PART 1

1
00:00:00,000 --> 00:00:05,510

[Music]

2
00:00:08,790 --> 00:00:07,030

there's a whole fleet of of look on the

3
00:00:10,950 --> 00:00:08,800

sa

4
00:00:14,310 --> 00:00:10,960

my gosh they're all going against the

5
00:00:18,950 --> 00:00:16,390

it was basically a cube with inside of

6
00:00:23,910 --> 00:00:18,960

sphere where the points of the cube

7
00:00:37,190 --> 00:00:33,450

[Music]

8
00:00:38,709 --> 00:00:37,200

[Applause]

9
00:00:40,950 --> 00:00:38,719

so this isn't anything that just is

10
00:00:49,430 --> 00:00:40,960

limited to the united states it's a

11
00:00:55,110 --> 00:00:51,990

hi everyone and welcome back to that ufo

12
00:00:57,029 --> 00:00:55,120

podcast we are into february and i have

13
00:00:58,950 --> 00:00:57,039

on with me for his what must be third or

14

00:01:01,510 --> 00:00:58,960

fourth appearance now investigative

15

00:01:03,029 --> 00:01:01,520

journalist and co-founder of the debrief

16

00:01:05,189 --> 00:01:03,039

which is one of the best websites out

17

00:01:07,030 --> 00:01:05,199

there in terms of not just ufo news but

18

00:01:08,789 --> 00:01:07,040

science and all that kind of good stuff

19

00:01:10,630 --> 00:01:08,799

as well i've got tim mcmillan tim

20

00:01:13,190 --> 00:01:10,640

welcome back to the podcast

21

00:01:14,630 --> 00:01:13,200

it is a pleasure to be here andy it it

22

00:01:16,550 --> 00:01:14,640

is i forget i

23

00:01:17,749 --> 00:01:16,560

it is the third or fourth time i don't

24

00:01:19,830 --> 00:01:17,759

know it's always good chatting with you

25

00:01:21,350 --> 00:01:19,840

you know but i remember early on we got

26
00:01:23,190 --> 00:01:21,360
a chance to chat when you first launched

27
00:01:24,789 --> 00:01:23,200
this thing and so it's fun to keep

28
00:01:26,630 --> 00:01:24,799
coming back because you especially as

29
00:01:29,749 --> 00:01:26,640
you've grown things up man it's fun to

30
00:01:31,429 --> 00:01:29,759
watch this show no thanks

31
00:01:34,550 --> 00:01:31,439
i think that was the end of may or early

32
00:01:35,670 --> 00:01:34,560
june 2020 you were my fifth guest

33
00:01:37,910 --> 00:01:35,680
so yeah

34
00:01:39,350 --> 00:01:37,920
it was fun man no i could tell then this

35
00:01:41,429 --> 00:01:39,360
was gonna be a fun show so it's a

36
00:01:43,429 --> 00:01:41,439
pleasure to be back and always good to

37
00:01:44,950 --> 00:01:43,439
chat hopefully we'll who knows we'll get

38
00:01:47,030 --> 00:01:44,960

some good stuff out

39

00:01:48,550 --> 00:01:47,040

yes um there's a lot to talk about and

40

00:01:50,149 --> 00:01:48,560

this was one that i've spent a bit of

41

00:01:52,230 --> 00:01:50,159

time on taking a lot of really good

42

00:01:54,310 --> 00:01:52,240

stuff out as well i think not just in

43

00:01:56,230 --> 00:01:54,320

terms of listener questions and topics

44

00:01:58,550 --> 00:01:56,240

but just we couldn't cover everything in

45

00:02:00,389 --> 00:01:58,560

the time we've got so um i want to get

46

00:02:02,149 --> 00:02:00,399

right into it tim listen we keep hearing

47

00:02:04,069 --> 00:02:02,159

that since maybe

48

00:02:06,469 --> 00:02:04,079

october november december through to

49

00:02:09,029 --> 00:02:06,479

this year we're in a down period for the

50

00:02:11,350 --> 00:02:09,039

topic of ufos and uaps for an

51
00:02:13,589 --> 00:02:11,360
investigative journalist like yourself

52
00:02:14,949 --> 00:02:13,599
what is this quote-unquote down period

53
00:02:18,070 --> 00:02:14,959
been like

54
00:02:20,710 --> 00:02:18,080
oh man that's a good question and i

55
00:02:21,750 --> 00:02:20,720
think it probably hasn't been nearly as

56
00:02:23,830 --> 00:02:21,760
uh

57
00:02:25,670 --> 00:02:23,840
maybe anxious

58
00:02:27,670 --> 00:02:25,680
as as it is for a lot of people who

59
00:02:29,510 --> 00:02:27,680
follow the topic really intimately and

60
00:02:30,710 --> 00:02:29,520
and i completely am sympathetic with

61
00:02:32,790 --> 00:02:30,720
people who

62
00:02:34,309 --> 00:02:32,800
are you know these laws where there's no

63
00:02:37,190 --> 00:02:34,319

information coming out they're like what

64

00:02:39,589 --> 00:02:37,200

the heck is going on you know it gets uh

65

00:02:41,670 --> 00:02:39,599

it could get frustrating um i guess

66

00:02:43,990 --> 00:02:41,680

fortunately for me

67

00:02:46,229 --> 00:02:44,000

ufos are not something that i've always

68

00:02:47,830 --> 00:02:46,239

solely focused on you know in addition

69

00:02:49,750 --> 00:02:47,840

to to running everything with the

70

00:02:52,309 --> 00:02:49,760

debrief and making sure that's going on

71

00:02:54,070 --> 00:02:52,319

and it that takes a lot of work

72

00:02:56,390 --> 00:02:54,080

you know trying to start up an online

73

00:02:59,190 --> 00:02:56,400

news company but my interests in general

74

00:03:01,509 --> 00:02:59,200

have always branched out and in fact my

75

00:03:04,229 --> 00:03:01,519

interest in national security defense

76
00:03:05,589 --> 00:03:04,239
type areas is what you could say worked

77
00:03:07,670 --> 00:03:05,599
in reverse that's what the fact when

78
00:03:09,670 --> 00:03:07,680
they started talking about ufos is when

79
00:03:10,550 --> 00:03:09,680
my interest really grabbed hold and i

80
00:03:12,390 --> 00:03:10,560
started

81
00:03:14,869 --> 00:03:12,400
you know pursuing it from from a

82
00:03:17,430 --> 00:03:14,879
journalism standpoint and so in these

83
00:03:19,110 --> 00:03:17,440
kind of flow periods it hasn't felt like

84
00:03:20,790 --> 00:03:19,120
a law period for me

85
00:03:22,390 --> 00:03:20,800
primarily because and i think people who

86
00:03:25,030 --> 00:03:22,400
follow me on twitter have probably seen

87
00:03:26,869 --> 00:03:25,040
it uh you know there's been a lot going

88
00:03:28,390 --> 00:03:26,879

on in the world of geopolitics and

89

00:03:30,869 --> 00:03:28,400

defense you've got a lot going on in

90

00:03:33,110 --> 00:03:30,879

ukraine right now so i've been

91

00:03:35,190 --> 00:03:33,120

i've still been very active and focused

92

00:03:36,949 --> 00:03:35,200

on stuff it's just uh

93

00:03:39,190 --> 00:03:36,959

in addition to the fact

94

00:03:40,630 --> 00:03:39,200

of working with stuff with ufos as well

95

00:03:42,710 --> 00:03:40,640

and i guess

96

00:03:44,630 --> 00:03:42,720

intermixed with all of that you could

97

00:03:46,949 --> 00:03:44,640

also say i'm never

98

00:03:49,110 --> 00:03:46,959

there's never a ufo law period for me

99

00:03:51,190 --> 00:03:49,120

either because i've always got something

100

00:03:53,030 --> 00:03:51,200

going on but from

101
00:03:55,110 --> 00:03:53,040
the product that's coming out i can see

102
00:03:57,589 --> 00:03:55,120
how people see that but that's

103
00:03:59,270 --> 00:03:57,599
it's kind of how always i've i'll work

104
00:04:00,630 --> 00:03:59,280
on stuff for a year before an article

105
00:04:01,670 --> 00:04:00,640
comes out but you try to make it

106
00:04:04,390 --> 00:04:01,680
complete

107
00:04:07,190 --> 00:04:04,400
but uh there's constant work for me uh

108
00:04:09,990 --> 00:04:07,200
behind the scenes i'll say that much

109
00:04:11,990 --> 00:04:10,000
so it hasn't felt like a law

110
00:04:13,589 --> 00:04:12,000
no and it's not to myself either i think

111
00:04:14,949 --> 00:04:13,599
dan and i have discussed this on a few

112
00:04:16,949 --> 00:04:14,959
of the breakdowns that i thought would

113
00:04:18,150 --> 00:04:16,959

have went really quiet for a while but

114

00:04:20,150 --> 00:04:18,160

there's still been a lot of good

115

00:04:22,230 --> 00:04:20,160

interviews out there i mean jim semivans

116

00:04:24,870 --> 00:04:22,240

just done a good one on coast to coast

117

00:04:26,629 --> 00:04:24,880

um colin kelleher and uh george knapp

118

00:04:28,390 --> 00:04:26,639

were just on with theories of everything

119

00:04:30,390 --> 00:04:28,400

last night caught joy mungo i'm wearing

120

00:04:32,150 --> 00:04:30,400

his hoodie just now so thanks to

121

00:04:34,870 --> 00:04:32,160

cut i mean i did pay for it so you know

122

00:04:36,390 --> 00:04:34,880

he can thank me as well

123

00:04:37,830 --> 00:04:36,400

and also you've got chris melon

124

00:04:39,350 --> 00:04:37,840

releasing articles through the debrief

125

00:04:41,749 --> 00:04:39,360

which we'll talk about in a little while

126

00:04:43,670 --> 00:04:41,759

as well so there's a lot to still get

127

00:04:44,629 --> 00:04:43,680

your teeth into and if you look through

128

00:04:47,030 --> 00:04:44,639

um

129

00:04:48,950 --> 00:04:47,040

yeah it's not been a quiet quiet period

130

00:04:50,870 --> 00:04:48,960

i want to get an early listener question

131

00:04:53,350 --> 00:04:50,880

and because it fits in here and from

132

00:04:56,070 --> 00:04:53,360

pleasureman what a name on twitter um he

133

00:04:58,550 --> 00:04:56,080

said the subject of ufo uap is still

134

00:05:00,710 --> 00:04:58,560

after so many years not proven to be

135

00:05:02,870 --> 00:05:00,720

something extraordinary in terms of its

136

00:05:04,550 --> 00:05:02,880

origin basically it can still be a lot

137

00:05:06,710 --> 00:05:04,560

of misidentifications

138

00:05:09,430 --> 00:05:06,720

what's driving tim to invest the time he

139

00:05:10,950 --> 00:05:09,440

has and does into the subject still

140

00:05:12,950 --> 00:05:10,960

and i suppose you might touch on what

141

00:05:14,790 --> 00:05:12,960

you just mentioned about it you can work

142

00:05:16,150 --> 00:05:14,800

on an article for a year before it even

143

00:05:18,469 --> 00:05:16,160

comes out

144

00:05:19,909 --> 00:05:18,479

sure no yeah you know i saw that when

145

00:05:21,510 --> 00:05:19,919

you when you put that on twitter asking

146

00:05:22,550 --> 00:05:21,520

for listener questions and i saw that

147

00:05:24,150 --> 00:05:22,560

when i thought man that was a great

148

00:05:27,189 --> 00:05:24,160

question i'm glad i'm glad that that

149

00:05:29,590 --> 00:05:27,199

made it uh because it is an interesting

150

00:05:32,550 --> 00:05:29,600

question because you're absolutely right

151

00:05:33,990 --> 00:05:32,560

uh or what was it pleasure man you're

152

00:05:35,830 --> 00:05:34,000

absolutely right

153

00:05:37,430 --> 00:05:35,840

it's very understandable that a lot of

154

00:05:39,749 --> 00:05:37,440

people who would spend significant time

155

00:05:41,430 --> 00:05:39,759

in this topic you get frustrated after a

156

00:05:43,350 --> 00:05:41,440

while because you reach this wall and i

157

00:05:45,029 --> 00:05:43,360

think if you're going to be

158

00:05:47,590 --> 00:05:45,039

if you're going to maintain a true air

159

00:05:50,070 --> 00:05:47,600

of legitimacy by where the standard of

160

00:05:51,749 --> 00:05:50,080

what is fact is evidence-based you reach

161

00:05:53,510 --> 00:05:51,759

this wall where you are you start and

162

00:05:55,110 --> 00:05:53,520

finish the same you're like i still

163

00:05:57,350 --> 00:05:55,120

don't know

164

00:05:59,909 --> 00:05:57,360

and that's frustrating i think for the

165

00:06:02,790 --> 00:05:59,919

topic itself what keeps me motivated and

166

00:06:04,790 --> 00:06:02,800

continues my interest in it

167

00:06:06,309 --> 00:06:04,800

isn't for the same reasons that maybe a

168

00:06:07,830 --> 00:06:06,319

lot of people follow the subject for

169

00:06:10,070 --> 00:06:07,840

this idea that there's going to be a

170

00:06:11,350 --> 00:06:10,080

disclosure or this idea that we're going

171

00:06:13,510 --> 00:06:11,360

to

172

00:06:15,270 --> 00:06:13,520

reveal you know some sort of secret

173

00:06:16,950 --> 00:06:15,280

that's going to really change the course

174

00:06:19,590 --> 00:06:16,960

of human history maybe that will happen

175

00:06:21,270 --> 00:06:19,600

i think that's awesome i would love that

176

00:06:22,790 --> 00:06:21,280

but at the same time there's so many

177

00:06:26,550 --> 00:06:22,800

other variables

178

00:06:28,870 --> 00:06:26,560

of the ufo topic that i find fascinating

179

00:06:31,670 --> 00:06:28,880

aside from just

180

00:06:34,230 --> 00:06:31,680

the idea of what are these objects what

181

00:06:36,150 --> 00:06:34,240

are people seeing but but it goes into

182

00:06:37,670 --> 00:06:36,160

you know how do we solve complex

183

00:06:39,189 --> 00:06:37,680

problems i've always been very

184

00:06:40,390 --> 00:06:39,199

interested in that i pay a lot of

185

00:06:42,710 --> 00:06:40,400

attention to

186

00:06:43,590 --> 00:06:42,720

it's part of the reason besides just

187

00:06:46,790 --> 00:06:43,600

having

188

00:06:49,670 --> 00:06:46,800

an interest in the defense world in how

189

00:06:51,749 --> 00:06:49,680

would the defense world solve a complex

190

00:06:53,510 --> 00:06:51,759

problem like this i think it's it's much

191

00:06:55,510 --> 00:06:53,520

more complex than people

192

00:06:58,230 --> 00:06:55,520

realize just based on all sorts of

193

00:07:00,230 --> 00:06:58,240

bureaucratic nuances and and just junk

194

00:07:01,589 --> 00:07:00,240

in the system it's uh

195

00:07:03,909 --> 00:07:01,599

it's not something that the system is

196

00:07:05,990 --> 00:07:03,919

inherently set up to establish

197

00:07:07,749 --> 00:07:06,000

and then even on that side in the

198

00:07:10,070 --> 00:07:07,759

defense world side

199

00:07:11,990 --> 00:07:10,080

it's a very fascinating

200

00:07:13,430 --> 00:07:12,000

problem to look at

201
00:07:16,230 --> 00:07:13,440
from just

202
00:07:18,469 --> 00:07:16,240
policy and political science you look at

203
00:07:20,550 --> 00:07:18,479
it from uh you know i do that in a lot

204
00:07:23,749 --> 00:07:20,560
of the people i talk to

205
00:07:25,670 --> 00:07:23,759
is you know this is a

206
00:07:29,430 --> 00:07:25,680
you know this is a problem that requires

207
00:07:31,589 --> 00:07:29,440
a whole of government approach and uh

208
00:07:33,749 --> 00:07:31,599
either that is the the especially the

209
00:07:35,350 --> 00:07:33,759
u.s government you know that

210
00:07:36,629 --> 00:07:35,360
the government system that i'm most

211
00:07:38,070 --> 00:07:36,639
versed in

212
00:07:40,150 --> 00:07:38,080
it's not something they're really well

213
00:07:42,150 --> 00:07:40,160

equipped to do and i think that's

214

00:07:44,550 --> 00:07:42,160

interesting and at the same time i think

215

00:07:45,749 --> 00:07:44,560

there's some

216

00:07:48,309 --> 00:07:45,759

you know

217

00:07:50,070 --> 00:07:48,319

i don't want to make it sound more uh

218

00:07:52,309 --> 00:07:50,080

put more gravity into it than maybe it

219

00:07:53,830 --> 00:07:52,319

really is but but at the same time it is

220

00:07:54,790 --> 00:07:53,840

a significant there is kind of this

221

00:07:55,670 --> 00:07:54,800

moral

222

00:07:58,070 --> 00:07:55,680

uh

223

00:08:00,230 --> 00:07:58,080

obligation to the idea that even if it's

224

00:08:01,990 --> 00:08:00,240

not ufos there can always be something

225

00:08:03,670 --> 00:08:02,000

that comes up we've seen this with a

226

00:08:05,749 --> 00:08:03,680

pandemic where you need a whole of

227

00:08:08,869 --> 00:08:05,759

government approach you need you know

228

00:08:11,589 --> 00:08:08,879

specific to ufos you need the dod to

229

00:08:12,469 --> 00:08:11,599

work with the fbi or the department of

230

00:08:13,270 --> 00:08:12,479

energy

231

00:08:14,710 --> 00:08:13,280

or

232

00:08:16,790 --> 00:08:14,720

you know some of them that aren't even

233

00:08:19,350 --> 00:08:16,800

defense or law enforcement agencies so

234

00:08:21,189 --> 00:08:19,360

you're science-based agencies like nasa

235

00:08:23,270 --> 00:08:21,199

or noaa you need all these people to

236

00:08:24,710 --> 00:08:23,280

work together and this is not something

237

00:08:26,230 --> 00:08:24,720

that they do

238

00:08:29,510 --> 00:08:26,240

and i don't think people realize that

239

00:08:31,909 --> 00:08:29,520

they're very separate entities uh

240

00:08:34,230 --> 00:08:31,919

and so that in itself is fascinating how

241

00:08:37,029 --> 00:08:34,240

do you solve a complex problem in a

242

00:08:38,070 --> 00:08:37,039

bureaucratic institution like this in

243

00:08:40,149 --> 00:08:38,080

government

244

00:08:42,469 --> 00:08:40,159

and then at the same time there's this

245

00:08:44,790 --> 00:08:42,479

mystery out there and i think that's

246

00:08:46,790 --> 00:08:44,800

compelling you know i think that's why

247

00:08:48,389 --> 00:08:46,800

it lingers out there

248

00:08:51,670 --> 00:08:48,399

i think it's a

249

00:08:53,430 --> 00:08:51,680

it's kind of a catch-22 mystery because

250

00:08:54,470 --> 00:08:53,440

a part of me wants to solve that mystery

251
00:08:56,630 --> 00:08:54,480
and absolutely

252
00:08:58,710 --> 00:08:56,640
would if i could you know if i got the

