DARK MATTER MONSTERS

1
00:00:06,190 --> 00:00:02,310
this is ross coulthard and you are

2
00:00:10,390 --> 00:00:06,200
listening to that ufo podcast

3
00:00:15,110 --> 00:00:12,950
hi everyone and welcome back to that ufo

4
00:00:17,269 --> 00:00:15,120
podcast my name is andy and joining me

5
00:00:19,109 --> 00:00:17,279
for his third appearance or now joint

6
00:00:21,990 --> 00:00:19,119
record holder on the podcast you can see

7
00:00:23,750 --> 00:00:22,000
him on video folks uh as author and

8
00:00:25,589 --> 00:00:23,760
remote viewer you might remember him

9
00:00:27,429 --> 00:00:25,599
from our previous interviews discussing

10
00:00:29,029 --> 00:00:27,439
resonance or remote viewing i have

11
00:00:31,589 --> 00:00:29,039
simeon heinz sim welcome back to the

12
00:00:33,590 --> 00:00:31,599
podcast thanks a lot andy great to see

13
00:00:36,389 --> 00:00:33,600

you for the first time in one of our

14

00:00:37,830 --> 00:00:36,399

conversations here yes it's uh and dan

15

00:00:39,830 --> 00:00:37,840

is going to really appreciate this one

16

00:00:41,750 --> 00:00:39,840

because if you're watching on youtube

17

00:00:43,430 --> 00:00:41,760

it's already set up for youtube as well

18

00:00:45,750 --> 00:00:43,440

so less for him to do in terms of

19

00:00:47,270 --> 00:00:45,760

editing and stuff so um hope everyone

20

00:00:49,270 --> 00:00:47,280

enjoys this and i'm looking forward to

21

00:00:51,830 --> 00:00:49,280

it because uh sim you've got a new book

22

00:00:53,750 --> 00:00:51,840

out dark matter monsters

23

00:00:55,910 --> 00:00:53,760

ball lightning and the signs of secret

24

00:00:58,709 --> 00:00:55,920

live forms you are very well prepared

25

00:01:00,389 --> 00:00:58,719

there you go with a picture of it too

26
00:01:02,470 --> 00:01:00,399
really interesting book and i was saying

27
00:01:04,149 --> 00:01:02,480
to you before we recall that

28
00:01:06,630 --> 00:01:04,159
i love the way it's written because an

29
00:01:08,310 --> 00:01:06,640
idiot like me can understand some really

30
00:01:09,750 --> 00:01:08,320
difficult topics that you're you're

31
00:01:11,910 --> 00:01:09,760
presenting and they're presented really

32
00:01:13,910 --> 00:01:11,920
clearly and really well in a way that i

33
00:01:16,070 --> 00:01:13,920
go ah okay i can see how that's

34
00:01:17,830 --> 00:01:16,080
connected to this but i've got a lot of

35
00:01:20,230 --> 00:01:17,840
questions for you and the audience did

36
00:01:21,990 --> 00:01:20,240
too so i want to get right into things

37
00:01:24,390 --> 00:01:22,000
so at the beginning of the book and the

38
00:01:26,230 --> 00:01:24,400

preface you mentioned as a child your

39

00:01:29,749 --> 00:01:26,240

mother read you the book where the wild

40

00:01:32,149 --> 00:01:29,759

things are by morris sendak um and that

41

00:01:34,950 --> 00:01:32,159

you knew this was a story and it wasn't

42

00:01:36,710 --> 00:01:34,960

real but in the real world there are

43

00:01:37,990 --> 00:01:36,720

monsters out there as we know them in

44

00:01:39,910 --> 00:01:38,000

these tales

45

00:01:42,469 --> 00:01:39,920

do you believe that over millennia and

46

00:01:45,270 --> 00:01:42,479

over centuries many of those tales that

47

00:01:47,590 --> 00:01:45,280

we now think of are noah's fantasy are

48

00:01:50,069 --> 00:01:47,600

actually rooted in in truth but the

49

00:01:52,310 --> 00:01:50,079

storytelling and changes in society

50

00:01:54,389 --> 00:01:52,320

we've kind of lost that connection to to

51
00:01:55,910 --> 00:01:54,399
what they once were

52
00:01:59,350 --> 00:01:55,920
andy that's a great question again

53
00:02:01,429 --> 00:01:59,360
thanks again for having me here today um

54
00:02:05,109 --> 00:02:01,439
i have been thinking about that question

55
00:02:07,109 --> 00:02:05,119
as i wrote the book obviously

56
00:02:10,070 --> 00:02:07,119
those of us who grew up in modern

57
00:02:12,309 --> 00:02:10,080
societies who are around our age group

58
00:02:15,030 --> 00:02:12,319
you would have been taught that

59
00:02:17,430 --> 00:02:15,040
those childhood stories were just

60
00:02:19,350 --> 00:02:17,440
fictional or anecdotal

61
00:02:21,750 --> 00:02:19,360
maybe even metaphorical you know they're

62
00:02:24,470 --> 00:02:21,760
not really real and i've always walked

63
00:02:26,550 --> 00:02:24,480

around in the woods in the forest i've

64

00:02:29,350 --> 00:02:26,560

hiked throughout the united states

65

00:02:31,190 --> 00:02:29,360

especially now that i live in the west

66

00:02:33,190 --> 00:02:31,200

most of the time by myself i've

67

00:02:34,630 --> 00:02:33,200

backpacked out there many of the

68

00:02:36,869 --> 00:02:34,640

national parks i've been there with

69

00:02:38,949 --> 00:02:36,879

groups and i've been there by myself

70

00:02:41,110 --> 00:02:38,959

and i really never thought twice that

71

00:02:46,070 --> 00:02:41,120

there could be anything more dangerous

72

00:03:09,270 --> 00:02:47,030

a

73

00:03:11,110 --> 00:03:09,280

gone on here

74

00:03:13,910 --> 00:03:11,120

um

75

00:03:17,509 --> 00:03:16,420

is that a little too loud

76

00:03:20,070 --> 00:03:17,519

[Music]

