

JOHN B. ALEXANDER
RETIRED US ARMY COLONEL

SPECIAL FORCES
RANGER
AIRBORNE

1
00:00:03,510 --> 00:00:01,829

[Music]

2
00:00:06,070 --> 00:00:03,520

hi this is mark o'connell and you're

3
00:00:10,950 --> 00:00:06,080

listening to that ufo podcast

4
00:00:16,150 --> 00:00:13,509

hi everyone and welcome back to that ufo

5
00:00:18,230 --> 00:00:16,160

podcast my name is andy and delighted to

6
00:00:20,870 --> 00:00:18,240

have with me on the podcast today

7
00:00:23,910 --> 00:00:20,880

retired u.s army colonel

8
00:00:27,269 --> 00:00:23,920

author lecturer and so much more mr john

9
00:00:29,269 --> 00:00:27,279

b alexander john welcome to the podcast

10
00:00:31,269 --> 00:00:29,279

thank you andy glad to be here

11
00:00:32,549 --> 00:00:31,279

it's very good to finally have you uh

12
00:00:34,709 --> 00:00:32,559

the listeners know that we had to

13
00:00:36,790 --> 00:00:34,719

reschedule due to my internet being cut

14

00:00:38,549 --> 00:00:36,800

off on the evening so no wacky

15

00:00:40,950 --> 00:00:38,559

conspiracies we think it was just the

16

00:00:42,790 --> 00:00:40,960

internet provider going out but i'm very

17

00:00:45,190 --> 00:00:42,800

glad you've given me the time to

18

00:00:47,590 --> 00:00:45,200

reschedule so i do appreciate that uh

19

00:00:49,430 --> 00:00:47,600

john a whole lot to cover with you and

20

00:00:52,630 --> 00:00:49,440

the time we have and i want to start

21

00:00:55,430 --> 00:00:52,640

right back in the beginning uh 1947 i

22

00:00:57,910 --> 00:00:55,440

believe you were 10 years old and in

23

00:01:00,630 --> 00:00:57,920

your school you gave a radio broadcast

24

00:01:02,470 --> 00:01:00,640

on ufos can you tell the listeners a

25

00:01:04,390 --> 00:01:02,480

little bit about that and what was your

26
00:01:06,149 --> 00:01:04,400
fascination with the subject at that

27
00:01:07,910 --> 00:01:06,159
early age

28
00:01:09,750 --> 00:01:07,920
well obviously that was a little

29
00:01:11,429 --> 00:01:09,760
different and that was an internal

30
00:01:13,750 --> 00:01:11,439
school thing not a

31
00:01:15,749 --> 00:01:13,760
external broadcast sort of thing but i

32
00:01:18,710 --> 00:01:15,759
went to a very unusual

33
00:01:20,790 --> 00:01:18,720
school it was a derivative of what

34
00:01:21,990 --> 00:01:20,800
became the university of wisconsin

35
00:01:23,670 --> 00:01:22,000
[Music]

