

PAUL SINCLAIR

THE HUNMANBY UFO INCIDENT

1
00:00:03,470 --> 00:00:00,790

[Music]

2
00:00:06,130 --> 00:00:03,480

this is Leslie Kane and you're listening

3
00:00:09,950 --> 00:00:06,140

to that UFO podcast

4
00:00:15,470 --> 00:00:12,290

hi everyone and welcome to that UFO

5
00:00:18,050 --> 00:00:15,480

podcast this is a bonus show last month

6
00:00:19,609 --> 00:00:18,060

I had the wonderful Paul Sinclair on and

7
00:00:22,130 --> 00:00:19,619

the feedback from his interview was

8
00:00:23,870 --> 00:00:22,140

fantastic so many of you getting in

9
00:00:26,090 --> 00:00:23,880

touch to say you really enjoyed it if

10
00:00:27,769 --> 00:00:26,100

you remember when I had poll on we were

11
00:00:31,009 --> 00:00:27,779

talking about a particular incident

12
00:00:32,930 --> 00:00:31,019

called The hunman Bay incident now Paul

13
00:00:34,910 --> 00:00:32,940

had to scut over it very quickly just

14

00:00:36,590 --> 00:00:34,920

due to time constraints but we agreed at

15

00:00:38,810 --> 00:00:36,600

the end of that it was worth covering in

16

00:00:40,310 --> 00:00:38,820

a lot more detail so that's exactly what

17

00:00:42,250 --> 00:00:40,320

we're going to do so I have with me

18

00:00:44,330 --> 00:00:42,260

again author of the truth proof series

19

00:00:46,610 --> 00:00:44,340

investigator and researcher Paul

20

00:00:48,650 --> 00:00:46,620

Sinclair Paul welcome back thank you

21

00:00:51,889 --> 00:00:48,660

very much Andy it's great to be back and

22

00:00:54,290 --> 00:00:51,899

it's actually great to be able to tell

23

00:00:56,510 --> 00:00:54,300

the human being said in with a bit more

24

00:00:58,310 --> 00:00:56,520

detail because it's an incredible

25

00:00:59,869 --> 00:00:58,320

account that I don't think anybody's on

26

00:01:01,549 --> 00:00:59,879

Earth and there's not a lot of people

27

00:01:03,590 --> 00:01:01,559

heard about it I've spoke about it on

28

00:01:06,410 --> 00:01:03,600

probably three or four podcasts over a

29

00:01:08,630 --> 00:01:06,420

number of four or five years so yeah

30

00:01:12,410 --> 00:01:08,640

we'll give this a go yeah well you

31

00:01:15,230 --> 00:01:12,420

called it uh another Rend ocean so

32

00:01:17,030 --> 00:01:15,240

without a doubt when I I talked about it

33

00:01:18,710 --> 00:01:17,040

at a conference Outer Limits conference

34

00:01:20,149 --> 00:01:18,720

probably about four years ago sorry for

35

00:01:21,890 --> 00:01:20,159

cutting through your words there Andy

36

00:01:24,050 --> 00:01:21,900

and uh

37

00:01:26,270 --> 00:01:24,060

the I think it well the I can't remember

38

00:01:28,130 --> 00:01:26,280

newspaper it were a big National

39

00:01:30,830 --> 00:01:28,140

newspaper picked up on it and it said

40

00:01:34,249 --> 00:01:30,840

Britain's rendlesham uh sorry Britain's

41

00:01:35,929 --> 00:01:34,259

Roswell answer to Roswell and one of

42

00:01:37,850 --> 00:01:35,939

reporters were there that day I can't

43

00:01:40,370 --> 00:01:37,860

think what the paper was I do apologize

44

00:01:42,530 --> 00:01:40,380

but it'll be there if you Google it so

45

00:01:44,510 --> 00:01:42,540

yeah what were you gonna say no it's

46

00:01:46,249 --> 00:01:44,520

going to say let's start with some of

47

00:01:47,569 --> 00:01:46,259

the basics then because we touched on it

48

00:01:50,990 --> 00:01:47,579

last time but let's go like we never

49

00:01:54,410 --> 00:01:51,000

spoke about it at all whereabouts is and

50

00:01:58,870 --> 00:01:54,420

that's hit you in m-a-n-b-y yeah that's

51
00:02:04,069 --> 00:02:02,569
h-u-n-m-a-n-b-y spot on so uh we're not

52
00:02:05,990 --> 00:02:04,079
we're on the East Yorkshire Coast it's

53
00:02:08,630 --> 00:02:06,000
in between Scarborough and Bridlington

54
00:02:12,229 --> 00:02:08,640
so I'm in Bridlington it's approximately

55
00:02:14,449 --> 00:02:12,239
nine miles from where I am now and two

56
00:02:17,390 --> 00:02:14,459
miles Inland from the coast just a

57
00:02:19,970 --> 00:02:17,400
little village uh as I said between

58
00:02:21,890 --> 00:02:19,980
Eastern North Yorkshire and

59
00:02:24,050 --> 00:02:21,900
he's got an it's got a rich history of

60
00:02:25,729 --> 00:02:24,060
unexplained phenomena as well you know

61
00:02:27,890 --> 00:02:25,739
we touched on Wolf lands which we're not

62
00:02:30,589 --> 00:02:27,900
going to do today but just to give you

63
00:02:33,110 --> 00:02:30,599

an example we've included some reports

64

00:02:34,970 --> 00:02:33,120

of from hummingbee in the documentary

65

00:02:37,430 --> 00:02:34,980

home and be quite literally means

66

00:02:39,410 --> 00:02:37,440

Farmstead of the Hound man you know and

67

00:02:42,170 --> 00:02:39,420

and it's you know going back in ancient

68

00:02:42,949 --> 00:02:42,180

times but let's jump to the story

69

00:02:44,809 --> 00:02:42,959

um

70

00:02:47,630 --> 00:02:44,819

I received

71

00:02:49,490 --> 00:02:47,640

a bit of information probably five years

72

00:02:52,790 --> 00:02:49,500

ago from a guy who lives in Flamborough

73

00:02:55,190 --> 00:02:52,800

who's responsible for the overseeing of

74

00:02:57,350 --> 00:02:55,200

finances in a club uh you know a working

75

00:02:58,970 --> 00:02:57,360

man's club at flambre we'll just call

76

00:03:01,790 --> 00:02:58,980

him Jim well that is his name but we're

77

00:03:03,229 --> 00:03:01,800

not with surname and uh he said I've got

78

00:03:04,850 --> 00:03:03,239

a bit of an interesting story to tell

79

00:03:06,410 --> 00:03:04,860

you it says there's been some decorators

80

00:03:09,229 --> 00:03:06,420

working at the club

81

00:03:10,850 --> 00:03:09,239

and I've just found myself talking to

82

00:03:12,110 --> 00:03:10,860

him or during a tea break and things and

83

00:03:13,850 --> 00:03:12,120

they've just one of them's come out with

84

00:03:16,130 --> 00:03:13,860

this incredible story they got on about

85

00:03:17,750 --> 00:03:16,140

unexplained phenomena around the area of

86

00:03:19,790 --> 00:03:17,760

eastern North Yorkshire nothing to do

87

00:03:23,210 --> 00:03:19,800

with me at that point

88

00:03:26,509 --> 00:03:23,220

and David who as it happens used to work

89

00:03:30,170 --> 00:03:26,519

with me his son this guy's son said dad

90

00:03:31,910 --> 00:03:30,180

tell Jim about the UFO that landed when

91

00:03:35,270 --> 00:03:31,920

you were working at humanby

92

00:03:36,649 --> 00:03:35,280

so he unfolded this story so as Jim's

93

00:03:39,110 --> 00:03:36,659

telling me I said you won't believe it I

94

00:03:41,330 --> 00:03:39,120

says Andrew actually lives 200 yards

95

00:03:43,789 --> 00:03:41,340

away from me I've known him over 20

96

00:03:46,250 --> 00:03:43,799

years his son used to work with me

97

00:03:49,910 --> 00:03:46,260

and they've never told me not because

98

00:03:51,949 --> 00:03:49,920

Andrew he he's really he wanted to

99

00:03:54,530 --> 00:03:51,959

withdraw from it because it was so

100

00:03:56,210 --> 00:03:54,540

prolific it was so intense when it

101
00:03:58,430 --> 00:03:56,220
happened and the the amount of attention

102
00:04:00,710 --> 00:03:58,440
that these guys received by talking

103
00:04:03,410 --> 00:04:00,720
about it weren't nice for him within the

104
00:04:04,970 --> 00:04:03,420
local community but cat went out at back

105
00:04:06,890 --> 00:04:04,980
I mean me and David were great friends

106
00:04:08,690 --> 00:04:06,900
I'm friends with one of the witnesses

107
00:04:11,929 --> 00:04:08,700
Andrew as I said he never spoke about it

108
00:04:14,149 --> 00:04:11,939
but once Jim had told me within a day I

109
00:04:15,289 --> 00:04:14,159
was up at Andrew's house knocking

110
00:04:16,969 --> 00:04:15,299
knocked on his door and I said what's

111
00:04:20,270 --> 00:04:16,979
this and I'm in his kitchen he allowed

112
00:04:25,010 --> 00:04:20,280
me to record him and they were working

113
00:04:28,490 --> 00:04:25,020

at this industrial unit in 1996 97 and

114

00:04:31,370 --> 00:04:28,500

98. they all there were three guys there

115

00:04:33,110 --> 00:04:31,380

was Andrew Dave and the boss who have

116

00:04:34,189 --> 00:04:33,120

called Steve because he doesn't want his

117

00:04:36,050 --> 00:04:34,199

name used

118

00:04:40,850 --> 00:04:36,060

and

119

00:04:43,610 --> 00:04:40,860

secondary jobs they worked during the

120

00:04:46,790 --> 00:04:43,620

daytime Andrew was a sign writer still

121

00:04:48,590 --> 00:04:46,800

is and Dave worked as a painter and

122

00:04:52,129 --> 00:04:48,600

decorator I believe and on a night

123

00:04:54,350 --> 00:04:52,139

they'd come to the unit to assist Steve

124

00:04:56,570 --> 00:04:54,360

and in the unit there were Fairground

125

00:04:59,330 --> 00:04:56,580

rides there were high-end motor vehicles

126

00:05:01,370 --> 00:04:59,340

that were needed spraying sign writing

127

00:05:03,050 --> 00:05:01,380

needed doing so every night from work

128

00:05:04,550 --> 00:05:03,060

sometimes seven days a week they would

129

00:05:06,830 --> 00:05:04,560

arrive at this unit

130

00:05:08,749 --> 00:05:06,840

forum for five o'clock six o'clock

131

00:05:10,850 --> 00:05:08,759

depending weekends they might work till

132

00:05:12,530 --> 00:05:10,860

three a.m in morning but that's the

133

00:05:13,490 --> 00:05:12,540

basic so you got the gist of what was

134

00:05:17,150 --> 00:05:13,500

happening

135

00:05:19,270 --> 00:05:17,160

so they'd been working there well 1996

136

00:05:22,730 --> 00:05:19,280

and

137

00:05:25,129 --> 00:05:22,740

it's it started subtly

138

00:05:27,050 --> 00:05:25,139

um Andrew said he were working in on his

139

00:05:29,150 --> 00:05:27,060

own in the workshop you know

140

00:05:30,230 --> 00:05:29,160

preparing a car I would no need to say

141

00:05:31,610 --> 00:05:30,240

what he was doing because I don't know

142

00:05:32,930 --> 00:05:31,620

exactly what I would imagine he's

143

00:05:35,330 --> 00:05:32,940

rubbing it down or he'd done some

144

00:05:37,670 --> 00:05:35,340

filling and just to give you an overview

145

00:05:40,550 --> 00:05:37,680

of the unit it's a huge building that

146

00:05:43,370 --> 00:05:40,560

you could get uh double decker buses in

147

00:05:45,110 --> 00:05:43,380

two or three buses in big roller shutter

148

00:05:48,230 --> 00:05:45,120

doors at one end roller shutters at the

149

00:05:50,330 --> 00:05:48,240

other one side door either end as well

150

00:05:51,529 --> 00:05:50,340

for the for the guys to In and Out I

151

00:05:53,689 --> 00:05:51,539

think that's important that we paint

152

00:05:56,270 --> 00:05:53,699

that picture as we go through story and

153

00:05:58,610 --> 00:05:56,280

in the bottom right hand corner there's

154

00:06:00,950 --> 00:05:58,620

a there's a toilet block a small toilet

155

00:06:02,029 --> 00:06:00,960

block some stairs leading up to an

156

00:06:03,409 --> 00:06:02,039

office

157

00:06:05,689 --> 00:06:03,419

above

158

00:06:08,270 --> 00:06:05,699

and there's just a space then between

159

00:06:10,129 --> 00:06:08,280

the office and the roof of the warehouse

160

00:06:12,890 --> 00:06:10,139

of about four foot

161

00:06:15,170 --> 00:06:12,900

it had formerly been an engineering unit

162

00:06:17,570 --> 00:06:15,180

so there was little boxes of washers and

163

00:06:19,610 --> 00:06:17,580

nuts and bolts not everywhere but just

164

00:06:20,689 --> 00:06:19,620

around the edges of the unit and on top

165

00:06:23,510 --> 00:06:20,699

of this

166

00:06:25,969 --> 00:06:23,520

the office block Steve's office

167

00:06:28,129 --> 00:06:25,979

so Dave's preparing the car

168

00:06:28,909 --> 00:06:28,139

and as he's sort of doing something he

169

00:06:30,890 --> 00:06:28,919

said

170

00:06:32,930 --> 00:06:30,900

it just kind of glanced up in a little

171

00:06:34,249 --> 00:06:32,940

block of wood came from the top of the

172

00:06:37,189 --> 00:06:34,259

office block

173

00:06:39,529 --> 00:06:37,199

we're straight past his head

174

00:06:41,749 --> 00:06:39,539

there's nobody else in

175

00:06:44,029 --> 00:06:41,759

he's looking and he's kind of smiling to

176

00:06:45,230 --> 00:06:44,039

himself because back in the 1990s there

177

00:06:47,990 --> 00:06:45,240

were young men they thought is somebody

178

00:06:49,969 --> 00:06:48,000

playing a prank so he thought Steve or

179

00:06:51,590 --> 00:06:49,979

David hidden up there and were wanting

180

00:06:53,450 --> 00:06:51,600

to act about

181

00:06:55,969 --> 00:06:53,460

so I just carried on what he was doing

182

00:06:57,710 --> 00:06:55,979

and he keeps glancing up and there's

183

00:07:00,110 --> 00:06:57,720

nothing there's just this four foot void

184

00:07:02,689 --> 00:07:00,120

of Darkness above the office

185

00:07:04,070 --> 00:07:02,699

and then he is a crack on side at Uni

186

00:07:07,670 --> 00:07:04,080

remember they're all such a big these

187

00:07:09,529 --> 00:07:07,680

big corrugated sheeted units and uh

188

00:07:11,210 --> 00:07:09,539

as a is a crack then there's a crack on

189

00:07:12,170 --> 00:07:11,220

other side and he can't work out what it

190

00:07:14,570 --> 00:07:12,180

is

191

00:07:17,090 --> 00:07:14,580

a spirit of time past maybe 20 minutes

192

00:07:19,309 --> 00:07:17,100

half an hour I don't know but Dave and

193

00:07:20,210 --> 00:07:19,319

Steve arrived it weren't them so he told

194

00:07:22,370 --> 00:07:20,220

them

195

00:07:24,409 --> 00:07:22,380

and uh

196

00:07:26,150 --> 00:07:24,419

they just kind of left it off they

197

00:07:27,830 --> 00:07:26,160

thought well it weren't awesome well

198

00:07:30,950 --> 00:07:27,840

you've been silly like not nothing's

199

00:07:33,170 --> 00:07:30,960

happened so let me just I've got notes

200

00:07:35,510 --> 00:07:33,180

Here guys you have to there's just a lot

201
00:07:37,909 --> 00:07:35,520
to humming me so

202
00:07:40,249 --> 00:07:37,919
over the next few days

203
00:07:41,629 --> 00:07:40,259
they all started hearing these strange

204
00:07:43,790 --> 00:07:41,639
cracks

205
00:07:46,969 --> 00:07:43,800
and they they realized that it was steel

206
00:07:50,749 --> 00:07:46,979
washers and nuts that were hitting the

207
00:07:53,029 --> 00:07:50,759
side of the building but from the inside

208
00:07:55,850 --> 00:07:53,039
when they're all together there's no one

209
00:07:57,710 --> 00:07:55,860
else in and they did a crack but then

210
00:07:58,670 --> 00:07:57,720
the other tinkle and the drop on the

211
00:08:00,710 --> 00:07:58,680
floor

212
00:08:03,589 --> 00:08:00,720
and there's these projectiles Sutter it

213
00:08:05,450 --> 00:08:03,599

inside that building and you know

214

00:08:06,830 --> 00:08:05,460

nothing got damaged that's what was

215

00:08:09,050 --> 00:08:06,840

interesting because they've got high-end

216

00:08:10,670 --> 00:08:09,060

Motor Vehicles in it some in some

217

00:08:13,249 --> 00:08:10,680

instances and nothing will get it none

218

00:08:15,230 --> 00:08:13,259

of the vehicles were getting hit

219

00:08:18,430 --> 00:08:15,240

so they're trying to work out what's

220

00:08:21,350 --> 00:08:18,440

happening and this is this is June of

221

00:08:22,249 --> 00:08:21,360

1996 because it started June July and

222

00:08:24,770 --> 00:08:22,259

August

223

00:08:25,969 --> 00:08:24,780

there was during that period there was a

224

00:08:28,689 --> 00:08:25,979

guy that worked there was passed away

225

00:08:31,309 --> 00:08:28,699

called Alan so he experienced it as well

226

00:08:33,409 --> 00:08:31,319

there's a on the industrial unit and

227

00:08:35,750 --> 00:08:33,419

it's not big now it's still there it's

228

00:08:38,269 --> 00:08:35,760

used for something else now but during

229

00:08:40,310 --> 00:08:38,279

the 1990s there were only about four or

230

00:08:41,149 --> 00:08:40,320

five big units there if we can call them

231

00:08:44,690 --> 00:08:41,159

big

232

00:08:46,730 --> 00:08:44,700

and one of them fuel units down was a

233

00:08:48,410 --> 00:08:46,740

coach unit we used to strip cultures out

234

00:08:49,910 --> 00:08:48,420

and renovate cultures they're still

235

00:08:52,370 --> 00:08:49,920

there I've spoken to some of the guys

236

00:08:54,650 --> 00:08:52,380

who remember uh they remember this

237

00:08:55,790 --> 00:08:54,660

happening and they were sort of closer

238

00:08:57,530 --> 00:08:55,800

friends then

239

00:08:58,910 --> 00:08:57,540

not that they've fell out but you know

240

00:09:03,230 --> 00:08:58,920

there's a lot of time elapsed between

241

00:09:05,810 --> 00:09:03,240

the 1990s and now sure yeah so

242

00:09:08,509 --> 00:09:05,820

it built up oh and Dave's mum and dad

243

00:09:10,310 --> 00:09:08,519

used to come every night

244

00:09:11,630 --> 00:09:10,320

for no other reason I think that they

245

00:09:13,430 --> 00:09:11,640

wanted to see their Sonny or the

246

00:09:15,350 --> 00:09:13,440

