THE BREAKDOWN

JAMES FOX UPDATE, SEMIVAN ON ARTISTS & ALIENS, USA LEGISLATION UPDATE & MORE

1
00:00:00,000 --> 00:00:12,310

[Music]

2
00:00:17,029 --> 00:00:14,470

it was basically a cube with inside of

3
00:00:22,000 --> 00:00:17,039

sphere where the points of the cube

4
00:00:35,190 --> 00:00:31,260

[Music]

5
00:00:36,790 --> 00:00:35,200

[Applause]

6
00:00:39,030 --> 00:00:36,800

so this isn't anything that just is

7
00:00:46,630 --> 00:00:39,040

limited to the united states it's a

8
00:00:50,869 --> 00:00:48,869

hi everyone and welcome back to that ufo

9
00:00:54,470 --> 00:00:50,879

podcast it's a breakdown we're recording

10
00:00:56,470 --> 00:00:54,480

this on the 12th of march 2022.

11
00:00:57,510 --> 00:00:56,480

joining me as always is dan

12
00:01:03,349 --> 00:00:57,520

hi

13
00:01:05,109 --> 00:01:03,359

you always give me such nice intros and

14

00:01:06,789 --> 00:01:05,119

uh and yeah

15

00:01:08,710 --> 00:01:06,799

i think i think maybe we can just skip

16

00:01:10,230 --> 00:01:08,720

those now i was going to say welcome to

17

00:01:13,190 --> 00:01:10,240

the podcast but yeah that's that's my

18

00:01:15,190 --> 00:01:13,200

guest that's what guest um so

19

00:01:17,429 --> 00:01:15,200

lots of little bits to cover within this

20

00:01:19,109 --> 00:01:17,439

one um we were going to record this the

21

00:01:21,270 --> 00:01:19,119

other day but there's been lots going on

22

00:01:23,109 --> 00:01:21,280

and i'm busy you're busy um and we've

23

00:01:25,910 --> 00:01:23,119

managed to get to it today on a lovely

24

00:01:27,270 --> 00:01:25,920

saturday evening here in the uk um and

25

00:01:29,350 --> 00:01:27,280

you know what for the first time i don't

26

00:01:31,510 --> 00:01:29,360

know why i've not done this before i

27

00:01:33,749 --> 00:01:31,520

asked some of the listeners on on

28

00:01:35,190 --> 00:01:33,759

twitter and various platforms that's a

29

00:01:37,030 --> 00:01:35,200

lie i said i'd just use twitter i should

30

00:01:39,190 --> 00:01:37,040

have used others um

31

00:01:40,550 --> 00:01:39,200

check me checking myself

32

00:01:42,069 --> 00:01:40,560

is there anything they wanted us to

33

00:01:43,830 --> 00:01:42,079

cover and a couple of people quite

34

00:01:45,830 --> 00:01:43,840

quickly got back with a load of things

35

00:01:47,990 --> 00:01:45,840

sobel we'll tear through those later on

36

00:01:49,990 --> 00:01:48,000

but there's a few bits and news that are

37

00:01:51,510 --> 00:01:50,000

definitely worth covering so if there is

38

00:01:53,030 --> 00:01:51,520

stuff you want us to cover folks within

39

00:01:55,270 --> 00:01:53,040

the breakdowns we do try and keep them

40

00:01:57,030 --> 00:01:55,280

weekly when there's stuff to talk about

41

00:01:58,550 --> 00:01:57,040

because otherwise when there's not a lot

42

00:02:01,670 --> 00:01:58,560

to talk about

43

00:02:02,830 --> 00:02:01,680

people make stuff up um so what we'll

44

00:02:05,270 --> 00:02:02,840

start to do

45

00:02:06,550 --> 00:02:05,280

is it's very true yep that's one of the

46

00:02:10,070 --> 00:02:06,560

things we need to cover later on in a

47

00:02:12,070 --> 00:02:10,080

way um new james fox documentary dan has

48

00:02:14,150 --> 00:02:12,080

been announced obviously some time ago

49

00:02:16,309 --> 00:02:14,160

very exciting update from james fox the

50

00:02:18,710 --> 00:02:16,319

documentary on the virginia case in

51
00:02:21,510 --> 00:02:18,720
brazil is going to be called moment of

52
00:02:23,830 --> 00:02:21,520
contact and from james fox's socials if

53
00:02:25,990 --> 00:02:23,840
you're not on the social medias

54
00:02:27,750 --> 00:02:26,000
you won't have seen this he said we have

55
00:02:31,830 --> 00:02:27,760
worked tirelessly

56
00:02:34,550 --> 00:02:31,840
months to produce a documentary in

57
00:02:38,229 --> 00:02:34,560
record time on the famous or infamous

58
00:02:39,509 --> 00:02:38,239
1996 virginia ufo incident i'm proud to

59
00:02:41,509 --> 00:02:39,519
say that we are just days away from

60
00:02:43,910 --> 00:02:41,519
having a powerful and compelling rough

61
00:02:46,309 --> 00:02:43,920
cut it's called moment of contact and

62
00:02:48,229 --> 00:02:46,319
will be released late this year thanks

63
00:02:49,750 --> 00:02:48,239

to all of you for your continued support

64

00:02:52,550 --> 00:02:49,760

hashtag

65

00:02:55,750 --> 00:02:52,560

ufo um it's also been picked up by as

66

00:02:57,430 --> 00:02:55,760

1091 pictures for distribution no dates

67

00:02:59,589 --> 00:02:57,440

yet on release but like james said it'll

68

00:03:01,030 --> 00:02:59,599

be later this year once it's finished up

69

00:03:02,790 --> 00:03:01,040

and uh he's going to be on the pod to

70

00:03:04,630 --> 00:03:02,800

talk about that when the time is right

71

00:03:06,390 --> 00:03:04,640

i've been in contact with james and as

72

00:03:08,710 --> 00:03:06,400

soon as he feels he wants to come on and

73

00:03:10,630 --> 00:03:08,720

have any kind of conversations but i i

74

00:03:12,390 --> 00:03:10,640

get james as a father you know i always

75

00:03:14,309 --> 00:03:12,400

appreciate if their parents that come on

76

00:03:15,990 --> 00:03:14,319

the show and stuff um and he spent a lot

77

00:03:18,149 --> 00:03:16,000

of time away from his young son when he

78

00:03:20,149 --> 00:03:18,159

was away filming the documentary and he

79

00:03:21,990 --> 00:03:20,159

is tearing through the work if you keep

80

00:03:24,390 --> 00:03:22,000

up to date with these socials to get

81

00:03:26,550 --> 00:03:24,400

this thing ready as quickly as he is so

82

00:03:28,309 --> 00:03:26,560

very much looking forward to that and

83

00:03:30,390 --> 00:03:28,319

when james was on with myself dan he

84

00:03:32,550 --> 00:03:30,400

mentioned people shouldn't expect this

85

00:03:34,550 --> 00:03:32,560

to be the phenomenon to that is going to

86

00:03:35,830 --> 00:03:34,560

be its own piece the phenomenon too will

87

00:03:37,910 --> 00:03:35,840

be coming out

88

00:03:39,350 --> 00:03:37,920

this is very much uh

89

00:03:41,910 --> 00:03:39,360

taking a magnifying glass to a

90

00:03:43,990 --> 00:03:41,920

particular case and really dissecting it

91

00:03:45,670 --> 00:03:44,000

and getting involved and i don't doubt

92

00:03:47,589 --> 00:03:45,680

this will be a very very good piece to

93

00:03:49,990 --> 00:03:47,599

watch very well made of course as

94

00:03:51,589 --> 00:03:50,000

anything james does is yeah absolutely

95

00:03:53,750 --> 00:03:51,599

and and the cool thing about this case

96

00:03:55,350 --> 00:03:53,760

is that there's actual kind of

97

00:03:57,270 --> 00:03:55,360

you know as the name implies there's

98

00:04:00,949 --> 00:03:57,280

actual kind of contact and interaction

99

00:04:03,110 --> 00:04:00,959

between beings and people um so it after

100

00:04:05,270 --> 00:04:03,120

after james played so loosely with that

101
00:04:07,830 --> 00:04:05,280
idea and the phenomena i'm very

102
00:04:10,309 --> 00:04:07,840
intrigued to see how he presents uh such

103
00:04:14,630 --> 00:04:10,319
a such a landmark case really

104
00:04:17,509 --> 00:04:14,640
i think in my head i always think of

105
00:04:19,990 --> 00:04:17,519
the best kind of footage in any movie of

106
00:04:22,550 --> 00:04:20,000
of alien contact or like what should be

107
00:04:24,710 --> 00:04:22,560
genuine was in signs with wacky and

108
00:04:26,150 --> 00:04:24,720
phoenix you know m night shyamalan when

109
00:04:27,510 --> 00:04:26,160
they actually see i believe it's in

110
00:04:29,270 --> 00:04:27,520
brazil isn't it when they're in the

111
00:04:30,870 --> 00:04:29,280
children's birthday party that's right

112
00:04:32,310 --> 00:04:30,880
children's birthday party in brazil and

113
00:04:34,629 --> 00:04:32,320

they say look out look at this footage

114

00:04:37,270 --> 00:04:34,639

it's disturbing and the handheld camera

115

00:04:39,350 --> 00:04:37,280

shakes as it shows you like a being just

116

00:04:41,030 --> 00:04:39,360

passed by the alleyway and that's the

117

00:04:43,110 --> 00:04:41,040

first time in the film you see one of

118

00:04:45,110 --> 00:04:43,120

these things kinda and it's really

119

00:04:46,469 --> 00:04:45,120

really well done and for me that's

120

00:04:48,550 --> 00:04:46,479

that's kind of what i have in my head

121

00:04:49,749 --> 00:04:48,560

with us virginia case so i'm looking

122

00:04:51,510 --> 00:04:49,759

forward to seeing if that kind of

123

00:04:53,350 --> 00:04:51,520

matters up in the same way when i first

124

00:04:54,790 --> 00:04:53,360

read the harry potter books that you

125

00:04:55,830 --> 00:04:54,800

know i had all these ideas of what they

126

00:04:57,270 --> 00:04:55,840

would look like and what the places

127

00:04:58,950 --> 00:04:57,280

would be like so i look forward to james

128

00:05:00,230 --> 00:04:58,960

kind of bringing that to life with the

129

00:05:02,550 --> 00:05:00,240

with the cast and crew that he's put

130

00:05:04,230 --> 00:05:02,560

together yeah absolutely he's always so

131

00:05:06,310 --> 00:05:04,240

tasteful with his recreations you know

132

00:05:08,629 --> 00:05:06,320

there's no overly dramatic music it's

133

00:05:10,870 --> 00:05:08,639

not very ancient aliens it's more kind

134

00:05:13,270 --> 00:05:10,880

of probably what the person experienced

135

00:05:14,710 --> 00:05:13,280

in the moment um and and yeah i love

136

00:05:16,150 --> 00:05:14,720

that he always takes that human angle

137

00:05:17,590 --> 00:05:16,160

because it really is important what it

138

00:05:19,990 --> 00:05:17,600

does to us

139

00:05:21,670 --> 00:05:20,000

yes looking forward to that very much um

140

00:05:23,830 --> 00:05:21,680

i don't want to be too pleasant about

141

00:05:25,590 --> 00:05:23,840

james or anyone on this pod because

142

00:05:28,469 --> 00:05:25,600

where a recent apple review which was

143

00:05:30,390 --> 00:05:28,479

one star um called us propaganda and i

144

00:05:31,830 --> 00:05:30,400

said that did antares again

145

00:05:34,070 --> 00:05:31,840

i sent the screenshot i was like yep

146

00:05:36,950 --> 00:05:34,080

we're now propaganda um so yeah from the

147

00:05:39,110 --> 00:05:36,960

shed i am yeah i'm creating a propaganda

148

00:05:40,150 --> 00:05:39,120

piece um but yeah so if you are on apple

149

00:05:42,230 --> 00:05:40,160

that would be great if you could leave a

150

00:05:44,070 --> 00:05:42,240

five-star review to counteract that

151
00:05:45,350 --> 00:05:44,080
horrible horrible one-star review but

152
00:05:46,629 --> 00:05:45,360
yeah i guess

153
00:05:48,230 --> 00:05:46,639
for anyone that's read the three-body

154
00:05:49,430 --> 00:05:48,240
problem they're probably remembering

155
00:05:50,710 --> 00:05:49,440
right now that there's a group of people

156
00:05:52,469 --> 00:05:50,720
that are kind of ready in the rest of

157
00:05:55,350 --> 00:05:52,479
the human race for this

158
00:05:56,950 --> 00:05:55,360
arrival of the the other race and uh

159
00:05:58,629 --> 00:05:56,960
yeah i guess i guess you could count us

160
00:06:00,950 --> 00:05:58,639
amongst those people because we're

161
00:06:02,629 --> 00:06:00,960
embracing the idea and talking about it

162
00:06:05,670 --> 00:06:02,639
yeah we'll get to the conspiracy stuff

163
00:06:07,430 --> 00:06:05,680

later on um next up dan uh just a really

164

00:06:08,790 --> 00:06:07,440

quick one but it came out yesterday as

165

00:06:10,950 --> 00:06:08,800

we record this

166

00:06:13,350 --> 00:06:10,960

or two days ago george knapp uh through

167

00:06:15,830 --> 00:06:13,360

his eight news now website uh where he

168

00:06:17,830 --> 00:06:15,840

works in vegas the the headline was our

169

00:06:20,790 --> 00:06:17,840

former cia specialist reveals new

170

00:06:23,270 --> 00:06:20,800

secrets of area 51 including its real

171

00:06:26,870 --> 00:06:23,280

name uh this is from the title of a new

172

00:06:29,430 --> 00:06:26,880

book by td barnes cia station d which is

173