36
00:01:26,310 --> 00:01:23,680
at la crosse

37
00:01:27,670 --> 00:01:26,320
at that time was a teaching school and

38
00:01:29,350 --> 00:01:27,680

they had

39

00:01:33,270 --> 00:01:29,360

a

40

00:01:35,590 --> 00:01:33,280

pigs

41

00:01:37,749 --> 00:01:35,600

uh so we were the ones that the student

42

00:01:40,310 --> 00:01:37,759

teachers got to teach

43

00:01:43,030 --> 00:01:40,320

but because of that we had access to

44

00:01:44,710 --> 00:01:43,040

resources that most don't and one of

45

00:01:47,670 --> 00:01:44,720

them was a broadcast

46

00:01:49,270 --> 00:01:47,680

and periodically about every week one of

47

00:01:53,109 --> 00:01:49,280

the students would go out and make a

48

00:01:55,350 --> 00:01:53,119

broadcast on the topic of their choice

49

00:01:58,870 --> 00:01:55,360

and it was just about that time that

50

00:02:01,749 --> 00:01:58,880

ufos were breaking and i made that the

51
00:02:04,230 --> 00:02:01,759
topic of my choice

52
00:02:07,590 --> 00:02:04,240
what was your fascination on the ufo

53
00:02:11,910 --> 00:02:07,600
subject in 1947 what was influencing you

54
00:02:14,470 --> 00:02:11,920
well you've got to remember that 47 uh

55
00:02:16,309 --> 00:02:14,480
the whole thing is just starting to hit

56
00:02:17,430 --> 00:02:16,319
public consciousness

57
00:02:19,750 --> 00:02:17,440
uh the

58
00:02:22,309 --> 00:02:19,760
sightings by ken arnold and things like

59
00:02:25,750 --> 00:02:22,319
that we're making the newspapers and so

60
00:02:27,350 --> 00:02:25,760
it was making uh national news at that

61
00:02:30,470 --> 00:02:27,360
time

62
00:02:33,750 --> 00:02:30,480
as i recall though that this was a kind

63
00:02:35,270 --> 00:02:33,760

of a skeptic thing that said oh skyhook

64

00:02:37,509 --> 00:02:35,280

that

65

00:02:39,430 --> 00:02:37,519

instead of being real ufos where we

66

00:02:41,030 --> 00:02:39,440

probably went but this was spawning

67

00:02:43,750 --> 00:02:41,040

balloons and

68

00:02:45,750 --> 00:02:43,760

must be balloons that are misidentified

69

00:02:47,990 --> 00:02:45,760

and all that

70

00:02:50,229 --> 00:02:48,000

world well some of us change some of it

71

00:02:52,949 --> 00:02:50,239

hasn't we still get the balloon

72

00:02:53,990 --> 00:02:52,959

explanation and in fact you know

73

00:02:56,990 --> 00:02:54,000

probably

74

00:03:00,070 --> 00:02:57,000

95 percent of sightings are

75

00:03:02,309 --> 00:03:00,080

misidentifications of something with a

76

00:03:05,509 --> 00:03:02,319

prosaic response

77

00:03:07,350 --> 00:03:05,519

but there is a residual that makes it

78

00:03:08,949 --> 00:03:07,360

really interesting

79

00:03:11,350 --> 00:03:08,959

yeah the more things change the more

80

00:03:13,910 --> 00:03:11,360

they stay the same um and was there

81

00:03:16,710 --> 00:03:13,920

anything at that early age that you'd

82

00:03:18,149 --> 00:03:16,720

had your own experiences with any ufos

83

00:03:20,229 --> 00:03:18,159

anything to do with the paranormal

84

00:03:21,910 --> 00:03:20,239

ghosts was it just it was in the news it

85

00:03:24,710 --> 00:03:21,920

was becoming

86

00:03:27,110 --> 00:03:24,720

not at that time

87

00:03:28,550 --> 00:03:27,120

all of that sort of came along much

88

00:03:31,270 --> 00:03:28,560

later

89

00:03:32,789 --> 00:03:31,280

as you know i did a book called reality

90

00:03:34,710 --> 00:03:32,799

denied

91

00:03:38,630 --> 00:03:34,720

in which i talked about a whole series

92

00:03:39,509 --> 00:03:38,640

of events that we have been involved in

93

00:03:41,830 --> 00:03:39,519

both

94

00:03:43,589 --> 00:03:41,840

from personal experience folks things we

95

00:03:44,390 --> 00:03:43,599

did in the military

96

00:03:47,430 --> 00:03:44,400

got

97

00:03:49,990 --> 00:03:47,440

more actively involved and

98

00:03:51,910 --> 00:03:50,000

so a lot of workshop just sort of

99

00:03:54,070 --> 00:03:51,920

happens around me

100

00:03:55,910 --> 00:03:54,080

yeah it certainly did and just before we

101

00:03:58,710 --> 00:03:55,920

get to that that military point in your

102

00:04:01,190 --> 00:03:58,720

life just to cover the the gap between

103

00:04:02,630 --> 00:04:01,200

school age and getting into the military

104

00:04:04,869 --> 00:04:02,640

was there anything that kept your

105

00:04:07,030 --> 00:04:04,879

interest in the ufo the paranormal at

106

00:04:09,190 --> 00:04:07,040

that time or was it something that waned

107

00:04:11,990 --> 00:04:09,200

but came back to you as as you can have

108

00:04:12,830 --> 00:04:12,000

those kind of teenage and teenage years

109

00:04:25,270 --> 00:04:12,840

i

110

00:04:27,270 --> 00:04:25,280

nature

111

00:04:29,990 --> 00:04:27,280

and i didn't find that

112

00:04:31,830 --> 00:04:30,000

fascinating as well so there was a

113

00:04:34,070 --> 00:04:31,840

you know i call the real world street

114

00:04:35,830 --> 00:04:34,080

component to it certainly

115

00:04:38,310 --> 00:04:35,840

as well as here

116

00:04:40,390 --> 00:04:38,320

was the ufo phenomenon that was just

117

00:04:42,150 --> 00:04:40,400

burgeoning at the time

118

00:04:44,070 --> 00:04:42,160

so during that time in the military

119

00:04:46,710 --> 00:04:44,080

let's get to it um you've talked about

120

00:04:50,469 --> 00:04:46,720

many experiences including with life

121

00:04:52,550 --> 00:04:50,479

after death and that other at the end

122

00:04:54,310 --> 00:04:52,560

was there any event or events that

123

00:05:01,029 --> 00:04:54,320

convinced you most that is something

124

00:05:05,430 --> 00:05:03,510

again that's so broad i'm not sure how

125

00:05:09,430 --> 00:05:05,440

to advance it

126

00:05:12,950 --> 00:05:11,830

well it's one of those serendipitous

127

00:05:14,550 --> 00:05:12,960

events

128

00:05:18,150 --> 00:05:14,560

that occurred

129

00:05:19,909 --> 00:05:18,160

um and this goes into the 1970s or

130

00:05:23,189 --> 00:05:19,919

thereabout

131

00:05:25,029 --> 00:05:23,199

i had met i was with kubler-ross and she

132

00:05:27,510 --> 00:05:25,039

and raymond moody were the first ones

133

00:05:28,790 --> 00:05:27,520

talking about continuation of kata and

134

00:05:31,990 --> 00:05:28,800

what became

135

00:05:34,230 --> 00:05:32,000

near-death studies

136

00:05:40,390 --> 00:05:34,240

i was getting ready to do a doctorate

137

00:05:46,710 --> 00:05:43,749

obligatory reports and things and i got

138

00:05:50,150 --> 00:05:46,720

a call one day i was in my office

139

00:05:53,590 --> 00:05:50,160

uh i was then assigned at fort mcpherson

140

00:05:55,189 --> 00:05:53,600

georgia in atlanta i got a call kind of

141

00:05:58,870 --> 00:05:55,199

out of the blue

142

00:06:01,270 --> 00:05:58,880

it's uh said this is elizabeth secretary

143

00:06:03,590 --> 00:06:01,280

well i guess precursor i had sent her a

144

00:06:06,550 --> 00:06:03,600

letter because i had attended a workshop

145

00:06:08,309 --> 00:06:06,560

called life death and transition

146

00:06:10,230 --> 00:06:08,319

which was very unique we can talk about

147

00:06:12,950 --> 00:06:10,240

that some of you wish but i had just

148

00:06:15,510 --> 00:06:12,960

sent her a note that said gee thanks it

149

00:06:18,629 --> 00:06:15,520

was very impactful

150

00:06:21,749 --> 00:06:18,639

and anyway and this is the days when you

151

00:06:24,710 --> 00:06:21,759

could you know go out and meet people at

152

00:06:26,710 --> 00:06:24,720

the gate and the secretary senator

153

00:06:28,950 --> 00:06:26,720

wisdom will be passing through tomorrow

154

00:06:30,309 --> 00:06:28,960

she's got two hours

155

00:06:31,909 --> 00:06:30,319

can you

156

00:06:33,510 --> 00:06:31,919

meet her

157

00:06:35,749 --> 00:06:33,520

of course

158

00:06:37,430 --> 00:06:35,759

and from that

159

00:06:38,870 --> 00:06:37,440

i said well i think i'm supposed to ask

160

00:06:39,749 --> 00:06:38,880

you a question

161

00:06:41,590 --> 00:06:39,759

and

162

00:06:44,790 --> 00:06:41,600

would you consider being the head of my

163

00:06:47,110 --> 00:06:44,800

doctoral committee and she said oh yes

164

00:06:50,309 --> 00:06:47,120

just kind of a surprise

165

00:06:51,350 --> 00:06:50,319

and so it was then the restaurant became

166

00:06:52,469 --> 00:06:51,360

history

167

00:06:55,510 --> 00:06:52,479

um

168

00:06:58,070 --> 00:06:55,520

the dissertation was on

169

00:06:59,589 --> 00:06:58,080

the changes that took place in people

170

00:07:00,830 --> 00:06:59,599

who attended the life death and

171

00:07:04,390 --> 00:07:00,840

transition

172

00:07:07,189 --> 00:07:04,400

workshops very impactful in that

173

00:07:09,110 --> 00:07:07,199

and of course they also

174

00:07:10,790 --> 00:07:09,120

led to some work in what they call the

175

00:07:12,790 --> 00:07:10,800

straight world

176
00:07:15,350 --> 00:07:12,800
including the development of children's

177
00:07:18,309 --> 00:07:15,360
hospice international which was first

178
00:07:20,309 --> 00:07:18,319
adjusting pediatric hospital

179
00:07:22,950 --> 00:07:20,319
and then

180
00:07:24,550 --> 00:07:22,960
ken rang and people were just starting

181
00:07:26,710 --> 00:07:24,560
to write books

182
00:07:28,870 --> 00:07:26,720
of course ray moody's life after life

183
00:07:31,909 --> 00:07:28,880
had come out

184
00:07:35,270 --> 00:07:31,919
and uh ions the international

185
00:07:38,230 --> 00:07:35,280
association for near-death studies

186
00:07:40,710 --> 00:07:38,240
was just coming into existence and i

187
00:07:42,550 --> 00:07:40,720
contacted them and went up and then

188
00:07:44,230 --> 00:07:42,560

joined the board and eventually became a

189

00:07:46,550 --> 00:07:44,240

president

190

00:07:50,230 --> 00:07:46,560

knowing all of the key people who were

191

00:07:54,950 --> 00:07:53,350

how was that sort of conversation

192

00:07:56,070 --> 00:07:54,960

addressed at that time within the

193

00:07:58,309 --> 00:07:56,080

military

194

00:08:00,629 --> 00:07:58,319

you know even talking about life after

195

00:08:01,830 --> 00:08:00,639

death the paranormal was it entertained

196

00:08:04,869 --> 00:08:01,840

at all

197

00:08:06,550 --> 00:08:04,879

now the military i remember i was

198

00:08:08,550 --> 00:08:06,560

on the freighters i was signed in

199

00:08:10,469 --> 00:08:08,560

washington but the stuff of the irons

200

00:08:14,309 --> 00:08:10,479

all was separate

201
00:08:19,749 --> 00:08:16,550
it was about the same time the remote

202
00:08:21,909 --> 00:08:19,759
viewing program was just kind of coming

203
00:08:24,950 --> 00:08:21,919
into existence

204
00:08:27,189 --> 00:08:24,960
and um

205
00:08:30,070 --> 00:08:27,199
so yeah and

206
00:08:32,630 --> 00:08:30,080
the whole back story was that i had

207
00:08:33,829 --> 00:08:32,640
attended a conference there in the dc

208
00:08:35,670 --> 00:08:33,839
area

209
00:08:37,269 --> 00:08:35,680
and um

210
00:08:38,949 --> 00:08:37,279
there was a

211
00:08:41,029 --> 00:08:38,959
wife of a colonel

212
00:08:43,670 --> 00:08:41,039
who was running the conference and said

213
00:08:47,110 --> 00:08:43,680

oh you must meet and mention another

214

00:08:49,590 --> 00:08:47,120

wife and it turned to me out uh

215

00:08:52,389 --> 00:08:49,600

dick stillwell stillwell

216

00:08:54,870 --> 00:08:52,399

was a retired four-star general who was

217

00:08:57,910 --> 00:08:54,880

then depsec deaf i believe in other

218

00:08:59,269 --> 00:08:57,920

words the number two guy in the pentagon

219

00:09:01,910 --> 00:08:59,279

and in

220

00:09:03,350 --> 00:09:01,920

my straight world job i was an inspector

221

00:09:05,910 --> 00:09:03,360

general

222

00:09:08,389 --> 00:09:05,920

and doing all of that but i got called

223

00:09:10,710 --> 00:09:08,399

up i said can you go and meet i'm a

224

00:09:12,070 --> 00:09:10,720

lieutenant colonel at the time

225

00:09:14,470 --> 00:09:12,080

and said

226
00:09:15,590 --> 00:09:14,480
you know arranged for me to meet with

227
00:09:17,509 --> 00:09:15,600
him

228
00:09:21,110 --> 00:09:17,519
and which i did alone now that's so

229
00:09:24,389 --> 00:09:21,120
highly unusual because normally

230
00:09:27,509 --> 00:09:24,399
lowly lieutenant colonels do not go see

231
00:09:29,750 --> 00:09:27,519
four stars or secretaries without we

232
00:09:31,829 --> 00:09:29,760
call head bobbers in other words other

233
00:09:33,590 --> 00:09:31,839
generals coming around who

234
00:09:37,509 --> 00:09:33,600
shake their head in agreement with

235
00:09:39,590 --> 00:09:37,519
whatever you were gonna say um but that

236
00:09:42,630 --> 00:09:39,600
was not the case

237
00:09:45,110 --> 00:09:42,640
and uh it was about 12 30

238
00:09:47,110 --> 00:09:45,120

and went up and had a very interesting

239

00:09:49,590 --> 00:09:47,120

talk with him and we were talking about

240

00:09:51,269 --> 00:09:49,600

some of it was about what the soviets

241

00:09:53,269 --> 00:09:51,279

were doing at the time because we were

242

00:09:55,350 --> 00:09:53,279

following some of that research this is

243

00:09:57,350 --> 00:09:55,360

again the bad old days

244

00:09:59,110 --> 00:09:57,360

and so there's the soviet union as

245

00:10:01,190 --> 00:09:59,120

opposed to russia

246

00:10:03,030 --> 00:10:01,200

and uh so we had an interesting

247

00:10:05,910 --> 00:10:03,040

discussion he says well who do you work

248

00:10:07,590 --> 00:10:05,920

for and i told him

249

00:10:09,990 --> 00:10:07,600

sweatshirt general

250

00:10:11,350 --> 00:10:10,000

so i went back to my office

251
00:10:13,670 --> 00:10:11,360
and about

252
00:10:15,750 --> 00:10:13,680
three or four hours later the chief of

253
00:10:17,750 --> 00:10:15,760
staff

254
00:10:19,430 --> 00:10:17,760
from the inspector general office came

255
00:10:21,430 --> 00:10:19,440
in and said oh tomorrow morning you

256
00:10:23,110 --> 00:10:21,440
don't work here anymore

257
00:10:25,509 --> 00:10:23,120
they had

258
00:10:26,870 --> 00:10:25,519
he had moved me just instantly to

259
00:10:28,150 --> 00:10:26,880
somebody that he thought would be

260
00:10:30,870 --> 00:10:28,160
compatible

261
00:10:32,630 --> 00:10:30,880
and that eventually emerged more with

262
00:10:34,470 --> 00:10:32,640
general subulban

263
00:10:36,550 --> 00:10:34,480

who was the head of intelligence

264

00:10:38,870 --> 00:10:36,560

security command and did have the remote

265

00:10:41,030 --> 00:10:38,880

viewing program it did have

266

00:10:42,389 --> 00:10:41,040

personal interests in a range of

267

00:10:44,630 --> 00:10:42,399

phenomena

268

00:10:46,870 --> 00:10:44,640

but we not often did some wild wonderful

269

00:10:49,190 --> 00:10:46,880

things there

270

00:10:50,790 --> 00:10:49,200

now that program was famously portrayed

271

00:10:52,630 --> 00:10:50,800

and given the hollywood treatment and

272

00:10:54,069 --> 00:10:52,640

the book in the movie the the men who

273

00:10:55,110 --> 00:10:54,079

stare at goats

274

00:10:58,550 --> 00:10:55,120

um

275

00:11:01,590 --> 00:10:58,560

wait wait wait no i got him

276

00:11:05,750 --> 00:11:03,509

as they say

277

00:11:07,509 --> 00:11:05,760

he took this much truth

278

00:11:09,430 --> 00:11:07,519

you wrote this much

279

00:11:13,110 --> 00:11:09,440

and then they made the movie

280

00:11:15,590 --> 00:11:13,120

yeah so you've got a tiny fragment of

281

00:11:16,949 --> 00:11:15,600

what actual truth was

282

00:11:19,430 --> 00:11:16,959

um

283

00:11:21,750 --> 00:11:19,440

and it was interesting because when the

284

00:11:23,269 --> 00:11:21,760

book came out it was a book by the same

285

00:11:25,829 --> 00:11:23,279

name first

286

00:11:28,389 --> 00:11:25,839

and i happened to pick it up and then

287

00:11:32,069 --> 00:11:28,399

reading and said damn that's me because

288

00:11:33,509 --> 00:11:32,079

he uses our real names in the book

289

00:11:35,910 --> 00:11:33,519

and um

290

00:11:37,910 --> 00:11:35,920

so then i think he was on coast to coast

291

00:11:38,870 --> 00:11:37,920

or something like that

292

00:11:41,829 --> 00:11:38,880

and

293

00:11:43,910 --> 00:11:41,839

talks about because in the book it's

294

00:11:47,190 --> 00:11:43,920

like he's interviewing me

295

00:11:49,509 --> 00:11:47,200

i asked he said blah blah blah blah i

296

00:11:51,590 --> 00:11:49,519

have never met this guy

297

00:11:53,910 --> 00:11:51,600

you know how can this be true

298

00:11:56,310 --> 00:11:53,920

now there was a guy from the uk john

299

00:11:58,550 --> 00:11:56,320

sargent with the filmmaker whom i had

300

00:12:01,430 --> 00:11:58,560

met and did meet on a number of

301
00:12:04,710 --> 00:12:01,440
occasions i had filled with

302
00:12:07,350 --> 00:12:04,720
and anyway ronson wrote back and he

303
00:12:09,750 --> 00:12:07,360
mentioned something so specific

304
00:12:12,310 --> 00:12:09,760
about the house that said he must have

305
00:12:14,389 --> 00:12:12,320
been here but nobody would know that

306
00:12:16,389 --> 00:12:14,399
without knowing that so i went back and

307
00:12:18,550 --> 00:12:16,399
i checked my notes and the founder

308
00:12:19,590 --> 00:12:18,560
sergeant was here and had done an

309
00:12:20,629 --> 00:12:19,600
interview

310
00:12:23,030 --> 00:12:20,639
and um

311
00:12:25,269 --> 00:12:23,040
i just said john watson so kind of like

312
00:12:27,030 --> 00:12:25,279
he was a gripper so he just

313
00:12:29,750 --> 00:12:27,040

happened to be

314

00:12:32,470 --> 00:12:29,760

you know sitting by but he's in the book

315

00:12:35,750 --> 00:12:32,480

he becomes like the primary

316

00:12:36,829 --> 00:12:35,760

investigator or uh monitor and whatnot

317

00:12:38,389 --> 00:12:36,839

so

318

00:12:40,790 --> 00:12:38,399

um

319

00:12:42,870 --> 00:12:40,800

like i say i had to admit that he had

320

00:12:45,190 --> 00:12:42,880

been there

321

00:12:46,150 --> 00:12:45,200

who apologized was running just a bit

322

00:12:47,350 --> 00:12:46,160

today

323

00:12:50,389 --> 00:12:47,360

but uh

324

00:12:53,030 --> 00:12:50,399

anyway um

325

00:12:54,550 --> 00:12:53,040

so yeah he was there but it's kind of

326

00:12:56,710 --> 00:12:54,560

like somebody overhearing our

327

00:12:58,710 --> 00:12:56,720

conversation and saying they're doing

328

00:13:00,389 --> 00:12:58,720

the interview as opposed to you or

329

00:13:04,150 --> 00:13:00,399

something like that

330

00:13:07,030 --> 00:13:04,160

and um i did meet to greg

331

00:13:07,990 --> 00:13:07,040

a guy who works with clooney

332

00:13:10,710 --> 00:13:08,000

uh

333

00:13:12,230 --> 00:13:10,720

and we address what's real was not real

334

00:13:14,790 --> 00:13:12,240

in that and

335

00:13:16,710 --> 00:13:14,800

that's about the comedy we we understood

336

00:13:17,590 --> 00:13:16,720

that but

337

00:13:19,350 --> 00:13:17,600

yeah

338

00:13:20,790 --> 00:13:19,360

take it with a pinch of salt and that's

339

00:13:22,629 --> 00:13:20,800

why i say the hollywood treatment

340

00:13:24,230 --> 00:13:22,639

because i know what it's like that you

