PODCAST

DR. MICHAEL MASTERS

1
00:00:00,000 --> 00:00:14,310

[Music]

2
00:00:18,950 --> 00:00:16,390

it was basically a cube with inside of

3
00:00:23,960 --> 00:00:18,960

sphere where the points of the cube

4
00:00:37,190 --> 00:00:33,220

[Music]

5
00:00:38,709 --> 00:00:37,200

[Applause]

6
00:00:40,950 --> 00:00:38,719

so this isn't anything that just is

7
00:00:48,229 --> 00:00:40,960

limited to the united states it's a

8
00:00:52,950 --> 00:00:50,790

hi everyone and welcome back to that ufo

9
00:00:55,830 --> 00:00:52,960

podcast my name is andy and we are

10
00:00:57,990 --> 00:00:55,840

closing 2021 with some big discussions

11
00:00:59,910 --> 00:00:58,000

with some big names fresh from our

12
00:01:02,150 --> 00:00:59,920

recent conversation with journalist ross

13
00:01:04,789 --> 00:01:02,160

colter i am delighted to welcome a

14

00:01:07,830 --> 00:01:04,799

professor of biological anthropology at

15

00:01:09,830 --> 00:01:07,840

montana tech in butte he received a phd

16

00:01:12,870 --> 00:01:09,840

in anthropology from the ohio state

17

00:01:15,270 --> 00:01:12,880

university in 2009 where he specialized

18

00:01:18,070 --> 00:01:15,280

in hormonan evolutionary anatomy

19

00:01:20,230 --> 00:01:18,080

archaeology and biomedicine he is also

20

00:01:22,109 --> 00:01:20,240

the author of the excellent book

21

00:01:24,149 --> 00:01:22,119

identified flying objects a

22

00:01:26,950 --> 00:01:24,159

multi-disciplinary scientific approach

23

00:01:29,510 --> 00:01:26,960

to the ufo phenomenon like to welcome dr

24

00:01:31,910 --> 00:01:29,520

michael p masters to the podcast

25

00:01:33,270 --> 00:01:31,920

hi thank you thanks for having me on

26

00:01:35,270 --> 00:01:33,280

it's really good to have you on and

27

00:01:37,350 --> 00:01:35,280

again judging by the reaction from the

28

00:01:39,429 --> 00:01:37,360

listener questions they poured in very

29

00:01:41,030 --> 00:01:39,439

quickly it's uh it's shaping up to be a

30

00:01:43,510 --> 00:01:41,040

good conversation

31

00:01:45,510 --> 00:01:43,520

dr masters to get right into it

32

00:01:47,429 --> 00:01:45,520

could you tell the listeners um what are

33

00:01:50,950 --> 00:01:47,439

your first memories on the subject of

34

00:01:54,310 --> 00:01:50,960

ufos and what really got you interested

35

00:01:56,709 --> 00:01:54,320

well my first memory was unfortunately

36

00:01:58,950 --> 00:01:56,719

not have seen one or having any sort of

37

00:02:01,429 --> 00:01:58,960

encounter but hearing about

38

00:02:03,670 --> 00:02:01,439

an encounter my father had

39

00:02:05,510 --> 00:02:03,680

before i was born

40

00:02:08,469 --> 00:02:05,520

when i was eight years old when i heard

41

00:02:10,229 --> 00:02:08,479

him telling the story about it to some

42

00:02:11,029 --> 00:02:10,239

friends that were over at our house and

43

00:02:12,710 --> 00:02:11,039

uh

44

00:02:13,670 --> 00:02:12,720

it definitely piqued my interest it

45

00:02:16,070 --> 00:02:13,680

wasn't

46

00:02:18,630 --> 00:02:16,080

anything that was too extraordinary as

47

00:02:19,750 --> 00:02:18,640

far as ufo encounters go he just saw a

48

00:02:22,229 --> 00:02:19,760

bright

49

00:02:24,150 --> 00:02:22,239

glowing ball of light in the sky that

50

00:02:26,070 --> 00:02:24,160

darted toward his truck and then back

51
00:02:27,670 --> 00:02:26,080
across the horizon and then shot

52
00:02:29,830 --> 00:02:27,680
straight up which obviously isn't

53
00:02:32,070 --> 00:02:29,840
conventional aircraft or

54
00:02:34,630 --> 00:02:32,080
anything else that we know of today that

55
00:02:37,270 --> 00:02:34,640
could do that so it fits the definition

56
00:02:39,430 --> 00:02:37,280
of a ufo

57
00:02:41,350 --> 00:02:39,440
um so yeah i started sort of becoming

58
00:02:43,110 --> 00:02:41,360
interested in it then and

59
00:02:45,430 --> 00:02:43,120
uh not long after he got whitley

60
00:02:47,430 --> 00:02:45,440
strieber's book communion and that's

61
00:02:49,509 --> 00:02:47,440
what really started

62
00:02:52,070 --> 00:02:49,519
my fascination with this from a time

63
00:02:54,710 --> 00:02:52,080

travel perspective as i remember seeing

64

00:02:57,589 --> 00:02:54,720

the cover of of whitley's book

65

00:02:59,750 --> 00:02:57,599

and uh sort of that quintessential alien

66

00:03:02,309 --> 00:02:59,760

form uh though he assured me that the

67

00:03:05,190 --> 00:03:02,319

forehead of the visitors he saw was much

68

00:03:06,949 --> 00:03:05,200

larger than how his artist depicted that

69

00:03:09,430 --> 00:03:06,959

on the cover of his book

70

00:03:11,270 --> 00:03:09,440

um so yeah i just kind of visualized

71

00:03:13,110 --> 00:03:11,280

early hominin form

72

00:03:14,869 --> 00:03:13,120

modern human form and then this alien

73

00:03:17,750 --> 00:03:14,879

and wondered if there could be some sort

74

00:03:20,390 --> 00:03:17,760

of connection there a phylogenetic

75

00:03:22,550 --> 00:03:20,400

connection an evolutionary relationship

76

00:03:25,190 --> 00:03:22,560

so just kind of started pursuing

77

00:03:27,190 --> 00:03:25,200

questions related to that aspect of it

78

00:03:29,110 --> 00:03:27,200

and um you know obviously considering

79

00:03:29,830 --> 00:03:29,120

other models and other approaches too

80

00:03:31,430 --> 00:03:29,840

not

81

00:03:33,589 --> 00:03:31,440

thinking that this is the only way to

82

00:03:36,390 --> 00:03:33,599

understand the phenomenon it's got to be

83

00:03:38,630 --> 00:03:36,400

very multifaceted a lot of different

84

00:03:40,390 --> 00:03:38,640

potential origins for the different

85

00:03:43,190 --> 00:03:40,400

beans and the types of craft that are

86

00:03:46,229 --> 00:03:43,200

seen but um i do think that this time

87

00:03:47,670 --> 00:03:46,239

travel model helps explain a lot of the

88

00:03:49,509 --> 00:03:47,680

aspects of

89

00:03:52,710 --> 00:03:49,519

at least the majority of encounters so

90

00:03:55,589 --> 00:03:52,720

i've sort of been um an advocate for

91

00:03:58,229 --> 00:03:55,599

that taking a an abductive approach

92

00:04:00,710 --> 00:03:58,239

trying to find inference to the the best

93

00:04:02,710 --> 00:04:00,720

explanation essentially and

94

00:04:04,309 --> 00:04:02,720

just make a case for this model without

95

00:04:06,630 --> 00:04:04,319

also considering

96

00:04:08,550 --> 00:04:06,640

other interpretations as well

97

00:04:10,390 --> 00:04:08,560

and is time travel something that from a

98

00:04:11,750 --> 00:04:10,400

young age you had an interest in like

99

00:04:13,429 --> 00:04:11,760

back to the future or those kind of

100

00:04:15,030 --> 00:04:13,439

movies

101
00:04:16,789 --> 00:04:15,040
yeah i did i

102
00:04:19,270 --> 00:04:16,799
especially all of the

103
00:04:20,949 --> 00:04:19,280
the weirdness that goes along with it

104
00:04:22,790 --> 00:04:20,959
it's very thought-provoking and when i

105
00:04:24,710 --> 00:04:22,800
started reading books

106
00:04:27,749 --> 00:04:24,720
about time travel i think the first one

107
00:04:30,390 --> 00:04:27,759
was the river of time by igor navakov

108
00:04:32,790 --> 00:04:30,400
about time by paul davies both

109
00:04:34,150 --> 00:04:32,800
physicists one russian one i think

110
00:04:37,909 --> 00:04:34,160
british

111
00:04:39,030 --> 00:04:37,919
um and yeah it it hurt my brain a lot

112
00:04:41,510 --> 00:04:39,040
but

113
00:04:43,670 --> 00:04:41,520

i don't know whatever dopamine reward

114

00:04:45,350 --> 00:04:43,680

came with that apparently kept me going

115

00:04:47,510 --> 00:04:45,360

because i

116

00:04:50,150 --> 00:04:47,520

just really went deep into that rabbit

117

00:04:52,870 --> 00:04:50,160

hole um started reading academic

118

00:04:53,909 --> 00:04:52,880

journals that uh relate to time travel

119

00:04:57,990 --> 00:04:53,919

and

120

00:05:00,710 --> 00:04:58,000

um yeah theoretical aspects um

121

00:05:03,189 --> 00:05:00,720

how it may physically happen in the real

122

00:05:05,510 --> 00:05:03,199

world um it's just yeah it's something

123

00:05:08,230 --> 00:05:05,520

that had me chasing dopamine i guess

124

00:05:10,870 --> 00:05:08,240

always kind of challenging thought and

125

00:05:12,950 --> 00:05:10,880

trying to understand paradoxes and in

126
00:05:14,469 --> 00:05:12,960
different scenarios so yeah i guess i've

127
00:05:16,150 --> 00:05:14,479
had a long-standing interest in time

128
00:05:17,590 --> 00:05:16,160
travel as well

129
00:05:19,430 --> 00:05:17,600
something i've always enjoyed whether

130
00:05:22,310 --> 00:05:19,440
it's reading or if it's watching a tv

131
00:05:24,469 --> 00:05:22,320
show or a movie is or even a documentary

132
00:05:26,950 --> 00:05:24,479
is like you see the different ways time

133
00:05:28,710 --> 00:05:26,960
travel is interpreted and whether it's

134
00:05:31,510 --> 00:05:28,720
you know going 88 miles per hour in a

135
00:05:33,029 --> 00:05:31,520
car or like ten it which took me several

136
00:05:35,029 --> 00:05:33,039
viewings to kind of start to get my head

137
00:05:37,590 --> 00:05:35,039
around that going through

138
00:05:40,310 --> 00:05:37,600

a tenant the movie i haven't seen that

139

00:05:41,909 --> 00:05:40,320

like christopher nolan

140

00:05:43,189 --> 00:05:41,919

i'm always looking for a good time

141

00:05:45,350 --> 00:05:43,199

travel movie

142

00:05:47,189 --> 00:05:45,360

it's uh it's good for the surround sound

143

00:05:49,510 --> 00:05:47,199

it's uh it's got a big big soundtrack

144

00:05:50,710 --> 00:05:49,520

all the way through it but again it's um

145

00:05:52,950 --> 00:05:50,720

i'm sure you'll understand that much

146

00:05:54,790 --> 00:05:52,960

quicker than i did as well but it's

147

00:05:56,469 --> 00:05:54,800

again just the different ways it's the

148

00:05:57,909 --> 00:05:56,479

interpretations are put forward for the

149

00:06:00,870 --> 00:05:57,919

audience

150

00:06:02,710 --> 00:06:00,880

how do you think of of time travel

151
00:06:05,189 --> 00:06:02,720
and relates to you know the phenomenon

152
00:06:07,430 --> 00:06:05,199
of ufos because i think something that

153
00:06:09,909 --> 00:06:07,440
goes a lot especially on on twitter when

154
00:06:11,350 --> 00:06:09,919
you've got 280 characters you're having

155
00:06:13,270 --> 00:06:11,360
conversations about something that's

156
00:06:14,390 --> 00:06:13,280
clearly very complex if it's indeed

157
00:06:16,710 --> 00:06:14,400
possible

158
00:06:18,950 --> 00:06:16,720
and people tend to think of time travel

159
00:06:20,950 --> 00:06:18,960
as going back and forwards along a

160
00:06:22,629 --> 00:06:20,960
linear timeline is that something you

161
00:06:25,350 --> 00:06:22,639
subscribe to or do you think the idea is

162
00:06:27,110 --> 00:06:25,360
more complex than that

163
00:06:29,110 --> 00:06:27,120

well i mean it really depends on if

164

00:06:31,510 --> 00:06:29,120

we're talking about time travel in the

165

00:06:33,350 --> 00:06:31,520

context of the block universe or the

166

00:06:35,110 --> 00:06:33,360

mini world's interpretation of quantum

167

00:06:36,629 --> 00:06:35,120

mechanics

168

00:06:38,390 --> 00:06:36,639

with with the block universe which is

169

00:06:41,350 --> 00:06:38,400

what i focused on

170

00:06:44,230 --> 00:06:41,360

in my my first book uh because it's the

171

00:06:46,790 --> 00:06:44,240

main way in which the physics community

172

00:06:49,110 --> 00:06:46,800

understands time and therefore time

173

00:06:50,950 --> 00:06:49,120

travel so i i kind of kept with this

174

00:06:53,670 --> 00:06:50,960

notion of self-consistency i mentioned

175

00:06:56,150 --> 00:06:53,680

igor navakov earlier and he proposed the

176
00:06:58,870 --> 00:06:56,160
the principle of self-consistency where

177
00:07:01,909 --> 00:06:58,880
in the black universe where essentially

178
00:07:04,309 --> 00:07:01,919
um everything that has ever happened and

179
00:07:07,189 --> 00:07:04,319
will ever happen in the universe exists

180
00:07:10,230 --> 00:07:07,199
as this massive four-dimensional block

181
00:07:12,710 --> 00:07:10,240
of space-time so in that context if you

182
00:07:14,710 --> 00:07:12,720
physically travel into the global past

183
00:07:17,029 --> 00:07:14,720
you're still going forward in time in

184
00:07:19,189 --> 00:07:17,039
your local reference frame so if you're

185
00:07:21,670 --> 00:07:19,199
inside a ufo for instance which i think

186
00:07:23,510 --> 00:07:21,680
is the actual time machine itself

187
00:07:25,029 --> 00:07:23,520
um then you would still be going forward

188
00:07:27,110 --> 00:07:25,039

in time you wouldn't start walking

189

00:07:28,710 --> 00:07:27,120

backward and see eggs go up onto the

190

00:07:30,950 --> 00:07:28,720

counter and reform or anything like that

191

00:07:32,629 --> 00:07:30,960

but you're going into the global past

192

00:07:34,950 --> 00:07:32,639

and when you visit that past in the

193

00:07:39,350 --> 00:07:34,960

block universe there really aren't any

194

00:07:42,950 --> 00:07:39,360

sort of um consistency paradoxes or

195

00:07:45,430 --> 00:07:42,960

bootstrap paradoxes or any causal time

196

00:07:47,670 --> 00:07:45,440

loop paradoxes that people often think

197

00:07:49,189 --> 00:07:47,680

of because when you go into the past

198

00:07:51,589 --> 00:07:49,199

anything you did

199

00:07:53,909 --> 00:07:51,599

in that past period has already

200

00:07:56,390 --> 00:07:53,919

manifested itself by the time you left

201
00:07:58,230 --> 00:07:56,400
it's non-disruptive when you leave from

202
00:08:00,550 --> 00:07:58,240
the future anything you did in that past

203
00:08:02,950 --> 00:08:00,560
has already um

204
00:08:04,469 --> 00:08:02,960
taken place any any change that you

205
00:08:05,510 --> 00:08:04,479
think might have happened has already

206
00:08:08,309 --> 00:08:05,520
occurred

207
00:08:10,230 --> 00:08:08,319
um so it's kind of paradox free and it

208
00:08:12,710 --> 00:08:10,240
makes more sense so that's why i stuck

209
00:08:15,110 --> 00:08:12,720
with that uh in the book but

210
00:08:17,749 --> 00:08:15,120
in my my new book i am discussing other

211
00:08:20,309 --> 00:08:17,759
aspects of it with regard to

212
00:08:23,270 --> 00:08:20,319
the question of interdimensionals um

213
00:08:24,869 --> 00:08:23,280

other timelines in the multiverse uh the

214

00:08:26,550 --> 00:08:24,879

mini world's interpretation as i

215

00:08:29,270 --> 00:08:26,560

mentioned um

216

00:08:31,510 --> 00:08:29,280

and and there you have a different way

217

00:08:32,790 --> 00:08:31,520

in which things could take place um and

218

00:08:34,870 --> 00:08:32,800

it's kind of been talked about more

219

00:08:36,949 --> 00:08:34,880

lately with these cataclysms and what

220

00:08:38,790 --> 00:08:36,959

would happen if you know

221

00:08:40,310 --> 00:08:38,800

this cataclysm didn't exist and the

222

00:08:42,070 --> 00:08:40,320

greys are fighting i'm sure you've heard

223

00:08:43,829 --> 00:08:42,080

all of that it's been

224

00:08:44,710 --> 00:08:43,839

batted around the internet kind of a lot

225

00:08:47,590 --> 00:08:44,720

lately

226

00:08:49,430 --> 00:08:47,600

i i became aware of that idea in january

227

00:08:51,750 --> 00:08:49,440

it's almost a year ago and kind of

228

00:08:53,829 --> 00:08:51,760

talked with some people about it uh who

229

00:08:55,269 --> 00:08:53,839

are trying to make me aware of it and

230

00:08:56,870 --> 00:08:55,279

it's something interesting to consider

231

00:08:58,470 --> 00:08:56,880

in that context it would definitely fall

232

00:09:00,230 --> 00:08:58,480

into the multiverse

233

00:09:02,150 --> 00:09:00,240

um but you know there could be

234

00:09:03,190 --> 00:09:02,160

interdimensional aspects to it too they

235

00:09:05,269 --> 00:09:03,200

could be moving through a fifth

236

00:09:08,150 --> 00:09:05,279

dimension or possibly time

237

00:09:11,030 --> 00:09:08,160

is uh three-dimensional we think of four

238

00:09:13,269 --> 00:09:11,040

dimensions three space one time but uh

239

00:09:14,870 --> 00:09:13,279

william tift an astronomer at arizona

240

00:09:16,630 --> 00:09:14,880

state thinks that there may be three

241

00:09:18,949 --> 00:09:16,640

dimensions of time and we move through

242

00:09:20,550 --> 00:09:18,959

this one timeline within that so

243

00:09:23,190 --> 00:09:20,560

we still don't understand

244

00:09:24,949 --> 00:09:23,200

space time enough to really know exactly

245

00:09:26,550 --> 00:09:24,959

how this would happen

246

00:09:29,110 --> 00:09:26,560

but if we look at the form of these

247

00:09:31,829 --> 00:09:29,120

craft and especially in the context of

248

00:09:34,150 --> 00:09:31,839

what's so commonly reported where uh

249

00:09:36,389 --> 00:09:34,160

time speeds up and slows down in

250

00:09:38,470 --> 00:09:36,399

proximity to them and i've focused on a

251
00:09:40,230 --> 00:09:38,480
number of case studies in in my upcoming

252
00:09:42,550 --> 00:09:40,240
book that shows that this is a very

253
00:09:46,230 --> 00:09:42,560
common phenomenon in fact luella zondo

254
00:09:48,550 --> 00:09:46,240
just mentioned it in a a gq article

255
00:09:50,949 --> 00:09:48,560
that came out last month i think it was

256
00:09:53,829 --> 00:09:50,959
talking about how pilots will only use

257
00:09:55,670 --> 00:09:53,839
five minutes of fuel um but they were in

258
00:09:57,829 --> 00:09:55,680
the proximity of this thing for some 30

259
00:09:59,509 --> 00:09:57,839
minutes or uh you know things like that

260
00:10:01,269 --> 00:09:59,519
that happen so it indicates that there

261
00:10:02,310 --> 00:10:01,279
is some sort of bubble

262
00:10:03,670 --> 00:10:02,320
some

263
00:10:05,590 --> 00:10:03,680

approximate

264

00:10:07,430 --> 00:10:05,600

warpage of space-time that's happening

265

00:10:08,630 --> 00:10:07,440

around these craft and if they can slow

266

00:10:11,110 --> 00:10:08,640

up in speed

267

00:10:13,509 --> 00:10:11,120

speed up and slow down time within that

268

00:10:15,269 --> 00:10:13,519

vicinity within that radius uh it sort

269

00:10:17,590 --> 00:10:15,279

of indicates that they have the ability

270

00:10:19,670 --> 00:10:17,600

to manipulate space time on a larger

271

00:10:21,190 --> 00:10:19,680

scale and therefore moving

272

00:10:23,829 --> 00:10:21,200

in and out of it forward and backwards

273

00:10:25,509 --> 00:10:23,839

doesn't seem like that much of a stretch

274

00:10:27,350 --> 00:10:25,519

you've mentioned a few very interesting

275

00:10:28,949 --> 00:10:27,360

ideas that i've got questions that i'll

276

00:10:33,110 --> 00:10:28,959

i'll lead on too soon so that that's

277

00:10:36,069 --> 00:10:33,120

really good um the idea of future humans

278

00:10:38,470 --> 00:10:36,079

why do you think any species that may be

279

