PART 2

1
00:00:00,000 --> 00:00:05,510

[Music]

2
00:00:08,790 --> 00:00:07,030

there's a whole fleet of of look on the

3
00:00:10,950 --> 00:00:08,800

sa

4
00:00:14,310 --> 00:00:10,960

my gosh they're all going against the

5
00:00:18,950 --> 00:00:16,390

it was basically a cube with inside of

6
00:00:23,910 --> 00:00:18,960

sphere where the points of the cube

7
00:00:37,190 --> 00:00:33,450

[Music]

8
00:00:38,709 --> 00:00:37,200

[Applause]

9
00:00:40,950 --> 00:00:38,719

so this isn't anything that just is

10
00:00:48,950 --> 00:00:40,960

limited to the united states it's a

11
00:00:53,430 --> 00:00:51,110

welcome back to that ufo podcast we're

12
00:00:54,869 --> 00:00:53,440

carrying on with tim mcmillan from our

13
00:00:57,270 --> 00:00:54,879

interview if you're listening on the

14

00:00:58,709 --> 00:00:57,280

patreon apple premium spotify premium

15

00:01:00,069 --> 00:00:58,719

you've probably heard that a few minutes

16

00:01:01,910 --> 00:01:00,079

ago you like to listen all the way

17

00:01:03,590 --> 00:01:01,920

through if you're listening on the free

18

00:01:06,310 --> 00:01:03,600

feeds thanks for coming back this has

19

00:01:08,230 --> 00:01:06,320

been out about a week later um we

20

00:01:10,230 --> 00:01:08,240

finished up talking about anti-neutrinos

21

00:01:12,550 --> 00:01:10,240

we had covered chris mellon his article

22

00:01:14,230 --> 00:01:12,560

on the us air force they're calling them

23

00:01:16,310 --> 00:01:14,240

out and we touched on different

24

00:01:18,469 --> 00:01:16,320

satellite systems a couple of things i

25

00:01:20,149 --> 00:01:18,479

want to touch on before we get to

26

00:01:23,270 --> 00:01:20,159

listener questions of which we've got a

27

00:01:25,030 --> 00:01:23,280

varied topic in range as always

28

00:01:28,149 --> 00:01:25,040

tim um you

29

00:01:30,469 --> 00:01:28,159

very recently worked on a series devices

30

00:01:32,870 --> 00:01:30,479

of unknown origin and that was going to

31

00:01:35,109 --> 00:01:32,880

be a four part series now parts one two

32

00:01:37,510 --> 00:01:35,119

and three all came out over over a

33

00:01:38,630 --> 00:01:37,520

staggered period now i'm think i'm going

34

00:01:41,109 --> 00:01:38,640

back to

35

00:01:43,030 --> 00:01:41,119

before before the summer last year

36

00:01:45,350 --> 00:01:43,040

yeah it was right in the end of may the

37

00:01:47,990 --> 00:01:45,360

week leading up to uh the big od and i

38

00:01:52,469 --> 00:01:49,990

and great series great articles we

39

00:01:54,230 --> 00:01:52,479

covered it in detail on the podcast

40

00:01:55,510 --> 00:01:54,240

part four however has never been

41

00:01:57,590 --> 00:01:55,520

released and this is something a few

42

00:02:01,030 --> 00:01:57,600

people got in touch with me about you

43

00:02:02,950 --> 00:02:01,040

mentioned uh off the cuff uh on the part

44

00:02:05,030 --> 00:02:02,960

one that there was going to be this new

45

00:02:06,469 --> 00:02:05,040

part four and a lot of parts now it

46

00:02:09,109 --> 00:02:06,479

wasn't there part one of the podcast

47

00:02:11,270 --> 00:02:09,119

interview and you mentioned part four of

48

00:02:13,430 --> 00:02:11,280

that series was coming out so what's why

49

00:02:14,229 --> 00:02:13,440

the delay and what can we expect in part

50

00:02:17,270 --> 00:02:14,239

four

51
00:02:20,710 --> 00:02:17,280
sure yeah well the delay is definitely

52
00:02:22,150 --> 00:02:20,720
uh was never by design per se uh

53
00:02:23,510 --> 00:02:22,160
other than i you know i've told people

54
00:02:28,229 --> 00:02:23,520
i'm

55
00:02:30,150 --> 00:02:28,239
george c martin with uh the you know the

56
00:02:31,990 --> 00:02:30,160
game of thrones series there where he's

57
00:02:32,869 --> 00:02:32,000
i think he still has to finish two more

58
00:02:35,270 --> 00:02:32,879
books

59
00:02:36,150 --> 00:02:35,280
uh even though the tv shows finished so

60
00:02:38,790 --> 00:02:36,160
we all know what's going to happen

61
00:02:40,470 --> 00:02:38,800
george just write it out um

62
00:02:43,350 --> 00:02:40,480
here i am complaining at him and i'm i'm

63
00:02:46,150 --> 00:02:43,360

equally as guilty here uh and so it was

64

00:02:48,710 --> 00:02:46,160

never by design per se but it was a lot

65

00:02:51,190 --> 00:02:48,720

of um there was original direction that

66

00:02:53,110 --> 00:02:51,200

i was going to go with kind of closing

67

00:02:56,070 --> 00:02:53,120

that series out

68

00:02:58,309 --> 00:02:56,080

and then i didn't feel like there was

69

00:02:59,910 --> 00:02:58,319

going to be enough closure if that made

70

00:03:01,509 --> 00:02:59,920

sense because with that series you know

71

00:03:03,589 --> 00:03:01,519

part one

72

00:03:06,309 --> 00:03:03,599

i went really in depth with a

73

00:03:08,710 --> 00:03:06,319

case going back to the 1960s

74

00:03:09,589 --> 00:03:08,720

and an eyewitness there that uh an event

75

00:03:11,830 --> 00:03:09,599

that's

76
00:03:15,270 --> 00:03:11,840
was really it wasn't i won't say unknown

77
00:03:17,110 --> 00:03:15,280
but very little known and um

78
00:03:19,030 --> 00:03:17,120
involving the us navy but it's very much

79
00:03:21,030 --> 00:03:19,040
like the the nimitz events so this was

80
00:03:23,589 --> 00:03:21,040
something where we had radar tracks and

81
00:03:25,910 --> 00:03:23,599
it went on for multiple days and ryan

82
00:03:27,110 --> 00:03:25,920
graves's thing we brought it more into

83
00:03:29,910 --> 00:03:27,120
the more recent events with the

84
00:03:32,309 --> 00:03:29,920
roosevelt and then with part three

85
00:03:34,789 --> 00:03:32,319
we we kind of covered into you know what

86
00:03:36,309 --> 00:03:34,799
are we doing about this by diving having

87
00:03:39,030 --> 00:03:36,319
some exclusive interviews with the

88
00:03:39,830 --> 00:03:39,040

former secretary ray mabus of the navy

89

00:03:45,750 --> 00:03:39,840

and

90

00:03:48,070 --> 00:03:45,760

part four was always supposed to be kind

91

00:03:49,270 --> 00:03:48,080

of what does all three of these really

92

00:03:51,110 --> 00:03:49,280

mean

93

00:03:55,030 --> 00:03:51,120

and i thought i had a good grip of how

94

00:03:57,190 --> 00:03:55,040

we were going to go with that and uh

95

00:03:58,710 --> 00:03:57,200

it's a much like any anybody can that's

96

00:04:00,149 --> 00:03:58,720

been involved in this topic for any

97

00:04:01,830 --> 00:04:00,159

length of time can probably appreciate

98

00:04:03,670 --> 00:04:01,840

it yeah

99

00:04:06,149 --> 00:04:03,680

anytime you you think you've reached

100

00:04:07,110 --> 00:04:06,159

some sort of hill or conclusion uh it

101
00:04:09,030 --> 00:04:07,120
changes

102
00:04:10,550 --> 00:04:09,040
and so i you know

103
00:04:11,589 --> 00:04:10,560
there's a reason that i don't put out

104
00:04:15,190 --> 00:04:11,599
stuff

105
00:04:17,189 --> 00:04:15,200
every week is because i try to put out

106
00:04:19,590 --> 00:04:17,199
quality stuff and so we kind of

107
00:04:23,270 --> 00:04:19,600
put that up started working on some

108
00:04:24,390 --> 00:04:23,280
stuff that uh to add to that now

109
00:04:28,070 --> 00:04:24,400
i'll tell you

110
00:04:29,510 --> 00:04:28,080
tentatively yeah so yeah we

111
00:04:31,909 --> 00:04:29,520
hopefully we won't be here next year and

112
00:04:34,550 --> 00:04:31,919
you're saying so tim part four people

113
00:04:35,909 --> 00:04:34,560

keep uh um

114

00:04:37,990 --> 00:04:35,919

and just so everybody knows this joking

115

00:04:40,550 --> 00:04:38,000

goes on inside the debrief so you know

116

00:04:42,150 --> 00:04:40,560

like steve mcdaniel and mj and mike and

117

00:04:43,909 --> 00:04:42,160

those guys whenever i'm like yeah i'm

118

00:04:46,870 --> 00:04:43,919

working on this or like is it part four

119

00:04:49,749 --> 00:04:46,880

um so they equally give me a hard time

120

00:04:51,030 --> 00:04:49,759

but tentatively i think we're looking at

121

00:04:52,310 --> 00:04:51,040

um

122

00:04:55,830 --> 00:04:52,320

you know i'm looking at trying to finish

123

00:04:57,270 --> 00:04:55,840

out part four and including it with uh

124

00:04:59,909 --> 00:04:57,280

kind of a special project we got going

125

00:05:03,110 --> 00:04:59,919

on this that's a little too early to to

126

00:05:05,510 --> 00:05:03,120

put out there and it's technically it is

127

00:05:08,310 --> 00:05:05,520

a debrief project but it is not my

128

00:05:09,830 --> 00:05:08,320

project so i don't want to say more than

129

00:05:12,469 --> 00:05:09,840

one of my

130

00:05:13,909 --> 00:05:12,479

colleagues wants me to say right now but

131

00:05:16,870 --> 00:05:13,919

but we definitely have something in the

132

00:05:18,550 --> 00:05:16,880

works that uh hopefully i think will it

133

00:05:21,430 --> 00:05:18,560

will be specific

134

00:05:22,790 --> 00:05:21,440

to the uap ufo topic and hopefully be

135

00:05:24,390 --> 00:05:22,800

something really cool

136

00:05:26,550 --> 00:05:24,400

bring something new to the to the

137

00:05:27,510 --> 00:05:26,560

subject that people are going to like

138

00:05:29,590 --> 00:05:27,520

and

139

00:05:31,990 --> 00:05:29,600

right now again alternatively i think

140

00:05:35,270 --> 00:05:32,000

we're targeting that kind of uh

141

00:05:38,310 --> 00:05:35,280

something to come out the mid-summer

142

00:05:41,110 --> 00:05:38,320

or you know early mid summer time frame

143

00:05:44,070 --> 00:05:41,120

so let's say july august september at

144

00:05:45,749 --> 00:05:44,080

the latest time frame so again a lot of

145

00:05:47,029 --> 00:05:45,759

things are fluid right now with that but

146

00:05:50,629 --> 00:05:47,039

that is where

147

00:05:53,029 --> 00:05:50,639

we're looking to uh both include

148

00:05:55,670 --> 00:05:53,039

the part four and then also hopefully

149

00:05:56,390 --> 00:05:55,680

will will be a lot of other stuff that's

150

00:05:58,710 --> 00:05:56,400

uh

151
00:06:01,189 --> 00:05:58,720
frankly should surpass even part four a

152
00:06:02,469 --> 00:06:01,199
lot of interesting stuff that uh

153
00:06:06,790 --> 00:06:02,479
i ha

154
00:06:08,790 --> 00:06:06,800
and i'm looking forward to to more of it

155
00:06:11,590 --> 00:06:08,800
as it comes in if that makes any sense

156
00:06:13,029 --> 00:06:11,600
at all and it's intentionally ambiguous

157
00:06:14,390 --> 00:06:13,039
yeah i know that that's fair and you

158
00:06:16,550 --> 00:06:14,400
know what i usually follow up when we

159
00:06:18,390 --> 00:06:16,560
finish off but i might as well ask there

160
00:06:21,670 --> 00:06:18,400
what is to come that you can talk about

161
00:06:24,390 --> 00:06:21,680
in 2022 then for the debrief

162
00:06:27,749 --> 00:06:24,400
oh man there there's always a lot

163
00:06:30,150 --> 00:06:27,759

there's always a lot uh both um

164

00:06:31,270 --> 00:06:30,160

you know personally

165

00:06:33,909 --> 00:06:31,280

i've got

166

00:06:35,990 --> 00:06:33,919

a lot of interesting stuff that people

167

00:06:37,830 --> 00:06:36,000

have heard me tease for in some

168

00:06:39,270 --> 00:06:37,840

instances over a year

169

00:06:41,430 --> 00:06:39,280

and it goes back to what i said about

170

00:06:43,189 --> 00:06:41,440

this kind of moving process of putting

171

00:06:45,110 --> 00:06:43,199

out something that

172

00:06:46,710 --> 00:06:45,120

is robust and

173

00:06:48,629 --> 00:06:46,720

you know hopefully looks like those

174

00:06:50,230 --> 00:06:48,639

devices of unknown origin series that

175

00:06:51,589 --> 00:06:50,240

you mentioned i'm very proud of those

176
00:06:53,589 --> 00:06:51,599
like that's the kind of stuff i really

177
00:06:55,430 --> 00:06:53,599
love putting out um

178
00:06:57,189 --> 00:06:55,440
because it includes a lot of information

179
00:06:59,589 --> 00:06:57,199
but it gives a lot of different

180
00:07:01,110 --> 00:06:59,599
perspectives and and gives a more

181
00:07:02,790 --> 00:07:01,120
personal view than just the straight

182
00:07:04,390 --> 00:07:02,800
news um

183
00:07:06,230 --> 00:07:04,400
and so

184
00:07:09,510 --> 00:07:06,240
i personally have a couple of things in

185
00:07:11,430 --> 00:07:09,520
the works that relate to uh you know

186
00:07:13,189 --> 00:07:11,440
what's always what's going on with the

187
00:07:16,550 --> 00:07:13,199
pentagon right now in the subject but a

188
00:07:18,710 --> 00:07:16,560

little more specific to the actual

189

00:07:20,790 --> 00:07:18,720

activities and the new office all of

190

00:07:22,710 --> 00:07:20,800

that good stuff uh there would be more

191

00:07:24,469 --> 00:07:22,720

pertinent to that

192

00:07:27,670 --> 00:07:24,479

i have teased it and it's still in the

193

00:07:29,830 --> 00:07:27,680

works there's some stuff related to

194

00:07:31,510 --> 00:07:29,840

russia's involvement with this topic and

195

00:07:32,710 --> 00:07:31,520

what are the holiday looking at it that

196

00:07:35,830 --> 00:07:32,720

type of thing

197

00:07:36,950 --> 00:07:35,840

um so that's in the work but we also

198

00:07:39,350 --> 00:07:36,960

um

199

00:07:40,710 --> 00:07:39,360

and i keep saying we because we're

200

00:07:42,550 --> 00:07:40,720

we're going to be taking a lot of a team

201
00:07:44,150 --> 00:07:42,560
approach to some of these big stories

202
00:07:47,110 --> 00:07:44,160
coming up this year so you'll see a lot

203
00:07:49,110 --> 00:07:47,120
of me and micah and chris plain working

204
00:07:50,390 --> 00:07:49,120
together and

205
00:07:52,790 --> 00:07:50,400
i think one thing that we've talked

206
00:07:54,950 --> 00:07:52,800
about about increasing the those

207
00:07:56,950 --> 00:07:54,960
big feature stories and exciting stories

208
00:07:57,990 --> 00:07:56,960
getting them out more frequently is

209
00:07:59,670 --> 00:07:58,000
doing like most news george

210
00:08:01,029 --> 00:07:59,680
organizations if you check the byline

211
00:08:02,950 --> 00:08:01,039
there's three or four reporters nobody

212
00:08:06,150 --> 00:08:02,960
reads the byline but the writers anyway

213
00:08:08,230 --> 00:08:06,160

um nobody cares who wrote it but uh

214

00:08:09,510 --> 00:08:08,240

we're actually working on one right now

215

00:08:11,270 --> 00:08:09,520

that's uh

216

00:08:13,909 --> 00:08:11,280

closer to home for those who are in the

217

00:08:16,070 --> 00:08:13,919

u.s and i think

218

00:08:18,150 --> 00:08:16,080

starts looking at and addressing this

219

00:08:19,990 --> 00:08:18,160

issue that um

220

00:08:22,309 --> 00:08:20,000

something i think

221

00:08:24,869 --> 00:08:22,319

it's kind of an unspoken

222

00:08:27,270 --> 00:08:24,879

uh it's it's almost a self-evident fact

223

00:08:28,710 --> 00:08:27,280

but we've heard so much about the navy

224

00:08:30,469 --> 00:08:28,720

and about the military and department of

225

00:08:32,310 --> 00:08:30,479

defense but obviously they're not the

226
00:08:33,509 --> 00:08:32,320
only federal agencies out there

227
00:08:35,190 --> 00:08:33,519
obviously

228
00:08:37,990 --> 00:08:35,200
these things aren't limited to military

229
00:08:39,750 --> 00:08:38,000
ranges so what else is going on and are

230
00:08:40,790 --> 00:08:39,760
there other components looking at this

231
00:08:43,190 --> 00:08:40,800
as well

232
00:08:45,430 --> 00:08:43,200
and so we're working on something there

233
00:08:46,790 --> 00:08:45,440
to tackle that that

234
00:08:49,110 --> 00:08:46,800
i'm actually pretty excited about it

235
00:08:50,790 --> 00:08:49,120
