

QUICKFIRE OMNIBUS

1
00:00:03,470 --> 00:00:00,709

[Music]

2
00:00:05,570 --> 00:00:03,480

hey this is Bryant Arnold also known as

3
00:00:12,530 --> 00:00:05,580

dragon from Skinwalker Ranch and you're

4
00:00:17,150 --> 00:00:14,690

Michael if you don't mind giving us five

5
00:00:19,250 --> 00:00:17,160

more minutes of your time not even that

6
00:00:21,050 --> 00:00:19,260

um I just want to get your thoughts so

7
00:00:22,910 --> 00:00:21,060

the quick fire around I normally ask for

8
00:00:25,310 --> 00:00:22,920

a couple of words or a sentence just on

9
00:00:26,750 --> 00:00:25,320

a topic or a person some of them have

10
00:00:28,189 --> 00:00:26,760

kind of touched on but just as a very

11
00:00:30,769 --> 00:00:28,199

very quick summary if you don't mind and

12
00:00:32,510 --> 00:00:30,779

then we'll finish let's do it so the

13
00:00:35,270 --> 00:00:32,520

first one we've talked about on Non-Stop

14

00:00:38,090 --> 00:00:35,280

but is going to be Steven Greer

15

00:00:40,250 --> 00:00:38,100

misunderstood

16

00:00:42,290 --> 00:00:40,260

the next one would be at Twitter Stars

17

00:00:45,290 --> 00:00:42,300

Academy

18

00:00:49,610 --> 00:00:45,300

definitely not what it seems

19

00:00:51,830 --> 00:00:49,620

and uh certainly well-intentioned but

20

00:00:55,790 --> 00:00:51,840

misguided

21

00:00:59,709 --> 00:00:58,150

oh the most misunderstood of all

22

00:01:01,569 --> 00:00:59,719

extremely

23

00:01:09,170 --> 00:01:01,579

Advanced

24

00:01:11,710 --> 00:01:09,180

biological entities not to be confused

25

00:01:15,469 --> 00:01:11,720

with

26
00:01:18,890 --> 00:01:15,479
interdimensional beings ghosts Angels

27
00:01:21,109 --> 00:01:18,900
demons for Richard Doty in an alien

28
00:01:25,210 --> 00:01:21,119
costume

29
00:01:31,850 --> 00:01:28,789
uh overplayed I'm I'm kind of bored with

30
00:01:34,550 --> 00:01:31,860
it's definitely real uh lots of crazy

31
00:01:36,530 --> 00:01:34,560
going on there it's my

32
00:01:39,950 --> 00:01:36,540
understanding but don't necessarily

33
00:01:43,190 --> 00:01:39,960
quote me on this that the reason why

34
00:01:47,270 --> 00:01:43,200
it's such a hub uh for activity is that

35
00:01:48,649 --> 00:01:47,280
there were a lot of uh Advanced use app

36
00:01:52,190 --> 00:01:48,659
which is unacknowledged special Access

37
00:01:54,950 --> 00:01:52,200
program uh experiments going on there

38
00:01:59,270 --> 00:01:54,960

and they you know kind of like stranger

39

00:02:01,569 --> 00:01:59,280

things kind of stuff so that that uh has

40

00:02:06,050 --> 00:02:01,579

kind of turned it into a hot spot

41

00:02:09,350 --> 00:02:06,060

but um I I haven't studied it too

42

00:02:13,250 --> 00:02:09,360

closely because you know I'm fascinated

43

00:02:15,710 --> 00:02:13,260

with with the wider phenomenon not just

44

00:02:17,449 --> 00:02:15,720

this one location that everyone obsesses

45

00:02:19,850 --> 00:02:17,459

over for some reason

46

00:02:23,390 --> 00:02:19,860

it was awesome that two more that one is

47

00:02:27,430 --> 00:02:23,400

consciousness the only thing we can be a

48

00:02:30,890 --> 00:02:27,440

hundred percent sure is real

49

00:02:32,930 --> 00:02:30,900

and it's literally the only thing that

50

00:02:36,770 --> 00:02:32,940

we can be a hundred percent sure is real

51
00:02:39,650 --> 00:02:36,780
uh and yet our current scientific

52
00:02:43,790 --> 00:02:39,660
Paradigm tells us that it doesn't

53
00:02:47,350 --> 00:02:43,800
actually exist and that your conscious

54
00:02:51,830 --> 00:02:47,360
experience is an illusion

55
00:02:53,210 --> 00:02:51,840
so think about that realize how absurd

56
00:02:55,970 --> 00:02:53,220
it is

57
00:02:57,170 --> 00:02:55,980
and then ask yourself well what else are

58
00:02:59,509 --> 00:02:57,180
they wrong about

59
00:03:03,890 --> 00:02:59,519
and what

60
00:03:05,089 --> 00:03:03,900
what new paradigm might we replace that

61
00:03:08,150 --> 00:03:05,099
with

62
00:03:11,350 --> 00:03:08,160
and then if we look at ETS through that

63
00:03:14,930 --> 00:03:11,360

new paradigm how does the whole

64

00:03:14,940 --> 00:03:21,170

and the last one is disclosure

65

00:03:24,949 --> 00:03:22,729

um

66

00:03:27,470 --> 00:03:24,959

it means a lot of different things to a

67

00:03:29,570 --> 00:03:27,480

lot of people for me

68

00:03:34,009 --> 00:03:29,580

the closest thing we're ever going to

69

00:03:36,830 --> 00:03:34,019

get to uh to what most people think of

70

00:03:39,830 --> 00:03:36,840

as disclosure you know press conference

71

00:03:41,630 --> 00:03:39,840

stuff like that it happened in 2001 at

72

00:03:43,430 --> 00:03:41,640

the national Press Club

73

00:03:44,570 --> 00:03:43,440

you know I think that's the best we're

74

00:03:47,210 --> 00:03:44,580

gonna get

75

00:03:50,750 --> 00:03:47,220

and

76

00:03:55,190 --> 00:03:50,760

you know we we've got to stop looking

77

00:03:56,930 --> 00:03:55,200

to a solution external to ourselves for

78

00:03:58,369 --> 00:03:56,940

this

79

00:04:00,289 --> 00:03:58,379

um if you if you understand

80

00:04:03,490 --> 00:04:00,299

Consciousness you understand the science

81

00:04:06,410 --> 00:04:03,500

of Consciousness if you understand this

82

00:04:09,830 --> 00:04:06,420

revolution that's taking place in

83

00:04:13,070 --> 00:04:09,840

physics and medicine and biology and

84

00:04:14,110 --> 00:04:13,080

philosophy all these fields converging

85

00:04:17,930 --> 00:04:14,120

around

86

00:04:22,330 --> 00:04:17,940

this question of Consciousness and if

87

00:04:30,110 --> 00:04:24,909

then uh

88

00:04:34,909 --> 00:04:32,689

um everything outside of you is a

89

00:04:37,249 --> 00:04:34,919

projection of what's within you

90

00:04:39,230 --> 00:04:37,259

and

91

00:04:43,030 --> 00:04:39,240

you know if you want to live in a

92

00:04:46,430 --> 00:04:43,040

post-disclosure world then we have to

93

00:04:48,530 --> 00:04:46,440

work on ourselves and we have to create

94

00:04:50,990 --> 00:04:48,540

that within ourselves and we have to

95

00:04:54,290 --> 00:04:51,000

become worthy of that and that's what

96

00:04:56,270 --> 00:04:54,300

that's what the ce5 community is all

97

00:04:57,950 --> 00:04:56,280

about

98

00:04:59,570 --> 00:04:57,960

Michael it's been great speaking with

99

00:05:01,430 --> 00:04:59,580

you thank you very much for your time

100

00:05:03,170 --> 00:05:01,440

much appreciated and look forward to

101
00:05:05,270 --> 00:05:03,180
speaking to you again on the show

102
00:05:06,710 --> 00:05:05,280
absolutely not you're right thank you

103
00:05:08,270 --> 00:05:06,720
for the questions folks there was a few

104
00:05:10,310 --> 00:05:08,280
other ones sent in but just do your time

105
00:05:11,510 --> 00:05:10,320
constraints and also the the body of the

106
00:05:13,610 --> 00:05:11,520
interviewer fans had quite a lot of

107
00:05:15,770 --> 00:05:13,620
those as well just to finish off on the

108
00:05:18,770 --> 00:05:15,780
quick fire round it's a few words or

109
00:05:21,650 --> 00:05:18,780
sentences on various projects and topics

110
00:05:23,029 --> 00:05:21,660
uh and then we'll kind of finish off so

111
00:05:25,270 --> 00:05:23,039
the first one would be the Montauk

112
00:05:27,590 --> 00:05:25,280
project

113
00:05:30,710 --> 00:05:27,600

uh BS

114

00:05:33,050 --> 00:05:30,720

foreign I thought you might say that the

115

00:05:35,330 --> 00:05:33,060

next one would be and this one's kind of

116

00:05:37,129 --> 00:05:35,340

for me The Men Who static goats the

117

00:05:38,629 --> 00:05:37,139

movie have you seen it

118

00:05:40,249 --> 00:05:38,639

no I haven't

119

00:05:42,670 --> 00:05:40,259

if you read the book

120

00:05:45,650 --> 00:05:42,680

no I have it do you know what it's about

121

00:05:48,350 --> 00:05:45,660

yes yeah okay is it something you're

122

00:05:51,170 --> 00:05:48,360

gonna see or do you just chose not to I

123

00:05:53,990 --> 00:05:51,180

choose not to okay but I believe in the

124

00:05:55,610 --> 00:05:54,000

abilities I I know they exist I just

125

00:05:56,810 --> 00:05:55,620

want not giving the tone of the film if

126

00:05:58,790 --> 00:05:56,820

you would if you would avoid it giving

127

00:06:01,070 --> 00:05:58,800

it as more comical and obviously a kind

128

00:06:03,170 --> 00:06:01,080

of fantasized given the nature to the

129

00:06:05,090 --> 00:06:03,180

thing it doesn't have to be does it so

130

00:06:07,730 --> 00:06:05,100

the next one would be the friendly and

131

00:06:09,950 --> 00:06:07,740

hostile ET narrative

132

00:06:13,310 --> 00:06:09,960

I only believe in the friendly EG

133

00:06:15,469 --> 00:06:13,320

narrative I'm not a subscriber to the

134

00:06:17,330 --> 00:06:15,479

Hostile EG narrative and I've never seen

135

00:06:19,070 --> 00:06:17,340

any convincing evidence there's plenty

136

00:06:21,409 --> 00:06:19,080

of stories about hostile negative

137

00:06:24,409 --> 00:06:21,419

experiences negative abductions but I'm

138

00:06:28,730 --> 00:06:24,419

highly suspect of those

139

00:06:28,740 --> 00:06:32,930

that's a very complex

140

00:06:37,490 --> 00:06:35,570

um subject he's someone that the UFO

141

00:06:39,710 --> 00:06:37,500

Community should always be incredibly

142

00:06:41,629 --> 00:06:39,720

grateful for for

143

00:06:43,370 --> 00:06:41,639

so many different things the Press Club

144

00:06:45,529 --> 00:06:43,380

event where he brought out all these

145

00:06:47,510 --> 00:06:45,539

people for all of his interviews but

146

00:06:50,930 --> 00:06:47,520

there's also a lot of fear-mongering

147

00:06:52,249 --> 00:06:50,940

with you know a giant fake UFO event and

148

00:06:53,210 --> 00:06:52,259

the government's going to be doing this

149

00:06:54,290 --> 00:06:53,220

and that

150

00:06:56,870 --> 00:06:54,300

cool

151
00:06:59,510 --> 00:06:56,880
um ce5

152
00:07:01,969 --> 00:06:59,520
um very real very important the

153
00:07:05,510 --> 00:07:01,979
technique is everything

154
00:07:08,689 --> 00:07:05,520
uh Tom DeLong

155
00:07:10,370 --> 00:07:08,699
uh fear monger

156
00:07:12,590 --> 00:07:10,380
and the last one I'd like to finish off

157
00:07:14,510 --> 00:07:12,600
with all the guests what does disclosure

158
00:07:16,909 --> 00:07:14,520
mean to you

159
00:07:18,230 --> 00:07:16,919
I'm revealing the reality that advanced

160
00:07:20,510 --> 00:07:18,240
civilizations have been visiting our

161
00:07:24,890 --> 00:07:23,270
excellent that's great uh lesson buddy

162
00:07:26,270 --> 00:07:24,900
