8
00:00:24,170 --> 00:00:22,380

sightings so rather than me keep getting

another one of those experts on to

12
00:00:33,229 --> 00:00:30,480

discuss one of the best resources for

13
00:00:35,450 --> 00:00:33,239

reporting your UFO sightings wherever

14

00:00:37,490 --> 00:00:35,460

you are around the world so joining me

15

00:00:40,549 --> 00:00:37,500

on the podcast I have the state director

16

00:00:42,350 --> 00:00:40,559

of the mutual UFO Network and move on in

17

00:00:44,930 --> 00:00:42,360

Southern California he is an

18

00:00:47,869 --> 00:00:44,940

investigator of more than 900 reports of

19

00:00:50,389 --> 00:00:47,879

UFOs a member of miffon's experience art

20

00:00:53,209 --> 00:00:50,399

resource team a musician and most

21

00:00:55,310 --> 00:00:53,219

importantly a father and grandfather uh

22

00:00:57,830 --> 00:00:55,320

joining me on the podcast is Earl Gray

23

00:01:00,410 --> 00:00:57,840

Anderson Earl welcome to the podcast hi

24

00:01:02,029 --> 00:01:00,420

there how are you doing Andy it's very

25

00:01:03,349 --> 00:01:02,039

good to have you on and we've been

26

00:01:05,329 --> 00:01:03,359

talking for a good few minutes now

27

00:01:08,090 --> 00:01:05,339

before I hit record about UFOs The

28

00:01:09,830 --> 00:01:08,100

Beatles and and a few things in between

29

00:01:11,870 --> 00:01:09,840

um which was a lot of fun but I told my

30

00:01:14,929 --> 00:01:11,880

wife earlier and I did mention to you

31

00:01:16,969 --> 00:01:14,939

that when I said your name she laughed

32

00:01:19,070 --> 00:01:16,979

because my wife's English and me with a

33

00:01:21,950 --> 00:01:19,080

Scottish accent it's really hard to

34

00:01:24,890 --> 00:01:21,960

pronounce the name Earl so if anyone

35

00:01:27,230 --> 00:01:24,900

it's e-a-r-l so anyone who wonders what

36

00:01:29,390 --> 00:01:27,240

is Andy saying this guy's name is

37

00:01:31,550 --> 00:01:29,400

um it's Earl that's it and you might

38

00:01:33,590 --> 00:01:31,560

hear me change it as the interview goes

39

00:01:35,929 --> 00:01:33,600

on just depending on what I'm saying so

40

00:01:38,390 --> 00:01:35,939

Earl very warm welcome at the podcast

41

00:01:40,010 --> 00:01:38,400

good to have you on uh we're going to

42

00:01:42,230 --> 00:01:40,020

get to talking about a few different

43

00:01:44,630 --> 00:01:42,240

things including your time with mufon

44

00:01:46,490 --> 00:01:44,640

your work with muffon but um I want to

45

00:01:49,550 --> 00:01:46,500

start off just asking you how did you

46

00:01:51,410 --> 00:01:49,560

first get involved in the UFO topic does

47

00:01:54,469 --> 00:01:51,420

it go back to Childhood or was it it

48

00:01:57,649 --> 00:01:54,479

goes back to my earliest memories

49

00:01:59,690 --> 00:01:57,659

um my mom uh her name was was Betty

50

00:02:01,929 --> 00:01:59,700

Grace Anderson and she worked for

51

00:02:05,569 --> 00:02:01,939

however you the the

52

00:02:08,449 --> 00:02:05,579

Aerospace giant who uh he initially made

53

00:02:13,490 --> 00:02:08,459

his uh Fortune by creating the better

54

00:02:16,010 --> 00:02:13,500

drill bit for the oil fields and but he

55

00:02:19,729 --> 00:02:16,020

was one of the first contractors

56

00:02:22,010 --> 00:02:19,739

to work with a pentagon and and uh

57

00:02:25,550 --> 00:02:22,020

and my mom was working for him as one of

58

00:02:29,330 --> 00:02:25,560

his two private secretaries and uh at

59

00:02:32,449 --> 00:02:29,340

this point Hughes was a germaphobe he

60

00:02:35,390 --> 00:02:32,459

was shut in he did not like to leave his

61

00:02:37,670 --> 00:02:35,400

office uh and so he would send my mom

62

00:02:39,830 --> 00:02:37,680

out my mom had a very high security

63

00:02:41,210 --> 00:02:39,840

clearance because he would send her out

64

00:02:44,150 --> 00:02:41,220

to do his

65

00:02:46,430 --> 00:02:44,160

you know his business stuff

66

00:02:48,290 --> 00:02:46,440

and my mom told me when I was about five

67

00:02:50,330 --> 00:02:48,300

years old about how

68

00:02:53,150 --> 00:02:50,340

she was taken out to the middle of the

69

00:02:55,250 --> 00:02:53,160

desert and there was this bunker in the

70

00:02:57,410 --> 00:02:55,260

middle of nowhere had a little security

71

00:03:01,130 --> 00:02:57,420

detail with her she did not tell me

72

00:03:02,750 --> 00:03:01,140

which desert it was but that they opened

73

00:03:04,910 --> 00:03:02,760

this thing it was all locked up and

74

00:03:06,949 --> 00:03:04,920

there was an elevator

75

00:03:09,110 --> 00:03:06,959

and of course this elevator only went

76

00:03:12,470 --> 00:03:09,120

down there was no building over it for

77

00:03:14,149 --> 00:03:12,480

it to go up to uh so she got into the

78

00:03:16,309 --> 00:03:14,159

elevator she still didn't know where

79

00:03:18,710 --> 00:03:16,319

they were going you know she figured it

80

00:03:21,170 --> 00:03:18,720

was maybe a couple of floors down at

81

00:03:23,809 --> 00:03:21,180

most and she said that she got in the

82

00:03:26,570 --> 00:03:23,819

elevator and it kept going down and that

83

00:03:28,009 --> 00:03:26,580

she felt vertigo that she had the way

84

00:03:30,110 --> 00:03:28,019

she explained she said well she had

85

00:03:32,330 --> 00:03:30,120

butterflies in her stomach

86

00:03:33,949 --> 00:03:32,340

uh she said that the doors finally

87

00:03:35,930 --> 00:03:33,959

opened up and there was a little city

88

00:03:38,509 --> 00:03:35,940

under the desert they got around in golf

89

00:03:40,610 --> 00:03:38,519

carts she said uh there were some of the

90

00:03:42,830 --> 00:03:40,620

German rocket scientists worked there

91

00:03:44,509 --> 00:03:42,840

that we acquired through uh Operation

92

00:03:47,030 --> 00:03:44,519

Paperclip

93

00:03:49,309 --> 00:03:47,040

and uh she talked about working in this

94

00:03:51,589 --> 00:03:49,319

little city under the desert uh that

95

00:03:53,570 --> 00:03:51,599

Hughes had a lab there

96

00:03:55,850 --> 00:03:53,580

uh since then I've met another guy who

97

00:03:58,490 --> 00:03:55,860

was an RAF pilot and his mother happened

98

00:04:00,289 --> 00:03:58,500

to be the other secretary that that

99

00:04:04,309 --> 00:04:00,299

worked with my mom

100

00:04:06,949 --> 00:04:04,319

and uh she told him the exact same story

101

00:04:09,350 --> 00:04:06,959

that uh except she she gave a little

102

00:04:12,050 --> 00:04:09,360

more detailed description she said that

103

00:04:14,149 --> 00:04:12,060

this lab had a little catwalk over it it

104

00:04:16,969 --> 00:04:14,159

was sort of like a like a James Bond

105

00:04:19,550 --> 00:04:16,979

movie but for it was real

106

00:04:21,590 --> 00:04:19,560

so that was the first weird story my mom

107

00:04:23,510 --> 00:04:21,600

told me but then she kind of followed

108

00:04:25,909 --> 00:04:23,520

that up with talking about people like

109

00:04:28,310 --> 00:04:25,919

Werner Von Braun that she knew she said

110

00:04:30,830 --> 00:04:28,320

he was a Charming Man I said well wasn't

111

00:04:32,689 --> 00:04:30,840

he a Nazi mom how could be Charlie she

112

00:04:34,790 --> 00:04:32,699

said well he wasn't really he was forced

113

00:04:36,409 --> 00:04:34,800

to do that but he he really really

114

00:04:39,590 --> 00:04:36,419

wanted you know

115

00:04:41,629 --> 00:04:39,600

to for humans to go into space and he he

116

00:04:44,390 --> 00:04:41,639

was obsessed with going to the moon and

117

00:04:46,610 --> 00:04:44,400

of course he was the guy that helped us

118

00:04:48,530 --> 00:04:46,620

design the three-stage rocket that got

119

00:04:50,749 --> 00:04:48,540

us there

120

00:04:52,969 --> 00:04:50,759

um and the other thing my mom talked a

121

00:04:55,490 --> 00:04:52,979

little bit when I was very very young

122

00:04:58,189 --> 00:04:55,500

was life in the universe she she spoke

123

00:05:01,850 --> 00:04:58,199

to but she spoke about it with her as

124

00:05:03,290 --> 00:05:01,860

though she knew but we're not alone we

125

00:05:06,710 --> 00:05:03,300

already know we're not alone there's

126

00:05:09,590 --> 00:05:06,720

there's uh you know there's later on

127

00:05:12,830 --> 00:05:09,600

like 1977 and my mom shut up about it

128

00:05:15,350 --> 00:05:12,840

for years but I took her to see a new

129

00:05:18,230 --> 00:05:15,360

movie that came out called Star Wars

130

00:05:21,050 --> 00:05:18,240

and for some reason I guess the Stars

131

00:05:23,210 --> 00:05:21,060

aligned for me that day because she just

132

00:05:26,210 --> 00:05:23,220

did a little disclosure number with me

133

00:05:28,010 --> 00:05:26,220

she said Son you have no idea how close

134

00:05:30,469 --> 00:05:28,020

the truth that movie is the different

135

00:05:33,050 --> 00:05:30,479

races of aliens the different spaceships

136

00:05:35,510 --> 00:05:33,060

all of that she said it's really like

137

00:05:38,990 --> 00:05:35,520

that and it's really that it's not

138

00:05:41,330 --> 00:05:39,000

far-fetched and she said uh you know all

139

00:05:43,969 --> 00:05:41,340

that is real she said it's it's realer

140

00:05:46,909 --> 00:05:43,979

than you'll ever know

141

00:05:49,490 --> 00:05:46,919

and that phrase stuck with me for many

142

00:05:51,409 --> 00:05:49,500

years I tried to get her to talk a

143

00:05:53,450 --> 00:05:51,419

little bit more I mean I see you have

144

00:05:56,689 --> 00:05:53,460

Bob Lazar's book sitting there now I

145

00:05:58,370 --> 00:05:56,699

asked my mom like 1999. uh do you know

146

00:06:01,370 --> 00:05:58,380

about Bob Lazar do you ever hear of this

147

00:06:04,070 --> 00:06:01,380

guy because my mom went on to work as a

148

00:06:07,070 --> 00:06:04,080

a corporate Headhunter for the aerospace

149

00:06:09,230 --> 00:06:07,080

companies that's what she did uh she was

150

00:06:11,570 --> 00:06:09,240

still doing that up until like a couple

151
00:06:13,670 --> 00:06:11,580
years before she passed away she passed

152
00:06:16,430 --> 00:06:13,680
away in 1999.

