

LISTENER  
CALL-IN  
NOV' PART 2

1  
00:00:00,070 --> 00:00:14,310

[Music]

2  
00:00:19,029 --> 00:00:16,390

it was basically a cube with inside of

3  
00:00:22,820 --> 00:00:19,039

sphere where the points of the cube

4  
00:00:33,040 --> 00:00:22,830

were touching outside of sphere

5  
00:00:37,190 --> 00:00:34,590

[Music]

6  
00:00:38,790 --> 00:00:37,200

[Applause]

7  
00:00:41,030 --> 00:00:38,800

so this isn't anything that just is

8  
00:00:45,430 --> 00:00:41,040

limited to the united states it's a

9  
00:00:49,830 --> 00:00:47,670

that ufo podcast is powered by zen

10  
00:00:51,510 --> 00:00:49,840

caster zencaster is one of the world's

11  
00:00:54,150 --> 00:00:51,520

leading platforms for recording and

12  
00:00:55,830 --> 00:00:54,160

hosting podcasts the open beta strives

13  
00:00:57,830 --> 00:00:55,840

to put the power of studio quality

14

00:01:00,389 --> 00:00:57,840

remote video production into the hands

15

00:01:02,709 --> 00:01:00,399

of anyone with a story to tell features

16

00:01:05,670 --> 00:01:02,719

include hd video recording studio

17

00:01:07,270 --> 00:01:05,680

quality sound chat and footnotes all

18

00:01:09,350 --> 00:01:07,280

running right from your browser so you

19

00:01:11,429 --> 00:01:09,360

can record from anywhere without ever

20

00:01:13,660 --> 00:01:11,439

installing anything check out the links

21

00:01:16,070 --> 00:01:13,670

in the show description to find out more

22

00:01:17,990 --> 00:01:16,080

[Music]

