00:00:00,040 --> 00:00:05,510

[Music]

2
00:00:10,950 --> 00:00:08,710

there's a whole fleet of look on the sa

3
00:00:14,310 --> 00:00:10,960

oh my gosh they're all going against the

4
00:00:18,950 --> 00:00:16,390

it was basically a cube with inside of

5
00:00:23,960 --> 00:00:18,960

sphere where the points of the cube

6
00:00:37,190 --> 00:00:33,220

[Music]

7
00:00:38,709 --> 00:00:37,200

[Applause]

8
00:00:40,950 --> 00:00:38,719

so this isn't anything that just is

9
00:00:47,830 --> 00:00:40,960

limited to the united states it's a

10
00:00:51,990 --> 00:00:50,310

hi everyone and welcome back to that ufo

11
00:00:54,150 --> 00:00:52,000

podcast joining me in the middle of

12
00:00:56,150 --> 00:00:54,160

march for this interview the guest is

13
00:00:58,549 --> 00:00:56,160

our writer and journalist with articles

14

00:01:00,549 --> 00:00:58,559

published in many outlets including vice

15

00:01:02,790 --> 00:01:00,559

and the toronto star i have daniel

16

00:01:04,549 --> 00:01:02,800

otto's daniel welcome to the podcast hey

17

00:01:06,070 --> 00:01:04,559

thanks so much for having me

18

00:01:07,350 --> 00:01:06,080

no it's good to have you on obviously

19

00:01:08,950 --> 00:01:07,360

we're going to get to your article that

20

00:01:10,789 --> 00:01:08,960

was written recently and you've written

21

00:01:13,270 --> 00:01:10,799

a few articles on ufos looking back

22

00:01:14,789 --> 00:01:13,280

through your website and advice as well

23

00:01:16,870 --> 00:01:14,799

but i want to know a little bit about

24

00:01:19,749 --> 00:01:16,880

yourself and to tell the listeners your

25

00:01:21,910 --> 00:01:19,759

background um so let's dig a little bit

26

00:01:24,149 --> 00:01:21,920

into that growing up did you have any

27

00:01:26,950 --> 00:01:24,159

interest in ufos or any sort of related

28

00:01:29,190 --> 00:01:26,960

phenomenon as a kid or even older

29

00:01:32,550 --> 00:01:29,200

sort of in passing as a kid you know i

30

00:01:34,950 --> 00:01:32,560

grew up in the 90s the x-files was on tv

31

00:01:36,390 --> 00:01:34,960

uh i would read books on the subject a

32

00:01:38,550 --> 00:01:36,400

little bit as a kid and then have

33

00:01:40,469 --> 00:01:38,560

nightmares and stay up all night

34

00:01:43,350 --> 00:01:40,479

but definitely you know i would say

35

00:01:45,270 --> 00:01:43,360

probably after the age of 10 or 11 the

36

00:01:47,590 --> 00:01:45,280

interest started it faded for me it

37

00:01:49,350 --> 00:01:47,600

wasn't something i really uh looked into

38

00:01:50,710 --> 00:01:49,360

anymore you know now i work as a

39

00:01:53,109 --> 00:01:50,720

journalist i've been working as a

40

00:01:55,109 --> 00:01:53,119

journalist for over a decade

41

00:01:57,990 --> 00:01:55,119

my writings appeared in more than two

42

00:02:00,230 --> 00:01:58,000

dozen publications including toronto

43

00:02:03,590 --> 00:02:00,240

star globe and mail slate the diplomat

44

00:02:05,270 --> 00:02:03,600

etc and it's only been in the past year

45

00:02:07,190 --> 00:02:05,280

that my interest in the subject is

46

00:02:09,830 --> 00:02:07,200

renewed and it was specifically because

47

00:02:13,990 --> 00:02:09,840

in april 2020

48

00:02:16,550 --> 00:02:14,000

when the pentagon confirmed the veracity

49

00:02:19,350 --> 00:02:16,560

of some videos that had been previously

50

00:02:21,589 --> 00:02:19,360

released by the new york times it really

51
00:02:23,750 --> 00:02:21,599
you know came to my attention and i

52
00:02:26,229 --> 00:02:23,760
became very interested and i started

53
00:02:28,229 --> 00:02:26,239
researching the topic and trying to see

54
00:02:29,910 --> 00:02:28,239
what sort of information i could find

55
00:02:32,309 --> 00:02:29,920
from the canadian military and

56
00:02:34,229 --> 00:02:32,319
transportation officials here um you

57
00:02:36,390 --> 00:02:34,239
know and that's led now to i guess i've

58
00:02:38,949 --> 00:02:36,400
done nine feature investigations on the

59
00:02:40,710 --> 00:02:38,959
subject for vice news including my most

60
00:02:44,229 --> 00:02:40,720
recent one which included

61
00:02:45,670 --> 00:02:44,239
nearly 300 pages of ufo reports mostly

62
00:02:47,430 --> 00:02:45,680
from

63
00:02:49,430 --> 00:02:47,440

airline pilots but also including

64

00:02:51,110 --> 00:02:49,440

reports from soldiers police officers

65

00:02:52,550 --> 00:02:51,120

citizens etc

66

00:02:54,309 --> 00:02:52,560

had you ever had any of your own

67

00:02:56,070 --> 00:02:54,319

sightings or was it just purely that

68

00:02:58,790 --> 00:02:56,080

that can a child like interest in the

69

00:03:00,550 --> 00:02:58,800

subject the x-files and hollywood movies

70

00:03:02,470 --> 00:03:00,560

and like yours i grew up in the 90s like

71

00:03:04,630 --> 00:03:02,480

yourself as well so i think that was a

72

00:03:05,589 --> 00:03:04,640

lot a lot of my background to it

73

00:03:07,110 --> 00:03:05,599

um

74

00:03:08,309 --> 00:03:07,120

you know it's one of you asked me that

75

00:03:10,869 --> 00:03:08,319

yes

76

00:03:13,110 --> 00:03:10,879

in my very early 20s i went on a road

77

00:03:15,190 --> 00:03:13,120

trip across the u.s

78

00:03:18,630 --> 00:03:15,200

and we were camping in death valley

79

00:03:20,790 --> 00:03:18,640

national park in california and one of

80

00:03:21,830 --> 00:03:20,800

the nights we were there i saw

81

00:03:23,910 --> 00:03:21,840

a light

82

00:03:25,430 --> 00:03:23,920

high up in the sky and bouncing around

83

00:03:27,270 --> 00:03:25,440

in a way i'd never seen anything move

84

00:03:29,030 --> 00:03:27,280

before but frankly i actually didn't

85

00:03:30,550 --> 00:03:29,040

think anything of it um you know if you

86

00:03:33,670 --> 00:03:30,560

look at a map of where death valley

87

00:03:37,190 --> 00:03:33,680

california is it's absolutely surrounded

88

00:03:38,869 --> 00:03:37,200

by american military test ranges so i i

89

00:03:41,430 --> 00:03:38,879

just figured the americans were testing

90

00:03:43,830 --> 00:03:41,440

something weird that night um and i

91

00:03:46,789 --> 00:03:43,840

never thought anything more of it again

92

00:03:48,789 --> 00:03:46,799

it really was you know 2020 that

93

00:03:51,350 --> 00:03:48,799

really sparked my interest i went back i

94

00:03:53,110 --> 00:03:51,360

read the new york times coverage i tried

95

00:03:55,110 --> 00:03:53,120

to catch up on everything i could before

96

00:03:57,110 --> 00:03:55,120

i started writing on the subject

97

00:03:58,630 --> 00:03:57,120

well has it become easier since you

98

00:04:00,630 --> 00:03:58,640

mentioned the new york times article

99

00:04:04,149 --> 00:04:00,640

december 2017 and of course the

100

00:04:05,910 --> 00:04:04,159

follow-ups as a journalist to pitch ufo

101
00:04:08,149 --> 00:04:05,920
stories have you found that that article

102
00:04:09,190 --> 00:04:08,159
helped

103
00:04:14,869 --> 00:04:09,200
yes

104
00:04:17,749 --> 00:04:14,879
in the united states we're seeing that

105
00:04:19,749 --> 00:04:17,759
the mainstream media has a growing

106
00:04:22,069 --> 00:04:19,759
receptiveness to uh you know the

107
00:04:23,670 --> 00:04:22,079
seriousness of the subject uh you know

108
00:04:26,830 --> 00:04:23,680
it's gone from new york times in

109
00:04:29,590 --> 00:04:26,840
december 2017 to now pretty much every

110
00:04:31,990 --> 00:04:29,600
mainstream uh media outlet in the us has

111
00:04:35,030 --> 00:04:32,000
done something on the topic

112
00:04:36,710 --> 00:04:35,040
um in canada it's it's been a bit of a

113
00:04:39,990 --> 00:04:36,720

challenge in so far as if you look at

114

00:04:41,749 --> 00:04:40,000

canadian media coverage while mainstream

115

00:04:45,030 --> 00:04:41,759

canadian media is very happy to

116

00:04:48,150 --> 00:04:45,040

piggyback on something let's say cnn did

117

00:04:50,950 --> 00:04:48,160

we're not seeing any we're not really

118

00:04:53,189 --> 00:04:50,960

seeing much canadian data enter into

119

00:04:55,189 --> 00:04:53,199

mainstream news coverage here in canada

120

00:04:58,469 --> 00:04:55,199

i think it's early days yet i think the

121

00:05:00,870 --> 00:04:58,479

us is a little further advanced than we

122

00:05:03,270 --> 00:05:00,880

are here in canada i'm not exactly sure

123

00:05:06,230 --> 00:05:03,280

on the media landscape where you are

124

00:05:07,510 --> 00:05:06,240

while it's getting easier it's not easy

125

00:05:09,749 --> 00:05:07,520

you know what i mean

126

00:05:11,749 --> 00:05:09,759

there's a receptiveness to the topic but

127

00:05:15,110 --> 00:05:11,759

there's also still a lot of wariness in

128

00:05:17,590 --> 00:05:15,120

the newsrooms uh in north america um

129

00:05:20,150 --> 00:05:17,600

but it's changing slowly surely it's

130

00:05:22,629 --> 00:05:20,160

changing and really we we can thank uh

131

00:05:24,870 --> 00:05:22,639

the new york times for opening that door

132

00:05:27,430 --> 00:05:24,880

in late 2017.