341

00:13:26,310 --> 00:13:24,240

can you can give one sentence and a

342

00:13:27,509 --> 00:13:26,320

whole movie and series of movies comes

343

00:13:29,269 --> 00:13:27,519

off of that so

344

00:13:31,030 --> 00:13:29,279

the movie itself if people haven't seen

345

00:13:33,190 --> 00:13:31,040

it for me it's worth watching in terms

346

00:13:35,430 --> 00:13:33,200

of a comedy but it's not historical

347

00:13:37,670 --> 00:13:35,440

documentary and if i remember correctly

348

00:13:39,829 --> 00:13:37,680

john at the start of the movie the first

349

00:13:41,750 --> 00:13:39,839

thing that comes up it basically says

350

00:13:43,910 --> 00:13:41,760

more of this is true than you would care

351
00:13:46,389 --> 00:13:43,920
to imagine or you would even believe

352
00:13:49,590 --> 00:13:46,399
and then go on to the movie

353
00:13:51,509 --> 00:13:49,600
there were aspects of it yes

354
00:13:53,750 --> 00:13:51,519
you know remote viewing was a real

355
00:13:56,389 --> 00:13:53,760
program they addressed that

356
00:13:58,710 --> 00:13:56,399
uh that uh with some of the metal

357
00:14:01,590 --> 00:13:58,720
bending that shows up in there yeah i

358
00:14:03,030 --> 00:14:01,600
was doing that cloud busting yeah we did

359
00:14:03,829 --> 00:14:03,040
that

360
00:14:05,509 --> 00:14:03,839
for

361
00:14:07,269 --> 00:14:05,519
the best of right now has never tried to

362
00:14:09,910 --> 00:14:07,279
run through a wall that was one of the

363
00:14:11,670 --> 00:14:09,920

you know a funny scene to start

364

00:14:14,069 --> 00:14:11,680

and the other thing that i mentioned

365

00:14:15,269 --> 00:14:14,079

because they get into lsd research and

366

00:14:18,150 --> 00:14:15,279

they say

367

00:14:20,629 --> 00:14:18,160

not only no but hell no that by that

368

00:14:24,310 --> 00:14:20,639

time anybody that was would have been

369

00:14:26,949 --> 00:14:24,320

touching lsd i mean you would have lost

370

00:14:31,269 --> 00:14:28,949

let me ask and you mentioned things like

371

00:14:33,189 --> 00:14:31,279

the cloud busting and there was remote

372

00:14:34,710 --> 00:14:33,199

viewing and you you see all sorts of

373

00:14:35,990 --> 00:14:34,720

weird and wonderful things were

374

00:14:39,110 --> 00:14:36,000

undertaken

375

00:14:40,629 --> 00:14:39,120

what was the actual goal of the program

376
00:14:42,550 --> 00:14:40,639
you know you're talking about what are

377
00:14:44,629 --> 00:14:42,560
the soviets up to what what can we

378
00:14:46,790 --> 00:14:44,639
possibly get from this was there an

379
00:14:49,030 --> 00:14:46,800
objective you set out to achieve with

380
00:14:51,750 --> 00:14:49,040
the program itself

381
00:14:52,790 --> 00:14:51,760
well which the program are we talking

382
00:14:55,189 --> 00:14:52,800
about

383
00:14:56,710 --> 00:14:55,199
well just uh when you say we're talking

384
00:14:59,990 --> 00:14:56,720
about the setup obviously of you know

385
00:15:01,670 --> 00:15:00,000
the remote viewing program for example

386
00:15:03,990 --> 00:15:01,680
and you're taking away your west away

387
00:15:07,030 --> 00:15:04,000
and you're told from tomorrow well

388
00:15:09,670 --> 00:15:07,040

there were several aspects to it part of

389

00:15:12,629 --> 00:15:09,680

it was research and development let's

390

00:15:15,590 --> 00:15:12,639

you know can we understand the basics or

391

00:15:19,189 --> 00:15:15,600

get a theoretical basis and how it works

392

00:15:21,350 --> 00:15:19,199

the answer to that is no to this day

393

00:15:23,189 --> 00:15:21,360

but they were doing straight research

394

00:15:25,189 --> 00:15:23,199

and development so part of it was can

395

00:15:27,829 --> 00:15:25,199

you do this

396

00:15:30,310 --> 00:15:27,839

and the other aspect is because he had

397

00:15:32,069 --> 00:15:30,320

guys like joel mcmonicle who were very

398

00:15:36,710 --> 00:15:32,079

good naturals

399

00:15:38,470 --> 00:15:36,720

actually targeting them against specific

400

00:15:39,749 --> 00:15:38,480

targets

401
00:15:41,749 --> 00:15:39,759
in

402
00:15:44,710 --> 00:15:41,759
primarily and so it later they

403
00:15:45,990 --> 00:15:44,720
progressed into drug posts and things of

404
00:15:47,829 --> 00:15:46,000
that nature

405
00:15:51,030 --> 00:15:47,839
now the problem from a scientific

406
00:15:54,629 --> 00:15:51,040
perspective is can you come up with

407
00:15:57,110 --> 00:15:54,639
a theoretical basis or understanding

408
00:15:58,389 --> 00:15:57,120
of how you might access data at a

409
00:16:00,870 --> 00:15:58,399
distance

410
00:16:03,430 --> 00:16:00,880
and particularly when you're doing

411
00:16:04,310 --> 00:16:03,440
precognitive and retrocognitive kinds of

412
00:16:06,870 --> 00:16:04,320
things

413
00:16:08,949 --> 00:16:06,880

transitioning time

414

00:16:10,949 --> 00:16:08,959

so we don't

415

00:16:13,110 --> 00:16:10,959

have a good grasp on that

416

00:16:15,430 --> 00:16:13,120

at the same time had an operational

417

00:16:17,910 --> 00:16:15,440

capability it was going against real

418

00:16:20,870 --> 00:16:17,920

world targets and producing actionable

419

00:16:25,030 --> 00:16:22,790

something we hear about now

420

00:16:26,470 --> 00:16:25,040

is that there are factions within the

421

00:16:28,069 --> 00:16:26,480

government especially in the u.s

422

00:16:30,949 --> 00:16:28,079

government the halls of the pentagon

423

00:16:31,910 --> 00:16:30,959

that given their religious beliefs

424

00:16:34,310 --> 00:16:31,920

they

425

00:16:36,710 --> 00:16:34,320

obfuscate and hinder any potential

426
00:16:38,629 --> 00:16:36,720
progress in the study of uap and other

427
00:16:40,790 --> 00:16:38,639
phenomena is this something you

428
00:16:42,629 --> 00:16:40,800
encountered yourself during your time in

429
00:16:44,230 --> 00:16:42,639
the military

430
00:16:48,310 --> 00:16:44,240
well

431
00:16:51,030 --> 00:16:48,320
35 years before osap or atap was in the

432
00:16:52,790 --> 00:16:51,040
current program i had run

433
00:16:54,949 --> 00:16:52,800
a somewhere we called advanced

434
00:16:58,150 --> 00:16:54,959
theoretical physics

435
00:17:00,310 --> 00:16:58,160
uh the reason for the name is what we

436
00:17:01,749 --> 00:17:00,320
call foyer the freedom of information

437
00:17:04,549 --> 00:17:01,759
act had just

438
00:17:06,870 --> 00:17:04,559

come out and there were lots and lots of

439

00:17:08,710 --> 00:17:06,880

people that's about ufos and that but

440

00:17:10,870 --> 00:17:08,720

didn't think they would ask about

441

00:17:13,429 --> 00:17:10,880

advanced theoretical physics or look for

442

00:17:17,429 --> 00:17:13,439

it so that was the name

443

00:17:23,510 --> 00:17:20,630

all of the findings that were released

444

00:17:25,429 --> 00:17:23,520

yeah that's what we knew 35 years ago

445

00:17:28,470 --> 00:17:25,439

i mean so there really wasn't a huge

446

00:17:30,630 --> 00:17:28,480

stitch up the main difference was this

447

00:17:33,510 --> 00:17:30,640

became a formalized program and actually

448

00:17:35,190 --> 00:17:33,520

got funded we did not i had

449

00:17:38,630 --> 00:17:35,200

worked for a number of years when we

450

00:17:40,870 --> 00:17:38,640

went forward for funding it was deemed

451
00:17:42,789 --> 00:17:40,880
too much of a risk

452
00:17:45,029 --> 00:17:42,799
we went to sdi

453
00:17:46,950 --> 00:17:45,039
you know as star wars or strategic

454
00:17:49,750 --> 00:17:46,960
defense initiative

455
00:17:51,669 --> 00:17:49,760
and had talked to the commanding general

456
00:17:53,110 --> 00:17:51,679
who was running that program which was

457
00:17:55,830 --> 00:17:53,120
the biggest

458
00:17:58,150 --> 00:17:55,840
r d program in the department of defense

459
00:18:01,190 --> 00:17:58,160
at the time

460
00:18:03,510 --> 00:18:01,200
and i can definitely tell you the

461
00:18:04,789 --> 00:18:03,520
planning space aliens had absolutely

462
00:18:08,070 --> 00:18:04,799
nothing to do

463
00:18:10,390 --> 00:18:08,080

with with the development of that

464

00:18:13,029 --> 00:18:10,400

and uh when we got done i said well we'd

465

00:18:15,909 --> 00:18:13,039

like to formalize the program get

466

00:18:18,310 --> 00:18:15,919

funding and it was well you got my

467

00:18:20,310 --> 00:18:18,320

attention

468

00:18:22,470 --> 00:18:20,320

but i can't touch that

469

00:18:24,310 --> 00:18:22,480

if i get caught

470

00:18:25,750 --> 00:18:24,320

doing this

471

00:18:27,830 --> 00:18:25,760

you know they're going well they're

472

00:18:30,630 --> 00:18:27,840

already coming after us budget budget

473

00:18:32,710 --> 00:18:30,640

was so big one of my favorite things and

474

00:18:35,270 --> 00:18:32,720

when i was in the pentagon with people

475

00:18:37,510 --> 00:18:35,280

i'm gonna go find the money

476
00:18:39,110 --> 00:18:37,520
there are no pots of money just sitting

477
00:18:41,190 --> 00:18:39,120
around in

478
00:18:42,789 --> 00:18:41,200
stalls someplace in the pentagon it

479
00:18:44,630 --> 00:18:42,799
means i'm going to take it from somebody

480
00:18:45,590 --> 00:18:44,640
else's program

481
00:18:48,070 --> 00:18:45,600
and

482
00:18:51,750 --> 00:18:48,080
you'll get a credit so it's a zero-sum

483
00:18:53,909 --> 00:18:51,760
game all the time and it was right

484
00:18:55,590 --> 00:18:53,919
they were willing to

485
00:18:57,430 --> 00:18:55,600
um

486
00:18:59,669 --> 00:18:57,440
so if you can tell me what to look for

487
00:19:02,150 --> 00:18:59,679
basically we can incorporate that in

488
00:19:05,190 --> 00:19:02,160

algorithms

489

00:19:07,029 --> 00:19:05,200

but uh basically nothing further came

490

00:19:09,190 --> 00:19:07,039

about from that

491

00:19:11,750 --> 00:19:09,200

during that time from from the end of

492

00:19:14,070 --> 00:19:11,760

those programs that you were involved in

493

00:19:17,430 --> 00:19:14,080

to atep and osap we were talking about

494

00:19:20,150 --> 00:19:17,440

the 80s 90s and early 2000s did you ever

495

00:19:21,750 --> 00:19:20,160

hear of any other attempted startups or

496

00:19:24,710 --> 00:19:21,760

programs that would look at remote

497

00:19:26,950 --> 00:19:24,720

viewing or its potential uses not what

498

00:19:29,669 --> 00:19:26,960

i'm aware of but one of the questions

499

00:19:32,549 --> 00:19:29,679

always comes up did it go dark

500

00:19:35,430 --> 00:19:32,559

you know is there some ongoing program

501
00:19:37,110 --> 00:19:35,440
and my position on that has been i doubt

502
00:19:38,710 --> 00:19:37,120
it

503
00:19:41,029 --> 00:19:38,720
and the reason

504
00:19:42,310 --> 00:19:41,039
is that the talent pool was relatively

505
00:19:43,110 --> 00:19:42,320
small

506
00:19:46,150 --> 00:19:43,120
now

507
00:19:47,909 --> 00:19:46,160
i want to differentiate between

508
00:19:50,630 --> 00:19:47,919
individual interest institutional

509
00:19:52,870 --> 00:19:50,640
responsibility which is one of my best

510
00:19:55,590 --> 00:19:52,880
things to look at

511
00:19:56,789 --> 00:19:55,600
that does not mean that there weren't

512
00:19:58,870 --> 00:19:56,799
people

513
00:20:00,150 --> 00:19:58,880

in department of defense various

514

00:20:02,630 --> 00:20:00,160

agencies

515

00:20:05,270 --> 00:20:02,640

going to remote viewers and saying we

516

00:20:08,630 --> 00:20:05,280

look at xyz

517

00:20:11,430 --> 00:20:08,640

that is very very different from what we

518

00:20:14,549 --> 00:20:11,440

call a program a record a formalized

519

00:20:16,950 --> 00:20:14,559

program we have a funding line have all

520

00:20:19,350 --> 00:20:16,960

kinds of oversight parameters that were

521

00:20:21,830 --> 00:20:19,360

established to it

522

00:20:23,909 --> 00:20:21,840

as and that's what was true under

523

00:20:26,310 --> 00:20:23,919

stargate and his

524

00:20:27,990 --> 00:20:26,320

prior incarnations

525

00:20:29,669 --> 00:20:28,000

um

526

00:20:32,070 --> 00:20:29,679

but

527

00:20:34,470 --> 00:20:32,080

you know it's like ufos remote viewing

528

00:20:36,950 --> 00:20:34,480

that people in the pentagon

529

00:20:38,950 --> 00:20:36,960

have had psychic experiences just like

530

00:20:41,510 --> 00:20:38,960

they have

531

00:20:44,470 --> 00:20:41,520

you know across

532

00:20:46,230 --> 00:20:44,480

of all of the population

533

00:20:49,110 --> 00:20:46,240

so

534

00:20:51,669 --> 00:20:49,120

from that they often develop by uh

535

00:20:52,950 --> 00:20:51,679

things that see i'm interested

536

00:20:54,549 --> 00:20:52,960

read books

537

00:20:57,270 --> 00:20:54,559

let me go ask

538

00:21:00,950 --> 00:20:57,280

you know joe mcmonagles will know paul

539

00:21:03,190 --> 00:21:00,960

smith and some of the others there's a

540

00:21:06,070 --> 00:21:03,200

organization called irva the

541

00:21:07,350 --> 00:21:06,080

international remote viewing association

542

00:21:09,830 --> 00:21:07,360

uh the

543

00:21:11,990 --> 00:21:09,840

founding board member of

544

00:21:14,390 --> 00:21:12,000

but those are public

545

00:21:16,789 --> 00:21:14,400

and so from that you can

546

00:21:20,230 --> 00:21:16,799

derive sources that you might choose to

547

00:21:22,870 --> 00:21:20,240

uh to go out so i i'm sure that that

548

00:21:25,270 --> 00:21:22,880

happens from time to time but again

549

00:21:26,710 --> 00:21:25,280

that's different from

550

00:21:29,830 --> 00:21:26,720

you know the government doing it one of

551
00:21:32,710 --> 00:21:29,840
the things i point out

552
00:21:34,230 --> 00:21:32,720
just did a recent talk on this and the

553
00:21:35,350 --> 00:21:34,240
point is

554
00:21:38,310 --> 00:21:35,360
rarely

555
00:21:40,390 --> 00:21:38,320
are these programs top driven i mean

556
00:21:42,470 --> 00:21:40,400
there's something compelling and

557
00:21:43,510 --> 00:21:42,480
therefore it comes down from on high

558
00:21:45,990 --> 00:21:43,520
it's a

559
00:21:47,830 --> 00:21:46,000
much more likely as individuals who have

560
00:21:50,390 --> 00:21:47,840
personal interest and

561
00:21:53,430 --> 00:21:50,400
experience and push the

562
00:21:56,390 --> 00:21:53,440
middle back up the chain of command

563
00:21:58,950 --> 00:21:56,400

and get to the point and

564

00:22:01,830 --> 00:21:58,960

this patient and we'll get into funding

565

00:22:03,750 --> 00:22:01,840

and all that but you have to understand

566

00:22:06,390 --> 00:22:03,760

how the funding process works it's

567

00:22:08,870 --> 00:22:06,400

terribly very complex

568

00:22:10,870 --> 00:22:08,880

and you can move certain amounts of

569

00:22:12,870 --> 00:22:10,880

money around there are some

570

00:22:14,950 --> 00:22:12,880

discretionary funds

571

00:22:17,270 --> 00:22:14,960

but then there's funding thresholds as

572

00:22:19,590 --> 00:22:17,280

you get to bigger and bigger amounts

573

00:22:21,590 --> 00:22:19,600

then you've got to go to higher and

574

00:22:24,870 --> 00:22:21,600

higher levels and with that comes

575

00:22:26,710 --> 00:22:24,880

oversight and just becomes more

576

00:22:30,470 --> 00:22:26,720

difficult and

577

00:22:32,310 --> 00:22:30,480

more administratively restrictive

578

00:22:34,390 --> 00:22:32,320

so that makes sense that the smaller you

579

00:22:36,950 --> 00:22:34,400

can keep a program with the less people

580

00:22:38,390 --> 00:22:36,960

involved and the less budget required

581

00:22:39,909 --> 00:22:38,400

the less oversight you're going to have

582

00:22:42,549 --> 00:22:39,919

and the less eyes and ears you're going

583

00:22:44,470 --> 00:22:42,559

to have on the program so you can almost

584

00:22:46,470 --> 00:22:44,480

get it started but like you say keeping

585

00:22:48,230 --> 00:22:46,480

that progression going and securing that

586

00:22:49,909 --> 00:22:48,240

higher funding is much more difficult

587

00:22:54,230 --> 00:22:49,919

yeah

588

00:22:56,470 --> 00:22:54,240

probably sounds like a lot but you can

589

00:22:57,750 --> 00:22:56,480

probably muck about under 20 million

590

00:22:59,350 --> 00:22:57,760

dollars

591

00:23:02,549 --> 00:22:59,360

most of the time

592

00:23:04,630 --> 00:23:02,559

and find covers of those individuals

593

00:23:06,950 --> 00:23:04,640

uh seniors who are

594

00:23:10,950 --> 00:23:06,960

willing to allow someone if you remember

595

00:23:11,909 --> 00:23:10,960

the offset or atef program came in at 22

596

00:23:13,830 --> 00:23:11,919

million

597

00:23:16,149 --> 00:23:13,840

uh if you look at the remote viewing

598

00:23:18,950 --> 00:23:16,159

program that was kind of around 20

599

00:23:20,470 --> 00:23:18,960

million but that again was a program of

600

00:23:23,029 --> 00:23:20,480

record and

601
00:23:26,630 --> 00:23:23,039
was

602
00:23:28,789 --> 00:23:26,640
you know did have some oversight on that

603
00:23:30,870 --> 00:23:28,799
now let me ask john moving on slightly

604
00:23:33,110 --> 00:23:30,880
skin walker ranch has played a part in

605
00:23:35,110 --> 00:23:33,120
your life and am i correct in saying you

606
00:23:37,190 --> 00:23:35,120
were you were working in some capacity

607
00:23:38,789 --> 00:23:37,200
for mr bob bigelow when he acquired the

608
00:23:40,950 --> 00:23:38,799
ranch is that correct

609
00:23:43,269 --> 00:23:40,960
well i was physically with him the day

610
00:23:44,950 --> 00:23:43,279
that he actually bought the ranch from

611
00:23:48,630 --> 00:23:44,960
terry you know

612
00:23:52,390 --> 00:23:50,630
anyway stayed in the hotel i stayed on

613
00:23:54,470 --> 00:23:52,400

the ridgeline that night was the first

614

00:23:58,149 --> 00:23:54,480

one to actually spend the night uh at

615

00:24:00,230 --> 00:23:58,159

the ranch after he had acquired it

616

00:24:02,149 --> 00:24:00,240

now mr bigelow's a man that 20 million

617

00:24:04,630 --> 00:24:02,159

dollars isn't uh isn't a large amount of

618

00:24:06,390 --> 00:24:04,640

money to necessarily but he's got a real

619

00:24:08,390 --> 00:24:06,400

passion for the subject and obviously

620

00:24:10,390 --> 00:24:08,400

has put in a lot of time and money over

621

00:24:13,029 --> 00:24:10,400

the over the years

622

00:24:16,710 --> 00:24:13,039

what did you already know yourself about

623

00:24:18,870 --> 00:24:16,720

the ranch before it was acquired

624

00:24:21,909 --> 00:24:18,880

not a lot i mean we had heard the

625

00:24:22,789 --> 00:24:21,919

stories he had talked to uh terry and we

626
00:24:24,149 --> 00:24:22,799
knew

627
00:24:26,070 --> 00:24:24,159
some of the back

628
00:24:28,950 --> 00:24:26,080
folklore

629
00:24:30,710 --> 00:24:28,960
but as far as you know all the stuff

630
00:24:34,230 --> 00:24:30,720
that's come to light by the way it was

631
00:24:35,590 --> 00:24:34,240
never skin walker ramps well lions

632
00:24:37,909 --> 00:24:35,600
were yeah

633
00:24:39,510 --> 00:24:37,919
the weddings

634
00:24:42,149 --> 00:24:39,520
i'm sorry knits

635
00:24:45,269 --> 00:24:42,159
had the rats that was the

636
00:24:46,870 --> 00:24:45,279
title skid walker ranch got

637
00:24:47,909 --> 00:24:46,880
attached after

638
