years of experience in the senior

9
00:00:26,570 --> 00:00:24,480

intelligence service and a co-founder of

10
00:00:29,150 --> 00:00:26,580

two of the stars and currently it's

11
00:00:31,189 --> 00:00:29,160

-serving Vice President of Operations Mr

12
00:00:33,229 --> 00:00:31,199

Jim semivan Jim welcome to the podcast

13
00:00:36,110 --> 00:00:33,239

well thank you thank you very much Andy

14

00:00:38,270 --> 00:00:36,120

for having me I appreciate it uh lesson

15

00:00:39,709 --> 00:00:38,280

you are on the bucket list of guests I

16

00:00:42,709 --> 00:00:39,719

wanted on the podcast so it's another

17

00:00:44,450 --> 00:00:42,719

name I can tick off along the way so uh

18

00:00:46,130 --> 00:00:44,460

let's get right into this your time is

19

00:00:47,990 --> 00:00:46,140

precious lots of people want to hear

20

00:00:49,670 --> 00:00:48,000

from you and I want to give the listener

21

00:00:52,850 --> 00:00:49,680

questions at the end as much time as

22

00:00:54,709 --> 00:00:52,860

possible as well uh Jim for anyone who

23

00:00:57,170 --> 00:00:54,719

isn't too familiar with your background

24

00:00:59,569 --> 00:00:57,180

do you mind just giving us a cliff notes

25

00:01:04,250 --> 00:00:59,579

version of that for the listeners

26

00:01:06,469 --> 00:01:04,260

yeah uh I'm uh a pretty normal life I I

27

00:01:09,170 --> 00:01:06,479

grew up in northeastern Ohio

28

00:01:09,830 --> 00:01:09,180

uh went to Ohio State

29

00:01:12,710 --> 00:01:09,840

um

30

00:01:15,890 --> 00:01:12,720

I got I I grew up in a Catholic

31

00:01:20,030 --> 00:01:15,900

household I might I might might say uh

32

00:01:22,310 --> 00:01:20,040

two uh I uh went to Ohio State got a ba

33

00:01:24,469 --> 00:01:22,320

in English literature and then went back

34

00:01:27,530 --> 00:01:24,479

thinking I wanted to be a teacher I got

35

00:01:29,330 --> 00:01:27,540

a BS in secondary education and then it

36

00:01:31,910 --> 00:01:29,340

was I decided no no I really want to be

37

00:01:34,429 --> 00:01:31,920

a poet uh and a writer so I went to San

38

00:01:37,850 --> 00:01:34,439

Francisco to join their writing program

39

00:01:39,770 --> 00:01:37,860

uh at San Francisco State and uh I

40

00:01:41,450 --> 00:01:39,780

graduated from there with a with an M.A

41

00:01:43,609 --> 00:01:41,460

in English literature but I I didn't

42

00:01:46,069 --> 00:01:43,619

graduate in the in the uh writing

43

00:01:47,630 --> 00:01:46,079

program I wasn't that good I mean it was

44

00:01:50,690 --> 00:01:47,640

a good writer but I wasn't a good poet

45

00:01:53,450 --> 00:01:50,700

so so um and then uh it was really right

46

00:01:55,969 --> 00:01:53,460

after that that I uh adjoined uh I was

47

00:01:59,210 --> 00:01:55,979

gonna get one for my doctorate um

48

00:02:02,510 --> 00:01:59,220

uh but decided back in that day uh this

49

00:02:05,330 --> 00:02:02,520

is around 80 81. uh you know most most

50

00:02:08,389 --> 00:02:05,340

uh English professors were driving taxi

51
00:02:10,669 --> 00:02:08,399
cabs so I opted for uh the intelligence

52
00:02:13,490 --> 00:02:10,679
service for CIA and then joined them and

53
00:02:15,350 --> 00:02:13,500
I believe 1982.

