[Music]

2
00:00:08,710 --> 00:00:06,789

there's a whole fleet of them look on

3
00:00:10,950 --> 00:00:08,720

the assay

4
00:00:14,310 --> 00:00:10,960

oh my gosh they're all going against the

5
00:00:18,950 --> 00:00:16,390

it was basically a cube with inside of

6
00:00:23,940 --> 00:00:18,960

sphere where the points of the cube

7
00:00:37,110 --> 00:00:33,200

[Music]

8
00:00:38,709 --> 00:00:37,120

[Applause]

9
00:00:40,950 --> 00:00:38,719

so this isn't anything that just is

10
00:00:48,389 --> 00:00:40,960

limited to the united states it's a

11
00:00:53,189 --> 00:00:50,869

hi everyone and welcome back to that ufo

12
00:00:54,630 --> 00:00:53,199

podcast my name is andy and following on

13
00:00:56,950 --> 00:00:54,640

from last week's interview with

14

00:00:58,389 --> 00:00:56,960

journalist daniel otis i wanted to

15

00:01:00,470 --> 00:00:58,399

invite another journalist onto the

16

00:01:02,470 --> 00:01:00,480

podcast who maybe is a little bit more

17

00:01:04,630 --> 00:01:02,480

experienced to give a perspective on

18

00:01:06,789 --> 00:01:04,640

what's happening right now and over the

19

00:01:09,429 --> 00:01:06,799

last few years in terms of ufos and new

20

00:01:11,429 --> 00:01:09,439

aps a reporter and editor for salem

21

00:01:13,429 --> 00:01:11,439

media he's published articles with hot

22

00:01:15,830 --> 00:01:13,439

air the national review the debrief

23

00:01:17,910 --> 00:01:15,840

washington times and many many more i'd

24

00:01:19,670 --> 00:01:17,920

like to welcome jaz shaw to the podcast

25

00:01:21,749 --> 00:01:19,680

jazz how are we today

26

00:01:24,310 --> 00:01:21,759

doing great thanks for having me annie

27

00:01:26,310 --> 00:01:24,320

awesome uh jazz we have spoken before

28

00:01:29,109 --> 00:01:26,320

well i say we have spoken we were in the

29

00:01:31,270 --> 00:01:29,119

middle of uh danny sheehan uh doing a

30

00:01:33,510 --> 00:01:31,280

monologue on the big phone home and at

31

00:01:35,109 --> 00:01:33,520

times we got to interrupt him so that

32

00:01:36,710 --> 00:01:35,119

was our kind of only kind of back and

33

00:01:38,550 --> 00:01:36,720

forward really um which was really

34

00:01:40,390 --> 00:01:38,560

enjoyable and of our son saying i've

35

00:01:42,310 --> 00:01:40,400

wanted to get you on i've seen you on

36

00:01:43,990 --> 00:01:42,320

unidentified celebrity review plenty of

37

00:01:45,749 --> 00:01:44,000

times and enjoy reading the articles

38

00:01:48,950 --> 00:01:45,759

that you post up as well

39

00:01:50,550 --> 00:01:48,960

um before we get into talking about ufos

40

00:01:52,230 --> 00:01:50,560

right now i want to give folks a little

41

00:01:54,310 --> 00:01:52,240

bit about yourself jazz and your

42

00:01:55,830 --> 00:01:54,320

background and who you are if you want

43

00:01:57,749 --> 00:01:55,840

to take us through in terms of you know

44

00:01:59,429 --> 00:01:57,759

growing up in a military experience and

45

00:02:01,109 --> 00:01:59,439

what's ultimately led you to this point

46

00:02:05,109 --> 00:02:01,119

in your life where you're writing

47

00:02:06,950 --> 00:02:05,119

regularly among other things about ufos

48

00:02:09,510 --> 00:02:06,960

sure uh

49

00:02:11,350 --> 00:02:09,520

i'm an old man i grew i was born

50

00:02:12,390 --> 00:02:11,360

in the 1950s

51

00:02:13,190 --> 00:02:12,400

uh

52

00:02:18,070 --> 00:02:13,200

i

53

00:02:20,830 --> 00:02:18,080

country and uh

54

00:02:22,630 --> 00:02:20,840

went to school very nothing really

55

00:02:25,750 --> 00:02:22,640

descriptive uh

56

00:02:27,830 --> 00:02:25,760

i wound up specializing in english and

57

00:02:28,949 --> 00:02:27,840

electronics technology i went into the

58

00:02:33,990 --> 00:02:28,959

navy

59

00:02:36,390 --> 00:02:34,000

working in radar systems

60

00:02:38,390 --> 00:02:36,400

and when i got done with that and went

61

00:02:41,110 --> 00:02:38,400

out in the civilian world i was working

62

00:02:43,190 --> 00:02:41,120

initially in electronics technology

63

00:02:46,070 --> 00:02:43,200

engineering and design

64

00:02:47,830 --> 00:02:46,080

and i slowly switched over from that to

65

00:02:50,390 --> 00:02:47,840

doing technical writing about those

66

00:02:52,470 --> 00:02:50,400

topics and then a bunch more technical

67

00:02:54,309 --> 00:02:52,480

topics and i spent some time

68

00:02:55,589 --> 00:02:54,319

writing technical manuals and whatnot

69

00:02:58,710 --> 00:02:55,599

and uh

70

00:03:01,030 --> 00:02:58,720

then i transitioned out of that about 20

71

00:03:03,670 --> 00:03:01,040

years ago and went into more

72

00:03:05,110 --> 00:03:03,680

energy energy related field and writing

73

00:03:07,670 --> 00:03:05,120

about the government

74

00:03:09,509 --> 00:03:07,680

uh i finally wound up

75

00:03:12,070 --> 00:03:09,519

going to work about

76

00:03:13,190 --> 00:03:12,080

12 years ago for salem media

77

00:03:14,949 --> 00:03:13,200

and

78

00:03:19,509 --> 00:03:14,959

writing for them on their primary

79

00:03:21,830 --> 00:03:19,519

websites their print magazine and uh

80

00:03:24,550 --> 00:03:21,840

doing a lot of spots and uh work on

81

00:03:26,710 --> 00:03:24,560

their radio network they've got 150

82

00:03:27,589 --> 00:03:26,720

radio stations around the country

83

00:03:33,750 --> 00:03:27,599

so

84

00:03:36,869 --> 00:03:33,760

nuts and bolts stuff to writing and

85

00:03:39,350 --> 00:03:36,879

i never wrote although i had a lifelong

86

00:03:41,430 --> 00:03:39,360

interest originally just from the sci-fi

87

00:03:42,550 --> 00:03:41,440

angle and later some of the scientific

88

00:03:47,270 --> 00:03:42,560

questions

89

00:03:48,309 --> 00:03:47,280

i never wrote professionally about ufos

90

00:03:51,589 --> 00:03:48,319

until

91

00:03:53,190 --> 00:03:51,599

late 2017 and the first week of 2018 was

92

00:03:55,670 --> 00:03:53,200

the first time because it wasn't a

93

00:03:56,949 --> 00:03:55,680

subject that our publisher talks about

94

00:03:59,509 --> 00:03:56,959

you weren't allowed to write about that

95

00:04:01,910 --> 00:03:59,519

it was not taken seriously

96

00:04:02,949 --> 00:04:01,920

they don't like to be seen as silly

97

00:04:05,589 --> 00:04:02,959

and yeah

98

00:04:07,509 --> 00:04:05,599

after the 2017 uh december new york

99

00:04:09,110 --> 00:04:07,519

times article came out

100

00:04:11,670 --> 00:04:09,120

i went and

101
00:04:13,750 --> 00:04:11,680
as gently as i could contacted

102
00:04:15,750 --> 00:04:13,760
our the management of our division

103
00:04:17,509 --> 00:04:15,760
and i said you know this this isn't

104
00:04:18,870 --> 00:04:17,519
little green men this is a government

105
00:04:21,349 --> 00:04:18,880
program and the government's talking

106
00:04:22,870 --> 00:04:21,359
about government funding it is sort of

107
00:04:25,189 --> 00:04:22,880
applicable to us and i think people

108
00:04:27,510 --> 00:04:25,199
might be interested you know

109
00:04:28,870 --> 00:04:27,520
what if i wrote about that

110
00:04:30,950 --> 00:04:28,880
and

111
00:04:31,830 --> 00:04:30,960
i it took two weeks for them to get back

112
00:04:34,469 --> 00:04:31,840
to me

113
00:04:35,830 --> 00:04:34,479

and uh well more like a week i think it

114

00:04:36,870 --> 00:04:35,840

was a while ago

115

00:04:40,710 --> 00:04:36,880

and

116

00:04:42,550 --> 00:04:40,720

got a very tentative answer that was

117

00:04:43,990 --> 00:04:42,560

like well this is a real slow time of

118

00:04:45,909 --> 00:04:44,000

the years not not that many people

119

00:04:48,150 --> 00:04:45,919

reading anyway so

120

00:04:49,670 --> 00:04:48,160

okay we could try it and see how it goes

121

00:04:51,430 --> 00:04:49,680

so i wrote the first article and the

122

00:04:52,230 --> 00:04:51,440

second article

123

00:04:53,830 --> 00:04:52,240

um

124

00:04:56,310 --> 00:04:53,840

really just about the stuff the new york

125

00:04:57,749 --> 00:04:56,320

times was reporting the secret pentagon

126
00:04:59,270 --> 00:04:57,759
program and

127
00:05:00,310 --> 00:04:59,280
all that

128
00:05:01,990 --> 00:05:00,320
and

129
00:05:03,430 --> 00:05:02,000
before i did another one i i had to go

130
00:05:04,950 --> 00:05:03,440
back and check with them and like okay

131
00:05:06,390 --> 00:05:04,960
well there's this other thing that came

132
00:05:08,230 --> 00:05:06,400
out of it which looks interesting maybe

133
00:05:09,270 --> 00:05:08,240
i could write and they're like well

134
00:05:11,029 --> 00:05:09,280
okay

135
00:05:12,550 --> 00:05:11,039
and it turned out that that first pair

136
00:05:14,629 --> 00:05:12,560
of articles uh

137
00:05:15,909 --> 00:05:14,639
they they were the highest traffic

138
00:05:17,990 --> 00:05:15,919

articles on the site for the entire

139

00:05:19,670 --> 00:05:18,000

month you know and

140

00:05:21,670 --> 00:05:19,680

it became clear quickly that there were

141

00:05:23,670 --> 00:05:21,680

a lot of people who were interested not

142

00:05:26,070 --> 00:05:23,680

everybody agreed there's a big debate

143

00:05:27,350 --> 00:05:26,080

going on in our discussion forums and

144

00:05:28,550 --> 00:05:27,360

stuff and some people were like you're

145

00:05:30,790 --> 00:05:28,560

crazy why are you writing about this

146

00:05:32,870 --> 00:05:30,800

this is nonsense and other would be no

147

00:05:34,790 --> 00:05:32,880

no this is this is very real and this is

148

00:05:36,550 --> 00:05:34,800

very exciting news and i think that's

149

00:05:38,150 --> 00:05:36,560

what helped drive the traffic

150

00:05:40,230 --> 00:05:38,160

and by about the fourth time i went to

151
00:05:43,189 --> 00:05:40,240
them uh our management came back and

152
00:05:45,590 --> 00:05:43,199
told me um you don't have to ask anymore

153
00:05:47,670 --> 00:05:45,600
you're the ufo guy now you know

154
00:05:49,029 --> 00:05:47,680
yeah which i i've told people that story

155
00:05:50,830 --> 00:05:49,039
before and i've

156
00:05:53,350 --> 00:05:50,840
i've always felt a little

157
00:05:54,790 --> 00:05:53,360
um of two minds

158
00:05:56,790 --> 00:05:54,800
because when somebody says that to you

159
00:05:58,469 --> 00:05:56,800
it's like you know i've been spending a

160
00:06:00,070 --> 00:05:58,479
long time writing about really serious

161
00:06:01,749 --> 00:06:00,080
stuff do i want to be

162
00:06:03,830 --> 00:06:01,759
the ufo guy

163
00:06:06,870 --> 00:06:03,840

sure but i still write about all the

164

00:06:09,350 --> 00:06:06,880

other stuff too um except when i joined

165

00:06:11,270 --> 00:06:09,360

the debrief last year uh

166

00:06:12,550 --> 00:06:11,280

and started writing for micah hank's

167

00:06:14,550 --> 00:06:12,560

crew over there

168

00:06:16,710 --> 00:06:14,560

um i i don't read about any of that

169

00:06:19,670 --> 00:06:16,720

other stuff so i do a couple science and

170

00:06:21,670 --> 00:06:19,680

military defense articles but 90 percent

171

00:06:23,430 --> 00:06:21,680

of it all i write about is ufos because

172

00:06:25,749 --> 00:06:23,440

that's where my interest is you know

173

00:06:27,189 --> 00:06:25,759

sure that that first article the link

174

00:06:29,029 --> 00:06:27,199

for it will be in the description to the

175

00:06:31,110 --> 00:06:29,039

podcast and it's not a long article and

176

00:06:33,029 --> 00:06:31,120

like you say it's a piece on that new

177

00:06:35,510 --> 00:06:33,039

york times piece about a week or so out

178

00:06:37,430 --> 00:06:35,520

from that how did you feel yourself

179

00:06:39,590 --> 00:06:37,440

writing that you said your initial

180

00:06:41,590 --> 00:06:39,600

interest in the subject was just through

181

00:06:43,029 --> 00:06:41,600

you know science fiction tv shows movies

182

00:06:45,670 --> 00:06:43,039

whatever they were at the time growing

183

00:06:48,309 --> 00:06:45,680

up you've not had any life altering

184

00:06:50,550 --> 00:06:48,319

experiences you know nothing like that

185

00:06:52,950 --> 00:06:50,560

in terms in terms of ufos how did you

186

00:06:54,790 --> 00:06:52,960

feel writing that article and delving

187

00:06:57,110 --> 00:06:54,800

into that world as something you weren't

188

00:06:59,830 --> 00:06:57,120

too familiar with in writing terms

189

00:07:01,909 --> 00:06:59,840

i i was a little nervous i'll confess um

190

00:07:03,350 --> 00:07:01,919

but i was also very interested and i

191

00:07:04,790 --> 00:07:03,360

just i had a hunch i thought you know

192

00:07:07,830 --> 00:07:04,800

people are gonna

193

00:07:09,830 --> 00:07:07,840

and no i

194

00:07:12,150 --> 00:07:09,840

i hadn't at that time had any life

195

00:07:14,070 --> 00:07:12,160

altering experiences um that changed for

196

00:07:15,990 --> 00:07:14,080

me in 2020

197

00:07:17,510 --> 00:07:16,000

when i suddenly had a cavalcade of

198

00:07:19,350 --> 00:07:17,520

life-altering experience as my wife and

199

00:07:21,430 --> 00:07:19,360

i did but uh

200

00:07:23,350 --> 00:07:21,440

up until then you know it it was always

201
00:07:25,189 --> 00:07:23,360
abstract for me it was like well i i

202
00:07:26,070 --> 00:07:25,199
guess this could all be real but it

203
00:07:29,749 --> 00:07:26,080
might

204
00:07:31,670 --> 00:07:29,759
conventional or

205
00:07:32,870 --> 00:07:31,680
whatever but i was certainly curious and

206
00:07:34,550 --> 00:07:32,880
it seemed like the government was being

207
00:07:36,469 --> 00:07:34,560
awfully secretive about it for something

208
00:07:38,469 --> 00:07:36,479
if it was just something mundane you

209
00:07:39,749 --> 00:07:38,479
know why would you try to keep it secret

210
00:07:43,189 --> 00:07:39,759
like that

211
00:07:46,550 --> 00:07:45,029
what what about the story stood out to

212
00:07:48,550 --> 00:07:46,560
you was it the fact it was the new york

213
00:07:50,950 --> 00:07:48,560

times writing about it or

214

00:07:52,710 --> 00:07:50,960

well-respected journalists or was it

215

00:07:55,110 --> 00:07:52,720

like you say the fact it wasn't little

216

00:07:56,629 --> 00:07:55,120

green men it wasn't the x-files logo

217

00:07:59,510 --> 00:07:56,639

placid across the

218

00:08:01,990 --> 00:07:59,520

the piece you know

219

00:08:04,790 --> 00:08:02,000

yeah i i think it was a combination

220

00:08:06,950 --> 00:08:04,800

of those things i i found

221

00:08:08,869 --> 00:08:06,960

because i've long before i ever wrote

222

00:08:10,830 --> 00:08:08,879

one word about ufos i've written a lot

223

00:08:13,670 --> 00:08:10,840

about government transparency over

224

00:08:15,510 --> 00:08:13,680

classification um secret you know

225

00:08:17,589 --> 00:08:15,520

unwarranted secrecy particularly in

226

00:08:19,350 --> 00:08:17,599

military matters and things

227

00:08:20,550 --> 00:08:19,360

and and the government

228

00:08:23,350 --> 00:08:20,560

let's be honest and i'm speaking of the

229

00:08:24,629 --> 00:08:23,360

american government of course

230

00:08:26,790 --> 00:08:24,639

the government's done some very bad

231

00:08:28,790 --> 00:08:26,800

things in the past and they've hidden it

232

00:08:30,469 --> 00:08:28,800

and we don't find out until much much

233

00:08:32,230 --> 00:08:30,479

later when all the people that would be

234

00:08:33,110 --> 00:08:32,240

held accountable are dead

235

00:08:35,509 --> 00:08:33,120

you know

236

00:08:36,709 --> 00:08:35,519

uh for any of your

237

00:08:38,870 --> 00:08:36,719

viewers who

238

00:08:41,269 --> 00:08:38,880

might not be familiar you can go google

239

00:08:43,110 --> 00:08:41,279

something called the tuskegee syphilis

240

00:08:45,750 --> 00:08:43,120

experiments you know that was something

241

00:08:47,670 --> 00:08:45,760

the government did and they

242

00:08:49,670 --> 00:08:47,680

they were literally killing black people

243

00:08:50,630 --> 00:08:49,680

just letting them die to see what would

244

00:08:52,070 --> 00:08:50,640

happen

245

00:08:53,509 --> 00:08:52,080

because they gave them fake drugs saying

246

00:08:55,509 --> 00:08:53,519

this is going to cure your syphilis and

247

00:08:56,870 --> 00:08:55,519

then they monitor them

248

00:08:59,350 --> 00:08:56,880

and watch them go through the various

249

00:09:02,150 --> 00:08:59,360

stages until they died you know it was

250

00:09:03,509 --> 00:09:02,160

evil and that's a thing they did um

251
00:09:04,870 --> 00:09:03,519
they've taken

252
00:09:07,269 --> 00:09:04,880
they had programs where they were taking

253
00:09:09,110 --> 00:09:07,279
our own troops our own military and

254
00:09:10,630 --> 00:09:09,120
administering drugs to them without

255
00:09:11,509 --> 00:09:10,640
telling them just to see what would

256
00:09:13,269 --> 00:09:11,519
happen

257
00:09:14,870 --> 00:09:13,279
you know and that's all documented and

258
00:09:16,230 --> 00:09:14,880
we didn't find out until the guilty

259
00:09:18,790 --> 00:09:16,240
parties were all dead

260
00:09:20,070 --> 00:09:18,800
but they they do stuff and i i never i

261
00:09:21,110 --> 00:09:20,080
never take it for granted that we're

262
00:09:25,190 --> 00:09:21,120
being

263
00:09:26,550 --> 00:09:25,200

all of the information and stuff isn't

264

00:09:27,910 --> 00:09:26,560

being held back

265

00:09:31,269 --> 00:09:27,920

that even applies when i go through the

266

00:09:33,670 --> 00:09:31,279

foia process and submit foia requests

267

00:09:35,350 --> 00:09:33,680

i've gotten answers that i knew were

268

00:09:37,590 --> 00:09:35,360

blatantly false from the government to a

269

00:09:39,829 --> 00:09:37,600

foia request i i requested a document

270

00:09:42,070 --> 00:09:39,839

that i already had a copy of in my hand

271

00:09:43,350 --> 00:09:42,080

and they wrote back to me and they said

272

00:09:44,230 --> 00:09:43,360

nope we don't have any document like

273

00:09:46,310 --> 00:09:44,240

that

274

00:09:47,910 --> 00:09:46,320

and i sent them the document back and i

275

00:09:50,230 --> 00:09:47,920

didn't get an answer

276

00:09:53,269 --> 00:09:50,240

so you know they're not always truthful

277

00:09:54,870 --> 00:09:53,279

so yeah i i think journalists have to be

278

00:09:56,150 --> 00:09:54,880

on their toes and do our best to try to

279

00:09:58,630 --> 00:09:56,160

hold them accountable

280

