

JOHN RAMIREZ
2023 UPDATE

1
00:00:03,470 --> 00:00:00,850

[Music]

2
00:00:09,770 --> 00:00:03,480

this is Leslie Kane and you're listening

3
00:00:14,870 --> 00:00:12,589

hi everyone and welcome back to that UFO

4
00:00:16,790 --> 00:00:14,880

podcast my name is Andy and I am joined

5
00:00:20,170 --> 00:00:16,800

for a guest making his third appearance

6
00:00:22,490 --> 00:00:20,180

on the podcast former CIA analyst

7
00:00:24,349 --> 00:00:22,500

experiencer and of course most

8
00:00:26,870 --> 00:00:24,359

importantly a previous guest on the

9
00:00:29,390 --> 00:00:26,880

podcast like I say Mr John Ramirez John

10
00:00:32,089 --> 00:00:29,400

welcome back uh thank you very much Andy

11
00:00:33,410 --> 00:00:32,099

I'm glad to be back it's good to have

12
00:00:36,290 --> 00:00:33,420

you here and you've been on a couple of

13
00:00:38,389 --> 00:00:36,300

shows recently uh making some waves with

14

00:00:40,790 --> 00:00:38,399

some opinion some comment some

15

00:00:43,490 --> 00:00:40,800

interesting theories most recently I'll

16

00:00:45,110 --> 00:00:43,500

just say off the bat uh Chris Leto show

17

00:00:46,729 --> 00:00:45,120

on YouTube the little files I thought

18

00:00:49,970 --> 00:00:46,739

there was a fascinated discussion with

19

00:00:51,830 --> 00:00:49,980

you looking at radar systems and data

20

00:00:53,330 --> 00:00:51,840

and I would Point anyone who hasn't

21

00:00:55,189 --> 00:00:53,340

watched that yet to certainly go and

22

00:00:57,709 --> 00:00:55,199

check that one out because it's not your

23

00:00:59,630 --> 00:00:57,719

run-of-the-mill conversation if you want

24

00:01:01,430 --> 00:00:59,640

to call them that with John around his

25

00:01:02,990 --> 00:01:01,440

background and thoughts and opinions so

26

00:01:04,490 --> 00:01:03,000

I really enjoyed that one John they're

27

00:01:06,469 --> 00:01:04,500

really able to put together presentation

28

00:01:07,670 --> 00:01:06,479

as well so thank you for that with with

29

00:01:09,770 --> 00:01:07,680

Chris

30

00:01:11,450 --> 00:01:09,780

um before we get started John Legacy

31

00:01:13,429 --> 00:01:11,460

it's your third time on the podcast but

32

00:01:15,109 --> 00:01:13,439

there may be new listeners checking you

33

00:01:16,310 --> 00:01:15,119

out for the first time and they might

34

00:01:17,810 --> 00:01:16,320

want to know a little bit of your

35

00:01:18,770 --> 00:01:17,820

background can you just summarize that

36

00:01:22,270 --> 00:01:18,780

for us

37

00:01:26,630 --> 00:01:22,280

uh certainly Andy I was a CIA officer

38

00:01:29,690 --> 00:01:26,640

from 1984 to 2009 and during that period

39

00:01:32,450 --> 00:01:29,700
of time I was in the directorate of

40

00:01:35,510 --> 00:01:32,460
Science and Technology and the signals

41

00:01:37,490 --> 00:01:35,520
signals intelligence field and of course

42

00:01:41,330 --> 00:01:37,500
for your UK audience they may know of

43

00:01:44,749 --> 00:01:41,340
gchq so I did primarily what gchq does

44

00:01:47,810 --> 00:01:44,759
for the UK government and collecting and

45

00:01:50,210 --> 00:01:47,820
analyzing signals also I served in the

46

00:01:53,210 --> 00:01:50,220
director of intelligence in the weapons

47

00:01:56,569 --> 00:01:53,220
intelligence analysis area specializing

48

00:01:58,130 --> 00:01:56,579
in ballistic missile defense and that is

49

00:02:00,530 --> 00:01:58,140
the uh

50

00:02:02,149 --> 00:02:00,540
study of missiles that can shoot down

51

00:02:05,569 --> 00:02:02,159

other missiles so it's like

52

00:02:11,029 --> 00:02:05,579

anti-ballistic missiles and during that

53

00:02:14,390 --> 00:02:11,039

time which was in the offices where the

54

00:02:18,650 --> 00:02:14,400

Legacy UFO program resided that's when I

55

00:02:21,770 --> 00:02:18,660

first became exposed to UFO issue at CIA

56

00:02:25,369 --> 00:02:21,780

and I would preface that I was not read

57

00:02:28,550 --> 00:02:25,379

into any special programs it was just a

58

00:02:31,850 --> 00:02:28,560

matter of having encountered

59

00:02:34,729 --> 00:02:31,860

instances of these objects being tracked

60

00:02:37,190 --> 00:02:34,739

by our adversary Radars uh primarily

61

00:02:39,170 --> 00:02:37,200

back in the day the Soviet Union and

62

00:02:41,990 --> 00:02:39,180

later the Russian Federation so their

63

00:02:44,750 --> 00:02:42,000

Raiders were tracking some objects like

64

00:02:46,490 --> 00:02:44,760

R Raiders our Radars track objects and

65

00:02:48,530 --> 00:02:46,500

they were wondering uh what they were

66

00:02:50,270 --> 00:02:48,540

they thought it was us of course when we

67

00:02:52,850 --> 00:02:50,280

track something like that we think it's

68

00:02:55,430 --> 00:02:52,860

them and later we find out it's neither

69

00:02:57,890 --> 00:02:55,440

of us or the Chinese so that's primarily

70

00:03:00,650 --> 00:02:57,900

my background it's uh mostly in

71

00:03:02,750 --> 00:03:00,660

technical intelligence I would say I was

72

00:03:05,809 --> 00:03:02,760

not a traditional what you would

73

00:03:08,030 --> 00:03:05,819

consider a CIA spy in the sense that I

74

00:03:10,550 --> 00:03:08,040

didn't have to recruit uh foreign

75

00:03:12,410 --> 00:03:10,560

Nationals to spy on behalf of the U.S so

76

00:03:14,750 --> 00:03:12,420

I didn't do any of that stuff that you

77

00:03:17,570 --> 00:03:14,760

see in the movies what I did was mostly

78

00:03:21,350 --> 00:03:17,580

uh behind the scenes in Laboratories at

79

00:03:24,170 --> 00:03:21,360

CIA working with my counterparts in gchq

80

00:03:26,750 --> 00:03:24,180

in the ministry of Defense UK as well as

81

00:03:28,309 --> 00:03:26,760

the Australian signals directorate and

82

00:03:30,830 --> 00:03:28,319

and within the United States of course

83

00:03:34,070 --> 00:03:30,840

we have the National Security Agency and

84

00:03:36,110 --> 00:03:34,080

other parts of the Pentagon which deal

85

00:03:38,509 --> 00:03:36,120

with a foreign weapon systems so that's

86

00:03:40,369 --> 00:03:38,519

primarily my background in a nutshell

87

00:03:42,350 --> 00:03:40,379

thanks for that John and I do suggest

88

00:03:43,850 --> 00:03:42,360

anyone who wants more of that in detail

89

00:03:45,890 --> 00:03:43,860

checks out the previous interviewers

90

00:03:47,330 --> 00:03:45,900

with John so anything you think may be

91

00:03:49,250 --> 00:03:47,340

missing's probably been covered

92

00:03:51,530 --> 00:03:49,260

previously let's get right into things

93

00:03:53,330 --> 00:03:51,540

anyway John 20 23's been a very

94

00:03:54,949 --> 00:03:53,340

interesting year and as we record this

95

00:03:56,630 --> 00:03:54,959

we're we're getting into the middle of

96

00:03:58,610 --> 00:03:56,640

May and there's a lot of very recent

97

00:03:59,990 --> 00:03:58,620

conversation going on I think it's

98

00:04:01,490 --> 00:04:00,000

important though you use the word

99

00:04:03,350 --> 00:04:01,500

preface and I'm going to preface this

100

00:04:05,270 --> 00:04:03,360

interview with you by repeating

101
00:04:08,030 --> 00:04:05,280
something you've said to me before that

102
00:04:10,130 --> 00:04:08,040
that much of what you see as opinion and

103
00:04:11,990 --> 00:04:10,140
you're honest about that and that can

104
00:04:13,729 --> 00:04:12,000
sometimes be misconstrued as fact

105
00:04:16,009 --> 00:04:13,739
especially when things are put out in

106
00:04:17,930 --> 00:04:16,019
small Snippets online you know a quick

107
00:04:19,430 --> 00:04:17,940
sound bite of what you see they miss out

108
00:04:21,590 --> 00:04:19,440
the first few sentences and all of a

109
00:04:23,270 --> 00:04:21,600
sudden John Ramirez confirms back

110
00:04:25,129 --> 00:04:23,280
engineering program happened you know

111
00:04:26,390 --> 00:04:25,139
and it's just it's just taken up of

112
00:04:28,490 --> 00:04:26,400
context

113
00:04:30,770 --> 00:04:28,500

um as a fair to say though given your

114

00:04:33,290 --> 00:04:30,780

previous role many will look at your

115

00:04:35,090 --> 00:04:33,300

statements as some kind of informed

116

00:04:36,230 --> 00:04:35,100

opinion and do you understand where that

117

00:04:37,850 --> 00:04:36,240

comes from

118

00:04:39,790 --> 00:04:37,860

yes absolutely

119

00:04:43,249 --> 00:04:39,800

um I would call it uh informed opinion

120

00:04:45,830 --> 00:04:43,259

uh based on fact and uh inform

121

00:04:48,230 --> 00:04:45,840

speculation based on fact and those

122

00:04:50,930 --> 00:04:48,240

facts are sourced from others who

123

00:04:53,990 --> 00:04:50,940

actually have these clearances to work

124

00:04:57,409 --> 00:04:54,000

on these programs and so you've heard

125

00:05:00,409 --> 00:04:57,419

for example uh Dr Eric W Davis

126

00:05:03,490 --> 00:05:00,419

saying that yes there are have been

127

00:05:06,350 --> 00:05:03,500

crash retrievals we have metamaterials

128

00:05:08,450 --> 00:05:06,360

in our possession we have the technology

129

00:05:11,090 --> 00:05:08,460

in our possession and that's someone who

130

00:05:15,290 --> 00:05:11,100

is speaking from fact that he had access

131

00:05:16,909 --> 00:05:15,300

to these materials I never did but I

132

00:05:21,290 --> 00:05:16,919

consider Dr Davis to be a credible

133

00:05:24,170 --> 00:05:21,300

source and so in many instances I would

134

00:05:26,650 --> 00:05:24,180

reinforce what other people say and so

135

00:05:29,450 --> 00:05:26,660

that's why it gets misconstrued

136

00:05:32,570 --> 00:05:29,460

misconstrued as something I would like

137

00:05:33,529 --> 00:05:32,580

do I am declaring but uh having said

138

00:05:37,550 --> 00:05:33,539

that

139

00:05:40,370 --> 00:05:37,560

um I am well informed and I do have ndas

140

00:05:43,129 --> 00:05:40,380

but none of those ndas are directly

141

00:05:44,629 --> 00:05:43,139

related to the UAP UFO subject matter

142

00:05:46,909 --> 00:05:44,639

whatsoever

143

00:05:49,610 --> 00:05:46,919

I never had access to them when I had

144

00:05:52,310 --> 00:05:49,620

the opportunity to have access I refused

145

00:05:55,070 --> 00:05:52,320

I didn't want any knowledge of that and

146

00:05:57,529 --> 00:05:55,080

you wonder well gee whiz I would I would

147

00:05:59,629 --> 00:05:57,539

definitely get that but if I had that

148

00:06:02,210 --> 00:05:59,639

you wouldn't be hearing from me now and

149

00:06:04,189 --> 00:06:02,220

you would never know who I was at all

150

00:06:07,070 --> 00:06:04,199

because I would be restrained from

151
00:06:09,409 --> 00:06:07,080
speaking about any part of it but I knew

152
00:06:11,510 --> 00:06:09,419
enough to know that it is a genuine

153
00:06:15,310 --> 00:06:11,520
thing that there are

154
00:06:18,890 --> 00:06:15,320
craft flown by non-human intelligence

155
00:06:21,650 --> 00:06:18,900
and I think that is the very first step

156
00:06:24,230 --> 00:06:21,660
in the disclosure process that we have

157
00:06:27,770 --> 00:06:24,240
to stop saying uh there could be foreign

158
00:06:29,930 --> 00:06:27,780
adversaries we don't know what they are

159
00:06:32,689 --> 00:06:29,940
um so forth and so on all of the other

160
00:06:34,070 --> 00:06:32,699
reasons that we've heard for so long

161
00:06:37,909 --> 00:06:34,080
and definitely they're not weather

162
00:06:41,090 --> 00:06:37,919
balloons so I would say you know first

163
00:06:43,850 --> 00:06:41,100

step is to disclose that non-human

164

00:06:45,950 --> 00:06:43,860

intelligences non-human beings are

165

00:06:47,930 --> 00:06:45,960

involved with what we're seeing in our

166

00:06:49,909 --> 00:06:47,940

skies

167

00:06:51,650 --> 00:06:49,919

you know you've gone straight to my last

168

00:06:53,029 --> 00:06:51,660

question but let's uh let's run with us

169

00:06:54,529 --> 00:06:53,039

on the spot then let's make this a

170

00:06:56,090 --> 00:06:54,539

little bit ad talk on my part and make

171

00:06:59,029 --> 00:06:56,100

it difficult for me

172

00:07:00,710 --> 00:06:59,039

um so you've said that that governments

173

00:07:02,870 --> 00:07:00,720

need to get away from that talk of

174

00:07:04,969 --> 00:07:02,880

adversarial technology and you feel that

175

00:07:07,370 --> 00:07:04,979

is happening they need to come out and

176

00:07:09,590 --> 00:07:07,380

say non-human intelligence

177

00:07:12,230 --> 00:07:09,600

it seems that's the logical Next Step

178

00:07:14,330 --> 00:07:12,240

but is it fair to also say that's the

179

00:07:16,550 --> 00:07:14,340

biggest step of all for any government

180

00:07:19,129 --> 00:07:16,560

to totally break away from the vague

181

00:07:22,370 --> 00:07:19,139

generic dancing around it and actually

182

00:07:24,650 --> 00:07:22,380

saying a word like alien or non-human or

183

00:07:28,189 --> 00:07:24,660

E.T whatever they want to use but to say

184

00:07:29,570 --> 00:07:28,199

it's something else how do we get to

185

00:07:33,950 --> 00:07:29,580

that step

186

00:07:36,469 --> 00:07:33,960

it's just a matter of that's the first

187

00:07:39,469 --> 00:07:36,479

step to take that biggest leap as you

188

00:07:41,870 --> 00:07:39,479

say Andy it is truly a hugely based on

189

00:07:43,790 --> 00:07:41,880

what governments have said before

190

00:07:45,770 --> 00:07:43,800

but that is a huge leap and in order to

191

00:07:48,950 --> 00:07:45,780

have a discussion of what's really

192

00:07:50,150 --> 00:07:48,960

important uh and to me that is why are

193

00:07:53,990 --> 00:07:50,160

they here

194

00:07:56,990 --> 00:07:54,000

why are they visiting this little planet

195

00:08:00,770 --> 00:07:57,000

third from this obscure star that is

196

00:08:03,050 --> 00:08:00,780

nothing special in a very big Galaxy in

197

00:08:05,089 --> 00:08:03,060

what is known as the Orion spur of the

198

00:08:08,330 --> 00:08:05,099

Milky Way galaxy here we are this planet

199

00:08:10,430 --> 00:08:08,340

that we know that our ancestors lived on

200

00:08:12,230 --> 00:08:10,440

why are they here

201
00:08:14,270 --> 00:08:12,240
why are they interacting with us and

202
00:08:17,350 --> 00:08:14,280
this goes to the experiencers as well

203
00:08:20,270 --> 00:08:17,360
why are experiencers encountering them

204
00:08:23,029 --> 00:08:20,280
why are channelers receiving messages

205
00:08:26,749 --> 00:08:23,039
from them that big why question we can't

206
00:08:28,430 --> 00:08:26,759
even get there until we emit

207
00:08:30,170 --> 00:08:28,440
um this government the United States the

208
00:08:32,449 --> 00:08:30,180
UK government uh the governments in the

209
00:08:34,130 --> 00:08:32,459
world to admit that yes there's

210
00:08:36,949 --> 00:08:34,140
something else happening here that is

211
00:08:40,490 --> 00:08:36,959
not human that's interacting with humans

212
00:08:42,529 --> 00:08:40,500
and perhaps if we look back toward uh

213
00:08:44,750 --> 00:08:42,539

for example religious texts there's

214

00:08:48,470 --> 00:08:44,760

always select Encounters of humans with

215

00:08:51,710 --> 00:08:48,480

what the Ancients call the divine and

216

00:08:54,110 --> 00:08:51,720

was the Divine actually a manifestation

217