133

00:05:28,710 --> 00:05:27,440

in the uk it's a very slow burn uh in

134

00:05:31,029 --> 00:05:28,720

terms of the

135

00:05:32,870 --> 00:05:31,039

the media is reported in the press it's

136

00:05:35,830 --> 00:05:32,880

usually a joke headliner you know we've

137

00:05:37,749 --> 00:05:35,840

got some of the red top tabloids who'll

138

00:05:39,909 --> 00:05:37,759

he'll talk about you know aliens

139

00:05:41,590 --> 00:05:39,919

abducted me and stole my underwear type

140

00:05:43,430 --> 00:05:41,600

laugh laugh along kind of headlines it's

141

00:05:45,830 --> 00:05:43,440

never really reported within the the

142

00:05:48,310 --> 00:05:45,840

broadsheets in a serious way and sky

143

00:05:50,469 --> 00:05:48,320

news and bbc tend to tend to avoid the

144

00:05:52,950 --> 00:05:50,479

subject as well i think the last couple

145

00:05:55,270 --> 00:05:52,960

of years especially with covid being you

146

00:05:56,870 --> 00:05:55,280

know the dominant headline it's just

147

00:05:59,749 --> 00:05:56,880

never had any of the traction that we

148

00:06:01,990 --> 00:05:59,759

saw pick up in the us translate over

149

00:06:03,590 --> 00:06:02,000

here unfortunately but hopefully that

150

00:06:06,390 --> 00:06:03,600

that continues to change and you

151
00:06:07,990 --> 00:06:06,400
mentioned in canada it's changing um

152
00:06:09,749 --> 00:06:08,000
probably a little bit further along than

153
00:06:12,629 --> 00:06:09,759
we are here in the uk

154
00:06:14,390 --> 00:06:12,639
how are ufos as a subject treated in

155
00:06:15,590 --> 00:06:14,400
canada you've mentioned the media but

156
00:06:17,029 --> 00:06:15,600
what about that kind of public

157
00:06:19,590 --> 00:06:17,039
perception

158
00:06:22,309 --> 00:06:19,600
well i i can't speak for all of my uh

159
00:06:24,309 --> 00:06:22,319
compatriots here in canada but i think

160
00:06:26,870 --> 00:06:24,319
especially with the younger generations

161
00:06:29,110 --> 00:06:26,880
uh you're seeing a a growing

162
00:06:32,070 --> 00:06:29,120
receptiveness like i'll give you an

163
00:06:34,950 --> 00:06:32,080

example my first story on the subject

164

00:06:38,070 --> 00:06:34,960

was published in vice in uh i guess it

165

00:06:39,510 --> 00:06:38,080

would have been april april uh 2021

166

00:06:41,189 --> 00:06:39,520

and you know in the lead up to that i

167

00:06:43,590 --> 00:06:41,199

was talking to a lot of my friends and

168

00:06:45,510 --> 00:06:43,600

peers about my you know sort of new

169

00:06:47,110 --> 00:06:45,520

research interest and you know a lot of

170

00:06:48,950 --> 00:06:47,120

them thought i'd gone off the deep end a

171

00:06:51,510 --> 00:06:48,960

little bit like i i've been writing for

172

00:06:53,589 --> 00:06:51,520

mainstream outlets in you know canada

173

00:06:56,070 --> 00:06:53,599

for a decade this is this is seen as

174

00:06:57,670 --> 00:06:56,080

something you know far outside the norm

175

00:06:59,909 --> 00:06:57,680

you know and i had a few people who were

176

00:07:01,589 --> 00:06:59,919

sort of questioning my sanity but when i

177

00:07:03,670 --> 00:07:01,599

started showing them the sorts of

178

00:07:06,309 --> 00:07:03,680

documents i was pulling through our our

179

00:07:08,870 --> 00:07:06,319

freedom of information laws here i think

180

00:07:11,189 --> 00:07:08,880

that really changed uh people's

181

00:07:13,830 --> 00:07:11,199

perspectives as at least it allowed them

182

00:07:16,230 --> 00:07:13,840

to be open to the possibility that we're

183

00:07:18,629 --> 00:07:16,240

dealing with something mysterious here

184

00:07:20,790 --> 00:07:18,639

um and i i think especially the new york

185

00:07:23,830 --> 00:07:20,800

times coverage and the videos that they

186

00:07:25,670 --> 00:07:23,840

released the interviews you know with uh

187

00:07:28,469 --> 00:07:25,680

fighter pilots and military personnel in

188

00:07:30,309 --> 00:07:28,479

the us have seen things they're all help

189

00:07:32,550 --> 00:07:30,319

they're all helping sort of erode the

190

00:07:34,309 --> 00:07:32,560

stigma i i wouldn't say we've arrived

191

00:07:36,070 --> 00:07:34,319

where we can just have you know normal

192

00:07:37,830 --> 00:07:36,080

frank conversations with everyone about

193

00:07:40,469 --> 00:07:37,840

the subject the way you would about you

194

00:07:41,830 --> 00:07:40,479

know the weather but um we're we're

195

00:07:44,070 --> 00:07:41,840

getting there you know attitudes are

196

00:07:47,029 --> 00:07:44,080

changing it's it's podcasts like yours

197

00:07:49,029 --> 00:07:47,039

it's coverage like mine it's all of the

198

00:07:50,950 --> 00:07:49,039

sort of positive you know

199

00:07:52,790 --> 00:07:50,960

voices that are trying to amplify this

200

00:07:55,270 --> 00:07:52,800

that are making that difference but you

201
00:07:57,749 --> 00:07:55,280
know we haven't arrived i don't think as

202
00:07:58,390 --> 00:07:57,759
a society at a point where you know we

203
00:08:00,469 --> 00:07:58,400
can

204
00:08:02,790 --> 00:08:00,479
properly discuss this rationally as a

205
00:08:05,029 --> 00:08:02,800
scientific issue you know there's still

206
00:08:06,710 --> 00:08:05,039
a lot of baggage associated with it you

207
00:08:09,350 --> 00:08:06,720
know things like the x-files are to

208
00:08:11,589 --> 00:08:09,360
blame it's just not taken seriously it's

209
00:08:14,070 --> 00:08:11,599
the butt of jokes in a lot of uh you

210
00:08:15,830 --> 00:08:14,080
know media articles about it but it's

211
00:08:18,150 --> 00:08:15,840
changing it's changing it's uh it's

212
00:08:20,550 --> 00:08:18,160
definitely the paradigm is shifting

213
00:08:22,390 --> 00:08:20,560

outside of the us uk and australia

214

00:08:24,550 --> 00:08:22,400

canada is the fourth highest demographic

215

00:08:26,070 --> 00:08:24,560

listenership for myself so thanks and hi

216

00:08:27,909 --> 00:08:26,080

to any canadian listeners out there as

217

00:08:30,230 --> 00:08:27,919

well do you think there's anything

218

00:08:32,870 --> 00:08:30,240

daniel that could open the floodgates in

219

00:08:35,190 --> 00:08:32,880

terms of that stigma and interest in

220

00:08:37,430 --> 00:08:35,200

canada or is it a case of the the

221

00:08:39,269 --> 00:08:37,440

closely follow what's happening in the

222

00:08:41,269 --> 00:08:39,279

united states given the kind of close

223

00:08:43,509 --> 00:08:41,279

proximity you have

224

00:08:45,829 --> 00:08:43,519

yeah i i mean just you know following

225

00:08:48,310 --> 00:08:45,839

the the us news i think is

226

00:08:50,230 --> 00:08:48,320

eroding that stigma here in canada uh

227

00:08:51,829 --> 00:08:50,240

but i think the main thing that we're

228

00:08:53,430 --> 00:08:51,839

not seeing in canada that you see in the

229

00:08:55,750 --> 00:08:53,440

united states is

230

00:08:57,829 --> 00:08:55,760

for the most part our politicians aren't

231

00:09:01,430 --> 00:08:57,839

speaking openly on the subject you know

232

00:09:04,150 --> 00:09:01,440

in the u.s you have uh very outspoken

233

00:09:07,269 --> 00:09:04,160

uh politicians like florida senator

234

00:09:09,350 --> 00:09:07,279

marco rubio who's going on national tv

235

00:09:12,550 --> 00:09:09,360

and speaking calmly and rationally about

236

00:09:14,949 --> 00:09:12,560

the potential threat caused by uap

237

00:09:17,190 --> 00:09:14,959

that isn't really happening in canada

238

00:09:18,310 --> 00:09:17,200

except until very recently you know the

239

00:09:20,389 --> 00:09:18,320

first

240

00:09:22,230 --> 00:09:20,399

canadian sitting canadian politician in

241

00:09:25,590 --> 00:09:22,240

decades to make public comments on the

242

00:09:27,829 --> 00:09:25,600

subject actually did so last week

243

00:09:29,990 --> 00:09:27,839

this is a member of parliament from the

244

00:09:31,030 --> 00:09:30,000

province of manitoba which is in central

245

00:09:33,670 --> 00:09:31,040

canada

246

00:09:36,389 --> 00:09:33,680

and he sits on a natural resources

247

00:09:39,350 --> 00:09:36,399

committee his name is larry mcguire and

248

00:09:41,350 --> 00:09:39,360

last week in committee mr mcguire asked

249

00:09:44,470 --> 00:09:41,360

natural resources canada a government

250

00:09:46,630 --> 00:09:44,480

department which also oversees uh some

251

00:09:50,150 --> 00:09:46,640

nuclear facilities whether or not there

252

00:09:51,990 --> 00:09:50,160

had been any uap reports at canadian

253

00:09:53,829 --> 00:09:52,000

nuclear facilities i mean they didn't

254

00:09:55,750 --> 00:09:53,839

have immediate answers for him but yeah

255

00:09:58,150 --> 00:09:55,760

he's posed the questions uh both in

256

00:10:00,230 --> 00:09:58,160

person and in writing and they are going

257

00:10:03,030 --> 00:10:00,240

to be now obliged the government is

258

00:10:04,790 --> 00:10:03,040

obliged to respond to him in writing i

259

00:10:06,630 --> 00:10:04,800

think seeing more stuff like that is

260

00:10:07,590 --> 00:10:06,640

going to make the difference seeing you

261

00:10:09,750 --> 00:10:07,600

know

262

00:10:11,350 --> 00:10:09,760

level-headed public officials

263

00:10:13,590 --> 00:10:11,360

asking serious questions about the

264

00:10:15,350 --> 00:10:13,600

subject that's what we need to you know

265

00:10:17,269 --> 00:10:15,360

help elevate the topic that's happening

266

00:10:19,590 --> 00:10:17,279

in the united states and i think you

267

00:10:21,750 --> 00:10:19,600

know those brave politicians uh have

268

00:10:24,150 --> 00:10:21,760

definitely helped break the ice and you

269

00:10:26,230 --> 00:10:24,160

know now mr mcguire has in canada and

270

00:10:28,150 --> 00:10:26,240

hopefully more will follow suit

271

00:10:29,590 --> 00:10:28,160

yeah very well done to mr maguire that's

272

00:10:31,910 --> 00:10:29,600

not something i've seen make its way on

273

00:10:33,110 --> 00:10:31,920

to the my news feeds over here so so

274

00:10:34,389 --> 00:10:33,120

excellent and that's something i'll have

275

00:10:36,550 --> 00:10:34,399

a little look into as well on the

276

00:10:38,230 --> 00:10:36,560

follow-up now you recently published

277

00:10:39,829 --> 00:10:38,240

your article advice it's a fantastic

278

00:10:42,870 --> 00:10:39,839

piece on the canadian government

279

00:10:44,630 --> 00:10:42,880

releasing 20 years worth of ufo files

280

00:10:46,230 --> 00:10:44,640

down to yourself largely because it was

281

00:10:48,470 --> 00:10:46,240

you that kept got the ball rolling on

282

00:10:50,630 --> 00:10:48,480

this over a period of many months i

283

00:10:52,389 --> 00:10:50,640

think about nine months how did this all

284

00:10:53,509 --> 00:10:52,399

come about for you

285

00:10:55,190 --> 00:10:53,519

um

286

00:10:57,350 --> 00:10:55,200

well i actually initially filed my

287

00:10:59,269 --> 00:10:57,360

request um

288

00:11:02,310 --> 00:10:59,279

for this for these reports about a year

289

00:11:04,310 --> 00:11:02,320
ago back in february of 2021

290

00:11:06,710 --> 00:11:04,320
when they got back to me they basically

291

00:11:08,230 --> 00:11:06,720
said that i had filed the request with

292

00:11:10,470 --> 00:11:08,240
uh transport canada which is the

293

00:11:12,389 --> 00:11:10,480
government transportation department

294

00:11:14,310 --> 00:11:12,399
they got back to me and basically said

295

00:11:15,910 --> 00:11:14,320
you know look elsewhere uh i didn't

296

00:11:18,550 --> 00:11:15,920
believe them and i kept

297

00:11:20,630 --> 00:11:18,560
asking uh so through several freedom of

298

00:11:23,590 --> 00:11:20,640
information requests i was able to get

299

00:11:27,269 --> 00:11:23,600
