1  
00:00:16,189 --> 00:00:13,789  
hi everyone and welcome back to that UFO

2  
00:00:18,290 --> 00:00:16,199  
podcast my name is Andy and we have a

3  
00:00:21,650 --> 00:00:18,300  
special update as I announced on Friday

4  
00:00:24,050 --> 00:00:21,660  
the 2nd of September I welcome Ben

5  
00:00:27,470 --> 00:00:24,060  
Hansen who is a former federal agent

6  
00:00:29,450 --> 00:00:27,480  
researcher producer and presenter on

7  
00:00:32,389 --> 00:00:29,460  
among many things Discovery plus he's

8  
00:00:35,930 --> 00:00:32,399  
fantastic UFO witness Ben welcome to the

9  
00:00:38,690 --> 00:00:35,940  
podcast thanks Andy appreciate it it's

10  
00:00:41,150 --> 00:00:38,700  
good to have you on I mean you uh broke

11  
00:00:44,510 --> 00:00:41,160  
the internet and UFO Twitter for for a

12  
00:00:46,610 --> 00:00:44,520  
day on the 30th of August I am Landing a

13  
00:00:48,770 --> 00:00:46,620

story out of nowhere with no hype which

14

00:00:50,270 --> 00:00:48,780

was a a bit of a novelty I think for

15

00:00:52,010 --> 00:00:50,280

many of us these days we're used to

16

00:00:54,470 --> 00:00:52,020

hearing these things announced well in

17

00:00:56,810 --> 00:00:54,480

advance not only did you you drop a new

18

00:00:58,970 --> 00:00:56,820

story on is to do with UFO a UFO

19

00:01:01,910 --> 00:00:58,980

sighting it included instrument readings

20

00:01:03,770 --> 00:01:01,920

and video and the way you presented it

21

00:01:05,329 --> 00:01:03,780

went down a storm with people so if you

22

00:01:07,609 --> 00:01:05,339

don't mind for any listeners who haven't

23

00:01:09,230 --> 00:01:07,619

heard could you just recap exactly what

24

00:01:11,750 --> 00:01:09,240

happened on the 30th when you when you

25

00:01:14,690 --> 00:01:11,760

got online yeah so

26

00:01:16,789 --> 00:01:14,700

um it started let's see last week so

27

00:01:18,830 --> 00:01:16,799

we're today on Friday it was like last

28

00:01:20,990 --> 00:01:18,840

Friday a week ago I was giving a lecture

29

00:01:24,710 --> 00:01:21,000

at a local community center talking

30

00:01:27,289 --> 00:01:24,720

about UFOs and encrypteds and had a a

31

00:01:29,510 --> 00:01:27,299

guy a couple come up to us who's been to

32

00:01:31,789 --> 00:01:29,520

a number of lectures and he said Hey I

33

00:01:34,069 --> 00:01:31,799

was talking to my buddy uh in the Navy

34

00:01:36,530 --> 00:01:34,079

and asked if he'd ever seen any UFOs and

35

00:01:39,469 --> 00:01:36,540

he said no I haven't but I have a friend

36

00:01:41,330 --> 00:01:39,479

who just recently had a sighting he said

37

00:01:43,190 --> 00:01:41,340

oh and he's like do you want to get in

38

00:01:46,130 --> 00:01:43,200

touch with this guy and I'm like sure

39

00:01:47,690 --> 00:01:46,140

you know because I'm really busy and

40

00:01:49,910 --> 00:01:47,700

um I was like let me know so the next

41

00:01:52,069 --> 00:01:49,920

day he says here's his phone number you

42

00:01:56,030 --> 00:01:52,079

should call him he's got an amazing

43

00:01:59,510 --> 00:01:56,040

story so I called him and we spent about

44

00:02:01,730 --> 00:01:59,520

an hour almost uh the first call and

45

00:02:04,609 --> 00:02:01,740

then throughout the weekend

46

00:02:06,130 --> 00:02:04,619

um because of I realized right away that

47

00:02:09,169 --> 00:02:06,140

this was something

48

00:02:11,869 --> 00:02:09,179

quite significant in that we had a lot

49

00:02:14,089 --> 00:02:11,879

of data we had a lot of different things

50

00:02:18,530 --> 00:02:14,099

that can confirm and and mainly because

51  
00:02:20,150 --> 00:02:18,540  
he's a former uh a retired F-18 pilot

52  
00:02:24,350 --> 00:02:20,160  
for the Marine Corps

53  
00:02:25,670 --> 00:02:24,360  
so I'm a pilot myself I've flown

54  
00:02:28,550 --> 00:02:25,680  
um in this area down here in Southern

55  
00:02:31,550 --> 00:02:28,560  
California a lot where he has

56  
00:02:33,350 --> 00:02:31,560  
um but I I fly you know like three six

57  
00:02:36,290 --> 00:02:33,360  
thousand feet

58  
00:02:40,550 --> 00:02:36,300  
um over Catalina and in this area but he

59  
00:02:41,410 --> 00:02:40,560  
was at uh 47 000 feet flying a Gulf

60  
00:02:45,350 --> 00:02:41,420  
Stream

61  
00:02:47,449 --> 00:02:45,360  
650. so what happened that night

62  
00:02:49,130 --> 00:02:47,459  
um he was taking a client so he works

63  
00:02:52,250 --> 00:02:49,140

for a private

64  
00:02:56,630 --> 00:02:52,260  
uh company who owns the Gulf Stream and

65  
00:02:57,649 --> 00:02:56,640  
he's flying from Miami Executive to Maui

66  
00:03:01,190 --> 00:02:57,659  
Hawaii

67  
00:03:03,290 --> 00:03:01,200  
and he gets in the area of Los Angeles

68  
00:03:05,570 --> 00:03:03,300  
Center which

69  
00:03:07,910 --> 00:03:05,580  
um spans the whole you know metropolitan

70  
00:03:10,070 --> 00:03:07,920  
area and goes out towards the ocean

71  
00:03:14,509 --> 00:03:10,080  
he gets to about

72  
00:03:18,229 --> 00:03:14,519  
um 25 to 50 miles west of LA

73  
00:03:21,530 --> 00:03:18,239  
and this was about 12 20 a.m on August

74  
00:03:24,229 --> 00:03:21,540  
18th he sees above the Horizon well

75  
00:03:26,869 --> 00:03:24,239  
above where he at where he's at

76  
00:03:28,910 --> 00:03:26,879  
about five to ten thousand feet now it's

77  
00:03:30,830 --> 00:03:28,920  
really hard to estimate you know like

78  
00:03:33,170 --> 00:03:30,840  
especially at night distances and

79  
00:03:35,750 --> 00:03:33,180  
everything so he's doing his best to to

80  
00:03:38,390 --> 00:03:35,760  
kind of gauge but he sees these red

81  
00:03:40,550 --> 00:03:38,400  
lights and

82  
00:03:43,369 --> 00:03:40,560  
um he notices them because they've been

83  
00:03:45,949 --> 00:03:43,379  
pacing with him he said they they were

84  
00:03:48,830 --> 00:03:45,959  
definitely not way up there Like

85  
00:03:51,470 --> 00:03:48,840  
Satellites but they were not

86  
00:03:54,050 --> 00:03:51,480  
conventional aircraft but they keep Pace

87  
00:03:56,929 --> 00:03:54,060  
with him for about 15 minutes

88  
00:03:58,369 --> 00:03:56,939

okay in totality as I'm now looking at

89

00:04:00,110 --> 00:03:58,379

the records it was probably more like 20

90

00:04:03,170 --> 00:04:00,120

something minutes but

91

00:04:04,369 --> 00:04:03,180

initially he's looking at him and now

92

00:04:06,589 --> 00:04:04,379

he's concerned because they're going

93

00:04:08,030 --> 00:04:06,599

from the right side of his aircraft to

94

00:04:10,429 --> 00:04:08,040

the top

95

00:04:13,130 --> 00:04:10,439

um so they'd cross in front of him and

96

00:04:14,929 --> 00:04:13,140

doing he said orbiting so

97

00:04:16,969 --> 00:04:14,939

like circles

98

00:04:18,530 --> 00:04:16,979

in the air and then they go over the top

99

00:04:19,789 --> 00:04:18,540

of him and then they go back to the

100

00:04:22,490 --> 00:04:19,799

right side again

101  
00:04:24,770 --> 00:04:22,500  
so obviously he wants to know you're on

102  
00:04:26,330 --> 00:04:24,780  
on radio with air traffic control he's

103  
00:04:28,189 --> 00:04:26,340  
like wondering why aren't they telling

104  
00:04:31,310 --> 00:04:28,199  
me about this air traffic

105  
00:04:32,930 --> 00:04:31,320  
so he makes a report they said they

106  