00:08:56,509 --> 00:08:54,120

of what we're seeing in our skies it's

218

00:08:57,829 --> 00:08:56,519

just that uh they didn't have the terms

219

00:09:01,190 --> 00:08:57,839

of reference they didn't have the

220

00:09:02,870 --> 00:09:01,200

science uh to think of them as

221

00:09:05,269 --> 00:09:02,880

um beings from somewhere else other than

222

00:09:07,970 --> 00:09:05,279

the planet so yeah that is a big First

223

00:09:10,970 --> 00:09:07,980

Step but um I'm saying that that step

224

00:09:13,610 --> 00:09:10,980

will occur that needs to occur or else

225

00:09:16,670 --> 00:09:13,620

all the other discussions are like moot

226

00:09:20,150 --> 00:09:16,680

I mean why even go there it'll continue

227

00:09:23,930 --> 00:09:20,160

to be speculation unless we involve the

228

00:09:28,130 --> 00:09:23,940

non-human beings into that equation in

229

00:09:30,590 --> 00:09:28,140

order to solve or resolve the issue and

230

00:09:34,310 --> 00:09:30,600

that's the whole purpose of Arrow it's

231

00:09:37,130 --> 00:09:34,320

all domain resolution res all domain

232

00:09:38,870 --> 00:09:37,140

resolution office resolution meaning we

233

00:09:41,810 --> 00:09:38,880

need to figure out who they are what

234

00:09:44,630 --> 00:09:41,820

they are what are we dealing with and

235

00:09:47,389 --> 00:09:44,640

arrow is has a long way to go but I've

236

00:09:50,269 --> 00:09:47,399

stated before that you're not going to

237

00:09:53,030 --> 00:09:50,279

get any disclosure from Errol in front

238

00:09:54,710 --> 00:09:53,040

of the United States Congress

239

00:09:56,269 --> 00:09:54,720

that's not going to happen that is not

240

00:10:00,710 --> 00:09:56,279

their purpose they're actually looking

241

00:10:02,630 --> 00:10:00,720

at it from a Aviation safety standpoint

242

00:10:04,670 --> 00:10:02,640

um so Aviation safety is very big for

243

00:10:08,090 --> 00:10:04,680

them because our Pilots have encountered

244

00:10:10,790 --> 00:10:08,100

them in fact was it not one of the FAA

245

00:10:13,250 --> 00:10:10,800

team Pilots off the Nimitz who said

246

00:10:15,769 --> 00:10:13,260

um or that there were fleets of them

247

00:10:17,090 --> 00:10:15,779

they're like there's like there's a

248

00:10:19,310 --> 00:10:17,100

whole Fleet of them yeah oh hopefully

249

00:10:22,070 --> 00:10:19,320

then it may not be um from the Nimitz it

250

00:10:24,470 --> 00:10:22,080

may be from one of the other carriers

251
00:10:26,509 --> 00:10:24,480
um but um that statement was made by a

252
00:10:29,389 --> 00:10:26,519
Naval aviator serving in the U.S Navy

253
00:10:31,130 --> 00:10:29,399
flying these planes and seeing them and

254
00:10:33,769 --> 00:10:31,140
describing them as fleets

255
00:10:37,190 --> 00:10:33,779
um I don't think that our adversaries

256
00:10:38,750 --> 00:10:37,200
have fleets of these craft flying off

257
00:10:40,670 --> 00:10:38,760
the east coast and I believe this was

258
00:10:49,630 --> 00:10:40,680
seen off the east coast of the United

259
00:10:56,030 --> 00:10:52,250
case the Princeton and the Nimitz

260
00:10:57,650 --> 00:10:56,040
tracked many many objects they fell into

261
00:10:59,750 --> 00:10:57,660
one that we know of but there are lots

262
00:11:02,170 --> 00:10:59,760
of them on radar yeah right yeah I would

263
00:11:04,370 --> 00:11:02,180

love to see the rest and again I have no

264

00:11:06,650 --> 00:11:04,380

clearances or as we say in the US

265

00:11:09,590 --> 00:11:06,660

government The Insider speakers I have

266

00:11:11,030 --> 00:11:09,600

no tickets in order to see them and

267

00:11:12,590 --> 00:11:11,040

that's a very good way of saying it

268

00:11:14,690 --> 00:11:12,600

because there's the show and I don't

269

00:11:16,790 --> 00:11:14,700

have the ticket to go see them

270

00:11:19,069 --> 00:11:16,800

um other people do and other people have

271

00:11:21,470 --> 00:11:19,079

seen them and they're coming forward I

272

00:11:24,290 --> 00:11:21,480

think later on uh this year that's

273

00:11:26,150 --> 00:11:24,300

another statement I made uh that's based

274

00:11:29,210 --> 00:11:26,160

on more informed

275

00:11:31,970 --> 00:11:29,220

um opinion that uh we're on the verge of

276

00:11:34,730 --> 00:11:31,980

at least the initial disclosure of

277

00:11:35,810 --> 00:11:34,740

saying that this is non-human craft that

278

00:11:38,449 --> 00:11:35,820

we're seeing

279

00:11:41,690 --> 00:11:38,459

and so I think other people will start

280

00:11:44,090 --> 00:11:41,700

saying that and in a very official way

281

00:11:46,130 --> 00:11:44,100

so I'm looking forward to that as well

282

00:11:48,590 --> 00:11:46,140

as this with everyone else I want to

283

00:11:50,870 --> 00:11:48,600

hear that statement first

284

00:11:52,550 --> 00:11:50,880

yeah a bit of a hot button issue and

285

00:11:54,290 --> 00:11:52,560

I've had this conversation with many

286

00:11:55,970 --> 00:11:54,300

people and it gets a little bit heated

287

00:11:57,410 --> 00:11:55,980

sometimes but I think he did he did

288

00:11:59,389 --> 00:11:57,420

debate is always healthy you know

289

00:12:01,490 --> 00:11:59,399

everyone can be friends at the end of it

290

00:12:03,350 --> 00:12:01,500

and including myself and Dan who comes

291

00:12:05,990 --> 00:12:03,360

on the podcast often disagree on this

292

00:12:08,650 --> 00:12:06,000

that and I would love to know your take

293

00:12:10,730 --> 00:12:08,660

that

294

00:12:12,949 --> 00:12:10,740

people who have really high security

295

00:12:15,470 --> 00:12:12,959

clearances or are private information

296

00:12:18,230 --> 00:12:15,480

that they are not at Liberty to disclose

297

00:12:21,170 --> 00:12:18,240

due to any sort of binding agreement

298

00:12:24,230 --> 00:12:21,180

correct how often do those conversations

299

00:12:26,449 --> 00:12:24,240

still happen in a way because it seems

300

00:12:28,550 --> 00:12:26,459

there are a lot of people out there with

301
00:12:30,650 --> 00:12:28,560
a lot of knowledge that either weren't

302
00:12:32,690 --> 00:12:30,660
supposed to have that knowledge or

303
00:12:34,670 --> 00:12:32,700
they're speaking around it in in

304
00:12:37,069 --> 00:12:34,680
relatively clever ways is it fair to say

305
00:12:39,470 --> 00:12:37,079
that just sometimes even at the highest

306
00:12:42,290 --> 00:12:39,480
levels of US Government human nature

307
00:12:43,670 --> 00:12:42,300
gets in the way and people talk well I

308
00:12:45,949 --> 00:12:43,680
would say this

309
00:12:48,410 --> 00:12:45,959
um first of all we

310
00:12:51,470 --> 00:12:48,420
we in the United States and all over the

311
00:12:52,970 --> 00:12:51,480
world we owe a debt of gratitude to the

312
00:12:57,110 --> 00:12:52,980
US Congress

313
00:12:59,990 --> 00:12:57,120

for passing the legislation that allows

314

00:13:03,170 --> 00:13:00,000

this to happen now it's true Andy that

315

00:13:05,389 --> 00:13:03,180

if we have exploited the technology that

316

00:13:07,850 --> 00:13:05,399

is we've built something based on the

317

00:13:09,350 --> 00:13:07,860

meta materials or some knowledge of the

318

00:13:11,569 --> 00:13:09,360

propulsion system

319

00:13:13,129 --> 00:13:11,579

that these crafts use if we have

320

00:13:15,050 --> 00:13:13,139

something that is the United States

321

00:13:18,230 --> 00:13:15,060

government particularly the U.S Air

322

00:13:22,550 --> 00:13:18,240

Force has something that can fly

323

00:13:25,030 --> 00:13:22,560

maybe not travel through a um

324

00:13:28,009 --> 00:13:25,040

Wormhole or not travel through a portal

325

00:13:29,810 --> 00:13:28,019

warp drive to another star system but

326

00:13:31,730 --> 00:13:29,820

still something very extraordinary that

327

00:13:33,730 --> 00:13:31,740

can fly in our space

328

00:13:37,550 --> 00:13:33,740

uh nearby

329

00:13:40,610 --> 00:13:37,560

that will still be under wraps those

330

00:13:41,750 --> 00:13:40,620

non-disclosure agreements are still in

331

00:13:43,970 --> 00:13:41,760

effect

332

00:13:46,009 --> 00:13:43,980

because that's something that we built

333

00:13:48,410 --> 00:13:46,019

from something and that is a military

334

00:13:50,810 --> 00:13:48,420

advantage to the United States and to

335

00:13:53,329 --> 00:13:50,820

our allies we will not release that

336

00:13:55,490 --> 00:13:53,339

information I don't think so to to your

337

00:13:58,850 --> 00:13:55,500

point and to the point of others who've

338

00:14:00,650 --> 00:13:58,860

stated that absolutely right we will not

339

00:14:03,590 --> 00:14:00,660

disclose

340

00:14:06,290 --> 00:14:03,600

anything that we have exploited from The

341

00:14:08,569 --> 00:14:06,300

Source technology now Source technology

342

00:14:12,710 --> 00:14:08,579

is the meta materials that we may have

343

00:14:15,170 --> 00:14:12,720

gathered from Crash retrievals or I

344

00:14:18,889 --> 00:14:15,180

would dare say you know if like bigger

345

00:14:22,870 --> 00:14:18,899

parts of a craft may have uh been able

346

00:14:26,030 --> 00:14:22,880

to be recovered that type of Technology

347

00:14:28,069 --> 00:14:26,040

that's no longer under NDA because

348

00:14:31,069 --> 00:14:28,079

that's the source technology and in fact

349

00:14:33,710 --> 00:14:31,079

uh the original legislations

350

00:14:36,350 --> 00:14:33,720

called out non-human

351
00:14:40,490 --> 00:14:36,360
technology the word non-human was

352
00:14:42,350 --> 00:14:40,500
actually used in a legislation of the

353
00:14:45,410 --> 00:14:42,360
United States of America for the first

354
00:14:48,350 --> 00:14:45,420
time non-human that was in there so it

355
00:14:50,569 --> 00:14:48,360
separates what we have exploited from

356
00:14:52,970 --> 00:14:50,579
the actual technology that we may have

357
00:14:55,670 --> 00:14:52,980
collected so the actual technology in my

358
00:14:57,530 --> 00:14:55,680
opinion belongs to humanity it belongs

359
00:14:59,990 --> 00:14:57,540
to all of us it should not belong to any

360
00:15:02,449 --> 00:15:00,000
particular Sovereign government

361
00:15:04,850 --> 00:15:02,459
it may have crashed in New Mexico in the

362
00:15:08,389 --> 00:15:04,860
United States or it may have landed at

363
00:15:10,670 --> 00:15:08,399

rendersham Forest in the UK and you know

364

00:15:14,509 --> 00:15:10,680

that doesn't belong to the UK or the

365

00:15:17,710 --> 00:15:14,519

United States or any country we hear of

366

00:15:21,110 --> 00:15:17,720

um James Fox did a wonderful documentary

367

00:15:24,769 --> 00:15:21,120

about the uh of our Genia crash in

368

00:15:26,269 --> 00:15:24,779

Brazil and um the recovery of bodies now

369

00:15:27,650 --> 00:15:26,279

does that belong to the Brazilian

370

00:15:29,449 --> 00:15:27,660

government did that belong to United

371

00:15:32,689 --> 00:15:29,459

States allegedly the United States came

372

00:15:34,850 --> 00:15:32,699

in and retrieved all of that I think it

373

00:15:38,750 --> 00:15:34,860

belongs to all of us and we should know

374

00:15:41,629 --> 00:15:38,760

if we are being visited by uh non-humans

375

00:15:44,389 --> 00:15:41,639

coming to the planet I don't think the

376

00:15:46,250 --> 00:15:44,399

non-humans gonna give it darn actually

377

00:15:48,410 --> 00:15:46,260

whether it's the UK or the United States

378

00:15:50,269 --> 00:15:48,420

or Canada or Australia or Russia or

379

00:15:52,910 --> 00:15:50,279

China to them it's just planet Earth

380

00:15:54,769 --> 00:15:52,920

we're coming down the planet Earth

381

00:15:57,170 --> 00:15:54,779

um and do they understand how we

382

00:16:00,170 --> 00:15:57,180

organize ourselves geopolitically maybe

383

00:16:02,269 --> 00:16:00,180

not to us we're like different

384

00:16:03,710 --> 00:16:02,279

nationalities and different belief

385

00:16:06,410 --> 00:16:03,720

systems different cultures different

386

00:16:07,970 --> 00:16:06,420

languages to them we're earthlings one

387

00:16:09,110 --> 00:16:07,980

planet and so they may not even

388

00:16:10,910 --> 00:16:09,120

distinguish

389

00:16:12,230 --> 00:16:10,920

um that they're Landing in The Sovereign

390

00:16:14,389 --> 00:16:12,240

territory of the United States they

391

00:16:16,850 --> 00:16:14,399

probably have no concept of of a

392

00:16:18,530 --> 00:16:16,860

sovereign country on this planet so

393

00:16:21,410 --> 00:16:18,540

that's why I think it belongs to all of

394

00:16:24,170 --> 00:16:21,420

humanity and that's why I applaud the

395

00:16:27,829 --> 00:16:24,180

work of San Marino that little country

396

00:16:31,550 --> 00:16:27,839

in Italy and their project Titan in

397

00:16:33,590 --> 00:16:31,560

order to like move this forward uh into

398

00:16:35,449 --> 00:16:33,600

the international Arena Under the

399

00:16:37,670 --> 00:16:35,459

Umbrella of the United Nations

400

00:16:39,650 --> 00:16:37,680

because I'm sure like

401
00:16:41,210 --> 00:16:39,660
countries would not want to give up

402
00:16:43,249 --> 00:16:41,220
anything

403
00:16:45,230 --> 00:16:43,259
um unless it was under some

404
00:16:47,150 --> 00:16:45,240
International agreement there's some

405
00:16:48,949 --> 00:16:47,160
memorandum of under understanding or

406
00:16:51,350 --> 00:16:48,959
memorandum of agreement amongst all

407
00:16:52,970 --> 00:16:51,360
these countries to do so and so I'm a

408
00:16:54,829 --> 00:16:52,980
strong proponent of doing that and I

409
00:16:56,990 --> 00:16:54,839
hope that disclosure ultimately will

410
00:17:00,069 --> 00:16:57,000
lead to the United States getting out of

411
00:17:02,509 --> 00:17:00,079
this UFO Monopoly that we've had since

412
00:17:05,750 --> 00:17:02,519
1947 if not before

413
00:17:07,370 --> 00:17:05,760

on 1947 so it's a monopoly more so than

414

00:17:09,530 --> 00:17:07,380

a truth embargo

415

00:17:11,329 --> 00:17:09,540

truth embargo I can understand why

416

00:17:12,710 --> 00:17:11,339

people say truth embargo but if there

417

00:17:13,630 --> 00:17:12,720

was a truth embargo you wouldn't hear

418

00:17:18,590 --> 00:17:13,640

anything

419

00:17:20,390 --> 00:17:18,600

but you're hearing more than hints and

420

00:17:22,730 --> 00:17:20,400

we got three videos

421

00:17:24,650 --> 00:17:22,740

um so it's not really a truth embargo I

422

00:17:26,270 --> 00:17:24,660

believe it's more of a monopoly that we

423

00:17:28,189 --> 00:17:26,280

want to monopolize this technology

424

00:17:30,830 --> 00:17:28,199

because we did something fantastic with

425

00:17:33,530 --> 00:17:30,840

it but what we did the United States

426
00:17:36,529 --> 00:17:33,540
when I say we United States they did

427
00:17:38,750 --> 00:17:36,539
something that has some kind of military

428
00:17:41,690 --> 00:17:38,760
capability

429
00:17:43,669 --> 00:17:41,700
and so that's what they're protecting

430
00:17:45,169 --> 00:17:43,679
um should they do that I don't believe

431
00:17:48,110 --> 00:17:45,179
so I believe we should eventually

432
00:17:50,390 --> 00:17:48,120
release the source technology to the

433
00:17:53,029 --> 00:17:50,400
United Nations and let civilian

434
00:17:54,529 --> 00:17:53,039