should be very interesting

236
00:08:52,790 --> 00:08:50,800
and and one more thing i want to get to

237
00:08:54,389 --> 00:08:52,800
before we get into listener questions as

238
00:08:56,230 --> 00:08:54,399

you mentioned other countries outside of

239

00:08:58,070 --> 00:08:56,240

the us russia

240

00:09:00,230 --> 00:08:58,080

international efforts the last time we

241

00:09:02,070 --> 00:09:00,240

spoke uh icer

242

00:09:03,990 --> 00:09:02,080

had just announced project titan we

243

00:09:05,350 --> 00:09:04,000

touched on that paula gazzardi then came

244

00:09:07,590 --> 00:09:05,360

on the podcast the italian

245

00:09:09,670 --> 00:09:07,600

representative of

246

00:09:11,829 --> 00:09:09,680

what have you heard what are you

247

00:09:14,230 --> 00:09:11,839

expecting this year in terms of other

248

00:09:16,230 --> 00:09:14,240

people getting on board potentially

249

00:09:18,710 --> 00:09:16,240

you know i haven't heard a lot so far

250

00:09:21,670 --> 00:09:18,720

yet and and i haven't really heard

251

00:09:22,470 --> 00:09:21,680

whether san marino tabled that and if

252

00:09:26,389 --> 00:09:22,480

it's something that they're going to

253

00:09:28,630 --> 00:09:26,399

revisit at this upcoming or the next u.n

254

00:09:30,150 --> 00:09:28,640

uh meeting or whether or not that's

255

00:09:31,590 --> 00:09:30,160

something that they have just completely

256

00:09:33,670 --> 00:09:31,600

shelved and said they're not interested

257

00:09:35,190 --> 00:09:33,680

in and if that's the case uh whether

258

00:09:36,870 --> 00:09:35,200

iser is going to try to present that to

259

00:09:38,470 --> 00:09:36,880

another country or not so i haven't

260

00:09:40,870 --> 00:09:38,480

heard anything there that's kind of in

261

00:09:43,190 --> 00:09:40,880

limbo uh you know probably something

262

00:09:44,710 --> 00:09:43,200

that i need to to follow up on with

263

00:09:46,790 --> 00:09:44,720

paulo and some of those guys and see

264

00:09:47,750 --> 00:09:46,800

what uh they're doing there

265

00:09:49,910 --> 00:09:47,760

and so

266

00:09:52,150 --> 00:09:49,920

on the international front it's it's

267

00:09:54,470 --> 00:09:52,160

it's been a little quiet i'll be honest

268

00:09:56,070 --> 00:09:54,480

with you but again i think um

269

00:09:57,509 --> 00:09:56,080

there's been a lot especially in europe

270

00:10:01,030 --> 00:09:57,519

and eastern europe right now there's a

271

00:10:04,069 --> 00:10:01,040

lot of tensions and uh geopolitical

272

00:10:06,150 --> 00:10:04,079

tensions and everything and so it hasn't

273

00:10:07,829 --> 00:10:06,160

necessarily been i mean this goes into a

274

00:10:11,430 --> 00:10:07,839

lot of what we were talking about on the

275

00:10:13,110 --> 00:10:11,440

first half about how how easy it is

276

00:10:14,310 --> 00:10:13,120

for governments to

277

00:10:17,030 --> 00:10:14,320

just say

278

00:10:18,949 --> 00:10:17,040

this right here is a much more pressing

279

00:10:21,670 --> 00:10:18,959

issue and there's much more potential

280

00:10:23,750 --> 00:10:21,680

for harm damage or good that can come

281

00:10:25,990 --> 00:10:23,760

out of this um

282

00:10:27,430 --> 00:10:26,000

ufos

283

00:10:29,910 --> 00:10:27,440

doesn't seem to be something that we

284

00:10:31,350 --> 00:10:29,920

consider maybe it's real you know maybe

285

00:10:32,870 --> 00:10:31,360

we have evidence it's real but it's not

286

00:10:34,470 --> 00:10:32,880

something we consider a pressing issue

287

00:10:37,190 --> 00:10:34,480

and so when there's a lot of stuff going

288

00:10:39,670 --> 00:10:37,200

on and i think

289

00:10:41,750 --> 00:10:39,680

unlike we saw last year because you've

290

00:10:42,710 --> 00:10:41,760

got the pandemic still lingering on

291

00:10:45,269 --> 00:10:42,720

you've got all these different

292

00:10:47,350 --> 00:10:45,279

geopolitical things i think

293

00:10:49,590 --> 00:10:47,360

some of the international stuff i at

294

00:10:50,550 --> 00:10:49,600

least haven't heard any kind of renewed

295

00:10:51,990 --> 00:10:50,560

uh

296

00:10:53,990 --> 00:10:52,000

any renewed

297

00:10:57,829 --> 00:10:54,000

real serious ventures that'll be going

298

00:10:59,910 --> 00:10:57,839

on there but i love being surprised so

299

00:11:01,910 --> 00:10:59,920

yeah um i may be just as surprised as

300

00:11:03,750 --> 00:11:01,920

everybody else that would be a welcome

301

00:11:05,829 --> 00:11:03,760

surprise or addition this year much

302

00:11:07,509 --> 00:11:05,839

needed especially from a uk point of

303

00:11:10,230 --> 00:11:07,519

view and again if you are in the uk

304

00:11:11,990 --> 00:11:10,240

check out uap media dot uk a group i'm

305

00:11:13,590 --> 00:11:12,000

part of myself with some other guys i've

306

00:11:15,030 --> 00:11:13,600

talked about before and we're trying to

307

00:11:16,949 --> 00:11:15,040

kind of push the conversation forward

308

00:11:18,470 --> 00:11:16,959

here and from a uk point of view

309

00:11:20,949 --> 00:11:18,480

speaking to various journalists and

310

00:11:22,550 --> 00:11:20,959

whatnot as well so folks check that out

311

00:11:24,630 --> 00:11:22,560

tim listen our questions we've got a

312

00:11:25,750 --> 00:11:24,640

good range of stuff here um i tend not

313

00:11:27,670 --> 00:11:25,760

to go over them with the guests

314

00:11:29,670 --> 00:11:27,680

beforehand either although we touched on

315

00:11:31,829 --> 00:11:29,680

one or two that had came up in the short

316

00:11:34,069 --> 00:11:31,839

break we had um first off we've got

317

00:11:37,350 --> 00:11:34,079

jason from los angeles jason says hi

318

00:11:40,310 --> 00:11:37,360

fellas is there a video online of a uap

319

00:11:42,310 --> 00:11:40,320

or alien for example skinny bob that tim

320

00:11:44,470 --> 00:11:42,320

finds most compelling or something you

321

00:11:47,509 --> 00:11:44,480

think everyone should look at

322

00:11:50,389 --> 00:11:47,519

um this is a good question um

323

00:11:53,269 --> 00:11:50,399

yeah i i don't i don't i can't say that

324

00:11:55,829 --> 00:11:53,279

i can think of any uh

325

00:11:57,430 --> 00:11:55,839

entities videos that i've ever seen and

326

00:12:00,310 --> 00:11:57,440

been like oh wow that's got to be real

327

00:12:02,069 --> 00:12:00,320

so uh i think skinny bob's

328

00:12:04,470 --> 00:12:02,079

seeing about fun man i hope skinny bob's

329

00:12:06,230 --> 00:12:04,480

real but uh i can't necessarily say

330

00:12:08,710 --> 00:12:06,240

there's there's any i even have any

331

00:12:11,670 --> 00:12:08,720

anecdotal evidence that's real i think

332

00:12:15,509 --> 00:12:11,680

the in terms of videos the

333

00:12:16,550 --> 00:12:15,519

the one that always jumps out to me um

334

00:12:18,629 --> 00:12:16,560

is the

335

00:12:21,110 --> 00:12:18,639

nellis range video that was filmed in

336

00:12:24,470 --> 00:12:21,120

the early 1990s and we actually have

337

00:12:26,470 --> 00:12:24,480

that on uh it's one of it's one of

338

00:12:29,030 --> 00:12:26,480

it may be the only

339

00:12:30,550 --> 00:12:29,040

uab video that we have on our debrief uh

340

00:12:33,269 --> 00:12:30,560

youtube channel

341

00:12:35,030 --> 00:12:33,279

and it is one that we have on there

342

00:12:36,949 --> 00:12:35,040

that one's always been very interesting

343

00:12:40,310 --> 00:12:36,959

to me because it's uh you know it's

344

00:12:42,710 --> 00:12:40,320

about 20 plus minutes of video and it's

345

00:12:44,310 --> 00:12:42,720

taken from two different uh it's taken

346

00:12:45,990 --> 00:12:44,320

by two different cameras and it's taken

347

00:12:47,110 --> 00:12:46,000

from two different time intervals but i

348

00:12:50,069 --> 00:12:47,120

think uh

349

00:12:52,310 --> 00:12:50,079

you know unlike we see with the even

350

00:12:54,629 --> 00:12:52,320

like the nimitz or the go fast videos

351
00:12:57,509 --> 00:12:54,639
these types of things those those videos

352
00:12:59,269 --> 00:12:57,519
have much more compelling um

353
00:13:00,790 --> 00:12:59,279
you know eyewitness testimony because

354
00:13:03,430 --> 00:13:00,800
you have the the pilots and so in this

355
00:13:04,790 --> 00:13:03,440
instance we don't have that but uh that

356
00:13:06,230 --> 00:13:04,800
one's always been intriguing to me

357
00:13:09,670 --> 00:13:06,240
because on top of the fact that you

358
00:13:12,389 --> 00:13:09,680
can't really identify what the object is

359
00:13:13,190 --> 00:13:12,399
it also appears it moves erratically

360
00:13:14,710 --> 00:13:13,200
that

361
00:13:16,710 --> 00:13:14,720
it doesn't move consistent with what we

362
00:13:19,509 --> 00:13:16,720
would see in the aerodynamics of normal

363
00:13:22,310 --> 00:13:19,519

aircraft or drones and you know

364

00:13:25,269 --> 00:13:22,320

because it was taken in the early 1990s

365

00:13:27,670 --> 00:13:25,279

um you know we have to look at you know

366

00:13:29,509 --> 00:13:27,680

where's the state of drone technology in

367

00:13:30,790 --> 00:13:29,519

anyway you know there there is potential

368

00:13:32,069 --> 00:13:30,800

that uh

369

00:13:33,350 --> 00:13:32,079

it

370

00:13:35,670 --> 00:13:33,360

some of the movements could look like a

371

00:13:37,110 --> 00:13:35,680

quadcopter because it moves parallel you

372

00:13:40,069 --> 00:13:37,120

know it kind of does these weird

373

00:13:42,389 --> 00:13:40,079

zigzagging uh patterns that we've

374

00:13:44,949 --> 00:13:42,399

heard people like ryan graves uh talk

375

00:13:47,189 --> 00:13:44,959

about with the roosevelt incidences but

376

00:13:49,189 --> 00:13:47,199

again we're talking early 90s so you

377

00:13:51,189 --> 00:13:49,199

know obviously there is drone technology

378

00:13:53,189 --> 00:13:51,199

that exists there but even today when

379

00:13:55,509 --> 00:13:53,199

you look at quadcopters

380

00:13:57,030 --> 00:13:55,519

um you know there's very limited battery

381

00:13:58,949 --> 00:13:57,040

range and so this video has taken over

382

00:14:00,069 --> 00:13:58,959

about an hour time frame

383

00:14:02,710 --> 00:14:00,079

and so

384

00:14:04,069 --> 00:14:02,720

yeah i don't know i i think that that's

385

00:14:07,670 --> 00:14:04,079

one of the ones

386

00:14:09,590 --> 00:14:07,680

unfortunately

387

00:14:12,310 --> 00:14:09,600

not a whole lot i've tried there's not a

388

00:14:14,949 --> 00:14:12,320

whole lot i can get on it because of the

389

00:14:17,590 --> 00:14:14,959

time frame and you know i did talk to

390

00:14:20,710 --> 00:14:17,600

some people who had worked on these

391

00:14:22,069 --> 00:14:20,720

recent events so the the 2004 to 2021

392

00:14:25,030 --> 00:14:22,079

you know the stuff that went into the

393

00:14:27,829 --> 00:14:25,040

preliminary report and i asked i have

394

00:14:29,750 --> 00:14:27,839

asked about that video and uh

395

00:14:32,310 --> 00:14:29,760

i was told it was not one of the ones

396

00:14:34,069 --> 00:14:32,320

that was investigated by a tip or the

397

00:14:36,310 --> 00:14:34,079

task force or anything like that

398

00:14:38,710 --> 00:14:36,320

but i was told it is authentic it is

399

00:14:40,230 --> 00:14:38,720

real i say no no it's real

400

00:14:42,310 --> 00:14:40,240

they didn't go past

401
00:14:43,750 --> 00:14:42,320
what made them say that they didn't say

402
00:14:46,230 --> 00:14:43,760
much more than that but they said that

403
00:14:48,710 --> 00:14:46,240
it was real and so it's an interesting

404
00:14:51,030 --> 00:14:48,720
one it's an interesting one to me and i

405
00:14:53,590 --> 00:14:51,040
think just because

406
00:14:55,030 --> 00:14:53,600
a lot of the stuff you see there um

407
00:14:58,710 --> 00:14:55,040
doesn't look

408
00:14:59,670 --> 00:14:58,720
normal you know it's not normal i think

409
00:15:01,990 --> 00:14:59,680
uh

410
00:15:05,269 --> 00:15:02,000
some of the some of the ones that have

411
00:15:06,949 --> 00:15:05,279
recently come out but not made

412
00:15:09,189 --> 00:15:06,959
have not generated a lot of attention

413
00:15:10,310 --> 00:15:09,199

and i won't say that they what you see

414

00:15:12,629 --> 00:15:10,320

in them

415

00:15:14,389 --> 00:15:12,639

is overly impressive but uh the video

416

00:15:15,829 --> 00:15:14,399

that was released a couple months ago

417

00:15:16,710 --> 00:15:15,839

the rubber duck

418

00:15:17,990 --> 00:15:16,720

one

419

00:15:19,670 --> 00:15:18,000

um

420

00:15:21,829 --> 00:15:19,680

you know i think there was another 810

421

00:15:23,750 --> 00:15:21,839

warthog which wasn't you know

422

00:15:25,269 --> 00:15:23,760

i think that could be anything

423

00:15:27,750 --> 00:15:25,279

that one's not nearly impressive but i

424

00:15:29,749 --> 00:15:27,760

think where they are coming from are

425

00:15:32,069 --> 00:15:29,759

interesting to me they're very very

426

00:15:35,030 --> 00:15:32,079

interesting because there's uh

427

00:15:37,829 --> 00:15:35,040

very little doubt in my mind that

428

00:15:40,389 --> 00:15:37,839

those videos were captured by

429

00:15:42,150 --> 00:15:40,399

government sensor systems and and

430

00:15:44,069 --> 00:15:42,160

national guard aircraft actually i'm

431

00:15:46,069 --> 00:15:44,079

very familiar with the

432

00:15:48,550 --> 00:15:46,079

aircraft filming them and that type of

433

00:15:50,790 --> 00:15:48,560

systems up there so the fact that

434

00:15:52,470 --> 00:15:50,800

that occurred um

435

00:15:55,030 --> 00:15:52,480

the fact of what they recorded on are

436

00:15:56,550 --> 00:15:55,040

intriguing to me those are intriguing

437

00:15:58,389 --> 00:15:56,560

but i won't say that what you're seeing

438

00:15:59,509 --> 00:15:58,399

in there at least for me at a lot of

439

00:16:01,269 --> 00:15:59,519
times

440

00:16:03,590 --> 00:16:01,279
i don't see anything that's like

441

00:16:05,350 --> 00:16:03,600
earth shattering but the fact that

442

00:16:08,870 --> 00:16:05,360
where they're coming from the provenance

443

00:16:10,949 --> 00:16:08,880
of that that that's intriguing to me

444

00:16:13,430 --> 00:16:10,959
luigi asks now he says there's been a

445

00:16:15,430 --> 00:16:13,440
lot of fuss about drones and also the

446

00:16:17,030 --> 00:16:15,440
hypothesis of havana syndrome

447

00:16:18,550 --> 00:16:17,040
potentially being caused by a foreign

448

00:16:20,710 --> 00:16:18,560
weapon and he's looking for your

449

00:16:22,389 --> 00:16:20,720
thoughts on these so for the first part

450

00:16:24,590 --> 00:16:22,399
drones like you mentioned i think it's

451

00:16:27,189 --> 00:16:24,600

now the go-to isn't it for

452

00:16:29,670 --> 00:16:27,199

misidentification of flying saucers but

453

00:16:31,350 --> 00:16:29,680

we say ufo people mean aliens we all

454

00:16:34,150 --> 00:16:31,360

know an unidentified flying object is

455

00:16:35,509 --> 00:16:34,160

just that however is it too easy do you

456

00:16:36,790 --> 00:16:35,519

think now for

457

00:16:37,910 --> 00:16:36,800

people without an interest in the

458

00:16:39,829 --> 00:16:37,920

subject

459

00:16:41,990 --> 00:16:39,839

that like to debunk or go straight to

460

00:16:43,670 --> 00:16:42,000

the prozac to say drone is there

461

00:16:45,269 --> 00:16:43,680

anything you look for particularly

462

00:16:47,269 --> 00:16:45,279

within these videos like you've

463

00:16:49,670 --> 00:16:47,279

mentioned the the length of time that

464

00:16:51,189 --> 00:16:49,680