00:04:35,810 --> 00:04:32,940  
don't have anything in his airspace

107  
00:04:39,590 --> 00:04:35,820  
nothing is a primary target meaning

108  
00:04:43,070 --> 00:04:39,600  
you know like um they they assign a

109  
00:04:45,050 --> 00:04:43,080  
transponder code and adsb data to

110  
00:04:47,570 --> 00:04:45,060  
everyone who calls in and if you don't

111  
00:04:49,070 --> 00:04:47,580  
have that they'll get little blips and

112  
00:04:51,430 --> 00:04:49,080  
every now and then it could be weather

113  
00:04:53,689 --> 00:04:51,440

could be flocks of birds or it could be

114

00:04:56,689 --> 00:04:53,699

sometimes aircraft that aren't required

115

00:04:58,909 --> 00:04:56,699

to report uh in the airspace but you are

116

00:05:01,790 --> 00:04:58,919

required when you're that high up

117

00:05:04,730 --> 00:05:01,800

and they don't have anything so you hear

118

00:05:07,730 --> 00:05:04,740

the radar tape which um

119

00:05:12,050 --> 00:05:07,740

what was really unique because this was

120

00:05:14,029 --> 00:05:12,060

such a uh an interesting or or

121

00:05:16,310 --> 00:05:14,039

concerning I guess you could say call

122

00:05:17,990 --> 00:05:16,320

into air traffic control that they

123

00:05:19,430 --> 00:05:18,000

kicked it up the food chain

124

00:05:26,689 --> 00:05:19,440

and

125

00:05:28,790 --> 00:05:26,699

he got a call from ATC this was not what

126  
00:05:30,529 --> 00:05:28,800  
I understand official it was people who

127  
00:05:32,749 --> 00:05:30,539  
were interested in trying to help him

128  
00:05:36,950 --> 00:05:32,759  
figure out what this was

129  
00:05:38,570 --> 00:05:36,960  
but they they sent him a copy of an

130  
00:05:41,890 --> 00:05:38,580  
advanced copy I'll call it because it

131  
00:05:45,110 --> 00:05:41,900  
wasn't official requested of the radar

132  
00:05:48,469 --> 00:05:45,120  
tape and the communications and then

133  
00:05:50,749 --> 00:05:48,479  
they told him it wasn't just you their

134  
00:05:53,029 --> 00:05:50,759  
uh there were at least two other I

135  
00:05:55,249 --> 00:05:53,039  
believe is what what he he recollects

136  
00:05:58,550 --> 00:05:55,259  
two other airlines who reported things

137  
00:06:00,409 --> 00:05:58,560  
who didn't call in over the radio

138  
00:06:03,170 --> 00:06:00,419

um that said that they called in because

139

00:06:05,150 --> 00:06:03,180

probably they're hesitant to do so on

140

00:06:07,730 --> 00:06:05,160

the air yeah

141

00:06:10,430 --> 00:06:07,740

um so that's that kind of started the

142

00:06:14,270 --> 00:06:10,440

ball rolling now what what I did when I

143

00:06:15,469 --> 00:06:14,280

got involved was he he did attempt to

144

00:06:18,710 --> 00:06:15,479

film

145

00:06:19,850 --> 00:06:18,720

these objects and and so when you

146

00:06:21,710 --> 00:06:19,860

mentioned the Twitter store and

147

00:06:23,390 --> 00:06:21,720

everything going on here it's a

148

00:06:23,950 --> 00:06:23,400

developing story

149

00:06:26,330 --> 00:06:23,960

um

150

00:06:27,710 --> 00:06:26,340

rarely do we get you know sometimes

151  
00:06:28,909 --> 00:06:27,720  
you'll see in the newspaper pilot

152  
00:06:30,950 --> 00:06:28,919  
reports this

153  
00:06:32,930 --> 00:06:30,960  
sure right you had that case in New

154  
00:06:34,610 --> 00:06:32,940  
Mexico with the missile

155  
00:06:36,110 --> 00:06:34,620  
you know that was it looked like a

156  
00:06:38,510 --> 00:06:36,120  
missile that was you know going

157  
00:06:40,070 --> 00:06:38,520  
alongside or across the top of a jet we

158  
00:06:41,870 --> 00:06:40,080  
had in Utah

159  
00:06:43,189 --> 00:06:41,880  
where they said there was a large

160  
00:06:46,909 --> 00:06:43,199  
glowing light

161  
00:06:49,790 --> 00:06:46,919  
and um they were concerned about it none

162  
00:06:52,550 --> 00:06:49,800  
of these had video none of these had

163  
00:06:56,210 --> 00:06:52,560

some of them had radar data some of them

164

00:06:57,890 --> 00:06:56,220

had audio in this case he said after a

165

00:07:00,230 --> 00:06:57,900

few minutes he's like

166

00:07:02,450 --> 00:07:00,240

in the cockpit trying to organize things

167

00:07:04,010 --> 00:07:02,460

in and get ready to switch over to um

168

00:07:06,409 --> 00:07:04,020

another frequencies you go over the

169

00:07:07,850 --> 00:07:06,419

ocean but he's like I thought oh my gosh

170

00:07:10,070 --> 00:07:07,860

I should be filming

171

00:07:13,249 --> 00:07:10,080

so he did take out his phone

172

00:07:13,850 --> 00:07:13,259

and started to film but

173

00:07:16,670 --> 00:07:13,860

um

174

00:07:18,830 --> 00:07:16,680

what what ends up happening is is he's

175

00:07:21,710 --> 00:07:18,840

looking at this thing he doesn't review

176

00:07:23,150 --> 00:07:21,720

the video until after the the lights

177

00:07:25,490 --> 00:07:23,160

disappear

178

00:07:26,990 --> 00:07:25,500

so literally when I was on the phone

179

00:07:28,730 --> 00:07:27,000

with him the first time he's looking

180

00:07:30,230 --> 00:07:28,740

through his stuff here and he's like

181

00:07:31,909 --> 00:07:30,240

he's like I'm going to send you this

182

00:07:33,710 --> 00:07:31,919

video and he's like oh my gosh I didn't

183

00:07:36,230 --> 00:07:33,720

realize I captured something

184

00:07:38,390 --> 00:07:36,240

he still didn't know everything that was

185

00:07:39,650 --> 00:07:38,400

in these files and so that's a crucial

186

00:07:41,029 --> 00:07:39,660

point because

187

00:07:43,430 --> 00:07:41,039

um

188

00:07:44,570 --> 00:07:43,440

if we're we're concerned about knowing

189

00:07:47,450 --> 00:07:44,580

the truth

190

00:07:51,409 --> 00:07:47,460

and uh the facts of of what actually

191

00:07:54,110 --> 00:07:51,419

happened the facts are these you have a

192

00:07:57,230 --> 00:07:54,120

very experienced military pilot he's an

193

00:07:59,689 --> 00:07:57,240

F-18 pilot who flew Jets Blackhawk

194

00:08:01,670 --> 00:07:59,699

helicopters he's an instructor he's got

195

00:08:02,749 --> 00:08:01,680

all sorts of ratings and thousands of

196

00:08:06,050 --> 00:08:02,759

hours

197

00:08:07,610 --> 00:08:06,060

so you have a very experienced pilot who

198

00:08:08,510 --> 00:08:07,620

knows what should and shouldn't be up in

199

00:08:11,350 --> 00:08:08,520

the sky

200

00:08:14,170 --> 00:08:11,360

he sees something highly unusual

201  
00:08:16,790 --> 00:08:14,180  
concerning to his safety of his flight

202  
00:08:19,189 --> 00:08:16,800  
nobody just calls in air traffic control

203  
00:08:22,070 --> 00:08:19,199  
for the fun of it you know to alert them

204  
00:08:24,170 --> 00:08:22,080  
because it goes up the food chain

205  
00:08:25,249 --> 00:08:24,180  
um that all happens before he picks up

206  
00:08:27,710 --> 00:08:25,259  
his phone

207  
00:08:30,110 --> 00:08:27,720  
that happens before he starts recording

208  
00:08:32,870 --> 00:08:30,120  
so something is going from right to left

209  
00:08:35,089 --> 00:08:32,880  
doing circles he's like these are not

210  
00:08:36,230 --> 00:08:35,099  
aircraft he is so adamant every time I

211  
00:08:39,170 --> 00:08:36,240  
talk to him

212  
00:08:41,750 --> 00:08:39,180  
he's now having what I'd say witness

213  
00:08:44,690 --> 00:08:41,760

