

CLIPS

# LUIS ELIZONDO

PAST, PRESENT & FUTURE

1  
00:00:03,189 --> 00:00:02,149  
you are the most important piece to this

2  
00:00:04,950 --> 00:00:03,199  
equation

3  
00:00:07,190 --> 00:00:04,960  
every single one of you in the audience

4  
00:00:08,310 --> 00:00:07,200  
it's not me it's not andy it's not dan

5  
00:00:09,190 --> 00:00:08,320  
it's you

6  
00:00:10,549 --> 00:00:09,200  
um

7  
00:00:11,910 --> 00:00:10,559  
we're doing this for you because

8  
00:00:13,270 --> 00:00:11,920  
ultimately you're gonna have to make a

9  
00:00:14,950 --> 00:00:13,280  
decision

10  
00:00:17,189 --> 00:00:14,960  
not me

11  
00:00:19,029 --> 00:00:17,199  
uh and that decision is is this topic

12  
00:00:22,150 --> 00:00:19,039  
important enough that we need to

13  
00:00:23,509 --> 00:00:22,160

continue to pursue this as a species

14

00:00:25,269 --> 00:00:23,519

maybe it's not

15

00:00:29,029 --> 00:00:25,279

that's not up to me

16

00:00:32,389 --> 00:00:29,039

um that responsibility falls in in your

17

00:00:35,030 --> 00:00:32,399

lab and so um

18

00:00:38,389 --> 00:00:35,040

i i hope that that you continue this

19

00:00:40,470 --> 00:00:38,399

pioneering spirit of asking questions

20

00:00:42,630 --> 00:00:40,480

uh to include even asking me and

21

00:00:45,110 --> 00:00:42,640

challenging me um

22

00:00:47,430 --> 00:00:45,120

i think i think it's um it's important

23

00:00:49,590 --> 00:00:47,440

because ultimately

24

00:00:51,830 --> 00:00:49,600

ultimately you deserve the answers

25

00:00:54,549 --> 00:00:51,840

whatever those answers are i think i

26

00:00:57,830 --> 00:00:54,559

think you deserve those answers

27

00:00:59,029 --> 00:00:57,840

and i guess as far as my my advice is

28

00:01:00,790 --> 00:00:59,039

you know don't

29

00:01:02,470 --> 00:01:00,800

don't stop asking the questions be

30

00:01:04,950 --> 00:01:02,480

fearless in your pursuit of the truth

31

00:01:06,469 --> 00:01:04,960

wherever that truth may lie

32

00:01:10,630 --> 00:01:06,479

um

33

00:01:13,670 --> 00:01:10,640

because ultimately you know it's it's