253
00:09:01,509 --> 00:08:58,720
big reveal

254
00:09:03,350 --> 00:09:01,519
no doubts i would tell the world

255
00:09:04,470 --> 00:09:03,360
but at the same time it's always once

256
00:09:06,949 --> 00:09:04,480
the mystery's gone there's no more

257
00:09:09,509 --> 00:09:06,959
mystery you know anybody remembers the

258
00:09:11,590 --> 00:09:09,519
uh the movie seven with brad pitt when

259
00:09:12,790 --> 00:09:11,600
they you know he opens up the box but

260
00:09:14,710 --> 00:09:12,800
they never show you what's in the box

261
00:09:17,269 --> 00:09:14,720
and what's in the box you know all these

262
00:09:18,870 --> 00:09:17,279
things where uh you know movies or books

263
00:09:20,389 --> 00:09:18,880

leave you with this cliffhanger and

264

00:09:23,750 --> 00:09:20,399

where you have a mystery because it can

265

00:09:26,070 --> 00:09:23,760

then be whatever it is to you

266

00:09:28,230 --> 00:09:26,080

uh there's something alluring about a

267

00:09:30,150 --> 00:09:28,240

mystery as long as it exists so i think

268

00:09:33,110 --> 00:09:30,160

as long as there is a mystery as

269

00:09:35,670 --> 00:09:33,120

frustrating as it is for me i think i'll

270

00:09:37,990 --> 00:09:35,680

keep chasing it just for that thrill of

271

00:09:39,509 --> 00:09:38,000

chasing a mystery and i would encourage

272

00:09:41,030 --> 00:09:39,519

people to do the same i think a lot of

273

00:09:44,389 --> 00:09:41,040

people get

274

00:09:46,310 --> 00:09:44,399

burnt out frustrated um a lot of

275

00:09:48,470 --> 00:09:46,320

antagonism goes on because i think

276

00:09:51,190 --> 00:09:48,480

they're trying to really get to that

277

00:09:52,070 --> 00:09:51,200

that goal line but uh at the end of the

278

00:09:53,670 --> 00:09:52,080

day

279

00:09:55,590 --> 00:09:53,680

i don't know that any of us know what

280

00:09:57,030 --> 00:09:55,600

that goal line looks like anyway it

281

00:09:58,630 --> 00:09:57,040

might not look like what they think

282

00:09:59,990 --> 00:09:58,640

anyway

283

00:10:01,670 --> 00:10:00,000

yeah and it's like

284

00:10:03,430 --> 00:10:01,680

like the movie reference i always think

285

00:10:05,829 --> 00:10:03,440

tarantino and pulp fiction they open the

286

00:10:07,750 --> 00:10:05,839

gold briefcase and it's uh what's in the

287

00:10:09,269 --> 00:10:07,760

briefcase is it someone's soul is it

288

00:10:11,269 --> 00:10:09,279

gold is it this is it that there's all

289

00:10:13,509 --> 00:10:11,279

these incredible theories that link the

290

00:10:15,990 --> 00:10:13,519

movies together but if you really really

291

00:10:17,430 --> 00:10:16,000

found out you would have been okay it

292

00:10:18,870 --> 00:10:17,440

would have been the thing in that set

293

00:10:20,710 --> 00:10:18,880

and there's not that conversation and

294

00:10:22,150 --> 00:10:20,720

debate that happens around it

295

00:10:24,550 --> 00:10:22,160

i think that the beauty though of this

296

00:10:26,310 --> 00:10:24,560

subject is let's say for example one of

297

00:10:28,630 --> 00:10:26,320

these fast walkers you you wrote a great

298

00:10:31,030 --> 00:10:28,640

article on that some time ago we find

299

00:10:32,710 --> 00:10:31,040

out it's extraterrestrial that's not the

300

00:10:33,990 --> 00:10:32,720

end of the mystery is it because okay

301
00:10:35,829 --> 00:10:34,000
where are they from why are they here

302
00:10:37,670 --> 00:10:35,839
how long have they been here what's the

303
00:10:39,269 --> 00:10:37,680
tech you know are there more of them if

304
00:10:41,110 --> 00:10:39,279
there was no one inside who's

305
00:10:43,430 --> 00:10:41,120
controlling them i think it's one of

306
00:10:44,710 --> 00:10:43,440
those just incredible spider diagrams

307
00:10:47,430 --> 00:10:44,720
going back to school where you've just

308
00:10:48,710 --> 00:10:47,440
got all these bubbles and lines coming

309
00:10:50,550 --> 00:10:48,720
off of each other

310
00:10:51,829 --> 00:10:50,560
having that that debate and discussion

311
00:10:54,310 --> 00:10:51,839
around it

312
00:10:56,870 --> 00:10:54,320
sure yeah no it really

313
00:10:58,790 --> 00:10:56,880

it truly is and i know

314

00:11:01,269 --> 00:10:58,800

when i've interviewed scientists who

315

00:11:02,949 --> 00:11:01,279

work on uh some of the the techno

316

00:11:05,190 --> 00:11:02,959

signatures hunting stuff so not

317

00:11:07,509 --> 00:11:05,200

necessarily specific to ufos but but

318

00:11:08,870 --> 00:11:07,519

there's a big push now we've seen with

319

00:11:10,389 --> 00:11:08,880

the launch of the james webb where we're

320

00:11:11,829 --> 00:11:10,399

continuing to push out further into

321

00:11:15,110 --> 00:11:11,839

space and

322

00:11:17,430 --> 00:11:15,120

we're increasingly become you know more

323

00:11:19,750 --> 00:11:17,440

sophisticated in our ability to

324

00:11:22,310 --> 00:11:19,760

potentially detect biological or

325

00:11:24,870 --> 00:11:22,320

technological life that exists out there

326

00:11:26,630 --> 00:11:24,880

and you know i always ask them

327

00:11:28,230 --> 00:11:26,640

uh i was like did you ever stop and

328

00:11:29,750 --> 00:11:28,240

consider you know for some of these

329

00:11:32,949 --> 00:11:29,760

people have spent their entire career

330

00:11:37,030 --> 00:11:32,959

it's gotten phds about this hunt for

331

00:11:39,269 --> 00:11:37,040

extraterrestrial life i was that if

332

00:11:41,590 --> 00:11:39,279

there are excuse me not if i think it's

333

00:11:44,230 --> 00:11:41,600

it's it's pretty much accepted that

334

00:11:47,430 --> 00:11:44,240

there has to be uh intelligent life out

335

00:11:49,269 --> 00:11:47,440

there and therefore that probably means

336

00:11:50,870 --> 00:11:49,279

they're looking to

337

00:11:53,030 --> 00:11:50,880

if they haven't gotten here so this is

338

00:11:54,870 --> 00:11:53,040

interesting idea do you ever think that

339

00:11:56,389 --> 00:11:54,880

you're out there with the big telescope

340

00:11:58,069 --> 00:11:56,399

peering out there

341

00:12:00,230 --> 00:11:58,079

and at the same time

342

00:12:02,629 --> 00:12:00,240

there is other intelligent life doing

343

00:12:04,150 --> 00:12:02,639

the same perhaps peering back at us

344

00:12:06,550 --> 00:12:04,160

perhaps trying to

345

00:12:07,750 --> 00:12:06,560

likewise develop the technology or as a

346

00:12:09,350 --> 00:12:07,760

lot of people think when it comes to

347

00:12:11,190 --> 00:12:09,360

ufos they're already you know have

348

00:12:12,790 --> 00:12:11,200

already mastered that so i think that's

349

00:12:16,150 --> 00:12:12,800

the there's this there's a

350

00:12:18,470 --> 00:12:16,160

incredibly interesting dynamic of it and

351
00:12:20,389 --> 00:12:18,480
you're absolutely right once even

352
00:12:22,710 --> 00:12:20,399
there there's there's perhaps an endless

353
00:12:24,389 --> 00:12:22,720
number of mysteries that are associated

354
00:12:26,790 --> 00:12:24,399
with this and

355
00:12:28,230 --> 00:12:26,800
that process of trying to solve it is

356
00:12:29,750 --> 00:12:28,240
interesting

357
00:12:31,430 --> 00:12:29,760
well for the moment keeping things a

358
00:12:32,790 --> 00:12:31,440
little bit more terrestrial you

359
00:12:34,389 --> 00:12:32,800
mentioned that compartment

360
00:12:36,470 --> 00:12:34,399
compartmentalization

361
00:12:38,230 --> 00:12:36,480
uh in the us government particularly

362
00:12:39,509 --> 00:12:38,240
which happens in all governments and i

363
00:12:41,430 --> 00:12:39,519

want to get your thoughts on the

364

00:12:43,590 --> 00:12:41,440

upcoming ufo office because i think last

365

00:12:45,670 --> 00:12:43,600

time we spoke it was on the gillibrand

366

00:12:47,670 --> 00:12:45,680

amendment and what could possibly happen

367

00:12:49,350 --> 00:12:47,680

things coming from that we obviously

368

00:12:51,110 --> 00:12:49,360

know the amendment went through with the

369

00:12:53,269 --> 00:12:51,120

proviso at the end of the day we're

370

00:12:55,509 --> 00:12:53,279

going to have a legitimate ufo office

371

00:12:57,350 --> 00:12:55,519

and in the background right now

372

00:12:58,870 --> 00:12:57,360

that's getting put together what do you

373

00:13:00,550 --> 00:12:58,880

know right now that's happening in the

374

00:13:02,230 --> 00:13:00,560

background in terms of this office and

375

00:13:05,990 --> 00:13:02,240

what are your thoughts on it

376

00:13:08,790 --> 00:13:06,000

sure yeah to the best of my knowledge

377

00:13:11,190 --> 00:13:08,800

the office that has

378

00:13:13,269 --> 00:13:11,200

has been put together already that

379

00:13:14,310 --> 00:13:13,279

essentially uh

380

00:13:16,310 --> 00:13:14,320

you know a lot of the concerns that

381

00:13:18,310 --> 00:13:16,320

maybe people expressed back in november

382

00:13:20,230 --> 00:13:18,320

that um

383

00:13:21,829 --> 00:13:20,240

the office that the under or the under

384

00:13:23,350 --> 00:13:21,839

secretary for intelligence announced

385

00:13:25,430 --> 00:13:23,360

abruptly before the amendment ever

386

00:13:26,710 --> 00:13:25,440

passed that this was going to become it

387

00:13:28,870 --> 00:13:26,720

uh

388

00:13:31,829 --> 00:13:28,880

that is ex that exists and i believe

389

00:13:34,470 --> 00:13:31,839

that that is going to at this point

390

00:13:35,590 --> 00:13:34,480

be the office that that fulfills the

391

00:13:37,110 --> 00:13:35,600

requirements that were established

392

00:13:39,110 --> 00:13:37,120

through the legislation

393

00:13:41,590 --> 00:13:39,120

uh there you know

394

00:13:44,310 --> 00:13:41,600

other people have told me that there is

395

00:13:46,550 --> 00:13:44,320

uh significant potential for a parallel

396

00:13:48,870 --> 00:13:46,560

office to be run by the director of

397

00:13:50,629 --> 00:13:48,880

national intelligence and i think if you

398

00:13:51,910 --> 00:13:50,639

really get into the the nitty-gritty of

399

00:13:54,870 --> 00:13:51,920

that bill

400

00:13:55,910 --> 00:13:54,880

it absolutely ambiguously infers that

401
00:13:57,910 --> 00:13:55,920
that's something that's going to be

402
00:13:59,990 --> 00:13:57,920
needed because

403
00:14:03,030 --> 00:14:00,000
again going back to this bureaucracy the

404
00:14:04,949 --> 00:14:03,040
dod and od and i are separate entities

405
00:14:07,590 --> 00:14:04,959
so they're separate deals so if you're

406
00:14:10,230 --> 00:14:07,600
going to work in concert with odni odni

407
00:14:12,470 --> 00:14:10,240
has to have some kind of official

408
00:14:14,310 --> 00:14:12,480
body in place to work with

409
00:14:16,310 --> 00:14:14,320
so you've got to have these lego pieces

410
00:14:18,230 --> 00:14:16,320
fit together so i certainly believe that

411
00:14:21,590 --> 00:14:18,240
there's going to be

412
00:14:23,110 --> 00:14:21,600
a joint odni effort but that i believe

413
00:14:27,189 --> 00:14:23,120

is still in the works the one that the

414

00:14:31,030 --> 00:14:27,199

dod has been kind of mandated uh is up

415

00:14:32,470 --> 00:14:31,040

to the best of my knowledge uh i wa you

416

00:14:33,430 --> 00:14:32,480

know

417

00:14:38,230 --> 00:14:33,440

who

418

00:14:40,870 --> 00:14:38,240

involved in that office

419

00:14:42,150 --> 00:14:40,880

uh i think that uh

420

00:14:44,069 --> 00:14:42,160

you know you've heard some people like

421

00:14:45,269 --> 00:14:44,079

christopher mellon and lou elizondo

422

00:14:46,870 --> 00:14:45,279

express

423

00:14:48,870 --> 00:14:46,880

concerns about who's going to be

424

00:14:52,870 --> 00:14:48,880

involved with that and i think that

425

00:14:55,910 --> 00:14:52,880

those concerns are are founded

426

00:14:56,710 --> 00:14:55,920

based on what i know i think

427

00:14:58,710 --> 00:14:56,720

just

428

00:15:01,350 --> 00:14:58,720

you know looking at the staff summary

429

00:15:02,389 --> 00:15:01,360

sheet of who's involved in that office

430

00:15:05,110 --> 00:15:02,399

um

431

00:15:08,470 --> 00:15:05,120

you know i wouldn't uh some i know some

432

00:15:10,710 --> 00:15:08,480

i don't know uh and and some i know have

433

00:15:13,269 --> 00:15:10,720

been antagonistic towards the topic so

434

00:15:15,110 --> 00:15:13,279

it's kind of like oh my god you know do

435

00:15:17,590 --> 00:15:15,120

you want uh

436

00:15:19,590 --> 00:15:17,600

you know do you do you want the guy who

437

00:15:21,829 --> 00:15:19,600

absolutely hates your football team to

438

00:15:23,269 --> 00:15:21,839

be your quarterback on your team you

439

00:15:25,750 --> 00:15:23,279

know type deal

440

00:15:28,310 --> 00:15:25,760

and so there's some concerns there uh at

441

00:15:31,110 --> 00:15:28,320

the same time it's still very early on

442

00:15:33,590 --> 00:15:31,120

and i think most importantly

443

00:15:35,269 --> 00:15:33,600

that congress has really expressed well

444

00:15:37,269 --> 00:15:35,279

uh regardless of what it looks like

445

00:15:39,749 --> 00:15:37,279

right now or regardless of the product

446

00:15:42,310 --> 00:15:39,759

uh there's gonna be expectations met by

447

00:15:44,629 --> 00:15:42,320

lawmakers so

448

00:15:47,430 --> 00:15:44,639

i think it's still a fluid process i

449

00:15:49,110 --> 00:15:47,440

think after you you have your first kind

450

00:15:51,189 --> 00:15:49,120

of uh

451
00:15:52,790 --> 00:15:51,199
your first briefings and your first when

452
00:15:54,150 --> 00:15:52,800
they meet with the armed services

453
00:15:55,910 --> 00:15:54,160
committee or the intel's committee and

454
00:15:57,990 --> 00:15:55,920
give them kind of an overview of the

455
00:15:59,030 --> 00:15:58,000
last three months or six months whatever

456
00:15:59,910 --> 00:15:59,040
they're doing

457
00:16:01,430 --> 00:15:59,920
um

458
00:16:04,389 --> 00:16:01,440
you know obviously questions will be

459
00:16:07,590 --> 00:16:04,399
asked it'll be interesting to see how

460
00:16:08,949 --> 00:16:07,600
this office changes or morphs

461
00:16:10,870 --> 00:16:08,959
based on

462
00:16:12,310 --> 00:16:10,880
is who they have in place right now

463
00:16:14,069 --> 00:16:12,320

currently going to

464

00:16:15,430 --> 00:16:14,079

produce the results that congress wants

465

00:16:17,670 --> 00:16:15,440

to see

466

00:16:19,990 --> 00:16:17,680

what are some of the pros and cons of

467

00:16:22,150 --> 00:16:20,000

the upcoming ufo office that we're

468

00:16:23,269 --> 00:16:22,160

hoping to get that you can see is there

469

00:16:24,470 --> 00:16:23,279

anything you can think start with the

470

00:16:25,590 --> 00:16:24,480

pros first

471

00:16:28,710 --> 00:16:25,600

what are what are some of the best

472

00:16:30,870 --> 00:16:28,720

results that could come from it

473

00:16:31,990 --> 00:16:30,880

i think the the you know

474

00:16:34,550 --> 00:16:32,000

obviously

475

00:16:36,550 --> 00:16:34,560

the biggest pros here for that

476

00:16:39,189 --> 00:16:36,560

and it was really surprising when i saw

477

00:16:40,790 --> 00:16:39,199

that come out is because uh you know and

478

00:16:42,150 --> 00:16:40,800

a lot of people maybe haven't

479

00:16:43,910 --> 00:16:42,160

really appreciated the fact that this

480

00:16:46,470 --> 00:16:43,920

was the first time

481

00:16:49,350 --> 00:16:46,480

in american history that you had uh you

482

00:16:50,710 --> 00:16:49,360

had congress openly legislating the ufo

483

00:16:53,189 --> 00:16:50,720

topic you know that's never happened

484

00:16:55,670 --> 00:16:53,199

before the blue book you look at that

485

00:16:57,590 --> 00:16:55,680

blue book was an eternal

486

00:16:59,509 --> 00:16:57,600

program started by the air force they

487

00:17:01,670 --> 00:16:59,519

managed it themselves you know they may

488

00:17:02,870 --> 00:17:01,680

have provided results to the public but

489

00:17:04,230 --> 00:17:02,880

but at no point in time were they

490

00:17:06,390 --> 00:17:04,240

mandated by congress they weren't

491

00:17:07,590 --> 00:17:06,400

mandated by law to do anything they

492

00:17:09,909 --> 00:17:07,600

could close it whenever the heck they

493

00:17:11,189 --> 00:17:09,919

wanted to which they did whereas in this

494

00:17:13,990 --> 00:17:11,199

one now this is something that's

495

00:17:16,150 --> 00:17:14,000

mandated by law so

496

00:17:18,390 --> 00:17:16,160

the way this system is supposed to work

497

00:17:20,630 --> 00:17:18,400

is that your lawmakers are elected by

498

00:17:22,949 --> 00:17:20,640

the people and they're supposed to

499

00:17:24,949 --> 00:17:22,959

express the will of the people on to the

500

00:17:27,350 --> 00:17:24,959

government services and in this instance

501
00:17:29,029 --> 00:17:27,360
they've expressed the will that this is

502
00:17:30,789 --> 00:17:29,039
this is a situation or issue that they

503
00:17:34,390 --> 00:17:30,799
