00:00:00,040 --> 00:00:05,510

[Music]

2
00:00:10,950 --> 00:00:08,710

there's a whole fleet of look on the sa

3
00:00:14,310 --> 00:00:10,960

oh my gosh they're all going against the

4
00:00:18,950 --> 00:00:16,390

it was basically a cube with inside of

5
00:00:23,960 --> 00:00:18,960

sphere where the points of the cube

6
00:00:37,190 --> 00:00:33,220

[Music]

7
00:00:38,709 --> 00:00:37,200

[Applause]

8
00:00:40,950 --> 00:00:38,719

so this isn't anything that just is

9
00:00:48,069 --> 00:00:40,960

limited to the united states it's a

10
00:00:52,950 --> 00:00:50,470

hi everyone and welcome back to that ufo

11
00:00:54,950 --> 00:00:52,960

podcast my name is andy and delighted to

12
00:00:57,910 --> 00:00:54,960

welcome on to the show with me today

13
00:01:01,029 --> 00:00:57,920

retired u.s air force author of over 100

14

00:01:03,110 --> 00:01:01,039

books and ufo investigator kevin randall

15

00:01:05,429 --> 00:01:03,120

kevin welcome to the podcast

16

00:01:06,950 --> 00:01:05,439

well thank you very much but i do need

17

00:01:09,590 --> 00:01:06,960

to make one quick correction i'm a

18

00:01:11,670 --> 00:01:09,600

retired army officer ah

19

00:01:13,190 --> 00:01:11,680

my bad do you know what

20

00:01:15,510 --> 00:01:13,200

not really because i did spend some time

21

00:01:16,870 --> 00:01:15,520

in the air force as well so

22

00:01:19,590 --> 00:01:16,880

do you know where that is when i've seen

23

00:01:22,310 --> 00:01:19,600

usaf or i i think i just automatically

24

00:01:24,310 --> 00:01:22,320

go into uh that on the the book but yeah

25

00:01:25,670 --> 00:01:24,320

that's thank you for correcting me hal

26

00:01:27,510 --> 00:01:25,680

and i think i get away with it being

27

00:01:29,510 --> 00:01:27,520

british as well don't i that we're we're

28

00:01:31,030 --> 00:01:29,520

not as offey with the american military

29

00:01:33,190 --> 00:01:31,040

as perhaps someone on the other side of

30

00:01:34,950 --> 00:01:33,200

the pond would be uh but kevin you've

31

00:01:36,630 --> 00:01:34,960

got quite an interesting background let

32

00:01:38,789 --> 00:01:36,640

alone what you've been involved in over

33

00:01:40,789 --> 00:01:38,799

the decades in terms of ufos

34

00:01:43,030 --> 00:01:40,799

what's your your journey being like into

35

00:01:45,030 --> 00:01:43,040

ufology in ufos was it something you had

36

00:01:47,670 --> 00:01:45,040

an interest in as a child or was it

37

00:01:49,429 --> 00:01:47,680

something that came much later

38

00:01:50,630 --> 00:01:49,439

well i always blame my mother for my

39

00:01:52,550 --> 00:01:50,640

interest

40

00:01:54,469 --> 00:01:52,560

she was a fan of science fiction which

41

00:01:55,990 --> 00:01:54,479

is about alien visitation and

42

00:01:58,310 --> 00:01:56,000

interstellar flight and alien

43

00:01:59,830 --> 00:01:58,320

civilizations and that sort of thing

44

00:02:01,590 --> 00:01:59,840

and when i was a youngster and this

45

00:02:03,670 --> 00:02:01,600

dates me she took me to the movie earth

46

00:02:05,350 --> 00:02:03,680

versus the flying saucers

47

00:02:07,030 --> 00:02:05,360

and that kind of sparked my interest

48

00:02:08,790 --> 00:02:07,040

because of course flying saucers were

49

00:02:10,790 --> 00:02:08,800

talking about alien civilizations

50

00:02:12,790 --> 00:02:10,800

interstellar flight and alien visitation

51
00:02:14,309 --> 00:02:12,800
so it's sort of the same thing moving it

52
00:02:16,470 --> 00:02:14,319
from the realm of science fiction into

53
00:02:17,990 --> 00:02:16,480
the realm of um

54
00:02:21,270 --> 00:02:18,000
reality

55
00:02:23,430 --> 00:02:21,280
uh so that kind of sparked my interest

56
00:02:26,070 --> 00:02:23,440
back in the 1960s when i got very

57
00:02:28,630 --> 00:02:26,080
interested in ufos

58
00:02:29,990 --> 00:02:28,640
the the attitude was that well we just

59
00:02:31,830 --> 00:02:30,000
they're just blobs of light in the

60
00:02:33,270 --> 00:02:31,840
distance they're indistinct objects

61
00:02:35,589 --> 00:02:33,280
they're they're things that can't really

62
00:02:37,750 --> 00:02:35,599
be identified because of

63
00:02:39,750 --> 00:02:37,760

those sorts of problems and a friend of

64

00:02:43,350 --> 00:02:39,760

mine's mother had had a ufo sighting

65

00:02:44,790 --> 00:02:43,360

flying saucer signing so i asked him

66

00:02:46,949 --> 00:02:44,800

if i could meet with her and she of

67

00:02:48,710 --> 00:02:46,959

course agreed and the only question i

68

00:02:52,070 --> 00:02:48,720

really wanted answered

69

00:02:54,150 --> 00:02:52,080

was was it a distinct object and she

70

00:02:56,150 --> 00:02:54,160

said it was an object hovering about 200

71

00:02:58,869 --> 00:02:56,160

feet over the barn they lived on a ranch

72

00:03:00,949 --> 00:02:58,879

in south dakota if i remember correctly

73

00:03:04,309 --> 00:03:00,959

and she said it had very distinct edges

74

00:03:05,350 --> 00:03:04,319

very very sharp crisp edges so it wasn't

75

00:03:07,190 --> 00:03:05,360

something

76
00:03:09,910 --> 00:03:07,200
seen in the distance it wasn't a blob of

77
00:03:10,710 --> 00:03:09,920
light it was a structured craft she had

78
00:03:11,830 --> 00:03:10,720
seen

79
00:03:13,670 --> 00:03:11,840
and that

80
00:03:15,910 --> 00:03:13,680
sort of sparked my

81
00:03:17,670 --> 00:03:15,920
investigative nature as well getting the

82
00:03:19,589 --> 00:03:17,680
answers for myself

83
00:03:21,830 --> 00:03:19,599
and that of course has carried on

84
00:03:25,190 --> 00:03:23,509
since since that time i've worked on

85
00:03:26,789 --> 00:03:25,200
enough a lot of cases and done enough a

86
00:03:29,030 --> 00:03:26,799
lot of in-field work

87
00:03:31,190 --> 00:03:29,040
chased down an awful lot of

88
00:03:34,710 --> 00:03:31,200

sightings and interviewed an awful lot

89

00:03:35,430 --> 00:03:34,720

of witnesses to ufos

90

00:03:37,589 --> 00:03:35,440

and

91

00:03:38,470 --> 00:03:37,599

that sort of thing my military career of

92

00:03:41,670 --> 00:03:38,480

course

93

00:03:43,910 --> 00:03:41,680

bans decades as well i started out as a

94

00:03:45,509 --> 00:03:43,920

helicopter pilot

95

00:03:47,910 --> 00:03:45,519

i learned that the army the united

96

00:03:49,190 --> 00:03:47,920

states army was training high school

97

00:03:51,670 --> 00:03:49,200

graduates

98

00:03:53,350 --> 00:03:51,680

as helicopter pilots and so i joined the

99

00:03:56,149 --> 00:03:53,360

army to learn to become a helicopter

100

00:03:59,429 --> 00:03:56,159

pilot and was sent to vietnam as a pilot

101
00:04:01,670 --> 00:03:59,439
in at 19 was an aircraft commander spent

102
00:04:04,550 --> 00:04:01,680
a tour in vietnam came back got out of

103
00:04:07,990 --> 00:04:04,560
the army went to college got a degree

104
00:04:09,910 --> 00:04:08,000
and took rotc now the the thing is in

105
00:04:11,350 --> 00:04:09,920
the american military

106
00:04:13,509 --> 00:04:11,360
those of us who are high school

107
00:04:15,990 --> 00:04:13,519
graduates and went through that program

108
00:04:17,509 --> 00:04:16,000
were appointed ward officers so we were

109
00:04:19,030 --> 00:04:17,519
the lowest ranking officer but we

110
00:04:22,390 --> 00:04:19,040
weren't really commissioned

111
00:04:24,070 --> 00:04:22,400
which made us eligible to take rotc the

112
00:04:25,670 --> 00:04:24,080
reserve officers training course so

113
00:04:28,469 --> 00:04:25,680

while i was in college i took the last

114

00:04:29,830 --> 00:04:28,479

two years of colleges and rotc and was

115

00:04:31,110 --> 00:04:29,840

commissioned as an officer in the air

116

00:04:32,390 --> 00:04:31,120

force so i spent a number of years in

117

00:04:34,230 --> 00:04:32,400

the air forces

118

00:04:36,550 --> 00:04:34,240

in a number of different roles mainly as

119

00:04:39,189 --> 00:04:36,560

an intelligence officer

120

00:04:41,510 --> 00:04:39,199

for them in a number of different places

121

00:04:44,150 --> 00:04:41,520

got out of the army after 9 11 i joined

122

00:04:46,469 --> 00:04:44,160

the iowa national guard which is an army

123

00:04:49,189 --> 00:04:46,479

unit as an intelligence officer and

124

00:04:51,830 --> 00:04:49,199

eventually retired from that as a

125

00:04:54,070 --> 00:04:51,840

lieutenant colonel having spent a tour

126
00:04:56,070 --> 00:04:54,080
in iraq so i applied all that knowledge

127
00:04:58,629 --> 00:04:56,080
i gained as an intelligence officer to

128
00:05:01,110 --> 00:04:58,639
the investigations that i conducted

129
00:05:03,110 --> 00:05:01,120
specifically with roswell i was invited

130
00:05:05,270 --> 00:05:03,120
into the roswell case

131
00:05:07,110 --> 00:05:05,280
by the center for ufo studies because

132
00:05:09,029 --> 00:05:07,120
they knew of my military background and

133
00:05:10,950 --> 00:05:09,039
a lot of the witnesses that we would be

134
00:05:13,110 --> 00:05:10,960
talking to had military backgrounds or

135
00:05:14,550 --> 00:05:13,120
retired military officers and they

136
00:05:16,070 --> 00:05:14,560
thought i'd be able to relate with them

137
00:05:18,150 --> 00:05:16,080
more and understand the lingo a little

138
00:05:20,390 --> 00:05:18,160

bit better than someone who had not

139

00:05:22,710 --> 00:05:20,400

served in the military so that kind of

140

00:05:25,350 --> 00:05:22,720

was the genesis of my

141

00:05:27,189 --> 00:05:25,360

um invitation into the roswell case with

142

00:05:29,189 --> 00:05:27,199

don schmidt and we spent a great deal of

143

00:05:31,830 --> 00:05:29,199

time in roswell new mexico talking to

144

00:05:33,270 --> 00:05:31,840

witnesses ferreting out new witnesses

145

00:05:35,749 --> 00:05:33,280

and

146

00:05:38,070 --> 00:05:35,759

getting recordings both

147

00:05:40,230 --> 00:05:38,080

video and audio recordings of a

148

00:05:42,070 --> 00:05:40,240

large number of witnesses talked to some

149

00:05:44,469 --> 00:05:42,080

witnesses i was the only one who talked

150

00:05:46,629 --> 00:05:44,479

to a couple of the witnesses

151

00:05:49,110 --> 00:05:46,639

the way things worked out

152

00:05:52,390 --> 00:05:49,120

um that one easily springs to mind he

153

00:05:53,909 --> 00:05:52,400

was a provost marshal in roswell in 1947

154

00:05:55,189 --> 00:05:53,919

provost marshall being like the chief of

155

00:05:56,710 --> 00:05:55,199

police on the air base he was

156

00:05:57,590 --> 00:05:56,720

responsible for security and that sort

157

00:05:59,749 --> 00:05:57,600

of thing

158

00:06:01,749 --> 00:05:59,759

and i talked to him a number of times

159

00:06:03,270 --> 00:06:01,759

and the one thing that sticks in my mind

160

00:06:04,790 --> 00:06:03,280

talking to him and some of it was

161

00:06:07,110 --> 00:06:04,800

recorded and some of it was not given

162

00:06:09,670 --> 00:06:07,120

the circumstances but i was talking to

163

00:06:12,150 --> 00:06:09,680

him about uh

164

00:06:14,150 --> 00:06:12,160

the case and i said are we following the

165

00:06:15,189 --> 00:06:14,160

right path and he said what do you mean

166

00:06:17,510 --> 00:06:15,199

and i said well we think it's

167

00:06:19,189 --> 00:06:17,520

extraterrestrial and i said let me put

168

00:06:20,230 --> 00:06:19,199

it this way it's not the wrong path so

169

00:06:21,909 --> 00:06:20,240

in essence confirmed the

170

00:06:23,830 --> 00:06:21,919

extraterrestrial nature of the roswell

171

00:06:26,790 --> 00:06:23,840

case and we had a number of officers

172

00:06:29,510 --> 00:06:26,800

high ranking officers in roswell 1947

173

00:06:31,670 --> 00:06:29,520

confirmed that sort of a

174

00:06:34,710 --> 00:06:31,680

an event the single

175

00:06:36,550 --> 00:06:34,720

exception being one of the meeting guy

176

00:06:38,710 --> 00:06:36,560

named beryl claw who is a retired

177

00:06:40,230 --> 00:06:38,720

colonel and he said no nothing like that

178

00:06:41,670 --> 00:06:40,240

happened he's the only member of general

179

00:06:43,990 --> 00:06:41,680

raymond's staff that we were colonel

180

00:06:47,189 --> 00:06:44,000

raymond i'm sorry colonel blanchard

181

00:06:49,189 --> 00:06:47,199

staff that we were able to talk to

182

00:06:51,110 --> 00:06:49,199

who denied anything happened all the

183

00:06:53,350 --> 00:06:51,120

others that we talked to said yeah it

184

00:06:55,110 --> 00:06:53,360

was something something extra crustal

185

00:06:56,790 --> 00:06:55,120

and this goes from the highest ranking

186

00:06:58,550 --> 00:06:56,800

officers on the base down to the lowest

187

00:07:00,550 --> 00:06:58,560

ranking enlisted soldiers on the base

188

00:07:03,830 --> 00:07:00,560

that we were able to talk to privates

189

00:07:05,510 --> 00:07:03,840

and corporals and the buck sergeants who

190

00:07:07,189 --> 00:07:05,520

said essentially the same thing so we

191

00:07:08,629 --> 00:07:07,199

had a wide range of that sort of thing

192

00:07:10,150 --> 00:07:08,639

so that kind of

193

00:07:11,909 --> 00:07:10,160

gave you a background of my interest in

194

00:07:14,150 --> 00:07:11,919

ufos and and from there of course it

195

00:07:16,309 --> 00:07:14,160

expanded and i was doing

196

00:07:17,510 --> 00:07:16,319

a number of books i'd been writing ufo

197

00:07:19,110 --> 00:07:17,520

articles

198

00:07:21,189 --> 00:07:19,120

and now i i say i went to college on

199

00:07:23,830 --> 00:07:21,199

what i called the saga scholarship saga

200

00:07:26,309 --> 00:07:23,840

was a men's magazine not like playboy or

201

00:07:28,390 --> 00:07:26,319

penthouse but it it just was articles

202

00:07:30,790 --> 00:07:28,400

that catered to men and there might be a

203

00:07:32,390 --> 00:07:30,800

scantily clad picture of a woman in the

204

00:07:34,070 --> 00:07:32,400

magazine once in a while but it really

205

00:07:36,469 --> 00:07:34,080

didn't that wasn't the focus it was the

206

00:07:38,629 --> 00:07:36,479

articles geared toward men

207

00:07:41,029 --> 00:07:38,639

and they paid enough money i was able to

208

00:07:43,589 --> 00:07:41,039

write an article a semester for the

209

00:07:46,790 --> 00:07:43,599

magazine and get paid for it that paid

210

00:07:50,230 --> 00:07:46,800

my tuition except for ten dollars

211

00:07:53,589 --> 00:07:50,240

so i i say i went to to college on a on

212

00:07:56,390 --> 00:07:53,599

the saga scholarship and i collected the

213

00:07:59,510 --> 00:07:56,400

um magazine articles into a book later

214

00:08:02,070 --> 00:07:59,520

on in 1989 and added some new material

215

00:08:03,589 --> 00:08:02,080

to that and then the second ufo book i

216

00:08:06,469 --> 00:08:03,599

did was on roswell and from there it's

217

00:08:08,629 --> 00:08:06,479

expanded out i've done 25 or 28 ufo

218

00:08:10,309 --> 00:08:08,639

books so i've done a lot of research

219

00:08:13,029 --> 00:08:10,319

into it and i understand what's going on

220

00:08:14,550 --> 00:08:13,039