scientists work on it because in the

435
00:17:56,930 --> 00:17:54,539
government side

436
00:17:58,970 --> 00:17:56,940
um it's so stovepipe and compartmented

437
00:18:00,950 --> 00:17:58,980
these stove pipes you may have a team

438
00:18:02,510 --> 00:18:00,960

working on metamaterials

439

00:18:04,730 --> 00:18:02,520

and you might have another team working

440

00:18:06,049 --> 00:18:04,740

on meta materials and these two teams

441

00:18:08,750 --> 00:18:06,059

may have some inkling that there's

442

00:18:11,029 --> 00:18:08,760

another team but when one team hits a

443

00:18:12,590 --> 00:18:11,039

roadblock and can't go anymore they

444

00:18:14,630 --> 00:18:12,600

cannot collaborate with the other team

445

00:18:17,210 --> 00:18:14,640

who may have gone further so there's no

446

00:18:20,150 --> 00:18:17,220

cooperation even within

447

00:18:23,870 --> 00:18:20,160

um the pro the programs to share

448

00:18:25,610 --> 00:18:23,880

information it's so like stymied at that

449

00:18:28,730 --> 00:18:25,620

level and I believe that's something

450

00:18:31,430 --> 00:18:28,740

that uh Dr Davis has stated himself that

451
00:18:33,409 --> 00:18:31,440
once a team has reached the end of its

452
00:18:35,750 --> 00:18:33,419
knowledge and resources and can't go any

453
00:18:38,390 --> 00:18:35,760
further they're out of luck

454
00:18:41,270 --> 00:18:38,400
um they can't go and collaborate but if

455
00:18:43,909 --> 00:18:41,280
we release that technology to

456
00:18:46,130 --> 00:18:43,919
civilian scientists and let civilian

457
00:18:48,350 --> 00:18:46,140
scientists do something with it other

458
00:18:50,450 --> 00:18:48,360
than build this fantastic spy plane

459
00:18:53,570 --> 00:18:50,460
that's shaped like a triangle for

460
00:18:55,549 --> 00:18:53,580
example they might benefit

461
00:18:57,470 --> 00:18:55,559
um from it by studying it and making

462
00:18:59,450 --> 00:18:57,480
that benefit

463
00:19:03,350 --> 00:18:59,460

shared with the rest of humanity you

464

00:19:05,870 --> 00:19:03,360

know there could be some way of of

465

00:19:07,730 --> 00:19:05,880

actually solving the energy crisis of

466

00:19:10,010 --> 00:19:07,740

not using fossil fuels for example just

467

00:19:12,110 --> 00:19:10,020

an example so that's what I'm proposing

468

00:19:14,630 --> 00:19:12,120

that that we do and that's what I would

469

00:19:16,730 --> 00:19:14,640

fight for after disclosure that that's a

470

00:19:18,890 --> 00:19:16,740

very important step and only that

471

00:19:20,270 --> 00:19:18,900

there's a Consciousness aspect to all of

472

00:19:22,850 --> 00:19:20,280

this

473

00:19:23,930 --> 00:19:22,860

um without the Consciousness aspect to

474

00:19:25,909 --> 00:19:23,940

this

475

00:19:28,490 --> 00:19:25,919

um just we're just studying like

476

00:19:30,590 --> 00:19:28,500

nuts and bolts you know yeah shaped like

477

00:19:33,529 --> 00:19:30,600

metal materials and what good is that

478

00:19:35,570 --> 00:19:33,539

okay now you know fantastic but there's

479

00:19:37,310 --> 00:19:35,580

a Consciousness aspect to it I believe

480

00:19:39,169 --> 00:19:37,320

the government is aware the US

481

00:19:42,350 --> 00:19:39,179

government is aware that there is a

482

00:19:43,490 --> 00:19:42,360

Consciousness aspect to this phenomenon

483

00:19:45,350 --> 00:19:43,500

um and that's why they went to

484

00:19:47,930 --> 00:19:45,360

Skinwalker because some of that

485

00:19:50,510 --> 00:19:47,940

Consciousness aspect manifests itself as

486

00:19:52,669 --> 00:19:50,520

itself as high strangeness and what is

487

00:19:55,130 --> 00:19:52,679

that all about you know what what is

488

00:19:57,470 --> 00:19:55,140

this hitchhiker effect why are people

489

00:20:00,890 --> 00:19:57,480

seeing these fantastic beings that are

490

00:20:03,350 --> 00:20:00,900

bipedal werewolves for example

491

00:20:05,510 --> 00:20:03,360

why is that happening um

492

00:20:07,010 --> 00:20:05,520

I don't know I don't have the answers to

493

00:20:09,110 --> 00:20:07,020

any of that I just know from an

494

00:20:10,850 --> 00:20:09,120

experienter standpoint I do believe

495

00:20:12,409 --> 00:20:10,860

there's a Consciousness aspect to it and

496

00:20:14,750 --> 00:20:12,419

I believe the government knows there's a

497

00:20:17,630 --> 00:20:14,760

Consciousness aspect to it and I would

498

00:20:21,169 --> 00:20:17,640

not be surprised if the early uh

499

00:20:23,930 --> 00:20:21,179

projects dealing with for example MK

500

00:20:26,510 --> 00:20:23,940

Ultra which was behavioral modification

501
00:20:28,730 --> 00:20:26,520
or remote viewing which was the

502
00:20:30,590 --> 00:20:28,740
expansion of human consciousness

503
00:20:34,250 --> 00:20:30,600
um may have involved some kind of like

504
00:20:35,690 --> 00:20:34,260
astral like projection to go to another

505
00:20:37,130 --> 00:20:35,700
country and look at what they're working

506
00:20:39,590 --> 00:20:37,140
on

507
00:20:42,350 --> 00:20:39,600
that's all high strangeness you know

508
00:20:43,610 --> 00:20:42,360
it's it's not like sending a spy plane

509
00:20:46,610 --> 00:20:43,620
to take a picture of something you're

510
00:20:48,230 --> 00:20:46,620
sending a human mind over some place and

511
00:20:50,690 --> 00:20:48,240
how do we learn that how do we know that

512
00:20:52,850 --> 00:20:50,700
that actually could work

513
00:20:54,950 --> 00:20:52,860

um I don't know so I hope these other

514

00:20:57,710 --> 00:20:54,960

aspects particularly the Consciousness

515

00:21:00,470 --> 00:20:57,720

aspects uh become talked about

516

00:21:03,289 --> 00:21:00,480

because right now experiences are made

517

00:21:05,510 --> 00:21:03,299

to feel like they're freaks to be honest

518

00:21:06,770 --> 00:21:05,520

with you freaks that you know there's

519

00:21:09,049 --> 00:21:06,780

something wrong with you if you have

520

00:21:10,310 --> 00:21:09,059

these experiences something mentally is

521

00:21:12,770 --> 00:21:10,320

wrong with you and I don't think there's

522

00:21:15,049 --> 00:21:12,780

anything mentally wrong with anyone who

523

00:21:17,990 --> 00:21:15,059

have these experiences back in the old

524

00:21:20,210 --> 00:21:18,000

days we call them prophets channels were

525

00:21:22,070 --> 00:21:20,220

called prophets they would receive

526
00:21:24,650 --> 00:21:22,080
messages from the Divine and they were

527
00:21:25,370 --> 00:21:24,660
like share those messages with the

528
00:21:28,730 --> 00:21:25,380
people

529
00:21:30,830 --> 00:21:28,740
uh you know we we they revered them as

530
00:21:32,990 --> 00:21:30,840
prophets the people did and now they're

531
00:21:35,090 --> 00:21:33,000
like strange people you know they're

532
00:21:37,130 --> 00:21:35,100
just freakish people you know don't pay

533
00:21:39,049 --> 00:21:37,140
attention to them I think we need to pay

534
00:21:41,810 --> 00:21:39,059
attention to channelers and experiencers

535
00:21:42,770 --> 00:21:41,820
to help us solve the why question of why

536
00:21:44,690 --> 00:21:42,780
they're here

537
00:21:46,789 --> 00:21:44,700
before we get to the Y let me just take

538
00:21:49,669 --> 00:21:46,799

you back a step okay I'd love to know in

539

00:21:51,529 --> 00:21:49,679

your opinion how well equipped is the US

540

00:21:53,570 --> 00:21:51,539

government at keeping tabs on other

541

00:21:55,430 --> 00:21:53,580

countries UFO programs because a

542

00:21:57,350 --> 00:21:55,440

conversation that happens with me often

543

00:21:59,990 --> 00:21:57,360

when I'm at work or speaking to family

544

00:22:01,909 --> 00:22:00,000

and friends about UFOs the the last

545

00:22:04,190 --> 00:22:01,919

quiet all was America why is it always

546

00:22:05,510 --> 00:22:04,200

the USA you know Roswell and all these

547

00:22:07,669 --> 00:22:05,520

different incidents all those American

548

00:22:10,010 --> 00:22:07,679

Pilots American Military but but it's

549

00:22:12,830 --> 00:22:10,020

not it just seems to be the US is the

550

00:22:14,690 --> 00:22:12,840

canal the front leader in this so for

551
00:22:17,570 --> 00:22:14,700
example if there's a crash retrieval in

552
00:22:20,450 --> 00:22:17,580
Russia or China or uh A Nimitz Princeton

553
00:22:25,010 --> 00:22:20,460
Tic Tac type event happens with another

554
00:22:27,710 --> 00:22:25,020
nation's naval fleet are the U.S aware

555
00:22:29,570 --> 00:22:27,720
if we can detect it we are aware and

556
00:22:31,789 --> 00:22:29,580
when I say by detection

557
00:22:33,830 --> 00:22:31,799
um that's many means or one of them is

558
00:22:36,830 --> 00:22:33,840
human intelligence

559
00:22:38,630 --> 00:22:36,840
um if we recruited someone in the in a

560
00:22:40,970 --> 00:22:38,640
foreign government and they have

561
00:22:43,610 --> 00:22:40,980
knowledge of this and they're willing to

562
00:22:45,230 --> 00:22:43,620
share that with us that's one method of

563
00:22:47,450 --> 00:22:45,240

finding out what's going on in a foreign

564

00:22:50,570 --> 00:22:47,460

country secondly uh there's technical

565

00:22:52,789 --> 00:22:50,580

detection that is that we have uh

566

00:22:55,490 --> 00:22:52,799

surveillance systems uh in the sky

567

00:22:57,110 --> 00:22:55,500

Aerospace and in space and we're able to

568

00:22:59,570 --> 00:22:57,120

detect

569

00:23:01,850 --> 00:22:59,580

um a craft entering the Sovereign

570

00:23:04,310 --> 00:23:01,860

airspace of another country that's one

571

00:23:07,130 --> 00:23:04,320

method of detection as well so we do

572

00:23:09,590 --> 00:23:07,140

employ various methods of gathering

573

00:23:11,630 --> 00:23:09,600

intelligence it's all part of gathering

574

00:23:13,789 --> 00:23:11,640

intelligence to determine what's going

575

00:23:16,490 --> 00:23:13,799

on in a different country now I would

576

00:23:19,370 --> 00:23:16,500

say that perhaps with the five eyes

577

00:23:22,130 --> 00:23:19,380

which is your country the UK we have

578

00:23:24,590 --> 00:23:22,140

Australia Canada and New Zealand amongst

579

00:23:26,570 --> 00:23:24,600

the five eyes with the United States I

580

00:23:28,789 --> 00:23:26,580

imagine that it might be a little more

581

00:23:30,830 --> 00:23:28,799

closer intelligent sharing

582

00:23:32,690 --> 00:23:30,840

of actual direct sharing that

583

00:23:35,029 --> 00:23:32,700

intelligence but I believe the five eyes

584

00:23:37,430 --> 00:23:35,039

other five eyes countries are waiting

585

00:23:39,110 --> 00:23:37,440

for the U.S lead to do something

586

00:23:41,510 --> 00:23:39,120

and so

587

00:23:44,390 --> 00:23:41,520

when disclosure happens

588

00:23:46,190 --> 00:23:44,400

initial disclosure happens and the

589

00:23:49,250 --> 00:23:46,200

United States government then releases

590

00:23:52,070 --> 00:23:49,260

what it has what knowledge it has and

591

00:23:53,870 --> 00:23:52,080

I'm not talking about error reports I'm

592

00:23:55,430 --> 00:23:53,880

not talking about the annual reports

593

00:23:57,950 --> 00:23:55,440

from Arrow or anything like that and I'm

594

00:23:59,990 --> 00:23:57,960

talking about real disclosure of what's

595

00:24:01,970 --> 00:24:00,000

exactly going on not this Bean counting

596

00:24:04,909 --> 00:24:01,980

of how many crafted we see this past

597

00:24:07,669 --> 00:24:04,919

year but what has been going on for

598

00:24:10,789 --> 00:24:07,679

decades past when the United States does

599

00:24:13,010 --> 00:24:10,799

that that opens up the door for our five

600

00:24:14,930 --> 00:24:13,020

Eye Partners to come forward and I'm

601
00:24:17,810 --> 00:24:14,940
sure Whitehall is sitting on a lot of

602
00:24:21,230 --> 00:24:17,820
information other than what was released

603
00:24:23,750 --> 00:24:21,240
um through um the custody of Nick Pope

604
00:24:25,669 --> 00:24:23,760
he had custody of the UFO files in

605
00:24:28,730 --> 00:24:25,679
Hawaii White Hall for the U.S audiences

606
00:24:30,470 --> 00:24:28,740
the Pentagon for the UK the ministry of

607
00:24:33,950 --> 00:24:30,480
Defense I'm sure they have a lot of

608
00:24:35,870 --> 00:24:33,960
information that they're now feel that

609
00:24:37,970 --> 00:24:35,880
they can share because they don't nobody

610
00:24:40,730 --> 00:24:37,980
wants to go first if they're waiting for

611
00:24:42,470 --> 00:24:40,740
us to go first so once we go first I

612
00:24:44,570 --> 00:24:42,480
hope that other countries were joined

613
00:24:47,210 --> 00:24:44,580

especially five ice countries that would

614

00:24:50,510 --> 00:24:47,220

join and then Latin America and Africa

615

00:24:52,250 --> 00:24:50,520

there were events that occurred the

616

00:24:54,950 --> 00:24:52,260

aerial incident in Africa for example

617

00:24:57,789 --> 00:24:54,960

and I mentioned already uh uh Virginia

618

00:25:00,289 --> 00:24:57,799

in in Brazil there are other incidents

619

00:25:02,210 --> 00:25:00,299

with data collected by these foreign

620

00:25:04,549 --> 00:25:02,220

governments that they might be more

621

00:25:06,950 --> 00:25:04,559

comfortable with releasing once the U.S

622

00:25:09,470 --> 00:25:06,960

takes that first step

623

00:25:11,270 --> 00:25:09,480

I know the UK from I can speak from a UK

624

00:25:14,990 --> 00:25:11,280

point of view the people in charge of

625

00:25:17,390 --> 00:25:15,000

whatever UFO data we have are far more

626

00:25:20,510 --> 00:25:17,400

successful than the US are keeping

627

00:25:22,669 --> 00:25:20,520

themselves in the shadows and out of the

628

00:25:25,549 --> 00:25:22,679

Limelight and they are very much not

629

00:25:27,890 --> 00:25:25,559

very well known so if no one at all

630

00:25:30,110 --> 00:25:27,900

um for whatever Nick Pope's role was

631

00:25:31,430 --> 00:25:30,120

back in the day in the 90s at the mod it

632

00:25:33,409 --> 00:25:31,440

was more administrative it certainly

633

00:25:36,649 --> 00:25:33,419

seems like yeah he said as much himself

634

00:25:40,549 --> 00:25:36,659

I think these days but we don't have a

635

00:25:42,769 --> 00:25:40,559

Louis zondo or a Chris melon or an arrow

636

00:25:44,390 --> 00:25:42,779

office or a doctor Sean Patrick or a

637

00:25:46,610 --> 00:25:44,400

senator gillibrand sticking up for the

638

00:25:49,250 --> 00:25:46,620

UFO subject just don't have that in the

639

00:25:51,289 --> 00:25:49,260

US is massively taking the lead on that

640

00:25:53,810 --> 00:25:51,299

so that's that's why that conversation

641

00:25:56,450 --> 00:25:53,820

happens I'd love to know though do you

642

00:25:58,370 --> 00:25:56,460

think Dr Sean Kirkpatrick you mentioned

643

00:26:00,350 --> 00:25:58,380

on the little files that there's a range

644

00:26:02,570 --> 00:26:00,360

of different systems and Radars that

645

00:26:05,029 --> 00:26:02,580

keep track of all sorts of objects in

646

00:26:06,950 --> 00:26:05,039

the skies and with the recent shutdowns

647

00:26:08,390 --> 00:26:06,960

of the the UAP or balloons or whatever

648

00:26:09,810 --> 00:26:08,400

for their way out in February over

649

00:26:10,250 --> 00:26:09,820

Canada and the US

650

00:26:11,149 --> 00:26:10,260

[Music]