want to see taken seriously they want to

504
00:17:35,270 --> 00:17:34,400
see resources allocated and dedicated to

505
00:17:37,110 --> 00:17:35,280
this

506
00:17:39,750 --> 00:17:37,120
and so for the first time

507
00:17:40,710 --> 00:17:39,760
you you've got a government that cannot

508
00:17:43,110 --> 00:17:40,720
um

509
00:17:44,710 --> 00:17:43,120
deny or diminish how much work they're

510
00:17:46,789 --> 00:17:44,720
putting into it

511
00:17:48,950 --> 00:17:46,799
because they're legally mandated to be

512
00:17:51,909 --> 00:17:48,960
putting this work into it so there is

513
00:17:53,350 --> 00:17:51,919

this line of uh accountability now and

514

00:17:54,710 --> 00:17:53,360

so if they're saying oh we're not doing

515

00:17:56,950 --> 00:17:54,720

this or we're not doing that or no we

516

00:17:58,630 --> 00:17:56,960

don't take ufo reports so we don't look

517

00:18:01,029 --> 00:17:58,640

into them you're like well then you're

518

00:18:03,190 --> 00:18:01,039

breaking the law and you have your

519

00:18:04,870 --> 00:18:03,200

lawmakers there who are supposed to hold

520

00:18:07,990 --> 00:18:04,880

them accountable for that and so i think

521

00:18:10,310 --> 00:18:08,000

the fact that we're seeing the ufo topic

522

00:18:11,990 --> 00:18:10,320

put into law and legislation that's very

523

00:18:13,270 --> 00:18:12,000

very significant and it's very

524

00:18:14,710 --> 00:18:13,280

significant for what's the level of

525

00:18:17,029 --> 00:18:14,720

accountability

526

00:18:18,310 --> 00:18:17,039

and what we'll see ultimately is that's

527

00:18:23,430 --> 00:18:18,320

produced

528

00:18:25,190 --> 00:18:23,440

uh cons wise i think that

529

00:18:28,870 --> 00:18:25,200

they can do

530

00:18:32,470 --> 00:18:28,880

an absolutely expert job inside of this

531

00:18:33,669 --> 00:18:32,480

and they can solve lots of mysteries and

532

00:18:36,230 --> 00:18:33,679

they can

533

00:18:38,870 --> 00:18:36,240

hold within their grasp

534

00:18:41,110 --> 00:18:38,880

just irrefutable evidence that this what

535

00:18:44,230 --> 00:18:41,120

this represents you know

536

00:18:46,070 --> 00:18:44,240

and if it so long as it represents uh

537

00:18:47,909 --> 00:18:46,080

what it appears to represent currently

538

00:18:50,549 --> 00:18:47,919

which is inherently

539

00:18:53,190 --> 00:18:50,559

a demonstration of vulnerabilities to

540

00:18:54,230 --> 00:18:53,200

american and other countries national

541

00:18:56,230 --> 00:18:54,240

defense

542

00:18:58,230 --> 00:18:56,240

that's something that is going to be

543

00:19:00,950 --> 00:18:58,240

inherently classified

544

00:19:03,430 --> 00:19:00,960

it's going to be in here safeguarded as

545

00:19:06,150 --> 00:19:03,440

much as people want to

546

00:19:07,430 --> 00:19:06,160

uh believe or think that uh you know if

547

00:19:09,029 --> 00:19:07,440

they especially if they knew this was

548

00:19:10,710 --> 00:19:09,039

something that wasn't human that that

549

00:19:12,950 --> 00:19:10,720

would be immediately shared with the

550

00:19:14,710 --> 00:19:12,960

world and we would all you know this

551
00:19:17,029 --> 00:19:14,720
would be this great breakthrough that's

552
00:19:19,510 --> 00:19:17,039
not how the defense world thinks that's

553
00:19:20,950 --> 00:19:19,520
not what they're paid to do and from

554
00:19:22,870 --> 00:19:20,960
them they view it from a defense

555
00:19:24,710 --> 00:19:22,880
standpoint and if they

556
00:19:26,470 --> 00:19:24,720
have something that they have no defense

557
00:19:29,830 --> 00:19:26,480
against that's not something we're ever

558
00:19:31,669 --> 00:19:29,840
going to hear about and that's so that's

559
00:19:33,590 --> 00:19:31,679
very difficult and i've always said as

560
00:19:35,029 --> 00:19:33,600
long as it remains in the national

561
00:19:36,950 --> 00:19:35,039
security world

562
00:19:39,830 --> 00:19:36,960
solely

563
00:19:41,990 --> 00:19:39,840

it's going to be very hard to get that

564

00:19:44,470 --> 00:19:42,000

uh that information that people really

565

00:19:45,590 --> 00:19:44,480

want to see out there the information

566

00:19:47,110 --> 00:19:45,600

that they can

567

00:19:49,510 --> 00:19:47,120

show to other people and say look here

568

00:19:51,990 --> 00:19:49,520

you go this is irrefutable evidence that

569

00:19:54,390 --> 00:19:52,000

i'm not crazy what i saw is what i saw

570

00:19:57,110 --> 00:19:54,400

this is not just

571

00:19:58,230 --> 00:19:57,120

drones balloons birds and swamp gas

572

00:20:00,789 --> 00:19:58,240

uh

573

00:20:02,789 --> 00:20:00,799

that's that's going to be a hard ticket

574

00:20:05,669 --> 00:20:02,799

to get out of

575

00:20:07,590 --> 00:20:05,679

of the defense world

576

00:20:09,669 --> 00:20:07,600

uh it's something that where they've

577

00:20:11,590 --> 00:20:09,679

they've mitigated that risk or or they

578

00:20:13,029 --> 00:20:11,600

have determined that it is not a risk

579

00:20:16,630 --> 00:20:13,039

it's not a threat

580

00:20:18,230 --> 00:20:16,640

and i'm i'm not certain that that has uh

581

00:20:20,710 --> 00:20:18,240

i have no evidence that that has ever

582

00:20:23,270 --> 00:20:20,720

been achieved that they've ever

583

00:20:25,270 --> 00:20:23,280

conclusively ruled out in light of

584

00:20:26,549 --> 00:20:25,280

comments that they have made

585

00:20:28,710 --> 00:20:26,559

um

586

00:20:30,230 --> 00:20:28,720

in public over the decades where they

587

00:20:32,149 --> 00:20:30,240

said i think even the uk government

588

00:20:35,029 --> 00:20:32,159

that's their stance is

589

00:20:37,350 --> 00:20:35,039

much like blue book that uh ufos don't

590

00:20:39,350 --> 00:20:37,360

pose a threat to national security okay

591

00:20:40,630 --> 00:20:39,360

cool what are they you know birds don't

592

00:20:42,630 --> 00:20:40,640

pose a threat to national security

593

00:20:44,230 --> 00:20:42,640

either but but i can read a book about

594

00:20:47,029 --> 00:20:44,240

them so what are they

595

00:20:48,390 --> 00:20:47,039

um i would say that that uh

596

00:20:51,669 --> 00:20:48,400

that's probably

597

00:20:53,830 --> 00:20:51,679

that'll that alone has is probably a a

598

00:20:56,310 --> 00:20:53,840

lie from governments when they say that

599

00:20:58,390 --> 00:20:56,320

it doesn't represent not that it does

600

00:21:00,950 --> 00:20:58,400

represent a threat but rather that they

601
00:21:03,510 --> 00:21:00,960
have conclusively determined that it

602
00:21:04,549 --> 00:21:03,520
there isn't threat potential there

603
00:21:06,870 --> 00:21:04,559
and so

604
00:21:10,070 --> 00:21:06,880
yeah it's it's an interesting slope as

605
00:21:11,590 --> 00:21:10,080
long as it remains there in the dod

606
00:21:13,750 --> 00:21:11,600
and uh

607
00:21:15,510 --> 00:21:13,760
you know even if the people that may be

608
00:21:17,190 --> 00:21:15,520
in place now if they're antagonistic

609
00:21:19,590 --> 00:21:17,200
towards ufo topic

610
00:21:21,430 --> 00:21:19,600
uh you know the ones i know you trust

611
00:21:23,190 --> 00:21:21,440
that they're still defense professionals

612
00:21:25,029 --> 00:21:23,200
they're going to handle it like defense

613
00:21:27,110 --> 00:21:25,039

professionals i think that's a concern

614

00:21:28,630 --> 00:21:27,120

for the public and the transparency side

615

00:21:30,789 --> 00:21:28,640

of things

616

00:21:32,070 --> 00:21:30,799

it's interesting on the pros that you're

617

00:21:33,990 --> 00:21:32,080

saying it's great things are getting

618

00:21:37,270 --> 00:21:34,000

signed into law that's that's exciting

619

00:21:38,549 --> 00:21:37,280

that's that's unprecedented on the cons

620

00:21:41,430 --> 00:21:38,559

um

621

00:21:42,870 --> 00:21:41,440

the classified side of things

622

00:21:44,870 --> 00:21:42,880

almost is

623

00:21:46,710 --> 00:21:44,880

they start to counteract each other

624

00:21:48,710 --> 00:21:46,720

don't they because i've had this

625

00:21:51,190 --> 00:21:48,720

conversation with people including

626

00:21:52,549 --> 00:21:51,200

some members of the of the us forces

627

00:21:54,310 --> 00:21:52,559

where they seem and they're very

628

00:21:56,070 --> 00:21:54,320

patriotic and understand that and it's

629

00:21:58,390 --> 00:21:56,080

easier for me not being an american to

630

00:22:00,950 --> 00:21:58,400

talk about this kind of stuff but

631

00:22:03,430 --> 00:22:00,960

people lie and people circumnavigate the

632

00:22:04,230 --> 00:22:03,440

law and if you're looking at a subject

633

00:22:14,149 --> 00:22:04,240

as

634

00:22:15,590 --> 00:22:14,159

well it's no law so you have to tell us

635

00:22:16,710 --> 00:22:15,600

everything you know and in a little

636

00:22:18,870 --> 00:22:16,720

while we're going to get to talking

637

00:22:21,029 --> 00:22:18,880

about the us air force who i'm sure no

638

00:22:22,549 --> 00:22:21,039

plenty of ways around

639

00:22:24,310 --> 00:22:22,559

those particular laws and i'm sure

640

00:22:25,350 --> 00:22:24,320

already know what they can and can't do

641

00:22:27,830 --> 00:22:25,360

because

642

00:22:29,430 --> 00:22:27,840

part of that uap task force they they

643

00:22:30,710 --> 00:22:29,440

were instructed to comply and give

644

00:22:32,149 --> 00:22:30,720

information and it looks like chris

645

00:22:33,669 --> 00:22:32,159

mellon's already come out and said well

646

00:22:35,510 --> 00:22:33,679

they didn't did they

647

00:22:36,390 --> 00:22:35,520

so just because it's law doesn't mean

648

00:22:38,470 --> 00:22:36,400

that we're going to get all that

649

00:22:40,470 --> 00:22:38,480

transparency we hoped for

650

00:22:42,390 --> 00:22:40,480

we know

651
00:22:44,310 --> 00:22:42,400
absolutely

652
00:22:46,870 --> 00:22:44,320
highly accurate point and you're 100

653
00:22:49,510 --> 00:22:46,880
correct especially in given that the

654
00:22:51,270 --> 00:22:49,520
fact that um

655
00:22:53,510 --> 00:22:51,280
you know you know after saying all of

656
00:22:54,870 --> 00:22:53,520
this of how the defense line thinking is

657
00:22:56,470 --> 00:22:54,880
that this has threat potential and

658
00:22:58,789 --> 00:22:56,480
therefore it has to remain in the

659
00:23:00,390 --> 00:22:58,799
classified and top secret world

660
00:23:02,310 --> 00:23:00,400
threat potential and threat are two

661
00:23:03,909 --> 00:23:02,320
different ball games here one is the

662
00:23:05,909 --> 00:23:03,919
potential to be threatening the other is

663
00:23:07,669 --> 00:23:05,919

an actual overthread

664

00:23:09,510 --> 00:23:07,679

that ladder an overt threat there's

665

00:23:10,870 --> 00:23:09,520

really no evidence for that whatsoever i

666

00:23:12,630 --> 00:23:10,880

mean there's plenty of instances that

667

00:23:14,470 --> 00:23:12,640

i'm aware of there's plenty of instances

668

00:23:16,710 --> 00:23:14,480

where you know the tic tac could have

669

00:23:18,549 --> 00:23:16,720

fired on favor and dietrich and didn't

670

00:23:19,909 --> 00:23:18,559

and you know so there's all these things

671

00:23:23,350 --> 00:23:19,919

we certainly haven't seen war of the

672

00:23:25,350 --> 00:23:23,360

worlds here so the consequences

673

00:23:27,350 --> 00:23:25,360

of not being forthcoming even when

674

00:23:29,909 --> 00:23:27,360

you're supposed to and which you just

675

00:23:32,390 --> 00:23:29,919

mentioned the circumventing of law

676

00:23:34,950 --> 00:23:32,400

and putting a half-hearted effort in it

677

00:23:36,870 --> 00:23:34,960

uh you know you can certainly see people

678

00:23:38,310 --> 00:23:36,880

viewing those as reasonably low because

679

00:23:42,470 --> 00:23:38,320

it's not like

680

00:23:44,549 --> 00:23:42,480

give a you know half an effort into

681

00:23:45,990 --> 00:23:44,559

looking to counter terrorism or

682

00:23:47,990 --> 00:23:46,000

something like that where you run the

683

00:23:49,909 --> 00:23:48,000

risk that now you're going to have some

684

00:23:51,590 --> 00:23:49,919

type of terrorist event

685

00:23:52,870 --> 00:23:51,600

and it's going to be a loss of life and

686

00:23:55,269 --> 00:23:52,880

it's going to be a very big deal these

687

00:23:58,310 --> 00:23:55,279

are huge consequences whereas you view

688

00:24:00,310 --> 00:23:58,320

this half i don't tell them everything

689

00:24:02,549 --> 00:24:00,320

we can make this go away

690

00:24:04,710 --> 00:24:02,559

the likelihood that the outcome of this

691

00:24:06,710 --> 00:24:04,720

is going to be catastrophic or is going

692

00:24:10,149 --> 00:24:06,720

to make us look bad as low so yeah no

693

00:24:13,430 --> 00:24:10,159

you're you're absolutely right it's a

694

00:24:14,870 --> 00:24:13,440

you know it's it's an interesting area

695

00:24:17,029 --> 00:24:14,880

that uh

696

00:24:19,430 --> 00:24:17,039

this extends beyond ufos when it comes

697

00:24:20,789 --> 00:24:19,440

to the government is how forthcoming is

698

00:24:23,029 --> 00:24:20,799

the military

699

00:24:25,430 --> 00:24:23,039

being with the lawmakers that they're

700

00:24:27,029 --> 00:24:25,440

legally supposed to be and

701

00:24:29,029 --> 00:24:27,039

there's certainly

702

00:24:30,870 --> 00:24:29,039

you know an abundance of evidence to

703

00:24:32,230 --> 00:24:30,880

suggest that if

704

00:24:34,230 --> 00:24:32,240

any of the branches the military the

705

00:24:35,909 --> 00:24:34,240

department of defense wants to be

706

00:24:38,390 --> 00:24:35,919

uh they want to

707

00:24:40,310 --> 00:24:38,400

obstruct things if they want to just

708

00:24:42,070 --> 00:24:40,320

circumvent things for a host of reasons

709

00:24:43,029 --> 00:24:42,080

they certainly will and can you know

710

00:24:45,750 --> 00:24:43,039

they

711

00:24:48,070 --> 00:24:45,760

often bring up the fact that uh

712

00:24:51,190 --> 00:24:48,080

the the dod was

713

00:24:53,430 --> 00:24:51,200

ordered by executive order to provide an

714

00:24:55,350 --> 00:24:53,440

audit of their budget

715

00:24:58,310 --> 00:24:55,360

like 30 years ago

716

00:25:00,310 --> 00:24:58,320

and still hasn't turned this thing in so

717

00:25:02,390 --> 00:25:00,320

i mean

718

00:25:05,830 --> 00:25:02,400

yeah they can they can shuffle things

719

00:25:07,750 --> 00:25:05,840

around and and push things around

720

00:25:11,350 --> 00:25:07,760

and especially

721

00:25:12,950 --> 00:25:11,360

it depends on how much of an issue does

722

00:25:15,350 --> 00:25:12,960

the public or lawmakers want to make it

723

00:25:16,950 --> 00:25:15,360

as well i think that's you know are they

724

00:25:18,070 --> 00:25:16,960

gonna be held accountable for that kind

725

00:25:18,870 --> 00:25:18,080

of stuff

726

00:25:20,549 --> 00:25:18,880

um

727

00:25:22,230 --> 00:25:20,559

i think that's interesting and i know

728

00:25:24,630 --> 00:25:22,240

you you that was one of the things was

729

00:25:26,630 --> 00:25:24,640

interesting about chris mellon's article

730

00:25:27,669 --> 00:25:26,640

that he did with us on the air force is

731

00:25:28,630 --> 00:25:27,679

he he

732

00:25:31,590 --> 00:25:28,640

i think

733

00:25:33,510 --> 00:25:31,600

called out uh you know appropriately

734

00:25:35,590 --> 00:25:33,520

instances where it seemed like people

735

00:25:36,630 --> 00:25:35,600

like lawmakers like the task force like

736

00:25:38,789 --> 00:25:36,640

the dod

737

00:25:40,470 --> 00:25:38,799

were allowing why were they allowing the

738

00:25:42,549 --> 00:25:40,480

air force

739

00:25:44,630 --> 00:25:42,559

to circumvent things and not provide

740

00:25:46,549 --> 00:25:44,640

data that's being asked for why is this

741

00:25:51,430 --> 00:25:46,559

being allowed to go on

742

00:25:54,230 --> 00:25:52,630

i wonder

743

00:25:56,549 --> 00:25:54,240

you mentioned you know

744

00:25:58,230 --> 00:25:56,559

what the expectations may be from this

745

00:26:00,390 --> 00:25:58,240

public hearings is something that gets

746

00:26:02,390 --> 00:26:00,400

brought up constantly is that something

747

00:26:05,029 --> 00:26:02,400

you think can realistically be expected

748

00:26:07,190 --> 00:26:05,039

to come from this in 2022 you mentioned

749

00:26:09,110 --> 00:26:07,200

holding people accountable it's not

750

00:26:11,029 --> 00:26:09,120

something i'm necessarily

751
00:26:12,789 --> 00:26:11,039
concerned about myself i don't feel that

752
00:26:14,470 --> 00:26:12,799
moves the conversation forward that

753
00:26:16,950 --> 00:26:14,480
we're all looking for to get the answers

754
00:26:18,470 --> 00:26:16,960
but maybe it'll be a consequence of of

755
00:26:20,630 --> 00:26:18,480
any kind of disclosure if you want to

756
00:26:25,110 --> 00:26:20,640
call it that but can we expect any kind

757
00:26:26,710 --> 00:26:25,120
