:30,949 --> 00:09:29,920

senator marco rubio and senator mark

266

00:09:32,470 --> 00:09:30,959

warner

267

00:09:33,910 --> 00:09:32,480

were the first two guys really to come

268

00:09:35,910 --> 00:09:33,920

out swinging on this issue and kind of

269

00:09:37,750 --> 00:09:35,920

set the bar and say look you know like

270

00:09:39,990 --> 00:09:37,760

you said this is a serious issue there's

271

00:09:42,389 --> 00:09:40,000

a person from each side of the aisle

272

00:09:44,389 --> 00:09:42,399

screaming that this is relevant so uh so

273

00:09:46,470 --> 00:09:44,399

yeah let's let's have a listen to mark

274

00:09:48,790 --> 00:09:46,480

let me just ask you dan very quickly do

275

00:09:50,870 --> 00:09:48,800

you think that was deliberate that one

276

00:09:53,509 --> 00:09:50,880

week apart they made these comments from

277

00:09:55,750 --> 00:09:53,519

either side of the political fence

278

00:09:58,870 --> 00:09:55,760

well they're both involved

279

00:10:02,470 --> 00:09:58,880

in places that bill would have come from

280

00:10:03,509 --> 00:10:02,480

um mark warner especially um

281

00:10:05,509 --> 00:10:03,519

so

282

00:10:07,030 --> 00:10:05,519

i mean yeah these these bills are

283

00:10:09,910 --> 00:10:07,040

written these are the guys to get the

284

00:10:13,110 --> 00:10:09,920

briefings first so yeah i i think the

285

00:10:14,310 --> 00:10:13,120

these guys were decided uh that they

286

00:10:16,069 --> 00:10:14,320

were going to be the figureheads to

287

00:10:17,590 --> 00:10:16,079

start running with this

288

00:10:19,269 --> 00:10:17,600

let's head over to the senator mark

289

00:10:22,150 --> 00:10:19,279

warner then and hear his comments at the

290

00:10:23,030 --> 00:10:22,160

time from july 2020

291

00:10:25,350 --> 00:10:23,040

well

292

00:10:28,310 --> 00:10:25,360

i'm not going to get into any uh details

293

00:10:33,110 --> 00:10:28,320

on classified information i have

294

00:10:35,910 --> 00:10:33,120

uh received a similar brief um

295

00:10:37,430 --> 00:10:35,920

over a year ago uh i need to get an

296

00:10:39,670 --> 00:10:37,440

update as well

297

00:10:40,790 --> 00:10:39,680

and you know i'm concerned about

298

00:10:42,710 --> 00:10:40,800

anything

299

00:10:44,630 --> 00:10:42,720

that might threaten

300

00:10:45,509 --> 00:10:44,640

the health and well-being

301
00:10:47,269 --> 00:10:45,519
of

302
00:10:49,350 --> 00:10:47,279
you know our pilots

303
00:10:52,710 --> 00:10:49,360
uh we've got a lot of those pilots that

304
00:10:55,190 --> 00:10:52,720
fly out of oceania uh fly out of hampton

305
00:10:58,550 --> 00:10:55,200
roads uh if there is

306
00:11:01,670 --> 00:10:58,560
anything that is um uh disturbing their

307
00:11:04,630 --> 00:11:01,680
flight patterns uh or potentially a

308
00:11:07,190 --> 00:11:04,640
threat um i think it's appropriate that

309
00:11:09,829 --> 00:11:07,200
the navy and the armed forces generally

310
00:11:13,190 --> 00:11:09,839
uh take this into consideration but in

311
00:11:16,470 --> 00:11:15,110
that remains classified i'm the vice

312
00:11:17,590 --> 00:11:16,480
chairman of the intelligence committee

313
00:11:20,630 --> 00:11:17,600

obviously i'm not going to talk about

314

00:11:21,829 --> 00:11:20,640

classified information uh but

315

00:11:24,230 --> 00:11:21,839

but i think it's appropriate that the

316

00:11:26,870 --> 00:11:24,240

pentagon keeps senator rubio and i and

317

00:11:30,069 --> 00:11:26,880

other members of the committee informed

318

00:11:32,870 --> 00:11:30,079

again i've heard nothing about um

319

00:11:35,509 --> 00:11:32,880

the status of the dni report uh and

320

00:11:37,030 --> 00:11:35,519

we'll just have to stay tuned

321

00:11:38,870 --> 00:11:37,040

again

322

00:11:40,790 --> 00:11:38,880

i'm not gonna no matter how many times

323

00:11:43,509 --> 00:11:40,800

you ask i'm not gonna talk about things

324

00:11:46,870 --> 00:11:43,519

that are uh classified i am going to say

325

00:11:49,750 --> 00:11:46,880

though that um the pentagon ought to be

326
00:11:52,150 --> 00:11:49,760
doing everything it would be appropriate

327
00:11:55,269 --> 00:11:52,160
to protect the safety and well-being of

328
00:11:57,829 --> 00:11:55,279
our planes and our pilots

329
00:12:00,069 --> 00:11:57,839
now that was very much the the tone not

330
00:12:01,750 --> 00:12:00,079
quite as exciting was it as marco

331
00:12:03,829 --> 00:12:01,760
rubio's but it's more of an

332
00:12:05,829 --> 00:12:03,839
acknowledgement that he's had one of

333
00:12:08,710 --> 00:12:05,839
those briefings interesting it was a

334
00:12:10,069 --> 00:12:08,720
year since he'd had it um not because it

335
00:12:12,230 --> 00:12:10,079
had been a year but just that's that's

336
00:12:14,550 --> 00:12:12,240
quite a while so there was no follow-up

337
00:12:16,389 --> 00:12:14,560
since then and that begs the question

338
00:12:18,230 --> 00:12:16,399

did he go seeking out the briefing was

339

00:12:20,629 --> 00:12:18,240

it something that was given to him but

340

00:12:23,190 --> 00:12:20,639

he's he's clearly not had any chase-up

341

00:12:25,269 --> 00:12:23,200

or follow-up since um i i'm guessing

342

00:12:26,550 --> 00:12:25,279

that has very much changed at this point

343

00:12:28,470 --> 00:12:26,560

now anyway

344

00:12:30,069 --> 00:12:28,480

especially given this was

345

00:12:32,389 --> 00:12:30,079

almost a year before the task force

346

00:12:33,829 --> 00:12:32,399

report so you would think

347

00:12:37,350 --> 00:12:33,839

there's been a few updates at least

348

00:12:38,710 --> 00:12:37,360

since then as well mark warner then um

349

00:12:40,389 --> 00:12:38,720

good to see him getting involved and

350

00:12:43,190 --> 00:12:40,399

what are your thoughts

351

00:12:44,310 --> 00:12:43,200

uh it's similar to marco rubio like the

352

00:12:45,990 --> 00:12:44,320

these

353

00:12:48,710 --> 00:12:46,000

they're trailblazers

354

00:12:50,389 --> 00:12:48,720

not not many politicians are taking this

355

00:12:52,069 --> 00:12:50,399

issue on and they they're doing it in a

356

00:12:53,269 --> 00:12:52,079

very

357

00:12:55,590 --> 00:12:53,279

you know there's no jokes there's no

358

00:12:57,829 --> 00:12:55,600

awkward humor they they know the weight

359

00:12:59,350 --> 00:12:57,839

of the issue that if something is

360

00:13:01,350 --> 00:12:59,360

breaching their airspace and can

361

00:13:02,550 --> 00:13:01,360

outclass the very best stuff that they

362

00:13:04,870 --> 00:13:02,560

have

363

00:13:06,870 --> 00:13:04,880

there's a huge problem here and there it

364

00:13:08,389 --> 00:13:06,880

needs to be addressed you can tell that

365

00:13:10,870 --> 00:13:08,399

both these guys really want to kind of

366

00:13:13,590 --> 00:13:10,880

throw the book at the the problem um and

367

00:13:15,750 --> 00:13:13,600

get it solved but as as we saw

368

00:13:17,509 --> 00:13:15,760

there was some resistance as though this

369

00:13:19,590 --> 00:13:17,519

was happening

370

00:13:21,190 --> 00:13:19,600

through the years we have seen many

371

00:13:23,590 --> 00:13:21,200

former presidents

372

00:13:25,190 --> 00:13:23,600

give their opinion sometimes very

373

00:13:27,910 --> 00:13:25,200

fleetingly other times in a bit more

374

00:13:30,230 --> 00:13:27,920

detail like like bill clinton but uh

375

00:13:32,949 --> 00:13:30,240

former president obama was asked about

376

00:13:35,350 --> 00:13:32,959

this subject in november of last year on

377

00:13:37,350 --> 00:13:35,360

the late show with stephen colbert let's

378

00:13:39,030 --> 00:13:37,360

check out what barack obama had to say

379

00:13:40,310 --> 00:13:39,040

at the time and he gets pressed a little

380

00:13:41,750 --> 00:13:40,320

bit on it but

381

00:13:43,990 --> 00:13:41,760

there are times where

382

00:13:46,550 --> 00:13:44,000

prying information out of uh

383

00:13:48,710 --> 00:13:46,560

the bowels of an agency uh can can be

384

00:13:50,629 --> 00:13:48,720

challenging ufos any ufos did you ask

385

00:13:51,670 --> 00:13:50,639

about that i certainly asked about it

386

00:13:53,750 --> 00:13:51,680

and

387

00:13:55,110 --> 00:13:53,760

i can't tell you

388

00:13:57,189 --> 00:13:55,120

sorry okay

389

00:13:58,310 --> 00:13:57,199

all right i'll take that as a yes

390

00:13:59,910 --> 00:13:58,320

because if there were nothing i'd say

391

00:14:01,590 --> 00:13:59,920

there was none right

392

00:14:03,189 --> 00:14:01,600

you just played your hand i thought you

393

00:14:05,030 --> 00:14:03,199

were a poker player you just won a

394

00:14:09,350 --> 00:14:05,040

hundred percent showed your river card

395

00:14:12,389 --> 00:14:11,189

that's so much it makes me happy to

396

00:14:15,269 --> 00:14:12,399

thank you

397

00:14:17,990 --> 00:14:15,279

can i say it used to be that ufos was

398

00:14:19,910 --> 00:14:18,000

the uh and uh what is it roswell was the

399

00:14:21,350 --> 00:14:19,920

biggest conspiracy yeah and now that

400

00:14:23,509 --> 00:14:21,360

seems so tame

401
00:14:25,910 --> 00:14:23,519
right right the idea that right the

402
00:14:27,430 --> 00:14:25,920
government might have an alien spaceship

403
00:14:30,710 --> 00:14:27,440
that's now the biggest

404
00:14:32,310 --> 00:14:30,720
conspiracy is people in michigan vote

405
00:14:32,770 --> 00:14:32,320
let's take another quick break we'll be

406
00:14:35,990 --> 00:14:32,780
right back

407
00:14:40,310 --> 00:14:37,430
dan

408
00:14:41,829 --> 00:14:40,320
that that's a great clip i i hadn't

409
00:14:44,069 --> 00:14:41,839
quite realized how he was trying to

410
00:14:45,030 --> 00:14:44,079
normalize crash retrievals there uh

411
00:14:46,790 --> 00:14:45,040
before

412
00:14:48,389 --> 00:14:46,800
he's very like oh that's it's nothing

413
00:14:49,750 --> 00:14:48,399

don't don't think anything of it and now

414

00:14:51,590 --> 00:14:49,760

a year down the line we're kind of

415

00:14:53,430 --> 00:14:51,600

talking about these things as if they're

416

00:14:55,829 --> 00:14:53,440

very normalized you know

417

00:14:58,949 --> 00:14:55,839

i suppose yeah i'll have to play devil's

418

00:15:01,670 --> 00:14:58,959

advocate as a as an interviewer okay

419

00:15:03,430 --> 00:15:01,680

one one way we can take it that he's

420

00:15:05,670 --> 00:15:03,440

he's dropping it in and drip feeding

421

00:15:07,350 --> 00:15:05,680

that little bit of info and just

422

00:15:09,829 --> 00:15:07,360

normalizing the language and the

423

00:15:11,350 --> 00:15:09,839

conversation i think graeme rendell on

424

00:15:13,910 --> 00:15:11,360

our interview mentioned getting that

425

00:15:15,750 --> 00:15:13,920

language into the lexicon so it gets out

426
00:15:18,150 --> 00:15:15,760
into the wider public

427
00:15:19,350 --> 00:15:18,160
are we just reading into him joking

428
00:15:21,590 --> 00:15:19,360
about it

429
00:15:23,670 --> 00:15:21,600
or do do you honestly think it's a more

430
00:15:25,430 --> 00:15:23,680
deliberate attempt to

431
00:15:27,910 --> 00:15:25,440
to have that conversation because let's

432
00:15:30,150 --> 00:15:27,920
be fair stephen colbert is still being

433
00:15:33,910 --> 00:15:30,160
quite light-hearted and jokey it's not

434
00:15:36,870 --> 00:15:33,920
exactly a hard-hitting serious you know

435
00:15:38,949 --> 00:15:36,880
former president obama you know um

436
00:15:40,949 --> 00:15:38,959
do you have this and you know are we

437
00:15:44,230 --> 00:15:40,959
investigating this it's still said with

