JOHN RAMIREZ
LISTENER QUESTIONS - PART 2

1
00:00:00,100 --> 00:00:03,429

[Music]

2
00:00:06,630 --> 00:00:04,950

there's a whole fleet of look on the

3
00:00:08,870 --> 00:00:06,640

assay

4
00:00:12,230 --> 00:00:08,880

oh my gosh they're all going against the

5
00:00:16,950 --> 00:00:14,390

it was basically a cube with inside of

6
00:00:21,910 --> 00:00:16,960

sphere where the points of the cube

7
00:00:35,110 --> 00:00:31,170

[Music]

8
00:00:36,630 --> 00:00:35,120

[Applause]

9
00:00:38,950 --> 00:00:36,640

so this isn't anything that just is

10
00:00:46,389 --> 00:00:38,960

limited to the united states it's a

11
00:00:52,150 --> 00:00:49,029

dave had a question on what you were

12
00:00:53,910 --> 00:00:52,160

talking about around the roswell dna and

13
00:00:56,790 --> 00:00:53,920

his question was can you speak about the

14

00:00:58,869 --> 00:00:56,800

implications with regard to hybrid dna

15

00:01:01,189 --> 00:00:58,879

especially concerning any similarities

16

00:01:02,950 --> 00:01:01,199

between human dna and the dna of the

17

00:01:05,030 --> 00:01:02,960

roswell craft occupants which you've

18

00:01:07,750 --> 00:01:05,040

touched on what are those implications

19

00:01:10,310 --> 00:01:07,760

that we have a similar dna to species

20

00:01:12,710 --> 00:01:10,320

that are potentially non-human

21

00:01:14,630 --> 00:01:12,720

that's something that i'm still

22

00:01:16,469 --> 00:01:14,640

investigating on my own because it's one

23

00:01:18,550 --> 00:01:16,479

of the dots that

24

00:01:20,789 --> 00:01:18,560

uh is very hard to connect

25

00:01:23,670 --> 00:01:20,799

so i i draw a dashed line instead of a

26

00:01:24,789 --> 00:01:23,680

solid line to that dot it's a dashed

27

00:01:27,830 --> 00:01:24,799

line

28

00:01:30,069 --> 00:01:27,840

and so i was brought up

29

00:01:31,830 --> 00:01:30,079

in the christian tradition

30

00:01:33,590 --> 00:01:31,840

uh catholic

31

00:01:35,590 --> 00:01:33,600

and of course in genesis there's the

32

00:01:37,670 --> 00:01:35,600

story of the creation

33

00:01:40,310 --> 00:01:37,680

in fact if you look at other texts there

34

00:01:42,230 --> 00:01:40,320

are creation stories in those texts of

35

00:01:45,510 --> 00:01:42,240

other belief systems

36

00:01:46,389 --> 00:01:45,520

what they have in common tends to be

37

00:01:51,350 --> 00:01:46,399

a

38

00:01:57,270 --> 00:01:51,360

by

39

00:02:01,109 --> 00:01:59,109

being

40

00:02:02,469 --> 00:02:01,119

toward someone of a lesser advanced

41

00:02:04,789 --> 00:02:02,479

being let's say us

42

00:02:06,630 --> 00:02:04,799

and that they imparted

43

00:02:09,510 --> 00:02:06,640

their image upon us

44

00:02:13,910 --> 00:02:09,520

so if you look at genesis

45

00:02:16,949 --> 00:02:13,920

it says let us let us plural make

46

00:02:18,790 --> 00:02:16,959

man in our image

47

00:02:21,910 --> 00:02:18,800

what does that mean

48

00:02:23,110 --> 00:02:21,920

um before the discovery of dna which by

49

00:02:26,630 --> 00:02:23,120

the way

50

00:02:29,030 --> 00:02:26,640

dna was discovered in the mid-1800s

51
00:02:31,350 --> 00:02:29,040
the fact that we could like sequence it

52
00:02:33,270 --> 00:02:31,360
and know the structure of the dna

53
00:02:36,150 --> 00:02:33,280
occurred much later in the 50s and later

54
00:02:38,470 --> 00:02:36,160
sequencing in the 90s but going back to

55
00:02:39,830 --> 00:02:38,480
genesis all through

56
00:02:41,350 --> 00:02:39,840
the history of

57
00:02:45,030 --> 00:02:41,360
the christian religion

58
00:02:45,990 --> 00:02:45,040
we took it on faith that a god a being

59
00:02:47,190 --> 00:02:46,000
higher

60
00:02:50,150 --> 00:02:47,200
than us

61
00:02:51,509 --> 00:02:50,160
a divine being

62
00:02:54,790 --> 00:02:51,519
did something

63
00:02:56,229 --> 00:02:54,800

deliberately to create us

64

00:02:57,589 --> 00:02:56,239

so people believe that and won't

65

00:02:59,270 --> 00:02:57,599

question it

66

00:03:02,470 --> 00:02:59,280

yeah but when you say

67

00:03:05,270 --> 00:03:02,480

that being might have been

68

00:03:08,070 --> 00:03:05,280

a non-human intelligence

69

00:03:09,270 --> 00:03:08,080

and they may have found us

70

00:03:12,309 --> 00:03:09,280

on earth

71

00:03:13,830 --> 00:03:12,319

and enhanced us to be who we are to be

72

00:03:15,830 --> 00:03:13,840

like them

73

00:03:19,190 --> 00:03:15,840

uh they question that

74

00:03:21,110 --> 00:03:19,200

say that's nonsense but religions are

75

00:03:23,509 --> 00:03:21,120

all have creation stories

76

00:03:24,789 --> 00:03:23,519

and so going back to roswell it implies

77

00:03:27,190 --> 00:03:24,799

to me

78

00:03:28,949 --> 00:03:27,200

that perhaps

79

00:03:32,869 --> 00:03:28,959

it proves genesis

80

00:03:33,990 --> 00:03:32,879

that genesis is not an allegory

81

00:03:36,229 --> 00:03:34,000

that the

82

00:03:37,110 --> 00:03:36,239

truth behind genesis might have been

83

00:03:39,750 --> 00:03:37,120

real

84

00:03:42,550 --> 00:03:39,760

but it's told as an allegory

85

00:03:44,470 --> 00:03:42,560

over the time it's like oral history

86

00:03:45,670 --> 00:03:44,480

told from one generation to another to

87

00:03:47,589 --> 00:03:45,680

another

88

00:03:49,030 --> 00:03:47,599

probably based on order texts that

89

00:03:49,830 --> 00:03:49,040

sumerians

90

00:03:53,030 --> 00:03:49,840

had

91

00:03:57,509 --> 00:03:53,040

that told about a similar creation story

92

00:04:01,110 --> 00:03:59,670

so it's that's the establishment

93

00:04:02,470 --> 00:04:01,120

it's the labels that are put on these

94

00:04:04,630 --> 00:04:02,480

things isn't it that you can they're

95

00:04:07,350 --> 00:04:04,640

interchangeable you can take off one and

96

00:04:09,350 --> 00:04:07,360

put the name of this god or this place

97

00:04:11,190 --> 00:04:09,360

and it's the same story throughout

98

00:04:12,869 --> 00:04:11,200

throughout many many religions so yeah i

99

00:04:14,470 --> 00:04:12,879

can appreciate that yeah and we just

100

00:04:15,589 --> 00:04:14,480

didn't happen

101

00:04:17,110 --> 00:04:15,599

it's just not we came out of the

102

00:04:19,430 --> 00:04:17,120

primordial soup

103

00:04:22,390 --> 00:04:19,440

and by happenstance we have to be more

104

00:04:24,469 --> 00:04:22,400

advanced than other primates

105

00:04:27,189 --> 00:04:24,479

yeah you know i mean how

106

00:04:29,110 --> 00:04:27,199

why i always say this why are we more

107

00:04:31,830 --> 00:04:29,120

advanced than the other primates when

108

00:04:33,350 --> 00:04:31,840

our dna is so damn close

109

00:04:36,390 --> 00:04:33,360

what's the difference

110

00:04:38,629 --> 00:04:36,400

and so if you believe in genesis

111

00:04:40,550 --> 00:04:38,639

that's the difference

112

00:04:42,550 --> 00:04:40,560

and if you don't believe in genesis if

113

00:04:44,230 --> 00:04:42,560

you want to take a completely scientific

114

00:04:46,390 --> 00:04:44,240

secular view

115

00:04:48,870 --> 00:04:46,400

uh you might believe that you know it's

116

00:04:49,990 --> 00:04:48,880

just that things came together just

117

00:04:53,030 --> 00:04:50,000

right and

118

00:04:56,629 --> 00:04:53,040

boom here we are homo sapiens

119

00:04:58,710 --> 00:04:56,639

but if you encounter if you go back and

120

00:05:00,070 --> 00:04:58,720

look at the roswell story and its

121

00:05:02,790 --> 00:05:00,080

implications

122

00:05:04,790 --> 00:05:02,800

uh it makes sense that perhaps

123

00:05:08,150 --> 00:05:04,800

that is what they discovered

124

00:05:11,590 --> 00:05:08,160

and that's why it's so secret

125

00:05:13,430 --> 00:05:11,600

i deeply believe that when they found

126

00:05:16,390 --> 00:05:13,440

this alien dna

127

00:05:18,469 --> 00:05:16,400

whatever plan the government had to

128

00:05:20,550 --> 00:05:18,479

disclose anything

129

00:05:21,590 --> 00:05:20,560

truthfully stopped

130

00:05:24,390 --> 00:05:21,600

because

131

00:05:25,909 --> 00:05:24,400

1997 with the was the 50th anniversary

132

00:05:27,909 --> 00:05:25,919

of roswell

133

00:05:30,790 --> 00:05:27,919

and it seemed like things were going

134

00:05:33,029 --> 00:05:30,800

toward like maybe finally

135

00:05:34,950 --> 00:05:33,039

we're going to talk about roswell

136

00:05:37,510 --> 00:05:34,960

and so the plan to talk about roswell

137

00:05:40,469 --> 00:05:37,520

happened years before

138

00:05:44,550 --> 00:05:40,479

cia had a document about cia's

139

00:05:45,990 --> 00:05:44,560

involvement with ufos from 1947 to 1990

140

00:05:48,310 --> 00:05:46,000

right there

141

00:05:50,150 --> 00:05:48,320

and in seven years there was roswell the

142

00:05:53,510 --> 00:05:50,160

air force had a plan to disclose

143

00:05:56,629 --> 00:05:53,520

something about roswell when this alien

144

00:05:58,629 --> 00:05:56,639

dna was found in the human genome that

145

00:06:02,070 --> 00:05:58,639

stopped it because now it's not just

146

00:06:04,150 --> 00:06:02,080

about the craft and beings it's about

147

00:06:06,710 --> 00:06:04,160

who was in that craft

148

00:06:07,670 --> 00:06:06,720

and what is their relationship to us

149

00:06:10,230 --> 00:06:07,680

or

150

00:06:11,110 --> 00:06:10,240

if you believe that the grays are

151

00:06:14,390 --> 00:06:11,120

uh

152

00:06:17,110 --> 00:06:14,400

somewhat um a combination of organic

153

00:06:18,790 --> 00:06:17,120

plus artificial intelligence who created

154

00:06:20,950 --> 00:06:18,800

them

155

00:06:22,309 --> 00:06:20,960

and that's a conversation that we still

156

00:06:24,070 --> 00:06:22,319

can't have

157

00:06:26,070 --> 00:06:24,080

hopefully

158

00:06:28,469 --> 00:06:26,080

since the release of the tic-tac videos

159

00:06:29,670 --> 00:06:28,479

in 2017 where finally government says

160

00:06:31,350 --> 00:06:29,680

yeah there's something in our sky is

161

00:06:33,029 --> 00:06:31,360

flying that we can't explain

162

00:06:35,430 --> 00:06:33,039

the next thing they need to explain is

163

00:06:36,870 --> 00:06:35,440

who's flying it or from where are they

164

00:06:38,550 --> 00:06:36,880

remotely

165

00:06:40,790 --> 00:06:38,560

flown from somewhere else some other

166

00:06:43,270 --> 00:06:40,800

ship or

167

00:06:46,150 --> 00:06:43,280

who's behind that craft

168

00:06:48,390 --> 00:06:46,160

and there you go back to like

169

00:06:50,790 --> 00:06:48,400

who are these people who are they where

170

00:06:53,670 --> 00:06:50,800

they come from why are they here

171

00:06:55,029 --> 00:06:53,680

why are they interacting with us

172

00:06:57,510 --> 00:06:55,039

along those lines that we have a

173

00:06:59,589 --> 00:06:57,520

question from sean murphy john do you

174

00:07:03,029 --> 00:06:59,599

think some people in the us government

175

00:07:04,870 --> 00:07:03,039

apparatus truly know what uap are

176
00:07:06,790 --> 00:07:04,880
yes

177
00:07:09,510 --> 00:07:06,800
what makes you think that

178
00:07:11,029 --> 00:07:09,520
uh because

179
00:07:12,390 --> 00:07:11,039
they

180
00:07:13,350 --> 00:07:12,400
have

181
00:07:15,270 --> 00:07:13,360
made

182
00:07:17,350 --> 00:07:15,280
hints

183
00:07:21,430 --> 00:07:17,360
about

184
00:07:23,990 --> 00:07:21,440
they have more data than that what then

185
00:07:27,830 --> 00:07:24,000
that was revealed

186
00:07:30,309 --> 00:07:27,840