77

00:03:22,070 --> 00:03:20,080

i mean that's pretty noticeable

78

00:03:23,030 --> 00:03:22,080

let's forget about it yeah yeah

79

00:03:25,430 --> 00:03:23,040

that's mother

80

00:03:28,869 --> 00:03:25,440

so what i've that's exactly what the

81

00:03:31,030 --> 00:03:28,879

conclusion i've come to andy is i think

82

00:03:33,589 --> 00:03:31,040

what happened was

83

00:03:36,550 --> 00:03:33,599

these creatures and cryptids as we call

84

00:03:38,949 --> 00:03:36,560

them these are sort of hidden types of

85

00:03:41,350 --> 00:03:38,959

life forms that science hasn't fully

86

00:03:43,830 --> 00:03:41,360

recognized yet

87

00:03:46,070 --> 00:03:43,840

what i think has gone on and i i feel

88

00:03:48,789 --> 00:03:46,080

even myself in middle age here that i

89

00:03:51,830 --> 00:03:48,799

was unprepared for this even being

90

00:03:53,509 --> 00:03:51,840

associated with ufo topics studying

91

00:03:55,589 --> 00:03:53,519

remote viewing

92

00:03:58,470 --> 00:03:55,599

being involved with this community i

93

00:04:01,110 --> 00:03:58,480

wasn't prepared for the truth of what is

94

00:04:04,229 --> 00:04:01,120

really out there what we did as a

95

00:04:07,350 --> 00:04:04,239

society over centuries is we relegated

96

00:04:09,589 --> 00:04:07,360

these encounters to stories

97

00:04:11,910 --> 00:04:09,599

and then even kind of glossed them over

98

00:04:14,630 --> 00:04:11,920

sugar coated them a little bit to make

99

00:04:18,069 --> 00:04:14,640

them appropriate for children yeah and

100

00:04:20,229 --> 00:04:18,079

we called them children's stories and so

101
00:04:21,909 --> 00:04:20,239
just like you're saying we'll read these

102
00:04:23,830 --> 00:04:21,919
stories to children about big hairy

103
00:04:25,590 --> 00:04:23,840
monsters being out there and i'm not

104
00:04:27,510 --> 00:04:25,600
saying that all bigfoot are monsters i

105
00:04:30,390 --> 00:04:27,520
don't want to imply that they're all

106
00:04:33,350 --> 00:04:30,400
dangerous it's far from the case but the

107
00:04:35,510 --> 00:04:33,360
genre as a whole the the whole topic of

108
00:04:38,390 --> 00:04:35,520
cryptids where we do have a whole

109
00:04:40,070 --> 00:04:38,400
variety of encounters

110
00:04:42,390 --> 00:04:40,080
it turns out that they're really out

111
00:04:44,629 --> 00:04:42,400
there and what i think has gone on is

112
00:04:46,870 --> 00:04:44,639
our psychological collective

113
00:04:48,550 --> 00:04:46,880

psychological defense mechanisms have

114

00:04:50,629 --> 00:04:48,560

kicked in

115

00:04:54,790 --> 00:04:50,639

to push them away so that even people

116

00:04:57,749 --> 00:04:54,800

who've encountered these creatures

117

00:04:59,830 --> 00:04:57,759

they either won't remember it later

118

00:05:03,110 --> 00:04:59,840

they'll push it out of their minds as

119

00:05:04,150 --> 00:05:03,120

something that never happened

120

00:05:08,230 --> 00:05:04,160

or

121

00:05:10,870 --> 00:05:08,240

um it'll just uh turn into something

122

00:05:13,029 --> 00:05:10,880

that's sort of an unknown

123

00:05:15,350 --> 00:05:13,039

so that we don't talk about it

124

00:05:18,310 --> 00:05:15,360

it's just so far off the scale it's

125

00:05:20,230 --> 00:05:18,320

beyond almost beyond ufos uh because

126
00:05:22,550 --> 00:05:20,240
we're familiar with lights in the sky we

127
00:05:24,790 --> 00:05:22,560
see planes we see objects we see

128
00:05:26,710 --> 00:05:24,800
satellites we see the international

129
00:05:29,510 --> 00:05:26,720
space station come over

130
00:05:33,270 --> 00:05:29,520
so we can sort of it isn't that kind of

131
00:05:35,909 --> 00:05:33,280
weird we can put ufos and uap

132
00:05:37,590 --> 00:05:35,919
into a category of things that are seen

133
00:05:39,029 --> 00:05:37,600
often in the sky though they're seen on

134
00:05:40,629 --> 00:05:39,039
the ground as we're all aware their

135
00:05:41,990 --> 00:05:40,639
trace case isn't it's a whole big

136
00:05:44,150 --> 00:05:42,000
subject too

137
00:05:46,870 --> 00:05:44,160
but that sort of fits into the area of

138
00:05:49,350 --> 00:05:46,880

objects in the sky that are unidentified

139

00:05:52,790 --> 00:05:49,360

but we don't even have a category for

140

00:05:54,950 --> 00:05:52,800

anything the size of bigfoot for example

141

00:05:57,110 --> 00:05:54,960

in our experience our realms of

142

00:05:59,270 --> 00:05:57,120

experience

143

00:06:01,270 --> 00:05:59,280

to kind of say well it's kind of like

144

00:06:03,430 --> 00:06:01,280

this maybe like a bear but a lot bigger

145

00:06:06,309 --> 00:06:03,440

it's so beyond what bears are like that

146

00:06:08,870 --> 00:06:06,319

it doesn't fit that category uh your

147

00:06:10,870 --> 00:06:08,880

mind wants to turn just the bigfoot side

148

00:06:11,990 --> 00:06:10,880

of cryptids into maybe an escaped

149

00:06:14,469 --> 00:06:12,000

gorilla

150

00:06:15,749 --> 00:06:14,479

and so that is i think i think you're

151

00:06:17,189 --> 00:06:15,759

correct we

152

00:06:20,070 --> 00:06:17,199

we took these

153

00:06:22,309 --> 00:06:20,080

experiences and because we can't process

154

00:06:23,990 --> 00:06:22,319

it it doesn't fit into any category

155

00:06:26,309 --> 00:06:24,000

unless you go back thousands of years

156

00:06:28,550 --> 00:06:26,319

perhaps to the bible

157

00:06:30,870 --> 00:06:28,560

it doesn't fit anywhere so we just say

158

00:06:33,110 --> 00:06:30,880

well it's a childhood mythological story

159

00:06:35,270 --> 00:06:33,120

we tell it to children and then for

160

00:06:37,749 --> 00:06:35,280

people who've actually encountered

161

00:06:38,870 --> 00:06:37,759

these life forms whatever they turn out

162

00:06:42,150 --> 00:06:38,880

to be

163

00:06:43,909 --> 00:06:42,160

uh the closest thing that you could

164

00:06:46,790 --> 00:06:43,919

associate them with

165

00:06:48,550 --> 00:06:46,800

is where the wild things are yes

166

00:06:50,070 --> 00:06:48,560

just a quick note on the the noise it

167

00:06:51,589 --> 00:06:50,080

was a chainsaw that was on outside

168

00:06:53,189 --> 00:06:51,599

that's uh should be stopping anyway

169

00:06:54,469 --> 00:06:53,199

folks we didn't just ignore that it

170

00:06:56,309 --> 00:06:54,479

wasn't you can hear them packing up

171

00:06:57,670 --> 00:06:56,319

right now yeah so yeah we'll just keep

172

00:07:00,710 --> 00:06:57,680

going anyway but that was really

173

00:07:02,230 --> 00:07:00,720

interesting you mentioned about you know

174

00:07:04,309 --> 00:07:02,240

there are these things potentially that

175

00:07:07,510 --> 00:07:04,319

we can't see or can't understand

176

00:07:09,029 --> 00:07:07,520

even ufos that we do see but potentially

177

00:07:10,870 --> 00:07:09,039

we don't understand or we can't

178

00:07:12,390 --> 00:07:10,880

categorize properly exactly what they

179

00:07:14,150 --> 00:07:12,400

are or where they're from

180

00:07:15,749 --> 00:07:14,160

but even then there are things around us

181

00:07:17,270 --> 00:07:15,759

like you say we we can't see and we

182

00:07:19,350 --> 00:07:17,280

don't understand but there are things

183

00:07:21,909 --> 00:07:19,360

around us we can't see we do understand

184

00:07:23,749 --> 00:07:21,919

like i know that i have wi-fi on my

185

00:07:26,070 --> 00:07:23,759

phone because a signal is coming from

186

00:07:28,070 --> 00:07:26,080

one location to my phone and give me the

187

00:07:30,390 --> 00:07:28,080

internet but i understand on a base

188

00:07:33,270 --> 00:07:30,400

level how that works so there's no

189

00:07:35,270 --> 00:07:33,280

there's no scariness there whereas if

190

00:07:37,589 --> 00:07:35,280

someone had just invented some really

191

00:07:39,110 --> 00:07:37,599

basic form of radio and they picked up

192

00:07:40,950 --> 00:07:39,120

radio waves that were bouncing around

193

00:07:43,189 --> 00:07:40,960

the sky they might not know what they're

194

00:07:44,869 --> 00:07:43,199

from or why they're there but they have

195

00:07:47,350 --> 00:07:44,879

an idea that something is causing a

196

00:07:49,350 --> 00:07:47,360

reaction and i wonder as it's similar

197

00:07:51,670 --> 00:07:49,360

with some of these objects and entities

198

00:07:53,510 --> 00:07:51,680

and beings that they drift in and out

199

00:07:55,990 --> 00:07:53,520

and we sometimes pick up the signal

200

00:07:58,070 --> 00:07:56,000

because of a scenario or a place or a

201
00:08:00,230 --> 00:07:58,080
time and it just happens to be you know

202
00:08:02,309 --> 00:08:00,240
the right the right environment for that

203
00:08:04,629 --> 00:08:02,319
to happen and that's why you get a crop

204
00:08:06,309 --> 00:08:04,639
circle a bigfoot sighting a ufo sighting

205
00:08:08,629 --> 00:08:06,319
a ghost sighting does that does that

206
00:08:10,869 --> 00:08:08,639
make sense

207
00:08:13,670 --> 00:08:10,879
yeah and on a couple different levels uh

208
00:08:15,350 --> 00:08:13,680
the on on one level

209
00:08:18,230 --> 00:08:15,360
we cannot

210
00:08:19,830 --> 00:08:18,240
really talk about things that are not

211
00:08:22,950 --> 00:08:19,840
part of the known

212
00:08:25,830 --> 00:08:22,960
very well so what we do and this is

213
00:08:27,990 --> 00:08:25,840

something that sociologist dr ron

214

00:08:30,629 --> 00:08:28,000

westrom of eastern michigan state

215

00:08:34,070 --> 00:08:30,639

university he's pointed out many times

216

00:08:36,550 --> 00:08:34,080

he did this with his study of meteorites

217

00:08:38,070 --> 00:08:36,560

ernst friedrich florence colladny how

218

00:08:41,269 --> 00:08:38,080

you know meteorites were originally

219

00:08:44,710 --> 00:08:41,279

considered to be like peasant folklore

220

00:08:46,550 --> 00:08:44,720

back around the 1800s and it was until

221

00:08:48,230 --> 00:08:46,560

kolodny and a whole

222

00:08:50,070 --> 00:08:48,240

a number of other

223

00:08:51,430 --> 00:08:50,080

interested scientists as they were

224

00:08:53,350 --> 00:08:51,440

called back then maybe natural

225

00:08:54,870 --> 00:08:53,360

philosophers i i'm not sure how they

226

00:08:56,790 --> 00:08:54,880

would be considered at the time but we

227

00:08:59,430 --> 00:08:56,800

would call them scientists now

228

00:09:01,590 --> 00:08:59,440

now meteorites were considered folklore

229

00:09:05,590 --> 00:09:01,600

it was not considered to be real

230

00:09:06,790 --> 00:09:05,600

it did not fit into the aristotelian

231

00:09:07,670 --> 00:09:06,800

paradigm

232

00:09:09,670 --> 00:09:07,680

and

233

00:09:10,630 --> 00:09:09,680

aristotle believed that there was

234

00:09:13,670 --> 00:09:10,640

nothing

235

00:09:16,230 --> 00:09:13,680

in motion beyond the moon

236

00:09:17,910 --> 00:09:16,240

the the moon marked the boundary of

237

00:09:19,509 --> 00:09:17,920

where things happened for us on the

238

00:09:20,949 --> 00:09:19,519

earth because the earth was the center

239

00:09:24,630 --> 00:09:20,959

of the universe beyond the moon there

240

00:09:28,389 --> 00:09:24,640

was no activity the planets were thought

241

00:09:29,110 --> 00:09:28,399

to be mounted on huge crystal spheres

242

00:09:31,350 --> 00:09:29,120

that

243

00:09:33,990 --> 00:09:31,360

sort of orbited around us

244

00:09:34,710 --> 00:09:34,000

but they were considered static too

245

00:09:37,350 --> 00:09:34,720

so

246

00:09:39,269 --> 00:09:37,360

the sublunary area was considered where

247

00:09:42,470 --> 00:09:39,279

everything happened and because

248

00:09:44,310 --> 00:09:42,480

meteorites did not fit into that thought

249

00:09:45,590 --> 00:09:44,320

process at the time that cosmology they

250

00:09:47,110 --> 00:09:45,600

weren't considered to be real and i

251

00:09:50,470 --> 00:09:47,120

don't think we're any different

252

00:09:52,870 --> 00:09:50,480

now

253

00:09:54,870 --> 00:09:52,880

what ron western pointed out is unless

254

00:09:56,710 --> 00:09:54,880

we have some known category that's

255

00:09:58,389 --> 00:09:56,720

considered socially acceptable we can't

256

00:10:00,389 --> 00:09:58,399

even talk about these phenomena and

257

00:10:03,190 --> 00:10:00,399

that's why meteorites were considered

258

00:10:05,030 --> 00:10:03,200

peasant folklore for the longest time

259

00:10:07,670 --> 00:10:05,040

until there were some serious studies

260

00:10:11,030 --> 00:10:07,680

and and huge meteor showers

261

00:10:12,710 --> 00:10:11,040

around i believe 1802 1804 where there

262

00:10:14,870 --> 00:10:12,720

was just so much evidence that it was

263

00:10:17,190 --> 00:10:14,880

overwhelming and they stopped throwing

264

00:10:19,030 --> 00:10:17,200

away the meteorites from museums as they

265

00:10:20,630 --> 00:10:19,040

were there are no old meteorites past

266

00:10:23,110 --> 00:10:20,640

1800s because they were all thrown away

267

00:10:25,670 --> 00:10:23,120

from museums they were considered to be

268

00:10:28,150 --> 00:10:25,680

volcano stones or stones that were

269

00:10:29,509 --> 00:10:28,160

thrown up from lightning strikes

270

00:10:31,350 --> 00:10:29,519

so

271

00:10:33,910 --> 00:10:31,360

it's our

272

00:10:36,550 --> 00:10:33,920

current paradigm that allows us to start

273

00:10:38,550 --> 00:10:36,560

branching out into the unknown

274

00:10:41,030 --> 00:10:38,560

and with this topic

275

00:10:42,550 --> 00:10:41,040

it took me even the longest time to sort

276

00:10:44,389 --> 00:10:42,560

of see it

277

00:10:46,870 --> 00:10:44,399

as being

278

00:10:49,590 --> 00:10:46,880

real so what i'm wondering is like

279

00:10:51,430 --> 00:10:49,600

you're saying is it the right moment and

280

00:10:53,110 --> 00:10:51,440

the right time that someone's picking

281

00:10:54,230 --> 00:10:53,120

something up they're just at the right

282

00:10:55,350 --> 00:10:54,240

place

283

00:10:57,990 --> 00:10:55,360

and

284

00:11:00,470 --> 00:10:58,000

they're open to this for some reason

285

00:11:03,190 --> 00:11:00,480

it's often little children while hiking

286

00:11:04,550 --> 00:11:03,200

with families that see them first

287

00:11:07,829 --> 00:11:04,560

uh

288

00:11:11,030 --> 00:11:07,839

you could walk by one of these creatures

289

00:11:13,269 --> 00:11:11,040

and not see it because it's not in your

290

00:11:15,350 --> 00:11:13,279

mental vocabulary we're all familiar

291

00:11:17,190 --> 00:11:15,360

with that concept of inattentional

292

00:11:19,509 --> 00:11:17,200

blindness

293

00:11:21,509 --> 00:11:19,519

i've seen this demonstrated many times

294

00:11:23,750 --> 00:11:21,519

at the types of conferences and seminars

295

00:11:26,389 --> 00:11:23,760

that you and i would go to

296

00:11:29,030 --> 00:11:26,399

ufo conferences and so forth that the

297

00:11:31,670 --> 00:11:29,040

way our brain works is we filter so much

298

00:11:34,470 --> 00:11:31,680

out there's that famous film that i

299

00:11:35,430 --> 00:11:34,480

think came out of that research at mit

300

00:11:37,829 --> 00:11:35,440

where

301
00:11:40,230 --> 00:11:37,839
you see basketball players in black or

302
00:11:42,310 --> 00:11:40,240
white t-shirts yeah and a gorilla comes

303
00:11:45,190 --> 00:11:42,320
across and you don't i didn't see it

304
00:11:46,870 --> 00:11:45,200
they've i was in a conference

305
00:11:48,470 --> 00:11:46,880
i believe it was the new mexico

306
00:11:49,990 --> 00:11:48,480
albuquerque area and they said okay just

307
00:11:52,310 --> 00:11:50,000
watch this count how many times the

308
00:11:53,829 --> 00:11:52,320
balls are passed between

309
00:11:55,430 --> 00:11:53,839
the black t-shirts and the white

310
00:11:57,430 --> 00:11:55,440
t-shirts and you do not see the guy in

311
00:11:59,350 --> 00:11:57,440
the gorilla suit i didn't see it myself

312
00:12:00,629 --> 00:11:59,360
the first time and they say watch again

313
00:12:02,069 --> 00:12:00,639

i think only a couple of people raised

314

00:12:03,670 --> 00:12:02,079

their hand having seen it maybe 80

315

00:12:05,990 --> 00:12:03,680

percent of the audience doesn't see the

316

00:12:07,750 --> 00:12:06,000

grill so how likely are we to see

317

00:12:08,870 --> 00:12:07,760

something that we don't expect to be

318

00:12:11,110 --> 00:12:08,880

there

319

00:12:15,190 --> 00:12:11,120

uh if you talk to witnesses to these

320

00:12:17,509 --> 00:12:15,200

phenomena they'll often say well

321

00:12:19,829 --> 00:12:17,519

they thought those sounds were just

322

00:12:22,150 --> 00:12:19,839

ordinary animals and the howling was a

323

00:12:23,910 --> 00:12:22,160

little weird but maybe it was an owl or

324

00:12:25,190 --> 00:12:23,920

a coyote you see you fit it into what

325

00:12:27,430 --> 00:12:25,200

you know

326

00:12:28,870 --> 00:12:27,440

and then maybe it was a bear except when

327

00:12:30,550 --> 00:12:28,880

you go back and look at the prints

328

00:12:33,910 --> 00:12:30,560

they're human-like prints that are way

329

00:12:36,949 --> 00:12:33,920

too large so a lot of it has to do with

330

00:12:38,550 --> 00:12:36,959

what our sensory apparatus has been

331

00:12:40,550 --> 00:12:38,560

you know used to perceiving over the

332

00:12:43,269 --> 00:12:40,560

course of our lives and you're certainly

333

00:12:45,190 --> 00:12:43,279

not going to bring in childhood

334

00:12:48,550 --> 00:12:45,200

children stories into that this is a

335

00:12:51,509 --> 00:12:48,560

very challenging topic for everyone it's

336

00:12:54,790 --> 00:12:51,519

you know andy this is a lot closer to us

337

00:12:57,509 --> 00:12:54,800

the topic of cryptids than even ufos and

338

00:12:59,590 --> 00:12:57,519

extraterrestrials for many people

339

00:13:01,509 --> 00:12:59,600

simply because you do not expect these

340

00:13:03,269 --> 00:13:01,519

to come up to your house if you live in

341

00:13:04,389 --> 00:13:03,279

a rural area

342

00:13:06,230 --> 00:13:04,399

uh

343

00:13:07,990 --> 00:13:06,240

in north america and you have them in

344

00:13:10,150 --> 00:13:08,000

europa and i think you have them in the

345

00:13:11,750 --> 00:13:10,160

uk too though there may not be as common

346

00:13:12,870 --> 00:13:11,760

you don't expect these to kind of come

347

00:13:14,389 --> 00:13:12,880

up to you

348

00:13:16,870 --> 00:13:14,399

in a space

349

00:13:19,110 --> 00:13:16,880

where you feel like you're sort of the

350

00:13:21,670 --> 00:13:19,120

apex predator as we've been taught you

351
00:13:24,230 --> 00:13:21,680
know we we've all been taught that we're

352
00:13:26,150 --> 00:13:24,240
the most developed life form we're the

353
00:13:27,910 --> 00:13:26,160
most developed intelligence by our

354
00:13:29,350 --> 00:13:27,920
culture and by our religions that we're

355
00:13:30,150 --> 00:13:29,360
part of

356
00:13:31,590 --> 00:13:30,160
so

357
00:13:33,670 --> 00:13:31,600
just in the title of the book you know

358
00:13:36,069 --> 00:13:33,680
cryptids ball lightning sciences life

359
00:13:37,910 --> 00:13:36,079
forms we know there's bigfoot ufos and

360
00:13:40,870 --> 00:13:37,920
other phenomena discussed

361
00:13:42,310 --> 00:13:40,880
where do you even start piecing together

362
00:13:43,990 --> 00:13:42,320
how the different phenomena are

363
00:13:45,590 --> 00:13:44,000

connected when you're looking to put

364

00:13:48,389 --> 00:13:45,600

together the book

365

00:13:50,550 --> 00:13:48,399

what i'm looking to do in in dark matter

366

00:13:53,110 --> 00:13:50,560

monsters is

367

00:13:55,590 --> 00:13:53,120

there are underlying phenomena that

368

00:13:57,509 --> 00:13:55,600

people encounter whether it's a bigfoot

369

00:13:59,350 --> 00:13:57,519

encounter it's a ufo encounter it's a

370

00:14:02,069 --> 00:13:59,360

crop circle encounter and even to some

371

00:14:03,670 --> 00:14:02,079

extent rv because we know that hal put

372

00:14:05,590 --> 00:14:03,680

off and russell targ

373

00:14:07,910 --> 00:14:05,600

told us that when yuri geller was at

374

00:14:10,230 --> 00:14:07,920

stanford research institute

375

00:14:13,509 --> 00:14:10,240

he was their first test subject before

376

00:14:15,430 --> 00:14:13,519

pat price or ingoswan

377

00:14:17,030 --> 00:14:15,440

as many people are aware that he was in

378

00:14:19,110 --> 00:14:17,040

the u.s for six weeks

379

00:14:21,590 --> 00:14:19,120

they encountered cryptids

380

00:14:26,230 --> 00:14:21,600

around their homes this idea of a

381

00:14:30,389 --> 00:14:28,150

if that's the right way to think about

382

00:14:32,550 --> 00:14:30,399

it i mean people picked up something

383

00:14:34,230 --> 00:14:32,560

from being around yuri geller now you

384

00:14:36,629 --> 00:14:34,240

have to think about this for a second

385

00:14:39,030 --> 00:14:36,639

they saw giant crows at the end of their

386

00:14:40,389 --> 00:14:39,040

beds inside their homes with windows

387

00:14:42,949 --> 00:14:40,399

closed

388

00:14:44,949 --> 00:14:42,959

they saw different types of little ufos

389

00:14:46,550 --> 00:14:44,959

and creatures and things like this this

390

00:14:48,949 --> 00:14:46,560

sort of effect we've heard associated

391

00:14:52,310 --> 00:14:48,959

with skinwalker ranch goes

392

00:14:55,110 --> 00:14:52,320

back farther than skin walker ranch it

393

00:14:57,430 --> 00:14:55,120

goes back to sri as the oldest date i

394

00:14:59,590 --> 00:14:57,440

know about it associating something like

395

00:15:01,509 --> 00:14:59,600

you would think not associated

396

00:15:03,910 --> 00:15:01,519

remote viewing resonant viewing

397

00:15:05,430 --> 00:15:03,920

associated with seeing cryptids

398

00:15:07,030 --> 00:15:05,440

strange creatures

399

00:15:08,389 --> 00:15:07,040

things that don't fit in any categories

400

00:15:10,550 --> 00:15:08,399

we're used to

401
00:15:12,949 --> 00:15:10,560
and that's just like an exposure to

402
00:15:14,389 --> 00:15:12,959
something else that other and it opens

403
00:15:16,389 --> 00:15:14,399
up the door

404
00:15:19,030 --> 00:15:16,399
right that's how i think about it

405
00:15:20,790 --> 00:15:19,040
and so this is why these topics are all

406
00:15:22,550 --> 00:15:20,800
connected and we had this twitter

407
00:15:24,550 --> 00:15:22,560
question uh you probably saw it in the

408
00:15:27,350 --> 00:15:24,560
feed someone said why are why in the

409
00:15:28,949 --> 00:15:27,360
world would you connect bigfoot to ufos

410
00:15:30,629 --> 00:15:28,959
it's because people see them together

411
00:15:32,629 --> 00:15:30,639
they see them around the same time

412
00:15:36,310 --> 00:15:32,639
period the same locations

413
00:15:38,389 --> 00:15:36,320

even getting off of ufos

414

00:15:40,150 --> 00:15:38,399

sometimes in these waves as i mentioned

415

00:15:42,949 --> 00:15:40,160

in my response to the tweet and stan

416

00:15:45,749 --> 00:15:42,959

gordon's book silent invasion and his

417

00:15:47,590 --> 00:15:45,759

research into southwestern pennsylvania

418

00:15:49,269 --> 00:15:47,600

wave of ufo and bigfoot sightings it all

419

00:15:51,509 --> 00:15:49,279

happened at the same time so what this