00:10:00,710 --> 00:09:58,640

and get information out of them

281

00:10:02,949 --> 00:10:00,720

if i had spoken to you

282

00:10:04,630 --> 00:10:02,959

on the day of writing that that article

283

00:10:07,030 --> 00:10:04,640

about to publish that first article on

284

00:10:08,870 --> 00:10:07,040

ufos and asked you what is your opinion

285

00:10:10,710 --> 00:10:08,880

on all of this you know you can see what

286

00:10:12,949 --> 00:10:10,720

it looks like you talked about objects

287

00:10:14,550 --> 00:10:12,959

moving at mach 9 or faster

288

00:10:17,190 --> 00:10:14,560

you know we find out there's these

289

00:10:18,550 --> 00:10:17,200

videos of these white tic tacs

290

00:10:19,829 --> 00:10:18,560

and like again you mentioned in the

291

00:10:22,710 --> 00:10:19,839

article that i've been floating about

292

00:10:24,550 --> 00:10:22,720

online for a while no pun intended

293

00:10:26,310 --> 00:10:24,560

what would your opinion have been on if

294

00:10:28,790 --> 00:10:26,320

i said what do you make of all this ufo

295

00:10:30,630 --> 00:10:28,800

stuff what would jazz have said in 2017

296

00:10:33,190 --> 00:10:30,640

that it was

297

00:10:35,190 --> 00:10:33,200

i would have honestly said

298

00:10:37,829 --> 00:10:35,200

this well part at least partly the same

299

00:10:39,750 --> 00:10:37,839

thing i'll tell you today i have no idea

300

00:10:41,590 --> 00:10:39,760

i don't know what those things are um

301
00:10:44,389 --> 00:10:41,600
back then i would have given more

302
00:10:46,790 --> 00:10:44,399
credence to

303
00:10:47,829 --> 00:10:46,800
uh the idea that well maybe it's some

304
00:10:49,430 --> 00:10:47,839
really

305
00:10:53,030 --> 00:10:49,440
deep

306
00:10:55,509 --> 00:10:53,040
single well black funded object

307
00:10:58,630 --> 00:10:55,519
program of ours

308
00:10:59,990 --> 00:10:58,640
maybe the russians um back in the early

309
00:11:01,829 --> 00:11:00,000
days not so much the chinese they've

310
00:11:04,230 --> 00:11:01,839
only really come on to the tech scene

311
00:11:06,470 --> 00:11:04,240
for all that stuff far more recently

312
00:11:09,110 --> 00:11:06,480
but uh i would have given some credence

313
00:11:10,470 --> 00:11:09,120

to that i also i feel embarrassed to say

314

00:11:13,990 --> 00:11:10,480

it today

315

00:11:15,190 --> 00:11:14,000

but i also did not entirely discount the

316

00:11:17,910 --> 00:11:15,200

idea that there could have been some

317

00:11:19,350 --> 00:11:17,920

sort of mass hysteria going on uh some

318

00:11:21,670 --> 00:11:19,360

people were just confusing things they

319

00:11:23,750 --> 00:11:21,680

saw for other things you know

320

00:11:26,150 --> 00:11:23,760

um even when they had those videos you

321

00:11:27,670 --> 00:11:26,160

know the gimbal and the go fast i i

322

00:11:29,670 --> 00:11:27,680

looked at those and i was like yeah that

323

00:11:31,269 --> 00:11:29,680

looks really interesting but then again

324

00:11:32,949 --> 00:11:31,279

it's through a gun camera it's kind of

325

00:11:34,310 --> 00:11:32,959

grainy they're pretty short

326

00:11:35,990 --> 00:11:34,320

could could they have been filming

327

00:11:38,870 --> 00:11:36,000

something else even a meteorological

328

00:11:41,750 --> 00:11:38,880

phenomena or something maybe you know

329

00:11:43,350 --> 00:11:41,760

uh i still remember when the first one

330

00:11:46,470 --> 00:11:43,360

came out of which one's the one with a

331

00:11:47,670 --> 00:11:46,480

little dot going really fast um go fast

332

00:11:50,470 --> 00:11:47,680

go faster

333

00:11:52,389 --> 00:11:50,480

yeah my father-in-law was a career

334

00:11:53,910 --> 00:11:52,399

military man who worked on very secret

335

00:11:55,350 --> 00:11:53,920

programs literally

336

00:11:57,190 --> 00:11:55,360

literally a rocket scientist helped

337

00:12:00,150 --> 00:11:57,200

develop the harm missile system and

338

00:12:02,389 --> 00:12:00,160

later worked in uh planning uh airborne

339

00:12:04,629 --> 00:12:02,399

combat scenarios for training

340

00:12:06,550 --> 00:12:04,639

and uh i showed that to him

341

00:12:09,269 --> 00:12:06,560

and he said oh i know what that is and i

342

00:12:11,430 --> 00:12:09,279

said what is it he goes that that's a

343

00:12:13,430 --> 00:12:11,440

training device it's not really there

344

00:12:15,590 --> 00:12:13,440

it's on the gun camera it's a fake

345

00:12:18,629 --> 00:12:15,600

target to see if they can lock in on it

346

00:12:19,990 --> 00:12:18,639

and get a lock and i was like oh and i

347

00:12:20,870 --> 00:12:20,000

walked away from that thinking oh this

348

00:12:22,870 --> 00:12:20,880

is fake

349

00:12:24,550 --> 00:12:22,880

yeah you know

350

00:12:26,069 --> 00:12:24,560

but then later he came back and he goes

351

00:12:27,910 --> 00:12:26,079

okay i've been following the rest of the

352

00:12:29,509 --> 00:12:27,920

stuff he sent me i'm not so sure anymore

353

00:12:30,790 --> 00:12:29,519

that that might not have been a fake

354

00:12:33,269 --> 00:12:30,800

target

355

00:12:35,350 --> 00:12:33,279

so yeah my answer back then would have

356

00:12:38,710 --> 00:12:35,360

been i don't know i had other

357

00:12:40,389 --> 00:12:38,720

possibilities you you asked me today and

358

00:12:43,350 --> 00:12:40,399

there's been

359

00:12:45,269 --> 00:12:43,360

just so much other evidence other stuff

360

00:12:46,949 --> 00:12:45,279

that's been leaked out

361

00:12:48,310 --> 00:12:46,959

finding out about the programs they were

362

00:12:50,629 --> 00:12:48,320

running and the amount of energy they

363

00:12:53,670 --> 00:12:50,639

were putting into these efforts to study

364

00:12:55,269 --> 00:12:53,680

it and then like i suggested earlier my

365

00:12:58,230 --> 00:12:55,279

wife and i had five sightings between

366

00:13:00,550 --> 00:12:58,240

november of 2019 and uh

367

00:13:02,230 --> 00:13:00,560

and last november

368

00:13:06,389 --> 00:13:02,240

and

369

00:13:09,030 --> 00:13:06,399

know because now

370

00:13:10,949 --> 00:13:09,040

i i see stories about well this could be

371

00:13:12,389 --> 00:13:10,959

you know it's probably just some secret

372

00:13:14,550 --> 00:13:12,399

program it's like

373

00:13:15,829 --> 00:13:14,560

i know what i saw we didn't build that

374

00:13:17,990 --> 00:13:15,839

come on man

375

00:13:19,269 --> 00:13:18,000

you know if if we got something that can

376

00:13:21,509 --> 00:13:19,279

do all that

377

00:13:23,190 --> 00:13:21,519

particularly what i saw with my own eyes

378

00:13:24,790 --> 00:13:23,200

then the government's got a lot of

379

00:13:25,990 --> 00:13:24,800

questions to answer when did you come up

380

00:13:27,750 --> 00:13:26,000

with this tech how long have you known

381

00:13:29,509 --> 00:13:27,760

how to do this stuff and why haven't you

382

00:13:31,829 --> 00:13:29,519

shared it with anyone else when it could

383

00:13:33,750 --> 00:13:31,839

so dramatically change the world you

384

00:13:35,030 --> 00:13:33,760

know and you've just been hiding it you

385

00:13:36,069 --> 00:13:35,040

know

386

00:13:37,590 --> 00:13:36,079

and

387

00:13:39,509 --> 00:13:37,600

so i don't

388

00:13:42,150 --> 00:13:39,519

now i i now i'm leaning if you if you

389

00:13:43,189 --> 00:13:42,160

ask me where that stuff comes from i'm

390

00:13:44,389 --> 00:13:43,199

like

391

00:13:46,710 --> 00:13:44,399

90

392

00:13:50,389 --> 00:13:46,720

it's something completely unconventional

393

00:13:53,350 --> 00:13:50,399

and probably not from here i'll leave a

394

00:13:54,949 --> 00:13:53,360

small much smaller possibility that okay

395

00:13:57,030 --> 00:13:54,959

maybe they've really been pulling a

396

00:13:59,430 --> 00:13:57,040

little wool over our eyes but boy it's

397

00:14:01,030 --> 00:13:59,440

harder and harder to believe

398

00:14:03,750 --> 00:14:01,040

when you see obviously you've had five

399

00:14:05,430 --> 00:14:03,760

sightings and if you're saying that

400

00:14:07,269 --> 00:14:05,440

these sightings involve things happening

401
00:14:09,110 --> 00:14:07,279
that it's not ours so i take it you're

402
00:14:10,629 --> 00:14:09,120
not seeing what's clearly a satellite in

403
00:14:12,949 --> 00:14:10,639
the sky it's something that's going to

404
00:14:14,710 --> 00:14:12,959
be closer or maneuvering in a way that

405
00:14:17,030 --> 00:14:14,720
you're you're quite certain it's that

406
00:14:19,750 --> 00:14:17,040
something else what were you seeing that

407
00:14:22,949 --> 00:14:19,760
really decided for you this isn't ours

408
00:14:24,310 --> 00:14:22,959
in terms of you necessarily being human

409
00:14:27,829 --> 00:14:24,320
before

410
00:14:30,389 --> 00:14:27,839
november of 2020 i like everybody else i

411
00:14:32,230 --> 00:14:30,399
i know at some point i i probably well i

412
00:14:33,910 --> 00:14:32,240
definitely occasionally would see you

413
00:14:35,910 --> 00:14:33,920

see a light in the sky maybe it looks

414

00:14:37,910 --> 00:14:35,920

like it's doing something a little weird

415

00:14:39,590 --> 00:14:37,920

it could be something anomalous so it

416

00:14:42,150 --> 00:14:39,600

could be i don't know what a satellite

417

00:14:43,750 --> 00:14:42,160

looks like you know uh you know it

418

00:14:46,470 --> 00:14:43,760

couldn't be a lightning bug that was who

419

00:14:47,509 --> 00:14:46,480

knows right yeah but now

420

00:14:49,829 --> 00:14:47,519

in uh

421

00:14:51,430 --> 00:14:49,839

november of 2020 uh i went out on my

422

00:14:52,710 --> 00:14:51,440

front porch one evening

423

00:14:53,509 --> 00:14:52,720

and

424

00:15:10,069 --> 00:14:53,519

i

425

00:15:13,110 --> 00:15:10,079

ball

426

00:15:15,509 --> 00:15:13,120

or globe or i don't know

427

00:15:18,150 --> 00:15:15,519

and it was all these different colors

428

00:15:20,470 --> 00:15:18,160

and it was really slowly just moving

429

00:15:21,509 --> 00:15:20,480

along and going up and down that would

430

00:15:24,069 --> 00:15:21,519

stop

431

00:15:26,629 --> 00:15:24,079

and then it would come back and

432

00:15:28,150 --> 00:15:26,639

as soon as i saw it moving i grabbed my

433

00:15:29,509 --> 00:15:28,160

camera out of my pocket and i went

434

00:15:30,790 --> 00:15:29,519

across the street because we have street

435

00:15:31,590 --> 00:15:30,800

lights i want to get on the other side

436

00:15:33,350 --> 00:15:31,600

to

437

00:15:34,710 --> 00:15:33,360

cut out the street lights and i started

438

00:15:36,790 --> 00:15:34,720

filming this thing

439

00:15:39,509 --> 00:15:36,800

i filmed it for five minutes

440

00:15:41,110 --> 00:15:39,519

it it didn't go away it just went back

441

00:15:42,710 --> 00:15:41,120

and forth and up and down and just kept

442

00:15:44,389 --> 00:15:42,720

changing through like all the colors of

443

00:15:46,470 --> 00:15:44,399

the spectrum i'd never seen anything

444

00:15:47,189 --> 00:15:46,480

like it that's on my youtube page by the

445

00:15:48,629 --> 00:15:47,199

way

446

00:15:51,189 --> 00:15:48,639

um

447

00:15:52,949 --> 00:15:51,199

and uh but it it didn't do anything else

448

00:15:55,749 --> 00:15:52,959

and my wife came out and looked she saw

449

00:15:57,670 --> 00:15:55,759

you know uh because i texted her and uh

450

00:15:59,509 --> 00:15:57,680

i i finally i just

451
00:16:01,509 --> 00:15:59,519
i gave up and went back inside because

452
00:16:03,110 --> 00:16:01,519
it's not doing anything else that's

453
00:16:04,550 --> 00:16:03,120
weird

454
00:16:06,069 --> 00:16:04,560
so that one wasn't

455
00:16:07,990 --> 00:16:06,079
really definitive because like i said it

456
00:16:10,069 --> 00:16:08,000
was kind of far away but it wasn't a dot

457
00:16:12,150 --> 00:16:10,079
of light it was it was a ball it was a

458
00:16:14,389 --> 00:16:12,160
shape it looked round

459
00:16:15,990 --> 00:16:14,399
or unless it was a disc on its side i

460
00:16:18,230 --> 00:16:16,000
don't really know

461
00:16:19,590 --> 00:16:18,240
um that one caught my attention and left

462
00:16:21,189 --> 00:16:19,600
me with a lot of questions but it wasn't

463
00:16:23,189 --> 00:16:21,199

too definitive

464

00:16:24,949 --> 00:16:23,199

later that same week my wife was out

465

00:16:26,629 --> 00:16:24,959

walking the dog and she had walked we

466

00:16:28,069 --> 00:16:26,639

live up near the corner of the block and

467

00:16:29,509 --> 00:16:28,079

she was on the street

468

00:16:30,310 --> 00:16:29,519

next to the house i was out in the back

469

00:16:33,590 --> 00:16:30,320

deck

470

00:16:35,030 --> 00:16:33,600

and she she's able to film this one

471

00:16:36,949 --> 00:16:35,040

it was late at night it was a cloudy

472

00:16:38,470 --> 00:16:36,959

night not great weather so again this

473

00:16:41,430 --> 00:16:38,480

video is horrible you could only see a

474

00:16:44,230 --> 00:16:41,440

few dots yeah but

475

00:16:46,150 --> 00:16:44,240

sudden just coming from the west

476

00:16:47,749 --> 00:16:46,160

and going right over our house was

477

00:16:49,749 --> 00:16:47,759

something that blocked out the clouds

478

00:16:52,069 --> 00:16:49,759

and for all the world it looked like a

479

00:16:54,710 --> 00:16:52,079

triangle in shape and it was moving

480

00:16:56,310 --> 00:16:54,720

slowly and it was moving really silently

481

00:16:59,110 --> 00:16:56,320

and on the bottom side of it there were

482

00:17:01,430 --> 00:16:59,120

all these little lights but they weren't

483

00:17:02,629 --> 00:17:01,440

like they were attached to whatever the

484

00:17:03,590 --> 00:17:02,639

thing was

485

00:17:05,350 --> 00:17:03,600

because

486

00:17:06,789 --> 00:17:05,360

they were they were different colored

487

00:17:08,150 --> 00:17:06,799

and they were moving in relation like

488

00:17:09,829 --> 00:17:08,160

maybe they were just floating underneath

489

00:17:13,029 --> 00:17:09,839

it and my wife's just filming it and

490

00:17:15,189 --> 00:17:13,039

she's like what the f is that you know

491

00:17:17,750 --> 00:17:15,199

and but it just it didn't do anything it

492

00:17:20,549 --> 00:17:17,760

just glided over the house didn't make

493

00:17:21,990 --> 00:17:20,559

any sound whatsoever it was huge i i

494

00:17:23,750 --> 00:17:22,000

would guesstimate it had to be at least

495

00:17:25,270 --> 00:17:23,760

500 feet across

496

00:17:27,429 --> 00:17:25,280

and it just kept on going and it went

497

00:17:29,110 --> 00:17:27,439

off towards the horizon and never saw it

498

00:17:29,909 --> 00:17:29,120

again

499

00:17:31,190 --> 00:17:29,919

uh

500

00:17:33,669 --> 00:17:31,200

the other three

501
00:17:34,789 --> 00:17:33,679
last year first one was in early june

502
00:17:37,350 --> 00:17:34,799
um

503
00:17:39,590 --> 00:17:37,360
we saw i saw two of them she saw no i

504
00:17:41,110 --> 00:17:39,600
saw three of them she saw two of them

505
00:17:43,669 --> 00:17:41,120
it was either

506
00:17:45,029 --> 00:17:43,679
the same type of thing three times or it

507
00:17:47,190 --> 00:17:45,039
was the same thing coming back three

508
00:17:49,270 --> 00:17:47,200
times and in the conventional language

509
00:17:51,270 --> 00:17:49,280
that everybody uses today it was a tic

510
00:17:53,830 --> 00:17:51,280
tac and it wasn't at night it was in

511
00:17:55,590 --> 00:17:53,840
broad daylight it clear blue sky

512
00:17:57,270 --> 00:17:55,600
and i was once again out back on my deck

513
00:17:58,789 --> 00:17:57,280

in the afternoon forget what i was doing

514

00:18:01,029 --> 00:17:58,799

i just happened to be looking up because

515

00:18:02,549 --> 00:18:01,039

there were two conventional planes

516

00:18:04,630 --> 00:18:02,559

uh coming from the little regional

517

00:18:06,230 --> 00:18:04,640

airport near us going over and i just

518

00:18:08,310 --> 00:18:06,240

happened to be you know i always watch

519

00:18:10,390 --> 00:18:08,320

the planes i don't i don't know why

520

00:18:12,150 --> 00:18:10,400

and as they were going by coming from

521

00:18:13,510 --> 00:18:12,160

the other direction down quite a bit

522

00:18:15,270 --> 00:18:13,520

lower

523

00:18:17,110 --> 00:18:15,280

was something white that i first thought

524

00:18:19,430 --> 00:18:17,120

of another plane

525

00:18:21,350 --> 00:18:19,440

except it wasn't leaving a contrail and

526
00:18:23,270 --> 00:18:21,360
it was smaller because it was down lower

527
00:18:24,789 --> 00:18:23,280
but it looked smaller than the than the

528
00:18:26,830 --> 00:18:24,799
jets

529
00:18:30,549 --> 00:18:26,840
and again like everybody always says no

530
00:18:31,830 --> 00:18:30,559
noise and it came closer as it was going

531
00:18:32,710 --> 00:18:31,840
by

532
00:18:34,710 --> 00:18:32,720
and

533
00:18:35,990 --> 00:18:34,720
it was just this white

534
00:18:38,789 --> 00:18:36,000
tube

535
00:18:39,990 --> 00:18:38,799
uh i would say about the length of a bus

536
00:18:43,430 --> 00:18:40,000
maybe

537
00:18:45,029 --> 00:18:43,440
but no tail no wings uh no windows no

538
00:18:46,950 --> 00:18:45,039

nothing that i could see it was just

539

00:18:49,590 --> 00:18:46,960

this thing

540

00:18:51,909 --> 00:18:49,600

and that's when i reached for my pocket

541

00:18:53,590 --> 00:18:51,919

to grab my phone because by this point

542

00:18:55,750 --> 00:18:53,600

i've always tried to be ready

543

00:18:57,430 --> 00:18:55,760

and that's when i realized my phone was

544

00:18:58,549 --> 00:18:57,440

like five percent i left inside in the

545

00:19:00,390 --> 00:18:58,559

charger

546

00:19:02,310 --> 00:19:00,400

so i go smashing through the door

547

00:19:04,950 --> 00:19:02,320

screaming for my wife

548

00:19:06,630 --> 00:19:04,960

get your phone get out front because i

549

00:19:09,190 --> 00:19:06,640

figured it's going

550

00:19:10,950 --> 00:19:09,200

this way you know past my house if i run

551
00:19:13,029 --> 00:19:10,960
out front i'll see it on the other side

552
00:19:15,669 --> 00:19:13,039
and i go running in and i rip my phone

553
00:19:17,990 --> 00:19:15,679
off the charger and i go out front

554
00:19:20,070 --> 00:19:18,000
and uh my wife's already out there

555
00:19:22,549 --> 00:19:20,080
and there was nothing there it was gone

556
00:19:24,070 --> 00:19:22,559
and at speed it was going we should have

