[Music]

6  
00:00:15,110 --> 00:00:12,540  
hi everyone and welcome back to that UFO

7  
00:00:17,210 --> 00:00:15,120  
podcast my name is Andy and I am joined

8  
00:00:19,970 --> 00:00:17,220

9  
00:00:21,950 --> 00:00:19,980  
Incredible in plain sight co-host of the

10  
00:00:24,349 --> 00:00:21,960  
outstanding need to know podcast along

11  
00:00:26,509 --> 00:00:24,359  
with Bryce zabel like to welcome back to

12  
00:00:29,029 --> 00:00:26,519  
the show Roscoe Ross welcome back me

13  
00:00:30,890 --> 00:00:29,039

g'day Andy how are you mate

14

00:00:32,389 --> 00:00:30,900

I am wonderful it's good to be talking

15

00:00:33,950 --> 00:00:32,399

to you with the incredible time

16

00:00:35,690 --> 00:00:33,960

difference we have it's a very small

17

00:00:38,450 --> 00:00:35,700

window to record normally so it's good

18

00:00:40,190 --> 00:00:38,460

to have you uh Ross this one is over to

19

00:00:42,770 --> 00:00:40,200

the listeners because every time I get

20

00:00:44,450 --> 00:00:42,780

you on we talk for so long oh you talk

21

00:00:46,310 --> 00:00:44,460

for so long that I don't get the chance

22

00:00:48,590 --> 00:00:46,320

to ask you the listeners questions and I

23

00:00:50,690 --> 00:00:48,600

get flooded with questions for you so

24

00:00:52,250 --> 00:00:50,700

sorry sorry about that but I talked for

25

00:00:55,010 --> 00:00:52,260

too long my wife tells me this as well

26

00:00:57,170 --> 00:00:55,020

so I I promise to shut up

27

00:00:58,670 --> 00:00:57,180

well lesson it works when you've got a

28

00:01:00,290 --> 00:00:58,680

podcast doesn't it that you can talk so

29

00:01:01,850 --> 00:01:00,300

that helps but people want to hear from

30

00:01:03,290 --> 00:01:01,860

you and I've got a lot of questions but

31

00:01:05,090 --> 00:01:03,300

I'm going to steal the first one for

32

00:01:07,130 --> 00:01:05,100

myself because you know it's my show I

33

00:01:10,730 --> 00:01:07,140

get to do that and we started the year

34

00:01:12,109 --> 00:01:10,740

Ross with the heavily late UAP report

35

00:01:14,870 --> 00:01:12,119

um from the Arab I've gone on to the

36

00:01:17,030 --> 00:01:14,880

Chinese Bible and Saga and we had some

37

00:01:18,590 --> 00:01:17,040

filler in between that too and I've had

38

00:01:20,510 --> 00:01:18,600

many listeners say to me they're almost

39

00:01:22,910 --> 00:01:20,520

a bit jaded with how the things have

40

00:01:24,649 --> 00:01:22,920

gone in terms of the UFO topic for the

41

00:01:26,030 --> 00:01:24,659

start of this year do you think that's

42

00:01:28,249 --> 00:01:26,040

fair opinion

43

00:01:31,249 --> 00:01:28,259

yeah I must confess I'm really worn down

44

00:01:35,149 --> 00:01:31,259

by it to be honest Andy I I thought the

45

00:01:36,109 --> 00:01:35,159

um the absolute apex of the idiocy was

46

00:01:37,850 --> 00:01:36,119

when

47

00:01:40,990 --> 00:01:37,860

here we had

48

00:01:45,230 --> 00:01:41,000

a demonstration of why

49

00:01:47,030 --> 00:01:45,240

incursions into airspace by unidentified

50

00:01:49,730 --> 00:01:47,040

objects matter

51  
00:01:52,190 --> 00:01:49,740  
and you had the U.S national media

52  
00:01:55,010 --> 00:01:52,200  
getting itself into a frenzy about the

53  
00:01:58,429 --> 00:01:55,020  
issue for probably two weeks

54  
00:02:00,530 --> 00:01:58,439  
it's then they just blamely bought the

55  
00:02:02,690 --> 00:02:00,540  
explanation oh it must be you know Joe

56  
00:02:06,170 --> 00:02:02,700  
Biden came up with that explanation a

57  
00:02:08,330 --> 00:02:06,180  
week late saying oh you know well these

58  
00:02:10,790 --> 00:02:08,340  
are probably hobby balloons scientific

59  
00:02:14,030 --> 00:02:10,800  
balloons nothing to see here move on and

60  
00:02:16,369 --> 00:02:14,040  
you know what everybody did now I'm not

61  
00:02:17,589 --> 00:02:16,379  
saying those objects are anomalous mate

62  
00:02:20,150 --> 00:02:17,599  
but

63  
00:02:22,309 --> 00:02:20,160

you know some of the world's top media

64

00:02:25,790 --> 00:02:22,319

organizations just accepted it and

65

00:02:28,729 --> 00:02:25,800

glibly moved on because if you accept

66

00:02:31,070 --> 00:02:28,739

the minimum explanation the least

67

00:02:33,050 --> 00:02:31,080

controversial explanation for what those

68

00:02:35,510 --> 00:02:33,060

three objects were that were shot down

69

00:02:36,770 --> 00:02:35,520

by U.S fighter aircraft which is still a

70

00:02:40,130 --> 00:02:36,780

mystery

71

00:02:42,290 --> 00:02:40,140

the White House is guilty of concealing

72

00:02:44,809 --> 00:02:42,300

the fact that it spent millions of

73

00:02:47,150 --> 00:02:44,819

dollars on shooting down hobby balloons

74

00:02:48,170 --> 00:02:47,160

and overreacted because of political

75

00:02:50,089 --> 00:02:48,180

pressure

76

00:02:51,890 --> 00:02:50,099

to the fact that the media was giving

77

00:02:54,229 --> 00:02:51,900

them a caning about unauthorized

78

00:02:56,869 --> 00:02:54,239

incursions into American airspace that's

79

00:02:59,390 --> 00:02:56,879

the bare minimum story

80

00:03:01,369 --> 00:02:59,400

but there's so much my friend that you

81

00:03:04,729 --> 00:03:01,379

know I just think the media should be

82

00:03:07,070 --> 00:03:04,739

asking and you know if I was CBS NBC ABC

83

00:03:09,530 --> 00:03:07,080

or the Washington Post or the LA Times

84

00:03:11,809 --> 00:03:09,540

or the New York Times I'd be deploying

85

00:03:14,690 --> 00:03:11,819

teams of people onto why the world's

86

00:03:17,330 --> 00:03:14,700

most powerful military made promises

87

00:03:19,430 --> 00:03:17,340

countless times during the week that

88

00:03:22,309 --> 00:03:19,440

these objects were being engaged by

89

00:03:24,350 --> 00:03:22,319

photofighter aircraft they made promises

90

00:03:27,649 --> 00:03:24,360

to repair truth and upietro Justin

91

00:03:29,270 --> 00:03:27,659

Trudeau personally guaranteed that they

92

00:03:31,369 --> 00:03:29,280

would recover the wreckage of the one

93

00:03:33,530 --> 00:03:31,379

shot down over Canada and that the

94

00:03:37,309 --> 00:03:33,540

public would be told what these objects

95

00:03:40,250 --> 00:03:37,319

were why can't we be told

96

00:03:42,589 --> 00:03:40,260

now you're on my friend Tim McMillan has

97

00:03:45,949 --> 00:03:42,599

just told a podcast earlier on today

98

00:03:47,750 --> 00:03:45,959

that um it's his understanding that the

99

00:03:49,850 --> 00:03:47,760

Congressional oversight committees the

100

00:03:51,949 --> 00:03:49,860

Hassan Services committee the Senate

101  
00:03:54,949 --> 00:03:51,959  
armed services committee and same for

102  
00:03:57,770 --> 00:03:54,959  
the intelligence committee have not been

103  
00:03:59,509 --> 00:03:57,780  
given access to the videos or

104  
00:04:01,789 --> 00:03:59,519  
photographs of whatever these images

105  
00:04:04,250 --> 00:04:01,799  
were that were engaged by fighter

106  
00:04:07,490 --> 00:04:04,260  
aircraft and remember my friend this is

107  
00:04:10,429 --> 00:04:07,500  
the first time in the history of NORAD

108  
00:04:12,710 --> 00:04:10,439  
that the Americans or the Canadians have

109  
00:04:14,690 --> 00:04:12,720  
engaged militarily objects that have

110  
00:04:15,710 --> 00:04:14,700  
breached U.S airspace or Canadian

111  
00:04:18,969 --> 00:04:15,720  
airspace

112  
00:04:22,129 --> 00:04:18,979  
this is a huge moment and yet we still

113  
00:04:25,189 --> 00:04:22,139

officially do not know what these

114

00:04:28,070 --> 00:04:25,199

objects were why is that a satisfactory

115

00:04:31,070 --> 00:04:28,080

situation and do we just accept the

116

00:04:32,689 --> 00:04:31,080

assurances that have been given that oh

117

00:04:36,050 --> 00:04:32,699

yeah it was too hard to find these

118

00:04:37,909 --> 00:04:36,060

objects I I don't buy it I really don't

119

00:04:40,189 --> 00:04:37,919

I think they're hiding something I

120

00:04:42,770 --> 00:04:40,199

really do and I I think the public need

121

00:04:44,870 --> 00:04:42,780

to ask questions

122

00:04:46,730 --> 00:04:44,880

but that podcast you mentioned with Tim

123

00:04:48,110 --> 00:04:46,740

McMillan was disclosure team with Vinnie

124

00:04:49,850 --> 00:04:48,120

Adams so people should go and check that

125

00:04:51,170 --> 00:04:49,860

one out it's pretty fresh even as this

126

00:04:52,610 --> 00:04:51,180

gets released it's only going to be a

127

00:04:54,710 --> 00:04:52,620

couple of days old

128

00:04:57,530 --> 00:04:54,720

um Ross you're a man with considerable

129

00:04:59,870 --> 00:04:57,540

contacts and sources and you've cited

130

00:05:02,689 --> 00:04:59,880

them before what are they saying to you

131

00:05:04,490 --> 00:05:02,699

about this whole situation well it's all

132

00:05:06,110 --> 00:05:04,500

contradictory to be honest Andy I've

133

00:05:09,290 --> 00:05:06,120

some of them are telling me that these

134

00:05:10,730 --> 00:05:09,300

objects are anomalous but I I don't I

135

00:05:13,490 --> 00:05:10,740

don't do I don't believe it I actually

136

00:05:15,170 --> 00:05:13,500

favor the it's the line that I've

137

00:05:17,270 --> 00:05:15,180

probably used before with you which is

138

00:05:19,850 --> 00:05:17,280

up before conspiracy

139

00:05:21,770 --> 00:05:19,860

um you know I I frankly when governments

140

00:05:24,950 --> 00:05:21,780

screw up their first instinct is to

141

00:05:27,110 --> 00:05:24,960

cover up and um it's often the cover-up

142

00:05:29,330 --> 00:05:27,120

that gets them into trouble and in this

143

00:05:31,450 --> 00:05:29,340

case I think what's happened is Joe

144

00:05:33,590 --> 00:05:31,460

Biden was embarrassed terribly

145

00:05:35,510 --> 00:05:33,600

egregiously embarrassed about the fact

146

00:05:38,150 --> 00:05:35,520

that a Chinese spy balloon was able to

147

00:05:39,890 --> 00:05:38,160

overfly American airspace and actually

148

00:05:42,469 --> 00:05:39,900

overfly some of the most sensitive

149

00:05:45,230 --> 00:05:42,479

facilities nuclear facilities in America

150

00:05:47,810 --> 00:05:45,240

with impunity and was then only able to

151  
00:05:50,570 --> 00:05:47,820  
be brought down safely over the um the

152  
00:05:52,610 --> 00:05:50,580  
ocean just off to South Carolina's and

153  
00:05:54,529 --> 00:05:52,620  
not surprisingly the media gave him a

154  
00:05:56,629 --> 00:05:54,539  
caning for not being able to guarantee

155  
00:06:00,110 --> 00:05:56,639  
that these incursions over American

156  
00:06:01,790 --> 00:06:00,120  
airspace could not be protected and and

157  
00:06:05,210 --> 00:06:01,800  
the other thing that came out that

158  
00:06:08,210 --> 00:06:05,220  
frankly I just find gobsmacking it's the

159  
00:06:11,629 --> 00:06:08,220  
admission that was made by the National

160  
00:06:15,590 --> 00:06:11,639  
Security advisor to the White House Jake

161  
00:06:18,950 --> 00:06:15,600  
Sullivan and other DOD officials that

162  
00:06:22,490 --> 00:06:18,960  
prior to the Chinese balloon shoot done

163  
00:06:25,850 --> 00:06:22,500

the sensitivity of America's early

164

00:06:29,930 --> 00:06:25,860

warning radar and other sensor systems

165

00:06:32,629 --> 00:06:29,940

was deliberately turned down to avoid

166

00:06:36,830 --> 00:06:32,639

the detection of objects

167

00:06:39,050 --> 00:06:36,840

that weren't icbms or cruise missiles

168

00:06:41,870 --> 00:06:39,060

now you can understand why the U.S Air

169

00:06:45,290 --> 00:06:41,880

Force NORAD put a priority on

170

00:06:46,730 --> 00:06:45,300

you know icbms or cruise missiles but

171

00:06:50,930 --> 00:06:46,740

why were they making themselves

172

00:06:53,510 --> 00:06:50,940

deliberately blind to for example the

173

00:06:55,430 --> 00:06:53,520

Chinese balloon which I just laugh every

174

00:06:58,309 --> 00:06:55,440

now and then I just read it it had a

175

00:07:00,830 --> 00:06:58,319

payload of three buses you know imagine

176

00:07:04,189 --> 00:07:00,840

what you could put on a bloody balloon

177

00:07:07,430 --> 00:07:04,199

with three buses as a payload uh I mean

178

00:07:09,830 --> 00:07:07,440

why do you need icbms if you're Al-Qaeda

179

00:07:12,950 --> 00:07:09,840

or or Isis you could just bloody pump a

180

00:07:15,650 --> 00:07:12,960

balloon up sit it in Northern Russia and

181

00:07:17,570 --> 00:07:15,660

just drifted across U.S airspace and you

182

00:07:20,150 --> 00:07:17,580

know if if you accept what we're being

183

00:07:22,790 --> 00:07:20,160

told which I just find utterly

184

00:07:24,710 --> 00:07:22,800

implausible the it's the sensitivity of

185

00:07:26,749 --> 00:07:24,720

these radar systems were turned down to

186

00:07:29,150 --> 00:07:26,759

such an extent that we didn't know they

187

00:07:31,129 --> 00:07:29,160

