[Music]

6
00:00:14,990 --> 00:00:12,599

for a look back and a look ahead at the

9
00:00:21,769 --> 00:00:19,260
last few weeks and the next few weeks in

10
00:00:24,230 --> 00:00:21,779
the world of UFOs by Dan all the way out

11
00:00:26,750 --> 00:00:24,240
in Colombia still Dan how are we hello

12
00:00:28,189 --> 00:00:26,760
hello I'm fantastic thank you so much it

13
00:00:30,290 --> 00:00:28,199

feels a couple since we've done this it

14

00:00:33,830 --> 00:00:30,300

probably has been it's been a bit of a

15

00:00:35,270 --> 00:00:33,840

messy messy month it's been a busy day

16

00:00:37,310 --> 00:00:35,280

it's been a busy day in a messy month

17

00:00:39,110 --> 00:00:37,320

it's been a busy day a busy couple of

18

00:00:40,729 --> 00:00:39,120

weeks busy couple of months

19

00:00:42,229 --> 00:00:40,739

um your travels have settled down a bit

20

00:00:43,430 --> 00:00:42,239

now and we'll we'll finish off talking

21

00:00:44,869 --> 00:00:43,440

about you know what's going to happen

22

00:00:46,610 --> 00:00:44,879

with you and

23

00:00:48,229 --> 00:00:46,620

um your your kind of final part of your

24

00:00:49,790 --> 00:00:48,239

journey that you've been waiting on

25

00:00:51,290 --> 00:00:49,800

obviously we've been away for a while

26

00:00:53,029 --> 00:00:51,300

folks will know by now you've been in

27

00:00:55,250 --> 00:00:53,039

Mexico Colombia

28

00:00:57,170 --> 00:00:55,260

um living it up with the Cockroaches and

29

00:00:59,750 --> 00:00:57,180

the Ants just people falling in social

30

00:01:00,889 --> 00:00:59,760

media uh but yeah um getting right in

31

00:01:03,229 --> 00:01:00,899

Titan listen

32

00:01:05,090 --> 00:01:03,239

um I want you to look ahead because it

33

00:01:07,130 --> 00:01:05,100

was a quieter March hence there's been

34

00:01:08,210 --> 00:01:07,140

no real need for a breakdown there could

35

00:01:10,010 --> 00:01:08,220

have been some shows I could have done

36

00:01:11,810 --> 00:01:10,020

one of the solar ones and stuff but

37

00:01:13,850 --> 00:01:11,820

there was nothing really to shout about

38

00:01:16,429 --> 00:01:13,860

because it just seemed to go really

39

00:01:18,469 --> 00:01:16,439

quiet for a month Ross kilter even

40

00:01:21,590 --> 00:01:18,479

mentioned that when I spoke to him

41

00:01:23,570 --> 00:01:21,600

um social media was the usual either

42

00:01:26,030 --> 00:01:23,580

people arguing or kind of sharing the

43

00:01:28,070 --> 00:01:26,040

same kind of things maybe happening and

44

00:01:30,710 --> 00:01:28,080

the big token piece

45

00:01:33,830 --> 00:01:30,720

was Congressional hearings may be

46

00:01:35,330 --> 00:01:33,840

happening in April now people might be

47

00:01:36,830 --> 00:01:35,340

listening to this thinking yeah but

48

00:01:38,270 --> 00:01:36,840

they've been saying that now for ages

49

00:01:41,210 --> 00:01:38,280

and people have

50

00:01:42,830 --> 00:01:41,220

all I'll see is to be fair the same

51
00:01:44,210 --> 00:01:42,840
voices maybe have been seeing the same

52
00:01:46,609 --> 00:01:44,220
stuff for a long time and they keep

53
00:01:50,450 --> 00:01:46,619
moving things down the line a lot of

54
00:01:52,429 --> 00:01:50,460
people have said April slash May was the

55
00:01:54,230 --> 00:01:52,439
time realistically that these things

56
00:01:56,149 --> 00:01:54,240
would probably happen and get off the

57
00:01:57,830 --> 00:01:56,159
ground which is why I think it's fair to

58
00:01:59,990 --> 00:01:57,840
kind of talk about it now

59
00:02:02,510 --> 00:02:00,000
I stay away from and I know you do as

60
00:02:04,190 --> 00:02:02,520
well Dan the oh We Have Heard lots of

61
00:02:06,289 --> 00:02:04,200
big things are coming this month then it

62
00:02:08,029 --> 00:02:06,299
doesn't happen it's easy to go oh well

63
00:02:09,290 --> 00:02:08,039

yep things change and it moves down the

64

00:02:11,510 --> 00:02:09,300

line but that doesn't just happen with

65

00:02:13,610 --> 00:02:11,520

UFOs that happens in all walks of life

66

00:02:16,070 --> 00:02:13,620

and reporting sports you know

67

00:02:18,170 --> 00:02:16,080

wrestling's famous for it and such so

68

00:02:20,570 --> 00:02:18,180

it's fair to say that there is a chance

69

00:02:22,010 --> 00:02:20,580

that we do actually get some movement

70

00:02:24,770 --> 00:02:22,020

this month

71

00:02:27,229 --> 00:02:24,780

um Dan UFO hearings are they going to

72

00:02:29,990 --> 00:02:27,239

happen first off this month

73

00:02:31,250 --> 00:02:30,000

something in my in my intuition says no

74

00:02:34,250 --> 00:02:31,260

for this month

75

00:02:35,990 --> 00:02:34,260

um I I know Katie Holland reported that

76

00:02:37,369 --> 00:02:36,000

there's only two weeks this month that

77

00:02:38,809 --> 00:02:37,379

they can actually take place which is

78

00:02:40,790 --> 00:02:38,819

the last two week of the month um

79

00:02:42,350 --> 00:02:40,800

because the Senate is in a recession

80

00:02:45,110 --> 00:02:42,360

like they call it recess they're all

81

00:02:48,890 --> 00:02:45,120

going out recess

82

00:02:51,470 --> 00:02:48,900

um but yeah so we're pressed for time

83

00:02:53,570 --> 00:02:51,480

but a few people on social media have

84

00:02:55,309 --> 00:02:53,580

contacted the offices of different kind

85

00:02:56,770 --> 00:02:55,319

of committee members um you know from

86

00:02:59,150 --> 00:02:56,780

the album Services committee different

87

00:03:00,830 --> 00:02:59,160

reps offices

88

00:03:02,750 --> 00:03:00,840

um and they've all said that they're

89

00:03:05,869 --> 00:03:02,760

aiming for April and some of the people

90

00:03:08,089 --> 00:03:05,879

contacted were offices though we we you

91

00:03:10,790 --> 00:03:08,099

know we haven't heard the name of

92

00:03:12,649 --> 00:03:10,800

um these Senators before so they're not

93

00:03:14,390 --> 00:03:12,659

kind of on the front lines of asking for

94

00:03:15,890 --> 00:03:14,400

these hearings so it's fair to say that

95

00:03:18,050 --> 00:03:15,900

even if the hearings don't happen this

96

00:03:20,449 --> 00:03:18,060

month there is interest in them

97

00:03:22,729 --> 00:03:20,459

happening for sure and the interest in

98

00:03:24,770 --> 00:03:22,739

them happening from people who are more

99

00:03:26,089 --> 00:03:24,780

casually kind of related to this instead

100

00:03:29,210 --> 00:03:26,099

of you know have their name on the bill

101
00:03:32,270 --> 00:03:29,220
and that's April 2023

102
00:03:34,850 --> 00:03:32,280
just checking yeah yeah we're hopeful of

103
00:03:37,009 --> 00:03:34,860
April uh hearings this April this April

104
00:03:38,330 --> 00:03:37,019
would be what we're looking at okay that

105
00:03:41,270 --> 00:03:38,340
that's fair

106
00:03:42,410 --> 00:03:41,280
um and as a bit of a guessing game and I

107
00:03:43,789 --> 00:03:42,420
think there's people reaching out for

108
00:03:46,670 --> 00:03:43,799
comment and I don't know what they

109
00:03:49,309 --> 00:03:46,680
expect to hear uh for directly from you

110
00:03:51,770 --> 00:03:49,319
know DOD Congress and such other than

111
00:03:53,869 --> 00:03:51,780
we're not going to tell you anything

112
00:03:56,149 --> 00:03:53,879
again I get a little bit confused

113
00:03:58,309 --> 00:03:56,159

sometimes as to what people actually or

114

00:04:00,170 --> 00:03:58,319

what even I expect to happen in hearings

115

00:04:02,809 --> 00:04:00,180

what we're not going to get and correct

116

00:04:04,670 --> 00:04:02,819

me if I'm wrong is when we had the UFO

117

00:04:06,830 --> 00:04:04,680

hearing somewhere Live on YouTube last

118

00:04:08,869 --> 00:04:06,840

year under the Congressional Channel

119

00:04:11,990 --> 00:04:08,879

wasn't it the I think that's a hell of a

120

00:04:14,030 --> 00:04:12,000

thing anyway right yeah yeah 100 yeah it

121

00:04:15,949 --> 00:04:14,040

was and I think that was probably we

122

00:04:17,210 --> 00:04:15,959

were spoiled in this day and age without

123

00:04:18,469 --> 00:04:17,220

happening

124

00:04:21,110 --> 00:04:18,479

um what other people thought of it

125

00:04:22,610 --> 00:04:21,120

happened but we're not going to get that

126

00:04:24,530 --> 00:04:22,620

it's not going to be like a live stream

127

00:04:25,969 --> 00:04:24,540

it's not going to be headings out in

128

00:04:28,129 --> 00:04:25,979

public is it this is something that's

129

00:04:29,570 --> 00:04:28,139

more than likely going to happen behind

130

00:04:31,610 --> 00:04:29,580

closed doors

131

00:04:33,950 --> 00:04:31,620

and is it likely if it does happen in

132

00:04:35,270 --> 00:04:33,960

that way that we hear about it after the

133

00:04:36,770 --> 00:04:35,280

fact or is it going to be announced

134

00:04:38,210 --> 00:04:36,780

beforehand do you think

135

00:04:40,430 --> 00:04:38,220

yeah that's a really good point actually

136

00:04:41,330 --> 00:04:40,440

the the hearings that we're hearing

137

00:04:44,870 --> 00:04:41,340

about

138

00:04:46,490 --> 00:04:44,880

strange sentence um but you know we have

139

00:04:49,070 --> 00:04:46,500

we have some people kind of saying that

140

00:04:51,950 --> 00:04:49,080

folk from the legacy of UAP programs

141

00:04:53,629 --> 00:04:51,960

have come forward uh already to talk

142

00:04:56,510 --> 00:04:53,639

about these things kind of behind closed

143

00:04:58,129 --> 00:04:56,520

doors so if they're talking classified

144

00:05:00,290 --> 00:04:58,139

information then yeah you're right it's

145

00:05:01,850 --> 00:05:00,300

not going to be a public setting

146

00:05:04,670 --> 00:05:01,860

whatsoever

147

00:05:06,469 --> 00:05:04,680

if there is another public hearing it's

148

00:05:09,110 --> 00:05:06,479

more than likely going to be similar to

149

00:05:10,850 --> 00:05:09,120

what we saw with a bunch of gamesmanship

150

00:05:12,170 --> 00:05:10,860

and the big talking point coming out of

151
00:05:14,390 --> 00:05:12,180
it being that they didn't know the

152
00:05:16,990 --> 00:05:14,400
shortcuts for frame by frame on BLC

153
00:05:19,909 --> 00:05:17,000
media player or Windows

154
00:05:21,830 --> 00:05:19,919
right like that's the takeaway

155
00:05:23,150 --> 00:05:21,840
um it's incredible that we had UFO

156
00:05:25,550 --> 00:05:23,160
hearings

157
00:05:27,650 --> 00:05:25,560
broadcast Live on YouTube but the only

158
00:05:29,689 --> 00:05:27,660
thing you know people took away was that

159
00:05:32,029 --> 00:05:29,699
they can't use their computers

160
00:05:37,969 --> 00:05:32,039