153
00:06:18,830 --> 00:06:16,440
and uh you know Bob Lazar and she kind

154
00:06:20,870 --> 00:06:18,840
of looked uncomfortable and she said Bob

155
00:06:23,090 --> 00:06:20,880
laser that's not a real name what do you

156
00:06:24,950 --> 00:06:23,100
mean you know she would try to change

157
00:06:27,650 --> 00:06:24,960
the subject

158
00:06:29,510 --> 00:06:27,660
um at one point when I was a kid you

159
00:06:33,770 --> 00:06:29,520
know I I was talking about this at

160
00:06:36,050 --> 00:06:33,780
school and and a teacher actually

161
00:06:39,469 --> 00:06:36,060
did a parent-teacher conference with my

162
00:06:42,110 --> 00:06:39,479
mom and I got a little lecture driving

163
00:06:44,390 --> 00:06:42,120

home I was 10 years old and my mom said

164

00:06:46,550 --> 00:06:44,400

you know son I'm not mad at you how did

165

00:06:48,529 --> 00:06:46,560

you remember this stuff you were a baby

166

00:06:50,990 --> 00:06:48,539

when I told you this you were five years

167

00:06:52,370 --> 00:06:51,000

old I wouldn't have told you if I

168

00:06:54,469 --> 00:06:52,380

thought you're going to remember it and

169

00:06:56,870 --> 00:06:54,479

for God's sake you can't talk about this

170

00:06:59,390 --> 00:06:56,880

to people and and especially not at

171

00:07:01,850 --> 00:06:59,400

school she said people don't know about

172

00:07:03,529 --> 00:07:01,860

this stuff and she said your mom could

173

00:07:04,909 --> 00:07:03,539

get into big trouble your mom could go

174

00:07:06,309 --> 00:07:04,919

to prison

175

00:07:10,610 --> 00:07:06,319

yeah

176
00:07:13,550 --> 00:07:10,620
so this is that that's the atmosphere I

177
00:07:16,070 --> 00:07:13,560
grew up in and as I got older after my

178
00:07:17,870 --> 00:07:16,080
mom passed as long as she was alive

179
00:07:19,850 --> 00:07:17,880
there was always a chance that she would

180
00:07:22,730 --> 00:07:19,860
give me a little more information about

181
00:07:25,790 --> 00:07:22,740
this subject

182
00:07:29,270 --> 00:07:25,800
um but when my mom passed I decided uh I

183
00:07:30,249 --> 00:07:29,280
started reading UFO books I started kind

184
00:07:32,510 --> 00:07:30,259
of

185
00:07:35,390 --> 00:07:32,520
researching the whole subject for myself

186
00:07:37,610 --> 00:07:35,400
and I felt like I hit a you know a brick

187
00:07:40,070 --> 00:07:37,620
wall there were so many different

188
00:07:42,350 --> 00:07:40,080

attitudes and ideas out there and and

189

00:07:44,990 --> 00:07:42,360

they couldn't all be true

190

00:07:47,150 --> 00:07:45,000

and that's when I decided to join mufon

191

00:07:50,749 --> 00:07:47,160

and become a field investigator and and

192

00:07:52,850 --> 00:07:50,759

actually investigate UFOs myself

193

00:07:56,950 --> 00:07:52,860

what year was that Arrow did you start

194

00:07:59,870 --> 00:07:56,960

with my phone I started uh it was

195

00:08:03,290 --> 00:07:59,880

2015 when I joined

196

00:08:05,870 --> 00:08:03,300

uh at the end of 2015 that's when I

197

00:08:07,730 --> 00:08:05,880

became a field investigator uh you take

198

00:08:10,490 --> 00:08:07,740

a test

199

00:08:12,529 --> 00:08:10,500

um they Mentor you uh my friend Jeff

200

00:08:16,730 --> 00:08:12,539

Krauss was the state director at that

201
00:08:18,409 --> 00:08:16,740
time uh and he was my first Mentor in in

202
00:08:22,129 --> 00:08:18,419
ufology

203
00:08:24,350 --> 00:08:22,139
and uh and I learned a lot from Jeff but

204
00:08:25,550 --> 00:08:24,360
you know there's nothing like feet on

205
00:08:29,089 --> 00:08:25,560
the ground

206
00:08:31,329 --> 00:08:29,099
uh getting your own cases uh and I I

207
00:08:35,029 --> 00:08:31,339
sort of went to it like a fish to water

208
00:08:37,610 --> 00:08:35,039
and uh you mentioned by 900 cases I mean

209
00:08:39,649 --> 00:08:37,620
I was just I happened to look in in this

210
00:08:41,389 --> 00:08:39,659
the move on uh computer management

211
00:08:43,909 --> 00:08:41,399
system the other day it's like I wonder

212
00:08:46,670 --> 00:08:43,919
how many cases I've done at this point I

213
00:08:49,370 --> 00:08:46,680

looked it up it was it was 900 and

214

00:08:52,370 --> 00:08:49,380

something at this point so

215

00:08:54,350 --> 00:08:52,380

um that's a lot of UFO cases out of that

216

00:08:58,850 --> 00:08:54,360

900 there's about

217

00:09:00,350 --> 00:08:58,860

80 that I have classified as actual UFOs

218

00:09:02,810 --> 00:09:00,360

uh

219

00:09:05,090 --> 00:09:02,820

Jay Allen heideck who is the head

220

00:09:06,710 --> 00:09:05,100

scientist with Project Blue Book he he

221

00:09:10,610 --> 00:09:06,720

kind of came up with a rule of thumb

222

00:09:12,410 --> 00:09:10,620

where he said 90 to 95 percent of UFO

223

00:09:15,290 --> 00:09:12,420

reports that come in wind up being

224

00:09:18,110 --> 00:09:15,300

prosaic objects something you know a

225

00:09:21,070 --> 00:09:18,120

natural phenomena or a man-made

226

00:09:24,350 --> 00:09:21,080

phenomena that people uh misidentified

227

00:09:26,150 --> 00:09:24,360

so my numbers are kind of that that's

228

00:09:29,329 --> 00:09:26,160

the same as heinek's you know it's

229

00:09:31,670 --> 00:09:29,339

probably five to eight percent uh that

230

00:09:33,910 --> 00:09:31,680

that wound up being UFOs

231

00:09:37,910 --> 00:09:33,920

and and some of those cases are

232

00:09:40,370 --> 00:09:37,920

eye-popping and mind-blowing and uh and

233

00:09:41,990 --> 00:09:40,380

they align with what my mom told me as a

234

00:09:42,590 --> 00:09:42,000

child

235

00:09:45,110 --> 00:09:42,600

um

236

00:09:47,449 --> 00:09:45,120

I at this point I've even had people

237

00:09:49,610 --> 00:09:47,459

from the Department of Defense tell me

238

00:09:51,470 --> 00:09:49,620

that I had one guy tell me you can be

239

00:09:53,870 --> 00:09:51,480

very proud of your mom and and the work

240

00:09:57,710 --> 00:09:53,880

that she did she didn't lie to you I've

241

00:09:59,570 --> 00:09:57,720

read her file and I said well tell me a

242

00:10:01,490 --> 00:09:59,580

little bit more what was she doing you

243

00:10:03,170 --> 00:10:01,500

know what was she doing under the desert

244

00:10:05,329 --> 00:10:03,180

and all that and he said I can't tell

245

00:10:07,850 --> 00:10:05,339

you because her file is sealed but you

246

00:10:10,190 --> 00:10:07,860

can be very proud of her

247

00:10:12,230 --> 00:10:10,200

um and that that's that's how it started

248

00:10:15,170 --> 00:10:12,240

for me and I love it you know I I feel

249

00:10:17,570 --> 00:10:15,180

like uh I don't know that anybody truly

250

00:10:20,449 --> 00:10:17,580

understands this phenomena because it is

251
00:10:22,250 --> 00:10:20,459
weird and I think it's been with us

252
00:10:23,449 --> 00:10:22,260
forever and ever I don't think it's a

253
00:10:25,190 --> 00:10:23,459
new thing

254
00:10:27,889 --> 00:10:25,200
well let me say there's a lot to dive

255
00:10:30,170 --> 00:10:27,899
into there and your your mom certainly

256
00:10:32,389 --> 00:10:30,180
sounds like loved an incredible life and

257
00:10:34,370 --> 00:10:32,399
again we talked about the mistake of The

258
00:10:36,170 --> 00:10:34,380
Beatles before we recorded and it sounds

259
00:10:37,910 --> 00:10:36,180
like and we talked about how you know if

260
00:10:39,949 --> 00:10:37,920
the Beatles hadn't broken up what could

261
00:10:42,290 --> 00:10:39,959
have been but it's almost the meth

262
00:10:44,449 --> 00:10:42,300
around them is is even bigger because we

263
00:10:46,130 --> 00:10:44,459

don't know and same with your mum you

264

00:10:48,170 --> 00:10:46,140

know almost I'm sure there's a

265

00:10:50,930 --> 00:10:48,180

frustration you don't know what your

266

00:10:53,810 --> 00:10:50,940

mother actually did yeah what she

267

00:10:56,090 --> 00:10:53,820

witnessed but there's that imagination

268

00:10:58,250 --> 00:10:56,100

it's almost childlike isn't it that yeah

269

00:11:01,790 --> 00:10:58,260

it's it's bigger than the real than the

270

00:11:04,370 --> 00:11:01,800

real thing I kind of I'm one of my i i a

271

00:11:06,650 --> 00:11:04,380

good guess obvious though my mom was a

272

00:11:09,050 --> 00:11:06,660

computer expert and this was before the

273

00:11:11,750 --> 00:11:09,060

internet and all that

274

00:11:13,910 --> 00:11:11,760

um and and she she had this office where

275

00:11:15,949 --> 00:11:13,920

she trained people uh all the various

276

00:11:18,829 --> 00:11:15,959

computer systems

277

00:11:22,430 --> 00:11:18,839

and uh this was when she was working uh

278

00:11:24,530 --> 00:11:22,440

as as a as a corporate headhunter

279

00:11:27,470 --> 00:11:24,540

and uh she learned how to do that

280

00:11:29,210 --> 00:11:27,480

somewhere uh and and I I imagine that it

281

00:11:30,769 --> 00:11:29,220

was back when she was working with

282

00:11:34,490 --> 00:11:30,779

Hughes

283

00:11:36,949 --> 00:11:34,500

um I I've had another case where uh this

284

00:11:39,949 --> 00:11:36,959

one family their their father told the

285

00:11:42,410 --> 00:11:39,959

same story that my mom told me but they

286

00:11:43,970 --> 00:11:42,420

they knew where it was they had they had

287

00:11:46,730 --> 00:11:43,980

actually seen where their father worked

288

00:11:49,550 --> 00:11:46,740

and it was in White Sands New Mexico

289

00:11:52,790 --> 00:11:49,560

and it was an underground computer base

290

00:11:55,430 --> 00:11:52,800

and this was back around 1961.

291

00:11:59,509 --> 00:11:55,440

my mom was working under the desert for

292

00:12:01,310 --> 00:11:59,519

Hughes back from 1955 until I was born

293

00:12:03,590 --> 00:12:01,320

she said that she was still working

294

00:12:07,610 --> 00:12:03,600

there when she was pregnant with me

295

00:12:09,710 --> 00:12:07,620

and uh in May May 29th of 1958 that she

296

00:12:12,050 --> 00:12:09,720

officially quit because that was the day

297

00:12:15,170 --> 00:12:12,060

I was born

298

00:12:17,870 --> 00:12:15,180

um but uh yeah that that's something

299

00:12:20,329 --> 00:12:17,880

strange too you know when I was uh

300

00:12:22,550 --> 00:12:20,339

when I was maybe 21 years old I was

301

00:12:25,490 --> 00:12:22,560

trying to get my mom to talk more I just

302

00:12:26,930 --> 00:12:25,500

kind of get frustrated well Mom tell me

303

00:12:29,569 --> 00:12:26,940

a little bit more what were you doing

304

00:12:32,150 --> 00:12:29,579

Under the Desert you never said any you

305

00:12:33,889 --> 00:12:32,160

know told me any details and she'd get

306

00:12:35,569 --> 00:12:33,899

frustrated she'd sort of raise an

307

00:12:39,110 --> 00:12:35,579

eyebrow and walk out of the room because

308

00:12:41,509 --> 00:12:39,120

you know she couldn't she couldn't say

309

00:12:44,030 --> 00:12:41,519

um but this one time she turned around

310

00:12:45,470 --> 00:12:44,040

and she came back and she said I'm not I

311

00:12:48,050 --> 00:12:45,480

can't tell you much but I'll tell you

312

00:12:49,790 --> 00:12:48,060

one thing you were down there

313

00:12:51,769 --> 00:12:49,800

and I said what do you mean I was down

314

00:12:53,389 --> 00:12:51,779

there she said I was pregnant with you

315

00:12:56,690 --> 00:12:53,399

so technically you were down in the

316

00:13:00,650 --> 00:12:56,700

little city under the desert as well uh

317

00:13:02,030 --> 00:13:00,660

I don't remember it but there you go

318

00:13:04,790 --> 00:13:02,040

um I don't know maybe they did something

319

00:13:05,530 --> 00:13:04,800

to me down there and make me such a you

320

00:13:07,610 --> 00:13:05,540

know

321

00:13:09,410 --> 00:13:07,620

a weirdo

322

00:13:12,170 --> 00:13:09,420

she was right oh well listen we're all

323

00:13:14,690 --> 00:13:12,180

weirdos in this together I want to know

324

00:13:17,990 --> 00:13:14,700

you mentioned Daryl you you joined mifon

325

00:13:21,350 --> 00:13:18,000

in 2015. now that's that's been as we

326

00:13:23,329 --> 00:13:21,360

record this for 2023 and my maths were

327

00:13:25,370 --> 00:13:23,339

eight years you've been there seven and

328

00:13:27,610 --> 00:13:25,380

a half eight years probably and that's

329

00:13:30,290 --> 00:13:27,620

been a really interesting time because

330

00:13:33,530 --> 00:13:30,300

2017 we had the New York Times article

331

00:13:36,290 --> 00:13:33,540

drop and the UFO subject took a bit of a

332

00:13:40,129 --> 00:13:36,300

change and a fortune Road for many so

333

00:13:42,530 --> 00:13:40,139

you were there through 2015 16 into 17.