557
00:19:25,990 --> 00:19:24,080
easily seen it for at least another

558
00:19:26,870 --> 00:19:26,000
minute heading off towards the horizon

559
00:19:29,510 --> 00:19:26,880
but it

560
00:19:30,710 --> 00:19:29,520
she said she saw something white

561
00:19:32,950 --> 00:19:30,720
for a second

562
00:19:34,150 --> 00:19:32,960
but she picked up her camera and she

563
00:19:35,270 --> 00:19:34,160

couldn't see it anymore and couldn't

564

00:19:36,950 --> 00:19:35,280

find it

565

00:19:38,630 --> 00:19:36,960

and i didn't see it so it had

566

00:19:41,990 --> 00:19:38,640

disappeared

567

00:19:42,870 --> 00:19:42,000

um the second time was in august

568

00:19:43,990 --> 00:19:42,880

uh

569

00:19:45,909 --> 00:19:44,000

i'm not going to go through it all again

570

00:19:47,110 --> 00:19:45,919

for you again no no that's i appreciate

571

00:19:49,669 --> 00:19:47,120

that yeah

572

00:19:51,110 --> 00:19:49,679

uh i'm out on the back porch

573

00:19:52,870 --> 00:19:51,120

uh i don't know if there are any planes

574

00:19:54,470 --> 00:19:52,880

at the time same thing

575

00:19:56,470 --> 00:19:54,480

same looking thing comes from the same

576
00:19:57,430 --> 00:19:56,480
direction and this time i had my camera

577
00:19:58,950 --> 00:19:57,440
ready

578
00:20:00,150 --> 00:19:58,960
so i pulled it out and i started filming

579
00:20:03,270 --> 00:20:00,160
it

580
00:20:05,270 --> 00:20:03,280
in the sky and the camera doesn't want

581
00:20:06,470 --> 00:20:05,280
to focus on it well so the video was

582
00:20:07,909 --> 00:20:06,480
crap

583
00:20:10,310 --> 00:20:07,919
but

584
00:20:11,669 --> 00:20:10,320
it came over until it got even with our

585
00:20:13,350 --> 00:20:11,679
house

586
00:20:14,630 --> 00:20:13,360
and i'm still sitting there pointing the

587
00:20:16,390 --> 00:20:14,640
camera at it

588
00:20:17,190 --> 00:20:16,400

and it looked the same same description

589

00:20:19,029 --> 00:20:17,200

tube

590

00:20:21,669 --> 00:20:19,039

no windows no nothing

591

00:20:23,830 --> 00:20:21,679

and it just stopped

592

00:20:26,710 --> 00:20:23,840

and it just hung there in midair

593

00:20:27,830 --> 00:20:26,720

and hung there for i think on the video

594

00:20:29,750 --> 00:20:27,840

it was like

595

00:20:31,909 --> 00:20:29,760

three and a half to four seconds and it

596

00:20:34,870 --> 00:20:31,919

just it started it was

597

00:20:37,990 --> 00:20:34,880

lengthwise facing like parallel to me it

598

00:20:39,590 --> 00:20:38,000

started to turn a little bit like this

599

00:20:40,870 --> 00:20:39,600

and then it disappeared

600

00:20:43,029 --> 00:20:40,880

and i don't mean it flew away i don't

601
00:20:45,110 --> 00:20:43,039
mean it crashed it vanished on the on

602
00:20:47,909 --> 00:20:45,120
the film it's like one frame it's there

603
00:20:49,430 --> 00:20:47,919
the next frame clear blue sky it just

604
00:20:51,669 --> 00:20:49,440
disappeared

605
00:20:53,669 --> 00:20:51,679
and but it it showed to me when i had

606
00:20:55,029 --> 00:20:53,679
time to reflect on it later we were

607
00:20:56,230 --> 00:20:55,039
talking about the capabilities and

608
00:20:57,029 --> 00:20:56,240
everything

609
00:20:58,630 --> 00:20:57,039
um

610
00:20:59,909 --> 00:20:58,640
what was its method of travel what was

611
00:21:01,590 --> 00:20:59,919
it using for propulsion there was

612
00:21:02,390 --> 00:21:01,600
nothing obvious how was it generating

613
00:21:04,149 --> 00:21:02,400

lift

614

00:21:05,110 --> 00:21:04,159

with with no wings unless it was a

615

00:21:07,029 --> 00:21:05,120

balloon

616

00:21:08,070 --> 00:21:07,039

how did it go from doing i would

617

00:21:12,230 --> 00:21:08,080

guesstimate

618

00:21:13,990 --> 00:21:12,240

100 miles an hour it just pink stop dead

619

00:21:16,310 --> 00:21:14,000

you know if there's anybody inside that

620

00:21:18,870 --> 00:21:16,320

they would smash into the front of it at

621

00:21:20,789 --> 00:21:18,880

100 miles an hour you know and then how

622

00:21:22,549 --> 00:21:20,799

did it vanish is it cloaking i don't

623

00:21:24,789 --> 00:21:22,559

know is it a cloaking device or can it

624

00:21:27,510 --> 00:21:24,799

teleport who knows

625

00:21:29,190 --> 00:21:27,520

but i've never you know i

626

00:21:31,190 --> 00:21:29,200

worked on an aircraft carrier for five

627

00:21:33,110 --> 00:21:31,200

years you know i've seen all sorts of

628

00:21:34,310 --> 00:21:33,120

planes but i've never seen a plane that

629

00:21:35,590 --> 00:21:34,320

could do that

630

00:21:37,270 --> 00:21:35,600

you know so

631

00:21:38,789 --> 00:21:37,280

now that i think if that answers your

632

00:21:40,230 --> 00:21:38,799

question that's what convinces me i mean

633

00:21:42,390 --> 00:21:40,240

that's that's just

634

00:21:43,350 --> 00:21:42,400

i i'm not aware of

635

00:21:50,470 --> 00:21:43,360

any

636

00:21:55,110 --> 00:21:52,710

even if we suggest that maybe they have

637

00:21:56,549 --> 00:21:55,120

it i i don't know what the science would

638

00:21:58,149 --> 00:21:56,559

be i know people are working on stuff

639

00:21:59,590 --> 00:21:58,159

like that all the time they're always

640

00:22:01,669 --> 00:21:59,600

trying people would like to have any

641

00:22:02,950 --> 00:22:01,679

gravity um people would like to create

642

00:22:04,470 --> 00:22:02,960

warp bubbles there's a team out in

643

00:22:06,710 --> 00:22:04,480

california that claims they're this

644

00:22:07,590 --> 00:22:06,720

close to doing it creating one

645

00:22:08,310 --> 00:22:07,600

you know

646

00:22:09,750 --> 00:22:08,320

but

647

00:22:12,070 --> 00:22:09,760

i'm not aware that anybody's ever

648

00:22:14,230 --> 00:22:12,080

achieved or achieved those successes or

649

00:22:14,950 --> 00:22:14,240

or was able to do those things and i i

650

00:22:16,230 --> 00:22:14,960

just

651
00:22:18,950 --> 00:22:16,240
i don't know it doesn't sound really

652
00:22:21,190 --> 00:22:18,960
plausible to me that it's

653
00:22:22,149 --> 00:22:21,200
some hidden technology

654
00:22:23,830 --> 00:22:22,159
because

655
00:22:25,110 --> 00:22:23,840
all the great technological leaps in our

656
00:22:27,590 --> 00:22:25,120
history andy

657
00:22:30,710 --> 00:22:27,600
you you're talking about the first radio

658
00:22:33,430 --> 00:22:30,720
the first telephone um even the first uh

659
00:22:35,590 --> 00:22:33,440
ability to widely generate electricity

660
00:22:36,630 --> 00:22:35,600
we hear of one person's name usually or

661
00:22:38,470 --> 00:22:36,640
one group

662
00:22:40,710 --> 00:22:38,480
that does a thing

663
00:22:42,789 --> 00:22:40,720

but you also you find out that

664

00:22:44,390 --> 00:22:42,799

generally in human history other people

665

00:22:45,909 --> 00:22:44,400

were working on the same time and other

666

00:22:47,909 --> 00:22:45,919

people came up independently with the

667

00:22:49,990 --> 00:22:47,919

same thing either shortly thereafter or

668

00:22:51,590 --> 00:22:50,000

a couple times before

669

00:22:53,750 --> 00:22:51,600

like who who did the first powered

670

00:22:55,669 --> 00:22:53,760

flight the wright brothers right

671

00:22:58,470 --> 00:22:55,679

yeah but there's a guy down in brazil

672

00:23:00,230 --> 00:22:58,480

who did it like six months earlier

673

00:23:02,950 --> 00:23:00,240

and nobody ever hears about that you

674

00:23:03,750 --> 00:23:02,960

know and they weren't working together

675

00:23:05,590 --> 00:23:03,760

so

676

00:23:07,029 --> 00:23:05,600

if if all these technologies have been

677

00:23:08,470 --> 00:23:07,039

discovered number one they were

678

00:23:09,990 --> 00:23:08,480

discovered by the government the

679

00:23:12,789 --> 00:23:10,000

government has the best scientists in

680

00:23:15,110 --> 00:23:12,799

the world i doubt it and even if they

681

00:23:16,870 --> 00:23:15,120

did if they managed it how come nobody

682

00:23:18,390 --> 00:23:16,880

else has come up with it

683

00:23:19,750 --> 00:23:18,400

you know i i would think there would be

684

00:23:21,190 --> 00:23:19,760

a lot of people with any gravity

685

00:23:22,310 --> 00:23:21,200

machines by now because they would have

686

00:23:24,789 --> 00:23:22,320

had they would have had to have had

687

00:23:26,470 --> 00:23:24,799

these things back in the 90s right and

688

00:23:28,470 --> 00:23:26,480

in all this time nobody else has managed

689

00:23:30,149 --> 00:23:28,480

to think of how they did it i don't it

690

00:23:32,630 --> 00:23:30,159

doesn't make sense to me i've been

691

00:23:34,789 --> 00:23:32,640

rambling down too long no no thank you

692

00:23:36,470 --> 00:23:34,799

for going into detail on the five uh

693

00:23:37,190 --> 00:23:36,480

five events as well because i appreciate

694

00:23:38,710 --> 00:23:37,200

that

695

00:23:40,470 --> 00:23:38,720

but it's funny when you mention trying

696

00:23:43,350 --> 00:23:40,480

to photograph the tic-tac

697

00:23:45,029 --> 00:23:43,360

last year i was driving along and i

698

00:23:47,029 --> 00:23:45,039

wasn't far from an airport locally i'll

699

00:23:48,789 --> 00:23:47,039

always admit that and i took a picture

700

00:23:50,549 --> 00:23:48,799

of an object in the sky and i think i've

701
00:23:52,310 --> 00:23:50,559
got a good eye giving where i live and

702
00:23:54,070 --> 00:23:52,320
i'm always looking for ufos i suppose

703
00:23:55,269 --> 00:23:54,080
when you've got an interest that there

704
00:23:57,350 --> 00:23:55,279
was something in the sky that looked

705
00:23:58,950 --> 00:23:57,360
like it was kind of sitting still i

706
00:24:01,190 --> 00:23:58,960
tried to take a picture with it with my

707
00:24:03,190 --> 00:24:01,200
camera phone i was driving very slowly

708
00:24:04,390 --> 00:24:03,200
on a traffic jam so i was kind of

709
00:24:06,230 --> 00:24:04,400
sitting you know if you're on youtube

710
00:24:08,710 --> 00:24:06,240
you'll see i was like that and trying to

711
00:24:11,029 --> 00:24:08,720
look ahead of myself and take a picture

712
00:24:13,190 --> 00:24:11,039
and i took the picture and i got home i

713
00:24:15,430 --> 00:24:13,200

went to check and where this thing was

714

00:24:17,029 --> 00:24:15,440

there was nothing there however just

715

00:24:19,669 --> 00:24:17,039

doing a blow up of the image and looking

716

00:24:21,430 --> 00:24:19,679

about that image that it looked black to

717

00:24:23,350 --> 00:24:21,440

me what through my eyes and it was a

718

00:24:24,950 --> 00:24:23,360

bright blue sky a couple of white clouds

719

00:24:26,789 --> 00:24:24,960

so you know

720

00:24:28,710 --> 00:24:26,799

there was again little white looking tic

721

00:24:30,390 --> 00:24:28,720

tac and the worst thing i think you can

722

00:24:32,230 --> 00:24:30,400

see when you're involved in this subject

723

00:24:34,310 --> 00:24:32,240

is a ufo especially if you've got a ufo

724

00:24:35,750 --> 00:24:34,320

podcast because it's just it's too

725

00:24:38,470 --> 00:24:35,760

convenient oh yeah you're seeing tic

726

00:24:39,990 --> 00:24:38,480

tacs now are you and i i i sent it to

727

00:24:42,070 --> 00:24:40,000

one of my friends who does a little bit

728

00:24:43,830 --> 00:24:42,080

of a photographic analysis and i said

729

00:24:45,990 --> 00:24:43,840

look is this an airplane that's just

730

00:24:47,830 --> 00:24:46,000

really far away and i can't make out the

731

00:24:49,909 --> 00:24:47,840

definition of the wings and stuff like

732

00:24:51,510 --> 00:24:49,919

that which is more than possible and he

733

00:24:53,590 --> 00:24:51,520

done a quick look at it and said because

734

00:24:55,909 --> 00:24:53,600

of the picture quality

735

00:24:57,830 --> 00:24:55,919

you can only make out so much however

736

00:24:59,350 --> 00:24:57,840

if that's an aeroplane the only thing i

737

00:25:00,710 --> 00:24:59,360

could see is there might be something on

738

00:25:02,870 --> 00:25:00,720

the back of it there may be a camera

739

00:25:04,149 --> 00:25:02,880

artifact but if it is an aircraft it's

740

00:25:05,029 --> 00:25:04,159

upside down

741

00:25:09,029 --> 00:25:05,039

so

742

00:25:10,630 --> 00:25:09,039

there it's white it doesn't look like it

743

00:25:12,149 --> 00:25:10,640

has wings it doesn't look like it's got

744

00:25:13,590 --> 00:25:12,159

anything on the back and if there is

745

00:25:15,269 --> 00:25:13,600

something it's on the bottom and it's

746

00:25:16,870 --> 00:25:15,279

upside down so it's probably not an

747

00:25:17,590 --> 00:25:16,880

airplane um

748

00:25:19,430 --> 00:25:17,600

and

749

00:25:21,029 --> 00:25:19,440

i would ask you do you ever feel that

750

00:25:23,909 --> 00:25:21,039

because you're involved in this subject

751
00:25:25,510 --> 00:25:23,919
as you are and and having five sightings

752
00:25:27,190 --> 00:25:25,520
so close together

753
00:25:30,390 --> 00:25:27,200
is it because of that involvement you

754
00:25:32,870 --> 00:25:30,400
know have that you feel this phenomenon

755
00:25:34,710 --> 00:25:32,880
sort of attaches itself to you

756
00:25:37,110 --> 00:25:34,720
and in a personal way and that's why you

757
00:25:38,470 --> 00:25:37,120
have all of these sightings or is it

758
00:25:41,590 --> 00:25:38,480
just that you're more attentive to the

759
00:25:45,269 --> 00:25:43,669
okay i've heard a lot of discussions

760
00:25:46,950 --> 00:25:45,279
about this i've been involved in

761
00:25:48,390 --> 00:25:46,960
discussions about this

762
00:25:50,470 --> 00:25:48,400
i am aware

763
00:25:52,310 --> 00:25:50,480

of this whole

764

00:25:53,110 --> 00:25:52,320

concept theory whatever you want to call

765

00:25:55,830 --> 00:25:53,120

it

766

00:25:57,669 --> 00:25:55,840

that sort of boils down to if you look

767

00:25:59,669 --> 00:25:57,679

into the phenomena too closely it starts

768

00:26:03,029 --> 00:25:59,679

looking back at you

769

00:26:05,110 --> 00:26:03,039

i also have heard from the other end

770

00:26:06,950 --> 00:26:05,120

oh you might see strange things

771

00:26:08,710 --> 00:26:06,960

everybody sees strange things in the sky

772

00:26:10,390 --> 00:26:08,720

but because you're so interested in it

773

00:26:12,070 --> 00:26:10,400

your brain is letting you see what you

774

00:26:15,110 --> 00:26:12,080

want to see

775

00:26:18,710 --> 00:26:17,590

for the first two

776
00:26:26,470 --> 00:26:18,720
maybe

777
00:26:29,029 --> 00:26:26,480
blimp or something that just was lost

778
00:26:30,630 --> 00:26:29,039
i i guess and and i saw

779
00:26:32,070 --> 00:26:30,640
an orb

780
00:26:33,830 --> 00:26:32,080
the triangle's pretty hard to write off

781
00:26:34,710 --> 00:26:33,840
the tic tacs

782
00:26:36,710 --> 00:26:34,720
no

783
00:26:39,750 --> 00:26:36,720
it wasn't a cloud it wasn't something

784
00:26:41,590 --> 00:26:39,760
else it was it was very clear it was

785
00:26:42,789 --> 00:26:41,600
very distinct you know

786
00:26:44,789 --> 00:26:42,799
you don't see it on the camera because

787
00:26:49,190 --> 00:26:44,799
it's crappy cell phone footage but

788
00:26:50,070 --> 00:26:49,200

yeah no now as to why um

789

00:26:52,390 --> 00:26:50,080

again

790

00:26:54,870 --> 00:26:52,400

i don't know anytime we ask a question

791

00:26:56,710 --> 00:26:54,880

why about this phenomena

792

00:26:58,070 --> 00:26:56,720

we have to sort of

793

00:26:59,990 --> 00:26:58,080

infer

794

00:27:02,870 --> 00:27:00,000

the motives

795

00:27:05,190 --> 00:27:02,880

of whoever's driving if anyone's driving

796

00:27:07,269 --> 00:27:05,200

maybe there's nobody maybe they're run

797

00:27:09,269 --> 00:27:07,279

by artificial intelligence systems

798

00:27:11,110 --> 00:27:09,279

really super advanced ones you know we

799

00:27:12,950 --> 00:27:11,120

don't know

800

00:27:14,789 --> 00:27:12,960

but trying to infer the motives of

801
00:27:17,269 --> 00:27:14,799
something or someone that potentially

802
00:27:18,549 --> 00:27:17,279
may have evolved or been built

803
00:27:20,149 --> 00:27:18,559
on an entirely different planet

804
00:27:22,310 --> 00:27:20,159
somewhere

805
00:27:24,950 --> 00:27:22,320
it's hard to say i

806
00:27:27,510 --> 00:27:24,960
i always hesitate to be like well it

807
00:27:29,430 --> 00:27:27,520
keeps showing up near my house

808
00:27:32,230 --> 00:27:29,440
is it because i'm here and i'm looking

809
00:27:34,310 --> 00:27:32,240
is it is it here for me and as soon as i

810
00:27:36,470 --> 00:27:34,320
have that thought i immediately feel

811
00:27:38,230 --> 00:27:36,480
like an idiot it's like who are you why

812
00:27:39,590 --> 00:27:38,240
would he care about you

813
00:27:41,750 --> 00:27:39,600

you know

814

00:27:44,389 --> 00:27:41,760

so what i settle on normally if i have

815

00:27:46,549 --> 00:27:44,399

to come up with an answer is

816

00:27:48,870 --> 00:27:46,559

i i have come to believe that these

817

00:27:50,789 --> 00:27:48,880

things are around a lot more than i ever

818

00:27:52,630 --> 00:27:50,799

realized they've probably been flying

819

00:27:55,430 --> 00:27:52,640

over my house forever

820

00:27:58,070 --> 00:27:55,440

and i'm normally not just staring

821

00:27:59,830 --> 00:27:58,080

intently at the sky if i'm outside i'm

822

00:28:01,990 --> 00:27:59,840

usually doing something in my yard in my

823

00:28:03,350 --> 00:28:02,000

garden doing chores you know things like

824

00:28:05,750 --> 00:28:03,360

that

825

00:28:07,350 --> 00:28:05,760

but and after it happened then i was out

826

00:28:09,029 --> 00:28:07,360

there a lot more with my camera ready

827

00:28:10,549 --> 00:28:09,039

and just standing there and watching

828

00:28:11,590 --> 00:28:10,559

when i had a break

829

00:28:13,269 --> 00:28:11,600

and

830

00:28:15,909 --> 00:28:13,279

maybe if i had been doing that all along

831

00:28:17,909 --> 00:28:15,919

i would have seen one 10 years ago

832

00:28:20,630 --> 00:28:17,919

that's that's my take on it i don't know

833

00:28:22,870 --> 00:28:20,640

i i cannot think of any reason that

834

00:28:24,310 --> 00:28:22,880

it or they would be interested in me and

835

00:28:26,310 --> 00:28:24,320

that's why they're here

836

00:28:28,630 --> 00:28:26,320

maybe if we all went out and spent more

837

00:28:31,110 --> 00:28:28,640

time staring at the sky for a long time