in the world of ufos

221

00:08:15,909 --> 00:08:14,560

that's an incredible thanks for the

222

00:08:17,430 --> 00:08:15,919

backstory because it's a wonderful

223

00:08:19,189 --> 00:08:17,440

history of put into just a couple of

224

00:08:20,469 --> 00:08:19,199

minutes they are almost six or seven

225

00:08:22,469 --> 00:08:20,479

decades

226

00:08:24,869 --> 00:08:22,479

after all that time what is still

227

00:08:27,350 --> 00:08:24,879

driving you to write about the subject

228

00:08:30,230 --> 00:08:27,360

of ufos because there's so many in this

229

00:08:32,230 --> 00:08:30,240

topic and in a far shorter time become

230

00:08:34,469 --> 00:08:32,240

disillusioned or you know they fall out

231

00:08:37,990 --> 00:08:34,479

of love with it but you've kept that

232

00:08:39,909 --> 00:08:38,000

that passion to keep writing even now

233

00:08:41,029 --> 00:08:39,919

one of my goals in life was to be a

234

00:08:43,750 --> 00:08:41,039

writer

235

00:08:46,230 --> 00:08:43,760

and you mentioned i've i published i

236

00:08:48,310 --> 00:08:46,240

lost count of 125 books i by it's

237

00:08:50,310 --> 00:08:48,320

somewhere over that number

238

00:08:52,829 --> 00:08:50,320

but it's science fiction it's action

239

00:08:55,910 --> 00:08:52,839

adventure and it's ufos and

240

00:08:58,470 --> 00:08:55,920

uh so i've always wanted to be a writer

241

00:09:00,470 --> 00:08:58,480

so this is one way i could express my my

242

00:09:02,630 --> 00:09:00,480

opinions that way but the subject always

243

00:09:05,030 --> 00:09:02,640

fascinated me as well and

244

00:09:07,350 --> 00:09:05,040

i had a good friend um

245

00:09:08,790 --> 00:09:07,360

wilson bob tucker and those who are into

246

00:09:11,030 --> 00:09:08,800

science fiction and science fiction

247

00:09:12,070 --> 00:09:11,040

conventions would know bob tucker

248

00:09:15,350 --> 00:09:12,080

um

249

00:09:17,590 --> 00:09:15,360

really good science fiction books but

250

00:09:20,790 --> 00:09:17,600

never got the kind of publicity that

251
00:09:23,590 --> 00:09:20,800
isaac asimov or uh ray bradbury got but

252
00:09:25,030 --> 00:09:23,600
it was an incredible writer

253
00:09:28,150 --> 00:09:25,040
and

254
00:09:29,910 --> 00:09:28,160
with with that sort of thing going on um

255
00:09:31,030 --> 00:09:29,920
we wanted to

256
00:09:33,910 --> 00:09:31,040
you know

257
00:09:37,829 --> 00:09:33,920
well the point was that that um

258
00:09:39,829 --> 00:09:37,839
at one point talking to bob tucker

259
00:09:42,470 --> 00:09:39,839
is that he explained

260
00:09:43,990 --> 00:09:42,480
that he was retired from writing and as

261
00:09:45,590 --> 00:09:44,000
a much younger person i couldn't

262
00:09:48,150 --> 00:09:45,600
understand that

263
00:09:50,949 --> 00:09:48,160

why you would retire from writing and

264

00:09:52,630 --> 00:09:50,959

here i am now at an age commensurate

265

00:09:55,509 --> 00:09:52,640

with what he was at the time and i'm

266

00:09:57,110 --> 00:09:55,519

still writing um i have a book due to

267

00:09:58,870 --> 00:09:57,120

philip mantle called understanding

268

00:10:01,110 --> 00:09:58,880

roswell actually was doing a number of

269

00:10:03,990 --> 00:10:01,120

weeks ago i'm a little late on it

270

00:10:06,630 --> 00:10:04,000

but i it's almost finished now and will

271

00:10:08,310 --> 00:10:06,640

be in time for the 75th anniversary but

272

00:10:11,590 --> 00:10:08,320

it's just sort of a drive i just feel

273

00:10:13,030 --> 00:10:11,600

the the urge to continue writing and uh

274

00:10:15,110 --> 00:10:13,040

because

275

00:10:16,790 --> 00:10:15,120

in the last year or so

276

00:10:19,430 --> 00:10:16,800

actually the last six months i've had to

277

00:10:21,030 --> 00:10:19,440

do three ufo books i've been requested

278

00:10:22,389 --> 00:10:21,040

to do the books the level land sighting

279

00:10:23,350 --> 00:10:22,399

which we'll talk about i guess a little

280

00:10:25,269 --> 00:10:23,360

later

281

00:10:27,190 --> 00:10:25,279

is what i think of is the second most

282

00:10:29,110 --> 00:10:27,200

important ufo sighting

283

00:10:30,630 --> 00:10:29,120

because of the number of people involved

284

00:10:32,550 --> 00:10:30,640

in the interactions with the environment

285

00:10:33,990 --> 00:10:32,560

but it's just as a story that i wanted

286

00:10:35,430 --> 00:10:34,000

to tell and i think that's the whole

287

00:10:37,430 --> 00:10:35,440

point i continue to want to tell the

288

00:10:40,949 --> 00:10:37,440

story so i just can't see myself

289

00:10:42,790 --> 00:10:40,959

retiring i can see myself slowing down

290

00:10:44,870 --> 00:10:42,800

and

291

00:10:46,949 --> 00:10:44,880

you know publishing fewer books but i

292

00:10:48,630 --> 00:10:46,959

just can't i just can't see a retirement

293

00:10:51,430 --> 00:10:48,640

from so it's kind of the desire to tell

294

00:10:53,350 --> 00:10:51,440

the stories to engage people in things

295

00:10:55,269 --> 00:10:53,360

that interest me and

296

00:10:58,069 --> 00:10:55,279

continue the research into the ufo

297

00:11:00,310 --> 00:10:58,079

phenom until we get a definitive answer

298

00:11:01,990 --> 00:11:00,320

well that passion and drive is is taking

299

00:11:03,269 --> 00:11:02,000

you to write about levelland which we're

300

00:11:05,190 --> 00:11:03,279

of course going to talk about and i'd

301

00:11:07,990 --> 00:11:05,200

like to do that now um the events of

302

00:11:11,030 --> 00:11:08,000

levelland at west texas i believe it was

303

00:11:12,949 --> 00:11:11,040

november 1957. can you tell us a little

304

00:11:16,470 --> 00:11:12,959

bit if you remember when you first heard

305

00:11:18,310 --> 00:11:16,480

about this particular event

306

00:11:21,269 --> 00:11:18,320

it's always been

307

00:11:23,509 --> 00:11:21,279

a an interest of mine because of the

308

00:11:24,710 --> 00:11:23,519

nature of the of the of the sightings it

309

00:11:26,470 --> 00:11:24,720

was

310

00:11:28,870 --> 00:11:26,480

people at a number of

311

00:11:30,949 --> 00:11:28,880

different locations independently

312

00:11:32,710 --> 00:11:30,959

reporting to the sheriff

313

00:11:34,470 --> 00:11:32,720

this thing had come close to the ground

314

00:11:35,910 --> 00:11:34,480

or landed on the ground near the car

315

00:11:37,829 --> 00:11:35,920

installed the engine and put out the

316

00:11:39,590 --> 00:11:37,839

headlights and that sort of thing and

317

00:11:41,590 --> 00:11:39,600

looking at that whole group of sightings

318

00:11:43,750 --> 00:11:41,600

in november of 1957 so i've been

319

00:11:46,069 --> 00:11:43,760

interested in for a long time it was

320

00:11:48,470 --> 00:11:46,079

only recently that

321

00:11:51,430 --> 00:11:48,480

i began to understand the importance of

322

00:11:53,750 --> 00:11:51,440

it a fellow named don burlinson

323

00:11:56,069 --> 00:11:53,760

who lives in roswell ronaldo being

324

00:11:57,509 --> 00:11:56,079

three hours by car from level land level

325

00:11:59,110 --> 00:11:57,519

and for those who're trying to look on a

326

00:12:01,509 --> 00:11:59,120

map is right near lubbock texas in the

327

00:12:03,430 --> 00:12:01,519

panhandle in texas so if you can't find

328

00:12:05,430 --> 00:12:03,440

level and just go a little bit west of

329

00:12:06,230 --> 00:12:05,440

of lubbock and that's where level land

330

00:12:08,550 --> 00:12:06,240

is

331

00:12:10,389 --> 00:12:08,560

had um interviewed the widow of the

332

00:12:12,629 --> 00:12:10,399

sheriff back in

333

00:12:14,389 --> 00:12:12,639

around the year 2000

334

00:12:16,389 --> 00:12:14,399

and she told him some things that were

335

00:12:18,710 --> 00:12:16,399

very interesting to me and kind of

336

00:12:20,870 --> 00:12:18,720

inspired me to look a little bit deeper

337

00:12:23,269 --> 00:12:20,880

into it one of the things i discovered

338

00:12:25,670 --> 00:12:23,279

is if you look at the air force file the

339

00:12:27,190 --> 00:12:25,680

project blue book file on level land

340

00:12:28,470 --> 00:12:27,200

they interview the sheriff whose name is

341

00:12:31,509 --> 00:12:28,480

weir klim

342

00:12:34,310 --> 00:12:31,519

a name i positively hate i wish it was

343

00:12:36,310 --> 00:12:34,320

something like tom collins or well jim

344

00:12:39,190 --> 00:12:36,320

beam for that matter or james bond some

345

00:12:41,269 --> 00:12:39,200

good good name not weir clem

346

00:12:42,790 --> 00:12:41,279

but he um

347

00:12:45,030 --> 00:12:42,800

had told the air force according to

348

00:12:46,310 --> 00:12:45,040

their file well he eventually was

349

00:12:48,069 --> 00:12:46,320

interested enough because there had been

350

00:12:49,030 --> 00:12:48,079

enough sightings been reported to him

351
00:12:50,470 --> 00:12:49,040
that they were going to go out and look

352
00:12:52,389 --> 00:12:50,480
for it and he saw the object in the

353
00:12:53,910 --> 00:12:52,399
distance he said it was just a streak of

354
00:12:55,910 --> 00:12:53,920
light in sight for two seconds that's

355
00:12:57,750 --> 00:12:55,920
what it says in the air force file i

356
00:12:59,430 --> 00:12:57,760
found documentation printed in

357
00:13:00,790 --> 00:12:59,440
newspapers prior to the air force

358
00:13:03,590 --> 00:13:00,800
investigation

359
00:13:06,870 --> 00:13:03,600
where he was talking about seeing a

360
00:13:08,710 --> 00:13:06,880
oval-shaped object that was bright red

361
00:13:10,470 --> 00:13:08,720
and then later on a fella named don

362
00:13:12,710 --> 00:13:10,480
berliner yes there's a lot of dawns in

363
00:13:15,509 --> 00:13:12,720

this conversation don berliner in the

364

00:13:17,190 --> 00:13:15,519

mid 1970s talked to the sheriff talk to

365

00:13:18,150 --> 00:13:17,200

sheriff clem

366

00:13:20,150 --> 00:13:18,160

and clem

367

00:13:21,750 --> 00:13:20,160

again said that he'd seen the object so

368

00:13:23,269 --> 00:13:21,760

we've got him saying it prior to the air

369

00:13:24,629 --> 00:13:23,279

force investigation and then somewhat

370

00:13:26,150 --> 00:13:24,639

later after the air force had written

371

00:13:27,670 --> 00:13:26,160

down what he had to say

372

00:13:29,910 --> 00:13:27,680

the other thing that came out and we're

373

00:13:31,430 --> 00:13:29,920

back to don burlinson now he learned

374

00:13:34,710 --> 00:13:31,440

that the mechanic for the sheriff's

375

00:13:36,550 --> 00:13:34,720

department was still alive in in 2000

376

00:13:38,629 --> 00:13:36,560

and interviewed him and said that the

377

00:13:40,790 --> 00:13:38,639

sheriff had come into

378

00:13:42,150 --> 00:13:40,800

the shop and wanted his car checked out

379

00:13:44,389 --> 00:13:42,160

the next day

380

00:13:46,310 --> 00:13:44,399

the only reason the sheriff would have

381

00:13:47,590 --> 00:13:46,320

had his car checked out the next day is

382

00:13:49,509 --> 00:13:47,600

if he'd gotten close enough to the

383

00:13:51,430 --> 00:13:49,519

object that it stalled it

384

00:13:53,910 --> 00:13:51,440

so we have documentation saying get

385

00:13:55,509 --> 00:13:53,920

close enough to it to see an object

386

00:13:58,310 --> 00:13:55,519

and then we have information that sex

387

00:13:59,750 --> 00:13:58,320

his car was stalled now what what makes

388

00:14:02,710 --> 00:13:59,760

this even more important some of the

389

00:14:04,710 --> 00:14:02,720

other sightings of in that short time

390

00:14:05,670 --> 00:14:04,720

frame of two and a half hours in level

391

00:14:08,710 --> 00:14:05,680

land

392

00:14:10,069 --> 00:14:08,720

is that he was in sort of a mini convoy

393

00:14:12,629 --> 00:14:10,079

he was in one of the sheriff's

394

00:14:14,870 --> 00:14:12,639

department car with a deputy behind him

395

00:14:16,629 --> 00:14:14,880

was a state police car i think it's

396

00:14:18,470 --> 00:14:16,639

i think then it was still it was called

397

00:14:20,629 --> 00:14:18,480

the department uh the texas department

398

00:14:22,790 --> 00:14:20,639

of public safety that's what it was when

399

00:14:25,189 --> 00:14:22,800

i lived there in the 1960s and i think

400

00:14:27,350 --> 00:14:25,199

it was that in 1957 so now you have

401
00:14:28,949 --> 00:14:27,360
state police involved and behind behind

402
00:14:30,389 --> 00:14:28,959
them was a third car with air force

403
00:14:32,150 --> 00:14:30,399
officers in it

404
00:14:34,230 --> 00:14:32,160
this tells me that they got close enough

405
00:14:36,550 --> 00:14:34,240
that their cars were stalled

406
00:14:38,629 --> 00:14:36,560
and that tells me the air force officers

407
00:14:40,470 --> 00:14:38,639
observed the phenomenon of the car

408
00:14:42,710 --> 00:14:40,480
engines being stalled and the object the

409
00:14:44,150 --> 00:14:42,720
bright red glowing object

410
00:14:45,829 --> 00:14:44,160
being close enough that they could see

411
00:14:47,350 --> 00:14:45,839
what it was

412
00:14:49,189 --> 00:14:47,360
but there's nothing in the air force

413
00:14:50,629 --> 00:14:49,199

file that talks about an investigation

414

00:14:52,150 --> 00:14:50,639
or interrogation of the air force

415

00:14:54,310 --> 00:14:52,160
officers involved

416

00:14:56,550 --> 00:14:54,320
all we have are six

417

00:14:58,310 --> 00:14:56,560
different interviews conducted

418

00:15:00,069 --> 00:14:58,320
two or three days later by a staff

419

00:15:01,350 --> 00:15:00,079
sergeant that came down from colorado

420

00:15:02,150 --> 00:15:01,360
springs

421

00:15:04,150 --> 00:15:02,160
and

422

00:15:05,350 --> 00:15:04,160
interviewed the sheriff a couple of the

423

00:15:06,389 --> 00:15:05,360
witnesses

424

00:15:07,829 --> 00:15:06,399
and

425

00:15:10,150 --> 00:15:07,839
let it go at that didn't do a

426
00:15:13,030 --> 00:15:10,160
comprehensive investigation that was it

427
00:15:15,430 --> 00:15:13,040
now it years later many years later i

428
00:15:17,430 --> 00:15:15,440
was able to find the names of many many

429
00:15:19,590 --> 00:15:17,440
people who were involved based not only

430
00:15:21,590 --> 00:15:19,600
on what the air force report said the

431
00:15:23,430 --> 00:15:21,600
air force documents say but the

432
00:15:25,910 --> 00:15:23,440
newspaper files that we could go through

433
00:15:27,189 --> 00:15:25,920
and we'd find witnesses in there that

434
00:15:27,910 --> 00:15:27,199
were interviewed

435
00:15:31,110 --> 00:15:27,920
the

436
00:15:33,269 --> 00:15:31,120
research organization which was a

437
00:15:36,150 --> 00:15:33,279
civilian organization was involved in

438
00:15:37,590 --> 00:15:36,160

the investigation in 1957 as was the

439

00:15:39,030 --> 00:15:37,600

national investigations committee on

440

00:15:40,310 --> 00:15:39,040

aerial phenomena which is also a

441

00:15:42,790 --> 00:15:40,320

civilian organization based in

442

00:15:44,389 --> 00:15:42,800