and in fact uh one of the

187
00:07:32,150 --> 00:07:30,319
former directors either the dni

188
00:07:34,469 --> 00:07:32,160

ratcliffe or

189

00:07:35,270 --> 00:07:34,479

one of the former cia directors stated

190

00:07:37,189 --> 00:07:35,280

that

191

00:07:39,189 --> 00:07:37,199

we have a lot more

192

00:07:42,550 --> 00:07:39,199

data

193

00:07:43,749 --> 00:07:42,560

that we haven't even shown yet

194

00:07:45,510 --> 00:07:43,759

so

195

00:07:46,790 --> 00:07:45,520

and lewis says that as well that there's

196

00:07:50,070 --> 00:07:46,800

more data

197

00:07:51,909 --> 00:07:50,080

there's a 23 minute video

198

00:07:52,629 --> 00:07:51,919

i wish i could see it

199

00:07:55,749 --> 00:07:52,639

so

200

00:07:56,950 --> 00:07:55,759

i do believe that there's a lot more

201
00:07:59,430 --> 00:07:56,960
coming

202
00:08:03,189 --> 00:07:59,440
but they need to schedule

203
00:08:09,350 --> 00:08:05,909
they need to talk about the uaps

204
00:08:12,629 --> 00:08:10,070
where

205
00:08:14,950 --> 00:08:12,639
the uaps came from

206
00:08:16,790 --> 00:08:14,960
and who's flying them

207
00:08:17,990 --> 00:08:16,800
but to get to there

208
00:08:19,909 --> 00:08:18,000
uh

209
00:08:23,189 --> 00:08:19,919
it's a long road ahead

210
00:08:24,790 --> 00:08:23,199
so every 180 days uh starting this june

211
00:08:28,070 --> 00:08:24,800
of 2022

212
00:08:30,309 --> 00:08:28,080
to september of 2026 every 180 days

213
00:08:33,350 --> 00:08:30,319

twice a year we're going to get more and

214

00:08:35,110 --> 00:08:33,360

more and more information

215

00:08:37,509 --> 00:08:35,120

jordan wants to know there is some

216

00:08:39,990 --> 00:08:37,519

evidence to suggest uap have

217

00:08:41,829 --> 00:08:40,000

characteristics of plasma what are your

218

00:08:42,709 --> 00:08:41,839

thoughts on this

219

00:08:45,430 --> 00:08:42,719

um

220

00:08:48,310 --> 00:08:45,440

i'm not a physicist when you say plasma

221

00:08:49,670 --> 00:08:48,320

my definition of plasma may not

222

00:08:52,070 --> 00:08:49,680

meet the

223

00:08:54,790 --> 00:08:52,080

scientific test

224

00:08:56,630 --> 00:08:54,800

but to me it's like an ionization of

225

00:09:02,949 --> 00:08:56,640

free electrons

226

00:09:04,230 --> 00:09:02,959

uh that caused this effect to occur

227

00:09:06,470 --> 00:09:04,240

and

228

00:09:10,949 --> 00:09:06,480

so that gets detected

229

00:09:18,389 --> 00:09:13,509

so when we first saw the orbs that's

230

00:09:23,030 --> 00:09:20,710

for me that's that's something

231

00:09:25,269 --> 00:09:23,040

i'll share on this as you say i'm i'm no

232

00:09:27,829 --> 00:09:25,279

physicist scientist i'm very much

233

00:09:29,430 --> 00:09:27,839

nothing of anything but you have an

234

00:09:31,030 --> 00:09:29,440

understanding of how these things might

235

00:09:32,790 --> 00:09:31,040

work in your own head and for me you

236

00:09:35,910 --> 00:09:32,800

talk about plasma you maybe think of

237

00:09:38,389 --> 00:09:35,920

orbs and objects being made of materials

238

00:09:40,389 --> 00:09:38,399

that wouldn't necessarily create a craft

239

00:09:41,829 --> 00:09:40,399

or be able to be flown or manufactured

240

00:09:44,389 --> 00:09:41,839

in that sort of way

241

00:09:46,790 --> 00:09:44,399

and when you talk about orbs being made

242

00:09:48,710 --> 00:09:46,800

of materials like potentially plasma or

243

00:09:49,910 --> 00:09:48,720

light what would the purpose of that be

244

00:09:52,790 --> 00:09:49,920

how does that come about does that

245

00:09:54,230 --> 00:09:52,800

suggest they're sentient themselves

246

00:09:56,710 --> 00:09:54,240

um i

247

00:09:58,790 --> 00:09:56,720

the way i answer that is based on my

248

00:10:01,430 --> 00:09:58,800

personal experience

249

00:10:02,389 --> 00:10:01,440

the plasma is not

250

00:10:05,590 --> 00:10:02,399

what

251
00:10:08,870 --> 00:10:05,600
the craft is made out of

252
00:10:10,710 --> 00:10:08,880
the plasma is an artifact of the craft's

253
00:10:12,389 --> 00:10:10,720
presence

254
00:10:13,590 --> 00:10:12,399
in our

255
00:10:15,750 --> 00:10:13,600
airspace

256
00:10:17,110 --> 00:10:15,760
or in space

257
00:10:20,710 --> 00:10:17,120
that

258
00:10:22,870 --> 00:10:20,720
it's not a craft of plasma but plasma

259
00:10:25,990 --> 00:10:22,880
happens around it

260
00:10:28,230 --> 00:10:26,000
when they come into our view

261
00:10:32,150 --> 00:10:28,240
that's the way i interpret it that it

262
00:10:35,190 --> 00:10:32,160
generates plasma not made of plasma

263
00:10:36,630 --> 00:10:35,200

and so the terrestrial explanation i can

264

00:10:39,190 --> 00:10:36,640

give you

265

00:10:42,870 --> 00:10:39,200

is that there was a lot of research

266

00:10:45,269 --> 00:10:42,880

about something called plasma stealth

267

00:10:47,990 --> 00:10:45,279

plasma stealth generators

268

00:10:50,310 --> 00:10:48,000

something you can attach on an aircraft

269

00:10:51,990 --> 00:10:50,320

to create this plasma

270

00:10:53,430 --> 00:10:52,000

cloud if you will

271

00:10:55,750 --> 00:10:53,440

that will

272

00:10:57,590 --> 00:10:55,760

make it less detectable so certain

273

00:11:00,310 --> 00:10:57,600

wavelengths of radar

274

00:11:03,829 --> 00:11:00,320

that's something the us looked at that's

275

00:11:08,069 --> 00:11:03,839

something the soviet union looked at

276
00:11:09,269 --> 00:11:08,079
so happens that the soviet union

277
00:11:09,990 --> 00:11:09,279
went with

278
00:11:13,030 --> 00:11:10,000
the

279
00:11:16,069 --> 00:11:13,040
plasma generator and we went with just

280
00:11:17,030 --> 00:11:16,079
creating faceted aircraft

281
00:11:19,030 --> 00:11:17,040
with

282
00:11:20,949 --> 00:11:19,040
materials known as radar absorbing

283
00:11:23,590 --> 00:11:20,959
materials

284
00:11:24,870 --> 00:11:23,600
we went that way both countries

285
00:11:26,310 --> 00:11:24,880
looked at both

286
00:11:29,350 --> 00:11:26,320
and we thought that

287
00:11:31,670 --> 00:11:29,360
just making pla a faceted aircraft is a

288
00:11:33,750 --> 00:11:31,680

lot easier to do the russians thought

289

00:11:35,910 --> 00:11:33,760

that no that's too hard to do let's just

290

00:11:38,150 --> 00:11:35,920

do the plasma stealth generator because

291

00:11:40,790 --> 00:11:38,160

then we can make every airplane

292

00:11:42,710 --> 00:11:40,800

plasma stealth we can attach generators

293

00:11:44,069 --> 00:11:42,720

to them

294

00:11:46,069 --> 00:11:44,079

so

295

00:11:47,269 --> 00:11:46,079

again the plasma

296

00:11:49,910 --> 00:11:47,279

is not

297

00:11:52,150 --> 00:11:49,920

the mig-31 or mig-29

298

00:11:54,870 --> 00:11:52,160

the mig-29 mig-31

299

00:11:56,790 --> 00:11:54,880

they are the mig-29 and mig-31 but with

300

00:11:58,069 --> 00:11:56,800

the plasma stealth generator

301
00:12:00,310 --> 00:11:58,079
um

302
00:12:02,790 --> 00:12:00,320
to our sensors it looks like

303
00:12:04,870 --> 00:12:02,800
plasma cloud and then

304
00:12:07,509 --> 00:12:04,880
uh two radar sensors uh will be

305
00:12:10,150 --> 00:12:07,519
difficult to detect on radar

306
00:12:11,750 --> 00:12:10,160
sure thanks for clearing that up um the

307
00:12:14,230 --> 00:12:11,760
next part again you say you're not a

308
00:12:16,230 --> 00:12:14,240
physicist necessarily but jordan wants

309
00:12:18,230 --> 00:12:16,240
to know is there evidence to suggest

310
00:12:23,190 --> 00:12:18,240
that the hitchhiker effect is related to

311
00:12:26,790 --> 00:12:25,269
i don't know um

312
00:12:28,310 --> 00:12:26,800
boy that's a good question for a real

313
00:12:30,470 --> 00:12:28,320

physicist

314

00:12:32,310 --> 00:12:30,480

i i have not

315

00:12:34,710 --> 00:12:32,320

resolved in my head

316

00:12:36,389 --> 00:12:34,720

what causes the hitchhiker effect

317

00:12:38,870 --> 00:12:36,399

other than it has something to do with

318

00:12:40,550 --> 00:12:38,880

the initial exposure

319

00:12:42,550 --> 00:12:40,560

and

320

00:12:44,790 --> 00:12:42,560

i cannot explain

321

00:12:46,870 --> 00:12:44,800

how you can go to skinwalker ranch in

322

00:12:48,949 --> 00:12:46,880

utah

323

00:12:50,389 --> 00:12:48,959

and bring that effect back home to

324

00:12:52,949 --> 00:12:50,399

washington dc

325

00:12:54,550 --> 00:12:52,959

as was uh described

326

00:12:56,870 --> 00:12:54,560

in the

327

00:13:00,389 --> 00:12:56,880

skinwalkers of the pentagon book i don't

328

00:13:04,069 --> 00:13:01,910

it's i think it's a very intriguing and

329

00:13:05,190 --> 00:13:04,079

incredible part of the phenomenon but as

330

00:13:07,190 --> 00:13:05,200

you say it's one of the lesser

331

00:13:09,190 --> 00:13:07,200

understood lesser less unknown aspects

332

00:13:11,590 --> 00:13:09,200

and i think given the the personal

333

00:13:13,269 --> 00:13:11,600

nature of it as well it really is up to

334

00:13:15,590 --> 00:13:13,279

the individual to come out and and tell

335

00:13:17,910 --> 00:13:15,600

their story and and again that that

336

00:13:20,710 --> 00:13:17,920

relies on evidence or lack thereof

337

00:13:23,430 --> 00:13:20,720

doesn't it um george that himself shared

338

00:13:25,350 --> 00:13:23,440

on on my podcast his own experience to

339

00:13:26,870 --> 00:13:25,360

an extent and he mentioned his wife was

340

00:13:27,829 --> 00:13:26,880

part of that but obviously for those

341

00:13:29,590 --> 00:13:27,839

reasons

342

00:13:31,750 --> 00:13:29,600

they stopped short of going into detail

343

00:13:33,590 --> 00:13:31,760

because it affects someone else like his

344

00:13:35,590 --> 00:13:33,600

wife and you can appreciate that that

345

00:13:38,069 --> 00:13:35,600

relationship yeah

346

00:13:40,470 --> 00:13:38,079

um next questions from ash who ran the

347

00:13:42,470 --> 00:13:40,480

ufo minicon last year and preston

348

00:13:44,389 --> 00:13:42,480

attended that was a lot of fun um ash

349

00:13:46,069 --> 00:13:44,399

says in your recent presentation you

350

00:13:48,389 --> 00:13:46,079

gave on the project unity youtube

351
00:13:51,030 --> 00:13:48,399
channel you mentioned the importance of

352
00:13:53,269 --> 00:13:51,040
the raf flying dales radar

353
00:13:55,350 --> 00:13:53,279
in the uk and they can see a kind of

354
00:13:57,750 --> 00:13:55,360
coke three thousand miles away

355
00:14:00,389 --> 00:13:57,760
are you aware are able to comment on any

356
00:14:02,790 --> 00:14:00,399
other uk based infrastructure or bases

357
00:14:04,230 --> 00:14:02,800
that are also worthy of closer scrutiny

358
00:14:06,550 --> 00:14:04,240
when it comes to their potential

359
00:14:09,829 --> 00:14:06,560
involvement with the uap topic

360
00:14:14,069 --> 00:14:09,839
well i know that the pave paul's radar

361
00:14:16,389 --> 00:14:14,829
has

362
00:14:19,030 --> 00:14:16,399
detected

363
00:14:23,189 --> 00:14:21,269

and i know that the

364

00:14:26,310 --> 00:14:23,199

filing dale's radar

365

00:14:27,670 --> 00:14:26,320

is of a similar model to the u.s pave

366

00:14:29,509 --> 00:14:27,680

paul's radar

367

00:14:30,629 --> 00:14:29,519

so that's the association between the

368

00:14:33,189 --> 00:14:30,639

two

369

00:14:33,990 --> 00:14:33,199

i don't know if there's anything that

370

00:14:37,189 --> 00:14:34,000

the

371

00:14:39,509 --> 00:14:37,199

ministry of defense might have

372

00:14:41,189 --> 00:14:39,519

that's a good question for