00:24:49,750 --> 00:24:47,919

um

639

00:24:51,830 --> 00:24:49,760

bob had uh

640

00:24:55,350 --> 00:24:51,840

not after he sold it but

641

00:24:57,909 --> 00:24:55,360

after ned's had had dropped out of it

642

00:24:59,430 --> 00:24:57,919

but it was just the ranch at the time

643

00:25:01,750 --> 00:24:59,440

until we were doing it but some very

644

00:25:03,430 --> 00:25:01,760

very strange things definitely happened

645

00:25:05,990 --> 00:25:03,440

there

646

00:25:08,230 --> 00:25:06,000

what particular experiences

647

00:25:10,310 --> 00:25:08,240

do you remember happening there or you

648

00:25:12,310 --> 00:25:10,320

know what were others talking about that

649

00:25:15,990 --> 00:25:12,320

really stood out to you as being

650

00:25:21,830 --> 00:25:19,669

well i mean that's one that's so hard

651
00:25:26,870 --> 00:25:21,840
just because there were so many

652
00:25:30,070 --> 00:25:26,880
events that really did happen that were

653
00:25:32,789 --> 00:25:30,080
you know verifiable

654
00:25:35,430 --> 00:25:32,799
one of the stories that came up uh early

655
00:25:38,149 --> 00:25:35,440
on with one with terry

656
00:25:40,470 --> 00:25:38,159
before we had acquired it but uh

657
00:25:42,549 --> 00:25:40,480
terry and his wife were there and they

658
00:25:44,950 --> 00:25:42,559
were just developing the ranch

659
00:25:47,029 --> 00:25:44,960
and looked out across the field it was

660
00:25:48,870 --> 00:25:47,039
perfectly flat you could see for quite a

661
00:25:50,149 --> 00:25:48,880
ways and here comes

662
00:25:52,470 --> 00:25:50,159
a dog

663
00:25:55,269 --> 00:25:52,480

paddling up there and they got closer

664

00:25:57,909 --> 00:25:55,279

than that son of dog that's a wolf

665

00:26:00,070 --> 00:25:57,919

and terry's pretty big guy

666

00:26:02,789 --> 00:26:00,080

this thing walks up and

667

00:26:04,870 --> 00:26:02,799

wolf's head is you know test level on

668

00:26:06,310 --> 00:26:04,880

him which is really big

669

00:26:09,430 --> 00:26:06,320

and says well somebody must have

670

00:26:11,510 --> 00:26:09,440

domesticated a wolf

671

00:26:12,710 --> 00:26:11,520

if you're ready to go to work and you

672

00:26:15,430 --> 00:26:12,720

hear us just

673

00:26:18,230 --> 00:26:15,440

yelling and what has happened is they

674

00:26:21,190 --> 00:26:18,240

had been familiar with ranches you know

675

00:26:23,590 --> 00:26:21,200

the pipe fences around

676

00:26:26,310 --> 00:26:23,600

this thing had reached under

677

00:26:28,710 --> 00:26:26,320

there with a 600 pound calf there

678

00:26:29,510 --> 00:26:28,720

grabbed it by the snout and was trying

679

00:26:32,789 --> 00:26:29,520

to

680

00:26:35,590 --> 00:26:32,799

pull it back uh under the fence

681

00:26:38,710 --> 00:26:35,600

well terry grabs the 2x4 and hits it and

682

00:26:41,029 --> 00:26:38,720

that just didn't do too much so he had a

683

00:26:42,470 --> 00:26:41,039

357 magnum

684

00:26:45,510 --> 00:26:42,480

shot him

685

00:26:48,070 --> 00:26:45,520

at point black range you know like from

686

00:26:49,269 --> 00:26:48,080

me to the computer screen

687

00:26:52,630 --> 00:26:49,279

can't miss

688

00:26:54,310 --> 00:26:52,640

well that got him to drop the calf

689

00:26:56,630 --> 00:26:54,320

and he went

690

00:26:58,950 --> 00:26:56,640

trotting off across the field well terry

691

00:27:02,310 --> 00:26:58,960

had an elk rifle

692

00:27:04,230 --> 00:27:02,320

that was there with 258 grain bullets

693

00:27:07,909 --> 00:27:04,240

very good shot

694

00:27:11,590 --> 00:27:07,919

hits this thing and stuff

695

00:27:12,870 --> 00:27:11,600

chunks of stuff or flying off the uh

696

00:27:15,750 --> 00:27:12,880

the body

697

00:27:18,070 --> 00:27:15,760

it goes on goes across the creek comes

698

00:27:19,830 --> 00:27:18,080

up on the other side

699

00:27:22,789 --> 00:27:19,840

disappears

700

00:27:25,190 --> 00:27:22,799

they went over and picked up

701
00:27:27,269 --> 00:27:25,200
the chunks of what would have been meat

702
00:27:29,990 --> 00:27:27,279
and it's putrified

703
00:27:32,470 --> 00:27:30,000
now remember it had just come off the

704
00:27:36,149 --> 00:27:32,480
body and putrification normally takes a

705
00:27:38,310 --> 00:27:36,159
lot longer so that was certainly one of

706
00:27:42,389 --> 00:27:38,320
the war story

707
00:27:43,750 --> 00:27:42,399
uh one that absolutely happened that was

708
00:27:46,389 --> 00:27:43,760
critical

709
00:27:49,830 --> 00:27:46,399
was the calving season

710
00:27:52,149 --> 00:27:49,840
and uh terry went out what they would do

711
00:27:54,149 --> 00:27:52,159
is he would find a newborn you would tag

712
00:27:55,990 --> 00:27:54,159
it and weigh it

713
00:27:57,909 --> 00:27:56,000

they tag it to identify it with the

714

00:28:00,630 --> 00:27:57,919

mother

715

00:28:03,830 --> 00:28:00,640

and he does that and he then drives

716

00:28:06,950 --> 00:28:03,840

across this perfectly flat open area

717

00:28:08,389 --> 00:28:06,960

finds another newborn tags it weighs it

718

00:28:10,870 --> 00:28:08,399

comes back

719

00:28:13,190 --> 00:28:10,880

calf one is dead

720

00:28:15,430 --> 00:28:13,200

not only is cap one dead

721

00:28:16,870 --> 00:28:15,440

of course the mother is going berserk

722

00:28:19,029 --> 00:28:16,880

and all of that

723

00:28:21,669 --> 00:28:19,039

but it's been eviscerated and

724

00:28:24,789 --> 00:28:21,679

exsanguinated and

725

00:28:26,870 --> 00:28:24,799

you know the most of the

726

00:28:28,630 --> 00:28:26,880

innards and the material that had been

727

00:28:30,870 --> 00:28:28,640

there were gone

728

00:28:33,269 --> 00:28:30,880

the error had been sliced off the one

729

00:28:36,149 --> 00:28:33,279

that had the time but it looked like as

730

00:28:38,389 --> 00:28:36,159

clean as a laser cut or something

731

00:28:42,950 --> 00:28:38,399

like that

732

00:28:44,070 --> 00:28:42,960

we got notified immediately and uh

733

00:28:48,950 --> 00:28:44,080

ornette

734

00:28:49,830 --> 00:28:48,960

who was rgbm was up there by that day

735

00:28:52,950 --> 00:28:49,840

and

736

00:28:55,830 --> 00:28:52,960

we looked at all the possibilities on

737

00:28:56,789 --> 00:28:55,840

how the animals kill you know bears big

738

00:28:58,549 --> 00:28:56,799

cats

739

00:29:00,710 --> 00:28:58,559

and there are some of those in the area

740

00:29:01,830 --> 00:29:00,720

but you kind of remember this is broad

741

00:29:04,230 --> 00:29:01,840

daylight

742

00:29:06,710 --> 00:29:04,240

you know 10 o'clock in the morning

743

00:29:08,950 --> 00:29:06,720

between 10 and 11 in the morning

744

00:29:12,549 --> 00:29:08,960

um

745

00:29:14,310 --> 00:29:12,559

made absolutely no sense whatsoever that

746

00:29:16,789 --> 00:29:14,320

uh

747

00:29:21,029 --> 00:29:18,789

how could you do that now

748

00:29:23,430 --> 00:29:21,039

the path phrase by the skeptic of all

749

00:29:25,110 --> 00:29:23,440

the blood just went into the ground and

750

00:29:27,110 --> 00:29:25,120

was absorbed

751

00:29:28,070 --> 00:29:27,120

so in fact i talked to the guys up in

752

00:29:30,549 --> 00:29:28,080

the ranches

753

00:29:33,510 --> 00:29:30,559

there was a slaughterhouse nearby

754

00:29:35,110 --> 00:29:33,520

so they went and got

755

00:29:37,430 --> 00:29:35,120

buckets of blood

756

00:29:39,510 --> 00:29:37,440

and came back and went to another place

757

00:29:41,750 --> 00:29:39,520

and you poured it on the ground

758

00:29:43,669 --> 00:29:41,760

and weeks later you would look you say

759

00:29:46,630 --> 00:29:43,679

blood was poured on the ground here and

760

00:29:48,389 --> 00:29:46,640

you did not see any of that you know

761

00:29:49,669 --> 00:29:48,399

near the cap

762

00:29:52,549 --> 00:29:49,679

um

763

00:29:54,149 --> 00:29:52,559

yeah the stories just go on and on and

764

00:29:58,950 --> 00:29:54,159

uh

765

00:30:02,470 --> 00:30:01,590

we were had the ranch instrumented

766

00:30:07,590 --> 00:30:02,480

no

767

00:30:10,310 --> 00:30:07,600

more instrumentation we did but we had

768

00:30:11,909 --> 00:30:10,320

cameras there that were facing uh out

769

00:30:14,789 --> 00:30:11,919

towards the west

770

00:30:18,389 --> 00:30:14,799

and there's one in which you have

771

00:30:19,669 --> 00:30:18,399

say camera one here camera two is in

772

00:30:23,110 --> 00:30:19,679

front of it

773

00:30:25,029 --> 00:30:23,120

and both facing you know to the west

774

00:30:27,430 --> 00:30:25,039

and we had an incident when we came and

775

00:30:29,830 --> 00:30:27,440

we know when the incident happened

776
00:30:32,310 --> 00:30:29,840
because these things had wires coming

777
00:30:33,750 --> 00:30:32,320
down went underground back into the

778
00:30:35,029 --> 00:30:33,760
trailer where everything was being

779
00:30:36,789 --> 00:30:35,039
recorded

780
00:30:38,549 --> 00:30:36,799
because what would happen if we'd watch

781
00:30:39,990 --> 00:30:38,559
it and then we would

782
00:30:42,389 --> 00:30:40,000
we had guys

783
00:30:44,389 --> 00:30:42,399
that was their job was just to review

784
00:30:46,470 --> 00:30:44,399
the videotape

785
00:30:48,710 --> 00:30:46,480
well

786
00:30:51,510 --> 00:30:48,720
controller camera two the one that's out

787
00:30:54,470 --> 00:30:51,520
front the wires have been pulled off

788
00:30:56,149 --> 00:30:54,480

with about 20 feet high

789

00:30:58,389 --> 00:30:56,159

uh

790

00:31:00,389 --> 00:30:58,399

the wires had come down the length of

791

00:31:01,990 --> 00:31:00,399

the pipe and you had about half a roll

792

00:31:04,789 --> 00:31:02,000

of duct tape and if you ever work with

793

00:31:07,029 --> 00:31:04,799

duct tape you know how sticky that stuff

794

00:31:09,029 --> 00:31:07,039

is and how it's almost impossible yeah

795

00:31:12,070 --> 00:31:09,039

that's all missing

796

00:31:15,029 --> 00:31:12,080

uh also there's about a three foot chunk

797

00:31:18,389 --> 00:31:15,039

of wire that's missing from it

798

00:31:21,350 --> 00:31:18,399

in addition you've got um

799

00:31:23,990 --> 00:31:21,360

uh the pvc what would happen went in

800

00:31:26,389 --> 00:31:24,000

under the ground at pvc protecting out

801
00:31:27,830 --> 00:31:26,399
the eu clamps the pvc has been pulled

802
00:31:29,110 --> 00:31:27,840
blues

803
00:31:30,789 --> 00:31:29,120
now

804
00:31:34,310 --> 00:31:30,799
because of when the thing was pulled

805
00:31:35,990 --> 00:31:34,320
loose we know when the event occurred

806
00:31:38,950 --> 00:31:36,000
and when you went back and you look at

807
00:31:41,750 --> 00:31:38,960
the table it turns out on camera one

808
00:31:44,070 --> 00:31:41,760
that's looking at camera two

809
00:31:46,230 --> 00:31:44,080
at the time of the incident it just so

810
00:31:50,070 --> 00:31:46,240
happened that the cattle the working

811
00:31:51,029 --> 00:31:50,080
ranch happened to be milling around

812
00:31:56,389 --> 00:31:51,039
that

813
00:31:58,310 --> 00:31:56,399

and they don't what we know is if

814

00:32:00,870 --> 00:31:58,320

anybody approaches the cattle they

815

00:32:03,350 --> 00:32:00,880

scatter automatically

816

00:32:06,549 --> 00:32:03,360

so the point there is what should have

817

00:32:08,789 --> 00:32:06,559

been on film totally wasn't yet this

818

00:32:10,470 --> 00:32:08,799

extensive amount of damage

819

00:32:11,909 --> 00:32:10,480

definitely occurred we know when it

820

00:32:14,950 --> 00:32:11,919

occurred it

821

00:32:16,789 --> 00:32:14,960

should have been on camera but it wasn't

822

00:32:18,630 --> 00:32:16,799

was there a working theory as to what

823

00:32:20,230 --> 00:32:18,640

was causing this because

824

00:32:21,750 --> 00:32:20,240

it's fascinating when you hear about

825

00:32:24,549 --> 00:32:21,760

these different events that happen at

826

00:32:26,870 --> 00:32:24,559

the ranch but they almost seem at times

827

00:32:30,149 --> 00:32:26,880

very immature

828

00:32:32,549 --> 00:32:30,159

and chinese the short answer is no

829

00:32:35,269 --> 00:32:32,559

and one of the problems is you have

830

00:32:37,269 --> 00:32:35,279

these so many different phenomenas that

831

00:32:39,509 --> 00:32:37,279

are ongoing

832

00:32:43,269 --> 00:32:39,519

and i came up with something that i

833

00:32:46,789 --> 00:32:43,279

called precognitive scenium phenomena

834

00:32:48,230 --> 00:32:46,799

i refer to as an it just because i have

835

00:32:50,230 --> 00:32:48,240

no way to

836

00:32:52,070 --> 00:32:50,240

explain what it

837

00:32:54,010 --> 00:32:52,080

might be

838

00:32:55,110 --> 00:32:54,020

but if i told the folks on

839

00:32:57,750 --> 00:32:55,120

[Music]

840

00:33:01,269 --> 00:32:57,760

you know the skin walker program

841

00:33:03,269 --> 00:33:01,279

you are not in charge it is in charge

842

00:33:04,149 --> 00:33:03,279

and it decides what you're going to do

843

00:33:07,269 --> 00:33:04,159

and then when i said it was

844

00:33:11,830 --> 00:33:10,149

it seemed to know how we were going to

845

00:33:14,630 --> 00:33:11,840

respond

846

00:33:17,590 --> 00:33:14,640

before the event occurred

847

00:33:20,710 --> 00:33:17,600

and yeah we go ahead and oblige that

848

00:33:22,830 --> 00:33:20,720

and follow it from the way you would you

849

00:33:24,710 --> 00:33:22,840

know any scientific

850

00:33:26,630 --> 00:33:24,720

investigation

851
00:33:29,509 --> 00:33:26,640
and then what would happen is

852
00:33:31,110 --> 00:33:29,519
continually more since oh you like that

853
00:33:32,950 --> 00:33:31,120
try this

854
00:33:35,430 --> 00:33:32,960
and you get something

855
00:33:37,509 --> 00:33:35,440
totally different

856
00:33:39,830 --> 00:33:37,519
so it seems with the ranch it's very

857
00:33:41,990 --> 00:33:39,840
much a case of the best we can do in a

858
00:33:45,110 --> 00:33:42,000
sense is observe

859
00:33:47,269 --> 00:33:45,120
and the the consequence of that is is

860
00:33:49,669 --> 00:33:47,279
very random and hard to predict

861
00:33:52,230 --> 00:33:49,679
were there any experiments or any any

862
00:33:54,630 --> 00:33:52,240
tests carried out that did provoke a

863
00:33:57,269 --> 00:33:54,640

stronger reaction than normal

864

00:33:58,870 --> 00:33:57,279

well yeah it provoked and like i say it

865

00:34:01,750 --> 00:33:58,880

seemed to know

866

00:34:04,070 --> 00:34:01,760

how we were going to investigate before

867

00:34:07,750 --> 00:34:04,080

we thought of it

868

00:34:10,389 --> 00:34:07,760

and with that guy it just always kept

869

00:34:12,149 --> 00:34:10,399

one step ahead

870

00:34:13,829 --> 00:34:12,159

and was there ever a time where the

871

00:34:15,349 --> 00:34:13,839

reaction was

872

00:34:18,310 --> 00:34:15,359

frightening

873

00:34:18,320 --> 00:34:21,589

no no now

874

00:34:26,710 --> 00:34:23,430

wasn't frightening no it didn't scare

875

00:34:29,430 --> 00:34:26,720

the people uh there are some who seem to

876

00:34:30,470 --> 00:34:29,440

be more sensitive to the phenomenon than

877

00:34:33,030 --> 00:34:30,480

others

878

00:34:35,109 --> 00:34:33,040

and if you've watched the secret of the

879

00:34:38,470 --> 00:34:35,119

skin walker ranch they've had several

880

00:34:41,430 --> 00:34:38,480

people who have experienced physical

881

00:34:45,190 --> 00:34:41,440

injuries that they do attribute

882

00:34:47,510 --> 00:34:45,200

back to it most of which cannot be

883

00:34:49,829 --> 00:34:47,520

explained

884

00:34:52,310 --> 00:34:49,839

personally i have not had that

885

00:34:53,510 --> 00:34:52,320

experience and i was back up when we

886

00:34:55,829 --> 00:34:53,520

filmed

887

00:34:58,390 --> 00:34:55,839

the uh three the

888

00:35:00,310 --> 00:34:58,400

session that actually just aired

889

00:35:04,870 --> 00:35:00,320

a couple weeks ago

890

00:35:09,349 --> 00:35:07,109

i never felt fear

891

00:35:11,990 --> 00:35:09,359

in that um

892

00:35:14,310 --> 00:35:12,000

one of our guys who in fact they had

893

00:35:16,230 --> 00:35:14,320

seen they were out there in the old

894

00:35:18,470 --> 00:35:16,240

homestead area that people watch the

895

00:35:20,950 --> 00:35:18,480

program will know about

896

00:35:23,829 --> 00:35:20,960

and there's a whole bunch of russian

897

00:35:25,190 --> 00:35:23,839

olives uh trees out there

898

00:35:27,349 --> 00:35:25,200

and they were watching and they could

899

00:35:29,910 --> 00:35:27,359

see something go through it all if they

900

00:35:31,670 --> 00:35:29,920

didn't use the program what i said was

901
00:35:33,589 --> 00:35:31,680
it was like predator if you remember

902
00:35:35,990 --> 00:35:33,599
predator movie

903
00:35:39,270 --> 00:35:36,000
when the predator was it was just kind

904
00:35:42,710 --> 00:35:39,280
of you'd see distortions yeah but not

905
00:35:46,069 --> 00:35:42,720
the creepy crawler himself but you would

906
00:35:48,310 --> 00:35:46,079
get uh destruction and so that was sort

907
00:35:50,790 --> 00:35:48,320
of what was described

908
00:35:54,150 --> 00:35:50,800
and a message that came again

909
00:35:57,109 --> 00:35:54,160
telepathically we are watching you

910
00:35:59,589 --> 00:35:57,119
now there wasn't any explanation were we

911
00:36:00,630 --> 00:35:59,599
or what they're watching for or anything

912
00:36:02,710 --> 00:36:00,640
like that

913
00:36:04,710 --> 00:36:02,720

there was a clear message that was

914

00:36:06,470 --> 00:36:04,720

important

915

00:36:08,310 --> 00:36:06,480

what are your thoughts on the work being

916

00:36:10,230 --> 00:36:08,320

done you mentioned brandon fuegel and

917

00:36:14,550 --> 00:36:10,240

his team what your thoughts on the work

918

00:36:19,030 --> 00:36:17,030

what's your follow-up question

919

00:36:20,870 --> 00:36:19,040

so compared to the time where you worked

920

00:36:23,190 --> 00:36:20,880

on the ranch you know or you were

921

00:36:26,470 --> 00:36:23,200

involved with the ranch with mr bigelow

922

00:36:28,230 --> 00:36:26,480

do you feel brandon and his team are

923

00:36:30,550 --> 00:36:28,240

carrying out the experiments in a way

924

00:36:32,630 --> 00:36:30,560

that they are going to progress

925

00:36:34,870 --> 00:36:32,640

the the investigations

926

00:36:38,069 --> 00:36:34,880

well i think they're doing i mean you

927

00:36:41,589 --> 00:36:38,079

seem to be prepared to put a lot more

928

00:36:42,550 --> 00:36:41,599

money into it and really follow up on it

929

00:36:44,710 --> 00:36:42,560

um

930

00:36:46,950 --> 00:36:44,720

i'm not very optimistic they will find a

931

00:36:50,069 --> 00:36:46,960

solution because i think yet

932

00:36:51,430 --> 00:36:50,079

this keeps morphing and and staying

933

00:36:54,790 --> 00:36:51,440

ahead

934

00:36:57,030 --> 00:36:54,800

but they do obviously see things that

935

00:36:59,270 --> 00:36:57,040

aren't very

936

00:37:00,790 --> 00:36:59,280

unexplainable

937

00:37:02,870 --> 00:37:00,800

and

938

00:37:04,870 --> 00:37:02,880

i do think the pharma obviously

939

00:37:07,109 --> 00:37:04,880

[Music]

