price hi everyone and welcome back to

41

00:01:40,850 --> 00:01:39,180

that UFO podcast my name is Andy and I

42

00:01:45,050 --> 00:01:40,860

am joined for a breakdown as we head

43

00:01:47,990 --> 00:01:45,060

into May 2023 by Daniel S zeterson Dan

44

00:01:50,330 --> 00:01:48,000

welcome I have a middle name do you

45

00:01:52,310 --> 00:01:50,340

actually yeah I actually don't know I

46

00:01:54,950 --> 00:01:52,320

actually don't uh before I change my uh

47

00:01:56,270 --> 00:01:54,960

surname my surname was Nichols and my

48

00:01:57,530 --> 00:01:56,280

mom always told me that my middle name

49

00:02:00,429 --> 00:01:57,540

will be Aaron in which case it would

50

00:02:03,109 --> 00:02:00,439

have spelled Dan as my initials but now

51
00:02:05,929 --> 00:02:03,119
which is the detergent here in the UK so

52
00:02:08,029 --> 00:02:05,939
no not as good and officially the washed

53
00:02:10,790 --> 00:02:08,039
opening to one of these episodes yeah so

54
00:02:12,710 --> 00:02:10,800
hi folks uh so apologies about that I

55
00:02:15,290 --> 00:02:12,720
know you know about Dan's real name um

56
00:02:17,270 --> 00:02:15,300
so that's not a real name your other

57
00:02:19,790 --> 00:02:17,280
name

58
00:02:21,650 --> 00:02:19,800
and Dan's muted to himself and then

59
00:02:22,910 --> 00:02:21,660
tried to talk into the mic sorry I was

60
00:02:24,890 --> 00:02:22,920
muted it's been a while since I did that

61
00:02:26,570 --> 00:02:24,900
I was just about to say again people

62
00:02:28,130 --> 00:02:26,580
still ask for no Dan's not been on mute

63
00:02:29,690 --> 00:02:28,140

for a while so there you go but listen

64

00:02:31,010 --> 00:02:29,700

we've got a few things to discuss uh

65

00:02:33,110 --> 00:02:31,020

some comments that have been made in the

66

00:02:34,970 --> 00:02:33,120

last week or so and I think are worth

67

00:02:36,949 --> 00:02:34,980

going over definitely and what I'm going

68

00:02:39,350 --> 00:02:36,959

to do given it's now as we record the

69

00:02:40,550 --> 00:02:39,360

8th of May is sticking the preview on

70

00:02:42,470 --> 00:02:40,560

the end to let you know some of the

71

00:02:44,030 --> 00:02:42,480

guests coming up this month for anyone

72

00:02:45,830 --> 00:02:44,040

who wants to send in any listener

73

00:02:47,030 --> 00:02:45,840

questions but I'll warn you that a

74

00:02:49,910 --> 00:02:47,040

couple of them are being recorded

75

00:02:52,250 --> 00:02:49,920

tomorrow so if you're hearing this on

76

00:02:53,809 --> 00:02:52,260

the 8th of May or early on the 9th get

77

00:02:56,390 --> 00:02:53,819

your questions over and thanks to

78

00:02:58,130 --> 00:02:56,400

everyone who has sent over stuff already

79

00:02:59,390 --> 00:02:58,140

um but that'll be at the end don't skip

80

00:03:00,229 --> 00:02:59,400

you're not allowed listen to the whole

81

00:03:01,369 --> 00:03:00,239

thing

82

00:03:04,729 --> 00:03:01,379

um and promise we'll get to talking

83

00:03:06,710 --> 00:03:04,739

about UFOs no uh Dan uh a few things

84

00:03:08,690 --> 00:03:06,720

first off for me Ross Coulter was on

85

00:03:10,009 --> 00:03:08,700

witness citizen with Sean Rash a couple

86

00:03:11,690 --> 00:03:10,019

of days ago

87

00:03:16,070 --> 00:03:11,700

um the big takeaway from that interview

88

00:03:18,589 --> 00:03:16,080

was Roscoe said in a statement

89

00:03:21,710 --> 00:03:18,599

there were as a team like now of months

90

00:03:22,970 --> 00:03:21,720

and not years for big change in the UFO

91

00:03:25,790 --> 00:03:22,980

topic

92

00:03:28,190 --> 00:03:25,800

um I've got the the line here pretty

93

00:03:29,630 --> 00:03:28,200

much paraphrasing slightly I was in a

94

00:03:32,630 --> 00:03:29,640

few months time you'll be looking back

95

00:03:35,570 --> 00:03:32,640

going Orozco what you knew is going to

96

00:03:37,729 --> 00:03:35,580

resolve this issue once and for all so

97

00:03:40,070 --> 00:03:37,739

that's quite a big statement to make in

98

00:03:42,410 --> 00:03:40,080

in a topic and subject whenever people

99

00:03:44,809 --> 00:03:42,420

make claims they can be quite spurious

100

00:03:46,550 --> 00:03:44,819

or vague and we'll mentioning agally

101
00:03:49,610 --> 00:03:46,560
stuff a little bit shortly later on for

102
00:03:52,130 --> 00:03:49,620
a reason but Ross has got a really big

103
00:03:53,630 --> 00:03:52,140
reputation a very serious reputation and

104
00:03:55,789 --> 00:03:53,640
he's got a lot of respect from many of

105
00:03:57,770 --> 00:03:55,799
us in the community as well

106
00:04:00,229 --> 00:03:57,780
um and for Ross to come out and say

107
00:04:03,170 --> 00:04:00,239
looking at months rather than years

108
00:04:05,390 --> 00:04:03,180
talking about whistleblowers uh that's

109
00:04:06,949 --> 00:04:05,400
that's quite a big big thing for him to

110
00:04:08,869 --> 00:04:06,959
see he also said that whistleblowers are

111
00:04:11,449 --> 00:04:08,879
going directly to Congress and

112
00:04:12,890 --> 00:04:11,459
circumventing Dr Sean Kirkpatrick due to

113
00:04:14,449 --> 00:04:12,900

a lack of kind of trust within him as

114

00:04:15,949 --> 00:04:14,459

well and what are your thoughts on some

115

00:04:18,530 --> 00:04:15,959

of those comments then

116

00:04:20,150 --> 00:04:18,540

yeah it's interesting because Ross he

117

00:04:22,069 --> 00:04:20,160

seems very busy and he's always talking

118

00:04:24,050 --> 00:04:22,079

to people and he's always happy to kind

119

00:04:26,030 --> 00:04:24,060

of you know hint to us kind of thing but

120

00:04:28,070 --> 00:04:26,040

but you're right that timeline hasn't

121

00:04:29,330 --> 00:04:28,080

come into it before you know and it

122

00:04:30,950 --> 00:04:29,340

seems like we're already seeing those

123

00:04:32,270 --> 00:04:30,960

repercussions from the hearings where

124

00:04:33,770 --> 00:04:32,280

Kirkpatrick was a little more

125

00:04:36,890 --> 00:04:33,780

conservative than some folk would like

126
00:04:39,350 --> 00:04:36,900
and we we spoke about credible evidence

127
00:04:40,790 --> 00:04:39,360
that statement and it certainly seems to

128
00:04:42,890 --> 00:04:40,800
have had an effect on people coming

129
00:04:45,290 --> 00:04:42,900
forward there was a Fox News article

130
00:04:47,090 --> 00:04:45,300
this week saying you know that there was

131
00:04:49,310 --> 00:04:47,100
a service member that had seen an orb

132
00:04:50,390 --> 00:04:49,320
that was reluctant to come forward for

133
00:04:52,430 --> 00:04:50,400
the for those reasons because

134
00:04:54,650 --> 00:04:52,440
Kirkpatrick was yeah very very

135
00:04:56,510 --> 00:04:54,660
conservative and a lot of people think

136
00:04:59,450 --> 00:04:56,520
he was yeah not necessarily telling the

137
00:05:02,390 --> 00:04:59,460
truth but the the month timeline thing

138
00:05:04,969 --> 00:05:02,400

is interesting because I mean we've

139

00:05:06,590 --> 00:05:04,979

heard this before right and and there

140

00:05:09,290 --> 00:05:06,600

are sometimes behind the scenes delays

141

00:05:10,610 --> 00:05:09,300

and things like that so for us to come

142

00:05:12,830 --> 00:05:10,620

out and kind of say yeah it's definitely

143

00:05:14,510 --> 00:05:12,840

going to be within months that's that's

144

00:05:16,010 --> 00:05:14,520

real interesting you you got to wonder

145

00:05:17,510 --> 00:05:16,020

what we're gonna get in a few months you

146

00:05:19,070 --> 00:05:17,520

know like what what is that going to

147

00:05:20,570 --> 00:05:19,080

look like is it gonna come as a

148

00:05:21,590 --> 00:05:20,580

statement from Kirkpatrick is it going

149

00:05:23,450 --> 00:05:21,600

to come as a statement from the US

150

00:05:25,370 --> 00:05:23,460

government is it just going to be James

151
00:05:27,170 --> 00:05:25,380
foyer and his testimony that he's taken

152
00:05:29,629 --> 00:05:27,180
with these whistleblowers

153
00:05:31,969 --> 00:05:29,639
um yeah it's It's Curious certainly that

154
00:05:34,310 --> 00:05:31,979
classified system that was mandated by

155
00:05:36,430 --> 00:05:34,320
last year's ndaa hasn't been set up yet

156
00:05:38,990 --> 00:05:36,440
and a few Senators have published

157
00:05:40,670 --> 00:05:39,000
letters to you know some of the the

158
00:05:42,110 --> 00:05:40,680
bosses in the dod

159
00:05:44,570 --> 00:05:42,120
I'm kind of saying that they need to

160
00:05:46,189 --> 00:05:44,580
hurry up and get this done

161
00:05:47,870 --> 00:05:46,199
um curious how people are talking about

162
00:05:50,090 --> 00:05:47,880
classified things outside of a skiff

163
00:05:52,010 --> 00:05:50,100

though for me so it's one of these

164

00:05:54,050 --> 00:05:52,020

things that I take it seriously because

165

00:05:56,029 --> 00:05:54,060

Ross has said it but I'm gonna hold it

166

00:05:58,370 --> 00:05:56,039

lightly so that I don't get disappointed

167

00:06:01,129 --> 00:05:58,380

if there are delays you know yeah and I

168

00:06:02,990 --> 00:06:01,139

think Ross is a a big boy and has enough

169

00:06:04,969 --> 00:06:03,000

credibility in the bank as well that if

170

00:06:06,770 --> 00:06:04,979

if that doesn't come to fruition

171

00:06:08,390 --> 00:06:06,780

I would take kind of stock and what he

172

00:06:10,070 --> 00:06:08,400

says as to why that would be and like

173

00:06:12,170 --> 00:06:10,080

you say we've been here before with with

174

00:06:14,510 --> 00:06:12,180

claims but someone like Ross coming out

175

00:06:17,330 --> 00:06:14,520

who has my respect I won't speak for you

176

00:06:20,629 --> 00:06:17,340

about him I know I know he does I would

177

00:06:21,830 --> 00:06:20,639

agree yeah um he he says that he means

178

00:06:24,469 --> 00:06:21,840

that and there's reasons for him seeing

179

00:06:26,510 --> 00:06:24,479

it as well and it does seem to correlate

180

00:06:28,430 --> 00:06:26,520

with what others have said around that

181

00:06:30,170 --> 00:06:28,440

kind of Summer Time whistleblowers

182

00:06:31,730 --> 00:06:30,180

coming forward apparently whistleblowers

183

00:06:34,730 --> 00:06:31,740

as we're hearing

184

00:06:37,010 --> 00:06:34,740

um have spoken to Congress and members

185

00:06:39,590 --> 00:06:37,020

of Congress already James Fox who will

186

00:06:41,870 --> 00:06:39,600

get to has said he has spoken to to

187

00:06:45,110 --> 00:06:41,880

folks as well and it seems that there

188

00:06:47,390 --> 00:06:45,120

are people speaking but not to Dr Sean

189

00:06:48,710 --> 00:06:47,400

Kirkpatrick it seems like he's very much

190

00:06:50,990 --> 00:06:48,720

against using allergies like the

191

00:06:52,550 --> 00:06:51,000

football manager whose team just isn't

192

00:06:53,809 --> 00:06:52,560

playing for him right now but as soon as

193

00:06:55,309 --> 00:06:53,819

someone else comes in he's going to get

194

00:06:56,629 --> 00:06:55,319

a tune out of them

195

00:06:58,670 --> 00:06:56,639

um they're just kind of down toes a

196

00:07:00,409 --> 00:06:58,680

little bit so it doesn't seem to me that

197

00:07:01,790 --> 00:07:00,419

he's going to have he's not he's not the

198

00:07:03,890 --> 00:07:01,800

right person for us we heard this from

199

00:07:07,189 --> 00:07:03,900

other people but the whole purpose of

200

00:07:08,809 --> 00:07:07,199

what he's doing as for those types of

201
00:07:10,909 --> 00:07:08,819
folks who want to come forward and talk

202
00:07:12,770 --> 00:07:10,919
should be able to go to him as a first

203
00:07:15,529 --> 00:07:12,780
point of contact and if they're already

204
00:07:17,510 --> 00:07:15,539
going past him then the position becomes

205
00:07:19,070 --> 00:07:17,520
a bit untenable I'll just add Chris

206
00:07:20,930 --> 00:07:19,080
plane who was on with me last week

207
00:07:22,909 --> 00:07:20,940
talking about the Chicago O'Hare UFO

208
00:07:25,249 --> 00:07:22,919
he's the senior science writer at the

209
00:07:28,070 --> 00:07:25,259
debrief and he is along with people like

210
00:07:30,170 --> 00:07:28,080
Tim McMillan Micah Hanks and others a

211
00:07:31,670 --> 00:07:30,180
really credible person to go to for

212
00:07:34,129 --> 00:07:31,680
conversation they don't just make up

213
00:07:36,770 --> 00:07:34,139

spurious content and he said himself

214

00:07:39,110 --> 00:07:36,780

given he speaks to Tim and others he

215

00:07:41,450 --> 00:07:39,120

expects to hear by the end of the year

216

00:07:44,330 --> 00:07:41,460

you know again within months not not

217

00:07:46,969 --> 00:07:44,340

Years big things to take place in the

218

00:07:49,010 --> 00:07:46,979

UFO conversation I don't doubt and I've

219

00:07:49,969 --> 00:07:49,020

said before to many guests and and to

220

00:07:52,370 --> 00:07:49,979

you

221

00:07:54,350 --> 00:07:52,380

there is always an opportunity that the

222

00:07:56,029 --> 00:07:54,360

toothpaste goes back in the bottle or

223

00:07:57,890 --> 00:07:56,039

this goes away in some way shape or form

224

00:07:59,629 --> 00:07:57,900

because it's happened before but that's

225

00:08:01,430 --> 00:07:59,639

not to say we're not

226

00:08:04,010 --> 00:08:01,440

past the point of progress it would have

227

00:08:05,270 --> 00:08:04,020

maybe not been at before so it's like

228

00:08:06,770 --> 00:08:05,280

I've said could be sitting here in 40

229

00:08:09,589 --> 00:08:06,780

years time then doing one of these going

230

00:08:11,990 --> 00:08:09,599

oh well you know there's a new UAP task

231

00:08:14,210 --> 00:08:12,000

force been put in place with you know

232

00:08:15,710 --> 00:08:14,220

Senator Brands kids are running it and

233

00:08:18,409 --> 00:08:15,720

we hope this time it's going to be the

234

00:08:20,270 --> 00:08:18,419

kind of way forward we don't know

235

00:08:22,909 --> 00:08:20,280

um but right now we're at a good place

236

00:08:25,309 --> 00:08:22,919

it seems conversations are being had how

237

00:08:27,409 --> 00:08:25,319

much that progresses I think could

238

00:08:29,629 --> 00:08:27,419

really tip this conversation either way

239

00:08:31,369 --> 00:08:29,639

yeah I would agree the the big question

240

00:08:32,750 --> 00:08:31,379

for me that it raises is you know why

241

00:08:35,510 --> 00:08:32,760

does Arrow exist if people aren't going

242

00:08:37,070 --> 00:08:35,520

to go there because they trust them and

243

00:08:38,990 --> 00:08:37,080

like I said before I'm not sure that's

244

00:08:40,670 --> 00:08:39,000

entirely Patrick's fault he seems to

245

00:08:42,290 --> 00:08:40,680

enjoy chess but just realizes the board

246

00:08:44,870 --> 00:08:42,300

is a bit rigged

247

00:08:46,670 --> 00:08:44,880

um so we we wanted people to kind of

248

00:08:49,550 --> 00:08:46,680

push past the dod for these things

249

00:08:50,750 --> 00:08:49,560

anyway so if that's happening this is a

250

00:08:52,430 --> 00:08:50,760

good thing you know they they should be

251
00:08:54,350 --> 00:08:52,440
skipping the dod and talking directly to

252
00:08:55,550 --> 00:08:54,360
the Senators and things like that but it

253
00:08:57,290 --> 00:08:55,560
does raise the question of why does

254
00:08:59,509 --> 00:08:57,300
Arrow even exist why don't we have an

255
00:09:01,490 --> 00:08:59,519
independent completely independent thing

256
00:09:03,889 --> 00:09:01,500
that isn't Under the Umbrella of the dod

257
00:09:05,930 --> 00:09:03,899
if that's what they're doing yeah uh

258
00:09:07,910 --> 00:09:05,940
Chris melon chimed on this as well

259
00:09:09,590 --> 00:09:07,920
they're both a thread of tweets on how

260
00:09:11,870 --> 00:09:09,600
military personnel like Chad Underwood

261
00:09:14,389 --> 00:09:11,880
David forever Kevin Day have all

262
00:09:16,370 --> 00:09:14,399
reported the sort of data that Dr Sean

263
00:09:17,810 --> 00:09:16,380

Kirkpatrick says they haven't got or he

264

00:09:19,850 --> 00:09:17,820

hasn't seen talking about credible

265

00:09:21,769 --> 00:09:19,860

evidence and I'll just read you the the

266

00:09:24,590 --> 00:09:21,779

sixth tweet of crossmere and sex tweets

267

00:09:26,090 --> 00:09:24,600

although what really happened on the uh

268

00:09:27,889 --> 00:09:26,100

the date of the Nimitz event it was the

269

00:09:30,350 --> 00:09:27,899

11th for it's down here it's the 14th

270

00:09:32,810 --> 00:09:30,360

end of it ah 14th of November 2004.

