

**KNAAPP & KELLEHER
YEAR IN REVIEW (SO FAR)**

1
00:00:02,470 --> 00:00:00,150

[Music]

2
00:00:04,550 --> 00:00:02,480

i am george knapp listening to that ufo

3
00:00:08,070 --> 00:00:04,560

podcast and having one hell of a good

4
00:00:13,030 --> 00:00:10,470

hi everyone and welcome back to that ufo

5
00:00:15,509 --> 00:00:13,040

podcast my name is andy and it's been an

6
00:00:17,269 --> 00:00:15,519

intriguing interesting confusing and at

7
00:00:19,750 --> 00:00:17,279

times frustrating year for those of us

8
00:00:21,349 --> 00:00:19,760

with a passion for the ufo subject but

9
00:00:23,590 --> 00:00:21,359

there has rarely been a week gone by

10
00:00:25,269 --> 00:00:23,600

without something new to discuss to go

11
00:00:27,029 --> 00:00:25,279

over some of the highlights of the year

12
00:00:30,150 --> 00:00:27,039

so far i'd like to welcome back to the

13
00:00:32,389 --> 00:00:30,160

podcast two guests whose book uh along

14

00:00:34,470 --> 00:00:32,399

with james akatsuki skinwalkers at the

15

00:00:37,110 --> 00:00:34,480

pentagon was certainly a highlight of

16

00:00:38,950 --> 00:00:37,120

last year and a big big talking point dr

17

00:00:41,350 --> 00:00:38,960

colm kelleher and george knapp will come

18

00:00:42,470 --> 00:00:41,360

back to the podcast gents ready

19

00:00:45,190 --> 00:00:42,480

to be here

20

00:00:47,270 --> 00:00:45,200

it is excellent to have you on and i

21

00:00:48,790 --> 00:00:47,280

apologize to the listeners who asked

22

00:00:50,310 --> 00:00:48,800

questions and i was trying to keep this

23

00:00:52,470 --> 00:00:50,320

a different format as i've just

24

00:00:54,150 --> 00:00:52,480

discussed so this one is more of a kind

25

00:00:55,590 --> 00:00:54,160

of highlights pod but thanks to everyone

26
00:00:56,950 --> 00:00:55,600
who sent me over questions hopefully

27
00:00:59,910 --> 00:00:56,960
some of those will get answered within

28
00:01:02,069 --> 00:00:59,920
the the body of the conversation anyway

29
00:01:04,549 --> 00:01:02,079
um big highlight that happened very

30
00:01:07,030 --> 00:01:04,559
recently george i'll come to you first

31
00:01:08,870 --> 00:01:07,040
was the confirmation announcement

32
00:01:11,429 --> 00:01:08,880
unveiling whatever you want to call it

33
00:01:13,510 --> 00:01:11,439
of of travis taylor being the chief

34
00:01:16,149 --> 00:01:13,520
scientist behind the uap task force and

35
00:01:18,789 --> 00:01:16,159
the report this was news to certainly

36
00:01:22,310 --> 00:01:18,799
99.9 percent of the the population it

37
00:01:24,230 --> 00:01:22,320
seems um i wonder george how long did

38
00:01:27,350 --> 00:01:24,240

you know about this already i'm

39

00:01:29,429 --> 00:01:27,360

presuming you know ahead of time

40

00:01:30,789 --> 00:01:29,439

uh not very long for i want to say this

41

00:01:33,350 --> 00:01:30,799

andy first of all you know we're

42

00:01:36,310 --> 00:01:33,360

recording this on the 4th of july and i

43

00:01:38,630 --> 00:01:36,320

being the only native born colonial here

44

00:01:40,870 --> 00:01:38,640

i would like to say uh king george go

45

00:01:43,270 --> 00:01:40,880

home um

46

00:01:45,510 --> 00:01:43,280

i'm outnumbered by brits or experts and

47

00:01:47,350 --> 00:01:45,520

uh just you know enjoying the holiday i

48

00:01:49,910 --> 00:01:47,360

hope everyone is as well regarding

49

00:01:52,310 --> 00:01:49,920

travis july apologies yeah happy fourth

50

00:01:55,030 --> 00:01:52,320

of july happy holidays yeah independence

51
00:01:56,310 --> 00:01:55,040
day um just a little background on

52
00:01:58,550 --> 00:01:56,320
travis taylor

53
00:02:00,069 --> 00:01:58,560
i you know i first met him

54
00:02:01,990 --> 00:02:00,079
right around the time that the

55
00:02:04,069 --> 00:02:02,000
skinwalker show had been announced there

56
00:02:07,109 --> 00:02:04,079
was some kind of a history channel event

57
00:02:09,589 --> 00:02:07,119
at a at a ufo convention and he was

58
00:02:11,350 --> 00:02:09,599
there and and we got introduced

59
00:02:13,030 --> 00:02:11,360
after the formal event

60
00:02:15,110 --> 00:02:13,040
and he looked at me like i was a

61
00:02:16,229 --> 00:02:15,120
criminal i mean he uh with great

62
00:02:17,830 --> 00:02:16,239
suspicion

63
00:02:20,070 --> 00:02:17,840

and i think that his

64

00:02:22,309 --> 00:02:20,080

his suspicions continued for a long time

65

00:02:24,390 --> 00:02:22,319

you know he he's explained to me since

66

00:02:26,710 --> 00:02:24,400

then since we've had sort of a more of a

67

00:02:29,430 --> 00:02:26,720

dialogue that he went into the whole

68

00:02:31,830 --> 00:02:29,440

skinwalker ranch tv show

69

00:02:33,190 --> 00:02:31,840

as a profound skeptic in the sense that

70

00:02:35,110 --> 00:02:33,200

he thought

71

00:02:36,390 --> 00:02:35,120

he's not skeptical about ufo stuff

72

00:02:37,910 --> 00:02:36,400

necessarily but

73

00:02:39,509 --> 00:02:37,920

he felt that there was some kind of scam

74

00:02:41,509 --> 00:02:39,519

going on about the ranch that either it

75

00:02:44,309 --> 00:02:41,519

was the bigelow organization

76

00:02:46,470 --> 00:02:44,319

or me and me and column as authors

77

00:02:48,070 --> 00:02:46,480

trying to scam this or maybe it was a

78

00:02:50,630 --> 00:02:48,080

foreign government the russians or the

79

00:02:52,630 --> 00:02:50,640

chinese or maybe american intelligence

80

00:02:54,550 --> 00:02:52,640

agencies playing games out there that

81

00:02:55,990 --> 00:02:54,560

the phenomena was not real and that we

82

00:02:58,070 --> 00:02:56,000

had written about it and blown up way

83

00:03:00,470 --> 00:02:58,080

out of proportion he was highly dubious

84

00:03:02,309 --> 00:03:00,480

about the whole enterprise

85

00:03:04,390 --> 00:03:02,319

fast forward a year

86

00:03:06,949 --> 00:03:04,400

from that point and his attitude had

87

00:03:08,710 --> 00:03:06,959

changed profoundly because he had had

88

00:03:10,229 --> 00:03:08,720

his own experiences he'd been on the

89

00:03:11,110 --> 00:03:10,239

ground their boots on the ground on the

90

00:03:12,949 --> 00:03:11,120

ranch

91

00:03:13,910 --> 00:03:12,959

and had seen things that he could not

92

00:03:16,229 --> 00:03:13,920

explain

93

00:03:18,470 --> 00:03:16,239

one of the things that he saw there was

94

00:03:20,550 --> 00:03:18,480

something that he felt had national

95

00:03:23,190 --> 00:03:20,560

security implications i don't know

96

00:03:25,990 --> 00:03:23,200

exactly what that event was but he went

97

00:03:28,390 --> 00:03:26,000

to some folks in the pentagon whom he

98

00:03:31,830 --> 00:03:28,400

suspected had some kind of a connection

99

00:03:34,070 --> 00:03:31,840

to the ufo study and he told him about

100

00:03:36,070 --> 00:03:34,080

and the guy that he went to go see is

101
00:03:38,149 --> 00:03:36,080
the was the person who was in charge of

102
00:03:41,270 --> 00:03:38,159
what later became known as the uap task

103
00:03:43,430 --> 00:03:41,280
force the uap task force existed before

104
00:03:45,910 --> 00:03:43,440
it existed it was already existence long

105
00:03:47,670 --> 00:03:45,920
before congress formally created it

106
00:03:50,470 --> 00:03:47,680
there was an organization

107
00:03:52,550 --> 00:03:50,480
uh headed by a really professional guy

108
00:03:54,630 --> 00:03:52,560
we can get into his name if you want who

109
00:03:56,630 --> 00:03:54,640
had been at this for a long time who'd

110
00:03:58,309 --> 00:03:56,640
worked for the u.s navy as an

111
00:03:59,509 --> 00:03:58,319
intelligence officer had worked for the

112
00:04:02,149 --> 00:03:59,519
dia

113
00:04:04,710 --> 00:04:02,159

he was highly respected and this sort of

114

00:04:06,869 --> 00:04:04,720

fell in his lap to investigate military

115

00:04:09,270 --> 00:04:06,879

encounters with ufos and then other

116

00:04:11,830 --> 00:04:09,280

phenomena he had familiarity with both

117

00:04:13,110 --> 00:04:11,840

the needs organization with the asap

118

00:04:18,229 --> 00:04:13,120

program

119

00:04:20,469 --> 00:04:18,239

well and work with lou elizondo travis

120

00:04:22,710 --> 00:04:20,479

goes to see him tells him about this

121

00:04:23,749 --> 00:04:22,720

experience that he had on the ranch

122

00:04:25,030 --> 00:04:23,759

this guy

123

00:04:27,510 --> 00:04:25,040

thinks about it for a while and then

124

00:04:29,189 --> 00:04:27,520

invited him to join the uap task force

125

00:04:31,909 --> 00:04:29,199

as the chief scientist

126

00:04:34,070 --> 00:04:31,919

column and i had suspicions that travis

127

00:04:35,830 --> 00:04:34,080

knew more than he'd ever let on

128

00:04:37,510 --> 00:04:35,840

we had private conversations that column

129

00:04:39,670 --> 00:04:37,520

could weigh in on there

130

00:04:41,670 --> 00:04:39,680

but you know i interviewed travis a

131

00:04:44,469 --> 00:04:41,680

month earlier before this big interview

132

00:04:46,310 --> 00:04:44,479

about his secret role broke out and had

133

00:04:48,390 --> 00:04:46,320

talked to him about the ranch how about

134

00:04:49,990 --> 00:04:48,400

his personal experiences about medical

135

00:04:51,830 --> 00:04:50,000

consequences things that had happened

136

00:04:54,870 --> 00:04:51,840

him on the property exposure to

137

00:04:57,830 --> 00:04:54,880

radiation hitchhiker effects uh things

138

00:04:58,710 --> 00:04:57,840

of that sort and i had no idea at that

139

00:05:00,310 --> 00:04:58,720

time

140

00:05:03,510 --> 00:05:00,320

in fact that he was wearing this other

141

00:05:05,909 --> 00:05:03,520

hat it was a few weeks later that i i

142

00:05:07,909 --> 00:05:05,919

learned and the reason that he came

143

00:05:09,590 --> 00:05:07,919

clean with me about it is

144

00:05:10,790 --> 00:05:09,600

he had found out that there was a foia

145

00:05:13,510 --> 00:05:10,800

release

146

00:05:14,950 --> 00:05:13,520

of his emails to the guy we're talking

147

00:05:16,550 --> 00:05:14,960

about jay stratton who was the head of

148

00:05:18,230 --> 00:05:16,560

the uap task force

149

00:05:19,830 --> 00:05:18,240

and they thought that they were worried

150

00:05:21,830 --> 00:05:19,840

that they were concerned that a lot of

151
00:05:23,749 --> 00:05:21,840
these emails were going to come out

152
00:05:25,990 --> 00:05:23,759
and that their names would be revealed i

153
00:05:28,870 --> 00:05:26,000
don't think that in actuality what was

154
00:05:30,070 --> 00:05:28,880
released through foia identified either

155
00:05:32,629 --> 00:05:30,080
one of them i think the names were

156
00:05:34,950 --> 00:05:32,639
redacted but he wanted to be able to

157
00:05:36,710 --> 00:05:34,960
explain what his role was before it came

158
00:05:38,950 --> 00:05:36,720
spilling out on a foia request and got

159
00:05:41,909 --> 00:05:38,960
twisted and turned by you know what the

160
00:05:43,430 --> 00:05:41,919
ufo twitter is like and ufo social media

161
00:05:44,950 --> 00:05:43,440
who knows he could come out looking like

162
00:05:47,110 --> 00:05:44,960
a super villain by the time he was done

163
00:05:49,830 --> 00:05:47,120

with it so he agreed to speak to me and

164

00:05:50,870 --> 00:05:49,840

i had gone to this scu conference in

165

00:05:53,749 --> 00:05:50,880

huntsville

166

00:05:55,350 --> 00:05:53,759

where it was a great lineup of speakers

167

00:05:56,629 --> 00:05:55,360

and even more impressive than the

168

00:05:59,110 --> 00:05:56,639

speakers were the people who were in the

169

00:06:01,189 --> 00:05:59,120

audience listening to the event

170

00:06:03,350 --> 00:06:01,199

uh jay stratton was one of them travis

171

00:06:05,270 --> 00:06:03,360

taylor eric davis a former colleague of

172

00:06:06,390 --> 00:06:05,280

columns a lot of other really

173

00:06:09,430 --> 00:06:06,400

interesting people who are in the

174

00:06:11,430 --> 00:06:09,440

audience who are part of that aerospace

175

00:06:13,830 --> 00:06:11,440

think tank and industry that's

176
00:06:16,550 --> 00:06:13,840
blossoming down there in huntsville

177
00:06:18,790 --> 00:06:16,560
along with sort of an unofficial ufo

178
00:06:21,110 --> 00:06:18,800
hotspot in terms of people who've

179
00:06:24,150 --> 00:06:21,120
researched the topic are all there i got

180
00:06:26,629 --> 00:06:24,160
to spend some time with travis kind of

181
00:06:28,550 --> 00:06:26,639
talked him into going on camera and he

182
00:06:30,710 --> 00:06:28,560
told the story and look there's no one

183
00:06:33,510 --> 00:06:30,720
more surprised than i was because i can

184
00:06:35,590 --> 00:06:33,520
tell you he was intensely hostile to the

185
00:06:38,870 --> 00:06:35,600
subject matter of skinwalker ranch at

186
00:06:40,550 --> 00:06:38,880
the beginning to say he's a skeptic

187
00:06:43,029 --> 00:06:40,560
is not doing him justice he was

188
00:06:44,550 --> 00:06:43,039

extremely skeptical about the nature and

189

00:06:47,350 --> 00:06:44,560

source of the events that were happening

190

00:06:49,110 --> 00:06:47,360

on the ranch he's since changed he does

191

00:06:50,629 --> 00:06:49,120

he did what scientists are supposed to

192

00:06:52,230 --> 00:06:50,639

do you go in there

193

00:06:54,309 --> 00:06:52,240

and you investigate you put boots on the

194

00:06:56,070 --> 00:06:54,319

ground and you find out for yourself

195

00:06:57,990 --> 00:06:56,080

and he found out that this stuff is real

196

00:06:59,670 --> 00:06:58,000

now explaining it that's another matter

197

00:07:02,230 --> 00:06:59,680

that's still a challenge but

198

00:07:04,230 --> 00:07:02,240

i applaud his courage in

199

00:07:06,070 --> 00:07:04,240

taking on the responsibility

200

00:07:09,029 --> 00:07:06,080

and wearing the two hats both as being

201
00:07:12,070 --> 00:07:09,039
part of the uap task force and then also

202
00:07:14,469 --> 00:07:12,080
working on the tv series and in standing

203
00:07:16,390 --> 00:07:14,479
up to what he knew was inevitable he was

204
00:07:18,390 --> 00:07:16,400
going to get slimed

205
00:07:20,309 --> 00:07:18,400
as soon as the news came out he knew it

206
00:07:22,390 --> 00:07:20,319
i knew it but he was willing to go

207
00:07:24,550 --> 00:07:22,400
forward with it anyway and and uh it's

208
00:07:26,790 --> 00:07:24,560
exactly what the topic needs people with

209
00:07:29,110 --> 00:07:26,800
his credentials and his credentials are

210
00:07:31,029 --> 00:07:29,120
astounding and i don't want to read it

211
00:07:32,469 --> 00:07:31,039
but i mean five different advanced

212
00:07:35,909 --> 00:07:32,479
degrees

213
00:07:38,469 --> 00:07:35,919

two phds astrophysics and optical

214

00:07:40,790 --> 00:07:38,479

physics and engineering and astronomy

215

00:07:43,029 --> 00:07:40,800

and you know he's exactly the person you

216

00:07:45,189 --> 00:07:43,039

would want to have in there based on

217

00:07:46,629 --> 00:07:45,199

credentials alone and the fact that he

218

00:07:48,629 --> 00:07:46,639

is open

219

00:07:50,950 --> 00:07:48,639

he's not a true believer as i think i've

220

00:07:52,710 --> 00:07:50,960

seen described he's a believer in that

221

00:07:54,790 --> 00:07:52,720

this is worth studying it's worth

222

00:07:56,390 --> 00:07:54,800

investigating to find out what it is

223

00:07:58,150 --> 00:07:56,400

he's not saying it's aliens he's not

224

00:07:59,589 --> 00:07:58,160

saying it's time travelers he doesn't

225

00:08:01,749 --> 00:07:59,599

know what it is he's doing what

226

00:08:04,230 --> 00:08:01,759

scientists are supposed to do go to the

227

00:08:06,629 --> 00:08:04,240

source investigate do some experiments

228

00:08:08,550 --> 00:08:06,639

see if he can figure it out so anyway i

229

00:08:10,710 --> 00:08:08,560

i hope i didn't get off on too much of a

230

00:08:12,469 --> 00:08:10,720

tangent there but that's the that's the

231

00:08:14,469 --> 00:08:12,479

story in a nutshell

232

00:08:16,309 --> 00:08:14,479

no not at all my only issue george with

233

00:08:17,990 --> 00:08:16,319

you is that your interview came out

234

00:08:20,309 --> 00:08:18,000

about four or five days after i

235

00:08:22,230 --> 00:08:20,319

interviewed travis taylor myself and if

236

00:08:24,150 --> 00:08:22,240

i just waited four or five days i could

237

00:08:26,390 --> 00:08:24,160

have had the first interview after you

238

00:08:27,909 --> 00:08:26,400

so yeah i'll uh just put that one down

239

00:08:29,430 --> 00:08:27,919

at a bad time and

240

00:08:30,790 --> 00:08:29,440

call yeah same thing for me i just

241

00:08:32,949 --> 00:08:30,800

interviewed him a couple weeks before

242

00:08:35,670 --> 00:08:32,959

and it was a great interview him he was

243

00:08:36,949 --> 00:08:35,680

very forthright as you know andy in in

244

00:08:38,550 --> 00:08:36,959

describing the things that have happened

245

00:08:40,870 --> 00:08:38,560

to him and the things that they've

246

00:08:43,990 --> 00:08:40,880

encountered on the ranch

247

00:08:45,509 --> 00:08:44,000

but we never got into that specific uh

248

00:08:47,430 --> 00:08:45,519

topic in that earlier interview and i

249

00:08:49,190 --> 00:08:47,440

was i was floored like everyone else was

250

00:08:50,389 --> 00:08:49,200

when it came out

251

00:08:53,110 --> 00:08:50,399

yeah i i

252

00:08:54,870 --> 00:08:53,120

changed my opinion slightly on on dr

253

00:08:57,030 --> 00:08:54,880

travis taylor and speaking to him and

254

00:08:59,030 --> 00:08:57,040

the way comes across and because he has

255

00:09:00,710 --> 00:08:59,040

a tv persona and i'm going to ask you

256

00:09:03,509 --> 00:09:00,720

about that in just a minute but calm

257

00:09:05,430 --> 00:09:03,519

what was your reaction to finding out dr

258

00:09:07,829 --> 00:09:05,440

taylor was leading the task force from a

259

00:09:10,230 --> 00:09:07,839

scientific point of view well as george

260

00:09:12,630 --> 00:09:10,240

mentioned you know george and i have

261

00:09:15,750 --> 00:09:12,640

sort of talked about travis for for

262

00:09:17,910 --> 00:09:15,760

quite a while and um i i also have known

263

00:09:18,790 --> 00:09:17,920

jay stratton for many years

264

00:09:21,110 --> 00:09:18,800

um

265

00:09:23,829 --> 00:09:21,120

and you know informally there was a sort

266

00:09:27,350 --> 00:09:23,839

of a discussion group formed around the

267

00:09:29,190 --> 00:09:27,360

uap task force before it became official

268

00:09:31,750 --> 00:09:29,200

and you know there would be zoom calls

269

00:09:33,190 --> 00:09:31,760

and telephone calls and signal texts and

270

00:09:35,190 --> 00:09:33,200

all of that and

271

00:09:37,430 --> 00:09:35,200

travis's name came up very very

272

00:09:40,150 --> 00:09:37,440

frequently that during these

273

00:09:42,710 --> 00:09:40,160

conversations with these people who were

274

00:09:45,190 --> 00:09:42,720

either on the task force or who were

275

00:09:47,269 --> 00:09:45,200

associated with the task force as

276

00:09:50,630 --> 00:09:47,279

consultants i mean there was a sort of

277

00:09:53,590 --> 00:09:50,640

an informal yet another budding offshoot

278

00:09:55,269 --> 00:09:53,600

of the invisible college kind of thing

279

00:09:57,350 --> 00:09:55,279

that we're discussing

280

00:10:00,630 --> 00:09:57,360

um

281

00:10:03,269 --> 00:10:00,640

what was going on with the the ufo topic

282

00:10:05,269 --> 00:10:03,279

and you know interestingly um this was

283

00:10:07,430 --> 00:10:05,279

way before we had published you know

284

00:10:08,949 --> 00:10:07,440

skin markers at the pentagon this was

285

00:10:10,870 --> 00:10:08,959

even before

286

00:10:13,750 --> 00:10:10,880

the task force was officially announced

287

00:10:16,630 --> 00:10:13,760

but travis taylor's name came up again

288

00:10:18,389 --> 00:10:16,640

and again and again so i mean i i kind

289

00:10:21,350 --> 00:10:18,399

of knew he was

290

00:10:23,509 --> 00:10:21,360

um part of that informal circle i

291

00:10:25,350 --> 00:10:23,519

certainly didn't know he was the chief

292

00:10:27,269 --> 00:10:25,360

uh you know the chief the chief

293

00:10:29,350 --> 00:10:27,279

scientist of the of the

294

00:10:31,509 --> 00:10:29,360

the whole enterprise but you know as

295

00:10:32,470 --> 00:10:31,519

things got more and more official over

296

00:10:35,110 --> 00:10:32,480

time

297

00:10:37,910 --> 00:10:35,120

yet the the task force

298

00:10:40,470 --> 00:10:37,920

people changed the numbers of different

299

00:10:43,030 --> 00:10:40,480

people who were associated in the inner

300

00:10:45,590 --> 00:10:43,040

circle and the consultants changed over

301
00:10:48,069 --> 00:10:45,600
time but you know one thing that that

302
00:10:51,269 --> 00:10:48,079
you know really struck me about the task

303
00:10:53,509 --> 00:10:51,279
force was even from the very very early

304
00:10:56,550 --> 00:10:53,519
days of the task force before it became

305
00:10:59,670 --> 00:10:56,560