838

00:28:32,950 --> 00:28:31,120

every day maybe everybody would be

839

00:28:34,470 --> 00:28:32,960

seeing this

840

00:28:37,029 --> 00:28:34,480

and if you don't mind me asking normally

841

00:28:38,710 --> 00:28:37,039

these are very personal experiences but

842

00:28:40,310 --> 00:28:38,720

you've you've had several of these now

843

00:28:43,190 --> 00:28:40,320

with your wife

844

00:28:45,269 --> 00:28:43,200

once her viewpoint on the subject very

845

00:28:46,950 --> 00:28:45,279

obviously as a summary before but also

846

00:28:48,710 --> 00:28:46,960

now that she's seen some of these has

847

00:28:51,510 --> 00:28:48,720

that changed her viewpoint as to what

848

00:28:54,070 --> 00:28:51,520

these may or may not be

849

00:28:55,350 --> 00:28:54,080

she always tolerated my interest she

850

00:28:57,190 --> 00:28:55,360

didn't even like watching a lot of the

851
00:28:58,630 --> 00:28:57,200
same movies i liked to watch but she

852
00:29:00,149 --> 00:28:58,640
tolerated it

853
00:29:02,710 --> 00:29:00,159
she never

854
00:29:04,149 --> 00:29:02,720
brought it up on her own to discuss it

855
00:29:06,789 --> 00:29:04,159
um

856
00:29:08,710 --> 00:29:06,799
i don't remember her ever

857
00:29:11,909 --> 00:29:08,720
i mean she would watch tv shows with me

858
00:29:14,389 --> 00:29:11,919
like you know i i would watch you know

859
00:29:15,669 --> 00:29:14,399
unexplained files and things like that

860
00:29:17,430 --> 00:29:15,679
and if there wasn't something on she

861
00:29:19,110 --> 00:29:17,440
wanted she'd sit and watch them and she

862
00:29:20,710 --> 00:29:19,120
was man that's interesting you know but

863
00:29:22,549 --> 00:29:20,720

no she never

864

00:29:23,830 --> 00:29:22,559

spent a lot of time thinking about it

865

00:29:25,029 --> 00:29:23,840

she never talked about it like she was a

866

00:29:27,510 --> 00:29:25,039

believer

867

00:29:28,389 --> 00:29:27,520

i don't even know she had an opinion

868

00:29:30,149 --> 00:29:28,399

oh

869

00:29:32,070 --> 00:29:30,159

she did say on a few times when we

870

00:29:34,310 --> 00:29:32,080

discussed it before all this happened

871

00:29:35,909 --> 00:29:34,320

she was certainly a believer that it was

872

00:29:37,909 --> 00:29:35,919

almost there was almost certainly other

873

00:29:39,909 --> 00:29:37,919

life in the universe it's just such a

874

00:29:41,669 --> 00:29:39,919

huge universe and life seems to be so

875

00:29:43,669 --> 00:29:41,679

ubiquitous everywhere we look why

876

00:29:45,669 --> 00:29:43,679

wouldn't it be elsewhere so she has no

877

00:29:48,630 --> 00:29:45,679

problem with that idea was it coming

878

00:29:50,549 --> 00:29:48,640

here in starships to visit us

879

00:29:52,230 --> 00:29:50,559

she didn't really have a take on that

880

00:29:55,110 --> 00:29:52,240

um

881

00:29:57,110 --> 00:29:55,120

after the the orb she

882

00:29:58,070 --> 00:29:57,120

said it was interesting it was curious

883

00:30:00,549 --> 00:29:58,080

but

884

00:30:02,230 --> 00:30:00,559

i don't think it really changed her mind

885

00:30:04,230 --> 00:30:02,240

after the triangle everything changed

886

00:30:05,990 --> 00:30:04,240

and from there we'd be watching the tv

887

00:30:09,510 --> 00:30:06,000

shows i like and she'd be like that's

888

00:30:12,389 --> 00:30:09,520

what we saw you know and it was in a one

889

00:30:15,110 --> 00:30:12,399

week period she went from

890

00:30:17,750 --> 00:30:15,120

not interested semi-skeptical

891

00:30:19,909 --> 00:30:17,760

but open to the science to

892

00:30:22,789 --> 00:30:19,919

she knows it's real and then she saw two

893

00:30:25,269 --> 00:30:22,799

of the three tic tacs and and she yep

894

00:30:27,190 --> 00:30:25,279

there we go like the third time

895

00:30:30,070 --> 00:30:27,200

the first time it was just jaw dropping

896

00:30:30,950 --> 00:30:30,080

right i i was freaking out

897

00:30:33,750 --> 00:30:30,960

and

898

00:30:34,950 --> 00:30:33,760

she said i started to turn into the uh

899

00:30:36,630 --> 00:30:34,960

the uh

900

00:30:37,830 --> 00:30:36,640

character from this one movie who goes

901
00:30:39,190 --> 00:30:37,840

crazy you know

902
00:30:40,310 --> 00:30:39,200

i'm drawing a blank right now the guy

903
00:30:42,470 --> 00:30:40,320

who builds the towers out of mashed

904
00:30:43,750 --> 00:30:42,480

potatoes and stuff from close encounters

905
00:30:45,110 --> 00:30:43,760

yeah i don't know here we are yeah

906
00:30:48,310 --> 00:30:45,120

richard

907
00:30:49,590 --> 00:30:48,320

dreyfuss after the first tic deck

908
00:30:51,110 --> 00:30:49,600

because i was just out there all the

909
00:30:52,310 --> 00:30:51,120

time with my camera ready and looking

910
00:30:53,430 --> 00:30:52,320

around and talking about it you know

911
00:30:56,389 --> 00:30:53,440

waiting

912
00:30:57,990 --> 00:30:56,399

and uh and she even though she had seen

913
00:30:59,990 --> 00:30:58,000

the stuff and

914

00:31:00,950 --> 00:31:00,000

she was like totally fine with it but

915

00:31:02,470 --> 00:31:00,960

she's like you know you are getting a

916

00:31:03,669 --> 00:31:02,480

little obsessed

917

00:31:05,590 --> 00:31:03,679

um

918

00:31:07,590 --> 00:31:05,600

but you know at this point no it's just

919

00:31:08,950 --> 00:31:07,600

it's just accepted in our house this is

920

00:31:10,470 --> 00:31:08,960

this is a thing that happens in our

921

00:31:12,230 --> 00:31:10,480

world you know

922

00:31:13,350 --> 00:31:12,240

weird stuff shows up

923

00:31:14,230 --> 00:31:13,360

we've never

924

00:31:15,750 --> 00:31:14,240

seen

925

00:31:17,190 --> 00:31:15,760

a being

926

00:31:19,190 --> 00:31:17,200

we've never been

927

00:31:20,950 --> 00:31:19,200

abducted that i know of unless they're

928

00:31:22,149 --> 00:31:20,960

really good at like mushing your

929

00:31:23,190 --> 00:31:22,159

memories

930

00:31:24,789 --> 00:31:23,200

um

931

00:31:26,310 --> 00:31:24,799

never had any form of communication

932

00:31:27,669 --> 00:31:26,320

people talk about

933

00:31:29,029 --> 00:31:27,679

you know when they have an experience

934

00:31:31,110 --> 00:31:29,039

like that sometimes they'll be

935

00:31:33,190 --> 00:31:31,120

telepathic communication or some people

936

00:31:35,190 --> 00:31:33,200

described as like getting a download you

937

00:31:36,870 --> 00:31:35,200

know things like that for me

938

00:31:38,149 --> 00:31:36,880

nada if they were trying to talk to me

939

00:31:39,830 --> 00:31:38,159

then there's some part of my brain that

940

00:31:43,590 --> 00:31:39,840

doesn't work because i haven't heard a

941

00:31:45,430 --> 00:31:43,600

thing all i have andy for for myself and

942

00:31:46,710 --> 00:31:45,440

my beliefs and for anybody that wants to

943

00:31:48,149 --> 00:31:46,720

talk about it

944

00:31:49,430 --> 00:31:48,159

i saw some weird crap that showed up

945

00:31:51,909 --> 00:31:49,440

over my house

946

00:31:53,269 --> 00:31:51,919

that's what i saw they were things

947

00:31:54,230 --> 00:31:53,279

might have been somebody inside maybe

948

00:31:56,149 --> 00:31:54,240

nobody

949

00:31:57,830 --> 00:31:56,159

i have no idea but no i've never been

950

00:32:01,430 --> 00:31:57,840

contacted i don't have any i'm not an

951
00:32:02,710 --> 00:32:01,440
experiencer in that way um on just this

952
00:32:03,909 --> 00:32:02,720
old dude who saw some stuff from his

953
00:32:05,269 --> 00:32:03,919
backpack

954
00:32:07,350 --> 00:32:05,279
well again thanks for sharing those

955
00:32:09,430 --> 00:32:07,360
experiences and again when people have

956
00:32:11,350 --> 00:32:09,440
these personal fighting experiences i've

957
00:32:13,509 --> 00:32:11,360
speaking to people who are alleged have

958
00:32:15,590 --> 00:32:13,519
been abductees or they've had conscious

959
00:32:18,149 --> 00:32:15,600
or subconscious experiences they're all

960
00:32:20,070 --> 00:32:18,159
very personal and there's a real lack of

961
00:32:21,590 --> 00:32:20,080
strong proof including my own sightings

962
00:32:22,549 --> 00:32:21,600
they're usually just stories because

963
00:32:24,710 --> 00:32:22,559

they happen

964

00:32:27,590 --> 00:32:24,720

however and in the last what four four

965

00:32:29,110 --> 00:32:27,600

and a half years now a lot has happened

966

00:32:31,350 --> 00:32:29,120

since that new york times article has

967

00:32:32,950 --> 00:32:31,360

come out do you think

968

00:32:34,870 --> 00:32:32,960

let's just say the ufo community

969

00:32:36,789 --> 00:32:34,880

appreciate the times that we are in

970

00:32:39,029 --> 00:32:36,799

right now and how much is happening are

971

00:32:41,350 --> 00:32:39,039

coming out on a daily a weekly and a

972

00:32:42,789 --> 00:32:41,360

monthly basis

973

00:32:43,909 --> 00:32:42,799

i'm a little jealous of the younger

974

00:32:45,110 --> 00:32:43,919

people

975

00:32:47,350 --> 00:32:45,120

who

976
00:32:48,549 --> 00:32:47,360
might have only just been in college or

977
00:32:50,470 --> 00:32:48,559
getting out when the new york times

978
00:32:51,750 --> 00:32:50,480
article came out and are starting their

979
00:32:52,870 --> 00:32:51,760
adult lives

980
00:32:55,509 --> 00:32:52,880
because

981
00:32:57,029 --> 00:32:55,519
they may have they probably were of an

982
00:32:58,549 --> 00:32:57,039
age where they watched the x-files in

983
00:33:00,789 --> 00:32:58,559
the 90s they were interested in all that

984
00:33:03,110 --> 00:33:00,799
stuff but it was kind of cool and then

985
00:33:04,230 --> 00:33:03,120
suddenly their first real splash into

986
00:33:05,190 --> 00:33:04,240
the pool

987
00:33:08,149 --> 00:33:05,200
isn't

988
00:33:11,110 --> 00:33:08,159

having to listen to leonard nimoy or you

989

00:33:12,549 --> 00:33:11,120

know somebody else or getting

990

00:33:14,389 --> 00:33:12,559

books written by people they'd never

991

00:33:15,830 --> 00:33:14,399

heard of who had no official connections

992

00:33:16,789 --> 00:33:15,840

with the government usually or or

993

00:33:17,750 --> 00:33:16,799

anything

994

00:33:20,149 --> 00:33:17,760

and

995

00:33:21,110 --> 00:33:20,159

hearing them being called conspiracy

996

00:33:22,549 --> 00:33:21,120

theorists

997

00:33:23,990 --> 00:33:22,559

and things like that their first

998

00:33:25,830 --> 00:33:24,000

exposure was the government coming out

999

00:33:26,950 --> 00:33:25,840

and going oh yeah by the way we study

1000

00:33:28,789 --> 00:33:26,960

ufos

1001

00:33:31,269 --> 00:33:28,799

you know and i think they live in that

1002

00:33:33,190 --> 00:33:31,279

world the rest of us have had to make a

1003

00:33:35,430 --> 00:33:33,200

big transition from the way the subject

1004

00:33:36,950 --> 00:33:35,440

was treated in the 80s and the 90s and

1005

00:33:37,830 --> 00:33:36,960

and all that

1006

00:33:40,549 --> 00:33:37,840

and

1007

00:33:42,310 --> 00:33:40,559

then suddenly now we live in this world

1008

00:33:44,310 --> 00:33:42,320

the world of louisando the world of

1009

00:33:46,870 --> 00:33:44,320

chris mellon you know

1010

00:33:48,710 --> 00:33:46,880

uh the world of oh my god

1011

00:33:50,389 --> 00:33:48,720

we had a congressman one just a month or

1012

00:33:52,630 --> 00:33:50,399

so ago went and gave a speech on the

1013

00:33:54,630 --> 00:33:52,640

floor of the house of representatives

1014

00:33:57,190 --> 00:33:54,640

in the united states accusing the air

1015

00:33:59,590 --> 00:33:57,200

force of a cover-up and he was talking

1016

00:34:01,590 --> 00:33:59,600

about ufos and aliens and all sorts of

1017

00:34:03,990 --> 00:34:01,600

stuff and he's like and i'm tired of the

1018

00:34:05,590 --> 00:34:04,000

secrecy you know and that's why we have

1019

00:34:07,029 --> 00:34:05,600

to have this new commission and and

1020

00:34:08,550 --> 00:34:07,039

we're going to have reviews and

1021

00:34:09,750 --> 00:34:08,560

investigations because this is an

1022

00:34:11,990 --> 00:34:09,760

important issue

1023

00:34:13,430 --> 00:34:12,000

and i was watching that i was like

1024

00:34:15,430 --> 00:34:13,440

that that would have been on an episode

1025

00:34:17,430 --> 00:34:15,440

of the x-files 20 years ago it would

1026

00:34:19,109 --> 00:34:17,440

never happen in real life and that guy

1027

00:34:21,349 --> 00:34:19,119

would never be able to get elected if he

1028

00:34:22,389 --> 00:34:21,359

said stuff like that nobody would vote

1029

00:34:25,270 --> 00:34:22,399

for him

1030

00:34:27,270 --> 00:34:25,280

you know and now him kirsten gillibrand

1031

00:34:28,790 --> 00:34:27,280

marco rubio they're all just coming out

1032

00:34:30,470 --> 00:34:28,800

and going yep that's the thing we got to

1033

00:34:32,069 --> 00:34:30,480

deal with

1034

00:34:34,389 --> 00:34:32,079

so i i think the world really has

1035

00:34:35,829 --> 00:34:34,399

changed um

1036

00:34:37,990 --> 00:34:35,839

for the better for the most part in my

1037

00:34:39,510 --> 00:34:38,000

opinion uh we're still

1038

00:34:41,589 --> 00:34:39,520

seeing way too much secrecy too much

1039

00:34:43,909 --> 00:34:41,599

over classification but it's it's a real

1040

00:34:46,069 --> 00:34:43,919

thing it's it's no longer a joke it's

1041

00:34:47,270 --> 00:34:46,079

nobody has to play the x-files music or

1042

00:34:49,030 --> 00:34:47,280

talk about little green men you know

1043

00:34:50,790 --> 00:34:49,040

it's it's a real thing

1044

00:34:53,589 --> 00:34:50,800

it's not a mystery that we've solved

1045

00:34:55,430 --> 00:34:53,599

that we know of that anyone has solved

1046

00:34:56,710 --> 00:34:55,440

but it's a real mystery and they're real

1047

00:34:59,109 --> 00:34:56,720

things

1048

00:35:01,349 --> 00:34:59,119

and i don't know i'm really happy that i

1049

00:35:03,190 --> 00:35:01,359

at least live to see this much of it and

1050

00:35:04,710 --> 00:35:03,200

i'm excited for what

1051
00:35:07,349 --> 00:35:04,720
others will get to see in the coming

1052
00:35:09,430 --> 00:35:07,359
years if we continue on this

1053
00:35:10,630 --> 00:35:09,440
on this trail because i think the

1054
00:35:12,150 --> 00:35:10,640
government will

1055
00:35:13,750 --> 00:35:12,160
i think we're going to find out more if

1056
00:35:15,270 --> 00:35:13,760
more resources are expanded we might

1057
00:35:17,270 --> 00:35:15,280
learn more

1058
00:35:18,710 --> 00:35:17,280
or maybe we'll never learn anymore maybe

1059
00:35:21,270 --> 00:35:18,720
we're just

1060
00:35:23,510 --> 00:35:21,280
incapable of

1061
00:35:25,270 --> 00:35:23,520
like finding out what we really want to

1062
00:35:27,510 --> 00:35:25,280
know i have

1063
00:35:30,550 --> 00:35:27,520

i have a quote that i keep on a

1064

00:35:32,950 --> 00:35:30,560

daily uh pad that i always use uh just

1065

00:35:34,870 --> 00:35:32,960

for for notes and things like that

1066

00:35:38,069 --> 00:35:34,880

it's a quote from uh

1067

00:35:41,589 --> 00:35:38,079

yeah astronomer uh dr richard c henry

1068

00:35:43,829 --> 00:35:41,599

uh with john hopkins university in 1977

1069

00:35:45,030 --> 00:35:43,839

and he put this in a book and i ran

1070

00:35:47,190 --> 00:35:45,040

across it and i just found it so

1071

00:35:49,030 --> 00:35:47,200

striking and even all the way back then

1072

00:35:51,510 --> 00:35:49,040

in the 70s he wrote i very much doubt

1073

00:35:52,710 --> 00:35:51,520

that an intellectually inferior species

1074

00:35:55,270 --> 00:35:52,720

can study

1075

00:35:57,670 --> 00:35:55,280

an intellectually far superior species

1076
00:36:00,150 --> 00:35:57,680
if the superior species chooses not to

1077
00:36:03,190 --> 00:36:00,160
be studied

1078
00:36:05,109 --> 00:36:03,200
so if they're building starships

1079
00:36:06,870 --> 00:36:05,119
which one of us is the intellectually

1080
00:36:08,630 --> 00:36:06,880
inferior species

1081
00:36:10,710 --> 00:36:08,640
that's an easy one to answer because we

1082
00:36:13,589 --> 00:36:10,720
don't have starships yet

1083
00:36:15,030 --> 00:36:13,599
and if they don't want to be studied

1084
00:36:17,270 --> 00:36:15,040
we're going to have a real time real

1085
00:36:19,829 --> 00:36:17,280
hard time working this out

1086
00:36:21,510 --> 00:36:19,839
100 like putting lab coats on monkeys

1087
00:36:24,230 --> 00:36:21,520
and giving them some clipboards and

1088
00:36:25,430 --> 00:36:24,240

asking them to figure us out you know um

1089

00:36:26,630 --> 00:36:25,440

then again i don't think we're too far

1090

00:36:28,950 --> 00:36:26,640

from monkeys the way some of us are

1091

00:36:30,310 --> 00:36:28,960

behaving at the minute with uh with war

1092

00:36:32,069 --> 00:36:30,320

with wars and everything that are going

1093

00:36:34,310 --> 00:36:32,079

on that's something i i've talked about

1094

00:36:36,230 --> 00:36:34,320

when i know people there are people who

1095

00:36:38,069 --> 00:36:36,240

enjoy the idea there's a huge paradigm

1096

00:36:41,510 --> 00:36:38,079

shift coming and alien beings are going

1097

00:36:43,030 --> 00:36:41,520

to come down and reveal themselves and

1098

00:36:45,190 --> 00:36:43,040

yeah and you're like

1099

00:36:46,710 --> 00:36:45,200

why would they i mean

1100

00:36:48,390 --> 00:36:46,720

if anything they would wipe it out and

1101

00:36:50,150 --> 00:36:48,400

start again because that's that's the

1102

00:36:52,150 --> 00:36:50,160

way it's kind of going but

1103

00:36:54,150 --> 00:36:52,160

hopefully we don't get to that point you

1104

00:36:56,710 --> 00:36:54,160

mentioned though this this trail that

1105

00:36:58,390 --> 00:36:56,720

we've been on and we've got this new ufo

1106

00:37:00,470 --> 00:36:58,400

office being fully established there's a

1107

00:37:03,030 --> 00:37:00,480

few bureaucratic things going on in the

1108

00:37:04,230 --> 00:37:03,040

background we had asro and then the aoi

1109

00:37:06,150 --> 00:37:04,240

msg

1110

00:37:07,750 --> 00:37:06,160

and where they're going to run currents

1111

00:37:09,589 --> 00:37:07,760

beside each other where they're going to

1112

00:37:12,630 --> 00:37:09,599

one take over the other

1113

00:37:15,430 --> 00:37:12,640

what are your realistic expectations of

1114

00:37:20,310 --> 00:37:15,440

what these offices will achieve but what

1115

