PROFILE:

TOM DELONGE - PART 2.5

1
00:00:00,000 --> 00:00:12,310

[Music]

2
00:00:17,029 --> 00:00:14,470

it was basically a cube with inside of

3
00:00:22,000 --> 00:00:17,039

sphere where the points of the cube

4
00:00:35,190 --> 00:00:31,260

[Music]

5
00:00:36,790 --> 00:00:35,200

[Applause]

6
00:00:39,030 --> 00:00:36,800

so this isn't anything that just is

7
00:00:46,470 --> 00:00:39,040

limited to the united states it's a

8
00:00:51,350 --> 00:00:48,869

hi everyone and welcome back to that ufo

9
00:00:54,229 --> 00:00:51,360

podcast my name is andy and this is tom

10
00:00:55,830 --> 00:00:54,239

delong profile not an interview with tom

11
00:00:59,029 --> 00:00:55,840

delong i think what a few of these and

12
00:01:00,150 --> 00:00:59,039

now that i can say that in one interview

13
00:01:02,069 --> 00:01:00,160

yeah it's still not an interview with

14

00:01:03,110 --> 00:01:02,079

tom delong we would we would want that

15

00:01:05,750 --> 00:01:03,120

to happen

16

00:01:08,390 --> 00:01:05,760

um for for anyone commenting giving his

17

00:01:09,670 --> 00:01:08,400

abuse which we don't mind it's we still

18

00:01:11,830 --> 00:01:09,680

get the comments of this isn't an

19

00:01:13,510 --> 00:01:11,840

interview clickbait turned off you can

20

00:01:15,910 --> 00:01:13,520

turn off now if you expect an interview

21

00:01:18,870 --> 00:01:15,920

with tom delong this is the profile part

22

00:01:21,350 --> 00:01:18,880

2.5 not even the profile part 2. we're

23

00:01:23,270 --> 00:01:21,360

proper calling you here um

24

00:01:24,950 --> 00:01:23,280

this is your questions and thoughts on

25

00:01:27,190 --> 00:01:24,960

the last couple of parts that we've done

26
00:01:28,630 --> 00:01:27,200
ahead of us recording part three which

27
00:01:30,870 --> 00:01:28,640
may or may not be the final part we've

28
00:01:33,030 --> 00:01:30,880
not worked out yet but we'll see see how

29
00:01:34,469 --> 00:01:33,040
much more we've got to run um dan is

30
00:01:36,069 --> 00:01:34,479
with me for this as you've just heard

31
00:01:38,310 --> 00:01:36,079
dan welcome back

32
00:01:39,670 --> 00:01:38,320
thank you for having me um well i again

33
00:01:41,030 --> 00:01:39,680
i shouldn't say that we're just so used

34
00:01:43,030 --> 00:01:41,040
to it maybe you should be like hi this

35
00:01:44,550 --> 00:01:43,040
is andy and this is dad

36
00:01:46,069 --> 00:01:44,560
it feels like a long time since we

37
00:01:48,230 --> 00:01:46,079
recorded then it's been like five or six

38
00:01:49,830 --> 00:01:48,240

days and i always feel like ugh see if

39

00:01:51,670 --> 00:01:49,840

i'm not in that cycle of every couple of

40

00:01:53,910 --> 00:01:51,680

days doing something because i was away

41

00:01:55,670 --> 00:01:53,920

for a few days it totally throws me out

42

00:01:57,350 --> 00:01:55,680

oh we should wait let's pause there the

43

00:01:59,190 --> 00:01:57,360

listeners don't know that you celebrated

44

00:02:00,789 --> 00:01:59,200

your birthday this past weekend and

45

00:02:02,950 --> 00:02:00,799

that's why it's it's we're a little bit

46

00:02:05,429 --> 00:02:02,960

late yes but it was also a bit of a

47

00:02:07,670 --> 00:02:05,439

celebration for a stag new for you so

48

00:02:09,350 --> 00:02:07,680

happy birthday to

49

00:02:11,430 --> 00:02:09,360

bombard his emails with happy birthdays

50

00:02:13,110 --> 00:02:11,440

please oh yeah wait wait wait next year

51

00:02:14,949 --> 00:02:13,120

wait till next year um

52

00:02:16,309 --> 00:02:14,959

and uh yeah it was my friend stagger

53

00:02:17,830 --> 00:02:16,319

he's getting married soon as well so

54

00:02:20,150 --> 00:02:17,840

that was a lot of fun and it's taken me

55

00:02:21,430 --> 00:02:20,160

enough enough time to recover from it

56

00:02:23,270 --> 00:02:21,440

something good that happened in the

57

00:02:25,430 --> 00:02:23,280

meantime though and we're still a ways

58

00:02:27,350 --> 00:02:25,440

off our end of year charity fundraiser

59

00:02:29,589 --> 00:02:27,360

we've done it last end of last year dan

60

00:02:31,509 --> 00:02:29,599

came up with it was very successful um a

61

00:02:33,589 --> 00:02:31,519

couple of charities got some incredible

62

00:02:36,710 --> 00:02:33,599

donations from everyone that will still

63

00:02:38,470 --> 00:02:36,720

happen later on this year um however to

64

00:02:40,229 --> 00:02:38,480

kind of get that started we've we've had

65

00:02:42,070 --> 00:02:40,239

about the collaboration come up very

66

00:02:45,030 --> 00:02:42,080

quickly with a friend of mine who runs a

67

00:02:47,030 --> 00:02:45,040

small independent coffee shop a coffee

68

00:02:49,110 --> 00:02:47,040

business sorry in glasgow and it's

69

00:02:51,670 --> 00:02:49,120

called pure roasters if you're from the

70

00:02:54,630 --> 00:02:51,680

uk and scotland particularly that'll

71

00:02:56,390 --> 00:02:54,640

mean something to you um basically my

72

00:02:58,630 --> 00:02:56,400

friend robert and pure roasters the

73

00:03:01,110 --> 00:02:58,640

company has created a coffee called

74

00:03:03,270 --> 00:03:01,120

space cadet which again is a glasgow

75

00:03:05,190 --> 00:03:03,280

scottish kind of terminology and if

76

00:03:07,430 --> 00:03:05,200

you're in the uk it's right now it can

77

00:03:09,190 --> 00:03:07,440

only ship to the uk because of leaving

78

00:03:11,030 --> 00:03:09,200

the eu and a lot of other issues just

79

00:03:12,470 --> 00:03:11,040

now with with shipping stuff he's really

80

00:03:14,550 --> 00:03:12,480

sorry about that because so many of you

81

00:03:17,270 --> 00:03:14,560

got in touch so quickly but if you're in

82

00:03:20,550 --> 00:03:17,280

the uk you can get bags of space cadet

83

00:03:23,190 --> 00:03:20,560

coffee and with the code valiant thor

84

00:03:24,949 --> 00:03:23,200

you'll get 20 off

85

00:03:26,949 --> 00:03:24,959

dan and i don't make any money from this

86

00:03:29,030 --> 00:03:26,959

that was my deal with robert when i when

87

00:03:31,430 --> 00:03:29,040

i talked about doing the collaboration

88

00:03:33,509 --> 00:03:31,440

any cash that is that is made on our end

89

00:03:35,830 --> 00:03:33,519

we're getting like a small percentage of

90

00:03:37,990 --> 00:03:35,840

it is going to be banked for the charity

91

00:03:39,990 --> 00:03:38,000

fundraiser at the end of the year so if

92

00:03:41,509 --> 00:03:40,000

you like coffee at the link for it will

93

00:03:43,589 --> 00:03:41,519

be in the description you can click on

94

00:03:45,830 --> 00:03:43,599

that use the code valiant thor that'll

95

00:03:47,509 --> 00:03:45,840

be in the description as well and you

96

00:03:49,830 --> 00:03:47,519

can get yourself a lovely coffee support

97

00:03:51,830 --> 00:03:49,840

a local business but also support a

98

00:03:54,149 --> 00:03:51,840

charity as well just remember this is uk

99

00:03:56,149 --> 00:03:54,159

only so thank you very much folks if you

100

00:03:58,309 --> 00:03:56,159

want to buy someone you are outside of

101
00:03:59,830 --> 00:03:58,319
the uk find a friend in the uk and send

102
00:04:01,589 --> 00:03:59,840
them a bag of coffee get their address

103
00:04:03,429 --> 00:04:01,599
and buy it for them that would be really

104
00:04:06,229 --> 00:04:03,439
nice and again it all goes to charity as

105
00:04:08,710 --> 00:04:06,239
well um but listen on with tom delong

106
00:04:10,949 --> 00:04:08,720
profile part 2.5 this is your thoughts

107
00:04:12,949 --> 00:04:10,959
and questions based on a few shows now

108
00:04:15,270 --> 00:04:12,959
that we've done on tom delong and his

109
00:04:17,349 --> 00:04:15,280
involvement has history in the ufo

110
00:04:18,870 --> 00:04:17,359
subject um we're going to get straight

111
00:04:22,469 --> 00:04:18,880
into dan

112
00:04:24,390 --> 00:04:22,479
source mind 33 33 um why was knowing

113
00:04:25,590 --> 00:04:24,400

about greek gods such a big deal

114

00:04:27,830 --> 00:04:25,600

apparently this is something we have

115

00:04:30,390 --> 00:04:27,840

talked about a few times before diving

116

00:04:32,070 --> 00:04:30,400

through some of tom's old tweets and if

117

00:04:35,590 --> 00:04:32,080

you can let me bring up my favorite one

118

00:04:41,430 --> 00:04:37,670

atlantis yes

119

00:04:43,510 --> 00:04:41,440

tom's tom seven tweets mega thread on

120

00:04:46,070 --> 00:04:43,520

what if and then he goes on her rant

121

00:04:48,469 --> 00:04:46,080

about there was such a place as atlantis

122

00:04:50,710 --> 00:04:48,479

what if the stories are true and you

123

00:04:52,950 --> 00:04:50,720

know the mythology behind it and what if

124

00:04:54,469 --> 00:04:52,960

it was an advanced civilization and

125

00:04:57,270 --> 00:04:54,479

there was a cataclysm we'll get to that

126
00:04:59,350 --> 00:04:57,280
later on something happened atlantis

127
00:05:00,629 --> 00:04:59,360
went away slash underwater slash

128
00:05:03,029 --> 00:05:00,639
something else

129
00:05:05,430 --> 00:05:03,039
and it was a pretty interesting rolling

130
00:05:07,990 --> 00:05:05,440
tom thinking out loud not the first time

131
00:05:08,950 --> 00:05:08,000
tom's done it and in various different

132
00:05:10,710 --> 00:05:08,960
um

133
00:05:12,629 --> 00:05:10,720
modalities might be the wrong word uh

134
00:05:14,870 --> 00:05:12,639
platforms even uh various different

135
00:05:16,550 --> 00:05:14,880
platforms tom delong has talked about

136
00:05:18,150 --> 00:05:16,560
greek gods whether it was in the books

137
00:05:21,430 --> 00:05:18,160
whether it's been on podcast interviews

138
00:05:23,430 --> 00:05:21,440

tv interviews or in his tweets

139

00:05:25,430 --> 00:05:23,440

dan greek gods

140

00:05:27,110 --> 00:05:25,440

why does tom delong have have such a

141

00:05:28,070 --> 00:05:27,120

thing for this it'd be very easy for me

142

00:05:30,070 --> 00:05:28,080

to say

143

00:05:32,390 --> 00:05:30,080

who's told them that this is part of the

144

00:05:34,469 --> 00:05:32,400

the overall picture

145

00:05:36,550 --> 00:05:34,479

yeah i i wonder

146

00:05:38,790 --> 00:05:36,560

why specifically he he speaks about

147

00:05:41,189 --> 00:05:38,800

greek gods because there are obviously a

148

00:05:43,110 --> 00:05:41,199

lot more than that through history and

149

00:05:44,790 --> 00:05:43,120

they could all potentially represent the

150

00:05:46,710 --> 00:05:44,800

same kind of thing that he's hinting

151
00:05:48,070 --> 00:05:46,720
that the greek gods represent which is

152
00:05:51,749 --> 00:05:48,080
basically

153
00:05:53,670 --> 00:05:51,759
beings that are other to us who have a

154
00:05:55,990 --> 00:05:53,680
technology that makes them appear

155
00:05:57,270 --> 00:05:56,000
god-like to us and we worship and they

156
00:06:00,150 --> 00:05:57,280
manipulate us

157
00:06:04,309 --> 00:06:00,160
basically um the the next book in the

158
00:06:06,790 --> 00:06:04,319
series war i think it's gonna be um

159
00:06:09,749 --> 00:06:06,800
i i imagine that's going to talk about

160
00:06:10,870 --> 00:06:09,759
the influence of these gods on war and

161
00:06:12,469 --> 00:06:10,880
you know if we go back we know that

162
00:06:15,270 --> 00:06:12,479
there were blood sacrifices and things

163
00:06:16,390 --> 00:06:15,280

like that and or all of them two gods

164

00:06:18,950 --> 00:06:16,400

that

165

00:06:21,270 --> 00:06:18,960

were debatably real i guess depending on

166

00:06:22,710 --> 00:06:21,280

your you know your beliefs in life

167

00:06:24,550 --> 00:06:22,720

and yeah

168

00:06:26,469 --> 00:06:24,560

his whole point is that they are real

169

00:06:27,270 --> 00:06:26,479

beings influencing us

170

00:06:30,870 --> 00:06:27,280

for

171

00:06:32,550 --> 00:06:30,880

the way i thought of this and at the

172

00:06:34,870 --> 00:06:32,560

time i might even text you from the

173

00:06:37,110 --> 00:06:34,880

cinema was watching the eternal

174

00:06:38,790 --> 00:06:37,120

and spoilers skipped 30 seconds it's

175

00:06:40,710 --> 00:06:38,800

just a little plot point but i think

176