651
00:26:13,789 --> 00:26:11,159
um

652
00:26:15,590 --> 00:26:13,799
that there were various filters that had

653
00:26:17,630 --> 00:26:15,600
to be adjusted so they could be picked

654
00:26:20,750 --> 00:26:17,640
up because the radar was only detecting

655
00:26:22,850 --> 00:26:20,760
certain objects that's been reasonably

656
00:26:25,070 --> 00:26:22,860
kind of discussed everywhere about and I

657
00:26:27,049 --> 00:26:25,080
just wonder given the amount of data

658
00:26:29,450 --> 00:26:27,059
that the US government and departments

659
00:26:31,310 --> 00:26:29,460
within that stove types and others they

660
00:26:34,310 --> 00:26:31,320
must have an incredible amount of real

661
00:26:38,029 --> 00:26:34,320
serious compelling data on true genuine

662
00:26:40,909 --> 00:26:38,039
UFO UAP incidents is it that Dr Sean

663
00:26:43,730 --> 00:26:40,919

Kirkpatrick hasn't seen that data or is

664

00:26:46,130 --> 00:26:43,740

he lying about not having seen it well I

665

00:26:47,750 --> 00:26:46,140

would say uh Dr Kirkpatrick and anyone

666

00:26:50,210 --> 00:26:47,760

from the Pentagon side any from the US

667

00:26:52,970 --> 00:26:50,220

government when we answer questions we

668

00:26:55,370 --> 00:26:52,980

answered the literal question and we do

669

00:26:56,870 --> 00:26:55,380

not volunteer any more information than

670

00:26:59,269 --> 00:26:56,880

what was asked

671

00:27:02,269 --> 00:26:59,279

so let's go from there

672

00:27:04,010 --> 00:27:02,279

um uh to your previous question in the

673

00:27:05,510 --> 00:27:04,020

UK you have something that we do not

674

00:27:07,250 --> 00:27:05,520

have in the United States and that's the

675

00:27:10,610 --> 00:27:07,260

Osa you know what that is that's the

676
00:27:13,789 --> 00:27:10,620
official secret act yeah we don't have

677
00:27:14,570 --> 00:27:13,799
that and so in the UK

678
00:27:18,950 --> 00:27:14,580
um

679
00:27:21,230 --> 00:27:18,960
that Osa is primarily what's dampening

680
00:27:23,570 --> 00:27:21,240
down this information so if there is an

681
00:27:25,730 --> 00:27:23,580
error like office in the UK you would

682
00:27:28,850 --> 00:27:25,740
never hear it and no one's going to say

683
00:27:31,610 --> 00:27:28,860
anything about it but in the U.S uh once

684
00:27:34,549 --> 00:27:31,620
anything gets leaked out it's it's gone

685
00:27:37,130 --> 00:27:34,559
it's it's out there and in the US we

686
00:27:40,190 --> 00:27:37,140
cannot prosecute journalists for leaking

687
00:27:41,450 --> 00:27:40,200
classified information we can prosecute

688
00:27:43,610 --> 00:27:41,460

the leaker

689

00:27:45,169 --> 00:27:43,620

but not the means of leakage because we

690

00:27:47,210 --> 00:27:45,179

are protected by the First Amendment

691

00:27:49,789 --> 00:27:47,220

freedom of speech which protects the

692

00:27:51,830 --> 00:27:49,799

press and which protects journalists now

693

00:27:53,990 --> 00:27:51,840

to answer the question about Dr

694

00:27:56,570 --> 00:27:54,000

Kirkpatrick he is on the Department of

695

00:27:58,310 --> 00:27:56,580

Defense side of the equation and so

696

00:28:00,649 --> 00:27:58,320

there's the Department of Defense and

697

00:28:03,950 --> 00:28:00,659

they have certain authorities under the

698

00:28:08,149 --> 00:28:03,960

U.S code the United States code title 10

699

00:28:12,289 --> 00:28:08,159

which uh is the law that manages and

700

00:28:14,570 --> 00:28:12,299

regulates the uniform services of the

701
00:28:16,970 --> 00:28:14,580
United States and there's title 50 which

702
00:28:19,490 --> 00:28:16,980
is the civilian side of the intelligence

703
00:28:22,850 --> 00:28:19,500
Community mostly CIA

704
00:28:24,230 --> 00:28:22,860
and so he has access to anything in the

705
00:28:26,870 --> 00:28:24,240
Department of Defense

706
00:28:30,950 --> 00:28:26,880
anything and everything he has access to

707
00:28:33,169 --> 00:28:30,960
because his boss and his boss's boss

708
00:28:35,390 --> 00:28:33,179
can compel

709
00:28:38,330 --> 00:28:35,400
access to that information from the

710
00:28:39,950 --> 00:28:38,340
Department so his boss is is the under

711
00:28:42,590 --> 00:28:39,960
secretary of defense for intelligence

712
00:28:45,950 --> 00:28:42,600
and security and uh that's Mr Moultrie

713
00:28:49,250 --> 00:28:45,960

who testified in the earlier hearing and

714

00:28:51,049 --> 00:28:49,260

then Mr moultrie's Boss is uh Secretary

715

00:28:54,529 --> 00:28:51,059

of Defense Austin

716

00:28:56,269 --> 00:28:54,539

and his boss is the president so

717

00:28:58,130 --> 00:28:56,279

in the Department of Defense if they

718

00:29:00,169 --> 00:28:58,140

have any information

719

00:29:02,210 --> 00:29:00,179

um it can't be withheld from Dr

720

00:29:04,370 --> 00:29:02,220

Kirkpatrick he can compel that because

721

00:29:06,529 --> 00:29:04,380

he has the authorities to do so he also

722

00:29:08,630 --> 00:29:06,539

has legislation to do so

723

00:29:11,210 --> 00:29:08,640

not the same over the title 50 side

724

00:29:13,490 --> 00:29:11,220

which is Cia the CIA is not part of the

725

00:29:17,029 --> 00:29:13,500

Department of Defense is separate from

726

00:29:19,669 --> 00:29:17,039

the Department of Defense and it is an

727

00:29:21,529 --> 00:29:19,679

independent intelligence agency it is

728

00:29:23,870 --> 00:29:21,539

answerable to the Director of National

729

00:29:26,570 --> 00:29:23,880

Intelligence Avril Haynes who is

730

00:29:29,570 --> 00:29:26,580

answerable to her boss who is President

731

00:29:31,490 --> 00:29:29,580

Joe Biden so there's that chain as well

732

00:29:34,130 --> 00:29:31,500

so

733

00:29:38,810 --> 00:29:34,140

I would say that Dr Kirkpatrick and his

734

00:29:40,130 --> 00:29:38,820

predecessors may have had difficulty it

735

00:29:42,350 --> 00:29:40,140

may have been challenging to get

736

00:29:45,230 --> 00:29:42,360

anything out of CIA

737

00:29:47,269 --> 00:29:45,240

there's very little coming out of CIA on

738

00:29:48,830 --> 00:29:47,279

this issue other than what CIA is

739

00:29:50,990 --> 00:29:48,840

willing to release

740

00:29:52,909 --> 00:29:51,000

um through uh

741

00:29:55,610 --> 00:29:52,919

that's foil

742

00:29:58,070 --> 00:29:55,620

process and there's also a database

743

00:30:00,409 --> 00:29:58,080

where you can look up foil documents

744

00:30:03,049 --> 00:30:00,419

related to UFOs I understand there's

745

00:30:06,769 --> 00:30:03,059

like over 10 000 of them uh John

746

00:30:09,289 --> 00:30:06,779

Greenwald has a vast majority of them

747

00:30:12,769 --> 00:30:09,299

related to UFOs

748

00:30:14,389 --> 00:30:12,779

so does that but

749

00:30:17,570 --> 00:30:14,399

one thing that people should understand

750

00:30:21,830 --> 00:30:17,580

is that just because it's in a CIA

751

00:30:25,430 --> 00:30:21,840

archive that it is not a CIA document

752

00:30:27,470 --> 00:30:25,440

so you get the uh a misconception is the

753

00:30:29,810 --> 00:30:27,480

Gateway process paper

754

00:30:32,690 --> 00:30:29,820

that was found in the CIA archives and

755

00:30:34,789 --> 00:30:32,700

it says it's a CIA document it is not it

756

00:30:36,529 --> 00:30:34,799

is a U.S Army intelligence and security

757

00:30:39,409 --> 00:30:36,539

command document

758

00:30:40,130 --> 00:30:39,419

that some analysts at CIA wanted to know

759

00:30:43,730 --> 00:30:40,140

about

760

00:30:45,070 --> 00:30:43,740

and at had CIA go fetch that document

761

00:30:47,690 --> 00:30:45,080

when it was

762

00:30:50,630 --> 00:30:47,700

written so they could be placed in the

763

00:30:52,669 --> 00:30:50,640

archives for the analysts to use so a

764

00:30:55,610 --> 00:30:52,679

lot of these documents are not

765

00:30:58,549 --> 00:30:55,620

originating from CIA but it does show

766

00:31:00,470 --> 00:30:58,559

that some analysts ncia had an interest

767

00:31:03,169 --> 00:31:00,480

in that topic

768

00:31:06,230 --> 00:31:03,179

and so that that's the value of looking

769

00:31:07,909 --> 00:31:06,240

at who's the source of that document

770

00:31:12,230 --> 00:31:07,919

um so

771

00:31:13,930 --> 00:31:12,240

it Dr Kirkpatrick said that there's no

772

00:31:16,370 --> 00:31:13,940

evidence of

773

00:31:20,090 --> 00:31:16,380

extraterrestrials no credible evidence

774

00:31:23,690 --> 00:31:20,100

no credit what he's basically saying is

775

00:31:26,450 --> 00:31:23,700

that based on the data that I collected

776
00:31:29,450 --> 00:31:26,460
from Arrow

777
00:31:32,870 --> 00:31:29,460
from military observers mostly

778
00:31:35,330 --> 00:31:32,880
that I cannot look at that data and say

779
00:31:37,549 --> 00:31:35,340
that's extraterrestrial

780
00:31:40,250 --> 00:31:37,559
and that's a true statement because he

781
00:31:41,510 --> 00:31:40,260
showed some of a metallic orb flying

782
00:31:43,970 --> 00:31:41,520
across

783
00:31:47,870 --> 00:31:43,980
um the MQ-9

784
00:31:50,389 --> 00:31:47,880
um predator drone cameras and he's just

785
00:31:52,130 --> 00:31:50,399
okay that's a sphere going across just

786
00:31:53,990 --> 00:31:52,140
looking at that sphere can you say okay

787
00:31:57,590 --> 00:31:54,000
that came from another planet

788
00:31:59,630 --> 00:31:57,600

no you cannot so who would have that

789

00:32:02,810 --> 00:31:59,640

data that says it came from another

790

00:32:04,370 --> 00:32:02,820

planet or you know we saw it come out of

791

00:32:07,490 --> 00:32:04,380

a portal

792

00:32:09,529 --> 00:32:07,500

um and arrive on Earth um that might be

793

00:32:11,690 --> 00:32:09,539

more toward the civilian side on the

794

00:32:16,010 --> 00:32:11,700

intelligence Community more under the

795

00:32:19,850 --> 00:32:16,020

purview of dni Avril Haynes

796

00:32:21,470 --> 00:32:19,860

because she said that we have to also

797

00:32:23,090 --> 00:32:21,480

account that they may be coming to us

798

00:32:26,690 --> 00:32:23,100

extraterrestially

799

00:32:28,669 --> 00:32:26,700

she said that in her address at the um

800

00:32:31,789 --> 00:32:28,679

future in space

801
00:32:34,370 --> 00:32:31,799
um One Day evening conference that they

802
00:32:35,690 --> 00:32:34,380
had in the National Cathedral if we

803
00:32:39,649 --> 00:32:35,700
remember that I think it happened in

804
00:32:41,930 --> 00:32:39,659
November of 2021 after the first UAP

805
00:32:44,269 --> 00:32:41,940
task force report was released it may be

806
00:32:46,789 --> 00:32:44,279
coming to us extraterrestrably if you

807
00:32:49,669 --> 00:32:46,799
look at the statements made by former

808
00:32:52,810 --> 00:32:49,679
directors of CIA and former directors of

809
00:32:55,190 --> 00:32:52,820
Central Intelligence in that role

810
00:32:58,310 --> 00:32:55,200
they managed the entire intelligence

811
00:33:00,110 --> 00:32:58,320
Community before 2005. there was a

812
00:33:01,970 --> 00:33:00,120
director of Central Intelligence which

813
00:33:04,490 --> 00:33:01,980

managed the entire intelligence

814

00:33:08,510 --> 00:33:04,500

community and that person also managed

815

00:33:09,950 --> 00:33:08,520

the CIA as director of CIA before 2005 a

816

00:33:12,590 --> 00:33:09,960

lot of these folks are coming forward

817

00:33:15,350 --> 00:33:12,600

and saying well you know when I was DCI

818

00:33:17,029 --> 00:33:15,360

director of Central Intelligence I had

819

00:33:19,310 --> 00:33:17,039

knowledge of this and that and whatever

820

00:33:20,870 --> 00:33:19,320

you know that they may be a lot more

821

00:33:22,909 --> 00:33:20,880

information out there than what we're

822

00:33:26,269 --> 00:33:22,919

releasing to you and that's from the

823

00:33:28,250 --> 00:33:26,279

civilian side you have never heard a

824

00:33:29,330 --> 00:33:28,260

secretary of defense make that same

825

00:33:31,789 --> 00:33:29,340

statement

826

00:33:35,690 --> 00:33:31,799

never it's always on

827

00:33:38,149 --> 00:33:35,700

the civilian side of intelligence and so

828

00:33:40,970 --> 00:33:38,159

um I think disclosure will probably push

829

00:33:43,430 --> 00:33:40,980

be pushed from that side

830

00:33:45,289 --> 00:33:43,440

as well and probably less so from the

831

00:33:47,450 --> 00:33:45,299

Department of Defense side because they

832

00:33:49,190 --> 00:33:47,460

do have equities to protect

833

00:33:50,930 --> 00:33:49,200

and that is whatever we may have

834

00:33:52,850 --> 00:33:50,940

exploited from the original technology

835

00:33:55,789 --> 00:33:52,860

to Source technology they don't want

836

00:33:58,310 --> 00:33:55,799

that released any discussion of

837

00:34:01,190 --> 00:33:58,320

legitimate UFOs uaps whatever you want

838

00:34:03,710 --> 00:34:01,200

to call them not from Earth non-human

839

00:34:05,690 --> 00:34:03,720

technology any discussion of that might

840

00:34:08,810 --> 00:34:05,700

lead back to

841

00:34:10,790 --> 00:34:08,820

a look into a possibility that we may

842

00:34:11,750 --> 00:34:10,800

have exploited that technology for our

843

00:34:14,210 --> 00:34:11,760

use

844

00:34:17,510 --> 00:34:14,220

and so they don't want that to happen so

845

00:34:19,909 --> 00:34:17,520

Congress wisely said okay Air Force Navy

846

00:34:22,849 --> 00:34:19,919

whoever you can keep that technology

847

00:34:24,589 --> 00:34:22,859

hidden we will not ask about that we

848

00:34:25,730 --> 00:34:24,599

just want to know about the non-human

849

00:34:28,250 --> 00:34:25,740

stuff

850

00:34:31,310 --> 00:34:28,260

and I think the lead for that will not

851

00:34:32,750 --> 00:34:31,320

be Errol but it will be on the civilian

852

00:34:36,710 --> 00:34:32,760

side of intelligence in the United

853

00:34:39,050 --> 00:34:36,720

States to come forward with that

854

00:34:40,310 --> 00:34:39,060

so you've mentioned the Air Force there

855

00:34:42,050 --> 00:34:40,320

and I know that's something I've heard

856

00:34:44,089 --> 00:34:42,060

you recently it was it was possibly on

857

00:34:46,369 --> 00:34:44,099

the Jimmy Church appearance that you put

858

00:34:49,730 --> 00:34:46,379

it on Fade to Black uh you mentioned

859

00:34:51,589 --> 00:34:49,740

that any confirmation of our non-human

860

00:34:53,629 --> 00:34:51,599

intelligence making up any number of

861

00:34:55,909 --> 00:34:53,639

these encounters would have a big impact

862

00:34:58,190 --> 00:34:55,919

on the Air Force and I think that that's

863

00:34:59,750 --> 00:34:58,200

obvious to many and we automatically

864

00:35:02,810 --> 00:34:59,760

assume that would be a negative impact

865

00:35:05,810 --> 00:35:02,820

but I wonder do you see or can you think

866

00:35:09,410 --> 00:35:05,820

of any upside for the Air Force in this

867

00:35:13,849 --> 00:35:12,410

um I'm a big Star Trek fan and

868

00:35:16,130 --> 00:35:13,859

um there was an episode of Star Trek

869

00:35:18,710 --> 00:35:16,140

where Mr Sparks said that military

870

00:35:21,349 --> 00:35:18,720

secrets are the most fleeting of all and

871

00:35:23,750 --> 00:35:21,359

it was referring to the Romulan cloaking

872

00:35:26,390 --> 00:35:23,760

device in that episode

873

00:35:28,310 --> 00:35:26,400

that the Romulan cloaking device is a

874

00:35:30,230 --> 00:35:28,320

military secret of the romulans and it

875

00:35:32,030 --> 00:35:30,240

is and just in general military secrets

876

00:35:34,609 --> 00:35:32,040
are fleeting and I think this also

877

00:35:38,150 --> 00:35:34,619
refers to what the Pentagon has because

878

00:35:39,230 --> 00:35:38,160
in most censuses when there are projects

879

00:35:42,470 --> 00:35:39,240
like this

880

00:35:47,870 --> 00:35:42,480
uh eventually we get to see them in

881

00:35:49,730 --> 00:35:47,880
action so I'll take the F-117 Nighthawk

882

00:35:53,329 --> 00:35:49,740
um the the stealth aircraft that made

883

00:35:55,910 --> 00:35:53,339
its debut in the first Gulf War and the

884

00:35:57,710 --> 00:35:55,920
early 90s that that aircraft was in

885

00:36:01,310 --> 00:35:57,720
development for decades

886

00:36:04,670 --> 00:36:01,320
for decades and in fact I know these CIA

887

00:36:07,510 --> 00:36:04,680
physicists who did a lot of the work on

888

00:36:09,890 --> 00:36:07,520

that aircraft from the CIA perspective

889

00:36:12,650 --> 00:36:09,900

as a weapons intelligence analyst

890

00:36:16,430 --> 00:36:12,660

because he knew uh exactly what our

891

00:36:18,470 --> 00:36:16,440

adversaries had and helped model that

892

00:36:20,990 --> 00:36:18,480

aircraft based on adversarial

893

00:36:24,470 --> 00:36:21,000

capabilities to detect that aircraft

894

00:36:26,329 --> 00:36:24,480

and so that was being worked on for like

895

00:36:29,450 --> 00:36:26,339

a decade or more

896

00:36:32,630 --> 00:36:29,460

before he even saw it fly

897

00:36:35,510 --> 00:36:32,640

and so again with this

898

00:36:37,849 --> 00:36:35,520

people have actually I believe seeing

899

00:36:40,190 --> 00:36:37,859

some of this technology and whether it's

900