official there was a sort of an unspoken

306
00:11:03,030 --> 00:10:59,680
understanding and agreement that the the

307
00:11:04,389 --> 00:11:03,040
focus of the ufo topic should go beyond

308
00:11:06,150 --> 00:11:04,399
this um

309
00:11:08,949 --> 00:11:06,160
only the physics and the engineering

310
00:11:11,590 --> 00:11:08,959
aspects of ufo performance and that it

311
00:11:13,829 --> 00:11:11,600
should be a lot broader and i was always

312
00:11:16,230 --> 00:11:13,839
struck in my conversations with these

313
00:11:19,509 --> 00:11:16,240

people who are either part of the task

314

00:11:21,670 --> 00:11:19,519

force or informal consultants about how

315

00:11:23,430 --> 00:11:21,680

number one incredibly knowledgeable they

316

00:11:27,190 --> 00:11:23,440

were about the

317

00:11:29,829 --> 00:11:27,200

um you know effects of ufo a few ufos on

318

00:11:32,790 --> 00:11:29,839

people including all of the skinwalker

319

00:11:35,110 --> 00:11:32,800

ranch lore and a lot of these people

320

00:11:36,949 --> 00:11:35,120

were very familiar with the nuts and

321

00:11:37,990 --> 00:11:36,959

bolts of what happened on skinwalker

322

00:11:40,069 --> 00:11:38,000

range so

323

00:11:43,110 --> 00:11:40,079

um i found the task force and their

324

00:11:45,990 --> 00:11:43,120

consultants to be tremendously open

325

00:11:46,949 --> 00:11:46,000

open-minded way way more open-minded

326

00:11:49,190 --> 00:11:46,959

than

327

00:11:51,990 --> 00:11:49,200

say a lot of the people who have

328

00:11:53,269 --> 00:11:52,000

received our book you know skim workers

329

00:11:55,110 --> 00:11:53,279

at the pentagon

330

00:11:57,910 --> 00:11:55,120

and you know as george said i think

331

00:12:01,190 --> 00:11:57,920

travis taylor started this whole thing

332

00:12:03,269 --> 00:12:01,200

extremely skeptical and then he's had so

333

00:12:05,190 --> 00:12:03,279

many personal experiences

334

00:12:07,910 --> 00:12:05,200

including personal experiences of the

335

00:12:09,750 --> 00:12:07,920

hitchhiker effect that you know

336

00:12:12,790 --> 00:12:09,760

the the skeptic

337

00:12:14,470 --> 00:12:12,800

has you know transformed into

338

00:12:17,350 --> 00:12:14,480

somebody who is

339

00:12:21,190 --> 00:12:17,360

open much more open to the uh the broad

340

00:12:22,949 --> 00:12:21,200

spectrum of ufo effects so yeah i mean i

341

00:12:25,190 --> 00:12:22,959

i think the guy is

342

00:12:27,190 --> 00:12:25,200

um i i don't know him as well as george

343

00:12:30,230 --> 00:12:27,200

does but i've i've heard him by

344

00:12:32,790 --> 00:12:30,240

reputation for many many years

345

00:12:34,550 --> 00:12:32,800

george you mentioned travis taylor's cv

346

00:12:36,150 --> 00:12:34,560

and it's incredible you say five

347

00:12:38,949 --> 00:12:36,160

advanced degrees and there's a whole

348

00:12:41,509 --> 00:12:38,959

list of of other offshoots of jobs and

349

00:12:43,269 --> 00:12:41,519

roles and consultation roles he's done

350

00:12:44,949 --> 00:12:43,279

in different companies

351

00:12:46,710 --> 00:12:44,959

most of us don't have the luxury of

352

00:12:49,910 --> 00:12:46,720

knowing travis taylor

353

00:12:52,310 --> 00:12:49,920

personally what we see as a persona that

354

00:12:52,949 --> 00:12:52,320

is portrayed on tv which is obviously at

355

00:12:57,110 --> 00:12:52,959

the

356

00:12:59,350 --> 00:12:57,120

mercy of editors and a time constraint

357

00:13:01,430 --> 00:12:59,360

some say that has lessened the impact

358

00:13:04,150 --> 00:13:01,440

his announcement has and and heading up

359

00:13:06,150 --> 00:13:04,160

that role given the the character almost

360

00:13:10,069 --> 00:13:06,160

of travis taylor we know from skinwalker

361

00:13:12,389 --> 00:13:10,079

ranch the tv show is that fair or what

362

00:13:14,470 --> 00:13:12,399

would you say to that

363

00:13:16,629 --> 00:13:14,480

i understand why those questions would

364

00:13:18,790 --> 00:13:16,639

be raised and travis knew they'd be

365

00:13:21,750 --> 00:13:18,800

raised as well but look what do you want

366

00:13:24,790 --> 00:13:21,760

in a ufo investigator his role on the tv

367

00:13:27,190 --> 00:13:24,800

show is the same as his role for the ufo

368

00:13:29,269 --> 00:13:27,200

task force it's to dig into this stuff

369

00:13:31,670 --> 00:13:29,279

study it and try to figure it out that's

370

00:13:35,190 --> 00:13:31,680

not a conflict they're the same thing

371

00:13:37,750 --> 00:13:35,200

the fact that he has a high a persona a

372

00:13:40,470 --> 00:13:37,760

high profile job on television it does

373

00:13:42,790 --> 00:13:40,480

complicate things but i saw this this

374

00:13:46,069 --> 00:13:42,800

ridiculous article in science

375

00:13:48,949 --> 00:13:46,079

magazine put out by keith klor

376

00:13:51,670 --> 00:13:48,959

how how in the world that magazine with

377

00:13:53,590 --> 00:13:51,680

its reputation publishes an article by a

378

00:13:55,990 --> 00:13:53,600

guy like him with his nefarious

379

00:13:58,150 --> 00:13:56,000

background and his personal history is

380

00:13:59,910 --> 00:13:58,160

beyond me i mean you couldn't publish a

381

00:14:02,310 --> 00:13:59,920

paper about skinwalker ranch in that

382

00:14:04,790 --> 00:14:02,320

magazine but you can publish an article

383

00:14:07,030 --> 00:14:04,800

that guts somebody like travis taylor a

384

00:14:09,509 --> 00:14:07,040

legitimate scientist who has an open

385

00:14:11,910 --> 00:14:09,519

mind and an insatiable curiosity

386

00:14:12,949 --> 00:14:11,920

and just it was it was terribly unfair

387

00:14:14,629 --> 00:14:12,959

there's no

388

00:14:16,550 --> 00:14:14,639

you know that article like all the

389

00:14:18,310 --> 00:14:16,560

debunker articles they all quote the

390

00:14:20,470 --> 00:14:18,320

same five people they all quote each

391

00:14:23,350 --> 00:14:20,480

other they interview each other as as

392

00:14:25,269 --> 00:14:23,360

experts all the same five debunkers all

393

00:14:27,430 --> 00:14:25,279

quote each other and repeat the same

394

00:14:29,910 --> 00:14:27,440

stuff no matter who comes forward this

395

00:14:32,870 --> 00:14:29,920

is a concerted effort to not only attack

396

00:14:34,389 --> 00:14:32,880

travis taylor but to attract anybody

397

00:14:36,150 --> 00:14:34,399

else who might come forward it's a

398

00:14:38,470 --> 00:14:36,160

warning if you're going to come if

399

00:14:40,629 --> 00:14:38,480

you're a scientist with advanced degrees

400

00:14:42,470 --> 00:14:40,639

and you take this stuff seriously and

401
00:14:44,710 --> 00:14:42,480
you make it public that you're willing

402
00:14:46,389 --> 00:14:44,720
to investigate it and take it seriously

403
00:14:48,069 --> 00:14:46,399
and follow the evidence where it leads

404
00:14:49,750 --> 00:14:48,079
you're going to get your ass kicked

405
00:14:52,389 --> 00:14:49,760
that's the message that was sent loud

406
00:14:54,629 --> 00:14:52,399
and clear it was incredibly unfair

407
00:14:56,710 --> 00:14:54,639
it was incredibly biased they quoted

408
00:14:58,389 --> 00:14:56,720
only their little buddies who have a

409
00:15:00,790 --> 00:14:58,399
debunker newsletter

410
00:15:03,430 --> 00:15:00,800
and uh it was it was ridiculous and it

411
00:15:06,629 --> 00:15:03,440
got repeated in multiple other media

412
00:15:09,509 --> 00:15:06,639
forums um with with very little scrutiny

413
00:15:10,870 --> 00:15:09,519

very little editorial insight it was it

414

00:15:12,550 --> 00:15:10,880

was uh

415

00:15:14,150 --> 00:15:12,560

i think it's it's representative of

416

00:15:17,110 --> 00:15:14,160

what's been going on with the topic for

417

00:15:19,590 --> 00:15:17,120

a long time you know the debunkers are

418

00:15:22,389 --> 00:15:19,600

so desperate now to hang on with their

419

00:15:24,389 --> 00:15:22,399

fingernails to the position that none of

420

00:15:26,790 --> 00:15:24,399

this is true and in light of the uap

421

00:15:28,150 --> 00:15:26,800

task force and their report and the

422

00:15:30,629 --> 00:15:28,160

congressional interest and the

423

00:15:33,350 --> 00:15:30,639

congressional hearings i think their

424

00:15:35,350 --> 00:15:33,360

desperation is has increased and anybody

425

00:15:37,269 --> 00:15:35,360

who comes forward to advance hey there's

426

00:15:39,189 --> 00:15:37,279

something interesting going on here gets

427

00:15:41,350 --> 00:15:39,199

attacked and the attacks have become

428

00:15:43,509 --> 00:15:41,360

much more personal in the last couple of

429

00:15:45,910 --> 00:15:43,519

months than we've seen for a long time

430

00:15:48,389 --> 00:15:45,920

i'm on the receiving end of it i i see

431

00:15:50,150 --> 00:15:48,399

it i know it comes with the territory

432

00:15:52,550 --> 00:15:50,160

now travis taylor sees it in the same

433

00:15:54,629 --> 00:15:52,560

thing and that and the fact that this is

434

00:15:56,069 --> 00:15:54,639

sent out as a warning shot to anybody

435

00:15:58,470 --> 00:15:56,079

else who might be studying this and

436

00:16:00,230 --> 00:15:58,480

taking it seriously that is the the

437

00:16:02,069 --> 00:16:00,240

message that needs to come across to the

438

00:16:03,269 --> 00:16:02,079

public is this is an attempt to

439

00:16:05,990 --> 00:16:03,279

intimidate

440

00:16:08,550 --> 00:16:06,000

and debunk uh prior to even seeing the

441

00:16:11,030 --> 00:16:08,560

information so i i have no problem with

442

00:16:13,350 --> 00:16:11,040

him wearing those two hats and the fact

443

00:16:16,389 --> 00:16:13,360

that the guy has written a bunch of uh

444

00:16:19,189 --> 00:16:16,399

sci-fi novels he has five degrees he's

445

00:16:21,430 --> 00:16:19,199

written 14 books he you know that that

446

00:16:23,590 --> 00:16:21,440

was also presented as well that's a

447

00:16:25,829 --> 00:16:23,600

disqualifier he's a true believer if he

448

00:16:27,509 --> 00:16:25,839

writes sci-fi novels it makes him a true

449

00:16:29,749 --> 00:16:27,519

believer that's not true

450

00:16:31,910 --> 00:16:29,759

if you know sci-fi writers are hostile

451

00:16:33,910 --> 00:16:31,920

to the ufo topic historically they're

452

00:16:36,629 --> 00:16:33,920

not they don't embrace it they hate it

453

00:16:39,110 --> 00:16:36,639

uh so you know the fact that he has that

454

00:16:41,269 --> 00:16:39,120

much time and energy and is interested

455

00:16:43,350 --> 00:16:41,279

in the big wide world around us those

456

00:16:45,430 --> 00:16:43,360

are all pluses as far as i'm concerned

457

00:16:47,269 --> 00:16:45,440

and i'm so glad that he

458

00:16:49,430 --> 00:16:47,279

had the courage to take on those jobs

459

00:16:51,189 --> 00:16:49,440

i'm so glad that he's sticking with it

460

00:16:52,870 --> 00:16:51,199

and i hope that other people who are out

461

00:16:55,430 --> 00:16:52,880

there thinking of doing the same thing

462

00:16:57,670 --> 00:16:55,440

are not intimidated by these jerks who

463

00:17:00,069 --> 00:16:57,680

try to uh stop anyone from discussing

464

00:17:02,230 --> 00:17:00,079

the subjects

465

00:17:03,990 --> 00:17:02,240

col let me follow up something i i spoke

466

00:17:06,069 --> 00:17:04,000

to travis about if you don't mind just

467

00:17:08,390 --> 00:17:06,079

while i've got you travis discussed with

468

00:17:10,230 --> 00:17:08,400

myself how lowered brain activity

469

00:17:12,470 --> 00:17:10,240

through different medications or

470

00:17:14,230 --> 00:17:12,480

meditative states can help people

471

00:17:17,350 --> 00:17:14,240

experience events related to the

472

00:17:20,390 --> 00:17:17,360

phenomenon and on the other hand drugs

473

00:17:23,270 --> 00:17:20,400

or drugs like nicotine caffeine and such

474

00:17:25,270 --> 00:17:23,280

could hinder potential experiences

475

00:17:28,710 --> 00:17:25,280

is that something you studied during the

476

00:17:31,350 --> 00:17:28,720

osap days or were at least aware of

477

00:17:32,630 --> 00:17:31,360

yeah um so so what was the first drug

478

00:17:35,029 --> 00:17:32,640

you mentioned there

479

00:17:36,870 --> 00:17:35,039

um he mentioned nicotine caffeine being

480

00:17:39,029 --> 00:17:36,880

detrimental to those sorts of

481

00:17:41,270 --> 00:17:39,039

experiences

482

00:17:44,070 --> 00:17:41,280

well you know there's a there's a long

483

00:17:48,150 --> 00:17:44,080

history of um

484

00:17:51,029 --> 00:17:48,160

of the overlap between consciousness and

485

00:17:52,470 --> 00:17:51,039

and these kinds of of experiences

486

00:17:53,990 --> 00:17:52,480

um so

487

00:17:56,549 --> 00:17:54,000

you know i think probably what he's

488

00:17:58,070 --> 00:17:56,559

getting at is is that the

489

00:17:59,669 --> 00:17:58,080

you know all of these models of

490

00:18:01,350 --> 00:17:59,679

consciousness as they pertain to the

491

00:18:03,830 --> 00:18:01,360

brain

492

00:18:06,230 --> 00:18:03,840

are are increasingly getting

493

00:18:08,789 --> 00:18:06,240

more relevant as time goes on

494

00:18:11,029 --> 00:18:08,799

um especially you know the so-called

495

00:18:12,950 --> 00:18:11,039

hallucinogenics dmt

496

00:18:14,630 --> 00:18:12,960

uh which which is

497

00:18:16,630 --> 00:18:14,640

you know um

498

00:18:18,950 --> 00:18:16,640

one of the sort of uh

499

00:18:21,510 --> 00:18:18,960

tools being used in the toolbox now to

500

00:18:24,070 --> 00:18:21,520

explore consciousness and it's sort of

501
00:18:27,110 --> 00:18:24,080
uh getting more and more widespread so

502
00:18:29,990 --> 00:18:27,120
yes i would agree that that you know

503
00:18:32,470 --> 00:18:30,000
mindset and anything that affects the

504
00:18:33,909 --> 00:18:32,480
the mindset anything that affects

505
00:18:36,630 --> 00:18:33,919
consciousness

506
00:18:37,510 --> 00:18:36,640
will definitely either open up or close

507
00:18:41,510 --> 00:18:37,520
down

508
00:18:44,070 --> 00:18:41,520
um receptivity um on skin marker ranch i

509
00:18:46,710 --> 00:18:44,080
personally when i was on the ranch i was

510
00:18:49,909 --> 00:18:46,720
always very conscious of making sure

511
00:18:52,549 --> 00:18:49,919
that i was on so-called even keel that

512
00:18:53,510 --> 00:18:52,559
was that i was not sort of all over the

513
00:18:57,669 --> 00:18:53,520

map

514

00:19:00,630 --> 00:18:57,679

in terms of emotions or feeling anger or

515

00:19:03,669 --> 00:19:00,640

any of that stuff i tried to maintain a

516

00:19:05,990 --> 00:19:03,679

sort of uh you know a psychological step

517

00:19:08,630 --> 00:19:06,000

stability while i was on the property

518

00:19:11,510 --> 00:19:08,640

and i did notice that people in my

519

00:19:14,390 --> 00:19:11,520

surroundings who tended to get angry

520

00:19:17,750 --> 00:19:14,400

tended to get explosively angry on the

521

00:19:19,909 --> 00:19:17,760

on the property at times so um there may

522

00:19:22,310 --> 00:19:19,919

be this connection um

523

00:19:24,310 --> 00:19:22,320

we you know there were some times when

524

00:19:26,630 --> 00:19:24,320

we brought on

525

00:19:29,190 --> 00:19:26,640

people for example

526

00:19:31,270 --> 00:19:29,200

remote viewers were were interacting

527

00:19:32,789 --> 00:19:31,280

with the property there were a couple of

528

00:19:33,909 --> 00:19:32,799

people who were brought onto the

529

00:19:36,390 --> 00:19:33,919

property

530

00:19:38,870 --> 00:19:36,400

who had psychic abilities

531

00:19:41,750 --> 00:19:38,880

all of these people reported you know

532

00:19:43,990 --> 00:19:41,760

pretty intense experiences there was one

533

00:19:46,789 --> 00:19:44,000

woman that was kind of uh famously

534

00:19:50,470 --> 00:19:46,799

brought on during the very early period

535

00:19:51,669 --> 00:19:50,480

when terry sherman slash gorman was uh

536

00:19:57,990 --> 00:19:51,679

you know

537

00:20:00,310 --> 00:19:58,000

she absolutely sort of fell apart when

538

00:20:01,510 --> 00:20:00,320

she was on the property and she started

539

00:20:04,230 --> 00:20:01,520

reporting

540

00:20:06,710 --> 00:20:04,240

all kinds of really bizarre

541

00:20:08,149 --> 00:20:06,720

entities that were in our surroundings

542

00:20:10,950 --> 00:20:08,159

and you know there's a there's a

543

00:20:13,110 --> 00:20:10,960

reflective aspect of this phenomenon

544

00:20:15,350 --> 00:20:13,120

that reflects right back at you what

545

00:20:17,110 --> 00:20:15,360

your mental state is and that's been

546

00:20:20,230 --> 00:20:17,120

very well documented throughout the

547

00:20:23,430 --> 00:20:20,240

decades so that aspect can be get can

548

00:20:26,070 --> 00:20:23,440

can get really amplified um

549

00:20:28,710 --> 00:20:26,080

but just um i wanted to go back to this

550

00:20:29,990 --> 00:20:28,720

whole science magazine thing with uh

551
00:20:32,549 --> 00:20:30,000
with

552
00:20:34,549 --> 00:20:32,559
um travis taylor because

553
00:20:38,789 --> 00:20:34,559
you know science magazine and nature

554
00:20:41,029 --> 00:20:38,799
magazine are the two uh most impactful

555
00:20:45,190 --> 00:20:41,039
science journals in the world if you go

556
00:20:47,350 --> 00:20:45,200
into a library in moscow you'll see a

557
00:20:49,830 --> 00:20:47,360
copy of nature and a copy of science

558
00:20:51,909 --> 00:20:49,840
magazine in the library if you go into

559
00:20:54,870 --> 00:20:51,919
and i personally experience this a

560
00:20:57,669 --> 00:20:54,880
library in this in rural france

561
00:21:00,230 --> 00:20:57,679
the two main magazines that you'll see

562
00:21:02,950 --> 00:21:00,240
and open are science magazine and nature

563
00:21:06,149 --> 00:21:02,960

magazine so um an article in science

564

00:21:09,430 --> 00:21:06,159

magazine is incredibly impactful

565

00:21:11,669 --> 00:21:09,440

incredibly sort of uh it is at the very

566

00:21:14,630 --> 00:21:11,679

top tier of all science journals in the

567

00:21:17,430 --> 00:21:14,640

world so for for an article

568

00:21:19,590 --> 00:21:17,440

like what happened with travis taylor to

569

00:21:23,190 --> 00:21:19,600

go into science magazine

570

00:21:25,510 --> 00:21:23,200

is incredibly influential and incredibly

571

00:21:28,470 --> 00:21:25,520

impactful this is not something on

572

00:21:31,909 --> 00:21:28,480

twitter this is read by half a million

573

00:21:34,390 --> 00:21:31,919

to a million people who influence policy

574

00:21:37,350 --> 00:21:34,400

who are on top of policy and who

575

00:21:40,149 --> 00:21:37,360

translate science into policy so the the

576

00:21:43,190 --> 00:21:40,159

damage that that article did is

577

00:21:46,230 --> 00:21:43,200

incredibly important and um the fact

578

00:21:47,350 --> 00:21:46,240

that a guy like keith kluher could

579

00:21:50,470 --> 00:21:47,360

actually

580

00:21:54,390 --> 00:21:50,480

put an article into science magazine is

581

00:21:56,710 --> 00:21:54,400

a gigantic anomaly because normally the

582

00:21:58,630 --> 00:21:56,720

people who publish in science magazine

583

00:22:01,110 --> 00:21:58,640

are at the very top of their game

584

00:22:04,870 --> 00:22:01,120

they're like it's a level of prestige

585

00:22:08,149 --> 00:22:04,880

unlike any other in in terms of of of

586

00:22:11,669 --> 00:22:08,159

publications so a guy like keith plure

587

00:22:15,909 --> 00:22:11,679

publishing even a new section in science

588

00:22:17,909 --> 00:22:15,919

magazine should be extremely well vetted

589

00:22:20,710 --> 00:22:17,919

within 24 hours of the publication of

590

00:22:24,630 --> 00:22:20,720

that article it became pretty obvious

591

00:22:27,190 --> 00:22:24,640

that um keith clue had mistakenly

592

00:22:30,549 --> 00:22:27,200

got the quotation from the pentagon

593

00:22:32,710 --> 00:22:30,559

regarding travis taylor wrong i mean

594

00:22:35,990 --> 00:22:32,720

that that sort of ineptitude and that

595

00:22:38,549 --> 00:22:36,000

sort of complete lack of professionalism

596

00:22:41,110 --> 00:22:38,559

is a complete anomaly when it's when it

597

00:22:42,549 --> 00:22:41,120

comes you know to to publishing in

598

00:22:44,789 --> 00:22:42,559

science magazine

599

00:22:47,990 --> 00:22:44,799

it the whole thing is

600

00:22:49,510 --> 00:22:48,000

has got a very bad stench to it

601
00:22:51,510 --> 00:22:49,520
i was going to say so it sounds like you

602
00:22:53,190 --> 00:22:51,520
would both think that it

603
00:22:55,190 --> 00:22:53,200
it's deliberate that the article was

604
00:22:57,669 --> 00:22:55,200
placed there by someone deliberately and

605
00:23:00,230 --> 00:22:57,679
not just a case of you know accidentally

606
00:23:02,070 --> 00:23:00,240
bad vetting as you say

607
00:23:04,549 --> 00:23:02,080
oh i mean how do you how do you do

608
00:23:07,350 --> 00:23:04,559
something like that that guts somebody

609
00:23:09,510 --> 00:23:07,360