um we we really need them to step up and

161
00:05:40,969 --> 00:05:39,590
um but there was an interesting comment

162
00:05:44,830 --> 00:05:40,979
from from Lou

163
00:05:48,590 --> 00:05:44,840

um in Liberation times because

164

00:05:51,650 --> 00:05:48,600

sorry from Luis alizando Ex director of

165

00:05:54,290 --> 00:05:51,660

the uh pentagon's Atif program yeah

166

00:05:55,850 --> 00:05:54,300

there we go and Lou said let's not

167

00:05:57,590 --> 00:05:55,860

forget that moultrie's office is the

168

00:05:59,450 --> 00:05:57,600

same office for which I worked in the

169

00:06:01,310 --> 00:05:59,460

past it is the same office that

170

00:06:02,990 --> 00:06:01,320

continuously lied about this topic to

171

00:06:04,850 --> 00:06:03,000

Congress and the American people and

172

00:06:07,129 --> 00:06:04,860

it's the same office that persecuted

173

00:06:08,930 --> 00:06:07,139

whistleblowers now Moultrie is one of

174

00:06:11,210 --> 00:06:08,940

the people who was present during that

175

00:06:14,270 --> 00:06:11,220

hearing being asked questions and kind

176
00:06:16,550 --> 00:06:14,280
of giving giving the answers so

177
00:06:19,249 --> 00:06:16,560
in in a way I remember watching and kind

178
00:06:20,810 --> 00:06:19,259
of thinking you know this is a guy

179
00:06:22,969 --> 00:06:20,820
that's kind of getting on in years and

180
00:06:24,290 --> 00:06:22,979
he's probably got 15 000 things to

181
00:06:26,510 --> 00:06:24,300
remember that day and he's being asked

182
00:06:28,610 --> 00:06:26,520
about UFOs and yeah he clearly wants to

183
00:06:31,790 --> 00:06:28,620
kind of get through to lunch you know

184
00:06:33,409 --> 00:06:31,800
um but after that comment from it went a

185
00:06:35,689 --> 00:06:33,419
bit like well maybe it's a bit of a and

186
00:06:37,430 --> 00:06:35,699
bit of b as well you know there's like

187
00:06:40,249 --> 00:06:37,440
some strawmanship going on there's some

188
00:06:43,010 --> 00:06:40,259

nothing to see here going on you know

189

00:06:45,950 --> 00:06:43,020

um we we still don't have pictures of

190

00:06:47,749 --> 00:06:45,960

the shot down objects Over America so

191

00:06:49,490 --> 00:06:47,759

and and I imagine that would come up in

192

00:06:50,809 --> 00:06:49,500

the UAP hearings because you know

193

00:06:53,150 --> 00:06:50,819

they're unidentified and they were

194

00:06:55,670 --> 00:06:53,160

objects in the airspace

195

00:06:56,510 --> 00:06:55,680

um so yeah I don't really think we're

196

00:06:58,430 --> 00:06:56,520

gonna

197

00:07:00,650 --> 00:06:58,440

will get the hearings but they're not

198

00:07:02,510 --> 00:07:00,660

gonna be the spectacular things where

199

00:07:05,330 --> 00:07:02,520

they wheel out the bodies again and you

200

00:07:07,249 --> 00:07:05,340

know show off all these incredible sorry

201
00:07:09,590 --> 00:07:07,259
Dan we load the bodies again when did

202
00:07:12,409 --> 00:07:09,600
they last we all them out did you see

203
00:07:14,210 --> 00:07:12,419
something that I didn't oh I yeah there

204
00:07:16,010 --> 00:07:14,220
was a fruiting and stuff right unless

205
00:07:17,570 --> 00:07:16,020
we've not talked about that too much

206
00:07:20,150 --> 00:07:17,580
give him have been quieter for a few

207
00:07:22,309 --> 00:07:20,160
weeks recording these not to say track

208
00:07:24,290 --> 00:07:22,319
too much but regarding those shutdowns

209
00:07:27,409 --> 00:07:24,300
we won't recover that old ground

210
00:07:29,749 --> 00:07:27,419
since then there were some releases of

211
00:07:31,850 --> 00:07:29,759
videos or photographs not just us but

212
00:07:34,010 --> 00:07:31,860
from other countries where we have seen

213
00:07:37,189 --> 00:07:34,020

objects being shot down by various

214

00:07:39,290 --> 00:07:37,199

military personnel not UFOs in the sense

215

00:07:41,749 --> 00:07:39,300

that we talk about UFOs but unidentified

216

00:07:43,790 --> 00:07:41,759

objects that were likely adversarial

217

00:07:46,430 --> 00:07:43,800

technology surveillance drones hobby

218

00:07:47,629 --> 00:07:46,440

balloons that stuff was released that

219

00:07:49,909 --> 00:07:47,639

that was fine

220

00:07:51,650 --> 00:07:49,919

is it fair to say at this point the

221

00:07:53,990 --> 00:07:51,660

three objects that may or may not have

222

00:07:56,150 --> 00:07:54,000

been shot down by the us we're not going

223

00:07:58,909 --> 00:07:56,160

to see that stuff released we're not

224

00:08:02,029 --> 00:07:58,919

going to find out what it was and it's

225

00:08:04,370 --> 00:08:02,039

best probably in the short term to move

226

00:08:06,589 --> 00:08:04,380

on from that because

227

00:08:09,110 --> 00:08:06,599

that it's not coming out

228

00:08:11,450 --> 00:08:09,120

yeah I'd say you're right um you know

229

00:08:13,850 --> 00:08:11,460

they've issued I think two and I say

230

00:08:15,770 --> 00:08:13,860

they the dod have issued

231

00:08:18,050 --> 00:08:15,780

um two notices now that they're not

232

00:08:19,969 --> 00:08:18,060

going to be releasing the evidence yeah

233

00:08:21,050 --> 00:08:19,979

um for whatever reason pictures yeah for

234

00:08:22,969 --> 00:08:21,060

whatever reason and they could be

235

00:08:24,469 --> 00:08:22,979

multiple reasons right like

236

00:08:25,550 --> 00:08:24,479

a lot of people kind of think that that

237

00:08:27,409 --> 00:08:25,560

means

238

00:08:30,110 --> 00:08:27,419

that you know they're not denying it's

239

00:08:31,969 --> 00:08:30,120

aliens therefore it's aliens when it

240

00:08:35,810 --> 00:08:31,979

simply means that it has Intelligence

241

00:08:38,510 --> 00:08:35,820

value which could be anything from don't

242

00:08:41,089 --> 00:08:38,520

show the world that the US spent you

243

00:08:43,730 --> 00:08:41,099

know almost Millions uh shooting down a

244

00:08:46,010 --> 00:08:43,740

small hobby balloon yeah um it could be

245

00:08:47,449 --> 00:08:46,020

we don't want China to know that we know

246

00:08:49,550 --> 00:08:47,459

that they know you know like that those

247

00:08:51,350 --> 00:08:49,560

kind of the games right

248

00:08:52,970 --> 00:08:51,360

um but yeah we're we're not going to see

249

00:08:56,210 --> 00:08:52,980

anything from them

250

00:08:57,650 --> 00:08:56,220

um and it's it's weird to kind of see

251

00:08:59,090 --> 00:08:57,660

that emotion and see in the myth

252

00:09:01,490 --> 00:08:59,100

building happening because a lot of

253

00:09:03,590 --> 00:09:01,500

people are already calling this uh I saw

254

00:09:05,870 --> 00:09:03,600

someone on Reddit comment that we just

255

00:09:08,690 --> 00:09:05,880

witnessed them on day Roswell

256

00:09:09,829 --> 00:09:08,700

I was like did we but also I kind of

257

00:09:11,870 --> 00:09:09,839

understand where they're coming from

258

00:09:13,550 --> 00:09:11,880

I've seen a lot of that comment from

259

00:09:17,030 --> 00:09:13,560

various different people as well and I I

260

00:09:18,170 --> 00:09:17,040

like you I get it but I don't think so I

261

00:09:20,630 --> 00:09:18,180

don't think we're going to look back on

262

00:09:22,670 --> 00:09:20,640

these events in 20 30 40 years and go ah

263

00:09:24,949 --> 00:09:22,680

that was aliens or that was something

264

00:09:28,130 --> 00:09:24,959

exotic I don't think it was

265

00:09:31,070 --> 00:09:28,140

for me and this might change my opinion

266

00:09:34,430 --> 00:09:31,080

on a lot of things tends to be fluid

267

00:09:37,130 --> 00:09:34,440

I think they've made a point of

268

00:09:39,530 --> 00:09:37,140

not setting a precedent by releasing

269

00:09:41,509 --> 00:09:39,540

this stuff to go okay here's the footage

270

00:09:43,610 --> 00:09:41,519

here are the pictures because then what

271

00:09:45,530 --> 00:09:43,620

happens next time we're not releasing it

272

00:09:46,970 --> 00:09:45,540

or why not you released it last time so

273

00:09:49,790 --> 00:09:46,980

they're better just sticking to their

274

00:09:51,829 --> 00:09:49,800

quote unquote guns and saying no we're

275

00:09:53,750 --> 00:09:51,839

not really sing it because once they do

276

00:09:55,430 --> 00:09:53,760

it's well you've done it once you can do

277

00:09:56,990 --> 00:09:55,440

it again and they're better just keeping

278

00:09:59,389 --> 00:09:57,000

up their the frustration not that I

279

00:10:01,310 --> 00:09:59,399

agree with it you know release at all

280

00:10:02,449 --> 00:10:01,320

I'm happy to see you know whatever it is

281

00:10:04,850 --> 00:10:02,459

they've got

282

00:10:07,790 --> 00:10:04,860

um people can cut that comment use it

283

00:10:09,889 --> 00:10:07,800

whatever they like uh but realizing how

284

00:10:13,310 --> 00:10:09,899

that sounds like the fans want those

285

00:10:13,970 --> 00:10:13,320

movies 100 yeah yeah release them all

286

00:10:16,910 --> 00:10:13,980

um

287

00:10:18,410 --> 00:10:16,920

I I get why not agreeing with it but I

288

00:10:20,870 --> 00:10:18,420

get why they've probably just went no

289

00:10:23,150 --> 00:10:20,880

we're just not releasing it the who are

290

00:10:24,769 --> 00:10:23,160

we answering to here people like me knew

291

00:10:26,389 --> 00:10:24,779

we've got no right to demand it we're

292

00:10:28,009 --> 00:10:26,399

not US citizens

293

00:10:30,650 --> 00:10:28,019

so anyone listening to this who has a

294

00:10:32,090 --> 00:10:30,660

U.S citizen U.S taxpayer I get that they

295

00:10:33,470 --> 00:10:32,100

would say well we do have the right and

296

00:10:34,490 --> 00:10:33,480

of course you can absolutely scream to

297

00:10:37,430 --> 00:10:34,500

the heavens about that kind of stuff

298

00:10:38,930 --> 00:10:37,440

they're still not going to to give in to

299

00:10:40,370 --> 00:10:38,940

the public as well on that unfortunately

300

00:10:42,970 --> 00:10:40,380

because that's just not how this kind of

301

00:10:45,470 --> 00:10:42,980

stuff works so yeah

302

00:10:48,170 --> 00:10:45,480

a really important thing there um I was

303

00:10:51,110 --> 00:10:48,180

speaking to a mutual friend who knows Dr

304

00:10:52,310 --> 00:10:51,120

Sean Kirkpatrick and there was a tweet a

305

00:10:54,470 --> 00:10:52,320

little while ago I can't remember who it

306

00:10:55,850 --> 00:10:54,480

was from but they said uh you know we

307

00:10:57,889 --> 00:10:55,860

need Kirkpatrick to come into these

308

00:10:59,389 --> 00:10:57,899

hearings and we need him to bring all

309

00:11:00,949 --> 00:10:59,399

the evidence he has on anything

310