of public hearings on ufos being had um

758
00:26:29,430 --> 00:26:26,720
i mean if you were to ask my opinion

759
00:26:31,669 --> 00:26:29,440
right now as we see things no

760
00:26:33,830 --> 00:26:31,679
just because i don't see the

761
00:26:35,750 --> 00:26:33,840
political pressure that goes into it you

762
00:26:38,870 --> 00:26:35,760
know in american politics oftentimes and

763
00:26:41,590 --> 00:26:38,880

if you you think of the public hearings

764

00:26:43,110 --> 00:26:41,600

that uh most people are familiar with uh

765

00:26:45,990 --> 00:26:43,120

i mean public hearings go on all the

766

00:26:48,149 --> 00:26:46,000

time just nobody watches c-span but

767

00:26:50,390 --> 00:26:48,159

the ones that capture people's attention

768

00:26:52,470 --> 00:26:50,400

they're very politically motivated you

769

00:26:54,390 --> 00:26:52,480

know it's the russian interference

770

00:26:56,549 --> 00:26:54,400

election so it's this politics

771

00:26:59,029 --> 00:26:56,559

republicans versus democrats right now

772

00:27:01,029 --> 00:26:59,039

it's the january 6 commission it's very

773

00:27:02,710 --> 00:27:01,039

politically motivated you know when they

774

00:27:04,549 --> 00:27:02,720

bring big tech in and they yell at mark

775

00:27:06,070 --> 00:27:04,559

zuckerberg and the rest of them

776

00:27:07,909 --> 00:27:06,080

there's there's big political

777

00:27:11,190 --> 00:27:07,919

motivations behind that

778

00:27:15,590 --> 00:27:11,200

and presently i don't see either side of

779

00:27:17,590 --> 00:27:15,600

the aisle viewing the ufo topic it is a

780

00:27:19,669 --> 00:27:17,600

political issue that they want to make

781

00:27:21,350 --> 00:27:19,679

the other side look bad for not taking

782

00:27:23,029 --> 00:27:21,360

care of that kind of thing

783

00:27:26,630 --> 00:27:23,039

and it's unfortunate because that's when

784

00:27:28,950 --> 00:27:26,640

we see a lot of public hearings occur

785

00:27:31,830 --> 00:27:28,960

the other side of that is that congress

786

00:27:33,350 --> 00:27:31,840

doesn't have the authority to declassify

787

00:27:34,789 --> 00:27:33,360

itself so

788

00:27:37,029 --> 00:27:34,799

going back to what i mentioned about how

789

00:27:39,590 --> 00:27:37,039

much so much can be classified so much

790

00:27:40,389 --> 00:27:39,600

can be guarded as state secrets

791

00:27:42,549 --> 00:27:40,399

um

792

00:27:44,950 --> 00:27:42,559

they can request hearings they can hold

793

00:27:47,750 --> 00:27:44,960

public hearings that are

794

00:27:50,310 --> 00:27:47,760

extremely limited you know you know

795

00:27:52,310 --> 00:27:50,320

perhaps uh very similar to

796

00:27:54,630 --> 00:27:52,320

essentially reading what was released in

797

00:27:55,430 --> 00:27:54,640

that preliminary report by od and i last

798

00:27:56,230 --> 00:27:55,440

june

799

00:27:57,990 --> 00:27:56,240

um

800

00:28:00,470 --> 00:27:58,000

reading that

801
00:28:03,350 --> 00:28:00,480
or the equivalent of answering that and

802
00:28:05,029 --> 00:28:03,360
then therefore even if you look at those

803
00:28:06,710 --> 00:28:05,039
uh different hearings that i mentioned

804
00:28:09,029 --> 00:28:06,720
uh earlier you'll see public hearings

805
00:28:10,710 --> 00:28:09,039
but then you'll see you know after lunch

806
00:28:11,750 --> 00:28:10,720
we're gonna have a closed door hearing

807
00:28:13,510 --> 00:28:11,760
about this so that's where the

808
00:28:16,389 --> 00:28:13,520
classified information is because at the

809
00:28:19,269 --> 00:28:16,399
end of the day congress cannot tell the

810
00:28:21,830 --> 00:28:19,279
dod uh you need to declassify that that

811
00:28:24,549 --> 00:28:21,840
actually um you know has to come from

812
00:28:26,310 --> 00:28:24,559
the president so you know the the

813
00:28:28,310 --> 00:28:26,320

authority to classify anything is

814

00:28:30,230 --> 00:28:28,320

through the executive privilege and so

815

00:28:32,389 --> 00:28:30,240

the president is the only person who has

816

00:28:34,310 --> 00:28:32,399

the authority to classify anything

817

00:28:36,310 --> 00:28:34,320

and uh

818

00:28:38,870 --> 00:28:36,320

again just going into

819

00:28:41,350 --> 00:28:38,880

if you ask my opinion right now um i i

820

00:28:42,950 --> 00:28:41,360

wouldn't foresee that because uh there's

821

00:28:44,549 --> 00:28:42,960

been

822

00:28:48,470 --> 00:28:44,559

zero

823

00:28:50,789 --> 00:28:48,480

current president president biden has

824

00:28:51,590 --> 00:28:50,799

any interest in this or has certainly

825

00:28:53,430 --> 00:28:51,600

has

826

00:28:56,070 --> 00:28:53,440

made this an issue

827

00:28:58,710 --> 00:28:56,080

uh amongst his executive branches and

828

00:29:00,149 --> 00:28:58,720

said look i want an answer to this and i

829

00:29:01,669 --> 00:29:00,159

want it to come out for the american

830

00:29:03,750 --> 00:29:01,679

people

831

00:29:05,750 --> 00:29:03,760

and so i don't see a lot of those parts

832

00:29:07,990 --> 00:29:05,760

in place you know those parts come in

833

00:29:09,909 --> 00:29:08,000

place

834

00:29:11,590 --> 00:29:09,919

perhaps you will but

835

00:29:15,110 --> 00:29:11,600

right now i don't see any public

836

00:29:19,190 --> 00:29:17,350

do you think we necessarily need those

837

00:29:20,870 --> 00:29:19,200

public hearings to push this

838

00:29:22,710 --> 00:29:20,880

conversation forward is there going to

839

00:29:24,710 --> 00:29:22,720

be a benefit to that or

840

00:29:27,190 --> 00:29:24,720

is the best way to go forward with this

841

00:29:29,430 --> 00:29:27,200

to try and get some of those different

842

00:29:31,510 --> 00:29:29,440

departments working together in some

843

00:29:33,269 --> 00:29:31,520

capacity i'm going to move on shortly to

844

00:29:36,310 --> 00:29:33,279

talk about the us air force and chris

845

00:29:37,830 --> 00:29:36,320

mellon's comments but as the best way

846

00:29:39,909 --> 00:29:37,840

to have people like chris melon and what

847

00:29:41,750 --> 00:29:39,919

he seems to be doing putting pressure on

848

00:29:44,870 --> 00:29:41,760

those departments you know what

849

00:29:46,070 --> 00:29:44,880

this is going to go one of two ways and

850

00:29:47,669 --> 00:29:46,080

you can make it a lot easier for

851
00:29:49,029 --> 00:29:47,679
yourselves to cooperate and at least

852
00:29:51,830 --> 00:29:49,039
that way it gives them some measure of

853
00:29:56,549 --> 00:29:54,950
sure no i i do i do see a benefit into

854
00:29:58,149 --> 00:29:56,559
these public hearings you know

855
00:29:59,269 --> 00:29:58,159
especially in getting things moving

856
00:30:01,830 --> 00:29:59,279
forward

857
00:30:04,470 --> 00:30:01,840
if for no other reason then and there's

858
00:30:05,430 --> 00:30:04,480
there's been stuff that uh

859
00:30:08,549 --> 00:30:05,440
i

860
00:30:09,909 --> 00:30:08,559
happy

861
00:30:11,510 --> 00:30:09,919
about behind the scenes where i've

862
00:30:13,590 --> 00:30:11,520
reported on things that have been said

863
00:30:17,430 --> 00:30:13,600

during closed door meetings uh in

864

00:30:20,149 --> 00:30:17,440

particularly when uh the director of the

865

00:30:22,789 --> 00:30:20,159

zapco the special access programs

866

00:30:24,789 --> 00:30:22,799

for the dods the office that's in charge

867

00:30:26,470 --> 00:30:24,799

of all the top secret stuff the the

868

00:30:29,750 --> 00:30:26,480

special access programs

869

00:30:32,070 --> 00:30:29,760

uh you know has testified and said that

870

00:30:36,549 --> 00:30:32,080

uh the stuff in you know these nimitz

871

00:30:38,950 --> 00:30:36,559

videos like this is not us technology um

872

00:30:40,149 --> 00:30:38,960

and so there is i think there's immense

873

00:30:42,950 --> 00:30:40,159

benefit

874

00:30:44,870 --> 00:30:42,960

uh for pushing the ball forward and

875

00:30:46,230 --> 00:30:44,880

getting a lot of people who are on the

876

00:30:48,470 --> 00:30:46,240

fence so who

877

00:30:50,870 --> 00:30:48,480

uh who who don't view this as being

878

00:30:53,350 --> 00:30:50,880

maybe a big mystery as it might be and

879

00:30:55,510 --> 00:30:53,360

kind of easily dismiss it as well yeah

880

00:30:58,149 --> 00:30:55,520

maybe it's real tangible something it's

881

00:31:00,950 --> 00:30:58,159

real tangible aerospace something

882

00:31:02,710 --> 00:31:00,960

but it's got to be classified uh i think

883

00:31:05,110 --> 00:31:02,720

there's huge benefit if you've got

884

00:31:08,470 --> 00:31:05,120

somebody like the sapco director if

885

00:31:10,389 --> 00:31:08,480

you've got uh you know the the air force

886

00:31:13,430 --> 00:31:10,399

chief who's there testifying in front of

887

00:31:15,750 --> 00:31:13,440

congress sworn in under oath

888

00:31:16,630 --> 00:31:15,760

under threat of perjury and penalty of

889

00:31:20,389 --> 00:31:16,640

law

890

00:31:22,789 --> 00:31:20,399

and he he or she says you know

891

00:31:25,909 --> 00:31:22,799

these objects that are being classified

892

00:31:29,350 --> 00:31:25,919

as uap that have been observed or filmed

893

00:31:31,990 --> 00:31:29,360

by our service members these are not

894

00:31:35,190 --> 00:31:32,000

air force technology these are not dod

895

00:31:36,630 --> 00:31:35,200

technology uh because then you you have

896

00:31:39,190 --> 00:31:36,640

to make the decision well are they just

897

00:31:41,909 --> 00:31:39,200

lying under oath and committing you know

898

00:31:43,269 --> 00:31:41,919

this this very public crime you know

899

00:31:43,990 --> 00:31:43,279

when they could say i'm not gonna answer

900

00:31:47,830 --> 00:31:44,000

that

901
00:31:49,110 --> 00:31:47,840
gonna you're still gonna have a lot of

902
00:31:50,470 --> 00:31:49,120
people that would still say that oh

903
00:31:52,789 --> 00:31:50,480
they're it's all just their lies it's

904
00:31:54,149 --> 00:31:52,799
all a big smoke and mirrors but i think

905
00:31:57,269 --> 00:31:54,159
a greater majority of people are gonna

906
00:32:01,029 --> 00:31:57,279
see that and go huh okay well

907
00:32:04,070 --> 00:32:01,039
we can check that one off of the list uh

908
00:32:05,509 --> 00:32:04,080
and i think it's uh yeah it's certainly

909
00:32:07,909 --> 00:32:05,519
it gives

910
00:32:09,509 --> 00:32:07,919
it's nice because though we the public

911
00:32:11,509 --> 00:32:09,519
don't necessarily get to ask those

912
00:32:14,070 --> 00:32:11,519
follow-up questions in these hearing

913
00:32:17,110 --> 00:32:14,080

settings lawmakers do and so i'm sure a

914

00:32:18,230 --> 00:32:17,120

lot of us there's a lot of questions uh

915

00:32:19,990 --> 00:32:18,240

you know

916

00:32:21,350 --> 00:32:20,000

after the preliminary report was

917

00:32:22,950 --> 00:32:21,360

released i'm sure a lot of people had a

918

00:32:24,470 --> 00:32:22,960

lot of questions a lot of follow-up that

919

00:32:28,070 --> 00:32:24,480

we'd like you know they're right in

920

00:32:30,230 --> 00:32:28,080

there the uh to some degree this uh to

921

00:32:32,549 --> 00:32:30,240

understand these uap sightings might

922

00:32:33,830 --> 00:32:32,559

require a new understanding of science

923

00:32:36,230 --> 00:32:33,840

like you know that's the one i think you

924

00:32:37,990 --> 00:32:36,240

want to raise your hand away

925

00:32:39,909 --> 00:32:38,000

can we talk about that like what what

926
00:32:41,110 --> 00:32:39,919
makes you say that

927
00:32:46,710 --> 00:32:41,120
and

928
00:32:48,389 --> 00:32:46,720
uh you know i think the why would you

929
00:32:50,070 --> 00:32:48,399
say that is those are the questions that

930
00:32:52,070 --> 00:32:50,080
you get an opportunity to follow up and

931
00:32:54,310 --> 00:32:52,080
ask in a public hearing setting so i

932
00:32:55,350 --> 00:32:54,320
certainly would be all for that

933
00:32:57,509 --> 00:32:55,360
um

934
00:33:01,110 --> 00:32:57,519
i just don't see that uh

935
00:33:03,110 --> 00:33:01,120
that potential right now

936
00:33:04,789 --> 00:33:03,120
i think for me something that was was

937
00:33:07,669 --> 00:33:04,799
really evident was in the build-up to

938
00:33:09,350 --> 00:33:07,679

the uap task force report there was a

939

00:33:11,909 --> 00:33:09,360

groundswell of mainstream media

940

00:33:15,669 --> 00:33:11,919

attention especially from a us point of

941

00:33:18,230 --> 00:33:15,679

view where you saw people like lou chris

942

00:33:20,230 --> 00:33:18,240

sean cahill and others appearing on on

943

00:33:22,470 --> 00:33:20,240

major networks major breakfast shows

944

00:33:24,549 --> 00:33:22,480

talk shows not just in the us but around

945

00:33:26,710 --> 00:33:24,559

the world discussing the subject and

946

00:33:28,870 --> 00:33:26,720

that has a great

947

00:33:31,909 --> 00:33:28,880

great uh reaction off the back of it we

948

00:33:33,990 --> 00:33:31,919

saw jj abrams ufo series albeit

949

00:33:35,990 --> 00:33:34,000

disappointing in parts it still raises

950

00:33:39,430 --> 00:33:36,000

the profile of the subject demi lovato's

951
00:33:41,430 --> 00:33:39,440
series went on as well so there was a

952
00:33:43,029 --> 00:33:41,440
reaction but it was like that spike and

953
00:33:44,950 --> 00:33:43,039
then it went away because the report

954
00:33:47,269 --> 00:33:44,960
came out and for the mainstream it

955
00:33:49,509 --> 00:33:47,279
didn't say aliens essentially is what it

956
00:33:51,669 --> 00:33:49,519
boiled down to although if you look into

957
00:33:53,350 --> 00:33:51,679
it it didn't not say that

958
00:33:55,669 --> 00:33:53,360
from from our point of view so we we

959
00:33:57,430 --> 00:33:55,679
have this then quieter period where

960
00:33:59,990 --> 00:33:57,440
there's less of a mainstream interest

961
00:34:01,990 --> 00:34:00,000
and i think public hearings like you say

962
00:34:04,070 --> 00:34:02,000
c-span if that's a channel in the u.s

963
00:34:05,669 --> 00:34:04,080

over in the uk it's like there's the the

964

00:34:07,350 --> 00:34:05,679

parliamentary channels and whatnot that

965

00:34:09,109 --> 00:34:07,360

are really watched but if you had

966

00:34:10,869 --> 00:34:09,119

something like that that certainly

967

00:34:12,230 --> 00:34:10,879

captures that imagination again doesn't

968

00:34:15,909 --> 00:34:12,240

it of the mainstream

969

00:34:17,270 --> 00:34:15,919

sure no i absolutely i think that uh and

970

00:34:18,389 --> 00:34:17,280

you bring up a really salient point i'm

971

00:34:19,829 --> 00:34:18,399

glad you brought that up because i

972

00:34:21,589 --> 00:34:19,839

wasn't even thinking along those lines

973

00:34:23,109 --> 00:34:21,599

which is somewhat embarrassing since i

974

00:34:25,669 --> 00:34:23,119

run a media company

975

00:34:27,750 --> 00:34:25,679

because definitely we we had a lot more

976
00:34:29,349 --> 00:34:27,760
traffic when there was a ufo push

977
00:34:32,149 --> 00:34:29,359
because people were were anxiously

978
00:34:33,190 --> 00:34:32,159
looking for that information every day

979
00:34:36,069 --> 00:34:33,200
and so

980
00:34:38,710 --> 00:34:36,079
certainly whenever it it's it's coming

981
00:34:41,750 --> 00:34:38,720
into the eyes and you have

982
00:34:43,669 --> 00:34:41,760
uh you have outlets that don't cover it

983
00:34:45,510 --> 00:34:43,679
very frequently you know

984
00:34:47,190 --> 00:34:45,520
some of them do infrequently the you

985
00:34:48,389 --> 00:34:47,200
know the washington post politico the

986
00:34:50,550 --> 00:34:48,399
new york times

987
00:34:53,750 --> 00:34:50,560
but but when you have that spread out

988
00:34:55,589 --> 00:34:53,760

across the land like that and

989

00:34:57,270 --> 00:34:55,599

particularly when you see

990

00:35:00,310 --> 00:34:57,280

because the new york times did that

991

00:35:01,430 --> 00:35:00,320

before um before the release of the odni

992

00:35:03,109 --> 00:35:01,440

report

993

00:35:05,030 --> 00:35:03,119

which i was really impressed about is

994

00:35:07,910 --> 00:35:05,040

they kind of revealed what the report

995

00:35:09,750 --> 00:35:07,920

was going to say generally beforehand it

996

00:35:11,670 --> 00:35:09,760

was very consistent with the type of

997

00:35:13,190 --> 00:35:11,680

reporting that they do all the time

998

00:35:15,109 --> 00:35:13,200

they're very well sourced i mean it's

999

00:35:17,270 --> 00:35:15,119

it's a very well again it's the new york

1000

00:35:18,710 --> 00:35:17,280

times and so they have great sources and

1001
00:35:21,109 --> 00:35:18,720
everything and they were treating it

1002
00:35:22,470 --> 00:35:21,119
very much like they do

1003
00:35:24,230 --> 00:35:22,480
every other national security and

1004
00:35:26,470 --> 00:35:24,240
defense story and getting that

1005
00:35:29,030 --> 00:35:26,480
information out there and so

1006
00:35:31,349 --> 00:35:29,040