that cuts his legs off who has all those

610
00:23:12,230 --> 00:23:09,520
degrees who really is a scientist not a

611
00:23:13,909 --> 00:23:12,240
pretend scientist not a tv scientist

612
00:23:15,830 --> 00:23:13,919
he's worked for our pentagon since he

613
00:23:17,830 --> 00:23:15,840

was a teenager he has high level

614

00:23:19,830 --> 00:23:17,840

security clearances trusted by the us

615

00:23:22,470 --> 00:23:19,840

government by the us military with some

616

00:23:25,350 --> 00:23:22,480

of its most sensitive secrets to do good

617

00:23:26,470 --> 00:23:25,360

hard honest work uh for the us army and

618

00:23:28,710 --> 00:23:26,480

for nasa

619

00:23:31,110 --> 00:23:28,720

uh he's the real deal and to have him

620

00:23:33,190 --> 00:23:31,120

guttled by the likes of keith clor

621

00:23:35,669 --> 00:23:33,200

without even a comment from him without

622

00:23:39,430 --> 00:23:35,679

any kind of a counter narrative at all

623

00:23:41,830 --> 00:23:39,440

no no no other counter opinion at all

624

00:23:44,950 --> 00:23:41,840

it's absolutely outrageous it's shameful

625

00:23:46,870 --> 00:23:44,960

i can't understand how it can happen

626

00:23:49,110 --> 00:23:46,880

well i'm sure dr taylor's work is going

627

00:23:52,070 --> 00:23:49,120

to speak for itself as we continue to go

628

00:23:54,149 --> 00:23:52,080

forward as has resumed us um let's move

629

00:23:55,990 --> 00:23:54,159

on to the next topic i want to discuss

630

00:23:58,070 --> 00:23:56,000

which is you brought up just before

631

00:24:00,870 --> 00:23:58,080

george the the hearings in the u.s

632

00:24:03,909 --> 00:24:00,880

congress now it's not lost on me this is

633

00:24:05,909 --> 00:24:03,919

the 75th anniversary of roswell roswell

634

00:24:09,110 --> 00:24:05,919

was mentioned in congress which was

635

00:24:11,510 --> 00:24:09,120

fascinating um was the the hearings

636

00:24:13,990 --> 00:24:11,520

which have been long called for by many

637

00:24:16,549 --> 00:24:14,000

on either of your radars particularly

638

00:24:18,230 --> 00:24:16,559

early or again was this something that

639

00:24:20,870 --> 00:24:18,240

came as a bit of a surprise to you as it

640

00:24:25,029 --> 00:24:22,870

well i'll start i i think you know it's

641

00:24:28,789 --> 00:24:25,039

the first public hearing before congress

642

00:24:31,269 --> 00:24:28,799

in 54 years so it is a landmark event

643

00:24:33,430 --> 00:24:31,279

it's a milestone it's a it's an

644

00:24:36,310 --> 00:24:33,440

indication of how far the subject matter

645

00:24:37,909 --> 00:24:36,320

has come in the last five years to be

646

00:24:40,230 --> 00:24:37,919

acceptable enough for members of

647

00:24:42,549 --> 00:24:40,240

congress to sit up there get a briefing

648

00:24:45,190 --> 00:24:42,559

and then ask questions of the us

649

00:24:47,830 --> 00:24:45,200

military officials and not fear being

650

00:24:49,750 --> 00:24:47,840

ridiculed that's astonishing and it's a

651
00:24:52,070 --> 00:24:49,760
it's a major landmark just the fact that

652
00:24:53,830 --> 00:24:52,080
it happened then actually we get to what

653
00:24:55,669 --> 00:24:53,840
happened on the day of the hearing and

654
00:24:57,669 --> 00:24:55,679
that's where it becomes problematic i

655
00:24:59,269 --> 00:24:57,679
was encouraged that somebody finally

656
00:25:02,710 --> 00:24:59,279
came forward and told us how to

657
00:25:04,390 --> 00:25:02,720
pronounce aim sog the name of that that

658
00:25:06,470 --> 00:25:04,400
ridiculous um

659
00:25:07,750 --> 00:25:06,480
acronym for the new program i was

660
00:25:09,110 --> 00:25:07,760
encouraged that they said they're going

661
00:25:11,909 --> 00:25:09,120
to probably rename it when they got

662
00:25:13,669 --> 00:25:11,919
their new director on and that was about

663
00:25:15,990 --> 00:25:13,679

all that was encouraging the fact that

664

00:25:17,830 --> 00:25:16,000

they could not run uh the audio visual

665

00:25:20,710 --> 00:25:17,840

equipment and show us that little video

666

00:25:23,510 --> 00:25:20,720

clip uh was was problematic i was glad

667

00:25:25,990 --> 00:25:23,520

they tried uh but then then things went

668

00:25:28,710 --> 00:25:26,000

downhill from there in a big hurry

669

00:25:31,190 --> 00:25:28,720

the lack of historical context that

670

00:25:33,350 --> 00:25:31,200

these two guys had uh their lack of

671

00:25:35,430 --> 00:25:33,360

information they had no familiar

672

00:25:37,750 --> 00:25:35,440

familiarity with ufos appearing over

673

00:25:39,029 --> 00:25:37,760

nuclear missile installations that was

674

00:25:40,870 --> 00:25:39,039

like they looked at like they were

675

00:25:42,630 --> 00:25:40,880

making it up like there were deer in the

676

00:25:45,350 --> 00:25:42,640

headlights the fact they had no

677

00:25:47,510 --> 00:25:45,360

familiarity with the wilson davis memo

678

00:25:49,350 --> 00:25:47,520

uh that those were bad enough and then

679

00:25:52,390 --> 00:25:49,360

what they the sleight of hand trick that

680

00:25:54,870 --> 00:25:52,400

they pulled with the the uh drone video

681

00:25:57,430 --> 00:25:54,880

the the pyramid video that had been

682

00:25:58,549 --> 00:25:57,440

released by jeremy corbell and i uh a

683

00:26:01,350 --> 00:25:58,559

while back

684

00:26:03,750 --> 00:26:01,360

that was that was really the low point

685

00:26:05,990 --> 00:26:03,760

and it was sleight of hand you have bray

686

00:26:08,149 --> 00:26:06,000

from the navy saying well we had one of

687

00:26:10,470 --> 00:26:08,159

these things on the east coast and we

688

00:26:13,110 --> 00:26:10,480

think it's reflected reflected light

689

00:26:15,269 --> 00:26:13,120

inside an infrared device and therefore

690

00:26:17,350 --> 00:26:15,279

we've debunked all these videos on the

691

00:26:19,190 --> 00:26:17,360

west coast and we figured out there were

692

00:26:21,430 --> 00:26:19,200

drones and that was it they washed their

693

00:26:23,909 --> 00:26:21,440

hands it's drones that's it nobody asks

694

00:26:25,590 --> 00:26:23,919

a question like who's drones you know

695

00:26:27,990 --> 00:26:25,600

these drones there were more than 100 of

696

00:26:29,990 --> 00:26:28,000

them that buzzed 10 different navy ships

697

00:26:31,830 --> 00:26:30,000

in the course of a couple of days uh

698

00:26:33,430 --> 00:26:31,840

there were not only the pyramids or

699

00:26:35,510 --> 00:26:33,440

triangle videos

700

00:26:37,510 --> 00:26:35,520

that were seen over the uss russell but

701
00:26:40,470 --> 00:26:37,520
these spheres that were caught they were

702
00:26:42,310 --> 00:26:40,480
captured on video on sensors on radar

703
00:26:44,549 --> 00:26:42,320
that tracked the uss omaha there was

704
00:26:46,630 --> 00:26:44,559
more than a dozen of those that pestered

705
00:26:48,870 --> 00:26:46,640
the omaha for more than an hour the

706
00:26:51,110 --> 00:26:48,880
other ships in in that flotilla there

707
00:26:52,870 --> 00:26:51,120
they had the same kind of problems and

708
00:26:55,590 --> 00:26:52,880
this said ah that's drones the

709
00:26:57,269 --> 00:26:55,600
implication being it was the chinese

710
00:26:59,110 --> 00:26:57,279
hong kong registered ship that had

711
00:27:01,510 --> 00:26:59,120
released these drones no proof

712
00:27:03,510 --> 00:27:01,520
whatsoever in fact as we now know is

713
00:27:05,750 --> 00:27:03,520

completely contrary to the evidence

714

00:27:07,909 --> 00:27:05,760

that's been made public that ship was

715

00:27:10,390 --> 00:27:07,919

inspected the drones were still flying

716

00:27:12,149 --> 00:27:10,400

around while it was in port and then you

717

00:27:13,990 --> 00:27:12,159

know the basic questions as i mentioned

718

00:27:16,310 --> 00:27:14,000

whose drones are these that fly around

719

00:27:18,230 --> 00:27:16,320

with impunity over u.s navy ships they

720

00:27:20,230 --> 00:27:18,240

don't see where they came from they

721

00:27:22,310 --> 00:27:20,240

don't see where they went to they have

722

00:27:23,510 --> 00:27:22,320

no idea who launched them how they were

723

00:27:26,310 --> 00:27:23,520

able to stay

724

00:27:28,549 --> 00:27:26,320

in in the ocean a hundred miles off the

725

00:27:30,789 --> 00:27:28,559

coast flying around for hours over our

726

00:27:32,789 --> 00:27:30,799

ships with impunity

727

00:27:35,430 --> 00:27:32,799

nobody's curious about that the navy

728

00:27:37,029 --> 00:27:35,440

just completely washed that uh away

729

00:27:39,669 --> 00:27:37,039

congress didn't answer any questions

730

00:27:41,590 --> 00:27:39,679

about it and it's given new life to

731

00:27:43,750 --> 00:27:41,600

these debunkers who say yeah it's just

732

00:27:45,430 --> 00:27:43,760

drones no big deal as if you go buy

733

00:27:46,870 --> 00:27:45,440

these things at radio shack it's

734

00:27:48,389 --> 00:27:46,880

ridiculous

735

00:27:50,630 --> 00:27:48,399

it's not explained

736

00:27:52,549 --> 00:27:50,640

uh and if they were drones if they were

737

00:27:54,230 --> 00:27:52,559

drones that somehow show up in this

738

00:27:56,789 --> 00:27:54,240

infrared which i think we're going to

739

00:27:58,230 --> 00:27:56,799

find out that is that is not the case i

740

00:27:59,269 --> 00:27:58,240

think that we're going to have people

741

00:28:02,070 --> 00:27:59,279

that are going to come forward and

742

00:28:03,669 --> 00:28:02,080

confirm that what was seen is real um

743

00:28:04,950 --> 00:28:03,679

you know that's still a mystery that's

744

00:28:07,350 --> 00:28:04,960

still something we didn't know about

745

00:28:09,510 --> 00:28:07,360

it's a national security matter and

746

00:28:11,909 --> 00:28:09,520

it just was washed away like in in just

747

00:28:13,110 --> 00:28:11,919

a couple of seconds by a navy that said

748

00:28:15,830 --> 00:28:13,120

i don't know if you probably noticed

749

00:28:18,310 --> 00:28:15,840

that the special language they used andy

750

00:28:19,830 --> 00:28:18,320

um the congressmen asked them a question

751

00:28:21,990 --> 00:28:19,840

yeah well how do you determine that

752

00:28:23,590 --> 00:28:22,000

these these things are just drones

753

00:28:25,750 --> 00:28:23,600

and that's sort of bokeh effect or

754

00:28:27,909 --> 00:28:25,760

whatever not using that term and the guy

755

00:28:29,750 --> 00:28:27,919

said well studies have been done

756

00:28:31,430 --> 00:28:29,760

yeah studies have been done by who

757

00:28:33,190 --> 00:28:31,440

didn't say the navy did these studies

758

00:28:35,430 --> 00:28:33,200

because the navy didn't i'll just give

759

00:28:38,070 --> 00:28:35,440

you this one last thought on it the uap

760

00:28:40,070 --> 00:28:38,080

task force finished its work

761

00:28:41,269 --> 00:28:40,080

when it presented that report to

762

00:28:45,350 --> 00:28:41,279

congress

763

00:28:48,149 --> 00:28:45,360

that was it 144 cases 143 of them are

764

00:28:49,909 --> 00:28:48,159

unknowns that they were done the guy

765

00:28:52,310 --> 00:28:49,919

we're talking about j stratton he'd been

766

00:28:54,710 --> 00:28:52,320

removed in early 2021 took him out of

767

00:28:56,549 --> 00:28:54,720

the mix they had to produce that report

768

00:28:58,549 --> 00:28:56,559

for congress in a matter of six months

769

00:29:01,590 --> 00:28:58,559

travis taylor helped write it and then

770

00:29:03,990 --> 00:29:01,600

their work was done suddenly aimsog is

771

00:29:05,750 --> 00:29:04,000

created by congress after that

772

00:29:07,669 --> 00:29:05,760

they're still not operational they're

773

00:29:09,669 --> 00:29:07,679

still hiring people right now their

774

00:29:12,549 --> 00:29:09,679

their new director is not even on the

775

00:29:14,310 --> 00:29:12,559

job yet who made the determination in

776

00:29:16,870 --> 00:29:14,320

between the uap task force when it's

777

00:29:18,230 --> 00:29:16,880

shut down and aim sog which still is not

778

00:29:20,389 --> 00:29:18,240

up and running who made the

779

00:29:22,549 --> 00:29:20,399

determination these were drones who did

780

00:29:23,750 --> 00:29:22,559

it i'd like to see that i'd like to see

781

00:29:25,430 --> 00:29:23,760

that report

782

00:29:26,950 --> 00:29:25,440

i think it's version

783

00:29:28,950 --> 00:29:26,960

very quick follow-up on that though

784

00:29:29,909 --> 00:29:28,960

george um let me play devil's advocate

785

00:29:31,830 --> 00:29:29,919

here

786

00:29:33,990 --> 00:29:31,840

i've always said the three videos that

787

00:29:35,909 --> 00:29:34,000

were released and the the sections of

788

00:29:38,789 --> 00:29:35,919

them that were released were

789

00:29:40,230 --> 00:29:38,799

boring and vague enough to be allowed to

790

00:29:42,230 --> 00:29:40,240

the public to see them we've heard of

791

00:29:43,830 --> 00:29:42,240

the context behind them and and what may

792

00:29:46,149 --> 00:29:43,840

or may not happen before and after the

793

00:29:47,510 --> 00:29:46,159

cameras you know what we see

794

00:29:49,190 --> 00:29:47,520

but

795

00:29:50,789 --> 00:29:49,200

is that what happened with the hearings

796

00:29:53,269 --> 00:29:50,799

we heard what we were allowed to hear

797

00:29:55,110 --> 00:29:53,279

and then we had a classified portion did

798

00:29:57,029 --> 00:29:55,120

you ever get wind of anything within

799

00:29:59,029 --> 00:29:57,039

that classified section

800

00:30:01,510 --> 00:29:59,039

being any more interesting even the the

801
00:30:04,389 --> 00:30:01,520
task force report we got that redacted

802
00:30:05,590 --> 00:30:04,399
page which had the shape of uap

803
00:30:07,350 --> 00:30:05,600
again

804
00:30:09,510 --> 00:30:07,360
fully with that fully redacted it was a

805
00:30:11,830 --> 00:30:09,520
full page of adaptations except the

806
00:30:14,630 --> 00:30:11,840
headline things like that only fuel the

807
00:30:18,149 --> 00:30:14,640
fire of debunkers and those who want to

808
00:30:22,149 --> 00:30:20,470
well i i don't i don't have any direct

809
00:30:23,830 --> 00:30:22,159
information about what the congressional

810
00:30:25,350 --> 00:30:23,840
committee was told behind closed doors i

811
00:30:26,630 --> 00:30:25,360
wish i knew maybe

812
00:30:28,549 --> 00:30:26,640
maybe column knows a little bit more

813
00:30:31,590 --> 00:30:28,559

about that

814

00:30:32,630 --> 00:30:31,600

well i i do know that all of the all of

815

00:30:34,870 --> 00:30:32,640

the

816

00:30:36,630 --> 00:30:34,880

videos that have been released

817

00:30:37,990 --> 00:30:36,640

and all of the data that has been

818

00:30:40,870 --> 00:30:38,000

released

819

00:30:42,789 --> 00:30:40,880

is backed up by an awful lot more than

820

00:30:44,789 --> 00:30:42,799

what the public sees

821

00:30:47,830 --> 00:30:44,799

and you know the fact that the public

822

00:30:49,669 --> 00:30:47,840

only sees a very narrow rifle shot plays

823

00:30:52,789 --> 00:30:49,679

right into the hands of the debunkers

824

00:30:55,590 --> 00:30:52,799

who say okay well i mean the gimbal

825

00:30:57,909 --> 00:30:55,600

video is just a reflection

826

00:31:00,389 --> 00:30:57,919

um it's it's just a reflection for these

827

00:31:04,070 --> 00:31:00,399

reasons and and there's a whole body of

828

00:31:06,710 --> 00:31:04,080

data behind that um that is classified

829

00:31:09,909 --> 00:31:06,720

and so will never will not be released

830

00:31:13,590 --> 00:31:09,919

and so the the idea that this narrow

831

00:31:16,630 --> 00:31:13,600

narrow uh piece of data is picked apart

832

00:31:18,710 --> 00:31:16,640

endlessly on twitter is um gives the

833

00:31:21,110 --> 00:31:18,720

whole thing uh the iceberg the

834

00:31:23,669 --> 00:31:21,120

underneath of the iceberg behind it it

835

00:31:24,710 --> 00:31:23,679

you know it it's impossible to sort of

836

00:31:26,870 --> 00:31:24,720

refute

837

00:31:29,350 --> 00:31:26,880

um based on data because all of the data

838

00:31:32,149 --> 00:31:29,360

is classified so it's a real chicken and

839

00:31:36,149 --> 00:31:32,159

egg situation and i remember all the way

840

00:31:38,470 --> 00:31:36,159

back in in 2017 when the the first those

841

00:31:43,110 --> 00:31:38,480

first three videos were released

842

00:31:45,590 --> 00:31:43,120

um during the ttsa era and and when when

843

00:31:48,230 --> 00:31:45,600

um lou elizondo had just sort of quit

844

00:31:51,269 --> 00:31:48,240

his job and all of that and you know the

845

00:31:53,430 --> 00:31:51,279

level of frustration that i was hearing

846

00:31:55,029 --> 00:31:53,440

from behind the scenes

847

00:31:57,269 --> 00:31:55,039

because

848

00:31:59,990 --> 00:31:57,279

what was released was released in good

849

00:32:03,190 --> 00:32:00,000

faith those three videos but then you

850

00:32:05,590 --> 00:32:03,200

had uh these armies of people on social

851
00:32:08,149 --> 00:32:05,600
media who were looking at a very very

852
00:32:11,509 --> 00:32:08,159
small part of the data and tearing it

853
00:32:14,230 --> 00:32:11,519
apart based on almost no information i

854
00:32:16,230 --> 00:32:14,240
mean i heard it several times you know

855
00:32:18,710 --> 00:32:16,240
why did we go to the trouble of

856
00:32:21,509 --> 00:32:18,720
releasing these these videos i mean

857
00:32:23,909 --> 00:32:21,519
what's the point in actually releasing

858
00:32:28,389 --> 00:32:23,919
information to the public when all you

859
00:32:30,310 --> 00:32:28,399
get is sort of uninformed um sort of uh

860
00:32:31,430 --> 00:32:30,320
you know armchair theorists who are

861
00:32:34,230 --> 00:32:31,440
sitting there

862
00:32:36,710 --> 00:32:34,240
um debunking and sort of

863
00:32:38,630 --> 00:32:36,720

um trolling uh all of the information

864

00:32:41,590 --> 00:32:38,640

that comes out so i think that's a

865

00:32:44,389 --> 00:32:41,600

that's becoming a real problem um that

866

00:32:46,549 --> 00:32:44,399

there's a lot of classified data behind

867

00:32:49,029 --> 00:32:46,559

a lot of the a lot of the reports that

868

00:32:51,830 --> 00:32:49,039

have come out but that classified data

869

00:32:54,630 --> 00:32:51,840

is an awful lot more interesting than uh

870

00:32:57,509 --> 00:32:54,640

what the public sees but yet it's kind

871

00:32:59,750 --> 00:32:57,519

of like this um it's like a single

872

00:33:01,909 --> 00:32:59,760

versus noise thing where there's a

873

00:33:03,590 --> 00:33:01,919

tremendous amount of noise out there

874

00:33:06,230 --> 00:33:03,600

that's drowning out the signal

875

00:33:09,590 --> 00:33:06,240

completely and you know either by

876

00:33:12,549 --> 00:33:09,600

accident or by design i really feel

877

00:33:14,549 --> 00:33:12,559

sorry for people who are starting in on

878

00:33:17,269 --> 00:33:14,559

this whole thing and starting to learn

879

00:33:19,830 --> 00:33:17,279

about ufos because all they see

880

00:33:22,310 --> 00:33:19,840

is this wall of noise it's like radar

881

00:33:25,430 --> 00:33:22,320

chaff you know you can't get at the

882

00:33:27,430 --> 00:33:25,440

signal because there's so much noise

883

00:33:29,509 --> 00:33:27,440

travis taylor made this same point andy

884

00:33:31,269 --> 00:33:29,519

in our interview uh where he said you

885

00:33:34,549 --> 00:33:31,279

know he there's limits on what he can

886

00:33:37,029 --> 00:33:34,559

say about the 144 cases but he said you

887

00:33:38,710 --> 00:33:37,039

know no one in the world can look at

888

00:33:40,230 --> 00:33:38,720

just a little snippet of video and

889

00:33:41,830 --> 00:33:40,240

declare what it is

890

00:33:44,230 --> 00:33:41,840

we were able to determine these are

891

00:33:46,870 --> 00:33:44,240

genuine unknowns and are still genuine

892

00:33:48,950 --> 00:33:46,880

unknowns based on a lot more information

893

00:33:50,789 --> 00:33:48,960

as column just said radar and other

894

00:33:53,190 --> 00:33:50,799

sensors that told us these objects were

895

00:33:55,590 --> 00:33:53,200

real this is not a star that these

896

00:33:57,430 --> 00:33:55,600

people are seeing on the navy ship this

897

00:33:59,669 --> 00:33:57,440

is something that was 700 feet above the

898

00:34:00,470 --> 00:33:59,679

flight deck um you know the deck of the

899

00:34:03,269 --> 00:34:00,480

ship

900

00:34:06,710 --> 00:34:03,279

and uh there's so much more information

901
00:34:07,909 --> 00:34:06,720
unredacted uh statements from the crew

902
00:34:09,829 --> 00:34:07,919
and and

903
00:34:12,710 --> 00:34:09,839
you know other kinds of information that

904
00:34:14,710 --> 00:34:12,720
they can see that the public hasn't seen

905
00:34:16,790 --> 00:34:14,720
they made their determination based on a

906
00:34:17,669 --> 00:34:16,800
lot more information that we have seen

907
00:34:20,710 --> 00:34:17,679
and they

908
00:34:23,190 --> 00:34:20,720
both laugh and are aghast at what the

