ROSS COULTHART

1
00:00:00,040 --> 00:00:05,510

[Music]

2
00:00:10,950 --> 00:00:08,710

there's a whole fleet of look on the sa

3
00:00:14,310 --> 00:00:10,960

oh my gosh they're all going against the

4
00:00:18,950 --> 00:00:16,390

it was basically a cube with inside of

5
00:00:23,960 --> 00:00:18,960

sphere where the points of the cube

6
00:00:37,190 --> 00:00:33,220

[Music]

7
00:00:38,709 --> 00:00:37,200

[Applause]

8
00:00:40,950 --> 00:00:38,719

so this isn't anything that just is

9
00:00:49,510 --> 00:00:40,960

limited to the united states it's a

10
00:00:54,950 --> 00:00:52,069

hi everyone and welcome back to that ufo

11
00:00:57,110 --> 00:00:54,960

podcast we are ending 2021 with an

12
00:00:59,990 --> 00:00:57,120

absolute bang with no doubt one of the

13
00:01:01,830 --> 00:01:00,000

people of the year in terms of ufos

14

00:01:03,590 --> 00:01:01,840

returning for his second appearance on

15

00:01:05,910 --> 00:01:03,600

the podcast we have journalist and

16

00:01:08,390 --> 00:01:05,920

best-selling author ross kiltart ross

17

00:01:09,830 --> 00:01:08,400

welcome back to the podcast g'day andy

18

00:01:11,350 --> 00:01:09,840

and merry christmas to you and your

19

00:01:13,510 --> 00:01:11,360

listeners mate and i'm sorry to hear

20

00:01:16,390 --> 00:01:13,520

you've had covered the last week or so

21

00:01:18,390 --> 00:01:16,400

it's pretty rotten rotten experience

22

00:01:20,310 --> 00:01:18,400

i have it's been it's been pretty rough

23

00:01:22,230 --> 00:01:20,320

uh still coming out the other end of it

24

00:01:23,910 --> 00:01:22,240

but i've saved my energy for today to

25

00:01:26,390 --> 00:01:23,920

get this to get the most out of this

26

00:01:28,630 --> 00:01:26,400

hour with yourself ross so i appreciate

27

00:01:30,550 --> 00:01:28,640

we've got a limited time and we've got a

28

00:01:31,990 --> 00:01:30,560

lot to get through as well the listener

29

00:01:34,550 --> 00:01:32,000

questions from last time there were so

30

00:01:36,550 --> 00:01:34,560

many left over and i received again

31

00:01:39,590 --> 00:01:36,560

hundreds this time for you so we'll see

32

00:01:41,429 --> 00:01:39,600

what we can get through as best we can

33

00:01:43,350 --> 00:01:41,439

ross i want to get right into it i i've

34

00:01:46,310 --> 00:01:43,360

just rewatched your your updated

35

00:01:48,230 --> 00:01:46,320

documentary secrets of the ufos revealed

36

00:01:50,310 --> 00:01:48,240

it was available for free on youtube

37

00:01:52,230 --> 00:01:50,320

worldwide which was a huge bonus for

38

00:01:53,990 --> 00:01:52,240

everyone outside of australia we didn't

39

00:01:56,709 --> 00:01:54,000

have to go find dodgy ways of watching

40

00:01:58,230 --> 00:01:56,719

it so that was absolutely fantastic um

41

00:01:59,830 --> 00:01:58,240

one of the lines straight off the bat i

42

00:02:02,310 --> 00:01:59,840

want to talk about that jumped out to me

43

00:02:03,670 --> 00:02:02,320

ross was the host michael usher

44

00:02:05,749 --> 00:02:03,680

mentioned it was an ongoing

45

00:02:07,749 --> 00:02:05,759

investigation you were a part of and i

46

00:02:09,270 --> 00:02:07,759

think to hear that it's ongoing still is

47

00:02:11,110 --> 00:02:09,280

really promising

48

00:02:13,910 --> 00:02:11,120

are you still actively involved in

49

00:02:16,150 --> 00:02:13,920

investigating ufos like today

50

00:02:18,630 --> 00:02:16,160

andy i can tell you mate i i've never as

51
00:02:21,110 --> 00:02:18,640
a journal you kind of dream of stories

52
00:02:22,949 --> 00:02:21,120
like this i mean one because nobody else

53
00:02:24,790 --> 00:02:22,959
in the mainstream media seems to be

54
00:02:26,470 --> 00:02:24,800
digging into this yarn

55
00:02:28,949 --> 00:02:26,480
the best thing you can get as an

56
00:02:33,190 --> 00:02:28,959
investigative journalist is a ripe

57
00:02:35,350 --> 00:02:33,200
load of data and and sources providing

58
00:02:38,550 --> 00:02:35,360
you with information that nobody else is

59
00:02:40,309 --> 00:02:38,560
getting and uh it's funny because i've

60
00:02:42,229 --> 00:02:40,319
i've been getting phone calls tentative

61
00:02:43,990 --> 00:02:42,239
phone calls from mates of mine on

62
00:02:46,550 --> 00:02:44,000
newspapers there's been

63
00:02:49,110 --> 00:02:46,560

a few from the us a few from the uk and

64

00:02:50,869 --> 00:02:49,120

in fact one from russia recently

65

00:02:52,790 --> 00:02:50,879

and um they're all sort of whispering

66

00:02:55,350 --> 00:02:52,800

down my ear going oh

67

00:02:57,190 --> 00:02:55,360

you're looking at ufos and i go yeah

68

00:02:59,509 --> 00:02:57,200

yeah it's a really good story a really

69

00:03:01,670 --> 00:02:59,519

fascinating story they're all still

70

00:03:04,309 --> 00:03:01,680

worried about this ridicule factor the

71

00:03:06,550 --> 00:03:04,319

stigma and the taboo that's attached and

72

00:03:08,710 --> 00:03:06,560

i'm lucky because i no longer work in

73

00:03:11,030 --> 00:03:08,720

full-time mainstream journalism i work

74

00:03:12,790 --> 00:03:11,040

for channel 7 australia and we have a

75

00:03:14,630 --> 00:03:12,800

really good relationship as their kind

76

00:03:16,390 --> 00:03:14,640

of investigative journalist

77

00:03:18,630 --> 00:03:16,400

and i feed them the stories when i'm

78

00:03:21,110 --> 00:03:18,640

ready to feed them to them and i can

79

00:03:23,190 --> 00:03:21,120

tell you mate i have never in my

80

00:03:26,710 --> 00:03:23,200

journalistic career have

81

00:03:28,949 --> 00:03:26,720

had so many people of high caliber

82

00:03:30,949 --> 00:03:28,959

insiders offering really interesting

83

00:03:33,750 --> 00:03:30,959

information that that

84

00:03:35,270 --> 00:03:33,760

tells an awful lot about a fascinating

85

00:03:37,270 --> 00:03:35,280

subject matter and

86

00:03:39,670 --> 00:03:37,280

believe me i'm a dog on a bone on this

87

00:03:41,190 --> 00:03:39,680

one it's um it's great fun

88

00:03:43,509 --> 00:03:41,200

and as we say in the business it's a

89

00:03:46,550 --> 00:03:43,519

bloody good yarn it's it's a ripper it's

90

00:03:48,229 --> 00:03:46,560

a rip snorting story and

91

00:03:50,710 --> 00:03:48,239

uh you know you

92

00:03:52,390 --> 00:03:50,720

you chase it where it takes you and

93

00:03:54,309 --> 00:03:52,400

channel seven the people i work with in

94

00:03:56,869 --> 00:03:54,319

australia

95

00:03:59,110 --> 00:03:56,879

they want me to do other stories i i did

96

00:04:01,990 --> 00:03:59,120

over your prince andrew and his dirty

97

00:04:03,270 --> 00:04:02,000

relationship with um jeffrey epstein

98

00:04:04,070 --> 00:04:03,280

alleged

99

00:04:06,070 --> 00:04:04,080

um

100

00:04:08,390 --> 00:04:06,080

just a few weeks ago and

101
00:04:11,270 --> 00:04:08,400
i'll still be doing other stories but um

102
00:04:15,030 --> 00:04:11,280
the uap subject matter is

103
00:04:17,509 --> 00:04:15,040
an issue that has drawn more viewer

104
00:04:19,830 --> 00:04:17,519
listener reader response

105
00:04:21,830 --> 00:04:19,840
to me through all the mediums that i

106
00:04:24,070 --> 00:04:21,840
broadcast and publish on than any other

107
00:04:27,189 --> 00:04:24,080
story in my entire career

108
00:04:29,510 --> 00:04:27,199
there is a wisdom of the crowd here that

109
00:04:34,150 --> 00:04:29,520
notwithstanding that a large part of the

110
00:04:36,629 --> 00:04:34,160
mainstream media chooses to accept the

111
00:04:39,110 --> 00:04:36,639
intelligence community peddled notion

112
00:04:41,189 --> 00:04:39,120
that this is a subject for taboo stigma

113
00:04:43,430 --> 00:04:41,199

and ridicule there's a hell of a lot of

114

00:04:46,469 --> 00:04:43,440

people out there who want this subject

115

00:04:48,950 --> 00:04:46,479

treated seriously and and with some

116

00:04:51,990 --> 00:04:48,960

journalistic integrity and uh

117

00:04:54,070 --> 00:04:52,000

i'm happy to say that because i've made

118

00:04:56,390 --> 00:04:54,080

my contacts available in my book and on

119

00:04:57,749 --> 00:04:56,400

my website people are contacting me and

120

00:04:59,270 --> 00:04:57,759

they're offering

121

00:05:03,270 --> 00:04:59,280

quite interesting information and so

122

00:05:05,510 --> 00:05:03,280

yeah i will continue to pursue this

123

00:05:07,830 --> 00:05:05,520

something people struggle to grasp ross

124

00:05:11,029 --> 00:05:07,840

as when we hear about christopher mellon

125

00:05:13,350 --> 00:05:11,039

luis elizondo and others they have ndas

126
00:05:15,430 --> 00:05:13,360
non-disclosure agreements that stop them

127
00:05:18,070 --> 00:05:15,440
elaborating or going into those juicy

128
00:05:19,830 --> 00:05:18,080
details and getting those yarns

129
00:05:22,550 --> 00:05:19,840
you don't have that same restriction

130
00:05:24,790 --> 00:05:22,560
necessarily do you at what point does

131
00:05:27,590 --> 00:05:24,800
that change for you though if if next

132
00:05:29,430 --> 00:05:27,600
year ross kilter decides that ufos are

133
00:05:30,550 --> 00:05:29,440
no longer for him the story drops and

134
00:05:33,029 --> 00:05:30,560
goes cold

135
00:05:34,469 --> 00:05:33,039
what stops you spelling all the things

136
00:05:36,469 --> 00:05:34,479
you have been told that you're not able

137
00:05:39,830 --> 00:05:36,479
to come out and say

138
00:05:42,150 --> 00:05:39,840

look the the most important thing for me

139

00:05:43,830 --> 00:05:42,160

and this is a cardinal rule for any

140

00:05:44,950 --> 00:05:43,840

journalist who does his or her job

141

00:05:47,189 --> 00:05:44,960

properly

142

00:05:48,629 --> 00:05:47,199

is protecting sources

143

00:05:50,550 --> 00:05:48,639

source protection

144

00:05:51,590 --> 00:05:50,560

is absolutely

145

00:05:53,270 --> 00:05:51,600

vital

146

00:05:55,189 --> 00:05:53,280

frankly it's one of the reasons why i

147

00:05:57,590 --> 00:05:55,199

have a problem with julian assange

148

00:05:59,270 --> 00:05:57,600

because he purports to be a journalist

149

00:06:02,309 --> 00:05:59,280

but i don't think he did enough to

150

00:06:04,390 --> 00:06:02,319

protect the people in the data that he

151
00:06:06,710 --> 00:06:04,400
somewhat recklessly leaked

152
00:06:08,309 --> 00:06:06,720
and i'm not a tool of u.s intelligence

153
00:06:09,830 --> 00:06:08,319
and saying that i just think as a

154
00:06:11,909 --> 00:06:09,840
journalist it's important that we

155
00:06:13,830 --> 00:06:11,919
protect sources

156
00:06:15,270 --> 00:06:13,840
and i don't like the way that people

157
00:06:17,350 --> 00:06:15,280
like um

158
00:06:19,510 --> 00:06:17,360
uh the the sources that have leaked

159
00:06:21,110 --> 00:06:19,520
stuff to wikileaks for example have been

160
00:06:22,550 --> 00:06:21,120
screwed because their identities have

161
00:06:25,029 --> 00:06:22,560
been revealed

162
00:06:26,550 --> 00:06:25,039
often often through reckless source

163
00:06:29,270 --> 00:06:26,560

protection so

164

00:06:31,110 --> 00:06:29,280

the biggest reason for why i can't talk

165

00:06:34,469 --> 00:06:31,120

about what i

166

00:06:35,830 --> 00:06:34,479

know in entirety is because frankly i

167

00:06:37,909 --> 00:06:35,840

have to protect the people who've

168

00:06:40,469 --> 00:06:37,919

confided in me and

169

00:06:42,150 --> 00:06:40,479

that requires them saying to me

170

00:06:43,350 --> 00:06:42,160

sometimes look i'm going to tell you

171

00:06:45,110 --> 00:06:43,360

this part

172

00:06:46,710 --> 00:06:45,120

but you can only use this bit because if

173

00:06:48,390 --> 00:06:46,720

you use this bit in this bit it'll

174

00:06:50,070 --> 00:06:48,400

identify me

175

00:06:52,070 --> 00:06:50,080

and that's where we're at i mean some of

176

00:06:54,230 --> 00:06:52,080

these people are working in um

177

00:06:56,150 --> 00:06:54,240

compartmentalized programs

178

00:06:59,029 --> 00:06:56,160

they're not telling me stuff frankly

179

00:07:01,589 --> 00:06:59,039

that um reveals

180

00:07:02,629 --> 00:07:01,599

sources and well

181

00:07:04,629 --> 00:07:02,639

they're not telling me stuff that

182

00:07:07,029 --> 00:07:04,639

frankly i shouldn't really know i mean

183

00:07:08,309 --> 00:07:07,039

i'm not i'm not being told national

184

00:07:11,589 --> 00:07:08,319

secrets

185

00:07:13,430 --> 00:07:11,599

um but the reality is that um

186

00:07:15,430 --> 00:07:13,440

you know i have to protect people that's

187

00:07:16,230 --> 00:07:15,440

the fundamental concern that i have i

188

00:07:18,070 --> 00:07:16,240

mean

189

00:07:20,629 --> 00:07:18,080

all through my career i've had this

190

00:07:22,629 --> 00:07:20,639

situation i was once in a court case in

191

00:07:24,150 --> 00:07:22,639

a defamation trial where i was being

192

00:07:25,830 --> 00:07:24,160

sued

193

00:07:27,830 --> 00:07:25,840

over the um

194

00:07:30,790 --> 00:07:27,840

the veracity of

195

00:07:33,110 --> 00:07:30,800

a way i'd made an enquiry and the person

196

00:07:35,189 --> 00:07:33,120

i'd used was a cop and they'd they'd

197

00:07:37,029 --> 00:07:35,199

helped me with an inquiry and verified

198

00:07:39,430 --> 00:07:37,039

some information

199

00:07:41,510 --> 00:07:39,440

and um in order to prove the truth of

200

00:07:44,790 --> 00:07:41,520

what i said i i was being asked to

201
00:07:46,710 --> 00:07:44,800
compromise my source and

202
00:07:48,710 --> 00:07:46,720
i was told by the judge to go away and

203
00:07:50,230 --> 00:07:48,720
think about it because

204
00:07:51,909 --> 00:07:50,240
it would be a contempt of court i could

205
00:07:54,550 --> 00:07:51,919
face a criminal situation if i didn't

206
00:07:56,550 --> 00:07:54,560
reveal my source

207
00:08:00,710 --> 00:07:56,560
and so i rang my source in the break and

208
00:08:03,270 --> 00:08:00,720
i said look um i want to assure you i am

209
00:08:05,189 --> 00:08:03,280
i am absolutely going to

210
00:08:07,510 --> 00:08:05,199
