

JACQUES VALLÉE

ASTRONOMER, AUTHOR, UFOLOGIST

1
00:00:09,049 --> 00:00:03,590
this is Lou Elizondo and you are

2
00:00:14,870 --> 00:00:11,990
hi everyone and welcome back to that UFO

3
00:00:18,170 --> 00:00:14,880
podcast my name is Andy and I am honored

4
00:00:20,570 --> 00:00:18,180
delighted and Overjoyed to be joined by

5
00:00:23,269 --> 00:00:20,580
one of the world's foremost names in the

6
00:00:26,570 --> 00:00:23,279
study of UFOs a gentleman with a

7
00:00:28,849 --> 00:00:26,580
master's degree in astrophysics a PhD in

8
00:00:31,310 --> 00:00:28,859
artificial intelligence an active

9
00:00:33,530 --> 00:00:31,320
investor in high technology and author

10
00:00:36,110 --> 00:00:33,540
of some of the best books on the UFO

11
00:00:38,209 --> 00:00:36,120
phenomenon available and today here to

12
00:00:40,670 --> 00:00:38,219
look at among many things the new

13
00:00:42,830 --> 00:00:40,680

edition of Trinity the best kept secret

14

00:00:45,830 --> 00:00:42,840

he a book he co-authored with Paola

15

00:00:47,209 --> 00:00:45,840

Harris Mr Jacques Valley Jacques welcome

16

00:00:49,790 --> 00:00:47,219

to the podcast

17

00:00:52,250 --> 00:00:49,800

thank you very much for having me I look

18

00:00:54,350 --> 00:00:52,260

forward to it yeah listen let's get

19

00:00:58,189 --> 00:00:54,360

straight into it so just a reminder

20

00:01:01,130 --> 00:00:58,199

folks in May 2021 I interviewed Paola

21

00:01:03,229 --> 00:01:01,140

Harris on the book originally so for the

22

00:01:05,750 --> 00:01:03,239

detailed Story please check that one out

23

00:01:07,010 --> 00:01:05,760

in the archive having Jack on we're

24

00:01:10,190 --> 00:01:07,020

going to look at the new information

25

00:01:11,870 --> 00:01:10,200

included in the book however Jack would

26

00:01:13,789 --> 00:01:11,880

you please Begin by telling the

27

00:01:16,250 --> 00:01:13,799

listeners who may not be familiar with

28

00:01:18,770 --> 00:01:16,260

the Trinity case a little bit about it

29

00:01:22,070 --> 00:01:18,780

but also what's brought about a second

30

00:01:28,010 --> 00:01:23,870

um you're talking about the Trinity case

31

00:01:30,170 --> 00:01:28,020

right yeah yes I I was invited into the

32

00:01:33,410 --> 00:01:30,180

case by Paula Harris

33

00:01:36,050 --> 00:01:33,420

who had already done about three years

34

00:01:41,149 --> 00:01:36,060

of of work she was one of the first

35

00:01:44,390 --> 00:01:41,159

people who uh became aware that the the

36

00:01:49,310 --> 00:01:44,400

witnesses who by then were in their late

37

00:01:52,069 --> 00:01:49,320

60s and early 70s were for the first

38

00:01:55,609 --> 00:01:52,079

time we're talking about what they had

39

00:01:59,690 --> 00:01:55,619

seen all the way back in 1945

40

00:02:02,450 --> 00:01:59,700

she was number one she was amazed that

41

00:02:05,149 --> 00:02:02,460

the secret had been kept you know so

42

00:02:07,969 --> 00:02:05,159

long because you know many witnesses

43

00:02:11,270 --> 00:02:07,979

want to be on TV or they want to tell

44

00:02:14,150 --> 00:02:11,280

their story or they just feel a need to

45

00:02:16,970 --> 00:02:14,160

to tell their story even if it's not to

46

00:02:21,830 --> 00:02:16,980

the media but to someone like me or or

47

00:02:24,890 --> 00:02:21,840

to a scientist or to an investigator so

48

00:02:27,410 --> 00:02:24,900

that was amazing and the other thing

49

00:02:33,350 --> 00:02:27,420

that was amazing was all the complexity

50

00:02:36,229 --> 00:02:33,360

of the case as she got into it and a

51
00:02:39,470 --> 00:02:36,239
couple of other people had interviewed

52
00:02:42,830 --> 00:02:39,480
at least one of the one of the witnesses

53
00:02:46,009 --> 00:02:42,840
but there was also a scientific aspect

54
00:02:48,350 --> 00:02:46,019
involved and she invited me into the

55
00:02:53,170 --> 00:02:48,360
case to look at that actually there were

56
00:02:55,210 --> 00:02:53,180
two one was the object itself which had

57
00:02:58,190 --> 00:02:55,220
very

58
00:03:01,430 --> 00:02:58,200
interesting characteristics that had

59
00:03:03,410 --> 00:03:01,440
never been seen before and it wasn't a

60
00:03:07,009 --> 00:03:03,420
flying saucer a member of the term

61
00:03:10,430 --> 00:03:07,019
flying software was introduced in 1947

62
00:03:14,570 --> 00:03:10,440
two years later you know

63
00:03:17,089 --> 00:03:14,580

um by by Kenneth Arnold uh there was no

64

00:03:19,930 --> 00:03:17,099

U.S Air Force of course there were

65

00:03:23,990 --> 00:03:19,940

airplanes but there were Army Air Frost

66

00:03:27,410 --> 00:03:24,000

the pilots were in army uniforms and and

67

00:03:31,130 --> 00:03:27,420

uh so all the the things that we imagine

68

00:03:33,830 --> 00:03:31,140

going on around the UFO case were not

69

00:03:36,670 --> 00:03:33,840

present you know there was the the

70

00:03:39,649 --> 00:03:36,680

Witnesses were two children

71

00:03:42,530 --> 00:03:39,659

uh who were taking care of their

72

00:03:46,309 --> 00:03:42,540

father's Ranch of course in those years

73

00:03:49,610 --> 00:03:46,319

you know all the adults were uh unless

74

00:03:52,970 --> 00:03:49,620

they were essential for the economy they

75

00:03:56,390 --> 00:03:52,980

were at War still they were still you

76

00:04:00,530 --> 00:03:56,400

know in being repatriated this was just

77

00:04:04,369 --> 00:04:00,540

the the end of the war in Europe but the

78

00:04:08,350 --> 00:04:04,379

war in the Pacific was still going on

79

00:04:10,009 --> 00:04:08,360

so there is a very uh

80

00:04:13,910 --> 00:04:10,019

powerful

81

00:04:16,490 --> 00:04:13,920

you know aspect of this case which has

82

00:04:20,810 --> 00:04:16,500

to do with modern history

83

00:04:23,570 --> 00:04:20,820

the the other aspect is the the object

84

00:04:27,469 --> 00:04:23,580

itself I mean the object itself didn't

85

00:04:31,070 --> 00:04:27,479

resemble anything that the witnesses had

86

00:04:33,350 --> 00:04:31,080

seen before it was a large oval you know

87

00:04:35,570 --> 00:04:33,360

they called it an avocado of course

88

00:04:39,530 --> 00:04:35,580

where New Mexico people speak

89

00:04:42,189 --> 00:04:39,540

indifferently Spanish or English

90

00:04:44,990 --> 00:04:42,199

um but they came from a a

91

00:04:47,150 --> 00:04:45,000

Spanish-speaking family so they they

92

00:04:51,409 --> 00:04:47,160

call it an avocado it's the size of two

93

00:04:54,710 --> 00:04:51,419

trucks it's heavy uh it has hit a

94

00:04:58,490 --> 00:04:54,720

communication Tower and then plowed the

95

00:05:01,610 --> 00:04:58,500

boulevard down the hill apparently under

96

00:05:04,430 --> 00:05:01,620

power and those are the things that uh

97

00:05:08,510 --> 00:05:04,440

Paula and I wanted to investigate and

98

00:05:11,450 --> 00:05:08,520

and really get more of a of an

99

00:05:14,510 --> 00:05:11,460

understanding of what that entire

100

00:05:17,870 --> 00:05:14,520

situation was the first witness was not

101

00:05:20,270 --> 00:05:17,880

the kids the first witness was a very

102

00:05:22,510 --> 00:05:20,280

experienced longer pilot

103

00:05:24,370 --> 00:05:22,520

their brother

104

00:05:28,790 --> 00:05:24,380

b-r-o-t-h-y

105

00:05:32,870 --> 00:05:28,800

who was somewhat older than most of the

106

00:05:35,990 --> 00:05:32,880

pilots in the Army are fals he he joined

107

00:05:38,450 --> 00:05:36,000

as what they called an old man uh if you

108

00:05:42,890 --> 00:05:38,460

were over 40 for the Army you were

109

00:05:46,189 --> 00:05:42,900

recruited as an old man category and I

110

00:05:48,529 --> 00:05:46,199

don't think of 40 being old but

111

00:05:51,110 --> 00:05:48,539

apparently the Army did in those days

112

00:05:55,610 --> 00:05:51,120

because many of the recruits were in

113

00:05:59,330 --> 00:05:55,620

their you know in in their 20s and early

114

00:06:00,370 --> 00:05:59,340

30s he's coming in for a landing with a

115

00:06:03,710 --> 00:06:00,380

bomber

116

00:06:08,570 --> 00:06:03,720

uh coming in for landing at Alamogordo

117

00:06:12,650 --> 00:06:08,580

which is the air base inside White Sands

118

00:06:16,249 --> 00:06:12,660

White Sands is very large area where the

119

00:06:18,529 --> 00:06:16,259

first atom bulb had been tested

120

00:06:20,870 --> 00:06:18,539

in quotes

121

00:06:24,290 --> 00:06:20,880

um a few weeks before

122

00:06:28,370 --> 00:06:24,300

the tower at Alamogordo asked him to

123

00:06:32,390 --> 00:06:28,380

look at the communication tower that is

124

00:06:35,890 --> 00:06:32,400

on that ranch on the the father's land

125

00:06:38,870 --> 00:06:35,900

you know of the two kids and

126
00:06:41,450 --> 00:06:38,880
he circles that Tower and sees that the

127
00:06:43,909 --> 00:06:41,460
tower has been bent and the tower is no

128
00:06:47,450 --> 00:06:43,919
longer communicating it's not a military

129
00:06:49,210 --> 00:06:47,460
Tower it's right outside about 20 miles

130
00:06:52,969 --> 00:06:49,220
outside the

131
00:06:56,809 --> 00:06:52,979
White Sands territory where the bomb had

132
00:06:59,090 --> 00:06:56,819
been exploded but it controls the uh

133
00:07:03,469 --> 00:06:59,100
both civilian and Military airplanes

134
00:07:06,249 --> 00:07:03,479
around the the classified area

135
00:07:10,189 --> 00:07:06,259
which is still classified at that point

136
00:07:14,210 --> 00:07:10,199
the the pilot reports that the tower is

137
00:07:18,650 --> 00:07:14,220
bent has lost communication and he then

138
00:07:22,309 --> 00:07:18,660

sees some smoke reports that there is an

139

00:07:25,730 --> 00:07:22,319

oval object in the bushes

140

00:07:27,189 --> 00:07:25,740

um in the the cactus and you know it's

141

00:07:31,430 --> 00:07:27,199

very sparse

142

00:07:34,070 --> 00:07:31,440

vegetation there and uh things that the

143

00:07:37,330 --> 00:07:34,080

object is on fire in fact the object is

144

00:07:40,610 --> 00:07:37,340

not on fire but the the vegetation is

145

00:07:42,890 --> 00:07:40,620

and uh and then they can report to two

146

00:07:46,909 --> 00:07:42,900

kids he says that he sees two little

147

00:07:50,050 --> 00:07:46,919

kids one horseback next to the area

148

00:07:52,730 --> 00:07:50,060

where the object ends quote crashed

149

00:07:55,990 --> 00:07:52,740

although parallel and I have become

150

00:07:59,749 --> 00:07:56,000

convinced that it was a controlled crash

151
00:08:03,050 --> 00:07:59,759
the uh based on the descriptions of the

152
00:08:06,110 --> 00:08:03,060
object that we get from the two kids so

153
00:08:10,189 --> 00:08:06,120
it's a very unusual case because we can

154
00:08:14,990 --> 00:08:10,199
place the three Witnesses at the site at

155
00:08:18,710 --> 00:08:15,000
the time when the object just crashed

156
00:08:20,589 --> 00:08:18,720
um we we have their testimony of all

157
00:08:24,409 --> 00:08:20,599
three of them

158
00:08:27,290 --> 00:08:24,419
and then we have the the fact that the

159
00:08:28,869 --> 00:08:27,300
kids are going to stay there for the

160
00:08:31,369 --> 00:08:28,879
next 10 days

161
00:08:32,829 --> 00:08:31,379
watching their recovery

162
00:08:36,409 --> 00:08:32,839
and

163
00:08:40,250 --> 00:08:36,419

by the time I got involved uh with with

164

00:08:44,810 --> 00:08:40,260

and caught up with with Fowler

165

00:08:48,949 --> 00:08:44,820

um one of the witnesses Mr Becker had

166

00:08:51,790 --> 00:08:48,959

died but the other one was still very

167

00:08:55,870 --> 00:08:51,800

much alive Mr Padilla Jose

168

00:09:00,050 --> 00:08:55,880

in fact he's a few years older than I am

169

00:09:03,290 --> 00:09:00,060

and we've become friends as a result of

170

00:09:05,710 --> 00:09:03,300

you know my frequent trips there to

171

00:09:10,970 --> 00:09:05,720

continue the investigation

172

00:09:13,910 --> 00:09:10,980

the the case is extraordinary because