00:37:24,310 --> 00:37:21,190

well

1116

00:37:27,430 --> 00:37:25,990

we've had two different stories coming

1117

00:37:29,750 --> 00:37:27,440

out of the government i'm still not

1118

00:37:31,750 --> 00:37:29,760

entirely sure there's going to be two

1119

00:37:35,190 --> 00:37:31,760

separate offices

1120

00:37:36,630 --> 00:37:35,200

um the one that

1121

00:37:38,630 --> 00:37:36,640

they set up on their own that the

1122

00:37:41,910 --> 00:37:38,640

pentagon set up on their own that's the

1123

00:37:44,310 --> 00:37:41,920

aoi monosodium mhg yeah yeah

1124

00:37:46,310 --> 00:37:44,320

yeah ross ross colthard on his new uh

1125

00:37:48,470 --> 00:37:46,320

podcast came up with a much better name

1126
00:37:49,910 --> 00:37:48,480
which i i plan to start using very soon

1127
00:37:51,990 --> 00:37:49,920
we're just going to call it the uap

1128
00:37:53,750 --> 00:37:52,000
office and that stands for

1129
00:37:55,270 --> 00:37:53,760
unpronounceable acronym made up by the

1130
00:37:56,390 --> 00:37:55,280
pentagon

1131
00:37:59,990 --> 00:37:56,400
so

1132
00:38:03,030 --> 00:38:00,000
and but they were just following orders

1133
00:38:05,190 --> 00:38:03,040
really because the last ndaa when they

1134
00:38:06,950 --> 00:38:05,200
were early actually was the iaa the

1135
00:38:07,829 --> 00:38:06,960
intelligence authorization act

1136
00:38:11,589 --> 00:38:07,839
that

1137
00:38:13,910 --> 00:38:11,599
they went ahead and said okay we're

1138
00:38:15,430 --> 00:38:13,920

going to absorb the uap task force and

1139

00:38:16,870 --> 00:38:15,440

here's the new unpronounceable name

1140

00:38:19,430 --> 00:38:16,880

office that we're setting up

1141

00:38:22,230 --> 00:38:19,440

and then the second bill came

1142

00:38:24,630 --> 00:38:22,240

and it was going to be a different name

1143

00:38:26,150 --> 00:38:24,640

so i'm i'm still not entirely sure if

1144

00:38:28,470 --> 00:38:26,160

there's going to be two entirely stepped

1145

00:38:30,310 --> 00:38:28,480

offices two that are linked together but

1146

00:38:34,069 --> 00:38:30,320

handle different aspects

1147

00:38:36,390 --> 00:38:34,079

or if the congressionally mandated one

1148

00:38:39,030 --> 00:38:36,400

is just going to absorb what they made

1149

00:38:42,550 --> 00:38:40,710

as to what they will

1150

00:38:44,069 --> 00:38:42,560

accomplish i do hope they're going to

1151
00:38:45,829 --> 00:38:44,079
collect

1152
00:38:47,510 --> 00:38:45,839
a lot more information they've set up a

1153
00:38:50,310 --> 00:38:47,520
system for reporting that supposedly

1154
00:38:51,190 --> 00:38:50,320
started in 2019 uh when it went into

1155
00:38:52,230 --> 00:38:51,200
place

1156
00:38:54,470 --> 00:38:52,240
um

1157
00:38:56,310 --> 00:38:54,480
one side is collecting information from

1158
00:38:57,990 --> 00:38:56,320
military incursions the other side is

1159
00:39:00,470 --> 00:38:58,000
collecting information from pretty much

1160
00:39:02,710 --> 00:39:00,480
everybody else commercial pilots uh you

1161
00:39:04,950 --> 00:39:02,720
know regular citizens scientists uh

1162
00:39:07,430 --> 00:39:04,960
people with telescopes things like that

1163
00:39:09,349 --> 00:39:07,440

um i hope they start compiling all of

1164

00:39:11,430 --> 00:39:09,359

that ruling out separating the wheat

1165

00:39:13,430 --> 00:39:11,440

from the chaff and coming up with good

1166

00:39:15,190 --> 00:39:13,440

lists good data

1167

00:39:16,550 --> 00:39:15,200

and most importantly because everybody

1168

00:39:18,550 --> 00:39:16,560

wants to know

1169

00:39:19,670 --> 00:39:18,560

to not classify it all and to share it

1170

00:39:21,030 --> 00:39:19,680

with us

1171

00:39:22,950 --> 00:39:21,040

um

1172

00:39:25,430 --> 00:39:22,960

will they

1173

00:39:27,430 --> 00:39:25,440

delve into the bottom basements of the

1174

00:39:28,950 --> 00:39:27,440

government and find out

1175

00:39:32,310 --> 00:39:28,960

that we actually have crash retrieval

1176

00:39:36,790 --> 00:39:34,150

i'd be thrilled as anyone if that

1177

00:39:37,670 --> 00:39:36,800

happened i do not have hopes for that

1178

00:39:39,349 --> 00:39:37,680

yeah

1179

00:39:41,270 --> 00:39:39,359

um they might

1180

00:39:42,950 --> 00:39:41,280

know a little more maybe they found some

1181

00:39:44,550 --> 00:39:42,960

debris somewhere that they can't explain

1182

00:39:45,829 --> 00:39:44,560

and they haven't revealed

1183

00:39:47,109 --> 00:39:45,839

that would be nice

1184

00:39:49,270 --> 00:39:47,119

but i think mostly we're just going to

1185

00:39:51,109 --> 00:39:49,280

be seeing the more comprehensive

1186

00:39:52,390 --> 00:39:51,119

collection of data

1187

00:39:54,550 --> 00:39:52,400

if you read that article that chris

1188

00:39:56,470 --> 00:39:54,560

mullin did a month or so ago he talked

1189

00:39:58,390 --> 00:39:56,480

about where's the air force where's all

1190

00:40:00,870 --> 00:39:58,400

their data what how is it possible they

1191

00:40:02,710 --> 00:40:00,880

never saw anything and he listed all of

1192

00:40:05,190 --> 00:40:02,720

the different like the elect like the

1193

00:40:06,870 --> 00:40:05,200

electronic fence you know and all the

1194

00:40:08,710 --> 00:40:06,880

different satellite systems

1195

00:40:10,550 --> 00:40:08,720

that they hopefully they'll be tapping

1196

00:40:11,589 --> 00:40:10,560

into all that data

1197

00:40:13,190 --> 00:40:11,599

and

1198

00:40:15,670 --> 00:40:13,200

clearing out the stuff that's known

1199

00:40:16,550 --> 00:40:15,680

obvious our stuff commercial stuff

1200

00:40:18,470 --> 00:40:16,560

weather

1201

00:40:20,390 --> 00:40:18,480

and whatever's left

1202

00:40:22,390 --> 00:40:20,400

gather that data and see if there's any

1203

00:40:24,790 --> 00:40:22,400

visual sightings by anyone or any radar

1204

00:40:26,390 --> 00:40:24,800

returns that match up the more that you

1205

00:40:28,069 --> 00:40:26,400

can stack up i think the better case you

1206

00:40:31,270 --> 00:40:28,079

can build that's my hope for what

1207

00:40:33,430 --> 00:40:31,280

they'll be doing my worst fear is

1208

00:40:34,550 --> 00:40:33,440

as melon also reported in a separate

1209

00:40:36,390 --> 00:40:34,560

thing

1210

00:40:37,270 --> 00:40:36,400

there was a plan announced that was in

1211

00:40:39,910 --> 00:40:37,280

place

1212

00:40:41,670 --> 00:40:39,920

they put out a new classification scheme

1213

00:40:43,589 --> 00:40:41,680

at the end of last year

1214

00:40:46,150 --> 00:40:43,599

saying everything to do with the old uap

1215

00:40:47,109 --> 00:40:46,160

task force needs to be classified secret

1216

00:40:48,550 --> 00:40:47,119

and i don't know if they've already

1217

00:40:50,230 --> 00:40:48,560

tried to do that or they've done it or

1218

00:40:51,030 --> 00:40:50,240

it's something they're planning

1219

00:40:52,390 --> 00:40:51,040

but

1220

00:40:54,230 --> 00:40:52,400

they're going back to that reflexive

1221

00:40:56,390 --> 00:40:54,240

thing no matter what they're doing

1222

00:40:58,390 --> 00:40:56,400

if they're just gonna lock everybody out

1223

00:41:00,230 --> 00:40:58,400

of it then it doesn't do us any good to

1224

00:41:02,870 --> 00:41:00,240

have the damn office really

1225

00:41:05,030 --> 00:41:02,880

so i don't know that's my worst fear

1226

00:41:08,069 --> 00:41:05,040

um i i think it will go on i think the

1227

00:41:09,990 --> 00:41:08,079

effort will continue will be made aware

1228

00:41:11,589 --> 00:41:10,000

with very unspecific

1229

00:41:14,630 --> 00:41:11,599

non-detailed reports with nothing we

1230

00:41:17,349 --> 00:41:14,640

actually want that work is ongoing

1231

00:41:19,109 --> 00:41:17,359

um but in worst case scenario that's all

1232

00:41:20,710 --> 00:41:19,119

we're going to know

1233

00:41:22,630 --> 00:41:20,720

you mentioned the classified briefings

1234

00:41:25,109 --> 00:41:22,640

the first classified report uh the

1235

00:41:27,750 --> 00:41:25,119

mandated 90-day update is due by the

1236

00:41:29,270 --> 00:41:27,760

27th of march which as we record this is

1237

00:41:31,349 --> 00:41:29,280

a couple of days away actually it's the

1238

00:41:32,870 --> 00:41:31,359

data center few drops for for everyone

1239

00:41:35,030 --> 00:41:32,880

on the free feeds

1240

00:41:36,630 --> 00:41:35,040

realistically we are not going to see

1241

00:41:38,390 --> 00:41:36,640

anything from that report because it's

1242

00:41:40,150 --> 00:41:38,400

classified it's for those who have a

1243

00:41:42,150 --> 00:41:40,160

clearance to look at it

1244

00:41:44,390 --> 00:41:42,160

are the chances though

1245

00:41:46,710 --> 00:41:44,400

better now to hear some things from

1246

00:41:49,349 --> 00:41:46,720

these reports because there are so many

1247

00:41:51,109 --> 00:41:49,359

congressmen and women and senators and

1248

00:41:53,670 --> 00:41:51,119

other officials looking to get involved

1249

00:41:55,109 --> 00:41:53,680

in the subject that just by sheer law of

1250

00:41:57,829 --> 00:41:55,119

averages regardless of the

1251
00:41:59,670 --> 00:41:57,839
classification status because there are

1252
00:42:01,589 --> 00:41:59,680
more eyes and ears getting these

1253
00:42:02,470 --> 00:42:01,599
briefings seeing these potential reports

1254
00:42:03,750 --> 00:42:02,480
that

1255
00:42:06,550 --> 00:42:03,760
you know

1256
00:42:08,150 --> 00:42:06,560
some lips talk and we hear little bits

1257
00:42:11,190 --> 00:42:08,160
and pieces coming out do you think

1258
00:42:13,190 --> 00:42:11,200
that's got potential

1259
00:42:15,109 --> 00:42:13,200
well i look back at the last couple of

1260
00:42:17,270 --> 00:42:15,119
years we know that these briefings uh

1261
00:42:18,630 --> 00:42:17,280
for the armed services committee and the

1262
00:42:20,309 --> 00:42:18,640
intelligence committee have been going

1263
00:42:22,230 --> 00:42:20,319

on there's been a number of them we've

1264

00:42:23,990 --> 00:42:22,240

heard some things from people like chris

1265

00:42:25,829 --> 00:42:24,000

mellon who were involved in preparing

1266

00:42:28,069 --> 00:42:25,839

the briefings for them

1267

00:42:29,750 --> 00:42:28,079

we've had general descriptions

1268

00:42:31,910 --> 00:42:29,760

of what they've been shown

1269

00:42:32,950 --> 00:42:31,920

without any details just

1270

00:42:34,710 --> 00:42:32,960

what was

1271

00:42:36,470 --> 00:42:34,720

type of information was being presented

1272

00:42:37,990 --> 00:42:36,480

and discussed

1273

00:42:39,430 --> 00:42:38,000

but boy

1274

00:42:41,430 --> 00:42:39,440

unless you've heard something i haven't

1275

00:42:42,870 --> 00:42:41,440

and i really try to follow this closely

1276

00:42:45,829 --> 00:42:42,880

they've done an awfully good job of

1277

00:42:48,150 --> 00:42:45,839

keeping their lip sealed they nobody in

1278

00:42:51,589 --> 00:42:48,160

congress has gone and

1279

00:42:53,990 --> 00:42:51,599

said anything specific beyond

1280

00:42:56,390 --> 00:42:54,000

i saw things that were really

1281

00:42:58,470 --> 00:42:56,400

disturbing potentially disturbing and i

1282

00:43:00,230 --> 00:42:58,480

believe we do need to investigate this

1283

00:43:03,030 --> 00:43:00,240

none of the things are mentioned you

1284

00:43:05,829 --> 00:43:03,040

know so so far anyway

1285

00:43:07,349 --> 00:43:05,839

uh they haven't been talking even their

1286

00:43:08,950 --> 00:43:07,359

aids normally you get something out of

1287

00:43:10,710 --> 00:43:08,960

staffers you know because they like to

1288

00:43:12,390 --> 00:43:10,720

leak stuff and

1289

00:43:14,950 --> 00:43:12,400

just getting nothing

1290

00:43:16,710 --> 00:43:14,960

so i don't know for sure maybe that'll

1291

00:43:18,870 --> 00:43:16,720

happen someday

1292

00:43:21,030 --> 00:43:18,880

but so far it hasn't been

1293

00:43:21,910 --> 00:43:21,040

now the other route that we have

1294

00:43:23,430 --> 00:43:21,920

is

1295

00:43:24,630 --> 00:43:23,440

uh because you probably saw the thing

1296

00:43:27,829 --> 00:43:24,640

that just dropped at the black vault

1297

00:43:30,230 --> 00:43:27,839

yesterday um yeah the the first

1298

00:43:32,550 --> 00:43:30,240

report john greenwald managed to

1299

00:43:35,349 --> 00:43:32,560

get a redacted version of the full

1300

00:43:38,470 --> 00:43:35,359

17-page report i guarantee you on the

1301
00:43:41,030 --> 00:43:38,480
27th the moment that drops he's going to

1302
00:43:42,630 --> 00:43:41,040
be requesting it with a foreign and when

1303
00:43:44,630 --> 00:43:42,640
they turn him down he's going to file

1304
00:43:46,790 --> 00:43:44,640
another mandatory declassification

1305
00:43:48,630 --> 00:43:46,800
review and that is how he got them to

1306
00:43:49,990 --> 00:43:48,640
release the redacted version and that's

1307
00:43:51,190 --> 00:43:50,000
going to happen again but look how long

1308
00:43:52,950 --> 00:43:51,200
it took him

1309
00:43:54,470 --> 00:43:52,960
you know so that's how long we'd be

1310
00:43:55,670 --> 00:43:54,480
waiting and even when we get large

1311
00:43:56,870 --> 00:43:55,680
sections of it are just going to be

1312
00:43:58,950 --> 00:43:56,880
blacked out again

1313
00:44:00,470 --> 00:43:58,960

you know because they can do that

1314

00:44:02,390 --> 00:44:00,480

and to make a point and i'm glad you

1315

00:44:04,390 --> 00:44:02,400

said this earlier jazz that and i've

1316

00:44:05,990 --> 00:44:04,400

spoken to i'm no expert when it comes to

1317

00:44:07,910 --> 00:44:06,000

the the government's or the military

1318

00:44:10,470 --> 00:44:07,920

industrial complex and the top secret

1319

00:44:12,069 --> 00:44:10,480

programmes and i've spoken to members

1320

00:44:14,069 --> 00:44:12,079

members of the military on both sides

1321

00:44:15,430 --> 00:44:14,079

and they can be very patriotic and you

1322

00:44:16,470 --> 00:44:15,440

know they've served their countries and

1323

00:44:17,510 --> 00:44:16,480

and whatnot

1324

00:44:19,109 --> 00:44:17,520

but

1325

00:44:20,950 --> 00:44:19,119

just because the government says yep

1326

00:44:23,349 --> 00:44:20,960

this is the full report here are the 17

1327

00:44:25,510 --> 00:44:23,359

pages redacted doesn't mean that was the

1328

00:44:27,030 --> 00:44:25,520

full report like you said yourself you

1329

00:44:28,950 --> 00:44:27,040

you requested a document that you

1330

00:44:31,270 --> 00:44:28,960

literally had in your hand and they got

1331

00:44:33,510 --> 00:44:31,280

back to you saying that there wasn't one

1332

00:44:35,109 --> 00:44:33,520

and and this is it and that that's 17

1333

00:44:37,270 --> 00:44:35,119

pages and i know john greenwald

1334

00:44:39,670 --> 00:44:37,280

disagrees but it's likely there were a

1335

00:44:40,790 --> 00:44:39,680

lot more pages no doubt with tables

1336

00:44:46,950 --> 00:44:40,800

graphs

1337

00:44:48,390 --> 00:44:46,960

involved and that's i still lean towards

1338

00:44:50,870 --> 00:44:48,400

the fact this was more than likely in

1339

00:44:52,950 --> 00:44:50,880

the mid 70s when it comes to page length

1340

00:44:54,309 --> 00:44:52,960

because of all those cases and the

1341

00:44:55,510 --> 00:44:54,319

information that could have been part of

1342

00:44:57,109 --> 00:44:55,520

that report

1343

00:44:58,470 --> 00:44:57,119

even in those blacked out sections

1344

00:44:59,910 --> 00:44:58,480

there's not enough to make up what we

1345

00:45:01,510 --> 00:44:59,920

can i heard was going to be there within

1346

00:45:03,990 --> 00:45:01,520

17 pages

1347

00:45:05,589 --> 00:45:04,000

however within that heavily redacted 17

1348

00:45:07,910 --> 00:45:05,599

pages i think the thing that's jumped

1349

00:45:09,270 --> 00:45:07,920

out to a lot of people is this uh common

1350

00:45:11,430 --> 00:45:09,280

shapes

1351
00:45:13,510 --> 00:45:11,440
which is which is an interesting point

1352
00:45:14,950 --> 00:45:13,520
and it clearly states at the bottom

1353
00:45:16,710 --> 00:45:14,960
images and then it gives you a little

1354
00:45:18,470 --> 00:45:16,720
note of what the images paragraph and

1355
00:45:20,309 --> 00:45:18,480
section would be and you don't get to

1356
00:45:21,990 --> 00:45:20,319
see those obviously as well

1357
00:45:23,670 --> 00:45:22,000
however that doesn't mean there's

1358
00:45:26,069 --> 00:45:23,680
pictures of flying saucers on there or

1359
00:45:27,670 --> 00:45:26,079
black triangles and it could just be

1360
00:45:29,670 --> 00:45:27,680
that there are potentially images of

1361
00:45:31,510 --> 00:45:29,680
adversarial drones for example that

1362
00:45:33,750 --> 00:45:31,520
could make up part of this but they just

1363
00:45:35,670 --> 00:45:33,760

don't know what they are however i would

1364

00:45:37,589 --> 00:45:35,680

hope there's some some good stuff on

1365

00:45:38,870 --> 00:45:37,599

there which were non-human intelligence

1366

00:45:40,630 --> 00:45:38,880

potentially

1367

00:45:42,870 --> 00:45:40,640

but was there anything else in that

1368

00:45:44,550 --> 00:45:42,880

redacted report that stood out to you

1369

00:45:48,390 --> 00:45:44,560

that you've managed to look at that john

1370

00:45:51,109 --> 00:45:48,400

managed to get you know published

1371

00:45:53,990 --> 00:45:51,119

okay well first of all as to whether or

1372

00:45:56,069 --> 00:45:54,000

not it was a longer report i tend to

1373

00:45:57,990 --> 00:45:56,079

believe particularly since the pages

1374

00:45:59,910 --> 00:45:58,000

were enumerated

1375

00:46:02,150 --> 00:45:59,920

that that was the report that congress

1376
00:46:03,430 --> 00:46:02,160
got the classified version of the report

1377
00:46:04,230 --> 00:46:03,440
that congress got

1378
00:46:18,069 --> 00:46:04,240
i

1379
00:46:19,109 --> 00:46:18,079
together

1380
00:46:19,910 --> 00:46:19,119
and

1381
00:46:24,390 --> 00:46:19,920
the

1382
00:46:25,910 --> 00:46:24,400
congressional classified report i

1383
00:46:28,550 --> 00:46:25,920
believe were taken

1384
00:46:31,990 --> 00:46:28,560
from that file or files

1385
00:46:33,910 --> 00:46:32,000
and those were extracts that they felt

1386
00:46:35,829 --> 00:46:33,920
did the bare minimum

1387
00:46:37,589 --> 00:46:35,839
that congress required when they were

1388
00:46:41,109 --> 00:46:37,599