373

00:14:42,550 --> 00:14:41,199

baroness goldie

374

00:14:44,629 --> 00:14:42,560

she might know

375

00:14:46,949 --> 00:14:44,639

but i don't i don't know what else the

376

00:14:50,150 --> 00:14:46,959

uk might have

377

00:14:53,350 --> 00:14:50,160

uh that can detect craft at long ranges

378

00:14:56,230 --> 00:14:53,360

like that especially over the poles over

379

00:14:58,310 --> 00:14:56,240

the arctic circle

380

00:15:00,870 --> 00:14:58,320

in your opinion john let me ask on that

381

00:15:02,870 --> 00:15:00,880

from from a uk point of view why do you

382

00:15:04,069 --> 00:15:02,880

think as someone who's clearly not from

383

00:15:09,030 --> 00:15:04,079

the uk

384

00:15:11,030 --> 00:15:09,040

don't seem to have anywhere near the

385

00:15:12,870 --> 00:15:11,040

interest that the united states has in

386

00:15:14,710 --> 00:15:12,880

the subject and topic

387

00:15:15,590 --> 00:15:14,720

so they say

388

00:15:19,430 --> 00:15:15,600

well

389

00:15:22,069 --> 00:15:19,440
so they say so i think in the u.s

390

00:15:24,069 --> 00:15:22,079
because roswell was a

391

00:15:27,189 --> 00:15:24,079
an american incident

392

00:15:29,670 --> 00:15:27,199
happening on u.s soil and because the

393

00:15:31,670 --> 00:15:29,680
original arnold siting

394

00:15:35,590 --> 00:15:31,680
was in u.s airspace

395

00:15:40,389 --> 00:15:38,069
taken a greater interest in it

396

00:15:41,670 --> 00:15:40,399
but other countries have also

397

00:15:43,829 --> 00:15:41,680
had

398

00:15:45,030 --> 00:15:43,839
these types of

399

00:15:51,509 --> 00:15:45,040
encounters

400

00:15:53,189 --> 00:15:51,519
but i think in the uk i don't know why

401
00:15:54,629 --> 00:15:53,199
they do not

402
00:15:55,910 --> 00:15:54,639
want to talk about it they kind of

403
00:15:58,389 --> 00:15:55,920
dismiss it

404
00:16:00,949 --> 00:15:58,399
maybe they're just following our lead

405
00:16:03,509 --> 00:16:00,959
and waiting to see what we do

406
00:16:09,110 --> 00:16:05,509
i find that very interesting that there

407
00:16:12,790 --> 00:16:09,120
isn't a more open dialogue

408
00:16:15,749 --> 00:16:12,800
by the uk government on this phenomena

409
00:16:17,350 --> 00:16:15,759
having said that i have interfaced in my

410
00:16:19,910 --> 00:16:17,360
career

411
00:16:21,749 --> 00:16:19,920
with ministry of defense analysts who

412
00:16:23,590 --> 00:16:21,759
are also studying

413
00:16:27,350 --> 00:16:23,600

not uaps or anything like that but

414

00:16:29,910 --> 00:16:27,360

studying the same radars that i studied

415

00:16:33,030 --> 00:16:29,920

that have the capability of detecting

416

00:16:34,230 --> 00:16:33,040

uaps but that's never

417

00:16:35,670 --> 00:16:34,240

that has never come up in our

418

00:16:38,069 --> 00:16:35,680

conversations

419

00:16:39,670 --> 00:16:38,079

at all back then

420

00:16:41,910 --> 00:16:39,680

hopefully something that changes in the

421

00:16:44,389 --> 00:16:41,920

in the coming months let alone years and

422

00:16:45,269 --> 00:16:44,399

from a uk point of view

423

00:16:46,710 --> 00:16:45,279

yes

424

00:16:48,949 --> 00:16:46,720

hopefully something me and my colleagues

425

00:16:51,030 --> 00:16:48,959

as part of uap media if people in the uk

426

00:16:53,670 --> 00:16:51,040

want to check up on that and help with

427

00:16:55,350 --> 00:16:53,680

it if you're a uk citizen then certainly

428

00:16:58,150 --> 00:16:55,360

you don't have a freedom of information

429

00:17:00,389 --> 00:16:58,160

act in the uk that i know of there's no

430

00:17:02,629 --> 00:17:00,399

foia process

431

00:17:04,789 --> 00:17:02,639

is that true or not true i don't know

432

00:17:06,710 --> 00:17:04,799

and also you have something called the

433

00:17:07,750 --> 00:17:06,720

official secrets act which you don't

434

00:17:12,630 --> 00:17:07,760

have

435

00:17:15,110 --> 00:17:12,640

and um i'm i was concerned that um

436

00:17:16,789 --> 00:17:15,120

that minister patel

437

00:17:19,270 --> 00:17:16,799

wanted to

438

00:17:21,669 --> 00:17:19,280

extend the official secrets act on

439

00:17:23,750 --> 00:17:21,679

journalists i read that

440

00:17:25,750 --> 00:17:23,760

in the press and i think that's

441

00:17:27,510 --> 00:17:25,760

a disaster speaking as an american

442

00:17:29,270 --> 00:17:27,520

citizen i take

443

00:17:32,310 --> 00:17:29,280

our first amendment sometimes we take it

444

00:17:34,630 --> 00:17:32,320

for granted but we're we you know not

445

00:17:35,830 --> 00:17:34,640

everybody has the 10 10 bill of rights

446

00:17:37,750 --> 00:17:35,840

that we do

447

00:17:40,470 --> 00:17:37,760

and so uh something like the official

448

00:17:41,830 --> 00:17:40,480

secrets act would be disastrous for the

449

00:17:44,549 --> 00:17:41,840

us

450

00:17:46,470 --> 00:17:44,559

now we'll say this though

451
00:17:47,830 --> 00:17:46,480
recently well not recently but within

452
00:17:49,270 --> 00:17:47,840
the last

453
00:17:51,750 --> 00:17:49,280
over a decade

454
00:17:54,870 --> 00:17:51,760
there's a new classification

455
00:17:57,990 --> 00:17:54,880
that the government conjured up

456
00:17:59,270 --> 00:17:58,000
and it's called um

457
00:18:00,870 --> 00:17:59,280
controlled

458
00:18:03,430 --> 00:18:00,880
unclassified

459
00:18:04,710 --> 00:18:03,440
information

460
00:18:07,350 --> 00:18:04,720
cui

461
00:18:09,669 --> 00:18:07,360
so it's unclassified information

462
00:18:11,750 --> 00:18:09,679
but the government

463
00:18:14,630 --> 00:18:11,760

the us government would want to control

464

00:18:16,870 --> 00:18:14,640

that information now how what's the

465

00:18:18,710 --> 00:18:16,880

justification for controlling something

466

00:18:20,310 --> 00:18:18,720

that's unclassified

467

00:18:22,390 --> 00:18:20,320

unless you take that piece of

468

00:18:24,070 --> 00:18:22,400

unclassified information and you take

469

00:18:25,830 --> 00:18:24,080

another piece of unclassified

470

00:18:28,470 --> 00:18:25,840

information and others and all of a

471

00:18:30,390 --> 00:18:28,480

sudden you get a complete story that

472

00:18:32,150 --> 00:18:30,400

might be classified

473

00:18:34,310 --> 00:18:32,160

and so that's the closest thing to an

474

00:18:36,150 --> 00:18:34,320

official secrets act that we have

475

00:18:38,950 --> 00:18:36,160

that they're trying to control the flow

476

00:18:42,310 --> 00:18:38,960
of unclassified information

477

00:18:44,310 --> 00:18:42,320
and i think it's a

478

00:18:46,070 --> 00:18:44,320
i think it's an abridgement on our our

479

00:18:47,830 --> 00:18:46,080
civil liberties actually

480

00:18:49,430 --> 00:18:47,840
yeah it's an interest for us it's

481

00:18:51,110 --> 00:18:49,440
interesting you see that that putting

482

00:18:52,630 --> 00:18:51,120
together that jigsaw would would give

483

00:18:54,870 --> 00:18:52,640
you a complete picture that could be

484

00:18:57,110 --> 00:18:54,880
classified you may hear of an example of

485

00:18:58,789 --> 00:18:57,120
an event that happened in a place

486

00:18:59,990 --> 00:18:58,799
and then separately there may be a video

487

00:19:01,430 --> 00:19:00,000
where you don't know where the video is

488

00:19:04,230 --> 00:19:01,440

from and then there could be

489

00:19:05,990 --> 00:19:04,240

corroborating sources and stories but

490

00:19:07,669 --> 00:19:06,000

actually what you find out is the people

491

00:19:09,990 --> 00:19:07,679

filming that video should not have been

492

00:19:11,510 --> 00:19:10,000

in the place they were so you can't put

493

00:19:13,190 --> 00:19:11,520

that information together to give that

494

00:19:15,430 --> 00:19:13,200

complete story because then that becomes

495

00:19:18,789 --> 00:19:15,440

classified yeah

496

00:19:21,430 --> 00:19:18,799

yeah exactly yes

497

00:19:26,230 --> 00:19:21,440

and all right yeah i just um no go on

498

00:19:31,510 --> 00:19:29,990

it's it's very difficult to do foias

499

00:19:33,110 --> 00:19:31,520

because of that

500

00:19:33,990 --> 00:19:33,120

um

501
00:19:35,590 --> 00:19:34,000
but

502
00:19:36,470 --> 00:19:35,600
shouldn't discourage people from doing

503
00:19:37,590 --> 00:19:36,480
so

504
00:19:39,430 --> 00:19:37,600
um

505
00:19:40,630 --> 00:19:39,440
one thing that doesn't work is

506
00:19:43,750 --> 00:19:40,640
bombarding

507
00:19:44,950 --> 00:19:43,760
the same agency with one foa after the

508
00:19:45,990 --> 00:19:44,960
other

509
00:19:49,270 --> 00:19:46,000
um

510
00:19:50,950 --> 00:19:49,280
and so i i was trying to help people do

511
00:19:53,510 --> 00:19:50,960
foias

512
00:19:56,230 --> 00:19:53,520
but um

513
00:19:58,390 --> 00:19:56,240

there's no timetable when they respond

514

00:20:00,070 --> 00:19:58,400

yeah so if you mention something that

515

00:20:01,350 --> 00:20:00,080

you've experienced that's unclassified

516

00:20:02,310 --> 00:20:01,360

because you personally experienced and

517

00:20:04,950 --> 00:20:02,320

you saw

518

00:20:06,870 --> 00:20:04,960

some craft up in your sky at a certain

519

00:20:08,310 --> 00:20:06,880

location a certain date and time

520

00:20:11,029 --> 00:20:08,320

if that craft

521

00:20:12,310 --> 00:20:11,039

matches a data point in the uap task

522

00:20:15,110 --> 00:20:12,320

force report

523

00:20:16,149 --> 00:20:15,120

uh you might not hear from them at all

524

00:20:17,909 --> 00:20:16,159

yeah

525

00:20:20,549 --> 00:20:17,919

i think john greenwald obviously the

526

00:20:23,270 --> 00:20:20,559

world's most famous foia activist um

527

00:20:24,950 --> 00:20:23,280

recently had a request of has sent back

528

00:20:27,190 --> 00:20:24,960

after years of waiting on i think he

529

00:20:29,110 --> 00:20:27,200

forgot he'd sent it to be honest so yeah

530

00:20:31,430 --> 00:20:29,120

but again john does a lot of good work

531

00:20:33,669 --> 00:20:31,440

in that field and others should do too

532

00:20:35,750 --> 00:20:33,679

next question john brian wants to know

533

00:20:37,909 --> 00:20:35,760

you mentioned that someone in the cia

534

00:20:40,549 --> 00:20:37,919

felt the mcminnville ufo photos were

535

00:20:42,630 --> 00:20:40,559

legitimate pictures of a ufo

536

00:20:44,470 --> 00:20:42,640

why did they feel so certain and is

537

00:20:47,110 --> 00:20:44,480

there data on that case that the public

538

00:20:49,669 --> 00:20:47,120

do not have access to you are aware of

539

00:20:51,590 --> 00:20:49,679

again it's this exact same meeting where

540

00:20:53,830 --> 00:20:51,600

i heard about alien dna

541

00:20:55,669 --> 00:20:53,840

and the discussion on the mcminnville

542

00:20:57,029 --> 00:20:55,679

ufo

543

00:21:00,830 --> 00:20:57,039

preceded

544

00:21:03,990 --> 00:21:00,840

the alien dna discussion by the

545

00:21:07,830 --> 00:21:04,000

briefers and they didn't present any

546

00:21:10,789 --> 00:21:07,840

evidence that cia had

547

00:21:14,630 --> 00:21:10,799

but they did say that this is a real ufo

548

00:21:16,470 --> 00:21:14,640

that has not been debunked

549

00:21:19,110 --> 00:21:16,480

and they pointed out

550

00:21:21,350 --> 00:21:19,120

this briefers pointed out remember that

551
00:21:23,669 --> 00:21:21,360
the u2 aircraft

552
00:21:25,590 --> 00:21:23,679
flew in 1955

553
00:21:27,830 --> 00:21:25,600
the very first flight

554
00:21:29,510 --> 00:21:27,840
was 1955.