173

00:09:16,850 --> 00:09:13,920

the again we can place the witnesses at

174

00:09:19,070 --> 00:09:16,860

the site they were the First Responders

175

00:09:22,970 --> 00:09:19,080

of course they thought it had to do with

176

00:09:25,850 --> 00:09:22,980

the war they had no no concept of you

177

00:09:29,329 --> 00:09:25,860

know UFOs the term UFO isn't invented

178

00:09:30,670 --> 00:09:29,339

yet it's going to be invented by the U.S

179

00:09:35,090 --> 00:09:30,680

Air Force

180

00:09:38,150 --> 00:09:35,100

after 1947 President Truman is going to

181

00:09:41,750 --> 00:09:38,160

create the Air Force to write it into

182

00:09:45,110 --> 00:09:41,760

existence as separate from the Army two

183

00:09:47,990 --> 00:09:45,120

years later the CIA doesn't exist the

184

00:09:50,870 --> 00:09:48,000

CIA is going to be created into

185

00:09:55,670 --> 00:09:50,880

existence Again by President Truman two

186

00:09:58,490 --> 00:09:55,680

years later so we're we're still most

187

00:10:00,949 --> 00:09:58,500

able you know able-bodied Americans are

188

00:10:04,610 --> 00:10:00,959

still in uniform they are scattered

189

00:10:07,310 --> 00:10:04,620

between Europe and Japan the war in

190

00:10:09,670 --> 00:10:07,320

Europe is over

191

00:10:15,230 --> 00:10:09,680

um Hitler has died

192

00:10:18,110 --> 00:10:15,240

uh Stalin is sweeping is reorganizing

193

00:10:20,509 --> 00:10:18,120

the right Army uh the Red Army I mean

194

00:10:23,750 --> 00:10:20,519

there's nothing left in Germany the the

195

00:10:27,710 --> 00:10:23,760

Red Army is sweeping through the

196

00:10:30,730 --> 00:10:27,720

Manchuria and uh China pushing the

197

00:10:35,630 --> 00:10:30,740

Japanese out of China they had invaded

198

00:10:40,610 --> 00:10:35,640

you know China and then getting ready to

199

00:10:43,430 --> 00:10:40,620

attack Japan from the north Japan

200

00:10:44,690 --> 00:10:43,440

um is also going to be attacked by the

201
00:10:47,509 --> 00:10:44,700
Navy

202
00:10:49,850 --> 00:10:47,519
I've read all the books that have come

203
00:10:52,550 --> 00:10:49,860
out in the last few years you know many

204
00:10:53,710 --> 00:10:52,560
of the documents were

205
00:10:56,690 --> 00:10:53,720
um

206
00:10:59,750 --> 00:10:56,700
not not exactly classified but they were

207
00:11:02,329 --> 00:10:59,760
not available to Scholars until just a

208
00:11:06,110 --> 00:11:02,339
few years ago it took 50 years to

209
00:11:09,350 --> 00:11:06,120
assemble and document all the all the

210
00:11:11,990 --> 00:11:09,360
papers from different nations a lot of

211
00:11:15,530 --> 00:11:12,000
it is here at Stanford I mean not not

212
00:11:19,810 --> 00:11:15,540
here because I'm in parisman uh it's all

213
00:11:22,850 --> 00:11:19,820

over in Palo Alto and

214

00:11:25,250 --> 00:11:22,860

the historians had time to study it and

215

00:11:29,990 --> 00:11:25,260

to publish a number of books that I read

216

00:11:33,829 --> 00:11:30,000

in preparation for for writing Trinity I

217

00:11:37,870 --> 00:11:33,839

was stumped when I read

218

00:11:41,329 --> 00:11:37,880

and when I realized uh what had happened

219

00:11:44,449 --> 00:11:41,339

and I realized also why

220

00:11:47,750 --> 00:11:44,459

I didn't know after so many years of

221

00:11:50,630 --> 00:11:47,760

studying UFOs I had never heard of that

222

00:11:52,790 --> 00:11:50,640

case the case really wasn't in the

223

00:11:55,910 --> 00:11:52,800

literature except in a couple of

224

00:12:00,050 --> 00:11:55,920

footnotes uh one book has a short

225

00:12:03,410 --> 00:12:00,060

chapter about it but essentially it had

226

00:12:05,810 --> 00:12:03,420

not been researched at the site

227

00:12:10,870 --> 00:12:05,820

and the reason we didn't know about it

228

00:12:13,670 --> 00:12:10,880

is that the object was recovered by the

229

00:12:17,329 --> 00:12:13,680

Manhattan Project

230

00:12:19,130 --> 00:12:17,339

by the Army was you know managing that

231

00:12:20,509 --> 00:12:19,140

the Manhattan Project

232

00:12:27,290 --> 00:12:20,519

and

233

00:12:31,069 --> 00:12:27,300

after that it would be covered by the

234

00:12:35,030 --> 00:12:31,079

atomic secrets and not by the the normal

235

00:12:37,329 --> 00:12:35,040

Pentagon secrets it was covered under

236

00:12:43,910 --> 00:12:37,339

the nuclear sequence and we know that

237

00:12:47,930 --> 00:12:43,920

because there is a uh we found a uh a a

238

00:12:53,090 --> 00:12:47,940

note from another unrelated

239

00:12:56,509 --> 00:12:53,100

investigation in in the 50s there were a

240

00:12:58,670 --> 00:12:56,519

number of UFOs seen over Washington that

241

00:13:02,509 --> 00:12:58,680

actually went over the Forbidden space

242

00:13:04,910 --> 00:13:02,519

over the Pentagon and the White House

243

00:13:07,970 --> 00:13:04,920

um Fighters were sent after them of

244

00:13:09,129 --> 00:13:07,980

course and one fighter was authorized to

245

00:13:13,370 --> 00:13:09,139

shoot

246

00:13:16,490 --> 00:13:13,380

shot at a UFO destroyed part of it the

247

00:13:19,850 --> 00:13:16,500

part that fell down was recovered and

248

00:13:22,250 --> 00:13:19,860

later the United States shared the part

249

00:13:26,569 --> 00:13:22,260

of that material and we can talk about

250

00:13:30,290 --> 00:13:26,579

materials later if if you want to but uh

251
00:13:32,870 --> 00:13:30,300
they had you know first shot at that

252
00:13:36,190 --> 00:13:32,880
material and they shared it with the

253
00:13:39,410 --> 00:13:36,200
Canadians Canadians had a UFO project

254
00:13:44,030 --> 00:13:39,420
and they told the Canadians that in the

255
00:13:45,530 --> 00:13:44,040
U.S this was classified higher than the

256
00:13:48,470 --> 00:13:45,540
nuclear bomb

257
00:13:50,569 --> 00:13:48,480
so we know that from you know official

258
00:13:51,710 --> 00:13:50,579
channels not from the witnesses

259
00:13:56,150 --> 00:13:51,720
themselves

260
00:13:58,550 --> 00:13:56,160
so the secret was kept and

261
00:14:01,310 --> 00:13:58,560
um it's still kept we don't know where

262
00:14:05,210 --> 00:14:01,320
the object met however

263
00:14:08,509 --> 00:14:05,220

we have the witnesses who are there uh

264

00:14:12,650 --> 00:14:08,519

day after day after day took 10 days

265

00:14:15,769 --> 00:14:12,660

to recover this object and to get it on

266

00:14:20,030 --> 00:14:15,779

the truck and to to clean up the the

267

00:14:22,670 --> 00:14:20,040

site as best as they could and to take

268

00:14:26,150 --> 00:14:22,680

everything away the kids were watching

269

00:14:30,590 --> 00:14:26,160

every day and in in the book you know in

270

00:14:32,290 --> 00:14:30,600

in Trinity we have reconstructed what

271

00:14:35,150 --> 00:14:32,300

happened day after day of today

272

00:14:38,389 --> 00:14:35,160

including the the weather conditions and

273

00:14:42,290 --> 00:14:38,399

everything else so we we know a lot

274

00:14:44,210 --> 00:14:42,300

about how that object was recovered and

275

00:14:45,310 --> 00:14:44,220

we have a pretty good idea of where it

276

00:14:48,050 --> 00:14:45,320

went

277

00:14:50,150 --> 00:14:48,060

thank you very much for that that lovely

278

00:14:53,449 --> 00:14:50,160

summary of the event I'd love to know

279

00:14:56,030 --> 00:14:53,459

long Exposition I apologize but you know

280

00:14:58,850 --> 00:14:56,040

there were all these factors combining

281

00:15:01,189 --> 00:14:58,860

together in that case no there's so much

282

00:15:04,730 --> 00:15:01,199

to discuss and I'd love to know firstly

283

00:15:07,189 --> 00:15:04,740

one month prior to this this crash or

284

00:15:11,269 --> 00:15:07,199

controlled crash there was an atomic

285

00:15:14,090 --> 00:15:11,279

test 20 miles away from the site do you

286

00:15:16,550 --> 00:15:14,100

think that Atomic test in any way

287

00:15:19,610 --> 00:15:16,560

affected the environment that caused the

288

00:15:22,550 --> 00:15:19,620

crash or do you think it was the

289

00:15:24,550 --> 00:15:22,560

potentially a way we we alerted

290

00:15:28,970 --> 00:15:24,560

something else to what we were doing

291

00:15:31,389 --> 00:15:28,980

well you know I I can always I can only

292

00:15:33,910 --> 00:15:31,399

speculate you know about

293

00:15:37,670 --> 00:15:33,920

what happened

294

00:15:40,790 --> 00:15:37,680

the it was very clear that that object

295

00:15:44,329 --> 00:15:40,800

was not human you know

296

00:15:46,990 --> 00:15:44,339

um it was okay it's not not human from

297

00:15:50,269 --> 00:15:47,000

you know the United States or

298

00:15:53,090 --> 00:15:50,279

Russia or Germany that might have been

299

00:15:54,530 --> 00:15:53,100

inspiring on White Sands on the atomic

300

00:15:55,490 --> 00:15:54,540

Center

301

00:15:59,170 --> 00:15:55,500

um

302

00:16:04,009 --> 00:16:01,790

why would it crash I mean that's a

303

00:16:06,829 --> 00:16:04,019

question that people have you know very

304

00:16:08,569 --> 00:16:06,839

often they say okay you know we can

305

00:16:11,449 --> 00:16:08,579

believe that these objects are real

306

00:16:14,150 --> 00:16:11,459

these UFOs are there but you're telling

307

00:16:15,769 --> 00:16:14,160

us about these accidents I mean if you

308

00:16:18,710 --> 00:16:15,779

came from the other end of the universe

309

00:16:22,069 --> 00:16:18,720

why would you crash on somebody's Ranch

310

00:16:23,990 --> 00:16:22,079

no you would Master enough of them the

311

00:16:25,069 --> 00:16:24,000

physical characteristics that you could

312

00:16:28,730 --> 00:16:25,079

land there

313

00:16:31,610 --> 00:16:28,740

well what if it's a gift

314

00:16:35,930 --> 00:16:31,620

what if it's a signal

315

00:16:38,389 --> 00:16:35,940

after all history has just changed

316

00:16:42,129 --> 00:16:38,399

for the first time

317

00:16:46,550 --> 00:16:42,139

um you know mankind has demonstrated

318

00:16:48,290 --> 00:16:46,560

Mastery of nuclear processes many

319

00:16:53,230 --> 00:16:48,300

scientists did not believe that you

320

00:16:56,509 --> 00:16:53,240

could make an atom bomb here you know uh

321

00:16:59,170 --> 00:16:56,519

the uh the scientists were gathered

322

00:17:02,629 --> 00:16:59,180

there were the elite of

323

00:17:06,490 --> 00:17:02,639

science across around the world you know

324

00:17:11,630 --> 00:17:06,500

there were Germans they were they were

325

00:17:14,030 --> 00:17:11,640

they were Italians like Fermi and Rico

326

00:17:16,429 --> 00:17:14,040

Fermi they were Americans they were

327

00:17:20,090 --> 00:17:16,439

poles there were people from all over

328

00:17:22,669 --> 00:17:20,100

the world who had fled the Nazi and uh

329

00:17:28,309 --> 00:17:22,679

there were a couple of Nobel prizes and

330

00:17:30,650 --> 00:17:28,319

and uh the they demonstrated you know

331

00:17:33,409 --> 00:17:30,660

the the nuclear power

332

00:17:38,630 --> 00:17:33,419

contrary to what many people think the

333

00:17:41,750 --> 00:17:38,640

the Army did not exactly embrace the

334

00:17:44,650 --> 00:17:41,760

idea of using a trombone

335

00:17:48,169 --> 00:17:44,660

um generalizing our General Sherman

336

00:17:51,230 --> 00:17:48,179

separately went to see went to the White

337

00:17:54,830 --> 00:17:51,240

House to see the president

338

00:17:57,010 --> 00:17:54,840

and told him that the Army should not

339

00:17:59,630 --> 00:17:57,020

use the bomb

340

00:18:01,970 --> 00:17:59,640

contrary to you know people think well

341

00:18:05,029 --> 00:18:01,980

you know the Army the military wanted

342

00:18:08,390 --> 00:18:05,039

you know more more power more bombs more

343

00:18:10,909 --> 00:18:08,400

explosions and so on and that's why they

344

00:18:16,070 --> 00:18:10,919

they were crazy enough to use this

345

00:18:18,169 --> 00:18:16,080