remorse and it's really sad because you

214

00:08:47,449 --> 00:08:44,700

saw the people with Nimitz and the Tic

215

00:08:49,370 --> 00:08:47,459

Tac videos Kevin Day really experiences

216

00:08:51,610 --> 00:08:49,380

all this

217

00:08:53,990 --> 00:08:51,620

um you see them almost regret

218

00:08:56,750 --> 00:08:54,000

reporting these things because of what

219

00:08:58,490 --> 00:08:56,760

happens next yeah so

220

00:09:00,710 --> 00:08:58,500

um I guess I can pause there and you can

221

00:09:03,230 --> 00:09:00,720

ask some questions I'll continue no

222

00:09:04,970 --> 00:09:03,240

we're not it's a really fair point and

223

00:09:06,769 --> 00:09:04,980

you can understand I think it was

224

00:09:08,509 --> 00:09:06,779

mentioned by yourself that the estimate

225

00:09:11,030 --> 00:09:08,519

from the pilot was these objects were

226

00:09:13,130 --> 00:09:11,040

five to ten thousand feet above him

227

00:09:14,990 --> 00:09:13,140

and anyone who's ever tried to film

228

00:09:17,449 --> 00:09:15,000

anything no matter how good your iPhone

229

00:09:19,550 --> 00:09:17,459

13 is we've got the iPhone 14 launching

230

00:09:22,190 --> 00:09:19,560

next week and you've got your your 4K

231

00:09:23,930 --> 00:09:22,200

and 8K cameras but anyone who's tried to

232

00:09:26,930 --> 00:09:23,940

film something well you shouldn't film

233

00:09:28,790 --> 00:09:26,940

little driving at night out a window

234

00:09:31,009 --> 00:09:28,800

through glass

235

00:09:32,690 --> 00:09:31,019

something that's 10 000 feet away which

236

00:09:34,370 --> 00:09:32,700

when you see something with the naked

237

00:09:35,930 --> 00:09:34,380

eye and the classic example is always

238

00:09:37,490 --> 00:09:35,940

the moon isn't it you see a beautiful

239

00:09:39,710 --> 00:09:37,500

full moon and you think oh I'm going to

240

00:09:41,389 --> 00:09:39,720

take a picture of that and maybe Mars or

241

00:09:43,430 --> 00:09:41,399

Venus are off to the side of it and you

242

00:09:44,750 --> 00:09:43,440

take a picture on your phone there's two

243

00:09:46,790 --> 00:09:44,760

thousand pounds or two thousand dollar

244

00:09:48,230 --> 00:09:46,800

piece of equipment and it comes out and

245

00:09:50,449 --> 00:09:48,240

you're like oh it's just a big white dot

246

00:09:52,190 --> 00:09:50,459

it's exactly the same as what you see

247

00:09:54,889 --> 00:09:52,200

and that's you know you've got to take

248

00:09:56,150 --> 00:09:54,899

into account the pilot can I can

249

00:09:58,250 --> 00:09:56,160

acknowledge he's definitely seeing

250

00:10:00,170 --> 00:09:58,260

something that he isn't expecting to be

251  
00:10:02,329 --> 00:10:00,180  
there radar isn't picking up air traffic

252  
00:10:05,449 --> 00:10:02,339  
controller confused why there's nothing

253  
00:10:08,449 --> 00:10:05,459  
there and people are honing in on the

254  
00:10:10,430 --> 00:10:08,459  
fact that the iPhone 13. one it does

255  
00:10:12,889 --> 00:10:10,440  
seem likely those flashes are the phone

256  
00:10:14,269 --> 00:10:12,899  
sensors in the bottom left and you can't

257  
00:10:16,790 --> 00:10:14,279  
really make out what the other lights

258  
00:10:19,009 --> 00:10:16,800  
are meant to be whether they are stars

259  
00:10:21,290 --> 00:10:19,019  
or whether those points of light are the

260  
00:10:23,449 --> 00:10:21,300  
indeed the objects but at that distance

261  
00:10:24,710 --> 00:10:23,459  
is he going to see the objects on his

262  
00:10:26,449 --> 00:10:24,720  
phone

263  
00:10:28,430 --> 00:10:26,459

yeah so that that's a great point and

264

00:10:31,009 --> 00:10:28,440

that's what I was trying to if I you

265

00:10:32,449 --> 00:10:31,019

know get time to edit and update today

266

00:10:35,210 --> 00:10:32,459

um you're the first I've been able to

267

00:10:36,769 --> 00:10:35,220

tell this to I will say in my

268

00:10:38,990 --> 00:10:36,779

conversations with them this guy is very

269

00:10:42,230 --> 00:10:39,000

level-headed in fact he's quite

270

00:10:44,090 --> 00:10:42,240

disappointed because he feels like if it

271

00:10:44,990 --> 00:10:44,100

does turn out that the flashing red

272

00:10:48,170 --> 00:10:45,000

lights

273

00:10:50,690 --> 00:10:48,180

uh in that are either the lidar or the

274

00:10:52,970 --> 00:10:50,700

autofocus lights from the phone he's

275

00:10:55,370 --> 00:10:52,980

like they're trying to discredit my

276

00:10:57,590 --> 00:10:55,380

whole sighting and I said look who cares

277

00:11:00,470 --> 00:10:57,600

what they say I was like you did what

278

00:11:04,130 --> 00:11:00,480

you you you saw what you saw

279

00:11:06,889 --> 00:11:04,140

and um rarely does anyone have video I

280

00:11:08,449 --> 00:11:06,899

agree it it's a bit of a disappointment

281

00:11:11,389 --> 00:11:08,459

if you didn't capture what you were

282

00:11:14,269 --> 00:11:11,399

seeing but as you imagine like you said

283

00:11:17,150 --> 00:11:14,279

he's holding this this phone up

284

00:11:19,970 --> 00:11:17,160

um the whole the whole uh artifact

285

00:11:22,310 --> 00:11:19,980

that's introduced with infrared I do

286

00:11:24,170 --> 00:11:22,320

have to give credit to Mick West you

287

00:11:27,530 --> 00:11:24,180

know and and I will give a shout out to

288

00:11:29,590 --> 00:11:27,540

him when I do my video Mick and I have

289

00:11:33,290 --> 00:11:29,600

been texting all day and some people

290

00:11:36,470 --> 00:11:33,300

fault me for like don't talk to Mick you

291

00:11:39,650 --> 00:11:36,480

know Mick is this Mick is that Mick is

292

00:11:42,170 --> 00:11:39,660

one of the few who is a skeptic that has

293

00:11:45,110 --> 00:11:42,180

always been respectful to me I will talk

294

00:11:48,050 --> 00:11:45,120

to you if you do not bring in the

295

00:11:50,750 --> 00:11:48,060

emotive you know kind of disparaging

296

00:11:54,050 --> 00:11:50,760

remarks and snide comments and

297

00:11:54,650 --> 00:11:54,060

and and Mick I think is very

298

00:11:57,410 --> 00:11:54,660

um

299

00:11:58,850 --> 00:11:57,420

his intentions whether we may not agree

300

00:12:01,550 --> 00:11:58,860

with them all all the time his

301

00:12:04,790 --> 00:12:01,560

conclusions his intentions are to find

302

00:12:08,269 --> 00:12:04,800

the truth yeah um so when he brought

303

00:12:09,590 --> 00:12:08,279

that up people forget

304

00:12:11,269 --> 00:12:09,600

um I'm kind of giving the whole summary

305

00:12:14,750 --> 00:12:11,279

I'm going to give later but people

306

00:12:17,509 --> 00:12:14,760

forget that I I took the advice of him

307

00:12:21,170 --> 00:12:17,519

with corbell's video of the pyramid

308

00:12:23,470 --> 00:12:21,180

and I I went and tested the bokeh effect

309

00:12:25,970 --> 00:12:23,480

right with that video and Mick was right

310

00:12:28,610 --> 00:12:25,980

now here's the difference though

311

00:12:30,230 --> 00:12:28,620

people don't understand the nuances they

312

00:12:34,190 --> 00:12:30,240

want to throw out the baby with the bath

313

00:12:36,829 --> 00:12:34,200

water yep right the it does not mean

314

00:12:40,370 --> 00:12:36,839

that corbell's video doesn't show some

315

00:12:41,930 --> 00:12:40,380

type of unconventional uh either drone

316

00:12:44,150 --> 00:12:41,940