were there I don't buy it I don't

188

00:07:33,230 --> 00:07:31,139

believe it because my sources are

189

00:07:37,249 --> 00:07:33,240

telling me they have known about these

190

00:07:39,710 --> 00:07:37,259

objects they are aware of incursions of

191

00:07:41,870 --> 00:07:39,720

unidentified objects including the

192

00:07:43,909 --> 00:07:41,880

anomalous objects that you and I and

193

00:07:45,950 --> 00:07:43,919

your audience are interested in they've

194

00:07:48,110 --> 00:07:45,960

known about those for a very very long

195

00:07:50,930 --> 00:07:48,120

time but they've been deceiving

196

00:07:52,370 --> 00:07:50,940

themselves and turning a blind eye to it

197

00:07:54,350 --> 00:07:52,380

because frankly

198

00:07:56,210 --> 00:07:54,360

I think often a lot of them are

199

00:07:58,909 --> 00:07:56,220

confounded by the mystery and they

200

00:08:01,129 --> 00:07:58,919

prefer not to think about it now the

201  
00:08:02,990 --> 00:08:01,139  
great thing about that incident the

202  
00:08:05,210 --> 00:08:03,000  
really wonderful thing about the

203  
00:08:07,550 --> 00:08:05,220  
National Security flight safety concerns

204  
00:08:11,390 --> 00:08:07,560  
that have legitimately been raised by

205  
00:08:14,870 --> 00:08:11,400  
the Chinese balloon incursion and by the

206  
00:08:18,290 --> 00:08:14,880  
three mystery objects inclusion is that

207  
00:08:20,330 --> 00:08:18,300  
for the first time the entire U.S

208  
00:08:23,689 --> 00:08:20,340  
national security defense Military

209  
00:08:27,290 --> 00:08:23,699  
Intelligence Community is fine-tuned

210  
00:08:30,290 --> 00:08:27,300  
believe me they are fine-tuned to focus

211  
00:08:33,230 --> 00:08:30,300  
very very hard on any unidentified

212  
00:08:35,389 --> 00:08:33,240  
objects coming into U.S airspace and the

213  
00:08:37,790 --> 00:08:35,399

reason why is because Jake Sullivan at

214

00:08:41,389 --> 00:08:37,800

the instigation of Joe Biden has called

215

00:08:44,510 --> 00:08:41,399

an interagency task force over the heads

216

00:08:46,910 --> 00:08:44,520

of the Pentagon now why this isn't a

217

00:08:50,630 --> 00:08:46,920

bigger story my friend is just baffling

218

00:08:53,090 --> 00:08:50,640

to me because we know Arrow the all

219

00:08:55,070 --> 00:08:53,100

domain anomaly resolution office the

220

00:08:57,970 --> 00:08:55,080

ridiculous name for the pentagon's UAP

221

00:09:00,769 --> 00:08:57,980

investigation office it

222

00:09:04,910 --> 00:09:00,779

supposedly turned with the investigation

223

00:09:07,070 --> 00:09:04,920

of uaps but the the White House quite

224

00:09:09,110 --> 00:09:07,080

noticeably made the decision that this

225

00:09:11,570 --> 00:09:09,120

was going to be an interagency task

226

00:09:14,630 --> 00:09:11,580

force that went over the heads of the

227

00:09:16,550 --> 00:09:14,640

Pentagon that answers to the executive

228

00:09:17,449 --> 00:09:16,560

branch of government directly to the

229

00:09:20,690 --> 00:09:17,459

White House

230

00:09:23,210 --> 00:09:20,700

now that's significant it's significant

231

00:09:25,730 --> 00:09:23,220

in that it suggests to me that the white

232

00:09:26,990 --> 00:09:25,740

house does not trust the Pentagon on

233

00:09:30,710 --> 00:09:27,000

this issue

234

00:09:32,690 --> 00:09:30,720

period And I know that for a fact

235

00:09:34,009 --> 00:09:32,700

I think the phrase that the left hand

236

00:09:35,930 --> 00:09:34,019

doesn't know what the right hand is

237

00:09:37,430 --> 00:09:35,940

doing in this case tends to be the left

238

00:09:38,509 --> 00:09:37,440

hand doesn't like what the right hand is

239

00:09:39,829 --> 00:09:38,519

doing

240

00:09:41,509 --> 00:09:39,839

um when it comes to the US government

241

00:09:42,710 --> 00:09:41,519

well I think I mean it's really

242

00:09:45,590 --> 00:09:42,720

interesting because I think what's

243

00:09:48,110 --> 00:09:45,600

happened here is there's been a cultural

244

00:09:49,970 --> 00:09:48,120

attitude in the U.S Air Force in

245

00:09:52,610 --> 00:09:49,980

particular not so much in the U.S Navy

246

00:09:54,350 --> 00:09:52,620

that we just ignore whatever these

247

00:09:56,630 --> 00:09:54,360

anomalous phenomena are that are

248

00:09:59,150 --> 00:09:56,640

appearing on our radar screens it's

249

00:10:00,949 --> 00:09:59,160

we're told to forget about it so we will

250

00:10:04,370 --> 00:10:00,959

and I think that's a culture that

251  
00:10:07,790 --> 00:10:04,380  
creeped into NORAD God forbid I mean

252  
00:10:09,710 --> 00:10:07,800  
mate what is it we're 20 23. I mean I

253  
00:10:12,110 --> 00:10:09,720  
lived through the horrors as you did of

254  
00:10:14,090 --> 00:10:12,120  
9 11. I covered it as a journalist I've

255  
00:10:16,850 --> 00:10:14,100  
gone through those ridiculous wars in

256  
00:10:20,810 --> 00:10:16,860  
Afghanistan and Iraq and and the

257  
00:10:23,449 --> 00:10:20,820  
absurdity of how wide open America was

258  
00:10:26,030 --> 00:10:23,459  
that day despite warnings intelligence

259  
00:10:28,670 --> 00:10:26,040  
warnings that were well known and

260  
00:10:30,590 --> 00:10:28,680  
brought out in the 911 Commission

261  
00:10:32,810 --> 00:10:30,600  
is there going to be a similar

262  
00:10:35,509 --> 00:10:32,820  
accounting for the appalling failures

263  
00:10:37,850 --> 00:10:35,519

the absolutely embarrassing egregious

264

00:10:39,650 --> 00:10:37,860

failures that have been highlighted by

265

00:10:42,769 --> 00:10:39,660

these incidents these incursions into

266

00:10:44,990 --> 00:10:42,779

American airspace this was as Chris

267

00:10:48,050 --> 00:10:45,000

melon has said this was a Pearl Harbor

268

00:10:49,910 --> 00:10:48,060

moment it was a Sputnik moment it was a

269

00:10:51,949 --> 00:10:49,920

moment where all of a sudden the

270

00:10:54,230 --> 00:10:51,959

National Security apparatus of the most

271

00:10:57,050 --> 00:10:54,240

powerful country on the planet

272

00:10:59,509 --> 00:10:57,060

its military intelligence apparatus were

273

00:11:03,470 --> 00:10:59,519

caught napping because what they've done

274

00:11:06,230 --> 00:11:03,480

is they have arrogantly obscenely turned

275

00:11:08,870 --> 00:11:06,240

a blind eye to the issue of unidentified

276

00:11:12,470 --> 00:11:08,880

objects in U.S airspace

277

00:11:14,449 --> 00:11:12,480

for reasons that defy explanation they

278

00:11:16,850 --> 00:11:14,459

have failed their responsibility as

279

00:11:18,650 --> 00:11:16,860

Defenders of America and people in

280

00:11:21,050 --> 00:11:18,660

America should be concerned about that

281

00:11:24,170 --> 00:11:21,060

and it's an issue just as much in your

282

00:11:26,930 --> 00:11:24,180

country as it is in mine why are our

283

00:11:30,230 --> 00:11:26,940

governments so deliberately blind to the

284

00:11:33,410 --> 00:11:30,240

issue of objects in our airspace that

285

00:11:36,050 --> 00:11:33,420

the American government itself admits

286

00:11:38,509 --> 00:11:36,060

they shot them down because they were a

287

00:11:40,490 --> 00:11:38,519

threat to flight safety and they knew

288

00:11:42,470 --> 00:11:40,500

that these objects had been appearing in

289

00:11:43,970 --> 00:11:42,480

the months years previously and they'd

290

00:11:47,389 --> 00:11:43,980

done nothing about it

291

00:11:49,850 --> 00:11:47,399

why if these objects were and are and

292

00:11:52,250 --> 00:11:49,860

continue to be a threat to flight safety

293

00:11:54,590 --> 00:11:52,260

why have we been turning a blind eye to

294

00:11:57,290 --> 00:11:54,600

them and why the hell is no National

295

00:11:59,750 --> 00:11:57,300

Security correspondent from any of the

296

00:12:02,630 --> 00:11:59,760

major newspapers or TV networks or Radio

297

00:12:04,430 --> 00:12:02,640

Networks asking this question I just

298

00:12:06,949 --> 00:12:04,440

don't understand it I really don't and I

299

00:12:10,310 --> 00:12:06,959

think we're being very badly served

300

00:12:12,350 --> 00:12:10,320

because we're at a time now in the media

301  
00:12:15,470 --> 00:12:12,360  
where there's a transition happening

302  
00:12:18,769 --> 00:12:15,480  
mate where Legacy Media

303  
00:12:21,230 --> 00:12:18,779  
is so under-resourced so poorly staffed

304  
00:12:23,449 --> 00:12:21,240  
and frankly so poorly served by people

305  
00:12:25,190 --> 00:12:23,459  
who don't know their job they're not

306  
00:12:27,110 --> 00:12:25,200  
trained properly they're not really

307  
00:12:29,690 --> 00:12:27,120  
solid professional journalists with

308  
00:12:31,970 --> 00:12:29,700  
years of experience and they frankly are

309  
00:12:34,310 --> 00:12:31,980  
just dropping the ball on this issue and

310  
00:12:36,410 --> 00:12:34,320  
this is where podcasts Like Yours Like

311  
00:12:38,509 --> 00:12:36,420  
Mine like Vinnies that did the Tim

312  
00:12:40,850 --> 00:12:38,519  
McMillan interview this is where all of

313  
00:12:44,210 --> 00:12:40,860

this stuff is coming out now there's a

314

00:12:46,190 --> 00:12:44,220

new digital online media that is

315

00:12:47,930 --> 00:12:46,200

starting to create because frankly the

316

00:12:50,750 --> 00:12:47,940

public have had a complete guts fall

317

00:12:53,930 --> 00:12:50,760

with the absolute that is being

318

00:12:55,850 --> 00:12:53,940

spewed out on Legacy Media I mean right

319

00:12:58,210 --> 00:12:55,860

up until I think

320

00:13:00,230 --> 00:12:58,220

um Julian Barnes from The New York Times

321

00:13:02,990 --> 00:13:00,240

nonsensical piece I think the most

322

00:13:05,870 --> 00:13:03,000

recent one he did was in January how

323

00:13:07,970 --> 00:13:05,880

embarrassing there he is saying oh you

324

00:13:10,970 --> 00:13:07,980

know all of these unidentified objects

325

00:13:13,850 --> 00:13:10,980

are um almost certainly Chinese balloons

326

00:13:15,170 --> 00:13:13,860

and um drones and we can turn a blind

327

00:13:17,930 --> 00:13:15,180

eye to it you know it's not an issue

328

00:13:19,910 --> 00:13:17,940

move on folks get on with your lives and

329

00:13:21,949 --> 00:13:19,920

then it turns out that they were a

330

00:13:24,110 --> 00:13:21,959

threat to flight safety even if you

331

00:13:26,810 --> 00:13:24,120

accept that they're Chinese drones or

332

00:13:29,990 --> 00:13:26,820

Chinese balloons which frankly I don't

333

00:13:31,790 --> 00:13:30,000

we just don't know and the absurdity is

334

00:13:35,329 --> 00:13:31,800

the national media sit there and get

335

00:13:38,090 --> 00:13:35,339

their cozy little briefings from the

336

00:13:40,129 --> 00:13:38,100

um PR people for the Pentagon or the

337

00:13:43,670 --> 00:13:40,139

intelligence community and they just

338

00:13:46,190 --> 00:13:43,680

glibly accept what they are told at what

339

00:13:49,430 --> 00:13:46,200

point do they start applying objective

340

00:13:51,470 --> 00:13:49,440

analysis and critical reasoning because

341

00:13:56,210 --> 00:13:51,480

seriously at the moment we do not have

342

00:13:59,090 --> 00:13:56,220

an explanation for the first ever

343

00:14:02,090 --> 00:13:59,100

in the period of NORAD the first ever

344

00:14:04,850 --> 00:14:02,100

shoot down of unidentified objects that

345

00:14:07,730 --> 00:14:04,860

have incurred into American airspace in

346

00:14:09,410 --> 00:14:07,740

the history of NORAD and the only other

347

00:14:11,810 --> 00:14:09,420

incidents where this has happened before

348

00:14:15,230 --> 00:14:11,820

where there have been shootdowns have

349

00:14:17,210 --> 00:14:15,240

been Pearl Harbor in December 1941 which

350

00:14:19,430 --> 00:14:17,220

we all know and which was a seminal

351  
00:14:21,710 --> 00:14:19,440  
warning for America about the importance

352  
00:14:23,329 --> 00:14:21,720  
of having intelligence in a hearing

353  
00:14:25,670 --> 00:14:23,339  
intelligence and making sure their

354  
00:14:27,949 --> 00:14:25,680  
airspace is protected and I think there

355  
00:14:31,129 --> 00:14:27,959  
was one incident where a Japanese zero

356  
00:14:33,129 --> 00:14:31,139  
incurred um Alaskan airspace sometime

357  
00:14:36,050 --> 00:14:33,139  
during World War II and was shot down

358  
00:14:38,990 --> 00:14:36,060  
but really this is such a rare incident

359  
00:14:42,230 --> 00:14:39,000  
and the level of inquisitiveness by the

360  
00:14:44,629 --> 00:14:42,240  
media has just been ridiculous

361  
00:14:47,269 --> 00:14:44,639  
well a good place to bring in a question

362  
00:14:49,250 --> 00:14:47,279  
from Jeff Jeff asks and talking about

363  
00:14:50,689 --> 00:14:49,260

the White House Press briefings and lack

364

00:14:52,430 --> 00:14:50,699

of robust questioning that you've

365

00:14:54,949 --> 00:14:52,440

brought up before have you got any

366

