CALL-IN
DEC 2022

I WAS
ON MUTE!

1
00:00:06,170 --> 00:00:02,210
this is Leslie Kane and you're listening

2
00:00:10,790 --> 00:00:08,509
we want and we'll come back to that UFO

3
00:00:13,310 --> 00:00:10,800
podcast my name is Andy and this is your

4
00:00:16,430 --> 00:00:13,320
listener Colin for the month of December

5
00:00:18,710 --> 00:00:16,440
four fantastic calls for you first up

6
00:00:20,630 --> 00:00:18,720
we've got Chad from Missouri talking

7
00:00:23,269 --> 00:00:20,640
about the phenomenon having some general

8
00:00:25,550 --> 00:00:23,279
conversation and discussing some of his

9
00:00:28,310 --> 00:00:25,560
fascinating sightings he's had over the

10
00:00:30,769 --> 00:00:28,320
years we moved into Tim from London

11
00:00:33,950 --> 00:00:30,779
discussing the long delayed UAP report

12
00:00:36,110 --> 00:00:33,960
and also the U.S stronghold on the UFO

13
00:00:38,270 --> 00:00:36,120

subject we then speak to Mike and

14

00:00:40,250 --> 00:00:38,280

Arizona who's never had his own sighting

15

00:00:43,310 --> 00:00:40,260

but discusses has 30 plus years

16

00:00:45,410 --> 00:00:43,320

fascination with the UFO subject and his

17

00:00:47,150 --> 00:00:45,420

own experience with Freedom of

18

00:00:49,250 --> 00:00:47,160

Information requests which was really

19

00:00:51,650 --> 00:00:49,260

really interesting and then we move on

20

00:00:54,709 --> 00:00:51,660

to a listener voice note that was sent

21

00:00:56,930 --> 00:00:54,719

in from Phil discussing his own unique

22

00:00:59,029 --> 00:00:56,940

experiences thank you to all the callers

23

00:01:00,590 --> 00:00:59,039

and if you want to get involved with the

24

00:01:03,770 --> 00:01:00,600

listener call in that will be recorded

25

00:01:08,090 --> 00:01:03,780

throughout the month of December DM or

26
00:01:09,649 --> 00:01:08,100
email UFO UAP am at gmail.com and we'll

27
00:01:11,510 --> 00:01:09,659
get something arranged it really is

28
00:01:14,570 --> 00:01:11,520
fantastic to get to speak to all of you

29
00:01:16,190 --> 00:01:14,580
without further Ado let's hand over to

30
00:01:17,330 --> 00:01:16,200
Chad

31
00:01:19,130 --> 00:01:17,340
hello

32
00:01:20,690 --> 00:01:19,140
it's very good to have you on finally

33
00:01:23,210 --> 00:01:20,700
we've been going back and forward on

34
00:01:25,070 --> 00:01:23,220
emails for a little while uh Chad listen

35
00:01:26,990 --> 00:01:25,080
the floor is yours it's uh it's a new

36
00:01:29,630 --> 00:01:27,000
month what do you want to talk about

37
00:01:33,530 --> 00:01:29,640
well first thing first is

38
00:01:36,109 --> 00:01:33,540

um what I want to talk about is

39

00:01:38,270 --> 00:01:36,119

um hypocenter 101 I don't remember the

40

00:01:41,270 --> 00:01:38,280

guy's name

41

00:01:44,870 --> 00:01:41,280

um that is doing uh the uh videos from

42

00:01:48,410 --> 00:01:44,880

airline pilots Ben Hansen yes I believe

43

00:01:52,130 --> 00:01:48,420

that's his name he's out of California

44

00:01:54,410 --> 00:01:52,140

and but anyhow what got me really stoked

45

00:01:58,130 --> 00:01:54,420

was the fact that uh I've been watching

46

00:02:00,590 --> 00:01:58,140

him here lately and the video from

47

00:02:03,350 --> 00:02:00,600

Springfield Missouri the airline pilot

48

00:02:06,170 --> 00:02:03,360

and they were they shot the pictures of

49

00:02:11,449 --> 00:02:06,180

the lights and it was by that bottom

50

00:02:13,670 --> 00:02:11,459

corner star of The Big Dipper and um I

51

00:02:16,729 --> 00:02:13,680

seen that in July

52

00:02:20,449 --> 00:02:16,739

and I counted around 44 approximately

53

00:02:22,790 --> 00:02:20,459

that lasted about 40 minutes and then

54

00:02:24,589 --> 00:02:22,800

right before they got to that star they

55

00:02:25,910 --> 00:02:24,599

would flare up get real bright and then

56

00:02:28,670 --> 00:02:25,920

go back down

57

00:02:32,030 --> 00:02:28,680

but they were moving in like a um train

58

00:02:34,070 --> 00:02:32,040

it was like every minute or two maybe

59

00:02:35,150 --> 00:02:34,080

three all sitting here comes one two or

60

00:02:37,130 --> 00:02:35,160

three of them

61

00:02:39,110 --> 00:02:37,140

they would flare up flare back down but

62

00:02:40,550 --> 00:02:39,120

I had a pair of binoculars with me and I

63

00:02:43,070 --> 00:02:40,560

went to a different vantage point on my

64

00:02:45,530 --> 00:02:43,080

property on a hill and they were way off

65

00:02:49,970 --> 00:02:45,540

on the horizon so I'm assuming

66

00:02:52,250 --> 00:02:49,980

20 30 miles away maybe if that maybe not

67

00:02:55,309 --> 00:02:52,260

right around 20. and but anyhow they

68

00:02:57,589 --> 00:02:55,319

were going by the Big Dipper flashing it

69

00:03:00,050 --> 00:02:57,599

was like they'd turn on and then then

70

00:03:01,970 --> 00:03:00,060

they would just fade off just like what

71

00:03:05,830 --> 00:03:01,980

you saw in the video from the

72

00:03:08,930 --> 00:03:05,840

Springfield pilot and uh

73

00:03:10,430 --> 00:03:08,940

when they would turn on sometimes they

74

00:03:12,830 --> 00:03:10,440

would just out of the blue it'd be black

75

00:03:14,930 --> 00:03:12,840

and then poof Here Comes light

76

00:03:17,030 --> 00:03:14,940

or some of them would be glowing barely

77

00:03:18,470 --> 00:03:17,040

so with the naked eye without pair of

78

00:03:21,050 --> 00:03:18,480

binoculars it'd be really hard to see

79

00:03:22,850 --> 00:03:21,060

them but with binoculars you could see

80

00:03:24,530 --> 00:03:22,860

the glow and then for that glow turned

81

00:03:26,149 --> 00:03:24,540

into a real bright and then it would go

82

00:03:28,369 --> 00:03:26,159

back down but they most of them never

83

00:03:29,809 --> 00:03:28,379

turn that glow off they kept glowing and

84

00:03:31,430 --> 00:03:29,819

they went all the way to the Horizon so

85

00:03:32,930 --> 00:03:31,440

they were going from the southwest to

86

00:03:35,869 --> 00:03:32,940

the Northeast

87

00:03:37,690 --> 00:03:35,879

like they had a destination and this I

88

00:03:39,830 --> 00:03:37,700

went outside that night

89

00:03:41,930 --> 00:03:39,840

excuse me um

90

00:03:43,750 --> 00:03:41,940

looked up to the north saw what I

91

00:03:45,890 --> 00:03:43,760

thought was a satellite flare

92

00:03:47,330 --> 00:03:45,900

then after that

93

00:03:49,190 --> 00:03:47,340

maybe 30 seconds later here's another

94

00:03:51,229 --> 00:03:49,200

one okay well that's really odd you

95

00:03:52,970 --> 00:03:51,239

don't normally see two in a row then I

96

00:03:55,250 --> 00:03:52,980

saw a third one and I thought oh these

97

00:03:56,809 --> 00:03:55,260

must be startling satellites so I

98

00:03:58,729 --> 00:03:56,819

watched for a little bit and I knew

99

00:04:01,850 --> 00:03:58,739

something was up when one of them

100

00:04:02,809 --> 00:04:01,860

flared and then started going down and I

101

00:04:04,610 --> 00:04:02,819

thought satellites don't do that

102

00:04:06,589 --> 00:04:04,620

satellites just have that trajectory

103

00:04:08,149 --> 00:04:06,599

they follow and that's it sure maybe a

104

00:04:09,470 --> 00:04:08,159

military satellite that's when I knew

105

00:04:11,089 --> 00:04:09,480

something was going on ran in got the

106

00:04:13,250 --> 00:04:11,099

binoculars hopped in the golf cart went

107

00:04:15,050 --> 00:04:13,260

to a hill and then sat and watched until

108

00:04:16,670 --> 00:04:15,060

after one o'clock in the morning the

109

00:04:19,129 --> 00:04:16,680

only thing going on

110

00:04:22,790 --> 00:04:19,139

was there was a like three-quarter moon

111

00:04:24,530 --> 00:04:22,800

to the southeast that kept me skeptical

112

00:04:26,450 --> 00:04:24,540

of what I was watching because I thought

113

00:04:29,270 --> 00:04:26,460

okay well there's a light source to my

114

00:04:30,710 --> 00:04:29,280

back and it's facing where they are and

115

00:04:32,629 --> 00:04:30,720

I thought well it could be satellite

116

00:04:34,670 --> 00:04:32,639

still but that one that moved down was

117

00:04:36,350 --> 00:04:34,680

like okay that's not normal

118

00:04:38,390 --> 00:04:36,360

that's what made me think but that's

119

00:04:40,969 --> 00:04:38,400

when I wrote it off because I've seen a

120

00:04:44,330 --> 00:04:40,979

few things in my life so I was like

121

00:04:46,730 --> 00:04:44,340

I'll just write that off as possibly and

122

00:04:49,010 --> 00:04:46,740

that's how I do it in life yeah and then

123

00:04:51,350 --> 00:04:49,020

on hypocenter 101 they've uploaded that

124

00:04:53,030 --> 00:04:51,360

video and I said I've seen exactly that

125

00:04:53,990 --> 00:04:53,040

happen and I said I've seen it the month

126
00:04:55,490 --> 00:04:54,000
before

127
00:04:57,350 --> 00:04:55,500
and that's when I knew something was

128
00:04:58,790 --> 00:04:57,360
going on so that's what got me all kind

129
00:05:01,129 --> 00:04:58,800
of stoked about that

130
00:05:03,110 --> 00:05:01,139
I think straight away like when people

131
00:05:04,730 --> 00:05:03,120
say they see that kind of train the

132
00:05:06,469 --> 00:05:04,740
individual likes and the first time I

133
00:05:08,990 --> 00:05:06,479
saw the starlink stuff I was the same as

134
00:05:12,050 --> 00:05:09,000
you but it's like oh one two three but

135
00:05:15,110 --> 00:05:12,060
for you the the big difference here is

136
00:05:16,909 --> 00:05:15,120
the one that dropped because even the

137
00:05:19,070 --> 00:05:16,919
flaring and the glowing can still be

138
00:05:20,629 --> 00:05:19,080

light heading off of a satellite in in

139

00:05:22,730 --> 00:05:20,639

space or whatever other orbit whatever

140

00:05:25,129 --> 00:05:22,740

they might be and I think unless you're

141

00:05:26,870 --> 00:05:25,139

you even pilots make mistakes looking at

142

00:05:28,490 --> 00:05:26,880

these things but for you you think

143

00:05:30,950 --> 00:05:28,500

you've looked at it long enough

144

00:05:33,230 --> 00:05:30,960

and again are you putting a lot of

145

00:05:35,749 --> 00:05:33,240

credit into the pilots talking about

146

00:05:37,610 --> 00:05:35,759

seeing these things regularly at that

147

00:05:39,230 --> 00:05:37,620

sort of spot because that bottom corner

148

00:05:41,510 --> 00:05:39,240

of the Big Dipper wasn't it was was

149

00:05:43,969 --> 00:05:41,520

talked about do you think there's some

150

00:05:47,390 --> 00:05:43,979

kind of reason for that

151

00:05:48,830 --> 00:05:47,400

I don't know it may just be me that I

152

00:05:50,629 --> 00:05:48,840

don't that's weird and when I saw it I

153

00:05:52,490 --> 00:05:50,639

didn't at first I didn't put two and two

154

00:05:54,110 --> 00:05:52,500

together but I kept watching and it was

155

00:05:55,730 --> 00:05:54,120

just right before that star they would

156

00:05:57,830 --> 00:05:55,740

light up and then right after a little

157

00:06:01,550 --> 00:05:57,840

ways and then they dim back down it was

158

00:06:03,290 --> 00:06:01,560

like intentional but but I thought it

159

00:06:05,749 --> 00:06:03,300

was coincidental

160

00:06:07,430 --> 00:06:05,759

until I saw the video from Springfield

161

00:06:09,290 --> 00:06:07,440

Missouri and I said they did the same

162

00:06:10,909 --> 00:06:09,300

thing and I thought okay that's weird I

163

00:06:13,310 --> 00:06:10,919

mean that's just I can't I looked that

164

00:06:14,930 --> 00:06:13,320

star up and it's uh called the

165

00:06:18,050 --> 00:06:14,940

supergiant it's about five six hundred

166

00:06:20,510 --> 00:06:18,060

million years old and it's 2.8 times the

167

00:06:21,890 --> 00:06:20,520

size of the Sun so it's already burnt

168

00:06:23,629 --> 00:06:21,900

through most of its fuel in its core

169

00:06:24,770 --> 00:06:23,639

it's burning on the outer layer so it's

170

00:06:26,270 --> 00:06:24,780

kind of one of those things where you're

171

00:06:28,909 --> 00:06:26,280

like I doubt there's anything going on

172

00:06:30,650 --> 00:06:28,919

there or I went through my mind that's

173

00:06:32,350 --> 00:06:30,660

when he starts the speculation of course

174

00:06:34,909 --> 00:06:32,360

it's always speculation in this

175

00:06:36,350 --> 00:06:34,919

phenomenon is maybe they're saying hey

176

00:06:38,809 --> 00:06:36,360

look this direction

177

00:06:40,969 --> 00:06:38,819

keep looking out this way you know maybe

178

00:06:42,830 --> 00:06:40,979

I don't know I doubt it

179

00:06:44,570 --> 00:06:42,840

um may not even be thinking they want

180

00:06:46,430 --> 00:06:44,580

you to look that far in terms of you

181

00:06:48,409 --> 00:06:46,440

know as a species look at this way but

182

00:06:50,390 --> 00:06:48,419

they just know that a point of light in

183

00:06:52,010 --> 00:06:50,400

the sky someone may be looking at that

184

00:06:53,870 --> 00:06:52,020

point of light because the star itself

185

00:06:55,909 --> 00:06:53,880

is a point of light so just with a naked

186

00:06:57,290 --> 00:06:55,919

eye you're looking at that aren't you

187

00:06:59,390 --> 00:06:57,300

you're looking at that Big Dipper

188

00:07:01,430 --> 00:06:59,400

formation so there is that potential

189

00:07:03,710 --> 00:07:01,440

that you know if something's looking up

190

00:07:04,969 --> 00:07:03,720

this way that flash is going to get its

191

00:07:07,070 --> 00:07:04,979

attention

192

00:07:07,790 --> 00:07:07,080

yeah it could be

193

00:07:10,070 --> 00:07:07,800

um

194

00:07:12,110 --> 00:07:10,080

it's I don't know it's like all of it is

195

00:07:14,930 --> 00:07:12,120

baffling why they do what they do what's

196

00:07:17,450 --> 00:07:14,940

going on what's the reasoning behind it

197

00:07:19,430 --> 00:07:17,460

is there even a reasoning is it just

198

00:07:22,550 --> 00:07:19,440

Randomness I don't know it's just kind

199

00:07:24,469 --> 00:07:22,560

of weird it just but it it it it stuck

200

00:07:27,350 --> 00:07:24,479

in my mind that night I did look up

201
00:07:28,969 --> 00:07:27,360
Starling satellites none there were none

202
00:07:31,969 --> 00:07:28,979
there were only three satellites of time

203
00:07:34,070 --> 00:07:31,979
in the state of Missouri going over when

204
00:07:35,990 --> 00:07:34,080
I when I looked online so I know now

205
00:07:37,550 --> 00:07:36,000
that it's like okay I don't think that's

206
00:07:39,230 --> 00:07:37,560
starlink because they're showing no

207
00:07:41,570 --> 00:07:39,240
starting like satellite trains so I said

208
00:07:44,330 --> 00:07:41,580
okay that's that's another one of those

209
00:07:46,969 --> 00:07:44,340
inching it up to that where you cross

210
00:07:49,730 --> 00:07:46,979
that 50 line in your mind that okay I

211
00:07:52,909 --> 00:07:49,740
leaned toward this was something

212
00:07:55,370 --> 00:07:52,919
UAP yeah versus well I'll just go ahead

213
00:07:57,830 --> 00:07:55,380

and file that away my mind is plain you

214

00:07:59,749 --> 00:07:57,840

know whatever so fat enough you have

215

00:08:01,370 --> 00:07:59,759

done your due diligence to go do you

216

00:08:03,110 --> 00:08:01,380

know what is this something kind of look

217

00:08:05,330 --> 00:08:03,120

it up kind of gives a satellite tracking

218

00:08:06,409 --> 00:08:05,340

app and when I speak to Dan or anyone

219

00:08:08,270 --> 00:08:06,419

else that do these kind of things

220

00:08:10,010 --> 00:08:08,280

they'll always say the same thing just

221

00:08:11,930 --> 00:08:10,020

check it because you can check and like

222

00:08:14,390 --> 00:08:11,940

you see it's not going to be 40 ft

223

00:08:16,070 --> 00:08:14,400

aircraft or 44 aircraft in a row so the

224

00:08:18,050 --> 00:08:16,080

likelihood has satellites but you've

225

00:08:21,469 --> 00:08:18,060

checked it it wasn't that so it makes

226

00:08:23,749 --> 00:08:21,479

you think huh it's something else and I

227

00:08:24,830 --> 00:08:23,759

think you work similar to me where you

228

00:08:26,390 --> 00:08:24,840

look at something and if you see

229

00:08:28,790 --> 00:08:26,400

something in the sky a point of like

230

00:08:31,189 --> 00:08:28,800

something moving it's it's probably not

231

00:08:33,290 --> 00:08:31,199

anything special but and you start to

232

00:08:35,329 --> 00:08:33,300

kind of process of elimination could it

233

00:08:38,630 --> 00:08:35,339

be this nah because of this could it be

234

00:08:40,909 --> 00:08:38,640

this no unlikely because of this so but

235

00:08:42,889 --> 00:08:40,919

you've said you've seen things before in

236

00:08:45,650 --> 00:08:42,899

the past is it similar to this or other

237

00:08:47,329 --> 00:08:45,660

types of sightings well right now in

238

00:08:48,829 --> 00:08:47,339

this part of the country there is

239

00:08:51,410 --> 00:08:48,839

activity

240

00:08:54,110 --> 00:08:51,420

um I I drive truck so and I've traveled

241

00:08:55,790 --> 00:08:54,120

truck for 27 years I've got about a

242

00:08:58,370 --> 00:08:55,800

million and a half two million miles of

243

00:09:01,070 --> 00:08:58,380

driving in so it's I've

244

00:09:02,449 --> 00:09:01,080

I pay attention because of you know in

245

00:09:04,130 --> 00:09:02,459

the sky some this is something I always

246

00:09:06,230 --> 00:09:04,140

tell everybody because especially for

247

00:09:07,490 --> 00:09:06,240

the Skeptics I say how often do you look

248

00:09:09,530 --> 00:09:07,500

up um