it's been amazing talking with you if

163
00:07:27,770 --> 00:07:26,280

you want to just let the listeners know

164

00:07:28,850 --> 00:07:27,780

how they can get in touch with you how

165

00:07:30,890 --> 00:07:28,860

they can subscribe to your YouTube

166

00:07:33,350 --> 00:07:30,900

channel so I'm going to move on just to

167

00:07:35,570 --> 00:07:33,360

finish off or dragon on the quick fire

168

00:07:38,870 --> 00:07:35,580

round so I'm actually going to reel off

169

00:07:40,430 --> 00:07:38,880

some names of the cast at some places in

170

00:07:43,189 --> 00:07:40,440

a few other topics and I'm just looking

171

00:07:45,469 --> 00:07:43,199

for award a couple of words or a couple

172

00:07:47,510 --> 00:07:45,479

of sentences I'm not Precious on each

173

00:07:49,610 --> 00:07:47,520

just your thoughts on each of these okay

174

00:07:51,529 --> 00:07:49,620

okay so it's not trying to catch out

175

00:07:53,570 --> 00:07:51,539

with anything the first one would be

176

00:07:58,670 --> 00:07:53,580

Travis Taylor

177

00:07:59,870 --> 00:07:58,680

uh enthusiastic and and Brilliant

178

00:08:02,570 --> 00:07:59,880

um and

179

00:08:04,550 --> 00:08:02,580

yeah he's he's a good guy yeah I I

180

00:08:07,450 --> 00:08:04,560

really he really is he's he's super

181

00:08:10,969 --> 00:08:07,460

enthusiastic and he's he's very smart

182

00:08:12,589 --> 00:08:10,979

and uh yeah I guess the last word I'll

183

00:08:14,689 --> 00:08:12,599

use his friend he's definitely a friend

184

00:08:16,129 --> 00:08:14,699

that's good to hear

185

00:08:18,469 --> 00:08:16,139

um although not too friendly for season

186

00:08:19,909 --> 00:08:18,479

two because obviously when I see you two

187

00:08:22,369 --> 00:08:19,919

could have button heads again in a

188

00:08:23,990 --> 00:08:22,379

friendly competitive Canary hey you know

189

00:08:27,350 --> 00:08:24,000

what I argue with my friends all the

190

00:08:28,490 --> 00:08:27,360

time so I'm I'm sure that there's

191

00:08:30,529 --> 00:08:28,500

probably a good opportunity that

192

00:08:32,269 --> 00:08:30,539

something at some point I'll happen okay

193

00:08:34,070 --> 00:08:32,279

I'm Scottish that's how we communicate

194

00:08:35,870 --> 00:08:34,080

his arguments so that's good that's

195

00:08:38,709 --> 00:08:35,880

right uh so the next one would be

196

00:08:41,089 --> 00:08:38,719

Brandon fogle

197

00:08:43,850 --> 00:08:41,099

uh gosh

198

00:08:45,829 --> 00:08:43,860

that one goes deep

199

00:08:48,470 --> 00:08:45,839

um probably

200

00:08:52,910 --> 00:08:48,480

one of my closest friends

201
00:08:57,050 --> 00:08:52,920
um just an extremely kind and generous

202
00:09:00,710 --> 00:08:57,060
individual who is driven Beyond anyone

203
00:09:02,389 --> 00:09:00,720
I've ever met and is

204
00:09:03,590 --> 00:09:02,399
willing to

205
00:09:07,430 --> 00:09:03,600
you know

206
00:09:10,370 --> 00:09:07,440
be forthright and straightforward and is

207
00:09:14,150 --> 00:09:10,380
dedicated to figuring out and putting

208
00:09:15,470 --> 00:09:14,160
all of his resources into uncovering or

209
00:09:17,470 --> 00:09:15,480
at least getting a better understanding

210
00:09:20,090 --> 00:09:17,480
of what's going on at Skinwalker Ranch

211
00:09:22,610 --> 00:09:20,100
the closest thing to planet earth has to

212
00:09:26,030 --> 00:09:22,620
Bruce Wayne is Brandon Fuego so I like

213
00:09:27,949 --> 00:09:26,040

them and the next one would be Eric bald

214

00:09:31,490 --> 00:09:27,959

uh genius

215

00:09:32,810 --> 00:09:31,500

Eric personally is probably the smartest

216

00:09:37,250 --> 00:09:32,820

person I know

217

00:09:40,130 --> 00:09:37,260

he is absolutely brilliant in so many

218

00:09:44,210 --> 00:09:40,140

different Realms and he is a brother

219

00:09:48,230 --> 00:09:44,220

I I love Eric and I

220

00:09:50,570 --> 00:09:48,240

think that Eric is the unsung hero of

221

00:09:54,350 --> 00:09:50,580

Skinwalker Ranch to be honest with you

222

00:09:58,190 --> 00:09:54,360

nice next one gem sagala

223

00:10:01,910 --> 00:09:58,200

uh Jim Segal is a a smart man he's

224

00:10:04,430 --> 00:10:01,920

definitely got that East Coast mentality

225

00:10:06,889 --> 00:10:04,440

and he kind of can be a little bit you

226

00:10:08,329 --> 00:10:06,899

know in your face a little bit and you

227

00:10:11,389 --> 00:10:08,339

know he and I did conflict a couple of

228

00:10:14,329 --> 00:10:11,399

times but uh Jim is also a friend and

229

00:10:17,030 --> 00:10:14,339

he's a he's a very smart man with you

230

00:10:20,210 --> 00:10:17,040

know a lot of knowledge and and a lot to

231

00:10:22,850 --> 00:10:20,220

add awesome uh next one former guest of

232

00:10:28,250 --> 00:10:22,860

the show Thomas Winterton

233

00:10:29,750 --> 00:10:28,260

Tom's a brother Thomas is uh he is one

234

00:10:34,490 --> 00:10:29,760

of the hardest working people I've ever

235

00:10:37,910 --> 00:10:34,500

met and is dedicated Beyond dedicated to

236

00:10:40,070 --> 00:10:37,920

Skinwalker Ranch and to the individuals

237

00:10:41,930 --> 00:10:40,080

associated with it and there is nothing

238

00:10:45,050 --> 00:10:41,940

that I've seen yet that that guy can't

239

00:10:47,750 --> 00:10:45,060

do when it comes to uh you know figuring

240

00:10:50,210 --> 00:10:47,760

things out and is

241

00:10:52,130 --> 00:10:50,220

you know if I say Eric's the unsung hero

242

00:10:55,430 --> 00:10:52,140

that's behind the science

243

00:10:57,110 --> 00:10:55,440

um Thomas Winterton is the lifeblood of

244

00:10:58,730 --> 00:10:57,120

Skinwalker Ranch and what keeps it up

245

00:11:01,850 --> 00:10:58,740

and running and

246

00:11:04,430 --> 00:11:01,860

you know day to day he keeps the place

247

00:11:06,350 --> 00:11:04,440

going yeah he's a great guy

248

00:11:07,610 --> 00:11:06,360

um Jim Morris

249

00:11:10,370 --> 00:11:07,620

Uncle Jim

250

00:11:13,670 --> 00:11:10,380

uh he's just

251
00:11:15,949 --> 00:11:13,680
you know he's he's just a kind kind man

252
00:11:19,310 --> 00:11:15,959
that can make friends with anybody he

253
00:11:21,170 --> 00:11:19,320
meets Jim's been invaluable to the

254
00:11:24,710 --> 00:11:21,180
relations with both the Native Americans

255
00:11:28,910 --> 00:11:24,720
and the community and uh Uncle Jim is

256
00:11:30,889 --> 00:11:28,920
just he's a dear friend and uh just one

257
00:11:35,329 --> 00:11:30,899
of the kindest Souls that I know

258
00:11:42,590 --> 00:11:39,710
skin walker Ranch it is

259
00:11:44,329 --> 00:11:42,600
it's craziness wrapped up in a barbed

260
00:11:46,850 --> 00:11:44,339
wire fence I guess

261
00:11:49,069 --> 00:11:46,860
um it's my favorite place on the planet

262
00:11:52,310 --> 00:11:49,079
where I

263
00:11:53,930 --> 00:11:52,320

when I'm away I miss it but when I'm

264

00:11:55,310 --> 00:11:53,940

here sometimes I want to get the hell

265

00:12:00,110 --> 00:11:55,320

away

266

00:12:03,769 --> 00:12:00,120

um it it is definitely a special place

267

00:12:05,590 --> 00:12:03,779

that I think holds some really

268

00:12:08,030 --> 00:12:05,600

incredible

269

00:12:09,530 --> 00:12:08,040

Mysteries or answers to Mysteries and

270

00:12:12,410 --> 00:12:09,540

questions that hopefully we can get to

271

00:12:14,150 --> 00:12:12,420

the bottom of but it is a place that

272

00:12:16,490 --> 00:12:14,160

needs to be respected

273

00:12:19,990 --> 00:12:16,500

awesome and the next one would be your

274

00:12:24,829 --> 00:12:20,000

thoughts on ce5

275

00:12:27,230 --> 00:12:24,839

ce5 so the contact method for summoning

276

00:12:31,550 --> 00:12:27,240

extraterrestrial craft in the sky oh my

277

00:12:34,130 --> 00:12:31,560

gosh I don't know I honestly I

278

00:12:36,530 --> 00:12:34,140

I don't have an opinion on that honestly

279

00:12:41,389 --> 00:12:36,540

I don't that's never had any of it tried

280

00:12:44,150 --> 00:12:41,399

on the site or uh no no we haven't okay

281

00:12:46,090 --> 00:12:44,160

might be interesting yeah well I'll

282

00:12:50,509 --> 00:12:46,100

definitely make note of that

283

00:12:55,490 --> 00:12:52,730

uh I believe in them

284

00:12:58,250 --> 00:12:55,500

I believe in them now I've seen one and

285

00:12:59,569 --> 00:12:58,260

well I've seen multiple and you know

286

00:13:02,329 --> 00:12:59,579

I'll take it to my grave I know what

287

00:13:03,949 --> 00:13:02,339

I've seen and and until someone can give

288

00:13:06,769 --> 00:13:03,959

me a better explanation of what I've

289

00:13:08,569 --> 00:13:06,779

seen with my own eyes uh UFOs are real

290

00:13:10,370 --> 00:13:08,579

and

291

00:13:12,410 --> 00:13:10,380

um I hope that we can find out more

292

00:13:13,610 --> 00:13:12,420

about them

293

00:13:17,090 --> 00:13:13,620

um second last one would be

294

00:13:21,290 --> 00:13:19,250

um I would say

295

00:13:22,129 --> 00:13:21,300

you know to me an extraterrestrial would

296

00:13:26,569 --> 00:13:22,139

be

297

00:13:28,490 --> 00:13:26,579

think that there's definitely an

298

00:13:31,370 --> 00:13:28,500

intelligence at play on Skinwalker Ranch

299

00:13:33,829 --> 00:13:31,380

and so I would say

300

00:13:36,050 --> 00:13:33,839

um you know I don't I don't know if an

301

00:13:39,050 --> 00:13:36,060

extraterrestrial is the little gray

302

00:13:40,910 --> 00:13:39,060

aliens that everyone you know thinks and

303

00:13:44,990 --> 00:13:40,920

Associates with an extraterrestrial but

304

00:13:48,410 --> 00:13:45,000

I I do believe that there is other life

305

00:13:50,710 --> 00:13:48,420

um outside of just what we know on this

306

00:13:52,610 --> 00:13:50,720

planet yeah I think more and more the

307

00:13:54,949 --> 00:13:52,620

inter-dimensional multi-dimensional

308

00:13:57,110 --> 00:13:54,959

theories coming into play with a lot of

309

00:13:58,670 --> 00:13:57,120

what's going on so uh skin walk around

310

00:14:00,170 --> 00:13:58,680

has been a big part of that and the last

311

00:14:01,970 --> 00:14:00,180

one I'd like to ask all my guests to

312

00:14:04,129 --> 00:14:01,980

finish on is their thoughts on

313

00:14:06,590 --> 00:14:04,139

disclosure

314

00:14:09,350 --> 00:14:06,600

I think it's I think it's vital

315

00:14:12,290 --> 00:14:09,360

I think that you know

316

00:14:14,329 --> 00:14:12,300

I know we take the standpoint that we

317

00:14:17,449 --> 00:14:14,339

want to share and we want to disclose

318

00:14:20,030 --> 00:14:17,459

and I wish that there was more of that

319

00:14:20,930 --> 00:14:20,040