00:36:41,930 --> 00:36:40,200

called the tr-3b black Mantra or

901
00:36:44,690 --> 00:36:41,940
whatever the name

902
00:36:45,589 --> 00:36:44,700
um I don't know what the name is but I

903
00:36:48,890 --> 00:36:45,599
believe that there's something

904
00:36:51,170 --> 00:36:48,900
extraordinary flying in Aerospace above

905
00:36:53,630 --> 00:36:51,180
the atmosphere not necessarily in space

906
00:36:55,910 --> 00:36:53,640
but Aerospace with a remarkable

907
00:36:59,230 --> 00:36:55,920
propulsion Technologies and the ability

908
00:37:03,410 --> 00:36:59,240
to stay hidden and persistent coverage

909
00:37:06,890 --> 00:37:03,420
staying hidden over a Target area is the

910
00:37:08,270 --> 00:37:06,900
golden nuggets that the Air Force would

911
00:37:10,490 --> 00:37:08,280
like to keep Secret

912
00:37:12,589 --> 00:37:10,500
so that we can fly over an area of

913
00:37:15,349 --> 00:37:12,599

interest and monitor what that country

914

00:37:17,750 --> 00:37:15,359

is doing persistently and a satellite

915

00:37:19,910 --> 00:37:17,760

you know it flies across the sky we see

916

00:37:22,790 --> 00:37:19,920

satellites all the time and a lot of our

917

00:37:24,950 --> 00:37:22,800

satellites that take pictures are in

918

00:37:27,950 --> 00:37:24,960

lower Earth orbit they call it Leo

919

00:37:29,990 --> 00:37:27,960

lowers orbit and

920

00:37:32,089 --> 00:37:30,000

they're like zipping across the sky so

921

00:37:34,609 --> 00:37:32,099

they don't have a long dwell time

922

00:37:37,069 --> 00:37:34,619

over any Target and they're busy

923

00:37:39,710 --> 00:37:37,079

collecting images on something called a

924

00:37:42,650 --> 00:37:39,720

collection deck so at this time on this

925

00:37:45,770 --> 00:37:42,660

orbit Point your camera here and take a

926

00:37:48,650 --> 00:37:45,780

snap a swath snapshot and then over here

927

00:37:49,370 --> 00:37:48,660

take another Suave snapshot and keep on

928

00:37:51,950 --> 00:37:49,380

going

929

00:37:54,890 --> 00:37:51,960

and so you may have like

930

00:37:57,230 --> 00:37:54,900

maybe a minute or so over any Horizon

931

00:37:59,030 --> 00:37:57,240

The Horizon area that's it from space

932

00:38:00,710 --> 00:37:59,040

you might see a little more but the

933

00:38:03,230 --> 00:38:00,720

point being is that

934

00:38:05,089 --> 00:38:03,240

it's orbiting so once you fly over an

935

00:38:07,069 --> 00:38:05,099

area interest you're already over

936

00:38:08,690 --> 00:38:07,079

another area of Interest wouldn't it be

937

00:38:10,670 --> 00:38:08,700

wonderful just to sit on top of

938

00:38:12,650 --> 00:38:10,680

something and just collect collect

939

00:38:14,150 --> 00:38:12,660

collect and if it's extraordinary

940

00:38:16,730 --> 00:38:14,160

propulsion technology maybe it doesn't

941

00:38:18,589 --> 00:38:16,740

need to be refueled as much you know I

942

00:38:21,170 --> 00:38:18,599

mean maybe that's what they're keeping

943

00:38:24,170 --> 00:38:21,180

uh hidden away

944

00:38:26,690 --> 00:38:24,180

um so will we ever get that maybe if we

945

00:38:29,450 --> 00:38:26,700

need to use it in a war maybe we'll roll

946

00:38:30,530 --> 00:38:29,460

it out like we did the F-117 we rolled

947

00:38:32,990 --> 00:38:30,540

it out

948

00:38:34,910 --> 00:38:33,000

um uh for the Gulf War if it's

949

00:38:36,170 --> 00:38:34,920

serious enough conflict where we needed

950

00:38:38,569 --> 00:38:36,180

that

951
00:38:41,510 --> 00:38:38,579
um we might do it but once you roll it

952
00:38:44,089 --> 00:38:41,520
out that's it you know it's cat's out of

953
00:38:46,790 --> 00:38:44,099
the bag as the saying goes

954
00:38:49,910 --> 00:38:46,800
um now the adversaries uh know what you

955
00:38:52,190 --> 00:38:49,920
have and right now the Air Force

956
00:38:54,290 --> 00:38:52,200
does not want any of our adversaries to

957
00:38:56,150 --> 00:38:54,300
know what we have

958
00:38:59,390 --> 00:38:56,160
I think there's always that idea that

959
00:39:01,609 --> 00:38:59,400
we're we're 20 or 30 years ahead of what

960
00:39:03,470 --> 00:39:01,619
we see and that's why I laughed I think

961
00:39:04,790 --> 00:39:03,480
last year I was at China put on and I

962
00:39:07,069 --> 00:39:04,800
think every country does this but it was

963
00:39:08,870 --> 00:39:07,079

a big deal that China's military export

964

00:39:10,670 --> 00:39:08,880

news China's latest hardware and you

965

00:39:12,170 --> 00:39:10,680

look to mean it's clearly not China's

966

00:39:14,569 --> 00:39:12,180

latest Hardware because they would not

967

00:39:17,450 --> 00:39:14,579

be displaying it for everyone to look at

968

00:39:19,190 --> 00:39:17,460

if that's what the best of the best on

969

00:39:21,349 --> 00:39:19,200

the civilian side of things oh did you

970

00:39:24,349 --> 00:39:21,359

ever have a conversation or ever private

971

00:39:26,030 --> 00:39:24,359

to the idea that commercial Technologies

972

00:39:28,010 --> 00:39:26,040

for the members of the general public

973

00:39:30,050 --> 00:39:28,020

are getting so much better than they

974

00:39:32,089 --> 00:39:30,060

ever were you know camera equipment

975

00:39:34,609 --> 00:39:32,099

drone equipment people have got some

976

00:39:36,349 --> 00:39:34,619

very incredible bits of Kit just on your

977

00:39:37,490 --> 00:39:36,359

everyday you know your back Garden or a

978

00:39:40,010 --> 00:39:37,500

shed

979

00:39:41,750 --> 00:39:40,020

was I felt the idea that members of the

980

00:39:45,050 --> 00:39:41,760

public are going to get better at

981

00:39:47,150 --> 00:39:45,060

picking up evidence of a potential alien

982

00:39:48,470 --> 00:39:47,160

craft or non-human intelligence and what

983

00:39:50,569 --> 00:39:48,480

that could mean

984

00:39:53,030 --> 00:39:50,579

uh not while I was working at CIA

985

00:39:56,390 --> 00:39:53,040

because I left the 2009 and a lot of

986

00:39:58,190 --> 00:39:56,400

that technology was nascent so the what

987

00:40:00,410 --> 00:39:58,200

we were looking at is

988

00:40:02,630 --> 00:40:00,420

um we're looking at the future of Wi-Fi

989

00:40:06,109 --> 00:40:02,640

we're looking at the future of cellular

990

00:40:10,190 --> 00:40:06,119

technology and so I remember discussions

991

00:40:13,270 --> 00:40:10,200

when 3G was all in Vogue that NSA had

992

00:40:16,010 --> 00:40:13,280

some challenges with collecting 3G

993

00:40:19,010 --> 00:40:16,020

Communications so that's in the past and

994

00:40:21,050 --> 00:40:19,020

now it's 4G and now we have 5G so you

995

00:40:24,890 --> 00:40:21,060

know it's the technology in the civilian

996

00:40:26,750 --> 00:40:24,900

sector always exceeds the ability of the

997

00:40:29,270 --> 00:40:26,760

government to collect against that

998

00:40:30,970 --> 00:40:29,280

technology they're always ahead and

999

00:40:34,130 --> 00:40:30,980

we're always playing catch-up as seams

1000

00:40:36,290 --> 00:40:34,140

but I think that

1001
00:40:38,210 --> 00:40:36,300
uh I think we're catching up you know

1002
00:40:40,609 --> 00:40:38,220
there's certain areas that we're finally

1003
00:40:43,910 --> 00:40:40,619
catching up one area we're behind is I

1004
00:40:45,349 --> 00:40:43,920
think uh AI artificial intelligence I

1005
00:40:47,450 --> 00:40:45,359
think there's an awareness of it in the

1006
00:40:49,130 --> 00:40:47,460
government but we're reading press

1007
00:40:50,870 --> 00:40:49,140
reports that you know that the

1008
00:40:53,930 --> 00:40:50,880
government is really taking AI seriously

1009
00:40:55,970 --> 00:40:53,940
but it's already been out there so you

1010
00:40:58,550 --> 00:40:55,980
know how do you tackle that but to your

1011
00:41:00,410 --> 00:40:58,560
point yeah um technology is always

1012
00:41:01,849 --> 00:41:00,420
advancing faster than the ability of the

1013
00:41:02,990 --> 00:41:01,859

intelligence Community to catch up with

1014

00:41:05,750 --> 00:41:03,000

that technology

1015

00:41:07,970 --> 00:41:05,760

and that's the challenge so

1016

00:41:09,650 --> 00:41:07,980

um they're always looking at projects to

1017

00:41:12,349 --> 00:41:09,660

try to predict what would that

1018

00:41:15,890 --> 00:41:12,359

technology be and in some areas there

1019

00:41:17,930 --> 00:41:15,900

Leaps and Bounds advancements

1020

00:41:21,170 --> 00:41:17,940

and in other areas they're still like

1021

00:41:23,329 --> 00:41:21,180

far behind but in general I think that's

1022

00:41:26,569 --> 00:41:23,339

a true statement Andy that you know that

1023

00:41:29,089 --> 00:41:26,579

the civilian technology is advancing now

1024

00:41:32,270 --> 00:41:29,099

with the um

1025

00:41:34,609 --> 00:41:32,280

UAP detection by civilians

1026

00:41:38,450 --> 00:41:34,619

if I understand right and if I go back

1027

00:41:43,310 --> 00:41:38,460

over Dr Patrick's transcripts

1028

00:41:45,710 --> 00:41:43,320

of his testimony before the Senate armed

1029

00:41:47,569 --> 00:41:45,720

service committee I did he think he

1030

00:41:48,710 --> 00:41:47,579

mentions civilians being incorporated

1031

00:41:51,050 --> 00:41:48,720

into

1032

00:41:54,589 --> 00:41:51,060

arrow that civilian data should be

1033

00:41:57,890 --> 00:41:54,599

incorporated into arrow and that Arrow

1034

00:42:00,770 --> 00:41:57,900

should be willing to do so the reason

1035

00:42:04,270 --> 00:42:00,780

why they don't is because

1036

00:42:07,190 --> 00:42:04,280

um government data the sensor systems

1037

00:42:10,190 --> 00:42:07,200

flown by the military and the civilian

1038

00:42:12,710 --> 00:42:10,200

intelligence Community those are what we

1039

00:42:16,790 --> 00:42:12,720

call instrumented systems I mean they're

1040

00:42:18,890 --> 00:42:16,800

modeled against known signatures and so

1041

00:42:21,770 --> 00:42:18,900

we know the response of that census

1042

00:42:26,210 --> 00:42:21,780

system to a known signature

1043

00:42:29,530 --> 00:42:26,220

so when you go buy a psionics Aurora Pro

1044

00:42:32,630 --> 00:42:29,540

Camera which only operates at 980

1045

00:42:34,670 --> 00:42:32,640

nanometers in that IR band it's a very

1046

00:42:35,810 --> 00:42:34,680

narrow one channel

1047

00:42:38,150 --> 00:42:35,820

um

1048

00:42:40,130 --> 00:42:38,160

it's inadequate really to get the

1049

00:42:44,089 --> 00:42:40,140

information that we need because what we

1050

00:42:47,150 --> 00:42:44,099

have may look at many many many bands of

1051
00:42:49,069 --> 00:42:47,160
infrared it's called hyper spectral many

1052
00:42:51,250 --> 00:42:49,079
many bands so that's what we're flying

1053
00:42:54,170 --> 00:42:51,260
now that we can look at something

1054
00:42:56,630 --> 00:42:54,180
and model it because we know the

1055
00:43:00,470 --> 00:42:56,640
characteristics of the sensor and we can

1056
00:43:02,150 --> 00:43:00,480
then detect not just one band of ir but

1057
00:43:05,150 --> 00:43:02,160
many many bands to characterize that

1058
00:43:08,990 --> 00:43:05,160
object in total that's what Kirkpatrick

1059
00:43:10,490 --> 00:43:09,000
has access to does he want to go just oh

1060
00:43:12,349 --> 00:43:10,500
that's interesting you have a light in

1061
00:43:14,690 --> 00:43:12,359
the sky

1062
00:43:16,849 --> 00:43:14,700
um that doesn't do them any good

1063
00:43:18,170 --> 00:43:16,859

most people you know what they do when

1064

00:43:19,190 --> 00:43:18,180

they see a light in the sky that's

1065

00:43:22,910 --> 00:43:19,200

unusual

1066

00:43:24,770 --> 00:43:22,920

it's a natural human thing to you want

1067

00:43:26,569 --> 00:43:24,780

to zoom in on it and you want to follow

1068

00:43:28,670 --> 00:43:26,579

it everywhere you go you wouldn't

1069

00:43:30,890 --> 00:43:28,680

believe how much metadata you lose by

1070

00:43:33,109 --> 00:43:30,900

doing that because what you want to do

1071

00:43:35,150 --> 00:43:33,119

is reference it we need to know exactly

1072

00:43:37,130 --> 00:43:35,160

where you were where the camera was

1073

00:43:39,230 --> 00:43:37,140

pointed the latitude and longitude of

1074

00:43:42,829 --> 00:43:39,240

your position the angle of the camera

1075

00:43:45,349 --> 00:43:42,839

the weather conditions the temperature

1076
00:43:47,270 --> 00:43:45,359
at various levels and elevation in the

1077
00:43:49,430 --> 00:43:47,280
atmosphere everything we need as

1078
00:43:51,410 --> 00:43:49,440
metadata in order to understand what

1079
00:43:53,630 --> 00:43:51,420
what you're seeing and please don't move

1080
00:43:56,270 --> 00:43:53,640
the camera because we lose all velocity

1081
00:43:58,609 --> 00:43:56,280
information once you move the camera the

1082
00:44:00,589 --> 00:43:58,619
object stays still if you leave the

1083
00:44:03,050 --> 00:44:00,599
camera locked on and the object move is

1084
00:44:04,790 --> 00:44:03,060
moving against a backdrop you can at

1085
00:44:06,650 --> 00:44:04,800
least get an estimate of its velocity

1086
00:44:08,210 --> 00:44:06,660
and so that's something that civilians

1087
00:44:09,530 --> 00:44:08,220
don't understand when they're collecting

1088
00:44:11,870 --> 00:44:09,540

because they're just looking at the G

1089

00:44:13,670 --> 00:44:11,880

whiz factor I got something great great

1090

00:44:15,530 --> 00:44:13,680

advice for anyone listening who's going

1091

00:44:17,329 --> 00:44:15,540

to be filming something yet right but

1092

00:44:19,730 --> 00:44:17,339

you know I mean

1093

00:44:21,710 --> 00:44:19,740

people aren't going to do that you want

1094

00:44:23,329 --> 00:44:21,720

a really cool video to put on UFO

1095

00:44:24,710 --> 00:44:23,339

Twitter you're going to follow that

1096

00:44:25,970 --> 00:44:24,720

object and you're going to zoom in and

1097

00:44:28,790 --> 00:44:25,980

out of it

1098

00:44:31,309 --> 00:44:28,800

um and that just destroys a lot of data

1099

00:44:34,069 --> 00:44:31,319

that could be used but having said that

1100

00:44:36,349 --> 00:44:34,079

when Kirkpatrick says civilian I think

1101

00:44:38,210 --> 00:44:36,359

he's looking at Academia yeah

1102

00:44:41,690 --> 00:44:38,220

um for example like he co-authored a

1103

00:44:43,790 --> 00:44:41,700

paper with Dr Abby Loeb yeah right and

1104

00:44:46,010 --> 00:44:43,800

so that's what he's looking he's hinting

1105

00:44:48,470 --> 00:44:46,020

at that we need to bring in civilian

1106

00:44:50,450 --> 00:44:48,480

experts in Academia

1107

00:44:52,190 --> 00:44:50,460

um to look at this problem right now

1108

00:44:54,589 --> 00:44:52,200

they're being blocked off because they

1109

00:44:57,890 --> 00:44:54,599

don't have the clearances

1110

00:45:00,410 --> 00:44:57,900

to look at UAP data which should not be

1111

00:45:02,510 --> 00:45:00,420

classified because it's just UAP data

1112

00:45:05,089 --> 00:45:02,520

it's something in the sky that we don't

1113

00:45:06,829 --> 00:45:05,099

understand why classify that because

1114

00:45:09,530 --> 00:45:06,839

you're limiting the understanding of it

1115

00:45:11,030 --> 00:45:09,540

we want more Minds to look at that

1116

00:45:13,430 --> 00:45:11,040

and maybe they have a better

1117

00:45:16,309 --> 00:45:13,440

understanding of what's going on

1118

00:45:17,809 --> 00:45:16,319

I think that's one of the uh complaints

1119

00:45:19,309 --> 00:45:17,819

of a lot of Civilian scientists is that

1120

00:45:21,470 --> 00:45:19,319

we're locked out of this

1121

00:45:23,630 --> 00:45:21,480

and then the scientists who are cleared

1122

00:45:25,250 --> 00:45:23,640

you know they're just narrowly focusing

1123

00:45:27,410 --> 00:45:25,260

on a certain project

1124

00:45:29,930 --> 00:45:27,420

I'm just looking at meta materials I'm

1125

00:45:32,329 --> 00:45:29,940

not looking at anything else

1126

00:45:34,190 --> 00:45:32,339

um that's a very limiting I think and so

1127

00:45:36,829 --> 00:45:34,200

part of this disclosure I hope is to

1128

00:45:40,550 --> 00:45:36,839

release that information all that data

1129

00:45:44,510 --> 00:45:40,560

and invite Academia into the equation so

1130

00:45:46,670 --> 00:45:44,520

that we can use better instruments that

1131

00:45:48,650 --> 00:45:46,680

might far exceed what the government has

1132

00:45:51,290 --> 00:45:48,660

on the ground looking up

1133

00:45:54,650 --> 00:45:51,300

that's why I'm plaud you know having uh

1134

00:45:57,109 --> 00:45:54,660

Dr Gary Nolan involved in this no he's

1135

00:45:59,390 --> 00:45:57,119

not a government scientist per se but

1136

00:46:01,790 --> 00:45:59,400

he's talked to government people who

1137

00:46:04,190 --> 00:46:01,800

aren't government scientists looking at

1138

00:46:08,089 --> 00:46:04,200

this issue and so you know he's a very

1139

00:46:09,589 --> 00:46:08,099

valuable resource Dr AV Lopez Avi lope

1140

00:46:11,089 --> 00:46:09,599

is a very valuable resource and there

1141

00:46:12,589 --> 00:46:11,099

might be others out there looking at

1142

00:46:14,270 --> 00:46:12,599

this

1143