the objects there that can really be a

465

00:16:53,509 --> 00:16:51,199

cause for alarm

466

00:16:55,110 --> 00:16:53,519

sure yeah no absolutely i mean i i do

467

00:16:57,350 --> 00:16:55,120

think you're you're absolutely right in

468

00:16:59,749 --> 00:16:57,360

terms of the idea that uh

469

00:17:03,030 --> 00:16:59,759

you know drones can easily drone is are

470

00:17:05,590 --> 00:17:03,040

used to easily explain uh a lot of times

471

00:17:07,110 --> 00:17:05,600

um in the same way

472

00:17:08,710 --> 00:17:07,120

you know there's still very limited

473

00:17:10,549 --> 00:17:08,720

information

474

00:17:12,949 --> 00:17:10,559

you know and

475

00:17:15,270 --> 00:17:12,959

in essence uh i think a lot of times

476
00:17:16,870 --> 00:17:15,280
that it's dismissed as drones by some

477
00:17:18,549 --> 00:17:16,880
people for the same reason that others

478
00:17:20,390 --> 00:17:18,559
will see the same thing and go it's it's

479
00:17:22,549 --> 00:17:20,400
aliens there's no doubt in my mind

480
00:17:25,110 --> 00:17:22,559
because it's just it comports to

481
00:17:27,590 --> 00:17:25,120
whatever their pre-existing beliefs are

482
00:17:29,990 --> 00:17:27,600
where the real in truth here is i don't

483
00:17:33,430 --> 00:17:30,000
know we don't know because there are

484
00:17:34,230 --> 00:17:33,440
certainly you know in certain instances

485
00:17:39,190 --> 00:17:34,240
that

486
00:17:41,110 --> 00:17:39,200
today don't

487
00:17:42,549 --> 00:17:41,120
match at least what we're talking about

488
00:17:45,190 --> 00:17:42,559

when we're talking about

489

00:17:47,590 --> 00:17:45,200

what people are seeing

490

00:17:50,150 --> 00:17:47,600

and the behaviors that they're noting

491

00:17:52,470 --> 00:17:50,160

a lot of these objects engage in

492

00:17:53,909 --> 00:17:52,480

you know including like you mentioned um

493

00:17:55,430 --> 00:17:53,919

you know if you look to the roosevelt

494

00:17:56,630 --> 00:17:55,440

events um

495

00:17:59,990 --> 00:17:56,640

they're talking about these being

496

00:18:03,029 --> 00:18:00,000

persistently airborne at you know 10 15

497

00:18:05,590 --> 00:18:03,039

20 30 000 feet 50 000 feet

498

00:18:07,750 --> 00:18:05,600

um for hours you know those were things

499

00:18:10,710 --> 00:18:07,760

when i spoke to ryan graves he said it

500

00:18:11,990 --> 00:18:10,720

appeared to them as if these objects

501
00:18:13,190 --> 00:18:12,000
could stay out there indefinitely if

502
00:18:14,710 --> 00:18:13,200
they want it

503
00:18:17,110 --> 00:18:14,720
and so

504
00:18:19,990 --> 00:18:17,120
that's not drones i mean even if we're

505
00:18:22,390 --> 00:18:20,000
talking about

506
00:18:23,430 --> 00:18:22,400
you know really you know we're talking

507
00:18:25,750 --> 00:18:23,440
about the

508
00:18:27,350 --> 00:18:25,760
mq1 reapers or predator drones or

509
00:18:28,630 --> 00:18:27,360
something they may have a significant

510
00:18:30,710 --> 00:18:28,640
flight time but they're still working on

511
00:18:33,029 --> 00:18:30,720
a fuel source and once that fuel source

512
00:18:35,350 --> 00:18:33,039
is exhausted uh that you know we're

513
00:18:39,190 --> 00:18:35,360

talking about a couple hours uh we're

514

00:18:41,430 --> 00:18:39,200

not talking about half a day 24 hours um

515

00:18:43,190 --> 00:18:41,440

you know there there are fixed-wing

516

00:18:46,070 --> 00:18:43,200

aircraft that can do this that kind of

517

00:18:47,830 --> 00:18:46,080

stuff but there may basically

518

00:18:49,110 --> 00:18:47,840

more or less like a glider any sense so

519

00:18:51,909 --> 00:18:49,120

a lot of times they're switching off and

520

00:18:54,230 --> 00:18:51,919

on uh conserving fuel sources but that's

521

00:18:56,470 --> 00:18:54,240

not what's being described here by these

522

00:18:57,750 --> 00:18:56,480

pilots and so

523

00:18:59,190 --> 00:18:57,760

um

524

00:19:00,549 --> 00:18:59,200

those you know

525

00:19:01,909 --> 00:19:00,559

again you're you're gonna have to

526
00:19:04,070 --> 00:19:01,919
achieve aerodynamics you're gonna have

527
00:19:05,350 --> 00:19:04,080
to achieve flight by the same ways that

528
00:19:08,150 --> 00:19:05,360
we know how

529
00:19:11,270 --> 00:19:08,160
whether it's achieved draft uh excuse me

530
00:19:13,590 --> 00:19:11,280
lift and drag through means of rotors

531
00:19:14,710 --> 00:19:13,600
like helicopters you know quadcopter or

532
00:19:15,750 --> 00:19:14,720
whether it's gonna be a fixed-wing

533
00:19:17,510 --> 00:19:15,760
aircraft

534
00:19:18,789 --> 00:19:17,520
and in these instances where we have

535
00:19:20,710 --> 00:19:18,799
something where

536
00:19:23,029 --> 00:19:20,720
let's go back to the nimitz incident

537
00:19:25,909 --> 00:19:23,039
where you see a tic-tac with no control

538
00:19:28,070 --> 00:19:25,919

surfaces well that doesn't comport

539

00:19:29,270 --> 00:19:28,080

by any means to any type of known direct

540

00:19:32,390 --> 00:19:29,280

technology

541

00:19:34,870 --> 00:19:32,400

so i think it's easy to dismiss it there

542

00:19:36,390 --> 00:19:34,880

at the same time i'm sure that there's

543

00:19:38,870 --> 00:19:36,400

there's certain times that people see

544

00:19:41,430 --> 00:19:38,880

lights in the sky that even might behave

545

00:19:42,470 --> 00:19:41,440

oddly they probably are drones because

546

00:19:46,789 --> 00:19:42,480

you know

547

00:19:50,710 --> 00:19:46,799

the ability to abruptly stop and and

548

00:19:52,549 --> 00:19:50,720

go descend and ascend or move parallel

549

00:19:56,150 --> 00:19:52,559

uh you know i think that the there's

550

00:19:59,510 --> 00:19:56,160

plenty of instances drones have both uh

551
00:20:01,190 --> 00:19:59,520
created in a situation where it can be

552
00:20:03,190 --> 00:20:01,200
lots of things can be easily dismissed

553
00:20:04,630 --> 00:20:03,200
without with very little effort by

554
00:20:07,990 --> 00:20:04,640
saying all those trons all right next

555
00:20:08,870 --> 00:20:08,000
please uh at the same time it's led to

556
00:20:11,909 --> 00:20:08,880
probably an increase of

557
00:20:15,110 --> 00:20:11,919
misidentifications and so

558
00:20:18,070 --> 00:20:15,120
you know i would say you know

559
00:20:19,830 --> 00:20:18,080
in any of these instances it all the

560
00:20:21,830 --> 00:20:19,840
proof is in the pudding and so how much

561
00:20:24,390 --> 00:20:21,840
effort has actually been put into that

562
00:20:26,950 --> 00:20:24,400
in determining what it is before you

563
00:20:29,270 --> 00:20:26,960

just dismiss it as a draw or say it's an

564

00:20:31,110 --> 00:20:29,280

alien spaceship

565

00:20:32,549 --> 00:20:31,120

so a few weeks ago at myself and my wife

566

00:20:35,990 --> 00:20:32,559

kid's bedtime we were looking at the

567

00:20:38,710 --> 00:20:36,000

bedroom window and this light was flying

568

00:20:39,909 --> 00:20:38,720

at a decent speed across the across the

569

00:20:41,990 --> 00:20:39,919

distance you could just see it because

570

00:20:43,590 --> 00:20:42,000

it was pitch black and then it flew up

571

00:20:44,549 --> 00:20:43,600

into the air

572

00:20:46,549 --> 00:20:44,559

stayed

573

00:20:47,430 --> 00:20:46,559

and my wife was like look at that and i

574

00:20:49,190 --> 00:20:47,440

was like yeah and i was like you know

575

00:20:51,029 --> 00:20:49,200

what straight away i was like it's

576

00:20:52,549 --> 00:20:51,039

probably a drone

577

00:20:54,630 --> 00:20:52,559

and then i worked out from over that

578

00:20:56,310 --> 00:20:54,640

direction you've got the the fields and

579

00:20:58,070 --> 00:20:56,320

i've got a landmark called

580

00:21:00,470 --> 00:20:58,080

northumberlandia if anyone wants to look

581

00:21:02,310 --> 00:21:00,480

that up it was actually where the the

582

00:21:04,149 --> 00:21:02,320

locally they are there's mines and all

583

00:21:05,430 --> 00:21:04,159

that kind of stuff and digging goes on

584

00:21:07,590 --> 00:21:05,440

and essentially what they've done was

585

00:21:09,669 --> 00:21:07,600

they put all the the mounds of dirt on

586

00:21:12,149 --> 00:21:09,679

this big massive piece of land it looked

587

00:21:13,750 --> 00:21:12,159

horrendous and they paid an architect i

588

00:21:16,149 --> 00:21:13,760

believe he was from the us to design

589

00:21:17,909 --> 00:21:16,159

something and basically sculpt the land

590

00:21:19,510 --> 00:21:17,919

into this huge landmass called

591

00:21:21,270 --> 00:21:19,520

northumberlandia look it up people

592

00:21:23,430 --> 00:21:21,280

that's satania there but essentially i

593

00:21:26,070 --> 00:21:23,440

said to my wife it's almost definitely

594

00:21:28,149 --> 00:21:26,080

someone out there with a drone they're

595

00:21:30,070 --> 00:21:28,159

letting it go high up it's flying off

596

00:21:31,350 --> 00:21:30,080

that's the distance it can go it's

597

00:21:32,710 --> 00:21:31,360

staying there and it's going back

598

00:21:34,630 --> 00:21:32,720

because it goes straight back over that

599

00:21:35,669 --> 00:21:34,640

direction and then goes down to the

600

00:21:38,070 --> 00:21:35,679

ground

601
00:21:39,830 --> 00:21:38,080
is there a 0.1 chance that was an alien

602
00:21:42,549 --> 00:21:39,840
spacecraft taking off and going back

603
00:21:45,029 --> 00:21:42,559
there yeah but even me who hosts a ufo

604
00:21:46,549 --> 00:21:45,039
podcast has gone and i filmed it there's

605
00:21:48,549 --> 00:21:46,559
no point in the footage online though

606
00:21:50,710 --> 00:21:48,559
it's a drone so yeah it's easy to go to

607
00:21:52,789 --> 00:21:50,720
that um the other one no tim it was

608
00:21:54,149 --> 00:21:52,799
mentioned by luigi was havana syndrome

609
00:21:55,830 --> 00:21:54,159
now this is something that's still

610
00:21:57,350 --> 00:21:55,840
getting traction even in the mainstream

611
00:22:00,070 --> 00:21:57,360
media now isn't it

612
00:22:01,270 --> 00:22:00,080
sure yeah well and actually

613
00:22:02,630 --> 00:22:01,280

if we can go back for a second because

614

00:22:05,909 --> 00:22:02,640

i'll tell you a funny

615

00:22:08,390 --> 00:22:05,919

exactly an interesting drone story that

616

00:22:10,789 --> 00:22:08,400

i don't think i've ever shared um

617

00:22:12,549 --> 00:22:10,799

is that uh you know right when i got out

618

00:22:13,270 --> 00:22:12,559

and took early retirement from policing

619

00:22:17,350 --> 00:22:13,280

for

620

00:22:18,390 --> 00:22:17,360

private firm as an investigator an intel

621

00:22:21,029 --> 00:22:18,400

analyst

622

00:22:24,710 --> 00:22:21,039

and um

623

00:22:27,270 --> 00:22:24,720

this is out of pure happenstance too

624

00:22:28,870 --> 00:22:27,280

we had a client one time that uh

625

00:22:31,110 --> 00:22:28,880

hired us and

626

00:22:33,909 --> 00:22:31,120

they hired me to investigate they

627

00:22:35,029 --> 00:22:33,919

believed that they were being harassed

628

00:22:37,110 --> 00:22:35,039

by

629

00:22:38,870 --> 00:22:37,120

i'm trying to i'm gonna be very sparing

630

00:22:41,430 --> 00:22:38,880

on details here just because there is a

631

00:22:43,669 --> 00:22:41,440

client uh privilege and and

632

00:22:45,669 --> 00:22:43,679

confidentiality but uh they they believe

633

00:22:48,149 --> 00:22:45,679

they were being harassed by

634

00:22:49,909 --> 00:22:48,159

some individuals with drones

635

00:22:51,669 --> 00:22:49,919

and so we're getting into it and i'm

636

00:22:54,390 --> 00:22:51,679

like okay okay and they're like yeah

637

00:22:56,149 --> 00:22:54,400

these things will be up for you know

638

00:22:57,909 --> 00:22:56,159

hours at a time they'll go up and down

639

00:23:00,470 --> 00:22:57,919

and up and down

640

00:23:02,310 --> 00:23:00,480

and i was like okay

641

00:23:04,870 --> 00:23:02,320

we're not talking about commercial

642

00:23:06,950 --> 00:23:04,880

trunks here you know this is

643

00:23:08,470 --> 00:23:06,960

and i doubt that that who they suspected

644

00:23:11,190 --> 00:23:08,480

would have military

645

00:23:12,710 --> 00:23:11,200

drone technology and um

646

00:23:15,510 --> 00:23:12,720

it uh

647

00:23:17,350 --> 00:23:15,520

on top of the fact that uh that still

648

00:23:19,270 --> 00:23:17,360

didn't really match with what they're

649

00:23:20,789 --> 00:23:19,280

saying and so it was interesting because

650

00:23:23,029 --> 00:23:20,799

i got to investigate it's probably

651

00:23:25,590 --> 00:23:23,039

actually it's the only time in my

652

00:23:28,789 --> 00:23:25,600

lifetime that i have ever been a

653

00:23:29,830 --> 00:23:28,799

field ufo investigator um and was paid

654

00:23:31,430 --> 00:23:29,840

for it

655

00:23:32,870 --> 00:23:31,440

i haven't even done it for free but that

656

00:23:36,470 --> 00:23:32,880

i went out there and

657

00:23:38,630 --> 00:23:36,480

uh i did stake out the place for uh

658

00:23:40,470 --> 00:23:38,640

a couple of nights and

659

00:23:42,310 --> 00:23:40,480

i ended up seeing one

660

00:23:44,149 --> 00:23:42,320

thing that i you know i felt pretty

661

00:23:46,390 --> 00:23:44,159

confident was a drone

662

00:23:48,549 --> 00:23:46,400

but it was fleeting and didn't last for

663

00:23:50,390 --> 00:23:48,559

very long and but it didn't do anything

664

00:23:52,230 --> 00:23:50,400

that didn't that looked any different

665

00:23:54,950 --> 00:23:52,240

than somebody flying a drone up and yeah

666

00:23:57,350 --> 00:23:54,960

you know playing with it but uh

667

00:23:58,950 --> 00:23:57,360

that was i never did solve that one but

668

00:24:00,230 --> 00:23:58,960

certainly the the kind of stuff that

669

00:24:02,149 --> 00:24:00,240

they were describing that they were

670

00:24:03,350 --> 00:24:02,159

seeing or the harassment they were

671

00:24:04,470 --> 00:24:03,360

experiencing

672

00:24:05,990 --> 00:24:04,480

um

673

00:24:07,110 --> 00:24:06,000

it would not

674

00:24:10,390 --> 00:24:07,120

fit

675

00:24:11,110 --> 00:24:10,400

uh any drones that i'm aware of and and

676
00:24:12,549 --> 00:24:11,120
so

677
00:24:14,149 --> 00:24:12,559
there's one of these interesting ones

678
00:24:15,830 --> 00:24:14,159
where i think

679
00:24:17,990 --> 00:24:15,840
we talk about the it's easy to dismiss

680
00:24:20,950 --> 00:24:18,000
ufos as drones i i i can't help but

681
00:24:23,269 --> 00:24:20,960
wonder how many times stuff that may be

682
00:24:25,990 --> 00:24:23,279
legitimately interesting are also

683
00:24:26,870 --> 00:24:26,000
dismissed as drones by people seeing it

684
00:24:29,029 --> 00:24:26,880
yeah

685
00:24:30,630 --> 00:24:29,039
and so it's very easy to dismiss

686
00:24:33,190 --> 00:24:30,640
possibly some really interesting stuff

687
00:24:35,350 --> 00:24:33,200
by taking the prosaic

688
00:24:37,990 --> 00:24:35,360

i guess the easy way out the quick way

689

00:24:39,990 --> 00:24:38,000

out without ever looking into it

690

00:24:41,750 --> 00:24:40,000

same as cgi i think i've even said that

691

00:24:43,669 --> 00:24:41,760

before in the past that of all the

692

00:24:45,350 --> 00:24:43,679

videos online that you go that's that's

693

00:24:47,830 --> 00:24:45,360

fake that's nonsense that looks like

694

00:24:50,630 --> 00:24:47,840

this x y and z there's probably at least

695

00:24:52,070 --> 00:24:50,640

that one out there that right is that

696

00:24:54,070 --> 00:24:52,080

too good to be true

697

00:24:56,390 --> 00:24:54,080

that can't be real and like you say

698

00:24:58,870 --> 00:24:56,400

