

EVENT PREVIEW

INTERNATIONAL  
**UFO**  
CONGRESS

Out of This World Media and Events, Inc.

1  
00:00:06,190 --> 00:00:02,570  
this is Ross coulart and you are

2  
00:00:11,270 --> 00:00:06,200  
listening to that UFO podcast

3  
00:00:16,250 --> 00:00:13,910  
hi everyone and welcome back to that uf4

4  
00:00:18,769 --> 00:00:16,260  
podcast my name is Andy and joining me

5  
00:00:22,310 --> 00:00:18,779  
on the podcast are the owners of the

6  
00:00:25,670 --> 00:00:22,320  
international UFO Congress for 2022 it's

7  
00:00:28,250 --> 00:00:25,680  
31st year I have Alejandro Rojas and

8  
00:00:31,429 --> 00:00:28,260  
Karim broad uh welcome both of you to

9  
00:00:33,350 --> 00:00:31,439  
the podcast hello thanks hello glad to

10  
00:00:35,450 --> 00:00:33,360  
be here good to have you both on

11  
00:00:37,250 --> 00:00:35,460  
Alejandro personally it's the first time

12  
00:00:39,170 --> 00:00:37,260  
I've got to speak to you as well as

13  
00:00:41,389 --> 00:00:39,180

Karen and but I used to listen to open

14

00:00:43,190 --> 00:00:41,399

minds back in the day and long before I

15

00:00:45,889 --> 00:00:43,200

had ideas of even starting my own

16

00:00:47,810 --> 00:00:45,899

podcast so thanks for for trailblazing

17

00:00:50,270 --> 00:00:47,820

the way uh as I'm sure you have for many

18

00:00:51,770 --> 00:00:50,280

many others my pleasure it's always

19

00:00:54,529 --> 00:00:51,780

wonderful to hear from people who

20

00:00:56,270 --> 00:00:54,539

enjoyed the podcast absolutely I

21

00:00:58,430 --> 00:00:56,280

remember your chats with yourself and

22

00:01:00,950 --> 00:00:58,440

Martin Willis used to be my my go-to and

23

00:01:01,850 --> 00:01:00,960

my wife would have for reality TV on in

24

00:01:04,070 --> 00:01:01,860

the background I would put the

25

00:01:06,830 --> 00:01:04,080

headphones in so it was a Saving Grace I

26  
00:01:11,210 --> 00:01:06,840  
promise you yeah it was reality TV to me

27  
00:01:13,550 --> 00:01:11,220  
oh well yeah listen

28  
00:01:15,590 --> 00:01:13,560  
I wish my wife was as understanding as

29  
00:01:17,270 --> 00:01:15,600  
you are about the UFO topic Karen you've

30  
00:01:19,730 --> 00:01:17,280  
really got yourself involved as but

31  
00:01:22,130 --> 00:01:19,740  
about to discuss and I believe this is

32  
00:01:23,570 --> 00:01:22,140  
your your sixth Year Karen owning the

33  
00:01:27,170 --> 00:01:23,580  
event is that right

34  
00:01:30,950 --> 00:01:27,180  
yeah since 2017 and uh we had a live

35  
00:01:32,990 --> 00:01:30,960  
event in 2018 and 2019 and then coven

36  
00:01:36,109 --> 00:01:33,000  
struck so the last two years it's been

37  
00:01:39,410 --> 00:01:36,119  
online only so this is our first Venture

38  
00:01:41,630 --> 00:01:39,420

back out into you know a live event and

39

00:01:43,429 --> 00:01:41,640

we didn't wait quite a while and I did

40

00:01:45,289 --> 00:01:43,439

want to get one in this year so it could

41

00:01:47,030 --> 00:01:45,299

be an actual event

42

00:01:48,350 --> 00:01:47,040

um so we just didn't have as much time

43

00:01:50,690 --> 00:01:48,360

to prepare this year so I just wanted to

44

00:01:54,109 --> 00:01:50,700

make sure coven was you know out of the

45

00:01:56,090 --> 00:01:54,119

way for the most part so so we're doing

46

00:01:57,710 --> 00:01:56,100

another one so we only have a couple

47

00:01:59,270 --> 00:01:57,720

weeks to go

48

00:02:01,490 --> 00:01:59,280

but that's that's going to be special

49

00:02:03,469 --> 00:02:01,500

having everyone back in person and it

50

00:02:05,450 --> 00:02:03,479

was great when I remember doing some

51  
00:02:07,130 --> 00:02:05,460  
promotion last year for contacting the

52  
00:02:08,870 --> 00:02:07,140  
desert and again it was virtual and

53  
00:02:11,630 --> 00:02:08,880  
you've got all these great speakers and

54  
00:02:13,970 --> 00:02:11,640  
a lot of these events went online but

55  
00:02:15,470 --> 00:02:13,980  
you do miss that human element don't you

56  
00:02:17,330 --> 00:02:15,480  
even if you're watching it virtually

57  
00:02:19,970 --> 00:02:17,340  
because you can't travel from around the

58  
00:02:22,430 --> 00:02:19,980  
globe just to see an audience in the

59  
00:02:23,990 --> 00:02:22,440  
room helps with the atmosphere and you

60  
00:02:25,550 --> 00:02:24,000  
know just that uniqueness of the event

61  
00:02:27,650 --> 00:02:25,560  
so that that must be something you're

62  
00:02:29,630 --> 00:02:27,660  
really looking forward to yeah it is

63  
00:02:31,790 --> 00:02:29,640

nice to you know be able to see your

64

00:02:34,250 --> 00:02:31,800

friends give them a hug but the good

65

00:02:36,949 --> 00:02:34,260

thing about our virtual conferences we

66

00:02:39,110 --> 00:02:36,959

do have an app uh it's called Hoover and

67

00:02:41,150 --> 00:02:39,120

in that app it allows you to interact

68

00:02:43,910 --> 00:02:41,160

with everybody that's either there in

69

00:02:45,050 --> 00:02:43,920

person or at home so you can chat with

70

00:02:46,970 --> 00:02:45,060

each other you can even do little

71

00:02:49,430 --> 00:02:46,980

virtual meetups and meet people on

72

00:02:50,570 --> 00:02:49,440

camera so there's a lot it makes it a

73

00:02:52,729 --> 00:02:50,580

little bit better you know a little bit

74

00:02:53,509 --> 00:02:52,739

closer to being there well that's

75

00:02:55,490 --> 00:02:53,519

awesome

76

00:02:57,229 --> 00:02:55,500

um Alejandro let me ask first off how

77

00:02:59,210 --> 00:02:57,239

are those preparations coming along then

78

00:03:00,949 --> 00:02:59,220

like Karen says we're in our final weeks

79

00:03:02,930 --> 00:03:00,959

now before the event

80

00:03:06,410 --> 00:03:02,940

he would know better I'm focused on

81

00:03:08,869 --> 00:03:06,420

other stuff uh but helping her as I can

82

00:03:11,270 --> 00:03:08,879

but it sounds like it's coming along

83

00:03:12,530 --> 00:03:11,280

well yeah we have um all our speakers

84

00:03:13,490 --> 00:03:12,540

booked

85

00:03:15,949 --> 00:03:13,500

um

86

00:03:17,690 --> 00:03:15,959

uh they're very excited and uh yeah it's

87

00:03:20,210 --> 00:03:17,700

all it's coming it's coming along we've

88

00:03:21,649 --> 00:03:20,220

got some great events in there too uh

89

00:03:23,990 --> 00:03:21,659

along with our Banquets and our Film

90

00:03:25,130 --> 00:03:24,000

Festival we're having a trivia night and

91

00:03:27,649 --> 00:03:25,140

for the first time we're having a

92

00:03:29,089 --> 00:03:27,659

Halloween costume party so a lot of fun

93

00:03:30,830 --> 00:03:29,099

events for people to do and it has a

94

00:03:32,570 --> 00:03:30,840

great bar and an outdoor swimming pool

95

00:03:34,190 --> 00:03:32,580

and it still would be warm here so you

96

00:03:37,790 --> 00:03:34,200

can still swim here and a great big

97

00:03:39,589 --> 00:03:37,800

jacuzzi too so uh it's gonna be fun it's

98

00:03:42,170 --> 00:03:39,599

a new event a new venue for this event

99

00:03:44,390 --> 00:03:42,180

this year um it's very pretty and I

100

00:03:46,670 --> 00:03:44,400

think people really enjoy it

101  
00:03:49,670 --> 00:03:46,680  
well the venue and I'll get this correct

102  
00:03:51,289 --> 00:03:49,680  
is the Sheraton at Wrigleyville West uh

103  
00:03:54,050 --> 00:03:51,299  
the events being held in Phoenix Arizona

104  
00:03:56,930 --> 00:03:54,060  
from the 12th to the 16th of October

105  
00:03:59,089 --> 00:03:56,940  
actually it's Mesa Arizona so it's the

106  
00:04:01,130 --> 00:03:59,099  
