

CLIPS

BRYCE ZABEL
PRESIDENTS & UFOS

1
00:00:03,649 --> 00:00:01,550
you have mentioned the need to know

2
00:00:05,329 --> 00:00:03,659
podcast you've done yesterday as we

3
00:00:06,950 --> 00:00:05,339
record this the 15th of February it was

4
00:00:08,990 --> 00:00:06,960
your first live with yourself and Ross

5
00:00:10,910 --> 00:00:09,000
Ross mentioned that there's a real

6
00:00:12,770 --> 00:00:10,920
disconnect between the Air Force and the

7
00:00:14,930 --> 00:00:12,780
White House on this topic and subject

8
00:00:17,450 --> 00:00:14,940
and I don't think that will shock many

9
00:00:19,609 --> 00:00:17,460
who holds the cards here when it comes

10
00:00:21,650 --> 00:00:19,619
to the UFO discussion in the U.S

11
00:00:24,109 --> 00:00:21,660
government

12
00:00:25,790 --> 00:00:24,119
well that is to be determined isn't it I

13
00:00:27,529 --> 00:00:25,800

think the president of the United States

14

00:00:29,750 --> 00:00:27,539

is finding himself in the middle of that

15

00:00:32,269 --> 00:00:29,760

little tug of war as well just to bring

16

00:00:33,770 --> 00:00:32,279

your um listeners and viewers up to

17

00:00:37,490 --> 00:00:33,780

speed here

18

00:00:40,310 --> 00:00:37,500

um it has been historic that the Air

19

00:00:42,530 --> 00:00:40,320

Force was sort of in the early days of

20

00:00:44,209 --> 00:00:42,540

this the historical perspective was well

21

00:00:46,190 --> 00:00:44,219

these things are flying around in the

22

00:00:48,170 --> 00:00:46,200

sky I guess we should call the Air Force

23

00:00:50,150 --> 00:00:48,180

in and that's what got you Project Blue

24

00:00:52,790 --> 00:00:50,160

Book and and all the other ones project

25

00:00:54,830 --> 00:00:52,800

sign project Grudge and and uh the those

26

00:00:58,010 --> 00:00:54,840

were Air Force investigations but

27

00:01:00,889 --> 00:00:58,020

remember one thing if you study your UFO

28

00:01:03,229 --> 00:01:00,899

history you'll find that even while all

29

00:01:05,929 --> 00:01:03,239

these sightings in the air were being

30

00:01:07,429 --> 00:01:05,939

reported there was always a constant

31

00:01:12,530 --> 00:01:07,439

undercurrent

32

00:01:16,250 --> 00:01:12,540

from the sea where where there were

33

00:01:18,770 --> 00:01:16,260

sightings in the sea and so the Navy was

34

00:01:21,050 --> 00:01:18,780

always interested in it uh they just

35

00:01:23,149 --> 00:01:21,060

didn't get the starring role when we did

36

00:01:25,310 --> 00:01:23,159

Dark Skies uh one of the things that

37

00:01:28,370 --> 00:01:25,320

Brent Friedman and I did is we had

38

00:01:30,350 --> 00:01:28,380

Majestic 12 as as kind of the backdrop

39

00:01:32,630 --> 00:01:30,360

to the whole thing and that's a whole

40

00:01:34,850 --> 00:01:32,640

nother discussion but the person we put

41

00:01:37,429 --> 00:01:34,860

in charge was someone who was from The

42

00:01:39,350 --> 00:01:37,439

Office of Naval intelligence and uh so

43

00:01:41,749 --> 00:01:39,360

we didn't put an Air Force off officer

44

00:01:43,510 --> 00:01:41,759

in now where are we right now we're in a

45

00:01:46,310 --> 00:01:43,520

situation where

46

00:01:49,069 --> 00:01:46,320

uh don't just take my word for it Chris

47

00:01:49,910 --> 00:01:49,079

mellon's written about this extensively

48

00:01:51,230 --> 00:01:49,920

um

49

00:01:54,530 --> 00:01:51,240

but

50

00:01:56,510 --> 00:01:54,540

the Air Force was not helpful as they

51
00:01:59,510 --> 00:01:56,520
should have been in the preparation of

52
00:02:01,789 --> 00:01:59,520
those reports and the Navy was I mean

53
00:02:04,730 --> 00:02:01,799
clearly you have a division of some kind

54
00:02:07,010 --> 00:02:04,740
going on where people in the Air Force

55
00:02:09,229 --> 00:02:07,020