271

00:09:35,750 --> 00:09:32,820

sorry UK based I was going the 11th of

272

00:09:38,509 --> 00:09:35,760

the 14th that's not a date so yeah so

273

00:09:39,949 --> 00:09:38,519

the 14th of November 2004 and perhaps

274

00:09:42,290 --> 00:09:39,959

never will be resolved with much

275

00:09:44,630 --> 00:09:42,300

confidence for Dr Kirkpatrick to go so

276

00:09:47,210 --> 00:09:44,640

far as to claim there's no credible

277

00:09:49,690 --> 00:09:47,220

evidence of objects that defy the known

278

00:09:51,769 --> 00:09:49,700

laws of physics as disingenuous at best

279

00:09:53,870 --> 00:09:51,779

corroborating reports from multiple

280

00:09:56,509 --> 00:09:53,880

serious military Witnesses are not proof

281

00:09:59,389 --> 00:09:56,519

but they are credible evidence I think

282

00:10:00,829 --> 00:09:59,399

that's a fair statement but to to sit on

283

00:10:03,829 --> 00:10:00,839

the fence and play Devil's Advocate I

284

00:10:06,889 --> 00:10:03,839

understand why a lot of folks don't see

285

00:10:07,670 --> 00:10:06,899

that as enough and to them it might not

286

00:10:10,130 --> 00:10:07,680

be

287

00:10:11,630 --> 00:10:10,140

quote unquote credible evidence but I

288

00:10:13,850 --> 00:10:11,640

can absolutely see what Chris millen's

289

00:10:16,310 --> 00:10:13,860

getting at here yeah for sure you know

290

00:10:18,470 --> 00:10:16,320

what what melon is talking about here

291

00:10:19,670 --> 00:10:18,480

the data from the Nimitz and things like

292

00:10:23,210 --> 00:10:19,680

that

293

00:10:25,550 --> 00:10:23,220

databricks were supposedly taken off the

294

00:10:26,810 --> 00:10:25,560

ship and Chris said that he he tried to

295

00:10:28,850 --> 00:10:26,820

get them where they should be and they

296

00:10:30,410 --> 00:10:28,860

were gone you know the logs were gone so

297

00:10:32,210 --> 00:10:30,420

there's a question of access here on

298

00:10:34,370 --> 00:10:32,220

whether Kirkpatrick actually has seen

299

00:10:36,170 --> 00:10:34,380

that stuff or whether he hasn't

300

00:10:38,750 --> 00:10:36,180

um and that brings us back to that title

301
00:10:40,550 --> 00:10:38,760
10 versus title 50 discussion you know

302
00:10:42,590 --> 00:10:40,560
when Lou Elizondo a number of people

303
00:10:44,870 --> 00:10:42,600
have said uh that Lou should go work for

304
00:10:46,250 --> 00:10:44,880
Arrow and the truth is that Lou wouldn't

305
00:10:48,290 --> 00:10:46,260
be able to share everything that he

306
00:10:51,650 --> 00:10:48,300
knows because Lou had title 50 access

307
00:10:53,509 --> 00:10:51,660
when he was a usdi uh and Kirkpatrick

308
00:10:55,069 --> 00:10:53,519
only has title 10 so there would be

309
00:10:56,750 --> 00:10:55,079
literal things that you know

310
00:10:58,130 --> 00:10:56,760
Kilpatrick's Deputy would have to be

311
00:10:59,389 --> 00:10:58,140
like sorry can't talk to you about that

312
00:11:01,130 --> 00:10:59,399
you know

313
00:11:03,230 --> 00:11:01,140

um but you gotta wonder if if Lou had

314

00:11:04,730 --> 00:11:03,240

access to that stuff too you know they

315

00:11:06,769 --> 00:11:04,740

him and Chris seem to look for it and

316

00:11:09,710 --> 00:11:06,779

they just didn't find it there was a job

317

00:11:13,370 --> 00:11:09,720

listing put up this week for arrow for a

318

00:11:15,590 --> 00:11:13,380

deputy director and that listed the

319

00:11:17,150 --> 00:11:15,600

basically the person that you know is

320

00:11:18,230 --> 00:11:17,160

ideal for that role would be able to

321

00:11:19,550 --> 00:11:18,240

take all the different forms of

322

00:11:21,290 --> 00:11:19,560

intelligence whether it's sensors

323

00:11:22,910 --> 00:11:21,300

whether it's witness testimony so on so

324

00:11:26,449 --> 00:11:22,920

forth when a testimony comes into what

325

00:11:28,790 --> 00:11:26,459

we call human or human intelligence and

326

00:11:30,470 --> 00:11:28,800

it said that that's important so it's

327

00:11:31,910 --> 00:11:30,480

really quite confusing why these

328

00:11:33,829 --> 00:11:31,920

interviews aren't being counted as

329

00:11:35,690 --> 00:11:33,839

credible when it's specified in the job

330

00:11:38,690 --> 00:11:35,700

title that they are a credible form of

331

00:11:41,449 --> 00:11:38,700

evidence you know yeah and I get as well

332

00:11:42,889 --> 00:11:41,459

it's not just the the testimony but

333

00:11:44,150 --> 00:11:42,899

there must be data to back up what

334

00:11:46,670 --> 00:11:44,160

they're talking talking about as well

335

00:11:48,110 --> 00:11:46,680

because it's like myself if I got into a

336

00:11:49,850 --> 00:11:48,120

really high say I applied for that

337

00:11:52,370 --> 00:11:49,860

deputy director role when I'm successful

338

00:11:54,889 --> 00:11:52,380

and I get the job God help you all

339

00:11:56,569 --> 00:11:54,899

um and I go in there and I think you'd

340

00:11:59,449 --> 00:11:56,579

be good here for it's worth they

341

00:12:01,190 --> 00:11:59,459

wouldn't understand me but see see I sat

342

00:12:02,389 --> 00:12:01,200

with Dr Sean Kirkpatrick and say okay as

343

00:12:05,030 --> 00:12:02,399

your Deputy I'm going to share my

344

00:12:07,069 --> 00:12:05,040

testimony and I talk about the event I

345

00:12:08,569 --> 00:12:07,079

saw in the 90s where this huge Ferris

346

00:12:09,769 --> 00:12:08,579

wheel thing like what does he do with

347

00:12:11,630 --> 00:12:09,779

that from there

348

00:12:13,910 --> 00:12:11,640

there's nothing because it is just

349

00:12:16,790 --> 00:12:13,920

testimony what you've got with flavor

350

00:12:18,650 --> 00:12:16,800

Underwood Graves you know Dietrich is

351
00:12:21,410 --> 00:12:18,660
there is a whole

352
00:12:23,509 --> 00:12:21,420
ton of data that should be there to back

353
00:12:25,370 --> 00:12:23,519
this up even if you want to look at what

354
00:12:27,949 --> 00:12:25,380
they say and go I don't believe you

355
00:12:29,569 --> 00:12:27,959
that's fine don't believe me but you can

356
00:12:31,130 --> 00:12:29,579
go and get the data from what they saw

357
00:12:32,690 --> 00:12:31,140
from that event

358
00:12:34,009 --> 00:12:32,700
um whether that satellite data that's

359
00:12:35,930 --> 00:12:34,019
still kicking about I'm sure whether

360
00:12:37,970 --> 00:12:35,940
those brick data bricks that we hear so

361
00:12:40,850 --> 00:12:37,980
much about in different stories there

362
00:12:42,710 --> 00:12:40,860
should be stuff there to corroborate and

363
00:12:45,230 --> 00:12:42,720

and back up what Dr Shankar Patrick is

364

00:12:47,509 --> 00:12:45,240

saying they don't have so that's that's

365

00:12:48,949 --> 00:12:47,519

absolutely and and there's something to

366

00:12:50,269 --> 00:12:48,959

be said for the anonymous nature of

367

00:12:51,590 --> 00:12:50,279

these things that you know sometimes

368

00:12:53,210 --> 00:12:51,600

people have seen craft that don't show

369

00:12:57,290 --> 00:12:53,220

up on radar and don't show up on other

370

00:13:00,949 --> 00:12:57,300

senses but you know you you expect some

371

00:13:02,329 --> 00:13:00,959

sensor to pick some kind of yeah anomaly

372

00:13:03,710 --> 00:13:02,339

up to just be like yeah something's

373

00:13:05,090 --> 00:13:03,720

different in that area I don't know what

374

00:13:08,090 --> 00:13:05,100

it is but there's something going on

375

00:13:10,009 --> 00:13:08,100

there you know 100 yeah so more on that

376

00:13:12,170 --> 00:13:10,019

one no doubt certain and I like the fact

377

00:13:14,030 --> 00:13:12,180

that the time scale on it because it's

378

00:13:15,590 --> 00:13:14,040

me you're looking at June July August

379

00:13:17,690 --> 00:13:15,600

here and if it gets to September and

380

00:13:19,310 --> 00:13:17,700

still nothing then questions are no

381

00:13:21,410 --> 00:13:19,320

doubt start being asked but think what

382

00:13:23,690 --> 00:13:21,420

we're lucky with people like Roscoe tart

383

00:13:25,430 --> 00:13:23,700

and Bryce Sable having need to know as a

384

00:13:26,810 --> 00:13:25,440

podcast and a platform is to keep us up

385

00:13:28,730 --> 00:13:26,820

to date on a regular basis and what's

386

00:13:31,610 --> 00:13:28,740

cool talk isn't shy about going another

387

00:13:33,829 --> 00:13:31,620

podcast shows or on his own and keeping

388

00:13:36,050 --> 00:13:33,839

us up to date so fingers crossed we hear

389

00:13:37,790 --> 00:13:36,060

more from that yeah absolutely fingers

390

00:13:39,530 --> 00:13:37,800

crossed and just to kind of because you

391

00:13:41,509 --> 00:13:39,540

hinted at your sighting there and so

392

00:13:50,290 --> 00:13:41,519

many people might not be aware

393

00:13:54,170 --> 00:13:52,370

yeah stories from somewhere in the sky

394

00:13:56,690 --> 00:13:54,180

is my leaf on the Wind side is in there

395

00:13:58,430 --> 00:13:56,700

too so if you're curious you know Andy

396

00:14:00,949 --> 00:13:58,440

and I both submit the sightings there

397

00:14:02,870 --> 00:14:00,959

and it means something to share them and

398

00:14:04,129 --> 00:14:02,880

have them being taken seriously and and

399

00:14:06,050 --> 00:14:04,139

I think

400

00:14:07,610 --> 00:14:06,060

that kind of you know if I'd have

401
00:14:08,870 --> 00:14:07,620
submitted my story to arrow and then

402
00:14:10,250 --> 00:14:08,880
heard Kirkpatrick said there's nothing

403
00:14:12,829 --> 00:14:10,260
credible I'd be like what the hell man

404
00:14:14,210 --> 00:14:12,839
you know I think covers are back to back

405
00:14:15,470 --> 00:14:14,220
in the in the book as well I think

406
00:14:16,490 --> 00:14:15,480
that's really good after chat oh yeah

407
00:14:17,990 --> 00:14:16,500
pretty sure

408
00:14:19,190 --> 00:14:18,000
um so yeah and if you have not checked

409
00:14:20,569 --> 00:14:19,200
out listen to them have you ever Ryan

410
00:14:21,769 --> 00:14:20,579
Sprague from last week and you shared

411
00:14:24,650 --> 00:14:21,779
some of his favorite stories from that

412
00:14:25,990 --> 00:14:24,660
as well and I had a cracking pun about

413
00:14:28,310 --> 00:14:26,000

um

414

00:14:29,990 --> 00:14:28,320

aliens walking down the street oh yeah

415

00:14:31,790 --> 00:14:30,000

that was good a title change wasn't it

416

00:14:33,050 --> 00:14:31,800

yeah yeah yeah yeah I like that I was

417

00:14:34,790 --> 00:14:33,060

quite proud of myself

418

00:14:36,350 --> 00:14:34,800

um but on to the serious news um just to

419

00:14:37,550 --> 00:14:36,360

touch on an interview from last week I'm

420

00:14:39,350 --> 00:14:37,560

just going to ask Dan's opinion

421

00:14:41,269 --> 00:14:39,360

Christopher plane was on with me talking

422

00:14:43,310 --> 00:14:41,279

about the article he co-authored with

423

00:14:47,150 --> 00:14:43,320

Micah Hanks from the debrief about the

424

00:14:49,910 --> 00:14:47,160

Chicago O'Hare UFO UAP event from 2006

425

00:14:51,470 --> 00:14:49,920

and essentially the article was that a

426

00:14:53,750 --> 00:14:51,480

group called Applied Physics which is

427

00:14:55,490 --> 00:14:53,760

made up of 30 or more Physicians uh

428

00:14:57,889 --> 00:14:55,500

professor says sorry Physicians are um

429

00:14:58,629 --> 00:14:57,899

doctors aren't they um physicists

430

00:15:01,629 --> 00:14:58,639

um

431

00:15:04,790 --> 00:15:01,639

yeah pretty much yeah

432

00:15:06,710 --> 00:15:04,800

they have looked at this as a bit of a

433

00:15:09,230 --> 00:15:06,720

for almost about fun it sounded like

434

00:15:11,389 --> 00:15:09,240

Chris said like as a side project and

435