940

00:37:08,390 --> 00:37:07,119

it is not

941

00:37:10,790 --> 00:37:08,400

you know concentrate well it's

942

00:37:12,550 --> 00:37:10,800

concentrated in the area but it's not

943

00:37:14,790 --> 00:37:12,560

you know confined

944

00:37:16,470 --> 00:37:14,800

to the parameters

945

00:37:19,589 --> 00:37:16,480

you know where the ranches are the whole

946

00:37:20,829 --> 00:37:19,599

area and this has been going on for

947

00:37:23,910 --> 00:37:20,839

decades to

948

00:37:28,150 --> 00:37:23,920

centuries so maybe it's ariel and there

949

00:37:30,550 --> 00:37:28,160

are other places in the world that have

950

00:37:33,109 --> 00:37:30,560

similar kinds of philemon this is just

951
00:37:36,390 --> 00:37:33,119
one where individuals have picked up on

952
00:37:38,390 --> 00:37:36,400
us are instrumenting and documenting uh

953
00:37:39,910 --> 00:37:38,400
in ways that

954
00:37:42,069 --> 00:37:39,920
others

955
00:37:44,630 --> 00:37:42,079
have not

956
00:37:46,870 --> 00:37:44,640
captured the imagination so to speak

957
00:37:49,030 --> 00:37:46,880
you mentioned those other places around

958
00:37:50,710 --> 00:37:49,040
the world where you have these areas of

959
00:37:53,349 --> 00:37:50,720
high strangeness maybe more of a

960
00:37:54,550 --> 00:37:53,359
concentration have you managed to get to

961
00:37:57,670 --> 00:37:54,560
these yourself

962
00:37:59,510 --> 00:37:57,680
yeah no i i'd recommend youtube there

963
00:38:02,470 --> 00:37:59,520

will be a

964

00:38:03,910 --> 00:38:02,480

plethora of you know videos that are up

965

00:38:06,310 --> 00:38:03,920

from different places with people

966

00:38:08,390 --> 00:38:06,320

putting it out the difference

967

00:38:12,069 --> 00:38:08,400

between the ranch

968

00:38:14,150 --> 00:38:12,079

and what bob and brandon are doing

969

00:38:16,550 --> 00:38:14,160

is willing to put the resources

970

00:38:18,710 --> 00:38:16,560

necessary into doing

971

00:38:21,270 --> 00:38:18,720

these kind of experiment

972

00:38:25,910 --> 00:38:23,349

give an example though i've done a lot

973

00:38:28,950 --> 00:38:25,920

of work in brazil

974

00:38:31,430 --> 00:38:28,960

um and you know have have written

975

00:38:34,069 --> 00:38:31,440

to that and some of the things we've

976

00:38:37,190 --> 00:38:34,079

seen there are sort of equally

977

00:38:40,630 --> 00:38:37,200

unexplainable the difference there's two

978

00:38:43,030 --> 00:38:40,640

differences one is nobody's putting

979

00:38:45,270 --> 00:38:43,040

a lot of resources in specifically

980

00:38:47,430 --> 00:38:45,280

studying the kind of thing

981

00:38:50,150 --> 00:38:47,440

you also got to remember brazil's a

982

00:38:52,230 --> 00:38:50,160

really really big place

983

00:38:53,430 --> 00:38:52,240

most people have no idea how big the

984

00:38:54,870 --> 00:38:53,440

country is

985

00:38:57,670 --> 00:38:54,880

um

986

00:39:00,069 --> 00:38:57,680

but having said that there is a

987

00:39:02,550 --> 00:39:00,079

difference that i think is critical and

988

00:39:04,550 --> 00:39:02,560

applies to many of things we

989

00:39:07,670 --> 00:39:04,560

have discussed in wildernesscon

990

00:39:10,069 --> 00:39:07,680

now the people that i've dealt with are

991

00:39:12,470 --> 00:39:10,079

at very high levels in government and

992

00:39:15,589 --> 00:39:12,480

industry and whatnot

993

00:39:17,750 --> 00:39:15,599

highly educated and in traditional

994

00:39:20,150 --> 00:39:17,760

institutions

995

00:39:22,230 --> 00:39:20,160

that are very akin to western

996

00:39:25,510 --> 00:39:22,240

universities none of them are actual

997

00:39:26,710 --> 00:39:25,520

western universities but they're there

998

00:39:29,510 --> 00:39:26,720

but that

999

00:39:30,950 --> 00:39:29,520

clearly comes from a materialistic point

1000

00:39:34,390 --> 00:39:30,960

of view which

1001
00:39:37,750 --> 00:39:34,400
dominates western education

1002
00:39:40,390 --> 00:39:37,760
having said that throughout the country

1003
00:39:43,589 --> 00:39:40,400
you have a

1004
00:39:46,790 --> 00:39:43,599
general acceptance of spiritism

1005
00:39:48,710 --> 00:39:46,800
and so they're they are used to

1006
00:39:51,190 --> 00:39:48,720
incorporating it from the one i find

1007
00:39:53,270 --> 00:39:51,200
interesting is people

1008
00:39:56,470 --> 00:39:53,280
again educated

1009
00:39:58,390 --> 00:39:56,480
the western materialistic viewpoint who

1010
00:39:59,750 --> 00:39:58,400
inculcate

1011
00:40:01,190 --> 00:39:59,760
spiritism

1012
00:40:03,750 --> 00:40:01,200
views

1013
00:40:07,270 --> 00:40:03,760

and don't have any problem with that

1014

00:40:09,270 --> 00:40:07,280

that what i like to say is in the west

1015

00:40:12,710 --> 00:40:09,280

i've dealt with shamans all over the

1016

00:40:14,309 --> 00:40:12,720

world but the idea of the real world and

1017

00:40:17,190 --> 00:40:14,319

the spirit world

1018

00:40:19,030 --> 00:40:17,200

like those are separate and distinct

1019

00:40:20,710 --> 00:40:19,040

as opposed to

1020

00:40:23,030 --> 00:40:20,720

the shamans we see it much more of a

1021

00:40:26,870 --> 00:40:23,040

continuum that moves

1022

00:40:28,630 --> 00:40:26,880

seamlessly uh between them so

1023

00:40:31,510 --> 00:40:28,640

i think there's a huge difference in

1024

00:40:34,790 --> 00:40:31,520

world view it's very important as to how

1025

00:40:36,470 --> 00:40:34,800

you address many of these topics

1026

00:40:38,550 --> 00:40:36,480

it certainly seems especially in the

1027

00:40:40,230 --> 00:40:38,560

western world that that connection to

1028

00:40:41,430 --> 00:40:40,240

the spiritual is something we've lost

1029

00:40:43,030 --> 00:40:41,440

over time

1030

00:40:44,870 --> 00:40:43,040

and as you say when you hear about these

1031

00:40:47,030 --> 00:40:44,880

other cultures that still have that

1032

00:40:49,910 --> 00:40:47,040

connection that they can see it as being

1033

00:40:52,069 --> 00:40:49,920

one and the same and it makes that

1034

00:40:55,589 --> 00:40:52,079

understanding or belief in different

1035

00:40:58,470 --> 00:40:55,599

phenomena much more palatable doesn't it

1036

00:41:02,150 --> 00:40:58,480

well let me give a specific example we

1037

00:41:07,270 --> 00:41:04,790

going to voodoo ceremonies

1038

00:41:09,829 --> 00:41:07,280

and first of all voodoo

1039

00:41:11,270 --> 00:41:09,839

is not a religion per se it's an entire

1040

00:41:13,670 --> 00:41:11,280

way of life

1041

00:41:17,030 --> 00:41:13,680

and it's inculcated in everything

1042

00:41:18,950 --> 00:41:17,040

so that when you went out their idea of

1043

00:41:20,710 --> 00:41:18,960

spirits and and everything just

1044

00:41:23,510 --> 00:41:20,720

permeates everything so

1045

00:41:25,670 --> 00:41:23,520

if you found fruit you would find wild

1046

00:41:27,510 --> 00:41:25,680

pineapples or whatever

1047

00:41:28,790 --> 00:41:27,520

and that you're going to pick you would

1048

00:41:30,230 --> 00:41:28,800

ask permission

1049

00:41:31,430 --> 00:41:30,240

you know that

1050

00:41:32,950 --> 00:41:31,440

let's say

1051
00:41:35,510 --> 00:41:32,960
you know even

1052
00:41:36,630 --> 00:41:35,520
you know in this case vegetative objects

1053
00:41:39,190 --> 00:41:36,640
and others

1054
00:41:41,990 --> 00:41:39,200
have spirits and spirit related to it so

1055
00:41:43,190 --> 00:41:42,000
you have this interaction with it

1056
00:41:45,030 --> 00:41:43,200
um

1057
00:41:48,870 --> 00:41:45,040
this is true

1058
00:41:51,430 --> 00:41:48,880
in many many places in the world and yet

1059
00:41:54,790 --> 00:41:51,440
we're western view seems to be very

1060
00:41:55,589 --> 00:41:54,800
isolated very much very narrowly focused

1061
00:41:57,190 --> 00:41:55,599
on

1062
00:41:59,349 --> 00:41:57,200
materialism

1063
00:42:01,589 --> 00:41:59,359

we look for the god particle the

1064

00:42:04,230 --> 00:42:01,599

assumption that you cut things into

1065

00:42:05,750 --> 00:42:04,240

smaller and smaller pieces and soon

1066

00:42:08,309 --> 00:42:05,760

we'll get to

1067

00:42:11,670 --> 00:42:08,319

you know i just noticed they're about to

1068

00:42:15,750 --> 00:42:11,680

start the large hadron collider again we

1069

00:42:18,069 --> 00:42:15,760

put billions of dollars into that

1070

00:42:20,630 --> 00:42:18,079

where as the rest of the world

1071

00:42:21,670 --> 00:42:20,640

you know their their world view is very

1072

00:42:23,349 --> 00:42:21,680

different

1073

00:42:25,349 --> 00:42:23,359

well they're done a lot of work in

1074

00:42:27,190 --> 00:42:25,359

africa we've been in north south east

1075

00:42:30,390 --> 00:42:27,200

west africa

1076

00:42:32,309 --> 00:42:30,400

and the point is i forget the exact

1077

00:42:34,550 --> 00:42:32,319

numbers but you know how many doctors

1078

00:42:37,109 --> 00:42:34,560

and other medical

1079

00:42:40,470 --> 00:42:37,119

people that you have in these western

1080

00:42:44,550 --> 00:42:40,480

you know europe and america

1081

00:42:46,550 --> 00:42:44,560

in much of africa you will have one

1082

00:42:48,550 --> 00:42:46,560

medical personnel not necessarily a

1083

00:42:50,710 --> 00:42:48,560

doctor but you know

1084

00:42:53,589 --> 00:42:50,720

a nurse or a practitioner or something

1085

00:42:54,870 --> 00:42:53,599

for 10 000 people

1086

00:42:56,790 --> 00:42:54,880

therefore

1087

00:42:58,630 --> 00:42:56,800

when you're going to deal with things

1088

00:43:00,230 --> 00:42:58,640

like illness you're going to approach it

1089

00:43:02,069 --> 00:43:00,240

a lot differently you're not going to

1090

00:43:05,030 --> 00:43:02,079

have

1091

00:43:06,710 --> 00:43:05,040

access to allopathic medicine lots of

1092

00:43:10,069 --> 00:43:06,720

drugs and things that

1093

00:43:13,190 --> 00:43:10,079

some areas you do but for much of the

1094

00:43:14,630 --> 00:43:13,200

continent you don't the other aspect

1095

00:43:17,589 --> 00:43:14,640

there is

1096

00:43:20,069 --> 00:43:17,599

most americans have no idea

1097

00:43:22,870 --> 00:43:20,079

how big africa is

1098

00:43:25,990 --> 00:43:22,880

i've got a map and i used to give

1099

00:43:28,390 --> 00:43:26,000

presentations on africa itself literally

1100

00:43:30,069 --> 00:43:28,400

wrote the book on it but uh the point

1101
00:43:33,589 --> 00:43:30,079
was you can take

1102
00:43:35,990 --> 00:43:33,599
basically all of the continents

1103
00:43:38,630 --> 00:43:36,000
and fit them into africa

1104
00:43:41,990 --> 00:43:38,640
you know we're all populated with i mean

1105
00:43:47,190 --> 00:43:44,150
i want to ask john uh

1106
00:43:49,670 --> 00:43:47,200
nasa are now launching their own albeit

1107
00:43:52,309 --> 00:43:49,680
with very small funding independent

1108
00:43:55,510 --> 00:43:52,319
investigation into uap

1109
00:43:57,349 --> 00:43:55,520
what is your take on in 2022

1110
00:43:59,430 --> 00:43:57,359
nasa getting further involved in the

1111
00:44:01,910 --> 00:43:59,440
study of the ufos

1112
00:44:02,950 --> 00:44:01,920
welcome to the club

1113
00:44:08,790 --> 00:44:02,960

no

1114

00:44:10,630 --> 00:44:08,800

until very recently in fact i'm telling

1115

00:44:12,309 --> 00:44:10,640

us bill nelson took over as the

1116

00:44:15,349 --> 00:44:12,319

administrator

1117

00:44:17,190 --> 00:44:15,359

their position has been overtly hostile

1118

00:44:18,790 --> 00:44:17,200

to the jury now this doesn't mean that

1119

00:44:22,550 --> 00:44:18,800

you didn't have astronauts and

1120

00:44:25,270 --> 00:44:22,560

individuals who had some interests and

1121

00:44:27,829 --> 00:44:25,280

but as an institution

1122

00:44:29,510 --> 00:44:27,839

they were very very negative

1123

00:44:32,230 --> 00:44:29,520

on the topic

1124

00:44:35,190 --> 00:44:32,240

and that's unfortunate i think now the

1125

00:44:37,270 --> 00:44:35,200

evidence has become overwhelming

1126
00:44:39,910 --> 00:44:37,280
and they're going to following suit

1127
00:44:41,030 --> 00:44:39,920
because of what gop is doing

1128
00:44:42,870 --> 00:44:41,040
now

1129
00:44:44,870 --> 00:44:42,880
do not believe

1130
00:44:47,430 --> 00:44:44,880
that because

1131
00:44:48,950 --> 00:44:47,440
the department of defense says the uap

1132
00:44:51,750 --> 00:44:48,960
task force

1133
00:44:53,589 --> 00:44:51,760
but that is widely accepted

1134
00:44:54,710 --> 00:44:53,599
there are plenty of people in there who

1135
00:44:57,750 --> 00:44:54,720
just

1136
00:44:59,829 --> 00:44:57,760
it's like project blue book

1137
00:45:02,470 --> 00:44:59,839
and the condo report the idea of the

1138
00:45:05,270 --> 00:45:02,480

condom report putting it out was to make

1139

00:45:07,910 --> 00:45:05,280

this go away you know we just don't want

1140

00:45:10,150 --> 00:45:07,920

to deal with it and i can understand why

1141

00:45:12,230 --> 00:45:10,160

these are pretty good reasons

1142

00:45:14,870 --> 00:45:12,240

um

1143

00:45:16,950 --> 00:45:14,880

i you know i've said

1144

00:45:19,109 --> 00:45:16,960

my other

1145

00:45:21,510 --> 00:45:19,119

venues that you know i i think the

1146

00:45:23,910 --> 00:45:21,520

phenomenons we're dealing with are more

1147

00:45:25,829 --> 00:45:23,920

complex than cancer

1148

00:45:28,550 --> 00:45:25,839

so the point is when you're going to put

1149

00:45:30,550 --> 00:45:28,560

a small amount of resources against it

1150

00:45:32,630 --> 00:45:30,560

what's your probability that you're

1151

00:45:35,109 --> 00:45:32,640

going to be able to come up with you

1152

00:45:38,950 --> 00:45:35,119

know definitive answers

1153

00:45:40,470 --> 00:45:38,960

i think dod has a role to play but not

1154

00:45:43,750 --> 00:45:40,480

b-roll

1155

00:45:46,950 --> 00:45:43,760

uh it is far bigger than anything now i

1156

00:45:49,670 --> 00:45:46,960