00:06:32,230 --> 00:06:29,440

all about the history of what we know as

174

00:06:34,710 --> 00:06:32,240

area 51. um apparently this this new

175

00:06:37,590 --> 00:06:34,720

name has come out one of many names that

176

00:06:41,110 --> 00:06:37,600

area 51 goes by as people may or may not

177

00:06:42,550 --> 00:06:41,120

know but yes cia station d what was also

178

00:06:44,469 --> 00:06:42,560

a name which is pretty cool to hear

179

00:06:45,990 --> 00:06:44,479

these things coming out is something to

180

00:06:49,029 --> 00:06:46,000

be honest i'll pick up the book myself

181

00:06:52,390 --> 00:06:49,039

while it's not necessarily ufo related

182

00:06:54,870 --> 00:06:52,400

it's about a very famous piece of ufo

183

00:06:57,029 --> 00:06:54,880

lore or ufology you know ufo history

184

00:06:58,469 --> 00:06:57,039

whatever you want to call it um i'll

185

00:07:00,469 --> 00:06:58,479

need to catch up with that interview

186

00:07:01,749 --> 00:07:00,479

anyway myself but what did you think of

187

00:07:04,950 --> 00:07:01,759

that one then

188

00:07:06,870 --> 00:07:04,960

real interesting it speaks to

189

00:07:08,790 --> 00:07:06,880

different things having different names

190

00:07:10,710 --> 00:07:08,800

depending on who you speak to and it's

191

00:07:12,230 --> 00:07:10,720

pertinent to the uap issue in another

192

00:07:13,830 --> 00:07:12,240

way i think because when you know you

193

00:07:17,110 --> 00:07:13,840

have people like black vault oh sorry

194

00:07:18,230 --> 00:07:17,120

john greenwald he has a name um

195

00:07:21,029 --> 00:07:18,240

he will

196

00:07:22,550 --> 00:07:21,039

use a foyer to get information now with

197

00:07:24,469 --> 00:07:22,560

foia you need to be very specific in

198

00:07:26,469 --> 00:07:24,479

your requests so if you don't know a

199

00:07:27,990 --> 00:07:26,479

term for ufos that they use in perhaps

200

00:07:32,070 --> 00:07:28,000

you wouldn't be able to get that piece

201

00:07:33,830 --> 00:07:32,080

of information so it speaks to that uh

202

00:07:36,870 --> 00:07:33,840

side of things you know that what we

203

00:07:38,390 --> 00:07:36,880

have uap of me ufos they're just some of

204

00:07:40,070 --> 00:07:38,400

them you know in colombia we experienced

205

00:07:43,830 --> 00:07:40,080

spirits lights you know all these other

206

00:07:45,350 --> 00:07:43,840

things um and they're all ufo reports so

207

00:07:47,350 --> 00:07:45,360

the information that we want could just

208

00:07:48,790 --> 00:07:47,360

be stashed somewhere and with you know a

209

00:07:50,309 --> 00:07:48,800

very strange name used for the

210

00:07:51,430 --> 00:07:50,319

phenomenon that none of us has ever

211

00:07:52,950 --> 00:07:51,440

thought of

212

00:07:54,629 --> 00:07:52,960

yeah it looks a good piece if you've got

213

00:07:56,710 --> 00:07:54,639

any interest in the history of the the

214

00:07:58,390 --> 00:07:56,720

building in the area because i think

215

00:08:01,189 --> 00:07:58,400

when you've got an interest in ufos you

216

00:08:03,990 --> 00:08:01,199

hear area 51 and you think straight away

217

00:08:05,510 --> 00:08:04,000

uh usually alien bodies crashed craft

218

00:08:06,950 --> 00:08:05,520

independence day when they go out there

219

00:08:08,950 --> 00:08:06,960

to the desert and they've got the the

220

00:08:09,909 --> 00:08:08,960

working crafts and is it under the

221

00:08:12,469 --> 00:08:09,919

ground there's our stuff in the

222

00:08:14,790 --> 00:08:12,479

mountains and grim lake s4

223

00:08:17,510 --> 00:08:14,800

but this looks like to be a really well

224

00:08:19,270 --> 00:08:17,520

put together piece um uh td barnes is

225

00:08:20,869 --> 00:08:19,280

part of a group called the roadrunners i

226

00:08:22,790 --> 00:08:20,879

hadn't actually heard of that before but

227

00:08:25,029 --> 00:08:22,800

it was a group who famously worked at

228

00:08:27,430 --> 00:08:25,039

that um building at that designated

229

00:08:28,869 --> 00:08:27,440

location area 51 who

230

00:08:30,790 --> 00:08:28,879

encouraged the government to come out

231

00:08:33,029 --> 00:08:30,800

and give more details and and stuff

232

00:08:34,630 --> 00:08:33,039

about it as well even even though it was

233

00:08:36,310 --> 00:08:34,640

in the late 80s it kind of became

234

00:08:37,829 --> 00:08:36,320

official they talk about how the

235

00:08:40,469 --> 00:08:37,839

russians knew about it in the 50s and

236

00:08:41,829 --> 00:08:40,479

60s like with our various spycraft and

237

00:08:43,589 --> 00:08:41,839

spy planes and things like that they

238

00:08:45,350 --> 00:08:43,599

were using as well so it looks like a

239

00:08:46,310 --> 00:08:45,360

really interesting book so i'm i'm

240

00:08:48,230 --> 00:08:46,320

probably going to pick that one up

241

00:08:50,230 --> 00:08:48,240

myself and have a flick through it so

242

00:08:52,630 --> 00:08:50,240

yeah definitely look forward to to that

243

00:08:54,870 --> 00:08:52,640

one dan you're up next with a us

244

00:08:56,389 --> 00:08:54,880

legislation update yeah there's been a

245

00:08:58,710 --> 00:08:56,399

little bit of movement so what's known

246

00:09:01,030 --> 00:08:58,720

as the um appropriations act has kind of

247

00:09:02,630 --> 00:09:01,040

started coming through the house um and

248

00:09:05,350 --> 00:09:02,640

has now been sent to biden so we're just

249

00:09:07,750 --> 00:09:05,360

waiting on him to sign it but there are

250

00:09:09,590 --> 00:09:07,760

two specific uap related things in here

251
00:09:12,389 --> 00:09:09,600
um as reported by dedean johnson at

252
00:09:14,949 --> 00:09:12,399
ddjohnson on twitter i believe um go

253
00:09:17,190 --> 00:09:14,959
follow him he's great with this stuff um

254
00:09:19,269 --> 00:09:17,200
but yeah there are two two key things

255
00:09:22,150 --> 00:09:19,279
that are being added to the uap language

256
00:09:23,269 --> 00:09:22,160
that we saw passed over christmas so the

257
00:09:24,870 --> 00:09:23,279
language basically reads or the

258
00:09:26,550 --> 00:09:24,880
pertinent language reads the direct

259
00:09:28,310 --> 00:09:26,560
director of national intelligence and

260
00:09:29,829 --> 00:09:28,320
the secretary of defense shall jointly

261
00:09:31,590 --> 00:09:29,839
require that each element of the

262
00:09:33,509 --> 00:09:31,600
intelligence community and component of

263
00:09:35,269 --> 00:09:33,519

the department of defense with data

264

00:09:38,150 --> 00:09:35,279

relating to an identified aerial

265

00:09:41,190 --> 00:09:38,160

phenomena make such data available

266

00:09:44,470 --> 00:09:41,200

immediately and this is the new bit

267

00:09:47,030 --> 00:09:44,480

immediately to the ua ptf or the success

268

00:09:49,590 --> 00:09:47,040

or entity and to the national air and

269

00:09:52,790 --> 00:09:49,600

space intelligence center that's nasa

270

00:09:54,230 --> 00:09:52,800

knasic is air force um and they're based

271

00:09:55,990 --> 00:09:54,240

out of right patterson which people

272

00:09:57,829 --> 00:09:56,000

familiar with ufo law will know that's

273

00:10:00,389 --> 00:09:57,839

where crashes and you know all these

274

00:10:02,069 --> 00:10:00,399

recoveries meant to be taken to to study

275

00:10:03,990 --> 00:10:02,079

um so we could see a number of things

276

00:10:05,910 --> 00:10:04,000

come up this basically the air force

277

00:10:08,150 --> 00:10:05,920

might be stepping into the conversation

278

00:10:09,829 --> 00:10:08,160

it opens the door to defense contractors

279

00:10:11,910 --> 00:10:09,839

to get involved now in the uap work

280

00:10:13,509 --> 00:10:11,920

through nasik um

281

00:10:15,269 --> 00:10:13,519

and

282

00:10:17,269 --> 00:10:15,279

in the legislation passed over christmas

283

00:10:20,630 --> 00:10:17,279

there was a requirement in there that it

284

00:10:22,630 --> 00:10:20,640

wouldn't just be that the uaptf observe

285

00:10:24,790 --> 00:10:22,640

the uap phenomena and investigate it

286

00:10:27,350 --> 00:10:24,800

it's that they're trying to exploit what

287

00:10:29,590 --> 00:10:27,360

they're witnessing so nasik would play a

288

00:10:30,790 --> 00:10:29,600

key part in exploiting that technology

289

00:10:33,430 --> 00:10:30,800

so it's really great that they're

290

00:10:35,910 --> 00:10:33,440

involved the other part is that

291

00:10:37,590 --> 00:10:35,920

these um the committees that are asking

292

00:10:39,750 --> 00:10:37,600

for all of this they actually want

293

00:10:41,030 --> 00:10:39,760

reports every 90 days from it passing

294

00:10:42,790 --> 00:10:41,040

whereas the

295

00:10:44,470 --> 00:10:42,800

the previous legislation went through we

296

00:10:46,790 --> 00:10:44,480

had kind of biannual reports you know

297

00:10:49,829 --> 00:10:46,800

two-year um now we're looking at every

298

00:10:51,269 --> 00:10:49,839

90 days so once this passes you can

299

00:10:52,470 --> 00:10:51,279

start counting down your 90 days and

300

00:10:55,269 --> 00:10:52,480

then you know that your officials are

301
00:10:57,990 --> 00:10:55,279
receiving classified 90-day reports from

302
00:10:59,670 --> 00:10:58,000
the ua ptf like i say it's classified so

303
00:11:01,110 --> 00:10:59,680
we might not hear about that unless they

304
00:11:02,710 --> 00:11:01,120
speak about it

305
00:11:04,069 --> 00:11:02,720
i'm going to play devil's advocate again

306
00:11:06,550 --> 00:11:04,079
on this and i've done this before on

307
00:11:09,269 --> 00:11:06,560
this subject but is it not fair to say

308
00:11:11,670 --> 00:11:09,279
that in a period of war which we're now

309
00:11:13,829 --> 00:11:11,680
in unfortunately where the us where it's

310
00:11:15,750 --> 00:11:13,839
not directly involved in the war almost

311
00:11:17,670 --> 00:11:15,760
every country is indirectly involved in

312
00:11:19,990 --> 00:11:17,680
at least some way with what's going on

313
00:11:23,269 --> 00:11:20,000

in ukraine and russia

314

00:11:25,269 --> 00:11:23,279

uaps are as much as anything it can be

315

00:11:27,430 --> 00:11:25,279

tied into the drones and other craft

316

00:11:29,110 --> 00:11:27,440

that may operate which the us doesn't

317

00:11:31,350 --> 00:11:29,120

know too much about would it not make

318

00:11:33,910 --> 00:11:31,360

sense that this looks like it is being

319

00:11:35,829 --> 00:11:33,920

sped up because there may be some secret

320

00:11:37,430 --> 00:11:35,839

tech within this that's worth him

321

00:11:38,790 --> 00:11:37,440

finding out about in a kind of time of

322

00:11:40,470 --> 00:11:38,800

heightened tension

323

00:11:42,150 --> 00:11:40,480

or is that unfair

324

00:11:43,269 --> 00:11:42,160

no i think that's completely fair you

325

00:11:44,949 --> 00:11:43,279

know there's going to be all sorts of

326

00:11:45,829 --> 00:11:44,959

technologies behind the door in a second

327

00:11:48,069 --> 00:11:45,839

or these

328

00:11:50,230 --> 00:11:48,079

technology development places that could

329

00:11:52,069 --> 00:11:50,240

come in handy and an identified aerial

330

00:11:54,310 --> 00:11:52,079

phenomena or the research of could

331

00:11:56,230 --> 00:11:54,320

provide a good open door to revealing

332

00:11:57,990 --> 00:11:56,240

some of these technologies and maybe the

333

00:12:00,389 --> 00:11:58,000

crazier things that inspired them who

334

00:12:02,870 --> 00:12:00,399

knows so one one interesting thing from

335

00:12:04,230 --> 00:12:02,880

here as well on the in the language is

336

00:12:05,750 --> 00:12:04,240

on the name i know we've been waiting a

337

00:12:08,310 --> 00:12:05,760

while to know what this new entity is

338

00:12:09,509 --> 00:12:08,320

going to be called um it specifies that

339

00:12:11,110 --> 00:12:09,519

the term an

340

00:12:12,870 --> 00:12:11,120

aerial phenomena task force means the

341

00:12:14,310 --> 00:12:12,880

task force established under the

342

00:12:16,470 --> 00:12:14,320

department of defense announcement on

343

00:12:19,350 --> 00:12:16,480

august 4th 2020.