438
00:15:46,550 --> 00:15:44,240

a light-hearted you know laughing yeah

439

00:15:48,870 --> 00:15:46,560

colbert is a big ufo fan and he tends to

440

00:15:50,629 --> 00:15:48,880

ask a lot of his guests about ufos with

441

00:15:54,310 --> 00:15:50,639

the same kind of childish glee that you

442

00:15:56,389 --> 00:15:54,320

just saw him ask obama there uh obama's

443

00:15:58,470 --> 00:15:56,399

a very charismatic individual and and

444

00:16:00,470 --> 00:15:58,480

was clearly responding to that

445

00:16:01,590 --> 00:16:00,480

that tone that he was taking

446

00:16:04,069 --> 00:16:01,600

but

447

00:16:05,749 --> 00:16:04,079

again just just at this point the fact

448

00:16:09,590 --> 00:16:05,759

that he's talking about this in a

449

00:16:11,269 --> 00:16:09,600

serious or sorry not not serious but

450

00:16:14,069 --> 00:16:11,279

just addressing

451
00:16:15,509 --> 00:16:14,079
and teasing this when we know now in

452
00:16:17,269 --> 00:16:15,519
hindsight what was going on behind

453
00:16:18,949 --> 00:16:17,279
closed doors i think is is very

454
00:16:21,110 --> 00:16:18,959
interesting

455
00:16:23,189 --> 00:16:21,120
yep i'll give you that one then i think

456
00:16:25,269 --> 00:16:23,199
it's always very telling that

457
00:16:26,710 --> 00:16:25,279
we don't know to what level any former

458
00:16:28,629 --> 00:16:26,720
president you know

459
00:16:30,629 --> 00:16:28,639
former president trump talked about it

460
00:16:32,949 --> 00:16:30,639
on a couple of occasions president

461
00:16:35,430 --> 00:16:32,959
clinton talked about it i've never seen

462
00:16:37,749 --> 00:16:35,440
too many comments from from george bush

463
00:16:39,749 --> 00:16:37,759

senior or or otherwise on it to be

464

00:16:41,269 --> 00:16:39,759

honest but

465

00:16:43,269 --> 00:16:41,279

obviously the more modern day stuff for

466

00:16:44,949 --> 00:16:43,279

us is far more interesting i mean there

467

00:16:47,110 --> 00:16:44,959

have been former presidents who have

468

00:16:49,350 --> 00:16:47,120

talked about uniting the world under the

469

00:16:51,509 --> 00:16:49,360

guise of some potential alien invasion

470

00:16:52,949 --> 00:16:51,519

or or foreign entity but

471

00:16:54,710 --> 00:16:52,959

yeah that you were going to see about

472

00:16:55,910 --> 00:16:54,720

one of the bushes i was just gonna say

473

00:16:57,829 --> 00:16:55,920

that i don't think bush could say

474

00:17:01,189 --> 00:16:57,839

phenomena

475

00:17:04,549 --> 00:17:01,199

so i can't talk about anyone's accent

476

00:17:07,510 --> 00:17:04,559

so the next one we have is a clip from

477

00:17:08,230 --> 00:17:07,520

and hold your hats here folks fox news

478

00:17:10,789 --> 00:17:08,240

uh

479

00:17:13,350 --> 00:17:10,799

it is the former director of national

480

00:17:15,110 --> 00:17:13,360

intelligence john ratcliffe who has made

481

00:17:16,150 --> 00:17:15,120

a few interesting comments on the

482

00:17:18,949 --> 00:17:16,160

subject

483

00:17:21,909 --> 00:17:18,959

and his time so this one jumps forward a

484

00:17:24,870 --> 00:17:21,919

bit more to march 20th

485

00:17:28,549 --> 00:17:24,880

of 2021 and let's listen to this clip

486

00:17:32,230 --> 00:17:28,559

can you tell us have unidentified flying

487

00:17:34,150 --> 00:17:32,240

objects been seen

488

00:17:36,549 --> 00:17:34,160

well sure we we have uh

489

00:17:38,870 --> 00:17:36,559

lots of reports about what we call uh

490

00:17:41,190 --> 00:17:38,880

unidentified aerial phenomenon and this

491

00:17:43,270 --> 00:17:41,200

actually um is a program that's been in

492

00:17:45,669 --> 00:17:43,280

place for a few years in terms of a task

493

00:17:47,350 --> 00:17:45,679

force that that has been there under the

494

00:17:49,350 --> 00:17:47,360

national defense authorization act but

495

00:17:51,590 --> 00:17:49,360

as you correctly point out maria there's

496

00:17:53,909 --> 00:17:51,600

now a report that will be issued by the

497

00:17:55,350 --> 00:17:53,919

by the pentagon uh by the secretary of

498

00:17:57,029 --> 00:17:55,360

defense and the director of national

499

00:17:58,870 --> 00:17:57,039

intelligence i actually wanted to get

500

00:18:01,110 --> 00:17:58,880

this information out and declassified

501
00:18:02,630 --> 00:18:01,120
before i left office but we weren't able

502
00:18:05,029 --> 00:18:02,640
to get it down into an

503
00:18:07,110 --> 00:18:05,039
unclassified format that we could talk

504
00:18:08,710 --> 00:18:07,120
about uh quickly enough but but frankly

505
00:18:10,549 --> 00:18:08,720
there are a lot more sightings than have

506
00:18:12,070 --> 00:18:10,559
been made public some of those have been

507
00:18:13,590 --> 00:18:12,080
declassified when we talk about

508
00:18:16,150 --> 00:18:13,600
sightings we're talking about objects

509
00:18:17,590 --> 00:18:16,160
that have been seen by navy or air force

510
00:18:19,270 --> 00:18:17,600
pilots or have been picked up by

511
00:18:20,390 --> 00:18:19,280
satellite imagery

512
00:18:21,430 --> 00:18:20,400
that

513
00:18:23,750 --> 00:18:21,440

frankly

514

00:18:25,430 --> 00:18:23,760

engage in actions that are difficult to

515

00:18:26,950 --> 00:18:25,440

explain that

516

00:18:28,549 --> 00:18:26,960

movements that

517

00:18:30,549 --> 00:18:28,559

that are hard to replicate that we don't

518

00:18:32,789 --> 00:18:30,559

have the technology for or traveling at

519

00:18:35,830 --> 00:18:32,799

speeds that you know exceed the sound

520

00:18:38,230 --> 00:18:35,840

barrier without a sonic boom so in short

521

00:18:42,070 --> 00:18:38,240

um things that we are observing that are

522

00:18:43,590 --> 00:18:42,080

difficult to explain um and so uh you

523

00:18:45,430 --> 00:18:43,600

know there's actually quite a few of

524

00:18:47,190 --> 00:18:45,440

those and i think that that information

525

00:18:49,270 --> 00:18:47,200

is being gathered and will will be put

526

00:18:51,110 --> 00:18:49,280

out um in a way that the american people

527

00:18:53,190 --> 00:18:51,120

can see we always when we when we see

528

00:18:55,430 --> 00:18:53,200

these things maria we always look for a

529

00:18:57,590 --> 00:18:55,440

plausible explanation you know weather

530

00:18:59,909 --> 00:18:57,600

can cause disturbances visual

531

00:19:02,710 --> 00:18:59,919

disturbances sometimes we wonder whether

532

00:19:04,150 --> 00:19:02,720

or not our adversaries have technologies

533

00:19:06,470 --> 00:19:04,160

that are a little bit further down the

534

00:19:08,710 --> 00:19:06,480

road than we thought or that we realized

535

00:19:10,470 --> 00:19:08,720

but there are instances where we don't

536

00:19:13,029 --> 00:19:10,480

have good explanations for some of the

537

00:19:14,630 --> 00:19:13,039

things that we've seen and

538

00:19:16,230 --> 00:19:14,640

you know when that information becomes

539

00:19:19,750 --> 00:19:16,240
declassified i'll be able to talk a

540

00:19:19,760 --> 00:19:23,590
can you tell us where it was seen

541

00:19:26,549 --> 00:19:24,870
actually all over the world there have

542

00:19:28,070 --> 00:19:26,559
been sightings all over the world and

543

00:19:29,909 --> 00:19:28,080
and when we talk about sightings the

544

00:19:32,950 --> 00:19:29,919
other thing i will tell you is um it's

545

00:19:34,390 --> 00:19:32,960
not just a pilot or just a satellite or

546

00:19:36,070 --> 00:19:34,400
some um

547

00:19:38,390 --> 00:19:36,080
intelligence collection

548

00:19:41,350 --> 00:19:38,400
usually we have multiple sensors that

549

00:19:43,110 --> 00:19:41,360
are picking up these things and so uh

550

00:19:46,710 --> 00:19:43,120
you know again some of this are just

551
00:19:48,549 --> 00:19:46,720
their unexplained phenomenon um and

552
00:19:50,870 --> 00:19:48,559
there's actually quite a few

553
00:19:52,710 --> 00:19:50,880
more than have been made public so

554
00:19:54,150 --> 00:19:52,720
i think it'll be healthy for as much of

555
00:19:56,710 --> 00:19:54,160
this information to get out there as

556
00:19:58,870 --> 00:19:56,720
possible um so that the american people

557
00:20:02,470 --> 00:19:58,880
can see some of the things that uh that

558
00:20:06,950 --> 00:20:04,789
i love that i love that i don't know how

559
00:20:09,430 --> 00:20:06,960
to react that's my favorite thing and

560
00:20:11,430 --> 00:20:09,440
basically this is my first note here

561
00:20:14,710 --> 00:20:11,440
just the producer that will be in here

562
00:20:18,390 --> 00:20:14,720
must be going uh uh i i don't know what

563
00:20:19,990 --> 00:20:18,400

to say um just just say wow like there's

564

00:20:20,950 --> 00:20:20,000

no there's no follow-up they've got

565

00:20:22,950 --> 00:20:20,960

because

566

00:20:24,149 --> 00:20:22,960

this isn't just for that presenter on

567

00:20:25,510 --> 00:20:24,159

that channel

568

00:20:27,270 --> 00:20:25,520

worldwide

569

00:20:29,110 --> 00:20:27,280

and when it's your friends or colleagues

570

00:20:30,549 --> 00:20:29,120

or people you speak to i find this as

571

00:20:31,990 --> 00:20:30,559

well when you have a serious

572

00:20:33,909 --> 00:20:32,000

conversation

573

00:20:36,630 --> 00:20:33,919

stripping back the flying saucers little

574

00:20:38,549 --> 00:20:36,640

green men aliens from mars and just talk

575

00:20:40,549 --> 00:20:38,559

about the phenomenon itself and what

576

00:20:41,669 --> 00:20:40,559

people are seeing they don't know how to

577

00:20:43,909 --> 00:20:41,679

react

578

00:20:45,750 --> 00:20:43,919

yeah and that's a great great example of

579

00:20:47,510 --> 00:20:45,760

i think john ratcliffe comes across

580

00:20:49,110 --> 00:20:47,520

really well in that clip the way talks

581

00:20:51,909 --> 00:20:49,120

about the subject

582

00:20:53,830 --> 00:20:51,919

he does it's worth noting that kind of

583

00:20:57,990 --> 00:20:53,840

in in the preceding few months the the

584

00:20:59,990 --> 00:20:58,000

first uap bill was passed um to get to

585

00:21:02,549 --> 00:21:00,000

work on producing a report at this point

586

00:21:03,990 --> 00:21:02,559

we we know the report is coming uh john

587

00:21:05,990 --> 00:21:04,000

radcliffe has kind of seen the

588

00:21:08,789 --> 00:21:06,000

information going into it

589

00:21:10,630 --> 00:21:08,799

he's no longer the guy in that position

590

00:21:12,310 --> 00:21:10,640

but he was when we were getting those

591

00:21:14,470 --> 00:21:12,320

trump comments about roswell and things

592

00:21:17,270 --> 00:21:14,480

like that so he clearly was privy to

593

00:21:19,510 --> 00:21:17,280

this information um to to a level where

594

00:21:20,950 --> 00:21:19,520

he's extremely comfortable

595

00:21:23,510 --> 00:21:20,960

discussing it

596

00:21:24,470 --> 00:21:23,520

in a very political

597

00:21:26,789 --> 00:21:24,480

tone

598

00:21:29,110 --> 00:21:26,799

it's strange to me that

599

00:21:31,669 --> 00:21:29,120

we we hear that language and we take it

600

00:21:33,669 --> 00:21:31,679

for granted now because before this we

601
00:21:35,990 --> 00:21:33,679
we just had people

602
00:21:37,830 --> 00:21:36,000
i mean let's be honest we had we had

603
00:21:40,070 --> 00:21:37,840
corey good right

604
00:21:42,470 --> 00:21:40,080
and to go from that

605
00:21:44,230 --> 00:21:42,480
to john ragcliffe the former director of

606
00:21:47,029 --> 00:21:44,240
national intelligence talking about it

607
00:21:49,430 --> 00:21:47,039
like this and blowing the report's mind

608
00:21:52,630 --> 00:21:50,789