you know there's there's reams of

1007
00:35:33,030 --> 00:35:31,359
information that assuredly

1008
00:35:34,630 --> 00:35:33,040
could potentially come out there when

1009
00:35:36,710 --> 00:35:34,640
you have that mainstream interest

1010
00:35:39,510 --> 00:35:36,720
because you know i'm a realist there's

1011
00:35:42,150 --> 00:35:39,520
people like the times people people like

1012
00:35:43,109 --> 00:35:42,160
the washington post people people

1013
00:35:45,190 --> 00:35:43,119

have

1014

00:35:47,510 --> 00:35:45,200

bureau chiefs in dc you know it's much

1015

00:35:49,270 --> 00:35:47,520

easier for them i've got to work off of

1016

00:35:51,109 --> 00:35:49,280

emails and phones where they can you

1017

00:35:52,950 --> 00:35:51,119

know walk up and meet people

1018

00:35:55,750 --> 00:35:52,960

face to face and so

1019

00:35:57,510 --> 00:35:55,760

there's potential information that i

1020

00:35:58,390 --> 00:35:57,520

would love to see that come out more i'd

1021

00:35:59,990 --> 00:35:58,400

love to see

1022

00:36:00,790 --> 00:36:00,000

national security reporters report on

1023

00:36:04,550 --> 00:36:00,800

that

1024

00:36:06,150 --> 00:36:04,560

you know it's definitely one of these

1025

00:36:07,349 --> 00:36:06,160

things if there were public hearings

1026
00:36:09,430 --> 00:36:07,359
announced

1027
00:36:12,069 --> 00:36:09,440
you know continued

1028
00:36:14,390 --> 00:36:12,079
legislative action that keeps coming up

1029
00:36:16,790 --> 00:36:14,400
that pushes it into the mainstream eye

1030
00:36:18,950 --> 00:36:16,800
that pushes it into other news outlets

1031
00:36:20,470 --> 00:36:18,960
they push their people to push on to

1032
00:36:22,069 --> 00:36:20,480
their sources and everything to get

1033
00:36:24,710 --> 00:36:22,079
information so i think

1034
00:36:26,470 --> 00:36:24,720
uh there's significant benefit to it

1035
00:36:28,790 --> 00:36:26,480
receiving more public attention because

1036
00:36:29,670 --> 00:36:28,800
i think for most people

1037
00:36:31,670 --> 00:36:29,680
you know

1038
00:36:33,829 --> 00:36:31,680

and i have i've said this with the ufo

1039

00:36:35,589 --> 00:36:33,839

topic in general because i think people

1040

00:36:38,230 --> 00:36:35,599

that have followed it

1041

00:36:39,829 --> 00:36:38,240

or have at least become very well versed

1042

00:36:41,430 --> 00:36:39,839

in it and they study the history and

1043

00:36:43,510 --> 00:36:41,440

they realize this is something that has

1044

00:36:45,430 --> 00:36:43,520

kind of been going on for

1045

00:36:46,630 --> 00:36:45,440

decades and decades and decades this is

1046

00:36:48,069 --> 00:36:46,640

nothing new

1047

00:36:49,510 --> 00:36:48,079

um from

1048

00:36:51,750 --> 00:36:49,520

what we see now is this kind of

1049

00:36:53,510 --> 00:36:51,760

relearning process this rediscovery

1050

00:36:55,349 --> 00:36:53,520

process because there's a there's

1051
00:36:57,670 --> 00:36:55,359
generations of people

1052
00:37:00,470 --> 00:36:57,680
that that say post to blue book who

1053
00:37:03,030 --> 00:37:00,480
who've kind of grown up under the

1054
00:37:05,750 --> 00:37:03,040
impression that uh ufos really that's

1055
00:37:08,150 --> 00:37:05,760
like you know movies or sci-fi

1056
00:37:09,910 --> 00:37:08,160
and you know people maybe see a meteor

1057
00:37:11,270 --> 00:37:09,920
they you know they view it more as

1058
00:37:13,829 --> 00:37:11,280
fantasy

1059
00:37:15,910 --> 00:37:13,839
and mythology and don't realize that

1060
00:37:17,030 --> 00:37:15,920
there still are these very credible

1061
00:37:18,550 --> 00:37:17,040
sightings and there's still these

1062
00:37:21,190 --> 00:37:18,560
instances that

1063
00:37:22,950 --> 00:37:21,200

defy any kind of explanation

1064

00:37:24,069 --> 00:37:22,960

even for institutions like the

1065

00:37:25,430 --> 00:37:24,079

department of defense who are

1066

00:37:26,950 --> 00:37:25,440

established to

1067

00:37:28,710 --> 00:37:26,960

understand what's going on and flying

1068

00:37:29,829 --> 00:37:28,720

around here they need situational

1069

00:37:32,310 --> 00:37:29,839

awareness

1070

00:37:34,310 --> 00:37:32,320

and so i think the more attention that's

1071

00:37:37,109 --> 00:37:34,320

out there you get you capture those

1072

00:37:39,910 --> 00:37:37,119

people who rediscover this idea that oh

1073

00:37:41,030 --> 00:37:39,920

wait really this is real i mean it's

1074

00:37:43,109 --> 00:37:41,040

uh you know

1075

00:37:46,310 --> 00:37:43,119

could could perhaps be likened to the to

1076
00:37:48,550 --> 00:37:46,320
finding a the skeletal remains a bigfoot

1077
00:37:50,470 --> 00:37:48,560
suddenly we'd all be like wait

1078
00:37:53,670 --> 00:37:50,480
hold on you know i just thought that was

1079
00:37:55,829 --> 00:37:53,680
a really cool story and we told it and

1080
00:37:57,430 --> 00:37:55,839
you know wait that might be real

1081
00:37:58,710 --> 00:37:57,440
for a lot of people i think that goes on

1082
00:38:00,710 --> 00:37:58,720
i mean i've seen that from a lot of

1083
00:38:02,790 --> 00:38:00,720
family and friends uh

1084
00:38:04,390 --> 00:38:02,800
long time family and friends who have

1085
00:38:06,550 --> 00:38:04,400
never really paid much attention to it

1086
00:38:08,230 --> 00:38:06,560
but they're you know did you read this

1087
00:38:09,829 --> 00:38:08,240
article about fast move or something

1088
00:38:13,270 --> 00:38:09,839

yeah i wrote it

1089

00:38:15,910 --> 00:38:13,280

like oh my goodness this is real

1090

00:38:17,670 --> 00:38:15,920

you mentioned about increase an increase

1091

00:38:19,349 --> 00:38:17,680

in site traffic and i'm sure one thing

1092

00:38:21,829 --> 00:38:19,359

that will do that for you as an article

1093

00:38:23,349 --> 00:38:21,839

by christopher mellon which has

1094

00:38:25,829 --> 00:38:23,359

recently been published on the debrief

1095

00:38:28,950 --> 00:38:25,839

website the article is titled why is the

1096

00:38:30,230 --> 00:38:28,960

air force a wall on the uap issue

1097

00:38:31,589 --> 00:38:30,240

the link for that will be in the

1098

00:38:33,670 --> 00:38:31,599

description if you haven't read it

1099

00:38:35,990 --> 00:38:33,680

already it's fantastic and as much

1100

00:38:37,670 --> 00:38:36,000

detail as there is in there it's an

1101
00:38:39,430 --> 00:38:37,680
interesting read even if you're not well

1102
00:38:40,630 --> 00:38:39,440
versed on the us military christopher

1103
00:38:41,990 --> 00:38:40,640
miller does a very good job in

1104
00:38:43,030 --> 00:38:42,000
explaining what he's talking about

1105
00:38:45,430 --> 00:38:43,040
within that

1106
00:38:47,270 --> 00:38:45,440
early on in the article chris talks

1107
00:38:49,430 --> 00:38:47,280
about various different satellite

1108
00:38:51,190 --> 00:38:49,440
systems that are unclassified that he

1109
00:38:53,109 --> 00:38:51,200
can talk about and i'm going to just

1110
00:38:55,670 --> 00:38:53,119
read you a small a small piece that he

1111
00:38:57,750 --> 00:38:55,680
writes after he's listed many of these

1112
00:39:00,550 --> 00:38:57,760
different programs are satellites sorry

1113
00:39:01,349 --> 00:39:00,560

and different weapons um sensors and

1114

00:39:03,430 --> 00:39:01,359

such

1115

00:39:05,349 --> 00:39:03,440

how is this possible in light of the us

1116

00:39:07,349 --> 00:39:05,359

air force's global responsibility for

1117

00:39:09,510 --> 00:39:07,359

aerospace defense and its massive air

1118

00:39:11,510 --> 00:39:09,520

and space surveillance capabilities are

1119

00:39:16,230 --> 00:39:11,520

we to believe that the us air force did

1120

00:39:18,310 --> 00:39:16,240

not detect any uaps from 2004 until 2021

1121

00:39:20,230 --> 00:39:18,320

this lapse in u.s air force reporting

1122

00:39:22,710 --> 00:39:20,240

raises doubts about the credibility of

1123

00:39:25,190 --> 00:39:22,720

the air force on the uap issue and its

1124

00:39:27,030 --> 00:39:25,200

responsiveness to civilian oversight

1125

00:39:29,829 --> 00:39:27,040

as chris mellon essentially at that

1126

00:39:31,430 --> 00:39:29,839

point calling out the us air force

1127

00:39:33,109 --> 00:39:31,440

yeah no

1128

00:39:35,750 --> 00:39:33,119

first of all you know

1129

00:39:38,150 --> 00:39:35,760

uh big kudos to chris you know chris

1130

00:39:40,630 --> 00:39:38,160

chris chris authored that entire art

1131

00:39:43,670 --> 00:39:40,640

article and put all that work into it

1132

00:39:45,030 --> 00:39:43,680

and he mentioned working on this um

1133

00:39:46,470 --> 00:39:45,040

months ago and mentioned it was

1134

00:39:48,710 --> 00:39:46,480

something that he wanted to do and we'll

1135

00:39:49,589 --> 00:39:48,720

be interested in publishing it

1136

00:39:51,190 --> 00:39:49,599

and

1137

00:39:53,990 --> 00:39:51,200

absolutely you know it's definitely

1138

00:39:56,150 --> 00:39:54,000

interesting and big kudos to micah hanks

1139

00:39:58,069 --> 00:39:56,160

who was the editor of that you know a

1140

00:40:00,710 --> 00:39:58,079

lot of work editors never get any good

1141

00:40:03,510 --> 00:40:00,720

credit uh but they put significant

1142

00:40:04,870 --> 00:40:03,520

amount of work into it and uh you know

1143

00:40:07,270 --> 00:40:04,880

it's at the end of the day it's micah

1144

00:40:10,150 --> 00:40:07,280

who makes that decision that uh

1145

00:40:11,670 --> 00:40:10,160

we included all of that information that

1146

00:40:13,750 --> 00:40:11,680

was one of the things i was very happy

1147

00:40:16,069 --> 00:40:13,760

that we were able to to publish it

1148

00:40:17,190 --> 00:40:16,079

because i know just from experience and

1149

00:40:19,910 --> 00:40:17,200

working with other outlets you know

1150

00:40:21,829 --> 00:40:19,920

there was it was like an 8 500 word

1151

00:40:24,150 --> 00:40:21,839

article almost 9 000 word article

1152

00:40:26,630 --> 00:40:24,160

there's not many outlets that are going

1153

00:40:29,109 --> 00:40:26,640

to let that go

1154

00:40:31,349 --> 00:40:29,119

but i felt like everything that he put

1155

00:40:33,430 --> 00:40:31,359

in there and even laying out

1156

00:40:35,510 --> 00:40:33,440

all of these capabilities

1157

00:40:36,550 --> 00:40:35,520

and he was good it was good information

1158

00:40:38,550 --> 00:40:36,560

it's good information people don't

1159

00:40:41,430 --> 00:40:38,560

realize but it makes that point that he

1160

00:40:42,950 --> 00:40:41,440

was his overarching point

1161

00:40:43,829 --> 00:40:42,960

that uh

1162

00:40:47,030 --> 00:40:43,839

yeah

1163

00:40:48,630 --> 00:40:47,040

it's virtually impossible

1164

00:40:50,950 --> 00:40:48,640

that the air force would not be

1165

00:40:53,109 --> 00:40:50,960

detecting this stuff it is virtually

1166

00:40:55,750 --> 00:40:53,119

impossible that they would not have more

1167

00:40:57,510 --> 00:40:55,760

information on this because they are the

1168

00:40:59,910 --> 00:40:57,520

branch of the service that is supposed

1169

00:41:00,790 --> 00:40:59,920

to be equipped to handle this

1170

00:41:02,309 --> 00:41:00,800

and

1171

00:41:05,109 --> 00:41:02,319

their silence

1172

00:41:07,109 --> 00:41:05,119

for the last four years on this has been

1173

00:41:08,950 --> 00:41:07,119

deafening it has been

1174

00:41:11,109 --> 00:41:08,960

uh mystifying

1175

00:41:13,670 --> 00:41:11,119

you know i i share in some of his

1176

00:41:14,870 --> 00:41:13,680

sentiments of being flabbergasted

1177

00:41:16,790 --> 00:41:14,880

um

1178

00:41:19,190 --> 00:41:16,800

that you haven't had

1179

00:41:22,790 --> 00:41:19,200

anything coming out of the air force

1180

00:41:25,190 --> 00:41:22,800

period and uh you know i certainly

1181

00:41:26,470 --> 00:41:25,200

haven't uh i haven't come across some of

1182

00:41:27,670 --> 00:41:26,480

the information that he shared in that

1183

00:41:29,750 --> 00:41:27,680

article

1184

00:41:33,109 --> 00:41:29,760

directly so you know he mentioned the

1185

00:41:35,589 --> 00:41:33,119

fact that air force pilots and officers

1186

00:41:37,750 --> 00:41:35,599

and airmen were had you know have been

1187

00:41:39,349 --> 00:41:37,760

warned and threatened don't

1188

00:41:40,390 --> 00:41:39,359

don't talk to people don't do this don't

1189

00:41:42,309 --> 00:41:40,400

do that

1190

00:41:44,150 --> 00:41:42,319

um i certainly

1191

00:41:47,270 --> 00:41:44,160

i hadn't heard that directly but that

1192

00:41:48,950 --> 00:41:47,280

makes perfect sense because uh you know

1193

00:41:51,030 --> 00:41:48,960

i've had the opportunity to talk to a

1194

00:41:54,630 --> 00:41:51,040

lot of people from a lot of different

1195

00:41:56,390 --> 00:41:54,640

branches and uh you know there are

1196

00:41:57,270 --> 00:41:56,400

people who reach out to me and contact

1197

00:42:01,270 --> 00:41:57,280

me

1198

00:42:02,630 --> 00:42:01,280

uh the air force is one that i zero

1199

00:42:08,150 --> 00:42:02,640

nobody

1200

00:42:11,750 --> 00:42:08,160

whatsoever nothing absolute silence um

1201
00:42:15,030 --> 00:42:11,760
and so that certainly makes sense and i

1202
00:42:16,430 --> 00:42:15,040
think he he's spot on in saying that it

1203
00:42:20,470 --> 00:42:16,440
is

1204
00:42:22,550 --> 00:42:20,480
the biggest capabilities of it and

1205
00:42:24,069 --> 00:42:22,560
frankly if we're talking about this this

1206
00:42:25,910 --> 00:42:24,079
topic uh

1207
00:42:26,630 --> 00:42:25,920
should have the most vested interest in

1208
00:42:29,270 --> 00:42:26,640
it

1209
00:42:32,390 --> 00:42:29,280
a has been totally silent and b has been

1210
00:42:34,390 --> 00:42:32,400
allowed to be totally silent on it and

1211
00:42:37,270 --> 00:42:34,400
uh

1212
00:42:39,270 --> 00:42:37,280
i i wish i had a good explanation for

1213
00:42:40,950 --> 00:42:39,280

that

1214

00:42:42,870 --> 00:42:40,960

i mean when you read the article it

1215

00:42:44,710 --> 00:42:42,880

certainly comes across like chris is

1216

00:42:45,990 --> 00:42:44,720

very much tongue-in-cheek you know

1217

00:42:47,510 --> 00:42:46,000

telling the

1218

00:42:48,790 --> 00:42:47,520

the us air force you know you're lying

1219

00:42:50,309 --> 00:42:48,800

about this and

1220

00:42:51,829 --> 00:42:50,319

it's almost like when you talk to a

1221

00:42:53,430 --> 00:42:51,839

child that you know they're lying well i

1222

00:42:55,510 --> 00:42:53,440

can't believe that you didn't do this

1223

00:42:57,270 --> 00:42:55,520

when you know for a fact and i'm sure

1224

00:42:59,349 --> 00:42:57,280

that's that's probably a good place to

1225

00:43:02,230 --> 00:42:59,359

come from with us i want to ask you

1226

00:43:04,470 --> 00:43:02,240

though tim two scenarios um which do you

1227

00:43:07,109 --> 00:43:04,480

lean more towards scenario one the us

1228

00:43:08,150 --> 00:43:07,119

air force know nothing and can't say i

1229

00:43:09,990 --> 00:43:08,160

don't know

1230

00:43:12,150 --> 00:43:10,000

about this subject and they won't admit

1231

00:43:14,790 --> 00:43:12,160

their feeling and their duty or scenario

1232

00:43:17,750 --> 00:43:14,800

number two they know everything

1233

00:43:19,990 --> 00:43:17,760

and they're keeping us in the dark

1234

00:43:21,589 --> 00:43:20,000

um

1235

00:43:23,270 --> 00:43:21,599

could i get

1236

00:43:25,190 --> 00:43:23,280

could i go with like a scenario three

1237

00:43:28,069 --> 00:43:25,200

which is they know much more

1238

00:43:30,309 --> 00:43:28,079

keeping us in the dark i don't know

1239

00:43:32,390 --> 00:43:30,319

i i won't go all the way out and say

1240

00:43:34,069 --> 00:43:32,400

they know everything because i i don't

1241

00:43:35,589 --> 00:43:34,079

know that um

1242

00:43:38,390 --> 00:43:35,599

but i

1243

00:43:40,790 --> 00:43:38,400

i certainly

1244

00:43:43,510 --> 00:43:40,800

do believe that they know considerably

1245

00:43:45,430 --> 00:43:43,520

more than they have uh

1246

00:43:46,790 --> 00:43:45,440

then they're letting on or that they

1247

00:43:48,470 --> 00:43:46,800

would like to

1248

00:43:50,150 --> 00:43:48,480

um

1249

00:43:52,069 --> 00:43:50,160

lead people to believe and i think chris

1250

00:43:53,190 --> 00:43:52,079

you're right you know that scolding kind

1251
00:43:55,670 --> 00:43:53,200
of uh

1252
00:43:57,829 --> 00:43:55,680
approach he he's accurate in that in

1253
00:43:59,109 --> 00:43:57,839
that come on you know

1254
00:44:01,030 --> 00:43:59,119
you know you're gonna tell me you don't

1255
00:44:02,550 --> 00:44:01,040
know anything that's bs you know how

1256
00:44:03,670 --> 00:44:02,560
does the navy know something how does

1257
00:44:04,870 --> 00:44:03,680
the coast guard know something how do

1258
00:44:07,190 --> 00:44:04,880
these other people know something you

1259
00:44:08,710 --> 00:44:07,200
don't know nothing there's no way