could be extra trash or could be

317

00:12:45,590 --> 00:12:44,160

terrestrial but the fact that it's

318

00:12:48,110 --> 00:12:45,600

amazing that these things were staying

319

00:12:49,490 --> 00:12:48,120

up in the air for 90 minutes plus they

320

00:12:51,410 --> 00:12:49,500

don't know where they came from they

321

00:12:53,389 --> 00:12:51,420

couldn't track them they talked about

322

00:12:56,930 --> 00:12:53,399

using anti-drone technology they didn't

323

00:12:59,150 --> 00:12:56,940

work on them that's unusual and it's a

324

00:13:01,850 --> 00:12:59,160

national security concern the shape

325

00:13:05,990 --> 00:13:01,860

itself I think Mick pointed it out and

326

00:13:07,850 --> 00:13:06,000

we proved to my satisfaction that those

327

00:13:10,310 --> 00:13:07,860

objects were not necessarily

328

00:13:12,110 --> 00:13:10,320

pyramid-shaped that that could have been

329

00:13:13,910 --> 00:13:12,120

a Boke effect okay so compare that to

330

00:13:14,690 --> 00:13:13,920

what we have now

331

00:13:17,930 --> 00:13:14,700

um

332

00:13:21,069 --> 00:13:17,940

I believe that even if

333

00:13:24,110 --> 00:13:21,079

um we're satisfied with with the the

334

00:13:26,990 --> 00:13:24,120

explanation that those red lights

335

00:13:29,569 --> 00:13:27,000

were the IR reflecting

336

00:13:32,030 --> 00:13:29,579

which he presents a good case for that I

337

00:13:34,310 --> 00:13:32,040

do have video the pilot has now sent me

338

00:13:36,590 --> 00:13:34,320

of other times he's filmed in the

339

00:13:37,970 --> 00:13:36,600

cockpit at night and no such light show

340

00:13:39,949 --> 00:13:37,980

up

341

00:13:41,870 --> 00:13:39,959

um it could be it's not the exact angle

342

00:13:43,990 --> 00:13:41,880

it's not this it's not that

343

00:13:46,670 --> 00:13:44,000

right to make it reproduce every time

344

00:13:49,610 --> 00:13:46,680

but let's say that it is

345

00:13:51,829 --> 00:13:49,620

okay what that means is he tried his

346

00:13:54,230 --> 00:13:51,839

best to try and film something like you

347

00:13:56,750 --> 00:13:54,240

said that was far away and when he

348

00:13:58,550 --> 00:13:56,760

finally reviews the video

349

00:14:00,290 --> 00:13:58,560

um he sees some red lights and he's

350

00:14:02,329 --> 00:14:00,300

starting to question himself now he's

351  
00:14:04,250 --> 00:14:02,339  
like I captured it he's excited you know

352  
00:14:06,590 --> 00:14:04,260  
maybe maybe I capture what I was seeing

353  
00:14:07,810 --> 00:14:06,600  
so what I'm trying to have him do now is

354  
00:14:11,389 --> 00:14:07,820  
sit down

355  
00:14:13,189 --> 00:14:11,399  
and separate his memory that's not

356  
00:14:15,410 --> 00:14:13,199  
conflated with what he saw in the video

357  
00:14:17,509 --> 00:14:15,420  
and this is always hard with Witnesses

358  
00:14:19,970 --> 00:14:17,519  
right you have to have him take notes

359  
00:14:22,370 --> 00:14:19,980  
and say think back before you even saw

360  
00:14:25,370 --> 00:14:22,380  
your video what was your description of

361  
00:14:28,610 --> 00:14:25,380  
what you saw without the camera

362  
00:14:30,470 --> 00:14:28,620  
right and does that now compare to what

363  
00:14:31,910 --> 00:14:30,480

you see in the camera and he's very open

364

00:14:35,930 --> 00:14:31,920

like I said

365

00:14:38,990 --> 00:14:35,940

to accepting that what he captured what

366

00:14:41,210 --> 00:14:39,000

um not what he saw but what he captured

367

00:14:42,250 --> 00:14:41,220

in the corner there may have been the IR

368

00:14:44,870 --> 00:14:42,260

lights

369

00:14:47,870 --> 00:14:44,880

so it's unfortunate that so many people

370

00:14:50,329 --> 00:14:47,880

are just fixated on that because I feel

371

00:14:52,310 --> 00:14:50,339

like a lot of time is wasted at this

372

00:14:54,590 --> 00:14:52,320

point where

373

00:14:57,769 --> 00:14:54,600

um we're tracking down other Witnesses

374

00:14:59,329 --> 00:14:57,779

I've got some really cool stuff to uh to

375

00:15:01,129 --> 00:14:59,339

release if I like I said get it done

376

00:15:04,030 --> 00:15:01,139

today or the next couple days

377

00:15:07,069 --> 00:15:04,040

of other call-ins to air traffic control

378

00:15:10,129 --> 00:15:07,079

other pilots who may have seen things

379

00:15:13,129 --> 00:15:10,139

and um I I think the witness testimony

380

00:15:15,350 --> 00:15:13,139

should not be discredited solely because

381

00:15:17,629 --> 00:15:15,360

we had a piece of physical evidence that

382

00:15:19,910 --> 00:15:17,639

can be explained because they're two

383

00:15:22,189 --> 00:15:19,920

different things you know be nice if it

384

00:15:23,629 --> 00:15:22,199

correlated but if it doesn't we still

385

00:15:25,730 --> 00:15:23,639

have all this other stuff

386

00:15:28,430 --> 00:15:25,740

yeah there's two things for me that the

387

00:15:30,230 --> 00:15:28,440

video that does help with and also

388

00:15:32,629 --> 00:15:30,240

another point I want to make that one

389

00:15:34,129 --> 00:15:32,639

the video helps point out exactly where

390

00:15:36,530 --> 00:15:34,139

the objects we are because they're not

391

00:15:38,150 --> 00:15:36,540

on radar and we can see I think you

392

00:15:39,889 --> 00:15:38,160

point out really clearly in talking

393

00:15:42,230 --> 00:15:39,899

about it that it looks like downtown Los

394

00:15:45,170 --> 00:15:42,240

Angeles so you can see from the video

395

00:15:46,610 --> 00:15:45,180

that the kind of the coastal line and

396

00:15:48,110 --> 00:15:46,620

that can help you work out also the

397

00:15:49,490 --> 00:15:48,120

objects we are up at that point of the

398

00:15:51,230 --> 00:15:49,500

sky because they're not showing up on

399

00:15:53,449 --> 00:15:51,240

radar so it does give you some kind of

400

00:15:55,009 --> 00:15:53,459

extra visual clue that you would rather

401  
00:15:57,170 --> 00:15:55,019  
have than not have

402  
00:15:59,389 --> 00:15:57,180  
but I think secondly again those types

403  
00:16:01,790 --> 00:15:59,399  
of reactions just serve to you talk

404  
00:16:03,650 --> 00:16:01,800  
about that witness remorse that people

405  
00:16:05,269 --> 00:16:03,660  
don't want to come forward and I can see

406  
00:16:08,930 --> 00:16:05,279  
a lot of comments on that Twitter thread

407  
00:16:11,030 --> 00:16:08,940  
of people who are skeptical and rightly

408  
00:16:13,490 --> 00:16:11,040  
so about you know any type of event when

409  
00:16:14,749 --> 00:16:13,500  
it's largely down to testimony but they

410  
00:16:17,210 --> 00:16:14,759  
want to hear from the two commercial

411  
00:16:18,590 --> 00:16:17,220  
pilots now what's the likelihood of

412  
00:16:21,350 --> 00:16:18,600  
those two commercial pilots actually

413  
00:16:23,269 --> 00:16:21,360

coming forward if they by chance go on

414

00:16:25,670 --> 00:16:23,279

see your reporting they see those

415

00:16:27,350 --> 00:16:25,680

comments they see the reaction and then

416

00:16:29,569 --> 00:16:27,360

think well I'm not going to get shot

417

00:16:32,389 --> 00:16:29,579

down in flames for for coming out and

418

00:16:34,550 --> 00:16:32,399

telling what I saw so it just it just

419

00:16:36,230 --> 00:16:34,560

goes to to stop us getting that