maybe it is the skinny bob video skinny

699

00:25:01,029 --> 00:24:58,880

bob i was just thinking

700

00:25:02,870 --> 00:25:01,039

i'm told there's a russian guy who does

701

00:25:04,230 --> 00:25:02,880

like kind of hoax videos who

702

00:25:06,789 --> 00:25:04,240

has an exact

703

00:25:08,310 --> 00:25:06,799

same fit and style to this skinny bob

704

00:25:09,669 --> 00:25:08,320

type footage and people have said

705

00:25:11,269 --> 00:25:09,679

actually it's more than likely this guy

706

00:25:14,149 --> 00:25:11,279

that's done it and i never looked into

707

00:25:15,750 --> 00:25:14,159

it um but like the the turkey ufo video

708

00:25:17,909 --> 00:25:15,760

that floats about it's a really popular

709

00:25:18,950 --> 00:25:17,919

one with a handheld camera zooming in

710

00:25:20,870 --> 00:25:18,960

and out

711

00:25:22,710 --> 00:25:20,880

again looks too good to be true i've

712

00:25:26,070 --> 00:25:22,720

never seen it debunked

713

00:25:27,669 --> 00:25:26,080

but that set is you don't know what 100

714

00:25:28,710 --> 00:25:27,679

genuine looks like doing it so it's hard

715

00:25:30,870 --> 00:25:28,720

to say

716

00:25:32,710 --> 00:25:30,880

right that's that's the real one

717

00:25:34,230 --> 00:25:32,720

right no you're absolutely right yeah i

718

00:25:35,909 --> 00:25:34,240

mean that's what we you know it's a

719

00:25:38,149 --> 00:25:35,919

mystery and so you're right i think that

720

00:25:39,750 --> 00:25:38,159

that's a it's a very good point and that

721

00:25:41,430 --> 00:25:39,760

uh

722

00:25:43,110 --> 00:25:41,440

it's too good to be true but you're like

723

00:25:45,830 --> 00:25:43,120

what is true

724

00:25:47,350 --> 00:25:45,840

so yeah that would be you know

725

00:25:49,110 --> 00:25:47,360

does the potential exist out there some

726
00:25:52,470 --> 00:25:49,120
of these ones that we've seen that have

727
00:25:53,750 --> 00:25:52,480
been dismissed easily is it something

728
00:25:55,990 --> 00:25:53,760
is it something really interesting i

729
00:25:58,070 --> 00:25:56,000
think that's one of these dod videos to

730
00:26:00,149 --> 00:25:58,080
got so much traction because we accepted

731
00:26:04,149 --> 00:26:00,159
that these weren't going to be cgi that

732
00:26:05,909 --> 00:26:04,159
type of thing but yeah so who knows yeah

733
00:26:08,070 --> 00:26:05,919
luigi's other point time was on havana

734
00:26:09,990 --> 00:26:08,080
syndrome and this is again one that's

735
00:26:12,390 --> 00:26:10,000
kept traction within the mainstream

736
00:26:14,070 --> 00:26:12,400
media you still hear it talked about uh

737
00:26:16,070 --> 00:26:14,080
again as being a potentially a foreign

738
00:26:17,750 --> 00:26:16,080

adversarial weapon what are your

739

00:26:20,310 --> 00:26:17,760

thoughts on havana syndrome and why is

740

00:26:23,830 --> 00:26:20,320

it still persisting as a story sure yeah

741

00:26:25,909 --> 00:26:23,840

no i think uh and it uh it is actually a

742

00:26:29,669 --> 00:26:25,919

story that i have have been working on

743

00:26:32,070 --> 00:26:29,679

for for some time still and uh i'll say

744

00:26:34,149 --> 00:26:32,080

that i think there's there's definitely

745

00:26:36,070 --> 00:26:34,159

some validity in the claims that people

746

00:26:38,470 --> 00:26:36,080

have made i think that the people who

747

00:26:40,230 --> 00:26:38,480

were received injuries and

748

00:26:42,950 --> 00:26:40,240

uh these a lot of these reports of the

749

00:26:44,870 --> 00:26:42,960

havana syndrome i i think that they're

750

00:26:45,830 --> 00:26:44,880

valid i think that they have been

751
00:26:48,310 --> 00:26:45,840
injured

752
00:26:50,710 --> 00:26:48,320
uh and i think that

753
00:26:53,909 --> 00:26:50,720
you know it's not necessarily so first

754
00:26:55,510 --> 00:26:53,919
of all uh you know my personal thoughts

755
00:26:57,590 --> 00:26:55,520
and having looked at it for now about a

756
00:26:58,630 --> 00:26:57,600
year since they started really digging

757
00:26:59,430 --> 00:26:58,640
into it

758
00:27:00,310 --> 00:26:59,440
um

759
00:27:01,909 --> 00:27:00,320
is

760
00:27:03,830 --> 00:27:01,919
the idea that it's an anti-personnel

761
00:27:06,789 --> 00:27:03,840
weapon meaning that a foreign adversary

762
00:27:08,470 --> 00:27:06,799
is actually intentionally zapping

763
00:27:10,149 --> 00:27:08,480

people at u.s embassies that type of

764

00:27:12,470 --> 00:27:10,159

thing i don't

765

00:27:16,230 --> 00:27:12,480

think that that's going on

766

00:27:18,230 --> 00:27:16,240

i do however believe that you very

767

00:27:21,590 --> 00:27:18,240

likely have

768

00:27:23,430 --> 00:27:21,600

some type of device which you know could

769

00:27:26,070 --> 00:27:23,440

potentially be an airborne device you

770

00:27:29,029 --> 00:27:26,080

know it's hard how it's being done but

771

00:27:31,029 --> 00:27:29,039

uh the flooding of em radiation the

772

00:27:33,029 --> 00:27:31,039

flooding of electromagnetic radiation

773

00:27:35,909 --> 00:27:33,039

for signals intelligence and this type

774

00:27:38,470 --> 00:27:35,919

of stuff this is um

775

00:27:40,230 --> 00:27:38,480

this is not crazy talk and we know that

776

00:27:41,110 --> 00:27:40,240

it can happen we know that it goes on

777

00:27:42,789 --> 00:27:41,120

well

778

00:27:44,789 --> 00:27:42,799

you know i mentioned this in article i

779

00:27:46,789 --> 00:27:44,799

wrote for the washington examiner

780

00:27:48,870 --> 00:27:46,799

not in the same context of havana syndra

781

00:27:52,470 --> 00:27:48,880

but i brought up project gunmen from the

782

00:27:54,070 --> 00:27:52,480

early late 1970s early 1980s

783

00:27:57,269 --> 00:27:54,080

where russia was doing this at the u.s

784

00:27:59,029 --> 00:27:57,279

embassy in russia or the soviet union

785

00:28:00,870 --> 00:27:59,039

and i mean this is exactly what they

786

00:28:03,909 --> 00:28:00,880

were doing they were flooding

787

00:28:06,950 --> 00:28:03,919

radiation em frequencies in

788

00:28:08,710 --> 00:28:06,960

this was a a supply chain attack they

789

00:28:09,990 --> 00:28:08,720

believe or at least it's never been

790

00:28:13,110 --> 00:28:10,000

disclosed

791

00:28:16,710 --> 00:28:13,120

but uh essentially the soviet union's uh

792

00:28:19,190 --> 00:28:16,720

in the kgb had successfully

793

00:28:21,510 --> 00:28:19,200

implanted receivers into

794

00:28:23,669 --> 00:28:21,520

the typewriters that the embassy was

795

00:28:26,070 --> 00:28:23,679

using and so they had them inside of

796

00:28:28,470 --> 00:28:26,080

there very very sophisticated and so

797

00:28:30,070 --> 00:28:28,480

they flood them with em frequency

798

00:28:30,789 --> 00:28:30,080

signals and everything and they're able

799

00:28:33,029 --> 00:28:30,799

to

800

00:28:34,470 --> 00:28:33,039

uh extract and in this case they were

801
00:28:35,350 --> 00:28:34,480
able to see everything that was being

802
00:28:38,230 --> 00:28:35,360
typed

803
00:28:40,630 --> 00:28:38,240
and so it sounds very much like you've

804
00:28:42,470 --> 00:28:40,640
got somebody that this is

805
00:28:45,990 --> 00:28:42,480
not intentionally like they're targeting

806
00:28:48,630 --> 00:28:46,000
people but rather it's a byproduct of a

807
00:28:50,149 --> 00:28:48,640
electronic or signals a collection

808
00:28:52,310 --> 00:28:50,159
process that's going on so they're

809
00:28:54,230 --> 00:28:52,320
flooding this with with different

810
00:28:56,389 --> 00:28:54,240
microwaves or different frequencies in

811
00:28:58,549 --> 00:28:56,399
order to extrapolate

812
00:29:01,110 --> 00:28:58,559
intel electronic intelligence data from

813
00:29:02,710 --> 00:29:01,120

it but as a byproduct of that it uh can

814

00:29:03,669 --> 00:29:02,720

cause harm and it's causing harm to

815

00:29:05,510 --> 00:29:03,679

people

816

00:29:07,909 --> 00:29:05,520

i think um

817

00:29:10,070 --> 00:29:07,919

i legitimate i think that there's uh

818

00:29:13,830 --> 00:29:10,080

there's a there's something to that i

819

00:29:16,789 --> 00:29:13,840

know that uh the cia came out with

820

00:29:18,389 --> 00:29:16,799

one report just recently a couple weeks

821

00:29:20,230 --> 00:29:18,399

ago saying there was no evidence as a

822

00:29:21,909 --> 00:29:20,240

foreign adversary or this type of thing

823

00:29:25,590 --> 00:29:21,919

there was a foreign actor that was

824

00:29:27,590 --> 00:29:25,600

responsible in that type of thing

825

00:29:29,830 --> 00:29:27,600

i i you know i'm not necessarily

826

00:29:32,310 --> 00:29:29,840

surprised well

827

00:29:34,149 --> 00:29:32,320

that is a surprising conclusion i'm not

828

00:29:35,909 --> 00:29:34,159

necessarily surprised that they put that

829

00:29:38,310 --> 00:29:35,919

out there uh

830

00:29:40,710 --> 00:29:38,320

mainly because you're you you'll see a

831

00:29:42,230 --> 00:29:40,720

lot of conflict inside the intelligence

832

00:29:44,950 --> 00:29:42,240

agencies as it is you'll see a lot of

833

00:29:48,950 --> 00:29:47,430

differences of opinion and moreover

834

00:29:50,549 --> 00:29:48,960

there's a lot of things when they come

835

00:29:52,230 --> 00:29:50,559

public like that and they're put out in

836

00:29:56,630 --> 00:29:52,240

these public statements they can be

837

00:29:59,909 --> 00:29:56,640

politically motivated as well and so

838

00:30:03,190 --> 00:29:59,919

i don't know if that's necessarily

839

00:30:04,310 --> 00:30:03,200

accurate into what they believe and

840

00:30:06,549 --> 00:30:04,320

i think

841

00:30:08,950 --> 00:30:06,559

that actual assessment that was reported

842

00:30:10,470 --> 00:30:08,960

on that has not been made public and i

843

00:30:12,789 --> 00:30:10,480

told people i'd like to read that

844

00:30:14,710 --> 00:30:12,799

assessment i'd like to see what language

845

00:30:17,590 --> 00:30:14,720

they used rather than

846

00:30:20,630 --> 00:30:17,600

i think in that one this was a source

847

00:30:22,230 --> 00:30:20,640

conveying what this report said to a

848

00:30:24,070 --> 00:30:22,240

reporter i believe with the new york

849

00:30:26,070 --> 00:30:24,080

times and so

850

00:30:27,510 --> 00:30:26,080

it's kind of a telephone game you can

851
00:30:28,950 --> 00:30:27,520
convey whatever you want to convey but

852
00:30:31,750 --> 00:30:28,960
i'm not sure that that's exactly what

853
00:30:33,510 --> 00:30:31,760
that report said but i think it's uh i

854
00:30:36,549 --> 00:30:33,520
think there's definitely something

855
00:30:38,230 --> 00:30:36,559
legitimately to that idea

856
00:30:39,510 --> 00:30:38,240
no thanks for a good answer it's

857
00:30:41,830 --> 00:30:39,520
interesting as well like you say it's a

858
00:30:44,310 --> 00:30:41,840
byproduct and it's a little bit like

859
00:30:46,470 --> 00:30:44,320
saying the uaps aren't necessarily a

860
00:30:48,789 --> 00:30:46,480
deliberate threat but maybe just uh the

861
00:30:50,789 --> 00:30:48,799
proximity you know the timing there's a

862
00:30:53,190 --> 00:30:50,799
threat to us but not a deliberate one

863
00:30:55,190 --> 00:30:53,200

potentially so yeah interesting um john

864

00:30:58,149 --> 00:30:55,200

has a couple of questions he asks have

865

00:30:59,830 --> 00:30:58,159

any of your sources changed in tone um

866

00:31:02,230 --> 00:30:59,840

did some who previously dismissed the

867

00:31:05,190 --> 00:31:02,240

subject now take it seriously or are the

868

00:31:06,149 --> 00:31:05,200

opposite

869

00:31:08,549 --> 00:31:06,159

um

870

00:31:10,870 --> 00:31:08,559

not the opposite in terms of uh there's

871

00:31:12,870 --> 00:31:10,880

nobody that i've talked to who

872

00:31:14,230 --> 00:31:12,880

has been working on this or was working

873

00:31:15,509 --> 00:31:14,240

on this who has

874

00:31:17,590 --> 00:31:15,519

since taken the tone that they're like

875

00:31:18,710 --> 00:31:17,600

yeah this is bs i'm throwing my hands up

876
00:31:19,669 --> 00:31:18,720
type deal

877
00:31:21,350 --> 00:31:19,679
um

878
00:31:23,750 --> 00:31:21,360
i mean there's

879
00:31:26,070 --> 00:31:23,760
there's a significant number of those

880
00:31:27,669 --> 00:31:26,080
same people and others that i speak to

881
00:31:30,149 --> 00:31:27,679
who are the exact opposite end of the

882
00:31:31,509 --> 00:31:30,159
spectrum who come from

883
00:31:34,149 --> 00:31:31,519
all sorts of different backgrounds in

884
00:31:36,230 --> 00:31:34,159
government whether it's intelligence uh

885
00:31:37,029 --> 00:31:36,240
special operations that type of thing

886
00:31:37,990 --> 00:31:37,039
who

887
00:31:39,990 --> 00:31:38,000
um

888
00:31:42,149 --> 00:31:40,000

it's extremely common for them to kind

889

00:31:42,950 --> 00:31:42,159

of say look man this is not something

890

00:31:44,549 --> 00:31:42,960

i'm

891

00:31:47,269 --> 00:31:44,559

like i used to make fun of people for

892

00:31:48,630 --> 00:31:47,279

this and everything until

893

00:31:50,310 --> 00:31:48,640

you know

894

00:31:53,190 --> 00:31:50,320

this stuff started coming out they

895

00:31:55,909 --> 00:31:53,200

started seeing stuff on uh you know like

896

00:31:56,549 --> 00:31:55,919

r space which um i think was mentioned

897

00:31:58,870 --> 00:31:56,559

by

898

00:32:01,509 --> 00:31:58,880

lua elizondo not too long ago in a

899

00:32:03,269 --> 00:32:01,519

podcast but i gotta chuckle out which is

900

00:32:05,990 --> 00:32:03,279

kind of this um

901
00:32:07,830 --> 00:32:06,000
classified discord server in the ic for

902
00:32:09,350 --> 00:32:07,840
lack of a better term and so there's a

903
00:32:11,190 --> 00:32:09,360
lot of discussion that goes on there and

904
00:32:12,549 --> 00:32:11,200
so you know they've said once they

905
00:32:15,509 --> 00:32:12,559
started seeing some of the things in

906
00:32:18,789 --> 00:32:15,519
there or they started seeing some of the

907
00:32:20,710 --> 00:32:18,799
issue papers or the the intel reports

908
00:32:23,029 --> 00:32:20,720
that were being placed

909
00:32:26,070 --> 00:32:23,039
for dissemination then suddenly like

910
00:32:27,750 --> 00:32:26,080
holy crap and then

911
00:32:29,990 --> 00:32:27,760
while simultaneously coming from that

912
00:32:31,669 --> 00:32:30,000
world and kind of recognizing either

913
00:32:33,590 --> 00:32:31,679

things that they can't tell me due to

914

00:32:34,870 --> 00:32:33,600

classification or just the mere fact

915

00:32:37,029 --> 00:32:34,880

that

916

00:32:38,710 --> 00:32:37,039

there's a lot of there's a lot of cooks

917

00:32:40,310 --> 00:32:38,720

in the kitchen when you put out an issue

918

00:32:43,110 --> 00:32:40,320

paper or you put out an intelligence

919

00:32:45,110 --> 00:32:43,120

report these aren't just this isn't just

920

00:32:46,230 --> 00:32:45,120

tim one day he

921

00:32:48,230 --> 00:32:46,240

uh you know

922

00:32:50,789 --> 00:32:48,240

he just watched ancient aliens and so

923

00:32:53,110 --> 00:32:50,799

he's gonna write this paper out and

924

00:32:54,549 --> 00:32:53,120

share his beliefs and share this amongst

925

00:32:56,389 --> 00:32:54,559

the entire intelligence community that's

926
00:32:57,909 --> 00:32:56,399
not how it works

927
00:32:59,590 --> 00:32:57,919
so there's a lot of things that go into

928
00:33:02,470 --> 00:32:59,600
it that have to have it approved and so

929
00:33:04,549 --> 00:33:02,480
they realize that when you're seeing

930
00:33:06,870 --> 00:33:04,559
a topic like uap pass through all of