00:14:56,750 --> 00:14:54,959

direct or indirect contacts with the

367

00:14:59,030 --> 00:14:56,760

privileged few members of the press that

368

00:15:01,430 --> 00:14:59,040

get access to these as to why they're

369

00:15:04,310 --> 00:15:01,440

not better brief to challenge the blind

370

00:15:06,530 --> 00:15:04,320

answers given from those briefings well

371

00:15:08,329 --> 00:15:06,540

they are briefed because I've seen a

372

00:15:10,730 --> 00:15:08,339

couple of them my book and some of them

373

00:15:12,889 --> 00:15:10,740

are friends of mine and um what you have

374

00:15:15,949 --> 00:15:12,899

to understand is everything in the White

375

00:15:18,050 --> 00:15:15,959

House Press Room is very very carefully

376

00:15:20,449 --> 00:15:18,060

choreographed they actually have a

377

00:15:22,790 --> 00:15:20,459

seniority about which journalists get to

378

00:15:25,430 --> 00:15:22,800

ask questions and it's all very very

379

00:15:27,290 --> 00:15:25,440

theatrical you don't just put your hand

380

00:15:29,090 --> 00:15:27,300

up and the president answers your

381

00:15:31,129 --> 00:15:29,100

question or the National Security acts

382

00:15:33,829 --> 00:15:31,139

as the National Security advisor answers

383

00:15:36,949 --> 00:15:33,839

your questions it's all very stage

384

00:15:40,370 --> 00:15:36,959

managed and frankly that's the issue the

385

00:15:42,650 --> 00:15:40,380

issue is that there there is a

386

00:15:44,269 --> 00:15:42,660

um an issue frankly and it's the same in

387

00:15:46,189 --> 00:15:44,279

your country and it's in the same in my

388

00:15:48,110 --> 00:15:46,199

country I've been at National Security

389

00:15:50,269 --> 00:15:48,120

reporter for a major newspaper in

390

00:15:52,370 --> 00:15:50,279

Australia and it's a big issue because

391

00:15:54,650 --> 00:15:52,380

frankly what happens is

392

00:15:56,449 --> 00:15:54,660

you become dependent on your sources and

393

00:15:58,129 --> 00:15:56,459

you don't want to piss them off

394

00:16:01,189 --> 00:15:58,139

I can remember

395

00:16:02,870 --> 00:16:01,199

um oh God right back at the time of the

396

00:16:05,329 --> 00:16:02,880

second Gulf War

397

00:16:07,250 --> 00:16:05,339

I was tipped to the fact that the

398

00:16:09,050 --> 00:16:07,260

Australian SAS were deploying in the

399

00:16:11,389 --> 00:16:09,060

western desert of Iraq

400

00:16:12,769 --> 00:16:11,399

and I could have run a dramatic story on

401  
00:16:14,930 --> 00:16:12,779  
the front page of a major national

402  
00:16:17,210 --> 00:16:14,940  
newspaper because I had enough

403  
00:16:18,889 --> 00:16:17,220  
information to say which units were

404  
00:16:20,689 --> 00:16:18,899  
being deployed what sort of equipment

405  
00:16:22,129 --> 00:16:20,699  
was being deployed and how long they

406  
00:16:24,470 --> 00:16:22,139  
were going to be there but

407  
00:16:27,590 --> 00:16:24,480  
me and my editors made a decision that

408  
00:16:29,870 --> 00:16:27,600  
it wasn't news that ought properly to be

409  
00:16:32,569 --> 00:16:29,880  
reported it could have jeopardized the

410  
00:16:35,210 --> 00:16:32,579  
safety of servicemen in a combat zone

411  
00:16:35,930 --> 00:16:35,220  
and so we didn't report it

412  
00:16:37,670 --> 00:16:35,940  
um

413  
00:16:39,350 --> 00:16:37,680

and

414

00:16:41,569 --> 00:16:39,360

I didn't do that because I didn't want

415

00:16:43,370 --> 00:16:41,579

to upset the defense department but

416

00:16:45,110 --> 00:16:43,380

there's no doubt in my mind if I had

417

00:16:47,150 --> 00:16:45,120

done it if I had reported it I would

418

00:16:48,350 --> 00:16:47,160

have been off the drip forever I

419

00:16:50,389 --> 00:16:48,360

wouldn't have been invited to those

420

00:16:52,970 --> 00:16:50,399

briefings I wouldn't have been given the

421

00:16:54,949 --> 00:16:52,980

opportunities to sit down with the chief

422

00:16:56,269 --> 00:16:54,959

commanders and get the briefings that

423

00:16:57,949 --> 00:16:56,279

are so important

424

00:16:59,269 --> 00:16:57,959

uh I mean one of the one of the

425

00:17:01,490 --> 00:16:59,279

conversations that happening is

426  
00:17:02,090 --> 00:17:01,500  
happening in Australia at the moment is

427  
00:17:04,549 --> 00:17:02,100  
um

428  
00:17:06,890 --> 00:17:04,559  
should we be buying nuclear submarines

429  
00:17:09,770 --> 00:17:06,900  
off you guys and the Americans in you

430  
00:17:11,870 --> 00:17:09,780  
know Britain and America and it's a big

431  
00:17:13,270 --> 00:17:11,880  
issue because they kind of cost a

432  
00:17:16,250 --> 00:17:13,280  
minimum of

433  
00:17:19,250 --> 00:17:16,260  
370 billion dollars which is just a

434  
00:17:23,030 --> 00:17:19,260  
phenomenal amount of money and

435  
00:17:24,890 --> 00:17:23,040  
um a lot of the uh left media are

436  
00:17:26,329 --> 00:17:24,900  
directing their criticism at some of our

437  
00:17:28,909 --> 00:17:26,339  
more established newspapers because

438  
00:17:30,950 --> 00:17:28,919

they've essentially slavishly reported

439

00:17:33,049 --> 00:17:30,960

what the intelligence Community is

440

00:17:34,970 --> 00:17:33,059

telling them that war with China is

441

00:17:36,289 --> 00:17:34,980

inevitable and that frankly we just have

442

00:17:37,610 --> 00:17:36,299

to accept that this is going to happen

443

00:17:40,010 --> 00:17:37,620

and we're going to go to war with China

444

00:17:41,630 --> 00:17:40,020

because China is going to invade Taiwan

445

00:17:44,750 --> 00:17:41,640

and we of course will back our friends

446

00:17:46,990 --> 00:17:44,760

the Americans in any war with Taiwan and

447

00:17:49,970 --> 00:17:47,000

whatever the merits of that argument

448

00:17:52,430 --> 00:17:49,980

there's been no debate about it anywhere

449

00:17:54,470 --> 00:17:52,440

that the national media has just stepped

450

00:17:56,930 --> 00:17:54,480

in lockstep behind the government on

451

00:17:59,390 --> 00:17:56,940

this issue and I suspect a lot of it is

452

00:18:01,669 --> 00:17:59,400

based on very credible concerns about

453

00:18:04,010 --> 00:18:01,679

what the Chinese are really up to and

454

00:18:07,010 --> 00:18:04,020

they are the complete bastards with

455

00:18:10,070 --> 00:18:07,020

Espionage they stole the F-35 fighter

456

00:18:11,750 --> 00:18:10,080

plans from America they've targeted

457

00:18:14,090 --> 00:18:11,760

universities in my country that are

458

00:18:16,130 --> 00:18:14,100

involved in defense research believe me

459

00:18:19,310 --> 00:18:16,140

China is a very very aggressive

460

00:18:22,669 --> 00:18:19,320

Espionage partner but my point is is

461

00:18:27,409 --> 00:18:22,679

that there's a there's clearly an issue

462

00:18:30,289 --> 00:18:27,419

when there's no longer rigorous analysis

463

00:18:31,730 --> 00:18:30,299

and argument about major policy

464

00:18:33,529 --> 00:18:31,740

decisions that are being made by

465

00:18:35,510 --> 00:18:33,539

governments because the national media

466

00:18:37,789 --> 00:18:35,520

who are covering National Security

467

00:18:40,909 --> 00:18:37,799

defense and intelligence just step in

468

00:18:42,590 --> 00:18:40,919

slavishly behind and and and just adhere

469

00:18:44,150 --> 00:18:42,600

to what the government of the day and

470

00:18:46,789 --> 00:18:44,160

the intelligence Community tells them

471

00:18:49,430 --> 00:18:46,799

and this is why good men and women went

472

00:18:52,130 --> 00:18:49,440

off to war in your country and died in

473

00:18:54,289 --> 00:18:52,140

the deserts of Iraq because Tony Blair

474

00:18:55,730 --> 00:18:54,299

was sold apart on false intelligence

475

00:18:58,610 --> 00:18:55,740

that said there were weapons of mass

476  
00:19:00,650 --> 00:18:58,620  
destruction in Iraq that Saddam Hussein

477  
00:19:03,350 --> 00:19:00,660  
was manufacturing nuclear weapons or

478  
00:19:06,409 --> 00:19:03,360  
biological weapons there was and there

479  
00:19:10,010 --> 00:19:06,419  
continues to be no evidence of that and

480  
00:19:13,490 --> 00:19:10,020  
so what I'm saying is there needs to be

481  
00:19:16,010 --> 00:19:13,500  
more objective rigor the media need to

482  
00:19:18,289 --> 00:19:16,020  
ask harder questions

483  
00:19:20,450 --> 00:19:18,299  
um and we're not doing that the Legacy

484  
00:19:22,310 --> 00:19:20,460  
Media is not doing that and that needs

485  
00:19:24,590 --> 00:19:22,320  
to ask it at press conferences but it

486  
00:19:27,409 --> 00:19:24,600  
also needs to ask it in basic background

487  
00:19:30,710 --> 00:19:27,419  
journalism why has nobody written an

488  
00:19:33,230 --> 00:19:30,720

article that says gee we're now weeks on

489

00:19:36,470 --> 00:19:33,240  
from the shoot down incidents

490

00:19:38,690 --> 00:19:36,480  
and it's like it never happened what why

491

00:19:41,210 --> 00:19:38,700  
do we not know what these objects were

492

00:19:43,430 --> 00:19:41,220  
why has the most powerful country on the

493

00:19:45,950 --> 00:19:43,440  
planet with easily the most incredible

494

00:19:48,710 --> 00:19:45,960  
surveillance reconnaissance resources

495

00:19:51,289 --> 00:19:48,720  
anywhere on the planet not found a

496

00:19:54,529 --> 00:19:51,299  
single trace of these objects that were

497

00:19:57,710 --> 00:19:54,539  
shot down and why can Joe Biden assert

498

00:19:59,450 --> 00:19:57,720  
with confidence apparently that these

499

00:20:01,909 --> 00:19:59,460  
objects were almost certainly hobby

500

00:20:04,549 --> 00:20:01,919  
balloons or scientific balloons when

501  
00:20:06,770 --> 00:20:04,559  
frankly nobody has released any evidence

502  
00:20:10,070 --> 00:20:06,780  
of that to the public and if they are

503  
00:20:13,549 --> 00:20:10,080  
such benign prosaic objects such mundane

504  
00:20:15,770 --> 00:20:13,559  
objects why can't we see the photos why

505  
00:20:19,730 --> 00:20:15,780  
can't we see the evidence what are they

506  
00:20:21,830 --> 00:20:19,740  
hiding that's all I'm asking

507  
00:20:23,150 --> 00:20:21,840  
you mentioned potential war with China

508  
00:20:25,190 --> 00:20:23,160  
and that's something that's come up

509  
00:20:27,409 --> 00:20:25,200  
quite often recently given events a

510  
00:20:29,210 --> 00:20:27,419  
question from David what's closer to

511  
00:20:32,750 --> 00:20:29,220  
midnight in your opinion Ross the

512  
00:20:34,789 --> 00:20:32,760  
Doomsday Clock or the disclosure clock

513  
00:20:37,370 --> 00:20:34,799

or the Doomsday Clock

514

00:20:39,230 --> 00:20:37,380

no I actually when I'm put my serious

515

00:20:41,870 --> 00:20:39,240

head on for a moment mate I am really

516

00:20:43,610 --> 00:20:41,880

scared right now because I do I I talk

517

00:20:46,070 --> 00:20:43,620

to a lot of defense and intelligence

518

00:20:48,110 --> 00:20:46,080

people in my country your country and

519

00:20:50,810 --> 00:20:48,120

the Us and other countries in my region

520

00:20:54,169 --> 00:20:50,820

and it just scares the living hell out

521

00:20:56,570 --> 00:20:54,179

of me that as an 18 year old boy I was I

522

00:20:58,789 --> 00:20:56,580

was a punk rocker you know I I listened

523

00:21:01,130 --> 00:20:58,799

to Susie and the Banshees and basically

524

00:21:02,630 --> 00:21:01,140

uh The Clash and was kind of nihilistic

525

00:21:05,150 --> 00:21:02,640

about the expectation I was going to

526

00:21:08,330 --> 00:21:05,160

make it to 21. I really didn't expect to

527

00:21:10,850 --> 00:21:08,340

we were in such a dark period and that

528

00:21:12,650 --> 00:21:10,860

era of the Cold War I just accepted I

529

00:21:14,690 --> 00:21:12,660

was going to be annihilated in a nuclear

530

00:21:17,090 --> 00:21:14,700

conflagration and to me it was just an

531

00:21:19,310 --> 00:21:17,100

amazing Miracle to be one of the

532

00:21:21,830 --> 00:21:19,320

journalists covering the fall of the the

533

00:21:24,529 --> 00:21:21,840

wall the Berlin wall and watching the

534

00:21:28,010 --> 00:21:24,539

the collapse of the Soviet Union

535

00:21:30,590 --> 00:21:28,020

and yeah we are in believe me my friend

536

00:21:32,570 --> 00:21:30,600

the most incredibly dangerous times and

537

00:21:34,430 --> 00:21:32,580

you know it's funny I walked out of a

538

00:21:36,110 --> 00:21:34,440

gymnasium this afternoon and I was

539

00:21:37,970 --> 00:21:36,120

looking across and just watching people

540

00:21:39,830 --> 00:21:37,980

living their normal lives it was a

541

00:21:42,110 --> 00:21:39,840

little girl skipping down the street and

542

00:21:44,210 --> 00:21:42,120

her mum was trying to grab her hand to

543

00:21:47,210 --> 00:21:44,220

stop her from running onto the road and

544

00:21:49,190 --> 00:21:47,220

I was just thinking oh my God we are so

545

00:21:50,570 --> 00:21:49,200