00:10:41,509 --> 00:10:38,480

ourselves represented in the future

280

00:10:43,110 --> 00:10:41,519

would be interested in visiting us now

281

00:10:45,269 --> 00:10:43,120

or do you think that's always been

282

00:10:47,829 --> 00:10:45,279

happening

283

00:10:50,389 --> 00:10:47,839

yeah uh paul heineck always asks a

284

00:10:51,829 --> 00:10:50,399

question he he says

285

00:10:53,990 --> 00:10:51,839

how would they find us and why would

286

00:10:55,990 --> 00:10:54,000

they care and i think this time travel

287

00:10:58,069 --> 00:10:56,000

model helps explain both of those it'd

288

00:11:00,069 --> 00:10:58,079

be easy to find us because we know we're

289

00:11:02,230 --> 00:11:00,079

here and we have been here on this

290

00:11:04,310 --> 00:11:02,240

planet for about six to eight million

291

00:11:05,110 --> 00:11:04,320

years as upright walking hominins at

292

00:11:06,949 --> 00:11:05,120

least

293

00:11:08,590 --> 00:11:06,959

and why would they care if they're us i

294

00:11:10,630 --> 00:11:08,600

mean that's exactly what i do as a

295

00:11:12,150 --> 00:11:10,640

paleoanthropologist is i care enough

296

00:11:13,990 --> 00:11:12,160

about the past to travel around the

297

00:11:16,630 --> 00:11:14,000

world and dig up bones and figure out

298

00:11:19,670 --> 00:11:16,640

our our evolutionary relationship with

299

00:11:21,990 --> 00:11:19,680

other primates and other species so i i

300

00:11:24,630 --> 00:11:22,000

do think it helps uh answer those two

301
00:11:27,509 --> 00:11:24,640
questions and and it may be much deeper

302
00:11:29,750 --> 00:11:27,519
than just uh an interest in what

303
00:11:32,389 --> 00:11:29,760
we had been doing i this

304
00:11:34,550 --> 00:11:32,399
intense focus on gamete extraction sperm

305
00:11:35,990 --> 00:11:34,560
eggs sometimes developing fetuses and

306
00:11:37,430 --> 00:11:36,000
these reports of

307
00:11:40,310 --> 00:11:37,440
abductions if we can take those

308
00:11:42,550 --> 00:11:40,320
seriously and because the things that

309
00:11:45,190 --> 00:11:42,560
um they're being taken up into are very

310
00:11:47,509 --> 00:11:45,200
similar to these craft that are seen by

311
00:11:49,190 --> 00:11:47,519
pilots and police and and everyone else

312
00:11:51,030 --> 00:11:49,200
i think it's all part of the same

313
00:11:52,389 --> 00:11:51,040

phenomenon for the most part

314

00:11:53,670 --> 00:11:52,399

and because it's happened to so many

315

00:11:55,190 --> 00:11:53,680

people and their stories are so

316

00:11:57,030 --> 00:11:55,200

consistent i don't see any reason we

317

00:11:58,470 --> 00:11:57,040

should discount those we should at least

318

00:11:59,509 --> 00:11:58,480

you know take them seriously and

319

00:12:01,509 --> 00:11:59,519

consider

320

00:12:02,790 --> 00:12:01,519

these eyewitness accounts

321

00:12:05,670 --> 00:12:02,800

and um

322

00:12:07,110 --> 00:12:05,680

yeah this intense focus on gametes seems

323

00:12:08,949 --> 00:12:07,120

to indicate that there's something about

324

00:12:11,110 --> 00:12:08,959

reproduction that's involved there may

325

00:12:13,110 --> 00:12:11,120

be some reason some problems that

326

00:12:15,110 --> 00:12:13,120

they're having in the future with

327

00:12:17,990 --> 00:12:15,120

reproduction or

328

00:12:20,150 --> 00:12:18,000

uh i argue in my my first book about

329

00:12:21,430 --> 00:12:20,160

homogenization of our gene pool because

330

00:12:23,750 --> 00:12:21,440

we're all just one interbreeding

331

00:12:24,949 --> 00:12:23,760

population now on this island of earth

332

00:12:26,230 --> 00:12:24,959

essentially

333

00:12:28,310 --> 00:12:26,240

we may

334

00:12:31,110 --> 00:12:28,320

suffer from problems with an increase in

335

00:12:33,430 --> 00:12:31,120

homozygous recessive traits that result

336

00:12:35,910 --> 00:12:33,440

from incest essentially we may become

337

00:12:37,750 --> 00:12:35,920

one large incestuous population the only

338

00:12:40,470 --> 00:12:37,760

way to get new gene variants might be to

339

00:12:42,790 --> 00:12:40,480

dip into the past and take

340

00:12:45,030 --> 00:12:42,800

take genetic material from individuals

341

00:12:46,790 --> 00:12:45,040

groups haplotypes that didn't make it

342

00:12:48,389 --> 00:12:46,800

into the future which would add novel

343

00:12:49,750 --> 00:12:48,399

gene variants to that future and help

344

00:12:52,389 --> 00:12:49,760

diversify

345

00:12:53,990 --> 00:12:52,399

our genetics to some extent uh there

346

00:12:56,710 --> 00:12:54,000

there's already a decrease in birth

347

00:12:58,550 --> 00:12:56,720

rates uh i think there is a

348

00:13:01,110 --> 00:12:58,560

something like a forty percent decrease

349

00:13:03,350 --> 00:13:01,120

in sperm counts in all men across the

350

00:13:04,790 --> 00:13:03,360

western world regardless of what nation

351
00:13:07,269 --> 00:13:04,800
you're talking about so it could be

352
00:13:09,110 --> 00:13:07,279
related to fertility fecundity or

353
00:13:11,110 --> 00:13:09,120
potentially problems with our genetics

354
00:13:13,350 --> 00:13:11,120
there's a lot of reasons why we might

355
00:13:15,750 --> 00:13:13,360
visit the past but that aspect of the

356
00:13:18,710 --> 00:13:15,760
abduction phenomenon seems to indicate

357
00:13:20,790 --> 00:13:18,720
that reproduction somehow involved

358
00:13:23,269 --> 00:13:20,800
you mentioned that obviously as a as a

359
00:13:24,870 --> 00:13:23,279
species standing upright as as you put

360
00:13:26,790 --> 00:13:24,880
it and i'm i'm going to be the guy

361
00:13:28,470 --> 00:13:26,800
trying to use the layman's terms here

362
00:13:31,190 --> 00:13:28,480
that we've been around eight to nine

363
00:13:33,190 --> 00:13:31,200

million years recently louise elizondo

364

00:13:34,389 --> 00:13:33,200

who you mentioned has said in several

365

00:13:36,629 --> 00:13:34,399

interviews that

366

00:13:38,870 --> 00:13:36,639

around 70 000 years ago there is

367

00:13:40,230 --> 00:13:38,880

evidence that our genetics may have been

368

00:13:42,230 --> 00:13:40,240

manipulated

369

00:13:44,150 --> 00:13:42,240

that sprung us forward in the

370

00:13:47,030 --> 00:13:44,160

evolutionary scale what have your

371

00:13:51,829 --> 00:13:49,750

uh i hadn't heard that um but that is

372

00:13:53,670 --> 00:13:51,839

interesting i i would have to do a

373

00:13:56,870 --> 00:13:53,680

little more research to

374

00:13:58,550 --> 00:13:56,880

be able to provide an informed uh

375

00:14:00,629 --> 00:13:58,560

commentary

376

00:14:03,590 --> 00:14:00,639

though i mean it does kind of correlate

377

00:14:07,350 --> 00:14:03,600

with um what jim peniston reported

378

00:14:08,870 --> 00:14:07,360

this binary code download that he

379

00:14:10,470 --> 00:14:08,880

claims to have received when he touched

380

00:14:11,910 --> 00:14:10,480

his craft in the rental shrimp forest in

381

00:14:14,790 --> 00:14:11,920

1980

382

00:14:17,269 --> 00:14:14,800

said that they can only travel back some

383

00:14:20,629 --> 00:14:17,279

50 60 000 years i forget the exact

384

00:14:22,629 --> 00:14:20,639

number um so i mean if if there is

385

00:14:25,189 --> 00:14:22,639

evidence of some sort of

386

00:14:27,910 --> 00:14:25,199

change um

387

00:14:30,870 --> 00:14:27,920

it would kind of dovetail with that that

388

00:14:32,550 --> 00:14:30,880

time frame i guess but um no i'll have

389

00:14:35,430 --> 00:14:32,560

to look into that i'd be interested to

390

00:14:37,750 --> 00:14:35,440

see where he got that information from

391

00:14:39,670 --> 00:14:37,760

yeah if you look up cut dry mungle

392

00:14:42,389 --> 00:14:39,680

theories of everything podcast on

393

00:14:44,069 --> 00:14:42,399

youtube which is fantastic anyway

394

00:14:45,590 --> 00:14:44,079

he had a conversation with louise

395

00:14:46,550 --> 00:14:45,600

elizondo that went about two and a half

396

00:14:48,470 --> 00:14:46,560

hours

397

00:14:50,389 --> 00:14:48,480

and this this came up in in that

398

00:14:53,110 --> 00:14:50,399

interview as well as a few others but

399

00:14:55,590 --> 00:14:53,120

that one's uh well time stamped so

400

00:14:57,189 --> 00:14:55,600

i will mention too though that as far as

401
00:14:58,389 --> 00:14:57,199
you know our culture and technology

402
00:15:00,550 --> 00:14:58,399
we've had

403
00:15:03,189 --> 00:15:00,560
an acceleration in the rate of change

404
00:15:04,949 --> 00:15:03,199
throughout a very long period of time

405
00:15:07,670 --> 00:15:04,959
really going back to

406
00:15:09,189 --> 00:15:07,680
the origins of of our species really

407
00:15:11,750 --> 00:15:09,199
even before that since the beginning of

408
00:15:13,750 --> 00:15:11,760
culture you had homo habilis homo

409
00:15:15,910 --> 00:15:13,760
erectus making these very simple stone

410
00:15:17,910 --> 00:15:15,920
tools and all of the technology we have

411
00:15:18,870 --> 00:15:17,920
today is built upon

412
00:15:21,269 --> 00:15:18,880
those

413
00:15:23,509 --> 00:15:21,279

earliest devices we have descent with

414

00:15:26,470 --> 00:15:23,519

modification but there's been a steep

415

00:15:28,150 --> 00:15:26,480

accelerating curve this geometric curve

416

00:15:30,230 --> 00:15:28,160

um so

417

00:15:33,030 --> 00:15:30,240

because that's already been happening

418

00:15:35,189 --> 00:15:33,040

there could have been something 50 70

419

00:15:36,710 --> 00:15:35,199

000 years ago that was an intentional

420

00:15:41,590 --> 00:15:36,720

manipulation but

421

00:15:44,310 --> 00:15:41,600

we kind of seem to have already been um

422

00:15:47,430 --> 00:15:44,320

evolving at a more rapid rate both in

423

00:15:50,150 --> 00:15:47,440

our our biology and our culture so um if

424

00:15:52,710 --> 00:15:50,160

there was an intervention i think it

425

00:15:54,949 --> 00:15:52,720

it it may have kind of been a part of

426

00:15:57,030 --> 00:15:54,959

what was already happening but

427

00:15:59,430 --> 00:15:57,040

i don't know you touched on the new book

428

00:16:01,430 --> 00:15:59,440

and uh my my co-host dan was very

429

00:16:03,110 --> 00:16:01,440

excited about the idea of discussing

430

00:16:05,269 --> 00:16:03,120

temporal species

431

00:16:07,350 --> 00:16:05,279

and you mentioned interdimensionals

432

00:16:08,550 --> 00:16:07,360

different dimensions different states of

433

00:16:10,470 --> 00:16:08,560

existence

434

00:16:12,470 --> 00:16:10,480

what is your research showing obviously

435

00:16:13,430 --> 00:16:12,480

not to spoil what may be in the new book

436

00:16:15,509 --> 00:16:13,440

but

437

00:16:17,509 --> 00:16:15,519

what is the current thinking we've moved

438

00:16:19,910 --> 00:16:17,519

way down the line from aliens are

439

00:16:21,990 --> 00:16:19,920

visiting us from mars to there might be

440

00:16:24,310 --> 00:16:22,000

aliens here already to discussing

441

00:16:27,189 --> 00:16:24,320

different dimensions what's your what's

442

00:16:28,870 --> 00:16:27,199

your current thinking along those lines

443

00:16:30,629 --> 00:16:28,880

well i've kind of

444

00:16:32,150 --> 00:16:30,639

you know it's been

445

00:16:34,949 --> 00:16:32,160

circling back to what we were talking

446

00:16:36,870 --> 00:16:34,959

about um early on i guess hasn't been

447

00:16:38,550 --> 00:16:36,880

that long but

448

00:16:41,110 --> 00:16:38,560

earlier in the show i was mentioning how

449

00:16:42,710 --> 00:16:41,120

i've i've tried to maintain an open mind

450

00:16:44,550 --> 00:16:42,720

and not

451

00:16:46,629 --> 00:16:44,560

subscribed to any sort of bias

452

00:16:49,110 --> 00:16:46,639

confirmation bias especially which is

453

00:16:50,710 --> 00:16:49,120

common in academia and elsewhere

454

00:16:52,310 --> 00:16:50,720

especially in the ufo

455

00:16:54,310 --> 00:16:52,320

community but

456

00:16:56,949 --> 00:16:54,320

um

457

00:17:00,550 --> 00:16:56,959

yeah i one thing that that sort of

458

00:17:03,829 --> 00:17:00,560

evolved in in in my mind

459

00:17:05,829 --> 00:17:03,839

is is going back to that that multiverse

460

00:17:08,390 --> 00:17:05,839

the interdimensional aspect and and i

461

00:17:10,150 --> 00:17:08,400

kind of see them all as the same thing

462

00:17:13,189 --> 00:17:10,160

um it's almost

463

00:17:15,029 --> 00:17:13,199

as if the the arguments i made in my

464

00:17:17,350 --> 00:17:15,039

first book

465

00:17:19,909 --> 00:17:17,360

are specific to the block universe but

466

00:17:21,990 --> 00:17:19,919

if we're talking about upright walking

467

00:17:23,990 --> 00:17:22,000

human forms with bigger heads smaller

468

00:17:25,590 --> 00:17:24,000

faces bigger eyes more advanced

469

00:17:27,189 --> 00:17:25,600

technology

470

00:17:29,669 --> 00:17:27,199

if they are coming from a different

471

00:17:31,590 --> 00:17:29,679

dimension or using higher dimensions to

472

00:17:34,789 --> 00:17:31,600

travel or if they're from different

473

00:17:36,710 --> 00:17:34,799

timelines as per the multiverse i see it

474

00:17:38,630 --> 00:17:36,720

as all kind of the same phenomenon it

475

00:17:40,870 --> 00:17:38,640

we're still talking about humans in a

476
00:17:43,350 --> 00:17:40,880
more evolved state from our future but

477
00:17:45,190 --> 00:17:43,360
they're visiting us in different ways so

478
00:17:46,390 --> 00:17:45,200
i sort of see interdimensional the

479
00:17:48,870 --> 00:17:46,400
multiverse

480
00:17:51,430 --> 00:17:48,880
the extra tempestuorio model as i call

481
00:17:54,390 --> 00:17:51,440
it sort of being all an aspect of the

482
00:17:56,630 --> 00:17:54,400
same future human phenomenon just

483
00:17:59,110 --> 00:17:56,640
different ways of interpreting based on

484
00:18:01,750 --> 00:17:59,120
how we understand time

485
00:18:03,510 --> 00:18:01,760
as a species where we are now in our you

486
00:18:06,070 --> 00:18:03,520
know our evolution

487
00:18:08,549 --> 00:18:06,080
do we have the awareness to understand a

488
00:18:09,909 --> 00:18:08,559

species like that that may exist you

489

00:18:11,110 --> 00:18:09,919

know as you say

490

00:18:13,510 --> 00:18:11,120

within

491

00:18:15,110 --> 00:18:13,520

i mean i i struggle to think about wi-fi

492

00:18:16,789 --> 00:18:15,120

and how we've got signals and data

493

00:18:19,430 --> 00:18:16,799

flying all over and they go from you

494

00:18:21,270 --> 00:18:19,440

know a block on your desk to your phone

495

00:18:23,350 --> 00:18:21,280

and you can't see them but in the same

496

00:18:25,750 --> 00:18:23,360

breath there may be whole species of

497

00:18:26,789 --> 00:18:25,760

existence that exist that we just can't

498

00:18:28,230 --> 00:18:26,799

see

499

00:18:31,029 --> 00:18:28,240

is that something you think we're at a

500

00:18:33,830 --> 00:18:31,039

place where we can understand

501
00:18:36,470 --> 00:18:33,840
well possibly um you know clearly

502
00:18:38,789 --> 00:18:36,480
they're they're much more evolved uh in

503
00:18:41,110 --> 00:18:38,799
their technology that's very apparent

504
00:18:42,950 --> 00:18:41,120
um also their biology based on

505
00:18:44,950 --> 00:18:42,960
long-standing trends in hominin

506
00:18:47,510 --> 00:18:44,960
evolution and i i mentioned the expanded

507
00:18:49,669 --> 00:18:47,520
neurocranium the smaller retracted face

508
00:18:52,710 --> 00:18:49,679
smaller teeth bigger eyes

509
00:18:54,789 --> 00:18:52,720
more dexterous fingers things like that

510
00:18:57,270 --> 00:18:54,799
um but importantly they also seem to be

511
00:18:58,870 --> 00:18:57,280
more evolved in their consciousness and

512
00:19:01,830 --> 00:18:58,880
and there seems to be a very strong

513
00:19:04,789 --> 00:19:01,840

connection between consciousness

514

00:19:06,390 --> 00:19:04,799

um and the phenomenon especially with

515

00:19:09,669 --> 00:19:06,400

these ones that seem to be from a more

516

00:19:11,590 --> 00:19:09,679

distant point in our evolutionary future

517

00:19:14,150 --> 00:19:11,600

it's important to point out that a lot

518

00:19:15,110 --> 00:19:14,160

of these sightings involve fully modern

519

00:19:16,710 --> 00:19:15,120

humans

520

00:19:19,669 --> 00:19:16,720

individuals that are piloting these

521

00:19:21,430 --> 00:19:19,679

craft these discs and mostly triangular

522

00:19:23,990 --> 00:19:21,440

and disc shaped craft but they're

523

00:19:26,150 --> 00:19:24,000

entirely human in every form and they

524

00:19:28,549 --> 00:19:26,160

speaking vocally the same way that we do

525

00:19:31,669 --> 00:19:28,559

however once you get in to these

526
00:19:34,470 --> 00:19:31,679
these gray aliens and and other forms

527
00:19:36,310 --> 00:19:34,480
that are um at least based on the free

528
00:19:38,230 --> 00:19:36,320
foundation study the dr edgar mitchell

529
00:19:40,310 --> 00:19:38,240
foundation study are the second and

530
00:19:42,230 --> 00:19:40,320
third most commonly reported it goes

531
00:19:44,549 --> 00:19:42,240
humans just like us

532
00:19:46,390 --> 00:19:44,559
short grace tall greys and then only

533
00:19:49,350 --> 00:19:46,400
about five percent are the reptilians

534
00:19:51,990 --> 00:19:49,360
and the mantid so if this uh these

535
00:19:53,909 --> 00:19:52,000
statistics can

536
00:19:55,909 --> 00:19:53,919
help guide us on

537
00:19:57,430 --> 00:19:55,919
what's most commonly seen that would

538
00:19:59,669 --> 00:19:57,440

also make sense in the context of this

539

00:20:02,070 --> 00:19:59,679

model because we expect to see

540

00:20:05,029 --> 00:20:02,080

humans from closer periods

541

00:20:07,190 --> 00:20:05,039

to us whatever our now is

542

00:20:08,950 --> 00:20:07,200

simply because of sampling error it's

543

00:20:10,950 --> 00:20:08,960

the same thing in archaeology where we

544

00:20:13,029 --> 00:20:10,960

find fewer things the farther back we go

545

00:20:15,190 --> 00:20:13,039

there's just more periods more things

546

00:20:16,870 --> 00:20:15,200

that can happen to those materials so we

547

00:20:19,190 --> 00:20:16,880

find less of the material culture of

548

00:20:21,430 --> 00:20:19,200

older groups would expect to see

549

00:20:23,669 --> 00:20:21,440

people coming from a more approximate

550

00:20:25,270 --> 00:20:23,679

point in our future who look like us who

551
00:20:27,190 --> 00:20:25,280
dress like us who obviously have more

552
00:20:29,350 --> 00:20:27,200
evolved technology but then when we get

553
00:20:30,630 --> 00:20:29,360
into these other forms the tall and the

554
00:20:32,789 --> 00:20:30,640
short grays and the tall grays

555
00:20:34,230 --> 00:20:32,799
especially that consciousness aspect

556
00:20:35,590 --> 00:20:34,240
seems to be a big part of it and

557
00:20:36,789 --> 00:20:35,600
especially with regard to their

558
00:20:37,669 --> 00:20:36,799
communication

559
00:20:39,750 --> 00:20:37,679