Sheraton at Mesa Hotel

107  
00:04:03,289 --> 00:04:01,140  
uh okay

108  
00:04:04,670 --> 00:04:03,299  
um not knowing the area I take it that's

109  
00:04:05,930 --> 00:04:04,680  
important because people will just

110  
00:04:07,550 --> 00:04:05,940  
travel to Phoenix and they're going to

111  
00:04:09,770 --> 00:04:07,560  
be some ways away from I'm sure it's a

112  
00:04:11,270 --> 00:04:09,780  
big area so yeah that's a good one I'm

113  
00:04:13,490 --> 00:04:11,280

going to put all the details within the

114

00:04:15,350 --> 00:04:13,500

link to the podcast as well folks if you

115

00:04:17,090 --> 00:04:15,360

are planning on attending you can click

116

00:04:19,189 --> 00:04:17,100

on that and check out the website UFO

117

00:04:21,170 --> 00:04:19,199

congress.com as well for that

118

00:04:23,390 --> 00:04:21,180

information and you mentioned

119

00:04:24,770 --> 00:04:23,400

importantly the guests and that's what

120

00:04:27,110 --> 00:04:24,780

people are largely going to be going

121

00:04:29,090 --> 00:04:27,120

there for other than the meetups and

122

00:04:31,249 --> 00:04:29,100

meeting new people with uh those those

123

00:04:32,930 --> 00:04:31,259

common interests in the UFO subject so

124

00:04:34,249 --> 00:04:32,940

let's get to the guests do you want to

125

00:04:35,450 --> 00:04:34,259

give out a rundown of some of those

126  
00:04:37,070 --> 00:04:35,460  
speaking

127  
00:04:38,870 --> 00:04:37,080  
sure

128  
00:04:41,210 --> 00:04:38,880  
um you can help me if I forget any um or

129  
00:04:42,650 --> 00:04:41,220  
having Ben Hansen of UFO witness he's a

130  
00:04:44,390 --> 00:04:42,660  
good friend of ours

131  
00:04:47,210 --> 00:04:44,400  
um and also uh

132  
00:04:49,010 --> 00:04:47,220  
has a show yeah the UFO witness showing

133  
00:04:50,510 --> 00:04:49,020  
but he's also a friend of ours who used

134  
00:04:53,629 --> 00:04:50,520  
to be in the FBI

135  
00:04:55,249 --> 00:04:53,639  
um and uh he's very interested in this

136  
00:04:57,350 --> 00:04:55,259  
whole subject he's been doing it for

137  
00:04:59,749 --> 00:04:57,360  
about 10 years and he's going to share

138  
00:05:02,090 --> 00:04:59,759

some uh something new that he's done he

139

00:05:05,150 --> 00:05:02,100

just finished his Masters and his thesis

140

00:05:08,290 --> 00:05:05,160

was on preparedness what would happen

141

00:05:11,270 --> 00:05:08,300

What would be the impact of an outside

142

00:05:14,030 --> 00:05:11,280

extraterrestrial visitation or attack

143

00:05:16,909 --> 00:05:14,040

from another place so that's part of his

144

00:05:19,310 --> 00:05:16,919

uh his thesis was on that for um

145

00:05:20,810 --> 00:05:19,320

preparedness well we have James Fox and

146

00:05:23,990 --> 00:05:20,820

he's going to be doing a screening of

147

00:05:25,730 --> 00:05:24,000

his new film the moment of contact and

148

00:05:28,010 --> 00:05:25,740

that's about the

149

00:05:31,430 --> 00:05:28,020

um Brazil how do you say that Virginia

150

00:05:36,249 --> 00:05:33,950

about that uh when there was supposedly

151  
00:05:38,990 --> 00:05:36,259  
a landing of some crowds yeah

152  
00:05:42,350 --> 00:05:39,000  
exciting and and some

153  
00:05:45,170 --> 00:05:42,360  
kids saw a being uh which the fire

154  
00:05:47,629 --> 00:05:45,180  
uh local fire came and picked up and

155  
00:05:50,330 --> 00:05:47,639  
allegedly the environment who held the

156  
00:05:53,210 --> 00:05:50,340  
thing uh died of radiation poisoning

157  
00:05:54,890 --> 00:05:53,220  
eventually so I guess he's been able to

158  
00:05:56,810 --> 00:05:54,900  
talk to first-hand witnesses to to

159  
00:05:57,890 --> 00:05:56,820  
verify this story so it ought to be an

160  
00:06:00,050 --> 00:05:57,900  
interesting movie

161  
00:06:02,029 --> 00:06:00,060  
I'll just say I've got an advanced

162  
00:06:03,230 --> 00:06:02,039  
screening of moment of contact and I

163  
00:06:04,969 --> 00:06:03,240

won't be saying anything about it until

164

00:06:06,650 --> 00:06:04,979

after it's come out but I I'm sure

165

00:06:08,350 --> 00:06:06,660

people are going to enjoy that ahead of

166

00:06:14,150 --> 00:06:08,360

time but that's all I'll say for now

167

00:06:15,950 --> 00:06:14,160

cool okay uh also Micah Hanks he's uh a

168

00:06:18,469 --> 00:06:15,960

friend of ours from North Carolina he's

169

00:06:20,029 --> 00:06:18,479

a researcher and he does he's written a

170

00:06:23,150 --> 00:06:20,039

couple books

171

00:06:27,950 --> 00:06:23,160

um he's part of the debrief which is a

172

00:06:32,510 --> 00:06:27,960

online news UFO news uh podcast and site

173

00:06:34,670 --> 00:06:32,520

for news and written journalism as well

174

00:06:37,309 --> 00:06:34,680

um David you want to talk about David

175

00:06:39,650 --> 00:06:37,319

Marler oh yeah David Marler one of my

176

00:06:43,430 --> 00:06:39,660

favorite researchers uh David is going

177

00:06:45,110 --> 00:06:43,440

to be talking about a very so he ran

178

00:06:46,850 --> 00:06:45,120

across some cases of course he's a very

179

00:06:48,950 --> 00:06:46,860

kind of conservative researcher kind of

180

00:06:50,689 --> 00:06:48,960

like I am nuts and bolt type of stuff

181

00:06:52,189 --> 00:06:50,699

but one of the things he's going to be

182

00:06:55,610 --> 00:06:52,199

talking about is these cases he ran

183

00:06:57,409 --> 00:06:55,620

across with physical effects so and he's

184

00:06:59,990 --> 00:06:57,419

also going to mostly talk about his

185

00:07:01,610 --> 00:07:00,000

archive and the importance of historical

186

00:07:02,330 --> 00:07:01,620

research

187

00:07:03,969 --> 00:07:02,340

um

188

00:07:06,409 --> 00:07:03,979

he's got one of the what the biggest

189

00:07:07,670 --> 00:07:06,419

collections of UFO artifacts in the

190

00:07:10,850 --> 00:07:07,680

world

191

00:07:12,469 --> 00:07:10,860

it doesn't matter just acquired that

192

00:07:14,330 --> 00:07:12,479

yeah when I last I interviewed David

193

00:07:15,950 --> 00:07:14,340

last year and he just got hold of the

194

00:07:18,409 --> 00:07:15,960

archive at the time and was digitizing

195

00:07:19,730 --> 00:07:18,419

it which is no mean feat uh so that's

196

00:07:20,689 --> 00:07:19,740

what I'm very much looking forward to

197

00:07:22,790 --> 00:07:20,699

yep

198

00:07:24,110 --> 00:07:22,800

yeah and then we have Dr Michael Masters

199

00:07:27,890 --> 00:07:24,120

he's actually a biological

200

00:07:30,170 --> 00:07:27,900

Anthropologist from um Montana Tech and

201  
00:07:33,050 --> 00:07:30,180  
he's written a second book about along

202  
00:07:34,670 --> 00:07:33,060  
theory that uh the aliens that have

203  
00:07:37,129 --> 00:07:34,680  
people have reported seeing and maybe

204  
00:07:39,290 --> 00:07:37,139  
being abducted by could be

205  
00:07:41,330 --> 00:07:39,300  
humans that have traveled back from the

206  
00:07:44,089 --> 00:07:41,340  
future and they're coming back to check

207  
00:07:46,189 --> 00:07:44,099  
us out and do research and see how you

208  
00:07:48,950 --> 00:07:46,199  
know how maybe they could avoid becoming

209  
00:07:50,570 --> 00:07:48,960  
like they are so he's um going to join

210  
00:07:51,710 --> 00:07:50,580  
us for the second time and he's a great

211  
00:07:54,230 --> 00:07:51,720  
speaker

212  
00:07:56,089 --> 00:07:54,240  
yes and that's the extra 10 pastry model

213  
00:07:57,529 --> 00:07:56,099

I believe is the book yes book The

214

00:07:59,510 --> 00:07:57,539

Doctor Masters about that a few months

215