23

00:01:19,910 --> 00:01:18,000

we are going to kick off part two of the

24

00:01:21,270 --> 00:01:19,920

listener collin in northern ireland

25

00:01:23,910 --> 00:01:21,280

we've got a first time caller at the

26  
00:01:26,390 --> 00:01:23,920  
podcast jonathan how are we doing today

27  
00:01:28,070 --> 00:01:26,400  
morgan andy how are you i am very well

28  
00:01:30,069 --> 00:01:28,080  
and do you know what i i always love

29  
00:01:31,590 --> 00:01:30,079  
joking about the accent on this podcast

30  
00:01:33,429 --> 00:01:31,600  
uh wait till they hear the noise that

31  
00:01:35,749 --> 00:01:33,439  
northern irish and the scottish going at

32  
00:01:37,590 --> 00:01:35,759  
the same time so

33  
00:01:38,870 --> 00:01:37,600  
uh i think we'll be confusing a lot of

34  
00:01:40,950 --> 00:01:38,880  
people around the world aren't they

35  
00:01:42,230 --> 00:01:40,960  
definitely absolutely but listen it's

36  
00:01:43,429 --> 00:01:42,240  
good to have you on jonathan at the

37  
00:01:44,789 --> 00:01:43,439  
floor is yours what do you want to talk

38  
00:01:46,630 --> 00:01:44,799

about

39

00:01:48,870 --> 00:01:46,640

yes andy thank you

40

00:01:50,149 --> 00:01:48,880

yes i'd like to talk about first of all

41

00:01:53,510 --> 00:01:50,159

lou ellison

42

00:01:55,749 --> 00:01:53,520

um i think he's someone that

43

00:01:56,870 --> 00:01:55,759

a lot a lot of people are

44

00:01:59,990 --> 00:01:56,880

divided

45

00:02:01,990 --> 00:02:00,000

uh people within the uh new year that

46

00:02:04,230 --> 00:02:02,000

are interested in ufos and people in the

47

00:02:06,149 --> 00:02:04,240

media as well

48

00:02:07,510 --> 00:02:06,159

a lot of people do crashing his

49

00:02:11,589 --> 00:02:07,520

motivations

50

00:02:12,790 --> 00:02:11,599

into the ufo uap

51  
00:02:15,910 --> 00:02:12,800  
but for me

52  
00:02:18,790 --> 00:02:15,920  
i feel he's more than january

53  
00:02:21,750 --> 00:02:18,800  
and the reason why i say that is

54  
00:02:23,510 --> 00:02:21,760  
he's obviously an insider he knows a

55  
00:02:26,949 --> 00:02:23,520  
whole lot more than he can say which he

56  
00:02:29,110 --> 00:02:26,959  
has acknowledged because of his nda's

57  
00:02:31,270 --> 00:02:29,120  
uh he's someone that the government as

58  
00:02:34,150 --> 00:02:31,280  
well has tried to

59  
00:02:36,550 --> 00:02:34,160  
you know blank list or you know rub him

60  
00:02:39,270 --> 00:02:36,560  
out of history by saying he didn't work

61  
00:02:40,229 --> 00:02:39,280  
out at that time when he

62  
00:02:42,869 --> 00:02:40,239  
he did

63  
00:02:44,790 --> 00:02:42,879

and also tom delong i feel is very

64

00:02:46,790 --> 00:02:44,800

interesting and

65

00:02:48,630 --> 00:02:46,800

i think tom delong

66

00:02:50,550 --> 00:02:48,640

it was

67

00:02:53,589 --> 00:02:50,560

people the questioned were you know why

68

00:02:56,869 --> 00:02:53,599

him uh was he really talking to hi

69

00:02:59,910 --> 00:02:56,879

to people high up in the um military

70

00:03:01,990 --> 00:02:59,920

i think with the emails that was licked

71

00:03:04,470 --> 00:03:02,000

by wikileaks i think that's perfect

72

00:03:08,070 --> 00:03:04,480

crashing the bed he was in contact with

73

00:03:10,869 --> 00:03:08,080

high-level people within the military

74

00:03:13,670 --> 00:03:10,879

and lou elisando i believe is the second

75

00:03:15,270 --> 00:03:13,680

arm and that where tom delonge is the

76

00:03:17,430 --> 00:03:15,280

entertainment side

77

00:03:20,710 --> 00:03:17,440

it's getting the general populace the

78

00:03:22,949 --> 00:03:20,720

masses i think you could say and get

79

00:03:25,270 --> 00:03:22,959

that into public and the popular culture

80

00:03:27,589 --> 00:03:25,280

why louis elizondo is more to do with

81

00:03:30,830 --> 00:03:27,599

politics getting the us government and

82

00:03:33,430 --> 00:03:30,840

media i think it's a two yards

83

00:03:35,990 --> 00:03:33,440

and you know it's

84

00:03:38,229 --> 00:03:36,000

it's two sides of the same coin and i do

85

00:03:41,509 --> 00:03:38,239

believe the tft

86

00:03:43,589 --> 00:03:41,519

tsa was always going to the branch

87

00:03:45,350 --> 00:03:43,599

into those two different areas there was

88

00:03:47,110 --> 00:03:45,360

always going to be kind of a breakaway i

89

00:03:49,670 --> 00:03:47,120

feel in ttsa

90

00:03:51,350 --> 00:03:49,680

and for that to work yeah not look

91

00:03:52,630 --> 00:03:51,360

you're right the way it's gone i don't

92

00:03:57,750 --> 00:03:52,640

think

93

00:03:59,110 --> 00:03:57,760

ideas for ttsa and it came to a point i

94

00:04:01,429 --> 00:03:59,120

think it was mentioned in a few

95

00:04:02,869 --> 00:04:01,439

occasions on various different shows and

96

00:04:04,470 --> 00:04:02,879

podcasts and

97

00:04:06,470 --> 00:04:04,480

and whatnot that

98

00:04:08,869 --> 00:04:06,480

the they had to make a decision as to

99

00:04:10,789 --> 00:04:08,879

what they were going to focus on and tom

100

00:04:13,350 --> 00:04:10,799

there's more than tom and the people we

101

00:04:15,030 --> 00:04:13,360

saw at the face of it involved in ttsa

102

00:04:17,349 --> 00:04:15,040

and at that point they decided to go the

103

00:04:19,430 --> 00:04:17,359

entertainment route i'm sure you have to

104

00:04:21,189 --> 00:04:19,440

say that money is involved at that point

105

00:04:22,710 --> 00:04:21,199

because they are going to be making the

106

00:04:24,710 --> 00:04:22,720

or releasing the movie monsters in

107

00:04:26,830 --> 00:04:24,720

california at some point in the coming

108

00:04:31,590 --> 00:04:26,840

months that's

109

00:04:35,189 --> 00:04:33,270

they've got the books division as well

110

00:04:37,270 --> 00:04:35,199

again those sell really well the secret

111

00:04:39,110 --> 00:04:37,280

machines gods and war

112

00:04:41,430 --> 00:04:39,120

and it's another way of getting the

113

00:04:43,830 --> 00:04:41,440

message out there i think people like

114

00:04:46,550 --> 00:04:43,840

lou and chris melon

115

00:04:48,629 --> 00:04:46,560

and others who left tsa were in there

116

00:04:50,390 --> 00:04:48,639

for a different reason and they saw that

117

00:04:52,310 --> 00:04:50,400

they had you know common goals and

118

00:04:54,629 --> 00:04:52,320

something that they were working towards

119

00:04:56,790 --> 00:04:54,639

like tom delong and it came a natural

120

00:04:58,950 --> 00:04:56,800

point i think of like let's let's move

121

00:05:00,390 --> 00:04:58,960

our separate ways you do what you're

122

00:05:02,230 --> 00:05:00,400

doing and we'll go and do what we are

123

00:05:04,150 --> 00:05:02,240

doing but there's no doubt ttsc

124

00:05:05,430 --> 00:05:04,160

accomplished something quite amazing

125

00:05:07,110 --> 00:05:05,440

because what

126

00:05:09,350 --> 00:05:07,120

louis elizondo chris merlin and guys

127

00:05:11,270 --> 00:05:09,360

like that are carrying on now they got

128

00:05:13,430 --> 00:05:11,280

the platform to launch that

129

00:05:16,230 --> 00:05:13,440

from to the stars academy so it

130

00:05:17,670 --> 00:05:16,240

definitely had its purpose um

131

00:05:20,390 --> 00:05:17,680

i think there's always going to be the

132

00:05:22,950 --> 00:05:20,400

questioning of of lou because

133

00:05:24,629 --> 00:05:22,960

where he's from and and government and a

134

00:05:26,629 --> 00:05:24,639

lot of people always saw the government

135

00:05:28,550 --> 00:05:26,639

and this as the bad guys but like i've

136

00:05:30,310 --> 00:05:28,560

said many times the government's not a

137

00:05:32,550 --> 00:05:30,320

small room of people making decisions

138

00:05:34,310 --> 00:05:32,560

it's thousands of rooms and thousands of

139

00:05:36,310 --> 00:05:34,320

organizations all kind of building up at

140

00:05:38,629 --> 00:05:36,320

different levels and this is just one

141

00:05:41,510 --> 00:05:38,639

small part of it and you've got to kind

142

00:05:43,189 --> 00:05:41,520

of make up your own mind on lou because

143

00:05:45,830 --> 00:05:43,199

people know by this point i met him last

144

00:05:48,390 --> 00:05:45,840

week and either he is totally genuine

145

00:05:49,909 --> 00:05:48,400

like i believe anyway and he is he's

146

00:05:52,629 --> 00:05:49,919

doing good work and he's doing this for

147

00:05:54,310 --> 00:05:52,639

the right reasons or he's he's lied to

148

00:05:57,670 --> 00:05:54,320

everyone and then sat and lied to my

149

00:05:59,909 --> 00:05:57,680

face as well but i i doubt that i i'm

150

00:06:02,390 --> 00:05:59,919

like you i i'm jen i think he's really

151  
00:06:04,070 --> 00:06:02,400  
genuine and he's doing this for for some

152  
00:06:05,990 --> 00:06:04,080  
of the right reasons as well and you

153  
00:06:07,510 --> 00:06:06,000  
just have to kind of put your it's about

154  
00:06:08,870 --> 00:06:07,520  
a faith isn't it you have to kind of put

155  
00:06:11,189 --> 00:06:08,880  
your faith in that he's doing this

156  
00:06:13,270 --> 00:06:11,199  
that's right as he says and and he's

157  
00:06:15,590 --> 00:06:13,280  
kind of foraging forward and

158  
00:06:17,270 --> 00:06:15,600  
it's it's it's made more progress in

159  
00:06:19,749 --> 00:06:17,280  
this subject in the last three or four

160  
00:06:21,670 --> 00:06:19,759  
years than i had for decades beforehand

161  
00:06:23,270 --> 00:06:21,680  
and some people don't seem to like that

162  
00:06:25,510 --> 00:06:23,280  
but it doesn't mean you can't accept

163  
00:06:27,670 --> 00:06:25,520

what happened before was a positive and

164

00:06:29,510 --> 00:06:27,680

we've just taken things forward but

165

00:06:31,350 --> 00:06:29,520

that's that's where i am in the whole

166

00:06:32,790 --> 00:06:31,360

low situation

167

00:06:34,629 --> 00:06:32,800

and the thing with lewis well i feel

168

00:06:37,029 --> 00:06:34,639

that he um

169

00:06:39,189 --> 00:06:37,039

he doesn't make outlandish claims

170

00:06:40,950 --> 00:06:39,199

and he tries not to get involved with

171

00:06:42,469 --> 00:06:40,960

certain researchers where he may

172

00:06:44,309 --> 00:06:42,479

actually believe them

173

00:06:46,150 --> 00:06:44,319

but he doesn't want to get tired by the

174

00:06:47,830 --> 00:06:46,160

media who aren't ready

175

00:06:50,309 --> 00:06:47,840

for maybe

176

00:06:52,390 --> 00:06:50,319

i'd say outlandish aspects of it

177

00:06:53,589 --> 00:06:52,400

he wants to move it forward in a certain

178

00:06:55,909 --> 00:06:53,599

way

179

00:06:59,510 --> 00:06:55,919

with social media and with other

180

00:07:01,990 --> 00:06:59,520

kind of branches of um

181

00:07:03,909 --> 00:07:02,000

social media is there's the media

182

00:07:07,270 --> 00:07:03,919

themselves the press media

183

00:07:09,749 --> 00:07:07,280

and and then there's everybody else who

184

00:07:11,029 --> 00:07:09,759

maybe don't know anything about ufos he

185

00:07:13,589 --> 00:07:11,039

wants to move everything along at the

186

00:07:16,710 --> 00:07:13,599

same time but i feel now he's inching

187

00:07:19,110 --> 00:07:16,720

towards the more what people might say

188

00:07:22,070 --> 00:07:19,120

though the wow factor in it

189

00:07:23,830 --> 00:07:22,080

or the real factor even in that um he's

190

00:07:25,510 --> 00:07:23,840

talked about possible

191

00:07:26,790 --> 00:07:25,520

uh bio

192

00:07:27,909 --> 00:07:26,800

samples

193

00:07:30,150 --> 00:07:27,919

um

194

00:07:32,550 --> 00:07:30,160

from occupants within ufos that's quite

195

00:07:33,830 --> 00:07:32,560

interesting to you that uh in a recent

196

00:07:36,309 --> 00:07:33,840

um

197

00:07:38,230 --> 00:07:36,319

tv interview he's done where he didn't

198

00:07:40,870 --> 00:07:38,240

answer a question

199

00:07:41,990 --> 00:07:40,880

uh until he established that it was his

200

00:07:44,309 --> 00:07:42,000

opinion

201  
00:07:45,990 --> 00:07:44,319  
yeah that they were looking for and i

202  
00:07:49,909 --> 00:07:46,000  
think that's aware to kind of second

203  
00:07:53,110 --> 00:07:49,919  
fantasies and the air where his opinion

204  
00:07:55,510 --> 00:07:53,120  
is might be closer to fact

205  
00:07:57,430 --> 00:07:55,520  
because he can't say it's a fact because

206  
00:08:01,350 --> 00:07:57,440  
then he's working his nda

207  
00:08:02,550 --> 00:08:01,360  
so i think there's a there's a real um

208  
00:08:04,070 --> 00:08:02,560  
there's a real

209  
00:08:05,350 --> 00:08:04,080  
kind of chance for him to move this

210  
00:08:06,869 --> 00:08:05,360  
forward and i think that's what he's

211  
00:08:08,469 --> 00:08:06,879  
doing now into the

212  
00:08:10,710 --> 00:08:08,479  
the next days and who knows where we'll

213  
00:08:13,510 --> 00:08:10,720

be in five ten years from now

214

00:08:15,110 --> 00:08:13,520

if this keeps going at the the

215

00:08:16,629 --> 00:08:15,120

the pace that's going out

216

00:08:18,070 --> 00:08:16,639

absolutely i think if you look back at

217

00:08:19,670 --> 00:08:18,080

those interviews from a couple of years

218

00:08:21,749 --> 00:08:19,680

ago when he first started talking

219

00:08:23,990 --> 00:08:21,759

including on unidentified

220

00:08:25,749 --> 00:08:24,000

you can see he was much more reserved

221

00:08:27,189 --> 00:08:25,759

deliberately in what he would say and

222

00:08:29,510 --> 00:08:27,199

how he would say it and the language

223

00:08:31,589 --> 00:08:29,520

that was used to look at now when he's

224

00:08:32,550 --> 00:08:31,599

just been on dry mungo theories of

225

00:08:34,070 --> 00:08:32,560

everything

226

00:08:35,909 --> 00:08:34,080

and how much he was talking about

227

00:08:38,070 --> 00:08:35,919

talking about you know genetic

228

00:08:40,310 --> 00:08:38,080

modification you know interference with

229

00:08:42,790 --> 00:08:40,320

human civilization we've heard about

230

00:08:44,389 --> 00:08:42,800

archaeological finds potentially you've

231

00:08:46,310 --> 00:08:44,399

heard about all these different things

232

00:08:48,389 --> 00:08:46,320

now and like you see it just it's moving

233

00:08:49,990 --> 00:08:48,399

along at a pace that i don't think you

234

00:08:51,829 --> 00:08:50,000

appreciate until you take a step back

235

00:08:53,829 --> 00:08:51,839

and look at it as a bigger picture but

236

00:08:54,949 --> 00:08:53,839

you also wanted to talk about some um

237

00:08:57,350 --> 00:08:54,959

you've got an interesting classic

238

00:08:59,590 --> 00:08:57,360

abduction cases is that right yes i

239

00:09:01,269 --> 00:08:59,600

think that that is basically the

240

00:09:03,829 --> 00:09:01,279

you know the bread and butter

241

00:09:05,509 --> 00:09:03,839

of everything to do with ufos uh ps

242

00:09:07,590 --> 00:09:05,519

without that you know you don't have a

243

00:09:10,870 --> 00:09:07,600

base for it for me

244

00:09:13,190 --> 00:09:10,880

i think for most people the um badly and

245

00:09:14,790 --> 00:09:13,200

bonnie hill case is astonishing it

246

00:09:16,790 --> 00:09:14,800

really is these are

247

00:09:18,870 --> 00:09:16,800

two people who

248

00:09:19,829 --> 00:09:18,880

because of where they lived and at the

249

00:09:21,829 --> 00:09:19,839

time

250

00:09:24,389 --> 00:09:21,839

and because they were uh

251

00:09:26,150 --> 00:09:24,399

interracial couple um they didn't want

252

00:09:27,910 --> 00:09:26,160

to have any type of

253

00:09:30,230 --> 00:09:27,920

you know people out there in the press

254

00:09:31,430 --> 00:09:30,240

they didn't want to be talked about

255

00:09:33,030 --> 00:09:31,440

um

256

00:09:35,430 --> 00:09:33,040

so you can't say that they were seeking

257

00:09:38,710 --> 00:09:35,440

to get you know attention from this

258

00:09:41,509 --> 00:09:38,720

um and their story has over the

259

00:09:43,110 --> 00:09:41,519

the last few decades as has held up and

260

00:09:45,430 --> 00:09:43,120

it's an astonishing story that's

261

00:09:48,230 --> 00:09:45,440

something that really brought home to me

262

00:09:50,070 --> 00:09:48,240

the whole idea of uaps and ufos and how

263

00:09:51,190 --> 00:09:50,080

real it could be

264

00:09:54,630 --> 00:09:51,200

let me ask you

265

00:09:56,790 --> 00:09:54,640

that interesting why do you think

266

00:09:59,590 --> 00:09:56,800

betty and bernie hill travis walton

267

00:10:01,670 --> 00:09:59,600

another one yes calvin parker

268

00:10:03,750 --> 00:10:01,680

those are a few that we can name why

269

00:10:06,310 --> 00:10:03,760

when these things happened decades ago

270

00:10:08,310 --> 00:10:06,320

do we still talk about them now when we

271

00:10:10,389 --> 00:10:08,320

don't seem to necessarily have a lot of

272

00:10:11,990 --> 00:10:10,399

newer abduction cases like that to talk

273

00:10:14,069 --> 00:10:12,000

about is that just a sign of the times

274

00:10:16,230 --> 00:10:14,079

that we live in

275

00:10:19,269 --> 00:10:16,240

well i think it's to do with the science

276

00:10:21,509 --> 00:10:19,279

of the times that they lived in perhaps

277

00:10:24,069 --> 00:10:21,519

it was in the middle of the cold war

278

00:10:26,870 --> 00:10:24,079

um there was a lot of interest and could

279

00:10:29,829 --> 00:10:26,880

these be soviets

280

00:10:32,230 --> 00:10:29,839

you know military operations perhaps

281

00:10:34,870 --> 00:10:32,240

and plus the culture at the time there

282

00:10:36,630 --> 00:10:34,880

was a lot of interest in media about

283

00:10:37,990 --> 00:10:36,640

ufos you had the statement speed work

284

00:10:40,310 --> 00:10:38,000

for them as well

285

00:10:42,949 --> 00:10:40,320

um encounters of the third kind

286

00:10:43,990 --> 00:10:42,959

um so there's a lot of interest at that

287

00:10:46,630 --> 00:10:44,000

time

288

00:10:50,389 --> 00:10:46,640

um plus it was very

289

00:10:51,350 --> 00:10:50,399

sensational um i think when we get to

290

00:10:53,110 --> 00:10:51,360

today

291

00:10:55,190 --> 00:10:53,120

the reason why we don't hear about

292

00:10:56,790 --> 00:10:55,200

abductions is i think that our

293

00:10:58,470 --> 00:10:56,800

difference moved on

294

00:11:00,790 --> 00:10:58,480

in regards to

295

00:11:02,710 --> 00:11:00,800

both the mainstream media he would have

296

00:11:05,269 --> 00:11:02,720

picked up on the abductions in the past

297

00:11:06,550 --> 00:11:05,279

and made fun of it to be honest

298

00:11:08,389 --> 00:11:06,560

um

299

00:11:10,389 --> 00:11:08,399

but i think the conversations has moved

300

00:11:12,550 --> 00:11:10,399

on today i think there does be

301  
00:11:13,590 --> 00:11:12,560  
abductions today i think there has been

302  
00:11:17,350 --> 00:11:13,600  
stigma

303  
00:11:19,430 --> 00:11:17,360  
attached in the past couple of decades

304  
00:11:20,870 --> 00:11:19,440  
to people like travis walton

305  
00:11:22,790 --> 00:11:20,880  
um

306  
00:11:24,550 --> 00:11:22,800  
you know everybody and bonnie hill

307  
00:11:26,550 --> 00:11:24,560  
i think people have been

308  
00:11:29,430 --> 00:11:26,560  
not wanting to come forward

309  
00:11:30,550 --> 00:11:29,440  
um you know people get

310  
00:11:32,710 --> 00:11:30,560  
you know they got

311  
00:11:33,829 --> 00:11:32,720  
thrown through the mail on us on it um

312  
00:11:34,630 --> 00:11:33,839  
it's something that people don't want to

313  
00:11:37,030 --> 00:11:34,640

do

314

00:11:38,790 --> 00:11:37,040

i think now i think you'll see maybe in

315

00:11:40,790 --> 00:11:38,800

the coming years

316

00:11:42,389 --> 00:11:40,800

you'll see more people coming forward

317

00:11:45,829 --> 00:11:42,399

talking about abductions because the

318

00:11:47,910 --> 00:11:45,839

stigma i think is slowly going away

319

00:11:49,670 --> 00:11:47,920

i think people like travis walton was

320

00:11:52,069 --> 00:11:49,680

very brave in coming out

321

00:11:53,269 --> 00:11:52,079

on a stockton story 100 percent since

322

00:11:56,230 --> 00:11:53,279

day one

323

00:11:58,550 --> 00:11:56,240

he stuck a lot of grief um i can't see

324

00:11:59,990 --> 00:11:58,560

how anybody would want to do this

325

00:12:01,990 --> 00:12:00,000

for fame

326

00:12:04,470 --> 00:12:02,000