told to produce a report

1389

00:46:43,030 --> 00:46:41,119

yeah and i i really i honestly believe

1390

00:46:44,710 --> 00:46:43,040

almost as badly as they they treat the

1391

00:46:46,150 --> 00:46:44,720

public they don't like talking about

1392

00:46:47,589 --> 00:46:46,160

this they don't want to tell congress

1393

00:46:49,510 --> 00:46:47,599

any of this but they were ordered too

1394

00:46:51,510 --> 00:46:49,520

and congress pays their salaries and

1395

00:46:52,630 --> 00:46:51,520

funds their programs so they have to do

1396

00:46:54,069 --> 00:46:52,640

something

1397

00:46:55,990 --> 00:46:54,079

but i do believe they did the bare

1398

00:46:57,510 --> 00:46:56,000

minimum i think that 17 pages is what

1399

00:46:59,109 --> 00:46:57,520

they thought to get away with and they

1400

00:47:00,470 --> 00:46:59,119

did get away with

1401

00:47:02,309 --> 00:47:00,480

um

1402

00:47:04,309 --> 00:47:02,319

so as far as anything else in there that

1403

00:47:05,589 --> 00:47:04,319

stood out to me i

1404

00:47:38,309 --> 00:47:05,599

i

1405

00:47:39,990 --> 00:47:38,319

that members of congress have been shown

1406

00:47:42,069 --> 00:47:40,000

significantly longer videos than the

1407

00:47:43,190 --> 00:47:42,079

ones we've seen and significantly better

1408

00:47:46,150 --> 00:47:43,200

quality

1409

00:47:48,470 --> 00:47:46,160

and if they've already seen those

1410

00:47:49,910 --> 00:47:48,480

why not at least take a couple of still

1411

00:47:52,710 --> 00:47:49,920

frames from it and stick that in the

1412

00:47:54,230 --> 00:47:52,720

report so maybe it had photos

1413

00:47:55,510 --> 00:47:54,240

which i would very much like to see and

1414

00:47:57,430 --> 00:47:55,520

if there's a longer video i'd like to

1415

00:47:59,750 --> 00:47:57,440

watch the longer video potentially

1416

00:48:03,349 --> 00:47:59,760

videos of entirely different incidents

1417

00:48:04,790 --> 00:48:03,359

particularly since 2019 you know

1418

00:48:06,549 --> 00:48:04,800

they may be out there

1419

00:48:07,750 --> 00:48:06,559

and ready to go and i i think they

1420

00:48:09,829 --> 00:48:07,760

should be declassified and released

1421

00:48:10,790 --> 00:48:09,839

personally but i don't make the rules

1422

00:48:11,750 --> 00:48:10,800

um

1423

00:48:12,870 --> 00:48:11,760

yeah that

1424

00:48:15,109 --> 00:48:12,880

that that

1425

00:48:15,910 --> 00:48:15,119

caught my answer i think the most out of

1426

00:48:20,549 --> 00:48:15,920

the

1427

00:48:21,910 --> 00:48:20,559

and it only let my appetite to just keep

1428

00:48:24,390 --> 00:48:21,920

hounding them and saying you know you've

1429

00:48:27,270 --> 00:48:24,400

got to do better than this

1430

00:48:29,270 --> 00:48:27,280

now susan go or susan goff

1431

00:48:30,790 --> 00:48:29,280

on the uk i say golf yeah i've heard it

1432

00:48:32,230 --> 00:48:30,800

go but yeah golf and she's a

1433

00:48:34,710 --> 00:48:32,240

spokesperson for the department of

1434

00:48:36,950 --> 00:48:34,720

defense has been very influential in the

1435

00:48:39,750 --> 00:48:36,960

uap discussion whether some folks like

1436

00:48:41,430 --> 00:48:39,760

that or not and what she will and won't

1437

00:48:44,309 --> 00:48:41,440

say or release are crucial and the

1438

00:48:46,230 --> 00:48:44,319

message has changed a few times as well

1439

00:48:48,549 --> 00:48:46,240

why do you think this is is it just

1440

00:48:50,630 --> 00:48:48,559

playing hardball is it a lack of truly

1441

00:48:52,390 --> 00:48:50,640

understanding at times what she isn't

1442

00:48:54,069 --> 00:48:52,400

isn't discussing

1443

00:48:56,069 --> 00:48:54,079

or do you think her role has just

1444

00:49:00,150 --> 00:48:56,079

changed over the time she's been a part

1445

00:49:05,510 --> 00:49:01,990

susan goff was brought in for a very

1446

00:49:06,549 --> 00:49:05,520

specific reason at a very specific time

1447

00:49:08,150 --> 00:49:06,559

um

1448

00:49:09,430 --> 00:49:08,160

the pentagon was totally caught with

1449

00:49:11,109 --> 00:49:09,440

their pants down the new york times

1450

00:49:12,950 --> 00:49:11,119

published that article by the way

1451

00:49:14,549 --> 00:49:12,960

uh they have been contacted and asked a

1452

00:49:15,589 --> 00:49:14,559

few questions but

1453

00:49:17,430 --> 00:49:15,599

only towards the end of the

1454

00:49:18,870 --> 00:49:17,440

investigation uh the way ralph

1455

00:49:20,950 --> 00:49:18,880

blumenthal put it

1456

00:49:23,109 --> 00:49:20,960

and they didn't have time to scramble

1457

00:49:26,069 --> 00:49:23,119

that the world was about to learn that

1458

00:49:26,870 --> 00:49:26,079

asap and atep had existed you know

1459

00:49:28,870 --> 00:49:26,880

uh

1460

00:49:30,630 --> 00:49:28,880

they weren't ready and so they just got

1461

00:49:32,390 --> 00:49:30,640

a couple of the people who were most

1462

00:49:34,309 --> 00:49:32,400

closely attached

1463

00:49:35,910 --> 00:49:34,319

who were spokespeople that were tasked

1464

00:49:37,430 --> 00:49:35,920

with answering questions from the media

1465

00:49:38,790 --> 00:49:37,440

and things like that

1466

00:49:40,309 --> 00:49:38,800

and they were the first ones we got to

1467

00:49:41,589 --> 00:49:40,319

send questions to

1468

00:49:43,510 --> 00:49:41,599

and they were actually answering the

1469

00:49:45,270 --> 00:49:43,520

questions or trying to

1470

00:49:49,349 --> 00:49:45,280

and

1471

00:49:50,790 --> 00:49:49,359

times because when they get a question

1472

00:49:51,910 --> 00:49:50,800

from a reporter and they'd go all right

1473

00:49:53,589 --> 00:49:51,920

i'll go check and get back to you and

1474

00:49:55,430 --> 00:49:53,599

they'd go and ask

1475

00:49:56,710 --> 00:49:55,440

and they'd get shut down or in some

1476

00:49:59,190 --> 00:49:56,720

cases they thought they were being

1477

00:50:00,950 --> 00:49:59,200

deceived and they'd come back

1478

00:50:03,750 --> 00:50:00,960

and then suddenly they all disappeared

1479

00:50:05,670 --> 00:50:03,760

and susan goff shows up and she replaces

1480

00:50:07,270 --> 00:50:05,680

everyone there used to be multiple

1481

00:50:09,510 --> 00:50:07,280

departments you know there's one for the

1482

00:50:13,109 --> 00:50:09,520

air force and one for the intelligence

1483

00:50:15,510 --> 00:50:13,119

agencies and other ones nope no more

1484

00:50:18,309 --> 00:50:15,520

i have sent requests to entirely

1485

00:50:20,630 --> 00:50:18,319

different departments entirely different

1486

00:50:22,309 --> 00:50:20,640

referencing something that was on one of

1487

00:50:24,630 --> 00:50:22,319

their releases

1488

00:50:26,950 --> 00:50:24,640

and i got their spokesman and sent them

1489

00:50:28,549 --> 00:50:26,960

an email and said hey i wanted to ask

1490

00:50:29,990 --> 00:50:28,559

you a little bit more about this because

1491

00:50:33,510 --> 00:50:30,000

it had something to do

1492

00:50:35,829 --> 00:50:33,520

with the uap task force and the offices

1493

00:50:38,069 --> 00:50:35,839

and for the last year i've never gotten

1494

00:50:40,470 --> 00:50:38,079

an answer back from the department i

1495

00:50:42,470 --> 00:50:40,480

sent it to they immediately get for she

1496

00:50:44,150 --> 00:50:42,480

answers it even though she's not even in

1497

00:50:46,390 --> 00:50:44,160

that department she gets all the

1498

00:50:48,470 --> 00:50:46,400

questions she gets the answers

1499

00:50:50,790 --> 00:50:48,480

greenwald has found some uh

1500

00:50:51,589 --> 00:50:50,800

some documents internal correspondence

1501

00:50:53,190 --> 00:50:51,599

that

1502

00:50:55,109 --> 00:50:53,200

got released through foia which i'm sure

1503

00:50:57,349 --> 00:50:55,119

that we're unhappy about showing them

1504

00:50:59,109 --> 00:50:57,359

internally discussing how everything has

1505

00:51:00,950 --> 00:50:59,119

to go to her and we have to stay on the

1506

00:51:02,710 --> 00:51:00,960

same message here there was clearly a

1507

00:51:03,990 --> 00:51:02,720

whitewash going on

1508

00:51:06,390 --> 00:51:04,000

but

1509

00:51:07,910 --> 00:51:06,400

uh i don't see that changing no um

1510

00:51:09,430 --> 00:51:07,920

unless she decides to retire i mean she

1511

00:51:10,390 --> 00:51:09,440

already retired once

1512

00:51:13,910 --> 00:51:10,400

and

1513

00:51:15,030 --> 00:51:13,920

she was an intel agent you know in the

1514

00:51:16,870 --> 00:51:15,040

military

1515

00:51:18,309 --> 00:51:16,880

and they brought her back just to do

1516

00:51:20,829 --> 00:51:18,319

this

1517

00:51:23,270 --> 00:51:20,839

so unless she's really desperate to

1518

00:51:24,549 --> 00:51:23,280

retire i imagine that's the only person

1519

00:51:26,630 --> 00:51:24,559

we're going to be dealing with for the

1520

00:51:28,069 --> 00:51:26,640

foreseeable future

1521

00:51:30,470 --> 00:51:28,079

just before we get to some listener

1522

00:51:32,390 --> 00:51:30,480

questions to to finish off jazz do you

1523

00:51:34,870 --> 00:51:32,400

think we've got anything on the horizon

1524

00:51:37,670 --> 00:51:34,880

coming in terms of new footage pictures

1525

00:51:39,670 --> 00:51:37,680

data folks like jeremy corbell have been

1526

00:51:41,349 --> 00:51:39,680

teasing now for quite a while with

1527

00:51:43,430 --> 00:51:41,359

things like quotes like this is just the

1528

00:51:45,670 --> 00:51:43,440

cam before the storm as if there's going

1529

00:51:48,549 --> 00:51:45,680

to be no footage coming out for example

1530

00:51:51,270 --> 00:51:48,559

as he had last year any any whispers or

1531

00:51:53,430 --> 00:51:51,280

any inkling

1532

00:51:56,470 --> 00:51:53,440

i hear the same things you do probably

1533

00:51:59,510 --> 00:51:56,480

uh from most of the same people um

1534

00:52:00,870 --> 00:51:59,520

lou elizondo told us not very long ago

1535

00:52:02,950 --> 00:52:00,880

that he was really excited and there was

1536

00:52:04,870 --> 00:52:02,960

stuff going on but it wasn't quite ready

1537

00:52:07,430 --> 00:52:04,880

to be talked about yet

1538

00:52:09,829 --> 00:52:07,440

that could mean new footage it could

1539

00:52:12,150 --> 00:52:09,839

mean new witnesses you know military

1540

00:52:13,510 --> 00:52:12,160

witnesses whatever more pilots coming

1541

00:52:15,589 --> 00:52:13,520

forward

1542

00:52:17,270 --> 00:52:15,599

uh i don't rule it out

1543

00:52:19,910 --> 00:52:17,280

um

1544

00:52:22,549 --> 00:52:19,920

whether it's corbell or whether it's

1545

00:52:23,670 --> 00:52:22,559

those guys you know breaking through

1546

00:52:25,589 --> 00:52:23,680

and getting something else to be

1547

00:52:27,109 --> 00:52:25,599

declassified and released could be

1548

00:52:29,030 --> 00:52:27,119

either way

1549

00:52:30,630 --> 00:52:29,040

i'd love to see it but

1550

00:52:32,710 --> 00:52:30,640

let's be honest we hear this on a

1551

00:52:34,870 --> 00:52:32,720

monthly basis in

1552

00:52:37,190 --> 00:52:34,880

in the entire ufology community there's

1553

00:52:38,870 --> 00:52:37,200

always somebody saying oh i know this

1554

00:52:40,549 --> 00:52:38,880

thing i got this inside source and

1555

00:52:42,150 --> 00:52:40,559

something's about to go

1556

00:52:43,510 --> 00:52:42,160

and occasionally something does go and

1557

00:52:45,349 --> 00:52:43,520

that's great when that happens but then

1558

00:52:47,670 --> 00:52:45,359

for every one of those there's there's

1559

00:52:49,990 --> 00:52:47,680

90 more where nothing happens you know

1560

00:52:52,069 --> 00:52:50,000

or somebody comes up and

1561

00:52:53,910 --> 00:52:52,079

really gets made a fool of because they

1562

00:52:55,430 --> 00:52:53,920

fell for some disinfo and it turned out

1563

00:52:57,349 --> 00:52:55,440

to be totally bogus

1564

00:52:58,870 --> 00:52:57,359

so i would just advise everybody to be

1565

00:53:00,230 --> 00:52:58,880

cautious um

1566

00:53:02,230 --> 00:53:00,240

don't get too excited when something

1567

00:53:03,510 --> 00:53:02,240

comes out if it doesn't have the right

1568

00:53:05,109 --> 00:53:03,520

pedigree

1569

00:53:06,950 --> 00:53:05,119

uh like

1570

00:53:08,710 --> 00:53:06,960

the redacted

1571

00:53:10,549 --> 00:53:08,720

full thing that dropped yesterday i have

1572

00:53:12,309 --> 00:53:10,559

no questions about that because i

1573

00:53:14,390 --> 00:53:12,319

completely trust

1574

00:53:15,589 --> 00:53:14,400

john greenwald just has never done

1575

00:53:18,069 --> 00:53:15,599

anything but release government

1576
00:53:19,270 --> 00:53:18,079
documents and these stand up to the test

1577
00:53:21,430 --> 00:53:19,280
if you

1578
00:53:22,870 --> 00:53:21,440
write to susan goff and go hey is that

1579
00:53:24,230 --> 00:53:22,880
real that and they're gonna they're

1580
00:53:26,549 --> 00:53:24,240
gonna verify it and say yeah that's the

1581
00:53:28,790 --> 00:53:26,559
report because they decided

1582
00:53:31,109 --> 00:53:28,800
what was going to be redacted and what

1583
00:53:33,910 --> 00:53:31,119
wasn't you know that was their decision

1584
00:53:35,510 --> 00:53:33,920
so nobody's going to deny it that's real

1585
00:53:37,670 --> 00:53:35,520
um when you hear these things about

1586
00:53:39,670 --> 00:53:37,680
somebody like well in dms i was talking

1587
00:53:41,829 --> 00:53:39,680
to this other person and they were shown

1588
00:53:43,190 --> 00:53:41,839

this video that was completely different

1589

00:53:44,150 --> 00:53:43,200

and it's really shocking where do you

1590

00:53:45,829 --> 00:53:44,160

see it

1591

00:53:46,790 --> 00:53:45,839

and then it doesn't show up

1592

00:53:48,870 --> 00:53:46,800

you know

1593

00:53:50,470 --> 00:53:48,880

and it's like so

1594

00:53:53,750 --> 00:53:50,480

yeah hold your horses let's everybody

1595

00:53:54,790 --> 00:53:53,760

try to keep calm and soldier on um

1596

00:53:57,829 --> 00:53:54,800

i think

1597

00:53:59,910 --> 00:53:57,839

i'm 100 sure there's more coming of

1598

00:54:01,430 --> 00:53:59,920

various types of information more

1599

00:54:02,710 --> 00:54:01,440

government activity there will be more

1600

00:54:03,750 --> 00:54:02,720

reports

1601
00:54:05,349 --> 00:54:03,760
how

1602
00:54:07,829 --> 00:54:05,359
gratifying those reports from the

1603
00:54:11,750 --> 00:54:07,839
government will be

1604
00:54:12,790 --> 00:54:11,760
we'll see you know but uh no i'm not

1605
00:54:14,150 --> 00:54:12,800
i don't know anything you don't know

1606
00:54:15,670 --> 00:54:14,160
i'll just put it that way there i don't

1607
00:54:17,589 --> 00:54:15,680
know that there's anything about to drop

1608
00:54:19,750 --> 00:54:17,599
that's really going to be jaw dropping

1609
00:54:21,829 --> 00:54:19,760
you know but yeah i'm sure there's going

1610
00:54:22,950 --> 00:54:21,839
to be more the story will continue to

1611
00:54:24,710 --> 00:54:22,960
develop

1612
00:54:26,390 --> 00:54:24,720
and god willing and i'm around to do it

1613
00:54:28,069 --> 00:54:26,400

you know i i will try to stay on top of

1614

00:54:30,069 --> 00:54:28,079

it and be reporting on it and

1615

00:54:31,829 --> 00:54:30,079

and share with everybody what i find out

1616

00:54:32,950 --> 00:54:31,839

um but

1617

00:54:36,390 --> 00:54:32,960

you know

1618

00:54:37,829 --> 00:54:36,400

gonna be a long ride

1619

00:54:39,349 --> 00:54:37,839

and you know what i think

1620

00:54:41,030 --> 00:54:39,359

you're right that if we were going to

1621

00:54:43,109 --> 00:54:41,040

get something jaw-dropping tomorrow and

1622

00:54:44,870 --> 00:54:43,119

i'd like to go back to this staple a

1623

00:54:46,950 --> 00:54:44,880

video of a black triangle emerging from

1624

00:54:48,950 --> 00:54:46,960

the ocean filmed by an f-18 fighter

1625

00:54:50,390 --> 00:54:48,960

pilot if that was going to drop tomorrow

1626
00:54:52,150 --> 00:54:50,400
it's probably something that would just

1627
00:54:54,950 --> 00:54:52,160
drop on us and you wouldn't hear about a

1628
00:54:57,670 --> 00:54:54,960
week in advance and have people building

1629
00:54:59,589 --> 00:54:57,680
up and hyping it and i've i've seen

1630
00:55:01,190 --> 00:54:59,599
videos nothing major that have have

1631
00:55:02,870 --> 00:55:01,200
dropped in the communities had a big

1632
00:55:04,549 --> 00:55:02,880
discussion about

1633
00:55:06,069 --> 00:55:04,559
before they've been released

1634
00:55:08,150 --> 00:55:06,079
and that's not me going i'm private

1635
00:55:09,910 --> 00:55:08,160
anything super secret but anytime i saw

1636
00:55:13,990 --> 00:55:09,920
any of these i always go

1637
00:55:16,309 --> 00:55:14,000
all right is is is that it okay cool

1638
00:55:17,829 --> 00:55:16,319

because it's usually lacking in quite a

1639

00:55:19,109 --> 00:55:17,839

lot of different things and you may or

1640

00:55:20,789 --> 00:55:19,119

may not have seen the same stuff as well

1641

00:55:22,390 --> 00:55:20,799

jazz and that's where i'm always like

1642

00:55:23,510 --> 00:55:22,400

i'm grateful for anything to come out

1643

00:55:26,069 --> 00:55:23,520

and i'm sure people have had to go

1644

00:55:27,829 --> 00:55:26,079

through processes to get these but it

1645

00:55:30,309 --> 00:55:27,839

may or may not be a drone maybe it may

1646

00:55:31,990 --> 00:55:30,319

not be a drone or a drugs run it could

1647

00:55:33,349 --> 00:55:32,000

be a balloon floating in the wind it

1648

00:55:35,589 --> 00:55:33,359

could be something but we don't have

1649

00:55:37,829 --> 00:55:35,599

enough data to tell us what it is so

1650

00:55:40,870 --> 00:55:37,839

like you see i'm going to be in balloon

1651
00:55:42,150 --> 00:55:40,880
yeah batman balloon that one still keeps

1652
00:55:43,750 --> 00:55:42,160
coming back around i've noticed it's

1653
00:55:45,829 --> 00:55:43,760
doing its rounds and the some of the

1654
00:55:46,630 --> 00:55:45,839
mainstream uk stuff just now online as

1655
00:55:48,710 --> 00:55:46,640
well

1656
00:55:49,910 --> 00:55:48,720
i just stay at the conversation but but

1657
00:55:52,950 --> 00:55:49,920
listen let's get to some listener

1658
00:55:55,589 --> 00:55:52,960
questions jazz um so first up uh we had

1659
00:55:56,950 --> 00:55:55,599
mads now mads uh you've sort of answered