these reports the way i i knew of their

300

00:11:28,389 --> 00:11:27,279
existence was transport canada again the

301

00:11:32,470 --> 00:11:28,399

it's a canadian

302

00:11:35,670 --> 00:11:32,480

federal agency they maintain a online

303

00:11:37,190 --> 00:11:35,680

aviation incident database so i found

304

00:11:39,030 --> 00:11:37,200

this early in my research and this

305

00:11:41,509 --> 00:11:39,040

database is very interesting you know

306

00:11:43,670 --> 00:11:41,519

any kind of incident that happens

307

00:11:45,590 --> 00:11:43,680

with a pilot in canadian skies gets

308

00:11:48,389 --> 00:11:45,600

logged in here that could be a bird

309

00:11:50,550 --> 00:11:48,399

strike a mechanical failure

310

00:11:53,350 --> 00:11:50,560

drunken unruly passengers

311

00:11:55,350 --> 00:11:53,360

and uh ufo reports make it into into

312

00:11:57,030 --> 00:11:55,360

there as well so you know by going

313

00:12:00,230 --> 00:11:57,040

through that database i was able to pull

314

00:12:01,750 --> 00:12:00,240

a couple dozen ufo reports and then

315

00:12:04,310 --> 00:12:01,760

through the freedom of information

316

00:12:07,509 --> 00:12:04,320

system what i was trying to do was find

317

00:12:09,269 --> 00:12:07,519

the source reports that informed those

318

00:12:11,750 --> 00:12:09,279

public-facing ones i was finding and

319

00:12:14,470 --> 00:12:11,760

that's what this newest story consists

320

00:12:16,870 --> 00:12:14,480

of it's uh you know nearly 300 pages of

321

00:12:18,629 --> 00:12:16,880

reports and the majority of those

322

00:12:21,110 --> 00:12:18,639

reports were sent to canadian

323

00:12:24,069 --> 00:12:21,120

transportation officials by a private

324

00:12:26,550 --> 00:12:24,079

company called nav canada which owns and

325

00:12:28,629 --> 00:12:26,560

operates all of the civilian air traffic

326

00:12:30,629 --> 00:12:28,639

control infrastructure here in canada i

327

00:12:32,470 --> 00:12:30,639

think in most countries in the world uh

328

00:12:34,550 --> 00:12:32,480

air traffic control is operated by

329

00:12:37,190 --> 00:12:34,560

usually government agencies here in

330

00:12:39,110 --> 00:12:37,200

canada it's a private company you know

331

00:12:42,230 --> 00:12:39,120

so there i would imagine in terms of

332

00:12:44,470 --> 00:12:42,240

radar data tower recordings etc this

333

00:12:46,310 --> 00:12:44,480

private company probably holds most of

334

00:12:48,629 --> 00:12:46,320

the relevant data for anyone who wants

335

00:12:50,870 --> 00:12:48,639

to research ufos in canada but as a

336

00:12:52,949 --> 00:12:50,880

private entity obviously you can't

337

00:12:54,870 --> 00:12:52,959

target it with freedom of information

338

00:12:57,269 --> 00:12:54,880

requests so you know i was able to

339

00:12:59,590 --> 00:12:57,279

figure out which departments within our

340

00:13:01,110 --> 00:12:59,600

federal transportation department that

341

00:13:03,670 --> 00:13:01,120

the air traffic control company was

342

00:13:06,150 --> 00:13:03,680

speaking to and then by in subsequent

343

00:13:07,990 --> 00:13:06,160

requests that were very specific

344

00:13:09,350 --> 00:13:08,000

targeting the offices i knew that were

345

00:13:11,670 --> 00:13:09,360

communicating with this air traffic

346

00:13:14,710 --> 00:13:11,680

control company that's how i was able to

347

00:13:16,550 --> 00:13:14,720

get these nearly 300 pages of reports

348

00:13:18,550 --> 00:13:16,560

and that's great work and it's tenacious

349

00:13:20,230 --> 00:13:18,560

as well were you able to speak to any of

350

00:13:21,430 --> 00:13:20,240

the the staff who work at air traffic

351
00:13:23,269 --> 00:13:21,440
control or is that something that's

352
00:13:25,030 --> 00:13:23,279
about off limits given it's

353
00:13:25,829 --> 00:13:25,040
not necessarily public facing like you

354
00:13:27,269 --> 00:13:25,839
say

355
00:13:29,430 --> 00:13:27,279
yeah they they

356
00:13:32,389 --> 00:13:29,440
will respond with very generic

357
00:13:34,069 --> 00:13:32,399
statements about you know how they

358
00:13:37,430 --> 00:13:34,079
deal with these reports and forward them

359
00:13:40,230 --> 00:13:37,440
to relevant authorities but i i have yet

360
00:13:42,949 --> 00:13:40,240
to have a good on the record

361
00:13:44,790 --> 00:13:42,959
conversation with anyone there that

362
00:13:47,110 --> 00:13:44,800
could you know give me some inner

363
00:13:48,790 --> 00:13:47,120

workings um if anyone's listening and

364

00:13:50,949 --> 00:13:48,800

they're working in canadian air traffic

365

00:13:52,949 --> 00:13:50,959

control shoot me a line give me a call

366

00:13:56,710 --> 00:13:52,959

always happy to talk on or off the

367

00:13:58,790 --> 00:13:56,720

record uh but as of now no i i have not

368

00:14:00,389 --> 00:13:58,800

been given an on-the-record look at the

369

00:14:02,389 --> 00:14:00,399

inner workings of how they handle this

370

00:14:04,150 --> 00:14:02,399

kind of stuff but you know the document

371

00:14:06,470 --> 00:14:04,160

trail is pretty clear air traffic

372

00:14:08,230 --> 00:14:06,480

control in canada they you know they're

373

00:14:09,509 --> 00:14:08,240

the first point of contact if a pilot

374

00:14:11,030 --> 00:14:09,519

sees something you know they're flying

375

00:14:13,430 --> 00:14:11,040

along their radio

376

00:14:15,110 --> 00:14:13,440

air traffic control air traffic control

377

00:14:16,710 --> 00:14:15,120

then notifies

378

00:14:18,389 --> 00:14:16,720

transport canada the federal

379

00:14:20,629 --> 00:14:18,399

transportation department and they also

380

00:14:23,189 --> 00:14:20,639

notify the canadian air force

381

00:14:26,550 --> 00:14:23,199

specifically a canadian air force unit

382

00:14:29,269 --> 00:14:26,560

that's affiliated with norad norad being

383

00:14:31,110 --> 00:14:29,279

the joint canada u.s air defense system

384

00:14:33,430 --> 00:14:31,120

that's been uh

385

00:14:35,189 --> 00:14:33,440

guarding north american skies since uh

386

00:14:37,269 --> 00:14:35,199

early in the cold war

387

00:14:39,269 --> 00:14:37,279

i think uh my experience with norad

388

00:14:40,870 --> 00:14:39,279

would be using its uh youtube channel to

389

00:14:42,629 --> 00:14:40,880

track santa when it's christmas time

390

00:14:44,310 --> 00:14:42,639

with the kids so it's good to know that

391

00:14:46,629 --> 00:14:44,320

they've got other uses out there as well

392

00:14:48,790 --> 00:14:46,639

you're not based well santa isn't the

393

00:14:51,430 --> 00:14:48,800

only thing norad's tracking um you know

394

00:14:53,350 --> 00:14:51,440

there's evidence in this story for

395

00:14:56,629 --> 00:14:53,360

example uh there was one report

396

00:14:58,790 --> 00:14:56,639

specifically that involved a

397

00:15:00,870 --> 00:14:58,800

a fisherman in the bay of fundy in the

398

00:15:03,509 --> 00:15:00,880

atlantic and a woman at home in nova

399

00:15:05,269 --> 00:15:03,519

scotia nova scotia being our an atlantic

400

00:15:07,670 --> 00:15:05,279

province here in canada

401
00:15:10,389 --> 00:15:07,680
and they both separately reported seeing

402
00:15:12,629 --> 00:15:10,399
something uh glowing in the sky hovering

403
00:15:14,710 --> 00:15:12,639
out over the ocean at night these two

404
00:15:17,430 --> 00:15:14,720
individuals contacted a search and

405
00:15:19,910 --> 00:15:17,440
rescue center in the city of halifax the

406
00:15:21,590 --> 00:15:19,920
search and rescue center then contacted

407
00:15:23,910 --> 00:15:21,600
a norad

408
00:15:26,710 --> 00:15:23,920
affiliated air force squadron that

409
00:15:30,069 --> 00:15:26,720
squadron did conducted playback on norad

410
00:15:32,310 --> 00:15:30,079
radar and observed a radar hits that

411
00:15:35,030 --> 00:15:32,320
correlated almost exactly to the time

412
00:15:37,030 --> 00:15:35,040
and location of the sighting so there's

413
00:15:38,069 --> 00:15:37,040

a nice instance where you can see you

414

00:15:39,430 --> 00:15:38,079

know

415

00:15:42,310 --> 00:15:39,440

civilians see something it's

416

00:15:44,550 --> 00:15:42,320

corroborated by norad radar uh santa

417

00:15:45,670 --> 00:15:44,560

isn't the only thing that nora norad is

418

00:15:47,350 --> 00:15:45,680

tracking

419

00:15:48,949 --> 00:15:47,360

that's good to know and and that was one

420

00:15:50,389 --> 00:15:48,959

of the standouts i think from the the

421

00:15:53,110 --> 00:15:50,399

pile that you went through like you say

422

00:15:55,430 --> 00:15:53,120

there were almost 500 incidents reported

423

00:15:57,910 --> 00:15:55,440

within the 300 pages

424

00:15:59,990 --> 00:15:57,920

outside of anomalous craft because

425

00:16:02,389 --> 00:16:00,000

you've mentioned already that it wasn't

426

00:16:04,470 --> 00:16:02,399

just obviously the potential for ufo on

427

00:16:06,790 --> 00:16:04,480

any unidentified objects there were

428

00:16:08,790 --> 00:16:06,800

drone sightings balloon sightings there

429

00:16:09,910 --> 00:16:08,800

can be bird mass identifications if

430

00:16:11,590 --> 00:16:09,920

anyone's looked at birds through

431

00:16:13,670 --> 00:16:11,600

binoculars at night time they can look a

432

00:16:15,350 --> 00:16:13,680

little bit strange but it's obviously

433

00:16:17,590 --> 00:16:15,360

the anomalous stuff we're looking at was

434

00:16:20,310 --> 00:16:17,600

there much information you came across

435

00:16:22,870 --> 00:16:20,320

that in terms of like hitchhiking effect

436

00:16:26,710 --> 00:16:22,880

time dilation anything outside of it was

437

00:16:28,790 --> 00:16:26,720

anomalous but not necessarily a craft

438

00:16:31,430 --> 00:16:28,800

it's hard to say you know unfortunately

439

00:16:32,790 --> 00:16:31,440

the vast majority of the you know ufo

440

00:16:35,269 --> 00:16:32,800

reports in here

441

00:16:36,790 --> 00:16:35,279

are lights in the sky right

442

00:16:38,790 --> 00:16:36,800

um and

443

00:16:40,629 --> 00:16:38,800

because of the nature of the reporting

444

00:16:42,790 --> 00:16:40,639

structure you know for the most part

445

00:16:44,790 --> 00:16:42,800

they're pretty brief as i mentioned

446

00:16:46,949 --> 00:16:44,800

before the first point of contact is

447

00:16:48,790 --> 00:16:46,959

your traffic control so you know this is

448

00:16:50,949 --> 00:16:48,800

a radio conversation it's not like the

449

00:16:53,110 --> 00:16:50,959

pilots are being sat down and

450

00:16:55,030 --> 00:16:53,120

interviewed about these kinds of things

451
00:16:57,350 --> 00:16:55,040
but you know some of the reports do

452
00:16:58,790 --> 00:16:57,360
describe things that i would say you

453
00:17:01,670 --> 00:16:58,800
know have anomalous flight

454
00:17:02,949 --> 00:17:01,680
characteristics you know things that

455
00:17:05,590 --> 00:17:02,959
sort of suddenly appearing and

456
00:17:06,549 --> 00:17:05,600
disappearing things performing

457
00:17:12,549 --> 00:17:06,559
uh

458
00:17:14,390 --> 00:17:12,559
you know things traveling you know at

459
00:17:15,909 --> 00:17:14,400
estimated speeds you know above the

460
00:17:16,949 --> 00:17:15,919
speed of sound you know there was one

461
00:17:19,270 --> 00:17:16,959
incident

462
00:17:21,029 --> 00:17:19,280
in the report that involved a cargo

463
00:17:23,350 --> 00:17:21,039

flight from

464

00:17:25,029 --> 00:17:23,360

new york to anchorage alaska

465

00:17:26,789 --> 00:17:25,039

and if my memory serves me right this

466

00:17:29,190 --> 00:17:26,799

was in 2018

467

00:17:31,110 --> 00:17:29,200

it encountered all over northern canada

468

00:17:33,590 --> 00:17:31,120

it encountered seeing an object that

469

00:17:36,470 --> 00:17:33,600