you know is that confirmation right

609
00:21:54,549 --> 00:21:52,640
there in that clip

610
00:21:56,149 --> 00:21:54,559
can i be the grumpy scottish guy though

611
00:21:58,549 --> 00:21:56,159
and give you an issue i have with this

612
00:22:01,270 --> 00:21:58,559
or two issues one of them it's still

613
00:22:02,950 --> 00:22:01,280

that language of have ufos been seen and

614

00:22:03,909 --> 00:22:02,960

i think anyone watching or listening to

615

00:22:06,230 --> 00:22:03,919

this

616

00:22:07,830 --> 00:22:06,240

would hate that because it's not correct

617

00:22:10,070 --> 00:22:07,840

well yes they've been seen but you're

618

00:22:11,590 --> 00:22:10,080

not asking me have ufos been seen you're

619

00:22:14,149 --> 00:22:11,600

asking me are we seeing something that's

620

00:22:16,789 --> 00:22:14,159

potentially non-human but sure it's that

621

00:22:18,950 --> 00:22:16,799

stigma still isn't it but the fake the

622

00:22:21,750 --> 00:22:18,960

fake footage being used

623

00:22:23,430 --> 00:22:21,760

i get it's probably some staffer in the

624

00:22:24,789 --> 00:22:23,440

background that it happens on multiple

625

00:22:25,510 --> 00:22:24,799

news channels

626

00:22:27,430 --> 00:22:25,520

but

627

00:22:29,110 --> 00:22:27,440

i hate the fact they don't go and vet

628

00:22:31,029 --> 00:22:29,120

some of these clips to get some really

629

00:22:32,710 --> 00:22:31,039

good ones and they're using some of

630

00:22:34,789 --> 00:22:32,720

those that are from if i'm correct and

631

00:22:37,590 --> 00:22:34,799

we had this discussion quite a while ago

632

00:22:40,149 --> 00:22:37,600

one of the apple apps that you can make

633

00:22:42,310 --> 00:22:40,159

a ufo video and it's literally from that

634

00:22:43,830 --> 00:22:42,320

that's right uh you ufo camera has a

635

00:22:46,070 --> 00:22:43,840

number of different effects you can if

636

00:22:47,510 --> 00:22:46,080

you just google sorry youtube search for

637

00:22:49,190 --> 00:22:47,520

the signal you can have a look on my

638

00:22:50,230 --> 00:22:49,200

channel i've put them all on there all

639

00:22:51,830 --> 00:22:50,240

the different effects so people can

640

00:22:54,149 --> 00:22:51,840

reference them and and call them out

641

00:22:55,990 --> 00:22:54,159

very quickly um but yeah it's it slipped

642

00:22:58,310 --> 00:22:56,000

into the system there as a reported

643

00:23:00,390 --> 00:22:58,320

sighting and there was the the previous

644

00:23:01,750 --> 00:23:00,400

videos of that as well was discovered to

645

00:23:05,110 --> 00:23:01,760

just be a a

646

00:23:06,789 --> 00:23:05,120

contrail from a missile um viewed from a

647

00:23:08,789 --> 00:23:06,799

strange angle but it almost looks like

648

00:23:11,029 --> 00:23:08,799

craft is coming through the clouds um

649

00:23:13,029 --> 00:23:11,039

and it kind of speaks to the kind of

650

00:23:14,630 --> 00:23:13,039

mirages that people can see you know and

651
00:23:16,789 --> 00:23:14,640
and this is why we have to be slow and

652
00:23:19,190 --> 00:23:16,799
steady we can't just throw every single

653
00:23:22,230 --> 00:23:19,200
bit of footage into a database and go

654
00:23:23,990 --> 00:23:22,240
cool that's all the guaranteed uap stuff

655
00:23:25,909 --> 00:23:24,000
we we need the ai to look at these

656
00:23:27,590 --> 00:23:25,919
things we need discerning individuals to

657
00:23:29,270 --> 00:23:27,600
look at these things and we need to

658
00:23:31,270 --> 00:23:29,280
approach it exactly like these guys are

659
00:23:33,510 --> 00:23:31,280
set in the bar to approach it

660
00:23:34,950 --> 00:23:33,520
one of louis ondo's interviews from

661
00:23:37,270 --> 00:23:34,960
earlier this year

662
00:23:39,909 --> 00:23:37,280
he was on fox or cnn one of those

663
00:23:41,909 --> 00:23:39,919

channels and i had reached out to him

664

00:23:43,669 --> 00:23:41,919

for a comment on the footage being used

665

00:23:45,350 --> 00:23:43,679

being played as he spoke because it was

666

00:23:48,789 --> 00:23:45,360

the same sort of stuff

667

00:23:50,630 --> 00:23:48,799

where it was fake footage known debunked

668

00:23:53,190 --> 00:23:50,640

hawks or cgi stuff

669

00:23:54,950 --> 00:23:53,200

and he shared the same frustration that

670

00:23:56,710 --> 00:23:54,960

obviously he's not he can't see it as

671

00:23:58,230 --> 00:23:56,720

it's playing and it's just more than

672

00:24:00,710 --> 00:23:58,240

likely someone in the background a

673

00:24:02,870 --> 00:24:00,720

researcher being told go grab some ufo

674

00:24:04,789 --> 00:24:02,880

clips they type ufo into youtube or

675

00:24:06,950 --> 00:24:04,799

twitter or wherever they get them from

676
00:24:08,070 --> 00:24:06,960
and they play those on the news so so

677
00:24:09,909 --> 00:24:08,080
there you go

678
00:24:11,750 --> 00:24:09,919
and those clips are the cleared ones as

679
00:24:14,149 --> 00:24:11,760
well so they know that's why they're in

680
00:24:16,630 --> 00:24:14,159
their kind of news pick database but we

681
00:24:18,789 --> 00:24:16,640
all complained about it and they've you

682
00:24:20,390 --> 00:24:18,799
know not saying that necessarily ufo

683
00:24:22,710 --> 00:24:20,400
twitter had a hand getting rid of them

684
00:24:24,149 --> 00:24:22,720
but they're not there anymore so even

685
00:24:25,830 --> 00:24:24,159
that is a reflection of how the

686
00:24:27,510 --> 00:24:25,840
conversation has changed you know no

687
00:24:29,830 --> 00:24:27,520
cheesy fake clips in the background

688
00:24:31,590 --> 00:24:29,840

we're just seeing nimitz and

689

00:24:33,669 --> 00:24:31,600

gimble and like you said the other day

690

00:24:36,070 --> 00:24:33,679

we it's genuinely hard to find stuff

691

00:24:38,630 --> 00:24:36,080

before that now on youtube or at least i

692

00:24:39,750 --> 00:24:38,640

find that no definitely definitely some

693

00:24:41,830 --> 00:24:39,760

of the stuff we were looking for

694

00:24:44,390 --> 00:24:41,840

recently will struggle to find that

695

00:24:46,230 --> 00:24:44,400

normally comes up straight away and it's

696

00:24:49,190 --> 00:24:46,240

again it shows the popularity right now

697

00:24:51,909 --> 00:24:49,200

of the subject for better or for worse

698

00:24:55,029 --> 00:24:51,919

um let's head over to the white house

699

00:24:58,390 --> 00:24:55,039

press secretary jen saki and this again

700

00:25:00,470 --> 00:24:58,400

was a question on uh may 25th so one

701
00:25:03,350 --> 00:25:00,480
month before the uap report

702
00:25:08,870 --> 00:25:03,360
and this was again journalists starting

703
00:25:13,830 --> 00:25:10,870
we're aware of the report

704
00:25:15,110 --> 00:25:13,840
requirement um and our team at the

705
00:25:17,110 --> 00:25:15,120
office of the director of national

706
00:25:19,750 --> 00:25:17,120
intelligence is of course actively

707
00:25:22,310 --> 00:25:19,760
working on that report um and we take

708
00:25:24,470 --> 00:25:22,320
reports of incursions into our airspace

709
00:25:26,710 --> 00:25:24,480
by any aircraft identified or

710
00:25:29,029 --> 00:25:26,720
unidentified very seriously and

711
00:25:30,710 --> 00:25:29,039
investigate each one but uh od and i

712
00:25:32,470 --> 00:25:30,720
would be working on that report uh and

713
00:25:34,149 --> 00:25:32,480

in terms of disclosure that would be uh

714

00:25:35,590 --> 00:25:34,159

up to them i guess in all seriousness

715

00:25:37,590 --> 00:25:35,600

though can you characterize the

716

00:25:39,510 --> 00:25:37,600

president's concerns about this

717

00:25:43,269 --> 00:25:39,520

phenomenon i mean it is

718

00:25:46,710 --> 00:25:43,279

this concept of

719

00:25:48,789 --> 00:25:46,720

objects in u.s airspace that are

720

00:25:51,110 --> 00:25:48,799

either origin from other

721

00:25:53,110 --> 00:25:51,120

nations or other entities but what is

722

00:25:55,350 --> 00:25:53,120

the concern of the president that this

723

00:25:57,909 --> 00:25:55,360

phenomenon seems to occur in the

724

00:26:00,870 --> 00:25:57,919

national security apparatus well i think

725

00:26:03,430 --> 00:26:00,880

broadly speaking the fact that we have

726

00:26:05,830 --> 00:26:03,440

um a team that's actively working on a

727

00:26:09,110 --> 00:26:05,840

report um certainly the safety of our

728

00:26:12,470 --> 00:26:10,630

that's come off there i'll stop that one

729

00:26:14,390 --> 00:26:12,480

anyway but i think to be fair the

730

00:26:16,950 --> 00:26:14,400

question asked by the journalist would

731

00:26:20,470 --> 00:26:16,960

have been better directed towards joe

732

00:26:23,269 --> 00:26:20,480

biden but again you have to give the

733

00:26:25,590 --> 00:26:23,279

the the props here to president trump

734

00:26:27,110 --> 00:26:25,600

because it was his administration

735

00:26:29,110 --> 00:26:27,120

rightly or wrongly whatever you think of

736

00:26:32,230 --> 00:26:29,120

them who who started these bills in

737

00:26:33,830 --> 00:26:32,240

motion back in december previously so

738

00:26:34,789 --> 00:26:33,840

again this was something that was

739

00:26:36,549 --> 00:26:34,799

already

740

00:26:38,470 --> 00:26:36,559

in the pipeline before the the biden

741

00:26:40,149 --> 00:26:38,480

administration came in and again it's

742

00:26:42,310 --> 00:26:40,159

something that as we see is probably

743

00:26:45,110 --> 00:26:42,320

better being away from any political

744

00:26:47,909 --> 00:26:45,120

leanings anyway is is that fair

745

00:26:51,029 --> 00:26:47,919

yeah i mean there's been much rings that

746

00:26:54,230 --> 00:26:51,039

the fact that trump got rid of a lot of

747

00:26:56,310 --> 00:26:54,240

of long-time civil servants uh yeah that

748

00:26:59,269 --> 00:26:56,320

that's actually helped the cause because

749

00:27:00,870 --> 00:26:59,279

a lot of those people were the kind of

750

00:27:02,710 --> 00:27:00,880

you know the more religiously inclined

751
00:27:04,710 --> 00:27:02,720
folk and and now we're kind of getting

752
00:27:06,310 --> 00:27:04,720
new fresh faces in from the new

753
00:27:10,149 --> 00:27:06,320
administration who can actually move

754
00:27:15,350 --> 00:27:13,350
i'll unmute myself almost done almost

755
00:27:17,190 --> 00:27:15,360
down there yeah just just managed to see

756
00:27:19,430 --> 00:27:17,200
myself from the edge

757
00:27:21,669 --> 00:27:19,440
this was the the first time we've kind

758
00:27:23,590 --> 00:27:21,679
of heard this in modern day

759
00:27:25,430 --> 00:27:23,600
uh spoken about

760
00:27:27,830 --> 00:27:25,440
in the white house press a press room as

761
00:27:29,269 --> 00:27:27,840
well that that was a big moment i i

762
00:27:31,350 --> 00:27:29,279
remember when it happened we we weren't

763
00:27:33,190 --> 00:27:31,360

necessarily even sure if this report was

764

00:27:34,789 --> 00:27:33,200

going to materialize we were all just

765

00:27:36,070 --> 00:27:34,799

you know we knew the language was there

766

00:27:37,990 --> 00:27:36,080

and we knew

767

00:27:40,310 --> 00:27:38,000

that it wasn't

768

00:27:43,909 --> 00:27:40,320

uh signed into law rather it was a a

769

00:27:46,870 --> 00:27:43,919

requirement and they're not always uh

770

00:27:48,789 --> 00:27:46,880

adhered to so the fact that we had avril

771

00:27:51,350 --> 00:27:48,799

uh sorry jen pasaki there uh

772

00:27:54,149 --> 00:27:51,360

acknowledging it i i feel like radcliffe

773

00:27:56,070 --> 00:27:54,159

the previous dna dni may have been

774

00:27:57,430 --> 00:27:56,080

