UNIDENTIFIED AERIAL
PHENOMENA LEGISLATION
SIGNED BY PRESIDENT BIDEN

... you to Chairman Reed,
Ranking Member Inhofe, Chairman
Smith, Ranking

1
00:00:00,000 --> 00:00:05,510

[Music]

2
00:00:08,710 --> 00:00:06,789

there's a whole fleet of them look on

3
00:00:10,950 --> 00:00:08,720

the assay

4
00:00:14,310 --> 00:00:10,960

oh my gosh they're all going against the

5
00:00:18,950 --> 00:00:16,390

it was basically a cube with inside of

6
00:00:22,800 --> 00:00:18,960

sphere where the points of the cube

7
00:00:32,990 --> 00:00:22,810

were touching outside of sphere

8
00:00:37,110 --> 00:00:34,540

[Music]

9
00:00:38,709 --> 00:00:37,120

[Applause]

10
00:00:40,950 --> 00:00:38,719

so this isn't anything that just is

11
00:00:46,950 --> 00:00:40,960

limited to the united states it's a

12
00:00:51,670 --> 00:00:49,510

hi everyone and welcome back to that ufo

13
00:00:54,229 --> 00:00:51,680

podcast my name is andy and we have a

14

00:00:56,869 --> 00:00:54,239

breaking news update which is always fun

15

00:00:58,709 --> 00:00:56,879

to do and maybe a little bit unexpected

16

00:01:00,950 --> 00:00:58,719

at this late in the year

17

00:01:02,069 --> 00:01:00,960

dan joining me of course for it dan how

18

00:01:04,229 --> 00:01:02,079

are we

19

00:01:05,830 --> 00:01:04,239

i am i am fantastic this week just keeps

20

00:01:07,429 --> 00:01:05,840

getting better and better doesn't it it

21

00:01:09,429 --> 00:01:07,439

does so that is a nice way to think to

22

00:01:11,030 --> 00:01:09,439

round off the year isn't it and can i

23

00:01:13,030 --> 00:01:11,040

tie things up with the ball if you

24

00:01:15,030 --> 00:01:13,040

haven't seen yet and you're listening to

25

00:01:17,670 --> 00:01:15,040

this and getting your news from us which

26
00:01:20,149 --> 00:01:17,680
so many of you tell us you do um thanks

27
00:01:22,469 --> 00:01:20,159
but the ndaa the national defense

28
00:01:25,590 --> 00:01:22,479
authorization act has been signed by

29
00:01:27,830 --> 00:01:25,600
president joe biden and that in effect

30
00:01:29,830 --> 00:01:27,840
or puts into effect a lot of things

31
00:01:31,590 --> 00:01:29,840
there are tons of amendments and bits

32
00:01:32,870 --> 00:01:31,600
and pieces of info that

33
00:01:34,710 --> 00:01:32,880
if you're especially if you're outside

34
00:01:36,310 --> 00:01:34,720
of the u.s you don't have an interest in

35
00:01:38,230 --> 00:01:36,320
but the one little piece that we were

36
00:01:40,710 --> 00:01:38,240
very very interested in was senator

37
00:01:42,870 --> 00:01:40,720
gillibrand's amendment that are one of

38
00:01:44,550 --> 00:01:42,880

them even then to go into the minutia

39

00:01:46,550 --> 00:01:44,560

one of those amendments of senator

40

00:01:48,389 --> 00:01:46,560

gillibrand uh i've said gillibrand

41

00:01:50,789 --> 00:01:48,399

angela brand already christ i've covered

42

00:01:51,590 --> 00:01:50,799

all bases yeah gillibrand um

43

00:01:54,230 --> 00:01:51,600

was

44

00:01:56,870 --> 00:01:54,240

the ufo office as we're all calling it

45

00:01:58,630 --> 00:01:56,880

and we're finally going to officially

46

00:02:02,389 --> 00:01:58,640

for 2022

47

00:02:04,709 --> 00:02:02,399

have a a ufo office

48

00:02:05,749 --> 00:02:04,719

in the united states government that is

49

00:02:07,990 --> 00:02:05,759

funded

50

00:02:09,990 --> 00:02:08,000

and is going to be reporting and

51
00:02:11,270 --> 00:02:10,000
collecting actually dan what is it going

52
00:02:12,710 --> 00:02:11,280
to be doing because this is something i

53
00:02:15,350 --> 00:02:12,720
see a lot of people

54
00:02:17,670 --> 00:02:15,360
commenting on online do we know yet

55
00:02:19,350 --> 00:02:17,680
officially what it's going to be doing

56
00:02:20,710 --> 00:02:19,360
we know some of what it's going to be

57
00:02:23,670 --> 00:02:20,720
doing there are some things that are up

58
00:02:25,110 --> 00:02:23,680
in the air at the moment um for example

59
00:02:27,990 --> 00:02:25,120
they haven't even named it

60
00:02:30,630 --> 00:02:28,000
um you know we we went through uh astro

61
00:02:33,270 --> 00:02:30,640
atro uh then we got the pentagon

62
00:02:35,270 --> 00:02:33,280
announced aoi msg so

63
00:02:37,509 --> 00:02:35,280

you know it's all in a name um it'll be

64

00:02:39,509 --> 00:02:37,519

curious to see what they call it we'll

65

00:02:41,830 --> 00:02:39,519

we'll have details of personnel involved

66

00:02:45,270 --> 00:02:41,840

to come ahead of us as well um as well

67

00:02:47,990 --> 00:02:45,280

as it does require the head of the the

68

00:02:50,309 --> 00:02:48,000

uap office to come up with a scientific

69

00:02:51,670 --> 00:02:50,319

study plan for the phenomena and that's

70

00:02:53,509 --> 00:02:51,680

where a lot of people are hoping that

71

00:02:54,630 --> 00:02:53,519

some kind of you know committee and

72

00:02:55,589 --> 00:02:54,640

external

73

00:02:57,350 --> 00:02:55,599

uh

74

00:03:00,149 --> 00:02:57,360

people can come in and kind of give a

75

00:03:01,670 --> 00:03:00,159

hand um ay msg we don't know what's

76
00:03:03,990 --> 00:03:01,680
going to happen to that yeah i was going

77
00:03:05,990 --> 00:03:04,000
to ask you that like yeah it's it's up

78
00:03:08,710 --> 00:03:06,000
in the air because it kind of does a lot

79
00:03:12,710 --> 00:03:08,720