think their role is twofold one

1157

00:45:52,309 --> 00:45:49,680

is how do these things interacting with

1158

00:45:54,870 --> 00:45:52,319

their platform planes and that and two

1159

00:45:56,150 --> 00:45:54,880

they bring sensor systems

1160

00:45:58,630 --> 00:45:56,160

that can

1161

00:46:00,550 --> 00:45:58,640

make recordings that are not generally

1162

00:46:02,230 --> 00:46:00,560

available to the public so from a

1163

00:46:04,309 --> 00:46:02,240

scientific perspective that's

1164

00:46:05,910 --> 00:46:04,319

interesting

1165

00:46:07,910 --> 00:46:05,920

but

1166

00:46:09,750 --> 00:46:07,920

if you're a steward of resources how

1167

00:46:13,030 --> 00:46:09,760

much are you going to spend

1168

00:46:14,550 --> 00:46:13,040

towards solving a problem that

1169

00:46:17,349 --> 00:46:14,560

really is not

1170

00:46:18,390 --> 00:46:17,359

a significant problem to you

1171

00:46:20,950 --> 00:46:18,400

know

1172

00:46:23,589 --> 00:46:20,960

we've just come out of 20 years

1173

00:46:25,430 --> 00:46:23,599

of armed conflict

1174

00:46:27,589 --> 00:46:25,440

and what percent of your resources you

1175

00:46:31,109 --> 00:46:27,599

know put on this on something

1176

00:46:33,030 --> 00:46:31,119

that you have a very low probability of

1177

00:46:37,430 --> 00:46:33,040

understanding

1178

00:46:39,190 --> 00:46:37,440

the other aspect that is non-trivial

1179

00:46:47,270 --> 00:46:39,200

is

1180

00:46:49,829 --> 00:46:47,280

the devil it's demonic and all that and

1181

00:46:52,790 --> 00:46:49,839

that's not trivial and we've seen that

1182

00:46:55,190 --> 00:46:52,800

that was prevalent in the uh remote

1183

00:46:57,910 --> 00:46:55,200

hearing program as well

1184

00:47:00,309 --> 00:46:57,920

i know that louis alessandro has had

1185

00:47:01,510 --> 00:47:00,319

contact with senators some of them will

1186

00:47:03,670 --> 00:47:01,520

say

1187

00:47:06,390 --> 00:47:03,680

you're doing god's work and all that and

1188

00:47:09,430 --> 00:47:06,400

the others you're going to go to hell

1189

00:47:11,270 --> 00:47:09,440

not supposed to deal with this

1190

00:47:13,510 --> 00:47:11,280

you mentioned bill nelson the nasa

1191

00:47:15,510 --> 00:47:13,520

administrator now in his previous role

1192

00:47:18,470 --> 00:47:15,520

within government he was briefed on the

1193

00:47:20,549 --> 00:47:18,480

uap subject and he seems to be friendly

1194

00:47:22,309 --> 00:47:20,559

to the subject as well which is which is

1195

00:47:25,030 --> 00:47:22,319

great

1196

00:47:27,430 --> 00:47:25,040

nasa already would have one would

1197

00:47:29,190 --> 00:47:27,440

presume a lot of very good data using

1198

00:47:31,910 --> 00:47:29,200

those sensors you mentioned and those

1199

00:47:34,309 --> 00:47:31,920

recordings is that something you think

1200

00:47:37,349 --> 00:47:34,319

that people in the uap task force or the

1201
00:47:40,390 --> 00:47:37,359
aoi msg are going to get access to that

1202
00:47:45,190 --> 00:47:42,950
frankly i doubt it and one of the

1203
00:47:47,349 --> 00:47:45,200
problems is just

1204
00:47:50,470 --> 00:47:47,359
you know the amount of data this is a

1205
00:47:51,750 --> 00:47:50,480
problem we had in something called ozen

1206
00:47:54,790 --> 00:47:51,760
open source

1207
00:47:57,190 --> 00:47:54,800
intelligence it's just the pure volume

1208
00:47:59,430 --> 00:47:57,200
of information available

1209
00:48:01,190 --> 00:47:59,440
knowing what you're looking for and

1210
00:48:03,270 --> 00:48:01,200
where to go find it because remember

1211
00:48:05,510 --> 00:48:03,280
what you're talking about

1212
00:48:07,190 --> 00:48:05,520
are generally anomalous events in other

1213
00:48:08,710 --> 00:48:07,200

words things that happened for a short

1214

00:48:11,190 --> 00:48:08,720

period of time

1215

00:48:13,349 --> 00:48:11,200

that may or may not have been reported

1216

00:48:14,390 --> 00:48:13,359

they didn't interact with some system

1217

00:48:17,910 --> 00:48:14,400

that

1218

00:48:19,589 --> 00:48:17,920

probably didn't get reported at all we

1219

00:48:22,470 --> 00:48:19,599

talked about some of

1220

00:48:23,510 --> 00:48:22,480

department of defense like that but

1221

00:48:25,349 --> 00:48:23,520

um

1222

00:48:27,990 --> 00:48:25,359

how much are you going to

1223

00:48:30,069 --> 00:48:28,000

again spend resources again

1224

00:48:32,950 --> 00:48:30,079

all of these things from a funding

1225

00:48:35,990 --> 00:48:32,960

perspective or a zero-sum game

1226

00:48:37,589 --> 00:48:36,000

so my point there is if you're going to

1227

00:48:39,750 --> 00:48:37,599

study these things

1228

00:48:41,270 --> 00:48:39,760

and personally i think you should but if

1229

00:48:45,109 --> 00:48:41,280

you're going to do that what are you not

1230

00:48:48,630 --> 00:48:46,950

i get you and like you say they're

1231

00:48:50,230 --> 00:48:48,640

they're very very small amounts in the

1232

00:48:53,030 --> 00:48:50,240

grand scheme of things when it comes to

1233

00:48:54,790 --> 00:48:53,040

budgets and amounts that are generally

1234

00:48:57,190 --> 00:48:54,800

throw away sums of money that aren't

1235

00:48:59,510 --> 00:48:57,200

going to be missed to to make something

1236

00:49:02,630 --> 00:48:59,520

go away or at least find nothing to

1237

00:49:04,870 --> 00:49:02,640

pursue well what what uh

1238

00:49:06,870 --> 00:49:04,880

with blue balcony air force just wanted

1239

00:49:07,829 --> 00:49:06,880

to make it go away we do not want to

1240

00:49:10,710 --> 00:49:07,839

commit

1241

00:49:12,710 --> 00:49:10,720

you know we the officers who had even

1242

00:49:14,549 --> 00:49:12,720

though it was part-time job for the vast

1243

00:49:17,270 --> 00:49:14,559

majority of them

1244

00:49:18,790 --> 00:49:17,280

but they had to take reports and drain

1245

00:49:20,870 --> 00:49:18,800

the lab

1246

00:49:22,470 --> 00:49:20,880

just make that go away

1247

00:49:24,309 --> 00:49:22,480

what you're looking at from a pure

1248

00:49:26,630 --> 00:49:24,319

business perspective what's the return

1249

00:49:29,030 --> 00:49:26,640

on investment

1250

00:49:31,270 --> 00:49:29,040

when you're dealing with phenomenology

1251

00:49:34,710 --> 00:49:31,280

the probabilities are actually pretty

1252

00:49:38,870 --> 00:49:36,549

have you yourself john never had any

1253

00:49:41,589 --> 00:49:38,880

interesting conversations with those

1254

00:49:43,589 --> 00:49:41,599

former astronauts or people at nasa

1255

00:49:46,549 --> 00:49:43,599

about the ufo subject that they've just

1256

00:49:49,510 --> 00:49:46,559

not been comfortable coming forward with

1257

00:49:52,230 --> 00:49:49,520

oh we gotta remember ed mitchell was a

1258

00:49:54,870 --> 00:49:52,240

personal friend he sort of got boards

1259

00:49:57,670 --> 00:49:54,880

together and had lots of discussion uh

1260

00:50:00,069 --> 00:49:57,680

the one area that we agreed to disagree

1261

00:50:02,870 --> 00:50:00,079

on i think it was roswell

1262

00:50:05,990 --> 00:50:02,880

but that another one who said he would

1263

00:50:10,950 --> 00:50:06,000

come forward and talk to story musgrave

1264

00:50:14,069 --> 00:50:10,960

it's been a considerable amount of time

1265

00:50:15,990 --> 00:50:14,079

and also interestingly he was one who

1266

00:50:17,990 --> 00:50:16,000

was more involved in

1267

00:50:19,430 --> 00:50:18,000

you know some of the black programs i

1268

00:50:21,430 --> 00:50:19,440

would have

1269

00:50:23,670 --> 00:50:21,440

kept the satellite capabilities and

1270

00:50:27,109 --> 00:50:23,680

maintenance and things like that

1271

00:50:32,549 --> 00:50:27,119

but he was very open to

1272

00:50:37,349 --> 00:50:34,470

but but you're back the difference here

1273

00:50:39,990 --> 00:50:37,359

again is the personal interest versus

1274

00:50:42,069 --> 00:50:40,000

institutional responsibility and what

1275

00:50:43,670 --> 00:50:42,079

nelson is doing

1276
00:50:44,630 --> 00:50:43,680
is saying

1277
00:50:46,150 --> 00:50:44,640
you know

1278
00:50:49,270 --> 00:50:46,160
institutionally

1279
00:50:50,230 --> 00:50:49,280
we agree to take this on albeit

1280
00:50:52,549 --> 00:50:50,240
you know

1281
00:50:55,349 --> 00:50:52,559
see if you're going to go to mars

1282
00:50:59,030 --> 00:50:55,359
you might want to return to

1283
00:51:00,069 --> 00:50:59,040
the bone and then step onto mars of that

1284
00:51:01,510 --> 00:51:00,079
so

1285
00:51:03,589 --> 00:51:01,520
if you're going to do that you're going

1286
00:51:06,069 --> 00:51:03,599
to commit a lot of resources by the way

1287
00:51:08,950 --> 00:51:06,079
the apollo program when it was up

1288
00:51:12,870 --> 00:51:08,960

was uh four percent

1289

00:51:14,150 --> 00:51:12,880

of the uh uh budget government budget at

1290

00:51:17,589 --> 00:51:14,160

the time

1291

00:51:19,270 --> 00:51:17,599

uh right now nasa is closer to about

1292

00:51:20,790 --> 00:51:19,280

0.4

1293

00:51:22,870 --> 00:51:20,800

so you're talking about

1294

00:51:24,790 --> 00:51:22,880

tremendous amount of increase so you've

1295

00:51:25,670 --> 00:51:24,800

now got to go to the public and make the

1296

00:51:29,030 --> 00:51:25,680

case

1297

00:51:29,990 --> 00:51:29,040

that says if i'm going to study this

1298

00:51:32,230 --> 00:51:30,000

you know

1299

00:51:33,349 --> 00:51:32,240

here's why we're doing it and how it

1300

00:51:35,750 --> 00:51:33,359

ought to be

1301

00:51:38,870 --> 00:51:35,760

of interest and what the potential

1302

00:51:40,390 --> 00:51:38,880

return on investment is

1303

00:51:43,030 --> 00:51:40,400

and do you think there's an issue with

1304

00:51:45,829 --> 00:51:43,040

the timing right now of of this because

1305

00:51:49,030 --> 00:51:45,839

the public are seeing rising prices on

1306

00:51:51,750 --> 00:51:49,040

fuel electric gas food and obviously the

1307

00:51:53,190 --> 00:51:51,760

ukraine russian crisis that it's an easy

1308

00:51:57,030 --> 00:51:53,200

way to make a subject like this

1309

00:51:59,190 --> 00:51:57,040

potentially go away again because

1310

00:52:01,270 --> 00:51:59,200

aren't going to be up for it are they

1311

00:52:04,870 --> 00:52:01,280

i'm not sure what you're paying for

1312

00:52:07,990 --> 00:52:04,880

leader for petrol in the uk right now

1313

00:52:09,829 --> 00:52:08,000

but uh our gas across the board here is

1314

00:52:13,750 --> 00:52:09,839

you know over five dollars we use

1315

00:52:16,230 --> 00:52:13,760

gallons of course but um

1316

00:52:18,390 --> 00:52:16,240

yeah that's what people worry about

1317

00:52:20,230 --> 00:52:18,400

we're around about two pounds a liter at

1318

00:52:21,109 --> 00:52:20,240

the minute almost

1319

00:52:25,589 --> 00:52:21,119

yeah

1320

00:52:28,470 --> 00:52:25,599

what it was a year ago uh over a year

1321

00:52:30,069 --> 00:52:28,480

ago so it's uh it's pricey and and i've

1322

00:52:32,069 --> 00:52:30,079

had this conversation with colleagues

1323

00:52:34,630 --> 00:52:32,079

and friends of mine about how in the uk

1324

00:52:37,030 --> 00:52:34,640

can we push this conversation forward

1325

00:52:39,030 --> 00:52:37,040

and i've made the point unfortunately

1326
00:52:41,510 --> 00:52:39,040
right now the general public don't want

1327
00:52:43,030 --> 00:52:41,520
to have a conversation about ufos and

1328
00:52:45,030 --> 00:52:43,040
the what might be

1329
00:52:46,710 --> 00:52:45,040
because they care about the the gas and

1330
00:52:49,109 --> 00:52:46,720
electric prices going up again we're

1331
00:52:50,950 --> 00:52:49,119
hearing in october and january and the

1332
00:52:53,030 --> 00:52:50,960
cost of our cost of living so the

1333
00:52:54,710 --> 00:52:53,040
conversation just falls so far down the

1334
00:52:57,270 --> 00:52:54,720
pecking order

1335
00:52:59,030 --> 00:52:57,280
well the difference is between yeah i'm

1336
00:53:00,790 --> 00:52:59,040
interested i'm willing to talk about

1337
00:53:02,549 --> 00:53:00,800
that versus

1338
00:53:06,230 --> 00:53:02,559

not only am i willing to talk about that

1339

00:53:10,950 --> 00:53:08,790

and how do you see that changing is that

1340

00:53:12,950 --> 00:53:10,960

going to have to then be a private

1341

00:53:15,190 --> 00:53:12,960

organization investigating like the

1342

00:53:17,589 --> 00:53:15,200

galileo project seeking

1343

00:53:19,750 --> 00:53:17,599

third-party funding

1344

00:53:21,109 --> 00:53:19,760

or again is it going to be a case of a

1345

00:53:22,549 --> 00:53:21,119

lot of different things have to fall

1346

00:53:24,390 --> 00:53:22,559

into place

1347

00:53:26,710 --> 00:53:24,400

again

1348

00:53:28,950 --> 00:53:26,720

what i have stated and stated repeatedly

1349

00:53:31,349 --> 00:53:28,960

what we're looking at is at least as

1350

00:53:33,910 --> 00:53:31,359

complex as cancer

1351
00:53:37,589 --> 00:53:33,920
so you start multiplying the amounts of

1352
00:53:40,470 --> 00:53:37,599
money that we put into that into

1353
00:53:43,829 --> 00:53:40,480
hundreds of millions of dollars to

1354
00:53:44,710 --> 00:53:43,839
billions in that research and yeah we've

1355
00:53:46,950 --> 00:53:44,720
made

1356
00:53:49,750 --> 00:53:46,960
you know substantial increases in many

1357
00:53:52,710 --> 00:53:49,760
areas but we certainly haven't cured

1358
00:53:54,549 --> 00:53:52,720
cancer by any stretch of the imagination

1359
00:53:56,470 --> 00:53:54,559
so if you're looking at a problem that's

1360
00:53:59,670 --> 00:53:56,480
that complex

1361
00:54:02,549 --> 00:53:59,680
of you know the few millions that we're

1362
00:54:06,150 --> 00:54:02,559
putting into this research interesting

1363
00:54:06,600 --> 00:54:06,160

you will probably make some advances

1364

00:54:09,510 --> 00:54:06,610

um

1365

00:54:10,710 --> 00:54:09,520

[Music]