00:08:02,570 --> 00:07:59,520

ago so always a great speaker lovely guy

216

00:08:05,390 --> 00:08:02,580

as well yeah yeah um

217

00:08:06,950 --> 00:08:05,400

we will be doing a talk about what she

218

00:08:08,870 --> 00:08:06,960

does which is she does regression

219

00:08:10,610 --> 00:08:08,880

hypnosis uh for people who have been

220

00:08:12,890 --> 00:08:10,620

abducted so she's going to talk about

221

00:08:14,510 --> 00:08:12,900

that and actually have some um maybe a

222

00:08:16,189 --> 00:08:14,520

couple of witnesses come on and talk

223

00:08:18,290 --> 00:08:16,199

about their experience

224

00:08:20,689 --> 00:08:18,300

she joins us every year and as well she

225

00:08:22,909 --> 00:08:20,699

leads the experienter groups which if

226

00:08:24,770 --> 00:08:22,919

you're here in person we have groups

227

00:08:26,150 --> 00:08:24,780

where if you want to come and share a

228

00:08:28,790 --> 00:08:26,160

story or just come and listen to other

229

00:08:31,930 --> 00:08:28,800

people's stories of encounters um you're

230

00:08:34,909 --> 00:08:31,940

free to do that and it's in a private

231

00:08:37,430 --> 00:08:34,919

Anonymous or not Anonymous but uh just

232

00:08:39,889 --> 00:08:37,440

the word I want

233

00:08:41,690 --> 00:08:39,899

when you can't tell anymore confidential

234

00:08:43,430 --> 00:08:41,700

yeah not recorded anything like that so

235

00:08:44,870 --> 00:08:43,440

yeah save space for people to talk and

236

00:08:46,130 --> 00:08:44,880

share their experiences so she leads

237

00:08:47,930 --> 00:08:46,140

those as well

238

00:08:49,730 --> 00:08:47,940

that sounds awesome and all of those

239

00:08:51,230 --> 00:08:49,740

guests you've mentioned except Yvonne

240

00:08:52,670 --> 00:08:51,240

even have you done the podcast if people

241

00:08:54,050 --> 00:08:52,680

want to hear a little bit about those

242

00:08:56,090 --> 00:08:54,060

backgrounds you can go and check those

243

00:08:57,350 --> 00:08:56,100

interviews out but Yvonne is certainly a

244

00:08:58,550 --> 00:08:57,360

name I've just written down to have a

245

00:09:01,509 --> 00:08:58,560

chat with as well because that sounds

246

00:09:06,410 --> 00:09:03,769

I'm sure yeah another speaker of course

247

00:09:09,110 --> 00:09:06,420

will be Bryce zabel um his podcast with

248

00:09:11,329 --> 00:09:09,120

the uh Russ coldheart need to know has

249

00:09:13,730 --> 00:09:11,339

become very popular

250

00:09:14,930 --> 00:09:13,740

um so we've uh we've had in fact I think

251

00:09:16,910 --> 00:09:14,940

we're one of the first people to have

252

00:09:19,550 --> 00:09:16,920

Bryce at the international UFO Congress

253

00:09:21,530 --> 00:09:19,560

when we're running it with open mind

254

00:09:27,110 --> 00:09:21,540

um and he's uh always very entertaining

255

00:09:28,970 --> 00:09:27,120

so he is a key uh key Point Pro so he

256

00:09:31,670 --> 00:09:28,980

always has very exciting PowerPoints

257

00:09:33,110 --> 00:09:31,680

that he does so uh it'll be really

258

00:09:35,210 --> 00:09:33,120

interesting to talk to him because of

259

00:09:37,009 --> 00:09:35,220

course he's been up to date on all the

260

00:09:39,290 --> 00:09:37,019

latest news and has an interesting

261

00:09:40,790 --> 00:09:39,300

perspective he's the director a writer

262

00:09:42,769 --> 00:09:40,800

he's got things coming out a movie

263

00:09:44,870 --> 00:09:42,779

that's going to get filled next year in

264

00:09:47,030 --> 00:09:44,880

Europe so he's really excited about that

265

00:09:48,410 --> 00:09:47,040

and then our next speaker I'm going to

266

00:09:50,870 --> 00:09:48,420

read this so I don't get it wrong um

267

00:09:54,590 --> 00:09:50,880

John Ramirez he was uh he served from

268

00:09:56,210 --> 00:09:54,600

2000 and or 1984 to 2009 and the CIA

269

00:09:58,850 --> 00:09:56,220

director of Science and Technology

270

00:10:01,610 --> 00:09:58,860

the director of intelligence and the

271

00:10:02,449 --> 00:10:01,620

odni national counter proliferation

272

00:10:06,230 --> 00:10:02,459

Center

273

00:10:08,150 --> 00:10:06,240

and uh he was working in the

274

00:10:10,910 --> 00:10:08,160

he was the chief of electronic

275

00:10:12,650 --> 00:10:10,920

intelligence analysis branch and the

276

00:10:14,329 --> 00:10:12,660

electronic intelligence laboratory at

277

00:10:16,190 --> 00:10:14,339

the CIA during a period when the

278

00:10:18,769 --> 00:10:16,200

intelligence Community was investigating

279

00:10:20,810 --> 00:10:18,779

the light orb phenomena in the Years

280

00:10:23,210 --> 00:10:20,820

preceding ASAP

281

00:10:25,430 --> 00:10:23,220

so uh that's pretty exciting that he's

282

00:10:26,810 --> 00:10:25,440

going to share with us what he what he

283

00:10:28,730 --> 00:10:26,820

experienced and what he was studying

284

00:10:31,070 --> 00:10:28,740

there that has to my knowledge not

285

00:10:33,110 --> 00:10:31,080

anything that's really been out in the

286

00:10:35,590 --> 00:10:33,120

public yet and then he's also going to

287

00:10:38,750 --> 00:10:35,600

give some insight on recent legislation

288

00:10:41,630 --> 00:10:38,760

and of course is really exciting as far

289

00:10:43,190 --> 00:10:41,640

as well pending legislation by the

290

00:10:44,630 --> 00:10:43,200

Congress

291

00:10:46,250 --> 00:10:44,640

um he's going to kind of give his own

292

00:10:47,449 --> 00:10:46,260

take on all of that which ought to be

293

00:10:49,550 --> 00:10:47,459

great

294

00:10:51,230 --> 00:10:49,560

John's a wonderful speaker and again

295

00:10:53,449 --> 00:10:51,240

he's been on the podcast and when he's

296

00:10:55,730 --> 00:10:53,459

done any of the podcasts he's been on he

297

00:10:57,710 --> 00:10:55,740

draws a fantastic audience to it and

298

00:10:59,810 --> 00:10:57,720

he's just a great character people love

299

00:11:01,610 --> 00:10:59,820

to listen to him and Karen you read out

300

00:11:03,110 --> 00:11:01,620

just some of his background there and

301

00:11:04,610 --> 00:11:03,120

it's fascinating just the the

302

00:11:06,410 --> 00:11:04,620

Departments he's worked in and the

303

00:11:08,690 --> 00:11:06,420

projects he's also been involved in as

304

00:11:10,310 --> 00:11:08,700

well let me ask because there's a whole

305

00:11:12,769 --> 00:11:10,320

load more speakers attached to that and

306

00:11:14,750 --> 00:11:12,779

I would encourage folks to go to to UFO

307

00:11:16,670 --> 00:11:14,760

congress.com to check those out as well

308

00:11:18,829 --> 00:11:16,680

but just looking at some of those names

309

00:11:21,530 --> 00:11:18,839

I'll name Travis Walton Brian Bender

310

00:11:24,829 --> 00:11:21,540

James Fox Ben Hansen just to name a few

311

00:11:28,250 --> 00:11:24,839

it shows a real mix of backgrounds and

312

00:11:30,590 --> 00:11:28,260

personalities and I think that change is

313

00:11:33,110 --> 00:11:30,600

now happening in these sorts of events

314

00:11:35,269 --> 00:11:33,120

did you feel it time to reflect the

315

00:11:37,550 --> 00:11:35,279

changing audience in the UFO subject

316

00:11:40,130 --> 00:11:37,560

moving away from a very similar

317

00:11:43,190 --> 00:11:40,140

conversation to journalists scientists

318

00:11:46,190 --> 00:11:43,200

directors and others like that

319

00:11:47,990 --> 00:11:46,200

yeah exactly you know um I'm a board

320

00:11:50,569 --> 00:11:48,000

member for the scientific Coalition for

321

00:11:53,210 --> 00:11:50,579

UAP research and that's the world that

322