909
00:34:26,710 --> 00:34:23,200
debunkers do with this stuff to muddy

910
00:34:28,389 --> 00:34:26,720
the waters its birds its flares its jet

911
00:34:29,510 --> 00:34:28,399
engines they can throw out whatever they

912
00:34:30,550 --> 00:34:29,520
want

913
00:34:32,950 --> 00:34:30,560

often

914

00:34:34,470 --> 00:34:32,960

throw everything under the sun and see

915

00:34:37,349 --> 00:34:34,480

what sticks to the wall

916

00:34:39,270 --> 00:34:37,359

to just discredit it all and people like

917

00:34:41,190 --> 00:34:39,280

travis taylor and jay stratton are

918

00:34:42,790 --> 00:34:41,200

wondering what's the point of doing this

919

00:34:43,829 --> 00:34:42,800

at all what's the point of trying to do

920

00:34:45,430 --> 00:34:43,839

this work

921

00:34:47,990 --> 00:34:45,440

you have people like this who are trying

922

00:34:49,829 --> 00:34:48,000

their best to discourage the public from

923

00:34:51,990 --> 00:34:49,839

being interested to discourage

924

00:34:53,990 --> 00:34:52,000

scientists from coming forward and to

925

00:34:55,750 --> 00:34:54,000

discourage military witnesses from

926
00:34:57,670 --> 00:34:55,760
telling what they know it was already

927
00:34:59,670 --> 00:34:57,680
hard enough to get pilots to come in and

928
00:35:01,829 --> 00:34:59,680
say hey i encountered this thing on my

929
00:35:04,150 --> 00:35:01,839
flight from ocean on the east coast or

930
00:35:06,470 --> 00:35:04,160
the navy guys on the west coast nobody

931
00:35:09,190 --> 00:35:06,480
wants to say that stuff it's harder now

932
00:35:11,670 --> 00:35:09,200
because they worry what files will come

933
00:35:13,750 --> 00:35:11,680
forward will my name be attached am i

934
00:35:16,230 --> 00:35:13,760
going to be slimed as well it's a very

935
00:35:19,109 --> 00:35:16,240
real concern

936
00:35:20,710 --> 00:35:19,119
was there anything calm within the

937
00:35:23,030 --> 00:35:20,720
the hearings that

938
00:35:24,390 --> 00:35:23,040

gave you cause for hope

939

00:35:25,910 --> 00:35:24,400

george obviously sounded quite

940

00:35:27,670 --> 00:35:25,920

frustrated and disappointed at the

941

00:35:29,510 --> 00:35:27,680

content and i think that echoed quite a

942

00:35:31,030 --> 00:35:29,520

lot of people's sentiments to be honest

943

00:35:32,790 --> 00:35:31,040

was it the same for yourself or was

944

00:35:36,150 --> 00:35:32,800

there anything that you you can

945

00:35:41,030 --> 00:35:38,870

i found uh i found the hearings um

946

00:35:45,109 --> 00:35:41,040

extremely disappointing

947

00:35:47,510 --> 00:35:45,119

um i i felt that um the

948

00:35:49,829 --> 00:35:47,520

the the two people who were sort of

949

00:35:53,270 --> 00:35:49,839

paraded in front of the public

950

00:35:55,990 --> 00:35:53,280

um were really badly uh briefed

951
00:35:57,829 --> 00:35:56,000
um it was pretty obvious to me that um

952
00:35:58,950 --> 00:35:57,839
there i mean

953
00:36:00,069 --> 00:35:58,960
cases

954
00:36:02,310 --> 00:36:00,079
um

955
00:36:04,550 --> 00:36:02,320
that has now transitioned into many

956
00:36:07,030 --> 00:36:04,560
hundreds of cases with a lot of

957
00:36:09,829 --> 00:36:07,040
classified data there should have been

958
00:36:12,230 --> 00:36:09,839
an awful lot better preparation from

959
00:36:14,950 --> 00:36:12,240
these two individuals so to me it was an

960
00:36:17,589 --> 00:36:14,960
indication of um

961
00:36:20,069 --> 00:36:17,599
you know the sort of the mentality

962
00:36:22,550 --> 00:36:20,079
uh that unfortunately existed during

963
00:36:25,910 --> 00:36:22,560

project blue book and seems to have

964

00:36:31,109 --> 00:36:25,920

carried on with uh with this

965

00:36:33,910 --> 00:36:31,119

ousdi aoi msg organization um where

966

00:36:36,630 --> 00:36:33,920

where there is a tendency

967

00:36:38,950 --> 00:36:36,640

not to be uh fully engaged with this

968

00:36:41,589 --> 00:36:38,960

topic and try to avoid the topic if

969

00:36:43,990 --> 00:36:41,599

possible i mean there's two 800 pound

970

00:36:46,310 --> 00:36:44,000

gorillas in the room here number one is

971

00:36:50,550 --> 00:36:46,320

the united states air force and the

972

00:36:52,870 --> 00:36:50,560

number two is the uh ousdi the office of

973

00:36:55,109 --> 00:36:52,880

this of the under secretary of defense

974

00:36:58,630 --> 00:36:55,119

for intelligence um

975

00:37:02,150 --> 00:36:58,640

so both of these uh organizations have a

976
00:37:05,829 --> 00:37:02,160
long history that goes back decades who

977
00:37:08,630 --> 00:37:05,839
um with respect to a lot of hostility um

978
00:37:10,710 --> 00:37:08,640
in the topic and so those two

979
00:37:13,109 --> 00:37:10,720
organizations control a lot of the

980
00:37:15,589 --> 00:37:13,119
information that the public will ever

981
00:37:19,430 --> 00:37:15,599
see and the united states air force

982
00:37:21,430 --> 00:37:19,440
continually has avoided and trivialized

983
00:37:23,750 --> 00:37:21,440
all of the data that that it has

984
00:37:26,390 --> 00:37:23,760
accumulated over the years and i mean it

985
00:37:27,910 --> 00:37:26,400
was legendary during project blue book

986
00:37:30,390 --> 00:37:27,920
what the united states air force were

987
00:37:32,710 --> 00:37:30,400
doing and the secretary of the air force

988
00:37:35,670 --> 00:37:32,720

a guy called frank kendall came out a

989

00:37:37,270 --> 00:37:35,680

few months ago and unambiguously said

990

00:37:39,990 --> 00:37:37,280

look as far as we're concerned there's

991

00:37:41,430 --> 00:37:40,000

no there there and so until we see it

992

00:37:43,670 --> 00:37:41,440

they're they're we're not going to put

993

00:37:46,230 --> 00:37:43,680

the resources into it so again it's a

994

00:37:49,270 --> 00:37:46,240

chicken and an egg situation the only

995

00:37:52,069 --> 00:37:49,280

bright spark that i saw uh in the in the

996

00:37:54,630 --> 00:37:52,079

congressional hearings was actually the

997

00:37:57,190 --> 00:37:54,640

uh how well briefed the con the congress

998

00:37:59,430 --> 00:37:57,200

people were um they were much much

999

00:38:01,589 --> 00:37:59,440

better than um the two

1000

00:38:03,190 --> 00:38:01,599

uh the two guys from the pentagon who

1001
00:38:04,710 --> 00:38:03,200
were paraded out

1002
00:38:07,109 --> 00:38:04,720
the people

1003
00:38:08,550 --> 00:38:07,119
from congress were obviously very well

1004
00:38:11,109 --> 00:38:08,560
briefed

1005
00:38:14,390 --> 00:38:11,119
and so a lot of the questions that got

1006
00:38:17,190 --> 00:38:14,400
written into the record official record

1007
00:38:19,910 --> 00:38:17,200
uh during those hearings will be there

1008
00:38:22,950 --> 00:38:19,920
festering you know like a you know like

1009
00:38:25,589 --> 00:38:22,960
an online spoil ready to be

1010
00:38:27,510 --> 00:38:25,599
ready to be exploded and there i mean

1011
00:38:31,349 --> 00:38:27,520
it's kind of like landmines waiting to

1012
00:38:33,750 --> 00:38:31,359
be uh to be trodden on because they're

1013
00:38:36,710 --> 00:38:33,760

in the official record and they will

1014

00:38:39,510 --> 00:38:36,720

eventually be addressed so that was the

1015

00:38:40,310 --> 00:38:39,520

i guess the brightest part of it for me

1016

00:38:42,950 --> 00:38:40,320

was

1017

00:38:45,270 --> 00:38:42,960

that the congress people who were way

1018

00:38:47,270 --> 00:38:45,280

way more proactive and way more

1019

00:38:49,349 --> 00:38:47,280

knowledgeable and assuming the staffers

1020

00:38:51,030 --> 00:38:49,359

are really the knowledgeable people um

1021

00:38:53,349 --> 00:38:51,040

they're obviously pretty engaged with

1022

00:38:55,990 --> 00:38:53,359

the topic and also pretty engaged with

1023

00:38:58,069 --> 00:38:56,000

the the community

1024

00:39:00,470 --> 00:38:58,079

representative mike gallagher was one of

1025

00:39:02,710 --> 00:39:00,480

those who impressed many people and what

1026
00:39:04,390 --> 00:39:02,720
stood out to me was he has age on his

1027
00:39:06,550 --> 00:39:04,400
side as well compared to a lot of his

1028
00:39:09,030 --> 00:39:06,560
colleagues and i wonder george i'll put

1029
00:39:11,190 --> 00:39:09,040
this one to you do you think that

1030
00:39:13,510 --> 00:39:11,200
this is something that younger elected

1031
00:39:16,870 --> 00:39:13,520
officials as a conversation are more

1032
00:39:21,430 --> 00:39:18,790
i don't know i mean he's an example that

1033
00:39:23,190 --> 00:39:21,440
would prove the point i guess that guy

1034
00:39:24,870 --> 00:39:23,200
he's clearly done some homework

1035
00:39:25,829 --> 00:39:24,880
somebody's briefed him or he's done the

1036
00:39:28,069 --> 00:39:25,839
reading

1037
00:39:30,390 --> 00:39:28,079
there's another guy tim burchette who's

1038
00:39:33,190 --> 00:39:30,400

not part of that that hearing not part

1039

00:39:35,990 --> 00:39:33,200

of that panel who also expressed very

1040

00:39:38,310 --> 00:39:36,000

strong opinions i think his exact quote

1041

00:39:40,310 --> 00:39:38,320

was about the hearing we got hosed was

1042

00:39:42,470 --> 00:39:40,320

what he said meaning we the american

1043

00:39:44,069 --> 00:39:42,480

public the world public got hosed by

1044

00:39:46,310 --> 00:39:44,079

that because there's a lot better

1045

00:39:48,150 --> 00:39:46,320

evidence there's a lot more information

1046

00:39:50,069 --> 00:39:48,160

there are far better witnesses than the

1047

00:39:52,230 --> 00:39:50,079

two guys that appeared there in that day

1048

00:39:53,910 --> 00:39:52,240

but those guys like that

1049

00:39:56,069 --> 00:39:53,920

who've clearly sunk their teeth into

1050

00:39:57,829 --> 00:39:56,079

this topic that's the only hope that we

1051

00:39:59,829 --> 00:39:57,839

have a lot of the other folks who are

1052

00:40:02,150 --> 00:39:59,839

willing to seem to be willing to play

1053

00:40:04,309 --> 00:40:02,160

ball and and accept whatever the the

1054

00:40:05,910 --> 00:40:04,319

witness has told them uh

1055

00:40:07,670 --> 00:40:05,920

you know i i hope that that is not the

1056

00:40:09,990 --> 00:40:07,680

case i hope this was a not just a

1057

00:40:11,750 --> 00:40:10,000

one-off i hope that these guys will

1058

00:40:13,349 --> 00:40:11,760

follow up on their promises that hey we

1059

00:40:15,270 --> 00:40:13,359

want this answered we want to know about

1060

00:40:18,069 --> 00:40:15,280

the wilson davis document we want to

1061

00:40:19,589 --> 00:40:18,079

know about ufos over malmstrom get back

1062

00:40:21,270 --> 00:40:19,599

to us on it it'll be really interesting

1063

00:40:22,630 --> 00:40:21,280

to see what kind of responses those guys

1064

00:40:24,309 --> 00:40:22,640

give them

1065

00:40:27,030 --> 00:40:24,319

what do you think the chances are george

1066

00:40:29,190 --> 00:40:27,040

that we get another set of hearings

1067

00:40:30,630 --> 00:40:29,200

to follow this up

1068

00:40:32,309 --> 00:40:30,640

i think it'd be pretty good i mean i

1069

00:40:34,230 --> 00:40:32,319

think those the congressmen who

1070

00:40:36,630 --> 00:40:34,240

participated got a lot of attention a

1071

00:40:39,030 --> 00:40:36,640

lot of public attention positive public

1072

00:40:41,109 --> 00:40:39,040

attention and i think that they have

1073

00:40:43,270 --> 00:40:41,119

recognized that this is not a dead end

1074

00:40:45,589 --> 00:40:43,280

that it's not a the third rail that you

1075

00:40:47,750 --> 00:40:45,599

can go ahead and talk about ufos and it

1076

00:40:50,309 --> 00:40:47,760

could be a positive for their public uh

1077

00:40:52,870 --> 00:40:50,319

images and persona so i hope that that

1078

00:40:54,870 --> 00:40:52,880

is that is what is conveyed to them and

1079

00:40:57,349 --> 00:40:54,880

i hope that they will uh push that

1080

00:40:59,190 --> 00:40:57,359

chairman for for more hearings i suspect

1081

00:41:00,790 --> 00:40:59,200

that that is going to be the case but i

1082

00:41:02,390 --> 00:41:00,800

haven't heard any dates for future

1083

00:41:04,630 --> 00:41:02,400

hearings haven't heard any dates that

1084

00:41:06,230 --> 00:41:04,640

might be in the future

1085

00:41:07,990 --> 00:41:06,240

coleman if you are part of those

1086

00:41:10,390 --> 00:41:08,000

hearings or at least trying to make up a

1087

00:41:11,910 --> 00:41:10,400

manifesto of what should be discussed

1088

00:41:14,069 --> 00:41:11,920

what are some of the two or three main

1089

00:41:16,950 --> 00:41:14,079

topics or or questions you would like to

1090

00:41:18,790 --> 00:41:16,960

hear answered as part of those hearings

1091

00:41:21,349 --> 00:41:18,800

well one of the first things i would

1092

00:41:24,470 --> 00:41:21,359

want to know is exactly how much money

1093

00:41:26,230 --> 00:41:24,480

is being allocated to this program and

1094

00:41:27,270 --> 00:41:26,240

and to who

1095

00:41:29,430 --> 00:41:27,280

uh and

1096

00:41:33,430 --> 00:41:29,440

exactly how many people are going to be

1097

00:41:37,030 --> 00:41:33,440

hired uh and and so we right now we have

1098

00:41:39,589 --> 00:41:37,040

almost no uh information on how many

1099

00:41:41,430 --> 00:41:39,599

uh how many ftes are going to be hired

1100

00:41:43,670 --> 00:41:41,440

for this this program

1101
00:41:45,910 --> 00:41:43,680
the department of defense has this nasty

1102
00:41:48,550 --> 00:41:45,920
habit of uh

1103
00:41:50,230 --> 00:41:48,560
you know retasking people without

1104
00:41:52,870 --> 00:41:50,240
actually forming official what are

1105
00:41:56,309 --> 00:41:52,880
called billets and once once you form an

1106
00:41:58,390 --> 00:41:56,319
official billet you have a full-time fte

1107
00:42:01,589 --> 00:41:58,400
so that means that that person is

1108
00:42:04,230 --> 00:42:01,599
dedicated to this set of tasks that are

1109
00:42:06,950 --> 00:42:04,240
funded but if if you actually just say

1110
00:42:09,430 --> 00:42:06,960
okay let's draft in a few people who are

1111
00:42:12,309 --> 00:42:09,440
already are have billets

1112
00:42:13,670 --> 00:42:12,319
they already have full-time jobs so you

1113
00:42:16,230 --> 00:42:13,680

know you're really sort of bringing

1114

00:42:18,790 --> 00:42:16,240

people in who are not full-time who are

1115

00:42:20,550 --> 00:42:18,800

doing things on almost their own time i

1116

00:42:22,550 --> 00:42:20,560

mean this is this is really what

1117

00:42:24,710 --> 00:42:22,560

happened with atip all the way back in

1118

00:42:27,030 --> 00:42:24,720

uh in you know

1119

00:42:29,270 --> 00:42:27,040

12 years ago or whatever i mean there

1120

00:42:30,550 --> 00:42:29,280

were really no full-time people that

1121

00:42:33,349 --> 00:42:30,560

were dedicated

1122

00:42:35,910 --> 00:42:33,359

uh on a day-to-day basis and the only

1123

00:42:38,309 --> 00:42:35,920

way of addressing this problem is to

1124

00:42:41,109 --> 00:42:38,319

have full-time people i mean right now

1125

00:42:43,430 --> 00:42:41,119

the uh the head of the uh

1126

00:42:45,109 --> 00:42:43,440

what what used to be the task force

1127

00:42:48,230 --> 00:42:45,119

um you know i mean this guy is a

1128

00:42:51,750 --> 00:42:48,240

part-time guy um after the guy after jay

1129

00:42:54,470 --> 00:42:51,760

stratton a part-time guy who was already

1130

00:42:56,710 --> 00:42:54,480

fully tasked and suddenly he was said he

1131

00:43:00,550 --> 00:42:56,720

was given the the task of you know the

1132

00:43:02,630 --> 00:43:00,560

uap task force so unless you have um a

1133

00:43:06,150 --> 00:43:02,640

good tranche of funding

1134

00:43:08,550 --> 00:43:06,160

that is absolutely traceable in terms of

1135

00:43:11,430 --> 00:43:08,560

creating extra billets

1136

00:43:13,430 --> 00:43:11,440

to to engage with this you're always

1137

00:43:16,309 --> 00:43:13,440

going to have a bunch of people who are

1138

00:43:18,470 --> 00:43:16,319

over tasked and are doing this

1139

00:43:20,230 --> 00:43:18,480

practically on their own time and that

1140

00:43:22,470 --> 00:43:20,240

is really no way to run a program

1141

00:43:23,670 --> 00:43:22,480

because that's exactly how project blue

1142

00:43:26,150 --> 00:43:23,680

book was run

1143

00:43:29,589 --> 00:43:26,160

from the air force nobody was like

1144

00:43:32,150 --> 00:43:29,599

full-time doing this day day by day the

1145

00:43:34,790 --> 00:43:32,160

contrast to that was awesome i mean well

1146

00:43:37,829 --> 00:43:34,800

i'm not trying to tutor on horn here but

1147

00:43:41,670 --> 00:43:37,839

there was 50 people on asap who were

1148

00:43:45,109 --> 00:43:41,680

fully tasked tasked 40 hours a week

1149

00:43:47,670 --> 00:43:45,119

12 months per year on doing nothing else

1150

00:43:51,270 --> 00:43:47,680

that was they had no other tasks except

1151
00:43:53,109 --> 00:43:51,280
focus on this program and you know until

1152
00:43:56,150 --> 00:43:53,119
aoi msg

1153
00:43:58,790 --> 00:43:56,160
actually gets full-time billets you know

1154
00:44:01,510 --> 00:43:58,800
and and until we know what kind of level

1155
00:44:04,309 --> 00:44:01,520
of funding they have access to um you

1156
00:44:07,349 --> 00:44:04,319
know i think it's all smoke and mirrors

1157
00:44:09,589 --> 00:44:07,359
and you can make a a part-time sort of

1158
00:44:11,270 --> 00:44:09,599
job that you're doing on your own time

1159
00:44:14,390 --> 00:44:11,280
you know make it into something that

1160
00:44:16,710 --> 00:44:14,400
it's not hyperinflate and exaggerate

1161
00:44:17,990 --> 00:44:16,720
what this program is actually doing when

1162
00:44:19,510 --> 00:44:18,000
all you have you know you've got a

1163
00:44:21,910 --> 00:44:19,520

couple of people working a couple of

1164

00:44:24,150 --> 00:44:21,920

hours a week on the program it's not

1165

00:44:26,950 --> 00:44:24,160

going to achieve anything unless it's

1166

00:44:29,430 --> 00:44:26,960

fully funded and right now we we have no

1167

00:44:30,390 --> 00:44:29,440

real information of the extent of

1168

00:44:32,550 --> 00:44:30,400

funding

1169

00:44:35,030 --> 00:44:32,560

i think what they count on andy is

1170

00:44:36,790 --> 00:44:35,040

congress will move on to something else

1171

00:44:39,990 --> 00:44:36,800

there's always you know there was a

1172

00:44:42,230 --> 00:44:40,000

shooting here in the in the u.s at a

1173

00:44:43,910 --> 00:44:42,240

fourth of july parade today six people

1174

00:44:45,270 --> 00:44:43,920

gunned down um

1175

00:44:47,670 --> 00:44:45,280

that's not a

1176

00:44:50,150 --> 00:44:47,680

yearly or a monthly event or a weekly

1177

00:44:52,870 --> 00:44:50,160

event in the u.s that's daily it happens

1178

00:44:55,750 --> 00:44:52,880

every day you know that the issues over

1179

00:44:58,550 --> 00:44:55,760

the us supreme court and abortion have

1180

00:45:00,470 --> 00:44:58,560

have washington in an uproar um there's

1181

00:45:02,630 --> 00:45:00,480

always something new the war with

1182

00:45:04,710 --> 00:45:02,640

ukraine and its effect on gasoline

1183

00:45:07,030 --> 00:45:04,720

prices in this country there's always

1184

00:45:09,589 --> 00:45:07,040

some other issue that's more pressing

1185

00:45:11,829 --> 00:45:09,599

than ufos and i think the pentagon

1186

00:45:13,349 --> 00:45:11,839

people who are hostile to the topic are

1187

00:45:15,430 --> 00:45:13,359

counting on that that members of

1188

00:45:17,349 --> 00:45:15,440

congress who ask really good questions

1189

00:45:18,790 --> 00:45:17,359

at this first hearing will move on to

1190

00:45:20,790 --> 00:45:18,800

something else and then they can do what

1191

00:45:23,349 --> 00:45:20,800

they've always done which is to shove

1192

00:45:26,710 --> 00:45:23,359

this in a drawer and get rid of it

1193

00:45:29,430 --> 00:45:26,720

you know ousdi is hostile to the topic

1194

00:45:31,510 --> 00:45:29,440

air force is hostile to it if they are

1195

00:45:33,910 --> 00:45:31,520

going to have a program involving those

1196

00:45:35,510 --> 00:45:33,920

two entities and we don't know what the

1197

00:45:37,910 --> 00:45:35,520

budget is we don't know how many people

1198

00:45:39,910 --> 00:45:37,920

are going to work at it full time

1199

00:45:42,230 --> 00:45:39,920

we do know that the jobs that have been

1200

00:45:44,630 --> 00:45:42,240

advertised to work for the the new

1201

00:45:46,309 --> 00:45:44,640

organization are two-year jobs

1202

00:45:48,550 --> 00:45:46,319

i think they probably are counting on

1203

00:45:50,550 --> 00:45:48,560

this being a two-year thing and then

1204

00:45:52,630 --> 00:45:50,560

they issue a report

1205

00:45:54,309 --> 00:45:52,640

it's all solved all taken care of

1206

00:45:56,390 --> 00:45:54,319

there's nothing else to find here move

1207

00:45:58,309 --> 00:45:56,400

along i think that's what the plan is

1208

00:46:00,230 --> 00:45:58,319

i'd be very surprised if it goes in some

1209