555
00:21:31,830 --> 00:21:29,520
we didn't have

556
00:21:33,430 --> 00:21:31,840
anything like mcmenville flying at the

557
00:21:36,310 --> 00:21:33,440
time

558
00:21:38,710 --> 00:21:36,320
we had fixed wing aircraft

559
00:21:40,549 --> 00:21:38,720
flying at the time

560
00:21:42,789 --> 00:21:40,559
so

561
00:21:45,590 --> 00:21:42,799
that's all i can say again it's another

562
00:21:46,789 --> 00:21:45,600
instance where they told me things with

563
00:21:48,630 --> 00:21:46,799

no evidence

564

00:21:51,830 --> 00:21:48,640

because of

565

00:21:54,310 --> 00:21:51,840

the stature of the briefer i took it on

566

00:21:56,710 --> 00:21:54,320

face value

567

00:21:57,750 --> 00:21:56,720

and stored it away in my head all these

568

00:22:00,070 --> 00:21:57,760

years

569

00:22:03,029 --> 00:22:00,080

until just recently i started talking

570

00:22:06,390 --> 00:22:03,039

about it thanks to the fact that

571

00:22:08,390 --> 00:22:06,400

as of december 2017

572

00:22:11,029 --> 00:22:08,400

we can have a more open discussion about

573

00:22:13,190 --> 00:22:11,039

this a lot of things uh were no longer

574

00:22:15,110 --> 00:22:13,200

classified that may have been classified

575

00:22:17,669 --> 00:22:15,120

so i put that in there

576
00:22:19,909 --> 00:22:17,679
in my slide thinking okay

577
00:22:22,710 --> 00:22:19,919
if this is classified

578
00:22:25,430 --> 00:22:22,720
redacted it didn't get redacted

579
00:22:27,990 --> 00:22:25,440
i would say this though prior to

580
00:22:30,549 --> 00:22:28,000
me presenting those slides i wrote to

581
00:22:31,590 --> 00:22:30,559
cia telling them i'm going to present

582
00:22:36,870 --> 00:22:31,600
slides

583
00:22:40,470 --> 00:22:36,880
alien dna and i told them the names of

584
00:22:42,070 --> 00:22:40,480
the officers that were there

585
00:22:44,710 --> 00:22:42,080
and right there they could have come

586
00:22:46,390 --> 00:22:44,720
back to me in an email prior to me

587
00:22:47,590 --> 00:22:46,400
submitting the slide saying oh you can't

588
00:22:50,630 --> 00:22:47,600

say that

589

00:22:52,070 --> 00:22:50,640

it's classified and what they said was

590

00:22:53,669 --> 00:22:52,080

we're very interested in senior

591

00:22:55,830 --> 00:22:53,679

slideshow

592

00:22:57,270 --> 00:22:55,840

send it to us and and we'll get it back

593

00:23:00,310 --> 00:22:57,280

to you oh by the way how fast do you

594

00:23:03,190 --> 00:23:01,990

and that's that's been a benefit to us

595

00:23:04,630 --> 00:23:03,200

having you having you have these

596

00:23:05,590 --> 00:23:04,640

conversations because people want to

597

00:23:07,430 --> 00:23:05,600

hear it

598

00:23:09,990 --> 00:23:07,440

something that's been said by a few

599

00:23:12,789 --> 00:23:10,000

people recently uh frank melbourne dr

600

00:23:15,270 --> 00:23:12,799

michael masters uh ross coulthart and

601
00:23:17,270 --> 00:23:15,280
yourself there's been a a chatter and

602
00:23:19,590 --> 00:23:17,280
one of the buzz buzz terms in the last

603
00:23:21,830 --> 00:23:19,600
few months in the world of ufos has been

604
00:23:23,830 --> 00:23:21,840
future cataclysms

605
00:23:25,990 --> 00:23:23,840
ian had the question that you've spoken

606
00:23:27,590 --> 00:23:26,000
about messages from beings is this

607
00:23:29,669 --> 00:23:27,600
something that has ever been discussed

608
00:23:31,830 --> 00:23:29,679
or imparted to you information about

609
00:23:33,190 --> 00:23:31,840
potential future cataclysms not

610
00:23:34,830 --> 00:23:33,200
officially

611
00:23:37,669 --> 00:23:34,840
no one from the u.s

612
00:23:40,149 --> 00:23:37,679
government has informed me that there is

613
00:23:42,789 --> 00:23:40,159

a future cataclysm happening

614

00:23:44,950 --> 00:23:42,799

so i don't know what sources they

615

00:23:47,269 --> 00:23:44,960

receive that information from

616

00:23:48,149 --> 00:23:47,279

my source was again

617

00:23:49,669 --> 00:23:48,159

through

618

00:23:52,950 --> 00:23:49,679

deep meditation

619

00:23:56,470 --> 00:23:52,960

that something is going to occur

620

00:23:59,110 --> 00:23:56,480

if it's a catechism or not i don't know

621

00:24:01,750 --> 00:23:59,120

i'm hoping it's not something that

622

00:24:03,750 --> 00:24:01,760

can be an existential threat existential

623

00:24:04,870 --> 00:24:03,760

threat to our existence you know i i

624

00:24:07,430 --> 00:24:04,880

don't want that

625

00:24:08,870 --> 00:24:07,440

but if it's something that requires

626
00:24:12,070 --> 00:24:08,880
an intervention

627
00:24:14,470 --> 00:24:12,080
by these beings for the earth's benefit

628
00:24:16,470 --> 00:24:14,480
uh i welcome that

629
00:24:17,590 --> 00:24:16,480
but that's not gonna happen

630
00:24:19,269 --> 00:24:17,600
unless

631
00:24:22,710 --> 00:24:19,279
the government and other governments

632
00:24:25,350 --> 00:24:22,720
acknowledge the presence of these beings

633
00:24:27,350 --> 00:24:25,360
so again that's a lot of dots out there

634
00:24:29,269 --> 00:24:27,360
with a lot of dashed lines

635
00:24:30,789 --> 00:24:29,279
and some of them are very very faint

636
00:24:31,590 --> 00:24:30,799
dashed lines

637
00:24:34,470 --> 00:24:31,600
but

638
00:24:35,430 --> 00:24:34,480

one must think about why now

639

00:24:38,149 --> 00:24:35,440

why

640

00:24:39,830 --> 00:24:38,159

has there been such a push

641

00:24:41,990 --> 00:24:39,840

by the government

642

00:24:45,110 --> 00:24:42,000

to release information

643

00:24:47,830 --> 00:24:45,120

at the speed of government which

644

00:24:49,190 --> 00:24:47,840

is like real slow but it's still

645

00:24:50,310 --> 00:24:49,200

happening

646

00:24:51,909 --> 00:24:50,320

so

647

00:24:54,390 --> 00:24:51,919

three videos were released by the

648

00:24:56,230 --> 00:24:54,400

pentagon

649

00:24:58,870 --> 00:24:56,240

and then we have

650

00:25:01,909 --> 00:24:58,880

a flurry of people coming forward

651
00:25:04,789 --> 00:25:01,919
like jim semivam from cia

652
00:25:07,029 --> 00:25:04,799
myself and others

653
00:25:08,710 --> 00:25:07,039
who've come forward

654
00:25:11,590 --> 00:25:08,720
and talked about this entire subject

655
00:25:13,750 --> 00:25:11,600
matter where like 10 years ago

656
00:25:15,990 --> 00:25:13,760
that wouldn't have happened at all

657
00:25:18,230 --> 00:25:16,000
so something is accelerating

658
00:25:20,310 --> 00:25:18,240
the narrative to where

659
00:25:23,669 --> 00:25:20,320
even april haynes the dni the sitting

660
00:25:26,070 --> 00:25:23,679
dni use the word extraterrestrially

661
00:25:28,149 --> 00:25:26,080
so why is this happening why why is

662
00:25:30,710 --> 00:25:28,159
there an ndaa

663
00:25:32,630 --> 00:25:30,720

by a senator who sits on the senate

664

00:25:35,029 --> 00:25:32,640

armed services committee

665

00:25:37,590 --> 00:25:35,039

who may have been briefed

666

00:25:39,269 --> 00:25:37,600

at a much deeper and higher level than

667

00:25:41,830 --> 00:25:39,279

any of us

668

00:25:44,870 --> 00:25:41,840

why is that provision in there in the

669

00:25:47,190 --> 00:25:44,880

ndaa so i'm just putting a lot of dots

670

00:25:48,710 --> 00:25:47,200

out there and just drawing very very

671

00:25:51,190 --> 00:25:48,720

faint lines

672

00:25:54,630 --> 00:25:51,200

that someone knows something but i

673

00:25:56,470 --> 00:25:54,640

personally i've never been told anything

674

00:25:58,470 --> 00:25:56,480

from officially from the government

675

00:25:59,750 --> 00:25:58,480

no of course let me put on my skeptics

676

00:26:02,070 --> 00:25:59,760

hat for a minute which i'll wear from

677

00:26:05,350 --> 00:26:02,080

time to time um just for the purposes of

678

00:26:06,390 --> 00:26:05,360

trying to be a balanced interviewer um

679

00:26:08,310 --> 00:26:06,400

if

680

00:26:11,669 --> 00:26:08,320

and in the current climate we live in

681

00:26:13,510 --> 00:26:11,679

drones are not only commercial

682

00:26:15,110 --> 00:26:13,520

but they are incredible what they can

683

00:26:16,630 --> 00:26:15,120

and they can do as you go up the price

684

00:26:18,870 --> 00:26:16,640

ranges and no doubt the militaries

685

00:26:21,830 --> 00:26:18,880

around the world especially russia china

686

00:26:23,590 --> 00:26:21,840

and the us have some pretty incredible

687

00:26:25,029 --> 00:26:23,600

drone technology that would be

688

00:26:27,909 --> 00:26:25,039

mind-blowing

689

00:26:30,390 --> 00:26:27,919

is there a chance that a lot of

690

00:26:32,149 --> 00:26:30,400

what is happening with this ndaa while

691

00:26:35,110 --> 00:26:32,159

under the guise of uap

692

00:26:37,590 --> 00:26:35,120

is because of potentially unknown drone

693

00:26:39,110 --> 00:26:37,600

threats from from other superpowers

694

00:26:42,070 --> 00:26:39,120

where do you think the likelihood is

695

00:26:44,149 --> 00:26:42,080

that again you mentioned those 144 cases

696

00:26:46,789 --> 00:26:44,159

earlier one was a balloon three videos

697

00:26:48,630 --> 00:26:46,799

140 cases still unexplained

698

00:26:51,110 --> 00:26:48,640

is there a chance that a large number of

699

00:26:53,830 --> 00:26:51,120

those are just unknown drone

700

00:26:55,029 --> 00:26:53,840

technologies

701
00:26:58,870 --> 00:26:55,039
without

702
00:27:00,390 --> 00:26:58,880
more amplifying data on what those 140

703
00:27:01,430 --> 00:27:00,400
vehicles did

704
00:27:03,590 --> 00:27:01,440
it's

705
00:27:05,830 --> 00:27:03,600
hard to answer that question

706
00:27:07,669 --> 00:27:05,840
did they exhibit the five observables i

707
00:27:10,070 --> 00:27:07,679
mean they didn't even address the five

708
00:27:11,830 --> 00:27:10,080
observables in the

709
00:27:13,269 --> 00:27:11,840
preliminary assessment released by the

710
00:27:15,510 --> 00:27:13,279
dni

711
00:27:17,029 --> 00:27:15,520
that's why i want more information about

712
00:27:19,269 --> 00:27:17,039
what they saw

713
00:27:20,950 --> 00:27:19,279

you don't have to tell me

714

00:27:22,310 --> 00:27:20,960

how we got the information you don't

715

00:27:24,230 --> 00:27:22,320

have to reveal

716

00:27:25,830 --> 00:27:24,240

some super secret sensor that was able

717

00:27:28,149 --> 00:27:25,840