420

00:16:37,910 --> 00:16:36,240

additional information or is that

421

00:16:39,769 --> 00:16:37,920

something that you've managed to get any

422

00:16:41,030 --> 00:16:39,779

kind of leads with in terms of of those

423

00:16:44,749 --> 00:16:41,040

Pilots

424

00:16:46,249 --> 00:16:44,759

well um what what I have and uh you know

425

00:16:48,110 --> 00:16:46,259

what what I hope to be able to release

426  
00:16:50,509 --> 00:16:48,120  
later was

427  
00:16:52,490 --> 00:16:50,519  
um not from the call-ins the next day

428  
00:16:54,650 --> 00:16:52,500  
these were actually pilots who reported

429  
00:16:58,069 --> 00:16:54,660  
stuff on the air later

430  
00:17:00,889 --> 00:16:58,079  
and um so that's even more unique

431  
00:17:02,930 --> 00:17:00,899  
because that could mean that we have up

432  
00:17:04,730 --> 00:17:02,940  
to three different airlines who spotted

433  
00:17:06,770 --> 00:17:04,740  
something

434  
00:17:08,750 --> 00:17:06,780  
um and and it could be the same event it

435  
00:17:10,069 --> 00:17:08,760  
was it was quite a bit later but the

436  
00:17:11,870 --> 00:17:10,079  
same area

437  
00:17:13,850 --> 00:17:11,880  
so

438  
00:17:16,549 --> 00:17:13,860

um we've got that the other thing is

439

00:17:18,470 --> 00:17:16,559

yesterday I filed a foia request freedom

440

00:17:20,809 --> 00:17:18,480

information act and I'm filing a second

441

00:17:23,750 --> 00:17:20,819

portion today

442

00:17:26,150 --> 00:17:23,760

um related to not just the radar data

443

00:17:28,370 --> 00:17:26,160

but um the communications and stuff like

444

00:17:31,850 --> 00:17:28,380

that so those things can take a while to

445

00:17:34,070 --> 00:17:31,860

get back so even if if within that it

446

00:17:37,370 --> 00:17:34,080

says Hey such and such Airline called us

447

00:17:39,289 --> 00:17:37,380

or whatever you're exactly right

448

00:17:42,230 --> 00:17:39,299

um they're under no obligation to talk

449

00:17:45,049 --> 00:17:42,240

to us and you'd have to have somebody

450

00:17:46,730 --> 00:17:45,059

with the airline say hey I know who

451  
00:17:48,409 --> 00:17:46,740  
those Pilots were and then they've got

452  
00:17:51,169 --> 00:17:48,419  
to voluntarily want to come forward and

453  
00:17:52,909 --> 00:17:51,179  
talk it's not just the pilots we're

454  
00:17:55,789 --> 00:17:52,919  
looking for passengers

455  
00:17:58,190 --> 00:17:55,799  
you know it's very likely that this

456  
00:17:59,570 --> 00:17:58,200  
um these planes as they're flying

457  
00:18:01,490 --> 00:17:59,580  
someone could have seen something out

458  
00:18:03,650 --> 00:18:01,500  
the right or the left side of the planes

459  
00:18:06,890 --> 00:18:03,660  
you also have to remember the much

460  
00:18:10,010 --> 00:18:06,900  
different altitudes this was 47 000 feet

461  
00:18:12,169 --> 00:18:10,020  
which is one of the highest

462  
00:18:14,150 --> 00:18:12,179  
um assigned altitudes that they will

463  
00:18:16,130 --> 00:18:14,160

give you and it seems like the other

464

00:18:18,350 --> 00:18:16,140

planes were at least

465

00:18:20,870 --> 00:18:18,360

um you know more in the range of like 39

466

00:18:23,150 --> 00:18:20,880

000 feet or things like that which

467

00:18:24,770 --> 00:18:23,160

it may not seem like a lot but five to

468

00:18:26,450 --> 00:18:24,780

ten thousand feet can make a big

469

00:18:28,909 --> 00:18:26,460

difference in what you pay attention to

470

00:18:30,470 --> 00:18:28,919

you know depending on how how what the

471

00:18:33,169 --> 00:18:30,480

size of these objects were what they

472

00:18:35,090 --> 00:18:33,179

were doing yeah so um that's where we're

473

00:18:37,190 --> 00:18:35,100

at now with it

474

00:18:39,830 --> 00:18:37,200

um you know you you'd made a point about

475

00:18:43,549 --> 00:18:39,840

that hesitancy

476

00:18:45,770 --> 00:18:43,559

and and I really do feel bad

477

00:18:48,710 --> 00:18:45,780

um I I totally see it from all sides

478

00:18:49,490 --> 00:18:48,720

though I see people wanting to have the

479

00:18:52,430 --> 00:18:49,500

whole

480

00:18:54,770 --> 00:18:52,440

enchilada right they want Witnesses they

481

00:18:56,510 --> 00:18:54,780

want video it would be awesome if that

482

00:18:57,950 --> 00:18:56,520

were the case but just because we don't

483

00:19:01,010 --> 00:18:57,960

have all of that

484

00:19:03,470 --> 00:19:01,020

and um and perhaps the video doesn't

485

00:19:05,930 --> 00:19:03,480

corroborate you know like you said

486

00:19:07,789 --> 00:19:05,940

there's there's um Merit in the fact

487

00:19:11,450 --> 00:19:07,799

that he tried and that we're getting a

488

00:19:12,529 --> 00:19:11,460

picture of kind of the layout of it but

489

00:19:15,529 --> 00:19:12,539

um to me

490

00:19:17,690 --> 00:19:15,539

witness testimony still is the most

491

00:19:19,370 --> 00:19:17,700

crucial when you have very credible

492

00:19:21,770 --> 00:19:19,380

people

493

00:19:25,250 --> 00:19:21,780

um technology is catching up but it's

494

00:19:26,690 --> 00:19:25,260

still not there it's uh I I could I've

495

00:19:29,270 --> 00:19:26,700

got night vision I sell night vision and

496

00:19:31,370 --> 00:19:29,280

thermal cameras the chance that I'm

497

00:19:34,970 --> 00:19:31,380

going to have that ready to go and with

498

00:19:37,549 --> 00:19:34,980

me when these things happen is very rare

499

00:19:39,529 --> 00:19:37,559

I I've had incredible sightings and just

500

00:19:42,289 --> 00:19:39,539

really briefly

501  
00:19:43,610 --> 00:19:42,299  
um coming from that same area coming in

502  
00:19:45,950 --> 00:19:43,620  
from the ocean here where I live in

503  
00:19:48,470 --> 00:19:45,960  
Huntington Beach I had a sighting of a

504  
00:19:52,970 --> 00:19:48,480  
black silent triangle one night and it

505  
00:19:54,830 --> 00:19:52,980  
flew over my head at a thousand feet and

506  
00:19:58,669 --> 00:19:54,840  
um I don't expect people just to take me

507  
00:20:02,210 --> 00:19:58,679  
for my word but because I saw what I saw

508  
00:20:05,149 --> 00:20:02,220  
and it was extremely unusual and I

509  
00:20:07,549 --> 00:20:05,159  
didn't get video of it right I can't

510  
00:20:09,529 --> 00:20:07,559  
just dismiss people's testimonies out of

511  
00:20:12,529 --> 00:20:09,539  
hand and say well that doesn't mean

512  
00:20:15,230 --> 00:20:12,539  
anything to me you know I get it we

513  
00:20:17,630 --> 00:20:15,240

weren't there but I think it it means

514

00:20:19,370 --> 00:20:17,640

something with this this Pilot's

515

00:20:22,909 --> 00:20:19,380

background and his credentials that we

516

00:20:24,529 --> 00:20:22,919

should take notice of it and uh oh my

517

00:20:25,370 --> 00:20:24,539

gosh if anyone's paying attention to the

518

00:20:27,049 --> 00:20:25,380

news

519

00:20:29,810 --> 00:20:27,059

you know and seeing everything that's

520

00:20:32,210 --> 00:20:29,820

coming out of it that alone should

521

00:20:34,310 --> 00:20:32,220

should let us take pause and not just

522

00:20:36,529 --> 00:20:34,320

dismiss these things because this is a

523

00:20:37,549 --> 00:20:36,539

hot spot area there's a lot going on out

524

00:20:40,010 --> 00:20:37,559

there

525

00:20:41,570 --> 00:20:40,020