of the same stuff um but it's nowhere

80
00:03:13,990 --> 00:03:12,720
near as extensive um you know this one

81
00:03:15,430 --> 00:03:14,000
way i can run through a couple of points

82
00:03:16,309 --> 00:03:15,440
if you yeah go for it

83
00:03:17,030 --> 00:03:16,319
yeah

84
00:03:18,710 --> 00:03:17,040
so

85
00:03:20,790 --> 00:03:18,720
basically this

86
00:03:22,710 --> 00:03:20,800
this bill establishes

87
00:03:24,550 --> 00:03:22,720
for the first time

88
00:03:26,390 --> 00:03:24,560

or rather sorry i should say for the

89

00:03:28,309 --> 00:03:26,400

first time in u.s history congress has

90

00:03:30,229 --> 00:03:28,319

legislated on the uap issue there is now

91

00:03:31,830 --> 00:03:30,239

language with which we can hold people

92

00:03:34,550 --> 00:03:31,840

that we think are keeping secrets about

93

00:03:37,030 --> 00:03:34,560

this to account whether the law does

94

00:03:39,030 --> 00:03:37,040

what it's going to do uh is anyone's

95

00:03:41,589 --> 00:03:39,040

guess but we finally have an actual

96

00:03:43,030 --> 00:03:41,599

factual lever to do something through

97

00:03:45,270 --> 00:03:43,040

and can i just can i just mention on

98

00:03:47,350 --> 00:03:45,280

that dan for anyone and i still have the

99

00:03:49,589 --> 00:03:47,360

conversations with folk online and it's

100

00:03:51,589 --> 00:03:49,599

i love it i love when people interact

101
00:03:53,509 --> 00:03:51,599
good bad and different reason debate

102
00:03:56,869 --> 00:03:53,519
whatever it might be but people who

103
00:03:59,110 --> 00:03:56,879
still say there is no progress and

104
00:04:01,350 --> 00:03:59,120
nothing's happened for years or decades

105
00:04:02,869 --> 00:04:01,360
and i look and go just that one thing

106
00:04:05,750 --> 00:04:02,879
you've said alone

107
00:04:07,670 --> 00:04:05,760
that within you know the congress

108
00:04:09,270 --> 00:04:07,680
they've actually talked about ufos i

109
00:04:11,190 --> 00:04:09,280
know the language of uaps and all that

110
00:04:13,429 --> 00:04:11,200
kind of stuff but they effectively are

111
00:04:15,509 --> 00:04:13,439
discussing stuff in the sky that they

112
00:04:17,509 --> 00:04:15,519
don't know what it is which is what any

113
00:04:20,469 --> 00:04:17,519

of us in this topic have wanted for so

114

00:04:22,150 --> 00:04:20,479

so long so even putting everything else

115

00:04:24,070 --> 00:04:22,160

aside that's happened of which there has

116

00:04:26,310 --> 00:04:24,080

been a ton and and we're going to cover

117

00:04:27,110 --> 00:04:26,320

that in our 2021 highlight show in a few

118

00:04:29,110 --> 00:04:27,120

days

119

00:04:30,870 --> 00:04:29,120

that's huge if nothing else happened

120

00:04:31,830 --> 00:04:30,880

this year and you were told that's going

121

00:04:34,070 --> 00:04:31,840

to happen

122

00:04:35,990 --> 00:04:34,080

it's a win isn't it

123

00:04:37,430 --> 00:04:36,000

yeah 100 people always compare this to

124

00:04:39,510 --> 00:04:37,440

blue book but

125

00:04:41,749 --> 00:04:39,520

the blue blue book was run by the air

126

00:04:43,749 --> 00:04:41,759

force it was you know they were mandated

127

00:04:45,270 --> 00:04:43,759

they were told to

128

00:04:47,430 --> 00:04:45,280

you know fuel the notion of the

129

00:04:48,070 --> 00:04:47,440

phenomena they were never there to study

130

00:04:49,749 --> 00:04:48,080

it

131

00:04:51,510 --> 00:04:49,759

this office is

132

00:04:53,830 --> 00:04:51,520

um it has access to all these little

133

00:04:55,270 --> 00:04:53,840

crevices um all these different areas

134

00:04:57,350 --> 00:04:55,280

all this different instrumentation it

135

00:05:00,629 --> 00:04:57,360

has access to a lot of funding to do the

136

00:05:02,870 --> 00:05:00,639

job with which is very important it's

137

00:05:04,629 --> 00:05:02,880

mandated to report back to a lot of

138

00:05:05,749 --> 00:05:04,639

committees pretty much every committee

139

00:05:08,710 --> 00:05:05,759

is going to be reporting back to the

140

00:05:11,350 --> 00:05:08,720

house to congress finally people are

141

00:05:13,670 --> 00:05:11,360

going to be informed on a regular basis

142

00:05:15,110 --> 00:05:13,680

um just right up front um if anyone's

143

00:05:16,790 --> 00:05:15,120

busy i'll just tell you the dates now

144

00:05:19,510 --> 00:05:16,800

that you're gonna be looking forward to

145

00:05:21,830 --> 00:05:19,520

the first briefing um from this office

146

00:05:23,909 --> 00:05:21,840

will come within 90 days of the bill

147

00:05:27,909 --> 00:05:23,919

being signed so that's today uh that

148

00:05:30,230 --> 00:05:27,919

takes us to march 27th 2022. um by then

149

00:05:33,430 --> 00:05:30,240

we may hear senators and other officials

150

00:05:35,749 --> 00:05:33,440

start talking about this more openly um

151

00:05:37,430 --> 00:05:35,759

i imagine by then we'll have you you

152

00:05:39,029 --> 00:05:37,440

know all the computers will be set up in

153

00:05:40,550 --> 00:05:39,039

the office we'll know who's working

154

00:05:42,390 --> 00:05:40,560

there maybe or some of the people at

155

00:05:43,350 --> 00:05:42,400

least um we'll know a bit more about

156

00:05:44,710 --> 00:05:43,360

what they're going to be doing

157

00:05:47,029 --> 00:05:44,720