they thought was traveling above uh mach

470

00:17:38,870 --> 00:17:36,480

4 and you know and flying in an erratic

471

00:17:40,470 --> 00:17:38,880

way so within within this there are

472

00:17:42,070 --> 00:17:40,480

things that you know suggest some of

473

00:17:44,470 --> 00:17:42,080

these objects

474

00:17:45,909 --> 00:17:44,480

kind of defy conventional explanation

475

00:17:48,549 --> 00:17:45,919

but yeah at the same time you know

476

00:17:50,710 --> 00:17:48,559

there's a lot of misidentification the

477

00:17:53,590 --> 00:17:50,720

reports contain obvious drones and

478

00:17:55,830 --> 00:17:53,600

balloons uh there's for example i think

479

00:17:58,070 --> 00:17:55,840

from early 2019

480

00:17:59,830 --> 00:17:58,080

there were a few uh starlink satellite

481

00:18:02,230 --> 00:17:59,840

sightings that were misidentified as

482

00:18:04,950 --> 00:18:02,240

being ufos which is totally legitimate

483

00:18:07,830 --> 00:18:04,960

you know because back in 2019

484

00:18:10,470 --> 00:18:07,840

that technology was just starting to be

485

00:18:12,710 --> 00:18:10,480

deployed you know into earth orbit so it

486

00:18:14,230 --> 00:18:12,720

wasn't familiar you know to people and i

487

00:18:15,990 --> 00:18:14,240

think anyone seeing that for the very

488

00:18:17,990 --> 00:18:16,000

first time would definitely think they

489

00:18:19,590 --> 00:18:18,000

were seeing some sort of weird ufo i

490

00:18:22,470 --> 00:18:19,600

mean the first time i saw

491

00:18:24,230 --> 00:18:22,480

a startling satellite uh train i was it

492

00:18:25,909 --> 00:18:24,240

took me aback even though i knew what it

493

00:18:27,909 --> 00:18:25,919

was it just looked so surreal when you

494

00:18:29,270 --> 00:18:27,919

see it the first time so you know

495

00:18:31,029 --> 00:18:29,280

there's definitely it's definitely a

496

00:18:33,590 --> 00:18:31,039

mixed bag there's things in these

497

00:18:35,590 --> 00:18:33,600

reports that i think you could probably

498

00:18:37,830 --> 00:18:35,600

easily explain and then there's things

499

00:18:40,470 --> 00:18:37,840

in there that are that definitely are

500

00:18:42,549 --> 00:18:40,480

much more difficult to identify

501
00:18:45,590 --> 00:18:42,559
much like yourself i remember my first

502
00:18:47,350 --> 00:18:45,600
starlink satellite uh experience where i

503
00:18:49,270 --> 00:18:47,360
was coming in from walking the dog and

504
00:18:51,190 --> 00:18:49,280
just over the top of the house a little

505
00:18:52,950 --> 00:18:51,200
light goes past and catches my eye i'm

506
00:18:55,830 --> 00:18:52,960
always looking and another one comes

507
00:18:58,070 --> 00:18:55,840
past a few seconds later and i counted

508
00:18:59,830 --> 00:18:58,080
and at first i wasn't sure but once i

509
00:19:01,669 --> 00:18:59,840
got about halfway through and i'd got my

510
00:19:03,830 --> 00:19:01,679
wife to come out and look it sort of

511
00:19:05,590 --> 00:19:03,840
clicked with me this is going to be elon

512
00:19:06,950 --> 00:19:05,600
musk satellites and obviously like you

513
00:19:09,190 --> 00:19:06,960

say they were hitting the news more and

514

00:19:11,270 --> 00:19:09,200

more and yeah it's pretty incredible

515

00:19:12,470 --> 00:19:11,280

though to see it because they they're

516

00:19:13,990 --> 00:19:12,480

there they're in the sky and if you

517

00:19:16,310 --> 00:19:14,000

don't have that knowledge you're not on

518

00:19:17,510 --> 00:19:16,320

social media and following elon musk and

519

00:19:19,029 --> 00:19:17,520

everything he's doing

520

00:19:20,789 --> 00:19:19,039

like you say you would report it as

521

00:19:23,029 --> 00:19:20,799

something very strange very unusual

522

00:19:25,990 --> 00:19:23,039

which is anyway to see

523

00:19:27,750 --> 00:19:26,000

do you think those sorts of

524

00:19:29,990 --> 00:19:27,760

devices now being in the atmosphere are

525

00:19:32,710 --> 00:19:30,000

going to make it much harder for people

526
00:19:33,430 --> 00:19:32,720
to disseminate true genuine ufo reports

527
00:19:37,750 --> 00:19:33,440
to

528
00:19:38,870 --> 00:19:37,760
high-altitude aircraft or indeed a

529
00:19:40,390 --> 00:19:38,880
satellite

530
00:19:41,750 --> 00:19:40,400
yeah you know that's definitely a

531
00:19:43,909 --> 00:19:41,760
challenge uh

532
00:19:46,230 --> 00:19:43,919
especially the way drone technology is

533
00:19:48,470 --> 00:19:46,240
today you know these things can have

534
00:19:50,549 --> 00:19:48,480
huge ranges and you know travel pretty

535
00:19:53,750 --> 00:19:50,559
fast um

536
00:19:55,909 --> 00:19:53,760
but you know what for me i think is

537
00:19:57,350 --> 00:19:55,919
what i find interesting and compelling

538
00:20:00,310 --> 00:19:57,360

is if you start looking at reports from

539

00:20:02,149 --> 00:20:00,320

let's say 2016 and earlier you know

540

00:20:05,350 --> 00:20:02,159

you're seeing things displaying the same

541

00:20:06,950 --> 00:20:05,360

sort of anomalous flight characteristics

542

00:20:09,190 --> 00:20:06,960

at a time when

543

00:20:11,669 --> 00:20:09,200

that sort of drone technology was not

544

00:20:14,070 --> 00:20:11,679

commercially available you know in

545

00:20:16,149 --> 00:20:14,080

another story i did for example

546

00:20:18,950 --> 00:20:16,159

uh it was a it was a story on

547

00:20:21,029 --> 00:20:18,960

specifically on uh canadian military

548

00:20:23,190 --> 00:20:21,039

sightings settings at canadian military

549

00:20:26,149 --> 00:20:23,200

installations there is one particular

550

00:20:29,510 --> 00:20:26,159

base in ontario called cfb north bay

551
00:20:30,470 --> 00:20:29,520
which has a lot of norad functions

552
00:20:32,549 --> 00:20:30,480
there were

553
00:20:36,549 --> 00:20:32,559
ufo reports from that base involving

554
00:20:38,549 --> 00:20:36,559
multiple witnesses uh in the years 2007

555
00:20:40,789 --> 00:20:38,559
and in 1952

556
00:20:41,990 --> 00:20:40,799
and the report from 1952 involved

557
00:20:44,950 --> 00:20:42,000
something that

558
00:20:46,870 --> 00:20:44,960
uh was even stranger that had more you

559
00:20:49,190 --> 00:20:46,880
know exotic anomalous flight

560
00:20:51,350 --> 00:20:49,200
capabilities and i guess for me seeing

561
00:20:54,710 --> 00:20:51,360
that degree of historical continuity

562
00:20:57,270 --> 00:20:54,720
that you know over 55 you know 55 years

563
00:20:59,190 --> 00:20:57,280

the report from 55 years earlier is the

564

00:21:01,350 --> 00:20:59,200

stranger one suggests to me that you

565

00:21:03,669 --> 00:21:01,360

know a lot of these reports or at least

566

00:21:07,510 --> 00:21:03,679

some of them are not or not drones you

567

00:21:11,669 --> 00:21:07,520

know i i don't think any military had

568

00:21:13,669 --> 00:21:11,679

that kind of capability in 1952 uh if

569

00:21:16,070 --> 00:21:13,679

they did you know i'd love to be proven

570

00:21:17,590 --> 00:21:16,080

wrong but for me just you know the

571

00:21:19,510 --> 00:21:17,600

breadth of the research seeing that

572

00:21:22,070 --> 00:21:19,520

historical continuity decade after

573

00:21:23,669 --> 00:21:22,080

decade where you know there remains a

574

00:21:26,070 --> 00:21:23,679

core nugget of

575

00:21:28,470 --> 00:21:26,080

of reports that are genuinely strange to

576

00:21:30,470 --> 00:21:28,480

me is very very compelling at the same

577

00:21:31,750 --> 00:21:30,480

time i more than recognize i think you

578

00:21:33,510 --> 00:21:31,760

know if you have a thousand different

579

00:21:34,870 --> 00:21:33,520

reports a thousand different people are

580

00:21:37,750 --> 00:21:34,880

probably seeing a thousand different

581

00:21:39,669 --> 00:21:37,760

things but there does seem to be a

582

00:21:42,149 --> 00:21:39,679

persistent small minority of these

583

00:21:43,909 --> 00:21:42,159

reports that just defy conventional

584

00:21:46,549 --> 00:21:43,919

explanation you know and i think for

585

00:21:48,230 --> 00:21:46,559

folks like me and folks like you it's

586

00:21:50,630 --> 00:21:48,240

finding that kind of data and seeing

587

00:21:52,950 --> 00:21:50,640

that kind of data that inspires us to

588

00:21:54,390 --> 00:21:52,960

you know keep digging because if the

589

00:21:57,029 --> 00:21:54,400

only way we're ever going to get even

590

00:21:59,430 --> 00:21:57,039

close to answers is by you know having

591

00:22:00,230 --> 00:21:59,440

more and better data right so

592

00:22:01,590 --> 00:22:00,240

uh

593

00:22:03,750 --> 00:22:01,600

it's definitely

594

00:22:06,149 --> 00:22:03,760

definitely seeing those sorts of report

595

00:22:08,470 --> 00:22:06,159

ports decade after decade for me

596

00:22:09,909 --> 00:22:08,480

suggests that you know it's not always

597

00:22:12,070 --> 00:22:09,919

drones

598

00:22:15,029 --> 00:22:12,080

yeah absolutely you're spot on in terms

599

00:22:17,270 --> 00:22:15,039

of the data we see themes or connections

600

00:22:20,310 --> 00:22:17,280

you know uaps large bodies of water

601
00:22:22,310 --> 00:22:20,320
nuclear materials military bases do you

602
00:22:25,190 --> 00:22:22,320
find any of these correlations in your

603
00:22:27,270 --> 00:22:25,200
research are there any particular areas

604
00:22:29,430 --> 00:22:27,280
over canada where sightings are more

605
00:22:30,230 --> 00:22:29,440
prevalent than others

606
00:22:32,230 --> 00:22:30,240
you know

607
00:22:35,270 --> 00:22:32,240
i i would have to take all the reports i

608
00:22:37,350 --> 00:22:35,280
found and input the gps coordinates and

609
00:22:39,430 --> 00:22:37,360
i mean that that's a stage i have not

610
00:22:42,070 --> 00:22:39,440
yet accomplished one thing i did do by

611
00:22:45,029 --> 00:22:42,080
putting with my most recent story by

612
00:22:47,190 --> 00:22:45,039
including all 290 pages of reports with

613
00:22:49,270 --> 00:22:47,200

the story my hope was that people who

614

00:22:51,190 --> 00:22:49,280

were perhaps more scientifically minded

615

00:22:53,510 --> 00:22:51,200

than me could do some of that

616

00:22:54,510 --> 00:22:53,520

data crunching but that being said you

617

00:22:58,070 --> 00:22:54,520

know i

618

00:23:00,789 --> 00:22:58,080

anecdotally i i can suggest that there

619

00:23:01,990 --> 00:23:00,799

are some areas where we seem to see more

620

00:23:04,789 --> 00:23:02,000

of these things

621

00:23:07,669 --> 00:23:04,799

uh canada's uh atlantic coast for

622

00:23:09,830 --> 00:23:07,679

example has a fair number of reports

623

00:23:12,390 --> 00:23:09,840

there's often some interesting reports

624

00:23:14,070 --> 00:23:12,400

in and around the great lakes

625

00:23:16,470 --> 00:23:14,080

region

626

00:23:19,270 --> 00:23:16,480

i see a fair amount of reports over

627

00:23:21,430 --> 00:23:19,280

canada's prairie provinces saskatchewan

628

00:23:23,270 --> 00:23:21,440

and manitoba and then there's a certain

629

00:23:24,630 --> 00:23:23,280

hot spots in british columbia for

630

00:23:26,950 --> 00:23:24,640

example there's a

631

00:23:29,270 --> 00:23:26,960

a city called a town called williams

632

00:23:30,470 --> 00:23:29,280

lake in central british columbia where

633

00:23:32,950 --> 00:23:30,480

you know i found

634

00:23:35,029 --> 00:23:32,960

a bunch of weird reports so i i can't

635

00:23:37,270 --> 00:23:35,039

say you know with scientific facts these

636

00:23:38,470 --> 00:23:37,280

are the canadian hot spots but

637

00:23:40,870 --> 00:23:38,480

there

638

00:23:42,870 --> 00:23:40,880

seems to be a particular um you know

639

00:23:45,590 --> 00:23:42,880

there seems to be more reports from

640

00:23:47,350 --> 00:23:45,600

certain areas i can say anecdotally