00:46:02,309 --> 00:46:00,240

other direction

1210

00:46:04,069 --> 00:46:02,319

i think that segues nicely then on to

1211

00:46:06,309 --> 00:46:04,079

the the brazilian hearings that happened

1212

00:46:09,430 --> 00:46:06,319

recently because we rely so much on the

1213

00:46:11,990 --> 00:46:09,440

united states to to drive forward this

1214

00:46:14,230 --> 00:46:12,000

ufo conversation and here's myself

1215

00:46:16,630 --> 00:46:14,240

sitting you know in the uk which does

1216

00:46:19,430 --> 00:46:16,640

little to nothing to move and progress

1217

00:46:21,030 --> 00:46:19,440

the ufo conversation currently so brazil

1218

00:46:23,430 --> 00:46:21,040

had a set of what was essentially

1219

00:46:26,309 --> 00:46:23,440

citizen hearings with scientists and

1220

00:46:27,990 --> 00:46:26,319

journalists and others presenting um

1221

00:46:30,630 --> 00:46:28,000

what were your thoughts on the brazilian

1222

00:46:33,430 --> 00:46:30,640

hearings george and was it

1223

00:46:35,190 --> 00:46:33,440

was as impactful as it could have been

1224

00:46:37,030 --> 00:46:35,200

i have to admit to you i have seen very

1225

00:46:38,309 --> 00:46:37,040

little of it i i didn't have a day that

1226

00:46:40,790 --> 00:46:38,319

i could sit down and watch that whole

1227

00:46:43,190 --> 00:46:40,800

thing i'm encouraged by it uh that there

1228

00:46:45,670 --> 00:46:43,200

is at least a patina of official

1229

00:46:47,990 --> 00:46:45,680

government involvement uh in the process

1230

00:46:49,829 --> 00:46:48,000

uh you know we've often wondered well if

1231

00:46:51,750 --> 00:46:49,839

the us is not going to come clean on

1232

00:46:53,750 --> 00:46:51,760

this if the american government the

1233

00:46:55,910 --> 00:46:53,760

pentagon is not going to come clean and

1234

00:46:57,910 --> 00:46:55,920

and tell what they know might another

1235

00:47:00,230 --> 00:46:57,920

government around the world go ahead and

1236

00:47:02,950 --> 00:47:00,240

spill the beans come close to what we'd

1237

00:47:05,190 --> 00:47:02,960

call capital d disclosure the brazilians

1238

00:47:08,230 --> 00:47:05,200

are a candidate to do that to do that

1239

00:47:10,710 --> 00:47:08,240

column and uh both the asap program and

1240

00:47:12,390 --> 00:47:10,720

i think nids as well they interacted

1241

00:47:14,390 --> 00:47:12,400

with the brazilians with the brazilian

1242

00:47:15,910 --> 00:47:14,400

air force it was a big component about

1243

00:47:17,510 --> 00:47:15,920

what we described in the book the

1244

00:47:19,510 --> 00:47:17,520

skinwalkers at the pentagon they went

1245

00:47:21,190 --> 00:47:19,520

down there a couple of times interacted

1246

00:47:23,030 --> 00:47:21,200

with the brazilian air force and brought

1247

00:47:25,910 --> 00:47:23,040

back a ton of files that went into the

1248

00:47:28,470 --> 00:47:25,920

database that was created by asap those

1249

00:47:30,870 --> 00:47:28,480

guys seem very open to working with

1250

00:47:32,390 --> 00:47:30,880

americans with being out in out in the

1251
00:47:34,309 --> 00:47:32,400
open on what they know

1252
00:47:35,829 --> 00:47:34,319
and i'm encouraged by it you know i

1253
00:47:37,349 --> 00:47:35,839
haven't seen the whole

1254
00:47:39,190 --> 00:47:37,359
brazilian hearing but

1255
00:47:41,109 --> 00:47:39,200
the more openness the more information

1256
00:47:42,950 --> 00:47:41,119
the better

1257
00:47:43,750 --> 00:47:42,960
column let me ask is someone who's had

1258
00:47:45,990 --> 00:47:43,760
that

1259
00:47:48,390 --> 00:47:46,000
experience with other governments and

1260
00:47:51,270 --> 00:47:48,400
how they handle this subject

1261
00:47:53,829 --> 00:47:51,280
why does it seem that the us is the

1262
00:47:55,430 --> 00:47:53,839
gatekeeper of this huge secret and that

1263
00:47:56,950 --> 00:47:55,440

they have all the crashed craft and

1264

00:47:58,950 --> 00:47:56,960

they've got all the materials and the

1265

00:48:00,150 --> 00:47:58,960

bodies and you know it's i'm using some

1266

00:48:02,069 --> 00:48:00,160

hyperbole i'm not saying they

1267

00:48:02,790 --> 00:48:02,079

necessarily do but many would say they

1268

00:48:05,190 --> 00:48:02,800

do

1269

00:48:07,589 --> 00:48:05,200

why hasn't another country came out and

1270

00:48:09,430 --> 00:48:07,599

said we have this crash saucer or we

1271

00:48:10,790 --> 00:48:09,440

have found this material you know why

1272

00:48:13,190 --> 00:48:10,800

hasn't someone else just led that

1273

00:48:16,230 --> 00:48:13,200

conversation

1274

00:48:19,349 --> 00:48:16,240

well i think for better for worse the um

1275

00:48:22,390 --> 00:48:19,359

you know since 1947 when

1276

00:48:24,390 --> 00:48:22,400

um you know that the sort of the public

1277

00:48:26,790 --> 00:48:24,400

awareness of this whole phenomenon

1278

00:48:28,390 --> 00:48:26,800

escalated dramatically we're now as

1279

00:48:30,950 --> 00:48:28,400

george said we're in the 75th

1280

00:48:32,870 --> 00:48:30,960

anniversary uh kenneth arnold we just

1281

00:48:34,950 --> 00:48:32,880

passed the kenneth arnold sighting we're

1282

00:48:37,190 --> 00:48:34,960

going through the the 75th anniversary

1283

00:48:39,430 --> 00:48:37,200

of the roswell sighting so for better or

1284

00:48:43,030 --> 00:48:39,440

for worse the united states

1285

00:48:45,190 --> 00:48:43,040

approach to the uh to the ufo topic has

1286

00:48:48,950 --> 00:48:45,200

always sort of it has always been a

1287

00:48:51,349 --> 00:48:48,960

leadership role um and and you know

1288

00:48:53,109 --> 00:48:51,359

as we investigated the

1289

00:48:55,910 --> 00:48:53,119

operation prato

1290

00:48:59,510 --> 00:48:55,920

our our operation plate at the uh the

1291

00:49:02,870 --> 00:48:59,520

brazilian uh kolaris events uh as part

1292

00:49:05,910 --> 00:49:02,880

of the ba the assad pass program um we

1293

00:49:08,390 --> 00:49:05,920

we ran into this whole thing where um

1294

00:49:12,069 --> 00:49:08,400

there were a lot of files

1295

00:49:13,030 --> 00:49:12,079

um associated with uh the brazilian air

1296

00:49:15,430 --> 00:49:13,040

force

1297

00:49:17,349 --> 00:49:15,440

that were gradually being released over

1298

00:49:20,230 --> 00:49:17,359

time and actually

1299

00:49:23,829 --> 00:49:20,240

we interacted very closely with general

1300

00:49:26,150 --> 00:49:23,839

uchoa who um at the time

1301

00:49:28,870 --> 00:49:26,160

he's since retired but at the time he

1302

00:49:30,950 --> 00:49:28,880

was the brazilian equivalent of the head

1303

00:49:32,790 --> 00:49:30,960

of the department of homeland security

1304

00:49:35,670 --> 00:49:32,800

so he was very much

1305

00:49:38,230 --> 00:49:35,680

involved in sort of um

1306

00:49:40,710 --> 00:49:38,240

keeping an eye on what was what was

1307

00:49:41,430 --> 00:49:40,720

being released what kind of information

1308

00:49:45,270 --> 00:49:41,440

that

1309

00:49:47,190 --> 00:49:45,280

up the the operation plate was uh had

1310

00:49:50,390 --> 00:49:47,200

and what kind of documents were were

1311

00:49:54,069 --> 00:49:50,400

available so the asap teams down in

1312

00:49:55,990 --> 00:49:54,079

brazil interacted with general uchoa we

1313

00:49:58,950 --> 00:49:56,000

interacted with general uchoa in

1314

00:50:02,230 --> 00:49:58,960

separate meetings in washington dc

1315

00:50:06,230 --> 00:50:02,240

um so um the upshot of that was that

1316

00:50:09,030 --> 00:50:06,240

there was a release of documents um

1317

00:50:10,950 --> 00:50:09,040

you know 10 11 12 years ago

1318

00:50:13,270 --> 00:50:10,960

as a result of these overtures but

1319

00:50:15,190 --> 00:50:13,280

there's an awful lot more that's uh

1320

00:50:17,910 --> 00:50:15,200

that's been kept hidden and there's

1321

00:50:20,790 --> 00:50:17,920

always been whispers that there is an

1322

00:50:23,510 --> 00:50:20,800

american hand in the uh in this whole

1323

00:50:25,430 --> 00:50:23,520

process and that there is a

1324

00:50:28,790 --> 00:50:25,440

um a leadership role that the united

1325

00:50:31,670 --> 00:50:28,800

states government always has had um in

1326
00:50:33,030 --> 00:50:31,680
terms of dictating to the western world

1327
00:50:33,829 --> 00:50:33,040
at least

1328
00:50:39,349 --> 00:50:33,839
where

1329
00:50:41,349 --> 00:50:39,359
um you know what could be released i

1330
00:50:44,470 --> 00:50:41,359
don't know what the situation in russia

1331
00:50:46,630 --> 00:50:44,480
or china is right now um i i do know

1332
00:50:48,309 --> 00:50:46,640
that there was a lot of george has a lot

1333
00:50:50,309 --> 00:50:48,319
of background with

1334
00:50:52,950 --> 00:50:50,319
what was happening in russia

1335
00:50:56,950 --> 00:50:52,960
there are uh occasional reports that

1336
00:51:00,069 --> 00:50:56,960
we're seeing from china in in terms of

1337
00:51:02,150 --> 00:51:00,079
you know the full-blown ufo activity and

1338
00:51:05,030 --> 00:51:02,160

potential potential

1339

00:51:06,790 --> 00:51:05,040

access to technology um you know and

1340

00:51:08,470 --> 00:51:06,800

obviously behind the scenes there's a

1341

00:51:10,309 --> 00:51:08,480

cold war going on

1342

00:51:13,109 --> 00:51:10,319

in terms of what kind of technology the

1343

00:51:16,390 --> 00:51:13,119

united states has sequestered and the

1344

00:51:18,390 --> 00:51:16,400

last thing they want to do is to have

1345

00:51:20,790 --> 00:51:18,400

you know reverse engineering teams from

1346

00:51:23,190 --> 00:51:20,800

china or russia

1347

00:51:26,230 --> 00:51:23,200

you know availing of technology that the

1348

00:51:28,150 --> 00:51:26,240

united states has in its possession so

1349

00:51:29,990 --> 00:51:28,160

it's a very complex

1350

00:51:32,470 --> 00:51:30,000

um you know

1351
00:51:34,309 --> 00:51:32,480
house of cards but you know for better

1352
00:51:37,270 --> 00:51:34,319
or for worse the united states i think

1353
00:51:40,630 --> 00:51:37,280
has been in the leadership role on this

1354
00:51:42,390 --> 00:51:40,640
for decades and you know i don't know if

1355
00:51:44,870 --> 00:51:42,400
it's possible for another country to

1356
00:51:45,750 --> 00:51:44,880
take the lead

1357
00:51:47,829 --> 00:51:45,760
george

1358
00:51:49,589 --> 00:51:47,839
cole mentions yourself and you're

1359
00:51:50,470 --> 00:51:49,599
reporting on russia and that sort of

1360
00:51:52,470 --> 00:51:50,480
knowledge

1361
00:51:54,870 --> 00:51:52,480
some would say that russia's performance

1362
00:51:56,549 --> 00:51:54,880
in ukraine currently would back up the

1363
00:51:58,549 --> 00:51:56,559

idea that technology is maybe not as

1364

00:52:00,309 --> 00:51:58,559

advanced as we would expect because

1365

00:52:02,390 --> 00:52:00,319

they're they've really struggled to you

1366

00:52:05,510 --> 00:52:02,400

know even cross it seems like roads at

1367

00:52:07,190 --> 00:52:05,520

times with the kind of mud and terrain

1368

00:52:09,990 --> 00:52:07,200

is that too simplistic and argumental

1369

00:52:11,589 --> 00:52:10,000

when it comes to uap technology that

1370

00:52:13,670 --> 00:52:11,599

well the russians don't have it because

1371

00:52:15,510 --> 00:52:13,680

they would use something akin to a

1372

00:52:18,069 --> 00:52:15,520

better technology than than what they're

1373

00:52:20,309 --> 00:52:18,079

using in ukraine

1374

00:52:22,069 --> 00:52:20,319

there's a friend of ours a mutual friend

1375

00:52:23,750 --> 00:52:22,079

that column and i have he has a saying

1376
00:52:25,510 --> 00:52:23,760
when he talks about russia you know he

1377
00:52:27,270 --> 00:52:25,520
was asked well could these things that

1378
00:52:28,710 --> 00:52:27,280
we're seeing off the west coast are they

1379
00:52:30,390 --> 00:52:28,720
russian drones

1380
00:52:32,230 --> 00:52:30,400
his response was

1381
00:52:34,230 --> 00:52:32,240
russia is like a gas station with

1382
00:52:36,630 --> 00:52:34,240
nuclear weapons you know they're they

1383
00:52:38,950 --> 00:52:36,640
can't build a decent car let alone these

1384
00:52:40,950 --> 00:52:38,960
advanced anti-gravity devices like the

1385
00:52:42,630 --> 00:52:40,960
gimbal or the tic tac so they're not

1386
00:52:44,069 --> 00:52:42,640
they don't think that these the russians

1387
00:52:45,990 --> 00:52:44,079
are building these things but the

1388
00:52:47,589 --> 00:52:46,000

russians can build nuclear weapons and

1389

00:52:49,750 --> 00:52:47,599

hypersonic missiles and things of that

1390

00:52:52,069 --> 00:52:49,760

sort some things they're pretty good at

1391

00:52:54,069 --> 00:52:52,079

uh the logistics of of what their

1392

00:52:56,549 --> 00:52:54,079

military technology is versus what they

1393

00:52:58,549 --> 00:52:56,559

can get into the battlefield we've shown

1394

00:53:00,390 --> 00:52:58,559

it it's been shown in ukraine that

1395

00:53:02,150 --> 00:53:00,400

there's a big gap there and what that

1396

00:53:04,710 --> 00:53:02,160

they want to do and what they're capable

1397

00:53:06,870 --> 00:53:04,720

of doing um look we we've all heard the

1398

00:53:08,710 --> 00:53:06,880

stories about the the united states is

1399

00:53:11,589 --> 00:53:08,720

not the only government that has crashed

1400

00:53:13,589 --> 00:53:11,599

saucers or recovered technology or meta

1401

00:53:15,670 --> 00:53:13,599

materials there are a lot of hints that

1402

00:53:17,670 --> 00:53:15,680

i heard in in russia during my two

1403

00:53:20,150 --> 00:53:17,680

visits there that was back in the 90s

1404

00:53:22,230 --> 00:53:20,160

that there are places these institutes

1405

00:53:24,069 --> 00:53:22,240

these cities that don't exist on a map

1406

00:53:25,109 --> 00:53:24,079

where this material has been taken to be

1407

00:53:27,109 --> 00:53:25,119

studied

1408

00:53:29,430 --> 00:53:27,119

you've seen some provocative incidents

1409

00:53:31,349 --> 00:53:29,440

uh involving russia where their their

1410

00:53:33,589 --> 00:53:31,359

warplanes will buzz our ships where they

1411

00:53:36,150 --> 00:53:33,599

come way over the line way too close to

1412

00:53:38,309 --> 00:53:36,160

the us military provocative instances

1413

00:53:39,510 --> 00:53:38,319

where they seem to be begging to go

1414

00:53:42,390 --> 00:53:39,520

ahead and unleash some kind of

1415

00:53:44,790 --> 00:53:42,400

technology i think they've got something

1416

00:53:46,710 --> 00:53:44,800

i think they've got a weapon system that

1417

00:53:48,790 --> 00:53:46,720

they've developed based on something

1418

00:53:51,030 --> 00:53:48,800

they've recovered from somewhere else

1419

00:53:53,349 --> 00:53:51,040

not a full-blown anti-gravity flying

1420

00:53:54,950 --> 00:53:53,359

machine but some kind of a weapon and i

1421

00:53:55,910 --> 00:53:54,960

think we're trying to work on a similar

1422

00:53:57,750 --> 00:53:55,920

weapon

1423

00:54:00,870 --> 00:53:57,760

i you know we hear stories about that

1424

00:54:02,549 --> 00:54:00,880

from china uh i'm i'm less uh definitive

1425

00:54:04,150 --> 00:54:02,559

about that but i think the russians do

1426
00:54:05,670 --> 00:54:04,160
have some of this stuff they've had it

1427
00:54:07,510 --> 00:54:05,680
for a long time like us they've been

1428
00:54:09,270 --> 00:54:07,520
trying to reverse engineer it and like

1429
00:54:10,870 --> 00:54:09,280
us they haven't had much much luck with

1430
00:54:13,030 --> 00:54:10,880
it in figuring it out

1431
00:54:14,950 --> 00:54:13,040
i don't sell the russians short

1432
00:54:17,109 --> 00:54:14,960
they're incredibly destructive when they

1433
00:54:20,309 --> 00:54:17,119
want to be

1434
00:54:22,630 --> 00:54:20,319
cool i'd also add that the um you know

1435
00:54:25,190 --> 00:54:22,640
that just following on what george said

1436
00:54:27,990 --> 00:54:25,200
i mean those documents that george

1437
00:54:31,109 --> 00:54:28,000
brought back from russia from the

1438
00:54:34,549 --> 00:54:31,119

the very early 90s you know just during

1439

00:54:37,910 --> 00:54:34,559

the perestroika era um you know one of

1440

00:54:40,789 --> 00:54:37,920

the pro the projects that us abbas had

1441

00:54:43,589 --> 00:54:40,799

was in sort of putting analysts and

1442

00:54:45,910 --> 00:54:43,599

translators on those documents and you

1443

00:54:48,390 --> 00:54:45,920

know what what really became obvious

1444

00:54:50,789 --> 00:54:48,400

during that analysis was there was an

1445

00:54:51,950 --> 00:54:50,799

organization called

1446

00:54:55,670 --> 00:54:51,960

unit

1447

00:54:58,190 --> 00:54:55,680

73790 which was buried in multiple

1448

00:55:01,349 --> 00:54:58,200

different aspects of a very

1449

00:55:03,270 --> 00:55:01,359

sophisticated organizational chart uh

1450

00:55:06,390 --> 00:55:03,280

through throughout the soviet the then

1451
00:55:09,349 --> 00:55:06,400
soviet union that that encompassed both

1452
00:55:11,430 --> 00:55:09,359
government private sector and all of

1453
00:55:13,750 --> 00:55:11,440
academia you know there were uh there

1454
00:55:17,510 --> 00:55:13,760
was over a dozen organizations involved

1455
00:55:19,750 --> 00:55:17,520
in this gigantic ufo program and buried

1456
00:55:22,950 --> 00:55:19,760
in the middle of this as a sort of uh

1457
00:55:25,430 --> 00:55:22,960
you know as a low-key orchestrator was

1458
00:55:27,589 --> 00:55:25,440
this unit 73790

1459
00:55:30,470 --> 00:55:27,599
and this was like all the way back 30

1460
00:55:31,910 --> 00:55:30,480
years ago so when senator reid was sort

1461
00:55:34,390 --> 00:55:31,920
of first

1462
00:55:36,230 --> 00:55:34,400
becoming more and more alarmed

1463
00:55:39,430 --> 00:55:36,240

about the possibility that the united

1464

00:55:42,150 --> 00:55:39,440

states may fall behind the the

1465

00:55:44,950 --> 00:55:42,160

either russia or china in this kind of

1466

00:55:48,390 --> 00:55:44,960

uh ufo sort of behind the scenes uh

1467

00:55:51,589 --> 00:55:48,400

reverse engineering program i mean he he

1468

00:55:53,750 --> 00:55:51,599

had actual sort of genuine concern that

1469

00:55:56,150 --> 00:55:53,760

this could happen and you know when this

1470

00:55:58,150 --> 00:55:56,160

report uh when the analysis

1471

00:56:00,710 --> 00:55:58,160

uh that that sort of put the finger on

1472

00:56:03,670 --> 00:56:00,720

this unit 73790

1473

00:56:06,069 --> 00:56:03,680

came out i mean it was obvious you know

1474

00:56:09,109 --> 00:56:06,079

from the reactions that you know there's

1475

00:56:10,549 --> 00:56:09,119

a lot of concern in the united states

1476

00:56:13,430 --> 00:56:10,559

about what the

1477

00:56:15,990 --> 00:56:13,440

capabilities were 30 years ago

1478

00:56:18,150 --> 00:56:16,000

in terms of what russia had and fast

1479

00:56:20,710 --> 00:56:18,160

forward that all the way through

1480

00:56:23,750 --> 00:56:20,720

um to where we are now so you know there

1481

00:56:26,309 --> 00:56:23,760

could well be technology behind the

1482

00:56:28,789 --> 00:56:26,319

scenes that uh that you know the united

1483

00:56:30,549 --> 00:56:28,799

states is very concerned about but you

1484

00:56:33,589 --> 00:56:30,559

know 30 years ago

1485

00:56:35,030 --> 00:56:33,599

um that asap report uh showed

1486

00:56:36,069 --> 00:56:35,040

unequivocally

1487

00:56:39,190 --> 00:56:36,079

that the

1488

00:56:43,190 --> 00:56:39,200

uh then soviet union transferring into

1489

00:56:45,829 --> 00:56:43,200

russia had a very sophisticated

1490

00:56:48,470 --> 00:56:45,839

well sort of organized

1491

00:56:51,270 --> 00:56:48,480

program that dwarfed anything that the

1492

00:56:53,910 --> 00:56:51,280

united states had at the time

1493

00:56:56,150 --> 00:56:53,920

and all the way back in 1990 i mean

1494

00:56:58,470 --> 00:56:56,160

there was really nothing was a couple of

1495

00:57:00,470 --> 00:56:58,480

unofficial programs going on behind the

1496

00:57:02,789 --> 00:57:00,480

scenes but there was nothing on the

1497

00:57:05,430 --> 00:57:02,799

scale that the soviet union had

1498

00:57:07,349 --> 00:57:05,440

i'll add this andy uh one of the inter

1499

00:57:09,910 --> 00:57:07,359

the people we interviewed in russia the

1500

00:57:11,910 --> 00:57:09,920

first trip i was there in 93 was a

1501
00:57:13,349 --> 00:57:11,920
russian scientist who worked on their

1502
00:57:15,510 --> 00:57:13,359
the equivalent of their star wars

1503
00:57:17,349 --> 00:57:15,520
program he had never spoken to a

1504
00:57:19,190 --> 00:57:17,359
journalist not just a rut not an

1505
00:57:20,309 --> 00:57:19,200
american journalist certainly but he

1506
00:57:22,390 --> 00:57:20,319
hadn't even spoken to a russian

1507
00:57:24,710 --> 00:57:22,400
journalist he hadn't used his real name

1508
00:57:25,990 --> 00:57:24,720
in public and he came forward it was the

1509
00:57:27,990 --> 00:57:26,000
time when there was a window of

1510
00:57:30,470 --> 00:57:28,000