nuclear weapon the Army thought that if

346

00:18:21,169 --> 00:18:18,179

the bomb was used

347

00:18:22,190 --> 00:18:21,179

the nature of war was going to change

348

00:18:26,289 --> 00:18:22,200

forever

349

00:18:30,470 --> 00:18:26,299

and that the wars conflicts would become

350

00:18:32,750 --> 00:18:30,480

unmanageable and that the you know I can

351

00:18:36,409 --> 00:18:32,760

put that in the context of what happens

352

00:18:40,850 --> 00:18:36,419

now in Ukraine I mean are we going to

353

00:18:43,430 --> 00:18:40,860

see this you know for all that time the

354

00:18:47,870 --> 00:18:43,440

atom bomb has never been used it has

355

00:18:51,230 --> 00:18:47,880

been refined has been uh reshaped it has

356

00:18:54,169 --> 00:18:51,240

been experimented with you know by by

357

00:18:56,870 --> 00:18:54,179

the US by Russia by France by other

358

00:18:59,690 --> 00:18:56,880

countries but it has never been used in

359

00:19:02,350 --> 00:18:59,700

Conflict even though the Temptation was

360

00:19:07,490 --> 00:19:02,360

probably very very high

361

00:19:09,950 --> 00:19:07,500

then so we're back at a time where you

362

00:19:13,190 --> 00:19:09,960

know for when they went I've learned a

363

00:19:16,549 --> 00:19:13,200

lot of history you know I I was born in

364

00:19:19,789 --> 00:19:16,559

France when France was essentially you

365

00:19:23,150 --> 00:19:19,799

know invaded by the Germans so the first

366

00:19:26,450 --> 00:19:23,160

five years of my life I was in occupied

367

00:19:28,850 --> 00:19:26,460

friends uh I remember the conditions

368

00:19:32,090 --> 00:19:28,860

there I remember what the war was like

369

00:19:34,549 --> 00:19:32,100

because our town was a key strategic

370

00:19:38,090 --> 00:19:34,559

point and it was attacked you know

371

00:19:41,750 --> 00:19:38,100

repeatedly and that I I can place myself

372

00:19:44,330 --> 00:19:41,760

in the conditions where people were in

373

00:19:46,370 --> 00:19:44,340

the United States in 1945

374

00:19:50,690 --> 00:19:46,380

the

375

00:19:54,830 --> 00:19:50,700

President Truman emerges from this with

376
00:19:57,830 --> 00:19:54,840
an extraordinary character I mean he had

377
00:19:59,450 --> 00:19:57,840
to make the decision himself the user

378
00:20:03,350 --> 00:19:59,460
bomb

379
00:20:04,789 --> 00:20:03,360
um the the Pentagon had ordered

380
00:20:06,590 --> 00:20:04,799
500

381
00:20:09,950 --> 00:20:06,600
000 purple hearts

382
00:20:13,490 --> 00:20:09,960
in anticipation of the battle or in

383
00:20:16,070 --> 00:20:13,500
Japan that was coming up where the the

384
00:20:18,529 --> 00:20:16,080
Russians would invade from the north and

385
00:20:22,370 --> 00:20:18,539
we would Supply them with the American

386
00:20:26,630 --> 00:20:22,380
Fleet and the American Air Force the the

387
00:20:28,070 --> 00:20:26,640
Navy had 100 aircraft carriers in the

388
00:20:30,890 --> 00:20:28,080

Pacific

389

00:20:33,650 --> 00:20:30,900

many of them were just or old ships

390

00:20:36,169 --> 00:20:33,660

whether that had been flattened so that

391

00:20:39,289 --> 00:20:36,179

they could put airplanes you know but

392

00:20:43,070 --> 00:20:39,299

the the force was extraordinary and

393

00:20:45,350 --> 00:20:43,080

Japan had amassed a million men in the

394

00:20:47,090 --> 00:20:45,360

north of Japan behind huge

395

00:20:49,490 --> 00:20:47,100

fortifications

396

00:20:54,169 --> 00:20:49,500

uh President Truman

397

00:20:57,770 --> 00:20:54,179

felt that he could not allow that many

398

00:21:01,490 --> 00:20:57,780

Young Americans to die and he allowed

399

00:21:03,110 --> 00:21:01,500

the two bombs to be used that Hiroshima

400

00:21:06,650 --> 00:21:03,120

and nagasek

401
00:21:09,830 --> 00:21:06,660
so that's the context now as you know

402
00:21:13,789 --> 00:21:09,840
your question is what was that

403
00:21:15,710 --> 00:21:13,799
UFO doing crashing on that ranch you

404
00:21:18,529 --> 00:21:15,720
know 20 miles from the place where the

405
00:21:19,610 --> 00:21:18,539
atom bomb had enough in the Forbidden

406
00:21:21,890 --> 00:21:19,620
area

407
00:21:24,529 --> 00:21:21,900
now nobody saw it coming I mean it

408
00:21:28,070 --> 00:21:24,539
wasn't on radar as far as we know it

409
00:21:30,770 --> 00:21:28,080
came out of nowhere hit that Tower and

410
00:21:33,409 --> 00:21:30,780
crashed on that ranch where it was

411
00:21:35,830 --> 00:21:33,419
available for the Army to come and

412
00:21:39,350 --> 00:21:35,840
retrieve it

413
00:21:41,810 --> 00:21:39,360

is that a signal I I don't know I mean

414

00:21:47,409 --> 00:21:41,820

it's I'm strongly

415

00:21:51,830 --> 00:21:47,419

tempted to to say somebody else

416

00:21:53,810 --> 00:21:51,840

was after all when a planet has a

417

00:21:56,029 --> 00:21:53,820

civilization on it then that

418

00:21:58,730 --> 00:21:56,039

Civilization develops

419

00:22:00,950 --> 00:21:58,740

the atom bomb

420

00:22:03,890 --> 00:22:00,960

um you know there if there are other

421

00:22:08,210 --> 00:22:03,900

forms of life around

422

00:22:12,049 --> 00:22:08,220

um that might warrant an intervention

423

00:22:14,330 --> 00:22:12,059

an intervention where there was a

424

00:22:16,250 --> 00:22:14,340

demonstration that there was something

425

00:22:18,770 --> 00:22:16,260

even more powerful

426
00:22:21,409 --> 00:22:18,780
than the atom bomb because the kids are

427
00:22:23,450 --> 00:22:21,419
going to be watching and again with

428
00:22:27,110 --> 00:22:23,460
reconstructed Powerline what happened

429
00:22:30,110 --> 00:22:27,120
day of today there is a point where

430
00:22:33,289 --> 00:22:30,120
the the kids can get close to the object

431
00:22:36,110 --> 00:22:33,299
the the beings that were seen inside the

432
00:22:38,810 --> 00:22:36,120
object have been taken away or they have

433
00:22:41,930 --> 00:22:38,820
moved away at night

434
00:22:44,810 --> 00:22:41,940
we don't know what happened to them but

435
00:22:48,909 --> 00:22:44,820
the object is there and it's open the

436
00:22:51,070 --> 00:22:48,919
father of the kids goes there with a uh

437
00:22:54,370 --> 00:22:51,080
a New Mexico

438
00:22:57,169 --> 00:22:54,380

policeman State Police

439

00:23:00,049 --> 00:22:57,179

they tell the kids not never to talk

440

00:23:02,649 --> 00:23:00,059

about this they say this is not for our

441

00:23:06,470 --> 00:23:02,659

family this is not for you to talk about

442

00:23:09,830 --> 00:23:06,480

this is for the Army and this is Father

443

00:23:12,529 --> 00:23:09,840

Pentagon you don't talk about that to

444

00:23:14,690 --> 00:23:12,539

your friends and they will follow that

445

00:23:16,909 --> 00:23:14,700

for the rest of their life

446

00:23:19,070 --> 00:23:16,919

uh you know Roswell is going to happen

447

00:23:21,529 --> 00:23:19,080

two years later they don't come up at

448

00:23:24,190 --> 00:23:21,539

the time of Roswell to say look look

449

00:23:27,649 --> 00:23:24,200

well you know we saw something too they

450

00:23:30,409 --> 00:23:27,659

uh the case remained secret on the side

451
00:23:33,110 --> 00:23:30,419
of the kids and it remained secret on

452
00:23:37,070 --> 00:23:33,120
the side of project Manhattan that

453
00:23:39,669 --> 00:23:37,080
morphed into the atomic energy condition

454
00:23:44,210 --> 00:23:39,679
we also know that because

455
00:23:46,750 --> 00:23:44,220
Remy Baka is going to grow up to be a

456
00:23:50,270 --> 00:23:46,760
businessman in the state of Washington

457
00:23:53,029 --> 00:23:50,280
and he's going to work on the political

458
00:23:55,850 --> 00:23:53,039
side with Dixie Lee Ray governor of

459
00:23:57,890 --> 00:23:55,860
Washington dictionary was a very smart

460
00:24:00,830 --> 00:23:57,900
woman she was a physicist

461
00:24:03,350 --> 00:24:00,840
she was she ran for governor of

462
00:24:05,810 --> 00:24:03,360
Washington was elected as governor of

463
00:24:08,570 --> 00:24:05,820

Washington and then later was director

464

00:24:10,909 --> 00:24:08,580

of the atomic energy Commission which is

465

00:24:13,310 --> 00:24:10,919

now has morphed into the department of

466

00:24:17,230 --> 00:24:13,320

energy which has its own clearances

467

00:24:21,950 --> 00:24:17,240

about nuclear matters

468

00:24:25,549 --> 00:24:21,960

during her re-election she talks with

469

00:24:28,190 --> 00:24:25,559

Remy Baka who is going to energize the

470

00:24:32,510 --> 00:24:28,200

the Spanish-speaking community in

471

00:24:34,970 --> 00:24:32,520

Washington to vote for her and the so

472

00:24:38,750 --> 00:24:34,980

they are working together on the on the

473

00:24:42,409 --> 00:24:38,760

campaign to get her elected governor and

474

00:24:46,190 --> 00:24:42,419

she knows what he has seen as a kid she

475

00:24:48,830 --> 00:24:46,200

goes to a safe and shows him the report

476

00:24:52,370 --> 00:24:48,840

of course he's he's not allowed to keep

477

00:24:55,130 --> 00:24:52,380

it or to read it but she wants him to

478

00:24:58,310 --> 00:24:55,140

know that there is a report about the

479

00:24:59,090 --> 00:24:58,320

object that was recovered at the at the

480

00:25:02,810 --> 00:24:59,100

ranch

481

00:25:07,070 --> 00:25:02,820

and that that object that he that he saw

482

00:25:10,190 --> 00:25:07,080

so you know I again I you know I I try

483

00:25:13,190 --> 00:25:10,200

to think as a scientist and not jump to

484

00:25:15,169 --> 00:25:13,200

conclusions or make up hypotheses

485

00:25:17,149 --> 00:25:15,179

because you can spend the rest of your

486

00:25:19,970 --> 00:25:17,159

life making up highball disease I mean

487

00:25:23,029 --> 00:25:19,980

you know it's a it's a big universe out

488

00:25:27,590 --> 00:25:23,039

there uh with billions and billions of

489

00:25:30,890 --> 00:25:27,600

stars as uh as Carl Sagan said so uh

490

00:25:33,850 --> 00:25:30,900

it's not speculation is useless I mean

491

00:25:38,390 --> 00:25:33,860

you have to deal with the fact

492

00:25:40,610 --> 00:25:38,400

the fact is that that thing crash landed

493

00:25:43,130 --> 00:25:40,620

under power

494

00:25:47,029 --> 00:25:43,140

the kids are going to look at it very

495

00:25:49,789 --> 00:25:47,039

carefully Mr Padilla is going to go

496

00:25:51,890 --> 00:25:49,799

inside gave me a very good description

497

00:25:54,649 --> 00:25:51,900

and I wanted the dimensions and

498

00:25:56,570 --> 00:25:54,659

everything else I wanted to know if the

499

00:25:59,330 --> 00:25:56,580

floor was flat I wanted to know

500

00:26:01,490 --> 00:25:59,340

something about the materials I mean the

501
00:26:04,370 --> 00:26:01,500
things that you know a good investigator

502
00:26:07,990 --> 00:26:04,380
would want to know and

503
00:26:11,750 --> 00:26:08,000
um the space for an engine was

504
00:26:14,810 --> 00:26:11,760
underneath the the egg-shaped object the

505
00:26:18,649 --> 00:26:14,820
avocado which was the size of two trucks

506
00:26:21,890 --> 00:26:18,659
two fairly large strikes 15 feet high

507
00:26:25,549 --> 00:26:21,900
and the under the floor they would have

508
00:26:27,890 --> 00:26:25,559
been two and a half feet of space over

509
00:26:31,789 --> 00:26:27,900
maybe five feet long

510
00:26:36,289 --> 00:26:31,799
that space is closed and this is the

511
00:26:38,810 --> 00:26:36,299
bottom of the of the craft that has you

512
00:26:41,930 --> 00:26:38,820
know pushed the the dirt all the way

513
00:26:45,049 --> 00:26:41,940

down the hill okay it's it's scratched

514

00:26:48,049 --> 00:26:45,059

but it's not broken there is no opening

515

00:26:51,230 --> 00:26:48,059

there there is no propeller and there is

516

00:26:54,169 --> 00:26:51,240

no jet and there is nothing to see

517

00:26:57,169 --> 00:26:54,179

that's where a propulsion system would

518

00:27:00,230 --> 00:26:57,179

be what kind of a protection system can

519

00:27:03,769 --> 00:27:00,240