344

00:12:21,509 --> 00:12:19,360

that was the one that became aoi msg so

345

00:12:23,910 --> 00:12:21,519

it does look like the the successor

346

00:12:27,590 --> 00:12:23,920

office to the uaptf uh they're really

347

00:12:29,430 --> 00:12:27,600

pushing for it to be the uh the aoi msg

348

00:12:31,269 --> 00:12:29,440

and i'll always go back just on the

349

00:12:33,990 --> 00:12:31,279

whole you know the technology argument

350

00:12:36,790 --> 00:12:34,000

just to look at both sides chris mellon

351
00:12:38,470 --> 00:12:36,800
who is someone again propaganda that we

352
00:12:40,550 --> 00:12:38,480
we put a lot of faith in what he says in

353
00:12:42,310 --> 00:12:40,560
the work he's done in the past

354
00:12:44,310 --> 00:12:42,320
but he came out in an article and

355
00:12:45,990 --> 00:12:44,320
mentioned that these objects are clearly

356
00:12:48,389 --> 00:12:46,000
not russian or chinese particularly

357
00:12:49,430 --> 00:12:48,399
chinese when a chinese space rocket

358
00:12:52,790 --> 00:12:49,440
crashed

359
00:12:55,030 --> 00:12:52,800
in a rural providential area of of china

360
00:12:56,710 --> 00:12:55,040
and landed on like a piece of road

361
00:12:58,310 --> 00:12:56,720
basically and chris mellon made the

362
00:13:00,230 --> 00:12:58,320
point is clearly not these guys with

363
00:13:02,470 --> 00:13:00,240

this advanced technology because look

364

00:13:03,670 --> 00:13:02,480

the rockets are literally falling down

365

00:13:06,150 --> 00:13:03,680

on the land

366

00:13:07,910 --> 00:13:06,160

yet only a few weeks after that there

367

00:13:09,269 --> 00:13:07,920

was a hypersonic missile tested from

368

00:13:12,069 --> 00:13:09,279

china that went apparently around the

369

00:13:15,030 --> 00:13:12,079

globe very very quickly which

370

00:13:16,629 --> 00:13:15,040

allegedly the the us knew nothing about

371

00:13:18,790 --> 00:13:16,639

so on one hand you've got the the

372

00:13:20,069 --> 00:13:18,800

technology being deemed you know poor or

373

00:13:21,990 --> 00:13:20,079

not as good as they're making out and

374

00:13:24,389 --> 00:13:22,000

then on the other hand wow they have

375

00:13:25,829 --> 00:13:24,399

some really advanced stuff so it's

376

00:13:27,829 --> 00:13:25,839

always i think best to look at this with

377

00:13:30,629 --> 00:13:27,839

an open mind and an open you know

378

00:13:33,350 --> 00:13:30,639

it could be this it could be this and

379

00:13:35,670 --> 00:13:33,360

until you've got more data don't put all

380

00:13:37,590 --> 00:13:35,680

your eggs into one basket quite yet but

381

00:13:39,189 --> 00:13:37,600

um yeah it's again

382

00:13:40,790 --> 00:13:39,199

we've had this down period haven't we

383

00:13:42,310 --> 00:13:40,800

that we keep talking about now for a few

384

00:13:44,470 --> 00:13:42,320

months and and we'll saw the

385

00:13:46,870 --> 00:13:44,480

ramifications of that in terms of the

386

00:13:49,269 --> 00:13:46,880

the social media chatter and even even

387

00:13:51,030 --> 00:13:49,279

on reddit and in other platforms you can

388

00:13:54,389 --> 00:13:51,040

see the

389

00:13:55,509 --> 00:13:54,399

the clamor for ufo news isn't there like

390

00:13:58,230 --> 00:13:55,519

it was

391

00:13:59,990 --> 00:13:58,240

in in last year in may june july august

392

00:14:02,230 --> 00:14:00,000

i mean if you're a podcaster i'll be

393

00:14:04,949 --> 00:14:02,240

honest like you see the spike in numbers

394

00:14:07,990 --> 00:14:04,959

when the task force report came out and

395

00:14:10,069 --> 00:14:08,000

when when fox and cnn and nbc and good

396

00:14:12,069 --> 00:14:10,079

morning america and the australian news

397

00:14:13,990 --> 00:14:12,079

are picking it up in the german news you

398

00:14:15,590 --> 00:14:14,000

see the numbers reflect in people's

399

00:14:16,790 --> 00:14:15,600

podcasts and youtube channels and

400

00:14:17,590 --> 00:14:16,800

everything else

401
00:14:19,110 --> 00:14:17,600
and

402
00:14:21,189 --> 00:14:19,120
as the year went on

403
00:14:23,430 --> 00:14:21,199
probably after the jj abrams stuff came

404
00:14:25,990 --> 00:14:23,440
out and that kind of was the end of the

405
00:14:27,350 --> 00:14:26,000
crest of that wave and as things started

406
00:14:28,310 --> 00:14:27,360
to die down

407
00:14:32,069 --> 00:14:28,320
the

408
00:14:33,670 --> 00:14:32,079
passing interest

409
00:14:35,189 --> 00:14:33,680
tend to fade away from the subject

410
00:14:37,670 --> 00:14:35,199
because ah well there was no alien

411
00:14:39,189 --> 00:14:37,680
bodies no craft no pictures no videos

412
00:14:41,269 --> 00:14:39,199
and they're kind of waiting on that next

413
00:14:43,990 --> 00:14:41,279

wave to come up and i think what we're

414

00:14:46,790 --> 00:14:44,000

starting to see is the beginning of that

415

00:14:48,629 --> 00:14:46,800

next wave that next piece of momentum

416

00:14:50,470 --> 00:14:48,639

because as we go on we're going to get

417

00:14:51,670 --> 00:14:50,480

those first reports

418

00:14:52,389 --> 00:14:51,680

hopefully

419

00:14:53,590 --> 00:14:52,399

what we're going to get in the

420

00:14:55,509 --> 00:14:53,600

background there's going to be reports

421

00:14:57,509 --> 00:14:55,519

like you say though whether we see the

422

00:14:59,590 --> 00:14:57,519

reports or not or we see pieces of them

423

00:15:00,949 --> 00:14:59,600

or whether we get those leaks that we

424

00:15:03,030 --> 00:15:00,959

like to get

425

00:15:04,470 --> 00:15:03,040

we'll have to wait and see but i think

426
00:15:06,629 --> 00:15:04,480
hopefully we're at the start of that

427
00:15:08,069 --> 00:15:06,639
that news cycle coming back through and

428
00:15:10,310 --> 00:15:08,079
i again would love to see the

429
00:15:12,710 --> 00:15:10,320
particularly the us news picking this

430
00:15:14,150 --> 00:15:12,720
back up carrying that baton and then

431
00:15:16,629 --> 00:15:14,160
passing that on around the world that

432
00:15:19,350 --> 00:15:16,639
hopefully this time again the uk news

433
00:15:21,350 --> 00:15:19,360
picks up and you know the european news

434
00:15:23,269 --> 00:15:21,360
picks up and the african news picks up

435
00:15:24,389 --> 00:15:23,279
you want to see it go around the globe

436
00:15:26,389 --> 00:15:24,399
and people start to have those

437
00:15:28,389 --> 00:15:26,399
conversations and the general public

438
00:15:29,749 --> 00:15:28,399

can kind of stir up that that kind of

439

00:15:31,829 --> 00:15:29,759

passion again that we saw for it for

440

00:15:33,509 --> 00:15:31,839

like in a short period last year so that

441

00:15:35,030 --> 00:15:33,519

that excites me i'm looking forward to

442

00:15:36,710 --> 00:15:35,040

that um

443

00:15:37,509 --> 00:15:36,720

but yeah anything to add to that one

444

00:15:39,430 --> 00:15:37,519

then

445

00:15:40,629 --> 00:15:39,440

no just i completely agree with you the

446

00:15:42,389 --> 00:15:40,639

you know it's going to go up and down

447

00:15:44,069 --> 00:15:42,399

and up and down in terms of what news we

448

00:15:45,590 --> 00:15:44,079

get there is actual work to do so it's

449

00:15:47,030 --> 00:15:45,600

not like there's a big load of paperwork

450

00:15:48,310 --> 00:15:47,040

that they just chuck on the president's

451

00:15:49,910 --> 00:15:48,320

desk and go here you go here's

452

00:15:51,670 --> 00:15:49,920

everything um you know there are a

453

00:15:53,829 --> 00:15:51,680

number of things still going on in the

454

00:15:57,189 --> 00:15:53,839

background we've got the dod inspector

455

00:15:59,030 --> 00:15:57,199

general um report still due to come

456

00:16:01,350 --> 00:15:59,040

that'll be about their investigation of

457

00:16:03,350 --> 00:16:01,360

um handling uap issue and they're

458

00:16:04,870 --> 00:16:03,360

handling towards louis lozando as well

459

00:16:07,030 --> 00:16:04,880

with his credentials and deleting his

460

00:16:09,350 --> 00:16:07,040

emails and things like that they're both

461

00:16:11,189 --> 00:16:09,360

potentially big movers so keep an eye

462

00:16:12,710 --> 00:16:11,199

out for those we've got the legislation

463

00:16:15,269 --> 00:16:12,720

going through which enables them to

464

00:16:17,350 --> 00:16:15,279

actually put the safeguards and tools in

465

00:16:18,949 --> 00:16:17,360

place to do this research properly and

466

00:16:21,430 --> 00:16:18,959

to actually be able to hold people to

467

00:16:23,030 --> 00:16:21,440

account for withholding that information

468

00:16:25,189 --> 00:16:23,040

so we're at the very start of the

469

00:16:27,590 --> 00:16:25,199

conversation here but it's the it's the

470

00:16:29,590 --> 00:16:27,600

start of the kind of the official face

471

00:16:31,350 --> 00:16:29,600

of the conversation and i think this is

472

00:16:33,430 --> 00:16:31,360

what lou is getting at when he says in

473

00:16:34,949 --> 00:16:33,440

interviews that if people are a little

474

00:16:36,550 --> 00:16:34,959

bit impatient they should go away for

475

00:16:38,470 --> 00:16:36,560

five years and come back because

476

00:16:40,230 --> 00:16:38,480
there'll be a lot more information

477

00:16:41,910 --> 00:16:40,240
you know on the on the table to read

478

00:16:44,150 --> 00:16:41,920
through i think you experienced the same

479

00:16:45,990 --> 00:16:44,160
thing as me where we're so

480

00:16:47,430 --> 00:16:46,000
we read about this all the time and

481

00:16:49,910 --> 00:16:47,440
we're always watching stuff to do with

482

00:16:52,150 --> 00:16:49,920
it and every time you learn a little bit

483

00:16:53,509 --> 00:16:52,160
more but then in six months you you

484

00:16:54,710 --> 00:16:53,519
could have almost written a book with

485

00:16:56,870 --> 00:16:54,720
all the little bits that you learned

486

00:16:59,030 --> 00:16:56,880
over the previous six months and i think

487

00:17:01,670 --> 00:16:59,040
that that kind of

488

00:17:02,790 --> 00:17:01,680

mountain of stuff piling up is is what

489

00:17:04,230 --> 00:17:02,800

was getting out when he says you know

490

00:17:06,309 --> 00:17:04,240

come back in five years and there'll be

491

00:17:08,549 --> 00:17:06,319

so much stuff for you to go through that

492

00:17:10,470 --> 00:17:08,559

it'll only almost be too much you know

493

00:17:11,750 --> 00:17:10,480

100 and um

494

00:17:12,949 --> 00:17:11,760

to segue into what we're going to talk

495

00:17:14,630 --> 00:17:12,959

about next we're going to tear through

496

00:17:17,270 --> 00:17:14,640

some little little bits and pieces of

497

00:17:19,750 --> 00:17:17,280

news um one of the the twitter followers

498

00:17:21,829 --> 00:17:19,760

a lyrical yule brenner asked us to cover

499

00:17:24,069 --> 00:17:21,839

a few different points and the first one

500

00:17:25,669 --> 00:17:24,079

of those can uh it comes on the back of

501
00:17:28,150 --> 00:17:25,679
what we've just talked about though the

502
00:17:30,390 --> 00:17:28,160
potential for uaf ufo sightings over

503
00:17:33,270 --> 00:17:30,400
ukraine and russia uh given they're now

504
00:17:34,870 --> 00:17:33,280
in unfortunately a war or if you're the

505
00:17:36,710 --> 00:17:34,880
russian military a special military

506
00:17:37,669 --> 00:17:36,720
operation you know just

507
00:17:39,029 --> 00:17:37,679
but

508
00:17:40,310 --> 00:17:39,039
not to get political or talk about the

509
00:17:41,990 --> 00:17:40,320
war and all that kind of stuff as well

510
00:17:42,870 --> 00:17:42,000
as enough

511
00:17:44,549 --> 00:17:42,880
yeah

512
00:17:46,070 --> 00:17:44,559
there's enough going on in the world and

513
00:17:47,510 --> 00:17:46,080

other people hear this stuff on the news

514

00:17:49,669 --> 00:17:47,520

and for some people this would be a bit

515

00:17:52,390 --> 00:17:49,679

of an escape but we'll address the

516

00:17:54,549 --> 00:17:52,400

the ufo aspect of it what might affect

517

00:17:57,430 --> 00:17:54,559

what we've just talked about as the

518

00:18:00,070 --> 00:17:57,440

ongoing conflict with russia and ukraine

519

00:18:01,830 --> 00:18:00,080

because that is dominating the headlines

520

00:18:03,669 --> 00:18:01,840

because now what it's done is knock

521

00:18:04,470 --> 00:18:03,679

kovad onto the back burner which is

522

00:18:10,310 --> 00:18:04,480

still

523

00:18:13,510 --> 00:18:10,320

the main story is ukraine russia so

524

00:18:15,270 --> 00:18:13,520

any ufo uap legislation that comes out

525

00:18:17,590 --> 00:18:15,280

stateside

526

00:18:19,110 --> 00:18:17,600

and any bill it's a part of as well

527

00:18:20,630 --> 00:18:19,120

there's all that military spending and

528

00:18:23,110 --> 00:18:20,640

everything else it's potentially going

529

00:18:24,150 --> 00:18:23,120

to take a bit of a side seat to anything

530

00:18:25,909 --> 00:18:24,160

else so

531

00:18:27,430 --> 00:18:25,919

we'll have to just wait and see but

532

00:18:29,430 --> 00:18:27,440

anyway as we were asked a few things to

533

00:18:31,990 --> 00:18:29,440

cover as part of this breakdown was that

534

00:18:34,390 --> 00:18:32,000

potential for for sightings in ukraine

535

00:18:36,390 --> 00:18:34,400