00:15:13,490 --> 00:15:11,399

they came to the conclusion purely based

436

00:15:14,870 --> 00:15:13,500

on testimony and nothing else from the

437

00:15:16,850 --> 00:15:14,880

people that were there on the day in

438

00:15:18,949 --> 00:15:16,860

Chicago O'Hare Airport that it was

439

00:15:20,990 --> 00:15:18,959

likely an object that had some kind of

440

00:15:23,449 --> 00:15:21,000

warp drive on it and we won't talk about

441

00:15:24,889 --> 00:15:23,459

the event or that Dan it's we've talked

442

00:15:27,590 --> 00:15:24,899

about it before and it talked about a

443

00:15:30,290 --> 00:15:27,600

lot with Chris but how do you feel about

444

00:15:32,689 --> 00:15:30,300

a serious group like that of real

445

00:15:35,090 --> 00:15:32,699

scientists real academics looking at

446

00:15:37,370 --> 00:15:35,100

their stuff and going probably a warp

447

00:15:40,009 --> 00:15:37,380

dive to be honest based on what we have

448

00:15:42,170 --> 00:15:40,019

as that's good for the topic overall or

449

00:15:44,090 --> 00:15:42,180

is it still lacking something

450

00:15:45,230 --> 00:15:44,100

I I really enjoyed it because this is

451
00:15:47,990 --> 00:15:45,240
kind of where we have to start with

452
00:15:50,810 --> 00:15:48,000
things right uh we can observe something

453
00:15:52,370 --> 00:15:50,820
and implies and it implies a whole bunch

454
00:15:53,810 --> 00:15:52,380
of things that you can kind of almost

455
00:15:55,550 --> 00:15:53,820
backwards engineer just from the

456
00:15:57,110 --> 00:15:55,560
knowledge that it happened uh Michael

457
00:15:58,610 --> 00:15:57,120
Masters does a similar thing you know he

458
00:16:00,590 --> 00:15:58,620
works with the idea of the Grays and

459
00:16:02,569 --> 00:16:00,600
kind of says okay big head small bodies

460
00:16:04,069 --> 00:16:02,579
if we went to space our heads would get

461
00:16:06,410 --> 00:16:04,079
bigger our bodies would shrink you know

462
00:16:08,389 --> 00:16:06,420
you know so you can kind of imply things

463
00:16:10,189 --> 00:16:08,399

from it so yeah I really love the

464

00:16:12,350 --> 00:16:10,199

article and

465

00:16:13,670 --> 00:16:12,360

through through their kind of work they

466

00:16:15,710 --> 00:16:13,680

basically came up with a bunch of

467

00:16:17,210 --> 00:16:15,720

observables right that Lou had kind of

468

00:16:20,449 --> 00:16:17,220

shared with us from his atip days the

469

00:16:22,610 --> 00:16:20,459

five observables so yeah it's really

470

00:16:24,050 --> 00:16:22,620

valuable for people to do that and you

471

00:16:26,629 --> 00:16:24,060

asked him a question at one point that I

472

00:16:29,389 --> 00:16:26,639

really liked where you said you know as

473

00:16:31,370 --> 00:16:29,399

we go forward if you know the the

474

00:16:32,629 --> 00:16:31,380

reality of what's happening is confirmed

475

00:16:34,069 --> 00:16:32,639

by the US government doesn't mean that

476

00:16:36,230 --> 00:16:34,079

academics are suddenly going to go back

477

00:16:37,610 --> 00:16:36,240

through all these old cases and I think

478

00:16:39,949 --> 00:16:37,620

that's almost exactly what needs to

479

00:16:41,749 --> 00:16:39,959

happen you know people like us kind of

480

00:16:43,370 --> 00:16:41,759

pour over these old cases and kind of go

481

00:16:45,829 --> 00:16:43,380

okay well that means that that's similar

482

00:16:47,930 --> 00:16:45,839

you you know between all these things so

483

00:16:50,269 --> 00:16:47,940

to have academics do that and draw

484

00:16:51,829 --> 00:16:50,279

conclusions from it that okay this sure

485

00:16:54,769 --> 00:16:51,839

you know it cracks like a duck it looks

486

00:16:58,490 --> 00:16:54,779

like a duck maybe it is a duck uh it's

487

00:17:01,370 --> 00:16:58,500

valuable and that kind of thing will

488

00:17:04,189 --> 00:17:01,380

if they could confirm somehow you know

489

00:17:05,270 --> 00:17:04,199

like 99 like this is probably a warp

490

00:17:06,949 --> 00:17:05,280

drive because that's how we would expect

491

00:17:08,390 --> 00:17:06,959

it to to behave

492

00:17:10,370 --> 00:17:08,400

just the knowledge that one of those

493

00:17:11,630 --> 00:17:10,380

could exist will inspire a scientist

494

00:17:13,610 --> 00:17:11,640

somewhere to start working on it

495

00:17:15,949 --> 00:17:13,620

properly and trying to engineer it for

496

00:17:18,650 --> 00:17:15,959

themselves and that that's what we call

497

00:17:20,569 --> 00:17:18,660

progress right absolutely and Dan do you

498

00:17:23,630 --> 00:17:20,579

know what's better than a duck

499

00:17:25,250 --> 00:17:23,640

a fox and James Fox has been in the news

500

00:17:27,530 --> 00:17:25,260

still recently

501
00:17:29,690 --> 00:17:27,540
um with his uh his recent appearance on

502
00:17:31,909 --> 00:17:29,700
Joe Rogan has uh kept the conversation

503
00:17:34,010 --> 00:17:31,919
going uh nice little Ripple in the pond

504
00:17:35,690 --> 00:17:34,020
still from from that appearance a lot of

505
00:17:38,630 --> 00:17:35,700
sound bites going around

506
00:17:41,390 --> 00:17:38,640
um and if you haven't heard uh Logan

507
00:17:45,289 --> 00:17:41,400
Paul famous YouTuber celebrity WWE

508
00:17:48,230 --> 00:17:45,299
wrestler Prime Aficionado along with KSI

509
00:17:50,270 --> 00:17:48,240
um basically I went to Chuck Clark's

510
00:17:52,310 --> 00:17:50,280
property and we've talked about this

511
00:17:54,049 --> 00:17:52,320
recently very quickly for just catching

512
00:17:56,390 --> 00:17:54,059
up Chuck Clark apparently has a piece of

513
00:18:00,250 --> 00:17:56,400

footage on VHS which is astounding

514

00:18:03,289 --> 00:18:00,260

footage of uh potential

515

00:18:05,690 --> 00:18:03,299

UFO above two guys filming it back in

516

00:18:07,850 --> 00:18:05,700

the 90s apparently it's incredible

517

00:18:09,590 --> 00:18:07,860

um James Fox has Senate Logan Paul has

518

00:18:11,930 --> 00:18:09,600

seen it apparently Logan Paul has gone

519

00:18:14,810 --> 00:18:11,940

there and filmed it secretly

520

00:18:17,210 --> 00:18:14,820

um and James Fox has been on Twitter and

521

00:18:19,250 --> 00:18:17,220

he's even tagging Logan Paul to say if

522

00:18:21,409 --> 00:18:19,260

you filmed this do you plan on releasing

523

00:18:23,330 --> 00:18:21,419

it because I'm one of those ones that

524

00:18:25,490 --> 00:18:23,340

would happily watch this footage even if

525

00:18:27,529 --> 00:18:25,500

it is secret camera I'm thinking Logan

526
00:18:28,370 --> 00:18:27,539
Paul trench coat camera underneath you

527
00:18:29,810 --> 00:18:28,380
know

528
00:18:32,150 --> 00:18:29,820
um I'm sure it was something more subtle

529
00:18:33,830 --> 00:18:32,160
than that but if that footage has been

530
00:18:35,510 --> 00:18:33,840
filmed I want to see it regardless of

531
00:18:37,850 --> 00:18:35,520
how degraded the footage is because it's

532
00:18:40,250 --> 00:18:37,860
a 90s VHS and over here but I also

533
00:18:43,549 --> 00:18:40,260
wondered that as it was saying that is

534
00:18:45,890 --> 00:18:43,559
this how or let me rephrase it is this

535
00:18:47,870 --> 00:18:45,900
another way we can look at approaching

536
00:18:50,870 --> 00:18:47,880
some kind of official confirmation or

537
00:18:52,190 --> 00:18:50,880
disclosure is that and I see people get

538
00:18:54,169 --> 00:18:52,200

really annoyed at Celebrities right

539

00:18:55,789 --> 00:18:54,179

being involved in the UFO topic Tom De

540

00:18:57,529 --> 00:18:55,799

Long prime example

541

00:19:00,590 --> 00:18:57,539

um I've said often about Kanye West

542

00:19:02,870 --> 00:19:00,600

going up in SpaceX as a tourist and our

543

00:19:04,070 --> 00:19:02,880

Virgin Galactic rockets and seeing

544

00:19:07,010 --> 00:19:04,080

something and filming it with an iPhone

545

00:19:09,830 --> 00:19:07,020

right why not a celebrity now because

546

00:19:12,049 --> 00:19:09,840

with the the reach and impact of social

547

00:19:14,210 --> 00:19:12,059

media and instant gratification and

548

00:19:16,610 --> 00:19:14,220

innocent information why wouldn't it be

549

00:19:18,110 --> 00:19:16,620

something as ridiculous as Logan Paul

550

00:19:19,430 --> 00:19:18,120

filming something he shouldn't and

551

00:19:21,830 --> 00:19:19,440

putting out there for the world to see

552

00:19:23,450 --> 00:19:21,840

because does he really care

553

00:19:25,250 --> 00:19:23,460

the guys get hundreds of millions of

554

00:19:28,610 --> 00:19:25,260

dollars in the bank he's not signing

555

00:19:30,409 --> 00:19:28,620

ndas for UFO stuff he I wouldn't upset

556

00:19:32,330 --> 00:19:30,419

him or if you know

557

00:19:34,370 --> 00:19:32,340

James Fox Andrew just Logan Paul to

558

00:19:36,529 --> 00:19:34,380

Chuck Clark would Logan Paul necessarily

559

00:19:38,510 --> 00:19:36,539

care that James Fox and Chuck Clark's

560

00:19:40,909 --> 00:19:38,520

relationship could be affected

561

00:19:42,529 --> 00:19:40,919

you know why why not purely for the

562

00:19:44,990 --> 00:19:42,539

recognition go out and put it out there

563

00:19:46,610 --> 00:19:45,000

not saying it's right or wrong but I

564

00:19:48,169 --> 00:19:46,620

don't think James fox seems too fast on

565

00:19:50,810 --> 00:19:48,179

Logan Paul put out there from what is

566

00:19:52,190 --> 00:19:50,820

from what he's saying so why why

567

00:19:54,470 --> 00:19:52,200

wouldn't this kind of celebrity

568

00:19:56,330 --> 00:19:54,480

involvement end up in having an impact

569

00:19:58,010 --> 00:19:56,340

it wouldn't be the first time would it

570

00:19:59,450 --> 00:19:58,020

no you know when you were talking about

571

00:20:01,130 --> 00:19:59,460

reaching impact there I just thought of

572

00:20:02,990 --> 00:20:01,140

Tom's along immediately you know how

573

00:20:04,610 --> 00:20:03,000

much he progressed the conversation just

574

00:20:06,169 --> 00:20:04,620

by getting a few videos out there that

575

00:20:07,190 --> 00:20:06,179

we're still debating to this day you

576

00:20:07,850 --> 00:20:07,200

know yeah

577

00:20:09,890 --> 00:20:07,860

um

578

00:20:11,390 --> 00:20:09,900

yeah and you're right as well Logan

579

00:20:13,310 --> 00:20:11,400

Logan Paul

580

00:20:15,470 --> 00:20:13,320

historically isn't the kind of person to

581

00:20:16,970 --> 00:20:15,480

be bothered by some some of the blowback

582

00:20:18,650 --> 00:20:16,980

and things like that he's more about

583

00:20:20,630 --> 00:20:18,660

just you know getting things done and

584

00:20:22,250 --> 00:20:20,640

and putting together a show which you

585

00:20:24,289 --> 00:20:22,260

know I can respect I don't really care

586

00:20:27,049 --> 00:20:24,299

if the the video is degraded myself or

587

00:20:28,970 --> 00:20:27,059

like from a little button cam it reminds

588

00:20:32,029 --> 00:20:28,980

me of Calvin you know for years it was

589

00:20:33,470 --> 00:20:32,039

like this myth and sure like finding one

590

00:20:34,789 --> 00:20:33,480

of the photos just brought up more

591

00:20:37,250 --> 00:20:34,799

questions and things like that and the

592

00:20:39,110 --> 00:20:37,260

same thing would happen here but we have

593

00:20:42,110 --> 00:20:39,120

a real chance to kind of progress the

594

00:20:45,110 --> 00:20:42,120

conversation in this area now and I mean

595

00:20:46,490 --> 00:20:45,120

I don't want to say if it was meme or

596

00:20:48,650 --> 00:20:46,500

Logan Paul's shoes that I would just

597

00:20:50,690 --> 00:20:48,660

release it but it would be it would be

598

00:20:52,190 --> 00:20:50,700