um

560
00:20:42,149 --> 00:20:39,760
but even outside of being in our

561
00:20:43,750 --> 00:20:42,159
presence you know the the c5 aspect of

562
00:20:45,750 --> 00:20:43,760
the phenomenon

563
00:20:47,029 --> 00:20:45,760

people claiming to have this connection

564

00:20:49,350 --> 00:20:47,039

to them and

565

00:20:50,710 --> 00:20:49,360

a number of different capacities

566

00:20:53,510 --> 00:20:50,720

so i think

567

00:20:55,350 --> 00:20:53,520

yeah as far as a more ethereal type of

568

00:20:57,990 --> 00:20:55,360

of being it could be an aspect of this

569

00:20:59,270 --> 00:20:58,000

more evolved consciousness um

570

00:21:00,470 --> 00:20:59,280

i i don't know i think it's going to be

571

00:21:01,909 --> 00:21:00,480

some time

572

00:21:04,390 --> 00:21:01,919

before we really understand what

573

00:21:06,549 --> 00:21:04,400

consciousness truly is but it seems to

574

00:21:07,430 --> 00:21:06,559

be an important aspect of the phenomenon

575

00:21:09,350 --> 00:21:07,440

at least

576

00:21:11,510 --> 00:21:09,360

it certainly does and you mentioned

577

00:21:13,190 --> 00:21:11,520

right back at the start there that there

578

00:21:16,470 --> 00:21:13,200

are different shapes obviously of these

579

00:21:18,710 --> 00:21:16,480

craft and triangles saucers discs

580

00:21:21,590 --> 00:21:18,720

v-shaped craft and there's a whole

581

00:21:23,830 --> 00:21:21,600

spectrum have you and your research seen

582

00:21:27,110 --> 00:21:23,840

any correlation from the shape of these

583

00:21:30,310 --> 00:21:27,120

craft to potential intent or purpose

584

00:21:32,230 --> 00:21:30,320

yeah that's a great question i i have um

585

00:21:34,070 --> 00:21:32,240

and i've been writing about that a lot

586

00:21:36,070 --> 00:21:34,080

over the last couple weeks specifically

587

00:21:37,270 --> 00:21:36,080

with regard to

588

00:21:44,230 --> 00:21:37,280

um

589

00:21:46,310 --> 00:21:44,240

devil's den encounter where he and his

590

00:21:47,590 --> 00:21:46,320

army buddy toby were taken up into one

591

00:21:49,750 --> 00:21:47,600

of these massive

592

00:21:52,070 --> 00:21:49,760

triangular crafts which which seems to

593

00:21:53,350 --> 00:21:52,080

be similar to what was described in the

594

00:21:57,669 --> 00:21:53,360

phoenix light

595

00:21:59,190 --> 00:21:57,679

think was 300 miles and most

596

00:22:00,390 --> 00:21:59,200

people remember it from phoenix

597

00:22:01,270 --> 00:22:00,400

obviously

598

00:22:02,470 --> 00:22:01,280

um

599

00:22:04,149 --> 00:22:02,480

but they

600

00:22:06,310 --> 00:22:04,159

not and not just tim there's been other

601
00:22:09,590 --> 00:22:06,320
people who also report going into that

602
00:22:11,270 --> 00:22:09,600
specific type of ship which seems to be

603
00:22:13,830 --> 00:22:11,280
i don't want to say mothership because

604
00:22:15,190 --> 00:22:13,840
that sounds kind of cliché and dumb

605
00:22:17,029 --> 00:22:15,200
but

606
00:22:19,029 --> 00:22:17,039
in a lot of these reports they describe

607
00:22:20,870 --> 00:22:19,039
seeing the same thing jerry wills

608
00:22:22,789 --> 00:22:20,880
another abductee described almost

609
00:22:25,830 --> 00:22:22,799
identical things to what terry lovelace

610
00:22:29,590 --> 00:22:25,840
did with regard to um these walls of

611
00:22:31,990 --> 00:22:29,600
incubators just running across the one

612
00:22:35,110 --> 00:22:32,000
entire side of the wall of this this

613
00:22:37,510 --> 00:22:35,120

huge triangular ship within those are

614

00:22:38,710 --> 00:22:37,520

human humanoid hybrid whatever you want

615

00:22:40,390 --> 00:22:38,720

to call them

616

00:22:43,270 --> 00:22:40,400

fetus fetuses developing

617

00:22:45,590 --> 00:22:43,280

terry lovelace also describes seeing

618

00:22:47,669 --> 00:22:45,600

modern humans that are taking other

619

00:22:49,190 --> 00:22:47,679

modern humans into these rooms or strip

620

00:22:52,070 --> 00:22:49,200

them naked

621

00:22:54,549 --> 00:22:52,080

supposedly extracting sperm and egg

622

00:22:56,070 --> 00:22:54,559

which is reported almost every uh one of

623

00:22:57,750 --> 00:22:56,080

these encounters that happened to him

624

00:23:00,310 --> 00:22:57,760

and his friend toby as well

625

00:23:03,110 --> 00:23:00,320

so it almost seems like that ship serves

626

00:23:05,029 --> 00:23:03,120

some sort of reproductive purpose that

627

00:23:07,350 --> 00:23:05,039

that it's i think i called it a

628

00:23:09,350 --> 00:23:07,360

fertility facility or

629

00:23:11,510 --> 00:23:09,360

something some stupid alliteration like

630

00:23:14,070 --> 00:23:11,520

that in my book um because it seems to

631

00:23:17,110 --> 00:23:14,080

have that function whereas these

632

00:23:19,590 --> 00:23:17,120

uh disc shaped crafts seem to be more

633

00:23:21,750 --> 00:23:19,600

used for transport travel

634

00:23:23,430 --> 00:23:21,760

most likely manipulating space time

635

00:23:25,270 --> 00:23:23,440

they're likely the time machines

636

00:23:27,190 --> 00:23:25,280

themselves and that would make sense if

637

00:23:30,950 --> 00:23:27,200

you came back to a specific time i don't

638

00:23:33,270 --> 00:23:30,960

think this huge five-story tall triangle

639

00:23:34,870 --> 00:23:33,280

would be able to travel through time but

640

00:23:36,549 --> 00:23:34,880

if they can come to a specific time they

641

00:23:37,750 --> 00:23:36,559

could build something like that in our

642

00:23:39,750 --> 00:23:37,760

time

643

00:23:41,909 --> 00:23:39,760

both of those abductees also describe

644

00:23:43,269 --> 00:23:41,919

being taken to a moon base on the dark

645

00:23:44,870 --> 00:23:43,279

side of the moon

646

00:23:46,549 --> 00:23:44,880

in this triangular craft so you could

647

00:23:48,390 --> 00:23:46,559

build all of these things in a specific

648

00:23:50,310 --> 00:23:48,400

time period you'd have the deep oceans

649

00:23:52,549 --> 00:23:50,320

antarctica the dark side of the moon all

650

00:23:55,190 --> 00:23:52,559

these places where you could easily hide

651
00:23:57,190 --> 00:23:55,200
um it sounds kind of speculative and

652
00:23:59,110 --> 00:23:57,200
crazy but if enough people are saying

653
00:24:00,470 --> 00:23:59,120
the same thing independently i think

654
00:24:02,230 --> 00:24:00,480
it's at least worthy of our

655
00:24:05,350 --> 00:24:02,240
consideration

656
00:24:07,750 --> 00:24:05,360
you had mentioned that pilots where they

657
00:24:10,070 --> 00:24:07,760
use five minutes of fuel when they've

658
00:24:12,310 --> 00:24:10,080
spent 30 minutes in the vicinity of of

659
00:24:14,149 --> 00:24:12,320
some of these objects and various people

660
00:24:16,630 --> 00:24:14,159
and different events have reported you

661
00:24:18,630 --> 00:24:16,640
know that time dilation or missing time

662
00:24:20,230 --> 00:24:18,640
whatever people want to call it

663
00:24:22,710 --> 00:24:20,240

what i want to ask is

664

00:24:25,669 --> 00:24:22,720

do the occupants inside these craft in

665

00:24:28,070 --> 00:24:25,679

your opinion suffer any effects either

666

00:24:29,750 --> 00:24:28,080

positive or negative from from traveling

667

00:24:32,390 --> 00:24:29,760

through time or space or whatever it may

668

00:24:35,110 --> 00:24:32,400

be

669

00:24:38,149 --> 00:24:35,120

um i don't know i mean if you're still

670

00:24:40,149 --> 00:24:38,159

moving forward in time

671

00:24:42,070 --> 00:24:40,159

within your local reference frame it

672

00:24:43,430 --> 00:24:42,080

doesn't seem like there would really be

673

00:24:47,590 --> 00:24:43,440

too many

674

00:24:50,310 --> 00:24:47,600

uh effects on you specifically um one

675

00:24:52,230 --> 00:24:50,320

thing i mentioned in my book is if you

676
00:24:54,149 --> 00:24:52,240
you know go into the past and you can

677
00:24:55,909 --> 00:24:54,159
pick these people up at different points

678
00:24:58,310 --> 00:24:55,919
throughout their life and a lot of these

679
00:25:00,390 --> 00:24:58,320
lifelong abductees describe

680
00:25:01,830 --> 00:25:00,400
interacting with the same individual or

681
00:25:04,390 --> 00:25:01,840
individuals

682
00:25:07,190 --> 00:25:04,400
who don't seem to age so if they were

683
00:25:09,510 --> 00:25:07,200
picking up uh say an eight-year-old

684
00:25:13,110 --> 00:25:09,520
child and then the same individuals pick

685
00:25:16,710 --> 00:25:13,120
up that same person at age 15 25

686
00:25:19,190 --> 00:25:16,720
45 up into old age um they wouldn't be

687
00:25:21,269 --> 00:25:19,200
expected to really age if they're doing

688
00:25:23,269 --> 00:25:21,279

all of that within the same couple days

689

00:25:25,029 --> 00:25:23,279

or the same week and and importantly

690

00:25:27,350 --> 00:25:25,039

they could go back to their own time

691

00:25:29,029 --> 00:25:27,360

that they came from and show up that

692

00:25:30,950 --> 00:25:29,039

same day even if they were gone for a

693

00:25:33,669 --> 00:25:30,960

week or a month doing this but if they

694

00:25:36,470 --> 00:25:33,679

did that enough they would start to age

695

00:25:38,390 --> 00:25:36,480

at a faster rate relative to their

696

00:25:41,029 --> 00:25:38,400

significant other and their family

697

00:25:43,269 --> 00:25:41,039

because they would be spending more time

698

00:25:45,269 --> 00:25:43,279

doing this but still showing up around

699

00:25:47,430 --> 00:25:45,279

the same time that they left but

700

00:25:48,950 --> 00:25:47,440

other than that i can't imagine

701
00:25:51,909 --> 00:25:48,960
that they would subject themselves to

702
00:25:53,590 --> 00:25:51,919
any sort of uh harm associated with this

703
00:25:55,590 --> 00:25:53,600
outside the craft clearly there's a lot

704
00:25:58,230 --> 00:25:55,600
of injuries that are reported uh

705
00:25:59,669 --> 00:25:58,240
radiation burns and things like that uh

706
00:26:01,590 --> 00:25:59,679
but within the craft i assume they're

707
00:26:03,510 --> 00:26:01,600
pretty well buffered from that

708
00:26:05,350 --> 00:26:03,520
and would you think the idea of of time

709
00:26:08,470 --> 00:26:05,360
travel rather than

710
00:26:10,630 --> 00:26:08,480
extensive travel in space would also

711
00:26:12,230 --> 00:26:10,640
subscribe to that some of the movements

712
00:26:14,630 --> 00:26:12,240
that these craft have that appear

713
00:26:16,710 --> 00:26:14,640

particularly glitchy alex dietrich and

714

00:26:19,110 --> 00:26:16,720

david frava reported the tic tac was

715

00:26:20,789 --> 00:26:19,120

actually tumbling above the water which

716

00:26:22,310 --> 00:26:20,799

is a really odd movement for something

717

00:26:23,269 --> 00:26:22,320

to make when it should just be sitting

718

00:26:24,950 --> 00:26:23,279

still

719

00:26:27,029 --> 00:26:24,960

and what we hear about do you think it

720

00:26:29,110 --> 00:26:27,039

could be that these things aren't moving

721

00:26:31,510 --> 00:26:29,120

really fast or popping in and out of

722

00:26:33,510 --> 00:26:31,520

existence in a space

723

00:26:35,909 --> 00:26:33,520

yeah i do i think um

724

00:26:38,630 --> 00:26:35,919

this this time travel aspect of it helps

725

00:26:42,310 --> 00:26:38,640

explain a lot of those things where

726
00:26:44,149 --> 00:26:42,320
where something um appears to sort of be

727
00:26:46,230 --> 00:26:44,159
fading in and out of existence even

728
00:26:48,230 --> 00:26:46,240
that's commonly reported in these uh

729
00:26:50,149 --> 00:26:48,240
these close encounters and if there's a

730
00:26:52,470 --> 00:26:50,159
sphere of influence around it if they're

731
00:26:53,510 --> 00:26:52,480
manipulating the space-time metric

732
00:26:57,830 --> 00:26:53,520
within

733
00:26:59,990 --> 00:26:57,840
certain radius you would expect to see

734
00:27:01,990 --> 00:27:00,000
things like that if they're coming in

735
00:27:03,430 --> 00:27:02,000
and out of our time periods too we would

736
00:27:04,789 --> 00:27:03,440
expect to see them appearing and

737
00:27:07,830 --> 00:27:04,799
disappearing just like they're so

738
00:27:09,669 --> 00:27:07,840

commonly reported doing um another thing

739

00:27:12,230 --> 00:27:09,679

that gets mentioned that kind of ties

740

00:27:14,310 --> 00:27:12,240

into that and i see this as a criticism

741

00:27:16,710 --> 00:27:14,320

of this idea a lot where

742

00:27:19,269 --> 00:27:16,720

people think that if you travel through

743

00:27:21,190 --> 00:27:19,279

time say you go 100 years into the past

744

00:27:22,710 --> 00:27:21,200

now the earth is in a different place

745

00:27:24,470 --> 00:27:22,720

you have to travel really far to get to

746

00:27:25,830 --> 00:27:24,480

it but that's sort of a faulty way of

747

00:27:27,430 --> 00:27:25,840

thinking of space time because you're

748

00:27:28,950 --> 00:27:27,440

separating time

749

00:27:31,510 --> 00:27:28,960

from space you're saying if you go

750

00:27:33,110 --> 00:27:31,520

through time in this way the space where

751

00:27:35,029 --> 00:27:33,120

the earth was is now different but

752

00:27:36,710 --> 00:27:35,039

space-time is one thing minkowski

753

00:27:40,389 --> 00:27:36,720

space-time is one four-dimensional

754

00:27:42,149 --> 00:27:40,399

structure so that's not not the case um

755

00:27:44,070 --> 00:27:42,159

you kind of think of it if you're in a

756

00:27:45,669 --> 00:27:44,080

car and you throw a ball in the air it

757

00:27:47,510 --> 00:27:45,679

doesn't instantly go back unless you're

758

00:27:50,230 --> 00:27:47,520

in a convertible i guess but it moves

759

00:27:51,990 --> 00:27:50,240

with you a a fly in an airplane doesn't

760

00:27:53,909 --> 00:27:52,000

know it's traveling at 700 miles an hour

761

00:27:55,590 --> 00:27:53,919

it's moving with that thing so you can

762

00:27:57,350 --> 00:27:55,600

kind of think of of space time in that

763

00:27:58,950 --> 00:27:57,360

way and the reason i bring that up is

764

00:28:00,870 --> 00:27:58,960

because when we see these craft

765

00:28:02,950 --> 00:28:00,880

appearing and disappearing

766

00:28:05,110 --> 00:28:02,960

if that was an aspect of this phenomenon

767

00:28:06,549 --> 00:28:05,120

if space and time were separate and the

768

00:28:07,909 --> 00:28:06,559

earth was moving

769

00:28:10,070 --> 00:28:07,919

as they're traveling and out of time

770

00:28:11,590 --> 00:28:10,080

you'd expect to see the ship moving very

771

00:28:12,950 --> 00:28:11,600

quickly as it's appearing or

772

00:28:15,350 --> 00:28:12,960

disappearing but they don't they stay in

773

00:28:17,029 --> 00:28:15,360

the same place which indicates that

774

00:28:19,029 --> 00:28:17,039

there really isn't the separation of

775

00:28:21,029 --> 00:28:19,039

space and time and the way people

776

00:28:23,750 --> 00:28:21,039

oftentimes think of it so

777

00:28:25,510 --> 00:28:23,760

yeah i think many things about the

778

00:28:27,510 --> 00:28:25,520

the way time passes the way they're seen

779

00:28:28,630 --> 00:28:27,520

appearing and disappearing uh the way

780

00:28:31,110 --> 00:28:28,640

they sort of fade in and out of

781

00:28:33,110 --> 00:28:31,120

existence or or tumble and move around

782

00:28:36,230 --> 00:28:33,120

in different ways it's probably just an

783

00:28:38,950 --> 00:28:36,240

aspect of where they are within our

784

00:28:41,430 --> 00:28:38,960

relative time frame in global space time

785

00:28:43,350 --> 00:28:41,440

we would expect to see those sort of uh

786

00:28:46,389 --> 00:28:43,360

variations in the way that they're

787

00:28:49,110 --> 00:28:46,399

observed in these different capacities

788

00:28:51,669 --> 00:28:49,120

experiences with seemingly temporal

789

00:28:54,549 --> 00:28:51,679

beings often come with prophecies or

790

00:28:56,870 --> 00:28:54,559

warnings uh for example the bleedsoes had

791

00:28:59,430 --> 00:28:56,880

the lady there was lady of fatima and

792

00:29:01,669 --> 00:28:59,440

her prophecies do you think these are

793

00:29:03,430 --> 00:29:01,679

pointing at teaching us something or are

794

00:29:07,909 --> 00:29:03,440

giving us a warning you mentioned

795

00:29:09,750 --> 00:29:07,919

potential coming cataclysms earlier

796

00:29:12,549 --> 00:29:09,760

yeah um

797

00:29:13,990 --> 00:29:12,559

if so they're not very good at it um a

798

00:29:16,470 --> 00:29:14,000

lot of people think that about crop

799

00:29:18,870 --> 00:29:16,480

circles too that it's trying to convey

800

00:29:21,430 --> 00:29:18,880

something if if it is it's crap it's a

801
00:29:24,149 --> 00:29:21,440
crap way to tell us anything because the

802
00:29:26,549 --> 00:29:24,159
the basic elements of communication are

803
00:29:27,750 --> 00:29:26,559
speaking and understanding and and if

804
00:29:29,029 --> 00:29:27,760
they're writing these things that we

805
00:29:31,669 --> 00:29:29,039
don't understand nothing's being

806
00:29:33,510 --> 00:29:31,679
communicated and with the warnings the

807
00:29:34,630 --> 00:29:33,520
aerial school a lot of these school

808
00:29:37,269 --> 00:29:34,640
encounters

809
00:29:38,630 --> 00:29:37,279
a lot of lifelong uh contactees and

810
00:29:40,389 --> 00:29:38,640
abductees

811
00:29:43,909 --> 00:29:40,399
say similar things about

812
00:29:45,990 --> 00:29:43,919
uh coming apocalypse cataclysms and

813
00:29:48,470 --> 00:29:46,000

nuclear annihilation

814

00:29:49,830 --> 00:29:48,480

uh is a big part of it as well

815

00:29:51,909 --> 00:29:49,840

so

816

00:29:53,669 --> 00:29:51,919

yeah i mean i think we should definitely

817

00:29:55,510 --> 00:29:53,679

take those seriously

818

00:29:57,830 --> 00:29:55,520

especially because we now

819

00:30:00,389 --> 00:29:57,840

are in possession of weapons that can

820

00:30:02,230 --> 00:30:00,399

wipe out of the vast majority of life on

821

00:30:03,269 --> 00:30:02,240

this planet it's certainly something to

822

00:30:04,789 --> 00:30:03,279

consider

823

00:30:06,950 --> 00:30:04,799

but at the same time if they have the

824

00:30:08,470 --> 00:30:06,960

ability to shut down these missile silos

825

00:30:11,430 --> 00:30:08,480

which clearly they do have happened here

826

00:30:13,110 --> 00:30:11,440

in montana the malmstrom air force base

827

00:30:14,710 --> 00:30:13,120

i i'm sort of under the impression that

828

00:30:16,070 --> 00:30:14,720

they wouldn't let it happen

829

00:30:17,990 --> 00:30:16,080

if if

830

00:30:19,990 --> 00:30:18,000

you know they maybe tell us these things

831

00:30:22,470 --> 00:30:20,000

to get us to think about it and to try

832

00:30:23,909 --> 00:30:22,480

to make changes to preserve the earth

833

00:30:25,750 --> 00:30:23,919

it's always about save the earth save

834

00:30:27,830 --> 00:30:25,760

the earth

835

00:30:30,470 --> 00:30:27,840

but if they live on this earth in the

836