249

00:09:11,630 --> 00:09:09,540

when you go outside how often do you

250

00:09:12,949 --> 00:09:11,640

look up if you don't look up you don't

251

00:09:13,970 --> 00:09:12,959

see it's just kind of like if you're not

252

00:09:15,470 --> 00:09:13,980

going to go out and look at people

253

00:09:16,370 --> 00:09:15,480

you're not going to see people sure

254

00:09:17,630 --> 00:09:16,380

you're going to look up when you're

255

00:09:20,810 --> 00:09:17,640

looking for people that are not really

256

00:09:22,190 --> 00:09:20,820

going to be there so and when I was I

257

00:09:23,870 --> 00:09:22,200

think it was 16

258

00:09:27,829 --> 00:09:23,880

pretty sure it was 16 so that would make

259

00:09:29,630 --> 00:09:27,839

it like 1990 91. I'd come back from my

260

00:09:32,630 --> 00:09:29,640

cousin's house in Joplin which is just

261

00:09:34,730 --> 00:09:32,640

east of me and this is what before that

262

00:09:38,090 --> 00:09:34,740

I was a big skeptic I was like if there

263

00:09:40,490 --> 00:09:38,100

are aliens they're not here so I come

264

00:09:43,190 --> 00:09:40,500

back home park the truck I live out in

265

00:09:44,690 --> 00:09:43,200

the country so it's pretty dark and I

266

00:09:46,610 --> 00:09:44,700

looked over toward Joplin and there's

267

00:09:48,110 --> 00:09:46,620

what we call thunderheads or popcorn

268

00:09:49,490 --> 00:09:48,120

thunderstorms where they just it's kind

269

00:09:51,829 --> 00:09:49,500

of more like what you see in the um

270

00:09:52,730 --> 00:09:51,839

Tropics where you have a storm just pop

271

00:09:57,290 --> 00:09:52,740

up

272

00:09:58,910 --> 00:09:57,300

over across the border into Kansas which

273

00:10:01,430 --> 00:09:58,920

is about 18 miles away

274

00:10:03,590 --> 00:10:01,440

and there was a light and this reminds

275

00:10:05,090 --> 00:10:03,600

you this is 1990 so you really never had

276
00:10:07,730 --> 00:10:05,100
helicopters around here I don't think we

277
00:10:08,930 --> 00:10:07,740
had air ambulances at the time and I

278
00:10:10,970 --> 00:10:08,940
thought well there's a helicopter over

279
00:10:13,009 --> 00:10:10,980
Joplin hovering so I thought well it

280
00:10:16,250 --> 00:10:13,019
must be police something going on

281
00:10:18,530 --> 00:10:16,260
and I see the light go inside get a

282
00:10:20,449 --> 00:10:18,540
snack do whatever

283
00:10:22,130 --> 00:10:20,459
come back out about 15 minutes later

284
00:10:23,389 --> 00:10:22,140
look to look at the thunderstorm they

285
00:10:24,650 --> 00:10:23,399
see how much bigger it got see if I can

286
00:10:27,290 --> 00:10:24,660
see the lightning because there was only

287
00:10:28,490 --> 00:10:27,300
one and and so I got back out that

288
00:10:30,710 --> 00:10:28,500

light's still there and I thought well

289

00:10:33,110 --> 00:10:30,720

there must be something going on

290

00:10:35,449 --> 00:10:33,120

so I observe it for a little while and

291

00:10:37,850 --> 00:10:35,459

then it starts moving toward the kind of

292

00:10:39,170 --> 00:10:37,860

the East Northeast real slow and I

293

00:10:40,850 --> 00:10:39,180

thought oh they're coming this way so I

294

00:10:43,430 --> 00:10:40,860

went in and got a pair of binoculars not

295

00:10:44,990 --> 00:10:43,440

the greatest one and uh went back out

296

00:10:45,949 --> 00:10:45,000

looked at it couldn't see much of

297

00:10:48,110 --> 00:10:45,959

anything

298

00:10:49,730 --> 00:10:48,120

it kept coming and it came toward

299

00:10:52,610 --> 00:10:49,740

Carthage where I live I live Southeast

300

00:10:55,130 --> 00:10:52,620

out in the country and it came to it

301
00:10:57,650 --> 00:10:55,140
then I'd say about a mile maybe maybe

302
00:10:59,810 --> 00:10:57,660
we're approximately that and it came and

303
00:11:02,030 --> 00:10:59,820
it got slower and slower and it stopped

304
00:11:04,430 --> 00:11:02,040
and through through the binoculars what

305
00:11:07,670 --> 00:11:04,440
I saw was literally what you're going to

306
00:11:10,250 --> 00:11:07,680
describe as a disc shaped object with a

307
00:11:12,829 --> 00:11:10,260
very faint blue glow

308
00:11:15,050 --> 00:11:12,839
and I thought what is this

309
00:11:16,490 --> 00:11:15,060
I was thinking military I was thinking

310
00:11:20,090 --> 00:11:16,500
what's going on

311
00:11:21,590 --> 00:11:20,100
I watched it probably three minutes four

312
00:11:23,389 --> 00:11:21,600
minutes five minutes somewhere in that

313
00:11:24,949 --> 00:11:23,399

kept watching it looked through the

314

00:11:26,569 --> 00:11:24,959

binoculars didn't do anything it just

315

00:11:28,550 --> 00:11:26,579

came to a stop it was just sitting there

316

00:11:30,170 --> 00:11:28,560

and I thought what was going on and then

317

00:11:32,690 --> 00:11:30,180

this white light came out the center

318

00:11:34,850 --> 00:11:32,700

right in the center it just come out

319

00:11:38,449 --> 00:11:34,860

dropped down I don't know I'm guessing

320

00:11:40,970 --> 00:11:38,459

maybe 50 100 feet stopped

321

00:11:42,889 --> 00:11:40,980

all right that's one of my my obviously

322

00:11:44,509 --> 00:11:42,899

Goosebumps and I just remember just

323

00:11:46,490 --> 00:11:44,519

thinking okay now this is not this is

324

00:11:48,650 --> 00:11:46,500

something weird and then it started

325

00:11:50,630 --> 00:11:48,660

moving away to the South and the object

326

00:11:51,949 --> 00:11:50,640

still stayed still it went South

327

00:11:54,350 --> 00:11:51,959

probably

328

00:11:57,670 --> 00:11:54,360

maybe a couple miles come to a stop

329

00:12:02,269 --> 00:11:57,680

that's when the the object of the disc

330

00:12:04,610 --> 00:12:02,279

started moving North Northeast real slow

331

00:12:07,670 --> 00:12:04,620

the white light sped back up

332

00:12:09,769 --> 00:12:07,680

come up to the craft three barrel barrel

333

00:12:11,329 --> 00:12:09,779

rolls around it and we'll go all the way

334

00:12:13,310 --> 00:12:11,339

over the top three times and then went

335

00:12:15,350 --> 00:12:13,320

back up inside of it and then it started

336

00:12:16,670 --> 00:12:15,360

speeding up a little bit I hopped in the

337

00:12:18,590 --> 00:12:16,680

pickup because I'm going to chase it so

338

00:12:22,310 --> 00:12:18,600

I hop in the pickup and it changed from

339

00:12:24,290 --> 00:12:22,320

my faint blue to Red bright red and then

340

00:12:25,910 --> 00:12:24,300

it just sped up probably about 100 miles

341

00:12:28,130 --> 00:12:25,920

an hour 120 miles an hour I couldn't

342

00:12:30,350 --> 00:12:28,140

keep up at 80 miles an hour and it left

343

00:12:33,050 --> 00:12:30,360

and that was my very first one that one

344

00:12:35,329 --> 00:12:33,060

was like Wow and after that I pay

345

00:12:37,730 --> 00:12:35,339

attention I look yeah I go out and I

346

00:12:40,610 --> 00:12:37,740

spent I'd say at least 100 hours maybe

347

00:12:42,230 --> 00:12:40,620

150 hours outside at night looking I'm

348

00:12:44,090 --> 00:12:42,240

familiar with the planes I'm familiar

349

00:12:45,170 --> 00:12:44,100

with the lights I'm familiar with the

350

00:12:47,810 --> 00:12:45,180

the the

351

00:12:50,329 --> 00:12:47,820

um I don't know I call them Sky highways

352

00:12:52,790 --> 00:12:50,339

where the planes go typical yeah routes

353

00:12:54,889 --> 00:12:52,800

and stuff yeah and uh so that and then

354

00:12:56,509 --> 00:12:54,899

now with the satellites you know the 30

355

00:12:58,009 --> 00:12:56,519

years ago you didn't see satellites

356

00:13:00,530 --> 00:12:58,019

hardly at all now it's just toodles of

357

00:13:02,930 --> 00:13:00,540

them so that goes got got this all

358

00:13:06,290 --> 00:13:02,940

started I've seen

359

00:13:09,230 --> 00:13:06,300

probably the next 25 years or so I've

360

00:13:12,670 --> 00:13:09,240

seen one driving truck

361

00:13:16,970 --> 00:13:12,680

down in southern Oklahoma on Highway 69

362

00:13:19,810 --> 00:13:16,980

this rectangular light

363

00:13:23,690 --> 00:13:19,820

it's it's long I'd say probably 100

364

00:13:25,310 --> 00:13:23,700

130 feet long by about probably 30 35 40

365

00:13:28,670 --> 00:13:25,320

feet tall

366

00:13:31,550 --> 00:13:28,680

it would appear by cell towers

367

00:13:32,509 --> 00:13:31,560

for 30 seconds a minute and then it

368

00:13:33,949 --> 00:13:32,519

would turn off

369

00:13:35,810 --> 00:13:33,959

and then I'm driving down the highway

370

00:13:38,329 --> 00:13:35,820

and you know you look down the distance

371

00:13:40,370 --> 00:13:38,339

and you'd see it pop back on again and

372

00:13:41,930 --> 00:13:40,380

it did this for probably about two and a

373

00:13:44,269 --> 00:13:41,940

half hours and it would just kind of pop

374

00:13:46,430 --> 00:13:44,279

up at a cell tower and then go off and I

375

00:13:48,350 --> 00:13:46,440

thought my mind always goes back to that

376

00:13:50,509 --> 00:13:48,360

what is the military doing

377

00:13:52,910 --> 00:13:50,519

this is this is a weird thing is this a

378

00:13:54,889 --> 00:13:52,920

blimp is this water they they studying

379

00:13:56,629 --> 00:13:54,899

how to manipulate things listen to

380

00:13:58,730 --> 00:13:56,639

things and stuff like that but it just

381

00:14:00,650 --> 00:13:58,740

did that over maybe five or six powers

382

00:14:02,030 --> 00:14:00,660

and that was it and then just left and

383

00:14:05,509 --> 00:14:02,040

then turned off and that was it that's

384

00:14:07,790 --> 00:14:05,519

all I saw so that's the odd one I saw

385

00:14:09,110 --> 00:14:07,800

um I've seen what I think or orbs that's

386

00:14:10,430 --> 00:14:09,120

what I think is going on around here

387

00:14:12,650 --> 00:14:10,440

right now because when I look through

388

00:14:15,889 --> 00:14:12,660

the binoculars at the stuff at the Big

389

00:14:18,110 --> 00:14:15,899

Dipper that was spherical

390

00:14:20,389 --> 00:14:18,120

they were a spherical object and then

391

00:14:22,129 --> 00:14:20,399

like a ball and then that was it and

392

00:14:24,650 --> 00:14:22,139

they were just there was nothing else to

393

00:14:26,269 --> 00:14:24,660

it it just these objects like moving

394

00:14:28,069 --> 00:14:26,279

along in a train

395

00:14:29,269 --> 00:14:28,079

here in the last

396

00:14:30,710 --> 00:14:29,279

month

397

00:14:34,190 --> 00:14:30,720

has been

398

00:14:35,389 --> 00:14:34,200

very interesting I was driving from

399

00:14:37,610 --> 00:14:35,399

uh

400

00:14:39,970 --> 00:14:37,620

I think it was Amarillo Texas back here

401
00:14:43,250 --> 00:14:39,980
to Joplin I got to Tulsa Oklahoma

402
00:14:45,170 --> 00:14:43,260
outside of Tulsa Tulsa this was a month

403
00:14:47,810 --> 00:14:45,180
five weeks ago something like that

404
00:14:49,490 --> 00:14:47,820
I'd have to look and anyway I looked and

405
00:14:50,750 --> 00:14:49,500
you got the light of the city and when

406
00:14:52,250 --> 00:14:50,760
you're coming into Tulsa you have Hills

407
00:14:55,870 --> 00:14:52,260
so you don't see the city you just see

408
00:14:58,970 --> 00:14:55,880
the light and there was a bright large

409
00:15:00,829 --> 00:14:58,980
you know real faint blue light

410
00:15:02,689 --> 00:15:00,839
just sitting there

411
00:15:04,069 --> 00:15:02,699
and I thought okay it's a star and I

412
00:15:05,269 --> 00:15:04,079
thought no it's not a star and then it

413
00:15:07,009 --> 00:15:05,279

starts moving a little bit I thought

414

00:15:09,350 --> 00:15:07,019

okay it's a plane I probably took off it

415

00:15:12,230 --> 00:15:09,360

was heading toward me it has its takeoff

416

00:15:14,569 --> 00:15:12,240

lights on looks bright anyway

417

00:15:16,310 --> 00:15:14,579

I watch it I'm having to drive trucks so

418

00:15:18,470 --> 00:15:16,320

I'm driving a truck that weighs you know

419

00:15:19,910 --> 00:15:18,480

nearly 80 000 pounds so I got a lot of

420

00:15:21,769 --> 00:15:19,920

responsibility on that so I keep

421

00:15:24,110 --> 00:15:21,779

watching it watching it it moves around

422

00:15:26,269 --> 00:15:24,120

a little bit another jet comes into the

423

00:15:27,829 --> 00:15:26,279

picture it was red light and then I

424

00:15:29,750 --> 00:15:27,839

looked it back and the blue light was

425

00:15:32,090 --> 00:15:29,760

gone just the jet there so you kind of

426

00:15:34,250 --> 00:15:32,100

had a comparison it was a big as it had

427

00:15:35,990 --> 00:15:34,260

to be as big as a jet it thought okay

428

00:15:38,689 --> 00:15:36,000

wow that was weird

429

00:15:40,310 --> 00:15:38,699

um drove about another 30 40 minutes got

430

00:15:43,430 --> 00:15:40,320

into what's called Claremore Oklahoma

431

00:15:44,689 --> 00:15:43,440

just to the south of Interstate 44. bam

432

00:15:46,250 --> 00:15:44,699

there's that light again

433

00:15:48,110 --> 00:15:46,260

this time it's about two three hundred

434

00:15:50,569 --> 00:15:48,120

feet above the trees and it's probably

435

00:15:52,129 --> 00:15:50,579

maybe three four or five mile like it's

436

00:15:53,870 --> 00:15:52,139

hard to tell at night

437

00:15:55,730 --> 00:15:53,880

to the South

438

00:15:57,110 --> 00:15:55,740

sit there the whole time I watched it

439

00:15:59,870 --> 00:15:57,120

and I looked over it was gone again I

440

00:16:02,210 --> 00:15:59,880

thought okay two times

441

00:16:04,310 --> 00:16:02,220

that's gets you curiosity going I can't

442

00:16:05,990 --> 00:16:04,320

just write that off

443

00:16:08,870 --> 00:16:06,000

good going down the road probably

444

00:16:11,389 --> 00:16:08,880

another 30 miles and there's a meteor

445

00:16:13,189 --> 00:16:11,399

come in beautiful blue well not my blue

446

00:16:14,509 --> 00:16:13,199

excuse me green and white and you can

447

00:16:17,150 --> 00:16:14,519

see the pieces coming off of it so I

448

00:16:19,370 --> 00:16:17,160

thought okay meteor trash whatever

449

00:16:21,350 --> 00:16:19,380

and I turned look back down the road

450

00:16:24,410 --> 00:16:21,360

about 15 seconds later right straight

451
00:16:26,150 --> 00:16:24,420
down the road probably I don't know not

452
00:16:26,930 --> 00:16:26,160
very high above the road boom big white

453
00:16:29,509 --> 00:16:26,940
light

454
00:16:31,850 --> 00:16:29,519
I thought okay now third time

455
00:16:35,150 --> 00:16:31,860
something's up I'm watching it it's

456
00:16:37,610 --> 00:16:35,160
hardly moving it's just drifting kinda

457
00:16:40,189 --> 00:16:37,620
to the north but also kind of toward me

458
00:16:42,110 --> 00:16:40,199
so kind of you'll be going Northwest

459
00:16:44,329 --> 00:16:42,120
and I watched it I was thinking somebody

460
00:16:45,590 --> 00:16:44,339
had their little Piper plane or

461
00:16:47,870 --> 00:16:45,600
something like that and they flipped the

462
00:16:49,850 --> 00:16:47,880
The Landing Lights On by accident and

463
00:16:51,290 --> 00:16:49,860

it's coming at me yeah so it doesn't

464

00:16:52,610 --> 00:16:51,300

seem to be moving so I'm just sitting

465

00:16:54,710 --> 00:16:52,620

here thinking okay somebody's out there

466

00:16:56,689 --> 00:16:54,720

and they hit the wrong switch

467

00:16:57,769 --> 00:16:56,699

and then when I got closer and closer it

468

00:16:59,210 --> 00:16:57,779

was getting closer and closer that's

469

00:17:00,710 --> 00:16:59,220

when I realized that this thing is

470

00:17:04,010 --> 00:17:00,720

hardly moving

471

00:17:06,350 --> 00:17:04,020

there's one large white light one

472

00:17:07,730 --> 00:17:06,360

medium-sized half the size white light

473

00:17:10,490 --> 00:17:07,740

pulsating

474

00:17:12,890 --> 00:17:10,500

and then kind of back to the back top of

475

00:17:14,809 --> 00:17:12,900

the object a small red light

476

00:17:16,909 --> 00:17:14,819

and as I got closer that's when I

477

00:17:18,770 --> 00:17:16,919

realized okay I don't see I see a

478

00:17:20,390 --> 00:17:18,780

structure but I don't see wings I don't

479

00:17:22,189 --> 00:17:20,400

it's not moving it's just sitting right

480

00:17:25,130 --> 00:17:22,199

off to the side of the highway

481

00:17:26,990 --> 00:17:25,140

and I'm straining to look up at it when

482

00:17:28,549 --> 00:17:27,000

I go by when I look up at it I'm

483

00:17:30,350 --> 00:17:28,559

guessing it probably

484

00:17:33,289 --> 00:17:30,360

probably three to five hundred feet it's

485

00:17:35,390 --> 00:17:33,299

hard to tell but I had a hill probably

486

00:17:36,409 --> 00:17:35,400

not even half a mile I can show on the

487

00:17:38,870 --> 00:17:36,419

map

488

00:17:40,310 --> 00:17:38,880

that I use that to kind of gauge so I

489

00:17:41,390 --> 00:17:40,320

knew it was taller than that hill and I

490

00:17:44,270 --> 00:17:41,400

thought that Hill's probably 200 feet

491

00:17:45,890 --> 00:17:44,280

how tall so we're in that vicinity but

492

00:17:48,529 --> 00:17:45,900

when I looked up at it

493

00:17:50,570 --> 00:17:48,539

the white lights are on the outside and

494

00:17:52,490 --> 00:17:50,580

they looked really weird they looked

495

00:17:54,610 --> 00:17:52,500

they looked I don't know I can't explain

496

00:17:57,650 --> 00:17:54,620

it it just looked

497

00:17:59,029 --> 00:17:57,660

like a ball and it was a center point of

498

00:18:00,650 --> 00:17:59,039

light coming out and it was radiating

499

00:18:02,210 --> 00:18:00,660

out from it and then you had the