931
00:33:09,430 --> 00:33:06,880
these different bureaucratic layers

932
00:33:10,630 --> 00:33:09,440
there's something to this like there's

933
00:33:12,470 --> 00:33:10,640
there's something to this there's

934
00:33:14,310 --> 00:33:12,480
something of significance to it so i

935
00:33:15,509 --> 00:33:14,320
would say it's definitely more the first

936
00:33:17,669 --> 00:33:15,519
that uh

937
00:33:19,350 --> 00:33:17,679
there's there's a lot of people a lot of

938
00:33:20,230 --> 00:33:19,360

people i said the majority of them who

939

00:33:22,230 --> 00:33:20,240

who

940

00:33:24,470 --> 00:33:22,240

have said that within the last couple

941

00:33:27,029 --> 00:33:24,480

years if this is not something they took

942

00:33:28,789 --> 00:33:27,039

seriously until the last couple of years

943

00:33:31,110 --> 00:33:28,799

but but based on what they've seen or

944

00:33:33,110 --> 00:33:31,120

heard and what they know about the

945

00:33:34,389 --> 00:33:33,120

entire process they're like there's

946

00:33:36,310 --> 00:33:34,399

something to this

947

00:33:37,909 --> 00:33:36,320

this is not bs

948

00:33:39,509 --> 00:33:37,919

john also wanted to know something you

949

00:33:41,110 --> 00:33:39,519

mentioned way back in on the first

950

00:33:42,870 --> 00:33:41,120

interview be done was the department of

951
00:33:45,269 --> 00:33:42,880
energy you've mentioned them again on

952
00:33:47,590 --> 00:33:45,279
this podcast uh

953
00:33:49,269 --> 00:33:47,600
they seem like the best place to

954
00:33:51,110 --> 00:33:49,279
potentially or one of the best places to

955
00:33:52,389 --> 00:33:51,120
hide something and you were quite right

956
00:33:53,990 --> 00:33:52,399
i believe you said you know given the

957
00:33:55,430 --> 00:33:54,000
technologies we're talking about why

958
00:33:57,669 --> 00:33:55,440
wouldn't the department of energy be

959
00:34:00,230 --> 00:33:57,679
interested in what may be an unlimited

960
00:34:01,430 --> 00:34:00,240
energy supply or energy source um is

961
00:34:04,549 --> 00:34:01,440
that something you've done anymore

962
00:34:08,470 --> 00:34:06,549
you know not

963
00:34:10,550 --> 00:34:08,480

the easy answer there is no

964

00:34:12,230 --> 00:34:10,560

simply because it's a it's a difficult

965

00:34:13,990 --> 00:34:12,240

one to dig you know there's this one

966

00:34:16,310 --> 00:34:14,000

thing that

967

00:34:18,470 --> 00:34:16,320

you everybody has limitations and you

968

00:34:20,069 --> 00:34:18,480

know i think when i i discussed the the

969

00:34:21,190 --> 00:34:20,079

doe the first time the department of

970

00:34:23,909 --> 00:34:21,200

energy

971

00:34:26,149 --> 00:34:23,919

is by far the most

972

00:34:28,310 --> 00:34:26,159

secretive of all the government agencies

973

00:34:30,710 --> 00:34:28,320

in fact they possess their own

974

00:34:31,589 --> 00:34:30,720

level of classification and so

975

00:34:34,710 --> 00:34:31,599

you

976

00:34:36,389 --> 00:34:34,720

uh i've given this analogy but it is

977

00:34:39,589 --> 00:34:36,399

completely accurate that you could have

978

00:34:40,950 --> 00:34:39,599

a a top sec secret sei level clearance

979

00:34:42,710 --> 00:34:40,960

and you were involved in the bin laden

980

00:34:43,750 --> 00:34:42,720

raid but you're not walking in a doe

981

00:34:45,589 --> 00:34:43,760

building

982

00:34:47,430 --> 00:34:45,599

you know that doesn't

983

00:34:48,790 --> 00:34:47,440

mean that didn't match to hillary beans

984

00:34:52,389 --> 00:34:48,800

for them and so it's a complete

985

00:34:55,190 --> 00:34:52,399

completely separate uh organization very

986

00:34:56,710 --> 00:34:55,200

compartmentalized very secluded

987

00:34:58,470 --> 00:34:56,720

for obvious reasons i mean they are the

988

00:35:01,190 --> 00:34:58,480

ones who control the nukes

989

00:35:03,670 --> 00:35:01,200

uh and so it's not easy to get any

990

00:35:05,589 --> 00:35:03,680

information out of them you know this is

991

00:35:07,349 --> 00:35:05,599

not one that uh

992

00:35:09,589 --> 00:35:07,359

you know

993

00:35:11,589 --> 00:35:09,599

there's it's it's not as big as

994

00:35:13,750 --> 00:35:11,599

somewhere like the dod so the likelihood

995

00:35:16,710 --> 00:35:13,760

is harder and um

996

00:35:18,390 --> 00:35:16,720

even if something like that was going on

997

00:35:20,390 --> 00:35:18,400

so inside of an already extremely

998

00:35:22,510 --> 00:35:20,400

compartmentalized agency you would have

999

00:35:24,470 --> 00:35:22,520

you would have that even more sub

1000

00:35:26,230 --> 00:35:24,480

compartmentalized and so you're nearing

1001
00:35:28,870 --> 00:35:26,240
it down really small scope so that's a

1002
00:35:31,349 --> 00:35:28,880
difficult nut to crack

1003
00:35:33,910 --> 00:35:31,359
the dewey is the only one which i kind

1004
00:35:36,470 --> 00:35:33,920
of get a chuckle out that that's the

1005
00:35:39,109 --> 00:35:36,480
only agency i've ever had that i

1006
00:35:41,589 --> 00:35:39,119
submitted a foia to

1007
00:35:43,109 --> 00:35:41,599
about uap or wanting to know basically i

1008
00:35:45,270 --> 00:35:43,119
was looking for

1009
00:35:47,349 --> 00:35:45,280
um

1010
00:35:49,670 --> 00:35:47,359
even from their law enforcement side so

1011
00:35:51,349 --> 00:35:49,680
security forces reports like have they

1012
00:35:53,670 --> 00:35:51,359
ever seen you of uap near their

1013
00:35:55,670 --> 00:35:53,680

facilities and everything and they're

1014

00:35:57,589 --> 00:35:55,680

they're the only ones that i've ever had

1015

00:35:59,190 --> 00:35:57,599

call me and say why did you send this to

1016

00:36:02,710 --> 00:35:59,200

us

1017

00:36:05,190 --> 00:36:02,720

i was like there's people have written

1018

00:36:06,950 --> 00:36:05,200

books about nukes and ufos i was like

1019

00:36:08,310 --> 00:36:06,960

this is you know this is extremely

1020

00:36:10,870 --> 00:36:08,320

talked about

1021

00:36:12,150 --> 00:36:10,880

question and um

1022

00:36:14,470 --> 00:36:12,160

it was an it was an interesting

1023

00:36:16,950 --> 00:36:14,480

conversation because they wanted to know

1024

00:36:18,710 --> 00:36:16,960

why i would why i would ask them and

1025

00:36:20,710 --> 00:36:18,720

then um

1026

00:36:22,310 --> 00:36:20,720

they were uh

1027

00:36:24,069 --> 00:36:22,320

they even tried to to talk me and to

1028

00:36:26,230 --> 00:36:24,079

convince me and to let them forward it

1029

00:36:28,470 --> 00:36:26,240

to the dod and not to them i'm like no

1030

00:36:29,589 --> 00:36:28,480

no just check you guys

1031

00:36:30,790 --> 00:36:29,599

right okay

1032

00:36:33,109 --> 00:36:30,800

yeah so

1033

00:36:35,270 --> 00:36:33,119

does that mean anything no

1034

00:36:36,630 --> 00:36:35,280

probably not probably just a foia

1035

00:36:38,230 --> 00:36:36,640

officer who didn't want to deal with it

1036

00:36:39,910 --> 00:36:38,240

but you know i did

1037

00:36:41,910 --> 00:36:39,920

i did get a chuckle out of the fact that

1038

00:36:44,710 --> 00:36:41,920

they were very they were hypersensitive

1039

00:36:46,230 --> 00:36:44,720

to why the heck was i sending them ufo

1040

00:36:47,589 --> 00:36:46,240

requests

1041

00:36:48,950 --> 00:36:47,599

still that's still very interesting

1042

00:36:51,109 --> 00:36:48,960

response because you would expect your

1043

00:36:53,190 --> 00:36:51,119

stuff no but someone to ask that but

1044

00:36:54,790 --> 00:36:53,200

like you say it's likely as just someone

1045

00:36:55,750 --> 00:36:54,800

like why have you bothered sending us to

1046

00:36:58,310 --> 00:36:55,760

us like

1047

00:36:59,829 --> 00:36:58,320

button but who knows

1048

00:37:01,190 --> 00:36:59,839

and it came back with no response if

1049

00:37:03,270 --> 00:37:01,200

anybody's curious like they said they

1050

00:37:04,870 --> 00:37:03,280

couldn't find anything after all of that

1051
00:37:06,069 --> 00:37:04,880
so

1052
00:37:09,670 --> 00:37:06,079
but you've done the digging if you don't

1053
00:37:11,589 --> 00:37:09,680
ask you don't get um you you get and

1054
00:37:13,670 --> 00:37:11,599
you're right and you get weird

1055
00:37:14,550 --> 00:37:13,680
things sometimes

1056
00:37:16,230 --> 00:37:14,560
i

1057
00:37:18,630 --> 00:37:16,240
have

1058
00:37:21,910 --> 00:37:18,640
i i've had weird

1059
00:37:24,630 --> 00:37:21,920
incidences with foia officers that even

1060
00:37:25,670 --> 00:37:24,640
seemed like they wanted to talk to me

1061
00:37:29,589 --> 00:37:25,680
more

1062
00:37:30,470 --> 00:37:29,599
uh you know down to the fact of saying

1063
00:37:32,390 --> 00:37:30,480

you know

1064

00:37:34,470 --> 00:37:32,400

if i reach out to you this email some

1065

00:37:36,550 --> 00:37:34,480

other time would that be okay type deal

1066

00:37:38,150 --> 00:37:36,560

and then never hear back from them and

1067

00:37:39,589 --> 00:37:38,160

in one instance

1068

00:37:40,630 --> 00:37:39,599

i reached back was like hey you

1069

00:37:41,670 --> 00:37:40,640

mentioned

1070

00:37:42,950 --> 00:37:41,680

you might

1071

00:37:45,349 --> 00:37:42,960

and they were like no you must be

1072

00:37:47,349 --> 00:37:45,359

mistaken and i was like

1073

00:37:48,870 --> 00:37:47,359

uh oh okay

1074

00:37:50,470 --> 00:37:48,880

because i definitely wasn't mistaken but

1075

00:37:53,109 --> 00:37:50,480

but you don't deal with weird stuff like

1076

00:37:55,349 --> 00:37:53,119

that that's why

1077

00:37:57,030 --> 00:37:55,359

that's why i intermix the process is

1078

00:37:58,630 --> 00:37:57,040

just a tool i don't think it's an end

1079

00:38:00,390 --> 00:37:58,640

game result

1080

00:38:02,790 --> 00:38:00,400

not not to need too much detail but can

1081

00:38:04,470 --> 00:38:02,800

you say what you were fire foyering on

1082

00:38:06,630 --> 00:38:04,480

those occasions it had to do with the

1083

00:38:08,069 --> 00:38:06,640

air force had to do with ufos and it had

1084

00:38:09,589 --> 00:38:08,079

to do with the air force i mean this has

1085

00:38:11,790 --> 00:38:09,599

been a couple of years ago so i don't

1086

00:38:15,510 --> 00:38:11,800

remember

1087

00:38:18,470 --> 00:38:15,520

specifically per se but this was a foia

1088

00:38:21,270 --> 00:38:18,480

officer who i uh established a pretty

1089

00:38:23,030 --> 00:38:21,280

good rapport with because i was you know

1090

00:38:25,589 --> 00:38:23,040

joking with them about the fact that i'm

1091

00:38:27,910 --> 00:38:25,599

i'm certain they get lots of uh

1092

00:38:29,349 --> 00:38:27,920

interesting requests shall we say

1093

00:38:30,950 --> 00:38:29,359

and you know they were kind of saying oh

1094

00:38:32,870 --> 00:38:30,960

yeah you know we get stuff about the

1095

00:38:34,470 --> 00:38:32,880

secret space for us and we're like i

1096

00:38:35,750 --> 00:38:34,480

don't have anything and if i did you

1097

00:38:36,790 --> 00:38:35,760

just call it the secret space for us to

1098

00:38:37,589 --> 00:38:36,800

be secret

1099

00:38:41,310 --> 00:38:37,599

um

1100

00:38:43,750 --> 00:38:41,320

and so yeah they i can't remember

1101

00:38:46,310 --> 00:38:43,760

specifically what it was

1102

00:38:48,470 --> 00:38:46,320

whether it may have related towards the

1103

00:38:49,990 --> 00:38:48,480

time when that whole raid area 51 thing

1104

00:38:52,230 --> 00:38:50,000

was going on

1105

00:38:54,950 --> 00:38:52,240

right so it was towards that but yeah

1106

00:38:57,030 --> 00:38:54,960

they they just said you know if i

1107

00:38:59,670 --> 00:38:57,040

uh would it be all right if i email you

1108

00:39:01,990 --> 00:38:59,680

something um or if i reach back out to

1109

00:39:04,150 --> 00:39:02,000

you by this email and discuss something

1110

00:39:05,589 --> 00:39:04,160

with you or mention something to you and

1111

00:39:07,589 --> 00:39:05,599

i was like sure

1112

00:39:10,710 --> 00:39:07,599

yeah what we got

1113

00:39:11,510 --> 00:39:10,720

and then yeah after like a week or two i

1114

00:39:18,550 --> 00:39:11,520

i

1115

00:39:19,990 --> 00:39:18,560

me and um

1116

00:39:21,589 --> 00:39:20,000

they were like i there was

1117

00:39:23,510 --> 00:39:21,599

you must know they said no you must be

1118

00:39:25,109 --> 00:39:23,520

mistaken i'm like

1119

00:39:26,950 --> 00:39:25,119

uh okay

1120

00:39:28,390 --> 00:39:26,960

you know definitely wasn't mistaken but

1121

00:39:30,630 --> 00:39:28,400

i i don't

1122

00:39:32,550 --> 00:39:30,640

whatever they alluded to

1123

00:39:34,630 --> 00:39:32,560

was not specific to whatever my request

1124

00:39:37,109 --> 00:39:34,640

was i'll say that much

1125

00:39:39,109 --> 00:39:37,119

maybe one day that uh mailbox will ping

1126

00:39:41,750 --> 00:39:39,119

unexpectedly and it'll be like actually

1127

00:39:43,829 --> 00:39:41,760

i'm ready for that chat

1128

00:39:45,109 --> 00:39:43,839

yeah yeah that's he was

1129

00:39:46,870 --> 00:39:45,119

you know again so now i'm just putting

1130

00:39:50,870 --> 00:39:46,880

on my investigator hat and inferring

1131

00:39:53,190 --> 00:39:50,880

something it sounded like they

1132

00:39:55,030 --> 00:39:53,200

had come across interesting stuff

1133

00:39:58,069 --> 00:39:55,040

related to

1134

00:40:00,069 --> 00:39:58,079

uh retaliate related at least tangibly

1135

00:40:02,710 --> 00:40:00,079

or some way shape or form to the ufo

1136

00:40:05,510 --> 00:40:02,720

topic but not specific to what i was

1137

00:40:06,950 --> 00:40:05,520

requesting and so it was more gonna be

1138

00:40:09,589 --> 00:40:06,960

one of these things where it's like hey

1139

00:40:11,750 --> 00:40:09,599

you know if you requested this

1140

00:40:13,990 --> 00:40:11,760

if you want it this way and ask for this

1141

00:40:16,790 --> 00:40:14,000

instead of this then you would probably

1142

00:40:19,750 --> 00:40:16,800

get that and um

1143

00:40:21,349 --> 00:40:19,760

and uh yeah and in fact no i remember

1144

00:40:23,190 --> 00:40:21,359

what it was i remember what it was now

1145

00:40:26,630 --> 00:40:23,200

it related to

1146

00:40:28,390 --> 00:40:26,640

i was looking for the uh area 51 out

1147

00:40:30,870 --> 00:40:28,400

there so the nellis range security

1148

00:40:31,829 --> 00:40:30,880

forces reports related to

1149

00:40:33,750 --> 00:40:31,839

um

1150

00:40:36,550 --> 00:40:33,760

greenpeace greenpeace years ago

1151

00:40:38,150 --> 00:40:36,560

greenpeace did a protest where they

1152

00:40:40,069 --> 00:40:38,160

walked into netherlands range and they

1153

00:40:43,829 --> 00:40:40,079

walked all the way

1154

00:40:45,589 --> 00:40:43,839

into area 51 significant point uh i

1155

00:40:48,150 --> 00:40:45,599

think that you know

1156

00:40:50,230 --> 00:40:48,160

it's been a while back uh but i think

1157

00:40:52,150 --> 00:40:50,240

they let them walk for days in my mind

1158

00:40:54,390 --> 00:40:52,160

i'm thinking this but it's such a huge

1159

00:40:56,790 --> 00:40:54,400

place people understand until they

1160

00:40:58,630 --> 00:40:56,800

rounded them up and so you could walk

1161

00:41:01,270 --> 00:40:58,640

for days before you see anything but i

1162

00:41:02,710 --> 00:41:01,280

was just really interested in it because

1163

00:41:04,069 --> 00:41:02,720

um

1164

00:41:05,750 --> 00:41:04,079

they had

1165

00:41:09,589 --> 00:41:05,760

gone through

1166

00:41:13,109 --> 00:41:09,599

they were closed near where the whole uh

1167

00:41:15,349 --> 00:41:13,119