opportunity there and spoke to us he

1511
00:57:32,230 --> 00:57:30,480
said yeah we he showed me he had this

1512
00:57:33,589 --> 00:57:32,240
funny little thing sitting on the table

1513
00:57:35,589 --> 00:57:33,599

when we came into the room where we

1514

00:57:37,990 --> 00:57:35,599

interviewed him and he had been living

1515

00:57:40,150 --> 00:57:38,000

in one of these star cities places that

1516

00:57:42,710 --> 00:57:40,160

didn't exist on a map for his whole

1517

00:57:44,230 --> 00:57:42,720

career working on advanced weapons

1518

00:57:45,829 --> 00:57:44,240

weapon systems and he showed me this

1519

00:57:48,069 --> 00:57:45,839

little tabletop thing he called it the

1520

00:57:50,630 --> 00:57:48,079

weapon of the aliens and he pressed a

1521

00:57:53,430 --> 00:57:50,640

button and this beam

1522

00:57:54,470 --> 00:57:53,440

burned a hole instantaneously in a razor

1523

00:57:56,390 --> 00:57:54,480

blade

1524

00:57:57,750 --> 00:57:56,400

he said this is what we're working on we

1525

00:57:59,589 --> 00:57:57,760

want to be able to develop this

1526
00:58:01,670 --> 00:57:59,599
technology what we call the weapon of

1527
00:58:03,510 --> 00:58:01,680
the aliens we know that the americans

1528
00:58:05,349 --> 00:58:03,520
are working on it as well we want to

1529
00:58:07,589 --> 00:58:05,359
beat you to the punch

1530
00:58:09,670 --> 00:58:07,599
this is also goes to the heart of why

1531
00:58:11,670 --> 00:58:09,680
i'm i'm not encouraged that we're going

1532
00:58:13,589 --> 00:58:11,680
to get anything like disclosure anytime

1533
00:58:15,510 --> 00:58:13,599
soon is because there's a race

1534
00:58:17,270 --> 00:58:15,520
for this technology we're trying to

1535
00:58:19,670 --> 00:58:17,280
figure it out the russians the chinese

1536
00:58:21,349 --> 00:58:19,680
are trying to figure it out how far each

1537
00:58:23,270 --> 00:58:21,359
of those nations have gone we don't know

1538
00:58:24,870 --> 00:58:23,280

but we're never going to release this

1539

00:58:27,109 --> 00:58:24,880

information because we don't want them

1540

00:58:28,630 --> 00:58:27,119

to know how far along we are it is

1541

00:58:30,789 --> 00:58:28,640

always going to be a matter of national

1542

00:58:32,870 --> 00:58:30,799

security and i think that you'll have

1543

00:58:36,470 --> 00:58:32,880

people the organizations like the u.s

1544

00:58:38,870 --> 00:58:36,480

air force and ousdi that will never come

1545

00:58:40,150 --> 00:58:38,880

forward and tell us what we want to know

1546

00:58:42,230 --> 00:58:40,160

because of the national security

1547

00:58:44,710 --> 00:58:42,240

implications

1548

00:58:46,630 --> 00:58:44,720

well one organization that um for many

1549

00:58:49,190 --> 00:58:46,640

many years and decades has seemed to be

1550

00:58:51,030 --> 00:58:49,200

behind the times on the subject but only

1551
00:58:53,910 --> 00:58:51,040
in the last couple of months usually can

1552
00:58:56,150 --> 00:58:53,920
i come back to the forefront as nasa and

1553
00:58:58,150 --> 00:58:56,160
they announced an independent study just

1554
00:58:59,109 --> 00:58:58,160
a few months ago was going to be

1555
00:59:01,430 --> 00:58:59,119
taken

1556
00:59:02,630 --> 00:59:01,440
into the subject of an identified aerial

1557
00:59:04,549 --> 00:59:02,640
phenomenon

1558
00:59:06,870 --> 00:59:04,559
calm let me come to you first with this

1559
00:59:09,030 --> 00:59:06,880
one now many would say nasa already know

1560
00:59:10,870 --> 00:59:09,040
a lot more than they are letting on

1561
00:59:12,950 --> 00:59:10,880
given some of the footage that's online

1562
00:59:14,950 --> 00:59:12,960
you can view on youtube but also the

1563
00:59:16,789 --> 00:59:14,960

very nature of what nasa do and the

1564

00:59:19,109 --> 00:59:16,799

equipment they already have and you know

1565

00:59:20,789 --> 00:59:19,119

their equipment is in space

1566

00:59:23,750 --> 00:59:20,799

do you think that line of thinking is

1567

00:59:26,309 --> 00:59:23,760

too conspiratorial or is there something

1568

00:59:29,030 --> 00:59:27,109

um

1569

00:59:31,750 --> 00:59:29,040

you know when i when i was with bigelow

1570

00:59:35,430 --> 00:59:31,760

aerospace we worked very closely with

1571

00:59:38,549 --> 00:59:35,440

nasa for over five years so

1572

00:59:40,230 --> 00:59:38,559

you know we got we got into the uh the

1573

00:59:42,309 --> 00:59:40,240

sort of swing of things of how they

1574

00:59:45,109 --> 00:59:42,319

manage projects

1575

00:59:48,230 --> 00:59:45,119

how they oversee projects and you know

1576

00:59:51,349 --> 00:59:48,240

how often they change personnel is

1577

00:59:52,230 --> 00:59:51,359

uh astounding always has been astounding

1578

00:59:53,430 --> 00:59:52,240

to me

1579

00:59:55,510 --> 00:59:53,440

um

1580

00:59:58,309 --> 00:59:55,520

the general sort of way of doing things

1581

01:00:00,710 --> 00:59:58,319

is if you've got a two-year project you

1582

01:00:03,030 --> 01:00:00,720

generally change program managers about

1583

01:00:05,829 --> 01:00:03,040

three times or four times during that

1584

01:00:06,789 --> 01:00:05,839

two-year project and each time that that

1585

01:00:09,589 --> 01:00:06,799

that

1586

01:00:11,910 --> 01:00:09,599

nasa changes somebody like this the new

1587

01:00:14,710 --> 01:00:11,920

person has to come up to speed the old

1588

01:00:16,870 --> 01:00:14,720

person is is transferred out on you know

1589

01:00:19,510 --> 01:00:16,880

onto something completely different so

1590

01:00:21,829 --> 01:00:19,520

there's this constant learning process

1591

01:00:24,230 --> 01:00:21,839

that's going on and you know you've got

1592

01:00:26,710 --> 01:00:24,240

people of indeterminate

1593

01:00:28,630 --> 01:00:26,720

competence that are sometimes

1594

01:00:30,789 --> 01:00:28,640

replacing people who really knew their

1595

01:00:33,270 --> 01:00:30,799

stuff so you've got this constant

1596

01:00:35,030 --> 01:00:33,280

revolving door that's one aspect of this

1597

01:00:38,150 --> 01:00:35,040

the second aspect is

1598

01:00:40,870 --> 01:00:38,160

follow the money and um you know this

1599

01:00:42,950 --> 01:00:40,880

new program that uh that nasa was

1600

01:00:45,190 --> 01:00:42,960

talking about has been funded to the

1601
01:00:47,589 --> 01:00:45,200
tune of a hundred thousand dollars

1602
01:00:50,230 --> 01:00:47,599
now a hundred thousand dollars

1603
01:00:51,990 --> 01:00:50,240
may get you a couple of

1604
01:00:54,870 --> 01:00:52,000
really sort of

1605
01:00:56,630 --> 01:00:54,880
technically astute graduate students you

1606
01:00:59,990 --> 01:00:56,640
know somebody who's just done a primary

1607
01:01:01,750 --> 01:01:00,000
degree and uh maybe you know that they

1608
01:01:04,549 --> 01:01:01,760
they could have you know they could

1609
01:01:07,910 --> 01:01:04,559
leverage a few interns onto this but you

1610
01:01:10,390 --> 01:01:07,920
know the kinds of of of information that

1611
01:01:11,910 --> 01:01:10,400
nasa was putting forward in the context

1612
01:01:13,750 --> 01:01:11,920
of this announcement

1613
01:01:15,910 --> 01:01:13,760

um you know all you have to do is follow

1614

01:01:18,390 --> 01:01:15,920

the money to see

1615

01:01:20,950 --> 01:01:18,400

exactly where this this whole thing is

1616

01:01:23,270 --> 01:01:20,960

going to be allocated at most i would

1617

01:01:25,190 --> 01:01:23,280

say it's an afterthought

1618

01:01:28,230 --> 01:01:25,200

i think it's kind of like an element of

1619

01:01:30,309 --> 01:01:28,240

the metoo movement in nasa where you

1620

01:01:32,710 --> 01:01:30,319

know they're seeing the pentagon getting

1621

01:01:35,589 --> 01:01:32,720

a lot of this this sort of press and all

1622

01:01:38,150 --> 01:01:35,599

of that and somebody at nasa's has

1623

01:01:40,390 --> 01:01:38,160

decided okay we better get on this

1624

01:01:43,510 --> 01:01:40,400

because you know we're supposed to be

1625

01:01:45,990 --> 01:01:43,520

involved with the uh you know with the

1626

01:01:48,789 --> 01:01:46,000

whole uh with the whole

1627

01:01:51,270 --> 01:01:48,799

extrasolar extraplanetary

1628

01:01:53,750 --> 01:01:51,280

mission and here we have the dod who's

1629

01:01:56,150 --> 01:01:53,760

dominating this whole thing when we

1630

01:01:59,829 --> 01:01:56,160

should be part of this game so i

1631

01:02:02,230 --> 01:01:59,839

my own feeling is knowing how nasa

1632

01:02:04,150 --> 01:02:02,240

operates on a day-to-day basis

1633

01:02:06,789 --> 01:02:04,160

from multiple different programs and

1634

01:02:07,990 --> 01:02:06,799

multiple different organizations within

1635

01:02:11,750 --> 01:02:08,000

nasa

1636

01:02:13,750 --> 01:02:11,760

i'm slightly skeptical but you know

1637

01:02:16,390 --> 01:02:13,760

as a counterpoint to that you know if

1638

01:02:19,109 --> 01:02:16,400

you go all the way back in history and

1639

01:02:22,549 --> 01:02:19,119

you look at say the dod clementine

1640

01:02:24,710 --> 01:02:22,559

mission to the moon and uh you know what

1641

01:02:27,349 --> 01:02:24,720

the kind of data that was gathered with

1642

01:02:29,990 --> 01:02:27,359

that and that the overlap with some of

1643

01:02:33,589 --> 01:02:30,000

the program managers in nasa i do

1644

01:02:36,470 --> 01:02:33,599

believe there are people in nasa who uh

1645

01:02:38,069 --> 01:02:36,480

you know who are cognizant of an awful

1646

01:02:40,630 --> 01:02:38,079

lot more than the vast majority of

1647

01:02:43,270 --> 01:02:40,640

people at nasa the the last thing i'll

1648

01:02:45,670 --> 01:02:43,280

say in this is that routinely when

1649

01:02:47,990 --> 01:02:45,680

myself and robert bigelow would be at

1650

01:02:51,109 --> 01:02:48,000

various site visits and johnson space

1651

01:02:54,549 --> 01:02:51,119

center uh in in houston or nasa

1652

01:02:56,630 --> 01:02:54,559

headquarters in washington dc or you

1653

01:02:58,630 --> 01:02:56,640

know marshall space flight center in

1654

01:03:01,270 --> 01:02:58,640

huntsville alabama

1655

01:03:03,589 --> 01:03:01,280

we would inevitably be drawn aside you

1656

01:03:05,990 --> 01:03:03,599

know uh out of the meetings sort of in

1657

01:03:07,990 --> 01:03:06,000

the in the corridors and sort of people

1658

01:03:10,150 --> 01:03:08,000

would come up to us and whisper about

1659

01:03:13,109 --> 01:03:10,160

you know that they knew this and that

1660

01:03:14,789 --> 01:03:13,119

and this about the ufo topic but it was

1661

01:03:17,589 --> 01:03:14,799

never out in the open i mean it was

1662

01:03:19,910 --> 01:03:17,599

always sort of subrosa and behind the

1663

01:03:22,710 --> 01:03:19,920

scenes so you know there's that sort of

1664

01:03:25,190 --> 01:03:22,720

culture at nasa too where the the giggle

1665

01:03:27,829 --> 01:03:25,200

factor is very strong

1666

01:03:29,510 --> 01:03:27,839

i would add this uh you know the senator

1667

01:03:31,589 --> 01:03:29,520

bill nelson

1668

01:03:33,430 --> 01:03:31,599

as when he was back in the u.s senate he

1669

01:03:34,870 --> 01:03:33,440

got some of these briefings that were

1670

01:03:37,029 --> 01:03:34,880

delivered the intelligence and armed

1671

01:03:39,109 --> 01:03:37,039

services committees he sat in on him and

1672

01:03:41,109 --> 01:03:39,119

he's made those public comments that he

1673

01:03:42,870 --> 01:03:41,119

was really impressed by what he saw by

1674

01:03:44,549 --> 01:03:42,880

the likes of jay stratton the briefing

1675

01:03:46,230 --> 01:03:44,559

that he delivered to members of congress

1676

01:03:48,309 --> 01:03:46,240

and higher-ups in the pentagon and

1677

01:03:50,150 --> 01:03:48,319

intelligence agencies people like david

1678

01:03:52,230 --> 01:03:50,160

fravor and the other pilots who'd

1679

01:03:54,309 --> 01:03:52,240

experienced the tic tac and gimbal they

1680

01:03:56,630 --> 01:03:54,319

appeared and spoke to these guys and

1681

01:03:59,190 --> 01:03:56,640

several of these elected lawmakers came

1682

01:04:01,430 --> 01:03:59,200

out of those meetings stunned by what

1683

01:04:03,510 --> 01:04:01,440

they had seen bill nelson is one of them

1684

01:04:05,750 --> 01:04:03,520

he's made good i think on his pledges

1685

01:04:07,990 --> 01:04:05,760

that this is worth investigating and as

1686

01:04:09,910 --> 01:04:08,000

the head of nasa he's expressed he said

1687

01:04:11,750 --> 01:04:09,920

some amazing things you know in public

1688

01:04:13,190 --> 01:04:11,760

forums and to reporters about the

1689

01:04:16,470 --> 01:04:13,200

importance of this and why it's a

1690

01:04:17,270 --> 01:04:16,480

legitimate uh topic for inquiry and i

1691

01:04:19,430 --> 01:04:17,280

think

1692

01:04:21,029 --> 01:04:19,440

this program that they've announced as

1693

01:04:23,910 --> 01:04:21,039

column said it's a hundred grand which

1694

01:04:26,710 --> 01:04:23,920

is like lunch money for nasa uh it's not

1695

01:04:29,190 --> 01:04:26,720

very much but you know maybe it leads to

1696

01:04:31,430 --> 01:04:29,200

something else depending on the kind of

1697

01:04:33,349 --> 01:04:31,440

uh response they get from the public

1698

01:04:35,430 --> 01:04:33,359

today in the u.s

1699

01:04:36,870 --> 01:04:35,440

january i mean on july 4th is the day

1700

01:04:38,789 --> 01:04:36,880

we're recording this there's an

1701

01:04:41,270 --> 01:04:38,799

editorial in the washington post the

1702

01:04:43,270 --> 01:04:41,280

washington post editorial board one of

1703

01:04:44,789 --> 01:04:43,280

the most influential editorial boards

1704

01:04:47,029 --> 01:04:44,799

the united states

1705

01:04:49,349 --> 01:04:47,039

put out a release that said nasa is to

1706

01:04:51,589 --> 01:04:49,359

be congratulated for going after this

1707

01:04:52,630 --> 01:04:51,599

attaboy go after it it should be under

1708

01:04:54,789 --> 01:04:52,640

nasa

1709

01:04:56,710 --> 01:04:54,799

it's always been so strange and

1710

01:04:58,630 --> 01:04:56,720

counter-intuitive you know we mentioned

1711

01:05:01,990 --> 01:04:58,640

about the hostility of the air force and

1712

01:05:02,950 --> 01:05:02,000

ousdi to the ufo topic nasa's been right

1713

01:05:04,630 --> 01:05:02,960

there

1714

01:05:06,630 --> 01:05:04,640

officially on the record they've been

1715

01:05:08,390 --> 01:05:06,640

incredibly hostile to it which

1716

01:05:10,390 --> 01:05:08,400

counter-intuitive in the sense that if

1717

01:05:12,630 --> 01:05:10,400

you had evidence of extraterrestrial

1718

01:05:15,190 --> 01:05:12,640

life or some kind of previous life on

1719

01:05:17,750 --> 01:05:15,200

earth on mars or venus or somewhere else

1720

01:05:19,589 --> 01:05:17,760

in the cosmos what it would do to nasa's

1721

01:05:21,109 --> 01:05:19,599

budget you'd presume that they'd want to

1722

01:05:22,870 --> 01:05:21,119

find it that it would be a great

1723

01:05:24,710 --> 01:05:22,880

adventure that's what they're supposed

1724

01:05:26,870 --> 01:05:24,720

to do but they've had to be drag kicking

1725

01:05:30,390 --> 01:05:26,880

and screaming to get anywhere near this

1726

01:05:33,029 --> 01:05:30,400

topic you remember in 1977 jimmy carter

1727

01:05:34,710 --> 01:05:33,039

is president he had vowed as a as a

1728

01:05:36,870 --> 01:05:34,720

candidate when he gets in there he's

1729

01:05:38,630 --> 01:05:36,880

going to release the ufo files one of

1730

01:05:41,430 --> 01:05:38,640

the first things he did is tell nasa get

1731

01:05:42,710 --> 01:05:41,440

on this and they basically told him to

1732

01:05:44,309 --> 01:05:42,720

buzz off

1733

01:05:46,630 --> 01:05:44,319

they weren't going to do it even at the

1734

01:05:48,630 --> 01:05:46,640

orders of the president

1735

01:05:50,549 --> 01:05:48,640

why an organization like nasa that

1736

01:05:51,829 --> 01:05:50,559

presumably would be really interested in

1737

01:05:54,390 --> 01:05:51,839

what's out there

1738

01:05:56,549 --> 01:05:54,400

would resist uh studying this is really

1739

01:05:57,990 --> 01:05:56,559

been curious over the years we know that

1740

01:05:59,750 --> 01:05:58,000

some of their astronauts have made some

1741

01:06:01,510 --> 01:05:59,760

pretty provocative statements about

1742

01:06:03,510 --> 01:06:01,520

things that they've seen films that

1743

01:06:05,029 --> 01:06:03,520

they've seen encounters they had as they

1744

01:06:06,150 --> 01:06:05,039

were test pilots

1745

01:06:08,230 --> 01:06:06,160

but

1746

01:06:09,430 --> 01:06:08,240

officially they want nothing to do with

1747

01:06:11,430 --> 01:06:09,440

it so

1748

01:06:14,470 --> 01:06:11,440

even though this is a very small program

1749

01:06:16,630 --> 01:06:14,480

and a small budget it represents a huge

1750

01:06:18,390 --> 01:06:16,640

change in the attitude of nasa from

1751

01:06:19,670 --> 01:06:18,400

what's happened in years past i'm

1752

01:06:21,029 --> 01:06:19,680

encouraged by it i hope it leads

1753

01:06:22,710 --> 01:06:21,039

somewhere

1754

01:06:25,430 --> 01:06:22,720

coleman you made a great point about you

1755

01:06:28,150 --> 01:06:25,440

know nasa and the the churn and that

1756

01:06:30,630 --> 01:06:28,160

overturning of staff at different levels

1757

01:06:32,069 --> 01:06:30,640

and that's something that's levied often

1758

01:06:34,789 --> 01:06:32,079

at the us government and other

1759

01:06:36,230 --> 01:06:34,799

governments that that statement the the

1760

01:06:38,390 --> 01:06:36,240

government know what's happening with

1761

01:06:40,470 --> 01:06:38,400

the ufo topic well the government isn't

1762

01:06:41,910 --> 01:06:40,480

one or two people the government is

1763

01:06:43,589 --> 01:06:41,920

departments and we hear the word

1764

01:06:46,230 --> 01:06:43,599

compartmentalization

1765

01:06:48,150 --> 01:06:46,240

and i'm sure nasa is exactly the same

1766

01:06:50,470 --> 01:06:48,160

and you know if you say nasa know what's

1767

01:06:52,230 --> 01:06:50,480

going on well who is nasa is that the

1768

01:06:54,150 --> 01:06:52,240

guy or the women sitting at their desk

1769

01:06:56,150 --> 01:06:54,160

that are you know they have a job at a

1770

01:06:58,309 --> 01:06:56,160

computer console

1771

01:07:00,069 --> 01:06:58,319

however on the other side of that we do

1772

01:07:02,230 --> 01:07:00,079

now have bill nelson like you mentioned

1773

01:07:04,309 --> 01:07:02,240

george who is uh well briefed on the

1774

01:07:06,549 --> 01:07:04,319

subject he is i suppose a fan and

1775

01:07:08,870 --> 01:07:06,559

friendly to the ufo subject

1776

01:07:11,029 --> 01:07:08,880

what's to stop with with those interns

1777

01:07:12,470 --> 01:07:11,039

calm you mentioned and i'm gonna go down

1778

01:07:14,710 --> 01:07:12,480

a layman's route here i think because

1779

01:07:17,430 --> 01:07:14,720

it's as good as i can get a hundred

1780

01:07:19,670 --> 01:07:17,440

grand gets you a couple of interns wants

1781

01:07:21,270 --> 01:07:19,680

to stop bill nelson saying look given

1782

01:07:23,349 --> 01:07:21,280

the comments we've had from former

1783

01:07:25,349 --> 01:07:23,359

astronauts and certain missions

1784

01:07:27,270 --> 01:07:25,359

uh given some of the footage that is

1785

01:07:29,270 --> 01:07:27,280

clearly available to the public online

1786

01:07:31,109 --> 01:07:29,280

on youtube

1787

01:07:32,789 --> 01:07:31,119

what's to stop those interns just going

1788

01:07:35,109 --> 01:07:32,799

through some of that footage and some of

1789

01:07:37,270 --> 01:07:35,119

those previous missions and just just

1790

01:07:39,349 --> 01:07:37,280

archival stuff and going what can we

1791

01:07:41,109 --> 01:07:39,359

present what can we bring forward that

1792

01:07:43,029 --> 01:07:41,119

looks looks anomalous

1793

01:07:46,630 --> 01:07:43,039

and is in line with what this you know

1794

01:07:48,789 --> 01:07:46,640

task force is potentially looking for

1795

01:07:50,950 --> 01:07:48,799

yeah really i think it really all

1796

01:07:53,510 --> 01:07:50,960

depends on um

1797

01:07:55,750 --> 01:07:53,520

who these who these people are i mean

1798

01:07:57,589 --> 01:07:55,760

whoever is tasked on that i know we have

1799

01:07:58,950 --> 01:07:57,599

a couple of names

1800

01:08:00,950 --> 01:07:58,960

and actually

1801

01:08:03,190 --> 01:08:00,960

you know i'm hoping to learn an awful

1802

01:08:05,349 --> 01:08:03,200

lot more about the inside of this

1803

01:08:07,349 --> 01:08:05,359

program soon but

1804

01:08:10,549 --> 01:08:07,359

it really will all depend on who's

1805

01:08:13,109 --> 01:08:10,559

tasked to do this because it'll either

1806

01:08:15,589 --> 01:08:13,119

be a going through the motions exercise

1807

01:08:17,829 --> 01:08:15,599

or it could be depending on the people

1808

01:08:19,030 --> 01:08:17,839

involved it could be a tremendously