holding her feet to the fire by talking

775

00:27:59,269 --> 00:27:57,440

about it and saying that they set the

776

00:28:01,909 --> 00:27:59,279

work up for them to carry on

777

00:28:03,350 --> 00:28:01,919

yeah and to be fair the the props for

778

00:28:04,950 --> 00:28:03,360

this don't really go to psyche because

779

00:28:07,269 --> 00:28:04,960

she has to just answer the questions and

780

00:28:08,789 --> 00:28:07,279

she does so in that very general and

781

00:28:10,630 --> 00:28:08,799

vague way that doesn't really give you

782

00:28:12,630 --> 00:28:10,640

any sort of answer it's just an

783

00:28:14,870 --> 00:28:12,640

acknowledgement of the question in a

784

00:28:16,950 --> 00:28:14,880

roundabout way um so fair play to the

785

00:28:19,830 --> 00:28:16,960

journalist and the journalists of the

786

00:28:21,110 --> 00:28:19,840

time who started asking those questions

787

00:28:23,510 --> 00:28:21,120

that's something that's fell away

788

00:28:25,750 --> 00:28:23,520

considerably but i suppose we're waiting

789

00:28:28,630 --> 00:28:25,760

on that next tic-tac gimbal video or

790

00:28:31,590 --> 00:28:28,640

something of that or update on any of

791

00:28:33,110 --> 00:28:31,600

the potential uh

792

00:28:35,350 --> 00:28:33,120

what was the 90 day rolling update of

793

00:28:37,110 --> 00:28:35,360

the 180 day updates any of those

794

00:28:38,950 --> 00:28:37,120

potentially or the bills to go through

795

00:28:39,909 --> 00:28:38,960

for us to start getting that momentum

796

00:28:41,830 --> 00:28:39,919

again

797

00:28:44,230 --> 00:28:41,840

yeah that's right

798

00:28:46,310 --> 00:28:44,240

will we play senator martin heinrich's

799

00:28:49,669 --> 00:28:46,320

clip now um as you can see this was from

800

00:28:51,350 --> 00:28:49,679

tmz very reputable station of course so

801
00:28:53,909 --> 00:28:51,360
we'll play that what do you think about

802
00:28:55,750 --> 00:28:53,919
all this ufo stuff going on right now

803
00:28:57,590 --> 00:28:55,760
uh i think we need to get to the bottom

804
00:28:59,990 --> 00:28:57,600
of it it's pretty intriguing i don't

805
00:29:02,789 --> 00:29:00,000
know what it is but anytime

806
00:29:06,230 --> 00:29:02,799
you have uh legitimate

807
00:29:09,510 --> 00:29:06,240
uh pilots describing something that

808
00:29:11,590 --> 00:29:09,520
doesn't seem to conform to uh

809
00:29:14,710 --> 00:29:11,600
uh the

810
00:29:17,430 --> 00:29:14,720
laws of physics that govern aviation

811
00:29:18,950 --> 00:29:17,440
and is in

812
00:29:20,389 --> 00:29:18,960
u.s airspace

813
00:29:21,990 --> 00:29:20,399

i think it's something we need to get to

814

00:29:24,070 --> 00:29:22,000

the bottom right but you know like they

815

00:29:25,990 --> 00:29:24,080

always say the conspiracies like roswell

816

00:29:27,110 --> 00:29:26,000

there's a lot of alien bodies in there

817

00:29:28,470 --> 00:29:27,120

anything like that

818

00:29:30,149 --> 00:29:28,480

can you tell me the truth you're in

819

00:29:32,310 --> 00:29:30,159

you're on intel committee is there

820

00:29:34,389 --> 00:29:32,320

anything in there all i can say is i've

821

00:29:36,549 --> 00:29:34,399

never seen the bodies in roswell bigger

822

00:29:41,110 --> 00:29:36,559

thing to worry about if it's a foreign

823

00:29:42,710 --> 00:29:41,120

government or if it's aliens oh

824

00:29:43,909 --> 00:29:42,720

much bigger thing you think the aliens

825

00:29:45,909 --> 00:29:43,919

would be worse

826

00:29:48,470 --> 00:29:45,919

uh

827

00:29:49,990 --> 00:29:48,480

we'll stop that one there anyway dan

828

00:29:51,830 --> 00:29:50,000

i mean the questions aren't the best

829

00:29:53,909 --> 00:29:51,840

here are they it's very you know whoa

830

00:29:55,430 --> 00:29:53,919

bro what do you think about roswell and

831

00:29:57,110 --> 00:29:55,440

apologies for anyone for my american

832

00:29:58,470 --> 00:29:57,120

accent

833

00:30:00,549 --> 00:29:58,480

it's again it's not the tone we're

834

00:30:03,110 --> 00:30:00,559

looking for is it but it's the person

835

00:30:05,590 --> 00:30:03,120

who's answering and the status they have

836

00:30:07,510 --> 00:30:05,600

and you know what it's again

837

00:30:11,029 --> 00:30:07,520

i think this plays into and people can

838

00:30:13,990 --> 00:30:11,039

forget this why the focus is on military

839

00:30:16,389 --> 00:30:14,000

sightings and what people have seen

840

00:30:18,470 --> 00:30:16,399

regarding you know the military and what

841

00:30:21,430 --> 00:30:18,480

fravar and dietrich and graves and all

842

00:30:23,909 --> 00:30:21,440

those names we now know very well saw in

843

00:30:24,789 --> 00:30:23,919

their various different experiences

844

00:30:26,389 --> 00:30:24,799

yeah

845

00:30:27,190 --> 00:30:26,399

you know we we've had

846

00:30:30,470 --> 00:30:27,200

now

847

00:30:32,870 --> 00:30:30,480

that they don't conform to the laws of

848

00:30:34,389 --> 00:30:32,880

physics uh you know we we know he's been

849

00:30:36,789 --> 00:30:34,399

brief we know he's trying to get more

850

00:30:38,630 --> 00:30:36,799

information uh he he teases about

851

00:30:42,230 --> 00:30:38,640

roswell so he's clearly

852

00:30:43,669 --> 00:30:42,240

aware of that event in american history

853

00:30:45,830 --> 00:30:43,679

um and says that he's never seen the

854

00:30:47,750 --> 00:30:45,840

bodies but it's interesting because

855

00:30:49,669 --> 00:30:47,760

there's a very different tone discussing

856

00:30:50,470 --> 00:30:49,679

that

857

00:30:52,549 --> 00:30:50,480

you know

858

00:30:55,269 --> 00:30:52,559

historical event than there is

859

00:30:56,870 --> 00:30:55,279

discussing pilots are endangered now off

860

00:30:58,870 --> 00:30:56,880

the coast of america and we need to do

861

00:31:01,990 --> 00:30:58,880

something about it he he flits between

862

00:31:04,070 --> 00:31:02,000

uh you know joking with roswell and very

863

00:31:05,190 --> 00:31:04,080

po-faced uh with the with the modern

864

00:31:06,549 --> 00:31:05,200

stuff

865

00:31:07,990 --> 00:31:06,559

i mean the follow-up to that should have

866

00:31:10,789 --> 00:31:08,000

been you've not seen the bodies but have

867

00:31:12,310 --> 00:31:10,799

you seen the craft but yeah for me it's

868

00:31:14,710 --> 00:31:12,320

one of those questions it's a waste of

869

00:31:16,950 --> 00:31:14,720

time question sure because what are you

870

00:31:19,830 --> 00:31:16,960

going to get from that even if he has

871

00:31:22,389 --> 00:31:19,840

which he probably hasn't seen the bodies

872

00:31:23,990 --> 00:31:22,399

or seen the craft or a craft he's not

873

00:31:25,509 --> 00:31:24,000

going to tell you he's not going to give

874

00:31:26,950 --> 00:31:25,519

you an answer that you're going to deem

875

00:31:27,669 --> 00:31:26,960

acceptable and that's always something

876

00:31:31,669 --> 00:31:27,679

that

877

00:31:33,509 --> 00:31:31,679

you try when we do our interviews and we

878

00:31:35,509 --> 00:31:33,519

speak to anyone we speak to no matter

879

00:31:37,269 --> 00:31:35,519

who they are you want to give the best

880

00:31:39,190 --> 00:31:37,279

interview possible so the person or

881

00:31:41,190 --> 00:31:39,200

person's listening or watching

882

00:31:43,110 --> 00:31:41,200

get as much as they can from it you

883

00:31:45,029 --> 00:31:43,120

can't ask everything and you can't cover

884

00:31:47,190 --> 00:31:45,039

everything but you try and cover

885

00:31:49,029 --> 00:31:47,200

sort of what you can

886

00:31:50,630 --> 00:31:49,039

and there's just sometimes questions

887

00:31:52,470 --> 00:31:50,640

that especially with people when it

888

00:31:54,870 --> 00:31:52,480

comes to louis ondo

889

00:31:56,389 --> 00:31:54,880

there's just no point in asking is there

890

00:31:58,870 --> 00:31:56,399

because you're not going to get an

891

00:32:00,630 --> 00:31:58,880

answer that is going to give you any

892

00:32:02,870 --> 00:32:00,640

information that's relevant

893

00:32:04,870 --> 00:32:02,880

and it just can waste sometimes two

894

00:32:07,029 --> 00:32:04,880

three four minutes of time

895

00:32:08,389 --> 00:32:07,039

that's relatively precious anyway and

896

00:32:10,149 --> 00:32:08,399

especially when you're following someone

897

00:32:11,750 --> 00:32:10,159

down the street like that what's the

898

00:32:12,870 --> 00:32:11,760

point in asking a politician a question

899

00:32:13,750 --> 00:32:12,880

where you literally have a couple of

900

00:32:15,269 --> 00:32:13,760

minutes

901
00:32:16,389 --> 00:32:15,279
what can you get from them there were

902
00:32:17,590 --> 00:32:16,399
certainly better things that could have

903
00:32:19,029 --> 00:32:17,600
been asked her

904
00:32:20,630 --> 00:32:19,039
yeah they're just trying to get a

905
00:32:22,950 --> 00:32:20,640
headline there rather than have a

906
00:32:24,789 --> 00:32:22,960
genuine conversation like i said very

907
00:32:28,389 --> 00:32:24,799
very different tone to those first two

908
00:32:29,269 --> 00:32:28,399
clips with warner and rubio um but

909
00:32:33,830 --> 00:32:29,279
still

910
00:32:36,230 --> 00:32:33,840
talking about it with such a serious

911
00:32:37,269 --> 00:32:36,240
tone despite what the tmz reporter is

912
00:32:40,870 --> 00:32:37,279
doing

913
00:32:42,470 --> 00:32:40,880

now that first uh clip we played of uh

914

00:32:46,789 --> 00:32:42,480

former president obama

915

00:32:49,669 --> 00:32:46,799

was on november 30th 2020 let's skip to

916

00:32:52,230 --> 00:32:49,679

may 2021 so now we're a couple of weeks

917

00:32:54,149 --> 00:32:52,240

off of the uap task force report and i

918

00:32:57,590 --> 00:32:54,159

think than what you've just said we see

919

00:33:00,070 --> 00:32:57,600

here we see a slight tone shift

920

00:33:03,029 --> 00:33:00,080

and actually bringing forward

921

00:33:05,669 --> 00:33:03,039

using on the front foot the conversation

922

00:33:07,430 --> 00:33:05,679

of ufos and uaps in a way that i don't

923

00:33:10,789 --> 00:33:07,440

think the host themselves necessarily

924

00:33:12,950 --> 00:33:10,799

expecting so let's bring in

925

00:33:14,789 --> 00:33:12,960

obama

926

00:33:17,590 --> 00:33:14,799

barack are you there yes he is he's in

927

00:33:19,269 --> 00:33:17,600

the studio with us live

928

00:33:21,029 --> 00:33:19,279

and we're going to play his comment

929

00:33:22,870 --> 00:33:21,039

series is that

930

00:33:25,990 --> 00:33:22,880

there are

931

00:33:28,630 --> 00:33:26,000

uh there's footage and records of

932

00:33:30,710 --> 00:33:28,640

objects in the skies that we

933

00:33:32,230 --> 00:33:30,720

don't know exactly what they are we

934

00:33:33,350 --> 00:33:32,240

can't explain

935

00:33:35,110 --> 00:33:33,360

uh

936

00:33:37,590 --> 00:33:35,120

how they moved

937

00:33:39,750 --> 00:33:37,600

their trajectory uh

938

00:33:41,269 --> 00:33:39,760

they did not have

939

00:33:45,590 --> 00:33:41,279

um

940

00:33:47,190 --> 00:33:45,600

an easily explainable pattern

941

00:33:49,509 --> 00:33:47,200

and so

942

00:33:51,350 --> 00:33:49,519

you know i think that we're

943

00:33:54,710 --> 00:33:51,360

people still take seriously trying to

944

00:33:56,470 --> 00:33:54,720

investigate and figure out what that is

945

00:33:58,310 --> 00:33:56,480

president obama

946

00:34:00,630 --> 00:33:58,320

oh we jumped forward one there so what

947

00:34:02,549 --> 00:34:00,640

are your thoughts then on uh obama that