Mighty tempting to you know just get it

599

00:20:53,870 --> 00:20:52,200

out there and be like cool here's the

600

00:20:55,850 --> 00:20:53,880

video this is what we're going to be

601
00:20:57,169 --> 00:20:55,860
looking at and then we can start asking

602
00:20:58,430 --> 00:20:57,179
questions and maybe Chuck Clark would

603
00:21:00,289 --> 00:20:58,440
release it after that and kind of go

604
00:21:02,390 --> 00:21:00,299
okay well you've kind of seen it now you

605
00:21:04,070 --> 00:21:02,400
know through no fault of his uh because

606
00:21:05,330 --> 00:21:04,080
he seems to have promised the the person

607
00:21:08,029 --> 00:21:05,340
that gave it to him that he wouldn't

608
00:21:10,610 --> 00:21:08,039
reveal it uh but you know if his hand is

609
00:21:12,529 --> 00:21:10,620
tipped by someone like uh Logan Paul

610
00:21:14,210 --> 00:21:12,539
then I keep I keep going to say Paul

611
00:21:15,710 --> 00:21:14,220
Logan because Paul is a traditional

612
00:21:16,370 --> 00:21:15,720
first name you know yeah

613
00:21:17,990 --> 00:21:16,380

um

614

00:21:19,789 --> 00:21:18,000

but yeah if his hand is tipped by

615

00:21:23,570 --> 00:21:19,799

something like this I I think that's

616

00:21:25,669 --> 00:21:23,580

fair I would like to see it uh and yeah

617

00:21:28,730 --> 00:21:25,679

no money is really changing hands it's

618

00:21:30,289 --> 00:21:28,740

it would just put a kind of pin in this

619

00:21:31,430 --> 00:21:30,299

part of the conversation instead of you

620

00:21:33,230 --> 00:21:31,440

know a lot of people are looking at this

621

00:21:35,149 --> 00:21:33,240

and kind of go no it's marketing you

622

00:21:36,830 --> 00:21:35,159

know they've they've obviously kind of

623

00:21:39,350 --> 00:21:36,840

planned this and just getting the

624

00:21:41,270 --> 00:21:39,360

conversation going but I trust James

625

00:21:43,549 --> 00:21:41,280

um and and I think he he does great work

626

00:21:45,590 --> 00:21:43,559

so if he's kind of barking up this tree

627

00:21:47,690 --> 00:21:45,600

I think it's a tree worth backing up

628

00:21:49,789 --> 00:21:47,700

yeah I'd like the opportunity to make up

629

00:21:51,169 --> 00:21:49,799

my own mind about the footage even like

630

00:21:53,690 --> 00:21:51,179

you say if it's someone filming the

631

00:21:55,250 --> 00:21:53,700

footage at least I could say yeah it

632

00:21:56,810 --> 00:21:55,260

looks interesting but I need to see the

633

00:21:59,390 --> 00:21:56,820

actual copy or you could look at it and

634

00:22:01,250 --> 00:21:59,400

go even you can tell from that second

635

00:22:02,630 --> 00:22:01,260

hand footage that it's not going to be

636

00:22:04,730 --> 00:22:02,640

worth it you know it's not what we

637

00:22:06,409 --> 00:22:04,740

thought let us make up our own mind and

638

00:22:09,529 --> 00:22:06,419

that's why when Jeremy Corbell releases

639

00:22:11,270 --> 00:22:09,539

footage or any other rubber duck footage

640

00:22:13,250 --> 00:22:11,280

all that kind of stuff I'd rather see it

641

00:22:15,110 --> 00:22:13,260

and get to make up my own mind than not

642

00:22:16,789 --> 00:22:15,120

have anything released and just have

643

00:22:18,409 --> 00:22:16,799

endless debate about the lack of footage

644

00:22:20,510 --> 00:22:18,419

so I'd rather see something in the safe

645

00:22:23,210 --> 00:22:20,520

for myself and same as everyone else you

646

00:22:25,250 --> 00:22:23,220

know stuff I've seen I'm sure as an

647

00:22:27,470 --> 00:22:25,260

officially a UFO or exotic technology

648

00:22:28,909 --> 00:22:27,480

other people maybe see something in it

649

00:22:30,890 --> 00:22:28,919

and that's fine we all we all get to

650

00:22:31,669 --> 00:22:30,900

make up an opinion based on on what we

651
00:22:33,529 --> 00:22:31,679
think

652
00:22:35,750 --> 00:22:33,539
um still on that James Fox on a

653
00:22:39,350 --> 00:22:35,760
Brazilian UFO podcast announced that

654
00:22:41,570 --> 00:22:39,360
there's a 200 000 reward for video of

655
00:22:43,370 --> 00:22:41,580
the alleged Virginia for anyone who

656
00:22:45,529 --> 00:22:43,380
likes me saying that there you go uh

657
00:22:47,149 --> 00:22:45,539
Virginia being I thought someone said

658
00:22:50,210 --> 00:22:47,159
have a heart attack every time you say

659
00:22:52,010 --> 00:22:50,220
that yes yeah and I have to think very

660
00:22:54,289 --> 00:22:52,020
carefully when I say it so from the

661
00:22:56,090 --> 00:22:54,299
being from the Brazilian incident

662
00:22:57,409 --> 00:22:56,100
um god that actually still works for the

663
00:22:59,330 --> 00:22:57,419

whole Virginia thing same Brazilian

664

00:23:01,909 --> 00:22:59,340

doesn't it before

665

00:23:05,149 --> 00:23:01,919

um sorry folks so yeah there there's a

666

00:23:07,190 --> 00:23:05,159

video allegedly of a live being that was

667

00:23:09,230 --> 00:23:07,200

from that incident that apparently is

668

00:23:11,149 --> 00:23:09,240

out there James Fox has spoken to people

669

00:23:13,070 --> 00:23:11,159

who are assured him it's there two

670

00:23:14,870 --> 00:23:13,080

hundred thousand dollars for me

671

00:23:16,070 --> 00:23:14,880

that's a lot of money for James Fox he

672

00:23:17,450 --> 00:23:16,080

said himself he's not got that kind of

673

00:23:18,830 --> 00:23:17,460

money just kicking about in the bank you

674

00:23:20,570 --> 00:23:18,840

know he's got a family in a house and

675

00:23:22,310 --> 00:23:20,580

all that kind of stuff as well so even

676

00:23:23,149 --> 00:23:22,320

if it is his own money it's a chunk of

677

00:23:25,610 --> 00:23:23,159

change

678

00:23:27,590 --> 00:23:25,620

I'll look again at your your Joe Rogan's

679

00:23:30,230 --> 00:23:27,600

your Logan Paul's that is that's a drop

680

00:23:32,930 --> 00:23:30,240

in the ocean to them surely just for the

681

00:23:34,549 --> 00:23:32,940

kicks and for fun if I was them and I

682

00:23:36,110 --> 00:23:34,559

had 200 million dollars in my bank I'd

683

00:23:38,149 --> 00:23:36,120

be going you know what I'll give you a

684

00:23:40,130 --> 00:23:38,159

million a couple of million just from

685

00:23:42,169 --> 00:23:40,140

the the marketing possibilities on this

686

00:23:44,090 --> 00:23:42,179

alone I wouldn't care about that money

687

00:23:45,409 --> 00:23:44,100

if someone has that video give me it'll

688

00:23:47,330 --> 00:23:45,419

buy it off them

689

00:23:49,250 --> 00:23:47,340

and and go from there

690

00:23:52,430 --> 00:23:49,260

um because it ends the conversation

691

00:23:54,350 --> 00:23:52,440

for for good or it really kicks it on in

692

00:23:55,370 --> 00:23:54,360

a big way if there's a live video of

693

00:23:58,190 --> 00:23:55,380

being

694

00:23:59,750 --> 00:23:58,200

um so yeah we talked about that before I

695

00:24:01,310 --> 00:23:59,760

know but just just quick thoughts on it

696

00:24:03,049 --> 00:24:01,320

then well it was fascinating isn't it

697

00:24:04,310 --> 00:24:03,059

because this is again another thing

698

00:24:06,230 --> 00:24:04,320

that's kind of close to the Finish Line

699

00:24:07,850 --> 00:24:06,240

the the bit that kind of confuses me is

700

00:24:09,710 --> 00:24:07,860

that you know apparently the guy was

701
00:24:10,970 --> 00:24:09,720
gonna go for the 20K and now it's up to

702
00:24:13,310 --> 00:24:10,980
200k and they're looking for other

703
00:24:15,590 --> 00:24:13,320
people so maybe the guy the the original

704
00:24:18,169 --> 00:24:15,600
kind of source is you know playing a bit

705
00:24:20,149 --> 00:24:18,179
hard to get but the the whole thing for

706
00:24:22,610 --> 00:24:20,159
me is you know would either of these

707
00:24:25,789 --> 00:24:22,620
videos bring disclosure

708
00:24:27,110 --> 00:24:25,799
no no they wouldn't right no um so

709
00:24:28,730 --> 00:24:27,120
though we're kind of putting this

710
00:24:30,049 --> 00:24:28,740
importance on them neither one is kind

711
00:24:31,970 --> 00:24:30,059
of going to be you know the nail in the

712
00:24:33,470 --> 00:24:31,980
coffin this is a long drawn out process

713
00:24:35,210 --> 00:24:33,480

that's going to be chipped away at and

714

00:24:37,669 --> 00:24:35,220

our paradigms will shift as Thomas

715

00:24:39,649 --> 00:24:37,679

says over like 30 to 50 years but

716

00:24:42,529 --> 00:24:39,659

there's a whole other portion from this

717

00:24:43,850 --> 00:24:42,539

Virginia case to do with

718

00:24:46,930 --> 00:24:43,860

um I forget the guy's name and that's

719

00:24:49,430 --> 00:24:46,940

really bugging me Mario something

720

00:24:52,630 --> 00:24:49,440

not Mario Woods he he was the gentleman

721

00:24:55,370 --> 00:24:52,640

who was killed basically by oh yeah

722

00:24:57,710 --> 00:24:55,380

and a number of people have kind of come

723

00:24:59,330 --> 00:24:57,720

up with several angles on it and one

724

00:25:01,730 --> 00:24:59,340

that I hadn't heard

725

00:25:02,810 --> 00:25:01,740

just to share this side of things was

726

00:25:04,549 --> 00:25:02,820

that

727

00:25:07,010 --> 00:25:04,559

um the bacteria was identified as an

728

00:25:08,510 --> 00:25:07,020

earth bacteria which we I think we spoke

729

00:25:10,070 --> 00:25:08,520

about before that you know maybe the

730

00:25:13,070 --> 00:25:10,080

immune system shut down and then he got

731

00:25:14,870 --> 00:25:13,080

affected but what I didn't know was the

732

00:25:17,330 --> 00:25:14,880

doctor uh confirmed that the guy

733

00:25:18,770 --> 00:25:17,340

actually had prior surgery on like maybe

734

00:25:21,950 --> 00:25:18,780

a cyst under his arm and that the

735

00:25:24,350 --> 00:25:21,960

surgeon was sued for malpractice uh so

736

00:25:25,970 --> 00:25:24,360

it's possible that sepsis could have

737

00:25:28,970 --> 00:25:25,980

been the result of all this you know

738

00:25:30,649 --> 00:25:28,980

yeah but Leslie Kane as spoken about at

739

00:25:32,930 --> 00:25:30,659

the the conference in New York recently

740

00:25:34,850 --> 00:25:32,940

Leslie Kane has that medical report and

741

00:25:36,230 --> 00:25:34,860

it's being translated so we'll see it

742

00:25:38,330 --> 00:25:36,240

sooner rather than later it's a really

743

00:25:40,549 --> 00:25:38,340

intriguing case and

744

00:25:43,250 --> 00:25:40,559

when we reviewed it you know I I we we

745

00:25:45,769 --> 00:25:43,260

said before that it's curious that James

746

00:25:47,810 --> 00:25:45,779

goes into this kind of Investigation

747

00:25:49,250 --> 00:25:47,820

kind of going eh did it happen and then

748

00:25:51,350 --> 00:25:49,260

by the end he's like yeah something

749

00:25:53,029 --> 00:25:51,360

happened here you know yeah yeah it's

750

00:25:54,769 --> 00:25:53,039

not right we should keep pulling that's

751
00:25:57,590 --> 00:25:54,779
it but it's good to see it's been chased

752
00:25:59,810 --> 00:25:57,600
up and James's active on social media

753
00:26:02,149 --> 00:25:59,820
which is always good and uh he's still

754
00:26:03,710 --> 00:26:02,159
going at it as well so yeah really

755
00:26:05,269 --> 00:26:03,720
interesting stuff

756
00:26:07,789 --> 00:26:05,279
um jumping all over the place or on this

757
00:26:11,090 --> 00:26:07,799
breakdown an exchange between John

758
00:26:12,590 --> 00:26:11,100
Greenwald George Knapp Eric Weinstein or

759
00:26:13,789 --> 00:26:12,600
Weinstein I don't know how to put the

760
00:26:15,950 --> 00:26:13,799
video on it there

761
00:26:18,289 --> 00:26:15,960
um unless that's correct and Stephen

762
00:26:20,210 --> 00:26:18,299
Green Street happened I'd seen the

763
00:26:22,909 --> 00:26:20,220