youngest of these three men so they

247

00:09:16,670 --> 00:09:15,360

drive through from Bridlington bring him

248

00:09:19,070 --> 00:09:16,680

a few sandwiches because he'd go

249

00:09:21,350 --> 00:09:19,080

straight from his day job and and he'd

250

00:09:22,970 --> 00:09:21,360

sit and talk to Steve the boss and

251
00:09:25,310 --> 00:09:22,980
talked to Andrew and I think they just

252
00:09:26,990 --> 00:09:25,320
enjoyed that kind of breaking the

253
00:09:28,730 --> 00:09:27,000
monotony and stay there for two or three

254
00:09:31,070 --> 00:09:28,740
hours so that's important because they

255
00:09:32,990 --> 00:09:31,080
experienced the strange phenomena as

256
00:09:34,370 --> 00:09:33,000
well so it built up

257
00:09:38,690 --> 00:09:34,380
over

258
00:09:40,970 --> 00:09:38,700
months and suddenly

259
00:09:41,949 --> 00:09:40,980
they would hear a crack and they'd look

260
00:09:44,090 --> 00:09:41,959
and

261
00:09:46,070 --> 00:09:44,100
painting lid would fall to the floor

262
00:09:48,350 --> 00:09:46,080
there's nothing above them Andrew

263
00:09:50,690 --> 00:09:48,360

there's literally there's no floors

264

00:09:52,490 --> 00:09:50,700

above them it's straight to the roof

265

00:09:55,190 --> 00:09:52,500

uh they'd be walking and they'd turn

266

00:09:57,889 --> 00:09:55,200

around and there'd be a coffee jar just

267

00:10:01,550 --> 00:09:57,899

drop behind them or in front of them all

268

00:10:04,430 --> 00:10:01,560

sorts of things so all of this is is

269

00:10:06,290 --> 00:10:04,440

happening now

270

00:10:09,470 --> 00:10:06,300

we've talked about the piece of wood

271

00:10:11,150 --> 00:10:09,480

that flew flew off and the loud cracks

272

00:10:13,430 --> 00:10:11,160

and just need to just go through a few

273

00:10:14,750 --> 00:10:13,440

more notes people so I was just going to

274

00:10:16,070 --> 00:10:14,760

ask if Paul might be a good time to do

275

00:10:17,750 --> 00:10:16,080

it so so far

276

00:10:20,350 --> 00:10:17,760

well we're going to get to it being you

277

00:10:22,610 --> 00:10:20,360

know a UFO case

278

00:10:24,590 --> 00:10:22,620

it starts off with a lot of classic

279

00:10:27,050 --> 00:10:24,600

Paranormal Activity it doesn't it you

280

00:10:29,090 --> 00:10:27,060

know it's flying about it builds it

281

00:10:31,070 --> 00:10:29,100

builds it's almost Poltergeist type

282

00:10:33,230 --> 00:10:31,080

activity yeah just to draw away from

283

00:10:35,389 --> 00:10:33,240

Human be for a moment I wonder if

284

00:10:37,690 --> 00:10:35,399

listeners have noted that Poltergeist

285

00:10:40,490 --> 00:10:37,700

activity in my opinion starts almost

286

00:10:43,009 --> 00:10:40,500

amoebaish it's almost that there's

287

00:10:45,590 --> 00:10:43,019

subtle things that happen and it kind of

288

00:10:47,150 --> 00:10:45,600

grows with a person's awareness that

289

00:10:49,490 --> 00:10:47,160

it's evolving

290

00:10:51,590 --> 00:10:49,500

uh it it starts as though it's got no

291

00:10:54,530 --> 00:10:51,600

intelligence at first in my opinion you

292

00:10:56,870 --> 00:10:54,540

know the we're just here clicks and

293

00:10:59,090 --> 00:10:56,880

ticks and and strange little things that

294

00:11:01,009 --> 00:10:59,100

subtle things are happening but as as

295

00:11:03,170 --> 00:11:01,019

the person becomes aware of the

296

00:11:05,810 --> 00:11:03,180

Poltergeist we can we kind of get drawn

297

00:11:09,350 --> 00:11:05,820

into it is it feeding off our energy I

298

00:11:10,910 --> 00:11:09,360

don't know so so all of that happened

299

00:11:13,910 --> 00:11:10,920

unless there's do you want to add any

300

00:11:15,949 --> 00:11:13,920

more to that Andrew no no go for it so

301
00:11:17,509 --> 00:11:15,959
everything happened that there was an

302
00:11:20,030 --> 00:11:17,519
awareness to the phenomena they never

303
00:11:22,850 --> 00:11:20,040
caught it all everything like they did

304
00:11:25,670 --> 00:11:22,860
this crack the turn the beer crack

305
00:11:27,650 --> 00:11:25,680
opposite side and it were all a sort of

306
00:11:30,230 --> 00:11:27,660
out of their Vision they never caught it

307
00:11:31,970 --> 00:11:30,240
I remember I think the only person that

308
00:11:34,190 --> 00:11:31,980
saw anything actually flying through the

309
00:11:35,509 --> 00:11:34,200
air was Andrew's son David because they

310
00:11:37,670 --> 00:11:35,519
were a young lad then and he took him to

311
00:11:40,430 --> 00:11:37,680
the unit one day and he said he actually

312
00:11:43,370 --> 00:11:40,440
saw steel washers flying off the top of

313
00:11:45,829 --> 00:11:43,380

the roller shutter doors so

314

00:11:49,069 --> 00:11:45,839

we've got this strange awareness to the

315

00:11:51,829 --> 00:11:49,079

to the phenomena anyway and but in 1997

316

00:11:55,130 --> 00:11:51,839

after August so we've got June July

317

00:11:56,329 --> 00:11:55,140

August of 96. it stopped in August for

318

00:11:58,550 --> 00:11:56,339

no reason

319

00:12:00,949 --> 00:11:58,560

uh everything just sort of petered out

320

00:12:02,269 --> 00:12:00,959

so it built in that intensity and

321

00:12:03,889 --> 00:12:02,279

stopped

322

00:12:07,190 --> 00:12:03,899

they go through the year then the back

323

00:12:11,449 --> 00:12:07,200

to 1997 everything's going as normal

324

00:12:15,530 --> 00:12:11,459

and uh it starts again June 1997. why

325

00:12:18,170 --> 00:12:15,540

June uh and it's as you've just kind of

326

00:12:20,150 --> 00:12:18,180

hinted at it kind of pulls them in you

327

00:12:24,170 --> 00:12:20,160

know it's steel washers bouncing off

328

00:12:26,150 --> 00:12:24,180

walls and uh coffee Jazz don't get me

329

00:12:27,410 --> 00:12:26,160

wrong I don't suppose they have hundreds

330

00:12:29,030 --> 00:12:27,420

and hundreds of coffee jars but that's

331

00:12:32,030 --> 00:12:29,040

just the examples that they're given and

332

00:12:34,370 --> 00:12:32,040

painting Lids started dropping it it

333

00:12:38,269 --> 00:12:34,380

were all there but

334

00:12:40,370 --> 00:12:38,279

it built in intensity so now light bulbs

335

00:12:42,590 --> 00:12:40,380

they've been the unit and all the lights

336

00:12:44,030 --> 00:12:42,600

would suddenly go really bright I mean

337

00:12:45,889 --> 00:12:44,040

we've all experienced it in his own home

338

00:12:47,569 --> 00:12:45,899

just before a light goes

339

00:12:50,150 --> 00:12:47,579

and all power will be cooked to the unit

340

00:12:52,069 --> 00:12:50,160

but what was interesting was the radio

341

00:12:54,470 --> 00:12:52,079

which was plugged into the three pin

342

00:12:57,710 --> 00:12:54,480

socket not on batteries continued to

343

00:12:59,449 --> 00:12:57,720

play all things that but quite honestly

344

00:13:03,170 --> 00:12:59,459

are impossible aren't they but that's

345

00:13:05,569 --> 00:13:03,180

what the insist was happening uh

346

00:13:07,970 --> 00:13:05,579

Wendy were going out this is 96 now so

347

00:13:09,530 --> 00:13:07,980

June July and August of 96 when they

348

00:13:11,810 --> 00:13:09,540

would go out to their vehicles on a

349

00:13:14,690 --> 00:13:11,820

night whatever time 11 o'clock one

350

00:13:17,509 --> 00:13:14,700

morning not on All Occasions but there'd

351

00:13:18,949 --> 00:13:17,519

be small piles of gravel on the Bonnets

352

00:13:21,350 --> 00:13:18,959

of the vehicles

353

00:13:23,030 --> 00:13:21,360

little little pyramids of gravel which

354

00:13:24,050 --> 00:13:23,040

they couldn't explain they couldn't I

355

00:13:25,730 --> 00:13:24,060

mean it could have been somebody playing

356

00:13:27,769 --> 00:13:25,740

a prank people you know I'm not we're

357

00:13:29,810 --> 00:13:27,779

not attributing everything to

358

00:13:32,269 --> 00:13:29,820

unexplained phenomena because they had

359

00:13:34,790 --> 00:13:32,279

started telling people about this yeah

360

00:13:36,290 --> 00:13:34,800

you know so somebody somebody might have

361

00:13:38,150 --> 00:13:36,300

thought yeah let's wind these guys up a

362

00:13:40,550 --> 00:13:38,160

little bit I don't know uh they're not

363

00:13:42,650 --> 00:13:40,560

internet that well so they came out to

364

00:13:44,210 --> 00:13:42,660

the vehicles one night and this huge

365

00:13:46,910 --> 00:13:44,220

animal prints

366

00:13:50,810 --> 00:13:46,920

from the back of the car over the roof

367

00:13:53,030 --> 00:13:50,820

on the bonnet bipedal Prince Canada

368

00:13:55,790 --> 00:13:53,040

don't make sense but it's all mixed in

369

00:13:57,490 --> 00:13:55,800

with the with the sort of I don't know

370

00:14:00,230 --> 00:13:57,500

this such a

371

00:14:02,990 --> 00:14:00,240

bathing of paranormal activity that were

372

00:14:05,690 --> 00:14:03,000

taking place and uh everything's

373

00:14:08,210 --> 00:14:05,700

starting to get thrown thrown around

374

00:14:12,170 --> 00:14:08,220

like I said nobody ever saw anything

375

00:14:14,090 --> 00:14:12,180

actually move so during 1997 Steve

376

00:14:16,129 --> 00:14:14,100

because there's a large

377

00:14:18,410 --> 00:14:16,139

holding area for cars and buses and

378

00:14:20,750 --> 00:14:18,420

lorries at the back and a bit more scrub

379

00:14:23,569 --> 00:14:20,760

land behind that Steve rented some of

380

00:14:26,449 --> 00:14:23,579

that land off to a guy who wanted to

381

00:14:28,430 --> 00:14:26,459

break Caravans up and sell parts kind of

382

00:14:31,129 --> 00:14:28,440

you know Caravan scrap yard for one of a

383

00:14:32,509 --> 00:14:31,139

better word and he rented some land off

384

00:14:35,090 --> 00:14:32,519

and there were a guy who used to sleep

385

00:14:36,889 --> 00:14:35,100

in one of the Caravans well whilst the

386

00:14:38,509 --> 00:14:36,899

clearing this land off and preparing it

387

00:14:42,230 --> 00:14:38,519

making it sort of

388

00:14:44,870 --> 00:14:42,240

suitable for the job they found a grave

389

00:14:49,370 --> 00:14:44,880

they found a wooden grave marker we

390

00:14:51,290 --> 00:14:49,380

imagine about 24 inch high 15 inch wide

391

00:14:53,870 --> 00:14:51,300

with the inscription of a little girl

392

00:14:56,389 --> 00:14:53,880

none of them remember the name or the

393

00:14:59,329 --> 00:14:56,399

year but the thinking well the 1800s and

394

00:15:02,389 --> 00:14:59,339

they've got this wooden grave marker and

395

00:15:06,790 --> 00:15:02,399

they kind of said they didn't treat it

396

00:15:10,910 --> 00:15:09,050

with any disrespect but do you know what

397

00:15:12,410 --> 00:15:10,920

I mean to me it's important if

398

00:15:14,629 --> 00:15:12,420

somebody's there's somebody buried there

399

00:15:16,850 --> 00:15:14,639

potentially so they brought it into the

400

00:15:19,310 --> 00:15:16,860

workshop their tributed everything that

401
00:15:20,750 --> 00:15:19,320
had happened before to the spirits of

402
00:15:23,269 --> 00:15:20,760
the little girl that led some kind of

403
00:15:24,889 --> 00:15:23,279
poltergeist activity instantly they'd

404
00:15:27,410 --> 00:15:24,899
got something to

405
00:15:31,310 --> 00:15:27,420
focus on and whether it was or not and I

406
00:15:33,949 --> 00:15:31,320
have no idea but uh they even contacted

407
00:15:35,569 --> 00:15:33,959
the local church I've since contacted

408
00:15:37,189 --> 00:15:35,579
the church and The Undertakers because

409
00:15:39,829 --> 00:15:37,199
they know that their church or The

410
00:15:41,750 --> 00:15:39,839
Undertakers came and took the marker

411
00:15:43,850 --> 00:15:41,760
away uh

412
00:15:45,590 --> 00:15:43,860
they've known knowledge of the people

413
00:15:47,689 --> 00:15:45,600

that I've spoken to at homaby church or

414

00:15:51,189 --> 00:15:47,699

The Undertakers but I mean like we've

415

00:15:54,110 --> 00:15:51,199

said there's a lot of time elapsed so

416

00:15:56,870 --> 00:15:54,120

also they also but because all three

417

00:15:58,250 --> 00:15:56,880

lived in Bridlington so the at some

418

00:16:00,769 --> 00:15:58,260

point they've got to drive to humanby

419

00:16:02,329 --> 00:16:00,779

all of them talk about seeing on

420

00:16:05,030 --> 00:16:02,339

occasion

421

00:16:07,189 --> 00:16:05,040

huge flashes of light just literally

422

00:16:09,769 --> 00:16:07,199

Split Second light where the land just

423

00:16:11,870 --> 00:16:09,779

lights up today I don't know they've

424

00:16:13,610 --> 00:16:11,880

actually excuse me experienced that Andy

425

00:16:15,470 --> 00:16:13,620

but we have up at Benton funnily enough

426

00:16:16,610 --> 00:16:15,480

just literally a blink and everything's

427

00:16:18,350 --> 00:16:16,620

daylight I don't know what kind of

428

00:16:19,850 --> 00:16:18,360

energy source can do with that but we

429

00:16:21,889 --> 00:16:19,860

know that sheet lightning could do it

430

00:16:24,410 --> 00:16:21,899

but they'd all talk about experiencing

431

00:16:26,210 --> 00:16:24,420

that not sure if that's connected do you

432

00:16:28,069 --> 00:16:26,220

know just just on that yet one cell

433

00:16:31,310 --> 00:16:28,079

remember in Glasgow uh I was playing

434

00:16:33,290 --> 00:16:31,320

football one night at was maybe 13 14

435

00:16:35,629 --> 00:16:33,300

kind of edge uh if anyone knows the

436

00:16:39,350 --> 00:16:35,639

idiot drum Chapel near near Cana where I

437

00:16:41,810 --> 00:16:39,360

stayed in the West End of Glasgow and um

438

00:16:44,749 --> 00:16:41,820

I remember it being a very clear sky

439

00:16:46,610 --> 00:16:44,759

not really any clouds at all about and

440

00:16:48,530 --> 00:16:46,620

there was just a big flash in the sky

441

00:16:50,749 --> 00:16:48,540

and it was night time so you know it

442

00:16:52,850 --> 00:16:50,759

shouldn't have been uh like you say

443

00:16:55,730 --> 00:16:52,860

almost like someone camera flash up in

444

00:16:57,170 --> 00:16:55,740

the clock up in the sky right gone that

445

00:16:58,910 --> 00:16:57,180

was it and I remember just looking about

446

00:17:02,090 --> 00:16:58,920

for just a couple of seconds I Was

447

00:17:04,130 --> 00:17:02,100

Myself yeah and yeah that was really

448

00:17:07,210 --> 00:17:04,140

strange that was odd but what can you do

449

00:17:09,590 --> 00:17:07,220

like you know you can't because the the

450

00:17:11,270 --> 00:17:09,600

doubt is being documented I mean it may

451
00:17:13,189 --> 00:17:11,280
have been picked up on CCTV or something

452
00:17:14,150 --> 00:17:13,199
we all cameras we've got now but who can

453
00:17:16,549 --> 00:17:14,160
say

454
00:17:18,289 --> 00:17:16,559
so we've got these flashes these unusual

455
00:17:21,710 --> 00:17:18,299
flashes over these this three-year

456
00:17:23,150 --> 00:17:21,720
period Dave the younger one when when we

457
00:17:25,370 --> 00:17:23,160
sat and spoke because I spoke to them

458
00:17:26,990 --> 00:17:25,380
all I spoke to Andrew more than the

459
00:17:29,630 --> 00:17:27,000
other two have spoke to Dave and I spoke

460
00:17:32,150 --> 00:17:29,640
to the boss Steve was would call him

461
00:17:33,950 --> 00:17:32,160
Dave said that I've also got memories of

462
00:17:35,930 --> 00:17:33,960
driving to the unit

463
00:17:37,850 --> 00:17:35,940

but I have no memories and seen these

464

00:17:39,409 --> 00:17:37,860

flashes of light but have no memories of

465

00:17:42,049 --> 00:17:39,419

actually working there

466

00:17:43,909 --> 00:17:42,059

I've just got memories of driving back

467

00:17:45,890 --> 00:17:43,919

and it doesn't mean like he's got lots

468

00:17:47,630 --> 00:17:45,900

of these but he's he's just aware of it

469

00:17:50,450 --> 00:17:47,640

it's a niggling little thing that that

470

00:17:52,130 --> 00:17:50,460

that's kind of stayed with him and his

471

00:17:53,930 --> 00:17:52,140

mum and dad were coming throughout this

472

00:17:55,909 --> 00:17:53,940

period of time because I think that this

473

00:17:58,130 --> 00:17:55,919

is important because as we progress

474

00:18:01,370 --> 00:17:58,140

through hummingbird you'll well you will

475

00:18:03,350 --> 00:18:01,380

see why so this started this in the end

476
00:18:04,970 --> 00:18:03,360
they stopped telling people about what

477
00:18:08,029 --> 00:18:04,980
was happening it were interesting at

478
00:18:10,690 --> 00:18:08,039
first it were kind of edgy and and

479
00:18:12,950 --> 00:18:10,700
exciting when things happened but

480
00:18:15,169 --> 00:18:12,960
obviously they started to get a bit of a

481
00:18:17,210 --> 00:18:15,179
ridicule they've got at local Builders

482
00:18:19,610 --> 00:18:17,220
not Builders Merchants suppliers for the

483
00:18:21,289 --> 00:18:19,620
car components and things and you know

484
00:18:23,570 --> 00:18:21,299
they were getting a little bit of stick

485
00:18:26,390 --> 00:18:23,580
for for what were happening so nobody

486
00:18:27,770 --> 00:18:26,400
believed them basically uh and as I say

487
00:18:29,390 --> 00:18:27,780