do whatever it takes to protect you i

211
00:08:09,510 --> 00:08:07,520
said i won't reveal who you are

212
00:08:10,790 --> 00:08:09,520
and he cut me off and he said you know

213
00:08:14,070 --> 00:08:10,800

what ross

214

00:08:18,230 --> 00:08:16,469

he's a good guy he's quite a senior cop

215

00:08:18,869 --> 00:08:18,240

now and he said you can tell him who i

216

00:08:20,150 --> 00:08:18,879

am

217

00:08:21,830 --> 00:08:20,160

and he said if you want me to come and

218

00:08:23,189 --> 00:08:21,840

testify on your behalf i'll do that as

219

00:08:24,790 --> 00:08:23,199

well

220

00:08:26,790 --> 00:08:24,800

and it's funny because he never had to

221

00:08:28,469 --> 00:08:26,800

testify but it completely took the wind

222

00:08:30,230 --> 00:08:28,479

out of the sales of the

223

00:08:32,149 --> 00:08:30,240

the other side my adversaries in this

224

00:08:33,829 --> 00:08:32,159

court case and um

225

00:08:35,589 --> 00:08:33,839

it was a lesson to me though about the

226

00:08:37,509 --> 00:08:35,599

integrity of source protection it's

227

00:08:39,110 --> 00:08:37,519

absolutely vital and it's vital for

228

00:08:41,509 --> 00:08:39,120

people in the intelligence community as

229

00:08:44,870 --> 00:08:41,519

well you know you really have to protect

230

00:08:47,110 --> 00:08:44,880

people who are often risking their

231

00:08:48,389 --> 00:08:47,120

careers if not their lives in revealing

232

00:08:50,389 --> 00:08:48,399

what they know

233

00:08:52,389 --> 00:08:50,399

and i apologize to people that sometimes

234

00:08:54,550 --> 00:08:52,399

i can't be as candid as i'd like to be

235

00:08:57,509 --> 00:08:54,560

but there are genuine reasons for

236

00:08:59,750 --> 00:08:57,519

constraints and i understand why lou

237

00:09:01,910 --> 00:08:59,760

elizondo and christopher mellon and many

238

00:09:04,790 --> 00:09:01,920

others have got these non-disclosure

239

00:09:07,670 --> 00:09:04,800

agreements that constrain them i mean

240

00:09:09,030 --> 00:09:07,680

look frankly if this technology exists

241

00:09:10,470 --> 00:09:09,040

andy

242

00:09:12,470 --> 00:09:10,480

let's talk about it

243

00:09:14,710 --> 00:09:12,480

if there is a technology which is

244

00:09:15,750 --> 00:09:14,720

capable of harnessing the kind of energy

245

00:09:19,590 --> 00:09:15,760

systems

246

00:09:22,230 --> 00:09:19,600

we're talking about here

247

00:09:24,550 --> 00:09:22,240

i don't want that falling into the hands

248

00:09:25,990 --> 00:09:24,560

of an authoritarian dictatorship like

249

00:09:26,870 --> 00:09:26,000

russia or china

250

00:09:27,750 --> 00:09:26,880

do you

251
00:09:29,829 --> 00:09:27,760
yeah

252
00:09:31,829 --> 00:09:29,839
i mean i fully understand why it's

253
00:09:34,070 --> 00:09:31,839
necessary to protect this information

254
00:09:36,310 --> 00:09:34,080
and i've said a few times much to the

255
00:09:37,990 --> 00:09:36,320
shock of friends of mine in your um your

256
00:09:40,389 --> 00:09:38,000
world of ufology i've actually said a

257
00:09:41,269 --> 00:09:40,399
few times i completely understand

258
00:09:44,230 --> 00:09:41,279
why

259
00:09:47,269 --> 00:09:44,240
the us government is keeping what it

260
00:09:49,110 --> 00:09:47,279
knows secret uh i'm not justifying that

261
00:09:50,870 --> 00:09:49,120
behavior and i think that the level of

262
00:09:52,870 --> 00:09:50,880
secrecy is absurd

263
00:09:55,430 --> 00:09:52,880

and i think the public can handle the

264

00:09:57,030 --> 00:09:55,440

truth but i can understand why the

265

00:09:59,269 --> 00:09:57,040

instinct of the national security

266

00:10:00,310 --> 00:09:59,279

community has been to put a lid on this

267

00:10:02,710 --> 00:10:00,320

stuff

268

00:10:05,269 --> 00:10:02,720

and that was a slow revelation for me

269

00:10:07,750 --> 00:10:05,279

and i've had people say to me look

270

00:10:09,030 --> 00:10:07,760

if you realized the capacities of this

271

00:10:09,910 --> 00:10:09,040

technology

272

00:10:17,350 --> 00:10:09,920

and

273

00:10:19,350 --> 00:10:17,360

it means that any

274

00:10:21,430 --> 00:10:19,360

terrorist group for example could

275

00:10:23,509 --> 00:10:21,440

harness an unlimited amount of energy

276

00:10:25,269 --> 00:10:23,519

and do things that are

277

00:10:26,550 --> 00:10:25,279

like literally threatening to the future

278

00:10:28,069 --> 00:10:26,560

of the planet

279

00:10:29,990 --> 00:10:28,079

um i don't want to sound like i'm

280

00:10:33,030 --> 00:10:30,000

overstating things here but the

281

00:10:35,670 --> 00:10:33,040

technology that is represented by

282

00:10:39,030 --> 00:10:35,680

what's in the navy videos

283

00:10:40,710 --> 00:10:39,040

it's indisputably i mean even the us

284

00:10:43,110 --> 00:10:40,720

government admits

285

00:10:46,550 --> 00:10:43,120

it's indisputably a technology that is

286

00:10:49,430 --> 00:10:46,560

beyond known human science

287

00:10:52,069 --> 00:10:49,440

that that is groundbreaking paradigm

288

00:10:52,949 --> 00:10:52,079

shifting revolutionary and for that

289

00:10:54,710 --> 00:10:52,959

reason

290

00:10:56,790 --> 00:10:54,720

i can understand the secrecy i'm not

291

00:10:59,350 --> 00:10:56,800

justifying it but i can understand why

292

00:11:01,350 --> 00:10:59,360

the reflex of a general or an admiral

293

00:11:03,670 --> 00:11:01,360

somewhere deep in the bowels of the

294

00:11:05,030 --> 00:11:03,680

pentagon is to go hell no we're not

295

00:11:05,750 --> 00:11:05,040

revealing this

296

00:11:07,910 --> 00:11:05,760

so

297

00:11:09,430 --> 00:11:07,920

you know i respect and understand why

298

00:11:11,030 --> 00:11:09,440

people like louis lozando and

299

00:11:13,509 --> 00:11:11,040

christopher mellon are operating under

300

00:11:16,150 --> 00:11:13,519

ndas and frankly that's what makes it

301
00:11:19,590 --> 00:11:16,160
even more amazing that people like that

302
00:11:21,190 --> 00:11:19,600
are speaking as candidly as they are

303
00:11:23,910 --> 00:11:21,200
i mean it's breathtaking some of the

304
00:11:26,230 --> 00:11:23,920
things that lou in particular has said i

305
00:11:29,190 --> 00:11:26,240
loved his interview with your

306
00:11:31,750 --> 00:11:29,200
british gq magazine he's such a tease a

307
00:11:33,269 --> 00:11:31,760
real flirt you know he basically comes

308
00:11:35,190 --> 00:11:33,279
just i mean there must be people in the

309
00:11:36,790 --> 00:11:35,200
pentagon who are going he's going to say

310
00:11:38,870 --> 00:11:36,800
it he's going to say that he's going to

311
00:11:41,030 --> 00:11:38,880
breach his nda and then he just comes

312
00:11:43,590 --> 00:11:41,040
with an a whisker of um of averting

313
00:11:45,190 --> 00:11:43,600

catastrophe well russ what what stood

314

00:11:47,030 --> 00:11:45,200

out for you what was the particular

315

00:11:48,470 --> 00:11:47,040

parts that you thought oh that's that's

316

00:11:49,990 --> 00:11:48,480

close to the line

317

00:11:51,750 --> 00:11:50,000

i actually wrote it down this morning

318

00:11:52,949 --> 00:11:51,760

because i i wanted to make a note of it

319

00:11:55,269 --> 00:11:52,959

because um

320

00:11:57,430 --> 00:11:55,279

uh it it struck me as

321

00:11:59,430 --> 00:11:57,440

you know a reinforcement of what he said

322

00:12:01,150 --> 00:11:59,440

previously but nonetheless

323

00:12:07,030 --> 00:12:01,160

extraordinarily

324

00:12:09,509 --> 00:12:07,040

do you believe we have recovered a craft

325

00:12:12,069 --> 00:12:09,519

lou says i've been told i have to be

326

00:12:14,310 --> 00:12:12,079

very careful how i answer this question

327

00:12:15,990 --> 00:12:14,320

i'm not allowed to expound upon anything

328

00:12:18,310 --> 00:12:16,000

i've already said

329

00:12:22,389 --> 00:12:18,320

what i have said is that it is my

330

00:12:23,509 --> 00:12:22,399

opinion my belief a strong belief hint

331

00:12:25,910 --> 00:12:23,519

hint

332

00:12:29,670 --> 00:12:25,920

that the us government is in possession

333

00:12:32,870 --> 00:12:29,680

of exotic material associated with uaps

334

00:12:35,269 --> 00:12:32,880

that's all i'm allowed to say

335

00:12:36,790 --> 00:12:35,279

and then thank heavens there's a journo

336

00:12:40,069 --> 00:12:36,800

who actually follows up with a good

337

00:12:42,710 --> 00:12:40,079

question he says do you believe organic

338

00:12:46,150 --> 00:12:42,720

matter or beings have been recovered i

339

00:12:47,590 --> 00:12:46,160

mean that's the that's the 99 question

340

00:12:49,750 --> 00:12:47,600

lou says

341

00:12:51,269 --> 00:12:49,760

i'm respectfully gonna have to pass on

342

00:12:53,190 --> 00:12:51,279

that question there's a couple of

343

00:12:55,509 --> 00:12:53,200

questions i'm really not at liberty to

344

00:12:57,670 --> 00:12:55,519

discuss that's one of them

345

00:13:00,470 --> 00:12:57,680

and then he goes on to say

346

00:13:03,350 --> 00:13:00,480

they're intelligently controlled for

347

00:13:05,829 --> 00:13:03,360

sure because they're responding and

348

00:13:09,030 --> 00:13:05,839

reacting to our actions

349

00:13:12,150 --> 00:13:09,040

that is for certain

350

00:13:13,590 --> 00:13:12,160

they are absolutely intelligently

351
00:13:14,790 --> 00:13:13,600
controlled

352
00:13:17,590 --> 00:13:14,800
by

353
00:13:21,030 --> 00:13:19,509
now geez do you need to drive a truck

354
00:13:22,790 --> 00:13:21,040
over here to basically understand what

355
00:13:26,230 --> 00:13:22,800
he's getting at there i mean

356
00:13:27,829 --> 00:13:26,240
frankly um that is

357
00:13:30,230 --> 00:13:27,839
what we would call in the australian

358
00:13:33,430 --> 00:13:30,240
journalism business a golden turd that

359
00:13:35,910 --> 00:13:33,440
is a uh that is an absolutely momentous

360
00:13:40,470 --> 00:13:38,790
i i can see why people do get frustrated

361
00:13:42,389 --> 00:13:40,480
at that though because it does get so

362
00:13:44,389 --> 00:13:42,399
close to the line that

363
00:13:46,829 --> 00:13:44,399

99 of people would think well why not

364

00:13:48,790 --> 00:13:46,839

just put your toe over that line

365

00:13:52,870 --> 00:13:48,800

because

366

00:13:55,269 --> 00:13:52,880

when i saw lou in america in um april

367

00:13:58,550 --> 00:13:55,279

he had he was really rattled and and

368

00:14:01,110 --> 00:13:58,560

this is why i i strongly think that it's

369

00:14:02,550 --> 00:14:01,120

nonsense that he's some tool of us

370

00:14:04,629 --> 00:14:02,560

intelligence you know

371

00:14:06,870 --> 00:14:04,639

some supplicant counter intelligence

372

00:14:09,590 --> 00:14:06,880

officer working under deep cover

373

00:14:11,829 --> 00:14:09,600

either through ttsa or on his own bat

374

00:14:14,310 --> 00:14:11,839

because he'd just been handed by defense

375

00:14:15,430 --> 00:14:14,320

security and i i could see

376

00:14:18,389 --> 00:14:15,440

the

377

00:14:19,750 --> 00:14:18,399

stress and pain in his and his poor

378

00:14:21,509 --> 00:14:19,760

wife's eyes

379

00:14:24,550 --> 00:14:21,519

because they'd just been through a

380

00:14:26,710 --> 00:14:24,560

really nasty time with defense security

381

00:14:29,110 --> 00:14:26,720

giving them a bollocking for

382

00:14:31,990 --> 00:14:29,120

you know allegedly coming too close to

383

00:14:32,870 --> 00:14:32,000

breaching the terms of his nda

384

00:14:35,030 --> 00:14:32,880

um

385

00:14:36,150 --> 00:14:35,040

one of the things you have to understand

386

00:14:38,150 --> 00:14:36,160

is that

387

00:14:40,230 --> 00:14:38,160

lou's still earning a living you know

388

00:14:41,910 --> 00:14:40,240

he's he's making a living and i won't

389

00:14:43,509 --> 00:14:41,920

reveal where he's working but he's still

390

00:14:45,110 --> 00:14:43,519

working in a company that

391

00:14:47,189 --> 00:14:45,120

means he has to have a top secret

392

00:14:48,310 --> 00:14:47,199

clearance and a compartmentalised

393

00:14:53,269 --> 00:14:48,320

clearance

394

00:14:55,110 --> 00:14:53,279

i mean i i would fail in an instant you

395

00:14:56,550 --> 00:14:55,120

know a mate of mine told me the other

396

00:14:59,509 --> 00:14:56,560

day that um

397

00:15:01,750 --> 00:14:59,519

he was being vetted for australia's um

398

00:15:04,470 --> 00:15:01,760

spy service which in itself is a breach

399

00:15:05,990 --> 00:15:04,480

of the obligations uh that he has as a

400

00:15:07,829 --> 00:15:06,000

potential spy

401
00:15:09,189 --> 00:15:07,839
and and he said to me he said oh rosco

402
00:15:11,750 --> 00:15:09,199
you know one of the things they ask you

403
00:15:13,430 --> 00:15:11,760
is you know have you ever been um

404
00:15:14,949 --> 00:15:13,440
given material that you you shouldn't

405
00:15:16,710 --> 00:15:14,959
have you know have you ever procured

406
00:15:18,629 --> 00:15:16,720
state secrets and

407
00:15:21,509 --> 00:15:18,639
i kind of laughed and i said geez i'm

408
00:15:23,430 --> 00:15:21,519
i'm a goner you know

409
00:15:25,350 --> 00:15:23,440
because it's part of journalism to be

410
00:15:26,710 --> 00:15:25,360
told things that you shouldn't and quite

411
00:15:28,069 --> 00:15:26,720
often the people that are telling you

412
00:15:30,230 --> 00:15:28,079
this stuff are the ministers of the

413
00:15:31,590 --> 00:15:30,240

crown who then order the leaks inquiries

414

00:15:34,870 --> 00:15:31,600

subsequently

415

00:15:38,310 --> 00:15:34,880

but you know the reality is a security

416

00:15:40,710 --> 00:15:38,320

clearance is gold for people who work in

417

00:15:42,870 --> 00:15:40,720

the in the intelligence community or the

418

00:15:44,069 --> 00:15:42,880

you know in in any kind of defense

419

00:15:46,150 --> 00:15:44,079

aerospace

420

00:15:47,829 --> 00:15:46,160

role with a security clearance if you

421

00:15:50,949 --> 00:15:47,839

lose that clearance you're on the bread

422

00:15:52,310 --> 00:15:50,959

line and so they've got it over you