washington dc they had one of their

443

00:15:46,230 --> 00:15:44,399

investigators out there talking to

444

00:15:49,910 --> 00:15:46,240

people so looking at all these documents

445

00:15:51,430 --> 00:15:49,920

created at that time we were able to

446

00:15:54,470 --> 00:15:51,440

find the names of many many other people

447

00:15:56,790 --> 00:15:54,480

who were involved the sheriff said

448

00:15:58,949 --> 00:15:56,800

that he had received dozens of phone

449

00:16:01,509 --> 00:15:58,959

calls about this which would suggest

450

00:16:03,590 --> 00:16:01,519

additional witnesses as well so it's a

451
00:16:05,269 --> 00:16:03,600
it's a case with many many witnesses at

452
00:16:07,749 --> 00:16:05,279
independent locations reporting the same

453
00:16:10,790 --> 00:16:07,759
phenomenon the sheriff also at least

454
00:16:12,230 --> 00:16:10,800
according to the the the wife the widow

455
00:16:14,949 --> 00:16:12,240
who said that there had been landing

456
00:16:16,550 --> 00:16:14,959
traces on a on a ranch outside of town i

457
00:16:17,990 --> 00:16:16,560
think it was north of town

458
00:16:20,389 --> 00:16:18,000
burlington

459
00:16:22,150 --> 00:16:20,399
went there and interviewed the the widow

460
00:16:23,430 --> 00:16:22,160
of the rancher but the rancher's

461
00:16:24,870 --> 00:16:23,440
daughter as well and the rancher and the

462
00:16:27,189 --> 00:16:24,880
daughter went out and saw the burned

463
00:16:29,430 --> 00:16:27,199

area as did the sheriff so now we have

464

00:16:31,910 --> 00:16:29,440

landing traces on the ground which had

465

00:16:33,269 --> 00:16:31,920

they been researched properly in 1957

466

00:16:35,590 --> 00:16:33,279

might have presented us with some very

467

00:16:36,949 --> 00:16:35,600

interesting data we know that it

468

00:16:39,030 --> 00:16:36,959

interacted with the environment by

469

00:16:41,030 --> 00:16:39,040

stalling the car engines and feeling

470

00:16:43,030 --> 00:16:41,040

filling radios with static and putting

471

00:16:44,710 --> 00:16:43,040

out the headlights and when the object

472

00:16:46,550 --> 00:16:44,720

left left and the cars could be

473

00:16:47,829 --> 00:16:46,560

restarted and there was only one case

474

00:16:50,230 --> 00:16:47,839

where the guy said the car started

475

00:16:52,389 --> 00:16:50,240

spontaneously but the cars could be

476

00:16:54,230 --> 00:16:52,399

started so they they stopped working at

477

00:16:56,710 --> 00:16:54,240

the close approach of the ufo and began

478

00:16:57,829 --> 00:16:56,720

working again when the ufo was gone so

479

00:17:00,230 --> 00:16:57,839

we've got an interaction with the

480

00:17:01,829 --> 00:17:00,240

environment and we have many independent

481

00:17:03,910 --> 00:17:01,839

witnesses think of the data we have

482

00:17:06,309 --> 00:17:03,920

could could have collected at that time

483

00:17:07,829 --> 00:17:06,319

had nycap not got involved in with the

484

00:17:09,590 --> 00:17:07,839

air force in an argument over the number

485

00:17:11,429 --> 00:17:09,600

of witnesses so the air force

486

00:17:13,750 --> 00:17:11,439

successfully diverted the conversation

487

00:17:15,429 --> 00:17:13,760

from what happened to how many witnesses

488

00:17:17,270 --> 00:17:15,439

there really were

489

00:17:20,230 --> 00:17:17,280

now am i right and correct me here that

490

00:17:22,150 --> 00:17:20,240

uh dr alan heineck was involved and this

491

00:17:24,230 --> 00:17:22,160

was before blue book was official it was

492

00:17:26,870 --> 00:17:24,240

project sign he was a consultant at the

493

00:17:28,710 --> 00:17:26,880

time and he was involved in uh

494

00:17:30,390 --> 00:17:28,720

explaining the event as being prozac but

495

00:17:32,230 --> 00:17:30,400

if i'm correct he wasn't actually

496

00:17:35,110 --> 00:17:32,240

involved in investigation and had only

497

00:17:36,710 --> 00:17:35,120

seen that air force report

498

00:17:38,870 --> 00:17:36,720

heineken was not involved directly with

499

00:17:40,789 --> 00:17:38,880

the level on case heine came on board as

500

00:17:42,750 --> 00:17:40,799

a scientific consultant to i think

501
00:17:45,750 --> 00:17:42,760
project sign as you said which was been

502
00:17:47,909 --> 00:17:45,760
1948 and he continued in that mission

503
00:17:50,150 --> 00:17:47,919
almost through the end of uh project

504
00:17:52,070 --> 00:17:50,160
blue book the 22 years for assigned to

505
00:17:54,070 --> 00:17:52,080
grudge to blue book

506
00:17:55,270 --> 00:17:54,080
but he had nothing really to do with

507
00:17:56,950 --> 00:17:55,280
level land

508
00:17:59,510 --> 00:17:56,960
the investigator the official

509
00:18:00,549 --> 00:17:59,520
investigator was a staff sergeant norman

510
00:18:02,390 --> 00:18:00,559
barth

511
00:18:04,549 --> 00:18:02,400
who came out of an air intelligence

512
00:18:06,789 --> 00:18:04,559
service squadron in

513
00:18:08,549 --> 00:18:06,799

colorado springs and flew down to reese

514

00:18:10,549 --> 00:18:08,559

air force base at reese air force base

515

00:18:12,950 --> 00:18:10,559

being in lubbock and then it's just a

516

00:18:14,470 --> 00:18:12,960

short drive to level land from there

517

00:18:16,310 --> 00:18:14,480

so they didn't spend a lot of money on

518

00:18:18,549 --> 00:18:16,320

on the investigation

519

00:18:20,070 --> 00:18:18,559

but the official conclusion which is

520

00:18:22,230 --> 00:18:20,080

still registered in the project blue

521

00:18:23,430 --> 00:18:22,240

book files today and the master index it

522

00:18:25,270 --> 00:18:23,440

was created

523

00:18:26,710 --> 00:18:25,280

is it was ball lightning

524

00:18:28,549 --> 00:18:26,720

well anybody who knows anything about

525

00:18:30,150 --> 00:18:28,559

ball lightning knows that there's still

526
00:18:32,070 --> 00:18:30,160
an argument about whether there is such

527
00:18:34,310 --> 00:18:32,080
a thing as ball lightning

528
00:18:36,630 --> 00:18:34,320
but more importantly the descriptions of

529
00:18:40,230 --> 00:18:36,640
it is something that's very small

530
00:18:42,870 --> 00:18:40,240
18 inches two feet in diameter

531
00:18:46,150 --> 00:18:42,880
and very short lived a matter of seconds

532
00:18:48,150 --> 00:18:46,160
so it's a glowing ball of blue fire

533
00:18:50,630 --> 00:18:48,160
so to speak that that

534
00:18:53,029 --> 00:18:50,640
winks out of existence rapidly we're

535
00:18:54,789 --> 00:18:53,039
talking about sightings of something was

536
00:18:56,549 --> 00:18:54,799
bright red for the most part pedro

537
00:18:58,870 --> 00:18:56,559
saucedo who is the first person to call

538
00:19:01,430 --> 00:18:58,880

the level land sheriff

539

00:19:02,789 --> 00:19:01,440

at i think 10 30 that night on november

540

00:19:05,110 --> 00:19:02,799

2nd

541

00:19:07,110 --> 00:19:05,120

said it was a brightly glowing blue

542

00:19:08,789 --> 00:19:07,120

object that landed close to his truck

543

00:19:11,029 --> 00:19:08,799

stalled the truck he was so frightened

544

00:19:13,270 --> 00:19:11,039

he dived out of the truck the passenger

545

00:19:15,909 --> 00:19:13,280

was even more petrified and sat in the

546

00:19:17,270 --> 00:19:15,919

passenger's seat while the object sat on

547

00:19:19,110 --> 00:19:17,280

the ground and then it turned to a

548

00:19:21,110 --> 00:19:19,120

bright glowing red and it took off and

549

00:19:22,870 --> 00:19:21,120

then the truck could be started

550

00:19:24,230 --> 00:19:22,880

so we have the descriptions of the color

551
00:19:26,470 --> 00:19:24,240
changes but for the most part people

552
00:19:29,590 --> 00:19:26,480
were talking about a bright red object

553
00:19:30,950 --> 00:19:29,600
on on the ground that was in

554
00:19:31,909 --> 00:19:30,960
sight for

555
00:19:32,950 --> 00:19:31,919
minutes

556
00:19:34,630 --> 00:19:32,960
the whole

557
00:19:36,230 --> 00:19:34,640
series of sightings in level land took

558
00:19:38,870 --> 00:19:36,240
place over about two two and a half

559
00:19:41,110 --> 00:19:38,880
hours on november 2nd into november the

560
00:19:42,630 --> 00:19:41,120
morning of november 3rd

561
00:19:44,630 --> 00:19:42,640
what i think one of the witnesses talked

562
00:19:46,150 --> 00:19:44,640
about sitting there watching it for 15

563
00:19:47,990 --> 00:19:46,160

minutes another said he watched it for

564

00:19:50,789 --> 00:19:48,000

five minutes so no matter how you look

565

00:19:51,590 --> 00:19:50,799

at it ball lightning is not

566

00:20:00,230 --> 00:19:51,600

a

567

00:20:01,669 --> 00:20:00,240

finished the book on roswell now

568

00:20:02,549 --> 00:20:01,679

well well i was going to ask on that

569

00:20:05,029 --> 00:20:02,559

like

570

00:20:07,190 --> 00:20:05,039

is there anything particularly special

571

00:20:09,750 --> 00:20:07,200

about level and in your research and

572

00:20:11,270 --> 00:20:09,760

your investigations that this event

573

00:20:14,230 --> 00:20:11,280

happened here

574

00:20:16,149 --> 00:20:14,240

was there anything nearby or

575

00:20:18,470 --> 00:20:16,159

nothing nothing um

576

00:20:20,870 --> 00:20:18,480

with roswell you can you can talk about

577

00:20:22,870 --> 00:20:20,880

the atomic strike force being based at

578

00:20:23,590 --> 00:20:22,880

roswell and you can look at new mexico

579

00:20:25,669 --> 00:20:23,600

where

580

00:20:27,830 --> 00:20:25,679

not that far from roswell we're firing

581

00:20:29,590 --> 00:20:27,840

rockets into the atmosphere higher than

582

00:20:32,230 --> 00:20:29,600

ever before and now of course we've gone

583

00:20:34,070 --> 00:20:32,240

to the moon but uh um

584

00:20:36,390 --> 00:20:34,080

you you if your

585

00:20:38,070 --> 00:20:36,400

interstellar race if you're a space

586

00:20:39,830 --> 00:20:38,080

traveling race and you find a

587

00:20:41,350 --> 00:20:39,840

civilization that's diverged on the

588

00:20:43,029 --> 00:20:41,360

verge of taking its first steps into

589

00:20:44,390 --> 00:20:43,039

space and they have atomic weapons

590

00:20:46,870 --> 00:20:44,400

you're going to be concerned about those

591

00:20:48,630 --> 00:20:46,880

people but level land no it there's

592

00:20:51,990 --> 00:20:48,640

nothing special about it other than it's

593

00:20:53,909 --> 00:20:52,000

three hours from roswell now um

594

00:20:56,230 --> 00:20:53,919

an hour or so after the sightings ended

595

00:20:58,070 --> 00:20:56,240

in in in level land

596

00:20:59,590 --> 00:20:58,080

there were sightings at the white sands

597

00:21:02,310 --> 00:20:59,600

missile range

598

00:21:04,070 --> 00:21:02,320

by military police the air force wrote

599

00:21:05,990 --> 00:21:04,080

those off as being

600

00:21:08,710 --> 00:21:06,000

hysteria

601
00:21:10,470 --> 00:21:08,720
and misidentification of the moon

602
00:21:12,950 --> 00:21:10,480
because of the level and sightings but

603
00:21:15,029 --> 00:21:12,960
the first sightings were by a couple of

604
00:21:17,270 --> 00:21:15,039
mps

605
00:21:18,549 --> 00:21:17,280
in within hours

606
00:21:20,870 --> 00:21:18,559
of the

607
00:21:22,390 --> 00:21:20,880
sightings in level land

608
00:21:23,990 --> 00:21:22,400
they talked about something that came

609
00:21:25,750 --> 00:21:24,000
down close to the ground they could see

610
00:21:28,149 --> 00:21:25,760
it silhouetted against the mountains

611
00:21:29,990 --> 00:21:28,159
behind behind the object so clearly it

612
00:21:32,310 --> 00:21:30,000
wasn't the moon it wasn't venus as the

613
00:21:33,909 --> 00:21:32,320

air force claimed it was something much

614

00:21:35,590 --> 00:21:33,919

closer and something was much closer to

615

00:21:37,270 --> 00:21:35,600

the ground and the air force dismissed

616

00:21:39,750 --> 00:21:37,280

it and say well the mps were very young

617

00:21:41,270 --> 00:21:39,760

they were 20 21 years old and

618

00:21:42,549 --> 00:21:41,280

they got caught up in the hysteria of

619

00:21:43,510 --> 00:21:42,559

the time and i'm thinking no they

620

00:21:45,029 --> 00:21:43,520

couldn't have been caught up in the

621

00:21:46,470 --> 00:21:45,039

history of the time because there wasn't

622

00:21:47,590 --> 00:21:46,480

social media

623

00:21:49,590 --> 00:21:47,600

there wasn't

624

00:21:51,590 --> 00:21:49,600

immediate access to this information

625

00:21:53,110 --> 00:21:51,600

about the sightings in level land as

626

00:21:54,470 --> 00:21:53,120

they were happening as we'd have today

627

00:21:55,669 --> 00:21:54,480

you'd have everybody on their cell phone

628

00:21:56,950 --> 00:21:55,679

saying geez you know come out here look

629

00:21:58,630 --> 00:21:56,960

what's going on

630

00:22:00,149 --> 00:21:58,640

um

631

00:22:01,270 --> 00:22:00,159

it didn't get reported until the next

632

00:22:02,710 --> 00:22:01,280

morning so they had they had no

633

00:22:04,310 --> 00:22:02,720

knowledge of this they couldn't been

634

00:22:05,830 --> 00:22:04,320

caught up in the history i talked to one

635

00:22:07,029 --> 00:22:05,840

of the mps

636

00:22:08,710 --> 00:22:07,039

um

637

00:22:09,909 --> 00:22:08,720

and he just he told me exactly what

638

00:22:12,630 --> 00:22:09,919

they'd seen and of course that's

639

00:22:14,789 --> 00:22:12,640

recorded in in the book level ad but the

640

00:22:16,470 --> 00:22:14,799

thing that really annoyed me

641

00:22:17,750 --> 00:22:16,480

was the the dismissal of them saying

642

00:22:19,110 --> 00:22:17,760

well they were poorly trained and they

643

00:22:20,630 --> 00:22:19,120

were young men and they just really

644

00:22:22,789 --> 00:22:20,640

didn't know what was going on and i'm

645

00:22:23,590 --> 00:22:22,799

thinking yeah they're 20 21 years old i

646

00:22:26,630 --> 00:22:23,600

think

647

00:22:29,909 --> 00:22:26,640

glenn toyne who was the one i talked to i

648

00:22:31,750 --> 00:22:29,919

think he was 21 in 1957.

649

00:22:33,430 --> 00:22:31,760

and i'm thinking i'm in vietnam as a

650

00:22:35,430 --> 00:22:33,440

helicopter pilot and an aircraft

651

00:22:38,950 --> 00:22:35,440

commander at 19.

652

00:22:41,669 --> 00:22:38,960

i think george h.w bush was a um

653

00:22:44,630 --> 00:22:41,679

a pilot in the navy at 19 during the

654

00:22:46,870 --> 00:22:44,640

second world war so a great deal of

655

00:22:49,590 --> 00:22:46,880

responsibility is placed on the

656

00:22:51,590 --> 00:22:49,600

shoulders of very young individuals

657

00:22:53,270 --> 00:22:51,600

and there's not a second thought about

658

00:22:55,590 --> 00:22:53,280

that

659

00:22:58,070 --> 00:22:55,600

the things always cracked me up we had a

660

00:23:00,149 --> 00:22:58,080

one of the helicopter pilots

661

00:23:01,430 --> 00:23:00,159

in the flights we called him we called

662

00:23:03,350 --> 00:23:01,440

him papa

663

00:23:07,029 --> 00:23:03,360

because he was the oldest pilot

664

00:23:09,110 --> 00:23:07,039

flying with us he was 23.