948

00:34:05,590 --> 00:34:02,559

time and what he's saying

949

00:34:07,750 --> 00:34:05,600

he's he's a lot more relaxed i think now

950

00:34:09,669 --> 00:34:07,760

that he can open up a little bit it was

951
00:34:11,349 --> 00:34:09,679
almost like last time he was he was

952
00:34:13,829 --> 00:34:11,359
biting his tongue and trying not to say

953
00:34:16,550 --> 00:34:13,839
the wrong thing and now people are a bit

954
00:34:17,909 --> 00:34:16,560
more accustomed to it so he's basically

955
00:34:19,430 --> 00:34:17,919
you know just saying

956
00:34:21,109 --> 00:34:19,440
these are real

957
00:34:23,109 --> 00:34:21,119
these are just real there's no other way

958
00:34:26,149 --> 00:34:23,119
around it

959
00:34:28,550 --> 00:34:26,159
do you think by this point he has had

960
00:34:30,950 --> 00:34:28,560
some sort of inclination as to what was

961
00:34:32,869 --> 00:34:30,960
going to be in the task force report and

962
00:34:34,950 --> 00:34:32,879
the language that would be used and at

963
00:34:36,389 --> 00:34:34,960

that point he's comfortable and do you

964

00:34:38,869 --> 00:34:36,399

know what this is what i can say in a

965

00:34:40,869 --> 00:34:38,879

public conversation and again it's

966

00:34:42,790 --> 00:34:40,879

almost that encouragement of let's have

967

00:34:45,510 --> 00:34:42,800

that conversation yet let's use the

968

00:34:47,669 --> 00:34:45,520

language let's use the tone and can i

969

00:34:50,230 --> 00:34:47,679

crack on from there but that be fair

970

00:34:52,550 --> 00:34:50,240

yeah i would say so um cordon tries to

971

00:34:54,069 --> 00:34:52,560

joke and you know obama resists it to

972

00:34:56,389 --> 00:34:54,079

take a moment to give

973

00:34:57,750 --> 00:34:56,399

anyone who's watching a a mini uap

974

00:34:59,750 --> 00:34:57,760

briefing

975

00:35:02,230 --> 00:34:59,760

yeah i mean i can't believe top

976
00:35:04,630 --> 00:35:02,240
journalistic host interviewer james

977
00:35:07,190 --> 00:35:04,640
corden uh was was skilled by

978
00:35:08,790 --> 00:35:07,200
former president barack obama but there

979
00:35:10,950 --> 00:35:08,800
you go do you know what i i just for the

980
00:35:14,310 --> 00:35:10,960
record um i i liked james calderon and

981
00:35:17,990 --> 00:35:14,320
gavin and stacy and then it stopped

982
00:35:19,510 --> 00:35:18,000
well did not oh did you not no

983
00:35:20,950 --> 00:35:19,520
i appreciate that people should check

984
00:35:23,270 --> 00:35:20,960
out gavin and stacy if they've not seen

985
00:35:25,190 --> 00:35:23,280
it it's a pretty good show did you

986
00:35:27,109 --> 00:35:25,200
actually like any of it then

987
00:35:29,430 --> 00:35:27,119
gavin and stacy i've i've seen one

988
00:35:31,670 --> 00:35:29,440

christmas special and i thought the

989

00:35:33,349 --> 00:35:31,680

accents were very much not reflective of

990

00:35:34,950 --> 00:35:33,359

the people of the town of barrie where i

991

00:35:36,310 --> 00:35:34,960

live so

992

00:35:38,630 --> 00:35:36,320

i think you're just being precious i

993

00:35:40,710 --> 00:35:38,640

think they're spot on um you're saying

994

00:35:42,390 --> 00:35:40,720

you're from london anyway but oh yeah

995

00:35:43,510 --> 00:35:42,400

people should check out it's quite funny

996

00:35:45,430 --> 00:35:43,520

um

997

00:35:48,069 --> 00:35:45,440

if not a reflection of where dan's

998

00:35:50,390 --> 00:35:48,079

people are from uh so let's go from

999

00:35:53,349 --> 00:35:50,400

former president obama to current

1000

00:35:54,790 --> 00:35:53,359

president joe biden um

1001
00:35:56,390 --> 00:35:54,800
not always the most comfortable

1002
00:35:58,310 --> 00:35:56,400
answering questions

1003
00:35:59,910 --> 00:35:58,320
and almost takes his head off at the end

1004
00:36:03,190 --> 00:35:59,920
of this one as well walking away from

1005
00:36:04,470 --> 00:36:03,200
the podium but it's uh it's a response

1006
00:36:06,310 --> 00:36:04,480
it's a pretty short clip as well so

1007
00:36:07,270 --> 00:36:06,320
let's hear what uh president biden had

1008
00:36:10,310 --> 00:36:07,280
to say

1009
00:36:13,589 --> 00:36:10,320
president obama says

1010
00:36:16,870 --> 00:36:13,599
that there is footage and uh records of

1011
00:36:19,510 --> 00:36:16,880
objects in the skies these unidentified

1012
00:36:22,470 --> 00:36:19,520
aerial phenomenon and he says we don't

1013
00:36:25,109 --> 00:36:22,480

know exactly what they are what do you

1014

00:36:28,550 --> 00:36:25,119

think that it is i would ask him again

1015

00:36:28,560 --> 00:36:34,470

come on let's go

1016

00:36:38,630 --> 00:36:36,710

that was not as smooth as he thought it

1017

00:36:41,589 --> 00:36:38,640

was going to go i i think that could

1018

00:36:44,230 --> 00:36:41,599

have been

1019

00:36:45,990 --> 00:36:44,240

um and he just got flustered you can

1020

00:36:48,069 --> 00:36:46,000

almost see that that smile up front when

1021

00:36:50,230 --> 00:36:48,079

the journalist starts asking the

1022

00:36:52,710 --> 00:36:50,240

question you can almost just see this oh

1023

00:36:54,550 --> 00:36:52,720

no look on his face

1024

00:36:56,870 --> 00:36:54,560

it's like raising your fist for the mic

1025

00:36:58,870 --> 00:36:56,880

drop but on the way up the mic slips out

1026

00:37:00,390 --> 00:36:58,880

the side of your hand and you go oh oh

1027

00:37:02,390 --> 00:37:00,400

no so

1028

00:37:03,910 --> 00:37:02,400

it was but you know what is that

1029

00:37:06,310 --> 00:37:03,920

anything to read into that it would be

1030

00:37:08,470 --> 00:37:06,320

very easy to sit here and go whoa he's

1031

00:37:10,550 --> 00:37:08,480

saying obama's lying and he doesn't know

1032

00:37:12,950 --> 00:37:10,560

about you know this that and the next

1033

00:37:14,470 --> 00:37:12,960

thing and you know should be

1034

00:37:15,910 --> 00:37:14,480

or is it just a case of it he's just

1035

00:37:17,750 --> 00:37:15,920

brushing off the question because he

1036

00:37:19,510 --> 00:37:17,760

doesn't really have an interest in it

1037

00:37:20,710 --> 00:37:19,520

it's probably a really good example of

1038

00:37:22,230 --> 00:37:20,720

the kind of stuff that's been going on

1039

00:37:24,870 --> 00:37:22,240

in government with this issue for a long

1040

00:37:26,310 --> 00:37:24,880

time hey here's this important issue uh

1041

00:37:28,390 --> 00:37:26,320

go talk to this guy about it i've got

1042

00:37:29,829 --> 00:37:28,400

other stuff to worry about and the ball

1043

00:37:32,630 --> 00:37:29,839

gets passed around and no one really

1044

00:37:35,270 --> 00:37:32,640

solves anything i think this is biden's

1045

00:37:36,870 --> 00:37:35,280

way of just buying more time and now

1046

00:37:39,589 --> 00:37:36,880

that's it

1047

00:37:42,390 --> 00:37:39,599

yeah that's fair let's move on now so we

1048

00:37:44,150 --> 00:37:42,400

are moving up to june 5th 2021 i should

1049

00:37:47,510 --> 00:37:44,160

also note that that statement was made

1050

00:37:49,190 --> 00:37:47,520

on my birthday and uh

1051

00:37:51,510 --> 00:37:49,200

it was the i want to say two year

1052

00:37:53,349 --> 00:37:51,520

anniversary of chris sherwood making a

1053

00:37:56,790 --> 00:37:53,359

birthday statement for me saying that uh

1054

00:37:58,470 --> 00:37:56,800

atip did in fact investigate ufos

1055

00:38:00,390 --> 00:37:58,480

nice and that was your stan's way of

1056

00:38:01,510 --> 00:38:00,400

getting and when his birthday has said

1057

00:38:03,510 --> 00:38:01,520

yeah

1058

00:38:05,030 --> 00:38:03,520

you're nothing

1059

00:38:07,030 --> 00:38:05,040

just give the channel a subscribe that's

1060

00:38:08,630 --> 00:38:07,040

that's all dan needs and maybe maybe

1061

00:38:10,950 --> 00:38:08,640

sign up for a youtube membership as well

1062

00:38:12,630 --> 00:38:10,960

dad would appreciate that um what we've

1063

00:38:14,310 --> 00:38:12,640

got here folks is of course a piece of

1064

00:38:16,390 --> 00:38:14,320

famous footage but this is playing over

1065

00:38:19,510 --> 00:38:16,400

a package on the channel we're about to

1066

00:38:22,230 --> 00:38:19,520

show and again this is fro with martin

1067

00:38:23,910 --> 00:38:22,240

heinrich again so pretty good clip here

1068

00:38:26,710 --> 00:38:23,920

martin heinrich says it's time to start

1069

00:38:27,829 --> 00:38:26,720

listening to some of our us navy pilots

1070

00:38:29,910 --> 00:38:27,839

taking

1071

00:38:31,670 --> 00:38:29,920

the data that we have seen the video

1072

00:38:34,069 --> 00:38:31,680

that we've seen and their testimony

1073

00:38:36,630 --> 00:38:34,079

seriously is

1074

00:38:38,390 --> 00:38:36,640

is the the right thing to do the

1075

00:38:40,470 --> 00:38:38,400

pentagon's report on a number of

1076
00:38:43,270 --> 00:38:40,480
unexplainable sightings will be released

1077
00:38:45,589 --> 00:38:43,280
in weeks senator heinrich hasn't seen it

1078
00:38:47,430 --> 00:38:45,599
and isn't expecting a lot of answers i

1079
00:38:50,069 --> 00:38:47,440
think we just don't know what we're

1080
00:38:52,390 --> 00:38:50,079
seeing abc news is reporting some of the

1081
00:38:55,190 --> 00:38:52,400
movements could not be pulled off by a

1082
00:38:57,510 --> 00:38:55,200
human pilot or a man-made aircraft

1083
00:38:58,950 --> 00:38:57,520
heinrich backs up that theory certainly

1084
00:39:01,109 --> 00:38:58,960
if you were

1085
00:39:02,790 --> 00:39:01,119
a human being inside something that

1086
00:39:03,990 --> 00:39:02,800
moved like some of these objects you

1087
00:39:08,069 --> 00:39:04,000
would not

1088
00:39:10,630 --> 00:39:08,079

you wouldn't

1089

00:39:12,630 --> 00:39:10,640

you probably couldn't survive the the

1090

00:39:14,950 --> 00:39:12,640

kind of movements that we've seen these

1091

00:39:16,790 --> 00:39:14,960

encounters are puzzling heinrich wants

1092

00:39:19,109 --> 00:39:16,800

to change the conversation we're having

1093

00:39:20,950 --> 00:39:19,119

about them and i think what's important

1094

00:39:22,710 --> 00:39:20,960

is for us as a government if we're going

1095

00:39:24,230 --> 00:39:22,720

to take these things seriously is to

1096

00:39:26,310 --> 00:39:24,240

stop

1097

00:39:28,230 --> 00:39:26,320

trying to sweep it under the rug and

1098

00:39:29,510 --> 00:39:28,240

really do the science of figuring out

1099

00:39:31,030 --> 00:39:29,520

you know what are these things that the

1100

00:39:33,109 --> 00:39:31,040

pilots are seeing and

1101
00:39:34,550 --> 00:39:33,119
that are showing up on radar et cetera

1102
00:39:36,470 --> 00:39:34,560
you can really hear it in their voices

1103
00:39:38,630 --> 00:39:36,480
too right when they're talking like they

1104
00:39:39,990 --> 00:39:38,640
have no idea what they're looking at and

1105
00:39:41,589 --> 00:39:40,000
you know there's there was a culture for

1106
00:39:44,230 --> 00:39:41,599
a long time of you know just don't

1107
00:39:46,710 --> 00:39:44,240
discuss it he says that stops soon with

1108
00:39:48,710 --> 00:39:46,720
this report though he has a feeling when

1109
00:39:51,430 --> 00:39:48,720
he does read it it'll just be the

1110
00:39:53,910 --> 00:39:51,440
beginning of trying to really find out

1111
00:39:56,069 --> 00:39:53,920
what's in these videos

1112
00:39:58,069 --> 00:39:56,079
and it certainly was wasn't it dan now

1113
00:40:00,710 --> 00:39:58,079

what i find really interesting from this

1114

00:40:01,510 --> 00:40:00,720

one and i i think is really relevant as

1115

00:40:04,470 --> 00:40:01,520