scientifically and who they're going to

158

00:05:49,590 --> 00:05:47,039

be working with and then we get our

159

00:05:51,350 --> 00:05:49,600

first report by halloween 2022 which is

160

00:05:52,870 --> 00:05:51,360

october 31st if you don't celebrate

161

00:05:54,550 --> 00:05:52,880

halloween

162

00:05:57,029 --> 00:05:54,560

so they are going to be doing a whole

163

00:05:59,510 --> 00:05:57,039

bunch of things the standouts for me

164

00:06:01,590 --> 00:05:59,520

are the one this is a four year fully

165

00:06:04,950 --> 00:06:01,600

funded office so we've got this until

166

00:06:06,550 --> 00:06:04,960

halloween 2026 now so if you're a little

167

00:06:08,870 --> 00:06:06,560

exhausted by this whole thing over the

168

00:06:10,390 --> 00:06:08,880

past few months um take a break have

169

00:06:12,230 --> 00:06:10,400

some champagne for your feet up you've

170

00:06:15,350 --> 00:06:12,240

earned it um but there's going to be a

171

00:06:16,950 --> 00:06:15,360

lot of work ahead um

172

00:06:19,110 --> 00:06:16,960

it's going to be record sorry

173

00:06:21,510 --> 00:06:19,120

coordinating with the faa nasa homeland

174

00:06:23,670 --> 00:06:21,520

security the n-o-a-s-a

175

00:06:25,830 --> 00:06:23,680

uh the department of energy as well who

176

00:06:27,670 --> 00:06:25,840

we know is kind of a potentially a big

177

00:06:29,990 --> 00:06:27,680

player in the history of uh keeping this

178

00:06:33,270 --> 00:06:30,000

secret um it's gonna standardize

179

00:06:35,029 --> 00:06:33,280

reporting recording syncing data um but

180

00:06:38,790 --> 00:06:35,039

importantly they're going to be studying

181

00:06:40,550 --> 00:06:38,800

adverse physiological effects as well so

182

00:06:42,550 --> 00:06:40,560

when no longer

183

00:06:45,350 --> 00:06:42,560

at no point during this study they're

184

00:06:46,469 --> 00:06:45,360

going to be asking are uap real that's a

185

00:06:48,469 --> 00:06:46,479

done deal

186

00:06:50,710 --> 00:06:48,479

we established that already now we're

187

00:06:53,350 --> 00:06:50,720

talking about intent we're talking about

188

00:06:54,950 --> 00:06:53,360

capturing and exploiting the technology

189

00:06:56,870 --> 00:06:54,960

we're talking about the effects it had

190

00:06:58,469 --> 00:06:56,880

on our bodies when we get too close if

191

00:07:00,150 --> 00:06:58,479

it's electromagnetic radiation or

192

00:07:01,029 --> 00:07:00,160

whatever it is

193

00:07:04,710 --> 00:07:01,039

um

194

00:07:06,870 --> 00:07:04,720

so this for me is very much kind of

195

00:07:09,510 --> 00:07:06,880

you know it's open season all of these

196

00:07:11,909 --> 00:07:09,520

efforts like uapx ufo data you know

197

00:07:12,870 --> 00:07:11,919

studying the phenomena skin walker ranch

198

00:07:15,430 --> 00:07:12,880

um

199

00:07:17,189 --> 00:07:15,440

the galileo project all of these have

200

00:07:18,469 --> 00:07:17,199

just been given the thumbs up by the us

201
00:07:21,430 --> 00:07:18,479
government

202
00:07:22,710 --> 00:07:21,440
and that's insane so if you know a

203
00:07:24,390 --> 00:07:22,720
little project out there that's trying

204
00:07:26,390 --> 00:07:24,400
to get off the ground or you know of an

205
00:07:28,629 --> 00:07:26,400
area in the eu that has like stories of

206
00:07:30,150 --> 00:07:28,639
these spooky lights there has never been

207
00:07:32,070 --> 00:07:30,160
a better time for you to buy a couple of

208
00:07:33,830 --> 00:07:32,080
gadgets on amazon and go tackle it and

209
00:07:35,350 --> 00:07:33,840
figure out if it's mosaic because we

210
00:07:36,950 --> 00:07:35,360
need to start checking these off it's

211
00:07:38,629 --> 00:07:36,960
time to do the work

212
00:07:40,870 --> 00:07:38,639
that that is right and i'm glad you said

213
00:07:43,110 --> 00:07:40,880

that last night uh we'd done the live

214

00:07:45,350 --> 00:07:43,120

raffle draw and lou joined as luella

215

00:07:47,350 --> 00:07:45,360

elizondo for the second half of the show

216

00:07:49,430 --> 00:07:47,360

and and he said himself something that

217

00:07:51,589 --> 00:07:49,440

we've both said previously

218

00:07:53,749 --> 00:07:51,599

the hard work starts now it's it's a

219

00:07:55,670 --> 00:07:53,759

time to go yep great well done but i

220

00:07:58,230 --> 00:07:55,680

suppose this is a bit like a footballer

221

00:07:59,830 --> 00:07:58,240

soccer team playing like a league season

222

00:08:01,270 --> 00:07:59,840

you've won a game you've won an

223

00:08:02,710 --> 00:08:01,280

important game but you've not won the

224

00:08:04,950 --> 00:08:02,720

league yet and you have to keep going

225

00:08:06,070 --> 00:08:04,960

and if you dwell on this too much

226

00:08:09,110 --> 00:08:06,080

then

227

00:08:10,710 --> 00:08:09,120

it could fall flat on its face um and as

228

00:08:12,230 --> 00:08:10,720

very much the hard work starts now you

229

00:08:14,550 --> 00:08:12,240

have to and this is something i tend to

230

00:08:16,790 --> 00:08:14,560

do in life is i don't dwell on kind of

231

00:08:18,869 --> 00:08:16,800

successes it's yep great let's move on

232

00:08:20,790 --> 00:08:18,879

what's what's next let's keep going

233

00:08:21,670 --> 00:08:20,800

because

234

00:08:24,790 --> 00:08:21,680

this

235