334

00:13:45,590 --> 00:13:42,540

did you see much of a change from those

335

00:13:48,230 --> 00:13:45,600

first couple of years in the UFO subject

336

00:13:50,389 --> 00:13:48,240

to what happened then in 2017 well

337

00:13:52,250 --> 00:13:50,399

people ask me all the time when do you

338

00:13:54,710 --> 00:13:52,260

think disclosure is going to happen and

339

00:13:57,050 --> 00:13:54,720

I tell them it already did it was on the

340

00:13:59,810 --> 00:13:57,060

front page of the New York Times you

341

00:14:02,150 --> 00:13:59,820

know and that was the whole Tic Tac UFO

342

00:14:05,629 --> 00:14:02,160

thing that happened with the USS Nimitz

343

00:14:09,050 --> 00:14:05,639

and in the Princeton Kevin day you know

344

00:14:11,930 --> 00:14:09,060

was the the head of radar deck guy

345

00:14:14,329 --> 00:14:11,940

and this was on the front page of the

346

00:14:17,690 --> 00:14:14,339

New York Times talking about the Tic Tac

347

00:14:20,150 --> 00:14:17,700

off of Catalina Island apparently it

348

00:14:23,389 --> 00:14:20,160

started out with a fleet of UFOs that

349

00:14:25,730 --> 00:14:23,399

they were catching on on the radar

350

00:14:28,550 --> 00:14:25,740

and they saw them for about a week

351
00:14:31,430 --> 00:14:28,560
coming down at a low earth orbit down to

352
00:14:33,670 --> 00:14:31,440
sea level and then shooting back up

353
00:14:36,470 --> 00:14:33,680
and at first they thought that the the

354
00:14:39,530 --> 00:14:36,480
radar it was it was a new radar system

355
00:14:41,210 --> 00:14:39,540
that was very detailed and they thought

356
00:14:43,129 --> 00:14:41,220
that maybe they were having problems

357
00:14:45,590 --> 00:14:43,139
with it they had everything checked out

358
00:14:48,230 --> 00:14:45,600
the radar unit was working perfectly

359
00:14:50,629 --> 00:14:48,240
there was nothing wrong with it so after

360
00:14:53,689 --> 00:14:50,639
about a week they sent us modern planes

361
00:14:56,410 --> 00:14:53,699
out to see what was going on and that's

362
00:14:58,610 --> 00:14:56,420
where you've got that video that was

363
00:15:02,030 --> 00:14:58,620

surreptitiously released to the public

364

00:15:04,970 --> 00:15:02,040

first I mean the the Department of

365

00:15:07,870 --> 00:15:04,980

Defense they were their hand was forced

366

00:15:10,310 --> 00:15:07,880

is what happened they couldn't deny it

367

00:15:13,250 --> 00:15:10,320

anybody that had a background in science

368

00:15:15,769 --> 00:15:13,260

knew what that video showed

369

00:15:17,930 --> 00:15:15,779

um and this thing was traveling 18 times

370

00:15:20,750 --> 00:15:17,940

speed of of sound

371

00:15:23,389 --> 00:15:20,760

uh it was a Mach 18. it didn't create a

372

00:15:26,269 --> 00:15:23,399

single Sonic Boom which should be

373

00:15:28,670 --> 00:15:26,279

impossible had some way of negating the

374

00:15:31,250 --> 00:15:28,680

mass of that ship

375

00:15:33,710 --> 00:15:31,260

and so it you know if you can negate the

376

00:15:36,170 --> 00:15:33,720

missing something you can tactically

377

00:15:37,790 --> 00:15:36,180

travel faster in the speed of light

378

00:15:41,210 --> 00:15:37,800

that's the only thing that makes

379

00:15:43,310 --> 00:15:41,220

Einstein's speed limit work

380

00:15:48,470 --> 00:15:43,320

um so it was something very strange it

381

00:15:51,710 --> 00:15:48,480

was making 90 degree turns uh at Mach

382

00:15:54,769 --> 00:15:51,720

18. I mean if if somebody was crafted

383

00:15:56,389 --> 00:15:54,779

and I imagined that it had a pilot why

384

00:15:58,790 --> 00:15:56,399

do you make a drone that's 40 feet

385

00:16:01,490 --> 00:15:58,800

across and 20 feet wide I mean there's

386

00:16:03,350 --> 00:16:01,500

no reason you know there's no reason to

387

00:16:05,090 --> 00:16:03,360

make a drone that big that's like a Hab

388

00:16:06,949 --> 00:16:05,100

module

389

00:16:08,870 --> 00:16:06,959

um did that but if you make a 90 degree

390

00:16:12,530 --> 00:16:08,880

turn you're going to be like jelly on

391

00:16:14,389 --> 00:16:12,540

the wall you know but yeah they're using

392

00:16:17,569 --> 00:16:14,399

something that we don't have

393

00:16:20,509 --> 00:16:17,579

that change how how you were viewing the

394

00:16:22,730 --> 00:16:20,519

UFO subject from that point on

395

00:16:25,730 --> 00:16:22,740

um it didn't so much change the way that

396

00:16:27,889 --> 00:16:25,740

I viewed the UFO subject as much as it

397

00:16:30,769 --> 00:16:27,899

did the public

398

00:16:32,389 --> 00:16:30,779

um what I noticed was before before that

399

00:16:34,009 --> 00:16:32,399

article was on the front page of the

400

00:16:36,110 --> 00:16:34,019

times people you know science

401
00:16:39,550 --> 00:16:36,120
backgrounds and stuff would roll their

402
00:16:41,569 --> 00:16:39,560
eyes at me uh you know my my

403
00:16:44,090 --> 00:16:41,579
ex-father-in-law worked on the Apollo

404
00:16:46,550 --> 00:16:44,100
program and I'd talk about UFOs and

405
00:16:50,389 --> 00:16:46,560
you'd laugh you know you thought it was

406
00:16:55,129 --> 00:16:50,399
you know so much BS and uh everything

407
00:16:58,189 --> 00:16:55,139
seemed to shift uh I you know I probably

408
00:17:01,730 --> 00:16:58,199
have more friends who are scientists uh

409
00:17:04,490 --> 00:17:01,740
doctors you know people with a science

410
00:17:06,650 --> 00:17:04,500
background that are colleagues now than

411
00:17:08,710 --> 00:17:06,660
than anything

412
00:17:10,909 --> 00:17:08,720
um people take it very very seriously

413
00:17:12,470 --> 00:17:10,919

Congress has certainly taken it

414

00:17:14,150 --> 00:17:12,480

seriously I mean Congress has been

415

00:17:16,669 --> 00:17:14,160

meeting with mufon

416

00:17:19,010 --> 00:17:16,679

openly uh I think they've always

417

00:17:21,590 --> 00:17:19,020

probably had a back door into mufon

418

00:17:24,110 --> 00:17:21,600

because you know it's it's a Department

419

00:17:25,970 --> 00:17:24,120

of Defense they can do pretty much what

420

00:17:28,549 --> 00:17:25,980

they want if they want to read something

421

00:17:31,070 --> 00:17:28,559

or see something you know they can get

422

00:17:34,610 --> 00:17:31,080

into your files people

423

00:17:37,250 --> 00:17:34,620

um but now here they are out and openly

424

00:17:39,950 --> 00:17:37,260

saying yes we want to work with mufon

425

00:17:43,310 --> 00:17:39,960

uh and and that boy oh boy that's that's

426

00:17:46,010 --> 00:17:43,320

a sea change that is saying openly to

427

00:17:49,010 --> 00:17:46,020

everybody yes we are taking this very

428

00:17:51,010 --> 00:17:49,020

very seriously this is a real thing

429

00:17:54,049 --> 00:17:51,020

um so it's shifted

430

00:17:57,110 --> 00:17:54,059

and listen let's talk about miffon then

431

00:17:59,750 --> 00:17:57,120

because as an organization I I know

432

00:18:01,669 --> 00:17:59,760

about it and there are many listeners

433

00:18:04,610 --> 00:18:01,679

who will know about it it's the mutual

434

00:18:07,010 --> 00:18:04,620

UFO Network however I think sometimes it

435

00:18:08,450 --> 00:18:07,020

can go under the radar pardoned upon you

436

00:18:10,970 --> 00:18:08,460

know talking about radar death and all

437

00:18:12,409 --> 00:18:10,980

that that are so many listeners out

438

00:18:14,270 --> 00:18:12,419

there who don't know about miffon

439

00:18:16,130 --> 00:18:14,280

because people get in touch with me

440

00:18:18,110 --> 00:18:16,140

purely because they listen to this

441

00:18:20,210 --> 00:18:18,120

podcast for their UFO news or other

442

00:18:22,010 --> 00:18:20,220

podcasts and they don't know how to

443

00:18:24,350 --> 00:18:22,020

submit reports they don't know where to

444

00:18:25,610 --> 00:18:24,360

talk about their sightings so there are

445

00:18:29,750 --> 00:18:25,620

people out there who don't know what it

446

00:18:31,970 --> 00:18:29,760

is so what is the mutual UFO Network

447

00:18:35,210 --> 00:18:31,980

um we are a private organization we're

448

00:18:38,510 --> 00:18:35,220

civilians uh we uh

449

00:18:41,390 --> 00:18:38,520

we're a non-profit we all do this for

450

00:18:44,510 --> 00:18:41,400

the love of the phenomena and to

451

00:18:47,330 --> 00:18:44,520

understand the phenomenon

452

00:18:49,549 --> 00:18:47,340

um we we open doors when Project Blue

453

00:18:51,730 --> 00:18:49,559

Book closed theirs Project Blue Book was

454

00:18:53,289 --> 00:18:51,740

the government's first official

455

00:18:56,690 --> 00:18:53,299

officially

456

00:19:00,770 --> 00:18:56,700

announced uh investigation of the UFO

457

00:19:03,370 --> 00:19:00,780

phenomenon and they closed doors in 1969

458

00:19:08,650 --> 00:19:03,380

and that's when mufon opened theirs in

459

00:19:14,810 --> 00:19:11,450

m-u-f-o-n.com it's a mutual UFO network

460

00:19:16,909 --> 00:19:14,820

is what the acronym stands for the first

461

00:19:19,850 --> 00:19:16,919

thing you'll see is uh you'll have a

462

00:19:22,370 --> 00:19:19,860

little uh a little button that says a

463

00:19:24,950 --> 00:19:22,380

reporter UFO and there's another one

464

00:19:27,710 --> 00:19:24,960

report and entity so if if somebody is

465

00:19:29,330 --> 00:19:27,720

has been abducted or had a visitation or

466

00:19:33,650 --> 00:19:29,340

if they've had a close encounter with a

467

00:19:37,070 --> 00:19:33,660

craft or seen a craft from afar you can

468

00:19:39,289 --> 00:19:37,080

put in a report about it and if you like

469

00:19:41,090 --> 00:19:39,299

me will call you up and talk with you on

470

00:19:43,730 --> 00:19:41,100

the phone

471

00:19:46,789 --> 00:19:43,740

um for some cases I'll go out to the

472

00:19:50,330 --> 00:19:46,799

site you know if there was a landing

473

00:19:53,390 --> 00:19:50,340

observed or or a crash or something that

474

00:19:54,950 --> 00:19:53,400

was on uh you know street level kind of

475

00:19:57,409 --> 00:19:54,960

stuff

476

00:20:00,230 --> 00:19:57,419

um I I've got uh people that can go

477

00:20:02,390 --> 00:20:00,240

out and and take samples and and we know

478

00:20:04,430 --> 00:20:02,400

how to do that you know

479

00:20:05,770 --> 00:20:04,440

uh and that's that's worldwide as well

480

00:20:08,810 --> 00:20:05,780

isn't it

481

00:20:12,110 --> 00:20:08,820

worldwide uh organization and we we do

482

00:20:15,470 --> 00:20:12,120

have a new uh director of a European

483

00:20:18,230 --> 00:20:15,480

director and he lives in the UK so and

484

00:20:20,570 --> 00:20:18,240

and we get uh citing reports from the UK

485

00:20:24,830 --> 00:20:20,580

all the time but not not as many as we

486

00:20:28,130 --> 00:20:24,840

should uh I know uh you know I write a a

487

00:20:32,029 --> 00:20:28,140

regular column for outer limits magazine

488

00:20:33,770 --> 00:20:32,039

it's a British UFO periodical

489

00:20:37,010 --> 00:20:33,780

um and I hear from people all the time

490

00:20:40,029 --> 00:20:37,020

about UFO sightings and stuff in in the

491

00:20:42,890 --> 00:20:40,039

UK and and elsewhere uh over the pond

492

00:20:44,690 --> 00:20:42,900

and oftentimes they like you were saying

493

00:20:46,669 --> 00:20:44,700

they don't know where to report them or

494

00:20:49,430 --> 00:20:46,679

where somebody will take them seriously

495

00:20:51,710 --> 00:20:49,440

and you know people tell me oh I try I

496

00:20:54,710 --> 00:20:51,720

called the Air Force I called the NSA

497

00:20:56,270 --> 00:20:54,720

you know I called yeah yeah and well

498

00:20:57,710 --> 00:20:56,280

they're they're either going to sweep it

499

00:21:01,850 --> 00:20:57,720

under the floor

500

00:21:03,350 --> 00:21:01,860

or uh if if anybody else saw that UFO

501
00:21:06,529 --> 00:21:03,360
they're certainly not going to tell you

502
00:21:09,049 --> 00:21:06,539
but if you get a hold of mufon uh if

503
00:21:12,289 --> 00:21:09,059
what you saw was something like SpaceX

504
00:21:16,010 --> 00:21:12,299
or or a drone or something like that we

505
00:21:19,010 --> 00:21:16,020
can you know we're we're very good at

506
00:21:22,669 --> 00:21:19,020
figuring out what's in videos and what

507
00:21:24,409 --> 00:21:22,679
photographs you know people have

508
00:21:27,950 --> 00:21:24,419
um chances are I can tell you what it

509
00:21:30,230 --> 00:21:27,960
was that you saw if it was a UFO

510
00:21:33,350 --> 00:21:30,240
um I will tell you that if other people

511
00:21:34,669 --> 00:21:33,360
saw it I'll let you know that let me ask

512
00:21:36,710 --> 00:21:34,679
girl because that's a really good point

513
00:21:39,110 --> 00:21:36,720

so I think it goes without saying that

514

00:21:41,090 --> 00:21:39,120

I'm I'm a believer I'm a fan of the UFO

515

00:21:43,669 --> 00:21:41,100

subject for I mean God I've got a

516

00:21:46,010 --> 00:21:43,679

podcast on it not long before I started

517

00:21:48,590 --> 00:21:46,020

the podcast I had my my second

518

00:21:50,810 --> 00:21:48,600

substantial sighting in my life when I

519

00:21:53,330 --> 00:21:50,820

saw a black triangle not too far from

520

00:21:54,890 --> 00:21:53,340

where I lived about 100 feet in the air

521

00:21:56,750 --> 00:21:54,900

um it wasn't high up

522

00:21:58,190 --> 00:21:56,760

um another witness saw it but I was

523

00:21:59,990 --> 00:21:58,200

driving at the time I've told the story

524

00:22:02,270 --> 00:22:00,000

a few times on the podcast but for your

525

00:22:04,190 --> 00:22:02,280

benefit I'll share it so apologies folks

526

00:22:05,750 --> 00:22:04,200

if some of you have had this already I

527

00:22:08,570 --> 00:22:05,760

was driving home from work it was about

528

00:22:10,250 --> 00:22:08,580

6 p.m roughly and you can take the The

529

00:22:12,649 --> 00:22:10,260

Busy Highway as you would call it the

530

00:22:14,690 --> 00:22:12,659

motorway home and you sit in traffic or

531

00:22:17,930 --> 00:22:14,700

you can take a kind of back back Country

532

00:22:19,789 --> 00:22:17,940

Road and it's quieter but still pretty

533

00:22:22,490 --> 00:22:19,799

busy so I'm not saying this was a you

534

00:22:25,130 --> 00:22:22,500

know secluded area by any means and

535

00:22:27,169 --> 00:22:25,140

coming along a road very very close to

536

00:22:29,149 --> 00:22:27,179

an airport very close to Newcastle

537

00:22:30,470 --> 00:22:29,159

airport so I'm very aware of aircraft

538

00:22:32,090 --> 00:22:30,480

coming in

539

00:22:34,310 --> 00:22:32,100

um going along the road there was a

540

00:22:35,630 --> 00:22:34,320

plane coming along can I as if I'm

541

00:22:37,250 --> 00:22:35,640