00:30:33,029 --> 00:30:30,480

future and their stakeholders in the

837

00:30:34,710 --> 00:30:33,039

sanctity of this planet you would think

838

00:30:36,310 --> 00:30:34,720

that they just wouldn't let it happen if

839

00:30:38,389 --> 00:30:36,320

you see a kid playing with knives and

840

00:30:40,389 --> 00:30:38,399

guns you go over and take the knives and

841

00:30:42,710 --> 00:30:40,399

guns from that kid and that's probably

842

00:30:45,669 --> 00:30:42,720

how we seem to them in our very

843

00:30:47,590 --> 00:30:45,679

primitive warring state with these

844

00:30:50,149 --> 00:30:47,600

massive weapons that can wipe out life

845

00:30:52,870 --> 00:30:50,159

on the planet um it seems like they

846

00:30:54,470 --> 00:30:52,880

would probably intervene and keep us

847

00:30:56,470 --> 00:30:54,480

from doing that unless it serves some

848

00:30:58,149 --> 00:30:56,480

purpose that we're not aware of but

849

00:31:00,630 --> 00:30:58,159

yeah it's an interesting aspect of the

850

00:31:01,509 --> 00:31:00,640

phenomenon it's extremely common and i

851
00:31:03,590 --> 00:31:01,519
think we should take it into

852
00:31:04,870 --> 00:31:03,600
consideration but i don't know what it

853
00:31:06,789 --> 00:31:04,880
means

854
00:31:08,870 --> 00:31:06,799
talking about those destructive events a

855
00:31:10,950 --> 00:31:08,880
little bit more it's interesting you say

856
00:31:12,870 --> 00:31:10,960
that another species it would make sense

857
00:31:14,870 --> 00:31:12,880
they would come and take the matches off

858
00:31:17,029 --> 00:31:14,880
the kids as such if that's where we're

859
00:31:19,990 --> 00:31:17,039
at in our state of you know progress

860
00:31:22,470 --> 00:31:20,000
hiroshima and nagasaki you know

861
00:31:24,630 --> 00:31:22,480
bombs were dropped that were devastating

862
00:31:26,389 --> 00:31:24,640
to hundreds of thousands of lives and

863
00:31:29,269 --> 00:31:26,399

the planet going forward still feels

864

00:31:31,190 --> 00:31:29,279

those effects it was 200 000 just in

865

00:31:33,430 --> 00:31:31,200

hiroshima

866

00:31:36,310 --> 00:31:33,440

it's huge numbers and and you did

867

00:31:38,310 --> 00:31:36,320

preface what you said with that it could

868

00:31:40,470 --> 00:31:38,320

be for another purpose we're not sure of

869

00:31:43,029 --> 00:31:40,480

but why do you think a species would

870

00:31:45,909 --> 00:31:43,039

allow those events to happen even for

871

00:31:47,909 --> 00:31:45,919

example chernobyl with the nuclear power

872

00:31:50,549 --> 00:31:47,919

plants effects still being felt for for

873

00:31:52,149 --> 00:31:50,559

thousands of years it's going to be

874

00:31:53,830 --> 00:31:52,159

is there a limit as to what they may or

875

00:31:56,230 --> 00:31:53,840

may not get involved with and i'm

876

00:31:58,950 --> 00:31:56,240

thinking also along the lines of meteor

877

00:32:00,310 --> 00:31:58,960

strikes or solar flares potentially

878

00:32:02,470 --> 00:32:00,320

impacting the planet which is something

879

00:32:04,549 --> 00:32:02,480

we hear about often

880

00:32:07,750 --> 00:32:04,559

yeah i mean it could come down to that

881

00:32:09,750 --> 00:32:07,760

whole um multiverse versus block time

882

00:32:12,549 --> 00:32:09,760

thing too where they can't

883

00:32:16,230 --> 00:32:12,559

intervene too much or it it

884

00:32:18,710 --> 00:32:16,240

causes a a decoherence and we have a new

885

00:32:20,310 --> 00:32:18,720

timeline for him as well um there

886

00:32:22,470 --> 00:32:20,320

definitely seems to be a sort of prime

887

00:32:24,630 --> 00:32:22,480

directive involved there's not a lot of

888

00:32:26,789 --> 00:32:24,640

influence um

889

00:32:30,630 --> 00:32:26,799

there's one report that i talk about my

890

00:32:32,549 --> 00:32:30,640

new book where um this individual who

891

00:32:34,149 --> 00:32:32,559

wasn't abducted he just encountered

892

00:32:36,549 --> 00:32:34,159

these um these

893

00:32:39,029 --> 00:32:36,559

these humans they were fully human that

894

00:32:41,830 --> 00:32:39,039

spoke uh just like we do

895

00:32:43,990 --> 00:32:41,840

um joan byrd also talks about this this

896

00:32:45,830 --> 00:32:44,000

case in her book montana ufos because it

897

00:32:46,789 --> 00:32:45,840

happened not far from here

898

00:32:49,590 --> 00:32:46,799

um

899

00:32:51,750 --> 00:32:49,600

but this individual was asking all of

900

00:32:53,830 --> 00:32:51,760

these questions was shown

901
00:32:56,070 --> 00:32:53,840
inside of the ship was told exactly how

902
00:32:57,110 --> 00:32:56,080
it works with the electromagnetism and

903
00:32:59,990 --> 00:32:57,120
these

904
00:33:02,789 --> 00:33:00,000
flywheels and things but he asked about

905
00:33:05,110 --> 00:33:02,799
jesus and about religion and they said

906
00:33:07,110 --> 00:33:05,120
they're not allowed to answer questions

907
00:33:08,549 --> 00:33:07,120
or talk about those things

908
00:33:10,549 --> 00:33:08,559
which was pretty much the only question

909
00:33:12,070 --> 00:33:10,559
they wouldn't answer and i i found that

910
00:33:14,549 --> 00:33:12,080
interesting because

911
00:33:16,549 --> 00:33:14,559
it sort of indicates that they

912
00:33:19,190 --> 00:33:16,559
are really trying to

913
00:33:20,789 --> 00:33:19,200

to not really get involved too much with

914

00:33:21,830 --> 00:33:20,799

our culture and our perceptions of

915

00:33:23,029 --> 00:33:21,840

things

916

00:33:24,710 --> 00:33:23,039

um

917

00:33:26,870 --> 00:33:24,720

and i i don't know a lot of people argue

918

00:33:29,110 --> 00:33:26,880

that many things in some of the major

919

00:33:30,950 --> 00:33:29,120

religions especially the

920

00:33:33,190 --> 00:33:30,960

islam and a number of things in the old

921

00:33:36,389 --> 00:33:33,200

testament of the bible were essentially

922

00:33:37,669 --> 00:33:36,399

ufos um ezekiel's sort of the cliché

923

00:33:39,110 --> 00:33:37,679

example but there are a number of other

924

00:33:41,350 --> 00:33:39,120

ones as well

925

00:33:43,669 --> 00:33:41,360

i've even heard some talk about islam as

926
00:33:45,750 --> 00:33:43,679
a ufo religion

927
00:33:47,350 --> 00:33:45,760
there's some indications that it was

928
00:33:49,909 --> 00:33:47,360
inspired by

929
00:33:52,710 --> 00:33:49,919
some things that happened long ago so

930
00:33:55,110 --> 00:33:52,720
you know there seems to be some innate

931
00:33:57,190 --> 00:33:55,120
influence uh whether it's intentional or

932
00:33:59,350 --> 00:33:57,200
unintentional i i don't think if you're

933
00:34:01,430 --> 00:33:59,360
traveling to the past you can avoid

934
00:34:03,990 --> 00:34:01,440
influencing a culture just because

935
00:34:07,190 --> 00:34:04,000
you're such an imposing force with your

936
00:34:11,030 --> 00:34:07,200
your high technology high strangeness so

937
00:34:13,990 --> 00:34:11,040
um yeah i don't know it's it seems like

938
00:34:16,310 --> 00:34:14,000

they're they're definitely watching

939

00:34:19,349 --> 00:34:16,320

uh but then the question of intent is is

940

00:34:22,389 --> 00:34:19,359

much harder to really answer how how

941

00:34:25,430 --> 00:34:22,399

involved are they and manipulating

942

00:34:27,909 --> 00:34:25,440

our societies our culture our weaponry

943

00:34:30,069 --> 00:34:27,919

our arms races our political structures

944

00:34:32,629 --> 00:34:30,079

our genes as we talked about earlier

945

00:34:34,550 --> 00:34:32,639

it's really hard to tell at this point

946

00:34:37,270 --> 00:34:34,560

and to ask and we're talking about the

947

00:34:39,510 --> 00:34:37,280

idea that another species is is coming

948

00:34:41,669 --> 00:34:39,520

from the our future to here or a

949

00:34:44,230 --> 00:34:41,679

variation of our future to here so very

950

00:34:46,470 --> 00:34:44,240

much still earth based

951
00:34:48,470 --> 00:34:46,480
how does the idea of of aliens coming

952
00:34:49,909 --> 00:34:48,480
from another planet extraterrestrials

953
00:34:51,270 --> 00:34:49,919
obviously

954
00:34:53,109 --> 00:34:51,280
meet with the ideas that you're

955
00:34:55,270 --> 00:34:53,119
discussing does it

956
00:34:57,030 --> 00:34:55,280
negate that possibility is it too far to

957
00:34:59,670 --> 00:34:57,040
travel or do you think there's still

958
00:35:01,109 --> 00:34:59,680
room for for both to be possible

959
00:35:03,030 --> 00:35:01,119
oh yeah i definitely think there's

960
00:35:06,470 --> 00:35:03,040
there's room if if you have

961
00:35:09,670 --> 00:35:06,480
a craft that can travel

962
00:35:11,670 --> 00:35:09,680
even a fraction of the speed of light um

963
00:35:13,910 --> 00:35:11,680

you can traverse vast distances i think

964

00:35:14,950 --> 00:35:13,920

they would still be within our galaxy i

965

00:35:17,589 --> 00:35:14,960

don't think we're talking about

966

00:35:19,990 --> 00:35:17,599

intergalactic travel um that might be

967

00:35:22,310 --> 00:35:20,000

prohibitive but within our galaxy and

968

00:35:23,349 --> 00:35:22,320

there are billions of stars within it

969

00:35:25,430 --> 00:35:23,359

um

970

00:35:27,510 --> 00:35:25,440

you know it that that space if you have

971

00:35:29,430 --> 00:35:27,520

the technology to travel

972

00:35:31,349 --> 00:35:29,440

at a very high rate of speed obviously

973

00:35:33,109 --> 00:35:31,359

300 000 kilometers per second is

974

00:35:35,589 --> 00:35:33,119

extremely fast but

975

00:35:37,990 --> 00:35:35,599

you could you could absolutely zip

976
00:35:39,589 --> 00:35:38,000
around or potentially use wormholes but

977
00:35:41,430 --> 00:35:39,599
which would also make you travel through

978
00:35:43,190 --> 00:35:41,440
time and we have to factor in that time

979
00:35:45,510 --> 00:35:43,200
dilation effect too if you're traveling

980
00:35:48,150 --> 00:35:45,520
at a high rate of speed

981
00:35:50,790 --> 00:35:48,160
it does make time move faster outside of

982
00:35:52,870 --> 00:35:50,800
your reference frame so

983
00:35:55,109 --> 00:35:52,880
you couldn't just go back and visit your

984
00:35:57,270 --> 00:35:55,119
family after a two-year trip

985
00:35:59,109 --> 00:35:57,280
traveling at near the speed of light and

986
00:36:00,630 --> 00:35:59,119
expect everything to be the same your

987
00:36:02,310 --> 00:36:00,640
husband or wife probably run off with

988
00:36:03,670 --> 00:36:02,320

somebody else your kids graduated

989

00:36:05,349 --> 00:36:03,680

college and

990

00:36:07,670 --> 00:36:05,359

everybody might be dead depending on how

991

00:36:09,190 --> 00:36:07,680

fast you were going so we have to factor

992

00:36:11,030 --> 00:36:09,200

that in we have to factor in how they

993

00:36:13,109 --> 00:36:11,040

would find us again we've only been

994

00:36:15,670 --> 00:36:13,119

sending out radio signals for about 70

995

00:36:16,710 --> 00:36:15,680

years so they've only traveled 70 light

996

00:36:18,950 --> 00:36:16,720

years so

997

00:36:22,550 --> 00:36:18,960

there's not a lot within that range a

998

00:36:24,069 --> 00:36:22,560

lot of stars and potential planets um

999

00:36:26,870 --> 00:36:24,079

so how would they find us things are

1000

00:36:28,470 --> 00:36:26,880

still still a big issue they certainly

1001

00:36:30,950 --> 00:36:28,480

wouldn't be expected to look like us

1002

00:36:33,270 --> 00:36:30,960

there's so many unique things about

1003

00:36:36,390 --> 00:36:33,280

our planet the size of it the gravity

1004

00:36:38,069 --> 00:36:36,400

the atmosphere our our dna coding system

1005

00:36:39,750 --> 00:36:38,079

which is the coding system of all life

1006

00:36:42,790 --> 00:36:39,760

on this planet if there happened to be

1007

00:36:44,550 --> 00:36:42,800

extra nucleotides or other base pairs we

1008

00:36:46,710 --> 00:36:44,560

wouldn't expect to have anything like us

1009

00:36:48,069 --> 00:36:46,720

and it's probably completely random that

1010

00:36:51,270 --> 00:36:48,079

we ended up with

1011

00:36:53,349 --> 00:36:51,280

the agct base pair combos that we have

1012

00:36:55,589 --> 00:36:53,359

in dna to start with so

1013

00:36:58,230 --> 00:36:55,599

um i think there's a lot of things at

1014

00:37:00,790 --> 00:36:58,240

least related to the humanoid forms that

1015

00:37:02,950 --> 00:37:00,800

indicate they are us and obviously from

1016

00:37:04,470 --> 00:37:02,960

the future since we know what we looked

1017

00:37:07,510 --> 00:37:04,480

like in the past and we know we didn't

1018

00:37:08,390 --> 00:37:07,520

have technologies like they have so

1019

00:37:11,190 --> 00:37:08,400

i don't

1020

00:37:12,870 --> 00:37:11,200

write off the extraterrestrial

1021

00:37:13,829 --> 00:37:12,880

hypothesis i think it's still on the

1022

00:37:16,630 --> 00:37:13,839

table

1023

00:37:19,349 --> 00:37:16,640

uh as are the other main theories the

1024

00:37:21,270 --> 00:37:19,359

simulation hypothesis i've been i think

1025

00:37:23,910 --> 00:37:21,280

kind of considering that in some

1026

00:37:25,910 --> 00:37:23,920

contexts um with regard to ufo

1027

00:37:27,430 --> 00:37:25,920

phenomenon ultra terrestrials the role

1028

00:37:29,109 --> 00:37:27,440

of consciousness

1029

00:37:31,349 --> 00:37:29,119

uh there's i think everything should be

1030

00:37:33,270 --> 00:37:31,359

on the table all all valid theories

1031

00:37:35,270 --> 00:37:33,280

should be considered this is too

1032

00:37:36,950 --> 00:37:35,280

mysterious of a phenomenon to just take

1033

00:37:39,589 --> 00:37:36,960

one position and

1034

00:37:41,270 --> 00:37:39,599

and think that it can't be other things

1035

00:37:43,430 --> 00:37:41,280

it certainly is and one of the most

1036

00:37:45,750 --> 00:37:43,440

interesting or or hotly discussed

1037

00:37:47,990 --> 00:37:45,760

aspects of the phenomenon whether extra

1038

00:37:50,390 --> 00:37:48,000

temporal or extraterrestrial whatever it

1039

00:37:52,550 --> 00:37:50,400

may be is the idea that there have been

1040

00:37:55,430 --> 00:37:52,560

crash retrieval programs

1041

00:37:58,150 --> 00:37:55,440

wearing your research and opinion

1042

00:38:00,470 --> 00:37:58,160

do these objects that are so advanced in

1043

00:38:03,510 --> 00:38:00,480

technology still end up potentially

1044

00:38:04,550 --> 00:38:03,520

crashing and within human hands

1045

00:38:06,950 --> 00:38:04,560

yeah

1046

00:38:08,950 --> 00:38:06,960

i thought about a funny example i cut it

1047

00:38:10,390 --> 00:38:08,960

out of my books it was kind of dumb the

1048

00:38:12,950 --> 00:38:10,400

way i wrote it but

1049

00:38:15,030 --> 00:38:12,960

uh i i guess i'm still gonna tell you

1050

00:38:18,470 --> 00:38:15,040

which might be equally dumb

1051
00:38:20,550 --> 00:38:18,480
um but yeah you've got you know

1052
00:38:22,310 --> 00:38:20,560
certain situations where

1053
00:38:23,430 --> 00:38:22,320
um

1054
00:38:25,430 --> 00:38:23,440
uh

1055
00:38:27,829 --> 00:38:25,440
i guess it was in the

1056
00:38:29,589 --> 00:38:27,839
travis walton case study where he he

1057
00:38:31,910 --> 00:38:29,599
escaped the room he was in with these

1058
00:38:33,750 --> 00:38:31,920
short grays and went into the control

1059
00:38:36,069 --> 00:38:33,760
room is pushing buttons on this thing

1060
00:38:38,710 --> 00:38:36,079
there's pitching y'all happening on the

1061
00:38:41,430 --> 00:38:38,720
craft and it made me think like you know

1062
00:38:43,750 --> 00:38:41,440
maybe maybe one of these crashes was the

1063
00:38:45,829 --> 00:38:43,760

result of somebody breaking out and

1064

00:38:48,230 --> 00:38:45,839

pushing some buttons they shouldn't have

1065

00:38:50,470 --> 00:38:48,240

um it also sort of indicates you know

1066

00:38:52,550 --> 00:38:50,480

that we're valuable now we we make

1067

00:38:55,190 --> 00:38:52,560

mistakes all the time we crash things

1068

00:38:56,870 --> 00:38:55,200

all the time uh just because we have

1069

00:38:57,990 --> 00:38:56,880

more advanced technology in the future

1070

00:38:59,270 --> 00:38:58,000

doesn't mean that we're never going to

1071

00:39:01,670 --> 00:38:59,280

have things go wrong there can be

1072

00:39:03,829 --> 00:39:01,680

mechanical problems there can be

1073

00:39:05,990 --> 00:39:03,839

end-user problems where you know

1074

00:39:08,069 --> 00:39:06,000

somebody just takes a left instead of a

1075

00:39:10,630 --> 00:39:08,079

right crashes into some if you are

1076

00:39:12,230 --> 00:39:10,640

moving in and out of time too uh

1077

00:39:14,390 --> 00:39:12,240

you don't have to worry about the earth

1078

00:39:16,150 --> 00:39:14,400

moving under you as you approach because

1079

00:39:18,870 --> 00:39:16,160

you're moving together

1080

00:39:21,030 --> 00:39:18,880

um but who knows what's there but at

1081

00:39:22,790 --> 00:39:21,040

that specific time you'd think that they

1082

00:39:24,710 --> 00:39:22,800

have technology to map it out before

1083

00:39:26,230 --> 00:39:24,720

they just go blasted into a specific

1084

00:39:29,670 --> 00:39:26,240

time period but

1085

00:39:32,150 --> 00:39:29,680

it adds an extra element of um

1086

00:39:34,390 --> 00:39:32,160

of surprise you you might not

1087

00:39:36,390 --> 00:39:34,400

necessarily be able to calculate all of

1088

00:39:38,710 --> 00:39:36,400

those things just right all of the time

1089

00:39:40,470 --> 00:39:38,720

and you i would kind of expect crashes

1090

00:39:42,790 --> 00:39:40,480

to happen i think um

1091

00:39:45,349 --> 00:39:42,800

i think that's that's normal and and

1092

00:39:47,670 --> 00:39:45,359

sort of because we do it with all of our

1093

00:39:48,870 --> 00:39:47,680

most advanced technologies it's likely

1094

00:39:50,550 --> 00:39:48,880

that we

1095

00:39:52,550 --> 00:39:50,560

will continue to regardless of how

1096

00:39:54,310 --> 00:39:52,560

advanced our technology gets

1097

00:39:57,030 --> 00:39:54,320

it's one of the most con

1098

00:39:58,630 --> 00:39:57,040

common conversations debates arguments

1099

00:40:00,630 --> 00:39:58,640

whatever it may turn out to be online

1100

00:40:02,150 --> 00:40:00,640

that i've had is you know people asking

1101

00:40:03,670 --> 00:40:02,160

well why do these things crash if

1102

00:40:05,430 --> 00:40:03,680

they're so advanced and you're right

1103

00:40:07,670 --> 00:40:05,440

that if you went back to the first

1104

00:40:09,750 --> 00:40:07,680

pioneers who sailed from whichever

1105

00:40:12,870 --> 00:40:09,760

continents across oceans and showed them

1106

00:40:15,030 --> 00:40:12,880

a an f-18 fighter jet or an f-22 or some

1107

00:40:16,710 --> 00:40:15,040

of the cruise liners we have now and

1108

00:40:18,950 --> 00:40:16,720

said that these things still aren't

1109

00:40:20,630 --> 00:40:18,960

perfect people still die there are still

1110

00:40:23,190 --> 00:40:20,640