I spoke to the guys at the bus depot

488
00:18:31,250 --> 00:18:29,400

probably about two or three years ago on

489

00:18:34,430 --> 00:18:31,260

this one old chap that still works there

490

00:18:35,090 --> 00:18:34,440

who remembers it so

491

00:18:37,669 --> 00:18:35,100

um

492

00:18:39,350 --> 00:18:37,679

one occasion that sat in front of her we

493

00:18:41,570 --> 00:18:39,360

will get to the UFO people I would

494

00:18:43,310 --> 00:18:41,580

promise you but there's I think we just

495

00:18:44,990 --> 00:18:43,320

need to build up one occasion they're

496

00:18:48,409 --> 00:18:45,000

all sat in there's three of them sat in

497

00:18:49,970 --> 00:18:48,419

the front of a Motorway pickup truck one

498

00:18:52,549 --> 00:18:49,980

that they're planning on doing some work

499

00:18:54,049 --> 00:18:52,559

on and the owner of the truck was is

500

00:18:55,690 --> 00:18:54,059

telling them I suppose what he wants he

501
00:18:57,890 --> 00:18:55,700
wants his sign writing and this and that

502
00:18:59,690 --> 00:18:57,900
and suddenly

503
00:19:01,730 --> 00:18:59,700
there's cracks on the side of the

504
00:19:03,230 --> 00:19:01,740
building inside not on the outsides he

505
00:19:04,490 --> 00:19:03,240
asks what it is this is the kind of

506
00:19:06,110 --> 00:19:04,500
thing they were telling people they said

507
00:19:08,270 --> 00:19:06,120
they're just jokingly said it's the

508
00:19:10,070 --> 00:19:08,280
Poltergeist this guy just looks at them

509
00:19:13,190 --> 00:19:10,080
they don't lose business through it but

510
00:19:15,230 --> 00:19:13,200
you know and that's how the word got out

511
00:19:17,750 --> 00:19:15,240
there's there's another ridiculous

512
00:19:19,490 --> 00:19:17,760
example that they had an mg Roadster in

513
00:19:21,710 --> 00:19:19,500

for some work

514

00:19:24,590 --> 00:19:21,720

and they're all doing their jobs

515

00:19:26,810 --> 00:19:24,600

and it started on its own

516

00:19:28,730 --> 00:19:26,820

this is we're all just mesmerized it

517

00:19:31,909 --> 00:19:28,740

there's no one else in the unit and this

518

00:19:34,070 --> 00:19:31,919

cars started up the keys are in it but

519

00:19:35,810 --> 00:19:34,080

it started and it's just not possible as

520

00:19:40,010 --> 00:19:35,820

you know

521

00:19:42,770 --> 00:19:40,020

Steve the boss walks over to it

522

00:19:44,930 --> 00:19:42,780

turns off the engine or tries to touch

523

00:19:46,730 --> 00:19:44,940

the keys up he says it's still running

524

00:19:49,010 --> 00:19:46,740

they pull the bonnet

525

00:19:50,930 --> 00:19:49,020

and just move the pull the plug leads

526

00:19:52,730 --> 00:19:50,940

and the thing stops and I know there's

527

00:19:54,890 --> 00:19:52,740

going to be people listening to this and

528

00:19:58,250 --> 00:19:54,900

saying well that's just a load of

529

00:20:00,950 --> 00:19:58,260

rubbish for want of a better word and uh

530

00:20:02,750 --> 00:20:00,960

but this is what I'm told all three men

531

00:20:05,510 --> 00:20:02,760

have told me this story of the mg

532

00:20:08,150 --> 00:20:05,520

Roadster he says we were kind of shocked

533

00:20:10,549 --> 00:20:08,160

got there another morning and the guy

534

00:20:12,289 --> 00:20:10,559

who lives The gales breaks Caravans in

535

00:20:14,690 --> 00:20:12,299

the back of the you at the back of the

536

00:20:16,370 --> 00:20:14,700

units somebody sleeps there

537

00:20:18,169 --> 00:20:16,380

and he's having an argument with Steve

538

00:20:19,730 --> 00:20:18,179

they said we not morning this will be

539

00:20:21,830 --> 00:20:19,740

evening he says we get to do our jobs

540

00:20:23,990 --> 00:20:21,840

and this guy's arguing

541

00:20:26,510 --> 00:20:24,000

and there's the vehicles that are packed

542

00:20:28,549 --> 00:20:26,520

at the back of the compound and is

543

00:20:30,529 --> 00:20:28,559

telling him that the radials are coming

544

00:20:33,529 --> 00:20:30,539

on on the night in during the night the

545

00:20:35,630 --> 00:20:33,539

horns are beeping and he's moaning at

546

00:20:38,450 --> 00:20:35,640

Stephen saying like you know the your

547

00:20:40,310 --> 00:20:38,460

responsibility this needs to stop and he

548

00:20:41,810 --> 00:20:40,320

pulled the bonnets the taking batteries

549

00:20:44,330 --> 00:20:41,820

out to stop

550

00:20:47,810 --> 00:20:44,340

people you know to stop people uh

551
00:20:50,210 --> 00:20:47,820
obviously stealing the batteries so

552
00:20:52,490 --> 00:20:50,220
it fell out with this guy and there's no

553
00:20:54,590 --> 00:20:52,500
batteries in he obviously no explanation

554
00:20:57,529 --> 00:20:54,600
for for what we're happening with this

555
00:21:00,289 --> 00:20:57,539
sort of paranormal coating that sort of

556
00:21:01,750 --> 00:21:00,299
it's everywhere with around this unit

557
00:21:05,110 --> 00:21:01,760
once again

558
00:21:07,130 --> 00:21:05,120
1997 everything seemed to come to a stop

559
00:21:09,190 --> 00:21:07,140
carried on as normal

560
00:21:13,010 --> 00:21:09,200
we get to June

561
00:21:16,549 --> 00:21:13,020
1998. now just also need to note that

562
00:21:19,970 --> 00:21:16,559
June through writing the truth-proof

563
00:21:23,210 --> 00:21:19,980

book Sunday I've highlighted that June

564

00:21:25,870 --> 00:21:23,220

seems to come up in a lot of sightings

565

00:21:28,549 --> 00:21:25,880

and experiences

566

00:21:30,049 --> 00:21:28,559

you know you know we've got aircraft

567

00:21:32,090 --> 00:21:30,059

that have gone down in June we know

568

00:21:34,190 --> 00:21:32,100

these are tragedies and we we should we

569

00:21:36,110 --> 00:21:34,200

we're not attributing them to UFO

570

00:21:41,750 --> 00:21:36,120

phenomena or anything but it's worth

571

00:21:44,690 --> 00:21:41,760

noting so June 1998 the these this still

572

00:21:45,890 --> 00:21:44,700

sort of I don't know contemplating now

573

00:21:48,710 --> 00:21:45,900

whether it's all going to start again

574

00:21:50,690 --> 00:21:48,720

and it does begin and

575

00:21:52,909 --> 00:21:50,700

they're believing that The Headstone the

576

00:21:54,649 --> 00:21:52,919

grave marker is somehow responsible just

577

00:21:56,810 --> 00:21:54,659

like the previous years the washers are

578

00:21:57,890 --> 00:21:56,820

flying about but now they're getting

579

00:22:02,450 --> 00:21:57,900

money

580

00:22:05,390 --> 00:22:02,460

as the walking are about in front of

581

00:22:07,430 --> 00:22:05,400

them gravel is falling in front of them

582

00:22:09,649 --> 00:22:07,440

remember there's no second floor on

583

00:22:13,310 --> 00:22:09,659

first floor on this unit it's just a

584

00:22:15,350 --> 00:22:13,320

ground floor the only the only elevated

585

00:22:17,750 --> 00:22:15,360

building is the tiny office in the

586

00:22:20,029 --> 00:22:17,760

bottom right hand corner so there's

587

00:22:23,510 --> 00:22:20,039

nobody up there leaning over and

588

00:22:25,549 --> 00:22:23,520

dropping things and uh the radio would

589

00:22:28,490 --> 00:22:25,559

suddenly go very loud and start changing

590

00:22:31,010 --> 00:22:28,500

channels and I mean it could be a faulty

591

00:22:32,570 --> 00:22:31,020

radio you know I don't know but all of

592

00:22:34,730 --> 00:22:32,580

these things are happening so on top of

593

00:22:36,049 --> 00:22:34,740

the washers flying about the steel

594

00:22:38,390 --> 00:22:36,059

washers

595

00:22:40,909 --> 00:22:38,400

excuse me the nuts and bolts and the

596

00:22:42,409 --> 00:22:40,919

coffee jars that's dropping in front of

597

00:22:43,549 --> 00:22:42,419

them and painting Lids we've got money

598

00:22:45,710 --> 00:22:43,559

and

599

00:22:47,930 --> 00:22:45,720

they decided to put the grave marker

600

00:22:54,350 --> 00:22:47,940

outside

601
00:22:56,270 --> 00:22:54,360
the shutter doors and whilst they're

602
00:22:59,149 --> 00:22:56,280
working away they hear what they

603
00:23:01,669 --> 00:22:59,159
perceive was somebody the sound almost

604
00:23:05,630 --> 00:23:01,679
like somebody using a baseball bat to

605
00:23:08,210 --> 00:23:05,640
hit the huge shutter doors Bang Bang

606
00:23:09,950 --> 00:23:08,220
and they go to investigate what's

607
00:23:13,490 --> 00:23:09,960
happening because obviously these doors

608
00:23:16,029 --> 00:23:13,500
are shut and the grave markers inside

609
00:23:18,890 --> 00:23:16,039
all three men

610
00:23:20,870 --> 00:23:18,900
swear that they never brought it in and

611
00:23:23,890 --> 00:23:20,880
all three men have told me this story

612
00:23:26,810 --> 00:23:23,900
and and there's a lot of things that

613
00:23:28,789 --> 00:23:26,820

connected to it that they they could

614

00:23:32,690 --> 00:23:28,799

have really omitted because it doesn't

615

00:23:35,330 --> 00:23:32,700

bring loads of valid validation to a UFO

616

00:23:37,010 --> 00:23:35,340

story but they're they're saying it and

617

00:23:40,130 --> 00:23:37,020

I think I'd be I'm not going to cherry

618

00:23:43,070 --> 00:23:40,140

pick just to make it fit a UFO landing

619

00:23:45,649 --> 00:23:43,080

I'm I'm gonna give people the the full

620

00:23:47,270 --> 00:23:45,659

story of what people told me because

621

00:23:49,010 --> 00:23:47,280

there's too many people want to just

622

00:23:51,710 --> 00:23:49,020

just let's just make it fit that

623

00:23:53,149 --> 00:23:51,720

narrative let's just unfold it and I

624

00:23:55,789 --> 00:23:53,159

hope people can bear with me long enough

625

00:23:57,409 --> 00:23:55,799

because it just you know it it it's it

626
00:23:59,810 --> 00:23:57,419
does get interesting so the drive Mark

627
00:24:01,549 --> 00:23:59,820
has now moved allegedly from in outside

628
00:24:03,230 --> 00:24:01,559
to inside

629
00:24:05,289 --> 00:24:03,240
there's another time Andrew's working on

630
00:24:07,850 --> 00:24:05,299
an open topped bus that's in the unit

631
00:24:11,870 --> 00:24:07,860
suddenly all of the lights go bright in

632
00:24:13,430 --> 00:24:11,880
the unit and it as the lights burst and

633
00:24:14,570 --> 00:24:13,440
the power goes out because some of the

634
00:24:16,549 --> 00:24:14,580
bulbs burst

635
00:24:18,230 --> 00:24:16,559
the strip light in the top

636
00:24:19,970 --> 00:24:18,240
up in the ceiling dropped into the top

637
00:24:21,770 --> 00:24:19,980
of the open topmost could be just

638
00:24:24,289 --> 00:24:21,780

coincidence but interesting and

639

00:24:27,350 --> 00:24:24,299

interestingly enough power's gone the

640

00:24:28,789 --> 00:24:27,360

radio continues to play as I say I

641

00:24:31,010 --> 00:24:28,799

called the church I spoke to The

642

00:24:32,149 --> 00:24:31,020

Undertakers because they don't know

643

00:24:33,529 --> 00:24:32,159

whether it were the church or The

644

00:24:36,110 --> 00:24:33,539

Undertakers that came and took the grave

645

00:24:38,210 --> 00:24:36,120

marker away but all three men say that

646

00:24:40,070 --> 00:24:38,220

you know in the end they did because

647

00:24:41,870 --> 00:24:40,080

they wanted they they thought this one

648

00:24:43,370 --> 00:24:41,880

ghostly activity Poltergeist type

649

00:24:45,529 --> 00:24:43,380

activity

650

00:24:46,909 --> 00:24:45,539

so I they told me that they thought it

651
00:24:49,970 --> 00:24:46,919
had been buried in grounds of home and

652
00:24:51,649 --> 00:24:49,980
be church but I've I've spoke at length

653
00:24:53,450 --> 00:24:51,659
I've been to humanby church I've looked

654
00:24:55,850 --> 00:24:53,460
for any indication of it there's I can't

655
00:24:57,230 --> 00:24:55,860
find nothing and I did my considerable

656
00:24:58,850 --> 00:24:57,240
inquiries

657
00:25:02,630 --> 00:24:58,860
so we've got all types of unexplained

658
00:25:05,870 --> 00:25:02,640
phenomena presenting is it a poltergeist

659
00:25:07,850 --> 00:25:05,880
or or or did the phenomena sort of allow

660
00:25:09,710 --> 00:25:07,860
many types of unexplained phenomena to

661
00:25:12,350 --> 00:25:09,720
present or was it one thing

662
00:25:15,169 --> 00:25:12,360
a trickster kind of elements I don't I

663
00:25:17,090 --> 00:25:15,179

really don't know oh everything seems

664

00:25:19,669 --> 00:25:17,100

detached from

665

00:25:22,490 --> 00:25:19,679

from the other you know the the

666

00:25:24,970 --> 00:25:22,500

footprints on a car the the gravel

667

00:25:27,590 --> 00:25:24,980

falling the money falling so anyway

668

00:25:29,870 --> 00:25:27,600

Steve's the only one there on one

669

00:25:31,610 --> 00:25:29,880

particular night the others the two all

670

00:25:33,169 --> 00:25:31,620

work for him have gone home

671

00:25:35,090 --> 00:25:33,179

and he's locking up in the early hours

672

00:25:37,010 --> 00:25:35,100

of the morning and back then like I said

673

00:25:38,990 --> 00:25:37,020

there's only three or four units down

674

00:25:41,149 --> 00:25:39,000

there and it's pretty it's on Egypt

675

00:25:42,529 --> 00:25:41,159

village now it's pretty remote now but

676
00:25:44,750 --> 00:25:42,539
he said

677
00:25:46,669 --> 00:25:44,760
just bolting get that lock in the gates

678
00:25:49,070 --> 00:25:46,679
he said I turned round he said and just

679
00:25:52,070 --> 00:25:49,080
went back to the fence he said in the

680
00:25:53,149 --> 00:25:52,080
darkness but close to me there's a huge

681
00:25:55,250 --> 00:25:53,159
figure

682
00:25:57,710 --> 00:25:55,260
and he said that we're looking like

683
00:26:00,289 --> 00:25:57,720
seven or eight foot tall black shape

684
00:26:02,750 --> 00:26:00,299
huge head your shoulders once again

685
00:26:05,029 --> 00:26:02,760
don't conform to a to what what people

686
00:26:07,430 --> 00:26:05,039
would typically expect of what which on

687
00:26:10,130 --> 00:26:07,440
the home and be landing he said now just

688
00:26:11,750 --> 00:26:10,140

took a huge breath gasby said I can't

689

00:26:13,250 --> 00:26:11,760

see eyes I can't see anything I just

690

00:26:15,710 --> 00:26:13,260

they suddenly just turned away and

691

00:26:19,090 --> 00:26:15,720

walked into darkness another strange

692

00:26:22,310 --> 00:26:19,100

occurrence that probably a lot of UFO

693

00:26:24,169 --> 00:26:22,320

researchers would omit and get to the

694

00:26:26,390 --> 00:26:24,179

let's get to the UFO because that's all

695

00:26:28,549 --> 00:26:26,400

we want to deal with but you know it I

696

00:26:30,769 --> 00:26:28,559

think there's a lot of cases

697

00:26:32,930 --> 00:26:30,779

the of Cherry Picked and we're probably

698

00:26:34,970 --> 00:26:32,940

missing important details by not talking

699

00:26:37,130 --> 00:26:34,980

about these kind of things as well well

700

00:26:38,750 --> 00:26:37,140

let me say Paul just before you go on a

701

00:26:40,250 --> 00:26:38,760

lot of what you have talked about if

702

00:26:41,870 --> 00:26:40,260

people are familiar with Skinwalker

703

00:26:43,549 --> 00:26:41,880

Ranch sounds like it's right out of

704

00:26:46,130 --> 00:26:43,559

those early investigations with the

705

00:26:48,710 --> 00:26:46,140

Ned's team and Bob Bigelow because they

706

00:26:50,750 --> 00:26:48,720

talked about Paranormal Activity Brandon

707

00:26:52,789 --> 00:26:50,760

Frugal the owner now and the crew and

708

00:26:54,950 --> 00:26:52,799

cast that are involved talk about things

709

00:26:56,930 --> 00:26:54,960

being moved about it's not just the UFOs

710

00:26:58,549 --> 00:26:56,940

you know they've talked about Porto's

711

00:27:01,190 --> 00:26:58,559

opening up creatures crawling out

712

00:27:05,269 --> 00:27:01,200

strange wolf type creatures you know

713

00:27:07,310 --> 00:27:05,279

again not classic UFO stuff but all

714

00:27:09,169 --> 00:27:07,320

activity that is going on around what is

715

00:27:11,450 --> 00:27:09,179

you know largely considered a paranormal

716

00:27:12,830 --> 00:27:11,460

hotbed when it comes to activity and

717

00:27:15,169 --> 00:27:12,840

then also some people hate using the

718

00:27:17,450 --> 00:27:15,179

term paranormal and maybe a derogatory

719

00:27:19,190 --> 00:27:17,460

way but it's just it's just potentially

720

00:27:21,590 --> 00:27:19,200

a normal that we don't understand it

721

00:27:24,230 --> 00:27:21,600

yeah I would agree and I think that

722

00:27:27,110 --> 00:27:24,240

eventually Andy science is going to

723

00:27:29,409 --> 00:27:27,120

understand all of these things it still

724

00:27:33,289 --> 00:27:29,419

might take us into the Realms of the woo

725

00:27:35,750 --> 00:27:33,299

but but but science probably will catch

726

00:27:38,210 --> 00:27:35,760

up I don't mean catch up fully although

727

00:27:39,529 --> 00:27:38,220

it might do but I think it's gonna you

728

00:27:41,149 --> 00:27:39,539

know it's I don't think it's hot on the

729

00:27:43,730 --> 00:27:41,159

eels of whatever it is that's presenting

730

00:27:46,970 --> 00:27:43,740

but we're getting more and more sort of