driving along the road there was an

542

00:22:39,830 --> 00:22:37,260

aircraft coming in

543

00:22:41,870 --> 00:22:39,840

but as I got closer the aircraft didn't

544

00:22:43,970 --> 00:22:41,880

seem to have moved and I'm very aware

545

00:22:45,950 --> 00:22:43,980

having seen it myself aircraft

546

00:22:47,990 --> 00:22:45,960

especially at night in the dark can look

547

00:22:49,970 --> 00:22:48,000

like they're not moving depending on

548

00:22:51,590 --> 00:22:49,980

wind speed and position of the lights

549

00:22:54,049 --> 00:22:51,600

and the driving speed and all that kind

550

00:22:55,970 --> 00:22:54,059

of stuff so I saw it ah these two lights

551
00:22:58,310 --> 00:22:55,980
still hadn't moved got a bit closer

552
00:22:59,870 --> 00:22:58,320
again those two lights definitely look

553
00:23:01,310 --> 00:22:59,880
like they're very very low down just

554
00:23:02,690 --> 00:23:01,320
above like in a tree line that was next

555
00:23:05,390 --> 00:23:02,700
to me

556
00:23:07,669 --> 00:23:05,400
I then notice as my as my right turn is

557
00:23:09,230 --> 00:23:07,679
coming up a white van had pulled over at

558
00:23:11,330 --> 00:23:09,240
the side of the road and it wasn't a

559
00:23:14,330 --> 00:23:11,340
very safe place to pull over and as I

560
00:23:17,450 --> 00:23:14,340
get past the van the guy is hanging out

561
00:23:19,310 --> 00:23:17,460
his van looking up and I look up at the

562
00:23:20,090 --> 00:23:19,320
same time again as I pass under the two

563
00:23:23,810 --> 00:23:20,100

lights

564

00:23:25,669 --> 00:23:23,820

coming in towards the airport has the

565

00:23:27,890 --> 00:23:25,679

flashing Landing lights in the gears or

566

00:23:29,210 --> 00:23:27,900

you see the windows or the tail there's

567

00:23:32,210 --> 00:23:29,220

other there's more than just those two

568

00:23:34,850 --> 00:23:32,220

lights as I pass under it against the

569

00:23:37,010 --> 00:23:34,860

black night sky I can make out it's a

570

00:23:38,450 --> 00:23:37,020

black triangular shape now the two

571

00:23:41,210 --> 00:23:38,460

lights were only on the back of the

572

00:23:43,610 --> 00:23:41,220

triangle there was nothing on the front

573

00:23:45,230 --> 00:23:43,620

so but normally you would expect to see

574

00:23:48,049 --> 00:23:45,240

something or make out the outline I

575

00:23:49,430 --> 00:23:48,059

wouldn't have seen it had the two lights

576

00:23:51,230 --> 00:23:49,440

not been there I could have sat

577

00:23:52,250 --> 00:23:51,240

perfectly still against a night sky and

578

00:23:55,130 --> 00:23:52,260

I wouldn't have seen it but it was

579

00:23:57,770 --> 00:23:55,140

definitely about 150 feet at most in the

580

00:24:00,770 --> 00:23:57,780

air so by the time I managed to turn the

581

00:24:03,110 --> 00:24:00,780

car around on a very busy fast Road

582

00:24:05,090 --> 00:24:03,120

I see in my rear view mirror that it

583

00:24:06,710 --> 00:24:05,100

started moving off diagonally over the

584

00:24:08,630 --> 00:24:06,720

Treetops

585

00:24:10,669 --> 00:24:08,640

another light had come on the front of

586

00:24:12,529 --> 00:24:10,679

it and I spoke to David marlar who

587

00:24:14,990 --> 00:24:12,539

obviously is one of the world's if not

588

00:24:17,270 --> 00:24:15,000

the world's foremost expert Dave knows

589

00:24:18,770 --> 00:24:17,280

his triangles yeah he certainly does and

590

00:24:21,169 --> 00:24:18,780

I told him this and he said he'd never

591

00:24:23,029 --> 00:24:21,179

heard of this before another light came

592

00:24:25,970 --> 00:24:23,039

on at the front of the craft that seemed

593

00:24:27,409 --> 00:24:25,980

to flash very sporadically this hadn't

594

00:24:31,190 --> 00:24:27,419

been on before

595

00:24:33,289 --> 00:24:31,200

so as I tried to go back I got round the

596

00:24:36,289 --> 00:24:33,299

basically where the tree line was I'd

597

00:24:38,210 --> 00:24:36,299

traced my path along it then opens up to

598

00:24:41,090 --> 00:24:38,220

an expansive field which then leads over

599

00:24:42,350 --> 00:24:41,100

to the airport so if it's an aircraft it

600

00:24:43,549 --> 00:24:42,360

would have still been there there was

601
00:24:46,190 --> 00:24:43,559
nothing there

602
00:24:49,310 --> 00:24:46,200
so it was gone that was it so that was

603
00:24:50,390 --> 00:24:49,320
that was like exciting for me however my

604
00:24:53,270 --> 00:24:50,400
point being

605
00:24:55,970 --> 00:24:53,280
I then went home told my wife very

606
00:24:57,590 --> 00:24:55,980
excitedly she told me and at the time

607
00:24:59,029 --> 00:24:57,600
sort of gave me the idea down the line

608
00:25:01,669 --> 00:24:59,039
to start a podcast just with an

609
00:25:03,409 --> 00:25:01,679
off-the-cuff comment and here we are I

610
00:25:06,409 --> 00:25:03,419
didn't report that to anyone and here's

611
00:25:08,090 --> 00:25:06,419
me who was a a fan of the UFO subject I

612
00:25:09,710 --> 00:25:08,100
believe or someone who had an avid

613
00:25:11,930 --> 00:25:09,720

interest in UFOs

614

00:25:13,970 --> 00:25:11,940

I didn't phone the police I didn't

615

00:25:16,130 --> 00:25:13,980

report it you know to the the aviation

616

00:25:17,870 --> 00:25:16,140

authorities I didn't want to move on

617

00:25:21,230 --> 00:25:17,880

that didn't cross my mind

618

00:25:22,010 --> 00:25:21,240

if I had gone to miffon.com and failed a

619

00:25:24,950 --> 00:25:22,020

report

620

00:25:26,870 --> 00:25:24,960

what could I have expected to happen

621

00:25:29,090 --> 00:25:26,880

well somebody would have called you from

622

00:25:31,430 --> 00:25:29,100

mufon we would have asked you you know

623

00:25:33,409 --> 00:25:31,440

the date the time although you know if

624

00:25:35,990 --> 00:25:33,419

there's a place for you to type that in

625

00:25:39,890 --> 00:25:36,000

on on on the sheet that you you fill in

626
00:25:42,289 --> 00:25:39,900
if you are putting in a citing report

627
00:25:46,149 --> 00:25:42,299
um I would how did it make you feel

628
00:25:49,130 --> 00:25:46,159
seeing this and did you feel

629
00:25:50,570 --> 00:25:49,140
how did it make you feel do you know

630
00:25:53,630 --> 00:25:50,580
what it's really strange that looking

631
00:25:55,250 --> 00:25:53,640
back I wish I'd pulled over and just

632
00:25:57,289 --> 00:25:55,260
stopped the car in front of the van even

633
00:25:58,789 --> 00:25:57,299
though it was a pretty fast road to 60

634
00:26:02,029 --> 00:25:58,799
miles an hour

635
00:26:03,529 --> 00:26:02,039
and I could have filmed I was because I

636
00:26:06,350 --> 00:26:03,539
was driving I couldn't get my phone

637
00:26:08,510 --> 00:26:06,360
one-handed to start filming even if I

638
00:26:10,250 --> 00:26:08,520

had and we're going to get to this I

639

00:26:11,930 --> 00:26:10,260

don't think you'd have seen much with

640

00:26:14,390 --> 00:26:11,940

the camera phone against a very

641

00:26:16,370 --> 00:26:14,400

fast-moving Sky you would have barely

642

00:26:20,210 --> 00:26:16,380

made out the lights even I think that's

643

00:26:22,010 --> 00:26:20,220

why the painted black yeah exactly like

644

00:26:24,230 --> 00:26:22,020

it was an alien craft or do you feel

645

00:26:26,149 --> 00:26:24,240

like it might have been one of ours that

646

00:26:29,210 --> 00:26:26,159

that's my

647

00:26:31,250 --> 00:26:29,220

so I've said before I'm I'm pretty sure

648

00:26:34,669 --> 00:26:31,260

trying to be consistent that I've said I

649

00:26:39,350 --> 00:26:34,679

just got the feeling it

650

00:26:44,210 --> 00:26:42,049

not not an aircraft for example

651
00:26:46,970 --> 00:26:44,220
um I don't know why but the first thing

652
00:26:49,310 --> 00:26:46,980
that came to mind I phoned my wife while

653
00:26:51,289 --> 00:26:49,320
I was watching it and I basically talked

654
00:26:53,570 --> 00:26:51,299
and commented through what I was seeing

655
00:26:56,750 --> 00:26:53,580
it was the first thing that came to mind

656
00:27:00,049 --> 00:26:56,760
um and I I totally understand and

657
00:27:01,610 --> 00:27:00,059
appreciate now all those people who they

658
00:27:04,130 --> 00:27:01,620
say they saw something but they forget

659
00:27:05,930 --> 00:27:04,140
to get their phone out or they don't

660
00:27:08,090 --> 00:27:05,940
film it because what you think you would

661
00:27:10,549 --> 00:27:08,100
do you don't necessarily do in that

662
00:27:11,450 --> 00:27:10,559
situation no if you're really close to

663
00:27:14,450 --> 00:27:11,460

one

664

00:27:16,669 --> 00:27:14,460

and and uh now with the black triangles

665

00:27:19,490 --> 00:27:16,679

I I kind of think that they are probably

666

00:27:22,549 --> 00:27:19,500

ours but I think that it's that we did

667

00:27:25,430 --> 00:27:22,559

reverse engineering of alien craft to

668

00:27:28,070 --> 00:27:25,440

figure out how to do this

669

00:27:29,510 --> 00:27:28,080

um because you can't really I mean a

670

00:27:33,890 --> 00:27:29,520

couple of people that were trying to

671

00:27:37,130 --> 00:27:33,900

mess with anti-gravity uh you know using

672

00:27:41,630 --> 00:27:37,140

highly electrified magnetic fields and

673

00:27:44,090 --> 00:27:41,640

things like that but uh anyway I I I

674

00:27:46,730 --> 00:27:44,100

there's there's really no line of

675

00:27:49,070 --> 00:27:46,740

inventions leading up to the black

676

00:27:51,649 --> 00:27:49,080

triangles you know but I was talking

677

00:27:54,950 --> 00:27:51,659

with one guy who is uh well I've had a

678

00:27:58,010 --> 00:27:54,960

lot of aerospace engineers uh report

679

00:28:00,169 --> 00:27:58,020

these I've had police officers report

680

00:28:02,450 --> 00:28:00,179

the madwyn police officer that was about

681

00:28:05,149 --> 00:28:02,460

35 feet away from one

682

00:28:08,149 --> 00:28:05,159

uh he he was taking his dogs out at

683

00:28:10,490 --> 00:28:08,159

midnight he was off duty uh he lived at

684

00:28:12,470 --> 00:28:10,500

the foot of Bakersfield Airport and this

685

00:28:14,450 --> 00:28:12,480

thing was hanging at the end of the

686

00:28:15,769 --> 00:28:14,460

flight path of the airport

687

00:28:17,810 --> 00:28:15,779

and he said that he could see

688

00:28:20,570 --> 00:28:17,820

indentations in the side and it looked

689

00:28:23,630 --> 00:28:20,580

like uh like Hydraulics like you would

690

00:28:25,370 --> 00:28:23,640

see in an aircraft carrier is how he

691

00:28:27,529 --> 00:28:25,380

mentioned it I guess he had had a

692

00:28:29,570 --> 00:28:27,539

background in the Navy and he said it

693

00:28:31,730 --> 00:28:29,580

really it reminded me of the Hydraulics

694

00:28:34,370 --> 00:28:31,740

that you'd see in the aircraft carrier

695

00:28:37,430 --> 00:28:34,380

and you know usually when there's alien

696

00:28:39,710 --> 00:28:37,440

UFOs they they seem to be one-off you

697

00:28:42,110 --> 00:28:39,720

know I mean you have flying disc shape

698

00:28:43,990 --> 00:28:42,120

that's pretty popular but you know I

699

00:28:47,330 --> 00:28:44,000

mean we have

700

00:28:49,970 --> 00:28:47,340

blocky looking UFOs that look like a oh

701
00:28:52,730 --> 00:28:49,980
there was one in in Crawford Texas that

702
00:28:54,649 --> 00:28:52,740
they scrambled Jets out on that was they

703
00:28:56,570 --> 00:28:54,659
called it the flying Walmart because it

704
00:28:58,310 --> 00:28:56,580
looked like this big flying box with

705
00:28:59,570 --> 00:28:58,320
Windows on the side

706
00:29:01,370 --> 00:28:59,580
so

707
00:29:04,070 --> 00:29:01,380
um I think that there's it's very

708
00:29:08,590 --> 00:29:04,080
distinct uh difference between craft

709
00:29:11,930 --> 00:29:08,600
that are ours and theirs theirs

710
00:29:14,210 --> 00:29:11,940
and uh but I think that they have the

711
00:29:17,810 --> 00:29:14,220
same Source I think that you know the

712
00:29:19,430 --> 00:29:17,820
Roswell crash happened back in 1947 I'd

713
00:29:21,230 --> 00:29:19,440

be kind of disappointed if we hadn't

714

00:29:24,830 --> 00:29:21,240

figured out how some of that technology

715

00:29:27,350 --> 00:29:24,840

worked in the last 74 years you know

716

00:29:29,470 --> 00:29:27,360

that they've had you know the one thing

717

00:29:32,690 --> 00:29:29,480

you mentioned about the black triangles

718

00:29:34,370 --> 00:29:32,700

popular opinion I think tends to be I

719

00:29:37,490 --> 00:29:34,380

say that this is just my opinion what

720

00:29:39,350 --> 00:29:37,500

popular opinion may be is that it's our

721

00:29:41,810 --> 00:29:39,360

technology device engineered or some

722

00:29:43,909 --> 00:29:41,820

kind of shared technology what's always

723

00:29:46,370 --> 00:29:43,919

put doubt in my mind with that and just

724

00:29:48,950 --> 00:29:46,380

made me question it more is speaking of

725

00:29:51,430 --> 00:29:48,960

David marlar he was on unidentified the

726

00:29:53,570 --> 00:29:51,440

series with Tom DeLong Chris Miller

727

00:29:55,850 --> 00:29:53,580

and he had Chris Miller that has

728

00:29:57,470 --> 00:29:55,860

property and Chris melon shared his

729

00:30:00,110 --> 00:29:57,480

thoughts on what he thought black

730

00:30:02,210 --> 00:30:00,120

triangles were essentially doing and he

731

00:30:03,289 --> 00:30:02,220

felt they were surveying or mapping the

732

00:30:07,070 --> 00:30:03,299

planet

733

00:30:08,810 --> 00:30:07,080

um if that was our technology David

734

00:30:11,090 --> 00:30:08,820

David thinks that they're uh

735

00:30:13,789 --> 00:30:11,100

extraterrestrial uh we we kind of differ

736

00:30:15,769 --> 00:30:13,799

on that but I mean I'm open to either or

737

00:30:18,169 --> 00:30:15,779

I I don't know

738

00:30:20,510 --> 00:30:18,179

um I had one aerospace engineer that

739

00:30:22,850 --> 00:30:20,520

works for uh should I say the name of

740

00:30:26,090 --> 00:30:22,860

the company maybe not ah why not

741

00:30:28,789 --> 00:30:26,100

Lockheed Skunk Works I won't tell you

742

00:30:31,370 --> 00:30:28,799

which which uh facility he works at they

743

00:30:34,070 --> 00:30:31,380

have a few but he's got like 90 people

744

00:30:37,549 --> 00:30:34,080

that work under him and he told me off

745

00:30:40,789 --> 00:30:37,559

the cuff he said uh you're 95 correct

746

00:30:42,529 --> 00:30:40,799

about the black triangles uh coming from

747

00:30:46,490 --> 00:30:42,539

us Earl

748

00:30:48,409 --> 00:30:46,500

and well I've been over to plant four uh

749

00:30:52,490 --> 00:30:48,419

plant uh

750

00:30:54,350 --> 00:30:52,500

42 over in Palmdale uh is is the Skunk

751
00:30:56,990 --> 00:30:54,360
Works plant over there and they have a

752