we think of that would fit in that space

520

00:27:05,810 --> 00:27:03,779

and would would take you you know

521

00:27:08,269 --> 00:27:05,820

potentially would take you to outer

522

00:27:12,049 --> 00:27:08,279

space I mean at this point we have no

523

00:27:15,590 --> 00:27:12,059

idea of course you know the when it was

524

00:27:18,169 --> 00:27:15,600

taken to Los Alamos I I assumed that

525

00:27:21,350 --> 00:27:18,179

scientists have looked at it it's not

526

00:27:24,950 --> 00:27:21,360

obvious to me that we have

527

00:27:28,310 --> 00:27:24,960

made any progress in finding the key

528

00:27:31,909 --> 00:27:28,320

because when you know last week I was

529

00:27:35,570 --> 00:27:31,919

watching our most modern rocket going up

530

00:27:39,590 --> 00:27:35,580

and it was going up with essentially you

531

00:27:42,230 --> 00:27:39,600

know classic propellant so we certainly

532

00:27:44,269 --> 00:27:42,240

don't have the Mastery of anything

533

00:27:46,430 --> 00:27:44,279

approaching

534

00:27:50,049 --> 00:27:46,440

um anti-gravity that could take us into

535

00:27:53,750 --> 00:27:50,059

space we may be able to use forms of

536

00:27:56,630 --> 00:27:53,760

manipulated gravity once we're in in

537

00:27:59,810 --> 00:27:56,640

orbit you know far from the earth where

538

00:28:01,850 --> 00:27:59,820

a small push could get you to accelerate

539

00:28:04,490 --> 00:28:01,860

and so I mean you know I've looked at

540

00:28:06,529 --> 00:28:04,500

actually I've looked at proposals for

541

00:28:09,350 --> 00:28:06,539

companies that proposed to do that and

542

00:28:11,750 --> 00:28:09,360

they can demonstrate something along

543

00:28:14,269 --> 00:28:11,760

those lines Maybe

544

00:28:17,690 --> 00:28:14,279

and I've I've looked at those business

545

00:28:21,350 --> 00:28:17,700

plans as an intern potential investor

546

00:28:22,970 --> 00:28:21,360

but there is nothing like you know what

547

00:28:26,950 --> 00:28:22,980

we know the

548

00:28:29,630 --> 00:28:26,960

the UFOs are doing

549

00:28:32,090 --> 00:28:29,640

you've beautifully captured a very

550

00:28:34,610 --> 00:28:32,100

horrific time in human history talking

551

00:28:38,269 --> 00:28:34,620

about the the 40s through to the the war

552

00:28:40,490 --> 00:28:38,279

the end of the war the the bombing of

553

00:28:42,909 --> 00:28:40,500

Hiroshima and Nagasaki you've mentioned

554

00:28:45,470 --> 00:28:42,919

was the the only two times in history

555

00:28:48,649 --> 00:28:45,480

Atomic weapons have been used in the act

556

00:28:51,890 --> 00:28:48,659

of warfare however and the decades

557

00:28:54,350 --> 00:28:51,900

preceding those events the the testing

558

00:28:56,149 --> 00:28:54,360

of atomic weapons has happened over and

559

00:28:59,230 --> 00:28:56,159

over and over again

560

00:29:02,450 --> 00:28:59,240

it would seem if if these were warnings

561

00:29:04,850 --> 00:29:02,460

we've not listened to the warnings as a

562

00:29:08,149 --> 00:29:04,860

species and continued to stockpile the

563

00:29:10,250 --> 00:29:08,159

weapons and as of now we luckily thank

564

00:29:11,810 --> 00:29:10,260

God haven't used them in a Warfare

565

00:29:12,890 --> 00:29:11,820

setting and hopefully that never happens

566

00:29:15,529 --> 00:29:12,900

but

567

00:29:18,049 --> 00:29:15,539

how do you see the phenomenon's

568

00:29:20,750 --> 00:29:18,059

continued presence through the decades

569

00:29:22,850 --> 00:29:20,760

are we still being observed because of

570

00:29:25,010 --> 00:29:22,860

this continued stockpiling and testing

571

00:29:28,570 --> 00:29:25,020

of weapons above ground under the water

572

00:29:31,970 --> 00:29:28,580

and and underground as well

573

00:29:35,389 --> 00:29:31,980

it's tempting to

574

00:29:37,750 --> 00:29:35,399

uh specially that there there is another

575

00:29:42,110 --> 00:29:37,760

form of life that's

576

00:29:44,330 --> 00:29:42,120

Watching Over Us uh hopefully they are

577

00:29:48,710 --> 00:29:44,340

friendly

578

00:29:53,630 --> 00:29:48,720

um so far most of the encounters that I

579

00:29:57,789 --> 00:29:53,640

know about have have been

580

00:30:00,049 --> 00:29:57,799

um have not taken the form of an attack

581

00:30:03,230 --> 00:30:00,059

except for

582

00:30:04,549 --> 00:30:03,240

a group of cases where the Witnesses

583

00:30:08,510 --> 00:30:04,559

were harmed

584

00:30:11,810 --> 00:30:08,520

either by proximity to an object or in

585

00:30:15,889 --> 00:30:11,820

some cases Direct Energy from the object

586

00:30:17,930 --> 00:30:15,899

you know affecting them okay and I'm

587

00:30:21,470 --> 00:30:17,940

familiar with that because it's part of

588

00:30:24,250 --> 00:30:21,480

the the databases that we've built

589

00:30:38,690 --> 00:30:24,260

the

590

00:30:44,029 --> 00:30:38,700

of an atomic bomb and that it worked and

591

00:30:48,830 --> 00:30:44,039

that uh and courage then the the Army to

592

00:30:53,710 --> 00:30:48,840

uh go on and drop two bombs on Japan

593

00:30:58,010 --> 00:30:53,720

well that's you know that's that's true

594

00:31:01,130 --> 00:30:58,020

but you cannot really test it at all you

595

00:31:05,990 --> 00:31:01,140

know either it works or it doesn't

596

00:31:07,389 --> 00:31:06,000

um and when uh this was a full-scale

597

00:31:11,210 --> 00:31:07,399

plutonia

598

00:31:14,510 --> 00:31:11,220

it was equivalent in power to the one

599

00:31:15,649 --> 00:31:14,520

that essentially vaporized the gazaki

600

00:31:20,830 --> 00:31:15,659

okay

601
00:31:24,230 --> 00:31:20,840
uh a lot of the plutonium was not burned

602
00:31:28,549 --> 00:31:24,240
uh or part of the explosion and it fell

603
00:31:30,470 --> 00:31:28,559
on the entire area and when you know we

604
00:31:33,529 --> 00:31:30,480
found new Witnesses when we talked to

605
00:31:35,990 --> 00:31:33,539
them about what happened to their family

606
00:31:39,110 --> 00:31:36,000
at that point and what they what they

607
00:31:43,430 --> 00:31:39,120
saw in terms of you know residue or

608
00:31:46,250 --> 00:31:43,440
objects or evidence of of the the

609
00:31:48,769 --> 00:31:46,260
landing of the craft the first thing

610
00:31:52,010 --> 00:31:48,779
they do is to tell us about the

611
00:31:55,669 --> 00:31:52,020
devastation in New Mexico

612
00:31:58,070 --> 00:31:55,679
and with you know they pull out pictures

613
00:32:02,149 --> 00:31:58,080

of the kids who died when they were 18

614

00:32:06,529 --> 00:32:02,159

of radiation injuries or of radiation

615

00:32:08,750 --> 00:32:06,539

poisoning they they tell us why

616

00:32:11,510 --> 00:32:08,760

you know we I think we understand why

617

00:32:14,269 --> 00:32:11,520

there was a secret until they blew up

618

00:32:16,970 --> 00:32:14,279

the bomb and could verify it worked and

619

00:32:19,430 --> 00:32:16,980

reconfirmed me who was there did a quick

620

00:32:22,610 --> 00:32:19,440

calculation and saw that the explosion

621

00:32:25,669 --> 00:32:22,620

was four times more powerful than they

622

00:32:28,510 --> 00:32:25,679

had calculated which in atomic physics

623

00:32:31,730 --> 00:32:28,520

isn't bad you know

624

00:32:35,210 --> 00:32:31,740

in in terms of solving the equations but

625

00:32:37,669 --> 00:32:35,220

the fact is it was a huge explosion and

626

00:32:40,730 --> 00:32:37,679

the wind then took the residue of the

627

00:32:43,789 --> 00:32:40,740

plutonium and the radioactive Cloud went

628

00:32:46,549 --> 00:32:43,799

over the area where the kids and their

629

00:32:51,889 --> 00:32:46,559

family were in that ranch

630

00:32:55,990 --> 00:32:51,899

now a month later this thing lands there

631

00:32:58,549 --> 00:32:56,000

it's practically intact

632

00:33:00,409 --> 00:32:58,559

you know you're tempted to think that

633

00:33:03,230 --> 00:33:00,419

this was a gift

634

00:33:05,570 --> 00:33:03,240

that this was an demonstration you think

635

00:33:09,110 --> 00:33:05,580

your smart you know you were you

636

00:33:11,090 --> 00:33:09,120

mastered atomic energy on Earth for the

637

00:33:13,909 --> 00:33:11,100

first time in

638

00:33:17,870 --> 00:33:13,919

you know hundreds of thousands of years

639

00:33:21,830 --> 00:33:17,880

you've gotten to that point now

640

00:33:25,490 --> 00:33:21,840

look at this you know so it's tempting

641

00:33:28,789 --> 00:33:25,500

to to think of it in those terms however

642

00:33:30,409 --> 00:33:28,799

you know in the last 40 years

643

00:33:33,950 --> 00:33:30,419

with

644

00:33:35,149 --> 00:33:33,960

gone to the edge of nuclear conflict

645

00:33:38,210 --> 00:33:35,159

three times

646

00:33:40,250 --> 00:33:38,220

by mostly by accident we don't know

647

00:33:42,710 --> 00:33:40,260

about the Russian side but we know that

648

00:33:45,169 --> 00:33:42,720

we did I mean we know that there were

649

00:33:48,529 --> 00:33:45,179

there was one time when the Strategic

650

00:33:53,509 --> 00:33:50,570

um so

651
00:33:56,870 --> 00:33:53,519
um with with instructions I mean on the

652
00:34:01,190 --> 00:33:56,880
way to bombing Russia

653
00:34:07,450 --> 00:34:01,200
uh based on false signals and false

654
00:34:10,790 --> 00:34:07,460
false uh computer programs that uh

655
00:34:11,570 --> 00:34:10,800
had thought that they had detected an

656
00:34:15,070 --> 00:34:11,580
attack

657
00:34:16,690 --> 00:34:15,080
so so much for artificial intelligence

658
00:34:23,270 --> 00:34:16,700
so

659
00:34:26,629 --> 00:34:23,280
intervene you know there was no

660
00:34:30,950 --> 00:34:26,639
intervention to stop the B-52s

661
00:34:34,550 --> 00:34:30,960
so uh what does that mean well it means

662
00:34:36,169 --> 00:34:34,560
that we'll have to be responsible with

663
00:34:40,010 --> 00:34:36,179

what we do with

664

00:34:40,849 --> 00:34:40,020

um what we you know what we develop I

665

00:34:43,310 --> 00:34:40,859

was

666

00:34:47,149 --> 00:34:43,320

Amazed by some of the things I learned

667

00:34:49,129 --> 00:34:47,159

Paula and I went to the test side when

668

00:34:52,070 --> 00:34:49,139

it was open you know they opened it

669

00:34:55,849 --> 00:34:52,080

twice a year and I highly recommend

670

00:34:58,670 --> 00:34:55,859

going there because you you you get it I

671

00:35:02,750 --> 00:34:58,680

mean you you get the scale of things you

672

00:35:04,010 --> 00:35:02,760

get you know an instant lesson in in

673

00:35:06,710 --> 00:35:04,020

modern history

674

00:35:09,829 --> 00:35:06,720

that there is a little brochure that

675

00:35:11,930 --> 00:35:09,839

they they they sell which is so now I'm

676
00:35:13,010 --> 00:35:11,940
able to share about the history of the

677
00:35:15,349 --> 00:35:13,020
site

678
00:35:16,550 --> 00:35:15,359
when they did that explosion which was

679
00:35:18,410 --> 00:35:16,560
not a test

680
00:35:22,190 --> 00:35:18,420
I mean it's a test in the sense that

681
00:35:25,069 --> 00:35:22,200
they hadn't done it before but a test in

682
00:35:28,849 --> 00:35:25,079
physics you know is you you you you take

683
00:35:30,950 --> 00:35:28,859
a a small glass or something and you put

684
00:35:33,410 --> 00:35:30,960
something in it and you you wash your

685
00:35:36,170 --> 00:35:33,420
reaction and if the reaction works then

686
00:35:38,329 --> 00:35:36,180
you do it at a larger scale and then you

687
00:35:41,450 --> 00:35:38,339
get a patent and so on

688
00:35:44,270 --> 00:35:41,460

um this there was no way to to test the

689

00:35:45,410 --> 00:35:44,280

ball rather than blow up a full-scale

690

00:35:48,710 --> 00:35:45,420

ball

691

00:35:51,349 --> 00:35:48,720

they realized when they looked at the

692

00:35:53,870 --> 00:35:51,359

the destruction of a radioactivity in

693

00:35:56,270 --> 00:35:53,880

New Mexico which they could see

694

00:36:00,010 --> 00:35:56,280

pretty much right away