00:11:02,750 --> 00:11:00,959

anomalous and just dump her on the table

311

00:11:05,389 --> 00:11:02,760

and show us everything

312

00:11:07,430 --> 00:11:05,399

um I fired that message off to the

313

00:11:10,250 --> 00:11:07,440

mutual friend and the mutual friend gave

314

00:11:12,590 --> 00:11:10,260

me an answer of just why why would he do

315

00:11:14,389 --> 00:11:12,600

that and after a bit of conversation it

316

00:11:17,030 --> 00:11:14,399

just came down to like what's the value

317

00:11:18,769 --> 00:11:17,040

in playing your hand instead of letting

318

00:11:20,810 --> 00:11:18,779

your adversaries be confused if we're

319

00:11:23,210 --> 00:11:20,820

frustrated imagine how China or Russia

320

00:11:25,730 --> 00:11:23,220

feels that that's a positive thing to

321

00:11:27,590 --> 00:11:25,740

have uh in terms of intelligence so in

322

00:11:29,329 --> 00:11:27,600

that kind of soft power go away

323

00:11:31,610 --> 00:11:29,339

yeah hashtag thoughts and prayers for

324

00:11:33,350 --> 00:11:31,620

China and Russia on that one

325

00:11:35,269 --> 00:11:33,360

um I think you touched on this before

326

00:11:36,829 --> 00:11:35,279

but we you mentioned uh whistleblowers

327

00:11:39,410 --> 00:11:36,839

potentially having already come forward

328

00:11:41,210 --> 00:11:39,420

to testify to Arrow

329

00:11:43,310 --> 00:11:41,220

um that'll be our take at the James Fox

330

00:11:45,530 --> 00:11:43,320

comments that happened on the amazing

331

00:11:48,290 --> 00:11:45,540

people podcast I saw it shared on

332

00:11:50,150 --> 00:11:48,300

Twitter by Mike Colangelo Colangelo

333

00:11:52,730 --> 00:11:50,160

sorry Mike whatever one it is but yeah

334

00:11:56,269 --> 00:11:52,740

Colin jail I'll go with sounds cooler

335

00:11:57,470 --> 00:11:56,279

um so let's see yeah it makes it yeah

336

00:12:00,829 --> 00:11:57,480

um but on the on the amazing people

337

00:12:01,850 --> 00:12:00,839

podcast James Fox said that here are the

338

00:12:03,949 --> 00:12:01,860

bullet points more than three

339

00:12:05,150 --> 00:12:03,959

whistleblowers have testified I liked

340

00:12:07,490 --> 00:12:05,160

the way he actually said it though he

341

00:12:08,389 --> 00:12:07,500

said not one not two not three more than

342

00:12:11,210 --> 00:12:08,399

three

343

00:12:11,990 --> 00:12:11,220

um a stop short of saying four could be

344

00:12:16,009 --> 00:12:12,000

more

345

00:12:17,449 --> 00:12:16,019

have testified to Arrow the individuals

346

00:12:18,170 --> 00:12:17,459

have not gone public we don't know their

347

00:12:20,750 --> 00:12:18,180

names

348

00:12:23,569 --> 00:12:20,760

he said that as part of this that they

349

00:12:25,550 --> 00:12:23,579

confirmed UFO crash retrievals uh UFO

350

00:12:26,990 --> 00:12:25,560

crash retrieval programs exist I'll come

351

00:12:28,970 --> 00:12:27,000

back to that one Dan

352

00:12:30,530 --> 00:12:28,980

some whistleblowers are still employed

353

00:12:32,449 --> 00:12:30,540

in these programs and these

354

00:12:35,210 --> 00:12:32,459

whistleblowers can walk you inside the

355

00:12:36,650 --> 00:12:35,220

labs okay going back to that point

356

00:12:38,870 --> 00:12:36,660

because I think this would be one of the

357

00:12:41,810 --> 00:12:38,880

big things to come from it UFO crash

358

00:12:43,670 --> 00:12:41,820

retrieval programs exist given what

359

00:12:46,129 --> 00:12:43,680

we've seen in recent months and and

360

00:12:48,110 --> 00:12:46,139

years in terms of foreign adversarial

361

00:12:50,389 --> 00:12:48,120

Tech and I think we're past the point of

362

00:12:52,430 --> 00:12:50,399

doubting now that China at least has

363

00:12:54,050 --> 00:12:52,440

some very cool technology that the US

364

00:12:56,750 --> 00:12:54,060

would love to get their hands on and no

365

00:12:59,930 --> 00:12:56,760

doubt vice versa is it fair to say that

366

00:13:02,090 --> 00:12:59,940

at least some of these types of programs

367

00:13:04,730 --> 00:13:02,100

are going to be about collecting foreign

368

00:13:06,710 --> 00:13:04,740

technology and not necessarily alien

369

00:13:09,350 --> 00:13:06,720

slash UFO technology

370

00:13:12,290 --> 00:13:09,360

I I can almost hear one of our listeners

371

00:13:14,509 --> 00:13:12,300

kind of saying foreign still means alien

372

00:13:15,889 --> 00:13:14,519

um but you're absolutely right

373

00:13:17,569 --> 00:13:15,899

um you know there's a whole host of

374

00:13:19,730 --> 00:13:17,579

reasons that a crash retrieval program

375

00:13:23,389 --> 00:13:19,740

Could Happen uh we have a number of

376

00:13:25,910 --> 00:13:23,399

reports historically where kind of

377

00:13:28,310 --> 00:13:25,920

crashed craft or wood you know

378

00:13:31,009 --> 00:13:28,320

sequestered away to bases and and later

379

00:13:32,509 --> 00:13:31,019

out later on uh the authority said you

380

00:13:33,949 --> 00:13:32,519

know that was just a down satellite and

381

00:13:35,690 --> 00:13:33,959

things like that

382

00:13:40,009 --> 00:13:35,700

um which have now kind of entered into

383

00:13:41,569 --> 00:13:40,019

UFO law but actually realistically could

384

00:13:42,889 --> 00:13:41,579

have been satellites or foreign

385

00:13:44,269 --> 00:13:42,899

platforms

386

00:13:45,470 --> 00:13:44,279

um and they absolutely have to keep an

387

00:13:47,150 --> 00:13:45,480

eye out for this kind of stuff because

388

00:13:49,730 --> 00:13:47,160

it gives them information right there

389

00:13:51,850 --> 00:13:49,740

was a article about the the Chinese

390

00:13:54,110 --> 00:13:51,860

balloon again and the kind of

391

00:13:55,009 --> 00:13:54,120

electronic signals it could have soaked

392

00:13:56,810 --> 00:13:55,019

up

393

00:13:58,730 --> 00:13:56,820

um and so they're always looking to to

394

00:14:00,889 --> 00:13:58,740

see you know what the adversaries are

395

00:14:03,430 --> 00:14:00,899

doing and the Crash retrieval program

396

00:14:05,750 --> 00:14:03,440

you know it's a vague enough term that

397

00:14:08,629 --> 00:14:05,760

retrieving anything that's crashed is

398

00:14:11,269 --> 00:14:08,639

basically the the bottom line for it

399

00:14:13,009 --> 00:14:11,279

um part of me wonders if anyone in these

400

00:14:14,569 --> 00:14:13,019

programs had maybe

401

00:14:16,670 --> 00:14:14,579

seen something when they've been

402

00:14:18,829 --> 00:14:16,680

retrieving it and kind of misinterpreted

403

00:14:21,410 --> 00:14:18,839

the situation so say for example you

404

00:14:24,829 --> 00:14:21,420

know in the 70s if Doris on a farm kind

405

00:14:26,690 --> 00:14:24,839

of sees a crashed I don't know aluminum

406

00:14:28,250 --> 00:14:26,700

kind of giant balloon

407

00:14:30,530 --> 00:14:28,260

um cheat interpret is something slightly

408

00:14:32,449 --> 00:14:30,540

different because you know it's just out

409

00:14:34,310 --> 00:14:32,459

of her world kind of thing

410

00:14:36,769 --> 00:14:34,320

and I always think with that one as well

411

00:14:38,690 --> 00:14:36,779

and I suppose this is going back

412

00:14:40,310 --> 00:14:38,700

God I would hate to think this kind of

413

00:14:45,710 --> 00:14:40,320

stuff still happens in modern day but

414

00:14:48,110 --> 00:14:45,720

the use of live bodies or formerly live

415

00:14:50,389 --> 00:14:48,120

bodies in high altitude programs

416

00:14:52,850 --> 00:14:50,399

crashing to Earth and then being either

417

00:14:54,650 --> 00:14:52,860

disfigured burned badly

418

00:14:56,210 --> 00:14:54,660

um and then being identified as

419

00:14:57,829 --> 00:14:56,220

something else and I know that's been

420

00:15:00,290 --> 00:14:57,839

something that's been rumored for for

421

00:15:02,569 --> 00:15:00,300

various different events such as even

422

00:15:04,730 --> 00:15:02,579

Roswell that it was you know um

423

00:15:07,250 --> 00:15:04,740

radiation but you know it was radiation

424

00:15:08,689 --> 00:15:07,260

it had deformed

425

00:15:10,189 --> 00:15:08,699

um prisoners of War things like that

426

00:15:11,930 --> 00:15:10,199

right and I get that's all kind of

427

00:15:13,970 --> 00:15:11,940

conspiracy stuff as well

428

00:15:16,310 --> 00:15:13,980

um

429

00:15:17,870 --> 00:15:16,320

sure surely not now

430

00:15:20,689 --> 00:15:17,880

um but I'm digressing on that one sorry

431

00:15:23,090 --> 00:15:20,699

so it's interesting though yeah yeah

432

00:15:24,590 --> 00:15:23,100

yeah it's a whole different conversation

433

00:15:25,490 --> 00:15:24,600

rabbit hole isn't it with that kind of

434

00:15:27,949 --> 00:15:25,500

stuff

435

00:15:29,569 --> 00:15:27,959

um I just think it's fair that if we're

436

00:15:30,949 --> 00:15:29,579

going to come forward if someone's going

437

00:15:34,189 --> 00:15:30,959

to come forward and talk about Crash

438

00:15:36,170 --> 00:15:34,199

retrieval programs that that can excite

439

00:15:39,470 --> 00:15:36,180

people all they like but we have to hear

440

00:15:41,689 --> 00:15:39,480

something about why it's they think it's

441

00:15:44,329 --> 00:15:41,699

exotic why they think it's that other

442

00:15:46,670 --> 00:15:44,339

why they can tell us it's not Russian

443

00:15:49,490 --> 00:15:46,680

it's not Chinese it's not us it's not a

444

00:15:52,370 --> 00:15:49,500

known Powers technology because of this

445

00:15:54,230 --> 00:15:52,380

that that for me would have to be at

446

00:15:56,389 --> 00:15:54,240

least confirmed in the background but I

447

00:15:58,850 --> 00:15:56,399

would love for the love of God hear that

448

00:16:00,530 --> 00:15:58,860

in a public setting that you know we

449

00:16:02,810 --> 00:16:00,540

know it's that something we know it's

450

00:16:04,250 --> 00:16:02,820

not ours but then again is that I'm

451
00:16:07,990 --> 00:16:04,260
thinking out loud to your sorry Dan and

452
00:16:13,009 --> 00:16:10,850
yeah yeah is that then too much because

453
00:16:16,490 --> 00:16:13,019
you're then acknowledging you might as

454
00:16:19,189 --> 00:16:16,500
well say aliens that point you know

455
00:16:21,590 --> 00:16:19,199
because if you see it's definitely not

456
00:16:24,530 --> 00:16:21,600
in that kind of setting the mainstream

457
00:16:27,170 --> 00:16:24,540
media that maybe has got half an eye on

458
00:16:28,850 --> 00:16:27,180
the subject then fully turns our head

459
00:16:30,350 --> 00:16:28,860
and goes sorry it's definitely not

460
00:16:32,449 --> 00:16:30,360
theirs because why

461
00:16:34,910 --> 00:16:32,459