423

00:15:54,150 --> 00:15:52,320

frankly

424

00:15:56,550 --> 00:15:54,160

a few friends of mine who who have

425

00:15:58,870 --> 00:15:56,560

worked with high security clearances

426

00:16:01,189 --> 00:15:58,880

they um they've actually told me quite

427

00:16:03,189 --> 00:16:01,199

often that that people like myself who

428

00:16:05,030 --> 00:16:03,199

work with open source intelligence or

429

00:16:08,310 --> 00:16:05,040

just talk to sources

430

00:16:10,150 --> 00:16:08,320

um on my own basis without signing

431

00:16:12,069 --> 00:16:10,160

security agreements or secrecy

432

00:16:13,749 --> 00:16:12,079

agreements i'm in a better i'm in a

433

00:16:16,470 --> 00:16:13,759

better position that they say that i

434

00:16:19,030 --> 00:16:16,480

often know more than they do because the

435

00:16:21,030 --> 00:16:19,040

the material inside government is so

436

00:16:22,949 --> 00:16:21,040

heavily compartmentalized

437

00:16:25,670 --> 00:16:22,959

and if i can just make this point andy i

438

00:16:27,990 --> 00:16:25,680

think this is the heart of the problem

439

00:16:30,790 --> 00:16:28,000

i'm in no doubt that the united states

440

00:16:33,829 --> 00:16:30,800

government has recovered quote exotic

441

00:16:35,509 --> 00:16:33,839

material as lou calls it others might

442

00:16:36,629 --> 00:16:35,519

say craft

443

00:16:41,030 --> 00:16:36,639

vehicles

444

00:16:44,790 --> 00:16:41,040

i mean absolutely no doubt about that

445

00:16:46,870 --> 00:16:44,800

what is the issue is

446

00:16:48,389 --> 00:16:46,880

what do we do with that you know what

447

00:16:50,150 --> 00:16:48,399

would you do if you were the united

448

00:16:52,870 --> 00:16:50,160

states

449

00:16:55,509 --> 00:16:52,880

i frankly would keep it secret

450

00:16:57,590 --> 00:16:55,519

i'm not i'm not being an excuse you know

451
00:16:59,509 --> 00:16:57,600
make an apologist for the uh for the us

452
00:17:01,350 --> 00:16:59,519
government but frankly i can understand

453
00:17:04,630 --> 00:17:01,360
how this has happened

454
00:17:06,630 --> 00:17:04,640
you don't want technology like this to

455
00:17:08,549 --> 00:17:06,640
fall into the wrong hands

456
00:17:11,189 --> 00:17:08,559
and you want

457
00:17:13,110 --> 00:17:11,199
as you know hopefully the preeminent

458
00:17:15,110 --> 00:17:13,120
power representing western liberal

459
00:17:17,429 --> 00:17:15,120
democracy on the planet

460
00:17:19,669 --> 00:17:17,439
you want that you are the one that

461
00:17:22,309 --> 00:17:19,679
controls this technology i don't want a

462
00:17:25,270 --> 00:17:22,319
raving lunatic like vladimir putin or

463
00:17:27,429 --> 00:17:25,280

president zia of z of china to be in

464

00:17:29,830 --> 00:17:27,439

control of this technology

465

00:17:32,470 --> 00:17:29,840

i dream of a world where nations

466

00:17:34,950 --> 00:17:32,480

collaborate and work together and and in

467

00:17:35,830 --> 00:17:34,960

a star trekian way you know basically

468

00:17:37,669 --> 00:17:35,840

show

469

00:17:39,750 --> 00:17:37,679

a willingness to think of themselves as

470

00:17:42,630 --> 00:17:39,760

human rather than their individual

471

00:17:44,230 --> 00:17:42,640

nationality but we're not there yet and

472

00:17:46,070 --> 00:17:44,240

for that reason

473

00:17:48,390 --> 00:17:46,080

i can understand why there is

474

00:17:49,830 --> 00:17:48,400

nervousness about protecting the um

475

00:17:52,710 --> 00:17:49,840

intellectual property behind this

476

00:17:56,070 --> 00:17:54,789

there there's so much i want to dig into

477

00:17:57,750 --> 00:17:56,080

on that but we'll keep that for another

478

00:17:59,669 --> 00:17:57,760

time because i could go back and forward

479

00:18:00,870 --> 00:17:59,679

on that for hours on itself and i do

480

00:18:03,590 --> 00:18:00,880

want to get to some of these listener

481

00:18:06,150 --> 00:18:03,600

questions i've promised um ross first

482

00:18:08,470 --> 00:18:06,160

question from xavier when do you believe

483

00:18:11,110 --> 00:18:08,480

the question will shift from what is in

484

00:18:12,950 --> 00:18:11,120

our skies to who is in our skies

485

00:18:17,830 --> 00:18:12,960

i think that's happening already

486

00:18:20,630 --> 00:18:17,840

i it's interesting because

487

00:18:22,230 --> 00:18:20,640

i was really skeptical when i first got

488

00:18:24,630 --> 00:18:22,240

into this that there was any kind of

489

00:18:26,230 --> 00:18:24,640

plan that there really is some kind of

490

00:18:27,270 --> 00:18:26,240

coordinating

491

00:18:30,230 --> 00:18:27,280

group

492

00:18:32,150 --> 00:18:30,240

and i'm i i still am

493

00:18:34,230 --> 00:18:32,160

but i do think that

494

00:18:36,630 --> 00:18:34,240

the pentagon

495

00:18:39,110 --> 00:18:36,640

against the wishes of a vast majority of

496

00:18:41,510 --> 00:18:39,120

people in the positions of power is

497

00:18:42,950 --> 00:18:41,520

being pushed into a position of

498

00:18:44,630 --> 00:18:42,960

disclosure

499

00:18:47,669 --> 00:18:44,640

and and

500

00:18:50,070 --> 00:18:47,679

frankly i think the issue has been the

501
00:18:53,669 --> 00:18:50,080
more i look at this the more i realize

502
00:18:55,669 --> 00:18:53,679
that only a very small handful of people

503
00:18:57,830 --> 00:18:55,679
in the pentagon the defence and

504
00:18:59,909 --> 00:18:57,840
intelligence community and also in

505
00:19:01,350 --> 00:18:59,919
private aerospace that's been read into

506
00:19:04,070 --> 00:19:01,360
this program

507
00:19:06,310 --> 00:19:04,080
only a very small number of people have

508
00:19:08,630 --> 00:19:06,320
actually known what's going on

509
00:19:10,870 --> 00:19:08,640
and so when you've seen or heard

510
00:19:12,870 --> 00:19:10,880
government denials about you know any

511
00:19:14,549 --> 00:19:12,880
kind of retrieved technology or an

512
00:19:17,750 --> 00:19:14,559
awareness of

513
00:19:19,110 --> 00:19:17,760

non-human intelligent life engaging with

514

00:19:21,430 --> 00:19:19,120

this planet

515

00:19:23,750 --> 00:19:21,440

i think generally it's been truthfully

516

00:19:25,270 --> 00:19:23,760

imparted

517

00:19:27,029 --> 00:19:25,280

the bottom line is you've got to know

518

00:19:28,630 --> 00:19:27,039

who to speak to to actually find out

519

00:19:29,430 --> 00:19:28,640

this stuff

520

00:19:32,630 --> 00:19:29,440

and

521

00:19:34,789 --> 00:19:32,640

that's the issue the the issue is

522

00:19:38,549 --> 00:19:34,799

um we've been talking

523

00:19:41,350 --> 00:19:38,559

about sightings since 2017. anomalous

524

00:19:43,510 --> 00:19:41,360

objects phenomena in our skies

525

00:19:46,230 --> 00:19:43,520

and what's happened just in the last few

526

00:19:48,630 --> 00:19:46,240

months is i've noticed elizondo in

527

00:19:50,789 --> 00:19:48,640

particular he's been using increasingly

528

00:19:53,190 --> 00:19:50,799

rather than anomalous objects he's been

529

00:19:54,549 --> 00:19:53,200

using craft

530

00:19:57,029 --> 00:19:54,559

vehicles

531

00:20:00,470 --> 00:19:57,039

intelligently controlled

532

00:20:04,149 --> 00:20:00,480

and if you read the wording of

533

00:20:06,470 --> 00:20:04,159

this absolutely momentous gillibrand

534

00:20:08,710 --> 00:20:06,480

amendment that's gone before the senate

535

00:20:11,590 --> 00:20:08,720

which would essentially put into the

536

00:20:13,430 --> 00:20:11,600

appropriations legislation of the us

537

00:20:16,310 --> 00:20:13,440

defense department within the next few

538

00:20:19,190 --> 00:20:16,320

weeks a requirement on the pentagon and

539

00:20:21,029 --> 00:20:19,200

the intelligence community to report on

540

00:20:22,390 --> 00:20:21,039

everything it knows

541

00:20:24,149 --> 00:20:22,400

including

542

00:20:24,950 --> 00:20:24,159

quite clearly

543

00:20:27,590 --> 00:20:24,960

um

544

00:20:29,590 --> 00:20:27,600

the testing of materials

545

00:20:35,350 --> 00:20:29,600

medical studies

546

00:20:36,710 --> 00:20:35,360

we talking about here um

547

00:20:38,470 --> 00:20:36,720

let's go through some of these

548

00:20:40,470 --> 00:20:38,480

indicators

549

00:20:42,149 --> 00:20:40,480

um

550

00:20:44,230 --> 00:20:42,159

uh let's give me five seconds and i'll

551
00:20:45,669 --> 00:20:44,240
find the page there's a science they

552
00:20:48,470 --> 00:20:45,679
they're requiring

553
00:20:51,270 --> 00:20:48,480
an investigation or a scientific plan to

554
00:20:52,310 --> 00:20:51,280
develop scientific theories to account

555
00:20:56,230 --> 00:20:52,320
for

556
00:20:59,110 --> 00:20:56,240
unidentified aerial phenomena that

557
00:21:01,029 --> 00:20:59,120
exceed the known state of the art in

558
00:21:03,270 --> 00:21:01,039
science and technology

559
00:21:05,510 --> 00:21:03,280
including in the areas of propulsion

560
00:21:07,510 --> 00:21:05,520
aerodynamic control signatures

561
00:21:09,990 --> 00:21:07,520
structures materials sensors

562
00:21:11,830 --> 00:21:10,000
countermeasures weapons electronics and

563
00:21:14,789 --> 00:21:11,840

power generation

564

00:21:17,029 --> 00:21:14,799

and provide the foundation for future

565

00:21:19,909 --> 00:21:17,039

investments to replicate any such

566

00:21:22,230 --> 00:21:19,919

advanced characteristics and performance

567

00:21:24,789 --> 00:21:22,240

so that to me is

568

00:21:26,710 --> 00:21:24,799

groundbreaking because you have in black

569

00:21:29,110 --> 00:21:26,720

and white in legislation or a bill

570

00:21:31,830 --> 00:21:29,120

that's being put before the congress

571

00:21:34,870 --> 00:21:31,840

an acknowledgement of a technology that

572

00:21:37,270 --> 00:21:34,880

is far beyond known human technology i

573

00:21:40,310 --> 00:21:37,280

for the life of me andy do not know why

574

00:21:42,710 --> 00:21:40,320

that is not a front page story on every

575

00:21:44,950 --> 00:21:42,720

national newspaper in the united states

576

00:21:46,549 --> 00:21:44,960

it is momentous

577

00:21:48,230 --> 00:21:46,559

and i know for a fact because i've

578

00:21:49,990 --> 00:21:48,240

spoken to congressmen and senators

579

00:21:53,270 --> 00:21:50,000

who've been in on these classified

580

00:21:55,029 --> 00:21:53,280

briefings i know for a fact that that

581

00:21:57,110 --> 00:21:55,039

particular

582

00:21:58,870 --> 00:21:57,120

requirement in the legislation has come

583

00:22:00,310 --> 00:21:58,880

about because of those classified

584

00:22:03,909 --> 00:22:00,320

briefings

585

00:22:06,310 --> 00:22:03,919

people's worldview was rocked by what

586

00:22:08,310 --> 00:22:06,320

they were told in those briefings and a

587

00:22:09,669 --> 00:22:08,320

lot of what happened in those briefings

588

00:22:11,669 --> 00:22:09,679

is driving

589

00:22:12,950 --> 00:22:11,679

my understanding of what's coming down

590

00:22:15,110 --> 00:22:12,960

the line

591

00:22:18,230 --> 00:22:15,120

and so to answer your question

592

00:22:21,350 --> 00:22:18,240

if you read that legislation it doesn't

593

00:22:24,470 --> 00:22:21,360

just deal with data collection on these

594

00:22:28,070 --> 00:22:24,480

anomalous objects

595

00:22:31,190 --> 00:22:28,080

but but in and of itself it's momentous

596

00:22:32,870 --> 00:22:31,200

what they are requiring and i i think

597

00:22:34,710 --> 00:22:32,880

before we start worrying about when

598

00:22:36,149 --> 00:22:34,720

they're going to start acknowledging

599

00:22:38,630 --> 00:22:36,159

acknowledging the possibility of

600

00:22:41,430 --> 00:22:38,640

intelligent life forms i think it's just

601
00:22:44,789 --> 00:22:41,440
important to stop for a moment and go

602
00:22:46,710 --> 00:22:44,799
wow how far have we come in four years

603
00:22:48,390 --> 00:22:46,720
since the 2017

604
00:22:50,630 --> 00:22:48,400
which is almost exactly four years ago

605
00:22:53,190 --> 00:22:50,640
the december 2017

606
00:22:56,950 --> 00:22:53,200
uh new york times story which revealed

607
00:23:00,149 --> 00:22:56,960
the existence of this secret ufo program

608
00:23:03,990 --> 00:23:00,159
we are now in a situation where the

609
00:23:06,710 --> 00:23:04,000
united states congress is demanding both

610
00:23:09,430 --> 00:23:06,720
classified and unclassified reports to

611
00:23:11,909 --> 00:23:09,440
the congress from across the entire

612
00:23:14,549 --> 00:23:11,919
intelligence community from across the

613
00:23:17,669 --> 00:23:14,559

entire five eyes community that's from

614

00:23:19,350 --> 00:23:17,679

britain and the australian community

615

00:23:21,110 --> 00:23:19,360

canada new zealand

616

00:23:24,390 --> 00:23:21,120

every country is going to be approached

617

00:23:27,270 --> 00:23:24,400

by america in a coordinated inquiry to

618

00:23:30,789 --> 00:23:27,280

ask for information on uaps

619

00:23:33,510 --> 00:23:30,799

this is really interesting but then

620

00:23:35,990 --> 00:23:33,520

as you go down through this

621

00:23:37,029 --> 00:23:36,000

there's more woo stuff that's really

622

00:23:39,590 --> 00:23:37,039

interesting

623

00:23:42,630 --> 00:23:39,600

they also require an assessment of any

624

00:23:44,870 --> 00:23:42,640

health related effects for individuals

625

00:23:47,430 --> 00:23:44,880

that have encountered unidentified

626

00:23:48,789 --> 00:23:47,440

phenomena

627

00:23:50,870 --> 00:23:48,799

that's really interesting because you

628

00:23:53,269 --> 00:23:50,880

need to put that in context with what

629

00:23:55,510 --> 00:23:53,279

has just come out this evening from

630

00:23:56,870 --> 00:23:55,520

professor gary nolan of stanford

631

00:23:59,430 --> 00:23:56,880

university

632

00:24:02,470 --> 00:23:59,440

he's been doing research for the defence

633

00:24:05,110 --> 00:24:02,480

department into pilots one of whom i've

634

00:24:07,269 --> 00:24:05,120

actually spoken to who've engaged up

635

00:24:10,390 --> 00:24:07,279