665

00:23:12,390 --> 00:23:09,120

and so we're thinking the oldest guy is

666

00:23:14,390 --> 00:23:12,400

23. so we were all you know 20 21 22

667

00:23:16,549 --> 00:23:14,400

years old uh i think i was the youngest

668

00:23:18,870 --> 00:23:16,559

pilot in the unit at the time

669

00:23:20,470 --> 00:23:18,880

but the dismissal of the testimony

670

00:23:22,950 --> 00:23:20,480

simply because they were young men is

671

00:23:24,470 --> 00:23:22,960

just just preposterous and that's kind

672

00:23:26,870 --> 00:23:24,480

of the attitude of the air force what

673

00:23:28,230 --> 00:23:26,880

can we do to dismiss the cases or make

674

00:23:30,710 --> 00:23:28,240

it look like it's something that it's

675

00:23:32,149 --> 00:23:30,720

not and that we see that time after time

676
00:23:34,149 --> 00:23:32,159
after time when you look at the air

677
00:23:35,510 --> 00:23:34,159
force files and you go through the files

678
00:23:37,669 --> 00:23:35,520
and you say you know this sighting

679
00:23:38,710 --> 00:23:37,679
really isn't identified as ball

680
00:23:41,830 --> 00:23:38,720
lightning

681
00:23:43,990 --> 00:23:41,840
or venus coming down and landing 150

682
00:23:46,630 --> 00:23:44,000
feet away from the uh

683
00:23:49,190 --> 00:23:46,640
the guys in the uh in the jeep on white

684
00:23:50,710 --> 00:23:49,200
sands so we take a look at all of that

685
00:23:52,710 --> 00:23:50,720
sort of thing

686
00:23:54,710 --> 00:23:52,720
now like you say you've got multiple

687
00:23:57,590 --> 00:23:54,720
sightings happening over hours and over

688
00:23:58,870 --> 00:23:57,600

a quite a large space as well that's

689

00:24:00,789 --> 00:23:58,880

always a good thing when it comes to

690

00:24:02,470 --> 00:24:00,799

data and as for a researcher and an

691

00:24:04,390 --> 00:24:02,480

investigator you can actually say well

692

00:24:07,590 --> 00:24:04,400

they saw it here and they saw it here

693

00:24:09,510 --> 00:24:07,600

then they saw this over here as well

694

00:24:11,269 --> 00:24:09,520

is that something that

695

00:24:14,070 --> 00:24:11,279

you've managed to see that there could

696

00:24:15,110 --> 00:24:14,080

be any pros explanation for is there

697

00:24:18,230 --> 00:24:15,120

something you've looked at and thought

698

00:24:19,590 --> 00:24:18,240

well possibly it could be this but

699

00:24:22,870 --> 00:24:19,600

ultimately you're obviously leaning

700

00:24:24,470 --> 00:24:22,880

towards a more et explanation

701

00:24:25,510 --> 00:24:24,480

with level land you've got it

702

00:24:27,430 --> 00:24:25,520

interacting with the environment

703

00:24:30,070 --> 00:24:27,440

installing the car engines so what kind

704

00:24:33,029 --> 00:24:30,080

of natural phenomenon or

705

00:24:34,390 --> 00:24:33,039

mechanism do we have do we have a 1957

706

00:24:36,789 --> 00:24:34,400

that would do that

707

00:24:38,470 --> 00:24:36,799

in my research i found that the japanese

708

00:24:40,070 --> 00:24:38,480

during the second world war were

709

00:24:41,669 --> 00:24:40,080

experimenting with

710

00:24:42,390 --> 00:24:41,679

magnetic effects and seeing if they

711

00:24:45,669 --> 00:24:42,400

could

712

00:24:47,190 --> 00:24:45,679

stop an engine with a magnetic ray

713

00:24:49,110 --> 00:24:47,200

if they could get too close enough to it

714

00:24:51,190 --> 00:24:49,120

because if you can knock the other guy's

715

00:24:53,269 --> 00:24:51,200

fighter planes out of the sky with a

716

00:24:55,269 --> 00:24:53,279

magnetic ray from a distance you're way

717

00:24:57,669 --> 00:24:55,279

ahead i think they managed to get it to

718

00:25:00,710 --> 00:24:57,679

work up to 10 feet

719

00:25:02,789 --> 00:25:00,720

just they just could not get beyond

720

00:25:04,230 --> 00:25:02,799

i guess the inverse square law

721

00:25:06,070 --> 00:25:04,240

which is you know the

722

00:25:08,710 --> 00:25:06,080

farther away you get that you reduce it

723

00:25:10,950 --> 00:25:08,720

by a square as opposed to doubling it

724

00:25:13,430 --> 00:25:10,960

but they couldn't get beyond that so we

725

00:25:14,310 --> 00:25:13,440

know of no mechanism that we have and i

726

00:25:16,070 --> 00:25:14,320

don't think there's anything in the

727

00:25:18,230 --> 00:25:16,080

technology today that we have that would

728

00:25:19,190 --> 00:25:18,240

do that and it would be interesting to

729

00:25:20,710 --> 00:25:19,200

say

730

00:25:22,310 --> 00:25:20,720

well you know it was just something

731

00:25:24,070 --> 00:25:22,320

wrong with the car in fact the air force

732

00:25:26,390 --> 00:25:24,080

pulled that out and leveling pedro

733

00:25:28,470 --> 00:25:26,400

saucedo it had his truck prepared i

734

00:25:30,630 --> 00:25:28,480

think the day before the sightings and

735

00:25:31,909 --> 00:25:30,640

after the sightings it took it back in

736

00:25:34,149 --> 00:25:31,919

to have it looked at and they found a

737

00:25:37,029 --> 00:25:34,159

piece of metal in the rotor

738

00:25:38,710 --> 00:25:37,039

which could have shorted it shorted out

739

00:25:40,230 --> 00:25:38,720

the uh in the distributor could have

740

00:25:42,149 --> 00:25:40,240

shorted out the

741

00:25:44,230 --> 00:25:42,159

firing of the of the spark plugs but

742

00:25:46,630 --> 00:25:44,240

then you have to ask yourself well why

743

00:25:48,710 --> 00:25:46,640

did the only fan manifest itself once

744

00:25:50,470 --> 00:25:48,720

and why only when this object was close

745

00:25:52,870 --> 00:25:50,480

by and once the object was gone well

746

00:25:54,710 --> 00:25:52,880

then i can start my truck again and then

747

00:25:57,110 --> 00:25:54,720

you have all the others that report the

748

00:25:58,390 --> 00:25:57,120

same thing so we know of no mechanism

749

00:26:00,390 --> 00:25:58,400

the air force

750

00:26:02,470 --> 00:26:00,400

i think i i you mentioned heineck and i

751
00:26:04,149 --> 00:26:02,480
think heineken once once had said about

752
00:26:06,710 --> 00:26:04,159
the level and sightings well you can you

753
00:26:08,549 --> 00:26:06,720
can eliminate the pos pedro says cedaw

754
00:26:10,230 --> 00:26:08,559
sighting and i think well no you really

755
00:26:11,669 --> 00:26:10,240
can't he said the other one would be a

756
00:26:13,669 --> 00:26:11,679
coincidence but when you get the two of

757
00:26:15,190 --> 00:26:13,679
coincidences then you're moving it

758
00:26:17,350 --> 00:26:15,200
pretty much outside the realm of

759
00:26:19,190 --> 00:26:17,360
coincidence and then when we begin

760
00:26:21,510 --> 00:26:19,200
talking about people

761
00:26:23,430 --> 00:26:21,520
identified at 13 separate locations at

762
00:26:25,029 --> 00:26:23,440
least that we know of

763
00:26:27,190 --> 00:26:25,039

then you've moved it way beyond

764

00:26:29,590 --> 00:26:27,200

coincidence so there's no mechanism that

765

00:26:31,590 --> 00:26:29,600

explains the sightings in terrestrial

766

00:26:33,909 --> 00:26:31,600

fashion and i think that's an important

767

00:26:35,830 --> 00:26:33,919

point with the with the the level n

768

00:26:39,350 --> 00:26:35,840

sightings is we have no terrestrial

769

00:26:41,909 --> 00:26:39,360

explanation that accounts for all the

770

00:26:43,669 --> 00:26:41,919

reported malfunctions of vehicles and

771

00:26:45,750 --> 00:26:43,679

the sightings of the object right maybe

772

00:26:48,310 --> 00:26:45,760

it's a glowing red

773

00:26:50,310 --> 00:26:48,320

um i think saucedo called it torpedo

774

00:26:51,350 --> 00:26:50,320

shaped other people call it egg shape

775

00:26:53,350 --> 00:26:51,360

and i'm thinking you know that's

776

00:26:55,190 --> 00:26:53,360

probably a matter of perspective where

777

00:26:58,070 --> 00:26:55,200

you were when you saw the object how you

778

00:27:00,149 --> 00:26:58,080

looked at it if you look at um

779

00:27:01,990 --> 00:27:00,159

you know like a tanker truck

780

00:27:03,909 --> 00:27:02,000

for straight on it it looks like a big

781

00:27:05,590 --> 00:27:03,919

cigar shaped object but if you look at

782

00:27:07,430 --> 00:27:05,600

it from an angle then you begin to get

783

00:27:09,269 --> 00:27:07,440

egg shaped or other looking

784

00:27:11,190 --> 00:27:09,279

shapes to it so it's a matter of

785

00:27:13,269 --> 00:27:11,200

perspective not the craft changing shape

786

00:27:15,029 --> 00:27:13,279

but it's just a matter of perspective

787

00:27:16,630 --> 00:27:15,039

and we have an awful lot of discussion

788

00:27:18,310 --> 00:27:16,640

of what it looked like and how long it

789

00:27:20,470 --> 00:27:18,320

was visible and what it did when it was

790

00:27:22,310 --> 00:27:20,480

on the ground now we couple if we could

791

00:27:24,549 --> 00:27:22,320

have coupled it to the landing trace

792

00:27:26,870 --> 00:27:24,559

case then we've got an even greater body

793

00:27:28,710 --> 00:27:26,880

of evidence about it so we we had an

794

00:27:30,789 --> 00:27:28,720

opportunity there to

795

00:27:32,230 --> 00:27:30,799

investigate this case properly but the

796

00:27:34,070 --> 00:27:32,240

air force at that time was more

797

00:27:35,909 --> 00:27:34,080

interested in explaining cases and

798

00:27:38,630 --> 00:27:35,919

keeping the public

799

00:27:41,590 --> 00:27:38,640

misinformed about ufos than it was in

800

00:27:43,590 --> 00:27:41,600

actually investigating ufos two or three

801
00:27:45,190 --> 00:27:43,600
days later on november 6th i think it

802
00:27:48,549 --> 00:27:45,200
was a guy named

803
00:27:49,830 --> 00:27:48,559
james stokes was driving from alamogordo

804
00:27:52,389 --> 00:27:49,840
the um

805
00:27:54,389 --> 00:27:52,399
holloman air force base to el paso texas

806
00:27:56,149 --> 00:27:54,399
and if you look at your map it's what an

807
00:27:57,830 --> 00:27:56,159
hour and a half two hours from

808
00:27:59,990 --> 00:27:57,840
alamogordo to el paso and you go through

809
00:28:01,830 --> 00:28:00,000
a little town called oro grande

810
00:28:03,430 --> 00:28:01,840
and as he approached oral grander his

811
00:28:04,549 --> 00:28:03,440
radio began to fade out and he was

812
00:28:06,230 --> 00:28:04,559
wondering what's going on then his

813
00:28:06,950 --> 00:28:06,240

engine sputtered and quit and he pulled

814

00:28:08,389 --> 00:28:06,960

over

815

00:28:11,029 --> 00:28:08,399

the side of the road and he's sitting

816

00:28:12,470 --> 00:28:11,039

there behind six or seven other cars

817

00:28:14,549 --> 00:28:12,480

and they're watching an eight-shaped

818

00:28:15,590 --> 00:28:14,559

object as it flies around overhead for a

819

00:28:17,590 --> 00:28:15,600

moment

820

00:28:18,789 --> 00:28:17,600

when the object disappeared of course he

821

00:28:20,310 --> 00:28:18,799

got into his car and i don't know if he

822

00:28:21,990 --> 00:28:20,320

continued on to el paso and then went

823

00:28:24,630 --> 00:28:22,000

home that night but when he got home to

824

00:28:26,470 --> 00:28:24,640

alamogordo he called jim lorenzen who

825

00:28:28,230 --> 00:28:26,480

was with core lorenzen the leader of the

826
00:28:29,909 --> 00:28:28,240
era phenomenal research organization

827
00:28:30,950 --> 00:28:29,919
they were based in alamogordo at the

828
00:28:33,269 --> 00:28:30,960
time

829
00:28:35,669 --> 00:28:33,279
and he went to see them and they noticed

830
00:28:37,269 --> 00:28:35,679
he had a slight like sunburn on half of

831
00:28:39,110 --> 00:28:37,279
his face and one of his arms and if you

832
00:28:41,830 --> 00:28:39,120
remember close encounters of the third

833
00:28:43,510 --> 00:28:41,840
third kind uh richard dreyfuss had that

834
00:28:45,269 --> 00:28:43,520
similar problem much more pronounced

835
00:28:47,269 --> 00:28:45,279
from reading it much more pronounced

836
00:28:49,350 --> 00:28:47,279
than what what stokes experienced but

837
00:28:51,269 --> 00:28:49,360
here's another group of sightings with

838
00:28:54,630 --> 00:28:51,279

multiple witnesses again in multiple car

839

00:28:57,190 --> 00:28:54,640

stories and and another effect of the

840

00:28:58,870 --> 00:28:57,200

ufo and the air force spent a lot of

841

00:29:01,669 --> 00:28:58,880

time maligning

842

00:29:02,789 --> 00:29:01,679

of james stokes who was a an engineer

843

00:29:05,510 --> 00:29:02,799

working at

844

00:29:06,789 --> 00:29:05,520

holloman air force base and his bosses

845

00:29:08,149 --> 00:29:06,799

at at

846

00:29:09,830 --> 00:29:08,159

the base were saying well he's an

847

00:29:11,830 --> 00:29:09,840

engineer working for us he spent 20

848

00:29:13,669 --> 00:29:11,840

years in the navy and

849

00:29:15,669 --> 00:29:13,679

he doesn't have a

850

00:29:17,750 --> 00:29:15,679

he wasn't a licensed engineer but he was

851
00:29:19,669 --> 00:29:17,760
doing engineering stuff and his bosses

852
00:29:21,190 --> 00:29:19,679
are saying yes he's an engineer and the

853
00:29:22,710 --> 00:29:21,200
air force that came out was well we

854
00:29:24,149 --> 00:29:22,720
couldn't find a degree for him for air

855
00:29:26,389 --> 00:29:24,159
force so we can't trust what he has to

856
00:29:28,470 --> 00:29:26,399
say because he's embellishing his resume

857
00:29:30,389 --> 00:29:28,480
he's working as an engineer whether he's

858
00:29:32,149 --> 00:29:30,399
got a degree or not is irrelevant he's

859
00:29:34,630 --> 00:29:32,159
got a position where he is called an

860
00:29:38,630 --> 00:29:34,640
engineer on an air force base

861
00:29:44,149 --> 00:29:41,190
belittle the witnesses and reduce their

862
00:29:46,389 --> 00:29:44,159
importance in their credibility by

863
00:29:48,310 --> 00:29:46,399

smearing their reputations and and you

864

00:29:50,230 --> 00:29:48,320

can see in many other cases them doing

865

00:29:51,669 --> 00:29:50,240

the same things with other witnesses

866

00:29:54,070 --> 00:29:51,679

doing everything they can to make the

867

00:29:55,430 --> 00:29:54,080

person look like an egotist or somebody

868

00:29:57,110 --> 00:29:55,440

who's jumping on the bandwagon or

869

00:29:58,789 --> 00:29:57,120

somebody who's not very bright and you

870

00:30:00,389 --> 00:29:58,799

get into the depth of the person and you

871

00:30:02,549 --> 00:30:00,399

learn there's great deal more to them

872

00:30:03,990 --> 00:30:02,559

than just the the smear thrown out by

873

00:30:05,830 --> 00:30:04,000

the air force

874

00:30:07,750 --> 00:30:05,840

now kevin you read my mind when you

875

00:30:09,269 --> 00:30:07,760

brought up the the effects the physical

876

00:30:11,269 --> 00:30:09,279

effects of close contact because that

877

00:30:13,110 --> 00:30:11,279

was going to be my next question so it's

878

00:30:15,190 --> 00:30:13,120

interesting you had that you say sunburn

879

00:30:18,230 --> 00:30:15,200

effect so these objects were clearly

880

00:30:20,789 --> 00:30:18,240

within a range or causing some sort of

881

00:30:23,029 --> 00:30:20,799

of interference that was affecting like

882

00:30:24,870 --> 00:30:23,039

in a human skin was there any lasting

883

00:30:26,950 --> 00:30:24,880

effects you found out from people that

884

00:30:29,430 --> 00:30:26,960

maybe lasted a lot longer into later

885

00:30:30,870 --> 00:30:29,440

life that was there any cancers or rare

886

00:30:33,430 --> 00:30:30,880

diseases

887

00:30:35,990 --> 00:30:33,440

in in level land no the the

888

00:30:37,590 --> 00:30:36,000

sunburn effect on stokes faded in a

889

00:30:39,909 --> 00:30:37,600

matter of hours in fact when the air

890

00:30:42,149 --> 00:30:39,919

force showed up to investigate

891

00:30:43,190 --> 00:30:42,159

a couple of days later

892

00:30:45,190 --> 00:30:43,200

his

893

00:30:47,750 --> 00:30:45,200

skin tone had returned to normal there

894

00:30:50,230 --> 00:30:47,760

was no evidence of the reddening of the

895

00:30:52,310 --> 00:30:50,240

sunburnt effect there's another story

896

00:30:54,230 --> 00:30:52,320

that one of the mps was not available

897

00:30:56,549 --> 00:30:54,240

for the air force investigation i think

898

00:30:58,950 --> 00:30:56,559

his name was will banks

899

00:31:00,710 --> 00:30:58,960

and the story is he was in the hospital

900

00:31:02,230 --> 00:31:00,720

but what they told the air force was we

901
00:31:03,990 --> 00:31:02,240
gave him a three-day pass and i'm

902
00:31:05,590 --> 00:31:04,000
thinking yeah we know that there's going

903
00:31:06,950 --> 00:31:05,600
to be an investigation we know the guy's

904
00:31:08,630 --> 00:31:06,960
coming down and now we put him on a

905
00:31:10,149 --> 00:31:08,640
three-day pass now if you're on a

906
00:31:12,070 --> 00:31:10,159
three-day pass and i know this from my

907
00:31:14,230 --> 00:31:12,080
military experience you have to leave a

908
00:31:16,310 --> 00:31:14,240
phone number you have to be they have to

909
00:31:19,350 --> 00:31:16,320
be able to contact you

910
00:31:21,110 --> 00:31:19,360
so even if the person who granted the

911
00:31:23,509 --> 00:31:21,120
three-day pass didn't know the air force

912
00:31:24,630 --> 00:31:23,519
was coming down to investigate he would

913
00:31:25,590 --> 00:31:24,640

have learned when they got there and he

914

00:31:27,509 --> 00:31:25,600

would have been

915

00:31:30,230 --> 00:31:27,519

recalled recalled will banks i believe

916

00:31:32,149 --> 00:31:30,240

it's will banks to to holloman air force

917

00:31:33,750 --> 00:31:32,159

base so he could be interviewed

918

00:31:36,389 --> 00:31:33,760

the other thing is a three-day pass has

919

00:31:37,990 --> 00:31:36,399

a limitation of how far you can travel

920

00:31:39,990 --> 00:31:38,000

and so he would have been basically in

921

00:31:42,389 --> 00:31:40,000

the local area the story is from the

922

00:31:43,669 --> 00:31:42,399

lorenzens is he was in the hospital and

923

00:31:46,149 --> 00:31:43,679

he was in the hospital because of the

924

00:31:47,909 --> 00:31:46,159

facts but there was no lasting effects

925

00:31:50,230 --> 00:31:47,919

we move into the realm of the cash