00:08:26,230 --> 00:08:24,800

and

236

00:08:28,309 --> 00:08:26,240

people that say we've been here before

237

00:08:30,710 --> 00:08:28,319

maybe not exactly here but there's been

238

00:08:33,990 --> 00:08:30,720

progress to extents before and i think

239

00:08:35,430 --> 00:08:34,000

it's important that it keeps going um

240

00:08:36,870 --> 00:08:35,440

i've got a few questions down off the

241

00:08:38,630 --> 00:08:36,880

back of some of the stuff you've just

242

00:08:40,709 --> 00:08:38,640

said and things i've been thinking about

243

00:08:42,870 --> 00:08:40,719

and sure i was going to talk about what

244

00:08:43,750 --> 00:08:42,880

we can expect in the report but i'll ask

245

00:08:46,389 --> 00:08:43,760

them yes

246

00:08:48,230 --> 00:08:46,399

i'll come to that yeah so march 27th

247

00:08:49,350 --> 00:08:48,240

you've said we might know who is

248

00:08:51,190 --> 00:08:49,360

involved

249

00:08:53,269 --> 00:08:51,200

is there a chance that you think we

250

00:08:56,070 --> 00:08:53,279

could lose people like

251

00:08:58,790 --> 00:08:56,080

zondo chris mellon or others

252

00:08:59,670 --> 00:08:58,800

to this office or do you see the office

253

00:09:05,990 --> 00:08:59,680

being

254

00:09:08,150 --> 00:09:06,000

really know in terms of of ufos uaps

255

00:09:09,269 --> 00:09:08,160

there's going to be a lot of you know

256

00:09:11,110 --> 00:09:09,279

officials

257

00:09:12,870 --> 00:09:11,120

doing this thing that we do not know and

258

00:09:15,110 --> 00:09:12,880

we may never know you know it might take

259

00:09:17,030 --> 00:09:15,120

someone else down the road when efforts

260

00:09:19,350 --> 00:09:17,040

kind of get stonewalled

261

00:09:21,110 --> 00:09:19,360

resigning and doing doing you know what

262

00:09:24,150 --> 00:09:21,120

lou has done and kind of guiding the

263

00:09:26,310 --> 00:09:24,160

rest of us to the water so to speak but

264

00:09:30,310 --> 00:09:26,320

i think well i hope there will be some

265

00:09:31,829 --> 00:09:30,320

familiar faces there for us just because

266

00:09:33,430 --> 00:09:31,839

there are some trustworthy faces you

267

00:09:34,310 --> 00:09:33,440

know for me

268

00:09:39,750 --> 00:09:34,320

i

269

00:09:42,070 --> 00:09:39,760

alexander

270

00:09:44,790 --> 00:09:42,080

um i also think he's extremely well

271

00:09:46,230 --> 00:09:44,800

equipped to be put in an office that

272

00:09:49,990 --> 00:09:46,240

studies this thing because there's a

273

00:09:52,310 --> 00:09:50,000

history to it you know so it would be a

274

00:09:54,550 --> 00:09:52,320

bit of sweet i think for me does does

275

00:09:56,630 --> 00:09:54,560

lou's situation with uh inspector

276

00:09:59,110 --> 00:09:56,640

general and all that that's going on in

277

00:10:01,030 --> 00:09:59,120

the background affect us in terms of

278

00:10:03,269 --> 00:10:01,040

they maybe wouldn't want to get low back

279

00:10:06,389 --> 00:10:03,279

involved in that sense is that something

280

00:10:08,870 --> 00:10:06,399

you even you you have a opinion on

281

00:10:10,310 --> 00:10:08,880

yeah i mean the the way that all the

282

00:10:12,470 --> 00:10:10,320

officers are set up the inspector

283

00:10:13,590 --> 00:10:12,480

general is a completely separate thing

284

00:10:14,949 --> 00:10:13,600

so

285

00:10:17,190 --> 00:10:14,959

you know there would be rules kind of

286

00:10:18,949 --> 00:10:17,200

saying that no investigation can infect

287

00:10:21,590 --> 00:10:18,959

kind of affect someone's career and

288

00:10:23,750 --> 00:10:21,600

stuff like that um so there will be a

289

00:10:26,790 --> 00:10:23,760

fairness there that wouldn't be the case

290

00:10:28,389 --> 00:10:26,800

if this can you remember when aoi msg

291

00:10:30,230 --> 00:10:28,399

was launched and we were all just a bit

292

00:10:32,630 --> 00:10:30,240

disappointed and we were trying to

293

00:10:34,310 --> 00:10:32,640

communicate why and and lou explained it

294

00:10:36,069 --> 00:10:34,320

really well he kind of said the umbrella

295

00:10:38,710 --> 00:10:36,079

that that office sits under isn't really

296

00:10:40,490 --> 00:10:38,720

an investigative umbrella it's just

297

00:10:41,750 --> 00:10:40,500

you know it's it's there um

298

00:10:42,710 --> 00:10:41,760

[Music]

299

00:10:45,030 --> 00:10:42,720

well

300

00:10:46,790 --> 00:10:45,040

this this sits above that umbrella

301
00:10:48,069 --> 00:10:46,800
basically so

302
00:10:49,829 --> 00:10:48,079
there's no

303
00:10:51,829 --> 00:10:49,839
chance that anyone in the pentagon can

304
00:10:53,990 --> 00:10:51,839
go ah you know susan goff for example

305
00:10:55,110 --> 00:10:54,000
can say uh louis lozando i don't really

306
00:10:57,190 --> 00:10:55,120
like him for personal reasons or

307
00:10:59,590 --> 00:10:57,200
whatever keep him from the office

308
00:11:02,230 --> 00:10:59,600
if he's qualified he will be qualified

309
00:11:03,269 --> 00:11:02,240
on on his merits alone um and and you

310
00:11:05,110 --> 00:11:03,279
know

311
00:11:06,470 --> 00:11:05,120
he is they won't play into it they're

312
00:11:08,230 --> 00:11:06,480
the people there are professionals

313
00:11:10,790 --> 00:11:08,240

that's their job okay you mentioned

314

00:11:13,670 --> 00:11:10,800

we've got this till 2026.