500

00:18:03,710 --> 00:18:02,220

pulsating one which was a real slow

501
00:18:06,470 --> 00:18:03,720
pulsating and then you had the red one

502
00:18:10,430 --> 00:18:06,480
as close as I was there was no wings you

503
00:18:11,450 --> 00:18:10,440
had a body kind of shaped kind of oval a

504
00:18:14,150 --> 00:18:11,460
little bit

505
00:18:16,549 --> 00:18:14,160
you didn't see the craft around it was

506
00:18:18,350 --> 00:18:16,559
glowing with bands of glowing light I

507
00:18:20,029 --> 00:18:18,360
don't know what that was but that's

508
00:18:22,970 --> 00:18:20,039
that's all I could see

509
00:18:24,770 --> 00:18:22,980
that's the one I saw so that night there

510
00:18:26,210 --> 00:18:24,780
was two the two of the blue lights I'm

511
00:18:28,549 --> 00:18:26,220
assuming it may have been all the one

512
00:18:31,130 --> 00:18:28,559
same thing going on

513
00:18:32,390 --> 00:18:31,140

um but then you then uh what was it two

514

00:18:34,669 --> 00:18:32,400
weeks ago

515

00:18:36,230 --> 00:18:34,679
I was in coming from Dallas Texas

516

00:18:38,990 --> 00:18:36,240
through Oklahoma

517

00:18:41,270 --> 00:18:39,000
and there's a town called Pittsburgh

518

00:18:43,490 --> 00:18:41,280
Oklahoma

519

00:18:45,890 --> 00:18:43,500
for about almost an hour I'm driving

520

00:18:47,990 --> 00:18:45,900
toward that area and Pittsburgh sits a

521

00:18:50,570 --> 00:18:48,000
few miles off the highway

522

00:18:51,890 --> 00:18:50,580
and there is a it's clouded and it's

523

00:18:54,169 --> 00:18:51,900
sprinkling a little bit from time to

524

00:18:55,850 --> 00:18:54,179
time and there's no stars and there's

525

00:18:59,029 --> 00:18:55,860
this one white light at first I thought

526
00:19:00,770 --> 00:18:59,039
a Jet Plane typical you go through your

527
00:19:02,630 --> 00:19:00,780
mind you watch it you think this thing

528
00:19:05,990 --> 00:19:02,640
ain't moving I'm headed north it's north

529
00:19:08,029 --> 00:19:06,000
of me it is closer and closer and then

530
00:19:10,310 --> 00:19:08,039
all of a sudden I saw it lower about

531
00:19:12,770 --> 00:19:10,320
half the distance we're talking

532
00:19:14,450 --> 00:19:12,780
gosh maybe 2000 feet in elevation and it

533
00:19:15,650 --> 00:19:14,460
dropped to half that so probably about a

534
00:19:18,470 --> 00:19:15,660
thousand feet it changed from a white

535
00:19:19,370 --> 00:19:18,480
light to a blue light I thought wow this

536
00:19:22,430 --> 00:19:19,380
is weird

537
00:19:24,470 --> 00:19:22,440
keep driving I'm watching it I look over

538
00:19:26,330 --> 00:19:24,480

at it I'm staring at it for maybe five

539

00:19:27,409 --> 00:19:26,340

seconds ten seconds and also it blinks

540

00:19:29,270 --> 00:19:27,419

off

541

00:19:32,090 --> 00:19:29,280

blinks back on

542

00:19:33,590 --> 00:19:32,100

blinks off on three times blue then four

543

00:19:35,870 --> 00:19:33,600

times red

544

00:19:37,370 --> 00:19:35,880

and I thought wow this is weird and then

545

00:19:41,029 --> 00:19:37,380

when it blinked off on the fourth time

546

00:19:42,950 --> 00:19:41,039

on the red it was gone I don't know okay

547

00:19:44,450 --> 00:19:42,960

that was strange keep driving five

548

00:19:46,730 --> 00:19:44,460

minutes later back up at the same spot

549

00:19:48,230 --> 00:19:46,740

about two thousand feet just sitting

550

00:19:49,730 --> 00:19:48,240

there and when there's a part of the

551
00:19:50,870 --> 00:19:49,740
highway that kind of turns and faces the

552
00:19:53,390 --> 00:19:50,880
Northwest that's when you had a direct

553
00:19:55,250 --> 00:19:53,400
shot look at it and over down there by

554
00:19:57,049 --> 00:19:55,260
Pittsburgh there's a kind of like a

555
00:19:58,549 --> 00:19:57,059
little mini mountain range and there's

556
00:19:59,690 --> 00:19:58,559
towns little towns and stuff around

557
00:20:00,830 --> 00:19:59,700
there so it kind of lights up the

558
00:20:02,990 --> 00:20:00,840
mountain so you could tell it was

559
00:20:05,810 --> 00:20:03,000
considerably taller than them Mountain

560
00:20:08,930 --> 00:20:05,820
that was that's what I saw there don't

561
00:20:10,850 --> 00:20:08,940
know what that was and then this is the

562
00:20:12,770 --> 00:20:10,860
only time in my life I've had people

563
00:20:14,990 --> 00:20:12,780

with me to see this

564

00:20:17,029 --> 00:20:15,000

I was getting dropped off by my mom and

565

00:20:18,590 --> 00:20:17,039

her boyfriend over at the terminal in

566

00:20:21,710 --> 00:20:18,600

Joplin I live in Carthage and the truck

567

00:20:24,169 --> 00:20:21,720

was getting worked on in Joplin we're

568

00:20:25,909 --> 00:20:24,179

driving there and I can see just south

569

00:20:27,350 --> 00:20:25,919

of the highway a bright light and it's

570

00:20:28,850 --> 00:20:27,360

real low and I thought this there should

571

00:20:31,970 --> 00:20:28,860

be a star there that bright it's really

572

00:20:33,230 --> 00:20:31,980

bright really fairly decent sized and I

573

00:20:34,970 --> 00:20:33,240

pointed out and I said look at that

574

00:20:36,289 --> 00:20:34,980

light I said what are you what is that

575

00:20:38,870 --> 00:20:36,299

when we would when you're looking at it

576

00:20:41,150 --> 00:20:38,880

it's like wow that's weird

577

00:20:42,830 --> 00:20:41,160

we were going over the interstate

578

00:20:44,930 --> 00:20:42,840

highway and it's just sitting there and

579

00:20:47,510 --> 00:20:44,940

you could tell it was close probably

580

00:20:49,730 --> 00:20:47,520

half a mile

581

00:20:50,690 --> 00:20:49,740

maybe 300 feet 400 feet in the sky just

582

00:20:53,510 --> 00:20:50,700

sitting there and then all sudden it

583

00:20:57,070 --> 00:20:53,520

took off and what took off it was weird

584

00:20:59,210 --> 00:20:57,080

it didn't it didn't take off

585

00:21:00,230 --> 00:20:59,220

I don't know it's just weird it just

586

00:21:02,090 --> 00:21:00,240

like it's sitting there and then all

587

00:21:02,810 --> 00:21:02,100

sudden it's just almost like it's at

588

00:21:04,970 --> 00:21:02,820

that

589

00:21:07,070 --> 00:21:04,980

near instantaneous it's just at the

590

00:21:07,850 --> 00:21:07,080

speed it's not super fast but I would

591

00:21:10,250 --> 00:21:07,860

say

592

00:21:11,750 --> 00:21:10,260

if you're a hauling butt on in a car on

593

00:21:13,730 --> 00:21:11,760

the highway that's about how fast it was

594

00:21:16,549 --> 00:21:13,740

going went to the southeast

595

00:21:18,950 --> 00:21:16,559

and it linked the light off to just dim

596

00:21:21,049 --> 00:21:18,960

the light off from very bright to that

597

00:21:22,850 --> 00:21:21,059

really faint where you can see it went

598

00:21:24,529 --> 00:21:22,860

on a little bit more for maybe a couple

599

00:21:26,510 --> 00:21:24,539

more seconds and then that turned off I

600

00:21:28,490 --> 00:21:26,520

mean just like someone flicked a switch

601
00:21:29,870 --> 00:21:28,500
and I was like good you guys saw it

602
00:21:32,330 --> 00:21:29,880
great awesome

603
00:21:34,370 --> 00:21:32,340
and so we're all like guys like well now

604
00:21:35,690 --> 00:21:34,380
you can see what I see from ever once in

605
00:21:37,970 --> 00:21:35,700
a great while

606
00:21:39,710 --> 00:21:37,980
then they dropped me off they left and

607
00:21:41,330 --> 00:21:39,720
I'm looking at the sky then and then

608
00:21:43,909 --> 00:21:41,340
here comes another bright light moving

609
00:21:46,909 --> 00:21:43,919
towards Springfield Missouri slow

610
00:21:47,930 --> 00:21:46,919
probably 500 800 000 feet it's kind of

611
00:21:49,430 --> 00:21:47,940
hard to tell

612
00:21:51,409 --> 00:21:49,440
and it looked just like that other light

613
00:21:53,029 --> 00:21:51,419

and it's going along I'm on the phone

614

00:21:55,250 --> 00:21:53,039

with my mother saying do you see that

615

00:21:56,450 --> 00:21:55,260

and she goes yeah I see it and then all

616

00:21:57,950 --> 00:21:56,460

of a sudden it went off she goes hey it

617

00:21:59,990 --> 00:21:57,960

went off and I was like yeah but I said

618

00:22:02,090 --> 00:22:00,000

I can still see that faint glow it has

619

00:22:03,950 --> 00:22:02,100

and it went probably another 10 seconds

620

00:22:06,350 --> 00:22:03,960

eight seconds and then shut off

621

00:22:08,990 --> 00:22:06,360

so that's what I'm seeing here I don't

622

00:22:10,730 --> 00:22:09,000

know what it is it's not big maybe the

623

00:22:12,289 --> 00:22:10,740

size of a car

624

00:22:14,750 --> 00:22:12,299

so

625

00:22:16,310 --> 00:22:14,760

I love that and especially the the first

626

00:22:17,690 --> 00:22:16,320

time you see something I love hearing

627

00:22:19,730 --> 00:22:17,700

the first time people see something and

628

00:22:21,350 --> 00:22:19,740

you're sharing that describing it back

629

00:22:22,789 --> 00:22:21,360

um and I think you had the nail on the

630

00:22:24,770 --> 00:22:22,799

head a lot of people listening to this

631

00:22:27,230 --> 00:22:24,780

are obviously interested in the UFO

632

00:22:28,669 --> 00:22:27,240

subject and like you when I speak to

633

00:22:31,190 --> 00:22:28,679

people who maybe don't have as much of

634

00:22:32,810 --> 00:22:31,200

an interest and they find it incredible

635

00:22:35,750 --> 00:22:32,820

to hear someone's had more than one

636

00:22:37,850 --> 00:22:35,760

sighting because well how unlikely is it

637

00:22:40,490 --> 00:22:37,860

to have one let alone two three four and

638

00:22:41,930 --> 00:22:40,500

five but you're right that when you have

639

00:22:43,490 --> 00:22:41,940

a job like you have where you've got a

640

00:22:45,529 --> 00:22:43,500

million and a half two million miles in

641

00:22:47,330 --> 00:22:45,539

a truck you are always looking up same

642

00:22:48,529 --> 00:22:47,340

with me when I was walking my dog or if

643

00:22:50,149 --> 00:22:48,539

I'm out and about and it's night time

644

00:22:52,610 --> 00:22:50,159

but if I'm driving back and forward to

645

00:22:54,470 --> 00:22:52,620

Glasgow always looking at the sky with

646

00:22:56,090 --> 00:22:54,480

eyes on the road but you can't help but

647

00:22:58,430 --> 00:22:56,100

look up can you with an interest in the

648

00:22:59,690 --> 00:22:58,440

UFO subject so if you're looking up and

649

00:23:01,250 --> 00:22:59,700

you're not looking down at a cell phone

650

00:23:03,350 --> 00:23:01,260

and a mobile phone or you know whatever

651
00:23:05,570 --> 00:23:03,360
else is at your feet you're more likely

652
00:23:07,370 --> 00:23:05,580
to see something literally a huge Flying

653
00:23:08,630 --> 00:23:07,380
Saucer could come over your head and if

654
00:23:09,770 --> 00:23:08,640
you're standing looking at a phone on

655
00:23:11,870 --> 00:23:09,780
your Facebook you're never going to see

656
00:23:13,549 --> 00:23:11,880
it are you so no you're always more

657
00:23:15,529 --> 00:23:13,559
likely to see stuff looking up but

658
00:23:17,090 --> 00:23:15,539
listen Chad awesome speaking to you and

659
00:23:18,830 --> 00:23:17,100
I do hope to speak again on the calling

660
00:23:20,029 --> 00:23:18,840
uh thank you very much for sharing your

661
00:23:22,549 --> 00:23:20,039
stories as well

662
00:23:24,409 --> 00:23:22,559
all right I appreciate it next up on the

663
00:23:26,930 --> 00:23:24,419

call-in we're heading over to London and

664

00:23:28,970 --> 00:23:26,940

it is regular caller Tim Tim welcome to

665

00:23:30,950 --> 00:23:28,980

the podcast how we doing all right my

666

00:23:33,529 --> 00:23:30,960

friend been a while yeah more more of a

667

00:23:34,669 --> 00:23:33,539

long time listener uh infrequent caller

668

00:23:35,990 --> 00:23:34,679

I feel like it's been a little while

669

00:23:37,970 --> 00:23:36,000

yeah

670

00:23:39,710 --> 00:23:37,980

lesson even for the call-ins it's been

671

00:23:41,870 --> 00:23:39,720

it's been a little while because the

672

00:23:44,870 --> 00:23:41,880

October Calling I recorded over about

673

00:23:46,370 --> 00:23:44,880

three months starting back in June so it

674

00:23:48,049 --> 00:23:46,380

has been a while don't worry about that

675

00:23:49,310 --> 00:23:48,059

um but lesson lots lots taking a chat

676

00:23:51,830 --> 00:23:49,320

about so what's what's on your mind

677

00:23:53,930 --> 00:23:51,840

first off that's great yeah great

678

00:23:56,149 --> 00:23:53,940

question Lots on my mind

679

00:23:58,430 --> 00:23:56,159

um if you put politics aside that that's

680

00:24:01,250 --> 00:23:58,440

dominated some of it the last few days

681

00:24:02,450 --> 00:24:01,260

so I'm glad to be rid of that if I'm

682

00:24:03,169 --> 00:24:02,460

honest

683

00:24:05,870 --> 00:24:03,179

um

684

00:24:08,270 --> 00:24:05,880

yeah I've been really interested in uh

685

00:24:11,810 --> 00:24:08,280

like most people in this report coming

686

00:24:13,909 --> 00:24:11,820

out I mean I uh I I think for for a

687

00:24:17,630 --> 00:24:13,919

laugh I like to get into the speculation

688

00:24:20,149 --> 00:24:17,640

part of it more more because I think

689

00:24:22,250 --> 00:24:20,159

it's entertaining more than anything I

690

00:24:24,470 --> 00:24:22,260

don't think there's actually much Merit

691

00:24:26,149 --> 00:24:24,480

to any of it I I think it's probably

692

00:24:29,029 --> 00:24:26,159

down to

693

00:24:30,470 --> 00:24:29,039

bureaucracy and ineptitude and just red

694

00:24:33,230 --> 00:24:30,480

tape getting the thing out the door

695

00:24:35,270 --> 00:24:33,240

that's probably what it is

696

00:24:37,250 --> 00:24:35,280

um but it is kind of fun to think oh

697

00:24:39,350 --> 00:24:37,260

well you know maybe it's got some

698

00:24:41,990 --> 00:24:39,360

explosive content it needed to rewrite

699

00:24:44,570 --> 00:24:42,000

and you know we couldn't bear we you

700

00:24:46,130 --> 00:24:44,580

know being whoever that might be we

701
00:24:48,770 --> 00:24:46,140
couldn't bear releasing this during the

702
00:24:51,409 --> 00:24:48,780
midterms uh we wouldn't want to sway

703
00:24:53,810 --> 00:24:51,419
you know or put an unqualified

704
00:24:56,510 --> 00:24:53,820
distraction in front of the electorate

705
00:24:58,310 --> 00:24:56,520
so it's interesting to watch this from a

706
00:25:00,169 --> 00:24:58,320
distance and I also

707
00:25:02,630 --> 00:25:00,179
as an American who's lived abroad a long

708
00:25:07,250 --> 00:25:02,640
time I it's interesting to watch how

709
00:25:10,610 --> 00:25:07,260
this all unfolds with with the topic

710
00:25:13,130 --> 00:25:10,620
as like like a center stage piece in

711
00:25:15,710 --> 00:25:13,140
America I mean for for our let's say

712
00:25:17,330 --> 00:25:15,720
small community I've probably even

713
00:25:19,430 --> 00:25:17,340

talked to you about this before but I

714

00:25:22,130 --> 00:25:19,440

just find it really

715

00:25:24,169 --> 00:25:22,140

more and more compelling I guess not

716

00:25:26,090 --> 00:25:24,179

interesting but compelling that the US

717

00:25:28,850 --> 00:25:26,100

has such a strong

718

00:25:31,190 --> 00:25:28,860

foothold in this topic because clearly

719

00:25:33,049 --> 00:25:31,200

it's happening in many other places in

720

00:25:35,450 --> 00:25:33,059

the planet it's well documented it's

721

00:25:37,130 --> 00:25:35,460

well researched I mean I've this I was

722

00:25:39,890 --> 00:25:37,140

pick I picked this up the other day for

723

00:25:44,090 --> 00:25:39,900

for almost 10 quid or less delivered it

724

00:25:45,529 --> 00:25:44,100

was the it's the book by um Dr Lear uh

725

00:25:47,570 --> 00:25:45,539

who went down and talked to the people

726

00:25:51,190 --> 00:25:47,580

in Virginia

727

00:25:54,110 --> 00:25:51,200

um and having watched uh James Fox's

728

00:25:56,149 --> 00:25:54,120

really well done documentary that he did

729

00:25:58,310 --> 00:25:56,159

on that I wanted some more information

730

00:26:00,710 --> 00:25:58,320

on that region what's happened down

731

00:26:02,930 --> 00:26:00,720

there and it just goes on and on in this

732

00:26:04,870 --> 00:26:02,940

in this book there's so many other

733

00:26:07,250 --> 00:26:04,880

kind of documented

734

00:26:08,630 --> 00:26:07,260

well-researched cases in that area it's

735

00:26:11,169 --> 00:26:08,640

such a hot spot

736

00:26:14,029 --> 00:26:11,179

but a Common Thread with a lot of it is

737

00:26:16,430 --> 00:26:14,039

the Americans show up and take it the

738

00:26:18,409 --> 00:26:16,440

stuff gets sent to the U.S they've

739

00:26:20,450 --> 00:26:18,419

they've clearly got some kind of

740

00:26:22,549 --> 00:26:20,460

dominance in this position and it

741

00:26:24,470 --> 00:26:22,559

doesn't surprise me they've been you

742

00:26:26,750 --> 00:26:24,480

know since the end of the second world

743

00:26:30,590 --> 00:26:26,760

war they've become a very you know

744

00:26:32,330 --> 00:26:30,600

powerful force so yeah I I keep a I keep

745

00:26:34,549 --> 00:26:32,340

a watchful eye on it I sort of used to

746

00:26:36,529 --> 00:26:34,559

complain about it I mean like why you

747

00:26:38,570 --> 00:26:36,539

know why does America dominate the the

748

00:26:40,730 --> 00:26:38,580

conversation here you know clearly these

749

00:26:43,909 --> 00:26:40,740

things don't just happen there

750

00:26:46,250 --> 00:26:43,919

um but for for some some reason they are

751