out there I think that there are a lot

320

00:14:26,810 --> 00:14:20,940

of

321

00:14:28,910 --> 00:14:26,820

are already answers to as long as people

322

00:14:32,150 --> 00:14:28,920

would disclose that information so I

323

00:14:34,490 --> 00:14:32,160

think that disclosure is important and

324

00:14:35,750 --> 00:14:34,500

you know as a human race and a better

325

00:14:38,210 --> 00:14:35,760

understanding I think it's something

326
00:14:40,490 --> 00:14:38,220
that more needs to happen on every level

327
00:14:42,889 --> 00:14:40,500
of life

328
00:14:44,269 --> 00:14:42,899
dragon that is all we have time for

329
00:14:46,310 --> 00:14:44,279
you've been really generous with your

330
00:14:47,930 --> 00:14:46,320
time uh this afternoon where you are

331
00:14:49,550 --> 00:14:47,940
this evening when I so we're going to

332
00:14:51,769 --> 00:14:49,560
move on to the the kind of quick fire

333
00:14:54,050 --> 00:14:51,779
around Ryan and this will be as quick

334
00:14:55,310 --> 00:14:54,060
fire as you want it to be because some

335
00:14:56,870 --> 00:14:55,320
of the topics I'd love to hear your

336
00:14:58,250 --> 00:14:56,880
thoughts on just things that we can't

337
00:14:59,930 --> 00:14:58,260
cover in the body of the interview

338
00:15:00,790 --> 00:14:59,940

otherwise this would go four or five

339

00:15:02,990 --> 00:15:00,800

hours

340

00:15:05,750 --> 00:15:03,000

maybe keep some of it for the next one

341

00:15:07,129 --> 00:15:05,760

we'll do a second edition of the podcast

342

00:15:09,410 --> 00:15:07,139

um yeah absolutely I'm good at second

343

00:15:10,790 --> 00:15:09,420

editions I guess yeah no lesson I'll

344

00:15:13,189 --> 00:15:10,800

have to learn that as well following

345

00:15:14,930 --> 00:15:13,199

your footsteps so the first one's quite

346

00:15:17,389 --> 00:15:14,940

a big question and I don't know how much

347

00:15:22,970 --> 00:15:17,399

you'll answer of this but the phenomena

348

00:15:27,590 --> 00:15:24,470

um

349

00:15:30,590 --> 00:15:27,600

I don't know and I think that's the most

350

00:15:32,569 --> 00:15:30,600

responsible answer I can give uh I have

351

00:15:35,870 --> 00:15:32,579

theories I have thoughts I think it

352

00:15:37,730 --> 00:15:35,880

could be a plethora of things

353

00:15:40,790 --> 00:15:37,740

um phenomena is a way I really like to

354

00:15:42,350 --> 00:15:40,800

look at it as Lou Alexander does as well

355

00:15:46,069 --> 00:15:42,360

um I don't think we're dealing with one

356

00:15:48,350 --> 00:15:46,079

thing one anomaly one intelligence and I

357

00:15:51,530 --> 00:15:48,360

do think it's everything and nothing all

358

00:15:53,629 --> 00:15:51,540

at once so I think that's really man the

359

00:15:54,829 --> 00:15:53,639

most honest answer I can give there's so

360

00:15:57,470 --> 00:15:54,839

many of those I think could be

361

00:15:58,449 --> 00:15:57,480

extraterrestrial there's some I think it

362

00:16:00,889 --> 00:15:58,459

could be

363

00:16:04,370 --> 00:16:00,899

interdimensional or uh us from the

364

00:16:07,189 --> 00:16:04,380

future or or none of those things so

365

00:16:08,810 --> 00:16:07,199

yeah I cannot pretend to have a solid

366

00:16:12,650 --> 00:16:08,820

answer of what the phenomenon or

367

00:16:15,470 --> 00:16:12,660

phenomena are but I I'm willing to go

368

00:16:18,650 --> 00:16:15,480

down any route to try to find answers

369

00:16:20,269 --> 00:16:18,660

and I'm also willing to change my mind

370

00:16:22,310 --> 00:16:20,279

which a lot of people are not willing to

371

00:16:25,129 --> 00:16:22,320

do I'm not afraid to be wrong I'm not

372

00:16:27,590 --> 00:16:25,139

afraid to change my mind and uh yeah I

373

00:16:28,730 --> 00:16:27,600

hope it's everything and I hope um I

374

00:16:32,329 --> 00:16:28,740

hope it's

375

00:16:35,269 --> 00:16:32,339

I hope whatever it is that it's here

376

00:16:38,990 --> 00:16:35,279

it's interested in us for

377

00:16:40,610 --> 00:16:39,000

um good reasons uh no matter who what or

378

00:16:42,889 --> 00:16:40,620

where they are

379

00:16:44,810 --> 00:16:42,899

and that's again I'll say that's a fair

380

00:16:48,410 --> 00:16:44,820

response because my opinion is very

381

00:16:49,970 --> 00:16:48,420

malleable and fluid on the topic and I

382

00:16:52,129 --> 00:16:49,980

think for me to boil it down where I'm

383

00:16:54,470 --> 00:16:52,139

at right now with a lot of it is

384

00:16:55,730 --> 00:16:54,480

and especially what Louis are under and

385

00:16:58,430 --> 00:16:55,740

those types of people are getting at

386

00:16:59,930 --> 00:16:58,440

it's it's not just the what these things

387

00:17:03,590 --> 00:16:59,940

are but I think a lot of it will answer

388

00:17:05,510 --> 00:17:03,600

why things are in general and also how

389

00:17:07,250 --> 00:17:05,520

things how things kind of work you know

390

00:17:08,990 --> 00:17:07,260

if you ever want to know the meaning of

391

00:17:10,730 --> 00:17:09,000

life in the mysteries of the Universe I

392

00:17:12,829 --> 00:17:10,740

think a lot of that's tangled up within

393

00:17:15,829 --> 00:17:12,839

that this whole the phenomena as it's

394

00:17:18,530 --> 00:17:15,839

called so yeah no I I see why you've

395

00:17:19,970 --> 00:17:18,540

went down that route uh to the Stars

396

00:17:21,470 --> 00:17:19,980

Academy we've touched on you said you

397

00:17:24,110 --> 00:17:21,480

agree with some things disagree with

398

00:17:26,270 --> 00:17:24,120

others um a massive Fanboy for tsa

399

00:17:29,450 --> 00:17:26,280

that's not to say they are perfect by

400

00:17:30,830 --> 00:17:29,460

any means but I feel I understand where

401
00:17:32,390 --> 00:17:30,840
they're going with what they're doing

402
00:17:34,549 --> 00:17:32,400
and why they're going about it that way

403
00:17:38,870 --> 00:17:34,559
so let's talk a lot about Twitter Stars

404
00:17:41,690 --> 00:17:38,880
Academy yeah let's dive in so when those

405
00:17:44,570 --> 00:17:41,700
articles first hit the first article in

406
00:17:45,950 --> 00:17:44,580
New York Times December 2017 and we got

407
00:17:47,990 --> 00:17:45,960
those videos what we had initial

408
00:17:52,549 --> 00:17:48,000
responses and thoughts

409
00:17:54,650 --> 00:17:52,559
uh holy I mean that that was my I

410
00:17:59,150 --> 00:17:54,660
literally said that out loud when I when

411
00:17:59,930 --> 00:17:59,160
I saw that that article drop I um and I

412
00:18:06,770 --> 00:17:59,940
was

413
00:18:09,169 --> 00:18:06,780

topic looking at that and being like Oh

414

00:18:11,450 --> 00:18:09,179

my God like what what is what is

415

00:18:13,730 --> 00:18:11,460

happening here so even as someone who

416

00:18:14,810 --> 00:18:13,740

has been uh looking at this topic for so

417

00:18:17,330 --> 00:18:14,820

long

418

00:18:19,850 --> 00:18:17,340

um and being blind signed it with this

419

00:18:22,310 --> 00:18:19,860

fact that the U.S pentagon was

420

00:18:24,110 --> 00:18:22,320

looking into this there were videos they

421

00:18:26,330 --> 00:18:24,120

didn't know what they were uh that that

422

00:18:27,950 --> 00:18:26,340

was concerning

423

00:18:30,830 --> 00:18:27,960

um but look that's what we've been

424

00:18:35,450 --> 00:18:30,840

chasing this entire time so I thought it

425

00:18:37,549 --> 00:18:35,460

was uh a bombshell uh in the best way we

426

00:18:40,250 --> 00:18:37,559

can use that word I thought it was

427

00:18:42,350 --> 00:18:40,260

exciting I thought it was scary and my

428

00:18:45,409 --> 00:18:42,360

initial impression was

429

00:18:47,150 --> 00:18:45,419

things are about to change uh New York

430

00:18:50,330 --> 00:18:47,160

Times has covered UFOs in the past but

431

00:18:53,450 --> 00:18:50,340

not to this extent and not you know with

432

00:18:55,970 --> 00:18:53,460

this many Heavy Hitters involved so my

433

00:18:58,130 --> 00:18:55,980

initial impression was holy and

434

00:18:59,630 --> 00:18:58,140

from there it's just continued to be

435

00:19:02,570 --> 00:18:59,640

holy

436

00:19:04,430 --> 00:19:02,580

I had a massive frustration with it very

437

00:19:07,430 --> 00:19:04,440

quickly I had all those thoughts you had

438

00:19:09,409 --> 00:19:07,440

however just the way I think as well if

439

00:19:10,850 --> 00:19:09,419

someone had asked the day before that

440

00:19:13,490 --> 00:19:10,860

article dropped unless you had prior

441

00:19:16,130 --> 00:19:13,500

knowledge if you asked any skeptic or

442

00:19:18,010 --> 00:19:16,140

just your the general public or even a

443

00:19:20,810 --> 00:19:18,020

believer you know anyone in neurology

444

00:19:22,310 --> 00:19:20,820

tomorrow a major news outlet has got a

445

00:19:24,110 --> 00:19:22,320

funny Runner story confirming the

446

00:19:25,490 --> 00:19:24,120

government has a UFO program they're

447

00:19:27,169 --> 00:19:25,500

going to release some videos you're

448

00:19:29,110 --> 00:19:27,179

going to see some pictures and they're

449

00:19:31,190 --> 00:19:29,120

going to be truly unidentified craft

450

00:19:33,049 --> 00:19:31,200

Woodies and you would get I think you

451
00:19:34,789 --> 00:19:33,059
would get no that'll never happen and

452
00:19:36,169 --> 00:19:34,799
yeah that would be enough for me that

453
00:19:39,169 --> 00:19:36,179
would be proof that would be incredible

454
00:19:40,970 --> 00:19:39,179
and for me it dropped that happened and

455
00:19:43,430 --> 00:19:40,980
most people Shrugged their shoulders and

456
00:19:45,650 --> 00:19:43,440
just went all and moved on and I was

457
00:19:47,990 --> 00:19:45,660
like that that's the problem it's never

458
00:19:50,090 --> 00:19:48,000
enough what what would be enough and

459
00:19:51,950 --> 00:19:50,100
it's if if you're talking about you know

460
00:19:53,150 --> 00:19:51,960
smoking guns and that would have been

461
00:19:55,130 --> 00:19:53,160
that would have been it and something

462
00:19:57,710 --> 00:19:55,140
myself and Jay talked about a few a few

463
00:19:59,390 --> 00:19:57,720

nights ago was the fact that an article

464

00:20:00,950 --> 00:19:59,400

this is where I read out in nephology an

465

00:20:03,470 --> 00:20:00,960

article has just dropped again in the

466

00:20:05,750 --> 00:20:03,480

New York Times that has cited crash

467

00:20:07,549 --> 00:20:05,760

retrieval programs and there are quotes

468

00:20:11,810 --> 00:20:07,559

regardless of the content text around

469

00:20:13,850 --> 00:20:11,820

off-world vehicles and it made page 17.