to detect these things i don't want to

718

00:27:31,110 --> 00:27:28,159

know that i just want to know

719

00:27:33,750 --> 00:27:31,120

why were the 140 of interest

720

00:27:36,470 --> 00:27:33,760

and were they just 140 or were they more

721

00:27:38,230 --> 00:27:36,480

than 140 this is just a subset of what

722

00:27:39,669 --> 00:27:38,240

you really know

723

00:27:42,870 --> 00:27:39,679

as far as

724

00:27:45,430 --> 00:27:42,880

looking at other countries capabilities

725

00:27:46,549 --> 00:27:45,440

we have a fairly robust the u.s

726

00:27:50,789 --> 00:27:46,559

government

727

00:27:52,789 --> 00:27:50,799

the five eyes

728

00:27:54,950 --> 00:27:52,799

all of our governments have a fairly

729

00:27:56,549 --> 00:27:54,960

robust intelligence collection

730

00:27:59,029 --> 00:27:56,559

capability

731

00:28:02,389 --> 00:27:59,039

across a full range of sensors where we

732

00:28:05,110 --> 00:28:02,399

say dc to daylight and beyond

733

00:28:07,350 --> 00:28:05,120

we cover acoustic under the water to

734

00:28:09,830 --> 00:28:07,360

like ultraviolet

735

00:28:11,430 --> 00:28:09,840

and these sensors are very very good

736

00:28:13,590 --> 00:28:11,440

and

737

00:28:15,909 --> 00:28:13,600

we would know

738

00:28:18,310 --> 00:28:15,919

including our technical sensors and i

739

00:28:19,430 --> 00:28:18,320

would say including

740

00:28:22,070 --> 00:28:19,440

sensitive

741

00:28:23,830 --> 00:28:22,080

and perishable

742

00:28:27,269 --> 00:28:23,840

human sources

743

00:28:29,510 --> 00:28:27,279

these are people who give us information

744

00:28:31,269 --> 00:28:29,520

illegally in their government to where

745

00:28:33,909 --> 00:28:31,279

if they were found to be given us

746

00:28:36,870 --> 00:28:33,919

information they would be executed those

747

00:28:40,950 --> 00:28:38,310

we would know

748

00:28:42,549 --> 00:28:40,960

what the nature of these uaps might be

749

00:28:44,630 --> 00:28:42,559

if there were drones they would say

750

00:28:46,630 --> 00:28:44,640

we're working on drone technology

751

00:28:48,070 --> 00:28:46,640

now can i just ask yes can i just ask

752

00:28:49,669 --> 00:28:48,080

sorry john i

753

00:28:52,230 --> 00:28:49,679

famously never interrupt but i just want

754

00:28:54,789 --> 00:28:52,240

to get your opinion on this now

755

00:28:56,549 --> 00:28:54,799

very recently there was a rocket that

756

00:28:59,029 --> 00:28:56,559

the chinese had launched that fell from

757

00:29:01,830 --> 00:28:59,039

space and basically landed on a road in

758

00:29:03,750 --> 00:29:01,840

rural china and chris mellon himself

759

00:29:05,830 --> 00:29:03,760

pointed to this as a reason that the

760

00:29:08,470 --> 00:29:05,840

chinese do not have the advanced

761

00:29:09,990 --> 00:29:08,480

capabilities that some of these uap are

762

00:29:13,110 --> 00:29:10,000

displaying and that's why you can

763

00:29:14,389 --> 00:29:13,120

discount china and russia but then mere

764

00:29:16,789 --> 00:29:14,399

weeks later

765

00:29:18,710 --> 00:29:16,799

on the news it was confirmed that china

766

00:29:21,350 --> 00:29:18,720

had flown a hypersonic missile around

767

00:29:23,909 --> 00:29:21,360

the earth and from the sources within

768

00:29:26,470 --> 00:29:23,919

those articles it seems the us had no

769

00:29:28,310 --> 00:29:26,480

idea this had happened and i found that

770

00:29:30,230 --> 00:29:28,320

a really interesting correlation that

771

00:29:32,070 --> 00:29:30,240

chris mellon on one hand

772

00:29:33,350 --> 00:29:32,080

very intelligent man very much in the

773

00:29:35,990 --> 00:29:33,360

know

774

00:29:38,470 --> 00:29:36,000

was downplaying china's capabilities but

775

00:29:40,389 --> 00:29:38,480

then in a few weeks time the us had no

776

00:29:43,029 --> 00:29:40,399

idea a hypersonic missile that china had

777

00:29:45,909 --> 00:29:43,039

developed had flew around the earth what

778

00:29:48,310 --> 00:29:45,919

would you say to that

779

00:29:52,470 --> 00:29:48,320

that could have happened

780

00:29:53,510 --> 00:29:52,480

to detect

781

00:29:57,909 --> 00:29:53,520

many

782

00:30:01,990 --> 00:29:57,919

research and development projects of a

783

00:30:03,830 --> 00:30:02,000

weapons nature both in russia and china

784

00:30:05,190 --> 00:30:03,840

we have that capability

785

00:30:07,350 --> 00:30:05,200

to say that

786

00:30:10,310 --> 00:30:07,360

we didn't know something happened

787

00:30:12,310 --> 00:30:10,320

is i would say disingenuous

788

00:30:13,669 --> 00:30:12,320

as to our real capabilities and maybe

789

00:30:17,830 --> 00:30:13,679

they say that

790

00:30:18,789 --> 00:30:17,840

sources and methods

791

00:30:20,470 --> 00:30:18,799

sure

792

00:30:22,870 --> 00:30:20,480

but

793

00:30:25,350 --> 00:30:22,880

it's no secret that we can collect

794

00:30:27,669 --> 00:30:25,360

signals intelligence we can connect

795

00:30:29,830 --> 00:30:27,679

collect communications intelligence

796

00:30:32,870 --> 00:30:29,840

imagery intelligence

797

00:30:36,070 --> 00:30:32,880

signature intelligence and the ir range

798

00:30:37,430 --> 00:30:36,080

uh this entire earth is blanketed

799

00:30:39,590 --> 00:30:37,440

by

800

00:30:41,990 --> 00:30:39,600

5i sensors

801
00:30:43,350 --> 00:30:42,000
and in fact in your own country

802
00:30:45,590 --> 00:30:43,360
and minworth hill

803
00:30:48,549 --> 00:30:45,600
is one of the huge mission ground

804
00:30:52,149 --> 00:30:48,559
stations associated with the nro

805
00:30:53,990 --> 00:30:52,159
nsa is the u.s partner with

806
00:30:56,630 --> 00:30:54,000
gchq

807
00:30:59,110 --> 00:30:56,640
at minworth hill

808
00:31:01,029 --> 00:30:59,120
and so there's a huge capability there

809
00:31:03,750 --> 00:31:01,039
looking over

810
00:31:05,750 --> 00:31:03,760
the russian land mass

811
00:31:08,470 --> 00:31:05,760
and then there's another huge capability

812
00:31:10,789 --> 00:31:08,480
in ross's home country of australia

813
00:31:13,029 --> 00:31:10,799

and everyone knows pine gap

814

00:31:14,870 --> 00:31:13,039

and they're looking at

815

00:31:16,310 --> 00:31:14,880

that part of the world

816

00:31:18,070 --> 00:31:16,320

detecting

817

00:31:20,950 --> 00:31:18,080

what the chinese might be up to in that

818

00:31:22,710 --> 00:31:20,960

part of the world and we have a really

819

00:31:23,430 --> 00:31:22,720

strong knowledge

820

00:31:25,590 --> 00:31:23,440

of

821

00:31:28,149 --> 00:31:25,600

foreign weapons capabilities

822

00:31:31,350 --> 00:31:28,159

we spend billions and billions of

823

00:31:33,190 --> 00:31:31,360

dollars for that and to tell me that

824

00:31:34,870 --> 00:31:33,200

a country did something that we didn't

825

00:31:36,710 --> 00:31:34,880

detect

826

00:31:38,630 --> 00:31:36,720

i don't believe it in a heartbeat

827

00:31:40,789 --> 00:31:38,640

because i've known other things that

828

00:31:42,070 --> 00:31:40,799

we've detected that have never appeared

829

00:31:44,789 --> 00:31:42,080

in the press

830

00:31:47,110 --> 00:31:44,799

never and that we were on top of it

831

00:31:50,710 --> 00:31:47,120

to the point that when we gathered this

832

00:31:52,630 --> 00:31:50,720

information and we had strategic arms

833

00:31:54,549 --> 00:31:52,640

talks with the russians

834

00:31:57,029 --> 00:31:54,559

we presented that evidence to the

835

00:31:58,470 --> 00:31:57,039

russians we know what you did quit lying

836

00:32:00,870 --> 00:31:58,480

to us

837

00:32:02,870 --> 00:32:00,880

they looked at the data and they knew

838

00:32:04,310 --> 00:32:02,880

that we had them

839

00:32:06,549 --> 00:32:04,320

we actually revealed to them to the

840

00:32:07,909 --> 00:32:06,559

point where okay you got us uh we'll

841

00:32:08,710 --> 00:32:07,919

exchange data

842

00:32:12,070 --> 00:32:08,720

uh

843

00:32:14,310 --> 00:32:12,080

so russian technicians came to cia

844

00:32:16,389 --> 00:32:14,320

and help us set up their lab equipment

845

00:32:18,310 --> 00:32:16,399

so that we can look at their data and

846

00:32:20,070 --> 00:32:18,320

our technicians went to the russian lab

847

00:32:22,149 --> 00:32:20,080

our counterparts so that they can look

848

00:32:24,710 --> 00:32:22,159

at our data

849

00:32:27,190 --> 00:32:24,720

and we inspect each other and we have

850

00:32:29,750 --> 00:32:27,200

like ability to once in a while we open

851
00:32:31,509 --> 00:32:29,760
up the silo so you they can count silos

852
00:32:34,389 --> 00:32:31,519
you can count our missiles in the silos

853
00:32:36,789 --> 00:32:34,399
we'll open it up here look count

854
00:32:39,430 --> 00:32:36,799
on ground inspections as well

855
00:32:42,149 --> 00:32:39,440
uh when i was at cia we actually sent a

856
00:32:43,990 --> 00:32:42,159
delegation of our officers to russia to

857
00:32:46,230 --> 00:32:44,000
look at their

858
00:32:48,389 --> 00:32:46,240
ballistic missile defense radars the

859
00:32:50,789 --> 00:32:48,399
radars that we study

860
00:32:52,389 --> 00:32:50,799
we looked at they came and

861
00:32:54,230 --> 00:32:52,399
i hear

862
00:32:56,549 --> 00:32:54,240
and maybe it's an open source now that

863
00:32:57,430 --> 00:32:56,559

actually we escorted them into

864

00:33:00,230 --> 00:32:57,440

uh

865

00:33:01,590 --> 00:33:00,240

the cheyenne mountain

866

00:33:04,710 --> 00:33:01,600

norad

867

00:33:06,950 --> 00:33:04,720

russian officers now think about that

868

00:33:09,430 --> 00:33:06,960

that's how close we are and again i told

869

00:33:11,269 --> 00:33:09,440

in my slide presentation another slide i

870

00:33:14,630 --> 00:33:11,279

thought would be redacted

871

00:33:17,269 --> 00:33:14,640

was the fact that cia and the

872

00:33:19,909 --> 00:33:17,279

technical officers our counterparts and

873

00:33:21,750 --> 00:33:19,919

the people's liberation army worked side

874

00:33:23,590 --> 00:33:21,760

by side

875

00:33:25,509 --> 00:33:23,600

we shared our technology with the

876

00:33:27,430 --> 00:33:25,519

chinese

877

00:33:28,630 --> 00:33:27,440

side by side

878

00:33:31,190 --> 00:33:28,640

that was not

879

00:33:33,669 --> 00:33:31,200

widely known at one time but now i can