initial exchange

764

00:26:24,710 --> 00:26:22,919

um a little bit immature between grimald

765

00:26:26,930 --> 00:26:24,720

and that uh

766

00:26:29,029 --> 00:26:26,940

not blaming anyone but

767

00:26:31,190 --> 00:26:29,039

yeah they're a bit of a back and forward

768

00:26:32,750 --> 00:26:31,200

and then and Eric Weinstein comes into

769

00:26:35,269 --> 00:26:32,760

it who's seen as a kind of serious

770

00:26:37,430 --> 00:26:35,279

scientist academic from outside the UFO

771

00:26:39,769 --> 00:26:37,440

subject who very much has not just as

772

00:26:41,810 --> 00:26:39,779

tall but his whole foot in the water and

773

00:26:43,850 --> 00:26:41,820

is has had an interest recently in the

774

00:26:46,130 --> 00:26:43,860

Bible is our conversation and he would

775

00:26:49,850 --> 00:26:46,140

go on Rogan and debate Lazar uh not

776

00:26:51,710 --> 00:26:49,860

believing his story and he he saw the

777

00:26:54,049 --> 00:26:51,720

exchange between Greenwald and that and

778

00:26:55,549 --> 00:26:54,059

was like I don't get the issues that you

779

00:26:57,110 --> 00:26:55,559

a lot have in this community between you

780

00:26:59,210 --> 00:26:57,120

and then Stephen Green Street got

781

00:27:01,190 --> 00:26:59,220

involved and then Eric Benson again was

782

00:27:02,930 --> 00:27:01,200

very much you know than what he's doing

783

00:27:05,570 --> 00:27:02,940

wasn't he it was it was almost like a

784

00:27:07,549 --> 00:27:05,580

the senior parent coming along like the

785

00:27:09,529 --> 00:27:07,559

older parent and admonishing the

786

00:27:10,669 --> 00:27:09,539

children and these are all professionals

787

00:27:12,529 --> 00:27:10,679

that a lot of people still respect

788

00:27:15,350 --> 00:27:12,539

regardless what individual you think of

789

00:27:16,370 --> 00:27:15,360

them you know I'm a patronage regardless

790

00:27:17,390 --> 00:27:16,380

what people think and have a

791

00:27:18,890 --> 00:27:17,400

disagreements with them and he's a

792

00:27:20,269 --> 00:27:18,900

disagreements with me online before I

793

00:27:22,070 --> 00:27:20,279

try and stay out of it

794

00:27:23,990 --> 00:27:22,080

um but I appreciate the work he does

795

00:27:25,549 --> 00:27:24,000

from the UFO subject huge respect for

796

00:27:26,930 --> 00:27:25,559

George Knapp and I've had Stephen

797

00:27:28,789 --> 00:27:26,940

greenshot on the podcast in the past

798

00:27:30,529 --> 00:27:28,799

before things changed for him as well

799

00:27:32,450 --> 00:27:30,539

again I've got no personal I should be

800

00:27:33,830 --> 00:27:32,460

Stephen Green Street crack on you know

801
00:27:35,870 --> 00:27:33,840
things change

802
00:27:38,690 --> 00:27:35,880
um opinions change but

803
00:27:40,789 --> 00:27:38,700
again is that's what we need the outside

804
00:27:42,289 --> 00:27:40,799
world seeing when they jump in and go oh

805
00:27:44,330 --> 00:27:42,299
do you know what this UFO story is quite

806
00:27:46,970 --> 00:27:44,340
interesting I'm going to jump on Twitter

807
00:27:48,590 --> 00:27:46,980
put on hashtag UFO Twitter and see

808
00:27:50,810 --> 00:27:48,600
what's going on and they see some of the

809
00:27:53,210 --> 00:27:50,820
respected names if you want to call them

810
00:27:55,789 --> 00:27:53,220
influencers I don't know but respected

811
00:27:57,710 --> 00:27:55,799
names and they see that kind of

812
00:28:00,289 --> 00:27:57,720
pettiness and it's like come on it

813
00:28:01,669 --> 00:28:00,299

doesn't help anyone you know and then

814

00:28:02,990 --> 00:28:01,679

you see like an Eric Green cinema we'll

815

00:28:04,789 --> 00:28:03,000

get to the laser thing again in a second

816

00:28:07,190 --> 00:28:04,799

I've got a question on that for you but

817

00:28:09,289 --> 00:28:07,200

what do you think of that Dan and look

818

00:28:10,610 --> 00:28:09,299

we're all guilty of it we've all had a

819

00:28:12,470 --> 00:28:10,620

bit of a back and forward online before

820

00:28:15,409 --> 00:28:12,480

there comes a point you just have to

821

00:28:16,789 --> 00:28:15,419

kind of grow of it though yeah I agree I

822

00:28:18,649 --> 00:28:16,799

I really like Derek's point you know

823

00:28:20,090 --> 00:28:18,659

where the conversation ended up

824

00:28:22,070 --> 00:28:20,100

um the the exchange made me laugh

825

00:28:23,690 --> 00:28:22,080

because it was just so extremes and Eric

826

00:28:26,330 --> 00:28:23,700

kind of just coming into that exchange

827

00:28:27,169 --> 00:28:26,340

between Greenwald and a nap where you

828

00:28:28,490 --> 00:28:27,179

know there might have been a penis

829

00:28:29,990 --> 00:28:28,500

picture posted

830

00:28:31,750 --> 00:28:30,000

um and just saying I don't understand

831

00:28:34,430 --> 00:28:31,760

this

832

00:28:37,090 --> 00:28:34,440

picture there was a phallic object

833

00:28:41,149 --> 00:28:37,100

that's true it was a failure

834

00:28:42,470 --> 00:28:41,159

yeah that's the one yeah yeah and then

835

00:28:45,890 --> 00:28:42,480

Weinstein just said I don't understand

836

00:28:48,590 --> 00:28:45,900

the the you know the relationships in

837

00:28:51,950 --> 00:28:48,600

this community but he ultimately came to

838

00:28:54,230 --> 00:28:51,960

kind of saying to Stephen like look

839

00:28:57,409 --> 00:28:54,240

I I've banded the idea about that this

840

00:28:59,690 --> 00:28:57,419

is all not real yeah but ultimately it's

841

00:29:01,909 --> 00:28:59,700

goddamn fascinated even if we're there

842

00:29:04,010 --> 00:29:01,919

you know this this is kind of like a

843

00:29:05,690 --> 00:29:04,020

well let me read his final tweets yeah

844

00:29:07,970 --> 00:29:05,700

and said uh have you not been listening

845

00:29:10,730 --> 00:29:07,980

to what I've said well sorry this was

846

00:29:12,289 --> 00:29:10,740

what Eric greinson said responds to

847

00:29:14,090 --> 00:29:12,299

Stephen Green Street and that thread

848

00:29:15,649 --> 00:29:14,100

yeah so have you not been listened to

849

00:29:17,990 --> 00:29:15,659

what I've said that we might be faking

850

00:29:19,669 --> 00:29:18,000

UFO situation or we might be covering up

851

00:29:22,310 --> 00:29:19,679

the duplicity of our own Operation

852

00:29:23,570 --> 00:29:22,320

Fortitude type program I honestly don't

853

00:29:25,010 --> 00:29:23,580

understand you keep going though he's

854

00:29:26,570 --> 00:29:25,020

talking about the pettiness there yeah

855

00:29:28,669 --> 00:29:26,580

and then he says something big is going

856

00:29:30,649 --> 00:29:28,679

on it involves spying classified r d

857

00:29:32,149 --> 00:29:30,659

deception religion physics but I'm

858

00:29:35,330 --> 00:29:32,159

either invested in the little green man

859

00:29:36,889 --> 00:29:35,340

nor the it's obviously all Bs crowds I

860

00:29:38,570 --> 00:29:36,899

simply don't understand what it is I'm

861

00:29:41,029 --> 00:29:38,580

looking at why do we turn everything

862

00:29:43,850 --> 00:29:41,039

into a battle I don't get it and that's

863

00:29:46,250 --> 00:29:43,860

such a good point because

864

00:29:47,990 --> 00:29:46,260

when I first came to UI Twitter that was

865

00:29:50,210 --> 00:29:48,000

the point we you know we we kind of

866

00:29:51,950 --> 00:29:50,220

refer to ourselves as UFO centrists like

867

00:29:53,510 --> 00:29:51,960

we're not saying it's one thing we're

868

00:29:55,490 --> 00:29:53,520

saying hey there's something here and we

869

00:29:57,950 --> 00:29:55,500

should probably look at it whether that

870

00:30:00,350 --> 00:29:57,960

turns out to be nonsense or Tech or

871

00:30:01,430 --> 00:30:00,360

something else you know personally I

872

00:30:03,950 --> 00:30:01,440

feel there's enough evidence for the

873

00:30:06,049 --> 00:30:03,960

something else but that's debatable

874

00:30:07,789 --> 00:30:06,059

um yeah we all got to work together to

875

00:30:09,230 --> 00:30:07,799

get this down the road like sniping each

876

00:30:10,970 --> 00:30:09,240

other and kind of saying my narrative is

877

00:30:13,310 --> 00:30:10,980

the correct one doesn't get us anywhere

878

00:30:16,250 --> 00:30:13,320

it doesn't clear anything up you know

879

00:30:18,289 --> 00:30:16,260

100 yeah so um Eric ranking as well

880

00:30:20,149 --> 00:30:18,299

recently said uh he tagged Joe Rogan

881

00:30:22,310 --> 00:30:20,159

he's been on Joe Rogan before and he

882

00:30:24,470 --> 00:30:22,320

said he would happily have Bulbasaur and

883

00:30:26,210 --> 00:30:24,480

himself on Joe Rogan's podcast debate

884

00:30:28,010 --> 00:30:26,220

the whole debate the whole publish our

885

00:30:29,870 --> 00:30:28,020

story and the the issues and the

886

00:30:32,210 --> 00:30:29,880

fallacies he sees with that and that's

887

00:30:33,049 --> 00:30:32,220

one that's came up again recently

888

00:30:35,450 --> 00:30:33,059

um

889

00:30:38,409 --> 00:30:35,460

douglastine Johnson had an article done

890

00:30:41,269 --> 00:30:38,419

it on the Lazar story

891

00:30:42,950 --> 00:30:41,279

again a lot of detail

892

00:30:45,409 --> 00:30:42,960

um kind of the education side of things

893

00:30:46,850 --> 00:30:45,419

which reported on you know he reported

894

00:30:48,230 --> 00:30:46,860

on straight up kind of saying yeah

895

00:30:50,090 --> 00:30:48,240

there's something weird going on with

896

00:30:52,190 --> 00:30:50,100

the education here but I can't see the

897

00:30:54,830 --> 00:30:52,200

way what it is right yeah I think when I

898

00:30:56,389 --> 00:30:54,840

spoke to George Knapp about it he had

899

00:30:58,490 --> 00:30:56,399

mentioned that and I'm probably gonna

900

00:31:00,409 --> 00:30:58,500

bastardize this spot

901
00:31:01,669 --> 00:31:00,419
people in that sort of position who are

902
00:31:03,289 --> 00:31:01,679
kind of Highly skilled or highly

903
00:31:05,930 --> 00:31:03,299
intelligent or are looking to do certain

904
00:31:07,970 --> 00:31:05,940
roles or jobs potentially could could be

905
00:31:09,649 --> 00:31:07,980
in certain classes but not in Road

906
00:31:12,289 --> 00:31:09,659
properly to the College of University

907
00:31:13,730 --> 00:31:12,299
which is probably convenient from any

908
00:31:15,230 --> 00:31:13,740
Skeptics point of view going well of

909
00:31:17,269 --> 00:31:15,240
course it would be and yeah it doesn't

910
00:31:19,010 --> 00:31:17,279
help does it but it's not to say that

911
00:31:21,649 --> 00:31:19,020
that couldn't also be the reason that

912
00:31:23,990 --> 00:31:21,659
bubbles are maybe did attend certain

913
00:31:25,970 --> 00:31:24,000

classes for things but didn't

914

00:31:28,250 --> 00:31:25,980

necessarily have a proper enrollment at

915

00:31:30,710 --> 00:31:28,260

those at those places of education so

916

00:31:32,450 --> 00:31:30,720

who knows there's enough there's enough

917

00:31:34,610 --> 00:31:32,460

ambiguity around the whole thing the

918

00:31:36,529 --> 00:31:34,620

question and I've said to you before I

919

00:31:38,870 --> 00:31:36,539

don't believe 100 the full wobbles our

920

00:31:41,029 --> 00:31:38,880

story but I think there's enough of it

921

00:31:43,010 --> 00:31:41,039

that's true for whatever reason whether

922

00:31:45,289 --> 00:31:43,020

it's protecting him or not

923

00:31:46,970 --> 00:31:45,299

to to say that there was there was

924

00:31:49,789 --> 00:31:46,980

something to it

925

00:31:51,230 --> 00:31:49,799

yeah absolutely smoke there's fire you

926
00:31:53,210 --> 00:31:51,240
know that kind of thing how far that

927