s4 bob lazar supposed ufos inside the

1168

00:41:16,950 --> 00:41:15,359

mountain was and so i was trying to be

1169

00:41:18,470 --> 00:41:16,960

like okay is there any security forces

1170

00:41:22,390 --> 00:41:18,480

reports on this

1171

00:41:24,150 --> 00:41:22,400

and um i think uh i think i'd even try

1172

00:41:26,470 --> 00:41:24,160

to talk to greenpeace as well i'm like

1173

00:41:28,230 --> 00:41:26,480

hey anybody remember any

1174

00:41:30,630 --> 00:41:28,240

any garage door hangers in the mountain

1175

00:41:32,710 --> 00:41:30,640

out there or anything so it's really uh

1176

00:41:35,430 --> 00:41:32,720

i think this goes back into the an

1177

00:41:37,030 --> 00:41:35,440

article i did a long went on bob lazar

1178

00:41:38,390 --> 00:41:37,040

that went out with vice

1179

00:41:40,069 --> 00:41:38,400

that's what it was about but yeah

1180

00:41:42,390 --> 00:41:40,079

whatever whatever the individual was

1181

00:41:44,470 --> 00:41:42,400

kind of hinting at

1182

00:41:47,270 --> 00:41:44,480

that's where it stemmed from it was it

1183

00:41:49,030 --> 00:41:47,280

started from that but they uh

1184

00:41:51,589 --> 00:41:49,040

i really don't think it was related

1185

00:41:53,270 --> 00:41:51,599

specifically to that per se because we

1186

00:41:55,430 --> 00:41:53,280

were more talking about

1187

00:41:57,670 --> 00:41:55,440

ufos in general and interest in it but

1188

00:41:59,670 --> 00:41:57,680

yeah you're right hopefully

1189

00:42:02,150 --> 00:41:59,680

if you're listening out there here i am

1190

00:42:03,190 --> 00:42:02,160

man you the debrief.org my email's on

1191

00:42:05,750 --> 00:42:03,200

there

1192

00:42:06,950 --> 00:42:05,760

and you can cc cc me and as well yeah

1193

00:42:09,030 --> 00:42:06,960

right

1194

00:42:10,790 --> 00:42:09,040

we'll set up another see that'll be

1195

00:42:12,630 --> 00:42:10,800

everybody will know the fourth time i'm

1196

00:42:14,870 --> 00:42:12,640

on we'll have big we'll just do the big

1197

00:42:16,150 --> 00:42:14,880

reveal here yeah that'll be and we'll

1198

00:42:18,630 --> 00:42:16,160

have someone from greenpeace on to

1199

00:42:20,550 --> 00:42:18,640

represent as well

1200

00:42:22,470 --> 00:42:20,560

shifting tone a little bit uh shane

1201
00:42:25,589 --> 00:42:22,480
wants to know now the i think one of the

1202
00:42:26,790 --> 00:42:25,599
buzzwords of 2021 was cataclysm

1203
00:42:28,390 --> 00:42:26,800
you may have seen this in various

1204
00:42:30,950 --> 00:42:28,400
interviews ross cool tart michael

1205
00:42:32,710 --> 00:42:30,960
masters frank melbourne john ramirez

1206
00:42:35,270 --> 00:42:32,720
have all been asked about ad nauseam

1207
00:42:36,790 --> 00:42:35,280
probably can you give us any insight

1208
00:42:38,870 --> 00:42:36,800
into any

1209
00:42:39,829 --> 00:42:38,880
talk or news you've heard on cataclysmic

1210
00:42:41,750 --> 00:42:39,839
events

1211
00:42:44,069 --> 00:42:41,760
um it may be something you've come

1212
00:42:46,710 --> 00:42:44,079
across it may not

1213
00:42:48,150 --> 00:42:46,720

no i mean i haven't and not no i can't

1214

00:42:50,069 --> 00:42:48,160

tell you but no

1215

00:42:52,710 --> 00:42:50,079

i haven't uh

1216

00:42:53,670 --> 00:42:52,720

i haven't heard anything like that and

1217

00:42:55,750 --> 00:42:53,680

um

1218

00:42:58,230 --> 00:42:55,760

again i that's not to dismiss and say

1219

00:43:01,990 --> 00:42:58,240

that it's there's not a cataclysm coming

1220

00:43:03,589 --> 00:43:02,000

uh yeah let's hope not but you know uh

1221

00:43:05,510 --> 00:43:03,599

but at the same time i haven't heard

1222

00:43:07,190 --> 00:43:05,520

anything like that

1223

00:43:09,589 --> 00:43:07,200

and um

1224

00:43:10,829 --> 00:43:09,599

both pro or con and a lot of it comes

1225

00:43:13,270 --> 00:43:10,839

from you know

1226

00:43:14,950 --> 00:43:13,280

um people like like ross like i have a

1227

00:43:16,630 --> 00:43:14,960

lot of respect for ross i like ross a

1228

00:43:18,150 --> 00:43:16,640

lot um

1229

00:43:19,589 --> 00:43:18,160

but everybody you just mentioned ross

1230

00:43:21,430 --> 00:43:19,599

and everything we all kind of run in

1231

00:43:22,550 --> 00:43:21,440

different circles if that makes sense

1232

00:43:25,030 --> 00:43:22,560

like i i

1233

00:43:27,190 --> 00:43:25,040

stick a lot you know my lane is very

1234

00:43:30,630 --> 00:43:27,200

closely aligned inside the pentagon and

1235

00:43:32,710 --> 00:43:30,640

dod lane and doesn't expand out there as

1236

00:43:33,510 --> 00:43:32,720

much um

1237

00:43:35,430 --> 00:43:33,520

and

1238

00:43:37,030 --> 00:43:35,440

into the areas that i know that ross has

1239

00:43:38,470 --> 00:43:37,040

really looked into you know i've always

1240

00:43:40,870 --> 00:43:38,480

been pretty

1241

00:43:42,630 --> 00:43:40,880

open with the fact that uh the idea of

1242

00:43:45,910 --> 00:43:42,640

crash recoveries and materials and stuff

1243

00:43:48,230 --> 00:43:45,920

is not a it's not an avenue that i have

1244

00:43:50,150 --> 00:43:48,240

gone down with any seriousness

1245

00:43:51,829 --> 00:43:50,160

not because i totally dismiss it but but

1246

00:43:53,510 --> 00:43:51,839

just because it's

1247

00:43:55,109 --> 00:43:53,520

i'm focused on this right now rather

1248

00:43:56,550 --> 00:43:55,119

than keep going down that rabbit hole

1249

00:43:59,510 --> 00:43:56,560

and we have people like ross that are

1250

00:44:02,230 --> 00:43:59,520

doing it so yeah sorry i don't i don't

1251

00:44:04,069 --> 00:44:02,240

know i'll be just as uh excited as

1252

00:44:05,030 --> 00:44:04,079

everybody else in shock if the cataclysm

1253

00:44:06,550 --> 00:44:05,040

comes

1254

00:44:08,710 --> 00:44:06,560

well again it's like you say though you

1255

00:44:11,109 --> 00:44:08,720

don't you don't want one too and it's

1256

00:44:12,390 --> 00:44:11,119

it's very hard to prove anyone right

1257

00:44:14,630 --> 00:44:12,400

until

1258

00:44:16,630 --> 00:44:14,640

we have some kind of predicted

1259

00:44:19,349 --> 00:44:16,640

cataclysmic event some huge super

1260

00:44:21,349 --> 00:44:19,359

volcano eruption or you know some awful

1261

00:44:23,510 --> 00:44:21,359

event that someone can go yep that was

1262

00:44:25,829 --> 00:44:23,520

the one until then it's always going to

1263

00:44:26,870 --> 00:44:25,839

be the angeli actually the beings

1264

00:44:29,829 --> 00:44:26,880

decided

1265

00:44:33,910 --> 00:44:31,750

i heard that that didn't that didn't go

1266

00:44:36,470 --> 00:44:33,920

through and yeah and i mean

1267

00:44:38,069 --> 00:44:36,480

this is not to down anybody by any means

1268

00:44:41,829 --> 00:44:38,079

uh this is just me out of personal

1269

00:44:44,150 --> 00:44:41,839

preferences i i tried to steer i steer

1270

00:44:46,870 --> 00:44:44,160

clear of a lot of that stuff

1271

00:44:48,150 --> 00:44:46,880

simply because at least from the outside

1272

00:44:50,390 --> 00:44:48,160

it uh

1273

00:44:52,870 --> 00:44:50,400

it smacks a lot of mythology and there's

1274

00:44:54,150 --> 00:44:52,880

more of a religiosity in it and that's

1275

00:44:57,589 --> 00:44:54,160

again i'm not doubting anybody's

1276

00:44:59,829 --> 00:44:57,599

religion i'm not saying uh that that uh

1277

00:45:01,589 --> 00:44:59,839

that is just myth and maybe there is a

1278

00:45:04,150 --> 00:45:01,599

cataclysm but uh

1279

00:45:06,630 --> 00:45:04,160

you know if you look in terms of uh

1280

00:45:08,950 --> 00:45:06,640

religious behaviors uh

1281

00:45:11,589 --> 00:45:08,960

last 2000 years this idea of a cataclysm

1282

00:45:13,750 --> 00:45:11,599

coming the savior you know some people

1283

00:45:15,510 --> 00:45:13,760

transmit that onto this the aliens you

1284

00:45:18,150 --> 00:45:15,520

know for for christians it's jesus you

1285

00:45:19,510 --> 00:45:18,160

know that it gets into a realm that's

1286

00:45:23,670 --> 00:45:19,520

just not my

1287

00:45:25,670 --> 00:45:23,680

area of expertise is at and it's

1288

00:45:27,670 --> 00:45:25,680

interpretation too like cataclysm

1289

00:45:29,829 --> 00:45:27,680

armageddon the end of something it's

1290

00:45:31,670 --> 00:45:29,839

just the beginning of something new and

1291

00:45:33,190 --> 00:45:31,680

all the stuff for the mayan calendars

1292

00:45:35,829 --> 00:45:33,200

and you know it's the end of this it's

1293

00:45:37,670 --> 00:45:35,839

end of a cycle and it just gets to and

1294

00:45:39,510 --> 00:45:37,680

there's always an excuse and that's i

1295

00:45:41,510 --> 00:45:39,520

like to say it's not to downplay it

1296

00:45:43,510 --> 00:45:41,520

maybe there was some horrendous event

1297

00:45:45,910 --> 00:45:43,520

adverted in which case we've got some

1298

00:45:47,910 --> 00:45:45,920

ethereal beings to thank for that

1299

00:45:49,510 --> 00:45:47,920

amazing but

1300

00:45:51,990 --> 00:45:49,520

yes hope it just never comes true

1301

00:45:53,589 --> 00:45:52,000

because it's not one we want to

1302

00:45:55,829 --> 00:45:53,599

i would recommend everybody live their

1303

00:45:57,910 --> 00:45:55,839

life and enjoy it you know that's all

1304

00:45:58,950 --> 00:45:57,920

i'll say on that is that it's kind of

1305

00:46:00,390 --> 00:45:58,960

like

1306

00:46:02,230 --> 00:46:00,400

in america they used to have a show

1307

00:46:03,750 --> 00:46:02,240

called doomsday preppers where these

1308

00:46:05,109 --> 00:46:03,760

people you know they yeah bunker like

1309

00:46:07,829 --> 00:46:05,119

they spent a lot and some of these

1310

00:46:09,510 --> 00:46:07,839

people spent tons of money hundreds of

1311

00:46:10,630 --> 00:46:09,520

thousands of dollars i saw some of those

1312

00:46:12,710 --> 00:46:10,640

hundreds

1313

00:46:14,630 --> 00:46:12,720

and i remember feeling bad

1314

00:46:15,670 --> 00:46:14,640

i'm like man spend the money go to

1315

00:46:17,190 --> 00:46:15,680

disney world or something like what are

1316

00:46:18,790 --> 00:46:17,200

you going to do if you live your entire

1317

00:46:21,589 --> 00:46:18,800

life and die and then the cataclysm

1318

00:46:23,270 --> 00:46:21,599

doesn't come and you're like got it yeah

1319

00:46:24,870 --> 00:46:23,280

i've got all these mres and everything

1320

00:46:27,030 --> 00:46:24,880

so it's one of these things that i think

1321

00:46:29,430 --> 00:46:27,040

being prepared i mean i'm i'm originally

1322

00:46:31,829 --> 00:46:29,440

from the south southeast coast of

1323

00:46:34,069 --> 00:46:31,839

georgia right there on the beach i've

1324

00:46:36,470 --> 00:46:34,079

gone through several hurricanes i know

1325

00:46:37,750 --> 00:46:36,480

so being prepared is is one thing but

1326

00:46:40,870 --> 00:46:37,760

yeah i think

1327

00:46:42,470 --> 00:46:40,880

uh i think people can can get in trouble

1328

00:46:44,150 --> 00:46:42,480

and um

1329

00:46:46,150 --> 00:46:44,160

it it just

1330

00:46:48,069 --> 00:46:46,160

cannot live a fulfilled life if you're

1331

00:46:50,309 --> 00:46:48,079

if you're kind of anticipating the end

1332

00:46:51,589 --> 00:46:50,319

or cataclysm of something every day not

1333

00:46:53,589 --> 00:46:51,599

saying that that's what's going on with

1334

00:46:55,910 --> 00:46:53,599

what you mentioned but that would be my

1335

00:46:56,630 --> 00:46:55,920

advice for anybody out here is uh you

1336

00:46:58,150 --> 00:46:56,640

know

1337

00:46:59,750 --> 00:46:58,160

don't don't live every day waiting for

1338

00:47:01,990 --> 00:46:59,760

the cataclysm

1339

00:47:03,670 --> 00:47:02,000

yeah two thousand boxes are twinkies and

1340

00:47:05,990 --> 00:47:03,680

ten thousand gallons of water there's a

1341

00:47:07,349 --> 00:47:06,000

lot a lot to store um

1342

00:47:10,630 --> 00:47:07,359

but again if that's if that's what

1343

00:47:12,790 --> 00:47:10,640

you're into that more power to you right

1344

00:47:14,950 --> 00:47:12,800

um a couple of questions then you're

1345

00:47:16,630 --> 00:47:14,960

more controversial and we'll touch on

1346

00:47:18,870 --> 00:47:16,640

them strafe wanted to know and we always

1347

00:47:20,549 --> 00:47:18,880

like to give a balanced approach um can

1348

00:47:22,150 --> 00:47:20,559

you follow up on some of the doctor

1349

00:47:23,670 --> 00:47:22,160

steven grier financials you tweeted

1350

00:47:24,470 --> 00:47:23,680

about last year

1351

00:47:26,069 --> 00:47:24,480

sure

1352

00:47:28,230 --> 00:47:26,079

um i mean there's not much follow-up i

1353

00:47:31,430 --> 00:47:28,240

can give on them other than what i

1354

00:47:33,270 --> 00:47:31,440

shared and uh i really haven't spent a

1355

00:47:35,510 --> 00:47:33,280

significant amount of time with steven

1356

00:47:36,549 --> 00:47:35,520

greer i don't pay attention to stephen

1357

00:47:39,510 --> 00:47:36,559

greer

1358

00:47:42,069 --> 00:47:39,520

very much um and so

1359

00:47:45,030 --> 00:47:42,079

it's not somebody that i've really

1360

00:47:46,710 --> 00:47:45,040

considered to be credible not you know

1361

00:47:48,870 --> 00:47:46,720

i say that with love here because i know

1362

00:47:51,670 --> 00:47:48,880

that he has a large and passionate fan

1363

00:47:53,990 --> 00:47:51,680

base uh he did block me on twitter

1364

00:47:56,150 --> 00:47:54,000

maybe because of those financials but uh

1365

00:47:58,470 --> 00:47:56,160

i think a lot of people asked me about

1366

00:48:00,390 --> 00:47:58,480

that and um

1367

00:48:02,230 --> 00:48:00,400

you know there were certain aspects of

1368

00:48:05,670 --> 00:48:02,240

of his business model and everything

1369

00:48:07,910 --> 00:48:05,680

that i think i question

1370

00:48:10,630 --> 00:48:07,920

and i think with those tax forms that

1371

00:48:11,670 --> 00:48:10,640

was uh those are all open public record

1372

00:48:13,829 --> 00:48:11,680

that he

1373

00:48:15,190 --> 00:48:13,839

for a point in time was running a

1374

00:48:16,470 --> 00:48:15,200

um

1375

00:48:18,790 --> 00:48:16,480

a a

1376

00:48:20,309 --> 00:48:18,800

non-profit organization so his c said he

1377

00:48:21,829 --> 00:48:20,319

was a non-profit so you have to report

1378

00:48:24,069 --> 00:48:21,839

all of that stuff

1379

00:48:25,589 --> 00:48:24,079

and uh i have never had the opportunity

1380

00:48:28,309 --> 00:48:25,599

to ask him but there were there were

1381

00:48:30,390 --> 00:48:28,319

things in those financials that i think

1382

00:48:33,430 --> 00:48:30,400

legitimately

1383

00:48:35,829 --> 00:48:33,440

people would be okay in asking and

1384

00:48:37,030 --> 00:48:35,839

especially asking before they spent

1385

00:48:38,230 --> 00:48:37,040

you know a thousand fifteen hundred

1386

00:48:40,390 --> 00:48:38,240

dollars whatever it is to go on a

1387

00:48:42,069 --> 00:48:40,400

retreat or one of these things uh you

1388

00:48:42,790 --> 00:48:42,079

know what those financials revealed is

1389

00:48:43,990 --> 00:48:42,800

that

1390

00:48:46,309 --> 00:48:44,000

stuff like

1391

00:48:48,710 --> 00:48:46,319

being paid a salary as the director of

1392

00:48:49,910 --> 00:48:48,720

cse but then also paying a management

1393

00:48:53,670 --> 00:48:49,920

firm

1394

00:48:54,710 --> 00:48:53,680

was solely owned by him i mean they

1395

00:48:56,230 --> 00:48:54,720

these are

1396

00:48:59,349 --> 00:48:56,240

you know we're shifting

1397

00:49:01,670 --> 00:48:59,359