54
00:02:18,949 --> 00:02:15,360
um first tour overseas in the Middle

55
00:02:20,809 --> 00:02:18,959
East and then from there uh you know a

56
00:02:22,910 --> 00:02:20,819
lot of headquarters assignments overseas

57
00:02:25,490 --> 00:02:22,920
assignments uh assignments throughout

58
00:02:27,170 --> 00:02:25,500
the United States so had a great career

59
00:02:30,229 --> 00:02:27,180
25 years

60
00:02:32,330 --> 00:02:30,239
took a little time off uh after I

61
00:02:35,089 --> 00:02:32,340
retired about nine months went back

62
00:02:39,890 --> 00:02:35,099
worked for the director uh for about a

63
00:02:41,690 --> 00:02:39,900

year and then later uh part-time for 12

64

00:02:45,350 --> 00:02:41,700

years with the directorate of Science

65

00:02:49,070 --> 00:02:45,360

and Technology in CIA for many of his

66

00:02:51,110 --> 00:02:49,080

gym you came into existence in 2017 uh

67

00:02:53,390 --> 00:02:51,120

as to the yeah as to the stars came to

68

00:02:55,610 --> 00:02:53,400

prominence now my first question and I

69

00:02:57,710 --> 00:02:55,620

want to start onto the stars and and to

70

00:02:59,690 --> 00:02:57,720

the Stars Academy of Arts and Science as

71

00:03:01,729 --> 00:02:59,700

part of it was formerly known

72

00:03:03,290 --> 00:03:01,739

um I don't usually ask questions this

73

00:03:05,990 --> 00:03:03,300

long but this one's got a little bit of

74

00:03:07,910 --> 00:03:06,000

a run-up so forgive me so the formation

75

00:03:10,369 --> 00:03:07,920

and restructure of two of the Stars

76
00:03:13,130 --> 00:03:10,379
Academy has at this point been very well

77
00:03:14,990 --> 00:03:13,140
documented however starting there I want

78
00:03:18,170 --> 00:03:15,000
to get your point of view of the company

79
00:03:19,910 --> 00:03:18,180
from your joining in 2017 to present day

80
00:03:22,790 --> 00:03:19,920
where you are still the Vice President

81
00:03:24,710 --> 00:03:22,800
of Operations you've recently said that

82
00:03:27,050 --> 00:03:24,720
you initially refused the invite from

83
00:03:28,850 --> 00:03:27,060
Tom DeLong to join citing it seemed more

84
00:03:30,170 --> 00:03:28,860
of entertainment based and that wasn't

85
00:03:32,869 --> 00:03:30,180
something you were necessarily

86
00:03:34,910 --> 00:03:32,879
interested in however fast forward five

87
00:03:37,070 --> 00:03:34,920
years things have almost come full

88
00:03:39,649 --> 00:03:37,080

circle where due to various factors

89

00:03:41,089 --> 00:03:39,659

including covid and funding of the

90

00:03:43,250 --> 00:03:41,099

research and development aspect of

91

00:03:45,770 --> 00:03:43,260

tourist Stars being being not what was

92

00:03:47,750 --> 00:03:45,780

required that was shelved what have you

93

00:03:49,850 --> 00:03:47,760

seen in that time in that five years

94

00:03:52,430 --> 00:03:49,860

that has kept you a part of the company

95

00:03:55,070 --> 00:03:52,440

when others have left

96

00:03:57,350 --> 00:03:55,080

uh well first of all the the yeah that's

97

00:03:59,030 --> 00:03:57,360

essentially correct uh what you said uh

98

00:04:01,490 --> 00:03:59,040

a pretty good summation of where we've

99

00:04:03,110 --> 00:04:01,500

been in the last five years some of the

100

00:04:07,130 --> 00:04:03,120

people that have left left for a very

101
00:04:09,530 --> 00:04:07,140
particular reasons uh which I can't get

102
00:04:11,030 --> 00:04:09,540
into for personnel matters uh but

103
00:04:12,710 --> 00:04:11,040
they're a really legitimate reason

104
00:04:14,449 --> 00:04:12,720
people had to move on they wanted to

105
00:04:16,550 --> 00:04:14,459
move on and that's fine I understand

106
00:04:19,430 --> 00:04:16,560
that but when the pandemic hit is sort

107
00:04:21,830 --> 00:04:19,440
of threw everything into a disarray

108
00:04:25,010 --> 00:04:21,840
um we have sort of shelved our r d

109
00:04:26,930 --> 00:04:25,020
program for the time being uh it's still

110
00:04:29,090 --> 00:04:26,940
there uh we still have a lot going on

111
00:04:31,370 --> 00:04:29,100
we're still working with the Army and

112
00:04:33,050 --> 00:04:31,380
combat capabilities uh command

113
00:04:35,570 --> 00:04:33,060

um they're still investigating meta

114

00:04:37,850 --> 00:04:35,580

materials at their Labs

115

00:04:39,650 --> 00:04:37,860

um we have probably two or three other

116

00:04:40,610 --> 00:04:39,660

projects we're working with them they're

117

00:04:42,950 --> 00:04:40,620

they're

118

00:04:44,450 --> 00:04:42,960

going through the science right now so

119

00:04:46,370 --> 00:04:44,460

that's not all dead it's just sort of

120

00:04:49,430 --> 00:04:46,380

sort of in the background but it became

121

00:04:50,990 --> 00:04:49,440

apparent uh right after kovid um you

122

00:04:53,030 --> 00:04:51,000

know even the Army you know had a

123

00:04:55,490 --> 00:04:53,040

shutdown nobody was meeting or doing

124

00:04:57,469 --> 00:04:55,500

anything so uh

125

00:04:59,330 --> 00:04:57,479

uh some of our investors our larger

126

00:05:01,010 --> 00:04:59,340

investors that we were hoping would come

127

00:05:02,510 --> 00:05:01,020

on did not

128

00:05:04,310 --> 00:05:02,520

um and that's just fine uh we're doing

129

00:05:06,890 --> 00:05:04,320

pretty well as a company you know I

130

00:05:09,530 --> 00:05:06,900

think we're revenues are over about 200

131

00:05:11,330 --> 00:05:09,540

over over Excuse Me 2 million a year in

132

00:05:13,189 --> 00:05:11,340

revenues most of that goes for

133

00:05:16,070 --> 00:05:13,199

operations though an extraordinary

134

00:05:17,810 --> 00:05:16,080

amount of money goes to uh just the

135

00:05:20,150 --> 00:05:17,820

lawyers well we have a lot of Ip

136

00:05:23,749 --> 00:05:20,160

intellectual property and then we have

137

00:05:26,390 --> 00:05:23,759

employees uh that we we pay well and um

138

00:05:27,890 --> 00:05:26,400

uh you know we look after so we're doing

139

00:05:29,890 --> 00:05:27,900

well we're in the black uh we're not

140

00:05:33,590 --> 00:05:29,900

making a lot of money right now but

141

00:05:36,050 --> 00:05:33,600

uh Tom is is leading us through to this

142

00:05:37,550 --> 00:05:36,060

entertainment thing uh where where I

143

00:05:40,730 --> 00:05:37,560

initially didn't want to go that route

144

00:05:43,670 --> 00:05:40,740

but I realized

145

00:05:46,010 --> 00:05:43,680

probably within a year after joining uh

146

00:05:47,810 --> 00:05:46,020

uh to the Stars Inc and it's now called

147

00:05:50,230 --> 00:05:47,820

to the Stars by the way we changed the

148

00:05:52,430 --> 00:05:50,240

name about a year ago

149

00:05:54,170 --> 00:05:52,440

and um

150

00:05:57,650 --> 00:05:54,180

I realized that it takes an

151
00:06:01,370 --> 00:05:57,660
extraordinary amount of money to uh uh

152
00:06:03,110 --> 00:06:01,380
do what we wanted to do we thought that

153
00:06:05,689 --> 00:06:03,120
we would have a lot of public support

154
00:06:06,890 --> 00:06:05,699
and and we did we have about 4 000

155
00:06:08,270 --> 00:06:06,900
investors now but they're small

156
00:06:10,129 --> 00:06:08,280
investors

157
00:06:11,270 --> 00:06:10,139
um which we like you know I'm glad

158
00:06:13,850 --> 00:06:11,280
they're there because they're all part

159
00:06:15,650 --> 00:06:13,860
of the part of the team with us

160
00:06:18,230 --> 00:06:15,660
um but it takes an enormous sum of money

161
00:06:19,909 --> 00:06:18,240
uh to uh do some of the projects we

162
00:06:22,189 --> 00:06:19,919
wanted to do

163
00:06:23,150 --> 00:06:22,199

um and that was an eye-opener for all of

164

00:06:24,790 --> 00:06:23,160

us

165

00:06:27,770 --> 00:06:24,800

um so we brought on

166

00:06:33,170 --> 00:06:27,780

uh onto our board

167

00:06:34,969 --> 00:06:33,180

a uh uh a a financial Guru a wizard uh

168

00:06:37,370 --> 00:06:34,979

Chris meiser who's just one wonderful

169

00:06:39,710 --> 00:06:37,380

Heath the CEO of the various capital and

170

00:06:41,930 --> 00:06:39,720

he's been very very helpful to us and

171

00:06:44,390 --> 00:06:41,940

then uh recently more recently Stan spry

172

00:06:47,210 --> 00:06:44,400

who's the uh president of uh cartel

173

00:06:49,790 --> 00:06:47,220

Productions and they do lots and lots of

174

00:06:52,969 --> 00:06:49,800

movies so he's been very helpful uh and

175

00:06:55,490 --> 00:06:52,979

we have you know we just sold uh well

176
00:06:57,529 --> 00:06:55,500
sold legendary pictures the ones who

177
00:06:59,870 --> 00:06:57,539
just did Dune you know bought

178
00:07:02,870 --> 00:06:59,880
bought into the options for uh the

179
00:07:04,730 --> 00:07:02,880
secret machines fiction Trilogy uh We've

180
00:07:08,450 --> 00:07:04,740
sold an animated series that has nothing

181
00:07:11,029 --> 00:07:08,460
to do with UFOs uh uh to a streaming

182
00:07:12,290 --> 00:07:11,039
service uh just recently and we have

183
00:07:14,210 --> 00:07:12,300
about a dozen other projects

184
00:07:17,330 --> 00:07:14,220
entertainment projects and varying

185
00:07:19,610 --> 00:07:17,340
levels of production right now so and

186
00:07:21,710 --> 00:07:19,620
then uh the movie Monsters of California

187
00:07:23,629 --> 00:07:21,720
is uh

188
00:07:27,170 --> 00:07:23,639

pretty much out of post-production it's

189

00:07:28,790 --> 00:07:27,180

being uh sold hopefully uh there's a few

190

00:07:31,430 --> 00:07:28,800

uh

191

00:07:33,469 --> 00:07:31,440

services that are talking to us right

192

00:07:35,210 --> 00:07:33,479

now wanting to buy the picture so that's

193

00:07:38,510 --> 00:07:35,220

sort of where we are at the moment

194

00:07:40,850 --> 00:07:38,520

so the animation is breaking bare which

195

00:07:43,370 --> 00:07:40,860

like you say is nothing to do with the

196

00:07:45,650 --> 00:07:43,380

the UFO conversation and more of a fun

197

00:07:47,510 --> 00:07:45,660

side project that Tom without his has

198

00:07:49,249 --> 00:07:47,520

come up with and it's like Bears

199

00:07:50,510 --> 00:07:49,259

Breaking Bad that sort of thing and that

200

00:07:52,909 --> 00:07:50,520

that's something people can look forward

201
00:07:54,710 --> 00:07:52,919
to putting that aside you see it's

202
00:07:56,870 --> 00:07:54,720
exciting to hear Lionsgate have picked

203
00:07:58,909 --> 00:07:56,880
up the option for secret machines very

204
00:08:02,089 --> 00:07:58,919
popular set of books or audio books for

205
00:08:04,309 --> 00:08:02,099
many and also the monsters in California

206
00:08:05,689 --> 00:08:04,319
piece that we're hoping comes out sooner

207
00:08:08,150 --> 00:08:05,699
than later as well

208
00:08:10,969 --> 00:08:08,160
what should excite people most about the

209
00:08:13,189 --> 00:08:10,979
potential of those media projects and

210
00:08:15,409 --> 00:08:13,199
the impact those can have on the overall

211
00:08:17,870 --> 00:08:15,419
UFO conversation as well as being you

212
00:08:19,670 --> 00:08:17,880
know media releases that's a very good

213
00:08:21,890 --> 00:08:19,680

question you know we like to

214

00:08:24,529 --> 00:08:21,900

we like to say a TT asset you know we

215

00:08:28,430 --> 00:08:24,539

what the projects that we we do we work

216

00:08:30,529 --> 00:08:28,440

on that have to do with uh uaps and the

217

00:08:33,170 --> 00:08:30,539

phenomenon in general they really come

218

00:08:35,449 --> 00:08:33,180

from what we call informed science or

219

00:08:37,250 --> 00:08:35,459

informed opinions and mainly because

220

00:08:38,990 --> 00:08:37,260

most of the people that work there you

221

00:08:40,329 --> 00:08:39,000

know work for the government or had some

222

00:08:44,750 --> 00:08:40,339

kind of relationship with the government

223

00:08:46,850 --> 00:08:44,760

uh we were involved early on in this

224

00:08:48,530 --> 00:08:46,860

um sort of have a pretty good idea most

225

00:08:50,750 --> 00:08:48,540

of us have been researching this for 30

226

00:08:52,730 --> 00:08:50,760

40 years

227

00:08:55,430 --> 00:08:52,740

so we have a unique perspective I think

228

00:08:57,889 --> 00:08:55,440

on on on this phenomenon we certainly

229

00:09:00,350 --> 00:08:57,899

don't have all the answers

230

00:09:03,710 --> 00:09:00,360

um and we can't discuss classified

231

00:09:05,870 --> 00:09:03,720

material uh uh certainly but we can sort

232

00:09:08,930 --> 00:09:05,880

of move it move the uh hopefully the

233

00:09:10,370 --> 00:09:08,940

conversation in the right direction uh I

234

00:09:12,170 --> 00:09:10,380

think some of the projects that we have

235

00:09:15,650 --> 00:09:12,180

we're working on right now we've hired

236

00:09:17,329 --> 00:09:15,660

some really Top Flight screenwriters and

237

00:09:20,769 --> 00:09:17,339

uh we're working on getting financing

238

00:09:23,329 --> 00:09:20,779

for them now uh I think you'll see a um

239

00:09:27,170 --> 00:09:23,339

uh hopefully

240

00:09:29,690 --> 00:09:27,180

a different take on on this phenomenon

241

00:09:32,030 --> 00:09:29,700

and and what we think it might might be

242

00:09:33,590 --> 00:09:32,040

now that now because

243

00:09:35,509 --> 00:09:33,600

there'll be movies there has to be some

244

00:09:37,370 --> 00:09:35,519

dramatic license right and some poetic

245

00:09:38,810 --> 00:09:37,380

license you have to take

246

00:09:42,050 --> 00:09:38,820

uh certainly

247

00:09:44,990 --> 00:09:42,060

um uh we're focusing on entertainment

248

00:09:46,970 --> 00:09:45,000

mostly because as Tom pointed out and

249

00:09:47,690 --> 00:09:46,980

many discussions that we had he said

250

00:09:50,870 --> 00:09:47,700

look

251
00:09:53,870 --> 00:09:50,880
if we want to do what we want to do

252
00:09:56,210 --> 00:09:53,880
really want to do research

253
00:09:57,949 --> 00:09:56,220
we really need to have the funding

254
00:09:59,870 --> 00:09:57,959
coming in and the only way to do that

255
00:10:01,910 --> 00:09:59,880
the best way to do that right now is

256
00:10:04,550 --> 00:10:01,920
through the entertainment portion

257
00:10:08,509 --> 00:10:04,560
because that has the possibility to

258
00:10:10,370 --> 00:10:08,519
create uh uh uh Revenue uh we're a

259
00:10:11,690 --> 00:10:10,380
public benefit corporation which means

260
00:10:15,110 --> 00:10:11,700
that you know I think anywhere from 10

261
00:10:19,090 --> 00:10:15,120
to 15 percent of our profits

262
00:10:21,710 --> 00:10:19,100
um should go into uh uh public benefit

263
00:10:23,509 --> 00:10:21,720

uh or you know organizations and we do

264

00:10:26,150 --> 00:10:23,519

that right now I mean with the money we

265

00:10:28,790 --> 00:10:26,160

make too we do some local charity work

266

00:10:30,410 --> 00:10:28,800

and uh uh we're we're associated with

267

00:10:32,030 --> 00:10:30,420

one tribe

268

00:10:34,490 --> 00:10:32,040

um trying to save the rainforest in the

269

00:10:36,170 --> 00:10:34,500

Amazon things along those lines so but

270

00:10:38,389 --> 00:10:36,180

we're looking forward to having the kind

271

00:10:40,190 --> 00:10:38,399

of money and the kind of profits that

272

00:10:42,710 --> 00:10:40,200

we'll be able to go back and get Scout

273

00:10:46,150 --> 00:10:42,720

and fault in some of the um

274

00:10:48,829 --> 00:10:46,160

you know AI directed database research

275

00:10:52,190 --> 00:10:48,839

tools get those up and running they're

276

00:10:55,310 --> 00:10:52,200

extraordinarily expensive to to run and

277

00:10:58,009 --> 00:10:55,320

um so we're but they're all set up and

278

00:11:00,230 --> 00:10:58,019

um ready to roll so like most UFO

279

00:11:01,910 --> 00:11:00,240

organizations or UAP organizations that

280

00:11:03,710 --> 00:11:01,920

are out there and I don't know one of

281

00:11:06,170 --> 00:11:03,720

them that has any money or a lot of

282

00:11:08,090 --> 00:11:06,180

money most of them don't

283

00:11:10,130 --> 00:11:08,100

um uh you know they have some funding

284

00:11:13,490 --> 00:11:10,140

but a million dollars doesn't amount to

285

00:11:14,810 --> 00:11:13,500

much five million dollars maybe but you

286

00:11:16,730 --> 00:11:14,820

really you know to do what you really

287

00:11:18,590 --> 00:11:16,740

want to do and to get things moving you

288

00:11:20,269 --> 00:11:18,600

need a considerable amount of money you

289

00:11:21,889 --> 00:11:20,279

need to have a money this seti you know

290

00:11:24,230 --> 00:11:21,899

had from Yuri Milner you know 100

291

00:11:26,930 --> 00:11:24,240

million dollars over a period of years

292

00:11:30,350 --> 00:11:26,940

to do their investigation

293

00:11:32,509 --> 00:11:30,360

um until we get something close to that

294

00:11:33,769 --> 00:11:32,519

um and not just our organization any

295

00:11:36,170 --> 00:11:33,779

organization

296

00:11:37,970 --> 00:11:36,180

you're not going to see too much private

297

00:11:39,530 --> 00:11:37,980

Headway all right

298

00:11:42,410 --> 00:11:39,540

um

299

00:11:43,910 --> 00:11:42,420

the the funding what what all there is

300

00:11:45,170 --> 00:11:43,920

you know it usually comes from the

301
00:11:47,030 --> 00:11:45,180
government and that goes to the

302
00:11:49,130 --> 00:11:47,040
government it doesn't go to the private

303
00:11:51,290 --> 00:11:49,140
sector on this except for defense

304
00:11:53,509 --> 00:11:51,300
contractors obviously

305
00:11:55,970 --> 00:11:53,519
it's good to hear those those apps like

306
00:11:57,530 --> 00:11:55,980
Vault and Scout are still there still in

307
00:11:59,389 --> 00:11:57,540
the background and that's the kind of

308
00:12:01,550 --> 00:11:59,399
things people are hoping come out of of

309
00:12:03,949 --> 00:12:01,560
two of the stars as well you do mention

310
00:12:05,509 --> 00:12:03,959
that informed science uh hopefully

311
00:12:07,850 --> 00:12:05,519
giving direction to some of the media

312
00:12:10,910 --> 00:12:07,860
projects and you can't obviously discuss

313
00:12:12,470 --> 00:12:10,920

classified information on that I want to

314

00:12:14,630 --> 00:12:12,480

just briefly talk about your colleague

315

00:12:16,610 --> 00:12:14,640

Tom DeLong there have been many

316

00:12:19,370 --> 00:12:16,620

occasions over the last five years we

317

00:12:22,310 --> 00:12:19,380

are online via social media or on any

318

00:12:25,069 --> 00:12:22,320

number of appearances Tom has discussed

319

00:12:26,870 --> 00:12:25,079

some pretty wild ideas and I Wonder has

320

00:12:28,970 --> 00:12:26,880

there ever been a time gym you have had

321

00:12:31,130 --> 00:12:28,980

to give them a friendly reminder of

322

00:12:34,130 --> 00:12:31,140

where that line is and what he can and

323

00:12:37,490 --> 00:12:34,140

can't say out in public

324

00:12:39,650 --> 00:12:37,500

well I mean we we never tell Tom what he

325

00:12:42,230 --> 00:12:39,660

can and can't say I mean Thomas Tom and

326

00:12:44,870 --> 00:12:42,240

um he's an extraordinarily bright guy he

327

00:12:47,269 --> 00:12:44,880

reads uh you know voraciously on this

328

00:12:48,530 --> 00:12:47,279

topic he knows a lot of people he's met

329

00:12:51,530 --> 00:12:48,540

a lot of people

330

00:12:53,329 --> 00:12:51,540

um uh uh I I'm actually in awe of what

331

00:12:55,009 --> 00:12:53,339

he had what he has done before I even

332

00:12:56,329 --> 00:12:55,019

met him uh you know when I really sort

333

00:12:58,190 --> 00:12:56,339

of learned about what he was what he had

334

00:13:00,889 --> 00:12:58,200

been up to but no he has his own

335

00:13:02,870 --> 00:13:00,899

opinions on this and and he's certainly

336

00:13:04,370 --> 00:13:02,880

allowed to say that uh say whatever he

337

00:13:07,310 --> 00:13:04,380

wants to say

338

00:13:08,509 --> 00:13:07,320

um uh I uh we have talked as a company

339

00:13:13,069 --> 00:13:08,519

you know

340

00:13:14,449 --> 00:13:13,079

interest as a company for me or Tom or

341

00:13:16,310 --> 00:13:14,459

anybody else in the company to come out

342

00:13:18,650 --> 00:13:16,320

and make a statement about

343

00:13:20,449 --> 00:13:18,660

you know what the phenomenon is we

344

00:13:22,490 --> 00:13:20,459

really don't know I mean our goal really

345

00:13:25,970 --> 00:13:22,500

is to figure out what it is and to get

346

00:13:28,850 --> 00:13:25,980

that information out so I think we do a

347

00:13:32,810 --> 00:13:28,860

pretty good job of caveating what we say

348

00:13:35,449 --> 00:13:32,820

I mean if Tom you know or me or anybody

349

00:13:38,210 --> 00:13:35,459

wanted to talk about

350

00:13:40,490 --> 00:13:38,220

you know uh you know extraterrestrials

351
00:13:43,250 --> 00:13:40,500
or different types of species you know

352
00:13:46,790 --> 00:13:43,260
perfectly fine but you have to caveat

353
00:13:48,530 --> 00:13:46,800
that with well you know we've we heard

354
00:13:51,410 --> 00:13:48,540
or we think or there's this you know

355
00:13:52,790 --> 00:13:51,420
there's talk about blah blah blah but we

356
00:13:54,470 --> 00:13:52,800
can't make any definitive kind of

357
00:13:56,629 --> 00:13:54,480
comments on what is real and what is not

358
00:13:58,009 --> 00:13:56,639
real it's just because nobody knows well

359
00:13:59,990 --> 00:13:58,019
I shouldn't say they're probably

360
00:14:02,329 --> 00:14:00,000
somebody who knows maybe

361
00:14:04,250 --> 00:14:02,339
but um I'm not betting on it be honest

362
00:14:06,470 --> 00:14:04,260
with you based on my knowledge

363
00:14:08,629 --> 00:14:06,480

sure and speculation can be fun and it

364

00:14:10,490 --> 00:14:08,639

is nice to see someone like Tom come out

365

00:14:12,410 --> 00:14:10,500

and and do that I'm someone who doesn't

366

00:14:14,030 --> 00:14:12,420

mind a bit of speculation it can be

367

00:14:16,310 --> 00:14:14,040

healthy

368

00:14:19,910 --> 00:14:16,320

I agree and uh you know and Tom's

369

00:14:21,530 --> 00:14:19,920

imagination is just amazing and uh you

370

00:14:22,670 --> 00:14:21,540

know having having watched him up close

371

00:14:25,910 --> 00:14:22,680

working

372

00:14:28,730 --> 00:14:25,920

um not only in his musical you know uh

373

00:14:31,550 --> 00:14:28,740

Affairs but also with the company I mean

374

00:14:33,110 --> 00:14:31,560

he's a he's a very strong leader and uh

375

00:14:35,329 --> 00:14:33,120

I've seen the best I used to teach

376

00:14:37,310 --> 00:14:35,339

leadership uh so I know what I'm talking

377

00:14:39,410 --> 00:14:37,320

about he's a he's a pretty pretty cool

378

00:14:41,090 --> 00:14:39,420

guy and uh

379

00:14:42,769 --> 00:14:41,100

um I think he's just the type of guy

380

00:14:44,389 --> 00:14:42,779

that that can move this forward as a

381

00:14:47,389 --> 00:14:44,399

matter of fact I mean the FBI contacted

382

00:14:49,009 --> 00:14:47,399

him of all people and um you know I I I

383

00:14:51,530 --> 00:14:49,019

don't know if he actually addressed them

384

00:14:54,110 --> 00:14:51,540

yet but he's planning on doing that they

385

00:14:55,970 --> 00:14:54,120

want to know how did you get this this

386

00:14:58,069 --> 00:14:55,980

topic into the Forefront

387

00:15:00,050 --> 00:14:58,079

uh you know a lot of people have tried

388

00:15:02,750 --> 00:15:00,060

good Lord we've had so many good people

389

00:15:04,850 --> 00:15:02,760

uh out there you can name them you know

390

00:15:05,750 --> 00:15:04,860

dozens of them had been working on this

391

00:15:07,550 --> 00:15:05,760

but

392

00:15:09,949 --> 00:15:07,560

Tom was able to break through I think it

393

00:15:11,870 --> 00:15:09,959

was the right person at the right time

394

00:15:14,689 --> 00:15:11,880

uh for him

395

00:15:17,210 --> 00:15:14,699

um but Tom and myself and everybody else

396

00:15:19,730 --> 00:15:17,220

at TTS acknowledge

397

00:15:22,970 --> 00:15:19,740

you know the work of you know Jacque

398

00:15:26,689 --> 00:15:22,980

Valley and and uh George Knapp and uh

399

00:15:28,610 --> 00:15:26,699

John Alexander uh Richard Dolan I mean

400

00:15:31,430 --> 00:15:28,620

you can you can go you can go right down

401
00:15:33,110 --> 00:15:31,440
the list kit green who've spent decades

402
00:15:36,170 --> 00:15:33,120
looking at this and these are the guys

403
00:15:38,689 --> 00:15:36,180
that and women you know Linda Moulton

404
00:15:40,670 --> 00:15:38,699
Howe I mean there's so many of them who

405
00:15:42,829 --> 00:15:40,680
spent a good portion of their lives

406
00:15:45,889 --> 00:15:42,839
during this we're we're

407
00:15:47,509 --> 00:15:45,899
uh we're pikers compared to them we

408
00:15:48,829 --> 00:15:47,519
truly are I mean these These are the

409
00:15:50,990 --> 00:15:48,839
cream of the crop

410
00:15:53,090 --> 00:15:51,000
and um I've got a guy like George Knapp

411
00:15:56,810 --> 00:15:53,100
who I had the pleasure of meeting about

412
00:15:58,970 --> 00:15:56,820
a year or two ago and uh just uh a very

413
00:16:00,530 --> 00:15:58,980

straight up guy who sent some a great

414

00:16:03,590 --> 00:16:00,540

investigative work

415

00:16:05,810 --> 00:16:03,600

by Bigelow called Kelleher you know um

416

00:16:08,449 --> 00:16:05,820

you could get Jim lakotsky you know from

417

00:16:09,889 --> 00:16:08,459

the original ASAP program yeah these are

418

00:16:11,090 --> 00:16:09,899

the people that really deserve most of

419

00:16:12,710 --> 00:16:11,100

the credit

420

00:16:14,810 --> 00:16:12,720

well listen I don't want to talk too

421

00:16:16,370 --> 00:16:14,820

much about Tom DeLong because it's Tom's

422

00:16:17,810 --> 00:16:16,380

not here to do that maybe one day he

423

00:16:19,670 --> 00:16:17,820

will be that's no doubt something you

424

00:16:21,590 --> 00:16:19,680

can give a heads up with but I think

425

00:16:23,689 --> 00:16:21,600

everyone asks you Jim to tell Tom to

426

00:16:25,730 --> 00:16:23,699

come on their podcast so I'll I'll hope

427

00:16:27,290 --> 00:16:25,740

when he does a media run for monsters in

428

00:16:29,090 --> 00:16:27,300

California that he's more open to

429

00:16:31,250 --> 00:16:29,100

interviews many of us would like to

430

00:16:32,810 --> 00:16:31,260

speak to him but there are just a couple

431

00:16:34,850 --> 00:16:32,820

of things Thomas said I'd love to get

432

00:16:37,009 --> 00:16:34,860

your opinion on at least

433

00:16:39,290 --> 00:16:37,019

um Tom has mentioned in the past that he

434

00:16:41,629 --> 00:16:39,300

had a meeting with a general who told

435

00:16:43,790 --> 00:16:41,639

him that it was the Cold War and we

436

00:16:44,990 --> 00:16:43,800

found a life form I wonder have you

437

00:16:46,550 --> 00:16:45,000

heard that story

438

00:16:48,470 --> 00:16:46,560

um have you met the general and what are

439

00:16:50,689 --> 00:16:48,480

your impressions

440

00:16:54,470 --> 00:16:50,699

yes I've heard the story

441

00:16:55,850 --> 00:16:54,480

um uh I believe it is true uh and here's

442

00:16:58,610 --> 00:16:55,860

what's interesting

443

00:17:00,769 --> 00:16:58,620

Tom before I met with Tom Tom had a had

444

00:17:01,850 --> 00:17:00,779

a group of advisors and I think he

445

00:17:03,769 --> 00:17:01,860

mentioned that there were like 10 of

446

00:17:07,189 --> 00:17:03,779

them

447

00:17:08,210 --> 00:17:07,199

um the Russian you know email Purge or

448

00:17:11,270 --> 00:17:08,220

the hack

449

00:17:13,549 --> 00:17:11,280

you know it revealed podesta I think uh

450

00:17:16,990 --> 00:17:13,559

General uh Air Force general which is

451
00:17:19,909 --> 00:17:17,000
named uh mccauff no not McCaffrey um

452
00:17:21,350 --> 00:17:19,919
uh McCaslin General McCaslin yeah and

453
00:17:24,350 --> 00:17:21,360
there's another one McCreary I think

454
00:17:25,549 --> 00:17:24,360
those are the only three that I know Tom

455
00:17:28,370 --> 00:17:25,559
has never

456
00:17:30,350 --> 00:17:28,380
told me or anybody else to my knowledge

457
00:17:33,350 --> 00:17:30,360
who these other advisors are do they

458
00:17:35,390 --> 00:17:33,360
exist absolutely how do I know because I

459
00:17:37,630 --> 00:17:35,400
guess two of them

460
00:17:40,970 --> 00:17:37,640
um who two former very high level CIA

461
00:17:43,310 --> 00:17:40,980
officers who whom I know

462
00:17:45,529 --> 00:17:43,320
so and um and there was another one and

463
00:17:47,810 --> 00:17:45,539

I I sort of put two and two together and

464

00:17:49,730 --> 00:17:47,820

somebody else mentioned uh to me that

465

00:17:51,830 --> 00:17:49,740

yeah that's probably who it was but but

466

00:17:55,970 --> 00:17:51,840

we don't I don't I don't test Tom on

467

00:17:57,650 --> 00:17:55,980

this Tom Tom has been told you know top

468

00:17:59,330 --> 00:17:57,660

has talked to these people and told them

469

00:18:01,970 --> 00:17:59,340

he's not interested in classified

470

00:18:03,470 --> 00:18:01,980

information but he has a story he wants

471

00:18:05,390 --> 00:18:03,480

to tell and he wants to get behind it

472

00:18:07,010 --> 00:18:05,400

and he wants to get as close to the

473

00:18:08,330 --> 00:18:07,020

truth as possible without Crossing that

474

00:18:10,310 --> 00:18:08,340

line I think he's done an exceptional

475

00:18:11,029 --> 00:18:10,320

job so

476

00:18:13,370 --> 00:18:11,039

um

477

00:18:15,350 --> 00:18:13,380

you know I I you know I hate to sound

478

00:18:17,750 --> 00:18:15,360

like an apologist for Tom but

479

00:18:20,210 --> 00:18:17,760

he did it the right way and and people

480

00:18:21,590 --> 00:18:20,220

really respected that and uh and to this

481

00:18:24,110 --> 00:18:21,600

day

482

00:18:26,450 --> 00:18:24,120

um you know Tom Tom has got a lot of

483

00:18:29,390 --> 00:18:26,460

respect within government circles so

484

00:18:30,950 --> 00:18:29,400

yeah no one's infallible and at the end

485

00:18:32,870 --> 00:18:30,960

of the day everyone involved in this

486

00:18:34,490 --> 00:18:32,880

topic from high level to low level are

487

00:18:35,990 --> 00:18:34,500

human beings and people can make