00:26:48,529 --> 00:26:46,260

they are the seemingly the top of the

752

00:26:50,630 --> 00:26:48,539

food chain in this in this topic and

753

00:26:51,950 --> 00:26:50,640

maybe that reason will be revealed in

754

00:26:54,110 --> 00:26:51,960

the near future

755

00:26:55,370 --> 00:26:54,120

yeah the first one first one we'll go

756

00:26:58,250 --> 00:26:55,380

with the second point with the U.S

757

00:27:00,409 --> 00:26:58,260

stronghold on this and

758

00:27:02,930 --> 00:27:00,419

I can kind of see why to be honest

759

00:27:05,029 --> 00:27:02,940

someone had to suppose be the one to

760

00:27:06,830 --> 00:27:05,039

take the lead in something that if we're

761

00:27:09,169 --> 00:27:06,840

going to say it really kicked off in the

762

00:27:11,149 --> 00:27:09,179

40s not that they didn't have some kind

763

00:27:14,090 --> 00:27:11,159

of knowledge or maybe an incline before

764

00:27:15,890 --> 00:27:14,100

that but someone had to take the lead

765

00:27:18,710 --> 00:27:15,900

and be like you know what is this and

766

00:27:20,450 --> 00:27:18,720

classify it to have a military approach

767

00:27:23,029 --> 00:27:20,460

have a governmental approach have

768

00:27:24,950 --> 00:27:23,039

classified programs and at that point

769

00:27:26,870 --> 00:27:24,960

I'm probably right and say in the US and

770

00:27:28,669 --> 00:27:26,880

in terms of the powerful Nations was was

771

00:27:31,190 --> 00:27:28,679

the superpower

772

00:27:34,490 --> 00:27:31,200

um you know it was World War II was just

773

00:27:36,409 --> 00:27:34,500

finishing mid mid late 40s

774

00:27:37,970 --> 00:27:36,419

um Russia was pretty strong but

775

00:27:40,310 --> 00:27:37,980

technologically not as advanced as the

776

00:27:42,470 --> 00:27:40,320

US I'm probably right insane

777

00:27:43,909 --> 00:27:42,480

um China again I'm not too sure where

778

00:27:46,669 --> 00:27:43,919

they were at again I don't think would

779

00:27:48,470 --> 00:27:46,679

have been where the US was so so yeah I

780

00:27:50,930 --> 00:27:48,480

get why the us would have been and I

781

00:27:52,730 --> 00:27:50,940

think even speaking to some guests it

782

00:27:56,330 --> 00:27:52,740

sounds to me like especially places like

783

00:27:58,610 --> 00:27:56,340

Brazil are quite happy to hand over you

784

00:28:00,230 --> 00:27:58,620

know to to the US and sort of say yep

785

00:28:01,970 --> 00:28:00,240

yeah it's fine you take you take hold of

786

00:28:04,310 --> 00:28:01,980

it maybe in the background those

787

00:28:05,870 --> 00:28:04,320

conversations are had at high levels to

788

00:28:08,990 --> 00:28:05,880

say if anything happens in terms of

789

00:28:10,549 --> 00:28:09,000

crashes of anomalous stuff you know

790

00:28:12,230 --> 00:28:10,559

maybe in your best interest to hand it

791

00:28:14,630 --> 00:28:12,240

over to us no doubt some kind of

792

00:28:16,430 --> 00:28:14,640

monetary exchange technology Aid

793

00:28:18,169 --> 00:28:16,440

whatever it might be with various

794

00:28:20,029 --> 00:28:18,179

countries and I can see that and I

795

00:28:22,010 --> 00:28:20,039

suppose that's why maybe from a UK point

796

00:28:26,029 --> 00:28:22,020

of view as well we'll have an interest

797

00:28:27,830 --> 00:28:26,039

but again be happy to defer to the US to

798

00:28:29,450 --> 00:28:27,840

be like yeah something happened you want

799

00:28:31,850 --> 00:28:29,460

to come and deal with us

800

00:28:34,010 --> 00:28:31,860

because for whatever reason

801

00:28:35,450 --> 00:28:34,020

they they want to be well for for very

802

00:28:37,370 --> 00:28:35,460

well known reasons and others I'm sure

803

00:28:39,890 --> 00:28:37,380

but they want to be the ones in charge

804

00:28:41,570 --> 00:28:39,900

and do the the crash retrievals they've

805

00:28:43,370 --> 00:28:41,580

maybe got the kind of best heads up on

806

00:28:46,010 --> 00:28:43,380

it and maybe some countries again just

807

00:28:48,710 --> 00:28:46,020

using the UK don't want that high level

808

00:28:50,149 --> 00:28:48,720

involvement in whatever this might be

809

00:28:52,250 --> 00:28:50,159

that's a really good point I've not

810

00:28:54,409 --> 00:28:52,260

thought of it that way and it's you know

811

00:28:57,110 --> 00:28:54,419

I've not in the 10 years I've lived here

812

00:29:00,470 --> 00:28:57,120

I've not heavily scrutinized or our

813

00:29:03,409 --> 00:29:00,480

involvement here with the topic but we

814

00:29:06,529 --> 00:29:03,419

tend to since that conflict since that

815

00:29:09,830 --> 00:29:06,539

war differ to the Americans on a lot of

816

00:29:12,649 --> 00:29:09,840

things I mean to our East in Europe as

817

00:29:15,470 --> 00:29:12,659

well always a well-balanced uh kind of

818

00:29:16,970 --> 00:29:15,480

country in that respect but I mean from

819

00:29:20,510 --> 00:29:16,980

a military perspective and defense

820

00:29:22,669 --> 00:29:20,520

perspective it's it's all it's all USA

821

00:29:24,230 --> 00:29:22,679

it seems like in

822

00:29:27,649 --> 00:29:24,240

yeah I

823

00:29:30,169 --> 00:29:27,659

I wish sometimes our

824

00:29:32,210 --> 00:29:30,179

security apparatus and defense apparatus

825

00:29:34,430 --> 00:29:32,220

here in the UK we're more

826

00:29:35,930 --> 00:29:34,440

involved in this uh and and maybe they

827

00:29:37,789 --> 00:29:35,940

are they're just tight-lipped about it

828

00:29:39,710 --> 00:29:37,799

and that's maybe that's some some

829

00:29:42,409 --> 00:29:39,720

directive from our friends in America

830

00:29:44,810 --> 00:29:42,419

but just across the channel on a clear

831

00:29:47,029 --> 00:29:44,820

enough day you can see France and

832

00:29:50,090 --> 00:29:47,039

they're far more open about it

833

00:29:51,830 --> 00:29:50,100

very culturally different uh doesn't

834

00:29:53,750 --> 00:29:51,840

mean people don't Snicker and sneer my

835

00:29:55,190 --> 00:29:53,760

wife's French and you know she rolls her

836

00:29:57,850 --> 00:29:55,200

eyes about all this stuff and I'm like

837

00:29:59,930 --> 00:29:57,860

your government has done a fantastic job

838

00:30:02,810 --> 00:29:59,940

documenting this and being very open

839

00:30:05,870 --> 00:30:02,820

about it uh you you of all people should

840

00:30:07,610 --> 00:30:05,880

should uh take that seriously but but

841

00:30:10,669 --> 00:30:07,620

any event it's um

842

00:30:13,130 --> 00:30:10,679

it's a dynamic I think is going to start

843

00:30:15,409 --> 00:30:13,140

breaking down just you know there's a

844

00:30:18,470 --> 00:30:15,419

whole lot of

845

00:30:20,269 --> 00:30:18,480

citizen Witnesses coming out that like

846

00:30:22,490 --> 00:30:20,279

just just a heart back on the the James

847

00:30:24,529 --> 00:30:22,500

Fox stuff just because it's so recent in

848

00:30:26,630 --> 00:30:24,539

my mind from the other day having

849

00:30:29,990 --> 00:30:26,640

watched that documentary and seen his

850

00:30:33,470 --> 00:30:30,000

other bits as well from from years ago

851
00:30:35,630 --> 00:30:33,480
sometimes it's you know the the weight

852
00:30:38,930 --> 00:30:35,640
of the evidence of some of this stuff is

853
00:30:40,909 --> 00:30:38,940
just gonna be enough I think to push

854
00:30:43,970 --> 00:30:40,919
Society into thinking about this stuff

855
00:30:46,850 --> 00:30:43,980
differently it's not going to be some 5K

856
00:30:49,549 --> 00:30:46,860
you know eight gigabyte 30 second video

857
00:30:50,750 --> 00:30:49,559
that's going to tell all and even then

858
00:30:53,990 --> 00:30:50,760
people are just going to be like oh

859
00:30:56,990 --> 00:30:54,000
that's a deep fake or you know that's BS

860
00:30:58,850 --> 00:30:57,000
um so I I think it's I think it's this

861
00:31:02,330 --> 00:30:58,860
there's many legs to the stool here

862
00:31:05,570 --> 00:31:02,340
proverbially and I think you know the

863
00:31:08,169 --> 00:31:05,580

US's involvement the Congressional sort

864

00:31:11,210 --> 00:31:08,179

of report is one of them the cooperation

865

00:31:14,090 --> 00:31:11,220

uh from the defense and security

866

00:31:16,010 --> 00:31:14,100

uh agencies Air Force seemingly

867

00:31:18,230 --> 00:31:16,020

notwithstanding they're they're fairly

868

00:31:20,090 --> 00:31:18,240

muted in a lot of this I always find

869

00:31:22,789 --> 00:31:20,100

that a bit interesting the U.S Air Force

870

00:31:25,070 --> 00:31:22,799

are sort of toxically

871

00:31:27,230 --> 00:31:25,080

tight-lipped and quiet about this stuff

872

00:31:29,269 --> 00:31:27,240

I mean what do you think about that I

873

00:31:31,010 --> 00:31:29,279

mean that's that's interesting right I

874

00:31:33,769 --> 00:31:31,020

mean that there's nothing novel in that

875

00:31:35,690 --> 00:31:33,779

that uh that concept but it's very

876

00:31:37,669 --> 00:31:35,700

interesting the Air Force

877

00:31:39,649 --> 00:31:37,679

and all of this they're very quiet

878

00:31:42,649 --> 00:31:39,659

do you know what I'll put my

879

00:31:44,930 --> 00:31:42,659

I'll put my Air Force sympathizer hat on

880

00:31:45,769 --> 00:31:44,940

just for a second then okay because I

881

00:31:47,450 --> 00:31:45,779

think

882

00:31:50,630 --> 00:31:47,460

um just to play Devil's Advocate which I

883

00:31:52,909 --> 00:31:50,640

like to do I reckon that various parts

884

00:31:55,850 --> 00:31:52,919

of the US government and other other

885

00:31:58,370 --> 00:31:55,860

areas like the Navy and such come across

886

00:32:00,830 --> 00:31:58,380

accidentally U.S Air Force secret Tech

887

00:32:02,990 --> 00:32:00,840

now and again when they're not meant to

888

00:32:04,549 --> 00:32:03,000

or maybe there is some testing goes on

889

00:32:06,230 --> 00:32:04,559

and it's on on people which I don't

890

00:32:07,610 --> 00:32:06,240

doubt most governments do that that

891

00:32:10,250 --> 00:32:07,620

happens

892

00:32:13,310 --> 00:32:10,260

um and there's historical evidence for

893

00:32:16,070 --> 00:32:13,320

that uh but I would also

894

00:32:18,889 --> 00:32:16,080

understand why not agreeing with it but

895

00:32:20,450 --> 00:32:18,899

understand why they have had a long held

896

00:32:22,909 --> 00:32:20,460

silence on the topic because again

897

00:32:24,769 --> 00:32:22,919

they've held a lot of the cards for this

898

00:32:27,169 --> 00:32:24,779

for a long long time and maybe they're

899

00:32:29,210 --> 00:32:27,179

now losing some of that Monopoly on the

900

00:32:31,310 --> 00:32:29,220

conversation the technology the progress

901
00:32:33,789 --> 00:32:31,320
and the future of it and they don't want

902
00:32:37,070 --> 00:32:33,799
to lose that and why would you you know

903
00:32:39,830 --> 00:32:37,080
if you are if you were like Rich Telecom

904
00:32:41,990 --> 00:32:39,840
in the UK who at one point ran the UK's

905
00:32:43,490 --> 00:32:42,000
phone line system and then you had

906
00:32:45,169 --> 00:32:43,500
Monopoly over this new thing called the

907
00:32:47,090 --> 00:32:45,179
internet and you could charge everyone

908
00:32:48,769 --> 00:32:47,100
whatever you wanted and you had to say

909
00:32:51,230 --> 00:32:48,779
someone how it was run and then Virgin

910
00:32:53,930 --> 00:32:51,240
Media come along and ntl televest as it

911
00:32:55,610 --> 00:32:53,940
was at the time and Skye and talk talk

912
00:32:57,830 --> 00:32:55,620
and all of a sudden all these other

913
00:32:59,630 --> 00:32:57,840

companies want a piece of that pie now

914

00:33:01,430 --> 00:32:59,640

that's a commercial thing but you then

915

00:33:03,169 --> 00:33:01,440

take it to military level and you know

916

00:33:06,110 --> 00:33:03,179

private contractors being involved in

917

00:33:08,090 --> 00:33:06,120

the trillions of dollars at stake with

918

00:33:09,529 --> 00:33:08,100

that and then all of a sudden you have

919

00:33:11,210 --> 00:33:09,539

people poking their nose in your

920

00:33:13,250 --> 00:33:11,220

business your money your Affairs the

921

00:33:14,870 --> 00:33:13,260

power that must go on at that level and

922

00:33:18,710 --> 00:33:14,880

the conversations I just don't want to

923

00:33:20,450 --> 00:33:18,720

be had so I can see why the US Air Force

924

00:33:22,190 --> 00:33:20,460

are staying as tight-lipped as long as

925

00:33:24,169 --> 00:33:22,200

possible they're very powerful even

926

00:33:26,509 --> 00:33:24,179

within their own government

927

00:33:28,430 --> 00:33:26,519

um I get that and you mentioned Tim on

928

00:33:29,750 --> 00:33:28,440

on the report itself I've seen some

929

00:33:31,310 --> 00:33:29,760

people earlier and I was having a bit of

930

00:33:33,950 --> 00:33:31,320

a chat on I've had a busy weekend so

931

00:33:36,230 --> 00:33:33,960

I've been not on social media as much

932

00:33:39,769 --> 00:33:36,240

um but one of the listeners or at least

933

00:33:43,730 --> 00:33:39,779

a Twitter uh follow our commenter was uh

934

00:33:45,529 --> 00:33:43,740

saying that you know Ryan UFO Jesus was

935

00:33:46,789 --> 00:33:45,539

talking about the the report and how it

936

00:33:49,070 --> 00:33:46,799

should be bigger and better than the

937

00:33:50,630 --> 00:33:49,080

first one and I just made the point that

938

00:33:52,669 --> 00:33:50,640

yeah even though it's the second it's

939

00:33:54,889 --> 00:33:52,679

not by the same people and the office

940

00:33:56,810 --> 00:33:54,899

has changed names since then and Sean

941

00:33:58,490 --> 00:33:56,820

Kirkpatrick goes in charge of it Dr Sean

942

00:34:01,730 --> 00:33:58,500

Kirkpatrick who has had what six or

943

00:34:03,769 --> 00:34:01,740

seven months as far as we know to put

944

00:34:05,810 --> 00:34:03,779

this together I just go back to the fact

945

00:34:08,030 --> 00:34:05,820

that Luella's on doing Chris melon last

946

00:34:11,089 --> 00:34:08,040

year when the first preliminary report

947

00:34:13,730 --> 00:34:11,099

was coming out kept saying on mainstream

948

00:34:14,629 --> 00:34:13,740

news that really this needs two to three

949

00:34:16,790 --> 00:34:14,639

years

950

00:34:18,589 --> 00:34:16,800

to put a full comprehensive report

951
00:34:20,869 --> 00:34:18,599
together and really get your teeth into

952
00:34:22,970 --> 00:34:20,879
this subject and pull the data that's

953
00:34:25,790 --> 00:34:22,980
required to just move forward

954
00:34:28,070 --> 00:34:25,800
so I don't see why our second follow-up

955
00:34:30,109 --> 00:34:28,080
report by a different team for a

956
00:34:31,849 --> 00:34:30,119
different office less than a year after

957
00:34:33,290 --> 00:34:31,859
the last one with only six months to put

958
00:34:35,570 --> 00:34:33,300
it together is going to be that

959
00:34:36,889 --> 00:34:35,580
groundbreaking so I agree with you in

960
00:34:38,570 --> 00:34:36,899
the first place that I don't think it's

961
00:34:40,490 --> 00:34:38,580
been held back through any conspiracy

962
00:34:43,609 --> 00:34:40,500
theory really I think it's to do with

963
00:34:45,829 --> 00:34:43,619

red tape bureaucracy probably hands been

964

00:34:48,409 --> 00:34:45,839

tied behind her back as Chris melon used

965

00:34:50,270 --> 00:34:48,419

to say about the the last report

966

00:34:52,430 --> 00:34:50,280

um and I think again it's going to be

967

00:34:55,430 --> 00:34:52,440

tentative baby steps that this is funded

968

00:34:56,930 --> 00:34:55,440

to 2026. hopefully the the reports

969

00:34:59,510 --> 00:34:56,940

continue to come and with each one we

970

00:35:01,609 --> 00:34:59,520

see progress and movement on those yeah

971

00:35:03,349 --> 00:35:01,619

and for me there'll be some interesting

972

00:35:05,329 --> 00:35:03,359

stuff in there but I don't think we're

973

00:35:08,510 --> 00:35:05,339

going to get pictures and

974

00:35:11,089 --> 00:35:08,520

testimony and Smoking Gun stuff is going

975

00:35:13,430 --> 00:35:11,099

to be someone's attempt at their first

976
00:35:16,490 --> 00:35:13,440
report on this topic as best they could

977
00:35:19,609 --> 00:35:16,500
in six months yeah it'd probably be some

978
00:35:21,950 --> 00:35:19,619
Excel spreadsheet looking pasted in

979
00:35:24,410 --> 00:35:21,960
their figures about numbers of things

980
00:35:25,310 --> 00:35:24,420
reported I mean it's not I don't think

981
00:35:27,890 --> 00:35:25,320
it's going to be particularly

982
00:35:30,290 --> 00:35:27,900
interesting I I set the bar low just

983
00:35:31,430 --> 00:35:30,300
because I've seen one already you know

984
00:35:33,950 --> 00:35:31,440
so it's

985
00:35:35,930 --> 00:35:33,960
well what we do know yeah what we're

986
00:35:37,490 --> 00:35:35,940
doing always from people online at

987
00:35:40,030 --> 00:35:37,500
Julian Barnes New York Times article

988
00:35:42,470 --> 00:35:40,040

cited that half the reports within the

989

00:35:45,050 --> 00:35:42,480

the unclassified version that should

990

00:35:47,510 --> 00:35:45,060

come out is going to say that there are

991

00:35:49,730 --> 00:35:47,520

around 366.

992

00:35:51,650 --> 00:35:49,740

reports of which half of them have been

993

00:35:54,230 --> 00:35:51,660

identified as drones Airborne clutter

994

00:35:55,609 --> 00:35:54,240

and misidentifications which is great so

995

00:35:57,829 --> 00:35:55,619

if we're still going off the basis so

996

00:35:59,990 --> 00:35:57,839

there's around 180.