um or money

327

00:12:06,790 --> 00:12:04,480

because i think in the long run um it

328

00:12:07,829 --> 00:12:06,800

doesn't work like that um i think the us

329

00:12:09,190 --> 00:12:07,839

government as well as well as

330

00:12:10,949 --> 00:12:09,200

governments across the world we all

331

00:12:11,750 --> 00:12:10,959

stuck with the us government because

332

00:12:13,350 --> 00:12:11,760

they're the government with the

333

00:12:15,990 --> 00:12:13,360

resources

334

00:12:17,750 --> 00:12:16,000

and to investigate this um

335

00:12:19,430 --> 00:12:17,760

but i think governments around the world

336

00:12:20,629 --> 00:12:19,440

are trying to bury this

337

00:12:23,110 --> 00:12:20,639

um

338

00:12:25,670 --> 00:12:23,120

and put people down for it

339

00:12:26,790 --> 00:12:25,680

so i think today we're focusing more on

340

00:12:28,230 --> 00:12:26,800

nuclear

341

00:12:30,150 --> 00:12:28,240

um sites

342

00:12:32,310 --> 00:12:30,160

both civilian and

343

00:12:34,550 --> 00:12:32,320

military and just a very you know

344

00:12:35,829 --> 00:12:34,560

fighters very interesting to see that uh

345

00:12:38,870 --> 00:12:35,839

senator

346

00:12:40,870 --> 00:12:38,880

and kirsten gillibrand has

347

00:12:42,389 --> 00:12:40,880

put forward our

348

00:12:44,550 --> 00:12:42,399

um

349

00:12:47,350 --> 00:12:44,560

amendment for inclusion in the 2022

350

00:12:49,430 --> 00:12:47,360

national defense authorization act

351

00:12:51,509 --> 00:12:49,440

uh it's early days on that you know i'd

352

00:12:54,069 --> 00:12:51,519

love to read more into that but uh

353

00:12:56,230 --> 00:12:54,079

basically you know sees someone who's

354

00:12:58,389 --> 00:12:56,240

actually um

355

00:13:00,949 --> 00:12:58,399

you know see set on the

356

00:13:04,710 --> 00:13:00,959

um

357

00:13:06,069 --> 00:13:04,720

phenomenon advisory committee well

358

00:13:06,949 --> 00:13:06,079

actually that's actually what she's

359

00:13:09,750 --> 00:13:06,959

actually

360

00:13:12,389 --> 00:13:09,760

proposing that that has set up yeah um

361

00:13:13,350 --> 00:13:12,399

you see it's been briefed her and

362

00:13:16,870 --> 00:13:13,360

um

363

00:13:18,470 --> 00:13:16,880

looking this amendment happened briefly

364

00:13:20,389 --> 00:13:18,480

on the subject

365

00:13:22,069 --> 00:13:20,399

and she ceasing classified data and

366

00:13:24,069 --> 00:13:22,079

classified images

367

00:13:25,750 --> 00:13:24,079

so this isn't just a senator who just

368

00:13:28,069 --> 00:13:25,760

has happens to have an interest in you

369

00:13:30,150 --> 00:13:28,079

and ufos and put in this forward she's

370

00:13:31,350 --> 00:13:30,160

actually seeing data and classified

371

00:13:33,350 --> 00:13:31,360

information

372

00:13:34,710 --> 00:13:33,360

and on the back of this she's looking

373

00:13:36,230 --> 00:13:34,720

for this to

374

00:13:38,470 --> 00:13:36,240

be moved forward

375

00:13:40,550 --> 00:13:38,480

uh which is quite interesting again this

376

00:13:42,310 --> 00:13:40,560

is another aspect of maybe what lou

377

00:13:44,150 --> 00:13:42,320

erasondo and chris mellon are doing

378

00:13:46,710 --> 00:13:44,160

behind the scenes that we don't hear

379

00:13:48,550 --> 00:13:46,720

about and often that's probably more

380

00:13:49,990 --> 00:13:48,560

important than what we are actually

381

00:13:51,910 --> 00:13:50,000

hearing about

382

00:13:53,670 --> 00:13:51,920

and so that's why i think in fact 10

383

00:13:55,670 --> 00:13:53,680

years time i think we'll be much much

384

00:13:57,189 --> 00:13:55,680

further down the line there are secrets

385

00:13:59,269 --> 00:13:57,199

that the u.s government and governments

386

00:14:00,829 --> 00:13:59,279

around the world are holding on this it

387

00:14:04,550 --> 00:14:00,839

doesn't mean that they know what's going

388

00:14:06,069 --> 00:14:04,560

on but for their own reasons and to be

389

00:14:07,990 --> 00:14:06,079

honest if i was

390

00:14:09,990 --> 00:14:08,000

you know part of the us government or

391

00:14:11,430 --> 00:14:10,000

kind of had the information on this

392

00:14:12,710 --> 00:14:11,440

he knows i might even choose to go down

393

00:14:14,069 --> 00:14:12,720

the same route

394

00:14:16,310 --> 00:14:14,079

and because we don't know the full

395

00:14:18,790 --> 00:14:16,320

details and i think it's very telling

396

00:14:20,949 --> 00:14:18,800

that um when lou elisondo and there's

397

00:14:23,110 --> 00:14:20,959

lots been talked about his somber

398

00:14:24,790 --> 00:14:23,120

comment and what all this is

399

00:14:26,230 --> 00:14:24,800

i think the real truth behind it could

400

00:14:28,629 --> 00:14:26,240

be a whole lot more

401  
00:14:29,990 --> 00:14:28,639  
disturbing and a whole lot different

402  
00:14:31,509 --> 00:14:30,000  
than what we could even imagine right

403  
00:14:33,030 --> 00:14:31,519  
now which is why

404  
00:14:35,670 --> 00:14:33,040  
louis alexander is trying to move this

405  
00:14:37,590 --> 00:14:35,680  
forward step by step because

406  
00:14:39,590 --> 00:14:37,600  
if you told someone two or three hundred

407  
00:14:41,350 --> 00:14:39,600  
years ago that you would you know if you

408  
00:14:42,710 --> 00:14:41,360  
should have done one left every 18

409  
00:14:44,389 --> 00:14:42,720  
fighter jet

410  
00:14:46,470 --> 00:14:44,399  
it would blow their minds

411  
00:14:48,150 --> 00:14:46,480  
you know um

412  
00:14:50,310 --> 00:14:48,160  
you know like in the bible you know you

413  
00:14:51,750 --> 00:14:50,320

you would you would um read about you

414

00:14:53,590 --> 00:14:51,760

know people being taken up to heaven and

415

00:14:55,750 --> 00:14:53,600

chariots of fire yeah but that's the

416

00:14:58,870 --> 00:14:55,760

language they used in that time that

417

00:15:01,350 --> 00:14:58,880

nothing else to compare it to other than

418

00:15:02,870 --> 00:15:01,360

a chariot you know with a horse

419

00:15:05,030 --> 00:15:02,880

so if they've seen and

420

00:15:06,470 --> 00:15:05,040

seen something like an f-18 better jet

421

00:15:08,710 --> 00:15:06,480

in the sky is two and a half thousand

422

00:15:10,629 --> 00:15:08,720

years ago that's the language they use

423

00:15:13,509 --> 00:15:10,639

just like the language we use today to

424

00:15:15,590 --> 00:15:13,519

describe the ufo uap

425

00:15:17,350 --> 00:15:15,600

as a vehicle a trans medium vehicle

426

00:15:19,269 --> 00:15:17,360

that's moving through water on our

427

00:15:21,269 --> 00:15:19,279

that's the language we have today but he

428

00:15:23,829 --> 00:15:21,279

knows maybe it's something completely

429

00:15:25,590 --> 00:15:23,839

different that we do not have any

430

00:15:28,150 --> 00:15:25,600

language for right now

431

00:15:30,230 --> 00:15:28,160

it's you know it's very exciting and

432

00:15:32,550 --> 00:15:30,240

interesting times and

433

00:15:34,069 --> 00:15:32,560

i think i'd like to think five years ten

434

00:15:35,990 --> 00:15:34,079

years down the line from now on we'll

435

00:15:37,670 --> 00:15:36,000

all be more enlightened

436

00:15:40,949 --> 00:15:37,680

and at the very least the mainstream

437

00:15:42,710 --> 00:15:40,959

media will not be making a laugh on a

438

00:15:45,189 --> 00:15:42,720

laugh and a joke with the people that

439

00:15:47,030 --> 00:15:45,199

have been affected by it

440

00:15:48,790 --> 00:15:47,040

absolutely jonathan listen great call

441

00:15:50,230 --> 00:15:48,800

great points and i'm with you on that

442

00:15:52,069 --> 00:15:50,240

five years time where are we going to be

443

00:15:53,670 --> 00:15:52,079

in this so we'll wrap up there and we'll

444

00:15:55,269 --> 00:15:53,680

move on to the next call but uh good to

445

00:15:56,629 --> 00:15:55,279

hear from you and thank you

446

00:15:58,150 --> 00:15:56,639

okay

447

00:16:00,069 --> 00:15:58,160

william thank you

448

00:16:01,910 --> 00:16:00,079

we are going to move over from northern

449

00:16:03,590 --> 00:16:01,920

ireland all the way to idaho in the

450

00:16:05,829 --> 00:16:03,600

united states and we've got sloane

451

00:16:07,910 --> 00:16:05,839

joining us sloan how we doing today

452

00:16:09,910 --> 00:16:07,920

i'm doing well how about yourself andy i

453

00:16:11,189 --> 00:16:09,920

am good thanks very much for calling in

454

00:16:12,949 --> 00:16:11,199

listen the floor is yours what do you

455

00:16:17,110 --> 00:16:12,959

want to talk about

456

00:16:20,230 --> 00:16:17,120

recent sighting that i had and i thought

457

00:16:21,670 --> 00:16:20,240

i'd be crazy uh but my wife and my 10

458

00:16:24,230 --> 00:16:21,680

year old son actually saw it as well

459

00:16:25,030 --> 00:16:24,240

which is kind of interesting so

460

00:16:26,230 --> 00:16:25,040

um

461

00:16:28,310 --> 00:16:26,240

we were

462

00:16:30,949 --> 00:16:28,320

actually traveling back north from salt

463

00:16:32,949 --> 00:16:30,959

lake city utah up to pocatello idaho and

464

00:16:34,870 --> 00:16:32,959

uh as we were traveling up there we got

465

00:16:37,110 --> 00:16:34,880

north of salt lake and south of hill air

466

00:16:39,670 --> 00:16:37,120

force base and there's a whole mountain

467

00:16:41,590 --> 00:16:39,680

range along the highway that you're

468

00:16:43,910 --> 00:16:41,600

driving by and on the mountain range

469

00:16:45,269 --> 00:16:43,920

there's this little like white dome at

470

00:16:46,629 --> 00:16:45,279

the top and i thought it was an

471

00:16:48,949 --> 00:16:46,639

observatory and i was like who would put

472

00:16:51,430 --> 00:16:48,959

an observatory out the middle of nowhere

473

00:16:53,189 --> 00:16:51,440

um and like there was no roads leading

474

00:16:55,829 --> 00:16:53,199

up to it or anything like that

475

00:16:57,110 --> 00:16:55,839

and so um while i was looking at at the

476  
00:16:59,030 --> 00:16:57,120  
time we didn't know what that was i just

477  
00:17:01,269 --> 00:16:59,040  
assumed it was an observatory but while

478  
00:17:03,030 --> 00:17:01,279  
i was looking at it i saw like a white

479  
00:17:05,510 --> 00:17:03,040  
disc shaped object

480  
00:17:06,789 --> 00:17:05,520  
south of where that was

481  
00:17:08,710 --> 00:17:06,799  
and uh

482  
00:17:11,350 --> 00:17:08,720  
i just jokingly because my wife knows

483  
00:17:12,789 --> 00:17:11,360  
that i'm actually like into the ufo

484  
00:17:15,029 --> 00:17:12,799  
things that i've been listening to ufo

485  
00:17:16,069 --> 00:17:15,039  
that ufo podcast and everything and i

486  
00:17:17,429 --> 00:17:16,079  
was like wouldn't that be funny if that

487  
00:17:19,189 --> 00:17:17,439  
was a ufo

488  
00:17:21,350 --> 00:17:19,199

and as i said that it went from like

489

00:17:22,390 --> 00:17:21,360

bright and started dimming

490

00:17:24,230 --> 00:17:22,400

and then

491

00:17:25,429 --> 00:17:24,240

it went really bright again like really

492

00:17:27,350 --> 00:17:25,439

quickly

493

00:17:29,669 --> 00:17:27,360

and i was like oh my gosh that might

494

00:17:30,789 --> 00:17:29,679

actually be a ufo um

495

00:17:32,870 --> 00:17:30,799

and she was like what are you talking

496

00:17:34,150 --> 00:17:32,880

about and so i described to her where

497

00:17:36,549 --> 00:17:34,160

she could see it because there was like

498

00:17:38,310 --> 00:17:36,559

mostly like dirt but there were some

499

00:17:40,390 --> 00:17:38,320

rock formations and it was just kind of

500

00:17:42,470 --> 00:17:40,400

above the rock formations

501  
00:17:44,310 --> 00:17:42,480  
and then she saw it she was like oh my

502  
00:17:45,990 --> 00:17:44,320  
gosh i see it i was like yeah and then

503  
00:17:47,430 --> 00:17:46,000  
she saw it actually dim and she's like

504  
00:17:49,270 --> 00:17:47,440  
it's dimming and i was like yep and then

505  
00:17:50,789 --> 00:17:49,280  
she's like and then it flashed back and

506  
00:17:52,950 --> 00:17:50,799  
she was driving so i couldn't she

507  
00:17:53,909 --> 00:17:52,960  
couldn't like watch it the whole time

508  
00:17:56,230 --> 00:17:53,919  
um

509  
00:17:58,230 --> 00:17:56,240  
and then the really cool thing happened

510  
00:18:00,470 --> 00:17:58,240  
when she looked back at the road

511  
00:18:02,150 --> 00:18:00,480  
i saw it go from like

512  
00:18:04,549 --> 00:18:02,160  
kind of like the the whole star trek

513  
00:18:07,350 --> 00:18:04,559

movies when they go into like warp speed

514

00:18:09,590 --> 00:18:07,360

it um stretched into a long like from a

515

00:18:10,390 --> 00:18:09,600

little disc shape to a long line and

516

00:18:12,390 --> 00:18:10,400

then

517

00:18:14,789 --> 00:18:12,400

like that just disappeared

518

00:18:17,029 --> 00:18:14,799

um and it was going south so opposite of

519

00:18:19,669 --> 00:18:17,039

where the the radar what i found out

520

00:18:21,909 --> 00:18:19,679

later was a radar station was

521

00:18:23,830 --> 00:18:21,919

um and then

522

00:18:25,830 --> 00:18:23,840

like in two or three seconds all of a

523

00:18:27,430 --> 00:18:25,840

sudden it did the same like opposite so

524

00:18:29,270 --> 00:18:27,440

a line came and then all sudden it was

525

00:18:31,350 --> 00:18:29,280

back and it was a disc shape again just

526

00:18:32,950 --> 00:18:31,360

a tiny little like disc shape

527

00:18:34,470 --> 00:18:32,960

and i was like holy crap i just zipped

528

00:18:35,669 --> 00:18:34,480

away and zipped back

529

00:18:37,430 --> 00:18:35,679

and um

530

00:18:38,870 --> 00:18:37,440

while i was saying that my my 10 year

531

00:18:41,029 --> 00:18:38,880

old was like where is it where is it so

532

00:18:42,630 --> 00:18:41,039

i described to him and at this point

533

00:18:45,110 --> 00:18:42,640

after it zipped back it started like

534

00:18:47,029 --> 00:18:45,120

flying around the the

535

00:18:48,870 --> 00:18:47,039

what we thought was an observatory like

536

00:18:50,870 --> 00:18:48,880

in circles around it

537

00:18:52,470 --> 00:18:50,880

and he's like oh is it flying around and

538

00:18:53,830 --> 00:18:52,480

i was like yeah that's what it is it's

539

00:18:55,110 --> 00:18:53,840

the thing's flying around he's like oh i

540

00:18:56,789 --> 00:18:55,120

see it i see it

541

00:18:59,190 --> 00:18:56,799

and then the very last thing i saw

542

00:19:01,590 --> 00:18:59,200

before it like disappeared completely

543

00:19:02,630 --> 00:19:01,600

was it went from like a horizontal

544

00:19:05,510 --> 00:19:02,640

position

545

00:19:07,990 --> 00:19:05,520

it flipped to vertical and then again

546

00:19:09,990 --> 00:19:08,000

just disappeared like that

547

00:19:11,990 --> 00:19:10,000

i found out later that's actually called

548

00:19:14,310 --> 00:19:12,000

francis peak it's south of hill air

549

00:19:16,310 --> 00:19:14,320

force base and it's one of the us's

550

00:19:19,190 --> 00:19:16,320

strategic radar

551

00:19:21,909 --> 00:19:19,200

um stations that actually has a radar

552

00:19:23,190 --> 00:19:21,919

radius of like 500 miles and 500 miles

553

00:19:25,110 --> 00:19:23,200

in any direction

554

00:19:27,669 --> 00:19:25,120

and basically sends out magnetic waves

555

00:19:28,789 --> 00:19:27,679

to do radar and stuff and it's like um

556

00:19:31,430 --> 00:19:28,799

anyway

557

00:19:33,029 --> 00:19:31,440

uh i didn't know who to tell and i i

558

00:19:35,110 --> 00:19:33,039

thought i'd be crazy but the fact my

559

00:19:38,150 --> 00:19:35,120

wife and ten-year-old saw it i was like

560

00:19:39,669 --> 00:19:38,160

well that's that's crazy like i and my

561

00:19:41,110 --> 00:19:39,679

wife was like don't tell anybody at work

562

00:19:43,110 --> 00:19:41,120

because they're gonna think you're nuts

563

00:19:44,549 --> 00:19:43,120

um and so

564

00:19:46,150 --> 00:19:44,559

i i haven't really been able to tell

565

00:19:48,230 --> 00:19:46,160

anybody but i thought it was really

566

00:19:49,909 --> 00:19:48,240

interesting uh and something i've never

567

00:19:51,750 --> 00:19:49,919

seen in my life so

568

00:19:53,669 --> 00:19:51,760

no yeah thanks for sharing that is there

569

00:19:55,510 --> 00:19:53,679

anything in the area that any rumors

570

00:19:56,789 --> 00:19:55,520

anything nuclear or anything like that

571

00:19:58,230 --> 00:19:56,799

or is it just the radar that you're

572

00:19:59,350 --> 00:19:58,240

aware of

573

00:20:00,470 --> 00:19:59,360

well

574

00:20:02,390 --> 00:20:00,480

like i said i thought it was an

575

00:20:04,310 --> 00:20:02,400

observatory my wife ended up looking it

576

00:20:06,710 --> 00:20:04,320

up after we got home and found out it

577

00:20:09,750 --> 00:20:06,720

was a radar station but it is south of

578

00:20:12,149 --> 00:20:09,760

hill air force base and i know they have

579

00:20:13,750 --> 00:20:12,159

like the what is it the proving grounds

580

00:20:16,630 --> 00:20:13,760

in southern utah

581

00:20:18,470 --> 00:20:16,640

and it's actually just due west of

582

00:20:20,230 --> 00:20:18,480

skinwalker ranch interesting

583

00:20:23,029 --> 00:20:20,240

i was going to ask you how far away from

584

00:20:25,909 --> 00:20:23,039

there yeah about 40 miles west i think

585

00:20:27,510 --> 00:20:25,919

of due west of of skinwalker actually

586

00:20:29,430 --> 00:20:27,520

interestingly enough

587

00:20:30,950 --> 00:20:29,440

and did your wife and obviously get

588

00:20:32,950 --> 00:20:30,960

there if you're a 10 year old as well

589

00:20:35,510 --> 00:20:32,960

did they when they saw it were they

590

00:20:37,590 --> 00:20:35,520

observing the same thing

591

00:20:40,310 --> 00:20:37,600

yeah so it was all you could see was

592

00:20:42,230 --> 00:20:40,320

this little disc shape and it was i mean

593

00:20:43,669 --> 00:20:42,240

it looked white but it was

594

00:20:45,510 --> 00:20:43,679

it could have been like silver

595

00:20:47,669 --> 00:20:45,520

reflecting the sunlight it was like 4 30

596

00:20:49,830 --> 00:20:47,679

in the afternoon uh it wasn't getting

597

00:20:51,669 --> 00:20:49,840

that dark yet because because it wasn't

598

00:20:52,870 --> 00:20:51,679

like it was like a month goes like early

599

00:20:55,350 --> 00:20:52,880

september

600

00:20:56,149 --> 00:20:55,360

and um so it was the the sun hadn't set

601  
00:20:57,110 --> 00:20:56,159  
yet

602  
00:20:58,549 --> 00:20:57,120  
um

603  
00:21:00,390 --> 00:20:58,559  
like i said my son was the one who

604  
00:21:02,470 --> 00:21:00,400  
described it that it was going around

605  
00:21:03,830 --> 00:21:02,480  
the radar dish or what we thought was

606  
00:21:05,909 --> 00:21:03,840  
the observatory's like oh it's flying

607  
00:21:06,710 --> 00:21:05,919  
around the observatory and i was like

608  
00:21:07,510 --> 00:21:06,720  
yeah

609  
00:21:09,510 --> 00:21:07,520  
um

610  
00:21:12,390 --> 00:21:09,520  
so we all saw the same thing my wife did

611  
00:21:14,549 --> 00:21:12,400  
see it brighten and then dim

612  
00:21:15,750 --> 00:21:14,559  
right so it was like got really bright

613  
00:21:17,750 --> 00:21:15,760

and then it would start to dim and it

614

00:21:18,870 --> 00:21:17,760

would flash really bright again

615

00:21:20,070 --> 00:21:18,880

um

616

00:21:21,669 --> 00:21:20,080

but yeah

617

00:21:23,270 --> 00:21:21,679

the only thing that i saw that they

618

00:21:25,909 --> 00:21:23,280

didn't was it zipping away and then

619

00:21:27,590 --> 00:21:25,919

zipping back but i wasn't driving i was

620

00:21:29,669 --> 00:21:27,600

in the passenger seat and i was keeping

621

00:21:30,710 --> 00:21:29,679

an eye out the whole time but the only

622

00:21:31,909 --> 00:21:30,720

reason we were looking up there is

623

00:21:34,149 --> 00:21:31,919

because of that whole

624

00:21:35,430 --> 00:21:34,159

like radar tower it's just so out of

625

00:21:36,390 --> 00:21:35,440

place as you're driving along the

626  
00:21:38,390 --> 00:21:36,400  
freeway

627  
00:21:41,270 --> 00:21:38,400  
and was there no inclination to grab

628  
00:21:43,510 --> 00:21:41,280  
your camera phone or a camera and i i

629  
00:21:44,870 --> 00:21:43,520  
did i tried but i didn't capture

630  
00:21:46,789 --> 00:21:44,880  