00:31:54,769 --> 00:31:53,220
goes we don't know we certainly like to

928
00:31:56,389 --> 00:31:54,779
get to the bottom of it there was an

929
00:31:58,250 --> 00:31:56,399
exchange that Chris Mellon had with Joe

930
00:32:00,590 --> 00:31:58,260
Rogan off camera you know they sat on

931
00:32:02,570 --> 00:32:00,600
camera I I know a little bit more about

932
00:32:05,570 --> 00:32:02,580
why you wouldn't find the educational

933
00:32:07,190 --> 00:32:05,580
stuff yeah with Lazar but we'll speak

934
00:32:08,810 --> 00:32:07,200
off camera about it so there certainly

935
00:32:10,970 --> 00:32:08,820
seems to be some idea or information

936
00:32:12,889 --> 00:32:10,980
there that the public just isn't privy

937
00:32:14,930 --> 00:32:12,899
to supposedly he was there for a

938
00:32:16,370 --> 00:32:14,940

specific reason so you gotta wonder you

939

00:32:18,049 --> 00:32:16,380

know maybe maybe he wasn't enrolled

940

00:32:20,930 --> 00:32:18,059

maybe he was just sent to a few classes

941

00:32:22,909 --> 00:32:20,940

by his bosses and typically maybe class

942

00:32:24,950 --> 00:32:22,919

mail in turn drowning goes look it got

943

00:32:27,649 --> 00:32:24,960

deleted yeah it's literally just

944

00:32:30,350 --> 00:32:27,659

government taken out there to to throw

945

00:32:32,330 --> 00:32:30,360

some cold water on the story and I had

946

00:32:34,190 --> 00:32:32,340

no doubt Rogan would go that's just I

947

00:32:36,169 --> 00:32:34,200

can't go I can't go with that that's

948

00:32:37,970 --> 00:32:36,179

that's too obvious it's too you know and

949

00:32:39,950 --> 00:32:37,980

that that might be as simple as that or

950

00:32:41,570 --> 00:32:39,960

it could be something else but we don't

951
00:32:44,630 --> 00:32:41,580
know we might never find out I hope we

952
00:32:48,049 --> 00:32:44,640
do one way or another do you think can I

953
00:32:50,450 --> 00:32:48,059
ask like what for you would be the value

954
00:32:52,610 --> 00:32:50,460
of a Weinstein versus lizard debate like

955
00:32:54,110 --> 00:32:52,620
I I'm very into my nerdy stuff but

956
00:32:56,450 --> 00:32:54,120
you're reading my question I forgot to

957
00:32:58,789 --> 00:32:56,460
ask yeah I was going to ask you why

958
00:33:02,389 --> 00:32:58,799
should Lazar do it and why shouldn't he

959
00:33:04,190 --> 00:33:02,399
um so yeah fair enough asking me um

960
00:33:05,870 --> 00:33:04,200
I I don't think there's any reason

961
00:33:07,610 --> 00:33:05,880
personally that he shouldn't do it

962
00:33:10,549 --> 00:33:07,620
because

963
00:33:11,750 --> 00:33:10,559

by not doing it you're just throw up

964

00:33:14,389 --> 00:33:11,760

more questions

965

00:33:16,610 --> 00:33:14,399

and if it has to go on and do it and say

966

00:33:19,190 --> 00:33:16,620

certain times like I just can't tell you

967

00:33:20,330 --> 00:33:19,200

why then that's that's fine because

968

00:33:21,590 --> 00:33:20,340

we're going to talk about something else

969

00:33:23,210 --> 00:33:21,600

in a second just to kind of start

970

00:33:25,430 --> 00:33:23,220

wrapping up a little bit but

971

00:33:26,990 --> 00:33:25,440

um which is similar but the bubbles are

972

00:33:29,149 --> 00:33:27,000

stories massive

973

00:33:33,049 --> 00:33:29,159

it's one of the best known stories in

974

00:33:34,130 --> 00:33:33,059

the UFO lower our community or our world

975

00:33:37,430 --> 00:33:34,140

um

976

00:33:39,049 --> 00:33:37,440

I would like to see it but I suppose by

977

00:33:39,950 --> 00:33:39,059

not doing it not that it's right or

978

00:33:41,870 --> 00:33:39,960

wrong

979

00:33:44,210 --> 00:33:41,880

you just give ammunition to those who

980

00:33:45,889 --> 00:33:44,220

doubt the story because well there you

981

00:33:47,090 --> 00:33:45,899

go but there's plenty of things do you

982

00:33:48,830 --> 00:33:47,100

know what I wouldn't go in and debate

983

00:33:51,110 --> 00:33:48,840

because I'm either not educated enough

984

00:33:53,450 --> 00:33:51,120

or don't have an interest in it or I

985

00:33:55,009 --> 00:33:53,460

just don't want to and maybe Lazar with

986

00:33:56,810 --> 00:33:55,019

us is like I've got nothing to improve

987

00:34:00,049 --> 00:33:56,820

here I've you know I don't want to do it

988

00:34:01,549 --> 00:34:00,059

my stories out there crack on but

989

00:34:03,889 --> 00:34:01,559

I don't know

990

00:34:06,049 --> 00:34:03,899

yeah I I would generally agree with that

991

00:34:07,909 --> 00:34:06,059

like you've even being a little minute

992

00:34:09,470 --> 00:34:07,919

into physics and things like that I I

993

00:34:11,270 --> 00:34:09,480

feel like there's there's almost a

994

00:34:12,889 --> 00:34:11,280

danger that Eric would talk about you

995

00:34:15,109 --> 00:34:12,899

know getting into the quantum stuffs and

996

00:34:17,329 --> 00:34:15,119

the things that he's clearly really

997

00:34:19,129 --> 00:34:17,339

can expertly talk about and that Lazar

998

00:34:20,750 --> 00:34:19,139

would kind of be like yeah I you know

999

00:34:22,849 --> 00:34:20,760

worked on this physics in the 80s and

1000

00:34:24,589 --> 00:34:22,859

it's very different now

1001
00:34:26,030 --> 00:34:24,599
um so they they might not necessarily

1002
00:34:27,409 --> 00:34:26,040
come to an agreement and it doesn't

1003
00:34:28,669 --> 00:34:27,419
necessarily mean that one knows less

1004
00:34:30,349 --> 00:34:28,679
than the other they just know different

1005
00:34:32,869 --> 00:34:30,359
things right yeah

1006
00:34:35,690 --> 00:34:32,879
um I'm not a fan of these gotcha kind of

1007
00:34:37,609 --> 00:34:35,700
moments yeah if it was a a debate I'd

1008
00:34:39,169 --> 00:34:37,619
want a healthy debate you know I'd want

1009
00:34:42,109 --> 00:34:39,179
them to kind of dig down on the truth

1010
00:34:44,149 --> 00:34:42,119
not kind of prove whether lazar's lying

1011
00:34:45,770 --> 00:34:44,159
or not just you know work through all of

1012
00:34:47,930 --> 00:34:45,780
the the information and just kind of say

1013
00:34:49,970 --> 00:34:47,940

does does this make sense on any level

1014

00:34:52,129 --> 00:34:49,980

whatsoever even if it's one percent you

1015

00:34:53,450 --> 00:34:52,139

know it's curious yeah some are a few

1016

00:34:55,550 --> 00:34:53,460

weeks ago when I mentioned seeing that

1017

00:34:58,250 --> 00:34:55,560

Ben Shapiro Russell Brand conversation

1018

00:35:00,410 --> 00:34:58,260

to divisive characters for different

1019

00:35:02,570 --> 00:35:00,420

reasons very different Lifestyles

1020

00:35:03,589 --> 00:35:02,580

different beliefs morals

1021

00:35:06,470 --> 00:35:03,599

um

1022

00:35:08,750 --> 00:35:06,480

and they had a very adult rational

1023

00:35:10,010 --> 00:35:08,760

conversation back to back going I did

1024

00:35:11,089 --> 00:35:10,020

not agree with some of the things you do

1025

00:35:13,730 --> 00:35:11,099

and I don't agree with some of the

1026
00:35:15,710 --> 00:35:13,740
things you do but here's a conversation

1027
00:35:17,750 --> 00:35:15,720
and it was actually really nice

1028
00:35:20,150 --> 00:35:17,760
and you could actually watch it and

1029
00:35:21,710 --> 00:35:20,160
don't not agree with either of them and

1030
00:35:24,410 --> 00:35:21,720
that's fine that's absolutely and that's

1031
00:35:26,990 --> 00:35:24,420
just being rational Common Sense person

1032
00:35:29,329 --> 00:35:27,000
not even an adult just a common sense

1033
00:35:31,069 --> 00:35:29,339
person a child should be able to have a

1034
00:35:33,530 --> 00:35:31,079
conversation and go oh yeah okay don't

1035
00:35:35,150 --> 00:35:33,540
agree but that's fine and um yeah I

1036
00:35:37,490 --> 00:35:35,160
would love to see that on a show on a

1037
00:35:39,410 --> 00:35:37,500
platform like Rogan but if Rogan doesn't

1038
00:35:41,089 --> 00:35:39,420

want to do it I'll throw my hat in the

1039

00:35:42,710 --> 00:35:41,099

ring but here

1040

00:35:45,470 --> 00:35:42,720

um so yeah can Corbell come on with

1041

00:35:47,210 --> 00:35:45,480

Lazar if you do it 100 yeah cool nice

1042

00:35:50,569 --> 00:35:47,220

you've heard it here Jeremy if you're

1043

00:35:51,790 --> 00:35:50,579

listening let's get this done absolutely

1044

00:35:56,810 --> 00:35:51,800

um and

1045

00:35:57,589 --> 00:35:56,820

down the down the celebrity UFO scale

1046

00:36:00,530 --> 00:35:57,599

um

1047

00:36:02,450 --> 00:36:00,540

for credible stories that may or may not

1048

00:36:04,490 --> 00:36:02,460

be credible or stories that may not be

1049

00:36:07,430 --> 00:36:04,500

credible sorry the Anjali stuff came

1050

00:36:08,630 --> 00:36:07,440

back up now to to mention Jordan Ramirez

1051
00:36:09,829 --> 00:36:08,640
is coming on the podcast with me

1052
00:36:11,750 --> 00:36:09,839
tomorrow I think it's like his third

1053
00:36:14,569 --> 00:36:11,760
appearance and he made some some

1054
00:36:16,609 --> 00:36:14,579
comments and quotes recently uh on

1055
00:36:18,530 --> 00:36:16,619
various different podcasts

1056
00:36:20,690 --> 00:36:18,540
um particularly relating to the Anjali

1057
00:36:22,790 --> 00:36:20,700
story and jolly was a character who

1058
00:36:25,190 --> 00:36:22,800
apparently she should not character

1059
00:36:26,810 --> 00:36:25,200
she's a real person but the the way the

1060
00:36:28,430 --> 00:36:26,820
whole story has been presented it comes

1061
00:36:30,349 --> 00:36:28,440
across like a character

1062
00:36:32,210 --> 00:36:30,359
and to be honest I work affection the

1063
00:36:34,670 --> 00:36:32,220

way it comes across not seeing it as or

1064

00:36:36,170 --> 00:36:34,680

isn't depending where you are on it but

1065

00:36:37,250 --> 00:36:36,180

I've mentioned before I think it's

1066

00:36:40,130 --> 00:36:37,260

something that should really be put to

1067

00:36:42,349 --> 00:36:40,140

bed because the whole presentation of

1068

00:36:43,970 --> 00:36:42,359

her coming forward knowing that there

1069

00:36:45,349 --> 00:36:43,980

are alien beings on a cave here

1070

00:36:47,390 --> 00:36:45,359

somewhere on Earth

1071

00:36:49,370 --> 00:36:47,400

but she's the only person that can go

1072

00:36:50,690 --> 00:36:49,380

and because of certain situations she

1073

00:36:51,710 --> 00:36:50,700

wasn't allowed to take anyone to the

1074

00:36:54,170 --> 00:36:51,720

cave

1075

00:36:55,910 --> 00:36:54,180

doing the Whole World Cup Tournament of

1076
00:36:57,829 --> 00:36:55,920
UFO Twitter to see who is going to get

1077
00:36:59,510 --> 00:36:57,839
to go with her which was really strange

1078
00:37:02,810 --> 00:36:59,520
in itself

1079
00:37:06,109 --> 00:37:02,820
um yeah all of that just destroyed any

1080
00:37:07,970 --> 00:37:06,119
credibility for if that was true it was

1081
00:37:10,609 --> 00:37:07,980
totally done the wrong way and you can

1082
00:37:12,650 --> 00:37:10,619
see why even if people like Louella

1083
00:37:15,530 --> 00:37:12,660
zondo and but even let's use bubbles are

1084
00:37:17,089 --> 00:37:15,540
F his story is completely true why he

1085
00:37:18,589 --> 00:37:17,099
doesn't just come out and say all the

1086
00:37:20,569 --> 00:37:18,599
incredible stuff because look how it

1087
00:37:22,010 --> 00:37:20,579
sounds and look how it looks and look

1088
00:37:22,910 --> 00:37:22,020

what happens when things maybe do a

1089

00:37:24,170 --> 00:37:22,920

change

1090

00:37:25,790 --> 00:37:24,180

um so if anyone does have any questions

1091

00:37:28,190 --> 00:37:25,800

for John Ramirez he's on with me

1092

00:37:29,390 --> 00:37:28,200

tomorrow send them in um I'll be asking

1093

00:37:31,190 --> 00:37:29,400