00:46:16,490 --> 00:46:14,280

um from that perspective and we also

1144

00:46:18,349 --> 00:46:16,500

look have uh people who are not

1145

00:46:20,690 --> 00:46:18,359

physicists or scientists or

1146

00:46:23,290 --> 00:46:20,700

astrophysicists and whatnot we also need

1147

00:46:25,609 --> 00:46:23,300

to bring in sociologists

1148

00:46:28,190 --> 00:46:25,619

psychologists the social science

1149

00:46:30,349 --> 00:46:28,200

Sciences need to look at this we need

1150

00:46:33,170 --> 00:46:30,359

financial experts to look at this as

1151

00:46:35,870 --> 00:46:33,180

well because if there is an emission

1152

00:46:38,329 --> 00:46:35,880

that it's non-human what impact would

1153

00:46:41,030 --> 00:46:38,339

that have on the world economy

1154

00:46:43,670 --> 00:46:41,040

on World Markets we don't know what

1155

00:46:45,890 --> 00:46:43,680

impact spiritual people religious

1156

00:46:48,349 --> 00:46:45,900

leaders what impact will they have on

1157

00:46:50,450 --> 00:46:48,359

human belief systems we don't know the

1158

00:46:52,130 --> 00:46:50,460

government doesn't think like that it

1159

00:46:53,329 --> 00:46:52,140

just looks they're just looking at like

1160

00:46:54,770 --> 00:46:53,339

Hardware

1161

00:46:57,290 --> 00:46:54,780

they're not looking at what I call

1162

00:47:00,650 --> 00:46:57,300

there's Hardware there's software which

1163

00:47:03,770 --> 00:47:00,660

is the AI component and there's wet wear

1164

00:47:07,190 --> 00:47:03,780

which is us our brains that's borrowing

1165

00:47:09,829 --> 00:47:07,200

uh I think uh William Gibson term of wet

1166

00:47:12,530 --> 00:47:09,839

wear that our brains on wet wear that's

1167

00:47:15,109 --> 00:47:12,540

also important and we have ai the

1168

00:47:17,210 --> 00:47:15,119

software and Hardware the actual thing

1169

00:47:20,510 --> 00:47:17,220

that's fine everything needs to come

1170

00:47:22,370 --> 00:47:20,520

together in order to resolve these

1171

00:47:23,930 --> 00:47:22,380

objects

1172

00:47:25,430 --> 00:47:23,940

I'm going to move on to lesson our

1173

00:47:27,349 --> 00:47:25,440

questions soon but I just want to ask

1174

00:47:30,650 --> 00:47:27,359

you your own language you've used a few

1175

00:47:32,329 --> 00:47:30,660

times as these things are visiting and

1176

00:47:33,829 --> 00:47:32,339

visiting obviously puts in the

1177

00:47:35,870 --> 00:47:33,839

Assumption they're coming from elsewhere

1178

00:47:37,910 --> 00:47:35,880

is that the theory you think best

1179

00:47:39,589 --> 00:47:37,920

describes what is happening obviously

1180

00:47:41,390 --> 00:47:39,599

you've had your own experiences to draw

1181

00:47:43,730 --> 00:47:41,400

on your own conversations your own

1182

00:47:46,010 --> 00:47:43,740

opinion you're formed a lot of people

1183

00:47:48,770 --> 00:47:46,020

these days it's popular to think there's

1184

00:47:51,710 --> 00:47:48,780

a presence already on this planet that

1185

00:47:54,290 --> 00:47:51,720

may have you know succeeded or preceded

1186

00:47:56,270 --> 00:47:54,300

to humans themselves what do you think

1187

00:47:57,890 --> 00:47:56,280

of that or is it as a potential a

1188

00:48:00,170 --> 00:47:57,900

culmination of various different things

1189

00:48:03,410 --> 00:48:00,180

well I broke it down into three three

1190

00:48:05,930 --> 00:48:03,420

areas I've stated before and I actually

1191

00:48:08,270 --> 00:48:05,940

shared these I can say now I share them

1192

00:48:10,250 --> 00:48:08,280

with Jim simeivan and he liked the way I

1193

00:48:12,290 --> 00:48:10,260

broke it down and here's how I broke it

1194

00:48:13,970 --> 00:48:12,300

down I said you know Jim there are

1195

00:48:16,130 --> 00:48:13,980

things about this phenomena that we

1196

00:48:18,770 --> 00:48:16,140

don't quite understand that's acting

1197

00:48:20,150 --> 00:48:18,780

like misbehaving that we don't

1198

00:48:22,970 --> 00:48:20,160

understand

1199

00:48:25,550 --> 00:48:22,980

what they're doing and when they we have

1200

00:48:27,890 --> 00:48:25,560

encounters with them they don't actually

1201
00:48:29,750 --> 00:48:27,900
turn out to be very good and I call

1202
00:48:33,829 --> 00:48:29,760
those The Strangers

1203
00:48:36,230 --> 00:48:33,839
so they're truly unknown unknowns and we

1204
00:48:38,390 --> 00:48:36,240
don't know why that when we counter them

1205
00:48:40,670 --> 00:48:38,400
that people have physiological effects

1206
00:48:43,309 --> 00:48:40,680
happen to them they have mental effects

1207
00:48:45,829 --> 00:48:43,319
happen to them it's that hitchhiker

1208
00:48:48,710 --> 00:48:45,839
affect this Skinwalker hitchhiker effect

1209
00:48:50,210 --> 00:48:48,720
there's been known documented cases of

1210
00:48:52,010 --> 00:48:50,220
these anomalous Health incidents

1211
00:48:55,190 --> 00:48:52,020
occurring by encountering this

1212
00:48:56,569 --> 00:48:55,200
phenomenon and particularly having orbs

1213
00:48:58,670 --> 00:48:56,579

come near you

1214

00:49:01,370 --> 00:48:58,680

and touching you going through bodies

1215

00:49:02,450 --> 00:49:01,380

and then all of a sudden they have these

1216

00:49:04,790 --> 00:49:02,460

major health

1217

00:49:07,849 --> 00:49:04,800

issues so we have that the stranger

1218

00:49:09,109 --> 00:49:07,859

aspects and then we have what I call the

1219

00:49:09,890 --> 00:49:09,119

visitors

1220

00:49:12,950 --> 00:49:09,900

um

1221

00:49:15,650 --> 00:49:12,960

actual like beings coming from elsewhere

1222

00:49:17,630 --> 00:49:15,660

and they may manifest in Flesh and Blood

1223

00:49:19,069 --> 00:49:17,640

like we are they may be of higher

1224

00:49:21,410 --> 00:49:19,079

Dimension or

1225

00:49:23,630 --> 00:49:21,420

um it may be of higher density as the

1226

00:49:25,970 --> 00:49:23,640

experiencers and channels would say

1227

00:49:27,890 --> 00:49:25,980

that you know they're not only advanced

1228

00:49:30,490 --> 00:49:27,900

in technology but they're advanced in

1229

00:49:33,349 --> 00:49:30,500

their own being that they're somewhat

1230

00:49:36,050 --> 00:49:33,359

elevated in their higher Consciousness

1231

00:49:37,790 --> 00:49:36,060

aspects and I call those the visitors

1232

00:49:40,250 --> 00:49:37,800

they may be coming from other star

1233

00:49:41,930 --> 00:49:40,260

systems or they may be here but then we

1234

00:49:44,630 --> 00:49:41,940

have the true residents who've been here

1235

00:49:47,089 --> 00:49:44,640

as your uh to your point been here a

1236

00:49:49,569 --> 00:49:47,099

long time and they've been here longer

1237

00:49:52,130 --> 00:49:49,579

than we have and it may have had some

1238

00:49:54,650 --> 00:49:52,140

influence on how we develop

1239

00:49:57,710 --> 00:49:54,660

they may have helped us develop faster

1240

00:49:59,930 --> 00:49:57,720

than our primate cousins

1241

00:50:02,030 --> 00:49:59,940

who are still very much this they were

1242

00:50:04,010 --> 00:50:02,040

the way they were

1243

00:50:07,430 --> 00:50:04,020

um when we were like them and all of a

1244

00:50:10,670 --> 00:50:07,440

sudden we had this huge leap that was so

1245

00:50:11,990 --> 00:50:10,680

huge that uh anthropologists call it the

1246

00:50:14,210 --> 00:50:12,000

missing Gap

1247

00:50:17,510 --> 00:50:14,220

oh there's a cat missing I'm saying it's

1248

00:50:21,589 --> 00:50:17,520

not really a gap if we involved in in

1249

00:50:24,890 --> 00:50:21,599

that equation an intervention that allow

1250

00:50:27,290 --> 00:50:24,900

us to bridge that Gap very rapidly so

1251

00:50:29,270 --> 00:50:27,300

there they are the strangers

1252

00:50:31,670 --> 00:50:29,280

um the visitors and the residents and

1253

00:50:34,849 --> 00:50:31,680

that's the way I would break it out

1254

00:50:36,650 --> 00:50:34,859

um so that's my personal belief um and

1255

00:50:38,630 --> 00:50:36,660

that works for me I don't care if it

1256

00:50:40,430 --> 00:50:38,640

works for anybody else but you know I'm

1257

00:50:42,710 --> 00:50:40,440

with everyone else I need to sort it out

1258

00:50:45,589 --> 00:50:42,720

for myself like

1259

00:50:47,750 --> 00:50:45,599

what is going on uh what is going on

1260

00:50:49,910 --> 00:50:47,760

with what I experienced why did I

1261

00:50:52,130 --> 00:50:49,920

experience that oh so in sorting

1262

00:50:54,109 --> 00:50:52,140

everything out I built my own Theory of

1263

00:50:57,109 --> 00:50:54,119

Everything it's a personal Theory of

1264

00:50:59,569 --> 00:50:57,119

Everything so that I can deal with this

1265

00:51:00,230 --> 00:50:59,579

phenomena in a way that

1266

00:51:02,329 --> 00:51:00,240

um

1267

00:51:05,030 --> 00:51:02,339

I would not go into too many rabbit

1268

00:51:07,430 --> 00:51:05,040

holes that I cannot get out of yeah so

1269

00:51:09,950 --> 00:51:07,440

that's that's what that's where where my

1270

00:51:11,690 --> 00:51:09,960

perspective comes from and again if you

1271

00:51:12,710 --> 00:51:11,700

don't believe that that's fine come up

1272

00:51:14,569 --> 00:51:12,720

with your own Theory of Everything

1273

00:51:16,549 --> 00:51:14,579

something that works for you

1274

00:51:19,010 --> 00:51:16,559

and if you're comfortable with it and

1275

00:51:20,030 --> 00:51:19,020

you can deal with this phenomenon in a

1276

00:51:20,630 --> 00:51:20,040

way that

1277

00:51:22,970 --> 00:51:20,640

um

1278

00:51:25,069 --> 00:51:22,980

won't drag you into these rabbit holes

1279

00:51:27,049 --> 00:51:25,079

and you get lost forever then go with

1280

00:51:29,569 --> 00:51:27,059

that it doesn't have to agree with mine

1281

00:51:31,250 --> 00:51:29,579

mine doesn't have to agree with yours

1282

00:51:32,390 --> 00:51:31,260

um but you have something you have some

1283

00:51:35,150 --> 00:51:32,400

framework

1284

00:51:37,010 --> 00:51:35,160

to work to deal with this

1285

00:51:38,690 --> 00:51:37,020

you have experienced and I think that's

1286

00:51:40,910 --> 00:51:38,700

very fair what you've said

1287

00:51:43,490 --> 00:51:40,920

um that it's a very divisive subject and

1288

00:51:45,950 --> 00:51:43,500

it's fair to say you are

1289

00:51:48,109 --> 00:51:45,960

fan of the subject if I can call it that

1290

00:51:49,730 --> 00:51:48,119

before you know you mentioned during

1291

00:51:51,650 --> 00:51:49,740

your time in the CIA you attended

1292

00:51:53,750 --> 00:51:51,660

conferences off your own time you

1293

00:51:55,549 --> 00:51:53,760

weren't sent there as a spy no one was

1294

00:51:58,010 --> 00:51:55,559

getting information from you it was very

1295

00:51:58,670 --> 00:51:58,020

much you wanted to attend so you did

1296

00:52:01,430 --> 00:51:58,680

um

1297

00:52:03,349 --> 00:52:01,440

the way people handle the conversation I

1298

00:52:05,870 --> 00:52:03,359

think is very important these days with

1299

00:52:08,809 --> 00:52:05,880

this media Spotlight on it as it is and

1300

00:52:10,190 --> 00:52:08,819

it's very much uh it's maybe I

1301
00:52:12,950 --> 00:52:10,200
understand people who have been involved

1302
00:52:14,870 --> 00:52:12,960
in the UFO topic for 30 40 50 years say

1303
00:52:17,089 --> 00:52:14,880
they've seen this before it's come

1304
00:52:18,230 --> 00:52:17,099
around with blue book and sign and

1305
00:52:20,210 --> 00:52:18,240
Grudge and various different

1306
00:52:22,309 --> 00:52:20,220
conversations have come to a boil and

1307
00:52:24,589 --> 00:52:22,319
it's gone away and we seem to be at a

1308
00:52:26,089 --> 00:52:24,599
point where it could still go back but

1309
00:52:28,849 --> 00:52:26,099
we're not a point that we could maybe

1310
00:52:31,130 --> 00:52:28,859
push it that bit further forward a lot

1311
00:52:33,650 --> 00:52:31,140
of people had an issue with someone you

1312
00:52:36,710 --> 00:52:33,660
mentioned recently Anjali who who came

1313
00:52:38,990 --> 00:52:36,720

on the scene God 18 months ago it's been

1314

00:52:40,730 --> 00:52:39,000

a funny couple of years and I'll be

1315

00:52:43,250 --> 00:52:40,740

honest personally I don't agree with how

1316

00:52:44,870 --> 00:52:43,260

she handled the whole situation to the

1317

00:52:46,549 --> 00:52:44,880

point where she came forward with an

1318

00:52:48,710 --> 00:52:46,559

incredible claim

1319

00:52:50,690 --> 00:52:48,720

um I don't know if you've saw how she

1320

00:52:53,690 --> 00:52:50,700

presented the information

1321

00:52:56,150 --> 00:52:53,700

again for me definitely not the way to

1322

00:52:59,390 --> 00:52:56,160

go about any kind of claim like that and

1323

00:53:01,130 --> 00:52:59,400

then there was also again a social media

1324

00:53:03,650 --> 00:53:01,140

and it was a social media tournament

1325

00:53:06,230 --> 00:53:03,660

where she was putting lists of names up

1326

00:53:08,990 --> 00:53:06,240

online and asking people to vote her

1327

00:53:11,450 --> 00:53:09,000

they wanted to see including this app is

1328

00:53:14,329 --> 00:53:11,460

a part of it right no one asked but okay

1329

00:53:16,730 --> 00:53:14,339

and again the whole presentation of what

1330

00:53:17,870 --> 00:53:16,740

she was claiming what happened how she

1331

00:53:20,390 --> 00:53:17,880

went about it

1332

00:53:22,250 --> 00:53:20,400

in my opinion and seems to be the

1333

00:53:24,829 --> 00:53:22,260

opinion of many others was completely

1334

00:53:28,490 --> 00:53:24,839

wrong I think recently you you came out

1335

00:53:32,150 --> 00:53:28,500

in support of Anjali in your comment and

1336

00:53:34,970 --> 00:53:32,160

what do you see about Anjali and her

1337

00:53:37,910 --> 00:53:34,980

her presentation of her ideas uh of

1338

00:53:40,370 --> 00:53:37,920

what's credible about that when

1339

00:53:42,049 --> 00:53:40,380

as I tried to put it that it seemed to

1340

00:53:43,730 --> 00:53:42,059

be there was a whole lot wrong and

1341

00:53:46,910 --> 00:53:43,740

that's not even me saying what she said

1342

00:53:48,829 --> 00:53:46,920

was was or wasn't true but the whole

1343

00:53:50,210 --> 00:53:48,839

presentation of what she said just

1344

00:53:53,510 --> 00:53:50,220

seemed way off

1345

00:53:55,609 --> 00:53:53,520

I I I can say this much that I've had

1346

00:53:58,370 --> 00:53:55,619

private conversations with her and I'm

1347

00:54:00,890 --> 00:53:58,380

sure she won't mind me saying this

1348

00:54:04,250 --> 00:54:00,900

um but not in the way of criticism of

1349

00:54:06,349 --> 00:54:04,260

her but I said I wish Anjali I wish you

1350

00:54:09,770 --> 00:54:06,359

have would have gone through

1351
00:54:12,650 --> 00:54:09,780
the Department of Defense process to get

1352
00:54:13,690 --> 00:54:12,660
your statements cleared by them as at

1353
00:54:15,589 --> 00:54:13,700
least

1354
00:54:17,390 --> 00:54:15,599
unclassified

1355
00:54:19,370 --> 00:54:17,400
just do that because that would have

1356
00:54:22,549 --> 00:54:19,380
given you some credibility

1357
00:54:24,770 --> 00:54:22,559
to support your claims that you were an

1358
00:54:28,609 --> 00:54:24,780
intelligence officer

1359
00:54:31,930 --> 00:54:28,619
so I go through a process a CIA

1360
00:54:34,609 --> 00:54:31,940
and it's called the pre-publication

1361
00:54:38,510 --> 00:54:34,619
classification review board

1362
00:54:40,730 --> 00:54:38,520
a bunch of letters pcrb so when I came

1363
00:54:43,190 --> 00:54:40,740

out with um I have at least three or

1364

00:54:46,010 --> 00:54:43,200

four slide Decks that I

1365

00:54:48,890 --> 00:54:46,020

presented to them saying can I say this

1366

00:54:50,990 --> 00:54:48,900

and in all instances they've come back

1367

00:54:53,569 --> 00:54:51,000

saying it's unclassified

1368

00:54:55,970 --> 00:54:53,579

that's perfect then I know what my

1369

00:54:58,690 --> 00:54:55,980

boundaries are she did not do that on

1370

00:55:02,990 --> 00:54:58,700

the Department of Defense side

1371

00:55:06,530 --> 00:55:03,000

and uh I think it's d-o-p-s-r dopser

1372

00:55:09,290 --> 00:55:06,540

defense office of security

1373

00:55:11,390 --> 00:55:09,300

pre-publication review or something to

1374

00:55:15,290 --> 00:55:11,400

that I could have that wrong but I know

1375

00:55:16,910 --> 00:55:15,300

the initials are d-o-p-s-r dopser and

1376

00:55:19,010 --> 00:55:16,920

that's the equivalent process where

1377

00:55:20,990 --> 00:55:19,020

Department of Defense employee can

1378

00:55:23,690 --> 00:55:21,000

submit to this office for review

1379

00:55:26,450 --> 00:55:23,700

anything they may say in public that

1380

00:55:29,450 --> 00:55:26,460

might touch on classify subjects yeah

1381

00:55:33,250 --> 00:55:29,460

and in fact Dr James lacaski did that

1382

00:55:36,109 --> 00:55:33,260

exact process prior to the publication

1383

00:55:38,270 --> 00:55:36,119

of the Skin Walkers at the Pentagon book

1384

00:55:40,430 --> 00:55:38,280

it's in the front part of the book that

1385

00:55:41,870 --> 00:55:40,440

it went through this process that is the