420

00:15:53,829 --> 00:15:51,519

suggests to me is that there's some sort

421

00:15:55,829 --> 00:15:53,839

of fundamental underlying principles

422

00:15:57,749 --> 00:15:55,839

here at work that no matter which of

423

00:16:00,310 --> 00:15:57,759

these topics you're interested in it's

424

00:16:02,870 --> 00:16:00,320

going to lead you back to the same

425

00:16:04,389 --> 00:16:02,880

sort of phenomena now

426

00:16:07,509 --> 00:16:04,399

in the past i've looked at parallel

427

00:16:09,509 --> 00:16:07,519

realities multiverses and that is one

428

00:16:11,269 --> 00:16:09,519

larger theoretical explanation from

429

00:16:12,790 --> 00:16:11,279

what's going on here is that once you

430

00:16:14,310 --> 00:16:12,800

start opening the door to any of these

431

00:16:15,829 --> 00:16:14,320

phenomena you're opening up several

432

00:16:17,350 --> 00:16:15,839

doors at the same time you're going into

433

00:16:19,509 --> 00:16:17,360

other rooms that you haven't experienced

434

00:16:21,509 --> 00:16:19,519

before where there's other phenomena

435

00:16:23,030 --> 00:16:21,519

that your culture didn't prepare you to

436

00:16:25,189 --> 00:16:23,040

believe was real

437

00:16:28,150 --> 00:16:25,199

but concretely to answer your question

438

00:16:29,829 --> 00:16:28,160

of how i dealt with it in in dark matter

439

00:16:31,990 --> 00:16:29,839

monsters the book

440

00:16:33,670 --> 00:16:32,000

i'm looking at the

441

00:16:35,430 --> 00:16:33,680

phenomena that are associated with

442

00:16:37,910 --> 00:16:35,440

coherent matter

443

00:16:39,829 --> 00:16:37,920

and those are all the same phenomena

444

00:16:42,310 --> 00:16:39,839

whether it's ball lightning sudden

445

00:16:44,949 --> 00:16:42,320

temperature changes

446

00:16:47,829 --> 00:16:44,959

anti-gravity effects those are all

447

00:16:49,350 --> 00:16:47,839

features of coherent matter

448

00:16:51,110 --> 00:16:49,360

the literature is pretty well

449

00:16:52,230 --> 00:16:51,120

established in this

450

00:16:55,110 --> 00:16:52,240

but

451
00:16:57,829 --> 00:16:55,120
for a variety of reasons since the

452
00:16:59,749 --> 00:16:57,839
advent of what we call cold fusion and

453
00:17:01,590 --> 00:16:59,759
it goes back before fleischmann ponds at

454
00:17:04,870 --> 00:17:01,600
the university of utah

455
00:17:07,510 --> 00:17:04,880
uh back to the 50s to a researcher named

456
00:17:10,069 --> 00:17:07,520
winston h bostick

457
00:17:12,789 --> 00:17:10,079
all the way back to tesla and then it

458
00:17:15,429 --> 00:17:12,799
goes back as we've learned from

459
00:17:17,669 --> 00:17:15,439
george eagley from hungary dr george

460
00:17:19,829 --> 00:17:17,679
eagley who also returned it it preceded

461
00:17:21,189 --> 00:17:19,839
tesla by a number of decades so world

462
00:17:23,990 --> 00:17:21,199
war one

463
00:17:25,510 --> 00:17:24,000

seemed to have really stopped a lot of

464

00:17:27,189 --> 00:17:25,520

the research some and some of the

465

00:17:29,270 --> 00:17:27,199

researchers were killed and so forth

466

00:17:31,190 --> 00:17:29,280

this goes back to pre-world war we're

467

00:17:33,750 --> 00:17:31,200

looking at alternative forms of matter

468

00:17:36,310 --> 00:17:33,760

that are associated with ball lightning

469

00:17:38,630 --> 00:17:36,320

and the whole phenomena that uh the

470

00:17:40,710 --> 00:17:38,640

characteristics of ball lightning but

471

00:17:43,590 --> 00:17:40,720

for whatever reason it is whether it's a

472

00:17:45,669 --> 00:17:43,600

conspiracy which i'm not really you know

473

00:17:47,990 --> 00:17:45,679

a firm believer in not necessarily

474

00:17:50,470 --> 00:17:48,000

conspiracy we as a western society have

475

00:17:52,870 --> 00:17:50,480

pushed away all of this research that we

476

00:17:54,390 --> 00:17:52,880

associate with nikola tesla

477

00:17:55,830 --> 00:17:54,400

we've pushed it away and we pushed it

478

00:17:57,430 --> 00:17:55,840

away when fleischmann and pons came up

479

00:17:59,510 --> 00:17:57,440

with their result in 1989 at the

480

00:18:00,630 --> 00:17:59,520

university of utah and had a press

481

00:18:01,909 --> 00:18:00,640

conference because that's what their

482

00:18:03,430 --> 00:18:01,919

university they didn't want the press

483

00:18:05,590 --> 00:18:03,440

conference the university did they want

484

00:18:06,630 --> 00:18:05,600

patent rights you have to show prior

485

00:18:08,710 --> 00:18:06,640

knowledge

486

00:18:10,789 --> 00:18:08,720

okay so then they get this huge blowback

487

00:18:11,990 --> 00:18:10,799

against cold fusion and it even goes up

488

00:18:13,590 --> 00:18:12,000

in our country to the level of the

489

00:18:15,750 --> 00:18:13,600

federal government where

490

00:18:17,590 --> 00:18:15,760

george bush at the time senior has a

491

00:18:19,750 --> 00:18:17,600

presidential commission on cold fusion

492

00:18:21,590 --> 00:18:19,760

and they hire mit to look into it and

493

00:18:22,870 --> 00:18:21,600

these guys say no we can't reproduce it

494

00:18:24,230 --> 00:18:22,880

and a lot of people couldn't because

495

00:18:25,830 --> 00:18:24,240

they didn't set up the experiments the

496

00:18:28,150 --> 00:18:25,840

right way it's a pretty finicky it's a

497

00:18:30,070 --> 00:18:28,160

particular reaction it can be

498

00:18:32,150 --> 00:18:30,080

kind of finicky for a variety of reasons

499

00:18:34,230 --> 00:18:32,160

we pushed this away but all of these

500

00:18:36,150 --> 00:18:34,240

phenomena andy i'm convinced at least

501
00:18:37,750 --> 00:18:36,160
that's my point of view here

502
00:18:40,950 --> 00:18:37,760
i'm willing to look at alternative

503
00:18:42,390 --> 00:18:40,960
arguments what we call paranormal

504
00:18:43,909 --> 00:18:42,400
almost everything that we call

505
00:18:46,390 --> 00:18:43,919
paranormal is

506
00:18:48,950 --> 00:18:46,400
a relative of coherent matter period a

507
00:18:51,909 --> 00:18:48,960
type of condensed matter where you get

508
00:18:53,270 --> 00:18:51,919
alternative types of interactions that

509
00:18:55,830 --> 00:18:53,280
you normally don't see with just

510
00:18:58,150 --> 00:18:55,840
normally gases liquids inside excuse me

511
00:19:00,710 --> 00:18:58,160
solids or even plasmas

512
00:19:02,070 --> 00:19:00,720
something beyond it i'm going to come to

513
00:19:04,150 --> 00:19:02,080

bowl lightning and i'm glad you talked

514

00:19:05,350 --> 00:19:04,160

about coherent matter phenomena because

515

00:19:07,029 --> 00:19:05,360

that's something i'm going to ask you to

516

00:19:09,350 --> 00:19:07,039

dive into soon

517

00:19:11,430 --> 00:19:09,360

i want to know though bigfoot for many

518

00:19:13,830 --> 00:19:11,440

people is likely one of two things a

519

00:19:14,950 --> 00:19:13,840

species of eight like creature that we

520

00:19:17,430 --> 00:19:14,960

haven't really encountered or

521

00:19:18,789 --> 00:19:17,440

categorized here on the planet or

522

00:19:20,630 --> 00:19:18,799

some people like you say i've seen them

523

00:19:22,630 --> 00:19:20,640

coming off of ufos they are from

524

00:19:24,070 --> 00:19:22,640

different dimensions realities they slip

525

00:19:25,909 --> 00:19:24,080

in and out and they're here sometimes

526

00:19:28,070 --> 00:19:25,919

and then they're not the next

527

00:19:29,750 --> 00:19:28,080

and the book i think argues that both of

528

00:19:32,549 --> 00:19:29,760

those could be correct and they don't

529

00:19:34,310 --> 00:19:32,559

have to be mutually exclusive do they

530

00:19:36,070 --> 00:19:34,320

exactly right andy these are not

531

00:19:37,669 --> 00:19:36,080

mutually exclusive categories you know

532

00:19:39,430 --> 00:19:37,679

the way we're also the way we think it's

533

00:19:40,470 --> 00:19:39,440

got to be this or it's got to be that

534

00:19:43,750 --> 00:19:40,480

right

535

00:19:46,390 --> 00:19:43,760

uh it could be entirely a terrestrial

536

00:19:47,430 --> 00:19:46,400

species a type of

537

00:19:51,990 --> 00:19:47,440

either

538

00:19:54,310 --> 00:19:52,000

a relic ape or a type of relic human you

539

00:19:56,549 --> 00:19:54,320

know a hominoid

540

00:19:58,789 --> 00:19:56,559

but it's been here so long that it's

541

00:20:01,029 --> 00:19:58,799

evolved to work with these natural

542

00:20:02,870 --> 00:20:01,039

principles of energy that we're just

543

00:20:05,029 --> 00:20:02,880

rediscovering and called cold fusion

544

00:20:07,110 --> 00:20:05,039

these cold fusion principles are just

545

00:20:09,350 --> 00:20:07,120

already built into nature

546

00:20:11,990 --> 00:20:09,360

and we know that from you know the work

547

00:20:13,830 --> 00:20:12,000

of dr takayaki matsumoto this is a book

548

00:20:15,350 --> 00:20:13,840

just came out this week too it's a time

549

00:20:16,950 --> 00:20:15,360

temperature on my book

550

00:20:18,710 --> 00:20:16,960

about the steps to discovery of

551
00:20:20,710 --> 00:20:18,720
electro-nuclear collapse now i won't go

552
00:20:21,990 --> 00:20:20,720
into all the arguments there but if you

553
00:20:24,070 --> 00:20:22,000
read his book

554
00:20:26,070 --> 00:20:24,080
he says that what we see in cold fusion

555
00:20:28,549 --> 00:20:26,080
is already what we see going out in in

556
00:20:30,470 --> 00:20:28,559
stars in black holes neutron stars it's

557
00:20:32,470 --> 00:20:30,480
just a small-scale version of what we

558
00:20:35,430 --> 00:20:32,480
already see going far away

559
00:20:37,190 --> 00:20:35,440
in the galaxy and so if that's true

560
00:20:39,510 --> 00:20:37,200
these are fundamental principles that

561
00:20:41,270 --> 00:20:39,520
are built into nature and it's not

562
00:20:43,830 --> 00:20:41,280
surprising really if you think about it

563
00:20:46,070 --> 00:20:43,840

that there be life forms on earth

564

00:20:49,029 --> 00:20:46,080

that learn to incorporate these into

565

00:20:51,270 --> 00:20:49,039

their biology and chemistry so that they

566

00:20:53,830 --> 00:20:51,280

have what seemed to us like paranormal

567

00:20:55,750 --> 00:20:53,840

abilities and so

568

00:20:57,350 --> 00:20:55,760

the answer to the question of whether

569

00:20:59,190 --> 00:20:57,360

it's an ape or a human or an

570

00:21:01,029 --> 00:20:59,200

extraterrestrial it's something it's

571

00:21:02,630 --> 00:21:01,039

some sort of combination of all of that

572

00:21:04,149 --> 00:21:02,640

and i'm not doing that as a way of

573

00:21:05,430 --> 00:21:04,159

escaping the question

574

00:21:07,830 --> 00:21:05,440

it's just that

575

00:21:09,590 --> 00:21:07,840

what people report and this is i got

576

00:21:10,950 --> 00:21:09,600

this this is so surprising when i

577

00:21:12,149 --> 00:21:10,960

started going to some of these bigfoot

578

00:21:13,909 --> 00:21:12,159

conferences and some of them weren't

579

00:21:15,430 --> 00:21:13,919

very far away from boulder colorado

580

00:21:17,029 --> 00:21:15,440

because this is an area in the rocky

581

00:21:18,549 --> 00:21:17,039

mountains where people have bigfoot

582

00:21:21,510 --> 00:21:18,559

experiences

583

00:21:24,070 --> 00:21:21,520

and when i went to my first conference

584

00:21:26,070 --> 00:21:24,080

in bailey colorado nearly every speaker

585

00:21:28,789 --> 00:21:26,080

that got up said exactly what you just

586

00:21:30,630 --> 00:21:28,799

said first i thought it was some sort of

587

00:21:32,310 --> 00:21:30,640

relic primate and then i thought it was

588

00:21:33,909 --> 00:21:32,320

an undiscovered human

589

00:21:36,149 --> 00:21:33,919

and then i finally realized it's some

590

00:21:36,950 --> 00:21:36,159

sort of paranormal human

591

00:21:38,470 --> 00:21:36,960

uh

592

00:21:40,870 --> 00:21:38,480

so

593

00:21:42,789 --> 00:21:40,880

these researchers were the ones that i

594

00:21:45,830 --> 00:21:42,799

was listening to them and i corresponded

595

00:21:48,230 --> 00:21:45,840

with them later who told me about their

596

00:21:50,549 --> 00:21:48,240

paranormal experiences around bigfoot

597

00:21:51,990 --> 00:21:50,559

you know things like levitation time

598

00:21:53,669 --> 00:21:52,000

space

599

00:21:55,830 --> 00:21:53,679

dilation

600

00:21:58,230 --> 00:21:55,840

brain fog all sorts of weird effects

601
00:22:00,470 --> 00:21:58,240
that you sort of associate with ufo

602
00:22:01,830 --> 00:22:00,480
contact or extraterrestrial contact it's

603
00:22:03,750 --> 00:22:01,840
the same thing that's happening around

604
00:22:05,909 --> 00:22:03,760
bigfoot you know your cameras and

605
00:22:06,789 --> 00:22:05,919
batteries stop working

606
00:22:11,830 --> 00:22:06,799
uh

607
00:22:13,430 --> 00:22:11,840
may have a couple hours of time loss all

608
00:22:15,190 --> 00:22:13,440
these weird things

609
00:22:16,390 --> 00:22:15,200
i mean this was the most surprising

610
00:22:18,390 --> 00:22:16,400
thing to me andy

611
00:22:22,149 --> 00:22:18,400
is that all of these phenomena that i

612
00:22:24,230 --> 00:22:22,159
had associated with ufo encounters

613
00:22:27,669 --> 00:22:24,240

and experiences that people have in crop

614

00:22:29,190 --> 00:22:27,679

circles which have a ufo link

615

00:22:31,750 --> 00:22:29,200

you know they sort of made sense there

616

00:22:33,990 --> 00:22:31,760

but bigfoot i mean why would you expect

617

00:22:36,149 --> 00:22:34,000

bigfoot to have the same sort of effects

618

00:22:39,029 --> 00:22:36,159

on people as a ufo

619

00:22:40,710 --> 00:22:39,039

uh nearby and the reason would be is

620

00:22:42,630 --> 00:22:40,720

that it's dealing with the same sort of

621

00:22:44,990 --> 00:22:42,640

fundamental scientific principles

622

00:22:47,430 --> 00:22:45,000

underneath which is some sort of

623

00:22:48,789 --> 00:22:47,440

gravitational changes gravitational

624

00:22:50,070 --> 00:22:48,799

collapse

625

00:22:51,830 --> 00:22:50,080

uh at a

626

00:22:54,230 --> 00:22:51,840

nucleonic level

627

00:22:55,990 --> 00:22:54,240

uh some sort of changes in space-time

628

00:22:57,510 --> 00:22:56,000

even similar to what hal podof has

629

00:23:00,230 --> 00:22:57,520

talked about in the conferences i've

630

00:23:00,950 --> 00:23:00,240

heard him uh present you know he calls

631

00:23:04,390 --> 00:23:00,960

it

632

00:23:06,630 --> 00:23:04,400

space-time engineering and the people in

633

00:23:08,310 --> 00:23:06,640

the cold fusion area and that's his

634

00:23:10,470 --> 00:23:08,320

that's how put ups and other physicists

635

00:23:12,470 --> 00:23:10,480

who work with him that's his explanation

636

00:23:14,870 --> 00:23:12,480

for how some of these

637

00:23:16,950 --> 00:23:14,880

ufos create propulsion is their

638

00:23:19,350 --> 00:23:16,960

space-time metric engineering is the

639

00:23:21,750 --> 00:23:19,360

name for it actually changing the space

640

00:23:24,310 --> 00:23:21,760

time field well the people in the cold

641

00:23:26,630 --> 00:23:24,320

fusion area going back to soviet

642

00:23:28,310 --> 00:23:26,640

research that we've

643

00:23:29,510 --> 00:23:28,320

been able to locate even in the past

644

00:23:31,430 --> 00:23:29,520

couple months

645

00:23:33,510 --> 00:23:31,440

call it vacuum engineering

646

00:23:36,310 --> 00:23:33,520

vacuum engineering i think space-time

647

00:23:39,350 --> 00:23:36,320

metric engineering and quantum vacuum

648

00:23:40,710 --> 00:23:39,360

engineering are the same thing and that

649

00:23:42,630 --> 00:23:40,720

would mean that we're dealing with the

650

00:23:45,029 --> 00:23:42,640

same principles and that's how i link

651
00:23:46,269 --> 00:23:45,039
these phenomena together and even at a

652
00:23:48,789 --> 00:23:46,279
phenomenal

653
00:23:51,269 --> 00:23:48,799
phenomenological level

654
00:23:53,350 --> 00:23:51,279
the symptoms are the same again sudden

655
00:23:55,029 --> 00:23:53,360
temperature changes

656
00:23:57,510 --> 00:23:55,039
changes kind of feeling that things are

657
00:23:59,350 --> 00:23:57,520
weird all of a sudden uh memory loss

658
00:24:00,710 --> 00:23:59,360
it's the same sort of symptoms and i

659
00:24:01,830 --> 00:24:00,720
think it's because it's the same sort of

660
00:24:03,909 --> 00:24:01,840
principle

661
00:24:05,269 --> 00:24:03,919
it also sounds very similar to some of

662
00:24:07,190 --> 00:24:05,279
the things we hear happening as you

663
00:24:09,430 --> 00:24:07,200

mentioned in the book skin walker ranch

664

00:24:12,070 --> 00:24:09,440

yeah where you hear about dire wolves

665

00:24:15,029 --> 00:24:12,080

and strange huge humanoid type creatures

666

00:24:16,149 --> 00:24:15,039

coming through portals and and such

667

00:24:17,590 --> 00:24:16,159

and

668

00:24:19,350 --> 00:24:17,600

we've now got some very serious

669

00:24:21,430 --> 00:24:19,360

scientists and studies again like you

670

00:24:23,269 --> 00:24:21,440

mentioned in the book uh george knapp

671

00:24:25,350 --> 00:24:23,279

kelleher james akatsky's book skin

672

00:24:27,110 --> 00:24:25,360

walkers at the pentagon talked about the

673

00:24:28,870 --> 00:24:27,120

the awesome studies and what happened at

674

00:24:31,830 --> 00:24:28,880

the ranch as well

675

00:24:33,350 --> 00:24:31,840

how connected do you really think all of

676

00:24:35,909 --> 00:24:33,360

these things are

677

00:24:38,230 --> 00:24:35,919

are are they loosely connected

678

00:24:40,070 --> 00:24:38,240

or do you think they're far more

679

00:24:41,990 --> 00:24:40,080

part of one greater hole than we would

680

00:24:44,390 --> 00:24:42,000

imagine

681

00:24:45,830 --> 00:24:44,400

right that is the question i would say

682

00:24:47,190 --> 00:24:45,840

they're connected

683

00:24:49,269 --> 00:24:47,200

not loosely

684

00:24:51,909 --> 00:24:49,279

not overly tightly kind of somewhere in

685

00:24:53,830 --> 00:24:51,919

between a medium level of connection

686

00:24:56,470 --> 00:24:53,840

they're all tapping into some of these

687

00:24:58,310 --> 00:24:56,480

same fundamental fundamental aspects of

688

00:25:01,110 --> 00:24:58,320

quantum vacuum

689

00:25:03,350 --> 00:25:01,120

changes where the fundamental constants

690

00:25:04,310 --> 00:25:03,360

that we're used to staying very constant

691

00:25:06,549 --> 00:25:04,320

like

692

00:25:09,190 --> 00:25:06,559

electrical capacitance

693

00:25:10,549 --> 00:25:09,200

magnetic permeability things that are

694

00:25:12,310 --> 00:25:10,559

kind of some of one of some of the

695

00:25:14,870 --> 00:25:12,320

fundamental constants in physics there

696

00:25:16,390 --> 00:25:14,880

are about 20 of those constants the fine

697

00:25:18,149 --> 00:25:16,400

constant you might have heard of there

698

00:25:19,510 --> 00:25:18,159

are all these things that in our

699

00:25:21,510 --> 00:25:19,520

day-to-day life

700

00:25:24,230 --> 00:25:21,520

our section of the cosmos those

701
00:25:26,950 --> 00:25:24,240
constants are the same

702
00:25:29,190 --> 00:25:26,960
but if you create variation in

703
00:25:31,350 --> 00:25:29,200
electrical capacitance and magnetic

704
00:25:34,549 --> 00:25:31,360
what's called permittivity magnetic

705
00:25:36,070 --> 00:25:34,559
permeability you get immediately changes

706
00:25:38,149 --> 00:25:36,080
in the speed of light because the speed

707
00:25:39,669 --> 00:25:38,159
of light is based on permittivity and

708
00:25:41,830 --> 00:25:39,679
permeability

709
00:25:44,149 --> 00:25:41,840
so

710
00:25:45,990 --> 00:25:44,159
our experience is modern people it's

711
00:25:48,470 --> 00:25:46,000
probably the same for me in the us as it

712
00:25:50,950 --> 00:25:48,480
is for the u and the k same fundamental

713
00:25:52,710 --> 00:25:50,960

20 constants in physics right and this

714

00:25:54,470 --> 00:25:52,720

is something that max tegmark pointed

715

00:25:56,630 --> 00:25:54,480

out in his book the mathematical

716

00:25:59,669 --> 00:25:56,640

universe our mathematical universe

717

00:26:01,909 --> 00:25:59,679

about why he believed the multiverse

718

00:26:02,710 --> 00:26:01,919

interpretation of quantum mechanics was

719

00:26:06,149 --> 00:26:02,720

the

720

00:26:08,149 --> 00:26:06,159

most likely

721

00:26:09,909 --> 00:26:08,159

is because if you change any of those

722

00:26:12,149 --> 00:26:09,919

constants you could easily create

723

00:26:14,230 --> 00:26:12,159

alternative realities in the same space

724

00:26:16,710 --> 00:26:14,240

time that we're in right here

725

00:26:17,909 --> 00:26:16,720

we might not even interact with the life

726

00:26:20,390 --> 00:26:17,919

that's in

727

00:26:22,470 --> 00:26:20,400

those realities with just slight changes

728

00:26:23,590 --> 00:26:22,480

to any of those constants it's in his

729

00:26:25,590 --> 00:26:23,600

book

730

00:26:28,149 --> 00:26:25,600

so when you look at the phenomena that

731

00:26:30,549 --> 00:26:28,159

happened out skinwalker ranch and other

732

00:26:31,990 --> 00:26:30,559

areas skinwalker isn't the only one in

733

00:26:35,029 --> 00:26:32,000

the uh

734

00:26:36,470 --> 00:26:35,039

in their first book uh the hunt for the

735

00:26:39,510 --> 00:26:36,480

skinwalker

736

00:26:42,070 --> 00:26:39,520

keller and knapp mention four or five

737

00:26:44,149 --> 00:26:42,080

other locations with similar

738

00:26:46,789 --> 00:26:44,159

sorts of phenomena going around one of

739

00:26:49,029 --> 00:26:46,799

them was right here in colorado i don't

740

00:26:51,110 --> 00:26:49,039

know the exact location but they gave it

741

00:26:53,510 --> 00:26:51,120

as being in elbert county

742

00:26:55,830 --> 00:26:53,520

and then we had where the e-city ranch

743

00:26:58,310 --> 00:26:55,840

is on the east side of the cascades in

744

00:27:00,470 --> 00:26:58,320

washington state and then some of our

745

00:27:03,510 --> 00:27:00,480

listeners viewers here may have heard

746

00:27:04,950 --> 00:27:03,520

about marley woods ted phillips study of

747

00:27:07,510 --> 00:27:04,960

marley woods

748

00:27:10,789 --> 00:27:07,520

uh a ranch in missouri

749

00:27:14,549 --> 00:27:10,799

that had the same phenomena even more

750

00:27:16,950 --> 00:27:14,559

extreme sometimes than skinwalker ranch

751
00:27:19,430 --> 00:27:16,960
so you have these locations where you

752
00:27:23,990 --> 00:27:19,440
have these phenomena going on

753
00:27:26,070 --> 00:27:24,000
uh again you have ufos you have uaps

754
00:27:28,310 --> 00:27:26,080
we've seen it at skinwalker ranch in the

755
00:27:30,389 --> 00:27:28,320
tv series or you can read james

756
00:27:32,789 --> 00:27:30,399
lekatsky's you know excellent book i see

757
00:27:34,950 --> 00:27:32,799
you have a copy of it right there

758
00:27:36,789 --> 00:27:34,960
for the viewers yeah that's uh

759
00:27:38,310 --> 00:27:36,799
yeah skinwalkers at the pentagon now

760
00:27:39,909 --> 00:27:38,320
initially when i saw that andy i thought

761
00:27:41,750 --> 00:27:39,919
what that could be about what kind of

762
00:27:44,070 --> 00:27:41,760
title is that you read it you see they

763
00:27:45,510 --> 00:27:44,080