I've got a couple more questions and let

526

00:20:43,250 --> 00:20:41,580

me assure you I would never be one to

527

00:20:44,990 --> 00:20:43,260

scoop someone's story so I'm not going

528

00:20:46,430 --> 00:20:45,000

to put this out until you've posted your

529

00:20:48,529 --> 00:20:46,440

own update I wouldn't want to do that to

530

00:20:51,350 --> 00:20:48,539

you it's your story to Break

531

00:20:54,169 --> 00:20:51,360

um the pilot himself again people noted

532

00:20:56,330 --> 00:20:54,179

that he sounded very calm he's retired

533

00:20:58,190 --> 00:20:56,340

F-18 he's been around the block former

534

00:21:00,529 --> 00:20:58,200

Marine Corps

535

00:21:02,210 --> 00:21:00,539

some people suggested he may have had

536

00:21:04,070 --> 00:21:02,220

sightings like this in the past and

537

00:21:06,049 --> 00:21:04,080

maybe wasn't as surprised as you would

538

00:21:08,090 --> 00:21:06,059

expect is that something you've managed

539

00:21:10,370 --> 00:21:08,100

to ask the pilot at all if it's maybe

540

00:21:13,430 --> 00:21:10,380

not his first rodeo in terms of UFOs

541

00:21:15,409 --> 00:21:13,440

he's never had a siding according to

542

00:21:17,750 --> 00:21:15,419

what he told me he's never seen anything

543

00:21:20,810 --> 00:21:17,760

like this before

544

00:21:23,630 --> 00:21:20,820

um I think did I mention this before

545

00:21:27,049 --> 00:21:23,640

not sure if I did but what we're going

546

00:21:28,909 --> 00:21:27,059

to do if you agree to it I would like

547

00:21:30,289 --> 00:21:28,919

um not too long it might take a couple

548

00:21:31,730 --> 00:21:30,299

weeks because I'm

549

00:21:33,830 --> 00:21:31,740

excuse me I got other things going on

550

00:21:35,390 --> 00:21:33,840

but I would like to do an on-camera

551  
00:21:37,490 --> 00:21:35,400  
interview with him and get into some of

552  
00:21:39,169 --> 00:21:37,500  
those things when he was on the Eastern

553  
00:21:40,730 --> 00:21:39,179  
Seaboard

554  
00:21:42,770 --> 00:21:40,740  
um he told me he had at least two

555  
00:21:45,770 --> 00:21:42,780  
intercepts where he was scrambled okay

556  
00:21:48,049 --> 00:21:45,780  
flying an F-18 they're doing exercises

557  
00:21:52,010 --> 00:21:48,059  
right out there where

558  
00:21:53,390 --> 00:21:52,020  
um uh was that the the Lincoln I'm

559  
00:21:54,710 --> 00:21:53,400  
trying to remember that this ship that

560  
00:21:57,289 --> 00:21:54,720  
was uh

561  
00:22:00,230 --> 00:21:57,299  
you know like involved in a lot of that

562  
00:22:02,810 --> 00:22:00,240  
at any rate he was scrambled to a

563  
00:22:05,270 --> 00:22:02,820

location for an intercept and he said

564

00:22:07,850 --> 00:22:05,280

these things would go from like 25 000

565

00:22:10,610 --> 00:22:07,860

feet down to 5 000 feet almost instantly

566

00:22:12,830 --> 00:22:10,620

and they get about a mile close to them

567

00:22:14,390 --> 00:22:12,840

and then they would just disappear so he

568

00:22:16,669 --> 00:22:14,400

had at least two incidents like that

569

00:22:18,289 --> 00:22:16,679

where he didn't visually see them but

570

00:22:19,970 --> 00:22:18,299

they were on his radar

571

00:22:21,770 --> 00:22:19,980

so

572

00:22:26,090 --> 00:22:21,780

um he's been in that world

573

00:22:28,370 --> 00:22:26,100

I think he's had an open mind to it but

574

00:22:30,770 --> 00:22:28,380

um he's also very level-headed and like

575

00:22:34,010 --> 00:22:30,780

like you keep telling people he's not

576

00:22:35,450 --> 00:22:34,020

prone to wanting to see UFOs or having

577

00:22:38,690 --> 00:22:35,460

this bias

578

00:22:42,289 --> 00:22:38,700

because uh he has has not actually seen

579

00:22:44,870 --> 00:22:42,299

anything until now and he was calm but

580

00:22:48,230 --> 00:22:44,880

he kept calling in if you listen to the

581

00:22:50,810 --> 00:22:48,240

radio the the controller's like

582

00:22:52,909 --> 00:22:50,820

um nope sorry still haven't seen

583

00:22:55,850 --> 00:22:52,919

anything in radio he's bugged about it

584

00:22:58,850 --> 00:22:55,860

he's he wants to know and and this guy

585

00:22:59,690 --> 00:22:58,860

now is so dedicated he's told me he's

586

00:23:02,750 --> 00:22:59,700

like

587

00:23:04,669 --> 00:23:02,760

I'm so frustrated if I didn't actually

588

00:23:06,529 --> 00:23:04,679

capture that on video he's like I'm

589

00:23:08,990 --> 00:23:06,539

gonna get the best

590

00:23:11,210 --> 00:23:09,000

um filming equipment that I can possibly

591

00:23:14,210 --> 00:23:11,220

get and put it on my Dash and I'm going

592

00:23:15,529 --> 00:23:14,220

to film every single flight from here on

593

00:23:16,430 --> 00:23:15,539

out he's like I'm gonna capture

594

00:23:18,529 --> 00:23:16,440

something

595

00:23:20,930 --> 00:23:18,539

he's that adamant because when people

596

00:23:23,990 --> 00:23:20,940

have sightings like this some for some

597

00:23:27,230 --> 00:23:24,000

people it can get them to completely

598

00:23:29,750 --> 00:23:27,240

change uh you know they're they're

599

00:23:33,409 --> 00:23:29,760

they're kind of Paradigm and you know

600

00:23:36,830 --> 00:23:33,419

view of of uh of life and he he wants

601  
00:23:39,110 --> 00:23:36,840  
evidence I guess to kind of um

602  
00:23:43,010 --> 00:23:39,120  
uh in a way

603  
00:23:44,750 --> 00:23:43,020  
uh get some sort of uh

604  
00:23:45,409 --> 00:23:44,760  
um what's what I'm looking for

605  
00:23:47,570 --> 00:23:45,419  
um

606  
00:23:49,789 --> 00:23:47,580  
closure like

607  
00:23:51,049 --> 00:23:49,799  
well I mean because of the criticism and

608  
00:23:53,690 --> 00:23:51,059  
everything that he's getting from people

609  
00:23:54,769 --> 00:23:53,700  
Vindication Vindication yeah I guess you

610  
00:23:57,769 --> 00:23:54,779  
could say that

611  
00:23:59,450 --> 00:23:57,779  
you know because he himself doesn't need

612  
00:24:00,710 --> 00:23:59,460  
to be convinced that he saw something

613  
00:24:03,110 --> 00:24:00,720

unusual

614

00:24:06,110 --> 00:24:03,120

but yeah you know I keep telling to him

615

00:24:07,490 --> 00:24:06,120

I said man I've been through this I've

616

00:24:09,470 --> 00:24:07,500

been through it with so many different

617

00:24:11,330 --> 00:24:09,480

Witnesses and things it doesn't matter

618

00:24:13,789 --> 00:24:11,340

you know what you saw

619

00:24:16,130 --> 00:24:13,799

right so it doesn't matter what other

620

00:24:18,590 --> 00:24:16,140

people say the only reason that we're

621

00:24:20,390 --> 00:24:18,600

putting this out there is because there

622

00:24:21,890 --> 00:24:20,400

could be other Witnesses and I do think

623

00:24:24,289 --> 00:24:21,900

people need to know what's going on

624

00:24:26,570 --> 00:24:24,299

we're actually working you know behind

625

00:24:30,710 --> 00:24:26,580

the scenes like I've mentioned

626  
00:24:32,510 --> 00:24:30,720  
um through not me directly but through

627  
00:24:34,549 --> 00:24:32,520  
others who are pre presenting things to

628  
00:24:36,710 --> 00:24:34,559  
Congress who we're going to be putting

629  
00:24:38,990 --> 00:24:36,720  
on the next you know hearings and so

630  
00:24:40,549 --> 00:24:39,000  
they need this information so there's

631  
00:24:42,529 --> 00:24:40,559  