bloody lucky and yet right on the other

546

00:21:53,690 --> 00:21:50,580

side of the world there are young men

547

00:21:55,130 --> 00:21:53,700

and women fighting trench warfare a

548

00:21:57,710 --> 00:21:55,140

hundred and something years on from

549

00:22:00,549 --> 00:21:57,720

World War One there are people fighting

550

00:22:04,250 --> 00:22:00,559

trench warfare in the fields of Ukraine

551

00:22:06,710 --> 00:22:04,260

over a very very important fight for

552

00:22:08,630 --> 00:22:06,720

their sovereignty and the only way we

553

00:22:10,730 --> 00:22:08,640

can resolve this is with what is

554

00:22:13,029 --> 00:22:10,740

essentially a superpower confrontation

555

00:22:17,330 --> 00:22:13,039

between the Russians in America

556

00:22:20,210 --> 00:22:17,340

it's so bloody dangerous right now and

557

00:22:23,330 --> 00:22:20,220

um I'm genuinely worried that that even

558

00:22:25,190 --> 00:22:23,340

a a simple mistake such as you know the

559

00:22:27,770 --> 00:22:25,200

incident where um Soviet Jets

560

00:22:30,409 --> 00:22:27,780

interdicted and brought down an American

561

00:22:34,789 --> 00:22:30,419

drone the other day something like that

562

00:22:37,490 --> 00:22:34,799

could so easily escalate and and that's

563

00:22:39,049 --> 00:22:37,500

so much more the focus I can tell you of

564

00:22:40,730 --> 00:22:39,059

what's going on in the defense and

565

00:22:44,930 --> 00:22:40,740

intelligence community and disclosure

566

00:22:46,610 --> 00:22:44,940

and frankly there was an initiative and

567

00:22:48,830 --> 00:22:46,620

there still continues to be an

568

00:22:50,270 --> 00:22:48,840

initiative within sections of the

569

00:22:52,610 --> 00:22:50,280

American defense and intelligence

570

00:22:54,470 --> 00:22:52,620

Community to be more open with the

571

00:22:57,409 --> 00:22:54,480

public about what they really know about

572

00:22:59,029 --> 00:22:57,419

the phenomenon of uaps but I think

573

00:23:00,890 --> 00:22:59,039

that's all been put on the back burner

574

00:23:03,230 --> 00:23:00,900

it really has been put on the back

575

00:23:06,770 --> 00:23:03,240

burner because of the fact that

576

00:23:12,470 --> 00:23:06,780

everybody I talk to is totally laser

577

00:23:15,649 --> 00:23:14,210

well well things are a little bit more

578

00:23:18,049 --> 00:23:15,659

somber I might as well keep it along

579

00:23:20,090 --> 00:23:18,059

that line and a question from Peter he

580

00:23:22,250 --> 00:23:20,100

asks with what Ross claims he knows but

581

00:23:24,049 --> 00:23:22,260

can't reveal are we better off never

582

00:23:26,270 --> 00:23:24,059

knowing or must the truth be revealed

583

00:23:28,070 --> 00:23:26,280

however dangerous painful or disturbing

584

00:23:29,990 --> 00:23:28,080

Peter adds that he's thinking of the

585

00:23:31,970 --> 00:23:30,000

strap line that you said on your Theory

586

00:23:36,110 --> 00:23:31,980

of Everything interview uh what I've

587

00:23:38,690 --> 00:23:36,120

been told would cause Panic if I said it

588

00:23:40,970 --> 00:23:38,700

yeah and I I it's funny a lot of people

589

00:23:44,090 --> 00:23:40,980

use that term claims yeah I mean I I

590

00:23:46,310 --> 00:23:44,100

claim I I know things I don't claim I

591

00:23:49,130 --> 00:23:46,320

know things what I say is I've been told

592

00:23:51,110 --> 00:23:49,140

things I'm a journal journals are only

593

00:23:54,230 --> 00:23:51,120

ever as good as the sources that tell

594

00:23:57,350 --> 00:23:54,240

them stuff and in my career I'm sure

595

00:23:59,450 --> 00:23:57,360

I've been told crap every Journal gets

596

00:24:01,250 --> 00:23:59,460

told crap from time to time there's a

597

00:24:02,770 --> 00:24:01,260

thing called disinformation that

598

00:24:08,330 --> 00:24:02,780

intelligence Services

599

00:24:10,130 --> 00:24:08,340

quite often false information is sewed

600

00:24:13,970 --> 00:24:10,140

with journalists and it's a big worry of

601  
00:24:16,130 --> 00:24:13,980  
mine that in this UAP field every time I

602  
00:24:19,310 --> 00:24:16,140  
say something I've Been Told

603  
00:24:20,990 --> 00:24:19,320  
I'm quoted saying I know I mean one of

604  
00:24:23,149 --> 00:24:21,000  
the best examples of that was the future

605  
00:24:25,970 --> 00:24:23,159  
human hypothesis that was put to me by

606  
00:24:27,529 --> 00:24:25,980  
quite a number of people in defense in

607  
00:24:30,710 --> 00:24:27,539  
intelligence circles

608  
00:24:33,110 --> 00:24:30,720  
and frankly I don't know that for sure

609  
00:24:36,649 --> 00:24:33,120  
all I can say is this is what I'm being

610  
00:24:38,690 --> 00:24:36,659  
told and frankly I don't know if it's

611  
00:24:40,610 --> 00:24:38,700  
true or not and a lot of people have had

612  
00:24:42,529 --> 00:24:40,620  
a go at me going well wish just shut the

613  
00:24:45,110 --> 00:24:42,539

up then you know and I I just think

614

00:24:47,149 --> 00:24:45,120

well then you know the bottom line

615

00:24:49,250 --> 00:24:47,159

is they don't have to listen

616

00:24:53,090 --> 00:24:49,260

um uh you know I just think ultimately

617

00:24:55,549 --> 00:24:53,100

what my job is is to report accurately

618

00:24:58,549 --> 00:24:55,559

and fairly and attempt the analysis of

619

00:25:02,270 --> 00:25:00,710

well a question from long time listener

620

00:25:04,730 --> 00:25:02,280

nurses takes is a little bit more

621

00:25:06,590 --> 00:25:04,740

classic UFO I think you're Ross um

622

00:25:08,630 --> 00:25:06,600

Ross's investigation points to a

623

00:25:10,909 --> 00:25:08,640

physical phenomenon of nuts bolts and

624

00:25:12,950 --> 00:25:10,919

crash retrieval programs how did he

625

00:25:14,990 --> 00:25:12,960

square up the non-physical claims for

626

00:25:17,390 --> 00:25:15,000

example Chris Blitz those experiences

627

00:25:19,250 --> 00:25:17,400

are they also just manifestations or an

628

00:25:21,110 --> 00:25:19,260

advanced technology or are we dealing

629

00:25:23,149 --> 00:25:21,120

with a parallel phenomena

630

00:25:25,250 --> 00:25:23,159

it's funny actually uh Andy I noticed

631

00:25:27,890 --> 00:25:25,260

that you're promoting interviews that

632

00:25:31,330 --> 00:25:27,900

you've got with Chris coming up or Ryan

633

00:25:34,130 --> 00:25:31,340

I'm not sure which one it is but um yeah

634

00:25:36,110 --> 00:25:34,140

yeah I'm really interested in in hearing

635

00:25:38,930 --> 00:25:36,120

Chris and I'll be watching your podcast

636

00:25:40,130 --> 00:25:38,940

and other interviews that he's done

637

00:25:44,269 --> 00:25:40,140

um

638

00:25:46,490 --> 00:25:44,279

look frankly I I don't think an analysis

639

00:25:49,130 --> 00:25:46,500  
of the phenomenon

640

00:25:50,810 --> 00:25:49,140  
cannot include

641

00:25:52,190 --> 00:25:50,820  
the Paranormal

642

00:25:53,330 --> 00:25:52,200  
you know the sort of things we're

643

00:25:55,669 --> 00:25:53,340  
talking about

644

00:25:57,710 --> 00:25:55,679  
I mean you have Jay Stratton the former

645

00:26:02,590 --> 00:25:57,720  
head of the UAP task force in the

646

00:26:06,710 --> 00:26:02,600  
Pentagon admitting that he was visited

647

00:26:09,590 --> 00:26:06,720  
by some kind of dog man werewolf entity

648

00:26:11,810 --> 00:26:09,600  
at his family home that his family was

649

00:26:14,810 --> 00:26:11,820  
basically harassed this is the story

650

00:26:16,490 --> 00:26:14,820  
told in um com Kelleher and George

651  
00:26:17,510 --> 00:26:16,500  
Knapp's book The skinwalkers at the

652  
00:26:22,310 --> 00:26:17,520  
Pentagon

653  
00:26:24,350 --> 00:26:22,320  
and whilst they use a um a pseudonym for

654  
00:26:26,450 --> 00:26:24,360  
J Stratton blind Freddy can see who it

655  
00:26:28,130 --> 00:26:26,460  
is and I think he's just recently talked

656  
00:26:30,769 --> 00:26:28,140  
more about this at the alien con

657  
00:26:32,570 --> 00:26:30,779  
conference that happened in early March

658  
00:26:36,649 --> 00:26:32,580  
and so you've got

659  
00:26:37,970 --> 00:26:36,659  
senior officials such as Jim simivan Jay

660  
00:26:40,490 --> 00:26:37,980  
Stratton

661  
00:26:42,289 --> 00:26:40,500  
and others that I've spoken to

662  
00:26:45,169 --> 00:26:42,299  
some of them whose names have not yet

663  
00:26:46,190 --> 00:26:45,179

been made public who have described to

664

00:26:48,409 --> 00:26:46,200

me

665

00:26:50,750 --> 00:26:48,419

bloody horrendous stuff that is

666

00:26:52,669 --> 00:26:50,760

Paranormal I mean I there's a guy I

667

00:26:56,510 --> 00:26:52,679

spoke to very early on in my research

668

00:26:59,090 --> 00:26:56,520

who is formerly very senior in the FBI

669

00:27:01,970 --> 00:26:59,100

and he's never gone public so the FBI is

670

00:27:03,830 --> 00:27:01,980

like America's federal police if you

671

00:27:05,029 --> 00:27:03,840

like and they're an incredibly powerful

672

00:27:09,049 --> 00:27:05,039

agency

673

00:27:12,350 --> 00:27:09,059

and um he's got secrecy clearances and

674

00:27:14,630 --> 00:27:12,360

basically he describes something eerily

675

00:27:16,850 --> 00:27:14,640

similar to what Jim Sim events described

676

00:27:18,830 --> 00:27:16,860

you know some kind of hooded figure

677

00:27:21,230 --> 00:27:18,840

appearing in his bedroom

678

00:27:23,210 --> 00:27:21,240

now I don't think any legitimate

679

00:27:25,450 --> 00:27:23,220

investigation of the phenomenon can

680

00:27:29,210 --> 00:27:25,460

avoid the fact that there are people

681

00:27:31,310 --> 00:27:29,220

including reputable people claiming that

682

00:27:33,470 --> 00:27:31,320

they've had these encounters I wasn't

683

00:27:35,330 --> 00:27:33,480

there in their bedroom with them when

684

00:27:38,090 --> 00:27:35,340

these encounters occurred so it makes it

685

00:27:39,890 --> 00:27:38,100

bloody hard to investigate how can you

686

00:27:41,450 --> 00:27:39,900

verify

687

00:27:44,090 --> 00:27:41,460

um there's one person I've been talking

688

00:27:46,010 --> 00:27:44,100

to who claimed an abduction and they

689

00:27:49,789 --> 00:27:46,020

said that they had a flatmate in the

690

00:27:52,190 --> 00:27:49,799

house who who witnessed the fact that um

691

00:27:55,130 --> 00:27:52,200

they were away from their bedroom after

692

00:27:56,690 --> 00:27:55,140

a huge flash of light and I spent an

693

00:28:00,049 --> 00:27:56,700

enormous amount of time trying to find

694

00:28:01,730 --> 00:28:00,059

that former flatmate and verify that you

695

00:28:03,830 --> 00:28:01,740

know there was this absence from the

696

00:28:05,930 --> 00:28:03,840

home that was unexplained and I just got

697

00:28:08,090 --> 00:28:05,940

absolutely nowhere and I spent days on

698

00:28:10,070 --> 00:28:08,100

it you know trying to search databases

699

00:28:12,890 --> 00:28:10,080

to try and find this person who I just

700

00:28:16,010 --> 00:28:12,900

could not for the life of me find

701  
00:28:18,409 --> 00:28:16,020  
um but I I do I accept that there has to

702  
00:28:21,049 --> 00:28:18,419  
be if we're going to talk about the

703  
00:28:25,789 --> 00:28:21,059  
phenomenon the phenomenon encompasses

704  
00:28:27,529 --> 00:28:25,799  
yes nuts and bolts alleged craft

705  
00:28:29,810 --> 00:28:27,539  
and I say alleged because I'm not

706  
00:28:31,390 --> 00:28:29,820  
entirely sure they are nuts and bolts

707  
00:28:34,130 --> 00:28:31,400  
craft

708  
00:28:36,289 --> 00:28:34,140  
and but it also includes paranormal

709  
00:28:38,630 --> 00:28:36,299  
phenomena you know the claims of

710  
00:28:41,029 --> 00:28:38,640  
Skinwalker Ranch werewolves dogmen

711  
00:28:43,430 --> 00:28:41,039  
portals three-dimensional portals weird

712  
00:28:44,990 --> 00:28:43,440  
magnetic anomalies I mean all of that

713  
00:28:48,289 --> 00:28:45,000

has to be taken into account and

714

00:28:51,590 --> 00:28:48,299

considered is it real I I don't know if

715

00:28:53,269 --> 00:28:51,600

it is but what I am sure of and I'm

716

00:28:55,730 --> 00:28:53,279

increasingly sure of this is that

717

00:28:57,769 --> 00:28:55,740

Jacques valet is right when he says that

718

00:28:59,690 --> 00:28:57,779

the least likely explanation for what

719

00:29:02,210 --> 00:28:59,700

we're talking about is the

720

00:29:05,990 --> 00:29:02,220

Extraterrestrial hypothesis

721

00:29:09,590 --> 00:29:06,000

I suspect whatever it is if it's real

722

00:29:14,230 --> 00:29:09,600

is intra-terrestrial

723

00:29:20,110 --> 00:29:17,570

how do you view figures like J Stratton

724

00:29:22,130 --> 00:29:20,120

and Tim Taylor

725

00:29:25,269 --> 00:29:22,140

mixing and this is something I've seen a

726

00:29:29,510 --> 00:29:26,990

Travis Taylor

727

00:29:31,789 --> 00:29:29,520

um because I wish it was yeah yeah I

728