1260
00:44:11,190 --> 00:44:08,720
uh and so

1261
00:44:13,270 --> 00:44:11,200
there certainly is at least enough there

1262
00:44:15,190 --> 00:44:13,280
any kind of abductive logic using with

1263
00:44:17,109 --> 00:44:15,200

the information we we do know to say

1264

00:44:18,550 --> 00:44:17,119

that the air force knows a lot more than

1265

00:44:19,990 --> 00:44:18,560

they're letting on

1266

00:44:22,710 --> 00:44:20,000

uh

1267

00:44:24,710 --> 00:44:22,720

and so the question really i guess the

1268

00:44:26,069 --> 00:44:24,720

biggest question here is

1269

00:44:28,230 --> 00:44:26,079

why

1270

00:44:31,430 --> 00:44:28,240

and and so when i say that i don't know

1271

00:44:32,710 --> 00:44:31,440

that that's the part that is mysterious

1272

00:44:35,910 --> 00:44:32,720

but uh

1273

00:44:38,710 --> 00:44:35,920

i certainly think that uh i certainly

1274

00:44:40,550 --> 00:44:38,720

think there's other components i i know

1275

00:44:43,510 --> 00:44:40,560

that there's other components within

1276

00:44:45,589 --> 00:44:43,520

government who know more about this

1277

00:44:47,589 --> 00:44:45,599

particular subject they know more about

1278

00:44:49,190 --> 00:44:47,599

uap they've either encountered it or

1279

00:44:51,589 --> 00:44:49,200

collected data

1280

00:44:52,710 --> 00:44:51,599

at times inadvertently so you know

1281

00:44:54,150 --> 00:44:52,720

they're doing something totally

1282

00:44:56,309 --> 00:44:54,160

different they're like oh man we just

1283

00:44:57,910 --> 00:44:56,319

picked this up i know there are other

1284

00:44:59,910 --> 00:44:57,920

components uh

1285

00:45:00,870 --> 00:44:59,920

that are that exist that

1286

00:45:03,030 --> 00:45:00,880

uh

1287

00:45:04,390 --> 00:45:03,040

have existed and that information exist

1288

00:45:10,309 --> 00:45:04,400

outside of the

1289

00:45:12,150 --> 00:45:10,319

what uh you know atip or osap or even

1290

00:45:15,589 --> 00:45:12,160

the task force worked on you know that

1291

00:45:18,230 --> 00:45:16,790

maybe you'll ask me about this maybe

1292

00:45:19,990 --> 00:45:18,240

it's a viewer question i'm surprised if

1293

00:45:21,990 --> 00:45:20,000

it wasn't because i'd mentioned a few

1294

00:45:24,069 --> 00:45:22,000

weeks ago maybe a month ago about

1295

00:45:25,829 --> 00:45:24,079

anti-neutrinos you know people were

1296

00:45:27,030 --> 00:45:25,839

talking about this idea of

1297

00:45:30,390 --> 00:45:27,040

luring

1298

00:45:32,150 --> 00:45:30,400

uap in and i just kind of mentioned uh

1299

00:45:33,589 --> 00:45:32,160

you know the the anti-neutrino study

1300

00:45:35,270 --> 00:45:33,599

done by uh

1301
00:45:36,710 --> 00:45:35,280
the geospatial intelligence might be a

1302
00:45:39,109 --> 00:45:36,720
good idea

1303
00:45:41,430 --> 00:45:39,119
and that that comes from information

1304
00:45:43,349 --> 00:45:41,440
that comes from outside of the

1305
00:45:45,349 --> 00:45:43,359
atip purview let's say so the the

1306
00:45:47,750 --> 00:45:45,359
elizondo and the

1307
00:45:50,069 --> 00:45:47,760
you know the bass people maybe the the

1308
00:45:51,430 --> 00:45:50,079
the usual suspects let's say that that

1309
00:45:52,309 --> 00:45:51,440
comes out of that

1310
00:45:54,470 --> 00:45:52,319
um

1311
00:45:56,230 --> 00:45:54,480
it comes out of it far enough that uh

1312
00:45:57,750 --> 00:45:56,240
you know i have

1313
00:46:00,550 --> 00:45:57,760

on background or behind the scenes ask

1314

00:46:03,270 --> 00:46:00,560

some of those guys i've asked elizondo

1315

00:46:04,069 --> 00:46:03,280

about does auntie neutrinos play into it

1316

00:46:06,470 --> 00:46:04,079

and

1317

00:46:07,829 --> 00:46:06,480

he seemed to legitimately you know

1318

00:46:09,670 --> 00:46:07,839

express that it wasn't something that

1319

00:46:11,910 --> 00:46:09,680

was involved in what they were doing at

1320

00:46:13,190 --> 00:46:11,920

atip and everything so i know there is

1321

00:46:16,790 --> 00:46:13,200

other

1322

00:46:18,150 --> 00:46:16,800

things that come out

1323

00:46:21,270 --> 00:46:18,160

and so it's

1324

00:46:23,270 --> 00:46:21,280

the air force becomes the most obscene

1325

00:46:24,870 --> 00:46:23,280

that's that's being silent

1326

00:46:27,990 --> 00:46:24,880

but they're

1327

00:46:29,829 --> 00:46:28,000

not by a long shot the only one that is

1328

00:46:31,829 --> 00:46:29,839

being silent

1329

00:46:33,589 --> 00:46:31,839

and anti-neutrinos for anyone wondering

1330

00:46:35,589 --> 00:46:33,599

why i'm not following that up straight

1331

00:46:37,109 --> 00:46:35,599

away as part of the conversation but

1332

00:46:38,790 --> 00:46:37,119

i'll get to that in just a few minutes

1333

00:46:40,710 --> 00:46:38,800

all right um

1334

00:46:42,309 --> 00:46:40,720

no no no just that i moved that around a

1335

00:46:44,630 --> 00:46:42,319

little bit because i felt it was best to

1336

00:46:47,270 --> 00:46:44,640

go into chris's article at the moment um

1337

00:46:48,069 --> 00:46:47,280

something else chris mentioned was that

1338

00:46:50,470 --> 00:46:48,079

uh

1339

00:46:52,950 --> 00:46:50,480

many unclassified systems their their

1340

00:46:55,030 --> 00:46:52,960

force has at its disposal in particular

1341

00:46:57,270 --> 00:46:55,040

he talks about systems that can track

1342

00:46:59,670 --> 00:46:57,280

icbms intercontinental ballistic

1343

00:47:01,750 --> 00:46:59,680

missiles aimed at the united states and

1344

00:47:05,349 --> 00:47:01,760

he asks again did none of these pick up

1345

00:47:07,750 --> 00:47:05,359

the objects from the 2004 nimitz event

1346

00:47:09,510 --> 00:47:07,760

if these had picked them up tim and the

1347

00:47:11,990 --> 00:47:09,520

us air force with these systems were

1348

00:47:13,750 --> 00:47:12,000

aware of the nimitz event which remember

1349

00:47:14,870 --> 00:47:13,760

happened over what seven to ten days it

1350

00:47:16,710 --> 00:47:14,880

wasn't a

1351
00:47:19,030 --> 00:47:16,720
forever encounter or something and that

1352
00:47:20,549 --> 00:47:19,040
was it it happened over over a week

1353
00:47:22,710 --> 00:47:20,559
what do you think the air force was

1354
00:47:25,589 --> 00:47:22,720
doing with this data as they get it

1355
00:47:27,190 --> 00:47:25,599
simply observing are they monitoring or

1356
00:47:28,950 --> 00:47:27,200
are they turning off the monitors and

1357
00:47:30,630 --> 00:47:28,960
looking the other way

1358
00:47:32,790 --> 00:47:30,640
you know

1359
00:47:34,309 --> 00:47:32,800
i wish that i had a good

1360
00:47:36,870 --> 00:47:34,319
answer for that

1361
00:47:39,750 --> 00:47:36,880
and i go back and forth on my personal

1362
00:47:42,150 --> 00:47:39,760
opinion of it from from

1363
00:47:45,349 --> 00:47:42,160

thinking that either there is uh

1364

00:47:46,790 --> 00:47:45,359

significant uh just naivety or there's

1365

00:47:49,670 --> 00:47:46,800

just uh

1366

00:47:52,710 --> 00:47:49,680

i i've often called it just you know

1367

00:47:55,430 --> 00:47:52,720

willfully oblivion oblivion a little

1368

00:47:57,190 --> 00:47:55,440

willful apathy towards it where it's

1369

00:47:59,790 --> 00:47:57,200

kind of just look the other way and

1370

00:48:01,829 --> 00:47:59,800

pretend it's not there uh whether that's

1371

00:48:04,790 --> 00:48:01,839

institutionalized it's just kind of the

1372

00:48:07,430 --> 00:48:04,800

the culture in the organization type

1373

00:48:09,510 --> 00:48:07,440

thing to some degree i think

1374

00:48:11,030 --> 00:48:09,520

they're you're going to see some of that

1375

00:48:12,710 --> 00:48:11,040

and so you know you can pick up

1376

00:48:14,630 --> 00:48:12,720

something it's like i have been told

1377

00:48:19,030 --> 00:48:14,640

that is not real i will keep looking the

1378

00:48:21,510 --> 00:48:19,040

other way um i think that's that's true

1379

00:48:24,230 --> 00:48:21,520

but then i go back and forth and go what

1380

00:48:26,950 --> 00:48:24,240

are they doing you know it goes i guess

1381

00:48:29,430 --> 00:48:26,960

it goes back into something we talked

1382

00:48:30,230 --> 00:48:29,440

about early on about how do you handle

1383

00:48:32,069 --> 00:48:30,240

uh

1384

00:48:34,390 --> 00:48:32,079

the big secrets and especially how do

1385

00:48:35,750 --> 00:48:34,400

you handle a big secret that

1386

00:48:37,910 --> 00:48:35,760

you view

1387

00:48:40,470 --> 00:48:37,920

as being completely vulnerable to and

1388

00:48:41,990 --> 00:48:40,480

defenseless to when your business is

1389

00:48:44,230 --> 00:48:42,000

defense

1390

00:48:47,030 --> 00:48:44,240

how do you manage that secret

1391

00:48:50,069 --> 00:48:47,040

how do you handle that and

1392

00:48:53,030 --> 00:48:50,079

could the does the potential exist out

1393

00:48:55,190 --> 00:48:53,040

there that uh the air force or some kind

1394

00:48:57,190 --> 00:48:55,200

of carve out of it um

1395

00:48:59,270 --> 00:48:57,200

you know recognizes that these things

1396

00:49:02,870 --> 00:48:59,280

are real events recognizes that this is

1397

00:49:05,270 --> 00:49:02,880

uh persistently going on but views it in

1398

00:49:08,710 --> 00:49:05,280

that they're defenseless to it and

1399

00:49:10,870 --> 00:49:08,720

frankly doesn't know what it is doing

1400

00:49:13,030 --> 00:49:10,880

why you know so now now we're acting on

1401
00:49:15,030 --> 00:49:13,040
the hypothesis that this is inhuman or

1402
00:49:17,589 --> 00:49:15,040
this is something other

1403
00:49:20,230 --> 00:49:17,599
um what is it doing

1404
00:49:22,150 --> 00:49:20,240
and if you can't answer that you know

1405
00:49:24,069 --> 00:49:22,160
from a defense perspective you start

1406
00:49:25,990 --> 00:49:24,079
doing the checklist you know i know a

1407
00:49:27,910 --> 00:49:26,000
lot of people think well it's here to

1408
00:49:29,270 --> 00:49:27,920
make us peace love and happy and they're

1409
00:49:30,390 --> 00:49:29,280
here so we don't blow each other with

1410
00:49:32,069 --> 00:49:30,400
nuclear weapons

1411
00:49:33,750 --> 00:49:32,079
they really didn't do any you know they

1412
00:49:36,230 --> 00:49:33,760
haven't stopped that they certainly

1413
00:49:37,910 --> 00:49:36,240

didn't stop us when we uh you know

1414

00:49:39,270 --> 00:49:37,920

killed

1415

00:49:40,710 --> 00:49:39,280

thousands of innocent people with a

1416

00:49:42,150 --> 00:49:40,720

nuclear weapon and they haven't stopped

1417

00:49:44,309 --> 00:49:42,160

when we've

1418

00:49:45,829 --> 00:49:44,319

destroyed our environment by testing

1419

00:49:47,589 --> 00:49:45,839

them all the time so

1420

00:49:48,630 --> 00:49:47,599

that doesn't seem there's no evidence

1421

00:49:51,910 --> 00:49:48,640

for that

1422

00:49:54,790 --> 00:49:51,920

uh so what are they doing and so is this

1423

00:49:57,109 --> 00:49:54,800

idea does the potential exist can you

1424

00:49:58,790 --> 00:49:57,119

conclusively rule and take it off the

1425

00:50:01,750 --> 00:49:58,800

table that this is not something that's

1426

00:50:03,589 --> 00:50:01,760

doing uh pre-battlefield intelligence

1427

00:50:06,230 --> 00:50:03,599

you know the same thing we do

1428

00:50:07,670 --> 00:50:06,240

before you go into war you you

1429

00:50:09,349 --> 00:50:07,680

make sure you got everything about the

1430

00:50:11,190 --> 00:50:09,359

terrain everything about the combatants

1431

00:50:13,510 --> 00:50:11,200

everything that you can about it before

1432

00:50:17,109 --> 00:50:13,520

you go engage in a conflict you know is

1433

00:50:18,710 --> 00:50:17,119

that what's going on um you know i don't

1434

00:50:20,230 --> 00:50:18,720

there's no evidence for that either but

1435

00:50:22,309 --> 00:50:20,240

at the same time if you don't know

1436

00:50:24,309 --> 00:50:22,319

what's going on is it something that you

1437

00:50:27,270 --> 00:50:24,319

can completely remove off the table i

1438

00:50:30,069 --> 00:50:27,280

would say no and so just based on that

1439

00:50:33,030 --> 00:50:30,079

alone do you

1440

00:50:35,190 --> 00:50:33,040

engage in this kind of uh long-running

1441

00:50:38,950 --> 00:50:35,200

systemic secrecy

1442

00:50:40,470 --> 00:50:38,960

maybe you know maybe yeah it's

1443

00:50:42,390 --> 00:50:40,480

as long as it's an unknown i think it

1444

00:50:46,390 --> 00:50:42,400

would be reckless for anybody to to

1445

00:50:48,630 --> 00:50:46,400

outwardly say what is or isn't true um

1446

00:50:50,150 --> 00:50:48,640

at least in the parameters of

1447

00:50:52,549 --> 00:50:50,160

plausibility

1448

00:50:54,150 --> 00:50:52,559

if that makes sense

1449

00:50:56,630 --> 00:50:54,160

we hear about so many things within

1450

00:50:59,349 --> 00:50:56,640

organizations where at the highest level

1451
00:51:01,430 --> 00:50:59,359
something untoward has been going on

1452
00:51:03,270 --> 00:51:01,440
um maybe it's been you know systematic

1453
00:51:04,790 --> 00:51:03,280
bullying or whatever it may be you know

1454
00:51:07,270 --> 00:51:04,800
there's so many things but

1455
00:51:09,910 --> 00:51:07,280
if you're directly below that level that

1456
00:51:11,510 --> 00:51:09,920
you can't influence what happens but for

1457
00:51:13,510 --> 00:51:11,520
your own sake and for your own role and

1458
00:51:14,790 --> 00:51:13,520
job you you allow it to happen you

1459
00:51:16,309 --> 00:51:14,800
ignore it

1460
00:51:17,670 --> 00:51:16,319
there's that possibility that's what's

1461
00:51:19,750 --> 00:51:17,680
happening here with the air force in the

1462
00:51:21,829 --> 00:51:19,760
sense that we know there's something we

1463
00:51:24,309 --> 00:51:21,839

can't do anything about it it massively

1464

00:51:26,710 --> 00:51:24,319

weakens us and makes us look poorer so

1465

00:51:29,349 --> 00:51:26,720

what we can do is just turn the other

1466

00:51:31,349 --> 00:51:29,359

cheek and let it go on until it does

1467

00:51:33,510 --> 00:51:31,359

directly affect us

1468

00:51:35,430 --> 00:51:33,520

sure no i and

1469

00:51:37,990 --> 00:51:35,440

uh yeah absolutely you know down to the

1470

00:51:40,630 --> 00:51:38,000

fact that i i think i've said that

1471

00:51:43,990 --> 00:51:40,640

out of all of the idea of there being

1472

00:51:47,510 --> 00:51:44,000

crashed ufo recovery and roswell being

1473

00:51:49,349 --> 00:51:47,520

real the most plausible scenario i ever

1474

00:51:52,390 --> 00:51:49,359

heard was and it was one i never

1475

00:51:54,230 --> 00:51:52,400

considered before was this idea that uh

1476
00:51:55,589 --> 00:51:54,240
yes something could have crashed let's

1477
00:51:56,790 --> 00:51:55,599
say roswell yes something could have

1478
00:52:00,390 --> 00:51:56,800
been recovered

1479
00:52:04,870 --> 00:52:00,400
but it's uh it its technology was so far

1480
00:52:06,630 --> 00:52:04,880
beyond our understanding that we simply

1481
00:52:08,790 --> 00:52:06,640
couldn't figure it out and so you're

1482
00:52:12,630 --> 00:52:08,800
looking at it from the perspective of i

1483
00:52:14,710 --> 00:52:12,640
could spend my entire defense budget

1484
00:52:16,829 --> 00:52:14,720
trying to figure this out and i'm still

1485
00:52:19,510 --> 00:52:16,839
not going to be any closer than i was

1486
00:52:21,510 --> 00:52:19,520
beforehand and meanwhile life goes on

1487
00:52:23,430 --> 00:52:21,520
the world goes on you you've got you

1488
00:52:25,750 --> 00:52:23,440

know if you put it in modern perspective

1489

00:52:27,750 --> 00:52:25,760

you've got this potential and threat of

1490

00:52:28,870 --> 00:52:27,760

war in ukraine right now between russia

1491

00:52:32,549 --> 00:52:28,880

there's a lot of

1492

00:52:34,630 --> 00:52:32,559

and you realize if i dump my whole

1493

00:52:36,390 --> 00:52:34,640

defense budget into figuring this out

1494

00:52:38,549 --> 00:52:36,400

and am no closer

1495

00:52:40,470 --> 00:52:38,559

meanwhile my potential near pure

1496

00:52:42,390 --> 00:52:40,480

adversaries russia china they're

1497

00:52:43,910 --> 00:52:42,400

building bombs they're building planes

1498

00:52:45,430 --> 00:52:43,920

they're building aircraft carriers that

1499

00:52:47,349 --> 00:52:45,440

can be used against me so i'm actually

1500

00:52:49,589 --> 00:52:47,359

going to put myself in a more vulnerable

1501
00:52:50,549 --> 00:52:49,599
position so we're just going to box that

1502
00:52:51,990 --> 00:52:50,559
up

1503
00:52:53,589 --> 00:52:52,000
we're going to put it in the archives

1504
00:52:54,630 --> 00:52:53,599
you know like like raiders of the lost

1505
00:52:56,630 --> 00:52:54,640
ark

1506
00:52:58,470 --> 00:52:56,640
and we're going to check

1507
00:53:00,790 --> 00:52:58,480
you know every

1508
00:53:03,270 --> 00:53:00,800
how many ever decades and try to see you

1509
00:53:05,030 --> 00:53:03,280
know where are we where is our science