695

00:36:03,530 --> 00:36:00,020

that radioactivity isn't the main

696

00:36:06,470 --> 00:36:03,540

purpose of having the bomb the the main

697

00:36:08,569 --> 00:36:06,480

purpose of having the bomb is to is a

698

00:36:12,710 --> 00:36:08,579

very very high millions of degrees of

699

00:36:16,250 --> 00:36:12,720

heat and wind that will destroy innate

700

00:36:18,770 --> 00:36:16,260

construction or any you know and the

701
00:36:22,970 --> 00:36:18,780
fact that it leaves a radioactive Trace

702
00:36:24,650 --> 00:36:22,980
is is a secondary thing of course it's

703
00:36:28,010 --> 00:36:24,660
going to destroy life

704
00:36:29,510 --> 00:36:28,020
but that's not that's not really the

705
00:36:31,910 --> 00:36:29,520
point I mean at that point you've

706
00:36:33,290 --> 00:36:31,920
destroyed what you wanted to destroy on

707
00:36:34,970 --> 00:36:33,300
their landscape

708
00:36:37,490 --> 00:36:34,980
so

709
00:36:41,450 --> 00:36:37,500
that and I don't think the Japanese know

710
00:36:43,310 --> 00:36:41,460
that but the two bones that were taken

711
00:36:46,870 --> 00:36:43,320
by the Enola Gay

712
00:36:49,069 --> 00:36:46,880
and the other airplanes over to Japan

713
00:36:52,310 --> 00:36:49,079

were reset

714

00:36:56,510 --> 00:36:52,320

so that they did not explode at ground

715

00:36:59,750 --> 00:36:56,520

level as they did in New Mexico

716

00:37:01,250 --> 00:36:59,760

they blew up the bulbs at 2 000 feet in

717

00:37:08,450 --> 00:37:01,260

the air

718

00:37:12,530 --> 00:37:08,460

that the the the radioactivity would be

719

00:37:14,569 --> 00:37:12,540

minimized at at the ground level

720

00:37:17,870 --> 00:37:14,579

and again I don't think the Japanese

721

00:37:20,390 --> 00:37:17,880

know it the

722

00:37:22,609 --> 00:37:20,400

all the all those things I mean you have

723

00:37:26,030 --> 00:37:22,619

to go into details when you do that kind

724

00:37:28,910 --> 00:37:26,040

of Investigation it's taken us you know

725

00:37:32,390 --> 00:37:28,920

in okay so in my case four years for

726
00:37:34,150 --> 00:37:32,400
power last seven years and we're still

727
00:37:36,609 --> 00:37:34,160
finding

728
00:37:40,329 --> 00:37:36,619
details about

729
00:37:44,630 --> 00:37:40,339
artifacts about special

730
00:37:45,950 --> 00:37:44,640
things that were retrieved from the

731
00:37:49,010 --> 00:37:45,960
avocado

732
00:37:52,190 --> 00:37:49,020
we still find witnesses who came in

733
00:37:53,569 --> 00:37:52,200
later and remembered what conditions

734
00:37:58,010 --> 00:37:53,579
were there

735
00:37:59,290 --> 00:37:58,020
and so I think we're emerging with quite

736
00:38:52,630 --> 00:37:59,300
a

737
00:38:56,810 --> 00:38:52,640
um

738
00:39:00,530 --> 00:38:56,820

the you know an officer went to the home

739

00:39:04,190 --> 00:39:00,540

of Mr Padilla's father fausteno Padilla

740

00:39:08,089 --> 00:39:04,200

who owned the ranch uh was operating the

741

00:39:08,990 --> 00:39:08,099

ranch and uh told him that um speaking

742

00:39:12,829 --> 00:39:09,000

Spanish

743

00:39:16,990 --> 00:39:12,839

we're going to need to cut your fence to

744

00:39:22,130 --> 00:39:19,490

why do you need to I mean I have a

745

00:39:24,710 --> 00:39:22,140

perfect good date for the cattle trucks

746

00:39:27,349 --> 00:39:24,720

you know the camera goes in and out and

747

00:39:31,430 --> 00:39:27,359

you can use that

748

00:39:34,790 --> 00:39:31,440

um the the army guy says no uh we're

749

00:39:37,250 --> 00:39:34,800

going to have to bring a big truck and

750

00:39:40,970 --> 00:39:37,260

Mr Padilla described to me the track

751

00:39:43,609 --> 00:39:40,980

they brought was one of those huge army

752

00:39:46,130 --> 00:39:43,619

trucks that can carry two tanks

753

00:39:48,530 --> 00:39:46,140

um what they call a lowboy which is a

754

00:39:51,790 --> 00:39:48,540

platform they can lower behind the

755

00:39:54,890 --> 00:39:51,800

tractor of you know of the truck

756

00:39:57,349 --> 00:39:54,900

that that track was in arms and they

757

00:39:59,329 --> 00:39:57,359

kept I've seen where they kept the gate

758

00:40:04,550 --> 00:39:59,339

uh

759

00:40:07,010 --> 00:40:04,560

there was a large thing and then they

760

00:40:09,770 --> 00:40:07,020

had to build a road all the way to where

761

00:40:12,950 --> 00:40:09,780

the object was and they had to bring a

762

00:40:16,010 --> 00:40:12,960

crane to lift it and put it on the

763

00:40:18,050 --> 00:40:16,020

lowboy and and drive away with it so

764

00:40:18,890 --> 00:40:18,060

that was quite an operation it took 10

765

00:40:21,589 --> 00:40:18,900

days

766

00:40:25,130 --> 00:40:21,599

and we've reconstructed what happened

767

00:40:27,710 --> 00:40:25,140

you know each one of those 10 days

768

00:40:30,410 --> 00:40:27,720

the the research in the book is is

769

00:40:32,210 --> 00:40:30,420

fantastic it's thorough it's detailed

770

00:40:35,030 --> 00:40:32,220

and like you say there are many examples

771

00:40:36,650 --> 00:40:35,040

that are very very well explained and I

772

00:40:38,810 --> 00:40:36,660

want to read a quote from Christopher

773

00:40:40,849 --> 00:40:38,820

melon who many folks will know as the

774

00:40:43,550 --> 00:40:40,859

former deputy assistant secretary of

775

00:40:46,190 --> 00:40:43,560

defense for the United States he called

776

00:40:47,750 --> 00:40:46,200

the data within the book fresh reason to

777

00:40:49,730 --> 00:40:47,760

believe that our government is

778

00:40:51,950 --> 00:40:49,740

concealing physical proof of alien

779

00:40:54,349 --> 00:40:51,960

technology read the book and if

780

00:40:57,710 --> 00:40:54,359

persuaded join the millions of Americans

781

00:41:00,589 --> 00:40:57,720

seeking a straight answer Jack I I want

782

00:41:03,109 --> 00:41:00,599

to know what do you hope this release of

783

00:41:05,870 --> 00:41:03,119

the second edition of the book adds to

784

00:41:07,910 --> 00:41:05,880

the overall UFO conversation

785

00:41:11,089 --> 00:41:07,920

so

786

00:41:14,690 --> 00:41:11,099

um you know I'm basically an information

787

00:41:17,630 --> 00:41:14,700

Scientist by training uh although we're

788

00:41:20,030 --> 00:41:17,640

asked 20 years or so I've been investing

789

00:41:21,890 --> 00:41:20,040

in technical in high technology

790

00:41:22,569 --> 00:41:21,900

companies

791

00:41:26,089 --> 00:41:22,579

um

792

00:41:28,970 --> 00:41:26,099

the over the years I've compiled a

793

00:41:33,770 --> 00:41:28,980

number of databases looking for the best

794

00:41:36,710 --> 00:41:33,780

cases but also looking for models of you

795

00:41:40,550 --> 00:41:36,720

know not just one case at a time but

796

00:41:44,210 --> 00:41:40,560

looking for models of

797

00:41:49,030 --> 00:41:44,220

um behavior of of the different types of

798

00:41:51,790 --> 00:41:49,040

craft essentially and applying AI to

799

00:41:55,849 --> 00:41:51,800

that mass of data

800

00:42:01,030 --> 00:41:55,859

as part of the atip program or the bass

801
00:42:05,750 --> 00:42:01,040
program the Bigelow Aerospace program

802
00:42:10,010 --> 00:42:05,760
I I was in charge of building the the

803
00:42:12,650 --> 00:42:10,020
database that has now gone on to other

804
00:42:14,930 --> 00:42:12,660
sites and as you may know the project is

805
00:42:17,530 --> 00:42:14,940
still classified or include the results

806
00:42:19,810 --> 00:42:17,540
of the project are still classified

807
00:42:24,010 --> 00:42:19,820
there are

808
00:42:29,150 --> 00:42:24,020
you know certainly the the Trinity case

809
00:42:33,470 --> 00:42:29,160
and two other cases emerge as the best

810
00:42:36,170 --> 00:42:33,480
source of information we have about the

811
00:42:41,390 --> 00:42:36,180
craft themselves the mechanics and the

812
00:42:43,790 --> 00:42:41,400
physics and and all of that and here you

813
00:42:46,310 --> 00:42:43,800

know we ended up building the data

814

00:42:50,569 --> 00:42:46,320

warehouse it was really a series of

815

00:42:52,730 --> 00:42:50,579

databases we ended up with 240 000 cases

816

00:42:54,829 --> 00:42:52,740

from all over the world

817

00:42:57,770 --> 00:42:54,839

one thing that worries me about what's

818

00:43:01,250 --> 00:42:57,780

going on now as far as I can tell what's

819

00:43:04,370 --> 00:43:01,260

going on now uh after Congressional

820

00:43:06,650 --> 00:43:04,380

review and what the Pentagon is doing is

821

00:43:09,890 --> 00:43:06,660

that they are focusing entirely on

822

00:43:12,349 --> 00:43:09,900

Military cases now military cases are

823

00:43:14,710 --> 00:43:12,359

very good because the military has

824

00:43:18,349 --> 00:43:14,720

sensors and you know

825

00:43:20,990 --> 00:43:18,359

special cameras and radar and so on but

826

00:43:24,829 --> 00:43:21,000

it's only less than 10 percent of the

827

00:43:27,710 --> 00:43:24,839

database the other 90 percent of farmers

828

00:43:30,770 --> 00:43:27,720

in their field and you know people

829

00:43:34,490 --> 00:43:30,780

fishing and people and kids running

830

00:43:38,390 --> 00:43:34,500

around in the countryside who see things

831

00:43:40,370 --> 00:43:38,400

for a long time that puzzle them and we

832

00:43:44,089 --> 00:43:40,380

get a lot of data from that

833

00:43:47,510 --> 00:43:44,099

so I'm I'm worried about the fact that

834

00:43:49,329 --> 00:43:47,520

we're going to rush too quickly based on

835

00:43:53,089 --> 00:43:49,339

the few cases

836

00:43:55,270 --> 00:43:53,099

the Nimitz cases extraordinary okay it's

837

00:43:58,790 --> 00:43:55,280

extraordinary because it happens over

838

00:44:02,569 --> 00:43:58,800

you know a number of ships that are full

839

00:44:05,390 --> 00:44:02,579

of electronics and designed to to track

840

00:44:09,050 --> 00:44:05,400

things uh over the ocean and all the way

841

00:44:12,170 --> 00:44:09,060

to space so uh with very Advanced Radars

842

00:44:15,050 --> 00:44:12,180

and very Advanced cameras very events

843

00:44:17,950 --> 00:44:15,060

infrared and pilots who are highly

844

00:44:21,530 --> 00:44:17,960

trained and you know and and

845

00:44:24,349 --> 00:44:21,540

extraordinary planes so you would think

846

00:44:26,630 --> 00:44:24,359

that those cases would be even better

847

00:44:29,210 --> 00:44:26,640

than what we have with Trinity in terms

848

00:44:30,710 --> 00:44:29,220

of finding out what the technology is

849

00:44:32,990 --> 00:44:30,720

but

850

00:44:35,809 --> 00:44:33,000

again that's one case

851

00:44:38,230 --> 00:44:35,819

as good as it is and it's under the

852

00:44:41,150 --> 00:44:38,240

constraints of the military which means

853

00:44:43,670 --> 00:44:41,160

much of the data is still secret we

854

00:44:45,890 --> 00:44:43,680

haven't had access to it remember in the

855

00:44:47,569 --> 00:44:45,900

case of the Nimitz it was a plane that

856

00:44:50,809 --> 00:44:47,579

landed on the deck

857

00:44:54,650 --> 00:44:50,819

two guys came out spoke to them you know

858

00:44:57,589 --> 00:44:54,660

to the commanding group

859

00:45:00,109 --> 00:44:57,599

took the data from The Radars and flew

860

00:45:02,809 --> 00:45:00,119

off we don't know who they were okay we

861

00:45:05,750 --> 00:45:02,819

don't know where they went okay so we

862

00:45:08,030 --> 00:45:05,760

can speculate based on the data which is

863

00:45:10,790 --> 00:45:08,040

very good from the pilots you know and

864

00:45:13,370 --> 00:45:10,800

and to some extent from the radar people

865

00:45:14,329 --> 00:45:13,380

who can describe what they saw on their

866

00:45:17,030 --> 00:45:14,339

screen

867

00:45:19,730 --> 00:45:17,040

but that's not the way you do physics

868

00:45:22,069 --> 00:45:19,740

okay and in physics you don't want to

869

00:45:23,690 --> 00:45:22,079

work on half of the problem you want to