anything but it's kind of like you know

631  
00:21:48,230 --> 00:21:46,799  
when you take a picture of the moon

632  
00:21:50,149 --> 00:21:48,240  
um

633  
00:21:51,590 --> 00:21:50,159  
you know it looks amazing when you see

634  
00:21:53,270 --> 00:21:51,600  
it in real life

635  
00:21:55,110 --> 00:21:53,280  
absolutely it's not that bad

636  
00:21:56,710 --> 00:21:55,120  
so you could see this tiny little dot

637  
00:21:58,470 --> 00:21:56,720  
but then when i looked at the pictures

638  
00:22:01,270 --> 00:21:58,480

that i took there was no

639

00:22:03,350 --> 00:22:01,280

dot like um

640

00:22:06,390 --> 00:22:03,360

on the compared to the radar tire you

641

00:22:08,070 --> 00:22:06,400

barely even see the the radar the the

642

00:22:09,909 --> 00:22:08,080

observatory looking thing you can barely

643

00:22:11,830 --> 00:22:09,919

even see it but in real life

644

00:22:13,990 --> 00:22:11,840

i could see it really well so it's like

645

00:22:16,310 --> 00:22:14,000

it wasn't as

646

00:22:17,669 --> 00:22:16,320

yeah i i tried that there was nothing

647

00:22:19,270 --> 00:22:17,679

slow and i can appreciate that anyway

648

00:22:21,110 --> 00:22:19,280

because like i say when i when i saw the

649

00:22:21,909 --> 00:22:21,120

triangle object like a couple of years

650

00:22:23,510 --> 00:22:21,919

ago

651  
00:22:25,430 --> 00:22:23,520  
i was driving and it was just me in the

652  
00:22:27,270 --> 00:22:25,440  
car so i couldn't necessarily just grab

653  
00:22:29,029 --> 00:22:27,280  
my phone and film

654  
00:22:30,470 --> 00:22:29,039  
even if i did though you wouldn't have

655  
00:22:32,470 --> 00:22:30,480  
seen anything because it was such a

656  
00:22:33,909 --> 00:22:32,480  
black sky i don't think you would even

657  
00:22:36,149 --> 00:22:33,919  
have picked up the two points of light

658  
00:22:37,669 --> 00:22:36,159  
because with my eye it was really clear

659  
00:22:39,029 --> 00:22:37,679  
and like you say when you see the moon

660  
00:22:40,710 --> 00:22:39,039  
and you think oh wow that would look

661  
00:22:42,470 --> 00:22:40,720  
great on a picture and you take a

662  
00:22:43,669 --> 00:22:42,480  
picture and it's this blurry white

663  
00:22:45,990 --> 00:22:43,679

little circle

664

00:22:48,070 --> 00:22:46,000

ah that's even when you zoom it's not

665

00:22:51,510 --> 00:22:48,080

the same and so yeah i can totally

666

00:22:53,029 --> 00:22:51,520

appreciate that um

667

00:22:55,110 --> 00:22:53,039

like do you get a feeling and like i

668

00:22:56,549 --> 00:22:55,120

have sometimes with these things of if

669

00:22:57,750 --> 00:22:56,559

it was something else is it something

670

00:22:59,510 --> 00:22:57,760

that we're messing about with

671

00:23:01,990 --> 00:22:59,520

technologically or

672

00:23:04,070 --> 00:23:02,000

well so that's the thing is i don't know

673

00:23:05,669 --> 00:23:04,080

what it was like whether it was you know

674

00:23:07,510 --> 00:23:05,679

something out of this world or you know

675

00:23:08,870 --> 00:23:07,520

it was just south of an air force base

676  
00:23:10,630 --> 00:23:08,880  
maybe it was some sort of testing they

677  
00:23:12,390 --> 00:23:10,640  
were doing to see what the radar could

678  
00:23:13,750 --> 00:23:12,400  
pick up or something like that

679  
00:23:15,909 --> 00:23:13,760  
um

680  
00:23:17,909 --> 00:23:15,919  
that that could definitely be the case

681  
00:23:19,750 --> 00:23:17,919  
especially since the hill air so it was

682  
00:23:22,149 --> 00:23:19,760  
north of salt lake and south of hill air

683  
00:23:24,710 --> 00:23:22,159  
force base is where it is it's like a 20

684  
00:23:28,070 --> 00:23:24,720  
or 30 mile stretch and we were sought

685  
00:23:29,750 --> 00:23:28,080  
for maybe five miles going about 60 70

686  
00:23:31,750 --> 00:23:29,760  
miles an hour something like that so

687  
00:23:33,430 --> 00:23:31,760  
about five minutes you know somewhere in

688  
00:23:34,230 --> 00:23:33,440

there um

689

00:23:35,990 --> 00:23:34,240

but

690

00:23:38,070 --> 00:23:36,000

maybe they they could be testing

691

00:23:40,310 --> 00:23:38,080

something maybe it was testing what the

692

00:23:41,430 --> 00:23:40,320

radar could see yeah my wife was

693

00:23:42,789 --> 00:23:41,440

intrigued because she was like well if

694

00:23:44,390 --> 00:23:42,799

we find out what that is maybe that will

695

00:23:45,269 --> 00:23:44,400

describe kind of what we were seeing

696

00:23:46,710 --> 00:23:45,279

because she was trying to be very

697

00:23:49,029 --> 00:23:46,720

logical about it because

698

00:23:51,830 --> 00:23:49,039

uh again she indulges me

699

00:23:55,110 --> 00:23:51,840

like you know going into this but not

700

00:23:56,470 --> 00:23:55,120

very much uh right and so um she's like

701  
00:23:58,630 --> 00:23:56,480  
maybe this will actually answer the

702  
00:24:00,950 --> 00:23:58,640  
questions for us but then she found out

703  
00:24:01,909 --> 00:24:00,960  
that it sends magnetic pulses and she's

704  
00:24:03,669 --> 00:24:01,919  
like do you think that maybe the

705  
00:24:05,430 --> 00:24:03,679  
magnetic pulses were causing it to

706  
00:24:07,750 --> 00:24:05,440  
brighten as soon as it sent it out and

707  
00:24:09,430 --> 00:24:07,760  
then slowly dim afterwards i was like

708  
00:24:10,630 --> 00:24:09,440  
maybe i have no idea

709  
00:24:12,870 --> 00:24:10,640  
um

710  
00:24:14,070 --> 00:24:12,880  
but but yeah there it's south of hill

711  
00:24:16,310 --> 00:24:14,080  
air force base so there's an air force

712  
00:24:18,630 --> 00:24:16,320  
base right there it's

713  
00:24:21,669 --> 00:24:18,640

in close proximity relatively to

714

00:24:23,350 --> 00:24:21,679

skinwalker ranch it's close to the

715

00:24:25,669 --> 00:24:23,360

dungway proving grounds is that what it

716

00:24:26,789 --> 00:24:25,679

is down in southern ut yeah yeah i know

717

00:24:28,950 --> 00:24:26,799

you mean yet

718

00:24:31,510 --> 00:24:28,960

yeah so i mean it could be something

719

00:24:33,430 --> 00:24:31,520

they were testing out but but again i

720

00:24:35,269 --> 00:24:33,440

it was more just like i said it as a

721

00:24:36,950 --> 00:24:35,279

joke and then all of a sudden it was

722

00:24:39,029 --> 00:24:36,960

like it kind of set in and we were both

723

00:24:40,710 --> 00:24:39,039

just kind of like what what was that for

724

00:24:42,149 --> 00:24:40,720

the next like half hour or 45 minutes

725

00:24:44,310 --> 00:24:42,159

and i was like am i crazy she's like no

726

00:24:46,789 --> 00:24:44,320

i saw it too and my 10 year old was like

727

00:24:48,789 --> 00:24:46,799

i saw it too right so he was he was

728

00:24:51,190 --> 00:24:48,799

excited because he'll sometimes stay up

729

00:24:53,830 --> 00:24:51,200

and watch you know those things with me

730

00:24:56,310 --> 00:24:53,840

and and listen to podcasts and stuff so

731

00:24:57,990 --> 00:24:56,320

but but yeah i have no idea

732

00:24:59,350 --> 00:24:58,000

but hopefully at least maybe not your

733

00:25:01,269 --> 00:24:59,360

wife but your kid gets more of an

734

00:25:02,789 --> 00:25:01,279

interest in the subject after that and

735

00:25:04,630 --> 00:25:02,799

kind of carries it on forward that would

736

00:25:05,909 --> 00:25:04,640

be pretty cool i would love to hear from

737

00:25:08,390 --> 00:25:05,919

any other listeners who may be in the

738

00:25:10,230 --> 00:25:08,400

same area around the same sort of base

739

00:25:11,350 --> 00:25:10,240

have maybe seen something similar or

740

00:25:12,549 --> 00:25:11,360

something if it's been completely

741

00:25:14,549 --> 00:25:12,559

different but that would be really cool

742

00:25:15,510 --> 00:25:14,559

to hear as well sloan we'll have to go

743

00:25:17,190 --> 00:25:15,520

from there just because we're running

744

00:25:18,549 --> 00:25:17,200

out of time but awesome speaking with

745

00:25:19,830 --> 00:25:18,559

you thanks for staying up so late to

746

00:25:21,269 --> 00:25:19,840

call in as well

747

00:25:23,029 --> 00:25:21,279

no worries thank you so much andy for

748

00:25:24,230 --> 00:25:23,039

all you do keep it up man thank you and

749

00:25:25,350 --> 00:25:24,240

make sure you call on again next time

750

00:25:26,870 --> 00:25:25,360

okay man

751  
00:25:29,350 --> 00:25:26,880

yes sir

752  
00:25:31,669 --> 00:25:29,360

we are moving over from idaho to north

753  
00:25:32,870 --> 00:25:31,679

carolina and we've got dustin dustin how

754  
00:25:34,789 --> 00:25:32,880

are we today

755  
00:25:36,390 --> 00:25:34,799

we're good thank you awesome good to

756  
00:25:38,710 --> 00:25:36,400

have you on dustin we've got dan joining

757  
00:25:40,789 --> 00:25:38,720

us now for those who are tuning in

758  
00:25:42,230 --> 00:25:40,799

to part two of the listener calling dan

759  
00:25:44,230 --> 00:25:42,240

wasn't around for the early ones but

760  
00:25:45,350 --> 00:25:44,240

here we are it's the evening and hands

761  
00:25:47,269 --> 00:25:45,360

out his bed

762  
00:25:48,789 --> 00:25:47,279

yeah i jump in and out the morning ones

763  
00:25:50,710 --> 00:25:48,799

i'm not present for but the evening ones

764

00:25:52,310 --> 00:25:50,720

i'm wide-eyed absolutely just to ruin

765

00:25:54,789 --> 00:25:52,320

the continuity of people who think this

766

00:25:56,630 --> 00:25:54,799

is a straight across the board calling

767

00:25:58,070 --> 00:25:56,640

but dustin this is all about you the

768

00:25:59,190 --> 00:25:58,080

floor is yours what you want to talk

769

00:26:01,750 --> 00:25:59,200

about

770

00:26:02,789 --> 00:26:01,760

okay thank you um i wanted to speak um

771

00:26:04,789 --> 00:26:02,799

because

772

00:26:06,950 --> 00:26:04,799

like my wife and a lot of my family they

773

00:26:09,269 --> 00:26:06,960

do not have an interest in the uap

774

00:26:11,590 --> 00:26:09,279

phenomenon or the related you know and i

775

00:26:13,110 --> 00:26:11,600

share information and you know facts and

776  
00:26:15,909 --> 00:26:13,120  
kind of go over things from time to time

777  
00:26:16,870 --> 00:26:15,919  
but it's just kind of met with a uh awe

778  
00:26:18,950 --> 00:26:16,880  
struck

779  
00:26:19,909 --> 00:26:18,960  
who cares it's not impacting my daily

780  
00:26:20,789 --> 00:26:19,919  
life

781  
00:26:23,830 --> 00:26:20,799  
and

782  
00:26:25,350 --> 00:26:23,840  
um another thing is like my children

783  
00:26:26,710 --> 00:26:25,360  
we've been able fortunate to send them

784  
00:26:27,990 --> 00:26:26,720  
to a private school

785  
00:26:29,990 --> 00:26:28,000  
and it's you know it's a christian

786  
00:26:32,390 --> 00:26:30,000  
school and i just

787  
00:26:33,750 --> 00:26:32,400  
i have sort of a conflict on how do you

788  
00:26:36,070 --> 00:26:33,760

talk to your children about this because

789

00:26:38,789 --> 00:26:36,080

they love sci-fi movies and and you you

790

00:26:40,470 --> 00:26:38,799

know you show on some things from

791

00:26:43,029 --> 00:26:40,480

articles that you read or videos with

792

00:26:45,029 --> 00:26:43,039

the phenomenon and i just

793

00:26:46,789 --> 00:26:45,039

i don't know if there's a good way or

794

00:26:49,190 --> 00:26:46,799

how you go about speaking to your

795

00:26:52,070 --> 00:26:49,200

spouses or your children in everyday

796

00:26:55,029 --> 00:26:52,080

life with the phenomenon because for me

797

00:26:56,950 --> 00:26:55,039

it's impacted me my entire life it's

798

00:26:59,029 --> 00:26:56,960

sort of an obsession but it's more of a

799

00:27:02,230 --> 00:26:59,039

passion just something you know i have

800

00:27:03,669 --> 00:27:02,240

to immerse myself in and i just don't

801  
00:27:05,430 --> 00:27:03,679  
know exactly how to do that and i didn't

802  
00:27:07,029 --> 00:27:05,440  
know if you andy with you know you

803  
00:27:08,470 --> 00:27:07,039  
having children um

804  
00:27:11,110 --> 00:27:08,480  
how do you go about talking to your kids

805  
00:27:14,149 --> 00:27:11,120  
about something that's extremely serious

806  
00:27:16,549 --> 00:27:14,159  
yeah so i suppose my kids are like five

807  
00:27:18,070 --> 00:27:16,559  
and three and the six month old

808  
00:27:20,070 --> 00:27:18,080  
doesn't really matter yet because he's

809  
00:27:21,990 --> 00:27:20,080  
too young but um the five-year-old and

810  
00:27:24,630 --> 00:27:22,000  
the three-year-old like i've always

811  
00:27:26,389 --> 00:27:24,640  
talked about ufos and aliens like my

812  
00:27:29,029 --> 00:27:26,399  
wife gets a little bit annoyed at me and

813  
00:27:31,669 --> 00:27:29,039

i get into trouble because my my son and

814

00:27:33,269 --> 00:27:31,679

the school he goes to they um they they

815

00:27:34,789 --> 00:27:33,279

will tell them about god and various

816

00:27:37,029 --> 00:27:34,799

different religions and all that kind of

817

00:27:39,110 --> 00:27:37,039

stuff at an early age and he'll come

818

00:27:41,430 --> 00:27:39,120

home and again he'll say daddy you know

819

00:27:43,590 --> 00:27:41,440

god created the world in seven days

820

00:27:45,029 --> 00:27:43,600

and i'll say yeah that's one theory

821

00:27:46,310 --> 00:27:45,039

and you know there's there's

822

00:27:48,470 --> 00:27:46,320

conversations you should and shouldn't

823

00:27:49,990 --> 00:27:48,480

have with a five-year-old but i just i

824

00:27:51,590 --> 00:27:50,000

tend to go well what what if it was

825

00:27:53,669 --> 00:27:51,600

aliens or what if it was something else

826

00:27:55,430 --> 00:27:53,679

and it is just that what if you know

827

00:27:57,110 --> 00:27:55,440

keep the options open i don't think at

828

00:27:58,630 --> 00:27:57,120

any age not to tell people how to raise

829

00:28:00,710 --> 00:27:58,640

their children that they need to be

830

00:28:02,789 --> 00:28:00,720

pressured into what they should believe

831

00:28:04,470 --> 00:28:02,799

because right now none of us know

832

00:28:06,310 --> 00:28:04,480

exactly you know there's there's

833

00:28:08,310 --> 00:28:06,320

scientific way the religious way and

834

00:28:10,470 --> 00:28:08,320

everything in between but

835

00:28:12,389 --> 00:28:10,480

i i've always talked to the kids about

836

00:28:14,950 --> 00:28:12,399

ufos and aliens they know daddy has a

837

00:28:17,590 --> 00:28:14,960

podcast uh they know i talk about aliens

838

00:28:18,870 --> 00:28:17,600

on the podcast um and i've kind of

839

00:28:21,510 --> 00:28:18,880

bought them little books there's a

840

00:28:23,350 --> 00:28:21,520

there's an x-files book which is mulder

841

00:28:24,950 --> 00:28:23,360

and scully as children

842

00:28:27,669 --> 00:28:24,960

and it's a little scooby-doo-ish but

843

00:28:30,389 --> 00:28:27,679

it's an x-files story for kids so i

844

00:28:32,630 --> 00:28:30,399

bought them that um very young so they

845

00:28:34,470 --> 00:28:32,640

have i read that to them some nights and

846

00:28:36,870 --> 00:28:34,480

they've got a copy of chase klitsky's

847

00:28:38,789 --> 00:28:36,880

book which she wrote about again are

848

00:28:40,630 --> 00:28:38,799

aliens really real and again it just

849

00:28:41,830 --> 00:28:40,640

introduces the concept of what aliens

850

00:28:43,830 --> 00:28:41,840

might be

851  
00:28:45,269 --> 00:28:43,840  
at a very early age to have that

852  
00:28:47,750 --> 00:28:45,279  
discussion so

853  
00:28:49,029 --> 00:28:47,760  
it's definitely as they get older maybe

854  
00:28:50,310 --> 00:28:49,039  
a more difficult one because they're

855  
00:28:52,710 --> 00:28:50,320  
going to make their own choices and

856  
00:28:55,190 --> 00:28:52,720  
decisions but i suppose kids now have a

857  
00:28:57,029 --> 00:28:55,200  
huge access dustin to social media and

858  
00:28:58,389 --> 00:28:57,039  
youtube and stuff we never kind of had

859  
00:29:01,269 --> 00:28:58,399  
when we were younger

860  
00:29:02,950 --> 00:29:01,279  
um and in terms of my wife she i'm lucky

861  
00:29:04,710 --> 00:29:02,960  
she's really supportive in terms of the

862  
00:29:07,590 --> 00:29:04,720  
podcast it takes up a lot of my time

863  
00:29:09,430 --> 00:29:07,600

which i've gone on about enough um but

864

00:29:11,909 --> 00:29:09,440

she is really good with with that like

865

00:29:14,070 --> 00:29:11,919

she is doing bedtimes right now as i am

866

00:29:15,669 --> 00:29:14,080

recording this call with you um and that

867

00:29:17,269 --> 00:29:15,679

usually happens with interviews or

868

00:29:19,269 --> 00:29:17,279

editing or anything else that i have to

869

00:29:21,990 --> 00:29:19,279

put together um or just dan and i

870

00:29:24,549 --> 00:29:22,000

catching up to research but just having

871

00:29:26,549 --> 00:29:24,559

the ufo conversation

872

00:29:28,389 --> 00:29:26,559

i i've asked her and when we have that

873

00:29:30,470 --> 00:29:28,399

chat and she sees how passionate i get

874

00:29:33,110 --> 00:29:30,480

and i get really involved and what about

875

00:29:34,470 --> 00:29:33,120

this and did you see this happened and

876

00:29:37,190 --> 00:29:34,480

she'll she'll

877

00:29:38,710 --> 00:29:37,200

play along and she'll nod and agree but

878

00:29:40,630 --> 00:29:38,720

when it comes to me saying you don't

879

00:29:42,950 --> 00:29:40,640

really seem to to care or get excited

880

00:29:44,950 --> 00:29:42,960

about it she says it doesn't because

881

00:29:47,909 --> 00:29:44,960

it doesn't if she says it doesn't impact

882

00:29:50,149 --> 00:29:47,919

her everyday life and for her and for 99

883

00:29:52,149 --> 00:29:50,159

in the population that's that's it that

884

00:29:54,549 --> 00:29:52,159

doesn't impact their everyday life right

885

00:29:57,029 --> 00:29:54,559

now to to know about this or what what's

886

00:29:58,710 --> 00:29:57,039

going on or what might be going on and i

887

00:30:01,350 --> 00:29:58,720

i can understand and appreciate that

888

00:30:02,950 --> 00:30:01,360

side of it does if that makes sense

889

00:30:04,789 --> 00:30:02,960

it makes perfect sense you know you

890

00:30:06,310 --> 00:30:04,799

wonder what's the difference in you and

891

00:30:07,909 --> 00:30:06,320

me and them

892

00:30:11,510 --> 00:30:07,919

why does it impact us the way it does

893

00:30:12,950 --> 00:30:11,520

and now others when you know clearly

894

00:30:15,669 --> 00:30:12,960

there is something unexplainable

895

00:30:17,590 --> 00:30:15,679

happening it's not a and if it is it's

896

00:30:19,269 --> 00:30:17,600

it's it's a truth we're just trying to

897

00:30:21,909 --> 00:30:19,279

find out what it is

898

00:30:23,350 --> 00:30:21,919

so i just find it you know intriguing

899

00:30:24,549 --> 00:30:23,360

but um

900

00:30:25,830 --> 00:30:24,559

that's just the thought i've been having

901  
00:30:27,510 --> 00:30:25,840  
for a long time

902  
00:30:29,669 --> 00:30:27,520  
i think there's also something to the

903  
00:30:31,590 --> 00:30:29,679  
idea again we've mentioned my own

904  
00:30:33,830 --> 00:30:31,600  
sighting when i was a kid and there was

905  
00:30:36,070 --> 00:30:33,840  
four other people there now my mum saw

906  
00:30:38,470 --> 00:30:36,080  
that as well huge big disc on its side

907  
00:30:40,310 --> 00:30:38,480  
spinning around and still has no

908  
00:30:42,789 --> 00:30:40,320  
interest in the subject doesn't believe

909  
00:30:44,549 --> 00:30:42,799  
in aliens ufos or anything like that

910  
00:30:46,710 --> 00:30:44,559  
even though she saw something pretty

911  
00:30:48,070 --> 00:30:46,720  
incredible pretty close up that she

912  
00:30:50,310 --> 00:30:48,080  
can't explain

913  
00:30:52,870 --> 00:30:50,320

i think it's just again how some people

914

00:30:54,549 --> 00:30:52,880

are are wired and if they choose to i

915

00:30:56,789 --> 00:30:54,559

mean if you're listening or watching

916

00:30:58,230 --> 00:30:56,799

this podcast just now then you have an

917

00:30:59,990 --> 00:30:58,240

impressed at least in the subject that

918

00:31:02,149 --> 00:31:00,000

you're you're willing to entertain the

919

00:31:03,590 --> 00:31:02,159

conversation to a degree and i just

920

00:31:05,430 --> 00:31:03,600

think there's still so many people out