315

00:11:16,069 --> 00:11:13,680

what happens if president biden leaves

316

00:11:17,350 --> 00:11:16,079

office before then for whatever reason

317

00:11:19,190 --> 00:11:17,360

and we don't need to go into all of

318

00:11:21,350 --> 00:11:19,200

those but you know he's he's not a young

319

00:11:23,509 --> 00:11:21,360

guy um there was always rumors that he

320

00:11:25,910 --> 00:11:23,519

would come in and kamala harris although

321

00:11:27,430 --> 00:11:25,920

again i'm not huge on u.s politics but i

322

00:11:28,870 --> 00:11:27,440

hear her approval ratings aren't as

323

00:11:30,710 --> 00:11:28,880

strong as they were and all that kind of

324

00:11:33,110 --> 00:11:30,720

stuff but for whatever reason

325

00:11:34,470 --> 00:11:33,120

if biden leaves office can that affect

326

00:11:37,910 --> 00:11:34,480

us

327

00:11:39,269 --> 00:11:37,920

know we we've all learned

328

00:11:41,269 --> 00:11:39,279

all around the world over the past few

329

00:11:44,389 --> 00:11:41,279

years that things can be done and they

330

00:11:46,069 --> 00:11:44,399

can be undone by the presidents um

331

00:11:49,190 --> 00:11:46,079

the amazing thing about this issue is

332

00:11:52,069 --> 00:11:49,200

how bipartisan it's been so i really

333

00:11:53,590 --> 00:11:52,079

don't see anyone coming in who's gonna

334

00:11:57,670 --> 00:11:53,600

you know start complaining about wasted

335

00:11:59,829 --> 00:11:57,680

money for a long while yet um and and

336

00:12:02,710 --> 00:11:59,839

like i said we've established it's real

337

00:12:05,910 --> 00:12:02,720

so it's just discussing whether it's

338

00:12:07,829 --> 00:12:05,920

worth studying now um so yeah i think

339

00:12:09,750 --> 00:12:07,839

it'll carry on it's just a case of how

340

00:12:10,870 --> 00:12:09,760

much funding it's given you know okay

341

00:12:15,190 --> 00:12:10,880

and now i'm going to play devil's

342

00:12:16,310 --> 00:12:15,200

advocate and try and take off my ufo fan

343

00:12:18,389 --> 00:12:16,320

here

344

00:12:19,750 --> 00:12:18,399

is it fair to say

345

00:12:22,069 --> 00:12:19,760

that and i'm trying to represent

346

00:12:25,430 --> 00:12:22,079

everyone who can listen to this or does

347

00:12:28,069 --> 00:12:25,440

that a lot of the support for this bill

348

00:12:29,590 --> 00:12:28,079

could come from or has come from

349

00:12:31,670 --> 00:12:29,600

from people who

350

00:12:34,470 --> 00:12:31,680

look at this as

351
00:12:36,710 --> 00:12:34,480
rather than 80 or whatever that might be

352
00:12:39,910 --> 00:12:36,720
non-human technology there's a good

353
00:12:42,949 --> 00:12:39,920
chance some or a lot of it is still

354
00:12:45,030 --> 00:12:42,959
adversarial technology and while

355
00:12:46,150 --> 00:12:45,040
people like chris mellon can i poop that

356
00:12:48,069 --> 00:12:46,160
a little bit

357
00:12:49,750 --> 00:12:48,079
and and for me

358
00:12:51,350 --> 00:12:49,760
i mean all the respect in the world to

359
00:12:52,550 --> 00:12:51,360
christopher melon i would love to ask

360
00:12:55,110 --> 00:12:52,560
him about this because i don't think

361
00:12:57,110 --> 00:12:55,120
i've seen him discuss it he commented

362
00:12:59,509 --> 00:12:57,120
that one of the chinese rockets had

363
00:13:02,069 --> 00:12:59,519

fallen on a rural farm road and that

364

00:13:04,310 --> 00:13:02,079

they were so far behind us technology

365

00:13:06,629 --> 00:13:04,320

but then within weeks of that article

366

00:13:08,470 --> 00:13:06,639

and china's rocket falling out the sky

367

00:13:10,230 --> 00:13:08,480

we find out they've tested a hypersonic

368

00:13:12,470 --> 00:13:10,240

missile that's flew around the earth

369

00:13:14,870 --> 00:13:12,480

that apparently the us had no idea they

370

00:13:17,829 --> 00:13:14,880

had that technology

371

00:13:19,190 --> 00:13:17,839

so for me that was quite a disparaging

372

00:13:20,870 --> 00:13:19,200

you know gap

373

00:13:22,870 --> 00:13:20,880

and and what they thought they knew and

374

00:13:25,030 --> 00:13:22,880

what china actually had

375

00:13:27,350 --> 00:13:25,040

part of it i think is to do with how the

376

00:13:29,110 --> 00:13:27,360

media communicates stories you know i'm

377

00:13:31,190 --> 00:13:29,120

sure in china there are articles about

378

00:13:32,629 --> 00:13:31,200

the spacex spaceships not even getting

379

00:13:34,150 --> 00:13:32,639

off the ground and exploding i mean like