00:31:00,049 --> 00:30:57,000
satellite that's owned by Boeing that's

753
00:31:02,630 --> 00:31:00,059
part of the same facility so the guy

754
00:31:05,149 --> 00:31:02,640
that the the supervisor of the engineers

755
00:31:07,490 --> 00:31:05,159
uh at Lockheed I I said all right so

756
00:31:10,130 --> 00:31:07,500
it's 95 percent yours so I'm guessing

757
00:31:13,130 --> 00:31:10,140
that that means it's five percent boins

758
00:31:14,870 --> 00:31:13,140
then that Boyne worked with you guys and

759
00:31:17,990 --> 00:31:14,880
he looked shocked and his mouth kind of

760
00:31:20,870 --> 00:31:18,000
dropped we were on a zoom call right he

761
00:31:23,169 --> 00:31:20,880
looked horrified uh and he said I didn't

762
00:31:26,690 --> 00:31:23,179
say that I didn't say

763
00:31:29,149 --> 00:31:26,700

so that maybe it may be a joint project

764

00:31:31,970 --> 00:31:29,159

between those two aerospace companies

765

00:31:34,250 --> 00:31:31,980

I've had aerospace engineers report them

766

00:31:36,889 --> 00:31:34,260

and and the one guy he was out by plant

767

00:31:38,930 --> 00:31:36,899

42 he was working late it was three

768

00:31:42,230 --> 00:31:38,940

o'clock in the morning and he described

769

00:31:45,110 --> 00:31:42,240

exactly what you just described it was a

770

00:31:47,269 --> 00:31:45,120

black triangle uh the lights were off

771

00:31:49,070 --> 00:31:47,279

but he could see it blot out the stars

772

00:31:53,810 --> 00:31:49,080

and he said this thing flew right over

773

00:31:57,529 --> 00:31:53,820

him silent as could be and and he saw it

774

00:31:59,570 --> 00:31:57,539

hover over the Gate of plant 40 and he

775

00:32:02,210 --> 00:31:59,580

said and it landed like a feather he

776

00:32:04,190 --> 00:32:02,220

said I've never seen anything so

777

00:32:06,590 --> 00:32:04,200

beautiful or So Graceful

778

00:32:09,049 --> 00:32:06,600

and he said Do you happen to know how I

779

00:32:11,450 --> 00:32:09,059

could work on that project that was that

780

00:32:13,850 --> 00:32:11,460

was the way we finished the the phone

781

00:32:15,289 --> 00:32:13,860

call I told them well I don't my mom

782

00:32:19,810 --> 00:32:15,299

might have been able to have helped you

783

00:32:22,490 --> 00:32:19,820

but I I not sure you know

784

00:32:24,470 --> 00:32:22,500

foreign the strange movement for me was

785

00:32:26,630 --> 00:32:24,480

the way it moved off diagonally very

786

00:32:29,149 --> 00:32:26,640

steadily over the there was no turn

787

00:32:30,950 --> 00:32:29,159

there was no there's no forward or

788

00:32:33,529 --> 00:32:30,960

reverse on these things they can go any

789

00:32:35,990 --> 00:32:33,539

Direction they want they I had one guy

790

00:32:39,169 --> 00:32:36,000

that saw one of the black triangles that

791

00:32:42,710 --> 00:32:39,179

was hovering sideways so he could see

792

00:32:47,269 --> 00:32:42,720

the the top of it it was just toughening

793

00:32:50,450 --> 00:32:47,279

sideways so they must have gravity uh

794

00:32:52,669 --> 00:32:50,460

worked out in in in in the the cabin

795

00:32:55,549 --> 00:32:52,679

somehow where people would benefit in

796

00:32:57,590 --> 00:32:55,559

the wall anyone inside yeah I think so

797

00:32:59,750 --> 00:32:57,600

I'm pretty darn sure they're banned why

798

00:33:01,190 --> 00:32:59,760

would they make them so huge you know

799

00:33:04,130 --> 00:33:01,200

some of them are the size of a football

800

00:33:05,510 --> 00:33:04,140

field they have uh three sizes is what

801
00:33:09,470 --> 00:33:05,520
I've been told there's one that's about

802
00:33:13,730 --> 00:33:09,480
the size of a fighter uh plane uh

803
00:33:16,009 --> 00:33:13,740
there's one that's uh about the size of

804
00:33:19,130 --> 00:33:16,019
half the size of a football field and

805
00:33:20,450 --> 00:33:19,140
then there's a big one that they've got

806
00:33:22,370 --> 00:33:20,460
um

807
00:33:24,649 --> 00:33:22,380
but again you know I don't know these

808
00:33:26,750 --> 00:33:24,659
might these might not be ours I mean

809
00:33:28,070 --> 00:33:26,760
people say a lot of funny things out

810
00:33:30,230 --> 00:33:28,080
there

811
00:33:33,049 --> 00:33:30,240
um and and I'm sure the technology came

812
00:33:36,310 --> 00:33:33,059
from uh came from elsewhere

813
00:33:39,110 --> 00:33:36,320

let me ask Errol when you get a report

814

00:33:40,970 --> 00:33:39,120

what does the average report that comes

815

00:33:43,190 --> 00:33:40,980

through to move on look like what what

816

00:33:44,750 --> 00:33:43,200

kind of details do you get and then I'd

817

00:33:48,590 --> 00:33:44,760

love you to follow up with what would

818

00:33:50,990 --> 00:33:48,600

you like to get on top of that sure well

819

00:33:53,389 --> 00:33:51,000

um it'll it'll tell the time the place

820

00:33:56,870 --> 00:33:53,399

uh I'll find the coordinates I'll find

821

00:33:57,610 --> 00:33:56,880

the weather patterns for that area

822

00:34:00,289 --> 00:33:57,620

um

823

00:34:02,330 --> 00:34:00,299

sometimes people will submit a video or

824

00:34:04,130 --> 00:34:02,340

a photograph

825

00:34:06,590 --> 00:34:04,140

um a lot of sightings wind up being

826

00:34:08,810 --> 00:34:06,600

prosaic objects I mean the little hobby

827

00:34:10,730 --> 00:34:08,820

drones they make them to look like UFOs

828

00:34:11,690 --> 00:34:10,740

now and they have the lights that spin

829

00:34:15,109 --> 00:34:11,700

around

830

00:34:17,570 --> 00:34:15,119

and I had uh some woman thought that her

831

00:34:20,149 --> 00:34:17,580

son had been terrorized by a UFO she

832

00:34:21,950 --> 00:34:20,159

sent to this report in and I'm watching

833

00:34:23,510 --> 00:34:21,960

the video and she said it's been

834

00:34:26,570 --> 00:34:23,520

following my son

835

00:34:28,369 --> 00:34:26,580

and I looked at the rep I looked at the

836

00:34:31,550 --> 00:34:28,379

video and it was of a it was a hobby

837

00:34:33,369 --> 00:34:31,560

drone so somebody was maybe spying on

838

00:34:37,550 --> 00:34:33,379

her son

839

00:34:41,629 --> 00:34:37,560

but it wasn't aliens I have but then you

840

00:34:43,550 --> 00:34:41,639

know I I have so many you know a lot of

841

00:34:44,570 --> 00:34:43,560

reports of

842

00:34:47,750 --> 00:34:44,580

um

843

00:34:50,149 --> 00:34:47,760

of abductions and visitations

844

00:34:53,030 --> 00:34:50,159

and I think that if you the closer you

845

00:34:55,909 --> 00:34:53,040

get to the phenomena and the and the and

846

00:34:58,849 --> 00:34:55,919

when you start poking at it uh I've I've

847

00:35:01,370 --> 00:34:58,859

had an experience myself uh seven years

848

00:35:04,430 --> 00:35:01,380

ago my wife and I had weird anomalies

849

00:35:07,670 --> 00:35:04,440

where our room flooded with light I I

850

00:35:09,950 --> 00:35:07,680

became paralyzed and I had beings come

851

00:35:13,190 --> 00:35:09,960

through the wall and this was not

852

00:35:15,050 --> 00:35:13,200

something that my uh that my state

853

00:35:18,170 --> 00:35:15,060

wanted to hear he was kind of a nuts and

854

00:35:20,450 --> 00:35:18,180

bolts guy about the phenomenon and and

855

00:35:23,990 --> 00:35:20,460

his feeling was was that this doesn't

856

00:35:26,690 --> 00:35:24,000

happen but once in a blue moon it was

857

00:35:29,930 --> 00:35:26,700

very uncommon uh but working for the

858

00:35:32,450 --> 00:35:29,940

experience or resource team at mufon uh

859

00:35:35,150 --> 00:35:32,460

abductions and visitations are very very

860

00:35:37,550 --> 00:35:35,160

common actually I would say one out of a

861

00:35:39,829 --> 00:35:37,560

hundred persons is probably an abductee

862

00:35:42,230 --> 00:35:39,839

or a visitee

863

00:35:44,329 --> 00:35:42,240

um and and for a long time it was a DNA

864

00:35:47,750 --> 00:35:44,339

farming thing that was going on

865

00:35:49,010 --> 00:35:47,760

uh now it's more downloads and and it

866

00:35:50,329 --> 00:35:49,020

seems like

867

00:35:53,750 --> 00:35:50,339

um they're getting

868

00:35:56,510 --> 00:35:53,760

maybe getting us ready for actual

869

00:35:58,790 --> 00:35:56,520

full-on disclosure

870

00:36:00,230 --> 00:35:58,800

um because I I think that there's a fear

871

00:36:02,810 --> 00:36:00,240

of how we're going to react I mean

872

00:36:04,550 --> 00:36:02,820

that's what my mom my mom said way back

873

00:36:06,710 --> 00:36:04,560

in the 70s she said they're never going

874

00:36:08,150 --> 00:36:06,720

to tell the public this Earl because

875

00:36:11,690 --> 00:36:08,160

they're afraid of how people are going

876

00:36:14,390 --> 00:36:11,700

to react people you know they they you

877

00:36:16,550 --> 00:36:14,400

know she brought up the H.G Wells War of

878

00:36:19,430 --> 00:36:16,560

the Worlds Radio cast

879

00:36:21,290 --> 00:36:19,440

uh back in the 1930s and people were

880

00:36:22,730 --> 00:36:21,300

jumping out of Windows and off of

881

00:36:24,770 --> 00:36:22,740

buildings and draining their bank

882

00:36:27,050 --> 00:36:24,780

accounts and

883

00:36:30,050 --> 00:36:27,060

um and I imagine you know just seeing

884

00:36:31,670 --> 00:36:30,060

the way that people act now

885

00:36:34,970 --> 00:36:31,680

um they're probably afraid that people

886

00:36:36,770 --> 00:36:34,980

would start shooting at them or you know

887

00:36:39,410 --> 00:36:36,780

I mean I don't so I think that we're

888

00:36:40,970 --> 00:36:39,420

being prepared probably

889

00:36:43,130 --> 00:36:40,980

and I think the public are more

890

00:36:45,589 --> 00:36:43,140

desensitized now though than than that

891

00:36:47,150 --> 00:36:45,599

we are 80 or 90 years ago but I think

892

00:36:49,790 --> 00:36:47,160

people maybe they are more accepting

893

00:36:53,630 --> 00:36:49,800

yeah but I think as long as it's like

894

00:36:56,750 --> 00:36:53,640

there might be aliens you know or UFOs

895

00:36:59,030 --> 00:36:56,760

might be real people seem to be okay

896

00:37:01,550 --> 00:36:59,040

with that but as soon as they find out

897

00:37:04,130 --> 00:37:01,560

no they're living here Among Us and and

898

00:37:06,829 --> 00:37:04,140

they have are interacting with people

899

00:37:10,250 --> 00:37:06,839

and uh they're kind of in charge

900

00:37:12,710 --> 00:37:10,260

uh I think people are gonna probably not

901
00:37:15,470 --> 00:37:12,720
read so well to that I mean we know that

902
00:37:19,010 --> 00:37:15,480
they can turn nuclear web often on I

903
00:37:21,349 --> 00:37:19,020
mean we've seen them do it my DOT by

904
00:37:25,310 --> 00:37:21,359
South he was a commander of a nuclear

905
00:37:27,349 --> 00:37:25,320
base in Montana and uh a UFO hovered

906
00:37:30,410 --> 00:37:27,359
over the nuclear base and he was

907
00:37:32,690 --> 00:37:30,420
downstairs with the icbms and he watched

908
00:37:35,710 --> 00:37:32,700
as which one was taken offline it was

909
00:37:41,450 --> 00:37:38,630
so that those were our you know weapons

910
00:37:43,730 --> 00:37:41,460
of mass destruction and and this saucer

911
00:37:46,670 --> 00:37:43,740
is hovering upstairs the the guard that

912
00:37:49,670 --> 00:37:46,680
was still up on top was yelling over the

913
00:37:52,609 --> 00:37:49,680

radio my God you know it's it's a fine

914

00:37:55,790 --> 00:37:52,619

saucer well Bob was busy downstairs

915

00:37:57,829 --> 00:37:55,800

because our our nation's security was

916

00:38:00,710 --> 00:37:57,839

Jeopardy

917

00:38:02,930 --> 00:38:00,720

um and then he watched as each missile

918

00:38:05,990 --> 00:38:02,940

was put back online so it was like bit

919

00:38:08,510 --> 00:38:06,000

bit bit taking him offline and then they

920

00:38:10,490 --> 00:38:08,520

brought them back online and it was a

921

00:38:12,829 --> 00:38:10,500

show of power just like I think the Tic

922

00:38:14,930 --> 00:38:12,839

Tac event was you know the Tic Tac

923

00:38:17,390 --> 00:38:14,940

played Cat and Mouse with those with

924

00:38:20,089 --> 00:38:17,400

that Squadron of planes they couldn't

925

00:38:23,150 --> 00:38:20,099

keep up with it and it you know that

926

00:38:26,470 --> 00:38:23,160

when when it finally took off

927

00:38:29,990 --> 00:38:26,480

this was over in in

928

00:38:32,569 --> 00:38:30,000

2004 near Catalina Island with the the

929

00:38:35,390 --> 00:38:32,579

aircraft carrier the USS Nimitz and the

930

00:38:37,790 --> 00:38:35,400

Destroyer the Princeton

931

00:38:40,810 --> 00:38:37,800

um the Squadron they had a cap point

932

00:38:43,970 --> 00:38:40,820

which was a random predetermined uh

933

00:38:46,250 --> 00:38:43,980

coordinate and it wasn't just uh

934

00:38:48,950 --> 00:38:46,260

latitude and longitude but it was also

935

00:38:51,109 --> 00:38:48,960

you know the height that they were going

936

00:38:53,510 --> 00:38:51,119

to meet at was all figured out

937

00:38:55,970 --> 00:38:53,520

well they said okay well we don't Tic

938

00:38:59,150 --> 00:38:55,980

Tac anywhere uh we're gonna meet back at

939

00:39:01,130 --> 00:38:59,160

the cap point and they got a radio radio

940

00:39:04,490 --> 00:39:01,140

from from the Nimitz they said well

941

00:39:07,490 --> 00:39:04,500

don't look now but the the UFO is is

942

00:39:09,310 --> 00:39:07,500

waiting at your cap point for you

943

00:39:12,410 --> 00:39:09,320

yeah this wasn't in their computer

944

00:39:15,589 --> 00:39:12,420

wasn't spoken of on the radio it was a

945

00:39:19,190 --> 00:39:15,599

secret it was secret coordinates so

946

00:39:20,990 --> 00:39:19,200

either this thing read their minds or

947

00:39:23,510 --> 00:39:21,000

I don't know I don't know how they knew

948

00:39:26,470 --> 00:39:23,520

it as far as I remember with the cap

949

00:39:29,510 --> 00:39:26,480

with the cap point it had been used

950

00:39:31,790 --> 00:39:29,520

several times before the incident and

951
00:39:34,550 --> 00:39:31,800
those Tic Tacs had been there for a week

952
00:39:36,650 --> 00:39:34,560
before The Intercept so there's

953
00:39:39,230 --> 00:39:36,660
potential that it's a learned behavior

954
00:39:41,510 --> 00:39:39,240
that that also mimicking the fact that

955
00:39:43,370 --> 00:39:41,520
we know you're going to this point so

956
00:39:45,890 --> 00:39:43,380
yeah much like what was the show of

957
00:39:48,950 --> 00:39:45,900
power you know yeah I mean cat and mouse

958
00:39:50,270 --> 00:39:48,960
with those planes there is nothing they

959
00:39:51,890 --> 00:39:50,280
could do they couldn't catch up with it

960
00:39:53,829 --> 00:39:51,900
I mean this thing was traveling at Mach

961
00:39:56,569 --> 00:39:53,839
18.