00:06:43,029 --> 00:06:40,720

people see this in the trailer anyway

177

00:06:45,510 --> 00:06:43,039

that these these superheroes

178

00:06:47,590 --> 00:06:45,520

are basically the gods that have been

179

00:06:49,430 --> 00:06:47,600

around through time and immemorial and

180

00:06:51,029 --> 00:06:49,440

they've seen the wars and they've seen

181

00:06:53,430 --> 00:06:51,039

civilizations be built up and they've

182

00:06:55,990 --> 00:06:53,440

had these kind of small parts to play

183

00:06:58,150 --> 00:06:56,000

here and there on on our advancement or

184

00:07:00,309 --> 00:06:58,160

potentially lack thereof at times and

185

00:07:02,629 --> 00:07:00,319

that made me think a little bit about is

186

00:07:04,390 --> 00:07:02,639

that the idea of kind of what happened

187

00:07:06,870 --> 00:07:04,400

and it goes back to that chariots of the

188

00:07:08,309 --> 00:07:06,880

gods doesn't it and who built the

189

00:07:10,390 --> 00:07:08,319

pyramids and

190

00:07:12,790 --> 00:07:10,400

you know flying chariots in the sky

191

00:07:14,230 --> 00:07:12,800

flying shields that the romans reported

192

00:07:15,749 --> 00:07:14,240

you know it's just just a name for

193

00:07:18,230 --> 00:07:15,759

something that like you say is that

194

00:07:21,270 --> 00:07:18,240

other that non-human intelligence that

195

00:07:22,790 --> 00:07:21,280

being that isn't necessarily human

196

00:07:25,589 --> 00:07:22,800

and i think it's fair to say that

197

00:07:27,510 --> 00:07:25,599

through his connections and sources

198

00:07:29,990 --> 00:07:27,520

tom has been told some lies and he's no

199

00:07:31,749 --> 00:07:30,000

doubt been told some mistruths mistress

200

00:07:33,749 --> 00:07:31,759

and he's probably done that thing we

201

00:07:36,070 --> 00:07:33,759

talked about um with cut joy mongol

202

00:07:37,909 --> 00:07:36,080

didn't we about the tom's got a jigsaw

203

00:07:39,749 --> 00:07:37,919

and he's got he is about to say your

204

00:07:42,469 --> 00:07:39,759

jigsaw analogy comes in like he could

205

00:07:44,710 --> 00:07:42,479

have a few bad pieces in there right 100

206

00:07:48,469 --> 00:07:44,720

yeah my analogy initially was tom's got

207

00:07:49,749 --> 00:07:48,479

a 1 000 piece jigsaw with 700 pieces but

208

00:07:51,589 --> 00:07:49,759

like you say

209

00:07:52,950 --> 00:07:51,599

maybe it's not 300 pieces missing maybe

210

00:07:54,869 --> 00:07:52,960

he's got a few more pieces but of a

211

00:07:56,469 --> 00:07:54,879

different jigsaw and it's deliberately

212

00:07:59,350 --> 00:07:56,479

put in there to throw him off completing

213

00:08:02,230 --> 00:07:59,360

his big picture and and that's where

214

00:08:04,469 --> 00:08:02,240

maybe tom's mind isn't as controlled and

215

00:08:05,990 --> 00:08:04,479

delicate as many of the other people

216

00:08:08,469 --> 00:08:06,000

that come out in the subject over the

217

00:08:10,150 --> 00:08:08,479

years or any other you know big subjects

218

00:08:11,110 --> 00:08:10,160

some of the great thinkers who would

219

00:08:13,909 --> 00:08:11,120

take

220

00:08:15,909 --> 00:08:13,919

time and have a poison composure when

221

00:08:18,390 --> 00:08:15,919

they're thinking about a subject

222

00:08:20,950 --> 00:08:18,400

tom will sit on rogan

223

00:08:24,150 --> 00:08:20,960

or if he was ever on like a 60 minutes

224

00:08:25,749 --> 00:08:24,160

you know or any interview and just talk

225

00:08:27,110 --> 00:08:25,759

because he wants to tell you his story

226

00:08:28,469 --> 00:08:27,120

and tell you what you know i was

227

00:08:30,629 --> 00:08:28,479

probably going back to when we talked

228

00:08:32,630 --> 00:08:30,639

about those jimmy church interviews and

229

00:08:34,230 --> 00:08:32,640

he just goes for it and he has those

230

00:08:35,589 --> 00:08:34,240

moments of i can't say this i can't say

231

00:08:36,469 --> 00:08:35,599

this i can't say this and then other

232

00:08:38,790 --> 00:08:36,479

times

233

00:08:40,550 --> 00:08:38,800

blah blah blah and you're like wow

234

00:08:42,389 --> 00:08:40,560

and like you say he's no doubt had his

235

00:08:43,990 --> 00:08:42,399

hands slapped at times but i don't doubt

236

00:08:45,430 --> 00:08:44,000

some of the things he said

237

00:08:48,070 --> 00:08:45,440

it's just trying to pick out the truth

238

00:08:49,750 --> 00:08:48,080

and amongst the the fantasy or the the

239

00:08:51,590 --> 00:08:49,760

kind of misinfo if you want to call it

240

00:08:54,389 --> 00:08:51,600

that he might have been given yeah

241

00:08:55,829 --> 00:08:54,399

absolutely yeah i wonder if the secret

242

00:08:58,310 --> 00:08:55,839

machines books because they are said to

243

00:09:00,949 --> 00:08:58,320

contain truth mixed with you know uh

244

00:09:03,430 --> 00:09:00,959

fabrication or fiction um

245

00:09:06,470 --> 00:09:03,440

i wonder if

246

00:09:08,790 --> 00:09:06,480

they they are what they are because tom

247

00:09:10,630 --> 00:09:08,800

actually can't discern the the two

248

00:09:12,550 --> 00:09:10,640

different things from in what he's been

249

00:09:13,990 --> 00:09:12,560

told by people so he's just kind of

250

00:09:15,350 --> 00:09:14,000

repeating everything that he's been told

251
00:09:17,430 --> 00:09:15,360
in the hope that you know the rest of us

252
00:09:18,630 --> 00:09:17,440
can kind of help crowdsource what's real

253
00:09:20,389 --> 00:09:18,640
in it

254
00:09:23,670 --> 00:09:20,399
it makes me think you know nick pope

255
00:09:25,350 --> 00:09:23,680
wrote to um fiction books um weight

256
00:09:26,630 --> 00:09:25,360
fiction non-fiction i always get these

257
00:09:27,750 --> 00:09:26,640
mixed up and i've done advanced higher

258
00:09:29,590 --> 00:09:27,760
english

259
00:09:31,030 --> 00:09:29,600
non-fiction's non-fact isn't it which

260
00:09:31,829 --> 00:09:31,040
means it's fake

261
00:09:35,750 --> 00:09:31,839
yeah

262
00:09:38,070 --> 00:09:35,760
pope brought two non-fiction books

263
00:09:39,430 --> 00:09:38,080

operation thunderchild and operation

264

00:09:41,350 --> 00:09:39,440

lightning strike i think i've got them

265

00:09:43,110 --> 00:09:41,360

somewhere in here and

266

00:09:45,350 --> 00:09:43,120

take what you think of nick pope and

267

00:09:47,750 --> 00:09:45,360

anything away i i really enjoy them as

268

00:09:49,670 --> 00:09:47,760

being sort of independence day like

269

00:09:51,430 --> 00:09:49,680

books and quite interesting takes on

270

00:09:52,310 --> 00:09:51,440

potential alien invasion and what would

271

00:09:54,870 --> 00:09:52,320

happen

272

00:09:56,710 --> 00:09:54,880

and you think if someone like

273

00:09:58,310 --> 00:09:56,720

louis lazonda or chris mellon wanted to

274

00:09:59,829 --> 00:09:58,320

write a book

275

00:10:00,949 --> 00:09:59,839

obviously we know about lewisburg coming

276

00:10:03,430 --> 00:10:00,959

out and it's got to go through a strict

277

00:10:04,870 --> 00:10:03,440

vetting process and same as skin walkers

278

00:10:06,389 --> 00:10:04,880

at the pentagon and other books like

279

00:10:08,150 --> 00:10:06,399

that

280

00:10:10,470 --> 00:10:08,160

they could easily write a non-fiction

281

00:10:12,550 --> 00:10:10,480

book couldn't they and just put a lot of

282

00:10:14,949 --> 00:10:12,560

truth within it but if you put it in the

283

00:10:16,389 --> 00:10:14,959

backdrop of a real alien invasion with

284

00:10:18,389 --> 00:10:16,399

aliens coming through wormholes from

285

00:10:20,310 --> 00:10:18,399

other planets to fighters

286

00:10:22,389 --> 00:10:20,320

you could just hide all that truth in

287

00:10:23,990 --> 00:10:22,399

there but that

288

00:10:25,750 --> 00:10:24,000

that then you start to pick apart is

289

00:10:27,829 --> 00:10:25,760

that bit true is that but true are they

290

00:10:29,430 --> 00:10:27,839

coming from this galaxy are they using

291

00:10:31,990 --> 00:10:29,440

wormholes you know

292

00:10:33,750 --> 00:10:32,000

all that kind of stuff but um but yeah

293

00:10:35,990 --> 00:10:33,760

it's really interesting just to

294

00:10:37,750 --> 00:10:36,000

establish here fiction is the untrue

295

00:10:39,350 --> 00:10:37,760

stuff

296

00:10:41,509 --> 00:10:39,360

okay so fiction is

297

00:10:43,350 --> 00:10:41,519

okay so yeah not non-fake would be the

298

00:10:45,110 --> 00:10:43,360

correct way to put it okay cool thank

299

00:10:46,790 --> 00:10:45,120

you for checking that yeah

300

00:10:48,069 --> 00:10:46,800

folks i don't advance higher english at

301

00:10:49,269 --> 00:10:48,079

school it's just one of those things

302

00:10:51,269 --> 00:10:49,279

that when you think about too much you

303

00:10:52,310 --> 00:10:51,279

trip over that's all yeah at 36 it's

304

00:10:54,470 --> 00:10:52,320

just one of those things that goes out

305

00:10:57,110 --> 00:10:54,480

my head but yeah um so yeah thanks for

306

00:10:58,949 --> 00:10:57,120

the question good good start um gnosis

307

00:11:00,550 --> 00:10:58,959

who is a big help out on the discord

308

00:11:02,069 --> 00:11:00,560

channel which has been very very busy

309

00:11:03,590 --> 00:11:02,079

very active recently as well and and

310

00:11:05,829 --> 00:11:03,600

gnosis is going to appreciate that you

311

00:11:07,670 --> 00:11:05,839

dropped the g there as well i did drop

312

00:11:10,150 --> 00:11:07,680

the g i think i'm going to meet gnosis

313

00:11:11,590 --> 00:11:10,160

for a coffee sometime soon as well so if

314

00:11:12,790 --> 00:11:11,600

anyone's in the canada northeast of

315

00:11:14,230 --> 00:11:12,800

england

316

00:11:16,310 --> 00:11:14,240

hit us up and might have a little kind

317

00:11:18,870 --> 00:11:16,320

of impromptu meet up in a in a coffee

318

00:11:20,870 --> 00:11:18,880

shop somewhere um and more information

319

00:11:23,750 --> 00:11:20,880

on meetups coming very very soon

320

00:11:26,550 --> 00:11:23,760

hopefully um is anyone in blackpool end

321

00:11:28,550 --> 00:11:26,560

of june but anyway we'll get to that um

322

00:11:30,710 --> 00:11:28,560

gnosis says if we are to trust that the

323

00:11:32,949 --> 00:11:30,720

ttsa members were honest in their

324

00:11:34,550 --> 00:11:32,959

original list of endeavors then what do

325

00:11:36,069 --> 00:11:34,560

you think gave them the confidence to

326

00:11:37,910 --> 00:11:36,079

believe they could achieve these goals

327

00:11:39,990 --> 00:11:37,920

and use 50 million dollars worth of

328

00:11:42,790 --> 00:11:40,000

public money to do it looking at the

329

00:11:44,470 --> 00:11:42,800

same people in 2022 nothing so bold is

330

00:11:46,470 --> 00:11:44,480

now stated and nobody is trying to

331

00:11:47,910 --> 00:11:46,480

launch such grand endeavors was there

332

00:11:49,990 --> 00:11:47,920

something we still don't know or

333

00:11:51,750 --> 00:11:50,000

something the tsa members expected to

334

00:11:53,829 --> 00:11:51,760

happen that didn't

335

00:11:56,870 --> 00:11:53,839

the financial side of things with tsa

336

00:11:59,670 --> 00:11:56,880

was always muddy waters and

337

00:12:01,590 --> 00:11:59,680

i i would hasten to say that i i don't

338

00:12:03,350 --> 00:12:01,600

doubt even the people involved

339

00:12:05,110 --> 00:12:03,360

the financial side of it was probably

340

00:12:06,870 --> 00:12:05,120

muddy waters for them too

341

00:12:08,629 --> 00:12:06,880

plenty of you who got in touch with with

342

00:12:10,310 --> 00:12:08,639

myself and dan for this

343

00:12:12,069 --> 00:12:10,320

told us and one of you actually i'll

344

00:12:13,590 --> 00:12:12,079

read the comments and mentions how it

345

00:12:17,829 --> 00:12:13,600

was money well spent

346

00:12:19,990 --> 00:12:17,839

um dan you invested in ttsa i did yeah

347

00:12:21,509 --> 00:12:20,000

um i i feel

348

00:12:23,750 --> 00:12:21,519

that i can talk about it because i did i

349

00:12:25,350 --> 00:12:23,760

put my own money into it it was a i got

350

00:12:27,750 --> 00:12:25,360

a bonus in work and i thought yeah i'm

351