well

1116

00:40:06,950 --> 00:40:04,480

as the comment or the language around

1117

00:40:08,309 --> 00:40:06,960

the movements of these objects because

1118

00:40:10,630 --> 00:40:08,319

again if you're looking at one of these

1119

00:40:13,109 --> 00:40:10,640

videos as a debunker or someone who is

1120

00:40:15,190 --> 00:40:13,119

pretty skeptical and as you should be

1121

00:40:17,349 --> 00:40:15,200

you're looking and going are we seeing

1122

00:40:19,270 --> 00:40:17,359

anything necessarily spectacular in

1123

00:40:21,750 --> 00:40:19,280

terms of movement it's just objects

1124

00:40:24,150 --> 00:40:21,760

cruising along at various speeds i think

1125

00:40:26,390 --> 00:40:24,160

what he's talking about is this is

1126
00:40:27,589 --> 00:40:26,400
someone who has seen the the rest of

1127
00:40:29,910 --> 00:40:27,599
these videos

1128
00:40:31,750 --> 00:40:29,920
for example the gimbal video we're

1129
00:40:33,589 --> 00:40:31,760
pretty certain that the next piece of

1130
00:40:34,470 --> 00:40:33,599
that as it slows down as it tilts a

1131
00:40:36,069 --> 00:40:34,480
little

1132
00:40:38,790 --> 00:40:36,079
because it does tilt

1133
00:40:40,230 --> 00:40:38,800
and then shoots off at ridiculous speed

1134
00:40:41,829 --> 00:40:40,240
that's the sort of stuff that if you put

1135
00:40:43,670 --> 00:40:41,839
that out to the public

1136
00:40:45,670 --> 00:40:43,680
that's a bit of a game changer in terms

1137
00:40:48,390 --> 00:40:45,680
of the conversation and that's why we

1138
00:40:49,109 --> 00:40:48,400

don't see it because it's it's enough to

1139

00:40:53,829 --> 00:40:49,119

be

1140

00:40:55,990 --> 00:40:53,839

conversation but i think that's what

1141

00:40:57,910 --> 00:40:56,000

he's getting at is that fair i say

1142

00:40:59,750 --> 00:40:57,920

yeah i think so um there's something to

1143

00:41:01,990 --> 00:40:59,760

be said here for walking people down

1144

00:41:04,870 --> 00:41:02,000

this path slowly you know this issue

1145

00:41:07,910 --> 00:41:04,880

belongs to everyone on this planet and

1146

00:41:09,910 --> 00:41:07,920

it's kind of a uh no man left behind

1147

00:41:12,390 --> 00:41:09,920

type thing oh no no human left behind

1148

00:41:14,550 --> 00:41:12,400

type thing i'll say it's slow and steady

1149

00:41:16,390 --> 00:41:14,560

it's explaining things in ways that

1150

00:41:19,670 --> 00:41:16,400

people can understand

1151
00:41:21,430 --> 00:41:19,680
and we're very much not talking about

1152
00:41:23,829 --> 00:41:21,440
you know when we get to bill nelson we

1153
00:41:25,589 --> 00:41:23,839
will see the tone shift again majorly

1154
00:41:28,069 --> 00:41:25,599
right now we're talking nuts and bolts

1155
00:41:30,150 --> 00:41:28,079
we're talking risk we're talking wanting

1156
00:41:31,349 --> 00:41:30,160
to keep americans safe

1157
00:41:32,870 --> 00:41:31,359
and you know what's really interesting

1158
00:41:34,550 --> 00:41:32,880
to me as well is that i think they're

1159
00:41:36,550 --> 00:41:34,560
building up a portfolio

1160
00:41:39,109 --> 00:41:36,560
not necessarily for people like us with

1161
00:41:41,109 --> 00:41:39,119
an interest in a subject but for

1162
00:41:43,190 --> 00:41:41,119
journalists and for the general public

1163
00:41:45,589 --> 00:41:43,200

and other media who come into the

1164

00:41:47,990 --> 00:41:45,599

subject say in a couple of weeks time

1165

00:41:49,829 --> 00:41:48,000

and or even let's say off the back of

1166

00:41:51,030 --> 00:41:49,839

this bill nelson comment

1167

00:41:52,950 --> 00:41:51,040

now

1168

00:41:55,109 --> 00:41:52,960

someone saying that might be like wow so

1169

00:41:56,950 --> 00:41:55,119

this is finally being taken seriously

1170

00:41:59,430 --> 00:41:56,960

and you could approach someone like one

1171

00:42:01,030 --> 00:41:59,440

of us or you know someone on ufo twitter

1172

00:42:03,109 --> 00:42:01,040

or instagram or

1173

00:42:04,309 --> 00:42:03,119

just one of these congressmen are women

1174

00:42:05,750 --> 00:42:04,319

and they could say well actually we've

1175

00:42:06,550 --> 00:42:05,760

been talking about this now for some

1176

00:42:08,150 --> 00:42:06,560

time

1177

00:42:09,510 --> 00:42:08,160

and if they go on to youtube and look at

1178

00:42:10,710 --> 00:42:09,520

the playlist we have just made up for

1179

00:42:11,910 --> 00:42:10,720

this show

1180

00:42:13,430 --> 00:42:11,920

they can actually look back and a

1181

00:42:16,230 --> 00:42:13,440

journalist could look and go wow

1182

00:42:18,230 --> 00:42:16,240

actually i've got 15 or 20 comments here

1183

00:42:20,470 --> 00:42:18,240

from high linking high ranking

1184

00:42:22,230 --> 00:42:20,480

politicians and and speakers and

1185

00:42:24,150 --> 00:42:22,240

intellectuals

1186

00:42:26,069 --> 00:42:24,160

all about this subject and i've missed

1187

00:42:27,829 --> 00:42:26,079

it and it lets them catch up very

1188

00:42:29,270 --> 00:42:27,839

quickly same with members of the public

1189

00:42:31,349 --> 00:42:29,280

who might just be exploring this for the

1190

00:42:33,670 --> 00:42:31,359

first time we've we talked a few weeks

1191

00:42:35,910 --> 00:42:33,680

ago about the demi lovato series or the

1192

00:42:37,430 --> 00:42:35,920

jj abrams series someone watching that

1193

00:42:39,430 --> 00:42:37,440

and going i'm going to do a little bit

1194

00:42:41,750 --> 00:42:39,440

of digging into this myself

1195

00:42:43,829 --> 00:42:41,760

all of a sudden finds news clip after

1196

00:42:45,510 --> 00:42:43,839

news clip after news clip on youtube and

1197

00:42:47,510 --> 00:42:45,520

various social medias

1198

00:42:49,190 --> 00:42:47,520

with a lot of very recent discussion on

1199

00:42:51,349 --> 00:42:49,200

the subject and it lets them catch up

1200

00:42:53,670 --> 00:42:51,359

very quickly and i suppose it takes away

1201

00:42:54,870 --> 00:42:53,680

a lot of that shock of

1202

00:42:57,030 --> 00:42:54,880

what have i been missing it's just

1203

00:42:58,390 --> 00:42:57,040

happening now no no the conversation's

1204

00:42:59,510 --> 00:42:58,400

actually been happening for quite a

1205

00:43:01,510 --> 00:42:59,520

while

1206

00:43:03,270 --> 00:43:01,520

yeah absolutely and and that kind of

1207

00:43:04,790 --> 00:43:03,280

reflects what's happening behind closed

1208

00:43:06,470 --> 00:43:04,800

doors you know we may not be privy to

1209

00:43:08,069 --> 00:43:06,480

those conversations but we know people

1210

00:43:10,309 --> 00:43:08,079

are being brief we know more and more

1211

00:43:12,309 --> 00:43:10,319

people are asking to be briefed

1212

00:43:14,069 --> 00:43:12,319

this isn't going away that the people

1213

00:43:16,470 --> 00:43:14,079

who think this is just

1214

00:43:18,150 --> 00:43:16,480

you know three or four individuals

1215

00:43:19,990 --> 00:43:18,160

promoting a

1216

00:43:21,829 --> 00:43:20,000

disinformation narrative or something

1217

00:43:23,510 --> 00:43:21,839

like that

1218

00:43:25,190 --> 00:43:23,520

they they must think that all of these

1219

00:43:27,030 --> 00:43:25,200

people are being paid millions to just

1220

00:43:29,109 --> 00:43:27,040

say all these things on national tv you

1221

00:43:30,309 --> 00:43:29,119

know that it's it's a little out there

1222

00:43:32,150 --> 00:43:30,319

to me

1223

00:43:34,550 --> 00:43:32,160

well we've got tim burchett now making a

1224

00:43:36,550 --> 00:43:34,560

statement so let's get to tim butcher

1225

00:43:39,030 --> 00:43:36,560

because again he as it says people might

1226

00:43:41,109 --> 00:43:39,040

be able to read at the top ufos aren't

1227

00:43:42,069 --> 00:43:41,119

russians so again some pretty strong

1228

00:43:44,230 --> 00:43:42,079

language

1229

00:43:46,150 --> 00:43:44,240

you know right now um with president

1230

00:43:48,309 --> 00:43:46,160

biden when he's going to speak to um

1231

00:43:50,230 --> 00:43:48,319

putin that he's talking about he's going

1232

00:43:51,750 --> 00:43:50,240

to ask him about the ufo thing and stuff

1233

00:43:52,950 --> 00:43:51,760

like that

1234

00:43:55,430 --> 00:43:52,960

i think that's ridiculous if the

1235

00:43:57,270 --> 00:43:55,440

russians had ufo technology i mean they

1236

00:43:58,870 --> 00:43:57,280

would own us right now they used to say

1237

00:44:00,390 --> 00:43:58,880

that they've heard people talk about how

1238

00:44:01,990 --> 00:44:00,400

the nazis had it in the second real

1239

00:44:04,309 --> 00:44:02,000

world if they did they would have won

1240

00:44:06,390 --> 00:44:04,319

that's ridiculous it has to be something

1241

00:44:10,470 --> 00:44:06,400

that's it's out of our galaxy it just

1242

00:44:12,309 --> 00:44:10,480

has to be if an impact is real because

1243

00:44:15,030 --> 00:44:12,319

you have always been a straight shooter

1244

00:44:16,950 --> 00:44:15,040

it's been like i know when um it's been

1245

00:44:18,630 --> 00:44:16,960

bipartisan but the one thing i've

1246

00:44:20,630 --> 00:44:18,640

noticed is

1247

00:44:22,790 --> 00:44:20,640

it doesn't matter which president is

1248

00:44:24,150 --> 00:44:22,800

nobody ever talks about the uh they

1249

00:44:26,230 --> 00:44:24,160

always say they're going to do something

1250

00:44:27,750 --> 00:44:26,240

about it then they get in office and and

1251
00:44:28,790 --> 00:44:27,760
honestly i thought trump was going to do

1252
00:44:30,470 --> 00:44:28,800
something he's going to release the

1253
00:44:32,870 --> 00:44:30,480
files but you know they release these

1254
00:44:34,630 --> 00:44:32,880
files are redacted it's just a big blob

1255
00:44:36,790 --> 00:44:34,640
white out

1256
00:44:37,910 --> 00:44:36,800
clearly something's going on we we talk

1257
00:44:39,910 --> 00:44:37,920
about we're going to release it and then

1258
00:44:41,829 --> 00:44:39,920
we never do or we release something

1259
00:44:43,589 --> 00:44:41,839
that's so redacted that it's just

1260
00:44:46,230 --> 00:44:43,599
ridiculous the air force

1261
00:44:49,109 --> 00:44:46,240
had a release of uh on roswell which was

1262
00:44:51,349 --> 00:44:49,119
the big the big deal i think from 48 and

1263
00:44:53,109 --> 00:44:51,359

a big cover up there and the guy that

1264

00:44:54,790 --> 00:44:53,119

did it was a smart aleck and he kind of

1265

00:44:56,390 --> 00:44:54,800

smirked the whole time and nobody took

1266

00:44:57,670 --> 00:44:56,400

it serious they ought to take it serious

1267

00:45:08,230 --> 00:44:57,680

american public wants to know and

1268

00:45:08,240 --> 00:45:12,150

you're a meter

1269

00:45:15,430 --> 00:45:13,589

god that's

1270

00:45:17,829 --> 00:45:15,440

that's

1271

00:45:20,550 --> 00:45:17,839

done take a note 45 minutes sudden to

1272

00:45:22,870 --> 00:45:20,560

edit that one out please no

1273

00:45:24,870 --> 00:45:22,880

i'll buy you a coffee um

1274

00:45:26,630 --> 00:45:24,880

sorry my bad that's that'll be a t-shirt

1275

00:45:28,710 --> 00:45:26,640

one day folks you know people roll their

1276

00:45:30,870 --> 00:45:28,720

eyes at the merchandise stuff but i'm on

1277

00:45:34,390 --> 00:45:30,880

mute get your i'm on mute t-shirts for

1278

00:45:36,069 --> 00:45:34,400

50 bucks um so yeah so that language for

1279

00:45:38,150 --> 00:45:36,079

me was again really strong that you've

1280

00:45:40,470 --> 00:45:38,160

got another politician like like chris

1281

00:45:42,230 --> 00:45:40,480

mellon has said on many occasions

1282

00:45:44,230 --> 00:45:42,240