962
00:40:00,170 --> 00:39:56,579
making 90 degree turns it was like a

963
00:40:03,589 --> 00:40:00,180

roadrunner you know Wiley Coyote cartoon

964

00:40:06,530 --> 00:40:03,599

you know or the I mean physics

965

00:40:08,450 --> 00:40:06,540

they dictate that objects are are able

966

00:40:10,370 --> 00:40:08,460

to do certain things if you're traveling

967

00:40:13,250 --> 00:40:10,380

Mach 18 you're going to have 18 Sonic

968

00:40:16,550 --> 00:40:13,260

booms there was not one single spoon

969

00:40:18,230 --> 00:40:16,560

that this thing made you know I want to

970

00:40:19,670 --> 00:40:18,240

ask you a questionnaire just before I

971

00:40:21,710 --> 00:40:19,680

talk to you about some of the more

972

00:40:23,030 --> 00:40:21,720

spectacular cases that you've looked at

973

00:40:25,609 --> 00:40:23,040

you mentioned the you know the

974

00:40:28,970 --> 00:40:25,619

abductions or Landings potentially

975

00:40:30,950 --> 00:40:28,980

on those more prosaic cases so I

976

00:40:33,230 --> 00:40:30,960

mentioned just before I hit record with

977

00:40:36,349 --> 00:40:33,240

you one of the listeners sent me a DM at

978

00:40:38,690 --> 00:40:36,359

JJ thank you very much and JJ's daughter

979

00:40:40,730 --> 00:40:38,700

had been out to try and film a comet

980

00:40:43,370 --> 00:40:40,740

last night that was passing over the

981

00:40:46,790 --> 00:40:43,380

Earth what she ended up filming was a

982

00:40:49,730 --> 00:40:46,800

light in the sky it's frustrating

983

00:40:52,250 --> 00:40:49,740

because it's a very similar video to

984

00:40:55,250 --> 00:40:52,260

what I see quite often and it's not down

985

00:40:57,650 --> 00:40:55,260

to the the lack of the witness being

986

00:40:59,930 --> 00:40:57,660

incorrect it's the technology we have

987

00:41:02,690 --> 00:40:59,940

that the camera phones never look as

988

00:41:04,790 --> 00:41:02,700

good as a naked eye and he tells me he

989

00:41:07,069 --> 00:41:04,800

doesn't think it was starlink it is just

990

00:41:08,930 --> 00:41:07,079

a light against a black Sky

991

00:41:11,510 --> 00:41:08,940

um and I asked if there was any more

992

00:41:13,730 --> 00:41:11,520

information and I said nope trying to

993

00:41:15,470 --> 00:41:13,740

film the comet saw this instead went

994

00:41:16,730 --> 00:41:15,480

back out a few minutes later but nothing

995

00:41:19,069 --> 00:41:16,740

was there

996

00:41:21,170 --> 00:41:19,079

um and I wonder that must be something

997

00:41:23,930 --> 00:41:21,180

one that you get quite a lot just the

998

00:41:26,089 --> 00:41:23,940

the light against the dark sky but what

999

00:41:30,170 --> 00:41:26,099

could people do that would help yourself

1000

00:41:33,410 --> 00:41:30,180

or other investigators follow that up

1001
00:41:36,950 --> 00:41:33,420
um one thing that people can do is is uh

1002
00:41:39,950 --> 00:41:36,960
you can get uh there are certain apps

1003
00:41:44,030 --> 00:41:39,960
that like stars oh what's it called Star

1004
00:41:46,849 --> 00:41:44,040
Walk I think is one uh where it it gives

1005
00:41:49,250 --> 00:41:46,859
you you can see what's supposed to be up

1006
00:41:51,710 --> 00:41:49,260
there in the night sky

1007
00:41:54,230 --> 00:41:51,720
um also there's the flight radar app

1008
00:41:57,170 --> 00:41:54,240
that you can get to find out if it's you

1009
00:41:59,089 --> 00:41:57,180
know one of ours or or it's a plane or

1010
00:42:01,430 --> 00:41:59,099
you know if it's something it's supposed

1011
00:42:05,270 --> 00:42:01,440
to be up there it'll be you know the the

1012
00:42:08,750 --> 00:42:05,280
FAA number and everything will be there

1013
00:42:11,030 --> 00:42:08,760

um also I will get satellite tracker

1014

00:42:13,550 --> 00:42:11,040

there's a very good satellite Tracker

1015

00:42:14,870 --> 00:42:13,560

app of course we have spy satellites

1016

00:42:16,730 --> 00:42:14,880

everybody has them and those aren't

1017

00:42:18,410 --> 00:42:16,740

going to be on the Spy truck on the

1018

00:42:21,349 --> 00:42:18,420

satellite Tracker app yeah because

1019

00:42:23,089 --> 00:42:21,359

there's there's space satellites

1020

00:42:25,430 --> 00:42:23,099

yeah so it could be any one of those

1021

00:42:28,250 --> 00:42:25,440

things or it could be it could be a

1022

00:42:30,650 --> 00:42:28,260

spaceship from Alpha Centauri as far as

1023

00:42:33,170 --> 00:42:30,660

but lights in the sky are frustrating

1024

00:42:35,990 --> 00:42:33,180

about the best I can do is tell you if

1025

00:42:38,750 --> 00:42:36,000

Jupiter Venus or some you know or or if

1026

00:42:42,349 --> 00:42:38,760

the ISS was passing over that could

1027

00:42:45,170 --> 00:42:42,359

after like a lit up cross shape when it

1028

00:42:48,650 --> 00:42:45,180

goes over I I you know I I have another

1029

00:42:50,569 --> 00:42:48,660

app ISS uh tracker and my wife and I

1030

00:42:52,849 --> 00:42:50,579

like to go outside and watch it fly over

1031

00:42:54,650 --> 00:42:52,859

you know it's uh there there's the space

1032

00:42:56,930 --> 00:42:54,660

station honey look

1033

00:42:58,849 --> 00:42:56,940

um quite often here as well and that's

1034

00:43:00,410 --> 00:42:58,859

tilty think wow there's this object

1035

00:43:02,630 --> 00:43:00,420

going overhead with a couple of people

1036

00:43:06,710 --> 00:43:02,640

you took them off you know what it was

1037

00:43:09,410 --> 00:43:06,720

wasn't right and uh end of the day uh

1038

00:43:12,470 --> 00:43:09,420

I'll I'll usually have an answer for the

1039

00:43:14,270 --> 00:43:12,480

person but lights in the sky again can

1040

00:43:17,450 --> 00:43:14,280

be really frustrating because it could

1041

00:43:20,750 --> 00:43:17,460

be a helicopter way in the distance uh

1042

00:43:22,730 --> 00:43:20,760

or it could be Star Trek you know uh

1043

00:43:24,950 --> 00:43:22,740

listen let's let's get a bit more Star

1044

00:43:29,089 --> 00:43:24,960

Trek then because you mentioned 900 plus

1045

00:43:31,370 --> 00:43:29,099

reports 90 to 95 of them are explainable

1046

00:43:33,290 --> 00:43:31,380

and something prosaic but that's that's

1047

00:43:35,630 --> 00:43:33,300

a good thing because we want to be able

1048

00:43:37,309 --> 00:43:35,640

to explain a way that we can get to the

1049

00:43:39,230 --> 00:43:37,319

better quality data and that that

1050

00:43:41,450 --> 00:43:39,240

includes what the the US government are

1051
00:43:43,849 --> 00:43:41,460
doing just now with the adult organ air

1052
00:43:45,290 --> 00:43:43,859
program and the the fact that they're

1053
00:43:47,510 --> 00:43:45,300
getting more and more reports from

1054
00:43:49,490 --> 00:43:47,520
pilots and people can get frustrated

1055
00:43:51,170 --> 00:43:49,500
when they hear oh well fifty percent of

1056
00:43:54,109 --> 00:43:51,180
them have been solved but that means 50

1057
00:43:56,690 --> 00:43:54,119
haven't and even if five percent of that

1058
00:43:58,490 --> 00:43:56,700
50 that haven't been solved still remain

1059
00:44:01,010 --> 00:43:58,500
unexplained after a period of time

1060
00:44:03,770 --> 00:44:01,020
that's some really good quality data to

1061
00:44:05,630 --> 00:44:03,780
look into and I wonder in those 900

1062
00:44:07,250 --> 00:44:05,640
reports what are some of the standout

1063
00:44:09,770 --> 00:44:07,260

cases that you've been involved in or

1064

00:44:12,349 --> 00:44:09,780

you've had the fortune to look at I had

1065

00:44:15,170 --> 00:44:12,359

uh one sighting that happened a few

1066

00:44:21,050 --> 00:44:15,180

years ago where two women followed after

1067

00:44:24,530 --> 00:44:21,060

uh a spherical uh red glowing ball all

1068

00:44:26,770 --> 00:44:24,540

that was flying through Azusa California

1069

00:44:31,309 --> 00:44:26,780

A to Z

1070

00:44:36,410 --> 00:44:31,319

USA is is Azusa it's it's an acronym and

1071

00:44:39,530 --> 00:44:36,420

they named the city A to Z USA But Azusa

1072

00:44:41,750 --> 00:44:39,540

um and they they followed this UFO

1073

00:44:44,450 --> 00:44:41,760

through town they did a Chase through

1074

00:44:46,910 --> 00:44:44,460

town and they wound up stuck in a

1075

00:44:48,650 --> 00:44:46,920

cul-de-sac next to this park and they

1076
00:44:51,349 --> 00:44:48,660
couldn't go any further and they watched

1077
00:44:54,349 --> 00:44:51,359
this thing go travel over to the to the

1078
00:44:57,290 --> 00:44:54,359
San Bernardino Mountains mountain range

1079
00:44:58,849 --> 00:44:57,300
that's there and it was just hovering I

1080
00:45:00,589 --> 00:44:58,859
could do what you call the Falling Leaf

1081
00:45:03,470 --> 00:45:00,599
motion it was sort of going back and

1082
00:45:05,089 --> 00:45:03,480
forth hovering in place

1083
00:45:06,650 --> 00:45:05,099
um they're watching this little tiny

1084
00:45:09,349 --> 00:45:06,660
ball when all of a sudden everything

1085
00:45:10,910 --> 00:45:09,359
lights up behind them they turn around

1086
00:45:14,030 --> 00:45:10,920
if they're out of their car at this

1087
00:45:16,370 --> 00:45:14,040
point and there was a flying saucer that

1088
00:45:18,470 --> 00:45:16,380

was hovering like a hundred feet away

1089

00:45:21,829 --> 00:45:18,480

from them I mean it's almost like they

1090

00:45:24,650 --> 00:45:21,839

were chasing the UFO and they maybe sent

1091

00:45:26,809 --> 00:45:24,660

a bigger one to chase them

1092

00:45:29,809 --> 00:45:26,819

um so these women watched this it seemed

1093

00:45:32,470 --> 00:45:29,819

to to go in and out of existence I think

1094

00:45:36,050 --> 00:45:32,480

that it had sort of uh like like a

1095

00:45:40,309 --> 00:45:36,060

invisibility Shield kind of thing that

1096

00:45:42,230 --> 00:45:40,319

was either misoperating or I don't know

1097

00:45:45,290 --> 00:45:42,240

but they would watch it sort of

1098

00:45:48,890 --> 00:45:45,300

disappear and then reappear had four big

1099

00:45:50,870 --> 00:45:48,900

bright lights that were inside of like

1100

00:45:53,030 --> 00:45:50,880

on the bottom of this craft and it was

1101

00:45:56,030 --> 00:45:53,040

technically a flying saucer

1102

00:45:59,569 --> 00:45:56,040

uh well we got a third report from five

1103

00:46:02,270 --> 00:45:59,579

miles away there's a x uh Air Force

1104

00:46:05,150 --> 00:46:02,280

officer that lived uh in the next town

1105

00:46:07,730 --> 00:46:05,160

over and he saw this from five miles

1106

00:46:09,890 --> 00:46:07,740

away and he put in a report as well so

1107

00:46:13,309 --> 00:46:09,900

there were three different good

1108

00:46:15,349 --> 00:46:13,319

Witnesses for this uh sighting

1109

00:46:18,170 --> 00:46:15,359

um I had BuzzFeed come out with a camera

1110

00:46:21,589 --> 00:46:18,180

crew and interview the I mean you know

1111

00:46:25,250 --> 00:46:21,599

it was just a very very good case

1112

00:46:30,170 --> 00:46:25,260

um other wonderful cases uh I mean I

1113

00:46:35,329 --> 00:46:32,630

um it's just like an embarrassment of

1114

00:46:37,190 --> 00:46:35,339

riches is the way I see it now I may

1115

00:46:40,970 --> 00:46:37,200

have you know personally I've I've

1116

00:46:45,190 --> 00:46:40,980

investigated 900 cases and many of those

1117

00:46:48,410 --> 00:46:45,200

wound up being you know uh drones and

1118

00:46:51,349 --> 00:46:48,420

stars or or planets and something that

1119

00:46:54,589 --> 00:46:51,359

people misidentified but you got to