641

00:23:49,669 --> 00:23:47,360

in terms of canadian military

642

00:23:51,430 --> 00:23:49,679

installations

643

00:23:53,269 --> 00:23:51,440

i mean a lot of them have had sightings

644

00:23:55,990 --> 00:23:53,279

you know like over the years not all of

645

00:23:57,990 --> 00:23:56,000

them uh as far as i can tell but a lot

646

00:24:00,630 --> 00:23:58,000

of them have and you know that one

647

00:24:03,190 --> 00:24:00,640

instance north bay uh what i previously

648

00:24:05,430 --> 00:24:03,200

mentioned that had the reports in 1952

649

00:24:07,990 --> 00:24:05,440

and 2007 you know i found that one

650

00:24:10,950 --> 00:24:08,000

particularly interesting because that's

651
00:24:12,470 --> 00:24:10,960
the actual base that's uh where there's

652
00:24:14,390 --> 00:24:12,480
a squadron that's tasked with

653
00:24:16,870 --> 00:24:14,400
identifying everything that's

654
00:24:19,029 --> 00:24:16,880
approaching north america so if like

655
00:24:20,470 --> 00:24:19,039
that that is the you know that's where

656
00:24:22,710 --> 00:24:20,480
they do that that's where they try to

657
00:24:24,470 --> 00:24:22,720
identify all the radar tracks so for me

658
00:24:25,750 --> 00:24:24,480
i found it pretty interesting that at

659
00:24:27,750 --> 00:24:25,760
the base that's supposed to be

660
00:24:29,269 --> 00:24:27,760
identifying things they had two things

661
00:24:31,510 --> 00:24:29,279
show up right over the base that they

662
00:24:32,710 --> 00:24:31,520
could not identify

663
00:24:34,710 --> 00:24:32,720

you've answered one the listener

664

00:24:36,549 --> 00:24:34,720

questions jonathan was asking about

665

00:24:38,390 --> 00:24:36,559

areas of strangeness in canada so that's

666

00:24:39,750 --> 00:24:38,400

a that's a good one so thanks jonathan

667

00:24:42,230 --> 00:24:39,760

your question's been answered within

668

00:24:44,070 --> 00:24:42,240

there um well i can i can answer that

669

00:24:45,430 --> 00:24:44,080

one for jonathan so you know we

670

00:24:48,390 --> 00:24:45,440

mentioned the case

671

00:24:51,350 --> 00:24:48,400

of norad radar corroborating a sighting

672

00:24:53,669 --> 00:24:51,360

over canada's uh over the atlantic that

673

00:24:56,470 --> 00:24:53,679

that was just around the corner from a

674

00:24:59,190 --> 00:24:56,480

place called coal um coal sorry a place

675

00:25:02,230 --> 00:24:59,200

called shag harbor nova scotia and shag

676

00:25:06,070 --> 00:25:02,240

harbor nova scotia in 1967 i think it

677

00:25:08,549 --> 00:25:06,080

was october 1967 was the site of a very

678

00:25:10,950 --> 00:25:08,559

infamous mass sighting where

679

00:25:13,990 --> 00:25:10,960

multiple people witnessed a luminous

680

00:25:16,549 --> 00:25:14,000

object uh disappear into the ocean you

681

00:25:18,549 --> 00:25:16,559

know search and rescue and etc were sent

682

00:25:21,029 --> 00:25:18,559

out to try and find it they never could

683

00:25:23,110 --> 00:25:21,039

and this sighting that uh involved you

684

00:25:25,750 --> 00:25:23,120

know the more contemporary sighting was

685

00:25:27,510 --> 00:25:25,760

just in the same vicinity as that one so

686

00:25:29,590 --> 00:25:27,520

you know perhaps there's there's a hot

687

00:25:31,110 --> 00:25:29,600

spot in the atlantic again this is none

688

00:25:33,990 --> 00:25:31,120

of this is scientific evidence but

689

00:25:36,149 --> 00:25:34,000

anecdotaly you know it seems to be uh

690

00:25:37,909 --> 00:25:36,159

certain areas just seem to get sightings

691

00:25:39,430 --> 00:25:37,919

decade after decade

692

00:25:41,510 --> 00:25:39,440

there's always listeners asking how they

693

00:25:43,750 --> 00:25:41,520

can get involved and help out and with

694

00:25:45,590 --> 00:25:43,760

that report now being publicly available

695

00:25:46,549 --> 00:25:45,600

through through yourself and your your

696

00:25:48,070 --> 00:25:46,559

foyers

697

00:25:49,510 --> 00:25:48,080

people can go and do that for you know

698

00:25:51,350 --> 00:25:49,520

and if there's anyone who wants to help

699

00:25:52,870 --> 00:25:51,360

out then you know certainly reach out to

700

00:25:54,230 --> 00:25:52,880

daniel and ask if there's any way they

701
00:25:55,990 --> 00:25:54,240
can go about it but if you want to get

702
00:25:58,070 --> 00:25:56,000
involved in mine through the data if

703
00:26:00,149 --> 00:25:58,080
you've got any programs it can check for

704
00:26:01,669 --> 00:26:00,159
patterns in the data in certain areas

705
00:26:03,430 --> 00:26:01,679
then absolutely go ahead that would be

706
00:26:05,590 --> 00:26:03,440
great even get in touch with myself and

707
00:26:07,909 --> 00:26:05,600
i can point you in the right direction

708
00:26:10,070 --> 00:26:07,919
um the us military and government seem

709
00:26:12,070 --> 00:26:10,080
to be the main keepers of information on

710
00:26:14,230 --> 00:26:12,080
on this subject on a global scale it's

711
00:26:16,230 --> 00:26:14,240
always the us always has been through

712
00:26:18,149 --> 00:26:16,240
since it started back in the late 40s

713
00:26:19,909 --> 00:26:18,159

and when you go through it's they're the

714

00:26:22,549 --> 00:26:19,919

bad guys or the good guys depending what

715

00:26:23,909 --> 00:26:22,559

sega defense you fall down on this um do

716

00:26:26,390 --> 00:26:23,919

you think there's an agreement between

717

00:26:29,430 --> 00:26:26,400

the us and canada and perhaps even other

718

00:26:31,830 --> 00:26:29,440

countries to always share uap related

719

00:26:33,669 --> 00:26:31,840

information with the us

720

00:26:35,430 --> 00:26:33,679

i would ask particularly daniel thinking

721

00:26:38,630 --> 00:26:35,440

you're talking about norad and it's a

722

00:26:41,029 --> 00:26:38,640

joint venture between canada and the us

723

00:26:43,350 --> 00:26:41,039

now when you've got those systems and

724

00:26:46,549 --> 00:26:43,360

there are say there's some particularly

725

00:26:48,710 --> 00:26:46,559

tasty events happen multiple tracks some

726

00:26:51,029 --> 00:26:48,720

incredible data comes in

727

00:26:52,470 --> 00:26:51,039

as it's still that joint cooperation or

728

00:26:55,350 --> 00:26:52,480

is it something you feel the us would

729

00:26:57,909 --> 00:26:55,360

take control and strong hold over

730

00:27:00,549 --> 00:26:57,919

ah it depends you know my research in

731

00:27:04,390 --> 00:27:00,559

for other stories has come up with clear

732

00:27:07,269 --> 00:27:04,400

evidence that canada shares data on uap

733

00:27:09,190 --> 00:27:07,279

cases with the united states for example

734

00:27:11,990 --> 00:27:09,200

i found you know reports about you know

735

00:27:14,230 --> 00:27:12,000

so-called ufo incidents being shared

736

00:27:17,669 --> 00:27:14,240

with um you know norad headquarters in

737

00:27:18,830 --> 00:27:17,679

colorado as well as other u.s air force

738

00:27:20,549 --> 00:27:18,840

bases

739

00:27:23,110 --> 00:27:20,559

um

740

00:27:25,510 --> 00:27:23,120

in canada for the most part

741

00:27:27,909 --> 00:27:25,520

the there's little to no follow-up when

742

00:27:29,909 --> 00:27:27,919

it when it comes to uap cases and i

743

00:27:32,950 --> 00:27:29,919

think that's because canada the canadian

744

00:27:35,669 --> 00:27:32,960

military and air force uh don't see this

745

00:27:38,870 --> 00:27:35,679

as a defense issue so you know while

746

00:27:41,590 --> 00:27:38,880

there are robust reporting mechanisms

747

00:27:43,990 --> 00:27:41,600

for documenting these cases

748

00:27:47,110 --> 00:27:44,000

in most cases there's little to no

749

00:27:48,230 --> 00:27:47,120

follow-up except except and this is what

750

00:27:50,149 --> 00:27:48,240

the you know they've told me

751

00:27:53,029 --> 00:27:50,159

specifically except in cases that

752

00:27:55,510 --> 00:27:53,039

involve uh you know credible threats

753

00:27:57,190 --> 00:27:55,520

potential threats or search and rescue

754

00:27:59,029 --> 00:27:57,200

so there's been instances i think there

755

00:28:01,269 --> 00:27:59,039

is one case i found where a woman saw

756

00:28:03,590 --> 00:28:01,279

something go into the ocean and they

757

00:28:05,590 --> 00:28:03,600

they dispatch search and rescue a search

758

00:28:07,510 --> 00:28:05,600

and rescue helicopter there is another

759

00:28:09,110 --> 00:28:07,520

case where something was uh tracked

760

00:28:12,149 --> 00:28:09,120

moving quite quickly towards north

761

00:28:14,230 --> 00:28:12,159

america on norad radar and they

762

00:28:15,110 --> 00:28:14,240

dispatched canadian fighter jets which

763

00:28:17,029 --> 00:28:15,120

couldn't

764

00:28:19,990 --> 00:28:17,039

find anything

765

00:28:23,510 --> 00:28:20,000

it's hard to say if you know the us is

766

00:28:26,549 --> 00:28:23,520

taking the lead on canadian data i don't

767

00:28:29,510 --> 00:28:26,559

have a sense that that's happening you

768

00:28:30,950 --> 00:28:29,520

know the the american bodies that have

769

00:28:33,029 --> 00:28:30,960

been created

770

00:28:35,750 --> 00:28:33,039

to investigate this you know

771

00:28:37,190 --> 00:28:35,760

historically have been through the u.s

772

00:28:40,149 --> 00:28:37,200

navy right

773

00:28:43,350 --> 00:28:40,159

and can canadian data is being sent to

774

00:28:44,350 --> 00:28:43,360

the u.s air force in norad

775

00:28:47,350 --> 00:28:44,360

which

776

00:28:50,389 --> 00:28:47,360
historically have shown less of a

777

00:28:52,630 --> 00:28:50,399
public-facing interest in the subject so

778

00:28:54,630 --> 00:28:52,640
once canadian data gets to the united

779

00:28:57,990 --> 00:28:54,640
states i i can't tell you what's

780

00:29:01,269 --> 00:28:58,000
happening with it i really wish i knew

781

00:29:03,350 --> 00:29:01,279
but i'm not entirely sure

782

00:29:05,430 --> 00:29:03,360
if you know for example if canadian data

783

00:29:07,750 --> 00:29:05,440
goes to the us air force if the u.s air

784

00:29:10,630 --> 00:29:07,760
force would then you know share that

785

00:29:13,269 --> 00:29:10,640
with any you know pentagon ufo

786

00:29:14,549 --> 00:29:13,279
investigation bodies i it's so hard to

787

00:29:16,710 --> 00:29:14,559
say you know

788

00:29:18,549 --> 00:29:16,720

the the reason i've been able to

789

00:29:20,950 --> 00:29:18,559

get so much information out of our

790

00:29:23,269 --> 00:29:20,960

military and government is specifically

791

00:29:25,830 --> 00:29:23,279

because they don't see this as a as a

792

00:29:28,310 --> 00:29:25,840

defense or security issue you know under

793

00:29:30,950 --> 00:29:28,320

our access to information legislation as

794

00:29:33,669 --> 00:29:30,960

it is in most countries anything any

795

00:29:36,149 --> 00:29:33,679

information that has a uh defense or

796

00:29:37,909 --> 00:29:36,159

security nexus can be withheld in the

797

00:29:39,909 --> 00:29:37,919

freedom of information process right on

798

00:29:41,830 --> 00:29:39,919

national security grounds

799

00:29:44,470 --> 00:29:41,840

so in canada because we don't see this

800

00:29:46,710 --> 00:29:44,480

as that issue i'm able to get like all

801
00:29:48,630 --> 00:29:46,720
kinds of reports and all kinds of data

802
00:29:50,789 --> 00:29:48,640
you ask any journalist who's researching

803
00:29:52,870 --> 00:29:50,799
the subject in the united states

804
00:29:54,630 --> 00:29:52,880
while you can get perhaps a politician

805
00:29:57,269 --> 00:29:54,640
to give you an on the record interview

806
00:29:59,590 --> 00:29:57,279
about you know how serious this is in

807
00:30:02,149 --> 00:29:59,600
the u.s it's it's almost impossible to

808
00:30:04,389 --> 00:30:02,159