accidents that they wouldn't believe you

1111

00:40:25,030 --> 00:40:23,200

because of the leaping technology so

1112

00:40:26,950 --> 00:40:25,040

surely as you say something else just

1113

00:40:28,550 --> 00:40:26,960

because it's thousands or tens of

1114

00:40:29,670 --> 00:40:28,560

thousands of years potentially more

1115

00:40:31,589 --> 00:40:29,680

advanced

1116

00:40:33,270 --> 00:40:31,599

doesn't mean that they're infallible and

1117

00:40:34,630 --> 00:40:33,280

there may still be that that margin for

1118

00:40:36,950 --> 00:40:34,640

error it's it's an interesting

1119

00:40:38,630 --> 00:40:36,960

conversation though yeah yeah and that's

1120

00:40:39,990 --> 00:40:38,640

a good metaphor and in fact with a lot

1121

00:40:42,630 --> 00:40:40,000

of things with this theory i like to

1122

00:40:44,470 --> 00:40:42,640

think back just exactly how you did

1123

00:40:47,430 --> 00:40:44,480

and think well how would they look at us

1124

00:40:49,829 --> 00:40:47,440

now you know and i i mentioned in in my

1125

00:40:52,870 --> 00:40:49,839

first book that if we went back even in

1126

00:40:54,790 --> 00:40:52,880

an fa-18 or some other advanced craft

1127

00:40:57,510 --> 00:40:54,800

from our time period if we did have the

1128

00:41:00,150 --> 00:40:57,520

ability to manipulate space time and use

1129

00:41:00,950 --> 00:41:00,160

that as a time machine if we went back

1130

00:41:03,510 --> 00:41:00,960

to

1131

00:41:05,190 --> 00:41:03,520

100 years ago i mean we would look more

1132

00:41:06,630 --> 00:41:05,200

or less the same but our technology

1133

00:41:09,109 --> 00:41:06,640

would stand out but if we're talking

1134

00:41:11,349 --> 00:41:09,119

about going back to you know 50 or 60

1135

00:41:13,190 --> 00:41:11,359

000 years ago or eventually we can go

1136

00:41:16,069 --> 00:41:13,200

back even farther and to the time of

1137

00:41:17,829 --> 00:41:16,079

homo erectus clearly our technology is

1138

00:41:19,349 --> 00:41:17,839

entirely magical to them it's not

1139

00:41:21,190 --> 00:41:19,359

anything they can fathom within the

1140

00:41:22,470 --> 00:41:21,200

context of their stone tools and their

1141

00:41:24,150 --> 00:41:22,480

spears

1142

00:41:26,630 --> 00:41:24,160

but we also have many of the

1143

00:41:28,870 --> 00:41:26,640

characteristics that we ascribe to these

1144

00:41:30,870 --> 00:41:28,880

visitors with the relative hairlessness

1145

00:41:32,790 --> 00:41:30,880

the big heads and the small faces and

1146

00:41:35,030 --> 00:41:32,800

everything i mentioned earlier so

1147

00:41:37,910 --> 00:41:35,040

yeah i think i think there's a lot of

1148

00:41:39,990 --> 00:41:37,920

important ways we can um sort of break

1149

00:41:42,230 --> 00:41:40,000

apart this idea and understand it in the

1150

00:41:43,910 --> 00:41:42,240

context of looking back

1151
00:41:45,430 --> 00:41:43,920
in the same way that we may potentially

1152
00:41:47,430 --> 00:41:45,440
be able to look forward every time they

1153
00:41:50,069 --> 00:41:47,440
come back to our time

1154
00:41:52,150 --> 00:41:50,079
now from technology to psychedelics i

1155
00:41:53,109 --> 00:41:52,160
want to change the discussion just very

1156
00:41:54,790 --> 00:41:53,119
slightly

1157
00:41:56,550 --> 00:41:54,800
psychedelics are something that we've

1158
00:41:58,630 --> 00:41:56,560
talked about on the podcast a few times

1159
00:42:01,109 --> 00:41:58,640
recently and there's a lot of studies

1160
00:42:03,349 --> 00:42:01,119
going on now and the the research is

1161
00:42:05,190 --> 00:42:03,359
currently finding or defining language

1162
00:42:06,470 --> 00:42:05,200
for how these different substances

1163
00:42:08,470 --> 00:42:06,480

affect us

1164

00:42:10,790 --> 00:42:08,480

amongst other things they seem to affect

1165

00:42:13,109 --> 00:42:10,800

our perception of time people report

1166

00:42:15,030 --> 00:42:13,119

meeting entities all very similar to

1167

00:42:17,030 --> 00:42:15,040

each other what are the chances that

1168

00:42:19,190 --> 00:42:17,040

some of these entities are are real

1169

00:42:23,270 --> 00:42:19,200

beings who exist outside of our usual

1170

00:42:26,230 --> 00:42:24,309

well

1171

00:42:29,030 --> 00:42:26,240

yeah it kind of comes back to what you

1172

00:42:31,030 --> 00:42:29,040

mentioned earlier with um

1173

00:42:33,510 --> 00:42:31,040

whether they could be some sort of

1174

00:42:35,270 --> 00:42:33,520

energy aspect of our environment

1175

00:42:39,030 --> 00:42:35,280

um and and

1176

00:42:42,430 --> 00:42:39,040

clearly the effects of of psilocybin lsd

1177

00:42:44,630 --> 00:42:42,440

dmt and a number of other mind-altering

1178

00:42:46,950 --> 00:42:44,640

drugs um

1179

00:42:48,150 --> 00:42:46,960

aren't fully understood

1180

00:42:49,670 --> 00:42:48,160

as far as

1181

00:42:50,870 --> 00:42:49,680

what happens

1182

00:42:52,950 --> 00:42:50,880

where

1183

00:42:54,470 --> 00:42:52,960

not just in our physical reality but

1184

00:42:55,910 --> 00:42:54,480

with our consciousness and part of

1185

00:42:57,750 --> 00:42:55,920

that's because we don't yet understand

1186

00:42:59,030 --> 00:42:57,760

consciousness so we certainly can't

1187

00:43:01,190 --> 00:42:59,040

understand how

1188

00:43:02,630 --> 00:43:01,200

a physical drug affects something that

1189

00:43:04,150 --> 00:43:02,640

seems to be

1190

00:43:06,470 --> 00:43:04,160

at least if you're a non-materialist

1191

00:43:07,750 --> 00:43:06,480

something that exists outside of space

1192

00:43:10,230 --> 00:43:07,760

and time to start with and a lot of

1193

00:43:12,550 --> 00:43:10,240

near-death experiences sort of indicate

1194

00:43:14,550 --> 00:43:12,560

this as well where you'll have people

1195

00:43:17,349 --> 00:43:14,560

once they leave their bodies are

1196

00:43:19,829 --> 00:43:17,359

essentially unbound by space and time

1197

00:43:22,550 --> 00:43:19,839

they can move instantly to all these

1198

00:43:23,670 --> 00:43:22,560

different places or different times

1199

00:43:26,710 --> 00:43:23,680

people that are

1200

00:43:28,950 --> 00:43:26,720

reborn in other bodies

1201

00:43:31,030 --> 00:43:28,960

past lives i never used to believe in

1202

00:43:32,630 --> 00:43:31,040

that but i started researching it with

1203

00:43:35,109 --> 00:43:32,640

an open mind and there's a number of

1204

00:43:37,349 --> 00:43:35,119

cases that suggest that people from the

1205

00:43:39,270 --> 00:43:37,359

past their consciousness leaves that

1206

00:43:40,309 --> 00:43:39,280

physical form and enters another one at

1207

00:43:42,069 --> 00:43:40,319

a different time and if our

1208

00:43:43,670 --> 00:43:42,079

consciousness is unbound from space-time

1209

00:43:44,870 --> 00:43:43,680

why couldn't that happen it's no

1210

00:43:46,470 --> 00:43:44,880

different than

1211

00:43:47,829 --> 00:43:46,480

going to a different body in your own

1212

00:43:50,309 --> 00:43:47,839

time um

1213

00:43:52,710 --> 00:43:50,319

so i think we're really going to have to

1214

00:43:54,630 --> 00:43:52,720

fully understand our consciousness and

1215

00:43:56,550 --> 00:43:54,640

in order to really

1216

00:43:58,630 --> 00:43:56,560

understand

1217

00:43:59,910 --> 00:43:58,640

what's happening when we take these

1218

00:44:02,790 --> 00:43:59,920

drugs

1219

00:44:05,910 --> 00:44:02,800

they they clearly have an effect

1220

00:44:06,630 --> 00:44:05,920

on our perception of time um

1221

00:44:09,270 --> 00:44:06,640

but

1222

00:44:12,710 --> 00:44:09,280

it's much more than that too um

1223

00:44:15,030 --> 00:44:12,720

all perceptions are are changed so

1224

00:44:17,109 --> 00:44:15,040

i i think one one thing

1225

00:44:17,990 --> 00:44:17,119

that's important to consider too is is

1226

00:44:20,470 --> 00:44:18,000

that

1227

00:44:24,230 --> 00:44:20,480

within the black universe there isn't

1228

00:44:25,750 --> 00:44:24,240

really change in the way we perceive it

1229

00:44:28,309 --> 00:44:25,760

there are different states in fact a

1230

00:44:30,470 --> 00:44:28,319

physicist there in the uk where you are

1231

00:44:32,550 --> 00:44:30,480

julian barber thinks that there's no

1232

00:44:34,950 --> 00:44:32,560

such thing as as change even

1233

00:44:36,870 --> 00:44:34,960

everything's static there is no time in

1234

00:44:39,990 --> 00:44:36,880

the way that we perceive it but clearly

1235

00:44:41,190 --> 00:44:40,000

we sense things and einstein once said

1236

00:44:44,230 --> 00:44:41,200

you know this this idea of this

1237

00:44:46,150 --> 00:44:44,240

universal now or this static space time

1238

00:44:49,270 --> 00:44:46,160

is is how could we understand how could

1239

00:44:50,470 --> 00:44:49,280

we move through it um we we need

1240

00:44:52,950 --> 00:44:50,480

this this

1241

00:44:54,309 --> 00:44:52,960

time this perception of time just to be

1242

00:44:56,069 --> 00:44:54,319

able to operate in the universe around

1243

00:44:56,870 --> 00:44:56,079

us and all of our cells have clocks in

1244

00:44:59,109 --> 00:44:56,880

them

1245

00:45:01,430 --> 00:44:59,119

uh we have this circadian rhythm that

1246

00:45:03,349 --> 00:45:01,440

that matches up with the way our earth

1247

00:45:06,150 --> 00:45:03,359

spins and the way it goes around the sun

1248

00:45:08,550 --> 00:45:06,160

so um we clearly have a sense of time

1249

00:45:10,950 --> 00:45:08,560

that we've evolved to be able to exist

1250

00:45:11,670 --> 00:45:10,960

in this environment that we've evolved

1251

00:45:13,510 --> 00:45:11,680

in

1252

00:45:16,790 --> 00:45:13,520

but that isn't necessarily the same

1253

00:45:18,710 --> 00:45:16,800

thing as whatever time is this

1254

00:45:21,270 --> 00:45:18,720

non-quantized

1255

00:45:23,990 --> 00:45:21,280

entity this emergent phenomenon

1256

00:45:26,950 --> 00:45:24,000

um so so i think

1257

00:45:29,349 --> 00:45:26,960

yeah the psychedelic question it's it's

1258

00:45:31,589 --> 00:45:29,359

still just a lot of questions i'm

1259

00:45:33,190 --> 00:45:31,599

it's fascinating i would personally be

1260

00:45:34,790 --> 00:45:33,200

really interested in doing research in

1261

00:45:36,470 --> 00:45:34,800

that field and we're starting to break

1262

00:45:39,030 --> 00:45:36,480

down some of the barriers

1263

00:45:41,109 --> 00:45:39,040

that have been imposed since the 1970s

1264

00:45:43,670 --> 00:45:41,119

mostly because there was active research

1265

00:45:45,510 --> 00:45:43,680

in the 50s and 60s but nixon shut that

1266

00:45:46,710 --> 00:45:45,520

down here in the u.s and that affected a

1267

00:45:48,309 --> 00:45:46,720

lot of other

1268

00:45:49,910 --> 00:45:48,319

countries as well

1269

00:45:51,910 --> 00:45:49,920

but yeah i think it's fascinating and

1270

00:45:53,430 --> 00:45:51,920

honestly i think we'll we'll get a lot

1271

00:45:54,630 --> 00:45:53,440

of answers to

1272

00:45:56,630 --> 00:45:54,640

the consciousness question and

1273

00:45:59,109 --> 00:45:56,640

potentially the the ufo question what

1274

00:46:01,109 --> 00:45:59,119

these entities are do they exist beyond

1275

00:46:02,390 --> 00:46:01,119

our physical world

1276
00:46:03,430 --> 00:46:02,400
as yeah a lot of people especially with

1277
00:46:05,109 --> 00:46:03,440
dmt

1278
00:46:07,349 --> 00:46:05,119
report having

1279
00:46:09,109 --> 00:46:07,359
encounters with them and very similar

1280
00:46:12,230 --> 00:46:09,119
ones to what are described in actual

1281
00:46:14,390 --> 00:46:12,240
physical ufo encounters so

1282
00:46:17,190 --> 00:46:14,400
yeah i'll be interested to see how that

1283
00:46:19,510 --> 00:46:17,200
pans out hopefully it happens soon

1284
00:46:22,309 --> 00:46:19,520
which areas of study are you are you

1285
00:46:24,390 --> 00:46:22,319
most excited about in terms of our

1286
00:46:26,309 --> 00:46:24,400
understanding of the phenomenon do you

1287
00:46:29,190 --> 00:46:26,319
think that next leap or understanding

1288
00:46:31,910 --> 00:46:29,200

will be in science technology medicine

1289

00:46:33,910 --> 00:46:31,920

or something else

1290

00:46:35,910 --> 00:46:33,920

um

1291

00:46:37,030 --> 00:46:35,920

yeah i don't know i mean i'm just

1292

00:46:38,309 --> 00:46:37,040

excited about everything that's

1293

00:46:39,670 --> 00:46:38,319

happening right now i think it's

1294

00:46:42,390 --> 00:46:39,680

fantastic

1295

00:46:44,230 --> 00:46:42,400

there's so much going on and

1296

00:46:46,470 --> 00:46:44,240

we are starting to break down the

1297

00:46:48,230 --> 00:46:46,480

barriers that kept us from being able to

1298

00:46:50,150 --> 00:46:48,240

study this

1299

00:46:52,550 --> 00:46:50,160

in the academic community the scientific

1300

00:46:55,670 --> 00:46:52,560

community and you have people taking

1301
00:46:59,270 --> 00:46:55,680
this seriously and and asking questions

1302
00:47:00,710 --> 00:46:59,280
developing testable hypotheses um

1303
00:47:02,309 --> 00:47:00,720
and and yeah i think

1304
00:47:04,309 --> 00:47:02,319
for me

1305
00:47:06,630 --> 00:47:04,319
and i'm i'm actually hopeful that i get

1306
00:47:09,109 --> 00:47:06,640
to do this there's a potential that

1307
00:47:11,030 --> 00:47:09,119
uh i might with a project i'm working on

1308
00:47:14,790 --> 00:47:11,040
developing with some folks

1309
00:47:17,670 --> 00:47:14,800
is is looking at the the brains

1310
00:47:21,030 --> 00:47:17,680
of contactees and abductees doing

1311
00:47:22,950 --> 00:47:21,040
functional mri studies and and and this

1312
00:47:25,510 --> 00:47:22,960
you can make many testable hypotheses

1313
00:47:27,109 --> 00:47:25,520

related to this have double-blind study

1314

00:47:29,510 --> 00:47:27,119

control groups

1315

00:47:30,710 --> 00:47:29,520

and then have this experimental group

1316

00:47:32,390 --> 00:47:30,720

and see

1317

00:47:35,109 --> 00:47:32,400

if there are physical differences in

1318

00:47:37,430 --> 00:47:35,119

their brains just in a static state and

1319

00:47:39,589 --> 00:47:37,440

also when they're

1320

00:47:41,670 --> 00:47:39,599

using telepathic abilities or

1321

00:47:44,150 --> 00:47:41,680

precognition or

1322

00:47:45,910 --> 00:47:44,160

remote viewing or any of these things a

1323

00:47:47,430 --> 00:47:45,920

lot of these people who

1324

00:47:52,069 --> 00:47:47,440

have had

1325

00:47:54,470 --> 00:47:52,079

contact and potentially hybridizations

1326

00:47:55,430 --> 00:47:54,480

that took place with these uh future

1327

00:47:57,030 --> 00:47:55,440

humans

1328

00:47:59,510 --> 00:47:57,040

and and are their brains different you'd

1329

00:48:01,910 --> 00:47:59,520

be able to see that in the mris of of

1330

00:48:03,270 --> 00:48:01,920

these individuals so you know that's a

1331

00:48:04,470 --> 00:48:03,280

question you could never write a grant

1332

00:48:06,790 --> 00:48:04,480

for

1333

00:48:08,390 --> 00:48:06,800

in the past but maybe in the next five

1334

00:48:10,390 --> 00:48:08,400

to ten years you could write a grant get

1335

00:48:12,470 --> 00:48:10,400

money to do that so that that's very

1336

00:48:13,910 --> 00:48:12,480

exciting to me just seeing the stigma

1337

00:48:16,950 --> 00:48:13,920

and the shame

1338

00:48:19,430 --> 00:48:16,960

that's uh permeated this this phenomenon

1339

00:48:21,910 --> 00:48:19,440

for so long start to wane finally after

1340

00:48:24,630 --> 00:48:21,920

all these years is uh extremely

1341

00:48:26,710 --> 00:48:24,640

encouraging very exciting

1342

00:48:28,630 --> 00:48:26,720

that's a beautiful segway

1343

00:48:30,150 --> 00:48:28,640

it's a beautiful segway before my my

1344

00:48:31,990 --> 00:48:30,160

last question before some listener

1345

00:48:34,630 --> 00:48:32,000

questions for you as um

1346

00:48:37,349 --> 00:48:34,640

professor avi loeb of harvard has had

1347

00:48:39,109 --> 00:48:37,359

some harsh criticism from his colleagues

1348

00:48:41,430 --> 00:48:39,119

for even entertaining the subject of

1349

00:48:43,670 --> 00:48:41,440

ufos and one of his zoom meetings was

1350

00:48:45,589 --> 00:48:43,680

put out there where he gets uh

1351

00:48:47,750 --> 00:48:45,599

very very harshly shot down by one of

1352

00:48:50,470 --> 00:48:47,760

his colleagues again for for what they

1353

00:48:52,870 --> 00:48:50,480

see as a nonsense subject how have your

1354

00:48:56,230 --> 00:48:52,880

colleagues been in terms of your book

1355

00:48:58,069 --> 00:48:56,240

and your pursuit of this subject

1356

00:49:00,390 --> 00:48:58,079

uh it's been very different

1357

00:49:02,630 --> 00:49:00,400

uh quite positive actually it's

1358

00:49:04,230 --> 00:49:02,640

unfortunate that that happened to him

1359

00:49:05,910 --> 00:49:04,240

and it's still happening john mack

1360

00:49:07,190 --> 00:49:05,920

experienced the same thing at that same

1361

00:49:09,109 --> 00:49:07,200

institution

1362

00:49:11,349 --> 00:49:09,119

unfortunately um

1363

00:49:12,950 --> 00:49:11,359

but no it's been quite positive for me i

1364

00:49:17,030 --> 00:49:12,960

have a long track record of of

1365

00:49:19,190 --> 00:49:17,040

publishing and respected journals um

1366

00:49:21,270 --> 00:49:19,200

you know frontiers in neuroscience and

1367

00:49:23,589 --> 00:49:21,280

and other journals like that

1368

00:49:26,710 --> 00:49:23,599

so when i started researching this i

1369

00:49:29,109 --> 00:49:26,720

people knew my work they knew me and

1370

00:49:31,030 --> 00:49:29,119

knew i wasn't just flying off the handle

1371

00:49:32,549 --> 00:49:31,040

and doing something crazy and obviously

1372

00:49:33,910 --> 00:49:32,559

you know avi have

1373

00:49:37,109 --> 00:49:33,920

has the same

1374

00:49:39,430 --> 00:49:37,119

a much longer uh track record of of

1375

00:49:40,870 --> 00:49:39,440

publishing and academic research and

1376

00:49:43,349 --> 00:49:40,880

scholarship so

1377

00:49:45,589 --> 00:49:43,359

uh i think it has to do more with

1378

00:49:46,950 --> 00:49:45,599

the people involved

1379

00:49:48,790 --> 00:49:46,960

i've been fortunate that there's a lot

1380

00:49:51,270 --> 00:49:48,800

of open-minded colleagues at my

1381

00:49:52,309 --> 00:49:51,280

university they've very much embraced

1382

00:49:54,950 --> 00:49:52,319

this

1383

00:49:57,510 --> 00:49:54,960

book in fact they the cover is

1384

00:49:59,430 --> 00:49:57,520

right and when you walk in the door of

1385

00:50:01,910 --> 00:49:59,440

uh the building where my office is with

1386

00:50:04,150 --> 00:50:01,920

all of the other books that that faculty

1387

00:50:06,390 --> 00:50:04,160

have published within my department so

1388

00:50:09,910 --> 00:50:06,400

uh they asked me to teach a class about

1389

00:50:11,670 --> 00:50:09,920

the book to an honors uh class going