00:11:54,889 --> 00:11:53,220

I've been living in is working with uh

323

00:11:56,990 --> 00:11:54,899

scientists

324

00:11:59,930 --> 00:11:57,000

um you know people from DC whether that

325

00:12:01,670 --> 00:11:59,940

be government or politicians

326

00:12:04,310 --> 00:12:01,680

um and a lot of mainstream people that

327

00:12:05,930 --> 00:12:04,320

are getting into this topic and so it is

328

00:12:08,150 --> 00:12:05,940

a brand new venue and they bring

329

00:12:09,889 --> 00:12:08,160

something totally different

330

00:12:11,690 --> 00:12:09,899

um but in some ways a little bit the

331

00:12:14,449 --> 00:12:11,700

same and I guess what I mean by that is

332

00:12:16,790 --> 00:12:14,459

you know John Ramirez is uh giving us

333

00:12:19,190 --> 00:12:16,800

Insight that we didn't have previously

334

00:12:21,230 --> 00:12:19,200

you know as a government Insider but

335

00:12:23,569 --> 00:12:21,240

he's talking about topics that are kind

336

00:12:25,370 --> 00:12:23,579

of strange that you know and things we

337

00:12:27,710 --> 00:12:25,380

haven't heard about before so like this

338

00:12:29,990 --> 00:12:27,720

uh program where they looked into these

339

00:12:33,829 --> 00:12:30,000

orbs or you know his professional

340

00:12:36,230 --> 00:12:33,839

insight into uh the secrecy and you know

341

00:12:38,569 --> 00:12:36,240

this bill and and what it means there's

342

00:12:41,750 --> 00:12:38,579

a lot of nuance and I think that gets

343

00:12:43,730 --> 00:12:41,760

lost I was in a Twitter debate yesterday

344

00:12:45,590 --> 00:12:43,740

where it's kind of you know know the

345

00:12:48,290 --> 00:12:45,600

debate is is this real isn't this real

346

00:12:51,110 --> 00:12:48,300

well typically that's not enough the

347

00:12:53,269 --> 00:12:51,120

conversation has a lot more component to

348

00:12:56,750 --> 00:12:53,279

it than just that so it's much more

349

00:12:58,430 --> 00:12:56,760

complicated than just saying A or B

350

00:13:01,370 --> 00:12:58,440

um and you need to get into those

351

00:13:04,730 --> 00:13:01,380

details in order to be effective in

352

00:13:06,889 --> 00:13:04,740

pushing the uh issue forward or you know

353

00:13:08,569 --> 00:13:06,899

understanding the Nuance to be able to

354

00:13:10,970 --> 00:13:08,579

maneuver and navigate around some of

355

00:13:12,350 --> 00:13:10,980

these complicated institutions that are

356

00:13:15,050 --> 00:13:12,360

not now getting involved that weren't

357

00:13:16,790 --> 00:13:15,060

involved previously so I think that's

358

00:13:18,590 --> 00:13:16,800

where I get frustrated it's like no guys

359

00:13:20,449 --> 00:13:18,600

this is a lot more complicated than that

360

00:13:22,430 --> 00:13:20,459

you know we need to know how to play the

361

00:13:23,930 --> 00:13:22,440

game if we're going to play the game

362

00:13:26,509 --> 00:13:23,940

um you don't just pick up the football

363

00:13:29,870 --> 00:13:26,519

and run and get a touchdown game over

364

00:13:31,370 --> 00:13:29,880

it's a lot more complicated than that so

365

00:13:34,250 --> 00:13:31,380

um that's what I think is wonderful

366

00:13:37,610 --> 00:13:34,260

Brian Bender you know always he's very

367

00:13:40,009 --> 00:13:37,620

embedded in the industrial uh defense

368

00:13:44,090 --> 00:13:40,019

complex you know he spends all of his

369

00:13:46,970 --> 00:13:44,100

time in DC or at these uh conventions

370

00:13:48,769 --> 00:13:46,980

hanging out with generals and he knows

371

00:13:51,590 --> 00:13:48,779

everyone yeah he knows everyone the

372

00:13:54,590 --> 00:13:51,600

exact type you just call up a senator he

373

00:13:56,389 --> 00:13:54,600

has a question it's so great so being

374

00:13:58,430 --> 00:13:56,399

able to hear from him kind of the inside

375

00:14:00,949 --> 00:13:58,440

baseball what he's hearing how people

376

00:14:02,629 --> 00:14:00,959

are really reacting to this I think it's

377

00:14:04,129 --> 00:14:02,639

really important and a lot of the UFO

378

00:14:05,810 --> 00:14:04,139

Community shuts that out because they

379

00:14:07,430 --> 00:14:05,820

think they know but they know nothing

380

00:14:09,590 --> 00:14:07,440

you know if you're not in that

381

00:14:10,910 --> 00:14:09,600

environment on a regular basis like some

382

00:14:12,829 --> 00:14:10,920

of these people coming out and talking

383

00:14:15,350 --> 00:14:12,839

you know you really don't know that

384

00:14:17,090 --> 00:14:15,360

Nuance so we need to Humble ourselves a

385

00:14:18,889 --> 00:14:17,100

lot of times and sit down and listen to

386

00:14:20,509 --> 00:14:18,899

these people that are coming out of the

387

00:14:22,670 --> 00:14:20,519

Wardrobe right now because they're going

388

00:14:24,889 --> 00:14:22,680

to be able to guide us to have more

389

00:14:26,569 --> 00:14:24,899

success than we've had in the past and

390

00:14:28,490 --> 00:14:26,579

the success that we've gotten to date

391

00:14:30,530 --> 00:14:28,500

are exact those time those kind of

392

00:14:32,389 --> 00:14:30,540

people like Chris Mellon who you know

393

00:14:34,370 --> 00:14:32,399

has have worked in those environments

394

00:14:37,190 --> 00:14:34,380

and knew how to navigate all of this and

395

00:14:38,690 --> 00:14:37,200

is doing that currently you know those

396

00:14:40,370 --> 00:14:38,700

are the people we need to listen to and

397

00:14:41,990 --> 00:14:40,380

take their lead from right because I

398

00:14:43,970 --> 00:14:42,000

mean it wouldn't was if it wasn't for

399

00:14:46,009 --> 00:14:43,980

Brian Bender who actually had an article

400

00:14:47,509 --> 00:14:46,019

on the same day as the New York Times by

401  
00:14:48,769 --> 00:14:47,519  
the way people don't always know that if

402  
00:14:50,569 --> 00:14:48,779  
it wasn't for people like them these

403  
00:14:52,610 --> 00:14:50,579  
stories wouldn't have come out and Brian

404  
00:14:54,230 --> 00:14:52,620  
keeps coming out with stories in fact I

405  
00:14:55,730 --> 00:14:54,240  
think one of his stories that he was

406  
00:14:57,829 --> 00:14:55,740  
asking hey what's going to happen this

407  
00:14:59,870 --> 00:14:57,839  
deadline's coming up like the very next

408  
00:15:01,550 --> 00:14:59,880  
day they've set the date for a hearing

409  
00:15:04,550 --> 00:15:01,560  
in public and I think it had to do with

410  
00:15:05,269 --> 00:15:04,560  
Brian's article he's kind of pushing the

411  
00:15:07,550 --> 00:15:05,279  
um

412  
00:15:09,410 --> 00:15:07,560  
pushing this along as well I don't I

413  
00:15:11,389 --> 00:15:09,420

think that they really were like oh crap

414

00:15:13,009 --> 00:15:11,399

politico's calling us out what are we

415

00:15:14,509 --> 00:15:13,019

going to say we got to get do we have a

416

00:15:16,850 --> 00:15:14,519

deadline to do something so they had a

417

00:15:18,650 --> 00:15:16,860

hearing so I mean that's great too and

418

00:15:19,670 --> 00:15:18,660

other journalists I think are getting on

419

00:15:21,290 --> 00:15:19,680

board and they're seeing that they're

420

00:15:22,970 --> 00:15:21,300

getting so much attention that they want

421

00:15:25,129 --> 00:15:22,980

to be part of this and they can now

422

00:15:27,050 --> 00:15:25,139

without you know without being ridiculed

423

00:15:29,569 --> 00:15:27,060

and being taken seriously so that's

424

00:15:31,850 --> 00:15:29,579

great and as a matter of fact Brian's

425

00:15:33,290 --> 00:15:31,860

working on having maybe a special thing

426  