and russia in a state of war in a state

536

00:18:38,789 --> 00:18:36,400

of heightened tensions what is going to

537

00:18:40,470 --> 00:18:38,799

be above the skies in ukraine and over

538

00:18:42,789 --> 00:18:40,480

russia and a lot of other places right

539

00:18:45,590 --> 00:18:42,799

now is probably a lot of that really

540

00:18:48,710 --> 00:18:45,600

really advanced technology that does

541

00:18:50,390 --> 00:18:48,720

have potential for for hypersonic speeds

542

00:18:52,230 --> 00:18:50,400

or you know

543

00:18:53,430 --> 00:18:52,240

the the radar jamming what all those

544

00:18:54,710 --> 00:18:53,440

different things i'm not going to go in

545

00:18:55,990 --> 00:18:54,720

because someone will tear apart what i

546

00:18:57,990 --> 00:18:56,000

say and it's going to be wrong

547

00:18:59,510 --> 00:18:58,000

terminology wise but there's probably

548

00:19:01,590 --> 00:18:59,520

going to be a lot of those really cool

549

00:19:03,669 --> 00:19:01,600

advanced special drones

550

00:19:06,070 --> 00:19:03,679

kicking about and there's going to be a

551
00:19:08,070 --> 00:19:06,080
lot of mistaken sightings there's been a

552
00:19:09,830 --> 00:19:08,080
few videos and pictures and stuff put

553
00:19:12,230 --> 00:19:09,840
online already hasn't they're done where

554
00:19:14,710 --> 00:19:12,240
people have went oh looks like a ufo

555
00:19:16,150 --> 00:19:14,720
it could be but again i'm just very wary

556
00:19:18,390 --> 00:19:16,160
in a time where there's literally an

557
00:19:20,310 --> 00:19:18,400
active war situation there's going to be

558
00:19:23,029 --> 00:19:20,320
a lot of stuff in the skies

559
00:19:25,270 --> 00:19:23,039
yeah yeah 100 um i i think that you know

560
00:19:26,390 --> 00:19:25,280
one one there's almost an opportunity if

561
00:19:28,230 --> 00:19:26,400
people think they're being safe from

562
00:19:29,590 --> 00:19:28,240
elsewhere they might relax in terms of

563
00:19:30,470 --> 00:19:29,600

defenses and things like that you know

564

00:19:34,230 --> 00:19:30,480

you never know what's going on

565

00:19:36,310 --> 00:19:34,240

propaganda-wise and it's just good to

566

00:19:37,990 --> 00:19:36,320

be very discerning at a time like this

567

00:19:39,830 --> 00:19:38,000

um especially when we got social media

568

00:19:40,549 --> 00:19:39,840

to spread stuff so quickly you know it's

569

00:19:42,150 --> 00:19:40,559

uh

570

00:19:43,510 --> 00:19:42,160

well what's the saying that the ally can

571

00:19:47,110 --> 00:19:43,520

get halfway around the world before the

572

00:19:48,950 --> 00:19:47,120

truth gets its pants on um

573

00:19:50,630 --> 00:19:48,960

then yeah i'm seeing i've got a few

574

00:19:52,070 --> 00:19:50,640

videos sent

575

00:19:54,870 --> 00:19:52,080

i think they they were like tick-tock

576

00:19:56,549 --> 00:19:54,880

links uh to to me um

577

00:19:59,029 --> 00:19:56,559

showing some advanced weaponry and

578

00:20:00,789 --> 00:19:59,039

things like that and again with a single

579

00:20:02,230 --> 00:20:00,799

source you know we we have to kind of go

580

00:20:03,590 --> 00:20:02,240

back to what sean cahill said but the

581

00:20:06,630 --> 00:20:03,600

single source is really hard to kind of

582

00:20:08,230 --> 00:20:06,640

take these things at face value um and

583

00:20:11,190 --> 00:20:08,240

there's a lot going on in this conflict

584

00:20:13,750 --> 00:20:11,200

in a a huge loss of life that's tragic

585

00:20:15,590 --> 00:20:13,760

and it's just i don't know like i

586

00:20:18,390 --> 00:20:15,600

usually don't mind kind of juggling the

587

00:20:21,029 --> 00:20:18,400

maybe ufo videos but in a situation like

588

00:20:22,710 --> 00:20:21,039

this i i tend to you know put them down

589

00:20:24,470 --> 00:20:22,720

to just people exploring the situation

590

00:20:26,390 --> 00:20:24,480

to get hits or views we already saw it

591

00:20:28,070 --> 00:20:26,400

this week with third phase of the moon

592

00:20:29,590 --> 00:20:28,080

uh putting out a tic-tac video that if

593

00:20:32,149 --> 00:20:29,600

you haven't seen it count yourself lucky

594

00:20:34,149 --> 00:20:32,159

it was fake um but it took the internet

595

00:20:35,590 --> 00:20:34,159

about 12 hours to figure that out and a

596

00:20:36,870 --> 00:20:35,600

lot of people picked up around with it

597

00:20:38,789 --> 00:20:36,880

in that time

598

00:20:40,710 --> 00:20:38,799

yeah those videos you're getting people

599

00:20:42,310 --> 00:20:40,720

like you say exploiting the situation

600

00:20:43,830 --> 00:20:42,320

with the different hashtags and if

601
00:20:45,750 --> 00:20:43,840
you've got a ufo video you've made

602
00:20:47,190 --> 00:20:45,760
yourself or just something that looks a

603
00:20:49,350 --> 00:20:47,200
little bit anomalous you can stick it

604
00:20:52,310 --> 00:20:49,360
online with you know hashtag ufo hashtag

605
00:20:54,789 --> 00:20:52,320
ufo sighting hashtag uap but now throw

606
00:20:56,630 --> 00:20:54,799
in hashtag russia hashtag ukraine and it

607
00:20:58,149 --> 00:20:56,640
has that exposure to a bigger audience

608
00:21:00,789 --> 00:20:58,159
as well and like you see it kind of

609
00:21:02,630 --> 00:21:00,799
blows up online so um

610
00:21:04,310 --> 00:21:02,640
if anyone wants to send over anything as

611
00:21:06,230 --> 00:21:04,320
always i'm always happy to take a look

612
00:21:08,070 --> 00:21:06,240
at it and forward it on if it looks good

613
00:21:10,070 --> 00:21:08,080

or people want me to kind of send it to

614

00:21:11,990 --> 00:21:10,080

other people to have a look at but i

615

00:21:14,070 --> 00:21:12,000

would just tell people to be wary right

616

00:21:15,750 --> 00:21:14,080

now and just have a look at the comments

617

00:21:17,590 --> 00:21:15,760

normally underneath videos before you

618

00:21:19,909 --> 00:21:17,600

jump in and start retweeting or sharing

619

00:21:21,430 --> 00:21:19,919

and instagram storying it whatever you

620

00:21:24,870 --> 00:21:21,440

do you know using the bibo and the

621

00:21:25,669 --> 00:21:24,880

myspace as the kids do these days

622

00:21:28,230 --> 00:21:25,679

um

623

00:21:30,549 --> 00:21:28,240

and as part of that again a little yule

624

00:21:32,630 --> 00:21:30,559

brunner that's really easy to say wanted

625

00:21:36,070 --> 00:21:32,640

us to touch on interventions potentially

626
00:21:37,990 --> 00:21:36,080
around nuclear sites and and weapon

627
00:21:39,510 --> 00:21:38,000
weaponry and i guess it's always a

628
00:21:41,430 --> 00:21:39,520
really interesting conversation and one

629
00:21:43,750 --> 00:21:41,440
that gets brought up daily especially

630
00:21:46,070 --> 00:21:43,760
just now with a situation we're in um

631
00:21:48,070 --> 00:21:46,080
where people will talk about

632
00:21:49,350 --> 00:21:48,080
would the others would an advanced

633
00:21:52,390 --> 00:21:49,360
civilization would the non-human

634
00:21:53,990 --> 00:21:52,400
intelligence interfere during a nuclear

635
00:21:56,390 --> 00:21:54,000
conflict and i've i've seen some

636
00:21:58,549 --> 00:21:56,400
relatively well-known ufologists or ufo

637
00:22:00,950 --> 00:21:58,559
researchers um on facebook i think it

638
00:22:02,630 --> 00:22:00,960

was having quite a chat about well if

639

00:22:04,070 --> 00:22:02,640

they do launch nuclear weapons we don't

640

00:22:06,870 --> 00:22:04,080

have to worry about it because we'll be

641

00:22:07,669 --> 00:22:06,880

shot out of the sky by these these uaps

642

00:22:09,669 --> 00:22:07,679

and

643

00:22:12,149 --> 00:22:09,679

i'm a little bit like i don't see the

644

00:22:14,070 --> 00:22:12,159

logic really behind that i get they can

645

00:22:16,149 --> 00:22:14,080

apparently allegedly it looks like turn

646

00:22:17,510 --> 00:22:16,159

them on and off at will they've kind of

647

00:22:20,230 --> 00:22:17,520

messed about with these things at

648

00:22:23,270 --> 00:22:20,240

various nuclear sites around the world

649

00:22:26,149 --> 00:22:23,280

but they didn't stop hiroshima and they

650

00:22:27,430 --> 00:22:26,159

didn't stop the fukushima plant blowing

651
00:22:29,990 --> 00:22:27,440
up you know the issue that was there

652
00:22:32,789 --> 00:22:30,000
they didn't stop chernobyl when those

653
00:22:34,950 --> 00:22:32,799
renal levels were going off the chain so

654
00:22:36,630 --> 00:22:34,960
there's nothing necessarily to say and

655
00:22:37,350 --> 00:22:36,640
obviously i forgot to mention nagasaki

656
00:22:39,190 --> 00:22:37,360
but

657
00:22:40,870 --> 00:22:39,200
any other number of nuclear tests going

658
00:22:43,110 --> 00:22:40,880
around the world

659
00:22:45,029 --> 00:22:43,120
we don't hear that much about you know

660
00:22:47,110 --> 00:22:45,039
them stopping them

661
00:22:48,710 --> 00:22:47,120
but i saw a whole it was a potential

662
00:22:50,470 --> 00:22:48,720
rabbit hole and i won't go too sideway

663
00:22:52,230 --> 00:22:50,480

here but the other day where people were

664

00:22:54,870 --> 00:22:52,240

talking about are a lot of these nuclear

665

00:22:57,590 --> 00:22:54,880

tests in the upper atmosphere and under

666

00:23:00,070 --> 00:22:57,600

the water to actually deliberately knock

667

00:23:01,909 --> 00:23:00,080

some uaps out and you know it was quite

668

00:23:03,029 --> 00:23:01,919

interesting but that's another story for

669

00:23:04,950 --> 00:23:03,039

another time

670

00:23:06,950 --> 00:23:04,960

but yeah for me there's not a whole lot

671

00:23:08,230 --> 00:23:06,960

to confidently say ah yeah they can

672

00:23:10,310 --> 00:23:08,240

launch the nooks it's fine they'll be

673

00:23:12,789 --> 00:23:10,320

shot out the sky validatex

674

00:23:15,029 --> 00:23:12,799

i don't necessarily think so we we've

675

00:23:17,350 --> 00:23:15,039

got to remember that we we don't know

676

00:23:18,789 --> 00:23:17,360

the visitors intentions and it's really

677

00:23:21,029 --> 00:23:18,799

hard to read and anything that we do

678

00:23:22,310 --> 00:23:21,039

read is it comes from a very human place

679

00:23:23,990 --> 00:23:22,320

for us it's hard to think outside the

680

00:23:26,630 --> 00:23:24,000

box because everyone's human and this is

681

00:23:28,549 --> 00:23:26,640

always ever known um when it comes to

682

00:23:30,390 --> 00:23:28,559

this stuff i tend to think that it's

683

00:23:31,990 --> 00:23:30,400

kind of like parenting children you

684

00:23:34,390 --> 00:23:32,000

don't you don't want to do the thing for

685

00:23:36,230 --> 00:23:34,400

the kids you want the kids to understand

686

00:23:38,310 --> 00:23:36,240

what they should do when you leave them

687

00:23:40,310 --> 00:23:38,320

to themselves right yeah um you know

688

00:23:42,390 --> 00:23:40,320

give them a sense of right or wrong

689

00:23:43,830 --> 00:23:42,400

stopping hiroshima wouldn't have done

690

00:23:46,230 --> 00:23:43,840

that you know you kind of need the

691

00:23:48,710 --> 00:23:46,240

tragedy to see how utterly devastating

692

00:23:51,190 --> 00:23:48,720

these weapons can be um and and i look

693

00:23:52,710 --> 00:23:51,200

to someone like um stanislav petrov um

694

00:23:55,590 --> 00:23:52,720

who was a lieutenant colonel in the

695

00:23:57,350 --> 00:23:55,600

soviet uh defense forces um

696

00:23:59,269 --> 00:23:57,360

and he played a key role in uh i think

697

00:24:00,870 --> 00:23:59,279

it was in 1983 there was basically a

698

00:24:03,269 --> 00:24:00,880

false alarm incident and he was the guy

699

00:24:05,830 --> 00:24:03,279

with his finger at the button yes um and

700

00:24:06,789 --> 00:24:05,840

he went against orders and did not

701
00:24:09,430 --> 00:24:06,799
launch

702
00:24:11,110 --> 00:24:09,440
and it speaks volumes about the ability

703
00:24:13,269 --> 00:24:11,120
of one person to affect these huge

704
00:24:15,110 --> 00:24:13,279
things and and i think we

705
00:24:16,789 --> 00:24:15,120
we've won we've lost that idea we think

706
00:24:18,310 --> 00:24:16,799
that you know one person can't affect

707
00:24:20,789 --> 00:24:18,320
things and i mean look at the work of

708
00:24:23,269 --> 00:24:20,799
luis elizondo one person he's affected

709
00:24:25,029 --> 00:24:23,279
this conversation a lot um

710
00:24:27,669 --> 00:24:25,039
and by by not pressing that button

711
00:24:30,070 --> 00:24:27,679
stanislav really kind of went from

712
00:24:31,430 --> 00:24:30,080
you know a serviceman to someone who in

713
00:24:33,669 --> 00:24:31,440

his later years if you watch the

714

00:24:35,350 --> 00:24:33,679

documentary the man who saved the world

715

00:24:37,750 --> 00:24:35,360

he goes to america and he's shown one of

716

00:24:40,230 --> 00:24:37,760

the minuteman ibm kind of silos that

717

00:24:42,390 --> 00:24:40,240

sits there and he gets so angry

718

00:24:44,310 --> 00:24:42,400

discussing it and and this was a guy who

719

00:24:46,710 --> 00:24:44,320

was ready to put his life on the line

720

00:24:49,029 --> 00:24:46,720

for his country and he's changed his

721

00:24:50,710 --> 00:24:49,039

morals so much from that experience that

722

00:24:52,549 --> 00:24:50,720

he just he hates the weapons and he

723