i i i've founded and ran two different

1398

00:49:03,349 --> 00:49:01,680

non-profits years ago so there's certain

1399

00:49:04,630 --> 00:49:03,359

things that you know

1400

00:49:05,829 --> 00:49:04,640

and you're supposed to have a board of

1401

00:49:07,670 --> 00:49:05,839

directors there's certain things you

1402

00:49:09,030 --> 00:49:07,680

know that aren't uh

1403

00:49:11,589 --> 00:49:09,040

that

1404

00:49:13,510 --> 00:49:11,599

as a non-profit you're not supposed to

1405

00:49:15,510 --> 00:49:13,520

be doing or you're not supposed to be

1406

00:49:16,790 --> 00:49:15,520

running it for the idea of making a

1407

00:49:18,790 --> 00:49:16,800

profit now

1408

00:49:20,470 --> 00:49:18,800

that actual nonprofit is defunct

1409

00:49:22,390 --> 00:49:20,480

whatever his companies are now is a

1410

00:49:24,069 --> 00:49:22,400

profit business and so therefore any way

1411

00:49:26,390 --> 00:49:24,079

he wants to go about it more power to

1412

00:49:28,390 --> 00:49:26,400

him but that was the basis behind

1413

00:49:29,670 --> 00:49:28,400

putting those uh financials out as

1414

00:49:31,349 --> 00:49:29,680

people

1415

00:49:33,270 --> 00:49:31,359

especially during that time were often

1416

00:49:34,710 --> 00:49:33,280

asking me why i

1417

00:49:36,870 --> 00:49:34,720

didn't

1418

00:49:39,109 --> 00:49:36,880

put a lot of credit and credibility into

1419

00:49:42,150 --> 00:49:39,119

stephen greer and i just said there's

1420

00:49:44,150 --> 00:49:42,160

stuff that i think raises questions to

1421

00:49:45,430 --> 00:49:44,160

me that haven't been adequately answered

1422

00:49:47,109 --> 00:49:45,440

we can start with these financial

1423

00:49:47,990 --> 00:49:47,119

records right here

1424

00:49:49,750 --> 00:49:48,000

and so

1425

00:49:51,670 --> 00:49:49,760

you know if you're kind of playing a

1426

00:49:53,349 --> 00:49:51,680

shell game with peter and paul to pay

1427

00:49:54,870 --> 00:49:53,359

mary

1428

00:49:57,270 --> 00:49:54,880

in terms of putting extra money in your

1429

00:49:59,109 --> 00:49:57,280

pocket i'm gonna kind of question that

1430

00:50:00,790 --> 00:49:59,119

when you're talking about you know

1431

00:50:03,990 --> 00:50:00,800

summoning down

1432

00:50:04,870 --> 00:50:04,000

incorporeal or non-human entities

1433

00:50:06,069 --> 00:50:04,880

um

1434

00:50:07,670 --> 00:50:06,079

and that's something that you're

1435

00:50:09,030 --> 00:50:07,680

charging people for

1436

00:50:11,510 --> 00:50:09,040

you know that's

1437

00:50:15,190 --> 00:50:11,520

i do you know does he have a copyright

1438

00:50:17,990 --> 00:50:15,200

on the aliens like why you know they if

1439

00:50:19,829 --> 00:50:18,000

if if i knew how to to to bring aliens

1440

00:50:22,069 --> 00:50:19,839

about this is not something i would be

1441

00:50:22,790 --> 00:50:22,079

charging ten dollars

1442

00:50:23,990 --> 00:50:22,800

for

1443

00:50:26,470 --> 00:50:24,000

or a thousand

1444

00:50:28,870 --> 00:50:26,480

or actually what you would do is get a

1445

00:50:29,670 --> 00:50:28,880

live camera crew go to the white house

1446

00:50:31,109 --> 00:50:29,680

and

1447

00:50:33,270 --> 00:50:31,119

i'm sure there are plenty of new

1448

00:50:34,630 --> 00:50:33,280

stations we'd go on live and you know

1449

00:50:37,270 --> 00:50:34,640

what we're going to summon some objects

1450

00:50:38,630 --> 00:50:37,280

over the white house and overnight you

1451
00:50:40,870 --> 00:50:38,640
are

1452
00:50:42,950 --> 00:50:40,880
multi multi millionaire the most famous

1453
00:50:45,510 --> 00:50:42,960
man on the planet in the same way i've

1454
00:50:47,510 --> 00:50:45,520
always said that um i would convert to

1455
00:50:49,829 --> 00:50:47,520
scientology if tom cruise could prove to

1456
00:50:51,349 --> 00:50:49,839
me that he can levitate which apparently

1457
00:50:52,790 --> 00:50:51,359
is what he can do at the level he's at

1458
00:50:55,750 --> 00:50:52,800
and i saw an interview where he claimed

1459
00:50:58,069 --> 00:50:55,760
that once but he never has so until then

1460
00:51:00,150 --> 00:50:58,079
uh and and for people who reach out like

1461
00:51:03,190 --> 00:51:00,160
i would happily interview dr steven

1462
00:51:06,069 --> 00:51:03,200
greer um i have reached out directly and

1463
00:51:07,349 --> 00:51:06,079

indirectly and nothing so

1464

00:51:09,430 --> 00:51:07,359

but that's he doesn't owe me an

1465

00:51:11,030 --> 00:51:09,440

interview so there you go yeah but no

1466

00:51:13,510 --> 00:51:11,040

that's that's a fair answer uh tim and

1467

00:51:15,510 --> 00:51:13,520

on the same on the same breath at et ufo

1468

00:51:17,910 --> 00:51:15,520

disclosure i wanted to know why wouldn't

1469

00:51:20,230 --> 00:51:17,920

tim answer the question about 80s living

1470

00:51:22,390 --> 00:51:20,240

and walking amongst us

1471

00:51:24,950 --> 00:51:22,400

well okay uh

1472

00:51:28,470 --> 00:51:24,960

because clearly i am a part of the

1473

00:51:30,230 --> 00:51:28,480

cover-up i know um

1474

00:51:32,390 --> 00:51:30,240

the honest answer there is because it

1475

00:51:34,870 --> 00:51:32,400

did i've never uh

1476
00:51:36,549 --> 00:51:34,880
i have never seen nor been presented

1477
00:51:38,630 --> 00:51:36,559
with any type of

1478
00:51:41,270 --> 00:51:38,640
legitimate irrefutable evidence that

1479
00:51:43,270 --> 00:51:41,280
suggests et's are walking amongst us i

1480
00:51:45,829 --> 00:51:43,280
understand there are

1481
00:51:47,510 --> 00:51:45,839
a number of people out there who believe

1482
00:51:49,270 --> 00:51:47,520
that they could be they believe through

1483
00:51:50,549 --> 00:51:49,280
personal experience

1484
00:51:52,390 --> 00:51:50,559
great

1485
00:51:54,390 --> 00:51:52,400
that is just not something i do not have

1486
00:51:56,950 --> 00:51:54,400
that same personal experience nor has

1487
00:51:59,190 --> 00:51:56,960
that information ever been shared with

1488
00:52:01,270 --> 00:51:59,200

me in a manner that i'm like okay wow

1489

00:52:02,870 --> 00:52:01,280

this is consistent with the rules of

1490

00:52:05,670 --> 00:52:02,880

evidence and this

1491

00:52:07,829 --> 00:52:05,680

this is legitimate so uh

1492

00:52:09,349 --> 00:52:07,839

yeah i mean that's um

1493

00:52:11,990 --> 00:52:09,359

it's a lot of putting the cart before

1494

00:52:13,589 --> 00:52:12,000

the horse too and i think maybe people

1495

00:52:16,390 --> 00:52:13,599

get frustrated with me because i'm like

1496

00:52:17,589 --> 00:52:16,400

look i'm trying to dig into why is the

1497

00:52:19,270 --> 00:52:17,599

department of defense taking this

1498

00:52:21,589 --> 00:52:19,280

seriously and how are they taking it

1499

00:52:23,270 --> 00:52:21,599

seriously and what are they seeing

1500

00:52:25,190 --> 00:52:23,280

and what are their interpretations of

1501
00:52:26,230 --> 00:52:25,200
that and then i think sometimes people

1502
00:52:28,950 --> 00:52:26,240
get mad because they're like well why

1503
00:52:30,309 --> 00:52:28,960
aren't you investigating the

1504
00:52:32,630 --> 00:52:30,319
the skinwalker ranch or why aren't you

1505
00:52:34,790 --> 00:52:32,640
investigating uh you know all of these

1506
00:52:35,829 --> 00:52:34,800
things that are alien abductions and i'm

1507
00:52:37,510 --> 00:52:35,839
like

1508
00:52:39,270 --> 00:52:37,520
i'm just not there yet

1509
00:52:41,109 --> 00:52:39,280
i'm still trying to figure out why

1510
00:52:42,710 --> 00:52:41,119
they're taking this seriously i'm not at

1511
00:52:44,549 --> 00:52:42,720
that same level

1512
00:52:46,630 --> 00:52:44,559
let me ask tim what what do you think

1513
00:52:48,309 --> 00:52:46,640

when you see bob bigelow on his famous

1514

00:52:50,549 --> 00:52:48,319

60 minutes appearance

1515

00:52:53,349 --> 00:52:50,559

uh say that aliens are right under our

1516

00:52:55,589 --> 00:52:53,359

nose and he knows that for a fact and

1517

00:52:57,589 --> 00:52:55,599

that's quite a big personality to sit on

1518

00:53:01,190 --> 00:52:57,599

a very serious show

1519

00:53:02,630 --> 00:53:01,200

and make that sort of claim does that

1520

00:53:04,470 --> 00:53:02,640

well it's not something you want to look

1521

00:53:07,670 --> 00:53:04,480

into yourself does it make you think

1522

00:53:08,710 --> 00:53:07,680

maybe there is something more to it

1523

00:53:17,190 --> 00:53:08,720

no

1524

00:53:18,950 --> 00:53:17,200

that i've interviewed and especially

1525

00:53:21,030 --> 00:53:18,960

anybody that i've really

1526

00:53:22,790 --> 00:53:21,040

went in depth interviews profiled let's

1527

00:53:24,309 --> 00:53:22,800

say uh louis lozano would be a good

1528

00:53:25,190 --> 00:53:24,319

example of someone half profile where i

1529

00:53:26,470 --> 00:53:25,200

spent

1530

00:53:29,109 --> 00:53:26,480

years

1531

00:53:30,630 --> 00:53:29,119

conversing with off and on uh and

1532

00:53:32,069 --> 00:53:30,640

probing and asking all sorts of

1533

00:53:34,790 --> 00:53:32,079

questions and everything

1534

00:53:37,270 --> 00:53:34,800

is that um a lot of that

1535

00:53:40,069 --> 00:53:37,280

you know comes from why

1536

00:53:42,950 --> 00:53:40,079

you know why does bob bigelow say that

1537

00:53:44,870 --> 00:53:42,960

you know does that come from he has been

1538

00:53:47,349 --> 00:53:44,880

provided information

1539

00:53:50,790 --> 00:53:47,359

concrete evidence you know irrefutable

1540

00:53:52,950 --> 00:53:50,800

evidence that he knows this for a fact

1541

00:53:56,069 --> 00:53:52,960

or is that a belief is that a belief

1542

00:53:57,750 --> 00:53:56,079

based on uh his interpretation of other

1543

00:53:59,750 --> 00:53:57,760

evidence his interpretation of things

1544

00:54:01,430 --> 00:53:59,760

that he's seen that you know it goes

1545

00:54:03,589 --> 00:54:01,440

back into even what we were talking

1546

00:54:06,470 --> 00:54:03,599

about uh at the first part of the show

1547

00:54:08,470 --> 00:54:06,480

when we talked about how uh chris mellon

1548

00:54:10,630 --> 00:54:08,480

uh has been quoted and saying that you

1549

00:54:13,670 --> 00:54:10,640

know the idea that this that ufos could

1550

00:54:15,589 --> 00:54:13,680

be aliens is a real possibility whereas

1551
00:54:17,829 --> 00:54:15,599
louis elizondo has mentioned things that

1552
00:54:19,829 --> 00:54:17,839
maybe are stranger to some you know

1553
00:54:21,829 --> 00:54:19,839
interdimensionals this type of thing

1554
00:54:23,510 --> 00:54:21,839
you know and i my answer that was i

1555
00:54:25,030 --> 00:54:23,520
think that's an interpretation by each

1556
00:54:26,630 --> 00:54:25,040
individual and so

1557
00:54:29,990 --> 00:54:26,640
with bob bigelow saying that is it an

1558
00:54:32,950 --> 00:54:30,000
interpretation and i think that it's

1559
00:54:34,950 --> 00:54:32,960
very easy for people

1560
00:54:36,630 --> 00:54:34,960
in any field doesn't matter if it's ufos

1561
00:54:39,750 --> 00:54:36,640
it can be sports

1562
00:54:42,309 --> 00:54:39,760
to take personalities or take people

1563
00:54:43,670 --> 00:54:42,319

because they're very successful whether

1564

00:54:45,109 --> 00:54:43,680

they're a billionaire like robert

1565

00:54:46,870 --> 00:54:45,119

bigelow or whether they've had

1566

00:54:48,789 --> 00:54:46,880

successful years in the intelligence

1567

00:54:49,589 --> 00:54:48,799

community whether they're

1568

00:54:51,270 --> 00:54:49,599

you know

1569

00:54:53,990 --> 00:54:51,280

former defense ministers you name it

1570

00:54:55,030 --> 00:54:54,000

they've had these credentials and then

1571

00:54:55,829 --> 00:54:55,040

uh

1572

00:54:59,510 --> 00:54:55,839

me

1573

00:55:01,109 --> 00:54:59,520

therefore

1574

00:55:03,270 --> 00:55:01,119

everything that they say or their

1575

00:55:05,349 --> 00:55:03,280

beliefs or their interpretations of

1576

00:55:07,349 --> 00:55:05,359

things are therefore correct and

1577

00:55:10,710 --> 00:55:07,359

therefore accurate that's not

1578

00:55:13,430 --> 00:55:10,720

necessarily true you know and that's

1579

00:55:16,230 --> 00:55:13,440

a lot of it uh it kind of reminds me of

1580

00:55:18,630 --> 00:55:16,240

the israeli uh

1581

00:55:20,230 --> 00:55:18,640

space rocket scientists what was it last

1582

00:55:22,870 --> 00:55:20,240

year i think that came out talking about

1583

00:55:25,750 --> 00:55:22,880

the secret space alliance i think and

1584

00:55:28,549 --> 00:55:25,760

basis on the mars and everything yeah

1585

00:55:30,470 --> 00:55:28,559

and because of who he is

1586

00:55:32,150 --> 00:55:30,480

you hear that and you go

1587

00:55:33,430 --> 00:55:32,160

holy cow

1588

00:55:34,710 --> 00:55:33,440

but then

1589

00:55:37,349 --> 00:55:34,720

once uh

1590

00:55:39,109 --> 00:55:37,359

you know the once that same reporter was

1591

00:55:40,549 --> 00:55:39,119

spoken with and once there was a lot of

1592

00:55:41,589 --> 00:55:40,559

follow-up there you start to realize

1593

00:55:43,990 --> 00:55:41,599

okay

1594

00:55:46,069 --> 00:55:44,000

he's saying that from his interpretation

1595

00:55:48,150 --> 00:55:46,079

of

1596

00:55:50,390 --> 00:55:48,160

tv shows that he's watched books that

1597

00:55:52,870 --> 00:55:50,400

he's read that is all the same you and i

1598

00:55:54,309 --> 00:55:52,880

could read um this has not come from

1599

00:55:56,549 --> 00:55:54,319

anything official in his official

1600

00:55:58,549 --> 00:55:56,559

capacity but because of who he is it

1601

00:55:59,589 --> 00:55:58,559

obviously makes them stunning

1602

00:56:02,390 --> 00:55:59,599

whoa

1603

00:56:04,230 --> 00:56:02,400

so yeah you know that's

1604

00:56:06,069 --> 00:56:04,240

certainly because bob bigelow has

1605

00:56:08,549 --> 00:56:06,079

invested a significant amount of time

1606

00:56:11,589 --> 00:56:08,559

and effort and money into this subject

1607

00:56:14,230 --> 00:56:11,599

does his does the fact that that is his

1608

00:56:16,309 --> 00:56:14,240

belief system does the fact that uh

1609

00:56:18,390 --> 00:56:16,319

you know that's where he leans into it

1610

00:56:20,870 --> 00:56:18,400

whole more way well yeah it holds more

1611

00:56:22,950 --> 00:56:20,880

than you or me because we haven't so i

1612

00:56:23,829 --> 00:56:22,960

think in that regards yes but i think it

1613

00:56:28,789 --> 00:56:23,839

should

1614

00:56:31,990 --> 00:56:28,799

feel bad for saying okay but why do you

1615

00:56:34,230 --> 00:56:32,000

believe that you know asking why

1616

00:56:35,990 --> 00:56:34,240

and so for that one it wouldn't change

1617

00:56:37,910 --> 00:56:36,000

my opinion simply because of that part

1618

00:56:40,630 --> 00:56:37,920

of uh why do you believe that has never

1619

00:56:42,150 --> 00:56:40,640

i've never heard that answer yet

1620

00:56:45,190 --> 00:56:42,160

but i don't dismiss it you know that's

1621

00:56:46,950 --> 00:56:45,200

the thing it's i'm agnostic to it

1622

00:56:48,069 --> 00:56:46,960

no fair fair point i've got two more

1623

00:56:50,150 --> 00:56:48,079

questions tim you've been really good

1624

00:56:52,230 --> 00:56:50,160

with your time today um first up from

1625

00:56:54,150 --> 00:56:52,240

gary uh the baffling nature of this

1626
00:56:55,990 --> 00:56:54,160
topic has been pretty consistent it

1627
00:56:58,230 --> 00:56:56,000
seems to be toying with us

1628
00:57:00,150 --> 00:56:58,240
do you think the confusion elusiveness

1629
00:57:03,910 --> 00:57:00,160