380

00:13:35,750 --> 00:13:34,160

oh look how terrible the technology is

381

00:13:38,150 --> 00:13:35,760

but we all know tests fail that's how

382

00:13:40,949 --> 00:13:38,160

you make the good thing um so so i think

383

00:13:42,710 --> 00:13:40,959

that's what we're seeing there but

384

00:13:45,350 --> 00:13:42,720

and i think i think yeah i've addressed

385

00:13:47,189 --> 00:13:45,360

this before but i i think with the drone

386

00:13:48,389 --> 00:13:47,199

argument and the adversarial technology

387

00:13:50,069 --> 00:13:48,399

argument

388

00:13:52,389 --> 00:13:50,079

all of this stuff exists in the same

389

00:13:55,030 --> 00:13:52,399

data pile and there's almost like an

390

00:13:57,030 --> 00:13:55,040

inkling inside me that thinks that

391

00:13:59,030 --> 00:13:57,040

this is happening now because

392

00:14:00,949 --> 00:13:59,040

the adversarial technology thing is

393

00:14:02,310 --> 00:14:00,959

happening now you need to tackle both at

394

00:14:04,550 --> 00:14:02,320

the same time because they exist in the

395

00:14:05,990 --> 00:14:04,560

same areas and they both exist in that

396

00:14:08,230 --> 00:14:06,000

you know the niche that you're not

397

00:14:10,710 --> 00:14:08,240

really addressing um

398

00:14:12,629 --> 00:14:10,720

but to keep them there their offices are

399

00:14:14,949 --> 00:14:12,639

safe and all their crew and personnel

400

00:14:16,790 --> 00:14:14,959

safe they need to address both so

401
00:14:19,910 --> 00:14:16,800
there's no worry of this becoming just a

402
00:14:21,750 --> 00:14:19,920
drone thing you know we we have the

403
00:14:23,030 --> 00:14:21,760
or rather i should say i don't know if

404
00:14:25,509 --> 00:14:23,040
we're going to have the buckets like we

405
00:14:27,829 --> 00:14:25,519
did with the ua ptf uh for the

406
00:14:29,910 --> 00:14:27,839
prosaic stuff and the other bucket um

407
00:14:32,150 --> 00:14:29,920
but i imagine there would be a kind of a

408
00:14:35,430 --> 00:14:32,160
sense of a working tree to work through

409
00:14:38,230 --> 00:14:35,440
like that when studying cases um

410
00:14:40,949 --> 00:14:38,240
so the adversarial tech is one of those

411
00:14:42,629 --> 00:14:40,959
five buckets um and there's like weather

412
00:14:44,790 --> 00:14:42,639
phenomenon and

413
00:14:47,590 --> 00:14:44,800

us secret tech and things like that but

414

00:14:49,590 --> 00:14:47,600

that other category exists for a reason

415

00:14:51,269 --> 00:14:49,600

um and like i said before i think it's

416

00:14:53,110 --> 00:14:51,279

kind of named in a tongue-in-cheek way

417

00:14:54,550 --> 00:14:53,120

the others and all that yeah i would

418

00:14:56,389 --> 00:14:54,560

think so and you know what i think it's

419

00:14:58,310 --> 00:14:56,399

a good thing and you're right about

420

00:15:00,150 --> 00:14:58,320

the drone technology has probably helped

421

00:15:02,150 --> 00:15:00,160

us come along and without the

422

00:15:03,110 --> 00:15:02,160

advancements in drone technology like

423

00:15:05,269 --> 00:15:03,120

and i'm not even talking about

424

00:15:07,189 --> 00:15:05,279

commercially obviously i'm talking about

425

00:15:08,790 --> 00:15:07,199

military industrial complex what they

426

00:15:11,189 --> 00:15:08,800

they have is probably

427

00:15:12,949 --> 00:15:11,199

mind-blowing stuff and some of it

428

00:15:15,670 --> 00:15:12,959

probably is pretty close to what we

429

00:15:17,829 --> 00:15:15,680

would look at as exotic technology um

430

00:15:19,590 --> 00:15:17,839

and what it can and can do um so it's

431

00:15:21,670 --> 00:15:19,600

probably been a really good thing

432

00:15:22,790 --> 00:15:21,680

in terms of helping this office come

433

00:15:26,790 --> 00:15:22,800

into

434

00:15:29,430 --> 00:15:26,800

maybe some of these events like the

435

00:15:31,990 --> 00:15:29,440

omaha the russell whatever

436

00:15:34,069 --> 00:15:32,000

you know nimitz princeton

437

00:15:36,389 --> 00:15:34,079

other ships that we've not even heard of

438

00:15:38,790 --> 00:15:36,399

have these drone incursions

439

00:15:40,949 --> 00:15:38,800

where the tech is totally

440

00:15:41,990 --> 00:15:40,959

so incredible that they don't know what

441

00:15:45,269 --> 00:15:42,000

it is

442

00:15:47,829 --> 00:15:45,279

but like you say in those investigations

443

00:15:50,629 --> 00:15:47,839

of 144 cases they find out one was a

444