921

00:31:07,350 --> 00:31:05,440

there for a whole load of different

922

00:31:08,950 --> 00:31:07,360

reasons that just aren't ready to do

923

00:31:10,549 --> 00:31:08,960

that yet

924

00:31:12,549 --> 00:31:10,559

yeah you're right um

925

00:31:15,269 --> 00:31:12,559

well that goes back to my upbringing and

926  
00:31:17,350 --> 00:31:15,279  
like evangelical uh christian upbringing

927  
00:31:19,269 --> 00:31:17,360  
you know a lot of people believe in

928  
00:31:21,830 --> 00:31:19,279  
things that they're tall and they have

929  
00:31:23,430 --> 00:31:21,840  
feelings you know when the holy spirit's

930  
00:31:25,830 --> 00:31:23,440  
moving and you know you get people

931  
00:31:27,909 --> 00:31:25,840  
together they can create i guess

932  
00:31:29,830 --> 00:31:27,919  
you would call it a mass hysteria

933  
00:31:31,350 --> 00:31:29,840  
perhaps but it's that

934  
00:31:33,110 --> 00:31:31,360  
along the same lines where a lot of

935  
00:31:35,509 --> 00:31:33,120  
people together can be on the same fault

936  
00:31:37,509 --> 00:31:35,519  
and they can create the feeling where

937  
00:31:39,830 --> 00:31:37,519  
everybody

938  
00:31:41,269 --> 00:31:39,840

feels and sees the same sort of thing i

939

00:31:42,630 --> 00:31:41,279

call it mass hysteria it may have

940

00:31:44,630 --> 00:31:42,640

another name but

941

00:31:46,630 --> 00:31:44,640

you know people can witness

942

00:31:48,230 --> 00:31:46,640

events you know people talking in

943

00:31:49,830 --> 00:31:48,240

tongues and things like that which i've

944

00:31:51,830 --> 00:31:49,840

witnessed but we have no problem

945

00:31:54,470 --> 00:31:51,840

believing that because we accept that's

946

00:31:57,509 --> 00:31:54,480

from god but like you said your mom

947

00:31:59,990 --> 00:31:57,519

if she's seen a literal craft flying and

948

00:32:01,909 --> 00:32:00,000

that doesn't change your belief you know

949

00:32:04,230 --> 00:32:01,919

that's just strange

950

00:32:06,230 --> 00:32:04,240

and yeah and to be fair i'll be really

951  
00:32:07,990 --> 00:32:06,240  
honest before i started this podcast and

952  
00:32:10,070 --> 00:32:08,000  
spoke to all the people i have now and

953  
00:32:11,590 --> 00:32:10,080  
that's not just guests but listeners

954  
00:32:13,269 --> 00:32:11,600  
from around the world and people on

955  
00:32:14,630 --> 00:32:13,279  
twitter and instagram and facebook and

956  
00:32:17,110 --> 00:32:14,640  
all that kind of stuff

957  
00:32:19,509 --> 00:32:17,120  
i always thought that people's religious

958  
00:32:21,269 --> 00:32:19,519  
views would be the block to them

959  
00:32:23,110 --> 00:32:21,279  
believing in the subject

960  
00:32:25,669 --> 00:32:23,120  
what i've found is probably the opposite

961  
00:32:27,669 --> 00:32:25,679  
that it's people with religious beliefs

962  
00:32:29,750 --> 00:32:27,679  
that actually have the most open minds

963  
00:32:31,269 --> 00:32:29,760

to this subject which i find really

964

00:32:32,870 --> 00:32:31,279

really interesting and it's really nice

965

00:32:34,789 --> 00:32:32,880

actually as well

966

00:32:36,710 --> 00:32:34,799

yeah i'll leave you on one more thought

967

00:32:40,389 --> 00:32:36,720

here um this is the last thing i want to

968

00:32:42,789 --> 00:32:40,399

say my grandmother she is a um

969

00:32:44,870 --> 00:32:42,799

i don't say it like that but she's very

970

00:32:47,750 --> 00:32:44,880

strict i guess religious very very

971

00:32:49,269 --> 00:32:47,760

old-fashioned the way was brought up um

972

00:32:51,830 --> 00:32:49,279

you know she believed everything's from

973

00:32:53,909 --> 00:32:51,840

god which you know i guess

974

00:32:56,470 --> 00:32:53,919

however you picture god is true

975

00:32:59,990 --> 00:32:56,480

and to some aspect but she told me as a

976  
00:33:00,950 --> 00:33:00,000  
child um about a an event just because i

977  
00:33:02,470 --> 00:33:00,960  
was talking to her about

978  
00:33:04,789 --> 00:33:02,480  
extraterrestrial or something when i was

979  
00:33:07,190 --> 00:33:04,799  
a kid she said oh yeah we've seen a a

980  
00:33:08,950 --> 00:33:07,200  
ufo uh come over our house we had the

981  
00:33:11,669 --> 00:33:08,960  
pastor over and you know she had like

982  
00:33:13,750 --> 00:33:11,679  
five kids and they all was screaming

983  
00:33:16,389 --> 00:33:13,760  
outside and they come outside and they

984  
00:33:18,549 --> 00:33:16,399  
looked up and she said it was a circular

985  
00:33:21,590 --> 00:33:18,559  
craft she could see windows in it and it

986  
00:33:23,590 --> 00:33:21,600  
was spinning with lights made no sound

987  
00:33:26,470 --> 00:33:23,600  
and she said she thought you know that

988  
00:33:28,389 --> 00:33:26,480

was uh an angel coming to take them away

989

00:33:31,190 --> 00:33:28,399

she thought that was their time to go to

990

00:33:33,269 --> 00:33:31,200

heaven and is zipped off and people

991

00:33:35,750 --> 00:33:33,279

around the town seen it but

992

00:33:38,230 --> 00:33:35,760

you know that was one event

993

00:33:39,990 --> 00:33:38,240

and you know she associates that with an

994

00:33:41,190 --> 00:33:40,000

angel and i just you know i can't see

995

00:33:42,389 --> 00:33:41,200

that i've seen

996

00:33:44,470 --> 00:33:42,399

um

997

00:33:46,310 --> 00:33:44,480

dan's twitter image of that angel with

998

00:33:48,149 --> 00:33:46,320

that you know will i i don't know if she

999

00:33:51,430 --> 00:33:48,159

associated it with that

1000

00:33:54,070 --> 00:33:51,440

but um i just found that kind of odd

1001

00:33:55,830 --> 00:33:54,080

yeah absolutely um the the

1002

00:33:57,430 --> 00:33:55,840

discussion of language and words and

1003

00:33:58,630 --> 00:33:57,440

what we mean by them is something i

1004

00:34:00,630 --> 00:33:58,640

speak about often because you're

1005

00:34:03,269 --> 00:34:00,640

absolutely right what what is a ufo to

1006

00:34:05,509 --> 00:34:03,279

one person is an angel or a visitation

1007

00:34:08,310 --> 00:34:05,519

from a demon to the next and and i

1008

00:34:10,149 --> 00:34:08,320

almost feel like we

1009

00:34:11,909 --> 00:34:10,159

you know we spend a lot of time arguing

1010

00:34:13,909 --> 00:34:11,919

over what the right term is and i almost

1011

00:34:16,550 --> 00:34:13,919

feel like we don't have the right

1012

00:34:18,470 --> 00:34:16,560

language yet um and and figuring out the

1013

00:34:20,629 --> 00:34:18,480

phenomena will kind of

1014

00:34:22,470 --> 00:34:20,639

give us these new terms that we we will

1015

00:34:23,430 --> 00:34:22,480

be using to discuss

1016

00:34:25,750 --> 00:34:23,440

you know

1017

00:34:27,750 --> 00:34:25,760

yeah it's amazing how many people can

1018

00:34:28,950 --> 00:34:27,760

see the same thing and all have

1019

00:34:31,270 --> 00:34:28,960

different descriptions and

1020

00:34:33,829 --> 00:34:31,280

interpretations of what they seem

1021

00:34:35,990 --> 00:34:33,839

yeah absolutely you know just like uh

1022

00:34:38,389 --> 00:34:36,000

all the famous scientists say everything

1023

00:34:40,950 --> 00:34:38,399

is relative and we don't really

1024

00:34:44,149 --> 00:34:40,960

grok how fundamental that relativity is

1025

00:34:48,470 --> 00:34:46,149

well that was good um and one last thing

1026

00:34:50,710 --> 00:34:48,480

i want to ask you a question andy in in

1027

00:34:53,270 --> 00:34:50,720

your opinion for the last thing what is

1028

00:34:56,149 --> 00:34:53,280

your opinion if you believe mankind has

1029

00:35:00,230 --> 00:34:56,159

a destiny of uh perhaps a convergence

1030

00:35:04,790 --> 00:35:02,950

i i don't think

1031

00:35:07,030 --> 00:35:04,800

if you mean as it's set in stone that

1032

00:35:10,230 --> 00:35:07,040

it's something is going to happen then

1033

00:35:11,349 --> 00:35:10,240

then no i don't think so um

1034

00:35:13,829 --> 00:35:11,359

i think

1035

00:35:15,430 --> 00:35:13,839

we're we go along and it's it's funny

1036

00:35:17,190 --> 00:35:15,440

myself and dan have just spoke about the

1037

00:35:18,630 --> 00:35:17,200

the atenos movie that's out in cinema

1038

00:35:20,069 --> 00:35:18,640

just now and some of the themes that

1039

00:35:20,950 --> 00:35:20,079

went alongside that

1040

00:35:23,430 --> 00:35:20,960

and

1041

00:35:24,230 --> 00:35:23,440

i think the idea that as a civilization

1042

00:35:28,390 --> 00:35:24,240

we

1043

00:35:30,310 --> 00:35:28,400

stages and it's almost like you

1044

00:35:32,310 --> 00:35:30,320

level up and you get to a point of do

1045

00:35:33,910 --> 00:35:32,320

you get to move on from where you are

1046

00:35:35,750 --> 00:35:33,920

and usually technology plays the big

1047

00:35:37,589 --> 00:35:35,760

part in that and we're at the point now

1048

00:35:39,670 --> 00:35:37,599

where as a civilization we're we're

1049

00:35:41,589 --> 00:35:39,680

probably due or in the middle of a

1050

00:35:42,470 --> 00:35:41,599

technological kind of leap

1051  
00:35:43,990 --> 00:35:42,480  
and

1052  
00:35:45,190 --> 00:35:44,000  
do you end up destroying yourself before

1053  
00:35:47,670 --> 00:35:45,200  
you do that

1054  
00:35:49,670 --> 00:35:47,680  
and i think this should probably be one

1055  
00:35:51,430 --> 00:35:49,680  
of the last stages for that to happen

1056  
00:35:52,230 --> 00:35:51,440  
before we do get involved with some

1057  
00:35:54,710 --> 00:35:52,240  
other

1058  
00:35:56,790 --> 00:35:54,720  
civilization or beings or entities

1059  
00:35:59,030 --> 00:35:56,800  
um it's a massive question dustin

1060  
00:36:00,710 --> 00:35:59,040  
because i think i think for me i have to

1061  
00:36:03,910 --> 00:36:00,720  
look at it as

1062  
00:36:05,670 --> 00:36:03,920  
if we share this space or planet or

1063  
00:36:08,550 --> 00:36:05,680

reality with another

1064

00:36:09,910 --> 00:36:08,560

being or set of beings or entity then

1065

00:36:11,190 --> 00:36:09,920

they have an interest in what we are

1066

00:36:13,270 --> 00:36:11,200

doing with the planet whether you want

1067

00:36:15,430 --> 00:36:13,280

to look at things like climate change or

1068

00:36:17,190 --> 00:36:15,440

or nuclear weapons that we're storing

1069

00:36:19,030 --> 00:36:17,200

and making and how we're using that

1070

00:36:20,950 --> 00:36:19,040

technology then they've got a vested

1071

00:36:22,550 --> 00:36:20,960

interest in how we're going about things

1072

00:36:23,990 --> 00:36:22,560

that probably doesn't look good from

1073

00:36:25,910 --> 00:36:24,000

that point of view

1074

00:36:28,550 --> 00:36:25,920

i think that's why we've got so many

1075

00:36:30,230 --> 00:36:28,560

sightings around you know nuclear fleets

1076

00:36:32,390 --> 00:36:30,240

nuclear silos

1077

00:36:35,030 --> 00:36:32,400

any nuclear material nuclear you know

1078

00:36:36,310 --> 00:36:35,040

nuclear waste all that kind of stuff so

1079

00:36:37,510 --> 00:36:36,320

um

1080

00:36:39,829 --> 00:36:37,520

i don't think it's something that's

1081

00:36:41,109 --> 00:36:39,839

necessarily definitely meant to be are

1082

00:36:42,790 --> 00:36:41,119

meant to happen

1083

00:36:44,550 --> 00:36:42,800

but i think we're in charge of our own

1084

00:36:46,150 --> 00:36:44,560

destiny in terms of

1085

00:36:47,270 --> 00:36:46,160

how we behave is going to make a big

1086

00:36:49,349 --> 00:36:47,280

impact on

1087

00:36:50,790 --> 00:36:49,359

on if we get into that i'll put in

1088

00:36:52,950 --> 00:36:50,800

massive air quotes your galactic

1089

00:36:56,150 --> 00:36:52,960

federation down the line

1090

00:36:58,950 --> 00:36:56,160

right yeah that's good um

1091

00:36:59,990 --> 00:36:58,960

i'm along those same lines as well um i

1092

00:37:04,310 --> 00:37:00,000

just

1093

00:37:06,230 --> 00:37:04,320

recently it seems like it's culminating

1094

00:37:08,390 --> 00:37:06,240

like a snowball and

1095

00:37:10,310 --> 00:37:08,400

there has to be something i would assume

1096

00:37:12,150 --> 00:37:10,320

that would be big that's just around the

1097

00:37:13,190 --> 00:37:12,160

corner you know what that is i don't

1098

00:37:15,750 --> 00:37:13,200

know but

1099

00:37:17,910 --> 00:37:15,760

with the uh

1100

00:37:19,670 --> 00:37:17,920

the uh scientific investigations into

1101  
00:37:21,670 --> 00:37:19,680  
the quantum and everything like that

1102  
00:37:23,910 --> 00:37:21,680  
that goes along with that i think we're

1103  
00:37:26,150 --> 00:37:23,920  
going to discover something um

1104  
00:37:28,150 --> 00:37:26,160  
very soon that's just going to blow

1105  
00:37:30,150 --> 00:37:28,160  
everything that we believed and knew

1106  
00:37:32,069 --> 00:37:30,160  
scientifically before

1107  
00:37:33,109 --> 00:37:32,079  
um and philosophically just out of the

1108  
00:37:35,109 --> 00:37:33,119  
water

1109  
00:37:36,630 --> 00:37:35,119  
well dustin really good call man i hope

1110  
00:37:38,310 --> 00:37:36,640  
you call in again we're going to move on

1111  
00:37:39,910 --> 00:37:38,320  
to michael now but thank you very much

1112  
00:37:41,190 --> 00:37:39,920  
it's been good talking to you

1113  
00:37:43,030 --> 00:37:41,200

thank you keep up the good work thank

1114

00:37:44,390 --> 00:37:43,040

you thank you

1115

00:37:45,750 --> 00:37:44,400

see you

1116

00:37:47,190 --> 00:37:45,760

thanks for that call dustin really

1117

00:37:50,310 --> 00:37:47,200

interesting we're going to move on to

1118

00:37:52,069 --> 00:37:50,320

michael and liverpool michael how are we

1119

00:37:54,310 --> 00:37:52,079

yeah not bad sorry

1120

00:37:55,510 --> 00:37:54,320

no bro good to have you on the podcast

1121

00:37:57,430 --> 00:37:55,520

i've got dan with his as well did

1122

00:37:58,950 --> 00:37:57,440

michael just steal my catchphrase i'm

1123

00:38:00,790 --> 00:37:58,960

sorry

1124

00:38:03,430 --> 00:38:00,800

i was going to say yeah he's done that

1125

00:38:04,550 --> 00:38:03,440

deliberately i think um listen the floor

1126

00:38:05,589 --> 00:38:04,560

is yours what you want to talk about

1127

00:38:06,870 --> 00:38:05,599

michael

1128

00:38:08,550 --> 00:38:06,880

yeah um

1129

00:38:10,790 --> 00:38:08,560

what i want to talk about was some of

1130

00:38:12,390 --> 00:38:10,800

the the promises or

1131

00:38:14,069 --> 00:38:12,400

the expectation of like new things

1132

00:38:17,109 --> 00:38:14,079

coming out and then eventually they're

1133

00:38:18,710 --> 00:38:17,119

not getting there so i think initially

1134

00:38:20,870 --> 00:38:18,720

uh jeremy corbell

1135

00:38:23,030 --> 00:38:20,880

he when he released the last date he

1136

00:38:24,550 --> 00:38:23,040

said there's plenty more to come and

1137

00:38:26,870 --> 00:38:24,560

he's got extra but we haven't seen

1138

00:38:29,349 --> 00:38:26,880

anything since and i know he did some

1139

00:38:31,270 --> 00:38:29,359

stuff with the book the skinwalkers

1140

00:38:33,030 --> 00:38:31,280

at the pentagon he was i don't know

1141

00:38:34,790 --> 00:38:33,040

promoting that but he hasn't come out

1142

00:38:36,790 --> 00:38:34,800

with anything of himself that i've seen

1143

00:38:38,150 --> 00:38:36,800

anyway so i just wanted to know like

1144

00:38:39,829 --> 00:38:38,160

what you thought about that do you think

1145

00:38:41,270 --> 00:38:39,839

he's holding on to more stuff still do

1146

00:38:43,030 --> 00:38:41,280

you think he's hyped

1147

00:38:46,950 --> 00:38:43,040

all that you can

1148

00:38:48,550 --> 00:38:46,960

i think before i bring dannon um so i i

1149

00:38:51,349 --> 00:38:48,560

don't know i would say it's one of two

1150

00:38:53,270 --> 00:38:51,359

things either he is working on some

1151

00:38:55,670 --> 00:38:53,280

stuff in the background and

1152

00:38:57,510 --> 00:38:55,680

jeremy corbell he likes the

1153

00:38:59,109 --> 00:38:57,520

he likes the showmanship he likes the

1154

00:39:01,589 --> 00:38:59,119

hollywood the drama he likes the

1155

00:39:03,910 --> 00:39:01,599

suspense building these things up

1156

00:39:06,230 --> 00:39:03,920

and i could see

1157

00:39:08,230 --> 00:39:06,240

him if he is working on something it's

1158

00:39:10,550 --> 00:39:08,240

going to be big and it will be you know

1159

00:39:11,990 --> 00:39:10,560

all kind of bells and whistles attached

1160

00:39:14,710 --> 00:39:12,000

or

1161

00:39:16,390 --> 00:39:14,720

how he handled things last time may have

1162

00:39:18,470 --> 00:39:16,400

burnt some bridges in terms of how he

1163

00:39:21,270 --> 00:39:18,480

was getting material and data

1164

00:39:24,630 --> 00:39:21,280

because when you see stuff come out

1165

00:39:26,790 --> 00:39:24,640

uh i i look to certain individuals

1166

00:39:29,510 --> 00:39:26,800

to see if they also corroborate or back

1167

00:39:31,349 --> 00:39:29,520

up or comment on it and when his stuff

1168

00:39:33,510 --> 00:39:31,359

came out last time

1169

00:39:36,069 --> 00:39:33,520

not many people stuck up for the the

1170

00:39:38,550 --> 00:39:36,079

quality of the footage or the data

1171

00:39:40,950 --> 00:39:38,560

and you wonder if a lot of people have

1172

00:39:43,510 --> 00:39:40,960

just kind of taken a backwards seat when

1173

00:39:46,230 --> 00:39:43,520

it comes to jeremy corbell's

1174

00:39:48,310 --> 00:39:46,240

presentation um of that kind of stuff

1175

00:39:49,990 --> 00:39:48,320

you know i i think at times jenny's

1176

00:39:52,150 --> 00:39:50,000

heart's in the right place

1177

00:39:54,230 --> 00:39:52,160

i think i i really do feel i've said

1178

00:39:56,069 --> 00:39:54,240

this before and i would have no problem

1179

00:39:57,829 --> 00:39:56,079

saying this to jeremy i feel he would

1180

00:39:59,910 --> 00:39:57,839

like to be the face of the subject for

1181

00:40:01,750 --> 00:39:59,920

the tmz generation

1182

00:40:03,910 --> 00:40:01,760

i think he was hoping things might have

1183

00:40:06,309 --> 00:40:03,920

taken off more when we had the j.j

1184

00:40:07,910 --> 00:40:06,319

abrams ufo documentaries

1185

00:40:10,230 --> 00:40:07,920

and he dropped

1186

00:40:12,230 --> 00:40:10,240

the russell omaha footage and all that

1187

00:40:14,069 --> 00:40:12,240

kind of stuff and i just don't think it

1188

00:40:16,230 --> 00:40:14,079

happened for him and i think that's the

1189

00:40:18,309 --> 00:40:16,240

root he would want to go with this not

1190

00:40:20,950 --> 00:40:18,319

the traditional names and faces and

1191

00:40:23,510 --> 00:40:20,960

expos and conferences to to make the

1192

00:40:25,750 --> 00:40:23,520

make his way but i think he absolutely

1193

00:40:27,670 --> 00:40:25,760

still has a role to play in this subject

1194

00:40:29,030 --> 00:40:27,680

i get why a lot of people don't like how

1195

00:40:30,309 --> 00:40:29,040

he goes about

1196

00:40:32,470 --> 00:40:30,319

what he does

1197

00:40:35,510 --> 00:40:32,480

um i've said before like i really enjoy

1198

00:40:37,670 --> 00:40:35,520

the content of his his documentaries

1199

00:40:38,710 --> 00:40:37,680

some of the the artistic license used

1200

00:40:41,670 --> 00:40:38,720

within them

1201

00:40:43,910 --> 00:40:41,680

isn't my taste particularly but

1202

00:40:45,589 --> 00:40:43,920

i still like watching it so dan but what

1203

00:40:47,670 --> 00:40:45,599

about you

1204

00:40:49,190 --> 00:40:47,680

yeah i mean i i again i don't this i

1205

00:40:51,190 --> 00:40:49,200

always say this it's kind of become my

1206

00:40:52,710 --> 00:40:51,200

catchphrase i agree with andy we do

1207

00:40:53,750 --> 00:40:52,720

disagree sometimes

1208

00:40:55,510 --> 00:40:53,760

um

1209

00:40:57,510 --> 00:40:55,520

but yeah the the kobold stuff i would

1210

00:40:59,030 --> 00:40:57,520

agree with you the the only thing i'd

1211

00:41:00,630 --> 00:40:59,040

add is that

1212

00:41:03,190 --> 00:41:00,640

he made the point that when

1213

00:41:04,230 --> 00:41:03,200

he dropped those bits of omaha and

1214

00:41:06,069 --> 00:41:04,240

footage

1215

00:41:09,190 --> 00:41:06,079

that it was for a particular reason it

1216

00:41:10,550 --> 00:41:09,200

was functional and that was to repair a

1217

00:41:11,990 --> 00:41:10,560

[Music]