close with the phenomenon

636

00:24:13,269 --> 00:24:10,400

and sadly these pilots are suffering

637

00:24:15,830 --> 00:24:13,279

horrible injuries some of them

638

00:24:17,830 --> 00:24:15,840

in the report that gary nolan has given

639

00:24:19,990 --> 00:24:17,840

to i think vice.com the

640

00:24:22,149 --> 00:24:20,000

newsmagazinevice.com

641

00:24:23,190 --> 00:24:22,159

he actually talks about how people have

642

00:24:25,750 --> 00:24:23,200

died

643

00:24:28,390 --> 00:24:25,760

from this that this is really serious

644

00:24:29,750 --> 00:24:28,400

stuff and it's linked into the havana

645

00:24:32,630 --> 00:24:29,760

syndrome

646

00:24:34,789 --> 00:24:32,640

afflicting

647

00:24:36,710 --> 00:24:34,799

us diplomats all around the world where

648

00:24:38,149 --> 00:24:36,720

they've had these mysterious symptoms

649

00:24:39,750 --> 00:24:38,159

that that

650

00:24:41,269 --> 00:24:39,760

are essentially stopping them from

651
00:24:42,789 --> 00:24:41,279
working and stopping them doing their

652
00:24:44,710 --> 00:24:42,799
intelligence activities in whichever

653
00:24:45,750 --> 00:24:44,720
country they were based in

654
00:24:48,789 --> 00:24:45,760
and

655
00:24:50,630 --> 00:24:48,799
i think we're on the beginning of

656
00:24:52,789 --> 00:24:50,640
a revelation

657
00:24:55,590 --> 00:24:52,799
there's there's clearly a controlled

658
00:24:57,669 --> 00:24:55,600
disclosure here of some kind being made

659
00:24:59,350 --> 00:24:57,679
you know it's good science to collect

660
00:25:00,870 --> 00:24:59,360
the data first

661
00:25:02,789 --> 00:25:00,880
and i think what's going to happen is

662
00:25:04,870 --> 00:25:02,799
we're going to see

663
00:25:07,669 --> 00:25:04,880

in the first report to congress in

664

00:25:09,669 --> 00:25:07,679

october 2022

665

00:25:11,909 --> 00:25:09,679

or probably earlier

666

00:25:14,230 --> 00:25:11,919

we're going to see

667

00:25:15,549 --> 00:25:14,240

data being collected that makes it

668

00:25:18,310 --> 00:25:15,559

absolutely

669

00:25:20,789 --> 00:25:18,320

irrefutable it'll make the debunkers go

670

00:25:22,630 --> 00:25:20,799

away and hide in their holes it makes it

671

00:25:25,269 --> 00:25:22,640

absolutely irrefutable that there is an

672

00:25:27,669 --> 00:25:25,279

anomalous phenomenon here that involves

673

00:25:29,669 --> 00:25:27,679

technology intelligently crafted

674

00:25:31,269 --> 00:25:29,679

technology far beyond known human

675

00:25:32,149 --> 00:25:31,279

science

676

00:25:34,149 --> 00:25:32,159

then

677

00:25:36,070 --> 00:25:34,159

we'll start talking about what that

678

00:25:39,590 --> 00:25:36,080

intelligence is

679

00:25:41,029 --> 00:25:39,600

because i'm told the answer is not easy

680

00:25:42,470 --> 00:25:41,039

because it's i don't think it's one

681

00:25:44,230 --> 00:25:42,480

thing

682

00:25:45,990 --> 00:25:44,240

i don't think it's one i want to follow

683

00:25:49,110 --> 00:25:46,000

up

684

00:25:51,110 --> 00:25:49,120

you go on okay i've got two things one

685

00:25:53,909 --> 00:25:51,120

might touch slightly on that as well you

686

00:25:55,669 --> 00:25:53,919

mentioned um about the the people inside

687

00:25:57,510 --> 00:25:55,679

the small number of people inside the

688

00:25:59,669 --> 00:25:57,520

government that would know what's going

689

00:26:01,750 --> 00:25:59,679

on when you say what's going on and

690

00:26:03,990 --> 00:26:01,760

given what you've spoken or who you've

691

00:26:06,310 --> 00:26:04,000

spoken to and what you've spoken about

692

00:26:08,310 --> 00:26:06,320

even those who are in the know shall we

693

00:26:10,789 --> 00:26:08,320

say that could explain

694

00:26:13,350 --> 00:26:10,799

an aspect of what the phenomenon may be

695

00:26:15,590 --> 00:26:13,360

how much do you think they know

696

00:26:17,990 --> 00:26:15,600

if if there was one person who knew as

697

00:26:19,830 --> 00:26:18,000

much as anyone in the world can you put

698

00:26:21,669 --> 00:26:19,840

a percentage on what you think do they

699

00:26:23,350 --> 00:26:21,679

know everything could they tell us

700

00:26:25,269 --> 00:26:23,360

everything about the phenomenon or is it

701

00:26:27,110 --> 00:26:25,279

just they have a better idea

702

00:26:29,669 --> 00:26:27,120

no mate i actually think the problem

703

00:26:31,430 --> 00:26:29,679

that we have at the moment is

704

00:26:34,549 --> 00:26:31,440

i'll tell you my gut instinct okay this

705

00:26:36,310 --> 00:26:34,559

is my gut instinct as a journal i am as

706

00:26:38,070 --> 00:26:36,320

i've said earlier i'm in no doubt that

707

00:26:40,230 --> 00:26:38,080

the united states has retrieved

708

00:26:43,190 --> 00:26:40,240

technology that it believes

709

00:26:45,510 --> 00:26:43,200

is intelligently crafted by a non-human

710

00:26:47,830 --> 00:26:45,520

intelligence i have no doubt about that

711

00:26:49,269 --> 00:26:47,840

whatsoever i've heard that from multiple

712

00:26:51,350 --> 00:26:49,279

sources and there's more than enough

713

00:26:53,350 --> 00:26:51,360

information on the public record now

714

00:26:54,950 --> 00:26:53,360

including from the cheeky slightly

715

00:26:56,870 --> 00:26:54,960

flirtatious statements from luis

716

00:26:58,950 --> 00:26:56,880

elizondo i mean no doubt about that

717

00:27:01,909 --> 00:26:58,960

whatsoever

718

00:27:03,510 --> 00:27:01,919

what i think though is

719

00:27:05,909 --> 00:27:03,520

the most interesting admission that's

720

00:27:07,029 --> 00:27:05,919

been made by any insider

721

00:27:08,870 --> 00:27:07,039

is

722

00:27:11,110 --> 00:27:08,880

the comments that are that were made

723

00:27:13,909 --> 00:27:11,120

before he went into aerospace

724

00:27:15,190 --> 00:27:13,919

corporation by dr eric davis

725

00:27:16,870 --> 00:27:15,200

and i know there are a few people who

726

00:27:18,310 --> 00:27:16,880

try and poor [h__\h] on eric davis and

727

00:27:20,549 --> 00:27:18,320

basically say he doesn't know what he's

728

00:27:23,029 --> 00:27:20,559

talking about and he's hiding behind

729

00:27:24,710 --> 00:27:23,039

you know his security clearances and

730

00:27:26,549 --> 00:27:24,720

making himself sound more important than

731

00:27:28,310 --> 00:27:26,559

he is but i've spoken to people who

732

00:27:30,230 --> 00:27:28,320

vouch for eric davis

733

00:27:32,310 --> 00:27:30,240

he knows what he's talking about

734

00:27:34,149 --> 00:27:32,320

and he has talked about the fact that

735

00:27:37,269 --> 00:27:34,159

there has been a back engineering

736

00:27:39,669 --> 00:27:37,279

program trying to re-engineer this

737

00:27:42,070 --> 00:27:39,679

technology for decades and it hasn't

738

00:27:43,110 --> 00:27:42,080

been very successful

739

00:27:45,590 --> 00:27:43,120

and

740

00:27:48,710 --> 00:27:45,600

that i think is the issue

741

00:27:50,549 --> 00:27:48,720

there are a lot of people who know a bit

742

00:27:52,070 --> 00:27:50,559

but i suspect

743

00:27:54,070 --> 00:27:52,080

you know i think i might have told you

744

00:27:55,669 --> 00:27:54,080

this before andy that in my line of work

745

00:27:58,310 --> 00:27:55,679

we we have a saying which is always a

746

00:28:01,669 --> 00:27:58,320

summer screw up before a conspiracy

747

00:28:03,990 --> 00:28:01,679

i don't believe necessarily in an

748

00:28:05,990 --> 00:28:04,000

overarching conspiracy a kind of a

749

00:28:08,149 --> 00:28:06,000

majestic 12 conspiracy where there's a

750

00:28:09,029 --> 00:28:08,159

group of blokes sitting around a table

751
00:28:11,590 --> 00:28:09,039
going

752
00:28:14,470 --> 00:28:11,600
we do not want andy mcgrillen in the ufo

753
00:28:16,310 --> 00:28:14,480
podcast to know about what we know

754
00:28:18,310 --> 00:28:16,320
you know it just doesn't happen frankly

755
00:28:21,190 --> 00:28:18,320
governments are so bloody hopeless at

756
00:28:23,190 --> 00:28:21,200
keeping most secrets that frankly um

757
00:28:25,430 --> 00:28:23,200
the notion of an overarching body like

758
00:28:27,990 --> 00:28:25,440
that is to me i find implausible it

759
00:28:30,230 --> 00:28:28,000
might have existed once uh and indeed

760
00:28:31,990 --> 00:28:30,240
you know there's a there's a bit of

761
00:28:33,750 --> 00:28:32,000
evidence to suggest that

762
00:28:35,510 --> 00:28:33,760
shortly after the discoveries that were

763
00:28:36,630 --> 00:28:35,520

made in the wake of world war ii and the

764

00:28:38,710 --> 00:28:36,640

atom bomb

765

00:28:40,549 --> 00:28:38,720

there was such a group but i don't

766

00:28:42,830 --> 00:28:40,559

believe there is one now and i think the

767

00:28:44,470 --> 00:28:42,840

problem that we have is

768

00:28:48,310 --> 00:28:44,480

that

769

00:28:52,310 --> 00:28:48,320

stage

770

00:28:55,909 --> 00:28:52,320

a few decades ago a decision was made to

771

00:28:58,070 --> 00:28:55,919

get this away from the scrutiny of

772

00:29:01,190 --> 00:28:58,080

oversight committees

773

00:29:02,950 --> 00:29:01,200

the scrutiny of the congress

774

00:29:04,710 --> 00:29:02,960

inspector generals and that sort of

775

00:29:06,310 --> 00:29:04,720

stuff and it was taken into private

776

00:29:08,310 --> 00:29:06,320

aerospace

777

00:29:10,710 --> 00:29:08,320

so really the people in government who

778

00:29:12,230 --> 00:29:10,720

know about this there's a small handful

779

00:29:15,430 --> 00:29:12,240

of people in government who actually

780

00:29:17,909 --> 00:29:15,440

know about retrieved technology

781

00:29:21,430 --> 00:29:17,919

but there's a wide number of people who

782

00:29:23,510 --> 00:29:21,440

know about the anomalous phenomena it is

783

00:29:25,190 --> 00:29:23,520

absolutely i've just lost count of the

784

00:29:26,389 --> 00:29:25,200

number of people that i've spoken to

785

00:29:27,990 --> 00:29:26,399

some of whom

786

00:29:29,990 --> 00:29:28,000

have sought me out

787

00:29:33,510 --> 00:29:30,000

who've told me about things that they've

788

00:29:35,350 --> 00:29:33,520

seen on satellite telemetry data

789

00:29:37,830 --> 00:29:35,360

infrared data

790

00:29:39,750 --> 00:29:37,840

videos e2 hawkeye

791

00:29:41,830 --> 00:29:39,760

readouts you know there's just the most

792

00:29:44,230 --> 00:29:41,840

extraordinary array of data that

793

00:29:46,950 --> 00:29:44,240

basically shows there is an anomalous

794

00:29:48,870 --> 00:29:46,960

phenomenon that cannot be explained and

795

00:29:51,029 --> 00:29:48,880

frankly i don't know about you but i get

796

00:29:53,430 --> 00:29:51,039

bored with the fact that we're just

797

00:29:55,190 --> 00:29:53,440

constantly being sent blurry vision of

798

00:29:57,909 --> 00:29:55,200

of you know weird objects and you can't

799

00:30:00,149 --> 00:29:57,919

make a determinative comment about them

800

00:30:01,590 --> 00:30:00,159

i want to go further than that and and

801
00:30:03,430 --> 00:30:01,600
this is what's really interesting is

802
00:30:05,590 --> 00:30:03,440
that when i'm talking to these insiders

803
00:30:07,430 --> 00:30:05,600
it's quite obvious that they know

804
00:30:09,590 --> 00:30:07,440
a bit but they don't know the whole

805
00:30:12,310 --> 00:30:09,600
story they're as puzzled about this as

806
00:30:15,430 --> 00:30:12,320
you and i are

807
00:30:18,070 --> 00:30:15,440
but i do think there are

808
00:30:20,549 --> 00:30:18,080
people at the top of the echelon

809
00:30:23,190 --> 00:30:20,559
who know what's going on and i think a

810
00:30:25,590 --> 00:30:23,200
very small number are read into this

811
00:30:27,990 --> 00:30:25,600
quite a number of the um

812
00:30:30,789 --> 00:30:28,000
scientists that i've spoken to who have

813
00:30:33,830 --> 00:30:30,799

been part of what they assert

814

00:30:36,950 --> 00:30:33,840

was the program the attempt to back and

815

00:30:39,510 --> 00:30:36,960

engineer some of this technology

816

00:30:41,590 --> 00:30:39,520

they describe a scenario where it's so

817

00:30:43,590 --> 00:30:41,600

frustrating for them as a scientist that

818

00:30:46,710 --> 00:30:43,600

they've been given literally

819

00:30:48,310 --> 00:30:46,720

an object to investigate

820

00:30:51,029 --> 00:30:48,320

they're not told anything about it other

821

00:30:52,950 --> 00:30:51,039

than a few very limited facts

822

00:30:55,750 --> 00:30:52,960

and then told you know try and figure

823

00:30:58,389 --> 00:30:55,760

out how it works

824

00:30:59,590 --> 00:30:58,399

now the basis of good science

825

00:31:01,269 --> 00:30:59,600

is to

826

00:31:03,430 --> 00:31:01,279

publish what you know

827

00:31:05,750 --> 00:31:03,440

put it open for peer review

828

00:31:07,669 --> 00:31:05,760

and allow everybody to analyze your data

829

00:31:08,950 --> 00:31:07,679

and tear it down and reassemble it and

830

00:31:11,269 --> 00:31:08,960

have a look at it and see what you can

831

00:31:14,149 --> 00:31:11,279

cl conclude it as a result of it

832

00:31:15,909 --> 00:31:14,159

that's not happening with this

833

00:31:17,029 --> 00:31:15,919

and that's the tragedy the tragedy is is

834

00:31:19,430 --> 00:31:17,039

that

835

00:31:22,149 --> 00:31:19,440

i'm told we haven't been very successful

836

00:31:25,190 --> 00:31:22,159

in replicating whatever this is

837

00:31:27,430 --> 00:31:25,200

that's the issue so yes there are a few

838

00:31:30,149 --> 00:31:27,440

people a very small number of people i

839

00:31:32,549 --> 00:31:30,159

suspect i doubt even a president

840

00:31:34,630 --> 00:31:32,559

knows the full story i suspect george

841

00:31:36,549 --> 00:31:34,640

bush senior knew the full story he was

842

00:31:38,310 --> 00:31:36,559

probably the last president to be fully

843

00:31:41,269 --> 00:31:38,320

read into this

844

00:31:43,990 --> 00:31:41,279

but i don't think barack obama

845

00:31:46,070 --> 00:31:44,000

bill clinton or even particularly not