488

00:18:38,270 --> 00:18:36,000

mistakes or trap along the way but

489

00:18:40,370 --> 00:18:38,280

there's no doubt Tom has brought the

490

00:18:41,930 --> 00:18:40,380

conversation he has a large pot in

491

00:18:44,029 --> 00:18:41,940

bringing the conversation to where it is

492

00:18:46,010 --> 00:18:44,039

today and people like myself sitting

493

00:18:47,330 --> 00:18:46,020

here with a podcast and an audience of

494

00:18:50,029 --> 00:18:47,340

whatever size

495

00:18:52,370 --> 00:18:50,039

are here because of Tom DeLong and to

496

00:18:54,289 --> 00:18:52,380

the stars and what happened in 2017 so

497

00:18:55,669 --> 00:18:54,299

I've got to thank them for that so you

498

00:18:56,810 --> 00:18:55,679

know I bought a hoodie that's that's

499

00:18:58,730 --> 00:18:56,820

what you do

500

00:18:59,990 --> 00:18:58,740

um yeah yeah yeah and I've got the

501
00:19:01,310 --> 00:19:00,000
stickers up here as well but people

502
00:19:02,930 --> 00:19:01,320
never see those

503
00:19:05,029 --> 00:19:02,940
um however one more thing I want to get

504
00:19:06,890 --> 00:19:05,039
your opinion on Jim is Tom has a lot of

505
00:19:08,870 --> 00:19:06,900
ideas about the phenomenon and they're

506
00:19:10,190 --> 00:19:08,880
fascinating to listen to

507
00:19:12,830 --> 00:19:10,200
um namely he's talked about

508
00:19:14,750 --> 00:19:12,840
Consciousness being everywhere and that

509
00:19:18,350 --> 00:19:14,760
our bodies our brains potentially are

510
00:19:20,270 --> 00:19:18,360
just antennas for that Consciousness he

511
00:19:22,250 --> 00:19:20,280
said that this world can be influenced

512
00:19:24,650 --> 00:19:22,260
by our thoughts and we can manifest and

513
00:19:26,029 --> 00:19:24,660

create reality what are your thoughts on

514

00:19:28,010 --> 00:19:26,039

that statement because that's one that

515

00:19:30,230 --> 00:19:28,020

really resonated with me

516

00:19:34,310 --> 00:19:30,240

yeah I pretty much agree

517

00:19:37,970 --> 00:19:34,320

um um with that um Tom and I have had uh

518

00:19:40,130 --> 00:19:37,980

God countless discussions at all hours

519

00:19:42,710 --> 00:19:40,140

of the day and night um about the

520

00:19:46,490 --> 00:19:42,720

phenomenon what it what it could what it

521

00:19:47,690 --> 00:19:46,500

could mean uh what what it constitutes

522

00:19:51,590 --> 00:19:47,700

I think

523

00:19:54,169 --> 00:19:51,600

Tom's has come to the conclusion like I

524

00:19:55,730 --> 00:19:54,179

have and I think Lou Elizondo had

525

00:19:56,990 --> 00:19:55,740

mentioned this to me earlier when I when

526

00:19:58,850 --> 00:19:57,000

I chatted with him in the in the

527

00:20:01,250 --> 00:19:58,860

beginning days I seen on asked Lou I

528

00:20:05,450 --> 00:20:01,260

said where where do you think this

529

00:20:10,370 --> 00:20:05,460

where do you think this originates

530

00:20:12,289 --> 00:20:10,380

um um and he said most likely in the

531

00:20:14,390 --> 00:20:12,299

Nexus between you know quantum mechanics

532

00:20:15,710 --> 00:20:14,400

and consciousness

533

00:20:18,350 --> 00:20:15,720

and

534

00:20:19,789 --> 00:20:18,360

um I think that's probably

535

00:20:22,850 --> 00:20:19,799

the best

536

00:20:24,710 --> 00:20:22,860

um explanation I've heard so far now you

537

00:20:27,169 --> 00:20:24,720

know also I mean I I look at you know

538

00:20:30,350 --> 00:20:27,179

the person I think we respect the

539

00:20:33,529 --> 00:20:30,360

absolute most you know the the um God

540

00:20:34,430 --> 00:20:33,539

figure of TTS and probably always will

541

00:20:36,590 --> 00:20:34,440

be is

542

00:20:38,390 --> 00:20:36,600

probably much to his Chagrin I might add

543

00:20:42,770 --> 00:20:38,400

is Jacques valet on

544

00:20:45,950 --> 00:20:42,780

I think I am a huge fan of his and I I

545

00:20:47,930 --> 00:20:45,960

follow his lead most of the time uh

546

00:20:50,810 --> 00:20:47,940

because I think he's correct

547

00:20:53,029 --> 00:20:50,820

um I think it is uh and I think Tom does

548

00:20:55,970 --> 00:20:53,039

too in some forms it's it's some type of

549

00:20:58,010 --> 00:20:55,980

uh it'll uh intellect and some type of

550

00:20:59,630 --> 00:20:58,020

control mechanism has been with us

551
00:21:02,090 --> 00:20:59,640
forever it's been on the planet it's

552
00:21:03,830 --> 00:21:02,100
part of it I know Whitley streber and

553
00:21:05,510 --> 00:21:03,840
Jeff kreipel wrote a wonderful book

554
00:21:08,150 --> 00:21:05,520
called Supernatural

555
00:21:09,710 --> 00:21:08,160
and it's a I recommend it to people who

556
00:21:11,390 --> 00:21:09,720
if you haven't read it you should read

557
00:21:12,890 --> 00:21:11,400
it it's absolutely beautifully written

558
00:21:16,010 --> 00:21:12,900
by both of them

559
00:21:17,570 --> 00:21:16,020
and they talk about this the fact that

560
00:21:19,850 --> 00:21:17,580
you know we shouldn't be looking at it

561
00:21:22,669 --> 00:21:19,860
as a para or a super anything it's

562
00:21:24,650 --> 00:21:22,679
really is part of our our world it's

563
00:21:26,930 --> 00:21:24,660

part of our nature we just don't

564

00:21:29,510 --> 00:21:26,940

understand it uh because we're keep

565

00:21:31,250 --> 00:21:29,520

looking at things we pre-judge it this

566

00:21:32,930 --> 00:21:31,260

phenomenon all the time it's you know

567

00:21:35,510 --> 00:21:32,940

we're looking at looking at it

568

00:21:37,310 --> 00:21:35,520

anthropomorphically we're looking at it

569

00:21:39,710 --> 00:21:37,320

through a lens through our filter

570

00:21:41,690 --> 00:21:39,720

through our brain which we know doesn't

571

00:21:43,490 --> 00:21:41,700

allow every very much in you know very

572

00:21:46,370 --> 00:21:43,500

little of the hearing Spectrum very

573

00:21:49,370 --> 00:21:46,380

little of this visual Spectrum it can't

574

00:21:51,950 --> 00:21:49,380

take in everything so it's out there we

575

00:21:53,930 --> 00:21:51,960

just can't quite grasp it

576

00:21:56,870 --> 00:21:53,940

um I think Jacques makes that case when

577

00:21:58,970 --> 00:21:56,880

he said you know it you know it could be

578

00:22:00,049 --> 00:21:58,980

extraterrestrial but it could also be

579

00:22:01,850 --> 00:22:00,059

something

580

00:22:04,730 --> 00:22:01,860

that's part of us

581

00:22:08,270 --> 00:22:04,740

uh Jung took a stab at it by saying it

582

00:22:10,010 --> 00:22:08,280

was uh you know an indication of the um

583

00:22:12,890 --> 00:22:10,020

possibly the psychic this this

584

00:22:14,930 --> 00:22:12,900

equilibrium you know of the planet and

585

00:22:16,730 --> 00:22:14,940

and that was a projection coming from

586

00:22:18,470 --> 00:22:16,740

from our Collective unconscious I'm

587

00:22:20,930 --> 00:22:18,480

probably screwing that up a little bit

588

00:22:22,310 --> 00:22:20,940

but I don't think so but but yeah I mean

589

00:22:25,310 --> 00:22:22,320

I I

590

00:22:27,830 --> 00:22:25,320

I don't know it could be but yeah I mean

591

00:22:28,789 --> 00:22:27,840

you know yeah you know everybody's guess

592

00:22:31,010 --> 00:22:28,799

uh

593

00:22:33,950 --> 00:22:31,020

right now I was you know sort of upper

594

00:22:35,510 --> 00:22:33,960

grabs uh Tom's read it all Tom's talked

595

00:22:37,370 --> 00:22:35,520

to everybody he's talked to the people

596

00:22:41,390 --> 00:22:37,380

that were the leading um

597

00:22:44,090 --> 00:22:41,400

uh purveyors of you know of whatever

598

00:22:46,070 --> 00:22:44,100

uh thought processes were going on at

599

00:22:47,690 --> 00:22:46,080

the moment so he's very familiar with

600

00:22:49,789 --> 00:22:47,700

everything that's going on as when I as

601
00:22:51,710 --> 00:22:49,799
with me and everybody else we just can't

602
00:22:53,029 --> 00:22:51,720
put our finger on it a guy like Stephen

603
00:22:55,310 --> 00:22:53,039
Greer

604
00:22:57,409 --> 00:22:55,320
um who's an interesting guy he's done so

605
00:22:59,570 --> 00:22:57,419
much good work

606
00:23:01,070 --> 00:22:59,580
um I don't just I don't disagree with a

607
00:23:02,450 --> 00:23:01,080
lot of what he says but I do disagree

608
00:23:04,549 --> 00:23:02,460
with you know the fact that you know

609
00:23:06,710 --> 00:23:04,559
he's saying that well you know these

610
00:23:08,990 --> 00:23:06,720
could be these are good for Humanity the

611
00:23:11,210 --> 00:23:09,000
phenomenon is you know is something that

612
00:23:13,690 --> 00:23:11,220
uh commonly beneficial we shouldn't look

613
00:23:16,190 --> 00:23:13,700

at it in a negative way

614

00:23:16,850 --> 00:23:16,200

I think that

615

00:23:19,010 --> 00:23:16,860

um

616

00:23:22,190 --> 00:23:19,020

I think that that's probably

617

00:23:24,289 --> 00:23:22,200

not what I uh would consider wise only

618

00:23:26,029 --> 00:23:24,299

in the sense that

619

00:23:27,470 --> 00:23:26,039

and this is probably coming from my

620

00:23:28,789 --> 00:23:27,480

intelligence background I'm naturally

621

00:23:31,490 --> 00:23:28,799

cautious

622

00:23:34,549 --> 00:23:31,500

until we really know what something is

623

00:23:35,990 --> 00:23:34,559

let's let's uh let's investigate it

624

00:23:38,090 --> 00:23:36,000

let's figure it out

625

00:23:39,710 --> 00:23:38,100

I mean we don't we don't we don't we

626

00:23:43,010 --> 00:23:39,720

know one thing for sure right we know it

627

00:23:44,330 --> 00:23:43,020

is deceitful as hell we know it lies to

628

00:23:46,549 --> 00:23:44,340

us

629

00:23:48,590 --> 00:23:46,559

um uh we know it hasn't introduced

630

00:23:50,870 --> 00:23:48,600

itself formally to us

631

00:23:53,330 --> 00:23:50,880

but it's been around since recorded

632

00:23:56,149 --> 00:23:53,340

history and probably before and you have

633

00:23:58,010 --> 00:23:56,159

to ask yourself why is that

634

00:24:00,470 --> 00:23:58,020

um is it like um

635

00:24:02,690 --> 00:24:00,480

you know John Keel says this big Cosmic

636

00:24:04,490 --> 00:24:02,700

joke this is why I always bring up the

637

00:24:05,830 --> 00:24:04,500

gym you know because the Gin to me are

638

00:24:08,750 --> 00:24:05,840

the closest

639

00:24:11,390 --> 00:24:08,760

uh uh you know rendition I think we have

640

00:24:13,250 --> 00:24:11,400

to you know these kind of beings that

641

00:24:14,990 --> 00:24:13,260

are a lot like us but at the same time

642

00:24:17,090 --> 00:24:15,000

they're playful they can be playful they

643

00:24:19,730 --> 00:24:17,100

can be good they can't be bad they can

644

00:24:21,649 --> 00:24:19,740

also be deceitful and um there's a

645

00:24:24,710 --> 00:24:21,659

trickster element you know involved in

646

00:24:25,970 --> 00:24:24,720

all this uh you know native native

647

00:24:28,850 --> 00:24:25,980

tribes

648

00:24:31,370 --> 00:24:28,860

you know a North American you know South

649

00:24:33,470 --> 00:24:31,380

American you know Australian they all

650

00:24:35,510 --> 00:24:33,480

talk about this the same thing

651
00:24:36,409 --> 00:24:35,520
uh shape-shifting things along those

652
00:24:39,169 --> 00:24:36,419
lines

653
00:24:41,450 --> 00:24:39,179
just let me see if I ramble because I

654
00:24:43,970 --> 00:24:41,460
have a tendency to be discursive and I I

655
00:24:45,529 --> 00:24:43,980
try to catch myself no it wasn't my

656
00:24:47,149 --> 00:24:45,539
problem is I forget I'm hosting the

657
00:24:48,230 --> 00:24:47,159
podcast and start listening like I'm a

658
00:24:49,669 --> 00:24:48,240
listener and I'm waiting on a host

659
00:24:51,950 --> 00:24:49,679
coming in and asking a really good

660
00:24:53,690 --> 00:24:51,960
question so yeah just uh if I forget to

661
00:24:55,490 --> 00:24:53,700
come in just to ignore me

662
00:24:57,830 --> 00:24:55,500
um listen you mentioned Whitley steuber

663
00:25:00,110 --> 00:24:57,840

and also Jacques valet and by pure

664

00:25:01,669 --> 00:25:00,120

happenstance uh the guest preceding your

665

00:25:03,649 --> 00:25:01,679

appearance will be Whitley stuber people

666

00:25:05,210 --> 00:25:03,659

will have heard that one already and the

667

00:25:07,490 --> 00:25:05,220

guest who will follow you on the week

668

00:25:09,110 --> 00:25:07,500

after is also Jacques Valley so there's

669

00:25:10,549 --> 00:25:09,120

some some great company here you're

670

00:25:13,250 --> 00:25:10,559

keeping their folks there for the month

671

00:25:15,230 --> 00:25:13,260

of October oh yeah

672

00:25:17,029 --> 00:25:15,240

um listen but uh you mentioned gin let

673

00:25:19,250 --> 00:25:17,039

let's get into that now you've mentioned

674

00:25:20,510 --> 00:25:19,260

there the the trickster element of this

675

00:25:22,610 --> 00:25:20,520

phenomenon

676

00:25:25,370 --> 00:25:22,620

um can you just elaborate where the idea

677

00:25:26,750 --> 00:25:25,380

of gin comes from in its old religious

678

00:25:28,370 --> 00:25:26,760

texts isn't it it's been written about

679

00:25:31,430 --> 00:25:28,380

in the Arabic world

680

00:25:32,870 --> 00:25:31,440

yes uh it's it's yeah it's mostly Arabic

681

00:25:34,610 --> 00:25:32,880

and I think it goes uh they're

682

00:25:35,870 --> 00:25:34,620

pre-islamic

683

00:25:39,950 --> 00:25:35,880

um uh I don't know if they were called

684

00:25:42,529 --> 00:25:39,960

Jin back at that time but the the Quran

685

00:25:44,090 --> 00:25:42,539

does devote some time to it um I'm in

686

00:25:45,830 --> 00:25:44,100

the middle of doing uh reading a couple

687

00:25:49,789 --> 00:25:45,840

academic books on it right now it's a

688

00:25:52,430 --> 00:25:49,799

little hard going uh but the problem the

689

00:25:56,090 --> 00:25:52,440

problem with it is

690

00:25:59,570 --> 00:25:56,100

is is the same problem you know we have

691

00:26:02,330 --> 00:25:59,580

with uh the uh you know ancient

692

00:26:05,149 --> 00:26:02,340

um uh uh religious texts the Western

693

00:26:07,610 --> 00:26:05,159

religion well actually the Eastern

694

00:26:09,529 --> 00:26:07,620

Middle Eastern religious text

695

00:26:11,390 --> 00:26:09,539

um there's not there's just enough

696

00:26:14,269 --> 00:26:11,400

information to wet your appetite not

697

00:26:16,130 --> 00:26:14,279

enough information to make anything uh

698

00:26:18,230 --> 00:26:16,140

you know solid uh that you can lay your

699

00:26:19,370 --> 00:26:18,240

hands on I mean I remember reading a

700

00:26:21,470 --> 00:26:19,380

book by

701
00:26:25,310 --> 00:26:21,480
um Mary Ellen giley and then I think

702
00:26:27,169 --> 00:26:25,320
Philip and bronio um on the gin and I

703
00:26:30,830 --> 00:26:27,179
thought it was a reasonably good book

704
00:26:33,169 --> 00:26:30,840
and um and they talked about you know

705
00:26:34,430 --> 00:26:33,179
the the big there was a big hole in the

706
00:26:35,870 --> 00:26:34,440
ground in Saudi Arabia I don't know

707
00:26:38,630 --> 00:26:35,880
where it was in some Wadi someplace

708
00:26:41,090 --> 00:26:38,640
where the Jinn supposedly reside and

709
00:26:42,649 --> 00:26:41,100
there's a guardian there that that looks

710
00:26:45,130 --> 00:26:42,659
after it and

711
00:26:48,049 --> 00:26:45,140
um but uh there's not enough information

712
00:26:51,049 --> 00:26:48,059
to really direct us one way or the other

713
00:26:52,870 --> 00:26:51,059

it's um it's part of the phenomenon I

714

00:26:55,909 --> 00:26:52,880

think that

715

00:26:58,010 --> 00:26:55,919

doesn't allow it allows just enough

716

00:27:00,529 --> 00:26:58,020

information to wet our appetite but not

717

00:27:02,750 --> 00:27:00,539

enough to make anything

718

00:27:04,250 --> 00:27:02,760

any kind of definitive you know

719

00:27:04,909 --> 00:27:04,260

statement about it

720

00:27:07,310 --> 00:27:04,919

um

721

00:27:09,529 --> 00:27:07,320

the Gin only you know to me is only of

722

00:27:11,690 --> 00:27:09,539

interest because it's just another

723

00:27:14,330 --> 00:27:11,700

Avenue to explore but I don't think it's

724

00:27:17,570 --> 00:27:14,340

any different from from what the uh you

725

00:27:19,370 --> 00:27:17,580

know Native Americans believe uh or the

726

00:27:21,950 --> 00:27:19,380

indigenous people in South America

727

00:27:24,529 --> 00:27:21,960

believed uh uh either I mean you know

728

00:27:27,649 --> 00:27:24,539

they call it by different names

729

00:27:30,470 --> 00:27:27,659

um so I mean it's it's fascinating stuff

730

00:27:33,049 --> 00:27:30,480

but it's a Wilderness of mirrors as I

731

00:27:34,610 --> 00:27:33,059

say well I've heard you say Jim that

732

00:27:36,110 --> 00:27:34,620

even though you've got a Catholic

733

00:27:38,090 --> 00:27:36,120

background you're not religious yourself

734

00:27:40,490 --> 00:27:38,100

and that's that's who I would say about

735

00:27:42,409 --> 00:27:40,500

myself as well and I can look on these

736

00:27:44,690 --> 00:27:42,419

various religions now and I think many

737

00:27:47,450 --> 00:27:44,700

of these labels that we hear of angels

738

00:27:49,130 --> 00:27:47,460

demons Spirits are very much just that

739

00:27:51,830 --> 00:27:49,140

they are labels for something that at

740

00:27:54,310 --> 00:27:51,840

the time was was misunderstood or not

741

00:27:56,750 --> 00:27:54,320

understood in the same way we look at 80

742

00:27:59,690 --> 00:27:56,760

non-human intelligence extraterrestrial

743

00:28:01,250 --> 00:27:59,700

beings interdimensional beings I just

744

00:28:04,010 --> 00:28:01,260

wonder on that it's still speaking about

745

00:28:06,169 --> 00:28:04,020

gin have you seen any direct evidence

746

00:28:08,750 --> 00:28:06,179

that Jen are real beings and not just

747

00:28:09,830 --> 00:28:08,760

some kind of metaphor or energy

748

00:28:17,149 --> 00:28:09,840

no

749

00:28:20,450 --> 00:28:17,159

uh I mean it was uh

750

00:28:22,310 --> 00:28:20,460

the the the the information that does

751

00:28:24,529 --> 00:28:22,320

exist out there that I've seen on Jim

752

00:28:25,970 --> 00:28:24,539

you know it to me is is weak I mean it's

753

00:28:29,510 --> 00:28:25,980

it's it's

754

00:28:31,730 --> 00:28:29,520

um it's second hand third hand there's

755

00:28:34,070 --> 00:28:31,740

nothing definitive out there I mean I I

756

00:28:35,990 --> 00:28:34,080

mean you say the same about angels right

757

00:28:38,690 --> 00:28:36,000

um and I I don't know I mean you know

758

00:28:41,630 --> 00:28:38,700

when Mary you know the Virgin Mary uh

759

00:28:43,669 --> 00:28:41,640

you know had a visit I think by Gabriel

760

00:28:45,830 --> 00:28:43,679

to announce the birth you know of of

761

00:28:48,590 --> 00:28:45,840

Christ

762

00:28:51,010 --> 00:28:48,600

um uh the enunciation and um and and

763

00:28:53,149 --> 00:28:51,020

then you know

764

00:28:54,470 --> 00:28:53,159
visits quote-unquote By Angels

765

00:28:55,909 --> 00:28:54,480
throughout the Bible

766

00:28:58,310 --> 00:28:55,919
I mean it's fascinating when you think

767

00:28:59,810 --> 00:28:58,320
about it I mean you know the Angels they

768

00:29:01,130 --> 00:28:59,820
describe them as Angels you know when

769

00:29:02,210 --> 00:29:01,140
they're looking at them in a religious

770

00:29:05,090 --> 00:29:02,220
context

771

00:29:08,690 --> 00:29:05,100
but could they be beings other beings

772

00:29:10,490 --> 00:29:08,700
you know that just come in and and uh

773

00:29:14,570 --> 00:29:10,500
make whatever statement they want to

774

00:29:18,669 --> 00:29:14,580
make you know it seems to me uh uh you

775

00:29:28,130 --> 00:29:23,889
the this phenomenon has made incredible

776

00:29:30,289 --> 00:29:28,140

Impressions on our culture

777

00:29:33,289 --> 00:29:30,299

and uh

778

00:29:37,070 --> 00:29:33,299

and our our cultural beliefs

779

00:29:40,730 --> 00:29:37,080

uh was religion you know uh basically

780

00:29:43,730 --> 00:29:40,740

instituted based on people's experiences

781

00:29:45,470 --> 00:29:43,740

with this phenomenon certainly when you

782

00:29:47,750 --> 00:29:45,480

look at Mormonism

783

00:29:48,830 --> 00:29:47,760

you know probably the most recent

784

00:29:52,010 --> 00:29:48,840

example

785

00:29:55,310 --> 00:29:52,020

um fascinating stuff I mean you know you

786

00:29:57,830 --> 00:29:55,320

know Joseph Smith a young man who's had

787

00:29:59,810 --> 00:29:57,840

visitations before finally he goes out

788

00:30:02,450 --> 00:29:59,820

in the woods he meets the angel Moroni

789

00:30:06,430 --> 00:30:02,460

and you know the visitation start uh

790

00:30:09,470 --> 00:30:06,440

religion and now was it was it the case

791

00:30:11,690 --> 00:30:09,480

where uh the being or the angel is

792

00:30:14,350 --> 00:30:11,700

giving him information that is true or

793

00:30:17,029 --> 00:30:14,360

accurate or was it just another

794

00:30:18,470 --> 00:30:17,039

basically lie

795

00:30:20,810 --> 00:30:18,480

so don't know

796

00:30:22,850 --> 00:30:20,820

do you think on that then that these

797

00:30:25,430 --> 00:30:22,860

other worldly entities whatever they may

798

00:30:27,649 --> 00:30:25,440

be have had a hand in creating Humanity

799

00:30:29,510 --> 00:30:27,659

as we know it today

800

00:30:31,850 --> 00:30:29,520

it's certainly a possibility

801
00:30:34,010 --> 00:30:31,860
um you know that um you know when you go

802
00:30:36,889 --> 00:30:34,020
back to I think it was correct the guy

803
00:30:38,930 --> 00:30:36,899
who invalidated he watched it and

804
00:30:40,850 --> 00:30:38,940
corrected I think it was quick it was

805
00:30:43,610 --> 00:30:40,860
the one who just discussed panspermia

806
00:30:46,190 --> 00:30:43,620
that notion that you know the Earth was

807
00:30:48,769 --> 00:30:46,200
basically seated uh you know by

808
00:30:50,210 --> 00:30:48,779
well by anybody I mean he doesn't really

809
00:30:52,730 --> 00:30:50,220
know it could have been from meteors it

810
00:30:55,310 --> 00:30:52,740
could have been from another uh another

811
00:30:57,529 --> 00:30:55,320
civilization uh

812
00:30:59,330 --> 00:30:57,539
our problem is

813
00:31:03,049 --> 00:30:59,340

and it always has been

814

00:31:04,669 --> 00:31:03,059

is that we're living in a world

815

00:31:07,310 --> 00:31:04,679

um that's

816

00:31:09,169 --> 00:31:07,320

our universe our view of the Universe I

817

00:31:14,389 --> 00:31:09,179

should say is rather constrained right

818

00:31:16,190 --> 00:31:14,399

we we just can't seem to get into uh

819

00:31:18,350 --> 00:31:16,200

we're in self-consciousness but we can't

820

00:31:19,070 --> 00:31:18,360

seem to get into something that allows

821

00:31:22,430 --> 00:31:19,080

us

822

00:31:24,590 --> 00:31:22,440

to you know uh see it all right

823

00:31:26,990 --> 00:31:24,600

um and it all depends on your point of

824

00:31:29,149 --> 00:31:27,000

view uh you know the point of view of a

825

00:31:31,250 --> 00:31:29,159

of a small animal or an insect was a lot

826

00:31:32,930 --> 00:31:31,260

different from our point of view and our

827

00:31:34,909 --> 00:31:32,940

point of view may be as primitive as

828

00:31:37,669 --> 00:31:34,919

their point of view is regarding what

829

00:31:39,470 --> 00:31:37,679

the universe is actually about these are

830

00:31:41,090 --> 00:31:39,480

the kind of questions you know this is

831

00:31:42,950 --> 00:31:41,100

sort of funny I've walked away from this

832

00:31:45,470 --> 00:31:42,960

topic many times

833

00:31:46,730 --> 00:31:45,480

because I find myself you know uh

834

00:31:48,470 --> 00:31:46,740

basically having the same damn

835

00:31:50,330 --> 00:31:48,480

discussions I had when I was a sophomore

836

00:31:51,950 --> 00:31:50,340

in college you know on these

837

00:31:54,230 --> 00:31:51,960

sessions you know at night talking about

838

00:31:55,549 --> 00:31:54,240

philosophy and with a couple guys you're

839

00:31:56,930 --> 00:31:55,559

having a beer you know what I mean

840

00:31:58,430 --> 00:31:56,940

you're talking about it and you're up to

841

00:32:00,470 --> 00:31:58,440

four in the morning trying to solve

842

00:32:02,269 --> 00:32:00,480

solve these kind of issues that have

843

00:32:05,090 --> 00:32:02,279

actually no resolution to them at all

844

00:32:06,769 --> 00:32:05,100

they're rather insoluble

845

00:32:08,450 --> 00:32:06,779

well I find myself you know coming back

846

00:32:10,730 --> 00:32:08,460

to it now I have more information now

847

00:32:12,769 --> 00:32:10,740

and sometimes the arguments arguments

848

00:32:15,350 --> 00:32:12,779

are a bit more academic and they're

849

00:32:17,630 --> 00:32:15,360

they're fascinating uh but when you get

850

00:32:20,149 --> 00:32:17,640

a guy like Keel you know John Keel who I

851

00:32:22,250 --> 00:32:20,159

I Mark you know quite a bit where he

852

00:32:23,210 --> 00:32:22,260

just basically throws up his hands and

853

00:32:25,310 --> 00:32:23,220

said hey

854

00:32:26,930 --> 00:32:25,320

it's probably not just a big Cosmic joke

855

00:32:29,570 --> 00:32:26,940

it's just a big put on and you know and

856

00:32:31,250 --> 00:32:29,580

they're not going to tell us anything

857

00:32:34,370 --> 00:32:31,260

and um

858

00:32:35,510 --> 00:32:34,380

you know you you think when these people

859

00:32:37,970 --> 00:32:35,520

that have go through abduction

860

00:32:41,570 --> 00:32:37,980

experiences and um

861

00:32:44,090 --> 00:32:41,580

the entities will tell them things

862

00:32:46,310 --> 00:32:44,100

um their lives change mostly for the

863

00:32:47,630 --> 00:32:46,320

better I might I might say some some not

864

00:32:49,549 --> 00:32:47,640

some

865

00:32:52,310 --> 00:32:49,559

I think a smaller percentage probably

866

00:32:54,649 --> 00:32:52,320

under 10 have a very difficult time with

867

00:32:56,389 --> 00:32:54,659

this I know a few of them

868

00:32:58,190 --> 00:32:56,399

had a very difficult time with this both

869

00:33:01,850 --> 00:32:58,200

physically and mentally

870

00:33:03,830 --> 00:33:01,860

but when you when you look at this

871

00:33:06,409 --> 00:33:03,840

um uh you know our

872

00:33:08,210 --> 00:33:06,419

you have to ask yourself what are they

873

00:33:09,590 --> 00:33:08,220

by doing this what are they what are

874

00:33:11,510 --> 00:33:09,600

they trying to create or what are they

875

00:33:14,690 --> 00:33:11,520

trying to tell us

876

00:33:15,889 --> 00:33:14,700

and um for some people versions is with

877

00:33:17,870 --> 00:33:15,899

me

878

00:33:20,149 --> 00:33:17,880

my experience

879

00:33:22,730 --> 00:33:20,159

it didn't change me I had been studying

880

00:33:25,430 --> 00:33:22,740

this for a long time I was a and I still

881

00:33:28,070 --> 00:33:25,440

remain a True Believer in the idea that

882

00:33:30,169 --> 00:33:28,080

yes this exists so I was wondering why

883

00:33:31,990 --> 00:33:30,179

would why would these entities or

884

00:33:34,669 --> 00:33:32,000

whatever the hell it was is phenomenon

885

00:33:37,250 --> 00:33:34,679

you know invade my life

886

00:33:40,970 --> 00:33:37,260

caused me and my wife distress

887

00:33:43,130 --> 00:33:40,980

and um uh and basically leave us with no

888

00:33:44,750 --> 00:33:43,140

explanation whatsoever

889

00:33:46,850 --> 00:33:44,760

I don't know

890

00:33:48,889 --> 00:33:46,860

uh you know and there's a there's a

891

00:33:50,870 --> 00:33:48,899

little bit of there's a lot of curiosity

892

00:33:51,649 --> 00:33:50,880

a little bit of anger associated with

893

00:33:53,450 --> 00:33:51,659

that

894

00:33:55,370 --> 00:33:53,460

just like I think and I have friends of

895

00:33:57,590 --> 00:33:55,380

mine who feel the same way

896

00:33:59,450 --> 00:33:57,600

if it affects your loved ones

897

00:34:01,909 --> 00:33:59,460

you know it's not funny there's no

898

00:34:04,669 --> 00:34:01,919

humorous aspect of this

899

00:34:06,110 --> 00:34:04,679

um so you have to ask yourself well

900

00:34:07,370 --> 00:34:06,120

people people will say like you know how

901
00:34:10,010 --> 00:34:07,380
you know when they always say you know

902
00:34:11,930 --> 00:34:10,020
you know why did why does God act the

903
00:34:13,070 --> 00:34:11,940
way why does God allow things to happen

904
00:34:14,810 --> 00:34:13,080
and then there's always that famous

905
00:34:16,490 --> 00:34:14,820
retort that nurse Christians will give

906
00:34:18,889 --> 00:34:16,500
you we don't know but you know it's

907
00:34:20,510 --> 00:34:18,899
God's way and you can't question it well

908
00:34:23,210 --> 00:34:20,520
you know I don't know about that and and

909
00:34:25,849 --> 00:34:23,220
you know I I I think you should question

910
00:34:27,950 --> 00:34:25,859
it um and I think that's uh

911
00:34:29,270 --> 00:34:27,960
that's extraordinarily important and the

912
00:34:31,550 --> 00:34:29,280
same thing about with these entities

913
00:34:33,710 --> 00:34:31,560

whoever they are and whatever they are

914

00:34:35,930 --> 00:34:33,720

they take these actions

915

00:34:37,190 --> 00:34:35,940

um that affect us some are good some are

916

00:34:39,290 --> 00:34:37,200

not so good

917

00:34:40,730 --> 00:34:39,300

you know do we hold them accountable

918

00:34:41,869 --> 00:34:40,740

should we hold them accountable I think

919

00:34:43,669 --> 00:34:41,879

yes

920

00:34:44,810 --> 00:34:43,679

but I mean how do you do that well first

921

00:34:46,369 --> 00:34:44,820

of all you got to find out what the hell

922

00:34:48,530 --> 00:34:46,379

it is

923

00:34:50,089 --> 00:34:48,540

um and um and that's going to be

924

00:34:51,889 --> 00:34:50,099

extraordinarily difficult because I

925

00:34:54,770 --> 00:34:51,899

don't think the government or

926

00:34:56,210 --> 00:34:54,780

governments are set up for that

927

00:34:58,550 --> 00:34:56,220

um we certainly are in the private

928

00:34:59,750 --> 00:34:58,560

sector I mean the goal of TTS when we

929

00:35:03,410 --> 00:34:59,760