731

00:27:49,850 --> 00:27:46,980

insights into what's happening one more

732

00:27:51,409 --> 00:27:49,860

one more thing and if anyone's noticed

733

00:27:52,909 --> 00:27:51,419

if they're watching this on YouTube I've

734

00:27:54,590 --> 00:27:52,919

been making some notes at the side just

735

00:27:56,210 --> 00:27:54,600

while you've been talking that and I

736

00:27:57,830 --> 00:27:56,220

actually drew a sketch very quickly of

737

00:27:59,570 --> 00:27:57,840

the area just to remind myself as well

738

00:28:00,769 --> 00:27:59,580

when I'm when I'm doing it

739

00:28:03,169 --> 00:28:00,779

um

740

00:28:06,230 --> 00:28:03,179

it was at any coordinating events we're

741

00:28:09,169 --> 00:28:06,240

looking at 96 97 98 June to August each

742

00:28:12,169 --> 00:28:09,179

time in or around that area that were

743

00:28:14,690 --> 00:28:12,179

maybe similar yes oh definitely

744

00:28:16,310 --> 00:28:14,700

definitely and and as I said like I said

745

00:28:17,510 --> 00:28:16,320

I've made some notes and as I've come

746

00:28:20,029 --> 00:28:17,520

through to the end of it I don't know

747

00:28:22,549 --> 00:28:20,039

what time we've got I'm gonna sort of

748

00:28:24,470 --> 00:28:22,559

include a few correlated events so as

749

00:28:28,070 --> 00:28:24,480

you know that you've been a forethought

750

00:28:29,930 --> 00:28:28,080

there thank you and uh so we're in 1998

751

00:28:32,830 --> 00:28:29,940

June July and August everything seems to

752

00:28:34,930 --> 00:28:32,840

come come like come come on help me

753

00:28:39,409 --> 00:28:34,940

Colony

754

00:28:41,930 --> 00:28:39,419

yeah in August and uh yeah some good

755

00:28:44,269 --> 00:28:41,940

words Anna so Andrew starts getting

756

00:28:47,750 --> 00:28:44,279

clever with the phenomena starts getting

757

00:28:50,450 --> 00:28:47,760

cocky it's it's become

758

00:28:52,250 --> 00:28:50,460

almost a normality that things are

759

00:28:53,210 --> 00:28:52,260

happening Dave's mum and Dad's

760

00:28:55,130 --> 00:28:53,220

experiencing them they're all

761

00:28:57,409 --> 00:28:55,140

experiencing it and this isn't like when

762

00:28:59,930 --> 00:28:57,419

we are going to Benton and we're looking

763

00:29:01,549 --> 00:28:59,940

for signs of unexplained phenomena and

764

00:29:03,830 --> 00:29:01,559

we might just get a hit on something in

765

00:29:06,230 --> 00:29:03,840

six months or a year incidentally we did

766

00:29:07,610 --> 00:29:06,240

get a hit on something this Tuesday an

767

00:29:09,649 --> 00:29:07,620

absolutely incredible sighting which

768

00:29:11,870 --> 00:29:09,659

I've got a bit of stuff on film but this

769

00:29:15,470 --> 00:29:11,880

that's rare this is happening every week

770

00:29:17,750 --> 00:29:15,480

this is happening on a regular basis so

771

00:29:20,630 --> 00:29:17,760

Dave's asking

772

00:29:22,130 --> 00:29:20,640

give me some money that I can spend if

773

00:29:23,990 --> 00:29:22,140

you're all so powerful and you're

774

00:29:25,310 --> 00:29:24,000

shouting at it you're shouting into the

775

00:29:27,470 --> 00:29:25,320

workshop

776

00:29:29,810 --> 00:29:27,480

give me the lottery numbers

777

00:29:32,330 --> 00:29:29,820

if you're all so powerful and Steve's

778

00:29:33,950 --> 00:29:32,340

warning him the boss stop taunting it

779

00:29:37,570 --> 00:29:33,960

stop you don't know what you're dealing

780

00:29:40,010 --> 00:29:37,580

with stop you know sort of maybe

781

00:29:41,990 --> 00:29:40,020

aggravating the phenomena we I don't

782

00:29:43,610 --> 00:29:42,000

think they were calling it phenomena but

783

00:29:46,310 --> 00:29:43,620

uh stop aggravating it and I think

784

00:29:47,269 --> 00:29:46,320

Andrew uh sorry David echoed the same

785

00:29:50,029 --> 00:29:47,279

words

786

00:29:51,470 --> 00:29:50,039

and uh but it won't it won't stop it's

787

00:29:53,810 --> 00:29:51,480

annoying when they get a crack of a

788

00:29:56,450 --> 00:29:53,820

washer and it drops he's shouting out as

789

00:29:58,370 --> 00:29:56,460

though it's it is just sick of it that's

790

00:30:01,430 --> 00:29:58,380

Andrew's words as I say because I've got

791

00:30:04,549 --> 00:30:01,440

extensive recordings voice recordings of

792

00:30:06,470 --> 00:30:04,559

of Dave and Andrew have none of Steve uh

793

00:30:09,230 --> 00:30:06,480

but that's his words he says we just

794

00:30:10,730 --> 00:30:09,240

became sick of it in the end you know it

795

00:30:12,230 --> 00:30:10,740

always took you by surprise you never

796

00:30:13,850 --> 00:30:12,240

knew when it was going to happen but

797

00:30:15,649 --> 00:30:13,860

when it happened just kind of jumped and

798

00:30:17,990 --> 00:30:15,659

then you as it I used to just curse it I

799

00:30:19,610 --> 00:30:18,000

used to just swear at it and ask it to

800

00:30:21,830 --> 00:30:19,620

give me some like I said the lottery

801
00:30:24,409 --> 00:30:21,840
numbers give me some money I can spend

802
00:30:26,389 --> 00:30:24,419
he said and then suddenly this is what

803
00:30:28,010 --> 00:30:26,399
Dave and Steve said to me said we we

804
00:30:29,450 --> 00:30:28,020
heard a scream

805
00:30:31,909 --> 00:30:29,460
and we looked and there's Andrew

806
00:30:34,370 --> 00:30:31,919
spinning round on the floor holding his

807
00:30:36,889 --> 00:30:34,380
head saying I've been hit I've been hit

808
00:30:38,450 --> 00:30:36,899
he says and we're kind of thinking

809
00:30:40,490 --> 00:30:38,460
what's what's going off here

810
00:30:42,049 --> 00:30:40,500
he says and he took his hands away and

811
00:30:44,990 --> 00:30:42,059
there's a coin

812
00:30:47,090 --> 00:30:45,000
like stuck to his forehead I asked if it

813
00:30:49,370 --> 00:30:47,100

were hot and all said it weren't hot

814

00:30:50,810 --> 00:30:49,380

so he took it away and there's a there's

815

00:30:52,850 --> 00:30:50,820

a round circle

816

00:30:55,250 --> 00:30:52,860

which didn't go away in half an hour it

817

00:30:57,350 --> 00:30:55,260

stayed in a round circle on his head for

818

00:30:59,870 --> 00:30:57,360

a day or two so I spoke to Andrew about

819

00:31:01,909 --> 00:30:59,880

it because they told me this and he said

820

00:31:04,190 --> 00:31:01,919

oh yeah yeah he said I said I've been

821

00:31:05,930 --> 00:31:04,200

like getting clever with whatever it was

822

00:31:07,370 --> 00:31:05,940

it says and I just looked up he said and

823

00:31:09,409 --> 00:31:07,380

the strange thing what

824

00:31:12,110 --> 00:31:09,419

he said it were coming to me in slow

825

00:31:16,130 --> 00:31:12,120

motion it says but I could see Full

826

00:31:18,529 --> 00:31:16,140

Circle not the side yeah isn't it just

827

00:31:20,210 --> 00:31:18,539

it me and Ed he said it's stung like mad

828

00:31:22,850 --> 00:31:20,220

and he says now just trapped my head and

829

00:31:25,610 --> 00:31:22,860

I was like screamed out in pain

830

00:31:28,669 --> 00:31:25,620

sudden that basically that's that's what

831

00:31:30,830 --> 00:31:28,679

happened so for taunting the phenomena

832

00:31:35,510 --> 00:31:30,840

so

833

00:31:38,810 --> 00:31:35,520

we're probably getting to what you UFO

834

00:31:42,169 --> 00:31:38,820

people listeners want to hear about so

835

00:31:45,169 --> 00:31:42,179

the triangles appeared this is this is

836

00:31:47,810 --> 00:31:45,179

August 1998 there's one night in August

837

00:31:49,430 --> 00:31:47,820

1998 Steve the boss he stood outside

838

00:31:51,889 --> 00:31:49,440

having a cigarette

839

00:31:54,470 --> 00:31:51,899

with a couple of guys from the uh the

840

00:31:56,090 --> 00:31:54,480

bus Breakers or the bus restorers I

841

00:31:57,710 --> 00:31:56,100

don't know what it was back then I beat

842

00:32:00,649 --> 00:31:57,720

when I bent down to it you can see old

843

00:32:02,510 --> 00:32:00,659

type coaches in there even today so I

844

00:32:04,850 --> 00:32:02,520

don't know obviously they either sell

845

00:32:06,230 --> 00:32:04,860

parts or restore cultures and they're

846

00:32:08,570 --> 00:32:06,240

having a cigarette and I think this guy

847

00:32:12,370 --> 00:32:08,580

who's passed away Alan was there as well

848

00:32:15,950 --> 00:32:12,380

and as that as they stood outside just

849

00:32:16,850 --> 00:32:15,960

unpolluted Sky only three or four units

850

00:32:19,010 --> 00:32:16,860

there

851

00:32:20,450 --> 00:32:19,020

two and a half miles looking forward

852

00:32:21,830 --> 00:32:20,460

you're going to be in the North Sea

853

00:32:22,789 --> 00:32:21,840

you're gonna you're gonna be at home and

854

00:32:24,350 --> 00:32:22,799

be Gap

855

00:32:26,029 --> 00:32:24,360

so then we're looking out to see they

856

00:32:28,970 --> 00:32:26,039

can't see the sea they're in a bit of a

857

00:32:31,130 --> 00:32:28,980

dip he said in Starfield night and I

858

00:32:34,130 --> 00:32:31,140

become aware of three

859

00:32:37,130 --> 00:32:34,140

huge black triangle shapes no lights on

860

00:32:39,230 --> 00:32:37,140

them coming towards us blocking out all

861

00:32:42,350 --> 00:32:39,240

the stars he said they're not that high

862

00:32:44,570 --> 00:32:42,360

in the sky but the huge monstrously huge

863

00:32:46,789 --> 00:32:44,580

everybody's looking at it that from

864

00:32:48,590 --> 00:32:46,799

Andrew and Dave or inside working but

865

00:32:49,490 --> 00:32:48,600

since we're watching these things coming

866

00:32:52,010 --> 00:32:49,500

over

867

00:32:53,510 --> 00:32:52,020

we just get we're just Jaws have dropped

868

00:32:55,730 --> 00:32:53,520

he said I can't believe it and just

869

00:32:57,950 --> 00:32:55,740

before they get over the top of us and

870

00:32:59,269 --> 00:32:57,960

the solid black shapes that are totally

871

00:33:01,370 --> 00:32:59,279

silent

872

00:33:02,990 --> 00:33:01,380

no lights and we think we're going to

873

00:33:04,909 --> 00:33:03,000

get a fabulous view as they actually get

874

00:33:06,769 --> 00:33:04,919

over top

875

00:33:08,810 --> 00:33:06,779

they've gone

876
00:33:10,669 --> 00:33:08,820
whether they've camouflaged themselves

877
00:33:13,070 --> 00:33:10,679
whether they've become aware and it's

878
00:33:15,409 --> 00:33:13,080
some stealth technology that can I don't

879
00:33:17,210 --> 00:33:15,419
know I talk in toothproof one about the

880
00:33:19,430 --> 00:33:17,220
into mind connection

881
00:33:21,470 --> 00:33:19,440
where people's yeah I don't know see

882
00:33:23,029 --> 00:33:21,480
there's a rock angle is perfect example

883
00:33:24,649 --> 00:33:23,039
Andrew just to draw from this for a

884
00:33:26,570 --> 00:33:24,659
moment where he's on the cliff tops and

885
00:33:29,930 --> 00:33:26,580
he sees what he perceives to be an

886
00:33:31,669 --> 00:33:29,940
unusually bright star out over the sea

887
00:33:33,830 --> 00:33:31,679
one that he doesn't recognize you think

888
00:33:35,570 --> 00:33:33,840

oh no see that one is he said no sooner

889

00:33:38,330 --> 00:33:35,580

had I looked at this what I thought were

890

00:33:40,669 --> 00:33:38,340

a bright star and it's above my head

891

00:33:43,149 --> 00:33:40,679

he said obviously not a star he says in

892

00:33:46,250 --> 00:33:43,159

the ground's lit up like like a welder's

893

00:33:48,590 --> 00:33:46,260

kind of intensity all the blades of

894

00:33:50,750 --> 00:33:48,600

grass look sharp silver and then as fast

895

00:33:52,250 --> 00:33:50,760

as it's arrived it's gone the intermined

896

00:33:54,889 --> 00:33:52,260

connection I think some kind of

897

00:33:57,830 --> 00:33:54,899

connection there had taken place

898

00:34:00,049 --> 00:33:57,840

so this thing they got over top of them

899

00:34:02,810 --> 00:34:00,059

and it simply vanished

900

00:34:04,730 --> 00:34:02,820

that this is all around the time that

901
00:34:06,529 --> 00:34:04,740
this incident happened they talked about

902
00:34:08,030 --> 00:34:06,539
it they were talking

903
00:34:10,369 --> 00:34:08,040
quite excitedly when he went into

904
00:34:12,829 --> 00:34:10,379
Workshop about just seen these two sorry

905
00:34:14,570 --> 00:34:12,839
these three huge triangles

906
00:34:16,849 --> 00:34:14,580
I don't know what time amount of time

907
00:34:18,710 --> 00:34:16,859
elapsed whether it were the next day or

908
00:34:21,109 --> 00:34:18,720
whether it were during that week but

909
00:34:22,730 --> 00:34:21,119
it's all very close and Dave there's a

910
00:34:25,250 --> 00:34:22,740
bit of confusion whether Dave's mum and

911
00:34:27,169 --> 00:34:25,260
dad had gone home

912
00:34:28,790 --> 00:34:27,179
and then come back after something that

913
00:34:31,490 --> 00:34:28,800

happened which we will get to or whether

914

00:34:33,950 --> 00:34:31,500

they were actually arriving to the to

915

00:34:35,030 --> 00:34:33,960

the to see their son and the other other

916

00:34:36,290 --> 00:34:35,040

guys

917

00:34:38,389 --> 00:34:36,300

um because they always went home

918

00:34:41,530 --> 00:34:38,399

apparently in between eight o'clock and

919

00:34:46,550 --> 00:34:41,540

ten o'clock so we think these guys

920

00:34:48,589 --> 00:34:46,560

they're not sure of the exact times so

921

00:34:50,570 --> 00:34:48,599

Dave and dad are involved in in what

922

00:34:53,690 --> 00:34:50,580

happened next they won't speak about it

923

00:34:56,690 --> 00:34:53,700

uh Dave approached his mum to see if she

924

00:34:59,329 --> 00:34:56,700

would talk to me and he said she's just

925

00:35:01,970 --> 00:34:59,339

a few a few he said about from a few

926
00:35:03,770 --> 00:35:01,980
days after what happened to him they've

927
00:35:05,990 --> 00:35:03,780
never they'll not speak about it to

928
00:35:07,730 --> 00:35:06,000
point to being quite upset and cross

929
00:35:10,250 --> 00:35:07,740
sure so

930
00:35:12,589 --> 00:35:10,260
they all saw something incredible just

931
00:35:14,990 --> 00:35:12,599
so we'll go through Andrew Dave and

932
00:35:16,310 --> 00:35:15,000
Steve as as I interviewed them all

933
00:35:18,589 --> 00:35:16,320
separately

934
00:35:21,170 --> 00:35:18,599
and Andrew says on this particular night

935
00:35:23,510 --> 00:35:21,180
this is after the triangles

936
00:35:25,370 --> 00:35:23,520
a few nights passed he said the roller

937
00:35:27,109 --> 00:35:25,380
shutter doors are up about six or seven

938
00:35:28,970 --> 00:35:27,119

foot and we can see down into the

939

00:35:31,069 --> 00:35:28,980

compound

940

00:35:34,970 --> 00:35:31,079

a few cars in but it's not it's not over

941

00:35:37,130 --> 00:35:34,980

full he says I found myself stood at the

942

00:35:39,410 --> 00:35:37,140

doors at the bottom of the compound

943

00:35:40,250 --> 00:35:39,420

looking down he said knock out he said

944

00:35:43,609 --> 00:35:40,260

I'm

945

00:35:46,190 --> 00:35:43,619

I don't know probably 30 yards away he

946

00:35:48,950 --> 00:35:46,200

said I can see mist

947

00:35:51,710 --> 00:35:48,960

about four foot off the ground and he he

948

00:35:53,750 --> 00:35:51,720

used the SAT it covered the area he said

949

00:35:55,849 --> 00:35:53,760

of a flat back

950

00:35:57,530 --> 00:35:55,859

truck one that you'd everybody May

951
00:35:59,510 --> 00:35:57,540
imagine where you could put a car on and

952
00:36:02,510 --> 00:35:59,520
drive off with if you've got a breakdown

953
00:36:05,450 --> 00:36:02,520
that that kind of size flat back pickup

954
00:36:07,250 --> 00:36:05,460
truck and the typical mechanic type guys

955
00:36:08,450 --> 00:36:07,260
to give you that example into it but

956
00:36:10,609 --> 00:36:08,460
that's what they did

957
00:36:12,950 --> 00:36:10,619
he said I can't believe what I'm looking

958
00:36:14,510 --> 00:36:12,960
at he says and first of all he said I

959
00:36:16,069 --> 00:36:14,520
can hear helicopters but I don't think

960
00:36:17,450 --> 00:36:16,079
that helicopters because it's bright and

961
00:36:19,790 --> 00:36:17,460
I can't see anything

962
00:36:21,829 --> 00:36:19,800
it's bright night clear night and I

963
00:36:23,450 --> 00:36:21,839

can't see anything above me but I can

964

00:36:26,690 --> 00:36:23,460

hear this sound

965

00:36:27,890 --> 00:36:26,700

and I'm attributing it to helicopters

966

00:36:29,450 --> 00:36:27,900

but it doesn't

967

00:36:30,650 --> 00:36:29,460

actually sound like an helicopter it's

968

00:36:33,349 --> 00:36:30,660

like a humming

969

00:36:35,329 --> 00:36:33,359

so we've got that one so he said I'm

970

00:36:37,010 --> 00:36:35,339

looking down the compound and and this

971

00:36:38,450 --> 00:36:37,020

is where he gets all weird when I've sat

972

00:36:40,670 --> 00:36:38,460

in Andrew's kitchen and he's telling me

973

00:36:43,310 --> 00:36:40,680

this he said it can't have been true

974

00:36:45,770 --> 00:36:43,320

he said I think it were a film set

975

00:36:47,390 --> 00:36:45,780

he said he said that there's there's a

976