00:12:29,590 --> 00:12:27,760

gonna support the cause

352

00:12:31,590 --> 00:12:29,600

i will say that at no point did i ever

353

00:12:34,069 --> 00:12:31,600

expect them to make a spaceship that was

354

00:12:36,230 --> 00:12:34,079

one of those you know in a perfect world

355

00:12:37,829 --> 00:12:36,240

if they got the defense funding and they

356

00:12:39,430 --> 00:12:37,839

would need that kind of proper defense

357

00:12:42,230 --> 00:12:39,440

funding because that's how much it would

358

00:12:43,590 --> 00:12:42,240

cost to develop these that kind of thing

359

00:12:46,150 --> 00:12:43,600

you know you're not going to develop a

360

00:12:47,269 --> 00:12:46,160

revolutionary anti-gravity craft for 50

361

00:12:50,150 --> 00:12:47,279

million

362

00:12:52,230 --> 00:12:50,160

but in terms of maybe inspiring people

363

00:12:53,590 --> 00:12:52,240

who are going to possibly invent those

364

00:12:56,389 --> 00:12:53,600

things in the future or going to

365

00:12:57,910 --> 00:12:56,399

research them or you know just start

366

00:12:59,990 --> 00:12:57,920

investigating that paradigm shift that's

367

00:13:01,670 --> 00:13:00,000

coming that we're not alone

368

00:13:04,069 --> 00:13:01,680

i i think i would argue that it's money

369

00:13:06,389 --> 00:13:04,079

well spent and i was happy with my money

370

00:13:07,829 --> 00:13:06,399

being you know gone into that okay let

371

00:13:09,670 --> 00:13:07,839

me ask you because i looked at i

372

00:13:12,310 --> 00:13:09,680

remember at the time talking about it as

373

00:13:14,710 --> 00:13:12,320

well a few times that i

374

00:13:16,710 --> 00:13:14,720

came close several times to investing

375

00:13:18,230 --> 00:13:16,720

again the minimum amount i don't have

376

00:13:20,389 --> 00:13:18,240

and still don't have that kind of cash

377

00:13:22,069 --> 00:13:20,399

that i could just throw away on on lots

378

00:13:24,389 --> 00:13:22,079

of different investments but it was

379

00:13:26,550 --> 00:13:24,399

something i was really interested in

380

00:13:27,990 --> 00:13:26,560

why did you as someone with money to

381

00:13:29,430 --> 00:13:28,000

invest

382

00:13:31,030 --> 00:13:29,440

and it's it's almost a vote of

383

00:13:32,629 --> 00:13:31,040

confidence because you're not expecting

384

00:13:34,870 --> 00:13:32,639

to get anything really in return that

385

00:13:37,430 --> 00:13:34,880

wasn't that kind of investment what what

386

00:13:39,829 --> 00:13:37,440

made you look at the the anti-grav

387

00:13:41,590 --> 00:13:39,839

spacecraft and think well that's

388

00:13:43,509 --> 00:13:41,600

nonsense i'm not going to do that but

389

00:13:45,110 --> 00:13:43,519

i'll give them the money anyway because

390

00:13:47,189 --> 00:13:45,120

i think for a lot of people they they

391

00:13:48,710 --> 00:13:47,199

probably saw that and thought wow

392

00:13:50,790 --> 00:13:48,720

wouldn't that be amazing because i'm not

393

00:13:52,629 --> 00:13:50,800

going to lie as incredible

394

00:13:55,189 --> 00:13:52,639

acclaim as it was

395

00:13:58,470 --> 00:13:55,199

i i sort of bet on that for a while love

396

00:14:01,030 --> 00:13:58,480

they they've got this really incredible

397

00:14:03,829 --> 00:14:01,040

team of people here you know help of jim

398

00:14:07,350 --> 00:14:03,839

simova and all those guys steve justice

399

00:14:08,310 --> 00:14:07,360

and if you had lou and chris into that

400

00:14:10,389 --> 00:14:08,320

and

401
00:14:12,629 --> 00:14:10,399
sorry lu lila's undone chris melon seen

402
00:14:14,389 --> 00:14:12,639
as if i know them personally um you know

403
00:14:17,590 --> 00:14:14,399
that

404
00:14:19,269 --> 00:14:17,600
it why couldn't they because look at the

405
00:14:20,790 --> 00:14:19,279
team they've assembled

406
00:14:22,949 --> 00:14:20,800
you know very much avengers assemble

407
00:14:25,189 --> 00:14:22,959
type scenario

408
00:14:27,430 --> 00:14:25,199
did you not at any point think i'm not

409
00:14:29,590 --> 00:14:27,440
going to give them the cash because

410
00:14:31,269 --> 00:14:29,600
it seems like too much of a leap and i

411
00:14:33,269 --> 00:14:31,279
mean potentially you could use the word

412
00:14:34,550 --> 00:14:33,279
con

413
00:14:36,470 --> 00:14:34,560

yeah i mean that that's been thrown

414

00:14:38,310 --> 00:14:36,480

around hasn't it um

415

00:14:40,150 --> 00:14:38,320

it it really comes down to the fact that

416

00:14:42,310 --> 00:14:40,160

i was a fan of tom's work for a long

417

00:14:44,870 --> 00:14:42,320

time so it's not like tom came out of

418

00:14:46,949 --> 00:14:44,880

the blue asking for these things i i was

419

00:14:48,470 --> 00:14:46,959

used to tom say big things coming soon

420

00:14:49,509 --> 00:14:48,480

and these things never materialized and

421

00:14:51,750 --> 00:14:49,519

it happened with several blink

422

00:14:52,790 --> 00:14:51,760

documentaries along the way and various

423

00:14:53,910 --> 00:14:52,800

other things

424

00:14:55,990 --> 00:14:53,920

so

425

00:14:57,829 --> 00:14:56,000

yeah when it comes to tom's big ideas i

426

00:15:00,550 --> 00:14:57,839

often take them with a pinch of salt but

427

00:15:02,069 --> 00:15:00,560

in terms of supporting him to spread the

428

00:15:03,509 --> 00:15:02,079

uap message

429

00:15:05,590 --> 00:15:03,519

you know

430

00:15:07,670 --> 00:15:05,600

i i essentially paid the price of stocks

431

00:15:09,670 --> 00:15:07,680

for us legislation like that's pretty

432

00:15:11,110 --> 00:15:09,680

that's pretty cool uh yeah

433

00:15:13,030 --> 00:15:11,120

not that it went directly to that but

434

00:15:14,470 --> 00:15:13,040

you know the dominoes fell and now

435

00:15:16,150 --> 00:15:14,480

that's where we are

436

00:15:18,069 --> 00:15:16,160

yeah and i think it's fair to say that

437

00:15:20,310 --> 00:15:18,079

the the money

438

00:15:22,550 --> 00:15:20,320

went to various different aspects of the

439

00:15:24,230 --> 00:15:22,560

organization because tsa

440

00:15:27,189 --> 00:15:24,240

is still there as an entertainment

441

00:15:29,509 --> 00:15:27,199

company which obviously was something

442

00:15:31,430 --> 00:15:29,519

several members left because of

443

00:15:35,509 --> 00:15:31,440

and they've got the movie monsters in

444

00:15:37,590 --> 00:15:35,519

california supposedly coming soon it's a

445

00:15:40,470 --> 00:15:37,600

slightly different company so what's

446

00:15:42,949 --> 00:15:40,480

left is uh to the stars

447

00:15:44,870 --> 00:15:42,959

which is just the entertainment side of

448

00:15:47,030 --> 00:15:44,880

yeah and then tsa was a separate thing

449

00:15:49,269 --> 00:15:47,040

but that's pretty much gone now and to

450

00:15:52,069 --> 00:15:49,279

the stars has a

451
00:15:53,990 --> 00:15:52,079
scientific advisory board which

452
00:15:55,670 --> 00:15:54,000
that's said to have you know help itself

453
00:15:57,670 --> 00:15:55,680
kind of sat on

454
00:16:00,949 --> 00:15:57,680
which is the same as

455
00:16:02,790 --> 00:16:00,959
essentially nick pope giving advice to

456
00:16:05,670 --> 00:16:02,800
the the creators of science or

457
00:16:07,749 --> 00:16:05,680
independence day or arrival because he

458
00:16:09,430 --> 00:16:07,759
is seen as an expert in any field so we

459
00:16:11,590 --> 00:16:09,440
will contact you about

460
00:16:12,470 --> 00:16:11,600
you know any alien stuff that comes up

461
00:16:14,389 --> 00:16:12,480
but

462
00:16:16,629 --> 00:16:14,399
to the stars still plans on telling

463
00:16:17,670 --> 00:16:16,639

these stories like tom said that aspect

464

00:16:19,829 --> 00:16:17,680

of the whole thing has never really

465

00:16:21,430 --> 00:16:19,839

changed but like you say they've never

466

00:16:23,590 --> 00:16:21,440

gone back out and let's be fair i don't

467

00:16:25,749 --> 00:16:23,600

think given what happened with the

468

00:16:27,430 --> 00:16:25,759

company and the way things sort of ended

469

00:16:28,949 --> 00:16:27,440

they could in good faith go out and ask

470

00:16:30,790 --> 00:16:28,959

for money because i don't think they

471

00:16:32,710 --> 00:16:30,800

would get anywhere near the same take-up

472

00:16:34,870 --> 00:16:32,720

as they they got in those those early

473

00:16:36,629 --> 00:16:34,880

days i think that time's coming gone for

474

00:16:38,710 --> 00:16:36,639

them

475

00:16:40,310 --> 00:16:38,720

what happened in the background

476

00:16:42,790 --> 00:16:40,320

is that something that comes out in in

477

00:16:44,629 --> 00:16:42,800

lew's book probably not is it something

478

00:16:46,470 --> 00:16:44,639

that comes out down the line maybe we

479

00:16:48,629 --> 00:16:46,480

don't know but there was more people

480

00:16:51,189 --> 00:16:48,639

involved than just that that cast of

481

00:16:53,590 --> 00:16:51,199

characters we saw on unidentified there

482

00:16:55,189 --> 00:16:53,600

was a lot more people involved with tsa

483

00:16:57,749 --> 00:16:55,199

in the background and that's probably

484

00:16:59,350 --> 00:16:57,759

where things get muddy in murky and

485

00:17:01,430 --> 00:16:59,360

there's people you don't know because

486

00:17:03,590 --> 00:17:01,440

they were still running a company

487

00:17:05,829 --> 00:17:03,600

the people that we saw on that tv show

488

00:17:08,230 --> 00:17:05,839

weren't all sitting running this company

489

00:17:09,669 --> 00:17:08,240

and you know on a day-to-day basis so

490

00:17:12,230 --> 00:17:09,679

that's something that if it comes out it

491

00:17:14,789 --> 00:17:12,240

comes out but we'll see down the line

492

00:17:16,309 --> 00:17:14,799

um paul henderson to the stars academy

493

00:17:19,429 --> 00:17:16,319

definitely got the ball rolling and

494

00:17:21,029 --> 00:17:19,439

tommed along in my opinion as pivotal um

495

00:17:22,710 --> 00:17:21,039

i'd like to know that if that ufo

496

00:17:24,069 --> 00:17:22,720

podcast will ever get to interview him

497

00:17:26,309 --> 00:17:24,079

as i think we could ask some really good

498

00:17:28,230 --> 00:17:26,319

questions um surely luke can put in a

499

00:17:30,830 --> 00:17:28,240

good word for us so keep up the great

500

00:17:31,990 --> 00:17:30,840

work thank you um

501
00:17:34,310 --> 00:17:32,000
um i

502
00:17:35,430 --> 00:17:34,320
i don't think lou is like friends with

503
00:17:37,110 --> 00:17:35,440
tom delong i don't think he's ever

504
00:17:38,549 --> 00:17:37,120
claimed to be um i mean they were

505
00:17:40,470 --> 00:17:38,559
colleagues weren't they uh they you know

506
00:17:42,390 --> 00:17:40,480
yeah endeavour together and that that

507
00:17:44,870 --> 00:17:42,400
time come and when i wouldn't you know i

508
00:17:46,470 --> 00:17:44,880
wouldn't bet on them being besties yeah

509
00:17:47,590 --> 00:17:46,480
maybe if it maybe if the company was

510
00:17:49,830 --> 00:17:47,600
still together or they were still

511
00:17:51,270 --> 00:17:49,840
working together like then i would i

512
00:17:53,909 --> 00:17:51,280
would love anyone who knew tom delong

513
00:17:55,909 --> 00:17:53,919

that's something like i'll say recently

514

00:17:58,070 --> 00:17:55,919

dan didn't we we did reach out through a

515

00:18:01,029 --> 00:17:58,080

few different avenues and you know we

516

00:18:03,110 --> 00:18:01,039

got nothing back and i've also had a if

517

00:18:04,549 --> 00:18:03,120

there's interest we will reply but you

518

00:18:06,549 --> 00:18:04,559

get that for a lot of different guests

519

00:18:08,710 --> 00:18:06,559

so unfortunately it's just not one of

520

00:18:11,270 --> 00:18:08,720

those things at the minute we'll be able

521

00:18:13,110 --> 00:18:11,280

to to get tom on and there was a whole

522

00:18:14,630 --> 00:18:13,120

delay as well tom was meant to be coming

523

00:18:16,390 --> 00:18:14,640

over to the uk with angels and airwaves

524

00:18:17,990 --> 00:18:16,400

as part of the european tour and that

525

00:18:19,190 --> 00:18:18,000

was cancelled due to covid so there

526

00:18:21,029 --> 00:18:19,200