about that but I don't want to make the

1094

00:37:32,990 --> 00:37:31,200

whole podcast about the Anjali stuff

1095

00:37:34,609 --> 00:37:33,000

because I've I've said my piece on it

1096

00:37:35,870 --> 00:37:34,619

before and Dan I think you're very much

1097

00:37:37,730 --> 00:37:35,880

in agreement with me aren't you around

1098

00:37:39,230 --> 00:37:37,740

around that whole thing yeah yeah

1099

00:37:41,870 --> 00:37:39,240

absolutely this is an easy thing to

1100

00:37:44,390 --> 00:37:41,880

clear up um I was surprised to hear you

1101
00:37:46,010 --> 00:37:44,400
know John kind of endorse this story and

1102
00:37:47,089 --> 00:37:46,020
and I'm curious to hear what he has to

1103
00:37:48,950 --> 00:37:47,099
say about it because I know he'll talk

1104
00:37:50,930 --> 00:37:48,960
to him about it because you know you can

1105
00:37:52,550 --> 00:37:50,940
you can have local conversations with

1106
00:37:54,770 --> 00:37:52,560
people and I'm sure John will be up for

1107
00:37:58,430 --> 00:37:54,780
the discussion too John's also given out

1108
00:38:01,370 --> 00:37:58,440
the date of 2027 so yeah this this um

1109
00:38:02,450 --> 00:38:01,380
some I mean between John and Ross and

1110
00:38:04,790 --> 00:38:02,460
all these claims that people are making

1111
00:38:06,890 --> 00:38:04,800
there's certainly some

1112
00:38:08,930 --> 00:38:06,900
some short-term kind of recommends

1113
00:38:10,010 --> 00:38:08,940

coming in the future reckonings might be

1114

00:38:11,990 --> 00:38:10,020

the wrong word but you know what I mean

1115

00:38:14,450 --> 00:38:12,000

like just we'll we'll know for sure

1116

00:38:17,690 --> 00:38:14,460

whether these people are you know a

1117

00:38:19,910 --> 00:38:17,700

little indulging a little in certain

1118

00:38:21,650 --> 00:38:19,920

not clear truths or whether they know

1119

00:38:23,870 --> 00:38:21,660

for sure you know unless things get

1120

00:38:26,390 --> 00:38:23,880

delayed unless things get delayed and

1121

00:38:28,069 --> 00:38:26,400

yeah bureaucracies this happens and and

1122

00:38:30,230 --> 00:38:28,079

I'm not one you know if it gets delayed

1123

00:38:31,370 --> 00:38:30,240

I'm not just gonna call say say like oh

1124

00:38:33,170 --> 00:38:31,380

well it was nonsense then you know

1125

00:38:35,150 --> 00:38:33,180

delays happen

1126

00:38:37,130 --> 00:38:35,160

um but at the same time I want to hear

1127

00:38:39,170 --> 00:38:37,140

people talk about this you know

1128

00:38:40,490 --> 00:38:39,180

um I I saw on social media when John

1129

00:38:41,750 --> 00:38:40,500

mentioned it that a lot of people kind

1130

00:38:43,730 --> 00:38:41,760

of just said I'm not listening to him

1131

00:38:44,990 --> 00:38:43,740

anymore and it kind of annoyed me

1132

00:38:46,370 --> 00:38:45,000

because it's like you're not you know

1133

00:38:48,109 --> 00:38:46,380

I'm with the information if you're gonna

1134

00:38:50,089 --> 00:38:48,119

just cut off you know throw the baby out

1135

00:38:52,310 --> 00:38:50,099

with the bathroom yeah so to speak

1136

00:38:54,230 --> 00:38:52,320

um I much prefer kind of the approach

1137

00:38:56,569 --> 00:38:54,240

the unite Tech you know hold it hold it

1138

00:38:59,210 --> 00:38:56,579

lightly take it seriously remember these

1139

00:39:00,650 --> 00:38:59,220

claims and and just talk about them and

1140

00:39:02,630 --> 00:39:00,660

we can make our own minds up and talk to

1141

00:39:04,609 --> 00:39:02,640

John about it you know and John says

1142

00:39:06,589 --> 00:39:04,619

himself quite openly a lot of it is

1143

00:39:07,970 --> 00:39:06,599

opinion and his opinion he's not

1144

00:39:10,069 --> 00:39:07,980

presenting fact

1145

00:39:11,750 --> 00:39:10,079

all the time and that can be

1146

00:39:14,390 --> 00:39:11,760

misconstrued can't and that that happens

1147

00:39:15,890 --> 00:39:14,400

and so John Ramirez is on and Stephen

1148

00:39:17,630 --> 00:39:15,900

Bassett will also be joining me this

1149

00:39:19,490 --> 00:39:17,640

week as well and those interviews are

1150

00:39:21,230 --> 00:39:19,500

actually back to back tomorrow for me um

1151

00:39:23,089 --> 00:39:21,240

but they'll be released obviously apart

1152

00:39:25,730 --> 00:39:23,099

from each other is Stephen joining you

1153

00:39:28,130 --> 00:39:25,740

or are you joining him well yeah yeah

1154

00:39:29,750 --> 00:39:28,140

it's a few questions in yeah I've got

1155

00:39:33,230 --> 00:39:29,760

both questions for Steven written out

1156

00:39:35,150 --> 00:39:33,240

yeah so uh Stephen disclosure advocate

1157

00:39:37,250 --> 00:39:35,160

he has been on this in the subject in a

1158

00:39:38,569 --> 00:39:37,260

big way for many many decades now

1159

00:39:39,950 --> 00:39:38,579

um and he's going to talk about you know

1160

00:39:41,630 --> 00:39:39,960

all the things that Stephen Bassett

1161

00:39:44,089 --> 00:39:41,640

talks about especially where the the

1162

00:39:45,470 --> 00:39:44,099

whole disclosure movement is in 2023 and

1163

00:39:47,630 --> 00:39:45,480

with all these claims people are making

1164

00:39:50,390 --> 00:39:47,640

what's his thoughts on it what are his

1165

00:39:52,069 --> 00:39:50,400

thoughts on Dr Sean Patrick Arrow

1166

00:39:54,050 --> 00:39:52,079

um Stephen Greer where he is right now

1167

00:39:56,210 --> 00:39:54,060

and uh he's got a new documentary coming

1168

00:39:59,329 --> 00:39:56,220

out or out I can't remember I think it

1169

00:40:01,609 --> 00:39:59,339

premiered uh at an event but yeah it's

1170

00:40:03,349 --> 00:40:01,619

I mean it's 99 of what the documentary

1171

00:40:05,329 --> 00:40:03,359

last year was right with a little kind

1172

00:40:08,589 --> 00:40:05,339

of updates from this year yeah with new

1173

00:40:10,790 --> 00:40:08,599

crying sorry sorry to the Stephen Curry

1174

00:40:11,930 --> 00:40:10,800

I would totally have him on just to

1175

00:40:13,790 --> 00:40:11,940

speaking to him

1176

00:40:15,890 --> 00:40:13,800

um and then also Ron James who was the

1177

00:40:17,630 --> 00:40:15,900

director of accidental truth but to be

1178

00:40:18,890 --> 00:40:17,640

fair I've not watched it myself yet I'm

1179

00:40:20,510 --> 00:40:18,900

going to be watching but when I speak to

1180

00:40:22,010 --> 00:40:20,520

him but uh I've seen a lot of nice

1181

00:40:24,230 --> 00:40:22,020

comments about it some people less

1182

00:40:25,550 --> 00:40:24,240

interested but yeah it's got some of the

1183

00:40:28,130 --> 00:40:25,560

the Talking Heads you would expect and

1184

00:40:29,390 --> 00:40:28,140

whatnot involved and then also Darcy we

1185

00:40:31,849 --> 00:40:29,400

are back talking about his new

1186

00:40:33,530 --> 00:40:31,859

documentary fast Walkers after he was on

1187

00:40:35,630 --> 00:40:33,540

talking about secret Apollo missions

1188

00:40:37,310 --> 00:40:35,640

with his last month as well and that's

1189

00:40:38,990 --> 00:40:37,320

usually passionate about the UFO subject

1190

00:40:40,910 --> 00:40:39,000

as well so I'm sure that'll be an

1191

00:40:43,310 --> 00:40:40,920

interesting one so get your questions in

1192

00:40:44,750 --> 00:40:43,320

for those Graham Randall will still be

1193

00:40:47,810 --> 00:40:44,760

on with me this month apologies to

1194

00:40:49,130 --> 00:40:47,820

Graham directly and uh also Klaus is

1195

00:40:50,569 --> 00:40:49,140

going to be on that's been delayed

1196

00:40:52,490 --> 00:40:50,579

people are asking

1197

00:40:54,589 --> 00:40:52,500

um scheduling busy lives and then Dan

1198

00:40:56,150 --> 00:40:54,599

wanted in that one as well it's mostly

1199

00:40:58,670 --> 00:40:56,160

me right like I'll take the blame for

1200

00:41:00,470 --> 00:40:58,680

this one yeah I'm traveling and and the

1201
00:41:02,569 --> 00:41:00,480
schedules didn't quite line up but yeah

1202
00:41:05,390 --> 00:41:02,579
Cloud Sandy and I talk all the time so

1203
00:41:06,530 --> 00:41:05,400
we'll get that sorted 100 and yeah and

1204
00:41:08,089 --> 00:41:06,540
then already I'm looking at some of the

1205
00:41:09,470 --> 00:41:08,099
guests for June

1206
00:41:11,870 --> 00:41:09,480
um should have I'll just say it now

1207
00:41:13,910 --> 00:41:11,880
anyway should have Diana pasulka and

1208
00:41:15,770 --> 00:41:13,920
also Michael Masters coming on

1209
00:41:17,930 --> 00:41:15,780
um but I've not arranged solid dates

1210
00:41:19,790 --> 00:41:17,940
with them just yet so uh I'll get that

1211
00:41:21,230 --> 00:41:19,800
sorted out but it's only early May so

1212
00:41:23,390 --> 00:41:21,240
give me a chance

1213
00:41:27,290 --> 00:41:23,400

um Dan just to finish up a couple of

1214

00:41:30,530 --> 00:41:27,300

polls on Twitter I'd ask the question

1215

00:41:33,230 --> 00:41:30,540

um so I asked on Twitter we as a species

1216

00:41:35,210 --> 00:41:33,240

are contacted by an ET civilization each

1217

00:41:37,790 --> 00:41:35,220

of us get to ask and have one question

1218

00:41:40,609 --> 00:41:37,800

answered but it's only a yes or a no

1219

00:41:42,470 --> 00:41:40,619

what are you asking now I appreciate

1220

00:41:44,810 --> 00:41:42,480

everyone who commented and many of you

1221

00:41:46,790 --> 00:41:44,820

did I'd say about half of them went yes

1222

00:41:48,470 --> 00:41:46,800

or no questions so

1223

00:41:50,510 --> 00:41:48,480

um yeah that caused a lot of debate

1224

00:41:51,950 --> 00:41:50,520

between you open yourself up to trolls

1225

00:41:54,290 --> 00:41:51,960

straight away if you don't do that folks

1226

00:41:56,510 --> 00:41:54,300

so I had to leave you on that one

1227

00:41:58,490 --> 00:41:56,520

um top of the pile though Whitley

1228

00:42:00,410 --> 00:41:58,500

strieber commented former guest very

1229

00:42:02,390 --> 00:42:00,420

well known his question was are you

1230

00:42:04,690 --> 00:42:02,400

alone so he was asking ET civilization

1231

00:42:07,190 --> 00:42:04,700

are you alone

1232

00:42:09,230 --> 00:42:07,200

that's in interesting right given

1233

00:42:11,810 --> 00:42:09,240

Whitley's experiences and things like

1234

00:42:13,970 --> 00:42:11,820

that he he you know was famously shifted

1235

00:42:15,710 --> 00:42:13,980

from them being extraterrestrials to

1236

00:42:18,710 --> 00:42:15,720

something else to do with the afterlife

1237

00:42:21,230 --> 00:42:18,720

and yeah just hearing whether the aliens

1238

00:42:22,910 --> 00:42:21,240

have their or not aliens but the others

1239

00:42:23,930 --> 00:42:22,920

have their own mysteries in the universe

1240

00:42:26,210 --> 00:42:23,940

or whether they're completely

1241

00:42:28,310 --> 00:42:26,220

knowledgeable about anything yeah it's

1242

00:42:30,530 --> 00:42:28,320

uh yeah it's curious to think about uh

1243

00:42:34,609 --> 00:42:30,540

Brennan asks does Consciousness continue

1244

00:42:37,550 --> 00:42:36,290

I was like yeah fair enough I mean

1245

00:42:40,250 --> 00:42:37,560

there's not much Point as I'm saying

1246

00:42:42,109 --> 00:42:40,260

unless are um there is also Laura uh

1247

00:42:45,349 --> 00:42:42,119

asked Duke if you love do you reproduce

1248

00:42:47,150 --> 00:42:45,359

as a motion a construct uh Bob finnamon

1249

00:42:48,710 --> 00:42:47,160

what took you so long

1250

00:42:49,609 --> 00:42:48,720

um I mean it's not a yes and I know but

1251

00:42:51,470 --> 00:42:49,619

I thought I'd read that one out

1252

00:42:53,150 --> 00:42:51,480

someone's asked can you see purple

1253

00:42:55,030 --> 00:42:53,160

burglar alarm but I'm guessing that was

1254