997

00:36:01,910 --> 00:36:00,000

you could even then see half of those

998

00:36:03,950 --> 00:36:01,920

are just not been investigated to the to

999

00:36:06,230 --> 00:36:03,960

the level or they can't investigate them

1000

00:36:08,030 --> 00:36:06,240

to the level that need to show that it

1001
00:36:09,530 --> 00:36:08,040
was some kind of Chinese drone or U.S

1002
00:36:11,390 --> 00:36:09,540
drone or something they came across they

1003
00:36:13,010 --> 00:36:11,400
weren't quite sure but it wasn't alien

1004
00:36:14,630 --> 00:36:13,020
it only needs to have that handful

1005
00:36:16,550 --> 00:36:14,640
doesn't it have really unexplained and

1006
00:36:18,770 --> 00:36:16,560
that's even I think was the ultimate

1007
00:36:21,050 --> 00:36:18,780
frustration enjoying Barnes article that

1008
00:36:23,390 --> 00:36:21,060
it was so dismissive of well yeah half

1009
00:36:25,069 --> 00:36:23,400
of them I used the analogy that imagine

1010
00:36:27,410 --> 00:36:25,079
Tim that you went up for your company

1011
00:36:28,790 --> 00:36:27,420
for awards and you're up for 10 awards

1012
00:36:30,950 --> 00:36:28,800
for you know businessmen of the Year

1013
00:36:33,170 --> 00:36:30,960

salesman of the year and you what you

1014

00:36:34,730 --> 00:36:33,180

walk away winning five of them no one's

1015

00:36:36,890 --> 00:36:34,740

going to go into this guy's up for 10

1016

00:36:38,630 --> 00:36:36,900

Awards and only one half of them yeah

1017

00:36:40,430 --> 00:36:38,640

you're walking up with five Awards and

1018

00:36:42,470 --> 00:36:40,440

that's that's it you're just focusing on

1019

00:36:44,930 --> 00:36:42,480

the negative rather than yeah stuff

1020

00:36:47,270 --> 00:36:44,940

that's the other news followed up yeah

1021

00:36:49,310 --> 00:36:47,280

and I appreciate you uh nominating me

1022

00:36:51,349 --> 00:36:49,320

for fictitious Awards I appreciate that

1023

00:36:55,069 --> 00:36:51,359

man I yeah I like that you think I could

1024

00:36:58,569 --> 00:36:55,079

even win an award yeah yeah but I think

1025

00:37:05,990 --> 00:37:02,930

yeah yeah it's it's all yeah I think

1026

00:37:07,550 --> 00:37:06,000

that I think that uh that article

1027

00:37:09,530 --> 00:37:07,560

actually wasn't something I was going to

1028

00:37:12,790 --> 00:37:09,540

comment on but now that she mentioned it

1029

00:37:16,670 --> 00:37:12,800

I I find it very

1030

00:37:18,050 --> 00:37:16,680

confusing because the New York Times is

1031

00:37:20,270 --> 00:37:18,060

definitely

1032

00:37:21,829 --> 00:37:20,280

Peak journalism in a lot of ways it's

1033

00:37:24,650 --> 00:37:21,839

the Pinnacle of

1034

00:37:26,450 --> 00:37:24,660

uh quality journalism generally I mean

1035

00:37:28,490 --> 00:37:26,460

to this minute think it's one of the

1036

00:37:30,710 --> 00:37:28,500

best papers in the world

1037

00:37:32,569 --> 00:37:30,720

um you know behind demand and you know

1038

00:37:36,890 --> 00:37:32,579

several others the guardian I still hold

1039

00:37:38,390 --> 00:37:36,900

hold in high regard uh but they've made

1040

00:37:41,690 --> 00:37:38,400

mistakes before I mean they're not

1041

00:37:44,990 --> 00:37:41,700

infallible I mean back in the

1042

00:37:48,589 --> 00:37:45,000

Iraq war in the bush eras excuse me Iraq

1043

00:37:50,750 --> 00:37:48,599

ll uh there was a whole there was a

1044

00:37:52,609 --> 00:37:50,760

whole Miss there's a whole row they had

1045

00:37:55,550 --> 00:37:52,619

about um

1046

00:37:57,050 --> 00:37:55,560

National Security with um weapons of

1047

00:37:59,930 --> 00:37:57,060

mass destruction existing or not

1048

00:38:01,970 --> 00:37:59,940

existing uh and there's a security

1049

00:38:05,630 --> 00:38:01,980

correspondent or editor called James

1050

00:38:07,910 --> 00:38:05,640

risen I think his name was and he had a

1051
00:38:08,930 --> 00:38:07,920
piece that was ready to go about there

1052
00:38:10,849 --> 00:38:08,940
being

1053
00:38:13,310 --> 00:38:10,859
you know nothing there nothing to see

1054
00:38:14,750 --> 00:38:13,320
this is not what it is don't you know

1055
00:38:16,910 --> 00:38:14,760
don't believe this we're not we

1056
00:38:20,390 --> 00:38:16,920
shouldn't you know be proceeding on this

1057
00:38:22,130 --> 00:38:20,400
basis and the Pentagon and the editorial

1058
00:38:24,290 --> 00:38:22,140
powers of the New York Times shut it

1059
00:38:26,810 --> 00:38:24,300
down because they had a different agenda

1060
00:38:28,609 --> 00:38:26,820
uh and this is all this is all well

1061
00:38:30,470 --> 00:38:28,619
evidenced I mean I'm not suggesting you

1062
00:38:32,569 --> 00:38:30,480
put it in the links uh or anything like

1063
00:38:34,069 --> 00:38:32,579

you normally do but this is a this is

1064

00:38:36,530 --> 00:38:34,079

one of many examples for the New York

1065

00:38:38,810 --> 00:38:36,540

Times made a powerful editorial decision

1066

00:38:40,670 --> 00:38:38,820

based on a buddy buddy relationship with

1067

00:38:44,390 --> 00:38:40,680

the US defense department

1068

00:38:47,870 --> 00:38:44,400

uh yeah so it's it's but but then in

1069

00:38:50,870 --> 00:38:47,880

2017 they had that Pinnacle article we

1070

00:38:52,910 --> 00:38:50,880

all sort of Revere and talk about all

1071

00:38:55,370 --> 00:38:52,920

the time so they're they're capable of

1072

00:38:56,930 --> 00:38:55,380

doing it both ways in some respects it's

1073

00:38:58,790 --> 00:38:56,940

like here's here's this really

1074

00:39:01,370 --> 00:38:58,800

interesting you should look at and

1075

00:39:03,410 --> 00:39:01,380

then five years later it's uh well a lot

1076
00:39:05,690 --> 00:39:03,420
of it's you know Batman balloons and

1077
00:39:07,930 --> 00:39:05,700
Chinese Tech that make right angle turns

1078
00:39:10,370 --> 00:39:07,940
like this this kind of stuff it's really

1079
00:39:13,130 --> 00:39:10,380
it's really interesting to see them kind

1080
00:39:14,510 --> 00:39:13,140
of saturate The Narrative with with both

1081
00:39:15,050 --> 00:39:14,520
sides of it

1082
00:39:17,569 --> 00:39:15,060
um

1083
00:39:20,510 --> 00:39:17,579
which is you know indicative of some

1084
00:39:21,950 --> 00:39:20,520
kind of counterintelligence work I mean

1085
00:39:24,290 --> 00:39:21,960
I wouldn't be surprised if there were

1086
00:39:26,410 --> 00:39:24,300
being fed this stuff and running with

1087
00:39:28,609 --> 00:39:26,420
some of it not running with other bits

1088
00:39:30,829 --> 00:39:28,619

uh but

1089

00:39:31,970 --> 00:39:30,839

isn't it isn't it I mean I guess the

1090

00:39:34,130 --> 00:39:31,980

headline there should have been

1091

00:39:35,990 --> 00:39:34,140

different though I mean if that that

1092

00:39:39,290 --> 00:39:36,000

should have been on the front page if

1093

00:39:40,970 --> 00:39:39,300

you know airspace is restricted airspace

1094

00:39:42,650 --> 00:39:40,980

is constantly interdict you know

1095

00:39:45,109 --> 00:39:42,660

constantly filled with Chinese Tech we

1096

00:39:48,410 --> 00:39:45,119

don't understand that's not good either

1097

00:39:51,589 --> 00:39:48,420

so you know that's that's also very

1098

00:39:53,750 --> 00:39:51,599

confusing but hey

1099

00:39:55,130 --> 00:39:53,760

foreign yeah there was like there was a

1100

00:39:56,270 --> 00:39:55,140

huge bias wasn't there in the way it was

1101

00:39:58,010 --> 00:39:56,280

written and I think that was a

1102

00:40:01,310 --> 00:39:58,020

disappointing thing and yeah if you want

1103

00:40:03,710 --> 00:40:01,320

to call it the the anti anti-uf article

1104

00:40:05,510 --> 00:40:03,720

to to Leslie Kane Helene Cooper and

1105

00:40:07,550 --> 00:40:05,520

Ralph laurenthal's original work then

1106

00:40:09,050 --> 00:40:07,560

then yeah and there was a lot of fair

1107

00:40:11,089 --> 00:40:09,060

points in it it's just the way that work

1108

00:40:12,710 --> 00:40:11,099

was put across so it wasn't like he was

1109

00:40:14,510 --> 00:40:12,720

lying but like you see it does recover

1110

00:40:16,069 --> 00:40:14,520

Someone putting in a phone call to

1111

00:40:17,930 --> 00:40:16,079

someone to say here look do you want to

1112

00:40:19,550 --> 00:40:17,940

write this article and we'll give you

1113

00:40:22,430 --> 00:40:19,560

some some kind of heads up and a bit of

1114

00:40:23,390 --> 00:40:22,440

a scoop Yeah Tim lesson uh we've went on

1115

00:40:24,710 --> 00:40:23,400

a little bit but it's always good

1116

00:40:26,810 --> 00:40:24,720

hearing from you your points have been

1117

00:40:28,609 --> 00:40:26,820

uh Broad and varied as well which is

1118

00:40:30,829 --> 00:40:28,619

always good for a call in so uh do call

1119

00:40:34,250 --> 00:40:30,839

in again mate thanks mate talk to you

1120

00:40:40,910 --> 00:40:37,310

and finally on the listener Colin we

1121

00:40:43,130 --> 00:40:40,920

have Mike out in Arizona Mike how are we

1122

00:40:45,950 --> 00:40:43,140

hey it's an is an absolute pleasure to

1123

00:40:47,150 --> 00:40:45,960

be here and thanks for having me uh you

1124

00:40:49,730 --> 00:40:47,160

know just just a little bit of a

1125

00:40:53,390 --> 00:40:49,740

backstory on me I've been chasing this

1126
00:40:55,250 --> 00:40:53,400
for for over 30 years uh I remember when

1127
00:40:57,290 --> 00:40:55,260
when I was in college I I used to

1128
00:41:00,349 --> 00:40:57,300
snowboard a lot and ahead of a giant

1129
00:41:02,990 --> 00:41:00,359
gray on my snowboard and underneath it

1130
00:41:05,870 --> 00:41:03,000
said believe and and I'd strike up

1131
00:41:06,770 --> 00:41:05,880
conversations with people uh in a lift

1132
00:41:08,450 --> 00:41:06,780
line

1133
00:41:10,670 --> 00:41:08,460
um and everyone were very discreetly

1134
00:41:12,470 --> 00:41:10,680
kind of talk about it and and I'd listen

1135
00:41:15,050 --> 00:41:12,480
to the Art Bell show in the middle of

1136
00:41:18,050 --> 00:41:15,060
the night and and it was just something

1137
00:41:19,370 --> 00:41:18,060
that is entirely different the way it is

1138
00:41:23,329 --> 00:41:19,380

today

1139

00:41:24,589 --> 00:41:23,339

there's there's your podcast there's you

1140

00:41:27,290 --> 00:41:24,599

know without people looking at you're

1141

00:41:30,710 --> 00:41:27,300

like you're crazy and um

1142

00:41:33,650 --> 00:41:30,720

so uh I I have like I said never had an

1143

00:41:35,390 --> 00:41:33,660

experience uh despite so many efforts I

1144

00:41:37,490 --> 00:41:35,400

mean I was even in Phoenix during the

1145

00:41:38,930 --> 00:41:37,500

Phoenix Lights but it just so happened I

1146

00:41:40,790 --> 00:41:38,940

was in college at the time I went and

1147

00:41:43,190 --> 00:41:40,800

had a little bit too much fun that night

1148

00:41:45,349 --> 00:41:43,200

and partied passed out early everybody

1149

00:41:48,050 --> 00:41:45,359

else came back with this big story and I

1150

00:41:50,870 --> 00:41:48,060

didn't see nothing so uh I I tell you

1151

00:41:54,950 --> 00:41:50,880

your your podcast is is tremendous

1152

00:41:56,870 --> 00:41:54,960

because I feel like uh it's it's a group

1153

00:41:59,569 --> 00:41:56,880

of people that that are discussing a

1154

00:42:00,710 --> 00:41:59,579

topic that that is so important to me

1155

00:42:01,790 --> 00:42:00,720

because

1156

00:42:07,609 --> 00:42:01,800

I

1157

00:42:09,950 --> 00:42:07,619

not only to to why we're here uh you

1158

00:42:11,810 --> 00:42:09,960

know the existence of a God I mean who

1159

00:42:14,930 --> 00:42:11,820

knows you know what all this could

1160

00:42:16,970 --> 00:42:14,940

answer and it's frustrating especially

1161

00:42:19,250 --> 00:42:16,980

as somebody that was in the military I

1162

00:42:20,990 --> 00:42:19,260

was active duty military which I never

1163

00:42:22,910 --> 00:42:21,000

dared talk about this during the time

1164

00:42:25,150 --> 00:42:22,920

that was in the 90s yeah they would have

1165

00:42:27,470 --> 00:42:25,160

pulled my security clearance in a minute

1166

00:42:30,950 --> 00:42:27,480

uh and then I was in federal law

1167

00:42:33,349 --> 00:42:30,960

enforcement and uh I gotta tell you um

1168

00:42:36,770 --> 00:42:33,359

it's frustrating because this secret

1169

00:42:38,810 --> 00:42:36,780

doesn't belong to to just one country or

1170

00:42:41,569 --> 00:42:38,820

or just a group of bureaucrats or

1171

00:42:43,730 --> 00:42:41,579

generals or whatever and and the way you

1172

00:42:47,150 --> 00:42:43,740

guys get after it and and present

1173

00:42:49,910 --> 00:42:47,160

everything in in such a uh a reasonable

1174

00:42:51,109 --> 00:42:49,920

and and just informative manner I gotta

1175

00:42:53,329 --> 00:42:51,119

tell you Dan has more of an

1176

00:42:55,250 --> 00:42:53,339

understanding of U.S legislation than I

1177

00:42:57,230 --> 00:42:55,260

do and he don't even live here

1178

00:42:59,990 --> 00:42:57,240

um and I guess you guys playing all the

1179

00:43:01,190 --> 00:43:00,000

time uh my girlfriend's from Mexico she

1180

00:43:04,010 --> 00:43:01,200

could care less if there's there's

1181

00:43:06,530 --> 00:43:04,020

aliens or not uh she's never never seen

1182

00:43:08,150 --> 00:43:06,540

any ufo-wise she don't understand Andy

1183

00:43:09,349 --> 00:43:08,160

to save her life

1184

00:43:10,849 --> 00:43:09,359

um and I keep trying to have to

1185

00:43:12,470 --> 00:43:10,859

translate for you

1186

00:43:15,349 --> 00:43:12,480

um but God bless her she she don't care

1187

00:43:16,490 --> 00:43:15,359

either so it's just such a great place

1188

00:43:19,069 --> 00:43:16,500

to be

1189

00:43:21,770 --> 00:43:19,079

um to come and and talk with like-minded

1190

00:43:24,050 --> 00:43:21,780

people that that you know are are just

1191

00:43:25,970 --> 00:43:24,060

kind of level-headed and clear and and

1192

00:43:27,890 --> 00:43:25,980

