KNA?? & KELLEHER YEAR IN REVIEW (SO FAR)

1
00:00:04,870 --> 00:00:02,470
you've seen some provocative incidents

2
00:00:06,789 --> 00:00:04,880
uh involving russia where their their

3
00:00:09,030 --> 00:00:06,799
warplanes will buzz our ships where they

4
00:00:11,589 --> 00:00:09,040
come way over the line way too close to

5
00:00:13,669 --> 00:00:11,599
the us military provocative instances

6
00:00:14,950 --> 00:00:13,679
where they seem to be begging to go

7
00:00:17,910 --> 00:00:14,960
ahead and unleash some kind of

8
00:00:20,150 --> 00:00:17,920
technology i think they've got something

9
00:00:21,990 --> 00:00:20,160
i think they've got a weapon system that

10
00:00:24,150 --> 00:00:22,000
they've developed based on something

11
00:00:26,310 --> 00:00:24,160
they've recovered from somewhere else

12
00:00:28,710 --> 00:00:26,320
not a full-blown anti-gravity flying

13
00:00:30,230 --> 00:00:28,720

machine but some kind of a weapon and i

14

00:00:31,269 --> 00:00:30,240

think we're trying to work on a similar

15

00:00:33,110 --> 00:00:31,279

weapon

16

00:00:36,229 --> 00:00:33,120

i you know we hear stories about that

17

00:00:37,910 --> 00:00:36,239

from china uh i'm i'm less uh definitive

18

00:00:39,430 --> 00:00:37,920

about that but i think the russians do

19

00:00:41,030 --> 00:00:39,440

have some of this stuff they've had it

20

00:00:42,790 --> 00:00:41,040

for a long time like us they've been

21

00:00:44,630 --> 00:00:42,800

trying to reverse engineer it and like