1218

00:41:15,109 --> 00:41:12,000

kind of a channel

1219

00:41:16,710 --> 00:41:15,119

um between where those snoopy team

1220

00:41:20,710 --> 00:41:16,720

videos would go

1221

00:41:23,270 --> 00:41:20,720

and the main hub for the uaptf from from

1222

00:41:25,510 --> 00:41:23,280

what i gather that line of communication

1223

00:41:27,510 --> 00:41:25,520

was broken and by bringing out those

1224

00:41:29,030 --> 00:41:27,520

videos he was able to say look these are

1225

00:41:31,750 --> 00:41:29,040

interesting things here you guys need to

1226

00:41:33,430 --> 00:41:31,760

be paying attention to this area too

1227

00:41:35,510 --> 00:41:33,440

i feel like he might have repaired that

1228

00:41:37,349 --> 00:41:35,520

line of communication and so we are no

1229

00:41:41,910 --> 00:41:37,359

longer seeing anything come outside of

1230

00:41:43,829 --> 00:41:41,920

it um to try and highlight that fault um

1231

00:41:46,230 --> 00:41:43,839

naf was pretty quiet for a while and he

1232

00:41:49,430 --> 00:41:46,240

wrote the skin walker book uh with

1233

00:41:50,710 --> 00:41:49,440

um lakatsky and kalahar so

1234

00:41:52,710 --> 00:41:50,720

i i would

1235

00:41:55,270 --> 00:41:52,720

imagine that jeremy's a bit of a

1236

00:41:57,829 --> 00:41:55,280

creative um you know 10 projects one

1237

00:41:59,750 --> 00:41:57,839

comes off so he's probably going through

1238

00:42:01,270 --> 00:41:59,760

those nine other projects right now with

1239

00:42:05,109 --> 00:42:01,280

the one that he doesn't know is his next

1240

00:42:06,470 --> 00:42:05,119

project currently in formation

1241

00:42:08,309 --> 00:42:06,480

michael anyone else that you want to

1242

00:42:10,790 --> 00:42:08,319

bring up as well as jenny corbell yeah i

1243

00:42:12,870 --> 00:42:10,800

was going to mention angeli and

1244

00:42:25,270 --> 00:42:12,880

charlie i think that's how you say yeah

1245

00:42:28,230 --> 00:42:26,150

yeah

1246

00:42:29,430 --> 00:42:28,240

so i know that's been postponed

1247

00:42:30,790 --> 00:42:29,440

and then she

1248

00:42:33,109 --> 00:42:30,800

caught some sticker i think she made an

1249

00:42:34,550 --> 00:42:33,119

appearance that i haven't watched myself

1250

00:42:35,670 --> 00:42:34,560

but i saw some people sticking up before

1251

00:42:38,309 --> 00:42:35,680

and some people

1252

00:42:39,990 --> 00:42:38,319

and no so just yeah i don't know

1253

00:42:41,109 --> 00:42:40,000

what i feel on that i think it might be

1254

00:42:43,430 --> 00:42:41,119

a little bit of

1255

00:42:44,790 --> 00:42:43,440

larping but i don't know it's hard to i

1256

00:42:47,190 --> 00:42:44,800

don't want to

1257

00:42:49,430 --> 00:42:47,200

judge someone um you know that i don't

1258

00:42:52,069 --> 00:42:49,440

know and haven't spoken to but it just

1259

00:42:54,309 --> 00:42:52,079

seems a little off for me uh

1260

00:42:56,710 --> 00:42:54,319

i don't know maybe because it's um

1261

00:42:58,710 --> 00:42:56,720

nuts and bolts type of person i struggle

1262

00:43:00,309 --> 00:42:58,720

with some of the more out there concepts

1263

00:43:02,230 --> 00:43:00,319

and that that's maybe a little bit too

1264

00:43:03,750 --> 00:43:02,240

out there from for myself

1265

00:43:05,750 --> 00:43:03,760

i mean someone setting up a chair and

1266

00:43:08,150 --> 00:43:05,760

proclaiming that they found aliens in a

1267

00:43:09,829 --> 00:43:08,160

cave doesn't do it for you like i i

1268

00:43:11,910 --> 00:43:09,839

honestly don't know who she expected to

1269

00:43:14,069 --> 00:43:11,920

convince by doing it that way when when

1270

00:43:16,790 --> 00:43:14,079

she said press conference i expected a

1271

00:43:19,109 --> 00:43:16,800

formal press conference you know um i

1272

00:43:19,990 --> 00:43:19,119

watched her appearance on alien addict

1273

00:43:21,510 --> 00:43:20,000

um

1274

00:43:24,069 --> 00:43:21,520

i say that name to give them credit i

1275

00:43:26,150 --> 00:43:24,079

don't recommend anyone go watch it um it

1276

00:43:28,790 --> 00:43:26,160

was a bit of a train wreck it sounds

1277

00:43:30,069 --> 00:43:28,800

like um basically the story was that and

1278

00:43:33,270 --> 00:43:30,079

anjali

1279

00:43:35,829 --> 00:43:33,280

uh met these beings in a cave on someone

1280

00:43:38,150 --> 00:43:35,839

called wayne's property um as of last

1281

00:43:40,390 --> 00:43:38,160

night um i now realized that someone has

1282

00:43:42,710 --> 00:43:40,400

approached someone else named ryan and

1283

00:43:44,710 --> 00:43:42,720

said hey i am that wayne give me a

1284

00:43:46,309 --> 00:43:44,720

thousand dollars and i will take you to

1285

00:43:49,349 --> 00:43:46,319

the cave and it turns out that this guy

1286

00:43:50,790 --> 00:43:49,359

might be a con man um so they've kind of

1287

00:43:52,470 --> 00:43:50,800

gone into arguing about whether

1288

00:43:55,190 --> 00:43:52,480

someone's a con man there's money

1289

00:43:57,589 --> 00:43:55,200

exchanged hands and it's quite frankly a

1290

00:43:59,430 --> 00:43:57,599

[h\_\_h] show it's exactly the kind of stuff

1291

00:44:01,349 --> 00:43:59,440

that ufology needs to leave behind and

1292

00:44:02,390 --> 00:44:01,359

i'll be glad when we have no more of it

1293

00:44:04,309 --> 00:44:02,400

you know

1294

00:44:05,109 --> 00:44:04,319

yeah michael back at the start of this

1295

00:44:06,309 --> 00:44:05,119

um

1296

00:44:33,030 --> 00:44:06,319

i

1297

00:44:35,349 --> 00:44:33,040

uh she would love to come on the podcast

1298

00:44:37,510 --> 00:44:35,359

and i was very appreciative i told her i

1299

00:44:38,470 --> 00:44:37,520

appreciate she's got a family and she's

1300

00:44:41,349 --> 00:44:38,480

busy

1301

00:44:43,750 --> 00:44:41,359

and i would be as accommodating with

1302

00:44:46,470 --> 00:44:43,760

time as i could be let's arrange a date

1303

00:44:49,109 --> 00:44:46,480

i heard nothing back a few weeks passed

1304

00:44:50,790 --> 00:44:49,119

i then got in touch again nothing

1305

00:44:52,870 --> 00:44:50,800

she then eventually told me that yep

1306

00:44:54,630 --> 00:44:52,880

let's let's get some dates sent over i

1307

00:44:56,550 --> 00:44:54,640

sent her over basically telling her

1308

00:44:58,790 --> 00:44:56,560

anytime in the next week i will i will

1309

00:45:01,349 --> 00:44:58,800

make myself available if it's 5 a.m 4 00

1310

00:45:02,790 --> 00:45:01,359

a.m in the uk i'll do it

1311

00:45:04,950 --> 00:45:02,800

nothing this was about a month and a

1312

00:45:06,870 --> 00:45:04,960

half two months ago um

1313

00:45:09,510 --> 00:45:06,880

since then she's done a few appearances

1314

00:45:10,950 --> 00:45:09,520

on on random shows i get the jimmy

1315

00:45:14,470 --> 00:45:10,960

church one if you're looking for an

1316

00:45:15,829 --> 00:45:14,480

audience she's done some other ones that

1317

00:45:17,589 --> 00:45:15,839

somehow

1318

00:45:18,390 --> 00:45:17,599

they've managed to get it on

1319

00:45:20,309 --> 00:45:18,400

but

1320

00:45:22,230 --> 00:45:20,319

like dan says i'm not going to bash

1321

00:45:24,470 --> 00:45:22,240

other people's shows that i don't watch

1322

00:45:25,990 --> 00:45:24,480

but when it comes to reputation and just

1323

00:45:27,670 --> 00:45:26,000

some of the things you see

1324

00:45:31,030 --> 00:45:27,680

they're they're courting likes and

1325

00:45:33,109 --> 00:45:31,040

clicks and ratings and views without any

1326

00:45:35,750 --> 00:45:33,119

intent to actually get a quality

1327

00:45:36,870 --> 00:45:35,760

interview or some information from her

1328

00:45:37,829 --> 00:45:36,880

and

1329

00:45:39,829 --> 00:45:37,839

i think

1330

00:45:40,790 --> 00:45:39,839

long before now it should have been left

1331

00:45:42,950 --> 00:45:40,800

alone

1332

00:45:44,950 --> 00:45:42,960

because it went exactly how many people

1333

00:45:46,390 --> 00:45:44,960

said it would um

1334

00:45:48,470 --> 00:45:46,400

and

1335

00:45:50,950 --> 00:45:48,480

i appreciate that maybe something did

1336

00:45:53,190 --> 00:45:50,960

happen and we've heard about um i

1337

00:45:54,870 --> 00:45:53,200

believe that this wayne character

1338

00:45:57,670 --> 00:45:54,880

because right now as a character as far

1339

00:45:58,870 --> 00:45:57,680

as anyone knows um has cancer which if

1340

00:46:00,390 --> 00:45:58,880

that is true

1341

00:46:02,069 --> 00:46:00,400

god speeding dealing with that and

1342

00:46:04,150 --> 00:46:02,079

getting treatment no one should have

1343

00:46:06,069 --> 00:46:04,160

been harassing anyone or calling anyone

1344

00:46:08,630 --> 00:46:06,079

out but you made the point michael that

1345

00:46:09,589 --> 00:46:08,640

you didn't want to to attack the person

1346

00:46:11,589 --> 00:46:09,599

and you know what you don't have to

1347

00:46:13,990 --> 00:46:11,599

attack the person and even as nuts and

1348

00:46:16,069 --> 00:46:14,000

bolts if someone came out tomorrow and

1349

00:46:18,950 --> 00:46:16,079

claimed that they had uh nuts and bolts

1350

00:46:19,829 --> 00:46:18,960

craft hidden away in the mojave desert

1351  
00:46:21,829 --> 00:46:19,839  
and they were going to lead an

1352  
00:46:24,069 --> 00:46:21,839  
expedition to there and they were going

1353  
00:46:25,750 --> 00:46:24,079  
to do it via twitter poll and everything

1354  
00:46:27,990 --> 00:46:25,760  
that's happened so far happened with

1355  
00:46:30,470 --> 00:46:28,000  
that doesn't matter it's blue aliens

1356  
00:46:32,230 --> 00:46:30,480  
hiding in a cave or if it was a ufo that

1357  
00:46:33,510 --> 00:46:32,240  
was crashed in a cave

1358  
00:46:36,230 --> 00:46:33,520  
just the way the whole thing's been

1359  
00:46:38,230 --> 00:46:36,240  
handled and how it's how it's unfolded

1360  
00:46:39,829 --> 00:46:38,240  
has been awful and i think there are

1361  
00:46:43,349 --> 00:46:39,839  
just people now who are looking to jump

1362  
00:46:45,270 --> 00:46:43,359  
on the bandwagon of can i grab anjali

1363  
00:46:47,670 --> 00:46:45,280

for an interview because people will

1364

00:46:49,430 --> 00:46:47,680

find my channel or podcast

1365

00:46:51,270 --> 00:46:49,440

and it's just it's just poor and that

1366

00:46:53,270 --> 00:46:51,280

goes for for anyone who just quotes

1367

00:46:55,030 --> 00:46:53,280

controversy in this subject

1368

00:46:56,630 --> 00:46:55,040

i think people see that we tend to leave

1369

00:46:58,230 --> 00:46:56,640

it alone

1370

00:47:00,069 --> 00:46:58,240

yeah yeah i think i think you're right

1371

00:47:02,870 --> 00:47:00,079

there i think like best case scenario

1372

00:47:05,750 --> 00:47:02,880

it's a it's a scam the worst case is you

1373

00:47:08,069 --> 00:47:05,760

know you know someone's a little

1374

00:47:10,950 --> 00:47:08,079

not not stable or something so i think

1375

00:47:13,109 --> 00:47:10,960

like it's a it's a tough thing to

1376

00:47:15,430 --> 00:47:13,119

to have a go at like yeah i think and

1377

00:47:17,030 --> 00:47:15,440

whatever it is where you can yeah that's

1378

00:47:21,270 --> 00:47:17,040

it

1379

00:47:23,589 --> 00:47:21,280

yeah if something happens down the line

1380

00:47:25,270 --> 00:47:23,599

that and i would love my my ultimate

1381

00:47:27,109 --> 00:47:25,280

outcome for this would be sometime down

1382

00:47:30,069 --> 00:47:27,119

the line and jolly comes back on twitter

1383

00:47:32,950 --> 00:47:30,079

and says i've got george knapp jeremy

1384

00:47:35,510 --> 00:47:32,960

corbell louis elizondo chris melon jimmy

1385

00:47:37,589 --> 00:47:35,520

church richard dolan and neil degrasse

1386

00:47:39,190 --> 00:47:37,599

tyson all coming with me to the mojave

1387

00:47:41,829 --> 00:47:39,200

tomorrow and we're going to meet the

1388

00:47:43,270 --> 00:47:41,839

aliens fantastic and it happens and they

1389

00:47:45,270 --> 00:47:43,280

do

1390

00:47:46,950 --> 00:47:45,280

and they come out and something happens

1391

00:47:49,510 --> 00:47:46,960

from there that would be brilliant is

1392

00:47:51,349 --> 00:47:49,520

that going to happen

1393

00:47:53,190 --> 00:47:51,359

almost guarantee it won't

1394

00:47:55,430 --> 00:47:53,200

as much like playhood as everton winning

1395

00:47:56,950 --> 00:47:55,440

the league this season so that's

1396

00:47:58,069 --> 00:47:56,960

there's a chance there's a chance yeah

1397

00:47:58,870 --> 00:47:58,079

that's it

1398

00:48:01,910 --> 00:47:58,880

so

1399

00:48:03,030 --> 00:48:01,920

where we're at with that but look

1400

00:48:04,069 --> 00:48:03,040

michael we've run out of time we're

1401  
00:48:04,950 --> 00:48:04,079  
going to have to get onto our next

1402  
00:48:06,390 --> 00:48:04,960  
caller

1403  
00:48:07,910 --> 00:48:06,400  
great points to bring up because we

1404  
00:48:09,190 --> 00:48:07,920  
haven't managed to talk about those and

1405  
00:48:11,190 --> 00:48:09,200  
i think it's some really good stuff to

1406  
00:48:12,549 --> 00:48:11,200  
bring up and it's very timely as well so

1407  
00:48:13,910 --> 00:48:12,559  
good talking with you michael and make

1408  
00:48:16,309 --> 00:48:13,920  
sure you call in again next time okay

1409  
00:48:18,069 --> 00:48:16,319  
yeah you too cheers guys cheers

1410  
00:48:21,270 --> 00:48:18,079  
cheers

1411  
00:48:23,430 --> 00:48:21,280  
next up we have a regular contributor to

1412  
00:48:25,190 --> 00:48:23,440  
various different uh streams that we

1413  
00:48:26,230 --> 00:48:25,200

have we've got dave smeather steve how

1414

00:48:27,990 --> 00:48:26,240

are we doing

1415

00:48:31,510 --> 00:48:28,000

oh i'm doing great good to see you good

1416

00:48:33,270 --> 00:48:31,520

to see dan as well very good yes

1417

00:48:34,950 --> 00:48:33,280

dave can i just tell you i feel more

1418

00:48:37,510 --> 00:48:34,960

honoured than chris playing tonight i'm

1419

00:48:39,510 --> 00:48:37,520

obviously more important but dan

1420

00:48:42,230 --> 00:48:39,520

you're here as well marvellous

1421

00:48:44,790 --> 00:48:42,240

i every time i'm editing i always cringe

1422

00:48:46,710 --> 00:48:44,800

because andy you know he'll often use

1423

00:48:48,470 --> 00:48:46,720

that with people and i'm like it's not

1424

00:48:49,910 --> 00:48:48,480

that at all i had stuff to do you know i

1425

00:48:51,589 --> 00:48:49,920

have mad respect for chris and what he

1426

00:48:53,670 --> 00:48:51,599

does well he's not me you need to

1427

00:48:55,190 --> 00:48:53,680

convince chris not me

1428

00:48:56,790 --> 00:48:55,200

for the sound of it

1429

00:49:01,030 --> 00:48:56,800

for anyone who's not heard that yet on

1430

00:49:02,549 --> 00:49:01,040

the kgra show uh on the 5th of november

1431

00:49:04,549 --> 00:49:02,559

uh interviewed chris plain who's the

1432

00:49:06,790 --> 00:49:04,559

head science writer at the debrief that

1433

00:49:08,870 --> 00:49:06,800

will go out on the the free feed in the

1434

00:49:09,990 --> 00:49:08,880

main feed in a couple of weeks time but

1435

00:49:11,750 --> 00:49:10,000

uh yeah if you want to check that one

1436

00:49:13,190 --> 00:49:11,760

out it's on the kgra youtube channel

1437

00:49:15,030 --> 00:49:13,200

just know that's what dave's referencing

1438

00:49:16,470 --> 00:49:15,040

but it was a good talk i liked chris

1439

00:49:18,390 --> 00:49:16,480

good speaking with him

1440

00:49:20,710 --> 00:49:18,400

i thought he was brilliant actually he

1441

00:49:22,790 --> 00:49:20,720

it was really good fantastic i thought i

1442

00:49:24,870 --> 00:49:22,800

thought he was excellent so well worth

1443

00:49:26,549 --> 00:49:24,880

listening to anyway he i didn't realize

1444

00:49:28,230 --> 00:49:26,559

what a range he had and

1445

00:49:29,589 --> 00:49:28,240

where he was coming from in the field so

1446

00:49:32,390 --> 00:49:29,599

because i thought he was like a bit more

1447

00:49:34,150 --> 00:49:32,400

conservative science guy but he he's got

1448

00:49:35,670 --> 00:49:34,160

both i thought he was really i thought

1449

00:49:37,430 --> 00:49:35,680

he'd come over really well anyway oh

1450

00:49:38,630 --> 00:49:37,440

there you go no and dave you said some

1451  
00:49:40,870 --> 00:49:38,640  
nice things about that interview because

1452  
00:49:42,470 --> 00:49:40,880  
i know you'd heard chris before and uh

1453  
00:49:43,589 --> 00:49:42,480  
you'd got in touch with me asking me to

1454  
00:49:45,270 --> 00:49:43,599  
make it uh

1455  
00:49:46,950 --> 00:49:45,280  
to make sure it wasn't a comedy show i

1456  
00:49:48,630 --> 00:49:46,960  
think was pretty much your words and i

1457  
00:49:50,790 --> 00:49:48,640  
was like i don't worry well we do our

1458  
00:49:52,069 --> 00:49:50,800  
own styles don't we so i'm glad i'm glad

1459  
00:49:53,910 --> 00:49:52,079  
it worked out chris was a good guy to

1460  
00:49:55,430 --> 00:49:53,920  
talk to he's a funny guy too and you do

1461  
00:49:57,670 --> 00:49:55,440  
need that kind of sense of humor i think

1462  
00:50:00,549 --> 00:49:57,680  
in the subject to make it and last on it

1463  
00:50:02,470 --> 00:50:00,559

so um yeah it's good to have chris

1464

00:50:04,549 --> 00:50:02,480

he was a bit giddy wanting on the ucr

1465

00:50:06,309 --> 00:50:04,559

one on my knife i thought that but there

1466

00:50:08,950 --> 00:50:06,319

was a bit of a couple of sentences away

1467

00:50:11,349 --> 00:50:08,960

from a chorus line there anyway

1468

00:50:13,829 --> 00:50:11,359

i see lou doing the jazz hands as he saw

1469

00:50:15,270 --> 00:50:13,839

goes but uh but but i mean it was all

1470

00:50:16,870 --> 00:50:15,280

right on that they were just all new

1471

00:50:18,710 --> 00:50:16,880

each other didn't they but yeah high

1472

00:50:20,870 --> 00:50:18,720

energy high energy

1473

00:50:22,150 --> 00:50:20,880

yeah that's we we're like the uk version

1474

00:50:24,710 --> 00:50:22,160

which are much more polite and low

1475

00:50:26,309 --> 00:50:24,720

energy that's what it is

1476

00:50:28,309 --> 00:50:26,319

more miserable that's exactly what it is

1477

00:50:29,670 --> 00:50:28,319

yeah um listen dave what do you want to

1478

00:50:31,190 --> 00:50:29,680

talk about the floor is yours i've got

1479

00:50:33,109 --> 00:50:31,200

two things which are that i think the

1480

00:50:35,270 --> 00:50:33,119

contrasting sort of thing where we are

1481

00:50:36,950 --> 00:50:35,280

in the field at the moment uh i'll let

1482

00:50:38,470 --> 00:50:36,960

you we won't not hit you but i should

1483

00:50:39,910 --> 00:50:38,480

tell you one first then the other but

1484

00:50:41,510 --> 00:50:39,920

i'll try to be brief because i know

1485

00:50:43,190 --> 00:50:41,520

time's always pressing

1486

00:50:45,349 --> 00:50:43,200

the first one is an obvious one the

1487

00:50:46,470 --> 00:50:45,359

pivotal change in this legislation we've

1488

00:50:48,630 --> 00:50:46,480

sent it to

1489

00:50:49,990 --> 00:50:48,640

is it galley galley brand

1490

00:50:54,069 --> 00:50:50,000

yeah

1491

00:50:55,349 --> 00:50:54,079

a presidential hopeful as i'm sure you

1492

00:50:57,349 --> 00:50:55,359

all know this

1493

00:50:58,710 --> 00:50:57,359

uh or a candidate i think she's got

1494

00:51:00,630 --> 00:50:58,720

linked to

1495

00:51:03,109 --> 00:51:00,640

the democrats there possibly links to

1496

00:51:04,950 --> 00:51:03,119

chris mellon armed services committee

1497

00:51:07,270 --> 00:51:04,960

intelligence committee

1498

00:51:09,190 --> 00:51:07,280

so this idea of the azro office a beefed

1499

00:51:10,549 --> 00:51:09,200

up link between the intelligence and