00:29:33,230 --> 00:29:31,799

wish it was Tim Taylor because I dream

729

00:29:35,210 --> 00:29:33,240

of getting an interview with Tim Taylor

730

00:29:37,490 --> 00:29:35,220

Just for the benefit of our audience Tim

731

00:29:39,830 --> 00:29:37,500

Taylor is a slightly more enigmatic

732

00:29:42,889 --> 00:29:39,840

character who's stayed very much in the

733

00:29:45,049 --> 00:29:42,899

shadows but who if one reads the um

734

00:29:48,409 --> 00:29:45,059

Diana Walsh per soccer book American

735

00:29:50,510 --> 00:29:48,419

Cosmic I think he's very thinly hidden

736

00:29:52,750 --> 00:29:50,520

behind us pseudonym and he's just quite

737

00:29:56,330 --> 00:29:52,760

the most extraordinary character who

738

00:29:59,330 --> 00:29:56,340

clearly has made allegations to uh Diana

739

00:30:01,010 --> 00:29:59,340

and other people that he's involved in

740

00:30:02,870 --> 00:30:01,020

the program

741

00:30:04,970 --> 00:30:02,880

but no you're asking me what do I think

742

00:30:08,630 --> 00:30:04,980

of Jay Stratton and Travis Taylor

743

00:30:10,970 --> 00:30:08,640

engaging with the alien con audience

744

00:30:12,529 --> 00:30:10,980

well just from that General circuit

745

00:30:14,210 --> 00:30:12,539

because that's been debated hasn't it

746

00:30:16,070 --> 00:30:14,220

that should yeah big figures like that

747

00:30:18,169 --> 00:30:16,080

be going out with that Ancient Aliens

748

00:30:20,330 --> 00:30:18,179

type crew look I was really surprised

749

00:30:22,370 --> 00:30:20,340

they did it to be honest and I'm pretty

750

00:30:23,990 --> 00:30:22,380

sure Jay Stratton particularly regrets

751  
00:30:26,450 --> 00:30:24,000  
it because

752  
00:30:28,909 --> 00:30:26,460  
um he did ask he did request that the

753  
00:30:31,549 --> 00:30:28,919  
audience not record the conversation

754  
00:30:34,370 --> 00:30:31,559  
that he had with them and somebody in

755  
00:30:36,230 --> 00:30:34,380  
that audience recorded it and my dear

756  
00:30:37,610 --> 00:30:36,240  
friend and colleague Joe murger and I

757  
00:30:40,310 --> 00:30:37,620  
don't blame him for this has done a

758  
00:30:43,149 --> 00:30:40,320  
transcript and poor old Jay I'm sure is

759  
00:30:46,190 --> 00:30:43,159  
quite upset that his

760  
00:30:48,289 --> 00:30:46,200  
private background comments to a select

761  
00:30:50,750 --> 00:30:48,299  
group at the aliencon have now been

762  
00:30:52,430 --> 00:30:50,760  
published on the Twitter feed in a

763  
00:30:54,710 --> 00:30:52,440

sensational way and I noticed Josh

764

00:30:56,450 --> 00:30:54,720

Boswell from the daily mails had some

765

00:31:00,130 --> 00:30:56,460

fun with it as well where he's basically

766

00:31:03,430 --> 00:31:00,140

picked up on the fact that um Jay has

767

00:31:06,950 --> 00:31:03,440

allegedly asserted that the Pentagon

768

00:31:09,350 --> 00:31:06,960

bosses of intelligence Scott Moultrie

769

00:31:11,690 --> 00:31:09,360

Scott Bray and Ron Moultrie misled

770

00:31:14,870 --> 00:31:11,700

Congress when they gave their briefings

771

00:31:18,350 --> 00:31:14,880

in May last year I mean it's a hell of a

772

00:31:20,930 --> 00:31:18,360

thing to get anyone from the UAP task

773

00:31:24,830 --> 00:31:20,940

force serving or former to actually

774

00:31:26,750 --> 00:31:24,840

appear at an alien conference and and

775

00:31:29,330 --> 00:31:26,760

the fact that people have behaved so

776  
00:31:31,970 --> 00:31:29,340  
irresponsibly and secretly recorded them

777  
00:31:34,010 --> 00:31:31,980  
contrary to their requests and put that

778  
00:31:36,710 --> 00:31:34,020  
up online it's just not going to happen

779  
00:31:39,950 --> 00:31:36,720  
again so it's it's academic I'd be very

780  
00:31:43,730 --> 00:31:39,960  
very surprised if Jay participates in a

781  
00:31:46,730 --> 00:31:43,740  
public forum like that ever again and we

782  
00:31:49,070 --> 00:31:46,740  
know obviously Travis Taylor is um a

783  
00:31:50,750 --> 00:31:49,080  
scientist he's as well as being the

784  
00:31:53,450 --> 00:31:50,760  
chief scientist working on the UAP

785  
00:31:55,490 --> 00:31:53,460  
investigations with the Pentagon he's

786  
00:31:57,409 --> 00:31:55,500  
also the scientist attached to the

787  
00:32:00,049 --> 00:31:57,419  
Skinwalker Ranch program and through no

788  
00:32:02,990 --> 00:32:00,059

fault of Travis the skin walker Ranch

789

00:32:05,269 --> 00:32:03,000

program whilst I enjoy it it's done in a

790

00:32:07,490 --> 00:32:05,279

very sensationalized way in a way that I

791

00:32:09,710 --> 00:32:07,500

think alienates a lot of people who want

792

00:32:13,010 --> 00:32:09,720

this subject matter to be taken

793

00:32:15,110 --> 00:32:13,020

seriously and um same with alien con I

794

00:32:16,789 --> 00:32:15,120

mean again I I you know I've been to a

795

00:32:18,889 --> 00:32:16,799

couple of UFO conferences and I've got

796

00:32:22,010 --> 00:32:18,899

no issue with them but frankly if you

797

00:32:25,310 --> 00:32:22,020

want to be taken seriously and if you

798

00:32:26,990 --> 00:32:25,320

want the subject matter of uaps to be

799

00:32:28,730 --> 00:32:27,000

essentially become the subject of

800

00:32:32,029 --> 00:32:28,740

academic research and scientific

801

00:32:33,830 --> 00:32:32,039

analysis I I don't think

802

00:32:37,549 --> 00:32:33,840

um a

803

00:32:39,350 --> 00:32:37,559

an alien conference is the way to do it

804

00:32:40,970 --> 00:32:39,360

um and and I know a lot of people for

805

00:32:43,490 --> 00:32:40,980

example have been quite critical of

806

00:32:45,889 --> 00:32:43,500

Professor Avi Loeb from Harvard

807

00:32:49,669 --> 00:32:45,899

University's Galileo project

808

00:32:52,370 --> 00:32:49,679

for doing a co-written paper with Sean

809

00:32:53,889 --> 00:32:52,380

Kirkpatrick the the head of Arrow the

810

00:32:55,909 --> 00:32:53,899

government's UAP

811

00:32:59,450 --> 00:32:55,919

investigations office

812

00:33:01,070 --> 00:32:59,460

but frankly it's that kind of work that

813

00:33:03,350 --> 00:33:01,080

does need to be done I was actually

814

00:33:05,930 --> 00:33:03,360

quite heartened to see a collaboration

815

00:33:10,010 --> 00:33:05,940

between reputable professor of

816

00:33:11,450 --> 00:33:10,020

astronomic uh uh astronomy and um a

817

00:33:13,669 --> 00:33:11,460

member of the government's ongoing

818

00:33:15,950 --> 00:33:13,679

investigations into uaps I was really

819

00:33:17,570 --> 00:33:15,960

heartened by that and I thought the

820

00:33:19,610 --> 00:33:17,580

point that they made in their draft

821

00:33:22,789 --> 00:33:19,620

paper which hasn't yet been

822

00:33:25,190 --> 00:33:22,799

peer-reviewed in that draft paper they

823

00:33:27,590 --> 00:33:25,200

do raise concerns about whether the

824

00:33:30,830 --> 00:33:27,600

sensor systems used in the U.S Navy

825

00:33:32,509 --> 00:33:30,840

sightings were adequate to make the

826  
00:33:34,970 --> 00:33:32,519  
conclusions that have been made about

827  
00:33:37,250 --> 00:33:34,980  
the gimbal go fast and Tic-Tac sightings

828  
00:33:39,289 --> 00:33:37,260  
the one issue I have with their paper

829  
00:33:41,750 --> 00:33:39,299  
and before it goes to peer review is

830  
00:33:44,690 --> 00:33:41,760  
they should really be acknowledging

831  
00:33:47,029 --> 00:33:44,700  
um Sean Kirkpatrick particularly that

832  
00:33:49,669 --> 00:33:47,039  
there is other data that we all know of

833  
00:33:52,970 --> 00:33:49,679  
that was taken from the USS Princeton

834  
00:33:55,250 --> 00:33:52,980  
and the USS Nimitz and the E2 Hawkeye

835  
00:33:58,789 --> 00:33:55,260  
aircraft in the form of data bricks

836  
00:34:00,950 --> 00:33:58,799  
which were a massive range of sensor

837  
00:34:03,230 --> 00:34:00,960  
systems that recorded what actually

838  
00:34:05,149 --> 00:34:03,240

happened during that encounter and I

839

00:34:08,030 --> 00:34:05,159

know that it's that data that has

840

00:34:10,669 --> 00:34:08,040

informed Jay stratton's conclusions that

841

00:34:13,310 --> 00:34:10,679

were given in a briefing to no less than

842

00:34:15,770 --> 00:34:13,320

the gang of eight which is the overall

843

00:34:18,230 --> 00:34:15,780

oversight body for secrets in the US

844

00:34:20,389 --> 00:34:18,240

government and I should point you to the

845

00:34:22,070 --> 00:34:20,399

fact that Congressman Jim Himes from

846

00:34:23,030 --> 00:34:22,080

Connecticut who's a member of the game

847

00:34:26,450 --> 00:34:23,040

of eight

848

00:34:29,629 --> 00:34:26,460

he was asked by Stephen Colbert just the

849

00:34:31,730 --> 00:34:29,639

other day about the U.S Navy sightings

850

00:34:34,730 --> 00:34:31,740

and even though he happily acknowledged

851  
00:34:37,430 --> 00:34:34,740  
that some or you know a lot of the

852  
00:34:39,710 --> 00:34:37,440  
objects seen by pilots can be dismissed

853  
00:34:42,109 --> 00:34:39,720  
and prosaically explained with mundane

854  
00:34:44,389 --> 00:34:42,119  
objects maybe like other aircraft or

855  
00:34:46,669 --> 00:34:44,399  
balloons he acknowledged that the gang

856  
00:34:48,710 --> 00:34:46,679  
of eight has been told and that he is

857  
00:34:51,349 --> 00:34:48,720  
satisfied from the briefings that he has

858  
00:34:53,450 --> 00:34:51,359  
received that there is still a genuine

859  
00:34:56,930 --> 00:34:53,460  
mystery with some of these objects that

860  
00:34:59,390 --> 00:34:56,940  
requires investigation and Analysis and

861  
00:35:01,370 --> 00:34:59,400  
so when you have say God bless him the

862  
00:35:02,990 --> 00:35:01,380  
mick West's and other debunkers of this

863  
00:35:05,570 --> 00:35:03,000

world who are basically tilting at the

864

00:35:07,550 --> 00:35:05,580

windmills to basically suggest that you

865

00:35:09,770 --> 00:35:07,560

know they've made terrible mistakes in

866

00:35:12,470 --> 00:35:09,780

their briefings it's just an arrogant

867

00:35:14,810 --> 00:35:12,480

conceit to suggest that all of the data

868

00:35:18,349 --> 00:35:14,820

hasn't been considered mix doing his

869

00:35:20,329 --> 00:35:18,359

analysis on that one video I'm told by

870

00:35:23,390 --> 00:35:20,339

my sources that there are multiple

871

00:35:26,329 --> 00:35:23,400

sensor systems that have involved the

872

00:35:28,609 --> 00:35:26,339

decision that was made that yes there is

873

00:35:31,910 --> 00:35:28,619

a genuine anomaly here that cannot be

874

00:35:35,270 --> 00:35:31,920

explained that goes beyond a lot of

875

00:35:37,670 --> 00:35:35,280

terrestrial human science and requires

876

00:35:39,650 --> 00:35:37,680

explanation and so

877

00:35:41,450 --> 00:35:39,660

you know I I guess I'm making an

878

00:35:45,530 --> 00:35:41,460

argument for rigorous scientific

879

00:35:47,329 --> 00:35:45,540

research but at the same time it

880

00:35:49,550 --> 00:35:47,339

shouldn't be dishonest scientific

881

00:35:51,109 --> 00:35:49,560

research because the other thing about

882

00:35:53,930 --> 00:35:51,119

the Avi lobe

883

00:35:56,390 --> 00:35:53,940

um Sean Kirkpatrick paper was that it

884

00:35:58,010 --> 00:35:56,400

was trying to confine its analysis and I

885

00:35:59,150 --> 00:35:58,020

really commend this paper to people who

886

00:36:01,550 --> 00:35:59,160

are actually really interested in this

887

00:36:03,710 --> 00:36:01,560

issue because it was an attempt to do a

888

00:36:07,250 --> 00:36:03,720

scientific investigation of one of the

889

00:36:09,770 --> 00:36:07,260

key issues in UAP sightings these U.S

890

00:36:11,690 --> 00:36:09,780

Navy sightings and it only really

891

00:36:12,770 --> 00:36:11,700

focused on the forward-looking infrared

892

00:36:15,109 --> 00:36:12,780

Imaging

893

00:36:17,270 --> 00:36:15,119

and I just think it was disingenuous for

894

00:36:19,970 --> 00:36:17,280

them to try and do an analysis that was

895

00:36:21,710 --> 00:36:19,980

based on Newtonian physics talking about

896

00:36:23,930 --> 00:36:21,720

the friction that should have been

897

00:36:25,190 --> 00:36:23,940

created by objects doing these kind of

898

00:36:27,290 --> 00:36:25,200

maneuvers

899

00:36:29,329 --> 00:36:27,300

when in fact everybody knows that what

900

00:36:32,510 --> 00:36:29,339

we're talking about here are objects

901  
00:36:34,730 --> 00:36:32,520  
that clearly are not obeying the laws of

902  
00:36:37,370 --> 00:36:34,740  
conventional physics they go far beyond

903  
00:36:40,550 --> 00:36:37,380  
what what we understand to be normal

904  
00:36:43,490 --> 00:36:40,560  
physics and a lot of what is currently

905  
00:36:45,650 --> 00:36:43,500  
hypothetical in Quantum science is

906  
00:36:47,650 --> 00:36:45,660  
possibly the explanation and I would

907  
00:36:50,210 --> 00:36:47,660  