1386

00:55:43,970 --> 00:55:41,880

Department of Defense looked at the book

1387

00:55:45,049 --> 00:55:43,980

and said there's nothing in here that's

1388

00:55:47,569 --> 00:55:45,059

classified

1389

00:55:50,210 --> 00:55:47,579

uh which if you read the book it's

1390

00:55:51,950 --> 00:55:50,220

amazing what's not classified

1391

00:55:53,089 --> 00:55:51,960

um but she did not go to that and I wish

1392

00:55:53,930 --> 00:55:53,099

she would have

1393

00:55:55,490 --> 00:55:53,940

um

1394

00:55:58,309 --> 00:55:55,500

though

1395

00:56:00,650 --> 00:55:58,319

I would say this that she is who she

1396

00:56:03,349 --> 00:56:00,660

said she was

1397

00:56:04,970 --> 00:56:03,359

that is she was a member of the

1398

00:56:07,910 --> 00:56:04,980

intelligence community on the civilian

1399

00:56:09,710 --> 00:56:07,920

side to defense intelligence agency was

1400

00:56:11,569 --> 00:56:09,720

her parent office

1401
00:56:15,589 --> 00:56:11,579
and that

1402
00:56:18,410 --> 00:56:15,599
um she had these personal experiences

1403
00:56:20,990 --> 00:56:18,420
and if she was just packaged those

1404
00:56:23,750 --> 00:56:21,000
experiences in some narrative form and

1405
00:56:25,490 --> 00:56:23,760
submitted to the Department of Defense

1406
00:56:28,130 --> 00:56:25,500
and have them look at it and come back

1407
00:56:31,430 --> 00:56:28,140
saying it's unclassified that would have

1408
00:56:33,710 --> 00:56:31,440
gone a long way as to you know at least

1409
00:56:36,349 --> 00:56:33,720
supporting her claim that she was an

1410
00:56:39,170 --> 00:56:36,359
intelligence officer now we Intelligence

1411
00:56:42,349 --> 00:56:39,180
Officers such as Anjali myself

1412
00:56:44,750 --> 00:56:42,359
and everyone else who you know

1413
00:56:46,250 --> 00:56:44,760

um lu Elizondo Jim send me van everybody

1414

00:56:50,809 --> 00:56:46,260

on the

1415

00:56:51,950 --> 00:56:50,819

of an intelligence Community we are in

1416

00:56:54,370 --> 00:56:51,960

databases

1417

00:56:57,829 --> 00:56:54,380

and in the Department of Defense side

1418

00:56:59,650 --> 00:56:57,839

there's a department the defense

1419

00:57:02,870 --> 00:56:59,660

information

1420

00:57:04,309 --> 00:57:02,880

uh security system or defense

1421

00:57:07,069 --> 00:57:04,319

information

1422

00:57:09,650 --> 00:57:07,079

system security it's diss I get the

1423

00:57:12,109 --> 00:57:09,660

acronyms wrong but diss

1424

00:57:14,930 --> 00:57:12,119

on the civilian side that is most CI

1425

00:57:18,349 --> 00:57:14,940

officers are in scattered castles

1426

00:57:21,650 --> 00:57:18,359

and so if I give a security officer my

1427

00:57:23,990 --> 00:57:21,660

full name my social security number my

1428

00:57:26,510 --> 00:57:24,000

date of birth and my place of birth they

1429

00:57:29,510 --> 00:57:26,520

can actually go into that database and

1430

00:57:32,390 --> 00:57:29,520

retrieve verification that I work for

1431

00:57:35,630 --> 00:57:32,400

CIA and they have the exact dates that I

1432

00:57:38,450 --> 00:57:35,640

sign all of these ndas which when I

1433

00:57:40,069 --> 00:57:38,460

retired I had to sign out of them and

1434

00:57:42,589 --> 00:57:40,079

the security officer said my gosh you

1435

00:57:45,410 --> 00:57:42,599

have like 24 26 ndas

1436

00:57:47,870 --> 00:57:45,420

so yep I won't have them anymore and so

1437

00:57:50,829 --> 00:57:47,880

he put all these ndas by initials they

1438

00:57:54,230 --> 00:57:50,839

offer an alphabetic initial so sometimes

1439

00:57:56,270 --> 00:57:54,240

alpha numeric initial initials and said

1440

00:57:58,430 --> 00:57:56,280

here sign this and it's like you know

1441

00:57:59,630 --> 00:57:58,440

like six of them on a page and sign out

1442

00:58:02,329 --> 00:57:59,640

and I don't even know what some of them

1443

00:58:05,030 --> 00:58:02,339

were yeah I forgot what they were I was

1444

00:58:06,530 --> 00:58:05,040

right into so much stuff I had no idea I

1445

00:58:08,750 --> 00:58:06,540

wonder where that is too late now I

1446

00:58:11,510 --> 00:58:08,760

already signed out on it and um I can't

1447

00:58:14,750 --> 00:58:11,520

go back and say what was that yeah too

1448

00:58:17,750 --> 00:58:14,760

late so you know that's the process so

1449

00:58:19,910 --> 00:58:17,760

uh she is who she said she was an

1450

00:58:22,010 --> 00:58:19,920

intelligence officer

1451

00:58:25,370 --> 00:58:22,020

um and she was an experiercer from

1452

00:58:26,750 --> 00:58:25,380

childhood and many of us who are in an

1453

00:58:27,470 --> 00:58:26,760

intelligence Community can say the same

1454

00:58:29,329 --> 00:58:27,480

thing

1455

00:58:31,490 --> 00:58:29,339

that we were experiences from childhood

1456

00:58:34,910 --> 00:58:31,500

I have a friend who was an experiercer

1457

00:58:37,250 --> 00:58:34,920

from childhood at CIA and others who are

1458

00:58:40,690 --> 00:58:37,260

at CIA said yes I had these experiences

1459

00:58:43,250 --> 00:58:40,700

Jim simivan was very forthright and uh

1460

00:58:46,250 --> 00:58:43,260

very clear about his experiences he

1461

00:58:48,049 --> 00:58:46,260

shared his experiences I shared mine as

1462

00:58:51,230 --> 00:58:48,059

you know I wish she would have done that

1463

00:58:53,990 --> 00:58:51,240

as far as statements I made about

1464

00:58:57,049 --> 00:58:54,000

um any interest from the government of

1465

00:58:59,690 --> 00:58:57,059

Anjali we are going to appear together

1466

00:59:02,510 --> 00:58:59,700

in a future podcast this month

1467

00:59:03,349 --> 00:59:02,520

and so I'm not in control of podcasts I

1468

00:59:07,910 --> 00:59:03,359

don't

1469

00:59:09,710 --> 00:59:07,920

know like you came to me I didn't come

1470

00:59:11,510 --> 00:59:09,720

to you yeah absolutely yeah yeah you

1471

00:59:13,370 --> 00:59:11,520

know it's like I mean I know you kind of

1472

00:59:14,750 --> 00:59:13,380

you came to me before and I pushed you

1473

00:59:17,150 --> 00:59:14,760

back saying no I don't want to do this

1474

00:59:19,849 --> 00:59:17,160

Andy yeah but you know I thought now is

1475

00:59:22,010 --> 00:59:19,859

the good time to do it um so

1476

00:59:24,530 --> 00:59:22,020

there will be one with Angeline myself

1477

00:59:25,789 --> 00:59:24,540

it will be moderated by someone everyone

1478

00:59:28,849 --> 00:59:25,799

knows

1479

00:59:31,490 --> 00:59:28,859

um from calling all beings and that's DJ

1480

00:59:33,589 --> 00:59:31,500

San Marco he's going to have what he

1481

00:59:35,450 --> 00:59:33,599

calls a fireside chat sure I'll be

1482

00:59:36,410 --> 00:59:35,460

sitting with Anjali and we'll have a

1483

00:59:38,630 --> 00:59:36,420

conversation

1484

00:59:40,609 --> 00:59:38,640

and I'm going to bring adult beverages

1485

00:59:43,130 --> 00:59:40,619

to drink and we're going to sit there

1486

00:59:44,450 --> 00:59:43,140

and snack and just talk as if we were at

1487

00:59:46,849 --> 00:59:44,460

a pub somewhere and we just sharing a

1488

00:59:50,329 --> 00:59:46,859

conversation and I'm going to describe

1489

00:59:53,210 --> 00:59:50,339

the references or the um

1490

00:59:55,370 --> 00:59:53,220

reference I made about Anjali having

1491

00:59:58,609 --> 00:59:55,380

interest by the government

1492

01:00:00,650 --> 00:59:58,619

on her case I will explain that all of

1493

01:00:02,630 --> 01:00:00,660

that and now happens sometime between

1494

01:00:03,890 --> 01:00:02,640

now and the end of the month so stay

1495

01:00:06,230 --> 01:00:03,900

tuned

1496

01:00:07,549 --> 01:00:06,240

and just let me ask John because I'll

1497

01:00:09,230 --> 01:00:07,559

just be blunt a lot of people don't

1498

01:00:10,309 --> 01:00:09,240

believe Anjali and I'm sure you know

1499

01:00:12,349 --> 01:00:10,319

that you're a very intelligent

1500

01:00:14,630 --> 01:00:12,359

individual yourself and I'm sure Anjali

1501

01:00:17,150 --> 01:00:14,640

knows that as well if

1502

01:00:18,289 --> 01:00:17,160

you didn't believe Angela yourself is

1503

01:00:21,410 --> 01:00:18,299

that something you would be comfortable

1504

01:00:23,030 --> 01:00:21,420

saying to her that and again this is a

1505

01:00:24,349 --> 01:00:23,040

touchy aspect of the subject because

1506

01:00:26,990 --> 01:00:24,359

that's not to say people are having

1507

01:00:28,510 --> 01:00:27,000

experiences that potentially they

1508

01:00:31,490 --> 01:00:28,520

believe are happening

1509

01:00:33,770 --> 01:00:31,500

and that's a fine line to walk I think

1510

01:00:35,870 --> 01:00:33,780

in terms of a conversation in any Walk

1511

01:00:39,170 --> 01:00:35,880

of Life and

1512

01:00:41,809 --> 01:00:39,180

f for example louisando had initially

1513

01:00:43,430 --> 01:00:41,819

came out and said what she said I don't

1514

01:00:46,069 --> 01:00:43,440

think Lila's under would still be around

1515

01:00:47,690 --> 01:00:46,079

in the capacity he is that's not to say

1516

01:00:49,970 --> 01:00:47,700

he knows some incredible things or maybe

1517

01:00:51,950 --> 01:00:49,980

has had some incredible experiences but

1518

01:00:53,569 --> 01:00:51,960

you know a cake might taste amazing but

1519

01:00:55,849 --> 01:00:53,579

if the presentation is bad no one's

1520

01:00:58,690 --> 01:00:55,859

going to try it and I think the overall

1521

01:01:01,970 --> 01:00:58,700

presentation to what anjali's story is

1522

01:01:03,829 --> 01:01:01,980

one has been damaging but two I think

1523

01:01:05,990 --> 01:01:03,839

services

1524

01:01:08,390 --> 01:01:06,000

a bit of a lesson for anyone else coming

1525

01:01:10,549 --> 01:01:08,400

forward from and I don't question

1526

01:01:12,829 --> 01:01:10,559

necessarily on Charlie's background but

1527

01:01:15,049 --> 01:01:12,839

just the way she went about it and I

1528

01:01:17,150 --> 01:01:15,059

think there's got to be a different way

1529

01:01:18,650 --> 01:01:17,160

and a better way to do that because of

1530

01:01:21,589 --> 01:01:18,660

the substance of what you're seeing

1531

01:01:23,690 --> 01:01:21,599

right and uh she knows this I I've said

1532

01:01:26,390 --> 01:01:23,700

I wish you didn't use the wash licking

1533

01:01:28,970 --> 01:01:26,400

Memorial in Washington DC as a place

1534

01:01:33,049 --> 01:01:28,980

because it was very noisy very windy

1535

01:01:36,470 --> 01:01:33,059

yeah um I couldn't hardly hear her

1536

01:01:38,750 --> 01:01:36,480

and I would say that um there was a

1537

01:01:42,770 --> 01:01:38,760

conference called making contact

1538

01:01:46,609 --> 01:01:42,780

uh back then and she just appeared as a

1539

01:01:48,890 --> 01:01:46,619

guest speaker surprise speaker on this

1540

01:01:52,069 --> 01:01:48,900

making contact conference that occurred

1541

01:01:55,430 --> 01:01:52,079

online yeah back in 2021

1542

01:01:58,130 --> 01:01:55,440

and so there she was and she made these

1543

01:01:59,870 --> 01:01:58,140

these claims without any prefacing of

1544

01:02:02,089 --> 01:01:59,880

who she was

1545

01:02:04,849 --> 01:02:02,099

um like my first

1546

01:02:07,370 --> 01:02:04,859

um actually my first appearance was in

1547

01:02:08,990 --> 01:02:07,380

private it was for the icer executive

1548

01:02:11,630 --> 01:02:09,000

committee it's the International

1549

01:02:14,809 --> 01:02:11,640

Coalition of extraterrosa research and I

1550

01:02:17,870 --> 01:02:14,819

appeared with them privately they had my

1551

01:02:20,690 --> 01:02:17,880

slides I sent them my slides through one

1552

01:02:24,410 --> 01:02:20,700

of the members from Peru my good friend

1553

01:02:27,170 --> 01:02:24,420

Giorgio who represents Peru in icer

1554

01:02:30,530 --> 01:02:27,180

um you know they see my slides and so I

1555

01:02:32,030 --> 01:02:30,540

appeared with them and so

1556

01:02:33,829 --> 01:02:32,040

also

1557

01:02:36,530 --> 01:02:33,839

um I appeared with Whitley Streeper and

1558

01:02:40,250 --> 01:02:36,540

I gave Whitley streber my entire CIA

1559

01:02:43,910 --> 01:02:40,260

resume that's unclassified and also my

1560

01:02:45,890 --> 01:02:43,920

slides and so that's how I came out and

1561

01:02:47,390 --> 01:02:45,900

um you know Jim semivan and Lou Elizondo

1562

01:02:49,250 --> 01:02:47,400

knew of me

1563

01:02:50,809 --> 01:02:49,260

before I came out they knew I was going

1564

01:02:52,549 --> 01:02:50,819

to come out

1565

01:02:54,950 --> 01:02:52,559

um that's how it happened

1566

01:02:57,109 --> 01:02:54,960

and of course I had the backing of CIA

1567

01:02:59,030 --> 01:02:57,119

not to say what I said was true but

1568

01:03:01,490 --> 01:02:59,040

you're not saying anything that's on

1569

01:03:02,930 --> 01:03:01,500

that's classified yeah but she didn't do

1570

01:03:05,630 --> 01:03:02,940

that and I wish she would have done that

1571

01:03:08,030 --> 01:03:05,640

in a different venue I think would the

1572

01:03:09,950 --> 01:03:08,040

outcome would have been different and

1573

01:03:11,569 --> 01:03:09,960

also the worst place to come out is in

1574

01:03:13,789 --> 01:03:11,579

social media

1575

01:03:15,289 --> 01:03:13,799

absolutely where you want to come out

1576

01:03:17,630 --> 01:03:15,299

you know you want to come out in a

1577

01:03:20,030 --> 01:03:17,640

podcast and although you know your

1578

01:03:22,309 --> 01:03:20,040

podcast is becomes part of social media

1579

01:03:25,190 --> 01:03:22,319

you know it is a podcast that you have

1580

01:03:27,049 --> 01:03:25,200

done and you've talked to and

1581

01:03:29,329 --> 01:03:27,059

interviewed people and there's some kind

1582

01:03:31,010 --> 01:03:29,339

of vetting going on when you appear in a

1583

01:03:34,309 --> 01:03:31,020

podcast people ask you questions like

1584

01:03:37,069 --> 01:03:34,319

you're asking me challenging my my uh

1585

01:03:39,770 --> 01:03:37,079

opinions which is all good and bringing

1586

01:03:42,289 --> 01:03:39,780

up skepticism which is all good

1587

01:03:43,910 --> 01:03:42,299

um I welcome that and again you know no

1588

01:03:46,609 --> 01:03:43,920

one has to believe me and no one has to

1589

01:03:50,750 --> 01:03:46,619

believe Anjali but the way she did it

1590

01:03:53,210 --> 01:03:50,760

um it was like a fire hose event More

1591

01:03:56,150 --> 01:03:53,220

Than This measured kind of introduction

1592

01:03:58,549 --> 01:03:56,160

to the UFO Community it was just too

1593

01:04:01,309 --> 01:03:58,559

much at one time and I think that may

1594

01:04:03,710 --> 01:04:01,319

have hurt her a little bit but having

1595

01:04:05,990 --> 01:04:03,720

said that I do believe in her

1596

01:04:07,849 --> 01:04:06,000

experiences they seem consistent with

1597

01:04:09,710 --> 01:04:07,859

experiences of others

1598

01:04:11,930 --> 01:04:09,720

as well

1599

01:04:13,849 --> 01:04:11,940

um so I'll leave it at that but as far

1600

01:04:15,049 --> 01:04:13,859

as you know

1601

01:04:18,049 --> 01:04:15,059

uh

1602

01:04:21,170 --> 01:04:18,059

as far as Government interest in what

1603

01:04:23,270 --> 01:04:21,180

she had to say I will look for I look

1604

01:04:24,650 --> 01:04:23,280

forward to explaining all of that

1605

01:04:29,870 --> 01:04:24,660

uh

1606

01:04:32,329 --> 01:04:29,880

this fireside chat he wants to have

1607

01:04:33,890 --> 01:04:32,339

yeah I know DJ Whalen the other folks of

1608

01:04:35,089 --> 01:04:33,900

calling all being so look forward to

1609

01:04:37,069 --> 01:04:35,099

that and I'll always share their stuff

1610

01:04:38,390 --> 01:04:37,079

in that as well so uh and appreciate the

1611

01:04:40,130 --> 01:04:38,400

answer as well John and that's something

1612

01:04:42,109 --> 01:04:40,140

a lot of people wanted brought up and I

1613

01:04:43,490 --> 01:04:42,119

was interested in it too so a lot of

1614

01:04:44,630 --> 01:04:43,500

people did want to hear from me if you

1615

01:04:46,250 --> 01:04:44,640

don't mind the last just a couple of

1616

01:04:47,329 --> 01:04:46,260

questions to finish off I'll cut them

1617

01:04:49,670 --> 01:04:47,339

down

1618

01:04:51,890 --> 01:04:49,680

um question from Peter he asks what is

1619

01:04:53,390 --> 01:04:51,900

the single greatest reason for U.S

1620

01:04:55,609 --> 01:04:53,400

security military and government

1621

01:04:58,130 --> 01:04:55,619

services to have concealed what they

1622

01:04:59,870 --> 01:04:58,140

know of UFO activities for the past 70

1623

01:05:02,990 --> 01:04:59,880

or 80 years and you think you've touched

1624

01:05:04,370 --> 01:05:03,000

on this but just to summarize it yes I

1625

01:05:07,130 --> 01:05:04,380

would think it's it's the military

1626

01:05:10,250 --> 01:05:07,140

exploitation of an advanced technology

1627

01:05:12,770 --> 01:05:10,260

that at that time they didn't understand

1628

01:05:15,289 --> 01:05:12,780

um and they were able to derive some

1629

01:05:17,630 --> 01:05:15,299

technology adapted for human use that is