846

00:31:47,509 --> 00:31:46,080

donald trump had any idea and certainly

847

00:31:49,430 --> 00:31:47,519

not joe biden

848

00:31:51,830 --> 00:31:49,440

i think they've been told that yes there

849

00:31:53,350 --> 00:31:51,840

is anomalous phenomena but if you think

850

00:31:55,110 --> 00:31:53,360

about that if you think about the fact

851

00:31:57,350 --> 00:31:55,120

that the commander-in-chief of the

852

00:32:00,230 --> 00:31:57,360

american armed forces is not being read

853

00:32:02,230 --> 00:32:00,240

into the full story here that's the

854

00:32:03,990 --> 00:32:02,240

crazy thing to me because if i was the

855

00:32:05,350 --> 00:32:04,000

commander-in-chief of the american armed

856

00:32:07,830 --> 00:32:05,360

forces i would see it as my

857

00:32:09,190 --> 00:32:07,840

responsibility and my right to demand

858

00:32:11,909 --> 00:32:09,200

information

859

00:32:14,070 --> 00:32:11,919

but i'm told presidents have tried

860

00:32:16,950 --> 00:32:14,080

that's the issue is that whatever this

861

00:32:18,870 --> 00:32:16,960

is it's so heavily compartmentalized

862

00:32:22,630 --> 00:32:18,880

and so

863

00:32:24,549 --> 00:32:22,640

just way off the scale in terms of

864

00:32:26,630 --> 00:32:24,559

heavy duty science

865

00:32:28,470 --> 00:32:26,640

that for the individual people who've

866

00:32:30,870 --> 00:32:28,480

come across the phenomena it's almost

867

00:32:32,630 --> 00:32:30,880

impossible to understand other than and

868

00:32:34,389 --> 00:32:32,640

this is why i think it's been kept

869

00:32:36,870 --> 00:32:34,399

secret for so long

870

00:32:38,789 --> 00:32:36,880

um i i spoke to somebody in our military

871

00:32:40,389 --> 00:32:38,799

recently because and it wasn't this

872

00:32:41,590 --> 00:32:40,399

particular guy but there was an air vice

873

00:32:42,789 --> 00:32:41,600

marshal

874

00:32:45,029 --> 00:32:42,799

who's the chief of

875

00:32:46,710 --> 00:32:45,039

air force guy called mel hubfield

876

00:32:48,470 --> 00:32:46,720

and i gave him a bit of a bollocking in

877

00:32:50,789 --> 00:32:48,480

a story that i did in fact the

878

00:32:51,750 --> 00:32:50,799

documentary that you referred to because

879

00:32:53,909 --> 00:32:51,760

you know

880

00:32:56,470 --> 00:32:53,919

i know that there are people receiving

881

00:32:58,470 --> 00:32:56,480

five eyes intelligence

882

00:33:00,149 --> 00:32:58,480

that he's talking about uap phenomena

883

00:33:01,750 --> 00:33:00,159

but he gave evidence to a parliamentary

884

00:33:04,470 --> 00:33:01,760

committee in australia saying that he

885

00:33:07,029 --> 00:33:04,480

wasn't aware of any ongoing uap

886

00:33:09,430 --> 00:33:07,039

investigations or research and wasn't

887

00:33:11,669 --> 00:33:09,440

aware of any uap incidents

888

00:33:12,950 --> 00:33:11,679

now i know that's not the case and it's

889

00:33:15,029 --> 00:33:12,960

really interesting to me that the head

890

00:33:17,509 --> 00:33:15,039

of our air force is not being read into

891

00:33:19,509 --> 00:33:17,519

things that i know other people down the

892

00:33:21,350 --> 00:33:19,519

line are being told about

893

00:33:23,350 --> 00:33:21,360

and this is the problem is that we all

894

00:33:24,470 --> 00:33:23,360

assume that in

895

00:33:25,750 --> 00:33:24,480

a national

896

00:33:27,990 --> 00:33:25,760

security

897

00:33:29,990 --> 00:33:28,000

infrastructure you know the people in

898

00:33:33,509 --> 00:33:30,000

charge are already into everything

899

00:33:36,549 --> 00:33:35,029

one thing ross i want to go back and

900

00:33:38,950 --> 00:33:36,559

mention as well you talked about you

901
00:33:41,350 --> 00:33:38,960
have spoken to some of those congress

902
00:33:43,509 --> 00:33:41,360
people and senators who have been

903
00:33:45,990 --> 00:33:43,519
told uh what's going on within

904
00:33:48,310 --> 00:33:46,000
classified briefings you use the word

905
00:33:49,990 --> 00:33:48,320
told but have you also heard about what

906
00:33:51,750 --> 00:33:50,000
they may have seen within these

907
00:33:53,990 --> 00:33:51,760
briefings we've heard about videos that

908
00:33:55,750 --> 00:33:54,000
are 40 minutes of sci-fi i believe is

909
00:33:57,590 --> 00:33:55,760
one of the quotes that went about online

910
00:33:58,950 --> 00:33:57,600
but what what are they seeing that's

911
00:34:01,110 --> 00:33:58,960
changing that world view that you've

912
00:34:02,710 --> 00:34:01,120
heard

913
00:34:04,950 --> 00:34:02,720

oh well look um

914

00:34:08,470 --> 00:34:04,960

uh two of the people that i've spoken to

915

00:34:12,149 --> 00:34:08,480

have told me that they have seen videos

916

00:34:15,190 --> 00:34:12,159

and had videos described to them

917

00:34:17,829 --> 00:34:15,200

which display

918

00:34:20,629 --> 00:34:17,839

within i think it was

919

00:34:23,349 --> 00:34:20,639

i i think it was 50 yards within 50

920

00:34:24,869 --> 00:34:23,359

yards of an airplane cockpit you're

921

00:34:27,109 --> 00:34:24,879

seeing a

922

00:34:29,669 --> 00:34:27,119

mechanical object doing impossible

923

00:34:35,430 --> 00:34:32,470

crystal clear video

924

00:34:37,669 --> 00:34:35,440

and and i was told by another individual

925

00:34:39,270 --> 00:34:37,679

that there was an e2 hawkkeye which is a

926
00:34:41,430 --> 00:34:39,280
surveillance reconnaissance aircraft

927
00:34:42,710 --> 00:34:41,440
that does full battlefield

928
00:34:44,230 --> 00:34:42,720
um

929
00:34:47,349 --> 00:34:44,240
planning and sends all the data back

930
00:34:51,109 --> 00:34:47,359
into the combat weapon systems for the

931
00:34:53,589 --> 00:34:51,119
for the carrier group i was told that um

932
00:34:54,710 --> 00:34:53,599
this was also independently verified by

933
00:34:57,510 --> 00:34:54,720
the different

934
00:34:59,750 --> 00:34:57,520
sensor systems on any two hawkeye

935
00:35:02,150 --> 00:34:59,760
and so th this has been the thing this

936
00:35:03,190 --> 00:35:02,160
is the game changer is that whereas with

937
00:35:08,230 --> 00:35:03,200
the

938
00:35:10,310 --> 00:35:08,240

military felt safe about releasing

939

00:35:13,349 --> 00:35:10,320

because it is just so bloody

940

00:35:15,510 --> 00:35:13,359

irritatingly blurry i mean

941

00:35:17,910 --> 00:35:15,520

be aware i mean there is

942

00:35:20,550 --> 00:35:17,920

telemetry the most interesting thing

943

00:35:22,950 --> 00:35:20,560

frankly i'm told is not the videos

944

00:35:24,950 --> 00:35:22,960

i i one scientist had a go at me and he

945

00:35:26,710 --> 00:35:24,960

says are you journalists you're always

946

00:35:28,310 --> 00:35:26,720

obsessed with seeing things he said the

947

00:35:31,030 --> 00:35:28,320

most interesting stuff is the data

948

00:35:32,550 --> 00:35:31,040

surrounding those videos and and he

949

00:35:34,870 --> 00:35:32,560

described to me you need to look at the

950

00:35:36,630 --> 00:35:34,880

noise data the signals data and the you

951
00:35:38,950 --> 00:35:36,640
know the telemetry data showing the

952
00:35:41,990 --> 00:35:38,960
performance features of these objects

953
00:35:43,750 --> 00:35:42,000
and um he said that's what really blew

954
00:35:45,910 --> 00:35:43,760
him away and that's what's been

955
00:35:47,030 --> 00:35:45,920
apparently revealed in the committee

956
00:35:49,190 --> 00:35:47,040
hearings

957
00:35:51,349 --> 00:35:49,200
is that you can't just look at these

958
00:35:53,510 --> 00:35:51,359
videos and reach a conclusion about them

959
00:35:55,670 --> 00:35:53,520
it's the videos in conjunction with the

960
00:35:58,390 --> 00:35:55,680
other data that basically makes it so

961
00:35:59,990 --> 00:35:58,400
compelling because it allows the the

962
00:36:02,790 --> 00:36:00,000
boffins that are investigating this

963
00:36:04,150 --> 00:36:02,800

stuff to exclude the mundane

964

00:36:05,510 --> 00:36:04,160

prosaic

965

00:36:06,630 --> 00:36:05,520

explanations

966

00:36:07,750 --> 00:36:06,640

you know the

967

00:36:09,910 --> 00:36:07,760

um

968

00:36:12,630 --> 00:36:09,920

god bless them mick west

969

00:36:14,870 --> 00:36:12,640

you know explanations seagulls um

970

00:36:17,030 --> 00:36:14,880

splodges on the perspex you know all of

971

00:36:19,109 --> 00:36:17,040

that's been considered and it's an

972

00:36:21,510 --> 00:36:19,119

implausible explanation for what they're

973

00:36:23,829 --> 00:36:21,520

seeing i'm told

974

00:36:25,750 --> 00:36:23,839

do you have any inkling or as to how far

975

00:36:28,950 --> 00:36:25,760

away we are from getting something that

976

00:36:31,190 --> 00:36:28,960

isn't what we got in 2017 and i'm not

977

00:36:32,630 --> 00:36:31,200

asking that are we going to get that you

978

00:36:34,870 --> 00:36:32,640

know cockpit video because i've heard

979

00:36:37,670 --> 00:36:34,880

about that as well but just something

980

00:36:39,990 --> 00:36:37,680

that's a bit more juicy better clarity

981

00:36:41,829 --> 00:36:40,000

maybe with some of that data to back up

982

00:36:44,069 --> 00:36:41,839

as well

983

00:36:46,390 --> 00:36:44,079

oh god andy i wish i could be positive i

984

00:36:48,069 --> 00:36:46,400

mean i i freely admit i'm i i think

985

00:36:50,390 --> 00:36:48,079

we're at a really interesting point

986

00:36:52,310 --> 00:36:50,400

where everybody thinks

987

00:36:56,150 --> 00:36:52,320

there's going to be an ongoing process

988

00:36:59,109 --> 00:36:56,160

of disclosure i'm not so sure

989

00:37:00,710 --> 00:36:59,119

i think it's possible still even now

990

00:37:02,950 --> 00:37:00,720

even though this gillibrand amendment

991

00:37:05,109 --> 00:37:02,960

has been pushed through the congress

992

00:37:07,430 --> 00:37:05,119

it doesn't require that everything

993

00:37:08,950 --> 00:37:07,440

that's collected in the form of the data

994

00:37:10,390 --> 00:37:08,960

be

995

00:37:12,230 --> 00:37:10,400

published

996

00:37:14,069 --> 00:37:12,240

revealed

997

00:37:15,829 --> 00:37:14,079

you know we could find ourselves i mean

998

00:37:18,310 --> 00:37:15,839

one of the things that shocked me when i

999

00:37:20,150 --> 00:37:18,320

spoke to attorney dan sheehan

1000

00:37:22,310 --> 00:37:20,160

was his revelation to me that there

1001
00:37:24,550 --> 00:37:22,320
really are there are still classified

1002
00:37:26,470 --> 00:37:24,560
sections of project blue book the air

1003
00:37:28,069 --> 00:37:26,480
force's investigation

1004
00:37:29,670 --> 00:37:28,079
into the phenomenon

1005
00:37:32,069 --> 00:37:29,680
that are still classified to this day

1006
00:37:33,750 --> 00:37:32,079
and that's been formally denied by the

1007
00:37:36,069 --> 00:37:33,760
air force but he just says no

1008
00:37:39,190 --> 00:37:36,079
categorically that's nonsense he's seen

1009
00:37:42,710 --> 00:37:39,200
it he's seen photographs of what he says

1010
00:37:45,349 --> 00:37:42,720
was a flying saucer lying in a

1011
00:37:48,310 --> 00:37:45,359
snow-covered piece of desert being

1012
00:37:50,390 --> 00:37:48,320
searched and recovered by us military

1013
00:37:55,030 --> 00:37:50,400

those those photographs have never been

1014

00:37:57,750 --> 00:37:55,040

revealed and he saw them um 50 years ago

1015

00:37:59,349 --> 00:37:57,760

so can we really expect that the us

1016

00:38:02,310 --> 00:37:59,359

government is going to reveal this or

1017

00:38:04,870 --> 00:38:02,320

are we being fed a line are we being i

1018

00:38:06,390 --> 00:38:04,880

think the more plausible possibility is

1019

00:38:08,470 --> 00:38:06,400

that we're told

1020

00:38:09,430 --> 00:38:08,480

yes there is a phenomenon here yes it's

1021

00:38:12,069 --> 00:38:09,440

real

1022

00:38:14,630 --> 00:38:12,079

um yes we do think potentially this is

1023

00:38:16,710 --> 00:38:14,640

an intelligent life form and you know i

1024

00:38:18,790 --> 00:38:16,720

was just amazed this morning because

1025

00:38:21,270 --> 00:38:18,800

when you read what um

1026

00:38:23,109 --> 00:38:21,280

uapx has announced to are you across

1027

00:38:24,870 --> 00:38:23,119

what uapx has also announced this

1028

00:38:27,190 --> 00:38:24,880

morning

1029

00:38:29,030 --> 00:38:27,200

yes i've seen the the statement yeah

1030

00:38:31,910 --> 00:38:29,040

well i mean basically that they've been

1031

00:38:34,069 --> 00:38:31,920

i i hear rumors that at least part of

1032

00:38:36,710 --> 00:38:34,079

their project has had some helpful

1033

00:38:38,950 --> 00:38:36,720

government funding or funding from

1034

00:38:40,710 --> 00:38:38,960

um

1035

00:38:43,109 --> 00:38:40,720

non-private areas

1036

00:38:44,310 --> 00:38:43,119

and apparently they've concluded they

1037

00:38:46,230 --> 00:38:44,320

have they're not allowed to release

1038

00:38:48,710 --> 00:38:46,240

their data yet but they've concluded

1039

00:38:49,750 --> 00:38:48,720

that there may exist a sufficiently

1040

00:38:52,870 --> 00:38:49,760

advanced

1041

00:38:55,589 --> 00:38:52,880

human technology that is of yet

1042

00:38:57,829 --> 00:38:55,599

unaccounted for in their analysis

1043

00:39:01,430 --> 00:38:57,839

initial results suggest that data

1044

00:39:02,710 --> 00:39:01,440

captured by uapx eliminate human

1045

00:39:05,109 --> 00:39:02,720

technology

1046

00:39:08,230 --> 00:39:05,119

as a possibility for many instances of

1047

00:39:11,030 --> 00:39:08,240

interest under further review

1048

00:39:13,270 --> 00:39:11,040

now that's momentous but frankly will

1049

00:39:16,870 --> 00:39:13,280

that data be released will it be

1050

00:39:19,510 --> 00:39:16,880

revealed i'm not so sure it will

1051

00:39:21,349 --> 00:39:19,520

this is the issue we can't assume we

1052

00:39:22,950 --> 00:39:21,359

can't assume that just because this data

1053

00:39:25,190 --> 00:39:22,960

is being collected and just because the

1054

00:39:28,150 --> 00:39:25,200

Congress is being given this data that

1055