880

00:33:36,149 --> 00:33:33,679

talk about it it didn't get redacted

881

00:33:39,029 --> 00:33:36,159

um so i don't buy that we don't know

882

00:33:40,789 --> 00:33:39,039

what's going on at all

883

00:33:42,870 --> 00:33:40,799

no thanks for that that's a good answer

884

00:33:45,110 --> 00:33:42,880

i like that and i i don't doubt that the

885

00:33:46,789 --> 00:33:45,120

us would downplay oh we didn't know that

886

00:33:48,710 --> 00:33:46,799

had happened when they clearly did

887

00:33:51,029 --> 00:33:48,720

because like you say it gives away

888

00:33:52,710 --> 00:33:51,039

certain intelligence sources as well

889

00:33:53,990 --> 00:33:52,720

which is incredibly important and

890

00:33:55,909 --> 00:33:54,000

sensitive

891

00:33:58,070 --> 00:33:55,919

bob's wants to know would you consider

892

00:34:00,230 --> 00:33:58,080

joining an organization like the galileo

893

00:34:01,029 --> 00:34:00,240

project if you were invited

894

00:34:03,590 --> 00:34:01,039

no

895

00:34:06,230 --> 00:34:03,600

because i don't want this to be a job

896

00:34:08,790 --> 00:34:06,240

okay uh this already feels like a job

897

00:34:10,629 --> 00:34:08,800

and uh when i retired i was hoping to

898

00:34:12,389 --> 00:34:10,639

retire comfortably

899

00:34:14,950 --> 00:34:12,399

and quietly

900

00:34:17,030 --> 00:34:14,960

and that no one know who i am uh that's

901
00:34:19,349 --> 00:34:17,040
ideal and i hope to get back to that i

902
00:34:21,349 --> 00:34:19,359
don't know if that genie can be placed

903
00:34:22,550 --> 00:34:21,359
back into that bottle

904
00:34:24,629 --> 00:34:22,560
but

905
00:34:27,270 --> 00:34:24,639
no i would not i think there's a place

906
00:34:29,669 --> 00:34:27,280
in the galileo project for those who are

907
00:34:31,349 --> 00:34:29,679
scientists

908
00:34:33,190 --> 00:34:31,359
i'm not a scientist

909
00:34:35,430 --> 00:34:33,200
in that sense i'm not a physicist you

910
00:34:37,990 --> 00:34:35,440
need a physicist you need

911
00:34:40,230 --> 00:34:38,000
those types of skills

912
00:34:41,589 --> 00:34:40,240
and the only skill i bring is signals

913
00:34:43,990 --> 00:34:41,599

analysis

914

00:34:45,750 --> 00:34:44,000

i can take a microwave receiver hook up

915

00:34:47,990 --> 00:34:45,760

some equipment and antenna with an

916

00:34:49,909 --> 00:34:48,000

oscilloscope and i can analyze radar

917

00:34:51,750 --> 00:34:49,919

signals and tell you the performance of

918

00:34:53,190 --> 00:34:51,760

that radar

919

00:34:55,909 --> 00:34:53,200

that's what i know and i don't know if

920

00:34:57,670 --> 00:34:55,919

they need that type of skill at all so i

921

00:34:59,190 --> 00:34:57,680

really don't want to do this as a job i

922

00:35:00,950 --> 00:34:59,200

look forward to the time where i'm not

923

00:35:03,349 --> 00:35:00,960

doing this anymore because i don't need

924

00:35:05,190 --> 00:35:03,359

to because the government told us what

925

00:35:06,710 --> 00:35:05,200

we need to know

926
00:35:08,790 --> 00:35:06,720
no i appreciate that

927
00:35:10,790 --> 00:35:08,800
stacy wants to know you mentioned on a

928
00:35:12,310 --> 00:35:10,800
podcast that certain bloodlines are

929
00:35:14,230 --> 00:35:12,320
tracked i think you touched on us a

930
00:35:17,109 --> 00:35:14,240
little bit earlier why do you think

931
00:35:19,109 --> 00:35:17,119
bloodlines are tracked and by whom

932
00:35:21,349 --> 00:35:19,119
um

933
00:35:24,550 --> 00:35:21,359
why are they tracked

934
00:35:30,710 --> 00:35:28,069
certain bloodlines or certain families

935
00:35:35,990 --> 00:35:30,720
had alien dna

936
00:35:37,589 --> 00:35:36,000
that was more enhanced than other humans

937
00:35:38,550 --> 00:35:37,599
that's the explanation given to me

938
00:35:41,829 --> 00:35:38,560

evidence

939

00:35:48,150 --> 00:35:41,839

zero so you can completely disbelieve

940

00:35:52,550 --> 00:35:50,630

that opens up an interesting question

941

00:35:55,430 --> 00:35:52,560

because

942

00:35:56,710 --> 00:35:55,440

now we have 23 and me and all these

943

00:36:00,390 --> 00:35:56,720

other

944

00:36:05,030 --> 00:36:00,400

services that all of us can use

945

00:36:08,870 --> 00:36:07,190

and i have not done that myself i have

946

00:36:10,470 --> 00:36:08,880

not gone to any of these services i'm

947

00:36:12,470 --> 00:36:10,480

investigating one

948

00:36:13,829 --> 00:36:12,480

that is quite more expensive than

949

00:36:16,310 --> 00:36:13,839

23andme

950

00:36:17,750 --> 00:36:16,320

that gets more into the mitochondrial

951
00:36:19,990 --> 00:36:17,760
dna

952
00:36:22,630 --> 00:36:20,000
and does the full sequencing

953
00:36:24,390 --> 00:36:22,640
it's very expensive to to do a hundred

954
00:36:26,550 --> 00:36:24,400
percent in depth

955
00:36:28,950 --> 00:36:26,560
with a huge amount of accuracy it costs

956
00:36:31,109 --> 00:36:28,960
a thousand dollars

957
00:36:33,990 --> 00:36:31,119
uh what i'm looking at is the moderate

958
00:36:35,270 --> 00:36:34,000
price 300 one

959
00:36:37,270 --> 00:36:35,280
it gives you

960
00:36:39,349 --> 00:36:37,280
a lot of information of the over the

961
00:36:44,390 --> 00:36:39,359
full genomic sequence

962
00:36:48,310 --> 00:36:46,310
so what would someone like yourself do

963
00:36:50,390 --> 00:36:48,320

with that if you managed if you had the

964

00:36:53,190 --> 00:36:50,400

spare thousand dollars lying about to

965

00:36:55,270 --> 00:36:53,200

spend on a an expensive sequencing kit

966

00:36:56,069 --> 00:36:55,280

like that what would those results show

967

00:36:57,190 --> 00:36:56,079

you

968

00:36:58,310 --> 00:36:57,200

i don't know what it would show me

969

00:37:02,069 --> 00:36:58,320

that's why i'm curious and i wouldn't

970

00:37:03,990 --> 00:37:02,079

spend a thousand maybe 300 i can spare

971

00:37:07,109 --> 00:37:04,000

that's one of those expenses that the

972

00:37:09,990 --> 00:37:07,119

chief financial officer of my household

973

00:37:12,069 --> 00:37:10,000

my wife will have to approve

974

00:37:14,150 --> 00:37:12,079

and we're talking about

975

00:37:15,910 --> 00:37:14,160

300 times two because i'm sure she would

976
00:37:16,630 --> 00:37:15,920
want to know as well

977
00:37:19,190 --> 00:37:16,640
right

978
00:37:21,670 --> 00:37:19,200
so i'm not prepared to spend that yet

979
00:37:24,150 --> 00:37:21,680
and i'm still investigating as to what

980
00:37:28,150 --> 00:37:24,160
this company provides and how is it

981
00:37:32,150 --> 00:37:29,990
i appreciate that and i think as someone

982
00:37:33,270 --> 00:37:32,160
who's an experiencer like yourself

983
00:37:35,349 --> 00:37:33,280
there's a lot of people who would be

984
00:37:37,750 --> 00:37:35,359
interested to see those kind of results

985
00:37:40,150 --> 00:37:37,760
and potentially some sort of comparison

986
00:37:41,670 --> 00:37:40,160
again with other experiencers so

987
00:37:43,270 --> 00:37:41,680
that would be an interesting one to

988
00:37:45,910 --> 00:37:43,280

follow up down the line maybe some sort

989

00:37:48,470 --> 00:37:45,920

of crowdfunding or gofundme john would

990

00:37:49,349 --> 00:37:48,480

help with that one for the for the kids

991

00:37:51,750 --> 00:37:49,359

um

992

00:37:53,990 --> 00:37:51,760

benji wants to know uh and i'm gonna

993

00:37:55,829 --> 00:37:54,000

hopefully pronounce these properly

994

00:37:58,390 --> 00:37:55,839

you've mentioned previously an ancient

995

00:38:00,310 --> 00:37:58,400

hebrew symbol called a merkabah what

996

00:38:02,150 --> 00:38:00,320

some call a light body

997

00:38:05,190 --> 00:38:02,160

what do you think or know about the work

998

00:38:07,430 --> 00:38:05,200

of authors like drunvalo milkshadeck and

999

00:38:09,190 --> 00:38:07,440

maurinson germain and have you yourself

1000

00:38:11,190 --> 00:38:09,200

found any methods that help you open

1001
00:38:12,790 --> 00:38:11,200
your merkaba

1002
00:38:14,710 --> 00:38:12,800
um

1003
00:38:16,950 --> 00:38:14,720
first of all uh i learned about

1004
00:38:19,829 --> 00:38:16,960
dreamville makisa deck

1005
00:38:21,829 --> 00:38:19,839
just through reading about

1006
00:38:24,230 --> 00:38:21,839
those who've

1007
00:38:25,670 --> 00:38:24,240
practiced meditation and had meditation

1008
00:38:28,230 --> 00:38:25,680
modalities

1009
00:38:29,990 --> 00:38:28,240
and then i met a woman who studied under

1010
00:38:33,349 --> 00:38:30,000
um a kisa deck

1011
00:38:34,230 --> 00:38:33,359
and uh she taught me

1012
00:38:37,430 --> 00:38:34,240
um

1013
00:38:38,710 --> 00:38:37,440

her variation of mckesidex modality and

1014

00:38:41,349 --> 00:38:38,720

she herself

1015

00:38:44,870 --> 00:38:41,359

has studied at various

1016

00:38:47,270 --> 00:38:44,880

locations on how to meditate

1017

00:38:49,510 --> 00:38:47,280

more meaningfully

1018

00:38:52,390 --> 00:38:49,520

and more mindfully

1019

00:38:53,670 --> 00:38:52,400

so that's the context

1020

00:38:56,310 --> 00:38:53,680

i know that

1021

00:38:59,750 --> 00:38:56,320

this is saint germain it was a student

1022

00:39:01,270 --> 00:38:59,760

of makisa deck i don't i'm not sure

1023

00:39:04,790 --> 00:39:01,280

but i've not

1024

00:39:06,630 --> 00:39:04,800

uh in any way really explored in depth

1025

00:39:09,030 --> 00:39:06,640

i just came upon

1026

00:39:10,790 --> 00:39:09,040

the uh quote

1027

00:39:13,270 --> 00:39:10,800

from the book

1028

00:39:14,790 --> 00:39:13,280

living in the heart by mikiza deck

1029

00:39:18,230 --> 00:39:14,800

about this

1030

00:39:19,589 --> 00:39:18,240

encounter with a u.s air force major

1031

00:39:22,069 --> 00:39:19,599

telling him

1032

00:39:23,990 --> 00:39:22,079

that the air force can see the the

1033

00:39:25,990 --> 00:39:24,000

merkaba fields

1034

00:39:28,790 --> 00:39:26,000

from space

1035

00:39:30,550 --> 00:39:28,800

and i found that to be very interesting

1036

00:39:33,349 --> 00:39:30,560

so

1037

00:39:34,630 --> 00:39:33,359

take that for what it's worth um

1038

00:39:36,150 --> 00:39:34,640

i think it

1039

00:39:38,230 --> 00:39:36,160

merits like

1040

00:39:39,270 --> 00:39:38,240

people finding nikiza deck and asking

1041

00:39:41,030 --> 00:39:39,280

him

1042