00:36:52,069 --> 00:36:47,400
what above the Mist there's what you

977
00:36:54,829 --> 00:36:52,079
would call a typical 1960s Flying Saucer

978
00:36:55,790 --> 00:36:54,839
this isn't there's like a glass Dome on

979
00:36:57,470 --> 00:36:55,800
it

980
00:36:58,790 --> 00:36:57,480
and there's this look and I can see

981
00:37:00,170 --> 00:36:58,800
Andrew saying it to me now and he says

982
00:37:01,550 --> 00:37:00,180
there's this little thing inside it I

983
00:37:02,329 --> 00:37:01,560
can see it's black outline and it's

984
00:37:04,490 --> 00:37:02,339
looking

985
00:37:06,470 --> 00:37:04,500
or moving about he said I can see it he

986
00:37:08,150 --> 00:37:06,480
said and all the time Andrew saying to

987
00:37:10,310 --> 00:37:08,160
me says it's got to have been a film set

988
00:37:11,930 --> 00:37:10,320

he said it just I'd never it was so

989

00:37:14,329 --> 00:37:11,940

surreal I've never seen all like it he

990

00:37:16,510 --> 00:37:14,339

says and there's there's lights flashing

991

00:37:20,990 --> 00:37:16,520

in the mist and all sorts of strange

992

00:37:23,450 --> 00:37:21,000

electrical cracks and this thing's there

993

00:37:25,430 --> 00:37:23,460

then it gets weird he said because then

994

00:37:27,530 --> 00:37:25,440

I find myself walking through the unit

995

00:37:30,290 --> 00:37:27,540

to the front

996

00:37:32,450 --> 00:37:30,300

and not the double not the roller

997

00:37:34,970 --> 00:37:32,460

shutters that they're shut the side door

998

00:37:36,349 --> 00:37:34,980

it says they opened the side door I

999

00:37:38,930 --> 00:37:36,359

think he said he was looking for Steve

1000

00:37:40,970 --> 00:37:38,940

which will be that let me just go back

1001
00:37:43,730 --> 00:37:40,980
drawback a bit people he said I saw

1002
00:37:47,329 --> 00:37:43,740
Steve walking down to the Mist

1003
00:37:49,970 --> 00:37:47,339
and he disappeared into it mist

1004
00:37:52,609 --> 00:37:49,980
and he said I'm kind of really confused

1005
00:37:55,849 --> 00:37:52,619
he said I found myself walking to the

1006
00:37:57,950 --> 00:37:55,859
front but I'm looking for Steve

1007
00:37:59,150 --> 00:37:57,960
probably it could be that he can't

1008
00:38:01,190 --> 00:37:59,160
believe what he's just seen and he

1009
00:38:02,870 --> 00:38:01,200
thinks is he up here I don't know he

1010
00:38:03,710 --> 00:38:02,880
said and I opened the side door he said

1011
00:38:05,230 --> 00:38:03,720
and

1012
00:38:08,210 --> 00:38:05,240
uh a

1013
00:38:12,170 --> 00:38:08,220

soldier one soldier dressed in black

1014

00:38:15,470 --> 00:38:12,180

from head to toe and grabs hold of him

1015

00:38:17,750 --> 00:38:15,480

drags him inside swearing and cursing at

1016

00:38:20,329 --> 00:38:17,760

him drops him to the floor tells him to

1017

00:38:21,950 --> 00:38:20,339

stay where he is don't move on a few

1018

00:38:23,810 --> 00:38:21,960

Choice words and if you know what's good

1019

00:38:25,190 --> 00:38:23,820

for your kind of thing yeah he says and

1020

00:38:27,109 --> 00:38:25,200

I did that he said oh frightened he says

1021

00:38:29,510 --> 00:38:27,119

he were a real nasty piece of work God

1022

00:38:33,170 --> 00:38:29,520

that's what he appeared full no face

1023

00:38:36,470 --> 00:38:33,180

showing everything's black yeah so

1024

00:38:38,930 --> 00:38:36,480

next I speak to uh let's just just move

1025

00:38:42,349 --> 00:38:38,940

a bit of paper here people next I speak

1026
00:38:44,089 --> 00:38:42,359
to Andrew on his own I spoke to him all

1027
00:38:46,010 --> 00:38:44,099
on their own and I need to stress as

1028
00:38:48,050 --> 00:38:46,020
well that there's in the years that have

1029
00:38:50,930 --> 00:38:48,060
passed Andrew and Dave have kept in

1030
00:38:54,770 --> 00:38:50,940
touch but not as regular weekly friends

1031
00:38:57,650 --> 00:38:54,780
or even monthly friends and Steve we had

1032
00:38:58,550 --> 00:38:57,660
to we had to search for Steve do you

1033
00:39:00,410 --> 00:38:58,560
know what I mean so it's not like

1034
00:39:01,910 --> 00:39:00,420
they've all got together and put the

1035
00:39:04,370 --> 00:39:01,920
Reds together I mean these guys now are

1036
00:39:07,130 --> 00:39:04,380
in the 60s and well Dave will be in his

1037
00:39:08,810 --> 00:39:07,140
late 40s so

1038
00:39:10,790 --> 00:39:08,820

I asked Andrew

1039

00:39:12,589 --> 00:39:10,800

basically I don't want I didn't want to

1040

00:39:14,150 --> 00:39:12,599

lead him but I just we'd gone through

1041

00:39:15,470 --> 00:39:14,160

all the story he'd just about give me

1042

00:39:18,470 --> 00:39:15,480

everything that I've described to you

1043

00:39:20,870 --> 00:39:18,480

guys today so that even to the

1044

00:39:22,910 --> 00:39:20,880

the the light that fell into the open

1045

00:39:25,190 --> 00:39:22,920

top boss everything he'd give me a cab

1046

00:39:27,589 --> 00:39:25,200

and copy of what Andrew had said really

1047

00:39:30,410 --> 00:39:27,599

and and I said well what about this

1048

00:39:32,329 --> 00:39:30,420

object that Andrew seen in the Mist he

1049

00:39:33,710 --> 00:39:32,339

said well he said I was stood looking

1050

00:39:36,710 --> 00:39:33,720

out of the

1051
00:39:37,930 --> 00:39:36,720
Workshop down onto the compound but none

1052
00:39:41,150 --> 00:39:37,940
of them say they were stuck together

1053
00:39:43,329 --> 00:39:41,160
which I find fascinating but it's it's

1054
00:39:46,609 --> 00:39:43,339
an um

1055
00:39:49,250 --> 00:39:46,619
he said I'll give you that he said there

1056
00:39:51,589 --> 00:39:49,260
was something there he said I couldn't

1057
00:39:55,550 --> 00:39:51,599
see what Andrew's talking about this

1058
00:39:57,290 --> 00:39:55,560
classic 1960s Flying Saucer he said but

1059
00:40:00,050 --> 00:39:57,300
there's an object there

1060
00:40:03,170 --> 00:40:00,060
and it's behind this Mist he said in the

1061
00:40:06,050 --> 00:40:03,180
the electrical bangs and cracks and

1062
00:40:08,150 --> 00:40:06,060
flashes like a welders torch are all

1063
00:40:10,730 --> 00:40:08,160

around it and that's I said well Andrew

1064

00:40:13,250 --> 00:40:10,740

spoke about seeing a being inside it in

1065

00:40:14,870 --> 00:40:13,260

a glass Dome

1066

00:40:17,150 --> 00:40:14,880

well he went well

1067

00:40:19,670 --> 00:40:17,160

I saw three of them

1068

00:40:23,390 --> 00:40:19,680

they said but they were outside it

1069

00:40:26,089 --> 00:40:23,400

said it's over six foot or about six

1070

00:40:28,250 --> 00:40:26,099

foot and is that Andrew he said they

1071

00:40:30,530 --> 00:40:28,260

were taller than me he said they've got

1072

00:40:32,930 --> 00:40:30,540

large heads he said if he said I could

1073

00:40:34,310 --> 00:40:32,940

only see a black outline of them he said

1074

00:40:36,109 --> 00:40:34,320

but if they've got clothes on it was

1075

00:40:37,670 --> 00:40:36,119

something like a wetsuit he said they

1076

00:40:40,069 --> 00:40:37,680

were just they were just nothing to

1077

00:40:41,569 --> 00:40:40,079

discernible you know apart from the

1078

00:40:44,450 --> 00:40:41,579

shape

1079

00:40:46,790 --> 00:40:44,460

so we got that from Andrew that uh so

1080

00:40:48,589 --> 00:40:46,800

then Andrew decides he's gonna walk to

1081

00:40:50,690 --> 00:40:48,599

the front of the building and Andrew

1082

00:40:53,030 --> 00:40:50,700

says I could hear what I thought were

1083

00:40:55,190 --> 00:40:53,040

helicopters but

1084

00:40:57,650 --> 00:40:55,200

on reflection I'm thinking they don't

1085

00:40:59,089 --> 00:40:57,660

sound like helicopters but we're just I

1086

00:41:00,290 --> 00:40:59,099

think that's the natural thing that we

1087

00:41:02,089 --> 00:41:00,300

all do as humans we're drawing

1088

00:41:04,790 --> 00:41:02,099

comparisons to closest thing we can

1089

00:41:07,190 --> 00:41:04,800

think of yeah you know so he said that

1090

00:41:09,230 --> 00:41:07,200

he's humming so he walks to the front of

1091

00:41:11,930 --> 00:41:09,240

the building opens the door

1092

00:41:14,450 --> 00:41:11,940

there's two soldiers waiting for him

1093

00:41:15,710 --> 00:41:14,460

armed well the the that's not

1094

00:41:18,349 --> 00:41:15,720

necessarily waiting for Andrew but

1095

00:41:20,329 --> 00:41:18,359

they're there yeah drag him inside the

1096

00:41:22,790 --> 00:41:20,339

same procedure drops him to the floor

1097

00:41:25,010 --> 00:41:22,800

threatens him threatens him to death

1098

00:41:27,770 --> 00:41:25,020

stay where you are

1099

00:41:30,349 --> 00:41:27,780

once again I've got no

1100

00:41:32,870 --> 00:41:30,359

story of the put me away with the put me

1101
00:41:35,470 --> 00:41:32,880
with Andrew Dave does not say they put

1102
00:41:40,910 --> 00:41:38,270
it's almost as though they've forgot

1103
00:41:43,250 --> 00:41:40,920
that they're with each other during the

1104
00:41:45,170 --> 00:41:43,260
during this experiences of you know what

1105
00:41:49,250 --> 00:41:45,180
it were interesting listening to him so

1106
00:41:53,630 --> 00:41:50,050
um

1107
00:41:55,550 --> 00:41:53,640
uh Steve apologize people as I spoke to

1108
00:41:59,089 --> 00:41:55,560
Steve I've just in front of myself on my

1109
00:42:02,690 --> 00:41:59,099
notes there and um

1110
00:42:04,609 --> 00:42:02,700
I kept the story of him walking down to

1111
00:42:06,349 --> 00:42:04,619
into the Mist till the last thing

1112
00:42:09,349 --> 00:42:06,359
because I didn't know what I was going

1113
00:42:11,630 --> 00:42:09,359

to get out of this guy I've we just I

1114

00:42:13,609 --> 00:42:11,640

spoke to him on the phone first of all

1115

00:42:15,589 --> 00:42:13,619

and uh

1116

00:42:17,990 --> 00:42:15,599

he were really upset that I was speaking

1117

00:42:19,490 --> 00:42:18,000

to him and it was told yeah this

1118

00:42:22,690 --> 00:42:19,500

shouldn't be spoken about and this is

1119

00:42:25,670 --> 00:42:22,700

genuine this I'm not I'm not even

1120

00:42:27,290 --> 00:42:25,680

exaggerating I'll I'll upset this guy

1121

00:42:28,790 --> 00:42:27,300

what that I was speaking to him I've had

1122

00:42:30,950 --> 00:42:28,800

a victim in face we are shovel it well

1123

00:42:34,609 --> 00:42:30,960

it were absolutely gobsmacked that

1124

00:42:37,370 --> 00:42:34,619

anybody were talking about it so when he

1125

00:42:39,410 --> 00:42:37,380

realized that uh you know I I don't know

1126

00:42:41,210 --> 00:42:39,420

I weren't going to disclose his name and

1127

00:42:44,089 --> 00:42:41,220

I just wanted the information and I

1128

00:42:47,089 --> 00:42:44,099

wanted to know if he'd verify what to

1129

00:42:48,589 --> 00:42:47,099

what Andrew and David said things calmed

1130

00:42:50,450 --> 00:42:48,599

down and I spoke to him probably for

1131

00:42:54,050 --> 00:42:50,460

about an hour I had another conversation

1132

00:42:55,490 --> 00:42:54,060

with him for probably longer and he was

1133

00:42:58,250 --> 00:42:55,500

asking me if I were recording him as

1134

00:43:01,309 --> 00:42:58,260

well which I wasn't and uh

1135

00:43:04,309 --> 00:43:01,319

I've subsequently found out where

1136

00:43:07,849 --> 00:43:04,319

about super based so rather than just

1137

00:43:09,230 --> 00:43:07,859

force myself on him a past one day and I

1138

00:43:10,670 --> 00:43:09,240

dropped a copy at first bought through

1139

00:43:14,809 --> 00:43:10,680

letterbox

1140

00:43:16,370 --> 00:43:14,819

uh of a premises not of a home so I left

1141

00:43:18,650 --> 00:43:16,380

it a couple of weeks

1142

00:43:21,349 --> 00:43:18,660

and I went in opened the door of this

1143

00:43:22,970 --> 00:43:21,359

place it's empty there's there's if I

1144

00:43:25,069 --> 00:43:22,980

said where it was and I said what were

1145

00:43:27,829 --> 00:43:25,079

in it people would instantly know where

1146

00:43:29,569 --> 00:43:27,839

this place was so yeah it is is I don't

1147

00:43:31,130 --> 00:43:29,579

mean it's empty of items but it's empty

1148

00:43:32,270 --> 00:43:31,140

there's no there's no customers in and

1149

00:43:34,490 --> 00:43:32,280

I'm

1150

00:43:36,829 --> 00:43:34,500

a shouts hello kind of thing and

1151

00:43:39,530 --> 00:43:36,839

somebody's work in the basement he says

1152

00:43:41,089 --> 00:43:39,540

I'll be two minutes and then I'll sure

1153

00:43:42,349 --> 00:43:41,099

enough two minutes later this guy comes

1154

00:43:43,970 --> 00:43:42,359

upstairs

1155

00:43:46,550 --> 00:43:43,980

I didn't know me obviously so I

1156

00:43:49,550 --> 00:43:46,560

explained who I was and he pulled the

1157

00:43:52,250 --> 00:43:49,560

chair up he says sit down so I I ended

1158

00:43:54,470 --> 00:43:52,260

up having a this very long conversation

1159

00:43:55,730 --> 00:43:54,480

you know a few hour conversation with

1160

00:43:58,609 --> 00:43:55,740

this guy and I'd love to talk to him

1161

00:44:00,230 --> 00:43:58,619

again if he gets to listen to this uh

1162

00:44:03,530 --> 00:44:00,240

you know I do want to talk to you again

1163

00:44:05,990 --> 00:44:03,540

but there's more that I want to ask so

1164

00:44:07,670 --> 00:44:06,000

it basically give me a carbon copy of

1165

00:44:10,250 --> 00:44:07,680

what happened he found himself stood

1166

00:44:13,069 --> 00:44:10,260

looking down the compound

1167

00:44:14,690 --> 00:44:13,079

it can see an object in the Mist he

1168

00:44:16,130 --> 00:44:14,700

doesn't know what it is we're not going

1169

00:44:17,390 --> 00:44:16,140

to say a spaceship but you know and

1170

00:44:19,550 --> 00:44:17,400

Andrew were the only one that said

1171

00:44:21,109 --> 00:44:19,560

classic Flying Saucer there's an object

1172

00:44:22,970 --> 00:44:21,119

there

1173

00:44:25,550 --> 00:44:22,980

so I don't know what it is he says I

1174

00:44:27,109 --> 00:44:25,560

don't really want to know what it is you

1175

00:44:29,329 --> 00:44:27,119

know I'm not sure what I'm looking at

1176

00:44:31,490 --> 00:44:29,339

and I said well Andrew said he saw this

1177

00:44:34,430 --> 00:44:31,500

being in the in a dome

1178

00:44:36,109 --> 00:44:34,440

sat in this thing Dave said he saw three

1179

00:44:38,390 --> 00:44:36,119

beings

1180

00:44:41,210 --> 00:44:38,400

Steve was I saw one

1181

00:44:43,010 --> 00:44:41,220

there was one he said and I didn't see

1182

00:44:44,690 --> 00:44:43,020

his head I could just see up to the

1183

00:44:46,910 --> 00:44:44,700

shoulders it's because there's Mist all

1184

00:44:48,170 --> 00:44:46,920

around it it's very thin very strange

1185

00:44:50,750 --> 00:44:48,180

looking thing

1186

00:44:52,910 --> 00:44:50,760

so I kind of kept my less my last

1187

00:44:54,530 --> 00:44:52,920

question I said well Andrew

1188

00:44:56,270 --> 00:44:54,540

said at one point he saw you walking

1189

00:44:58,790 --> 00:44:56,280

down into the mist and you just

1190

00:45:01,370 --> 00:44:58,800

disappeared into the mist and he he said

1191

00:45:03,530 --> 00:45:01,380

I have no recollection of that none at

1192

00:45:05,809 --> 00:45:03,540

all and you know I

1193

00:45:07,250 --> 00:45:05,819

sorry I can't help you so that's

1194

00:45:11,990 --> 00:45:07,260

basically where we're at we haven't done

1195

00:45:14,569 --> 00:45:12,000

yet but that's that's their sightings oh

1196

00:45:17,450 --> 00:45:14,579

he walks to the front of the building

1197

00:45:19,970 --> 00:45:17,460

there's guys with opens the door

1198

00:45:22,490 --> 00:45:19,980

military personnel

1199

00:45:23,990 --> 00:45:22,500

in blackhead to toe there must have been

1200

00:45:26,329 --> 00:45:24,000

different because we got three different

1201
00:45:28,010 --> 00:45:26,339
weapons because we've got handguns we've

1202
00:45:30,170 --> 00:45:28,020
got we've just got stuck with standard

1203
00:45:33,109 --> 00:45:30,180
military guns and we've got machine guns

1204
00:45:35,210 --> 00:45:33,119
which I'm assuming are mp5s for that era

1205
00:45:37,670 --> 00:45:35,220
and uh they drop into the floor

1206
00:45:39,589 --> 00:45:37,680
threatening check him about a bit is not

1207
00:45:41,750 --> 00:45:39,599
to go anywhere stay where you are if you

1208
00:45:43,849 --> 00:45:41,760
know what's good for you see I'm jumping

1209
00:45:45,890 --> 00:45:43,859
back to Andrew Andrew thought oh that

1210
00:45:47,510 --> 00:45:45,900
was staged for him and he thought the

1211
00:45:50,030 --> 00:45:47,520
true UFO event were happening at the

1212
00:45:52,430 --> 00:45:50,040
front it still can't wrap his head

1213
00:45:56,770 --> 00:45:52,440

around what he saw all these years later

1214

00:46:01,849 --> 00:45:59,329

because that's fascinating stuff so far

1215

00:46:03,890 --> 00:46:01,859

listen I'm enjoying it uh and I'm trying

1216

00:46:06,170 --> 00:46:03,900

to wrap my head around some of the some

1217

00:46:08,030 --> 00:46:06,180

of the statements as well from Steve's

1218

00:46:10,010 --> 00:46:08,040