1500

00:51:12,870 --> 00:51:10,559

defense

1501

00:51:15,109 --> 00:51:12,880

possibly nominated members

1502

00:51:17,430 --> 00:51:15,119

could i see lou and chris on there or

1503

00:51:19,589 --> 00:51:17,440

who knows the nuclear thing where we see

1504

00:51:21,430 --> 00:51:19,599

the doe pulled in

1505

00:51:23,750 --> 00:51:21,440

stuff around the public reports it was a

1506

00:51:25,589 --> 00:51:23,760

real for me a big step change

1507

00:51:27,430 --> 00:51:25,599

or it could be a pivotal change in what

1508

00:51:29,190 --> 00:51:27,440

happens assuming it's not opposed which

1509

00:51:30,470 --> 00:51:29,200

it looks like it so i just wonder what

1510

00:51:32,630 --> 00:51:30,480

you guys

1511

00:51:34,470 --> 00:51:32,640

thought about that you know

1512

00:51:37,829 --> 00:51:34,480

dan made a good point earlier that he

1513

00:51:39,990 --> 00:51:37,839

sees like this subject and this topic

1514

00:51:41,990 --> 00:51:40,000

seems to be very bipartisan

1515

00:51:43,349 --> 00:51:42,000

and it doesn't seem to be getting any

1516

00:51:45,109 --> 00:51:43,359

fight back does it from either side

1517

00:51:46,870 --> 00:51:45,119

whether it's a democrat or a republican

1518

00:51:49,670 --> 00:51:46,880

that's putting putting these notions

1519

00:51:52,230 --> 00:51:49,680

forward or talking about ufos uap

1520

00:51:54,390 --> 00:51:52,240

you know exotic technologies

1521

00:51:57,030 --> 00:51:54,400

they don't seem to be using it as yet

1522

00:51:59,750 --> 00:51:57,040

anyway in any sort of

1523

00:52:01,670 --> 00:51:59,760

trash talking or talking down or what

1524

00:52:03,589 --> 00:52:01,680

will be interesting i suppose is when

1525

00:52:05,270 --> 00:52:03,599

when election times come up

1526

00:52:06,470 --> 00:52:05,280

if any of these people

1527

00:52:08,950 --> 00:52:06,480

that have been talking about this you

1528

00:52:11,270 --> 00:52:08,960

know like a rubio or a warner or a gila

1529

00:52:13,349 --> 00:52:11,280

brand or or anyone involved in this

1530

00:52:15,589 --> 00:52:13,359

subject who has put these forward if

1531

00:52:17,270 --> 00:52:15,599

it's used against them by

1532

00:52:19,190 --> 00:52:17,280

their their colleagues should be running

1533

00:52:21,190 --> 00:52:19,200

opposing them because i think that for

1534

00:52:23,750 --> 00:52:21,200

me would show and be a big telltale sign

1535

00:52:27,589 --> 00:52:25,990

dad can you imagine like

1536

00:52:29,510 --> 00:52:27,599

if someone did use that against them i

1537

00:52:31,270 --> 00:52:29,520

can just see rubio you know turning it

1538

00:52:33,589 --> 00:52:31,280

back on him because of the way that he's

1539

00:52:34,870 --> 00:52:33,599

been using the language to talk about

1540

00:52:37,030 --> 00:52:34,880

uap

1541

00:52:39,109 --> 00:52:37,040

you know he wouldn't say oh so you don't

1542

00:52:40,630 --> 00:52:39,119

believe in uap he would say oh so you

1543

00:52:43,270 --> 00:52:40,640

don't think we should have

1544

00:52:45,270 --> 00:52:43,280

uh control over our skies that that

1545

00:52:47,190 --> 00:52:45,280

would be and people would have to be

1546

00:52:50,230 --> 00:52:47,200

crazy to disagree so i can almost see

1547

00:52:51,750 --> 00:52:50,240

what how they would respond already um

1548

00:52:53,190 --> 00:52:51,760

what i would love to see dan is actually

1549

00:52:54,470 --> 00:52:53,200

rubio just say to him come here for a

1550

00:52:56,470 --> 00:52:54,480

minute and he gets out his phone just

1551  
00:52:58,549 --> 00:52:56,480  
says watch watch this quick video and

1552  
00:52:59,910 --> 00:52:58,559  
they just go oh yeah i agree we have to

1553  
00:53:01,430 --> 00:52:59,920  
do more about this and i think we need

1554  
00:53:03,109 --> 00:53:01,440  
briefings and

1555  
00:53:04,470 --> 00:53:03,119  
absolutely that that's the other thing

1556  
00:53:06,390 --> 00:53:04,480  
everyone that's come out with these

1557  
00:53:08,069 --> 00:53:06,400  
briefings seems to be

1558  
00:53:10,069 --> 00:53:08,079  
more convinced than they were before and

1559  
00:53:12,069 --> 00:53:10,079  
they they don't come out going ah

1560  
00:53:13,829 --> 00:53:12,079  
actually i kind of agree with nick west

1561  
00:53:16,069 --> 00:53:13,839  
you know they they're not being briefed

1562  
00:53:17,589 --> 00:53:16,079  
on balloons they're being briefed on

1563  
00:53:20,630 --> 00:53:17,599

these incredible

1564

00:53:21,910 --> 00:53:20,640

and on our

1565

00:53:24,309 --> 00:53:21,920

i don't know if it would be out by now

1566

00:53:26,710 --> 00:53:24,319

but and andy and i did a

1567

00:53:28,710 --> 00:53:26,720

new show and i was saying that they only

1568

00:53:30,309 --> 00:53:28,720

tend to ask

1569

00:53:31,430 --> 00:53:30,319

the things that they know

1570

00:53:34,390 --> 00:53:31,440

already

1571

00:53:35,670 --> 00:53:34,400

so if there's a bunch of um

1572

00:53:39,190 --> 00:53:35,680

you know if there's a bunch of data on

1573

00:53:41,430 --> 00:53:39,200

biological issues um and a call for a

1574

00:53:43,190 --> 00:53:41,440

public advisory committee 25 people from

1575

00:53:45,109 --> 00:53:43,200

all these different institutions i

1576

00:53:47,349 --> 00:53:45,119

imagine those people are already talking

1577

00:53:48,230 --> 00:53:47,359

and they just want to formalize

1578

00:53:49,829 --> 00:53:48,240

yeah

1579

00:53:52,069 --> 00:53:49,839

did you see i thought it was interesting

1580

00:53:54,309 --> 00:53:52,079

to tom is it tom rogan the article he

1581

00:53:56,390 --> 00:53:54,319

did in the washington examiner where

1582

00:53:58,630 --> 00:53:56,400

he's virtually saying well if you you

1583

00:54:02,150 --> 00:54:00,390

basically if you you're not a serious

1584

00:54:04,549 --> 00:54:02,160

mainstream journalist if you don't think

1585

00:54:06,470 --> 00:54:04,559

peop craft buzzing your nuclear weapons

1586

00:54:09,030 --> 00:54:06,480

is uh you know he's not an issue to

1587

00:54:11,190 --> 00:54:09,040

report on and i think it was uh was it i

1588

00:54:12,950 --> 00:54:11,200

can't remember his name uh

1589

00:54:14,549 --> 00:54:12,960

anyway another guy he wrote he virtually

1590

00:54:16,630 --> 00:54:14,559

threw down the gauntlet to the media

1591

00:54:18,710 --> 00:54:16,640

mainstream media to do it so i think

1592

00:54:20,710 --> 00:54:18,720

that's exactly what he'd say rubio i

1593

00:54:22,950 --> 00:54:20,720

think that you're exactly right there i

1594

00:54:25,190 --> 00:54:22,960

i just thought it was a i thought it was

1595

00:54:27,030 --> 00:54:25,200

potentially really important

1596

00:54:28,630 --> 00:54:27,040

and i was thinking for senator

1597

00:54:30,630 --> 00:54:28,640

gallibrand it might be quite interesting

1598

00:54:32,549 --> 00:54:30,640

on a presidential cv at some point in

1599

00:54:35,030 --> 00:54:32,559

the very distant future to have

1600

00:54:37,190 --> 00:54:35,040

pioneered this issue so that was awesome

1601  
00:54:39,349 --> 00:54:37,200  
we never know what you might see

1602  
00:54:41,030 --> 00:54:39,359  
yeah absolutely the politicians pick up

1603  
00:54:42,470 --> 00:54:41,040  
these hot button issues all the time and

1604  
00:54:44,390 --> 00:54:42,480  
this is growing and growing and growing

1605  
00:54:47,510 --> 00:54:44,400  
and growing i i know when we had that

1606  
00:54:48,549 --> 00:54:47,520  
first bit of legislation um

1607  
00:54:51,510 --> 00:54:48,559  
last year

1608  
00:54:53,829 --> 00:54:51,520  
we we all realized that

1609  
00:54:56,470 --> 00:54:53,839  
the youtube videos of like flyer and

1610  
00:54:57,670 --> 00:54:56,480  
gimbal and go fast all have enough views

1611  
00:55:00,069 --> 00:54:57,680  
now that

1612  
00:55:01,750 --> 00:55:00,079  
if each of those people voted

1613  
00:55:03,750 --> 00:55:01,760

it could swing the election

1614

00:55:05,109 --> 00:55:03,760

and that was last year

1615

00:55:07,109 --> 00:55:05,119

so

1616

00:55:08,549 --> 00:55:07,119

it's it's just snowballing that was the

1617

00:55:10,309 --> 00:55:08,559

phrase someone used earlier it's

1618

00:55:12,309 --> 00:55:10,319

absolutely snowballing into something

1619

00:55:13,670 --> 00:55:12,319

really big and and the people who aren't

1620

00:55:17,670 --> 00:55:13,680

following along

1621

00:55:20,710 --> 00:55:17,680

um are in for a bit of an awakening

1622

00:55:22,230 --> 00:55:20,720

not to use a loaded term

1623

00:55:23,990 --> 00:55:22,240

shall i get onto the other thing andy

1624

00:55:25,829 --> 00:55:24,000

just conscious of time oh please dave

1625

00:55:27,270 --> 00:55:25,839

yeah please we've got frank uh frank

1626

00:55:29,030 --> 00:55:27,280

will be on with him soon but yeah go on

1627

00:55:31,510 --> 00:55:29,040

dave the time is still yours

1628

00:55:33,190 --> 00:55:31,520

i i should uh i've written this down so

1629

00:55:36,870 --> 00:55:33,200

because it was a bit of a tongue twister

1630

00:55:38,870 --> 00:55:36,880

has lou gone woo and should we too

1631

00:55:41,750 --> 00:55:38,880

uh

1632

00:55:43,829 --> 00:55:41,760

because i think he's talked about dna

1633

00:55:46,309 --> 00:55:43,839

with the middle of the food chain

1634

00:55:47,910 --> 00:55:46,319

ancient civilizations possibly past ones

1635

00:55:49,109 --> 00:55:47,920

and does the atlantis connection well he

1636

00:55:51,109 --> 00:55:49,119

hasn't said that obviously i know he

1637

00:55:53,270 --> 00:55:51,119

answered that dimensional reality

1638

00:55:54,950 --> 00:55:53,280

possibly another race

1639

00:55:57,510 --> 00:55:54,960

so i wondered if there was a new

1640

00:56:00,549 --> 00:55:57,520

narrative sort of emerging and we've got

1641

00:56:03,270 --> 00:56:00,559

john ramirez he's almost a link between

1642

00:56:05,510 --> 00:56:03,280

uh lou and tom delonge you know that

1643

00:56:06,789 --> 00:56:05,520

sort of woo and sort of tired

1644

00:56:09,349 --> 00:56:06,799

intelligence

1645

00:56:11,270 --> 00:56:09,359

and then from uh what's exo academy and

1646

00:56:12,789 --> 00:56:11,280

then ross coulthard we've got this

1647

00:56:14,630 --> 00:56:12,799

really weird stuff for this time

1648

00:56:17,270 --> 00:56:14,640

traveler stuff coming in

1649

00:56:18,630 --> 00:56:17,280

and even this cataclysm stuff so

1650

00:56:20,390 --> 00:56:18,640

i feel like he's you're not you're

1651  
00:56:21,829 --> 00:56:20,400  
almost being dragged down this side not

1652  
00:56:23,750 --> 00:56:21,839  
rabbit hole but it's a rabbit hole

1653  
00:56:26,309 --> 00:56:23,760  
that's got some a bit of

1654  
00:56:27,910 --> 00:56:26,319  
heft behind it really so i just wondered

1655  
00:56:29,510 --> 00:56:27,920  
what you thought about lou going wu

1656  
00:56:32,390 --> 00:56:29,520  
which i don't think he is but he's going

1657  
00:56:34,470 --> 00:56:32,400  
down a bit and generally

1658  
00:56:35,910 --> 00:56:34,480  
he's taking a bit of a left turn soon in

1659  
00:56:37,510 --> 00:56:35,920  
some ways the topic recently i was

1660  
00:56:39,270 --> 00:56:37,520  
wondering what you thought

1661  
00:56:40,309 --> 00:56:39,280  
oh yeah well left turn but an

1662  
00:56:42,549 --> 00:56:40,319  
interesting

1663  
00:56:45,190 --> 00:56:42,559

dan let me let me just say this then i

1664

00:56:46,630 --> 00:56:45,200

think that um the term were for a start

1665

00:56:48,549 --> 00:56:46,640

i know some people don't like it because

1666

00:56:51,109 --> 00:56:48,559

they think it's derogatory to

1667

00:56:52,630 --> 00:56:51,119

you pooing some of the more out there

1668

00:56:53,910 --> 00:56:52,640

stuff involved in the subject i don't

1669

00:56:56,630 --> 00:56:53,920

mind it because i think right now it

1670

00:56:58,789 --> 00:56:56,640

separates the nuts and bolts to the

1671

00:57:00,789 --> 00:56:58,799

spiritual ethereal

1672

00:57:02,470 --> 00:57:00,799

multi-dimensional interdimensional

1673

00:57:04,309 --> 00:57:02,480

aspect of the conversation so i don't

1674

00:57:05,910 --> 00:57:04,319

mind using wou and if anyone hears me

1675

00:57:07,990 --> 00:57:05,920

say wow that's what i mean and that's so

1676  
00:57:09,589 --> 00:57:08,000  
that's what dave means i'm sure as well

1677  
00:57:13,349 --> 00:57:09,599  
um i think

1678  
00:57:14,390 --> 00:57:13,359  
it's just a way of people like lou

1679  
00:57:16,870 --> 00:57:14,400  
getting

1680  
00:57:19,190 --> 00:57:16,880  
different language and different ideas

1681  
00:57:21,670 --> 00:57:19,200  
into the conversation because it has to

1682  
00:57:23,270 --> 00:57:21,680  
move down the line i've said before i

1683  
00:57:26,230 --> 00:57:23,280  
think a couple of years ago when you saw

1684  
00:57:27,990 --> 00:57:26,240  
ludo his first interviews on uh on

1685  
00:57:30,950 --> 00:57:28,000  
various like you know channels like fox

1686  
00:57:32,630 --> 00:57:30,960  
or unidentified on history channel you

1687  
00:57:35,030 --> 00:57:32,640  
saw him use certain language certain

1688  
00:57:37,910 --> 00:57:35,040

terminology and and he stayed away from

1689

00:57:40,230 --> 00:57:37,920

opinion even back then i know he still

1690

00:57:41,990 --> 00:57:40,240

generally veers away from opinion now

1691

00:57:44,230 --> 00:57:42,000

but i have i have heard him more and

1692

00:57:45,430 --> 00:57:44,240

more say i just want to clarify this is

1693

00:57:47,589 --> 00:57:45,440

my opinion

1694

00:57:49,589 --> 00:57:47,599

and then give opinion so

1695

00:57:51,910 --> 00:57:49,599

i think he's just opening up different

1696

00:57:54,390 --> 00:57:51,920

conversations and like i've said to dan

1697

00:57:57,510 --> 00:57:54,400

i am no expert in people's ndas

1698

00:57:59,750 --> 00:57:57,520

but if i was under an nda for something

1699

00:58:01,829 --> 00:57:59,760

as sensitive as this but i was still

1700

00:58:03,349 --> 00:58:01,839

trying to have the conversation

1701

00:58:05,349 --> 00:58:03,359

why wouldn't you throw out a little bit

1702

00:58:07,750 --> 00:58:05,359

of opinion that's wrong with a little

1703

00:58:09,670 --> 00:58:07,760

bit of opinion that has some aspects of

1704

00:58:12,309 --> 00:58:09,680

truth to it because i'm sure that would

1705

00:58:13,829 --> 00:58:12,319

be a way to keep the waters murky enough

1706

00:58:17,270 --> 00:58:13,839

that you can have a bit more of a

1707

00:58:18,549 --> 00:58:17,280

conversation to suggest a which is

1708

00:58:21,270 --> 00:58:18,559

kinda right

1709

00:58:22,870 --> 00:58:21,280

or b which is kinda wrong but you put

1710

00:58:24,230 --> 00:58:22,880

them both out there and you let people

1711

00:58:26,390 --> 00:58:24,240

kind of make up their own mind and i

1712

00:58:27,349 --> 00:58:26,400

think like i said before with with tom

1713

00:58:31,670 --> 00:58:27,359

delong

1714

00:58:34,549 --> 00:58:31,680

loved my jigsaw analogy didn't they tom

1715

00:58:36,950 --> 00:58:34,559

delong has a 100 piece jigsaw with half

1716

00:58:38,230 --> 00:58:36,960

the pieces missing and he's scrambling

1717

00:58:40,390 --> 00:58:38,240

about trying to work out what the

1718

00:58:42,470 --> 00:58:40,400

picture is and he fills in the blanks

1719

00:58:45,030 --> 00:58:42,480

himself i think what lou does now and

1720

00:58:46,549 --> 00:58:45,040

again is give you an extra jigsaw piece

1721

00:58:51,190 --> 00:58:46,559

and it just makes the picture a little

1722

00:58:56,150 --> 00:58:54,150

yeah for sure it's we almost have to

1723

00:58:58,309 --> 00:58:56,160

consider as well the implications of

1724

00:59:00,150 --> 00:58:58,319

slide nine and everything listed on that

1725

00:59:03,270 --> 00:59:00,160

slide nine was part of a briefing

1726

00:59:06,950 --> 00:59:03,280

presentation um that had some really

1727

00:59:09,589 --> 00:59:06,960

kind of woo stuff on it um

1728

00:59:10,870 --> 00:59:09,599

i i think we're being slowly walked kind

1729

00:59:11,990 --> 00:59:10,880

of through

1730

00:59:13,349 --> 00:59:12,000

through

1731

00:59:14,630 --> 00:59:13,359

when when the community got their hands

1732

00:59:16,789 --> 00:59:14,640

on slide 9 there were a lot of

1733

00:59:18,470 --> 00:59:16,799

conversations about what the contents of

1734

00:59:21,109 --> 00:59:18,480

it meant

1735

00:59:23,109 --> 00:59:21,119

it's a lot to digest and it's a huge

1736

00:59:25,109 --> 00:59:23,119

paradigm shift to realize that that

1737

00:59:26,470 --> 00:59:25,119

stuff is all real

1738

00:59:28,950 --> 00:59:26,480

so i think

1739

00:59:30,870 --> 00:59:28,960

this stuff isn't necessarily new if you

1740

00:59:33,030 --> 00:59:30,880

were kind of knee-deep in this you you

1741

00:59:35,030 --> 00:59:33,040

had an inclination it was going this way

1742

00:59:37,349 --> 00:59:35,040

but it's certainly new to the mainstream

1743

00:59:41,190 --> 00:59:37,359

conversation that lou's been having

1744

00:59:42,950 --> 00:59:41,200

and i i just say if if people want to

1745

00:59:45,430 --> 00:59:42,960

you know get get a little further ahead

1746

00:59:47,750 --> 00:59:45,440

again um to listen to the breadcrumbs

1747

00:59:49,430 --> 00:59:47,760

and and go off in on those threads that

1748

00:59:50,390 --> 00:59:49,440

lou talks about and

1749

00:59:52,309 --> 00:59:50,400

you know

1750

00:59:55,190 --> 00:59:52,319

feed your curiosity and see where it

1751

00:59:59,349 --> 00:59:57,910

yeah i mean it it is going i know what

1752

01:00:00,950 --> 00:59:59,359

you mean about him raising other things

1753

01:00:02,870 --> 01:00:00,960

and you're right but it does seem to be

1754

01:00:04,789 --> 01:00:02,880

going in a particular

1755

01:00:07,589 --> 01:00:04,799

direction doesn't it it's not like a

1756

01:00:09,670 --> 01:00:07,599

random throwing out different ideas

1757

01:00:12,309 --> 01:00:09,680

as it like in a seminar there is things

1758

01:00:14,150 --> 01:00:12,319

about human origins

1759

01:00:15,510 --> 01:00:14,160

about you know but a few other things

1760

01:00:17,270 --> 01:00:15,520

that i thought were quite interesting

1761

01:00:19,430 --> 01:00:17,280

and i do think when you hear ross cole

1762

01:00:21,030 --> 01:00:19,440

start saying things about these what the

1763

01:00:23,349 --> 01:00:21,040

other intelligence community people are

1764

01:00:25,109 --> 01:00:23,359

saying it's uh i don't know what i mean

1765

01:00:27,430 --> 01:00:25,119

there's maybe there's just a bit of a

1766

01:00:29,109 --> 01:00:27,440

what's the word a churn of ideas going

1767

01:00:30,710 --> 01:00:29,119

around there and people are

1768

01:00:33,670 --> 01:00:30,720

sort of throwing there too penetrating i

1769

01:00:37,829 --> 01:00:35,750

we've got to keep every possibility on

1770

01:00:39,030 --> 01:00:37,839

the table until it's proved otherwise

1771

01:00:41,430 --> 01:00:39,040

and

1772

01:00:42,950 --> 01:00:41,440

before now we had humans are aliens that

1773

01:00:45,270 --> 01:00:42,960

was the box

1774

01:00:47,030 --> 01:00:45,280

and then as we know we had crypto

1775

01:00:48,710 --> 01:00:47,040

terrestrials ultra-terrestrials all

1776

01:00:50,390 --> 01:00:48,720

these other possibilities and now we're

1777

01:00:52,710 --> 01:00:50,400

getting even more possibilities come

1778

01:00:54,470 --> 01:00:52,720

into play so i i think

1779

01:00:57,349 --> 01:00:54,480

like andy said it it's kind of

1780

01:00:59,750 --> 01:00:57,359

exercising thinking outside of the box

1781

01:01:01,750 --> 01:00:59,760

because that's that's where the reality

1782