00:24:54,950 --> 00:24:52,559

thinks they're ridiculous

724

00:24:56,630 --> 00:24:54,960

that kind of change on a human scale

725

00:24:58,310 --> 00:24:56,640

would be incredible for us and it would

726
00:25:00,230 --> 00:24:58,320
be the harbinger of a new age of sharing

727
00:25:01,510 --> 00:25:00,240
technology and trusting each other and

728
00:25:03,830 --> 00:25:01,520
you know we could reach for the stars

729
00:25:05,669 --> 00:25:03,840
and waves we never have um i feel like

730
00:25:07,350 --> 00:25:05,679
the visitors would want that instead of

731
00:25:08,549 --> 00:25:07,360
to just keep babying us and going oh

732
00:25:10,070 --> 00:25:08,559
yeah we're going to stop chernobyl for

733
00:25:11,830 --> 00:25:10,080
you because yeah you know accidents

734
00:25:13,430 --> 00:25:11,840
happen um

735
00:25:15,350 --> 00:25:13,440
you know we've got to clean up our own

736
00:25:17,190 --> 00:25:15,360
mess if you could give everyone that

737
00:25:18,310 --> 00:25:17,200
astronaut experience you know they all

738
00:25:19,350 --> 00:25:18,320

say when they go up here oh the

739

00:25:22,070 --> 00:25:19,360

oversight

740

00:25:23,510 --> 00:25:22,080

yeah yeah and they can just see wow

741

00:25:25,430 --> 00:25:23,520

there's everything

742

00:25:27,669 --> 00:25:25,440

there there's everyone who ever was and

743

00:25:29,029 --> 00:25:27,679

ever will be just there

744

00:25:30,870 --> 00:25:29,039

and it just changes them and if you

745

00:25:32,870 --> 00:25:30,880

could give everyone that experience who

746

00:25:35,110 --> 00:25:32,880

knows but unfortunately right now

747

00:25:36,310 --> 00:25:35,120

there's around the world everywhere in

748

00:25:37,990 --> 00:25:36,320

various different places different

749

00:25:40,230 --> 00:25:38,000

conflicts going on unfortunately and

750

00:25:42,310 --> 00:25:40,240

people are losing their lives and

751
00:25:43,750 --> 00:25:42,320
not just men women and those little

752
00:25:45,750 --> 00:25:43,760
children as well and again as a parent

753
00:25:47,510 --> 00:25:45,760
that's horrible to see but um let's

754
00:25:48,950 --> 00:25:47,520
let's go on with the uf it's definitely

755
00:25:50,630 --> 00:25:48,960
one of those

756
00:25:52,390 --> 00:25:50,640
it's one of these moments in history

757
00:25:54,470 --> 00:25:52,400
that reminds you

758
00:25:56,230 --> 00:25:54,480
that humanity isn't you know we always

759
00:25:58,549 --> 00:25:56,240
talk about these kardashev scales and

760
00:26:01,110 --> 00:25:58,559
you know we are in the fermi paradox and

761
00:26:02,789 --> 00:26:01,120
you know how far along are we there

762
00:26:04,710 --> 00:26:02,799
really there isn't one measurement for

763
00:26:06,310 --> 00:26:04,720

humanity every country has its own level

764

00:26:08,950 --> 00:26:06,320

of development every people has its own

765

00:26:11,190 --> 00:26:08,960

level of development and even the term

766

00:26:13,350 --> 00:26:11,200

i'm using development that's you know my

767

00:26:15,110 --> 00:26:13,360

my goal isn't the correct goal it's

768

00:26:16,390 --> 00:26:15,120

relative it's all relative to the life

769

00:26:18,870 --> 00:26:16,400

that i've lived in the experience i've

770

00:26:20,870 --> 00:26:18,880

had um and i i think the sooner we

771

00:26:22,230 --> 00:26:20,880

appreciate the nuances of that over a

772

00:26:23,029 --> 00:26:22,240

planet-wide

773

00:26:24,630 --> 00:26:23,039

uh

774

00:26:26,310 --> 00:26:24,640

area

775

00:26:28,390 --> 00:26:26,320

well we'll just we'll get past these

776

00:26:33,190 --> 00:26:28,400

kind of the what we refer to as the the

777

00:26:37,430 --> 00:26:35,190

well someone who is is relatively

778

00:26:40,149 --> 00:26:37,440

selfless if not controversial himself

779

00:26:41,750 --> 00:26:40,159

online is uh joe margie ufo joe because

780

00:26:43,510 --> 00:26:41,760

he does a lot of the great transcribing

781

00:26:46,470 --> 00:26:43,520

we've talked about so again check out

782

00:26:47,830 --> 00:26:46,480

the ufo joe folks because i i like jonah

783

00:26:49,190 --> 00:26:47,840

like the work he does and i appreciate

784

00:26:51,350 --> 00:26:49,200

it as someone who has to do a little bit

785

00:26:54,149 --> 00:26:51,360

of research now and again for for a daft

786

00:26:55,990 --> 00:26:54,159

podcast i do um and we were asked to

787

00:26:58,149 --> 00:26:56,000

talk touch on jim sim evan jason

788

00:27:00,310 --> 00:26:58,159

comments no if it's the comments i i

789

00:27:03,350 --> 00:27:00,320

imagine it is um a couple of days ago

790

00:27:05,190 --> 00:27:03,360

joe had tweeted these from jim semivan's

791

00:27:06,549 --> 00:27:05,200

recent interview with stuart davis and

792

00:27:07,909 --> 00:27:06,559

i'll just read you a couple of a couple

793

00:27:10,070 --> 00:27:07,919

of paragraphs here folks so you know

794

00:27:11,909 --> 00:27:10,080

what we're talking about

795

00:27:13,750 --> 00:27:11,919

jim semivan said this

796

00:27:15,909 --> 00:27:13,760

people have died you know over this

797

00:27:17,830 --> 00:27:15,919

because the phenomenon isn't necessarily

798

00:27:19,110 --> 00:27:17,840

all good there are terrible things that

799

00:27:20,710 --> 00:27:19,120

happen to people who have these

800

00:27:22,310 --> 00:27:20,720

experiences

801
00:27:24,389 --> 00:27:22,320
i'm i'm talking about the hitchhiker

802
00:27:26,950 --> 00:27:24,399
syndrome things along those lines it's

803
00:27:28,549 --> 00:27:26,960
not you know i wouldn't say the majority

804
00:27:30,149 --> 00:27:28,559
but there is a certain minority of

805
00:27:31,510 --> 00:27:30,159
people that have extremely difficult

806
00:27:33,750 --> 00:27:31,520
have an extremely difficult time with

807
00:27:35,750 --> 00:27:33,760
this we met one in our group and it's

808
00:27:38,630 --> 00:27:35,760
constant not that i'm saying there's any

809
00:27:41,029 --> 00:27:38,640
kind of thing you have to fear i mean i

810
00:27:44,549 --> 00:27:41,039
don't think this is existential

811
00:27:45,990 --> 00:27:44,559
uh indisperable part here uh joe said um

812
00:27:48,630 --> 00:27:46,000
we would be in really bad shape if it

813
00:27:51,110 --> 00:27:48,640

was they do walk into this sometimes

814

00:27:52,470 --> 00:27:51,120

particularly at skinwalker you walk into

815

00:27:54,549 --> 00:27:52,480

this and you don't realize what you're

816

00:27:57,269 --> 00:27:54,559

walking into and then this thing

817

00:27:59,350 --> 00:27:57,279

attaches itself and it might not be evil

818

00:28:01,750 --> 00:27:59,360

it just might be completely agnostic or

819

00:28:03,190 --> 00:28:01,760

apathetic or even

820

00:28:05,269 --> 00:28:03,200

insistent

821

00:28:06,070 --> 00:28:05,279

dan is that a i've never heard that one

822

00:28:07,669 --> 00:28:06,080

before

823

00:28:09,350 --> 00:28:07,679

uh i think i mean carry on i'll look it

824

00:28:11,350 --> 00:28:09,360

up now go on

825

00:28:12,950 --> 00:28:11,360

yeah i'll carry on and one actually

826

00:28:14,070 --> 00:28:12,960

knows what it's doing but it doesn't

827

00:28:15,830 --> 00:28:14,080

give a damn

828

00:28:18,149 --> 00:28:15,840

so yeah some interesting comments from

829

00:28:20,710 --> 00:28:18,159

jim simavon someone who himself has has

830

00:28:22,870 --> 00:28:20,720

mentioned in the past as an experiencer

831

00:28:24,710 --> 00:28:22,880

and is is still

832

00:28:26,710 --> 00:28:24,720

along with his was his wife dan how and

833

00:28:27,750 --> 00:28:26,720

his wife are both being studied by a

834

00:28:30,310 --> 00:28:27,760

group

835

00:28:33,909 --> 00:28:30,320

yeah yeah um so he's been very open very

836

00:28:35,269 --> 00:28:33,919

vocal about those experiences which i

837

00:28:37,110 --> 00:28:35,279

think daniel mentioned before we hit

838

00:28:39,269 --> 00:28:37,120

record can be quite frustrating can't it

839

00:28:41,590 --> 00:28:39,279

that there's someone who

840

00:28:43,029 --> 00:28:41,600

that with that level of respect and

841

00:28:45,830 --> 00:28:43,039

level of work and the people he works

842

00:28:47,510 --> 00:28:45,840

with can just come out and say so much

843

00:28:49,350 --> 00:28:47,520

and you just wish there was one person

844

00:28:52,310 --> 00:28:49,360

like that that would come out and say

845

00:28:54,310 --> 00:28:52,320

everything but nda's

846

00:28:56,710 --> 00:28:54,320

private contracts work they do

847

00:28:58,549 --> 00:28:56,720

confidentiality you know just good human

848

00:28:59,750 --> 00:28:58,559

nature there's things they don't talk

849

00:29:01,830 --> 00:28:59,760

about and

850

00:29:03,269 --> 00:29:01,840

i get why that frustrates people but i

851
00:29:05,830 --> 00:29:03,279
think it's um it's pretty interesting

852
00:29:07,510 --> 00:29:05,840
jim semivan himself talking about

853
00:29:09,830 --> 00:29:07,520
the idea that this this phenomenon

854
00:29:12,630 --> 00:29:09,840
doesn't necessarily have to be all good

855
00:29:13,909 --> 00:29:12,640
you know it's again like

856
00:29:15,510 --> 00:29:13,919
getting better just like social

857
00:29:16,789 --> 00:29:15,520
constructs man

858
00:29:19,510 --> 00:29:16,799
yeah if you can't see me i did the

859
00:29:21,190 --> 00:29:19,520
hippie uh yeah hit me up in a sarcastic

860
00:29:22,950 --> 00:29:21,200
way but it's true you know everything's

861
00:29:25,110 --> 00:29:22,960
relative i was trying to think on the

862
00:29:28,149 --> 00:29:25,120
top of my head about a similar similar

863
00:29:29,990 --> 00:29:28,159

example and animal testing of medicines

864

00:29:32,149 --> 00:29:30,000

and products is horrible

865

00:29:34,070 --> 00:29:32,159

but there have been benefits to to

866

00:29:35,669 --> 00:29:34,080

certain aspects of humanity

867

00:29:37,990 --> 00:29:35,679

would the person doing the testing

868

00:29:39,590 --> 00:29:38,000

necessarily be classed as evil

869

00:29:41,190 --> 00:29:39,600

doing what they're doing

870

00:29:43,110 --> 00:29:41,200

potentially not but they're doing

871

00:29:44,549 --> 00:29:43,120

something pretty horrible to a life form

872

00:29:46,549 --> 00:29:44,559

a creature that doesn't deserve to have

873

00:29:47,990 --> 00:29:46,559

what it's done to them

874

00:29:51,590 --> 00:29:48,000

there's the potential that some of these

875

00:29:52,950 --> 00:29:51,600

experiences you know this this um

876

00:29:55,110 --> 00:29:52,960

what's the word the

877

00:29:57,909 --> 00:29:55,120

this aspect of the phenomenon the

878

00:29:59,590 --> 00:29:57,919

playing about with us joker

879

00:30:01,750 --> 00:29:59,600

trickster that's the word yeah the

880

00:30:03,590 --> 00:30:01,760

trickster aspect to the phenomenon is a

881

00:30:04,549 --> 00:30:03,600

higher intelligence just messing about

882

00:30:06,470 --> 00:30:04,559

with us

883

00:30:08,470 --> 00:30:06,480

and when you look at for example the

884

00:30:09,990 --> 00:30:08,480

injuries thomas winterton and others

885

00:30:11,830 --> 00:30:10,000

have suffered from

886

00:30:14,230 --> 00:30:11,840

if those are or like

887

00:30:15,909 --> 00:30:14,240

calm keller mentioning the cancers that

888

00:30:18,389 --> 00:30:15,919

people have got and people have passed

889

00:30:20,070 --> 00:30:18,399

away from it's just potentially a side

890

00:30:21,190 --> 00:30:20,080

effect to something they're not meaning

891

00:30:23,190 --> 00:30:21,200

to do it but

892

00:30:24,149 --> 00:30:23,200

it's if it happens it happens

893

00:30:26,310 --> 00:30:24,159

and you don't know that it's just

894

00:30:27,990 --> 00:30:26,320

another intelligence alongside whether

895

00:30:30,149 --> 00:30:28,000

it's alongside us or above us whatever

896

00:30:31,510 --> 00:30:30,159

you want to say

897

00:30:34,950 --> 00:30:31,520

is

898

00:30:37,190 --> 00:30:34,960

harmful effects

899

00:30:38,389 --> 00:30:37,200

so it's it's interesting again to talk

900

00:30:40,789 --> 00:30:38,399

about that and i think it's only common

901

00:30:43,590 --> 00:30:40,799

sense that this this is where i i don't

902

00:30:45,669 --> 00:30:43,600

necessarily believe or buy into the idea

903

00:30:47,830 --> 00:30:45,679

that there are some people who claim all

904

00:30:49,269 --> 00:30:47,840

these beings are loving light and

905

00:30:51,350 --> 00:30:49,279

they're so nice and they're here to

906

00:30:53,510 --> 00:30:51,360

protect us and have the best you know

907

00:30:54,870 --> 00:30:53,520

the best intentions for us but then on

908

00:30:56,389 --> 00:30:54,880

the on the other side you've got people

909

00:30:57,509 --> 00:30:56,399

who they're all demons and demonic

910

00:31:00,310 --> 00:30:57,519

they're all evil we shouldn't get

911

00:31:02,070 --> 00:31:00,320

involved with it i very much keep myself

912

00:31:04,470 --> 00:31:02,080

in the middle of that and it's it's

913

00:31:05,909 --> 00:31:04,480

probably fair with our limited human

914

00:31:08,310 --> 00:31:05,919

understanding that there's a little bit

915

00:31:09,770 --> 00:31:08,320

of both involved in that

916

00:31:12,149 --> 00:31:09,780

yeah definitely um

917

00:31:14,389 --> 00:31:12,159

[Music]