00:39:29,750 --> 00:39:28,160

it will necessarily be um released and i

1056

00:39:30,950 --> 00:39:29,760

think one of the

1057

00:39:33,349 --> 00:39:30,960

upsets

1058

00:39:35,829 --> 00:39:33,359

in the um

1059

00:39:37,750 --> 00:39:35,839

uh the legislation that the amendments

1060

00:39:39,589 --> 00:39:37,760

that have gone before the congress

1061

00:39:41,670 --> 00:39:39,599

there was hope that there was going to

1062

00:39:43,750 --> 00:39:41,680

be set up in the original gila brand

1063

00:39:46,150 --> 00:39:43,760

proposals there was there was a proposal

1064

00:39:46,950 --> 00:39:46,160

for an independent science advisory

1065

00:39:50,630 --> 00:39:46,960

group

1066

00:39:53,109 --> 00:39:50,640

and the hope was that scu the um

1067

00:39:54,950 --> 00:39:53,119

the uap investigation group composed of

1068

00:39:57,990 --> 00:39:54,960

many reputable scientists would be

1069

00:40:00,230 --> 00:39:58,000

involved and people had noted that chris

1070

00:40:01,589 --> 00:40:00,240

mellon and louis lozando had

1071

00:40:03,510 --> 00:40:01,599

both been

1072

00:40:06,230 --> 00:40:03,520

invited to be part of the galileo

1073

00:40:08,390 --> 00:40:06,240

project and it was kind of hinted that

1074

00:40:10,550 --> 00:40:08,400

they might end up or at least one of

1075

00:40:13,910 --> 00:40:10,560

them might end up being on that science

1076
00:40:15,990 --> 00:40:13,920
advisory body in that oversight role but

1077
00:40:18,630 --> 00:40:16,000
because that the pentagon's been able to

1078
00:40:21,349 --> 00:40:18,640
head off in the amendments that science

1079
00:40:23,349 --> 00:40:21,359
advisory body can you imagine the

1080
00:40:25,510 --> 00:40:23,359
pentagon having to answer to an

1081
00:40:27,990 --> 00:40:25,520
independent science advisory board

1082
00:40:29,430 --> 00:40:28,000
including civilian scientists

1083
00:40:31,109 --> 00:40:29,440
never going to happen

1084
00:40:31,990 --> 00:40:31,119
and so i can understand why it didn't

1085
00:40:35,270 --> 00:40:32,000
happen

1086
00:40:37,510 --> 00:40:35,280
but to me it did not bode well for the

1087
00:40:40,710 --> 00:40:37,520
idea of transparency which is why

1088
00:40:42,390 --> 00:40:40,720

frankly people have to keep on pushing

1089

00:40:44,309 --> 00:40:42,400

and i think when i was on your show

1090

00:40:45,589 --> 00:40:44,319

originally andy i actually made the

1091

00:40:48,870 --> 00:40:45,599

point that

1092

00:40:50,390 --> 00:40:48,880

no change is going to come unless people

1093

00:40:52,390 --> 00:40:50,400

rattle the cage

1094

00:40:54,790 --> 00:40:52,400

the wheel that squeaks gets to greece

1095

00:40:57,109 --> 00:40:54,800

and politics and and the gillibrand

1096

00:40:59,589 --> 00:40:57,119

amendment is a perfect example

1097

00:41:00,870 --> 00:40:59,599

of how people power has actually forced

1098

00:41:03,829 --> 00:41:00,880

the congress

1099

00:41:06,390 --> 00:41:03,839

into a just unprecedented level of

1100

00:41:07,829 --> 00:41:06,400

disclosure but i worry that this

1101

00:41:10,150 --> 00:41:07,839

legislation

1102

00:41:11,190 --> 00:41:10,160

or the bill as it is proposed at the

1103

00:41:13,589 --> 00:41:11,200

moment

1104

00:41:14,950 --> 00:41:13,599

doesn't have sufficient independent

1105

00:41:16,470 --> 00:41:14,960

oversight

1106

00:41:18,550 --> 00:41:16,480

congressional committees senate

1107

00:41:21,030 --> 00:41:18,560

oversight committees have been snowed

1108

00:41:23,829 --> 00:41:21,040

before national security especially in

1109

00:41:27,030 --> 00:41:23,839

these increasingly dangerous times is a

1110

00:41:29,670 --> 00:41:27,040

very powerful mantra so my worry is that

1111

00:41:32,150 --> 00:41:29,680

we might see a situation where yeah the

1112

00:41:35,589 --> 00:41:32,160

congress is being given data but the

1113

00:41:37,430 --> 00:41:35,599

public isn't getting to hear it

1114

00:41:39,270 --> 00:41:37,440

and you know it's funny i peek behind

1115

00:41:41,109 --> 00:41:39,280

the actor's curtain here my final

1116

00:41:42,950 --> 00:41:41,119

question is going to be about what gives

1117

00:41:44,550 --> 00:41:42,960

you hope this isn't just another cycle

1118

00:41:47,190 --> 00:41:44,560

and the genie won't be put back in the

1119

00:41:49,510 --> 00:41:47,200

bottle but you're saying that there is a

1120

00:41:52,309 --> 00:41:49,520

potential scenario where that does

1121

00:41:55,030 --> 00:41:52,319

happen but how much can

1122

00:41:57,349 --> 00:41:55,040

the public be given that you know if

1123

00:41:59,430 --> 00:41:57,359

even that admission you mentioned that

1124

00:42:01,510 --> 00:41:59,440

there is potentially a non-human

1125

00:42:02,630 --> 00:42:01,520

intelligence at play as some of this

1126

00:42:04,150 --> 00:42:02,640

phenomena

1127

00:42:05,589 --> 00:42:04,160

surely that isn't

1128

00:42:07,030 --> 00:42:05,599

going to go away then from a public

1129

00:42:09,510 --> 00:42:07,040

point of view or can you really see a

1130

00:42:12,630 --> 00:42:09,520

scenario where that could happen

1131

00:42:14,710 --> 00:42:12,640

well this is the other thing um

1132

00:42:17,829 --> 00:42:14,720

a few of my sources have actually said

1133

00:42:19,349 --> 00:42:17,839

to me that the phenomenon

1134

00:42:20,309 --> 00:42:19,359

is

1135

00:42:23,349 --> 00:42:20,319

making

1136

00:42:25,589 --> 00:42:23,359

disclosure inevitable

1137

00:42:27,349 --> 00:42:25,599

and just to explain that i mean

1138

00:42:28,790 --> 00:42:27,359

i've been talking to people who are

1139

00:42:31,190 --> 00:42:28,800

aware of the

1140

00:42:33,589 --> 00:42:31,200

scale of the recent sightings off the

1141

00:42:36,309 --> 00:42:33,599

virginia coast involving carrier battle

1142

00:42:39,349 --> 00:42:36,319

groups doing work work up exercises

1143

00:42:40,309 --> 00:42:39,359

with um fighter squadrons and

1144

00:42:42,710 --> 00:42:40,319

um

1145

00:42:45,510 --> 00:42:42,720

you know i'm told that pilots are going

1146

00:42:49,109 --> 00:42:45,520

up and frequently coming into contact

1147

00:42:51,589 --> 00:42:49,119

with dozens of anomalous objects

1148

00:42:53,750 --> 00:42:51,599

the phenomenon whatever it is is making

1149

00:42:57,430 --> 00:42:53,760

itself so obvious

1150

00:42:59,670 --> 00:42:57,440

so overt it's impossible to not collect

1151

00:43:02,390 --> 00:42:59,680

data on it and this is the thing that's

1152

00:43:05,030 --> 00:43:02,400

been driving i think a lot of the

1153

00:43:06,630 --> 00:43:05,040

sense of urgency in the congress

1154

00:43:08,230 --> 00:43:06,640

there's a great string and i don't have

1155

00:43:10,390 --> 00:43:08,240

it in front of me here but it's up on

1156

00:43:12,470 --> 00:43:10,400

reddit which goes through all of the

1157

00:43:14,390 --> 00:43:12,480

different congressmen and senators

1158

00:43:16,470 --> 00:43:14,400

who've basically been read into the

1159

00:43:18,309 --> 00:43:16,480

classified briefings that were given to

1160

00:43:20,710 --> 00:43:18,319

them in skiff facilities

1161

00:43:22,790 --> 00:43:20,720

inside the congress and i think it's

1162

00:43:24,309 --> 00:43:22,800

really instructive reading for anybody

1163

00:43:25,270 --> 00:43:24,319

who's trying to get across this issue

1164

00:43:28,950 --> 00:43:25,280

because

1165

00:43:32,309 --> 00:43:28,960

i was really impressed by how

1166

00:43:34,790 --> 00:43:32,319

driven they are now these politicians by

1167

00:43:37,030 --> 00:43:34,800

a sense of need for this to be

1168

00:43:38,309 --> 00:43:37,040

investigated and i'm told that's what's

1169

00:43:41,430 --> 00:43:38,319

driving that

1170

00:43:44,470 --> 00:43:41,440

is that the intensity and frequency of

1171

00:43:45,349 --> 00:43:44,480

these sightings is just off the scale

1172

00:43:50,950 --> 00:43:45,359

um

1173

00:43:53,670 --> 00:43:50,960

being seen in each

1174

00:43:55,349 --> 00:43:53,680

engagement is just extraordinary

1175

00:43:57,349 --> 00:43:55,359

and frankly

1176

00:43:59,829 --> 00:43:57,359

if what gary nolan if what professor

1177

00:44:03,190 --> 00:43:59,839

gary nolan at stanford university has

1178

00:44:05,829 --> 00:44:03,200

revealed today is correct that there are

1179

00:44:06,950 --> 00:44:05,839

absolutely adverse health effects that

1180

00:44:08,950 --> 00:44:06,960

have come

1181

00:44:10,870 --> 00:44:08,960

being suffered by

1182

00:44:13,109 --> 00:44:10,880

people who've come up close to this

1183

00:44:15,030 --> 00:44:13,119

phenomena that's really alarming it's

1184

00:44:16,710 --> 00:44:15,040

actually quite concerning we need to

1185

00:44:18,150 --> 00:44:16,720

know more about that and i can

1186

00:44:20,230 --> 00:44:18,160

understand why

1187

00:44:22,069 --> 00:44:20,240

any congress person would basically be

1188

00:44:23,510 --> 00:44:22,079

desperately keen to make sure that it's

1189

00:44:25,190 --> 00:44:23,520
properly resourced and properly

1190

00:44:27,430 --> 00:44:25,200
investigated

1191

00:44:29,349 --> 00:44:27,440
but i can also understand why the

1192

00:44:31,910 --> 00:44:29,359
national security infrastructure might

1193

00:44:34,309 --> 00:44:31,920
go you know what we still can't rule out

1194

00:44:36,230 --> 00:44:34,319
the possibility that this is a

1195

00:44:37,990 --> 00:44:36,240
either a state actor or a non-state

1196

00:44:39,990 --> 00:44:38,000
actor on this planet

1197

00:44:41,430 --> 00:44:40,000
and for that reason we need to properly

1198

00:44:43,910 --> 00:44:41,440
investigate it because it's a national

1199

00:44:46,150 --> 00:44:43,920
security issue you know that this links

1200

00:44:48,710 --> 00:44:46,160
into nolan's made it quite clear this

1201

00:44:50,309 --> 00:44:48,720

links into the havana syndrome

1202

00:44:52,230 --> 00:44:50,319

there's been this weird thing that's

1203

00:44:54,150 --> 00:44:52,240

been going on where us diplomats have

1204

00:44:56,150 --> 00:44:54,160

been suffering weird illnesses that

1205

00:44:57,990 --> 00:44:56,160

cannot be explained

1206

00:45:00,790 --> 00:44:58,000

and some debunkers have suggested it was

1207

00:45:03,109 --> 00:45:00,800

just psychosomatic but it does appear

1208

00:45:05,750 --> 00:45:03,119

that nolan's research has shown that

1209

00:45:08,710 --> 00:45:05,760

there is something very real happening

1210

00:45:10,150 --> 00:45:08,720

now if i'm a defense security person

1211

00:45:11,430 --> 00:45:10,160

trying to get across it i can understand

1212

00:45:13,270 --> 00:45:11,440

why they might want to keep it secret

1213

00:45:15,030 --> 00:45:13,280

for a while longer i'm not making

1214

00:45:17,030 --> 00:45:15,040

excuses for them because we should we

1215

00:45:19,349 --> 00:45:17,040

should be needling and pushing

1216

00:45:21,349 --> 00:45:19,359

but frankly i i don't see at the moment

1217

00:45:22,950 --> 00:45:21,359

the degree of momentum that should be

1218

00:45:24,710 --> 00:45:22,960

happening in the mainstream media

1219

00:45:26,390 --> 00:45:24,720

because the mainstream media frankly is

1220

00:45:27,430 --> 00:45:26,400

completely dropping the ball on this

1221

00:45:29,829 --> 00:45:27,440

subject

1222

00:45:32,150 --> 00:45:29,839

i did an interview with a very very

1223

00:45:34,630 --> 00:45:32,160

reputable journalist in your country i

1224

00:45:36,309 --> 00:45:34,640

won't say who just the other day

1225

00:45:38,870 --> 00:45:36,319

and they did a long interview with me

1226

00:45:41,030 --> 00:45:38,880

where i took them through the reasons

1227

00:45:43,109 --> 00:45:41,040

why this issue needs to be engaged with

1228

00:45:46,150 --> 00:45:43,119

far more seriously and and needs to be

1229

00:45:48,309 --> 00:45:46,160

taken seriously by mainstream media and

1230

00:45:50,950 --> 00:45:48,319

seriously investigated as a beat as

1231

00:45:53,510 --> 00:45:50,960

around by news organizations you know

1232

00:45:55,430 --> 00:45:53,520

this is the probably the biggest story

1233

00:45:57,990 --> 00:45:55,440

of the moment if people sit back and

1234

00:45:59,990 --> 00:45:58,000

think about it we have the beginnings of

1235

00:46:02,069 --> 00:46:00,000

an acknowledgement by the us government

1236

00:46:04,390 --> 00:46:02,079

that there is an intelligent form of

1237

00:46:07,109 --> 00:46:04,400

life that is not human with a

1238

00:46:10,150 --> 00:46:07,119

sophisticated highly advanced technology

1239

00:46:11,910 --> 00:46:10,160

engaging with humanity

1240

00:46:14,150 --> 00:46:11,920

wow

1241

00:46:16,630 --> 00:46:14,160

and yet it's not on the front page of

1242

00:46:20,710 --> 00:46:16,640

the times the new york times the

1243

00:46:24,630 --> 00:46:22,710

but i wonder given the comment you've

1244

00:46:27,270 --> 00:46:24,640

just made there ross that the phenomenon

1245

00:46:29,829 --> 00:46:27,280

is in a way revealing itself and making

1246

00:46:31,750 --> 00:46:29,839

making disclosure potentially more

1247

00:46:33,349 --> 00:46:31,760

palatable or easier to come about or

1248

00:46:35,670 --> 00:46:33,359

harder to avoid

1249

00:46:37,430 --> 00:46:35,680

it only seems to be unveiling itself to

1250

00:46:40,470 --> 00:46:37,440

to the military you mentioned pilots

1251
00:46:42,150 --> 00:46:40,480
going up and encountering a dozen uap

1252
00:46:44,150 --> 00:46:42,160
obviously if

1253
00:46:46,150 --> 00:46:44,160
you go up in a commercial airliner or

1254
00:46:48,710 --> 00:46:46,160
jeff bezos or elon musk go up in one of

1255
00:46:50,069 --> 00:46:48,720
their flights and 12 uaps start buzzing

1256
00:46:51,589 --> 00:46:50,079
about one of those then that's a

1257
00:46:53,670 --> 00:46:51,599
different story but

1258
00:46:55,349 --> 00:46:53,680
those mass sightings still seem to be

1259
00:46:57,430 --> 00:46:55,359
exclusive to the military almost why

1260
00:47:01,190 --> 00:46:57,440