encounter these werewolves

764

00:27:46,549 --> 00:27:45,520

these

765

00:27:47,510 --> 00:27:46,559

dark

766

00:27:50,389 --> 00:27:47,520

uh

767

00:27:52,149 --> 00:27:50,399

objects that emit a lot of cold and

768

00:27:55,190 --> 00:27:52,159

create a lot of instant fear it's even

769

00:27:57,190 --> 00:27:55,200

almost impossible to walk approach them

770

00:27:59,029 --> 00:27:57,200

which people have

771

00:28:00,710 --> 00:27:59,039

uh researchers who've been around

772

00:28:02,549 --> 00:28:00,720

bigfoot have said the same thing you'll

773

00:28:04,549 --> 00:28:02,559

hear where the sounds are coming from

774

00:28:07,029 --> 00:28:04,559

you literally cannot walk closer than a

775

00:28:10,149 --> 00:28:07,039

certain distance which is very similar

776

00:28:11,590 --> 00:28:10,159

to what those three dia analysts recount

777

00:28:13,350 --> 00:28:11,600

with that

778

00:28:15,269 --> 00:28:13,360

sort of i don't know for lack of a

779

00:28:19,110 --> 00:28:15,279

better word black hole like object on

780

00:28:20,950 --> 00:28:19,120

the path yeah so the re these really do

781

00:28:22,710 --> 00:28:20,960

seem connected now i don't want to be

782

00:28:24,230 --> 00:28:22,720

the one to say these are all exactly the

783

00:28:26,470 --> 00:28:24,240

same thing i'm not a reductionist i'm

784

00:28:27,830 --> 00:28:26,480

not trying to explain this away

785

00:28:29,830 --> 00:28:27,840

to answer your question i know i'm being

786

00:28:30,630 --> 00:28:29,840

kind of long-winded about this i think

787

00:28:33,669 --> 00:28:30,640

that

788

00:28:36,230 --> 00:28:33,679

the life forms the technology and the

789

00:28:37,190 --> 00:28:36,240

physics around this suggest that the

790

00:28:40,149 --> 00:28:37,200

these

791

00:28:42,870 --> 00:28:40,159

sorts of types of life are tapping into

792

00:28:43,990 --> 00:28:42,880

the same frequencies that we get around

793

00:28:45,909 --> 00:28:44,000

ball lightning and i'm not saying

794

00:28:48,630 --> 00:28:45,919

they're literally the same thing but

795

00:28:50,149 --> 00:28:48,640

they seem to be part of the same reality

796

00:28:51,990 --> 00:28:50,159

they do seem to be part of the same

797

00:28:53,110 --> 00:28:52,000

reality at these

798

00:28:55,269 --> 00:28:53,120

various

799

00:28:57,510 --> 00:28:55,279

portal locations whatever you'd like to

800

00:28:59,430 --> 00:28:57,520

call them where these phenomena happen

801

00:29:01,750 --> 00:28:59,440

i'm sure it's other parts of the world

802

00:29:03,590 --> 00:29:01,760

too but maybe we haven't heard about it

803

00:29:04,870 --> 00:29:03,600

maybe some of the governments don't want

804

00:29:06,710 --> 00:29:04,880

to share

805

00:29:08,389 --> 00:29:06,720

the the information about this i mean

806

00:29:10,149 --> 00:29:08,399

the fact that you have the defense

807

00:29:13,269 --> 00:29:10,159

intelligence agency looking at

808

00:29:15,669 --> 00:29:13,279

skinwalker ranch

809

00:29:18,230 --> 00:29:15,679

uh as a possible

810

00:29:20,549 --> 00:29:18,240

national security threat

811

00:29:22,389 --> 00:29:20,559

uh you know if you've listened to the

812

00:29:24,710 --> 00:29:22,399

people we've heard on various podcasts

813

00:29:26,789 --> 00:29:24,720

talking about skinwalker ranch

814

00:29:29,190 --> 00:29:26,799

they did suggest that maybe some of the

815

00:29:31,510 --> 00:29:29,200

activity there was

816

00:29:33,269 --> 00:29:31,520

being caused by other

817

00:29:35,190 --> 00:29:33,279

governments or something because there

818

00:29:36,630 --> 00:29:35,200

were injuries to the researchers i don't

819

00:29:38,789 --> 00:29:36,640

know if that's true or not but you can

820

00:29:41,750 --> 00:29:38,799

see the type of thinking that's going on

821

00:29:43,510 --> 00:29:41,760

in the heads of the people out there so

822

00:29:45,590 --> 00:29:43,520

i think there's a lot more research

823

00:29:49,190 --> 00:29:45,600

that's gone into this than we found out

824

00:29:51,029 --> 00:29:49,200

about and uh even likatsky says that it

825

00:29:54,310 --> 00:29:51,039

was such a hot potato

826
00:29:56,389 --> 00:29:54,320
at the pentagon for asap to be looking

827
00:29:59,269 --> 00:29:56,399
into dogmen

828
00:30:00,870 --> 00:29:59,279
and bigfoot-like creatures

829
00:30:02,789 --> 00:30:00,880
at skidwalker ranch that they couldn't

830
00:30:04,470 --> 00:30:02,799
get any more funding for it because it

831
00:30:06,549 --> 00:30:04,480
goes again it goes back to your first

832
00:30:08,549 --> 00:30:06,559
question right at the beginning of our

833
00:30:09,909 --> 00:30:08,559
conversation here it's just so off the

834
00:30:11,909 --> 00:30:09,919
freaking charts

835
00:30:14,070 --> 00:30:11,919
of what we consider to be real it

836
00:30:17,269 --> 00:30:14,080
doesn't fit into

837
00:30:19,909 --> 00:30:17,279
the bureaucratic organizational schemes

838
00:30:21,669 --> 00:30:19,919

of modern society that are run by

839

00:30:24,389 --> 00:30:21,679

committees and have to have annual

840

00:30:25,990 --> 00:30:24,399

funding and so forth it almost can't fit

841

00:30:27,590 --> 00:30:26,000

into one of those committee meetings

842

00:30:28,870 --> 00:30:27,600

because people won't even know how to

843

00:30:30,950 --> 00:30:28,880

talk about it

844

00:30:33,510 --> 00:30:30,960

it might be too scary to them or too

845

00:30:35,909 --> 00:30:33,520

traumatizing to want to talk about and

846

00:30:37,990 --> 00:30:35,919

we have to consider the possibility that

847

00:30:39,909 --> 00:30:38,000

it brings up experiences they've had

848

00:30:41,750 --> 00:30:39,919

that they don't want to think about

849

00:30:44,389 --> 00:30:41,760

having a picnic with their family in the

850

00:30:47,029 --> 00:30:44,399

woods i mean as lakatsuki tells us

851

00:30:49,350 --> 00:30:47,039

they saw these cryptids back in their

852

00:30:52,389 --> 00:30:49,360

yards back in maryland when they came

853

00:30:54,470 --> 00:30:52,399

back from skinwalker ranch

854

00:30:55,830 --> 00:30:54,480

well maybe other people are experiencing

855

00:30:57,110 --> 00:30:55,840

it too and you just don't even want to

856

00:30:58,710 --> 00:30:57,120

go there so you're not going to get

857

00:30:59,830 --> 00:30:58,720

funding for it so end of discussion on

858

00:31:01,590 --> 00:30:59,840

the subject and that's what we're

859

00:31:03,509 --> 00:31:01,600

dealing with is something

860

00:31:06,070 --> 00:31:03,519

beyond our current paradigm to the

861

00:31:08,070 --> 00:31:06,080

extent that we're simply not good at

862

00:31:09,909 --> 00:31:08,080

processing it even at an individual

863

00:31:12,230 --> 00:31:09,919

level or at a group level

864

00:31:13,750 --> 00:31:12,240

it's like levels of understanding where

865

00:31:15,430 --> 00:31:13,760

even those conversations you have with

866

00:31:18,230 --> 00:31:15,440

friends and family about

867

00:31:19,990 --> 00:31:18,240

ufos okay i can have that conversation

868

00:31:21,990 --> 00:31:20,000

well what if they're not from space all

869

00:31:23,110 --> 00:31:22,000

right okay i'm listening tell me more

870

00:31:25,110 --> 00:31:23,120

and then you start to talk about

871

00:31:26,549 --> 00:31:25,120

different realities dimensions different

872

00:31:28,630 --> 00:31:26,559

entities and different you know

873

00:31:30,870 --> 00:31:28,640

spiritual beings and they might still be

874

00:31:32,549 --> 00:31:30,880

in the conversation and then you try and

875

00:31:34,549 --> 00:31:32,559

get to a point where you have that

876

00:31:37,590 --> 00:31:34,559

umbrella phenomena to say what if

877

00:31:39,750 --> 00:31:37,600

bigfoot ghosts cryptids you know fairies

878

00:31:41,590 --> 00:31:39,760

all these angels and demons were all one

879

00:31:43,269 --> 00:31:41,600

in the same sort of phenomena and tie

880

00:31:45,110 --> 00:31:43,279

ufos in with that and it's just too much

881

00:31:46,630 --> 00:31:45,120

for people to get to that and it's like

882

00:31:48,310 --> 00:31:46,640

at what point do people have that

883

00:31:49,990 --> 00:31:48,320

natural tapping out and i think that's

884

00:31:51,750 --> 00:31:50,000

where a lot of the as you say the

885

00:31:53,750 --> 00:31:51,760

scientists and academics who are trying

886

00:31:56,710 --> 00:31:53,760

to approach the subject

887

00:31:58,230 --> 00:31:56,720

they still have to do a very basic level

888

00:31:59,990 --> 00:31:58,240

because there comes a point when you do

889

00:32:02,630 --> 00:32:00,000

apply for funding and you say that we're

890

00:32:04,870 --> 00:32:02,640

going to go after you know dire wolves

891

00:32:06,470 --> 00:32:04,880

are crawling out of portals on a ranch

892

00:32:08,230 --> 00:32:06,480

that's probably a couple of steps too

893

00:32:10,230 --> 00:32:08,240

far to secure x amount of millions that

894

00:32:11,669 --> 00:32:10,240

you want to actually investigate it so

895

00:32:13,350 --> 00:32:11,679

you pull it back and you pull it back

896

00:32:15,029 --> 00:32:13,360

and you pull it back

897

00:32:17,029 --> 00:32:15,039

and that's the same again with any of

898

00:32:18,630 --> 00:32:17,039

those kind of conversations i do want to

899

00:32:21,110 --> 00:32:18,640

ask you a question though

900

00:32:22,950 --> 00:32:21,120

in your research do you think that when

901
00:32:24,149 --> 00:32:22,960
it comes to bigfoot and those types of

902
00:32:27,269 --> 00:32:24,159
cryptids

903
00:32:29,509 --> 00:32:27,279
is witness testimony still the best

904
00:32:31,909 --> 00:32:29,519
evidence that we have that these

905
00:32:34,630 --> 00:32:31,919
creatures exist

906
00:32:37,110 --> 00:32:34,640
yes and uh this is it's a very good

907
00:32:40,149 --> 00:32:37,120
question because in social science we

908
00:32:41,430 --> 00:32:40,159
consider this to be exploratory research

909
00:32:43,430 --> 00:32:41,440
social science is a little different

910
00:32:44,549 --> 00:32:43,440
than the hard sciences you're going to

911
00:32:45,990 --> 00:32:44,559
just start with something called

912
00:32:48,389 --> 00:32:46,000
exploratory resources where you don't

913
00:32:50,230 --> 00:32:48,399

have any metrics you don't even have the

914

00:32:51,669 --> 00:32:50,240

definition you're going to look at the

915

00:32:53,590 --> 00:32:51,679

topic and see are there some basic

916

00:32:55,509 --> 00:32:53,600

categories is there a way to talk about

917

00:32:57,269 --> 00:32:55,519

it intelligently

918

00:32:58,630 --> 00:32:57,279

and so you're going to rely on witness

919

00:33:00,710 --> 00:32:58,640

testimony

920

00:33:02,149 --> 00:33:00,720

anecdotal research now what really

921

00:33:03,350 --> 00:33:02,159

struck me

922

00:33:05,669 --> 00:33:03,360

uh people will say well it's just

923

00:33:07,669 --> 00:33:05,679

anecdotal but you're talking about

924

00:33:09,509 --> 00:33:07,679

thousands and thousands and thousands of

925

00:33:11,750 --> 00:33:09,519

anecdotal reports of people who've never

926

00:33:13,750 --> 00:33:11,760

spoken to each other before

927

00:33:15,750 --> 00:33:13,760

who are encountering the same thing and

928

00:33:16,950 --> 00:33:15,760

this is what struck me looking through

929

00:33:19,750 --> 00:33:16,960

all the

930

00:33:22,310 --> 00:33:19,760

bigfoot encrypted encounter stories

931

00:33:24,070 --> 00:33:22,320

is that people will say exactly what

932

00:33:25,830 --> 00:33:24,080

someone else said from a totally

933

00:33:28,149 --> 00:33:25,840

different location

934

00:33:29,509 --> 00:33:28,159

in terms of what they experienced one

935

00:33:31,830 --> 00:33:29,519

example

936

00:33:33,509 --> 00:33:31,840

sudden quiet that comes over the forest

937

00:33:36,830 --> 00:33:33,519

before the encounter

938

00:33:40,470 --> 00:33:36,840

even the crickets will stop

939

00:33:42,070 --> 00:33:40,480

chirping now that's really weird uh why

940

00:33:44,389 --> 00:33:42,080

is that i mean

941

00:33:45,909 --> 00:33:44,399

when bigfoot comes around is it like the

942

00:33:47,830 --> 00:33:45,919

the squirrels and the birds say hey the

943

00:33:50,470 --> 00:33:47,840

big boss is around we got to be quiet or

944

00:33:52,389 --> 00:33:50,480

is it a vibrational resonant change that

945

00:33:54,310 --> 00:33:52,399

they just feel like there's a predator

946

00:33:57,590 --> 00:33:54,320

around we should be quiet but what about

947

00:33:59,430 --> 00:33:57,600

crickets uh why would cricket so someone

948

00:34:02,149 --> 00:33:59,440

suggested to me this could be true that

949

00:34:04,630 --> 00:34:02,159

it's some sort of space-time shift

950

00:34:06,870 --> 00:34:04,640

where the sounds are not getting to your

951
00:34:09,030 --> 00:34:06,880
ears maybe the forest isn't quiet but

952
00:34:11,030 --> 00:34:09,040
you're sort of in a different space and

953
00:34:13,270 --> 00:34:11,040
you can't hear it

954
00:34:14,950 --> 00:34:13,280
or they really are getting quiet because

955
00:34:19,270 --> 00:34:14,960
they're sensing something that's

956
00:34:20,550 --> 00:34:19,280
triggering a defensive mechanism to hide

957
00:34:23,109 --> 00:34:20,560
you know

958
00:34:25,510 --> 00:34:23,119
from a coherent matter perspective it's

959
00:34:26,869 --> 00:34:25,520
like another type of matter is sort of

960
00:34:27,750 --> 00:34:26,879
entering

961
00:34:28,790 --> 00:34:27,760
your

962
00:34:29,829 --> 00:34:28,800
area

963
00:34:33,190 --> 00:34:29,839

and

964

00:34:34,550 --> 00:34:33,200

for whatever reason you those animals so

965

00:34:35,829 --> 00:34:34,560

people who uh

966

00:34:37,430 --> 00:34:35,839

this but again

967

00:34:39,589 --> 00:34:37,440

going back to the commonalities isn't

968

00:34:42,550 --> 00:34:39,599

this what we hear often happening around

969

00:34:43,990 --> 00:34:42,560

ufo encounters i just for example terry

970

00:34:46,310 --> 00:34:44,000

lovelace who i mentioned in the book

971

00:34:47,750 --> 00:34:46,320

author of incident devil's den

972

00:34:49,909 --> 00:34:47,760

many people are familiar with this story

973

00:34:51,669 --> 00:34:49,919

of going to camp with his air force

974

00:34:54,550 --> 00:34:51,679

medic buddy toby

975

00:34:55,829 --> 00:34:54,560

in one of the arkansas state parks and

976
00:34:57,750 --> 00:34:55,839
they were just outside the boundary but

977
00:35:00,390 --> 00:34:57,760
right close to the park well if you

978
00:35:01,349 --> 00:35:00,400
reread his book incident devil's den he

979
00:35:03,510 --> 00:35:01,359
says

980
00:35:05,430 --> 00:35:03,520
they're sitting in the tent and then i

981
00:35:07,030 --> 00:35:05,440
think he says to toby hey you know isn't

982
00:35:09,030 --> 00:35:07,040
it pretty quiet out there oh no toby

983
00:35:11,270 --> 00:35:09,040
says to him isn't it why is it so quiet

984
00:35:13,510 --> 00:35:11,280
all of a sudden the qrikets went away

985
00:35:15,109 --> 00:35:13,520
and uh i think terry says back to toby

986
00:35:17,990 --> 00:35:15,119
oh don't worry they'll come back right

987
00:35:20,470 --> 00:35:18,000
before this huge triangular craft really

988
00:35:22,390 --> 00:35:20,480

huge comes down and

989

00:35:23,990 --> 00:35:22,400

well it's hovering over the field the

990

00:35:25,349 --> 00:35:24,000

next thing they know they're

991

00:35:27,270 --> 00:35:25,359

back in their tent

992

00:35:28,790 --> 00:35:27,280

hours are gone by and they have memories

993

00:35:30,630 --> 00:35:28,800

of being that right there they have

994

00:35:32,150 --> 00:35:30,640

memories of being inside the triangular

995

00:35:33,190 --> 00:35:32,160

craft and not particularly pleasant

996

00:35:35,349 --> 00:35:33,200

memories

997

00:35:38,470 --> 00:35:35,359

so again is that

998

00:35:39,829 --> 00:35:38,480

sudden quiet around bigfoot and dogman

999

00:35:42,390 --> 00:35:39,839

and other cryptids and there's a whole

1000

00:35:44,150 --> 00:35:42,400

host of cryptids by the way uh

1001
00:35:46,310 --> 00:35:44,160
more and more rare as you go along but

1002
00:35:48,630 --> 00:35:46,320
people report these experiences is that

1003
00:35:51,109 --> 00:35:48,640
type of sudden quiet the same as we get

1004
00:35:52,790 --> 00:35:51,119
around the ufo sightings i'm assuming

1005
00:35:54,470 --> 00:35:52,800
because people say it's the same sort of

1006
00:35:56,470 --> 00:35:54,480
thing it is i mean it could be something

1007
00:35:59,430 --> 00:35:56,480
else but seems to me like the same sort

1008
00:36:01,349 --> 00:35:59,440
of phenomena on a quick side note i'm in

1009
00:36:03,829 --> 00:36:01,359
contact with terry lovelace just now and

1010
00:36:05,349 --> 00:36:03,839
he should be on the podcast in september

1011
00:36:07,190 --> 00:36:05,359
and we're just waiting a week or two but

1012
00:36:08,630 --> 00:36:07,200
that's a nice timing mentioning that one

1013
00:36:10,550 --> 00:36:08,640

and i noticed he wasn't mentioned in the

1014

00:36:13,030 --> 00:36:10,560

book a couple of times yeah and his

1015

00:36:15,349 --> 00:36:13,040

books are obviously quoted um

1016

00:36:17,670 --> 00:36:15,359

on that idea of society having this

1017

00:36:20,950 --> 00:36:17,680

discussion and conversation and

1018

00:36:24,069 --> 00:36:20,960

do you think we are there yet in 2022 as

1019

00:36:27,270 --> 00:36:24,079

a society that people on mass are ready

1020

00:36:29,750 --> 00:36:27,280

to accept and study dark matter monsters

1021

00:36:32,550 --> 00:36:29,760

in a serious way and accept that they're

1022

00:36:34,069 --> 00:36:32,560

actually part of our reality

1023

00:36:35,270 --> 00:36:34,079

it's going to be a very big step isn't

1024

00:36:41,910 --> 00:36:35,280

it

1025

00:36:43,670 --> 00:36:41,920

but the evidence points

1026
00:36:45,990 --> 00:36:43,680
to the reality that they're there

1027
00:36:47,109 --> 00:36:46,000
they're out there they can

1028
00:36:49,190 --> 00:36:47,119
uh

1029
00:36:51,510 --> 00:36:49,200
it's the same sort of thing we're going

1030
00:36:54,550 --> 00:36:51,520
through with ufo

1031
00:36:57,109 --> 00:36:54,560
reporting to congress in the us with the

1032
00:37:00,230 --> 00:36:57,119
national defense authorization

1033
00:37:03,349 --> 00:37:00,240
bill that is renewed yearly

1034
00:37:05,190 --> 00:37:03,359
and this time we're told just even as uh

1035
00:37:07,430 --> 00:37:05,200
two weeks ago when i think it was passed

1036
00:37:09,670 --> 00:37:07,440
by the house yeah there has to be a

1037
00:37:11,750 --> 00:37:09,680
pipeline a classified pipeline where the

1038
00:37:13,829 --> 00:37:11,760

defense department has to report back to

1039

00:37:14,950 --> 00:37:13,839

the house and the senate

1040

00:37:16,390 --> 00:37:14,960

uh

1041

00:37:17,510 --> 00:37:16,400

committees i guess the intelligence

1042

00:37:19,750 --> 00:37:17,520

committee

1043

00:37:20,470 --> 00:37:19,760

the ones that handle classified material

1044

00:37:22,870 --> 00:37:20,480

yeah

1045

00:37:24,150 --> 00:37:22,880

they are demanding that they report

1046

00:37:26,950 --> 00:37:24,160

anything

1047

00:37:28,790 --> 00:37:26,960

you know related to ufos and uaps they

1048

00:37:30,470 --> 00:37:28,800

don't want it kept secret anymore and

1049

00:37:31,910 --> 00:37:30,480

that's because all these pilots that

1050

00:37:33,589 --> 00:37:31,920

we've heard about at least from the navy

1051

00:37:35,910 --> 00:37:33,599

side we don't know again why the air

1052

00:37:38,310 --> 00:37:35,920

force has been so completely quiet about

1053

00:37:39,990 --> 00:37:38,320

this though we can hypothesize yeah

1054

00:37:41,750 --> 00:37:40,000

right yes and you've talked about this

1055

00:37:43,349 --> 00:37:41,760

on the show in other part i mean but the

1056

00:37:45,589 --> 00:37:43,359

navy i mean we've

1057

00:37:48,150 --> 00:37:45,599

talked to the you've had

1058

00:37:50,470 --> 00:37:48,160

the witnesses on uh people familiar with

1059

00:37:52,310 --> 00:37:50,480

this material people like lou have heard

1060

00:37:53,750 --> 00:37:52,320

the classified side of it which the rest

1061

00:37:56,150 --> 00:37:53,760

of us haven't

1062

00:37:59,190 --> 00:37:56,160

uh the congress has said we're you know

1063

00:38:01,190 --> 00:37:59,200

we're we're done with this we want

1064

00:38:03,270 --> 00:38:01,200

to know what's going on we want and i

1065

00:38:04,710 --> 00:38:03,280

think the and

1066

00:38:06,790 --> 00:38:04,720

the ndaa

1067

00:38:08,710 --> 00:38:06,800

mandates that anything

1068

00:38:11,270 --> 00:38:08,720

that department of defense knows about

1069

00:38:12,550 --> 00:38:11,280

this topic must go to the house and the

1070

00:38:14,550 --> 00:38:12,560

senate

1071

00:38:16,230 --> 00:38:14,560

to you know be

1072

00:38:16,950 --> 00:38:16,240

discussed so

1073

00:38:19,030 --> 00:38:16,960

uh

1074

00:38:20,069 --> 00:38:19,040

are we ready for it

1075

00:38:21,670 --> 00:38:20,079

um

1076

00:38:25,270 --> 00:38:21,680

i think

1077

00:38:27,430 --> 00:38:25,280

whether we are or not because we're not

1078

00:38:29,270 --> 00:38:27,440

going to grow and mature as a society

1079

00:38:31,190 --> 00:38:29,280

and be able to handle the challenges

1080

00:38:33,430 --> 00:38:31,200

that we all face as a planet without

1081

00:38:35,430 --> 00:38:33,440

having these discussions and whether

1082

00:38:37,990 --> 00:38:35,440

it's just about ufos

1083

00:38:39,510 --> 00:38:38,000

as elizondo and melon have talked about

1084

00:38:41,829 --> 00:38:39,520

where they feel like we need to have a

1085

00:38:43,910 --> 00:38:41,839

national discussion for our own you know

1086

00:38:46,630 --> 00:38:43,920

the structural health of our society

1087

00:38:48,550 --> 00:38:46,640

because we're having pilots and and all

1088

00:38:50,150 --> 00:38:48,560

sorts of people having experience with

1089

00:38:51,670 --> 00:38:50,160

this which they're because of social

1090

00:38:52,470 --> 00:38:51,680

stigma

1091

00:38:55,430 --> 00:38:52,480

they

1092

00:38:57,190 --> 00:38:55,440

don't talk about it and uh we don't get

1093

00:38:59,270 --> 00:38:57,200

the information and it could have

1094

00:39:01,349 --> 00:38:59,280

national security implications well on

1095

00:39:03,270 --> 00:39:01,359

another level with the cryptids it's the

1096

00:39:05,270 --> 00:39:03,280

same sort of thing

1097

00:39:07,190 --> 00:39:05,280

if people are being traumatized by their

1098

00:39:08,710 --> 00:39:07,200

encounters and having talked to these

1099

00:39:11,270 --> 00:39:08,720

witnesses and i mentioned some in the

1100

00:39:13,670 --> 00:39:11,280

book people i've known just around this

1101

00:39:15,829 --> 00:39:13,680

area in colorado

1102

00:39:17,990 --> 00:39:15,839

i mean it took 20 years to get one of

1103

00:39:21,270 --> 00:39:18,000

these witnesses in the book to tell me a

1104

00:39:23,829 --> 00:39:21,280

story that i didn't even put in the book

1105

00:39:25,750 --> 00:39:23,839

just a couple of weeks ago i said

1106

00:39:27,589 --> 00:39:25,760