870

00:45:25,670 --> 00:45:23,700

have the whole problem

871

00:45:27,250 --> 00:45:25,680

so

872

00:45:30,650 --> 00:45:27,260

um

873

00:45:33,650 --> 00:45:30,660

my you know my training is to look at

874

00:45:34,550 --> 00:45:33,660

patterns of things not just one thing at

875

00:45:36,109 --> 00:45:34,560

a time

876

00:45:39,050 --> 00:45:36,119

there are people who are much better

877

00:45:41,630 --> 00:45:39,060

than I am at looking at one case at a

878

00:45:43,309 --> 00:45:41,640

time doing the investigation getting the

879

00:45:47,270 --> 00:45:43,319

science data

880

00:45:51,050 --> 00:45:47,280

there are three cases that are going to

881

00:45:54,230 --> 00:45:51,060

in great detail in Trinity

882

00:45:57,050 --> 00:45:54,240

there is the the case we've just talked

883

00:45:59,089 --> 00:45:57,060

about that at the test side

884

00:46:02,809 --> 00:45:59,099

what about Socorro

885

00:46:03,950 --> 00:46:02,819

Socorro is eight miles due north of this

886

00:46:08,150 --> 00:46:03,960

case

887

00:46:11,809 --> 00:46:08,160

in Socorro 1964 Lonnie Zamora and our

888

00:46:15,109 --> 00:46:11,819

highway patrolman from New Mexico sees

889

00:46:18,230 --> 00:46:15,119

an object that um firstly thinks there

890

00:46:21,650 --> 00:46:18,240

is an explosion so he drives into the

891

00:46:23,270 --> 00:46:21,660

desert which I've done and it's uh the

892

00:46:26,470 --> 00:46:23,280

conditions haven't changed very much

893

00:46:31,130 --> 00:46:26,480

it's still pretty rough terrain

894

00:46:34,849 --> 00:46:31,140

and he comes out uh in front of an

895

00:46:37,670 --> 00:46:34,859

object that has landed in a gully with

896

00:46:41,390 --> 00:46:37,680

an extraordinary landing gear

897

00:46:43,030 --> 00:46:41,400

that's adaptable to the terrain which is

898

00:46:44,829 --> 00:46:43,040

not flat

899

00:46:48,650 --> 00:46:44,839

and

900

00:46:51,530 --> 00:46:48,660

there are two creatures there the object

901
00:46:53,809 --> 00:46:51,540
is over

902
00:46:55,430 --> 00:46:53,819
pretty much like the one in Trinity it's

903
00:46:58,010 --> 00:46:55,440
a little bit smaller

904
00:47:00,589 --> 00:46:58,020
there are two creatures there that match

905
00:47:03,349 --> 00:47:00,599
the description of the creatures a

906
00:47:07,130 --> 00:47:03,359
trinity the creatures at Trinity were

907
00:47:10,069 --> 00:47:07,140
about the size of the kids the kids go

908
00:47:11,109 --> 00:47:10,079
up to thinking that they are going to

909
00:47:15,550 --> 00:47:11,119
help

910
00:47:18,650 --> 00:47:15,560
a crew that has crashed on their land

911
00:47:22,430 --> 00:47:18,660
they quickly they get to 200 feet

912
00:47:24,890 --> 00:47:22,440
then they realize these are not quite

913
00:47:27,530 --> 00:47:24,900

humid they are certainly not you know

914

00:47:32,569 --> 00:47:27,540

what they expected not Pilots

915

00:47:35,809 --> 00:47:32,579

uh they move around in a strange way and

916

00:47:37,450 --> 00:47:35,819

the the kids are afraid and remain

917

00:47:41,750 --> 00:47:37,460

Frozen there

918

00:47:46,210 --> 00:47:41,760

the the case in Socorro the the two

919

00:47:49,190 --> 00:47:46,220

entities you know there are humanoid

920

00:47:51,470 --> 00:47:49,200

they are just like at Trinity they

921

00:47:54,109 --> 00:47:51,480

breathe the air

922

00:47:56,990 --> 00:47:54,119

you know we don't expect an alien to

923

00:47:59,510 --> 00:47:57,000

come from Andromeda and breathe the air

924

00:48:01,490 --> 00:47:59,520

I mean when we go to the Moon we're

925

00:48:03,530 --> 00:48:01,500

going to have the breathing equipment

926
00:48:05,990 --> 00:48:03,540
when we go to Mars we're going to have

927
00:48:09,230 --> 00:48:06,000
breathing equipment we're going to walk

928
00:48:13,130 --> 00:48:09,240
in a particular way so I'm adapted to

929
00:48:16,630 --> 00:48:13,140
the gravity when I have all this gear

930
00:48:20,930 --> 00:48:16,640
um in there the you know the two

931
00:48:24,309 --> 00:48:20,940
humanoids are looking at Zamora

932
00:48:26,930 --> 00:48:24,319
um they there is apparently some sort of

933
00:48:28,190 --> 00:48:26,940
communication psychic on that with with

934
00:48:31,370 --> 00:48:28,200
him

935
00:48:34,730 --> 00:48:31,380
they get back into the object somehow

936
00:48:37,430 --> 00:48:34,740
the object has makes a lot of noise it

937
00:48:40,790 --> 00:48:37,440
lifts off the ground stops making any

938
00:48:43,450 --> 00:48:40,800

noise and then moves away

939

00:48:46,490 --> 00:48:43,460

in in the book in Trinity

940

00:48:48,890 --> 00:48:46,500

at the time I was working with Dr heinek

941

00:48:51,710 --> 00:48:48,900

as you know Dr heinek was sent to

942

00:48:55,430 --> 00:48:51,720

investigate Socorro by the Air Force

943

00:48:58,609 --> 00:48:55,440

Under Project Blue Book we were a group

944

00:49:01,069 --> 00:48:58,619

of us at Northwestern University and the

945

00:49:03,290 --> 00:49:01,079

University of Chicago were very

946

00:49:05,390 --> 00:49:03,300

interested in the case we were in

947

00:49:07,970 --> 00:49:05,400

communication with him and when he

948

00:49:11,589 --> 00:49:07,980

brought the data he had we we formed the

949

00:49:15,349 --> 00:49:11,599

group to study the data so I I know the

950

00:49:17,930 --> 00:49:15,359

data from Socorro very well

951
00:49:20,030 --> 00:49:17,940
um we don't really understand our

952
00:49:23,150 --> 00:49:20,040
propulsion system of that object there

953
00:49:26,030 --> 00:49:23,160
were a lot of speculations again it was

954
00:49:30,650 --> 00:49:26,040
smaller than the one at Trinity and it

955
00:49:33,589 --> 00:49:30,660
went off and there is one case in my

956
00:49:36,290 --> 00:49:33,599
book that in my book with Paola there

957
00:49:39,650 --> 00:49:36,300
had never been reported before as the

958
00:49:43,910 --> 00:49:39,660
object flew off it it flew off towards

959
00:49:49,790 --> 00:49:43,920
the mountains and it actually a military

960
00:49:51,890 --> 00:49:49,800
car was stopped working was Frozen as

961
00:49:55,250 --> 00:49:51,900
the object became very bright over the

962
00:49:57,230 --> 00:49:55,260
cup that was reported by you know an

963
00:50:00,230 --> 00:49:57,240

officer that case hadn't been published

964

00:50:03,109 --> 00:50:00,240

before so we know a lot we we know

965

00:50:05,270 --> 00:50:03,119

Socorro wasn't a joke wasn't a hoax it

966

00:50:06,349 --> 00:50:05,280

wasn't the balloon we know it was we

967

00:50:09,170 --> 00:50:06,359

know the weight

968

00:50:11,990 --> 00:50:09,180

and in both cases we end up with a

969

00:50:15,050 --> 00:50:12,000

weight of several tons the Socorro it

970

00:50:18,050 --> 00:50:15,060

was you know about five tons based on

971

00:50:18,970 --> 00:50:18,060

the imprints that were left so Coral was

972

00:50:22,490 --> 00:50:18,980

not

973

00:50:24,410 --> 00:50:22,500

investigated by a UFO group or an

974

00:50:26,589 --> 00:50:24,420

amateur group although amateur groups

975

00:50:29,510 --> 00:50:26,599

are you have done a very good job of

976
00:50:32,150 --> 00:50:29,520
documenting traces and so on but here

977
00:50:34,609 --> 00:50:32,160
there was the state police there was the

978
00:50:37,010 --> 00:50:34,619
FBI that was in town they had no

979
00:50:39,650 --> 00:50:37,020
jurisdiction there but they helped

980
00:50:42,370 --> 00:50:39,660
secure the traces so we know the traces

981
00:50:46,490 --> 00:50:42,380
very well they photographed the traces

982
00:50:49,609 --> 00:50:46,500
uh Dr heineck saw the the evidence

983
00:50:52,849 --> 00:50:49,619
around the site there was no question

984
00:50:55,030 --> 00:50:52,859
there was a very a heavy abstract that

985
00:50:59,210 --> 00:50:55,040
landed there in the desert

986
00:51:04,670 --> 00:50:59,220
the third case is in France

987
00:51:07,670 --> 00:51:04,680
August 1st 1965 a year after Socorro

988
00:51:10,670 --> 00:51:07,680

the farmer that I've met I've gone to

989

00:51:14,270 --> 00:51:10,680

this that site and I've met several of

990

00:51:16,130 --> 00:51:14,280

the the people involved over a number of

991

00:51:19,549 --> 00:51:16,140

days

992

00:51:24,309 --> 00:51:19,559

um they uh I didn't go there at the time

993

00:51:29,809 --> 00:51:24,319

I went there you know about 15 years ago

994

00:51:32,390 --> 00:51:29,819

they uh he saw an again an oval object

995

00:51:36,230 --> 00:51:32,400

there is no disc in any of that there is

996

00:51:39,589 --> 00:51:36,240

no Flying Saucer in in this book he saw

997

00:51:43,609 --> 00:51:39,599

an object that had landed in the field

998

00:51:46,250 --> 00:51:43,619

again Socorro and Valencia I'm not

999

00:51:50,930 --> 00:51:46,260

crashes they are controlled Landings

1000

00:51:53,650 --> 00:51:50,940

very sophisticated controlled Landings

1001
00:51:56,809 --> 00:51:53,660
um there are two

1002
00:51:59,569 --> 00:51:56,819
humanoids in front they breathe our air

1003
00:52:03,049 --> 00:51:59,579
they have two eyes they have small nose

1004
00:52:05,750 --> 00:52:03,059
small mouth just like what the witness

1005
00:52:10,670 --> 00:52:05,760
is a trinity of this crime

1006
00:52:11,870 --> 00:52:10,680
remember in the 64 65 nobody had heard

1007
00:52:15,290 --> 00:52:11,880
about Trinity

1008
00:52:18,370 --> 00:52:15,300
you know Trinity only came out about 10

1009
00:52:20,990 --> 00:52:18,380
years ago 10 12 years ago

1010
00:52:22,970 --> 00:52:21,000
all that time it had been inside that

1011
00:52:25,790 --> 00:52:22,980
Witnesses had been inside

1012
00:52:29,109 --> 00:52:25,800
so we have three cases that match the

1013
00:52:32,150 --> 00:52:29,119

case in valencal the the witness was

1014

00:52:35,630 --> 00:52:32,160

highly regarded it was a businessman and

1015

00:52:40,790 --> 00:52:35,640

a farmer he immediately after the case

1016

00:52:43,910 --> 00:52:40,800

went to the the police the police called

1017

00:52:46,490 --> 00:52:43,920

the Air Force the Army went there the

1018

00:52:49,250 --> 00:52:46,500

Customs people went there and there was

1019

00:52:51,470 --> 00:52:49,260

uh you know it was investigated by five

1020

00:52:55,069 --> 00:52:51,480

different agencies of the French

1021

00:52:57,349 --> 00:52:55,079

government all looking for a common

1022

00:52:59,750 --> 00:52:57,359

explanation you know some sort of

1023

00:53:02,569 --> 00:52:59,760

advanced helicopter that came from

1024

00:53:06,410 --> 00:53:02,579

somewhere and all of them concluded that

1025

00:53:09,290 --> 00:53:06,420

the case was on identify after extensive

1026
00:53:13,730 --> 00:53:09,300
investigation interviews of the

1027
00:53:16,549 --> 00:53:13,740
witnesses and so on so we we're dealing

1028
00:53:19,849 --> 00:53:16,559
not just with one case but we're dealing

1029
00:53:23,270 --> 00:53:19,859
with a pattern of very sophisticated

1030
00:53:25,010 --> 00:53:23,280
observations of similar objects and

1031
00:53:27,490 --> 00:53:25,020
similar creatures

1032
00:53:30,230 --> 00:53:27,500
similar traces

1033
00:53:31,390 --> 00:53:30,240
you know both in the United States and

1034
00:53:35,770 --> 00:53:31,400
in Europe

1035
00:53:38,870 --> 00:53:35,780
that's what I would like to present to

1036
00:53:41,569 --> 00:53:38,880
scientists you know with like people to

1037
00:53:44,270 --> 00:53:41,579
look at that combination of factors and

1038
00:53:48,170 --> 00:53:44,280

stop really

1039

00:53:52,430 --> 00:53:48,180

uh thinking about it in system terms

1040

00:53:55,790 --> 00:53:52,440

so the the reason I'm here in Paris is

1041

00:53:59,690 --> 00:53:55,800

that the the the French

1042

00:54:02,809 --> 00:53:59,700

space agency has a group that has been

1043

00:54:06,230 --> 00:54:02,819

studying UFOs officially with an

1044

00:54:08,089 --> 00:54:06,240

official budget for 40 years which has

1045

00:54:11,750 --> 00:54:08,099