918

00:31:16,310 --> 00:31:14,399

well firstly so insusion yes totally

919

00:31:17,990 --> 00:31:16,320

would uh showing a casual lack of

920

00:31:20,070 --> 00:31:18,000

concern so for anyone listening this is

921

00:31:21,590 --> 00:31:20,080

our today i learned our new word okay go

922

00:31:22,870 --> 00:31:21,600

go use it in a sentence to someone and

923

00:31:24,549 --> 00:31:22,880

blow their minds

924

00:31:27,190 --> 00:31:24,559

so what was it was uh

925

00:31:29,269 --> 00:31:27,200

in insufficiency showing a casual lack

926

00:31:30,950 --> 00:31:29,279

of concern so it would be summing up

927

00:31:32,630 --> 00:31:30,960

everything you've just said basically

928

00:31:33,830 --> 00:31:32,640

you know like when i when i give you a

929

00:31:35,909 --> 00:31:33,840

deadline to work towards something

930

00:31:36,710 --> 00:31:35,919

you're insistent about it and it ends up

931

00:31:38,710 --> 00:31:36,720

late

932

00:31:39,509 --> 00:31:38,720

yeah you could say that

933

00:31:41,029 --> 00:31:39,519

okay

934

00:31:43,029 --> 00:31:41,039

nicely done i'll give you describe on

935

00:31:45,909 --> 00:31:43,039

points yeah thanks

936

00:31:47,190 --> 00:31:45,919

um yeah yeah we just don't know about

937

00:31:49,110 --> 00:31:47,200

whether something is malevolent or

938

00:31:50,870 --> 00:31:49,120

beloved or even understands those

939

00:31:53,190 --> 00:31:50,880

concepts you know they might just be an

940

00:31:54,470 --> 00:31:53,200

inherently human thing you look at

941

00:31:55,909 --> 00:31:54,480

insects and we wonder whether they have

942

00:31:58,070 --> 00:31:55,919

a sense of right or wrong or anything

943

00:32:00,389 --> 00:31:58,080

like that and the truth is we don't know

944

00:32:02,789 --> 00:32:00,399

they might um it's it's hard to argue

945

00:32:04,470 --> 00:32:02,799

either way um about the will of

946

00:32:07,430 --> 00:32:04,480

something else that we can't experience

947

00:32:09,669 --> 00:32:07,440

it's life um but i know certainly

948

00:32:14,389 --> 00:32:09,679

humanity is in a moment right now where

949

00:32:17,669 --> 00:32:15,830

kind of

950

00:32:19,509 --> 00:32:17,679

unintentional

951
00:32:20,950 --> 00:32:19,519
effects on our environment and the

952
00:32:22,230 --> 00:32:20,960
environment you know

953
00:32:23,509 --> 00:32:22,240
all around the world um

954
00:32:25,029 --> 00:32:23,519
[Music]

955
00:32:26,310 --> 00:32:25,039
we're experiencing that we we've done a

956
00:32:28,230 --> 00:32:26,320
bunch of things that have led to some

957
00:32:30,070 --> 00:32:28,240
very negative things for us that were

958
00:32:31,830 --> 00:32:30,080
completely unintentional and some people

959
00:32:33,509 --> 00:32:31,840
knew sure but

960
00:32:34,870 --> 00:32:33,519
you know we're all we have to live in it

961
00:32:36,789 --> 00:32:34,880
and deal with it anyway was it

962
00:32:38,070 --> 00:32:36,799
malevolent benevolent it's not really

963
00:32:38,950 --> 00:32:38,080

going to help us to figure that out

964

00:32:40,710 --> 00:32:38,960

right

965

00:32:42,310 --> 00:32:40,720

100 and that's why whenever i hear

966

00:32:44,310 --> 00:32:42,320

people talking about you know we're on

967

00:32:47,029 --> 00:32:44,320

the verge of a huge paradigm shift as a

968

00:32:48,549 --> 00:32:47,039

species i just can't see that given like

969

00:32:51,190 --> 00:32:48,559

you said and the the relative

970

00:32:52,870 --> 00:32:51,200

development of of nations and cultures

971

00:32:55,669 --> 00:32:52,880

and people's thinking even within their

972

00:32:57,830 --> 00:32:55,679

own cultures how different people are

973

00:32:59,509 --> 00:32:57,840

yeah that's that's just not happening

974

00:33:01,509 --> 00:32:59,519

anytime soon that

975

00:33:03,110 --> 00:33:01,519

there's going to be a global awakening i

976
00:33:05,269 --> 00:33:03,120
mean something might happen that we all

977
00:33:06,470 --> 00:33:05,279
have to experience but i don't think

978
00:33:07,990 --> 00:33:06,480
that's that we're all going to ascend to

979
00:33:10,549 --> 00:33:08,000
a new dimension and higher state of

980
00:33:12,549 --> 00:33:10,559
consciousness that's just

981
00:33:13,590 --> 00:33:12,559
not not on the horizon i don't know how

982
00:33:15,669 --> 00:33:13,600
to do it so it's safe to say if it

983
00:33:16,950 --> 00:33:15,679
happens you're not coming then

984
00:33:19,110 --> 00:33:16,960
probably not i'll still be here

985
00:33:20,470 --> 00:33:19,120
podcasting about it and how disappointed

986
00:33:22,389 --> 00:33:20,480
i am everyone's gone looking for a new

987
00:33:23,990 --> 00:33:22,399
co-host

988
00:33:26,310 --> 00:33:24,000

so yeah i mean that's nice of you to say

989

00:33:28,389 --> 00:33:26,320

that i would go i'll do a show from over

990

00:33:30,470 --> 00:33:28,399

there why not yeah over there or down

991

00:33:32,230 --> 00:33:30,480

there either one yeah um

992

00:33:33,669 --> 00:33:32,240

so below that's what we'll call it yeah

993

00:33:35,909 --> 00:33:33,679

we were asked to touch on a tear in the

994

00:33:37,750 --> 00:33:35,919

sky um italianasky.com

995

00:33:39,909 --> 00:33:37,760

is the website for the new documentary

996

00:33:41,750 --> 00:33:39,919

that is part of a uapx looks very well

997

00:33:43,110 --> 00:33:41,760

produced there's no trailer yet and

998

00:33:45,509 --> 00:33:43,120

there's not much to cover on that one we

999

00:33:47,029 --> 00:33:45,519

talked about it on the last breakdown um

1000

00:33:48,630 --> 00:33:47,039

it's there's no updates yet but again

1001
00:33:50,310 --> 00:33:48,640
i'll i'll have garyvee back on the

1002
00:33:52,070 --> 00:33:50,320
podcast if he's i'm sure he wants to

1003
00:33:54,710 --> 00:33:52,080
come back on i'll speak to gary and to

1004
00:33:57,350 --> 00:33:54,720
discuss that as and when the time comes

1005
00:33:59,350 --> 00:33:57,360
um we were also asked to cover nope

1006
00:34:01,269 --> 00:33:59,360
which is the new movie coming out from

1007
00:34:02,870 --> 00:34:01,279
jordan peele we won't go into too much

1008
00:34:05,430 --> 00:34:02,880
movie chat here folks but so very

1009
00:34:07,669 --> 00:34:05,440
excited yeah very very excited for this

1010
00:34:10,389 --> 00:34:07,679
one yeah this this looks like it's going

1011
00:34:12,389 --> 00:34:10,399
to be a horror type movie

1012
00:34:14,149 --> 00:34:12,399
yeah where the the

1013
00:34:15,510 --> 00:34:14,159

antagonist is

1014

00:34:17,750 --> 00:34:15,520

some sort of

1015

00:34:19,589 --> 00:34:17,760

ufo essentially and from what you see in

1016

00:34:20,950 --> 00:34:19,599

the trailer it's about

1017

00:34:22,950 --> 00:34:20,960

mashed up at the moment there's and it

1018

00:34:24,869 --> 00:34:22,960

gives you flashes there's what looks

1019

00:34:27,430 --> 00:34:24,879

like some grays running about you know a

1020

00:34:30,230 --> 00:34:27,440

potential virginia-esque um incident

1021

00:34:32,310 --> 00:34:30,240

going on but um it's got the the silence

1022

00:34:34,790 --> 00:34:32,320

in the area before the ufo approaches

1023

00:34:36,710 --> 00:34:34,800

it's got all the animals going quiet

1024

00:34:38,310 --> 00:34:36,720

um it looks it looks really interesting

1025

00:34:39,750 --> 00:34:38,320

so i'm looking forward to seeing it well

1026

00:34:41,349 --> 00:34:39,760

what i love about the trailer is that

1027

00:34:43,270 --> 00:34:41,359

it's given us so little that we can't

1028

00:34:44,710 --> 00:34:43,280

define what it the other thing in the

1029

00:34:47,510 --> 00:34:44,720

trailer the anomalous thing so we've

1030

00:34:49,270 --> 00:34:47,520

just got to call it a ufo you know

1031

00:34:51,990 --> 00:34:49,280

he jordan peterson is definitely gonna

1032

00:34:53,109 --> 00:34:52,000

play with that in the film um and i love

1033

00:34:54,869 --> 00:34:53,119

his movies because he plays with

1034

00:34:56,950 --> 00:34:54,879

expectation every single one almost

1035

00:34:58,790 --> 00:34:56,960

feels like

1036

00:35:00,470 --> 00:34:58,800

there are two or three films wrapped up

1037

00:35:02,069 --> 00:35:00,480

and depending on

1038

00:35:03,670 --> 00:35:02,079

the reasons you're watching it whether

1039

00:35:05,349 --> 00:35:03,680

it's to kind of you know study the

1040

00:35:06,950 --> 00:35:05,359

racial relations and the what they're

1041

00:35:07,990 --> 00:35:06,960

speaking about or what he's speaking

1042

00:35:09,510 --> 00:35:08,000

about there or whether you're just

1043

00:35:11,589 --> 00:35:09,520

watching it for entertainment there's a

1044

00:35:14,310 --> 00:35:11,599

whole bunch of levels going on um and

1045

00:35:17,190 --> 00:35:14,320

i'm excited to see what he uses the idea

1046

00:35:18,550 --> 00:35:17,200

of the other four in that regard

1047

00:35:20,310 --> 00:35:18,560

yeah and we'll put the links to the

1048

00:35:22,310 --> 00:35:20,320

trailer in the description same with the

1049

00:35:24,470 --> 00:35:22,320

link to the ten in the sky website and

1050

00:35:26,310 --> 00:35:24,480

the george knapp article as well just a

1051
00:35:28,950 --> 00:35:26,320
heads up on the george knapp article

1052
00:35:31,349 --> 00:35:28,960
it's uh unfortunately region locked to

1053
00:35:33,829 --> 00:35:31,359
the us so you'll have to use you know

1054
00:35:36,310 --> 00:35:33,839
other means to to look at that proton

1055
00:35:38,550 --> 00:35:36,320
vpn is a nice legal free means um you

1056
00:35:40,390 --> 00:35:38,560
can download it on the ios app store or

1057
00:35:42,550 --> 00:35:40,400
android app store it's just a free vpn

1058
00:35:45,670 --> 00:35:42,560
just uh yeah download it connect to the

1059
00:35:48,310 --> 00:35:45,680
usa uh option and you'll be able to just

1060
00:35:49,349 --> 00:35:48,320
enter that uh news eight news now link

1061
00:35:52,230 --> 00:35:49,359
and read it

1062
00:35:54,710 --> 00:35:52,240
awesome um chase also asked us to cover

1063
00:35:58,310 --> 00:35:54,720

uh on twitter the recent idea that lou

1064

00:36:01,190 --> 00:35:58,320

showed a select group of podcasters uh

1065

00:36:03,670 --> 00:36:01,200

classified videos etc and look we're not

1066

00:36:05,829 --> 00:36:03,680

going to go into that whole ufo twitter

1067

00:36:07,349 --> 00:36:05,839

controversy from last week people saw

1068

00:36:10,470 --> 00:36:07,359

enough of that it was quite embarrassing

1069

00:36:12,069 --> 00:36:10,480

to be honest um but essentially there

1070

00:36:15,510 --> 00:36:12,079

was a rumor going about that louis

1071

00:36:18,790 --> 00:36:15,520

elizondo had shown a group um like some

1072

00:36:20,630 --> 00:36:18,800

some borderline what classified material

1073

00:36:22,870 --> 00:36:20,640

it turned into i think dan your word was

1074

00:36:25,589 --> 00:36:22,880

like a game of telephone yeah

1075

00:36:26,870 --> 00:36:25,599

and it was what was one thing turned out

1076
00:36:28,470 --> 00:36:26,880
to be something to be something totally

1077
00:36:30,230 --> 00:36:28,480
different and

1078
00:36:30,870 --> 00:36:30,240
a whole lot of people in the middle of

1079
00:36:35,510 --> 00:36:30,880
it

1080
00:36:36,470 --> 00:36:35,520
unfortunately that sort of stuff that

1081
00:36:37,829 --> 00:36:36,480
happens

1082
00:36:39,750 --> 00:36:37,839
when

1083
00:36:41,349 --> 00:36:39,760
people are desperate for for content

1084
00:36:42,950 --> 00:36:41,359
folks i won't put out interviews for the

1085
00:36:44,310 --> 00:36:42,960
sake of doing interviews

1086
00:36:46,310 --> 00:36:44,320
if there's if there's no one there to

1087
00:36:47,750 --> 00:36:46,320
interview which in this game that always

1088
00:36:49,910 --> 00:36:47,760

is and if you're doing it right there

1089

00:36:51,190 --> 00:36:49,920

should be but also like these breakdowns

1090

00:36:52,790 --> 00:36:51,200

we won't just do them when there's

1091

00:36:54,470 --> 00:36:52,800

nothing to talk about there just

1092

00:36:56,470 --> 00:36:54,480

wouldn't be one that week

1093

00:36:58,310 --> 00:36:56,480

and for whatever happened a whole lot of

1094

00:37:00,550 --> 00:36:58,320

controversy again it's get stormed up

1095

00:37:02,150 --> 00:37:00,560

names get thrown about accusations got

1096

00:37:04,390 --> 00:37:02,160

made and it

1097

00:37:06,150 --> 00:37:04,400

blew up online and you'll probably

1098

00:37:07,670 --> 00:37:06,160

notice like dan and myself stay out of

1099

00:37:10,069 --> 00:37:07,680

those conversations we don't really get

1100

00:37:12,080 --> 00:37:10,079

involved we don't like and retweet and

1101
00:37:13,109 --> 00:37:12,090
comment and stuff like that um

1102
00:37:14,790 --> 00:37:13,119
[Music]

