ROBIN HANSON
GRABBY ALIENS

1
00:00:03,830 --> 00:00:01,990
they're not gonna like

2
00:00:05,829 --> 00:00:03,840
send us the galactic encyclopedia of

3
00:00:06,710 --> 00:00:05,839
their history

4
00:00:08,950 --> 00:00:06,720
right

5
00:00:11,589 --> 00:00:08,960
not gonna hand us you know technology

6
00:00:13,910 --> 00:00:11,599
for fusion right unless they can do that

7
00:00:15,270 --> 00:00:13,920
without saying much but

8
00:00:17,189 --> 00:00:15,280
under this hypothesis we would

9
00:00:18,870 --> 00:00:17,199
eventually be convinced yeah it's really

10
00:00:20,550 --> 00:00:18,880
going on it's really there

11
00:00:23,189 --> 00:00:20,560
it's really happening

12
00:00:25,029 --> 00:00:23,199
and that's and that's worth knowing but

13
00:00:26,390 --> 00:00:25,039

so interestingly under this hypothesis

14

00:00:28,230 --> 00:00:26,400

they don't think there are much of a

15

00:00:30,150 --> 00:00:28,240

rust to persuade us of this

16

00:00:31,990 --> 00:00:30,160

they got a lot of time so therefore

17

00:00:33,590 --> 00:00:32,000

we're not almost at this point where

18

00:00:35,110 --> 00:00:33,600

they're worried about us right so

19

00:00:36,790 --> 00:00:35,120

presumably they've got a button

20

00:00:39,350 --> 00:00:36,800

somewhere and if we get too uppity they

21

00:00:41,350 --> 00:00:39,360

push the button and we're gone

22

00:00:43,990 --> 00:00:41,360

and so the reset button

23

00:00:45,910 --> 00:00:44,000

yeah well the thing that erases us but

24

00:00:47,110 --> 00:00:45,920

you know if we got too threatening to

25

00:00:48,549 --> 00:00:47,120

them too

26

00:00:50,630 --> 00:00:48,559

too capable

27

00:00:52,150 --> 00:00:50,640

of say finding them and destroying them

28

00:00:54,790 --> 00:00:52,160

or expanding without them being able to

29

00:00:56,950 --> 00:00:54,800

stop us then before we got to that point

30

00:00:58,869 --> 00:00:56,960

they would be able to just stop us

31

00:01:01,349 --> 00:00:58,879

right that has to be true they have to

32

00:01:03,750 --> 00:01:01,359

have such a thing ready and plausibly

33

00:01:05,750 --> 00:01:03,760

they they don't think we're close

34

00:01:06,870 --> 00:01:05,760

they're not in a rush right

35

00:01:08,149 --> 00:01:06,880

because

36

00:01:09,590 --> 00:01:08,159

otherwise they would be a little more

37

00:01:10,789 --> 00:01:09,600

aggressive about showing themselves to

38

00:01:12,149 --> 00:01:10,799

make sure we solve them right and

39

00:01:13,990 --> 00:01:12,159

they're not that aggressive they're

40

00:01:15,910 --> 00:01:14,000

hanging out at the edge and they're they

41

00:01:17,990 --> 00:01:15,920

seem to be okay with that they seem to