might have been a whole load of

527

00:18:23,190 --> 00:18:21,039

publicity that was being sure that we

528

00:18:26,150 --> 00:18:23,200

might have got in on

529

00:18:28,549 --> 00:18:26,160

my my best hope for getting tom delong

530

00:18:30,710 --> 00:18:28,559

on the podcast this calendar year would

531

00:18:33,909 --> 00:18:30,720

be if monsters in california gets a

532

00:18:35,990 --> 00:18:33,919

press tour then i'm sure tom delonge

533

00:18:37,990 --> 00:18:36,000

will have no shame and there's no harm

534

00:18:40,230 --> 00:18:38,000

in this either in reaching out to the

535

00:18:42,470 --> 00:18:40,240

ufo and paranormal podcasts around the

536

00:18:44,070 --> 00:18:42,480

world to ask for some advertising and

537

00:18:45,830 --> 00:18:44,080

promotion and would you know what i

538

00:18:46,710 --> 00:18:45,840

would take him up on that for the

539

00:18:49,909 --> 00:18:46,720

for the

540

00:18:51,669 --> 00:18:49,919

let's hope that comes around but thank

541

00:18:54,150 --> 00:18:51,679

you paul um

542

00:18:55,909 --> 00:18:54,160

alex says i think tsa helped change the

543

00:18:57,909 --> 00:18:55,919

uap conversation and take it to the

544

00:19:00,310 --> 00:18:57,919

mainstream in a more credible way

545

00:19:02,310 --> 00:19:00,320

unidentified was a fat was a fantastic

546

00:19:04,630 --> 00:19:02,320

way to reboot a subject that had become

547

00:19:06,390 --> 00:19:04,640

tired and cliché i know low now

548

00:19:08,150 --> 00:19:06,400

denounces ufo attainment but this is

549

00:19:10,470 --> 00:19:08,160

this show that entertain as well as

550

00:19:12,789 --> 00:19:10,480

inform all the bell bringing the subject

551
00:19:14,950 --> 00:19:12,799
uh more to the open tom is instrumental

552
00:19:16,549 --> 00:19:14,960
in bringing that all together

553
00:19:18,470 --> 00:19:16,559
it's hard to balance entertainment and

554
00:19:20,070 --> 00:19:18,480
educational values of our production but

555
00:19:22,310 --> 00:19:20,080
it can be done i like to think we try

556
00:19:24,230 --> 00:19:22,320
and do that as well to be fair

557
00:19:26,470 --> 00:19:24,240
in fact we need much more of it to

558
00:19:28,470 --> 00:19:26,480
educate an uninformed public then we

559
00:19:31,270 --> 00:19:28,480
might see more activism and pressure on

560
00:19:32,630 --> 00:19:31,280
elected officials yeah good point alex

561
00:19:34,789 --> 00:19:32,640
um

562
00:19:35,510 --> 00:19:34,799
there is that balance of entertainment

563
00:19:40,310 --> 00:19:35,520

and

564

00:19:41,990 --> 00:19:40,320

could be really dry dan we're getting to

565

00:19:42,870 --> 00:19:42,000

the two-year point now the podcast if

566

00:19:45,029 --> 00:19:42,880

every

567

00:19:47,110 --> 00:19:45,039

single thing was the same and monotoned

568

00:19:48,390 --> 00:19:47,120

and almost like a newscast but i get

569

00:19:50,070 --> 00:19:48,400

those people listening to this to take

570

00:19:51,830 --> 00:19:50,080

away information there's people

571

00:19:54,070 --> 00:19:51,840

listening to these shows particularly

572

00:19:56,070 --> 00:19:54,080

for that debate and to hear our thoughts

573

00:19:57,830 --> 00:19:56,080

on things and there are people who just

574

00:19:59,830 --> 00:19:57,840

listen to this subject like like i

575

00:20:01,590 --> 00:19:59,840

listen to various other subjects just

576

00:20:03,990 --> 00:20:01,600

for the for the entertainment aspect of

577

00:20:06,070 --> 00:20:04,000

it and an escape and a release and as

578

00:20:06,789 --> 00:20:06,080

things pick up maybe get more involved

579

00:20:08,549 --> 00:20:06,799

but

580

00:20:10,070 --> 00:20:08,559

that's just the nature of this subject

581

00:20:11,750 --> 00:20:10,080

and kind of where we're at with it and

582

00:20:13,909 --> 00:20:11,760

there's no harm in people taking any of

583

00:20:15,669 --> 00:20:13,919

those things away from from any content

584

00:20:18,310 --> 00:20:15,679

they're consuming in this topic i've

585

00:20:19,750 --> 00:20:18,320

said before i've got my proper guilty

586

00:20:22,230 --> 00:20:19,760

pleasures when it comes to the ufo

587

00:20:25,110 --> 00:20:22,240

subject i still want to do my antarctica

588

00:20:27,270 --> 00:20:25,120

episode or show i really want to do that

589

00:20:29,430 --> 00:20:27,280

um you've got the whole dark side of the

590

00:20:30,870 --> 00:20:29,440

moon stuff which is really interesting

591

00:20:33,750 --> 00:20:30,880

i've said in the past that i used to

592

00:20:35,029 --> 00:20:33,760

listen to things like um oh android e

593

00:20:38,070 --> 00:20:35,039

basiago

594

00:20:40,630 --> 00:20:38,080

who has given some fantastically long

595

00:20:43,909 --> 00:20:40,640

youtube talks he did in the past on

596

00:20:45,510 --> 00:20:43,919

apparently being a a like a not a jumper

597

00:20:47,830 --> 00:20:45,520

but he could teleport to mars with the

598

00:20:49,590 --> 00:20:47,840

us government basically and he claimed

599

00:20:50,470 --> 00:20:49,600

to know obama who could do the same

600

00:20:53,190 --> 00:20:50,480

thing

601
00:20:55,350 --> 00:20:53,200
president barack obama that is um

602
00:20:57,510 --> 00:20:55,360
and you know what it's a fantastic story

603
00:20:59,590 --> 00:20:57,520
to listen to he's very engaging and

604
00:21:02,470 --> 00:20:59,600
engrossing but for me that's where it

605
00:21:03,990 --> 00:21:02,480
stopped i never truly believed that mr

606
00:21:04,789 --> 00:21:04,000
andrew de basiago if you want to look

607
00:21:06,630 --> 00:21:04,799
him up

608
00:21:08,310 --> 00:21:06,640
had actually done those things but it

609
00:21:10,070 --> 00:21:08,320
was always that one percent in the back

610
00:21:12,310 --> 00:21:10,080
of my head that made me go

611
00:21:13,190 --> 00:21:12,320
yeah but imagine he had

612
00:21:16,630 --> 00:21:13,200
like

613
00:21:17,990 --> 00:21:16,640

that would be incredible um and that one

614

00:21:20,149 --> 00:21:18,000

percent down i'm sure when you invested

615

00:21:22,630 --> 00:21:20,159

your money into tsa but what if they

616

00:21:24,950 --> 00:21:22,640

did create an anti-gravity spacecraft

617

00:21:27,029 --> 00:21:24,960

and some of my money went towards the

618

00:21:28,470 --> 00:21:27,039

payment i mean if if they'd have done

619

00:21:29,990 --> 00:21:28,480

that i would have been over the moon

620

00:21:32,470 --> 00:21:30,000

because i invested on the ground floor

621

00:21:33,669 --> 00:21:32,480

of boeing essentially but that was never

622

00:21:35,510 --> 00:21:33,679

really

623

00:21:36,870 --> 00:21:35,520

on the table for me

624

00:21:38,310 --> 00:21:36,880

and and you could have literally been

625

00:21:40,390 --> 00:21:38,320

over the moon with an anti-gravity

626

00:21:43,350 --> 00:21:40,400

spacecraft so yeah i had to get that in

627

00:21:45,190 --> 00:21:43,360

there um louise says tsa will forever

628

00:21:47,669 --> 00:21:45,200

hold a place in history it was the spark

629

00:21:49,430 --> 00:21:47,679

that started the fire actually tom was a

630

00:21:51,669 --> 00:21:49,440

spark i have feelings he's not finished

631

00:21:54,070 --> 00:21:51,679

yet he has uh he's a dynamite or a

632

00:21:55,590 --> 00:21:54,080

dynamo it might have been auto corrected

633

00:21:57,990 --> 00:21:55,600

so yeah um

634

00:22:03,510 --> 00:21:58,000

cj asks dan i'll put this to you first

635

00:22:07,909 --> 00:22:03,520

did tsa over promise and under deliver

636

00:22:10,310 --> 00:22:07,919

probably just in the sense that

637

00:22:12,549 --> 00:22:10,320

tom's part of that press conference was

638

00:22:14,310 --> 00:22:12,559

very sales pitchy

639

00:22:16,070 --> 00:22:14,320

you know he he was the guy setting up

640

00:22:17,590 --> 00:22:16,080

the business side of things whilst

641

00:22:18,950 --> 00:22:17,600

everyone else got to do what they were

642

00:22:20,950 --> 00:22:18,960

going to do anyway which was investigate

643

00:22:22,710 --> 00:22:20,960

uap they could just do it professionally

644

00:22:24,549 --> 00:22:22,720

through tom's company

645

00:22:27,029 --> 00:22:24,559

so yeah it

646

00:22:29,029 --> 00:22:27,039

i think there was some over promise in

647

00:22:31,110 --> 00:22:29,039

the the under deliverance is more

648

00:22:33,270 --> 00:22:31,120

debatable part i think because

649

00:22:35,350 --> 00:22:33,280

as you know i've i'm very much honest

650

00:22:38,710 --> 00:22:35,360

about this that i think they

651
00:22:40,470 --> 00:22:38,720
were a spark that changed the world

652
00:22:41,990 --> 00:22:40,480
but not everyone feels that way

653
00:22:43,990 --> 00:22:42,000
some people wanted that anti-gravity

654
00:22:45,430 --> 00:22:44,000
spaceship or you know some hard evidence

655
00:22:47,909 --> 00:22:45,440
from them and as much as we got a bunch

656
00:22:49,830 --> 00:22:47,919
of those videos and a great series and a

657
00:22:51,990 --> 00:22:49,840
whole bunch of other things from them

658
00:22:55,190 --> 00:22:52,000
we you know we weren't given raw data

659
00:22:56,870 --> 00:22:55,200
and you know the the proper data from

660
00:22:59,669 --> 00:22:56,880
the princeton and the nimitz and all of

661
00:23:01,669 --> 00:22:59,679
the videos that kind of came out um

662
00:23:04,470 --> 00:23:01,679
they they were lacking some context that

663
00:23:05,909 --> 00:23:04,480

i think a lot of skeptics or debunkers

664

00:23:08,710 --> 00:23:05,919

have latched on to

665

00:23:10,149 --> 00:23:08,720

so under delivering there i would say

666

00:23:12,310 --> 00:23:10,159

i mean let's say

667

00:23:13,669 --> 00:23:12,320

tom doesn't leave blink 182

668

00:23:15,830 --> 00:23:13,679

and

669

00:23:17,190 --> 00:23:15,840

there's no to the stars academy of arts

670

00:23:18,870 --> 00:23:17,200

and science to the stars might have

671

00:23:20,950 --> 00:23:18,880

still been a thing with the different

672

00:23:22,390 --> 00:23:20,960

series entertainment divisions that tom

673

00:23:25,270 --> 00:23:22,400

is interested in

674

00:23:27,430 --> 00:23:25,280

but say he keeps his interest in ufos to

675

00:23:29,270 --> 00:23:27,440

purely i'll write some songs about it

676

00:23:30,230 --> 00:23:29,280

and chat about it with mates but that's

677

00:23:31,990 --> 00:23:30,240

it

678

00:23:34,789 --> 00:23:32,000

where do you think we are

679

00:23:36,789 --> 00:23:34,799

now like more than likely i'm not doing

680

00:23:38,149 --> 00:23:36,799

this podcast i know that probably for a

681

00:23:39,909 --> 00:23:38,159

fact

682

00:23:41,269 --> 00:23:39,919

where do you think the conversation is

683

00:23:42,789 --> 00:23:41,279

do you think there's been any movement

684

00:23:45,029 --> 00:23:42,799

at all from

685

00:23:47,269 --> 00:23:45,039

the 90s even or the 80s

686

00:23:49,269 --> 00:23:47,279

i mean the fact that tsa

687

00:23:50,630 --> 00:23:49,279

whether people support them or not

688

00:23:52,230 --> 00:23:50,640

they're on people's ellipses as to

689

00:23:54,950 --> 00:23:52,240

whether they change the world and just

690

00:23:56,630 --> 00:23:54,960

even having to ask that question

691

00:23:58,230 --> 00:23:56,640

you know like say it's arguable that

692

00:24:00,630 --> 00:23:58,240

they did but if you've got to ask the

693

00:24:02,630 --> 00:24:00,640

question then they probably have had

694

00:24:05,510 --> 00:24:02,640

some kind of impact

695

00:24:07,350 --> 00:24:05,520

yeah i think that's a fair point like

696

00:24:08,630 --> 00:24:07,360

there's a lot happened and i think this

697

00:24:10,390 --> 00:24:08,640

is something that's come up in the last

698

00:24:12,070 --> 00:24:10,400

couple of weeks where you know a lot of

699

00:24:13,909 --> 00:24:12,080

stuff happened in the world of social

700

00:24:15,350 --> 00:24:13,919

media with ufos and everything we won't

701
00:24:18,630 --> 00:24:15,360
go into

702
00:24:20,390 --> 00:24:18,640
everyone's bored of that now but a lot

703
00:24:22,070 --> 00:24:20,400
of people started a lot of shows and