1660
00:55:59,910 --> 00:55:56,960
the first part of his question is it

1661
00:56:03,349 --> 00:55:59,920
possible that the aoi msg um or

1662
00:56:05,030 --> 00:56:03,359
unpronounceable aerial pentagon whatever

1663
00:56:07,190 --> 00:56:05,040

it was you said it's going to exist

1664

00:56:08,549 --> 00:56:07,200

parallel with the jolly brand as raw

1665

00:56:10,710 --> 00:56:08,559

amendment office

1666

00:56:12,630 --> 00:56:10,720

an unpronounceable acronym

1667

00:56:14,870 --> 00:56:12,640

by the pentagon yes that's the one yeah

1668

00:56:16,870 --> 00:56:14,880

it's oh god it's almost harder um but is

1669

00:56:18,390 --> 00:56:16,880

it possible that aoi msg and azure would

1670

00:56:20,549 --> 00:56:18,400

run side by side potentially you've

1671

00:56:22,950 --> 00:56:20,559

talked about that but i also wanted to

1672

00:56:24,950 --> 00:56:22,960

know do you think the budget for

1673

00:56:28,150 --> 00:56:24,960

whatever the office turns to be will be

1674

00:56:31,829 --> 00:56:29,510

uh

1675

00:56:33,510 --> 00:56:31,839

well

1676
00:56:35,829 --> 00:56:33,520
that's a yes and no question because the

1677
00:56:38,390 --> 00:56:35,839
way the budget works

1678
00:56:40,630 --> 00:56:38,400
the budget is not broken down

1679
00:56:41,349 --> 00:56:40,640
in its final form

1680
00:56:43,270 --> 00:56:41,359
to

1681
00:56:45,430 --> 00:56:43,280
every single

1682
00:56:47,510 --> 00:56:45,440
office and how much money they had to

1683
00:56:50,230 --> 00:56:47,520
spend on coffee filters

1684
00:56:53,430 --> 00:56:50,240
yeah the pentagon the pentagon gets one

1685
00:56:56,069 --> 00:56:53,440
block of money that's in the

1686
00:56:57,109 --> 00:56:56,079
hundreds of billions okay

1687
00:57:00,309 --> 00:56:57,119
and

1688
00:57:01,910 --> 00:57:00,319

then they break that down into the

1689

00:57:03,910 --> 00:57:01,920

civilian side

1690

00:57:06,069 --> 00:57:03,920

and money for the navy and the army the

1691

00:57:07,750 --> 00:57:06,079

air force the marines now the space

1692

00:57:08,710 --> 00:57:07,760

force you know

1693

00:57:10,230 --> 00:57:08,720

and

1694

00:57:11,589 --> 00:57:10,240

on the intelligence side there's a bunch

1695

00:57:13,990 --> 00:57:11,599

of offices

1696

00:57:17,589 --> 00:57:14,000

that the breakdown only goes so far so

1697

00:57:19,510 --> 00:57:17,599

that money that's going to be used by

1698

00:57:21,829 --> 00:57:19,520

these offices or that office if they're

1699

00:57:23,990 --> 00:57:21,839

combined it's already allocated it was

1700

00:57:24,870 --> 00:57:24,000

not it's already been signed off

1701

00:57:27,430 --> 00:57:24,880

but

1702

00:57:29,190 --> 00:57:27,440

it doesn't go down to the detail of

1703

00:57:30,069 --> 00:57:29,200

how much is going to go specifically

1704

00:57:32,950 --> 00:57:30,079

into

1705

00:57:34,549 --> 00:57:32,960

collecting ufo reports by this

1706

00:57:35,829 --> 00:57:34,559

one group of people which may be staffed

1707

00:57:37,829 --> 00:57:35,839

by only

1708

00:57:39,109 --> 00:57:37,839

five to ten people you know plus

1709

00:57:41,910 --> 00:57:39,119

investigators

1710

00:57:44,150 --> 00:57:41,920

it it doesn't go down that far

1711

00:57:45,750 --> 00:57:44,160

any time that the inspectors general or

1712

00:57:47,589 --> 00:57:45,760

in some cases the media

1713

00:57:48,950 --> 00:57:47,599

you you can do requests and say we'd

1714

00:57:51,430 --> 00:57:48,960

like to know the specific budget for

1715

00:57:53,349 --> 00:57:51,440

this and if it's not classified they

1716

00:57:54,549 --> 00:57:53,359

will come back and tell you what

1717

00:57:57,190 --> 00:57:54,559

portion

1718

00:57:59,270 --> 00:57:57,200

of the budget went to that specific

1719

00:58:01,589 --> 00:57:59,280

activity because everybody's got a code

1720

00:58:03,910 --> 00:58:01,599

assigned and they can go find out how

1721

00:58:05,510 --> 00:58:03,920

much money was spent against that code

1722

00:58:10,630 --> 00:58:05,520

you know if your spending code for this

1723

00:58:13,430 --> 00:58:10,640

office is you know f17 dash aaa gf

1724

00:58:15,430 --> 00:58:13,440

you know that has to be on every

1725

00:58:17,589 --> 00:58:15,440

line item where money is allocated and

1726

00:58:19,829 --> 00:58:17,599

then that can be retrieved not in real

1727

00:58:21,190 --> 00:58:19,839

time not beforehand but after the year

1728

00:58:22,789 --> 00:58:21,200

is done

1729

00:58:25,190 --> 00:58:22,799

and that's all filed you can request

1730

00:58:27,670 --> 00:58:25,200

that information and you can find out

1731

00:58:29,990 --> 00:58:27,680

i would not expect it to be gigantic but

1732

00:58:32,390 --> 00:58:30,000

also if it's going to be a fully staffed

1733

00:58:33,510 --> 00:58:32,400

office or two offices there's minimum

1734

00:58:35,190 --> 00:58:33,520

requirements and they're going to have a

1735

00:58:36,390 --> 00:58:35,200

travel budget apparently

1736

00:58:38,150 --> 00:58:36,400

um because some people are gonna have to

1737

00:58:39,589 --> 00:58:38,160

go travel and collect things and and

1738

00:58:42,069 --> 00:58:39,599

talk to people so

1739

00:58:43,109 --> 00:58:42,079

i i would not be shocked if

1740

00:58:45,510 --> 00:58:43,119

over

1741

00:58:47,190 --> 00:58:45,520

the in and it's currently slated to be

1742

00:58:48,870 --> 00:58:47,200

funded for two years over a two year

1743

00:58:50,950 --> 00:58:48,880

period maybe a couple of offices that

1744

00:58:52,710 --> 00:58:50,960

many people i i don't think it's going

1745

00:58:54,710 --> 00:58:52,720

to get to what we once heard like maybe

1746

00:58:56,150 --> 00:58:54,720

a billion dollars total when we thought

1747

00:58:57,109 --> 00:58:56,160

everybody was

1748

00:58:58,390 --> 00:58:57,119

all the functions are going to be

1749

00:58:59,270 --> 00:58:58,400

handled specifically in this one little

1750

00:59:01,670 --> 00:58:59,280

group

1751
00:59:03,510 --> 00:59:01,680
the responsibilities are being

1752
00:59:04,390 --> 00:59:03,520
shoved off onto the other departments in

1753
00:59:05,990 --> 00:59:04,400
the military

1754
00:59:07,910 --> 00:59:06,000
and in the intelligence community so

1755
00:59:09,750 --> 00:59:07,920
their responsibilities shrink

1756
00:59:12,230 --> 00:59:09,760
i i wouldn't be shocked if it would i

1757
00:59:15,430 --> 00:59:12,240
it's almost certainly in the tens of

1758
00:59:17,670 --> 00:59:15,440
millions maybe up in 100 200 million

1759
00:59:20,069 --> 00:59:17,680
range it'll be a decent budget i think

1760
00:59:22,150 --> 00:59:20,079
but we we can find out uh

1761
00:59:24,230 --> 00:59:22,160
a year and a half from now

1762
00:59:26,390 --> 00:59:24,240
like you say atip survived in a budget

1763
00:59:28,630 --> 00:59:26,400

we hear of 20 million dollars which is

1764

00:59:30,230 --> 00:59:28,640

pretty conservative and like you say it

1765

00:59:31,910 --> 00:59:30,240

depends on who's in the program what's

1766

00:59:34,390 --> 00:59:31,920

involved you know that what they're

1767

00:59:35,750 --> 00:59:34,400

going to have to do exactly but um i

1768

00:59:37,670 --> 00:59:35,760

suppose the proof's in the pudding and

1769

00:59:38,789 --> 00:59:37,680

we'll see what comes out from that

1770

00:59:42,789 --> 00:59:38,799

um

1771

00:59:46,870 --> 00:59:42,799

that was a shoestring budget so yes yeah

1772

00:59:49,190 --> 00:59:46,880

um expensive shoe strings but still yeah

1773

00:59:51,750 --> 00:59:49,200

um gaz wants to know what is your honest

1774

00:59:53,349 --> 00:59:51,760

take on roswell um asking jazz as a

1775

00:59:55,910 --> 00:59:53,359

truly seasoned pro and the subject of

1776

00:59:57,750 --> 00:59:55,920

ufos uh gaz isn't sure there seems to be

1777

00:59:59,190 --> 00:59:57,760

a little more than he see he seems to

1778

01:00:01,270 --> 00:59:59,200

think there's more than the normal level

1779

01:00:02,470 --> 01:00:01,280

of discussion about roswell lately and

1780

01:00:05,990 --> 01:00:02,480

wondering if something's going to

1781

01:00:09,910 --> 01:00:07,750

roswell is one that i have looked into

1782

01:00:12,549 --> 01:00:09,920

not nearly as deeply as some other

1783

01:00:14,549 --> 01:00:12,559

people i really i enjoy the subject i've

1784

01:00:15,910 --> 01:00:14,559

always found it interesting

1785

01:00:18,150 --> 01:00:15,920

um

1786

01:00:20,150 --> 01:00:18,160

the only thing i can say conclusively to

1787

01:00:21,589 --> 01:00:20,160

my satisfaction

1788

01:00:23,030 --> 01:00:21,599

is

1789

01:00:25,109 --> 01:00:23,040

first

1790

01:00:28,549 --> 01:00:25,119

something came down on that ranch

1791

01:00:31,589 --> 01:00:28,559

probably in late june of 1947 and wasn't

1792

01:00:33,510 --> 01:00:31,599

discovered by banks brazil until july

1793

01:00:35,030 --> 01:00:33,520

7th right

1794

01:00:37,109 --> 01:00:35,040

and that's

1795

01:00:39,750 --> 01:00:37,119

when all the notifications and hubble

1796

01:00:41,349 --> 01:00:39,760

blue started something came down

1797

01:00:43,510 --> 01:00:41,359

out of the sky

1798

01:00:45,990 --> 01:00:43,520

and the second thing i'm convinced of

1799

01:00:49,030 --> 01:00:46,000

there was a cover-up by the government

1800

01:00:51,430 --> 01:00:49,040

in fact there was at least four of them

1801
01:00:53,349 --> 01:00:51,440
what they were covering up

1802
01:00:54,630 --> 01:00:53,359
as far as i'm concerned we still don't

1803
01:00:55,430 --> 01:00:54,640
know

1804
01:01:02,230 --> 01:00:55,440
i

1805
01:01:04,150 --> 01:01:02,240
number two

1806
01:01:05,030 --> 01:01:04,160
on the list

1807
01:01:06,630 --> 01:01:05,040
i

1808
01:01:07,430 --> 01:01:06,640
have heard

1809
01:01:09,030 --> 01:01:07,440
uh

1810
01:01:10,950 --> 01:01:09,040
nick redfern

1811
01:01:13,190 --> 01:01:10,960
has actually i think he wrote an entire

1812
01:01:16,069 --> 01:01:13,200
book but he also did some articles on it

1813
01:01:17,829 --> 01:01:16,079

he did a lot of digging and

1814

01:01:21,430 --> 01:01:17,839

i still think it's very possible that

1815

01:01:24,549 --> 01:01:21,440

that was a top secret program not the uh

1816

01:01:26,549 --> 01:01:24,559

the secret listening balloon uh program

1817

01:01:27,910 --> 01:01:26,559

the name slip in my mind right now

1818

01:01:29,109 --> 01:01:27,920

um

1819

01:01:29,990 --> 01:01:29,119

not that

1820

01:01:31,270 --> 01:01:30,000

but

1821

01:01:32,549 --> 01:01:31,280

again now we're getting back to the

1822

01:01:34,309 --> 01:01:32,559

subject of the government on some

1823

01:01:36,390 --> 01:01:34,319

terrible things at times

1824

01:01:38,710 --> 01:01:36,400

there are documents that that nick

1825

01:01:40,870 --> 01:01:38,720

highlighted and witnessed reports from

1826

01:01:43,109 --> 01:01:40,880

people that were alive at the time

1827

01:01:45,109 --> 01:01:43,119

who suggested that back then we were

1828

01:01:46,549 --> 01:01:45,119

first studying the effects of very high

1829

01:01:49,430 --> 01:01:46,559

altitude flight

1830

01:01:51,190 --> 01:01:49,440

and radiation on people

1831

01:01:52,390 --> 01:01:51,200

and they suggest that the government may

1832

01:01:54,630 --> 01:01:52,400

have taken

1833

01:01:56,309 --> 01:01:54,640

maybe some japanese prisoners of war

1834

01:01:57,990 --> 01:01:56,319

maybe even i'm gonna say something

1835

01:02:00,470 --> 01:01:58,000

horrible trigger warning shut off the

1836

01:02:02,630 --> 01:02:00,480

show if you don't if you're not ready

1837

01:02:05,270 --> 01:02:02,640

that they may have even taken disabled

1838

01:02:06,950 --> 01:02:05,280

children who were abandoned at

1839

01:02:09,029 --> 01:02:06,960

asylums and homes and things back in the

1840

01:02:11,109 --> 01:02:09,039

day which which happened if you had a

1841

01:02:13,750 --> 01:02:11,119

a child that you know had severe birth

1842

01:02:15,349 --> 01:02:13,760

defects and it's tragic but they did

1843

01:02:16,950 --> 01:02:15,359

maybe that maybe some children maybe

1844

01:02:19,910 --> 01:02:16,960

some japanese prisoners

1845

01:02:21,589 --> 01:02:19,920

and put them in a craft suspended from a

1846

01:02:23,990 --> 01:02:21,599

really huge balloon that was not

1847

01:02:25,270 --> 01:02:24,000

pressurized and just shot them way up

1848

01:02:27,029 --> 01:02:25,280

into the air

1849

01:02:28,710 --> 01:02:27,039

just to watch what the effects are on

1850

01:02:30,069 --> 01:02:28,720

people's being up there without pressure

1851

01:02:31,270 --> 01:02:30,079

suits or anything and of course they

1852

01:02:32,069 --> 01:02:31,280

would die

1853

01:02:34,390 --> 01:02:32,079

um

1854

01:02:35,670 --> 01:02:34,400

and if one of those crashed that's

1855

01:02:37,349 --> 01:02:35,680

certainly the sort of thing they

1856

01:02:39,510 --> 01:02:37,359

wouldn't want to talk about

1857

01:02:41,270 --> 01:02:39,520

back then because of classification and

1858

01:02:44,309 --> 01:02:41,280

also they would never want to reveal

1859

01:02:45,589 --> 01:02:44,319

something like that if that's the case

1860

01:02:47,109 --> 01:02:45,599

that might have been what they covered

1861

01:02:49,270 --> 01:02:47,119

up

1862

01:02:52,390 --> 01:02:49,280

the other possibility is

1863

01:02:53,990 --> 01:02:52,400

yeah it was a flying disc and somebody

1864

01:02:55,829 --> 01:02:54,000

didn't get a memo and went out and

1865

01:02:58,069 --> 01:02:55,839

called the radio station who called the

1866

01:02:59,589 --> 01:02:58,079

newspaper and said yeah we're covering a

1867

01:03:02,470 --> 01:02:59,599

flying desk we'll check it in to let you

1868

01:03:04,230 --> 01:03:02,480

know and they yanked him off the stage

1869

01:03:06,470 --> 01:03:04,240

really fast with the hook and then they

1870

01:03:08,470 --> 01:03:06,480

came out and went nope weather balloon

1871

01:03:10,870 --> 01:03:08,480

you know yeah

1872

01:03:13,349 --> 01:03:10,880

so that that's my answer um uh i don't

1873

01:03:15,270 --> 01:03:13,359

have a personal belief but

1874

01:03:16,950 --> 01:03:15,280

i i would put

1875

01:03:18,390 --> 01:03:16,960

extraterrestrial

1876

01:03:20,390 --> 01:03:18,400

incursion

1877

01:03:22,710 --> 01:03:20,400

uh fairly high on the list but not at

1878

01:03:24,789 --> 01:03:22,720

the top

1879

01:03:27,430 --> 01:03:24,799

i've said on the podcast jazz that it

1880

01:03:29,190 --> 01:03:27,440

happened so long ago and it's the it's

1881

01:03:30,789 --> 01:03:29,200

the first case i think almost

1882

01:03:32,789 --> 01:03:30,799

exclusively everyone hears about when

1883

01:03:35,829 --> 01:03:32,799

they get into the subject of ufos are

1884

01:03:37,750 --> 01:03:35,839

are first exposed to it that i'm always

1885

01:03:40,150 --> 01:03:37,760

wary of things that happened so long ago

1886

01:03:41,990 --> 01:03:40,160

getting like additional books and new

1887

01:03:43,349 --> 01:03:42,000

witnesses because almost everyone

1888

01:03:45,430 --> 01:03:43,359

involved in that at the time has now

1889

01:03:47,029 --> 01:03:45,440

passed away and the grandchildren of

1890

01:03:48,950 --> 01:03:47,039

these people have have more or less

1891

01:03:51,109 --> 01:03:48,960

passed away as well so you're now on to

1892

01:03:52,950 --> 01:03:51,119

the great great great grandchildren of

1893

01:03:54,710 --> 01:03:52,960

anyone who was involved

1894

01:03:56,710 --> 01:03:54,720

and i think the only true way anything

1895

01:03:58,950 --> 01:03:56,720

could really come out further about the

1896

01:04:02,069 --> 01:03:58,960

case would be if the government did have

1897

01:04:03,510 --> 01:04:02,079

some super secret files that weren't

1898

01:04:04,870 --> 01:04:03,520

you know through a john greenwald and

1899

01:04:06,230 --> 01:04:04,880

they opened them up and went here you go

1900

01:04:08,789 --> 01:04:06,240

here's what happened or hear something

1901

01:04:10,630 --> 01:04:08,799

from it um but it's one of those i think

1902

01:04:12,950 --> 01:04:10,640

the myth the lord the legend is there

1903

01:04:14,950 --> 01:04:12,960

for a good reason and um yeah but

1904

01:04:18,069 --> 01:04:14,960

interesting thanks for the question guys

1905

01:04:20,549 --> 01:04:18,079

um sazek asks have you heard or seen

1906

01:04:22,549 --> 01:04:20,559

anything about the supposed video video

1907

01:04:25,029 --> 01:04:22,559

senator harry reid left after his

1908

01:04:28,549 --> 01:04:27,109

okay i guess now it's safe to talk about

1909

01:04:30,390 --> 01:04:28,559

it um

1910

01:04:32,789 --> 01:04:30,400

i have spoken to a couple other

1911

01:04:34,870 --> 01:04:32,799

journalists about the

1912

01:04:38,829 --> 01:04:34,880

rumor

1913

01:04:41,670 --> 01:04:38,839

that and this started about three years

1914

01:04:44,390 --> 01:04:41,680

ago uh that

1915

01:04:45,510 --> 01:04:44,400

i i guess the general consensus seemed

1916

01:04:47,190 --> 01:04:45,520

to be

1917

01:04:48,630 --> 01:04:47,200

that he had recorded

1918

01:04:50,470 --> 01:04:48,640

when they when he found out he was sick

1919

01:04:52,069 --> 01:04:50,480

and whatnot i had recorded something

1920

01:04:53,990 --> 01:04:52,079

most likely

1921

01:04:56,789 --> 01:04:54,000

with george knapp the reason people

1922

01:04:57,990 --> 01:04:56,799

thought that there was one podcast

1923

01:04:59,829 --> 01:04:58,000

god i'd have to go back and find my

1924

01:05:01,910 --> 01:04:59,839

notes um

1925

01:05:03,349 --> 01:05:01,920

where there was a discussion in the

1926

01:05:05,270 --> 01:05:03,359

background

1927

01:05:06,829 --> 01:05:05,280

where jeremy corbell

1928

01:05:10,630 --> 01:05:06,839

had gone on that

1929

01:05:12,390 --> 01:05:10,640

show and while they were recording it

1930

01:05:15,029 --> 01:05:12,400

and it wasn't wasn't alive it was being

1931

01:05:17,349 --> 01:05:15,039

recorded if if the story is true

1932

01:05:18,870 --> 01:05:17,359

that he had said to the host or hosts i

1933

01:05:20,230 --> 01:05:18,880

think it was two people

1934

01:05:22,230 --> 01:05:20,240

uh he's just telling the story and

1935

01:05:24,309 --> 01:05:22,240

getting into it and and just sort of

1936

01:05:26,630 --> 01:05:24,319