00:39:43,109 --> 00:39:41,040

more about that because it was just in

1043

00:39:44,550 --> 00:39:43,119

passing it was in over two pages in that

1044

00:39:46,550 --> 00:39:44,560

book where you talked about the air

1045

00:39:49,829 --> 00:39:46,560

force interest in it

1046

00:39:54,630 --> 00:39:52,870

i personally have not read

1047

00:39:56,390 --> 00:39:54,640

any mckesidex book

1048

00:39:58,790 --> 00:39:56,400

i'll say that i'll admit that i have not

1049

00:40:01,349 --> 00:39:58,800

read it i'm the worst read

1050

00:40:03,910 --> 00:40:01,359

person in ufology i

1051

00:40:06,309 --> 00:40:03,920

read the classic books by jim mars

1052

00:40:08,390 --> 00:40:06,319

by stanton freeman uh

1053

00:40:09,670 --> 00:40:08,400

at all all of those

1054

00:40:11,910 --> 00:40:09,680

but i've not

1055

00:40:14,390 --> 00:40:11,920

really read the recent literature

1056

00:40:17,190 --> 00:40:14,400

uh and i'm just doing so now

1057

00:40:19,270 --> 00:40:17,200

so yeah whitley i read your book

1058

00:40:20,870 --> 00:40:19,280

and yes jim mars who's passed away and

1059

00:40:23,349 --> 00:40:20,880

and stanton freeman's passed away i read

1060

00:40:24,710 --> 00:40:23,359

their books and others uh um

1061

00:40:27,270 --> 00:40:24,720

richard dolan

1062

00:40:29,829 --> 00:40:27,280

uh i read uh in fact i met him when he

1063

00:40:32,550 --> 00:40:29,839

was just starting out 2004

1064

00:40:34,390 --> 00:40:32,560

when his uh

1065

00:40:36,790 --> 00:40:34,400

book about the national security state

1066

00:40:39,349 --> 00:40:36,800

was basically too

1067

00:40:41,829 --> 00:40:39,359

loosely bound

1068

00:40:43,670 --> 00:40:41,839

pieces of paper with notes and i had him

1069

00:40:44,790 --> 00:40:43,680

sign it

1070

00:40:47,030 --> 00:40:44,800

so

1071

00:40:50,390 --> 00:40:47,040

that's pretty much my extent

1072

00:40:51,589 --> 00:40:50,400

what i know is based on like what i've

1073

00:40:53,829 --> 00:40:51,599

experienced

1074

00:40:55,190 --> 00:40:53,839

what i meditated upon and what was

1075

00:40:56,470 --> 00:40:55,200

informed to me

1076
00:40:57,430 --> 00:40:56,480
but the

1077
00:40:59,990 --> 00:40:57,440
uh

1078
00:41:01,589 --> 00:41:00,000
the person who taught me meditation i

1079
00:41:03,670 --> 00:41:01,599
shared with other people through direct

1080
00:41:07,030 --> 00:41:03,680
messaging over tweet twitter

1081
00:41:08,790 --> 00:41:07,040
um right now speaking about um how to

1082
00:41:10,710 --> 00:41:08,800
find these things i've put in the

1083
00:41:13,270 --> 00:41:10,720
private chat for you andy

1084
00:41:14,790 --> 00:41:13,280
uh the link to the original

1085
00:41:17,589 --> 00:41:14,800
exo metaverse

1086
00:41:19,589 --> 00:41:17,599
uh interview thank you which talks a lot

1087
00:41:22,950 --> 00:41:19,599
about physics but i say you know the

1088
00:41:25,030 --> 00:41:22,960

physics is wrong if you're a physicist

1089

00:41:27,030 --> 00:41:25,040

i admit i'm not a physicist so i got it

1090

00:41:29,109 --> 00:41:27,040

all wrong i was just trying to explain

1091

00:41:30,630 --> 00:41:29,119

it for myself as a non-physicist what

1092

00:41:33,430 --> 00:41:30,640

might be going on

1093

00:41:34,870 --> 00:41:33,440

and also the dna service called nebula i

1094

00:41:36,870 --> 00:41:34,880

put a link to that

1095

00:41:39,270 --> 00:41:36,880

and i'll put a link to the woman who

1096

00:41:41,109 --> 00:41:39,280

taught me uh meditation she has a

1097

00:41:43,589 --> 00:41:41,119

youtube channel i'll put all those in

1098

00:41:45,589 --> 00:41:43,599

the description of the the chats as well

1099

00:41:47,750 --> 00:41:45,599

and the releases if you're on youtube

1100

00:41:50,230 --> 00:41:47,760

spotify apple it'll be on there for you

1101

00:41:51,990 --> 00:41:50,240

folks i appreciate that john thank you

1102

00:41:53,670 --> 00:41:52,000

last couple of questions john and then i

1103

00:41:55,910 --> 00:41:53,680

can give you back your day you've been

1104

00:41:58,390 --> 00:41:55,920

very generous with your time uh green

1105

00:42:00,630 --> 00:41:58,400

turtle asked the orange orbs that you've

1106

00:42:03,190 --> 00:42:00,640

seen were picked up by infrared sensors

1107

00:42:05,990 --> 00:42:03,200

on a satellite did you see an infrared

1108

00:42:08,150 --> 00:42:06,000

picture or some type of color spectrum

1109

00:42:10,390 --> 00:42:08,160

graph printout what was the physical

1110

00:42:12,710 --> 00:42:10,400

media used to show the orbs

1111

00:42:17,190 --> 00:42:14,710

it was an image

1112

00:42:18,150 --> 00:42:17,200

now having said that prior

1113

00:42:19,270 --> 00:42:18,160

to

1114
00:42:22,069 --> 00:42:19,280
having

1115
00:42:23,829 --> 00:42:22,079
more sophisticated ir sensors

1116
00:42:26,630 --> 00:42:23,839
flown by the nro

1117
00:42:28,870 --> 00:42:26,640
uh we used to have sensors writing as

1118
00:42:33,109 --> 00:42:28,880
payloads on other satellites i can say

1119
00:42:35,910 --> 00:42:33,119
that much can't go any further than that

1120
00:42:37,910 --> 00:42:35,920
we tested my lab tested some of those

1121
00:42:39,990 --> 00:42:37,920
sensors

1122
00:42:42,470 --> 00:42:40,000
when

1123
00:42:45,750 --> 00:42:42,480
i believe it's the challenger explosion

1124
00:42:47,990 --> 00:42:45,760
you're called the challenger space

1125
00:42:50,790 --> 00:42:48,000
space uh

1126
00:42:55,589 --> 00:42:52,550
the spaceship oh yeah the space shuttle

1127
00:42:58,950 --> 00:42:55,599
was destroyed as it was ascending

1128
00:43:00,630 --> 00:42:58,960
uh the data we got that was basically

1129
00:43:03,670 --> 00:43:00,640
a plot

1130
00:43:07,109 --> 00:43:03,680
it was measured in if i recall

1131
00:43:09,510 --> 00:43:07,119
kilowatts per steradian

1132
00:43:12,630 --> 00:43:09,520
meter square that's a lot of words but

1133
00:43:15,829 --> 00:43:12,640
basically it's a plot y plot

1134
00:43:17,510 --> 00:43:15,839
x axis y axis and some intensity level

1135
00:43:19,589 --> 00:43:17,520
based on time

1136
00:43:21,910 --> 00:43:19,599
and so we're able to see the explosion

1137
00:43:24,390 --> 00:43:21,920
as like intensity levels

1138
00:43:26,230 --> 00:43:24,400

uh that was a capability that we had

1139

00:43:28,470 --> 00:43:26,240

long time ago writing these other

1140

00:43:32,150 --> 00:43:28,480

payloads

1141

00:43:35,750 --> 00:43:32,160

but what i saw was an image

1142

00:43:38,390 --> 00:43:35,760

and that's all i can say about that

1143

00:43:43,510 --> 00:43:40,470

last question then for you um before we

1144

00:43:45,270 --> 00:43:43,520

wrap up is from corey and corey says to

1145

00:43:47,829 --> 00:43:45,280

preface the question on the project

1146

00:43:50,630 --> 00:43:47,839

unity podcast you provided a walkthrough

1147

00:43:51,829 --> 00:43:50,640

of the us intelligence agency ecosystem

1148

00:43:54,150 --> 00:43:51,839

including their high level

1149

00:43:55,910 --> 00:43:54,160

responsibilities and recommendations we

1150

00:43:58,950 --> 00:43:55,920

are to request information about various

1151
00:44:01,270 --> 00:43:58,960
types of ufo uap subjects via foia

1152
00:44:02,870 --> 00:44:01,280
recently on theories of everything linda

1153
00:44:04,870 --> 00:44:02,880
molten howe talked about how the us

1154
00:44:07,670 --> 00:44:04,880
government previously called these

1155
00:44:09,990 --> 00:44:07,680
unidentified things uavs unidentified

1156
00:44:11,109 --> 00:44:10,000
aerial vehicles or unidentified idle

1157
00:44:13,349 --> 00:44:11,119
crafts

1158
00:44:15,670 --> 00:44:13,359
does john have any recommendations on

1159
00:44:17,510 --> 00:44:15,680
specific subjects and or terms or

1160
00:44:20,150 --> 00:44:17,520
phrases that curious minds about the

1161
00:44:22,710 --> 00:44:20,160
subject could submit for your request to

1162
00:44:27,670 --> 00:44:22,720
specific agencies with well first of all

1163
00:44:30,150 --> 00:44:27,680

uavs is a very old uh very old term

1164

00:44:32,470 --> 00:44:30,160

it's unmanned aerial vehicle

1165

00:44:33,589 --> 00:44:32,480

and it had nothing to do with uaps at

1166

00:44:35,190 --> 00:44:33,599

the time

1167

00:44:38,230 --> 00:44:35,200

because that was when we were talking

1168

00:44:40,630 --> 00:44:38,240

talk still talking about ufos as ufos

1169

00:44:43,030 --> 00:44:40,640

and uavs were

1170

00:44:45,829 --> 00:44:43,040

the beginnings of uh

1171

00:44:47,990 --> 00:44:45,839

having a vehicle that could be flown

1172

00:44:49,589 --> 00:44:48,000

remotely

1173

00:44:51,910 --> 00:44:49,599

after the during the cold war they were

1174

00:44:53,829 --> 00:44:51,920

called rpv's

1175

00:44:56,230 --> 00:44:53,839

um

1176

00:44:58,390 --> 00:44:56,240

i think it it was remotely piloted

1177

00:45:01,109 --> 00:44:58,400

vehicle rpvs

1178

00:45:03,190 --> 00:45:01,119

and uavs was an extension of that in

1179

00:45:05,829 --> 00:45:03,200

more modern times basically just

1180

00:45:07,349 --> 00:45:05,839

something that flies that you control

1181

00:45:10,390 --> 00:45:07,359

remotely

1182

00:45:14,150 --> 00:45:11,829

what's

1183

00:45:17,750 --> 00:45:15,349

available

1184

00:45:19,349 --> 00:45:17,760

is artificial intelligence

1185

00:45:20,230 --> 00:45:19,359

into that vehicle

1186

00:45:22,230 --> 00:45:20,240

where

1187

00:45:24,390 --> 00:45:22,240

you program it to respond because

1188

00:45:27,190 --> 00:45:24,400

there's so many sensors on that vehicle

1189

00:45:29,750 --> 00:45:27,200

you can it's like driving a car without

1190

00:45:31,589 --> 00:45:29,760

a driver you're collecting information

1191

00:45:33,430 --> 00:45:31,599

about where the other cars are and where

1192

00:45:35,829 --> 00:45:33,440

the road is and where the lines on the

1193

00:45:38,790 --> 00:45:35,839

road road might be so that you can keep

1194

00:45:44,069 --> 00:45:38,800

the car on the road as a driverless car

1195

00:45:48,309 --> 00:45:46,230

what we call drones uh some of the some

1196

00:45:50,950 --> 00:45:48,319

of them have that capability drone to me

1197

00:45:53,430 --> 00:45:50,960

is just a generic term it's very

1198

00:45:55,910 --> 00:45:53,440

generic but the pentagon has used

1199