470

00:20:15,470 --> 00:20:13,860

and for me it's like if someone has said

471

00:20:17,150 --> 00:20:15,480

a couple of years ago that sort of

472

00:20:19,310 --> 00:20:17,160

content would be in a major news Outlet

473

00:20:21,110 --> 00:20:19,320

you would never have believed them and

474

00:20:23,210 --> 00:20:21,120

here we are getting that content and

475

00:20:26,210 --> 00:20:23,220

people are still arguing and frustrated

476

00:20:27,770 --> 00:20:26,220

and it's not the conversation's

477

00:20:29,630 --> 00:20:27,780

definitely moving forward there's been

478

00:20:32,029 --> 00:20:29,640

that paradigm shift and the way people

479

00:20:35,150 --> 00:20:32,039

are thinking but it's still a very slow

480

00:20:37,130 --> 00:20:35,160

process as part of disclosure and for me

481

00:20:38,990 --> 00:20:37,140

it's it's never going to be enough for

482

00:20:41,090 --> 00:20:39,000

most people and that's where I've had

483

00:20:43,070 --> 00:20:41,100

some frustrations with it

484

00:20:44,570 --> 00:20:43,080

um but but tssa what they've done

485

00:20:46,430 --> 00:20:44,580

whether people have liked it or not

486

00:20:48,770 --> 00:20:46,440

there's been a lot of controversies the

487

00:20:50,510 --> 00:20:48,780

the media side of things I think they've

488

00:20:52,490 --> 00:20:50,520

been pretty transparent from the start

489

00:20:55,310 --> 00:20:52,500

that they've always announced they had

490

00:20:57,049 --> 00:20:55,320

the plan to raise shares they had the

491

00:20:59,510 --> 00:20:57,059

plan to have the media part of the

492

00:21:01,430 --> 00:20:59,520

company they wanted to write fiction and

493

00:21:03,169 --> 00:21:01,440

non-fiction novels to get their stories

494

00:21:06,049 --> 00:21:03,179

out there they wanted to produce TV

495

00:21:09,470 --> 00:21:06,059

series and movies what's your thoughts

496

00:21:12,529 --> 00:21:09,480

being on tsa as a media company

497

00:21:14,930 --> 00:21:12,539

I think it's probably one of the most uh

498

00:21:18,770 --> 00:21:14,940

ambitious things Tom DeLonge could have

499

00:21:22,370 --> 00:21:18,780

done I mean I remember meeting Tom uh

500

00:21:25,430 --> 00:21:22,380

man I don't know six five or six years

501
00:21:28,310 --> 00:21:25,440
ago at a UFO conference he was like off

502
00:21:30,590 --> 00:21:28,320
in the corner and I had to do a double

503
00:21:32,990 --> 00:21:30,600
take I'm like is that the guy that I

504
00:21:35,390 --> 00:21:33,000
used to listen to at concerts drunk when

505
00:21:36,770 --> 00:21:35,400
I was like 18 years old yeah what is

506
00:21:38,270 --> 00:21:36,780
going on here

507
00:21:39,890 --> 00:21:38,280
um and then when I learned he had this

508
00:21:42,289 --> 00:21:39,900
extreme interest in the topic I'm like

509
00:21:44,870 --> 00:21:42,299
that's really cool and then we saw the

510
00:21:46,909 --> 00:21:44,880
progression of Tom's interest just build

511
00:21:50,090 --> 00:21:46,919
and build and build and he became more

512
00:21:52,730 --> 00:21:50,100
vocal about it up until this and look

513
00:21:54,770 --> 00:21:52,740

Tom has tried some incredible things in

514

00:21:57,830 --> 00:21:54,780

his time he started different companies

515

00:22:00,470 --> 00:21:57,840

stopped others he is a passionate

516

00:22:02,450 --> 00:22:00,480

ambitious person and that's you can't

517

00:22:04,310 --> 00:22:02,460

fault him for that so has he made

518

00:22:06,289 --> 00:22:04,320

mistakes along the way of course you

519

00:22:08,029 --> 00:22:06,299

know like I said earlier there's tweets

520

00:22:10,070 --> 00:22:08,039

I've regretted there's probably stuff he

521

00:22:12,049 --> 00:22:10,080

said that he's regretted uh I'm thinking

522

00:22:16,310 --> 00:22:12,059

of The Joe Rogan interview in particular

523

00:22:18,110 --> 00:22:16,320

but um but besides that the the creation

524

00:22:20,990 --> 00:22:18,120

of to the Stars Academy

525

00:22:24,470 --> 00:22:21,000

um is interesting I understand why

526

00:22:25,909 --> 00:22:24,480

people are skeptical or hesitant um I

527

00:22:28,789 --> 00:22:25,919

mentioned the name John Tenney before

528

00:22:31,430 --> 00:22:28,799

this guy's been in this weird world of

529

00:22:34,430 --> 00:22:31,440

UFOs for decades and decades and he's

530

00:22:37,310 --> 00:22:34,440

seen stuff like this happen before so I

531

00:22:41,390 --> 00:22:37,320

don't blame the older guard as it were

532

00:22:43,669 --> 00:22:41,400

of ufology to for saying be careful like

533

00:22:46,010 --> 00:22:43,679

people promise things and they don't

534

00:22:48,649 --> 00:22:46,020

happen or it's not what you think and

535

00:22:51,169 --> 00:22:48,659

maybe that could happen with what to the

536

00:22:54,649 --> 00:22:51,179

stars is doing but you're right they've

537

00:22:57,649 --> 00:22:54,659

been extremely up front and uh

538

00:22:59,570 --> 00:22:57,659

transparent about their what they were

539

00:23:02,330 --> 00:22:59,580

doing from the very start and Tom even

540

00:23:03,470 --> 00:23:02,340

said I remember from the very very start

541

00:23:06,590 --> 00:23:03,480

said

542

00:23:10,010 --> 00:23:06,600

my goal is to get information about UFOs

543

00:23:12,289 --> 00:23:10,020

maybe build one even but my my goal also

544

00:23:15,230 --> 00:23:12,299

on the other side of that in negotiation

545

00:23:18,289 --> 00:23:15,240

is to paint the military industrial

546

00:23:21,169 --> 00:23:18,299

complex in a good light and to promote

547

00:23:23,690 --> 00:23:21,179

the military as a positive thing and we

548

00:23:25,970 --> 00:23:23,700

see that playing out that's why all of

549

00:23:27,649 --> 00:23:25,980

this is painted as a threat because

550

00:23:29,810 --> 00:23:27,659

that's what the military deals with

551

00:23:32,570 --> 00:23:29,820

that's what the dod deals with that's

552

00:23:36,649 --> 00:23:32,580

what Lou Elizondo did for most of his

553

00:23:38,810 --> 00:23:36,659

life is he fought terrorism he fought

554

00:23:41,930 --> 00:23:38,820

you know possible incursions of our

555

00:23:43,789 --> 00:23:41,940

nation and I don't blame him for taking

556

00:23:45,049 --> 00:23:43,799

this threat narrative with all of this

557

00:23:46,370 --> 00:23:45,059

so

558

00:23:49,070 --> 00:23:46,380

um yeah man I know that's kind of

559

00:23:51,529 --> 00:23:49,080

rambling but at the end of the day I

560

00:23:53,330 --> 00:23:51,539

highly respect everything they're doing

561

00:23:55,549 --> 00:23:53,340

um I think it's awesome that we're

562

00:23:58,070 --> 00:23:55,559

getting a podcast by to the stars now

563

00:24:01,010 --> 00:23:58,080

where we get to dig deeper and they do

564

00:24:03,409 --> 00:24:01,020

answer listener questions and everything

565

00:24:05,810 --> 00:24:03,419

they're doing is leading to something

566

00:24:08,210 --> 00:24:05,820

and there's a reason that all of this

567

00:24:10,190 --> 00:24:08,220

information is I think rolling out

568

00:24:13,310 --> 00:24:10,200

quicker than I think even to the Stars

569

00:24:14,570 --> 00:24:13,320

expected it to what that reason is I

570

00:24:17,450 --> 00:24:14,580

don't know

571

00:24:19,669 --> 00:24:17,460

um I know Jeremy McGowan spoke to both

572

00:24:21,590 --> 00:24:19,679

you and I about there there's a reason

573

00:24:22,789 --> 00:24:21,600

for all of this trust me

574

00:24:24,110 --> 00:24:22,799

um don't know when it's going to come

575

00:24:26,270 --> 00:24:24,120

but it's probably going to come quicker

576

00:24:28,850 --> 00:24:26,280

than any of us expect it maybe he's

577

00:24:30,470 --> 00:24:28,860

right maybe he's wrong but I highly

578

00:24:34,070 --> 00:24:30,480

highly respect the work that they're

579

00:24:37,010 --> 00:24:34,080

doing to the Stars Academy I try to

580

00:24:40,370 --> 00:24:37,020

remain an objective person in covering

581

00:24:43,490 --> 00:24:40,380

it as responsible as a journalist or a

582

00:24:46,490 --> 00:24:43,500

freelance writer can do I do not have

583

00:24:48,649 --> 00:24:46,500

any Financial stake in the company but I

584

00:24:50,810 --> 00:24:48,659

support them you know I rock to the

585

00:24:53,570 --> 00:24:50,820

Stars academy t-shirts I've got all the

586

00:24:55,430 --> 00:24:53,580

books I try to read between the lines of

587

00:24:57,350 --> 00:24:55,440

the truth and fiction in the in

588

00:24:58,789 --> 00:24:57,360

everything they're doing and I I look

589

00:25:01,070 --> 00:24:58,799

forward to everything that they come out

590

00:25:02,630 --> 00:25:01,080

with and then it's up to you to decide

591

00:25:03,830 --> 00:25:02,640

whether you want to follow that or not

592

00:25:06,169 --> 00:25:03,840

so

593

00:25:08,330 --> 00:25:06,179

um yeah all the power to them

594

00:25:10,570 --> 00:25:08,340

um they are passionate they have changed

595

00:25:13,250 --> 00:25:10,580

the entire landscape of the conversation

596

00:25:15,950 --> 00:25:13,260

and I really really look forward to

597

00:25:17,870 --> 00:25:15,960

whatever's to come next for sure yeah at

598

00:25:20,149 --> 00:25:17,880

the end of the day Tom DeLong is not

599

00:25:22,669 --> 00:25:20,159

enough for money he had more money than

600

00:25:24,110 --> 00:25:22,679

he ever needed uh he's very passionate

601
00:25:25,970 --> 00:25:24,120
about the subject some of the things

602
00:25:28,549 --> 00:25:25,980
he's talked about on Twitter you know

603
00:25:30,590 --> 00:25:28,559
the seven part the seven part tweets

604
00:25:32,510 --> 00:25:30,600
about Atlantis and I don't know if you

605
00:25:34,970 --> 00:25:32,520
ever saw the what if there was a

606
00:25:37,070 --> 00:25:34,980
civilization here what if this what if

607
00:25:38,210 --> 00:25:37,080
this story is about Atlantis and I

608
00:25:40,990 --> 00:25:38,220
imagine there's a lot of people he

609
00:25:43,669 --> 00:25:41,000
speaks to maybe Lou maybe Chris Miller

610
00:25:45,830 --> 00:25:43,679
read those tweets and send them a little

611
00:25:48,529 --> 00:25:45,840
private message saying Tom come on we

612
00:25:50,810 --> 00:25:48,539
told you about that stop however we've

613
00:25:52,610 --> 00:25:50,820

all been there yeah yeah that's it but

614

00:25:55,490 --> 00:25:52,620

for me I'm a massive fan of the company

615

00:25:56,390 --> 00:25:55,500

yep but there's that frustration around

616

00:25:58,850 --> 00:25:56,400

going

617

00:26:00,409 --> 00:25:58,860

a little bit dark if you want to call it

618

00:26:02,149 --> 00:26:00,419

that with the the government involvement

619

00:26:03,649 --> 00:26:02,159