and then it becomes a bigger story as

462
00:16:37,069 --> 00:16:34,920
opposed to keeping it as you say koi

463
00:16:38,389 --> 00:16:37,079

keeping it under wraps aloof you know

464

00:16:40,670 --> 00:16:38,399

whatever kind of word you want to use

465

00:16:42,290 --> 00:16:40,680

around that so so yeah that's one for me

466

00:16:46,069 --> 00:16:42,300

that we can talk about Crash retrieval

467

00:16:49,490 --> 00:16:46,079

programs but I don't doubt that some if

468

00:16:51,650 --> 00:16:49,500

not many of these are about retrieving

469

00:16:55,129 --> 00:16:51,660

human Tech from adversarial technology

470

00:16:56,329 --> 00:16:55,139

you know God even us technology that is

471

00:16:58,790 --> 00:16:56,339

from

472

00:16:59,930 --> 00:16:58,800

private contractors in the US that are

473

00:17:01,610 --> 00:16:59,940

doing things the government might not

474

00:17:04,370 --> 00:17:01,620

even know about and

475

00:17:06,470 --> 00:17:04,380

when it crashes it's fair game you know

476

00:17:08,630 --> 00:17:06,480

becoming air these things happen

477

00:17:10,069 --> 00:17:08,640

um can you imagine it was the US

478

00:17:13,429 --> 00:17:10,079

catching their own technology and having

479

00:17:15,530 --> 00:17:13,439

it back engineer it yes yeah imagine

480

00:17:17,929 --> 00:17:15,540

like just just uh you know a department

481

00:17:19,610 --> 00:17:17,939

of say the CIA kind of seeing darpa's

482

00:17:21,949 --> 00:17:19,620

drone and not realizing because they

483

00:17:24,230 --> 00:17:21,959

don't talk to each other right uh yeah

484

00:17:26,449 --> 00:17:24,240

that's a that's a genuine worry and and

485

00:17:29,090 --> 00:17:26,459

technically I I would imagine that

486

00:17:29,950 --> 00:17:29,100

people like uh sorry countries like

487

00:17:33,530 --> 00:17:29,960

China

488

00:17:35,630 --> 00:17:33,540

probably kind of sent out a team to try

489

00:17:37,669 --> 00:17:35,640

and retrieve you know the balloons that

490

00:17:39,110 --> 00:17:37,679

were shot down if they were theirs

491

00:17:40,549 --> 00:17:39,120

um which would be a crash retrieval

492

00:17:42,650 --> 00:17:40,559

operation right

493

00:17:45,110 --> 00:17:42,660

um so so we have to be careful with yeah

494

00:17:47,029 --> 00:17:45,120

setting our expectations the bit the

495

00:17:48,650 --> 00:17:47,039

Tweet to me is that

496

00:17:52,549 --> 00:17:48,660

these people are in these classified

497

00:17:55,370 --> 00:17:52,559

programs and are talking about it when

498

00:17:57,350 --> 00:17:55,380

they're they were very Hefty kind of

499

00:17:59,630 --> 00:17:57,360

repercussions for doing things like that

500

00:18:02,690 --> 00:17:59,640

even even if you you know put aside all

501
00:18:05,330 --> 00:18:02,700
of these kind of maybe existent

502
00:18:07,610 --> 00:18:05,340
crazy classification levels

503
00:18:08,810 --> 00:18:07,620
um there's still a process for for going

504
00:18:09,770 --> 00:18:08,820
through and discussing classified

505
00:18:12,070 --> 00:18:09,780
information

506
00:18:18,350 --> 00:18:12,080
um in the legislation just passed we had

507
00:18:20,690 --> 00:18:18,360
uh Arrow was directed to uh set up uh uh

508
00:18:22,909 --> 00:18:20,700
kind of a secure compartment so people

509
00:18:25,070 --> 00:18:22,919
could send in classified information

510
00:18:27,049 --> 00:18:25,080
about Legacy programs exactly what we're

511
00:18:29,870 --> 00:18:27,059
talking about but that's not set up yet

512
00:18:32,029 --> 00:18:29,880
so comments like they'll take you into

513
00:18:34,430 --> 00:18:32,039

the lab and they're talking about it

514

00:18:35,930 --> 00:18:34,440

kind of you know what metal gear solid

515

00:18:38,210 --> 00:18:35,940

when the little exclamation mark comes

516

00:18:39,830 --> 00:18:38,220

above the guy's heads that's what my

517

00:18:41,690 --> 00:18:39,840

head does when I hear things like that

518

00:18:44,270 --> 00:18:41,700

because how how are these people talking

519

00:18:46,490 --> 00:18:44,280

about this stuff I don't understand

520

00:18:47,930 --> 00:18:46,500

but that's also some of the fun stuff to

521

00:18:50,930 --> 00:18:47,940

speculate and talk about but like you

522

00:18:52,909 --> 00:18:50,940

say it it's a throwaway comment and

523

00:18:56,210 --> 00:18:52,919

listen I I even commented last night on

524

00:18:57,830 --> 00:18:56,220

Twitter uh I love hearing James Fox talk

525

00:18:59,630 --> 00:18:57,840

um he's one of my top people to speak to

526

00:19:02,210 --> 00:18:59,640

and just hear talk about the subject

527

00:19:04,970 --> 00:19:02,220

because he still comes across as someone

528

00:19:07,190 --> 00:19:04,980

who hasn't rehearsed what he said he's

529

00:19:09,350 --> 00:19:07,200

not saying the same comments over and

530

00:19:12,230 --> 00:19:09,360

over and over it's he really wants to

531

00:19:13,970 --> 00:19:12,240

spill the beans but he's he's excited

532

00:19:15,529 --> 00:19:13,980

and a fan of the subject and I think

533

00:19:17,029 --> 00:19:15,539

that comes across when he talks and in

534

00:19:18,890 --> 00:19:17,039

his work as well so

535

00:19:20,750 --> 00:19:18,900

um yeah thanks to to James Frick and I

536

00:19:22,610 --> 00:19:20,760

share in those comments as well but Dan

537

00:19:24,350 --> 00:19:22,620

just to go back to what you said at the

538

00:19:26,390 --> 00:19:24,360

start you don't think we're going to get

539

00:19:28,010 --> 00:19:26,400

hearings this April given time scales

540

00:19:29,690 --> 00:19:28,020

and whatnot do you think we're still

541

00:19:30,789 --> 00:19:29,700

going to get them before the summer or

542

00:19:33,350 --> 00:19:30,799

by the summer

543

00:19:35,330 --> 00:19:33,360

I'd say probably around the summer you

544

00:19:36,950 --> 00:19:35,340

know this month seems to be all the air

545

00:19:38,750 --> 00:19:36,960

in the media is now taken up with uh

546

00:19:40,190 --> 00:19:38,760

Donald Trump being kind of arrested and

547

00:19:42,470 --> 00:19:40,200

everything that's going on there you

548

00:19:45,529 --> 00:19:42,480

know what comes of it I I have no idea

549

00:19:47,390 --> 00:19:45,539

it's again that kind of balance between

550

00:19:49,250 --> 00:19:47,400

something actually happening and a bit

551
00:19:50,029 --> 00:19:49,260
of a dog and pony show for me yeah you

552
00:19:51,710 --> 00:19:50,039
know

553
00:19:53,450 --> 00:19:51,720
um but I feel like that's just going to

554
00:19:55,310 --> 00:19:53,460
take up all the kind of mind share and

555
00:19:57,529 --> 00:19:55,320
discussion now this month

556
00:19:59,390 --> 00:19:57,539
um and yeah so it might be closer to

557
00:20:00,950 --> 00:19:59,400
Summer that we kind of see these

558
00:20:03,230 --> 00:20:00,960
hearings

559
00:20:05,090 --> 00:20:03,240
can you imagine

560
00:20:07,130 --> 00:20:05,100
anyway yeah I can imagine Trump in the

561
00:20:09,110 --> 00:20:07,140
in whatever it is his indictment plays a

562
00:20:11,409 --> 00:20:09,120
UFO card somewhere that could always you

563
00:20:15,409 --> 00:20:11,419

know I wouldn't get past the Dolphins

564

00:20:17,270 --> 00:20:15,419

yeah yeah yeah I mean of all the people

565

00:20:18,590 --> 00:20:17,280

he would be one of the top top

566

00:20:20,029 --> 00:20:18,600

candidates for that kind of thing along

567

00:20:23,450 --> 00:20:20,039

with Elon Musk

568

00:20:24,830 --> 00:20:23,460

um but hey ho let's not get political

569

00:20:27,110 --> 00:20:24,840

knock knock

570

00:20:29,090 --> 00:20:27,120

who's there Tom DeLong knocking on

571

00:20:30,650 --> 00:20:29,100

doorstand this is what he did back in

572

00:20:32,330 --> 00:20:30,660

the day uh before two of the Stars

573

00:20:35,510 --> 00:20:32,340

Academy and Twitter Stars Academy

574

00:20:37,070 --> 00:20:35,520

recently had their shareholder call now

575

00:20:38,870 --> 00:20:37,080

actually I'm going to connect myself and

576

00:20:40,789 --> 00:20:38,880

you'd be the first person to do it is it

577

00:20:43,029 --> 00:20:40,799

still to the Stars Academy

578

00:20:45,770 --> 00:20:43,039

so it's to the stars

579

00:20:47,930 --> 00:20:45,780

and I actually noted that in my notes so

580

00:20:50,029 --> 00:20:47,940

until yesterday also would verse that

581

00:20:52,310 --> 00:20:50,039

question so okay that's fine because

582

00:20:54,669 --> 00:20:52,320

there was two stars to the Stars Academy

583

00:20:58,010 --> 00:20:54,679

two stars Academy of Arts and Science

584

00:21:00,650 --> 00:20:58,020

ttsa I mean everything has many acronyms

585

00:21:04,250 --> 00:21:00,660

as Arrow UAP task force you know aim

586

00:21:07,310 --> 00:21:04,260

song so it's just a thing the way that

587

00:21:09,350 --> 00:21:07,320

um Jim I was gonna say Steve semivan

588

00:21:12,710 --> 00:21:09,360

then James Sammy van

589

00:21:17,150 --> 00:21:15,470

um spoke about the the UFO work is that

590

00:21:19,370 --> 00:21:17,160

they call themselves to the stars but

591

00:21:21,169 --> 00:21:19,380

that's their public benefit kind of side

592

00:21:22,669 --> 00:21:21,179

of things so they're not looking to make

593

00:21:24,289 --> 00:21:22,679

a profit with the UFO work they're just

594

00:21:25,430 --> 00:21:24,299

looking to kind of get get the word out

595

00:21:26,930 --> 00:21:25,440

more

596

00:21:29,149 --> 00:21:26,940

um so you're a shareholder into the

597

00:21:31,370 --> 00:21:29,159

stars um it was nothing massive and just

598

00:21:33,169 --> 00:21:31,380

for disclaimers folks Dan you put that

599

00:21:34,130 --> 00:21:33,179

money in long before I met you and I

600

00:21:36,830 --> 00:21:34,140

think you said to me it was something

601
00:21:38,710 --> 00:21:36,840
like 40 or 50k that you put in just a

602
00:21:42,049 --> 00:21:38,720
small amount yeah

603
00:21:44,570 --> 00:21:42,059
I think it was like about 320 pounds

604
00:21:46,630 --> 00:21:44,580
English yeah

605
00:21:48,649 --> 00:21:46,640
um and so yeah

606
00:21:51,169 --> 00:21:48,659
what were the kind of highlights from

607
00:21:52,909 --> 00:21:51,179
the call so the main thing was just uh

608
00:21:54,950 --> 00:21:52,919
asking shareholders to vote on the board

609
00:21:56,750 --> 00:21:54,960
members uh we had to vote on whether we

610
00:21:58,909 --> 00:21:56,760
wanted Tom to stay where he was Jim to

611
00:22:00,890 --> 00:21:58,919
stay where he was and uh Chris Miser as

612
00:22:03,529 --> 00:22:00,900
well as well as Stan Sprite stamp spray

613