704
00:24:24,549 --> 00:24:22,080
podcasts and

705
00:24:26,630 --> 00:24:24,559
journalists got involved in this

706
00:24:28,470 --> 00:24:26,640
talk this conversation and topic like

707
00:24:29,350 --> 00:24:28,480
leslie kane ralph blumenthal let's name

708
00:24:31,190 --> 00:24:29,360
those

709
00:24:32,950 --> 00:24:31,200
who who probably wouldn't have an

710
00:24:35,750 --> 00:24:32,960
interest in it to even report on the

711
00:24:38,310 --> 00:24:35,760
subject had to the stars academy

712
00:24:40,310 --> 00:24:38,320
not come about and started the process

713
00:24:42,230 --> 00:24:40,320

that got certain individuals out of

714

00:24:44,070 --> 00:24:42,240

roles and and to

715

00:24:45,430 --> 00:24:44,080

into whatever to the stars academy was

716

00:24:47,669 --> 00:24:45,440

meant to be

717

00:24:49,909 --> 00:24:47,679

regardless if it came to fruition the

718

00:24:52,390 --> 00:24:49,919

way expected to maybe they all had

719

00:24:53,750 --> 00:24:52,400

different plans for it anyway and maybe

720

00:24:55,830 --> 00:24:53,760

different individuals within to the

721

00:24:58,630 --> 00:24:55,840

stars academy got what they wanted from

722

00:25:00,789 --> 00:24:58,640

ttsa i think lewis can i hand i'm going

723

00:25:02,149 --> 00:25:00,799

to paraphrase badly said as much that

724

00:25:04,470 --> 00:25:02,159

there would have been no one identified

725

00:25:05,909 --> 00:25:04,480

season 3 because

726

00:25:07,269 --> 00:25:05,919

tourist stars academy and what they

727

00:25:08,789 --> 00:25:07,279

wanted to achieve

728

00:25:10,789 --> 00:25:08,799

had achieved what they needed to so

729

00:25:12,710 --> 00:25:10,799

himself and chris mellon felt the best

730

00:25:14,789 --> 00:25:12,720

thing for them to do was go else where

731

00:25:18,230 --> 00:25:14,799

anybody whether that's exactly true or

732

00:25:20,149 --> 00:25:18,240

not only they would know but maybe jim

733

00:25:21,990 --> 00:25:20,159

semivan wanted something from hal put

734

00:25:24,230 --> 00:25:22,000

off wanted something from it tommed

735

00:25:25,029 --> 00:25:24,240

along wanted something from it

736

00:25:26,950 --> 00:25:25,039

so

737

00:25:29,590 --> 00:25:26,960

it's a hard one but it's certainly like

738

00:25:30,950 --> 00:25:29,600

you say change the conversation and for

739

00:25:32,549 --> 00:25:30,960

me it changed it in a really positive

740

00:25:34,470 --> 00:25:32,559

way in a big way as well

741

00:25:35,669 --> 00:25:34,480

i'm really sorry if anyone did invest

742

00:25:38,710 --> 00:25:35,679

and lose

743

00:25:41,430 --> 00:25:38,720

money on what they felt was that over

744

00:25:43,269 --> 00:25:41,440

promise because that's a totally fair

745

00:25:44,950 --> 00:25:43,279

and rational position to come at you

746

00:25:46,470 --> 00:25:44,960

might be like dan and many other people

747

00:25:48,070 --> 00:25:46,480

who commented to say

748

00:25:50,310 --> 00:25:48,080

it's been money well spent they were

749

00:25:52,230 --> 00:25:50,320

happy to invest because they feel they

750

00:25:53,830 --> 00:25:52,240

got what they wanted from it other

751
00:25:55,590 --> 00:25:53,840
people are happy to invest with the idea

752
00:25:57,750 --> 00:25:55,600
that you know what if i lose i lose it

753
00:25:59,990 --> 00:25:57,760
i'm intrigued other people no don't put

754
00:26:01,990 --> 00:26:00,000
money in hoping for you know that those

755
00:26:04,549 --> 00:26:02,000
big promises that really never came to

756
00:26:06,070 --> 00:26:04,559
fruition in a sense so um

757
00:26:07,830 --> 00:26:06,080
hopefully you know that monsters in

758
00:26:09,590 --> 00:26:07,840
california movie gives us something a

759
00:26:11,269 --> 00:26:09,600
little bit more as of a legacy

760
00:26:12,549 --> 00:26:11,279
potentially from to the stars and and

761
00:26:14,230 --> 00:26:12,559
what it's going to be going forward

762
00:26:15,430 --> 00:26:14,240
because it has been pretty quiet on that

763
00:26:16,310 --> 00:26:15,440

front from them

764

00:26:18,630 --> 00:26:16,320

um

765

00:26:20,230 --> 00:26:18,640

brenner said hi really enjoyed part two

766

00:26:21,830 --> 00:26:20,240

a few random thoughts and some of these

767

00:26:23,909 --> 00:26:21,840

we've kind of touched on but then we can

768

00:26:26,549 --> 00:26:23,919

fire through quickly um do we know how

769

00:26:28,390 --> 00:26:26,559

ttsa was funded yeah it was a stock

770

00:26:31,510 --> 00:26:28,400

issue um

771

00:26:33,830 --> 00:26:31,520

um also they they had agreements to lend

772

00:26:36,070 --> 00:26:33,840

money from tom delong who has various

773

00:26:37,669 --> 00:26:36,080

llc's set up to you know to manage his

774

00:26:39,909 --> 00:26:37,679

rights and things like that so they were

775

00:26:41,669 --> 00:26:39,919

given things like image rights and

776
00:26:43,269 --> 00:26:41,679
portions of that and that money got paid

777
00:26:45,990 --> 00:26:43,279
back to tom or canceled off over the

778
00:26:48,390 --> 00:26:46,000
years you can look it in the sec filings

779
00:26:49,510 --> 00:26:48,400
um did the main players get paid and by

780
00:26:51,350 --> 00:26:49,520
who

781
00:26:52,630 --> 00:26:51,360
by the main players i'm guessing we're

782
00:26:54,549 --> 00:26:52,640
thinking

783
00:26:57,590 --> 00:26:54,559
louis zondo chris mellon jim say my van

784
00:27:00,149 --> 00:26:57,600
help it off steve justice tom delong um

785
00:27:02,310 --> 00:27:00,159
i i don't doubt that any and all took

786
00:27:04,710 --> 00:27:02,320
some kind of payment from it they

787
00:27:06,950 --> 00:27:04,720
they were working for part of that

788
00:27:08,630 --> 00:27:06,960

company it wasn't a volunteer position i

789

00:27:09,510 --> 00:27:08,640

don't think that was ever claimed either

790

00:27:12,549 --> 00:27:09,520

which would have been a different

791

00:27:14,470 --> 00:27:12,559

conversation but they were doing a job

792

00:27:17,110 --> 00:27:14,480

those figures are definitely on the sec

793

00:27:20,389 --> 00:27:17,120

filing as well um so if you just search

794

00:27:22,310 --> 00:27:20,399

ttsa sec on google it should take you to

795

00:27:23,510 --> 00:27:22,320

the investor page and all the file into

796

00:27:24,389 --> 00:27:23,520

there and you can see what people were

797

00:27:26,870 --> 00:27:24,399

paid

798

00:27:28,630 --> 00:27:26,880

yeah um next up uh same from brenter i

799

00:27:31,029 --> 00:27:28,640

wonder who did the organizing behind the

800

00:27:33,510 --> 00:27:31,039

scenes pulling things together for ttsa

801
00:27:35,110 --> 00:27:33,520
it's often not those on the stage and i

802
00:27:36,549 --> 00:27:35,120
think we've sort of addressed that and

803
00:27:37,750 --> 00:27:36,559
there are other people involved with the

804
00:27:39,510 --> 00:27:37,760
company and dan you talk about the

805
00:27:41,830 --> 00:27:39,520
failings that's the kind of stuff that

806
00:27:44,230 --> 00:27:41,840
bores me but you can see names of people

807
00:27:45,590 --> 00:27:44,240
in their salaries people got and the

808
00:27:47,510 --> 00:27:45,600
different roles that people had within

809
00:27:49,909 --> 00:27:47,520
those companies i suppose if you go look

810
00:27:53,190 --> 00:27:49,919
at two of the stars now you'll see names

811
00:27:55,830 --> 00:27:53,200
like tom de long and like you said uh

812
00:27:57,590 --> 00:27:55,840
is it hal that's still part of the

813
00:27:59,190 --> 00:27:57,600

scientific advisory board he done the

814

00:28:01,350 --> 00:27:59,200

interview with tom delong on brian

815

00:28:02,549 --> 00:28:01,360

keating's show uh with cut joy mungo

816

00:28:03,990 --> 00:28:02,559

doing the helping out with that one as

817

00:28:06,310 --> 00:28:04,000

well a while ago really good interview

818

00:28:07,909 --> 00:28:06,320

if you want to go and check it out um

819

00:28:09,750 --> 00:28:07,919

but there are other people still

820

00:28:11,350 --> 00:28:09,760

involved as well who who run the company

821

00:28:13,350 --> 00:28:11,360

and do that kind of organizational side

822

00:28:15,350 --> 00:28:13,360

of things as well it's it's a sizeable

823

00:28:16,789 --> 00:28:15,360

company

824

00:28:19,190 --> 00:28:16,799

yeah like there's a decent amount of

825

00:28:20,549 --> 00:28:19,200

people there um they downsized you know

826

00:28:22,630 --> 00:28:20,559

just for cast and they they didn't need

827

00:28:23,750 --> 00:28:22,640

the storefront when the pandemic was

828

00:28:25,830 --> 00:28:23,760

happening because no one could go in

829

00:28:26,870 --> 00:28:25,840

makes sense uh but one of the people

830

00:28:28,870 --> 00:28:26,880

behind the scenes that doesn't get

831

00:28:30,310 --> 00:28:28,880

talked about much is carried along and

832

00:28:31,830 --> 00:28:30,320

that's tom's sister and she's been with

833

00:28:33,669 --> 00:28:31,840

him through various different companies

834

00:28:37,350 --> 00:28:33,679

like atticus macbeth

835

00:28:38,470 --> 00:28:37,360

so on so forth um mod life

836

00:28:39,590 --> 00:28:38,480

there's a lot there's a lot of different

837

00:28:41,669 --> 00:28:39,600

companies that he's done but she's

838

00:28:43,430 --> 00:28:41,679

always been there as marketing and comms

839

00:28:45,830 --> 00:28:43,440

so chances are if someone's been trying

840

00:28:47,990 --> 00:28:45,840

to email tsa through press that's who

841

00:28:50,549 --> 00:28:48,000

they would have got was tom's sister

842

00:28:52,549 --> 00:28:50,559

i i know carrie personally as if we have

843

00:28:54,470 --> 00:28:52,559

interest we will follow up

844

00:28:57,590 --> 00:28:54,480

carried along

845

00:29:00,389 --> 00:28:57,600

and no follow-up um

846

00:29:01,990 --> 00:29:00,399

yeah i got that from her at least um

847

00:29:03,510 --> 00:29:02,000

brenta finished up saying overall it

848

00:29:05,350 --> 00:29:03,520

feels to me like they have moved things

849

00:29:07,669 --> 00:29:05,360

forward and perhaps helped change the

850

00:29:09,029 --> 00:29:07,679

world and loving the deep dives into

851

00:29:11,029 --> 00:29:09,039

this it really helps me put things into

852

00:29:13,350 --> 00:29:11,039

context and understanding the journey so

853

00:29:15,190 --> 00:29:13,360

far so thank you thank you ubenta helps

854

00:29:17,269 --> 00:29:15,200

us as well and i'm sorry it's been so

855

00:29:18,789 --> 00:29:17,279

long since the last one we'll strive in

856

00:29:21,430 --> 00:29:18,799

the next what seven days to get part

857

00:29:23,350 --> 00:29:21,440

three recorded and put out as well um

858

00:29:26,630 --> 00:29:23,360

it's just the last two months has been

859

00:29:28,470 --> 00:29:26,640

hectic for both of us um lefty what is

860

00:29:30,230 --> 00:29:28,480

puzzling for me is that there is little

861

00:29:32,630 --> 00:29:30,240

to no talk about the whereabouts of the

862

00:29:34,230 --> 00:29:32,640

longer gimbal video i cannot believe

863

00:29:36,789 --> 00:29:34,240

that any crew would stop filming during

864

00:29:39,430 --> 00:29:36,799

the encounter so does lou or anyone else

865

00:29:42,230 --> 00:29:39,440

on tsa know if it exists

866

00:29:43,830 --> 00:29:42,240

i think we know by now i mean lefty

867

00:29:45,590 --> 00:29:43,840

obviously from your question

868

00:29:47,669 --> 00:29:45,600

you won't have heard these said in other

869

00:29:50,870 --> 00:29:47,679

interviews but all those videos that

870

00:29:53,830 --> 00:29:50,880

were shot we were showing what could be

871

00:29:55,669 --> 00:29:53,840

released under a declassified setting

872

00:29:59,430 --> 00:29:55,679

there are

873

00:30:02,870 --> 00:30:00,630

more to the start of some of those

874

00:30:03,990 --> 00:30:02,880

videos potentially i think a lot of them

875

00:30:06,070 --> 00:30:04,000

we assume it's the beginning of the

876

00:30:07,830 --> 00:30:06,080

video don't we and uh you don't know

877

00:30:09,510 --> 00:30:07,840

that there's not stuff before it you

878

00:30:11,590 --> 00:30:09,520