1103
00:37:16,790 --> 00:37:14,800
it's just again it happened last year

1104
00:37:18,870 --> 00:37:16,800
when we went to london and and lou came

1105
00:37:22,069 --> 00:37:18,880
to meet us for lunch we were in a really

1106
00:37:24,230 --> 00:37:22,079
busy busy little bar restaurant that lou

1107
00:37:26,310 --> 00:37:24,240
wasn't sitting with a laptop or a gaming

1108
00:37:28,310 --> 00:37:26,320
projector showing us classified

1109
00:37:30,150 --> 00:37:28,320
briefings that he's had you know

1110
00:37:32,069 --> 00:37:30,160
there was literally people at the tables

1111
00:37:33,910 --> 00:37:32,079
all around us well while we were

1112
00:37:35,589 --> 00:37:33,920
chatting so

1113
00:37:37,349 --> 00:37:35,599

that that this is again i think what

1114

00:37:40,630 --> 00:37:37,359

sort of happened dan did you even hear

1115

00:37:41,910 --> 00:37:40,640

anything more about this is to yeah so

1116

00:37:43,589 --> 00:37:41,920

it was interesting because i i know

1117

00:37:45,750 --> 00:37:43,599

where it started and i know what it's

1118

00:37:47,349 --> 00:37:45,760

become and the rumors come back to me

1119

00:37:49,030 --> 00:37:47,359

with some more details and i'm just like

1120

00:37:50,870 --> 00:37:49,040

that is not true you know as someone

1121

00:37:53,030 --> 00:37:50,880

that knows how this rumor started that

1122

00:37:54,470 --> 00:37:53,040

this is a game of telephone

1123

00:37:56,310 --> 00:37:54,480

what happened was basically luke showed

1124

00:37:58,310 --> 00:37:56,320

us an article on the sun website that

1125

00:38:00,390 --> 00:37:58,320

contained a video that video was spoken

1126
00:38:02,310 --> 00:38:00,400
about and assumed by a bunch of people

1127
00:38:03,750 --> 00:38:02,320
to be like this super secret video it

1128
00:38:05,349 --> 00:38:03,760
wasn't it was on the sun website it's up

1129
00:38:07,510 --> 00:38:05,359
on youtube um

1130
00:38:08,950 --> 00:38:07,520
lou gave a disclosure team of comments

1131
00:38:10,630 --> 00:38:08,960
on it uh disclosure team did an

1132
00:38:13,270 --> 00:38:10,640
interview with a guy who filmed it so

1133
00:38:15,030 --> 00:38:13,280
there's nothing secret here at all but

1134
00:38:16,630 --> 00:38:15,040
for some reason some people felt that

1135
00:38:18,710 --> 00:38:16,640
they had to kind of

1136
00:38:20,790 --> 00:38:18,720
say that and and start causing waves in

1137
00:38:22,310 --> 00:38:20,800
the community for for some likes or

1138
00:38:24,150 --> 00:38:22,320

something like that but that's that's as

1139

00:38:25,910 --> 00:38:24,160

far as i'll go it's just nonsense

1140

00:38:28,550 --> 00:38:25,920

basically well we'll include the link to

1141

00:38:30,829 --> 00:38:28,560

the video for you here just to show that

1142

00:38:33,190 --> 00:38:30,839

it's really nothing classified

1143

00:38:34,710 --> 00:38:33,200

yeah a few people asked in the discord

1144

00:38:36,710 --> 00:38:34,720

chat and on twitter and stuff do you

1145

00:38:38,150 --> 00:38:36,720

guys know much more about this and was

1146

00:38:39,829 --> 00:38:38,160

her stuff being being shown in the

1147

00:38:41,349 --> 00:38:39,839

background you know if there was it

1148

00:38:42,550 --> 00:38:41,359

certainly wasn't to us and it sounds

1149

00:38:44,310 --> 00:38:42,560

like it's just become a whole lot of

1150

00:38:45,990 --> 00:38:44,320

nothing so that's all there really is to

1151
00:38:48,390 --> 00:38:46,000
say about it and it's just disappointing

1152
00:38:50,390 --> 00:38:48,400
we stay out the drama folks like i've

1153
00:38:51,670 --> 00:38:50,400
got enough to do in a day-to-day basis

1154
00:38:53,030 --> 00:38:51,680
without getting involved in that kind of

1155
00:38:54,950 --> 00:38:53,040
stuff and there are a lot of great

1156
00:38:56,870 --> 00:38:54,960
people doing a lot of great work online

1157
00:38:58,870 --> 00:38:56,880
a lot of great tweeting blogging you

1158
00:39:00,790 --> 00:38:58,880
know podcasting youtubing all that kind

1159
00:39:02,230 --> 00:39:00,800
of stuff without without the need for

1160
00:39:04,870 --> 00:39:02,240
the nonsense it can go along with it

1161
00:39:06,550 --> 00:39:04,880
it's a fascinating subject so

1162
00:39:07,430 --> 00:39:06,560
you don't need the drama to be a part of

1163
00:39:09,910 --> 00:39:07,440

it

1164

00:39:11,430 --> 00:39:09,920

people think that this isn't crazy

1165

00:39:12,870 --> 00:39:11,440

enough so like you know yeah

1166

00:39:14,870 --> 00:39:12,880

extraterrestrials visits no it's not

1167

00:39:16,790 --> 00:39:14,880

interesting enough for you exactly

1168

00:39:19,030 --> 00:39:16,800

exactly so so yeah it seems to have come

1169

00:39:19,990 --> 00:39:19,040

and gone which is which is for the best

1170

00:39:21,430 --> 00:39:20,000

um

1171

00:39:24,550 --> 00:39:21,440

last couple of bits to touch on then

1172

00:39:27,349 --> 00:39:24,560

folks uh dan wanted to apologize it says

1173

00:39:29,510 --> 00:39:27,359

here for for panicking people is that

1174

00:39:31,990 --> 00:39:29,520

what it says about the show length yeah

1175

00:39:33,670 --> 00:39:32,000

um we we hear you loud and clear a lot

1176

00:39:35,990 --> 00:39:33,680

of people go back home in touch many of

1177

00:39:37,589 --> 00:39:36,000

them very passionately um just saying

1178

00:39:38,790 --> 00:39:37,599

don't change the show length a lot of

1179

00:39:41,829 --> 00:39:38,800

people will watch 20 minutes and then

1180

00:39:43,510 --> 00:39:41,839

just back just to clear up this wasn't i

1181

00:39:45,510 --> 00:39:43,520

was going to change the show length dan

1182

00:39:47,510 --> 00:39:45,520

threw this out on a recording and it was

1183

00:39:49,990 --> 00:39:47,520

more from a point of view of should they

1184

00:39:51,990 --> 00:39:50,000

cut down the videos to to shorter

1185

00:39:53,829 --> 00:39:52,000

lengths so if i record like an hour or

1186

00:39:55,829 --> 00:39:53,839

an hour and a half interview

1187

00:39:57,589 --> 00:39:55,839

should he release them in smaller chunks

1188

00:39:59,589 --> 00:39:57,599

and people almost unanimously were like

1189

00:40:01,030 --> 00:39:59,599

nope nope nope that's that's what he was

1190

00:40:02,630 --> 00:40:01,040

looking at in terms of analytics and

1191

00:40:03,910 --> 00:40:02,640

algorithms

1192

00:40:06,710 --> 00:40:03,920

off the back of that though what we're

1193

00:40:09,510 --> 00:40:06,720

doing now is the the monthly recap

1194

00:40:12,550 --> 00:40:09,520

if there comes a point where i have more

1195

00:40:14,069 --> 00:40:12,560

time i could do weekly shorter versions

1196

00:40:15,109 --> 00:40:14,079

of the interviews and then longer form

1197

00:40:16,390 --> 00:40:15,119

as well

1198

00:40:18,790 --> 00:40:16,400

i don't have the time for that sort of

1199

00:40:21,270 --> 00:40:18,800

work just now but what i can do is start

1200

00:40:23,190 --> 00:40:21,280

to do monthly recaps where i've released

1201
00:40:25,589 --> 00:40:23,200
a section of each interview to give

1202
00:40:26,870 --> 00:40:25,599
people a little taster as to interviews

1203
00:40:28,790 --> 00:40:26,880
they may have missed or not wanted to

1204
00:40:30,069 --> 00:40:28,800
listen to or not been sure of give you a

1205
00:40:31,510 --> 00:40:30,079
little glimpse of what was in it and

1206
00:40:33,589 --> 00:40:31,520
then you can go back and listen to if

1207
00:40:35,670 --> 00:40:33,599
you want that's what the recaps are are

1208
00:40:37,670 --> 00:40:35,680
going to be for as well so but yeah that

1209
00:40:39,030 --> 00:40:37,680
was all it was folks so it was um just

1210
00:40:41,030 --> 00:40:39,040
looking at the analytics and how people

1211
00:40:41,990 --> 00:40:41,040
might digest our their content we're

1212
00:40:44,870 --> 00:40:42,000
always trying to kind of keep it

1213
00:40:46,710 --> 00:40:44,880

relative for everyone as well um and

1214

00:40:49,829 --> 00:40:46,720

yeah and kind of finishing up folks

1215

00:40:51,750 --> 00:40:49,839

couple of announcements um you can of

1216

00:40:53,750 --> 00:40:51,760

course uh support the podcast via

1217

it's part of those kind of paid

1234

00:41:30,950 --> 00:41:27,839

subscriptions as a little something back

1235

00:41:33,430 --> 00:41:30,960

and a thank you folks um anything you'd

1236

00:41:35,270 --> 00:41:33,440

like to see us record content wise

1237

00:41:38,230 --> 00:41:35,280

please let us know we've got a whole

1238

00:41:39,670 --> 00:41:38,240

list of ideas coming up for shows and it

1239

00:41:41,430 --> 00:41:39,680

has probably taken us longer than

1240

00:41:43,109 --> 00:41:41,440

expected with with dan being away and

1241

00:41:45,109 --> 00:41:43,119

coming back and myself having the tech

1242

00:41:46,790 --> 00:41:45,119

issues to get back in our rhythm and

1243

00:41:48,950 --> 00:41:46,800

flow with everything but what we've got

1244

00:41:50,470 --> 00:41:48,960

there now i think and uh

1245

00:41:51,990 --> 00:41:50,480

we're getting those shows that's our

1246

00:41:53,670 --> 00:41:52,000

band name if we ever start performing at

1247

00:41:55,270 --> 00:41:53,680

conferences we're the mum flowers it's

1248

00:41:57,109 --> 00:41:55,280

like rhythm and flowy that's a good name

1249

00:42:00,069 --> 00:41:57,119

for our band um

1250

00:42:02,550 --> 00:42:00,079

we also will be recording the tom delong

1251

00:42:04,950 --> 00:42:02,560

part three in the next week hopefully

1252

00:42:07,990 --> 00:42:04,960

i've not said that to dan yet but that's

1253

00:42:09,990 --> 00:42:08,000

2.5 with listener feedback from part two

1254

00:42:12,870 --> 00:42:10,000

yes a few people had sent stuff over

1255

00:42:15,109 --> 00:42:12,880

there will be a 2.5 as well if you have

1256

00:42:16,950 --> 00:42:15,119

listened to the tom delonge part 2 and

1257

00:42:18,630 --> 00:42:16,960

want to send over any comments any

1258

00:42:21,190 --> 00:42:18,640

thoughts or any questions for us to

1259

00:42:22,630 --> 00:42:21,200

answer please feel free and even if it

1260

00:42:24,870 --> 00:42:22,640

was something that part three is going

1261

00:42:26,309 --> 00:42:24,880

to cover dan where did we leave off was

1262

00:42:27,829 --> 00:42:26,319

i think i think we were basically just

1263

00:42:30,790 --> 00:42:27,839

going to start getting into that core

1264

00:42:32,470 --> 00:42:30,800

story about the beliefs that tom holds

1265

00:42:34,230 --> 00:42:32,480

about the phenomena and just talking

1266

00:42:35,589 --> 00:42:34,240

about them a bit a bit more in depth

1267

00:42:38,470 --> 00:42:35,599

because there was a lot of them and they

1268

00:42:40,870 --> 00:42:38,480

were pretty controversial um atlantis

1269

00:42:42,390 --> 00:42:40,880

atlantis

1270

00:42:44,309 --> 00:42:42,400

yeah so we're going to be talking about

1271

00:42:47,349 --> 00:42:44,319

those so anything at all you want a

1272

00:42:49,670 --> 00:42:47,359

message send it over to ufo uapam

1273

00:42:50,870 --> 00:42:49,680

1274

00:42:54,230 --> 00:42:50,880

i'll put it together but those will be

1275

00:42:56,069 --> 00:42:54,240

getting recorded soon um guest wise i've

1276

00:42:58,870 --> 00:42:56,079

got hopefully i'm still waiting on a

1277

00:43:00,950 --> 00:42:58,880

date but chris rutkowski whose book um

1278

00:43:02,710 --> 00:43:00,960

canada's ufo's declassified is coming

1279

00:43:04,870 --> 00:43:02,720

out at the end of march and he'll be

1280

00:43:06,710 --> 00:43:04,880

doing interviews then for that

1281

00:43:09,190 --> 00:43:06,720

i've had i'll just announce it now i

1282

00:43:11,589 --> 00:43:09,200

don't mind um shane ryan who was part of

1283

00:43:12,870 --> 00:43:11,599

ross cool tarts documentary um in

1284

00:43:14,790 --> 00:43:12,880

australia

1285

00:43:17,190 --> 00:43:14,800

who done a lot of investigating and

1286

00:43:18,550 --> 00:43:17,200

reporting on the westall school incident

1287

00:43:19,510 --> 00:43:18,560

is going to be coming on the podcast

1288

00:43:21,030 --> 00:43:19,520

that's something i've been trying to

1289

00:43:23,109 --> 00:43:21,040

arrange for quite a while

1290

00:43:25,510 --> 00:43:23,119

very excited to speak to shane and he's

1291

00:43:27,109 --> 00:43:25,520

looking forward to coming on so early

1292

00:43:29,589 --> 00:43:27,119

days if you have any interest in

1293

00:43:34,550 --> 00:43:29,599

australian ufos or the westall instinct

1294

00:43:36,470 --> 00:43:34,560

particularly email ufo uapam gmail.com

1295

00:43:37,990 --> 00:43:36,480

with their questions for shane but we'll

1296

00:43:39,430 --> 00:43:38,000

be covering the westall incident and

1297

00:43:41,349 --> 00:43:39,440