to this guy i said i need to hear this

1107

00:39:29,829 --> 00:39:27,599

story what happened to you out there

1108

00:39:32,069 --> 00:39:29,839

it's when he was camping by himself

1109

00:39:34,390 --> 00:39:32,079

and he was so traumatized by this that

1110

00:39:36,230 --> 00:39:34,400

he never talked about it even to me and

1111

00:39:38,150 --> 00:39:36,240

i've known him for so long

1112

00:39:40,230 --> 00:39:38,160

and so if it takes two decades for

1113

00:39:44,390 --> 00:39:40,240

someone that i've known pretty well

1114

00:39:46,230 --> 00:39:44,400

who i met through one of my rv classes

1115

00:39:48,550 --> 00:39:46,240

to start talking about it i mean it's

1116

00:39:49,910 --> 00:39:48,560

it's a big deal for people to admit that

1117

00:39:51,190 --> 00:39:49,920

this has happened that they've been

1118

00:39:52,710 --> 00:39:51,200

frightened out there in the woods by

1119

00:39:53,430 --> 00:39:52,720

something they can't identify that's a

1120

00:39:57,430 --> 00:39:53,440

big

1121

00:40:00,069 --> 00:39:57,440

imagine for

1122

00:40:01,750 --> 00:40:00,079

people in the armed forces to talk about

1123

00:40:03,430 --> 00:40:01,760

it too because

1124

00:40:06,390 --> 00:40:03,440

you know when i asked one of the

1125

00:40:08,069 --> 00:40:06,400

witnesses from the nimitz incidents

1126
00:40:09,190 --> 00:40:08,079
when i talked to him on my youtube

1127
00:40:12,630 --> 00:40:09,200
channel

1128
00:40:13,430 --> 00:40:12,640
um how many people in that carrier group

1129
00:40:15,750 --> 00:40:13,440
knew

1130
00:40:17,829 --> 00:40:15,760
about these tic tacs and had been

1131
00:40:20,630 --> 00:40:17,839
talking about them

1132
00:40:24,710 --> 00:40:20,640
uh he put it in the thousands

1133
00:40:26,069 --> 00:40:24,720
out that one was it that one nimitz uh

1134
00:40:27,589 --> 00:40:26,079
aircraft carrier i don't know how many

1135
00:40:28,630 --> 00:40:27,599
thousand are just on the aircraft

1136
00:40:33,349 --> 00:40:28,640
carrier

1137
00:40:35,349 --> 00:40:33,359
but he said even though we've only heard

1138
00:40:37,349 --> 00:40:35,359

maybe 20 or 30 witnesses and we've had

1139

00:40:38,870 --> 00:40:37,359

more come forward recently

1140

00:40:40,069 --> 00:40:38,880

i mean he put it and thousands would

1141

00:40:41,030 --> 00:40:40,079

have been talking about it and then

1142

00:40:43,750 --> 00:40:41,040

maybe it would have been called

1143

00:40:46,390 --> 00:40:43,760

scuttlebutt yeah you know yeah so the

1144

00:40:48,710 --> 00:40:46,400

scuttlebutts going around across the

1145

00:40:50,950 --> 00:40:48,720

whole carrier group but he said

1146

00:40:52,390 --> 00:40:50,960

of thousands that would have known about

1147

00:40:54,790 --> 00:40:52,400

it maybe 20

1148

00:40:57,190 --> 00:40:54,800

of the whole

1149

00:40:59,030 --> 00:40:57,200

personnel on the carrier group

1150

00:41:01,190 --> 00:40:59,040

you've only had a small fraction come

1151
00:41:03,670 --> 00:41:01,200
forward and talk about it because of the

1152
00:41:05,430 --> 00:41:03,680
damage it could do to their career

1153
00:41:07,750 --> 00:41:05,440
promotion time so forth many things

1154
00:41:09,670 --> 00:41:07,760
could inhibit your promotion

1155
00:41:10,870 --> 00:41:09,680
when you have some sort of review in the

1156
00:41:13,510 --> 00:41:10,880
military if you talk to people who've

1157
00:41:15,190 --> 00:41:13,520
been in the military so if you know and

1158
00:41:17,510 --> 00:41:15,200
and this is what congress said in the

1159
00:41:19,990 --> 00:41:17,520
uap task force report right is the

1160
00:41:22,069 --> 00:41:20,000
sociocultural stigma so i think that

1161
00:41:24,630 --> 00:41:22,079
applies to all of these topics i think

1162
00:41:27,430 --> 00:41:24,640
we've really been scared andy

1163
00:41:29,349 --> 00:41:27,440

of publicly talking about it not you and

1164

00:41:31,190 --> 00:41:29,359

people who you've had on the podcast

1165

00:41:33,030 --> 00:41:31,200

it's opening up it's obviously opening

1166

00:41:35,670 --> 00:41:33,040

up and this is a subject that affects a

1167

00:41:37,270 --> 00:41:35,680

lot of people but the really interesting

1168

00:41:39,750 --> 00:41:37,280

thing is the more you talk about this

1169

00:41:41,510 --> 00:41:39,760

the more witnesses will contact you

1170

00:41:44,470 --> 00:41:41,520

one way or another to you know i heard

1171

00:41:46,390 --> 00:41:44,480

you talking about this or i saw you you

1172

00:41:48,390 --> 00:41:46,400

know your youtube video i had an

1173

00:41:49,430 --> 00:41:48,400

experience like this too and they've

1174

00:41:52,630 --> 00:41:49,440

never

1175

00:41:54,870 --> 00:41:52,640

uh talked about it to anyone before

1176
00:41:56,710 --> 00:41:54,880
i'm hoping uh people you know given you

1177
00:41:58,069 --> 00:41:56,720
talked about that attention test earlier

1178
00:41:59,910 --> 00:41:58,079
on where the gorilla walks across the

1179
00:42:01,829 --> 00:41:59,920
basketball court and i've talked about

1180
00:42:03,190 --> 00:42:01,839
that on the podcast before i'm hoping

1181
00:42:04,790 --> 00:42:03,200
people were so engrossed in what you

1182
00:42:06,230 --> 00:42:04,800
were seeing that they missed the beeping

1183
00:42:07,990 --> 00:42:06,240
there as one of the trucks were leaving

1184
00:42:09,430 --> 00:42:08,000
with the chainsaws so maybe they've

1185
00:42:10,870 --> 00:42:09,440
missed that paying so much attention to

1186
00:42:13,270 --> 00:42:10,880
your apologies for that one folks which

1187
00:42:15,990 --> 00:42:13,280
is a quick one um did you happen in the

1188
00:42:18,710 --> 00:42:16,000

last week simeon to catch uh gary nolan

1189

00:42:20,630 --> 00:42:18,720
on carlson so that was really

1190

00:42:22,230 --> 00:42:20,640
interesting because gary nolan's a

1191

00:42:23,670 --> 00:42:22,240
really fascinating character i spoke to

1192

00:42:25,109 --> 00:42:23,680
him on the podcast a couple of months

1193

00:42:26,470 --> 00:42:25,119
ago he's going to be coming back on in

1194

00:42:29,109 --> 00:42:26,480
the near future

1195

00:42:32,069 --> 00:42:29,119
and he was happy to sit there and talk

1196

00:42:34,550 --> 00:42:32,079
about potential injuries related to

1197

00:42:36,550 --> 00:42:34,560
exposure to ufos uap

1198

00:42:38,550 --> 00:42:36,560
do you see in the research you've done

1199

00:42:41,270 --> 00:42:38,560
and the cases you've researched any

1200

00:42:42,630 --> 00:42:41,280
similar types of effects from exposure

1201

00:42:44,790 --> 00:42:42,640

and you talk about those kind of

1202

00:42:46,550 --> 00:42:44,800

space-time bubbles or vacuums whatever

1203

00:42:49,109 --> 00:42:46,560

it is people are entering in those quiet

1204

00:42:51,190 --> 00:42:49,119

spaces anything similar to do with

1205

00:42:53,589 --> 00:42:51,200

bigfoot ball lightning and other types

1206

00:42:56,150 --> 00:42:53,599

of exposure

1207

00:42:57,750 --> 00:42:56,160

yeah so the gary nolan interview i mean

1208

00:42:59,829 --> 00:42:57,760

i love the part just

1209

00:43:02,309 --> 00:42:59,839

as an aside where people have said to

1210

00:43:03,589 --> 00:43:02,319

him as they've said to many people

1211

00:43:04,630 --> 00:43:03,599

in professional

1212

00:43:05,750 --> 00:43:04,640

levels

1213

00:43:07,829 --> 00:43:05,760

don't you think this might hurt your

1214

00:43:09,910 --> 00:43:07,839

reputation i mean i mean i started

1215

00:43:11,349 --> 00:43:09,920

listening to the interview this morning

1216

00:43:12,550 --> 00:43:11,359

very early this morning because i just

1217

00:43:15,670 --> 00:43:12,560

saw it last night

1218

00:43:18,230 --> 00:43:15,680

yeah and one yeah so i love his response

1219

00:43:19,910 --> 00:43:18,240

nolan's response he goes that is my rep

1220

00:43:21,430 --> 00:43:19,920

that is my reputation to go against the

1221

00:43:22,710 --> 00:43:21,440

grain that's what i do

1222

00:43:24,630 --> 00:43:22,720

it's like you know what he's saying is

1223

00:43:25,829 --> 00:43:24,640

like science isn't a popularity contest

1224

00:43:27,270 --> 00:43:25,839

you don't do it to get likes on your

1225

00:43:28,870 --> 00:43:27,280

facebook page you do it to pursue the

1226

00:43:30,870 --> 00:43:28,880

truth make sense of the data and see if

1227

00:43:32,950 --> 00:43:30,880

you can figure this puzzle out and he's

1228

00:43:36,150 --> 00:43:32,960

dealing with these injuries from ufos

1229

00:43:38,150 --> 00:43:36,160

uaps we've heard about this and in dark

1230

00:43:40,950 --> 00:43:38,160

matter monsters i mentioned the nightcap

1231

00:43:41,829 --> 00:43:40,960

study from 67 i believe

1232

00:43:45,510 --> 00:43:41,839

uh

1233

00:43:47,589 --> 00:43:45,520

major donald kehoe and gordon lord and

1234

00:43:49,589 --> 00:43:47,599

they put together about a hundred cases

1235

00:43:51,990 --> 00:43:49,599

of weird effects

1236

00:43:53,750 --> 00:43:52,000

around ufos the ones that we're all used

1237

00:43:56,309 --> 00:43:53,760

to but just to read them again it's so

1238

00:43:58,550 --> 00:43:56,319

classic it's so interesting right

1239

00:44:02,550 --> 00:43:58,560

uh the the sense of confusion people

1240

00:44:05,349 --> 00:44:02,560

have around um the agitation to animals

1241

00:44:09,270 --> 00:44:05,359

the the types of injuries that they get

1242

00:44:11,190 --> 00:44:09,280

burns and so forth so um

1243

00:44:13,430 --> 00:44:11,200

i haven't been actually able to

1244

00:44:15,750 --> 00:44:13,440

medically examine anyone who's been

1245

00:44:17,750 --> 00:44:15,760

around bigfoot but just talking to these

1246

00:44:20,309 --> 00:44:17,760

witnesses

1247

00:44:23,109 --> 00:44:20,319

uh i don't know if it's the same types

1248

00:44:25,190 --> 00:44:23,119

of injuries as ufos but there are of

1249

00:44:27,670 --> 00:44:25,200

physiological effects that in the

1250

00:44:30,710 --> 00:44:27,680

bigfoot world is called brain fog and

1251

00:44:33,349 --> 00:44:30,720

it's been attributed to infrasound

1252

00:44:34,150 --> 00:44:33,359

infrasound being those very low

1253

00:44:36,790 --> 00:44:34,160

uh

1254

00:44:39,430 --> 00:44:36,800

vibration sounds that various animals

1255

00:44:40,630 --> 00:44:39,440

can make i mean whales use infrasound i

1256

00:44:42,069 --> 00:44:40,640

believe they

1257

00:44:43,270 --> 00:44:42,079

uh elephants

1258

00:44:46,150 --> 00:44:43,280

very low

1259

00:44:47,990 --> 00:44:46,160

frequencies to that really broadcast out

1260

00:44:49,589 --> 00:44:48,000

to a distance to other members of their

1261

00:44:51,190 --> 00:44:49,599

species so they can communicate across

1262

00:44:54,230 --> 00:44:51,200

these long distances

1263

00:44:56,870 --> 00:44:54,240

and people feel that bigfoot uses

1264

00:44:59,430 --> 00:44:56,880

this type of infrasound to hunt and that

1265

00:45:01,750 --> 00:44:59,440

they occasionally use it against people

1266

00:45:03,910 --> 00:45:01,760

too which might be true

1267

00:45:06,230 --> 00:45:03,920

but we do know from the literature

1268

00:45:08,950 --> 00:45:06,240

around coherent matter and ball

1269

00:45:10,870 --> 00:45:08,960

lightning's one type of coherent matter

1270

00:45:12,790 --> 00:45:10,880

based on my research

1271

00:45:15,510 --> 00:45:12,800

that there are serious injuries and even

1272

00:45:17,190 --> 00:45:15,520

deaths around coherent matter

1273

00:45:19,349 --> 00:45:17,200

people who've participated in cold

1274

00:45:21,030 --> 00:45:19,359

fusion experiments have had injuries

1275

00:45:23,910 --> 00:45:21,040

right in their lab

1276

00:45:26,309 --> 00:45:23,920

there was one very famous incident from

1277

00:45:27,829 --> 00:45:26,319

joseph papp when he gave a demonstration

1278

00:45:29,670 --> 00:45:27,839

at caltech

1279

00:45:33,910 --> 00:45:29,680

of his

1280

00:45:36,309 --> 00:45:33,920

called it but it was a cold fusion

1281

00:45:37,670 --> 00:45:36,319

related device based on

1282

00:45:41,109 --> 00:45:37,680

hho

1283

00:45:43,190 --> 00:45:41,119

gas oxy hydrogen gas

1284

00:45:45,270 --> 00:45:43,200

which has a condensed

1285

00:45:47,190 --> 00:45:45,280

aspect to it and richard feynman the

1286

00:45:49,030 --> 00:45:47,200

famous physicist

1287

00:45:51,030 --> 00:45:49,040

went up on stage and pulled out the

1288

00:45:53,030 --> 00:45:51,040

grounding wire the grounding wire was

1289

00:45:55,750 --> 00:45:53,040

there to channel these

1290

00:45:57,349 --> 00:45:55,760

charge clusters in a safe way back into

1291

00:45:58,710 --> 00:45:57,359

the electrical system through the ground

1292

00:46:00,470 --> 00:45:58,720

which is what we all have on our

1293

00:46:02,309 --> 00:46:00,480

equipment and feynman thought it was a

1294

00:46:05,510 --> 00:46:02,319

type of cheating

1295

00:46:07,510 --> 00:46:05,520

so he uh pulled out the ground and pap

1296

00:46:08,150 --> 00:46:07,520

was you know very insistent that he put

1297

00:46:10,150 --> 00:46:08,160

it

1298

00:46:11,670 --> 00:46:10,160

reattach the ground wire

1299

00:46:13,910 --> 00:46:11,680

feynman refused to do it and there was

1300

00:46:15,750 --> 00:46:13,920

an explosion and one person was killed

1301
00:46:17,349 --> 00:46:15,760
and two were injured and there was a

1302
00:46:19,670 --> 00:46:17,359
lawsuit that

1303
00:46:21,430 --> 00:46:19,680
against feynman for doing that

1304
00:46:23,190 --> 00:46:21,440
so that's just one early example we know

1305
00:46:25,829 --> 00:46:23,200
just even from the 60s where there were

1306
00:46:27,190 --> 00:46:25,839
injuries around this type of matter now

1307
00:46:28,710 --> 00:46:27,200
we're talking about an entirely

1308
00:46:30,150 --> 00:46:28,720
electromagnetic effect or even an

1309
00:46:31,589 --> 00:46:30,160
explosion it's not like we're not

1310
00:46:32,990 --> 00:46:31,599
talking about gasoline explosion there

1311
00:46:36,230 --> 00:46:33,000
andy we're talking about an

1312
00:46:38,470 --> 00:46:36,240
electromagnetic object decohering in an

1313
00:46:40,390 --> 00:46:38,480

unstable way well

1314

00:46:42,870 --> 00:46:40,400

if you look into the literature about

1315

00:46:45,750 --> 00:46:42,880

ball lightning there are occasional

1316

00:46:47,510 --> 00:46:45,760

injuries to animals to people

1317

00:46:48,790 --> 00:46:47,520

they can explode

1318

00:46:51,030 --> 00:46:48,800

um

1319

00:46:53,430 --> 00:46:51,040

they can do all sorts of things and they

1320

00:46:57,349 --> 00:46:53,440

can leave in the lakatsky book there's

1321

00:46:59,829 --> 00:46:57,359

an example of these orbs uh of a father

1322

00:47:01,030 --> 00:46:59,839

and daughter he mentions driving through

1323

00:47:02,790 --> 00:47:01,040

the northwest

1324

00:47:05,910 --> 00:47:02,800

yeah and then the daughter sees these

1325

00:47:07,829 --> 00:47:05,920

blue orbs come in from the right and go

1326
00:47:09,030 --> 00:47:07,839
and this person sustained injuries from

1327
00:47:10,870 --> 00:47:09,040
that now

1328
00:47:12,710 --> 00:47:10,880
i can't prove sitting right here and

1329
00:47:15,190 --> 00:47:12,720
from the book that that wasn't something

1330
00:47:17,670 --> 00:47:15,200
else but that is consistent with charge

1331
00:47:18,710 --> 00:47:17,680
clusters exotic vacuum objects and ball

1332
00:47:19,910 --> 00:47:18,720
lightning

1333
00:47:21,910 --> 00:47:19,920
that they

1334
00:47:23,750 --> 00:47:21,920
have unpredictable effects when we

1335
00:47:25,829 --> 00:47:23,760
encounter them it's admittedly a rare

1336
00:47:27,829 --> 00:47:25,839
phenomena phenomenon i haven't

1337
00:47:31,910 --> 00:47:27,839
encountered it myself well actually i

1338
00:47:33,910 --> 00:47:31,920

have in uh around nap hill in 98 i was

1339

00:47:35,270 --> 00:47:33,920

with a fellow looking down at a crop

1340

00:47:37,349 --> 00:47:35,280

circle in

1341

00:47:39,349 --> 00:47:37,359

uh the east field it's a huge field

1342

00:47:41,589 --> 00:47:39,359

where circles have shown up and i did

1343

00:47:43,750 --> 00:47:41,599

see a small orb he saw it too so i knew

1344

00:47:46,230 --> 00:47:43,760

it wasn't just making this up yeah a

1345

00:47:48,069 --> 00:47:46,240

small orb off to the right

1346

00:47:49,430 --> 00:47:48,079

just lasted for a few seconds typical of

1347

00:47:51,270 --> 00:47:49,440

ball lightning

1348

00:47:53,510 --> 00:47:51,280

it looked like it was sort of getting

1349

00:47:57,030 --> 00:47:53,520

fed energy from the ground the way it

1350

00:47:58,950 --> 00:47:57,040

was modulating i did see that

1351
00:48:01,270 --> 00:47:58,960
but these can have unpredictable effects

1352
00:48:03,990 --> 00:48:01,280
and so i would say that

1353
00:48:05,750 --> 00:48:04,000
perhaps some of the injuries that nolan

1354
00:48:09,349 --> 00:48:05,760
is looking at

1355
00:48:11,430 --> 00:48:09,359
are not just due to exotic technologies

1356
00:48:12,790 --> 00:48:11,440
from advanced craft

1357
00:48:15,430 --> 00:48:12,800
you know

1358
00:48:19,190 --> 00:48:15,440
certain electromagnetic frequencies or

1359
00:48:20,630 --> 00:48:19,200
even uh you know ultra violet

1360
00:48:22,549 --> 00:48:20,640
bluish light

1361
00:48:24,069 --> 00:48:22,559
that can cause burns

1362
00:48:25,990 --> 00:48:24,079
it seems like what nolan was talking

1363
00:48:27,510 --> 00:48:26,000

about there are more severe than just

1364

00:48:28,950 --> 00:48:27,520

injuries because one of the witnesses i

1365

00:48:32,230 --> 00:48:28,960

interviewed

1366

00:48:34,069 --> 00:48:32,240

gary who worked at minot air force base

1367

00:48:35,510 --> 00:48:34,079

in the 70s and i've talked about this

1368

00:48:37,750 --> 00:48:35,520

before and i have his videos on my

1369

00:48:39,910 --> 00:48:37,760

youtube channel i mean he talked about

1370

00:48:42,710 --> 00:48:39,920

him and his buddy in the security alert

1371

00:48:43,750 --> 00:48:42,720

truck were burned by this ufo that they

1372

00:48:44,549 --> 00:48:43,760

see

1373

00:48:46,950 --> 00:48:44,559

uh

1374

00:48:48,790 --> 00:48:46,960

near a silo they're sent out to to find

1375

00:48:50,069 --> 00:48:48,800

out why the alarms keep going off and he

1376

00:48:51,510 --> 00:48:50,079

said i mean it was so bright you

1377

00:48:54,069 --> 00:48:51,520

couldn't even discern a shape as it

1378

00:48:55,910 --> 00:48:54,079

vertically took off by the silo and they

1379

00:48:58,230 --> 00:48:55,920

were burned the whole side of the the

1380

00:49:01,109 --> 00:48:58,240

jeep was discolored he said even their

1381

00:49:04,069 --> 00:49:01,119

rifles their m16s were discolored on the

1382

00:49:06,230 --> 00:49:04,079

right side and i think uh

1383

00:49:08,069 --> 00:49:06,240

was it uh

1384

00:49:10,230 --> 00:49:08,079

jim penniston who suffered the same

1385

00:49:12,150 --> 00:49:10,240

injuries at rendelsham forest or john

1386

00:49:14,069 --> 00:49:12,160

burroughs john excuse me john burroughs

1387

00:49:16,790 --> 00:49:14,079

yeah yeah so there's

1388

00:49:17,990 --> 00:49:16,800

this is part of these

1389

00:49:20,950 --> 00:49:18,000

phenomena

1390

00:49:23,829 --> 00:49:20,960

and whether they're exactly the same

1391

00:49:26,309 --> 00:49:23,839

remains to be seen but it's it it's part

1392

00:49:28,710 --> 00:49:26,319

and parcel of this territory is that

1393

00:49:30,390 --> 00:49:28,720

many times these

1394

00:49:32,309 --> 00:49:30,400

types of

1395

00:49:35,349 --> 00:49:32,319

uh objects

1396

00:49:37,430 --> 00:49:35,359

uh and even creatures are not harmful in

1397

00:49:39,990 --> 00:49:37,440

the least even ball lightning can just

1398

00:49:42,549 --> 00:49:40,000

evaporate nothing happens but there's

1399

00:49:43,750 --> 00:49:42,559

cases where it also can be quite

1400

00:49:44,950 --> 00:49:43,760

uh

1401

00:49:48,230 --> 00:49:44,960

there's a lot of energy there it can

1402

00:49:49,510 --> 00:49:48,240

explode it can discharge electricity and

1403

00:49:52,150 --> 00:49:49,520

it seems to me

1404

00:49:54,150 --> 00:49:52,160

uh andy that a lot of what they saw at

1405

00:49:55,510 --> 00:49:54,160

skinwalker ranch maybe even are seen

1406

00:49:57,190 --> 00:49:55,520

right now

1407

00:49:59,349 --> 00:49:57,200

it's not any different than what we saw

1408

00:50:01,670 --> 00:49:59,359

around ball lightning now it may not be

1409

00:50:04,069 --> 00:50:01,680

exactly the same thing because it's not

1410

00:50:05,829 --> 00:50:04,079

coming from you know thunderstorms which

1411

00:50:07,750 --> 00:50:05,839

generate bull lightning it seems coming

1412

00:50:09,510 --> 00:50:07,760

out of the ground or just associated

1413

00:50:13,109 --> 00:50:09,520

with the area

1414

00:50:15,270 --> 00:50:13,119

but the symptoms are so similar from the

1415

00:50:16,870 --> 00:50:15,280

destructive effects of coherent matter

1416

00:50:18,549 --> 00:50:16,880

ball lightning that i just have to think

1417

00:50:21,910 --> 00:50:18,559

it's the same sort of thing in other

1418

00:50:24,470 --> 00:50:21,920

words it's not necessarily an entity

1419

00:50:27,750 --> 00:50:24,480

intentionally hurting people

1420

00:50:29,670 --> 00:50:27,760

and livestock the incidents with the

1421

00:50:33,349 --> 00:50:29,680

cows and so forth the cattle it's not

1422

00:50:36,549 --> 00:50:33,359

necessarily an intelligent entity

1423

00:50:37,910 --> 00:50:36,559

using these energies to injure people

1424

00:50:39,829 --> 00:50:37,920

what i'm just saying is the ball

1425

00:50:43,030 --> 00:50:39,839

lightning does this on its own and it's

1426
00:50:44,710 --> 00:50:43,040
so exquisitely sensitive if you read

1427
00:50:45,750 --> 00:50:44,720
books about ball lightning like this

1428
00:50:48,950 --> 00:50:45,760
book

1429
00:50:51,109 --> 00:50:48,960
by russian researcher bitchkov at al

1430
00:50:52,630 --> 00:50:51,119
very extensive treatment of the history

1431
00:50:53,829 --> 00:50:52,640
of bald lightning goes back to you know

1432
00:50:54,950 --> 00:50:53,839
these people have looked people have

1433
00:50:56,870 --> 00:50:54,960
researchers have looked at all these

1434
00:50:58,470 --> 00:50:56,880
studies all the injuries around it it's

1435
00:51:01,270 --> 00:50:58,480
very similar to what they're talking

1436
00:51:04,069 --> 00:51:01,280
about so unless you know we can show

1437
00:51:06,309 --> 00:51:04,079
it's an entirely different phenomenon

1438
00:51:09,190 --> 00:51:06,319

that's intentionally doing something

1439

00:51:11,109 --> 00:51:09,200

people i would have to say that these

1440

00:51:12,309 --> 00:51:11,119

ball lightning is so sensitive to its

1441

00:51:13,589 --> 00:51:12,319

environment actually looks like it's

1442

00:51:16,710 --> 00:51:13,599

following you

1443

00:51:18,230 --> 00:51:16,720

signature and i'll tell you one more

1444

00:51:20,069 --> 00:51:18,240

thing about this andy when we were out

1445

00:51:21,670 --> 00:51:20,079

in the crop circles for you know about

1446

00:51:23,750 --> 00:51:21,680

two decades i started looking at them in

1447

00:51:26,150 --> 00:51:23,760

97.