wouldn't it unveil itself again like a

1261
00:47:04,150 --> 00:47:02,470
i would have thought the phoenix-like

1262
00:47:05,829 --> 00:47:04,160
event disproves what you're saying

1263
00:47:08,069 --> 00:47:05,839

clearly there's a phenomenon that's been

1264

00:47:12,390 --> 00:47:08,079

manifesting itself to humanity not just

1265

00:47:16,550 --> 00:47:14,950

there is something intelligent i i can't

1266

00:47:17,990 --> 00:47:16,560

explain that but there is clearly

1267

00:47:20,790 --> 00:47:18,000

something intelligent that has been

1268

00:47:23,030 --> 00:47:20,800

manifesting itself to humanity for years

1269

00:47:24,870 --> 00:47:23,040

i mean you'd recall in my documentary

1270

00:47:27,990 --> 00:47:24,880

there's a school in australia which was

1271

00:47:31,430 --> 00:47:28,000

buzzed by three metallic elliptical

1272

00:47:33,190 --> 00:47:31,440

silvery discs 200 plus people saw it and

1273

00:47:35,030 --> 00:47:33,200

despite official attempts at a cover-up

1274

00:47:38,710 --> 00:47:35,040

those witnesses still believe what they

1275

00:47:41,190 --> 00:47:38,720

saw was something not of this world um

1276

00:47:42,950 --> 00:47:41,200

so there is a phenomenon that i think is

1277

00:47:44,549 --> 00:47:42,960

manifesting itself to humanity it's

1278

00:47:47,030 --> 00:47:44,559

actually quite inquisitive interestingly

1279

00:47:48,950 --> 00:47:47,040

enough about kids i was i was talking to

1280

00:47:50,470 --> 00:47:48,960

somebody just yesterday about another

1281

00:47:51,910 --> 00:47:50,480

school sighting that i'd never heard

1282

00:47:54,230 --> 00:47:51,920

about

1283

00:47:56,549 --> 00:47:54,240

the number of sightings of these objects

1284

00:48:01,190 --> 00:47:56,559

over schools is is fascinating there's

1285

00:48:05,430 --> 00:48:02,390

so

1286

00:48:07,990 --> 00:48:05,440

and look if if the if the the volume of

1287

00:48:10,230 --> 00:48:08,000

emails and messages that i'm getting

1288

00:48:11,430 --> 00:48:10,240

personally is any guide

1289

00:48:13,349 --> 00:48:11,440

i i mean i

1290

00:48:15,190 --> 00:48:13,359

i've lost count of the number of people

1291

00:48:16,230 --> 00:48:15,200

who've emailed me in recent months and

1292

00:48:18,630 --> 00:48:16,240

said

1293

00:48:20,549 --> 00:48:18,640

i saw your documentary i've read your

1294

00:48:22,309 --> 00:48:20,559

book i've never told anybody about what

1295

00:48:23,990 --> 00:48:22,319

i saw and i don't quite know why i've

1296

00:48:25,750 --> 00:48:24,000

never told anybody about what i saw

1297

00:48:27,750 --> 00:48:25,760

because i'm i'm not ashamed of it and

1298

00:48:29,109 --> 00:48:27,760

i'm very sure of what i saw but this is

1299

00:48:31,829 --> 00:48:29,119

what i saw

1300

00:48:34,470 --> 00:48:31,839

and often it's just freaky stuff where

1301
00:48:35,589 --> 00:48:34,480
they're engaging clearly with something

1302
00:48:38,390 --> 00:48:35,599
that is

1303
00:48:39,190 --> 00:48:38,400
highly advanced technology intelligent

1304
00:48:42,790 --> 00:48:39,200
and

1305
00:48:43,670 --> 00:48:42,800
anything on this planet

1306
00:48:45,270 --> 00:48:43,680
and

1307
00:48:47,030 --> 00:48:45,280
frankly

1308
00:48:50,069 --> 00:48:47,040
the the notion that this is just

1309
00:48:53,030 --> 00:48:50,079
military engagements is i think wrong i

1310
00:48:55,270 --> 00:48:53,040
i think that what's happening is the

1311
00:48:56,790 --> 00:48:55,280
military now has the technology

1312
00:48:59,190 --> 00:48:56,800
particularly

1313
00:49:02,950 --> 00:48:59,200

fleur imaging

1314

00:49:05,109 --> 00:49:02,960

phased array radar systems

1315

00:49:06,870 --> 00:49:05,119

tracking technology which makes it

1316

00:49:08,630 --> 00:49:06,880

easier for the military to be able to

1317

00:49:10,870 --> 00:49:08,640

measure this stuff

1318

00:49:13,349 --> 00:49:10,880

but you know as we both know there are

1319

00:49:16,069 --> 00:49:13,359

people now in private enterprise who are

1320

00:49:17,990 --> 00:49:16,079

setting up in private groups technology

1321

00:49:19,829 --> 00:49:18,000

which will hopefully be similarly able

1322

00:49:21,750 --> 00:49:19,839

to record the phenomenon

1323

00:49:23,510 --> 00:49:21,760

and i think part of that is driving the

1324

00:49:25,190 --> 00:49:23,520

imperative from the pentagon because

1325

00:49:27,190 --> 00:49:25,200

they've known for years they've had the

1326
00:49:29,190 --> 00:49:27,200
monopoly on this kind of technology that

1327
00:49:31,349 --> 00:49:29,200
allows them to

1328
00:49:33,510 --> 00:49:31,359
to monitor this stuff

1329
00:49:35,829 --> 00:49:33,520
but it's now becoming increasingly

1330
00:49:37,109 --> 00:49:35,839
impossible for them to deny

1331
00:49:39,910 --> 00:49:37,119
the obvious

1332
00:49:42,470 --> 00:49:39,920
i mean i'm a huge fan of a great group

1333
00:49:45,750 --> 00:49:42,480
in the uk called bellingcat which is an

1334
00:49:47,829 --> 00:49:45,760
open source intelligence organization

1335
00:49:49,349 --> 00:49:47,839
which essentially collects

1336
00:49:51,510 --> 00:49:49,359
things like

1337
00:49:53,750 --> 00:49:51,520
social media videos

1338
00:49:55,670 --> 00:49:53,760

and shortly i was involved it was a

1339

00:49:58,390 --> 00:49:55,680

terrible tragedy when the

1340

00:50:00,950 --> 00:49:58,400

malaysian airlines mh17 jet was shot

1341

00:50:02,950 --> 00:50:00,960

down by the russians the russians tried

1342

00:50:04,950 --> 00:50:02,960

to deny that they'd shot this aircraft

1343

00:50:07,670 --> 00:50:04,960

down over the ukraine and

1344

00:50:09,910 --> 00:50:07,680

we'd lost dozens of people in australia

1345

00:50:11,829 --> 00:50:09,920

it's an absolute horrible horrific

1346

00:50:13,430 --> 00:50:11,839

tragedy and i've spoken to the families

1347

00:50:15,349 --> 00:50:13,440

of the beautiful little children who

1348

00:50:18,069 --> 00:50:15,359

were killed and it's just awful

1349

00:50:21,190 --> 00:50:18,079

basically horrible meaningless

1350

00:50:22,710 --> 00:50:21,200

active barbarism by the russians

1351

00:50:24,870 --> 00:50:22,720

and

1352

00:50:27,510 --> 00:50:24,880

the interesting thing was that the key

1353

00:50:30,230 --> 00:50:27,520

evidence that came through that revealed

1354

00:50:33,030 --> 00:50:30,240

the russian complicity in firing a buck

1355

00:50:34,390 --> 00:50:33,040

missile rocket launcher at this aircraft

1356

00:50:36,950 --> 00:50:34,400

and the mistaken belief it was a

1357

00:50:39,589 --> 00:50:36,960

ukrainian military aircraft

1358

00:50:41,829 --> 00:50:39,599

that information came from open source

1359

00:50:44,069 --> 00:50:41,839

intelligence gathered by

1360

00:50:45,910 --> 00:50:44,079

people from bellin ket using social

1361

00:50:47,829 --> 00:50:45,920

media facebook you know some of these

1362

00:50:50,549 --> 00:50:47,839

russian buck missile operators that

1363

00:50:51,990 --> 00:50:50,559

actually posted on social media saying

1364

00:50:54,230 --> 00:50:52,000

where they were and they were able to

1365

00:50:56,390 --> 00:50:54,240

use the location data to track the

1366

00:50:59,990 --> 00:50:56,400

movement of this rocket launcher

1367

00:51:02,710 --> 00:51:00,000

so imagine if similar ocean similar

1368

00:51:04,950 --> 00:51:02,720

publicly available data allows us to for

1369

00:51:07,270 --> 00:51:04,960

example

1370

00:51:10,950 --> 00:51:07,280

use satellites maybe the elon musk

1371

00:51:15,510 --> 00:51:12,950

objects moving through our atmosphere i

1372

00:51:17,910 --> 00:51:15,520

mean that technology is now available

1373

00:51:20,150 --> 00:51:17,920

people are now able to buy far higher

1374

00:51:21,670 --> 00:51:20,160

resolution satellite telemetry imagery

1375

00:51:23,670 --> 00:51:21,680

than ever before

1376

00:51:25,589 --> 00:51:23,680

and so i think we're on the cusp of a

1377

00:51:27,670 --> 00:51:25,599

technological revolution that makes it

1378

00:51:29,270 --> 00:51:27,680

very very difficult for the

1379

00:51:31,190 --> 00:51:29,280

the people who've controlled this

1380

00:51:32,950 --> 00:51:31,200

information because they've largely only

1381

00:51:34,230 --> 00:51:32,960

had the technology that allows this to

1382

00:51:36,150 --> 00:51:34,240

be perceived

1383

00:51:38,150 --> 00:51:36,160

we're now on the cusp of a revolution

1384

00:51:40,470 --> 00:51:38,160

that makes it possible for all of us to

1385

00:51:42,470 --> 00:51:40,480

be able to do this kind of digging and

1386

00:51:43,990 --> 00:51:42,480

we should by golly we should we

1387

00:51:45,109 --> 00:51:44,000

shouldn't just sit back and tell

1388

00:51:46,950 --> 00:51:45,119

ourselves

1389

00:51:48,950 --> 00:51:46,960

disclosure is going to happen

1390

00:51:50,630 --> 00:51:48,960

transparency is on the way it's all

1391

00:51:52,790 --> 00:51:50,640

light and good and the government's

1392

00:51:55,349 --> 00:51:52,800

going to tell us everything believe me

1393

00:51:57,750 --> 00:51:55,359

they won't they won't tell you a thing

1394

00:51:59,510 --> 00:51:57,760

unless you push

1395

00:52:00,950 --> 00:51:59,520

and the limited time we've got left ross

1396

00:52:03,670 --> 00:52:00,960

i want to ask you you mentioned

1397

00:52:05,430 --> 00:52:03,680

satellite imagery and data before have

1398

00:52:07,510 --> 00:52:05,440

you ever heard any information or

1399

00:52:09,349 --> 00:52:07,520

evidence this was from newman and

1400

00:52:11,510 --> 00:52:09,359

whether these uaps are potentially

1401

00:52:14,870 --> 00:52:11,520

conducting operations in orbit or in

1402

00:52:18,790 --> 00:52:16,630

i can't really say for sure to be

1403

00:52:21,109 --> 00:52:18,800

perfectly honest mate i mean there are

1404

00:52:24,069 --> 00:52:21,119

what i can tell you is and this is in my

1405

00:52:27,349 --> 00:52:24,079

book in my book bob fish who is a very

1406

00:52:30,150 --> 00:52:27,359

highly cleared top-secret sci cleared

1407

00:52:32,549 --> 00:52:30,160

person and in his time he he was in a

1408

00:52:34,790 --> 00:52:32,559

aerospace facility in long beach

1409

00:52:37,270 --> 00:52:34,800

california one of the big defense

1410

00:52:40,069 --> 00:52:37,280

aerospace companies and he was literally

1411

00:52:41,990 --> 00:52:40,079

shown telemetry data showing

1412

00:52:44,549 --> 00:52:42,000

uh an anomalous

1413

00:52:47,589 --> 00:52:44,559

object craft call it what you like

1414

00:52:49,750 --> 00:52:47,599

maneuvering in front of a dsp defence

1415

00:52:51,589 --> 00:52:49,760

support program satellite changing

1416

00:52:53,910 --> 00:52:51,599

velocity changing course and then

1417

00:52:55,190 --> 00:52:53,920

entering earth's atmosphere

1418

00:52:56,710 --> 00:52:55,200

i'm told

1419

00:52:58,230 --> 00:52:56,720

by

1420

00:53:00,309 --> 00:52:58,240

both american

1421

00:53:02,470 --> 00:53:00,319

and australian sources who've worked out

1422

00:53:04,630 --> 00:53:02,480

of the pine gap facility

1423

00:53:06,950 --> 00:53:04,640

and that's the facility that records

1424

00:53:09,430 --> 00:53:06,960

icbm launches all around the world it's

1425

00:53:11,510 --> 00:53:09,440

like america's early warning satellite

1426

00:53:13,270 --> 00:53:11,520

scanning system for

1427

00:53:15,430 --> 00:53:13,280

rockets essentially

1428

00:53:17,190 --> 00:53:15,440

anomalous space objects

1429

00:53:19,829 --> 00:53:17,200

there's also a space telescope in

1430

00:53:23,109 --> 00:53:19,839

exmouth in western australia and that's

1431

00:53:24,870 --> 00:53:23,119

all hardwired into a data feed that goes

1432

00:53:26,950 --> 00:53:24,880

back to the united states and a lot of

1433

00:53:28,630 --> 00:53:26,960

this is run by australians

1434

00:53:31,190 --> 00:53:28,640

and we're doing quite a good job helping

1435

00:53:34,150 --> 00:53:31,200

out space command u.s space command

1436

00:53:35,750 --> 00:53:34,160

but i'm told that as well as space junk

1437

00:53:37,109 --> 00:53:35,760

no thanks to the russians for that for

1438

00:53:38,630 --> 00:53:37,119

exploding one of their satellites

1439

00:53:40,790 --> 00:53:38,640

recently

1440

00:53:43,109 --> 00:53:40,800

as well as space junk increasingly this

1441

00:53:45,430 --> 00:53:43,119

data is is detecting anomalous space

1442

00:53:47,349 --> 00:53:45,440

objects objects that are clearly showing

1443

00:53:50,390 --> 00:53:47,359

intelligent control

1444

00:53:52,390 --> 00:53:50,400

but as for what their purpose is

1445

00:53:55,030 --> 00:53:52,400

i have no insights on to what the

1446

00:53:57,589 --> 00:53:55,040

purpose is of this all i can say is that

1447

00:54:00,710 --> 00:53:57,599

yes data is being collected

1448

00:54:02,549 --> 00:54:00,720

and people are worried about it

1449

00:54:04,470 --> 00:54:02,559

and ross one last thing to get in very

1450

00:54:06,390 --> 00:54:04,480

quickly before we let you go this was

1451
00:54:09,190 --> 00:54:06,400
from neil but quite a few people wrote

1452
00:54:10,870 --> 00:54:09,200
in about the future human time travelers

1453
00:54:12,230 --> 00:54:10,880
idea and it's something i know we talked

1454
00:54:14,950 --> 00:54:12,240
about previously and i think a lot of

1455
00:54:16,950 --> 00:54:14,960
confusion happens around this uh if the

1456
00:54:19,109 --> 00:54:16,960
future was that bad why would they not

1457
00:54:21,349 --> 00:54:19,119
make contact directly or take direct

1458
00:54:23,670 --> 00:54:21,359
action to change the course of history

1459
00:54:25,990 --> 00:54:23,680
what is your opinion now as we speak on

1460
00:54:28,470 --> 00:54:26,000
the future humans theory

1461
00:54:31,349 --> 00:54:28,480
okay let me preface everything i say

1462
00:54:33,910 --> 00:54:31,359
here by saying that just because i'm

1463
00:54:36,390 --> 00:54:33,920

reporting what i've been told about the

1464

00:54:38,470 --> 00:54:36,400