so that was really the the primary

1193

00:43:31,130 --> 00:43:27,900

reason that I wanted to call was to say

1194

00:43:32,750 --> 00:43:31,140

thank you I found you guys uh well over

1195

00:43:35,690 --> 00:43:32,760

a year ago

1196

00:43:38,150 --> 00:43:35,700

um I was late to the the podcast game

1197

00:43:40,730 --> 00:43:38,160

um a little bit uh uh

1198

00:43:42,470 --> 00:43:40,740

um you know later in my years um

1199

00:43:45,050 --> 00:43:42,480

and it's just something that that I

1200

00:43:46,430 --> 00:43:45,060

never uh really pursued but

1201

00:43:49,849 --> 00:43:46,440

um you've been there through difficult

1202

00:43:51,230 --> 00:43:49,859

times for me uh and it's just uh it's

1203

00:43:53,630 --> 00:43:51,240

just wonderful to be able to call and

1204

00:43:55,370 --> 00:43:53,640

acknowledge the work that you do there

1205

00:43:58,250 --> 00:43:55,380

is one thing that I want to share on on

1206

00:44:00,770 --> 00:43:58,260

FY and and God bless John man that that

1207

00:44:02,990 --> 00:44:00,780

guy been watching him since he was 15

1208

00:44:05,930 --> 00:44:03,000

chase after this documentation in the US

1209

00:44:08,569 --> 00:44:05,940

government yeah and so as someone that

1210

00:44:11,990 --> 00:44:08,579

that had um I'll never forget when when

1211

00:44:15,530 --> 00:44:12,000

I went to to a desk job for a while

1212

00:44:17,750 --> 00:44:15,540

um they gave me an foi exempt stamp and

1213

00:44:19,550 --> 00:44:17,760

it just said foi exempt and the guy

1214

00:44:21,829 --> 00:44:19,560

literally that was training me said to

1215

00:44:24,349 --> 00:44:21,839

me if you don't want to answer this

1216

00:44:27,230 --> 00:44:24,359

excuse my French or or you know you this

1217

00:44:29,150 --> 00:44:27,240

is just just stamp it with this and and

1218

00:44:31,309 --> 00:44:29,160

we can all move on and it goes into a

1219

00:44:33,410 --> 00:44:31,319

separate section of the file and I was

1220

00:44:35,329 --> 00:44:33,420

like well you know what what exactly

1221

00:44:36,710 --> 00:44:35,339

does exempt mean well there's a whole

1222

00:44:39,349 --> 00:44:36,720

policy on it but don't worry about it

1223

00:44:41,270 --> 00:44:39,359

you're kind of the gatekeeper and I

1224

00:44:42,890 --> 00:44:41,280

thought well you know that that's just

1225

00:44:45,770 --> 00:44:42,900

that doesn't seem like appropriate in

1226

00:44:48,109 --> 00:44:45,780

any way and and I heard Lou Elizondo

1227

00:44:50,450 --> 00:44:48,119

talk about when these foi requests come

1228

00:44:52,430 --> 00:44:50,460

in and he's right

1229

00:44:54,589 --> 00:44:52,440

um you're a guy that that's doing a job

1230

00:44:57,410 --> 00:44:54,599

that that really requires you know 18

1231

00:45:01,329 --> 00:44:57,420

hours a day but you got eight and here

1232

00:45:04,069 --> 00:45:01,339

comes some foi request and and it is

1233

00:45:08,030 --> 00:45:04,079

so dependent on the person that gets it

1234

00:45:09,829 --> 00:45:08,040

what their agenda is uh and and so you

1235

00:45:12,109 --> 00:45:09,839

know when when you're chasing the foi

1236

00:45:15,109 --> 00:45:12,119

just just keep that in mind and

1237

00:45:16,790 --> 00:45:15,119

um it's uh it's fascinating to be on the

1238

00:45:18,230 --> 00:45:16,800

back end of that and and then the last

1239

00:45:19,910 --> 00:45:18,240

little little thing that I'll share with

1240

00:45:23,030 --> 00:45:19,920

you that that's relevant is I used to

1241

00:45:25,730 --> 00:45:23,040

work with an FBI agent uh on a task

1242

00:45:28,490 --> 00:45:25,740

force and he had the the agent Mulder

1243

00:45:31,370 --> 00:45:28,500

poster in his office like like prominent

1244

00:45:33,050 --> 00:45:31,380

behind his desk and and I remember I got

1245

00:45:34,490 --> 00:45:33,060

so giddy when I walked in and I was like

1246

00:45:37,490 --> 00:45:34,500

man I want to talk to this guy about it

1247

00:45:38,870 --> 00:45:37,500

and uh I said so you know hey man you

1248

00:45:41,750 --> 00:45:38,880

know I believe we're like what's up with

1249

00:45:44,089 --> 00:45:41,760

that oh no no they exist they exist and

1250

00:45:46,069 --> 00:45:44,099

I said uh we'll we'll you care to share

1251

00:45:48,829 --> 00:45:46,079

more because I can't and I go really

1252

00:45:50,690 --> 00:45:48,839

you're gonna do me like this and and uh

1253

00:45:52,730 --> 00:45:50,700

you know those are those are the only

1254

00:45:54,490 --> 00:45:52,740

experiences that I got like you know as

1255

00:45:57,290 --> 00:45:54,500

far as that are relevant in this world

1256

00:45:59,150 --> 00:45:57,300

uh other than like I said just just the

1257

00:46:01,849 --> 00:45:59,160

ability to say thank you so much Andy

1258

00:46:04,010 --> 00:46:01,859

man you got a hell of a podcast and in

1259

00:46:05,510 --> 00:46:04,020

the interviews that you do dude they're

1260

00:46:08,150 --> 00:46:05,520

so sought out and they're so

1261

00:46:09,650 --> 00:46:08,160

professional and and uh I mean you would

1262

00:46:12,130 --> 00:46:09,660

have think that you've been a host for

1263

00:46:14,750 --> 00:46:12,140

years man this is outstanding

1264

00:46:16,309 --> 00:46:14,760

thank you mate you're gonna Grant

1265

00:46:18,829 --> 00:46:16,319

Cameron a run for his money for me

1266

00:46:21,829 --> 00:46:18,839

introducing someone and then talking uh

1267

00:46:25,250 --> 00:46:23,870

it feels like it was yesterday I said uh

1268

00:46:26,930 --> 00:46:25,260

what do you want to talk about so no

1269

00:46:28,370 --> 00:46:26,940

that was really appreciated me like I've

1270

00:46:29,510 --> 00:46:28,380

made some notes as you've kind of went

1271

00:46:32,390 --> 00:46:29,520

through

1272

00:46:33,950 --> 00:46:32,400

um listen podcast twice I've always said

1273

00:46:35,990 --> 00:46:33,960

I've never had I'm a huge fan of

1274

00:46:38,030 --> 00:46:36,000

podcasting and podcasts I've been

1275

00:46:40,609 --> 00:46:38,040

listening to them for for going back

1276

00:46:42,650 --> 00:46:40,619

like 11 or 12 years the first podcast

1277

00:46:45,170 --> 00:46:42,660

for anyone who's interested

1278

00:46:48,170 --> 00:46:45,180

um it's not UFO related I used to listen

1279

00:46:51,109 --> 00:46:48,180

to a guy's show in the UK called Ian Lee

1280

00:46:53,870 --> 00:46:51,119

and um for people who don't know Ian Lee

1281

00:46:55,370 --> 00:46:53,880

he was the host of a show called the 10

1282

00:46:59,510 --> 00:46:55,380

o'clock show

1283

00:47:01,190 --> 00:46:59,520

Ricky Gervais got his Big Break um and

1284

00:47:04,250 --> 00:47:01,200

it's really funny because this guy Ian

1285

00:47:07,130 --> 00:47:04,260

Lee was the main guy on this show yet

1286

00:47:10,550 --> 00:47:07,140

the the backup characters were Ricky

1287

00:47:12,829 --> 00:47:10,560

Gervais and Sasha Baron Cohen as Ali G

1288

00:47:14,750 --> 00:47:12,839

who both went on to be major names in

1289

00:47:16,849 --> 00:47:14,760

Hollywood and this guy Ian Lee never

1290

00:47:18,470 --> 00:47:16,859

quite made it the way they did and he

1291

00:47:21,109 --> 00:47:18,480

had a podcast and I used to find it

1292

00:47:22,609 --> 00:47:21,119

hilarious so I've had many many years of

1293

00:47:25,010 --> 00:47:22,619

listening to podcast nice and different

1294

00:47:26,990 --> 00:47:25,020

genres of podcasting so I've probably

1295

00:47:28,370 --> 00:47:27,000

stolen a little bit from everyone I

1296

00:47:30,290 --> 00:47:28,380

listen to

1297

00:47:31,670 --> 00:47:30,300

um but if people like it that's amazing

1298

00:47:33,890 --> 00:47:31,680

because I think the one thing that

1299

00:47:36,050 --> 00:47:33,900

always held me back from starting a

1300

00:47:38,510 --> 00:47:36,060

podcast years ago

1301

00:47:41,329 --> 00:47:38,520

um was would anyone listen to it and it

1302

00:47:43,010 --> 00:47:41,339

genuinely is unbelievable anyone anyone

1303

00:47:45,829 --> 00:47:43,020

does let alone the people that do know

1304

00:47:47,510 --> 00:47:45,839

so and yourself mate so thank you and um

1305

00:47:49,970 --> 00:47:47,520

you know thanks to your your girlfriend

1306

00:47:51,650 --> 00:47:49,980

who probably doesn't understand the word

1307

00:47:52,790 --> 00:47:51,660

I'm seeing when you play this back to

1308

00:47:55,370 --> 00:47:52,800

her

1309

00:47:56,569 --> 00:47:55,380

um but uh yeah a few things that you

1310

00:47:58,670 --> 00:47:56,579

touched on so

1311

00:48:00,710 --> 00:47:58,680

never haven't had a sighting like it's

1312

00:48:02,870 --> 00:48:00,720

funny how many people get in touch with

1313

00:48:05,750 --> 00:48:02,880

me and do say that that they're huge

1314

00:48:07,790 --> 00:48:05,760

fans of the UFO topic and subject but

1315

00:48:10,670 --> 00:48:07,800

they themselves have never seen anything

1316

00:48:13,490 --> 00:48:10,680

and they're desperate to see it

1317

00:48:15,589 --> 00:48:13,500

um and I could I could make up and say

1318

00:48:18,170 --> 00:48:15,599

that since I started this podcast I've

1319

00:48:20,510 --> 00:48:18,180

had lots of different experiences and

1320

00:48:22,309 --> 00:48:20,520

sightings and I haven't

1321

00:48:24,829 --> 00:48:22,319

um nothing worth talking about you know

1322

00:48:26,450 --> 00:48:24,839

I've saw stuff in the sky that was more

1323

00:48:28,130 --> 00:48:26,460

than likely a satellite or something

1324

00:48:29,930 --> 00:48:28,140

like that you know but it'd be nothing

1325

00:48:32,030 --> 00:48:29,940

worth coming on to see I saw some lights

1326

00:48:35,390 --> 00:48:32,040

in the sky so it is really really

1327

00:48:37,490 --> 00:48:35,400

strange ironic that so many people enjoy

1328

00:48:39,650 --> 00:48:37,500

the topic but haven't had an experience

1329

00:48:41,390 --> 00:48:39,660

themselves and I don't know if there's

1330

00:48:42,950 --> 00:48:41,400

anything to that I think like you see it

1331

00:48:44,510 --> 00:48:42,960

is just your luck like you say that

1332

00:48:46,910 --> 00:48:44,520

night in the Phoenix Lights that you

1333

00:48:49,970 --> 00:48:46,920

went had a a really good night at

1334

00:48:51,470 --> 00:48:49,980

college but you know you missed one of

1335

00:48:53,210 --> 00:48:51,480

the most famous sightings and mass

1336

00:48:55,430 --> 00:48:53,220

sightings in history

1337

00:48:56,450 --> 00:48:55,440

um but it's as an honesty that you know

1338

00:48:57,710 --> 00:48:56,460

if it's going to happen it's going to

1339

00:48:59,030 --> 00:48:57,720

happen happen and I think it's just

1340

00:49:02,270 --> 00:48:59,040

being in the right place at the right

1341

00:49:04,130 --> 00:49:02,280

time when it comes to a lot of that uh I

1342

00:49:06,770 --> 00:49:04,140

like that you said that there is an

1343

00:49:08,390 --> 00:49:06,780

answer to this this topic

1344

00:49:09,770 --> 00:49:08,400

um I still think we're looking for a lot

1345

00:49:11,270 --> 00:49:09,780

of the questions let alone the answers

1346

00:49:13,849 --> 00:49:11,280

because

1347

00:49:15,890 --> 00:49:13,859

even since I began the podcast I used to

1348

00:49:18,650 --> 00:49:15,900

think you know like I think most people

1349

00:49:20,390 --> 00:49:18,660

you come into the UFO topic with the

1350

00:49:22,550 --> 00:49:20,400

idea that is there something coming from

1351
00:49:23,930 --> 00:49:22,560
another planet to visit us which is

1352
00:49:25,609 --> 00:49:23,940
incredible enough

1353
00:49:27,710 --> 00:49:25,619
and once you spend a little bit of time

1354
00:49:29,750 --> 00:49:27,720
in it listening to different people

1355
00:49:31,790 --> 00:49:29,760
and you start to hear different names

1356
00:49:34,670 --> 00:49:31,800
whether it's Stephen greerland among how

1357
00:49:36,470 --> 00:49:34,680
Grant Cameron Stephen Bassett Louis

1358
00:49:38,150 --> 00:49:36,480
zondo Chris melon all these different

1359
00:49:39,710 --> 00:49:38,160
sides of offense

1360
00:49:41,329 --> 00:49:39,720
and then all of a sudden it's like wait

1361
00:49:42,770 --> 00:49:41,339
a minute different dimensions you know

1362
00:49:44,390 --> 00:49:42,780
they're on the planet they're off Planet

1363
00:49:45,890 --> 00:49:44,400

they're different realities they're

1364

00:49:49,069 --> 00:49:45,900

spiritual they're not spiritual it's

1365

00:49:50,870 --> 00:49:49,079

Angels it's demons and it's crazy how

1366

00:49:51,890 --> 00:49:50,880

how deep you can go down the rabbit hole

1367

00:49:53,569 --> 00:49:51,900

but

1368

00:49:55,609 --> 00:49:53,579

I think for me a lot of that is what

1369

00:49:58,490 --> 00:49:55,619

keeps it fascinating and I get why that

1370

00:50:01,370 --> 00:49:58,500

frustrates so many people as well

1371

00:50:03,829 --> 00:50:01,380

um just to ask you where do you sit Mike

1372

00:50:06,829 --> 00:50:03,839

and I you know what what this phenomenon

1373

00:50:08,930 --> 00:50:06,839

is have you got a rough hypothesis you

1374

00:50:10,730 --> 00:50:08,940

work with if someone asks you well what

1375

00:50:14,630 --> 00:50:10,740

do you think's flying these things

1376

00:50:17,450 --> 00:50:14,640

yeah I mean I look at it uh

1377

00:50:19,250 --> 00:50:17,460

the the level at least from the U.S

1378

00:50:21,530 --> 00:50:19,260

military start side of the house and I I

1379

00:50:25,010 --> 00:50:21,540

spent eight years as an officer in the

1380

00:50:27,770 --> 00:50:25,020

Army and and the level of uh you know

1381

00:50:30,410 --> 00:50:27,780

safety concerns and and cross training

1382

00:50:33,109 --> 00:50:30,420

and everything that goes with it I I

1383

00:50:36,650 --> 00:50:33,119

would I would be so blown away and

1384

00:50:38,150 --> 00:50:36,660

flabbergasted if this was somehow uh you

1385

00:50:40,670 --> 00:50:38,160

know whether it was private sector or

1386