1448

00:51:28,230 --> 00:51:26,160

we would find our static meter would be

1449

00:51:29,430 --> 00:51:28,240

extremely sensitive to the shape of the

1450

00:51:31,750 --> 00:51:29,440

crop circle in other words the

1451
00:51:33,190 --> 00:51:31,760
electrostatic charge was really affected

1452
00:51:35,510 --> 00:51:33,200
by the shape and the distance of the

1453
00:51:37,430 --> 00:51:35,520
ground so it just seems to me that makes

1454
00:51:39,349 --> 00:51:37,440
sense that ball lightning also can be if

1455
00:51:41,430 --> 00:51:39,359
i can measure with a meter it's not

1456
00:51:42,950 --> 00:51:41,440
surprising that this type of matter

1457
00:51:45,270 --> 00:51:42,960
would also

1458
00:51:47,910 --> 00:51:45,280
follow you know its way through open

1459
00:51:50,390 --> 00:51:47,920
windows and doors as people see it leave

1460
00:51:52,470 --> 00:51:50,400
go down the aisles of aircraft

1461
00:51:53,670 --> 00:51:52,480
it's not because i don't think it's

1462
00:51:55,030 --> 00:51:53,680
because it's intelligent and it's

1463
00:51:56,790 --> 00:51:55,040

following its way down the aisle like

1464

00:51:58,710 --> 00:51:56,800

we're walking it's following that

1465

00:52:00,549 --> 00:51:58,720

electrostatic gradient so when i hear

1466

00:52:02,549 --> 00:52:00,559

this happening at skinwalker ranch and

1467

00:52:04,390 --> 00:52:02,559

i'm happy to be proved wrong but when i

1468

00:52:07,030 --> 00:52:04,400

hear this happening in skinwalker ranch

1469

00:52:08,870 --> 00:52:07,040

following animals around um

1470

00:52:11,030 --> 00:52:08,880

and doing things it could be the same

1471

00:52:12,630 --> 00:52:11,040

thing it's just following gradients that

1472

00:52:14,230 --> 00:52:12,640

doesn't mean that there aren't life

1473

00:52:15,670 --> 00:52:14,240

forms that are also tapping into it at

1474

00:52:17,190 --> 00:52:15,680

the same time i'm not trying to explain

1475

00:52:18,549 --> 00:52:17,200

it all the way i'm just trying to say we

1476
00:52:20,069 --> 00:52:18,559
shouldn't assume that there's an entity

1477
00:52:22,230 --> 00:52:20,079
there that's doing this

1478
00:52:23,829 --> 00:52:22,240
what about no that that's totally fair

1479
00:52:25,510 --> 00:52:23,839
and it's good to look at both sides of

1480
00:52:27,510 --> 00:52:25,520
it but what about the potential that the

1481
00:52:30,470 --> 00:52:27,520
ball lightening itself

1482
00:52:32,309 --> 00:52:30,480
is some sort of life form or you know

1483
00:52:34,549 --> 00:52:32,319
could it be like a hint a plasma based

1484
00:52:36,390 --> 00:52:34,559
life form

1485
00:52:38,150 --> 00:52:36,400
well i don't think we can ever rule that

1486
00:52:39,589 --> 00:52:38,160
out um

1487
00:52:41,270 --> 00:52:39,599
that would be very interesting to

1488
00:52:43,829 --> 00:52:41,280

discover that and it's something that

1489

00:52:45,910 --> 00:52:43,839

i've thought about a lot is

1490

00:52:48,549 --> 00:52:45,920

does some sort of intelligence has it

1491

00:52:49,829 --> 00:52:48,559

tapped into the ball lightning in a way

1492

00:52:52,069 --> 00:52:49,839

that it can

1493

00:52:53,750 --> 00:52:52,079

direct it in a certain way

1494

00:52:55,670 --> 00:52:53,760

it's an open question

1495

00:52:58,470 --> 00:52:55,680

but the ball lightning itself forms any

1496

00:53:00,790 --> 00:52:58,480

time you get really compressed uh

1497

00:53:03,109 --> 00:53:00,800

coherent matter current meaning same

1498

00:53:04,870 --> 00:53:03,119

frequency same temperature the electrons

1499

00:53:06,309 --> 00:53:04,880

will become one big electron the

1500

00:53:08,150 --> 00:53:06,319

electrons if that's what we're dealing

1501
00:53:10,390 --> 00:53:08,160
with here the charge lesser will

1502
00:53:12,309 --> 00:53:10,400
compress and there's a researcher who

1503
00:53:13,510 --> 00:53:12,319
worked with hal put off named ken

1504
00:53:15,829 --> 00:53:13,520
kenneth

1505
00:53:18,549 --> 00:53:15,839
radford shoulders who worked at sri

1506
00:53:21,230 --> 00:53:18,559
lanka uh even back in the early rv

1507
00:53:24,470 --> 00:53:21,240
program who was a real pioneer in

1508
00:53:27,109 --> 00:53:24,480
microelectronics and he uh

1509
00:53:29,990 --> 00:53:27,119
he passed away i'm sorry to say from

1510
00:53:30,790 --> 00:53:30,000
injuries due to his research

1511
00:53:32,710 --> 00:53:30,800
in

1512
00:53:35,030 --> 00:53:32,720
compressed condensed matter because it

1513
00:53:36,549 --> 00:53:35,040

can create radiation and so forth but

1514

00:53:38,309 --> 00:53:36,559

kenneth's shoulders did a lot of

1515

00:53:41,349 --> 00:53:38,319

research in this area and others and i

1516

00:53:42,549 --> 00:53:41,359

think they've shown us matsumoto

1517

00:53:45,589 --> 00:53:42,559

um

1518

00:53:48,630 --> 00:53:45,599

alexander parkimov in the ussr and now

1519

00:53:51,270 --> 00:53:48,640

russia he they've shown that when you

1520

00:53:54,230 --> 00:53:51,280

get really compressed matter

1521

00:53:57,109 --> 00:53:54,240

these electromagnetic forces

1522

00:53:58,950 --> 00:53:57,119

uh overwhelm gravity and are the

1523

00:54:01,589 --> 00:53:58,960

predominant force and they literally

1524

00:54:03,270 --> 00:54:01,599

compress particles subatomic particles

1525

00:54:05,510 --> 00:54:03,280

together that there's transmutation the

1526

00:54:07,109 --> 00:54:05,520

particles lose their identity what they

1527

00:54:08,710 --> 00:54:07,119

had before and become like one big

1528

00:54:11,430 --> 00:54:08,720

coherent particle in the case of ball

1529

00:54:13,910 --> 00:54:11,440

lightning one big coherent you know one

1530

00:54:15,030 --> 00:54:13,920

electron a hue a macro electron you know

1531

00:54:17,910 --> 00:54:15,040

the same sort of thing before they come

1532

00:54:19,589 --> 00:54:17,920

apart again and so

1533

00:54:21,430 --> 00:54:19,599

you know to answer a question i'm not

1534

00:54:22,950 --> 00:54:21,440

sure it necessarily it's a good question

1535

00:54:24,710 --> 00:54:22,960

and i'm not resolved on this one way or

1536

00:54:27,190 --> 00:54:24,720

another i'm not sure it needs

1537

00:54:28,870 --> 00:54:27,200

intelligence to do what it does but that

1538

00:54:30,150 --> 00:54:28,880

doesn't mean

1539

00:54:32,790 --> 00:54:30,160

that

1540

00:54:35,589 --> 00:54:32,800

types of life haven't tapped into it

1541

00:54:38,309 --> 00:54:35,599

because there's a saying from the miwok

1542

00:54:39,589 --> 00:54:38,319

indians of the yosemite valley in

1543

00:54:41,109 --> 00:54:39,599

california

1544

00:54:43,349 --> 00:54:41,119

they're saying is wherever a bigfoot

1545

00:54:45,270 --> 00:54:43,359

walks a lantern follows

1546

00:54:46,390 --> 00:54:45,280

wherever a bigfoot walks a lantern

1547

00:54:48,150 --> 00:54:46,400

follows

1548

00:54:50,390 --> 00:54:48,160

and that means that there's an

1549

00:54:51,430 --> 00:54:50,400

association between an organic type of

1550

00:54:54,710 --> 00:54:51,440

life

1551

00:54:56,150 --> 00:54:54,720

and this ball lightning these orbs

1552

00:54:57,990 --> 00:54:56,160

and the book you mentioned that ball

1553

00:55:00,710 --> 00:54:58,000

lightning tends to be relatively small

1554

00:55:02,789 --> 00:55:00,720

in size where you also talk about many

1555

00:55:05,750 --> 00:55:02,799

ufo reports they'll talk about objects

1556

00:55:07,829 --> 00:55:05,760

the size of football fields huge craft

1557

00:55:10,390 --> 00:55:07,839

do you think that leans towards ruling

1558

00:55:12,230 --> 00:55:10,400

out a correlation between ufo sightings

1559

00:55:14,470 --> 00:55:12,240

and ball lightning being confused for

1560

00:55:17,270 --> 00:55:14,480

each other or is it just a different

1561

00:55:18,710 --> 00:55:17,280

part of the puzzle to solve

1562

00:55:19,430 --> 00:55:18,720

yeah no that's a really good question i

1563

00:55:21,670 --> 00:55:19,440

mean

1564

00:55:23,190 --> 00:55:21,680

ufos seem a lot bigger than you ever see

1565

00:55:25,030 --> 00:55:23,200

from ball lightning ball lightning

1566

00:55:26,630 --> 00:55:25,040

averages you know maybe a few feet

1567

00:55:29,270 --> 00:55:26,640

across it can be

1568

00:55:31,510 --> 00:55:29,280

smaller and in the case of the cold

1569

00:55:33,030 --> 00:55:31,520

fusion it can be micro ball lightning

1570

00:55:35,270 --> 00:55:33,040

people have seen these little ballet

1571

00:55:36,710 --> 00:55:35,280

matsumoto especially

1572

00:55:38,470 --> 00:55:36,720

this is how they kind of saw there was a

1573

00:55:40,150 --> 00:55:38,480

connection in their cold fusion

1574

00:55:42,150 --> 00:55:40,160

experiments under scanning electron

1575

00:55:43,750 --> 00:55:42,160

microscopes they saw a little ball

1576
00:55:46,230 --> 00:55:43,760
lightnings moving around and on the

1577
00:55:48,309 --> 00:55:46,240
surfaces of palladium metals or

1578
00:55:49,829 --> 00:55:48,319
but certainly there's a point at which

1579
00:55:51,510 --> 00:55:49,839
it's not going to be ball lighting

1580
00:55:53,670 --> 00:55:51,520
anymore i think i don't know what the

1581
00:55:55,829 --> 00:55:53,680
limit to the size is

1582
00:55:57,430 --> 00:55:55,839
10 meters something like that

1583
00:55:59,030 --> 00:55:57,440
and again it's a good question for

1584
00:56:00,390 --> 00:55:59,040
investigation i don't totally know the

1585
00:56:03,030 --> 00:56:00,400
answer are

1586
00:56:05,510 --> 00:56:03,040
these ufos uaps

1587
00:56:07,589 --> 00:56:05,520
are they generating something like that

1588
00:56:09,510 --> 00:56:07,599

type of current matter that we

1589

00:56:10,630 --> 00:56:09,520

recognize as ball lightning certainly

1590

00:56:12,309 --> 00:56:10,640

there's got to be a difference and

1591

00:56:14,549 --> 00:56:12,319

certainly when you get to a certain size

1592

00:56:17,270 --> 00:56:14,559

but in the nightcap report from gordon

1593

00:56:19,910 --> 00:56:17,280

and laura they talk about these orbs

1594

00:56:22,309 --> 00:56:19,920

and balls of light and uh

1595

00:56:25,670 --> 00:56:22,319

going back to john ramirez you know the

1596

00:56:28,069 --> 00:56:25,680

former cia miss uh signals analyst who

1597

00:56:28,870 --> 00:56:28,079

made the podcast circuit not too long

1598

00:56:30,069 --> 00:56:28,880

ago

1599

00:56:31,910 --> 00:56:30,079

i don't know if you had him on this show

1600

00:56:34,710 --> 00:56:31,920

but he's joining us yeah a couple times

1601
00:56:36,710 --> 00:56:34,720
yet yeah yeah so he he talked about this

1602
00:56:38,069 --> 00:56:36,720
and he said that the

1603
00:56:41,190 --> 00:56:38,079
i mean he's talking about this quite

1604
00:56:43,910 --> 00:56:41,200
openly he said that he believed

1605
00:56:46,150 --> 00:56:43,920
that these orbs which they could see

1606
00:56:48,390 --> 00:56:46,160
coming into the atmosphere

1607
00:56:50,630 --> 00:56:48,400
through the keyhole satellites you know

1608
00:56:52,150 --> 00:56:50,640
highly classified satellite system which

1609
00:56:54,309 --> 00:56:52,160
ramirez told us we could look up in

1610
00:56:56,390 --> 00:56:54,319
wikipedia and get a lot of the basic

1611
00:56:57,829 --> 00:56:56,400
which i did

1612
00:56:59,510 --> 00:56:57,839
you know the enter service i believe in

1613
00:57:02,470 --> 00:56:59,520

the early 70s

1614

00:57:05,030 --> 00:57:02,480

uh so he said these keyhole satellites

1615

00:57:06,870 --> 00:57:05,040

were picking up in the infrared range

1616

00:57:09,510 --> 00:57:06,880

these orbs

1617

00:57:10,870 --> 00:57:09,520

coming into the earth's atmosphere

1618

00:57:14,549 --> 00:57:10,880

and

1619

00:57:16,150 --> 00:57:14,559

being interested in uh nuclear test

1620

00:57:18,870 --> 00:57:16,160

sites and

1621

00:57:20,309 --> 00:57:18,880

related facilities

1622

00:57:22,950 --> 00:57:20,319

um

1623

00:57:25,670 --> 00:57:22,960

he said that they saw these over the

1624

00:57:28,549 --> 00:57:25,680

soviet union they initially thought that

1625

00:57:30,470 --> 00:57:28,559

these might be some sort of soviet

1626
00:57:31,430 --> 00:57:30,480
counter defensive measures you maybe

1627
00:57:33,349 --> 00:57:31,440
you've heard remember him saying this

1628
00:57:34,630 --> 00:57:33,359
right yes yeah yeah well the real

1629
00:57:36,630 --> 00:57:34,640
interesting thing about it is he said

1630
00:57:38,069 --> 00:57:36,640
that they concluded that these orbs were

1631
00:57:38,789 --> 00:57:38,079
a type of ufo

1632
00:57:41,349 --> 00:57:38,799
that

1633
00:57:42,789 --> 00:57:41,359
in other words we think of ufos as solid

1634
00:57:45,270 --> 00:57:42,799
objects right

1635
00:57:46,950 --> 00:57:45,280
in a large sense right like metallic

1636
00:57:48,630 --> 00:57:46,960
crafters i know jacques valets tried to

1637
00:57:50,390 --> 00:57:48,640
push us away said look they're not

1638
00:57:52,150 --> 00:57:50,400

little guys getting in their metal craft

1639

00:57:54,710 --> 00:57:52,160

coming from other planets

1640

00:57:56,470 --> 00:57:54,720

but ramirez's suggesting i mean i think

1641

00:57:58,470 --> 00:57:56,480

he's pretty saying it pretty explicitly

1642

00:58:00,230 --> 00:57:58,480

here uh correct me if i'm wrong that

1643

00:58:01,589 --> 00:58:00,240

these orbs and ufos are the same

1644

00:58:04,150 --> 00:58:01,599

phenomena

1645

00:58:06,829 --> 00:58:04,160

so in that case these orbs would be sort

1646

00:58:10,710 --> 00:58:06,839

of a different state

1647

00:58:13,510 --> 00:58:10,720

uh of matter of these ufos and he even

1648

00:58:15,109 --> 00:58:13,520

went as far as describing them as dark

1649

00:58:16,950 --> 00:58:15,119

plasmas do you remember him saying that

1650

00:58:17,750 --> 00:58:16,960

dark plastic yeah

1651

00:58:21,190 --> 00:58:17,760

so

1652

00:58:24,150 --> 00:58:21,200

uh that gets into the era we know of

1653

00:58:25,750 --> 00:58:24,160

coherent matter having an invisible form

1654

00:58:29,109 --> 00:58:25,760

a sort of a

1655

00:58:32,309 --> 00:58:29,119

a dark form a dark uh some people call

1656

00:58:33,430 --> 00:58:32,319

it black ball lightning so i guess what

1657

00:58:35,270 --> 00:58:33,440

i'm suggesting andy is there's a

1658

00:58:37,270 --> 00:58:35,280

spectrum of phenomena here and i

1659

00:58:38,950 --> 00:58:37,280

certainly haven't in my own mind come to

1660

00:58:41,270 --> 00:58:38,960

a resolution of

1661

00:58:43,270 --> 00:58:41,280

what is it that's ufo what is it that's

1662

00:58:46,150 --> 00:58:43,280

ball lightning what is it that's orbs i

1663

00:58:48,069 --> 00:58:46,160

guess what they're on a spectrum of

1664

00:58:49,670 --> 00:58:48,079

intelligent control and then something

1665

00:58:51,270 --> 00:58:49,680

that just seems to be a physics

1666

00:58:52,630 --> 00:58:51,280

phenomena but there seems to be a

1667

00:58:55,109 --> 00:58:52,640

relationship between them which is

1668

00:58:56,870 --> 00:58:55,119

really intriguing really intriguing

1669

00:58:58,390 --> 00:58:56,880

i want to get some listener questions

1670

00:58:59,910 --> 00:58:58,400

because some of the things that i would

1671

00:59:01,349 --> 00:58:59,920

have jumped in with people have wanted

1672

00:59:03,349 --> 00:59:01,359

to ask and i'm going to leave it up to

1673

00:59:05,349 --> 00:59:03,359

them so let's get to some of these the

1674

00:59:06,789 --> 00:59:05,359

first question was from paul you

1675

00:59:08,950 --> 00:59:06,799

answered that earlier on that was the

1676
00:59:10,630 --> 00:59:08,960
one you answered on twitter uh when you

1677
00:59:12,150 --> 00:59:10,640
talked about the connection between ufos

1678
00:59:13,750 --> 00:59:12,160
and bigfoot so thank you paul wanted to

1679
00:59:16,069 --> 00:59:13,760
give you a shout out for that one simeon

1680
00:59:18,630 --> 00:59:16,079
brought that one up um newman always

1681
00:59:21,030 --> 00:59:18,640
sends in some good questions newman asks

1682
00:59:23,829 --> 00:59:21,040
how does simeon rationalize a reported

1683
00:59:26,069 --> 00:59:23,839
overlap of alien visitations with

1684
00:59:28,470 --> 00:59:26,079
appearances of entities that seem to

1685
00:59:29,829 --> 00:59:28,480
come from an afterlife and he says that

1686
00:59:31,670 --> 00:59:29,839
whitley strieber

1687
00:59:33,910 --> 00:59:31,680
for instance reports that together with

1688
00:59:35,670 --> 00:59:33,920

his wife he encountered grey beings as

1689

00:59:37,990 --> 00:59:35,680

well as what appear to be ghosts of

1690

00:59:40,150 --> 00:59:38,000

deceased relatives during a contact

1691

00:59:41,670 --> 00:59:40,160

event

1692

00:59:43,510 --> 00:59:41,680

well i think

1693

00:59:45,430 --> 00:59:43,520

we're going to come to the conclusion

1694

00:59:46,549 --> 00:59:45,440

whether it's five years from now or a

1695

00:59:48,549 --> 00:59:46,559

hundred years from now i don't know how

1696

00:59:50,150 --> 00:59:48,559

long it's going to take i think we're

1697

00:59:51,750 --> 00:59:50,160

surrounded by a lot of different forms

1698

00:59:53,349 --> 00:59:51,760

of life

1699

00:59:55,510 --> 00:59:53,359

just what we've been taught is just

1700

00:59:56,549 --> 00:59:55,520

wrong in school

1701

00:59:59,030 --> 00:59:56,559

it

1702

01:00:00,870 --> 00:59:59,040

we're taught in biology classes and

1703

01:00:03,109 --> 01:00:00,880

science classes that there's this tree

1704

01:00:05,430 --> 01:00:03,119

of life and somehow we're at the

1705

01:00:07,829 --> 01:00:05,440

apex of it right and it starts with sea

1706

01:00:09,750 --> 01:00:07,839

life and it kind of singular cell

1707

01:00:10,710 --> 01:00:09,760

organisms and ends up with us and that's

1708

01:00:11,910 --> 01:00:10,720

it

1709

01:00:14,150 --> 01:00:11,920

i bet

1710

01:00:15,990 --> 01:00:14,160

what we recognize as life right now is a

1711

01:00:18,309 --> 01:00:16,000

tenth of a percent of the life that's

1712

01:00:21,270 --> 01:00:18,319

around us even in our own galaxy i mean

1713

01:00:23,589 --> 01:00:21,280

we know just from dark matter alone

1714

01:00:25,349 --> 01:00:23,599

the study of dark matter and this we

1715

01:00:29,109 --> 01:00:25,359

haven't talked about this yet andy in

1716

01:00:30,710 --> 01:00:29,119

our conversation so far is that 99.5 of

1717

01:00:33,829 --> 01:00:30,720

the matter and energy out there is

1718

01:00:35,670 --> 01:00:33,839

invisible to our sensory systems and all

1719

01:00:37,829 --> 01:00:35,680

of our equipment it can only be detected

1720

01:00:40,390 --> 01:00:37,839

gravitationally even the other type of

1721

01:00:42,630 --> 01:00:40,400

matter that's similar to us is

1722

01:00:44,150 --> 01:00:42,640

considered non-baryonic

1723

01:00:45,430 --> 01:00:44,160

which means it doesn't interact with

1724

01:00:48,630 --> 01:00:45,440

light

1725

01:00:51,030 --> 01:00:48,640

so even in our own universe we know that

1726

01:00:52,870 --> 01:00:51,040

we're only seeing like a half a percent

1727

01:00:55,190 --> 01:00:52,880

so even if we look at the james webb

1728

01:00:56,470 --> 01:00:55,200

telescope images which are beautiful the

1729

01:00:58,470 --> 01:00:56,480

new ones that are coming back like that

1730

01:01:00,870 --> 01:00:58,480

pinwheel galaxy yeah

1731

01:01:03,349 --> 01:01:00,880

it's just like wow if that doesn't make

1732

01:01:05,270 --> 01:01:03,359

your day i'm just beautiful

1733

01:01:07,430 --> 01:01:05,280

well that's only a half percent folks of

1734

01:01:09,750 --> 01:01:07,440

everything that's out there so is it

1735

01:01:11,829 --> 01:01:09,760

really that far-fetched to think that

1736

01:01:13,589 --> 01:01:11,839

maybe we're only aware of half a percent

1737

01:01:16,309 --> 01:01:13,599

of the types of life

1738

01:01:19,190 --> 01:01:16,319

that are out there and not all of it is

1739

01:01:19,990 --> 01:01:19,200

physical some of it is in the energy

1740

01:01:22,309 --> 01:01:20,000

realm

1741

01:01:24,470 --> 01:01:22,319

it's not far afield from relativity

1742

01:01:26,309 --> 01:01:24,480

theory general relativity theory which

1743

01:01:27,990 --> 01:01:26,319

says $E = mc^2$ and what is

1744

01:01:30,230 --> 01:01:28,000

Einstein telling us there

1745

01:01:32,549 --> 01:01:30,240

is that energy equals mass times the

1746

01:01:34,230 --> 01:01:32,559

speed of light squared that energy and

1747

01:01:35,270 --> 01:01:34,240

it's even hard for us to mean just

1748

01:01:36,950 --> 01:01:35,280

talking about it right now and it

1749

01:01:38,789 --> 01:01:36,960

doesn't seem like well there's mass

1750

01:01:40,069 --> 01:01:38,799

there's physical things and then there's

1751

01:01:41,750 --> 01:01:40,079

energy things that are making our

1752

01:01:44,470 --> 01:01:41,760

conversation possible and lights and

1753

01:01:46,230 --> 01:01:44,480

stuff but einstein told us you know 100

1754

01:01:48,470 --> 01:01:46,240

years ago that energy and mass are the

1755

01:01:51,109 --> 01:01:48,480

same thing and then quantum mechanics

1756

01:01:52,950 --> 01:01:51,119

tells us that everything has a frequency

1757

01:01:54,309 --> 01:01:52,960

in relationship to a constant called

1758

01:01:56,870 --> 01:01:54,319

planck's constant that it's not

1759

01:01:59,750 --> 01:01:56,880

continuous well again as max tegmark

1760

01:02:02,470 --> 01:01:59,760

gets back into his book uh you know our

1761

01:02:04,549 --> 01:02:02,480

mathematical universe and hugh everett

1762

01:02:07,270 --> 01:02:04,559

before him in the 50s as a graduate

1763

01:02:09,270 --> 01:02:07,280

student at princeton university

1764

01:02:11,430 --> 01:02:09,280

the other way to look at that because of

1765

01:02:13,829 --> 01:02:11,440

planck's constant is you have all these

1766

01:02:16,069 --> 01:02:13,839

parallel realities stacked up next to

1767

01:02:18,789 --> 01:02:16,079

each other at different frequencies and

1768

01:02:20,789 --> 01:02:18,799

as much as it is a blow to your ego to

1769

01:02:22,470 --> 01:02:20,799

think that you're perceiving everything

1770

01:02:24,069 --> 01:02:22,480

none of us are

1771

01:02:25,510 --> 01:02:24,079

but there was an article in science

1772

01:02:27,990 --> 01:02:25,520

magazine just yesterday i was looking at

1773

01:02:30,069 --> 01:02:28,000

saying that we only as humans we only

1774

01:02:32,150 --> 01:02:30,079

see a very narrow

1775

01:02:33,829 --> 01:02:32,160

uh spectrum of the electromagnetic

1776

01:02:35,750 --> 01:02:33,839

frequencies that are out there different

1777

01:02:37,349 --> 01:02:35,760

animals are all specialized based on

1778

01:02:38,789 --> 01:02:37,359

where they are in the earth in the

1779

01:02:40,309 --> 01:02:38,799

oceans in the atmosphere i've seen

1780

01:02:42,309 --> 01:02:40,319

different frequencies

1781

01:02:43,990 --> 01:02:42,319

we're just not seen as much as is out

1782

01:02:46,309 --> 01:02:44,000

there so i don't think it's really a

1783

01:02:47,270 --> 01:02:46,319

stretch to think that there's other life

1784

01:02:49,589 --> 01:02:47,280

that

1785

01:02:52,309 --> 01:02:49,599

is just not easily perceptible or may

1786

01:02:54,470 --> 01:02:52,319

even be in frequency ranges that we

1787

01:02:56,069 --> 01:02:54,480

don't perceive directly

1788

01:02:57,670 --> 01:02:56,079

and if that other life had developed a

1789

01:02:59,510 --> 01:02:57,680

technology which allowed them to change

1790

01:03:01,670 --> 01:02:59,520

between the frequencies they can pop in

1791

01:03:03,910 --> 01:03:01,680

here and that's why you see them for a

1792

01:03:05,910 --> 01:03:03,920

split second for a few minutes then why

1793

01:03:07,589 --> 01:03:05,920

they look hazy grainy

1794

01:03:09,910 --> 01:03:07,599

hard to take photographs off hard to

1795

01:03:11,270 --> 01:03:09,920

film and then they go away and it's

1796

01:03:13,430 --> 01:03:11,280

that's it they're just jumping back and

1797

01:03:15,109 --> 01:03:13,440

forward like a radio station and we

1798

01:03:17,670 --> 01:03:15,119

don't like that ability

1799

01:03:19,270 --> 01:03:17,680

exactly and the your the listeners

1800

01:03:20,230 --> 01:03:19,280

question is why do we perceive them

1801
01:03:22,069 --> 01:03:20,240
together

1802
01:03:24,150 --> 01:03:22,079
well once you start perceiving other

1803
01:03:26,069 --> 01:03:24,160
frequencies maybe your just ability to

1804
01:03:28,549 --> 01:03:26,079
perceive more frequencies opens up and

1805
01:03:31,190 --> 01:03:28,559
you start perceiving the frequencies of

1806
01:03:33,750 --> 01:03:31,200
spirits and other life forms

1807
01:03:36,950 --> 01:03:33,760
uh whatever you want to call them ghosts

1808
01:03:39,029 --> 01:03:36,960
or things like this maybe these are

1809
01:03:40,789 --> 01:03:39,039
versions of us at different frequencies

1810
01:03:43,270 --> 01:03:40,799
people that have passed on that we knew

1811
01:03:44,630 --> 01:03:43,280
maybe they existed different you know

1812
01:03:46,789 --> 01:03:44,640
that's bleed through from other

1813
01:03:49,109 --> 01:03:46,799

realities i mean it's not hard to think

1814

01:03:51,270 --> 01:03:49,119

about it that way and so

1815

01:03:52,710 --> 01:03:51,280

for me you know getting involved in rv

1816

01:03:55,270 --> 01:03:52,720

i've often said that was like a gateway

1817

01:03:57,990 --> 01:03:55,280

drug because i came into rv as

1818

01:03:59,349 --> 01:03:58,000

open-minded skeptic in other words i was

1819

01:04:00,870 --> 01:03:59,359

hoping that it could be real and i

1820

01:04:02,870 --> 01:04:00,880

thought maybe it's not real and i'll

1821

01:04:05,190 --> 01:04:02,880

take a class like i did in 96 and we'll

1822

01:04:06,870 --> 01:04:05,200

see well it worked yeah no it worked it

1823

01:04:08,390 --> 01:04:06,880

really worked and i got results there's

1824

01:04:09,910 --> 01:04:08,400

no way this has any conventional

1825

01:04:11,109 --> 01:04:09,920

explanation you're describing something

1826

01:04:12,630 --> 01:04:11,119

you won't see for half an hour and here

1827

01:04:14,230 --> 01:04:12,640

you've drawn it already on the page how

1828

01:04:15,990 --> 01:04:14,240

how could that be

1829

01:04:17,990 --> 01:04:16,000

it starts opening you up to questioning

1830

01:04:19,829 --> 01:04:18,000

lots of other things you start seeing

1831

01:04:22,549 --> 01:04:19,839

more because you're relying more less on

1832

01:04:24,230 --> 01:04:22,559

your senses and more on your intuition

1833

01:04:26,230 --> 01:04:24,240

and so that time it takes you on a

1834

01:04:27,829 --> 01:04:26,240

pathway to see more and more of what's

1835

01:04:29,670 --> 01:04:27,839

going on around you well i think it's

1836

01:04:31,589 --> 01:04:29,680

the same way with people who've had ufo

1837

01:04:33,589 --> 01:04:31,599

encounters or so forth i think it kind

1838

01:04:35,750 --> 01:04:33,599

of opens the aperture i mean that's the

1839

01:04:38,069 --> 01:04:35,760

analogy that ingo swan used

1840

01:04:39,910 --> 01:04:38,079

we start off we probably start off with

1841

01:04:41,750 --> 01:04:39,920

a pretty open aperture but being

1842

01:04:43,430 --> 01:04:41,760

socialized in the societies that we grew

1843

01:04:46,069 --> 01:04:43,440

up in it's kind of narrowed become

1844

01:04:47,990 --> 01:04:46,079

practical adult people and our aperture

1845

01:04:50,710 --> 01:04:48,000

perception gets kind of shut down but

1846

01:04:53,270 --> 01:04:50,720

through training like rv or experiences

1847

01:04:55,270 --> 01:04:53,280

or maybe even near-death experiences

1848

01:04:57,829 --> 01:04:55,280

uh the aperture opens up and you see

1849

01:04:59,270 --> 01:04:57,839

more and you see more of what's really

1850

01:05:01,109 --> 01:04:59,280

been there the whole time

1851

01:05:02,950 --> 01:05:01,119

and same with psychedelics as i've

1852

01:05:04,549 --> 01:05:02,960

discussed psychedelics with dr andrew

1853

01:05:06,390 --> 01:05:04,559

gallimore before and he talked about

1854

01:05:08,069 --> 01:05:06,400

various different things and again

1855

01:05:09,430 --> 01:05:08,079

gateway drugs are they're called gateway

1856

01:05:12,069 --> 01:05:09,440

for a reason because they're opening up

1857

01:05:14,390 --> 01:05:12,079

that that door to something else so but

1858

01:05:17,029 --> 01:05:14,400

yeah really interesting um

1859

01:05:18,390 --> 01:05:17,039

okay this name slarty barked fast is

1860