know and all we're getting to see is a

879

00:30:13,590 --> 00:30:11,600

little portion in the middle um but

880

00:30:15,830 --> 00:30:13,600

there certainly would seem to be i think

881

00:30:18,470 --> 00:30:15,840

with the gimbal i mean it's speculative

882

00:30:20,389 --> 00:30:18,480

but cards on the table uh um when it

883

00:30:22,710 --> 00:30:20,399

rotates you know

884

00:30:24,630 --> 00:30:22,720

whatever camp you're in with that yeah

885

00:30:26,710 --> 00:30:24,640

i'm going to presume as dan's just done

886

00:30:27,909 --> 00:30:26,720

if you're on the youtube that it shoots

887

00:30:30,230 --> 00:30:27,919

away

888

00:30:32,710 --> 00:30:30,240

at an incredible speed because as bob

889

00:30:34,230 --> 00:30:32,720

lazar discussed some years ago

890

00:30:36,549 --> 00:30:34,240

these are oh you know what no no no

891

00:30:37,990 --> 00:30:36,559

we're wrong and this is actually a good

892

00:30:39,430 --> 00:30:38,000

catch i'm glad that this is in the show

893

00:30:41,190 --> 00:30:39,440

because ryan graves actually opened up

894

00:30:44,310 --> 00:30:41,200

about this didn't he and he explained

895

00:30:46,070 --> 00:30:44,320

that the you you had that v formation

896

00:30:49,269 --> 00:30:46,080

going around and the gimbal was part of

897

00:30:50,950 --> 00:30:49,279

that moving kind of jarringly and as the

898

00:30:53,110 --> 00:30:50,960

v formation came out of the delta

899

00:30:55,590 --> 00:30:53,120

formation came round the thing rotated

900

00:30:57,990 --> 00:30:55,600

and then rejoined them uh moving along

901
00:31:00,070 --> 00:30:58,000
so it didn't shoot off there you go i

902
00:31:01,430 --> 00:31:00,080
always started dead ryan gray's been a

903
00:31:02,710 --> 00:31:01,440
pilot by the way or one of the

904
00:31:05,029 --> 00:31:02,720
highlights they debrief the person that

905
00:31:07,350 --> 00:31:05,039
filmed the video bob lazar had talked

906
00:31:09,990 --> 00:31:07,360
about obviously that these objects tend

907
00:31:12,149 --> 00:31:10,000
to fly at speed on their side which is

908
00:31:13,590 --> 00:31:12,159
why saucers can look shaky when they're

909
00:31:15,750 --> 00:31:13,600
apparently hovering still that's

910
00:31:17,029 --> 00:31:15,760
something bob lazar's talked about um i

911
00:31:18,630 --> 00:31:17,039
think a little bit again like

912
00:31:20,710 --> 00:31:18,640
independence day when the thing's just

913
00:31:22,789 --> 00:31:20,720

hovering it's a bit jerky and movements

914

00:31:25,110 --> 00:31:22,799

are about uncertain because they're made

915

00:31:27,669 --> 00:31:25,120

to move and at pace and in different

916

00:31:29,430 --> 00:31:27,679

environments um so that's an interesting

917

00:31:30,950 --> 00:31:29,440

concept and idea but

918

00:31:32,549 --> 00:31:30,960

for me that is to do with the

919

00:31:34,070 --> 00:31:32,559

classification of the the rest of those

920

00:31:36,789 --> 00:31:34,080

videos

921

00:31:38,389 --> 00:31:36,799

it's only my opinion i would presume

922

00:31:40,710 --> 00:31:38,399

like you say that the video we saw of

923

00:31:42,310 --> 00:31:40,720

that that one object whether it's this

924

00:31:43,909 --> 00:31:42,320

it looks a bit like a saucer with a dome

925

00:31:46,950 --> 00:31:43,919

doesn't it potentially

926
00:31:48,630 --> 00:31:46,960
if it is that classic saucer and in that

927
00:31:51,029 --> 00:31:48,640
video you could see more of these

928
00:31:52,710 --> 00:31:51,039
objects and there were formations and

929
00:31:53,990 --> 00:31:52,720
you could see these things leave at the

930
00:31:55,269 --> 00:31:54,000
incredible rates of speed that they

931
00:31:56,630 --> 00:31:55,279
apparently do

932
00:31:58,310 --> 00:31:56,640
down the line

933
00:32:01,029 --> 00:31:58,320
that would be totally game changing but

934
00:32:03,750 --> 00:32:01,039
right now it's it's i've always used the

935
00:32:04,870 --> 00:32:03,760
phrase it's boring and ambiguous enough

936
00:32:07,750 --> 00:32:04,880
to be

937
00:32:09,190 --> 00:32:07,760
interesting but not game changing and

938
00:32:10,630 --> 00:32:09,200

that's that's what we've got and it's

939

00:32:12,230 --> 00:32:10,640

all to do with the classifications and

940

00:32:14,789 --> 00:32:12,240

it's it's it's annoying and it's

941

00:32:17,269 --> 00:32:14,799

frustrating but it's what we're kind of

942

00:32:19,509 --> 00:32:17,279

hoping then let's be honest we are long

943

00:32:21,669 --> 00:32:19,519

overdue and this is something i spoke to

944

00:32:23,509 --> 00:32:21,679

sean cahill about on the discord live

945

00:32:25,509 --> 00:32:23,519

chat when we've done that um a few weeks

946

00:32:26,789 --> 00:32:25,519

ago and i think a few people mentioned

947

00:32:28,470 --> 00:32:26,799

you know are we going to get some new

948

00:32:29,750 --> 00:32:28,480

stuff this year and sean said yeah but i

949

00:32:31,350 --> 00:32:29,760

would hope so

950

00:32:32,549 --> 00:32:31,360

like i'm not saying sean was coming from

951

00:32:34,549 --> 00:32:32,559

a place of knowledge with that but i

952

00:32:37,269 --> 00:32:34,559

think even he was acknowledging it's

953

00:32:39,430 --> 00:32:37,279

it's been a while you know the for no

954

00:32:40,950 --> 00:32:39,440

footage no photographs is it going to be

955

00:32:43,590 --> 00:32:40,960

a black triangle coming out the ocean

956

00:32:45,110 --> 00:32:43,600

who knows is it going to be additional

957

00:32:46,630 --> 00:32:45,120

footage from what we already have who

958

00:32:48,470 --> 00:32:46,640

knows if it's something totally

959

00:32:49,669 --> 00:32:48,480

different which i would love then then

960

00:32:51,350 --> 00:32:49,679

great but

961

00:32:52,630 --> 00:32:51,360

it's one of those things that

962

00:32:53,590 --> 00:32:52,640

whatever's happening in the background

963

00:32:55,269 --> 00:32:53,600

right now

964

00:32:57,110 --> 00:32:55,279

we can only hope things start to come

965

00:32:58,630 --> 00:32:57,120

out and if you're if you're really

966

00:33:01,110 --> 00:32:58,640

patriotic and american you probably

967

00:33:02,549 --> 00:33:01,120

don't want leaks happening um i get

968

00:33:04,389 --> 00:33:02,559

that's something that people like louis

969

00:33:06,149 --> 00:33:04,399

lozando and others of especially those

970

00:33:08,389 --> 00:33:06,159

with a military background have not

971

00:33:09,830 --> 00:33:08,399

wanted things to leak because it's an

972

00:33:11,590 --> 00:33:09,840

official process and all that kind of

973

00:33:14,549 --> 00:33:11,600

stuff but if you're just a fan of the

974

00:33:16,310 --> 00:33:14,559

ufo subject then you want you want

975

00:33:18,310 --> 00:33:16,320

president biden to slip up in an address

976
00:33:19,590 --> 00:33:18,320
and go ah if one of those aliens were

977
00:33:21,029 --> 00:33:19,600
here today you know what you want

978
00:33:22,470 --> 00:33:21,039
something you would take anything that's

979
00:33:24,230 --> 00:33:22,480
that's why you enjoy the subject that's

980
00:33:25,990 --> 00:33:24,240
why you love it and the mystery and

981
00:33:27,909 --> 00:33:26,000
anything you can put together for that

982
00:33:29,669 --> 00:33:27,919
that thousand piece puzzle that we

983
00:33:31,909 --> 00:33:29,679
talked about i really i really hope that

984
00:33:34,230 --> 00:33:31,919
the the next uap report come in on

985
00:33:35,350 --> 00:33:34,240
halloween that we'll see i really hope

986
00:33:37,669 --> 00:33:35,360
that

987
00:33:40,470 --> 00:33:37,679
it's not just the same again i

988
00:33:41,990 --> 00:33:40,480

i hope that we get a video or picture or

989

00:33:44,230 --> 00:33:42,000

you know just a little

990

00:33:46,070 --> 00:33:44,240

a little more transparency on it where

991

00:33:48,310 --> 00:33:46,080

we can look to those reports every year

992

00:33:50,630 --> 00:33:48,320

coming forward you know and

993

00:33:52,389 --> 00:33:50,640

see them as

994

00:33:53,909 --> 00:33:52,399

actually substantial instead of arguing

995

00:33:55,430 --> 00:33:53,919

over them you know it would be great if

996

00:33:57,509 --> 00:33:55,440

that that communications channel was

997

00:33:59,350 --> 00:33:57,519

really shored up for the future and

998

00:34:01,590 --> 00:33:59,360

based on you know the general brand

999

00:34:03,590 --> 00:34:01,600

amendment you know rubio warner all

1000

00:34:05,110 --> 00:34:03,600

those people talking about this the bar

1001
00:34:06,389 --> 00:34:05,120
seems to be going up and up and up and

1002
00:34:08,950 --> 00:34:06,399
up for what they expect from these

1003
00:34:10,790 --> 00:34:08,960
reports as well so i'm excited to see uh

1004
00:34:13,109 --> 00:34:10,800
yeah i think there are there are 60 this

1005
00:34:15,589 --> 00:34:13,119
year but only one that we get to see

1006
00:34:17,510 --> 00:34:15,599
and and let's be fair i i'm going to

1007
00:34:20,790 --> 00:34:17,520
that's a good a good point you make dan

1008
00:34:22,389 --> 00:34:20,800
but we'll get to see one however we keep

1009
00:34:24,069 --> 00:34:22,399
saying we want more and more officials

1010
00:34:26,149 --> 00:34:24,079
to be involved in this

1011
00:34:28,710 --> 00:34:26,159
if this subject right now is is

1012
00:34:32,470 --> 00:34:28,720
classified by things that are being done

1013
00:34:34,710 --> 00:34:32,480

and being had by 10 people that's a

1014

00:34:37,510 --> 00:34:34,720

fairly small group maybe gillibrand

1015

00:34:38,629 --> 00:34:37,520

rubio warner you know whoever else might

1016

00:34:40,389 --> 00:34:38,639

be involved

1017

00:34:42,790 --> 00:34:40,399

and maybe they keep that tight in

1018

00:34:44,149 --> 00:34:42,800

between them but once you start getting

1019

00:34:46,149 --> 00:34:44,159

more and more people involved and it

1020

00:34:47,669 --> 00:34:46,159

becomes 30 or 40 or 50 senators

1021

00:34:49,589 --> 00:34:47,679

congressmen and women

1022

00:34:51,510 --> 00:34:49,599

people in the uk involved australia

1023

00:34:53,829 --> 00:34:51,520

start to see these things the more

1024

00:34:56,629 --> 00:34:53,839

people involved the more likely someone

1025

00:34:58,790 --> 00:34:56,639

slips up or something comes out so it's

1026
00:35:00,870 --> 00:34:58,800
probably to our benefit that more and

1027
00:35:03,589 --> 00:35:00,880
more elected officials do get involved

1028
00:35:05,270 --> 00:35:03,599
because human nature folks will play a

1029
00:35:06,310 --> 00:35:05,280
big part in some of their stuff getting

1030
00:35:07,270 --> 00:35:06,320
out

1031
00:35:09,829 --> 00:35:07,280
and

1032
00:35:11,270 --> 00:35:09,839
this is funded till 2026 as well so i

1033
00:35:12,710 --> 00:35:11,280
can imagine between now and then

1034
00:35:14,390 --> 00:35:12,720
someone's going to say hey why are we

1035
00:35:17,030 --> 00:35:14,400
spending all this money on this uap

1036
00:35:19,349 --> 00:35:17,040
stuff and they're gonna have to present

1037
00:35:21,030 --> 00:35:19,359
the reasons why publicly this is a

1038
00:35:22,630 --> 00:35:21,040

compelling thing maybe that's where we

1039

00:35:24,630 --> 00:35:22,640

start getting those public hearings when

1040

00:35:26,630 --> 00:35:24,640

someone's asking why how is this that

1041

00:35:29,670 --> 00:35:26,640

you can spend the money here

1042

00:35:31,270 --> 00:35:29,680

100 percent um next up paul are says i'd

1043

00:35:33,349 --> 00:35:31,280

like to know your thoughts on why you

1044

00:35:36,390 --> 00:35:33,359

think tom delonge has gone relatively

1045

00:35:37,270 --> 00:35:36,400

quiet on the subject dan

1046

00:35:41,109 --> 00:35:37,280

uh

1047

00:35:42,870 --> 00:35:41,119

you look on his instagram that's

1048

00:35:45,109 --> 00:35:42,880

literally what he's doing they they had

1049

00:35:46,230 --> 00:35:45,119

the planning permission before kovid but

1050

00:35:48,150 --> 00:35:46,240

they couldn't get started because of

1051
00:35:50,630 --> 00:35:48,160
kovid that house was meant to be a film

1052
00:35:53,910 --> 00:35:50,640
studio for him and stuff has music