926

00:31:52,789 --> 00:31:50,240

landrum sighting in 1980

927

00:31:54,789 --> 00:31:52,799

where there were the apparent lasting

928

00:31:57,509 --> 00:31:54,799

effects um

929

00:31:59,509 --> 00:31:57,519

john schussler i think it is has done

930

00:32:02,710 --> 00:31:59,519

a great deal of work investigating that

931

00:32:04,310 --> 00:32:02,720

case uh kirk collins on his blog

932

00:32:06,710 --> 00:32:04,320

has a great deal of information about

933

00:32:08,149 --> 00:32:06,720

the cash landrum case

934

00:32:10,470 --> 00:32:08,159

if you go to your search engine you just

935

00:32:11,990 --> 00:32:10,480

type in cash landrum i think you it'll

936

00:32:14,230 --> 00:32:12,000

take you to all the information that's

937

00:32:16,870 --> 00:32:14,240

available on this phillip class said

938

00:32:19,430 --> 00:32:16,880

that the effects experienced by

939

00:32:21,990 --> 00:32:19,440

the two women and the young boy

940

00:32:24,549 --> 00:32:22,000

were pre-existing conditions

941

00:32:26,389 --> 00:32:24,559

and uh but it doesn't seem that's quite

942

00:32:28,950 --> 00:32:26,399

accurate because it seems that some of

943

00:32:30,310 --> 00:32:28,960

the the

944

00:32:31,990 --> 00:32:30,320

later effects and i think there may have

945

00:32:33,269 --> 00:32:32,000

been some cancer involved in there i'm

946

00:32:35,269 --> 00:32:33,279

not sure because i haven't spent a lot

947

00:32:37,110 --> 00:32:35,279

of time investigating that case

948

00:32:38,470 --> 00:32:37,120

but i think there was some cancer

949

00:32:40,149 --> 00:32:38,480

effects there and

950

00:32:42,230 --> 00:32:40,159

were lasting throughout their lives and

951
00:32:43,350 --> 00:32:42,240
there have been cases where people have

952
00:32:44,470 --> 00:32:43,360
suffered

953
00:32:45,430 --> 00:32:44,480
um

954
00:32:48,070 --> 00:32:45,440
more

955
00:32:51,110 --> 00:32:48,080
debilitating effects than was was ex

956
00:32:52,549 --> 00:32:51,120
exhibited in uh in level land so we have

957
00:32:54,070 --> 00:32:52,559
a range of those sorts of things and

958
00:32:57,430 --> 00:32:54,080
that's the other thing

959
00:33:00,149 --> 00:32:57,440
there's all these subsets of of ufology

960
00:33:02,310 --> 00:33:00,159
and i'm chasing one now where people

961
00:33:04,630 --> 00:33:02,320
were trying to take pictures or video

962
00:33:06,310 --> 00:33:04,640
with their cell phones of ufos and the

963
00:33:08,470 --> 00:33:06,320

camera failed

964

00:33:10,310 --> 00:33:08,480

camera worked fine before the ufo was

965

00:33:12,789 --> 00:33:10,320

there camera worked fine after the ufo

966

00:33:14,389 --> 00:33:12,799

was gone but when they were trying to

967

00:33:16,630 --> 00:33:14,399

video the the

968

00:33:18,149 --> 00:33:16,640

ufo the camera didn't work sometimes

969

00:33:19,190 --> 00:33:18,159

they get sound you can hear the sound

970

00:33:21,350 --> 00:33:19,200

you can hear what they're saying and you

971

00:33:24,710 --> 00:33:21,360

can hear all the sound in the background

972

00:33:26,230 --> 00:33:24,720

but the image of the ufo is is gone and

973

00:33:27,669 --> 00:33:26,240

that sort of thing and so i've been

974

00:33:29,509 --> 00:33:27,679

looking into those cases there are quite

975

00:33:31,110 --> 00:33:29,519

a few of those where the the cameras

976

00:33:33,509 --> 00:33:31,120

have failed on that so that's another

977

00:33:35,430 --> 00:33:33,519

kind of side effect of close approach of

978

00:33:38,310 --> 00:33:35,440

the ufo

979

00:33:40,230 --> 00:33:38,320

uh one event i suppose we were just just

980

00:33:42,710 --> 00:33:40,240

before camera phones became mass

981

00:33:44,389 --> 00:33:42,720

manufactured and or even available was

982

00:33:45,509 --> 00:33:44,399

the phoenix lights of course and that's

983

00:33:47,509 --> 00:33:45,519

the kind of thing we would have loved to

984

00:33:49,110 --> 00:33:47,519

have seen more footage from there was a

985

00:33:50,789 --> 00:33:49,120

huge fallout from the phoenix lakes

986

00:33:53,830 --> 00:33:50,799

event in the mid 90s because so many

987

00:33:55,509 --> 00:33:53,840

people in the the city saw these lights

988

00:33:58,549 --> 00:33:55,519

they saw what they reported as a huge

989

00:34:00,389 --> 00:33:58,559

triangle or v shape flying over overhead

990

00:34:02,149 --> 00:34:00,399

was there any similar fallout from

991

00:34:04,389 --> 00:34:02,159

levelland where the people of the town

992

00:34:05,669 --> 00:34:04,399

were scared did they report it was there

993

00:34:07,430 --> 00:34:05,679

anything that kind of carried on

994

00:34:09,190 --> 00:34:07,440

afterwards

995

00:34:10,310 --> 00:34:09,200

there doesn't seem to be and i've you

996

00:34:12,550 --> 00:34:10,320

know looked at an awful lot of the

997

00:34:13,829 --> 00:34:12,560

newspapers from from that time frame and

998

00:34:16,230 --> 00:34:13,839

you're looking at it it seemed to be

999

00:34:17,750 --> 00:34:16,240

more of an interest in the in the

1000

00:34:19,589 --> 00:34:17,760

subject there doesn't seem to be anybody

1001
00:34:22,550 --> 00:34:19,599
really frightened by it those who were

1002
00:34:23,669 --> 00:34:22,560
experienced in their car stalling

1003
00:34:25,829 --> 00:34:23,679
they were frightened because they didn't

1004
00:34:27,349 --> 00:34:25,839
understand what was going on

1005
00:34:29,190 --> 00:34:27,359
but for

1006
00:34:31,270 --> 00:34:29,200
the people in the area around that in

1007
00:34:33,109 --> 00:34:31,280
level land in lubbock in the in the west

1008
00:34:35,510 --> 00:34:33,119
texas in the panhandle there doesn't

1009
00:34:38,230 --> 00:34:35,520
seem to be any long-lasting

1010
00:34:40,389 --> 00:34:38,240
um fright and i i said you brought that

1011
00:34:43,190 --> 00:34:40,399
up i wonder if that might be a result of

1012
00:34:44,869 --> 00:34:43,200
the phoenix the lubbock lights which was

1013
00:34:47,430 --> 00:34:44,879

lubbock of course right there by level

1014

00:34:49,750 --> 00:34:47,440

land it took place in 1951 so they had

1015

00:34:52,710 --> 00:34:49,760

some experience with these sorts of

1016

00:34:55,109 --> 00:34:52,720

phenomenon being reported and there's no

1017

00:34:56,710 --> 00:34:55,119

lasting effect to anybody so i think

1018

00:34:58,870 --> 00:34:56,720

they looked at it more

1019

00:35:00,630 --> 00:34:58,880

in the realm of oh not this kind of

1020

00:35:02,550 --> 00:35:00,640

thing again as opposed to oh my god

1021

00:35:06,310 --> 00:35:02,560

what's happening around here

1022

00:35:08,310 --> 00:35:06,320

i think and i think as we move into um

1023

00:35:09,990 --> 00:35:08,320

our time frame when we're all

1024

00:35:13,910 --> 00:35:10,000

experienced with

1025

00:35:15,589 --> 00:35:13,920

movies and science fiction of of

1026
00:35:17,750 --> 00:35:15,599
alien visitation and that sort of thing

1027
00:35:19,430 --> 00:35:17,760
there's an awful lot of documentaries on

1028
00:35:21,430 --> 00:35:19,440
ufos and i think a lot of people realize

1029
00:35:25,030 --> 00:35:21,440
you know this stuff's been going on if

1030
00:35:26,710 --> 00:35:25,040
if we count from from 1947 for 75 years

1031
00:35:28,550 --> 00:35:26,720
if we take it back to the second world

1032
00:35:30,870 --> 00:35:28,560
war where the foo fighters and the the

1033
00:35:33,190 --> 00:35:30,880
ghost rockets in scandinavia and the

1034
00:35:34,870 --> 00:35:33,200
northern europe in 1946 has been going

1035
00:35:36,390 --> 00:35:34,880
on even longer

1036
00:35:38,950 --> 00:35:36,400
and there's really been no adverse

1037
00:35:40,870 --> 00:35:38,960
effect you can point to very few people

1038
00:35:43,349 --> 00:35:40,880

who are injured by close approaches of

1039

00:35:46,069 --> 00:35:43,359

ufos and that's usually a side effect

1040

00:35:48,069 --> 00:35:46,079

not something that is done purposely

1041

00:35:50,710 --> 00:35:48,079

we had

1042

00:35:53,510 --> 00:35:50,720

we can look at the thomas mantel case

1043

00:35:56,630 --> 00:35:53,520

from january of 1948 he was killed

1044

00:35:58,710 --> 00:35:56,640

chasing a ufo i believe now based on the

1045

00:36:00,550 --> 00:35:58,720

documentation we've been able to secure

1046

00:36:02,790 --> 00:36:00,560

over the years and i'm at odds with a

1047

00:36:04,310 --> 00:36:02,800

number of my my colleagues in the field

1048

00:36:05,589 --> 00:36:04,320

i believe what he saw was a skyhook

1049

00:36:06,790 --> 00:36:05,599

balloon

1050

00:36:09,910 --> 00:36:06,800

and i believe it was launched in

1051
00:36:11,510 --> 00:36:09,920
minnesota a day or so earlier and if you

1052
00:36:14,150 --> 00:36:11,520
watch the wind patterns it would have

1053
00:36:15,990 --> 00:36:14,160
been pretty much where

1054
00:36:18,230 --> 00:36:16,000
mantel saw it and the problem wasn't

1055
00:36:21,349 --> 00:36:18,240
that the ufo whatever it might have been

1056
00:36:24,470 --> 00:36:21,359
took any action to stop mantel but

1057
00:36:27,190 --> 00:36:24,480
mantel violated one of the regulations

1058
00:36:29,270 --> 00:36:27,200
he was he climbed too high

1059
00:36:31,750 --> 00:36:29,280
without benefit of oxygen

1060
00:36:34,710 --> 00:36:31,760
and i did i did some research into

1061
00:36:36,790 --> 00:36:34,720
both anoxia and hypoxia which one is the

1062
00:36:39,109 --> 00:36:36,800
complete lack of oxygen in the blood the

1063
00:36:41,349 --> 00:36:39,119

other was a reduced oxygen and blood

1064

00:36:42,390 --> 00:36:41,359

which has all kinds of effects on the

1065

00:36:45,670 --> 00:36:42,400

brain

1066

00:36:47,750 --> 00:36:45,680

and then i think at 24 000 feet without

1067

00:36:49,829 --> 00:36:47,760

supplemental oxygen oxygen the average

1068

00:36:52,310 --> 00:36:49,839

person has a useful

1069

00:36:54,390 --> 00:36:52,320

consciousness of about 10 minutes

1070

00:36:55,910 --> 00:36:54,400

if you get about 2000 feet

1071

00:36:58,230 --> 00:36:55,920

above that you've got a useful

1072

00:37:00,550 --> 00:36:58,240

consciousness of about four minutes and

1073

00:37:01,510 --> 00:37:00,560

if you get to 29 000 feet it's like 29

1074

00:37:04,630 --> 00:37:01,520

seconds

1075

00:37:07,910 --> 00:37:04,640

but the problem is mantel didn't climb

1076

00:37:10,470 --> 00:37:07,920

directly to 25 000 feet or whatever he

1077

00:37:13,670 --> 00:37:10,480

did in gradual stages so he was up

1078

00:37:16,870 --> 00:37:13,680

they were circling at about 20 000 feet

1079

00:37:18,950 --> 00:37:16,880

at one point and the wingmen with

1080

00:37:21,750 --> 00:37:18,960

mantel started experience or one of them

1081

00:37:23,510 --> 00:37:21,760

did starting experience the hypoxia and

1082

00:37:25,349 --> 00:37:23,520

they broke off the intercept and mantel

1083

00:37:26,790 --> 00:37:25,359

says well i'm going to go to 25 000 feet

1084

00:37:29,510 --> 00:37:26,800

and circle for 10 minutes and if i can't

1085

00:37:31,990 --> 00:37:29,520

get any closer then i'll break it off

1086

00:37:35,430 --> 00:37:32,000

he didn't make it to 25 000 feet he

1087

00:37:38,390 --> 00:37:35,440

passed out with the aircraft time to cr

1088

00:37:40,069 --> 00:37:38,400

to climb and at about 30 000 feet the

1089

00:37:41,589 --> 00:37:40,079

torque of the engine pulled it over into

1090

00:37:44,230 --> 00:37:41,599

a power dive and it disintegrated the

1091

00:37:46,630 --> 00:37:44,240

aircraft disintegrated about

1092

00:37:48,550 --> 00:37:46,640

19 000 feet based on the stresses on the

1093

00:37:51,750 --> 00:37:48,560

airframe that it was not designed to

1094

00:37:53,990 --> 00:37:51,760

withstand so he was

1095

00:37:55,510 --> 00:37:54,000

if if i am correct he

1096

00:37:57,270 --> 00:37:55,520

he was um

1097

00:37:59,109 --> 00:37:57,280

killed chasing a

1098

00:38:00,710 --> 00:37:59,119

skyhook balloon if my colleagues are

1099

00:38:02,470 --> 00:38:00,720

correct he was killed chasing a flying

1100

00:38:04,390 --> 00:38:02,480

saucer but the flying saucer the ufo

1101

00:38:08,069 --> 00:38:04,400

took no action against him

1102

00:38:11,030 --> 00:38:08,079

so no matter what the object was the the

1103

00:38:13,430 --> 00:38:11,040

the result of the aircraft accident was

1104

00:38:15,510 --> 00:38:13,440

mantel violation of orders which said

1105

00:38:17,670 --> 00:38:15,520

above 14 000 feature required to use

1106

00:38:19,589 --> 00:38:17,680

oxygen and he didn't although the

1107

00:38:21,430 --> 00:38:19,599

aircraft was equipped for oxygen the

1108

00:38:23,190 --> 00:38:21,440

oxygen had not been charged and he may

1109

00:38:24,470 --> 00:38:23,200

not have had his oxygen mask with him

1110

00:38:26,470 --> 00:38:24,480

because the flight was scheduled to be

1111

00:38:28,150 --> 00:38:26,480

at 5000 feet so there was no need for

1112

00:38:30,150 --> 00:38:28,160

the oxygen equipment

1113

00:38:31,670 --> 00:38:30,160

breaking news this important public

1114

00:38:33,750 --> 00:38:31,680

service announcement is brought to you

1115

00:38:35,589 --> 00:38:33,760

by manscaped.com

1116

00:38:37,349 --> 00:38:35,599

this is your public service announcement

1117

00:38:39,190 --> 00:38:37,359

and the news you've all been waiting for

1118

00:38:40,950 --> 00:38:39,200

the manscaped engineering team has

1119

00:38:44,069 --> 00:38:40,960

confirmed that they have successfully

1120

00:38:46,310 --> 00:38:44,079

created the lawnmower 4.0 trimmer which

1121

00:38:48,790 --> 00:38:46,320

is now available for purchase in the eu

1122

00:38:50,710 --> 00:38:48,800

and uk this new tremor was just released

1123

00:38:52,870 --> 00:38:50,720

only moments ago and we are one of the

1124

00:38:55,270 --> 00:38:52,880

first to get our hands on it and share

1125

00:38:57,270 --> 00:38:55,280

the news join over 2 million men

1126
00:38:59,109 --> 00:38:57,280
worldwide who trust manscape with this

1127
00:39:02,470 --> 00:38:59,119
exclusive offer for you

1128
00:39:05,910 --> 00:39:02,480
20 off and free shipping with the code

1129
00:39:07,589 --> 00:39:05,920
and the ufo at manscape.com

1130
00:39:10,150 --> 00:39:07,599
i'm one of the first people to try the

1131
00:39:12,230 --> 00:39:10,160
new 4.0 and i am blown away by the

1132
00:39:15,109 --> 00:39:12,240
performance the craftsmanship and

1133
00:39:17,270 --> 00:39:15,119
details on the 4.0 our next level

1134
00:39:19,589 --> 00:39:17,280
generations ahead of where it should be

1135
00:39:21,829 --> 00:39:19,599
the advanced ceramic blade and skin safe

1136
00:39:23,750 --> 00:39:21,839
technology is so good that it almost

1137
00:39:26,310 --> 00:39:23,760
seems that landscape will work with at

1138
00:39:29,829 --> 00:39:26,320

s4 with bob lazar and others to ensure

1139

00:39:31,510 --> 00:39:29,839

your sources are as safe as possible

1140

00:39:33,510 --> 00:39:31,520

i have a couple of colleagues dave

1141

00:39:35,270 --> 00:39:33,520

partridge and graham rendell who

1142

00:39:37,510 --> 00:39:35,280

actually want to speak to you and but

1143

00:39:39,270 --> 00:39:37,520

they are um specialists from the uk

1144

00:39:41,670 --> 00:39:39,280

especially when it comes to historical

1145

00:39:43,109 --> 00:39:41,680

um ufo cases graham's got a fantastic

1146

00:39:45,349 --> 00:39:43,119

book out about the foo fighters that you

1147

00:39:46,630 --> 00:39:45,359

mentioned of world war ii um but i'll

1148

00:39:47,910 --> 00:39:46,640

pass that information on to you at the

1149

00:39:50,550 --> 00:39:47,920

end but they would love to speak to you

1150

00:39:52,470 --> 00:39:50,560

about that mantel case as well but what

1151

00:39:54,950 --> 00:39:52,480

i would like to know kevin is what can

1152

00:39:56,870 --> 00:39:54,960

these historical events like levelland

1153

00:39:58,710 --> 00:39:56,880

like roswell that you've got a new book

1154

00:40:01,030 --> 00:39:58,720

coming out about you say as well what

1155

00:40:02,950 --> 00:40:01,040

can they teach us about the phenomenon

1156

00:40:05,030 --> 00:40:02,960

today and help us understand what may be

1157

00:40:08,069 --> 00:40:05,040

happening

1158

00:40:09,589 --> 00:40:08,079

what we're looking at is

1159

00:40:10,550 --> 00:40:09,599

investigations that took place at the

1160

00:40:11,589 --> 00:40:10,560

time

1161

00:40:13,510 --> 00:40:11,599

so

1162

00:40:15,670 --> 00:40:13,520

information was gathered at the time and

1163

00:40:18,630 --> 00:40:15,680

then we've got subsequent investigations

1164

00:40:20,550 --> 00:40:18,640

conducted by both military

1165

00:40:21,750 --> 00:40:20,560

and civilians

1166

00:40:23,990 --> 00:40:21,760

through the through the years so we've

1167

00:40:27,910 --> 00:40:24,000

gathered a great deal of data and what

1168

00:40:32,950 --> 00:40:31,109

an effort to suppress the information

1169

00:40:34,790 --> 00:40:32,960

by

1170

00:40:36,870 --> 00:40:34,800

the american government and i think

1171

00:40:38,710 --> 00:40:36,880

maybe the british government and other

1172

00:40:41,109 --> 00:40:38,720

governments around the world to suppress

1173

00:40:42,390 --> 00:40:41,119

the information and i know the air force

1174

00:40:45,270 --> 00:40:42,400

the australians were going to

1175

00:40:47,349 --> 00:40:45,280

investigate ufos based on reading

1176

00:40:49,589 --> 00:40:47,359

don quijo's book flying saucers from

1177

00:40:51,990 --> 00:40:49,599

outer space or one of one of those books

1178

00:40:54,390 --> 00:40:52,000

and so the air force officers contacted

1179

00:40:56,630 --> 00:40:54,400

american officers about

1180

00:40:57,990 --> 00:40:56,640

ufos flying saucers and the americans

1181

00:40:59,670 --> 00:40:58,000

attitude was oh there's nothing to it

1182

00:41:00,870 --> 00:40:59,680

you can't believe a thing kehoe says

1183

00:41:02,390 --> 00:41:00,880

don't do it

1184

00:41:04,470 --> 00:41:02,400

turns out if you

1185

00:41:06,550 --> 00:41:04,480

go back and you research

1186

00:41:08,710 --> 00:41:06,560