00:50:42,290 --> 00:50:40,680

military uh you know kind of practicing

1387

00:50:44,329 --> 00:50:42,300

against our ships and doing something

1388

00:50:46,970 --> 00:50:44,339

without us knowing and getting this

1389

00:50:49,490 --> 00:50:46,980

close to pilots and and and and having

1390

00:50:51,230 --> 00:50:49,500

uh you know soldiers that that are

1391

00:50:54,530 --> 00:50:51,240

literally stepping forward going you

1392

00:50:57,290 --> 00:50:54,540

know I I've got physical ailments as a

1393

00:50:59,510 --> 00:50:57,300

result of this Etc without letting us

1394

00:51:00,770 --> 00:50:59,520

know like like I just I can't buy into

1395

00:51:03,950 --> 00:51:00,780

that

1396

00:51:06,349 --> 00:51:03,960

um after watching uh Russia's absolute

1397

00:51:07,849 --> 00:51:06,359

you know goat rope of an invasion into a

1398

00:51:09,589 --> 00:51:07,859

country I can't believe they got

1399

00:51:12,349 --> 00:51:09,599

something like this

1400

00:51:14,510 --> 00:51:12,359

um yeah I just I can only imagine that

1401
00:51:18,109 --> 00:51:14,520
it's off world but real quick going back

1402
00:51:20,150 --> 00:51:18,119
to to what you said you know even if

1403
00:51:23,150 --> 00:51:20,160
there aren't any answers but they can

1404
00:51:25,670 --> 00:51:23,160
just tell us this ain't us period

1405
00:51:27,829 --> 00:51:25,680
meaning the human race then all of a

1406
00:51:30,530 --> 00:51:27,839
sudden man that cracks open the can of

1407
00:51:33,829 --> 00:51:30,540
discussion to so many different things

1408
00:51:35,210 --> 00:51:33,839
that I I just I don't know it depends on

1409
00:51:37,370 --> 00:51:35,220
who you're talking to like I said my

1410
00:51:39,349 --> 00:51:37,380
girlfriend is from Mexico she's a

1411
00:51:41,690 --> 00:51:39,359
practicing Catholic that's the only

1412
00:51:44,750 --> 00:51:41,700
story she's got and and she's sticking

1413
00:51:46,549 --> 00:51:44,760

to it whereas me I I you know for a long

1414

00:51:49,130 --> 00:51:46,559

time I've been wandering around going

1415

00:51:51,650 --> 00:51:49,140

well you know why are we here and and

1416

00:51:54,170 --> 00:51:51,660

are there other people and and just to

1417

00:51:57,730 --> 00:51:54,180

hear okay maybe there's another answer

1418

00:52:00,109 --> 00:51:57,740

here that could spark so much you know

1419

00:52:02,089 --> 00:52:00,119

investigation and discussion and and

1420

00:52:04,910 --> 00:52:02,099

bring us all together I mean look at

1421

00:52:06,890 --> 00:52:04,920

you're you're across the pond as you say

1422

00:52:08,930 --> 00:52:06,900

uh you know and you and I don't even

1423

00:52:10,370 --> 00:52:08,940

know each other man but but but you're

1424

00:52:12,290 --> 00:52:10,380

part of my household every single day

1425

00:52:15,230 --> 00:52:12,300

look at the way that this thing brings

1426

00:52:18,349 --> 00:52:15,240

people together regardless of of

1427

00:52:20,150 --> 00:52:18,359

political uh ideology you know who what

1428

00:52:21,470 --> 00:52:20,160

country you're in don't matter you know

1429

00:52:25,069 --> 00:52:21,480

we're all just kind of getting into the

1430

00:52:27,349 --> 00:52:25,079

same answer so I I just uh and long

1431

00:52:29,809 --> 00:52:27,359

answer to your question I I just can't

1432

00:52:33,230 --> 00:52:29,819

imagine that it's it's part of something

1433

00:52:34,730 --> 00:52:33,240

that that we is it has been our

1434

00:52:37,430 --> 00:52:34,740

narrative for a long time it just can't

1435

00:52:39,109 --> 00:52:37,440

be yeah and I think that's fairly fair

1436

00:52:42,010 --> 00:52:39,119

and you also mentioned that John

1437

00:52:45,650 --> 00:52:42,020

Greenwald and has freedom information

1438

00:52:47,569 --> 00:52:45,660

process and he has phenomenal and he has

1439

00:52:49,010 --> 00:52:47,579

people joke about him being the king of

1440

00:52:52,250 --> 00:52:49,020

for you and all that kind of stuff but

1441

00:52:53,870 --> 00:52:52,260

he has the best at that because you're

1442

00:52:56,089 --> 00:52:53,880

you're right that it's still a system

1443

00:52:58,549 --> 00:52:56,099

that involves someone making a decision

1444

00:53:00,829 --> 00:52:58,559

at the end of it and I don't think it's

1445

00:53:02,930 --> 00:53:00,839

a big government conspiracy and neither

1446

00:53:05,150 --> 00:53:02,940

would John I don't believe either when

1447

00:53:07,910 --> 00:53:05,160

he doesn't get something returned it is

1448

00:53:10,069 --> 00:53:07,920

just the competency of the person at the

1449

00:53:13,970 --> 00:53:10,079

other end answering the request at that

1450

00:53:15,710 --> 00:53:13,980

time and it's how how well versed are

1451

00:53:17,210 --> 00:53:15,720

they in the role they're in how long

1452

00:53:18,770 --> 00:53:17,220

have they been in that job are they

1453

00:53:21,530 --> 00:53:18,780

having a good day are they having a bad

1454

00:53:24,109 --> 00:53:21,540

day and it seems to me that someone like

1455

00:53:25,730 --> 00:53:24,119

John it's the tenacity and the the time

1456

00:53:27,829 --> 00:53:25,740

and effort they put into what they do

1457

00:53:30,589 --> 00:53:27,839

you know multiple fire requests going

1458

00:53:32,030 --> 00:53:30,599

after the same thing multiple times the

1459

00:53:33,829 --> 00:53:32,040

patience to go after something that's

1460

00:53:36,170 --> 00:53:33,839

been refused for years

1461

00:53:37,849 --> 00:53:36,180

is all very much appreciated and that I

1462

00:53:39,710 --> 00:53:37,859

support John through his patreon for

1463

00:53:41,450 --> 00:53:39,720

that because I appreciate his podcast

1464

00:53:43,549 --> 00:53:41,460

but I also appreciate just what he does

1465

00:53:45,710 --> 00:53:43,559

I don't always agree with him but that's

1466

00:53:47,630 --> 00:53:45,720

the same as most people in this topic I

1467

00:53:49,069 --> 00:53:47,640

don't always agree but you don't have to

1468

00:53:51,349 --> 00:53:49,079

and it's just interesting to hear

1469

00:53:54,530 --> 00:53:51,359

different people's take and yeah what

1470

00:53:57,109 --> 00:53:54,540

John does is fantastic and it would be

1471

00:53:59,510 --> 00:53:57,119

great to see and hear more people taking

1472

00:54:02,510 --> 00:53:59,520

up that mantle to to do those sorts of

1473

00:54:04,010 --> 00:54:02,520

requests but it's time consuming it

1474

00:54:06,470 --> 00:54:04,020

takes a lot it's like I think it's like

1475

00:54:09,410 --> 00:54:06,480

learning guitar I think it takes a short

1476

00:54:11,450 --> 00:54:09,420

time to get okay and and learn but it

1477

00:54:12,950 --> 00:54:11,460

takes a long time to master

1478

00:54:15,829 --> 00:54:12,960

um and that's what he's gonna put in the

1479

00:54:18,290 --> 00:54:15,839

hard yard you're 100 right on the other

1480

00:54:21,530 --> 00:54:18,300

end so it would literally take three

1481

00:54:23,750 --> 00:54:21,540

packets okay so so the first packet that

1482

00:54:26,750 --> 00:54:23,760

I would make was what gets sent out to

1483

00:54:29,270 --> 00:54:26,760

the requester the second one was would

1484

00:54:30,950 --> 00:54:29,280

get sent out to my boss and and the

1485

00:54:33,170 --> 00:54:30,960

reason why that I'm not putting the

1486

00:54:35,150 --> 00:54:33,180

other stuff in the requesters packet and

1487

00:54:37,490 --> 00:54:35,160

the third one is is is that's going in

1488

00:54:39,109 --> 00:54:37,500

the file as well I mean okay so that

1489

00:54:41,990 --> 00:54:39,119

might not sound like much but multiply

1490

00:54:43,490 --> 00:54:42,000

that by five or ten a day man I ain't

1491

00:54:45,829 --> 00:54:43,500

got time for all this you know what I

1492

00:54:47,630 --> 00:54:45,839

mean and and it's difficult you know on

1493

00:54:49,970 --> 00:54:47,640

the other end because this is the right

1494

00:54:51,890 --> 00:54:49,980

of the people you know and so you want

1495

00:54:54,530 --> 00:54:51,900

to be receptive to that but like I said

1496

00:54:57,290 --> 00:54:54,540

you're trying to accomplish uh you know

1497

00:54:59,089 --> 00:54:57,300

a 16-hour day and eight and and so you

1498

00:55:01,370 --> 00:54:59,099

become very uh

1499

00:55:03,290 --> 00:55:01,380

I don't know what the right word is you

1500

00:55:05,210 --> 00:55:03,300

just you're just a jerk about it and you

1501
00:55:09,349 --> 00:55:05,220
go ah Here We Go Again here's an FY

1502
00:55:11,650 --> 00:55:09,359
request and you know so yeah it's uh it

1503
00:55:14,089 --> 00:55:11,660
there you're you're 100 right it's it's

1504
00:55:16,010 --> 00:55:14,099
on the other end what's up with that and

1505
00:55:18,710 --> 00:55:16,020
you know what honestly it has to do with

1506
00:55:21,829 --> 00:55:18,720
also the requester and I've got a a

1507
00:55:23,630 --> 00:55:21,839
honest uh or or a sincere thought that

1508
00:55:25,730 --> 00:55:23,640
that John has earned the respect of

1509
00:55:27,890 --> 00:55:25,740
people because he sinks his teeth into

1510
00:55:30,530 --> 00:55:27,900
it he won't let it go if it's just some

1511
00:55:32,870 --> 00:55:30,540
Joe Snuffy or it's not an attorney or

1512
00:55:34,910 --> 00:55:32,880
not a a well a congressman would be a

1513
00:55:36,829 --> 00:55:34,920

whole nother level but uh you know if

1514

00:55:39,170 --> 00:55:36,839

it's not somebody that's got some weight

1515

00:55:41,210 --> 00:55:39,180

behind him they get put in the paino

1516

00:55:42,589 --> 00:55:41,220

mind file but if I know that John's

1517

00:55:44,329 --> 00:55:42,599

gonna sit there and get on his podcast

1518

00:55:46,670 --> 00:55:44,339

and put me on blast because I haven't

1519

00:55:47,870 --> 00:55:46,680

answered this thing in a while I'm I'm

1520

00:55:49,910 --> 00:55:47,880

gonna I'm gonna pay a little more

1521

00:55:51,410 --> 00:55:49,920

attention to his request

1522

00:55:53,270 --> 00:55:51,420

absolutely

1523

00:55:55,849 --> 00:55:53,280

um just before you go I want to ask you

1524

00:55:58,730 --> 00:55:55,859

Mike we're still waiting as of recording

1525

00:56:00,650 --> 00:55:58,740

this for that unclassified report to

1526

00:56:02,809 --> 00:56:00,660

drop and I'm I'm assured that it is

1527

00:56:05,210 --> 00:56:02,819

going to come out at some point just

1528

00:56:07,730 --> 00:56:05,220

when that might be as as anyone's guess

1529

00:56:09,230 --> 00:56:07,740

at this time are you expecting much from

1530

00:56:12,170 --> 00:56:09,240

it

1531

00:56:14,569 --> 00:56:12,180

well I I gotta tell you and and I heard

1532

00:56:16,130 --> 00:56:14,579

Dan's comments too and and to paraphrase

1533

00:56:18,410 --> 00:56:16,140

from what I thought he understood was

1534

00:56:21,049 --> 00:56:18,420

hey you know this is just a standard

1535

00:56:23,270 --> 00:56:21,059

hiccup in the process and everything I I

1536

00:56:26,390 --> 00:56:23,280

look at it at this point in time after

1537

00:56:29,270 --> 00:56:26,400

30 some years of playing this game I I

1538

00:56:31,190 --> 00:56:29,280

feel like it's almost like a uh

1539

00:56:32,750 --> 00:56:31,200

it's almost like a neighbor that you owe

1540

00:56:34,609 --> 00:56:32,760

something to and you know you got to

1541

00:56:35,930 --> 00:56:34,619

give it back to them but but you don't

1542

00:56:38,089 --> 00:56:35,940

really don't respect that neighbor you

1543

00:56:40,309 --> 00:56:38,099

go yeah I'll get it to you tomorrow and

1544

00:56:42,770 --> 00:56:40,319

and I just feel like this is some sort

1545

00:56:44,690 --> 00:56:42,780

of like almost passive aggressive like

1546

00:56:46,190 --> 00:56:44,700

you know I don't care if you're Congress

1547

00:56:48,470 --> 00:56:46,200

I don't care if you're Senate I don't

1548

00:56:51,530 --> 00:56:48,480

care what it is we'll get this to you

1549

00:56:54,049 --> 00:56:51,540

when when we want to and and I believe

1550

00:56:56,450 --> 00:56:54,059

that it's it's going to be you know

1551
00:56:58,849 --> 00:56:56,460
because if you go back and and Richard

1552
00:57:01,910 --> 00:56:58,859
Dolan really puts it well man when you

1553
00:57:04,490 --> 00:57:01,920
if if you follow the timeline all the

1554
00:57:05,990 --> 00:57:04,500
way back to the 40s and and believe that

1555
00:57:08,210 --> 00:57:06,000
there's a cover-up because here's the

1556
00:57:12,049 --> 00:57:08,220
other big part of this that that people

1557
00:57:14,089 --> 00:57:12,059
forget you can't just arbitrarily go to

1558
00:57:16,790 --> 00:57:14,099
a private company in the United States

1559
00:57:18,710 --> 00:57:16,800
if you're the government and go here

1560
00:57:20,390 --> 00:57:18,720
here's something that we kind of found

1561
00:57:22,130 --> 00:57:20,400
and and you guys see what you can do

1562
00:57:25,309 --> 00:57:22,140
with it and and if you go back to

1563
00:57:27,109 --> 00:57:25,319

Colonel Corso uh with with his book what

1564

00:57:28,849 --> 00:57:27,119

he was saying was is you guys keep all

1565

00:57:32,510 --> 00:57:28,859

the benefits of it just tell us how this

1566

00:57:34,549 --> 00:57:32,520

works that don't work uh in in the

1567

00:57:36,290 --> 00:57:34,559

Contracting laws of the United States

1568

00:57:38,750 --> 00:57:36,300

government you've got to give everybody

1569

00:57:40,490 --> 00:57:38,760

a chance to put a bid forward and do it

1570

00:57:43,190 --> 00:57:40,500

so if we've been playing these games

1571

00:57:45,230 --> 00:57:43,200

since the 40s man there's unless they

1572

00:57:46,549 --> 00:57:45,240

got legislation at the end of the day

1573

00:57:48,410 --> 00:57:46,559

that's going to let everybody off the

1574

00:57:50,930 --> 00:57:48,420

hook there's people going to jail over

1575

00:57:52,250 --> 00:57:50,940

this stuff I you know and and there's

1576

00:57:53,930 --> 00:57:52,260