00:22:06,529 --> 00:22:03,539

is interesting because he runs cartel

614

00:22:09,710 --> 00:22:06,539

entertainment and they are the guys that

615

00:22:12,230 --> 00:22:09,720

help kind of fund and get uh Monsters of

616

00:22:13,850 --> 00:22:12,240

California off the ground so it's great

617

00:22:15,529 --> 00:22:13,860

that he's on the board because you know

618

00:22:17,630 --> 00:22:15,539

that's just production know-how and and

619

00:22:19,250 --> 00:22:17,640

that just comes with experience

620

00:22:20,990 --> 00:22:19,260

um and on that was there any update on

621

00:22:22,190 --> 00:22:21,000

monster in California because I know

622

00:22:23,630 --> 00:22:22,200

you've told me but I think for the

623

00:22:25,610 --> 00:22:23,640

listeners I'd like some of them would

624

00:22:27,649 --> 00:22:25,620

like to know because I am very excited

625

00:22:30,049 --> 00:22:27,659

for this I know you are because this is

626

00:22:31,909 --> 00:22:30,059

Tom delong's one of his passion projects

627

00:22:34,250 --> 00:22:31,919

it's a movie where I think we're

628

00:22:37,250 --> 00:22:34,260

expecting to see a lot of what Tom

629

00:22:40,010 --> 00:22:37,260

Delong thinks about the UFO topic cut

630

00:22:41,810 --> 00:22:40,020

forward in the format of a movie

631

00:22:43,549 --> 00:22:41,820

um yeah I I would agree with you yeah

632

00:22:46,250 --> 00:22:43,559

you know there's going to be you know

633

00:22:47,630 --> 00:22:46,260

some probably crude jokes and things

634

00:22:50,990 --> 00:22:47,640

like that kind of thrown in but

635

00:22:52,370 --> 00:22:51,000

fantastic license as well that's his

636

00:22:54,890 --> 00:22:52,380

declarations yeah

637

00:22:57,230 --> 00:22:54,900

um but yeah we're gonna get a few ideas

638

00:22:59,810 --> 00:22:57,240

as to what Tom has been told what he's

639

00:23:01,730 --> 00:22:59,820

been discussing you know especially for

640

00:23:03,289 --> 00:23:01,740

a general audience that doesn't do you

641

00:23:05,210 --> 00:23:03,299

know podcasts and say on social medias

642

00:23:07,010 --> 00:23:05,220

talking about UFOs it's going to be a

643

00:23:08,149 --> 00:23:07,020

really kind of casual Inn for a lot of

644

00:23:09,590 --> 00:23:08,159

ideas

645

00:23:11,390 --> 00:23:09,600

um kind of in the same way that nope was

646

00:23:12,770 --> 00:23:11,400

right like there was that one key idea

647

00:23:15,169 --> 00:23:12,780

that was a little different in there

648

00:23:17,390 --> 00:23:15,179

that uh spoilers for anyone that hasn't

649

00:23:19,310 --> 00:23:17,400

watched nope uh just that you know we're

650

00:23:20,930 --> 00:23:19,320

looking at extremophiles instead of kind

651
00:23:22,070 --> 00:23:20,940
of flying craft

652
00:23:23,690 --> 00:23:22,080
um and it just makes you think a little

653
00:23:25,370 --> 00:23:23,700
bit differently about the phenomena so

654
00:23:27,230 --> 00:23:25,380
I'm hoping that monsters will will

655
00:23:29,270 --> 00:23:27,240
contain a lot of that but it's got a

656
00:23:30,710 --> 00:23:29,280
distribution deal and basically they're

657
00:23:32,450 --> 00:23:30,720
working it out

658
00:23:34,789 --> 00:23:32,460
um so I would imagine we're going to see

659
00:23:37,370 --> 00:23:34,799
that sooner rather than later Tom was

660
00:23:38,870 --> 00:23:37,380
real excited about her on the call so uh

661
00:23:39,950 --> 00:23:38,880
yeah fingers crossed that doesn't take

662
00:23:42,590 --> 00:23:39,960
too long they mentioned kind of

663
00:23:43,970 --> 00:23:42,600

merchandise being designed and things so

664

00:23:45,350 --> 00:23:43,980

they're probably just getting all their

665

00:23:46,970 --> 00:23:45,360

ducks in a row before kind of getting

666

00:23:48,950 --> 00:23:46,980

that out

667

00:23:52,070 --> 00:23:48,960

um something interesting that was spoken

668

00:23:54,649 --> 00:23:52,080

about was uh so they mentioned there's

669

00:23:56,330 --> 00:23:54,659

19 projects in the works all of which

670

00:23:57,710 --> 00:23:56,340

are kind of far enough along in

671

00:23:59,750 --> 00:23:57,720

development that they don't need Thomas

672

00:24:01,970 --> 00:23:59,760

personal time now so he's able to go off

673

00:24:04,970 --> 00:24:01,980

with blank and do his thing

674

00:24:08,029 --> 00:24:04,980

um but amongst those projects is a

675

00:24:10,610 --> 00:24:08,039

project about how put offs work and his

676
00:24:12,409 --> 00:24:10,620
past with remote viewing and the UFO

677
00:24:14,690 --> 00:24:12,419
subject and apparently there's a lot of

678
00:24:17,270 --> 00:24:14,700
stuff that we haven't heard from from

679
00:24:19,310 --> 00:24:17,280
Hal's background and it'll be contained

680
00:24:21,110 --> 00:24:19,320
in this kind of film which sounds

681
00:24:23,510 --> 00:24:21,120
interesting right

682
00:24:26,090 --> 00:24:23,520
um and then we had an update on the the

683
00:24:29,029 --> 00:24:26,100
krata from Jim semiban the crowded for

684
00:24:31,250 --> 00:24:29,039
those that aren't familiar is

685
00:24:34,370 --> 00:24:31,260
to the Stars Academy of Arts and

686
00:24:36,049 --> 00:24:34,380
Sciences at Riemann uh with the US Army

687
00:24:39,110 --> 00:24:36,059
to give them a bit of material which was

688
00:24:41,149 --> 00:24:39,120

the abysmouth bit from a Arts Parts or

689

00:24:41,870 --> 00:24:41,159

Linda montejo

690

00:24:44,230 --> 00:24:41,880

um

691

00:24:46,430 --> 00:24:44,240

and let them study it

692

00:24:47,870 --> 00:24:46,440

can I just put that in layman's terms

693

00:24:48,830 --> 00:24:47,880

even for people like myself who are

694

00:24:51,110 --> 00:24:48,840

idiots

695

00:24:54,409 --> 00:24:51,120

um that was a bit of supported UFO

696

00:24:55,669 --> 00:24:54,419

debris oh sure Tom yeah Tom's along bot

697

00:24:57,049 --> 00:24:55,679

because what you said was perfectly

698

00:24:59,750 --> 00:24:57,059

right but even I would have been like

699

00:25:01,250 --> 00:24:59,760

what if I'm not too familiar with it but

700

00:25:02,750 --> 00:25:01,260

yeah I suppose a better view if or

701
00:25:04,610 --> 00:25:02,760
Deputy wasn't it that they purchased

702
00:25:06,470 --> 00:25:04,620
from Linda malt now

703
00:25:09,350 --> 00:25:06,480
um exactly they've got the deal but yeah

704
00:25:11,990 --> 00:25:09,360
sorry carry on uh yeah so that's exactly

705
00:25:14,090 --> 00:25:12,000
the deal um apparently Santa Bell back

706
00:25:16,010 --> 00:25:14,100
in the day and kind of passed down

707
00:25:18,350 --> 00:25:16,020
um so if that's finally being studied

708
00:25:20,690 --> 00:25:18,360
apparently that program's still going

709
00:25:22,909 --> 00:25:20,700
but when they kind of spoke about it

710
00:25:26,510 --> 00:25:22,919
they said it was expanding to some

711
00:25:29,450 --> 00:25:26,520
National Labs as well as involving and

712
00:25:31,909 --> 00:25:29,460
and I'm I'm kind of paraphrasing here

713
00:25:36,409 --> 00:25:31,919

but they didn't say the exact terms so

714

00:25:40,370 --> 00:25:36,419

uh they said the established UAP study

715

00:25:42,590 --> 00:25:40,380

program in the USA which to me is Arrow

716

00:25:44,630 --> 00:25:42,600

um but they didn't say the name so I've

717

00:25:46,909 --> 00:25:44,640

got to kind of go okay you know I can't

718

00:25:48,230 --> 00:25:46,919

say there's definitely that but it's

719

00:25:50,810 --> 00:25:48,240

interesting that Arrow would get

720

00:25:53,450 --> 00:25:50,820

involved in studying materials like this

721

00:25:55,070 --> 00:25:53,460

here's an interesting question that I've

722

00:26:00,230 --> 00:25:55,080

just thought of off the top of my head

723

00:26:04,730 --> 00:26:02,630

long pause for effect and I think the

724

00:26:07,610 --> 00:26:04,740

best way to put this

725

00:26:11,269 --> 00:26:07,620

I'm someone in possession of a piece of

726

00:26:13,970 --> 00:26:11,279

UFO debris like Tom DeLonge was okay and

727

00:26:14,870 --> 00:26:13,980

he gives us over to the US Army in an

728

00:26:17,330 --> 00:26:14,880

agreement

729

00:26:19,310 --> 00:26:17,340

yeah we're talking about an army which

730

00:26:21,370 --> 00:26:19,320

is part of a government which supposedly

731

00:26:25,549 --> 00:26:21,380

has had or has

732

00:26:27,529 --> 00:26:25,559

PCS or full intact craft

733

00:26:29,630 --> 00:26:27,539

what do you do when someone hands you

734

00:26:31,190 --> 00:26:29,640

what is what a pebble sized piece of

735

00:26:33,769 --> 00:26:31,200

debris because it's quite small isn't it

736

00:26:35,330 --> 00:26:33,779

it's not yeah they're about yeah and

737

00:26:38,090 --> 00:26:35,340

then you potentially have a crashed

738

00:26:41,269 --> 00:26:38,100

craft somewhere what

739

00:26:42,890 --> 00:26:41,279

you know what happens here because

740

00:26:44,630 --> 00:26:42,900

they have it or they don't and I'm not

741

00:26:46,669 --> 00:26:44,640

saying the US Army know about all that

742

00:26:49,190 --> 00:26:46,679

kind of stuff but

743

00:26:51,049 --> 00:26:49,200

see they don't have anything and it's

744

00:26:52,549 --> 00:26:51,059

how do you even begin to start to study

745

00:26:53,690 --> 00:26:52,559

that people like Gary Nolan I've done

746

00:26:55,430 --> 00:26:53,700

some brilliant interviews in the past

747

00:26:57,529 --> 00:26:55,440

about how you begin to study this stuff

748

00:26:59,450 --> 00:26:57,539

why it takes so long to do it you don't

749

00:27:02,570 --> 00:26:59,460

just run a test and go yep it's alien

750

00:27:04,610 --> 00:27:02,580

that's not how it works but

751
00:27:07,669 --> 00:27:04,620
it's such a small piece compared to what

752
00:27:09,230 --> 00:27:07,679
the rumors are that already exists in

753
00:27:11,090 --> 00:27:09,240
the hands of private contractors all

754
00:27:13,330 --> 00:27:11,100
that kind of thing as well so it's such

755
00:27:16,070 --> 00:27:13,340
a such a breadth of

756
00:27:17,690 --> 00:27:16,080
research there that here's a tiny bit

757
00:27:19,730 --> 00:27:17,700
let's spend a long time researching it

758
00:27:22,250 --> 00:27:19,740
and then we hear they've got crashed

759
00:27:24,409 --> 00:27:22,260
craft intact that they either can or

760
00:27:25,789 --> 00:27:24,419
can't work

761
00:27:27,010 --> 00:27:25,799
I don't even know what I'm trying to ask

762
00:27:29,890 --> 00:27:27,020
here it's

763
00:27:33,529 --> 00:27:29,900

I guess

764

00:27:36,169 --> 00:27:33,539

right like yeah that again is that

765

00:27:37,610 --> 00:27:36,179

gamesmanship that kind of pretending