00:45:57,270 --> 00:45:55,920

various acronyms and the pentagon loves

1200

00:45:59,910 --> 00:45:57,280

acronyms

1201

00:46:01,349 --> 00:45:59,920

uh alphabet soup of stuff you pick a box

1202

00:46:03,510 --> 00:46:01,359

of letters and throw it up in the air

1203

00:46:05,349 --> 00:46:03,520

and look at the floor and you'll get

1204

00:46:06,790 --> 00:46:05,359

some defense department acronym landing

1205

00:46:09,190 --> 00:46:06,800

on the floor i'm sure

1206

00:46:10,550 --> 00:46:09,200

aoi msg yeah

1207

00:46:11,349 --> 00:46:10,560

yeah

1208

00:46:13,109 --> 00:46:11,359

so

1209

00:46:15,829 --> 00:46:13,119

um

1210

00:46:17,750 --> 00:46:15,839

there needs to be a glossary i agree

1211

00:46:19,910 --> 00:46:17,760

if that's the intent of the question

1212

00:46:21,829 --> 00:46:19,920

uh there needs to be a glossary i'm not

1213

00:46:23,990 --> 00:46:21,839

the one to write it

1214

00:46:25,750 --> 00:46:24,000

i would be the last person that uh

1215

00:46:27,670 --> 00:46:25,760

probably qualified to write it because

1216

00:46:30,390 --> 00:46:27,680

what i know is very narrow to the

1217

00:46:32,230 --> 00:46:30,400

disciplines i studied in the ic

1218

00:46:34,150 --> 00:46:32,240

but i agree there needs to be a glossary

1219

00:46:35,670 --> 00:46:34,160

somewhere of what these terms mean and

1220

00:46:36,950 --> 00:46:35,680

what they relate to and the history of

1221

00:46:38,630 --> 00:46:36,960

those terms

1222

00:46:40,870 --> 00:46:38,640

right now let's just tell people go to

1223

00:46:42,710 --> 00:46:40,880

wikipedia

1224

00:46:43,910 --> 00:46:42,720

are there any terms if someone was

1225

00:46:46,470 --> 00:46:43,920

asking you then you know i'm going to

1226

00:46:47,910 --> 00:46:46,480

submit a for you about ufos your aps

1227

00:46:50,470 --> 00:46:47,920

what are some of the basics they should

1228

00:46:53,430 --> 00:46:50,480

include oh okay in that sense uh don't

1229

00:46:54,309 --> 00:46:53,440

say satellite imagery say

1230

00:47:07,109 --> 00:46:54,319

n

1231

00:47:08,390 --> 00:47:07,119

uh

1232

00:47:12,230 --> 00:47:08,400

ask for

1233

00:47:15,990 --> 00:47:13,750

an imagery

1234

00:47:18,550 --> 00:47:16,000

analysis report i'm trying to think of

1235

00:47:21,910 --> 00:47:18,560

iir see i i myself have difficulty with

1236

00:47:26,790 --> 00:47:25,589

but an iir is uh the image report from

1237

00:47:30,069 --> 00:47:26,800

nga

1238

00:47:32,630 --> 00:47:30,079

uh for dia everybody knows durds

1239

00:47:34,390 --> 00:47:32,640

because uh that was the unclassified

1240

00:47:35,829 --> 00:47:34,400

white paper submitted

1241

00:47:37,349 --> 00:47:35,839

but

1242

00:47:39,190 --> 00:47:37,359

that's not that's not intelligence

1243

00:47:42,390 --> 00:47:39,200

that's just the white paper

1244

00:47:45,589 --> 00:47:42,400

uh and the dia it's uh defense

1245

00:47:47,990 --> 00:47:45,599

intelligence reporter dir

1246

00:47:50,630 --> 00:47:48,000

they seldom get released

1247

00:47:52,230 --> 00:47:50,640

seldom uh in the cia

1248

00:47:54,309 --> 00:47:52,240

if you want the highest level which you

1249

00:47:56,549 --> 00:47:54,319

will never see it's nie national

1250

00:47:58,950 --> 00:47:56,559

intelligence estimate

1251
00:48:00,270 --> 00:47:58,960
uh and beneath that there was something

1252
00:48:01,910 --> 00:48:00,280
called the wire

1253
00:48:04,309 --> 00:48:01,920
w-i-r-e

1254
00:48:05,990 --> 00:48:04,319
that's the world wide intelligence

1255
00:48:08,630 --> 00:48:06,000
report i don't know where the e came

1256
00:48:11,510 --> 00:48:08,640
from i think it's re for report

1257
00:48:13,030 --> 00:48:11,520
uh those aren't released at all

1258
00:48:16,309 --> 00:48:13,040
in my day we had something called the

1259
00:48:19,270 --> 00:48:16,319
swr the scientific and weapons review

1260
00:48:21,990 --> 00:48:19,280
and the swr uh contained a weapons

1261
00:48:22,790 --> 00:48:22,000
intelligence scientific intelligence

1262
00:48:24,870 --> 00:48:22,800
uh

1263
00:48:26,710 --> 00:48:24,880

and they don't get released either um so

1264

00:48:28,230 --> 00:48:26,720

what i'm telling you is the completely

1265

00:48:29,910 --> 00:48:28,240

useless information i'm telling you what

1266

00:48:31,270 --> 00:48:29,920

they are and i'm telling you that you

1267

00:48:32,390 --> 00:48:31,280

will never see them

1268

00:48:34,150 --> 00:48:32,400

okay

1269

00:48:35,349 --> 00:48:34,160

having said that if u.s citizen you're

1270

00:48:36,870 --> 00:48:35,359

over 18

1271

00:48:39,750 --> 00:48:36,880

and you think your skills can be used by

1272

00:48:42,230 --> 00:48:39,760

cia by golly just apply for a job

1273

00:48:45,030 --> 00:48:42,240

there are always job openings there

1274

00:48:47,589 --> 00:48:45,040

150 000 applicants they accept maybe a

1275

00:48:49,910 --> 00:48:47,599

fraction of that maybe less than 150 out

1276

00:48:51,190 --> 00:48:49,920

of 150 000 you might be one of the lucky

1277

00:48:53,510 --> 00:48:51,200

150

1278

00:48:55,910 --> 00:48:53,520

but uh

1279

00:48:57,270 --> 00:48:55,920

i know that's not an answer but no some

1280

00:48:59,670 --> 00:48:57,280

of those statements like you said don't

1281

00:49:00,950 --> 00:48:59,680

say satellite imagery say ntm things

1282

00:49:02,790 --> 00:49:00,960

like that hopefully it'll be useful to

1283

00:49:04,790 --> 00:49:02,800

some people starting out with the foyer

1284

00:49:06,309 --> 00:49:04,800

process and i wish them all the best and

1285

00:49:07,270 --> 00:49:06,319

that and definitely let us know how you

1286

00:49:08,710 --> 00:49:07,280

get on

1287

00:49:12,230 --> 00:49:08,720

john

1288

00:49:13,190 --> 00:49:12,240

iir imagery intelligence report iir nga

1289

00:49:15,750 --> 00:49:13,200

okay

1290

00:49:19,030 --> 00:49:15,760

thank you john listen to finish off john

1291

00:49:21,750 --> 00:49:19,040

what does 2022 look like for you and the

1292

00:49:24,630 --> 00:49:21,760

subject for the rest of the year

1293

00:49:27,430 --> 00:49:24,640

uh well 2022 um

1294

00:49:29,109 --> 00:49:27,440

i'm completing uh this round of

1295

00:49:31,510 --> 00:49:29,119

interviews i'm giving everyone a second

1296

00:49:33,910 --> 00:49:31,520

chance uh right now

1297

00:49:35,750 --> 00:49:33,920

i can't accept any new interviews i need

1298

00:49:37,750 --> 00:49:35,760

to get back to my life this isn't my

1299

00:49:39,349 --> 00:49:37,760

life and i wasn't intending to be on

1300

00:49:41,430 --> 00:49:39,359

these interviews but i thought it was

1301
00:49:43,750 --> 00:49:41,440
important to share what i know

1302
00:49:46,069 --> 00:49:43,760
and so that's my contribution

1303
00:49:47,510 --> 00:49:46,079
to share what i know

1304
00:49:49,349 --> 00:49:47,520
i don't think there will be any

1305
00:49:52,069 --> 00:49:49,359
meaningful discussion until we start

1306
00:49:53,910 --> 00:49:52,079
seeing the very first 180 day report to

1307
00:49:57,030 --> 00:49:53,920
see if that's released in public and

1308
00:49:59,030 --> 00:49:57,040
then we can have a discussion about that

1309
00:50:01,190 --> 00:49:59,040
i found it amusing that lou said hey you

1310
00:50:02,390 --> 00:50:01,200
know pick a hobby and wait a week five

1311
00:50:05,430 --> 00:50:02,400
years

1312
00:50:07,109 --> 00:50:05,440
yeah and so i'm not gonna say that but i

1313
00:50:08,950 --> 00:50:07,119

really don't have any more than what you

1314

00:50:10,470 --> 00:50:08,960

guys have already heard

1315

00:50:12,870 --> 00:50:10,480

my experience have been limited i was

1316

00:50:14,390 --> 00:50:12,880

never read into any nda related to

1317

00:50:16,309 --> 00:50:14,400

anything about the phenomenon it just

1318

00:50:17,750 --> 00:50:16,319

happened as my day job i got information

1319

00:50:20,069 --> 00:50:17,760

about the phenomenon

1320

00:50:21,750 --> 00:50:20,079

and i was able to release what i know

1321

00:50:24,390 --> 00:50:21,760

uh i would say this do i know a little

1322

00:50:27,190 --> 00:50:24,400

bit more just a tiny bit

1323

00:50:28,870 --> 00:50:27,200

just a tiny bit but that bit will never

1324

00:50:30,870 --> 00:50:28,880

ever get released

1325

00:50:32,230 --> 00:50:30,880

and i'm hoping somebody else will talk

1326

00:50:33,829 --> 00:50:32,240

about it

1327

00:50:36,309 --> 00:50:33,839

uh maybe somebody else will talk about

1328

00:50:38,790 --> 00:50:36,319

it but that's all basically i'm it uh

1329

00:50:41,430 --> 00:50:38,800

that's it and for the rest of this time

1330

00:50:43,670 --> 00:50:41,440

i do have a physical appearance in

1331

00:50:46,069 --> 00:50:43,680

person appearance with the phoenix

1332

00:50:47,670 --> 00:50:46,079

arizona mufon chapter so i'll be

1333

00:50:49,670 --> 00:50:47,680

appearing with them

1334

00:50:52,710 --> 00:50:49,680

later in february

1335

00:50:55,270 --> 00:50:52,720

of course this sunday january 30th i'm

1336

00:50:58,150 --> 00:50:55,280

on coast to coast am with george knapp

1337

00:51:00,950 --> 00:50:58,160

uh cia officer uh former cio sir jim

1338

00:51:03,589 --> 00:51:00,960

semivan will have the first two hours

1339

00:51:05,750 --> 00:51:03,599

and i'll have the last two hours

1340

00:51:07,349 --> 00:51:05,760

i might do something with quantum witch

1341

00:51:09,190 --> 00:51:07,359

priscilla stone

1342

00:51:11,349 --> 00:51:09,200

i think i'm scheduled with her but i

1343

00:51:13,270 --> 00:51:11,359

know i have had so many requests and i

1344

00:51:15,829 --> 00:51:13,280

really tell people i i don't have

1345

00:51:18,630 --> 00:51:15,839

anything more to add

1346

00:51:20,829 --> 00:51:18,640

and i do need to work on uh some

1347

00:51:24,150 --> 00:51:20,839

briefings for the various cold war

1348

00:51:26,230 --> 00:51:24,160

museums that i've signed up with to help

1349

00:51:27,349 --> 00:51:26,240

them understand what cia did during the

1350

00:51:28,630 --> 00:51:27,359

cold war

1351
00:51:30,470 --> 00:51:28,640
and they're not necessarily related to

1352
00:51:32,630 --> 00:51:30,480
uaps or anything like that it was my day

1353
00:51:36,549 --> 00:51:32,640
job that i'm talking about

1354
00:51:38,790 --> 00:51:36,559