would rather we just keep all this

56
00:02:11,510 --> 00:02:09,239
buttoned up and let's not let's not go

57
00:02:13,550 --> 00:02:11,520
crazy here and people in the Navy seem

58
00:02:15,890 --> 00:02:13,560
almost a little fed up because their

59
00:02:18,410 --> 00:02:15,900
pilots are encountering this stuff and

60
00:02:21,110 --> 00:02:18,420
they'd like answers so

61
00:02:25,850 --> 00:02:21,120
um what Ross was saying on the show is

62
00:02:30,229 --> 00:02:25,860
that we have developed a source who has

63
00:02:33,290 --> 00:02:30,239

told us that a high level officer in the

64

00:02:35,750 --> 00:02:33,300

Navy has literally gone to the White

65

00:02:37,970 --> 00:02:35,760

House to say that the Air Force is lying

66

00:02:40,070 --> 00:02:37,980

to you about what's going on

67

00:02:43,070 --> 00:02:40,080

and if

68

00:02:46,309 --> 00:02:43,080

if that bears fruit and turns out to be

69

00:02:48,830 --> 00:02:46,319

true and we think it is then that means

70

00:02:50,690 --> 00:02:48,840

that this issue has escalated Beyond

71

00:02:52,850 --> 00:02:50,700

just something you and I Andy might talk

72

00:02:55,430 --> 00:02:52,860

about and and kick around with our

73

00:02:58,250 --> 00:02:55,440

friends at a party and is now something

74

00:03:00,530 --> 00:02:58,260

that uh because Congress is interested

75

00:03:02,630 --> 00:03:00,540

we've passed that uh whistleblower

76

00:03:04,990 --> 00:03:02,640

legislation with the new National

77

00:03:08,509 --> 00:03:05,000

Defense authorization Act

78

00:03:10,369 --> 00:03:08,519

there are a lot of moving pieces and I

79

00:03:12,770 --> 00:03:10,379

guess the only way I could sell say it

80

00:03:14,949 --> 00:03:12,780

is some of them are real are re

81

00:03:17,509 --> 00:03:14,959

reinforcing

82

00:03:20,390 --> 00:03:17,519

behavior and taking away from Behavior

83

00:03:22,190 --> 00:03:20,400

the whole way that this has been dealt

84

00:03:26,449 --> 00:03:22,200

with over the years appears to be

85

00:03:28,130 --> 00:03:26,459

changing and and yes uh the essence of

86

00:03:30,530 --> 00:03:28,140

your question is do we have a division

87

00:03:32,330 --> 00:03:30,540

it looks like we do

88

00:03:34,550 --> 00:03:32,340

um and let's face it what's something

89

00:03:35,869 --> 00:03:34,560

that Washington could do that could

90

00:03:38,330 --> 00:03:35,879

happen in Washington right now that

91

00:03:40,610 --> 00:03:38,340

would change the game immediately leaks

92

00:03:43,490 --> 00:03:40,620

I mean you know Ross and I are

93

00:03:46,430 --> 00:03:43,500

journalists we leaks are how you find

94

00:03:48,770 --> 00:03:46,440

things uh people uh who want the truth

95

00:03:50,570 --> 00:03:48,780

out uh talk to journalists and

96

00:03:53,509 --> 00:03:50,580

journalists print it and then people

97

00:03:55,369 --> 00:03:53,519

react to it so I think we are also

98

00:03:57,890 --> 00:03:55,379

getting to the place where

99

00:03:59,869 --> 00:03:57,900

the idea that there's a a kind of a

100

00:04:01,729 --> 00:03:59,879

conflict uh between the Air Force and

101

00:04:04,430 --> 00:04:01,739

the Navy which has historically as we

102

00:04:06,589 --> 00:04:04,440

said existed a long time now may be

103

00:04:08,930 --> 00:04:06,599

coming into the open because the the

104

00:04:10,490 --> 00:04:08,940

Congressional committee people seem to

105

00:04:12,649 --> 00:04:10,500

be saying we want to look into these

106

00:04:15,770 --> 00:04:12,659

Legacy programs and by Legacy programs

107

00:04:18,530 --> 00:04:15,780

they mean programs designed to reverse

108

00:04:20,210 --> 00:04:18,540

engineering captured craft so you know

109

00:04:22,189 --> 00:04:20,220

all I can say to your listeners and