1053
00:35:55,349 --> 00:35:53,920
production facilities so he's basically

1054
00:35:56,829 --> 00:35:55,359
building that getting that up and

1055
00:35:59,430 --> 00:35:56,839
running and i

1056
00:36:01,349 --> 00:35:59,440
imagine uh he's writing a script as well

1057
00:36:03,270 --> 00:36:01,359
a baseball script that has no et stuff

1058
00:36:04,630 --> 00:36:03,280
in it but i imagine that he's just

1059
00:36:06,550 --> 00:36:04,640
putting his time and energy into getting

1060
00:36:08,390 --> 00:36:06,560
that home base set up and the creative

1061
00:36:10,310 --> 00:36:08,400
projects rolling so when it is set up he

1062
00:36:11,670 --> 00:36:10,320
can make them there i'll i'll play

1063
00:36:14,230 --> 00:36:11,680

devil's advocate and hold your feet to

1064

00:36:16,230 --> 00:36:14,240

the fire dan as a tom delong fan here

1065

00:36:17,750 --> 00:36:16,240

he wasn't too busy building a house or

1066

00:36:19,990 --> 00:36:17,760

writing a script when he was doing loads

1067

00:36:21,990 --> 00:36:20,000

of interviews on a press tour last year

1068

00:36:23,910 --> 00:36:22,000

for people who were instagrammers and

1069

00:36:27,109 --> 00:36:23,920

tech talkers and bloggers

1070

00:36:29,349 --> 00:36:27,119

all about music i i know personally at

1071

00:36:31,990 --> 00:36:29,359

least one journalist he spoke to

1072

00:36:34,630 --> 00:36:32,000

and it was all about music

1073

00:36:35,990 --> 00:36:34,640

um which was that they were told it was

1074

00:36:38,230 --> 00:36:36,000

to be about music and i know people

1075

00:36:39,990 --> 00:36:38,240

tried to slip ufo questions and

1076

00:36:42,310 --> 00:36:40,000

he's never done anything like that in

1077

00:36:43,750 --> 00:36:42,320

what the last two years at least since i

1078

00:36:45,270 --> 00:36:43,760

started this

1079

00:36:47,510 --> 00:36:45,280

to

1080

00:36:50,550 --> 00:36:47,520

other than the brian keating interview

1081

00:36:52,470 --> 00:36:50,560

um that i'm aware of um he's not even

1082

00:36:54,230 --> 00:36:52,480

done jimmy church has a for who was a

1083

00:36:56,310 --> 00:36:54,240

go-to of his for a couple of years no he

1084

00:36:58,230 --> 00:36:56,320

hasn't done that for a while so other

1085

00:36:59,990 --> 00:36:58,240

than that one brian keating interview

1086

00:37:02,390 --> 00:37:00,000

which i would and this isn't me saying

1087

00:37:03,430 --> 00:37:02,400

tom delong come on that ufo podcast

1088

00:37:06,470 --> 00:37:03,440

comes along

1089

00:37:08,790 --> 00:37:06,480

yeah please do um go and do another good

1090

00:37:09,670 --> 00:37:08,800

interview if it's with a cut dry mungo

1091

00:37:12,390 --> 00:37:09,680

or

1092

00:37:13,829 --> 00:37:12,400

if it's with brian keating again you

1093

00:37:16,069 --> 00:37:13,839

know be more open if you want to get

1094

00:37:17,349 --> 00:37:16,079

back on rogan no doubt big platform

1095

00:37:18,470 --> 00:37:17,359

would be great but

1096

00:37:19,750 --> 00:37:18,480

i would like to hear him come out and

1097

00:37:21,910 --> 00:37:19,760

talk about it and address some of these

1098

00:37:23,109 --> 00:37:21,920

questions and

1099

00:37:24,470 --> 00:37:23,119

again i think it's something that i

1100

00:37:26,230 --> 00:37:24,480

spoke to george knapp about when i

1101

00:37:27,750 --> 00:37:26,240

interviewed george and

1102

00:37:29,910 --> 00:37:27,760

he he didn't feel

1103

00:37:32,870 --> 00:37:29,920

tommed along owed necessarily people

1104

00:37:34,870 --> 00:37:32,880

explanations etc i i would disagree i

1105

00:37:36,069 --> 00:37:34,880

think when you see the the amount of

1106

00:37:37,829 --> 00:37:36,079

questions like this people getting

1107

00:37:39,750 --> 00:37:37,839

involved and the small percentage of

1108

00:37:41,270 --> 00:37:39,760

people who are involved in the ufo topic

1109

00:37:42,790 --> 00:37:41,280

who listen to this

1110

00:37:45,510 --> 00:37:42,800

just the the kind of outpouring of

1111

00:37:47,510 --> 00:37:45,520

emotion and curiosity and from either

1112

00:37:49,589 --> 00:37:47,520

side of the fence people still have

1113

00:37:51,109 --> 00:37:49,599

i think tom does kinda deserve to come

1114

00:37:53,270 --> 00:37:51,119

out and give the community at least a

1115

00:37:54,710 --> 00:37:53,280

conversation on the topic i mean i've

1116

00:37:57,190 --> 00:37:54,720

just said his name george knapp

1117

00:37:58,790 --> 00:37:57,200

interview tom delong there you go

1118

00:38:00,950 --> 00:37:58,800

that that would that would be good for

1119

00:38:02,630 --> 00:38:00,960

me yeah their interviews are always uh

1120

00:38:05,589 --> 00:38:02,640

excellent joe george is a great

1121

00:38:08,550 --> 00:38:05,599

interviewer i i'd like him to go on some

1122

00:38:09,990 --> 00:38:08,560

platforms that will ask tough questions

1123

00:38:11,990 --> 00:38:10,000

when he goes and speaks about music

1124

00:38:13,750 --> 00:38:12,000

somewhere say for example with zayn low

1125

00:38:15,589 --> 00:38:13,760

that was a great interview tom did with

1126

00:38:18,069 --> 00:38:15,599

zane lowe speaking about music and then

1127

00:38:19,750 --> 00:38:18,079

zane at the end gets some uap questions

1128

00:38:21,430 --> 00:38:19,760

in and some stuff about consciousness

1129

00:38:23,670 --> 00:38:21,440

and creativity and it's really

1130

00:38:25,670 --> 00:38:23,680

interesting but zane doesn't really know

1131

00:38:26,950 --> 00:38:25,680

enough to hold his feet to the fire on

1132

00:38:29,829 --> 00:38:26,960

some things and to say wait can you

1133

00:38:31,990 --> 00:38:29,839

expand on that because i heard xyz or

1134

00:38:33,990 --> 00:38:32,000

you know just really dive in i'd i'd

1135

00:38:35,510 --> 00:38:34,000

love to see tom just sit with someone

1136

00:38:36,950 --> 00:38:35,520

until the audience was blue in the face

1137

00:38:39,910 --> 00:38:36,960

from asking questions you know just

1138

00:38:41,589 --> 00:38:39,920

completely span everything answered um

1139

00:38:44,069 --> 00:38:41,599

and yeah i'm sure there's some real

1140

00:38:46,390 --> 00:38:44,079

interesting stories from from ttsa and

1141

00:38:47,990 --> 00:38:46,400

in the background especially the stuff

1142

00:38:49,589 --> 00:38:48,000

before ttsa got off the ground with

1143

00:38:51,829 --> 00:38:49,599

wikileaks

1144

00:38:53,670 --> 00:38:51,839

a couple more questions to go and i'm

1145

00:38:55,750 --> 00:38:53,680

going to say adam who was one of the

1146

00:38:57,190 --> 00:38:55,760

final questions that was a very similar

1147

00:38:59,430 --> 00:38:57,200

question we've just answered there so

1148

00:39:02,950 --> 00:38:59,440

thank you for yours um consider it

1149

00:39:04,790 --> 00:39:02,960

answered and ben says in my opinion ttsa

1150

00:39:07,109 --> 00:39:04,800

started a mass conversation that no one

1151

00:39:09,430 --> 00:39:07,119

wanted to have within the ranks of the

1152

00:39:10,950 --> 00:39:09,440

military and intelligence communities

1153

00:39:12,950 --> 00:39:10,960

with the help of others of course but

1154

00:39:15,109 --> 00:39:12,960

without tom's crazy ideas we may not

1155

00:39:16,950 --> 00:39:15,119

have been so lucky we'll never know and

1156

00:39:19,270 --> 00:39:16,960

there's no going back now

1157

00:39:23,430 --> 00:39:19,280

fair statement to the crazy ones i guess

1158

00:39:26,550 --> 00:39:23,440

yeah um roxy sanchez says cool name

1159

00:39:30,310 --> 00:39:26,560

why does uh tom refer to them the others

1160

00:39:36,710 --> 00:39:32,870

i mean that that's interesting

1161

00:39:40,390 --> 00:39:37,829

they

1162

00:39:42,550 --> 00:39:40,400

i read that as basically nip and nipping

1163

00:39:43,510 --> 00:39:42,560

at our ankles as in they need us for

1164

00:39:46,950 --> 00:39:43,520

something

1165

00:39:48,870 --> 00:39:46,960

it's not just that you know where

1166

00:39:50,870 --> 00:39:48,880

we're gonna be learning from them

1167

00:39:53,670 --> 00:39:50,880

there's like this maybe this symbiotic

1168

00:39:56,150 --> 00:39:53,680

relationship where we're gonna pull

1169

00:39:57,829 --> 00:39:56,160

the others along with us when you know

1170

00:39:59,829 --> 00:39:57,839

me maybe

1171

00:40:01,670 --> 00:39:59,839

it gets into speculation here a lot but

1172

00:40:03,030 --> 00:40:01,680

i'm just wondering before just before

1173

00:40:04,870 --> 00:40:03,040

just to give you a little because roxy

1174

00:40:06,710 --> 00:40:04,880

followed up saying also in earlier

1175

00:40:08,710 --> 00:40:06,720

interviews with rogan and others he

1176

00:40:10,870 --> 00:40:08,720

seemed very concerned about how uap fed

1177

00:40:12,710 --> 00:40:10,880

on negative human energy why has that

1178

00:40:15,109 --> 00:40:12,720

not been further investigated i think

1179

00:40:17,349 --> 00:40:15,119

like you say though you can't not go

1180

00:40:19,510 --> 00:40:17,359

into pure speculation territory when you

1181

00:40:21,190 --> 00:40:19,520

start talking about

1182

00:40:22,390 --> 00:40:21,200

imagine

1183

00:40:24,390 --> 00:40:22,400

and i'm sorry if you're listening to

1184

00:40:25,750 --> 00:40:24,400

this after the last weekend you're not a

1185

00:40:28,150 --> 00:40:25,760

loyalist on the fan i would have a right

1186

00:40:30,630 --> 00:40:28,160

but imagine he's the face of the subject

1187

00:40:32,230 --> 00:40:30,640

right now in the mainstream for ufos so

1188

00:40:36,630 --> 00:40:32,240

that's the way it's got to be

1189

00:40:38,550 --> 00:40:36,640

uh imagine loyola zondo sat on fox cnn

1190

00:40:39,670 --> 00:40:38,560

abc whatever

1191

00:40:41,510 --> 00:40:39,680

and

1192

00:40:43,510 --> 00:40:41,520

someone asked him about you know ufos

1193

00:40:45,829 --> 00:40:43,520

come on lou i mean are these things

1194

00:40:47,109 --> 00:40:45,839

really real and lou said you know what

1195

00:40:49,430 --> 00:40:47,119

what if i told you that they feed on

1196

00:40:51,109 --> 00:40:49,440

negative human energy

1197

00:40:52,470 --> 00:40:51,119

that the public would be and that's not

1198

00:40:53,750 --> 00:40:52,480

the public wouldn't go

1199

00:40:55,270 --> 00:40:53,760

oh my god

1200

00:40:57,109 --> 00:40:55,280

most of the public would turn off at

1201
00:41:00,150 --> 00:40:57,119
that point and be like nope thanks

1202
00:41:01,270 --> 00:41:00,160
nonsense they they go to crystals and

1203
00:41:02,950 --> 00:41:01,280
yeah

1204
00:41:04,630 --> 00:41:02,960
it's too much of a jump in the

1205
00:41:06,790 --> 00:41:04,640
conversation isn't it and it's still

1206
00:41:08,630 --> 00:41:06,800
like how do you get from let's have a

1207
00:41:10,630 --> 00:41:08,640
chat about what is going on what these

1208
00:41:11,750 --> 00:41:10,640
things might be let's forget aliens and

1209
00:41:13,589 --> 00:41:11,760
we've got to the point we're getting the

1210
00:41:15,829 --> 00:41:13,599
word aliens back into the conversation

1211
00:41:17,109 --> 00:41:15,839
or non-human intelligence

1212
00:41:18,870 --> 00:41:17,119
there's there's steps to this

1213
00:41:20,390 --> 00:41:18,880

conversation that eventually you have to

1214

00:41:22,150 --> 00:41:20,400

then get to

1215

00:41:23,270 --> 00:41:22,160

potentially feeding on negative human

1216

00:41:25,829 --> 00:41:23,280

energy and

1217

00:41:27,030 --> 00:41:25,839

what is consciousness and you know

1218

00:41:28,390 --> 00:41:27,040

different beings from different

1219

00:41:30,150 --> 00:41:28,400

realities and you know what if one of

1220

00:41:31,910 --> 00:41:30,160

these things is technically standing

1221

00:41:33,430 --> 00:41:31,920

right next to you they're there but

1222

00:41:35,109 --> 00:41:33,440

they're not there

1223

00:41:36,470 --> 00:41:35,119

all these things alien abductions i

1224

00:41:37,990 --> 00:41:36,480

suppose is one of the biggest ones that

1225

00:41:39,270 --> 00:41:38,000

would come into it that wait a minute

1226
00:41:40,550 --> 00:41:39,280
these things are real have they been