kehoe's book carefully you see that most

1187

00:41:10,710 --> 00:41:08,720

of what he printed although he couldn't

1188

00:41:12,710 --> 00:41:10,720

name all the sources he had because they

1189

00:41:15,190 --> 00:41:12,720

were talking to him

1190

00:41:16,950 --> 00:41:15,200

off the record so to speak

1191

00:41:19,109 --> 00:41:16,960

the information was accurate

1192

00:41:21,990 --> 00:41:19,119

so you see our air force the u.s air

1193

00:41:24,550 --> 00:41:22,000

force manipulating the air forces in

1194

00:41:25,349 --> 00:41:24,560

other countries to to not

1195

00:41:27,030 --> 00:41:25,359

do

1196

00:41:28,710 --> 00:41:27,040

solid investigations

1197

00:41:31,270 --> 00:41:28,720

but by going back and studying these

1198

00:41:34,150 --> 00:41:31,280

cases we learn an awful lot about not

1199

00:41:36,309 --> 00:41:34,160

only what was going on we get some clues

1200

00:41:38,630 --> 00:41:36,319

about propulsion we get some com some

1201

00:41:40,630 --> 00:41:38,640

clues about uh

1202

00:41:43,030 --> 00:41:40,640

other aspects of it but the thing that's

1203

00:41:45,990 --> 00:41:43,040

really important i think is if you're

1204

00:41:48,710 --> 00:41:46,000

told repeatedly something is impossible

1205

00:41:50,710 --> 00:41:48,720

you probably don't attempt it but if you

1206

00:41:52,550 --> 00:41:50,720

realize it is possible and you're not

1207

00:41:55,990 --> 00:41:52,560

sure how it's done you begin to try to

1208

00:41:58,630 --> 00:41:56,000

figure out how to do it yourselves so if

1209

00:42:00,870 --> 00:41:58,640

we could we are blessed with the

1210

00:42:02,390 --> 00:42:00,880

information that interstellar flight is

1211

00:42:06,230 --> 00:42:02,400

possible

1212

00:42:07,430 --> 00:42:06,240

distances and the technology we possess

1213

00:42:09,589 --> 00:42:07,440

at the time

1214

00:42:11,030 --> 00:42:09,599

we just can't really do it

1215

00:42:12,470 --> 00:42:11,040

but if somebody else has figured out how

1216

00:42:13,829 --> 00:42:12,480

to do it that means there's a means to

1217

00:42:16,390 --> 00:42:13,839

it and then we begin looking for the

1218

00:42:18,150 --> 00:42:16,400

means rather than not looking whatsoever

1219

00:42:19,510 --> 00:42:18,160

and i think that's one of the important

1220

00:42:20,630 --> 00:42:19,520

things that comes out of that is

1221

00:42:22,390 --> 00:42:20,640

learning

1222

00:42:24,309 --> 00:42:22,400

something new about that it tells us

1223

00:42:25,430 --> 00:42:24,319

that we're not alone in the universe but

1224

00:42:28,390 --> 00:42:25,440

it also

1225

00:42:31,750 --> 00:42:28,400

suggests a way that we may be able to

1226

00:42:33,430 --> 00:42:31,760

explore part of our galaxy ourselves

1227

00:42:35,430 --> 00:42:33,440

uh and i think that's one of the

1228

00:42:36,870 --> 00:42:35,440

important things to come out of it and

1229

00:42:38,870 --> 00:42:36,880

we get hints

1230

00:42:40,069 --> 00:42:38,880

about it we learned that the air force

1231

00:42:42,470 --> 00:42:40,079

at one time was going to set up

1232

00:42:43,750 --> 00:42:42,480

spectroscopic cameras around the country

1233

00:42:45,510 --> 00:42:43,760

to see if they could photograph the

1234

00:42:47,670 --> 00:42:45,520

light coming from ufos and get a

1235

00:42:49,990 --> 00:42:47,680

spectroscopic analysis i'm not sure

1236

00:42:51,910 --> 00:42:50,000

exactly what that would have

1237

00:42:53,670 --> 00:42:51,920

revealed to them but it might have given

1238

00:42:54,550 --> 00:42:53,680

them a hint about the propulsion systems

1239

00:42:56,069 --> 00:42:54,560

you know

1240

00:42:59,670 --> 00:42:56,079

something like that

1241

00:43:02,069 --> 00:42:59,680

or or if we got a glowing object the the

1242

00:43:04,390 --> 00:43:02,079

metallic structure of the craft i don't

1243

00:43:07,109 --> 00:43:04,400

know what all it would have told us if

1244

00:43:09,349 --> 00:43:07,119

they had the cameras out and located uh

1245

00:43:11,270 --> 00:43:09,359

we might have gotten photographs of the

1246

00:43:12,950 --> 00:43:11,280

object independently from two or three

1247

00:43:15,270 --> 00:43:12,960

locations and that would tell us a great

1248

00:43:16,950 --> 00:43:15,280

deal about its capabilities how high was

1249

00:43:18,550 --> 00:43:16,960

it flying how fast it was going how

1250

00:43:20,950 --> 00:43:18,560

large was it all those sorts of things

1251
00:43:22,950 --> 00:43:20,960
we could have defined from a proper

1252
00:43:24,630 --> 00:43:22,960
investigation and you can see in the

1253
00:43:26,710 --> 00:43:24,640
project blue book files as we look

1254
00:43:27,910 --> 00:43:26,720
through those these sorts of things were

1255
00:43:30,470 --> 00:43:27,920
attempted

1256
00:43:32,150 --> 00:43:30,480
uh but only haphazardly they were gonna

1257
00:43:35,670 --> 00:43:32,160
put out some cameras but well we got one

1258
00:43:37,270 --> 00:43:35,680
camera so that's not much uh ed rupelt

1259
00:43:38,950 --> 00:43:37,280
who was the

1260
00:43:41,430 --> 00:43:38,960
head chief of project blue book at one

1261
00:43:42,950 --> 00:43:41,440
time talked about the green fireballs

1262
00:43:45,270 --> 00:43:42,960
which were seen over

1263
00:43:47,510 --> 00:43:45,280

the desert southwest in great numbers in

1264

00:43:49,589 --> 00:43:47,520

the late 1940s and they were going to

1265

00:43:51,910 --> 00:43:49,599

set up cameras to photograph the green

1266

00:43:53,270 --> 00:43:51,920

fireballs apparently they did set up a

1267

00:43:54,390 --> 00:43:53,280

camera and apparently they got pictures

1268

00:43:56,069 --> 00:43:54,400

because there's hints to it but the

1269

00:43:57,430 --> 00:43:56,079

pictures never show up

1270

00:43:58,790 --> 00:43:57,440

we don't know where the pictures went we

1271

00:44:00,390 --> 00:43:58,800

don't know who has those pictures we

1272

00:44:03,990 --> 00:44:00,400

don't know where they went

1273

00:44:06,710 --> 00:44:04,000

if we do have a crashed ufo as as

1274

00:44:09,349 --> 00:44:06,720

roswell seems to suggest and we can't

1275

00:44:10,950 --> 00:44:09,359

figure out how it works

1276

00:44:12,870 --> 00:44:10,960

then we take a big step over our

1277

00:44:14,550 --> 00:44:12,880

competitors in the world

1278

00:44:16,390 --> 00:44:14,560

but we also learn how to travel

1279

00:44:19,270 --> 00:44:16,400

interstellar distances

1280

00:44:21,990 --> 00:44:19,280

and i think the technology may be so far

1281

00:44:24,069 --> 00:44:22,000

beyond our capability to understand at

1282

00:44:26,390 --> 00:44:24,079

this point we haven't figured it out and

1283

00:44:29,510 --> 00:44:26,400

the best example it worked much better

1284

00:44:30,390 --> 00:44:29,520

in the 1990s is if you take a vcr

1285

00:45:15,349 --> 00:44:30,400

a

1286

00:45:16,550 --> 00:45:15,359

don't think we figured much of it out

1287

00:45:18,230 --> 00:45:16,560

yet

1288

00:45:20,069 --> 00:45:18,240

people who listen to the podcasts will

1289

00:45:22,150 --> 00:45:20,079

appreciate i like a good analogy so i

1290

00:45:23,829 --> 00:45:22,160

like that melon one i'll probably steal

1291

00:45:25,430 --> 00:45:23,839

that going forward at times kevin if you

1292

00:45:28,150 --> 00:45:25,440

don't mind

1293

00:45:29,910 --> 00:45:28,160

just credit me with it oh always always

1294

00:45:32,069 --> 00:45:29,920

give credit always well and if i don't

1295

00:45:33,670 --> 00:45:32,079

people can fill me up on that

1296

00:45:35,510 --> 00:45:33,680

you've mentioned there obviously some

1297

00:45:37,190 --> 00:45:35,520

common factors is there anything you've

1298

00:45:39,510 --> 00:45:37,200

noticed in your years of writing

1299

00:45:41,589 --> 00:45:39,520

investigation and research that have

1300

00:45:43,430 --> 00:45:41,599

given you any clues as to the crafts

1301
00:45:45,670 --> 00:45:43,440
origin you've mentioned interstellar

1302
00:45:48,150 --> 00:45:45,680
travel people potentially visiting from

1303
00:45:49,750 --> 00:45:48,160
different galaxies what for you is the

1304
00:45:52,309 --> 00:45:49,760
your best somebody you can put together

1305
00:45:54,069 --> 00:45:52,319
of what this phenomenon may be

1306
00:45:55,430 --> 00:45:54,079
i would say it's not interplanetary

1307
00:45:56,950 --> 00:45:55,440
meaning it doesn't come from inside the

1308
00:45:58,309 --> 00:45:56,960
solar system because we pretty well

1309
00:45:59,990 --> 00:45:58,319
surveyed

1310
00:46:01,990 --> 00:46:00,000
all the bodies in the solar system that

1311
00:46:03,510 --> 00:46:02,000
could have intelligent life on it

1312
00:46:07,030 --> 00:46:03,520
producing these sorts of things and we

1313
00:46:09,910 --> 00:46:07,040

realize that jupiter and saturn are

1314

00:46:13,829 --> 00:46:09,920

impossible the same with uranus and uh

1315

00:46:15,670 --> 00:46:13,839

neptune pluto is way out there in a cold

1316

00:46:17,990 --> 00:46:15,680

world there's really nothing apparently

1317

00:46:20,950 --> 00:46:18,000

on mars venus you land your spacecraft

1318

00:46:23,030 --> 00:46:20,960

on venus and it's going to melt and

1319

00:46:25,270 --> 00:46:23,040

mercury is kind of out of the question

1320

00:46:27,510 --> 00:46:25,280

some of the moons around the the planets

1321

00:46:29,910 --> 00:46:27,520

tighten for example around site it's

1322

00:46:34,150 --> 00:46:32,230

would be more earth-like but then you've

1323

00:46:35,349 --> 00:46:34,160

got a problem with

1324

00:46:37,589 --> 00:46:35,359

the

1325

00:46:38,950 --> 00:46:37,599

temperatures and things like that so i

1326

00:46:39,990 --> 00:46:38,960

think i think we've pretty well ruled

1327

00:46:41,670 --> 00:46:40,000

out

1328

00:46:44,710 --> 00:46:41,680

interplanetary flight and i think in the

1329

00:46:46,230 --> 00:46:44,720

1950s and late 1940s 1950s they were

1330

00:46:48,150 --> 00:46:46,240

thinking in terms of interplanetary

1331

00:46:50,630 --> 00:46:48,160

flight as opposed to interstellar

1332

00:46:51,990 --> 00:46:50,640

when we move beyond that

1333

00:46:53,670 --> 00:46:52,000

i would guess

1334

00:46:54,630 --> 00:46:53,680

and it's only a guess

1335

00:46:57,270 --> 00:46:54,640

that

1336

00:46:59,190 --> 00:46:57,280

they would come from within our

1337

00:47:00,150 --> 00:46:59,200

galactic neighborhood

1338

00:47:02,309 --> 00:47:00,160

um

1339

00:47:04,150 --> 00:47:02,319

100 light years away

1340

00:47:05,510 --> 00:47:04,160

50 light years away i don't know how

1341

00:47:06,309 --> 00:47:05,520

fast they can travel i don't know how

1342

00:47:11,109 --> 00:47:06,319

they

1343

00:47:14,150 --> 00:47:11,119

the galaxy in a matter of hours

1344

00:47:15,670 --> 00:47:14,160

based on their technology or a way of

1345

00:47:16,630 --> 00:47:15,680

warping space

1346

00:47:18,790 --> 00:47:16,640

to

1347

00:47:20,870 --> 00:47:18,800

shorten those distances i don't know and

1348

00:47:22,470 --> 00:47:20,880

i and if i had an answer to that i'd be

1349

00:47:25,829 --> 00:47:22,480

really really rich

1350

00:47:27,750 --> 00:47:25,839

and i wouldn't be doing podcasts

1351
00:47:29,349 --> 00:47:27,760
i'd be on my mega yacht having a good

1352
00:47:31,349 --> 00:47:29,359
time somewhere

1353
00:47:33,430 --> 00:47:31,359
or flying around in my private air cl

1354
00:47:34,630 --> 00:47:33,440
aircraft uh flipping off people i don't

1355
00:47:36,470 --> 00:47:34,640
know

1356
00:47:39,349 --> 00:47:36,480
but but i mean the point is i i really

1357
00:47:41,829 --> 00:47:39,359
don't know we used to say that the only

1358
00:47:43,589 --> 00:47:41,839
real clue we had was from the betty hill

1359
00:47:44,309 --> 00:47:43,599
star map from her

1360
00:47:46,950 --> 00:47:44,319
and

1361
00:47:50,230 --> 00:47:46,960
barney hill's abduction in the in 1961

1362
00:47:52,950 --> 00:47:50,240
and she produced this star map and

1363
00:47:54,950 --> 00:47:52,960

marjorie fish created a 3d model and

1364

00:47:57,270 --> 00:47:54,960

pegged it as being zeta one zeta two

1365

00:47:58,790 --> 00:47:57,280

reticuli which is a double star system

1366

00:48:01,549 --> 00:47:58,800

some

1367

00:48:05,670 --> 00:48:01,559

30 37 38 point light

1368

00:48:08,870 --> 00:48:07,510

but that information is

1369

00:48:09,990 --> 00:48:08,880

flawed

1370

00:48:11,910 --> 00:48:10,000

because

1371

00:48:14,230 --> 00:48:11,920

according to betty hill it was a 3d

1372

00:48:16,390 --> 00:48:14,240

representation she saw and she was she

1373

00:48:18,069 --> 00:48:16,400

was drawing it in two dimensions so that

1374

00:48:20,309 --> 00:48:18,079

would have distorted it

1375

00:48:22,470 --> 00:48:20,319

marjorie fish when she did her work

1376

00:48:23,430 --> 00:48:22,480

eliminated all red dwarf stars because

1377

00:48:25,430 --> 00:48:23,440

she

1378

00:48:27,510 --> 00:48:25,440

deduced there would be nothing around a

1379

00:48:29,990 --> 00:48:27,520

red dwarf that would have be of interest

1380

00:48:31,910 --> 00:48:30,000

to a space-faring race and my counter

1381

00:48:33,829 --> 00:48:31,920

argument would be that there may not be

1382

00:48:35,750 --> 00:48:33,839

any civilized planets around that but

1383

00:48:37,510 --> 00:48:35,760

there may be some element

1384

00:48:39,349 --> 00:48:37,520

that is crucial for them that they could

1385

00:48:41,190 --> 00:48:39,359

find in one or two of these systems so

1386

00:48:44,710 --> 00:48:41,200

it may be important for them to look at

1387

00:48:50,790 --> 00:48:47,750

there has been some work done suggesting

1388

00:48:53,990 --> 00:48:50,800

better distances to those

1389

00:48:57,829 --> 00:48:54,000

planet or those star systems that

1390

00:49:01,750 --> 00:48:59,589

are not where she thought they were so

1391

00:49:03,589 --> 00:49:01,760

the star map is kind of distorted there

1392

00:49:05,589 --> 00:49:03,599

but that was the only clue we really had

1393

00:49:07,829 --> 00:49:05,599

if you remember the movie alien

1394

00:49:10,150 --> 00:49:07,839

the star system they go into is zeta 1

1395

00:49:11,990 --> 00:49:10,160

zeta 2 reticuli they mentioned that i

1396

00:49:13,190 --> 00:49:12,000

caught that some years later as i was

1397

00:49:14,549 --> 00:49:13,200

watching the movie said oh my god

1398

00:49:16,790 --> 00:49:14,559

they're there

1399

00:49:17,829 --> 00:49:16,800

and and that's where the they found the

1400

00:49:20,230 --> 00:49:17,839

alien

1401

00:49:22,230 --> 00:49:20,240

but i don't think that's relevant

1402

00:49:23,910 --> 00:49:22,240

but i i really don't know and i i just

1403

00:49:27,190 --> 00:49:23,920

can't say i i would say that they come

1404

00:49:29,109 --> 00:49:27,200

from inside our galaxy our galaxy is 110

1405

00:49:31,190 --> 00:49:29,119

000 light years across and 30 000 light

1406

00:49:33,030 --> 00:49:31,200

years deep or something like that and

1407

00:49:34,790 --> 00:49:33,040

we're on the outer edges the fringes of

1408

00:49:36,470 --> 00:49:34,800

the galaxy

1409

00:49:37,910 --> 00:49:36,480

uh so you could be talking about

1410

00:49:39,430 --> 00:49:37,920

somebody who's a hundred thousand light

1411

00:49:40,790 --> 00:49:39,440

years away and then you move to other

1412

00:49:42,790 --> 00:49:40,800

galaxies

1413

00:49:45,190 --> 00:49:42,800

i think the nearest galaxy is andromeda

1414

00:49:47,589 --> 00:49:45,200

and it's about 2.5 million light years

1415

00:49:49,510 --> 00:49:47,599

away so i can't see him traversing that

1416

00:49:51,589 --> 00:49:49,520

distance but if there's a way of bending

1417

00:49:53,430 --> 00:49:51,599

space maybe it is all things are

1418

00:49:54,630 --> 00:49:53,440

possible i don't know

1419

00:49:56,069 --> 00:49:54,640

so i don't know where they're coming

1420

00:49:57,190 --> 00:49:56,079

that's a long-winded answer to say i

1421

00:49:58,549 --> 00:49:57,200

don't know

1422

00:50:00,549 --> 00:49:58,559

no that's fair enough but you know what

1423

00:50:03,109 --> 00:50:00,559

gives me a little bit of hope is like

1424

00:50:05,270 --> 00:50:03,119

you say when you think about it it seems

1425

00:50:07,349 --> 00:50:05,280

impossible and incomprehensible that we

1426

00:50:09,349 --> 00:50:07,359

could traverse that that distance that

1427

00:50:11,030 --> 00:50:09,359

level of space but like you see when

1428

00:50:13,190 --> 00:50:11,040

merlin saw the videotape and saw that

1429

00:50:14,790 --> 00:50:13,200

black ribbon and then saw pictures on a

1430

00:50:16,630 --> 00:50:14,800

screen that would have seemed impossible

1431

00:50:18,870 --> 00:50:16,640

as well so there just might be that

1432

00:50:21,190 --> 00:50:18,880

something that one day is really common

1433

00:50:22,630 --> 00:50:21,200

that we don't quite understand yet

1434

00:50:24,549 --> 00:50:22,640

what i would like to put to kevin just

1435

00:50:26,390 --> 00:50:24,559

before we get to some listener questions

1436

00:50:28,549 --> 00:50:26,400

i heard you on on hubbard hughes

1437

00:50:30,870 --> 00:50:28,559

unexplained radio show a couple of weeks

1438

00:50:32,549 --> 00:50:30,880

ago and you said you've there's been a

1439

00:50:34,390 --> 00:50:32,559

lot of progress people have talked about

1440

00:50:35,910 --> 00:50:34,400

that has been made in recent years and

1441

00:50:37,750 --> 00:50:35,920

some folks are getting really excited

1442

00:50:39,510 --> 00:50:37,760

we're going to get some form of

1443

00:50:41,589 --> 00:50:39,520

disclosure from the government something

1444

00:50:43,670 --> 00:50:41,599

like that but you said like others have

1445

00:50:45,589 --> 00:50:43,680

that you've seen this before you've

1446

00:50:47,910 --> 00:50:45,599

experienced this that it's it's

1447

00:50:49,190 --> 00:50:47,920

potentially going to just fizzle away

1448

00:50:50,549 --> 00:50:49,200

the government are going to keep things

1449

00:50:52,309 --> 00:50:50,559

classified they're not going to get the