get high quality case data because it's

809
00:30:07,029 --> 00:30:04,399
all withheld from their foia process on

810
00:30:09,269 --> 00:30:07,039
national security grounds so once those

811
00:30:11,350 --> 00:30:09,279
canadian reports are getting to the u.s

812
00:30:13,350 --> 00:30:11,360
you know i i know that data from some of

813
00:30:14,789 --> 00:30:13,360

them has been sent i i don't know what

814

00:30:16,630 --> 00:30:14,799

the us is doing with it i sure would

815

00:30:18,870 --> 00:30:16,640

like to know though

816

00:30:20,470 --> 00:30:18,880

some really prominent people in various

817

00:30:22,389 --> 00:30:20,480

different fields like ross kultar

818

00:30:24,070 --> 00:30:22,399

prominent australian journalist

819

00:30:25,669 --> 00:30:24,080

uh george knapp obviously a massive

820

00:30:28,710 --> 00:30:25,679

journalist in terms of this subject in

821

00:30:31,510 --> 00:30:28,720

the last 30 or 40 years now avi loeb

822

00:30:33,269 --> 00:30:31,520

noted astrophysicists from harvard are

823

00:30:34,950 --> 00:30:33,279

coming out and they're sharing their

824

00:30:36,630 --> 00:30:34,960

opinions and ideas and we're hearing

825

00:30:39,190 --> 00:30:36,640

terms thrown about now like

826

00:30:41,909 --> 00:30:39,200

extraterrestrial interdimensional time

827

00:30:43,590 --> 00:30:41,919

travel you know future as

828

00:30:45,830 --> 00:30:43,600

different realities being talked about

829

00:30:47,909 --> 00:30:45,840

in a very serious way

830

00:30:49,990 --> 00:30:47,919

as a journalist now digging into this

831

00:30:52,470 --> 00:30:50,000

subject are you starting to form an

832

00:30:55,990 --> 00:30:52,480

opinion on what some of these more

833

00:30:56,870 --> 00:30:56,000

anomalous craft could potentially be

834

00:30:57,909 --> 00:30:56,880

you know

835

00:31:00,789 --> 00:30:57,919

it's

836

00:31:03,430 --> 00:31:00,799

i entertain ideas but for me frankly i'm

837

00:31:05,430 --> 00:31:03,440

very satisfied just to know that there's

838

00:31:07,590 --> 00:31:05,440

a mystery that's alive and well on our

839

00:31:09,350 --> 00:31:07,600

planet you know that we as humans have

840

00:31:11,029 --> 00:31:09,360

not figured everything out and that

841

00:31:14,070 --> 00:31:11,039

we're being confronted with evidence of

842

00:31:15,350 --> 00:31:14,080

something uh you know that does seem

843

00:31:17,029 --> 00:31:15,360

quite

844

00:31:19,110 --> 00:31:17,039

you know different you know different

845

00:31:22,230 --> 00:31:19,120

from our realm of experience

846

00:31:23,750 --> 00:31:22,240

um have i formed specific opinions as to

847

00:31:25,269 --> 00:31:23,760

you know what

848

00:31:27,350 --> 00:31:25,279

these things are i don't know you know

849

00:31:29,110 --> 00:31:27,360

they could be a thousand i thought like

850

00:31:31,350 --> 00:31:29,120

i said a thousand people could be seeing

851
00:31:34,789 --> 00:31:31,360
a thousand different things uh i'm sure

852
00:31:36,470 --> 00:31:34,799
there's no one answer i i think anyone

853
00:31:38,789 --> 00:31:36,480
who thinks you know

854
00:31:40,549 --> 00:31:38,799
earth is alone for harboring life in the

855
00:31:43,110 --> 00:31:40,559
universe is probably

856
00:31:44,310 --> 00:31:43,120
uh naive right you know the

857
00:31:46,630 --> 00:31:44,320
our our

858
00:31:48,789 --> 00:31:46,640
our galaxy contains you know over a

859
00:31:51,269 --> 00:31:48,799
billion stars and there's over

860
00:31:52,070 --> 00:31:51,279
a billion known galaxies in the universe

861
00:31:53,750 --> 00:31:52,080
right

862
00:31:56,230 --> 00:31:53,760
the chances of life being out there are

863
00:31:58,310 --> 00:31:56,240

very high now the other question is is

864

00:32:00,470 --> 00:31:58,320

there you know some life form that's

865

00:32:01,830 --> 00:32:00,480

been able to visit us and have has made

866

00:32:03,509 --> 00:32:01,840

that you know has that kind of

867

00:32:05,830 --> 00:32:03,519

technology i don't know i think the

868

00:32:07,350 --> 00:32:05,840

probability of that's a lot lower but

869

00:32:09,430 --> 00:32:07,360

you know we live in a universe where

870

00:32:10,950 --> 00:32:09,440

anything's possible but for me you know

871

00:32:14,389 --> 00:32:10,960

if you read my stories they're totally

872

00:32:16,389 --> 00:32:14,399

void of speculation um that's not what

873

00:32:19,350 --> 00:32:16,399

i'm really engaged with you know i for

874

00:32:21,509 --> 00:32:19,360

me it's a matter of presenting uh you

875

00:32:23,509 --> 00:32:21,519

know declassified records and interviews

876

00:32:25,909 --> 00:32:23,519

with military personnel you know

877

00:32:27,509 --> 00:32:25,919

government officials etc in order to

878

00:32:30,470 --> 00:32:27,519

just help establish the fact that there

879

00:32:32,549 --> 00:32:30,480

is a very real mystery that's alive and

880

00:32:34,310 --> 00:32:32,559

well on our planet i leave it to more

881

00:32:36,630 --> 00:32:34,320

scientific minds than me to come up with

882

00:32:38,470 --> 00:32:36,640

those answers uh but for now i'm very

883

00:32:40,630 --> 00:32:38,480

content to shed light on that mystery

884

00:32:43,029 --> 00:32:40,640

and find data and i just want to bring

885

00:32:44,630 --> 00:32:43,039

up one other thing that um to your

886

00:32:48,549 --> 00:32:44,640

previous question about information

887

00:32:50,789 --> 00:32:48,559

being shared you know um canada the us

888

00:32:52,549 --> 00:32:50,799

australia new zealand the uk we're all

889

00:32:55,110 --> 00:32:52,559

tied into something called the

890

00:32:57,190 --> 00:32:55,120

the five eyes alliance which allows for

891

00:32:59,029 --> 00:32:57,200

intelligence sharing um

892

00:33:00,470 --> 00:32:59,039

you know between these english uh

893

00:33:02,230 --> 00:33:00,480

language countries

894

00:33:03,590 --> 00:33:02,240

and

895

00:33:06,230 --> 00:33:03,600

you know while i haven't found any

896

00:33:08,549 --> 00:33:06,240

evidence that there's been uh uap

897

00:33:11,190 --> 00:33:08,559

briefings or uap material brought

898

00:33:14,070 --> 00:33:11,200

through the five eyes organization

899

00:33:16,230 --> 00:33:14,080

you know it stands to reason that there

900

00:33:18,549 --> 00:33:16,240

would be communication on the topic

901
00:33:20,950 --> 00:33:18,559
through five eyes because you know this

902
00:33:22,389 --> 00:33:20,960
is something that the us military

903
00:33:24,070 --> 00:33:22,399
and you know members of the us

904
00:33:25,909 --> 00:33:24,080
governments have been very outspoken

905
00:33:28,630 --> 00:33:25,919
about as being a potential defense and

906
00:33:30,389 --> 00:33:28,640
security issue i would find it shocking

907
00:33:33,269 --> 00:33:30,399
if that information had not been

908
00:33:35,750 --> 00:33:33,279
conveyed to u.s allies like canada and

909
00:33:37,350 --> 00:33:35,760
the uk i i think that information

910
00:33:39,590 --> 00:33:37,360
sharing is happening it stands for

911
00:33:41,110 --> 00:33:39,600
reason unfortunately i can't like hold

912
00:33:42,710 --> 00:33:41,120
up a piece of paper and say you know

913
00:33:43,830 --> 00:33:42,720

this proves it but

914

00:33:46,310 --> 00:33:43,840

uh

915

00:33:48,710 --> 00:33:46,320

it stands to reason that you know our

916

00:33:50,149 --> 00:33:48,720

governments uh are a little more

917

00:33:51,590 --> 00:33:50,159

integrated and a little more

918

00:33:53,269 --> 00:33:51,600

knowledgeable about the subject than

919

00:33:55,190 --> 00:33:53,279

they're letting on

920

00:33:57,269 --> 00:33:55,200

yeah from a uk point of view a peek

921

00:33:59,430 --> 00:33:57,279

behind the curtain here folks a part of

922

00:34:02,070 --> 00:33:59,440

a group uap media uk that people will

923

00:34:03,909 --> 00:34:02,080

know about um and we were talking in our

924

00:34:05,830 --> 00:34:03,919

on our private chat yesterday that there

925

00:34:07,909 --> 00:34:05,840

was our questions for the uk parliament

926

00:34:10,950 --> 00:34:07,919

page had been put up

927

00:34:13,750 --> 00:34:10,960

and one of the local mps had asked about

928

00:34:15,750 --> 00:34:13,760

uap incursions and were there any data

929

00:34:17,190 --> 00:34:15,760

being shared from the united states on

930

00:34:19,669 --> 00:34:17,200

these classified briefings when i'm

931

00:34:21,909 --> 00:34:19,679

hearing about and baroness goldie who

932

00:34:23,669 --> 00:34:21,919

deals in some aspects of that i can't

933

00:34:25,510 --> 00:34:23,679

remember her exact position here in the

934

00:34:27,669 --> 00:34:25,520

in the uk government

935

00:34:29,270 --> 00:34:27,679

she had previously laughed off this

936

00:34:30,869 --> 00:34:29,280

subject live in parliament when

937

00:34:32,069 --> 00:34:30,879

questioned about it no interest

938

00:34:34,230 --> 00:34:32,079

whatsoever

939

00:34:35,669 --> 00:34:34,240
on the surface anyway but are

940

00:34:37,909 --> 00:34:35,679
some of my colleagues i don't

941

00:34:39,589 --> 00:34:37,919
necessarily subscribe to this saw her

942

00:34:41,669 --> 00:34:39,599
answer yesterday online where she

943

00:34:43,510 --> 00:34:41,679
mentioned that they wouldn't talk about

944

00:34:45,669 --> 00:34:43,520
any classified information that had been

945

00:34:47,510 --> 00:34:45,679
shared as a positive that there was a

946

00:34:50,629 --> 00:34:47,520
potential discussion being had about

947

00:34:52,149 --> 00:34:50,639
uaps i think personally she was just

948

00:34:54,069 --> 00:34:52,159
answering the notion that anything

949

00:34:55,750 --> 00:34:54,079
classified obviously wouldn't be

950

00:34:57,990 --> 00:34:55,760
discussed so there was no conversation

951
00:35:00,630 --> 00:34:58,000
to be had but like you say in terms of

952
00:35:02,630 --> 00:35:00,640
the uk if that's any sign of progress

953
00:35:04,710 --> 00:35:02,640
then you of take it because that's what

954
00:35:06,150 --> 00:35:04,720
we're kind of scrapping about for just

955
00:35:08,069 --> 00:35:06,160
now and like you say the five eyes

956
00:35:10,310 --> 00:35:08,079
agreement you would have to think even

957
00:35:12,230 --> 00:35:10,320
if it was being led by the us

958
00:35:14,310 --> 00:35:12,240
there has to be some sort of information

959
00:35:15,430 --> 00:35:14,320
exchange going going back and forward

960
00:35:16,950 --> 00:35:15,440
there

961
00:35:19,430 --> 00:35:16,960
i wanted to ask him and this is one of

962
00:35:20,870 --> 00:35:19,440
the listener questions from gnosis

963
00:35:22,870 --> 00:35:20,880

daniel's only recently started

964

00:35:24,230 --> 00:35:22,880

investigating the topic yet has managed

965

00:35:25,349 --> 00:35:24,240

to uncover a whole lot of new

966

00:35:26,950 --> 00:35:25,359

information

967

00:35:29,109 --> 00:35:26,960

does daniel believe there's a lot more

968

00:35:31,829 --> 00:35:29,119

sitting on the shelf just waiting to be

969

00:35:33,990 --> 00:35:31,839

unearthed has uap reality being held

970

00:35:36,069 --> 00:35:34,000

back not so much by cover-up but by the

971

00:35:37,910 --> 00:35:36,079

fact that historically journalists have

972

00:35:40,390 --> 00:35:37,920

simply failed to look properly and ask

973

00:35:41,510 --> 00:35:40,400

the right people the right questions

974

00:35:43,589 --> 00:35:41,520

uh

975

00:35:45,589 --> 00:35:43,599

short answer yes and yes

976

00:35:47,430 --> 00:35:45,599

uh there's a lot more sitting on my

977

00:35:49,270 --> 00:35:47,440

shelf personally that i've yet to put

978

00:35:51,990 --> 00:35:49,280

out there and write about and so

979

00:35:54,310 --> 00:35:52,000

more stories to come from me um yeah you

980