have liked to have seen a broader

908  
00:36:52,310 --> 00:36:50,220  
incorporation of those possibilities in

909  
00:36:55,069 --> 00:36:52,320  
quantum physics taken into that

910  
00:36:57,050 --> 00:36:55,079  
scientific paper which to be fair hasn't

911  
00:36:58,250 --> 00:36:57,060  
yet been submitted for peer review and I

912  
00:37:01,190 --> 00:36:58,260  
hope they will

913  
00:37:02,930 --> 00:37:01,200

so I'm making a a broad argument my

914

00:37:06,170 --> 00:37:02,940

friend for

915

00:37:09,650 --> 00:37:06,180

yes to respond to your question

916

00:37:12,770 --> 00:37:09,660

less sensationalism less

917

00:37:15,170 --> 00:37:12,780

dramatic breathless stuff at UFO

918

00:37:17,750 --> 00:37:15,180

conferences and more scientific rigor

919

00:37:19,550 --> 00:37:17,760

and objective analysis and in that I

920

00:37:22,190 --> 00:37:19,560

include the mainstream media because

921

00:37:25,430 --> 00:37:22,200

we've all failed in the mainstream media

922

00:37:27,650 --> 00:37:25,440

I include myself in that

923

00:37:29,089 --> 00:37:27,660

and to be fair and the subject that

924

00:37:32,450 --> 00:37:29,099

there's always

925

00:37:34,130 --> 00:37:32,460

a call and a want of sensationalism some

926  
00:37:35,930 --> 00:37:34,140  
people are in it for that they want the

927  
00:37:38,810 --> 00:37:35,940  
wildest most incredible claims they want

928  
00:37:40,250 --> 00:37:38,820  
to hear about the Antarctic UFO Nazi

929  
00:37:41,870 --> 00:37:40,260  
bases and they want to hear about the

930  
00:37:43,490 --> 00:37:41,880  
Dark Side of them and and then you've

931  
00:37:46,609 --> 00:37:43,500  
got the far extreme where people want

932  
00:37:47,870 --> 00:37:46,619  
the real science hard data and I think I

933  
00:37:49,250 --> 00:37:47,880  
like to think I meet somewhere in the

934  
00:37:51,050 --> 00:37:49,260  
middle of all of that maybe slightly

935  
00:37:53,390 --> 00:37:51,060  
more towards a significant to be fair

936  
00:37:54,950 --> 00:37:53,400  
but do you think that you've mentioned

937  
00:37:58,069 --> 00:37:54,960  
Dr Sean Kirkpatrick in the the

938  
00:38:01,069 --> 00:37:58,079

co-written paper do you think this is

939

00:38:03,530 --> 00:38:01,079

a blow to The credibility of Arrow and

940

00:38:06,050 --> 00:38:03,540

what it can achieve and maybe this will

941

00:38:08,390 --> 00:38:06,060

allow people a little less hype when it

942

00:38:10,030 --> 00:38:08,400

comes to those next UFO reports or UAP

943

00:38:13,190 --> 00:38:10,040

task force reports that will be due

944

00:38:16,310 --> 00:38:13,200

because Dr Sean Kirkpatrick seems to be

945

00:38:17,870 --> 00:38:16,320

going down one particular path with this

946

00:38:20,210 --> 00:38:17,880

I don't know if I accept that

947

00:38:22,730 --> 00:38:20,220

proposition yet I mean I know Lou when I

948

00:38:24,530 --> 00:38:22,740

interviewed him shortly after the uh May

949

00:38:26,750 --> 00:38:24,540

hearing last year he was quite critical

950

00:38:28,069 --> 00:38:26,760

of Sean Kirkpatrick

951  
00:38:30,410 --> 00:38:28,079  
but

952  
00:38:32,690 --> 00:38:30,420  
I'm hearing good things that

953  
00:38:33,890 --> 00:38:32,700  
Kirkpatrick's a solid scientist and that

954  
00:38:35,990 --> 00:38:33,900  
he's actually quite interested in

955  
00:38:37,910 --> 00:38:36,000  
getting to the bottom of this and more

956  
00:38:40,130 --> 00:38:37,920  
importantly this is something you've

957  
00:38:41,630 --> 00:38:40,140  
really got to take into account

958  
00:38:43,430 --> 00:38:41,640  
a lot of people in the defense and

959  
00:38:45,710 --> 00:38:43,440  
intelligence Community have forgotten in

960  
00:38:47,089 --> 00:38:45,720  
America that it's not the bloody

961  
00:38:49,670 --> 00:38:47,099  
intelligence community and defense

962  
00:38:52,930 --> 00:38:49,680  
community that run America it's Congress

963  
00:38:56,390 --> 00:38:52,940

and mate Congress has found its balls

964

00:38:59,510 --> 00:38:56,400

believe me the oversight committees have

965

00:39:01,790 --> 00:38:59,520

got teeth and they're using it because

966

00:39:03,530 --> 00:39:01,800

they realize they've been lied to I've

967

00:39:06,829 --> 00:39:03,540

actually had conversations with people

968

00:39:09,290 --> 00:39:06,839

in Congress who've told me their aware

969

00:39:11,329 --> 00:39:09,300

now that they've been misled and they

970

00:39:14,150 --> 00:39:11,339

are determined to get to the truth of

971

00:39:16,190 --> 00:39:14,160

this and people like Kirkpatrick know

972

00:39:19,210 --> 00:39:16,200

where history is going

973

00:39:22,849 --> 00:39:19,220

he's leading a unit which has been

974

00:39:27,410 --> 00:39:22,859

legislatively mandated to tell the truth

975

00:39:28,310 --> 00:39:27,420

about uaps the Congress has made an

976  
00:39:30,470 --> 00:39:28,320  
order

977  
00:39:32,630 --> 00:39:30,480  
and yeah okay you know you can have the

978  
00:39:35,329 --> 00:39:32,640  
disingenuous briefings from Susan Goff

979  
00:39:37,730 --> 00:39:35,339  
of Pentagon PR as much as you like to

980  
00:39:40,250 --> 00:39:37,740  
certain individuals who then parrot what

981  
00:39:42,349 --> 00:39:40,260  
the Pentagon want them to say but no

982  
00:39:44,510 --> 00:39:42,359  
amount of pity sniping from the

983  
00:39:47,270 --> 00:39:44,520  
sidelines is going to deter the Congress

984  
00:39:48,829 --> 00:39:47,280  
from asking the hard questions and

985  
00:39:51,050 --> 00:39:48,839  
that's what I'm really heartened about a

986  
00:39:53,329 --> 00:39:51,060  
lot of the people I talk to are in those

987  
00:39:55,310 --> 00:39:53,339  
committees those key oversight

988  
00:39:58,010 --> 00:39:55,320

committees the armed services committee

989

00:40:01,370 --> 00:39:58,020

and the intelligence committees and boy

990

00:40:03,050 --> 00:40:01,380

they are they are aware especially since

991

00:40:05,089 --> 00:40:03,060

the shutdown incidents that they've

992

00:40:07,250 --> 00:40:05,099

been being bullshitted to that a lot of

993

00:40:08,990 --> 00:40:07,260

the assurances that they were given by

994

00:40:11,390 --> 00:40:09,000

the intelligence community and the

995

00:40:14,390 --> 00:40:11,400

defense department are eerily evocative

996

00:40:16,970 --> 00:40:14,400

of what was said towards the 911

997

00:40:19,730 --> 00:40:16,980

Commission in the in the wash-up the

998

00:40:21,589 --> 00:40:19,740

post-mortem after that awful disaster

999

00:40:25,069 --> 00:40:21,599

where so many thousands of Americans

1000

00:40:27,170 --> 00:40:25,079

died in the 9 11 attack they don't want

1001  
00:40:29,390 --> 00:40:27,180  
this to happen again and you have to

1002  
00:40:31,849 --> 00:40:29,400  
understand that what's happened as a

1003  
00:40:34,670 --> 00:40:31,859  
result of the Chinese balloon and

1004  
00:40:37,069 --> 00:40:34,680  
mystery shootdowns in incidents is that

1005  
00:40:40,430 --> 00:40:37,079  
an issue that was previously very much

1006  
00:40:42,170 --> 00:40:40,440  
On The Fringe uaps you know anomalous

1007  
00:40:45,530 --> 00:40:42,180  
aerial phenomena

1008  
00:40:48,710 --> 00:40:45,540  
all of a sudden it's become almost by

1009  
00:40:50,930 --> 00:40:48,720  
accident a huge concern to the Congress

1010  
00:40:53,290 --> 00:40:50,940  
because one of the things that started

1011  
00:41:00,230 --> 00:40:53,300  
happening was people like Marco Rubio

1012  
00:41:04,069 --> 00:41:00,240  
people like um uh John uh Kennedy the um

1013  
00:41:05,990 --> 00:41:04,079

uh the guy from Woody from Louisiana

1014

00:41:08,870 --> 00:41:06,000

um all of a sudden people started

1015

00:41:10,609 --> 00:41:08,880

conflating the issue of unidentified

1016

00:41:14,150 --> 00:41:10,619

objects that have strayed into American

1017

00:41:16,910 --> 00:41:14,160

airspace with the broader issue of how

1018

00:41:19,849 --> 00:41:16,920

the Congress is aware from private skiff

1019

00:41:22,910 --> 00:41:19,859

briefings of unidentified anomalous

1020

00:41:25,730 --> 00:41:22,920

phenomena that's still to this day being

1021

00:41:28,670 --> 00:41:25,740

seen in American airspace and remained

1022

00:41:29,589 --> 00:41:28,680

unexplained and so those two issues have

1023

00:41:37,069 --> 00:41:29,599

now

1024

00:41:38,870 --> 00:41:37,079

this both sides of the Congress

1025

00:41:41,210 --> 00:41:38,880

it's almost like they're trying to outdo

1026

00:41:43,190 --> 00:41:41,220

each other because as soon as you get

1027

00:41:45,589 --> 00:41:43,200

senator gillibrand from the Democrats

1028

00:41:47,690 --> 00:41:45,599

basically saying you know she's doing

1029

00:41:50,870 --> 00:41:47,700

her doing her level best to ensure that

1030

00:41:53,470 --> 00:41:50,880

Arrow gets funding a Bob's uh Timber

1031

00:41:55,670 --> 00:41:53,480

chat and Matt gates from Florida

1032

00:41:58,730 --> 00:41:55,680

basically saying they've just had a

1033

00:42:01,790 --> 00:41:58,740

secret briefing in Florida about

1034

00:42:04,310 --> 00:42:01,800

um uh video or some kind of imagery that

1035

00:42:07,670 --> 00:42:04,320

they were shown by the Commanding

1036

00:42:10,370 --> 00:42:07,680

General of a base and that's totally

1037

00:42:12,410 --> 00:42:10,380

escaped the Legacy media's attention but

1038

00:42:15,050 --> 00:42:12,420

it's been rightly picked up by good

1039

00:42:17,750 --> 00:42:15,060

people on social media who saw the

1040

00:42:19,250 --> 00:42:17,760

interview firstly on Newsmax and then um

1041

00:42:22,849 --> 00:42:19,260

I think there was also an interview in

1042

00:42:24,829 --> 00:42:22,859

Newsweek and Tucker Carlson also added

1043

00:42:27,230 --> 00:42:24,839

what he said and by putting all of those

1044

00:42:30,710 --> 00:42:27,240

three of her interviews together it's

1045

00:42:33,650 --> 00:42:30,720

clear that two Republican congressmen

1046

00:42:36,770 --> 00:42:33,660

both sitting on key oversight committees

1047

00:42:39,650 --> 00:42:36,780

have been given a very sensitive top

1048

00:42:41,630 --> 00:42:39,660

secret briefing where they were shown in

1049

00:42:45,230 --> 00:42:41,640

controvertible evidence of anomalous

1050

00:42:47,390 --> 00:42:45,240

craft four anomalous craft flying very

1051

00:42:49,730 --> 00:42:47,400

close to U.S aircraft

1052

00:42:51,410 --> 00:42:49,740

now the big issue that you need to

1053

00:42:54,170 --> 00:42:51,420

understand and your audience needs to

1054

00:42:56,690 --> 00:42:54,180

understand is what Sean Kirkpatrick

1055

00:42:59,809 --> 00:42:56,700

thinks about this is utterly irrelevant

1056

00:43:02,809 --> 00:42:59,819

because he's just a little bureaucrat in

1057

00:43:04,730 --> 00:43:02,819

the machine who will do he will bloody

1058

00:43:07,250 --> 00:43:04,740

well do what the Congress does for

1059

00:43:10,309 --> 00:43:07,260

demands from him because if he doesn't

1060

00:43:12,589 --> 00:43:10,319

he'll be out on his ear and the whole

1061

00:43:16,130 --> 00:43:12,599

politics has changed in this issue

1062

00:43:18,410 --> 00:43:16,140

because of what happened in February all

1063

00:43:20,270 --> 00:43:18,420

of a sudden or was it March

1064

00:43:22,730 --> 00:43:20,280

forgotten minutes yeah was it yeah it

1065

00:43:25,870 --> 00:43:22,740

was when were the shoot dance like this

1066

00:43:31,069 --> 00:43:28,730

March February it was February no it was

1067

00:43:34,430 --> 00:43:31,079

February yeah and so everything changed

1068

00:43:36,770 --> 00:43:34,440

in February and that's that's the point

1069

00:43:38,990 --> 00:43:36,780

is that all of a sudden by almost

1070

00:43:41,450 --> 00:43:39,000

complete accident because of the

1071

00:43:42,770 --> 00:43:41,460

fascical incompetence of NORAD in the

1072

00:43:45,410 --> 00:43:42,780

U.S Air Force who were doing their

1073

00:43:48,050 --> 00:43:45,420

little bit hit Level best to stick their

1074

00:43:51,170 --> 00:43:48,060

heads in the sand on this issue all of a

1075

00:43:53,990 --> 00:43:51,180

sudden uaps are now a bipartisan

1076  
00:43:57,410 --> 00:43:54,000  
political concern in the Congress that's

1077  
00:44:00,230 --> 00:43:57,420  
great it's really good news

1078  
00:44:01,849 --> 00:44:00,240  
my ignorance or lack of understanding of

1079  
00:44:03,890 --> 00:44:01,859  
the American political system might come

1080  
00:44:05,569 --> 00:44:03,900  
into play here but I wonder for those

1081  
00:44:08,390 --> 00:44:05,579  
that worry about the toothpaste going

1082  
00:44:11,210 --> 00:44:08,400  
back into the tube on this this issue is

1083  
00:44:12,890 --> 00:44:11,220  
time not against us because Congress men

1084  
00:44:15,650 --> 00:44:12,900  
and women and elected representatives

1085  
00:44:17,990 --> 00:44:15,660  