00:15:52,710 --> 00:15:50,639

balloon they found out 50 or 60 of those

445

00:15:55,350 --> 00:15:52,720

yep we have to investigate these or they

446

00:15:58,150 --> 00:15:55,360

were drones from russia china whatever

447

00:15:59,030 --> 00:15:58,160

but we still have this as you say other

448

00:15:59,829 --> 00:15:59,040

pile

449

00:16:01,829 --> 00:15:59,839

that

450

00:16:04,389 --> 00:16:01,839

we don't think these are drones because

451

00:16:06,150 --> 00:16:04,399

it done this and it done this and

452

00:16:08,470 --> 00:16:06,160

the pilot saw it up close and it didn't

453

00:16:09,910 --> 00:16:08,480

look like that other one so that's

454

00:16:11,350 --> 00:16:09,920

that's the kind of interesting stuff i

455

00:16:13,749 --> 00:16:11,360

suppose that we look for in that other

456

00:16:15,430 --> 00:16:13,759

category is definitely yeah exactly they

457

00:16:17,350 --> 00:16:15,440

want to keep the eye on me

458

00:16:18,949 --> 00:16:17,360

i i think we'll probably get the first

459

00:16:20,629 --> 00:16:18,959

report and um

460

00:16:23,269 --> 00:16:20,639

people will just kind of be like oh you

461

00:16:25,590 --> 00:16:23,279

know 30 pages of it about drones

462

00:16:27,910 --> 00:16:25,600

the rest of it is what we want um but

463

00:16:29,670 --> 00:16:27,920

like i say it's all in the same place um

464

00:16:31,910 --> 00:16:29,680

so so it's super important to go through

465

00:16:33,430 --> 00:16:31,920

and to filter all of it i think i said

466

00:16:36,870 --> 00:16:33,440

to you anyway dan and i've said to a few

467

00:16:38,069 --> 00:16:36,880

people like if if and when some of this

468

00:16:40,550 --> 00:16:38,079

technology

469

00:16:43,030 --> 00:16:40,560

comes out our drones

470

00:16:45,350 --> 00:16:43,040

then there's that's fascinating still to

471

00:16:47,350 --> 00:16:45,360

me that you know where did they learn to

472

00:16:49,509 --> 00:16:47,360

do this and how can they go this speed

473

00:16:51,509 --> 00:16:49,519

and how can they now do this and

474

00:16:52,870 --> 00:16:51,519

where do these things batteries if they

475

00:16:55,509 --> 00:16:52,880

run on batteries or you know if it's

476
00:16:57,110 --> 00:16:55,519
fuel how does that work because

477
00:16:58,949 --> 00:16:57,120
there seems to be really game-changing

478
00:17:01,670 --> 00:16:58,959
technology and some of this stuff so

479
00:17:03,269 --> 00:17:01,680
even if it is russian chinese us

480
00:17:04,390 --> 00:17:03,279
there's a lot of wow factors still in

481
00:17:06,230 --> 00:17:04,400
that for me

482
00:17:08,309 --> 00:17:06,240
totally aside from

483
00:17:10,470 --> 00:17:08,319
but what about the the exotic the the

484
00:17:13,110 --> 00:17:10,480
non-human stuff which we're pretty sure

485
00:17:15,750 --> 00:17:13,120
is part of it as well so um

486
00:17:17,669 --> 00:17:15,760
dan social media um early reactions it

487
00:17:20,470 --> 00:17:17,679
seems to be it's been a huge one doesn't

488
00:17:22,309 --> 00:17:20,480

it people are are pretty happy with uh

489

00:17:23,990 --> 00:17:22,319

with the results here

490

00:17:25,110 --> 00:17:24,000

yeah yeah absolutely this is another one

491

00:17:27,270 --> 00:17:25,120

of those things like the james webb

492

00:17:28,710 --> 00:17:27,280

telescope and the awesome raffle we did

493

00:17:31,430 --> 00:17:28,720

just no one's gonna bring us down on

494

00:17:33,029 --> 00:17:31,440

this this is fantastic just

495

00:17:34,870 --> 00:17:33,039

if if we wouldn't get slapped with

496

00:17:36,390 --> 00:17:34,880

copyright i would play cool in the gang

497

00:17:37,750 --> 00:17:36,400

celebration right now

498

00:17:39,270 --> 00:17:37,760

yeah i was going to say i could probably

499

00:17:40,549 --> 00:17:39,280

do it on the way out but uh yeah that

500

00:17:43,430 --> 00:17:40,559

would absolutely get slammed for

501
00:17:45,190 --> 00:17:43,440
copyright um but yeah i i

502
00:17:47,909 --> 00:17:45,200
i was just going to say before you know

503
00:17:49,750 --> 00:17:47,919
and we start wrapping um

504
00:17:51,270 --> 00:17:49,760
the the main things to remember that are

505
00:17:53,830 --> 00:17:51,280
going to be in the report like we're

506
00:17:55,270 --> 00:17:53,840
going to have an unclassified section to

507
00:17:57,590 --> 00:17:55,280
those reports

508
00:17:59,510 --> 00:17:57,600
the people who aren't sharing data are

509
00:18:01,510 --> 00:17:59,520