01:01:04,069 --> 01:01:01,760

of this phenomenon is going to be

1783

01:01:06,150 --> 01:01:04,079

it doesn't fit into you know it's a

1784

01:01:08,549 --> 01:01:06,160

little green man from alpha centauri

1785

01:01:14,069 --> 01:01:08,559

that kind of feels too it doesn't fit

1786

01:01:18,390 --> 01:01:16,069

steve that's it from that's it for me

1787

01:01:21,030 --> 01:01:18,400

guys apart from bill nelson uh saying

1788

01:01:22,630 --> 01:01:21,040

it's something uh you know that that was

1789

01:01:24,630 --> 01:01:22,640

i thought that was a i thought that was

1790

01:01:26,390 --> 01:01:24,640

a good show you did by the way with that

1791

01:01:28,630 --> 01:01:26,400

but you know he could sort of he could

1792

01:01:30,470 --> 01:01:28,640

sell you anything couldn't he

1793

01:01:32,549 --> 01:01:30,480

he's an interesting guy to talk to

1794

01:01:34,069 --> 01:01:32,559

interesting auditor as they would say

1795

01:01:35,430 --> 01:01:34,079

but dave we'll leave you there mate and

1796

01:01:37,109 --> 01:01:35,440

we'll get over to frank for the last

1797

01:01:38,470 --> 01:01:37,119

call but thanks very much for calling in

1798

01:01:40,230 --> 01:01:38,480

thanks for the patience but a little bit

1799

01:01:41,190 --> 01:01:40,240

behind but always good to talk to you

1800

01:01:42,789 --> 01:01:41,200

mate

1801  
01:01:45,270 --> 01:01:42,799  
cheers guys great to talk to you see you

1802  
01:01:50,309 --> 01:01:47,670  
and to finish off after dave i can think

1803  
01:01:52,309 --> 01:01:50,319  
of no one better to have on from the ufo

1804  
01:01:53,589 --> 01:01:52,319  
thinker podcast we've got frank how we

1805  
01:01:55,270 --> 01:01:53,599  
doing frank

1806  
01:01:56,870 --> 01:01:55,280  
very well thanks

1807  
01:01:59,190 --> 01:01:56,880  
awesome what are your thoughts mate what

1808  
01:02:01,190 --> 01:01:59,200  
you're looking for the florida shows

1809  
01:02:03,029 --> 01:02:01,200  
yeah so so what i wanted to talk about

1810  
01:02:05,990 --> 01:02:03,039  
is basically

1811  
01:02:08,150 --> 01:02:06,000  
some of the incredibles megaliths and

1812  
01:02:09,430 --> 01:02:08,160  
monuments from the ancient world

1813  
01:02:11,109 --> 01:02:09,440

especially the

1814

01:02:13,750 --> 01:02:11,119

the unbelievable precision of some of

1815

01:02:16,230 --> 01:02:13,760

the enormous granite boxes in the

1816

01:02:17,990 --> 01:02:16,240

seraphim of egypt

1817

01:02:20,710 --> 01:02:18,000

kind of suggest that there may have been

1818

01:02:22,789 --> 01:02:20,720

advancements in ancient technology way

1819

01:02:24,630 --> 01:02:22,799

beyond what anybody has previously

1820

01:02:26,150 --> 01:02:24,640

understood and i was just thinking

1821

01:02:28,150 --> 01:02:26,160

perhaps there could have been some kind

1822

01:02:30,789 --> 01:02:28,160

of links to some aspects of the

1823

01:02:33,029 --> 01:02:30,799

phenomenon in our distant past which

1824

01:02:34,390 --> 01:02:33,039

perhaps made these kind of technological

1825

01:02:36,470 --> 01:02:34,400

feats possible

1826

01:02:38,150 --> 01:02:36,480

i'm not saying necessarily you know the

1827

01:02:39,589 --> 01:02:38,160

aliens built the pyramids like that

1828

01:02:41,270 --> 01:02:39,599

obviously but you know whether there may

1829

01:02:43,029 --> 01:02:41,280

be some links there and just kind of

1830

01:02:44,150 --> 01:02:43,039

wondering what you guys thoughts were on

1831

01:02:45,829 --> 01:02:44,160

that

1832

01:02:46,950 --> 01:02:45,839

i mean i'll ask you frank first off do

1833

01:02:48,630 --> 01:02:46,960

you think the aliens did build the

1834

01:02:50,470 --> 01:02:48,640

pyramids

1835

01:02:52,150 --> 01:02:50,480

no i mean i don't think it's as simple

1836

01:02:54,150 --> 01:02:52,160

as like literally you know flying

1837

01:02:56,470 --> 01:02:54,160

saucers turned up and voila there's a

1838

01:02:57,910 --> 01:02:56,480

pyramid or anything like that but maybe

1839

01:03:00,230 --> 01:02:57,920

there could have been you know there's a

1840

01:03:02,230 --> 01:03:00,240

lot of talk of like um

1841

01:03:03,829 --> 01:03:02,240

you know the consciousness aspect of the

1842

01:03:06,470 --> 01:03:03,839

phenomenon things like that perhaps

1843

01:03:08,950 --> 01:03:06,480

there's some kind of way that you know

1844

01:03:10,870 --> 01:03:08,960

if there was an ancient more advanced

1845

01:03:13,190 --> 01:03:10,880

civilization here on the on the planet

1846

01:03:15,270 --> 01:03:13,200

however long ago that was perhaps they

1847

01:03:17,430 --> 01:03:15,280

tapped into some aspect of the

1848

01:03:19,029 --> 01:03:17,440

consciousness thing and linked that with

1849

01:03:20,630 --> 01:03:19,039

technologies maybe in some way that's

1850

01:03:23,750 --> 01:03:20,640

kind of i mean i don't know but that's

1851

01:03:25,750 --> 01:03:23,760

kind of my my thoughts really so

1852

01:03:27,109 --> 01:03:25,760

yeah all all that fascinates me i've

1853

01:03:29,190 --> 01:03:27,119

talked about how as a kid i was

1854

01:03:31,510 --> 01:03:29,200

interested in egypt and how or why these

1855

01:03:33,190 --> 01:03:31,520

things may have been built and the way

1856

01:03:35,270 --> 01:03:33,200

even just the pyramids and other other

1857

01:03:37,670 --> 01:03:35,280

monoliths line up with the star systems

1858

01:03:40,230 --> 01:03:37,680

and constellations that would be so hard

1859

01:03:41,750 --> 01:03:40,240

to do now even with our technologies

1860

01:03:44,069 --> 01:03:41,760

that they they managed to do that back

1861

01:03:45,750 --> 01:03:44,079

then and i think when it comes to like

1862

01:03:47,750 --> 01:03:45,760

tech you can think about these things in

1863

01:03:50,549 --> 01:03:47,760

kind of very modern ways but

1864

01:03:53,270 --> 01:03:50,559

are there other ways these

1865

01:03:54,950 --> 01:03:53,280

objects line up for a reason

1866

01:03:57,190 --> 01:03:54,960

are they the shape they are for a reason

1867

01:03:59,109 --> 01:03:57,200

that they draw and i think it's hard not

1868

01:04:00,950 --> 01:03:59,119

to be tarnished by decades of watching

1869

01:04:02,630 --> 01:04:00,960

hollywood movies that oh yeah the

1870

01:04:04,710 --> 01:04:02,640

pyramids you know are technically could

1871

01:04:06,789 --> 01:04:04,720

be spaceships they could be channeling

1872

01:04:08,470 --> 01:04:06,799

energy they could be lining up with star

1873

01:04:12,069 --> 01:04:08,480

systems for for whatever kind of

1874

01:04:13,750 --> 01:04:12,079

mathematical reason but um

1875

01:04:15,190 --> 01:04:13,760

i don't know i think i think that's

1876

01:04:17,190 --> 01:04:15,200

definitely an aspect to it and again

1877

01:04:18,870 --> 01:04:17,200

we've talked about um the eternal's just

1878

01:04:20,870 --> 01:04:18,880

before frank the attorney's movie that

1879

01:04:22,470 --> 01:04:20,880

we've just both been easy and there's a

1880

01:04:23,349 --> 01:04:22,480

lot of themes within that that talk

1881

01:04:24,950 --> 01:04:23,359

about

1882

01:04:27,109 --> 01:04:24,960

civilizations

1883

01:04:28,150 --> 01:04:27,119

through the millennia having helped our

1884

01:04:30,309 --> 01:04:28,160

guidance

1885

01:04:32,789 --> 01:04:30,319

to allow technological advances for

1886

01:04:34,390 --> 01:04:32,799

civilizations to grow and move on

1887

01:04:36,470 --> 01:04:34,400

and i think that's

1888

01:04:38,950 --> 01:04:36,480

it would be very easy to say that

1889

01:04:41,270 --> 01:04:38,960

hollywood helps us with any kind of soft

1890

01:04:43,270 --> 01:04:41,280

disclosure because it drip feeds out

1891

01:04:45,589 --> 01:04:43,280

these ideas to the public because if you

1892

01:04:47,990 --> 01:04:45,599

were going to get new generations ready

1893

01:04:49,910 --> 01:04:48,000

for that sort of thinking or these sort

1894

01:04:50,789 --> 01:04:49,920

of ideas to come out to the mainstream

1895

01:04:52,470 --> 01:04:50,799

then

1896

01:04:55,510 --> 01:04:52,480

what better vehicle to do it through

1897

01:04:57,910 --> 01:04:55,520

than a new marvel movie where you can

1898

01:05:01,589 --> 01:04:57,920

introduce the idea to children from age

1899

01:05:03,750 --> 01:05:01,599

you know three to three to 83 where

1900

01:05:07,109 --> 01:05:03,760

you know archaeological finds in the

1901

01:05:08,549 --> 01:05:07,119

desert spaceships here interference in

1902

01:05:10,789 --> 01:05:08,559

the human genetics and human

1903

01:05:12,230 --> 01:05:10,799

civilization for thousands of years all

1904

01:05:15,109 --> 01:05:12,240

these kind of things that we hear about

1905

01:05:17,430 --> 01:05:15,119

and and ufology or ufos or aliens

1906

01:05:18,710 --> 01:05:17,440

are there in a hollywood movie

1907

01:05:20,230 --> 01:05:18,720

and i think a lot of that was really

1908

01:05:22,470 --> 01:05:20,240

interesting for me especially when you

1909

01:05:23,910 --> 01:05:22,480

see them the the huge ship comes out the

1910

01:05:25,190 --> 01:05:23,920

desert in iraq

1911

01:05:27,430 --> 01:05:25,200

and you hear about different

1912

01:05:30,390 --> 01:05:27,440

archaeological finds whether it's iraq

1913

01:05:31,670 --> 01:05:30,400

you know afghanistan antarctica and

1914

01:05:33,910 --> 01:05:31,680

it's a whole rabbit hole of a

1915

01:05:36,230 --> 01:05:33,920

conversation isn't it

1916

01:05:38,150 --> 01:05:36,240

yeah definitely and it's it's kind of

1917

01:05:40,150 --> 01:05:38,160

you know something i shied away from you

1918

01:05:42,069 --> 01:05:40,160

know years ago because of the typical

1919

01:05:43,510 --> 01:05:42,079

kind of ancient aliens thing it's not

1920

01:05:46,069 --> 01:05:43,520

necessarily something i really bought

1921

01:05:48,309 --> 01:05:46,079

into but the more i look into

1922

01:05:49,910 --> 01:05:48,319

these kind of the unbelievable precision

1923

01:05:52,069 --> 01:05:49,920

of these monuments and the way that they

1924

01:05:54,230 --> 01:05:52,079

were able to get cut so

1925

01:05:55,910 --> 01:05:54,240

so accurate and so precise even though

1926

01:05:57,750 --> 01:05:55,920

it was you know many many thousands of

1927

01:05:59,349 --> 01:05:57,760

years ago which is kind of turning out

1928

01:06:01,029 --> 01:05:59,359

to be actually many thousands of years

1929

01:06:02,789 --> 01:06:01,039

even before we thought it was you know

1930

01:06:05,029 --> 01:06:02,799

things keep getting older as graham

1931

01:06:06,710 --> 01:06:05,039

hancock always says and you know the

1932

01:06:08,390 --> 01:06:06,720

what the things louisando was talking

1933

01:06:10,390 --> 01:06:08,400

about recently about things from the

1934

01:06:11,990 --> 01:06:10,400

distant past and and all that kind of

1935

01:06:14,150 --> 01:06:12,000

ties in with it as well so it's kind of

1936

01:06:16,870 --> 01:06:14,160

reinvigorated a bit of interest for me

1937

01:06:20,470 --> 01:06:19,190

with this kind of stuff it's always

1938

01:06:22,150 --> 01:06:20,480

worth

1939

01:06:23,430 --> 01:06:22,160

you you highlighted while i thought when

1940

01:06:25,109 --> 01:06:23,440

you said you know i don't think the ufo

1941

01:06:26,309 --> 01:06:25,119

came down and there's like ropes hanging

1942

01:06:27,990 --> 01:06:26,319

off the ufo and they're picking up

1943

01:06:29,349 --> 01:06:28,000

blocks and you know transporting and

1944

01:06:30,829 --> 01:06:29,359

dropping them into place like a giant

1945

01:06:33,430 --> 01:06:30,839

jenga block

1946

01:06:35,829 --> 01:06:33,440

um it's not like that life is usually

1947

01:06:37,750 --> 01:06:35,839

more subtle and and i think it's super

1948

01:06:40,470 --> 01:06:37,760

interesting that you know we've had the

1949

01:06:43,349 --> 01:06:40,480

ideas of humans being hybrids and our

1950

01:06:44,150 --> 01:06:43,359

dna being tampered with for a long while

1951

01:06:47,990 --> 01:06:44,160

but

1952

01:06:50,069 --> 01:06:48,000

in the kind of the realistic way that it

1953

01:06:51,670 --> 01:06:50,079

could happen you know if a comet kind of

1954

01:06:54,069 --> 01:06:51,680

crashed on earth and had bacteria it

1955

01:06:56,309 --> 01:06:54,079

could affect the primates that we were

1956

01:06:58,789 --> 01:06:56,319

and kind of make us develop in this way

1957

01:07:00,950 --> 01:06:58,799

there are there are more subtle ways for

1958

01:07:03,510 --> 01:07:00,960

things like hybridization to happen with

1959

01:07:05,829 --> 01:07:03,520

the species then ancient aliens would

1960

01:07:07,829 --> 01:07:05,839

lead you to believe and and i think

1961

01:07:10,789 --> 01:07:07,839

that's probably where we're going to end

1962

01:07:11,910 --> 01:07:10,799

up kind of talking kind of like

1963

01:07:13,910 --> 01:07:11,920

even if

1964

01:07:15,750 --> 01:07:13,920

one alien came down and fell in love

1965

01:07:17,510 --> 01:07:15,760

with a woman you know it's

1966

01:07:21,589 --> 01:07:17,520

it's gonna lead to a knock-on effect on

1967

01:07:23,829 --> 01:07:21,599

the biosphere and the species um so

1968

01:07:25,589 --> 01:07:23,839

yeah it's it's very fascinating

1969

01:07:26,950 --> 01:07:25,599

especially when you consider that kind

1970

01:07:28,950 --> 01:07:26,960

of

1971

01:07:31,349 --> 01:07:28,960

like you said the precision in those

1972

01:07:33,190 --> 01:07:31,359

blocks the fact that

1973

01:07:35,750 --> 01:07:33,200

until now we haven't really had a camera

1974

01:07:38,150 --> 01:07:35,760

that could probably capture exactly how

1975

01:07:39,910 --> 01:07:38,160

precise those blocks were and now we're

1976

01:07:41,750 --> 01:07:39,920

seeing that actually the lines between

1977

01:07:43,990 --> 01:07:41,760

the blocks are kind of invisible that's

1978

01:07:45,750 --> 01:07:44,000

how precise they are and we can't match

1979

01:07:48,470 --> 01:07:45,760

them you know our level of precision

1980

01:07:49,750 --> 01:07:48,480

just isn't there so it does make me

1981

01:07:51,910 --> 01:07:49,760

wonder

1982

01:07:53,349 --> 01:07:51,920

when we'll get to that and if we'll get

1983

01:07:54,549 --> 01:07:53,359

to it as well it could have been we

1984

01:07:57,190 --> 01:07:54,559

started with fire they could have

1985

01:07:59,029 --> 01:07:57,200

started with sound and you know we go

1986

01:08:01,510 --> 01:07:59,039

off on completely different paths so

1987

01:08:03,349 --> 01:08:01,520

yeah very very interesting there's a lot

1988

01:08:06,230 --> 01:08:03,359

there to be discovered i think the the

1989

01:08:08,069 --> 01:08:06,240

mainstream story doesn't add up

1990

01:08:09,589 --> 01:08:08,079

and frank i love the idea as well that

1991

01:08:11,510 --> 01:08:09,599

an alien comes down looks at the

1992

01:08:12,549 --> 01:08:11,520

pyramids and goes you shouldn't have

1993

01:08:16,709 --> 01:08:12,559

those

1994

01:08:17,910 --> 01:08:16,719

whole other conversation that we had

1995

01:08:20,149 --> 01:08:17,920

like

1996

01:08:21,510 --> 01:08:20,159

anything else on that one frank

1997

01:08:22,709 --> 01:08:21,520

no i think that pretty much covers it

1998

01:08:25,030 --> 01:08:22,719

really it's just really interesting to

1999

01:08:26,309 --> 01:08:25,040

hear you guys thoughts on it i'd like to

2000

01:08:28,149 --> 01:08:26,319

know what have you got coming up on your

2001

01:08:29,910 --> 01:08:28,159

podcast

2002

01:08:32,470 --> 01:08:29,920

well as it happens i've actually got a

2003

01:08:33,990 --> 01:08:32,480

chris leto is going to be on the on the

2004

01:08:35,430 --> 01:08:34,000

show this coming week so we've got an

2005

01:08:37,910 --> 01:08:35,440

interview with chris which is going to

2006

01:08:39,430 --> 01:08:37,920

be uh looking forward to that one and

2007

01:08:41,110 --> 01:08:39,440

i'm i'm actually doing an interview

2008

01:08:42,309 --> 01:08:41,120

later on tonight as well funny you were

2009

01:08:45,590 --> 01:08:42,319

mentioning just before we started

2010

01:08:48,149 --> 01:08:45,600

recording about um ash ellis with the

2011

01:08:49,910 --> 01:08:48,159

uh ufo identified the the mini con in

2012

01:08:51,430 --> 01:08:49,920

preston so i'm actually doing i'm

2013

01:08:53,110 --> 01:08:51,440

actually going to be doing an interview

2014

01:08:55,749 --> 01:08:53,120

with with ash as well i'm actually on

2015

01:08:57,910 --> 01:08:55,759

his podcast so brilliant

2016

01:08:59,110 --> 01:08:57,920

yeah plenty of exciting things in the

2017

01:09:00,550 --> 01:08:59,120

pipeline

2018

01:09:02,709 --> 01:09:00,560

nice well that's good people should be

2019

01:09:04,070 --> 01:09:02,719

checking out ufo thinker podcast and

2020

01:09:06,390 --> 01:09:04,080

frank one of your listeners actually

2021

01:09:08,070 --> 01:09:06,400

came over and found our show and that

2022

01:09:09,510 --> 01:09:08,080

left us a very nice five-star review as

2023

01:09:11,990 --> 01:09:09,520

well so i appreciate that one thank you

2024

01:09:13,590 --> 01:09:12,000

very much for for the recommendation

2025

01:09:15,510 --> 01:09:13,600

oh yeah excellent that's great to hear i

2026

01:09:17,590 --> 01:09:15,520

always obviously always pick you guys up

2027

01:09:19,749 --> 01:09:17,600

you know big inspiration to even get my

2028

01:09:21,669 --> 01:09:19,759

podcast started in the first place

2029

01:09:22,429 --> 01:09:21,679

cheers podcast inception we all just

2030

01:09:25,030 --> 01:09:22,439

pass it along

2031

01:09:26,470 --> 01:09:25,040

[Laughter]

2032

01:09:27,669 --> 01:09:26,480

always good to hear from you thanks for

2033

01:09:28,550 --> 01:09:27,679

the call me and we'll speak to you again

2034

01:09:32,950 --> 01:09:28,560

soon

2035

01:09:34,950 --> 01:09:32,960

that is all for this week's show thank

2036

01:09:36,950 --> 01:09:34,960

you very much for listening please

2037

01:09:39,590 --> 01:09:36,960

remember to leave the podcaster review

2038

01:09:41,910 --> 01:09:39,600

on your chosen platform you can like

2039

01:09:43,829 --> 01:09:41,920

retweet and subscribe that would all be

2040

01:09:45,990 --> 01:09:43,839

very much appreciated the shows are

2041

01:09:47,510 --> 01:09:46,000

being uploaded onto youtube as we speak

2042

01:09:49,990 --> 01:09:47,520

more and more you can sign up at

2043

01:09:52,789 --> 01:09:50,000

patreon.com forward slash that ufo

2044

01:09:54,950 --> 01:09:52,799

podcast to access shows ad free as well

2045

01:09:57,830 --> 01:09:54,960

please get in touch on twitter facebook

2046

01:10:01,510 --> 01:09:57,840

instagram that ufo podcast of course on

2047

01:10:03,430 --> 01:10:01,520

twitter it's at ufo uap am and again

2048

01:10:06,080 --> 01:10:03,440

folks as always keep looking up you

2049

01:10:26,550 --> 01:10:06,090

never know what you might see

2050

01:10:26,560 --> 01:10:32,430

is

2051  
01:10:32,440 --> 01:10:42,229

[Music]

2052  
01:10:42,239 --> 01:10:49,170

i can't imagine

2053  
01:10:49,180 --> 01:11:03,030

[Music]

2054  
01:11:06,430 --> 01:11:04,310  
there was something on my head and

2055  
01:11:08,709 --> 01:11:06,440  
everything was weird and everything was

2056  
01:11:17,030 --> 01:11:08,719  
ready they thought this was noise they

2057  
01:11:17,040 --> 01:11:31,590  
[Music]

2058  
01:11:31,600 --> 01:11:36,810  
what's that

2059  
01:12:03,750 --> 01:11:41,430  
[Music]

2060  
01:12:11,750 --> 01:12:05,830  
what's that

2061  
01:12:13,669 --> 01:12:11,760  
[Music]

2062  
01:12:20,490 --> 01:12:13,679  
it wasn't a tic-tac and not quite a

2063  
01:12:36,340 --> 01:12:34,310

[Music]

2064

01:12:45,360 --> 01:12:36,350

it's