1450

00:50:54,470 --> 00:50:52,319

reports that are due

1451
00:50:57,190 --> 00:50:54,480
is there anything you have seen that you

1452
00:50:58,790 --> 00:50:57,200
think maybe this time something could or

1453
00:51:01,030 --> 00:50:58,800
may be a little bit different that we

1454
00:51:02,790 --> 00:51:01,040
get some form of progress on this

1455
00:51:04,470 --> 00:51:02,800
subject

1456
00:51:06,230 --> 00:51:04,480
you have to look at it from the point of

1457
00:51:07,750 --> 00:51:06,240
view of the deep state and you have to

1458
00:51:09,270 --> 00:51:07,760
look at from the point of view of the

1459
00:51:11,510 --> 00:51:09,280
purpose of the deep state is to keep the

1460
00:51:14,230 --> 00:51:11,520
deep state in power and keep those in

1461
00:51:15,990 --> 00:51:14,240
those positions of power well financed

1462
00:51:17,349 --> 00:51:16,000
and they have no motivation to release

1463
00:51:19,430 --> 00:51:17,359

the information there's absolutely

1464

00:51:20,790 --> 00:51:19,440

nothing they gain by releasing the

1465

00:51:22,870 --> 00:51:20,800

information and in fact it could

1466

00:51:24,549 --> 00:51:22,880

undercut their power i did a book called

1467

00:51:26,950 --> 00:51:24,559

ufos in the deep state that came out

1468

00:51:29,030 --> 00:51:26,960

what a year ago something like that

1469

00:51:31,030 --> 00:51:29,040

and looked at this in depth and you know

1470

00:51:33,349 --> 00:51:31,040

people say why they continue to keep it

1471

00:51:34,950 --> 00:51:33,359

classified and if you look at the way at

1472

00:51:37,190 --> 00:51:34,960

least our government works here in the

1473

00:51:39,670 --> 00:51:37,200

united states

1474

00:51:42,150 --> 00:51:39,680

you have a transition of power

1475

00:51:45,510 --> 00:51:42,160

at the very top the president every

1476

00:51:47,349 --> 00:51:45,520

every eight years at least

1477

00:51:49,190 --> 00:51:47,359

sometimes it's only four years sometimes

1478

00:51:51,510 --> 00:51:49,200

it's eight years depending on the

1479

00:51:52,870 --> 00:51:51,520

president uh and and

1480

00:51:54,710 --> 00:51:52,880

the elections

1481

00:51:56,549 --> 00:51:54,720

but the people

1482

00:51:58,470 --> 00:51:56,559

they bring into the government you see

1483

00:52:00,630 --> 00:51:58,480

the names coming up again and again and

1484

00:52:02,790 --> 00:52:00,640

again uh people who were in the clinton

1485

00:52:05,030 --> 00:52:02,800

administration in the 1990s are showing

1486

00:52:06,870 --> 00:52:05,040

up in the biden administration

1487

00:52:09,910 --> 00:52:06,880

in some of the top level spots and the

1488

00:52:12,390 --> 00:52:09,920

bureaucrats stay there all the time you

1489

00:52:14,870 --> 00:52:12,400

know so bureaucrats who came to came to

1490

00:52:17,109 --> 00:52:14,880

work in um the clinton administration

1491

00:52:20,150 --> 00:52:17,119

may are still working in their positions

1492

00:52:21,589 --> 00:52:20,160

in the in the biden administration

1493

00:52:23,670 --> 00:52:21,599

and they want to maintain their power

1494

00:52:25,910 --> 00:52:23,680

and maintain their elite status and i

1495

00:52:28,790 --> 00:52:25,920

think that's one of the reasons we see

1496

00:52:31,589 --> 00:52:28,800

the persistence of the secrecy

1497

00:52:32,870 --> 00:52:31,599

anytime a technologically advanced

1498

00:52:40,470 --> 00:52:32,880

civilization

1499

00:52:43,109 --> 00:52:40,480

exist not necessarily through contact or

1500

00:52:46,710 --> 00:52:43,119

warfare warfare or

1501
00:52:48,390 --> 00:52:46,720
conquest the mere contact and there's a

1502
00:52:50,630 --> 00:52:48,400
bet a really great example from

1503
00:52:53,270 --> 00:52:50,640
anthropological history where

1504
00:52:55,829 --> 00:52:53,280
anthropologists went to

1505
00:52:57,750 --> 00:52:55,839
study a primitive tribe and the tribe

1506
00:52:59,109 --> 00:52:57,760
have an underlying sociological

1507
00:53:01,750 --> 00:52:59,119
structure

1508
00:53:04,230 --> 00:53:01,760
where if you needed a stone axe you had

1509
00:53:06,630 --> 00:53:04,240
to go through a ritual or a series of

1510
00:53:10,549 --> 00:53:06,640
steps to get permission from the leaders

1511
00:53:12,390 --> 00:53:10,559
of that society to use the stone axe

1512
00:53:14,790 --> 00:53:12,400
the anthropologist brought a number of

1513
00:53:17,270 --> 00:53:14,800

steel axes with him and to induce people

1514

00:53:19,270 --> 00:53:17,280

to talk with him about their society and

1515

00:53:21,750 --> 00:53:19,280

things like that he'd give them a steel

1516

00:53:23,510 --> 00:53:21,760

axe he has now undercut one of the

1517

00:53:26,230 --> 00:53:23,520

underpinnings of that society

1518

00:53:28,549 --> 00:53:26,240

unintentionally but he radically altered

1519

00:53:30,790 --> 00:53:28,559

that society by in the introduction of a

1520

00:53:34,630 --> 00:53:30,800

steel axe which is a far superior

1521

00:53:37,349 --> 00:53:34,640

device than a stone axe and i think they

1522

00:53:39,030 --> 00:53:37,359

understand this that the mir

1523

00:53:40,470 --> 00:53:39,040

presence of this technology would

1524

00:53:43,430 --> 00:53:40,480

radically alter

1525

00:53:45,670 --> 00:53:43,440

our civilizations around the world and

1526
00:53:47,910 --> 00:53:45,680
if they introduce any of that technology

1527
00:53:49,910 --> 00:53:47,920
to us it's going to change the power

1528
00:53:51,670 --> 00:53:49,920
structure i think they fear that

1529
00:53:53,030 --> 00:53:51,680
i think the only way we're going to get

1530
00:53:54,870 --> 00:53:53,040
disclosure

1531
00:53:57,109 --> 00:53:54,880
is if the

1532
00:53:58,069 --> 00:53:57,119
alien creatures decide it's time to let

1533
00:54:00,150 --> 00:53:58,079
us know

1534
00:54:01,510 --> 00:54:00,160
and they land somewhere where the

1535
00:54:02,710 --> 00:54:01,520
government can't

1536
00:54:05,750 --> 00:54:02,720
cover it up

1537
00:54:07,430 --> 00:54:05,760
and the news media is there to

1538
00:54:09,349 --> 00:54:07,440

interview them of course we have to be

1539

00:54:10,870 --> 00:54:09,359

careful we don't end up with to serve

1540

00:54:13,430 --> 00:54:10,880

man which was a wonderful twilight

1541

00:54:14,710 --> 00:54:13,440

episode

1542

00:54:15,589 --> 00:54:14,720

but

1543

00:54:22,790 --> 00:54:15,599

the

1544

00:54:25,510 --> 00:54:22,800

motivation

1545

00:54:27,430 --> 00:54:25,520

by those in power to reveal the

1546

00:54:29,670 --> 00:54:27,440

information they have about ufos and we

1547

00:54:32,470 --> 00:54:29,680

have hints about how extraordinary this

1548

00:54:34,150 --> 00:54:32,480

information is because we can see it in

1549

00:54:35,750 --> 00:54:34,160

the way they bungled the investigation

1550

00:54:37,990 --> 00:54:35,760

but the information we've been able to

1551

00:54:39,349 --> 00:54:38,000

gather since then that shows where their

1552

00:54:41,829 --> 00:54:39,359

mistakes were made how they were

1553

00:54:43,510 --> 00:54:41,839

manipulating the data to keep us all in

1554

00:54:45,349 --> 00:54:43,520

the dark and it starts it starts

1555

00:54:46,470 --> 00:54:45,359

essentially in the united states with

1556

00:54:49,109 --> 00:54:46,480

roswell

1557

00:54:50,630 --> 00:54:49,119

and it continues on from that we had the

1558

00:55:10,390 --> 00:54:50,640

the

1559

00:55:12,309 --> 00:55:10,400

scientific investigation of ufos and yet

1560

00:55:14,470 --> 00:55:12,319

the conclusions were written before the

1561

00:55:15,589 --> 00:55:14,480

investigation began an air force officer

1562

00:55:17,190 --> 00:55:15,599

wrote to

1563

00:55:18,309 --> 00:55:17,200

uh the conduct committee and said here's

1564

00:55:20,470 --> 00:55:18,319

what we'd like you to find and they

1565

00:55:21,910 --> 00:55:20,480

wrote back say yeah we can do that i've

1566

00:55:25,950 --> 00:55:21,920

got the letter

1567

00:55:28,870 --> 00:55:27,430

www.kevinrental.blogspot.com just type

1568

00:55:31,030 --> 00:55:28,880

in hitler letter and it'll take you to

1569

00:55:33,670 --> 00:55:31,040

that information

1570

00:55:34,789 --> 00:55:33,680

i'll put the blog address and uh i'm

1571

00:55:36,789 --> 00:55:34,799

just making a note of that now for the

1572

00:55:38,630 --> 00:55:36,799

listeners because i tend to forget those

1573

00:55:40,950 --> 00:55:38,640

in the description of the podcast as

1574

00:55:42,390 --> 00:55:40,960

well folks and listen on that kevin time

1575

00:55:44,710 --> 00:55:42,400

will tell hopefully we do get that

1576

00:55:46,710 --> 00:55:44,720

progress but i've said on the podcast

1577

00:55:48,150 --> 00:55:46,720

before i completely understand folks who

1578

00:55:50,230 --> 00:55:48,160

have been in this involved in this

1579

00:55:51,510 --> 00:55:50,240

subject for a lot longer than myself and

1580

00:55:53,910 --> 00:55:51,520

others who listen

1581

00:55:55,510 --> 00:55:53,920

that why they they are trepidatious and

1582

00:55:57,670 --> 00:55:55,520

why they say that they've seen this kind

1583

00:55:59,349 --> 00:55:57,680

of thing happen before so hopefully we

1584

00:56:01,589 --> 00:55:59,359

get something different but i can see

1585

00:56:03,190 --> 00:56:01,599

both points of view um let's get to some

1586

00:56:05,109 --> 00:56:03,200

listener questions kevin and the time we

1587

00:56:07,589 --> 00:56:05,119

have remaining um the first question is

1588

00:56:09,829 --> 00:56:07,599

from matt and matt wants to know did the

1589

00:56:11,829 --> 00:56:09,839

egg-shaped objects at level and give off

1590

00:56:14,230 --> 00:56:11,839

any noises

1591

00:56:15,990 --> 00:56:14,240

there was discussion of people hearing

1592

00:56:18,069 --> 00:56:16,000

sounds yes there was some it wasn't

1593

00:56:20,230 --> 00:56:18,079

universal but they did hear roars they

1594

00:56:22,470 --> 00:56:20,240

hear did hear sounds yes there is there

1595

00:56:24,630 --> 00:56:22,480

was noise given off

1596

00:56:26,470 --> 00:56:24,640

not only the electromagnetic effects but

1597

00:56:28,470 --> 00:56:26,480

also noise and and of course the very

1598

00:56:30,789 --> 00:56:28,480

bright lights

1599

00:56:32,309 --> 00:56:30,799

was the noise reported as mechanical

1600

00:56:34,870 --> 00:56:32,319

like you said a roar would it be

1601
00:56:37,190 --> 00:56:34,880
something more mechanical or no it was

1602
00:56:39,990 --> 00:56:37,200
more of a roar more i think you more

1603
00:56:41,589 --> 00:56:40,000
aligned with a jet engine type thing

1604
00:56:44,150 --> 00:56:41,599
but it was that kind of thing and not

1605
00:56:45,750 --> 00:56:44,160
everybody reported sound

1606
00:56:48,549 --> 00:56:45,760
and i think as well you mentioned

1607
00:56:50,710 --> 00:56:48,559
earlier about perception and at the time

1608
00:56:52,230 --> 00:56:50,720
that people knew about flying saucers

1609
00:56:54,230 --> 00:56:52,240
from the headlines in early science

1610
00:56:55,990 --> 00:56:54,240
fiction but it would have still been

1611
00:56:57,109 --> 00:56:56,000
very much one's interpretation of what

1612
00:57:00,069 --> 00:56:57,119
they were hearing or what they were

1613
00:57:03,030 --> 00:57:00,079

seeing not like now because we've got 75

1614

00:57:04,309 --> 00:57:03,040

years of of stories and books and we've

1615

00:57:05,829 --> 00:57:04,319

got hollywood movies that we can

1616

00:57:07,750 --> 00:57:05,839

interpret these things a little bit

1617

00:57:10,150 --> 00:57:07,760

easier so it still could have been

1618

00:57:12,150 --> 00:57:10,160

something maybe a bit more because a jet

1619

00:57:13,910 --> 00:57:12,160

engine type noise or aurora isn't

1620

00:57:16,950 --> 00:57:13,920

normally what we associate is it with a

1621

00:57:19,750 --> 00:57:16,960

ufo or a uap you tend to associate low

1622

00:57:21,349 --> 00:57:19,760

hums or vibrations

1623

00:57:23,190 --> 00:57:21,359

well i think that you know it's it

1624

00:57:25,510 --> 00:57:23,200

really again i think it's the person and

1625

00:57:27,750 --> 00:57:25,520

how they describe describe the sounds

1626
00:57:29,430 --> 00:57:27,760
and and often times the sound is sort of

1627
00:57:32,150 --> 00:57:29,440
a secondary effect they're just not

1628
00:57:34,150 --> 00:57:32,160
really listening they're looking

1629
00:57:36,870 --> 00:57:34,160
at the thing in awe

1630
00:57:39,349 --> 00:57:36,880
you go through the reports of the people

1631
00:57:40,789 --> 00:57:39,359
carefully and you can find find hints of

1632
00:57:42,630 --> 00:57:40,799
that sort of thing it's kind of like the

1633
00:57:45,270 --> 00:57:42,640
sheriff if you go through an awful lot

1634
00:57:47,750 --> 00:57:45,280
of the books uh published

1635
00:57:48,710 --> 00:57:47,760
after 1957

1636
00:57:50,710 --> 00:57:48,720
you

1637
00:57:52,309 --> 00:57:50,720
which mentioned level and it and my own

1638
00:57:53,750 --> 00:57:52,319

books do the same thing say the sheriff

1639

00:57:55,430 --> 00:57:53,760

saw it but it was just a streak of light

1640

00:57:56,789 --> 00:57:55,440

in the distance and now i got into it in

1641

00:57:58,230 --> 00:57:56,799

depth and it's not a streak of light in

1642

00:57:59,670 --> 00:57:58,240

the distance it's a

1643

00:58:01,910 --> 00:57:59,680

a

1644

00:58:03,510 --> 00:58:01,920

solid object seen much closer so i think

1645

00:58:05,109 --> 00:58:03,520

we have to look at all of that sort of

1646

00:58:06,950 --> 00:58:05,119

thing sometimes it's the interpretation

1647

00:58:09,589 --> 00:58:06,960

of the witnesses sometimes it's the

1648

00:58:11,430 --> 00:58:09,599

interpretation of the writers who are

1649

00:58:14,390 --> 00:58:11,440

reporting on the story sometimes it's

1650

00:58:16,470 --> 00:58:14,400

the the government uh changing things

1651
00:58:19,030 --> 00:58:16,480
around a little bit and and the writers

1652
00:58:21,109 --> 00:58:19,040
do that too they they assume things

1653
00:58:22,789 --> 00:58:21,119
um based on what they're reading they're

1654
00:58:24,470 --> 00:58:22,799
put their own interpretations on it and

1655
00:58:26,390 --> 00:58:24,480
sometimes if those interpretations are

1656
00:58:28,789 --> 00:58:26,400
wrong the next guy who's reading out

1657
00:58:30,630 --> 00:58:28,799
puts that same interpretation on it

1658
00:58:31,990 --> 00:58:30,640
because he read it in another book and

1659
00:58:33,510 --> 00:58:32,000
that's why i do something called chasing

1660
00:58:34,789 --> 00:58:33,520
footnotes periodically you read

1661
00:58:36,230 --> 00:58:34,799
something about

1662
00:58:37,510 --> 00:58:36,240
in a book and there's a footnote so you

1663
00:58:39,670 --> 00:58:37,520

looked at well what's that footnote

1664

00:58:41,109 --> 00:58:39,680
saying you go to that source which may

1665

00:58:42,309 --> 00:58:41,119
lead you to another source which leads

1666

00:58:44,069 --> 00:58:42,319
you to another source which finally

1667

00:58:46,150 --> 00:58:44,079
leads you to the original source and the

1668

00:58:48,069 --> 00:58:46,160
original source story is not quite the

1669

00:58:49,829 --> 00:58:48,079
same as been reported in the in the

1670

00:58:51,910 --> 00:58:49,839
latest book so you have to look at all

1671

00:58:53,430 --> 00:58:51,920
of those sorts of things as well

1672

00:58:55,109 --> 00:58:53,440
it's a really interesting point i think

1673

00:58:56,870 --> 00:58:55,119
many of us like you say would take that

1674

00:58:58,710 --> 00:58:56,880
at face value and say yep this is what's

1675

00:59:00,710 --> 00:58:58,720
written there's a footnote and like you

1676

00:59:02,390 --> 00:59:00,720

see a little bit of digging and you find

1677

00:59:05,190 --> 00:59:02,400

out that that's potentially changed so

1678

00:59:07,589 --> 00:59:05,200

interesting point um mike has a question

1679

00:59:09,190 --> 00:59:07,599

during your research into the 1964

1680

00:59:11,829 --> 00:59:09,200

lonnie zamora incident that occurred

1681

00:59:13,510 --> 00:59:11,839

near sirocco new mexico did you hear

1682

00:59:15,750 --> 00:59:13,520

anything about lonnie zamora having a

1683

00:59:16,870 --> 00:59:15,760

telepathic experience

1684

00:59:19,829 --> 00:59:16,880

no

1685

00:59:21,510 --> 00:59:19,839

there's anything to that i did hear that

1686

00:59:22,789 --> 00:59:21,520

he was supposedly a drunk but that's not

1687

00:59:24,870 --> 00:59:22,799

true either i think that was another way

1688

00:59:26,870 --> 00:59:24,880

of belittling the um

1689

00:59:28,789 --> 00:59:26,880

the sighting lonnie zamora was a very

1690

00:59:31,030 --> 00:59:28,799

quiet religious man

1691

00:59:33,510 --> 00:59:31,040

and i think this experience frightening

1692

00:59:35,910 --> 00:59:33,520

frightened him it's a coral

1693

00:59:38,309 --> 00:59:35,920

experience frightened him but in in the

1694

00:59:40,390 --> 00:59:38,319

book i did on socorro we look at in

1695

00:59:42,309 --> 00:59:40,400

depth some of the explanations for it we

1696

00:59:44,549 --> 00:59:42,319

find out something else that's important

1697

00:59:48,069 --> 00:59:44,559

is it's not a single witness case there

1698

00:59:51,190 --> 00:59:48,079

are other witnesses that that uh

1699

00:59:53,270 --> 00:59:51,200

witnessed aspects of the case either

1700

00:59:54,710 --> 00:59:53,280

just before zamora's

1701
00:59:56,789 --> 00:59:54,720
sighting or

1702
00:59:58,950 --> 00:59:56,799
hours afterwards sometimes it's just a

1703
01:00:00,549 --> 00:59:58,960
roar in the sky or a blue flame in the

1704
01:00:01,829 --> 01:00:00,559
sky and others others it's it's

1705
01:00:04,390 --> 01:00:01,839
something much

1706
01:00:06,990 --> 01:00:04,400
better but you have to look at the whole

1707
01:00:10,470 --> 01:00:07,000
area in 19 april

1708
01:00:11,829 --> 01:00:10,480
1964 that that short period of time

1709
01:00:13,670 --> 01:00:11,839
around the sighting and you get some

1710
01:00:16,150 --> 01:00:13,680
very good information about what he had