first started

930

00:35:06,770 --> 00:35:03,420

was to start and I I explained this to

931

00:35:10,150 --> 00:35:06,780

government people at the time

932

00:35:13,069 --> 00:35:10,160

you don't own this topic

933

00:35:15,710 --> 00:35:13,079

and the idea that we're going to wait

934

00:35:18,890 --> 00:35:15,720

for you to tell us what this is

935

00:35:21,290 --> 00:35:18,900

I think absurd uh you know

936

00:35:23,990 --> 00:35:21,300

yeah they appear over you know fighter

937

00:35:25,849 --> 00:35:24,000

carrier task groups and and over nuclear

938

00:35:26,810 --> 00:35:25,859

sites and military installations of

939

00:35:29,270 --> 00:35:26,820

course they do but they appear

940

00:35:31,310 --> 00:35:29,280

everywhere else too you know they appear

941

00:35:32,810 --> 00:35:31,320

to normal citizens and they cause a lot

942

00:35:35,750 --> 00:35:32,820

of grief

943

00:35:36,890 --> 00:35:35,760

and um so you know the answer really is

944

00:35:38,089 --> 00:35:36,900

let the government do what the

945

00:35:40,310 --> 00:35:38,099

government needs to do and hopefully

946

00:35:41,750 --> 00:35:40,320

they'll tell us something

947

00:35:43,550 --> 00:35:41,760

um but I'm not holding my breath the

948

00:35:45,650 --> 00:35:43,560

goal of TTS was to come out and try to

949

00:35:46,670 --> 00:35:45,660

figure this out in a private way and we

950

00:35:48,109 --> 00:35:46,680

were hoping that there'd be enough

951
00:35:49,730 --> 00:35:48,119
people

952
00:35:52,010 --> 00:35:49,740
who would be willing to do this along

953
00:35:54,349 --> 00:35:52,020
with us but it turns out there weren't

954
00:35:55,970 --> 00:35:54,359
this is a very small niche

955
00:35:57,410 --> 00:35:55,980
I have friends you know that were over

956
00:35:59,329 --> 00:35:57,420
the other night you know and very

957
00:36:03,829 --> 00:35:59,339
well-educated people doctors you know

958
00:36:06,470 --> 00:36:03,839
CIA guys this is they this doesn't

959
00:36:09,290 --> 00:36:06,480
resonate with him at all at all

960
00:36:11,210 --> 00:36:09,300
and uh and most of my friends

961
00:36:12,530 --> 00:36:11,220
you know Highly Educated it doesn't

962
00:36:15,050 --> 00:36:12,540
resonate at all it's just not on

963
00:36:16,430 --> 00:36:15,060

anybody's big list you know they find it

964

00:36:18,530 --> 00:36:16,440

interesting they find it interesting

965

00:36:20,450 --> 00:36:18,540

that I'm involved in it but

966

00:36:22,370 --> 00:36:20,460

you know they don't ask any pertinent

967

00:36:24,829 --> 00:36:22,380

questions uh they have their lives to

968

00:36:27,530 --> 00:36:24,839

live and they go off and live them so

969

00:36:29,930 --> 00:36:27,540

we're a very very small group yes yeah

970

00:36:31,609 --> 00:36:29,940

we are small but we are many uh I think

971

00:36:33,349 --> 00:36:31,619

for many of us like for me I had a

972

00:36:34,910 --> 00:36:33,359

sighting when I was a child with with a

973

00:36:37,670 --> 00:36:34,920

group of people that really sparked on

974

00:36:39,230 --> 00:36:37,680

my lifelong interest in the UFO subject

975

00:36:41,329 --> 00:36:39,240

even though before that I loved

976
00:36:42,829 --> 00:36:41,339
Mysteries like the pyramids of Egypt and

977
00:36:45,230 --> 00:36:42,839
the Loch Ness monster being from

978
00:36:47,210 --> 00:36:45,240
Scotland all that kind of stuff but you

979
00:36:48,710 --> 00:36:47,220
have had your own experiences like you

980
00:36:50,990 --> 00:36:48,720
say with your wife which you've kept

981
00:36:53,150 --> 00:36:51,000
very private before I ask just a

982
00:36:55,250 --> 00:36:53,160
question on that did you have a

983
00:36:58,010 --> 00:36:55,260
long-standing interest in the UFO topic

984
00:36:59,270 --> 00:36:58,020
before those experiences or was a casual

985
00:37:01,130 --> 00:36:59,280
interest

986
00:37:03,290 --> 00:37:01,140
it wasn't even casual I didn't really

987
00:37:05,210 --> 00:37:03,300
know too much about it until the uh the

988
00:37:08,870 --> 00:37:05,220

the incident

989

00:37:10,550 --> 00:37:08,880

um I uh uh I wasn't familiar with with

990

00:37:11,870 --> 00:37:10,560

any of it actually I was familiar with

991

00:37:13,790 --> 00:37:11,880

it in the sense that yeah it was out

992

00:37:14,750 --> 00:37:13,800

there I mean my my interest had always

993

00:37:18,950 --> 00:37:14,760

been

994

00:37:20,510 --> 00:37:18,960

um you know studying the occult uh and

995

00:37:22,430 --> 00:37:20,520

by that just secret knowledge you know I

996

00:37:25,730 --> 00:37:22,440

mean you know and you know Mystery

997

00:37:28,010 --> 00:37:25,740

Schools uh mysticism in general

998

00:37:30,290 --> 00:37:28,020

um that started off with uh with you

999

00:37:32,690 --> 00:37:30,300

know my uh in in undergrad and then

1000

00:37:35,329 --> 00:37:32,700

graduate school in the uh American

1001
00:37:38,750 --> 00:37:35,339
romantic literature and then the British

1002
00:37:40,670 --> 00:37:38,760
uh you know uh Romanticism you know

1003
00:37:41,870 --> 00:37:40,680
Shelley Wordsworth Keith and what they

1004
00:37:44,150 --> 00:37:41,880
were trying to do

1005
00:37:45,530 --> 00:37:44,160
and then you know that would lead you

1006
00:37:47,210 --> 00:37:45,540
through the Germans and the German

1007
00:37:49,130 --> 00:37:47,220
Romanticism and all this kind of stuff

1008
00:37:51,290 --> 00:37:49,140
and it was fascinating and then that

1009
00:37:52,790 --> 00:37:51,300
leads you to theosophy and allegian to

1010
00:37:53,990 --> 00:37:52,800
all different kinds of things and I

1011
00:37:55,609 --> 00:37:54,000
always found that to be interesting

1012
00:37:56,930 --> 00:37:55,619
because it's uh it's a part of reality

1013
00:37:57,710 --> 00:37:56,940

that we don't really spend a lot of time

1014

00:38:00,650 --> 00:37:57,720

with

1015

00:38:02,750 --> 00:38:00,660

uh but I thought wow but these are the

1016

00:38:04,310 --> 00:38:02,760

hard questions you know that their

1017

00:38:08,150 --> 00:38:04,320

people are discussing

1018

00:38:10,310 --> 00:38:08,160

I I when I had my experience it you know

1019

00:38:14,210 --> 00:38:10,320

I I didn't know what it was about until

1020

00:38:15,770 --> 00:38:14,220

I talked with an agency officer who to

1021

00:38:17,030 --> 00:38:15,780

this day I don't know his real name he

1022

00:38:20,930 --> 00:38:17,040

was a

1023

00:38:23,270 --> 00:38:20,940

interesting guy Deep Cover guy and uh

1024

00:38:24,950 --> 00:38:23,280

and we were working together and I told

1025

00:38:27,609 --> 00:38:24,960

him what had happened and

1026

00:38:30,710 --> 00:38:27,619

he he had a very strong interest in in

1027

00:38:33,470 --> 00:38:30,720

uaps at the time and he's the one who

1028

00:38:35,690 --> 00:38:33,480

turned me on to uh you know that's the

1029

00:38:37,490 --> 00:38:35,700

first thing he said he said write down

1030

00:38:39,230 --> 00:38:37,500

the names of these books you know so I

1031

00:38:40,849 --> 00:38:39,240

immediately went to Barnes and Noble you

1032

00:38:43,190 --> 00:38:40,859

know that evening and bought them all

1033

00:38:46,490 --> 00:38:43,200

and that began my journey that was

1034

00:38:49,490 --> 00:38:46,500

salary in 92-93. so I had a pretty firm

1035

00:38:52,310 --> 00:38:49,500

background in weird stuff you know and

1036

00:38:55,849 --> 00:38:52,320

uh and but once I got into this

1037

00:38:59,930 --> 00:38:55,859

everything changed and then uh during my

1038

00:39:04,970 --> 00:38:59,940

career I would bounce up against this

1039

00:39:08,690 --> 00:39:04,980

on numerous times uh uh two times

1040

00:39:10,250 --> 00:39:08,700

I was offered to I was offered a chance

1041

00:39:12,910 --> 00:39:10,260

to get involved

1042

00:39:16,190 --> 00:39:12,920

both times I turned it down

1043

00:39:19,190 --> 00:39:16,200

uh and it was never brought up again in

1044

00:39:21,290 --> 00:39:19,200

other words you know it was it was done

1045

00:39:23,270 --> 00:39:21,300

in an unusual way

1046

00:39:25,310 --> 00:39:23,280

that I want to get into it too much but

1047

00:39:26,750 --> 00:39:25,320

um can I just check what I mean I wasn't

1048

00:39:28,430 --> 00:39:26,760

prepared for it to be honest with you I

1049

00:39:29,990 --> 00:39:28,440

just wasn't prepared for it do you mean

1050

00:39:32,630 --> 00:39:30,000

you better offered offered to get

1051

00:39:34,550 --> 00:39:32,640

involved in the UFO study within within

1052

00:39:37,430 --> 00:39:34,560

government is that what you had offered

1053

00:39:39,470 --> 00:39:37,440

uh you know I I I don't know for sure

1054

00:39:41,690 --> 00:39:39,480

simply because

1055

00:39:43,190 --> 00:39:41,700

some people have heard in my story I had

1056

00:39:44,270 --> 00:39:43,200

told my story to some people in the

1057

00:39:46,069 --> 00:39:44,280

agency

1058

00:39:47,450 --> 00:39:46,079

at another point in other areas of

1059

00:39:49,430 --> 00:39:47,460

government and they found it fascinating

1060

00:39:50,930 --> 00:39:49,440

and you know your word gets around and

1061

00:39:53,150 --> 00:39:50,940

you know there was an invisible College

1062

00:39:55,849 --> 00:39:53,160

uh and there still is to a very large

1063

00:39:58,250 --> 00:39:55,859

degree in intelligence agencies and

1064

00:39:59,990 --> 00:39:58,260

throughout the dod of people that are

1065

00:40:01,310 --> 00:40:00,000

interested in this and they meet and

1066

00:40:03,829 --> 00:40:01,320

they talk and they have their own

1067

00:40:05,510 --> 00:40:03,839

informal conversations

1068

00:40:07,970 --> 00:40:05,520

um I became a

1069

00:40:10,250 --> 00:40:07,980

not a member of that

1070

00:40:11,870 --> 00:40:10,260

um but sort of an outside member sort of

1071

00:40:13,370 --> 00:40:11,880

sticking my nose in and every once in a

1072

00:40:14,870 --> 00:40:13,380

while you know somebody who knew things

1073

00:40:16,849 --> 00:40:14,880

would come up to me and say look if

1074

00:40:18,770 --> 00:40:16,859

you're really interested I can put you

1075

00:40:21,710 --> 00:40:18,780

in touch with so and so and so and so

1076
00:40:24,290 --> 00:40:21,720
and knowing what I did know about about

1077
00:40:25,670 --> 00:40:24,300
the agency at that time you you know

1078
00:40:27,650 --> 00:40:25,680
everything is secret right and

1079
00:40:29,450 --> 00:40:27,660
everything you have to protect

1080
00:40:30,829 --> 00:40:29,460
and there came a point particularly

1081
00:40:32,270 --> 00:40:30,839
towards the end of my career I didn't

1082
00:40:33,650 --> 00:40:32,280
want to know anything anymore I mean I

1083
00:40:35,630 --> 00:40:33,660
people come into my office and say okay

1084
00:40:37,310 --> 00:40:35,640
we got I got a top secret program I want

1085
00:40:40,609 --> 00:40:37,320
to talk to you about it and there's two

1086
00:40:43,430 --> 00:40:40,619
versions of it there's a you know we'll

1087
00:40:46,790 --> 00:40:43,440
give you the the sort of the

1088
00:40:48,829 --> 00:40:46,800

outline of what it is and then

1089

00:40:50,329 --> 00:40:48,839

we'll you know the first 15 20 minutes

1090

00:40:52,910 --> 00:40:50,339

telling you that and then we'll get into

1091

00:40:54,710 --> 00:40:52,920

the really in-depth structures of how

1092

00:40:56,630 --> 00:40:54,720

this thing works and towards the end of

1093

00:40:59,810 --> 00:40:56,640

my career I was just tell these people

1094

00:41:01,910 --> 00:40:59,820

no you give me give me the 15 minute I'm

1095

00:41:04,370 --> 00:41:01,920

not interested in the two hour I don't

1096

00:41:06,170 --> 00:41:04,380

want to know I I I don't want to know I

1097

00:41:07,490 --> 00:41:06,180

mean I had too much on my head yeah when

1098

00:41:08,990 --> 00:41:07,500

you're when you're in the intelligence

1099

00:41:11,270 --> 00:41:09,000

business

1100

00:41:13,430 --> 00:41:11,280

you know I I would read the New York

1101
00:41:16,190 --> 00:41:13,440
Times And The Washington Post every

1102
00:41:18,589 --> 00:41:16,200
morning usually the financial times and

1103
00:41:21,290 --> 00:41:18,599
the um Wall Street Journal and then

1104
00:41:23,150 --> 00:41:21,300
always you know the economist

1105
00:41:24,650 --> 00:41:23,160
and these were really good magazines and

1106
00:41:26,270 --> 00:41:24,660
newspapers because you had to stay

1107
00:41:27,710 --> 00:41:26,280
abreast what was going on that was part

1108
00:41:28,970 --> 00:41:27,720
of being an intelligence officer you

1109
00:41:30,230 --> 00:41:28,980
just had to know what was going on in

1110
00:41:31,430 --> 00:41:30,240
the world

1111
00:41:35,150 --> 00:41:31,440
and

1112
00:41:38,690 --> 00:41:35,160
you can't it's hard it becomes hard to

1113
00:41:40,069 --> 00:41:38,700

discern sometimes when you're talking to

1114

00:41:41,510 --> 00:41:40,079

somebody about stuff like this you'd be

1115

00:41:43,550 --> 00:41:41,520

like what the hell did I read that did I

1116

00:41:45,349 --> 00:41:43,560

read that in a classified study or did I

1117

00:41:47,210 --> 00:41:45,359

actually read that in a really good

1118

00:41:50,089 --> 00:41:47,220

issue of the New Yorker where they were

1119

00:41:51,589 --> 00:41:50,099

talking about yeah and by you know and

1120

00:41:53,870 --> 00:41:51,599

you know once you've been involved for

1121

00:41:55,790 --> 00:41:53,880

like 25 years think oh my God I can't

1122

00:41:59,450 --> 00:41:55,800

make that distinction completely so you

1123

00:42:00,770 --> 00:41:59,460

just don't talk so I I you know I and a

1124

00:42:02,150 --> 00:42:00,780

lot of people are like that you know in

1125

00:42:03,710 --> 00:42:02,160

the intelligence service they don't want

1126

00:42:05,630 --> 00:42:03,720

to know there's a need to know and if

1127

00:42:07,910 --> 00:42:05,640

you don't have an absolute need to know

1128

00:42:09,589 --> 00:42:07,920

you know you know I always told people

1129

00:42:11,329 --> 00:42:09,599

there's a problem contact me and then we

1130

00:42:13,790 --> 00:42:11,339

can we can discuss it you know but right

1131

00:42:16,069 --> 00:42:13,800

now you know go with God do what you

1132

00:42:18,589 --> 00:42:16,079

need to do and uh and then keep me

1133

00:42:20,329 --> 00:42:18,599

posted you know that kind of stuff well

1134

00:42:22,730 --> 00:42:20,339

you've been very open to see that you

1135

00:42:25,069 --> 00:42:22,740

have had that experience in 1992 with

1136

00:42:26,569 --> 00:42:25,079

yourself and your wife and um out of

1137

00:42:27,950 --> 00:42:26,579

respect I'm not going to ask you to go

1138

00:42:29,329 --> 00:42:27,960

into detail that's something you've said

1139

00:42:31,609 --> 00:42:29,339

before you're going to do it potentially

1140

00:42:34,370 --> 00:42:31,619

if and when the time is right you did

1141

00:42:36,710 --> 00:42:34,380

mention that you shared the the details

1142

00:42:39,109 --> 00:42:36,720

at a think tank presentation around six

1143

00:42:41,870 --> 00:42:39,119

months ago yeah and what I would like to

1144

00:42:43,550 --> 00:42:41,880

know is one what was the the audience

1145

00:42:46,370 --> 00:42:43,560

makeup you know was it academic

1146

00:42:48,170 --> 00:42:46,380

scientists Etc and also what was their

1147

00:42:51,109 --> 00:42:48,180

reaction to the telling of yours and

1148

00:42:56,030 --> 00:42:53,270

um the makeup it was a very small group

1149

00:42:56,870 --> 00:42:56,040

you know probably around 20 20 some

1150

00:42:58,010 --> 00:42:56,880

people

1151
00:43:01,910 --> 00:42:58,020
um

1152
00:43:02,750 --> 00:43:01,920
of the people that were there you would

1153
00:43:04,849 --> 00:43:02,760
know them

1154
00:43:05,809 --> 00:43:04,859
all of them uh or pretty much all of

1155
00:43:06,530 --> 00:43:05,819
them

1156
00:43:09,230 --> 00:43:06,540
um

1157
00:43:11,450 --> 00:43:09,240
I would say two-thirds of them were

1158
00:43:13,370 --> 00:43:11,460
experiencers and

1159
00:43:14,390 --> 00:43:13,380
um that was really why the group was put

1160
00:43:16,670 --> 00:43:14,400
together

1161
00:43:18,230 --> 00:43:16,680
uh a good many of them were scientists

1162
00:43:21,770 --> 00:43:18,240
or academics

1163
00:43:23,870 --> 00:43:21,780

uh some from the defense industry uh

1164

00:43:26,569 --> 00:43:23,880

journalists

1165

00:43:28,910 --> 00:43:26,579

um all with a very very serious interest

1166

00:43:30,589 --> 00:43:28,920

in this topic and it was

1167

00:43:33,230 --> 00:43:30,599

it was really

1168

00:43:35,210 --> 00:43:33,240

um the first time I ever met with a

1169

00:43:37,010 --> 00:43:35,220

group of like-minded people like to call

1170

00:43:39,410 --> 00:43:37,020

fellow Travelers

1171

00:43:43,790 --> 00:43:39,420

uh you know a lot of them you know were

1172

00:43:45,710 --> 00:43:43,800

authors very well known authors and um

1173

00:43:47,690 --> 00:43:45,720

I my wife and I actually gave the

1174

00:43:49,790 --> 00:43:47,700

presentation and my wife's a

1175

00:43:53,210 --> 00:43:49,800

psychologist

1176

00:43:54,950 --> 00:43:53,220

and uh we went through

1177

00:43:57,170 --> 00:43:54,960

you know everything we had a bunch of

1178

00:43:58,790 --> 00:43:57,180

slides and this is where we lived this

1179

00:44:00,770 --> 00:43:58,800

is where it happened you know and and

1180

00:44:02,630 --> 00:44:00,780

things along those lines and then and

1181

00:44:06,410 --> 00:44:02,640

then sort of telling the story uh

1182

00:44:07,670 --> 00:44:06,420

chronologically and then picking up uh

1183

00:44:10,609 --> 00:44:07,680

into

1184

00:44:12,890 --> 00:44:10,619

um after some government people found

1185

00:44:16,250 --> 00:44:12,900

out about it in 20

1186

00:44:18,710 --> 00:44:16,260

I think 14 or 15 and then when you know

1187

00:44:20,329 --> 00:44:18,720

Jacques came to my house and you know

1188

00:44:23,150 --> 00:44:20,339

and interviewed us and then what

1189

00:44:26,270 --> 00:44:23,160

followed after that was really a um

1190

00:44:29,390 --> 00:44:26,280

baptism by fire

1191

00:44:31,010 --> 00:44:29,400

um uh where people would uh people talk

1192

00:44:33,349 --> 00:44:31,020

to me about it in in a classified

1193

00:44:34,270 --> 00:44:33,359

setting and that's and and that's what

1194

00:44:37,730 --> 00:44:34,280

what

1195

00:44:43,849 --> 00:44:40,849

um it just shook me up and

1196

00:44:46,730 --> 00:44:43,859

um and it wasn't like they said

1197

00:44:48,650 --> 00:44:46,740

it wasn't you know that oh you know

1198

00:44:50,270 --> 00:44:48,660

here's pictures of UFOs and here's these

1199

00:44:52,510 --> 00:44:50,280

aliens it was nothing nothing like that

1200

00:44:55,550 --> 00:44:52,520

it was really

1201
00:44:58,430 --> 00:44:55,560
having very serious conversations about

1202
00:45:01,130 --> 00:44:58,440
the nature of the phenomenon

1203
00:45:04,430 --> 00:45:01,140
um serious classified examples of what

1204
00:45:06,890 --> 00:45:04,440
happens when you investigate it um as

1205
00:45:08,809 --> 00:45:06,900
you know and everybody knows it was no

1206
00:45:11,150 --> 00:45:08,819
secret that CIA was interested in

1207
00:45:14,870 --> 00:45:11,160
parapsychology and

1208
00:45:16,430 --> 00:45:14,880
and um the quote unquote weird for many

1209
00:45:18,530 --> 00:45:16,440
many years

1210
00:45:20,809 --> 00:45:18,540
um so when you start hearing you know

1211
00:45:23,930 --> 00:45:20,819
the results of those um

1212
00:45:27,829 --> 00:45:23,940
uh investigations and assessments uh and

1213
00:45:30,050 --> 00:45:27,839

you realize that yeah yeah I mean what

1214

00:45:34,309 --> 00:45:30,060

uh what Jacques valet is talking about

1215

00:45:36,109 --> 00:45:34,319

is uh very very real and um and they

1216

00:45:37,250 --> 00:45:36,119

started explaining to you you know here

1217

00:45:38,750 --> 00:45:37,260

were the classified experiment that

1218

00:45:40,010 --> 00:45:38,760

happened blah blah blah and this is

1219

00:45:43,069 --> 00:45:40,020

what resulted

1220

00:45:44,270 --> 00:45:43,079

uh wow you know it put it shook me up I

1221

00:45:45,770 --> 00:45:44,280

have to tell you it really shook me up

1222

00:45:47,390 --> 00:45:45,780

and it wasn't so much that the

1223

00:45:49,609 --> 00:45:47,400

information shook me that was it was a

1224

00:45:51,109 --> 00:45:49,619

fact that so many people were we're

1225

00:45:54,470 --> 00:45:51,119

interested in it and then the

1226

00:45:56,809 --> 00:45:54,480

ramifications of what what it meant and

1227

00:45:59,750 --> 00:45:56,819

and to me I mean it was plainly obvious

1228

00:46:01,069 --> 00:45:59,760

that you know our reality is extremely

1229

00:46:04,130 --> 00:46:01,079

restricted

1230

00:46:05,630 --> 00:46:04,140

uh how we view things and see things I

1231

00:46:07,309 --> 00:46:05,640

mean we live in a

1232

00:46:09,410 --> 00:46:07,319

we're living most of us live in this

1233

00:46:11,390 --> 00:46:09,420

little Dreamland and I think it was T.S

1234

00:46:12,829 --> 00:46:11,400

Eliot who said mankind cannot bear too

1235

00:46:15,050 --> 00:46:12,839

much reality I think that was one of his

1236

00:46:17,329 --> 00:46:15,060

later poems I think four quartets but

1237

00:46:19,370 --> 00:46:17,339

I'm not 100 sure but

1238

00:46:21,470 --> 00:46:19,380

and I think what he meant by that is is

1239

00:46:22,490 --> 00:46:21,480

and that's the first thing that came to

1240

00:46:23,450 --> 00:46:22,500

my mind when I was hearing all this

1241

00:46:25,430 --> 00:46:23,460

stuff

1242

00:46:27,290 --> 00:46:25,440

I I don't want to note some of this

1243

00:46:30,550 --> 00:46:27,300

stuff I don't want to know that that

1244

00:46:35,569 --> 00:46:30,560

there is a um an element of our reality

1245

00:46:38,210 --> 00:46:35,579

that is that can be intrusive

1246

00:46:40,190 --> 00:46:38,220

that can be controlling

1247

00:46:41,750 --> 00:46:40,200

and that can

1248

00:46:43,370 --> 00:46:41,760

um

1249

00:46:45,589 --> 00:46:43,380

Act

1250

00:46:49,069 --> 00:46:45,599

anytime it wants to act

1251

00:46:50,990 --> 00:46:49,079

uh for whatever purpose it seems to have

1252

00:46:53,809 --> 00:46:51,000

in other words

1253

00:46:56,450 --> 00:46:53,819

you know we're we don't have any choice

1254

00:46:58,430 --> 00:46:56,460

you know and this goes back to the idea

1255

00:47:00,710 --> 00:46:58,440

of sovereignty

1256

00:47:02,510 --> 00:47:00,720

free will

1257

00:47:04,970 --> 00:47:02,520

and when you understand that and when

1258

00:47:07,069 --> 00:47:04,980

you realize that that is actually the

1259

00:47:07,849 --> 00:47:07,079

case

1260

00:47:12,890 --> 00:47:07,859

um

1261

00:47:16,250 --> 00:47:12,900

you're you immediately also realize

1262

00:47:17,450 --> 00:47:16,260

that your place in the universe is a

1263

00:47:19,849 --> 00:47:17,460

little bit different

1264

00:47:21,770 --> 00:47:19,859

than you thought I mean we all live our

1265

00:47:23,270 --> 00:47:21,780

lives I mean I live my life just like

1266

00:47:25,370 --> 00:47:23,280

most people right and get up in the

1267

00:47:29,030 --> 00:47:25,380

morning I shave and I take a shower and

1268

00:47:30,770 --> 00:47:29,040

like I read the newspapers and uh I do

1269

00:47:32,870 --> 00:47:30,780

you know the things I need to do work

1270

00:47:34,910 --> 00:47:32,880

around the house you know I go out you

1271

00:47:36,890 --> 00:47:34,920

know and I I lunch with a friend or

1272

00:47:38,870 --> 00:47:36,900

whatever the story is I spend my time

1273

00:47:41,030 --> 00:47:38,880

you know in my my little

1274

00:47:42,290 --> 00:47:41,040

my little Library here you know reading

1275

00:47:44,630 --> 00:47:42,300

things along those lines I'm gonna go

1276

00:47:46,910 --> 00:47:44,640

out to dinner none of this stuff you

1277

00:47:48,950 --> 00:47:46,920

know is is really

1278

00:47:50,870 --> 00:47:48,960

um you know impinging on me all the time

1279

00:47:54,770 --> 00:47:50,880

and it's not something that's constantly

1280

00:47:56,930 --> 00:47:54,780

there but it is always there it's it's

1281

00:47:58,730 --> 00:47:56,940

always there it's always in the back of

1282

00:48:00,770 --> 00:47:58,740

my mind

1283

00:48:02,329 --> 00:48:00,780

um and I think

1284

00:48:04,010 --> 00:48:02,339

there'd be something wrong with you if

1285

00:48:07,010 --> 00:48:04,020

you weren't a little afraid

1286

00:48:10,670 --> 00:48:07,020

because you know it's the dark it's a

1287

00:48:13,490 --> 00:48:10,680

void I I don't know I don't know I mean

1288

00:48:15,829 --> 00:48:13,500

we the good news is it's been around

1289

00:48:17,750 --> 00:48:15,839

since prehistory and we're still here uh

1290

00:48:19,730 --> 00:48:17,760

I mean it hasn't wiped us out I I don't

1291

00:48:21,530 --> 00:48:19,740

think I think CIA came up with that

1292

00:48:24,290 --> 00:48:21,540

conclusion too back in the 40 he says

1293

00:48:26,150 --> 00:48:24,300

look yeah this shit's probably real but

1294

00:48:27,890 --> 00:48:26,160

but we can't figure it out but it

1295

00:48:29,329 --> 00:48:27,900

appears it's not it's not you know it's

1296

00:48:30,950 --> 00:48:29,339

not making any effort to destroy

1297

00:48:32,329 --> 00:48:30,960

anything right

1298

00:48:34,730 --> 00:48:32,339

um there are very very few instances

1299

00:48:36,829 --> 00:48:34,740

where people have actually you know died

1300

00:48:39,290 --> 00:48:36,839

uh and we don't even know if that was

1301

00:48:42,650 --> 00:48:39,300

even intentional on on the part of the

1302

00:48:44,809 --> 00:48:42,660

um of the phenomenon all we do know is

1303

00:48:47,270 --> 00:48:44,819

that you know it's there it happens it

1304

00:48:48,950 --> 00:48:47,280

exists and when you see the evidence of

1305

00:48:51,589 --> 00:48:48,960

it and when you see particularly how it

1306

00:48:53,510 --> 00:48:51,599

affects people and you see sort of the

1307

00:48:55,609 --> 00:48:53,520

classified evidence of that or at least

1308

00:48:57,670 --> 00:48:55,619

HIPAA restricted evidences it's pretty

1309

00:49:01,010 --> 00:48:57,680

it's pretty fascinating I mean it's it's

1310

00:49:02,690 --> 00:49:01,020

it you know you can't help

1311

00:49:03,890 --> 00:49:02,700

thinking about it you can't help

1312

00:49:05,569 --> 00:49:03,900

wondering

1313

00:49:07,190 --> 00:49:05,579

uh instead of like people who tell me

1314

00:49:09,050 --> 00:49:07,200

like oh this is this is how the world

1315

00:49:10,730 --> 00:49:09,060

works you know my answer is you don't

1316

00:49:12,710 --> 00:49:10,740

know how the world works you have no

1317

00:49:16,130 --> 00:49:12,720

clue how the world works please please

1318

00:49:18,109 --> 00:49:16,140

don't tell me that so I I mean I respect

1319

00:49:20,329 --> 00:49:18,119

religion very very much and I understand

1320

00:49:21,650 --> 00:49:20,339

the need why people want it and hear it

1321

00:49:23,870 --> 00:49:21,660

and you know when they and they have it

1322

00:49:25,250 --> 00:49:23,880

you know I was I was religious myself

1323

00:49:28,010 --> 00:49:25,260

for a while

1324

00:49:31,430 --> 00:49:28,020

uh but then you realize

1325

00:49:33,410 --> 00:49:31,440

no that's not um you know that's that's

1326

00:49:35,150 --> 00:49:33,420

not the answer

1327

00:49:37,550 --> 00:49:35,160

at least for me it wasn't it may be for

1328

00:49:39,290 --> 00:49:37,560

other people I don't know I I often

1329

00:49:41,210 --> 00:49:39,300

think Jim that when you see the clamor

1330

00:49:44,390 --> 00:49:41,220

for for knowing the full truth online

1331

00:49:46,370 --> 00:49:44,400

that if there was that that agent X who

1332

00:49:47,690 --> 00:49:46,380

could invite you into a room and see in

1333

00:49:49,910 --> 00:49:47,700

the next five minutes I'm going to give

1334

00:49:51,410 --> 00:49:49,920

you the full UFO

1335

00:49:52,730 --> 00:49:51,420

um truth and the mysteries of the

1336

00:49:54,710 --> 00:49:52,740

universe and tell you the meaning of

1337

00:49:56,329 --> 00:49:54,720

life and at the end of that five minutes

1338

00:49:58,069 --> 00:49:56,339

you've got the option to take the blue

1339

00:49:59,809 --> 00:49:58,079

pill and leave the room knowing what you

1340

00:50:03,230 --> 00:49:59,819

know or you take the red pill and forget

1341

00:50:04,550 --> 00:50:03,240

what you've been told I think 99.9 of

1342

00:50:05,809 --> 00:50:04,560

people would take the red pill and

1343

00:50:07,750 --> 00:50:05,819

choose to forget what they've just been

1344

00:50:10,370 --> 00:50:07,760

told because it would just be so

1345

00:50:13,670 --> 00:50:10,380

overwhelming and so much weight to go on

1346

00:50:15,470 --> 00:50:13,680

with that yeah we've got that Curiosity

1347

00:50:18,470 --> 00:50:15,480

but they're no doubt is a very scary

1348

00:50:20,569 --> 00:50:18,480

element to all of this because there is

1349

00:50:23,390 --> 00:50:20,579

so much unknown

1350

00:50:24,890 --> 00:50:23,400

yeah yeah you know that that exactly

1351

00:50:27,410 --> 00:50:24,900

right and I think you said it way better

1352

00:50:29,870 --> 00:50:27,420

than I did um um I remember when I used

1353

00:50:32,270 --> 00:50:29,880

to have a conversations uh with Chris

1354

00:50:33,890 --> 00:50:32,280

Mellon uh you know on this uh topic and

1355

00:50:35,390 --> 00:50:33,900

then Lou and then Tom and actually

1356

00:50:38,809 --> 00:50:35,400

everybody Hal

1357

00:50:42,050 --> 00:50:38,819

and uh when TTS was was just Forum ttsa

1358

00:50:43,970 --> 00:50:42,060

was just formed and and the uh

1359

00:50:46,609 --> 00:50:43,980

the the the arguments would always

1360

00:50:48,170 --> 00:50:46,619

always go like you know really

1361

00:50:49,730 --> 00:50:48,180

you know what we're going to be doing

1362

00:50:51,230 --> 00:50:49,740

now we've all made the decision to go

1363

00:50:52,670 --> 00:50:51,240