there's a bigger than he's like you're

632  
00:24:44,390 --> 00:24:42,539  
right he keeps saying I said this is

633  
00:24:46,610 --> 00:24:44,400  
bigger than you man this is much bigger

634  
00:24:49,070 --> 00:24:46,620  
than you it's not just about what you

635  
00:24:51,169 --> 00:24:49,080  
saw in making you feel better

636  
00:24:53,149 --> 00:24:51,179  
um it's everybody working together to

637  
00:24:55,010 --> 00:24:53,159  
try to figure out what this is

638  
00:24:58,010 --> 00:24:55,020

and ultimately I would rather have

639

00:25:00,049 --> 00:24:58,020

someone's attempted filming of of a

640

00:25:01,669 --> 00:25:00,059

sighting then they don't attempt to film

641

00:25:04,430 --> 00:25:01,679

it because I know when I saw my own

642

00:25:06,470 --> 00:25:04,440

black triangle December 2019 I was

643

00:25:08,590 --> 00:25:06,480

driving it was about 100 feet above my

644

00:25:11,090 --> 00:25:08,600

car someone else had actually stopped at

645

00:25:12,710 --> 00:25:11,100

someone else I've not told the story for

646

00:25:13,789 --> 00:25:12,720

a while so I'll share it quickly as we

647

00:25:15,110 --> 00:25:13,799

finish off

648

00:25:18,049 --> 00:25:15,120

um I was driving along like in a back

649

00:25:19,430 --> 00:25:18,059

Country Road 6 p.m winter in the UK very

650

00:25:21,230 --> 00:25:19,440

clear night

651  
00:25:23,390 --> 00:25:21,240  
um and it's near an airport so I'm used

652  
00:25:25,010 --> 00:25:23,400  
to seeing aircraft but it wasn't

653  
00:25:26,330 --> 00:25:25,020  
anywhere near the normal flight path it

654  
00:25:27,769 --> 00:25:26,340  
would be it was almost like it was

655  
00:25:29,870 --> 00:25:27,779  
coming along the road then I thought it

656  
00:25:32,149 --> 00:25:29,880  
was an airplane and lots of lots of cars

657  
00:25:34,010 --> 00:25:32,159  
going up and down a very very busy road

658  
00:25:36,049 --> 00:25:34,020  
and I noticed these two points of light

659  
00:25:37,490 --> 00:25:36,059  
and this is six months before I started

660  
00:25:39,529 --> 00:25:37,500  
the podcast and even thought about it

661  
00:25:42,049 --> 00:25:39,539  
but always had an interest in UFOs so

662  
00:25:43,310 --> 00:25:42,059  
looking up at the sky as you do and I

663  
00:25:45,169 --> 00:25:43,320

caught these two points of light oh

664

00:25:46,669 --> 00:25:45,179

there's an aircraft and go along a bit

665

00:25:48,950 --> 00:25:46,679

further ah two points of light are still

666

00:25:51,230 --> 00:25:48,960

there expecting it to get closer to me

667

00:25:53,210 --> 00:25:51,240

and it it wasn't moving towards me at

668

00:25:55,190 --> 00:25:53,220

the same way I was moving towards it and

669

00:25:57,409 --> 00:25:55,200

I noticed as I get near the the right

670

00:25:59,330 --> 00:25:57,419

turn I need to make a white van had

671

00:26:01,130 --> 00:25:59,340

pulled over and the white van guy was

672

00:26:02,210 --> 00:26:01,140

hanging out the side of his van looking

673

00:26:04,789 --> 00:26:02,220

up

674

00:26:06,590 --> 00:26:04,799

and that made me kind of look and I

675

00:26:08,930 --> 00:26:06,600

didn't have a sunroof on the car had a

676

00:26:10,850 --> 00:26:08,940

crappy little Audi very cheap little

677

00:26:12,769 --> 00:26:10,860

Banger 10 year old car

678

00:26:14,390 --> 00:26:12,779

and I noticed that the two points of

679

00:26:16,310 --> 00:26:14,400

light were the back of a triangle but

680

00:26:18,350 --> 00:26:16,320

there was nothing on the front of it and

681

00:26:20,210 --> 00:26:18,360

it was just sitting really just just

682

00:26:22,010 --> 00:26:20,220

sitting and I say quietly I was inside a

683

00:26:23,870 --> 00:26:22,020

car I wouldn't have heard it but I saw

684

00:26:25,250 --> 00:26:23,880

this guy looking up and I drove past it

685

00:26:27,110 --> 00:26:25,260

I remember catching it in my rear view

686

00:26:29,390 --> 00:26:27,120

mirror I missed my turn off

687

00:26:31,970 --> 00:26:29,400

turned into this first random Farmhouse

688

00:26:33,649 --> 00:26:31,980

that I could that was very close by and

689

00:26:35,330 --> 00:26:33,659

I always I always said this old couple

690

00:26:36,890 --> 00:26:35,340

came outside wondering why I'd pulled

691

00:26:38,870 --> 00:26:36,900

onto the drive and they said to me like

692

00:26:40,490 --> 00:26:38,880

can we help you I was I'm really sorry

693

00:26:42,890 --> 00:26:40,500

I'm just reversing back onto the road

694

00:26:44,450 --> 00:26:42,900

there's a a thing in the sky up there

695

00:26:46,070 --> 00:26:44,460

and I pointed along and I just remember

696

00:26:48,110 --> 00:26:46,080

this old guy he just kind of looked and

697

00:26:49,310 --> 00:26:48,120

went oh yeah so there is and he just

698

00:26:50,990 --> 00:26:49,320

turned to me and said it just shows you

699

00:26:52,970 --> 00:26:51,000

there's other stuff out there and then

700

00:26:54,230 --> 00:26:52,980

waved and went back into his house with

701  
00:26:57,110 --> 00:26:54,240  
his wife

702  
00:26:58,909 --> 00:26:57,120  
so that's whole time my first thought

703  
00:27:01,070 --> 00:26:58,919  
and feeling when I saw this wasn't I'm

704  
00:27:03,110 --> 00:27:01,080  
going to film it one it would have been

705  
00:27:04,370 --> 00:27:03,120  
two tiny Points of Light even if my

706  
00:27:06,289 --> 00:27:04,380  
camera picked it up and I would have

707  
00:27:09,649 --> 00:27:06,299  
been driving and holding a camera to the

708  
00:27:11,990 --> 00:27:09,659  
dashboard and but I I phoned my wife and

709  
00:27:14,090 --> 00:27:12,000  
talked her through this as I was seeing

710  
00:27:15,710 --> 00:27:14,100  
this thing and she was kind of all right

711  
00:27:17,330 --> 00:27:15,720  
okay and I'm not but it's still there

712  
00:27:18,169 --> 00:27:17,340  
and I remember when I turned back onto

713  
00:27:19,970 --> 00:27:18,179

the road

714

00:27:21,889 --> 00:27:19,980

I could see it starting to move off

715

00:27:23,450 --> 00:27:21,899

diagonally over the tops of these trees

716

00:27:24,710 --> 00:27:23,460

that must be about 100 foot high so

717

00:27:26,210 --> 00:27:24,720

that's what I could always tell how how

718

00:27:28,130 --> 00:27:26,220

can I wear it was

719

00:27:30,769 --> 00:27:28,140

another light had come on the front of

720

00:27:32,810 --> 00:27:30,779

it and it was flashing sporadically it

721

00:27:35,269 --> 00:27:32,820

moved diagonally and as you go over that

722

00:27:36,889 --> 00:27:35,279

that Tree Top it's an expansive field so

723

00:27:39,110 --> 00:27:36,899

there's no trees no nothing and you

724

00:27:41,149 --> 00:27:39,120

would just see it and I I got the car

725

00:27:42,590 --> 00:27:41,159

back along turned the corner and there

726

00:27:43,970 --> 00:27:42,600

was nothing couldn't see it it was gone

727

00:27:45,230 --> 00:27:43,980

and I would never have seen that again

728

00:27:47,510 --> 00:27:45,240

tonight sky

729

00:27:49,310 --> 00:27:47,520

had I not passed underneath it and saw

730

00:27:50,870 --> 00:27:49,320

those two points a light and it would

731

00:27:52,370 --> 00:27:50,880

have just been there sitting right I

732

00:27:57,110 --> 00:27:52,380

never noticed it

733

00:27:59,450 --> 00:27:57,120