00:15:35,329 --> 00:15:33,300  
to happen at the conference if we can

427  
00:15:38,210 --> 00:15:35,339  
get it going so that'll be something new

428  
00:15:40,250 --> 00:15:38,220  
and uh from some government officials so

429  
00:15:42,829 --> 00:15:40,260  
we're working on that

430  
00:15:44,750 --> 00:15:42,839  
that is exciting and I would ask again

431  
00:15:47,750 --> 00:15:44,760  
with those names and like you've both

432  
00:15:49,970 --> 00:15:47,760  
said do you expect a different set of

433  
00:15:52,069 --> 00:15:49,980  
eyes to be on events like this from the

434  
00:15:55,189 --> 00:15:52,079  
outside do you expect parts of the

435  
00:15:57,470 --> 00:15:55,199  
mainstream media journalists politicians

436  
00:15:59,389 --> 00:15:57,480  
uh on you know potentially from the UK

437  
00:16:01,730 --> 00:15:59,399  
the US to be looking at events like this

438  
00:16:04,670 --> 00:16:01,740

with those kinds of of serious names

439

00:16:06,710 --> 00:16:04,680

attached well we do know that they what

440

00:16:08,810 --> 00:16:06,720

looked at the last SCU conference why

441

00:16:10,129 --> 00:16:08,820

are you talking about that well to

442

00:16:11,629 --> 00:16:10,139

answer your question I think that

443

00:16:13,430 --> 00:16:11,639

journalists

444

00:16:16,189 --> 00:16:13,440

um at least we've always had a great

445

00:16:17,930 --> 00:16:16,199

relationship with local journalists and

446

00:16:19,910 --> 00:16:17,940

some International journalists me in

447

00:16:22,250 --> 00:16:19,920

particular the sun I know them quite a

448

00:16:25,069 --> 00:16:22,260

bit they show up at a lot of events uh

449

00:16:26,930 --> 00:16:25,079

and follow us and and so I mean I

450

00:16:29,210 --> 00:16:26,940

they'll be showing up but I don't think

451  
00:16:32,150 --> 00:16:29,220  
they typically get in the weeds so much

452  
00:16:33,530 --> 00:16:32,160  
so they don't know what to expect

453  
00:16:35,689 --> 00:16:33,540  
um I think that they see that there's

454  
00:16:37,670 --> 00:16:35,699  
more credible stuff so maybe they're a

455  
00:16:40,129 --> 00:16:37,680  
little more excited uh but I think they

456  
00:16:42,290 --> 00:16:40,139  
come with a very open mind that's why

457  
00:16:44,749 --> 00:16:42,300  
it's very important to provide

458  
00:16:46,009 --> 00:16:44,759  
journalists with credible information a

459  
00:16:49,069 --> 00:16:46,019  
lot of people in this field think

460  
00:16:51,590 --> 00:16:49,079  
there's a conspiracy and we wonder you

461  
00:16:53,810 --> 00:16:51,600  
know hey when we brought you that uh

462  
00:16:56,090 --> 00:16:53,820  
experencer why don't you cover that and

463  
00:16:57,829 --> 00:16:56,100

take us seriously that's too much for

464

00:16:59,389 --> 00:16:57,839

them you know that's that's difficult

465

00:17:01,910 --> 00:16:59,399

for them to take something like that

466

00:17:03,829 --> 00:17:01,920

seriously with uh out them feeling like

467

00:17:05,569 --> 00:17:03,839

they're hurting their credibility which

468

00:17:07,549 --> 00:17:05,579

is important to them so you need the

469

00:17:10,069 --> 00:17:07,559

baby steps you need to have them talk to

470

00:17:11,870 --> 00:17:10,079

the Ramirez is the Benders the people

471

00:17:13,610 --> 00:17:11,880

that speak their language and bring more

472

00:17:16,069 --> 00:17:13,620

credibility to the story and then

473

00:17:17,809 --> 00:17:16,079

they'll cover it in a straight way so I

474

00:17:20,750 --> 00:17:17,819

I think it'll benefit in that we have

475

00:17:22,909 --> 00:17:20,760

more of those types there that that to

476

00:17:25,130 --> 00:17:22,919

speak to them and I think that helps and

477

00:17:27,049 --> 00:17:25,140

and takes things a long way

478

00:17:28,909 --> 00:17:27,059

um but then you know and some of these

479

00:17:31,970 --> 00:17:28,919

people like even Ramirez gets pretty

480

00:17:34,850 --> 00:17:31,980

fringe uh he he does State now these are

481

00:17:36,950 --> 00:17:34,860

my personal beliefs I don't know I can't

482

00:17:38,570 --> 00:17:36,960

prove them and he'll go on to say I

483

00:17:40,310 --> 00:17:38,580

think he even talks about Roswell and

484

00:17:41,870 --> 00:17:40,320

other things so I think that's really

485

00:17:44,630 --> 00:17:41,880

eye-opening for the media and that

486

00:17:46,789 --> 00:17:44,640

allows them uh a little more to be able

487

00:17:49,370 --> 00:17:46,799

to talk to that but uh what she was

488

00:17:51,950 --> 00:17:49,380

mentioning at the SCU is that it really

489

00:17:53,390 --> 00:17:51,960

felt more like a uh defense

490

00:17:55,909 --> 00:17:53,400

um government kind of you know

491

00:17:57,650 --> 00:17:55,919

conference in that uh you know you go to

492

00:18:00,230 --> 00:17:57,660

these defense conferences and you have

493

00:18:03,350 --> 00:18:00,240

uh you have corporations and you have

494

00:18:05,450 --> 00:18:03,360

non-profits ngos work working with

495

00:18:08,090 --> 00:18:05,460

government agencies and that's kind of

496

00:18:10,789 --> 00:18:08,100

what we had we had representatives from

497

00:18:13,430 --> 00:18:10,799

space force other representatives from

498

00:18:16,370 --> 00:18:13,440

intelligence people who formally worked

499

00:18:18,830 --> 00:18:16,380

on these intelligence programs on this

500

00:18:21,650 --> 00:18:18,840

topic and of course seu is made up of

501  
00:18:24,409 --> 00:18:21,660  
people like Eric Davis and how put off

502  
00:18:27,049 --> 00:18:24,419  
and and Travis Taylor who are these

503  
00:18:28,250 --> 00:18:27,059  
scientists who are already kind of we

504  
00:18:31,310 --> 00:18:28,260  
know working on these government

505  
00:18:34,250 --> 00:18:31,320  
programs so it it's definitely at

506  
00:18:36,529 --> 00:18:34,260  
another level where now it's kind of uh

507  
00:18:38,990 --> 00:18:36,539  
more of that agency's intermingling and

508  
00:18:40,730 --> 00:18:39,000  
talking with our scientists and what's

509  
00:18:42,710 --> 00:18:40,740  
most exciting is that those

510  
00:18:45,470 --> 00:18:42,720  
conversations now can result in some

511  
00:18:48,289 --> 00:18:45,480  
action some actual organization and some

512  
00:18:50,390 --> 00:18:48,299  
work and some funds being given from the

513  
00:18:52,669 --> 00:18:50,400

government on on taking action on some

514

00:18:54,590 --> 00:18:52,679

of these items and it I just want to add

515

00:18:56,510 --> 00:18:54,600

at that conference it was it's very

516

00:18:59,210 --> 00:18:56,520

exhilarating to be around other really

517

00:19:01,490 --> 00:18:59,220

intelligent people scientists who who've

518

00:19:03,770 --> 00:19:01,500

seen this as an Evidence firsthand and

519

00:19:06,470 --> 00:19:03,780

are so open-minded and willing to listen

520

00:19:10,430 --> 00:19:06,480

and talk about things on a serious level

521

00:19:12,710 --> 00:19:10,440

are you finding it now in 2022 easier to

522

00:19:15,549 --> 00:19:12,720

attract those types of people to come to

523

00:19:18,110 --> 00:19:15,559

events like this and be speakers

524

00:19:20,570 --> 00:19:18,120

uh well everybody I mean we've never had

525

00:19:23,210 --> 00:19:20,580

any trouble getting speakers for sure

526

00:19:25,370 --> 00:19:23,220

um well like you're saying and I there's

527

00:19:28,010 --> 00:19:25,380

still some speakers that want to speak

528

00:19:29,390 --> 00:19:28,020

and they're not quite there yet

529

00:19:30,830 --> 00:19:29,400

um because they just you know they just