1366

00:54:12,790 --> 00:54:10,720

yeah no

1367

00:54:14,069 --> 00:54:12,800

well i'll tell you i have slides that

1368

00:54:17,109 --> 00:54:14,079

i've talked about

1369

00:54:19,190 --> 00:54:17,119

how i think it needs to be approached

1370

00:54:21,109 --> 00:54:19,200

digression let me know but

1371

00:54:23,750 --> 00:54:21,119

i said what you ought to look at is the

1372

00:54:26,150 --> 00:54:23,760

human genome

1373

00:54:28,870 --> 00:54:26,160

and that's one where you had billions

1374

00:54:31,349 --> 00:54:28,880

and billions of possibilities

1375

00:54:33,430 --> 00:54:31,359

well the difference there is we had

1376

00:54:35,750 --> 00:54:33,440

international cooperation

1377

00:54:38,470 --> 00:54:35,760

you did have the best and brightest many

1378

00:54:41,750 --> 00:54:38,480

universities involved

1379

00:54:45,349 --> 00:54:41,760

and the key issue is data sharing

1380

00:54:46,549 --> 00:54:45,359

because the problem with phenomena now

1381

00:54:48,710 --> 00:54:46,559

is

1382

00:54:50,069 --> 00:54:48,720

having data in whatever area you're

1383

00:54:52,230 --> 00:54:50,079

working on

1384

00:54:54,470 --> 00:54:52,240

is the thing that's probably going to be

1385

00:54:57,430 --> 00:54:54,480

directly attributable to whether or not

1386

00:55:00,150 --> 00:54:57,440

you continue funding and you keep you

1387

00:55:03,270 --> 00:55:00,160

know they're competing for the same

1388

00:55:04,470 --> 00:55:03,280

minuscule funding sources

1389

00:55:06,549 --> 00:55:04,480

so

1390

00:55:09,349 --> 00:55:06,559

until we say if we don't say this is

1391

00:55:11,670 --> 00:55:09,359

serious we'll look at it then i would

1392

00:55:13,510 --> 00:55:11,680

look at you know and the answer with the

1393

00:55:15,270 --> 00:55:13,520

human genome problem is they came ahead

1394

00:55:18,549 --> 00:55:15,280

of schedule and the

1395

00:55:21,109 --> 00:55:18,559

under budget were really unique for huge

1396

00:55:23,589 --> 00:55:21,119

scientific ventures these days

1397

00:55:25,829 --> 00:55:23,599

but i think that's um the approach that

1398

00:55:30,710 --> 00:55:25,839

you've got to take and again the issue

1399

00:55:34,710 --> 00:55:32,390

before we go into listener questions

1400

00:55:37,349 --> 00:55:34,720

john i want to ask you about the the us

1401

00:55:39,910 --> 00:55:37,359

hearings that have taken place in the

1402

00:55:42,150 --> 00:55:39,920

last couple of weeks and months um and

1403

00:55:43,750 --> 00:55:42,160

also some of the legislation that may be

1404

00:55:46,710 --> 00:55:43,760

coming in and we're getting updates on

1405

00:55:49,349 --> 00:55:46,720

that almost daily at the moment um

1406

00:55:51,829 --> 00:55:49,359

for yourself a few things to cover then

1407

00:55:54,069 --> 00:55:51,839

is there any one particular or any

1408

00:55:56,150 --> 00:55:54,079

departments particularly that you would

1409

00:56:02,150 --> 00:55:56,160

have testify in a hearing

1410

00:56:06,630 --> 00:56:03,270

uh

1411

00:56:08,630 --> 00:56:06,640

i have no idea and the problem here is

1412

00:56:11,270 --> 00:56:08,640

it gets so emotional

1413

00:56:13,910 --> 00:56:11,280

uh the united states we worry more about

1414

00:56:16,789 --> 00:56:13,920

having our guns and children

1415

00:56:18,470 --> 00:56:16,799

uh it is just absolutely tragic i'm

1416

00:56:21,030 --> 00:56:18,480

firmly

1417

00:56:23,589 --> 00:56:21,040

and believe that uh you know weapons of

1418

00:56:26,069 --> 00:56:23,599

war have no

1419

00:56:28,870 --> 00:56:26,079

basis and ought to be in the civilian

1420

00:56:34,789 --> 00:56:28,880

society my pet response to most of them

1421

00:56:38,870 --> 00:56:36,789

um

1422

00:56:40,950 --> 00:56:38,880

now i don't know how you're gonna

1423

00:56:43,990 --> 00:56:40,960

change america and i don't use any one

1424

00:56:47,750 --> 00:56:44,000

institution to do it and

1425

00:56:51,270 --> 00:56:47,760

i can say our congress does not have the

1426

00:56:53,270 --> 00:56:51,280

intestinal fortitude to even begin to

1427

00:56:55,030 --> 00:56:53,280

take on the fellow yeah they did there's

1428

00:58:32,789 --> 00:56:55,040

a

1429

00:58:35,670 --> 00:58:32,799

sensor systems

1430

00:58:37,829 --> 00:58:35,680

because you don't want to tell potential

1431

00:58:39,030 --> 00:58:37,839

adversary what you can see and what you

1432

00:58:42,150 --> 00:58:39,040

can't see

1433

00:58:44,710 --> 00:58:42,160

and there's real anomalies here but

1434

00:58:46,309 --> 00:58:44,720

having said that we are getting it but

1435

00:58:49,109 --> 00:58:46,319

there are ways

1436

00:58:51,910 --> 00:58:49,119

to sanitize the information and get it

1437

00:58:54,710 --> 00:58:51,920

out i think among the things just is

1438

00:58:57,349 --> 00:58:54,720

what's the prevalency

1439

00:59:00,390 --> 00:58:57,359

of the interactions that they're seeing

1440

00:59:02,549 --> 00:59:00,400

and the other problem of course is

1441

00:59:05,670 --> 00:59:02,559

from government perspective i mean

1442

00:59:06,549 --> 00:59:05,680

that's this much of it this is a global

1443

00:59:09,190 --> 00:59:06,559

issue

1444

00:59:11,270 --> 00:59:09,200

and people are having these interactions

1445

00:59:12,710 --> 00:59:11,280

as well what the government does bring

1446

00:59:15,910 --> 00:59:12,720

to the table

1447

00:59:18,789 --> 00:59:15,920

again are really advanced sensor systems

1448

00:59:20,950 --> 00:59:18,799

and in some cases brain power if they

1449

00:59:22,710 --> 00:59:20,960

want to do that that's what i think we

1450

00:59:25,670 --> 00:59:22,720

should do is get the best and brightest

1451
00:59:30,150 --> 00:59:27,430
why do you think you mentioned those

1452
00:59:33,589 --> 00:59:30,160
other countries that the us leads the

1453
00:59:35,990 --> 00:59:33,599
way in the ufo conversation right now

1454
00:59:37,750 --> 00:59:36,000
because outside of the us it seems

1455
00:59:40,150 --> 00:59:37,760
relatively quiet we've just had the

1456
00:59:41,430 --> 00:59:40,160
civilian hearings in brazil

1457
00:59:43,750 --> 00:59:41,440
the uk

1458
00:59:46,470 --> 00:59:43,760
as a country the conversation is almost

1459
00:59:48,230 --> 00:59:46,480
non-existent unfortunately still

1460
00:59:49,589 --> 00:59:48,240
why do you think the us

1461
00:59:50,950 --> 00:59:49,599
is still at the forefront of the

1462
00:59:53,030 --> 00:59:50,960
conversation

1463
00:59:54,309 --> 00:59:53,040

i i don't i'm not sure i'd agree with

1464

00:59:57,349 --> 00:59:54,319

that

1465

01:00:00,150 --> 00:59:57,359

and if you look at you know what's been

1466

01:00:02,630 --> 01:00:00,160

reported from the reports that uk in

1467

01:00:05,190 --> 01:00:02,640

particular has released but you look at

1468

01:00:07,430 --> 01:00:05,200

other other governments a lot of it in

1469

01:00:11,430 --> 01:00:07,440

brazil in chile

1470

01:00:15,510 --> 01:00:13,670

i think there are many of the officials

1471

01:00:17,270 --> 01:00:15,520

are worried about the giggle factor

1472

01:00:19,990 --> 01:00:17,280

which is still

1473

01:00:22,789 --> 01:00:20,000

you know unfortunately prevalent

1474

01:00:25,030 --> 01:00:22,799

uh so i don't think we're leading yet i

1475

01:00:28,390 --> 01:00:25,040

think what you are saying has more to do

1476

01:00:31,589 --> 01:00:28,400

with the amount of mass media that we

1477

01:00:34,630 --> 01:00:31,599

have and it has become more popular so

1478

01:00:38,870 --> 01:00:34,640

the problem with that

1479

01:00:40,549 --> 01:00:38,880

is you get a phenomenal amount of crap

1480

01:00:43,270 --> 01:00:40,559

that comes along

1481

01:00:45,430 --> 01:00:43,280

with this as well so one of the issues

1482

01:00:46,870 --> 01:00:45,440

is discerning

1483

01:00:50,309 --> 01:00:46,880

what's

1484

01:00:51,510 --> 01:00:50,319

real what not versus rumors that run

1485

01:00:54,829 --> 01:00:51,520

rampant

1486

01:00:57,510 --> 01:00:54,839

one of the downsides of

1487

01:00:59,430 --> 01:00:57,520

classification has been that if you

1488

01:01:03,349 --> 01:00:59,440

can't see into the box

1489

01:01:06,549 --> 01:01:03,359

then the public makes huge assumptions

1490

01:01:10,870 --> 01:01:06,559

about what could possibly be there

1491

01:01:15,430 --> 01:01:12,230

i i put out

1492

01:01:18,309 --> 01:01:15,440

back when when we were doing the study

1493

01:01:21,270 --> 01:01:18,319

uh with the 1980s

1494

01:01:23,589 --> 01:01:21,280

the vast majority

1495

01:01:25,190 --> 01:01:23,599

of the information even about things the

1496

01:01:26,630 --> 01:01:25,200

government had seen

1497

01:01:28,870 --> 01:01:26,640

was in

1498

01:01:32,789 --> 01:01:28,880

the public domain

1499

01:01:34,309 --> 01:01:32,799

uh what was not there again gets back to

1500

01:01:38,870 --> 01:01:34,319

how did you get it

1501

01:01:43,030 --> 01:01:40,789

i've heard you john on a previous

1502

01:01:45,589 --> 01:01:43,040

interview say that we aren't at the

1503

01:01:48,230 --> 01:01:45,599

point of even asking the right questions

1504

01:01:50,870 --> 01:01:48,240

or knowing what the right questions are

1505

01:01:53,190 --> 01:01:50,880

if you did have one question that you

1506

01:01:54,630 --> 01:01:53,200

could ask and get answered

1507

01:01:56,950 --> 01:01:54,640

what would that be

1508

01:01:59,430 --> 01:01:56,960

i i have no idea

1509

01:02:01,910 --> 01:01:59,440

i i really don't i could ask that a lot

1510

01:02:03,270 --> 01:02:01,920

not just one question but

1511

01:02:06,230 --> 01:02:03,280

the last

1512

01:02:08,069 --> 01:02:06,240

line of my ufo book everyone

1513

01:02:10,150 --> 01:02:08,079

said

1514

01:02:12,150 --> 01:02:10,160

we are at the front end of the flatworm

1515

01:02:14,150 --> 01:02:12,160

we're not having to i don't think to

1516

01:02:16,309 --> 01:02:14,160

find

1517

01:02:19,349 --> 01:02:16,319

what these phones are we're not at the

1518

01:02:23,190 --> 01:02:19,359

point of asking the right questions yet

1519

01:02:25,589 --> 01:02:23,200

um now one of the key issues like

1520

01:02:26,870 --> 01:02:25,599

opening slides that i use at all

1521

01:02:29,190 --> 01:02:26,880

briefings

1522

01:02:31,029 --> 01:02:29,200

and it covers many of the topics that we

1523

01:02:33,990 --> 01:02:31,039

we've talked about here

1524

01:02:35,910 --> 01:02:34,000

but from ufos being one of course the

1525

01:02:39,109 --> 01:02:35,920

abduction phenomena

1526

01:02:40,789 --> 01:02:39,119

uh remote viewing psychokinesis had lots

1527

01:02:42,710 --> 01:02:40,799

of work there

1528

01:02:45,029 --> 01:02:42,720

fire walking

1529

01:02:46,230 --> 01:02:45,039

post-mortem communication

1530

01:02:51,190 --> 01:02:46,240

i

1531

01:02:53,349 --> 01:02:51,200

etc etc

1532

01:02:57,750 --> 01:02:53,359

even interspecies communication

1533

01:02:59,670 --> 01:02:57,760

potentially sense squash or any of them

1534

01:03:01,910 --> 01:02:59,680

it's my belief

1535

01:03:04,309 --> 01:03:01,920

that these things are all interrelated

1536

01:03:06,630 --> 01:03:04,319

and that consciousness

1537

01:03:09,349 --> 01:03:06,640

is the key component

1538

01:03:12,789 --> 01:03:09,359

we go back to max planck

1539

01:03:15,750 --> 01:03:12,799

who addressed this and said

1540

01:03:18,069 --> 01:03:15,760

you know consciousness is primary now

1541

01:03:21,910 --> 01:03:18,079

there's a whole brain mind

1542

01:03:24,789 --> 01:03:21,920

continuum and debate that's going on it

1543

01:03:27,270 --> 01:03:24,799

is popular to think that the mind

1544

01:03:29,349 --> 01:03:27,280

generates consciousness

1545

01:03:31,990 --> 01:03:29,359

as opposed to maybe consciousness

1546

01:03:34,789 --> 01:03:32,000

generates the mind and generates all

1547

01:03:36,950 --> 01:03:34,799

physical things after that there's no

1548

01:03:38,950 --> 01:03:36,960

looking at quantum physics somehow

1549

01:03:40,870 --> 01:03:38,960

looking at quite differently than we

1550

01:03:42,950 --> 01:03:40,880

have to the path

1551

01:03:46,230 --> 01:03:42,960

i do not believe that the brain and the

1552

01:03:47,750 --> 01:03:46,240

mind or the same thing by any stretch of

1553

01:03:49,910 --> 01:03:47,760

the imagination

1554

01:03:52,789 --> 01:03:49,920

so we're gonna have to come to a better

1555

01:03:55,109 --> 01:03:52,799

understanding of consciousness

1556

01:03:58,789 --> 01:03:55,119

um

1557

01:04:00,309 --> 01:03:58,799

i also end some of my uh talks when it

1558

01:04:02,710 --> 01:04:00,319

says uh

1559

01:04:04,549 --> 01:04:02,720

this does get maybe a bit political but

1560

01:04:06,150 --> 01:04:04,559

it says yes you are your brother's

1561

01:04:07,270 --> 01:04:06,160

keeper

1562

01:04:10,390 --> 01:04:07,280

and i

1563

01:04:12,630 --> 01:04:10,400

we keep talking about globalists now

1564

01:04:15,190 --> 01:04:12,640

being you know

1565

01:04:16,870 --> 01:04:15,200

terrible thing globally my notion is if

1566

01:04:18,789 --> 01:04:16,880

you're thinking globally you're thinking

1567

01:04:20,950 --> 01:04:18,799

too small

1568

01:04:22,789 --> 01:04:20,960

that what we're dealing with is

1569

01:04:25,670 --> 01:04:22,799

universal

1570

01:04:27,589 --> 01:04:25,680

and uh yeah these interactions which you

1571

01:04:31,589 --> 01:04:27,599

do

1572

01:04:34,870 --> 01:04:33,349

john i've got a lot of interest in

1573

01:04:36,309 --> 01:04:34,880

listener questions and i want to try and

1574

01:04:38,390 --> 01:04:36,319

get some of these answered from you if

1575

01:04:39,829 --> 01:04:38,400

you don't mind so we'll bounce about a

1576

01:04:40,630 --> 01:04:39,839

little bit with the listener questions

1577

01:04:42,309 --> 01:04:40,640

here

1578

01:04:44,470 --> 01:04:42,319

and apologies if i've not got to yours

1579

01:04:46,150 --> 01:04:44,480

because a lot of them were sent and so

1580

01:04:48,069 --> 01:04:46,160

maybe we'll get john back on in future

1581

01:04:51,190 --> 01:04:48,079

to answer some more of those

1582

01:04:53,750 --> 01:04:51,200

john the first question was from tim

1583

01:04:56,470 --> 01:04:53,760

tim asks do you believe the wilson memo

1584

01:05:00,390 --> 01:04:56,480

is legitimate if so why would admiral

1585

01:05:02,069 --> 01:05:00,400

thomas wilson refer to you as dishonest

1586

01:05:04,069 --> 01:05:02,079

uh you don't have to talk to others

1587

01:05:07,349 --> 01:05:04,079

about that i

1588

01:05:11,430 --> 01:05:07,359

i don't even know how to address it

1589

01:05:14,390 --> 01:05:11,440

i know wilson said didn't happen

1590

01:05:17,109 --> 01:05:14,400

and do you believe that that

1591

01:05:19,109 --> 01:05:17,119

uh i don't know how to address that i

1592

01:05:24,470 --> 01:05:19,119

wasn't there certainly

1593

01:05:28,390 --> 01:05:25,829

and yeah again

1594

01:05:30,230 --> 01:05:28,400

i was surprised to see that actually

1595

01:05:32,230 --> 01:05:30,240

introduced in the congressional hearing

1596

01:05:36,549 --> 01:05:32,240

so

1597

01:06:18,630 --> 01:05:37,430

i

1598

01:06:20,789 --> 01:06:18,640

called back to headquarters november

1599

01:06:22,150 --> 01:06:20,799

site was down 10 for 10 so it's even

1600

01:06:24,710 --> 01:06:22,160

greater than that

1601
01:06:27,349 --> 01:06:24,720
it is of great significance if you

1602
01:06:29,670 --> 01:06:27,359
understand the nuclear triad you're

1603
01:06:32,470 --> 01:06:29,680
dealing with things

1604
01:06:33,430 --> 01:06:32,480
of strategic importance

1605
01:06:35,750 --> 01:06:33,440
uh

1606
01:06:37,750 --> 01:06:35,760
and i also point out

1607
01:06:41,430 --> 01:06:37,760
that um

1608
01:06:43,990 --> 01:06:41,440
soviets soviets at that time had

1609
01:06:45,990 --> 01:06:44,000
other incidents that were similar but

1610
01:06:47,589 --> 01:06:46,000
interactions with their nuclear

1611
01:06:51,510 --> 01:06:47,599
facilities

1612
01:06:54,230 --> 01:06:51,520
that were equally scary

1613
01:06:56,069 --> 01:06:54,240

a question from louis g luigi asks

1614

01:06:59,349 --> 01:06:56,079

you've said that roswell was a secret

1615

01:07:03,510 --> 01:06:59,359

project is this speculation or informed

1616

01:07:03,520 --> 01:07:10,950

yeah i don't understand the question

1617

01:07:15,589 --> 01:07:13,270

so your opinion on roswell obviously

1618

01:07:17,270 --> 01:07:15,599

i've not got luigi here to ask him to to

1619

01:07:19,109 --> 01:07:17,280

reframe the question and that's the

1620

01:07:22,470 --> 01:07:19,119

wording but

1621

01:07:24,630 --> 01:07:22,480

what's your opinion on the roswell crash

1622

01:07:26,230 --> 01:07:24,640

well i'll give you my take

1623

01:07:29,349 --> 01:07:26,240

and this is one that gets me into

1624

01:07:31,430 --> 01:07:29,359

trouble because no matter what you do

1625

01:07:33,670 --> 01:07:31,440

the data from roswell

1626

01:07:35,829 --> 01:07:33,680

never all fit

1627

01:07:39,190 --> 01:07:35,839

having said that a

1628

01:07:43,109 --> 01:07:39,200

i am sure an incident happened

1629

01:07:46,870 --> 01:07:43,119

b i'm equally sure that it was ours

1630

01:07:48,150 --> 01:07:46,880

and yes it was super super super secret

1631

01:07:53,190 --> 01:07:48,160

and i

1632

01:07:56,549 --> 01:07:53,200

explained it has a terrestrial name and

1633

01:07:57,910 --> 01:07:56,559

the material the secret materials

1634

01:07:59,750 --> 01:07:57,920

um

1635

01:08:01,670 --> 01:07:59,760

talked to bill burns about this guy

1636

01:08:03,589 --> 01:08:01,680

sorry i'm on a program

1637

01:08:05,910 --> 01:08:03,599

and they had one where they brought in

1638

01:08:07,990 --> 01:08:05,920

some thin films and they set it down and

1639

01:08:10,630 --> 01:08:08,000

they had two people one of them was

1640

01:08:13,349 --> 01:08:10,640

jessie mitchell jr who i think was

1641

01:08:15,829 --> 01:08:13,359

absolutely straight arrow

1642

01:08:18,709 --> 01:08:15,839

and one of the staff sergeant who we

1643

01:08:21,349 --> 01:08:18,719

believe had their hands on the material

1644

01:08:23,910 --> 01:08:21,359

and they walked in and said have you you

1645

01:08:26,709 --> 01:08:23,920

know do you see the material here and

1646

01:08:29,189 --> 01:08:26,719

they both went yes and pointed to the

1647

01:08:34,630 --> 01:08:29,199

same thing and it absolutely existed in

1648

01:08:38,789 --> 01:08:36,229

so in your opinion

1649

01:08:41,910 --> 01:08:38,799

it was very much u.s led

1650

01:08:44,149 --> 01:08:41,920

it was a secret project absolutely of

1651
01:08:49,510 --> 01:08:44,159
strategic importance

1652
01:08:53,269 --> 01:08:51,829
fort worth dallas fort worth was

1653
01:08:55,349 --> 01:08:53,279
switched

1654
01:08:57,749 --> 01:08:55,359
because they knew

1655
01:08:59,590 --> 01:08:57,759
that the soviets would be watching this

1656
01:09:02,550 --> 01:08:59,600
had to do

1657
01:09:05,990 --> 01:09:02,560
well i'll tell you what it was it was

1658
01:09:07,829 --> 01:09:06,000
the critical issue at that time was when

1659
01:09:08,950 --> 01:09:07,839
was the soviets gonna pop their first

1660
01:09:11,430 --> 01:09:08,960
nuke

1661
01:09:14,229 --> 01:09:11,440
because until that time we were the only

1662
01:09:17,430 --> 01:09:14,239
one that had a nuclear weapon

1663
01:09:19,510 --> 01:09:17,440

and it was absolutely imperative that we

1664

01:09:22,229 --> 01:09:19,520

understand

1665

01:09:26,070 --> 01:09:22,239

when they had crossed that threshold

1666

01:09:28,149 --> 01:09:26,080

because it changes the geopolitical

1667

01:09:31,510 --> 01:09:28,159

side of the world

1668

01:09:33,030 --> 01:09:31,520

and uh it had to do with sensory systems

1669

01:09:36,229 --> 01:09:33,040

that uh

1670

01:09:39,030 --> 01:09:36,239

that's what they were looking for

1671

01:09:42,070 --> 01:09:39,040

question from jean francois he says mr

1672

01:09:44,229 --> 01:09:42,080

alexander you've said that you're 98

1673

01:09:46,950 --> 01:09:44,239

sure the u.s government is not in

1674

01:09:50,550 --> 01:09:46,960

possession of non-human technology can

1675

01:09:54,160 --> 01:09:53,669

well that's fairly definitive

1676

01:09:55,510 --> 01:09:54,170

um

1677

01:09:57,910 --> 01:09:55,520

[Music]