come and go with being voted and out of

1086  
00:44:20,510 --> 00:44:18,000  
their positions but The Gatekeepers and

1087  
00:44:22,010 --> 00:44:20,520  
secret keepers are in for the Long Haul

1088  
00:44:24,290 --> 00:44:22,020

in those positions aren't they so it's

1089

00:44:26,450 --> 00:44:24,300

just a case of waiting out and those

1090

00:44:28,849 --> 00:44:26,460

folks know your Gela Branch or Rubios

1091

00:44:30,770 --> 00:44:28,859

your Warners they might not be there in

1092

00:44:32,930 --> 00:44:30,780

a few years look I think you're right

1093

00:44:35,089 --> 00:44:32,940

mate now I l've actually said repeatedly

1094

00:44:36,890 --> 00:44:35,099

that I am very concerned as you say that

1095

00:44:39,170 --> 00:44:36,900

the toothpaste might be put back in the

1096

00:44:44,290 --> 00:44:39,180

tube that there is an enormous pushback

1097

00:44:50,390 --> 00:44:47,870

twitterers social mediaers who are

1098

00:44:52,490 --> 00:44:50,400

basically allowing themselves to be led

1099

00:44:54,829 --> 00:44:52,500

by the nose by people in the Pentagon

1100

00:44:57,589 --> 00:44:54,839

who really should know better there is

1101  
00:45:00,589 --> 00:44:57,599  
this purile attempt to try and push back

1102  
00:45:01,250 --> 00:45:00,599  
to suggest for example that

1103  
00:45:04,609 --> 00:45:01,260  
um

1104  
00:45:07,069 --> 00:45:04,619  
I mean I I one of my pet hatreds was the

1105  
00:45:08,809 --> 00:45:07,079  
absolutely nonsensical report that was

1106  
00:45:11,150 --> 00:45:08,819  
published by the New York Times National

1107  
00:45:13,550 --> 00:45:11,160  
Security correspondent I think it was

1108  
00:45:15,470 --> 00:45:13,560  
September last year where they tried to

1109  
00:45:17,690 --> 00:45:15,480  
suggest that all of the objects that

1110  
00:45:22,309 --> 00:45:17,700  
were recorded off the west coast of the

1111  
00:45:23,990 --> 00:45:22,319  
USA and the 2018-2019 USS Omaha USS

1112  
00:45:26,569 --> 00:45:24,000  
Russell incident where either Chinese

1113  
00:45:28,430 --> 00:45:26,579

drones or of some kind or some kind of

1114

00:45:31,790 --> 00:45:28,440

balloon technology

1115

00:45:34,069 --> 00:45:31,800

mate I've spoken to so many sources

1116

00:45:36,650 --> 00:45:34,079

government sources intelligence sources

1117

00:45:40,190 --> 00:45:36,660

defense sources who say that that is a

1118

00:45:42,530 --> 00:45:40,200

big steaming pile of and the

1119

00:45:46,130 --> 00:45:42,540

reporter should know better and I was

1120

00:45:48,470 --> 00:45:46,140

really heartened that um Jim Hines from

1121

00:45:52,550 --> 00:45:48,480

the gang of eight the Connecticut uh

1122

00:45:55,010 --> 00:45:52,560

Congressman confirmed that there are U.S

1123

00:45:57,890 --> 00:45:55,020

Navy sightings that do require ongoing

1124

00:46:00,170 --> 00:45:57,900

investigation and I was really heartened

1125

00:46:02,569 --> 00:46:00,180

to hear Jay Stratton spoke to the alien

1126

00:46:04,309 --> 00:46:02,579

con conference he probably won't do it

1127

00:46:07,190 --> 00:46:04,319

again but in the conference he

1128

00:46:10,970 --> 00:46:07,200

apparently told the conference that that

1129

00:46:16,370 --> 00:46:10,980

what the Pentagon told the Congress in

1130

00:46:20,809 --> 00:46:16,380

the May briefing in 2021 about the um

1131

00:46:23,990 --> 00:46:20,819

the U.S Navy sightings was inaccurate

1132

00:46:26,150 --> 00:46:24,000

that that they were aware of a pyramidal

1133

00:46:28,910 --> 00:46:26,160

object that these could not be explained

1134

00:46:31,250 --> 00:46:28,920

as conventional drones and there was if

1135

00:46:33,710 --> 00:46:31,260

they are foreign technology that's a

1136

00:46:36,470 --> 00:46:33,720

bigger concern because it means whoever

1137

00:46:38,870 --> 00:46:36,480

that foreign nation is it has developed

1138

00:46:41,450 --> 00:46:38,880

technology that is a mind-blowingly

1139

00:46:43,970 --> 00:46:41,460

advanced and why the hell would China

1140

00:46:46,730 --> 00:46:43,980

deploy surveillance drones that were so

1141

00:46:48,650 --> 00:46:46,740

Advanced over U.S Navy ships in a

1142

00:46:50,930 --> 00:46:48,660

training exercise just off the U.S Coast

1143

00:46:53,690 --> 00:46:50,940

knowing they could so easily have been

1144

00:46:56,089 --> 00:46:53,700

shot down if they were just drones and

1145

00:46:58,970 --> 00:46:56,099

for that matter why were none shot down

1146

00:47:01,490 --> 00:46:58,980

if these were just drones as people say

1147

00:47:02,990 --> 00:47:01,500

why wasn't the US able to bring them

1148

00:47:06,530 --> 00:47:03,000

down when they had what are called

1149

00:47:08,690 --> 00:47:06,540

Snoopy teams with electromagnetic pulse

1150

00:47:10,130 --> 00:47:08,700

weapons that are able to bring down a

1151

00:47:16,010 --> 00:47:10,140

conventional drone

1152

00:47:18,410 --> 00:47:16,020

more importantly as Jay Stratton told

1153

00:47:20,750 --> 00:47:18,420

the alien con conference

1154

00:47:24,230 --> 00:47:20,760

whatever they were there were hundreds

1155

00:47:27,470 --> 00:47:24,240

of them swarming different U.S Navy

1156

00:47:30,109 --> 00:47:27,480

ships at the same time all detected on

1157

00:47:33,349 --> 00:47:30,119

radar and sensor systems

1158

00:47:36,230 --> 00:47:33,359

think about that it's breathtaking

1159

00:47:38,329 --> 00:47:36,240

the implications either are some foreign

1160

00:47:40,069 --> 00:47:38,339

adversary has developed a drone or

1161

00:47:42,470 --> 00:47:40,079

balloon technology that is

1162

00:47:44,809 --> 00:47:42,480

mind-blowingly Advanced and a serious

1163

00:47:46,010 --> 00:47:44,819

National Security concern

1164

00:47:49,130 --> 00:47:46,020

or

1165

00:47:50,930 --> 00:47:49,140

it's something else

1166

00:47:53,150 --> 00:47:50,940

and this is the problem this is my

1167

00:47:56,690 --> 00:47:53,160

problem with a lot of the um American

1168

00:47:58,190 --> 00:47:56,700

Media is what they do is they they get

1169

00:47:59,750 --> 00:47:58,200

their little shorthand pad and they walk

1170

00:48:01,250 --> 00:47:59,760

up the steps of the Pentagon and they're

1171

00:48:03,230 --> 00:48:01,260

so excited to be a national security

1172

00:48:04,970 --> 00:48:03,240

correspondent and they think they do

1173

00:48:06,230 --> 00:48:04,980

their job just by parroting what they're

1174

00:48:08,210 --> 00:48:06,240

told

1175

00:48:10,609 --> 00:48:08,220

that's not that's not good enough that's

1176

00:48:12,829 --> 00:48:10,619

not what the great iaf Stones The Great

1177

00:48:14,809 --> 00:48:12,839

journalists have done in history in

1178

00:48:17,089 --> 00:48:14,819

journalism they've used their own

1179

00:48:19,430 --> 00:48:17,099

sources to test those claims and to

1180

00:48:22,190 --> 00:48:19,440

analyze that evidence that's the problem

1181

00:48:23,870 --> 00:48:22,200

this isn't happening now in Legacy Media

1182

00:48:26,569 --> 00:48:23,880

in the United States because what's

1183

00:48:28,550 --> 00:48:26,579

happened is the the encroachment of the

1184

00:48:30,130 --> 00:48:28,560

internet the Googles the meters the

1185

00:48:32,750 --> 00:48:30,140

Facebooks and all of these other

1186

00:48:35,089 --> 00:48:32,760

organizations that have taken so much of

1187

00:48:38,089 --> 00:48:35,099

the advertising revenue of Legacy Media

1188

00:48:41,230 --> 00:48:38,099

they've weakened these organizations at

1189

00:48:44,870 --> 00:48:41,240

a time when we need tough

1190

00:48:46,309 --> 00:48:44,880

interrogative media objective media like

1191

00:48:47,750 --> 00:48:46,319

never before

1192

00:48:50,450 --> 00:48:47,760

and here we are you know we're

1193

00:48:53,510 --> 00:48:50,460

sleepwalking towards a war with China

1194

00:48:59,329 --> 00:48:53,520

right now and we're being told war is

1195

00:49:03,950 --> 00:49:01,670

what I'd like to know is on and this is

1196

00:49:06,410 --> 00:49:03,960

from Mike do you have any idea who

1197

00:49:09,109 --> 00:49:06,420

specifically might be in charge of their

1198

00:49:10,790 --> 00:49:09,119

secret UFO recovery program makes under

1199

00:49:13,130 --> 00:49:10,800

the impression that someone or one

1200

00:49:14,750 --> 00:49:13,140

individual group is calling the shots is

1201

00:49:16,849 --> 00:49:14,760

that your understanding or is this

1202

00:49:19,309 --> 00:49:16,859

spread over a larger area

1203

00:49:21,829 --> 00:49:19,319

I'm going to use a word

1204

00:49:24,530 --> 00:49:21,839

actually I'm going to use two words

1205

00:49:27,230 --> 00:49:24,540

Group K

1206

00:49:29,809 --> 00:49:27,240

remember that

1207

00:49:32,270 --> 00:49:29,819

Group K

1208

00:49:34,190 --> 00:49:32,280

and I hope it's causing a minor coronary

1209

00:49:35,930 --> 00:49:34,200

infarction for somebody in the Pentagon

1210

00:49:38,569 --> 00:49:35,940

right now

1211

00:49:41,870 --> 00:49:38,579

that's all I'm going to say

1212

00:49:43,430 --> 00:49:41,880

but that group is very important if

1213

00:49:47,030 --> 00:49:43,440

there is

1214

00:49:48,290 --> 00:49:47,040

an organization that is gatekeeping and

1215

00:49:50,210 --> 00:49:48,300

if there is

1216

00:49:53,050 --> 00:49:50,220

and I suspect there is that is

1217

00:49:55,790 --> 00:49:53,060

gatekeeping access to information on

1218

00:49:58,670 --> 00:49:55,800

uaps possibly crash retrievals and

1219

00:50:01,609 --> 00:49:58,680

possibly reverse engineering programs

1220

00:50:03,770 --> 00:50:01,619

a good starting point is the special

1221

00:50:06,170 --> 00:50:03,780

Access program oversight committee

1222

00:50:07,069 --> 00:50:06,180

membership of the United States defense

1223

00:50:09,170 --> 00:50:07,079

department

1224

00:50:11,329 --> 00:50:09,180

and they're listed members

1225

00:50:13,930 --> 00:50:11,339

I've approached a few of them myself

1226  
00:50:17,150 --> 00:50:13,940  
over the years to no great shakes

1227  
00:50:22,550 --> 00:50:17,160  
another one is as well as the sapoc

1228  
00:50:26,030 --> 00:50:22,560  
there's the srg the senior review group

1229  
00:50:27,770 --> 00:50:26,040  
and these are the people who review the

1230  
00:50:30,170 --> 00:50:27,780  
most sensitive secrets in the US

1231  
00:50:34,609 --> 00:50:33,109  
the waived unacknowledged special access

1232  
00:50:37,910 --> 00:50:34,619  
programs

1233  
00:50:39,950 --> 00:50:37,920  
if anyone knows they do

1234  
00:50:41,690 --> 00:50:39,960  
and look frankly there's a hell of a lot

1235  
00:50:44,270 --> 00:50:41,700  
that's on the public record I just

1236  
00:50:46,430 --> 00:50:44,280  
noticed today for example that um

1237  
00:50:48,609 --> 00:50:46,440  
uh it was flying around social media

1238  
00:50:51,349 --> 00:50:48,619

that Eric Davis God bless him yet again

1239

00:50:54,349 --> 00:50:51,359

Jacques valet's Diaries have provided

1240

00:50:57,710 --> 00:50:54,359

more information about an incident where

1241

00:51:00,770 --> 00:50:57,720

Jacques was informed by Hal putoff Eric

1242

00:51:03,049 --> 00:51:00,780

Davis's thin boss at the time that Eric

1243

00:51:05,329 --> 00:51:03,059

had met no no less than the former

1244

00:51:07,910 --> 00:51:05,339

President George Bush Senior

1245

00:51:12,290 --> 00:51:07,920

and that Bush was giving Eric advice

1246

00:51:15,710 --> 00:51:12,300

about the um uh intelligence community

1247

00:51:18,829 --> 00:51:15,720

and Eric not unsurprisingly asked

1248

00:51:20,930 --> 00:51:18,839

questions about General Corso could

1249

00:51:23,210 --> 00:51:20,940

Corso have been mistaken in dealing with

1250

00:51:25,490 --> 00:51:23,220

the material he was handling could that

1251  
00:51:28,430 --> 00:51:25,500  
have been Nazi Hardware Eric asked

1252  
00:51:29,690 --> 00:51:28,440  
George Bush Senior impossible replied

1253  
00:51:32,450 --> 00:51:29,700  
bush

1254  
00:51:34,970 --> 00:51:32,460  
he then remembered General Trudeau who

1255  
00:51:36,650 --> 00:51:34,980  
showed interest he asked

1256  
00:51:39,530 --> 00:51:36,660  
um

1257  
00:51:41,750 --> 00:51:39,540  
uh I can't move on he asked about the

1258  
00:51:43,849 --> 00:51:41,760  
Holloman film which is the alleged

1259  
00:51:45,470 --> 00:51:43,859  
Landing of an alien spacecraft at the

1260  
00:51:47,809 --> 00:51:45,480  
Holloman Air Force Base which frankly

1261  
00:51:48,770 --> 00:51:47,819  
I've always thought was just a specious

1262  
00:51:52,130 --> 00:51:48,780  
story

1263  
00:51:54,290 --> 00:51:52,140

and the former president was aware of it

1264

00:51:55,370 --> 00:51:54,300

was it a training film a special ops

1265

00:51:59,930 --> 00:51:55,380

exercise

1266

00:52:03,230 --> 00:51:59,940

no George Bush Senior replied it was the

1267

00:52:07,609 --> 00:52:03,240

real thing there was a secret project