point of view when you go in and speak

1219

00:46:11,569 --> 00:46:10,020

to him and obviously he was reluctant

1220

00:46:14,150 --> 00:46:11,579

but it sets you down and has that

1221

00:46:16,490 --> 00:46:14,160

conversation do you believe that he

1222

00:46:17,809 --> 00:46:16,500

doesn't remember walking into the Mist

1223

00:46:20,270 --> 00:46:17,819

I don't know

1224

00:46:24,950 --> 00:46:20,280

if that's as good as I can tell you I

1225

00:46:27,170 --> 00:46:24,960

don't know Andy I really don't know uh

1226

00:46:28,250 --> 00:46:27,180

maybe one maybe somebody there we're a

1227

00:46:29,210 --> 00:46:28,260

little bit more aware of what were

1228

00:46:31,130 --> 00:46:29,220

happening

1229

00:46:33,410 --> 00:46:31,140

than than some of the others that's all

1230

00:46:35,210 --> 00:46:33,420

I will say okay there's a lot more to

1231

00:46:37,190 --> 00:46:35,220

this story I mean I've we've got one

1232

00:46:39,109 --> 00:46:37,200

more witness not necessarily attached to

1233

00:46:40,490 --> 00:46:39,119

that compound but there's a witness come

1234

00:46:44,690 --> 00:46:40,500

forward

1235

00:46:46,970 --> 00:46:44,700

and uh it it's a mind-boggling kind of

1236

00:46:49,309 --> 00:46:46,980

a set of scenarios that took place over

1237

00:46:52,490 --> 00:46:49,319

that three-year period And there's

1238

00:46:54,829 --> 00:46:52,500

probably more more to say that that

1239

00:46:56,750 --> 00:46:54,839

I can't say at the moment let's put it

1240

00:46:58,790 --> 00:46:56,760

that way so

1241

00:47:00,890 --> 00:46:58,800

and that's not me just lying to people

1242

00:47:03,650 --> 00:47:00,900

that's just things that I'm just sort of

1243

00:47:05,809 --> 00:47:03,660

bounded I can't talk about at the moment

1244

00:47:07,609 --> 00:47:05,819

so we've got Steve's story and we've

1245

00:47:09,710 --> 00:47:07,619

we've got the gist that all three men

1246

00:47:10,790 --> 00:47:09,720

have been detained and sort of roughed

1247

00:47:13,670 --> 00:47:10,800

up a bit

1248

00:47:15,470 --> 00:47:13,680

for trying to leave the front of the

1249

00:47:16,730 --> 00:47:15,480

building or open that side door at the

1250

00:47:19,910 --> 00:47:16,740

front

1251

00:47:22,130 --> 00:47:19,920

as if they're detained will not settle

1252

00:47:24,349 --> 00:47:22,140

for for what period of time an hour two

1253

00:47:25,730 --> 00:47:24,359

hours 30 minutes I don't know but when

1254

00:47:28,609 --> 00:47:25,740

it all ends

1255

00:47:32,030 --> 00:47:28,619

Dave's mum and dad arrive

1256

00:47:34,130 --> 00:47:32,040

mum's crying mum's in a right distressed

1257

00:47:37,670 --> 00:47:34,140

State dad's frightened

1258

00:47:39,410 --> 00:47:37,680

and you know I've if Dave what would he

1259

00:47:41,809 --> 00:47:39,420

have been he'd have been in his 20s or

1260

00:47:44,690 --> 00:47:41,819

early 20s so mum and dad would have been

1261

00:47:47,150 --> 00:47:44,700

in the 40s 50s maybe back then so

1262

00:47:49,790 --> 00:47:47,160

they're not elderly I don't know anyway

1263

00:47:54,290 --> 00:47:49,800

because I'm 60. it's just no but you

1264

00:47:56,809 --> 00:47:54,300

know what I mean so sure frightened so

1265

00:47:58,309 --> 00:47:56,819

they get this is before they've spoke

1266

00:47:59,690 --> 00:47:58,319

about God you're not going to believe

1267

00:48:01,010 --> 00:47:59,700

what's just happened what we've just

1268

00:48:02,930 --> 00:48:01,020

experienced

1269

00:48:04,370 --> 00:48:02,940

they said the driving now this is the

1270

00:48:06,109 --> 00:48:04,380

bit we can't get whether they're driving

1271

00:48:08,329 --> 00:48:06,119

home

1272

00:48:09,470 --> 00:48:08,339

and this happened to him or whether they

1273

00:48:11,930 --> 00:48:09,480

were driving

1274

00:48:14,569 --> 00:48:11,940

to meet son and them too this is what I

1275

00:48:16,970 --> 00:48:14,579

touched on earlier but but just gather

1276

00:48:18,950 --> 00:48:16,980

the story as they're driving and we

1277

00:48:20,510 --> 00:48:18,960

believe that it's on the way home and

1278

00:48:23,870 --> 00:48:20,520

they came back

1279

00:48:26,270 --> 00:48:23,880

uh because they can't remember times as

1280

00:48:28,309 --> 00:48:26,280

they're driving they just get between

1281

00:48:30,230 --> 00:48:28,319

anybody wants to Google Earth these

1282

00:48:32,750 --> 00:48:30,240

locations people they're not busy

1283

00:48:34,849 --> 00:48:32,760

Metropolis is the middle of nowhere so

1284

00:48:36,710 --> 00:48:34,859

you you will easily find these roads so

1285

00:48:38,990 --> 00:48:36,720

if you find the road going out of on

1286

00:48:42,050 --> 00:48:39,000

Monday and head towards Bridlington

1287

00:48:44,270 --> 00:48:42,060

they're on there on that road and we I'm

1288

00:48:47,030 --> 00:48:44,280

thinking that the nearer the doctoral

1289

00:48:48,650 --> 00:48:47,040

roundabout probably half a mile in front

1290

00:48:50,270 --> 00:48:48,660

of the doctoral roundabout there's a pub

1291

00:48:51,890 --> 00:48:50,280

there called the doctoral and it would

1292

00:48:55,910 --> 00:48:51,900

call that back in the day

1293

00:48:58,370 --> 00:48:55,920

and there's a roadblock set up

1294

00:49:00,829 --> 00:48:58,380

they're stopped there's no cars on road

1295

00:49:02,569 --> 00:49:00,839

and there's nothing happening he's quiet

1296

00:49:05,510 --> 00:49:02,579

he's quiet now on a night so he's gonna

1297

00:49:07,970 --> 00:49:05,520

be back in the 1990s

1298

00:49:10,190 --> 00:49:07,980

no military Vans they're all black

1299

00:49:11,990 --> 00:49:10,200

so there's black vehicles and Personnel

1300

00:49:14,510 --> 00:49:12,000

come to the side of the car they bundle

1301
00:49:15,770 --> 00:49:14,520
mum out they bundle Dad out drag them

1302
00:49:18,290 --> 00:49:15,780
into a van

1303
00:49:21,349 --> 00:49:18,300
inside the van there's military

1304
00:49:24,190 --> 00:49:21,359
personnel dressed in black head to toe

1305
00:49:30,349 --> 00:49:27,710
you'd speak about nothing that you're

1306
00:49:32,270 --> 00:49:30,359
told nothing that you've seen

1307
00:49:34,309 --> 00:49:32,280
then they gave they proceeded to give

1308
00:49:37,329 --> 00:49:34,319
them a breakdown of

1309
00:49:41,329 --> 00:49:37,339
all their family were where they lived

1310
00:49:43,970 --> 00:49:41,339
lots and lots of things that they knew

1311
00:49:46,069 --> 00:49:43,980
that strangers shouldn't have known

1312
00:49:48,530 --> 00:49:46,079
basically frightened them to death and

1313
00:49:51,230 --> 00:49:48,540

let them go and they came and obviously

1314

00:49:54,470 --> 00:49:51,240

spilled that story before anybody had a

1315

00:49:58,790 --> 00:49:54,480

chance to talk about the UFO and uh

1316

00:50:00,349 --> 00:49:58,800

we've kind of we've we've well we've got

1317

00:50:02,030 --> 00:50:00,359

through hummingbird which probably what

1318

00:50:05,210 --> 00:50:02,040

is it half an hour an hour I don't know

1319

00:50:06,650 --> 00:50:05,220

but uh you've got the gist of it but you

1320

00:50:08,270 --> 00:50:06,660

touched on earlier Andrew unless you

1321

00:50:09,710 --> 00:50:08,280

want to ask any questions before we get

1322

00:50:10,750 --> 00:50:09,720

to a few other things that happened in

1323

00:50:14,630 --> 00:50:10,760

that year

1324

00:50:16,550 --> 00:50:14,640

yeah uh so I'd ask about the story oh so

1325

00:50:19,309 --> 00:50:16,560

I was going to ask were there any parts

1326

00:50:22,210 --> 00:50:19,319

of any of the stories when you were

1327

00:50:25,030 --> 00:50:22,220

talking to them that you did question

1328

00:50:27,170 --> 00:50:25,040

anything

1329

00:50:28,670 --> 00:50:27,180

because I don't want this to come across

1330

00:50:31,010 --> 00:50:28,680

the wrong way no it's not that you

1331

00:50:33,050 --> 00:50:31,020

thought they were maybe lying directly

1332

00:50:35,270 --> 00:50:33,060

but either they were they were adding

1333

00:50:37,910 --> 00:50:35,280

details in to protect themselves at each

1334

00:50:39,890 --> 00:50:37,920

other or maybe something like that or

1335

00:50:41,510 --> 00:50:39,900

maybe you did think actually that's not

1336

00:50:42,890 --> 00:50:41,520

true and you know it's not true but they

1337

00:50:46,010 --> 00:50:42,900

were telling you it anyway so I'm just

1338

00:50:47,390 --> 00:50:46,020

curious on that well I I don't want to

1339

00:50:50,089 --> 00:50:47,400

sound like I'm naive and gullible

1340

00:50:51,470 --> 00:50:50,099

because as like yourself you've spoke to

1341

00:50:52,970 --> 00:50:51,480

lots of people and I think I've spoke to

1342

00:50:54,589 --> 00:50:52,980

hundreds of people over years I've

1343

00:50:56,569 --> 00:50:54,599

believed they were telling me truth but

1344

00:50:59,150 --> 00:50:56,579

I do believe that things were being held

1345

00:51:00,890 --> 00:50:59,160

back from me well no I don't believe

1346

00:51:02,569 --> 00:51:00,900

things were being held back for me I

1347

00:51:04,490 --> 00:51:02,579

know things were being held back from me

1348

00:51:07,490 --> 00:51:04,500

there's a lot more to Hummingbird than

1349

00:51:09,650 --> 00:51:07,500

what you guys have just got and uh

1350

00:51:12,170 --> 00:51:09,660

whether I get to it whether I whether I

1351
00:51:13,790 --> 00:51:12,180
managed to unearth it if I Unearthed

1352
00:51:15,470 --> 00:51:13,800
it now and spoke about it now I would

1353
00:51:17,390 --> 00:51:15,480
upset people

1354
00:51:19,549 --> 00:51:17,400
but because I'd be talking about truths

1355
00:51:22,250 --> 00:51:19,559
that I've been asked

1356
00:51:24,890 --> 00:51:22,260
I've not everything I spoke about is the

1357
00:51:27,530 --> 00:51:24,900
truth as I've been told it but there's

1358
00:51:30,230 --> 00:51:27,540
more in between it all that I've been

1359
00:51:33,410 --> 00:51:30,240
asked to keep out of it and it's it

1360
00:51:35,270 --> 00:51:33,420
sounds all Crypt cryptic not Cryptid but

1361
00:51:39,049 --> 00:51:35,280
you know I know it and I know how that

1362
00:51:41,510 --> 00:51:39,059
must sound but I've just got to respect

1363
00:51:44,690 --> 00:51:41,520

people who've asked me not to talk about

1364

00:51:46,609 --> 00:51:44,700

certain aspects of of what took place uh

1365

00:51:48,530 --> 00:51:46,619

so I've Not Bent the story in any way

1366

00:51:50,210 --> 00:51:48,540

but there are elements that make it even

1367

00:51:52,370 --> 00:51:50,220

more exciting I'll be honest with you

1368

00:51:56,450 --> 00:51:52,380

and and that's what it is it's exciting

1369

00:51:58,910 --> 00:51:56,460

and frightening and uh you asked earlier

1370

00:52:01,790 --> 00:51:58,920

about other things that occurred around

1371

00:52:04,849 --> 00:52:01,800

that say a time frame well

1372

00:52:07,190 --> 00:52:04,859

in 2019 myself and Bob Brown were on the

1373

00:52:09,650 --> 00:52:07,200

cliff tops at Benton

1374

00:52:12,049 --> 00:52:09,660

I sound like a broken record I know but

1375

00:52:14,270 --> 00:52:12,059

we were trying to film these lights and

1376
00:52:16,010 --> 00:52:14,280
there's we could always think only thing

1377
00:52:17,690 --> 00:52:16,020
we can see Andy in the distance about a

1378
00:52:18,950 --> 00:52:17,700
mile away is the headlight of one

1379
00:52:21,530 --> 00:52:18,960
fisherman

1380
00:52:24,109 --> 00:52:21,540
and this will relate to human being a

1381
00:52:26,089 --> 00:52:24,119
moment people so

1382
00:52:27,530 --> 00:52:26,099
I we're observing him and there's

1383
00:52:28,910 --> 00:52:27,540
nothing happening I've got a camera set

1384
00:52:31,430 --> 00:52:28,920
up and it's all sort of covered because

1385
00:52:33,170 --> 00:52:31,440
of moisture in air and

1386
00:52:35,030 --> 00:52:33,180
it's amount of time passed and he's

1387
00:52:36,890 --> 00:52:35,040
walking towards us we can I can see Zed

1388
00:52:38,930 --> 00:52:36,900

light moving and he's coming towards us

1389

00:52:40,730 --> 00:52:38,940

in darkness well I don't put lights on

1390

00:52:42,230 --> 00:52:40,740

everywhere so it wouldn't have been a

1391

00:52:44,329 --> 00:52:42,240

way we were there even

1392

00:52:46,370 --> 00:52:44,339

apart from setting up and that's then I

1393

00:52:47,930 --> 00:52:46,380

switch everything off and I said to Bob

1394

00:52:49,609 --> 00:52:47,940

I said when he gets closer I'm gonna put

1395

00:52:51,230 --> 00:52:49,619

a light on because I don't want to start

1396

00:52:52,910 --> 00:52:51,240

link we're on edge at three to four

1397

00:52:54,109 --> 00:52:52,920

hundred foot Cliffs aren't we I don't

1398

00:52:55,849 --> 00:52:54,119

think he's just going to jump off them

1399

00:52:58,069 --> 00:52:55,859

but I don't want to start him so I did

1400

00:53:00,589 --> 00:52:58,079

just that so he draws up alongside me

1401
00:53:02,450 --> 00:53:00,599
and there's this old fisherman Mick

1402
00:53:05,150 --> 00:53:02,460
sigson they're calling that's his real

1403
00:53:06,109 --> 00:53:05,160
name everybody calls him Siggy which I

1404
00:53:09,049 --> 00:53:06,119
know now

1405
00:53:10,609 --> 00:53:09,059
so um what you're doing Ladson I told

1406
00:53:12,410 --> 00:53:10,619
him and he went heard about me before

1407
00:53:13,849 --> 00:53:12,420
being up there from other Rock Anglers

1408
00:53:15,530 --> 00:53:13,859
and other people

1409
00:53:18,230 --> 00:53:15,540
I said have you have you managed to

1410
00:53:19,309 --> 00:53:18,240
catch any fish bites such a small talk

1411
00:53:21,710 --> 00:53:19,319
and then I asked him if he'd seen

1412
00:53:24,049 --> 00:53:21,720
anything unusual whilst fishing these

1413
00:53:26,450 --> 00:53:24,059

Cliff tops and he explained that this

1414

00:53:28,549 --> 00:53:26,460

coming year this back in 2019 so you can

1415

00:53:30,530 --> 00:53:28,559

get an idea of his age he said he'd

1416

00:53:33,710 --> 00:53:30,540

fished The Rock The Cliffs of Benton and

1417

00:53:35,930 --> 00:53:33,720

flambra for 50 years

1418

00:53:38,089 --> 00:53:35,940

he said and uh he said I've seen all

1419

00:53:40,010 --> 00:53:38,099

sorts he says I've seen I've heard all

1420

00:53:42,950 --> 00:53:40,020

sorts of unearthly things around the old

1421

00:53:44,569 --> 00:53:42,960

RAF base or you know which is about I

1422

00:53:47,750 --> 00:53:44,579

don't know a mile further up than where

1423

00:53:49,430 --> 00:53:47,760

we were he said and uh I asked him about

1424

00:53:51,170 --> 00:53:49,440

the life forms these spheres of light

1425

00:53:52,670 --> 00:53:51,180

and he said he'd never seen him which

1426
00:53:54,109 --> 00:53:52,680
you have found fascinating for somebody

1427
00:53:56,089 --> 00:53:54,119
that had fished there over because

1428
00:53:58,549 --> 00:53:56,099
that's primarily what people are seeing

1429
00:54:00,170 --> 00:53:58,559
yeah but he said I have seen a spaceship

1430
00:54:02,569 --> 00:54:00,180
I said when

1431
00:54:04,370 --> 00:54:02,579
oh what what's this about it's a and he

1432
00:54:06,950 --> 00:54:04,380
turned around he says that Hill there he

1433
00:54:09,710 --> 00:54:06,960
said it landed on that Hill I said

1434
00:54:11,990 --> 00:54:09,720
really so as he's talking I knew I'd

1435
00:54:14,150 --> 00:54:12,000
already heard the story but from the son

1436
00:54:16,370 --> 00:54:14,160
of one of the rock Anglers who was with

1437
00:54:18,890 --> 00:54:16,380
him that night and I don't tend to use

1438
00:54:20,210 --> 00:54:18,900

them that that that's we know that all

1439

00:54:22,309 --> 00:54:20,220

we're dealing with Andy in a lot of

1440

00:54:24,109 --> 00:54:22,319

instances is anecdotal evidence but I

1441

00:54:26,450 --> 00:54:24,119

prefer first-hand accounts to a friend

1442

00:54:28,790 --> 00:54:26,460

of a friend said this yeah I want it

1443

00:54:31,190 --> 00:54:28,800

from the horse's mouth so I've noted

1444

00:54:35,089 --> 00:54:31,200

that uh this guy had told me his dad saw

1445

00:54:36,410 --> 00:54:35,099

this UFO and ran away that night during

1446

00:54:39,410 --> 00:54:36,420

a fishing match

1447

00:54:41,450 --> 00:54:39,420

so it it proceeded to tell me he said

1448

00:54:44,569 --> 00:54:41,460

well he said it well 1998 he said and it

1449

00:54:46,790 --> 00:54:44,579

was November and it was a club match I

1450

00:54:49,150 --> 00:54:46,800

think in filey fishing club which is

1451

00:54:52,010 --> 00:54:49,160

still in now it's just it's not sinning

1452

00:54:54,230 --> 00:54:52,020

and uh he said we're up there fishing

1453

00:54:56,450 --> 00:54:54,240

it's it's a clear night it's a November

1454

00:54:58,430 --> 00:54:56,460

Cold November evening

1455

00:55:00,410 --> 00:54:58,440

and I think there's six or seven men up

1456

00:55:02,510 --> 00:55:00,420

there now it's not like fishing around a

1457

00:55:04,309 --> 00:55:02,520

pond people when you do Cliff top

1458