and lack of solid proof are somehow a

1630
00:57:06,470 --> 00:57:03,920
built-in aspect of this phenomenon

1631
00:57:07,829 --> 00:57:06,480
oh man that's a lot of what if i just

1632
00:57:11,990 --> 00:57:07,839
said yes

1633
00:57:13,270 --> 00:57:12,000
gary you have figured it out you're uh

1634
00:57:14,710 --> 00:57:13,280
i don't know

1635
00:57:16,789 --> 00:57:14,720
i mean

1636
00:57:18,309 --> 00:57:16,799
the honest answer is i don't know but am

1637
00:57:20,230 --> 00:57:18,319
i gonna say that what gary's saying

1638
00:57:22,470 --> 00:57:20,240

there is is

1639

00:57:23,990 --> 00:57:22,480

wrong crazy or

1640

00:57:25,829 --> 00:57:24,000

any of that stuff that maybe people

1641

00:57:28,230 --> 00:57:25,839

criticize her with no and i think it's

1642

00:57:30,309 --> 00:57:28,240

okay what he's asking i think that

1643

00:57:33,349 --> 00:57:30,319

it's also okay to say i don't know and

1644

00:57:35,589 --> 00:57:33,359

and not easily dismiss that because

1645

00:57:37,589 --> 00:57:35,599

we don't know and there are obviously a

1646

00:57:39,349 --> 00:57:37,599

lot of aspects about this phenomenon

1647

00:57:40,710 --> 00:57:39,359

there's a lot of aspects about a lot of

1648

00:57:42,069 --> 00:57:40,720

life that

1649

00:57:45,910 --> 00:57:42,079

is weird

1650

00:57:47,349 --> 00:57:45,920

it's bizarre we don't understand and so

1651
00:57:48,309 --> 00:57:47,359
um

1652
00:57:50,870 --> 00:57:48,319
you know

1653
00:57:52,710 --> 00:57:50,880
we we look at that and wonder is this

1654
00:57:55,349 --> 00:57:52,720
something that is toying with us for

1655
00:57:57,589 --> 00:57:55,359
reasons we don't know perhaps you know

1656
00:57:59,190 --> 00:57:57,599
there there's at least if we looked at

1657
00:58:01,510 --> 00:57:59,200
you know the abductive

1658
00:58:03,829 --> 00:58:01,520
information that we have not abductions

1659
00:58:04,870 --> 00:58:03,839
but rather the evidence that was known

1660
00:58:06,789 --> 00:58:04,880
to us

1661
00:58:07,910 --> 00:58:06,799
you know we can infer that some things

1662
00:58:12,390 --> 00:58:07,920
that

1663
00:58:13,910 --> 00:58:12,400

blatantly be known to the wider world or

1664

00:58:15,190 --> 00:58:13,920

greater public there's certainly people

1665

00:58:17,270 --> 00:58:15,200

who believe that they have been

1666

00:58:18,470 --> 00:58:17,280

contacted or hand contact

1667

00:58:20,549 --> 00:58:18,480

maybe they have

1668

00:58:22,710 --> 00:58:20,559

nobody's contacted me and so i'm falling

1669

00:58:23,670 --> 00:58:22,720

to that greater public category that's

1670

00:58:25,750 --> 00:58:23,680

that's

1671

00:58:29,349 --> 00:58:25,760

uh unknown and so

1672

00:58:30,950 --> 00:58:29,359

clearly if that's all accurate there's

1673

00:58:33,430 --> 00:58:30,960

one would assume there's a method to the

1674

00:58:34,950 --> 00:58:33,440

madness behind it but but it is it is a

1675

00:58:36,950 --> 00:58:34,960

topic where i've heard people talk about

1676
00:58:39,270 --> 00:58:36,960
the trickster and that type of thing

1677
00:58:41,030 --> 00:58:39,280
where i can certainly see why that

1678
00:58:43,030 --> 00:58:41,040
interpretation comes out i can certainly

1679
00:58:46,789 --> 00:58:43,040
see that because i see it

1680
00:58:48,150 --> 00:58:46,799
not just in the events but but

1681
00:58:50,069 --> 00:58:48,160
like everything that has to do with this

1682
00:58:52,870 --> 00:58:50,079
topic it's very paranormal and that

1683
00:58:55,270 --> 00:58:52,880
nobody acts normally you know the dod

1684
00:58:56,789 --> 00:58:55,280
doesn't act normally people it just it

1685
00:58:58,549 --> 00:58:56,799
gets weird

1686
00:59:00,069 --> 00:58:58,559
if if that's something you're interested

1687
00:59:02,230 --> 00:59:00,079
in for me and you're listening to this

1688
00:59:04,470 --> 00:59:02,240

right now then kurt joy mungo on

1689

00:59:07,190 --> 00:59:04,480

theories of everything just yesterday

1690

00:59:08,630 --> 00:59:07,200

hosted dr.com kelleher and george knapp

1691

00:59:11,030 --> 00:59:08,640

talking about their skin walkers at the

1692

00:59:13,670 --> 00:59:11,040

pentagon book and more and it's a really

1693

00:59:15,910 --> 00:59:13,680

balanced reasoned approach it's not

1694

00:59:17,270 --> 00:59:15,920

totally biased because cur asked those

1695

00:59:18,789 --> 00:59:17,280

questions from very much a place of

1696

00:59:20,789 --> 00:59:18,799

curiosity which you should as an

1697

00:59:22,710 --> 00:59:20,799

interviewer and it's well worth looking

1698

00:59:24,710 --> 00:59:22,720

into and of course my own interview with

1699

00:59:27,750 --> 00:59:24,720

george and calm as well which is pretty

1700

00:59:29,349 --> 00:59:27,760

good i should say um and lastly tim i'm

1701

00:59:30,950 --> 00:59:29,359

going to touch on something that gets

1702

00:59:32,870 --> 00:59:30,960

asked by loads of people whenever i

1703

00:59:34,390 --> 00:59:32,880

speak to you you'll be sick of talking

1704

00:59:37,030 --> 00:59:34,400

about it and we did talk about it on the

1705

00:59:38,950 --> 00:59:37,040

last podcast from tim tim long time

1706

00:59:40,309 --> 00:59:38,960

listener and supporter of the podcast

1707

00:59:42,630 --> 00:59:40,319

tim staley

1708

00:59:45,030 --> 00:59:42,640

uh triangle emerging from the ocean day

1709

00:59:47,270 --> 00:59:45,040

2022 question mark

1710

00:59:48,789 --> 00:59:47,280

has there been any change now am i right

1711

00:59:49,510 --> 00:59:48,799

in remembering tim because someone did

1712

00:59:51,829 --> 00:59:49,520

ask

1713

00:59:54,069 --> 00:59:51,839

you have not seen this alleged picture

1714

00:59:56,230 --> 00:59:54,079

slash video yourself but you have spoken

1715

00:59:58,150 --> 00:59:56,240

to individuals who have seen the

1716

00:59:59,750 --> 00:59:58,160

apparent uh triangle emerging from the

1717

01:00:01,589 --> 00:59:59,760

ocean

1718

01:00:02,549 --> 01:00:01,599

allegedly yes

1719

01:00:03,670 --> 01:00:02,559

um

1720

01:00:07,109 --> 01:00:03,680

you know that's always been when i've

1721

01:00:08,230 --> 01:00:07,119

been kg on yeah good for good reason

1722

01:00:11,109 --> 01:00:08,240

uh

1723

01:00:17,190 --> 01:00:14,630

i know that this image exists

1724

01:00:18,870 --> 01:00:17,200

and uh and and so

1725

01:00:20,549 --> 01:00:18,880

maybe i have spoken to people maybe i

1726

01:00:22,309 --> 01:00:20,559

have but i haven't seen it so there you

1727

01:00:25,430 --> 01:00:22,319

go but uh

1728

01:00:28,549 --> 01:00:25,440

has there been any change in it no um

1729

01:00:31,510 --> 01:00:28,559

i will say that

1730

01:00:33,750 --> 01:00:31,520

all information and anything surrounding

1731

01:00:35,190 --> 01:00:33,760

that image went

1732

01:00:37,589 --> 01:00:35,200

totally dark

1733

01:00:39,430 --> 01:00:37,599

after i published that article

1734

01:00:43,190 --> 01:00:39,440

and so that was uh

1735

01:00:45,829 --> 01:00:43,200

that was certainly an area that uh

1736

01:00:47,589 --> 01:00:45,839

struck a nerve with a lot of people

1737

01:00:50,309 --> 01:00:47,599

are you saying you're to blame for us

1738

01:00:52,230 --> 01:00:50,319

not getting the same photo no i don't

1739

01:00:53,670 --> 01:00:52,240

think uh no no i don't think that was

1740

01:00:55,510 --> 01:00:53,680

ever anything that was going to be

1741

01:00:58,069 --> 01:00:55,520

released anytime soon by any means

1742

01:00:59,670 --> 01:00:58,079

wasn't my fault but it wasn't released

1743

01:01:01,589 --> 01:00:59,680

rather uh

1744

01:01:04,150 --> 01:01:01,599

probably even the information that of

1745

01:01:06,549 --> 01:01:04,160

its existence was something that was not

1746

01:01:07,589 --> 01:01:06,559

supposed to be released

1747

01:01:09,510 --> 01:01:07,599

and so

1748

01:01:11,430 --> 01:01:09,520

that's an answer i expected tim let me

1749

01:01:13,589 --> 01:01:11,440

follow up then with do you think or

1750

01:01:16,069 --> 01:01:13,599

expect we've got a a good chance of

1751
01:01:17,589 --> 01:01:16,079
seeing some new footage or our images

1752
01:01:19,430 --> 01:01:17,599
this year like we've had over the last

1753
01:01:22,549 --> 01:01:19,440
couple of years

1754
01:01:26,549 --> 01:01:25,030
i don't know maybe

1755
01:01:28,470 --> 01:01:26,559
i don't know not the triangle i wouldn't

1756
01:01:30,950 --> 01:01:28,480
anticipate that coming sure

1757
01:01:33,270 --> 01:01:30,960
but uh i think we could see some new

1758
01:01:35,109 --> 01:01:33,280
footage come out maybe i think it could

1759
01:01:36,870 --> 01:01:35,119
could i don't know whether it'll be from

1760
01:01:38,630 --> 01:01:36,880
i think with the same level of quality

1761
01:01:39,510 --> 01:01:38,640
as the dod i don't i'm not certain that

1762
01:01:41,589 --> 01:01:39,520
it

1763
01:01:42,789 --> 01:01:41,599

necessarily will be the dod

1764

01:01:44,150 --> 01:01:42,799

um

1765

01:01:46,789 --> 01:01:44,160

and uh

1766

01:01:48,470 --> 01:01:46,799

that that's perhaps a slight hint that i

1767

01:01:50,789 --> 01:01:48,480

mentioned earlier that you know we were

1768

01:01:52,470 --> 01:01:50,799

working on some stuff with the different

1769

01:01:54,630 --> 01:01:52,480

government agencies

1770

01:01:57,349 --> 01:01:54,640

that exist out there that also have

1771

01:01:59,589 --> 01:01:57,359

different uh isr capabilities who are in

1772

01:02:01,430 --> 01:01:59,599

the air and so you know they could have

1773

01:02:03,670 --> 01:02:01,440

captured some stuff that has the same

1774

01:02:05,109 --> 01:02:03,680

level of provenance as those navy pilot

1775

01:02:07,270 --> 01:02:05,119

videos

1776

01:02:09,910 --> 01:02:07,280

perhaps that could come out that would

1777

01:02:10,950 --> 01:02:09,920

be cool that would be neat um

1778

01:02:11,829 --> 01:02:10,960

we'll see

1779

01:02:14,789 --> 01:02:11,839

uh

1780

01:02:16,470 --> 01:02:14,799

i don't anticipate i i well let me

1781

01:02:19,190 --> 01:02:16,480

backtrack

1782

01:02:21,190 --> 01:02:19,200

i don't have any evidence to suggest

1783

01:02:23,349 --> 01:02:21,200

that the dod is preparing to release

1784

01:02:25,190 --> 01:02:23,359

anything new but

1785

01:02:26,950 --> 01:02:25,200

just as we just mentioned

1786

01:02:28,950 --> 01:02:26,960

this topic is paranormal and that

1787

01:02:30,630 --> 01:02:28,960

nothing acts normally we could get off

1788

01:02:31,750 --> 01:02:30,640

of this interview by the time you air

1789

01:02:33,750 --> 01:02:31,760

this interview

1790

01:02:35,910 --> 01:02:33,760

uh the the

1791

01:02:37,910 --> 01:02:35,920

treasure trove the keys the the crown

1792

01:02:39,670 --> 01:02:37,920

jewels could be unveiled the dod has

1793

01:02:42,150 --> 01:02:39,680

just dumped it all online and said here

1794

01:02:44,470 --> 01:02:42,160

you go with the they could change the

1795

01:02:47,029 --> 01:02:44,480

the triangle emerging from the water as

1796

01:02:50,630 --> 01:02:47,039

their official seal for the dod

1797

01:02:53,829 --> 01:02:50,640

so yeah that's just how this topic goes

1798

01:02:56,069 --> 01:02:53,839

uh so i don't anticipate it but uh

1799

01:02:57,990 --> 01:02:56,079

we'll see we'll see i didn't i didn't

1800

01:03:00,470 --> 01:02:58,000

anticipate the the legislation that was

1801
01:03:01,270 --> 01:03:00,480
coming up uh that just passed this past

1802
01:03:04,630 --> 01:03:01,280
year

1803
01:03:07,109 --> 01:03:04,640
um so yeah i don't know we'll see

1804
01:03:09,670 --> 01:03:07,119
where the pressure's at um

1805
01:03:11,510 --> 01:03:09,680
you never know but i just know that

1806
01:03:13,430 --> 01:03:11,520
since a lot of the chatter since a lot

1807
01:03:15,589 --> 01:03:13,440
of the reporting and everything

1808
01:03:17,510 --> 01:03:15,599
the doj has tried to clamp down on that

1809
01:03:20,150 --> 01:03:17,520
as much as possible

1810
01:03:22,549 --> 01:03:20,160
and keep that in house so it makes it a

1811
01:03:24,309 --> 01:03:22,559
lot more difficult for people like me or

1812
01:03:25,349 --> 01:03:24,319
other reporters to really get anything

1813
01:03:26,870 --> 01:03:25,359

out of

1814

01:03:28,309 --> 01:03:26,880

it's not as easy it used to be the wild

1815

01:03:30,309 --> 01:03:28,319

wild west when i first started reporting

1816

01:03:31,910 --> 01:03:30,319

on this a couple years ago now it's not

1817

01:03:33,589 --> 01:03:31,920

as easy anymore

1818

01:03:34,870 --> 01:03:33,599

well listen it might not be certain but

1819

01:03:36,470 --> 01:03:34,880

i know one thing is for certain that

1820

01:03:38,549 --> 01:03:36,480

this year there'll be plenty of quality

1821

01:03:41,109 --> 01:03:38,559

content coming out from yourself and the

1822

01:03:42,630 --> 01:03:41,119

debrief tim how can people find you how

1823

01:03:45,589 --> 01:03:42,640

can they follow your work how can they

1824

01:03:47,510 --> 01:03:45,599

find the debrief sure yeah uh debrief

1825

01:03:50,789 --> 01:03:47,520

you can check us out with daily content

1826

01:03:52,630 --> 01:03:50,799

uh at the debrief.org

1827

01:03:53,910 --> 01:03:52,640

so feel free to drop by like i said

1828

01:03:55,829 --> 01:03:53,920

there's stuff that we have coming out

1829

01:03:58,069 --> 01:03:55,839

constantly that if even if it isn't

1830

01:03:59,829 --> 01:03:58,079

about ufos like we try to do really

1831

01:04:02,870 --> 01:03:59,839

quality content when it when it comes to

1832

01:04:04,390 --> 01:04:02,880

there but we also cover science and tech

1833

01:04:05,990 --> 01:04:04,400

and i tell people

1834

01:04:08,710 --> 01:04:06,000

not only is it really cool in cutting

1835

01:04:10,710 --> 01:04:08,720

edge science and tech stuff but uh we

1836

01:04:13,990 --> 01:04:10,720

cover stuff that i think even if you're

1837

01:04:17,109 --> 01:04:14,000

just interested in ufos you walk away a

1838

01:04:19,270 --> 01:04:17,119

more informed on the subject because

1839

01:04:21,430 --> 01:04:19,280

we're reporting on the cutting edges of

1840

01:04:24,069 --> 01:04:21,440

science what's the latest uh science

1841

01:04:25,829 --> 01:04:24,079

technology developments well what is

1842

01:04:28,069 --> 01:04:25,839

what is the status of metamaterials

1843

01:04:30,789 --> 01:04:28,079

hypersonics aerospace so you have an

1844

01:04:33,510 --> 01:04:30,799

idea of where we're at you know in

1845

01:04:35,190 --> 01:04:33,520

reality and so that's a good baseline in

1846

01:04:36,870 --> 01:04:35,200

comparing

1847

01:04:38,390 --> 01:04:36,880

what people report and what they report

1848

01:04:40,470 --> 01:04:38,400

seeing you can say well there's no way

1849

01:04:43,109 --> 01:04:40,480

because we're you know there's no way

1850

01:04:45,109 --> 01:04:43,119

that uh this hyper this something that's

1851
01:04:47,430 --> 01:04:45,119
that's maintaining hypersonic speed

1852
01:04:48,870 --> 01:04:47,440
consistently can be a secret aircraft

1853
01:04:50,710 --> 01:04:48,880
because we don't even have the material

1854
01:04:52,630 --> 01:04:50,720
science to do that and i know that

1855
01:04:55,349 --> 01:04:52,640
because the duty brief told me in x y

1856
01:04:58,549 --> 01:04:55,359
and z so feel free to check that out

1857
01:05:01,510 --> 01:04:58,559
daily content at thedebrief.org or i'm

1858

on twitter at [lt tim mcmillan](#)

1859

1860
01:05:09,589 --> 01:05:06,480
you can find me on there sporadically

1861
01:05:11,029 --> 01:05:09,599

1862