1268

00:52:10,190 --> 00:52:07,619

and the security was obscene

1269

00:52:11,690 --> 00:52:10,200

now little tidbits like that appear in

1270

00:52:14,990 --> 00:52:11,700

Jacques valet's Forbidden Science

1271

00:52:17,230 --> 00:52:15,000

Diaries time and time again there was a

1272

00:52:19,130 --> 00:52:17,240

mention just the other day of a former

1273

00:52:21,109 --> 00:52:19,140

senior member of the government

1274

00:52:23,150 --> 00:52:21,119

Accounting Office that was involved in

1275

00:52:25,970 --> 00:52:23,160

an audit investigation that allegedly

1276

00:52:28,370 --> 00:52:25,980

uncovered monies leading to the program

1277

00:52:29,569 --> 00:52:28,380

I think his name was General bowder from

1278

00:52:32,270 --> 00:52:29,579

memory

1279

00:52:35,569 --> 00:52:32,280

there are trails to follow

1280

00:52:37,670 --> 00:52:35,579

and if I was a member of that gatekeeper

1281

00:52:39,290 --> 00:52:37,680

group who are hiding

1282

00:52:41,450 --> 00:52:39,300

the

1283

00:52:43,849 --> 00:52:41,460

evidence that a lot of people suspect

1284

00:52:45,770 --> 00:52:43,859

that they are hiding I'd be getting very

1285

00:52:48,230 --> 00:52:45,780

nervous right now because the Congress

1286

00:52:51,530 --> 00:52:48,240

has mandated that this information be

1287

00:52:54,170 --> 00:52:51,540

provided to the Congress through Arrow

1288

00:52:57,290 --> 00:52:54,180

and the stipulation is that if it hasn't

1289

00:52:59,870 --> 00:52:57,300

been properly accounted for through the

1290

00:53:02,930 --> 00:52:59,880

normal oversight procedures to the

1291

00:53:04,490 --> 00:53:02,940

Congress it has to be reported within a

1292

00:53:07,370 --> 00:53:04,500

very short period of time I think the

1293

00:53:08,450 --> 00:53:07,380

time is 72 hours to those oversight

1294

00:53:11,569 --> 00:53:08,460

committees

1295

00:53:14,030 --> 00:53:11,579

and I just wonder whether that mandate

1296

00:53:16,490 --> 00:53:14,040

has been triggered yet because boy I'm

1297

00:53:17,990 --> 00:53:16,500

hearing some amazing stuff from sources

1298

00:53:19,910 --> 00:53:18,000

including

1299

00:53:22,549 --> 00:53:19,920

sources who've told me that they've

1300

00:53:25,730 --> 00:53:22,559

approached the congress with information

1301

00:53:28,370 --> 00:53:25,740

about the program

1302

00:53:31,190 --> 00:53:28,380

and I'm just hoping people are being

1303

00:53:33,290 --> 00:53:31,200

named and shamed because even if there

1304

00:53:35,569 --> 00:53:33,300

is let's just hypothetically assume Andy

1305

00:53:37,849 --> 00:53:35,579

that the say a presidential executive

1306

00:53:40,069 --> 00:53:37,859

order that mandated all of this be kept

1307

00:53:44,329 --> 00:53:40,079

secret right back in sale I don't know

1308

00:53:46,670 --> 00:53:44,339

19 18 1940s 47 perhaps

1309

00:53:48,410 --> 00:53:46,680

um let's just say that that's the case

1310

00:53:50,270 --> 00:53:48,420

is it legal

1311

00:53:53,630 --> 00:53:50,280

has anybody ever really tested the

1312

00:53:55,670 --> 00:53:53,640

legality of such a a declaration why

1313

00:53:58,130 --> 00:53:55,680

haven't presidents been briefed

1314

00:54:01,069 --> 00:53:58,140

and moreover why was President Obama

1315

00:54:04,190 --> 00:54:01,079

briefed post his presidency and why has

1316

00:54:06,170 --> 00:54:04,200

his attitude hardened to suggesting that

1317

00:54:08,150 --> 00:54:06,180

there just might be something to this

1318

00:54:10,370 --> 00:54:08,160

UAP issue

1319

00:54:13,130 --> 00:54:10,380

so the the evidence is there an answer

1320

00:54:15,290 --> 00:54:13,140

to your um your questioner

1321

00:54:17,750 --> 00:54:15,300

um I do think that there are an

1322

00:54:20,150 --> 00:54:17,760

abundance of names that can be pursued

1323

00:54:22,250 --> 00:54:20,160

and investigated all the Congress needs

1324

00:54:25,370 --> 00:54:22,260

to do is call them

1325

00:54:27,349 --> 00:54:25,380

and they can be called involuntarily

1326

00:54:28,790 --> 00:54:27,359

the big issue my friend and this is

1327

00:54:30,829 --> 00:54:28,800

where the pushback's happening is

1328

00:54:33,049 --> 00:54:30,839

whether you and I the general public

1329

00:54:35,210 --> 00:54:33,059

will get told about it

1330

00:54:38,329 --> 00:54:35,220

because don't forget that the only thing

1331

00:54:41,049 --> 00:54:38,339

the legislation does is mandate that

1332

00:54:44,030 --> 00:54:41,059

proper oversight and accountability be

1333

00:54:47,030 --> 00:54:44,040

reinstated on every program involved

1334

00:54:50,030 --> 00:54:47,040

with uaps because there's a clear belief

1335

00:54:52,190 --> 00:54:50,040

in the legislation it's quite clear the

1336

00:54:56,089 --> 00:54:52,200

purpose of the legislation is to bring

1337

00:54:57,950 --> 00:54:56,099

these UAP programs back within the

1338

00:54:59,750 --> 00:54:57,960

control and oversight of the proper

1339

00:55:02,210 --> 00:54:59,760

procedures of Congress

1340

00:55:04,010 --> 00:55:02,220

there's no requirement that the public

1341

00:55:06,410 --> 00:55:04,020

be told

1342

00:55:07,790 --> 00:55:06,420

and if I was the U.S frankly mate I can

1343

00:55:10,190 --> 00:55:07,800

see there's a bloody good argument if

1344

00:55:11,750 --> 00:55:10,200

I've recovered alien technology and I'm

1345

00:55:13,609 --> 00:55:11,760

in a battle with the Russians and the

1346

00:55:15,950 --> 00:55:13,619

Chinese to develop it let's say

1347

00:55:17,390 --> 00:55:15,960

anti-gravity or propulsion systems or

1348

00:55:19,970 --> 00:55:17,400

Weapons Systems

1349

00:55:21,470 --> 00:55:19,980

stealth technology I sure as hell

1350

00:55:23,329 --> 00:55:21,480

wouldn't be telling the public about it

1351

00:55:25,190 --> 00:55:23,339

and that's the issue

1352

00:55:27,290 --> 00:55:25,200

is the Congress going to be told about

1353

00:55:29,210 --> 00:55:27,300

this and is there a possibility that if

1354

00:55:34,069 --> 00:55:29,220

the Congress could get told about it in

1355

00:55:37,849 --> 00:55:36,049

final question then from Newman because

1356

00:55:39,829 --> 00:55:37,859

we're running out of time Newman asked

1357

00:55:42,829 --> 00:55:39,839

is there any news on evidence of our

1358

00:55:44,569 --> 00:55:42,839

sensor systems in space having picked up

1359

00:55:46,250 --> 00:55:44,579

on new APS

1360

00:55:48,470 --> 00:55:46,260

well Christopher Millen wrote a

1361

00:55:50,690 --> 00:55:48,480

fantastic piece about this about a year

1362

00:55:52,849 --> 00:55:50,700

and a half ago which I really commend to

1363

00:55:54,650 --> 00:55:52,859

people where he's summarized the

1364

00:55:56,210 --> 00:55:54,660

capabilities of all of the different

1365

00:55:58,430 --> 00:55:56,220

satellites and all of the different

1366

00:56:02,030 --> 00:55:58,440

agencies that the um

1367

00:56:04,190 --> 00:56:02,040

that the US has I started up my research

1368

00:56:07,490 --> 00:56:04,200

I I knew a guy before he passed called

1369

00:56:09,829 --> 00:56:07,500

Jeff Richardson who did a fantastic book

1370

00:56:11,990 --> 00:56:09,839

that I've got on my shelf that talked

1371

00:56:13,549 --> 00:56:12,000

about the DSP satellites the defense

1372

00:56:16,069 --> 00:56:13,559

Support Program satellites that

1373

00:56:21,290 --> 00:56:16,079

essentially looked for flares of rockets

1374

00:56:24,349 --> 00:56:21,300

in on the planet below and um boy was my

1375

00:56:27,049 --> 00:56:24,359

world shook when I received a very very

1376  
00:56:29,630 --> 00:56:27,059  
confidential briefing from sources who

1377  
00:56:31,370 --> 00:56:29,640  
told me about the technologies that the

1378  
00:56:34,849 --> 00:56:31,380  
geospatial agency the national

1379  
00:56:37,309 --> 00:56:34,859  
reconnaissance agency the NSA and the

1380  
00:56:39,589 --> 00:56:37,319  
dod more broadly in the United States

1381  
00:56:42,710 --> 00:56:39,599  
have got that that essentially send

1382  
00:56:45,470 --> 00:56:42,720  
Telemetry data done through Australia's

1383  
00:56:49,670 --> 00:56:45,480  
Pine Gap base back to the United States

1384  
00:56:51,650 --> 00:56:49,680  
on a secure terminal it's mind-blowing

1385  
00:56:53,329 --> 00:56:51,660  
the capabilities that they've got

1386  
00:56:55,010 --> 00:56:53,339  
they're not just looking at Earth

1387  
00:56:58,490 --> 00:56:55,020  
they're looking out

1388  
00:57:01,370 --> 00:56:58,500

towards space and don't forget also my

1389

00:57:04,010 --> 00:57:01,380

friend the James Webb Telescope I mean

1390

00:57:06,049 --> 00:57:04,020

wow you know you've got a purpose-built

1391

00:57:08,210 --> 00:57:06,059

platform now on the other side of the

1392

00:57:10,130 --> 00:57:08,220

moon that is able to look at the

1393

00:57:12,290 --> 00:57:10,140

universe in ways we've never been able

1394

00:57:15,349 --> 00:57:12,300

to look at before it's actually really

1395

00:57:18,230 --> 00:57:15,359

exciting and time and time again people

1396

00:57:20,210 --> 00:57:18,240

like Christopher melon that gentleman

1397

00:57:22,010 --> 00:57:20,220

whose name momentarily escapes me who's

1398

00:57:24,710 --> 00:57:22,020

the former deputy head of the Coast

1399

00:57:26,630 --> 00:57:24,720

Guard who um Jay from Project unity's

1400

00:57:28,790 --> 00:57:26,640

had on a few times goal a day I think

1401

00:57:31,910 --> 00:57:28,800

his name is he's talked about the

1402

00:57:36,049 --> 00:57:31,920

importance of data held I think by the

1403

00:57:40,069 --> 00:57:36,059

geospatial agency and the nro

1404

00:57:42,170 --> 00:57:40,079

it's quite clear that there is a vast

1405

00:57:44,390 --> 00:57:42,180

amount of data I think the biggest

1406

00:57:47,450 --> 00:57:44,400

repository of a lot of this data though

1407

00:57:50,390 --> 00:57:47,460

is the Department of energy

1408

00:57:52,910 --> 00:57:50,400

it goes right back to 1947 when the

1409

00:57:55,430 --> 00:57:52,920

department of energy was involved in the

1410

00:57:57,530 --> 00:57:55,440

um Los Alamos testing and when a lot of

1411

00:58:00,950 --> 00:57:57,540

strange objects were coming down in the

1412

00:58:03,230 --> 00:58:00,960

Nevada desert and more by accident and

1413

00:58:04,690 --> 00:58:03,240

historical happenstance by then by

1414

00:58:07,730 --> 00:58:04,700

Design

1415

00:58:12,410 --> 00:58:07,740

Los Alamos the department of energy

1416

00:58:14,030 --> 00:58:12,420

became I think a major point for where a

1417

00:58:17,210 --> 00:58:14,040

lot of this data went

1418

00:58:19,430 --> 00:58:17,220

and it's not a coincidence my friend the

1419

00:58:21,530 --> 00:58:19,440

department of energy is excluded from

1420

00:58:24,410 --> 00:58:21,540

Freedom of Information laws

1421

00:58:28,430 --> 00:58:26,569

and just on that a little follow-up do

1422

00:58:30,470 --> 00:58:28,440

you see the NASA study that's due to

1423

00:58:31,970 --> 00:58:30,480

conclude around may I believe I was

1424

00:58:33,170 --> 00:58:31,980

speaking to one of the folks involved in

1425

00:58:34,670 --> 00:58:33,180

that and they think it's going to be

1426

00:58:36,589 --> 00:58:34,680

finished around May

1427

00:58:38,690 --> 00:58:36,599

um do you see that throwing up anything

1428

00:58:41,630 --> 00:58:38,700

that's going to be worthy of follow-up

1429

00:58:43,849 --> 00:58:41,640

no I don't to be honest I I think it's

1430

00:58:46,250 --> 00:58:43,859

just going through the motions

1431

00:58:47,569 --> 00:58:46,260

I mean it's actually admitted that it's

1432

00:58:50,510 --> 00:58:47,579

not going to be looking at classified

1433

00:58:54,770 --> 00:58:50,520

material which is absurd

1434

00:58:56,990 --> 00:58:54,780

um and it's not responding to

1435

00:58:59,030 --> 00:58:57,000

well inquiries that I've made and other

1436

00:59:01,309 --> 00:58:59,040

people have made about numerous

1437

00:59:03,530 --> 00:59:01,319

anomalous incidents that have been

1438

00:59:05,990 --> 00:59:03,540

videoed and filmed on different missions

1439

00:59:07,910 --> 00:59:06,000

that require explanation there's just a

1440

00:59:10,370 --> 00:59:07,920

willful blindness to actually accounting

1441

00:59:13,069 --> 00:59:10,380

for a lot of the evidence that NASA

1442

00:59:15,710 --> 00:59:13,079

itself has collected over the years and

1443

00:59:17,329 --> 00:59:15,720

I'm sorry I I hope I'm proved wrong but

1444

00:59:19,069 --> 00:59:17,339

I just can't help but think that the

1445

00:59:22,609 --> 00:59:19,079

NASA inquiry is just going through the

1446

00:59:24,349 --> 00:59:22,619

motions it's a bit of a whitewash

1447

00:59:25,730 --> 00:59:24,359

I think that's one that time's going to

1448

00:59:27,289 --> 00:59:25,740

tell and it should be pretty soon as

1449

00:59:29,690 --> 00:59:27,299