01:05:20,950 --> 01:05:18,400

really hard to say with a scottish

1861

01:05:22,549 --> 01:05:20,960

accent but i think i got there um slarty

1862

01:05:25,510 --> 01:05:22,559

just said could you tell us more about

1863

01:05:27,990 --> 01:05:25,520

time slips and time anomalies

1864

01:05:29,750 --> 01:05:28,000

now that is an entirely fascinating

1865

01:05:31,190 --> 01:05:29,760

subject in and of itself but i'm sure

1866

01:05:32,789 --> 01:05:31,200

it's related to what we're talking about

1867

01:05:34,150 --> 01:05:32,799

and again i don't claim to have all

1868

01:05:36,150 --> 01:05:34,160

the answers i'm just we're just looking

1869

01:05:37,910 --> 01:05:36,160

at the evidence here i had i've had

1870

01:05:40,230 --> 01:05:37,920

friends i have friends who've had these

1871

01:05:43,510 --> 01:05:40,240

time slip experiences they literally

1872

01:05:45,190 --> 01:05:43,520

went into a town felt that they ate in a

1873

01:05:46,549 --> 01:05:45,200

restaurant which when they went back the

1874

01:05:47,990 --> 01:05:46,559

next day had been shuttered for two

1875

01:05:49,510 --> 01:05:48,000

decades

1876

01:05:51,990 --> 01:05:49,520

and everyone said that's exactly where

1877

01:05:54,230 --> 01:05:52,000

we were and if you read this terry

1878

01:05:55,750 --> 01:05:54,240

lovelace ask him about this in his a

1879

01:05:58,230 --> 01:05:55,760

sequel book

1880

01:05:59,910 --> 01:05:58,240

uh devil's den the reckoning

1881

01:06:01,829 --> 01:05:59,920

where he collected 30 of the best

1882

01:06:03,029 --> 01:06:01,839

stories that were sent to him after the

1883

01:06:05,829 --> 01:06:03,039

publication of his first book he has

1884

01:06:08,150 --> 01:06:05,839

some time slip type stories in there

1885

01:06:09,750 --> 01:06:08,160

and what a time slip is for people that

1886

01:06:12,549 --> 01:06:09,760

are not really familiar with it it's

1887

01:06:14,710 --> 01:06:12,559

where you're in a location and all of a

1888

01:06:17,190 --> 01:06:14,720

sudden it changes into something could

1889

01:06:18,710 --> 01:06:17,200

be in the past is very common

1890

01:06:20,230 --> 01:06:18,720

these have happened in london and other

1891

01:06:21,589 --> 01:06:20,240

places where you're all sudden on a

1892

01:06:23,990 --> 01:06:21,599

street that shouldn't exist anymore it's

1893

01:06:25,510 --> 01:06:24,000

lit with gas lights the stores have all

1894

01:06:27,029 --> 01:06:25,520

different names

1895

01:06:28,630 --> 01:06:27,039

and um

1896

01:06:30,230 --> 01:06:28,640

it just changes into a different place

1897

01:06:31,510 --> 01:06:30,240

sometimes it happens to groups of people

1898

01:06:33,349 --> 01:06:31,520

together

1899

01:06:35,109 --> 01:06:33,359

and then they all come back

1900

01:06:36,309 --> 01:06:35,119

most of the time they come back if they

1901

01:06:37,349 --> 01:06:36,319

don't come back i guess we don't see

1902

01:06:38,630 --> 01:06:37,359

them again

1903

01:06:39,829 --> 01:06:38,640

i've talked to people who've had it

1904

01:06:40,950 --> 01:06:39,839

happen right here in boulder where

1905

01:06:42,549 --> 01:06:40,960

they're walking down the street and all

1906

01:06:44,710 --> 01:06:42,559

sudden they're horse-drawn carriages

1907

01:06:46,950 --> 01:06:44,720

they're looking at barns and a gravel

1908

01:06:48,069 --> 01:06:46,960

dusty road then they come back

1909

01:06:49,910 --> 01:06:48,079

um

1910

01:06:52,309 --> 01:06:49,920

there was a time slip conference i

1911

01:06:53,750 --> 01:06:52,319

participated in a couple years ago

1912

01:06:55,589 --> 01:06:53,760

where preston dennett was one of the

1913

01:06:57,430 --> 01:06:55,599

presenters i listened to his time slip

1914

01:06:59,430 --> 01:06:57,440

stories of people who have encountered

1915

01:07:01,349 --> 01:06:59,440

ufos where they've been taken back to

1916

01:07:03,190 --> 01:07:01,359

their past or seen things that they

1917

01:07:06,710 --> 01:07:03,200

didn't exist anymore

1918

01:07:09,990 --> 01:07:06,720

so um the time slip phenomena

1919

01:07:12,150 --> 01:07:10,000

phenomenon is really i think uh quite an

1920

01:07:13,750 --> 01:07:12,160

interesting feature of this now

1921

01:07:16,390 --> 01:07:13,760

when you talk to people who've been

1922

01:07:19,029 --> 01:07:16,400

around ufos and cryptids this is also

1923

01:07:21,109 --> 01:07:19,039

part of their experience sometimes

1924

01:07:23,510 --> 01:07:21,119

where they feel like they've changed

1925

01:07:24,309 --> 01:07:23,520

space or time suddenly and then they're

1926

01:07:27,510 --> 01:07:24,319

back

1927

01:07:28,390 --> 01:07:27,520

where they are to me that suggests that

1928

01:07:31,270 --> 01:07:28,400

again

1929

01:07:32,710 --> 01:07:31,280

some connection here right

1930

01:07:34,390 --> 01:07:32,720

i don't want to be too rigid about it

1931

01:07:36,470 --> 01:07:34,400

explain it all the way you know a

1932

01:07:37,750 --> 01:07:36,480

unified theory of all this i don't have

1933

01:07:38,870 --> 01:07:37,760

that but

1934

01:07:40,630 --> 01:07:38,880

um

1935

01:07:42,390 --> 01:07:40,640

there's obviously a connection or you

1936

01:07:44,309 --> 01:07:42,400

wouldn't have it happening when people

1937

01:07:47,430 --> 01:07:44,319

are taking a board a craft and they're

1938

01:07:49,029 --> 01:07:47,440

taking into another time on earth

1939

01:07:51,029 --> 01:07:49,039

they're shown the future or they're

1940

01:07:53,589 --> 01:07:51,039

taken back to their past they see the

1941

01:07:55,430 --> 01:07:53,599

cars of their friends real you know real

1942

01:07:57,589 --> 01:07:55,440

specific details that could be verified

1943

01:07:59,270 --> 01:07:57,599

later that that couldn't be faked

1944

01:08:01,670 --> 01:07:59,280

they know things about friends that the

1945

01:08:02,470 --> 01:08:01,680

friends never told anyone about

1946

01:08:04,309 --> 01:08:02,480

so

1947

01:08:06,549 --> 01:08:04,319

does that suggest to us again this is

1948

01:08:08,470 --> 01:08:06,559

just one possibility that these parallel

1949

01:08:10,950 --> 01:08:08,480

realities are all stacked up next to

1950

01:08:12,150 --> 01:08:10,960

each other and what we call the past and

1951

01:08:14,150 --> 01:08:12,160

the future

1952

01:08:16,149 --> 01:08:14,160

is different places in this matrix i

1953

01:08:17,510 --> 01:08:16,159

mean that's the way ingo swan thought

1954

01:08:19,829 --> 01:08:17,520

about it that's why he called it the

1955

01:08:21,749 --> 01:08:19,839

matrix and we've had that movie that

1956

01:08:22,550 --> 01:08:21,759

comes out of that idea

1957

01:08:24,070 --> 01:08:22,560

that

1958

01:08:26,550 --> 01:08:24,080

what we call time are different

1959

01:08:28,709 --> 01:08:26,560

frequencies and that perhaps

1960

01:08:29,910 --> 01:08:28,719

when you reach a certain state

1961

01:08:31,430 --> 01:08:29,920

or other

1962

01:08:33,990 --> 01:08:31,440

entities have figured out how to do this

1963

01:08:35,749 --> 01:08:34,000

you can move along that space-time

1964

01:08:37,749 --> 01:08:35,759

continuum

1965

01:08:39,189 --> 01:08:37,759

so that you've moved into what we call

1966

01:08:39,910 --> 01:08:39,199

the past or the future something like

1967

01:08:41,590 --> 01:08:39,920

that

1968

01:08:43,669 --> 01:08:41,600

i think in the last in the last year or

1969

01:08:45,669 --> 01:08:43,679

so hearing that in relation to the

1970

01:08:47,829 --> 01:08:45,679

abduction experience for me makes a lot

1971

01:08:50,070 --> 01:08:47,839

of sense that people would ask why

1972

01:08:51,749 --> 01:08:50,080

why would your grandfather and then your

1973

01:08:53,990 --> 01:08:51,759

father and then you and then your

1974

01:08:56,950 --> 01:08:54,000

children have that have tabs kept on you

1975

01:08:58,550 --> 01:08:56,960

by an alien species over 100 years you

1976

01:09:00,470 --> 01:08:58,560

know that's a long time but maybe for

1977

01:09:02,550 --> 01:09:00,480

them it's half an hour that they can

1978

01:09:04,070 --> 01:09:02,560

check your grandfather your father then

1979

01:09:05,910 --> 01:09:04,080

you then your kids

1980

01:09:07,349 --> 01:09:05,920

in the space of what is a very very

1981

01:09:09,590 --> 01:09:07,359

short period of time but they're just

1982

01:09:10,789 --> 01:09:09,600

jumping forward as they go along and

1983

01:09:12,709 --> 01:09:10,799

they're able to keep tabs on the

1984

01:09:15,030 --> 01:09:12,719

genetics so that that same length of

1985

01:09:16,070 --> 01:09:15,040

time isn't the same for them as us right

1986

01:09:17,269 --> 01:09:16,080

and let you know you just reminded me

1987

01:09:18,870 --> 01:09:17,279

something i'd like to mention that

1988

01:09:20,870 --> 01:09:18,880

people have had those space time slips

1989

01:09:22,550 --> 01:09:20,880

around crop circles

1990

01:09:25,269 --> 01:09:22,560

i mentioned the case of ron russell

1991

01:09:27,189 --> 01:09:25,279

being in one of them in a furry in 94 it

1992

01:09:29,269 --> 01:09:27,199

was kind of this scorpion i think

1993

01:09:31,189 --> 01:09:29,279

scorpion formation

1994

01:09:32,789 --> 01:09:31,199

kind of scorpion eating its own tail it

1995

01:09:33,910 --> 01:09:32,799

kind of looked like that i think i have

1996

01:09:35,749 --> 01:09:33,920

the picture yeah the picture's in the

1997

01:09:37,590 --> 01:09:35,759

book and uh

1998

01:09:39,430 --> 01:09:37,600

ron has told me this story many times

1999

01:09:41,990 --> 01:09:39,440

and i just spoke to someone i happened

2000

01:09:43,990 --> 01:09:42,000

to run into from this area yesterday who

2001

01:09:46,550 --> 01:09:44,000

was there at the time

2002

01:09:48,709 --> 01:09:46,560

and she confirmed it uh that ron had

2003

01:09:50,229 --> 01:09:48,719

gone out to his car to get more film or

2004

01:09:52,390 --> 01:09:50,239

something like that

2005

01:09:54,229 --> 01:09:52,400

and he he encounters people who are

2006

01:09:56,470 --> 01:09:54,239

speaking an old dialect of english

2007

01:09:58,310 --> 01:09:56,480

dressed in medieval clothing who seem a

2008

01:10:00,709 --> 01:09:58,320

lot shorter than we are

2009

01:10:03,110 --> 01:10:00,719

in the wheat as he's going out to his

2010

01:10:05,590 --> 01:10:03,120

car he comes back and feels like he's

2011

01:10:07,669 --> 01:10:05,600

been gone for maybe half an hour or

2012

01:10:08,870 --> 01:10:07,679

minimum hour max

2013

01:10:12,070 --> 01:10:08,880

and the people back in the circle say

2014

01:10:14,950 --> 01:10:12,080

you were gone for less than five minutes

2015

01:10:16,390 --> 01:10:14,960

something about the shape the helical

2016

01:10:19,390 --> 01:10:16,400

pattern

2017

01:10:21,669 --> 01:10:19,400

of the crop circle is changing the

2018

01:10:22,550 --> 01:10:21,679

electromagnetic structure and again this

2019

01:10:23,990 --> 01:10:22,560

is in

2020

01:10:26,790 --> 01:10:24,000

the soviet

2021

01:10:29,510 --> 01:10:26,800

uh research and even research from

2022

01:10:30,950 --> 01:10:29,520

stanford linear accelerator center i

2023

01:10:33,110 --> 01:10:30,960

believe slack

2024

01:10:34,990 --> 01:10:33,120

a freiberg or david freiberger

2025

01:10:36,709 --> 01:10:35,000

uh about how

2026

01:10:38,870 --> 01:10:36,719

electromagnetic fields can have

2027

01:10:41,030 --> 01:10:38,880

different arrangements

2028

01:10:42,390 --> 01:10:41,040

they call it dialytic rotation but it

2029

01:10:43,830 --> 01:10:42,400

changes the structure of space time

2030

01:10:45,990 --> 01:10:43,840

exactly what hal put off is talking

2031

01:10:47,430 --> 01:10:46,000

about if we were experiencing that would

2032

01:10:49,830 --> 01:10:47,440

we experience one of these space-time

2033

01:10:51,110 --> 01:10:49,840

slips it's a really uh

2034

01:10:53,590 --> 01:10:51,120

good question

2035

01:10:56,070 --> 01:10:53,600

it's really interesting yeah right

2036

01:10:58,070 --> 01:10:56,080

question from frederick frederick asks

2037

01:11:00,229 --> 01:10:58,080

what does simeon think of bigfoot

2038

01:11:03,430 --> 01:11:00,239

encounters mentioning psychic powers

2039

01:11:05,590 --> 01:11:03,440

such as les strouds and also separately

2040

01:11:09,910 --> 01:11:05,600

what about genetic manipulations could

2041

01:11:12,870 --> 01:11:09,920

humans or bigfoot be the product of such

2042

01:11:15,030 --> 01:11:12,880

great questions really great now

2043

01:11:17,750 --> 01:11:15,040

i'm really glad he brought this up uh

2044

01:11:19,830 --> 01:11:17,760

who was it david it was frederick you

2045

01:11:21,030 --> 01:11:19,840

know what i i could have totally stolen

2046

01:11:22,950 --> 01:11:21,040

those questions put them into the

2047

01:11:24,790 --> 01:11:22,960

interview and claimed them as my own but

2048

01:11:25,830 --> 01:11:24,800

those as with many of last night

2049

01:11:26,950 --> 01:11:25,840

questions does that have to be heard

2050

01:11:28,630 --> 01:11:26,960

from the listeners yes no that's

2051

01:11:30,229 --> 01:11:28,640

excellent because les stroud is one of

2052

01:11:31,590 --> 01:11:30,239

the things i'm listening to lester out

2053

01:11:33,110 --> 01:11:31,600

he had a show called survivor man

2054

01:11:34,870 --> 01:11:33,120

bigfoot and who for those who don't know

2055

01:11:39,430 --> 01:11:34,880

who lester out is

2056

01:11:42,870 --> 01:11:39,440

he does survival he's a a former i think

2057

01:11:45,030 --> 01:11:42,880

he did a landscape surveying in canada

2058

01:11:46,709 --> 01:11:45,040

if i'm not mistaken and he

2059

01:11:48,470 --> 01:11:46,719

did all these shows on survive loves

2060

01:11:50,550 --> 01:11:48,480

being outdoors he loves teaching people

2061

01:11:52,470 --> 01:11:50,560

how to survive and how to set up tarps

2062

01:11:53,750 --> 01:11:52,480

and how to eat there it's great stuff

2063

01:11:55,430 --> 01:11:53,760

right it's really a lot of fun going

2064

01:11:57,750 --> 01:11:55,440

back out to nature can you survive out

2065

01:11:58,709 --> 01:11:57,760

there with very little of man-made

2066

01:12:01,430 --> 01:11:58,719

things

2067

01:12:02,950 --> 01:12:01,440

well he encountered hoops and howls and

2068

01:12:05,830 --> 01:12:02,960

trees falling over that shouldn't be

2069

01:12:06,830 --> 01:12:05,840

falling over during recording that

2070

01:12:09,110 --> 01:12:06,840

of

2071

01:12:10,870 --> 01:12:09,120

survivorman and he even went back and

2072

01:12:12,950 --> 01:12:10,880

showed us some of the footage where he's

2073

01:12:14,870 --> 01:12:12,960

out in the water and he says he hears

2074

01:12:15,990 --> 01:12:14,880

ape-like sounds coming from the woods

2075

01:12:17,270 --> 01:12:16,000

you can see him looking on the camera he

2076

01:12:19,590 --> 01:12:17,280

said that's how he got interested in the

2077

01:12:22,070 --> 01:12:19,600

bigfoot dub so he did survivorman

2078

01:12:23,510 --> 01:12:22,080

bigfoot and he experienced some of this

2079

01:12:25,669 --> 01:12:23,520

telepathy

2080

01:12:27,990 --> 01:12:25,679

which the listener is bringing up now

2081

01:12:29,669 --> 01:12:28,000

let he experienced this around portland

2082

01:12:32,229 --> 01:12:29,679

even to the extent where he went to see

2083

01:12:33,430 --> 01:12:32,239

a psychologist later on to see if he was

2084

01:12:36,790 --> 01:12:33,440

cracking up

2085

01:12:39,750 --> 01:12:36,800

hearing voices talking in your head well

2086

01:12:42,229 --> 01:12:39,760

it turns out that this is an experience

2087

01:12:44,390 --> 01:12:42,239

that bigfoot witnesses

2088

01:12:45,990 --> 01:12:44,400

say they have

2089

01:12:47,590 --> 01:12:46,000

obviously they don't talk about this to

2090

01:12:49,270 --> 01:12:47,600

many people just like les stroud

2091

01:12:51,830 --> 01:12:49,280

probably wanted to see a shrink before

2092

01:12:54,950 --> 01:12:51,840

he started talking about this

2093

01:12:58,149 --> 01:12:54,960

they hear bigfoot talking in their heads

2094

01:13:03,270 --> 01:13:00,709

you listen to wes germer's sasquatch

2095

01:13:05,910 --> 01:13:03,280

chronicles these over 800 episodes now

2096

01:13:07,669 --> 01:13:05,920

but many of them are free you can listen

2097

01:13:08,950 --> 01:13:07,679

on youtube and you can be a member and

2098

01:13:10,070 --> 01:13:08,960

listen to some of them that are not up

2099

01:13:11,669 --> 01:13:10,080

on youtube

2100

01:13:13,990 --> 01:13:11,679

or on his site that are open to the

2101
01:13:17,030 --> 01:13:14,000
public but you hear people talking about

2102
01:13:18,950 --> 01:13:17,040
this episode 841 is an example

2103
01:13:21,189 --> 01:13:18,960
the woman and she's not the i've read

2104
01:13:24,229 --> 01:13:21,199
about this so many times before the

2105
01:13:25,910 --> 01:13:24,239
people encounter the sasquatch and they

2106
01:13:27,669 --> 01:13:25,920
have lots of different names you know

2107
01:13:29,350 --> 01:13:27,679
based on where you are on the planet

2108
01:13:31,590 --> 01:13:29,360
here we call them bigfoot because of

2109
01:13:33,350 --> 01:13:31,600
someone who gave it that name in 1958

2110
01:13:35,030 --> 01:13:33,360
called them big but the big prince out

2111
01:13:36,790 --> 01:13:35,040
at bluff creek

2112
01:13:39,990 --> 01:13:36,800
but um

2113
01:13:41,830 --> 01:13:40,000

people hear this before the physical

2114

01:13:44,550 --> 01:13:41,840

encounter so andy

2115

01:13:47,110 --> 01:13:44,560

you know dan was in my rv class a couple

2116

01:13:48,630 --> 01:13:47,120

of months ago it was yeah yeah and we

2117

01:13:51,030 --> 01:13:48,640

had a great time with that group it was

2118

01:13:53,910 --> 01:13:51,040

really a great class so i'm wondering is

2119

01:13:55,910 --> 01:13:53,920

this a type of rv it's like a bigfoot a

2120

01:13:57,110 --> 01:13:55,920

natural rver

2121

01:13:59,270 --> 01:13:57,120

because

2122

01:14:01,270 --> 01:13:59,280

they're the communication and it happens

2123

01:14:03,350 --> 01:14:01,280

to different types of people to children

2124

01:14:05,270 --> 01:14:03,360

they hear the bigfoot encouraging them

2125

01:14:06,630 --> 01:14:05,280

to come outside of the house and when

2126

01:14:08,149 --> 01:14:06,640

they tell the adults they say you're

2127

01:14:09,750 --> 01:14:08,159

here they're talking through the walls

2128

01:14:11,830 --> 01:14:09,760

which happens to

2129

01:14:14,390 --> 01:14:11,840

uh no they said no i can hear them in my

2130

01:14:15,669 --> 01:14:14,400

head that's exactly what les stroud said

2131

01:14:17,430 --> 01:14:15,679

you were asking earlier on about the

2132

01:14:19,350 --> 01:14:17,440

evidence the anecdotal evidence when it

2133

01:14:20,709 --> 01:14:19,360

all stacks up you know these little kids

2134

01:14:22,390 --> 01:14:20,719

have never talked to les strout and

2135

01:14:24,550 --> 01:14:22,400

they're saying the same thing

2136

01:14:26,229 --> 01:14:24,560

uh you hear this from hikers and all

2137

01:14:27,430 --> 01:14:26,239

sorts of different people that they

2138

01:14:29,030 --> 01:14:27,440

heard this

2139

01:14:31,110 --> 01:14:29,040

voice in their head now sometimes it

2140

01:14:33,510 --> 01:14:31,120

sounds kind of mechanical

2141

01:14:36,790 --> 01:14:33,520

they say almost computer-like

2142

01:14:39,669 --> 01:14:36,800

is it being translated by your mind into

2143

01:14:41,990 --> 01:14:39,679

english or do the bigfoot speak english

2144

01:14:44,630 --> 01:14:42,000

which we're told that they can do a

2145

01:14:46,470 --> 01:14:44,640

reasonable job of doing mimicry in the

2146

01:14:49,110 --> 01:14:46,480

forest to convince you

2147

01:14:50,790 --> 01:14:49,120

that they are one of your relatives or

2148

01:14:53,350 --> 01:14:50,800

your dog out there they're very good at

2149

01:14:54,630 --> 01:14:53,360

imitating any animal or human

2150

01:14:57,189 --> 01:14:54,640

type speech

2151

01:14:59,350 --> 01:14:57,199

uh we've heard their talk by the way

2152

01:15:01,030 --> 01:14:59,360

from ron moorhead who recorded it in the

2153

01:15:03,510 --> 01:15:01,040

70s in the high sierras it's called the

2154

01:15:05,189 --> 01:15:03,520

sierra sounds anyone watching right now

2155

01:15:08,229 --> 01:15:05,199

just search for sierra sounds you will

2156

01:15:11,750 --> 01:15:08,239

hear what the bigfoot sound like

2157

01:15:13,189 --> 01:15:11,760

talking back and forth to ron in his

2158

01:15:14,870 --> 01:15:13,199

hunting structure which he had set up

2159

01:15:16,149 --> 01:15:14,880

with a bunch of folks up in the national

2160

01:15:17,110 --> 01:15:16,159

forest area

2161

01:15:18,630 --> 01:15:17,120

um

2162

01:15:20,630 --> 01:15:18,640

or talking to each other which some

2163

01:15:24,070 --> 01:15:20,640

people call reverse samurai

2164

01:15:25,030 --> 01:15:24,080

it's a type of very fast language

2165

01:15:27,270 --> 01:15:25,040

um

2166

01:15:28,870 --> 01:15:27,280

the woman i dedicated the book to claire

2167

01:15:30,630 --> 01:15:28,880

who had a very

2168

01:15:33,350 --> 01:15:30,640

kind of

2169

01:15:35,830 --> 01:15:33,360

violent encounter with some of them

2170

01:15:38,310 --> 01:15:35,840

at the sea otter reserve near carmel

2171

01:15:39,990 --> 01:15:38,320

heights south of the town of carmel in

2172

01:15:42,070 --> 01:15:40,000

california a british woman just happened

2173

01:15:44,310 --> 01:15:42,080

to be their translator for a business

2174

01:15:46,390 --> 01:15:44,320

meeting goes out to take pictures of the

2175

01:15:48,550 --> 01:15:46,400

coast and the creatures come out and

2176
01:15:50,709 --> 01:15:48,560
they see her when her camera lens drops

2177
01:15:53,430 --> 01:15:50,719
or something which often happens

2178
01:15:54,950 --> 01:15:53,440
and the male got very angry the female

2179
01:15:56,790 --> 01:15:54,960
bigfoot were trying to calm the male

2180
01:15:58,310 --> 01:15:56,800
down but all she knows is she ended up

2181
01:16:00,790 --> 01:15:58,320
back in her car

2182
01:16:03,030 --> 01:16:00,800
uh it charged her and she passed out

2183
01:16:05,110 --> 01:16:03,040
uh yelled and it did things that other

2184
01:16:07,110 --> 01:16:05,120
people see it hit the ground these are

2185
01:16:09,590 --> 01:16:07,120
very common things that these bigfoot do

2186
01:16:11,910 --> 01:16:09,600
to maybe it's a type of territorialism

2187
01:16:14,149 --> 01:16:11,920
she described that speech back and forth

2188
01:16:16,630 --> 01:16:14,159

back and forth really rapid no one's

2189

01:16:18,470 --> 01:16:16,640

decoded it even scott nelson the crypto

2190

01:16:19,669 --> 01:16:18,480

linguist from the navy who worked with

2191

01:16:21,430 --> 01:16:19,679

ron moorhead

2192

01:16:23,590 --> 01:16:21,440

people have wanted to know it we know

2193

01:16:26,149 --> 01:16:23,600

it's a language but we can't

2194

01:16:27,830 --> 01:16:26,159

nobody knows what exactly they're saying

2195

01:16:29,669 --> 01:16:27,840

but they don't just speak their own

2196

01:16:30,950 --> 01:16:29,679

language they're apparently very good at

2197

01:16:33,189 --> 01:16:30,960

mimicking

2198

01:16:35,669 --> 01:16:33,199

human languages whatever country they're

2199

01:16:37,430 --> 01:16:35,679

in uh passable

2200

01:16:38,870 --> 01:16:37,440

but they also have this telepathic

2201

01:16:40,709 --> 01:16:38,880

ability and that's what the listeners

2202

01:16:43,350 --> 01:16:40,719

asking about so they do have this

2203

01:16:44,790 --> 01:16:43,360

ability to project their thoughts or

2204

01:16:46,310 --> 01:16:44,800

something something like that i can't

2205

01:16:49,590 --> 01:16:46,320

totally explain it guys

2206

01:16:51,750 --> 01:16:49,600

into your mind so and uh

2207

01:16:52,630 --> 01:16:51,760

people say they often

2208

01:16:54,630 --> 01:16:52,640

uh

2209

01:16:56,149 --> 01:16:54,640

what they hear saying is they want the

2210

01:16:58,229 --> 01:16:56,159

humans to come out of their trailer or

2211

01:17:02,790 --> 01:16:58,239

their home and come out and meet

2212

01:17:04,870 --> 01:17:02,800

for a meeting whatever that would be

2213

01:17:05,830 --> 01:17:04,880

you can do that if you want i mean i

2214

01:17:07,750 --> 01:17:05,840

don't know what i would do in that

2215

01:17:09,830 --> 01:17:07,760

situation it's a very persistent type of

2216

01:17:11,830 --> 01:17:09,840

thought that shows up in your mind

2217

01:17:13,669 --> 01:17:11,840

and it's even a type of language and

2218

01:17:15,110 --> 01:17:13,679

they say other things too and sometimes

2219

01:17:17,189 --> 01:17:15,120

it's just

2220

01:17:18,709 --> 01:17:17,199

i'm no threat to you type of

2221

01:17:20,390 --> 01:17:18,719

uh

2222

01:17:21,669 --> 01:17:20,400

a variety of things so what is that it's

2223

01:17:26,070 --> 01:17:21,679

a type of

2224

01:17:27,669 --> 01:17:26,080

type of resonance where they're maybe so

2225

01:17:28,709 --> 01:17:27,679

guess it gets into the second question

2226

01:17:29,910 --> 01:17:28,719

here

2227

01:17:32,229 --> 01:17:29,920

and again folks i don't have all the

2228

01:17:33,110 --> 01:17:32,239

answers i have a lot of questions and

2229

01:17:34,870 --> 01:17:33,120

um

2230

01:17:36,470 --> 01:17:34,880

there do soon to be commonalities

2231

01:17:39,189 --> 01:17:36,480

between these phenomena

2232

01:17:40,950 --> 01:17:39,199

so are we that closely related to them

2233

01:17:46,149 --> 01:17:40,960

that we have

2234

01:17:47,590 --> 01:17:46,159

other people in our lives family members

2235

01:17:48,790 --> 01:17:47,600

and stuff where you sort of feel like

2236

01:17:50,470 --> 01:17:48,800

you get

2237

01:17:52,550 --> 01:17:50,480

uh thought transference just because

2238

01:17:54,470 --> 01:17:52,560

you're on the same wavelength as a

2239

01:17:55,990 --> 01:17:54,480

partner or a family member or a friend

2240

01:17:57,669 --> 01:17:56,000

it kind of gets feeling maybe they call

2241

01:17:59,669 --> 01:17:57,679

you know it's them before you pick up

2242

01:18:02,149 --> 01:17:59,679

the phone that type of experience so are

2243

01:18:04,149 --> 01:18:02,159

we that closely related are we part of

2244

01:18:05,910 --> 01:18:04,159

the same tree of life

2245

01:18:08,390 --> 01:18:05,920

and they

2246

01:18:10,229 --> 01:18:08,400

are just a different branch or were we

2247

01:18:13,189 --> 01:18:10,239

genetically modified by

2248

01:18:15,350 --> 01:18:13,199

extraterrestrials or somebody

2249

01:18:17,270 --> 01:18:15,360

so that we're we don't have those

2250

01:18:19,270 --> 01:18:17,280

abilities anymore

2251

01:18:21,590 --> 01:18:19,280

i mean again this is going into

2252

01:18:23,910 --> 01:18:21,600

speculation we've all read stories and

2253

01:18:25,750 --> 01:18:23,920

books about the history of the human

2254

01:18:27,189 --> 01:18:25,760

species and where we

2255

01:18:29,430 --> 01:18:27,199

you know manipulated by

2256

01:18:31,750 --> 01:18:29,440

extraterrestrials to become gold miners

2257

01:18:32,790 --> 01:18:31,760

in the past you know zachariah sitchin

2258

01:18:34,870 --> 01:18:32,800

and all that

2259

01:18:37,669 --> 01:18:34,880

i don't have the answer to it but we're

2260

01:18:39,590 --> 01:18:37,679

similar enough to them that

2261

01:18:41,430 --> 01:18:39,600

uh we obviously don't have the amount of

2262

01:18:43,510 --> 01:18:41,440

hair they have we don't have the

2263

01:18:45,030 --> 01:18:43,520

muscular development people who see them

2264

01:18:47,990 --> 01:18:45,040

say it's like looking

2265

01:18:51,270 --> 01:18:48,000

at a cross between arnold schwarzenegger

2266

01:18:52,950 --> 01:18:51,280

and andre the giant or an nfl linebacker

2267

01:18:55,030 --> 01:18:52,960

infer i mean there people describe them

2268

01:18:57,270 --> 01:18:55,040

like being like bodybuilders not super

2269

01:18:59,270 --> 01:18:57,280

extreme bodybuilders that take steroids

2270

01:19:02,390 --> 01:18:59,280

but you know really

2271

01:19:03,910 --> 01:19:02,400

really chunky as wide as a barn door

2272

01:19:05,590 --> 01:19:03,920

so we're different from them in many

2273

01:19:09,030 --> 01:19:05,600

ways but we're similar enough that we're

2274

01:19:11,189 --> 01:19:09,040

obviously from go far enough back were