1390

00:50:13,829 --> 00:50:11,680

through each chapter week by week and

1391

00:50:16,630 --> 00:50:13,839

breaking it down

1392

00:50:18,309 --> 00:50:16,640

so yeah it's been quite positive when my

1393

00:50:20,630 --> 00:50:18,319

book release happened

1394

00:50:22,870 --> 00:50:20,640

in 2019 i'd say 40 percent of people

1395

00:50:25,109 --> 00:50:22,880

there had masters or phd's

1396

00:50:27,030 --> 00:50:25,119

um so it's it's been very

1397

00:50:27,990 --> 00:50:27,040

very positive of course there's always

1398

00:50:30,309 --> 00:50:28,000

going to be people who have that

1399

00:50:32,470 --> 00:50:30,319

knee-jerk reaction largely because of

1400

00:50:34,710 --> 00:50:32,480

the stigma especially if they're older

1401
00:50:36,790 --> 00:50:34,720
because they lived through that period

1402
00:50:39,430 --> 00:50:36,800
where project grudge and project blue

1403
00:50:41,589 --> 00:50:39,440
book were really forcing

1404
00:50:44,150 --> 00:50:41,599
this the zeitgeist where you're not

1405
00:50:46,390 --> 00:50:44,160
allowed to talk about it it's it's of

1406
00:50:48,230 --> 00:50:46,400
course shameful everybody it's not even

1407
00:50:50,470 --> 00:50:48,240
real and if it is real then you know

1408
00:50:52,549 --> 00:50:50,480
everybody that has these experiences

1409
00:50:54,950 --> 00:50:52,559
must be crazy or hallucinating or have

1410
00:50:56,150 --> 00:50:54,960
ptsd or whatever so that was forced down

1411
00:50:58,870 --> 00:50:56,160
their throat for a long time i

1412
00:51:01,190 --> 00:50:58,880
understand where that is coming from

1413
00:51:02,790 --> 00:51:01,200

but it's also time to get over that it

1414

00:51:05,430 --> 00:51:02,800

is a real phenomenon

1415

00:51:07,670 --> 00:51:05,440

we we have confirmation of that from the

1416

00:51:08,710 --> 00:51:07,680

highest levels in the united states

1417

00:51:11,349 --> 00:51:08,720

government

1418

00:51:13,109 --> 00:51:11,359

so let's start trying to figure out

1419

00:51:15,109 --> 00:51:13,119

what's going on let's figure out what

1420

00:51:16,630 --> 00:51:15,119

these things are where they're coming

1421

00:51:18,870 --> 00:51:16,640

from potentially when they're coming

1422

00:51:21,349 --> 00:51:18,880

from who's driving these things what

1423

00:51:22,630 --> 00:51:21,359

their intentions are we we can start

1424

00:51:24,390 --> 00:51:22,640

asking these questions there's always

1425

00:51:26,230 --> 00:51:24,400

going to be detractors there's always

1426

00:51:28,309 --> 00:51:26,240

going to be close-minded people

1427

00:51:30,470 --> 00:51:28,319

but uh this is potentially one of the

1428

00:51:31,910 --> 00:51:30,480

biggest questions of our time so we need

1429

00:51:33,190 --> 00:51:31,920

to get over that

1430

00:51:35,829 --> 00:51:33,200

it's great to hear you've had that

1431

00:51:37,270 --> 00:51:35,839

positive experience as well and i want

1432

00:51:38,950 --> 00:51:37,280

to get to some listener questions to

1433

00:51:40,549 --> 00:51:38,960

make the most of the last part of our

1434

00:51:43,589 --> 00:51:40,559

time dr masters

1435

00:51:46,390 --> 00:51:43,599

the first one is from newman newman asks

1436

00:51:47,750 --> 00:51:46,400

what are dr masters thoughts on cattle

1437

00:51:49,589 --> 00:51:47,760

mutilations

1438

00:51:51,430 --> 00:51:49,599

have you got any suspicion on why the

1439

00:51:54,150 --> 00:51:51,440

phenomenon seems to be interested in

1440

00:51:56,549 --> 00:51:54,160

extracting oddly specific tissues within

1441

00:51:58,150 --> 00:51:56,559

these events and also have you heard of

1442

00:52:00,470 --> 00:51:58,160

calm kelleher's theory that someone is

1443

00:52:02,390 --> 00:52:00,480

potentially tracking diseases through

1444

00:52:05,430 --> 00:52:02,400

our food chain and that's why they're

1445

00:52:07,510 --> 00:52:05,440

checking out for example cattle

1446

00:52:10,309 --> 00:52:07,520

well it's certainly possible but it's

1447

00:52:14,150 --> 00:52:10,319

not just cattle um i'm actually working

1448

00:52:16,549 --> 00:52:14,160

with someone a collaborator in canada

1449

00:52:18,309 --> 00:52:16,559

and we're compiling a massive database

1450

00:52:21,109 --> 00:52:18,319

of animal mutilations throughout the

1451
00:52:23,430 --> 00:52:21,119
world and for as long as we can go back

1452
00:52:25,349 --> 00:52:23,440
and find um

1453
00:52:26,790 --> 00:52:25,359
fine stories about them

1454
00:52:28,230 --> 00:52:26,800
there's actually just recently there are

1455
00:52:30,470 --> 00:52:28,240
a number of horses

1456
00:52:32,150 --> 00:52:30,480
throughout france and the e-horse there

1457
00:52:34,230 --> 00:52:32,160
so i guess that still counts as the food

1458
00:52:36,390 --> 00:52:34,240
chain but in um

1459
00:52:38,630 --> 00:52:36,400
in the vancouver area somewhere on the

1460
00:52:40,710 --> 00:52:38,640
west coast to for exactly where it was

1461
00:52:43,109 --> 00:52:40,720
there were these long lines of sea lions

1462
00:52:44,870 --> 00:52:43,119
that were picked up same types of of

1463
00:52:46,870 --> 00:52:44,880

mutilations that you have these holes in

1464

00:52:49,670 --> 00:52:46,880

their abdomens drained of blood no blood

1465

00:52:52,549 --> 00:52:49,680

anywhere around and then dropped in this

1466

00:52:55,190 --> 00:52:52,559

line which is very similar to a lot of

1467

00:52:57,109 --> 00:52:55,200

these other mutilation events so

1468

00:52:59,750 --> 00:52:57,119

um that could certainly be a part of it

1469

00:53:03,270 --> 00:52:59,760

it could be tracking some aspect of our

1470

00:53:06,069 --> 00:53:03,280

environmental contaminants or diseases

1471

00:53:08,790 --> 00:53:06,079

um with regard to cows you know you have

1472

00:53:10,069 --> 00:53:08,800

prion diseases like mad cow disease so

1473

00:53:11,589 --> 00:53:10,079

that's certainly something to consider

1474

00:53:13,829 --> 00:53:11,599

but the fact that it happens to all of

1475

00:53:16,670 --> 00:53:13,839

these different animals and has through

1476

00:53:18,950 --> 00:53:16,680

time could still be an aspect of testing

1477

00:53:21,270 --> 00:53:18,960

bioaccumulations of toxins in our

1478

00:53:22,390 --> 00:53:21,280

environment as we we do now we test for

1479

00:53:24,950 --> 00:53:22,400

those things

1480

00:53:26,470 --> 00:53:24,960

currently or it could serve some purpose

1481

00:53:29,109 --> 00:53:26,480

for them

1482

00:53:31,750 --> 00:53:29,119

they may be using those tissues for part

1483

00:53:34,069 --> 00:53:31,760

of their their incubation systems that

1484

00:53:35,829 --> 00:53:34,079

are so commonly reported or

1485

00:53:38,390 --> 00:53:35,839

and interestingly many cases they are

1486

00:53:39,829 --> 00:53:38,400

described floating in a pinkish liquid

1487

00:53:41,109 --> 00:53:39,839

so if they're draining the blood from

1488

00:53:42,950 --> 00:53:41,119

all of these animals and there's

1489

00:53:45,990 --> 00:53:42,960

nutrients in that blood i'm just

1490

00:53:48,150 --> 00:53:46,000

speculating wildly here but um you know

1491

00:53:50,630 --> 00:53:48,160

maybe that's used as as part of their

1492

00:53:52,870 --> 00:53:50,640

their incubation system for

1493

00:53:54,470 --> 00:53:52,880

uh the the people that they're making i

1494

00:53:56,950 --> 00:53:54,480

i really don't know but it is it is

1495

00:53:58,710 --> 00:53:56,960

fascinating and um that's actually

1496

00:54:02,069 --> 00:53:58,720

there's a good chance that's going to be

1497

00:54:04,630 --> 00:54:02,079

the main focus after the the next book

1498

00:54:07,030 --> 00:54:04,640

is is looking at the mutes and trying to

1499

00:54:09,829 --> 00:54:07,040

really wrap our heads around that we

1500

00:54:11,829 --> 00:54:09,839

even got some experiments planned um as

1501

00:54:14,069 --> 00:54:11,839

part of this this broader project that i

1502

00:54:15,349 --> 00:54:14,079

mentioned earlier so yeah i find it

1503

00:54:17,910 --> 00:54:15,359

incredibly fascinating i think the

1504

00:54:20,309 --> 00:54:17,920

mutilation aspect of the phenomenon is

1505

00:54:23,109 --> 00:54:20,319

um i don't know maybe it's it's part of

1506

00:54:24,710 --> 00:54:23,119

my anatomy background but it's uh yeah

1507

00:54:25,910 --> 00:54:24,720

it's really interesting very mysterious

1508

00:54:27,670 --> 00:54:25,920

as well

1509

00:54:30,309 --> 00:54:27,680

let me follow up on that and let me try

1510

00:54:32,950 --> 00:54:30,319

and work this properly do you think the

1511

00:54:35,430 --> 00:54:32,960

phenomenon or whichever entities are

1512

00:54:40,870 --> 00:54:35,440

responsible for abductions mutilations

1513

00:54:42,710 --> 00:54:40,880

or any sort of unwanted you know

1514

00:54:43,910 --> 00:54:42,720

interference with ourselves or you know

1515

00:54:46,150 --> 00:54:43,920

the planet

1516

00:54:49,030 --> 00:54:46,160

do they have any kind of responsibility

1517

00:54:51,030 --> 00:54:49,040

as we would not to to do that or

1518

00:54:53,670 --> 00:54:51,040

you know asking permission you know it's

1519

00:54:55,589 --> 00:54:53,680

very invasive or i i've often said dr

1520

00:54:57,430 --> 00:54:55,599

masters it's the equivalent of us

1521

00:54:59,190 --> 00:54:57,440

fishing we don't ask the fish permission

1522

00:55:00,710 --> 00:54:59,200

to take them out the water give them

1523

00:55:02,870 --> 00:55:00,720

that trauma take them out their natural

1524

00:55:04,309 --> 00:55:02,880

environment and then throw them back in

1525

00:55:07,270 --> 00:55:04,319

is it just the same but on that

1526

00:55:09,589 --> 00:55:07,280

evolutionary scale

1527

00:55:12,789 --> 00:55:09,599

well yeah it's quite possible um the

1528

00:55:14,470 --> 00:55:12,799

ethics question has come up a lot lately

1529

00:55:16,870 --> 00:55:14,480

for me um

1530

00:55:17,670 --> 00:55:16,880

especially in writing about abductions

1531

00:55:19,670 --> 00:55:17,680

and

1532

00:55:21,670 --> 00:55:19,680

these extractions that take place where

1533

00:55:24,390 --> 00:55:21,680

you have people impregnated against

1534

00:55:26,230 --> 00:55:24,400

their will and then developing fetuses

1535

00:55:27,510 --> 00:55:26,240

taken from them

1536

00:55:30,150 --> 00:55:27,520

at some point

1537

00:55:33,670 --> 00:55:30,160

shortly thereafter like that that's

1538

00:55:35,990 --> 00:55:33,680

it's highly unethical it violates um

1539

00:55:38,230 --> 00:55:36,000

human rights obviously we don't have

1540

00:55:39,829 --> 00:55:38,240

universal human rights and

1541

00:55:42,069 --> 00:55:39,839

you know there's a lot of things that

1542

00:55:43,589 --> 00:55:42,079

that humans do now that will consider

1543

00:55:45,990 --> 00:55:43,599

unethical in the future it wasn't that

1544

00:55:47,670 --> 00:55:46,000

long ago that we thought

1545

00:55:51,109 --> 00:55:47,680

certain people thought that they had the

1546

00:55:54,230 --> 00:55:51,119

right to enslave other people and uh

1547

00:55:55,910 --> 00:55:54,240

breed them in in similar ways so

1548

00:55:58,549 --> 00:55:55,920

yeah i don't know i mean

1549

00:56:01,789 --> 00:55:58,559

it seems like when you get into these

1550

00:56:04,789 --> 00:56:01,799

stories of of rape and

1551

00:56:07,190 --> 00:56:04,799

unwanted pregnancies and

1552

00:56:10,069 --> 00:56:07,200

uh mutilations that raises a lot of

1553

00:56:11,670 --> 00:56:10,079

ethical questions but it for a lot of

1554

00:56:13,910 --> 00:56:11,680

people i've found that makes them feel

1555

00:56:16,549 --> 00:56:13,920

better if it is humans

1556

00:56:18,309 --> 00:56:16,559

i met one individual the last time i was

1557

00:56:20,710 --> 00:56:18,319

in los angeles

1558

00:56:22,390 --> 00:56:20,720

who described how he was abducted

1559

00:56:24,630 --> 00:56:22,400

throughout his youth and subjected to

1560

00:56:26,950 --> 00:56:24,640

these animal probes which is very common

1561

00:56:29,349 --> 00:56:26,960

as well he said after reading my book he

1562

00:56:30,789 --> 00:56:29,359

suddenly felt better about it he thought

1563

00:56:33,430 --> 00:56:30,799

that these creatures coming from a

1564

00:56:36,789 --> 00:56:33,440

different planet taking us against our

1565

00:56:38,950 --> 00:56:36,799

will was somehow worse than people doing

1566

00:56:41,430 --> 00:56:38,960

it it's more similar to a doctor's visit

1567

00:56:42,870 --> 00:56:41,440

as he described it after reading this so

1568

00:56:44,950 --> 00:56:42,880

i i think

1569

00:56:46,230 --> 00:56:44,960

it's maybe a little less egregious if it

1570

00:56:49,109 --> 00:56:46,240

is people

1571

00:56:50,870 --> 00:56:49,119

uh i assume if it's research based or

1572

00:56:53,030 --> 00:56:50,880

to

1573

00:56:54,870 --> 00:56:53,040

fulfill some need that they have in the

1574

00:56:58,710 --> 00:56:54,880

future there's still going to be rules

1575

00:57:01,750 --> 00:56:58,720

and regulations but i'm guessing the

1576
00:57:03,990 --> 00:57:01,760
the needs of the many and the future

1577
00:57:06,870 --> 00:57:04,000
outweigh whatever cost it comes to

1578
00:57:08,710 --> 00:57:06,880
individuals in the past and they may

1579
00:57:11,670 --> 00:57:08,720
justify it that way that whatever

1580
00:57:13,829 --> 00:57:11,680
they're doing um whether it be for them

1581
00:57:14,789 --> 00:57:13,839
at their time or maybe for humanity as a

1582
00:57:17,349 --> 00:57:14,799
whole

1583
00:57:19,270 --> 00:57:17,359
uh can be justified based on the

1584
00:57:20,710 --> 00:57:19,280
sacrifices that

1585
00:57:23,349 --> 00:57:20,720
a number of people have to make in the

1586
00:57:26,470 --> 00:57:23,359
past obviously against their will

1587
00:57:28,789 --> 00:57:26,480
the next question is from tim he asks in

1588
00:57:31,030 --> 00:57:28,799

your anthropological works have you seen

1589

00:57:33,589 --> 00:57:31,040

any links or parallels with the stories

1590

00:57:35,030 --> 00:57:33,599

from ancient civilizations and any

1591

00:57:37,349 --> 00:57:35,040

knowledge they may have held about

1592

00:57:39,190 --> 00:57:37,359

humans existing in different times

1593

00:57:41,430 --> 00:57:39,200

biologically would we have looked

1594

00:57:43,349 --> 00:57:41,440

differently in the past

1595

00:57:45,510 --> 00:57:43,359

what was the first part of that

1596

00:57:47,589 --> 00:57:45,520

so in your works have you seen any links

1597

00:57:50,309 --> 00:57:47,599

or parallels with stories from ancient

1598

00:57:52,470 --> 00:57:50,319

civilizations and any knowledge they may

1599

00:57:55,109 --> 00:57:52,480

have held about humans existing in

1600

00:57:56,950 --> 00:57:55,119

different times

1601
00:57:58,630 --> 00:57:56,960

yeah um

1602
00:58:00,789 --> 00:57:58,640

there's i mean you obviously have a

1603
00:58:03,109 --> 00:58:00,799

number of cave paintings and carvings

1604
00:58:05,030 --> 00:58:03,119

and things that that depict

1605
00:58:07,589 --> 00:58:05,040

uh very similar beans to what are

1606
00:58:08,390 --> 00:58:07,599

described in modern ufo encounters and

1607
00:58:10,470 --> 00:58:08,400

especially

1608
00:58:13,109 --> 00:58:10,480

abductions and other very close

1609
00:58:14,870 --> 00:58:13,119

encounters but you do have um oro

1610
00:58:16,710 --> 00:58:14,880

legends as well

1611
00:58:19,510 --> 00:58:16,720

where you have these stories that are

1612
00:58:21,670 --> 00:58:19,520

passed down for generations that that

1613
00:58:24,710 --> 00:58:21,680

describe very similar things to what are

1614

00:58:26,630 --> 00:58:24,720

described now and um i'm writing about a

1615

00:58:28,069 --> 00:58:26,640

couple in my new book because i think

1616

00:58:30,549 --> 00:58:28,079

it's something that doesn't get talked

1617

00:58:32,710 --> 00:58:30,559

about as much there's always physical

1618

00:58:35,030 --> 00:58:32,720

things that are mentioned as having

1619

00:58:36,390 --> 00:58:35,040

something to do with this phenomenon

1620

00:58:38,549 --> 00:58:36,400

obviously the

1621

00:58:40,630 --> 00:58:38,559

intentional cranial modification that a

1622

00:58:42,710 --> 00:58:40,640

lot of groups have done throughout the

1623

00:58:44,309 --> 00:58:42,720

past independently in all of these

1624

00:58:46,870 --> 00:58:44,319

different parts of the world throughout

1625

00:58:49,190 --> 00:58:46,880

thousands tens of thousands of years

1626

00:58:51,510 --> 00:58:49,200

indicates that there there may have been

1627

00:58:53,589 --> 00:58:51,520

some common influence that they were and

1628

00:58:55,670 --> 00:58:53,599

in some cases they they even said that

1629

00:58:57,270 --> 00:58:55,680

their ancestors were instructed to do

1630

00:58:59,190 --> 00:58:57,280

this by the gods or they were trying to

1631

00:59:03,589 --> 00:58:59,200

look more like the gods

1632

00:59:05,750 --> 00:59:03,599

but oral legends don't often get um

1633

00:59:07,430 --> 00:59:05,760

talked about quite as much but there

1634

00:59:10,549 --> 00:59:07,440

there are a number of those and they do

1635

00:59:12,630 --> 00:59:10,559

describe very similar things specific to

1636

00:59:16,230 --> 00:59:12,640

tim's question i i can't think of any

1637

00:59:18,789 --> 00:59:16,240

where they state that these are people

1638

00:59:21,349 --> 00:59:18,799

from different times i think even now we

1639

00:59:23,910 --> 00:59:21,359

struggle with understanding

1640

00:59:25,990 --> 00:59:23,920

uh time and time travel in this

1641

00:59:28,150 --> 00:59:26,000

phenomenon in the context of time travel

1642

00:59:30,069 --> 00:59:28,160

i see a lot of debates online where i

1643

00:59:31,510 --> 00:59:30,079

want to jump in and clarify some things

1644

00:59:32,549 --> 00:59:31,520

but i just don't have the time to do

1645

00:59:35,270 --> 00:59:32,559

that

1646

00:59:37,349 --> 00:59:35,280

uh there's always lurking trolls i guess

1647

00:59:39,750 --> 00:59:37,359

too that you got to watch out for but

1648

00:59:40,789 --> 00:59:39,760

um no i think we're not even at a point

1649

00:59:43,589 --> 00:59:40,799

now

1650

00:59:45,510 --> 00:59:43,599

where this is just it seems very obvious

1651
00:59:47,349 --> 00:59:45,520
you know if you think about it a lot and

1652
00:59:49,829 --> 00:59:47,359
kind of work through the details but

1653
00:59:51,670 --> 00:59:49,839
when when you first are presented with

1654
00:59:53,910 --> 00:59:51,680
this theory

1655
00:59:56,069 --> 00:59:53,920
sometimes it just you know it doesn't

1656
00:59:58,069 --> 00:59:56,079
click right at first so i don't imagine

1657
01:00:01,270 --> 00:59:58,079
that people throughout the past who had

1658
01:00:03,589 --> 01:00:01,280
even less knowledge of time or the the

1659
01:00:04,549 --> 01:00:03,599
physics of time travel or what might

1660