out and do this we're not going to argue

1364

00:50:54,890 --> 00:50:52,680

about whether this is real with anybody

1365

00:50:57,349 --> 00:50:54,900

we know it's real all of us knew it was

1366

00:50:58,130 --> 00:50:57,359

real I mean we're not going to argue

1367

00:50:59,630 --> 00:50:58,140

with it

1368

00:51:01,490 --> 00:50:59,640

all we're going to do is try to figure

1369

00:51:04,250 --> 00:51:01,500

out what it is

1370

00:51:06,790 --> 00:51:04,260

but one of our one of our uh group who

1371

00:51:11,150 --> 00:51:06,800

wasn't a member of ttsa but a very

1372

00:51:13,670 --> 00:51:11,160

esteemed colleague and pointed out that

1373

00:51:16,790 --> 00:51:13,680

you understand that when you do this I

1374

00:51:18,829 --> 00:51:16,800

mean you're throwing out an idea

1375

00:51:20,750 --> 00:51:18,839

that is really frightening and it's not

1376

00:51:23,270 --> 00:51:20,760

only frightening to adults it can be

1377

00:51:24,710 --> 00:51:23,280

very frightening to children

1378

00:51:27,170 --> 00:51:24,720

um and you know and I thought about it

1379

00:51:29,329 --> 00:51:27,180

and I I haven't have these you know hand

1380

00:51:31,430 --> 00:51:29,339

ringing moments and I remember Chris

1381

00:51:33,109 --> 00:51:31,440

Mellon said to me once during a

1382

00:51:33,829 --> 00:51:33,119

conversation and he said Jim he said you

1383

00:51:36,290 --> 00:51:33,839

know

1384

00:51:38,390 --> 00:51:36,300

it's the truth the hell are you supposed

1385

00:51:40,849 --> 00:51:38,400

to do with that and he was right and and

1386

00:51:43,130 --> 00:51:40,859

uh in the end he was I think he's right

1387

00:51:44,870 --> 00:51:43,140

you you can't hide it you can't you

1388

00:51:49,069 --> 00:51:44,880

can't ignore it you can't push it aside

1389

00:51:51,170 --> 00:51:49,079

you have to meet it head on and um

1390

00:51:52,790 --> 00:51:51,180

and I think at that point is is and

1391

00:51:54,950 --> 00:51:52,800

another thing I decided Well yeah okay

1392

00:51:56,450 --> 00:51:54,960

this is the path we need to take we need

1393

00:51:58,490 --> 00:51:56,460

to clear the air we need to get it out

1394

00:51:59,750 --> 00:51:58,500

there and I've spoken with good people

1395

00:52:01,069 --> 00:51:59,760

in the government at very high levels

1396

00:52:02,270 --> 00:52:01,079

and telling them look we're going to do

1397

00:52:03,950 --> 00:52:02,280

this we're not going to drop any

1398

00:52:06,410 --> 00:52:03,960

classified bombs we're just not going to

1399

00:52:07,609 --> 00:52:06,420

do that but you know we are going to

1400

00:52:09,349 --> 00:52:07,619

talk about this we are going to take

1401

00:52:10,309 --> 00:52:09,359

this private the best way we possibly

1402

00:52:13,069 --> 00:52:10,319

can

1403

00:52:14,750 --> 00:52:13,079

now much to our Chagrin and you know and

1404

00:52:16,910 --> 00:52:14,760

disappointment we

1405

00:52:18,710 --> 00:52:16,920

did not get the reception we thought we

1406

00:52:20,870 --> 00:52:18,720

would get from the public I mean we have

1407

00:52:22,190 --> 00:52:20,880

a lot of people like you and you know in

1408

00:52:24,829 --> 00:52:22,200

the community

1409

00:52:27,049 --> 00:52:24,839

who were basically you know saying you

1410

00:52:28,490 --> 00:52:27,059

know fare forward go ahead this is great

1411

00:52:30,890 --> 00:52:28,500

we love it

1412

00:52:32,569 --> 00:52:30,900

and then we also had our naysayers oh

1413

00:52:34,190 --> 00:52:32,579

this is a government operation and all

1414

00:52:35,569 --> 00:52:34,200

this kind of crap you know and that was

1415

00:52:37,549 --> 00:52:35,579

so ridiculous I mean they didn't know

1416

00:52:38,990 --> 00:52:37,559

how to respond to it they just didn't

1417

00:52:39,950 --> 00:52:39,000

know how government works if they knew

1418

00:52:41,990 --> 00:52:39,960

how government works they never would

1419

00:52:45,049 --> 00:52:42,000

say such things but

1420

00:52:46,430 --> 00:52:45,059

um uh but it's a very small group and

1421

00:52:48,710 --> 00:52:46,440

and it's not enough and we're not

1422

00:52:50,750 --> 00:52:48,720

wealthy none of us are uh at least not

1423

00:52:52,970 --> 00:52:50,760

wealthy enough to put you couldn't put

1424

00:52:55,130 --> 00:52:52,980

enough money in I mean we would bankrupt

1425

00:52:56,870 --> 00:52:55,140

Poor Tom Tom's already put you know a

1426
00:52:57,589 --> 00:52:56,880
lot of money into this you know his own

1427
00:53:00,109 --> 00:52:57,599
money

1428
00:53:01,430 --> 00:53:00,119
and uh finally we just said Tom you

1429
00:53:04,250 --> 00:53:01,440
can't you can't do this because it's

1430
00:53:07,370 --> 00:53:04,260
it's it's you it's more money than you

1431
00:53:10,790 --> 00:53:07,380
have we need right and and uh and and we

1432
00:53:13,130 --> 00:53:10,800
need a really uh well-structured

1433
00:53:15,470 --> 00:53:13,140
organization with funding to coming in

1434
00:53:17,329 --> 00:53:15,480
to look at this and we actually need to

1435
00:53:19,430 --> 00:53:17,339
have more than just

1436
00:53:22,010 --> 00:53:19,440
you know U.S academics looking at this

1437
00:53:24,650 --> 00:53:22,020
we need a worldwide effort

1438
00:53:26,390 --> 00:53:24,660

and we need it to be interactive

1439

00:53:29,390 --> 00:53:26,400

um we have to bring as many people as in

1440

00:53:31,549 --> 00:53:29,400

as we can we have to fund projects at

1441

00:53:32,870 --> 00:53:31,559

different universities around the world

1442

00:53:35,150 --> 00:53:32,880

um we have to bring in religious

1443

00:53:36,770 --> 00:53:35,160

organizations uh psychological

1444

00:53:38,750 --> 00:53:36,780

organizations we have to bring in

1445

00:53:42,109 --> 00:53:38,760

Academia scientists that you know

1446

00:53:45,049 --> 00:53:42,119

because this is a a problem a phenomena

1447

00:53:47,150 --> 00:53:45,059

that you know is layered uh um with

1448

00:53:48,710 --> 00:53:47,160

different um academic disciplines I mean

1449

00:53:51,190 --> 00:53:48,720

they're all involved in this and so what

1450

00:53:53,390 --> 00:53:51,200

do you do you can't ignore any of them

1451
00:53:54,710 --> 00:53:53,400
including the religious community I mean

1452
00:53:56,150 --> 00:53:54,720
I think probably the most important in

1453
00:53:57,230 --> 00:53:56,160
some respects

1454
00:54:00,349 --> 00:53:57,240
um

1455
00:54:03,410 --> 00:54:00,359
to bring in to this so

1456
00:54:04,970 --> 00:54:03,420
now you're an experimenter you've got a

1457
00:54:06,650 --> 00:54:04,980
lot of experience in being an

1458
00:54:08,569 --> 00:54:06,660
experimenter as a really poor way of

1459
00:54:11,150 --> 00:54:08,579
putting it and but there are people who

1460
00:54:13,370 --> 00:54:11,160
contact myself regularly and others

1461
00:54:15,710 --> 00:54:13,380
online who say they are having all sorts

1462
00:54:18,589 --> 00:54:15,720
of experiences with non-human entities

1463
00:54:20,870 --> 00:54:18,599

non-human intelligencies I've never had

1464

00:54:22,549 --> 00:54:20,880

that I've had sightings of UFOs pretty

1465

00:54:25,190 --> 00:54:22,559

close up but I've never had that

1466

00:54:27,530 --> 00:54:25,200

experience like many have what would you

1467

00:54:29,390 --> 00:54:27,540

say to those people who are having these

1468

00:54:30,410 --> 00:54:29,400

experiences potentially uncomfortable

1469

00:54:32,750 --> 00:54:30,420

ones

1470

00:54:34,670 --> 00:54:32,760

that they want this process to hurry up

1471

00:54:37,069 --> 00:54:34,680

so they can find help what can they do

1472

00:54:40,130 --> 00:54:37,079

now and what is your advice to them

1473

00:54:42,890 --> 00:54:40,140

that's a very good question I get uh

1474

00:54:47,030 --> 00:54:42,900

contacted probably once or twice a week

1475

00:54:49,910 --> 00:54:47,040

by people experiencers who've either had

1476

00:54:53,270 --> 00:54:49,920

positive experiences or in some negative

1477

00:54:54,230 --> 00:54:53,280

and and some of them are very worrisome

1478

00:54:58,010 --> 00:54:54,240

um

1479

00:54:59,750 --> 00:54:58,020

and the problem is I I I can't do too

1480

00:55:01,490 --> 00:54:59,760

much I don't know what to do I mean I

1481

00:55:03,049 --> 00:55:01,500

live where I live and they live maybe

1482

00:55:05,809 --> 00:55:03,059

halfway around the world or halfway

1483

00:55:07,549 --> 00:55:05,819

across the country I can't jump in a car

1484

00:55:09,049 --> 00:55:07,559

and come back and even if I did I you

1485

00:55:11,630 --> 00:55:09,059

know looking out of my

1486

00:55:13,910 --> 00:55:11,640

I said I don't have the

1487

00:55:15,530 --> 00:55:13,920

capability to spend all my time

1488

00:55:17,930 --> 00:55:15,540

investigating your case and even if I

1489

00:55:19,849 --> 00:55:17,940

did I am not a UF UAP researcher by any

1490

00:55:22,010 --> 00:55:19,859

stretch of the imagination I usually

1491

00:55:23,990 --> 00:55:22,020

refer them to mufon or another

1492

00:55:26,150 --> 00:55:24,000

organization that you know could

1493

00:55:28,490 --> 00:55:26,160

possibly help them or refer them to some

1494

00:55:30,109 --> 00:55:28,500

literature and books that may be helpful

1495

00:55:31,730 --> 00:55:30,119

to explain it to them when I do tell

1496

00:55:34,970 --> 00:55:31,740

them though in the end

1497

00:55:38,569 --> 00:55:34,980

is it's very rare that this is going to

1498

00:55:40,010 --> 00:55:38,579

damage you uh physically and it the only

1499

00:55:42,410 --> 00:55:40,020

way it could damage you psychologically

1500

00:55:43,210 --> 00:55:42,420

is if you allow it to

1501

00:55:45,470 --> 00:55:43,220

um

1502

00:55:47,930 --> 00:55:45,480

there are there there is one

1503

00:55:49,670 --> 00:55:47,940

organization uh Stuart Davis as a

1504

00:55:51,230 --> 00:55:49,680

wonderful organization I think it's

1505

00:55:53,089 --> 00:55:51,240

called the experienter group I hope I'm

1506

00:55:56,569 --> 00:55:53,099

not murdering that but he is an

1507

00:55:58,069 --> 00:55:56,579

extraordinary smart guy and it's

1508

00:56:01,790 --> 00:55:58,079

basically for a group of people that

1509

00:56:03,710 --> 00:56:01,800

having a hard time you know working uh

1510

00:56:04,790 --> 00:56:03,720

with with the experiences that they've

1511

00:56:06,710 --> 00:56:04,800

had

1512

00:56:10,430 --> 00:56:06,720

and he has some pretty good protocols I

1513

00:56:13,190 --> 00:56:10,440

think that are very helpful uh and uh

1514

00:56:16,130 --> 00:56:13,200

look up his name Stuart Davis and um and

1515

00:56:17,750 --> 00:56:16,140

you can join his organization I think

1516

00:56:18,950 --> 00:56:17,760

it's incredibly cheap I think like 10

1517

00:56:21,170 --> 00:56:18,960

bucks or something I don't know I've

1518

00:56:22,849 --> 00:56:21,180

hosted a few of them on the podcast to

1519

00:56:24,549 --> 00:56:22,859

tell their stories and and have that in

1520

00:56:28,430 --> 00:56:24,559

the past yeah

1521

00:56:30,230 --> 00:56:28,440

I always recommend uh Stu Stewart uh you

1522

00:56:31,730 --> 00:56:30,240

know his group to people who are having

1523

00:56:33,170 --> 00:56:31,740

a hard time

1524

00:56:34,849 --> 00:56:33,180

um I am in touch with some people do I

1525

00:56:38,690 --> 00:56:34,859

do have a long-term relationship with

1526

00:56:40,549 --> 00:56:38,700

and I have had uh Chris Chris Bledsoe um

1527

00:56:42,230 --> 00:56:40,559

uh his new book will be coming out

1528

00:56:44,290 --> 00:56:42,240

hopefully in the uh

1529

00:56:46,130 --> 00:56:44,300

late fall early winter

1530

00:56:49,670 --> 00:56:46,140

I've been asked to write the

1531

00:56:53,510 --> 00:56:49,680

introduction and I'm honored to do that

1532

00:56:57,049 --> 00:56:53,520

uh for him uh I find his experience to

1533

00:56:59,530 --> 00:56:57,059

be really one of the classics of the

1534

00:57:02,390 --> 00:56:59,540

20th century

1535

00:57:05,329 --> 00:57:02,400

just encompasses so much and it's it's

1536

00:57:07,069 --> 00:57:05,339

done wonders for him as a human being I

1537

00:57:08,870 --> 00:57:07,079

consider him one of the nicest beings on

1538

00:57:10,490 --> 00:57:08,880

the planet so he probably but people

1539

00:57:13,549 --> 00:57:10,500

told me it was like that before the

1540

00:57:16,190 --> 00:57:13,559

experience so I don't know yeah his book

1541

00:57:18,410 --> 00:57:16,200

is UFO of God then people can go to UFO

1542

00:57:20,150 --> 00:57:18,420

of god.com to check that out in

1543

00:57:21,950 --> 00:57:20,160

pre-order it and before any listeners

1544

00:57:24,650 --> 00:57:21,960

get in touch I am in the queue for an

1545

00:57:26,210 --> 00:57:24,660

interview with Mr Bledsoe senior and I

1546

00:57:28,250 --> 00:57:26,220

was in touch with Chris and he said

1547

00:57:29,990 --> 00:57:28,260

here's the details so that one will

1548

00:57:31,849 --> 00:57:30,000

hopefully happen the other time so don't

1549

00:57:34,130 --> 00:57:31,859

worry about that one folks

1550

00:57:35,930 --> 00:57:34,140

um we've talked a lot about experiences

1551

00:57:38,150 --> 00:57:35,940

the maybe more spiritual side of the

1552

00:57:40,190 --> 00:57:38,160

phenomenon so far I wanted to touch on

1553

00:57:42,710 --> 00:57:40,200

the nuts and bolts aspect of the fun on

1554

00:57:44,690 --> 00:57:42,720

phenomenon as we go on Jim we've heard

1555

00:57:46,790 --> 00:57:44,700

over and over about events like the

1556

00:57:49,130 --> 00:57:46,800

Nimitz Princeton the Omaha the Russell

1557

00:57:51,530 --> 00:57:49,140

where we have these objects Tic Tacs

1558

00:57:53,390 --> 00:57:51,540

spheres cubes inside of spheres that are

1559

00:57:55,250 --> 00:57:53,400

coming into contact with these kind of

1560

00:57:57,770 --> 00:57:55,260

carrier groups and Pilots

1561

00:58:00,530 --> 00:57:57,780

all all of these seem to be that the US

1562

00:58:03,230 --> 00:58:00,540

Navy are are being observed by whatever

1563

00:58:06,410 --> 00:58:03,240

these UAP are because we don't hear too

1564

00:58:08,870 --> 00:58:06,420

too much anyway about direct contact or

1565

00:58:11,510 --> 00:58:08,880

being engaged in any threatening way

1566

00:58:17,390 --> 00:58:11,520

do you think that these objects at large

1567

00:58:21,890 --> 00:58:20,630

um I I I I don't think so I think

1568

00:58:24,290 --> 00:58:21,900

anything

1569

00:58:26,030 --> 00:58:24,300

I I you know I don't know I mean that's

1570

00:58:28,730 --> 00:58:26,040

the answer to the question is I don't

1571

00:58:31,730 --> 00:58:28,740

know but but looking at this

1572

00:58:34,370 --> 00:58:31,740

these are these are entities or an

1573

00:58:37,130 --> 00:58:34,380

intelligence that's been around forever

1574

00:58:40,789 --> 00:58:37,140

uh the fact that they're showing up

1575

00:58:43,309 --> 00:58:40,799

in craft that may or may not be real I

1576
00:58:45,349 --> 00:58:43,319
mean that may be physical and subjective

1577
00:58:46,730 --> 00:58:45,359
at the same time

1578
00:58:48,170 --> 00:58:46,740
um that are able to do and it's

1579
00:58:52,069 --> 00:58:48,180
incredible things

1580
00:58:54,650 --> 00:58:52,079
you know are they waving hello to us are

1581
00:58:55,870 --> 00:58:54,660
they basically saying we're here just so

1582
00:58:59,690 --> 00:58:55,880
you know

1583
00:59:01,490 --> 00:58:59,700
uh but this whole idea of them observing

1584
00:59:04,849 --> 00:59:01,500
us there are so many ways to do this

1585
00:59:06,589 --> 00:59:04,859
without showing themselves

1586
00:59:07,970 --> 00:59:06,599
they're creating something I mean

1587
00:59:09,829 --> 00:59:07,980
they're they're they're they're

1588
00:59:12,289 --> 00:59:09,839

basically creating something they're

1589

00:59:14,569 --> 00:59:12,299

creating a theater a piece of theater I

1590

00:59:15,890 --> 00:59:14,579

think where they're saying look you know

1591

00:59:18,049 --> 00:59:15,900

we're here

1592

00:59:19,789 --> 00:59:18,059

you can't make heads or tails of us and

1593

00:59:22,910 --> 00:59:19,799

this is what we can do

1594

00:59:24,410 --> 00:59:22,920

uh but really you really don't know what

1595

00:59:26,150 --> 00:59:24,420

we can do

1596

00:59:28,430 --> 00:59:26,160

um they're precognitive in the sense

1597

00:59:30,109 --> 00:59:28,440

that they appear to know

1598

00:59:31,789 --> 00:59:30,119

you know they could read the future they

1599

00:59:32,930 --> 00:59:31,799

appeared to know what what we're going

1600

00:59:34,609 --> 00:59:32,940

to be doing

1601
00:59:36,950 --> 00:59:34,619
when we don't even know what we're doing

1602
00:59:38,930 --> 00:59:36,960
and they it's it's like

1603
00:59:41,270 --> 00:59:38,940
well there you know it's a classic

1604
00:59:43,190 --> 00:59:41,280
control mechanism in a sense I mean are

1605
00:59:45,470 --> 00:59:43,200
they directing us I mean are they really

1606
00:59:47,450 --> 00:59:45,480
sort of moving the chess pieces for us

1607
00:59:49,370 --> 00:59:47,460
and we're not even aware of it I don't

1608
00:59:51,410 --> 00:59:49,380
know it's mind-boggling to even think of

1609
00:59:52,549 --> 00:59:51,420
all this

1610
00:59:55,250 --> 00:59:52,559
um you know this whole even this whole

1611
00:59:59,270 --> 00:59:55,260
concept with hybridization and things

1612
01:00:02,270 --> 01:00:00,589
but you really have to tell people

1613
01:00:04,370 --> 01:00:02,280

you're doing this I mean you know

1614

01:00:06,170 --> 01:00:04,380

wouldn't you just do it and put a false

1615

01:00:07,789 --> 01:00:06,180

memory in there and you know I mean I

1616

01:00:10,130 --> 01:00:07,799

remember in passport to begonia you know

1617

01:00:12,470 --> 01:00:10,140

the new book The Jacques thing where he

1618

01:00:14,089 --> 01:00:12,480

had an alien with a mask and then the

1619

01:00:16,609 --> 01:00:14,099

mask had another mask and another mouse

1620

01:00:18,230 --> 01:00:16,619

you don't know how far you know you

1621

01:00:20,630 --> 01:00:18,240

don't know I mean it's it's and it

1622

01:00:22,849 --> 01:00:20,640

creates this I mean it clearly is to me

1623

01:00:25,549 --> 01:00:22,859

at least it's it's it it deliberately

1624

01:00:27,890 --> 01:00:25,559

created this illusion right

1625

01:00:30,530 --> 01:00:27,900

and um and it's I think it's meant to

1626

01:00:33,230 --> 01:00:30,540

confuse us and confound us

1627

01:00:34,670 --> 01:00:33,240

um uh and and you know it's it's very

1628

01:00:35,270 --> 01:00:34,680

disturbing and I

1629

01:00:37,370 --> 01:00:35,280

um

1630

01:00:41,210 --> 01:00:37,380

you know people

1631

01:00:44,210 --> 01:00:41,220

you know get angry with the government

1632

01:00:45,589 --> 01:00:44,220

about not coming out you know with what

1633

01:00:50,329 --> 01:00:45,599

they know

1634

01:00:54,770 --> 01:00:50,339

and um I I am of the opinion and that

1635

01:00:56,990 --> 01:00:54,780

they don't know much more than we do I

1636

01:01:00,470 --> 01:00:57,000

I I'll speak hypothetically here

1637

01:01:03,049 --> 01:01:00,480

you know do they have physical evidence

1638

01:01:04,970 --> 01:01:03,059

hypothetically speaking in my opinion I

1639

01:01:07,910 --> 01:01:04,980

think they do

1640

01:01:10,809 --> 01:01:07,920

um do they understand what they have

1641

01:01:13,430 --> 01:01:10,819

hypothetically in my opinion I doubt it

1642

01:01:14,530 --> 01:01:13,440

uh uh

1643

01:01:19,010 --> 01:01:14,540

and

1644

01:01:22,670 --> 01:01:19,020

my belief my that belief is based on

1645

01:01:24,470 --> 01:01:22,680

um information I know for a fact

1646

01:01:25,490 --> 01:01:24,480

about

1647

01:01:27,410 --> 01:01:25,500

um

1648

01:01:36,230 --> 01:01:27,420

uh

1649

01:01:38,390 --> 01:01:36,240

money right it's funding and you fight

1650

01:01:40,010 --> 01:01:38,400

for that money and everybody fights for

1651
01:01:42,410 --> 01:01:40,020
the money right you know if you've ever

1652
01:01:44,990 --> 01:01:42,420
been to a pentagon uh meeting with a

1653
01:01:46,730 --> 01:01:45,000
quote-unquote rack and stack projects I

1654
01:01:48,470 --> 01:01:46,740
mean the knives come out I mean you know

1655
01:01:50,089 --> 01:01:48,480
because you're talking you know 50

1656
01:01:51,710 --> 01:01:50,099
million dollar programs and this is even

1657
01:01:53,990 --> 01:01:51,720
the big the billion dollar programs

1658
01:01:55,849 --> 01:01:54,000
those are all set in stone usually at a

1659
01:01:57,289 --> 01:01:55,859
higher level when you start fighting for

1660
01:01:59,990 --> 01:01:57,299
small amounts of money you know when I

1661
01:02:02,930 --> 01:02:00,000
say small 20 50 100 million dollars

1662
01:02:05,930 --> 01:02:02,940
the knives come out

1663
01:02:08,210 --> 01:02:05,940

um and if you want a continuation of a

1664

01:02:10,010 --> 01:02:08,220

project you had better show some kind of

1665

01:02:12,950 --> 01:02:10,020

success

1666

01:02:14,750 --> 01:02:12,960

um think about think about uaps and

1667

01:02:18,289 --> 01:02:14,760

think about the phenomenon

1668

01:02:21,170 --> 01:02:18,299

and let's say in 1947

1669

01:02:22,849 --> 01:02:21,180

um the Air Force decides look we can't

1670

01:02:24,829 --> 01:02:22,859

ignore this if it's a one in ten

1671

01:02:26,930 --> 01:02:24,839

thousand chance this is real and you

1672

01:02:28,549 --> 01:02:26,940

know one of the Air Force commanders did

1673

01:02:31,549 --> 01:02:28,559

say this right I don't attempt for that

1674

01:02:33,589 --> 01:02:31,559

we have to look at it cias of the same

1675

01:02:37,010 --> 01:02:33,599

opinion CI is saying look you know we

1676

01:02:38,750 --> 01:02:37,020

don't understand any of this uh we but

1677

01:02:40,010 --> 01:02:38,760

the chances are it you know it's

1678

01:02:41,870 --> 01:02:40,020

probably real

1679

01:02:43,970 --> 01:02:41,880

um uh but we don't know what it is it

1680

01:02:45,770 --> 01:02:43,980

doesn't seem to want to do any major

1681

01:02:49,069 --> 01:02:45,780

damage to anything but we need to look

1682

01:02:50,809 --> 01:02:49,079

at this and CIA statute basically said

1683

01:02:51,950 --> 01:02:50,819

they're they're the ones that have to

1684

01:02:53,690 --> 01:02:51,960

pull all this together from the

1685

01:02:54,950 --> 01:02:53,700

different agencies and what have you do

1686

01:02:56,750 --> 01:02:54,960

you honestly think they weren't doing

1687

01:02:58,069 --> 01:02:56,760

this of course they were doing this of

1688

01:03:00,170 --> 01:02:58,079

course they had programs but those

1689

01:03:02,809 --> 01:03:00,180

programs they get funding for those

1690

01:03:05,210 --> 01:03:02,819

programs you have to show some type of

1691

01:03:07,670 --> 01:03:05,220

progress well how the hell are you going

1692

01:03:09,049 --> 01:03:07,680

to explain the impossible to anybody I

1693

01:03:11,089 --> 01:03:09,059

mean how are you supposed to make any

1694

01:03:13,309 --> 01:03:11,099

process at all I'm a progress at all

1695

01:03:15,829 --> 01:03:13,319

when you're dealing with technology nuts

1696

01:03:18,789 --> 01:03:15,839

and bills technology that may be the

1697

01:03:21,589 --> 01:03:18,799

you know one to two orders of magnitude

1698

01:03:23,690 --> 01:03:21,599

greater than what you understand or what

1699

01:03:26,569 --> 01:03:23,700

you're what you're but it's possible for

1700

01:03:29,930 --> 01:03:26,579

you to understand and and that becomes

1701

01:03:31,190 --> 01:03:29,940

readily apparent so uh based on my uh

1702

01:03:33,530 --> 01:03:31,200

you know my working with the

1703

01:03:34,730 --> 01:03:33,540

intelligence organization and I dealt

1704

01:03:36,289 --> 01:03:34,740

with a lot of high-tech stuff while I

1705

01:03:37,970 --> 01:03:36,299

was in CIA

1706

01:03:40,250 --> 01:03:37,980

um

1707

01:03:42,710 --> 01:03:40,260

you if you don't make any project

1708

01:03:44,630 --> 01:03:42,720

process you have to sort of put it aside

1709

01:03:46,010 --> 01:03:44,640

and you have to say okay we're not there

1710

01:03:49,190 --> 01:03:46,020

yet we don't have the tools to

1711

01:03:51,470 --> 01:03:49,200

understand this let's just wait and see

1712

01:03:52,789 --> 01:03:51,480

if when new technology comes up we can

1713

01:03:55,670 --> 01:03:52,799

revisit it and I think that's what's

1714

01:03:57,589 --> 01:03:55,680
been going on but I don't think

1715

01:04:00,230 --> 01:03:57,599
um I don't think we're there yet

1716

01:04:02,089 --> 01:04:00,240
so my point is

1717

01:04:04,730 --> 01:04:02,099
uh would be

1718

01:04:06,770 --> 01:04:04,740
um they get I'm sure that there's money

1719

01:04:08,630 --> 01:04:06,780
uh being thrown at this I think the Navy

1720

01:04:11,030 --> 01:04:08,640
program the OSAP and the atip program

1721

01:04:13,549 --> 01:04:11,040
was a very very small program

1722

01:04:15,289 --> 01:04:13,559
really singled out by the Navy I don't

1723

01:04:16,549 --> 01:04:15,299
think it was any part of a much greater

1724

01:04:19,549 --> 01:04:16,559
program that's probably you're out there

1725

01:04:22,069 --> 01:04:19,559
Legacy programs that are out there

1726

01:04:24,049 --> 01:04:22,079

um uh they're being hidden I think for

1727

01:04:27,589 --> 01:04:24,059

some reason you know and I'm sure it's a

1728

01:04:29,329 --> 01:04:27,599

good reason uh uh you know people say

1729

01:04:31,910 --> 01:04:29,339

well we have a right to know absolutely

1730

01:04:34,130 --> 01:04:31,920

we have it right now but seriously

1731

01:04:35,630 --> 01:04:34,140

what's not to know I mean you know I

1732

01:04:37,370 --> 01:04:35,640

mean if the government is basically not

1733

01:04:38,990 --> 01:04:37,380

telling you something

1734

01:04:40,370 --> 01:04:39,000

I'd like to give them the benefit of

1735

01:04:42,049 --> 01:04:40,380

Doubt and say okay you're not telling me

1736

01:04:44,030 --> 01:04:42,059

for you know one or two reasons number

1737

01:04:45,950 --> 01:04:44,040

one we're working on trying to reimburse

1738

01:04:47,329 --> 01:04:45,960

uh reverse engineer to technology even

1739

01:04:48,710 --> 01:04:47,339

though we don't know how we can do it

1740

01:04:50,390 --> 01:04:48,720

but nevertheless we're making some ad

1741

01:04:52,970 --> 01:04:50,400

way so they don't want anybody else to

1742

01:04:55,670 --> 01:04:52,980

know about it understandable

1743

01:04:59,750 --> 01:04:55,680

um uh or

1744

01:05:02,690 --> 01:04:59,760

the scary part is they do know and

1745

01:05:04,069 --> 01:05:02,700

they they end up with something that is

1746

01:05:08,089 --> 01:05:04,079

so frightening

1747

01:05:10,250 --> 01:05:08,099

general population of the world they

1748

01:05:11,690 --> 01:05:10,260

don't want to discuss it they know it

1749

01:05:13,789 --> 01:05:11,700

would cause more problems than it would

1750

01:05:16,130 --> 01:05:13,799

be worth so that's sort of where I stand

1751

01:05:18,829 --> 01:05:16,140

and so I I say

1752

01:05:21,589 --> 01:05:18,839

well let them sit on it they don't own

1753

01:05:23,630 --> 01:05:21,599

this we own this there's nothing they

1754

01:05:26,569 --> 01:05:23,640

can do that we can't do on the outside

1755

01:05:28,370 --> 01:05:26,579

that we can't do privately we have the

1756

01:05:29,690 --> 01:05:28,380

brain power out there we have and we

1757

01:05:31,430 --> 01:05:29,700

have the money is out there we're just

1758

01:05:33,170 --> 01:05:31,440

trying to get a hold of it right to to

1759

01:05:35,329 --> 01:05:33,180

actually start doing the research there

1760

01:05:36,650 --> 01:05:35,339

we shouldn't be waiting for the

1761

01:05:38,329 --> 01:05:36,660

government to tell us anything the

1762

01:05:40,370 --> 01:05:38,339

government exists for one reason you

1763

01:05:42,049 --> 01:05:40,380

know I mean the security establishment

1764

01:05:44,809 --> 01:05:42,059

that's a defense of the United States

1765

01:05:46,490 --> 01:05:44,819

that's it so all they're concerned about

1766

01:05:48,470 --> 01:05:46,500

is that if you read the you know the

1767

01:05:50,750 --> 01:05:48,480

National Defense authorization act it's

1768

01:05:52,130 --> 01:05:50,760

it's it's basically saying look we're

1769

01:05:53,930 --> 01:05:52,140

going to look at this so there's no more

1770

01:05:55,849 --> 01:05:53,940

Pearl Harbors that's all they want to do

1771

01:05:57,950 --> 01:05:55,859

so they're going to look at and then how

1772

01:05:58,849 --> 01:05:57,960

can weaponize the technology that's what

1773

01:06:00,770 --> 01:05:58,859

they're about

1774

01:06:02,510 --> 01:06:00,780

that's not what you're about and that's

1775

01:06:04,250 --> 01:06:02,520

certainly not what I'm about and what

1776

01:06:06,230 --> 01:06:04,260

most of the UFO Community is about we

1777

01:06:07,609 --> 01:06:06,240

want to get to the bottom of this

1778

01:06:09,770 --> 01:06:07,619

why the hell are we waiting for the

1779

01:06:11,630 --> 01:06:09,780

government who has a single mind on this

1780

01:06:13,309 --> 01:06:11,640

right and and they're not and you know

1781

01:06:15,829 --> 01:06:13,319

and why would they share it tell a

1782

01:06:18,890 --> 01:06:15,839

friend you tell an enemy we have to do

1783

01:06:21,049 --> 01:06:18,900

this that was the purpose of TTS tsa

1784

01:06:23,030 --> 01:06:21,059

when it started that's that's the

1785

01:06:25,910 --> 01:06:23,040

purpose of mufon that's the purpose of

1786

01:06:28,069 --> 01:06:25,920

every single UFO or UAP organization out

1787

01:06:30,170 --> 01:06:28,079

there that's a that's what Abby Loeb

1788

01:06:31,609 --> 01:06:30,180

wants to do you know with his antennas

1789

01:06:34,069 --> 01:06:31,619

and his telescopes and everything like

1790

01:06:36,890 --> 01:06:34,079

that it's great project

1791

01:06:38,569 --> 01:06:36,900

um but you know they want to do it