however I think that can be seen is a

620

00:26:05,029 --> 00:26:03,659

good thing too so yeah but we'll

621

00:26:06,950 --> 00:26:05,039

definitely see what happens at the end

622

00:26:08,149 --> 00:26:06,960

of it but let's hope it's going in a

623

00:26:08,750 --> 00:26:08,159

good place

624

00:26:10,490 --> 00:26:08,760

um

625

00:26:12,710 --> 00:26:10,500

someone who has

626

00:26:14,750 --> 00:26:12,720

tenuous links with two of the Stars if

627

00:26:16,789 --> 00:26:14,760

only through a company that published

628

00:26:18,710 --> 00:26:16,799

his autobiography would be Bob Lazar

629

00:26:20,630 --> 00:26:18,720

what what are your general thoughts

630

00:26:22,549 --> 00:26:20,640

because that this is it's incredible Bob

631

00:26:23,870 --> 00:26:22,559

Lazar as a story now is over 30 years

632

00:26:26,269 --> 00:26:23,880

old

633

00:26:28,850 --> 00:26:26,279

um a lot of controversy surrounds some

634

00:26:30,649 --> 00:26:28,860

of the discrepancies in his history but

635

00:26:32,149 --> 00:26:30,659

let's be honest most presidents it seems

636

00:26:33,649 --> 00:26:32,159

these days can't prove you know where

637

00:26:36,890 --> 00:26:33,659

they're born what their race is or where

638

00:26:39,769 --> 00:26:36,900

they went to school so why not Bob Lazar

639

00:26:41,510 --> 00:26:39,779

um again as a net packing is there

640

00:26:42,830 --> 00:26:41,520

something to his story what what are

641

00:26:45,789 --> 00:26:42,840

your thoughts on how the bubbles are

642

00:26:48,529 --> 00:26:45,799

story has evolved

643

00:26:50,990 --> 00:26:48,539

I I met Bob

644

00:26:53,330 --> 00:26:51,000

I think the same year I met Tom DeLong

645

00:26:56,029 --> 00:26:53,340

actually or saw Tom DeLong I guess I had

646

00:26:59,529 --> 00:26:56,039

a Bigfoot sighting of Tom DeLong

647

00:27:05,210 --> 00:26:59,539

um I think it was him uh

648

00:27:09,590 --> 00:27:05,220

I have always stood firm on my stance on

649

00:27:12,110 --> 00:27:09,600

Bob Lazar I believe Bob Lazar

650

00:27:14,510 --> 00:27:12,120

did what he said he did I believe he

651

00:27:17,930 --> 00:27:14,520

worked on something

652

00:27:21,049 --> 00:27:17,940

very exotic something he could not

653

00:27:23,510 --> 00:27:21,059

understand something his uh colleagues

654

00:27:26,110 --> 00:27:23,520

could not understand and I do believe

655

00:27:29,870 --> 00:27:26,120

that he was told the things he was told

656

00:27:33,830 --> 00:27:29,880

uh and that he saw what he saw

657

00:27:36,110 --> 00:27:33,840

um other than that is it true was it a

658

00:27:40,789 --> 00:27:36,120

extraterrestrial craft were there nine

659

00:27:41,990 --> 00:27:40,799

saucers was he shown images of alien

660

00:27:44,630 --> 00:27:42,000

bodies

661

00:27:46,970 --> 00:27:44,640

um I don't know I can't pretend to know

662

00:27:48,649 --> 00:27:46,980

um or was that information given to him

663

00:27:52,250 --> 00:27:48,659

as part of some sort of disinformation

664

00:27:54,049 --> 00:27:52,260

campaign that's very possible so when it

665

00:27:56,510 --> 00:27:54,059

really comes down to it man

666

00:27:59,990 --> 00:27:56,520

um it is one of the most sordid

667

00:28:02,450 --> 00:28:00,000

controversial stories within ufology

668

00:28:04,490 --> 00:28:02,460

um it's interesting it's extraordinary

669

00:28:07,250 --> 00:28:04,500

but like melanoy says extraordinary

670

00:28:09,529 --> 00:28:07,260

claims uh need extraordinary evidence or

671

00:28:11,210 --> 00:28:09,539

proof and if Bob Lazar is going to come

672

00:28:13,490 --> 00:28:11,220

forward with these things he has to be

673

00:28:16,490 --> 00:28:13,500

willing to take the uh the hits and the

674

00:28:19,010 --> 00:28:16,500

scrutiny and uh he has and I think he's

675

00:28:21,649 --> 00:28:19,020

done a good job at at battling a lot of

676

00:28:22,850 --> 00:28:21,659

that so at the end of the day I think he

677

00:28:25,789 --> 00:28:22,860

is a very

678

00:28:27,830 --> 00:28:25,799

um genuine person in how he's related

679

00:28:31,370 --> 00:28:27,840

his story and look man after meeting him

680

00:28:34,610 --> 00:28:31,380

uh face to face it doesn't change uh if

681

00:28:35,930 --> 00:28:34,620

he's telling the truth or not but I I

682

00:28:38,690 --> 00:28:35,940

tend to think I'm a good judge of

683

00:28:41,269 --> 00:28:38,700

character and this guy does not want

684

00:28:42,950 --> 00:28:41,279

fame he does not want acknowledgment he

685

00:28:44,029 --> 00:28:42,960

wanted to get the story out there and be

686

00:28:45,950 --> 00:28:44,039

done with it

687

00:28:47,990 --> 00:28:45,960

um but people have pulled him out of the

688

00:28:49,549 --> 00:28:48,000

woodwork to tell it again and maybe

689

00:28:51,710 --> 00:28:49,559

that's good maybe that's bad I don't

690

00:28:52,970 --> 00:28:51,720

know but uh end of the day we still have

691

00:28:56,570 --> 00:28:52,980

the story

692

00:28:59,269 --> 00:28:56,580

um we have the the book that came out in

693

00:29:02,029 --> 00:28:59,279

his own words supposedly if he did write

694

00:29:04,370 --> 00:29:02,039

the autobiography I don't know uh but

695

00:29:06,470 --> 00:29:04,380

it's an interesting story it'll never go

696

00:29:09,289 --> 00:29:06,480

away people are very passionate about it

697

00:29:12,830 --> 00:29:09,299

as they are many other things and um

698

00:29:15,649 --> 00:29:12,840

I hope that someday we'll know and maybe

699

00:29:17,210 --> 00:29:15,659

he'll finally get that Vindication uh he

700

00:29:19,250 --> 00:29:17,220

tends to think he did with this off

701
00:29:21,710 --> 00:29:19,260
world vehicle

702
00:29:24,409 --> 00:29:21,720
uh thing in the New York Times but I'm

703
00:29:27,110 --> 00:29:24,419
still I'm still iffy about all that so

704
00:29:30,289 --> 00:29:27,120
yeah again I uh hopefully we'll know the

705
00:29:32,870 --> 00:29:30,299
truth someday but I believe that he saw

706
00:29:36,289 --> 00:29:32,880
and did what he said he did what that

707
00:29:37,850 --> 00:29:36,299
was I have absolutely no idea yeah

708
00:29:39,470 --> 00:29:37,860
you've covered that pretty well I would

709
00:29:41,210 --> 00:29:39,480
just see and that doesn't come from a

710
00:29:42,889 --> 00:29:41,220
place of knowledge just a gut feeling I

711
00:29:44,750 --> 00:29:42,899
don't think his story is finished yet

712
00:29:47,330 --> 00:29:44,760
and I think there's still a little more

713
00:29:49,610 --> 00:29:47,340

to come and whether that is uh total

714

00:29:53,210 --> 00:29:49,620

debunking of the story and proving it's

715

00:29:55,610 --> 00:29:53,220

false or the opposite where it gets that

716

00:29:57,230 --> 00:29:55,620

proper Vindication of Juno water maybe

717

00:29:58,789 --> 00:29:57,240

not for him because he feels he's got it

718

00:30:00,889 --> 00:29:58,799

but for those of us who maybe follow the

719

00:30:03,110 --> 00:30:00,899

story and want to know and want it to be

720

00:30:04,850 --> 00:30:03,120

true that we find out yep here we go

721

00:30:06,769 --> 00:30:04,860

this guy was telling the truth from the

722

00:30:09,529 --> 00:30:06,779

start so I think that's still to come

723

00:30:14,090 --> 00:30:09,539

what are your thoughts your thoughts on

724

00:30:18,769 --> 00:30:16,130

um I think it's

725

00:30:22,010 --> 00:30:18,779

interesting uh I watched the television

726

00:30:25,370 --> 00:30:22,020

show I've spoken to individuals who've

727

00:30:27,950 --> 00:30:25,380

been on the ranch uh whether as a

728

00:30:30,049 --> 00:30:27,960

journalist or as a investigator and uh

729

00:30:33,230 --> 00:30:30,059

everyone says the same thing man it's a

730

00:30:36,889 --> 00:30:33,240

weird strange place it has an aura to it

731

00:30:38,389 --> 00:30:36,899

uh it everything you can think of has

732

00:30:41,210 --> 00:30:38,399

happened there it's a living laboratory

733

00:30:43,190 --> 00:30:41,220

of strange weird stuff and um you just

734

00:30:44,529 --> 00:30:43,200

look at the history of the area itself

735

00:30:48,350 --> 00:30:44,539

and that's

736

00:30:50,810 --> 00:30:48,360

fascinating also so you know um I am

737

00:30:52,549 --> 00:30:50,820

completely open to the possibility that

738

00:30:56,389 --> 00:30:52,559

this is a condensed area of high

739

00:30:59,269 --> 00:30:56,399

strangeness that maybe there's every

740

00:31:00,889 --> 00:30:59,279

possible mystery going on there we can

741

00:31:02,690 --> 00:31:00,899

think of

742

00:31:04,730 --> 00:31:02,700

um I look forward to the scientific

743

00:31:08,029 --> 00:31:04,740

exploration being done by the television

744

00:31:10,250 --> 00:31:08,039

show again TV affords resources you

745

00:31:13,130 --> 00:31:10,260

cannot get anywhere else and I can speak

746

00:31:16,310 --> 00:31:13,140

from experience with working in the the

747

00:31:19,010 --> 00:31:16,320

realm of Television I was given

748

00:31:20,990 --> 00:31:19,020

resources to investigate cases that I

749

00:31:24,110 --> 00:31:21,000

never would have gotten on my own or

750

00:31:26,750 --> 00:31:24,120

been able to to Really dive into

751
00:31:29,690 --> 00:31:26,760
um the Roswell incident in specific I

752
00:31:32,029 --> 00:31:29,700
was able to get medals tested at an

753
00:31:33,830 --> 00:31:32,039
aerospace laboratory I mean could you

754
00:31:35,750 --> 00:31:33,840
imagine if I tried to do that myself or

755
00:31:37,730 --> 00:31:35,760
like crowdfund for something like that

756
00:31:40,490 --> 00:31:37,740
it's just not going to happen those

757
00:31:41,750 --> 00:31:40,500
things aren't expensive so look

758
00:31:43,149 --> 00:31:41,760
um whether you love or hate the

759
00:31:45,769 --> 00:31:43,159
television show

760
00:31:47,330 --> 00:31:45,779
they have the resources to do things

761
00:31:50,090 --> 00:31:47,340
that we have not been able to do before

762
00:31:52,970 --> 00:31:50,100
at that ranch we have a very transparent

763
00:31:55,070 --> 00:31:52,980

and open owner right now who's willing

764

00:31:57,710 --> 00:31:55,080

to share that information whereas the

765

00:31:59,090 --> 00:31:57,720

previous owner everything he did had to

766

00:32:01,669 --> 00:31:59,100

be given over to the government because

767

00:32:04,010 --> 00:32:01,679

they were funding it so look I think

768

00:32:06,649 --> 00:32:04,020

it's awesome I think um I think it's

769

00:32:10,310 --> 00:32:06,659

exciting I think it's another part of

770

00:32:12,350 --> 00:32:10,320

the puzzle to fit together and um yeah

771

00:32:13,850 --> 00:32:12,360

man let's hope to the stars and the guys