mentioned out of the blue

1937

01:05:27,910 --> 01:05:26,640

that uh that harry reid had done that

1938

01:05:29,589 --> 01:05:27,920

which is important you know because you

1939

01:05:31,270 --> 01:05:29,599

don't want to lose and then he kind of

1940

01:05:33,589 --> 01:05:31,280

stopped and was like wait a minute hold

1941

01:05:35,589 --> 01:05:33,599

on we need to cut that and i guess you

1942

01:05:37,510 --> 01:05:35,599

have to start again if the story is true

1943

01:05:39,670 --> 01:05:37,520

they cut that section out of it before

1944

01:05:40,870 --> 01:05:39,680

it was published but there were people

1945

01:05:43,910 --> 01:05:40,880

who

1946

01:05:45,750 --> 01:05:43,920

allegedly watched that portion of it so

1947

01:05:47,750 --> 01:05:45,760

we never heard it from harry reid we

1948

01:05:50,309 --> 01:05:47,760

never heard it from george knapp we

1949

01:05:51,670 --> 01:05:50,319

never heard it directly from jeremy

1950

01:05:53,829 --> 01:05:51,680

corbell

1951

01:05:56,950 --> 01:05:53,839

it's this is one of those stories that

1952

01:05:58,789 --> 01:05:56,960

you heard from somebody who heard from

1953

01:06:01,990 --> 01:05:58,799

who allegedly knew about

1954

01:06:03,589 --> 01:06:02,000

like three three generations away

1955

01:06:05,670 --> 01:06:03,599

um

1956

01:06:07,589 --> 01:06:05,680

with all that said

1957

01:06:09,670 --> 01:06:07,599

just because of their history together

1958

01:06:11,910 --> 01:06:09,680

and by they i mean harry reid and george

1959

01:06:14,549 --> 01:06:11,920

knapp and all the years and

1960

01:06:16,069 --> 01:06:14,559

the exclusive access that that knapp

1961

01:06:17,670 --> 01:06:16,079

always had harry reid whenever he wanted

1962

01:06:19,829 --> 01:06:17,680

him you know he talked to him he was at

1963

01:06:21,750 --> 01:06:19,839

his house all the time

1964

01:06:23,270 --> 01:06:21,760

i would not be at all shocked if that

1965

01:06:25,270 --> 01:06:23,280

video exists

1966

01:06:27,589 --> 01:06:25,280

um

1967

01:06:29,029 --> 01:06:27,599

there may have been instructions

1968

01:06:31,829 --> 01:06:29,039

you know even after i'm gone you have to

1969

01:06:33,670 --> 01:06:31,839

wait a certain amount of time

1970

01:06:35,270 --> 01:06:33,680

it gets released you know let all the

1971

01:06:37,510 --> 01:06:35,280

funeral arrangements in my family and

1972

01:06:40,549 --> 01:06:37,520

everything get taken care of

1973

01:06:42,309 --> 01:06:40,559

uh maybe there's something about it that

1974

01:06:44,230 --> 01:06:42,319

has information included that could get

1975

01:06:47,270 --> 01:06:44,240

someone else in trouble until those

1976

01:06:48,309 --> 01:06:47,280

things get sorted out uh so my the

1977

01:06:50,789 --> 01:06:48,319

answer is

1978

01:06:52,390 --> 01:06:50,799

no i don't know for sure 100 because i

1979

01:06:54,630 --> 01:06:52,400

was not one of the people who watched

1980

01:06:55,349 --> 01:06:54,640

that podcast and even if i had been

1981

01:06:58,230 --> 01:06:55,359

i

1982

01:07:00,549 --> 01:06:58,240

knowledge

1983

01:07:02,230 --> 01:07:00,559

so sure i don't personally know anybody

1984

01:07:04,630 --> 01:07:02,240

who's actually seen the video which

1985

01:07:06,549 --> 01:07:04,640

would be the only way to confirm it

1986

01:07:08,789 --> 01:07:06,559

um and knapp's always very good at

1987

01:07:12,309 --> 01:07:08,799

holding holding things close to the best

1988

01:07:13,910 --> 01:07:12,319

so and and i think i find it plausible

1989

01:07:15,510 --> 01:07:13,920

even if that does exist jazz i think

1990

01:07:17,510 --> 01:07:15,520

there's also there would be a timing

1991

01:07:20,069 --> 01:07:17,520

element to anyone leaving one of those

1992

01:07:22,630 --> 01:07:20,079

sort of death bed con confessional and

1993

01:07:25,270 --> 01:07:22,640

as huge a name and as respected as harry

1994

01:07:26,870 --> 01:07:25,280

reid senator harry reid as in was

1995

01:07:28,789 --> 01:07:26,880

there still has to be a timing for that

1996

01:07:31,029 --> 01:07:28,799

to be released and you wonder in the

1997

01:07:32,230 --> 01:07:31,039

height of a war war time situation as we

1998

01:07:33,750 --> 01:07:32,240

have in ukraine at the moment with

1999

01:07:35,990 --> 01:07:33,760

everything that's going on

2000

01:07:38,470 --> 01:07:36,000

as here's a former senator who's now

2001

01:07:40,789 --> 01:07:38,480

deceased ufo confession video

2002

01:07:42,470 --> 01:07:40,799

is at the right time probably not anyway

2003

01:07:44,470 --> 01:07:42,480

and for whatever impact they'd be

2004

01:07:45,589 --> 01:07:44,480

looking for that for that to have

2005

01:07:48,789 --> 01:07:45,599

um

2006

01:07:51,109 --> 01:07:48,799

and uh final question from wagella asks

2007

01:07:52,870 --> 01:07:51,119

that wagella is curious to know how have

2008

01:07:54,549 --> 01:07:52,880

your colleagues perspectives on the

2009

01:07:56,710 --> 01:07:54,559

topic that obviously you work with and

2010

01:08:00,069 --> 01:07:56,720

write with how has that evolved since

2011

01:08:02,630 --> 01:08:00,079

2017 have you seen any noticeable change

2012

01:08:06,150 --> 01:08:02,640

uh case-by-case basis definitely that

2013

01:08:07,670 --> 01:08:06,160

that that's the overall answer um

2014

01:08:09,430 --> 01:08:07,680

like i said i work in a group where this

2015

01:08:10,950 --> 01:08:09,440

was never written about professionally

2016

01:08:11,990 --> 01:08:10,960

it was never discussed openly nothing

2017

01:08:13,750 --> 01:08:12,000

like that

2018

01:08:16,630 --> 01:08:13,760

and when i started to

2019

01:08:19,030 --> 01:08:16,640

i did surprisingly find

2020

01:08:20,950 --> 01:08:19,040

there were

2021

01:08:23,349 --> 01:08:20,960

a couple people on our team and on the

2022

01:08:24,470 --> 01:08:23,359

extended team who immediately contacted

2023

01:08:26,149 --> 01:08:24,480

me privately and said oh you're

2024

01:08:27,430 --> 01:08:26,159

interested in this too i've always been

2025

01:08:29,510 --> 01:08:27,440

interested in this that's that's a

2026

01:08:30,630 --> 01:08:29,520

really fascinating story and there were

2027

01:08:31,669 --> 01:08:30,640

other people like you're going to lose

2028

01:08:33,430 --> 01:08:31,679

your job

2029

01:08:34,789 --> 01:08:33,440

because you're right you're acting like

2030

01:08:36,630 --> 01:08:34,799

a lunatic and they're not going to put

2031

01:08:36,630 --> 01:08:37,669

up with us you know and this is all

2032

01:08:40,870 --> 01:08:39,749

i'm sorry pardon my language

2033

01:08:43,189 --> 01:08:40,880

and uh

2034

01:08:45,030 --> 01:08:43,199

so it it ran the gamut but i will s on

2035

01:08:46,709 --> 01:08:45,040

top of that i will say

2036

01:08:48,950 --> 01:08:46,719

some of those people who were saying it

2037

01:08:52,390 --> 01:08:48,960

was all bs

2038

01:08:54,390 --> 01:08:52,400

have since in the few years since then

2039

01:08:56,149 --> 01:08:54,400

slowly but surely as i put more and more

2040

01:08:58,789 --> 01:08:56,159

info out as more and more of it's in the

2041

01:09:00,550 --> 01:08:58,799

mainstream media as congress is passing

2042

01:09:02,229 --> 01:09:00,560

bills and creating offices they've come

2043

01:09:03,669 --> 01:09:02,239

around and kind of gone

2044

01:09:05,269 --> 01:09:03,679

okay i don't i don't know if those are

2045

01:09:07,189 --> 01:09:05,279

really things that are aliens but

2046

01:09:08,390 --> 01:09:07,199

clearly it's real

2047

01:09:10,309 --> 01:09:08,400

and that's something the government's

2048

01:09:12,550 --> 01:09:10,319

doing so yeah it's it's a legitimate

2049

01:09:14,789 --> 01:09:12,560

topic we can talk about that and others

2050

01:09:16,070 --> 01:09:14,799

have see have started diving in deeper

2051

01:09:17,910 --> 01:09:16,080

and looked at some of the videos and

2052

01:09:21,030 --> 01:09:17,920

pictures and read the reports the new

2053

01:09:22,709 --> 01:09:21,040

ones and the older ones and have become

2054

01:09:24,870 --> 01:09:22,719

far far more

2055

01:09:25,910 --> 01:09:24,880

open to the idea on the other end of the

2056

01:09:28,789 --> 01:09:25,920

scale

2057

01:09:31,269 --> 01:09:28,799

there is one of the

2058

01:09:33,189 --> 01:09:31,279

list of outlets that i write for

2059

01:09:35,430 --> 01:09:33,199

and i'm not going to out anybody by

2060

01:09:36,709 --> 01:09:35,440

saying specifically which one it was

2061

01:09:39,430 --> 01:09:36,719

or is

2062

01:09:40,870 --> 01:09:39,440

that uh as the topic was blowing up a

2063

01:09:42,149 --> 01:09:40,880

while back

2064

01:09:44,309 --> 01:09:42,159

they really

2065

01:09:45,349 --> 01:09:44,319

internally wanted

2066

01:09:47,110 --> 01:09:45,359

to get

2067

01:09:49,110 --> 01:09:47,120

some coverage of it and get on the

2068

01:09:50,709 --> 01:09:49,120

bandwagon you know and

2069

01:09:52,630 --> 01:09:50,719

participate

2070

01:09:54,149 --> 01:09:52,640

but their editors uh as much as they

2071

01:09:55,590 --> 01:09:54,159

wanted to do it

2072

01:09:57,189 --> 01:09:55,600

they didn't

2073

01:09:58,950 --> 01:09:57,199

have any of their own people who wanted

2074

01:10:00,630 --> 01:09:58,960

to put their name on anything

2075

01:10:01,910 --> 01:10:00,640

and that was when the first time that i

2076

01:10:03,350 --> 01:10:01,920

started writing for that particular

2077

01:10:05,590 --> 01:10:03,360

outlet because they contacted me

2078

01:10:08,950 --> 01:10:05,600

privately and said look we we want some

2079

01:10:10,790 --> 01:10:08,960

coverage of this story and we see you're

2080

01:10:12,470 --> 01:10:10,800

quote the ufo guy and you've been

2081

01:10:13,430 --> 01:10:12,480

writing about it would you like to do it

2082

01:10:14,950 --> 01:10:13,440

for us

2083

01:10:17,189 --> 01:10:14,960

and i was like

2084

01:10:19,830 --> 01:10:17,199

okay sure and it was just done with the

2085

01:10:21,590 --> 01:10:19,840

understanding that this was all me this

2086

01:10:23,910 --> 01:10:21,600

is my coverage my if there's any

2087

01:10:26,070 --> 01:10:23,920

opinions in my opinions not the opinions

2088

01:10:27,750 --> 01:10:26,080

of that outlet or any of the editors

2089

01:10:29,830 --> 01:10:27,760

they don't want their name tied to it

2090

01:10:31,830 --> 01:10:29,840

but they did want it on their site so i

2091

01:10:34,070 --> 01:10:31,840

think that if that answers the question

2092

01:10:35,430 --> 01:10:34,080

that's like the range of what my various

2093

01:10:38,070 --> 01:10:35,440

colleagues both

2094

01:10:40,149 --> 01:10:38,080

in our network and other networks that i

2095

01:10:42,229 --> 01:10:40,159

work with and that we associate with it

2096

01:10:44,310 --> 01:10:42,239

it does run quite a range there

2097

01:10:45,990 --> 01:10:44,320

everybody seems to be in most everybody

2098

01:10:47,430 --> 01:10:46,000

seems to be interested

2099

01:10:49,270 --> 01:10:47,440

how much they're willing to put their

2100

01:10:51,910 --> 01:10:49,280

own attach their own name to it

2101
01:10:55,030 --> 01:10:51,920
changes quite a bit from case to case

2102
01:10:56,550 --> 01:10:55,040
no it's a nice note to end on

2103
01:10:58,630 --> 01:10:56,560
it's been wonderful

2104
01:11:00,070 --> 01:10:58,640
oh go on go ahead

2105
01:11:01,590 --> 01:11:00,080
you're fine i can edit that i can edit

2106
01:11:03,189 --> 01:11:01,600
that out don't worry

2107
01:11:04,870 --> 01:11:03,199
no i was going to say

2108
01:11:06,550 --> 01:11:04,880
i i wasn't aware you were going to say

2109
01:11:07,830 --> 01:11:06,560
something else to me so i'll stay here

2110
01:11:09,830 --> 01:11:07,840
if you were just going to be doing a

2111
01:11:11,669 --> 01:11:09,840
closing thing i was going to ask if i'd

2112
01:11:13,910 --> 01:11:11,679
get up and go get another glass of water

2113
01:11:15,350 --> 01:11:13,920

but i can wait go ahead yeah literally

2114

01:11:17,510 --> 01:11:15,360

two seconds yeah just while you're on

2115

01:11:18,950 --> 01:11:17,520

i'll make a note

2116

01:11:21,030 --> 01:11:18,960

jazz it's been great speaking with you

2117

01:11:22,950 --> 01:11:21,040

at long overdue like i said um how can

2118

01:11:24,390 --> 01:11:22,960

people follow you on social media and

2119

01:11:26,390 --> 01:11:24,400

also have you got anything coming up

2120

01:11:27,910 --> 01:11:26,400

what's next

2121

01:11:30,630 --> 01:11:27,920

um

2122

01:11:33,189 --> 01:11:30,640

yeah the only social media i really do i

2123

01:11:34,310 --> 01:11:33,199

mean i i technically have a facebook

2124

01:11:36,790 --> 01:11:34,320

account but

2125

01:11:38,390 --> 01:11:36,800

i haven't looked at it in five years uh

2126

01:11:40,870 --> 01:11:38,400

i use it for logging in and out of stuff

2127

01:11:43,510 --> 01:11:40,880

you can i'm on twitter pretty much every

2128

01:11:44,870 --> 01:11:43,520

day all day far too much i can't believe

2129

01:11:45,910 --> 01:11:44,880

how much my life i've spent on that

2130

01:11:47,910 --> 01:11:45,920

webpage

2131

01:11:50,149 --> 01:11:47,920

um it's just at jshaw one word

2132

01:11:52,709 --> 01:11:50,159

j-a-z-z-s-h-a-w

2133

01:11:55,110 --> 01:11:52,719

uh you can see all of my stuff if you go

2134

01:11:56,070 --> 01:11:55,120

to hotair.com if you go to the debrief

2135

01:11:58,709 --> 01:11:56,080

uh

2136

01:12:00,149 --> 01:11:58,719

debriefmedia.org

2137

01:12:02,310 --> 01:12:00,159

uh

2138

01:12:03,350 --> 01:12:02,320

those are the two main ones where you'll

2139

01:12:04,390 --> 01:12:03,360

see me

2140

01:12:06,070 --> 01:12:04,400

um

2141

01:12:07,590 --> 01:12:06,080

if i find it i'll give you a link if you

2142

01:12:09,510 --> 01:12:07,600

want to stick it in i i do have a

2143

01:12:11,669 --> 01:12:09,520

youtube page like i said there's like

2144

01:12:14,149 --> 01:12:11,679

five videos on there i don't do shows or

2145

01:12:16,470 --> 01:12:14,159

anything or any of that stuff it's just

2146

01:12:18,310 --> 01:12:16,480

if i take a video of a ufo or a plane

2147

01:12:19,990 --> 01:12:18,320

that looks like a ufo or whatever i toss

2148

01:12:22,070 --> 01:12:20,000

it up there but i really don't do

2149

01:12:24,550 --> 01:12:22,080

anything else with it so yeah mostly

2150

01:12:25,510 --> 01:12:24,560

just twitter um as to what i have coming

2151

01:12:27,669 --> 01:12:25,520

up

2152

01:12:29,590 --> 01:12:27,679

i just finished

2153

01:12:30,870 --> 01:12:29,600

an article that i was researching and

2154

01:12:33,750 --> 01:12:30,880

then writing

2155

01:12:36,790 --> 01:12:33,760

for two weeks for the debrief

2156

01:12:38,709 --> 01:12:36,800

and it's already submitted uh they

2157

01:12:40,390 --> 01:12:38,719

they're usually pretty slow reviewing

2158

01:12:42,790 --> 01:12:40,400

submissions uh

2159

01:12:44,229 --> 01:12:42,800

small staff a lot of people a lot of a

2160

01:12:46,470 --> 01:12:44,239

lot of contributions

2161

01:12:48,390 --> 01:12:46,480

so it's not a criticism uh it can take

2162

01:12:49,590 --> 01:12:48,400

any anywhere from one to three days but

2163

01:12:50,950 --> 01:12:49,600

when you submit something before it

2164

01:12:53,350 --> 01:12:50,960

actually goes live so i'm not sure when

2165

01:12:55,910 --> 01:12:53,360

it'll be up by the time this

2166

01:12:58,070 --> 01:12:55,920

airs for the general for everybody it

2167

01:13:01,430 --> 01:12:58,080

should be up at the debrief

2168

01:13:02,950 --> 01:13:01,440

and it is an article about

2169

01:13:04,950 --> 01:13:02,960

uh

2170

01:13:07,669 --> 01:13:04,960

the title i used was long before the

2171

01:13:09,910 --> 01:13:07,679

phoenix lights there was incident 40.

2172

01:13:12,870 --> 01:13:09,920

and it's an article about incident 40

2173

01:13:13,669 --> 01:13:12,880

from project grudge and it was

2174

01:13:24,870 --> 01:13:13,679

a

2175

01:13:26,870 --> 01:13:24,880

broke

2176

01:13:28,470 --> 01:13:26,880

and he was in the news for like a week

2177

01:13:29,350 --> 01:13:28,480

and then he disappeared

2178

01:13:31,189 --> 01:13:29,360

but

2179

01:13:33,750 --> 01:13:31,199

project grudge in later project blue

2180

01:13:35,510 --> 01:13:33,760

book looked into him looked into his

2181

01:13:36,550 --> 01:13:35,520

sighting but also into him and his

2182

01:13:37,990 --> 01:13:36,560

character

2183

01:13:40,470 --> 01:13:38,000

and the really fascinating thing i

2184

01:13:42,709 --> 01:13:40,480

turned up in this report is i may very

2185

01:13:46,229 --> 01:13:42,719

well have uncovered the first government

2186

01:13:47,830 --> 01:13:46,239

documented incident incidents of the men

2187

01:13:50,790 --> 01:13:47,840

in black

2188

01:13:52,709 --> 01:13:50,800

because they confessed to having gone to

2189

01:13:55,110 --> 01:13:52,719

interview this guy in person

2190

01:13:57,110 --> 01:13:55,120

and roof and just were introduced as

2191

01:13:59,430 --> 01:13:57,120

from the federal government wouldn't say

2192

01:14:01,510 --> 01:13:59,440

anything else and they asked him for the

2193

01:14:03,270 --> 01:14:01,520

negatives from the pictures that he they

2194

01:14:04,149 --> 01:14:03,280

took them away and they'd never return

2195

01:14:05,750 --> 01:14:04,159

them

2196

01:14:08,070 --> 01:14:05,760

and if that doesn't match the

2197

01:14:09,910 --> 01:14:08,080

description of a men in black incident

2198

01:14:11,669 --> 01:14:09,920

i don't know what does but that's not

2199

01:14:14,390 --> 01:14:11,679

just some story coming from a robert

2200

01:14:16,310 --> 01:14:14,400

stack you know tv show this is right in

2201

01:14:18,630 --> 01:14:16,320

the government's files

2202

01:14:21,270 --> 01:14:18,640

they interviewed the f there was an fbi

2203

01:14:24,470 --> 01:14:21,280

agent and a csc agent

2204

01:14:26,630 --> 01:14:24,480

and they went and they had the complete

2205

01:14:27,990 --> 01:14:26,640

report from the fbi agent's experience

2206

01:14:29,430 --> 01:14:28,000

and he was like i thought it was weird

2207

01:14:31,590 --> 01:14:29,440

they told me not to say my name or show

2208

01:14:33,030 --> 01:14:31,600

my badge but i also thought it was none