766

00:27:41,330 --> 00:27:37,620

um and I think this is why we're getting

767

00:27:43,490 --> 00:27:41,340

that kind of psyop talk because we think

768

00:27:45,590 --> 00:27:43,500

they have a crash craft and now they're

769

00:27:47,810 --> 00:27:45,600

pretending or they're studying kind of

770

00:27:49,730 --> 00:27:47,820

this chunk that they got from you know a

771

00:27:52,730 --> 00:27:49,740

radio host who passed it to a YouTube

772

00:27:54,830 --> 00:27:52,740

host who passed it to a rock star yeah

773

00:27:56,090 --> 00:27:54,840

um I think you're exactly right and it

774

00:27:58,130 --> 00:27:56,100

sounds awful when you say it like that

775

00:27:59,769 --> 00:27:58,140

the radio almost into the YouTube poster

776

00:28:01,610 --> 00:27:59,779

you give it to the rock star yeah okay

777

00:28:04,190 --> 00:28:01,620

that's kind of what we're looking at

778

00:28:06,110 --> 00:28:04,200

right like realistically you know it

779

00:28:08,210 --> 00:28:06,120

kind of diminishes it a little bit but

780

00:28:09,350 --> 00:28:08,220

essentially that's what it is and and

781

00:28:10,789 --> 00:28:09,360

they've still gotten to the point with

782

00:28:13,850 --> 00:28:10,799

the armies taking it and they're testing

783

00:28:15,649 --> 00:28:13,860

it so you know this work is being done

784

00:28:17,390 --> 00:28:15,659

um even if you know that line of custody

785

00:28:18,769 --> 00:28:17,400

isn't you know anyone's kind of favorite

786

00:28:20,690 --> 00:28:18,779

thing

787

00:28:21,950 --> 00:28:20,700

um I would love to think just on that I

788

00:28:23,029 --> 00:28:21,960

would love to think I've got in my head

789

00:28:24,950 --> 00:28:23,039

now that they've got that little bit

790

00:28:26,570 --> 00:28:24,960

that's chipped off and that someone's

791

00:28:28,610 --> 00:28:26,580

given it to some scientist who basically

792

00:28:30,890 --> 00:28:28,620

walks up to a full craft then the lab

793

00:28:32,690 --> 00:28:30,900

and goes ah and places it on a chipped

794

00:28:34,909 --> 00:28:32,700

piece of The Craft and goes yeah came

795

00:28:36,830 --> 00:28:34,919

off this one yeah do you think the craft

796

00:28:38,930 --> 00:28:36,840

came back alive once they slide maybe

797

00:28:41,149 --> 00:28:38,940

just in my head as you said that it kind

798

00:28:44,810 --> 00:28:41,159

of glowed out yeah like Independence Day

799

00:28:46,730 --> 00:28:44,820

when it goes up yeah ah that was the BET

800

00:28:47,930 --> 00:28:46,740

yeah oh like Superman's crystals you

801
00:28:50,930 --> 00:28:47,940
know when they put the crystal in the

802
00:28:52,970 --> 00:28:50,940
crystal thing yeah potentially

803
00:28:55,610 --> 00:28:52,980
um I mean that would be cool right like

804
00:28:57,289 --> 00:28:55,620
whatever happens at some point and I

805
00:29:00,409 --> 00:28:57,299
doubt we'll ever see it but I I would

806
00:29:02,870 --> 00:29:00,419
love kind of the inside story on this

807
00:29:05,149 --> 00:29:02,880
kind of a whole series of events you

808
00:29:07,070 --> 00:29:05,159
know if it is a sign up tell us when

809
00:29:09,890 --> 00:29:07,080
you're finished you know please like it

810
00:29:11,570 --> 00:29:09,900
yeah yeah let us know once it's done and

811
00:29:12,830 --> 00:29:11,580
no longer interesting that look it was

812
00:29:15,289 --> 00:29:12,840
but here's what happened because that

813
00:29:17,029 --> 00:29:15,299

would be a cool story and advertise the

814

00:29:19,130 --> 00:29:17,039

sequel when it's happening just so just

815

00:29:21,169 --> 00:29:19,140

so we can get excited yeah but yeah

816

00:29:23,210 --> 00:29:21,179

that's interesting on the piece and I

817

00:29:25,610 --> 00:29:23,220

don't think we'll ever hear any more

818

00:29:27,230 --> 00:29:25,620

about that unless we got a proper form

819

00:29:28,490 --> 00:29:27,240

of disclosure where they would come out

820

00:29:30,350 --> 00:29:28,500

and see yeah we've got a better one of

821

00:29:32,210 --> 00:29:30,360

those craft don't worry you know Jim and

822

00:29:34,490 --> 00:29:32,220

Jimmy did say during the discussion that

823

00:29:36,590 --> 00:29:34,500

any results that are discussed have to

824

00:29:39,710 --> 00:29:36,600

be agreed upon by every single party

825

00:29:43,010 --> 00:29:39,720

involved so that's the labs that uh the

826

00:29:46,970 --> 00:29:43,020

US Army that's probably Arrow now plus

827

00:29:49,490 --> 00:29:46,980

ttsa so it's not just up to uh sorry TTS

828

00:29:51,470 --> 00:29:49,500

uh it's not just up to the Stars to kind

829

00:29:53,389 --> 00:29:51,480

of spill these beans it needs to be done

830

00:29:54,889 --> 00:29:53,399

in a in a proper professional way

831

00:29:57,409 --> 00:29:54,899

according to the contract that was

832

00:29:59,510 --> 00:29:57,419

agreed upon and not timed along halfway

833

00:30:01,250 --> 00:29:59,520

through a world tour playing Amsterdam

834

00:30:02,330 --> 00:30:01,260

started night in a row and just goes you

835

00:30:04,610 --> 00:30:02,340

know what we just had some great news

836

00:30:06,110 --> 00:30:04,620

today folks uh yep we found out this

837

00:30:08,210 --> 00:30:06,120

piece of craft is alien technology

838

00:30:10,909 --> 00:30:08,220

here's aliens exist take off your pants

839

00:30:12,470 --> 00:30:10,919

and then it goes in here yeah that would

840

00:30:14,330 --> 00:30:12,480

have been a toned along wouldn't it yeah

841

00:30:17,649 --> 00:30:14,340

it would yeah yeah I mean I wouldn't be

842

00:30:19,730 --> 00:30:17,659

opposed to that but you know yeah yeah

843

00:30:21,889 --> 00:30:19,740

at the Glasgow gig would be good

844

00:30:24,350 --> 00:30:21,899

everyone yeah

845

00:30:26,090 --> 00:30:24,360

um any anything more from the call

846

00:30:27,289 --> 00:30:26,100

I'm just trying to think off the top of

847

00:30:29,510 --> 00:30:27,299

my head

848

00:30:32,029 --> 00:30:29,520

I don't think so all the board members

849

00:30:34,850 --> 00:30:32,039

will re kind of you know voted back in

850

00:30:37,070 --> 00:30:34,860

so that's going to carry on

851

00:30:38,570 --> 00:30:37,080

um and yeah they were all the things

852

00:30:40,669 --> 00:30:38,580

touched on I was hoping for a q a

853

00:30:41,870 --> 00:30:40,679

session but that didn't happen

854

00:30:43,549 --> 00:30:41,880

um I had a bunch of questions in

855

00:30:45,409 --> 00:30:43,559

including hey Tom do you want to come on

856

00:30:46,850 --> 00:30:45,419

that UFO podcast

857

00:30:49,970 --> 00:30:46,860

um but

858

00:30:52,610 --> 00:30:49,980

I I think there was a another event the

859

00:30:55,070 --> 00:30:52,620

same day for people who had invested

860

00:30:56,690 --> 00:30:55,080

that 40 50k or where they got those kind

861

00:30:58,610 --> 00:30:56,700

of private meetings and Q and A's and

862

00:31:00,350 --> 00:30:58,620

stuff so if anyone's listening who wants

863

00:31:02,810 --> 00:31:00,360

to be a part of that get give this a

864

00:31:04,730 --> 00:31:02,820

shout yeah apparently the Q a happened

865

00:31:08,510 --> 00:31:04,740

an hour later

866

00:31:10,970 --> 00:31:08,520

uh yes the uh yeah but uh the pierced

867

00:31:12,529 --> 00:31:10,980

animal wasn't on it so yeah there you go

868

00:31:14,210 --> 00:31:12,539

um I don't know why that was maybe it

869

00:31:15,529 --> 00:31:14,220

was for the big investors you know yeah

870

00:31:17,450 --> 00:31:15,539

hey ho

871

00:31:19,130 --> 00:31:17,460

um lesson a couple of things just to

872

00:31:20,810 --> 00:31:19,140

finish off I stand before I ask you can

873

00:31:23,930 --> 00:31:20,820

I tell us what's on your radar this

874

00:31:26,090 --> 00:31:23,940

month uh the alien signal article I know

875

00:31:28,610 --> 00:31:26,100

a lot of people commented on this online

876

00:31:30,889 --> 00:31:28,620

um that's got a ton of engagement on on

877

00:31:32,510 --> 00:31:30,899

the Twitter post I literally retweet it

878

00:31:33,529 --> 00:31:32,520

from the website of the independent

879

00:31:35,630 --> 00:31:33,539

right

880

00:31:37,490 --> 00:31:35,640

um my wife sent me on Twitter on

881

00:31:39,710 --> 00:31:37,500

WhatsApp saying I take it you've seen

882

00:31:41,210 --> 00:31:39,720

this and I was like oh interesting and

883

00:31:43,130 --> 00:31:41,220

put out on Twitter and it got a whole

884

00:31:45,110 --> 00:31:43,140

lot of Engagement more so than anything

885

00:31:47,090 --> 00:31:45,120

I've put out so there we go here's how

886

00:31:49,070 --> 00:31:47,100

these things happen thanks to my piano

887

00:31:50,990 --> 00:31:49,080

post with a bunch of puppies like I've

888

00:31:53,510 --> 00:31:51,000

done some great posts but that one keeps

889

00:31:55,730 --> 00:31:53,520

coming back yeah it's funny what takes

890

00:31:56,990 --> 00:31:55,740

off isn't it um it was about the click

891

00:31:59,210 --> 00:31:57,000

bait headline wasn't it basically

892

00:32:01,370 --> 00:31:59,220

alluding to an alien planet and we found

893

00:32:03,409 --> 00:32:01,380

a coherent signal from it

894

00:32:04,970 --> 00:32:03,419

um I I quite enjoy these articles but

895

00:32:07,010 --> 00:32:04,980

some people didn't like it as much

896

00:32:10,730 --> 00:32:07,020

because they think it's clickbaity and

897

00:32:12,950 --> 00:32:10,740

uh you know breaking news 2023 this is

898

00:32:16,310 --> 00:32:12,960

how with print media being all but dead

899

00:32:17,870 --> 00:32:16,320

this is how media organizations like the

900

00:32:19,970 --> 00:32:17,880

independent the guardian Daily Record

901
00:32:22,130 --> 00:32:19,980
any of those newspapers it's how they

902
00:32:24,350 --> 00:32:22,140
survive New York Post New York Times all

903
00:32:26,090 --> 00:32:24,360
these types of organizations now rely on

904
00:32:28,370 --> 00:32:26,100
people clicking on articles reading a

905
00:32:30,049 --> 00:32:28,380
headline and the ads that pop up on

906
00:32:31,669 --> 00:32:30,059
those websites that's that's how that's

907
00:32:34,070 --> 00:32:31,679
how media survives these days unless you

908
00:32:36,169 --> 00:32:34,080
subscribe to New York Times Etc to

909
00:32:38,750 --> 00:32:36,179
reading can I keep them going

910
00:32:41,450 --> 00:32:38,760
um but for me I don't expect to see an

911
00:32:44,149 --> 00:32:41,460
article like that telling me that

912
00:32:45,889 --> 00:32:44,159
alien life has been discovered but I

913
00:32:47,510 --> 00:32:45,899

like to think when I click on those that