772

00:32:15,649 --> 00:32:13,860

over at Skinwalker can get together

773

00:32:17,029 --> 00:32:15,659

could you own can you imagine what they

774

00:32:19,490 --> 00:32:17,039

could do if they put the resources

775

00:32:21,110 --> 00:32:19,500

together uh that would pick like a good

776

00:32:22,909 --> 00:32:21,120

Christmas special Christmas is always

777

00:32:24,889 --> 00:32:22,919

good for crossovers like Simpson's

778

00:32:26,269 --> 00:32:24,899

Family Guy all that kind of stuff you

779

00:32:27,649 --> 00:32:26,279

could have like a History Channel you

780

00:32:30,289 --> 00:32:27,659

know get those guys involved with each

781

00:32:32,690 --> 00:32:30,299

other Brandon Fuego talking ilazon or

782

00:32:35,389 --> 00:32:32,700

Tom DeLong would be would be pretty cool

783

00:32:37,909 --> 00:32:35,399

um but yeah I'd be all for that the New

784

00:32:41,029 --> 00:32:37,919

York Times articles now they've we've

785

00:32:43,010 --> 00:32:41,039

had the Big Splash in December 2017 we

786

00:32:44,990 --> 00:32:43,020

have had a couple of follow-up articles

787

00:32:46,490 --> 00:32:45,000

and I think some people forget get that

788

00:32:47,990 --> 00:32:46,500

it's not just been two articles there's

789

00:32:49,549 --> 00:32:48,000

been quite a lot of little PCS and

790

00:32:51,350 --> 00:32:49,559

Leslie Kane and Ralph Blumenthal were

791

00:32:53,090 --> 00:32:51,360

quite Keen to say that that this is

792

00:32:55,010 --> 00:32:53,100

something they've continued to report on

793

00:32:57,409 --> 00:32:55,020

albeit it's not always been the big

794

00:32:59,810 --> 00:32:57,419

headline stories what's your thoughts

795

00:33:01,310 --> 00:32:59,820

been on the impact they've had and do

796

00:33:03,190 --> 00:33:01,320

you feel there's more to come from the

797

00:33:05,690 --> 00:33:03,200

New York Times

798

00:33:09,889 --> 00:33:05,700

absolutely there is more to come I mean

799

00:33:11,990 --> 00:33:09,899

if you look at the last two articles a

800

00:33:13,909 --> 00:33:12,000

lot of people were you know a little

801
00:33:15,649 --> 00:33:13,919
deflated on the information brought

802
00:33:18,649 --> 00:33:15,659
forward a lot of it was already out

803
00:33:21,409 --> 00:33:18,659
there in the public and um like you

804
00:33:23,570 --> 00:33:21,419
mentioned earlier like a page 17 that's

805
00:33:26,210 --> 00:33:23,580
that's easy to miss let's be completely

806
00:33:28,190 --> 00:33:26,220
honest it's not on the cover

807
00:33:32,029 --> 00:33:28,200
um so a lot of people may not have even

808
00:33:34,850 --> 00:33:32,039
read it but now you have this this uh

809
00:33:37,070 --> 00:33:34,860
this buzzword I guess buzzwords of

810
00:33:39,230 --> 00:33:37,080
off-world vehicles and that's what's out

811
00:33:41,930 --> 00:33:39,240
there now and that was interesting that

812
00:33:44,990 --> 00:33:41,940
it came like what some 15 paragraphs

813
00:33:48,169 --> 00:33:45,000

into the the initial article

814

00:33:50,630 --> 00:33:48,179

um not the 2017 one but the current one

815

00:33:52,789 --> 00:33:50,640

um like really you're gonna bury the

816

00:33:55,730 --> 00:33:52,799

lead that far into the article but again

817

00:33:57,350 --> 00:33:55,740

that all comes down to the editors

818

00:34:00,590 --> 00:33:57,360

um and the people at the New York Times

819

00:34:04,070 --> 00:34:00,600

I'm sure there was more to this article

820

00:34:05,930 --> 00:34:04,080

that Leslie and Ralph worked on that did

821

00:34:07,730 --> 00:34:05,940

not make it in and none of us could

822

00:34:13,490 --> 00:34:07,740

pretend to have an answer to why that is

823

00:34:15,829 --> 00:34:13,500

or or uh or how but I thought the the

824

00:34:20,210 --> 00:34:15,839

first article was interesting

825

00:34:23,089 --> 00:34:20,220

um I am still really on the fence with

826
00:34:25,369 --> 00:34:23,099
the quotes by Reed and Eric Davis and

827
00:34:27,649 --> 00:34:25,379
all of that controversy behind the

828
00:34:29,629 --> 00:34:27,659
off-world vehicle comments

829
00:34:32,270 --> 00:34:29,639
um because it seems like

830
00:34:33,950 --> 00:34:32,280
it's just messy man it's messy and the

831
00:34:36,470 --> 00:34:33,960
fact that the New York Times didn't put

832
00:34:39,770 --> 00:34:36,480
an exact quote or source to where that

833
00:34:42,889 --> 00:34:39,780
information came from uh I don't

834
00:34:45,349 --> 00:34:42,899
understand why someone who carefully

835
00:34:48,290 --> 00:34:45,359
vets and fact checks as much as the New

836
00:34:50,089 --> 00:34:48,300
York Times does why they would do that I

837
00:34:52,909 --> 00:34:50,099
don't blame Ralph or Leslie for that

838
00:34:55,190 --> 00:34:52,919

they stick firmly to the article they

839

00:34:57,050 --> 00:34:55,200

wrote and um

840

00:34:59,030 --> 00:34:57,060

that's what we have but I know Ralph has

841

00:35:00,950 --> 00:34:59,040

said there's more to come and if this is

842

00:35:03,589 --> 00:35:00,960

how it's going to come like maybe one

843

00:35:05,870 --> 00:35:03,599

paragraph at a time mixed in with all

844

00:35:08,990 --> 00:35:05,880

this other sort of surface level stuff

845

00:35:12,170 --> 00:35:09,000

or um already substantiated things

846

00:35:13,790 --> 00:35:12,180

that's fine you know we are used to

847

00:35:15,410 --> 00:35:13,800

reading between the lines in this field

848

00:35:17,690 --> 00:35:15,420

and maybe that's the way we're going to

849

00:35:20,630 --> 00:35:17,700

get it now I don't know but uh yeah I

850

00:35:23,030 --> 00:35:20,640

thought the Articles were interesting uh

851
00:35:26,569 --> 00:35:23,040
they weren't the bombshell that 2017 was

852
00:35:28,970 --> 00:35:26,579
but Leslie Kane even said it's hard to

853
00:35:31,370 --> 00:35:28,980
to really live up to that one because we

854
00:35:33,410 --> 00:35:31,380
had so much information we dropped it

855
00:35:36,829 --> 00:35:33,420
all at once and that's a powerful thing

856
00:35:39,349 --> 00:35:36,839
to do and I do think you know slow and

857
00:35:41,089 --> 00:35:39,359
steady horse wins the race so hopefully

858
00:35:43,370 --> 00:35:41,099
we'll get more as time goes on but I

859
00:35:46,069 --> 00:35:43,380
have no doubt we're not done um just

860
00:35:47,630 --> 00:35:46,079
from a business stance the clicks and

861
00:35:49,970 --> 00:35:47,640
reads that they get from these UFO

862
00:35:51,050 --> 00:35:49,980
articles are massive so they're of

863
00:35:53,450 --> 00:35:51,060

course they're going to keep doing it

864

00:35:55,550 --> 00:35:53,460

just from a business stance and now it's

865

00:35:57,829 --> 00:35:55,560

up to Ralph and Leslie and whoever or

866

00:36:00,530 --> 00:35:57,839

else is writing about it for that venue

867

00:36:02,630 --> 00:36:00,540

to do it as best they can in a

868

00:36:04,970 --> 00:36:02,640

responsible light in a fact by fact

869

00:36:06,589 --> 00:36:04,980

basis and maybe we will get more

870

00:36:07,730 --> 00:36:06,599

information on these off-world vehicles

871

00:36:10,310 --> 00:36:07,740

I don't know

872

00:36:12,290 --> 00:36:10,320

yeah I think the like Tim McMillan said

873

00:36:13,609 --> 00:36:12,300

wasn't around a thousand words he was

874

00:36:14,990 --> 00:36:13,619

under the impression had been cut out of

875

00:36:17,030 --> 00:36:15,000

it which was around about half the

876

00:36:19,550 --> 00:36:17,040

article and I wonder if this is an

877

00:36:21,109 --> 00:36:19,560

opinion but is it a tactic from from a

878

00:36:23,030 --> 00:36:21,119

journalistic perspective and if you're

879

00:36:24,890 --> 00:36:23,040

one of the multiple editors looking to

880

00:36:27,710 --> 00:36:24,900

put that sort of incredible story in

881

00:36:29,810 --> 00:36:27,720

your in your publication did you just

882

00:36:32,630 --> 00:36:29,820

drop something in there that that

883

00:36:35,270 --> 00:36:32,640

fantastic if we want to use that word in

884

00:36:37,130 --> 00:36:35,280

you know paragraph 15 about off-world

885

00:36:38,930 --> 00:36:37,140

Vehicles because you've put it there

886

00:36:41,270 --> 00:36:38,940

it's out there but you've dangled the

887

00:36:43,849 --> 00:36:41,280

carrot and it's just it's it's buried

888

00:36:46,010 --> 00:36:43,859

but it's buried in plain sight and then

889

00:36:47,750 --> 00:36:46,020

in future the tactic is you bring that a

890

00:36:49,069 --> 00:36:47,760

little bit further forward and then it's

891

00:36:51,050 --> 00:36:49,079

on a bigger article it's a bit more

892

00:36:53,270 --> 00:36:51,060

detail on it and it's that drip feeding

893

00:36:54,950 --> 00:36:53,280

of information because maybe it is a

894

00:36:58,670 --> 00:36:54,960

little bit too you know world news today

895

00:36:59,569 --> 00:36:58,680

to just put that on a front page and I

896

00:37:01,490 --> 00:36:59,579

mean there's not going to be a picture

897

00:37:04,370 --> 00:37:01,500

of a crash Flying Saucer you know that

898

00:37:05,810 --> 00:37:04,380

that's just a fact so maybe this is like

899

00:37:07,250 --> 00:37:05,820

you're saying slow and steady wins the

900

00:37:09,349 --> 00:37:07,260

race the information is there it's

901
00:37:11,690 --> 00:37:09,359
slowly coming out as frustrating as that

902
00:37:14,390 --> 00:37:11,700
might be but the big thing for me is

903
00:37:16,609 --> 00:37:14,400
this has to go more International as

904
00:37:17,990 --> 00:37:16,619
well there's there's a world outside of

905
00:37:19,550 --> 00:37:18,000
the United States

906
00:37:21,490 --> 00:37:19,560
and

907
00:37:24,170 --> 00:37:21,500
they've got the part to play in this too

908
00:37:25,849 --> 00:37:24,180
uh the UK obviously I've talked about

909
00:37:27,349 --> 00:37:25,859
this recently more and more it's

910
00:37:30,530 --> 00:37:27,359
frustrating for me because the story

911
00:37:32,810 --> 00:37:30,540
gets no coverage here it's uh on our

912
00:37:34,550 --> 00:37:32,820
news site you'll get Sky News or BBC

913
00:37:37,430 --> 00:37:34,560

News the biggest companies and there

914

00:37:40,910 --> 00:37:37,440

might be a number nine trending on the

915

00:37:43,190 --> 00:37:40,920

website as you know us DOD confirms UFO

916

00:37:44,810 --> 00:37:43,200

video as real and that's it it's nothing

917

00:37:47,810 --> 00:37:44,820

more than a reference at the side of the

918

00:37:49,849 --> 00:37:47,820

scroll on the page there's no coin on it

919

00:37:51,349 --> 00:37:49,859

they're not particularly interested you

920

00:37:53,569 --> 00:37:51,359

know Jerry mccorbell done a radio

921

00:37:55,670 --> 00:37:53,579