2275

01:19:13,669 --> 01:19:11,199

related to them so it's a really good

2276

01:19:14,950 --> 01:19:13,679

question were we modified in some way

2277

01:19:17,270 --> 01:19:14,960

you know

2278

01:19:18,870 --> 01:19:17,280

andy do they have abilities that we had

2279

01:19:20,709 --> 01:19:18,880

at some point that were genetically

2280

01:19:22,950 --> 01:19:20,719

modified out of us

2281

01:19:25,030 --> 01:19:22,960

so that we're not naturally telepathic

2282

01:19:26,709 --> 01:19:25,040

or we have to take classes to remember

2283

01:19:28,550 --> 01:19:26,719

how to do that yeah it's a really good

2284

01:19:29,590 --> 01:19:28,560

question and i i don't i'm not certain

2285

01:19:31,350 --> 01:19:29,600

of the answer

2286

01:19:33,430 --> 01:19:31,360

as you say i think that the upbringing

2287

01:19:36,149 --> 01:19:33,440

we have especially in the western world

2288

01:19:38,070 --> 01:19:36,159

through school and just our society you

2289

01:19:39,990 --> 01:19:38,080

lose a lot of what you have as a kid in

2290

01:19:42,550 --> 01:19:40,000

that innocence and do kids see other

2291

01:19:43,750 --> 01:19:42,560

things and can kids see spirits and you

2292

01:19:46,070 --> 01:19:43,760

know who they play with you see these

2293

01:19:47,430 --> 01:19:46,080

videos online of of usually babies

2294

01:19:49,910 --> 01:19:47,440

sitting playing with something that's

2295

01:19:52,149 --> 01:19:49,920

not even there but so it does does that

2296

01:19:54,229 --> 01:19:52,159

just go as you kind of pass on through

2297

01:19:56,310 --> 01:19:54,239

childhood and into puberty and adulthood

2298

01:19:58,229 --> 01:19:56,320

and like you say is it something that

2299

01:20:00,630 --> 01:19:58,239

you re-learn when you're older if you go

2300

01:20:02,310 --> 01:20:00,640

to a class like yours or you know you

2301

01:20:04,630 --> 01:20:02,320

read the right books or

2302

01:20:07,270 --> 01:20:04,640

i i mention in in dark matter monsters

2303

01:20:09,350 --> 01:20:07,280

seeing this pk demonstration in japan i

2304

01:20:11,669 --> 01:20:09,360

went there a number of times to teach rv

2305

01:20:13,510 --> 01:20:11,679

for a publishing company and one of the

2306

01:20:16,070 --> 01:20:13,520

students in the class a surgeon said you

2307

01:20:19,669 --> 01:20:16,080

have to see this pk practitioner

2308

01:20:21,669 --> 01:20:19,679

uh not far from nagasaki

2309

01:20:23,750 --> 01:20:21,679

and uh we went i went there twice over

2310

01:20:25,910 --> 01:20:23,760

two different visits and this guy could

2311

01:20:28,390 --> 01:20:25,920

really do pk we've seen demonstrations

2312

01:20:30,070 --> 01:20:28,400

of it we know it's real i mentioned in

2313

01:20:31,430 --> 01:20:30,080

the book this

2314

01:20:33,510 --> 01:20:31,440

case where i heard from someone who had

2315

01:20:35,750 --> 01:20:33,520

worked in the defense department of the

2316

01:20:37,110 --> 01:20:35,760

u.s monitoring soviet pk experiments

2317

01:20:39,270 --> 01:20:37,120

back in the 70s

2318

01:20:41,910 --> 01:20:39,280

and knowing for a fact that it was real

2319

01:20:43,750 --> 01:20:41,920

well i've seen demonstrations of this

2320

01:20:45,990 --> 01:20:43,760

bottles being twisted

2321

01:20:47,189 --> 01:20:46,000

you know glass you know obviously metal

2322

01:20:48,550 --> 01:20:47,199

objects being twisted but things

2323

01:20:49,910 --> 01:20:48,560

levitating

2324

01:20:51,990 --> 01:20:49,920

uh things

2325

01:20:53,830 --> 01:20:52,000

floating in the air that ended up in my

2326

01:20:55,910 --> 01:20:53,840

shirt pocket a cigarette in one case

2327

01:20:57,430 --> 01:20:55,920

there's no way you know i'm thinking i'm

2328

01:20:59,189 --> 01:20:57,440

seeing this thing floating a cigarette

2329

01:21:01,030 --> 01:20:59,199

above this practitioner's palm thinking

2330

01:21:02,149 --> 01:21:01,040

is it a string you know i i've got a

2331

01:21:04,149 --> 01:21:02,159

mind like other people i'm slightly

2332

01:21:06,070 --> 01:21:04,159

skeptical is it trick is there my well

2333

01:21:08,390 --> 01:21:06,080

this the cigarette comes 15 feet across

2334

01:21:10,229 --> 01:21:08,400

the room into my pocket first try boom

2335

01:21:12,070 --> 01:21:10,239

with force

2336

01:21:15,590 --> 01:21:12,080

it was the real thing and then i know

2337

01:21:16,870 --> 01:21:15,600

that sony had gone to uh one of the ceos

2338

01:21:18,550 --> 01:21:16,880

of sony was interested in psychic

2339

01:21:21,270 --> 01:21:18,560

phenomena he had filmed this guy with

2340

01:21:23,430 --> 01:21:21,280

their fastest 10 000 a frame

2341

01:21:25,750 --> 01:21:23,440

second camera i'm told by the person

2342

01:21:27,830 --> 01:21:25,760

that was there at the time who took my

2343

01:21:29,189 --> 01:21:27,840

rv class he said there were no strings

2344

01:21:30,870 --> 01:21:29,199

there were no tricks

2345

01:21:33,430 --> 01:21:30,880

that they could detect even breaking

2346

01:21:35,910 --> 01:21:33,440

each second down into 10 000 frames they

2347

01:21:37,590 --> 01:21:35,920

saw no signs of trigger well does

2348

01:21:39,669 --> 01:21:37,600

bigfoot do this do they naturally know

2349

01:21:41,910 --> 01:21:39,679

how to do pk because people have

2350

01:21:43,830 --> 01:21:41,920

reported around them the russian

2351

01:21:45,270 --> 01:21:43,840

researcher igor bortsev who i

2352

01:21:46,950 --> 01:21:45,280

corresponded with and i talked to him

2353

01:21:49,030 --> 01:21:46,960

one of the conferences he said

2354

01:21:51,350 --> 01:21:49,040

when these creatures would come around

2355

01:21:54,830 --> 01:21:51,360

their research van in

2356

01:21:58,790 --> 01:21:54,840

russia former soviet union

2357

01:22:01,110 --> 01:21:58,800

um things would start floating around

2358

01:22:02,709 --> 01:22:01,120

is that intentional or is that again a

2359

01:22:03,830 --> 01:22:02,719

space-time

2360

01:22:06,390 --> 01:22:03,840

sort of

2361

01:22:08,629 --> 01:22:06,400

effect a type of gravitational collapse

2362

01:22:10,229 --> 01:22:08,639

by gravitational collapse i mean gravity

2363

01:22:12,070 --> 01:22:10,239

ceasing to exist the way we know it

2364

01:22:15,270 --> 01:22:12,080

things staying down

2365

01:22:18,390 --> 01:22:15,280

uh alexander parkemov in his book

2366

01:22:20,550 --> 01:22:18,400

space earth human reported

2367

01:22:23,189 --> 01:22:20,560

these sort of phenomena happening in the

2368

01:22:25,350 --> 01:22:23,199

soviet union occasionally where gravity

2369

01:22:27,350 --> 01:22:25,360

would cease to exist for a few seconds

2370

01:22:29,110 --> 01:22:27,360

and people would hit the tops of their

2371

01:22:31,910 --> 01:22:29,120

apartments things would float and he

2372

01:22:34,149 --> 01:22:31,920

attributed it to small black holes

2373

01:22:36,550 --> 01:22:34,159

coming into the earth's atmosphere it's

2374

01:22:38,470 --> 01:22:36,560

just one possibility so

2375

01:22:40,390 --> 01:22:38,480

do these creatures know how to modulate

2376

01:22:43,030 --> 01:22:40,400

that in some way create gravitational

2377

01:22:44,950 --> 01:22:43,040

collapse do are they natural pk masters

2378

01:22:46,950 --> 01:22:44,960

it's a reasonable question

2379

01:22:48,950 --> 01:22:46,960

absolutely interesting that as well like

2380

01:22:50,550 --> 01:22:48,960

you say some of these even going back to

2381

01:22:52,550 --> 01:22:50,560

talking about those those injuries

2382

01:22:54,870 --> 01:22:52,560

before one of the debates someone was

2383

01:22:56,550 --> 01:22:54,880

having online and questioned myself for

2384

01:22:58,550 --> 01:22:56,560

michael masters on twitter today they

2385

01:23:00,709 --> 01:22:58,560

were asking you know if these are future

2386

01:23:02,470 --> 01:23:00,719

humans why are they coming back and

2387

01:23:04,550 --> 01:23:02,480

harming us with technology they know

2388

01:23:06,550 --> 01:23:04,560

would harm us with radiation and burns

2389

01:23:08,390 --> 01:23:06,560

and cancers and well maybe it's not

2390

01:23:10,870 --> 01:23:08,400

deliberate maybe it's a consequence of

2391

01:23:12,950 --> 01:23:10,880

the technology and it's you know just

2392

01:23:14,870 --> 01:23:12,960

like nuclear material sitting on its own

2393

01:23:16,870 --> 01:23:14,880

isn't trying to harm anyone

2394

01:23:19,189 --> 01:23:16,880

if you get close enough to it a

2395

01:23:21,669 --> 01:23:19,199

consequence of that kind of proximity as

2396

01:23:24,149 --> 01:23:21,679

you may get radiation poisoning sickness

2397

01:23:26,149 --> 01:23:24,159

burns cancer it just happens and it's

2398

01:23:28,229 --> 01:23:26,159

not deliberately trying to harmful harm

2399

01:23:29,350 --> 01:23:28,239

you but it is harmful to you so yeah

2400

01:23:31,510 --> 01:23:29,360

like you say maybe it's just a

2401
01:23:33,510 --> 01:23:31,520
consequence of that proximity it's what

2402
01:23:34,950 --> 01:23:33,520
gary nolan pointed out in his interview

2403
01:23:37,110 --> 01:23:34,960
with

2404
01:23:38,709 --> 01:23:37,120
tucker carlson yep it could be just a

2405
01:23:40,950 --> 01:23:38,719
consequence of the technology they're

2406
01:23:42,390 --> 01:23:40,960
using unintentional you know

2407
01:23:43,990 --> 01:23:42,400
and final question from catherine

2408
01:23:46,390 --> 01:23:44,000
catherine had about five questions and

2409
01:23:48,229 --> 01:23:46,400
one very quick paragraph and quite a few

2410
01:23:50,790 --> 01:23:48,239
of them you've answered already but she

2411
01:23:53,030 --> 01:23:50,800
says hey simeon uh

2412
01:23:55,189 --> 01:23:53,040
what's with bigfoot's purported ability

2413
01:23:57,189 --> 01:23:55,199

to rapidly disappear do you think

2414

01:23:59,510 --> 01:23:57,199

they're able to travel through portals

2415

01:24:01,750 --> 01:23:59,520

or potentially dematerialize

2416

01:24:03,590 --> 01:24:01,760

excellent question now even last weekend

2417

01:24:05,830 --> 01:24:03,600

where i attended this bigfoot adventure

2418

01:24:07,350 --> 01:24:05,840

weekend in bayley colorado and i'm

2419

01:24:09,830 --> 01:24:07,360

really glad we're doing this interview

2420

01:24:11,590 --> 01:24:09,840

now afterwards you know the people

2421

01:24:13,270 --> 01:24:11,600

talked about this experience people

2422

01:24:15,830 --> 01:24:13,280

who've seen it

2423

01:24:17,750 --> 01:24:15,840

and we heard stories reports of this

2424

01:24:20,629 --> 01:24:17,760

similar

2425

01:24:23,030 --> 01:24:20,639

types of phenomena

2426

01:24:25,110 --> 01:24:23,040

i mean one story i heard

2427

01:24:28,310 --> 01:24:25,120

from one of the

2428

01:24:30,149 --> 01:24:28,320

weekend organizers jim myers said

2429

01:24:31,270 --> 01:24:30,159

of the sasquatch outpost which is sort

2430

01:24:32,629 --> 01:24:31,280

of what was my introduction to this

2431

01:24:34,870 --> 01:24:32,639

whole topic a number of years ago when i

2432

01:24:36,550 --> 01:24:34,880

went to the museum in berlin

2433

01:24:39,189 --> 01:24:36,560

he mentioned a

2434

01:24:41,110 --> 01:24:39,199

group of hunters from pennsylvania

2435

01:24:42,390 --> 01:24:41,120

hearing something coming towards and

2436

01:24:44,870 --> 01:24:42,400

they told us to them in the store when

2437

01:24:46,870 --> 01:24:44,880

they we never told this to anyone but

2438

01:24:48,709 --> 01:24:46,880

something coming at them louder and

2439

01:24:51,110 --> 01:24:48,719

louder they have firearms with

2440

01:24:52,629 --> 01:24:51,120

flashlights attached you know to their

2441

01:24:54,390 --> 01:24:52,639

firearms

2442

01:24:56,229 --> 01:24:54,400

they at some point they all raise their

2443

01:24:57,750 --> 01:24:56,239

firearms with the flashlight with the

2444

01:24:58,790 --> 01:24:57,760

intention of seeing what's running at

2445

01:25:00,070 --> 01:24:58,800

them because they're getting really

2446

01:25:02,229 --> 01:25:00,080

scared and there's nothing there but a

2447

01:25:03,350 --> 01:25:02,239

blue mist

2448

01:25:07,030 --> 01:25:03,360

other people

2449

01:25:09,910 --> 01:25:07,040

report just what the listener is saying

2450

01:25:10,950 --> 01:25:09,920

it's literally there one second and it's

2451

01:25:12,870 --> 01:25:10,960

poof

2452

01:25:15,189 --> 01:25:12,880

it's gone i remember hearing about a

2453

01:25:17,270 --> 01:25:15,199

case like this from igor bortz of at the

2454

01:25:20,149 --> 01:25:17,280

conference a couple years ago in bailey

2455

01:25:23,189 --> 01:25:20,159

uh 2021 just last year

2456

01:25:26,390 --> 01:25:23,199

and he talked about a case in a garden

2457

01:25:28,390 --> 01:25:26,400

somewhere in russia this woman sees

2458

01:25:30,229 --> 01:25:28,400

a bigfoot walking towards her and then

2459

01:25:32,470 --> 01:25:30,239

she seems like a curtain of light came

2460

01:25:34,310 --> 01:25:32,480

down and it was just gone and this has

2461

01:25:36,629 --> 01:25:34,320

been reported a number of times

2462

01:25:39,350 --> 01:25:36,639

sometimes people hear them walking

2463

01:25:40,470 --> 01:25:39,360

around them in the woods or pacing them

2464

01:25:41,990 --> 01:25:40,480

on the side

2465

01:25:44,709 --> 01:25:42,000

perfectly as they take a step they hear

2466

01:25:46,550 --> 01:25:44,719

crunching sticks and leaves and it stops

2467

01:25:48,070 --> 01:25:46,560

but there's nothing there they can see

2468

01:25:49,910 --> 01:25:48,080

but they can see the ground getting

2469

01:25:51,270 --> 01:25:49,920

pressed down so again

2470

01:25:54,229 --> 01:25:51,280

this is

2471

01:25:55,830 --> 01:25:54,239

exactly what lockheed martin talks about

2472

01:25:58,149 --> 01:25:55,840

in their patent for coherent matter

2473

01:25:59,830 --> 01:25:58,159

waves is invisibility and cloaking so

2474

01:26:02,149 --> 01:25:59,840

i'm just wondering

2475

01:26:04,070 --> 01:26:02,159

i think again it's kind of a reasonable

2476

01:26:06,790 --> 01:26:04,080

connection to make

2477

01:26:10,709 --> 01:26:06,800

is this a feature of coherent matter do

2478

01:26:12,550 --> 01:26:10,719

the bigfoot know how to work with this

2479

01:26:14,149 --> 01:26:12,560

state of matter i call it in the book

2480

01:26:16,790 --> 01:26:14,159

the fifth state of matter

2481

01:26:18,870 --> 01:26:16,800

yeah so that they can do exactly what

2482

01:26:20,709 --> 01:26:18,880

our defense contractors are attempting

2483

01:26:22,950 --> 01:26:20,719

to patent and taking them a while to get

2484

01:26:25,510 --> 01:26:22,960

approval from the patent office cloaking

2485

01:26:27,030 --> 01:26:25,520

invisibility is it the same

2486

01:26:29,590 --> 01:26:27,040

based on the same principles or is it in

2487

01:26:31,189 --> 01:26:29,600

something entirely different but it does

2488

01:26:33,030 --> 01:26:31,199

seem to be a feature which is again

2489

01:26:34,709 --> 01:26:33,040

another thing that makes it hard to talk

2490

01:26:37,270 --> 01:26:34,719

about and even to get funding at the

2491

01:26:39,189 --> 01:26:37,280

defense department if you're an assaf to

2492

01:26:40,470 --> 01:26:39,199

talk about things that can be their one

2493

01:26:42,310 --> 01:26:40,480

moment

2494

01:26:44,629 --> 01:26:42,320

the dino beaver

2495

01:26:47,110 --> 01:26:44,639

yeah you and dan have laughed about the

2496

01:26:49,270 --> 01:26:47,120

dino beaver many times on this podcast

2497

01:26:51,590 --> 01:26:49,280

that any folks have yet yeah you know

2498

01:26:53,430 --> 01:26:51,600

this creature that looks like a pig but

2499

01:26:56,390 --> 01:26:53,440

it's the size of a

2500

01:26:57,270 --> 01:26:56,400

beaver but you know with the stegosaurus

2501
01:26:58,390 --> 01:26:57,280
um

2502
01:27:00,149 --> 01:26:58,400
you know

2503
01:27:01,189 --> 01:27:00,159
plates on its back

2504
01:27:02,950 --> 01:27:01,199
um

2505
01:27:04,310 --> 01:27:02,960
a huge beaver and they go around the

2506
01:27:06,070 --> 01:27:04,320
side of two of the analysts go around

2507
01:27:07,990 --> 01:27:06,080
side of the building nothing there

2508
01:27:11,510 --> 01:27:08,000
people have reported this around bigfoot

2509
01:27:13,110 --> 01:27:11,520
i heard more reports about this um even

2510
01:27:14,709 --> 01:27:13,120
recently in other parts of the country

2511
01:27:16,149 --> 01:27:14,719
where people had talked to loggers i

2512
01:27:18,149 --> 01:27:16,159
talked to a nurse

2513
01:27:19,750 --> 01:27:18,159

that had known many talked to many

2514

01:27:20,870 --> 01:27:19,760

loggers from who had been doing this

2515

01:27:22,709 --> 01:27:20,880

their whole lives

2516

01:27:24,390 --> 01:27:22,719

and they said you'll never believe this

2517

01:27:26,149 --> 01:27:24,400

and i've never told anyone this but

2518

01:27:28,070 --> 01:27:26,159

sometimes we see them come out behind a

2519

01:27:29,910 --> 01:27:28,080

tree look at us

2520

01:27:31,669 --> 01:27:29,920

they go back behind the tree when we go

2521

01:27:33,110 --> 01:27:31,679

there they're not there

2522

01:27:35,910 --> 01:27:33,120

so is this

2523

01:27:37,669 --> 01:27:35,920

again type of life form that can morph

2524

01:27:40,470 --> 01:27:37,679

that can cloak

2525

01:27:43,510 --> 01:27:40,480

are they there but are now invisible

2526

01:27:46,790 --> 01:27:43,520

the other thing uh andy that's come up

2527

01:27:48,470 --> 01:27:46,800

is that they can use they can appear

2528

01:27:51,750 --> 01:27:48,480

like saran wrap

2529

01:27:53,430 --> 01:27:51,760

which is you see a shimmer

2530

01:27:55,510 --> 01:27:53,440

uh

2531

01:27:57,110 --> 01:27:55,520

it's kind of causing a shimmering effect

2532

01:27:59,669 --> 01:27:57,120

like you see something's there between

2533

01:28:01,590 --> 01:27:59,679

you and what's farther away and it can

2534

01:28:04,229 --> 01:28:01,600

turn into a bigfoot people have reported

2535

01:28:06,629 --> 01:28:04,239

that or vice versa

2536

01:28:08,550 --> 01:28:06,639

it's really fascinating and again

2537

01:28:10,310 --> 01:28:08,560

it's one of the features of coherent

2538

01:28:12,950 --> 01:28:10,320

matter is to be able to change so that

2539

01:28:15,189 --> 01:28:12,960

light just passes through it

2540

01:28:17,590 --> 01:28:15,199

we we know about metamaterials which are

2541

01:28:18,470 --> 01:28:17,600

materials that modify the wavelength of

2542

01:28:19,750 --> 01:28:18,480

light

2543

01:28:21,270 --> 01:28:19,760

because they're smaller than the

2544

01:28:23,510 --> 01:28:21,280

wavelength of light you know at a

2545

01:28:24,870 --> 01:28:23,520

crystalline level atomic level

2546

01:28:26,149 --> 01:28:24,880

but is this the same thing or is this

2547

01:28:27,189 --> 01:28:26,159

something entirely different it's just a

2548

01:28:28,870 --> 01:28:27,199

really good question something that i

2549

01:28:31,030 --> 01:28:28,880

think about a lot

2550

01:28:33,189 --> 01:28:31,040

um simeon i'm glad the listeners covered

2551

01:28:35,189 --> 01:28:33,199

such a breadth of topics on their

2552

01:28:36,629 --> 01:28:35,199

questions because i've barely scratched

2553

01:28:38,629 --> 01:28:36,639

the surface of the book there's there's

2554

01:28:40,790 --> 01:28:38,639

14 chapters there's a whole lot of

2555

01:28:42,070 --> 01:28:40,800

references in there and thank you for

2556

01:28:43,430 --> 01:28:42,080

for myself and dan for the

2557

01:28:45,270 --> 01:28:43,440

acknowledgement at the start as well

2558

01:28:47,270 --> 01:28:45,280

that was that was a nice surprise to

2559

01:28:50,149 --> 01:28:47,280

read uh that was very nice andy none of

2560

01:28:52,629 --> 01:28:50,159

us can do this alone we all rely on each

2561

01:28:55,590 --> 01:28:52,639

other to expand our sphere of

2562

01:28:58,550 --> 01:28:55,600

understanding right and for instance on

2563

01:29:01,189 --> 01:28:58,560

your show here i hear new things and new

2564

01:29:04,070 --> 01:29:01,199

ideas from people like john ramirez all

2565

01:29:05,990 --> 01:29:04,080

the other guests you've had

2566

01:29:08,790 --> 01:29:06,000

and other podcasts as well

2567

01:29:09,830 --> 01:29:08,800

that give me information valuable

2568

01:29:11,270 --> 01:29:09,840

information that i wouldn't hear

2569

01:29:13,350 --> 01:29:11,280

anywhere else so we're none of us are in

2570

01:29:15,510 --> 01:29:13,360

a vacuum here we're all working together

2571

01:29:17,669 --> 01:29:15,520

and each of us is kind of working on our

2572

01:29:18,470 --> 01:29:17,679

own way i'm really happy to say this

2573

01:29:19,669 --> 01:29:18,480

book

2574

01:29:21,149 --> 01:29:19,679

has been

2575

01:29:23,110 --> 01:29:21,159

number one in the category of

2576

01:29:24,870 --> 01:29:23,120

electromagnetism for several days in the

2577

01:29:27,510 --> 01:29:24,880

running i mean the entire physics

2578

01:29:30,070 --> 01:29:27,520

category of electromagnetism

2579

01:29:32,470 --> 01:29:30,080

which is astounding to have a book about

2580

01:29:34,870 --> 01:29:32,480

these topics in electromagnetism which

2581

01:29:36,629 --> 01:29:34,880

means that people outside our

2582

01:29:38,550 --> 01:29:36,639

field that you know

2583

01:29:40,229 --> 01:29:38,560

other people are seeing this now at the

2584

01:29:42,870 --> 01:29:40,239

top of the list and they're wondering

2585

01:29:44,790 --> 01:29:42,880

why is bigfoot in electromagnet

2586

01:29:46,550 --> 01:29:44,800

magnetism and they must be furious some

2587

01:29:49,189 --> 01:29:46,560

of them but look it's

2588

01:29:50,310 --> 01:29:49,199

these topics have an electromagnetic

2589

01:29:52,870 --> 01:29:50,320

component

2590

01:29:55,030 --> 01:29:52,880

and it's uh just part and parcel of the

2591

01:29:56,790 --> 01:29:55,040

whole territory and it deserves to be i

2592

01:29:58,550 --> 01:29:56,800

think it deserves to be looked at more

2593

01:30:00,310 --> 01:29:58,560

closely

2594

01:30:01,350 --> 01:30:00,320

by regular scientists instead of pushing

2595

01:30:02,310 --> 01:30:01,360

it away and this is what we've been

2596

01:30:03,750 --> 01:30:02,320

saying the whole show and what you're

2597

01:30:05,750 --> 01:30:03,760

always saying on this podcast it's time

2598

01:30:07,270 --> 01:30:05,760

for the stigma to be removed from these

2599

01:30:08,149 --> 01:30:07,280

topics let's take a look at what's going

2600

01:30:10,149 --> 01:30:08,159

on

2601

01:30:12,149 --> 01:30:10,159

absolutely what do you want people's

2602

01:30:13,510 --> 01:30:12,159

takeaway to be from this book is there

2603

01:30:15,430 --> 01:30:13,520

one thing at the end of it you want

2604

01:30:16,550 --> 01:30:15,440

everyone to go do you know what

2605

01:30:18,550 --> 01:30:16,560

this is something i'm now going to

2606

01:30:20,149 --> 01:30:18,560

consider

2607

01:30:21,990 --> 01:30:20,159

yeah that's a very good question andy i

2608

01:30:23,910 --> 01:30:22,000

think what i'd like people to do is

2609

01:30:25,189 --> 01:30:23,920

realize they've had experiences with

2610

01:30:27,189 --> 01:30:25,199

these phenomena

2611

01:30:28,629 --> 01:30:27,199

that they may have forgotten about

2612

01:30:29,990 --> 01:30:28,639

or just

2613

01:30:32,149 --> 01:30:30,000

explained away

2614

01:30:32,870 --> 01:30:32,159

often bigfoot witnesses you've talked to

2615

01:30:34,470 --> 01:30:32,880

them

2616

01:30:36,950 --> 01:30:34,480

and they said you know i thought those

2617

01:30:39,510 --> 01:30:36,960

little tree structures were boy scouts

2618

01:30:40,870 --> 01:30:39,520

in the forest near my home or vacation

2619

01:30:42,390 --> 01:30:40,880

cottage out there but i never saw any

2620

01:30:44,229 --> 01:30:42,400

boy scouts but i thought that was making

2621

01:30:45,590 --> 01:30:44,239

the trees or those growling sounds at

2622

01:30:48,390 --> 01:30:45,600

night were bears

2623

01:30:50,390 --> 01:30:48,400

or those weird smells it was a skunk

2624

01:30:51,830 --> 01:30:50,400

or whatever experience you've had i

2625

01:30:53,830 --> 01:30:51,840

think what people need to do is take

2626
01:30:56,390 --> 01:30:53,840
their experiences more seriously instead

2627
01:30:59,189 --> 01:30:56,400
of doubting them and worrying about

2628
01:31:01,350 --> 01:30:59,199
you know ridicule being laughed at by

2629
01:31:03,910 --> 01:31:01,360
neighbors and friends we all encounter

2630
01:31:05,990 --> 01:31:03,920
that from time to time kind of push back

2631
01:31:08,149 --> 01:31:06,000
against these topics

2632
01:31:09,750 --> 01:31:08,159
but i think the takeaway message would

2633
01:31:10,709 --> 01:31:09,760
be you might have had experience with

2634
01:31:13,510 --> 01:31:10,719
these

2635
01:31:16,629 --> 01:31:13,520
phenomena and not known about it

2636
01:31:17,830 --> 01:31:16,639
and secondly we don't know as much as we

2637
01:31:19,910 --> 01:31:17,840
think we do

2638
01:31:22,149 --> 01:31:19,920

it's to really have a healthy sense of

2639

01:31:24,550 --> 01:31:22,159

curiosity

2640

01:31:27,189 --> 01:31:24,560

doubt about our existing paradigm and

2641

01:31:29,110 --> 01:31:27,199

curiosity towards what we don't know yet

2642

01:31:30,629 --> 01:31:29,120

and to kind of be humbled a little bit

2643

01:31:33,189 --> 01:31:30,639

and i think that's the effect of

2644

01:31:34,310 --> 01:31:33,199

studying these topics myself on

2645

01:31:36,629 --> 01:31:34,320

on me

2646

01:31:37,830 --> 01:31:36,639

is to realize even if you think you know

2647

01:31:39,830 --> 01:31:37,840

so much and you've been going to

2648

01:31:41,910 --> 01:31:39,840

conferences and studying this

2649

01:31:44,149 --> 01:31:41,920

you might only know a tiny percentage of

2650

01:31:45,430 --> 01:31:44,159

the bigger story and i think that's kind

2651

01:31:46,950 --> 01:31:45,440
of exciting isn't it that there's so

2652

01:31:48,470 --> 01:31:46,960
much more for us to discover and that's

2653

01:31:50,390 --> 01:31:48,480
really what it's all about

2654

01:31:51,750 --> 01:31:50,400
absolutely and people can discover you

2655

01:31:53,430 --> 01:31:51,760
and your work at various different

2656

01:31:55,669 --> 01:31:53,440
places i'll put all the links in the

2657

01:31:57,669 --> 01:31:55,679
description to this podcast but i i

2658

01:31:58,390 --> 01:31:57,679
would encourage folks one way to quash

2659

01:32:00,390 --> 01:31:58,400
that

2660

01:32:02,390 --> 01:32:00,400
curiosity is pick up a copy of dark

2661

01:32:04,229 --> 01:32:02,400
matter monsters cryptids ball lightning

2662

01:32:06,070 --> 01:32:04,239
and the science of secret life forms

2663

01:32:07,750 --> 01:32:06,080

it's available on amazon of course in

2664

01:32:09,590 --> 01:32:07,760

various formats but again if you can

2665

01:32:11,590 --> 01:32:09,600

support your local book sellers or local

2666

01:32:13,270 --> 01:32:11,600

bookstores then then please do that as

2667

01:32:15,350 --> 01:32:13,280

well but the main thing is pick up a

2668

01:32:17,270 --> 01:32:15,360

copy listen to it read it kindle it

2669

01:32:18,790 --> 01:32:17,280

whatever you do and but let me know what

2670

01:32:20,149 --> 01:32:18,800

your thoughts are simeon it's always a

2671

01:32:21,350 --> 01:32:20,159

pleasure speaking to you and i look

2672

01:32:23,350 --> 01:32:21,360

forward to having you back on in the

2673

01:32:25,910 --> 01:32:23,360

near future thanks andy we'll talk again

2674

01:32:28,070 --> 01:32:25,920

soon that is all for this week's show

2675

01:32:30,310 --> 01:32:28,080

thank you very much for listening please

2689

01:33:19,760 --> 01:33:26,410

is

2690

01:33:26,420 --> 01:33:35,350

[Music]

2691

01:33:56,149 --> 01:33:36,870

i can't imagine how it could have been

2692

01:33:59,110 --> 01:33:57,430

there was something on my head and

2693

01:34:00,950 --> 01:33:59,120

everything was weird and everything was

2694

01:34:02,310 --> 01:34:00,960

red i helped out my boys they thought

2695

01:34:05,480 --> 01:34:02,320

this was noise they thought it was a

2696

01:34:24,629 --> 01:34:14,720

[Music]

2697

01:34:24,639 --> 01:34:29,940

and what's that

2698

01:34:56,870 --> 01:34:34,550

[Music]

2699

01:35:04,950 --> 01:34:58,990

what's that

2700

01:35:06,790 --> 01:35:04,960

[Music]

2701

01:35:13,630 --> 01:35:06,800

it wasn't a tic tac and not quite a