never happened in the United States I

1046

00:54:16,130 --> 00:54:11,760

mean NASA has never wanted to look at it

1047

00:54:19,609 --> 00:54:16,140

um the uh they have a database which is

1048

00:54:24,290 --> 00:54:19,619

public there's the the space agencies of

1049

00:54:27,410 --> 00:54:24,300

Civilian agency it's not although in our

1050

00:54:31,010 --> 00:54:27,420

Advisory Group for the agency they are

1051

00:54:34,010 --> 00:54:31,020

representatives of the the Army the

1052

00:54:36,770 --> 00:54:34,020

French intelligence and uh the French

1053

00:54:39,290 --> 00:54:36,780

Air Force as well as the weather bureau

1054

00:54:41,230 --> 00:54:39,300

as well as the number of sociologists

1055

00:54:44,510 --> 00:54:41,240

and and

1056

00:54:47,150 --> 00:54:44,520

psychologists and so on so it's it's

1057

00:54:50,710 --> 00:54:47,160

it's it's a good group it's a group that

1058

00:54:54,710 --> 00:54:50,720

has a lot of a lot of years

1059

00:54:58,549 --> 00:54:54,720

studying cases primarily in France which

1060

00:55:01,549 --> 00:54:58,559

is the only jurisdiction but that's the

1061

00:55:04,130 --> 00:55:01,559

group that had studied well in Seoul and

1062

00:55:06,710 --> 00:55:04,140

there is an international meeting in two

1063

00:55:10,069 --> 00:55:06,720

weeks and I'm going to in Toulouse

1064

00:55:14,290 --> 00:55:10,079

Toulouse is the you know the main Center

1065

00:55:16,930 --> 00:55:14,300

for French space research

1066

00:55:21,170 --> 00:55:16,940

both Airbus

1067

00:55:24,829 --> 00:55:21,180

space the space part of Airbus and the

1068

00:55:29,569 --> 00:55:24,839

French space agency have headquarters

1069

00:55:30,970 --> 00:55:29,579

there and all the scientific labs are

1070

00:55:34,450 --> 00:55:30,980

there

1071

00:55:38,030 --> 00:55:34,460

and six countries are coming

1072

00:55:40,490 --> 00:55:38,040

including Germany in the UK

1073

00:55:44,510 --> 00:55:40,500

um Holland Italian Spain

1074

00:55:46,549 --> 00:55:44,520

and there will be comparing notes about

1075

00:55:49,130 --> 00:55:46,559

you know the

1076
00:55:50,470 --> 00:55:49,140
current cases around the world for two

1077
00:55:53,569 --> 00:55:50,480
full days

1078
00:55:56,210 --> 00:55:53,579
this is not public it's a closed meeting

1079
00:55:57,490 --> 00:55:56,220
but the the proceedings will be

1080
00:56:01,549 --> 00:55:57,500
published

1081
00:56:03,349 --> 00:56:01,559
in in time after they are edited I'm

1082
00:56:07,370 --> 00:56:03,359
making a presentation there about

1083
00:56:14,030 --> 00:56:10,609
I would love to ask how do we how do we

1084
00:56:16,490 --> 00:56:14,040
progress is it meetings of scientists

1085
00:56:19,130 --> 00:56:16,500
and investigators like yourself pushing

1086
00:56:21,530 --> 00:56:19,140
this subject forward you mentioned the

1087
00:56:24,470 --> 00:56:21,540
the Nimitz case for example is Rich with

1088
00:56:26,990 --> 00:56:24,480

data and electronic sensors and

1089

00:56:29,150 --> 00:56:27,000

equipment and probably very clear video

1090

00:56:30,349 --> 00:56:29,160

and photographs that we haven't yet seen

1091

00:56:34,010 --> 00:56:30,359

publicly

1092

00:56:36,650 --> 00:56:34,020

and then we have cases that are 60 to 80

1093

00:56:38,390 --> 00:56:36,660

years old like Trinity or the you know

1094

00:56:40,670 --> 00:56:38,400

Sirocco case

1095

00:56:42,829 --> 00:56:40,680

where does that middle ground is it

1096

00:56:45,650 --> 00:56:42,839

public or private groups like yourselves

1097

00:56:49,490 --> 00:56:45,660

like the Galileo project that can really

1098

00:56:53,870 --> 00:56:51,230

um I think

1099

00:56:57,170 --> 00:56:53,880

um you know I'm I'm happy to have lived

1100

00:57:01,010 --> 00:56:57,180

long enough you can see my white hair to

1101
00:57:02,290 --> 00:57:01,020
to see the day when uh the subject is at

1102
00:57:05,150 --> 00:57:02,300
least

1103
00:57:08,150 --> 00:57:05,160
acknowledged officially

1104
00:57:11,809 --> 00:57:08,160
you know by both the intelligence

1105
00:57:16,030 --> 00:57:11,819
Community by Harvard you know University

1106
00:57:19,190 --> 00:57:16,040
by NASA no I mean we'll have a

1107
00:57:20,930 --> 00:57:19,200
spokesperson from NASA at our meeting at

1108
00:57:23,349 --> 00:57:20,940
in Toulouse

1109
00:57:27,049 --> 00:57:23,359
um you know addressing

1110
00:57:31,309 --> 00:57:27,059
by video but addressing the the

1111
00:57:34,370 --> 00:57:31,319
scientists there so this is when Dr

1112
00:57:37,329 --> 00:57:34,380
heinek was hoping to see you know what

1113
00:57:39,770 --> 00:57:37,339

what Dr McDonald was hoping to see

1114

00:57:42,530 --> 00:57:39,780

eventually that the subject would be

1115

00:57:45,950 --> 00:57:42,540

open would be that the ridicule would be

1116

00:57:51,170 --> 00:57:45,960

removed okay from it and that it would

1117

00:57:54,109 --> 00:57:51,180

be okay for scientists to study UFOs

1118

00:57:59,089 --> 00:57:54,119

either on their own time or as I've I've

1119

00:58:00,710 --> 00:57:59,099

done or in a and you know funded as part

1120

00:58:03,109 --> 00:58:00,720

of a funded project

1121

00:58:06,890 --> 00:58:03,119

the Galileo is a funded project

1122

00:58:08,990 --> 00:58:06,900

fortunately but it's funded privately we

1123

00:58:10,790 --> 00:58:09,000

should get to the point where you know

1124

00:58:13,670 --> 00:58:10,800

we could write a proposal to the

1125

00:58:16,250 --> 00:58:13,680

National Science Foundation to study at

1126
00:58:18,530 --> 00:58:16,260
least with civilian cases there is a

1127
00:58:23,329 --> 00:58:18,540
case to be made for

1128
00:58:25,250 --> 00:58:23,339
a classified study to go on and people

1129
00:58:28,970 --> 00:58:25,260
you know many people in the field

1130
00:58:30,829 --> 00:58:28,980
disagree with me on that and they say uh

1131
00:58:33,410 --> 00:58:30,839
you know let let

1132
00:58:36,289 --> 00:58:33,420
everything be open

1133
00:58:38,990 --> 00:58:36,299
um well you know the the database to

1134
00:58:41,990 --> 00:58:39,000
which I contributed

1135
00:58:45,470 --> 00:58:42,000
um this was you know a big part of uh

1136
00:58:50,750 --> 00:58:45,480
the the budget that was spent uh under

1137
00:58:54,230 --> 00:58:50,760
the Mass atip project

1138
00:58:56,089 --> 00:58:54,240

um there were I probably shouldn't tell

1139

00:58:57,890 --> 00:58:56,099

you how many people were involved but it

1140

00:59:01,670 --> 00:58:57,900

was you know a significant group

1141

00:59:05,589 --> 00:59:01,680

including translators of Spanish French

1142

00:59:11,030 --> 00:59:05,599

Italian Russian and so on

1143

00:59:13,910 --> 00:59:11,040

to have a a complete data warehouse all

1144

00:59:17,569 --> 00:59:13,920

in English with a fairly sophisticated

1145

00:59:20,630 --> 00:59:17,579

structure on which we could build the AI

1146

00:59:24,109 --> 00:59:20,640

component the project was stopped before

1147

00:59:26,870 --> 00:59:24,119

we could get to that which is a period

1148

00:59:29,809 --> 00:59:26,880

but there are other you know talented

1149

00:59:33,230 --> 00:59:29,819

people in computer science we can pick

1150

00:59:37,069 --> 00:59:33,240

it up and they're classified again under

1151

00:59:40,490 --> 00:59:37,079

classification and move it forward the

1152

00:59:42,829 --> 00:59:40,500

reason not to disclose it today I mean

1153

00:59:45,589 --> 00:59:42,839

some of the data in it came from

1154

00:59:48,349 --> 00:59:45,599

civilian sources and it's known came

1155

00:59:51,829 --> 00:59:48,359

from you from it came from things like

1156

00:59:53,530 --> 00:59:51,839

that from the french fries

1157

00:59:56,870 --> 00:59:53,540

when it's open

1158

00:59:58,990 --> 00:59:56,880

anybody can look at it anybody can do

1159

01:00:01,190 --> 00:59:59,000

what we did essentially

1160

01:00:04,010 --> 01:00:01,200

except that the structure is somewhat

1161

01:00:07,069 --> 01:00:04,020

sophisticated in anticipation of doing

1162

01:00:11,930 --> 01:00:07,079

AI but there are a number of cases in

1163

01:00:14,950 --> 01:00:11,940

our medical cases that the those cannot

1164

01:00:18,170 --> 01:00:14,960

be should not be

1165

01:00:21,650 --> 01:00:18,180

Declassified until they are sanitized

1166

01:00:23,270 --> 01:00:21,660

until the nicer protection of the of the

1167

01:00:26,390 --> 01:00:23,280

witnesses protection of the people

1168

01:00:30,530 --> 01:00:26,400

who've been injured and so on and there

1169

01:00:32,770 --> 01:00:30,540

is a surprising number of cases where we

1170

01:00:35,950 --> 01:00:32,780

have biological data

1171

01:00:42,370 --> 01:00:35,960

either in the form of uh

1172

01:00:45,109 --> 01:00:42,380

just uh you know a superficial

1173

01:00:48,670 --> 01:00:45,119

effects or in the case of injuries

1174

01:00:52,150 --> 01:00:48,680

including cases of death

1175

01:00:56,390 --> 01:00:52,160

uh although not uh

1176

01:01:00,230 --> 01:00:56,400

not directly in military encounters but

1177

01:01:01,510 --> 01:01:00,240

people who died as a result of exposure

1178

01:01:04,609 --> 01:01:01,520

to something

1179

01:01:08,809 --> 01:01:04,619

that may have been accidental well not

1180

01:01:10,309 --> 01:01:08,819

necessarily you know directed energy and

1181

01:01:12,289 --> 01:01:10,319

directed at them

1182

01:01:14,510 --> 01:01:12,299

although

1183

01:01:18,589 --> 01:01:14,520

you know that part of the research

1184

01:01:21,289 --> 01:01:18,599

hasn't been completed my hope is you

1185

01:01:23,870 --> 01:01:21,299

know the project was terminated fairly

1186

01:01:26,270 --> 01:01:23,880

arbitrarily after two years it was

1187

01:01:28,970 --> 01:01:26,280

designed to go go on another three years

1188

01:01:32,170 --> 01:01:28,980

if it had gone another three years we

1189

01:01:35,569 --> 01:01:32,180

would have built the the AI component

1190

01:01:38,470 --> 01:01:35,579

completely now I've used AI in my own

1191

01:01:43,609 --> 01:01:38,480

work uh you know there is a

1192

01:01:44,840 --> 01:01:43,619

misunderstanding about ai ai is a very

1193

01:01:46,030 --> 01:01:44,850

um

1194

01:01:49,370 --> 01:01:46,040

[Music]

1195

01:01:52,730 --> 01:01:49,380

it's easy to talk about AI now and it's

1196

01:01:55,010 --> 01:01:52,740

very popular and very mysterious AI

1197

01:01:58,670 --> 01:01:55,020

shouldn't be mysterious I mean AI comes

1198

01:02:01,329 --> 01:01:58,680

in a number of number of of types of

1199

01:02:04,730 --> 01:02:01,339

things you know my

1200

01:02:08,690 --> 01:02:04,740

doctorate dissertation was about

1201

01:02:12,650 --> 01:02:08,700

building an AI program for Stellar

1202

01:02:17,329 --> 01:02:12,660

astronomy to facilitate studies of the

1203

01:02:19,089 --> 01:02:17,339

stars and uh you know my professors told

1204

01:02:22,309 --> 01:02:19,099

me it couldn't be done

1205

01:02:25,190 --> 01:02:22,319

I wanted to the system to answer English

1206

01:02:27,349 --> 01:02:25,200

questions about stars that come out with

1207

01:02:31,190 --> 01:02:27,359

numerical answers that was the first

1208

01:02:34,670 --> 01:02:31,200

time it was done but it was done as a

1209

01:02:37,250 --> 01:02:34,680

helper to an astronomer so that an

1210

01:02:39,410 --> 01:02:37,260

astronomer didn't have to write a

1211

01:02:42,049 --> 01:02:39,420

program every time go run the program

1212

01:02:44,690 --> 01:02:42,059

which in those days would take 24 hours

1213

01:02:47,030 --> 01:02:44,700

to get the results here you could tell

1214

01:02:49,390 --> 01:02:47,040

the question in English and you'd get an

1215

01:02:53,450 --> 01:02:49,400

instant answer like

1216

01:02:56,630 --> 01:02:53,460

15.6 percent okay so

1217

01:02:59,750 --> 01:02:56,640

um that was in 1968

1218

01:03:03,470 --> 01:02:59,760

okay 1968.