these are not ours

1283

00:45:45,589 --> 00:45:44,240

they're almost definitely not russian

1284

00:45:46,390 --> 00:45:45,599

and they're almost definitely not

1285

00:45:48,870 --> 00:45:46,400

chinese

1286

00:45:50,550 --> 00:45:48,880

these are something else we've had that

1287

00:45:52,710 --> 00:45:50,560

language am i hearing it now from from

1288

00:45:54,630 --> 00:45:52,720

other politicians

1289

00:45:56,150 --> 00:45:54,640

what more do you think needs to be said

1290

00:45:58,870 --> 00:45:56,160

for the conversation to move forward

1291

00:46:00,870 --> 00:45:58,880

though from that then

1292

00:46:02,550 --> 00:46:00,880

well we need

1293

00:46:07,349 --> 00:46:02,560

we

1294

00:46:09,430 --> 00:46:07,359

the hard data or for people interested

1295

00:46:10,790 --> 00:46:09,440

public positions uh where they can talk

1296

00:46:11,910 --> 00:46:10,800

and interface with the public about what

1297

00:46:12,790 --> 00:46:11,920

they're seeing

1298

00:46:14,630 --> 00:46:12,800

um

1299

00:46:16,230 --> 00:46:14,640

we we'd like for those guys

1300

00:46:17,589 --> 00:46:16,240

those people to get access to all the

1301

00:46:19,349 --> 00:46:17,599

all the data so they can study it

1302

00:46:20,230 --> 00:46:19,359

properly and and i guess that's what

1303

00:46:24,950 --> 00:46:20,240

we're

1304

00:46:27,190 --> 00:46:24,960

noticed that tim tim burchett actually

1305

00:46:29,829 --> 00:46:27,200

came onto the big phone home uh to speak

1306

00:46:33,750 --> 00:46:29,839

with luis jimenez and mike mataloon yeah

1307

00:46:36,630 --> 00:46:33,760

um and yeah it was fantastic he's a very

1308

00:46:39,750 --> 00:46:36,640

very supportive ally of the

1309

00:46:40,870 --> 00:46:39,760

of uap transparency and it's great to

1310

00:46:42,309 --> 00:46:40,880

see him

1311

00:46:43,990 --> 00:46:42,319

profess such frustration with the

1312

00:46:46,470 --> 00:46:44,000

secrecy

1313

00:46:48,230 --> 00:46:46,480

absolutely now dan the very reason we

1314

00:46:50,710 --> 00:46:48,240

are doing this show is because of the

1315

00:46:53,109 --> 00:46:50,720

clip we're about to play now bill nelson

1316

00:46:55,349 --> 00:46:53,119

is our former senator and has had

1317

00:46:57,910 --> 00:46:55,359

announced when um actually not too long

1318

00:46:59,990 --> 00:46:57,920

ago that he had previously been briefed

1319

00:47:01,750 --> 00:47:00,000

on some of these these uap briefings

1320

00:47:03,750 --> 00:47:01,760

that have gone on and it's something

1321

00:47:06,069 --> 00:47:03,760

that he actively once kept in the loop

1322

00:47:08,870 --> 00:47:06,079

with and it seems to be a real shift in

1323

00:47:10,630 --> 00:47:08,880

tone and policy from nasa and it seems a

1324

00:47:13,589 --> 00:47:10,640

really good thing that someone like bill

1325

00:47:14,390 --> 00:47:13,599

nelson is now heading up nasa in terms

1326

00:47:18,950 --> 00:47:14,400

of

1327

00:47:20,630 --> 00:47:18,960

they are actively interested in ufos uap

1328

00:47:22,309 --> 00:47:20,640

anomalous phenomena

1329

00:47:24,390 --> 00:47:22,319

things that may be coming here already

1330

00:47:27,109 --> 00:47:24,400

from other planets not that we have to

1331

00:47:29,270 --> 00:47:27,119

go somewhere to find it so that's a

1332

00:47:30,790 --> 00:47:29,280

pretty interesting one for me

1333

00:47:32,950 --> 00:47:30,800

what i'll ask you dan though first off

1334

00:47:35,829 --> 00:47:32,960

is i've had some people say that they're

1335

00:47:37,990 --> 00:47:35,839

only doing this now nasa because they

1336

00:47:39,750 --> 00:47:38,000

need and want extra funding because

1337

00:47:41,829 --> 00:47:39,760

they're really struggling in that in

1338

00:47:44,069 --> 00:47:41,839

that term is that a fair comment there

1339

00:47:46,150 --> 00:47:44,079

are easier ways to get funding much

1340

00:47:47,910 --> 00:47:46,160

easier ways um you know they're

1341

00:47:48,710 --> 00:47:47,920

interfacing with spacex and various

1342

00:47:50,630 --> 00:47:48,720

other

1343

00:47:52,470 --> 00:47:50,640

private industry members

1344

00:47:55,030 --> 00:47:52,480

there's plenty of money going on there

1345

00:47:57,430 --> 00:47:55,040

it i mean it would be great to see nasa

1346

00:47:58,230 --> 00:47:57,440

tackle this fully but i think when

1347

00:48:00,069 --> 00:47:58,240

when

1348

00:48:01,510 --> 00:48:00,079

the department or the organization is

1349

00:48:03,349 --> 00:48:01,520

formed that's going to take this issue

1350

00:48:04,870 --> 00:48:03,359

forward i don't think nasa is going to

1351
00:48:07,670 --> 00:48:04,880
have a hand in it they'll just be able

1352
00:48:09,910 --> 00:48:07,680
to see the assessments from that place

1353
00:48:11,829 --> 00:48:09,920
absolutely let's play the clip now uh

1354
00:48:14,470 --> 00:48:11,839
this is bill nelson as you can see at

1355
00:48:16,790 --> 00:48:14,480
the or on a virtual interview with the

1356
00:48:18,150 --> 00:48:16,800
university of virginia center for

1357
00:48:19,750 --> 00:48:18,160
politics

1358
00:48:22,390 --> 00:48:19,760
what what do you think we're doing on

1359
00:48:23,829 --> 00:48:22,400
mars what do you think uh we're looking

1360
00:48:27,510 --> 00:48:23,839
for life

1361
00:48:30,230 --> 00:48:27,520
this is a part of nasa's mission

1362
00:48:33,349 --> 00:48:30,240
that's what this telescope

1363
00:48:36,549 --> 00:48:33,359

uh is going to be looking for

1364

00:48:38,230 --> 00:48:36,559

are there other planets elsewhere that

1365

00:48:40,470 --> 00:48:38,240

there is life

1366

00:48:43,990 --> 00:48:40,480

now i know what you've seen is what

1367

00:48:47,589 --> 00:48:44,000

those navy pilots saw in 2004 and there

1368

00:48:50,309 --> 00:48:47,599

have been some 300 sightings since then

1369

00:48:51,910 --> 00:48:50,319

and i've talked to those pilots

1370

00:48:54,790 --> 00:48:51,920

and they know they saw something and

1371

00:48:57,510 --> 00:48:54,800

their radars locked onto it

1372

00:48:58,950 --> 00:48:57,520

and and then all of a sudden it was here

1373

00:49:01,030 --> 00:48:58,960

on the surface

1374

00:49:03,030 --> 00:49:01,040

and then it's there

1375

00:49:04,950 --> 00:49:03,040

uh and they don't know what it is and we

1376

00:49:07,190 --> 00:49:04,960

don't know what it is

1377

00:49:10,470 --> 00:49:07,200

we hope it's not an adversary here on

1378

00:49:13,510 --> 00:49:10,480

earth that has that kind of technology

1379

00:49:16,230 --> 00:49:13,520

uh but it's something

1380

00:49:19,910 --> 00:49:16,240

and uh and so this is a mission that

1381

00:49:24,390 --> 00:49:19,920

we're constantly looking what who is out

1382

00:49:28,069 --> 00:49:24,400

there who are we how did we get here

1383

00:49:31,750 --> 00:49:28,079

how did we become as we are

1384

00:49:35,750 --> 00:49:31,760

how did we develop how did we civilize

1385

00:49:38,069 --> 00:49:35,760

and are those same conditions out there

1386

00:49:39,750 --> 00:49:38,079

in a universe

1387

00:49:41,270 --> 00:49:39,760

that has

1388

00:49:43,750 --> 00:49:41,280

billions

1389

00:49:44,549 --> 00:49:43,760

of other sons

1390

00:49:48,790 --> 00:49:44,559

in

1391

00:49:54,069 --> 00:49:48,800

billions of other galaxies

1392

00:49:57,109 --> 00:49:55,829

you anticipated one of the questions

1393

00:49:59,109 --> 00:49:57,119

that i have here because it was

1394

00:50:01,670 --> 00:49:59,119

suggested to me by

1395

00:50:02,710 --> 00:50:01,680

many different people they did want your

1396

00:50:04,950 --> 00:50:02,720

comment

1397

00:50:07,349 --> 00:50:04,960

on what you think

1398

00:50:09,589 --> 00:50:07,359

the fighter pilot saw i think most

1399

00:50:12,150 --> 00:50:09,599

people saw that 60 minutes piece and

1400

00:50:14,870 --> 00:50:12,160

there were a lot of newspaper pieces

1401
00:50:16,150 --> 00:50:14,880
about whether or not it was russia or

1402
00:50:19,230 --> 00:50:16,160
china or

1403
00:50:22,870 --> 00:50:19,240
perhaps more likely uh some

1404
00:50:25,510 --> 00:50:22,880
extraterrestrial intelligent beings

1405
00:50:27,829 --> 00:50:25,520
uh what is your theory what you've heard

1406
00:50:31,030 --> 00:50:27,839
a lot of options which one do you think

1407
00:50:33,750 --> 00:50:31,040
is the most credible if you can choose

1408
00:50:36,150 --> 00:50:33,760
larry i don't know the answer to that

1409
00:50:37,190 --> 00:50:36,160
but i do know this

1410
00:50:42,309 --> 00:50:37,200
that

1411
00:50:44,309 --> 00:50:42,319
is so big and now there are even

1412
00:50:47,190 --> 00:50:44,319
theories there there might be other

1413
00:50:51,190 --> 00:50:48,230

and

1414

00:50:56,790 --> 00:50:51,200

if that's the case

1415

00:51:00,630 --> 00:50:56,800

who am i to say that planet earth

1416

00:51:02,150 --> 00:51:00,640

is the only location of a life form that

1417

00:51:03,829 --> 00:51:02,160

is

1418

00:51:05,670 --> 00:51:03,839

civilized

1419

00:51:06,829 --> 00:51:05,680

and organized

1420

00:51:09,430 --> 00:51:06,839

like

1421

00:51:12,390 --> 00:51:09,440

ours i'll tell you what that makes me

1422

00:51:17,990 --> 00:51:15,109

i better be a better steward

1423

00:51:22,230 --> 00:51:18,000

of what we have

1424

00:51:23,990 --> 00:51:22,240

because we're messing it up

1425

00:51:26,950 --> 00:51:24,000

we're messing it up just the way we're

1426

00:51:30,630 --> 00:51:26,960

treating each other

1427

00:51:33,109 --> 00:51:30,640

uh and so i know what my mission is

1428

00:51:35,589 --> 00:51:33,119

to be a better steward of this planet

1429

00:51:39,349 --> 00:51:35,599

and be a better citizen

1430

00:51:44,230 --> 00:51:40,230

but

1431

00:51:46,069 --> 00:51:44,240

are there other planet earths out there

1432

00:51:48,230 --> 00:51:46,079

i certainly think so because the

1433

00:51:50,470 --> 00:51:48,240

universe is so big

1434

00:51:52,390 --> 00:51:50,480

what what do you think

1435

00:51:54,870 --> 00:51:52,400

it's quite the statement dan isn't it

1436

00:51:56,790 --> 00:51:54,880

and it is it's used and

1437

00:51:59,030 --> 00:51:56,800

it says more and more and more that i

1438

00:52:01,030 --> 00:51:59,040

don't think you expect him to say and i

1439

00:52:02,630 --> 00:52:01,040

genuinely it's all opinion and i have to

1440

00:52:05,030 --> 00:52:02,640

say that because there were people

1441

00:52:06,790 --> 00:52:05,040

online saying he says a whole lot of

1442

00:52:08,950 --> 00:52:06,800

nothing but you're looking at the guy

1443

00:52:10,549 --> 00:52:08,960

who's in charge of nasa talking about

1444

00:52:11,990 --> 00:52:10,559

not only other planets but other

1445

00:52:13,990 --> 00:52:12,000

universities

1446

00:52:15,910 --> 00:52:14,000

and he brings this stuff up himself he's

1447

00:52:17,910 --> 00:52:15,920

not been prompted to do it like the

1448

00:52:19,750 --> 00:52:17,920

interviewer says you've actually you've

1449

00:52:22,309 --> 00:52:19,760

actually predicted one of my questions

1450

00:52:24,549 --> 00:52:22,319

and started answering it already so he's

1451
00:52:25,990 --> 00:52:24,559
actively having the conversation for you

1452
00:52:27,910 --> 00:52:26,000
what stood out to you in this one down

1453
00:52:28,630 --> 00:52:27,920
in the kind of final minutes we've got

1454
00:52:31,190 --> 00:52:28,640
so

1455
00:52:32,870 --> 00:52:31,200
i mean multiple universes uh the fact

1456
00:52:35,109 --> 00:52:32,880
that he spoke about human origin

1457
00:52:37,990 --> 00:52:35,119