01:00:06,870 --> 01:00:04,559
happen

1661
01:00:09,109 --> 01:00:06,880
logically if you

1662
01:00:10,789 --> 01:00:09,119
if you visit the past or intervene in

1663
01:00:12,710 --> 01:00:10,799

the past um

1664

01:00:15,030 --> 01:00:12,720

so i no i think and i think that might

1665

01:00:17,190 --> 01:00:15,040

help explain why the extraterrestrial

1666

01:00:19,109 --> 01:00:17,200

hypothesis has been the dominant model

1667

01:00:21,190 --> 01:00:19,119

for so long as well it's much simpler to

1668

01:00:23,109 --> 01:00:21,200

understand we see these stars we see

1669

01:00:25,030 --> 01:00:23,119

these craft coming down from the stars

1670

01:00:27,430 --> 01:00:25,040

they must have come from the stars it's

1671

01:00:28,870 --> 01:00:27,440

very intuitive in that respect but once

1672

01:00:30,549 --> 01:00:28,880

you start thinking about that one more

1673

01:00:33,109 --> 01:00:30,559

there are a number of problems

1674

01:00:35,190 --> 01:00:33,119

associated with the logistics of that

1675

01:00:37,430 --> 01:00:35,200

um it's almost like learning to ski or

1676
01:00:39,349 --> 01:00:37,440
learning to snowboard where the extra

1677
01:00:41,910 --> 01:00:39,359
tempestura model is more like

1678
01:00:43,910 --> 01:00:41,920
snowboarding you know it's it's hard to

1679
01:00:46,789 --> 01:00:43,920
learn but once you get it you can do it

1680
01:00:48,789 --> 01:00:46,799
with skiing it's easy to to do but it

1681
01:00:51,670 --> 01:00:48,799
takes a while to get good at so

1682
01:00:53,109 --> 01:00:51,680
um yeah i don't know i kind of forgot

1683
01:00:55,190 --> 01:00:53,119
the question was with my skiing

1684
01:00:57,670 --> 01:00:55,200
reference there no no that was okay it

1685
01:01:00,069 --> 01:00:57,680
was a good answer um next question is

1686
01:01:01,910 --> 01:01:00,079
from dave and dave wants to know have

1687
01:01:04,230 --> 01:01:01,920
you considered that instead of these

1688
01:01:06,309 --> 01:01:04,240

anatomically similar grays or others

1689

01:01:08,549 --> 01:01:06,319

coming from the future they're in fact

1690

01:01:10,870 --> 01:01:08,559

the human subspecies that branched off

1691

01:01:13,910 --> 01:01:10,880

from us in the past and potentially live

1692

01:01:16,150 --> 01:01:13,920

underground or underwater

1693

01:01:18,630 --> 01:01:16,160

yeah i've heard that a lot um i'm kind

1694

01:01:21,589 --> 01:01:18,640

of starting to think somebody wrote

1695

01:01:23,349 --> 01:01:21,599

about that or has been putting that idea

1696

01:01:24,470 --> 01:01:23,359

out there i haven't tracked down who it

1697

01:01:27,030 --> 01:01:24,480

is yet but

1698

01:01:29,190 --> 01:01:27,040

uh because i get asked that so much and

1699

01:01:31,349 --> 01:01:29,200

so many people seem to

1700

01:01:33,430 --> 01:01:31,359

think that i kind of feel like there

1701

01:01:35,990 --> 01:01:33,440

must be a common source but

1702

01:01:36,829 --> 01:01:36,000

there are some potential issues with

1703

01:01:40,789 --> 01:01:36,839

that

1704

01:01:43,510 --> 01:01:40,799

don't have any evidence in the

1705

01:01:44,789 --> 01:01:43,520

archaeological record for a more

1706

01:01:47,349 --> 01:01:44,799

advanced

1707

01:01:49,270 --> 01:01:47,359

hominin species at any point

1708

01:01:51,910 --> 01:01:49,280

like i mentioned earlier the technology

1709

01:01:53,589 --> 01:01:51,920

we have today are cell phones or mobile

1710

01:01:56,309 --> 01:01:53,599

phones um

1711

01:01:59,510 --> 01:01:56,319

our cars our jets everything is

1712

01:02:01,109 --> 01:01:59,520

descendant of these simple stone tools

1713

01:02:02,950 --> 01:02:01,119

that we invented around three million

1714

01:02:04,829 --> 01:02:02,960

years ago so because there's this

1715

01:02:07,349 --> 01:02:04,839

unbroken chain of technological

1716

01:02:09,589 --> 01:02:07,359

evolution but we don't see any branches

1717

01:02:11,430 --> 01:02:09,599

or offshoots where we had sort of a

1718

01:02:13,910 --> 01:02:11,440

parallel evolution or another group that

1719

01:02:16,630 --> 01:02:13,920

did this earlier and then left our

1720

01:02:19,430 --> 01:02:16,640

planet or when underground or somewhere

1721

01:02:20,870 --> 01:02:19,440

else there's really nothing to back that

1722

01:02:22,630 --> 01:02:20,880

up um

1723

01:02:24,549 --> 01:02:22,640

but also

1724

01:02:26,309 --> 01:02:24,559

it especially because

1725

01:02:27,910 --> 01:02:26,319

if that did happen

1726

01:02:29,990 --> 01:02:27,920

we would see it

1727

01:02:32,870 --> 01:02:30,000

you don't really see hunter gathers

1728

01:02:34,470 --> 01:02:32,880

encampments after a year or two they

1729

01:02:36,870 --> 01:02:34,480

they don't really leave much behind but

1730

01:02:40,870 --> 01:02:36,880

once you get to the point of agriculture

1731

01:02:42,710 --> 01:02:40,880

and um very advanced technologies those

1732

01:02:44,230 --> 01:02:42,720

the material culture that's left behind

1733

01:02:46,390 --> 01:02:44,240

in the archaeological record once you

1734

01:02:49,190 --> 01:02:46,400

get to that state of advanced

1735

01:02:51,190 --> 01:02:49,200

development that shows up all over the

1736

01:02:53,029 --> 01:02:51,200

place so we would definitely see that

1737

01:02:55,670 --> 01:02:53,039

it's hard to argue that it happened and

1738

01:02:58,630 --> 01:02:55,680

it just got lost somewhere or that this

1739

01:03:00,549 --> 01:02:58,640

one society developed and then

1740

01:03:02,069 --> 01:03:00,559

left we would see very clear traces of

1741

01:03:04,390 --> 01:03:02,079

that so no i don't i don't subscribe to

1742

01:03:06,069 --> 01:03:04,400

that theory

1743

01:03:07,829 --> 01:03:06,079

the next question

1744

01:03:09,349 --> 01:03:07,839

it's an interesting one and it seems

1745

01:03:10,789 --> 01:03:09,359

like it has an obvious answer but i

1746

01:03:13,589 --> 01:03:10,799

really want to hear your thoughts it's

1747

01:03:15,829 --> 01:03:13,599

again from dave he wants to know do you

1748

01:03:17,990 --> 01:03:15,839

think that these time traveling beings

1749

01:03:20,150 --> 01:03:18,000

could have come from our past instead of

1750

01:03:22,470 --> 01:03:20,160

the future and does your work in time

1751

01:03:26,069 --> 01:03:22,480

travel theories and or the direction of

1752

01:03:32,069 --> 01:03:28,630

you know again it comes down to this

1753

01:03:34,150 --> 01:03:32,079

this aspect of descent with modification

1754

01:03:36,950 --> 01:03:34,160

building uh on

1755

01:03:40,230 --> 01:03:36,960

the cumulative nature of not just our

1756

01:03:43,109 --> 01:03:40,240

technology but our our biological form

1757

01:03:45,109 --> 01:03:43,119

so in order to have these traits

1758

01:03:46,630 --> 01:03:45,119

if we can take these eyewitness accounts

1759

01:03:48,150 --> 01:03:46,640

seriously where people describe the

1760

01:03:51,430 --> 01:03:48,160

beans

1761

01:03:53,430 --> 01:03:51,440

associated with these these uaps uavs

1762

01:03:55,510 --> 01:03:53,440

ufos whatever you want to call them

1763

01:03:57,430 --> 01:03:55,520

they don't have any traits

1764

01:03:59,190 --> 01:03:57,440

characteristic of our past

1765

01:04:00,470 --> 01:03:59,200

but they do have traits consistent with

1766

01:04:02,789 --> 01:04:00,480

what we'd expect to see in our

1767

01:04:04,710 --> 01:04:02,799

evolutionary future if these same trends

1768

01:04:07,349 --> 01:04:04,720

continue regardless of whether we live

1769

01:04:09,670 --> 01:04:07,359

in space on mars underground

1770

01:04:10,710 --> 01:04:09,680

the bottom of the ocean wherever we we

1771

01:04:11,670 --> 01:04:10,720

have this

1772

01:04:14,710 --> 01:04:11,680

very

1773

01:04:18,630 --> 01:04:16,549

group of trends

1774

01:04:20,870 --> 01:04:18,640

physiological trends in our evolution

1775

01:04:23,190 --> 01:04:20,880

here on this planet that are likely to

1776

01:04:26,630 --> 01:04:23,200

continue regardless so

1777

01:04:28,630 --> 01:04:26,640

um yeah no i i think it would be

1778

01:04:30,630 --> 01:04:28,640

i don't really know how that would work

1779

01:04:32,470 --> 01:04:30,640

i can't think of any logical way in

1780

01:04:35,190 --> 01:04:32,480

which we would have something

1781

01:04:37,190 --> 01:04:35,200

more evolved that came from our past

1782

01:04:39,349 --> 01:04:37,200

specifically

1783

01:04:41,670 --> 01:04:39,359

next up josh wanted to know have you

1784

01:04:44,710 --> 01:04:41,680

spoken to journalist ross kiltart about

1785

01:04:48,069 --> 01:04:44,720

the future human theory

1786

01:04:50,710 --> 01:04:48,079

um not directly no we apparently are

1787

01:04:53,589 --> 01:04:50,720

talking to similar people if not the

1788

01:04:55,510 --> 01:04:53,599

same people i mentioned earlier that

1789

01:04:57,750 --> 01:04:55,520

uh somebody reached out to me in in

1790

01:04:59,029 --> 01:04:57,760

january of this year

1791

01:05:00,150 --> 01:04:59,039

and

1792

01:05:03,430 --> 01:05:00,160

laid out

1793

01:05:06,470 --> 01:05:03,440

the the ideas uh involving these

1794

01:05:07,990 --> 01:05:06,480

competing timelines and a cataclysm and

1795

01:05:10,150 --> 01:05:08,000

then uh frank milburn i have been

1796

01:05:13,430 --> 01:05:10,160

talking to him a lot about it we've been

1797

01:05:15,349 --> 01:05:13,440

having back and forth conversations for

1798

01:05:17,190 --> 01:05:15,359

a month or so now

1799

01:05:19,109 --> 01:05:17,200

and and i think we're

1800

01:05:23,270 --> 01:05:19,119

i think our sources at least one of our

1801
01:05:24,150 --> 01:05:23,280
sources is probably the same person so

1802
01:05:30,069 --> 01:05:24,160
we're

1803
01:05:33,270 --> 01:05:30,079
uh interacting with the idea but no i

1804
01:05:36,549 --> 01:05:33,280
haven't i haven't talked and talked to

1805
01:05:39,190 --> 01:05:36,559
ross specifically about that but um

1806
01:05:41,270 --> 01:05:39,200
i it's it's fascinating to consider i'm

1807
01:05:43,109 --> 01:05:41,280
kind of hoping that it's not the case

1808
01:05:45,190 --> 01:05:43,119
because you know who who wants a

1809
01:05:46,390 --> 01:05:45,200
cataclysm it sounds kind of

1810
01:05:47,829 --> 01:05:46,400
kind of horrible

1811
01:05:50,630 --> 01:05:47,839
um but

1812
01:05:52,150 --> 01:05:50,640
it's it's a really interesting idea um

1813
01:05:53,430 --> 01:05:52,160

in the especially in the context of the

1814

01:05:55,029 --> 01:05:53,440

multiverse the mini world's

1815

01:05:56,150 --> 01:05:55,039

interpretation of quantum mechanics

1816

01:05:58,470 --> 01:05:56,160

because

1817

01:06:00,150 --> 01:05:58,480

that would seem to be the only way this

1818

01:06:01,589 --> 01:06:00,160

could play out you wouldn't have a

1819

01:06:03,750 --> 01:06:01,599

situation like this in the block

1820

01:06:05,829 --> 01:06:03,760

universe but you could potentially have

1821

01:06:07,829 --> 01:06:05,839

something like that the multiverse

1822

01:06:09,910 --> 01:06:07,839

it's a nice coincidence that i i

1823

01:06:11,589 --> 01:06:09,920

interviewed ross colter last week uh

1824

01:06:13,750 --> 01:06:11,599

spoke to you today and i've got frank

1825

01:06:15,750 --> 01:06:13,760

melbourne tomorrow

1826

01:06:17,670 --> 01:06:15,760

yes an interesting little string that

1827

01:06:19,829 --> 01:06:17,680

wasn't planned out that way at all um

1828

01:06:21,670 --> 01:06:19,839

but that's a happy coincidence a couple

1829

01:06:23,109 --> 01:06:21,680

more questions before we finish off on

1830

01:06:26,069 --> 01:06:23,119

the quick fire i appreciate the time

1831

01:06:28,870 --> 01:06:26,079

you've given us um gnosis asks many

1832

01:06:31,510 --> 01:06:28,880

contactee reports from before the 70s

1833

01:06:33,109 --> 01:06:31,520

have very human looking aliens do you

1834

01:06:35,910 --> 01:06:33,119

believe time travelers may have

1835

01:06:38,309 --> 01:06:35,920

masqueraded as aliens during this era

1836

01:06:40,630 --> 01:06:38,319

because there was no cctv and video

1837

01:06:42,710 --> 01:06:40,640

recording it wasn't commonplace

1838

01:06:45,109 --> 01:06:42,720

where grays then brought in as a front

1839

01:06:47,510 --> 01:06:45,119

for the digital era travis walton

1840

01:06:49,190 --> 01:06:47,520

escaping his examination room says he

1841

01:06:52,470 --> 01:06:49,200

ran into a group of completely human

1842

01:06:54,710 --> 01:06:52,480

looking beings as you mentioned before

1843

01:06:57,109 --> 01:06:54,720

yeah and importantly those beans that he

1844

01:06:59,190 --> 01:06:57,119

encountered uh who

1845

01:07:02,630 --> 01:06:59,200

were apparently on security detail

1846

01:07:04,230 --> 01:07:02,640

because the a big imposing uh human man

1847

01:07:05,990 --> 01:07:04,240

came and got him when he was messing

1848

01:07:07,990 --> 01:07:06,000

with the controls

1849

01:07:09,349 --> 01:07:08,000

but then he was taken to another room

1850

01:07:11,190 --> 01:07:09,359

right before he was put to sleep and

1851
01:07:14,549 --> 01:07:11,200
then dropped off

1852
01:07:17,190 --> 01:07:14,559
near heber arizona but those individuals

1853
01:07:19,190 --> 01:07:17,200
all looked very similar he said which is

1854
01:07:21,109 --> 01:07:19,200
something that was described in terry

1855
01:07:23,829 --> 01:07:21,119
lovelace's account a number of others

1856
01:07:26,630 --> 01:07:23,839
too that they seem to have this familial

1857
01:07:28,549 --> 01:07:26,640
connection which also you would expect

1858
01:07:31,670 --> 01:07:28,559
if there was this active breeding

1859
01:07:32,789 --> 01:07:31,680
program taking place for whatever reason

1860
01:07:35,510 --> 01:07:32,799
um

1861
01:07:37,750 --> 01:07:35,520
so so yeah i think uh

1862
01:07:40,309 --> 01:07:37,760
you know there's you got to get into the

1863
01:07:43,670 --> 01:07:40,319

screen memories aspect of it too

1864

01:07:45,670 --> 01:07:43,680

you've got to get into um

1865

01:07:47,190 --> 01:07:45,680

what happens with kids you know a lot of

1866

01:07:48,950 --> 01:07:47,200

times they'll have these screen memories

1867

01:07:52,309 --> 01:07:48,960

of owls or

1868

01:07:54,309 --> 01:07:52,319

monkeys or disney characters or whatever

1869

01:07:56,789 --> 01:07:54,319

is is that that the beans were wearing

1870

01:07:58,789 --> 01:07:56,799

masks was it some manipulation of their

1871

01:07:59,910 --> 01:07:58,799

memory to make them remember things

1872

01:08:01,109 --> 01:07:59,920

differently

1873

01:08:03,109 --> 01:08:01,119

um

1874

01:08:06,150 --> 01:08:03,119

yeah or are they

1875

01:08:07,670 --> 01:08:06,160

actually more evolved humans um because

1876

01:08:09,510 --> 01:08:07,680

going back to the travis walton case

1877

01:08:11,829 --> 01:08:09,520

we'll just stick with that one for now

1878

01:08:12,710 --> 01:08:11,839

because he was being tended to

1879

01:08:13,670 --> 01:08:12,720

by

1880

01:08:15,990 --> 01:08:13,680

these

1881

01:08:18,470 --> 01:08:16,000

big-headed small-faced big-eyed humans

1882

01:08:20,229 --> 01:08:18,480

initially when he woke up and it's when

1883

01:08:22,950 --> 01:08:20,239

he freaked out and tried to fight them

1884

01:08:24,470 --> 01:08:22,960

that they sent in the humans but that

1885

01:08:27,269 --> 01:08:24,480

that it doesn't really indicate that

1886

01:08:30,870 --> 01:08:27,279

there was anything that they were hiding

1887

01:08:32,390 --> 01:08:30,880

or any reason to to make him think

1888

01:08:33,990 --> 01:08:32,400

that something happened differently it

1889

01:08:36,789 --> 01:08:34,000

just sort of seems like that's who they

1890

01:08:39,749 --> 01:08:36,799

were um and and most likely they were

1891

01:08:41,269 --> 01:08:39,759

the ones who were doing this research or

1892

01:08:43,110 --> 01:08:41,279

you know probably just fixing him

1893

01:08:45,269 --> 01:08:43,120

because he got hit by a

1894

01:08:47,510 --> 01:08:45,279

static electric discharge from the ship

1895

01:08:50,390 --> 01:08:47,520

so if they were attending to him

1896

01:08:53,910 --> 01:08:50,400

as people from the future and then they

1897

01:08:55,910 --> 01:08:53,920

needed more human looking people to come

1898

01:08:57,669 --> 01:08:55,920

get him out of there

1899

01:08:59,510 --> 01:08:57,679

it kind of makes sense why they would do

1900

01:09:01,110 --> 01:08:59,520

that because he wasn't intimidated he

1901

01:09:03,030 --> 01:09:01,120

wasn't afraid of this other person

1902

01:09:05,189 --> 01:09:03,040

because it looked just like him so

1903

01:09:07,430 --> 01:09:05,199

um no i i think i really do think that

1904

01:09:09,349 --> 01:09:07,440

that's just who they are um i think the

1905

01:09:10,390 --> 01:09:09,359

short grays are probably closer to us in

1906

01:09:12,309 --> 01:09:10,400

time

1907

01:09:14,550 --> 01:09:12,319

i think it honestly won't be very long

1908

01:09:17,030 --> 01:09:14,560

before we develop time travel technology

1909

01:09:19,510 --> 01:09:17,040

considering how human

1910

01:09:21,510 --> 01:09:19,520

a lot of these reports are especially

1911

01:09:23,669 --> 01:09:21,520

the ones before the 70s

1912

01:09:25,910 --> 01:09:23,679

um it kind of seems like

1913

01:09:27,590 --> 01:09:25,920

we're probably a lot closer to it than

1914

01:09:29,349 --> 01:09:27,600

any of us realize their their clothes

1915

01:09:31,189 --> 01:09:29,359

are similar technology is obviously more

1916

01:09:32,709 --> 01:09:31,199

advanced but pretty similar

1917

01:09:34,390 --> 01:09:32,719

so yeah i think i think it's temporal

1918

01:09:36,309 --> 01:09:34,400

ancestry for the most part just

1919

01:09:37,749 --> 01:09:36,319

different people from different times

1920

01:09:39,590 --> 01:09:37,759

may help explain some of the variation

1921

01:09:41,669 --> 01:09:39,600

in their ships too

1922

01:09:43,910 --> 01:09:41,679

matt would like to know do you believe

1923

01:09:47,829 --> 01:09:43,920

that there are any governments in

1924

01:09:50,390 --> 01:09:47,839

contact with our future selves

1925

01:09:53,189 --> 01:09:50,400

yeah i do actually um

1926

01:09:54,950 --> 01:09:53,199

that's it's one of those things where

1927

01:09:57,270 --> 01:09:54,960

it's hard to not sound like a crazy

1928

01:09:59,030 --> 01:09:57,280

conspiracy theorist but

1929

01:10:00,470 --> 01:09:59,040

there there's a lot

1930

01:10:02,550 --> 01:10:00,480

of

1931

01:10:04,870 --> 01:10:02,560

things that people

1932

01:10:06,470 --> 01:10:04,880

report especially when

1933

01:10:09,189 --> 01:10:06,480

whenever uh there's an encounter

1934

01:10:11,990 --> 01:10:09,199

involving military personnel there seems

1935

01:10:14,790 --> 01:10:12,000

to be sort of a protocol that they go

1936

01:10:17,350 --> 01:10:14,800