1219

01:03:06,130 --> 01:03:03,480

so since then there have been two more

1220

01:03:08,930 --> 01:03:06,140

levels of AI development

1221

01:03:11,030 --> 01:03:08,940

now we know we can do that and we know

1222

01:03:14,990 --> 01:03:11,040

we can do a lot more

1223

01:03:18,109 --> 01:03:15,000

but the the AI the the new AI system I

1224

01:03:23,569 --> 01:03:18,119

wrote in the 80s was just to help me

1225

01:03:26,230 --> 01:03:23,579

sift through all the UFO reports

1226

01:03:29,930 --> 01:03:26,240

fairly quickly so that I wouldn't forget

1227

01:03:32,930 --> 01:03:29,940

a particular pattern that might have

1228

01:03:35,750 --> 01:03:32,940

explained the data again much of the

1229

01:03:37,150 --> 01:03:35,760

data can be explained okay and it's

1230

01:03:40,970 --> 01:03:37,160

still true today

1231

01:03:45,410 --> 01:03:40,980

so the the first thing we have to do is

1232

01:03:49,970 --> 01:03:45,420

to concentrate on you know take the 260

1233

01:03:51,170 --> 01:03:49,980

000 cases we we have so far we can get

1234

01:03:53,390 --> 01:03:51,180

much more

1235

01:03:56,750 --> 01:03:53,400

but what's the point of getting much

1236

01:04:00,349 --> 01:03:56,760

more if it's jump so we we know that out

1237

01:04:03,530 --> 01:04:00,359

of that maybe only 10 percent is really

1238

01:04:06,109 --> 01:04:03,540

the stuff we should turn over to the

1239

01:04:09,109 --> 01:04:06,119

labs to the physicists to the chemists

1240

01:04:13,370 --> 01:04:09,119

to the astronomers and so on so the AI

1241

01:04:16,490 --> 01:04:13,380

should be helping us along the way to

1242

01:04:18,470 --> 01:04:16,500

narrow it down to those cases that are

1243

01:04:20,930 --> 01:04:18,480

truly unexplained

1244

01:04:26,270 --> 01:04:20,940

not necessarily unexplainable but

1245

01:04:30,890 --> 01:04:26,280

unexplained so far and you know that I I

1246

01:04:33,710 --> 01:04:30,900

what I built in 1985 was pretty good it

1247

01:04:34,809 --> 01:04:33,720

would go over something like 40 or 50

1248

01:04:37,370 --> 01:04:34,819

different

1249

01:04:38,150 --> 01:04:37,380

hypotheses for which the pattern was

1250

01:04:42,109 --> 01:04:38,160

known

1251

01:04:45,289 --> 01:04:42,119

that I could apply to the cases I had

1252

01:04:48,109 --> 01:04:45,299

then the program would engage in a

1253

01:04:49,549 --> 01:04:48,119

dialogue with me that was like have you

1254

01:04:51,890 --> 01:04:49,559

thought of this have you thought of that

1255

01:04:52,789 --> 01:04:51,900

have you thought of that third thing it

1256

01:04:54,589 --> 01:04:52,799

could be

1257

01:04:57,349 --> 01:04:54,599

so that

1258

01:05:00,049 --> 01:04:57,359

um you know the human mind makes up a

1259

01:05:02,390 --> 01:05:00,059

hypothesis and then all you see is that

1260

01:05:05,870 --> 01:05:02,400

hypothesis but there may be something

1261

01:05:08,270 --> 01:05:05,880

else going on that has happened in other

1262

01:05:11,150 --> 01:05:08,280

cases that you forgot

1263

01:05:13,730 --> 01:05:11,160

the system is going to forget it and it

1264

01:05:17,569 --> 01:05:13,740

it wasn't a big program you know it

1265

01:05:21,289 --> 01:05:17,579

wasn't uh very sophisticated but it

1266

01:05:24,410 --> 01:05:21,299

remembered every single explanation we

1267

01:05:28,549 --> 01:05:24,420

had found so far in other cases

1268

01:05:33,289 --> 01:05:28,559

and and then it wouldn't forget it so

1269

01:05:35,510 --> 01:05:33,299

again we should demystify AI you know I

1270

01:05:38,809 --> 01:05:35,520

see people talking about AI is going to

1271

01:05:41,470 --> 01:05:38,819

be this magical thing that you know we

1272

01:05:45,530 --> 01:05:41,480

we shouldn't apply a lot of

1273

01:05:49,250 --> 01:05:45,540

sophisticated AI to that data until

1274

01:05:52,549 --> 01:05:49,260

we've cleaned it up and you know I can

1275

01:05:55,150 --> 01:05:52,559

tell you without violating any you know

1276

01:05:58,309 --> 01:05:55,160

any secrecy or any clearance

1277

01:06:00,829 --> 01:05:58,319

we didn't get to the point where we

1278

01:06:02,990 --> 01:06:00,839

could clean it up the way we wanted to

1279

01:06:03,890 --> 01:06:03,000

clean it up because we only had two

1280

01:06:07,430 --> 01:06:03,900

years

1281

01:06:11,210 --> 01:06:07,440

so if there is something to do out there

1282

01:06:13,910 --> 01:06:11,220

is to review the data very carefully and

1283

01:06:17,569 --> 01:06:13,920

uh you know work on it to the point

1284

01:06:20,089 --> 01:06:17,579

where it could be presented to

1285

01:06:22,849 --> 01:06:20,099

um the different scientific disciplines

1286

01:06:25,609 --> 01:06:22,859

for study is there anything right now

1287

01:06:28,069 --> 01:06:25,619

you are working on other than the the

1288

01:06:29,750 --> 01:06:28,079

French Space Agency Group and you'd like

1289

01:06:33,170 --> 01:06:29,760

to let the listeners know about well you

1290

01:06:33,849 --> 01:06:33,180

know most of my work is in in the US

1291

01:06:37,750 --> 01:06:33,859

um

1292

01:06:41,329 --> 01:06:37,760

I'm familiar with the French fines

1293

01:06:46,069 --> 01:06:41,339

uh and with you know the European fights

1294

01:06:50,029 --> 01:06:46,079

uh there there is a big decision that

1295

01:06:52,670 --> 01:06:50,039

will have to be made in in the US and at

1296

01:06:56,450 --> 01:06:52,680

the at the Congressional hearings

1297

01:07:00,470 --> 01:06:56,460

uh I heard two different things from you

1298

01:07:03,589 --> 01:07:00,480

know uh two of the uh representatives

1299

01:07:05,870 --> 01:07:03,599

and uh people who are there from

1300

01:07:09,410 --> 01:07:05,880

Congress

1301

01:07:11,710 --> 01:07:09,420

um I I heard this is so important that

1302

01:07:16,130 --> 01:07:11,720

now it should be

1303

01:07:18,710 --> 01:07:16,140

it should be you know probably continue

1304

01:07:22,010 --> 01:07:18,720

to be classified it should be traded

1305

01:07:23,990 --> 01:07:22,020

with a high priority without because it

1306

01:07:28,190 --> 01:07:24,000

could give the United States an

1307

01:07:32,770 --> 01:07:28,200

advantage in technology which is true

1308

01:07:36,490 --> 01:07:32,780

I also heard you know one one of the

1309

01:07:39,410 --> 01:07:36,500

Congress congressmen say

1310

01:07:43,250 --> 01:07:39,420

you know a lot of the data was gathered

1311

01:07:45,650 --> 01:07:43,260

outside the United States we should we

1312

01:07:49,190 --> 01:07:45,660

should open the doors and the windows

1313

01:07:51,529 --> 01:07:49,200

and and have some sort of global which

1314

01:07:53,569 --> 01:07:51,539

we know how to do I mean you know we've

1315

01:07:56,750 --> 01:07:53,579

been talking to the Russians about

1316

01:07:59,930 --> 01:07:56,760

nuclear war you know for the last 70

1317

01:08:02,750 --> 01:07:59,940

years now that doesn't mean that we tell

1318

01:08:06,289 --> 01:08:02,760

them our secrets and they so they don't

1319

01:08:08,930 --> 01:08:06,299

tell us their secrets but we don't at

1320

01:08:12,230 --> 01:08:08,940

some level we don't need the sequence we

1321

01:08:14,750 --> 01:08:12,240

we can talk about you know what it what

1322

01:08:17,930 --> 01:08:14,760

it all means because this happens all

1323

01:08:20,450 --> 01:08:17,940

over the world the U.S you know the the

1324

01:08:23,570 --> 01:08:20,460

part of the us that's

1325

01:08:27,050 --> 01:08:23,580

um where there are people able to watch

1326

01:08:29,269 --> 01:08:27,060

the sky is two percent of the planet

1327

01:08:30,890 --> 01:08:29,279

you know what about the other 98 percent

1328

01:08:33,169 --> 01:08:30,900

wouldn't you want to know what's going

1329

01:08:36,590 --> 01:08:33,179

on there well lots of things are going

1330

01:08:39,370 --> 01:08:36,600

on there and people are intimidated by

1331

01:08:42,229 --> 01:08:39,380

the US so they don't want to look silly

1332

01:08:45,169 --> 01:08:42,239

especially if there are tenured

1333

01:08:48,650 --> 01:08:45,179

professors at the University somewhere

1334

01:08:50,870 --> 01:08:48,660

and they know of a particular case that

1335

01:08:54,050 --> 01:08:50,880

the U.S should know about but they're

1336

01:08:56,930 --> 01:08:54,060

not going to tell the U.S because they

1337

01:09:01,550 --> 01:08:56,940

don't want to be laughed at you know on

1338

01:09:04,970 --> 01:09:01,560

on NBC News okay so that

1339

01:09:08,030 --> 01:09:04,980

has prevented all these years I have

1340

01:09:09,590 --> 01:09:08,040

been one of a few people who sort of was

1341

01:09:11,390 --> 01:09:09,600

had access to

1342

01:09:16,010 --> 01:09:11,400

you know had friends in both and

1343

01:09:17,650 --> 01:09:16,020

colleagues in in both situations

1344

01:09:23,209 --> 01:09:17,660

um

1345

01:09:27,530 --> 01:09:23,219

the there is a point where I would argue

1346

01:09:29,510 --> 01:09:27,540

that we need to be more open and we we

1347

01:09:33,169 --> 01:09:29,520

need to have whether it's under the U.N

1348

01:09:34,610 --> 01:09:33,179

or under some other group that has a

1349

01:09:39,410 --> 01:09:34,620

proper structure

1350

01:09:41,689 --> 01:09:39,420

you know uh we need we need to talk we

1351

01:09:45,050 --> 01:09:41,699

really need to talk

1352

01:09:48,110 --> 01:09:45,060

um I recognize also I mean I had you

1353

01:09:51,530 --> 01:09:48,120

know all of us had the right clearances

1354

01:09:54,590 --> 01:09:51,540

under the atip program I I no longer

1355

01:09:56,570 --> 01:09:54,600

have that clearance but obviously you

1356

01:09:58,850 --> 01:09:56,580

know I'm still subject to the same

1357

01:10:00,830 --> 01:09:58,860

regulations

1358

01:10:02,689 --> 01:10:00,840

um the people with clearances are not

1359

01:10:05,510 --> 01:10:02,699

going to violate their clearances when

1360

01:10:07,990 --> 01:10:05,520

they talk to you know the Germans or the

1361

01:10:11,590 --> 01:10:08,000

Spaniards but

1362

01:10:15,050 --> 01:10:11,600

the data itself a lot of it comes from

1363

01:10:17,510 --> 01:10:15,060

civilian population somewhere is in the

1364

01:10:20,870 --> 01:10:17,520

books that have already been published

1365

01:10:24,770 --> 01:10:20,880

so why don't we look at this as

1366

01:10:27,470 --> 01:10:24,780

scientists you know as Dr Longwood

1367

01:10:31,149 --> 01:10:27,480

Harvard has started to do you know and

1368

01:10:34,250 --> 01:10:31,159

and begin to look at the phenomena as

1369

01:10:35,689 --> 01:10:34,260

massive something that has the massive

1370

01:10:38,810 --> 01:10:35,699

impact on us

1371

01:10:42,950 --> 01:10:38,820

snow on the planet and and on on the

1372

01:10:45,290 --> 01:10:42,960

population and you know do it with the

1373

01:10:48,830 --> 01:10:45,300

techniques we have already

1374

01:10:51,530 --> 01:10:48,840

that have never been applied to

1375

01:10:53,209 --> 01:10:51,540

what's stopping us

1376

01:10:56,209 --> 01:10:53,219

so that's my

1377

01:10:59,270 --> 01:10:56,219

you know the the I mean that's what I

1378

01:11:01,310 --> 01:10:59,280

emerged with uh you know and I've been

1379

01:11:04,310 --> 01:11:01,320

working we have a small group at

1380

01:11:08,090 --> 01:11:04,320

Stanford you know around Dr Nolan and

1381

01:11:11,390 --> 01:11:08,100

I've I've turned over to Dr Nolan all

1382

01:11:12,890 --> 01:11:11,400

the the trace material I had from

1383

01:11:14,810 --> 01:11:12,900

different countries including from

1384

01:11:18,229 --> 01:11:14,820

France and

1385

01:11:21,770 --> 01:11:18,239

um you know we've published one paper uh

1386

01:11:26,510 --> 01:11:21,780

already uh on describing the technology

1387

01:11:29,990 --> 01:11:26,520

the methodology of analysis and we're

1388

01:11:31,149 --> 01:11:30,000

going to publish more and

1389

01:11:35,270 --> 01:11:31,159

um

1390

01:11:37,790 --> 01:11:35,280

that's the way science works

1391

01:11:39,770 --> 01:11:37,800

well Jacques thank you so much for your

1392

01:11:41,450 --> 01:11:39,780

time uh thank you very much for coming

1393

01:11:42,770 --> 01:11:41,460

on you've been very gracious very

1394

01:11:44,570 --> 01:11:42,780

generous

1395

01:11:46,189 --> 01:11:44,580

um and I'll hold you to that and we'd

1396

01:11:47,870 --> 01:11:46,199

love to get you back on to answer some

1397

01:11:49,790 --> 01:11:47,880

of those listener questions in the near

1398

01:11:52,430 --> 01:11:49,800

future but thank you for all the work

1399

01:11:55,250 --> 01:11:52,440

you've done and continue to do

1400

01:11:57,229 --> 01:11:55,260

um at your at your pleasure sir Folks at

1401

01:11:59,270 --> 01:11:57,239

the start of this year I got a bit of a

1402

01:12:01,189 --> 01:11:59,280

health scare and it kick-started me to

1403

01:12:03,890 --> 01:12:01,199

getting fitter healthier and generally

1404

01:12:06,110 --> 01:12:03,900

looking after myself better a healthier

1405

01:12:08,930 --> 01:12:06,120

breakfast was high on my priority list

1406

01:12:10,729 --> 01:12:08,940

and it should be for you too magic spoon

1407

01:12:13,010 --> 01:12:10,739

is the perfect way to get in your

1408

01:12:14,510 --> 01:12:13,020

morning protein eating cereal that

1409

01:12:16,729 --> 01:12:14,520

tastes like it did when you were a kid

1410

01:12:18,770 --> 01:12:16,739

without all the bad stuff I can promise

1411

01:12:21,050 --> 01:12:18,780

you there is nothing unidentified in

1412

01:12:23,810 --> 01:12:21,060

this cereal the variety pack has four

1413

01:12:26,390 --> 01:12:23,820

flavors including cocoa fruity frosted

1414

01:12:29,390 --> 01:12:26,400

and peanut butter this pack has zero

1415

01:12:32,270 --> 01:12:29,400

grams of sugar 13 to 14 grams of protein

1416

01:12:35,149 --> 01:12:32,280

and only four knit grams of carbs that

1417

01:12:38,149 --> 01:12:35,159

are only 140 calories per serving it's

1418

01:12:40,669 --> 01:12:38,159

keto friendly gluten-free grain free soy

1419

01:12:42,530 --> 01:12:40,679

free and low carb it's delicious but

1420

01:12:44,870 --> 01:12:42,540

super healthy cereal that really brings

1421

01:12:47,050 --> 01:12:44,880

joy to your mornings afternoons or

1422

01:12:50,270 --> 01:12:47,060

actually any time of day go to

1423

01:12:52,729 --> 01:12:50,280

magicspoon.com forward slash that UFO to

1424

01:12:55,430 --> 01:12:52,739

grab a variety pack and try it today be

1425

01:12:57,830 --> 01:12:55,440

sure to use our promo code that UFO at

1426

01:13:00,530 --> 01:12:57,840

checkout to save five dollars off your

1427

01:13:02,290 --> 01:13:00,540

order Magic spoon is so confident in

1428

01:13:05,510 --> 01:13:02,300

their product it's backed with a 100

1429

01:13:07,189 --> 01:13:05,520

happiness guarantee so if for any reason

1430

01:13:10,010 --> 01:13:07,199

you don't like it they'll refund your

1431

01:13:11,990 --> 01:13:10,020

money no questions asked remember to get

1432

01:13:15,350 --> 01:13:12,000

your delicious bowl of guilt-free cereal

1433

01:13:18,350 --> 01:13:15,360

at magicspoon.com forward slash that UFO

1434

01:13:20,570 --> 01:13:18,360

and use that code that UFO to save five

1435

01:13:23,270 --> 01:13:20,580

dollars off thank you magicspoon for

1436

01:13:25,189 --> 01:13:23,280

sponsoring this episode that is all for

1437

01:13:27,229 --> 01:13:25,199

this week's show thank you very much for

1438

01:13:29,450 --> 01:13:27,239

listening please remember to leave the

1439

01:13:32,750 --> 01:13:29,460

podcast a review on your chosen platform

1440

01:13:34,669 --> 01:13:32,760

you can like retweet And subscribe that

1441

01:13:36,830 --> 01:13:34,679

would all be very much appreciated the

1442

01:13:38,750 --> 01:13:36,840

shows are being uploaded on YouTube as

1443

01:13:41,330 --> 01:13:38,760

we speak more and more you can sign up

1444

01:13:43,490 --> 01:13:41,340

at patreon.com forward slash that UFO

1445

01:13:45,410 --> 01:13:43,500

podcast to access it shows ad free as

1446

01:13:48,530 --> 01:13:45,420

well please get in touch on Twitter

1447

01:13:52,490 --> 01:13:48,540

Facebook Instagram that UFO podcast of

1448

01:13:54,410 --> 01:13:52,500

course on Twitter it's at UFO uapam and

1449

01:14:00,709 --> 01:13:54,420

again folks as always keep looking up

1450

01:14:00,719 --> 01:14:24,240

me

1451
01:14:32,709 --> 01:14:31,490
[Music]

1452
01:14:46,790 --> 01:14:32,719
into the game

1453
01:15:21,370 --> 01:15:08,010
[Music]

1454
01:15:27,790 --> 01:15:22,660
over there

1455
01:15:54,550 --> 01:15:35,740
[Music]

1456
01:16:15,720 --> 01:15:57,110
what's that is saucer

1457
01:16:43,149 --> 01:16:37,690
[Music]

1458
01:16:51,550 --> 01:16:44,700
thank you

1459
01:16:51,560 --> 01:16:56,350
very much