1792

01:06:40,010 --> 01:06:38,579

without the help of the government would

1793

01:06:41,150 --> 01:06:40,020

it be nice if the government gave us

1794

01:06:42,770 --> 01:06:41,160

money yes

1795

01:06:44,569 --> 01:06:42,780

they're not going to do that

1796

01:06:47,210 --> 01:06:44,579

obviously the government has a lot of

1797

01:06:48,890 --> 01:06:47,220

control over when these events happen

1798

01:06:51,109 --> 01:06:48,900

with the Navy they are Force whatever

1799

01:06:54,109 --> 01:06:51,119

that may happen nuclear sites and such

1800

01:06:56,329 --> 01:06:54,119

however there are numerous other events

1801
01:06:59,210 --> 01:06:56,339
like the Phoenix Lights that is well

1802
01:07:01,190 --> 01:06:59,220
documented however frustratingly lacking

1803
01:07:02,930 --> 01:07:01,200
in data that we know of because of when

1804
01:07:05,150 --> 01:07:02,940
it happened it was just before cell

1805
01:07:07,309 --> 01:07:05,160
phones had cameras and cameras were

1806
01:07:09,470 --> 01:07:07,319
largely available however there have

1807
01:07:13,010 --> 01:07:09,480
been public landings like the Ariel

1808
01:07:16,010 --> 01:07:13,020
school where apparently a craft landed

1809
01:07:17,750 --> 01:07:16,020
near school children almost 100 of them

1810
01:07:19,549 --> 01:07:17,760
observed this and we've seen the

1811
01:07:22,309 --> 01:07:19,559
Fantastic documentary that came out this

1812
01:07:23,690 --> 01:07:22,319
year the moment of contact documentary

1813
01:07:25,910 --> 01:07:23,700

is due out in a couple of weeks from

1814

01:07:28,670 --> 01:07:25,920

James Fox about the Virginia Brazil

1815

01:07:31,069 --> 01:07:28,680

incident as well white is a phenomenon

1816

01:07:35,510 --> 01:07:31,079

choose to show itself in your opinion to

1817

01:07:39,470 --> 01:07:35,520

to some people and such a a Brash way

1818

01:07:42,230 --> 01:07:39,480

yet for others it's hidden in the sky at

1819

01:07:45,890 --> 01:07:42,240

a distance very spurious hard to collect

1820

01:07:47,270 --> 01:07:45,900

data why is it so haphazard in its

1821

01:07:48,529 --> 01:07:47,280

presentation do you think when it could

1822

01:07:51,049 --> 01:07:48,539

just land in the middle of New York

1823

01:07:58,789 --> 01:07:55,490

you know I I grew up in a town called

1824

01:08:01,430 --> 01:07:58,799

Youngstown Ohio Rough and Tumble

1825

01:08:03,650 --> 01:08:01,440

and my Youngstown answer would be

1826

01:08:05,569 --> 01:08:03,660

because they're because they

1827

01:08:07,309 --> 01:08:05,579

basically screw with us right they're

1828

01:08:09,109 --> 01:08:07,319

just screwing with us and and you know

1829

01:08:12,770 --> 01:08:09,119

not now

1830

01:08:14,690 --> 01:08:12,780

that's how I feel inside it's like um

1831

01:08:16,249 --> 01:08:14,700

you know

1832

01:08:17,930 --> 01:08:16,259

kids I grew up that's what we would say

1833

01:08:19,610 --> 01:08:17,940

you know I think quit screwing with our

1834

01:08:20,990 --> 01:08:19,620

heads you know you you Bunch

1835

01:08:23,090 --> 01:08:21,000

well they they're doing this they're

1836

01:08:24,470 --> 01:08:23,100

constantly doing this

1837

01:08:26,169 --> 01:08:24,480

um that's that trickster element to it

1838

01:08:29,630 --> 01:08:26,179

but it's also an element of of

1839

01:08:31,729 --> 01:08:29,640

obfuscation uh camouflage

1840

01:08:33,410 --> 01:08:31,739

there's a reason they're doing that I

1841

01:08:37,070 --> 01:08:33,420

don't know what that reason is

1842

01:08:41,749 --> 01:08:38,930

um and you know there's an element to it

1843

01:08:43,970 --> 01:08:41,759

again that's scary I mean I you know one

1844

01:08:45,410 --> 01:08:43,980

of my one of my friends who and one of

1845

01:08:48,229 --> 01:08:45,420

probably one of the best researchers in

1846

01:08:50,269 --> 01:08:48,239

the field Robert Hastings uh you know

1847

01:08:52,610 --> 01:08:50,279

who wrote you know UFOs and nukes and

1848

01:08:54,530 --> 01:08:52,620

confessions uh two wonderful books um

1849

01:08:57,530 --> 01:08:54,540

people haven't read them and you should

1850

01:08:59,709 --> 01:08:57,540

read them but we had conversations and

1851
01:09:04,370 --> 01:08:59,719
and uh Robert

1852
01:09:06,530 --> 01:09:04,380
calls it the mere response and um and I

1853
01:09:08,150 --> 01:09:06,540
had I you know and I I asked him what he

1854
01:09:10,550 --> 01:09:08,160
meant by that and he said it's funny

1855
01:09:12,530 --> 01:09:10,560
because he's had experiences and he said

1856
01:09:15,110 --> 01:09:12,540
after the experience he just you know

1857
01:09:16,789 --> 01:09:15,120
even with my wife and I we had this

1858
01:09:18,650 --> 01:09:16,799
this incredible experience I was really

1859
01:09:21,530 --> 01:09:18,660
excited and after like a while I was

1860
01:09:24,349 --> 01:09:21,540
like Hey gotta go on with my life

1861
01:09:28,030 --> 01:09:24,359
um uh I I had a I'll give you a one

1862
01:09:29,749 --> 01:09:28,040
quick example uh uh I was at a

1863
01:09:33,410 --> 01:09:29,759

awake

1864

01:09:36,470 --> 01:09:33,420

for um uh my one of my wife's mentors a

1865

01:09:40,450 --> 01:09:36,480

very well-known uh

1866

01:09:43,849 --> 01:09:40,460

biologist uh who um

1867

01:09:45,709 --> 01:09:43,859

discovered the opiate receptors in the

1868

01:09:48,590 --> 01:09:45,719

brain and she's wonderful wonderful

1869

01:09:52,070 --> 01:09:48,600

person wrote a bunch of books uh and

1870

01:09:53,390 --> 01:09:52,080

we're at this wake and um there's a

1871

01:09:55,370 --> 01:09:53,400

bunch of people gather around mostly

1872

01:09:58,790 --> 01:09:55,380

scientists I didn't know

1873

01:10:01,070 --> 01:09:58,800

um I ran into a scientist I won't tell

1874

01:10:03,229 --> 01:10:01,080

her name Harvard trained and she tells

1875

01:10:05,750 --> 01:10:03,239

me this story and

1876

01:10:08,870 --> 01:10:05,760

um she was um she lived out west

1877

01:10:10,310 --> 01:10:08,880

Colorado or someplace and she was and

1878

01:10:12,229 --> 01:10:10,320

her husband were getting ready to go out

1879

01:10:14,390 --> 01:10:12,239

or something and she had a she was in

1880

01:10:17,390 --> 01:10:14,400

her bedroom and she had a robe on and

1881

01:10:20,209 --> 01:10:17,400

she had a little porch

1882

01:10:22,610 --> 01:10:20,219

off and she was on the side of a hill

1883

01:10:25,430 --> 01:10:22,620

and she notices something funny she goes

1884

01:10:29,390 --> 01:10:25,440

out on the porch and she looks up and

1885

01:10:32,290 --> 01:10:29,400

300 feet away is a disc right classic

1886

01:10:34,970 --> 01:10:32,300

Flying Saucer right little Dome on top

1887

01:10:37,910 --> 01:10:34,980

inverted saucers together

1888

01:10:39,950 --> 01:10:37,920

now Harvard PhD

1889

01:10:42,890 --> 01:10:39,960

she's staring at it

1890

01:10:45,530 --> 01:10:42,900

and she can't believe her eyes

1891

01:10:47,570 --> 01:10:45,540

but she knows enough to go in and and

1892

01:10:50,450 --> 01:10:47,580

get her husband you know and said you

1893

01:10:53,689 --> 01:10:50,460

know get a camera come on out

1894

01:10:55,010 --> 01:10:53,699

so the husband knows you know what the

1895

01:10:56,930 --> 01:10:55,020

hell you know you know we've got to get

1896

01:10:59,090 --> 01:10:56,940

going no no come out get the camera and

1897

01:11:01,370 --> 01:10:59,100

so he comes out on the camera and

1898

01:11:03,050 --> 01:11:01,380

they're both staying there never took a

1899

01:11:05,030 --> 01:11:03,060

picture

1900

01:11:06,830 --> 01:11:05,040

this thing was there and she said for

1901

01:11:09,830 --> 01:11:06,840

about two or three minutes

1902

01:11:12,050 --> 01:11:09,840

and he never thought of picking that

1903

01:11:13,450 --> 01:11:12,060

camera up and taking that photograph it

1904

01:11:16,550 --> 01:11:13,460

would have been the photograph of the

1905

01:11:18,770 --> 01:11:16,560

Millennia right

1906

01:11:20,689 --> 01:11:18,780

thing takes off shoot straight up into

1907

01:11:23,030 --> 01:11:20,699

the sky you know it was like it was

1908

01:11:24,950 --> 01:11:23,040

there and it wasn't there just gone they

1909

01:11:28,610 --> 01:11:24,960

come back in

1910

01:11:32,689 --> 01:11:28,620

and they didn't discuss it

1911

01:11:34,910 --> 01:11:32,699

um at all they just went ahead took

1912

01:11:37,790 --> 01:11:34,920

their showers got ready got dressed went

1913

01:11:39,530 --> 01:11:37,800

to the went to the thing and she said he

1914

01:11:42,950 --> 01:11:39,540

just never discussed it as a husband and

1915

01:11:44,330 --> 01:11:42,960

wife until long after it happened

1916

01:11:46,189 --> 01:11:44,340

and they still don't know what to make

1917

01:11:47,689 --> 01:11:46,199

of it and I remember Robert you know

1918

01:11:49,850 --> 01:11:47,699

Hastings telling me yeah it's sort of

1919

01:11:51,830 --> 01:11:49,860

like the you know this response is like

1920

01:11:53,510 --> 01:11:51,840

these things happen and a lot of people

1921

01:11:54,590 --> 01:11:53,520

when they have these you know hundreds

1922

01:11:57,770 --> 01:11:54,600

of thousands of people have had this

1923

01:12:00,890 --> 01:11:57,780

experience like wow isn't that strange

1924

01:12:02,570 --> 01:12:00,900

I another one uh you know a a young man

1925

01:12:04,370 --> 01:12:02,580

and I I

1926

01:12:06,169 --> 01:12:04,380

you know had a conversation we have been

1927

01:12:07,130 --> 01:12:06,179

having conversations with for the last

1928

01:12:08,870 --> 01:12:07,140

six months

1929

01:12:10,250 --> 01:12:08,880

you know telling me about his experience

1930

01:12:12,590 --> 01:12:10,260

he had

1931

01:12:13,850 --> 01:12:12,600

driving near White Sands Missile base at

1932

01:12:15,350 --> 01:12:13,860

night with a bunch of other military

1933

01:12:17,390 --> 01:12:15,360

guys and

1934

01:12:20,570 --> 01:12:17,400

they get this big light that shines down

1935

01:12:22,010 --> 01:12:20,580

on their vehicle

1936

01:12:25,070 --> 01:12:22,020

and

1937

01:12:26,149 --> 01:12:25,080

somebody's saying it's it's an object or

1938

01:12:29,450 --> 01:12:26,159

whatever it looks like a blue light

1939

01:12:31,370 --> 01:12:29,460

comes into the vehicle and they stopped

1940

01:12:34,669 --> 01:12:31,380

the car and that's all they remember

1941

01:12:36,530 --> 01:12:34,679

there was like four or five of them and

1942

01:12:38,870 --> 01:12:36,540

then the next thing they know they're

1943

01:12:40,189 --> 01:12:38,880

just driving down the road to wherever

1944

01:12:42,229 --> 01:12:40,199

they were going

1945

01:12:43,729 --> 01:12:42,239

and it was the first time he'd even

1946

01:12:46,550 --> 01:12:43,739

mention it since it happened but he

1947

01:12:49,189 --> 01:12:46,560

mentioned it to me like 20 years later

1948

01:12:50,810 --> 01:12:49,199

and he said I don't know why we didn't

1949

01:12:54,770 --> 01:12:50,820

even talk about it it was just something

1950

01:12:56,990 --> 01:12:54,780

that so you know what's going on here

1951

01:12:57,830 --> 01:12:57,000

um you know it's it's the phenomenon I

1952

01:13:00,890 --> 01:12:57,840

think

1953

01:13:07,510 --> 01:13:04,610

either imposing some type of cloud of

1954

01:13:10,189 --> 01:13:07,520

you know uh cloudiness over our our

1955

01:13:12,470 --> 01:13:10,199

fogginess over our minds or maybe

1956

01:13:16,070 --> 01:13:12,480

instructing us not to do that not to

1957

01:13:19,070 --> 01:13:16,080

discuss it not to discuss it openly or

1958

01:13:20,930 --> 01:13:19,080

putting it off until long after the

1959

01:13:25,070 --> 01:13:20,940

event has occurred

1960

01:13:27,709 --> 01:13:25,080

uh you know once again it's it's not a

1961

01:13:31,250 --> 01:13:27,719

uh a trusted interlocutor

1962

01:13:33,770 --> 01:13:31,260

by any stretch of the imagination so

1963

01:13:34,850 --> 01:13:33,780

let me give you an example I you know I

1964

01:13:36,950 --> 01:13:34,860

I mentioned this before in another

1965

01:13:38,750 --> 01:13:36,960

podcast I was visited once by a

1966

01:13:39,890 --> 01:13:38,760

quote-unquote messenger being you know

1967

01:13:41,630 --> 01:13:39,900

there's a little

1968

01:13:43,490 --> 01:13:41,640

hooded figures that came into my bedroom

1969

01:13:45,709 --> 01:13:43,500

this is probably not a lot longer than

1970

01:13:47,390 --> 01:13:45,719

five or six years ago seven years ago

1971

01:13:50,810 --> 01:13:47,400

and it was the only other appearance and

1972

01:13:52,310 --> 01:13:50,820

he came in and looking at each other and

1973

01:13:54,830 --> 01:13:52,320

make a long story short it just

1974

01:13:56,810 --> 01:13:54,840

disappears I'm wide awake uh you know

1975

01:13:59,030 --> 01:13:56,820

not the least bit afraid

1976

01:14:00,350 --> 01:13:59,040

and my response wasn't wake up my wife

1977

01:14:02,330 --> 01:14:00,360

you wouldn't believe what the hell just

1978

01:14:06,590 --> 01:14:02,340

came into the bedroom again

1979

01:14:08,450 --> 01:14:06,600

it was yeah you know what the bad what

1980

01:14:09,110 --> 01:14:08,460

the covers up next morning got up you

1981

01:14:10,550 --> 01:14:09,120

know

1982

01:14:12,530 --> 01:14:10,560

um and it was a messenger and I found

1983

01:14:14,570 --> 01:14:12,540

out my friend died and it's probably

1984

01:14:15,590 --> 01:14:14,580

that's what it was about I'm sure but I

1985

01:14:17,570 --> 01:14:15,600

remember

1986

01:14:20,209 --> 01:14:17,580

thinking I better call up so-and-so you

1987

01:14:22,430 --> 01:14:20,219

know the head of this uh he was ahead of

1988

01:14:24,050 --> 01:14:22,440

this um he was a doctor ahead of head of

1989

01:14:26,450 --> 01:14:24,060

this program that my wife and I were

1990

01:14:28,910 --> 01:14:26,460

involved in and still are about people

1991

01:14:31,189 --> 01:14:28,920

that have had these experiences

1992

01:14:33,350 --> 01:14:31,199

and uh and he said well you know you

1993

01:14:34,610 --> 01:14:33,360

should try to re-contact it was clearly

1994

01:14:36,590 --> 01:14:34,620

a contact

1995

01:14:38,390 --> 01:14:36,600

you should go back in contact and I said

1996

01:14:39,709 --> 01:14:38,400

I'm not contacting that and I want to

1997

01:14:41,209 --> 01:14:39,719

contact that I want anything to do with

1998

01:14:42,350 --> 01:14:41,219

that damn thing you know I don't know

1999

01:14:44,330 --> 01:14:42,360

what the hell it was I don't want it in

2000

01:14:46,850 --> 01:14:44,340

my life I didn't want to open up any

2001
01:14:48,050 --> 01:14:46,860
kind of pathway with that and I know a

2002
01:14:49,669 --> 01:14:48,060
lot of people tell me ah you know you

2003
01:14:51,169 --> 01:14:49,679
know you know this was these are

2004
01:14:52,729 --> 01:14:51,179
invitations you should be taking these

2005
01:14:54,649 --> 01:14:52,739
and I'm saying well easy for you to say

2006
01:14:56,270 --> 01:14:54,659
if I knew what the hell it was if it

2007
01:14:58,430 --> 01:14:56,280
introduced itself and say hey how are

2008
01:15:00,290 --> 01:14:58,440
you my name is you know I still would be

2009
01:15:02,390 --> 01:15:00,300
skeptical highly skeptical

2010
01:15:04,130 --> 01:15:02,400
but nevertheless it doesn't give you

2011
01:15:07,070 --> 01:15:04,140
that opportunity does it it it it it

2012
01:15:09,110 --> 01:15:07,080
just walls itself off and most

2013
01:15:11,390 --> 01:15:09,120

experiences are like that it doesn't

2014

01:15:12,830 --> 01:15:11,400

allow this this back and forth you know

2015

01:15:14,870 --> 01:15:12,840

they said well they'll come back in

2016

01:15:17,750 --> 01:15:14,880

three years it'll pick you up and you

2017

01:15:19,550 --> 01:15:17,760

have these those are contact experiences

2018

01:15:22,370 --> 01:15:19,560

but can you actually trust those

2019

01:15:25,130 --> 01:15:22,380

experiences that they are actually what

2020

01:15:26,630 --> 01:15:25,140

they are I'd be very doubtful that that

2021

01:15:28,010 --> 01:15:26,640

I in other words I wouldn't bet a

2022

01:15:29,689 --> 01:15:28,020

paycheck on it

2023

01:15:31,490 --> 01:15:29,699

just before even though it seems you

2024

01:15:33,169 --> 01:15:31,500

know very real yeah so thanks for

2025

01:15:35,030 --> 01:15:33,179

sharing those stories as well and that

2026

01:15:37,130 --> 01:15:35,040

last one you told a little more expanded

2027

01:15:38,510 --> 01:15:37,140

on the UAP studies podcast I recommend

2028

01:15:41,030 --> 01:15:38,520

people check that one out I think you

2029

01:15:42,649 --> 01:15:41,040

were on just a week or two ago on that

2030

01:15:43,970 --> 01:15:42,659

that one so people should check out as

2031

01:15:46,189 --> 01:15:43,980

well because I think it's a very

2032

01:15:48,470 --> 01:15:46,199

different to what we've discussed on

2033

01:15:49,850 --> 01:15:48,480

here and it'll complement it very well

2034

01:15:51,350 --> 01:15:49,860

um before we get to listen our questions

2035

01:15:53,689 --> 01:15:51,360

Jim you've been building with your time

2036

01:15:55,310 --> 01:15:53,699

I want to ask you one more thing on the

2037

01:15:57,830 --> 01:15:55,320

legislation moving through Congress

2038

01:15:59,810 --> 01:15:57,840

shows that a unanimous bipartisan

2039

01:16:01,450 --> 01:15:59,820

support in a way that is very rare

2040

01:16:03,890 --> 01:16:01,460

especially in the U.S political system

2041

01:16:05,990 --> 01:16:03,900

and this legislation it strongly

2042

01:16:08,330 --> 01:16:06,000

suggested that Congress isn't interested

2043

01:16:10,189 --> 01:16:08,340

in anything man-made and that some

2044

01:16:12,410 --> 01:16:10,199

whistleblowers are hopefully ready to

2045

01:16:14,630 --> 01:16:12,420

come forward how involved are you into

2046

01:16:16,610 --> 01:16:14,640

the stars with this side of things and

2047

01:16:19,790 --> 01:16:16,620

have you heard any testimony from

2048

01:16:23,930 --> 01:16:21,890

um I l'm in touch with

2049

01:16:25,850 --> 01:16:23,940

um people involved

2050

01:16:27,050 --> 01:16:25,860

in the task force

2051

01:16:32,750 --> 01:16:27,060

and

2052

01:16:35,149 --> 01:16:32,760

you know it's just like they call up ask

2053

01:16:37,010 --> 01:16:35,159

me questions things along those lines

2054

01:16:40,189 --> 01:16:37,020

um but it's moving forward

2055

01:16:42,410 --> 01:16:40,199

um uh the uh um

2056

01:16:44,510 --> 01:16:42,420

the big story really is here and this is

2057

01:16:48,830 --> 01:16:44,520

through the efforts and I you know of

2058

01:16:51,530 --> 01:16:48,840

mostly Chris melon and and Lou Elizondo

2059

01:16:54,050 --> 01:16:51,540

I think they've done us really a

2060

01:16:57,410 --> 01:16:54,060

spectacular job of getting to the right

2061

01:16:58,970 --> 01:16:57,420

people in Congress into the and

2062

01:17:00,649 --> 01:16:58,980

hipsy you know Senate select committee

2063

01:17:02,030 --> 01:17:00,659

on intelligence and house permanent

2064

01:17:04,669 --> 01:17:02,040

select committee on intelligence the

2065

01:17:07,669 --> 01:17:04,679

armed services committee

2066

01:17:09,410 --> 01:17:07,679

um and other committees and basically uh

2067

01:17:10,669 --> 01:17:09,420

um you know

2068

01:17:13,010 --> 01:17:10,679

um

2069

01:17:14,750 --> 01:17:13,020

you know where their Primary

2070

01:17:17,030 --> 01:17:14,760

interlocutors getting the Navy to come

2071

01:17:18,830 --> 01:17:17,040

in and and and and to brief them on this

2072

01:17:21,110 --> 01:17:18,840

one small aspect

2073

01:17:23,149 --> 01:17:21,120

of of what was happening and I think

2074

01:17:25,790 --> 01:17:23,159

when the congressmen and senators were

2075

01:17:29,930 --> 01:17:25,800

shown the data

2076

01:17:33,110 --> 01:17:29,940

um and shown a much more extensive uh of

2077

01:17:35,209 --> 01:17:33,120

video uh videos and um other data I

2078

01:17:38,689 --> 01:17:35,219

think they were sort of taken aback

2079

01:17:41,649 --> 01:17:38,699

this whole nonsense of

2080

01:17:44,209 --> 01:17:41,659

that's out there that oh it's you know

2081

01:17:47,169 --> 01:17:44,219

Chinese or it's Russian I mean I've said

2082

01:17:50,810 --> 01:17:47,179

this before countless times no it's not

2083

01:17:52,490 --> 01:17:50,820

it absolutely is not and everybody knows

2084

01:17:55,550 --> 01:17:52,500

it's not everybody knows we have an

2085

01:17:58,610 --> 01:17:55,560

issue here and the issue is we don't

2086

01:18:01,130 --> 01:17:58,620

know what's in our airspace

2087

01:18:02,930 --> 01:18:01,140

um and uh and we need to find out what

2088

01:18:05,810 --> 01:18:02,940

that is

2089

01:18:07,729 --> 01:18:05,820

um and um and I know uh senators and

2090

01:18:09,169 --> 01:18:07,739

congressmen will use a well that you

2091

01:18:11,570 --> 01:18:09,179

know if it is a you know foreign

2092

01:18:13,610 --> 01:18:11,580

adversary it really it's not a foreign

2093

01:18:15,229 --> 01:18:13,620

adversary if it was a four if it was a

2094

01:18:16,729 --> 01:18:15,239

foreign adversary trust me you know

2095

01:18:19,669 --> 01:18:16,739

Russia would be running the world as

2096

01:18:21,110 --> 01:18:19,679

with China uh uh with this technology no

2097

01:18:23,149 --> 01:18:21,120

because there's more I mean it's it's

2098

01:18:24,530 --> 01:18:23,159

not just having that technology you know

2099

01:18:26,630 --> 01:18:24,540

if um

2100

01:18:28,669 --> 01:18:26,640

think about it I mean it's it's you know

2101

01:18:30,649 --> 01:18:28,679

where you create quote unquote drones or

2102

01:18:32,149 --> 01:18:30,659

spacecraft there is so much more

2103

01:18:33,890 --> 01:18:32,159

involved in that technology you'd be

2104

01:18:36,530 --> 01:18:33,900

able to develop so many other types of

2105

01:18:39,290 --> 01:18:36,540

weapon systems and or other you know

2106

01:18:40,910 --> 01:18:39,300

technological advances that that we

2107

01:18:44,570 --> 01:18:40,920

would know this

2108

01:18:46,149 --> 01:18:44,580

when I was in the agency right high

2109

01:18:48,590 --> 01:18:46,159

technology from foreign foreign

2110

01:18:51,590 --> 01:18:48,600

governments were developing

2111

01:18:53,390 --> 01:18:51,600

so no you know it it's not that and

2112

01:18:55,250 --> 01:18:53,400

what you have is you know and I said

2113

01:18:57,169 --> 01:18:55,260

this before the cat is is actually out

2114

01:18:59,510 --> 01:18:57,179

of the bag and that was basically what

2115

01:19:01,669 --> 01:18:59,520

all we wanted to do all tsa wanted to

2116

01:19:03,169 --> 01:19:01,679

do when we first performed get the cat

2117

01:19:04,610 --> 01:19:03,179

out of the bag get it in front of the

2118

01:19:06,530 --> 01:19:04,620

people that that you know about it now

2119

01:19:08,510 --> 01:19:06,540

it's up to the government to figure out

2120

01:19:10,970 --> 01:19:08,520

what they're going to do now the problem

2121

01:19:12,890 --> 01:19:10,980

with all this is is the government now

2122

01:19:14,750 --> 01:19:12,900

has this big hot potato in their hand

2123

01:19:16,310 --> 01:19:14,760

the hell are they supposed to do they're

2124

01:19:17,510 --> 01:19:16,320

so they're going to get 20 scientists

2125

01:19:19,729 --> 01:19:17,520

and a bunch of other people and they're

2126

01:19:21,110 --> 01:19:19,739

going to throw some money at it and what

2127

01:19:22,790 --> 01:19:21,120

do you think is going to happen

2128

01:19:24,950 --> 01:19:22,800

the same thing

2129

01:19:26,950 --> 01:19:24,960

that's been going on for the last 50 or

2130

01:19:29,270 --> 01:19:26,960

60 or 70 years

2131

01:19:31,430 --> 01:19:29,280

there's no there there I mean where the

2132

01:19:33,530 --> 01:19:31,440

hell are you start looking at this

2133

01:19:36,649 --> 01:19:33,540

um you know the you can't just get a

2134

01:19:38,990 --> 01:19:36,659

bunch of uh you know physicists together

2135

01:19:40,910 --> 01:19:39,000

and try to solve this issue it's much

2136

01:19:42,950 --> 01:19:40,920

much more complicated and I think

2137

01:19:44,450 --> 01:19:42,960

they're finding that out now I had a

2138

01:19:46,910 --> 01:19:44,460

very long conversation with somebody on

2139

01:19:49,610 --> 01:19:46,920

the task force essentially about this

2140

01:19:51,470 --> 01:19:49,620

that you can't just take a scientific

2141

01:19:53,990 --> 01:19:51,480

nuts and bolts view of this it's much

2142

01:19:56,689 --> 01:19:54,000

much more complicated ASAP has shown

2143

01:19:59,030 --> 01:19:56,699

that to be the case uh you know Bigelow

2144

01:20:00,950 --> 01:19:59,040

did a Bigelow's team you know calm and

2145

01:20:02,930 --> 01:20:00,960

everybody George and they did a

2146

01:20:04,910 --> 01:20:02,940

wonderful job putting this together Jim

2147

01:20:05,950 --> 01:20:04,920

McCaskey should get a medal for what he

2148

01:20:08,209 --> 01:20:05,960

did

2149

01:20:11,090 --> 01:20:08,219

regarding regarding this

2150

01:20:14,270 --> 01:20:11,100

so it's going to be a very tough road uh

2151

01:20:15,709 --> 01:20:14,280

Road row to hope uh for the any UAP task

2152

01:20:16,790 --> 01:20:15,719

force I think they're going to get

2153

01:20:18,050 --> 01:20:16,800

they're going to they're going to do

2154

01:20:19,970 --> 01:20:18,060

this though because a lot of people are

2155

01:20:21,290 --> 01:20:19,980

interested in this and I think you're

2156

01:20:23,209 --> 01:20:21,300

going to find a lot more governmental

2157

01:20:25,430 --> 01:20:23,219

organizations uh involved in this

2158

01:20:27,770 --> 01:20:25,440

because now there's money that's going

2159

01:20:30,050 --> 01:20:27,780

to be allocated uh to this and I think a

2160

01:20:31,850 --> 01:20:30,060

lot of people will be stepping up uh now

2161

01:20:34,130 --> 01:20:31,860

what we end up

2162

01:20:39,410 --> 01:20:34,140

knowing about all this

2163

01:20:40,550 --> 01:20:39,420

my my hope is that at the very least we

2164

01:20:43,070 --> 01:20:40,560

start getting

2165

01:20:45,290 --> 01:20:43,080

pictures

2166

01:20:47,390 --> 01:20:45,300

videos

2167

01:20:48,830 --> 01:20:47,400

out to the public showing them that yes

2168

01:20:50,590 --> 01:20:48,840

this is real

2169

01:20:53,209 --> 01:20:50,600

that's the first step

2170

01:20:54,350 --> 01:20:53,219

and then after that you know the

2171

01:20:55,910 --> 01:20:54,360

government will have to choose how much

2172

01:20:57,950 --> 01:20:55,920

they can release or not

2173

01:21:01,550 --> 01:20:57,960

I think I'm just hoping that that but

2174

01:21:03,950 --> 01:21:01,560

but but but let me let me add I

2175

01:21:05,930 --> 01:21:03,960

I I don't I

2176

01:21:07,610 --> 01:21:05,940

I I'm not saying when that the

2177

01:21:09,950 --> 01:21:07,620

government is actually going to do all

2178

01:21:11,750 --> 01:21:09,960

this I mean I hope it does but that's

2179

01:21:15,350 --> 01:21:11,760

why I think there is a desperate need

2180

01:21:18,290 --> 01:21:15,360

for a a private organization

2181

01:21:21,530 --> 01:21:18,300

with sufficient funds and a great

2182

01:21:23,870 --> 01:21:21,540

organizational structure and no need to

2183

01:21:25,310 --> 01:21:23,880

do the quarterly you know this is what

2184

01:21:27,649 --> 01:21:25,320

we this is what we did with your money

2185

01:21:28,910 --> 01:21:27,659

you know here's what we discovered you

2186

01:21:31,130 --> 01:21:28,920

know because that's how the government

2187

01:21:32,450 --> 01:21:31,140

works you you either have progress or

2188

01:21:34,189 --> 01:21:32,460

you don't get the money

2189

01:21:35,630 --> 01:21:34,199

so we need something a little bit

2190

01:21:36,709 --> 01:21:35,640

different uh

2191

01:21:37,490 --> 01:21:36,719

a structure that's a little bit

2192

01:21:40,010 --> 01:21:37,500

different

2193

01:21:41,390 --> 01:21:40,020

I see I'm sorry no no that that sounds

2194

01:21:43,790 --> 01:21:41,400

amazing and I'm just going to add I

2195

01:21:45,890 --> 01:21:43,800

think if we can get that that real

2196

01:21:47,450 --> 01:21:45,900

quality picture ideally that real

2197

01:21:49,310 --> 01:21:47,460

quality video you know we heard about

2198

01:21:51,890 --> 01:21:49,320

the mythical black triangle coming out

2199

01:21:53,870 --> 01:21:51,900

of the water or you know the additional

2200

01:21:55,729 --> 01:21:53,880

parts of the gimbal video the Tic Tac

2201

01:21:58,370 --> 01:21:55,739

videos that are are chopped off either

2202

01:22:00,050 --> 01:21:58,380

end potentially if we could get that on

2203

01:22:01,850 --> 01:22:00,060

the nine o'clock news throughout the

2204

01:22:04,130 --> 01:22:01,860

world to say look this is this is real

2205

01:22:06,410 --> 01:22:04,140

and here's a really good video that you

2206

01:22:08,270 --> 01:22:06,420

can't deny is something truly

2207

01:22:10,070 --> 01:22:08,280

extraordinary I think getting that

2208

01:22:12,410 --> 01:22:10,080

public backing would be huge for the

2209

01:22:14,090 --> 01:22:12,420

subject and really help right now it

2210

01:22:16,490 --> 01:22:14,100

seems like it's a very small corner of

2211

01:22:17,750 --> 01:22:16,500

the world in in the UFO Community really

2212

01:22:20,689 --> 01:22:17,760

fighting to try and keep this

2213

01:22:22,310 --> 01:22:20,699

conversation going and at times it we

2214

01:22:23,810 --> 01:22:22,320

open the door a little bit and you hear

2215

01:22:26,090 --> 01:22:23,820

it's on the news and it has its little

2216

01:22:28,430 --> 01:22:26,100

cycle and 60 Minutes get involved and

2217

01:22:30,890 --> 01:22:28,440

HBO create a three-part four-part series

2218

01:22:33,229 --> 01:22:30,900

and then then it goes away and it's just

2219

01:22:35,990 --> 01:22:33,239

trying to get it back up that momentum

2220

01:22:37,610 --> 01:22:36,000