questions and that happened within i'd

1458
00:52:40,150 --> 00:52:38,000
say 24 48 hours of louisando addressing

1459
00:52:41,349 --> 00:52:40,160
the same stuff on an interview on

1460
00:52:44,069 --> 00:52:41,359
theories of everything with kurt

1461
00:52:46,790 --> 00:52:44,079
jormungal uh real interesting for me

1462
00:52:48,870 --> 00:52:46,800
that it came up at the same time uh bill

1463
00:52:50,230 --> 00:52:48,880

nelson was and i hope i get this name

1464

00:52:52,390 --> 00:52:50,240

right he was on the armed services

1465

00:52:54,790 --> 00:52:52,400

committee so he'd been briefed a long

1466

00:52:58,150 --> 00:52:54,800

time ago on this whole issue so he's

1467

00:53:00,390 --> 00:52:58,160

extremely comfortable with it um and and

1468

00:53:03,349 --> 00:53:00,400

has been considering it for a long time

1469

00:53:05,510 --> 00:53:03,359

we we've just found a planet outside of

1470

00:53:07,109 --> 00:53:05,520

the milky way as well the first one or

1471

00:53:09,510 --> 00:53:07,119

all the other ones we were within the

1472

00:53:10,870 --> 00:53:09,520

milky way so again you know that came a

1473

00:53:13,030 --> 00:53:10,880

few days after that and i'm not saying

1474

00:53:15,510 --> 00:53:13,040

that it was all planned but it's just

1475

00:53:17,109 --> 00:53:15,520

it's rolling out in a real smooth way

1476
00:53:19,750 --> 00:53:17,119
right

1477
00:53:21,190 --> 00:53:19,760
i think and that let me put my

1478
00:53:23,109 --> 00:53:21,200
let me put on my

1479
00:53:25,270 --> 00:53:23,119
let's go a bit out there hat

1480
00:53:27,910 --> 00:53:25,280
if you are in his position and you have

1481
00:53:30,870 --> 00:53:27,920
any inclination that there may be other

1482
00:53:33,430 --> 00:53:30,880
entities and other planets

1483
00:53:36,390 --> 00:53:33,440
do you have a better idea of where nasa

1484
00:53:38,790 --> 00:53:36,400
should be aiming probes and

1485
00:53:40,470 --> 00:53:38,800
shuttles and crafts and future missions

1486
00:53:42,150 --> 00:53:40,480
because i think with nasa you always get

1487
00:53:45,670 --> 00:53:42,160
the idea that they're hopping around the

1488
00:53:48,390 --> 00:53:45,680

planets in our solar system and

1489

00:53:49,270 --> 00:53:48,400

i suppose you would think people in the

1490

00:53:52,230 --> 00:53:49,280

know

1491

00:53:54,390 --> 00:53:52,240

what there's

1492

00:53:55,190 --> 00:53:54,400

let's just say i'm loyalizondo and i

1493

00:53:56,549 --> 00:53:55,200

know

1494

00:53:57,750 --> 00:53:56,559

almost everything but she probably

1495

00:53:59,750 --> 00:53:57,760

doesn't know as much as we're going to

1496

00:54:00,950 --> 00:53:59,760

see here but let's just put these hats

1497

00:54:02,630 --> 00:54:00,960

on for a minute

1498

00:54:04,870 --> 00:54:02,640

and i say to you dan you're going to

1499

00:54:07,270 --> 00:54:04,880

head up nasa but do you know what let's

1500

00:54:10,549 --> 00:54:07,280

let's kind of stop looking at jupiter

1501

00:54:11,589 --> 00:54:10,559

uranus mars neptune saturn

1502

00:54:13,510 --> 00:54:11,599

there's nothing there they're just

1503

00:54:16,630 --> 00:54:13,520

planets however

1504

00:54:18,790 --> 00:54:16,640

let's start looking over that way or

1505

00:54:21,750 --> 00:54:18,800

have we considered looking here do you

1506

00:54:23,270 --> 00:54:21,760

think there's a potential in that

1507

00:54:24,630 --> 00:54:23,280

well this is what we're going to be

1508

00:54:26,150 --> 00:54:24,640

doing uh

1509

00:54:27,430 --> 00:54:26,160

in the next few months i say we i'm not

1510

00:54:29,190 --> 00:54:27,440

doing anything i'm just going to be

1511

00:54:30,150 --> 00:54:29,200

excited when i see the photos uh the

1512

00:54:31,750 --> 00:54:30,160

james webb

1513

00:54:34,150 --> 00:54:31,760

you don't have time yeah you don't have

1514

00:54:35,750 --> 00:54:34,160

to do anything

1515

00:54:37,750 --> 00:54:35,760

the james webb telescope is going up and

1516

00:54:39,510 --> 00:54:37,760

that's going to look a lot a lot of

1517

00:54:41,589 --> 00:54:39,520

exoplanets and be able to see if there

1518

00:54:43,349 --> 00:54:41,599

are signatures of life on them um you

1519

00:54:45,349 --> 00:54:43,359

know we're going to be understanding

1520

00:54:46,950 --> 00:54:45,359

that data for a long time and just like

1521

00:54:48,710 --> 00:54:46,960

we saw with the venus results that we

1522

00:54:51,109 --> 00:54:48,720

had not too long ago

1523

00:54:53,270 --> 00:54:51,119

that data had existed in other data

1524

00:54:55,030 --> 00:54:53,280

piles for a long time and it wasn't

1525

00:54:57,510 --> 00:54:55,040

until we got the new data that we

1526
00:54:58,390 --> 00:54:57,520
realized it was there in the old data so

1527
00:55:01,270 --> 00:54:58,400
i think

1528
00:55:03,349 --> 00:55:01,280
we're on the cusp of starting to

1529
00:55:05,829 --> 00:55:03,359
see that there's there's a lot more

1530
00:55:07,910 --> 00:55:05,839
potential for life out there and it's

1531
00:55:10,549 --> 00:55:07,920
kind of shifting the mindset i think of

1532
00:55:11,829 --> 00:55:10,559
the the whole human race to go from you

1533
00:55:15,349 --> 00:55:11,839
know we're just here and we're just

1534
00:55:17,510 --> 00:55:15,359
alone and it's just us to wow we we

1535
00:55:19,109 --> 00:55:17,520
really aren't alone and

1536
00:55:21,990 --> 00:55:19,119
you know we're all just arguing over

1537
00:55:25,109 --> 00:55:22,000
whether they visited us or not now

1538
00:55:26,150 --> 00:55:25,119

what part does nasa still have to play

1539

00:55:27,990 --> 00:55:26,160

if

1540

00:55:29,910 --> 00:55:28,000

it seems almost for a fact that these

1541

00:55:32,150 --> 00:55:29,920

things are coming here

1542

00:55:34,309 --> 00:55:32,160

from somewhere else because it almost

1543

00:55:35,030 --> 00:55:34,319

seems a little bit defunct doesn't it to

1544

00:55:38,150 --> 00:55:35,040

be

1545

00:55:39,670 --> 00:55:38,160

various

1546

00:55:41,430 --> 00:55:39,680

you know life signatures and the

1547

00:55:43,750 --> 00:55:41,440

atmospheres of other planets far far

1548

00:55:46,150 --> 00:55:43,760

away that right now we can't necessarily

1549

00:55:47,990 --> 00:55:46,160

get to with our known technology when it

1550

00:55:49,750 --> 00:55:48,000

looks like you know what we have stuff

1551

00:55:51,990 --> 00:55:49,760

coming from elsewhere

1552

00:55:54,390 --> 00:55:52,000

or potentially already here in some way

1553

00:55:56,150 --> 00:55:54,400

shape or form

1554

00:55:58,309 --> 00:55:56,160

yeah i mean i mean you're not wrong that

1555

00:56:00,309 --> 00:55:58,319

that mission would kind of change for

1556

00:56:02,789 --> 00:56:00,319

nasa you know it could potentially

1557

00:56:04,470 --> 00:56:02,799

become a public-facing

1558

00:56:06,870 --> 00:56:04,480

uh

1559

00:56:08,069 --> 00:56:06,880

organization to talk about the phenomena

1560

00:56:09,750 --> 00:56:08,079

you know it

1561

00:56:12,150 --> 00:56:09,760

in a hundred years nasa could be looked

1562

00:56:13,990 --> 00:56:12,160

at as just an organization that blazes

1563

00:56:15,589 --> 00:56:14,000

the frontier of whatever

1564

00:56:17,430 --> 00:56:15,599

you know the next frontier is whether

1565

00:56:20,789 --> 00:56:17,440

it's space or dimensions or whatever

1566

00:56:23,589 --> 00:56:20,799

that is um i just note that

1567

00:56:26,390 --> 00:56:23,599

uh jen pasaki avila webb

1568

00:56:27,750 --> 00:56:26,400

um bill nelson um and another gentleman

1569

00:56:29,270 --> 00:56:27,760

i can't remember the name of david

1570

00:56:31,910 --> 00:56:29,280

something i think but they're all doing

1571

00:56:34,150 --> 00:56:31,920

an event on the 10th of november it is a

1572

00:56:35,750 --> 00:56:34,160

free event at the washington national

1573

00:56:37,829 --> 00:56:35,760

cathedral and they'll be talking about

1574

00:56:39,990 --> 00:56:37,839

our future in space and that's going to

1575

00:56:41,829 --> 00:56:40,000

be extremely exciting to hear those uh

1576

00:56:44,150 --> 00:56:41,839

those four people up there

1577

00:56:45,510 --> 00:56:44,160

talking seriously about this subject and

1578

00:56:47,430 --> 00:56:45,520

what's to come

1579

00:56:49,109 --> 00:56:47,440

absolutely dan we're pretty much out of

1580

00:56:50,630 --> 00:56:49,119

time do you want to finish off by just

1581

00:56:52,309 --> 00:56:50,640

letting people know what you're up to

1582

00:56:53,750 --> 00:56:52,319

right now or this week or anything

1583

00:56:56,549 --> 00:56:53,760

you've got on your

1584

00:56:58,230 --> 00:56:56,559

we are working on any projects yeah so

1585

00:57:01,270 --> 00:56:58,240

at the moment i'm playing with some some

1586

00:57:03,430 --> 00:57:01,280

resin stuff um kind of

1587

00:57:04,710 --> 00:57:03,440

creating i mean it's a big mess i'll

1588

00:57:07,109 --> 00:57:04,720

show people on

1589

00:57:09,190 --> 00:57:07,119

on twitter when these things already um

1590

00:57:11,750 --> 00:57:09,200

but there's a there's a big big weekend

1591

00:57:13,829 --> 00:57:11,760

ahead of us that that i'll i'll you know

1592

00:57:16,069 --> 00:57:13,839

zip about but i'm sure we'll have more

1593

00:57:17,750 --> 00:57:16,079

to share on that in the future

1594

00:57:19,589 --> 00:57:17,760

yes well actually we can just say that

1595

00:57:22,309 --> 00:57:19,599

we're meeting face to face for the first

1596

00:57:24,230 --> 00:57:22,319

time and yes we are almost almost 18

1597

00:57:25,510 --> 00:57:24,240

months i'm gonna run you in slow motion

1598

00:57:26,950 --> 00:57:25,520

i hope you know that i hope you're a

1599

00:57:29,430 --> 00:57:26,960

hugger

1600

00:57:31,270 --> 00:57:29,440

covered not allowed

1601
00:57:32,630 --> 00:57:31,280
so yeah we're meeting for the first time

1602
00:57:34,870 --> 00:57:32,640
with some of our other colleagues as

1603
00:57:36,950 --> 00:57:34,880
well which i'm looking forward to folks

1604
00:57:38,950 --> 00:57:36,960
um right now on the podcast you can

1605
00:57:41,670 --> 00:57:38,960
listen to our our interview with george

1606
00:57:43,109 --> 00:57:41,680
knapp and dr colin kelleher on their but

1607
00:57:44,230 --> 00:57:43,119
their new book skin walkers at the

1608
00:57:46,230 --> 00:57:44,240
pentagon it was a really good

1609
00:57:48,630 --> 00:57:46,240
conversation it's available on the

1610
00:57:50,150 --> 00:57:48,640
youtube channel but please consider if

1611
00:57:52,069 --> 00:57:50,160
you can supporting on the youtube

1612
00:57:53,990 --> 00:57:52,079
channel because that money helps us get

1613
00:57:55,589 --> 00:57:54,000

dan a new macbook at some point that

1614

00:57:57,750 --> 00:57:55,599

he's looking to get to help us make

1615

00:57:59,589 --> 00:57:57,760

these videos a whole lot quicker than it

1616

00:58:00,789 --> 00:57:59,599

takes is to make them right now but it's

1617

00:58:02,789 --> 00:58:00,799

the price of a coffee and you can

1618

00:58:04,309 --> 00:58:02,799

subscribe to the youtube channel and you

as part of that as well so check out the

interview and a whole load of others on

1623

00:58:13,109 --> 00:58:12,000

there as well i won't announce yet

1624

00:58:15,190 --> 00:58:13,119

because i'm still waiting on a few

1625

00:58:17,270 --> 00:58:15,200

confirmations the podcast coming up for

1626
00:58:19,430 --> 00:58:17,280
next month but we've got some good stuff

1627
00:58:20,549 --> 00:58:19,440
in the pipeline as well and i look

1628
00:58:22,549 --> 00:58:20,559