1678

01:10:00,709 --> 01:09:57,920

i've seen the stuff on meta materials

1679

01:10:02,790 --> 01:10:00,719

and the problem with almost all the

1680

01:10:04,149 --> 01:10:02,800

samples i'm familiar with is the

1681

01:10:07,669 --> 01:10:04,159

providence

1682

01:10:10,070 --> 01:10:07,679

and it was where did it really come from

1683

01:10:11,510 --> 01:10:10,080

and a lot of work being done looking at

1684

01:10:13,270 --> 01:10:11,520

some things have interesting

1685

01:10:15,669 --> 01:10:13,280

characteristics

1686

01:10:21,830 --> 01:10:19,990

what i'm 100 sure of is we have not done

1687

01:10:23,910 --> 01:10:21,840

reverse engineering

1688

01:10:27,110 --> 01:10:23,920

and are flying

1689

01:10:29,430 --> 01:10:27,120

you know craft around or

1690

01:10:31,510 --> 01:10:29,440

interspace or

1691

01:10:34,630 --> 01:10:31,520

you know

1692

01:10:37,350 --> 01:10:34,640

anyplace else in intergalactic travel or

1693

01:10:40,390 --> 01:10:37,360

in there and my point

1694

01:10:42,790 --> 01:10:40,400

is that if we understood

1695

01:10:45,270 --> 01:10:42,800

ufos at that point

1696

01:10:46,550 --> 01:10:45,280

flying things around would be relatively

1697

01:10:49,270 --> 01:10:46,560

trivial

1698

01:10:52,070 --> 01:10:49,280

the point there and you know what we

1699

01:10:54,390 --> 01:10:52,080

discussed earlier energy

1700

01:10:58,470 --> 01:10:54,400

you would have to understand a

1701
01:11:00,630 --> 01:10:58,480
fundamental different source of energy

1702
01:11:02,709 --> 01:11:00,640
and that changes the world

1703
01:11:04,870 --> 01:11:02,719
and you do not see that

1704
01:11:07,669 --> 01:11:04,880
and the other thing is even if you have

1705
01:11:10,830 --> 01:11:07,679
zero point whatever you want look at

1706
01:11:12,550 --> 01:11:10,840
if you look at what it's taking to

1707
01:11:13,590 --> 01:11:12,560
integrate

1708
01:11:15,350 --> 01:11:13,600
you know

1709
01:11:17,350 --> 01:11:15,360
solar energy

1710
01:11:18,950 --> 01:11:17,360
electric cars a great one that's coming

1711
01:11:21,270 --> 01:11:18,960
along now

1712
01:11:23,189 --> 01:11:21,280
it's going to take decades to actually

1713
01:11:24,950 --> 01:11:23,199

integrate that to where it becomes

1714

01:11:27,110 --> 01:11:24,960

standard

1715

01:11:29,990 --> 01:11:27,120

university available and all that so if

1716

01:11:32,310 --> 01:11:30,000

you had some other energy source

1717

01:11:35,430 --> 01:11:32,320

if i had a pound of unobtainium that

1718

01:11:37,510 --> 01:11:35,440

could get a you know a million miles per

1719

01:11:40,630 --> 01:11:37,520

pound

1720

01:11:43,110 --> 01:11:40,640

you couldn't put in your car

1721

01:11:46,229 --> 01:11:43,120

it wouldn't turn the crankshaft

1722

01:11:49,270 --> 01:11:46,239

so there's so much that goes beyond that

1723

01:11:50,470 --> 01:11:49,280

and so i'm absolutely sure that we have

1724

01:11:51,990 --> 01:11:50,480

not seen

1725

01:11:54,470 --> 01:11:52,000

those sorts of things and make those

1726

01:11:57,510 --> 01:11:54,480

kind of advances

1727

01:11:59,510 --> 01:11:57,520

we change the geopolitical situation

1728

01:12:02,070 --> 01:11:59,520

and do a lot towards stability in the

1729

01:12:04,229 --> 01:12:02,080

world actually

1730

01:12:07,590 --> 01:12:04,239

absolutely a question from the tree of

1731

01:12:10,229 --> 01:12:07,600

life what phenomena from mr alexander's

1732

01:12:13,110 --> 01:12:10,239

time working with stubblebane's psychic

1733

01:12:14,709 --> 01:12:13,120

spies stood out most to him and also

1734

01:12:17,910 --> 01:12:14,719

what's your take on the mechanics of

1735

01:12:23,430 --> 01:12:22,070

excuse me no you're okay

1736

01:12:34,830 --> 01:12:23,440

i

1737

01:12:38,229 --> 01:12:34,840

does

1738

01:12:41,350 --> 01:12:38,239

work the closeness that i heard that

1739

01:12:43,030 --> 01:12:41,360

made a lot of sense if you know bob john

1740

01:12:45,110 --> 01:12:43,040

would be in the dean school of

1741

01:12:47,430 --> 01:12:45,120

engineering at princeton

1742

01:12:50,950 --> 01:12:47,440

and we were in a meeting

1743

01:12:53,750 --> 01:12:50,960

i was actually at uh

1744

01:12:56,070 --> 01:12:53,760

office of naval research at the time

1745

01:12:57,830 --> 01:12:56,080

and these sorts of things came up and

1746

01:12:59,750 --> 01:12:57,840

what they're saying again it gets back

1747

01:13:02,070 --> 01:12:59,760

to a consciousness thing

1748

01:13:03,830 --> 01:13:02,080

or that what you're doing is information

1749

01:13:06,630 --> 01:13:03,840

because one of the questions that comes

1750

01:13:08,229 --> 01:13:06,640

up is where does the energy come from if

1751

01:13:09,350 --> 01:13:08,239

you were assuming

1752

01:13:11,430 --> 01:13:09,360

that uh

1753

01:13:13,990 --> 01:13:11,440

energy can either be created or

1754

01:13:15,350 --> 01:13:14,000

destroyed is it worth the energy that

1755

01:13:17,030 --> 01:13:15,360

makes it better

1756

01:13:18,470 --> 01:13:17,040

and he says well i think it's simpler

1757

01:13:20,550 --> 01:13:18,480

than that

1758

01:13:22,630 --> 01:13:20,560

what's actually happening is it's the

1759

01:13:23,990 --> 01:13:22,640

information that tells the spoon to be

1760

01:13:25,830 --> 01:13:24,000

able to spoon

1761

01:13:27,350 --> 01:13:25,840

and that changes

1762

01:13:29,430 --> 01:13:27,360

and

1763

01:13:31,270 --> 01:13:29,440

allows the spoon to move

1764

01:13:33,430 --> 01:13:31,280

i think what they're asking is you know

1765

01:13:34,950 --> 01:13:33,440

in terms of you know cloud bursting

1766

01:13:37,910 --> 01:13:34,960

remote viewing and these various

1767

01:13:39,990 --> 01:13:37,920

different types of you know

1768

01:13:42,630 --> 01:13:40,000

phenomena is there one you particularly

1769

01:13:45,030 --> 01:13:42,640

find most intriguing

1770

01:13:46,709 --> 01:13:45,040

no i'll go back to

1771

01:13:49,350 --> 01:13:46,719

my comment again when i'm doing

1772

01:13:50,709 --> 01:13:49,360

presentations and that is that

1773

01:13:52,470 --> 01:13:50,719

these are all

1774

01:13:55,830 --> 01:13:52,480

interrelated

1775

01:14:01,030 --> 01:13:55,840

and that consciousness is obviously

1776

01:14:04,950 --> 01:14:02,790

that consciousness idea is one that i

1777

01:14:07,110 --> 01:14:04,960

think more and more people yeah i like

1778

01:14:09,030 --> 01:14:07,120

to discuss now that it's you know again

1779

01:14:10,870 --> 01:14:09,040

that connectivity between people you've

1780

01:14:12,310 --> 01:14:10,880

mentioned the universe and

1781

01:14:14,550 --> 01:14:12,320

everything being connected would

1782

01:14:17,110 --> 01:14:14,560

certainly make a lot more sense a

1783

01:14:18,390 --> 01:14:17,120

question from nathan he asks if you

1784

01:14:21,189 --> 01:14:18,400

could go back

1785

01:14:23,350 --> 01:14:21,199

and change how we study this phenomenon

1786

01:14:24,310 --> 01:14:23,360

from the beginning how would you change

1787

01:14:32,149 --> 01:14:24,320

things

1788

01:14:37,590 --> 01:14:35,350

i again that's that's a really tough

1789

01:14:38,870 --> 01:14:37,600

question i'm not sure you would change

1790

01:14:41,510 --> 01:14:38,880

it

1791

01:14:42,950 --> 01:14:41,520

but you have to look at

1792

01:14:45,510 --> 01:14:42,960

these things progress you've got to

1793

01:14:46,950 --> 01:14:45,520

understand this is a constant

1794

01:14:49,590 --> 01:14:46,960

progression

1795

01:14:51,590 --> 01:14:49,600

and so things are built one on the other

1796

01:14:54,870 --> 01:14:51,600

and so it's not until you start to

1797

01:14:57,270 --> 01:14:54,880

understand pieces of it that you say oh

1798

01:14:59,270 --> 01:14:57,280

i would change something else so if you

1799

01:15:01,189 --> 01:14:59,280

went back and changed it fundamentally

1800

01:15:02,390 --> 01:15:01,199

back here i'm not sure that would have

1801
01:15:04,310 --> 01:15:02,400
helped

1802
01:15:07,189 --> 01:15:04,320
um at all

1803
01:15:08,870 --> 01:15:07,199
that this is

1804
01:15:10,550 --> 01:15:08,880
science and when that is actually a

1805
01:15:12,070 --> 01:15:10,560
process

1806
01:15:14,550 --> 01:15:12,080
and that

1807
01:15:16,630 --> 01:15:14,560
i'll get very political here

1808
01:15:18,310 --> 01:15:16,640
um one of the things i was concerned

1809
01:15:20,470 --> 01:15:18,320
about in the middle east is when we

1810
01:15:22,870 --> 01:15:20,480
started talking about we're going to

1811
01:15:23,830 --> 01:15:22,880
create democracies

1812
01:15:26,390 --> 01:15:23,840
and

1813
01:15:28,229 --> 01:15:26,400

now democratization is a process or

1814

01:15:29,350 --> 01:15:28,239

certain steps that you have to go

1815

01:15:31,990 --> 01:15:29,360

through

1816

01:15:33,430 --> 01:15:32,000

in order to create the democracy you

1817

01:15:35,430 --> 01:15:33,440

have achieved that

1818

01:15:37,590 --> 01:15:35,440

i think the same thing is true in many

1819

01:15:39,910 --> 01:15:37,600

of these science issues there are

1820

01:15:42,390 --> 01:15:39,920

certain steps that you've got to go

1821

01:15:44,950 --> 01:15:42,400

through to get there you can't just

1822

01:15:46,630 --> 01:15:44,960

you know jump and make quantum leaps to

1823

01:15:48,790 --> 01:15:46,640

the end product

1824

01:15:51,669 --> 01:15:48,800

without understanding it

1825

01:15:54,550 --> 01:15:51,679

i'll give an example

1826

01:15:56,950 --> 01:15:54,560

nuclear weapons and i was at los alamos

1827

01:15:58,390 --> 01:15:56,960

national laboratory which is a nuclear

1828

01:15:59,750 --> 01:15:58,400

weapons lab

1829

01:16:02,550 --> 01:15:59,760

and

1830

01:16:03,430 --> 01:16:02,560

we're looking at a number of things

1831

01:16:05,590 --> 01:16:03,440

and

1832

01:16:08,070 --> 01:16:05,600

has come to other countries were

1833

01:16:09,750 --> 01:16:08,080

developing this was late

1834

01:16:12,149 --> 01:16:09,760

maybe 90s

1835

01:16:14,229 --> 01:16:12,159

looking at countries kind of stumbling

1836

01:16:15,030 --> 01:16:14,239

around

1837

01:16:16,950 --> 01:16:15,040

and

1838

01:16:20,390 --> 01:16:16,960

our our scientists are looking at that

1839

01:16:22,950 --> 01:16:20,400

that makes no sense what's so ill why in

1840

01:16:25,350 --> 01:16:22,960

the world were they doing that

1841

01:16:28,149 --> 01:16:25,360

and they went to gordon sumner who had

1842

01:16:30,709 --> 01:16:28,159

hired many of the original

1843

01:16:33,350 --> 01:16:30,719

nuclear scientists that worked with it

1844

01:16:35,030 --> 01:16:33,360

they go oh yeah that's what we did in

1845

01:16:36,870 --> 01:16:35,040

other words you had to go through this

1846

01:16:39,830 --> 01:16:36,880

process you couldn't just

1847

01:16:40,709 --> 01:16:39,840

jump out to the end product

1848

01:16:41,910 --> 01:16:40,719

the

1849

01:16:45,830 --> 01:16:41,920

process

1850

01:16:50,630 --> 01:16:48,470

question from bob mcguire bob attended

1851

01:16:53,750 --> 01:16:50,640

the scu event that you were part of

1852

01:16:55,750 --> 01:16:53,760

recently and he mentions eric davis uh

1853

01:16:58,470 --> 01:16:55,760

was uh someone you spoke to apparently

1854

01:17:00,709 --> 01:16:58,480

outside for around 20 minutes and bob

1855

01:17:02,550 --> 01:17:00,719

mentions what was eric upset about and

1856

01:17:04,950 --> 01:17:02,560

is that a conversation you can shed any

1857

01:17:07,910 --> 01:17:04,960

light on

1858

01:17:10,229 --> 01:17:07,920

um what would be upset about

1859

01:17:12,390 --> 01:17:10,239

i don't know i'll give bob a call if you

1860

01:17:14,229 --> 01:17:12,400

want to

1861

01:17:16,790 --> 01:17:14,239

that's when you can get filled in on

1862

01:17:18,229 --> 01:17:16,800

potentially later on um that's a very

1863

01:17:20,229 --> 01:17:18,239

interesting event with a lot of very

1864

01:17:22,390 --> 01:17:20,239

interesting players at that event as

1865

01:17:23,830 --> 01:17:22,400

well i saw the the pictures online and i

1866

01:17:25,669 --> 01:17:23,840

would love to get over to one of those

1867

01:17:26,470 --> 01:17:25,679

myself in the future

1868

01:17:27,990 --> 01:17:26,480

um

1869

01:17:29,990 --> 01:17:28,000

the next question john it's a little bit

1870

01:17:32,470 --> 01:17:30,000

of a longer one so bear with me but i've

1871

01:17:35,110 --> 01:17:32,480

got some context behind it this is from

1872

01:17:36,630 --> 01:17:35,120

james ian doley uh from engaging the

1873

01:17:38,390 --> 01:17:36,640

phenomena channel

1874

01:17:40,950 --> 01:17:38,400

and he's asked if i can ask you about

1875

01:17:44,470 --> 01:17:40,960

the alleged stephen grier stubble bind

1876

01:17:46,709 --> 01:17:44,480

meeting or encounter at the 1992 treat

1877

01:17:48,950 --> 01:17:46,719

event and a treat event as treatment and

1878

01:17:50,070 --> 01:17:48,960

research and to experience anomalous

1879

01:17:52,470 --> 01:17:50,080

trauma

1880

01:17:54,630 --> 01:17:52,480

um james has a post on his youtube

1881

01:17:57,189 --> 01:17:54,640

channel about this people can check out

1882

01:17:58,790 --> 01:17:57,199

um on that there's claims that several

1883

01:18:00,229 --> 01:17:58,800

intelligence community officials

1884

01:18:03,189 --> 01:18:00,239

including yourself

1885

01:18:05,590 --> 01:18:03,199

spoke to dr greer in a hotel room and he

1886

01:18:08,470 --> 01:18:05,600

was offered either millions of dollars

1887

01:18:12,149 --> 01:18:08,480

up front or access to this money for

1888

01:18:14,149 --> 01:18:12,159

funding but it couldn't go public um you

1889

01:18:16,310 --> 01:18:14,159

commented on the video yourself on

1890

01:18:18,550 --> 01:18:16,320

youtube actually around seven months ago

1891

01:18:19,910 --> 01:18:18,560

saying the event happened but the rest

1892

01:18:21,750 --> 01:18:19,920

is bs

1893

01:18:24,390 --> 01:18:21,760

and follow-up to james asking if a

1894

01:18:27,510 --> 01:18:24,400

private meeting did happen with dr greer

1895

01:18:30,390 --> 01:18:27,520

um can you confirm this or not

1896

01:18:34,470 --> 01:18:30,400

what i confirm is i did say it was

1897

01:18:37,189 --> 01:18:34,480

[h__h] and it it absolutely is

1898

01:18:40,870 --> 01:18:37,199

nobody offered him anything we were kind

1899

01:18:42,709 --> 01:18:40,880

of surprised burke subtle wine was there

1900

01:18:44,790 --> 01:18:42,719

and

1901

01:18:47,110 --> 01:18:44,800

i think this was one in mesquite where

1902

01:18:47,990 --> 01:18:47,120

he suddenly burst on the scene

1903

01:18:49,750 --> 01:18:48,000

uh

1904

01:18:53,030 --> 01:18:49,760

i don't know of anybody who offered him

1905

01:18:55,189 --> 01:18:53,040

a time for anything

1906

01:18:56,709 --> 01:18:55,199

and thanks for that and i appreciate you

1907

01:18:59,430 --> 01:18:56,719

listening to that longer question as

1908

01:19:01,990 --> 01:18:59,440

well and uh thanks to james for sending

1909

01:19:05,270 --> 01:19:02,000

it in and final question from eric

1910

01:19:08,390 --> 01:19:05,280

can you share any details of any service

1911

01:19:13,350 --> 01:19:08,400

men or women being injured by uap that

1912

01:19:16,630 --> 01:19:14,310

well

1913

01:19:23,270 --> 01:19:19,910

easy answer would be no

1914

01:19:25,510 --> 01:19:23,280

the other there's a case oh

1915

01:19:29,910 --> 01:19:25,520

oh what's the famous case

1916

01:19:33,590 --> 01:19:29,920

i think over ohio were a uh

1917

01:19:34,470 --> 01:19:33,600

aircraft this was fairly early on

1918

01:19:37,510 --> 01:19:34,480

but

1919

01:19:38,790 --> 01:19:37,520

did not have enough

1920

01:19:41,430 --> 01:19:38,800

you know

1921

01:19:43,910 --> 01:19:41,440

oxygen life support systems that went up

1922

01:19:45,430 --> 01:19:43,920

there and supposedly went out of control

1923

01:19:48,070 --> 01:19:45,440

and crashed

1924

01:19:49,750 --> 01:19:48,080

and highly controversial as to what had

1925

01:19:51,910 --> 01:19:49,760

caused

1926

01:19:55,030 --> 01:19:51,920

that to crash so that certainly would be

1927

01:20:01,669 --> 01:19:55,040

uh on a specific example

1928

01:20:04,630 --> 01:20:03,030

i guess one of the things i would

1929

01:20:05,910 --> 01:20:04,640

recommend to people

1930

01:20:08,790 --> 01:20:05,920

interested in

1931

01:20:13,350 --> 01:20:11,270

particularly from skinwalker ranch and

1932

01:20:15,750 --> 01:20:13,360

one of the big issues has been the

1933

01:20:18,390 --> 01:20:15,760

hitchhiker effect

1934

01:20:19,189 --> 01:20:18,400

in other people now i will say i have

1935

01:20:21,590 --> 01:20:19,199

not

1936

01:20:22,709 --> 01:20:21,600

had that problem but i do know several

1937

01:20:24,470 --> 01:20:22,719

people

1938

01:20:25,270 --> 01:20:24,480

who have

1939

01:20:27,990 --> 01:20:25,280

uh

1940

01:20:30,629 --> 01:20:28,000

now if you because that's not directly

1941

01:20:33,270 --> 01:20:30,639

ufos but i would recommend

1942

01:20:36,550 --> 01:20:33,280

skin walkers in the pentagon

1943

01:20:39,030 --> 01:20:36,560

there's a book that uh mccaskey colin

1944

01:20:41,189 --> 01:20:39,040

callahar and george knapp wrote that one

1945

01:20:44,149 --> 01:20:41,199

up

1946

01:20:46,390 --> 01:20:44,159

yeah not someone yet and uh i had a

1947

01:20:48,470 --> 01:20:46,400

chance to talk to axelrod

1948

01:20:50,870 --> 01:20:48,480

and uh

1949

01:20:53,830 --> 01:20:50,880

you know the thing now i'll give you the

1950

01:20:56,149 --> 01:20:53,840

downside of where that all goes people

1951

01:21:00,550 --> 01:20:56,159

don't realize they talk about the

1952

01:21:03,510 --> 01:21:00,560

uap program in the pentagon and

1953

01:21:06,390 --> 01:21:03,520

you know the incidents with the various

1954

01:21:12,149 --> 01:21:08,709

all true and straightforward

1955

01:21:14,390 --> 01:21:12,159

this program well off saf

1956

01:21:15,590 --> 01:21:14,400

really started

1957

01:21:17,669 --> 01:21:15,600

uh

1958

01:21:20,310 --> 01:21:17,679

because of

1959

01:21:23,189 --> 01:21:20,320

georgian columns earlier book

1960

01:21:24,709 --> 01:21:23,199

on hunt for the skid walker

1961

01:21:27,750 --> 01:21:24,719

in other words they were looking for

1962

01:21:28,150 --> 01:21:27,760

creepy crawlers so it was not restricted

1963

01:21:29,430 --> 01:21:28,160

to

1964

01:21:30,550 --> 01:21:29,440

[Music]

1965

01:21:33,910 --> 01:21:30,560

uh

1966

01:21:36,149 --> 01:21:33,920

you know looking for ufos per se

1967

01:21:39,830 --> 01:21:36,159

i think from a political perspective

1968

01:21:42,790 --> 01:21:39,840

this is very very dangerous

1969

01:21:44,390 --> 01:21:42,800

again the political ramifications are to

1970

01:21:46,390 --> 01:21:44,400

say

1971

01:21:48,070 --> 01:21:46,400

you want to fund money to hunt

1972

01:21:51,030 --> 01:21:48,080

werewolves

1973

01:21:54,550 --> 01:21:51,040

and again you get from

1974

01:21:58,070 --> 01:21:54,560

if i were in opposition research i'd say

1975

01:22:01,430 --> 01:21:58,080

you know marco wants to uh fund fund

1976

01:22:02,950 --> 01:22:01,440

werewolf studies and he he won't fund uh

1977

01:22:04,070 --> 01:22:02,960

children's health

1978

01:22:05,830 --> 01:22:04,080

uh so

1979

01:22:23,110 --> 01:22:05,840

whatever the issue that that one

1980

01:22:29,510 --> 01:22:25,669

it belongs in in the civilian sector

1981

01:22:32,870 --> 01:22:29,520

that's certainly what brandon is doing

1982

01:22:37,669 --> 01:22:35,669

that's kind of rambling i guess

1983

01:22:40,550 --> 01:22:37,679

the answer i mean the short answer is i

1984

01:22:44,310 --> 01:22:40,560

don't know of anybody who's been burned

1985

01:22:45,910 --> 01:22:44,320

but we do know of people and kent has

1986

01:22:48,229 --> 01:22:45,920

looked at

1987

01:22:50,790 --> 01:22:48,239

i think around 300 now

1988

01:22:52,950 --> 01:22:50,800

of people who've had but this is from

1989

01:22:54,950 --> 01:22:52,960

interactions

1990

01:22:57,189 --> 01:22:54,960

you know the secondary and tertiary

1991

01:23:00,070 --> 01:22:57,199

effects if you will as opposed to i got

1992

01:23:02,470 --> 01:23:00,080

burned by the ufos and there are cases

1993

01:23:05,110 --> 01:23:02,480

of individuals who have had radiation

1994

01:23:07,189 --> 01:23:05,120

growth uh the most classic i think is

1995

01:23:09,830 --> 01:23:07,199

cash landrieu

1996

01:23:12,709 --> 01:23:09,840

you go back to 1980

1997

01:23:15,590 --> 01:23:12,719

uh absolutely happened

1998

01:23:18,790 --> 01:23:15,600

their story was highly credible

1999

01:23:21,030 --> 01:23:18,800

in that they uh the amount of radio

2000

01:23:24,709 --> 01:23:21,040

the damn physical damage that occurred

2001
01:23:26,310 --> 01:23:24,719
to them is directly proportional to this

2002
01:23:27,750 --> 01:23:26,320
you know their

2003
01:23:30,149 --> 01:23:27,760
study

2004
01:23:32,470 --> 01:23:30,159
was

2005
01:23:34,390 --> 01:23:32,480
cash got out got in front of the car she

2006
01:23:36,709 --> 01:23:34,400
had whole body radiation

2007
01:23:37,750 --> 01:23:36,719
died from leukemia later

2008
01:23:39,350 --> 01:23:37,760
uh

2009
01:23:41,830 --> 01:23:39,360
one room was

2010
01:23:44,229 --> 01:23:41,840
behind the door didn't get as much

2011
01:23:46,390 --> 01:23:44,239
cody the little boy got three things

2012
01:23:47,510 --> 01:23:46,400
saying ran around jumped back

2013
01:23:50,390 --> 01:23:47,520

and

2014

01:23:52,070 --> 01:23:50,400

those two who were shielded had less

2015

01:23:55,189 --> 01:23:52,080

radiation

2016

01:23:56,070 --> 01:23:55,199

so that they were physically exposed to

2017

01:23:58,950 --> 01:23:56,080

some

2018

01:24:01,350 --> 01:23:58,960

radiation is absolutely certain

2019

01:24:03,270 --> 01:24:01,360

um

2020

01:24:06,950 --> 01:24:03,280

but the helicopters weren't ours like

2021

01:24:10,390 --> 01:24:08,870

john it's been a fascinating discussion

2022

01:24:12,229 --> 01:24:10,400

with you and i've appreciated your time

2023

01:24:14,629 --> 01:24:12,239

you've been very very generous and again

2024

01:24:16,390 --> 01:24:14,639

thank you for for rescheduling there was

2025

01:24:18,070 --> 01:24:16,400

a whole lot of questions i was sent over

2026

01:24:19,750 --> 01:24:18,080

that i never got to so hopefully in the

2027

01:24:21,189 --> 01:24:19,760

near future we can we can get to those

2028

01:24:23,270 --> 01:24:21,199

at some point and get those answered as

2029

01:24:25,030 --> 01:24:23,280

well if you would do me the honor and

2030

01:24:26,550 --> 01:24:25,040

john just before we finish up is there

2031

01:24:27,910 --> 01:24:26,560

anything you're working on at the moment

2032

01:24:29,669 --> 01:24:27,920

that uh have you got any more books

2033

01:24:32,229 --> 01:24:29,679

coming out or any appearances coming up

2034

01:24:33,510 --> 01:24:32,239

you can let anyone know of

2035

01:24:36,950 --> 01:24:33,520

no

2036

01:24:42,070 --> 01:24:39,110

as i'm very concerned about where the

2037

01:24:45,350 --> 01:24:42,080

world's going at the moment

2038

01:24:47,990 --> 01:24:45,360

i think that american democracy is in

2039

01:24:50,550 --> 01:24:48,000

deep trouble and

2040

01:24:52,950 --> 01:24:50,560

you know where this all goes good luck

2041

01:24:54,950 --> 01:24:52,960

with boris and uh following on there in

2042

01:24:56,470 --> 01:24:54,960

the uk yeah i was going to say we we

2043

01:24:58,390 --> 01:24:56,480

can't comment in the uk at the minute

2044

01:25:01,030 --> 01:24:58,400

about anyone's political state given

2045

01:25:02,629 --> 01:25:01,040

what's going on here so it's uh

2046

01:25:05,030 --> 01:25:02,639

it's um it's all a bit of a mess all

2047

01:25:07,110 --> 01:25:05,040

worldwide but at least we've got the ufo

2048

01:25:08,790 --> 01:25:07,120

subject to talk about to to take our

2049

01:25:10,310 --> 01:25:08,800

minds off something else for a while but

2050

01:25:12,870 --> 01:25:10,320

john again thank you very much for your

2051

01:25:15,030 --> 01:25:12,880

time that is all for this week's show

2052

01:25:17,189 --> 01:25:15,040

thank you very much for listening please

2053

01:25:19,669 --> 01:25:17,199

remember to leave the podcast review on

2054

01:25:21,990 --> 01:25:19,679

your chosen platform you can like

2055

01:25:23,910 --> 01:25:22,000

retweet and subscribe that would all be

2056

01:25:26,070 --> 01:25:23,920

very much appreciated the shows are

2057

01:25:27,590 --> 01:25:26,080

being uploaded onto youtube as we speak

2058

01:25:30,070 --> 01:25:27,600

more and more you can sign up at

2059

01:25:32,790 --> 01:25:30,080

patreon.com forward slash that ufo

2060

01:25:35,030 --> 01:25:32,800

podcast to access shows ad free as well

2061

01:25:37,830 --> 01:25:35,040

please get in touch on twitter facebook

2062

01:25:41,030 --> 01:25:37,840

instagram that ufo podcast of course on

2063

01:25:43,189 --> 01:25:41,040

twitter it's at ufo ufouapam

2064

01:25:45,740 --> 01:25:43,199

and again folks as always keep looking

2065

01:26:04,070 --> 01:25:45,750

up you never know what you might see

2066

01:26:22,310 --> 01:26:16,460

[Music]

2067

01:26:43,030 --> 01:26:23,750

i can't imagine how it could have been

2068

01:26:48,950 --> 01:26:44,390

there was something on my head and

2069

01:26:48,960 --> 01:26:56,100

it was a everything

2070

01:27:21,430 --> 01:27:01,660

[Music]

2071

01:27:21,440 --> 01:27:25,420

for being serious

2072

01:27:37,610 --> 01:27:31,790

[Music]

2073

01:27:48,470 --> 01:27:37,620

foreign

2074

01:27:50,680 --> 01:27:48,480

[Music]

2075

01:28:06,149 --> 01:27:50,690

foreign

2076

01:28:06,159 --> 01:28:10,970

so