you're absolutely right and you know I

2221

01:22:39,350 --> 01:22:37,620

always tell people I generally tend to

2222

01:22:41,330 --> 01:22:39,360

be an optimist

2223

01:22:42,770 --> 01:22:41,340

um eventually eventually we will get

2224

01:22:45,110 --> 01:22:42,780

those pictures we will get those videos

2225

01:22:48,229 --> 01:22:45,120

hey I mean we're bound to get them

2226

01:22:51,350 --> 01:22:48,239

um um I I don't think it's um um you

2227

01:22:52,910 --> 01:22:51,360

know a coincidental that and the last 15

2228

01:22:54,350 --> 01:22:52,920

to 20 years we're seeing more and more

2229

01:22:56,990 --> 01:22:54,360

and more of this coming out and I think

2230

01:22:59,090 --> 01:22:57,000

people like you and other podcasters are

2231

01:23:00,530 --> 01:22:59,100

really uh doing a great work and you

2232

01:23:02,390 --> 01:23:00,540

know bringing this out and keeping this

2233

01:23:03,770 --> 01:23:02,400

out in front of the public

2234

01:23:05,149 --> 01:23:03,780

um and I think that's extraordinarily

2235

01:23:08,510 --> 01:23:05,159

helpful

2236

01:23:10,850 --> 01:23:08,520

um uh but the evidence and you're trying

2237

01:23:13,310 --> 01:23:10,860

to tell people this the evidence is so

2238

01:23:15,890 --> 01:23:13,320

overwhelming

2239

01:23:17,090 --> 01:23:15,900

um so many people have seen this you

2240

01:23:19,430 --> 01:23:17,100

know and you know I don't believe in

2241

01:23:21,110 --> 01:23:19,440

credibility I think you know a housewife

2242

01:23:23,990 --> 01:23:21,120

and you know in Kentucky is just as

2243

01:23:25,610 --> 01:23:24,000

credible to me uh you know as a uh

2244

01:23:27,709 --> 01:23:25,620

scientist you know and I mean you know

2245

01:23:29,450 --> 01:23:27,719

working for DOD I mean somebody sees

2246

01:23:30,890 --> 01:23:29,460

this they're honest good people they see

2247

01:23:32,209 --> 01:23:30,900

it they see it we should take them at

2248

01:23:34,490 --> 01:23:32,219

face value

2249

01:23:36,950 --> 01:23:34,500

um and we should look into it I mean uh

2250

01:23:39,470 --> 01:23:36,960

Jacques idea of you know his wonderful

2251

01:23:41,990 --> 01:23:39,480

book Trinity that just came out is a

2252

01:23:43,729 --> 01:23:42,000

perfect example of what should be done

2253

01:23:46,070 --> 01:23:43,739

um and these these you know on-site

2254

01:23:48,530 --> 01:23:46,080

studies

2255

01:23:50,330 --> 01:23:48,540

um are really needed because you know

2256

01:23:52,850 --> 01:23:50,340

the only people that deal in anecdotes

2257

01:23:56,390 --> 01:23:52,860

you know are are are are really you know

2258

01:23:58,430 --> 01:23:56,400

detectives you know and and um and maybe

2259

01:23:59,990 --> 01:23:58,440

you know uh uh anthropologists and

2260

01:24:01,250 --> 01:24:00,000

whatever they look at things they see

2261

01:24:02,990 --> 01:24:01,260

things but they have to put it all

2262

01:24:06,290 --> 01:24:03,000

together so they go out in the field

2263

01:24:08,390 --> 01:24:06,300

nothing's repeatable uh you know so they

2264

01:24:09,470 --> 01:24:08,400

don't have the their scientific Paradigm

2265

01:24:11,390 --> 01:24:09,480

is a little bit different it's a little

2266

01:24:13,370 --> 01:24:11,400

more open and they're able to look at

2267

01:24:15,290 --> 01:24:13,380

things and observe things and then then

2268

01:24:17,630 --> 01:24:15,300

make these conclusions scientific

2269

01:24:20,630 --> 01:24:17,640

conclusions this is probably what this

2270

01:24:23,390 --> 01:24:20,640

is we have to really focus on that and

2271

01:24:25,970 --> 01:24:23,400

um and uh we don't have anything

2272

01:24:27,350 --> 01:24:25,980

I mean we have Jacques and Paula Harris

2273

01:24:29,570 --> 01:24:27,360

you know we're two people that went out

2274

01:24:31,189 --> 01:24:29,580

there and did that you know and and

2275

01:24:33,350 --> 01:24:31,199

we need a hell of a lot more than that a

2276

01:24:35,149 --> 01:24:33,360

hell of a lot more money behind them so

2277

01:24:37,010 --> 01:24:35,159

Jim let's see if we can get through some

2278

01:24:38,450 --> 01:24:37,020

of these listener questions for you and

2279

01:24:40,250 --> 01:24:38,460

thank you to everyone who sent them and

2280

01:24:42,350 --> 01:24:40,260

uh hopefully I've got through some just

2281

01:24:45,050 --> 01:24:42,360

in the body of the interview and and

2282

01:24:47,810 --> 01:24:45,060

Jim's fantastic answers as well and the

2283

01:24:49,010 --> 01:24:47,820

first one is from Louie G Luigi asks do

2284

01:24:50,870 --> 01:24:49,020

you believe there's a unified

2285

01:24:53,689 --> 01:24:50,880

explanation for all the different

2286

01:24:55,310 --> 01:24:53,699

phenomena if so how do you reconcile the

2287

01:24:57,189 --> 01:24:55,320

tricks does with the more benevolent

2288

01:24:59,570 --> 01:24:57,199

encounters

2289

01:25:01,490 --> 01:24:59,580

uh what was it the last part of that how

2290

01:25:03,350 --> 01:25:01,500

do I reconcile the the track star

2291

01:25:05,689 --> 01:25:03,360

element of the Phenomenon with the more

2292

01:25:08,630 --> 01:25:05,699

benevolent encounters

2293

01:25:10,669 --> 01:25:08,640

yeah uh that's a great question uh um

2294

01:25:13,430 --> 01:25:10,679

you know John Alexander pointed this out

2295

01:25:15,410 --> 01:25:13,440

uh at a uh at a conference and he he

2296

01:25:17,810 --> 01:25:15,420

came over to visit me and he showed me

2297

01:25:19,790 --> 01:25:17,820

his uh his slides and one of the very

2298

01:25:21,709 --> 01:25:19,800

last slides was he had all these

2299

01:25:23,930 --> 01:25:21,719

different elements of the phenomena you

2300

01:25:26,930 --> 01:25:23,940

know sort of all in a circle you know

2301
01:25:28,970 --> 01:25:26,940
and um you know they want to see um

2302
01:25:30,709 --> 01:25:28,980
ETS and you know and there was you know

2303
01:25:32,930 --> 01:25:30,719
the nuts and bolts side of it and then

2304
01:25:34,550 --> 01:25:32,940
there was you know precognition and

2305
01:25:36,530 --> 01:25:34,560
there was all these Psy elements and

2306
01:25:38,689 --> 01:25:36,540
there's 26 different Psy elements right

2307
01:25:41,209 --> 01:25:38,699
psychokinesis Clairvoyance remote

2308
01:25:44,030 --> 01:25:41,219
viewing blah blah blah they I do believe

2309
01:25:46,669 --> 01:25:44,040
they all are connected

2310
01:25:48,590 --> 01:25:46,679
I I sort of feel that I mean I I think

2311
01:25:52,250 --> 01:25:48,600
they are certainly all connected they're

2312
01:25:54,649 --> 01:25:52,260
all part of our natural universe that we

2313
01:25:56,209 --> 01:25:54,659

we some people experience I remember how

2314

01:25:57,709 --> 01:25:56,219

put off telling me yeah everybody can

2315

01:25:59,750 --> 01:25:57,719

remove you but not everybody can remote

2316

01:26:01,430 --> 01:25:59,760

view well it's like all every you know

2317

01:26:02,990 --> 01:26:01,440

yeah some people are good at telepathy

2318

01:26:04,250 --> 01:26:03,000

but not all people and some people are

2319

01:26:06,350 --> 01:26:04,260

really good at it and some people are

2320

01:26:08,030 --> 01:26:06,360

just sort of mildly good at it so I

2321

01:26:11,450 --> 01:26:08,040

think these things all exist I mean in

2322

01:26:12,890 --> 01:26:11,460

1862 the British cyclical Association I

2323

01:26:14,649 --> 01:26:12,900

think proved without a doubt that all

2324

01:26:17,510 --> 01:26:14,659

these things exist right you know the

2325

01:26:19,070 --> 01:26:17,520

telekinesis exists levitation exists

2326

01:26:21,110 --> 01:26:19,080

these are all the scientists or the best

2327

01:26:22,790 --> 01:26:21,120

scientists of the day they prove that

2328

01:26:24,770 --> 01:26:22,800

they have that's that's all you know

2329

01:26:26,689 --> 01:26:24,780

that's all there I mean the Russians

2330

01:26:28,729 --> 01:26:26,699

approved it the U.S has looked at it and

2331

01:26:30,470 --> 01:26:28,739

say yes it says we can't control it we

2332

01:26:32,149 --> 01:26:30,480

don't know how it works the problem

2333

01:26:33,890 --> 01:26:32,159

isn't the evidence the problem is a

2334

01:26:36,110 --> 01:26:33,900

theory to explain the evidence right

2335

01:26:38,629 --> 01:26:36,120

that's what we're missing in all this

2336

01:26:41,090 --> 01:26:38,639

now when you get to the

2337

01:26:43,490 --> 01:26:41,100

so yes I believe there is something

2338

01:26:45,290 --> 01:26:43,500

going on there what I haven't figured

2339

01:26:48,110 --> 01:26:45,300

out and I it's one of my biggest

2340

01:26:51,669 --> 01:26:48,120

problems is ndes near-death experiences

2341

01:26:54,470 --> 01:26:51,679

and this whole idea of life after death

2342

01:26:56,810 --> 01:26:54,480

you know is that somehow connected to

2343

01:26:58,310 --> 01:26:56,820

this also you know is that so that's

2344

01:27:00,470 --> 01:26:58,320

where we get into the framework of

2345

01:27:03,110 --> 01:27:00,480

quantum mechanics and Consciousness once

2346

01:27:06,649 --> 01:27:03,120

again right how does this all fit in do

2347

01:27:10,250 --> 01:27:06,659

we ever die am I looking at Andy here as

2348

01:27:12,350 --> 01:27:10,260

a Andy uh this is congealed Mass uh that

2349

01:27:14,270 --> 01:27:12,360

looks like you do right or am I talking

2350

01:27:15,830 --> 01:27:14,280

to an energy pattern right are we all

2351

01:27:18,530 --> 01:27:15,840

energy pattern just my computer and

2352

01:27:20,030 --> 01:27:18,540

energy pattern you know as are we just

2353

01:27:22,070 --> 01:27:20,040

you know sort of communicating like that

2354

01:27:25,490 --> 01:27:22,080

because generally that's what you are

2355

01:27:26,930 --> 01:27:25,500

right and if uh you were to pass away or

2356

01:27:29,330 --> 01:27:26,940

I were to pass away I mean does that

2357

01:27:32,030 --> 01:27:29,340

energy go someplace else I believe it

2358

01:27:33,649 --> 01:27:32,040

does uh energy can either be created nor

2359

01:27:35,570 --> 01:27:33,659

destroyed according to Einstein so I

2360

01:27:37,910 --> 01:27:35,580

believe it goes to someplace else the

2361

01:27:39,950 --> 01:27:37,920

trickster element

2362

01:27:41,930 --> 01:27:39,960

that's probably the hardest element to

2363

01:27:43,729 --> 01:27:41,940

figure out because I don't know why it's

2364

01:27:44,990 --> 01:27:43,739

there

2365

01:27:46,430 --> 01:27:45,000

um you know

2366

01:27:48,370 --> 01:27:46,440

um when

2367

01:27:52,430 --> 01:27:48,380

when a group of

2368

01:27:55,430 --> 01:27:52,440

aliens comes down to you and tells you

2369

01:27:56,810 --> 01:27:55,440

we're going to land on the White House

2370

01:27:58,729 --> 01:27:56,820

lawn

2371

01:28:02,330 --> 01:27:58,739

on April 15th

2372

01:28:04,970 --> 01:28:02,340

you know 2023 and you experience them

2373

01:28:07,129 --> 01:28:04,980

they're in your room you can see them

2374

01:28:09,830 --> 01:28:07,139

they touch you you can feel the touch

2375

01:28:12,530 --> 01:28:09,840

there is real to you as you are to me

2376

01:28:13,850 --> 01:28:12,540

and me or to you and they tell you this

2377

01:28:14,810 --> 01:28:13,860

and then what are you supposed to do

2378

01:28:16,729 --> 01:28:14,820

with that

2379

01:28:17,990 --> 01:28:16,739

it's real and I've had this happen

2380

01:28:19,610 --> 01:28:18,000

friends of mine come to me and said hey

2381

01:28:22,430 --> 01:28:19,620

you know they told me they're and I said

2382

01:28:24,470 --> 01:28:22,440

no you know it's it's you know take a

2383

01:28:25,850 --> 01:28:24,480

take a message from the Oxford book of

2384

01:28:27,729 --> 01:28:25,860

millennialism which I have up here

2385

01:28:30,290 --> 01:28:27,739

somewhere I mean countless number of

2386

01:28:31,790 --> 01:28:30,300

instances where it usually happens in a

2387

01:28:32,930 --> 01:28:31,800

religious context right when somebody's

2388

01:28:35,750 --> 01:28:32,940

ah the end of the world is going to be

2389

01:28:37,250 --> 01:28:35,760

on such and such it never happens and

2390

01:28:39,169 --> 01:28:37,260

this is what the trickster elements this

2391

01:28:41,689 --> 01:28:39,179

is what's so bad about this because you

2392

01:28:43,189 --> 01:28:41,699

take a really bright intelligent person

2393

01:28:46,490 --> 01:28:43,199

and you make them look like an idiot

2394

01:28:49,729 --> 01:28:46,500

right so how do you how do you counter

2395

01:28:51,530 --> 01:28:49,739

that you you basically say no I'm not

2396

01:28:53,510 --> 01:28:51,540

going to tell anybody thanks for the

2397

01:28:55,490 --> 01:28:53,520

information but that's probably not real

2398

01:28:56,930 --> 01:28:55,500

you sort of have to stand up to that you

2399

01:28:58,790 --> 01:28:56,940

have to have a conversation and quit

2400

01:29:01,490 --> 01:28:58,800

looking at the phenomenon in some kind

2401

01:29:03,830 --> 01:29:01,500

of awe and looking at it in a way that

2402

01:29:06,649 --> 01:29:03,840

you know you know are you trying to mess

2403

01:29:08,390 --> 01:29:06,659

up my life why are you doing this we

2404

01:29:10,250 --> 01:29:08,400

have to ask those questions if it's even

2405

01:29:12,530 --> 01:29:10,260

possible to ask those questions

2406

01:29:14,330 --> 01:29:12,540

but we have to sort of go back at it you

2407

01:29:15,410 --> 01:29:14,340

know when I call them earlier I

2408

01:29:16,430 --> 01:29:15,420

hope they don't come visit me tonight

2409

01:29:18,830 --> 01:29:16,440

and say what the hell are you talking

2410

01:29:20,390 --> 01:29:18,840

about you know you know but but at the

2411

01:29:22,310 --> 01:29:20,400

same time you know they're not playing

2412

01:29:23,629 --> 01:29:22,320

they're not playing with us fairly you

2413

01:29:25,370 --> 01:29:23,639

know it's not a it's not an equal

2414

01:29:27,830 --> 01:29:25,380

playing field and we have to be very

2415

01:29:29,930 --> 01:29:27,840

very careful with that the gem you made

2416

01:29:32,510 --> 01:29:29,940

regret uh throwing out the date of April

2417

01:29:34,370 --> 01:29:32,520

15 2023 because that will go all over

2418

01:29:38,030 --> 01:29:34,380

the internet now as a date where the

2419

01:29:40,610 --> 01:29:38,040

aliens are going down yeah absolutely

2420

01:29:42,649 --> 01:29:40,620

I promise you I just made that you know

2421

01:29:44,510 --> 01:29:42,659

I I I let's let me add one more thing

2422

01:29:46,610 --> 01:29:44,520

here yeah yeah uh this is the last

2423

01:29:48,950 --> 01:29:46,620

podcast I'm going to be doing

2424

01:29:51,290 --> 01:29:48,960

probably

2425

01:29:52,729 --> 01:29:51,300

until next year and maybe not ever again

2426

01:29:55,030 --> 01:29:52,739

and and

2427

01:29:57,229 --> 01:29:55,040

um and the reason why

2428

01:29:59,270 --> 01:29:57,239

people have talked to me and said please

2429

01:30:01,070 --> 01:29:59,280

don't do that you know just just but go

2430

01:30:03,410 --> 01:30:01,080

on but I find that I find I'm repeating

2431

01:30:05,450 --> 01:30:03,420

myself I I find that the podcast I've

2432

01:30:06,830 --> 01:30:05,460

been on you know there isn't much I can

2433

01:30:09,169 --> 01:30:06,840

add

2434

01:30:11,090 --> 01:30:09,179

um you know I I that's like this

2435

01:30:13,490 --> 01:30:11,100

throwing out stuff and it's not being

2436

01:30:16,010 --> 01:30:13,500

helpful to anybody uh because I can't

2437

01:30:19,370 --> 01:30:16,020

give them any any answers and I feel bad

2438

01:30:20,149 --> 01:30:19,380

about that I feel I feel in a way you

2439

01:30:22,250 --> 01:30:20,159

know

2440

01:30:23,990 --> 01:30:22,260

um we're letting people down I I just

2441

01:30:26,510 --> 01:30:24,000

feel we want to I want to make some

2442

01:30:28,430 --> 01:30:26,520

Headway first you know where we can

2443

01:30:31,729 --> 01:30:28,440

actually point to something

2444

01:30:34,070 --> 01:30:31,739

so maybe maybe I'll do these more when

2445

01:30:35,990 --> 01:30:34,080

more more information comes out you know

2446

01:30:38,450 --> 01:30:36,000

or I come up with something that I think

2447

01:30:40,250 --> 01:30:38,460

is is interesting but

2448

01:30:42,169 --> 01:30:40,260

um I Heard great great things about you

2449

01:30:44,330 --> 01:30:42,179

and that's why I you know figured I'd

2450

01:30:45,950 --> 01:30:44,340

end it with you but no thanks and

2451

01:30:47,689 --> 01:30:45,960

honestly I think people do appreciate

2452

01:30:50,270 --> 01:30:47,699

just hating people like yourself come

2453

01:30:52,250 --> 01:30:50,280

out and have those conversations and my

2454

01:30:54,350 --> 01:30:52,260

audience is different to the UAP studies

2455

01:30:55,729 --> 01:30:54,360

podcast audience at large and others

2456

01:30:57,530 --> 01:30:55,739

that you've been on as well calling all

2457

01:31:00,229 --> 01:30:57,540

beings I know you're on with DJ and Co

2458

01:31:02,149 --> 01:31:00,239

so those conversations are appreciated

2459

01:31:04,370 --> 01:31:02,159

because there was a time when people

2460

01:31:06,110 --> 01:31:04,380

like yourself were just names on Bits of

2461

01:31:08,330 --> 01:31:06,120

Paper and talked about as a talking head

2462

01:31:10,129 --> 01:31:08,340

on a documentary so it's nice that you

2463

01:31:11,750 --> 01:31:10,139

do this and hopefully you do come back

2464

01:31:13,610 --> 01:31:11,760

on various pods but let's make the most

2465

01:31:15,110 --> 01:31:13,620

of it just in case it is then with some

2466

01:31:17,629 --> 01:31:15,120

more listener questions a really good

2467

01:31:20,030 --> 01:31:17,639

one from Dave do you think the cognitive

2468

01:31:22,669 --> 01:31:20,040

and space-time manipulation abilities of

2469

01:31:24,830 --> 01:31:22,679

the phenomenon are technological or a

2470

01:31:28,790 --> 01:31:24,840

natural ability

2471

01:31:31,729 --> 01:31:28,800

wow that's a great question uh both

2472

01:31:34,790 --> 01:31:31,739

um I remember talking to Hal about this

2473

01:31:37,129 --> 01:31:34,800

um you know um uh Hal is very much into

2474

01:31:39,709 --> 01:31:37,139

altering the space-time you know metric

2475

01:31:42,709 --> 01:31:39,719

and and um we have we actually had one

2476

01:31:46,070 --> 01:31:42,719

of our projects actually uh with TTS

2477

01:31:48,350 --> 01:31:46,080

um is is um is concerning the space-time

2478

01:31:52,129 --> 01:31:48,360

metric and what you can do and can't do

2479

01:31:54,649 --> 01:31:52,139

the problem with this is is and as Hal

2480

01:31:57,290 --> 01:31:54,659

pointed out you get into attended

2481

01:32:00,530 --> 01:31:57,300

problems uh when you start talking about

2482

01:32:02,450 --> 01:32:00,540

that with with time space uh and and you

2483

01:32:10,189 --> 01:32:02,460

get into intentionality

2484

01:32:14,629 --> 01:32:13,129

well I let me put it this way there's a

2485

01:32:18,229 --> 01:32:14,639

wonderful philosopher who was a

2486

01:32:21,110 --> 01:32:18,239

religious philosopher who was very big

2487

01:32:22,070 --> 01:32:21,120

during the 60s and 70s Alan Watts I

2488

01:32:23,930 --> 01:32:22,080

don't know if you ever heard of Alan

2489

01:32:25,310 --> 01:32:23,940

Watts but uh you know Wonderful every

2490

01:32:28,129 --> 01:32:25,320

every once in a while if I want to tune

2491

01:32:30,530 --> 01:32:28,139

up I'll listen to Alan Allen's uh talks

2492

01:32:34,070 --> 01:32:30,540

uh on on this whole concept of of

2493

01:32:38,209 --> 01:32:34,080

religion and who we are as human beings

2494

01:32:40,669 --> 01:32:38,219

um uh you know there's

2495

01:32:42,470 --> 01:32:40,679

um I guess what I'm trying to say is is

2496

01:32:43,910 --> 01:32:42,480

you know you could talk about and I'm

2497

01:32:45,229 --> 01:32:43,920

not a physicist so I can't really get

2498

01:32:46,970 --> 01:32:45,239

into too many details here and I'm

2499

01:32:48,649 --> 01:32:46,980

certainly not an expert on quantum

2500

01:32:51,110 --> 01:32:48,659

mechanics and Consciousness by any

2501
01:32:53,390 --> 01:32:51,120
stretch uh I think those are areas that

2502
01:32:56,570 --> 01:32:53,400
are just uh you know we're just barely

2503
01:32:58,250 --> 01:32:56,580
touching uh touching them right now but

2504
01:33:01,550 --> 01:32:58,260
I think

2505
01:33:03,830 --> 01:33:01,560
the space-time metric has to do

2506
01:33:06,290 --> 01:33:03,840
with Consciousness also and that they're

2507
01:33:07,610 --> 01:33:06,300
intertwined in some way and that our

2508
01:33:10,550 --> 01:33:07,620
intentions

2509
01:33:12,530 --> 01:33:10,560
can somehow affect that

2510
01:33:14,270 --> 01:33:12,540
um and um and everyone how I was trying

2511
01:33:15,830 --> 01:33:14,280
to explain it to me once and I remember

2512
01:33:18,290 --> 01:33:15,840
listening to him and I remember saying

2513
01:33:20,570 --> 01:33:18,300

oh that's absolutely brilliant and then

2514

01:33:22,850 --> 01:33:20,580

completely forgetting uh you know you

2515

01:33:25,970 --> 01:33:22,860

know after he said it I mean I I just I

2516

01:33:29,510 --> 01:33:25,980

I try to recreate it in my mind uh what

2517

01:33:31,310 --> 01:33:29,520

he what he had what he had told me

2518

01:33:34,430 --> 01:33:31,320

um and this is all part of some of the

2519

01:33:36,950 --> 01:33:34,440

briefings that I had the classified ones

2520

01:33:38,750 --> 01:33:36,960

too about this this topic and that's

2521

01:33:42,709 --> 01:33:38,760

what got me all

2522

01:33:44,330 --> 01:33:42,719

spun up uh wound up and as my wife said

2523

01:33:46,970 --> 01:33:44,340

you know I had that three mile stair

2524

01:33:49,910 --> 01:33:46,980

that lasted for three months um um when

2525

01:33:51,350 --> 01:33:49,920

when it happened because they were being

2526

01:33:54,110 --> 01:33:51,360

explained it was being explained by

2527

01:33:55,850 --> 01:33:54,120

experts and I and I'm not the brightest

2528

01:33:58,189 --> 01:33:55,860

bulb you know uh you know in the

2529

01:34:00,229 --> 01:33:58,199

chandelier I'm just not I'm I have a I'm

2530

01:34:02,390 --> 01:34:00,239

a man of maybe average intelligence and

2531

01:34:04,070 --> 01:34:02,400

sometimes skirts up into the above

2532

01:34:07,070 --> 01:34:04,080

average intelligence for a short period

2533

01:34:08,870 --> 01:34:07,080

And I come back down so um and I have a

2534

01:34:10,790 --> 01:34:08,880

great deal of literary Amnesia I read

2535

01:34:12,169 --> 01:34:10,800

quite a bit and I don't I don't retain a

2536

01:34:14,330 --> 01:34:12,179

lot I don't know why it's always been my

2537

01:34:17,750 --> 01:34:14,340

whole life it's been that way uh but

2538

01:34:19,310 --> 01:34:17,760

yeah uh you know I I I I I I I I do know

2539

01:34:21,770 --> 01:34:19,320

that they're interconnected in some form

2540

01:34:23,390 --> 01:34:21,780

or fashion but I don't think it's within

2541

01:34:24,350 --> 01:34:23,400

my power to be able to explain it to

2542

01:34:26,930 --> 01:34:24,360

anybody

2543

01:34:29,149 --> 01:34:26,940

a question from Todd do you see any

2544

01:34:32,149 --> 01:34:29,159

potential danger in the trend for

2545

01:34:34,129 --> 01:34:32,159

experimentation with ce5 or human

2546

01:34:36,709 --> 01:34:34,139

initiated contact

2547

01:34:37,970 --> 01:34:36,719

Yes Yes actually I do and I think I've

2548

01:34:39,350 --> 01:34:37,980

spoken about this before in other

2549

01:34:44,390 --> 01:34:39,360

podcasts

2550

01:34:47,990 --> 01:34:44,400

um I'm not uh I'm not a a a a a big

2551
01:34:49,910 --> 01:34:48,000
fan of of ce5 and and and and not not

2552
01:34:52,430 --> 01:34:49,920
because I I don't think it's worthwhile

2553
01:34:55,669 --> 01:34:52,440
I think it needs to be done by people

2554
01:34:57,530 --> 01:34:55,679
that are very well tethered uh to the

2555
01:34:59,750 --> 01:34:57,540
ground that have a very very strong

2556
01:35:01,070 --> 01:34:59,760
sense of themselves that are very strong

2557
01:35:02,990 --> 01:35:01,080
emotionally

2558
01:35:04,790 --> 01:35:03,000
and mentally

2559
01:35:06,590 --> 01:35:04,800
I I don't consider myself in that

2560
01:35:08,570 --> 01:35:06,600
bracket by the way

2561
01:35:10,610 --> 01:35:08,580
um and the reason I say that

2562
01:35:12,890 --> 01:35:10,620
is because I had a friend of mine

2563
01:35:15,010 --> 01:35:12,900

who was running a part of the remote

2564

01:35:18,110 --> 01:35:15,020

viewing program

2565

01:35:20,930 --> 01:35:18,120

and um he actually came to work for me

2566

01:35:22,250 --> 01:35:20,940

while I was still at CIA and I was

2567

01:35:23,510 --> 01:35:22,260

I had heard about the remembering

2568

01:35:26,030 --> 01:35:23,520

program and I was reading a book and it

2569

01:35:28,790 --> 01:35:26,040

turns out the book I was reading was

2570

01:35:30,050 --> 01:35:28,800

about his experiences so I questioned

2571

01:35:32,209 --> 01:35:30,060

him about it and he said yeah that's

2572

01:35:35,870 --> 01:35:32,219

actually me and they were using a

2573

01:35:37,910 --> 01:35:35,880

pseudonym and he told me this story of

2574

01:35:39,649 --> 01:35:37,920

one of the remote viewers who went out

2575

01:35:43,910 --> 01:35:39,659

and never came back

2576

01:35:46,790 --> 01:35:43,920

uh Nan had a family uh and um he

2577

01:35:50,510 --> 01:35:46,800

essentially became catatonic

2578

01:35:53,270 --> 01:35:50,520

um this is not one example it's many

2579

01:35:56,450 --> 01:35:53,280

examples I have heard of people that

2580

01:35:57,709 --> 01:35:56,460

have been affected physically mentally

2581

01:35:59,270 --> 01:35:57,719

uh

2582

01:36:01,189 --> 01:35:59,280

let's say spiritually in some respects

2583

01:36:03,590 --> 01:36:01,199

but that's more or less you know

2584

01:36:05,570 --> 01:36:03,600

questioning you know their life after

2585

01:36:07,250 --> 01:36:05,580

that but it's not something to be

2586

01:36:10,189 --> 01:36:07,260

trifled with it's like a Ouija board

2587

01:36:12,229 --> 01:36:10,199

it's um you know communicating with the

2588

01:36:13,669 --> 01:36:12,239

dead things along those lines you don't

2589

01:36:14,990 --> 01:36:13,679

know whether you're dealing with

2590

01:36:17,689 --> 01:36:15,000

Elementals

2591

01:36:19,189 --> 01:36:17,699

lower Spiritual Beings higher Spiritual

2592

01:36:21,110 --> 01:36:19,199

Beings

2593

01:36:22,669 --> 01:36:21,120

um and if you want an example of that a

2594

01:36:24,290 --> 01:36:22,679

good Catholic example of that there was

2595

01:36:27,350 --> 01:36:24,300

a wonderful book written not well about

2596

01:36:30,290 --> 01:36:27,360

20 or 30 years ago called by Mordecai uh

2597

01:36:33,729 --> 01:36:30,300

no um oh my God what's his name

2598

01:36:37,790 --> 01:36:36,470

Malachi Martin and it was called Hostage

2599

01:36:40,490 --> 01:36:37,800

to the devil I don't know if you ever

2600

01:36:41,750 --> 01:36:40,500

come across that fascinating book I

2601

01:36:44,390 --> 01:36:41,760

don't know if you can get it anymore but

2602

01:36:46,370 --> 01:36:44,400

I I I would finish a chapter put it down

2603

01:36:48,770 --> 01:36:46,380

couldn't go back for a month and and you

2604

01:36:50,810 --> 01:36:48,780

talk about possession and the idea of

2605

01:36:52,910 --> 01:36:50,820

possession and being possessed by a

2606

01:36:54,890 --> 01:36:52,920

lower lower Elementals or you know what

2607

01:36:56,510 --> 01:36:54,900

he would call demons and what have you

2608

01:37:00,410 --> 01:36:56,520

these guys are Jesuit probably had a

2609

01:37:02,209 --> 01:37:00,420

couple phds uh uh and but it was a very

2610

01:37:05,090 --> 01:37:02,219

very bright bright guy he was always on

2611

01:37:06,830 --> 01:37:05,100

uh uh late John Long John Neville and

2612

01:37:08,750 --> 01:37:06,840

Art Bell he was on our Bell for a long

2613

01:37:10,310 --> 01:37:08,760

time and he would come on every once in

2614

01:37:11,930 --> 01:37:10,320

a while if anybody can belongs to Coast

2615

01:37:14,330 --> 01:37:11,940

to Coast you can go back and pull some

2616

01:37:16,790 --> 01:37:14,340

of this stuff up but um yeah you got to

2617

01:37:19,090 --> 01:37:16,800

be very very careful very very careful I

2618

01:37:22,250 --> 01:37:19,100

don't encourage seances

2619

01:37:24,530 --> 01:37:22,260

uh trips with the Ouija board ce5

2620

01:37:26,030 --> 01:37:24,540

anything like that unless again you're

2621

01:37:28,250 --> 01:37:26,040

with other people you're with an

2622

01:37:30,530 --> 01:37:28,260

experienced person it to me it's like

2623

01:37:34,129 --> 01:37:30,540

taking Ayahuasca or experimenting with

2624

01:37:37,790 --> 01:37:34,139

LSD or psilocybin if you do it you know

2625

01:37:40,430 --> 01:37:37,800

in in a controlled situation sure go

2626
01:37:42,530 --> 01:37:40,440
ahead but don't try it by yourself and

2627
01:37:45,110 --> 01:37:42,540
don't do it just for the hell of it

2628
01:37:47,410 --> 01:37:45,120
final lesson a question from Tim how has

2629
01:37:50,090 --> 01:37:47,420
the U.S government been nearly 100

2630
01:37:52,310 --> 01:37:50,100
successful in keeping the nature of this

2631
01:37:55,310 --> 01:37:52,320
phenomenon secret from its citizens and

2632
01:37:58,250 --> 01:37:55,320
the world is it by clandestine design or

2633
01:37:59,930 --> 01:37:58,260
simply the an indeterminacy of the

2634
01:38:01,370 --> 01:37:59,940
phenomenon

2635
01:38:02,930 --> 01:38:01,380
I think there's a little bit about it

2636
01:38:05,209 --> 01:38:02,940
but I think I think the government you

2637
01:38:07,750 --> 01:38:05,219
know again as I said before

2638
01:38:11,870 --> 01:38:07,760

um I don't think the government ever

2639

01:38:15,770 --> 01:38:11,880

abandoned uh their interest in uaps you

2640

01:38:19,790 --> 01:38:15,780

know ever since Roswell in 47. I think