1809

01:08:22,309 --> 01:08:19,040

productive

1810

01:08:25,749 --> 01:08:22,319

uh first step and a much longer process

1811

01:08:29,110 --> 01:08:25,759

so um you know there is a tremendous

1812

01:08:29,990 --> 01:08:29,120

amount of footage um that nasa already

1813

01:08:32,550 --> 01:08:30,000

has

1814

01:08:34,630 --> 01:08:32,560

um and it would be a question of going

1815

01:08:37,430 --> 01:08:34,640

through the red tape going through the

1816

01:08:40,070 --> 01:08:37,440

various departments and nasa is

1817

01:08:43,269 --> 01:08:40,080

incredibly compartmentalized

1818

01:08:46,550 --> 01:08:43,279

and so sociologically you know each of

1819

01:08:49,110 --> 01:08:46,560

the independent centers are are fiefdoms

1820

01:08:50,229 --> 01:08:49,120

essentially and so you've got you've got

1821

01:08:53,510 --> 01:08:50,239

a lot of

1822

01:08:56,470 --> 01:08:53,520

sort of um lack of communication between

1823

01:08:59,189 --> 01:08:56,480

the main centers and there's a equally a

1824

01:09:02,470 --> 01:08:59,199

lack of communication between the uh

1825

01:09:04,870 --> 01:09:02,480

headquarters at nasa in washington dc

1826

01:09:08,229 --> 01:09:04,880

and all of the different centers but you

1827

01:09:10,630 --> 01:09:08,239

know i'm an optimist so

1828

01:09:12,470 --> 01:09:10,640

if there is a couple of really good

1829

01:09:16,070 --> 01:09:12,480

people put on this

1830

01:09:20,470 --> 01:09:16,080

and that it is a step forward and some

1831

01:09:23,430 --> 01:09:20,480

actual genuine data is put together um

1832

01:09:26,390 --> 01:09:23,440

that could be useful as a first step in

1833

01:09:29,430 --> 01:09:26,400

a multi-step process then i do see it as

1834

01:09:32,149 --> 01:09:29,440

a as a as a possibility um you know the

1835

01:09:35,349 --> 01:09:32,159

other part of this whole thing is one

1836

01:09:39,269 --> 01:09:35,359

reason for nasa's reluctance

1837

01:09:41,030 --> 01:09:39,279

um historically is in this is that the

1838

01:09:43,749 --> 01:09:41,040

seti institute the search for

1839

01:09:46,789 --> 01:09:43,759

extraterrestrial intelligence

1840

01:09:50,070 --> 01:09:46,799

has originally was associated with nasa

1841

01:09:51,349 --> 01:09:50,080

and then it became sort of uh private

1842

01:09:53,430 --> 01:09:51,359

and sort of has always had a

1843

01:09:57,510 --> 01:09:53,440

relationship with nasa and that

1844

01:10:00,630 --> 01:09:57,520

overflows into the astrobiology uh realm

1845

01:10:03,350 --> 01:10:00,640

in at nasa where the origins of life

1846

01:10:07,270 --> 01:10:03,360

have been researched there's always been

1847

01:10:09,990 --> 01:10:07,280

a gigantic chasm between the ufo topic

1848

01:10:11,110 --> 01:10:10,000

um and the search for extraterrestrial

1849

01:10:14,070 --> 01:10:11,120

intelligence

1850

01:10:16,390 --> 01:10:14,080

topic and you know seti was always sort

1851
01:10:20,229 --> 01:10:16,400
of trying to be more respectable than

1852
01:10:21,350 --> 01:10:20,239
the ufo topic so it's a bit like this

1853
01:10:24,310 --> 01:10:21,360
latest

1854
01:10:27,350 --> 01:10:24,320
science magazine uh uh

1855
01:10:29,910 --> 01:10:27,360
salvo against uh travis taylor

1856
01:10:33,270 --> 01:10:29,920
said he institute badmouthed ufos at

1857
01:10:36,070 --> 01:10:33,280
nasa for decades as on the astrobiology

1858
01:10:39,110 --> 01:10:36,080
community which is aligned with the seti

1859
01:10:41,990 --> 01:10:39,120
uh community has also bad mouthed ufos

1860
01:10:44,149 --> 01:10:42,000
for decades at nasa so

1861
01:10:47,510 --> 01:10:44,159
what we're seeing in the last six months

1862
01:10:49,430 --> 01:10:47,520
with senator bill nelson is a major

1863
01:10:52,550 --> 01:10:49,440

quantum leap i mean there's no doubt

1864

01:10:54,709 --> 01:10:52,560

about it in terms of the sociology of

1865

01:10:57,350 --> 01:10:54,719

this uh of this looking at this

1866

01:11:00,229 --> 01:10:57,360

phenomenon i totally agree with george

1867

01:11:04,070 --> 01:11:00,239

it is a sea change uh for nasa to

1868

01:11:08,470 --> 01:11:06,390

from a company who is very much in the

1869

01:11:10,310 --> 01:11:08,480

stars i want to talk about another one

1870

01:11:13,350 --> 01:11:10,320

george that you know well and reported

1871

01:11:15,830 --> 01:11:13,360

on to the stars with tom delong and jim

1872

01:11:19,189 --> 01:11:15,840

semivan still very much appears to be in

1873

01:11:21,590 --> 01:11:19,199

the game so to speak um i was on the jim

1874

01:11:22,790 --> 01:11:21,600

simovan and tom delong's call a couple

1875

01:11:25,830 --> 01:11:22,800

of weeks ago

1876

01:11:28,470 --> 01:11:25,840

to investors and others when they were

1877

01:11:29,910 --> 01:11:28,480

announcing the new media deals that they

1878

01:11:32,870 --> 01:11:29,920

have going and i just wanted some

1879

01:11:35,830 --> 01:11:32,880

thoughts from both of you on this um now

1880

01:11:37,430 --> 01:11:35,840

monsters in california is due out soon

1881

01:11:39,990 --> 01:11:37,440

and tom delong said they're trying to

1882

01:11:42,310 --> 01:11:40,000

get distributors for that tom de long

1883

01:11:45,270 --> 01:11:42,320

claims that these are very much

1884

01:11:47,990 --> 01:11:45,280

a way of disclosing the ufo subject and

1885

01:11:50,070 --> 01:11:48,000

related phenomena through a modern media

1886

01:11:51,830 --> 01:11:50,080

like like movies now that's not new

1887

01:11:53,430 --> 01:11:51,840

close encounters the third kind in other

1888

01:11:54,550 --> 01:11:53,440

movies and such have been around for a

1889

01:11:56,950 --> 01:11:54,560

long time

1890

01:12:00,310 --> 01:11:56,960

but what are your thoughts george first

1891

01:12:02,630 --> 01:12:00,320

as to to what to the star's role as now

1892

01:12:07,030 --> 01:12:02,640

in the ufo movement given what they've

1893

01:12:09,910 --> 01:12:07,040

done from 2016 and on onwards

1894

01:12:11,350 --> 01:12:09,920

i think that the world has has sold tom

1895

01:12:12,790 --> 01:12:11,360

de long short

1896

01:12:15,430 --> 01:12:12,800

and the public has made a lot of

1897

01:12:17,830 --> 01:12:15,440

mistakes in underestimating uh the

1898

01:12:20,229 --> 01:12:17,840

energy and intelligence that he has and

1899

01:12:22,390 --> 01:12:20,239

his ability to get things done i suspect

1900

01:12:25,590 --> 01:12:22,400

it is fair to say that tom and to the

1901

01:12:27,830 --> 01:12:25,600

stars shot too high that they they

1902

01:12:29,430 --> 01:12:27,840

really had goals that were not reachable

1903

01:12:32,310 --> 01:12:29,440

that the first incarnation of the

1904

01:12:35,350 --> 01:12:32,320

company they wanted to build a craft an

1905

01:12:37,189 --> 01:12:35,360

anti-gravity craft based on what they uh

1906

01:12:38,229 --> 01:12:37,199

reverse engineering programs they've

1907

01:12:40,630 --> 01:12:38,239

heard about

1908

01:12:42,390 --> 01:12:40,640

and a lot of other ambitious projects

1909

01:12:44,630 --> 01:12:42,400

that didn't come to fruition in part

1910

01:12:46,229 --> 01:12:44,640

because the public the investing public

1911

01:12:47,830 --> 01:12:46,239

didn't come forward they didn't sign up

1912

01:12:49,430 --> 01:12:47,840

they didn't send them a bunch of money

1913

01:12:50,870 --> 01:12:49,440

so all the plans that they had in mind

1914

01:12:52,550 --> 01:12:50,880

sort of went out the window and they had

1915

01:12:54,229 --> 01:12:52,560

to be scaled back and

1916

01:12:56,550 --> 01:12:54,239

and uh you know and now it's a much

1917

01:12:59,110 --> 01:12:56,560

different company elizondo and melon

1918

01:13:01,350 --> 01:12:59,120

have left uh steve justice has left the

1919

01:13:03,350 --> 01:13:01,360

plans to build their own craft are gone

1920

01:13:05,910 --> 01:13:03,360

but tom has always been an effective

1921

01:13:08,390 --> 01:13:05,920

communicator an effective entertainer a

1922

01:13:09,910 --> 01:13:08,400

great storyteller he's got he's been

1923

01:13:12,390 --> 01:13:09,920

telling us for a long time he's got

1924

01:13:13,990 --> 01:13:12,400

these great movie deals in the works

1925

01:13:15,669 --> 01:13:14,000

to go along with recording deals and

1926

01:13:16,950 --> 01:13:15,679

other things his books have been

1927

01:13:20,390 --> 01:13:16,960

successful

1928

01:13:22,470 --> 01:13:20,400

so if the new revised tsa is scaled

1929

01:13:24,550 --> 01:13:22,480

down to an entertainment company and

1930

01:13:26,709 --> 01:13:24,560

just focuses on that i suspect that it

1931

01:13:28,310 --> 01:13:26,719

can be a big success i i got to spend

1932

01:13:30,550 --> 01:13:28,320

some time with tom a couple of months

1933

01:13:32,870 --> 01:13:30,560

ago i went down to san diego and we went

1934

01:13:35,669 --> 01:13:32,880

to a ball game to see the padres versus

1935

01:13:37,590 --> 01:13:35,679

the dodgers and had some chance to catch

1936

01:13:40,550 --> 01:13:37,600

up and you know he's has boundless

1937

01:13:43,669 --> 01:13:40,560

energy and enthusiasm he's a smart uh

1938

01:13:45,110 --> 01:13:43,679

guy and uh he loves this subject matter

1939

01:13:47,350 --> 01:13:45,120

and he's going to drive it home now

1940

01:13:49,590 --> 01:13:47,360

whether or not the public will perceive

1941

01:13:51,910 --> 01:13:49,600

the movies and the books fiction books

1942

01:13:53,750 --> 01:13:51,920

that he puts out as being the actual

1943

01:13:55,750 --> 01:13:53,760

story the real deal

1944

01:13:57,750 --> 01:13:55,760

i don't know it'll remain to be seen but

1945

01:14:00,149 --> 01:13:57,760

i've learned not to sell him short i

1946

01:14:02,630 --> 01:14:00,159

don't own any of the company stock uh

1947

01:14:05,189 --> 01:14:02,640

and i i i'm not encouraging people to

1948

01:14:06,870 --> 01:14:05,199

buy it but but i wish him well i i hope

1949

01:14:08,709 --> 01:14:06,880

he does well

1950

01:14:11,030 --> 01:14:08,719

coleman when george was mentioning tom

1951

01:14:13,270 --> 01:14:11,040

delong and his intelligence and his

1952

01:14:15,110 --> 01:14:13,280

drive you were nodding along and i'm

1953

01:14:16,709 --> 01:14:15,120

presuming that's that's notions that you

1954

01:14:18,950 --> 01:14:16,719

want to agree with but also what are

1955

01:14:21,350 --> 01:14:18,960

your thoughts on this idea of

1956

01:14:23,189 --> 01:14:21,360

discussing topics like skinwalker ranch

1957

01:14:24,709 --> 01:14:23,199

and some of those experiences that you

1958

01:14:27,030 --> 01:14:24,719

studied and have investigated and

1959

01:14:29,750 --> 01:14:27,040

written about and putting ideas like

1960

01:14:33,110 --> 01:14:29,760

that out into the public through can a

1961

01:14:37,110 --> 01:14:33,120

team rom-com slasher romance thriller

1962

01:14:41,590 --> 01:14:39,350

yeah rom-com on skin worker ranch i

1963

01:14:42,470 --> 01:14:41,600

think would be a really good good theme

1964

01:14:45,350 --> 01:14:42,480

i think

1965

01:14:47,189 --> 01:14:45,360

you know depending on who's who's behind

1966

01:14:49,189 --> 01:14:47,199

you know who were the actors you could

1967

01:14:52,229 --> 01:14:49,199

you could get something steamy going and

1968

01:14:54,950 --> 01:14:52,239

uh in homestead too

1969

01:14:58,149 --> 01:14:54,960

but you know seriously i i do think it's

1970

01:15:02,070 --> 01:14:58,159

a very viable way of of getting the

1971

01:15:04,709 --> 01:15:02,080

information out you know i think the um

1972

01:15:06,870 --> 01:15:04,719

the the hunt for the skinwalker movie

1973

01:15:07,830 --> 01:15:06,880

that was put out with jeremy corbell and

1974

01:15:09,430 --> 01:15:07,840

george

1975

01:15:12,070 --> 01:15:09,440

um there are

1976

01:15:14,870 --> 01:15:12,080

a few years ago i think it it got a lot

1977

01:15:17,350 --> 01:15:14,880

of traction and it it generated a

1978

01:15:20,470 --> 01:15:17,360

tremendous amount of enthusiasm and it

1979

01:15:24,229 --> 01:15:20,480

also uh boomeranged back into

1980

01:15:26,630 --> 01:15:24,239

um the you know uh the books it it

1981

01:15:27,430 --> 01:15:26,640

caused a lot of discussion you know with

1982

01:15:29,990 --> 01:15:27,440

us

1983

01:15:32,550 --> 01:15:30,000

um uh we have we got people contacting

1984

01:15:34,709 --> 01:15:32,560

us that we would not have contacted us

1985

01:15:38,390 --> 01:15:34,719

uh asking questions so it provoked a lot

1986

01:15:40,149 --> 01:15:38,400

of dialogue so i see uh the media as

1987

01:15:41,110 --> 01:15:40,159

being a tremendously

1988

01:15:42,709 --> 01:15:41,120

um

1989

01:15:45,590 --> 01:15:42,719

you know

1990

01:15:46,950 --> 01:15:45,600

promising avenue for for putting this

1991

01:15:47,910 --> 01:15:46,960

word out because

1992

01:15:49,830 --> 01:15:47,920

you know

1993

01:15:52,229 --> 01:15:49,840

books can be pretty dry

1994

01:15:55,030 --> 01:15:52,239

not a lot of people read books audio

1995

01:15:57,669 --> 01:15:55,040

books are are better than normal books

1996

01:15:59,590 --> 01:15:57,679

but then you've got movies and then

1997

01:16:01,990 --> 01:15:59,600

um i mean

1998

01:16:03,669 --> 01:16:02,000

that the the end point the logical end

1999

01:16:06,550 --> 01:16:03,679

point of this whole thing is tick tock

2000

01:16:08,950 --> 01:16:06,560

but you know quite frankly i have not uh

2001
01:16:11,990 --> 01:16:08,960
not had any experience with tick tock at

2002
01:16:15,030 --> 01:16:12,000
all but i do see that the movie uh

2003
01:16:17,750 --> 01:16:15,040
business as being a very legitimate way

2004
01:16:20,470 --> 01:16:17,760
of of changing an awful lot of people's

2005
01:16:21,590 --> 01:16:20,480
minds i mean i still remember walking

2006
01:16:23,990 --> 01:16:21,600
into

2007
01:16:26,550 --> 01:16:24,000
that that movie close encounters of the

2008
01:16:29,590 --> 01:16:26,560
third kind that steven steele spielberg

2009
01:16:32,550 --> 01:16:29,600
did and um you know i remember being

2010
01:16:35,430 --> 01:16:32,560
floored by that movie it was like a game

2011
01:16:37,510 --> 01:16:35,440
changer for me and um

2012
01:16:40,070 --> 01:16:37,520
you know i think it did the same for

2013
01:16:42,550 --> 01:16:40,080

millions of people so i think the media

2014

01:16:44,550 --> 01:16:42,560

has a tremendous role to play

2015

01:16:46,709 --> 01:16:44,560

there was a scene you know independence

2016

01:16:49,350 --> 01:16:46,719

day july 4th again we're recording on

2017

01:16:50,950 --> 01:16:49,360

july 4th the movie independence day

2018

01:16:52,870 --> 01:16:50,960

um you know of course a lot of the

2019

01:16:55,270 --> 01:16:52,880

stories that i had covered

2020

01:16:57,270 --> 01:16:55,280

for our news were incorporated into that

2021

01:16:59,910 --> 01:16:57,280

about area 51 is the place that you know

2022

01:17:01,590 --> 01:16:59,920

that repels the alien invasion and and i

2023

01:17:04,390 --> 01:17:01,600

remember being in a special screening of

2024

01:17:06,709 --> 01:17:04,400

that movie weeks before it came out with

2025

01:17:08,229 --> 01:17:06,719

the director and the producer were there

2026
01:17:10,310 --> 01:17:08,239
sitting there with members of the public

2027
01:17:12,070 --> 01:17:10,320
and they come to that scene where

2028
01:17:14,310 --> 01:17:12,080
the president is being informed there

2029
01:17:16,229 --> 01:17:14,320
really is a place called area 51 and

2030
01:17:18,070 --> 01:17:16,239
people in the audience go and see i told

2031
01:17:19,430 --> 01:17:18,080
you it was real i'm thinking to myself

2032
01:17:21,750 --> 01:17:19,440
boy after all these years of me

2033
01:17:23,189 --> 01:17:21,760
reporting on it and they finally accept

2034
01:17:27,270 --> 01:17:23,199
that it's real because they saw it in

2035
01:17:29,350 --> 01:17:27,280
this movie um i i was aghast and also

2036
01:17:31,270 --> 01:17:29,360
encouraged at the same time so a movie

2037
01:17:33,830 --> 01:17:31,280
is a great way to convey it and it catch

2038
01:17:35,590 --> 01:17:33,840

the public's imagination uh the x-files

2039

01:17:37,669 --> 01:17:35,600

has proven that

2040

01:17:39,830 --> 01:17:37,679

yeah call call my agree with you when

2041

01:17:42,070 --> 01:17:39,840

you mention a tech talk i prefer tic

2042

01:17:44,790 --> 01:17:42,080

tacs to tick-tock definitely it's one

2043

01:17:46,870 --> 01:17:44,800

that's passing me by even at 36

2044

01:17:49,590 --> 01:17:46,880

um but i want to ask george you

2045

01:17:51,910 --> 01:17:49,600

mentioned tom delong and the public

2046

01:17:54,470 --> 01:17:51,920

didn't go along with the cash that they

2047

01:17:55,669 --> 01:17:54,480

were looking for for those big plan a

2048

01:17:58,149 --> 01:17:55,679

plans

2049

01:18:00,310 --> 01:17:58,159

is there a little bit though of the the

2050

01:18:03,030 --> 01:18:00,320

character of tom delong much like travis

2051
01:18:04,470 --> 01:18:03,040
taylor has suffered from his tv persona

2052
01:18:06,790 --> 01:18:04,480
with with some

2053
01:18:09,510 --> 01:18:06,800
that people look at tom delong and say

2054
01:18:11,830 --> 01:18:09,520
that guy that guy is going to be the the

2055
01:18:14,470 --> 01:18:11,840
disclosure head and that's why people

2056
01:18:17,030 --> 01:18:14,480
one didn't invest but we've still not

2057
01:18:18,550 --> 01:18:17,040
seen a public swelling that many many

2058
01:18:20,390 --> 01:18:18,560
hoped for

2059
01:18:23,270 --> 01:18:20,400
to to kind of jump on the tom the long

2060
01:18:27,910 --> 01:18:25,430
i guess that could be part of it i think

2061
01:18:29,910 --> 01:18:27,920
it's unfair tom has boundless energy and

2062
01:18:32,390 --> 01:18:29,920
great enthusiasm and he's a smart guy

2063
01:18:34,390 --> 01:18:32,400

and he knows about as much as about ufos

2064

01:18:36,790 --> 01:18:34,400

and the history of the phenomena and the

2065

01:18:38,630 --> 01:18:36,800

studies the secret government studies as

2066

01:18:40,790 --> 01:18:38,640

almost anybody in the country

2067

01:18:42,870 --> 01:18:40,800

so his knowledge is actually pretty good

2068

01:18:45,350 --> 01:18:42,880

i can see people wondering is this the

2069

01:18:48,149 --> 01:18:45,360

guy we follow to the disclosure promised

2070

01:18:50,229 --> 01:18:48,159

land and wondering uh if he is in fact

2071

01:18:53,110 --> 01:18:50,239

the right guy but tom surrounded himself

2072

01:18:55,430 --> 01:18:53,120

with top-notch people lou elizondo and

2073

01:18:57,830 --> 01:18:55,440

chris mellon and hal put off and and jim

2074

01:19:00,149 --> 01:18:57,840

simavan and steve justice if they're

2075

01:19:02,790 --> 01:19:00,159

looking for credibility he had it and

2076

01:19:04,950 --> 01:19:02,800

and to give them credit

2077

01:19:06,950 --> 01:19:04,960

ttsa changed the

2078

01:19:09,110 --> 01:19:06,960

national the international discussion on

2079

01:19:11,189 --> 01:19:09,120

this topic they took this stuff to the

2080

01:19:13,350 --> 01:19:11,199

new york times and talked the times into

2081

01:19:15,590 --> 01:19:13,360

into going forward with the story it was

2082

01:19:17,270 --> 01:19:15,600

nice to have the tic tac video to go

2083

01:19:19,750 --> 01:19:17,280

along with it and to be able to have

2084

01:19:21,830 --> 01:19:19,760

dave fraber confirm that it was true

2085

01:19:23,750 --> 01:19:21,840

all those contributed to it but really

2086

01:19:25,990 --> 01:19:23,760

tom delong putting together his

2087

01:19:27,830 --> 01:19:26,000

organization having a place for lou

2088

01:19:29,830 --> 01:19:27,840

elizondo to land

2089

01:19:32,149 --> 01:19:29,840

and then taking that his celebrity

2090

01:19:35,030 --> 01:19:32,159

status and using that to get in the door

2091

01:19:37,189 --> 01:19:35,040

with people at the lockheed martin skunk

2092

01:19:38,790 --> 01:19:37,199

works and then eventually to the new

2093

01:19:40,870 --> 01:19:38,800

york times that changed the whole

2094

01:19:42,790 --> 01:19:40,880

narrative it changed everything forever

2095

01:19:43,910 --> 01:19:42,800

whether you like tom delong or you trust

2096

01:19:45,430 --> 01:19:43,920

him or not

2097

01:19:47,669 --> 01:19:45,440

i give him a lot of credit for what he's

2098

01:19:49,830 --> 01:19:47,679

accomplished and uh if you are strictly

2099

01:19:53,750 --> 01:19:49,840

talking about the entertainment realm

2100

01:19:55,430 --> 01:19:53,760

movies tv music books i i

2101

01:19:57,750 --> 01:19:55,440

i think he's got a lot of credibility in

2102

01:19:59,350 --> 01:19:57,760

those venues

2103

01:20:00,630 --> 01:19:59,360

let me just finish off gents we've got a

2104

01:20:02,470 --> 01:20:00,640

couple of minutes remaining and you've

2105

01:20:04,630 --> 01:20:02,480

been very very generous with your time i

2106

01:20:07,270 --> 01:20:04,640