00:43:00,290 --> 00:42:55,040

to the aliens their answer would be no

1255

00:43:02,150 --> 00:43:00,300

uh yeah for the Guardians fans out there

1256

00:43:03,290 --> 00:43:02,160

um and yeah there's a lot of interesting

1257

00:43:05,329 --> 00:43:03,300

questions on there so if you get a

1258

00:43:06,530 --> 00:43:05,339

chance jump on the thread and have a

1259

00:43:08,569 --> 00:43:06,540

look at those and you know what thanks

1260

00:43:10,309 --> 00:43:08,579

to anyone who put questions in because I

1261

00:43:11,569 --> 00:43:10,319

think there's enough there for a bonus

1262

00:43:13,730 --> 00:43:11,579

show at some point on just your

1263

00:43:16,910 --> 00:43:13,740

questions for Nat civilization getting

1264

00:43:18,290 --> 00:43:16,920

in touch uh Dan you put Paul as well it

1265

00:43:20,569 --> 00:43:18,300

was pretty one-sided to be honest you

1266

00:43:22,430 --> 00:43:20,579

want to go for that one yeah it was so

1267

00:43:24,050 --> 00:43:22,440

um I asked basically that if Senators

1268

00:43:25,730 --> 00:43:24,060

find out about old crash retrieval

1269

00:43:28,430 --> 00:43:25,740

programs and tell us they're not related

1270

00:43:29,990 --> 00:43:28,440

to anything not to do with us

1271

00:43:31,430 --> 00:43:30,000

um would you believe them because I'm

1272

00:43:33,050 --> 00:43:31,440

just curious you know we've spoken about

1273

00:43:35,390 --> 00:43:33,060

where that announcement will come from

1274

00:43:37,910 --> 00:43:35,400

how much people trust those people that

1275

00:43:39,230 --> 00:43:37,920

could potentially announce it and I mean

1276

00:43:41,390 --> 00:43:39,240

it was

1277

00:43:43,849 --> 00:43:41,400

18 of people said yes they would trust

1278

00:43:45,589 --> 00:43:43,859

them 82 of people said they wouldn't

1279

00:43:47,450 --> 00:43:45,599

which is yeah it's one eight two there

1280

00:43:49,670 --> 00:43:47,460

but uh but yeah

1281

00:43:50,870 --> 00:43:49,680

um you you gotta wonder you know how how

1282

00:43:53,930 --> 00:43:50,880

do you

1283

00:43:56,750 --> 00:43:53,940

from a media and a PR perspective how

1284

00:43:58,490 --> 00:43:56,760

how does Arrow or gillibrand or any of

1285

00:44:00,290 --> 00:43:58,500

the other sentences how do they combat

1286

00:44:02,510 --> 00:44:00,300

something like that because it's clear

1287

00:44:04,550 --> 00:44:02,520

that just on this subject the the trust

1288

00:44:05,930 --> 00:44:04,560

is shot in any announcement that they

1289

00:44:08,170 --> 00:44:05,940

could possibly ask

1290

00:44:11,630 --> 00:44:08,180

so some of the responses oh go on sorry

1291

00:44:12,950 --> 00:44:11,640

do not just think in 2023

1292

00:44:14,809 --> 00:44:12,960

or we've talked about this I think

1293

00:44:16,790 --> 00:44:14,819

before as well that any kind of

1294

00:44:18,890 --> 00:44:16,800

conversation around UFOs from an

1295

00:44:20,809 --> 00:44:18,900

official point of view is always going

1296

00:44:22,550 --> 00:44:20,819

to have a huge lack of trust you know

1297

00:44:24,470 --> 00:44:22,560

they could literally reel out the bodies

1298

00:44:27,470 --> 00:44:24,480

on in a White House lawn and I think

1299

00:44:29,870 --> 00:44:27,480

people would be divided on it you know

1300

00:44:31,609 --> 00:44:29,880

yeah absolutely agree uh you know Jen

1301

00:44:33,589 --> 00:44:31,619

said I don't believe anything from DC

1302

00:44:35,710 --> 00:44:33,599

haha you know that was the kind of uh

1303

00:44:38,870 --> 00:44:35,720

the haha

1304

00:44:40,670 --> 00:44:38,880

yeah nice

1305

00:44:42,109 --> 00:44:40,680

um someone said maybe not for et but

1306

00:44:43,910 --> 00:44:42,119

they could have still retrieved some

1307

00:44:46,849 --> 00:44:43,920

cool Tech

1308

00:44:48,650 --> 00:44:46,859

um and then uh Carl says for no because

1309

00:44:50,750 --> 00:44:48,660

for 80 years the subject has been in a

1310

00:44:52,730 --> 00:44:50,760

constant state of contradiction EG

1311

00:44:55,190 --> 00:44:52,740

Kirkpatrick's recent stencil UFOs

1312

00:44:57,410 --> 00:44:55,200

despite dozens of witnesses uh stating

1313

00:44:59,569 --> 00:44:57,420

the exact opposite uh somebody's not

1314

00:45:00,950 --> 00:44:59,579

telling the truth and that that was kind

1315

00:45:02,569 --> 00:45:00,960

of the sentiment through most of the

1316

00:45:04,730 --> 00:45:02,579

replies you know

1317

00:45:06,650 --> 00:45:04,740

um the government plays games so

1318

00:45:08,510 --> 00:45:06,660

unfortunately they seem to have lost the

1319

00:45:11,089 --> 00:45:08,520

lost the trust in this event

1320

00:45:12,290 --> 00:45:11,099

absolutely and even uh Jaden who I know

1321

00:45:14,089 --> 00:45:12,300

comics and a lot of stuff as well she

1322

00:45:15,950 --> 00:45:14,099

said no because after 76 years of

1323

00:45:17,690 --> 00:45:15,960

misdirection in the face of overwhelming

1324

00:45:19,670 --> 00:45:17,700

evidence I don't have faith in your

1325

00:45:21,589 --> 00:45:19,680

sincerity so that's that's a really fair

1326

00:45:24,530 --> 00:45:21,599

comment as well isn't it yeah absolutely

1327

00:45:26,750 --> 00:45:24,540

why should we believe you now like yeah

1328

00:45:28,250 --> 00:45:26,760

exactly and and I remember Tom dalan

1329

00:45:29,870 --> 00:45:28,260

when when he went you know to that

1330

00:45:31,250 --> 00:45:29,880

Lockheed meeting to talk with them to

1331

00:45:34,010 --> 00:45:31,260

make his presentation about talking

1332

00:45:35,870 --> 00:45:34,020

about this subject part of that was hey

1333

00:45:37,730 --> 00:45:35,880

people don't trust you you kind of need

1334

00:45:39,170 --> 00:45:37,740

to get this trust back and we can start

1335

00:45:42,349 --> 00:45:39,180

regaining trust by having this

1336

00:45:43,970 --> 00:45:42,359

conversation and it's almost tragic and

1337

00:45:45,710 --> 00:45:43,980

amusing to kind of see the arm wrestle

1338

00:45:47,450 --> 00:45:45,720

that's taken place since where you know

1339

00:45:48,650 --> 00:45:47,460

it seems like some people want to talk

1340

00:45:50,390 --> 00:45:48,660

about it from the government and other

1341

00:45:52,849 --> 00:45:50,400

ones just want to kind of bury under the

1342

00:45:55,609 --> 00:45:52,859

carpet uh they they need they need to

1343

00:45:57,470 --> 00:45:55,619

you know have a little Pow Wow and get

1344

00:45:59,030 --> 00:45:57,480

their ducks in a row I find no comment

1345

00:46:00,710 --> 00:45:59,040

from it though and a nice way I think to

1346

00:46:03,230 --> 00:46:00,720

wrap up as well just to bring things

1347

00:46:05,630 --> 00:46:03,240

back to all the with all the obfuscation

1348

00:46:10,270 --> 00:46:05,640

and as it isn't it you know what if it's

1349

00:46:12,710 --> 00:46:10,280

all nonsense what I say up stuff Bank

1350

00:46:14,450 --> 00:46:12,720

were homemade devices with no alien

1351

00:46:17,569 --> 00:46:14,460

input and then it was there was no

1352

00:46:19,609 --> 00:46:17,579

non-human crash retrieval programs would

1353

00:46:21,589 --> 00:46:19,619

that kill the UFO topic stone cold dead

1354

00:46:23,870 --> 00:46:21,599

do you know what no it would it would it

1355

00:46:25,730 --> 00:46:23,880

would wind it but people like me people

1356

00:46:27,349 --> 00:46:25,740

like Udan anyone listening to this who's

1357

00:46:28,790 --> 00:46:27,359

ever had a sighting of something they

1358

00:46:30,770 --> 00:46:28,800

can't explain

1359

00:46:32,750 --> 00:46:30,780

even forgetting my black triangle one

1360

00:46:34,609 --> 00:46:32,760

see I totally misidentified a small

1361

00:46:35,930 --> 00:46:34,619

aircraft right don't think I did but you

1362

00:46:41,870 --> 00:46:35,940

know just say

1363

00:46:44,270 --> 00:46:41,880

um I saw that language I saw uh on

1364

00:46:46,970 --> 00:46:44,280

YouTube thanks yeah um and I'm leaving

1365

00:46:49,250 --> 00:46:46,980

for everyone else sorry

1366

00:46:50,750 --> 00:46:49,260

um I saw that Ferris wheel type object

1367

00:46:53,569 --> 00:46:50,760

on its side

1368

00:46:55,309 --> 00:46:53,579

that was not anything for any reason it

1369

00:46:56,990 --> 00:46:55,319

was a satellite you know it was down low

1370

00:46:59,270 --> 00:46:57,000

it was on the ground it was spinning on

1371

00:47:00,829 --> 00:46:59,280

its side a stupid angle ridiculously

1372

00:47:01,609 --> 00:47:00,839

fast there was no need for it to be

1373

00:47:03,950 --> 00:47:01,619

there

1374

00:47:06,710 --> 00:47:03,960

couldn't think what it would be you know

1375

00:47:08,329 --> 00:47:06,720

that that for me and people like me and

1376

00:47:10,010 --> 00:47:08,339

people like you is enough to go okay

1377

00:47:11,990 --> 00:47:10,020

there's still something out there though

1378

00:47:14,750 --> 00:47:12,000

and that kind of is why we press on with

1379

00:47:16,430 --> 00:47:14,760

a conversation isn't it yeah 100 we've

1380

00:47:18,349 --> 00:47:16,440

always said that

1381

00:47:19,970 --> 00:47:18,359

no matter what they revealed there's

1382

00:47:21,530 --> 00:47:19,980

gonna be a lot of it's gonna be black

1383

00:47:22,730 --> 00:47:21,540

Tech a lot of it's going to be prosaic

1384

00:47:25,250 --> 00:47:22,740

but

1385

00:47:28,010 --> 00:47:25,260

you you and I have seen enough ourselves

1386

00:47:29,450 --> 00:47:28,020

to kind of go something else is present

1387

00:47:31,130 --> 00:47:29,460

are we going to have the conversation

1388

00:47:32,690 --> 00:47:31,140

about it you know and and it doesn't all

1389

00:47:34,010 --> 00:47:32,700

hinge on You know despite me wearing the

1390

00:47:35,450 --> 00:47:34,020

Nimitz hat here

1391

00:47:36,770 --> 00:47:35,460

um it doesn't hinge on the Nimitz it

1392

00:47:39,950 --> 00:47:36,780

doesn't hinge on those three videos

1393

00:47:41,569 --> 00:47:39,960

there's 70 80 years of History if you're

1394

00:47:42,950 --> 00:47:41,579

being conservative if you want to dive

1395

00:47:44,809 --> 00:47:42,960

into it we're talking centuries

1396

00:47:46,550 --> 00:47:44,819

Millennia you know

1397

00:47:47,990 --> 00:47:46,560

um like Gary Nolan said I can't remember

1398

00:47:49,910 --> 00:47:48,000

what podcast it was the other day but

1399

00:47:52,130 --> 00:47:49,920

he's starting to suspect that this thing

1400

00:47:54,290 --> 00:47:52,140

has been here longer than us

1401
00:47:56,390 --> 00:47:54,300
um and that kind of implies one thing

1402
00:47:58,849 --> 00:47:56,400
but I I suspect it's many things you

1403
00:48:00,170 --> 00:47:58,859
know absolutely and anyway folks again

1404
00:48:01,309 --> 00:48:00,180
if you've had your own sightings what

1405
00:48:03,230 --> 00:48:01,319
not if you want to get involved then

1406
00:48:05,390 --> 00:48:03,240
let's not calling is very much long

1407
00:48:07,190 --> 00:48:05,400
overdue I did record one or two calls

1408
00:48:08,809 --> 00:48:07,200
back a few months ago and just due to a

1409
00:48:10,730 --> 00:48:08,819
time I've not had a chance to do any

1410
00:48:12,650 --> 00:48:10,740
more send me over if you're interested

1411
00:48:14,390 --> 00:48:12,660
coming on it's not live it's recorded

1412
00:48:15,829 --> 00:48:14,400
it's just a recorded conversation and

1413
00:48:18,290 --> 00:48:15,839

then I put it together to make it sound

1414

00:48:21,010 --> 00:48:18,300

like an actual show so let me know if

1415

00:48:23,870 --> 00:48:21,020

you're interested just email UFO UAP am

1416

1417

00:48:31,150 --> 00:48:26,460

1418

00:48:40,190 --> 00:48:35,290