00:35:56,550 --> 00:35:54,320

know like i said when i

981

00:35:58,230 --> 00:35:56,560

especially in canada uh

982

00:36:00,069 --> 00:35:58,240

you know journalists mainstream

983

00:36:01,030 --> 00:36:00,079

journalists have not touched the subject

984

00:36:03,349 --> 00:36:01,040

um

985

00:36:04,790 --> 00:36:03,359

you know when i started doing it i as i

986

00:36:07,109 --> 00:36:04,800

said i've been working as a journalist

987

00:36:08,790 --> 00:36:07,119

for over a decade i spent a lot of time

988

00:36:11,430 --> 00:36:08,800

doing international reporting under

989

00:36:14,150 --> 00:36:11,440

southeast asia and investigations i was

990

00:36:16,950 --> 00:36:14,160

basically you know applying journalistic

991

00:36:18,710 --> 00:36:16,960

practices of investigative journalism

992

00:36:22,069 --> 00:36:18,720

you know to this topic as i would with

993

00:36:24,390 --> 00:36:22,079

any other topic and um i i think in

994

00:36:25,829 --> 00:36:24,400

journalism in canada you know this this

995

00:36:27,750 --> 00:36:25,839

data has been there this data's been

996

00:36:29,510 --> 00:36:27,760

sitting there for two decades i think

997

00:36:31,510 --> 00:36:29,520

it's just you know

998

00:36:34,150 --> 00:36:31,520

the right person hasn't right asked the

999

00:36:35,990 --> 00:36:34,160

right questions and even when i first

1000

00:36:38,390 --> 00:36:36,000

started filing my access information

1001
00:36:40,870 --> 00:36:38,400
requests as i mentioned you know i got

1002
00:36:42,550 --> 00:36:40,880
these 290 pages but the first time i

1003
00:36:44,150 --> 00:36:42,560
asked for them they told me to to look

1004
00:36:46,230 --> 00:36:44,160
elsewhere that they didn't have them and

1005
00:36:47,190 --> 00:36:46,240
it was because you know one thing you

1006
00:36:49,670 --> 00:36:47,200
have to

1007
00:36:52,710 --> 00:36:49,680
in any if you're any sort of researcher

1008
00:36:54,390 --> 00:36:52,720
you can't take no for an answer and uh

1009
00:36:56,069 --> 00:36:54,400
you can't you should never be afraid of

1010
00:36:57,990 --> 00:36:56,079
asking the same question

1011
00:37:00,790 --> 00:36:58,000
multiple times in multiple different

1012
00:37:02,710 --> 00:37:00,800
ways expecting no as an answer you know

1013
00:37:05,270 --> 00:37:02,720

um

1014

00:37:07,190 --> 00:37:05,280

so all this is is just to say you know

1015

00:37:10,390 --> 00:37:07,200

no way you know i think there were ufo

1016

00:37:11,349 --> 00:37:10,400

researchers like people ufologist people

1017

00:37:13,270 --> 00:37:11,359

who were

1018

00:37:15,670 --> 00:37:13,280

looking at this material i i've met

1019

00:37:17,589 --> 00:37:15,680

several uh you know citizen ufo

1020

00:37:19,190 --> 00:37:17,599

researchers who had been able to pull

1021

00:37:21,510 --> 00:37:19,200

excellent data through our freedom of

1022

00:37:23,589 --> 00:37:21,520

information request and then couldn't

1023

00:37:25,670 --> 00:37:23,599

get anyone in the media to pay attention

1024

00:37:27,829 --> 00:37:25,680

to it you know like i've had these

1025

00:37:29,430 --> 00:37:27,839

conversations with folks i i came across

1026

00:37:31,750 --> 00:37:29,440

this material this type of material

1027

00:37:33,270 --> 00:37:31,760

independently and uh you know when i

1028

00:37:35,030 --> 00:37:33,280

first started getting returns it just

1029

00:37:37,030 --> 00:37:35,040

inspired me to keep digging harder and

1030

00:37:39,190 --> 00:37:37,040

harder you know realizing that there is

1031

00:37:41,109 --> 00:37:39,200

stuff here uh you know when those first

1032

00:37:43,670 --> 00:37:41,119

access to information requests arrived

1033

00:37:45,349 --> 00:37:43,680

in my in my inbox i was just i was

1034

00:37:47,910 --> 00:37:45,359

staggered you know i had filed the

1035

00:37:50,950 --> 00:37:47,920

request expecting nothing and then hear

1036

00:37:52,950 --> 00:37:50,960

the stuff came in um so you know i i

1037

00:37:54,870 --> 00:37:52,960

think i'm hoping that people uh

1038

00:37:57,190 --> 00:37:54,880

mainstream journalists in canada and

1039

00:37:59,829 --> 00:37:57,200

around the world uh you know can start

1040

00:38:01,910 --> 00:37:59,839

looking into the archives and records of

1041

00:38:04,470 --> 00:38:01,920

their own countries because you know

1042

00:38:07,990 --> 00:38:04,480

this is not uh unique to the united

1043

00:38:10,790 --> 00:38:08,000

states or canada uh this people see

1044

00:38:11,670 --> 00:38:10,800

unusual things around the globe

1045

00:38:13,829 --> 00:38:11,680

and

1046

00:38:16,470 --> 00:38:13,839

it's just sort of taken you know it's

1047

00:38:18,069 --> 00:38:16,480

unfortunate but like some of the data i

1048

00:38:20,550 --> 00:38:18,079

pulled i i that i've pulled through

1049

00:38:22,950 --> 00:38:20,560

access to information requests i've had

1050

00:38:25,670 --> 00:38:22,960

canadian ufo researchers contact me

1051
00:38:29,030 --> 00:38:25,680
after publication and say hey i was able

1052
00:38:30,550 --> 00:38:29,040
to get the same documents you know like

1053
00:38:32,870 --> 00:38:30,560
before you even started writing on this

1054
00:38:34,310 --> 00:38:32,880
subject and they can prove it you know

1055
00:38:36,470 --> 00:38:34,320
the data's been there people have been

1056
00:38:38,790 --> 00:38:36,480
looking unfortunately those who can

1057
00:38:40,950 --> 00:38:38,800
convey that information to you know

1058
00:38:42,630 --> 00:38:40,960
large audiences like me working in

1059
00:38:44,950 --> 00:38:42,640
journalism they haven't been looking at

1060
00:38:46,550 --> 00:38:44,960
this stuff uh i hope i hope my work

1061
00:38:48,310 --> 00:38:46,560
inspires other people to keep digging

1062
00:38:49,750 --> 00:38:48,320
because you know i'm sure there's things

1063
00:38:52,310 --> 00:38:49,760

i'm missing i'm sure there's questions

1064

00:38:53,990 --> 00:38:52,320

i'm not asking um it would be great to

1065

00:38:55,829 --> 00:38:54,000

have have more people join me in this

1066

00:38:57,750 --> 00:38:55,839

hunt here in canada

1067

00:38:59,430 --> 00:38:57,760

one of those citizen investigators would

1068

00:39:01,670 --> 00:38:59,440

be chris rutkowski

1069

00:39:04,069 --> 00:39:01,680

whose book ufo's declassified canada's

1070

00:39:05,349 --> 00:39:04,079

ufo's declassified bigger pardon is

1071

00:39:06,950 --> 00:39:05,359

coming out at the end of the month and

1072

00:39:08,470 --> 00:39:06,960

i'm hoping i'm just waiting on a date

1073

00:39:10,630 --> 00:39:08,480

being arranged through his publications

1074

00:39:12,790 --> 00:39:10,640

but having him on the podcast this got

1075

00:39:14,390 --> 00:39:12,800

to discuss just that the book and and

1076

00:39:15,589 --> 00:39:14,400

that kind of background work he's done

1077

00:39:17,190 --> 00:39:15,599

as well

1078

00:39:18,790 --> 00:39:17,200

you mentioned you've got things on the

1079

00:39:21,030 --> 00:39:18,800

shelf that you want to you want to write

1080

00:39:23,030 --> 00:39:21,040

about is there anything that now you're

1081

00:39:24,950 --> 00:39:23,040

getting your teeth into the ufo subject

1082

00:39:26,870 --> 00:39:24,960

for for over a year that you would

1083

00:39:28,790 --> 00:39:26,880

really like to to go you've obviously

1084

00:39:30,230 --> 00:39:28,800

looked at encounters i suppose there's

1085

00:39:32,550 --> 00:39:30,240

only so many articles you can write

1086

00:39:34,630 --> 00:39:32,560

about lights in the sky are there are

1087

00:39:36,630 --> 00:39:34,640

other areas of the ufo phenomenon like

1088

00:39:38,710 --> 00:39:36,640

abductions crash retrievals that really

1089

00:39:41,190 --> 00:39:38,720

interest you and you're just waiting for

1090

00:39:41,670 --> 00:39:41,200

the right time or the right

1091

00:39:43,270 --> 00:39:41,680

to back information

1092

00:39:45,829 --> 00:39:43,280

to chris for a second i just want to

1093

00:39:48,150 --> 00:39:45,839

bring something up about chris um

1094

00:39:51,430 --> 00:39:48,160

chris chris is a

1095

00:39:53,829 --> 00:39:51,440

he's a winnipeg based uh ufologist he's

1096

00:39:55,910 --> 00:39:53,839

been working on the subject for i guess

1097

00:39:58,390 --> 00:39:55,920

over 30 years

1098

00:40:01,829 --> 00:39:58,400

he produces an annual

1099

00:40:04,309 --> 00:40:01,839

ufo survey that basically tries to

1100

00:40:07,829 --> 00:40:04,319

collect you know all ufo sightings that

1101
00:40:09,030 --> 00:40:07,839
happened in canada and you know

1102
00:40:11,109 --> 00:40:09,040
interestingly you know through my

1103
00:40:14,470 --> 00:40:11,119
research i found out that

1104
00:40:17,030 --> 00:40:14,480
chris had been receiving ufo reports

1105
00:40:19,349 --> 00:40:17,040
directly from transportation officials

1106
00:40:20,390 --> 00:40:19,359
and the canadian air force for about two

1107
00:40:23,030 --> 00:40:20,400
decades

1108
00:40:24,390 --> 00:40:23,040
uh he had basically found out that you

1109
00:40:26,390 --> 00:40:24,400
know they weren't doing

1110
00:40:28,790 --> 00:40:26,400
anything with them and

1111
00:40:30,550 --> 00:40:28,800
they you know had an arrangement where

1112
00:40:32,710 --> 00:40:30,560
he was receiving this stuff you know

1113
00:40:34,950 --> 00:40:32,720

unredacted without having to go through

1114

00:40:37,910 --> 00:40:34,960

the access to information system uh for

1115

00:40:39,670 --> 00:40:37,920

his research which which was you know

1116

00:40:41,750 --> 00:40:39,680

quite fascinating i think i have one in

1117

00:40:43,670 --> 00:40:41,760

front of me you know there's ufo

1118

00:40:45,349 --> 00:40:43,680

procedures from the canadian air force

1119

00:40:47,430 --> 00:40:45,359

i'll cover up his email address but it

1120

00:40:50,150 --> 00:40:47,440

says you know send them to chris

1121

00:40:51,829 --> 00:40:50,160

send them to chris um so you know i i

1122

00:40:55,510 --> 00:40:51,839

just want to emphasize that the chris

1123

00:40:58,069 --> 00:40:55,520

has played a very important role in uh

1124

00:40:59,910 --> 00:40:58,079

in collecting data on the subject um

1125

00:41:00,710 --> 00:40:59,920

back to you're actually the question

1126

00:41:03,109 --> 00:41:00,720

about

1127

00:41:04,790 --> 00:41:03,119

do i want my interests to

1128

00:41:06,630 --> 00:41:04,800

you know there's a bit of a fine line to

1129

00:41:09,349 --> 00:41:06,640

walk here it's it's early days in

1130

00:41:11,910 --> 00:41:09,359

canadian media and widespread acceptance

1131

00:41:16,230 --> 00:41:11,920

of the veracity of this topic

1132

00:41:19,430 --> 00:41:16,240

and i i'm acutely aware of the fact that

1133

00:41:20,390 --> 00:41:19,440

my ability to tell

1134

00:41:22,309 --> 00:41:20,400

these stories

1135

00:41:25,750 --> 00:41:22,319

in mainstream outlets for mainstream

1136

00:41:28,670 --> 00:41:25,760

audiences is contingent on

1137

00:41:31,510 --> 00:41:28,680

my sticking to

1138

00:41:34,870 --> 00:41:31,520

verifiable information right

1139

00:41:38,230 --> 00:41:34,880

documents on the record interviews

1140

00:41:42,069 --> 00:41:38,240

you know military procedures etc i i'm

1141

00:41:44,230 --> 00:41:42,079

very concerned that if i

1142

00:41:46,870 --> 00:41:44,240

deviate from that path

1143

00:41:49,910 --> 00:41:46,880

and begin looking into you know or at

1144

00:41:52,790 --> 00:41:49,920

least begin writing about uh you know

1145

00:41:55,829 --> 00:41:52,800

experiences experiencers alleged

1146

00:41:59,589 --> 00:41:55,839

retrievals it will inherently negatively

1147

00:42:01,349 --> 00:41:59,599

impact my ability to convey

1148

00:42:03,349 --> 00:42:01,359