530

00:19:32,450 --> 00:19:30,840

want to make sure that they're because

531

00:19:34,250 --> 00:19:32,460

of their profession and their position

532

00:19:37,190 --> 00:19:34,260

and their reputation

533

00:19:39,650 --> 00:19:37,200

um but it's getting better yeah like I

534

00:19:41,810 --> 00:19:39,660

mean there's people that have spoken I

535

00:19:43,789 --> 00:19:41,820

mean like Brian Bender like

536

00:19:46,370 --> 00:19:43,799

you know politicians allowed him to do

537

00:19:47,810 --> 00:19:46,380

this and um he's gotten used to it and

538

00:19:50,390 --> 00:19:47,820

you know that wouldn't have happened

539

00:19:54,350 --> 00:19:50,400

yeah he helps a lot because you know the

540

00:19:55,909 --> 00:19:54,360

credibility of his role and and Politico

541

00:19:57,770 --> 00:19:55,919

um you know for instance we've been

542

00:20:00,770 --> 00:19:57,780

trying to get five Simington to come and

543

00:20:03,289 --> 00:20:00,780

speak at the Congress for many years and

544

00:20:05,029 --> 00:20:03,299

haven't been able to Brian gives him a

545

00:20:07,310 --> 00:20:05,039

call up last year and he's like oh yeah

546

00:20:09,250 --> 00:20:07,320

of course I'll talk to you on camera for

547

00:20:11,990 --> 00:20:09,260

the Congress so

548

00:20:14,090 --> 00:20:12,000

yeah sitting right here in that the

549

00:20:16,370 --> 00:20:14,100

virtual uh which are those videos

550

00:20:17,750 --> 00:20:16,380

available on YouTube yeah yes yes you

551  
00:20:19,549 --> 00:20:17,760  
could go to the UFO Congress YouTube

552  
00:20:21,529 --> 00:20:19,559  
there's a subscription service and you

553  
00:20:23,350 --> 00:20:21,539  
can watch that but you can watch Brian

554  
00:20:26,029 --> 00:20:23,360  
and Fife sitting where we are now

555  
00:20:28,130 --> 00:20:26,039  
discussing uh UFOs and you know of

556  
00:20:31,789 --> 00:20:28,140  
course five simmington saw the Phoenix

557  
00:20:34,370 --> 00:20:31,799  
light so uh people like Brian who are

558  
00:20:37,070 --> 00:20:34,380  
enthusiastic about this uh help bring

559  
00:20:38,810 --> 00:20:37,080  
credibility but uh yeah to your point

560  
00:20:40,909 --> 00:20:38,820  
also there's definitely more people

561  
00:20:43,250 --> 00:20:40,919  
coming forward what I found really

562  
00:20:45,710 --> 00:20:43,260  
interesting in 27 17 when people came

563  
00:20:47,690 --> 00:20:45,720

forward we were able to get Elizondo I

564

00:20:49,730 --> 00:20:47,700

think we were the first to have Elizondo

565

00:20:51,590 --> 00:20:49,740

of course it ended up being a recorded

566

00:20:54,650 --> 00:20:51,600

thing which I think was good he would

567

00:20:57,470 --> 00:20:54,660

have got swamped at an in person but

568

00:20:59,330 --> 00:20:57,480

um fortunate for me uh just because you

569

00:21:02,090 --> 00:20:59,340

know at open minds we covered things in

570

00:21:04,310 --> 00:21:02,100

a journalistic way most of these

571

00:21:06,409 --> 00:21:04,320

insiders we talked to are familiar with

572

00:21:08,390 --> 00:21:06,419

open minds so

573

00:21:10,610 --> 00:21:08,400

um that goes a long way that helps a lot

574

00:21:13,070 --> 00:21:10,620

too because uh then they know our take

575

00:21:15,590 --> 00:21:13,080

at least my take is a very serious take

576

00:21:17,690 --> 00:21:15,600

in that they can feel more comfortable

577

00:21:19,190 --> 00:21:17,700

um talking with us yeah and Lou would

578

00:21:21,049 --> 00:21:19,200

have been at the conference he just had

579

00:21:23,029 --> 00:21:21,059

a previous engagement but he really

580

00:21:24,590 --> 00:21:23,039

wanted to make it so yeah and he

581

00:21:25,610 --> 00:21:24,600

couldn't have done that a few years ago

582

00:21:28,130 --> 00:21:25,620

so

583

00:21:30,590 --> 00:21:28,140

do you both have any moments you're

584

00:21:32,210 --> 00:21:30,600

particularly looking forward to at this

585

00:21:33,289 --> 00:21:32,220

year's conference any highlights that

586

00:21:36,830 --> 00:21:33,299

you think are going to stand out for

587

00:21:40,730 --> 00:21:38,510

because a lot of times we've got

588

00:21:42,169 --> 00:21:40,740

something set up that is unique and

589

00:21:43,730 --> 00:21:42,179

different

590

00:21:46,490 --> 00:21:43,740

um where it's going to be really

591

00:21:49,070 --> 00:21:46,500

revelatory I think that in this

592

00:21:50,930 --> 00:21:49,080

conference it will of course uh James

593

00:21:53,210 --> 00:21:50,940

being there and being able to show his

594

00:21:55,010 --> 00:21:53,220

film is extremely exciting because most

595

00:21:57,590 --> 00:21:55,020

people haven't seen that we'll have

596

00:21:59,510 --> 00:21:57,600

Randy Nickerson uh to show his aerial

597

00:22:01,370 --> 00:21:59,520

film and a lot of people haven't seen

598

00:22:04,130 --> 00:22:01,380

that but I'm really looking forward

599

00:22:06,409 --> 00:22:04,140

because it's a first in person and just

600

00:22:07,970 --> 00:22:06,419

seeing a lot of people again that we

601  
00:22:09,710 --> 00:22:07,980  
haven't seen for a long time and that's

602  
00:22:12,110 --> 00:22:09,720  
a big deal you know when people are in

603  
00:22:14,750 --> 00:22:12,120  
person you get to spend a lot of time

604  
00:22:17,029 --> 00:22:14,760  
with same thinking people

605  
00:22:18,590 --> 00:22:17,039  
um and then also yeah and get to know

606  
00:22:21,110 --> 00:22:18,600  
people so for example if you've never

607  
00:22:22,669 --> 00:22:21,120  
seen Ramirez talk and you hear him

608  
00:22:24,770 --> 00:22:22,679  
talking it's absolutely amazing and

609  
00:22:26,810 --> 00:22:24,780  
blows your mind you can actually hang

610  
00:22:28,789 --> 00:22:26,820  
out with him afterwards maybe even go to

611  
00:22:30,649 --> 00:22:28,799  
dinner with him yeah um and that sort of

612  
00:22:32,270 --> 00:22:30,659  
thing is a lot of fun what I'm looking

613  
00:22:34,730 --> 00:22:32,280

forward to is we're going to have a

614

00:22:36,770 --> 00:22:34,740

panel with some of the aerial students

615

00:22:39,770 --> 00:22:36,780

now grown up we're gonna have Emily Trey

616

00:22:42,409 --> 00:22:39,780

M and Liesel and they're going to be

617

00:22:44,750 --> 00:22:42,419

talking with us from where they are on

618

00:22:45,830 --> 00:22:44,760

Zoom set but that's going to be live and

619

00:22:47,029 --> 00:22:45,840

it's going to be the first time that

620

00:22:48,770 --> 00:22:47,039

they've done that in front of an

621

00:22:49,730 --> 00:22:48,780

audience so we're very excited about

622

00:22:54,470 --> 00:22:49,740

that

623

00:22:56,630 --> 00:22:54,480

attend one of these events hopefully

624

00:22:57,649 --> 00:22:56,640

next year if my wife lets me out of the

625

00:22:59,990 --> 00:22:57,659

UK

626  
00:23:02,149 --> 00:23:00,000  
um but yeah that would be exciting what

627  
00:23:03,770 --> 00:23:02,159  
do you both think the future holds for

628  
00:23:06,169 --> 00:23:03,780  
these events what would you like to see

629  
00:23:08,350 --> 00:23:06,179  
when it's the 40th annual International

630  
00:23:11,750 --> 00:23:08,360  
UFO Congress

631  
00:23:15,529 --> 00:23:11,760  
wow maybe we'll be giving excursions to

632  
00:23:18,890 --> 00:23:15,539  
uh the Mars or something I don't know um

633  
00:23:21,350 --> 00:23:18,900  
I feel I feel like there's going to be a

634  
00:23:22,970 --> 00:23:21,360  
break a complete break in events I think

635  
00:23:27,529 --> 00:23:22,980  
some are going to be more

636  