1120

00:46:57,230 --> 00:46:54,599

remember out of that number about 80 of

1121

00:47:00,050 --> 00:46:57,240

those wound up being UFOs and they're

1122

00:47:02,630 --> 00:47:00,060

and they're all solid cases I mean I I

1123

00:47:06,349 --> 00:47:02,640

tell people you can go ahead and try and

1124

00:47:08,390 --> 00:47:06,359

tear my cases apart I want you to so far

1125

00:47:10,069 --> 00:47:08,400

nobody's been able to debunk a single

1126

00:47:13,430 --> 00:47:10,079

one you know because I'm very very

1127

00:47:16,069 --> 00:47:13,440

thorough that's a lot of UFOs that's

1128

00:47:18,530 --> 00:47:16,079

just you know that's I there there's

1129

00:47:19,970 --> 00:47:18,540

eight other eight to ten other field

1130

00:47:22,730 --> 00:47:19,980

investigators here in Southern

1131

00:47:25,970 --> 00:47:22,740

California that work under me those are

1132

00:47:28,730 --> 00:47:25,980

just my UFOs all those guys have you

1133

00:47:30,770 --> 00:47:28,740

know a number of of unknowns as well so

1134

00:47:32,930 --> 00:47:30,780

you have to to add all those unknowns

1135

00:47:35,329 --> 00:47:32,940

together that's pretty darn good for

1136

00:47:39,710 --> 00:47:35,339

seven years it's probably up somewhere

1137

00:47:42,829 --> 00:47:39,720

around maybe 100 UFOs that are confirmed

1138

00:47:44,930 --> 00:47:42,839

um unknowns unknown doesn't mean it came

1139

00:47:46,809 --> 00:47:44,940

from another planet but it it doesn't

1140

00:47:49,670 --> 00:47:46,819

mean it didn't come from another sure

1141

00:47:51,710 --> 00:47:49,680

you know that's what it says on the 10

1142

00:47:54,230 --> 00:47:51,720

yeah what did the listeners got in touch

1143

00:47:56,450 --> 00:47:54,240

Tom who lives out in Kentucky and he

1144

00:47:58,910 --> 00:47:56,460

says he regularly searches the miffon

1145

00:48:01,069 --> 00:47:58,920

database and he sees videos and comments

1146

00:48:02,809 --> 00:48:01,079

that are posted by individuals and he

1147

00:48:05,569 --> 00:48:02,819

had a couple of questions

1148

00:48:08,390 --> 00:48:05,579

um is there any follow-up done on these

1149

00:48:10,670 --> 00:48:08,400

and if so how is that then reported on

1150

00:48:12,650 --> 00:48:10,680

the database so if someone does send in

1151
00:48:15,530 --> 00:48:12,660
a video do you get to see the follow-up

1152
00:48:18,530 --> 00:48:15,540
and the follow-on comments as well

1153
00:48:20,329 --> 00:48:18,540
um well we we do want to keep people a

1154
00:48:22,430 --> 00:48:20,339
lot there there is a way that you can

1155
00:48:24,230 --> 00:48:22,440
stay Anonymous if you have a sighting

1156
00:48:27,589 --> 00:48:24,240
and I just I try to keep people

1157
00:48:30,230 --> 00:48:27,599
Anonymous anyway I'm a old retired nurse

1158
00:48:32,450 --> 00:48:30,240
and we had to go by what they call HIPAA

1159
00:48:34,569 --> 00:48:32,460
law and it's very kind of strict you

1160
00:48:37,609 --> 00:48:34,579
can't give a person's information out

1161
00:48:39,530 --> 00:48:37,619
and so I'm used to sort of those

1162
00:48:42,050 --> 00:48:39,540
parameters and I kind of treat my

1163
00:48:44,870 --> 00:48:42,060

Witnesses with the same care because

1164

00:48:46,550 --> 00:48:44,880

there still is uh ridicule out there if

1165

00:48:48,530 --> 00:48:46,560

you say that you've been abducted

1166

00:48:51,530 --> 00:48:48,540

especially you know

1167

00:48:55,309 --> 00:48:51,540

um I'm going to be on Ancient Aliens uh

1168

00:48:57,890 --> 00:48:55,319

on February 10th Place not sure when it

1169

00:48:59,870 --> 00:48:57,900

will play in the UK but uh it's this

1170

00:49:02,569 --> 00:48:59,880

season and it's a little scary because

1171

00:49:06,349 --> 00:49:02,579

I'm talking about the the visitation

1172

00:49:08,030 --> 00:49:06,359

that my wife and I experienced and I I

1173

00:49:09,530 --> 00:49:08,040

know well that you know there's going to

1174

00:49:11,870 --> 00:49:09,540

be some people that are going to say did

1175

00:49:13,069 --> 00:49:11,880

he get probed you know no I didn't get

1176

00:49:13,750 --> 00:49:13,079

probed

1177

00:49:16,309 --> 00:49:13,760

um

1178

00:49:19,069 --> 00:49:16,319

there's so I'm very careful with with

1179

00:49:21,349 --> 00:49:19,079

people's identities and their reports

1180

00:49:23,809 --> 00:49:21,359

but I do put them out there I mean I do

1181

00:49:27,829 --> 00:49:23,819

a lot of podcasts a lot of radio and and

1182

00:49:29,930 --> 00:49:27,839

television and and uh I'm not uh it's

1183

00:49:32,930 --> 00:49:29,940

not like we we're not like the black

1184

00:49:35,270 --> 00:49:32,940

hole of of UFO reports I make sure that

1185

00:49:37,970 --> 00:49:35,280

if it's a good UFO sighting that it gets

1186

00:49:40,309 --> 00:49:37,980

out to people I put it on social media

1187

00:49:42,710 --> 00:49:40,319

if I have a really good case

1188

00:49:45,230 --> 00:49:42,720

um I do teach a class uh accredited

1189

00:49:47,950 --> 00:49:45,240

college class in ufology at Otis College

1190

00:49:50,930 --> 00:49:47,960

of Art and Design here in Los Angeles

1191

00:49:54,230 --> 00:49:50,940

and I'll I'll teach my class with my own

1192

00:49:56,210 --> 00:49:54,240

cases and uh you know I mean I've got a

1193

00:49:59,690 --> 00:49:56,220

lot of flying saucer cases I've got

1194

00:50:02,569 --> 00:49:59,700

multiple abduction and visitations uh

1195

00:50:05,930 --> 00:50:02,579

one one guy was literally abducted

1196

00:50:09,109 --> 00:50:05,940

through the roof of his barracks

1197

00:50:10,790 --> 00:50:09,119

at a major Marine base here in in

1198

00:50:12,829 --> 00:50:10,800

Southern California

1199

00:50:16,609 --> 00:50:12,839

it's taken through the roof he was taken

1200

00:50:20,510 --> 00:50:16,619

up to a a ship and and uh and this guy

1201
00:50:23,630 --> 00:50:20,520
was he had PTSD from his alien account

1202
00:50:26,870 --> 00:50:23,640
he went to Vietnam and fought and he

1203
00:50:29,210 --> 00:50:26,880
didn't have PTSD from going to war uh he

1204
00:50:30,770 --> 00:50:29,220
finally his kids told him about mufon

1205
00:50:32,990 --> 00:50:30,780
and said well maybe you can get some

1206
00:50:35,329 --> 00:50:33,000
help and somebody to at least talk with

1207
00:50:39,109 --> 00:50:35,339
you and explain some of the stuff

1208
00:50:42,230 --> 00:50:39,119
and it was a wonderful wonderful UFO

1209
00:50:45,050 --> 00:50:42,240
report but kind of a scary case

1210
00:50:47,569 --> 00:50:45,060
um I have another case recently where a

1211
00:50:51,410 --> 00:50:47,579
young girl was living in a national park

1212
00:50:53,750 --> 00:50:51,420
her father was a park ranger very remote

1213
00:50:55,910 --> 00:50:53,760

and they they started seeing lights and

1214

00:50:56,990 --> 00:50:55,920

she had an encounter where she was

1215

00:50:59,809 --> 00:50:57,000

healed

1216

00:51:01,130 --> 00:50:59,819

of lung condition that uh they they

1217

00:51:03,530 --> 00:51:01,140

didn't think that she would live through

1218

00:51:04,790 --> 00:51:03,540

puberty she was only about eight to ten

1219

00:51:07,910 --> 00:51:04,800

years old

1220

00:51:10,130 --> 00:51:07,920

and uh and she she was abducted or

1221

00:51:12,049 --> 00:51:10,140

visited she's not sure which happened

1222

00:51:13,730 --> 00:51:12,059

because her memory is

1223

00:51:16,490 --> 00:51:13,740

you know I guess that she could get

1224

00:51:20,329 --> 00:51:16,500

hypnotic uh regression if she wanted to

1225

00:51:22,250 --> 00:51:20,339

to to to be get that memory back but

1226

00:51:24,890 --> 00:51:22,260

she's just happy to know she remembers

1227

00:51:26,990 --> 00:51:24,900

seeing the entities uh they were very

1228

00:51:29,510 --> 00:51:27,000

gentle and kind with her and they they

1229

00:51:32,690 --> 00:51:29,520

cured her she went on to live a normal

1230

00:51:34,569 --> 00:51:32,700

life she's in her mid-50s now and she

1231

00:51:37,430 --> 00:51:34,579

never had another problem with her lungs

1232

00:51:40,910 --> 00:51:37,440

and uh she wasn't supposed to live to

1233

00:51:42,890 --> 00:51:40,920

puberty is what they thought so

1234

00:51:44,750 --> 00:51:42,900

um it's just a very strange phenomena

1235

00:51:46,670 --> 00:51:44,760

but I don't think they're here to attack

1236

00:51:48,950 --> 00:51:46,680

us I don't think they're here to invade

1237

00:51:51,470 --> 00:51:48,960

us if they're going to invade us they're

1238

00:51:54,829 --> 00:51:51,480

doing a poor job of it you know they've

1239

00:51:57,530 --> 00:51:54,839

been here since at least 1947. and here

1240

00:52:01,790 --> 00:51:57,540

we are I mean our greatest threat is

1241

00:52:03,170 --> 00:52:01,800

still mankind you know yeah that's you

1242

00:52:05,030 --> 00:52:03,180

know they they have not dropped any

1243

00:52:06,890 --> 00:52:05,040

bombs on us they haven't dropped any

1244

00:52:10,430 --> 00:52:06,900

nukes on us they haven't threatened to

1245

00:52:12,530 --> 00:52:10,440

do that but here we you know or uh God

1246

00:52:15,370 --> 00:52:12,540

you know we're doing a good job of that

1247

00:52:18,770 --> 00:52:15,380

one we're doing a good job on our own

1248

00:52:21,290 --> 00:52:18,780

Errol I want to know can we ever get

1249

00:52:23,329 --> 00:52:21,300

that Smoking Gun evidence now you

1250

00:52:24,890 --> 00:52:23,339

mentioned earlier do you feel and many

1251
00:52:27,950 --> 00:52:24,900
people have had to say the same thing

1252
00:52:30,049 --> 00:52:27,960
disclosure has already happened but when

1253
00:52:32,809 --> 00:52:30,059
it comes to let's call it confirmation

1254
00:52:34,790 --> 00:52:32,819
100 proof that we have an

1255
00:52:36,710 --> 00:52:34,800
extraterrestrial intelligence or some

1256
00:52:40,069 --> 00:52:36,720
other non-human intelligence

1257
00:52:43,130 --> 00:52:40,079
visiting the planet do you see that sort

1258
00:52:45,530 --> 00:52:43,140
of confirmation coming from reporting to

1259
00:52:46,970 --> 00:52:45,540
an organization like mufon is it going

1260
00:52:50,150 --> 00:52:46,980
to be through a private organization

1261
00:52:52,670 --> 00:52:50,160
like the Galileo project or some sort of

1262
00:52:55,549 --> 00:52:52,680
official body like NASA where do you see

1263
00:52:59,750 --> 00:52:55,559

this playing out I think that if they

1264

00:53:01,549 --> 00:52:59,760

truly do full-on disclosure and I don't

1265

00:53:03,650 --> 00:53:01,559

know that they ever are going to I don't

1266

00:53:05,990 --> 00:53:03,660

know that the aliens themselves want us

1267

00:53:09,430 --> 00:53:06,000

to disclose I think that they're doing

1268

00:53:11,630 --> 00:53:09,440

just fine the way it is you know

1269

00:53:14,089 --> 00:53:11,640

you know they appeared with who they

1270

00:53:16,370 --> 00:53:14,099

want to appear and and and a lot of

1271

00:53:19,069 --> 00:53:16,380

people don't believe that they're even a

1272

00:53:21,410 --> 00:53:19,079

real thing so you know that that's

1273

00:53:22,549 --> 00:53:21,420

that's a pretty good uh status if you're

1274

00:53:28,790 --> 00:53:22,559

trying to

1275

00:53:29,930 --> 00:53:28,800

investigate a alien race which we would

1276

00:53:33,829 --> 00:53:29,940

be

1277

00:53:36,109 --> 00:53:33,839

but if it does happen I don't know who

1278

00:53:38,630 --> 00:53:36,119

they're going to get to disclose uh

1279