2641

01:38:22,970 --> 01:38:19,800

it was then that they really had they

2642

01:38:26,330 --> 01:38:22,980

really had concerns uh about

2643

01:38:27,950 --> 01:38:26,340

um uh about the Soviets at the time and

2644

01:38:30,169 --> 01:38:27,960

you know clogging up the communication

2645

01:38:32,209 --> 01:38:30,179

fines using it in psychological warfare

2646

01:38:35,149 --> 01:38:32,219

against us and these are very very real

2647

01:38:37,149 --> 01:38:35,159

concerns and you know what we we have a

2648

01:38:39,050 --> 01:38:37,159

you know a problem with

2649

01:38:41,750 --> 01:38:39,060

presentism you know what I mean this

2650

01:38:43,910 --> 01:38:41,760

whole idea we're looking at things now

2651

01:38:45,470 --> 01:38:43,920

you know through our uh through our eyes

2652

01:38:48,050 --> 01:38:45,480

you know back what they were like in the

2653

01:38:50,750 --> 01:38:48,060

40s and the 50s back in the 40s and the

2654

01:38:52,550 --> 01:38:50,760

50s it was a very dangerous time and

2655

01:38:55,669 --> 01:38:52,560

people were afraid they were very very

2656

01:38:57,830 --> 01:38:55,679

afraid and um so you had these groups

2657

01:38:59,450 --> 01:38:57,840

and uh and you know and you know America

2658

01:39:01,610 --> 01:38:59,460

was very young back then I mean we

2659

01:39:04,010 --> 01:39:01,620

didn't have the communication system was

2660

01:39:05,870 --> 01:39:04,020

pretty primitive uh many people didn't

2661

01:39:07,189 --> 01:39:05,880

have phones and then when they had

2662

01:39:08,450 --> 01:39:07,199

phones you know they had these lines I

2663

01:39:10,610 --> 01:39:08,460

mean I would I'm gonna have to remember

2664

01:39:12,290 --> 01:39:10,620

party lines you know where you had a

2665

01:39:13,970 --> 01:39:12,300

phone you shared with other people in

2666

01:39:15,290 --> 01:39:13,980

your neighborhood right you can actually

2667

01:39:16,790 --> 01:39:15,300

pick up the phone and hear him talking

2668

01:39:18,770 --> 01:39:16,800

and hope to how they get off so you can

2669

01:39:20,510 --> 01:39:18,780

make your phone call so it was pretty

2670

01:39:22,010 --> 01:39:20,520

primitive back in those days and the

2671

01:39:23,030 --> 01:39:22,020

Soviet Union was bounding on the

2672

01:39:24,770 --> 01:39:23,040

internet

2673

01:39:26,510 --> 01:39:24,780

on the thing we were going to take over

2674

01:39:28,010 --> 01:39:26,520

America we're going to bury you and you

2675

01:39:30,830 --> 01:39:28,020

know and they they had a nuclear weapon

2676

01:39:32,750 --> 01:39:30,840

we had nuclear weapons so there was this

2677

01:39:34,669 --> 01:39:32,760

whole element of we didn't know what the

2678

01:39:35,750 --> 01:39:34,679

phenomena actually was we didn't know

2679

01:39:37,610 --> 01:39:35,760

whether the Soviets were going to

2680

01:39:39,590 --> 01:39:37,620

actually use it uh you know

2681

01:39:42,830 --> 01:39:39,600

psychologically against us or to you

2682

01:39:44,390 --> 01:39:42,840

know create Panic so they they did that

2683

01:39:45,950 --> 01:39:44,400

and I don't know if there was ever I

2684

01:39:47,270 --> 01:39:45,960

mean I was at the Robertson panel you

2685

01:39:48,290 --> 01:39:47,280

know where the CIA comes out and said

2686

01:39:49,729 --> 01:39:48,300

look you know we really got to do

2687

01:39:51,590 --> 01:39:49,739

everything in our power to dissuade

2688

01:39:54,110 --> 01:39:51,600

people from doing this we'll get with

2689

01:39:56,330 --> 01:39:54,120

you know uh the media you know

2690

01:39:57,709 --> 01:39:56,340

entertainment industry try to poo poo

2691

01:39:59,810 --> 01:39:57,719

all this

2692

01:40:02,209 --> 01:39:59,820

um they wanted to do that I never heard

2693

01:40:04,729 --> 01:40:02,219

of I never seen the actual evidence that

2694

01:40:06,830 --> 01:40:04,739

they actually had a you know a a

2695

01:40:08,870 --> 01:40:06,840

considered program where they actually

2696

01:40:10,790 --> 01:40:08,880

did that but

2697

01:40:12,229 --> 01:40:10,800

if you had something you really wanted

2698

01:40:13,850 --> 01:40:12,239

to hide

2699

01:40:15,350 --> 01:40:13,860

and this was before Freedom of

2700

01:40:17,450 --> 01:40:15,360

Information Act I mean how would you

2701

01:40:19,010 --> 01:40:17,460

hide it well you know

2702

01:40:20,270 --> 01:40:19,020

well this is what Eisenhower talked

2703

01:40:22,610 --> 01:40:20,280

about about the military industrial

2704

01:40:24,470 --> 01:40:22,620

complex after World War II I mean before

2705

01:40:26,149 --> 01:40:24,480

World War II we didn't have that there

2706

01:40:28,790 --> 01:40:26,159

was no military intestinal contract

2707

01:40:30,470 --> 01:40:28,800

after World War II we realized if

2708

01:40:33,290 --> 01:40:30,480

there's any way we were going to compete

2709

01:40:35,810 --> 01:40:33,300

on a national basis we'd have to have a

2710

01:40:38,689 --> 01:40:35,820

military-industrial complex we needed

2711

01:40:41,570 --> 01:40:38,699

industry that basically

2712

01:40:43,250 --> 01:40:41,580

stay ahead technologically uh you know

2713

01:40:44,750 --> 01:40:43,260

because you know with paper clip we had

2714

01:40:46,910 --> 01:40:44,760

all these German scientists the Russian

2715

01:40:48,890 --> 01:40:46,920

stuff German scientists we realized

2716

01:40:50,689 --> 01:40:48,900

where the Russians were on a lot of and

2717

01:40:52,189 --> 01:40:50,699

you know on a lot of Technologies we

2718

01:40:53,570 --> 01:40:52,199

knew we had to keep those up missiles

2719

01:40:54,410 --> 01:40:53,580

were being developed things along those

2720

01:40:55,970 --> 01:40:54,420

lines

2721

01:40:58,970 --> 01:40:55,980

so

2722

01:41:01,910 --> 01:40:58,980

hide that well you hide it basically

2723

01:41:03,770 --> 01:41:01,920

through you know industry you know and

2724

01:41:04,550 --> 01:41:03,780

you basically say to them I'm going to

2725

01:41:06,290 --> 01:41:04,560

give you

2726

01:41:08,390 --> 01:41:06,300

you know 100 million dollars and I want

2727

01:41:09,709 --> 01:41:08,400

you to work on this program you know so

2728

01:41:11,870 --> 01:41:09,719

where the program is going to be

2729

01:41:14,390 --> 01:41:11,880

developing a new missile or maybe it's

2730

01:41:16,610 --> 01:41:14,400

you know looking into the phenomenon or

2731

01:41:17,930 --> 01:41:16,620

looking into you know the Roswell crash

2732

01:41:19,550 --> 01:41:17,940

and trying to figure out how this

2733

01:41:21,890 --> 01:41:19,560

technology works

2734

01:41:23,750 --> 01:41:21,900

it's pretty easy way to do it

2735

01:41:25,669 --> 01:41:23,760

um and then the other thing is you you

2736

01:41:26,629 --> 01:41:25,679

restrict it uh you have a bigoted

2737

01:41:29,209 --> 01:41:26,639

program

2738

01:41:30,709 --> 01:41:29,219

you allow only certain people and maybe

2739

01:41:32,450 --> 01:41:30,719

one person on the National Security

2740

01:41:34,669 --> 01:41:32,460

Council maybe three or four people in

2741

01:41:36,470 --> 01:41:34,679

the Pentagon you don't necessarily tell

2742

01:41:37,970 --> 01:41:36,480

people that are going to be replaced

2743

01:41:40,430 --> 01:41:37,980

every two or three years like a lot of

2744

01:41:43,370 --> 01:41:40,440

people are uh that includes you know

2745

01:41:45,229 --> 01:41:43,380

maybe the president maybe the um

2746

01:41:47,270 --> 01:41:45,239

you know chairman of Joint Chiefs of

2747

01:41:49,070 --> 01:41:47,280

Staff Joint Chiefs of Staff you always

2748

01:41:50,689 --> 01:41:49,080

want to have somebody who knows just in

2749

01:41:52,609 --> 01:41:50,699

case something comes up but particularly

2750

01:41:54,290 --> 01:41:52,619

if it's a topic where you're really not

2751
01:41:55,609 --> 01:41:54,300
making a lot of progress anyway

2752
01:41:57,290 --> 01:41:55,619
to how do you want to brief everybody

2753
01:42:00,290 --> 01:41:57,300
for I mean I mean you know it's it's

2754
01:42:03,530 --> 01:42:00,300
like you know bringing politicians you

2755
01:42:05,330 --> 01:42:03,540
know that come and go into into highly

2756
01:42:07,729 --> 01:42:05,340
classified programs well if they're on

2757
01:42:09,590 --> 01:42:07,739
if they're part of the gang of eight or

2758
01:42:11,149 --> 01:42:09,600
they're part of and hipsy yeah

2759
01:42:13,010 --> 01:42:11,159
those are the places you might want to

2760
01:42:14,510 --> 01:42:13,020
tell but if you wanted to hide something

2761
01:42:16,790 --> 01:42:14,520
really hide something you might go to

2762
01:42:18,590 --> 01:42:16,800
the head of or hipsy and say this

2763
01:42:20,629 --> 01:42:18,600

is a very special program we can't share

2764

01:42:22,310 --> 01:42:20,639

and here are the reasons why you're

2765

01:42:23,870 --> 01:42:22,320

telling somebody in the government you

2766

01:42:26,570 --> 01:42:23,880

know is that good enough I don't know

2767

01:42:29,750 --> 01:42:26,580

probably not in my opinion yeah you know

2768

01:42:31,550 --> 01:42:29,760

but but I do know that there were

2769

01:42:33,649 --> 01:42:31,560

decisions that were made in the 60s and

2770

01:42:35,870 --> 01:42:33,659

the 70s

2771

01:42:37,609 --> 01:42:35,880

and my information doesn't go farther

2772

01:42:40,609 --> 01:42:37,619

than that where they actually did

2773

01:42:44,149 --> 01:42:40,619

discuss do we bring this topic up this

2774

01:42:46,370 --> 01:42:44,159

phenomena this this UAP UFO but also

2775

01:42:47,870 --> 01:42:46,380

with the phenomenon did we bring this up

2776

01:42:50,810 --> 01:42:47,880

because there's plenty of evidence right

2777

01:42:52,310 --> 01:42:50,820

that the military had that it exists

2778

01:42:55,189 --> 01:42:52,320

but you have to sort of look at that and

2779

01:42:57,050 --> 01:42:55,199

you know they made the decision not to

2780

01:42:59,390 --> 01:42:57,060

um I I don't think it was a wise

2781

01:43:01,010 --> 01:42:59,400

decision in the end but nevertheless I

2782

01:43:02,930 --> 01:43:01,020

wasn't there and you know I don't have a

2783

01:43:05,330 --> 01:43:02,940

50 000 foot view either

2784

01:43:07,310 --> 01:43:05,340

so thank you to the listeners for

2785

01:43:09,470 --> 01:43:07,320

sending in those questions and sorry if

2786

01:43:11,750 --> 01:43:09,480

I didn't get to the many uh ones that

2787

01:43:13,370 --> 01:43:11,760

you did send in but maybe next time if

2788

01:43:15,169 --> 01:43:13,380

Jim does go back to the podcasting

2789

01:43:16,850 --> 01:43:15,179

circuit down the road Jim you've been

2790

01:43:18,350 --> 01:43:16,860

incredibly generous with your time do

2791

01:43:20,390 --> 01:43:18,360

you have two more minutes to finish off

2792

01:43:22,010 --> 01:43:20,400

with that quick fire it can be as long

2793

01:43:23,930 --> 01:43:22,020

as you need it to be just a few words on

2794

01:43:25,609 --> 01:43:23,940

each round

2795

01:43:28,550 --> 01:43:25,619

yeah uh

2796

01:43:30,229 --> 01:43:28,560

I'm sorry would you wanted me to or no

2797

01:43:32,330 --> 01:43:30,239

I'm going to throw a few things out at

2798

01:43:33,590 --> 01:43:32,340

you um just a few words phrases and if

2799

01:43:35,270 --> 01:43:33,600

you can just give us a couple of words

2800

01:43:38,149 --> 01:43:35,280

or sentences on each one that would be

2801

01:43:39,649 --> 01:43:38,159

great yes I'm more unhappy awesome so uh

2802

01:43:42,590 --> 01:43:39,659

the first one is your opinion on

2803

01:43:46,790 --> 01:43:45,109

oh my opinion on skin wet totally real I

2804

01:43:48,709 --> 01:43:46,800

know everybody that was involved in it I

2805

01:43:54,169 --> 01:43:48,719

know them personally

2806

01:43:56,330 --> 01:43:54,179

um uh uh uh uh I'm I I am a veteran

2807

01:43:58,370 --> 01:43:56,340

believer yes getting Locker around I

2808

01:44:00,830 --> 01:43:58,380

recommend those books the ones that a

2809

01:44:02,330 --> 01:44:00,840

nap George nap and uh Kelleher wrote I

2810

01:44:04,430 --> 01:44:02,340

recommend them both books uh

2811

01:44:06,770 --> 01:44:04,440

particularly the second one

2812

01:44:08,570 --> 01:44:06,780

um yes you yes skinwalkers at the

2813

01:44:12,649 --> 01:44:08,580

Pentagon it's an absolutely excellent

2814

01:44:14,689 --> 01:44:12,659

book it it it it brings up and I'll

2815

01:44:17,410 --> 01:44:14,699

make this short but with with Jim

2816

01:44:20,209 --> 01:44:17,420

lakotsky and the Bigelow people

2817

01:44:22,729 --> 01:44:20,219

basically came up was was look it's not

2818

01:44:25,669 --> 01:44:22,739

nuts and bolts it's much much more than

2819

01:44:28,669 --> 01:44:25,679

that and if you read any of the books by

2820

01:44:29,629 --> 01:44:28,679

uh already six killer Clark I don't know

2821

01:44:31,490 --> 01:44:29,639

if you're familiar with them but she

2822

01:44:33,709 --> 01:44:31,500

talks about indigenous people in Central

2823

01:44:36,410 --> 01:44:33,719

and South America and then also in North

2824

01:44:38,689 --> 01:44:36,420

America about their religious

2825

01:44:39,890 --> 01:44:38,699

or they're in their cosmological beliefs

2826

01:44:41,629 --> 01:44:39,900

and and what have you you're going to

2827

01:44:43,550 --> 01:44:41,639

get the same thing from them I mean

2828

01:44:45,470 --> 01:44:43,560

those are extraordinarily books uh

2829

01:44:47,270 --> 01:44:45,480

extraordinary books she's written so I

2830

01:44:48,890 --> 01:44:47,280

always recommend skin walker and and

2831

01:44:51,050 --> 01:44:48,900

already six killer clerks if you really

2832

01:44:55,910 --> 01:44:51,060

want to get into sort of the uh Native

2833

01:44:58,729 --> 01:44:55,920

American or uh um early American belief

2834

01:45:03,470 --> 01:44:58,739

systems and cosmologies uh in in the

2835

01:45:06,770 --> 01:45:03,480

Americas yeah next up would be Bob Lazar

2836

01:45:09,830 --> 01:45:06,780

yeah I I that's a tough tough tough one

2837

01:45:09,840 --> 01:45:13,010

um uh originally

2838

01:45:20,030 --> 01:45:16,850

uh gave Bob Lazar a lot of credit I know

2839

01:45:23,390 --> 01:45:20,040

George Knapp is a firm believer in what

2840

01:45:26,030 --> 01:45:23,400

Bob says I made a comment on a podcast

2841

01:45:27,950 --> 01:45:26,040

oh I don't know maybe six six months ago

2842

01:45:30,229 --> 01:45:27,960

or I said yeah I sort of believe what

2843

01:45:32,990 --> 01:45:30,239

what Bob was I never met Bob I don't

2844

01:45:34,970 --> 01:45:33,000

know I mean I was sad too and then I got

2845

01:45:37,790 --> 01:45:34,980

um I got a reamed

2846

01:45:40,450 --> 01:45:37,800

um uh by a lot of my friends saying no

2847

01:45:44,930 --> 01:45:40,460

no no you know don't say that

2848

01:45:46,790 --> 01:45:44,940

uh uh uh the answer is I

2849

01:45:48,590 --> 01:45:46,800

I don't know I mean George George

2850

01:45:50,330 --> 01:45:48,600

believes Bob Lazar

2851
01:45:52,970 --> 01:45:50,340
I think there might be something to it

2852
01:45:55,010 --> 01:45:52,980
but I uh I guess I you know I took a

2853
01:45:57,709 --> 01:45:55,020
second look and I'm just gonna raise my

2854
01:45:59,510 --> 01:45:57,719
hands and say I don't know that's fair

2855
01:46:00,830 --> 01:45:59,520
um your thoughts on the Wilson Davies

2856
01:46:02,629 --> 01:46:00,840
memo

2857
01:46:05,090 --> 01:46:02,639
I won't comment on that

2858
01:46:06,410 --> 01:46:05,100
okay Hot Topic in the news right now on

2859
01:46:08,870 --> 01:46:06,420
social media

2860
01:46:12,890 --> 01:46:08,880
um your biggest disappointment or regret

2861
01:46:19,550 --> 01:46:15,290
um I think we under my biggest really my

2862
01:46:20,270 --> 01:46:19,560
biggest regret was ttsa underestimating

2863
01:46:24,169 --> 01:46:20,280

um

2864

01:46:27,910 --> 01:46:24,179

the interest

2865

01:46:30,290 --> 01:46:27,920

um uh in in

2866

01:46:33,530 --> 01:46:30,300

underestimating the amount of people uh

2867

01:46:37,669 --> 01:46:33,540

that would be interested in in making a

2868

01:46:39,050 --> 01:46:37,679

uh a public uh uh entity that would

2869

01:46:40,790 --> 01:46:39,060

investigate the phenomenon in other

2870

01:46:43,189 --> 01:46:40,800

words we thought it would be way more

2871

01:46:44,870 --> 01:46:43,199

people would have seen the videos and

2872

01:46:47,689 --> 01:46:44,880

would have jumped on board and and maybe

2873

01:46:50,330 --> 01:46:47,699

not even with TTS able but some other

2874

01:46:53,870 --> 01:46:50,340

organization it didn't really matter I

2875

01:46:56,450 --> 01:46:53,880

was very sort of disappointed I I uh and

2876

01:46:58,970 --> 01:46:56,460

then it just dawned on me and you know

2877

01:47:01,430 --> 01:46:58,980

and John Alexander who I you know I I

2878

01:47:04,370 --> 01:47:01,440

he's a mentor of mine and I know he told

2879

01:47:06,350 --> 01:47:04,380

me he said Jim he said this is not on

2880

01:47:08,870 --> 01:47:06,360

the list it's like number 50 on the list

2881

01:47:12,470 --> 01:47:08,880

of most people and he explained to me

2882

01:47:16,129 --> 01:47:12,480

and and I always come to believe we are

2883

01:47:18,290 --> 01:47:16,139

a very very small group

2884

01:47:20,330 --> 01:47:18,300

um a fellow Travelers here the UFO

2885

01:47:23,570 --> 01:47:20,340

Community you me everybody who's

2886

01:47:25,310 --> 01:47:23,580

listening out there very very small uh

2887

01:47:27,649 --> 01:47:25,320

we think we're large you know there's a

2888

01:47:29,629 --> 01:47:27,659

pull Roper you know polls and say oh 60

2889

01:47:31,910 --> 01:47:29,639

of people believe in this and 70 percent

2890

01:47:34,010 --> 01:47:31,920

of people quote unquote had some kind of

2891

01:47:36,770 --> 01:47:34,020

experience that may be the case but

2892

01:47:39,229 --> 01:47:36,780

these people sure as hell don't don't um

2893

01:47:42,590 --> 01:47:39,239

spend uh very much of their time on this

2894

01:47:45,350 --> 01:47:42,600

topic it's a very small niche and and

2895

01:47:46,189 --> 01:47:45,360

I'm very proud though of what has

2896

01:47:48,229 --> 01:47:46,199

happened

2897

01:47:50,270 --> 01:47:48,239

that we actually got the greatest

2898

01:47:52,330 --> 01:47:50,280

country in the world or or at least the

2899

01:47:53,990 --> 01:47:52,340

most powerful country in the world

2900

01:47:56,570 --> 01:47:54,000

listening

2901
01:47:58,729 --> 01:47:56,580
that was the big deal as far as I'm

2902
01:48:00,649 --> 01:47:58,739
concerned and that wasn't just tsa that

2903
01:48:03,169 --> 01:48:00,659
was everybody that was everybody who

2904
01:48:04,850 --> 01:48:03,179
came before tsa just happened to be

2905
01:48:07,669 --> 01:48:04,860
there at that right time to bring these

2906
01:48:09,830 --> 01:48:07,679
things out but it was this long history

2907
01:48:11,750 --> 01:48:09,840
of people you know that I've mentioned

2908
01:48:14,209 --> 01:48:11,760
earlier before and

2909
01:48:17,209 --> 01:48:14,219
um really had did all the hard hard work

2910
01:48:19,430 --> 01:48:17,219
on this and you know and that I'm sort

2911
01:48:20,750 --> 01:48:19,440
of glad that that came that way but my

2912
01:48:23,750 --> 01:48:20,760
disappointment is

2913
01:48:26,510 --> 01:48:23,760

we can't seem to we can't seem to work

2914

01:48:29,270 --> 01:48:26,520

together we can't seem to you know these

2915

01:48:31,310 --> 01:48:29,280

all these disparate UFO or and you know

2916

01:48:33,530 --> 01:48:31,320

organizations we just

2917

01:48:35,990 --> 01:48:33,540

this can't seem to pull it all together

2918

01:48:38,330 --> 01:48:36,000

and and um

2919

01:48:40,010 --> 01:48:38,340

you know that's sort of a disappointment

2920

01:48:41,689 --> 01:48:40,020

because we're all getting old I mean you

2921

01:48:43,189 --> 01:48:41,699

know I mean I'm old Jack valet is not

2922

01:48:44,450 --> 01:48:43,199

you know a spring chicken all these

2923

01:48:46,129 --> 01:48:44,460

people are not

2924

01:48:47,689 --> 01:48:46,139

you know where and we talked about this

2925

01:48:50,629 --> 01:48:47,699

when I was out at that conference you

2926

01:48:51,830 --> 01:48:50,639

know in California I mean 20 of us what

2927

01:48:55,010 --> 01:48:51,840

are we gonna do

2928

01:48:56,870 --> 01:48:55,020

we're not getting any younger and um

2929

01:48:59,450 --> 01:48:56,880

we have to rely on I guess people like

2930

01:49:01,430 --> 01:48:59,460

you to to to move this move this forward

2931

01:49:03,649 --> 01:49:01,440

when we go you know I don't want to go

2932

01:49:06,590 --> 01:49:03,659

anytime soon but uh you know

2933

01:49:07,729 --> 01:49:06,600

nevertheless well we hope not and I was

2934

01:49:09,109 --> 01:49:07,739

going to ask you next to what were you

2935

01:49:11,510 --> 01:49:09,119

most proud of when you've answered that

2936

01:49:13,970 --> 01:49:11,520

so let me finish with what do you think

2937

01:49:16,490 --> 01:49:13,980

right now as we speak as the single

2938

01:49:19,729 --> 01:49:16,500

biggest obstacle holding back further

2939

01:49:26,570 --> 01:49:19,739

progress in the UFO discussion

2940

01:49:29,450 --> 01:49:28,129

I would just have to say what I said

2941

01:49:32,870 --> 01:49:29,460

earlier it's

2942

01:49:38,570 --> 01:49:32,880

it's the it's the phenomenon itself

2943

01:49:41,149 --> 01:49:38,580

it doesn't give us enough it it we have

2944

01:49:42,410 --> 01:49:41,159

we have overwhelming evidence that it

2945

01:49:45,709 --> 01:49:42,420

exists

2946

01:49:47,870 --> 01:49:45,719

but it is not the kind of evidence that

2947

01:49:49,729 --> 01:49:47,880

would that you and I can look at it and

2948

01:49:53,209 --> 01:49:49,739

say fine but it is not the kind of

2949

01:49:56,149 --> 01:49:53,219

evidence that our

2950

01:49:59,629 --> 01:49:56,159

our scientific establishment would take

2951

01:50:01,910 --> 01:49:59,639

at face value and say yes yes

2952

01:50:04,970 --> 01:50:01,920

the problem is as I've said before

2953

01:50:07,790 --> 01:50:04,980

there's no there there we know remote

2954

01:50:11,689 --> 01:50:07,800

viewing exists we know it works

2955

01:50:13,729 --> 01:50:11,699

absolutely works we can't explain how it

2956

01:50:16,310 --> 01:50:13,739

works and because we can't explain how

2957

01:50:20,570 --> 01:50:16,320

it works it's not taken seriously that's

2958

01:50:22,729 --> 01:50:20,580

why CIA stopped the program in 1995.

2959

01:50:25,189 --> 01:50:22,739

um uh you know in the military I'm sure

2960

01:50:26,810 --> 01:50:25,199

picked it back up again but try to find

2961

01:50:28,370 --> 01:50:26,820

out I mean you know you know how it

2962

01:50:31,010 --> 01:50:28,380

works how telepathy Works how anything

2963

01:50:33,590 --> 01:50:31,020

works you know we have these

2964

01:50:36,050 --> 01:50:33,600

unbelievable radar images and I'm I'm

2965

01:50:38,870 --> 01:50:36,060

sure gun camera footage

2966

01:50:40,970 --> 01:50:38,880

much better than what you've seen uh of

2967

01:50:43,790 --> 01:50:40,980

you know Tic Tac and all these other you

2968

01:50:47,930 --> 01:50:45,950

people still talk about oh those are in

2969

01:50:48,950 --> 01:50:47,940

radar anomalies or weather anomalies or

2970

01:50:51,410 --> 01:50:48,960

this and that and the reason they're

2971

01:50:53,510 --> 01:50:51,420

doing that is because we don't have

2972

01:50:55,790 --> 01:50:53,520

definitive proof for them these

2973

01:50:58,010 --> 01:50:55,800

scientists decide look this is what this

2974

01:51:01,729 --> 01:50:58,020

is what it is we need that one picture

2975

01:51:04,129 --> 01:51:01,739

we need that one video you know that is

2976

01:51:05,689 --> 01:51:04,139

it that was not altered or couldn't have

2977

01:51:07,669 --> 01:51:05,699

been altered or anything like that to

2978

01:51:08,870 --> 01:51:07,679

say okay this is this is who it is do

2979

01:51:10,790 --> 01:51:08,880

you remember remember that movie that

2980

01:51:11,870 --> 01:51:10,800

came out with Mel Gibson called signs

2981

01:51:16,189 --> 01:51:11,880

yes

2982

01:51:19,310 --> 01:51:16,199

these aliens invaded and there were

2983

01:51:21,470 --> 01:51:19,320

these real creepy looking you know ETS

2984

01:51:22,970 --> 01:51:21,480

we need something like that oh hopefully

2985

01:51:24,470 --> 01:51:22,980

not that though I mean I don't want

2986

01:51:26,570 --> 01:51:24,480

these clowns come showing up you know

2987

01:51:28,010 --> 01:51:26,580

but we need something like that

2988

01:51:30,050 --> 01:51:28,020

well do you know what I've got a sexual

2989

01:51:31,490 --> 01:51:30,060

son uh and a one-year-old son and a

2990

01:51:33,169 --> 01:51:31,500

four-year-old daughter who know their

2991

01:51:34,790 --> 01:51:33,179

daddy talks about aliens in a podcast

2992

01:51:36,950 --> 01:51:34,800

and he's talking to a man tonight about

2993

01:51:38,810 --> 01:51:36,960

aliens on his podcast I'm not

2994

01:51:40,129 --> 01:51:38,820

intelligent enough to to research it and

2995

01:51:42,410 --> 01:51:40,139

do anything about it but I hope

2996

01:51:44,209 --> 01:51:42,420

Generations like that coming up

2997

01:51:46,070 --> 01:51:44,219

can at least carry on the work that

2998

01:51:47,810 --> 01:51:46,080

starts now and has been going on for

2999

01:51:49,609 --> 01:51:47,820

decades and maybe they're the ones that

3000

01:51:50,689 --> 01:51:49,619

will really make the progress on this

3001

01:51:52,669 --> 01:51:50,699

discussion

3002

01:51:55,070 --> 01:51:52,679

maybe maybe so I think it's going to be

3003

01:51:57,290 --> 01:51:55,080

your generation though I hope so I mean

3004

01:51:59,030 --> 01:51:57,300

I'm 36 so I've got a good hopefully

3005

01:52:00,530 --> 01:51:59,040

double that left at least but I'm

3006

01:52:03,709 --> 01:52:00,540

Scottish so you know there's always that

3007

01:52:06,229 --> 01:52:03,719

against me listen Jim um I hope this

3008

01:52:08,149 --> 01:52:06,239

isn't your last appearance indefinitely

3009

01:52:09,410 --> 01:52:08,159

um but in case it is for a while is

3010

01:52:10,850 --> 01:52:09,420

there anything you'd like to say to the

3011

01:52:12,470 --> 01:52:10,860

audience at large and leave them with

3012

01:52:14,510 --> 01:52:12,480

one final message

3013

01:52:17,689 --> 01:52:14,520

yeah I I try to leave this every time I

3014

01:52:20,689 --> 01:52:17,699

have a podcast look do not lose faith do

3015

01:52:22,970 --> 01:52:20,699

not lose hope and if you had experiences

3016

01:52:25,729 --> 01:52:22,980

if you're an experienter or a contactee

3017

01:52:28,430 --> 01:52:25,739

or just have a general interest in this

3018

01:52:30,050 --> 01:52:28,440

there will be an end result and I think

3019

01:52:33,350 --> 01:52:30,060

the end result

3020

01:52:35,330 --> 01:52:33,360

uh hopefully will come in your lifetime

3021

01:52:37,010 --> 01:52:35,340

maybe not in my lifetime but in your

3022

01:52:38,689 --> 01:52:37,020

lifetime but you have to keep your nose

3023

01:52:40,189 --> 01:52:38,699

to the grindstone you have to keep an

3024

01:52:42,290 --> 01:52:40,199

interest you have to keep plugging away

3025

01:52:44,030 --> 01:52:42,300

at this this is an absolutely

3026

01:52:45,770 --> 01:52:44,040

fascinating subject

3027

01:52:48,430 --> 01:52:45,780

I can't think of anything nor

3028

01:52:50,990 --> 01:52:48,440

fascinating than this this to me is just

3029

01:52:53,270 --> 01:52:51,000

it is the story of the Millennia and

3030

01:52:55,010 --> 01:52:53,280

whether people understand it or not and

3031

01:52:57,109 --> 01:52:55,020

you just have to stay stay the course

3032

01:52:58,729 --> 01:52:57,119

and keep the faith and if you're

3033

01:53:01,669 --> 01:52:58,739

bothered by this

3034

01:53:04,189 --> 01:53:01,679

it won't kill you it just won't you just

3035

01:53:06,109 --> 01:53:04,199

you have to basically just you know take

3036

01:53:07,490 --> 01:53:06,119

it for what it is and you know and put

3037

01:53:09,169 --> 01:53:07,500

it in its place

3038

01:53:11,570 --> 01:53:09,179

if it bothers you put it in another

3039

01:53:13,250 --> 01:53:11,580

place you can do that you can just take

3040

01:53:14,990 --> 01:53:13,260

it and move it up move it put it

3041

01:53:17,450 --> 01:53:15,000

someplace and then you know go on with

3042

01:53:19,370 --> 01:53:17,460

your life it shouldn't affect you if it

3043

01:53:20,870 --> 01:53:19,380

does affect you that that strongly then

3044

01:53:22,790 --> 01:53:20,880

again you might be just the opposite in

3045

01:53:24,530 --> 01:53:22,800

doing it so I guess what I'm saying is

3046

01:53:26,810 --> 01:53:24,540

fair forward

3047

01:53:29,390 --> 01:53:26,820

um um I I view you all as fellow fellow

3048

01:53:32,390 --> 01:53:29,400

Travelers and I um I'm absolutely

3049

01:53:34,910 --> 01:53:32,400

astounded that anybody would want to

3050

01:53:37,070 --> 01:53:34,920

listen to me uh and uh you know I spent

3051

01:53:39,050 --> 01:53:37,080

my my whole life in the background

3052

01:53:40,910 --> 01:53:39,060

someplace now I'm not pure yapping and

3053

01:53:42,770 --> 01:53:40,920

I'm very self-conscious about it because

3054

01:53:46,070 --> 01:53:42,780

I I don't feel like I'm helping anybody

3055

01:53:47,930 --> 01:53:46,080

and and um by just regurgitating the

3056

01:53:50,510 --> 01:53:47,940

same stuff over and over and over again

3057

01:53:52,490 --> 01:53:50,520

but there are lots and lots of people

3058

01:53:54,410 --> 01:53:52,500

out there in the government and all the

3059

01:53:55,850 --> 01:53:54,420

governments that are fascinated by this

3060

01:53:58,669 --> 01:53:55,860

and they're never going to let this

3061

01:54:01,070 --> 01:53:58,679

thing drop again it won't cat is out of

3062

01:54:03,109 --> 01:54:01,080

the bag Folks at the start of this year