future human hypothesis i'm not

1465

00:54:40,390 --> 00:54:38,480

necessarily subscribing to the notion

1466

00:54:42,470 --> 00:54:40,400

that i believe it okay

1467

00:54:44,069 --> 00:54:42,480

i've heard it from multiple sources and

1468

00:54:46,150 --> 00:54:44,079

other people i know have heard it from

1469

00:54:47,109 --> 00:54:46,160

other sources that are independent of

1470

00:54:49,190 --> 00:54:47,119

mine

1471

00:54:51,270 --> 00:54:49,200

so i do believe that there are people in

1472

00:54:53,990 --> 00:54:51,280

the intelligence and defense community

1473

00:54:55,510 --> 00:54:54,000

who are purporting to be aware of this

1474

00:54:58,470 --> 00:54:55,520

scenario

1475

00:55:00,710 --> 00:54:58,480

i cannot explain

1476

00:55:03,270 --> 00:55:00,720

why they don't just if this is a

1477

00:55:05,030 --> 00:55:03,280

future human scenario wouldn't the best

1478

00:55:06,390 --> 00:55:05,040

thing do and it's the best argument

1479

00:55:07,990 --> 00:55:06,400

frankly too you know why don't they just

1480

00:55:09,750 --> 00:55:08,000

manifest themselves on the white house

1481

00:55:12,309 --> 00:55:09,760

lawn and a big flying saucer and

1482

00:55:15,750 --> 00:55:12,319

everybody can get on with their jobs

1483

00:55:18,549 --> 00:55:15,760

i don't know all i can do is speculate

1484

00:55:21,349 --> 00:55:18,559

that it involves a fear of adjusting the

1485

00:55:23,109 --> 00:55:21,359

time stream which is what i was told

1486

00:55:24,150 --> 00:55:23,119

that that essentially

1487

00:55:27,270 --> 00:55:24,160

you know

1488

00:55:28,390 --> 00:55:27,280

the very fact of being overt

1489

00:55:30,549 --> 00:55:28,400

alters

1490

00:55:32,710 --> 00:55:30,559

the time stream

1491

00:55:34,789 --> 00:55:32,720

and my understanding my limited

1492

00:55:37,109 --> 00:55:34,799

understanding as much as my tiny little

1493

00:55:39,190 --> 00:55:37,119

brain can cope with this whole notion

1494

00:55:41,910 --> 00:55:39,200

is that the best it's been explained to

1495

00:55:46,150 --> 00:55:44,789

it's not a case that you can alter the

1496

00:55:47,430 --> 00:55:46,160

time stream

1497

00:55:48,870 --> 00:55:47,440

anyway

1498

00:55:51,349 --> 00:55:48,880

directly

1499

00:55:53,270 --> 00:55:51,359

it's more a case that by

1500

00:55:54,789 --> 00:55:53,280

going back in time if this was

1501

00:55:55,990 --> 00:55:54,799

theoretically the case if this is

1502

00:55:57,829 --> 00:55:56,000

possible

1503

00:56:00,470 --> 00:55:57,839

by going back in time the increasing

1504

00:56:02,630 --> 00:56:00,480

speculation is all it's going to do is

1505

00:56:05,670 --> 00:56:02,640

open up a multiverse it's going to open

1506

00:56:08,390 --> 00:56:05,680

up open up an alternative universe

1507

00:56:09,990 --> 00:56:08,400

with an alternative time stream

1508

00:56:11,270 --> 00:56:10,000

and so that's what's been explained to

1509

00:56:13,589 --> 00:56:11,280

me is that

1510

00:56:15,109 --> 00:56:13,599

that whilst you might have a scenario

1511

00:56:17,589 --> 00:56:15,119

where

1512

00:56:19,589 --> 00:56:17,599

let's assume that there is one group of

1513

00:56:21,510 --> 00:56:19,599

future humans that

1514

00:56:23,349 --> 00:56:21,520

wants change to happen and one group of

1515

00:56:26,390 --> 00:56:23,359

future humans that doesn't want change

1516

00:56:31,349 --> 00:56:28,230

maybe they don't know what their

1517

00:56:33,510 --> 00:56:31,359

meddling will achieve

1518

00:56:35,910 --> 00:56:33,520

you know we're speculating

1519

00:56:38,870 --> 00:56:35,920

that they know what they're doing maybe

1520

00:56:41,349 --> 00:56:38,880

they don't maybe they're like us

1521

00:56:43,910 --> 00:56:41,359

but maybe they're aware that there is a

1522

00:56:45,349 --> 00:56:43,920

you know a future cataclysm or some kind

1523

00:56:47,349 --> 00:56:45,359

of uh

1524

00:56:48,789 --> 00:56:47,359

apocalyptic event

1525

00:56:50,870 --> 00:56:48,799

and they're

1526

00:56:53,750 --> 00:56:50,880

nervously trying to feel their way

1527

00:56:56,150 --> 00:56:53,760

around how to deal with it

1528

00:57:00,230 --> 00:56:56,160

you know we assume

1529

00:57:01,829 --> 00:57:00,240

we assume that our political leaders our

1530

00:57:04,150 --> 00:57:01,839

military leaders and our intelligence

1531

00:57:06,230 --> 00:57:04,160

chiefs all know what's going on

1532

00:57:08,309 --> 00:57:06,240

um in the same way maybe we're assuming

1533

00:57:10,630 --> 00:57:08,319

that that future human scenario knows

1534

00:57:12,710 --> 00:57:10,640

what's going on maybe they don't

1535

00:57:14,950 --> 00:57:12,720

but maybe they're trying to do something

1536

00:57:16,549 --> 00:57:14,960

to let the people in power know that

1537

00:57:18,549 --> 00:57:16,559

there is a scenario here that's an

1538

00:57:19,990 --> 00:57:18,559

enormous risk to humanity

1539

00:57:21,829 --> 00:57:20,000

and perhaps the most plausible

1540

00:57:23,510 --> 00:57:21,839

explanation is that they want to do this

1541

00:57:25,270 --> 00:57:23,520

with minimal disruption to the time

1542

00:57:27,109 --> 00:57:25,280

stream

1543

00:57:28,470 --> 00:57:27,119

well maybe i was going to say ross a

1544

00:57:30,230 --> 00:57:28,480

great way to explain that to the general

1545

00:57:31,910 --> 00:57:30,240

public and get that idea would be for a

1546

00:57:33,750 --> 00:57:31,920

major hollywood studio to introduce the

1547

00:57:35,349 --> 00:57:33,760

idea of a multiverse through some some

1548

00:57:37,750 --> 00:57:35,359

big movies that might be coming out in

1549

00:57:39,190 --> 00:57:37,760

the very near future so well actually

1550

00:57:41,030 --> 00:57:39,200

there's one already i mean i would

1551

00:57:43,910 --> 00:57:41,040

commend to people that they watched this

1552

00:57:45,910 --> 00:57:43,920

fantastic german series called dark

1553

00:57:47,670 --> 00:57:45,920

which has been on netflix in my country

1554

00:57:50,150 --> 00:57:47,680

and i think it's been on in the uk as

1555

00:57:51,589 --> 00:57:50,160

well have you seen that out of it yeah

1556

00:57:52,710 --> 00:57:51,599

i've not seen i've heard it's been

1557

00:57:54,549 --> 00:57:52,720

recommended

1558

00:57:56,950 --> 00:57:54,559

i mean it's it's the most nihilistic and

1559

00:57:59,910 --> 00:57:56,960

depressing series known to man but um

1560

00:58:02,470 --> 00:57:59,920

it's it's compelling and my

1561

00:58:04,549 --> 00:58:02,480

understanding from somebody who purports

1562

00:58:07,030 --> 00:58:04,559

to know is that its representation of

1563

00:58:09,430 --> 00:58:07,040

the time stream disruption issues is

1564

00:58:11,190 --> 00:58:09,440

fairly accurate

1565

00:58:13,030 --> 00:58:11,200

well ross our time stream is up because

1566

00:58:15,270 --> 00:58:13,040

you have to get going can i just ask

1567

00:58:17,109 --> 00:58:15,280

what is coming up next for you and uh

1568

00:58:18,789 --> 00:58:17,119

what's your what's your follow-ups any

1569

00:58:20,710 --> 00:58:18,799

future documentaries coming out or a

1570

00:58:22,549 --> 00:58:20,720

follow-up to in plain sight

1571

00:58:25,109 --> 00:58:22,559

well certainly the tv station that i

1572

00:58:26,789 --> 00:58:25,119

work with is very keen for follow-ups

1573

00:58:28,789 --> 00:58:26,799

but i'm only keen to do one when i've

1574

00:58:34,390 --> 00:58:28,799

got something interesting to say

1575

00:58:39,510 --> 00:58:36,950

a one or two off sort of podcast project

1576

00:58:42,870 --> 00:58:39,520

of my own at the moment which um

1577

00:58:45,589 --> 00:58:42,880

uh will probably be uh up online

1578

00:58:46,950 --> 00:58:45,599

in the next few weeks uh

1579

00:58:48,470 --> 00:58:46,960

and um

1580

00:58:50,950 --> 00:58:48,480

i'm also working on a documentary

1581

00:58:52,390 --> 00:58:50,960

proposal i would really like to bring

1582

00:58:53,750 --> 00:58:52,400

the skill set that i have as an

1583

00:58:55,670 --> 00:58:53,760

investigative journalist i feel

1584

00:58:57,430 --> 00:58:55,680

frustrated that i've only had

1585

00:58:59,910 --> 00:58:57,440

you know an hour and a bit to tell the

1586

00:59:03,270 --> 00:58:59,920

documentary that i've already published

1587

00:59:06,870 --> 00:59:03,280

um and frankly the volume and intensity

1588

00:59:08,870 --> 00:59:06,880

of the audience interest in this subject

1589

00:59:11,270 --> 00:59:08,880

matter makes me think that

1590

00:59:13,829 --> 00:59:11,280

if i can find the funding for it i would

1591

00:59:15,670 --> 00:59:13,839

be really interested in as a journalist

1592

00:59:17,109 --> 00:59:15,680

bringing the skill set that i have to

1593

00:59:19,190 --> 00:59:17,119

doing a more

1594

00:59:20,870 --> 00:59:19,200

reactive and

1595

00:59:22,710 --> 00:59:20,880

more frequent

1596

00:59:26,390 --> 00:59:22,720

discussion and investigation of the

1597

00:59:29,349 --> 00:59:26,400

phenomenon i think i think it's time for

1598

00:59:32,230 --> 00:59:29,359

mainstream media to treat this like any

1599

00:59:34,390 --> 00:59:32,240

other round any other journalistic beat

1600

00:59:36,789 --> 00:59:34,400

and uh if mainstream media is not going

1601
00:59:39,510 --> 00:59:36,799
to do it then i'm thinking maybe i need

1602
00:59:41,190 --> 00:59:39,520
to so at the moment i'm i'm looking for

1603
00:59:44,150 --> 00:59:41,200
funding i'm talking to various

1604
00:59:46,390 --> 00:59:44,160
production people about ideas

1605
00:59:48,150 --> 00:59:46,400
because i

1606
00:59:51,589 --> 00:59:48,160
was it just me who was frustrated with

1607
00:59:53,910 --> 00:59:51,599
that jj abrams ufo series

1608
00:59:56,309 --> 00:59:53,920
no it wasn't no and the first couple of

1609
00:59:58,230 --> 00:59:56,319
episodes generally were okay and then it

1610
00:59:59,910 --> 00:59:58,240
went right off of classic it was

1611
01:00:00,710 --> 00:59:59,920
awful i mean it was like they just gave

1612
01:00:02,950 --> 01:00:00,720
up

1613
01:00:05,270 --> 01:00:02,960

there was no rigor no journalistic

1614

01:00:07,750 --> 01:00:05,280

analysis and rigor in in what they

1615

01:00:09,589 --> 01:00:07,760

brought in those final two episodes

1616

01:00:11,109 --> 01:00:09,599

really annoyed me and i guess that's

1617

01:00:12,230 --> 01:00:11,119

what i'm thinking i'm thinking that you

1618

01:00:13,349 --> 01:00:12,240

know

1619

01:00:15,910 --> 01:00:13,359

the public

1620

01:00:17,910 --> 01:00:15,920

know good investigative journalism when

1621

01:00:19,670 --> 01:00:17,920

they see it and and

1622

01:00:21,990 --> 01:00:19,680

that's what i'd like to do i'd really

1623

01:00:23,030 --> 01:00:22,000

like to be able to bring to this subject

1624

01:00:23,990 --> 01:00:23,040

matter

1625

01:00:26,309 --> 01:00:24,000

rigor

1626

01:00:27,430 --> 01:00:26,319

and you know when when it's bollocks and

1627

01:00:28,870 --> 01:00:27,440

when it should be treated with

1628

01:00:32,069 --> 01:00:28,880

skepticism let's treat it with

1629

01:00:34,549 --> 01:00:32,079

skepticism but but let's i mean i think

1630

01:00:36,789 --> 01:00:34,559

a reactive news program that basically

1631

01:00:39,030 --> 01:00:36,799

follows up on the issues of the day

1632

01:00:40,789 --> 01:00:39,040

things like this gary nolan thing i mean

1633

01:00:42,470 --> 01:00:40,799

i love the fact that vice has done this

1634

01:00:44,230 --> 01:00:42,480

interview with professor gary nolan at

1635

01:00:46,470 --> 01:00:44,240

stanford university

1636

01:00:48,630 --> 01:00:46,480

about his investigations

1637

01:00:50,150 --> 01:00:48,640

into the so-called meta materials and

1638

01:00:52,230 --> 01:00:50,160

and the health effects the alleged

1639

01:00:53,589 --> 01:00:52,240

adverse health effects on

1640

01:00:55,030 --> 01:00:53,599

people who've come up close to the

1641

01:00:56,230 --> 01:00:55,040

phenomenon

1642

01:00:58,150 --> 01:00:56,240

but you know why isn't there a

1643

01:00:59,589 --> 01:00:58,160

documentary film about that you know why

1644

01:01:01,510 --> 01:00:59,599

isn't there something that really goes

1645

01:01:04,309 --> 01:01:01,520

into that in much more detail that's the

1646

01:01:05,829 --> 01:01:04,319

sort of stuff i'd like to do

1647

01:01:08,150 --> 01:01:05,839

well ross it's been a pleasure speaking

1648

01:01:09,750 --> 01:01:08,160

to you again and you have been genuinely

1649

01:01:11,670 --> 01:01:09,760

some of my favorite conversations from

1650

01:01:14,230 --> 01:01:11,680

the year and i look forward to welcoming

1651

01:01:16,069 --> 01:01:14,240

you back on in 2022 as well

1652

01:01:18,309 --> 01:01:16,079

and andy i'm very very pleased to see

1653

01:01:20,069 --> 01:01:18,319

your up and about after about of covert

1654

01:01:21,750 --> 01:01:20,079

and i wish you and your family the very

1655

01:01:24,390 --> 01:01:21,760

very best for christmas and

1656

01:01:26,470 --> 01:01:24,400

same to everybody out there

1657

01:01:28,390 --> 01:01:26,480

that is all for this week's show thank

1658

01:01:30,630 --> 01:01:28,400

you very much for listening please

1659

01:01:33,109 --> 01:01:30,640

remember to leave the podcast review on

up you never know what you might see

1672

01:02:20,640 --> 01:02:26,740

i don't think he expected me

1673

01:02:26,750 --> 01:02:35,670

[Music]

1674

01:03:00,950 --> 01:02:37,190

i can't imagine how it could have been

1675

01:03:03,750 --> 01:03:02,309

they thought this was noise they thought

1676

01:03:05,780 --> 01:03:03,760

it was a dream they thought it was my

1677

01:03:15,020 --> 01:03:05,790

toys

1678

01:03:15,030 --> 01:03:24,390

[Music]

1679

01:03:24,400 --> 01:03:29,520

over there

1680

01:04:07,109 --> 01:03:34,870

[Music]

1681

01:04:13,940 --> 01:04:07,119

it wasn't a tic tac and not quite a

1682

01:04:24,600 --> 01:04:22,230

[Music]

1683

01:04:55,510 --> 01:04:24,610

so