going to be named and shamed in it so if

510
00:18:03,190 --> 00:18:01,520
the air force doesn't play ball they're

511
00:18:04,390 --> 00:18:03,200
finally going to be held to account and

512
00:18:05,430 --> 00:18:04,400
everyone's going to know that that's

513
00:18:07,029 --> 00:18:05,440

what they're doing they're putting

514

00:18:10,630 --> 00:18:07,039

people at risk

515

00:18:14,070 --> 00:18:10,640

the uap task force or aoi ms oh sorry

516

00:18:16,310 --> 00:18:14,080

yeah the uap task force here um it says

517

00:18:18,390 --> 00:18:16,320

that it will be terminated so i guess

518

00:18:19,270 --> 00:18:18,400

farewell long live uh

519

00:18:21,830 --> 00:18:19,280

that

520

00:18:26,830 --> 00:18:24,310

and then those reports cover any events

521

00:18:28,950 --> 00:18:26,840

that haven't been mentioned before

522

00:18:31,190 --> 00:18:28,960

including um there's a whole section

523

00:18:33,909 --> 00:18:31,200

where they talk about cooperating with

524

00:18:35,510 --> 00:18:33,919

allies so i imagine there's going to be

525

00:18:37,350 --> 00:18:35,520

quite a few global events in one of

526

00:18:39,510 --> 00:18:37,360

those reports and the the first report

527

00:18:41,350 --> 00:18:39,520

is hopefully thick

528

00:18:43,669 --> 00:18:41,360

yeah we're two things just to wrap up we

529

00:18:45,590 --> 00:18:43,679

have to give connor o'brien a shout out

530

00:18:48,070 --> 00:18:45,600

he is a defense reporter covering

531

00:18:50,070 --> 00:18:48,080

congress for politico and he broke the

532

00:18:51,190 --> 00:18:50,080

news that the the act had been signed

533

00:18:53,750 --> 00:18:51,200

and i think that's what a lot of people

534

00:18:56,230 --> 00:18:53,760

are seeing being retweeted on on social

535

00:18:58,549 --> 00:18:56,240

so awesome thank you corner that's right

536

00:19:00,950 --> 00:18:58,559

we do have a nice yahoo news article

537

00:19:02,390 --> 00:19:00,960

with it as well now so nice to see and

538

00:19:03,830 --> 00:19:02,400

we should see those flooding in as well

539

00:19:06,070 --> 00:19:03,840

shouldn't we in a bit more coverage on

540

00:19:08,390 --> 00:19:06,080

the on the news and stuff and if people

541

00:19:10,070 --> 00:19:08,400

haven't yet listened to it um because it

542

00:19:12,070 --> 00:19:10,080

was a little bit of a different show the

543

00:19:14,150 --> 00:19:12,080

the raffle announcements we did have

544

00:19:16,310 --> 00:19:14,160

louis elizondo on the second half hour

545

00:19:18,230 --> 00:19:16,320

of that which was great and we did talk

546

00:19:19,669 --> 00:19:18,240

a little bit ufos on there and he gave

547

00:19:21,590 --> 00:19:19,679

some interesting opinions on what was

548

00:19:23,029 --> 00:19:21,600

going to come up and i asked him the

549

00:19:24,390 --> 00:19:23,039

question of

550

00:19:26,310 --> 00:19:24,400

and i thought he would give the answer

551
00:19:28,390 --> 00:19:26,320
about the you know the amendment of what

552
00:19:30,230 --> 00:19:28,400
was his highlight of 2021 and he didn't

553
00:19:32,310 --> 00:19:30,240
say that yeah so that was that was

554
00:19:33,669 --> 00:19:32,320
interesting um so yeah people should go

555
00:19:35,669 --> 00:19:33,679
and check that out as well but it's a

556
00:19:37,830 --> 00:19:35,679
good news it's a good way to kind of end

557
00:19:39,350 --> 00:19:37,840
off the year there's still at least one

558
00:19:41,190 --> 00:19:39,360
more show to come from us before new

559
00:19:43,830 --> 00:19:41,200
year talking about the highlights of

560
00:19:45,990 --> 00:19:43,840
2021 people have sent in a load of those

561
00:19:48,150 --> 00:19:46,000
for us to talk through as well and uh

562
00:19:51,110 --> 00:19:48,160
yeah we'll just kick on from there but

563
00:19:53,270 --> 00:19:51,120

dan good way in 2021

564

00:19:54,630 --> 00:19:53,280

yeah amazing um you know i'm so proud of

565

00:19:56,390 --> 00:19:54,640

the community for the raffle i'm proud

566

00:19:58,630 --> 00:19:56,400

of everyone that contributed to getting

567

00:20:00,549 --> 00:19:58,640

this bill done and through even you know

568

00:20:03,830 --> 00:20:00,559

the newcomers who may not be stooped in

569

00:20:06,470 --> 00:20:03,840

ufo law but i think we all we we get one

570

00:20:08,149 --> 00:20:06,480

shot to do this properly and it looks to

571

00:20:10,470 --> 00:20:08,159

me like that's the thing we're getting

572

00:20:13,029 --> 00:20:10,480