00:23:32,590 --> 00:23:30,230  
focused on on those kind of things and

637  
00:23:34,789 --> 00:23:32,600  
then one is going to be end up more like

638  
00:23:36,169 --> 00:23:34,799

spacecrafts and what did they see and

639

00:23:38,270 --> 00:23:36,179

win and dates and things like that

640

00:23:39,710 --> 00:23:38,280

because they feel like it's just kind of

641

00:23:41,090 --> 00:23:39,720

a big break now but then I think

642

00:23:42,590 --> 00:23:41,100

there'll be some in the middle like I

643

00:23:44,330 --> 00:23:42,600

think I think abductions are really

644

00:23:46,010 --> 00:23:44,340

important to study right now and I think

645

00:23:46,789 --> 00:23:46,020

the

646

00:23:48,830 --> 00:23:46,799

um

647

00:23:51,470 --> 00:23:48,840

the phenomena of

648

00:23:54,169 --> 00:23:51,480

ESP and that kind of thing is is really

649

00:23:56,330 --> 00:23:54,179

important so it's it's it's really

650

00:23:58,789 --> 00:23:56,340

difficult because it's

651  
00:24:01,070 --> 00:23:58,799  
there's so much opposing just like even

652  
00:24:03,110 --> 00:24:01,080  
on Twitter even in the same topic

653  
00:24:04,430 --> 00:24:03,120  
there's so much opposition so I don't

654  
00:24:07,610 --> 00:24:04,440  
know I kind of feel like there might be

655  
00:24:08,990 --> 00:24:07,620  
two set two different sets of things

656  
00:24:11,270 --> 00:24:09,000  
happening maybe I'll have two different

657  
00:24:13,789 --> 00:24:11,280  
conferences I don't know yeah I think

658  
00:24:16,070 --> 00:24:13,799  
that you know things just have gotten

659  
00:24:18,230 --> 00:24:16,080  
bigger the the percentages haven't

660  
00:24:21,230 --> 00:24:18,240  
changed and I guess uh too much and what

661  
00:24:23,090 --> 00:24:21,240  
I mean by that is you know the SCU and

662  
00:24:26,330 --> 00:24:23,100  
the scientific end of thing has been a

663  
00:24:29,690 --> 00:24:26,340

very small small percentage of of the

664

00:24:31,549 --> 00:24:29,700

people interested in this topic and it's

665

00:24:35,450 --> 00:24:31,559

burgeoning we're getting tons more

666

00:24:37,430 --> 00:24:35,460

scientists and and uh you know engineers

667

00:24:39,770 --> 00:24:37,440

and incredible people that are helping

668

00:24:42,169 --> 00:24:39,780

out however in politicians it's still

669

00:24:44,090 --> 00:24:42,179

just a fraction of the community overall

670

00:24:46,250 --> 00:24:44,100

and some of the evidence of that is you

671

00:24:48,830 --> 00:24:46,260

look at UFO Twitter and and you know I

672

00:24:50,510 --> 00:24:48,840

sorry I love a lot of you guys out there

673

00:24:53,510 --> 00:24:50,520

but you're just not getting it they're

674

00:24:56,990 --> 00:24:53,520

just still the not looking into kind of

675

00:24:58,549 --> 00:24:57,000

the more I think it's just kind of a ego

676  
00:25:00,169 --> 00:24:58,559  
thing that we more know more than you

677  
00:25:02,210 --> 00:25:00,179  
and they're not listening to mainstream

678  
00:25:04,490 --> 00:25:02,220  
people and politicians and who are get

679  
00:25:07,430 --> 00:25:04,500  
who and what they're saying uh everybody

680  
00:25:10,070 --> 00:25:07,440  
wants Roswell UFO and the aliens right

681  
00:25:11,690 --> 00:25:10,080  
now and that's not gonna happen but what

682  
00:25:13,789 --> 00:25:11,700  
is going to happen is moving towards

683  
00:25:16,430 --> 00:25:13,799  
more understanding

684  
00:25:18,770 --> 00:25:16,440  
um and if something like that exists you

685  
00:25:20,510 --> 00:25:18,780  
know we'll inch towards something like

686  
00:25:23,810 --> 00:25:20,520  
that but we've got to be do it smart

687  
00:25:25,549 --> 00:25:23,820  
we've got to not be ham-fisted about it

688  
00:25:27,830 --> 00:25:25,559

and be a little bit more intelligent

689

00:25:29,870 --> 00:25:27,840

about it so I mean and investigate

690

00:25:32,330 --> 00:25:29,880

what's happening right now get money

691

00:25:34,130 --> 00:25:32,340

behind that you know know so you have

692

00:25:37,130 --> 00:25:34,140

you know kind of the very Fringe which

693

00:25:38,990 --> 00:25:37,140

is huge like Ancient Aliens and

694

00:25:40,909 --> 00:25:39,000

um I'll be filming them with them next

695

00:25:43,190 --> 00:25:40,919

week so I can't fashion cheerleaders too

696

00:25:45,830 --> 00:25:43,200

much but that is more fringing you know

697

00:25:47,990 --> 00:25:45,840

less more speculative and that area is

698

00:25:50,450 --> 00:25:48,000

always huge so that will probably

699

00:25:52,370 --> 00:25:50,460

continue to be a huge area but what's

700

00:25:55,010 --> 00:25:52,380

great about the UFO Congress is I can't

701

00:25:57,350 --> 00:25:55,020

think it kind of bridges both sides you

702

00:25:59,450 --> 00:25:57,360

know uh we have people like Yvonne Smith

703

00:26:01,490 --> 00:25:59,460

who have been investigating experience

704

00:26:04,250 --> 00:26:01,500

or sightings her entire life you know

705

00:26:06,049 --> 00:26:04,260

right next to a Ramirez or or a vendor

706

00:26:08,930 --> 00:26:06,059

who are much more

707

00:26:10,370 --> 00:26:08,940

um you know mainstream so I think that

708

00:26:12,649 --> 00:26:10,380

that's what's great about the Congress

709

00:26:15,590 --> 00:26:12,659

and I think as far as the future we'll

710

00:26:16,909 --> 00:26:15,600

see you know how much people want to uh

711

00:26:18,950 --> 00:26:16,919

how many people want to be in that

712

00:26:21,049 --> 00:26:18,960

middle ground kind of area

713

00:26:23,149 --> 00:26:21,059

and the name of the event is the

714

00:26:25,310 --> 00:26:23,159

international UFO Congress so if you

715

00:26:26,930 --> 00:26:25,320

ever want to host it in the UK you know

716

00:26:28,370 --> 00:26:26,940

outside of the US I'm sure there's an

717

00:26:31,789 --> 00:26:28,380

audience that would travel for that as

718

00:26:34,789 --> 00:26:31,799

well I love that I love the UK has been

719

00:26:35,990 --> 00:26:34,799

a huge audience for us at open mind and

720

00:26:38,930 --> 00:26:36,000

you know what some of my favorite

721

00:26:40,549 --> 00:26:38,940

researchers are uh are the UK and of

722

00:26:42,529 --> 00:26:40,559

course with this Calvin stuff that's

723

00:26:44,330 --> 00:26:42,539

happened lately some of the UK

724

00:26:46,970 --> 00:26:44,340

researchers have been doing some amazing

725

00:26:48,649 --> 00:26:46,980

research so that would be fun

726

00:26:50,870 --> 00:26:48,659

they have and they're all friends of

727

00:26:52,730 --> 00:26:50,880

mine as well and part of UAP media so

728

00:26:54,350 --> 00:26:52,740

very much to them for the work they're

729

00:26:56,330 --> 00:26:54,360

doing bits on the ground stuff like

730

00:26:58,490 --> 00:26:56,340

Karen you're saying like investigating

731

00:27:00,350 --> 00:26:58,500

now and doing that work and and that is

732

00:27:01,430 --> 00:27:00,360

still happening so yeah big shout out to

733

00:27:03,350 --> 00:27:01,440

those guys

734

00:27:04,970 --> 00:27:03,360

um listen just before we wrap up there

735

00:27:07,490 --> 00:27:04,980

are tickets still available for in

736

00:27:09,289 --> 00:27:07,500

person and virtual what do you both want

737

00:27:11,450 --> 00:27:09,299

to say to people in terms of anyone who

738

00:27:13,610 --> 00:27:11,460

might be on the fence of ah do I spring

739

00:27:15,289 --> 00:27:13,620

for a ticket do I go virtual I mean I

740

00:27:16,789 --> 00:27:15,299

think you'll have a great time everybody

741

00:27:18,350 --> 00:27:16,799

always does

742