um too that's incredible I always wish I

734

00:28:02,330 --> 00:27:59,460

tried to film it but or even like stop

735

00:28:05,029 --> 00:28:02,340

like stopped underneath it and looked up

736

00:28:07,250 --> 00:28:05,039

and camera out but yeah well you know

737

00:28:10,730 --> 00:28:07,260

some of these things happen so quickly

738

00:28:12,350 --> 00:28:10,740

the my siding was probably no more than

739

00:28:14,630 --> 00:28:12,360

I don't know

740

00:28:16,010 --> 00:28:14,640

seven seconds or so because it was

741

00:28:18,769 --> 00:28:16,020

moving so fast

742

00:28:20,990 --> 00:28:18,779

and I had another one that was way up

743

00:28:23,990 --> 00:28:21,000

there you know in orbit and it was doing

744

00:28:25,610 --> 00:28:24,000

s turns and I didn't have my phone you

745

00:28:28,909 --> 00:28:25,620

know so it's

746

00:28:31,389 --> 00:28:28,919

it it I know exactly what you're saying

747

00:28:34,010 --> 00:28:31,399

a lot of people there's a delay because

748

00:28:36,830 --> 00:28:34,020

you're so mesmerized you want to take

749

00:28:39,710 --> 00:28:36,840

your eyes off of it and then if it stays

750

00:28:41,690 --> 00:28:39,720

up there for 10 15 minutes most people

751  
00:28:45,110 --> 00:28:41,700  
eventually think oh I should try filming

752  
00:28:47,510 --> 00:28:45,120  
it but as good as as the phones are

753  
00:28:50,750 --> 00:28:47,520  
getting you're exactly right the the

754  
00:28:53,149 --> 00:28:50,760  
quality just is so underwhelming you

755  
00:28:55,250 --> 00:28:53,159  
know to try and capture this stuff so we

756  
00:28:58,130 --> 00:28:55,260  
try we encourage people and and on that

757  
00:29:00,789 --> 00:28:58,140  
my little PSA note is firm or film

758  
00:29:04,610 --> 00:29:00,799  
horizontally if you can not vertically

759  
00:29:07,310 --> 00:29:04,620  
it makes better use of the pixels and

760  
00:29:09,590 --> 00:29:07,320  
try to give some reference to your video

761  
00:29:11,510 --> 00:29:09,600  
so you include other things the trees

762  
00:29:13,610 --> 00:29:11,520  
The Horizon

763  
00:29:16,130 --> 00:29:13,620

um you know don't just zoom in as far as

764

00:29:17,210 --> 00:29:16,140

you can and all we have is a dot in a

765

00:29:20,029 --> 00:29:17,220

black sky

766

00:29:22,549 --> 00:29:20,039

right so

767

00:29:25,669 --> 00:29:22,559

um yeah and and I I do think that

768

00:29:27,649 --> 00:29:25,679

technology is helping but I've always

769

00:29:29,870 --> 00:29:27,659

said it's a two-edged sword

770

00:29:32,690 --> 00:29:29,880

you know it's our best friend but it's

771

00:29:35,210 --> 00:29:32,700

our worst enemy and this is a a perfect

772

00:29:37,250 --> 00:29:35,220

example of that because people now are

773

00:29:40,549 --> 00:29:37,260

shifting towards the technology has got

774

00:29:43,430 --> 00:29:40,559

to tell us what the story is right when

775

00:29:46,070 --> 00:29:43,440

when I think it it minimizes what the

776

00:29:47,870 --> 00:29:46,080

evidence of the witness is and that

777

00:29:48,830 --> 00:29:47,880

don't let anyone tell you that's not

778

00:29:50,750 --> 00:29:48,840

evidence

779

00:29:52,669 --> 00:29:50,760

right you take the credibility of the

780

00:29:55,789 --> 00:29:52,679

person people can be put to death in

781

00:29:57,830 --> 00:29:55,799

court by the testimony of one witness

782

00:29:59,389 --> 00:29:57,840

right you know for a murder or something

783

00:30:05,450 --> 00:29:59,399

so

784

00:30:07,970 --> 00:30:05,460

seeing um the CSI effect I talk about

785

00:30:11,029 --> 00:30:07,980

you know in Hollywood it's like well

786

00:30:12,950 --> 00:30:11,039

if there was a let's say a rape you know

787

00:30:15,409 --> 00:30:12,960

it happens and CSI they come in with

788

00:30:17,090 --> 00:30:15,419

that UV light they look around and they

789

00:30:19,090 --> 00:30:17,100

see stuff and they take it to court and

790

00:30:24,169 --> 00:30:19,100

they've got DNA evidence all this stuff

791

00:30:26,269 --> 00:30:24,179

very rarely do you have DNA evidence you

792

00:30:28,010 --> 00:30:26,279

know coupled with

793

00:30:30,529 --> 00:30:28,020

um other types of physical trace

794

00:30:32,750 --> 00:30:30,539

evidence in a case what makes the case

795

00:30:34,549 --> 00:30:32,760

is the witness testimony

796

00:30:36,409 --> 00:30:34,559

you know and so

797

00:30:39,049 --> 00:30:36,419

and I I know because I used to

798

00:30:42,889 --> 00:30:39,059

investigate you know sex crimes

799

00:30:44,810 --> 00:30:42,899

so it does create a problem and um I'd

800

00:30:46,850 --> 00:30:44,820

like to see it kind of reeled back and

801  
00:30:49,850 --> 00:30:46,860  
and assessing The credibility of

802  
00:30:51,769 --> 00:30:49,860  
witnesses if we happen to get you know

803  
00:30:53,990 --> 00:30:51,779  
film of it excellent because all of us

804  
00:30:55,370 --> 00:30:54,000  
want it we want to dig into it we want

805  
00:30:56,990 --> 00:30:55,380  
to analyze it we want to look at

806  
00:30:58,850 --> 00:30:57,000  
everything but

807  
00:31:01,250 --> 00:30:58,860  
um I think that's why the Nimitz case

808  
00:31:05,090 --> 00:31:01,260  
especially was kind of the turning point

809  
00:31:06,889 --> 00:31:05,100  
for a lot of media you finally had you

810  
00:31:08,090 --> 00:31:06,899  
know thermal cameras and credible

811  
00:31:11,210 --> 00:31:08,100  
Witnesses

812  
00:31:13,370 --> 00:31:11,220  
you know and still still people are like

813  
00:31:16,070 --> 00:31:13,380

well why is it black and white why is it

814

00:31:17,090 --> 00:31:16,080

such crappy you know you know footage

815

00:31:19,250 --> 00:31:17,100

and I'm like you're talking about

816

00:31:21,409 --> 00:31:19,260

cameras that are hundreds of thousands

817

00:31:23,990 --> 00:31:21,419

of dollars and it's black and white

818

00:31:26,389 --> 00:31:24,000

because it's seeing heat signatures okay

819

00:31:27,830 --> 00:31:26,399

it's not your 4k camera that's supposed

820

00:31:29,750 --> 00:31:27,840

to pick up

821

00:31:31,789 --> 00:31:29,760

uh anyways I'm sorry I'm going off on a

822

00:31:33,230 --> 00:31:31,799

tan no no you're right and at the end of

823

00:31:34,789 --> 00:31:33,240

the day you make the point as well that

824

00:31:36,649 --> 00:31:34,799

and all of this we're looking for

825

00:31:38,269 --> 00:31:36,659

extraterrestrial hypotheses we're

826  
00:31:40,430 --> 00:31:38,279  
looking for non-human intelligence we're

827  
00:31:42,049 --> 00:31:40,440  
looking for that something other there's

828  
00:31:43,370 --> 00:31:42,059  
still a human element to it and there's

829  
00:31:45,289 --> 00:31:43,380  
still the witnesses that are coming

830  
00:31:47,509 --> 00:31:45,299  
forward and putting their necks on the

831  
00:31:48,950 --> 00:31:47,519  
line and just be a bit respectful to

832  
00:31:50,690 --> 00:31:48,960  
them you don't have to believe them no

833  
00:31:52,070 --> 00:31:50,700  
one asks you to but you know they're

834  
00:31:53,450 --> 00:31:52,080  
coming forward and they're presenting

835  
00:31:55,190 --> 00:31:53,460  
something that many of us are very

836  
00:31:56,570 --> 00:31:55,200  
appreciative of and that includes

837  
00:31:57,769 --> 00:31:56,580