00:53:41,089 --> 00:53:38,640

there there's you know we're kind of a

1280

00:53:43,010 --> 00:53:41,099

our country is politically divided right

1281

00:53:45,950 --> 00:53:43,020

now and it's gotten to a fever pitch

1282

00:53:47,930 --> 00:53:45,960

where nobody really trusts half of the

1283

00:53:50,450 --> 00:53:47,940

country doesn't think that the president

1284

00:53:52,849 --> 00:53:50,460

who's in office is supposed to be there

1285

00:53:54,950 --> 00:53:52,859

and the last president half of the

1286

00:53:56,210 --> 00:53:54,960

country didn't think that he should be

1287

00:53:59,270 --> 00:53:56,220

there

1288

00:54:01,910 --> 00:53:59,280

um and and I think that you know

1289

00:54:04,849 --> 00:54:01,920

people will say oh you know fake news

1290

00:54:06,410 --> 00:54:04,859

right so it would have to be a

1291

00:54:08,450 --> 00:54:06,420

coordinated effort I think it would have

1292

00:54:10,670 --> 00:54:08,460

to be other countries involved it would

1293

00:54:11,990 --> 00:54:10,680

maybe be the United Nation enough to do

1294

00:54:14,030 --> 00:54:12,000

it

1295

00:54:16,069 --> 00:54:14,040

um I think that NASA and the various

1296

00:54:19,970 --> 00:54:16,079

science organizations would have to come

1297

00:54:22,069 --> 00:54:19,980

out I noticed that uh Neil deGrasse and

1298

00:54:26,150 --> 00:54:22,079

has kind of walked back as old

1299

00:54:28,970 --> 00:54:26,160

skepticism recently UFOs very

1300

00:54:32,510 --> 00:54:28,980

interesting he was sort of like the big

1301
00:54:34,970 --> 00:54:32,520
skeptical and rolling his eyes and and he

1302
00:54:37,430 --> 00:54:34,980
I just saw him on a on a show the other

1303
00:54:41,630 --> 00:54:37,440
day and he said that UFOs might actually

1304
00:54:43,910 --> 00:54:41,640
be alien space yeah that's that's new

1305
00:54:45,490 --> 00:54:43,920
that's that's a big step for for old

1306
00:54:47,930 --> 00:54:45,500
Neil

1307
00:54:49,430 --> 00:54:47,940
so we'll see you know I mean attitudes

1308
00:54:51,710 --> 00:54:49,440
are changing out there they'd have to

1309
00:54:54,829 --> 00:54:51,720
get people like him and maybe Michio

1310
00:54:58,130 --> 00:54:54,839
Kaku it would be a good one Michio is

1311
00:55:01,210 --> 00:54:58,140
great he already pretty much he thinks

1312
00:55:05,030 --> 00:55:01,220
that some UFOs are are

1313
00:55:06,829 --> 00:55:05,040

UFOs you know yeah uh he's he's he's an

1314

00:55:08,510 --> 00:55:06,839

open-minded scientist so he would need

1315

00:55:11,210 --> 00:55:08,520

people like that to do it I think and

1316

00:55:13,430 --> 00:55:11,220

mufon of course you know and that's what

1317

00:55:15,770 --> 00:55:13,440

I'm doing right now and that's what I

1318

00:55:18,950 --> 00:55:15,780

it's my passion is letting people know

1319

00:55:21,290 --> 00:55:18,960

this is a very very real phenomena it's

1320

00:55:24,730 --> 00:55:21,300

it's a personal phenomena

1321

00:55:28,010 --> 00:55:24,740

and we're not alone and it's that's

1322

00:55:32,390 --> 00:55:28,020

wonderful you know what does the future

1323

00:55:34,250 --> 00:55:32,400

hold for miffon in 2023 how as is our

1324

00:55:36,710 --> 00:55:34,260

organization that's now been around for

1325

00:55:38,809 --> 00:55:36,720

decades how is it changing and adapting

1326

00:55:41,089 --> 00:55:38,819

to stay relevant especially as

1327

00:55:43,430 --> 00:55:41,099

technology and digitalization become

1328

00:55:47,390 --> 00:55:43,440

more and more prevalent yeah we well

1329

00:55:50,150 --> 00:55:47,400

we've gone you know uh all the files are

1330

00:55:53,630 --> 00:55:50,160

kept uh on a computer base now a

1331

00:55:55,430 --> 00:55:53,640

Mainframe uh whereas you know if you

1332

00:55:57,589 --> 00:55:55,440

watch the old hainer one show you see

1333

00:56:00,589 --> 00:55:57,599

the old hainer that mufon had and the

1334

00:56:02,990 --> 00:56:00,599

boxes and files were in there yeah paper

1335

00:56:05,390 --> 00:56:03,000

files and I even I I have some paper

1336

00:56:07,790 --> 00:56:05,400

files still from when I first started up

1337

00:56:09,470 --> 00:56:07,800

we we would still use them you know

1338

00:56:12,650 --> 00:56:09,480

every now and then

1339

00:56:16,190 --> 00:56:12,660

but uh now it's all all kept online it's

1340

00:56:19,309 --> 00:56:16,200

all very modern and digitized

1341

00:56:22,010 --> 00:56:19,319

um we also have mufon television It's a

1342

00:56:24,589 --> 00:56:22,020

Wonderful data base full of you know

1343

00:56:28,270 --> 00:56:24,599

that you can you can subscribe to it for

1344

00:56:30,710 --> 00:56:28,280

a reasonable price and uh

1345

00:56:32,089 --> 00:56:30,720

Buffon also

1346

00:56:34,730 --> 00:56:32,099

uh

1347

00:56:37,130 --> 00:56:34,740

we have our support our Symposium every

1348

00:56:39,710 --> 00:56:37,140

year I'm actually on the Symposium board

1349

00:56:42,650 --> 00:56:39,720

yeah yeah I'm I'm I'm I'm I'm a member

1350

00:56:46,970 --> 00:56:42,660

of the Symposium uh executive board

1351

00:56:48,890 --> 00:56:46,980

there's three of us I'm a busy man

1352

00:56:51,950 --> 00:56:48,900

um and we're just kind of getting uh I

1353

00:56:55,069 --> 00:56:51,960

know we have Avi Loeb uh PhD who's going

1354

00:56:57,589 --> 00:56:55,079

to be speaking in in August we have our

1355

00:56:59,930 --> 00:56:57,599

Symposium in Ohio this year

1356

00:57:02,930 --> 00:56:59,940

and that's going to be wonderful I

1357

00:57:05,030 --> 00:57:02,940

almost got chocolate he but he's got

1358

00:57:08,809 --> 00:57:05,040

asthma I guess that he was worried for

1359

00:57:12,049 --> 00:57:08,819

his health uh going around many people

1360

00:57:13,670 --> 00:57:12,059

but uh this and all that seems wonderful

1361

00:57:17,329 --> 00:57:13,680

um and where can people attend the

1362

00:57:20,210 --> 00:57:17,339

Symposium in person and virtually yeah

1363

00:57:24,049 --> 00:57:20,220

um virtually you can um yes you can you

1364

00:57:27,290 --> 00:57:24,059

can get they they they do uh like stream

1365

00:57:32,329 --> 00:57:27,300

the Symposium so you can you can be in

1366

00:57:37,130 --> 00:57:34,250

well that information I'll put on the

1367

00:57:39,349 --> 00:57:37,140

the podcast as well Earl um what I want

1368

00:57:42,170 --> 00:57:39,359

to ask what do you see just to wrap up

1369

00:57:45,170 --> 00:57:42,180

is miffon's biggest challenge going

1370

00:57:47,210 --> 00:57:45,180

forward as an organization

1371

00:57:49,190 --> 00:57:47,220

um well now that Congress is openly

1372

00:57:52,849 --> 00:57:49,200

working with us I think that the biggest

1373

00:57:55,130 --> 00:57:52,859

challenge would be uh

1374

00:57:57,530 --> 00:57:55,140

just challenges of working with official

1375

00:57:59,930 --> 00:57:57,540

them you know and I think that there's

1376

00:58:02,569 --> 00:57:59,940

probably different motives in there like

1377

00:58:06,349 --> 00:58:02,579

there usually are and just remaining

1378

00:58:08,569 --> 00:58:06,359

true to our core uh our core mission

1379

00:58:10,549 --> 00:58:08,579

statement which is a very very good

1380

00:58:12,790 --> 00:58:10,559

mission statement I mean mufon's mission

1381

00:58:16,670 --> 00:58:12,800

statement is the scientific

1382

00:58:18,829 --> 00:58:16,680

investigation of UFOs for the benefit of

1383

00:58:22,790 --> 00:58:18,839

humanity

1384

00:58:25,069 --> 00:58:22,800

um and that's that's it you know and and

1385

00:58:26,750 --> 00:58:25,079

that's it says a lot though you know

1386

00:58:29,990 --> 00:58:26,760

it's it's for the benefit of of

1387

00:58:32,390 --> 00:58:30,000

humankind that that we're doing this uh

1388

00:58:36,890 --> 00:58:32,400

because the the Technologies involved

1389

00:58:39,289 --> 00:58:36,900

and and just the knowledge uh once we

1390

00:58:42,289 --> 00:58:39,299

figure out anti-gravity once we figure

1391

00:58:44,750 --> 00:58:42,299

out uh Interstellar flight or

1392

00:58:47,450 --> 00:58:44,760

interdimensional flight or whatever

1393

00:58:50,089 --> 00:58:47,460

whatever it is that they use to get from

1394

00:58:51,829 --> 00:58:50,099

there to here uh it's gonna change it

1395

00:58:54,289 --> 00:58:51,839

it's Gonna Change us it's going to be

1396

00:58:58,609 --> 00:58:54,299

like Star Trek if we can you know

1397

00:59:00,530 --> 00:58:58,619

harness those uh energies and I think

1398

00:59:02,990 --> 00:59:00,540

that maybe that's why sightings and

1399

00:59:05,150 --> 00:59:03,000

everything are ramping up that they are

1400

00:59:06,950 --> 00:59:05,160

watching us carefully they're probably

1401
00:59:10,069 --> 00:59:06,960
worried about us I don't think they want

1402
00:59:13,250 --> 00:59:10,079
Star Wars you know Star Trek yeah sure

1403
00:59:15,530 --> 00:59:13,260
you know but not Star Wars it it and I

1404
00:59:17,390 --> 00:59:15,540
think that they're they're interested in

1405
00:59:19,849 --> 00:59:17,400
our military they're interested in how

1406
00:59:21,950 --> 00:59:19,859
we can Port ourselves and I think that

1407
00:59:24,650 --> 00:59:21,960
that's another intelligence that's not

1408
00:59:26,750 --> 00:59:24,660
Humanity that's and it's very it's going

1409
00:59:28,970 --> 00:59:26,760
to change it's going to change us as a

1410
00:59:31,130 --> 00:59:28,980
species I I think for the best for the

1411
00:59:34,910 --> 00:59:31,140
better uh will truly become a

1412
00:59:36,829 --> 00:59:34,920
space-faring uh race humankind

1413
00:59:40,069 --> 00:59:36,839

um and that that's what I think you know

1414

00:59:43,190 --> 00:59:40,079

the future holds for us I hope if we

1415

00:59:44,809 --> 00:59:43,200

don't blow it ourselves up you know well

1416

00:59:47,630 --> 00:59:44,819

that's a wonderful place to leave it

1417

00:59:50,809 --> 00:59:47,640

missiles offline though if we get out of

1418

00:59:52,670 --> 00:59:50,819

here right exactly exactly listen I'm

1419

00:59:54,890 --> 00:59:52,680

sure we'll still find a way life finds a

1420

00:59:56,329 --> 00:59:54,900

way doesn't it yeah but that's a great

1421

00:59:58,069 --> 00:59:56,339

place to leave it Earl thank you very

1422

00:59:59,569 --> 00:59:58,079

much for joining me I'll have all the

1423

01:00:01,730 --> 00:59:59,579

information you've talked about in the

1424

01:00:03,829 --> 01:00:01,740

description to the podcast and I would

1425

01:00:06,170 --> 01:00:03,839

ask if people you do have a sighting you

1426

01:00:08,990 --> 01:00:06,180

want to report you should report it use

1427

01:00:11,030 --> 01:00:09,000

my phone as a resource the miffon.com

1428

01:00:13,010 --> 01:00:11,040

really easy to get there and fill that

1429

01:00:14,450 --> 01:00:13,020

out as well so Earl and it'll be great

1430

01:00:16,910 --> 01:00:14,460

to have you back on in the near future

1431

01:00:18,710 --> 01:00:16,920

and again I'd love to come back

1432

01:00:21,049 --> 01:00:18,720

been good speaking Matthew L have a

1433

01:00:23,210 --> 01:00:21,059

lovely day thank you too Andy you have a

1434

01:00:24,890 --> 01:00:23,220

wonderful day that is all for this

1435

01:00:26,930 --> 01:00:24,900

week's show thank you very much for

1436

01:00:28,730 --> 01:00:26,940

listening please remember to leave the

1437

01:00:31,549 --> 01:00:28,740

podcast out of you on your chosen

1438

01:00:33,289 --> 01:00:31,559