interviewer on one of the BBC Radio

922

00:37:59,089 --> 00:37:55,680

shows the other day but there's multiple

923

00:38:01,370 --> 00:37:59,099

BBC Radio channels and again it's it's a

924

00:38:02,690 --> 00:38:01,380

media that it's not getting the the

925

00:38:04,970 --> 00:38:02,700

nation's eye and it's just something

926

00:38:06,589 --> 00:38:04,980

that particularly in the UK in Britain

927

00:38:08,510 --> 00:38:06,599

in general the appetite isn't there for

928

00:38:10,010 --> 00:38:08,520

it we would need something a bit bigger

929

00:38:11,870 --> 00:38:10,020

and more Sensational to be in the news

930

00:38:13,130 --> 00:38:11,880

you know for for the story to really

931

00:38:15,109 --> 00:38:13,140

take off but for me the International

932

00:38:17,870 --> 00:38:15,119

Community has to get more involved and

933

00:38:20,170 --> 00:38:17,880

it would be interesting to see as we saw

934

00:38:22,670 --> 00:38:20,180

a little bit of an identified episode

935

00:38:24,349 --> 00:38:22,680

you know going through South America and

936

00:38:27,230 --> 00:38:24,359

talking to these delegates and

937

00:38:29,270 --> 00:38:27,240

government officials but we know South

938

00:38:31,609 --> 00:38:29,280

America has that history and I think

939

00:38:33,589 --> 00:38:31,619

that connection's still with this type

940

00:38:36,950 --> 00:38:33,599

of phenomena the reporter on the news

941

00:38:39,230 --> 00:38:36,960

you see clips and UFO sightings being

942

00:38:41,270 --> 00:38:39,240

reported as this was seen today above

943

00:38:42,950 --> 00:38:41,280

you know some you know Mexican city or

944

00:38:44,450 --> 00:38:42,960

I'm not saying every night but it

945

00:38:46,370 --> 00:38:44,460

happens that you would never get that in

946

00:38:48,710 --> 00:38:46,380

the UK it would never happen here it

947

00:38:50,690 --> 00:38:48,720

would be a laughing you know joke

948

00:38:52,790 --> 00:38:50,700

original news story and that would be it

949

00:38:54,530 --> 00:38:52,800

so that that's where I think there's a

950

00:38:56,750 --> 00:38:54,540

lot of work still to be done but yeah

951
00:38:58,790 --> 00:38:56,760
hopefully there's more still to come in

952
00:39:00,050 --> 00:38:58,800
the near future as well uh two more

953
00:39:01,670 --> 00:39:00,060
topics you want to get your your

954
00:39:03,290 --> 00:39:01,680
thoughts on and you touched on it

955
00:39:04,730 --> 00:39:03,300
earlier you've got the Senate

956
00:39:06,710 --> 00:39:04,740
intelligence committee

957
00:39:08,210 --> 00:39:06,720
as in the last three months I've learned

958
00:39:09,829 --> 00:39:08,220
more about U.S politics than I ever

959
00:39:12,710 --> 00:39:09,839
could have at school

960
00:39:15,710 --> 00:39:12,720
um the the big headline from the recent

961
00:39:18,470 --> 00:39:15,720
you know acts where the UAP task force

962
00:39:22,550 --> 00:39:18,480
being mentioned as a thing and again

963
00:39:25,069 --> 00:39:22,560

that's another 2020 craziest that we are

964

00:39:28,310 --> 00:39:25,079

talking about UAP task forces being

965

00:39:30,589 --> 00:39:28,320

created but space force sounded crazy

966

00:39:32,569 --> 00:39:30,599

enough but we've now got a UAP task

967

00:39:35,870 --> 00:39:32,579

force what are your thoughts on the UAP

968

00:39:40,609 --> 00:39:35,880

task force and what it's going to be

969

00:39:42,670 --> 00:39:40,619

I'm I'm excited and I'm also hesitant

970

00:39:46,730 --> 00:39:42,680

um I I do

971

00:39:49,910 --> 00:39:46,740

wonder what the true impetus is behind

972

00:39:51,950 --> 00:39:49,920

this Andy and I mean I I think it's very

973

00:39:54,470 --> 00:39:51,960

good that Chris Mellon had a lot to do

974

00:39:56,510 --> 00:39:54,480

with how this bill is being drafted the

975

00:39:58,730 --> 00:39:56,520

wording what will be made available to

976

00:40:01,069 --> 00:39:58,740

the public what will not

977

00:40:02,690 --> 00:40:01,079

um I think it's good I think it's it was

978

00:40:04,910 --> 00:40:02,700

carefully done

979

00:40:07,609 --> 00:40:04,920

um and I think it'll be interesting to

980

00:40:09,410 --> 00:40:07,619

see how it plays out I believe that this

981

00:40:12,710 --> 00:40:09,420

bill in the United States will pass

982

00:40:14,510 --> 00:40:12,720

because I think there is uh no reason

983

00:40:16,670 --> 00:40:14,520

not to do it

984

00:40:20,089 --> 00:40:16,680

um but at the same time we have to

985

00:40:23,089 --> 00:40:20,099

wonder why and who's involved and um

986

00:40:26,210 --> 00:40:23,099

look Marco Rubio has been extremely

987

00:40:28,329 --> 00:40:26,220

vocal about it and he's brought up some

988

00:40:31,849 --> 00:40:28,339

good points like

989

00:40:33,470 --> 00:40:31,859

are these UFOs could they be rushing

990

00:40:35,270 --> 00:40:33,480

could they be from China are they

991

00:40:37,069 --> 00:40:35,280

extraterrestrial and he made a good

992

00:40:39,349 --> 00:40:37,079

point of saying I almost hope that it's

993

00:40:42,109 --> 00:40:39,359

extraterrestrial because if it is a

994

00:40:44,810 --> 00:40:42,119

rival Nation or another you know

995

00:40:47,690 --> 00:40:44,820

um you know bordering state doing things

996

00:40:50,329 --> 00:40:47,700

that we we are not privy to uh that is

997

00:40:52,550 --> 00:40:50,339

almost scarier and I tend to agree with

998

00:40:55,490 --> 00:40:52,560

them with that so um I think it's

999

00:40:57,470 --> 00:40:55,500

interesting UFO task force uh that's a

1000

00:40:59,630 --> 00:40:57,480

very loaded term

1001
00:41:01,609 --> 00:40:59,640
um they're saying that it's being done

1002
00:41:03,470 --> 00:41:01,619
through the uh you know the naval

1003
00:41:06,290 --> 00:41:03,480
intelligence which is interesting

1004
00:41:07,970 --> 00:41:06,300
because we've heard of these individuals

1005
00:41:09,589 --> 00:41:07,980
within the naval intelligence here in

1006
00:41:12,290 --> 00:41:09,599
the United States being involved with a

1007
00:41:13,670 --> 00:41:12,300
lot of other UFO cases uh Bob Lazar says

1008
00:41:15,890 --> 00:41:13,680
that he met with some of these

1009
00:41:17,690 --> 00:41:15,900
individuals uh the rendelsham guys say

1010
00:41:20,510 --> 00:41:17,700
that Naval intelligence was on the base

1011
00:41:23,329 --> 00:41:20,520
with OSI interviewing them during their

1012
00:41:25,550 --> 00:41:23,339
experiences so yeah that's that's a

1013
00:41:26,990 --> 00:41:25,560

fascinating part of the New York Times

1014

00:41:28,430 --> 00:41:27,000

article the recent one that I don't

1015

00:41:30,890 --> 00:41:28,440

think a lot of people really paid

1016

00:41:32,750 --> 00:41:30,900

attention to is why is this being handed

1017

00:41:36,410 --> 00:41:32,760

over to Naval intelligence is it because

1018

00:41:38,089 --> 00:41:36,420

of the new Naval protocol of reporting

1019

00:41:40,250 --> 00:41:38,099

UFOs I don't know

1020

00:41:42,230 --> 00:41:40,260

um it's interesting so yeah

1021

00:41:44,870 --> 00:41:42,240

um I'm hesitant because of the

1022

00:41:47,450 --> 00:41:44,880

classified nature of this bill and um

1023

00:41:49,670 --> 00:41:47,460

what we will be privy to we might not

1024

00:41:51,890 --> 00:41:49,680

get anything or we might get some really

1025

00:41:54,650 --> 00:41:51,900

cool new videos or

1026
00:41:57,170 --> 00:41:54,660
um testimony but that classified nature

1027
00:41:59,089 --> 00:41:57,180
of it is where I'm like ah they could

1028
00:42:00,470 --> 00:41:59,099
slap anything classified and we won't

1029
00:42:02,270 --> 00:42:00,480
get anything

1030
00:42:04,430 --> 00:42:02,280
um so I think there are political moves

1031
00:42:07,550 --> 00:42:04,440
being done by those involved

1032
00:42:10,010 --> 00:42:07,560
um I think there's uh altruistic moves

1033
00:42:13,130 --> 00:42:10,020
being done by other people involved with

1034
00:42:16,010 --> 00:42:13,140
it and uh I look forward to seeing where

1035
00:42:17,450 --> 00:42:16,020
it goes it's interesting and um never

1036
00:42:20,630 --> 00:42:17,460
thought I'd see the day where we'd hear

1037
00:42:22,910 --> 00:42:20,640
the term UFO task force uh but we're

1038
00:42:24,710 --> 00:42:22,920

living it man and uh we gotta ride that

1039

00:42:26,870 --> 00:42:24,720

wave and uh hopefully it won't be a

1040

00:42:29,329 --> 00:42:26,880

Project Blue Book part two where it's

1041

00:42:31,370 --> 00:42:29,339

all just to downplay it and uh you know

1042

00:42:34,849 --> 00:42:31,380

find a prosaic explanation whether there

1043

00:42:37,370 --> 00:42:34,859

is one or not and uh if anything it can

1044

00:42:40,010 --> 00:42:37,380

keeps the conversation going

1045

00:42:41,750 --> 00:42:40,020

it does and the last one I like to ask

1046

00:42:46,130 --> 00:42:41,760

all my guests Ryan what are your

1047

00:42:52,609 --> 00:42:49,910

we're living it and uh I don't

1048

00:42:55,430 --> 00:42:52,619

you know I I think that's it I think

1049

00:43:00,290 --> 00:42:55,440

that the New York Times article was a

1050

00:43:02,450 --> 00:43:00,300

huge disclosure the 2017 I think uh

1051
00:43:03,950 --> 00:43:02,460
disclosure happened for Kevin Day when

1052
00:43:06,530 --> 00:43:03,960
he tracked those UFOs I think it

1053
00:43:09,290 --> 00:43:06,540
happened for fravor when he saw it

1054
00:43:11,630 --> 00:43:09,300
um I think the individual level of this

1055
00:43:14,270 --> 00:43:11,640
Andy is where it's at and how disclosure

1056
00:43:17,329 --> 00:43:14,280
happens person by person experience by

1057
00:43:20,150 --> 00:43:17,339
experience I do not believe we're ever

1058
00:43:22,190 --> 00:43:20,160
going to get that White House Press

1059
00:43:24,589 --> 00:43:22,200
Conference here in the United States or

1060
00:43:27,410 --> 00:43:24,599
in Parliament elsewhere or in Mexico

1061
00:43:28,490 --> 00:43:27,420
China Japan whatever it may be I don't

1062
00:43:30,410 --> 00:43:28,500
think all the world governments are

1063
00:43:32,450 --> 00:43:30,420

going to come together and say aliens

1064

00:43:34,190 --> 00:43:32,460

are real they've been here

1065

00:43:36,710 --> 00:43:34,200

um you know they've crashed here they've

1066

00:43:38,030 --> 00:43:36,720

landed here uh we knew about it sorry

1067

00:43:39,410 --> 00:43:38,040

about that

1068

00:43:40,970 --> 00:43:39,420

um I don't think that's ever going to

1069

00:43:43,849 --> 00:43:40,980

happen we're getting an interesting

1070

00:43:46,190 --> 00:43:43,859

rollout by the New York Times and by

1071

00:43:48,829 --> 00:43:46,200

diligent researchers putting in so much

1072

00:43:51,589 --> 00:43:48,839