there's companies they're going to have

1577

00:57:57,049 --> 00:57:53,940

to pay retributions because they got

1578

00:57:58,250 --> 00:57:57,059

unfair advantages so no and long answer

1579

00:58:00,710 --> 00:57:58,260

to your question I think they're going

1580

00:58:02,329 --> 00:58:00,720

to slow walk us as long as they want and

1581

00:58:05,030 --> 00:58:02,339

and then at the end of the day it's just

1582

00:58:06,650 --> 00:58:05,040

going to be nothing nothing and and I

1583

00:58:09,109 --> 00:58:06,660

don't know what could crack it I I

1584

00:58:11,569 --> 00:58:09,119

really don't at this point and other

1585

00:58:15,290 --> 00:58:11,579

other than then they're just being an

1586

00:58:16,609 --> 00:58:15,300

absolute event that nobody can can see

1587

00:58:20,089 --> 00:58:16,619

you know they always say the White House

1588

00:58:23,030 --> 00:58:20,099

lawn but but just somebody uh you know

1589

00:58:25,609 --> 00:58:23,040

uh or or something rather showing up in

1590

00:58:27,829 --> 00:58:25,619

broad daylight going here we are in the

1591

00:58:30,470 --> 00:58:27,839

government having to give answers for it

1592

00:58:32,809 --> 00:58:30,480

well mate you dropped me a Twitter DM to

1593

00:58:34,970 --> 00:58:32,819

get a recording on the calling and it

1594

00:58:36,230 --> 00:58:34,980

was very much appreciated uh if anyone

1595

00:58:39,530 --> 00:58:36,240

else wants to get involved in future

1596

00:58:40,609 --> 00:58:39,540

call-ins DMS or email is always the best

1597

00:58:42,170 --> 00:58:40,619

way to do it and we'll get something

1598

00:58:44,390 --> 00:58:42,180

arranged it's been great to speak with

1599

00:58:47,030 --> 00:58:44,400

you finally Mike because you've been

1600

00:58:48,710 --> 00:58:47,040

fantastic on the the UFO Twitter for for

1601
00:58:49,849 --> 00:58:48,720
a long time now so it's really good to

1602
00:58:51,530 --> 00:58:49,859
finally talk

1603
00:58:53,450 --> 00:58:51,540
likewise and thank you for your hard

1604
00:58:55,549 --> 00:58:53,460
work Andy man I mean I know this ain't

1605
00:58:57,829 --> 00:58:55,559
this ain't easy and and I really hope

1606
00:58:59,930 --> 00:58:57,839
that uh you continue your efforts

1607
00:59:03,770 --> 00:58:59,940
because it's so so appreciated thanks

1608
00:59:12,470 --> 00:59:08,870
hey Andy uh everybody hello hi my name

1609
00:59:14,829 --> 00:59:12,480
is Phil I currently live in Michigan

1610
00:59:18,170 --> 00:59:14,839
but um this UAP

1611
00:59:21,410 --> 00:59:18,180
experience uh took place

1612
00:59:24,289 --> 00:59:21,420
in Colorado out in the Rockies

1613
00:59:26,390 --> 00:59:24,299

and a town called Avon

1614

00:59:30,950 --> 00:59:26,400

it's uh

1615

00:59:33,410 --> 00:59:30,960

eight thousand feet up in elevation

1616

00:59:34,730 --> 00:59:33,420

um so internet's out there there's not a

1617

00:59:37,010 --> 00:59:34,740

whole lot around

1618

00:59:41,390 --> 00:59:37,020

just like a little little mountain town

1619

00:59:45,650 --> 00:59:41,400

very ritzy kind of right by Vale

1620

00:59:49,490 --> 00:59:45,660

um so this happened back in 2013.

1621

00:59:51,789 --> 00:59:49,500

towards the end of winter so February or

1622

00:59:53,630 --> 00:59:51,799

March

1623

00:59:56,710 --> 00:59:53,640

2013.

1624

01:00:00,589 --> 00:59:59,210

yeah so

1625

01:00:03,349 --> 01:00:00,599

um

1626
01:00:05,210 --> 01:00:03,359
like I said I was out living in Colorado

1627
01:00:08,210 --> 01:00:05,220
um my girlfriend at the time

1628
01:00:09,190 --> 01:00:08,220
oh let's just call her Sarah

1629
01:00:12,650 --> 01:00:09,200
um

1630
01:00:16,430 --> 01:00:12,660
her family had a house oh

1631
01:00:17,630 --> 01:00:16,440
in Avon which is where Beaver Creek Ski

1632
01:00:20,510 --> 01:00:17,640
Resort is

1633
01:00:22,309 --> 01:00:20,520
and we hung out there two to three days

1634
01:00:25,309 --> 01:00:22,319
every week

1635
01:00:29,210 --> 01:00:25,319
all winter every single year it's what

1636
01:00:31,430 --> 01:00:29,220
we did and we she skied I snowballed him

1637
01:00:33,890 --> 01:00:31,440
but that's what we did just every day

1638
01:00:35,630 --> 01:00:33,900

off we were there

1639

01:00:37,549 --> 01:00:35,640

so we're very familiar with the mountain

1640

01:00:40,250 --> 01:00:37,559

we know our way around

1641

01:00:43,490 --> 01:00:40,260

say you know I'll meet you at this lift

1642

01:00:47,089 --> 01:00:43,500

or this bathroom or whatever we could

1643

01:00:47,870 --> 01:00:47,099

get there we knew the place pretty well

1644

01:00:50,809 --> 01:00:47,880

um

1645

01:00:53,690 --> 01:00:50,819

so one day we went skiing

1646

01:00:56,510 --> 01:00:53,700

it was Blue Sky there's not a cloud in

1647

01:00:59,089 --> 01:00:56,520

the sky I call it a bluebird day out

1648

01:01:01,730 --> 01:00:59,099

there mountains

1649

01:01:03,829 --> 01:01:01,740

but um yeah we get there about eight in

1650

01:01:06,589 --> 01:01:03,839

the morning you know for a first chair

1651

01:01:09,049 --> 01:01:06,599

that's where the best snow is so you

1652

01:01:10,670 --> 01:01:09,059

want to be there

1653

01:01:14,630 --> 01:01:10,680

um and since we're staying right across

1654

01:01:20,390 --> 01:01:17,450

so we head over there do our skiing from

1655

01:01:24,109 --> 01:01:20,400

about eight to ten ten thirty in the

1656

01:01:26,150 --> 01:01:24,119

morning and Sarah says uh she has to go

1657

01:01:29,089 --> 01:01:26,160

to the bathroom

1658

01:01:31,370 --> 01:01:29,099

so that's cool take a little breather

1659

01:01:34,670 --> 01:01:31,380

we're up at the top of the mountain

1660

01:01:36,650 --> 01:01:34,680

and so we she says what lift she'll be

1661

01:01:38,510 --> 01:01:36,660

at so let me just meet you down there

1662

01:01:41,510 --> 01:01:38,520

okay see ya

1663

01:01:44,030 --> 01:01:41,520

so she takes off and I kind of

1664

01:01:45,770 --> 01:01:44,040

work my way down by myself get all the

1665

01:01:47,089 --> 01:01:45,780

way down to the bottom that's taking my

1666

01:01:48,950 --> 01:01:47,099

time because you know she's gonna be

1667

01:01:50,390 --> 01:01:48,960

five to ten minutes

1668

01:01:52,730 --> 01:01:50,400

and uh

1669

01:01:54,589 --> 01:01:52,740

I get to the bottom of the lift

1670

01:01:56,630 --> 01:01:54,599

probably about 100 feet away from the

1671

01:01:59,210 --> 01:01:56,640

chair and where we're gonna meet so

1672

01:02:02,270 --> 01:01:59,220

she'll see me I had an orange jacket

1673

01:02:03,109 --> 01:02:02,280

like you're not gonna miss me

1674

01:02:06,650 --> 01:02:03,119

um

1675

01:02:08,690 --> 01:02:06,660

so yeah I I get down to the bottom and I

1676

01:02:10,490 --> 01:02:08,700

just plop down on my back

1677

01:02:12,970 --> 01:02:10,500

you know exhausted

1678

01:02:15,410 --> 01:02:12,980

means a ton of work

1679

01:02:17,510 --> 01:02:15,420

and you know you're all in your gear and

1680

01:02:20,030 --> 01:02:17,520

stuff so you can light and snow stare at

1681

01:02:21,770 --> 01:02:20,040

the sky it's fine you're not cold or wet

1682

01:02:23,990 --> 01:02:21,780

or anything

1683

01:02:25,560 --> 01:02:24,000

so I just popped down I still got my

1684

01:02:26,630 --> 01:02:25,570

goggles on gloves everything

1685

01:02:28,849 --> 01:02:26,640

[Music]

1686

01:02:31,309 --> 01:02:28,859

um headphones in and I'm looking

1687

01:02:34,609 --> 01:02:31,319

straight up like I said completely Blue

1688

01:02:37,309 --> 01:02:35,870

um

1689

01:02:39,950 --> 01:02:37,319

so

1690

01:02:40,809 --> 01:02:39,960

directly above me

1691

01:02:46,069 --> 01:02:40,819

um

1692

01:02:49,849 --> 01:02:46,079

I don't know the distance maybe 50 to 75

1693

01:02:50,450 --> 01:02:49,859

feet above me straight up

1694

01:02:54,770 --> 01:02:50,460

um

1695

01:02:57,109 --> 01:02:54,780

is this white kind of Milky

1696

01:02:59,030 --> 01:02:57,119

or looking thing for lack of a better

1697

01:03:02,329 --> 01:02:59,040

term

1698

01:03:05,270 --> 01:03:02,339

is probably a little bigger than a

1699

01:03:08,030 --> 01:03:05,280

basketball in size

1700

01:03:15,230 --> 01:03:08,040

and

1701

01:03:17,210 --> 01:03:15,240

coming down

1702

01:03:18,950 --> 01:03:17,220

I'll kind of

1703

01:03:22,010 --> 01:03:18,960

not straight down

1704

01:03:24,950 --> 01:03:22,020

it's kind of like fluttering almost like

1705

01:03:27,049 --> 01:03:24,960

like you would uh like a leaf or a

1706

01:03:29,270 --> 01:03:27,059

feather or something would fall you know

1707

01:03:31,849 --> 01:03:29,280

like flutters to the left and then

1708

01:03:34,010 --> 01:03:31,859

flutters to the right as it goes down

1709

01:03:36,289 --> 01:03:34,020

you know kind of back and back uh back

1710

01:03:38,030 --> 01:03:36,299

and forth action

1711

01:03:38,930 --> 01:03:38,040

well that's kind of what it reminded me

1712

01:03:41,210 --> 01:03:38,940

of

1713

01:03:42,890 --> 01:03:41,220

and so I'm just sitting there watching

1714

01:03:45,650 --> 01:03:42,900

this thing

1715

01:03:47,329 --> 01:03:45,660

and nothing is even clicked yet I I

1716

01:03:49,430 --> 01:03:47,339

think I still thought it was a

1717

01:03:51,289 --> 01:03:49,440

reflection in my goggles

1718

01:03:53,390 --> 01:03:51,299

so

1719

01:03:57,010 --> 01:03:53,400

um I'm chilling and it just keeps

1720

01:04:01,250 --> 01:03:57,020

getting closer and closer and closer

1721

01:04:03,410 --> 01:04:01,260

and it made it about 15. see above me

1722

01:04:07,010 --> 01:04:03,420

maybe even 10.

1723

01:04:09,049 --> 01:04:07,020

and during that time I had not uh

1724

01:04:11,809 --> 01:04:09,059

looked away I just been staring at that

1725

01:04:13,250 --> 01:04:11,819

at it took my goggles off muted my

1726

01:04:15,950 --> 01:04:13,260

headphones

1727

01:04:18,349 --> 01:04:15,960

and it's there it it didn't change it

1728

01:04:21,770 --> 01:04:18,359

wasn't the goggles or anything

1729

01:04:22,609 --> 01:04:21,780

so I'm standing up like looking straight

1730

01:04:24,730 --> 01:04:22,619

up

1731

01:04:27,950 --> 01:04:24,740

like with my mouth open

1732

01:04:29,049 --> 01:04:27,960

and then I hear Sarah what the hell is

1733

01:04:31,549 --> 01:04:29,059

that

1734

01:04:33,230 --> 01:04:31,559

and then I like looked at her I'm like

1735

01:04:36,289 --> 01:04:33,240

you can see that

1736

01:04:38,690 --> 01:04:36,299

she's like yeah what is that

1737

01:04:40,309 --> 01:04:38,700

I don't know

1738

01:04:43,309 --> 01:04:40,319

like you know we were looking at each

1739

01:04:46,010 --> 01:04:43,319

other talking look back

1740

01:04:49,430 --> 01:04:46,020

and it started going up

1741

01:04:52,130 --> 01:04:49,440

basically the same way as it came down

1742

01:04:53,750 --> 01:04:52,140

it's like fluttering up

1743

01:04:55,970 --> 01:04:53,760

on me enough

1744

01:04:57,710 --> 01:04:55,980

I don't think it was retracing the same

1745

01:05:00,530 --> 01:04:57,720

path like that's not what I'm saying

1746

01:05:02,089 --> 01:05:00,540

it's just just emotion

1747

01:05:03,589 --> 01:05:02,099

um

1748

01:05:05,510 --> 01:05:03,599

so that's something else that's what it

1749

01:05:07,309 --> 01:05:05,520

looked like

1750

01:05:10,190 --> 01:05:07,319

um

1751

01:05:12,530 --> 01:05:10,200

yeah so like this this orb was just like

1752

01:05:15,950 --> 01:05:12,540

a white clear it's just like everything

1753

01:05:19,309 --> 01:05:15,960

you see in photographs and videos

1754

01:05:21,950 --> 01:05:19,319

um more milky in the middle

1755

01:05:24,289 --> 01:05:21,960

kind of like with a pronounced Circle

1756

01:05:25,549 --> 01:05:24,299

and then more kind of clear towards the

1757

01:05:26,809 --> 01:05:25,559

outsides

1758

01:05:30,170 --> 01:05:26,819

you know like you're looking through a

1759

01:05:31,549 --> 01:05:30,180

pane of glass or like even yeah painted

1760

01:05:34,370 --> 01:05:31,559

glass in the middle would be like

1761

01:05:39,710 --> 01:05:36,950

um that's I don't know sort of

1762

01:05:41,870 --> 01:05:39,720

the best I can do to describe it a

1763

01:05:44,630 --> 01:05:41,880

little bit bigger than the basketball

1764

01:05:46,910 --> 01:05:44,640

like I said

1765

01:05:49,370 --> 01:05:46,920

um so yeah it floated up it didn't like

1766

01:05:51,410 --> 01:05:49,380

take off or do anything it just kind of

1767

01:05:52,849 --> 01:05:51,420

went straight back up until we couldn't

1768

01:05:54,890 --> 01:05:52,859

see it anymore

1769

01:05:56,450 --> 01:05:54,900

and then we kind of looked at each other

1770

01:05:58,430 --> 01:05:56,460

like whoa

1771

01:06:02,510 --> 01:05:58,440

and we went back to skiing you know

1772

01:06:03,410 --> 01:06:02,520

because it's what you do out there it's

1773

01:06:08,930 --> 01:06:03,420

um

1774

01:06:09,950 --> 01:06:08,940

yeah we never really discussed it much

1775

01:06:12,170 --> 01:06:09,960

um

1776

01:06:14,510 --> 01:06:12,180

a little that day on the on the chair

1777

01:06:17,030 --> 01:06:14,520

right up but then it kind of just I

1778

01:06:18,770 --> 01:06:17,040

don't know kind of just like

1779

01:06:22,010 --> 01:06:18,780

I don't know I don't know why I didn't

1780

01:06:23,990 --> 01:06:22,020

talk about it or even write it down

1781

01:06:26,089 --> 01:06:24,000

it wasn't even until I was listening to

1782

01:06:27,829 --> 01:06:26,099

your podcast where I

1783

01:06:30,770 --> 01:06:27,839

thought hey

1784

01:06:33,650 --> 01:06:30,780

it's not a craft or anything but

1785

01:06:36,829 --> 01:06:33,660

sure I mean it was in the air and I

1786

01:06:41,450 --> 01:06:36,839

don't know what the heck it was so

1787

01:06:47,450 --> 01:06:43,309

um yeah

1788

01:06:50,390 --> 01:06:47,460

so that is my story

1789

01:06:52,370 --> 01:06:50,400

um yep big fan thanks a lot Andy that is

1790

01:06:54,410 --> 01:06:52,380