1711
01:00:18,710 --> 01:00:16,160
seen and of course there was a big roar

1712
01:00:20,950 --> 01:00:18,720
associated with that craft

1713
01:00:22,470 --> 01:00:20,960

next question is from ryan and ryan

1714

01:00:25,349 --> 01:00:22,480

wants to know could the genetic

1715

01:00:26,549 --> 01:00:25,359

bottleneck that occurred roughly 70 000

1716

01:00:28,549 --> 01:00:26,559

years ago have been due to

1717

01:00:30,630 --> 01:00:28,559

extraterrestrial intervention

1718

01:00:32,950 --> 01:00:30,640

do you think hybridization could be a

1719

01:00:35,510 --> 01:00:32,960

goal of such intervention

1720

01:00:37,349 --> 01:00:35,520

i really don't know i haven't studied i

1721

01:00:39,829 --> 01:00:37,359

did study anthropology and i understand

1722

01:00:41,510 --> 01:00:39,839

how some of these things work but i just

1723

01:00:42,309 --> 01:00:41,520

haven't looked at that in depth it's one

1724

01:00:45,030 --> 01:00:42,319

of those

1725

01:00:46,549 --> 01:00:45,040

many many side facets of the ufo field

1726

01:00:49,670 --> 01:00:46,559

you know like crop circles and cattle

1727

01:00:51,829 --> 01:00:49,680

mutilations and abductions and all the

1728

01:00:53,750 --> 01:00:51,839

crash retrievals and i've spent most of

1729

01:00:56,549 --> 01:00:53,760

my research looking at more of the

1730

01:00:58,710 --> 01:00:56,559

contemporary sightings and the crash

1731

01:01:00,710 --> 01:00:58,720

retrievals and the sightings that have

1732

01:01:02,549 --> 01:01:00,720

multiple witnesses and multiple chains

1733

01:01:04,069 --> 01:01:02,559

of evidence as opposed to

1734

01:01:06,470 --> 01:01:04,079

looking something that's

1735

01:01:07,910 --> 01:01:06,480

very speculative about what they might

1736

01:01:11,349 --> 01:01:07,920

have done or how they might have

1737

01:01:14,069 --> 01:01:11,359

manipulated the human race at some point

1738

01:01:16,789 --> 01:01:14,079

fair enough next up is jason out in los

1739

01:01:18,789 --> 01:01:16,799

angeles asks in your opinion what would

1740

01:01:20,950 --> 01:01:18,799

be a legitimate or justifiable reason

1741

01:01:23,910 --> 01:01:20,960

for any world government to keep the

1742

01:01:25,270 --> 01:01:23,920

full truth of ufos from its citizens

1743

01:01:27,510 --> 01:01:25,280

what would be a reason that would make

1744

01:01:30,309 --> 01:01:27,520

you think yeah it's best we don't tell

1745

01:01:33,990 --> 01:01:30,319

the general public about that

1746

01:01:36,150 --> 01:01:34,000

i would have said years ago it may be a

1747

01:01:38,390 --> 01:01:36,160

religious aspect that would

1748

01:01:40,630 --> 01:01:38,400

cause undue panic

1749

01:01:42,309 --> 01:01:40,640

or the mere knowledge that there's

1750

01:01:44,470 --> 01:01:42,319

alien creatures out there that may be on

1751

01:01:46,710 --> 01:01:44,480

the brink of invading the earth

1752

01:01:48,069 --> 01:01:46,720

that would have caused panic

1753

01:01:51,109 --> 01:01:48,079

i think that

1754

01:01:53,270 --> 01:01:51,119

pretty well is untrue i i've talked to a

1755

01:01:54,630 --> 01:01:53,280

number of theologians about this and

1756

01:01:57,029 --> 01:01:54,640

they think it

1757

01:01:58,390 --> 01:01:57,039

would not affect the religions all that

1758

01:01:59,270 --> 01:01:58,400

much

1759

01:02:00,630 --> 01:01:59,280

uh

1760

01:02:02,870 --> 01:02:00,640

and i think that we're all now

1761

01:02:05,029 --> 01:02:02,880

sophisticated enough to understand that

1762

01:02:07,270 --> 01:02:05,039

if these things have been around for 75

1763

01:02:09,430 --> 01:02:07,280

or 80 years that the invasion probably

1764

01:02:11,829 --> 01:02:09,440

isn't coming anytime soon it's done

1765

01:02:14,309 --> 01:02:11,839

nothing to affect my life and my

1766

01:02:17,349 --> 01:02:14,319

so i'm not really worried about it

1767

01:02:18,549 --> 01:02:17,359

i think the motivation again you know

1768

01:02:20,069 --> 01:02:18,559

that was always a question what's the

1769

01:02:21,990 --> 01:02:20,079

motivation for the government

1770

01:02:23,829 --> 01:02:22,000

suppressing the information and i think

1771

01:02:25,270 --> 01:02:23,839

it just has to do with them maintaining

1772

01:02:27,029 --> 01:02:25,280

their own power and their fear that if

1773

01:02:29,270 --> 01:02:27,039

the information gets out it's going to

1774

01:02:30,710 --> 01:02:29,280

undermine their power in some way and

1775

01:02:32,789 --> 01:02:30,720

they're doing everything they can to

1776

01:02:34,710 --> 01:02:32,799

maintain their power and their financial

1777

01:02:37,589 --> 01:02:34,720

positions in the world

1778

01:02:39,349 --> 01:02:37,599

on a similar topic gnosis who is a big

1779

01:02:41,829 --> 01:02:39,359

contributor to the podcast on the

1780

01:02:43,349 --> 01:02:41,839

discord channel as well says kevin

1781

01:02:45,190 --> 01:02:43,359

clearly believes in a deep state

1782

01:02:47,750 --> 01:02:45,200

infrastructure that has kept the topic

1783

01:02:49,990 --> 01:02:47,760

secret over many years why have we had

1784

01:02:51,990 --> 01:02:50,000

no smoking gun whistleblowers or death

1785

01:02:53,270 --> 01:02:52,000

bed confessions do you think it's

1786

01:02:55,910 --> 01:02:53,280

because those at the top are still

1787

01:02:57,510 --> 01:02:55,920

confused by the nature of the phenomenon

1788

01:02:59,109 --> 01:02:57,520

or like you've said a little bit there

1789

01:03:01,190 --> 01:02:59,119

kevin could it just be there are dark

1790

01:03:04,630 --> 01:03:01,200

aspects to the phenomenon that create a

1791

01:03:06,630 --> 01:03:04,640

natural justification to keep it secret

1792

01:03:09,270 --> 01:03:06,640

first of all i would i would say that

1793

01:03:10,950 --> 01:03:09,280

there really are no death bed confession

1794

01:03:12,950 --> 01:03:10,960

because a deathbed confession by

1795

01:03:14,870 --> 01:03:12,960

definition must be the

1796

01:03:17,270 --> 01:03:14,880

admission of committing a crime at some

1797

01:03:18,789 --> 01:03:17,280

point in your life

1798

01:03:20,870 --> 01:03:18,799

so if you're on your deathbed and you

1799

01:03:22,870 --> 01:03:20,880

start talking about flying saucers it

1800

01:03:24,789 --> 01:03:22,880

really isn't a deathbed confession by

1801
01:03:26,309 --> 01:03:24,799
the legal definition i always like to

1802
01:03:27,990 --> 01:03:26,319
throw that out for no good reason what's

1803
01:03:31,029 --> 01:03:28,000
happening that's fair

1804
01:03:32,710 --> 01:03:31,039
but but i think i think that there have

1805
01:03:34,549 --> 01:03:32,720
been some interesting things edwin

1806
01:03:37,029 --> 01:03:34,559
easley who i mentioned earlier was a the

1807
01:03:38,870 --> 01:03:37,039
provost marshall in roswell uh literally

1808
01:03:40,710 --> 01:03:38,880
on his deathbed

1809
01:03:43,910 --> 01:03:40,720
mentioned the creatures to his family

1810
01:03:46,470 --> 01:03:43,920
and yet when that information is

1811
01:03:48,069 --> 01:03:46,480
transmitted into the public arena you

1812
01:03:50,069 --> 01:03:48,079
see the skeptics

1813
01:03:52,789 --> 01:03:50,079

doing everything in their power to

1814

01:03:54,630 --> 01:03:52,799

belittle it well you know uh

1815

01:03:57,190 --> 01:03:54,640

randall himself didn't witness him

1816

01:03:59,190 --> 01:03:57,200

saying that no i didn't but his family

1817

01:04:01,029 --> 01:03:59,200

did and this is what they told us i

1818

01:04:03,910 --> 01:04:01,039

think the problem is

1819

01:04:06,630 --> 01:04:03,920

we have not gotten somebody who's really

1820

01:04:07,430 --> 01:04:06,640

on the inside and can present some kind

1821

01:04:11,349 --> 01:04:07,440

of

1822

01:04:14,069 --> 01:04:11,359

people that have talked about that some

1823

01:04:15,029 --> 01:04:14,079

of the people's credibility is not very

1824

01:04:17,190 --> 01:04:15,039

great

1825

01:04:19,910 --> 01:04:17,200

others credibility is interesting but

1826

01:04:22,470 --> 01:04:19,920

all we have are rumors um

1827

01:04:24,470 --> 01:04:22,480

about it i think it's it's that sort of

1828

01:04:27,829 --> 01:04:24,480

thing that that we're dealing with

1829

01:04:29,750 --> 01:04:27,839

something that is basically unbelievable

1830

01:04:31,670 --> 01:04:29,760

you believe in flying sausage men from

1831

01:04:34,230 --> 01:04:31,680

other planets coming to earth that's

1832

01:04:37,270 --> 01:04:34,240

unbelievable and i think that to take

1833

01:04:38,950 --> 01:04:37,280

that step over it it requires more than

1834

01:04:41,829 --> 01:04:38,960

somebody

1835

01:04:43,910 --> 01:04:41,839

in a deathbed confession environment

1836

01:04:46,789 --> 01:04:43,920

saying yes this is what i saw and what i

1837

01:04:49,430 --> 01:04:46,799

did we need something more

1838

01:04:52,870 --> 01:04:49,440

to be presented you know if he said um

1839

01:04:54,309 --> 01:04:52,880

uh go to my safe and there's this metal

1840

01:04:56,230 --> 01:04:54,319

if you wad it up in a ball and you let

1841

01:04:57,910 --> 01:04:56,240

it go it unfolds itself well then then

1842

01:04:59,910 --> 01:04:57,920

you've got something more than just

1843

01:05:01,829 --> 01:04:59,920

their word on what happened so i think

1844

01:05:02,789 --> 01:05:01,839

that's one of the problems we run into

1845

01:05:04,549 --> 01:05:02,799

is

1846

01:05:06,390 --> 01:05:04,559

you need something more than just these

1847

01:05:08,390 --> 01:05:06,400

stores we've got lots of those stories

1848

01:05:10,069 --> 01:05:08,400

and some of them are from people who are

1849

01:05:12,150 --> 01:05:10,079

very credible and some of them are from

1850

01:05:13,990 --> 01:05:12,160

people who just really aren't very

1851
01:05:16,069 --> 01:05:14,000
credible at all

1852
01:05:17,190 --> 01:05:16,079
and final listener question from dave

1853
01:05:20,309 --> 01:05:17,200
smithers

1854
01:05:22,309 --> 01:05:20,319
what are kevin's views on usos so

1855
01:05:24,630 --> 01:05:22,319
unidentified submerged objects and the

1856
01:05:26,390 --> 01:05:24,640
possibility of underwater bases i

1857
01:05:28,069 --> 01:05:26,400
believe there was a lot of activity off

1858
01:05:29,430 --> 01:05:28,079
the coast of vietnam during that

1859
01:05:31,270 --> 01:05:29,440
conflict

1860
01:05:32,789 --> 01:05:31,280
well i i saw none of that during that

1861
01:05:33,750 --> 01:05:32,799
conflict because i was busy doing other

1862
01:05:35,029 --> 01:05:33,760
things

1863
01:05:36,870 --> 01:05:35,039

but uh

1864

01:05:38,950 --> 01:05:36,880

and and there's another subset of the

1865

01:05:41,430 --> 01:05:38,960

ufo phenomena i really haven't looked at

1866

01:05:43,190 --> 01:05:41,440

i will say the shag harbor case where

1867

01:05:45,510 --> 01:05:43,200

the thing was seen to plunge into the

1868

01:05:48,549 --> 01:05:45,520

into the ocean and i think of it as more

1869

01:05:49,990 --> 01:05:48,559

a forced landing as opposed to a crash

1870

01:05:51,589 --> 01:05:50,000

because apparently they repaired the

1871

01:05:53,109 --> 01:05:51,599

craft and they got out of there some did

1872

01:05:55,029 --> 01:05:53,119

some days later

1873

01:05:57,029 --> 01:05:55,039

i just really haven't looked at that in

1874

01:05:58,630 --> 01:05:57,039

depth but it makes sense if you have the

1875

01:06:00,630 --> 01:05:58,640

capability of traveling interstellar

1876

01:06:03,349 --> 01:06:00,640

distances you may have capability of

1877

01:06:06,470 --> 01:06:04,470

your base

1878

01:06:08,230 --> 01:06:06,480

under the ocean so it'd be very hard for

1879

01:06:10,390 --> 01:06:08,240

us to detect or on the dark side of the

1880

01:06:12,309 --> 01:06:10,400

moon or something like that but i just

1881

01:06:13,589 --> 01:06:12,319

really haven't looked into that in depth

1882

01:06:14,710 --> 01:06:13,599

at all

1883

01:06:16,230 --> 01:06:14,720

it sounds like you've got plenty of

1884

01:06:17,910 --> 01:06:16,240

books left in you so i think there's

1885

01:06:19,750 --> 01:06:17,920

some some food for thought within that

1886

01:06:21,910 --> 01:06:19,760

though kevin even if you are planning on

1887

01:06:23,190 --> 01:06:21,920

slowing down like you say listen kevin i

1888

01:06:25,430 --> 01:06:23,200

just want to ask you one more thing

1889

01:06:27,349 --> 01:06:25,440

about the book levelland what do you

1890

01:06:29,270 --> 01:06:27,359

want people to take away from reading

1891

01:06:30,950 --> 01:06:29,280

this book

1892

01:06:33,270 --> 01:06:30,960

what they ought to take away from is how

1893

01:06:35,589 --> 01:06:33,280

the government manipulated the data

1894

01:06:38,150 --> 01:06:35,599

that had we done a proper investigation

1895

01:06:40,150 --> 01:06:38,160

in 1957 we'd be having a whole different

1896

01:06:42,950 --> 01:06:40,160

conversation about i think the evidence

1897

01:06:44,630 --> 01:06:42,960

is there for something very very

1898

01:06:45,750 --> 01:06:44,640

extraterrestrial of having happened

1899

01:06:47,910 --> 01:06:45,760

there i think it's

1900

01:06:49,349 --> 01:06:47,920

ranks right below the roswell case

1901

01:06:51,990 --> 01:06:49,359

because of the number of witnesses and

1902

01:06:54,150 --> 01:06:52,000

the possibility of of good solid

1903

01:06:56,069 --> 01:06:54,160

evidence uh the interactions with the

1904

01:06:57,190 --> 01:06:56,079

environment so i think looking at that

1905

01:06:59,670 --> 01:06:57,200

and seeing how the government

1906

01:07:01,430 --> 01:06:59,680

manipulated the information and how they

1907

01:07:03,270 --> 01:07:01,440

kept us from uh

1908

01:07:05,270 --> 01:07:03,280

understanding it and i should point out

1909

01:07:08,470 --> 01:07:05,280

this was not a phenomenon related just

1910

01:07:10,870 --> 01:07:08,480

to level and texas in 1957 the book also

1911

01:07:13,190 --> 01:07:10,880

covers the french sightings from 1954 in

1912

01:07:15,829 --> 01:07:13,200

the south american sightings from 1954

1913

01:07:18,230 --> 01:07:15,839

and in fact the very first case of a

1914

01:07:19,589 --> 01:07:18,240

electromagnetic effect is from 1909 and

1915

01:07:22,309 --> 01:07:19,599

is from england

1916

01:07:23,750 --> 01:07:22,319

so we you know it covers a whole gamut

1917

01:07:25,910 --> 01:07:23,760

of of

1918

01:07:30,470 --> 01:07:25,920

this kind of thing the electromagnetic

1919

01:07:34,470 --> 01:07:32,309

kevin uh you've mentioned you've got a

1920

01:07:36,390 --> 01:07:34,480

new book coming out in march which is

1921

01:07:38,630 --> 01:07:36,400

going to be on roswell or it'll be in

1922

01:07:41,270 --> 01:07:38,640

time for the 75th anniversary i think

1923

01:07:42,870 --> 01:07:41,280

it's june by march was that right

1924

01:07:46,069 --> 01:07:42,880

i have a book coming out in march but

1925

01:07:48,150 --> 01:07:46,079

it's about project moon dust

1926

01:07:50,630 --> 01:07:48,160

and and of course level land is out now

1927

01:07:52,789 --> 01:07:50,640

and the um the roswell book will be out

1928

01:07:55,029 --> 01:07:52,799

closer to the anniversary of the of the

1929

01:07:57,349 --> 01:07:55,039

sighting in roswell which is july of 19

1930

01:07:59,990 --> 01:07:57,359

well it was in july of 1947. i think it

1931

01:08:02,630 --> 01:08:00,000

is the third book in my city's trial

1932

01:08:05,349 --> 01:08:02,640

trilogy going with roswell to socorro

1933

01:08:07,910 --> 01:08:05,359

now to and with level land so it's

1934

01:08:08,950 --> 01:08:07,920

all part of my series of

1935

01:08:10,789 --> 01:08:08,960

the

1936

01:08:12,150 --> 01:08:10,799

cities trilogy

1937

01:08:13,910 --> 01:08:12,160

well i'll have the links in the

1938

01:08:16,229 --> 01:08:13,920

description of how people can pick up

1939

01:08:17,590 --> 01:08:16,239

levelland i'll have a flying disc press

1940

01:08:19,110 --> 01:08:17,600

the links in there as well from

1941

01:08:21,110 --> 01:08:19,120

philmantle where those books are also

1942

01:08:22,630 --> 01:08:21,120

available and kevin is there any way

1943

01:08:24,709 --> 01:08:22,640

people can follow you on any form of

1944

01:08:27,590 --> 01:08:24,719

social media or would it be mainly be

1945

01:08:29,510 --> 01:08:27,600

the blog spot i i try to stay away from

1946

01:08:31,110 --> 01:08:29,520

social media because too many people say

1947

01:08:33,430 --> 01:08:31,120

too many dumb things and get themselves

1948

01:08:36,309 --> 01:08:33,440

in too much trouble

1949

01:08:38,709 --> 01:08:36,319

by posting rapidly uh the blog is

1950

01:08:40,630 --> 01:08:38,719

kevinramble.blogspot.com

1951

01:08:42,070 --> 01:08:40,640

you type a different perspective into

1952

01:08:43,990 --> 01:08:42,080

any search engine and it's usually going

1953

01:08:45,910 --> 01:08:44,000

to come up first and if you look

1954

01:08:47,189 --> 01:08:45,920

depending on the ufo sighting sometimes

1955

01:08:48,789 --> 01:08:47,199

it'll be

1956

01:08:51,510 --> 01:08:48,799

comes up on the search engine as well in

1957

01:08:52,470 --> 01:08:51,520

the first page or second page of the

1958

01:08:54,390 --> 01:08:52,480

various

1959

01:08:56,070 --> 01:08:54,400

places you can go

other books

1964

01:09:04,789 --> 01:09:02,719

[Music]

1981

01:10:34,790 --> 01:10:15,830

i can't imagine it could have been any

1982

01:10:37,830 --> 01:10:36,070

there was something on my head and

1983

01:10:39,430 --> 01:10:37,840

everything was weird and everything was

1984

01:10:40,709 --> 01:10:39,440

red i helped out with my boys they

1985

01:10:44,130 --> 01:10:40,719

thought this was nice they thought it

1986

01:11:03,270 --> 01:10:53,370

[Music]

1987

01:11:03,280 --> 01:11:07,860

and what's that

1988

01:11:36,229 --> 01:11:13,189

[Music]

1989

01:11:36,239 --> 01:11:40,229

is

1990

01:11:40,239 --> 01:11:46,060

foreign

1991

01:12:06,149 --> 01:11:52,270

[Music]

1992

01:12:32,390 --> 01:12:08,090

it's very smooth