1227
00:41:42,309 --> 00:41:40,560
abducting people

1228
00:41:43,829 --> 00:41:42,319
you know how do you protect the public

1229
00:41:44,790 --> 00:41:43,839
against that if maybe it's something you

1230
00:41:46,390 --> 00:41:44,800
can't

1231
00:41:48,309 --> 00:41:46,400
even then you go into the abduction

1232
00:41:50,150 --> 00:41:48,319
phenomenon and start to talk about

1233
00:41:51,349 --> 00:41:50,160
actually it's not necessarily a physical

1234
00:41:52,790 --> 00:41:51,359
abduction they can abduct your

1235
00:41:54,550 --> 00:41:52,800
consciousness and you can still be lying

1236
00:41:55,670 --> 00:41:54,560
in your bed

1237
00:41:56,790 --> 00:41:55,680
how do you explain that to people when

1238
00:41:58,630 --> 00:41:56,800

we don't have an answer for what

1239

00:42:00,150 --> 00:41:58,640

consciousness is right exactly that's a

1240

00:42:01,910 --> 00:42:00,160

really difficult conversation to have

1241

00:42:03,270 --> 00:42:01,920

and everything you just said we could

1242

00:42:05,430 --> 00:42:03,280

change a few words in there and kind of

1243

00:42:07,109 --> 00:42:05,440

say oh yeah there are electromagnetic

1244

00:42:08,710 --> 00:42:07,119

beings that exist on a separate part of

1245

00:42:09,990 --> 00:42:08,720

the frequency to us who can interact

1246

00:42:12,710 --> 00:42:10,000

with us and feed off of our

1247

00:42:14,150 --> 00:42:12,720

electromagnetic fields which we do have

1248

00:42:15,430 --> 00:42:14,160

you know our hearts kind of have

1249

00:42:17,349 --> 00:42:15,440

electricity and things like that our

1250

00:42:20,069 --> 00:42:17,359

body and neurons run on this kind of

1251
00:42:22,069 --> 00:42:20,079
stuff so you can kind of use scientific

1252
00:42:23,030 --> 00:42:22,079
words to get to the same place

1253
00:42:24,790 --> 00:42:23,040
but it's

1254
00:42:26,870 --> 00:42:24,800
just speculation until we actually get

1255
00:42:28,230 --> 00:42:26,880
there and we can read these things and

1256
00:42:29,670 --> 00:42:28,240
you know maybe put on a pair of glasses

1257
00:42:31,670 --> 00:42:29,680
that allows us to see them or something

1258
00:42:33,430 --> 00:42:31,680
like that i just wanted to add as well i

1259
00:42:34,950 --> 00:42:33,440
kind of disparaged crystals a second ago

1260
00:42:37,109 --> 00:42:34,960
i didn't mean

1261
00:42:38,710 --> 00:42:37,119
to offend anyone that that liked that

1262
00:42:40,550 --> 00:42:38,720
stuff i have a great piece of moldavite

1263
00:42:43,829 --> 00:42:40,560

and a bunch over there but i was just

1264

00:42:45,510 --> 00:42:43,839

kind of alluding to the eye roll that

1265

00:42:47,430 --> 00:42:45,520

people who aren't into that stuff gives

1266

00:42:50,470 --> 00:42:47,440

you when you start talking about it

1267

00:42:52,630 --> 00:42:50,480

folks make sure you um at the signal and

1268

00:42:54,710 --> 00:42:52,640

direct all your hate uh

1269

00:42:56,710 --> 00:42:54,720

towards that

1270

00:42:58,630 --> 00:42:56,720

community i i will share a bunch of

1271

00:42:59,670 --> 00:42:58,640

pictures of the the rocks and crystals i

1272

00:43:01,990 --> 00:42:59,680

have

1273

00:43:03,829 --> 00:43:02,000

it's too late damage is done uh and you

1274

00:43:06,309 --> 00:43:03,839

know what on that note folks one last

1275

00:43:08,230 --> 00:43:06,319

point from osvaldo franco um osvaldo i

1276

00:43:10,230 --> 00:43:08,240

believe is on or is going to be on

1277

00:43:12,790 --> 00:43:10,240

vinnie adams podcast disclosure team

1278

00:43:14,309 --> 00:43:12,800

soon or has been on vinnie done about a

1279

00:43:16,150 --> 00:43:14,319

run of interviews and i can't remember

1280

00:43:18,230 --> 00:43:16,160

if he's done those yet or that's still

1281

00:43:19,910 --> 00:43:18,240

to come up and but he leaves us with the

1282

00:43:22,630 --> 00:43:19,920

comment that absolutely to the stars

1283

00:43:24,550 --> 00:43:22,640

academy changed the world without ttsa

1284

00:43:26,390 --> 00:43:24,560

we wouldn't have louis lozando or chris

1285

00:43:28,150 --> 00:43:26,400

melon or sean cahill

1286

00:43:30,790 --> 00:43:28,160

um he doesn't think there would be a uf4

1287

00:43:32,790 --> 00:43:30,800

uap twitter in the state it is now

1288

00:43:34,069 --> 00:43:32,800

that it could be good or a bad thing

1289

00:43:35,430 --> 00:43:34,079

depending on kind of

1290

00:43:37,270 --> 00:43:35,440

the last few weeks

1291

00:43:39,030 --> 00:43:37,280

um and all the stuff that's coming

1292

00:43:41,109 --> 00:43:39,040

including possible congressional

1293

00:43:43,270 --> 00:43:41,119

hearings all came from tom delong and to

1294

00:43:45,589 --> 00:43:43,280

the stars academy he and they aren't

1295

00:43:48,230 --> 00:43:45,599

given enough credit i'm an investor and

1296

00:43:50,150 --> 00:43:48,240

it's the best money i ever spent so

1297

00:43:53,670 --> 00:43:50,160

again osvaldo great comment thank you

1298

00:43:56,069 --> 00:43:53,680

very much for that um for me i'll leave

1299

00:43:58,309 --> 00:43:56,079

my full overall opinions till

1300

00:44:00,069 --> 00:43:58,319

till we get to the final episode part

1301
00:44:01,990 --> 00:44:00,079
three may or may not be it we'll see

1302
00:44:04,069 --> 00:44:02,000
where we get to um but then of course

1303
00:44:06,150 --> 00:44:04,079
we'll finish off with another part 3.5

1304
00:44:07,990 --> 00:44:06,160
at least anyway and get your thoughts

1305
00:44:09,430 --> 00:44:08,000
and ideas i think we thought this was

1306
00:44:12,069 --> 00:44:09,440
going to be two parts before we started

1307
00:44:13,910 --> 00:44:12,079
right yeah

1308
00:44:15,510 --> 00:44:13,920
so much yeah i think when i was writing

1309
00:44:16,790 --> 00:44:15,520
part one i was like oh god there's so

1310
00:44:19,910 --> 00:44:16,800
much even before we even get to

1311
00:44:21,190 --> 00:44:19,920
unidentified and yeah so i'll just wait

1312
00:44:22,630 --> 00:44:21,200
and see let's see what happens part

1313
00:44:25,670 --> 00:44:22,640

three will be out in the next week or so

1314

00:44:26,870 --> 00:44:25,680

definitely before the end of march um

1315

00:44:29,270 --> 00:44:26,880

we have

1316

00:44:32,069 --> 00:44:29,280

uh right away we are going to record the

1317

00:44:34,390 --> 00:44:32,079

listener ama which is exclusive to if

1318

00:44:36,790 --> 00:44:34,400

1319

00:44:38,710 --> 00:44:36,800

spotify if you're on youtube hi to

1320

00:44:40,069 --> 00:44:38,720

youtube that's been great recently dan

1321

00:44:41,910 --> 00:44:40,079

we've seen a lot more people coming on

1322

00:44:44,150 --> 00:44:41,920

board and again if you're watching on

1323

00:44:45,510 --> 00:44:44,160

youtube we'll we'll wave to you

1324

00:44:47,270 --> 00:44:45,520

anyone that came from uh theories of

1325

00:44:49,670 --> 00:44:47,280

everything as well yes thank you for

1326
00:44:51,670 --> 00:44:49,680
joining us over from kurt's channel um

1327
00:44:53,510 --> 00:44:51,680
regardless what pla platform you're on

1328
00:44:56,069 --> 00:44:53,520
and regardless what your support and

1329
00:44:58,950 --> 00:44:56,079
amount is you'll get access to the ama

1330
00:45:01,190 --> 00:44:58,960
um so please if you can support or want

1331
00:45:02,710 --> 00:45:01,200
to um even if you really hate us and

1332
00:45:04,630 --> 00:45:02,720
want to give us money to deal with

1333
00:45:06,470 --> 00:45:04,640
that's fine um sign up and you'll get

1334
00:45:07,910 --> 00:45:06,480
access to the ama as well we've got six

1335
00:45:09,990 --> 00:45:07,920
pages worth of questions which we'll

1336
00:45:11,589 --> 00:45:10,000
blast through it's pretty casual and

1337
00:45:13,750 --> 00:45:11,599
they go all over the place as well but

1338
00:45:16,710 --> 00:45:13,760

we enjoy doing those now and again

1339

00:45:20,790 --> 00:45:16,720

this saturday the 26th of march in the

1340

00:45:22,710 --> 00:45:20,800

uk 10 p.m uk and god the clocks changed

1341

00:45:24,069 --> 00:45:22,720

recently daylight savings time i saw a

1342

00:45:25,589 --> 00:45:24,079

big thing in the u.s about daylight

1343

00:45:27,750 --> 00:45:25,599

savings time

1344

00:45:29,750 --> 00:45:27,760

really confused me our clocks change on

1345

00:45:31,270 --> 00:45:29,760

sunday but apparently

1346

00:45:35,589 --> 00:45:31,280

10 pm uk

1347

00:45:39,030 --> 00:45:35,599

uh 6 p.m eastern and

1348

00:45:40,790 --> 00:45:39,040

4 3 p.m pacific that should be correct

1349

00:45:42,870 --> 00:45:40,800

for this saturday the 26th of march

1350

00:45:44,950 --> 00:45:42,880

we're gonna do a live youtube show and

1351

00:45:46,790 --> 00:45:44,960

we'll be taking people calling on i've

1352

00:45:48,790 --> 00:45:46,800

just checked yeah that's correct

1353

00:45:51,109 --> 00:45:48,800

eastern's now four hours behind us and

1354

00:45:53,510 --> 00:45:51,119

pacific is now seven hours behind us and

1355

00:45:54,630 --> 00:45:53,520

they used to be five and eight what what

1356

00:45:56,710 --> 00:45:54,640

about

1357

00:46:00,150 --> 00:45:56,720

middle america a central time it's now

1358

00:46:01,829 --> 00:46:00,160

five hours behind us nicely yeah i'm

1359

00:46:02,950 --> 00:46:01,839

getting good very good and i'm really

1360

00:46:04,710 --> 00:46:02,960

sorry if you're anywhere else in the

1361

00:46:06,309 --> 00:46:04,720

world just now i know australia is about

1362

00:46:07,750 --> 00:46:06,319

12 hours because my dad loves her but

1363

00:46:10,150 --> 00:46:07,760

bill guitar is the same time as east

1364

00:46:12,069 --> 00:46:10,160

coast so we know uh columbia is there

1365

00:46:13,670 --> 00:46:12,079

yeah we'll do it we'll talk about time

1366

00:46:15,349 --> 00:46:13,680

tones and differences when we do the

1367

00:46:16,950 --> 00:46:15,359

live but if you want to get involved

1368

00:46:19,430 --> 00:46:16,960

we'll arrange it on the evening you can

1369

00:46:21,990 --> 00:46:19,440

get a link to the live calling and get

1370

00:46:24,309 --> 00:46:22,000

involved if you want to email or send

1371

00:46:26,550 --> 00:46:24,319

over a video file or audio snippet of

1372

00:46:28,150 --> 00:46:26,560

you asking us a question we can easily

1373

00:46:30,230 --> 00:46:28,160

put that into the show as well if you

1374

00:46:31,829 --> 00:46:30,240

don't have the time or you can't make it

1375

00:46:33,030 --> 00:46:31,839

to be on the show with us live please

1376

00:46:34,710 --> 00:46:33,040

send us that and we'll play it and we'll

1377

00:46:35,910 --> 00:46:34,720

talk about it and answer it otherwise

1378

00:46:38,470 --> 00:46:35,920

it'll just be us sitting talking

1379

00:46:40,150 --> 00:46:38,480

nonsense for for 45 minutes or an hour

1380

00:46:42,069 --> 00:46:40,160

anyway which i'm sure we'll manage to do

1381

00:46:43,430 --> 00:46:42,079

but yeah please please send those over

1382

00:46:45,750 --> 00:46:43,440

i'll be a lot of fun to hear from people

1383

00:46:50,470 --> 00:46:45,760

as well you can ask us about anything um

1384

00:46:52,309 --> 00:46:50,480

ideally ufo related but go for it um dan

1385

00:46:53,990 --> 00:46:52,319

that's pretty much us

1386

00:46:55,430 --> 00:46:54,000

yeah that that's a that's a wrap there

1387

00:46:56,710 --> 00:46:55,440

for tom delong

1388

00:46:58,710 --> 00:46:56,720

2.5

1389

00:47:00,950 --> 00:46:58,720

i don't think he expected me

1417

00:48:23,910 --> 00:48:32,870

[Music]

1418

00:48:35,990 --> 00:48:34,390

i can't imagine how it could have been

1419

00:48:53,670 --> 00:48:36,000

any better

1420

00:48:58,109 --> 00:48:54,950

there was something on my head and

1421

00:49:02,970 --> 00:48:58,119

everything was weird and everything was

1422

00:49:16,630 --> 00:49:12,200

[Music]

1423

00:49:23,430 --> 00:49:16,640

if you really want to know who i think

1424

00:49:54,390 --> 00:49:31,990

[Music]

1425

00:50:02,390 --> 00:49:56,480

what's that

1426

00:50:04,890 --> 00:50:02,400

[Music]

1427

00:50:11,120 --> 00:50:04,900

it wasn't a tic-tac

1428

00:51:01,840 --> 00:50:51,190

[Music]