1510
00:53:07,190 --> 00:53:05,040
where is our level of understanding in

1511
00:53:09,349 --> 00:53:07,200
our at a position now we can better

1512
00:53:11,750 --> 00:53:09,359
understand this or make use of it if

1513
00:53:14,950 --> 00:53:11,760

we're not we're going to box it back up

1514

00:53:16,790 --> 00:53:14,960

that doesn't sound crazy to me

1515

00:53:19,270 --> 00:53:16,800

you know maybe people

1516

00:53:21,190 --> 00:53:19,280

uh would think that uh

1517

00:53:22,870 --> 00:53:21,200

you know the air force or the government

1518

00:53:25,910 --> 00:53:22,880

or whoever would run out and you know

1519

00:53:29,109 --> 00:53:25,920

look at this alien body everybody ah i'm

1520

00:53:30,790 --> 00:53:29,119

not so sure especially if you don't know

1521

00:53:32,390 --> 00:53:30,800

anything

1522

00:53:34,790 --> 00:53:32,400

if you're like i don't know who this is

1523

00:53:35,589 --> 00:53:34,800

what this is and what the intent is

1524

00:53:38,549 --> 00:53:35,599

um

1525

00:53:39,910 --> 00:53:38,559

that's that's a scary position to be in

1526
00:53:41,829 --> 00:53:39,920
especially when you're talking about

1527
00:53:43,910 --> 00:53:41,839
governments and institutions

1528
00:53:46,630 --> 00:53:43,920
built on public faith trust you know we

1529
00:53:48,950 --> 00:53:46,640
put considerable faith and trust into

1530
00:53:51,109 --> 00:53:48,960
our governments to care for our welfare

1531
00:53:53,190 --> 00:53:51,119
and if they come out and say i mean

1532
00:53:56,790 --> 00:53:53,200
that's crazy guys i don't we ain't got a

1533
00:53:59,349 --> 00:53:56,800
clue here i think it um even if it's

1534
00:54:02,150 --> 00:53:59,359
implicitly it erodes our faith in that

1535
00:54:04,790 --> 00:54:02,160
government we're less likely to put

1536
00:54:06,390 --> 00:54:04,800
faith in government then and so it's

1537
00:54:07,910 --> 00:54:06,400
what you the scenario you presented

1538
00:54:11,030 --> 00:54:07,920

there

1539

00:54:13,109 --> 00:54:11,040

i think is is very plausible i mean i i

1540

00:54:14,870 --> 00:54:13,119

know it is because that's in interviews

1541

00:54:16,630 --> 00:54:14,880

when i i spoke to

1542

00:54:18,710 --> 00:54:16,640

people like uh former secretary of the

1543

00:54:20,470 --> 00:54:18,720

navy ray mabus you know that was i asked

1544

00:54:21,910 --> 00:54:20,480

him you know when he told me yeah this

1545

00:54:23,030 --> 00:54:21,920

stuff happens you know they have these

1546

00:54:25,349 --> 00:54:23,040

weird sightings he knew about the

1547

00:54:27,670 --> 00:54:25,359

roosevelt he knew about these incidents

1548

00:54:29,829 --> 00:54:27,680

and he's like the military folks just

1549

00:54:32,630 --> 00:54:29,839

never really gave an explanation they

1550

00:54:34,150 --> 00:54:32,640

never they were just yeah we don't know

1551

00:54:35,750 --> 00:54:34,160

and i was like did you never want to

1552

00:54:37,270 --> 00:54:35,760

follow up on that

1553

00:54:38,390 --> 00:54:37,280

you never say well damn it no you're

1554

00:54:39,910 --> 00:54:38,400

gonna find out

1555

00:54:42,150 --> 00:54:39,920

and he was like you know

1556

00:54:45,430 --> 00:54:42,160

my my bandwidth for stuff that i had to

1557

00:54:48,309 --> 00:54:45,440

deal with was was limited and you've got

1558

00:54:51,109 --> 00:54:48,319

so much going on when i talked to the

1559

00:54:53,430 --> 00:54:51,119

uh the advisors for this uh secretary of

1560

00:54:55,030 --> 00:54:53,440

defense mattis who had been briefed by

1561

00:54:56,630 --> 00:54:55,040

louis elizondo

1562

00:54:58,390 --> 00:54:56,640

and you know

1563

00:54:59,349 --> 00:54:58,400

they legitimately were like no i trust

1564

00:55:01,510 --> 00:54:59,359

the information they were saying was

1565

00:55:03,349 --> 00:55:01,520

real you know this is not some big

1566

00:55:05,670 --> 00:55:03,359

larp or whatever they're like no this

1567

00:55:08,789 --> 00:55:05,680

really happened inside professional

1568

00:55:11,190 --> 00:55:08,799

settings inside uh real official

1569

00:55:13,030 --> 00:55:11,200

areas and they were like but man we had

1570

00:55:14,710 --> 00:55:13,040

so much going on at the time and the

1571

00:55:16,470 --> 00:55:14,720

ufos weren't attacking us and they

1572

00:55:19,349 --> 00:55:16,480

weren't posing a risk

1573

00:55:21,829 --> 00:55:19,359

where as we we did have real real world

1574

00:55:24,470 --> 00:55:21,839

risk that that we had to mitigate and so

1575

00:55:26,870 --> 00:55:24,480

yeah i think that that uh

1576
00:55:28,309 --> 00:55:26,880
that absolutely that scenario absolutely

1577
00:55:30,630 --> 00:55:28,319
exists

1578
00:55:32,470 --> 00:55:30,640
that roswell scenario of having the the

1579
00:55:34,549 --> 00:55:32,480
technology crash that you have no idea

1580
00:55:36,470 --> 00:55:34,559
what it where to even begin it reminds

1581
00:55:37,829 --> 00:55:36,480
me of that advert that went viral a few

1582
00:55:40,150 --> 00:55:37,839
years ago where

1583
00:55:41,670 --> 00:55:40,160
a daughter buys our elderly father i

1584
00:55:43,589 --> 00:55:41,680
think it is like an ipad but he doesn't

1585
00:55:44,950 --> 00:55:43,599
know what the ipad is for

1586
00:55:46,309 --> 00:55:44,960
and she's coming around in the kitchen

1587
00:55:47,910 --> 00:55:46,319
one day and he's using it as a chopping

1588
00:55:49,670 --> 00:55:47,920

board and it

1589

00:55:51,430 --> 00:55:49,680

takes the vegetables off it and rinses

1590

00:55:53,670 --> 00:55:51,440

it under the sink and he's oh this is

1591

00:55:55,349 --> 00:55:53,680

great for this use and is that where we

1592

00:55:57,270 --> 00:55:55,359

were potentially at when this this

1593

00:55:59,270 --> 00:55:57,280

saucer crashes if that's what it was and

1594

00:56:01,190 --> 00:55:59,280

we look and go where's the control

1595

00:56:03,910 --> 00:56:01,200

panels where's the exhaust where's the

1596

00:56:05,750 --> 00:56:03,920

windows where's the door there isn't any

1597

00:56:07,750 --> 00:56:05,760

let's just put it away in a box and like

1598

00:56:10,230 --> 00:56:07,760

you say well indiana jones for it when

1599

00:56:12,470 --> 00:56:10,240

it's in an archive somewhere

1600

00:56:14,470 --> 00:56:12,480

and you can't spin the amount of effort

1601
00:56:15,670 --> 00:56:14,480
and time into figuring something like

1602
00:56:20,309 --> 00:56:15,680
that out

1603
00:56:21,750 --> 00:56:20,319
public size pretty well

1604
00:56:23,349 --> 00:56:21,760
but you can't keep that out of your

1605
00:56:25,349 --> 00:56:23,359
adversary's eyes

1606
00:56:27,190 --> 00:56:25,359
and i you know i've used the example of

1607
00:56:29,430 --> 00:56:27,200
the atomic bomb

1608
00:56:30,549 --> 00:56:29,440
uh you know here is the most destructive

1609
00:56:32,950 --> 00:56:30,559
weapon that

1610
00:56:35,190 --> 00:56:32,960
has ever been known by mankind

1611
00:56:37,109 --> 00:56:35,200
so destructive that you know full-scale

1612
00:56:38,870 --> 00:56:37,119
nuclear war amongst countries could in

1613
00:56:40,069 --> 00:56:38,880

the world we could cause our own

1614

00:56:41,270 --> 00:56:40,079

extinction

1615

00:56:43,589 --> 00:56:41,280

so

1616

00:56:45,430 --> 00:56:43,599

there's not really anything we can know

1617

00:56:48,150 --> 00:56:45,440

of and can think of that should be more

1618

00:56:50,950 --> 00:56:48,160

controlled or that you wouldn't want

1619

00:56:52,309 --> 00:56:50,960

potential adversaries possessing but yet

1620

00:56:56,230 --> 00:56:52,319

you know if you look at the atomic

1621

00:56:58,470 --> 00:56:56,240

weapon uh the russians were already

1622

00:57:00,069 --> 00:56:58,480

had already been able to steal atomic

1623

00:57:01,990 --> 00:57:00,079

secrets and kind of had an idea of the

1624

00:57:04,150 --> 00:57:02,000

bomb being built before it was ever

1625

00:57:07,109 --> 00:57:04,160

dropped you know before going back a

1626
00:57:08,309 --> 00:57:07,119
year before 1945 and so it wasn't long

1627
00:57:09,750 --> 00:57:08,319
after before

1628
00:57:11,109 --> 00:57:09,760
we saw the soviet union has their own

1629
00:57:13,030 --> 00:57:11,119
nuclear weapons and now you have all

1630
00:57:14,390 --> 00:57:13,040
this and so yeah when you put that much

1631
00:57:16,390 --> 00:57:14,400
effort into it you've also got to

1632
00:57:17,829 --> 00:57:16,400
recognize that you're going

1633
00:57:21,349 --> 00:57:17,839
the potential is that somebody else

1634
00:57:23,349 --> 00:57:21,359
figures it out first and uh

1635
00:57:24,710 --> 00:57:23,359
you know are they going to weaponize it

1636
00:57:26,549 --> 00:57:24,720
this type of thing

1637
00:57:28,470 --> 00:57:26,559
there's a lot of things that i imagine

1638
00:57:30,390 --> 00:57:28,480

go through defense leaders minds in a

1639

00:57:32,870 --> 00:57:30,400

scenario like that

1640

00:57:35,750 --> 00:57:32,880

i'm curious on your thoughts tim chris

1641

00:57:37,910 --> 00:57:35,760

mellon repeatedly goes back to in any of

1642

00:57:39,910 --> 00:57:37,920

his conversations or on the news on

1643

00:57:42,870 --> 00:57:39,920

documentaries and talking head pieces

1644

00:57:44,230 --> 00:57:42,880

and articles the the possibility of some

1645

00:57:46,950 --> 00:57:44,240

of these objects being of an

1646

00:57:49,270 --> 00:57:46,960

extraterrestrial origin however

1647

00:57:51,670 --> 00:57:49,280

louella's ondo more and more seems to

1648

00:57:53,910 --> 00:57:51,680

talk about objects of non-human origin

1649

00:57:57,190 --> 00:57:53,920

being potentially from other dimensions

1650

00:57:59,670 --> 00:57:57,200

other realities potentially being based

1651
00:58:01,510 --> 00:57:59,680
here based based on earth somewhere in

1652
00:58:02,950 --> 00:58:01,520
some way shape or form

1653
00:58:05,510 --> 00:58:02,960
is this deliberate do you think that

1654
00:58:07,829 --> 00:58:05,520
they both go down these routes

1655
00:58:10,789 --> 00:58:07,839
but they both seem to have obviously

1656
00:58:11,589 --> 00:58:10,799
alternative views on what this could be

1657
00:58:13,109 --> 00:58:11,599
sure

1658
00:58:15,750 --> 00:58:13,119
and i definitely don't want to speak on

1659
00:58:18,630 --> 00:58:15,760
behalf of chris or lou

1660
00:58:20,390 --> 00:58:18,640
but i think that uh that's very common

1661
00:58:22,230 --> 00:58:20,400
not just with them but but any of the

1662
00:58:24,150 --> 00:58:22,240
major players you might say so any of

1663
00:58:25,990 --> 00:58:24,160

the well-known people you know gary

1664

00:58:27,030 --> 00:58:26,000

nolan eric davis these people i think

1665

00:58:27,829 --> 00:58:27,040

when

1666

00:58:29,670 --> 00:58:27,839

you know

1667

00:58:31,829 --> 00:58:29,680

they're certainly past the point where

1668

00:58:33,270 --> 00:58:31,839

they believe that these events are real

1669

00:58:34,150 --> 00:58:33,280

that these objects are real these are

1670

00:58:42,630 --> 00:58:34,160

real

1671

00:58:44,710 --> 00:58:42,640

know a lot of people believe that that's

1672

00:58:46,710 --> 00:58:44,720

uh that's not true you know that the

1673

00:58:48,390 --> 00:58:46,720

government or somebody whether it's

1674

00:58:49,829 --> 00:58:48,400

mj-12 or whatever knows everything

1675

00:58:52,150 --> 00:58:49,839

they've made the secret treaty with the

1676

00:58:53,510 --> 00:58:52,160

grays and all of this but i think you

1677

00:58:55,990 --> 00:58:53,520

know when you look at the fact that

1678

00:58:57,670 --> 00:58:56,000

there when we get to what exactly does

1679

00:58:59,990 --> 00:58:57,680

this represent that we see differences

1680

00:59:01,670 --> 00:59:00,000

of opinion and people like lou and chris

1681

00:59:03,750 --> 00:59:01,680

i think that really demonstrates that no

1682

00:59:06,309 --> 00:59:03,760

i don't know that we're there i don't

1683

00:59:08,390 --> 00:59:06,319

know that anybody has that

1684

00:59:10,069 --> 00:59:08,400

final answer

1685

00:59:11,670 --> 00:59:10,079

this is what it is this is where it

1686

00:59:12,549 --> 00:59:11,680

comes from this is how it does what it

1687

00:59:14,789 --> 00:59:12,559

does

1688

00:59:17,510 --> 00:59:14,799

i don't know that anyone has that and so

1689

00:59:19,190 --> 00:59:17,520

it leaves into this last well you know

1690

00:59:21,349 --> 00:59:19,200

what are your what what is the most

1691

00:59:23,750 --> 00:59:21,359

plausible or what theory do you believe

1692

00:59:25,430 --> 00:59:23,760

is most likely and so you know i think

1693

00:59:26,950 --> 00:59:25,440

for chris uh

1694

00:59:31,030 --> 00:59:26,960

uh based on his comments that would be

1695

00:59:33,589 --> 00:59:31,040

extraterrestrial lou maybe it you know

1696

00:59:36,870 --> 00:59:33,599

it could it's something other than

1697

00:59:38,470 --> 00:59:36,880

extraterrestrial i think it's uh

1698

00:59:39,589 --> 00:59:38,480

at the same time i think all of the

1699

00:59:42,549 --> 00:59:39,599

terms they've used are kind of

1700

00:59:44,069 --> 00:59:42,559

synonymous because it's if it's not

1701

00:59:46,309 --> 00:59:44,079

human and it's not then it's

1702

00:59:48,549 --> 00:59:46,319

extraterrestrial and it's not us it's

1703

00:59:50,069 --> 00:59:48,559

it's all one in the same even if it was

1704

00:59:51,829 --> 00:59:50,079

interdimensionals i think we could make

1705

00:59:54,069 --> 00:59:51,839

the point well that's still alien

1706

00:59:55,030 --> 00:59:54,079

they're still coming from an alien land

1707

00:59:56,069 --> 00:59:55,040

um

1708

00:59:58,150 --> 00:59:56,079

and so

1709

00:59:59,349 --> 00:59:58,160

i don't i wouldn't say i've never got

1710

01:00:02,390 --> 00:59:59,359

the feeling that

1711

01:00:04,470 --> 01:00:02,400

that represents that one of them or any

1712

01:00:06,789 --> 01:00:04,480

one person's kind of uh

1713

01:00:08,150 --> 01:00:06,799

conclusion to what it is is more correct

1714

01:00:13,030 --> 01:00:08,160

than the other

1715

01:00:18,150 --> 01:00:15,750

tim you uh caused a little bit of a

1716

01:00:19,829 --> 01:00:18,160

twitter star or storm um when you

1717

01:00:22,309 --> 01:00:19,839

dropped in like you mentioned earlier it

1718

01:00:24,470 --> 01:00:22,319

was a bit of a thread that was going on

1719

01:00:26,630 --> 01:00:24,480

talking about uep baiting and how these

1720

01:00:28,630 --> 01:00:26,640

things may be attracted and and i think

1721

01:00:30,390 --> 01:00:28,640

you dropped in a little bomb of perhaps

1722

01:00:32,630 --> 01:00:30,400

a good place to start and tying in some

1723

01:00:34,549 --> 01:00:32,640

of the threads of ufo coaxing would be

1724

01:00:37,270 --> 01:00:34,559

to look into the national geospatial

1725

01:00:39,510 --> 01:00:37,280

intelligence agency's 2015 global

1726
01:00:41,510 --> 01:00:39,520
mapping of anti-neutrinos i mean that

1727
01:00:42,789 --> 01:00:41,520
rolls off the tongue and if you're just

1728
01:00:45,109 --> 01:00:42,799
putting that one straight off the top of

1729
01:00:48,309 --> 01:00:45,119
your head that's amazing um for folks

1730
01:00:51,109 --> 01:00:48,319
who don't know what's an anti-neutrino

1731
01:00:53,750 --> 01:00:51,119
sure anti-neutrino is just a byproduct

1732
01:00:56,390 --> 01:00:53,760
of a neutrino so it's the opposite of a

1733
01:00:58,150 --> 01:00:56,400
neutrino and uh in in the context that i

1734
01:00:59,910 --> 01:00:58,160
was kind of mentioning it i mean you you

1735
01:01:01,750 --> 01:00:59,920
see you have anti-neutrinos and anything

1736
01:01:03,190 --> 01:01:01,760
that you have radiation so you've got

1737
01:01:05,030 --> 01:01:03,200
radiation you've got

1738
01:01:07,910 --> 01:01:05,040

both neutrinos and then anti-neutrinos

1739

01:01:11,270 --> 01:01:07,920

but then they're also a byproduct of um

1740

01:01:13,349 --> 01:01:11,280

radioactive processes um you know like

1741

01:01:15,990 --> 01:01:13,359

nuclear reactors so

1742

01:01:17,829 --> 01:01:16,000

nuclear submarines or nuclear bombs that

1743

01:01:20,309 --> 01:01:17,839

type of thing and uh

1744

01:01:22,390 --> 01:01:20,319

anything anything that's that's nuclear

1745

01:01:24,710 --> 01:01:22,400

like that uh anything that's radioactive

1746

01:01:26,230 --> 01:01:24,720

is gonna likewise give off neutrinos and

1747

01:01:27,349 --> 01:01:26,240

anti-neutrinos

1748

01:01:30,309 --> 01:01:27,359

and so

1749

01:01:32,630 --> 01:01:30,319

that is my very uh rudimentary

1750

01:01:34,390 --> 01:01:32,640

definition there because i will caveat

1751

01:01:35,910 --> 01:01:34,400

i'm not a physicist

1752

01:01:37,270 --> 01:01:35,920

people like me definitely appreciate

1753

01:01:41,030 --> 01:01:37,280

that yeah

1754

01:01:43,349 --> 01:01:41,040

that 2015 map shows reactors large

1755

01:01:46,230 --> 01:01:43,359