effort to get information out there and

1073

00:43:54,829 --> 00:43:51,599

maybe we can force the hand of

1074

00:43:57,109 --> 00:43:54,839

World governments or the government of

1075

00:43:58,970 --> 00:43:57,119

our respective Nations to tell us what

1076

00:44:01,730 --> 00:43:58,980

they know but I don't think it's going

1077

00:44:03,410 --> 00:44:01,740

to happen man I I think their their hand

1078

00:44:05,089 --> 00:44:03,420

would have to be forced by the

1079

00:44:06,950 --> 00:44:05,099

phenomenon itself and I think that's

1080

00:44:09,410 --> 00:44:06,960

what's happening witnessed by witness

1081

00:44:11,089 --> 00:44:09,420

experience or by experiencer and maybe

1082

00:44:13,309 --> 00:44:11,099

gradually we will get to a point where

1083

00:44:15,950 --> 00:44:13,319

we can all accept that something is

1084

00:44:18,410 --> 00:44:15,960

going on and it could change Humanity

1085

00:44:20,510 --> 00:44:18,420

forever whether that's good or bad

1086

00:44:22,130 --> 00:44:20,520

awesome quick fire you can see as little

1087

00:44:23,329 --> 00:44:22,140

and as much as you like going each each

1088

00:44:24,770 --> 00:44:23,339

one but it's just some of the topics

1089

00:44:26,510 --> 00:44:24,780

that we've not necessarily managed to

1090

00:44:28,309 --> 00:44:26,520

get to within the body of the interview

1091

00:44:30,970 --> 00:44:28,319

so the first one would be your thoughts

1092

00:44:34,490 --> 00:44:30,980

onto the Stars Academy

1093

00:44:36,650 --> 00:44:34,500

yeah well they certainly uh done a lot

1094

00:44:39,829 --> 00:44:36,660

to get our interest in the topic going

1095

00:44:41,990 --> 00:44:39,839

without them we wouldn't have Congress

1096

00:44:43,250 --> 00:44:42,000

taking it seriously yeah they brought it

1097

00:44:45,890 --> 00:44:43,260

to the news

1098

00:44:47,990 --> 00:44:45,900

I certainly don't agree of looking at

1099

00:44:51,050 --> 00:44:48,000

things in terms of a threat that

1100

00:44:52,550 --> 00:44:51,060

necessarily don't understand but maybe

1101
00:44:54,290 --> 00:44:52,560
that's not the way they really see it

1102
00:44:56,870 --> 00:44:54,300
maybe it's just to you know get interest

1103
00:44:58,190 --> 00:44:56,880
from the government to take this issue

1104
00:44:59,390 --> 00:44:58,200
seriously so they're certainly an

1105
00:45:01,430 --> 00:44:59,400
important player on the stage and

1106
00:45:02,510 --> 00:45:01,440
they've done a lot to move the field

1107
00:45:05,089 --> 00:45:02,520
forward

1108
00:45:07,190 --> 00:45:05,099
no that's great uh angle Swan would be

1109
00:45:09,530 --> 00:45:07,200
the next one

1110
00:45:12,050 --> 00:45:09,540
well I was lucky enough to meet Ingo at

1111
00:45:15,130 --> 00:45:12,060
conferences and even to visit him

1112
00:45:18,230 --> 00:45:15,140
about a week before he passed on uh

1113
00:45:20,809 --> 00:45:18,240

certainly you know a really amazing

1114

00:45:22,970 --> 00:45:20,819

person that opened our eyes to these

1115

00:45:23,770 --> 00:45:22,980

topics he was the ultimate stubborn

1116

00:45:26,870 --> 00:45:23,780

person

1117

00:45:30,109 --> 00:45:26,880

going back to that Einstein quote he

1118

00:45:34,069 --> 00:45:30,119

would not give in and he would not quit

1119

00:45:36,349 --> 00:45:34,079

until Russell Target now put up let him

1120

00:45:38,150 --> 00:45:36,359

try out his coordinate system and his

1121

00:45:41,809 --> 00:45:38,160

other ways of doing viewing so without

1122

00:45:45,290 --> 00:45:41,819

Ingo uh we wouldn't be as far along as

1123

00:45:47,089 --> 00:45:45,300

we are now with a lot of uh RV and some

1124

00:45:48,290 --> 00:45:47,099

of these other topics yeah it was

1125

00:45:50,390 --> 00:45:48,300

certainly someone who when you think

1126

00:45:52,190 --> 00:45:50,400

about thinking outside the box he was

1127

00:45:54,710 --> 00:45:52,200

outside the box and thinking outside of

1128

00:45:56,210 --> 00:45:54,720

that box as well so uh definitely

1129

00:45:59,569 --> 00:45:56,220

someone who it was a huge part of that

1130

00:46:03,050 --> 00:45:59,579

this whole subject and for you would you

1131

00:46:04,790 --> 00:46:03,060

go with UFO or UAP

1132

00:46:07,069 --> 00:46:04,800

you know

1133

00:46:09,890 --> 00:46:07,079

it's fine to change the names of things

1134

00:46:12,950 --> 00:46:09,900

because if you call it UAP it doesn't

1135

00:46:15,109 --> 00:46:12,960

have the baggage maybe the UFOs do but

1136

00:46:16,910 --> 00:46:15,119

we don't want to leave UFOs behind

1137

00:46:20,210 --> 00:46:16,920

either I mean

1138

00:46:24,589 --> 00:46:20,220

we've had a hundred years of this weird

1139

00:46:26,390 --> 00:46:24,599

and freaky phenomena we called UFOs so

1140

00:46:27,710 --> 00:46:26,400

if you want to call them uaps because

1141

00:46:31,069 --> 00:46:27,720

that's again calling it like remote

1142

00:46:33,470 --> 00:46:31,079

viewing if it's more acceptable to the

1143

00:46:35,329 --> 00:46:33,480

mainstream media and the government to

1144

00:46:38,089 --> 00:46:35,339

refer to it that way then that's

1145

00:46:39,950 --> 00:46:38,099

obviously okay because they feel like oh

1146

00:46:41,690 --> 00:46:39,960

it's a you know politically correct to

1147

00:46:44,390 --> 00:46:41,700

talk about this topic now so maybe

1148

00:46:46,069 --> 00:46:44,400

that's what we need to bring it more

1149

00:46:48,589 --> 00:46:46,079

into the mainstream

1150

00:46:51,410 --> 00:46:48,599

the next one is someone who has a

1151
00:46:54,050 --> 00:46:51,420
massive say in both to the Stars Academy

1152
00:46:57,050 --> 00:46:54,060
to the Stars Academy and resonance

1153
00:47:00,109 --> 00:46:57,060
viewing it would be Halford of

1154
00:47:02,990 --> 00:47:00,119
yeah I mean how the fascinating thing

1155
00:47:05,270 --> 00:47:03,000
about how we knew him as someone

1156
00:47:08,150 --> 00:47:05,280
involved in remote viewing research he

1157
00:47:11,270 --> 00:47:08,160
was a laser physicist like Russell targ

1158
00:47:14,930 --> 00:47:11,280
he got interested in the subject he got

1159
00:47:20,210 --> 00:47:17,809
um and we all knew him as this person

1160
00:47:23,270 --> 00:47:20,220
who you know apart from studying other

1161
00:47:24,829 --> 00:47:23,280
topics in physics uh kind of like exotic

1162
00:47:26,270 --> 00:47:24,839
vacuum objects and ball lightning

1163
00:47:29,270 --> 00:47:26,280

Casimir effect these other interesting

1164

00:47:31,870 --> 00:47:29,280

Quantum phenomena we knew him in an RV

1165

00:47:35,690 --> 00:47:31,880

but it was quite a shock when he told us

1166

00:47:37,370 --> 00:47:35,700

in 2018 at the irva SSE conference that

1167

00:47:40,730 --> 00:47:37,380

he had also been studying UFOs this

1168

00:47:43,010 --> 00:47:40,740

whole time too for the government

1169

00:47:45,530 --> 00:47:43,020

so there's still probably a lot about

1170

00:47:47,270 --> 00:47:45,540

how that we don't know but he's

1171

00:47:50,030 --> 00:47:47,280

certainly been a very important player

1172

00:47:51,470 --> 00:47:50,040

to bring this out to the public and to

1173

00:47:53,030 --> 00:47:51,480

kind of be this go-between I guess

1174

00:47:54,410 --> 00:47:53,040

between the government and the rest of

1175

00:47:56,150 --> 00:47:54,420

us to tell us what they've really been

1176

00:47:58,790 --> 00:47:56,160

looking at

1177

00:48:01,790 --> 00:47:58,800

the next one would be Antarctica as a

1178

00:48:06,290 --> 00:48:03,890

yeah it's not something I really know a

1179

00:48:07,010 --> 00:48:06,300

huge amount about

1180

00:48:09,410 --> 00:48:07,020

um

1181

00:48:11,630 --> 00:48:09,420

perhaps we'll uncover what's ever going

1182

00:48:13,370 --> 00:48:11,640

on there I just hear the same thing that

1183

00:48:15,109 --> 00:48:13,380

the rest of you hear so I don't really

1184

00:48:17,030 --> 00:48:15,119

have any special information about

1185

00:48:19,910 --> 00:48:17,040

Antarctica

1186

00:48:21,589 --> 00:48:19,920

apart from these ideas that you know

1187

00:48:23,210 --> 00:48:21,599

we've been exposed to that perhaps

1188

00:48:24,829 --> 00:48:23,220

there's more going on there than we know

1189

00:48:26,569 --> 00:48:24,839

about

1190

00:48:28,250 --> 00:48:26,579

certainly on the last one I'd like to

1191

00:48:30,170 --> 00:48:28,260

finish off with all my guests as

1192

00:48:31,609 --> 00:48:30,180

disclosure what are your thoughts what

1193

00:48:34,430 --> 00:48:31,619

is disclosure

1194

00:48:35,510 --> 00:48:34,440

well it's obviously it's this topic of

1195

00:48:38,990 --> 00:48:35,520

the day

1196

00:48:44,150 --> 00:48:39,000

and uh it's coming at us but again

1197

00:48:47,030 --> 00:48:44,160

the main thing I would reinforce is that

1198

00:48:49,609 --> 00:48:47,040

it's our own inner disclosure that has

1199

00:48:51,589 --> 00:48:49,619

to accompany the outer disclosure that's

1200

00:48:54,050 --> 00:48:51,599

my personal bent on all this

1201
00:48:55,910 --> 00:48:54,060
you can only go so far on the outside as

1202
00:48:59,510 --> 00:48:55,920
you're willing to go on the inside

1203
00:49:02,030 --> 00:48:59,520
because any new information Paradigm

1204
00:49:04,130 --> 00:49:02,040
change demands things of you too right

1205
00:49:08,329 --> 00:49:04,140
it's not a free ride

1206
00:49:11,930 --> 00:49:08,339
it demands that you change and you step

1207
00:49:13,309 --> 00:49:11,940
up to play a bigger role so uh you need

1208
00:49:15,890 --> 00:49:13,319
to think about in terms of your own

1209
00:49:17,150 --> 00:49:15,900
development to match the disclosure on

1210
00:49:18,609 --> 00:49:17,160
the outside I think the pace of

1211
00:49:21,650 --> 00:49:18,619
disclosure

1212
00:49:23,329 --> 00:49:21,660
will go as fast as we're comfortable

1213
00:49:25,130 --> 00:49:23,339

with it and those of us that are

1214

00:49:28,609 --> 00:49:25,140

involved in this research

1215

00:49:30,950 --> 00:49:28,619

uh need to be constantly you know

1216

00:49:33,109 --> 00:49:30,960

stepping up our game

1217

00:49:35,690 --> 00:49:33,119

and personally on a creative level like

1218

00:49:37,609 --> 00:49:35,700

your listener asked before to be fully

1219

00:49:39,829 --> 00:49:37,619

there to be fully present and to

1220

00:49:41,530 --> 00:49:39,839

withhold judgment but to be looking at

1221

00:49:44,750 --> 00:49:41,540

new information

1222

00:49:47,030 --> 00:49:44,760

to see this in the biggest possible way

1223

00:49:49,910 --> 00:49:47,040

rather than fitting it in to a

1224

00:49:51,589 --> 00:49:49,920

pre-existing box that is all from last

1225

00:49:53,630 --> 00:49:51,599