some other bits and pieces within the

1298

00:43:43,829 --> 00:43:41,359

interview very much looking forward to

1299

00:43:45,910 --> 00:43:43,839

it i've also got to mention just in case

1300

00:43:48,790 --> 00:43:45,920

you hadn't seen the interview with louie

1301

00:43:51,270 --> 00:43:48,800

elizondo has been moved to april 23rd

1302

00:43:52,309 --> 00:43:51,280

essentially i was happy to move it to be

1303

00:43:53,910 --> 00:43:52,319

out the

1304

00:43:55,030 --> 00:43:53,920

lose media run at the minute he's doing

1305

00:43:56,069 --> 00:43:55,040

a lot of great interviews and we'll

1306

00:43:57,990 --> 00:43:56,079

we'll tell you about one of those in

1307

00:44:00,150 --> 00:43:58,000

just a second that's coming up tonight

1308

00:44:02,390 --> 00:44:00,160

um or last night or last week whenever

1309

00:44:04,790 --> 00:44:02,400

you listen to this um but i can get a

1310

00:44:05,829 --> 00:44:04,800

little bit longer with lou if i wait and

1311

00:44:07,510 --> 00:44:05,839

that's why i'm going to wait till the

1312

00:44:09,190 --> 00:44:07,520

23rd of april it benefits you it

1313

00:44:10,950 --> 00:44:09,200

benefits me it makes for a better

1314

00:44:14,309 --> 00:44:10,960

interview and i'll i'd happily wait the

1315

00:44:16,630 --> 00:44:14,319

extra time anyway on that louis lozando

1316

00:44:18,069 --> 00:44:16,640

and sean cahill are both on theories of

1317

00:44:20,230 --> 00:44:18,079

everything with cut dry mungo this

1318

00:44:21,589 --> 00:44:20,240

evening and very much looking forward to

1319

00:44:23,990 --> 00:44:21,599

that i don't think it's unfair to say

1320

00:44:26,150 --> 00:44:24,000

then given this will go afterwards uh we

1321

00:44:28,309 --> 00:44:26,160

have had a little look at the questions

1322

00:44:30,390 --> 00:44:28,319

shall we just say and we've got an idea

1323

00:44:32,470 --> 00:44:30,400

of what's coming up folks and i can

1324

00:44:34,790 --> 00:44:32,480

promise you there there shouldn't be a

1325

00:44:36,470 --> 00:44:34,800

whole lot of old ground being covered

1326

00:44:38,150 --> 00:44:36,480

and remember kurt's got a very different

1327

00:44:40,150 --> 00:44:38,160

audience to as a much bigger audience as

1328

00:44:42,550 --> 00:44:40,160

well maybe a bit more mainstream a bit

1329

00:44:45,030 --> 00:44:42,560

more science based um so there will be

1330

00:44:46,950 --> 00:44:45,040

some stuff kind of covered but there's a

1331

00:44:49,190 --> 00:44:46,960

lot of really decent questions in there

1332

00:44:50,790 --> 00:44:49,200

i can guarantee you that which hopefully

1333

00:44:53,670 --> 00:44:50,800

gets some really good answers from both

1334

00:44:55,829 --> 00:44:53,680

lou and sean sean's very very underrated

1335

00:44:57,589 --> 00:44:55,839

when it comes to interviews and and what

1336

00:44:58,950 --> 00:44:57,599

he talks about and how he talks about it

1337

00:44:59,829 --> 00:44:58,960

as well

1338

00:45:02,069 --> 00:44:59,839

and

1339

00:45:03,510 --> 00:45:02,079

absolutely um i i just wanted to add in

1340

00:45:05,349 --> 00:45:03,520

there that

1341

00:45:06,309 --> 00:45:05,359

because andy's just explained or you've

1342

00:45:09,670 --> 00:45:06,319

just explained i should say i was

1343

00:45:11,109 --> 00:45:09,680

talking to the audience then um that

1344

00:45:12,309 --> 00:45:11,119

you've got an interview coming up with

1345

00:45:14,390 --> 00:45:12,319

lou

1346

00:45:15,430 --> 00:45:14,400

if something isn't asked in the theories

1347

00:45:17,829 --> 00:45:15,440

of everything

1348

00:45:20,230 --> 00:45:17,839

interview piggyback off it let us know

1349

00:45:22,150 --> 00:45:20,240

what you want us to pick up on and and

1350

00:45:23,349 --> 00:45:22,160

you know a lot of us podcasters talk

1351

00:45:25,750 --> 00:45:23,359

behind the scenes and none of us like

1352

00:45:27,109 --> 00:45:25,760

repeating things so help us help you and

1353

00:45:30,230 --> 00:45:27,119

and tell us what you'd like to see

1354

00:45:32,150 --> 00:45:30,240

covered and we'll we'll try our best 100

1355

00:45:34,230 --> 00:45:32,160

and also before the end of march we want

1356

00:45:36,309 --> 00:45:34,240

to record another ama you might have

1357

00:45:38,630 --> 00:45:36,319

seen on the free feed yesterday i

1358

00:45:41,670 --> 00:45:38,640

dropped our first ever ama we recorded

1359

00:45:42,870 --> 00:45:41,680

almost um about one year ago um slight

1360

00:45:44,550 --> 00:45:42,880

audio

1361

00:45:46,069 --> 00:45:44,560

crackle on my side folks but it's not

1362

00:45:48,069 --> 00:45:46,079

too bad just that was an issue at the

1363

00:45:49,589 --> 00:45:48,079

time but there's loads of those recorded

1364

00:45:50,790 --> 00:45:49,599

that are over on the patreon and apple

1365

00:45:52,710 --> 00:45:50,800

and i know you might hate all that oh

1366

00:45:54,550 --> 00:45:52,720

paying for stuff but it's just a little

1367

00:45:56,150 --> 00:45:54,560

bit of something back for those who do

1368

00:45:57,750 --> 00:45:56,160

choose to support the podcast in that

1369

00:45:59,589 --> 00:45:57,760

way and it's on there for free if you

1370

00:46:00,550 --> 00:45:59,599

like it sign up to any of the podcast

1371

00:46:02,390 --> 00:46:00,560

streams

1372

00:46:03,829 --> 00:46:02,400

and you can access those sorts of shows

1373

00:46:05,349 --> 00:46:03,839

but if you want to get involved in the

1374

00:46:08,309 --> 00:46:05,359

ama

1375

00:46:11,670 --> 00:46:08,319

again tweet us instagram email

1376

00:46:13,030 --> 00:46:11,680

email ufo uap am gmail.com as always and

1377

00:46:14,950 --> 00:46:13,040

we'll get those in there as well any

1378

00:46:16,470 --> 00:46:14,960

questions for myself and dan and we'll

1379

00:46:18,309 --> 00:46:16,480

we'll chat through quite casually and

1380

00:46:20,630 --> 00:46:18,319

answer those it's always a kind of fun

1381

00:46:22,470 --> 00:46:20,640

time definitely um i spoke with vinnie

1382

00:46:23,990 --> 00:46:22,480

as well and we're gonna be

1383

00:46:27,349 --> 00:46:24,000

phenomenology the documentary from

1384

00:46:28,950 --> 00:46:27,359

colombia uh comes basically may 1st so

1385

00:46:31,190 --> 00:46:28,960

at the end of april we're going to try

1386

00:46:32,390 --> 00:46:31,200

and do the ama for colombia and we'll be

1387

00:46:34,550 --> 00:46:32,400

presenting all the videos we kind of

1388

00:46:36,390 --> 00:46:34,560

took while we were out there not kind of

1389

00:46:38,309 --> 00:46:36,400

you know spoiling the documentary but

1390

00:46:39,589 --> 00:46:38,319

giving you guys a sense of what we did

1391

00:46:42,550 --> 00:46:39,599

out there what you can expect from the

1392

00:46:43,430 --> 00:46:42,560

documentary um that comes out just a few

1393

00:46:45,109 --> 00:46:43,440

days later i think that'll be

1394

00:46:46,710 --> 00:46:45,119

interesting andy'll be with us asking us

1395

00:46:48,230 --> 00:46:46,720

questions and kind of providing the

1396

00:46:50,230 --> 00:46:48,240

audience voice and and holding our feet

1397

00:46:53,109 --> 00:46:50,240

to the fire as well so i'm excited for

1398

00:46:54,950 --> 00:46:53,119

that one 100 dan should be worried uh

1399

00:46:56,710 --> 00:46:54,960

and the last one you might have seen the

1400

00:46:59,430 --> 00:46:56,720

live listener calling is going to be on

1401
00:47:00,790 --> 00:46:59,440
saturday the 26th of march that's at 10

1402
00:47:02,470 --> 00:47:00,800
pm uk

1403
00:47:05,589 --> 00:47:02,480
if we're right though because of the

1404
00:47:07,109 --> 00:47:05,599
clock's changing and dan that means it's

1405
00:47:10,150 --> 00:47:07,119
going to be

1406
00:47:12,390 --> 00:47:10,160
i mean 10 it's still 10 pm uk 10 p.m uk

1407
00:47:14,790 --> 00:47:12,400
later yeah

1408
00:47:16,069 --> 00:47:14,800
but it's going to be 3 p.m pacific and 6

1409
00:47:18,550 --> 00:47:16,079
p.m

1410
00:47:20,630 --> 00:47:18,560
that's the ones yeah um 55 percent of

1411
00:47:22,549 --> 00:47:20,640
the audience is us-based so there you go

1412
00:47:24,470 --> 00:47:22,559
important 70 percent of statistics are

1413
00:47:25,750 --> 00:47:24,480

made up on the spot is that one yeah

1414

00:47:27,750 --> 00:47:25,760

that one's a lie

1415

00:47:30,069 --> 00:47:27,760

but yeah so there you go folks yeah

1416

00:47:31,990 --> 00:47:30,079

that'll be on there the 26th of march um

1417

00:47:33,589 --> 00:47:32,000

live listener calling would be great if

1418

00:47:35,510 --> 00:47:33,599

people get involved and come on we'll

1419

00:47:37,430 --> 00:47:35,520

there'll be a link you can join us talk

1420

00:47:39,430 --> 00:47:37,440

to us answer a question get off and let

1421

00:47:41,589 --> 00:47:39,440

someone else come on um but people have

1422

00:47:44,390 --> 00:47:41,599

already started sending me over i say

1423

00:47:46,230 --> 00:47:44,400

people i've got two um voicemails that

1424

00:47:47,990 --> 00:47:46,240

they won't make the live show but they

1425

00:47:49,990 --> 00:47:48,000

want us to play their call it can be a

1426

00:47:51,910 --> 00:47:50,000

video or it can be audio based we'll

1427

00:47:53,750 --> 00:47:51,920

play it on the live and dan and i will

1428

00:47:55,990 --> 00:47:53,760

answer it on there for you so if you

1429

00:47:57,750 --> 00:47:56,000

want to do that email it over tweet us

1430

00:47:59,190 --> 00:47:57,760

get in touch if you're not too sure but

1431

00:48:01,589 --> 00:47:59,200

it'd be great to have as many people

1432

00:48:02,790 --> 00:48:01,599

involved with that as possible

1433

00:48:04,710 --> 00:48:02,800

done

1434

00:48:06,549 --> 00:48:04,720

good little break down there good recap

1435

00:48:08,630 --> 00:48:06,559

it's kind of got me up to speed with

1436

00:48:10,950 --> 00:48:08,640

where everything is no no james webb

1437

00:48:13,030 --> 00:48:10,960

update this time because the mirrors are

1438

00:48:15,030 --> 00:48:13,040

still aligning so it's still up there

1439

00:48:16,950 --> 00:48:15,040

a good a good example of no update

1440

00:48:17,670 --> 00:48:16,960

because nothing much has happened

1441

00:48:19,270 --> 00:48:17,680

yeah

1442

00:48:21,910 --> 00:48:19,280

but by seeing that you've kind of

1443

00:48:23,829 --> 00:48:21,920

updated everyone so yeah true very short

1444

00:48:25,109 --> 00:48:23,839

update but that's it but yeah listen

1445

00:48:27,549 --> 00:48:25,119

folks thank you very much for listening

1446

00:48:30,630 --> 00:48:27,559

thanks for checking out uh on monday the

1447

00:48:33,109 --> 00:48:30,640

14th of march you will see the daniel

1448

00:48:35,190 --> 00:48:33,119

otis interview journalist and writer his

1449

00:48:37,910 --> 00:48:35,200

article invites.com is really good on

1450

00:48:39,990 --> 00:48:37,920

the 20 years declassified ufo documents

1451
00:48:42,150 --> 00:48:40,000
check out um really interesting to hear

1452
00:48:44,150 --> 00:48:42,160
a journalist's perspective diving into

1453
00:48:46,150 --> 00:48:44,160
this topic and even daniel as you'll

1454
00:48:48,069 --> 00:48:46,160
hear is still trying to find out where

1455
00:48:49,430 --> 00:48:48,079
that line is how far can he go how far

1456
00:48:51,190 --> 00:48:49,440
can he discuss

1457
00:48:53,349 --> 00:48:51,200
keeping things reputable but also

1458
00:48:55,750 --> 00:48:53,359
relevant to the conversation as well so

1459
00:48:58,390 --> 00:48:55,760
very interesting one that one um i i was

1460
00:49:00,790 --> 00:48:58,400
with dan i i love his work um obviously

1461
00:49:02,549 --> 00:49:00,800
i love his name as well um but i i

1462
00:49:04,710 --> 00:49:02,559
didn't have a good read on you know

1463
00:49:07,190 --> 00:49:04,720

where that line was for him and and how

1464

00:49:10,470 --> 00:49:07,200

much of a skeptic versus debunker versus

1465

00:49:12,630 --> 00:49:10,480

you know that kind of scale um and and

1466

00:49:14,069 --> 00:49:12,640

yeah i think he he's an asset after that

1467

00:49:15,109 --> 00:49:14,079

interview and he's a really intriguing

1468

00:49:16,390 --> 00:49:15,119

guy and i'm going to be following his

1469

00:49:17,270 --> 00:49:16,400

[Music]

1490

00:50:34,309 --> 00:50:32,710

1492

00:50:56,790 --> 00:50:54,710

1493

00:50:58,150 --> 00:50:56,800

was red i helped my boys they thought

1494

00:51:01,300 --> 00:50:58,160

this was noise they thought it was a

1495

00:51:20,390 --> 00:51:10,540

[Music]

1496

00:51:20,400 --> 00:51:25,020

and what's that

1497

00:51:25,030 --> 00:51:35,750

[Music]

1498

00:51:35,760 --> 00:51:39,920

[Music]

1500

00:52:09,440 --> 00:52:03,230

1501

00:52:09,450 --> 00:52:23,349

[Music]