potassium deposits all things that we

1756

01:01:48,950 --> 01:01:46,240

hear may potentially attract uap i would

1757

01:01:51,349 --> 01:01:48,960

ask would nuclear-powered navy fleets

1758

01:01:53,510 --> 01:01:51,359

also give off anti-neutrinos

1759

01:01:55,750 --> 01:01:53,520

sure yeah and that's uh the the idea of

1760

01:01:58,870 --> 01:01:55,760

detecting anti-neutrinos

1761

01:02:00,630 --> 01:01:58,880

uh has been something that uh has been

1762

01:02:02,549 --> 01:02:00,640

really on the forefront and on the

1763

01:02:04,950 --> 01:02:02,559

cutting edge of the defense research

1764

01:02:07,029 --> 01:02:04,960

world's mind for a number of years you

1765

01:02:10,069 --> 01:02:07,039

know let's say the last 10 years

1766

01:02:12,390 --> 01:02:10,079

because the the potential exists for

1767

01:02:14,789 --> 01:02:12,400

both intelligence purposes nuclear

1768

01:02:15,829 --> 01:02:14,799

proliferation you know it's a byproduct

1769

01:02:17,750 --> 01:02:15,839

of

1770

01:02:18,950 --> 01:02:17,760

you know developing if you develop a

1771

01:02:20,870 --> 01:02:18,960

nuclear bomb you're going to be given

1772

01:02:22,710 --> 01:02:20,880

off anti-neutrinos and so the ability to

1773

01:02:25,670 --> 01:02:22,720

detect that at range and over the

1774

01:02:29,190 --> 01:02:25,680

horizon is a huge capability because now

1775

01:02:31,430 --> 01:02:29,200

you have an idea of you know has

1776

01:02:34,390 --> 01:02:31,440

has iran developed a nuclear weapon we

1777

01:02:36,630 --> 01:02:34,400

now know uh in addition to the fact that

1778

01:02:38,470 --> 01:02:36,640

uh to mention with nuclear submarines

1779

01:02:40,470 --> 01:02:38,480

you know if you can detect that the

1780

01:02:42,150 --> 01:02:40,480

because the object with these subs and

1781

01:02:44,710 --> 01:02:42,160

they continue to get quite more quiet

1782

01:02:46,950 --> 01:02:44,720

and quiet and these stealth subs uh it

1783

01:02:49,750 --> 01:02:46,960

becomes harder to detect uh

1784

01:02:50,950 --> 01:02:49,760

subs by our traditional means and so

1785

01:02:53,510 --> 01:02:50,960

this idea that you could detect

1786

01:02:54,789 --> 01:02:53,520

anti-neutrinos uh not only would you

1787

01:02:56,710 --> 01:02:54,799

have to detect those cells you could

1788

01:02:59,270 --> 01:02:56,720

basically follow them around like you

1789

01:03:01,829 --> 01:02:59,280

know from afar from your satellites

1790

01:03:03,109 --> 01:03:01,839

and so there's been a significant amount

1791

01:03:05,589 --> 01:03:03,119

of work

1792

01:03:07,029 --> 01:03:05,599

not published very limitedly you know

1793

01:03:08,549 --> 01:03:07,039

published work

1794

01:03:11,349 --> 01:03:08,559

um

1795

01:03:13,670 --> 01:03:11,359

on the the the idea of trying to track

1796

01:03:15,670 --> 01:03:13,680

down anti-neutrinos or or

1797

01:03:17,990 --> 01:03:15,680

developing devices that can

1798

01:03:19,430 --> 01:03:18,000

can detect and track anti-neutrinos in

1799

01:03:21,109 --> 01:03:19,440

the defense world

1800

01:03:24,710 --> 01:03:21,119

and really kind of hitting its peak

1801

01:03:26,950 --> 01:03:24,720

around that 2015-16 time frame when uh

1802

01:03:30,069 --> 01:03:26,960

geospatial intelligence did their

1803

01:03:32,230 --> 01:03:30,079

neutrino mapping

1804

01:03:33,670 --> 01:03:32,240

where do you sit and what have you heard

1805

01:03:36,710 --> 01:03:33,680

tim on

1806

01:03:38,069 --> 01:03:36,720

the navy or or otherwise using

1807

01:03:40,549 --> 01:03:38,079

potentially

1808

01:03:43,750 --> 01:03:40,559

nuclear materials just for lack of a

1809

01:03:46,390 --> 01:03:43,760

better term to to attract or or bait or

1810

01:03:48,549 --> 01:03:46,400

coax uaps

1811

01:03:49,910 --> 01:03:48,559

you know i have heard that you know i

1812

01:03:51,910 --> 01:03:49,920

think i published that in an article

1813

01:03:54,309 --> 01:03:51,920

that uh you know that i have been told

1814

01:03:55,190 --> 01:03:54,319

that the the use of

1815

01:03:58,470 --> 01:03:55,200

uh

1816

01:04:01,589 --> 01:03:58,480

nuclear assets to attract or bait them

1817

01:04:03,829 --> 01:04:01,599

now whether that is

1818

01:04:05,430 --> 01:04:03,839

by intentional operational plan meaning

1819

01:04:06,870 --> 01:04:05,440

that you know hey we're going to bring

1820

01:04:08,630 --> 01:04:06,880

out all these nuclear assets and bait

1821

01:04:10,950 --> 01:04:08,640

them in or whether it is hey we've got a

1822

01:04:13,829 --> 01:04:10,960

lot of nuclear assets already going out

1823

01:04:15,270 --> 01:04:13,839

to do workups or whatever let's go out

1824

01:04:17,190 --> 01:04:15,280

with our detectors and see what we can

1825

01:04:18,789 --> 01:04:17,200

find i don't know that but i do know

1826

01:04:21,029 --> 01:04:18,799

that that the idea of using the

1827

01:04:23,829 --> 01:04:21,039

potential for nuclear

1828

01:04:26,950 --> 01:04:23,839

powered uh defense devices you know

1829

01:04:29,670 --> 01:04:26,960

aircraft carriers submarines to

1830

01:04:31,510 --> 01:04:29,680

to enhance your ability to capture uh

1831

01:04:33,829 --> 01:04:31,520

uap i know that that that's something

1832

01:04:35,990 --> 01:04:33,839

that uh

1833

01:04:38,230 --> 01:04:36,000

several people have said going back into

1834

01:04:39,430 --> 01:04:38,240

the a-tip days when uh louis elizondo

1835

01:04:40,549 --> 01:04:39,440

was there that that was something that

1836

01:04:42,789 --> 01:04:40,559

was definitely

1837

01:04:43,910 --> 01:04:42,799

looked into an exercise

1838

01:04:45,750 --> 01:04:43,920

um

1839

01:04:47,029 --> 01:04:45,760

when i mentioned this anti-neutrino

1840

01:04:48,870 --> 01:04:47,039

mapping that's why i'm glad you're glad

1841

01:04:51,829 --> 01:04:48,880

you brought it up i mean that's why i've

1842

01:04:52,630 --> 01:04:51,839

jumped into it early in fact is because

1843

01:04:54,710 --> 01:04:52,640

uh

1844

01:04:56,150 --> 01:04:54,720

you know it's it's hard to convey

1845

01:04:57,270 --> 01:04:56,160

exactly what i'm trying to say when i

1846

01:04:59,829 --> 01:04:57,280

just throw something out there on

1847

01:05:01,829 --> 01:04:59,839

twitter uh especially when in this

1848

01:05:03,430 --> 01:05:01,839

instance you're kind of like hey it'd be

1849

01:05:05,109 --> 01:05:03,440

great if some of you guys you know i'm

1850

01:05:06,309 --> 01:05:05,119

crowdsourcing

1851

01:05:09,190 --> 01:05:06,319

intelligence right there i'm

1852

01:05:10,950 --> 01:05:09,200

crowdsourcing uh hey can you guys help

1853

01:05:13,589 --> 01:05:10,960

look into this some more too because i

1854

01:05:17,670 --> 01:05:13,599

haven't had the time to effectively

1855

01:05:20,309 --> 01:05:17,680

really dive into it but uh it came from

1856

01:05:22,390 --> 01:05:20,319

uh you know early on and and i say that

1857

01:05:25,029 --> 01:05:22,400

uh there was stuff that came from

1858

01:05:27,190 --> 01:05:25,039

outside of the the atip crew or the the

1859

01:05:29,750 --> 01:05:27,200

usual suspect's crew but but just in

1860

01:05:32,230 --> 01:05:29,760

early days of me looking at this subject

1861

01:05:34,630 --> 01:05:32,240

and and leaning on people that i knew

1862

01:05:36,309 --> 01:05:34,640

and trusted and had known and had close

1863

01:05:37,430 --> 01:05:36,319

relationships for a long time and saying

1864

01:05:39,430 --> 01:05:37,440

so what do you what do you know about

1865

01:05:41,029 --> 01:05:39,440

this what do you think about this

1866

01:05:43,829 --> 01:05:41,039

and this um

1867

01:05:45,190 --> 01:05:43,839

the idea of a little more than you know

1868

01:05:47,750 --> 01:05:45,200

you should check out some of the

1869

01:05:51,349 --> 01:05:47,760

anti-neutrino stuff that you know that's

1870

01:05:53,510 --> 01:05:51,359

going on or what maybe was picked up

1871

01:05:55,029 --> 01:05:53,520

during some of the anti-neutrino surveys

1872

01:05:55,910 --> 01:05:55,039

that kind of thing

1873

01:05:57,829 --> 01:05:55,920

um

1874

01:05:59,990 --> 01:05:57,839

and so it got me very interested in it

1875

01:06:02,230 --> 01:06:00,000

uh but hey it's that's a difficult thing

1876

01:06:05,190 --> 01:06:02,240

to dive too much into because it it is a

1877

01:06:07,430 --> 01:06:05,200

very highly classified area

1878

01:06:09,990 --> 01:06:07,440

and then that that kind of idea that

1879

01:06:13,270 --> 01:06:10,000

anti-neutrinos could play a part of it

1880

01:06:14,950 --> 01:06:13,280

was actually only exasperated uh a few

1881

01:06:18,069 --> 01:06:14,960

years ago when

1882

01:06:19,270 --> 01:06:18,079

a very close good friend of mine who is

1883

01:06:21,349 --> 01:06:19,280

also

1884

01:06:23,510 --> 01:06:21,359

a journalist who

1885

01:06:26,309 --> 01:06:23,520

also you know is not a

1886

01:06:28,630 --> 01:06:26,319

ufo journalist by any means um

1887

01:06:31,430 --> 01:06:28,640

they they have written on the topic some

1888

01:06:34,470 --> 01:06:31,440

but they're a very well respected well

1889

01:06:37,270 --> 01:06:34,480

known national security

1890

01:06:39,349 --> 01:06:37,280

defense reporter and somebody that i

1891

01:06:40,309 --> 01:06:39,359

know firsthand is

1892

01:06:43,430 --> 01:06:40,319

really

1893

01:06:46,390 --> 01:06:43,440

just exceptionally sourced in that world

1894

01:06:48,470 --> 01:06:46,400

and they brought that up to me uh

1895

01:06:50,150 --> 01:06:48,480

out of the blue you know he's like what

1896

01:06:52,069 --> 01:06:50,160

do you think about this andy and i went

1897

01:06:54,069 --> 01:06:52,079

holy cow you're the only the second

1898

01:06:56,150 --> 01:06:54,079

person i've ever heard that

1899

01:06:57,589 --> 01:06:56,160

and both of us were hearing that from

1900

01:06:59,670 --> 01:06:57,599

sources that would have been in similar

1901

01:07:01,349 --> 01:06:59,680

kind of arenas and

1902

01:07:03,510 --> 01:07:01,359

i felt like were

1903

01:07:04,870 --> 01:07:03,520

really solid individuals

1904

01:07:06,950 --> 01:07:04,880

and so

1905

01:07:09,829 --> 01:07:06,960

what how the anti-neutrino thing goes

1906

01:07:11,510 --> 01:07:09,839

into it um i i don't have a good answer

1907

01:07:13,349 --> 01:07:11,520

for that when i brought it up in the

1908

01:07:16,230 --> 01:07:13,359

context of how would you use that for

1909

01:07:18,150 --> 01:07:16,240

baiting it was more you know you take

1910

01:07:20,230 --> 01:07:18,160

back the

1911

01:07:23,190 --> 01:07:20,240

you you pull back a little bit and take

1912

01:07:25,270 --> 01:07:23,200

the 50 000 foot overview of everything

1913

01:07:26,950 --> 01:07:25,280

first and say okay

1914

01:07:30,069 --> 01:07:26,960

if i am

1915

01:07:31,829 --> 01:07:30,079

going to engage and believe and assume

1916

01:07:33,109 --> 01:07:31,839

that you this is something that can be

1917

01:07:35,990 --> 01:07:33,119

debated

1918

01:07:39,990 --> 01:07:36,000

then i am acting on the assumption or

1919

01:07:41,990 --> 01:07:40,000

the knowledge that this is a persistent

1920

01:07:43,990 --> 01:07:42,000

uh you know something this is something

1921

01:07:46,549 --> 01:07:44,000

that's persistent rather than just

1922

01:07:49,349 --> 01:07:46,559

transient you know you're you're not

1923

01:07:51,510 --> 01:07:49,359

going to go fishing in a pond that you

1924

01:07:53,270 --> 01:07:51,520

know fish occasionally swim through

1925

01:07:54,870 --> 01:07:53,280

maybe once a year

1926

01:07:56,630 --> 01:07:54,880

but rather than one that you know that

1927

01:07:57,990 --> 01:07:56,640

there's going to be fish there here

1928

01:07:59,510 --> 01:07:58,000

that's when you're going to bait it and

1929

01:08:02,390 --> 01:07:59,520

try to to

1930

01:08:03,750 --> 01:08:02,400

catch fish and so that 50 000 foot view

1931

01:08:05,510 --> 01:08:03,760

is you have to understand it if they're

1932

01:08:07,190 --> 01:08:05,520

going to bait it the assumption that

1933

01:08:08,069 --> 01:08:07,200

this is a persistent thing is already

1934

01:08:10,470 --> 01:08:08,079

there

1935

01:08:12,950 --> 01:08:10,480

on top of the fact that you have

1936

01:08:15,910 --> 01:08:12,960

some type of intelligence that you know

1937

01:08:18,229 --> 01:08:15,920

where to put those bait traps out at and

1938

01:08:20,550 --> 01:08:18,239

you know you you have been able to

1939

01:08:23,669 --> 01:08:20,560

narrow down areas of interest you know

1940

01:08:24,950 --> 01:08:23,679

what ponds are are stocked and have the

1941

01:08:27,669 --> 01:08:24,960

big fish

1942

01:08:29,430 --> 01:08:27,679

and so for example the catalina islands

1943

01:08:31,749 --> 01:08:29,440

is rumored heavily to be one of those

1944

01:08:33,990 --> 01:08:31,759

places right you know you've got a lot

1945

01:08:36,470 --> 01:08:34,000

of these stories from uh off the east

1946

01:08:38,470 --> 01:08:36,480

coast now and uh absolutely you know

1947

01:08:40,550 --> 01:08:38,480

right there in that southern california

1948

01:08:41,669 --> 01:08:40,560

range area you've got these lots of

1949

01:08:44,070 --> 01:08:41,679

accounts so

1950

01:08:47,669 --> 01:08:44,080

these would be areas where you would say

1951

01:08:49,430 --> 01:08:47,679

okay that's a good spot to do it uh the

1952

01:08:51,910 --> 01:08:49,440

the interesting thing with the

1953

01:08:53,669 --> 01:08:51,920

geospatial anti-neutrino map is that's a

1954

01:08:55,189 --> 01:08:53,679

global map so you have this global

1955

01:08:58,630 --> 01:08:55,199

widespread

1956

01:09:00,870 --> 01:08:58,640

overview of it and that opens up a whole

1957

01:09:03,590 --> 01:09:00,880

new potential that if you're going to

1958

01:09:06,229 --> 01:09:03,600

bait something like this and you want to

1959

01:09:08,309 --> 01:09:06,239

do it covertly i'm not going to bait it

1960

01:09:09,829 --> 01:09:08,319

off of catalina island because there's

1961

01:09:11,430 --> 01:09:09,839

probably it's probably going to show up

1962

01:09:13,590 --> 01:09:11,440

on you know you and i are going to be

1963

01:09:15,189 --> 01:09:13,600

talking about that cool youtube video of

1964

01:09:17,349 --> 01:09:15,199

the ufo that people captured because we

1965

01:09:19,669 --> 01:09:17,359

baited it out but if there's perhaps

1966

01:09:21,510 --> 01:09:19,679

areas where there are hot spots that are

1967

01:09:22,709 --> 01:09:21,520

very remote i mean

1968

01:09:23,910 --> 01:09:22,719

especially we're talking about the navy

1969

01:09:26,309 --> 01:09:23,920

and we're talking about the oceans you

1970

01:09:29,189 --> 01:09:26,319

know the the earth is

1971

01:09:31,349 --> 01:09:29,199

far more covered by the oceans and so if

1972

01:09:32,709 --> 01:09:31,359

you've got remote areas and that you

1973

01:09:35,110 --> 01:09:32,719

know are good

1974

01:09:37,749 --> 01:09:35,120

quote fishing holes

1975

01:09:39,669 --> 01:09:37,759

and could this be potentially achieved

1976

01:09:41,749 --> 01:09:39,679

by looking at that anti-neutrino map

1977

01:09:43,749 --> 01:09:41,759

where you're identifying you have

1978

01:09:47,430 --> 01:09:43,759

anti-neutrino

1979

01:09:48,950 --> 01:09:47,440

detecting them in areas where there

1980

01:09:51,430 --> 01:09:48,960

shouldn't be

1981

01:09:53,990 --> 01:09:51,440

and now in terms of that i'm not

1982

01:09:55,510 --> 01:09:54,000

entirely sure that uh

1983

01:09:58,229 --> 01:09:55,520

you know to save some people some time

1984

01:10:00,550 --> 01:09:58,239

of like looking at the anti-neutrino map

1985

01:10:03,030 --> 01:10:00,560

pixel by pixel i'm not sure that that's

1986

01:10:05,990 --> 01:10:03,040

granular enough you know you would have

1987

01:10:08,390 --> 01:10:06,000

to really uh maybe get into the real

1988

01:10:09,910 --> 01:10:08,400

data of that to where you could pick up

1989

01:10:12,229 --> 01:10:09,920

that type of stuff

1990

01:10:14,709 --> 01:10:12,239

um but that's what i was getting at when

1991

01:10:15,830 --> 01:10:14,719

i mentioned that is that i do think that

1992

01:10:18,310 --> 01:10:15,840

there's

1993

01:10:19,350 --> 01:10:18,320

some type of anti-neutrino component to

1994

01:10:22,550 --> 01:10:19,360

this

1995

01:10:24,630 --> 01:10:22,560

uh how that exactly factors in i'm i'm

1996

01:10:27,189 --> 01:10:24,640

still not clear on

1997

01:10:30,790 --> 01:10:27,199

crowdsourcing i was hoping

1998

01:10:33,110 --> 01:10:30,800

ufo twitter has an amazing ability to uh

1999

01:10:34,870 --> 01:10:33,120

to solve all sorts of mysteries

2000

01:10:36,950 --> 01:10:34,880

when they put their mind to it

2001

01:10:38,950 --> 01:10:36,960

that is all for this week's show thank

2002

01:10:40,950 --> 01:10:38,960

you very much for listening please