you know the verifiable information to

1149

00:42:05,589 --> 00:42:03,359

mainstream audiences do you hear me

1150

00:42:07,349 --> 00:42:05,599

so like i i have i don't have a personal

1151
00:42:08,630 --> 00:42:07,359
interest in those in those types of

1152
00:42:10,550 --> 00:42:08,640
narratives

1153
00:42:12,870 --> 00:42:10,560
but you know at least from my

1154
00:42:16,309 --> 00:42:12,880
perspective and and the sort of research

1155
00:42:20,069 --> 00:42:16,319
i'm doing uh in in terms of canada i

1156
00:42:22,230 --> 00:42:20,079
have yet to find too many cases or data

1157
00:42:23,829 --> 00:42:22,240
that's you know verifiable that relates

1158
00:42:26,390 --> 00:42:23,839
to those types

1159
00:42:28,950 --> 00:42:26,400
of cases of experiencers alleged

1160
00:42:30,710 --> 00:42:28,960
abductions you know retrieved materials

1161
00:42:33,589 --> 00:42:30,720
et cetera in terms of in the

1162
00:42:36,630 --> 00:42:33,599
contemporary canadian record uh there

1163
00:42:39,109 --> 00:42:36,640

are not official records i have found

1164

00:42:40,710 --> 00:42:39,119

that relate to that so that that's gonna

1165

00:42:43,030 --> 00:42:40,720

you know that for me that means that

1166

00:42:44,790 --> 00:42:43,040

it's not something i'm gonna go a path

1167

00:42:46,870 --> 00:42:44,800

i'm going to go down i certainly am

1168

00:42:49,270 --> 00:42:46,880

interested and i read those things but

1169

00:42:51,190 --> 00:42:49,280

you know unfortunately unfortunately

1170

00:42:53,829 --> 00:42:51,200

there's so little data when it comes to

1171

00:42:55,990 --> 00:42:53,839

those types of cases and you know it's

1172

00:42:58,630 --> 00:42:56,000

so important to be able to prevent to

1173

00:43:00,870 --> 00:42:58,640

present verifiable information you know

1174

00:43:03,589 --> 00:43:00,880

that's why with the stories i put out

1175

00:43:06,309 --> 00:43:03,599

there every single story for the most

1176

00:43:09,109 --> 00:43:06,319

part includes pdfs with all of my source

1177

00:43:10,790 --> 00:43:09,119

material um so there's no mystery right

1178

00:43:13,109 --> 00:43:10,800

so there's no questioning where this

1179

00:43:14,870 --> 00:43:13,119

stuff is coming from um

1180

00:43:16,950 --> 00:43:14,880

unfortunately you know these sorts of

1181

00:43:18,950 --> 00:43:16,960

cases that you bring up it's just so

1182

00:43:20,550 --> 00:43:18,960

much anecdotal information and while

1183

00:43:23,030 --> 00:43:20,560

certain ones are very compelling you

1184

00:43:25,990 --> 00:43:23,040

know for example like the events of

1185

00:43:27,990 --> 00:43:26,000

rural zimbabwe um

1186

00:43:29,670 --> 00:43:28,000

you know without the

1187

00:43:31,910 --> 00:43:29,680

without the additional verifiable

1188

00:43:33,349 --> 00:43:31,920

records to support it it's hard for me

1189

00:43:34,950 --> 00:43:33,359

to convey those

1190

00:43:36,069 --> 00:43:34,960

those types of stories to a mainstream

1191

00:43:37,430 --> 00:43:36,079

audience

1192

00:43:39,030 --> 00:43:37,440

yeah i can appreciate why you want to

1193

00:43:41,349 --> 00:43:39,040

trade lightly because you go from being

1194

00:43:43,349 --> 00:43:41,359

someone presenting an incredible subject

1195

00:43:46,230 --> 00:43:43,359

but the verifiable facts the evidence

1196

00:43:47,589 --> 00:43:46,240

the data to jumping the shark almost to

1197

00:43:49,670 --> 00:43:47,599

being the guy who all of a sudden has

1198

00:43:52,069 --> 00:43:49,680

talked about it talking about recovered

1199

00:43:55,030 --> 00:43:52,079

alien bodies from the shag harbor event

1200

00:43:56,870 --> 00:43:55,040

that one guy said he saw and you know it

1201
00:43:58,069 --> 00:43:56,880
starts to snowball into that and you

1202
00:43:59,670 --> 00:43:58,079
lose your

1203
00:44:02,069 --> 00:43:59,680
your respect amongst the colleagues and

1204
00:44:04,069 --> 00:44:02,079
also your platforms to get that larger

1205
00:44:06,230 --> 00:44:04,079
message out when the time comes so i i

1206
00:44:08,309 --> 00:44:06,240
can appreciate that i i think but you

1207
00:44:10,390 --> 00:44:08,319
know for anyone who's engaged in

1208
00:44:13,190 --> 00:44:10,400
producing research and material on the

1209
00:44:15,270 --> 00:44:13,200
subject you know we all are sort of

1210
00:44:18,150 --> 00:44:15,280
playing a part in a greater movement

1211
00:44:20,550 --> 00:44:18,160
towards disclosure you know i i'm aware

1212
00:44:22,790 --> 00:44:20,560
of of the lane i want to take which is

1213
00:44:24,630 --> 00:44:22,800

you know sticking to these declassified

1214

00:44:26,950 --> 00:44:24,640

records and interviews with officials

1215

00:44:29,190 --> 00:44:26,960

you know because that's that's what i

1216

00:44:31,750 --> 00:44:29,200

can do to contribute you know hopefully

1217

00:44:33,349 --> 00:44:31,760

to a broader movement of disclosure and

1218

00:44:35,589 --> 00:44:33,359

there's other platforms that i think are

1219

00:44:37,750 --> 00:44:35,599

much better suited uh than me in my

1220

00:44:39,670 --> 00:44:37,760

writing to tell the tor those other

1221

00:44:41,270 --> 00:44:39,680

sorts of stories

1222

00:44:43,910 --> 00:44:41,280

you mentioned just before and i've got

1223

00:44:45,430 --> 00:44:43,920

one final question and that no

1224

00:44:47,190 --> 00:44:45,440

researcher or journalist should ever be

1225

00:44:48,870 --> 00:44:47,200

scared to ask the same question again

1226

00:44:50,550 --> 00:44:48,880

and get no for an answer or you know be

1227

00:44:52,069 --> 00:44:50,560

shot down and you never know so i'm

1228

00:44:54,230 --> 00:44:52,079

going to ask you the same question very

1229

00:44:55,910 --> 00:44:54,240

similar to what i asked you before uh

1230

00:44:58,630 --> 00:44:55,920

around your opinion but from one of the

1231

00:45:01,190 --> 00:44:58,640

listeners and see if you how you feel so

1232

00:45:03,190 --> 00:45:01,200

as the evidence this is from walker as

1233

00:45:04,550 --> 00:45:03,200

the evidence daniel has seen enough to

1234

00:45:07,670 --> 00:45:04,560

convince him we are dealing with a

1235

00:45:09,190 --> 00:45:07,680

non-human intelligence

1236

00:45:11,910 --> 00:45:09,200

the evidence that i've seen has been

1237

00:45:14,150 --> 00:45:11,920

enough to convince me that prosaic

1238

00:45:15,510 --> 00:45:14,160

explanations don't work for some of

1239

00:45:17,670 --> 00:45:15,520

these cases

1240

00:45:19,910 --> 00:45:17,680

as to whether or not that's a non-human

1241

00:45:21,670 --> 00:45:19,920

intelligence i personally

1242

00:45:23,589 --> 00:45:21,680

i i don't have the data to answer that

1243

00:45:25,750 --> 00:45:23,599

question you know and one thing i've

1244

00:45:28,390 --> 00:45:25,760

brought up in other interviews too is

1245

00:45:30,150 --> 00:45:28,400

is even if this all proves to be

1246

00:45:32,950 --> 00:45:30,160

human-made technology i think the

1247

00:45:35,109 --> 00:45:32,960

implications for our species in society

1248

00:45:37,349 --> 00:45:35,119

are huge you know of course you see

1249

00:45:39,190 --> 00:45:37,359

these things reports of things traveling

1250

00:45:41,270 --> 00:45:39,200

faster than the speed of sound and

1251
00:45:44,470 --> 00:45:41,280
making right angle turns without slowing

1252
00:45:47,030 --> 00:45:44,480
down you know to me that shows that

1253
00:45:49,990 --> 00:45:47,040
on this planet there perhaps is a

1254
00:45:52,309 --> 00:45:50,000
technology uh that you know you know if

1255
00:45:54,390 --> 00:45:52,319
this is all human-made it would it would

1256
00:45:56,870 --> 00:45:54,400
mean that somebody has created a new

1257
00:45:58,950 --> 00:45:56,880
form of propulsion as well as uh you

1258
00:46:00,870 --> 00:45:58,960
know perhaps harnessed a new energy

1259
00:46:02,550 --> 00:46:00,880
source that could eliminate our

1260
00:46:04,550 --> 00:46:02,560
dependence on that could potentially

1261
00:46:06,790 --> 00:46:04,560
eliminate our dependence on fossil fuels

1262
00:46:08,069 --> 00:46:06,800
you know which are choking our planet so

1263
00:46:09,910 --> 00:46:08,079

even if this is all human-made

1264

00:46:12,950 --> 00:46:09,920

technology the implications for our

1265

00:46:14,630 --> 00:46:12,960

society and species are huge i mean it's

1266

00:46:17,270 --> 00:46:14,640

it's you know it's possible we're

1267

00:46:20,069 --> 00:46:17,280

dealing with another intelligence but

1268

00:46:21,670 --> 00:46:20,079

you know nothing i i don't have you know

1269

00:46:23,670 --> 00:46:21,680

that evidence

1270

00:46:26,950 --> 00:46:23,680

to say that with certainty and frankly

1271

00:46:29,910 --> 00:46:26,960

i'm pretty skeptical of anyone who does

1272

00:46:32,550 --> 00:46:29,920

have definitive answers in this field uh

1273

00:46:35,109 --> 00:46:32,560

to me you know the the volume of

1274

00:46:37,430 --> 00:46:35,119

research i've done just indicates that

1275

00:46:39,349 --> 00:46:37,440

we have a mystery

1276

00:46:41,750 --> 00:46:39,359

that that we ought to take seriously to

1277

00:46:43,030 --> 00:46:41,760

solve you know whether it what the

1278

00:46:45,510 --> 00:46:43,040

answer is

1279

00:46:47,349 --> 00:46:45,520

i don't know but i'm really excited to

1280

00:46:49,829 --> 00:46:47,359

you know find out and i hope that's

1281

00:46:51,190 --> 00:46:49,839

something we we learn in our lifetime

1282

00:46:53,109 --> 00:46:51,200

that's a really nice place to start

1283

00:46:54,790 --> 00:46:53,119

wrapping up daniel um can i just ask

1284

00:46:56,630 --> 00:46:54,800

finally what's next for you what you're

1285

00:46:58,230 --> 00:46:56,640

going to be working on and how can

1286

00:47:01,510 --> 00:46:58,240

people get in touch and follow your work

1287

00:47:04,069 --> 00:47:01,520

as well yeah absolutely um i have

1288

00:47:05,670 --> 00:47:04,079

listen there's a lot more uh documents i

1289

00:47:07,349 --> 00:47:05,680

have on my shelf that i'm going through

1290

00:47:09,109 --> 00:47:07,359

in writing about

1291

00:47:10,790 --> 00:47:09,119

and pretty much everything i get i put

1292

00:47:13,270 --> 00:47:10,800

out into the world so

1293

00:47:15,510 --> 00:47:13,280

there's more stories yet to come

1294

00:47:17,910 --> 00:47:15,520

i believe we you should see a story from

1295

00:47:21,270 --> 00:47:17,920

me involving uh

1296

00:47:22,710 --> 00:47:21,280

a very interesting witness a a uniformed

1297

00:47:26,069 --> 00:47:22,720

witness here in canada that should be

1298

00:47:28,829 --> 00:47:26,079

coming soon you can follow my work i'm

1299

00:47:31,670 --> 00:47:28,839

my personal website is

1300

00:47:33,910 --> 00:47:31,680

danielotis.ca i post all my stories and

1301
00:47:35,670 --> 00:47:33,920
podcast appearances and stuff there i'm

1302
00:47:38,390 --> 00:47:35,680
very active on twitter or you can find

1303
00:47:39,910 --> 00:47:38,400
me at d s otis

1304
00:47:41,829 --> 00:47:39,920
that's a great place to follow me

1305
00:47:43,829 --> 00:47:41,839
because for example let's say i write a

1306
00:47:45,190 --> 00:47:43,839
a story about a case and then a few

1307
00:47:47,109 --> 00:47:45,200
months later

1308
00:47:48,630 --> 00:47:47,119
additional declassified records come in

1309
00:47:49,910 --> 00:47:48,640
well i'm not going to write a whole new

1310
00:47:51,990 --> 00:47:49,920
story based on these additional

1311
00:47:54,150 --> 00:47:52,000
documents so i usually post stuff like

1312
00:47:55,670 --> 00:47:54,160
that onto twitter so my website

1313
00:47:57,910 --> 00:47:55,680

1316

i'm less active and

1317

00:48:04,630 --> 00:48:02,880

there will be more and bigger stories

1318

00:48:05,750 --> 00:48:04,640