really have appreciated this and i want

2107

01:20:09,350 --> 01:20:07,280

to look forward to what still may happen

2108

01:20:11,270 --> 01:20:09,360

this year with a little bit of a quick

2109

01:20:13,110 --> 01:20:11,280

fire but getting both your opinions now

2110

01:20:15,430 --> 01:20:13,120

you mentioned louis lozando george i'll

2111

01:20:17,750 --> 01:20:15,440

come to you first we know lou is

2112

01:20:20,149 --> 01:20:17,760

currently penning his book

2113

01:20:20,950 --> 01:20:20,159

that could come out this year i'm going

2114

01:20:23,030 --> 01:20:20,960

to

2115

01:20:25,750 --> 01:20:23,040

hedge my bets and say early next year

2116

01:20:28,709 --> 01:20:25,760

potentially for that one but

2117

01:20:31,350 --> 01:20:28,719

what are your expectations from from

2118

01:20:34,790 --> 01:20:33,510

i really don't know i mean

2119

01:20:37,510 --> 01:20:34,800

hopefully there could be some

2120

01:20:39,910 --> 01:20:37,520

clarification of some of the gaps in the

2121

01:20:41,990 --> 01:20:39,920

story uh there you know since our book

2122

01:20:43,590 --> 01:20:42,000

skin walkers at the pentagon came out

2123

01:20:45,189 --> 01:20:43,600

people have tried to characterize it as

2124

01:20:47,350 --> 01:20:45,199

an attack on lou

2125

01:20:49,430 --> 01:20:47,360

or you know people have taken

2126
01:20:51,510 --> 01:20:49,440
cherry-picked bits and pieces to attack

2127
01:20:53,590 --> 01:20:51,520
his credibility here's why he's not

2128
01:20:55,830 --> 01:20:53,600
telling the in the story it was never an

2129
01:20:58,229 --> 01:20:55,840
attack on lou there is a consistent

2130
01:21:01,350 --> 01:20:58,239
narrative in between that

2131
01:21:03,750 --> 01:21:01,360
from awsap to atip to the uap task force

2132
01:21:06,310 --> 01:21:03,760
to aim song and it's easily uh

2133
01:21:09,030 --> 01:21:06,320
verifiable i hope that lou will be able

2134
01:21:11,350 --> 01:21:09,040
to tell us uh fill in some of the gaps

2135
01:21:12,950 --> 01:21:11,360
and what we know about the atip period

2136
01:21:15,510 --> 01:21:12,960
column and i can talk to you all day

2137
01:21:17,669 --> 01:21:15,520
about awesome we can't really tell you

2138
01:21:19,189 --> 01:21:17,679

exactly what was going on with atip

2139

01:21:21,350 --> 01:21:19,199

because so much of it was under the

2140

01:21:23,270 --> 01:21:21,360

radar and unofficial you know as he

2141

01:21:25,510 --> 01:21:23,280

mentioned that nobody had a full-time

2142

01:21:27,590 --> 01:21:25,520

job working for atep no one

2143

01:21:29,030 --> 01:21:27,600

it doesn't mean it wasn't real program

2144

01:21:31,189 --> 01:21:29,040

people when we made those kind of

2145

01:21:33,430 --> 01:21:31,199

statements that atip didn't have a

2146

01:21:35,350 --> 01:21:33,440

single full-time staff member they see

2147

01:21:37,270 --> 01:21:35,360

that as an attack on blue elizando and

2148

01:21:39,350 --> 01:21:37,280

it is not it was just a different kind

2149

01:21:42,390 --> 01:21:39,360

of a program the fact is the work that

2150

01:21:44,870 --> 01:21:42,400

they did that took lou to tsa and then

2151
01:21:47,270 --> 01:21:44,880
to the new york times changed everything

2152
01:21:49,030 --> 01:21:47,280
you know it changed everything so i i

2153
01:21:51,750 --> 01:21:49,040
hope that he will share with us what his

2154
01:21:54,470 --> 01:21:51,760
journey has been like um

2155
01:21:56,709 --> 01:21:54,480
and i know lou pretty well and

2156
01:21:57,990 --> 01:21:56,719
it's been tough it's been tough on him

2157
01:21:59,669 --> 01:21:58,000
and his family

2158
01:22:01,990 --> 01:21:59,679
uh the kinds of things that he's had to

2159
01:22:04,870 --> 01:22:02,000
endure both from the public the ufo

2160
01:22:06,870 --> 01:22:04,880
public the ufo twitter public

2161
01:22:08,629 --> 01:22:06,880
and uh and his former colleagues at the

2162
01:22:10,310 --> 01:22:08,639
pentagon they've really come after him

2163
01:22:12,629 --> 01:22:10,320

you know he was telling me in the first

2164

01:22:14,310 --> 01:22:12,639

very first interview we did january of

2165

01:22:16,550 --> 01:22:14,320

2018

2166

01:22:18,310 --> 01:22:16,560

uh that the guys that were left behind

2167

01:22:20,550 --> 01:22:18,320

who were surprised when he showed up on

2168

01:22:22,310 --> 01:22:20,560

that stage with tom delong in october

2169

01:22:24,950 --> 01:22:22,320

2017 and then on the front page of the

2170

01:22:26,709 --> 01:22:24,960

new york times they were pissed off and

2171

01:22:28,629 --> 01:22:26,719

they let it be known and they're still

2172

01:22:31,189 --> 01:22:28,639

pissed off you know we've seen the

2173

01:22:33,590 --> 01:22:31,199

implications the the ramifications of

2174

01:22:35,910 --> 01:22:33,600

that the battles with the the inspector

2175

01:22:37,669 --> 01:22:35,920

general and his former lou's former boss

2176

01:22:39,510 --> 01:22:37,679

this gary reed guy

2177

01:22:40,709 --> 01:22:39,520

that's real i know what he's gone

2178

01:22:41,830 --> 01:22:40,719

through

2179

01:22:44,070 --> 01:22:41,840

has been

2180

01:22:45,669 --> 01:22:44,080

brutal and i look forward to hearing

2181

01:22:47,669 --> 01:22:45,679

that story because the public needs to

2182

01:22:49,750 --> 01:22:47,679

hear it this is this is not a game this

2183

01:22:51,750 --> 01:22:49,760

is real

2184

01:22:54,709 --> 01:22:51,760

any expectations from yourself calm in

2185

01:22:57,350 --> 01:22:54,719

terms of lew's book

2186

01:23:00,470 --> 01:22:57,360

um i would guess that the the book is

2187

01:23:02,550 --> 01:23:00,480

going to go through um a review process

2188

01:23:04,149 --> 01:23:02,560

just like our book went through so i

2189

01:23:07,990 --> 01:23:04,159

don't know if it's going to be published

2190

01:23:11,030 --> 01:23:08,000

this year uh really depends on how fast

2191

01:23:12,550 --> 01:23:11,040

dobser it took it took dobson 14 months

2192

01:23:16,390 --> 01:23:12,560

to go through our book

2193

01:23:17,510 --> 01:23:16,400

um i it probably is a lot quicker than

2194

01:23:18,950 --> 01:23:17,520

um

2195

01:23:20,870 --> 01:23:18,960

you know i think

2196

01:23:22,790 --> 01:23:20,880

depending on what's in his book i guess

2197

01:23:25,270 --> 01:23:22,800

it will will be

2198

01:23:27,430 --> 01:23:25,280

uh will dictate the length of the review

2199

01:23:30,390 --> 01:23:27,440

but you know i would like to see more

2200

01:23:34,229 --> 01:23:30,400

detail from lou on

2201

01:23:35,910 --> 01:23:34,239

uh fundamentally what did atip do uh

2202

01:23:38,709 --> 01:23:35,920

what did it accomplish

2203

01:23:40,310 --> 01:23:38,719

what reports were written uh what what

2204

01:23:42,629 --> 01:23:40,320

kind of uh

2205

01:23:45,189 --> 01:23:42,639

i mean you can talk generically about

2206

01:23:48,229 --> 01:23:45,199

cases without giving uh classified

2207

01:23:50,790 --> 01:23:48,239

information away and you know i i would

2208

01:23:51,750 --> 01:23:50,800

like to have more information

2209

01:23:54,310 --> 01:23:51,760

um

2210

01:23:57,270 --> 01:23:54,320

uh to fill in those gaps

2211

01:23:59,590 --> 01:23:57,280

but you know i i think i think george is

2212

01:24:02,550 --> 01:23:59,600

right i mean i think it's been one hell

2213

01:24:03,430 --> 01:24:02,560

of a roller coaster since lou left

2214

01:24:05,110 --> 01:24:03,440

the

2215

01:24:08,390 --> 01:24:05,120

ousbi

2216

01:24:10,470 --> 01:24:08,400

all the way back in late 2017. it's been

2217

01:24:12,070 --> 01:24:10,480

a hell of a roller coaster

2218

01:24:14,310 --> 01:24:12,080

can i just ask you a quick question

2219

01:24:16,790 --> 01:24:14,320

regarding that um

2220

01:24:20,149 --> 01:24:16,800

vetting process the book goes through

2221

01:24:21,750 --> 01:24:20,159

if you put an inaccuracy in the book is

2222

01:24:24,310 --> 01:24:21,760

that something that would be flagged and

2223

01:24:26,709 --> 01:24:24,320

have to be removed or if you out and out

2224

01:24:28,870 --> 01:24:26,719

lied about something again would that

2225

01:24:30,629 --> 01:24:28,880

have to be removed or could it still be

2226

01:24:32,870 --> 01:24:30,639

left in

2227

01:24:35,669 --> 01:24:32,880

well it depends on uh who's doing the

2228

01:24:37,910 --> 01:24:35,679

reviewing and how familiar they are with

2229

01:24:40,550 --> 01:24:37,920

the programs on the topics because

2230

01:24:42,870 --> 01:24:40,560

you know um i spoke about the the

2231

01:24:44,550 --> 01:24:42,880

revolving door at nasa the revolving

2232

01:24:47,830 --> 01:24:44,560

door at dod

2233

01:24:51,110 --> 01:24:47,840

is also pretty uh active so

2234

01:24:53,350 --> 01:24:51,120

um it really will would depend on

2235

01:24:56,390 --> 01:24:53,360

the level of scrutiny that something

2236

01:24:59,350 --> 01:24:56,400

like that would get so yes inaccuracies

2237

01:25:01,669 --> 01:24:59,360

can stay in there if there are people

2238

01:25:04,790 --> 01:25:01,679

um who are on top of that

2239

01:25:08,310 --> 01:25:04,800

um you know uh inaccuracies will will

2240

01:25:11,110 --> 01:25:08,320

stay in there um it it really depends on

2241

01:25:13,430 --> 01:25:11,120

the level of scrutiny our our book went

2242

01:25:16,629 --> 01:25:13,440

through a couple of different reviews

2243

01:25:17,669 --> 01:25:16,639

from individuals and it went through uh

2244

01:25:20,790 --> 01:25:17,679

three

2245

01:25:24,310 --> 01:25:20,800

departments

2246

01:25:26,790 --> 01:25:24,320

uh that had a stake in uh in the various

2247

01:25:28,709 --> 01:25:26,800

parts of the book so um

2248

01:25:29,910 --> 01:25:28,719

i don't know what lou's book will

2249

01:25:32,790 --> 01:25:29,920

contain

2250

01:25:35,270 --> 01:25:32,800

um you know he's had a long long

2251
01:25:38,470 --> 01:25:35,280
history in counterintelligence and all

2252
01:25:39,430 --> 01:25:38,480
of that so a lot of that would be off

2253
01:25:41,590 --> 01:25:39,440
limits

2254
01:25:42,390 --> 01:25:41,600
in terms of anything you put in the book

2255
01:25:44,470 --> 01:25:42,400
so

2256
01:25:46,709 --> 01:25:44,480
um i it'll be interesting i'll be

2257
01:25:48,629 --> 01:25:46,719
interested to read the book

2258
01:25:50,470 --> 01:25:48,639
yeah i think many of us will and i hope

2259
01:25:52,149 --> 01:25:50,480
it's vindication for a lot of what lewis

2260
01:25:54,390 --> 01:25:52,159
said and obviously george like you say

2261
01:25:56,870 --> 01:25:54,400
it clarifies a few points as well

2262
01:25:59,189 --> 01:25:56,880
um a quick yes or no from both of you

2263
01:26:01,189 --> 01:25:59,199

calm start with yourself will we get

2264

01:26:03,990 --> 01:26:01,199

more hearings in the us this year on

2265

01:26:07,990 --> 01:26:05,830

hearings um

2266

01:26:09,990 --> 01:26:08,000

it really depends on how energetic

2267

01:26:12,229 --> 01:26:10,000

congress are i think

2268

01:26:13,830 --> 01:26:12,239

i think you know it's becoming obvious

2269

01:26:15,350 --> 01:26:13,840

that um

2270

01:26:18,790 --> 01:26:15,360

the office of

2271

01:26:20,709 --> 01:26:18,800

ousdi are are sort of they're not

2272

01:26:21,830 --> 01:26:20,719

exactly a

2273

01:26:23,669 --> 01:26:21,840

you know

2274

01:26:27,270 --> 01:26:23,679

they're not lighting the fire on this

2275

01:26:30,229 --> 01:26:27,280

topic so it really depends on how

2276

01:26:32,229 --> 01:26:30,239

aggressive congress are but i do know

2277

01:26:34,790 --> 01:26:32,239

that in the next month or so there's

2278

01:26:36,950 --> 01:26:34,800

going to be some major revelations

2279

01:26:39,669 --> 01:26:36,960

in terms of congressional

2280

01:26:42,870 --> 01:26:39,679

input into the process

2281

01:26:46,149 --> 01:26:42,880

whereby um you know there's as you know

2282

01:26:48,830 --> 01:26:46,159

there's um there's a budget that's for

2283

01:26:52,550 --> 01:26:48,840

2023 is being written and so the

2284

01:26:54,950 --> 01:26:52,560

appropriation and the authorization uh

2285

01:26:57,189 --> 01:26:54,960

language is pretty well all written and

2286

01:26:58,149 --> 01:26:57,199

settled and been negotiated behind the

2287

01:27:01,030 --> 01:26:58,159

scenes

2288

01:27:04,310 --> 01:27:01,040

uh for for that budget so there there

2289

01:27:05,510 --> 01:27:04,320

will be language inserted into the into

2290

01:27:07,430 --> 01:27:05,520

this

2291

01:27:08,310 --> 01:27:07,440

authorization act

2292

01:27:11,669 --> 01:27:08,320

um

2293

01:27:14,709 --> 01:27:11,679

in in order to give more support to the

2294

01:27:16,550 --> 01:27:14,719

general ufo topic and i know that that's

2295

01:27:18,470 --> 01:27:16,560

going to be announced in the next two to

2296

01:27:21,110 --> 01:27:18,480

four weeks

2297

01:27:23,669 --> 01:27:21,120

but i and i think that will be a shot in

2298

01:27:26,070 --> 01:27:23,679

the arm depending on how comprehensive

2299

01:27:28,629 --> 01:27:26,080

the language is uh in terms of

2300

01:27:31,030 --> 01:27:28,639

supporting this uh this whole process

2301

01:27:33,669 --> 01:27:31,040

because you know you've got the

2302

01:27:36,229 --> 01:27:33,679

very very high quality

2303

01:27:39,270 --> 01:27:36,239

uh senate senate and congressional

2304

01:27:41,750 --> 01:27:39,280

staffers and senate senate people and

2305

01:27:43,110 --> 01:27:41,760

congress people on the one hand and then

2306

01:27:45,510 --> 01:27:43,120

you've got the

2307

01:27:48,790 --> 01:27:45,520

uh the people in the pentagon who are

2308

01:27:51,110 --> 01:27:48,800

not exactly bald fire in in terms of

2309

01:27:53,830 --> 01:27:51,120

what they're willing to do or going the

2310

01:27:56,229 --> 01:27:53,840

extra mile to make uh to make hearings

2311

01:27:58,629 --> 01:27:56,239

happen so it's it's going to be a very

2312

01:28:00,470 --> 01:27:58,639

interesting tug of war

2313

01:28:01,830 --> 01:28:00,480

george i'll put the final question to

2314

01:28:03,750 --> 01:28:01,840

you um

2315

01:28:06,149 --> 01:28:03,760

what is the likelihood that we get more

2316

01:28:09,510 --> 01:28:06,159

footage or images released this year as

2317

01:28:10,709 --> 01:28:09,520

pertains to ufos obviously

2318

01:28:12,149 --> 01:28:10,719

i think there's a pretty good chance

2319

01:28:13,910 --> 01:28:12,159

we're going to see some footage i think

2320

01:28:15,510 --> 01:28:13,920

there is almost zero chance we're going

2321

01:28:17,910 --> 01:28:15,520

to get some footage from the pentagon

2322

01:28:19,990 --> 01:28:17,920

itself i think it's the release will

2323

01:28:23,669 --> 01:28:20,000

come from somewhere else uh

2324

01:28:25,350 --> 01:28:23,679

it'll be confirmed as as real stuff

2325

01:28:27,270 --> 01:28:25,360

i don't know exact date on when that

2326

01:28:30,229 --> 01:28:27,280

could happen but it's out there there's

2327

01:28:31,669 --> 01:28:30,239

material that that needs to be vetted

2328

01:28:34,149 --> 01:28:31,679

uh you know i don't i don't think

2329

01:28:36,870 --> 01:28:34,159

there's any i don't detect any kind of

2330

01:28:39,270 --> 01:28:36,880

appetite from the pentagon to release

2331

01:28:41,350 --> 01:28:39,280

much meaningful footage we saw the clip

2332

01:28:43,350 --> 01:28:41,360

you saw it in the hearing whoopy do you

2333

01:28:44,709 --> 01:28:43,360

know we were just bowled over you could

2334

01:28:46,950 --> 01:28:44,719

have been knocked over with a feather

2335

01:28:48,550 --> 01:28:46,960

about that dramatic footage that we saw

2336

01:28:50,390 --> 01:28:48,560

we know damn good and well they've got

2337

01:28:51,990 --> 01:28:50,400

better stuff than that

2338

01:28:53,350 --> 01:28:52,000

we know damn good and well they've shown

2339

01:28:55,350 --> 01:28:53,360

better stuff than that to members of

2340

01:28:57,270 --> 01:28:55,360

congress behind closed doors

2341

01:28:58,950 --> 01:28:57,280

why don't we get to see it you know i

2342

01:29:01,910 --> 01:28:58,960

suspect that they can use the national

2343

01:29:04,390 --> 01:29:01,920

security excuse uh there's only so much

2344

01:29:06,390 --> 01:29:04,400

they want to alert our adversaries to

2345

01:29:09,350 --> 01:29:06,400

about how far along they've they are on

2346

01:29:11,189 --> 01:29:09,360

this study so i i am not encouraged you

2347

01:29:13,510 --> 01:29:11,199

know it's going to have to take congress

2348

01:29:15,510 --> 01:29:13,520

to keep their feet to the fire on this

2349

01:29:17,830 --> 01:29:15,520

because as column has mentioned

2350

01:29:20,229 --> 01:29:17,840

the pentagon drags its feet it always

2351

01:29:21,990 --> 01:29:20,239

has it is hostile to this topic at least

2352

01:29:23,910 --> 01:29:22,000

to the public release of information

2353

01:29:25,750 --> 01:29:23,920

about it it doesn't want to be told to

2354

01:29:27,750 --> 01:29:25,760

go out and investigate this

2355

01:29:29,669 --> 01:29:27,760

um you know there are individuals in the

2356

01:29:32,310 --> 01:29:29,679

pentagon of course who are

2357

01:29:34,709 --> 01:29:32,320

avid supporters of the idea who want

2358

01:29:37,189 --> 01:29:34,719

some kind of a more public disclosure

2359

01:29:38,950 --> 01:29:37,199

who think it deserves to be investigated

2360

01:29:40,550 --> 01:29:38,960

but i think they're not in positions of

2361

01:29:42,629 --> 01:29:40,560

authority uh the people who are calling

2362

01:29:44,629 --> 01:29:42,639

the shots don't want this to

2363

01:29:46,550 --> 01:29:44,639

to move forward in a meaningful way

2364

01:29:48,149 --> 01:29:46,560

we'll see when the budget numbers come

2365

01:29:49,910 --> 01:29:48,159

out is it going to be you know one

2366

01:29:51,110 --> 01:29:49,920

number i heard kicked around was 35

2367

01:29:54,950 --> 01:29:51,120

million dollars

2368

01:29:57,110 --> 01:29:54,960

aim song or whatever they want to call

2369

01:29:58,390 --> 01:29:57,120

it that'd be pretty good

2370

01:30:01,189 --> 01:29:58,400

that'd be great

2371

01:30:02,709 --> 01:30:01,199

i'll believe it when i see it

2372

01:30:04,950 --> 01:30:02,719

gentlemen can i just thank you both for

2373

01:30:06,550 --> 01:30:04,960

your time you've been very very generous

2374

01:30:08,149 --> 01:30:06,560

and i hope to have you back on before

2375

01:30:09,669 --> 01:30:08,159

the end of the year and just to remind

2376

01:30:11,830 --> 01:30:09,679

folks i'm going to do the youtube thing

2377

01:30:13,990 --> 01:30:11,840

here you can still get your copies of

2378

01:30:15,990 --> 01:30:14,000

skin walkers at the pentagon i recommend

2379

01:30:17,510 --> 01:30:16,000

it thoroughly i know a lot of listeners

2380

01:30:19,669 --> 01:30:17,520

have both bought the book and had the

2381

01:30:21,270 --> 01:30:19,679

audio book as well so please do check

2382

01:30:22,950 --> 01:30:21,280

that out and gentlemen thank you very

2383

01:30:25,510 --> 01:30:22,960

much again for your time

2384

01:30:27,510 --> 01:30:25,520

thanks andy thank you that is all for

2385

01:30:29,430 --> 01:30:27,520

this week's show thank you very much for

2386

01:30:32,229 --> 01:30:29,440

listening please remember to leave the

2387

01:30:34,950 --> 01:30:32,239

podcaster review on your chosen platform

2388

01:30:37,110 --> 01:30:34,960

you can like retweet and subscribe that

2389

01:30:39,110 --> 01:30:37,120

would all be very much appreciated the

2390

01:30:41,030 --> 01:30:39,120

shows are being uploaded onto youtube as

2391

01:30:43,669 --> 01:30:41,040

we speak more and more you can sign up

2392

01:30:46,390 --> 01:30:43,679

at patreon.com forward slash that ufo

2393

01:30:48,550 --> 01:30:46,400

podcast to access shows ad free as well

2394

01:30:51,430 --> 01:30:48,560

please get in touch on twitter facebook

2395

01:30:54,629 --> 01:30:51,440

instagram that ufo podcast of course on

2396

01:30:56,709 --> 01:30:54,639

twitter it's at ufouapam

2397

01:30:59,700 --> 01:30:56,719

and again folks as always keep looking

2398

01:31:22,790 --> 01:30:59,710

up you never know what you might see

2399

01:31:22,800 --> 01:31:28,090

but i'd had some champagne

2400

01:31:28,100 --> 01:31:35,830

[Music]

2401
01:31:38,950 --> 01:31:37,350
i can't imagine how it could have been

2402
01:31:49,430 --> 01:31:38,960
any better

2403
01:31:49,440 --> 01:31:56,629
[Music]

2404
01:31:59,590 --> 01:31:57,910
there was something on my head and

2405
01:32:01,350 --> 01:31:59,600
everything was weird and everything was

2406
01:32:02,790 --> 01:32:01,360
red i helped out my boys they thought

2407
01:32:10,640 --> 01:32:02,800
this was nice they thought it was a

2408
01:32:35,030 --> 01:32:30,520
[Music]

2409
01:32:35,040 --> 01:32:44,370
for being serious

2410
01:33:06,950 --> 01:32:52,229
[Music]

2411
01:33:18,360 --> 01:33:06,960
it

2412
01:33:54,149 --> 01:33:25,850
[Music]

2413
01:34:06,250 --> 01:33:55,830

yes