00:55:05,930 --> 00:55:04,319

fishing you might be there you'll see a

1459

00:55:07,910 --> 00:55:05,940

headlight you might see another one

1460

00:55:09,829 --> 00:55:07,920

half a mile down Cliffs and another one

1461

00:55:12,589 --> 00:55:09,839

two miles down Cliffs that's how it is

1462

00:55:15,530 --> 00:55:12,599

because these places there's not they're

1463

00:55:18,109 --> 00:55:15,540

not all accessible to just Cast Your Rod

1464

00:55:19,609 --> 00:55:18,119

and your line out down the two down a

1465

00:55:20,809 --> 00:55:19,619

three to four hundred foot cliff imagine

1466

00:55:23,990 --> 00:55:20,819

that and then you've got to catch a fish

1467

00:55:25,910 --> 00:55:24,000

and get it up and the sheer so he said

1468

00:55:29,329 --> 00:55:25,920

I'm fishing he said I don't know whether

1469

00:55:31,309 --> 00:55:29,339

I saw uh heard or saw other Anglers sort

1470

00:55:33,650 --> 00:55:31,319

of moving about and the Reds moving or

1471

00:55:35,930 --> 00:55:33,660

whether I caught a glimpse of it myself

1472

00:55:37,549 --> 00:55:35,940

so but I turned around he said on the

1473

00:55:39,710 --> 00:55:37,559

hill

1474

00:55:41,690 --> 00:55:39,720

I suddenly thought what so you what's a

1475

00:55:43,670 --> 00:55:41,700

combine harvester doing up there at this

1476

00:55:45,049 --> 00:55:43,680

time of night at this time of year

1477

00:55:47,750 --> 00:55:45,059

apologist people

1478

00:55:51,470 --> 00:55:47,760

said then I realized I can see the hill

1479

00:55:53,150 --> 00:55:51,480

and I can see a gap of Sky between the

1480

00:55:55,250 --> 00:55:53,160

hill and the object

1481

00:55:56,930 --> 00:55:55,260

so hold on it's about 30 foot in air

1482

00:55:58,670 --> 00:55:56,940

this bloody thing and there's nothing

1483

00:56:01,010 --> 00:55:58,680

behind the hill but Farmland you know I

1484

00:56:02,690 --> 00:56:01,020

know the area really well no properties

1485

00:56:04,130 --> 00:56:02,700

nothing that could be lit up that you

1486

00:56:07,130 --> 00:56:04,140

would mistake

1487

00:56:09,770 --> 00:56:07,140

he said and then it starts to come down

1488

00:56:13,190 --> 00:56:09,780

he said and as it gets closer to the and

1489

00:56:14,809 --> 00:56:13,200

it's all yellows whites and oranges this

1490

00:56:17,329 --> 00:56:14,819

this thing with lights revolving around

1491

00:56:19,970 --> 00:56:17,339

it as it gets closer to the ground all

1492

00:56:21,950 --> 00:56:19,980

Sparks are coming off the ground and

1493

00:56:24,230 --> 00:56:21,960

when it lands there's a circle of flames

1494

00:56:26,210 --> 00:56:24,240

around it and it's on the floor then it

1495

00:56:28,970 --> 00:56:26,220

says I'll just put Pat my gear together

1496

00:56:30,470 --> 00:56:28,980

what I could and I I got off cliff tops

1497

00:56:33,290 --> 00:56:30,480

he says and other guys were moving that

1498

00:56:35,390 --> 00:56:33,300

were inside of it and that ends with the

1499

00:56:37,849 --> 00:56:35,400

son of the father were with him that

1500

00:56:39,710 --> 00:56:37,859

night I've confirmed it we make you know

1501

00:56:41,089 --> 00:56:39,720

we got the name of this guy and he'd

1502

00:56:43,309 --> 00:56:41,099

done a runner and he left his fishing

1503

00:56:44,510 --> 00:56:43,319

tattle on the cliff tops and just ran

1504

00:56:47,990 --> 00:56:44,520

off

1505

00:56:52,549 --> 00:56:48,000

so so that well that sighting

1506

00:56:55,609 --> 00:56:52,559

a few months before June and July

1507

00:56:57,410 --> 00:56:55,619

um just moved these forwards please uh

1508

00:56:59,569 --> 00:56:57,420

June and July

1509

00:57:01,730 --> 00:56:59,579

and I would that's been looking through

1510

00:57:03,950 --> 00:57:01,740

a lot of archives of the Lifeboat

1511

00:57:06,290 --> 00:57:03,960

station at Bridlington uh one of the

1512

00:57:08,329 --> 00:57:06,300

staff there will kindly let me sort of

1513

00:57:10,730 --> 00:57:08,339

look for certain years but basically

1514

00:57:12,950 --> 00:57:10,740

well based on 1998 I wanted to look if

1515

00:57:15,410 --> 00:57:12,960

anything had happened so I found out on

1516

00:57:16,970 --> 00:57:15,420

15th of June

1517

00:57:19,549 --> 00:57:16,980

um let's get your actual name at

1518

00:57:22,849 --> 00:57:19,559

aircraft well we're a tornado but

1519

00:57:25,849 --> 00:57:22,859

tornado z7 I can't see but I think it

1520

00:57:28,849 --> 00:57:25,859

was ze723 and if it's seven three two

1521

00:57:32,750 --> 00:57:28,859

people I apologize but you know so

1522

00:57:36,049 --> 00:57:32,760

flying 10 to 15 miles off Benton and

1523

00:57:37,609 --> 00:57:36,059

flambora vanished off radar burning in

1524

00:57:39,829 --> 00:57:37,619

man there's no mystery of it Vanishing

1525

00:57:42,890 --> 00:57:39,839

off radar it's probably gone below radar

1526
00:57:46,549 --> 00:57:42,900
and uh we crashed into North Sea June

1527
00:57:49,309 --> 00:57:46,559
the 15th now the UFO researchers of the

1528
00:57:51,470 --> 00:57:49,319
day Andy made a lot of this I didn't

1529
00:57:52,849 --> 00:57:51,480
know them I know they are now but you

1530
00:57:55,370 --> 00:57:52,859
know I weren't involved in any of that

1531
00:57:57,770 --> 00:57:55,380
and talking about it being UFO related

1532
00:58:00,589 --> 00:57:57,780
now I've got no I've got no information

1533
00:58:03,589 --> 00:58:00,599
to see was UFO related I just think it's

1534
00:58:07,010 --> 00:58:03,599
worth we're worth noting I wish I could

1535
00:58:09,109 --> 00:58:07,020
just move these Bits of Paper and uh

1536
00:58:11,450 --> 00:58:09,119
so

1537
00:58:12,670 --> 00:58:11,460
during the course of that a few days

1538
00:58:16,130 --> 00:58:12,680

before

1539

00:58:19,430 --> 00:58:16,140

ze723 crashed I saw in the log of the

1540

00:58:24,349 --> 00:58:19,440

Lifeboat station it said object

1541

00:58:26,510 --> 00:58:24,359

and uh basically the log said

1542

00:58:30,109 --> 00:58:26,520

onto Coast Guard Bridlington Coast Guard

1543

00:58:32,210 --> 00:58:30,119

tasked to investigate a large black

1544

00:58:34,730 --> 00:58:32,220

object that has seen to fall from the

1545

00:58:36,349 --> 00:58:34,740

sky we're talking about this in this in

1546

00:58:38,329 --> 00:58:36,359

the suitcase falling from somebody's

1547

00:58:41,089 --> 00:58:38,339

bedroom window this is over the North

1548

00:58:43,490 --> 00:58:41,099

Sea it's about four to six miles out of

1549

00:58:45,170 --> 00:58:43,500

Bridlington and flambora land on the

1550

00:58:46,490 --> 00:58:45,180

surface of the sea can be seen for a

1551
00:58:48,770 --> 00:58:46,500
short time

1552
00:58:50,450 --> 00:58:48,780
and now lifeboats went out to

1553
00:58:52,190 --> 00:58:50,460
investigate nothing to be found and they

1554
00:58:55,549 --> 00:58:52,200
called it objects now I put a freedom

1555
00:58:58,309 --> 00:58:55,559
information requesting to MCA Maritime

1556
00:59:00,170 --> 00:58:58,319
Coast Guard agency and they were really

1557
00:59:02,990 --> 00:59:00,180
unhelpful they they don't they don't

1558
00:59:04,609 --> 00:59:03,000
have records for going back that far

1559
00:59:06,950 --> 00:59:04,619
which we know they do but that's

1560
00:59:09,470 --> 00:59:06,960
basically what I got told unfortunately

1561
00:59:12,829 --> 00:59:09,480
I'd already seen it as a live vlogging

1562
00:59:14,930 --> 00:59:12,839
Lifeboat station yeah so kindly I I

1563
00:59:16,609 --> 00:59:14,940

didn't really have to put a freedom

1564

00:59:19,370 --> 00:59:16,619

information request into life but but I

1565

00:59:21,650 --> 00:59:19,380

did and they gave it me so I got the log

1566

00:59:23,270 --> 00:59:21,660

which the Coast Guard agency said don't

1567

00:59:24,829 --> 00:59:23,280

doesn't exist so that's in book two

1568

00:59:27,530 --> 00:59:24,839

that's in truth proof too beyond the

1569

00:59:29,150 --> 00:59:27,540

thinking mind that's there uh

1570

00:59:31,430 --> 00:59:29,160

unfortunately though when I got the log

1571

00:59:33,289 --> 00:59:31,440

the word object had been removed

1572

00:59:35,089 --> 00:59:33,299

but that would too late I'd seen it so

1573

00:59:36,710 --> 00:59:35,099

I've not added it for sensationalism it

1574

00:59:37,970 --> 00:59:36,720

were definitely there when I looked at

1575

00:59:42,589 --> 00:59:37,980

it you know

1576

00:59:47,750 --> 00:59:42,599

so so we got that strange UFO occurrence

1577

00:59:50,270 --> 00:59:47,760

back in uh June July of 1998 or you were

1578

00:59:52,490 --> 00:59:50,280

definitely a UFO it was unidentified

1579

00:59:55,910 --> 00:59:52,500

that that landed on the surface of the

1580

00:59:59,150 --> 00:59:55,920

sea whether ZD 723 or UFO related I

1581

01:00:03,770 --> 00:59:59,160

don't know during 1998 over the North

1582

01:00:05,450 --> 01:00:03,780

Sea the the newspapers reported of a UFO

1583

01:00:08,089 --> 01:00:05,460

the size of a battleship

1584

01:00:09,950 --> 01:00:08,099

uh been pursued by aircraft or a bit of

1585

01:00:12,829 --> 01:00:09,960

debate whether it was

1586

01:00:14,390 --> 01:00:12,839

sensationalism as regard and a genuine

1587

01:00:16,250 --> 01:00:14,400

story I don't know whether it was or it

1588

01:00:17,990 --> 01:00:16,260

wasn't I think it was the The Daily

1589

01:00:20,510 --> 01:00:18,000

Telegraph that reported it if I've got

1590

01:00:23,630 --> 01:00:20,520

the wrong paper I apologize but you know

1591

01:00:26,270 --> 01:00:23,640

there was a big article about it

1592

01:00:27,890 --> 01:00:26,280

um so then jumping back to Mick sigson

1593

01:00:30,650 --> 01:00:27,900

because what I didn't say at the time

1594

01:00:32,450 --> 01:00:30,660

when Mick told us this story I asked him

1595

01:00:34,069 --> 01:00:32,460

if we could film him would he would

1596

01:00:35,870 --> 01:00:34,079

willing to come on film and talk about

1597

01:00:38,510 --> 01:00:35,880

this spaceship that landed on the cliff

1598

01:00:41,390 --> 01:00:38,520

tops and he said it would so myself and

1599

01:00:42,770 --> 01:00:41,400

Bob Brown picked him up one evening took

1600

01:00:44,870 --> 01:00:42,780

some strong lighting with us and I got

1601
01:00:46,609 --> 01:00:44,880
him set up on the cliff top roughly

1602
01:00:47,569 --> 01:00:46,619
where he was fishing with the ill in the

1603
01:00:49,789 --> 01:00:47,579
background

1604
01:00:51,950 --> 01:00:49,799
and he gave us the story bearing in mind

1605
01:00:55,549 --> 01:00:51,960
he'd never seen these spheres of Light

1606
01:00:56,930 --> 01:00:55,559
which I call the ilfs intelligent light

1607
01:00:59,410 --> 01:00:56,940
forms because I believe there's an

1608
01:01:01,750 --> 01:00:59,420
awareness to them just like

1609
01:01:04,430 --> 01:01:01,760
potentially just like the Foo Fighters

1610
01:01:06,349 --> 01:01:04,440
these these whether it's some kind of

1611
01:01:08,690 --> 01:01:06,359
secret technology that that we don't

1612
01:01:11,510 --> 01:01:08,700
know about man-made but if it is it's

1613
01:01:13,730 --> 01:01:11,520

not Advanced Andy it's not Advanced

1614

01:01:16,190 --> 01:01:13,740

since the war do you know what I mean

1615

01:01:18,289 --> 01:01:16,200

the Brown Mountain Lights we're all

1616

01:01:21,589 --> 01:01:18,299

we're dealing with this sort of strange

1617

01:01:23,390 --> 01:01:21,599

aerial phenomena that seems to appear at

1618

01:01:24,890 --> 01:01:23,400

will and disappear at will so he'd not

1619

01:01:26,750 --> 01:01:24,900

seen them

1620

01:01:28,549 --> 01:01:26,760

so we've done this little interview he

1621

01:01:29,690 --> 01:01:28,559

told us the story I packed the camera

1622

01:01:34,730 --> 01:01:29,700

away

1623

01:01:37,609 --> 01:01:34,740

look up and there's two above us

1624

01:01:39,890 --> 01:01:37,619

I don't know how far the the definitely

1625

01:01:42,710 --> 01:01:39,900

a couple of thousand feet up but the big

1626
01:01:44,390 --> 01:01:42,720
bright like tangerines in Sky Silent not

1627
01:01:46,130 --> 01:01:44,400
flown from anywhere

1628
01:01:48,170 --> 01:01:46,140
so look at that the lights and Bob saw

1629
01:01:50,390 --> 01:01:48,180
them mix all them

1630
01:01:53,510 --> 01:01:50,400
straight down for my camera

1631
01:01:56,030 --> 01:01:53,520
gone Switched Off stand there like a

1632
01:01:59,030 --> 01:01:56,040
fall for 10 minutes with camera

1633
01:01:59,870 --> 01:01:59,040
come on you know nothing put the camera

1634
01:02:03,170 --> 01:01:59,880
away

1635
01:02:05,950 --> 01:02:03,180
But there again same same formation kind

1636
01:02:09,230 --> 01:02:05,960
of at four o'clock and twelve o'clock

1637
01:02:11,510 --> 01:02:09,240
so get camera out again nothing so we

1638
01:02:12,890 --> 01:02:11,520

walk home we you know we picked Mikko we

1639

01:02:13,789 --> 01:02:12,900

walk along the cliff tops and we take

1640

01:02:17,870 --> 01:02:13,799

him home

1641

01:02:19,970 --> 01:02:17,880

uh midpoint to come on again

1642

01:02:22,430 --> 01:02:19,980

don't bother getting the camera out they

1643

01:02:24,710 --> 01:02:22,440

go off okay I don't know another half a

1644

01:02:26,630 --> 01:02:24,720

mile down they come on again we dropped

1645

01:02:29,630 --> 01:02:26,640

him off and myself and Bob came back

1646

01:02:30,710 --> 01:02:29,640

there was nothing at all that night you

1647

01:02:33,349 --> 01:02:30,720

know so

1648

01:02:35,450 --> 01:02:33,359

will that pure coincidence I have no

1649

01:02:38,150 --> 01:02:35,460

idea I mean Mick said he'd never ever

1650

01:02:40,849 --> 01:02:38,160

seen them before so

1651
01:02:43,910 --> 01:02:40,859
excuse me 12th of June I've just got to

1652
01:02:47,510 --> 01:02:43,920
this log now the 12th of June was uh

1653
01:02:50,630 --> 01:02:47,520
when the object was seen okay uh you

1654
01:02:53,569 --> 01:02:50,640
know uh to descend from the sky and land

1655
01:02:57,530 --> 01:02:53,579
on the surface of the sea uh and let's

1656
01:02:59,630 --> 01:02:57,540
have a look zeddy 15th of June uh 12th

1657
01:03:01,789 --> 01:02:59,640
of July people sorry 12th of July the

1658
01:03:04,130 --> 01:03:01,799
object was seen on the 15th of June is

1659
01:03:07,010 --> 01:03:04,140
when said he and I did get it right then

1660
01:03:10,910 --> 01:03:07,020
I said seven three two crashed off

1661
01:03:13,970 --> 01:03:10,920
flamber and Benton interestingly 2020

1662
01:03:17,690 --> 01:03:13,980
the f-15c eagle crashed off Lumber and

1663
01:03:18,950 --> 01:03:17,700

Benton 15th of June interestingly I

1664

01:03:21,589 --> 01:03:18,960

don't know whether we even touched on

1665

01:03:24,770 --> 01:03:21,599

this when we did the podcast I don't

1666

01:03:26,990 --> 01:03:24,780

know a few months ago but the 15th of

1667

01:03:29,150 --> 01:03:27,000

June and I think it was 2011. oh the

1668

01:03:32,210 --> 01:03:29,160

wallabies got decapitated at sorby Hall

1669

01:03:35,390 --> 01:03:32,220

Zoo yeah we did yeah you know and it's

1670

01:03:37,069 --> 01:03:35,400

he it's just a strange one you know well

1671

01:03:39,470 --> 01:03:37,079

he started it started with one actually

1672

01:03:43,609 --> 01:03:39,480

and then subsequently they all sort of

1673

01:03:45,589 --> 01:03:43,619

perished and uh 15th of June 15th of

1674

01:03:47,450 --> 01:03:45,599

June triangle in a pea crop which I

1675

01:03:50,569 --> 01:03:47,460

talked about I think in book two as well

1676
01:03:52,250 --> 01:03:50,579
is when that occurred when Pete I'm not

1677
01:03:54,829 --> 01:03:52,260
saying surname Peter's walking his dog

1678
01:03:57,710 --> 01:03:54,839
up Cliff Lane 15th of June I think it

1679
01:03:59,809 --> 01:03:57,720
was 2017 and alerted me to it and I went

1680
01:04:00,970 --> 01:03:59,819
up and got photographs of it took a soil

1681
01:04:04,910 --> 01:04:00,980
sample

1682
01:04:06,770 --> 01:04:04,920
uh why 15th of June Andy I really don't

1683
01:04:08,230 --> 01:04:06,780
know now you know there's so many

1684
01:04:11,690 --> 01:04:08,240
similarities

1685
01:04:14,690 --> 01:04:11,700
just briefly jump away from hummingbird

1686
01:04:16,250 --> 01:04:14,700
last on Tuesday night the 7th of

1687
01:04:18,890 --> 01:04:16,260
February

1688
01:04:20,930 --> 01:04:18,900

I'm up there there's myself Bob Brown

1689

01:04:23,510 --> 01:04:20,940
and Peter

1690

01:04:25,970 --> 01:04:23,520
and I'm looking at the hill the same

1691

01:04:27,770 --> 01:04:25,980
Hill that's when I talked touched on in

1692

01:04:30,289 --> 01:04:27,780
the first podcast that we did the first

1693

01:04:33,309 --> 01:04:30,299
stream that within the zone of

1694

01:04:36,410 --> 01:04:33,319
strangeness this concentrated hot spots

1695

01:04:37,970 --> 01:04:36,420
you know and I'm I'm sort of facing my

1696

01:04:40,130 --> 01:04:37,980
back to the Sea and I just said to us

1697

01:04:41,870 --> 01:04:40,140
I've just seen an orange kind of light

1698

01:04:46,730 --> 01:04:41,880