914

00:32:49,130 --> 00:32:47,520

maybe it leads to something I think it's

915

00:32:50,810 --> 00:32:49,140

a nice what if stand we talk about those

916

00:32:52,490 --> 00:32:50,820

don't we know that oh yeah but what if

917

00:32:55,909 --> 00:32:52,500

it led to this and for me it's like uh

918

00:32:57,649 --> 00:32:55,919

uh three body problem type you know some

919

00:32:59,330 --> 00:32:57,659

things out there we've picked up a

920

00:33:01,610 --> 00:32:59,340

signal and does it get followed up on

921

00:33:03,230 --> 00:33:01,620

because let's be fair almost every one

922

00:33:04,789 --> 00:33:03,240

of these articles that's ever came out

923

00:33:05,630 --> 00:33:04,799

any one of these stories whether it's

924

00:33:12,830 --> 00:33:05,640

the

925

00:33:15,110 --> 00:33:12,840

phosphine yeah yeah it almost is always

926

00:33:16,789 --> 00:33:15,120

something quite mundane relatively

927

00:33:18,649 --> 00:33:16,799

mundane not to a scientist they would

928

00:33:20,090 --> 00:33:18,659

find it really interesting but it's it's

929

00:33:21,830 --> 00:33:20,100

not what we think

930

00:33:23,690 --> 00:33:21,840

um so I was really aware it wasn't going

931

00:33:25,370 --> 00:33:23,700

to be alien life wondering if there's a

932

00:33:28,190 --> 00:33:25,380

scientist out there who's like my

933

00:33:31,210 --> 00:33:28,200

favorite material it's phosphate yeah oh

934

00:33:33,529 --> 00:33:31,220

God phosphine phosphine only fans yeah

935

00:33:36,470 --> 00:33:33,539

only phosphine

936

00:33:38,389 --> 00:33:36,480

um but yeah the that's that's yeah those

937

00:33:40,549 --> 00:33:38,399

articles for me it's just a nice what if

938

00:33:42,830 --> 00:33:40,559

I don't expect to ever see the alien

939

00:33:45,409 --> 00:33:42,840

life confirmed and article click here to

940

00:33:47,570 --> 00:33:45,419

read more okay but

941

00:33:50,269 --> 00:33:47,580

maybe maybe one of these things one day

942

00:33:52,250 --> 00:33:50,279

gives something for an asset or a James

943

00:33:54,769 --> 00:33:52,260

Webb to to dig their teeth into and

944

00:33:58,370 --> 00:33:54,779

follow up on and a lot of these studies

945

00:33:59,990 --> 00:33:58,380

tend to not be recent they've been going

946

00:34:02,389 --> 00:34:00,000

on for a while and this is just the

947

00:34:04,430 --> 00:34:02,399

results being released you know so it's

948

00:34:05,870 --> 00:34:04,440

not exactly oh last night we picked up a

949

00:34:08,930 --> 00:34:05,880

signal what of the world's type style

950

00:34:10,510 --> 00:34:08,940

and then it comes out um yeah you like

951
00:34:13,010 --> 00:34:10,520
those articles too don't you in terms of

952
00:34:16,490 --> 00:34:13,020
the potential the what if the science

953
00:34:17,750 --> 00:34:16,500
behind it yeah in the universe and I

954
00:34:19,250 --> 00:34:17,760
think you're exactly right to kind of

955
00:34:20,930 --> 00:34:19,260
comment on that headline as well you

956
00:34:22,609 --> 00:34:20,940
know the only reason someone's going to

957
00:34:24,649 --> 00:34:22,619
be annoyed with that article is if they

958
00:34:27,530 --> 00:34:24,659
read it think that they actually may

959
00:34:28,669 --> 00:34:27,540
know we found aliens and then uh they

960
00:34:30,770 --> 00:34:28,679
actually read the article and find out

961
00:34:32,389 --> 00:34:30,780
that wasn't the case

962
00:34:34,669 --> 00:34:32,399
um so yeah just pinch assault when

963
00:34:36,710 --> 00:34:34,679

people are reading kind of news media uh

964

00:34:38,389 --> 00:34:36,720

you know those headlines are designed to

965

00:34:40,310 --> 00:34:38,399

get you to click

966

00:34:42,349 --> 00:34:40,320

um with the termavian planet what planet

967

00:34:43,190 --> 00:34:42,359

it's like from Earth is an alien you

968

00:34:44,810 --> 00:34:43,200

know

969

00:34:46,790 --> 00:34:44,820

um so keep those expectations in check

970

00:34:51,849 --> 00:34:46,800

like you you say it'll come from a

971

00:34:53,690 --> 00:34:51,859

bigger place but the the idea that

972

00:34:55,790 --> 00:34:53,700

electromagnetic fields can kind of

973

00:34:56,690 --> 00:34:55,800

produce radio signals when interacting

974

00:34:59,870 --> 00:34:56,700

with

975

00:35:02,450 --> 00:34:59,880

things like Suns uh stars in their solar

976
00:35:04,250 --> 00:35:02,460
systems uh it's kind of amazing you know

977
00:35:06,829 --> 00:35:04,260
34 years ago that was a almost

978
00:35:10,069 --> 00:35:06,839
revolutionary idea and and now we know

979
00:35:12,829 --> 00:35:10,079
that what we think we know that a planet

980
00:35:14,569 --> 00:35:12,839
needs an electromagnetic field to be

981
00:35:17,030 --> 00:35:14,579
able to have a life that it's kind of

982
00:35:18,890 --> 00:35:17,040
one of the key ingredients so it's

983
00:35:21,470 --> 00:35:18,900
amazing that we're able to kind of

984
00:35:23,990 --> 00:35:21,480
figure out that fingerprint and and

985
00:35:25,430 --> 00:35:24,000
identify that from so so far away I can

986
00:35:27,349 --> 00:35:25,440
barely see to the end of the street you

987
00:35:30,109 --> 00:35:27,359
know any verses and these guys are

988
00:35:32,390 --> 00:35:30,119

seeing a bajillion miles and detecting

989

00:35:34,849 --> 00:35:32,400

these invisible Fields it's really

990

00:35:36,349 --> 00:35:34,859

incredible and that's exactly the kind

991

00:35:38,569 --> 00:35:36,359

of work that's going to lead to us

992

00:35:42,470 --> 00:35:38,579

identifying candidates to study further

993

00:35:44,930 --> 00:35:42,480

there was a little while back

994

00:35:46,490 --> 00:35:44,940

I think it was Jimmy church had Linda

995

00:35:47,990 --> 00:35:46,500

moltenhall on the show and they were

996

00:35:50,450 --> 00:35:48,000

talking about the James Webb Telescope

997

00:35:53,329 --> 00:35:50,460

finding uh life and that they'd

998

00:35:55,730 --> 00:35:53,339

confirmed it and things like that and

999

00:35:58,970 --> 00:35:55,740

your comment about how long this work

1000

00:36:01,069 --> 00:35:58,980

takes uh to be released you know to be

1001
00:36:03,530 --> 00:36:01,079
analyzed and released kind of speaks to

1002
00:36:04,970 --> 00:36:03,540
when you hear things like that why you

1003
00:36:06,829 --> 00:36:04,980
should take them with such a Pinter so

1004
00:36:08,690 --> 00:36:06,839
because this work takes a long time

1005
00:36:11,510 --> 00:36:08,700
because they they wouldn't present it

1006
00:36:14,150 --> 00:36:11,520
you know on Fade to Black as opposed to

1007
00:36:16,609 --> 00:36:14,160
a a you know European Space Agency a

1008
00:36:18,470 --> 00:36:16,619
massive joint announcement type thing uh

1009
00:36:20,569 --> 00:36:18,480
so yeah I you're totally right I love

1010
00:36:22,250 --> 00:36:20,579
those articles but unfortunately it

1011
00:36:24,530 --> 00:36:22,260
wasn't aliens but it was a baby step

1012
00:36:26,450 --> 00:36:24,540
towards being able to identify the kinds

1013
00:36:27,170 --> 00:36:26,460

of planets that can Harbor everything in

1014

00:36:33,130 --> 00:36:27,180

life

1015

00:36:37,609 --> 00:36:35,810

that and like you also pointed out I

1016

00:36:39,230 --> 00:36:37,619

think to someone online that it's funny

1017

00:36:42,290 --> 00:36:39,240

how it says alien planet and you're like

1018

00:36:44,210 --> 00:36:42,300

well yeah they're all alien planets

1019

00:36:47,089 --> 00:36:44,220

they're all not earth

1020

00:36:49,010 --> 00:36:47,099

um oh unless twist it was Earth and yeah

1021

00:36:50,390 --> 00:36:49,020

we're looking at Earth in the future or

1022

00:36:52,250 --> 00:36:50,400

past here we go

1023

00:36:54,650 --> 00:36:52,260

um and very quickly then just to touch

1024

00:36:56,450 --> 00:36:54,660

on that well we're talking about the the

1025

00:36:58,970 --> 00:36:56,460

universe and Science and all that kind

1026

00:37:01,370 --> 00:36:58,980

of stuff the first crudeman mission is

1027

00:37:03,770 --> 00:37:01,380

due to take place next year uh first

1028

00:37:05,569 --> 00:37:03,780

time in over 50 years and the crew is

1029

00:37:07,730 --> 00:37:05,579

Commander Reed Wiseman pilot Victor

1030

00:37:10,310 --> 00:37:07,740

Glover Mission specialist one Christina

1031

00:37:12,530 --> 00:37:10,320

hammock Koch sorry if I've got that

1032

00:37:14,089 --> 00:37:12,540

wrong and Mission specialist too Jeremy

1033

00:37:17,150 --> 00:37:14,099

Hansen that's a crew who are going to

1034

00:37:20,390 --> 00:37:17,160

lead up the Artemis Mission I believe

1035

00:37:22,490 --> 00:37:20,400

uh Ben Hansen could be well up for that

1036

00:37:24,589 --> 00:37:22,500

um Jeremy Hansen as Jeremy corbellan Ben

1037

00:37:26,450 --> 00:37:24,599

Hansen's adopted love child

1038

00:37:27,950 --> 00:37:26,460

um and uh yeah that's the crew who's

1039

00:37:31,310 --> 00:37:27,960

going to the Moon excited about that

1040

00:37:33,290 --> 00:37:31,320

first time in over 50 years very excited

1041

00:37:34,609 --> 00:37:33,300

um the the whole thing that they're

1042

00:37:36,589 --> 00:37:34,619

doing is kind of setting up a station

1043

00:37:39,770 --> 00:37:36,599

for further missions

1044

00:37:41,990 --> 00:37:39,780

um so again it's one of those little

1045

00:37:44,810 --> 00:37:42,000

baby steps to when when you kind of read

1046

00:37:46,370 --> 00:37:44,820

uh a Sci-Fi book or watch a movie and

1047

00:37:47,930 --> 00:37:46,380

we're out in space kind of traveling

1048

00:37:49,790 --> 00:37:47,940

around and we've got all these

1049

00:37:51,770 --> 00:37:49,800

established colonies and ring worlds and

1050

00:37:53,510 --> 00:37:51,780

you know we live on asteroids this is

1051

00:37:55,310 --> 00:37:53,520

where that starts

1052

00:37:57,349 --> 00:37:55,320

um so we kind of need that kind of

1053

00:37:59,569 --> 00:37:57,359

launch pad in space to kind of go from

1054

00:38:01,069 --> 00:37:59,579

there and chances are the Mars missions

1055

00:38:02,990 --> 00:38:01,079

will go from there in the future and

1056

00:38:04,670 --> 00:38:03,000

things like that so it just gives us a

1057

00:38:07,609 --> 00:38:04,680

bit of a leg up in terms of not having

1058

00:38:09,829 --> 00:38:07,619

to to expand so much goddamn fuel

1059

00:38:11,750 --> 00:38:09,839

getting out of this gravity well uh we

1060

00:38:13,730 --> 00:38:11,760

can start from the vacuum instead of uh

1061

00:38:15,470 --> 00:38:13,740

you know the surface of Earth

1062

00:38:16,790 --> 00:38:15,480

yeah I'm looking forward to that I think