00:27:19,370 --> 00:27:18,360

um you'll meet people that you can

743

00:27:21,110 --> 00:27:19,380

continue

744

00:27:22,789 --> 00:27:21,120

um to interact with so you know if you

745

00:27:24,169 --> 00:27:22,799

feel sort of out there and you believe

746

00:27:25,789 --> 00:27:24,179

in it but none of your friends do or

747

00:27:27,529 --> 00:27:25,799

your family come to one of the

748

00:27:28,970 --> 00:27:27,539

conferences or at least buy a virtual

749

00:27:30,769 --> 00:27:28,980

ticket and get in there on the Hoover

750

00:27:33,110 --> 00:27:30,779

app and interact with other people and

751

00:27:37,310 --> 00:27:33,120

you'll have a great time and I have a

752

00:27:39,769 --> 00:27:37,320

coupon code UFO Andy all caps and you

753

00:27:42,649 --> 00:27:39,779

can say thirty dollars on a multi-day

754

00:27:44,450 --> 00:27:42,659

in-person ticket or a virtual ticket so

755

00:27:46,490 --> 00:27:44,460

there you go there's a reason to do it

756

00:27:48,529 --> 00:27:46,500

and what you get with it so it's a

757

00:27:50,810 --> 00:27:48,539

virtual ticket you get access to the

758

00:27:53,210 --> 00:27:50,820

Hoover app so you can watch the events

759

00:27:54,769 --> 00:27:53,220

live you can ask questions and we'll ask

760

00:27:57,470 --> 00:27:54,779

the speaker those questions while it's

761

00:27:59,149 --> 00:27:57,480

happening live if you miss the event uh

762

00:28:00,970 --> 00:27:59,159

and you don't see it live you can pop in

763

00:28:03,529 --> 00:28:00,980

there and watch it at any time

764

00:28:04,789 --> 00:28:03,539

yeah you'll have access to the app for

765

00:28:07,190 --> 00:28:04,799

three weeks where you'll be able to

766

00:28:09,350 --> 00:28:07,200

watch the lectures I know some of you

767

00:28:10,909 --> 00:28:09,360

are nerdy enough like me well you'll

768

00:28:12,890 --> 00:28:10,919

want to watch them several times and

769

00:28:14,930 --> 00:28:12,900

take notes and you'll be able to do that

770

00:28:16,789 --> 00:28:14,940

so you get a really great interactive

771

00:28:18,649 --> 00:28:16,799

experience and then if you're there in

772

00:28:20,029 --> 00:28:18,659

person you get the Hoover app but then

773

00:28:22,430 --> 00:28:20,039

of course you get the advantage of

774

00:28:24,710 --> 00:28:22,440

meeting everybody in person and that's

775

00:28:26,390 --> 00:28:24,720

pretty much Priceless because you really

776

00:28:29,210 --> 00:28:26,400

put all their contact information on the

777

00:28:31,310 --> 00:28:29,220

app and you really have a chance whether

778

00:28:33,289 --> 00:28:31,320

you want to or not you know um to

779

00:28:35,690 --> 00:28:33,299

interact with all of these speakers and

780

00:28:37,370 --> 00:28:35,700

and people that are like-minded and of

781

00:28:39,649 --> 00:28:37,380

course people do want that experience

782

00:28:41,269 --> 00:28:39,659

but um it's a great experience because

783

00:28:43,370 --> 00:28:41,279

you just get to meet so many people and

784

00:28:46,130 --> 00:28:43,380

a lot of people sometimes times media

785

00:28:47,450 --> 00:28:46,140

researchers they kind of snickered at or

786

00:28:48,649 --> 00:28:47,460

didn't like very much and all of a

787

00:28:50,450 --> 00:28:48,659

sudden they're in love with this person

788

00:28:52,130 --> 00:28:50,460

because they're just a great person and

789

00:28:54,529 --> 00:28:52,140

they're hitting it off and it's really

790

00:28:57,169 --> 00:28:54,539

mind expanding for people in that way so

791

00:28:58,909 --> 00:28:57,179

uh there's a lot you get either way

792

00:29:01,070 --> 00:28:58,919

no that's really good to hear especially

793

00:29:03,350 --> 00:29:01,080

for that virtual experiences I know I've

794

00:29:04,850 --> 00:29:03,360

got a lot of people in the UK that can't

795

00:29:06,590 --> 00:29:04,860

make out the flights and all that kind

796

00:29:08,570 --> 00:29:06,600

of stuff as well and if you're in the US

797

00:29:10,130 --> 00:29:08,580

and you're not able to travel but it

798

00:29:12,110 --> 00:29:10,140

sounds like you get so much with that

799

00:29:13,669 --> 00:29:12,120

virtual experience that you get to speak

800

00:29:16,370 --> 00:29:13,679

to people like you say that's a big part

801  
00:29:17,870 --> 00:29:16,380  
of it can so very exciting and folks

802  
00:29:21,350 --> 00:29:17,880  
already this will be really straight

803  
00:29:23,750 --> 00:29:21,360  
away and this audio and video however if

804  
00:29:25,549 --> 00:29:23,760  
you are on any form of social media just

805  
00:29:27,590 --> 00:29:25,559  
like and share the post promoting the

806  
00:29:29,570 --> 00:29:27,600  
conference remember that I said the

807  
00:29:32,149 --> 00:29:29,580  
opportunity like Karen said if you type

808  
00:29:35,330 --> 00:29:32,159  
UFO Andy all caps and at checkout you'll

809  
00:29:37,130 --> 00:29:35,340  
save 30 off those tickets but I will by

810  
00:29:39,409 --> 00:29:37,140  
the end of September give away one of

811  
00:29:41,149 --> 00:29:39,419  
those virtual tickets to and I'll get in

812  
00:29:42,590 --> 00:29:41,159  
touch with Karen and Alejandro to

813  
00:29:44,389 --> 00:29:42,600

arrange that so just make sure you like

814

00:29:46,549 --> 00:29:44,399

and share the post folks as simple as

815

00:29:48,769 --> 00:29:46,559

that and yeah you can win a ticket to

816

00:29:50,389 --> 00:29:48,779

the event so both of you I'd like to say

817

00:29:52,310 --> 00:29:50,399

thank you very much for taking time to

818

00:29:54,529 --> 00:29:52,320

join me I'm sure you're very busy with

819

00:29:57,110 --> 00:29:54,539

only a few weeks now until the event it

820

00:29:59,570 --> 00:29:57,120

is the international UFO Congress 2022

821

00:30:02,149 --> 00:29:59,580

in its 31st Year from the 12th of

822

00:30:04,010 --> 00:30:02,159

October to the 16th of October and again

823

00:30:05,450 --> 00:30:04,020

once again thank you very much for

824

00:30:07,850 --> 00:30:05,460

joining me

825

00:30:09,889 --> 00:30:07,860

thank you folks at the start of this

826

00:30:11,690 --> 00:30:09,899

year I got a bit of a health scare and

827

00:30:13,669 --> 00:30:11,700

it kick-started me to getting fitter

828

00:30:16,490 --> 00:30:13,679

healthier and generally looking after

829

00:30:18,590 --> 00:30:16,500

myself better a healthier breakfast was

830

00:30:21,350 --> 00:30:18,600

high on my priority list and it should

831

00:30:22,789 --> 00:30:21,360

be for you too magic spoon is the

832

00:30:25,190 --> 00:30:22,799

perfect way to get in your morning

833

00:30:27,110 --> 00:30:25,200

protein eating cereal that tastes like

834

00:30:29,210 --> 00:30:27,120

it did when you were a kid without all

835

00:30:31,789 --> 00:30:29,220

the bad stuff I can promise you there is

836

00:30:33,830 --> 00:30:31,799

nothing unidentified in this cereal the

837

00:30:36,470 --> 00:30:33,840

variety pack has four flavors including

838

00:30:39,950 --> 00:30:36,480

cocoa fruity frosted and peanut butter

839

00:30:42,710 --> 00:30:39,960

this pack has zero grams of sugar 13 to

840

00:30:45,470 --> 00:30:42,720

14 grams of protein and only four knit

841

00:30:47,870 --> 00:30:45,480

grams of carbs that are only 140

842

00:30:50,810 --> 00:30:47,880

calories per serving it's keto friendly

843

00:30:53,210 --> 00:30:50,820

gluten free grain free soy free and low

844

00:30:55,010 --> 00:30:53,220

carb it's delicious but super healthy

845

00:30:57,710 --> 00:30:55,020

cereal that really brings joy to your