on the hill

1699

01:04:48,109 --> 01:04:46,740
this is Tuesday that's just gone and uh

1700

01:04:49,789 --> 01:04:48,119
they're looking at it I can't see

1701
01:04:51,589 --> 01:04:49,799
anything at this time and then suddenly

1702
01:04:53,030 --> 01:04:51,599
an orange light just comes up from the

1703
01:04:53,990 --> 01:04:53,040
ground and it stays there and then goes

1704
01:04:56,030 --> 01:04:54,000
back down

1705
01:04:57,710 --> 01:04:56,040
can't work this out put the little

1706
01:05:00,289 --> 01:04:57,720
camera on psionics I wish I'd put the

1707
01:05:01,849 --> 01:05:00,299
Sony on brilliant camera's the psionics

1708
01:05:03,230 --> 01:05:01,859
people I wouldn't just discourage people

1709
01:05:04,970 --> 01:05:03,240
from buying them but you don't get a

1710
01:05:06,589 --> 01:05:04,980
true representation of the color that

1711
01:05:08,329 --> 01:05:06,599
you're looking at it's bright orange

1712
01:05:11,030 --> 01:05:08,339
whatever looking at

1713
01:05:13,430 --> 01:05:11,040

so filming it I've got it it comes up it

1714

01:05:15,230 --> 01:05:13,440

goes down so we've got it on film you

1715

01:05:18,349 --> 01:05:15,240

know I've not I've downloaded it it's on

1716

01:05:20,990 --> 01:05:18,359

this PC so we've got that on film but

1717

01:05:27,049 --> 01:05:21,000

that's the seventh so where am I going

1718

01:05:29,569 --> 01:05:27,059

with this seventh of February 2020

1719

01:05:31,549 --> 01:05:29,579

Bob Brown myself and we talked about

1720

01:05:33,710 --> 01:05:31,559

Gemma who was with us seeing the swear

1721

01:05:36,890 --> 01:05:33,720

of white light on the hill

1722

01:05:42,069 --> 01:05:36,900

2020 7th of June 7th of June we see this

1723

01:05:44,089 --> 01:05:42,079

object uh then we go back to 2019

1724

01:05:46,370 --> 01:05:44,099

apologies people I'm ahead of myself

1725

01:05:47,510 --> 01:05:46,380

February 7th of February I think you'd

1726

01:05:49,549 --> 01:05:47,520

already got that Andrew aren't you

1727

01:05:50,750 --> 01:05:49,559

anyway yeah uh yeah we've been in

1728

01:05:52,250 --> 01:05:50,760

February because we've jumped from home

1729

01:05:53,329 --> 01:05:52,260

and bit but I just I think it's worth

1730

01:05:55,670 --> 01:05:53,339

noting

1731

01:05:58,190 --> 01:05:55,680

8th of February

1732

01:05:59,630 --> 01:05:58,200

2019 the military guys claimed they've

1733

01:06:02,390 --> 01:05:59,640

seen this weird creature on the cliff

1734

01:06:04,789 --> 01:06:02,400

tops within 500 yards of that Hill you

1735

01:06:06,890 --> 01:06:04,799

know no none of these people know each

1736

01:06:09,289 --> 01:06:06,900

other well Bob and Bob Brown and I know

1737

01:06:11,450 --> 01:06:09,299

don't we but uh it's fascinating so

1738

01:06:15,230 --> 01:06:11,460

we've probably covered

1739

01:06:18,770 --> 01:06:15,240

most of hummingbird I was contacted

1740

01:06:21,829 --> 01:06:18,780

about 18 months ago by a guy who said

1741

01:06:23,630 --> 01:06:21,839

he'd heard me talking about it

1742

01:06:25,190 --> 01:06:23,640

and he was coming home I think he said

1743

01:06:27,109 --> 01:06:25,200

he was a plumber well I know he did he

1744

01:06:30,349 --> 01:06:27,119

was coming home that night

1745

01:06:32,930 --> 01:06:30,359

and he stopped his car in the road

1746

01:06:35,990 --> 01:06:32,940

just down from the doctoral Pub to

1747

01:06:37,609 --> 01:06:36,000

observe her huge triangle craft above

1748

01:06:40,069 --> 01:06:37,619

him he said there were an elderly couple

1749

01:06:42,049 --> 01:06:40,079

and they're in someone like a fiesta he

1750

01:06:43,549 --> 01:06:42,059

said a small hatchback car and they'd

1751

01:06:46,910 --> 01:06:43,559

stopped and they're looking up at this

1752

01:06:48,529 --> 01:06:46,920

thing as well it doesn't mean that you

1753

01:06:50,270 --> 01:06:48,539

know that's that's connected to humming

1754

01:06:53,809 --> 01:06:50,280

me but you know there is a there's a lot

1755

01:06:56,510 --> 01:06:53,819

of stuff Sutter around it so yeah to me

1756

01:06:58,250 --> 01:06:56,520

it's just a fascinating story Andrew no

1757

01:06:59,870 --> 01:06:58,260

it really is Paul and as we kind of wrap

1758

01:07:02,870 --> 01:06:59,880

up there's one more question I suppose

1759

01:07:05,690 --> 01:07:02,880

I've got on hunman beers you talk about

1760

01:07:07,849 --> 01:07:05,700

the the three years there was three

1761

01:07:11,870 --> 01:07:07,859

months in each of those years June July

1762

01:07:14,450 --> 01:07:11,880

August 96 97 98 why why do you think

1763

01:07:17,089 --> 01:07:14,460

there was a cycle of activity and

1764

01:07:19,910 --> 01:07:17,099

happening which comes and Peaks and then

1765

01:07:21,849 --> 01:07:19,920

goes and then obviously it culminated in

1766

01:07:24,410 --> 01:07:21,859

that third year with the landing itself

1767

01:07:27,470 --> 01:07:24,420

do you know I I haven't got an answer to

1768

01:07:29,390 --> 01:07:27,480

it but it definitely does good Peaks and

1769

01:07:31,370 --> 01:07:29,400

troughs it definitely I feel that we're

1770

01:07:33,109 --> 01:07:31,380

going to have a bit of activity now up

1771

01:07:35,630 --> 01:07:33,119

around the Benton area not just because

1772

01:07:37,670 --> 01:07:35,640

we saw that on Tuesday night but it's

1773

01:07:40,490 --> 01:07:37,680

been absolutely flat

1774

01:07:43,730 --> 01:07:40,500

for for months and months and months and

1775

01:07:45,470 --> 01:07:43,740

we I also noted that that this it was it

1776

01:07:47,150 --> 01:07:45,480

were really quiet and I don't mean the

1777

01:07:49,549 --> 01:07:47,160

what people turn the US Factor we've not

1778

01:07:52,430 --> 01:07:49,559

got that strangeness to it but it was a

1779

01:07:54,589 --> 01:07:52,440

really quiet night uh you know on on

1780

01:07:58,190 --> 01:07:54,599

Tuesday night very quiet kind of ringing

1781

01:08:00,950 --> 01:07:58,200

kind of quiet but why why does it go in

1782

01:08:02,630 --> 01:08:00,960

uh sort of Peaks and then sort of big

1783

01:08:04,730 --> 01:08:02,640

dips I don't know I haven't got an

1784

01:08:09,010 --> 01:08:04,740

answer to that but I think it's worth

1785

01:08:11,210 --> 01:08:09,020

noting and uh and it's you know status

1786

01:08:14,870 --> 01:08:11,220

statisticians is that the word people

1787

01:08:17,390 --> 01:08:14,880

want to to look at the the data I think

1788

01:08:19,130 --> 01:08:17,400

I think we we could as researchers as

1789

01:08:20,990 --> 01:08:19,140

people are looking into these cases we

1790

01:08:22,610 --> 01:08:21,000

could do with people like that out there

1791

01:08:24,410 --> 01:08:22,620

I think they're just as important as me

1792

01:08:28,070 --> 01:08:24,420

because we can we could probably see

1793

01:08:29,809 --> 01:08:28,080

similarities and and maybe even predict

1794

01:08:31,430 --> 01:08:29,819

when certain things might start

1795

01:08:33,950 --> 01:08:31,440

occurring that's why I've always thought

1796

01:08:35,450 --> 01:08:33,960

to myself with such a skinwalker wrench

1797

01:08:36,890 --> 01:08:35,460

we'll use that as kind of The Benchmark

1798

01:08:39,229 --> 01:08:36,900

because everybody wants to touch on that

1799

01:08:41,870 --> 01:08:39,239

area or places like the higher Baku

1800

01:08:44,150 --> 01:08:41,880

Forest where where strange things are

1801

01:08:45,610 --> 01:08:44,160

said to happen if if researchers and

1802

01:08:48,169 --> 01:08:45,620

people within those areas could

1803

01:08:50,450 --> 01:08:48,179

cross-reference data I think we would

1804

01:08:52,490 --> 01:08:50,460

probably get a lot further I wondered

1805

01:08:54,650 --> 01:08:52,500

even again if those folks who are good

1806

01:08:56,749 --> 01:08:54,660

with their numbers analysts or or

1807

01:08:58,970 --> 01:08:56,759

meteorological which is a hard one to

1808

01:09:00,590 --> 01:08:58,980

say but you know whether any magnetic

1809

01:09:02,570 --> 01:09:00,600

anomalies that would happen that would

1810

01:09:04,309 --> 01:09:02,580

kind of culminate and there was there

1811

01:09:05,809 --> 01:09:04,319

was months and years and is that

1812

01:09:07,910 --> 01:09:05,819

something like you say that happens now

1813

01:09:09,650 --> 01:09:07,920

and again was it something with the Sun

1814

01:09:11,930 --> 01:09:09,660

at that time you know was there any kind

1815

01:09:14,150 --> 01:09:11,940

of strange offshoots from the Sun yeah

1816

01:09:16,669 --> 01:09:14,160

solar flares or anything yeah it's a

1817

01:09:19,249 --> 01:09:16,679

good point and and we we have we have

1818

01:09:22,249 --> 01:09:19,259

touched on the magnetic anomaly at

1819

01:09:24,530 --> 01:09:22,259

Benton uh you know because that clearly

1820

01:09:26,510 --> 01:09:24,540

exists it's a negative magnetic anomaly

1821

01:09:29,510 --> 01:09:26,520

and you've got the troll and men will

1822

01:09:31,610 --> 01:09:29,520

talk about traveling or sailing out to

1823

01:09:34,070 --> 01:09:31,620

fishing grounds and they can do it for

1824

01:09:35,570 --> 01:09:34,080

10 years and experience nothing and then

1825

01:09:37,490 --> 01:09:35,580

on one particular day the compass is

1826

01:09:40,010 --> 01:09:37,500

just going stupid they know because the

1827

01:09:43,070 --> 01:09:40,020

season would see where they are but uh

1828

01:09:45,050 --> 01:09:43,080

these these things happen but I think a

1829

01:09:47,390 --> 01:09:45,060

lot of people it could be to do with

1830

01:09:49,729 --> 01:09:47,400

that magnetic anomalies or I don't know

1831

01:09:51,349 --> 01:09:49,739

enough about leylands but and magnetic

1832

01:09:53,809 --> 01:09:51,359

anomaly

1833

01:09:57,229 --> 01:09:53,819

a negative and a positive it's only a an

1834

01:09:59,689 --> 01:09:57,239

area where the the magnetism is either

1835

01:10:01,250 --> 01:09:59,699

stronger or less there's no mystical

1836

01:10:02,810 --> 01:10:01,260

element attached to it as some

1837

01:10:04,669 --> 01:10:02,820

researchers who kind of want you to

1838

01:10:07,189 --> 01:10:04,679

believe but that doesn't mean that it's

1839

01:10:10,130 --> 01:10:07,199

not attributed to that it's you know

1840

01:10:12,350 --> 01:10:10,140

it's uh obviously everything about it is

1841

01:10:13,910 --> 01:10:12,360

fascinating I mean we've just oh we've

1842

01:10:16,669 --> 01:10:13,920

just scraped the surface I suppose on

1843

01:10:19,130 --> 01:10:16,679

human bee but there is more to come on

1844

01:10:21,890 --> 01:10:19,140

it I mean and you know I saturated

1845

01:10:24,530 --> 01:10:21,900

myself in it writing the second book and

1846

01:10:26,990 --> 01:10:24,540

you know it takes a big chunk up of the

1847

01:10:30,229 --> 01:10:27,000

book I think it's about 10 to 15 000

1848

01:10:32,209 --> 01:10:30,239

words but I've got more information now

1849

01:10:34,430 --> 01:10:32,219

that can be rolled out and I do intend

1850

01:10:35,870 --> 01:10:34,440

reaching out to Andrew I asked him if I

1851

01:10:38,870 --> 01:10:35,880

could interview him a few months ago and

1852

01:10:40,669 --> 01:10:38,880

he said I could so I shall be uh just

1853

01:10:42,530 --> 01:10:40,679

leaning more information and just

1854

01:10:44,030 --> 01:10:42,540

letting it roll from there it's same as

1855

01:10:46,189 --> 01:10:44,040

Will's thought will Stop's an incredible

1856

01:10:47,990 --> 01:10:46,199

case and we're only from hormone but

1857

01:10:49,390 --> 01:10:48,000

we're only like eight miles up the coast

1858

01:10:53,570 --> 01:10:49,400

and that's

1859

01:10:56,770 --> 01:10:53,580

September the 15th 2009 you know and

1860

01:10:59,630 --> 01:10:56,780

that that is as interesting as Hornby

1861

01:11:01,310 --> 01:10:59,640

what we're seeing off the coast there

1862

01:11:03,290 --> 01:11:01,320

we'll listen we'll maybe get to that

1863

01:11:04,850 --> 01:11:03,300

another show uh it's been great to dive

1864

01:11:06,770 --> 01:11:04,860

into hunman Bay what I want to ask is

1865

01:11:08,810 --> 01:11:06,780

just to finish off uh you've mentioned

1866

01:11:10,729 --> 01:11:08,820

will flands on the previous record and

1867

01:11:12,470 --> 01:11:10,739

we're done I know there have been a few

1868

01:11:14,330 --> 01:11:12,480

updates on your Facebook where you've

1869

01:11:16,729 --> 01:11:14,340

been doing post-production on Wolf land

1870

01:11:18,169 --> 01:11:16,739

some narration and I just wonder where

1871

01:11:20,930 --> 01:11:18,179

are you at with real Flan's the

1872

01:11:22,910 --> 01:11:20,940

documentary piece yeah thank you well I

1873

01:11:25,010 --> 01:11:22,920

think people will be securing me saying

1874

01:11:27,290 --> 01:11:25,020

it Andy but we're close I mean we've

1875

01:11:28,370 --> 01:11:27,300

done our part of it the music's been

1876

01:11:31,250 --> 01:11:28,380

done now we're at my daughter's

1877

01:11:32,990 --> 01:11:31,260

recording studio last Saturday I just

1878

01:11:35,630 --> 01:11:33,000

sat with them it was just nice not to be

1879

01:11:38,450 --> 01:11:35,640

able to do all too stressful and I think

1880

01:11:41,570 --> 01:11:38,460

they were about 20 minutes into it Mick

1881

01:11:43,669 --> 01:11:41,580

Park who's also working with my daughter

1882

01:11:46,550 --> 01:11:43,679

Jess and Nick so there's Mick Park and

1883

01:11:48,350 --> 01:11:46,560

Nick Britain or do it wanting to do the

1884

01:11:49,970 --> 01:11:48,360

music they've started at the back

1885

01:11:52,310 --> 01:11:49,980

they're starting at the front and

1886

01:11:55,130 --> 01:11:52,320

they're going to meet him middle or all

1887

01:11:56,570 --> 01:11:55,140

the stem the stems and everything to do

1888

01:11:57,830 --> 01:11:56,580

with the production of the music I

1889

01:12:00,110 --> 01:11:57,840

didn't realize there was much in it

1890

01:12:02,270 --> 01:12:00,120

there's over 100 elements there's as you

1891

01:12:04,550 --> 01:12:02,280

go through the map there's little rushes

1892

01:12:06,050 --> 01:12:04,560

and Peaks there's lots and lots involved

1893

01:12:07,669 --> 01:12:06,060

in the music I just thought it were a

1894

01:12:11,330 --> 01:12:07,679

matter of overlaying some music onto a

1895

01:12:13,430 --> 01:12:11,340

film and that was it so so and Jessica

1896

01:12:15,050 --> 01:12:13,440

we're my daughter who's a classically

1897

01:12:16,550 --> 01:12:15,060

trained opera singer she's putting all

1898

01:12:19,070 --> 01:12:16,560

the harmonies and it's gonna be very

1899

01:12:20,390 --> 01:12:19,080

haunting so we're lucky yeah we've just

1900

01:12:21,649 --> 01:12:20,400

got to wait for them I think end of

1901

01:12:23,270 --> 01:12:21,659

month we're going to be nearly there

1902

01:12:24,649 --> 01:12:23,280

with it you know it's better than me

1903

01:12:26,570 --> 01:12:24,659

saying like two years ago well we're

1904

01:12:30,229 --> 01:12:26,580

nearly there we are actually almost

1905

01:12:32,450 --> 01:12:30,239

there but we're so lucky because I mean

1906

01:12:35,870 --> 01:12:32,460

the music's going to be stunning on its

1907

01:12:37,070 --> 01:12:35,880

own you know Mick and the guy who works

1908

01:12:39,050 --> 01:12:37,080

with Nick Britton they've worked with

1909

01:12:40,550 --> 01:12:39,060

some top artists in world I don't know

1910

01:12:44,209 --> 01:12:40,560

if I touched on it last time we spoke

1911

01:12:46,910 --> 01:12:44,219

but I'm talking like people with Ruby

1912

01:12:49,010 --> 01:12:46,920

Turner YouTube Robbie Williams you know

1913

01:12:51,110 --> 01:12:49,020

that they've actually worked with these

1914

01:12:52,790 --> 01:12:51,120

these people it's not just like oh I

1915

01:12:56,330 --> 01:12:52,800

know him and I've said hello to him so

1916

01:12:59,450 --> 01:12:56,340

to get that kind of uh level of

1917

01:13:01,010 --> 01:12:59,460

assistance with the music yeah I've

1918

01:13:02,990 --> 01:13:01,020

considered ourselves very lucky and the

1919

01:13:04,510 --> 01:13:03,000

witnesses you know Witnesses absolutely

1920

01:13:07,310 --> 01:13:04,520

stepping forward and

1921

01:13:09,950 --> 01:13:07,320

you know laying these stories online for

1922

01:13:11,390 --> 01:13:09,960

us we're really fortunate well we'll

1923

01:13:13,070 --> 01:13:11,400

have you back on definitely have you

1924

01:13:14,689 --> 01:13:13,080

back on to discuss that once both lands

1925

01:13:15,709 --> 01:13:14,699

is ready so Paul thank you very much

1926

01:13:17,689 --> 01:13:15,719

again for your time today it's been

1927

01:13:19,970 --> 01:13:17,699

great speaking with you as always thank

1928

01:13:21,649 --> 01:13:19,980

you very much that is all for this

1929

01:13:23,689 --> 01:13:21,659

week's show thank you very much for

1930

01:13:25,970 --> 01:13:23,699

listening please remember to leave the