through and a lot of them terry loveless

1937

01:10:19,750 --> 01:10:17,360

talked about this a lot in his incident

1938

01:10:21,990 --> 01:10:19,760

at devil's den book where he was under

1939

01:10:23,910 --> 01:10:22,000

the oppression that the u.s air force

1940

01:10:25,910 --> 01:10:23,920

office of special investigations the

1941

01:10:28,149 --> 01:10:25,920

people that were interrogating him about

1942

01:10:29,750 --> 01:10:28,159

his encounter knew everything he was

1943

01:10:31,669 --> 01:10:29,760

saying already

1944

01:10:33,590 --> 01:10:31,679

about the moon base about the triangular

1945

01:10:34,709 --> 01:10:33,600

ship about the breeding programs that he

1946

01:10:35,510 --> 01:10:34,719

observed

1947

01:10:37,669 --> 01:10:35,520

so

1948

01:10:39,430 --> 01:10:37,679

yeah i mean if if we can take these

1949

01:10:42,390 --> 01:10:39,440

accounts seriously and people keep

1950

01:10:43,430 --> 01:10:42,400

saying the same things and are being

1951

01:10:48,709 --> 01:10:43,440

in

1952

01:10:50,310 --> 01:10:48,719

ways by similar people

1953

01:10:52,470 --> 01:10:50,320

it kind of makes you wonder if if

1954

01:10:54,950 --> 01:10:52,480

there's not already a large group that

1955

01:10:57,350 --> 01:10:54,960

are aware of this um there's that report

1956

01:10:59,270 --> 01:10:57,360

of eisenhower meeting with them

1957

01:11:01,590 --> 01:10:59,280

you know back in the 50s or whenever

1958

01:11:02,310 --> 01:11:01,600

that was about testing nuclear weapons

1959

01:11:04,310 --> 01:11:02,320

and

1960

01:11:06,390 --> 01:11:04,320

yeah maybe that's to protect the earth

1961

01:11:08,950 --> 01:11:06,400

uh type things we were blowing up bombs

1962

01:11:11,350 --> 01:11:08,960

like crazy back then

1963

01:11:12,870 --> 01:11:11,360

final listener question from charles and

1964

01:11:14,229 --> 01:11:12,880

again thank you to everyone there was a

1965

01:11:15,830 --> 01:11:14,239

lot more than that but i couldn't

1966

01:11:17,430 --> 01:11:15,840

obviously squeeze them all in or i would

1967

01:11:18,790 --> 01:11:17,440

have had a doctor masters for another

1968

01:11:21,189 --> 01:11:18,800

few hours

1969

01:11:23,110 --> 01:11:21,199

charles was wanting to know that he's

1970

01:11:25,830 --> 01:11:23,120

been looking at studying fault lines and

1971

01:11:28,229 --> 01:11:25,840

seismic activity and recently louise

1972

01:11:30,709 --> 01:11:28,239

elizondo mentioned on several podcasts

1973

01:11:32,790 --> 01:11:30,719

that there was a a sensor a very simple

1974

01:11:34,550 --> 01:11:32,800

piece of equipment that can detect

1975

01:11:36,630 --> 01:11:34,560

whether one of these objects had

1976

01:11:37,510 --> 01:11:36,640

appeared was going to appear or was

1977

01:11:38,550 --> 01:11:37,520

there

1978

01:11:40,630 --> 01:11:38,560

and

1979

01:11:43,030 --> 01:11:40,640

as of yet we've not found out what that

1980

01:11:44,950 --> 01:11:43,040

sensor was and charles wondered did you

1981

01:11:47,110 --> 01:11:44,960

have any thoughts on what that may be

1982

01:11:49,350 --> 01:11:47,120

charles wonders could the immense force

1983

01:11:52,550 --> 01:11:49,360

of tectonic plates cause dips into other

1984

01:11:54,950 --> 01:11:53,510

i mean

1985

01:11:58,470 --> 01:11:54,960

there's definitely a lot of force

1986

01:12:01,270 --> 01:11:58,480

associated with geologic activity uh can

1987

01:12:02,709 --> 01:12:01,280

create lightning ball lightning

1988

01:12:05,030 --> 01:12:02,719

obviously there's a lot of energy

1989

01:12:08,070 --> 01:12:05,040

released in association with volcanic

1990

01:12:10,630 --> 01:12:08,080

eruptions and and plate tectonic shifts

1991

01:12:12,310 --> 01:12:10,640

um yeah i don't know i mean there's

1992

01:12:16,630 --> 01:12:12,320

there also seems to be a correlation

1993

01:12:18,870 --> 01:12:16,640

between places that have uh

1994

01:12:20,870 --> 01:12:18,880

more electromagnetic

1995

01:12:23,430 --> 01:12:20,880

energy or sort of anomalies around the

1996

01:12:25,350 --> 01:12:23,440

earth steve mara in

1997

01:12:27,350 --> 01:12:25,360

the uk has talked about that a lot these

1998

01:12:29,750 --> 01:12:27,360

correlations between where sightings

1999

01:12:31,990 --> 01:12:29,760

take place most often and where

2000

01:12:34,149 --> 01:12:32,000

these uh electromagnetic anomalies are

2001
01:12:35,830 --> 01:12:34,159
so yeah possibly has something to do

2002
01:12:39,270 --> 01:12:35,840
with the earth's magnetic field or the

2003
01:12:41,870 --> 01:12:39,280
energy involved um it's hard to think

2004
01:12:44,470 --> 01:12:41,880
that it would necessarily cause some

2005
01:12:45,830 --> 01:12:44,480
inter-dimensional rift or anything like

2006
01:12:47,189 --> 01:12:45,840
that but

2007
01:12:48,790 --> 01:12:47,199
i don't know i don't

2008
01:12:51,189 --> 01:12:48,800
there's not a lot of evidence that there

2009
01:12:53,990 --> 01:12:51,199
are higher dimensions most physicists

2010
01:12:55,510 --> 01:12:54,000
currently don't think they exist but if

2011
01:12:56,550 --> 01:12:55,520
they do

2012
01:12:58,709 --> 01:12:56,560
it

2013
01:13:00,310 --> 01:12:58,719

transcending that would probably take a

2014

01:13:01,830 --> 01:13:00,320

very high amount of energy so if you're

2015

01:13:03,350 --> 01:13:01,840

going to get it anywhere it might be

2016

01:13:05,510 --> 01:13:03,360

around a

2017

01:13:07,270 --> 01:13:05,520

plate boundaries

2018

01:13:09,110 --> 01:13:07,280

excellent again thank you to everyone

2019

01:13:10,709 --> 01:13:09,120

who submitted questions just before you

2020

01:13:12,709 --> 01:13:10,719

go dr masters i'd like to get your

2021

01:13:14,550 --> 01:13:12,719

thoughts on our quick fire round on just

2022

01:13:16,390 --> 01:13:14,560

a few subjects we've not touched on on

2023

01:13:19,110 --> 01:13:16,400

the body of the interview you can say as

2024

01:13:20,950 --> 01:13:19,120

little or as much as you want on each

2025

01:13:22,870 --> 01:13:20,960

the first one is your thoughts on the

2026

01:13:26,070 --> 01:13:22,880

gillibrand amendment which has just gone

2027

01:13:27,590 --> 01:13:26,080

through the u.s senate

2028

01:13:30,149 --> 01:13:27,600

oh yeah it's great

2029

01:13:32,070 --> 01:13:30,159

i wrote my senator and said please

2030

01:13:35,910 --> 01:13:32,080

support this and he actually wrote back

2031

01:13:39,430 --> 01:13:35,920

um senator john tester of montana wrote

2032

01:13:40,870 --> 01:13:39,440

back specifically about that ufo aspect

2033

01:13:43,189 --> 01:13:40,880

of the um

2034

01:13:44,550 --> 01:13:43,199

the defense bill and um said he'd

2035

01:13:47,350 --> 01:13:44,560

support it so

2036

01:13:50,149 --> 01:13:47,360

uh i think she has broad support from

2037

01:13:52,870 --> 01:13:50,159

both sides of the aisle um so yeah great

2038

01:13:54,149 --> 01:13:52,880

to see i'm hopeful that something comes

2039

01:13:55,189 --> 01:13:54,159

out of it and we start to get more

2040

01:13:56,950 --> 01:13:55,199

answers

2041

01:13:58,709 --> 01:13:56,960

it looks like this afternoon it was it

2042

01:14:01,189 --> 01:13:58,719

was passed and uh it's going to be on

2043

01:14:02,790 --> 01:14:01,199

the president biden's desk soon so

2044

01:14:03,590 --> 01:14:02,800

that's that that's good news really good

2045

01:14:05,270 --> 01:14:03,600

news

2046

01:14:07,990 --> 01:14:05,280

and good to hear you got a reply as well

2047

01:14:09,910 --> 01:14:08,000

from your your local senator uh the next

2048

01:14:12,950 --> 01:14:09,920

next up is do you have any thoughts on

2049

01:14:15,110 --> 01:14:12,960

bob lazar and his story

2050

01:14:17,510 --> 01:14:15,120

um i mean i was really interested in it

2051
01:14:18,550 --> 01:14:17,520
as a kid like like i said it had always

2052
01:14:19,510 --> 01:14:18,560
had a

2053
01:14:21,430 --> 01:14:19,520
deep

2054
01:14:23,910 --> 01:14:21,440
and long-standing interest in this and i

2055
01:14:25,430 --> 01:14:23,920
remember seeing a number of shows

2056
01:14:26,709 --> 01:14:25,440
when i was

2057
01:14:29,510 --> 01:14:26,719
13

2058
01:14:32,149 --> 01:14:29,520
through whenever uh involving him and

2059
01:14:34,630 --> 01:14:32,159
his alleged um

2060
01:14:36,470 --> 01:14:34,640
involvement with reverse engineering

2061
01:14:38,149 --> 01:14:36,480
these craft and

2062
01:14:39,510 --> 01:14:38,159
i i don't know i mean

2063
01:14:40,550 --> 01:14:39,520

it seems like

2064

01:14:43,110 --> 01:14:40,560

we

2065

01:14:44,870 --> 01:14:43,120

have this technology or

2066

01:14:47,350 --> 01:14:44,880

eventually will

2067

01:14:49,590 --> 01:14:47,360

and if we happen to be gifted one of

2068

01:14:51,910 --> 01:14:49,600

these craft from the future somebody's

2069

01:14:53,590 --> 01:14:51,920

gonna have to work on figuring out how

2070

01:14:56,310 --> 01:14:53,600

they work

2071

01:14:57,830 --> 01:14:56,320

so we would expect that certain

2072

01:14:59,830 --> 01:14:57,840

individuals would eventually come out

2073

01:15:01,510 --> 01:14:59,840

and say hey i worked on this thing we're

2074

01:15:03,510 --> 01:15:01,520

trying to figure out what it does and

2075

01:15:05,270 --> 01:15:03,520

how to use it so

2076

01:15:07,030 --> 01:15:05,280

you know why couldn't it be him i

2077

01:15:09,110 --> 01:15:07,040

haven't looked into the specifics i know

2078

01:15:11,189 --> 01:15:09,120

there's a lot of haters out there but

2079

01:15:13,750 --> 01:15:11,199

i've i've always sort of

2080

01:15:15,669 --> 01:15:13,760

found him to be a genuine individual in

2081

01:15:18,229 --> 01:15:15,679

what he says and

2082

01:15:20,070 --> 01:15:18,239

how he talks about these things

2083

01:15:22,709 --> 01:15:20,080

what are your thoughts on skinwalker

2084

01:15:27,669 --> 01:15:24,950

um pretty interesting it's not just

2085

01:15:30,229 --> 01:15:27,679

skinwalker either there's other ranches

2086

01:15:33,270 --> 01:15:30,239

in and around that part of utah that

2087

01:15:36,310 --> 01:15:33,280

also have very strange things

2088

01:15:40,790 --> 01:15:36,320

happen uh katie garbowsky just gave a

2089

01:15:41,910 --> 01:15:40,800

talk at the ufo festival in mcminnville

2090

01:15:43,830 --> 01:15:41,920

oregon

2091

01:15:46,630 --> 01:15:43,840

talking about all kinds of weird stuff

2092

01:15:48,950 --> 01:15:46,640

happening at a ranch

2093

01:15:50,950 --> 01:15:48,960

where she grew up very similar to what's

2094

01:15:52,550 --> 01:15:50,960

reported at skinwalker so

2095

01:15:54,709 --> 01:15:52,560

yeah i think it's interesting i'm glad

2096

01:15:57,270 --> 01:15:54,719

people are are still continuing to

2097

01:15:59,189 --> 01:15:57,280

investigate that hopefully get some

2098

01:16:00,390 --> 01:15:59,199

something tangible that we can break

2099

01:16:04,470 --> 01:16:00,400

apart

2100

01:16:06,229 --> 01:16:04,480

do you prefer the term ufo or uap

2101

01:16:09,990 --> 01:16:06,239

i don't care i use them all

2102

01:16:11,350 --> 01:16:10,000

interchangeably these days uh uav ufo

2103

01:16:13,270 --> 01:16:11,360

uap

2104

01:16:15,430 --> 01:16:13,280

it's it's all the same thing i i

2105

01:16:17,350 --> 01:16:15,440

understand why we change it i did that

2106

01:16:20,070 --> 01:16:17,360

in my first book i called them ifos just

2107

01:16:22,310 --> 01:16:20,080

to kind of create a separation

2108

01:16:25,350 --> 01:16:22,320

because the ufo has been so stigmatized

2109

01:16:27,430 --> 01:16:25,360

but um now that that stigma is waning i

2110

01:16:28,470 --> 01:16:27,440

i think we should still call them ufos

2111

01:16:30,229 --> 01:16:28,480

that's what we've always called them

2112

01:16:32,229 --> 01:16:30,239

we're still talking about the same thing

2113

01:16:35,750 --> 01:16:32,239

the phenomenon hasn't changed

2114

01:16:38,550 --> 01:16:35,760

so um yeah as as that stigma continues

2115

01:16:41,110 --> 01:16:38,560

to diminish i think we could

2116

01:16:42,550 --> 01:16:41,120

bring it back um but i use uap and uav

2117

01:16:44,310 --> 01:16:42,560

as well

2118

01:16:48,470 --> 01:16:44,320

do you think we're heading towards

2119

01:16:52,310 --> 01:16:50,310

pardon my ignorance but i don't what's

2120

01:16:53,430 --> 01:16:52,320

the what's the distinction there i

2121

01:16:55,590 --> 01:16:53,440

suppose when we're looking at the

2122

01:16:57,270 --> 01:16:55,600

capital d disclosure it's the

2123

01:16:58,790 --> 01:16:57,280

white house coming out and confirming

2124

01:17:00,870 --> 01:16:58,800

yep there's alien life we've got the

2125

01:17:03,270 --> 01:17:00,880

desks and all that sort of stuff as

2126
01:17:06,149 --> 01:17:03,280
opposed to confirmation of maybe

2127
01:17:07,590 --> 01:17:06,159
learning along with ignorance that where

2128
01:17:08,709 --> 01:17:07,600
we announced that we've caught a picture

2129
01:17:09,990 --> 01:17:08,719
of something and there might be

2130
01:17:14,070 --> 01:17:10,000
something out there and we're just

2131
01:17:15,189 --> 01:17:14,080
discovering it along with the human race

2132
01:17:17,750 --> 01:17:15,199
um

2133
01:17:19,750 --> 01:17:17,760
yeah i don't know i i guess both sound

2134
01:17:21,830 --> 01:17:19,760
great um

2135
01:17:23,510 --> 01:17:21,840
disclosure seems from what you just

2136
01:17:24,390 --> 01:17:23,520
described to have

2137
01:17:26,630 --> 01:17:24,400
more

2138
01:17:29,189 --> 01:17:26,640

uh

2139

01:17:30,390 --> 01:17:29,199

more involved more content i guess if

2140

01:17:32,229 --> 01:17:30,400

i'm understanding that correctly yeah

2141

01:17:33,350 --> 01:17:32,239

yeah absolutely yeah let's go with that

2142

01:17:35,590 --> 01:17:33,360

one

2143

01:17:37,350 --> 01:17:35,600

sure brilliant and uh what i'd like to

2144

01:17:39,189 --> 01:17:37,360

finish up on as you've mentioned your

2145

01:17:41,350 --> 01:17:39,199

your coming book have you got a time

2146

01:17:42,950 --> 01:17:41,360

scale on it a title or any more

2147

01:17:45,270 --> 01:17:42,960

information you can give and how people

2148

01:17:47,830 --> 01:17:45,280

can find your work

2149

01:17:49,669 --> 01:17:47,840

yeah um finally making some progress on

2150

01:17:50,470 --> 01:17:49,679

that again i

2151

01:17:57,669 --> 01:17:50,480

had

2152

01:18:00,070 --> 01:17:57,679

october uh made the mistake of paying

2153

01:18:01,430 --> 01:18:00,080

one of them an elk sausage so it took a

2154

01:18:04,229 --> 01:18:01,440

little longer than

2155

01:18:06,950 --> 01:18:04,239

i thought it would but i got it back um

2156

01:18:08,950 --> 01:18:06,960

they all contributed substantially

2157

01:18:11,189 --> 01:18:08,960

offering a lot of good criticism and

2158

01:18:12,550 --> 01:18:11,199

insights and just things i hadn't

2159

01:18:14,470 --> 01:18:12,560

thought about which has been the case

2160

01:18:16,390 --> 01:18:14,480

since my first book people reaching out

2161

01:18:18,470 --> 01:18:16,400

to me saying have you thought about this

2162

01:18:20,310 --> 01:18:18,480

or even people from the intelligence

2163

01:18:22,550 --> 01:18:20,320

community um

2164

01:18:25,030 --> 01:18:22,560

who have told me things that i didn't

2165

01:18:27,430 --> 01:18:25,040

even consider but made so much sense

2166

01:18:29,430 --> 01:18:27,440

once they did so i'm trying to work a

2167

01:18:31,590 --> 01:18:29,440

lot of those things in

2168

01:18:35,430 --> 01:18:31,600

uh the title is the extra tempestuo

2169

01:18:37,590 --> 01:18:35,440

model um i've got a cover now

2170

01:18:40,470 --> 01:18:37,600

and uh i'm on the last round of edits

2171

01:18:41,510 --> 01:18:40,480

before sending it to my editor which

2172

01:18:42,870 --> 01:18:41,520

should be

2173

01:18:44,950 --> 01:18:42,880

um

2174

01:18:47,430 --> 01:18:44,960

by the first of the year so

2175

01:18:49,669 --> 01:18:47,440

i'll just have to go through and and fix

2176

01:18:50,390 --> 01:18:49,679

whatever they find record the audio book

2177

01:18:52,630 --> 01:18:50,400

and

2178

01:18:54,790 --> 01:18:52,640

hit publish so yeah hopefully within the

2179

01:18:56,229 --> 01:18:54,800

next three or four months

2180

01:18:57,510 --> 01:18:56,239

i'm very excited to read that and

2181

01:18:59,030 --> 01:18:57,520

obviously when it comes out it'd be

2182

01:19:01,110 --> 01:18:59,040

great to have you back on to discuss it

2183

01:19:02,709 --> 01:19:01,120

a little bit further yeah absolutely

2184

01:19:04,630 --> 01:19:02,719

it's a it's a fundamentally different

2185

01:19:06,229 --> 01:19:04,640

book it's much more conversational i

2186

01:19:08,790 --> 01:19:06,239

still get into

2187

01:19:10,950 --> 01:19:08,800

you know some of the the technical

2188

01:19:14,709 --> 01:19:10,960

aspects of of

2189

01:19:16,550 --> 01:19:14,719

our evolution and genomics and uh crispr

2190

01:19:17,350 --> 01:19:16,560

and things like that is they're relevant

2191

01:19:19,669 --> 01:19:17,360

but

2192

01:19:21,590 --> 01:19:19,679

it's a different focus it's more about

2193

01:19:23,830 --> 01:19:21,600

um the abduction aspect of the

2194

01:19:25,669 --> 01:19:23,840

phenomenon which i didn't really touch

2195

01:19:28,470 --> 01:19:25,679

on too much in the first book so it kind

2196

01:19:30,390 --> 01:19:28,480

of flips it around and um

2197

01:19:32,550 --> 01:19:30,400

yeah just a different approach it's been

2198

01:19:33,830 --> 01:19:32,560

super fascinating to research

2199

01:19:35,510 --> 01:19:33,840

looking at all these different case

2200

01:19:36,470 --> 01:19:35,520

studies over the course of 100 years

2201

01:19:38,470 --> 01:19:36,480

from

2202

01:19:40,950 --> 01:19:38,480

all over the planet and just seeing

2203

01:19:43,270 --> 01:19:40,960

how much consistency there is among them

2204

01:19:45,030 --> 01:19:43,280

it's um it's it's really interesting

2205

01:19:46,149 --> 01:19:45,040

this uh phenomenon's been with us for a

2206

01:19:47,350 --> 01:19:46,159

long time

2207

01:19:50,709 --> 01:19:47,360

and uh

2208

01:19:52,229 --> 01:19:50,719

it's uh it's never never dull it's never

2209

01:19:54,229 --> 01:19:52,239

a dull moment and going down these

2210

01:19:55,790 --> 01:19:54,239

rabbit holes people can pick up

2211

01:19:57,750 --> 01:19:55,800

identified flying objects a

2212

01:19:59,830 --> 01:19:57,760

multidisciplinary scientific approach to

2213

01:20:02,229 --> 01:19:59,840

the ufo phenomenon it's available

2214

01:20:03,830 --> 01:20:02,239

wherever books are sold i always say

2215

01:20:05,750 --> 01:20:03,840

amazon but a few people have mentioned

2216

01:20:07,830 --> 01:20:05,760

they like supporting local bookstores so

2217

01:20:09,430 --> 01:20:07,840

whatever you can pick up the book go out

2218

01:20:10,629 --> 01:20:09,440