1063

00:38:18,470 --> 00:38:16,800

there's always that bringing it back to

1064

00:38:21,589 --> 00:38:18,480

UFOs so what are they going to see up

1065

00:38:24,530 --> 00:38:21,599

there are we going to get some 4K live

1066

00:38:26,150 --> 00:38:24,540

stream on the go live shots of the Moon

1067

00:38:28,730 --> 00:38:26,160

because all we've got which is crazy to

1068

00:38:30,589 --> 00:38:28,740

think about is stuff from 50 years ago

1069

00:38:33,170 --> 00:38:30,599

you know with old camera footage old

1070

00:38:34,970 --> 00:38:33,180

cameras and yeah we've not been back but

1071

00:38:37,310 --> 00:38:34,980

Dan the question is why but that's for

1072

00:38:40,010 --> 00:38:37,320

another podcast and another time

1073

00:38:41,750 --> 00:38:40,020

um or you can tune into Gaia TV and

1074

00:38:44,030 --> 00:38:41,760

watch why we've not been back to them in

1075

00:38:45,050 --> 00:38:44,040

a four-part series starring I won't name

1076

00:38:48,230 --> 00:38:45,060

anyone

1077

00:38:50,390 --> 00:38:48,240

watches Gaia TV

1078

00:38:52,310 --> 00:38:50,400

um question from Ernie out in la I love

1079

00:38:53,930 --> 00:38:52,320

the name Ernie by the way uh yeah

1080

00:38:55,190 --> 00:38:53,940

probably anything that's dying out I

1081

00:38:57,650 --> 00:38:55,200

like that one but out in Los Angeles

1082

00:38:59,270 --> 00:38:57,660

says Andy and Dan acknowledging the fact

1083

00:39:01,010 --> 00:38:59,280

that no one knows for sure I'm always

1084

00:39:02,930 --> 00:39:01,020

curious where your current theories are

1085

00:39:04,790 --> 00:39:02,940

regarding what the others actually are

1086

00:39:06,349 --> 00:39:04,800

future humans Cosmic Travelers

1087

00:39:08,569 --> 00:39:06,359

multi-dimensional beings at this very

1088

00:39:10,250 --> 00:39:08,579

moment Dan we've not talked about that

1089

00:39:12,410 --> 00:39:10,260

one for a while but quickly from you

1090

00:39:15,230 --> 00:39:12,420

what's what's your kind of theory at the

1091

00:39:17,089 --> 00:39:15,240

minute where do you sit I mean I I love

1092

00:39:19,250 --> 00:39:17,099

my kind of outdoor science so I've got

1093

00:39:20,569 --> 00:39:19,260

to go with a bit of everything uh you

1094

00:39:22,670 --> 00:39:20,579

know we've been told the universe is

1095

00:39:24,290 --> 00:39:22,680

teeming with life so I I can't imagine

1096

00:39:26,210 --> 00:39:24,300

it's anything less than a bit of

1097

00:39:29,150 --> 00:39:26,220

everything uh but the whole Advent of

1098

00:39:31,430 --> 00:39:29,160

chat GPT is making me think well if

1099

00:39:34,370 --> 00:39:31,440

we're designing something that can help

1100

00:39:35,630 --> 00:39:34,380

Humanity then in a hundred years what

1101

00:39:37,609 --> 00:39:35,640

does that look like is it going to give

1102

00:39:39,650 --> 00:39:37,619

us plans for a time machine and say hey

1103

00:39:42,290 --> 00:39:39,660

go back here and start nudging Humanity

1104

00:39:45,410 --> 00:39:42,300

in this direction even an appearance of

1105

00:39:47,930 --> 00:39:45,420

the uh east coast of the United States

1106

00:39:49,970 --> 00:39:47,940

of America to a pilot named David fravor

1107

00:39:51,589 --> 00:39:49,980

will change everything so so make that

1108

00:39:52,849 --> 00:39:51,599

appearance you know throw the throw the

1109

00:39:54,290 --> 00:39:52,859

rock in the river there and see what

1110

00:39:57,170 --> 00:39:54,300

happens

1111

00:40:00,530 --> 00:39:57,180

um the other part of me thinks that some

1112

00:40:03,290 --> 00:40:00,540

of what we're seeing is extremophiles

1113

00:40:05,510 --> 00:40:03,300

um that is life that can survive in in

1114

00:40:07,430 --> 00:40:05,520

really crazy conditions

1115

00:40:10,849 --> 00:40:07,440

um and it's something that we just don't

1116

00:40:13,970 --> 00:40:10,859

expect so a very nope kind of

1117

00:40:15,650 --> 00:40:13,980

idea there but uh yeah the more I read

1118

00:40:17,450 --> 00:40:15,660

about things like the slights and things

1119

00:40:18,770 --> 00:40:17,460

like that playing with people and toying

1120

00:40:20,390 --> 00:40:18,780

around we always hear that those

1121

00:40:22,130 --> 00:40:20,400

descriptions

1122

00:40:24,589 --> 00:40:22,140

um I I think we might be seeing some

1123

00:40:26,810 --> 00:40:24,599

some strange form of life there

1124

00:40:28,310 --> 00:40:26,820

it's a very big question and I think I'd

1125

00:40:31,370 --> 00:40:28,320

end up answering the same as you but

1126
00:40:33,470 --> 00:40:31,380
I'll narrow my answer down to what the

1127
00:40:35,329 --> 00:40:33,480
US Army is coming into contact with

1128
00:40:37,370 --> 00:40:35,339
which isn't for an adversarial Tech

1129
00:40:40,849 --> 00:40:37,380
which some of it will be I think they're

1130
00:40:43,190 --> 00:40:40,859
seeing a mix of some kind of drone from

1131
00:40:44,810 --> 00:40:43,200
some other species that was either left

1132
00:40:47,690 --> 00:40:44,820
behind here and has been here for a long

1133
00:40:49,630 --> 00:40:47,700
time or is visiting from elsewhere and

1134
00:40:52,430 --> 00:40:49,640
doing a bit of Recon for whatever reason

1135
00:40:54,710 --> 00:40:52,440
and I think you know and again they come

1136
00:40:56,870 --> 00:40:54,720
across something that's piloted manned

1137
00:40:58,849 --> 00:40:56,880
you know as such using that manned quote

1138
00:41:01,430 --> 00:40:58,859

unquote Mankind's

1139

00:41:02,630 --> 00:41:01,440

um and yeah isn't human so yeah good

1140

00:41:04,849 --> 00:41:02,640

question always nice to think about

1141

00:41:07,609 --> 00:41:04,859

because it changes from time to time

1142

00:41:10,310 --> 00:41:07,619

um to round up yeah almost every week

1143

00:41:12,290 --> 00:41:10,320

yeah um to round up uh what are you up

1144

00:41:14,089 --> 00:41:12,300

to this month because you are in

1145

00:41:16,190 --> 00:41:14,099

Colombia and for those who may not know

1146

00:41:18,230 --> 00:41:16,200

you're going to be working on a project

1147

00:41:19,910 --> 00:41:18,240

that's right yeah so so I'm here in

1148

00:41:21,589 --> 00:41:19,920

Colombia literally I'll be meeting a

1149

00:41:23,690 --> 00:41:21,599

Vinnie of disclosure team today and a

1150

00:41:26,510 --> 00:41:23,700

whole bunch of other awesome folk and

1151

00:41:29,270 --> 00:41:26,520

we're going to be looking at a phenomena

1152

00:41:31,010 --> 00:41:29,280

on a mountain uh called La Pena de waica

1153

00:41:34,490 --> 00:41:31,020

and these things are called the dancing

1154

00:41:37,670 --> 00:41:34,500

lights last year we got footage of them

1155

00:41:38,870 --> 00:41:37,680

um but as cool as the footage was a lot

1156

00:41:40,790 --> 00:41:38,880

of people had ideas like maybe it's

1157

00:41:42,530 --> 00:41:40,800

hikers with torches and things like that

1158

00:41:44,690 --> 00:41:42,540

so this year we're going to be testing a

1159

00:41:47,990 --> 00:41:44,700

lot of those ideas and we've got thermal

1160

00:41:50,030 --> 00:41:48,000

drones and tri-field meters so the idea

1161

00:41:52,970 --> 00:41:50,040

is that we can kind of

1162

00:41:55,069 --> 00:41:52,980

answer some questions about uh this

1163

00:41:56,930 --> 00:41:55,079

absolute Enigma that is transfixed the

1164

00:41:59,089 --> 00:41:56,940

the towns near the mountain and

1165

00:42:01,609 --> 00:41:59,099

hopefully shed a little light on the UFO

1166

00:42:03,050 --> 00:42:01,619

mystery along the way uh a TV show is

1167

00:42:04,849 --> 00:42:03,060

being made as we go so this will be

1168

00:42:07,010 --> 00:42:04,859

season two of phenomenology the first

1169

00:42:08,690 --> 00:42:07,020

season is up uh you know you can go rent

1170

00:42:11,030 --> 00:42:08,700

that if you want to

1171

00:42:13,250 --> 00:42:11,040

um but I'll I'll be posting um and so of

1172

00:42:15,170 --> 00:42:13,260

any a whole bunch of things on social

1173

00:42:16,310 --> 00:42:15,180

media kind of daily Diaries those kind

1174

00:42:18,650 --> 00:42:16,320

of things

1175

00:42:20,450 --> 00:42:18,660

um as we go so hopefully we get some

1176

00:42:22,010 --> 00:42:20,460

exciting footage when we find some

1177

00:42:24,290 --> 00:42:22,020

amazing things

1178

00:42:26,569 --> 00:42:24,300

awesome and this is off the back of your

1179

00:42:28,130 --> 00:42:26,579

recent success with uh Kim Kardashian I

1180

00:42:29,450 --> 00:42:28,140

believe you were doing some filming I

1181

00:42:32,270 --> 00:42:29,460

may have made that up but I don't know

1182

00:42:33,589 --> 00:42:32,280

you've got it mixed up to any listeners

1183

00:42:36,109 --> 00:42:33,599

who want to know what that's referencing

1184

00:42:38,329 --> 00:42:36,119

just just go Google Kim Kardashian Danza

1185

00:42:40,370 --> 00:42:38,339

just wrong and it will pop up and

1186

00:42:42,050 --> 00:42:40,380

tragically you will get the correct

1187

00:42:44,650 --> 00:42:42,060

search result when you search that as

1188

00:42:47,630 --> 00:42:44,660

well which is which is which is sad

1189

00:42:50,150 --> 00:42:47,640

Photoshop and yeah just to kind of

1190

00:42:52,250 --> 00:42:50,160

saturate with all your hard work across

1191

00:42:54,589 --> 00:42:52,260

many many fields done with many many

1192

00:42:57,349 --> 00:42:54,599

different people what you're famous for

1193

00:43:00,589 --> 00:42:57,359

is uh some no I wouldn't spoil it people

1194

00:43:02,270 --> 00:43:00,599

can go look and yeah um so I get this

1195

00:43:05,870 --> 00:43:02,280

but nothing earlier this week folks but

1196

00:43:07,609 --> 00:43:05,880

uh this breakdown uh Dan's gonna be more

1197

00:43:08,750 --> 00:43:07,619

free towards the end of the month he's

1198

00:43:10,130 --> 00:43:08,760

going to have a busy a couple of weeks

1199

00:43:11,390 --> 00:43:10,140

but we'll maybe get something recorded

1200

00:43:12,710 --> 00:43:11,400

in the middle of it with an update and

1201

00:43:14,510 --> 00:43:12,720

if there's any more news if hearings

1202

00:43:16,250 --> 00:43:14,520

come up and the interview with graham

1203

00:43:17,569 --> 00:43:16,260

Randall it had to be rescheduled by a

1204

00:43:19,490 --> 00:43:17,579

few days because Graham had a bad cold

1205

00:43:21,349 --> 00:43:19,500

so he's that'll be out in the next day

1206

00:43:23,809 --> 00:43:21,359

or so as well and there'll probably be

1207

00:43:25,790 --> 00:43:23,819

another show F not Saturday Sunday by

1208

00:43:27,829 --> 00:43:25,800