1630

01:05:20,690 --> 01:05:17,640

for use by humans um that I don't

1631

01:05:23,210 --> 01:05:20,700

believe they reproduced the vehicle you

1632

01:05:25,250 --> 01:05:23,220

hear of arv or alien reproduction

1633

01:05:29,150 --> 01:05:25,260

vehicle that implies that they were able

1634

01:05:31,370 --> 01:05:29,160

to recreate reproduce the materials

1635

01:05:33,530 --> 01:05:31,380

um which was found in the construction

1636

01:05:36,410 --> 01:05:33,540

of the vehicle I don't believe we can do

1637

01:05:40,190 --> 01:05:36,420

that because it's been already stated

1638

01:05:42,829 --> 01:05:40,200

that the materials uh are although the

1639

01:05:44,930 --> 01:05:42,839

elements are known on Earth

1640

01:05:45,890 --> 01:05:44,940

um the purity of the materials

1641

01:05:48,470 --> 01:05:45,900

um

1642

01:05:51,349 --> 01:05:48,480

is difficult to achieve on this planet

1643

01:05:52,970 --> 01:05:51,359

it's almost like off world

1644

01:05:54,950 --> 01:05:52,980

um so I'll say that much and I'm not a

1645

01:05:57,289 --> 01:05:54,960

metallurgist I'm not a chemist I'm not a

1646

01:05:59,690 --> 01:05:57,299

physicist any I'm a political scientist

1647

01:06:01,430 --> 01:05:59,700

who lucked out and got a job that

1648

01:06:03,890 --> 01:06:01,440

required an engineering degree at CIA

1649

01:06:07,609 --> 01:06:03,900

and I was able to like rise up in the

1650

01:06:10,789 --> 01:06:07,619

ranks so I don't claim to know what Dr

1651

01:06:13,730 --> 01:06:10,799

Eric W Davis knows or Dr Hal putoff

1652

01:06:17,030 --> 01:06:13,740

or even Dr Ron pandolfi or any of the

1653

01:06:19,609 --> 01:06:17,040

other uh Dr Jack Safari these are like

1654

01:06:21,650 --> 01:06:19,619

science real scientists um and I don't

1655

01:06:23,089 --> 01:06:21,660

know what they know but I would say this

1656

01:06:24,890 --> 01:06:23,099

that you know it's probably the

1657

01:06:26,690 --> 01:06:24,900

exploitation of that technology that

1658

01:06:29,390 --> 01:06:26,700

they're hiding

1659

01:06:31,970 --> 01:06:29,400

um because you know if it comes from

1660

01:06:35,089 --> 01:06:31,980

outer space I mean why hide it

1661

01:06:36,890 --> 01:06:35,099

yeah you know I mean meteorites Fall

1662

01:06:39,109 --> 01:06:36,900

From Outer Space why hide that that's

1663

01:06:40,970 --> 01:06:39,119

not secret you know so here comes

1664

01:06:43,730 --> 01:06:40,980

something that's flying and it hits the

1665

01:06:45,349 --> 01:06:43,740

Earth and crashes why hide it it could

1666

01:06:47,150 --> 01:06:45,359

be because they're beings on it that we

1667

01:06:49,069 --> 01:06:47,160

recovered and they didn't understand the

1668

01:06:51,289 --> 01:06:49,079

beings but even then

1669

01:06:54,230 --> 01:06:51,299

um wouldn't wouldn't you want like

1670

01:06:56,029 --> 01:06:54,240

scientists to examine these beings oh my

1671

01:06:56,690 --> 01:06:56,039

gosh look

1672

01:06:58,789 --> 01:06:56,700

um

1673

01:07:00,589 --> 01:06:58,799

there are beings from outer space is

1674

01:07:01,730 --> 01:07:00,599

that a national security secret I don't

1675

01:07:03,170 --> 01:07:01,740

think so

1676

01:07:05,630 --> 01:07:03,180

I don't think that's a national security

1677

01:07:08,089 --> 01:07:05,640

code at all but I do think that if they

1678

01:07:09,529 --> 01:07:08,099

were able to make something fly really

1679

01:07:11,930 --> 01:07:09,539

cool

1680

01:07:13,370 --> 01:07:11,940

um almost like it but not quite um they

1681

01:07:14,510 --> 01:07:13,380

would want to keep that secret and I

1682

01:07:18,170 --> 01:07:14,520

think that's that's where the

1683

01:07:20,210 --> 01:07:18,180

classification comes in and also we were

1684

01:07:22,069 --> 01:07:20,220

not aware back then if the Russians had

1685

01:07:23,750 --> 01:07:22,079

something similar

1686

01:07:27,289 --> 01:07:23,760

um there may have been some

1687

01:07:29,450 --> 01:07:27,299

in the back of the military's mind that

1688

01:07:31,130 --> 01:07:29,460

um you know we we're going to exploit

1689

01:07:33,049 --> 01:07:31,140

this and we want to hide the exportation

1690

01:07:34,609 --> 01:07:33,059

from our adversaries

1691

01:07:37,250 --> 01:07:34,619

yeah

1692

01:07:39,410 --> 01:07:37,260

a question from Gaddy he asks can you

1693

01:07:41,750 --> 01:07:39,420

ask John if he can comment on the

1694

01:07:44,450 --> 01:07:41,760

possibility of evidence evidence of

1695

01:07:46,910 --> 01:07:44,460

artificial structures on the moon Mars

1696

01:07:49,490 --> 01:07:46,920

or elsewhere in our solar system I think

1697

01:07:52,190 --> 01:07:49,500

famously Buzz Alden on UK television

1698

01:07:53,569 --> 01:07:52,200

commented on monoliths on the moon and

1699

01:07:56,089 --> 01:07:53,579

when people saw them they would ask who

1700

01:07:57,609 --> 01:07:56,099

put them there I would say this that the

1701

01:07:59,870 --> 01:07:57,619

and we talked about the military

1702

01:08:01,730 --> 01:07:59,880

intelligence community and the civilian

1703

01:08:04,730 --> 01:08:01,740

intelligence Community

1704

01:08:07,789 --> 01:08:04,740

um I neglected to add NASA

1705

01:08:10,849 --> 01:08:07,799

I believe NASA is sitting on a lot of

1706

01:08:14,029 --> 01:08:10,859

data that they've kept hidden

1707

01:08:16,910 --> 01:08:14,039

that they kept hidden and I would hope

1708

01:08:19,130 --> 01:08:16,920

that NASA becomes part of this initial

1709

01:08:22,010 --> 01:08:19,140

disclosure process when it happens

1710

01:08:24,470 --> 01:08:22,020

because they need to come forward and

1711

01:08:28,370 --> 01:08:24,480

I've stated before and I believe even on

1712

01:08:30,050 --> 01:08:28,380

an earlier podcast with you Andy that

1713

01:08:32,510 --> 01:08:30,060

um looking at the James Webb Space

1714

01:08:35,209 --> 01:08:32,520

Telescope said don't be surprised if

1715

01:08:40,430 --> 01:08:35,219

they use James Webb's Space Telescope or

1716

01:08:41,870 --> 01:08:40,440

NASA exploration as the discovery

1717

01:08:43,870 --> 01:08:41,880

you know that

1718

01:08:46,010 --> 01:08:43,880

that is to say that the military

1719

01:08:47,689 --> 01:08:46,020

intelligence and civilian intelligence

1720

01:08:49,249 --> 01:08:47,699

communities in the United States already

1721

01:08:51,590 --> 01:08:49,259

knew something was there

1722

01:08:54,229 --> 01:08:51,600

but they can't admit it but they'll let

1723

01:08:56,510 --> 01:08:54,239

NASA Discover it and then that Discovery

1724

01:09:00,010 --> 01:08:56,520

would then spur more

1725

01:09:03,590 --> 01:09:00,020

interest in that more research

1726

01:09:07,249 --> 01:09:03,600

and might then uh

1727

01:09:08,749 --> 01:09:07,259

also stimulate exploration of that so if

1728

01:09:10,789 --> 01:09:08,759

there are like structures on the moon

1729

01:09:13,370 --> 01:09:10,799

that we know about

1730

01:09:16,249 --> 01:09:13,380

um it might be discovered by the first

1731

01:09:18,470 --> 01:09:16,259

Artemis crew or they're going to be

1732

01:09:19,970 --> 01:09:18,480

orbiting the Earth uh I'm sorry they're

1733

01:09:21,229 --> 01:09:19,980

going to be orbiting the moon they're

1734

01:09:23,930 --> 01:09:21,239

not going to land they're going to orbit

1735

01:09:26,269 --> 01:09:23,940

first and then come back and the second

1736

01:09:26,870 --> 01:09:26,279

Artemis crew is supposed to land on the

1737

01:09:30,050 --> 01:09:26,880

Moon

1738

01:09:32,269 --> 01:09:30,060

and then the the third Artemis crew is

1739

01:09:34,970 --> 01:09:32,279

supposed to land on the poles South Pole

1740

01:09:37,070 --> 01:09:34,980

that's what I hear so will they discover

1741

01:09:39,530 --> 01:09:37,080

something maybe

1742

01:09:41,450 --> 01:09:39,540

um you we keep hearing

1743

01:09:43,789 --> 01:09:41,460

rumors

1744

01:09:46,729 --> 01:09:43,799

that have not been substantiated but

1745

01:09:48,789 --> 01:09:46,739

nevertheless rumors that NASA has data

1746

01:09:51,590 --> 01:09:48,799

that they've seen things that they've

1747

01:09:52,970 --> 01:09:51,600

airbrushed out of the original photos

1748

01:09:54,350 --> 01:09:52,980

and that's what they released to the

1749

01:09:56,390 --> 01:09:54,360

public

1750

01:09:58,430 --> 01:09:56,400

that could be true I mean that could

1751

01:10:01,070 --> 01:09:58,440

very well be true and I I'm hoping that

1752

01:10:03,350 --> 01:10:01,080

that data will be released because once

1753

01:10:05,870 --> 01:10:03,360

we say that there are non-human beings

1754

01:10:08,510 --> 01:10:05,880

involved with what's flying

1755

01:10:11,030 --> 01:10:08,520

they may be able to say that it's they

1756

01:10:14,990 --> 01:10:11,040

being NASA oh we also know that they're

1757

01:10:18,470 --> 01:10:15,000

non-human beings that had a presence on

1758

01:10:20,390 --> 01:10:18,480

the moon or the nearby planets yeah you

1759

01:10:21,790 --> 01:10:20,400

know that opens up that but first we got

1760

01:10:24,709 --> 01:10:21,800

to do this

1761

01:10:26,750 --> 01:10:24,719

non-human statement first from from the

1762

01:10:29,030 --> 01:10:26,760

US government that has to absolutely

1763

01:10:31,550 --> 01:10:29,040

come first non-human is the most

1764

01:10:33,470 --> 01:10:31,560

important phrase that you hear that we

1765

01:10:36,410 --> 01:10:33,480

validate it and verify that there is

1766

01:10:38,930 --> 01:10:36,420

none there is a non-human presence on on

1767

01:10:41,270 --> 01:10:38,940

the planet in the planet underneath the

1768

01:10:44,090 --> 01:10:41,280

oceans or flying in the skies

1769

01:10:46,729 --> 01:10:44,100

of Earth and then we can go to the moon

1770

01:10:50,350 --> 01:10:46,739

and to Mars or wherever else where there

1771

01:10:55,310 --> 01:10:50,360

might be other other types of structures

1772

01:10:57,649 --> 01:10:55,320

and when I was at CIA I did have access

1773

01:10:59,390 --> 01:10:57,659

um to some original uh uncompressed

1774

01:11:01,729 --> 01:10:59,400

files

1775

01:11:04,970 --> 01:11:01,739

um that I was able to access through my

1776

01:11:06,950 --> 01:11:04,980

CIA workstation it was processed by

1777

01:11:09,290 --> 01:11:06,960

Mallon Space Systems like I believe

1778

01:11:11,689 --> 01:11:09,300

which had a contract with NASA I looked

1779

01:11:14,030 --> 01:11:11,699

at one of the moons of Mars and that's

1780

01:11:15,890 --> 01:11:14,040

where I saw the uh what we would call

1781

01:11:17,510 --> 01:11:15,900

them in obelisk

1782

01:11:21,470 --> 01:11:17,520

it's very much like an Egyptian

1783

01:11:24,590 --> 01:11:21,480

structure now what I see now seems a

1784

01:11:26,209 --> 01:11:24,600

very low resolution than what I saw what

1785

01:11:28,070 --> 01:11:26,219

I saw was a structure

1786

01:11:29,689 --> 01:11:28,080

I said my gosh look at this and I had

1787

01:11:32,390 --> 01:11:29,699

some of my colleagues look over it it

1788

01:11:35,390 --> 01:11:32,400

looks like the Washington Monument

1789

01:11:36,649 --> 01:11:35,400

and here it is on on this I think it was

1790

01:11:39,410 --> 01:11:36,659

photos

1791

01:11:41,209 --> 01:11:39,420

here it is you know and then later all

1792

01:11:43,189 --> 01:11:41,219

that data disappeared

1793

01:11:45,050 --> 01:11:43,199

you don't get those swaths anymore where

1794

01:11:46,250 --> 01:11:45,060

you can actually look at high resolution

1795

01:11:51,050 --> 01:11:46,260

data

1796

01:11:52,669 --> 01:11:51,060

extremely high what I saw what you see

1797

01:11:54,830 --> 01:11:52,679

now is like

1798

01:11:57,010 --> 01:11:54,840

copies of copies of copies I don't know

1799

01:11:59,689 --> 01:11:57,020

what happened to it

1800

01:12:01,370 --> 01:11:59,699

because from an accident point of view

1801

01:12:03,709 --> 01:12:01,380

and I don't know the chain of command at

1802

01:12:04,850 --> 01:12:03,719

Nasa and the way someone like yourself

1803

01:12:06,530 --> 01:12:04,860

May

1804

01:12:08,510 --> 01:12:06,540

um I know Bill Nelson's administrator

1805

01:12:10,850 --> 01:12:08,520

and he has a bit of a champion of the

1806

01:12:12,649 --> 01:12:10,860

UFO subject he was briefed on new APS

1807

01:12:14,930 --> 01:12:12,659

when he was in the government

1808

01:12:17,030 --> 01:12:14,940

um very much talks on the edge of

1809

01:12:19,130 --> 01:12:17,040

extraterrestrial life and are we alone

1810

01:12:21,070 --> 01:12:19,140

probably not it's great to listen to

1811

01:12:23,330 --> 01:12:21,080

yeah

1812

01:12:26,030 --> 01:12:23,340

NASA is an organization it's not a

1813

01:12:28,370 --> 01:12:26,040

person so if Bill Nelson is a chief of

1814

01:12:30,890 --> 01:12:28,380

NASA head of NASA right now and that

1815

01:12:32,870 --> 01:12:30,900

information is at Nasa quote unquote

1816

01:12:34,850 --> 01:12:32,880

can't bill Nielsen just get that

1817

01:12:37,189 --> 01:12:34,860

information or are we talking there are

1818

01:12:39,590 --> 01:12:37,199

individuals in the background or

1819

01:12:41,149 --> 01:12:39,600

previously in charge at Nasa who don't

1820

01:12:42,530 --> 01:12:41,159

allow that information just to be seen

1821

01:12:44,630 --> 01:12:42,540

by anyone

1822

01:12:46,850 --> 01:12:44,640

I would say this that the administrator

1823

01:12:49,850 --> 01:12:46,860

of NASA has access to everything

1824

01:12:50,990 --> 01:12:49,860

um NASA has in its archives current and

1825

01:12:53,030 --> 01:12:51,000

past

1826

01:12:55,850 --> 01:12:53,040

and there's no like compartmentation

1827

01:12:57,709 --> 01:12:55,860

within NASA it is truly a civilian

1828

01:12:58,490 --> 01:12:57,719

organization

1829

01:13:01,669 --> 01:12:58,500

um

1830

01:13:03,590 --> 01:13:01,679

and having said that the Bill Nelson was

1831

01:13:05,030 --> 01:13:03,600

a member of the Senate select committee

1832

01:13:07,189 --> 01:13:05,040

on intelligence

1833

01:13:09,649 --> 01:13:07,199

when he was a Senator he was also a

1834

01:13:11,570 --> 01:13:09,659

congressman from Florida as well and

1835

01:13:15,050 --> 01:13:11,580

he's been briefed on this throughout yet

1836

01:13:17,209 --> 01:13:15,060

so he has a lot of knowledge and now he

1837

01:13:20,090 --> 01:13:17,219

has to go ahead

1838

01:13:23,090 --> 01:13:20,100

um to be more forthcoming

1839

01:13:26,270 --> 01:13:23,100

because I believe he understands that

1840

01:13:28,970 --> 01:13:26,280

when the civilian military and civilian

1841

01:13:32,450 --> 01:13:28,980

side of intelligence come forward

1842

01:13:35,930 --> 01:13:32,460

that they're non-humans flying the

1843

01:13:37,729 --> 01:13:35,940

obvious obvious place to go next is NASA

1844

01:13:40,550 --> 01:13:37,739

because there should be nothing

1845

01:13:43,010 --> 01:13:40,560

classified at NASA

1846

01:13:45,830 --> 01:13:43,020

absolutely nothing in NASA should be

1847

01:13:47,990 --> 01:13:45,840

classified if it is classified at Nasa I

1848

01:13:50,570 --> 01:13:48,000

would be very interested in that data

1849

01:13:52,910 --> 01:13:50,580

because it's civilian Science Why

1850

01:13:55,910 --> 01:13:52,920

classify it

1851
01:13:57,950 --> 01:13:55,920
um unless NASA was compelled to classify

1852
01:14:00,229 --> 01:13:57,960
it from the intelligence Community

1853
01:14:02,630 --> 01:14:00,239
saying you can't release this

1854
01:14:03,649 --> 01:14:02,640
that could be it but once the civilian

1855
01:14:06,110 --> 01:14:03,659
intelligence Community Military

1856
01:14:08,270 --> 01:14:06,120
Intelligence Community come forward then

1857
01:14:10,310 --> 01:14:08,280
there's no reason for NASA to classify

1858
01:14:13,550 --> 01:14:10,320
anything and they start should start

1859
01:14:16,370 --> 01:14:13,560
sharing what it has and also release

1860
01:14:18,830 --> 01:14:16,380
their astronauts from whatever agreement

1861
01:14:20,990 --> 01:14:18,840
they had with NASA to start talking

1862
01:14:23,510 --> 01:14:21,000
about what they've seen

1863
01:14:26,450 --> 01:14:23,520

because I'm sure they've seen a lot

1864

01:14:28,850 --> 01:14:26,460

and uh so we'll see where that leads but

1865

01:14:31,250 --> 01:14:28,860

I think NASA thank you for bringing up

1866

01:14:33,830 --> 01:14:31,260

NASA I forgot to mention NASA has some

1867

01:14:35,450 --> 01:14:33,840

really important part of this

1868

01:14:37,130 --> 01:14:35,460

it's a hard conversation to have with

1869

01:14:38,990 --> 01:14:37,140

anyone join without forgetting something

1870

01:14:40,790 --> 01:14:39,000

I think everyone does at some point and

1871

01:14:42,649 --> 01:14:40,800

someone gets angry and messages me so

1872

01:14:44,570 --> 01:14:42,659

you'll get that as well no doubt and

1873

01:14:46,910 --> 01:14:44,580

Jennifer wanted to know are you

1874

01:14:49,970 --> 01:14:46,920

encouraged or discouraged At All by the

1875

01:14:53,030 --> 01:14:49,980

CIA to give these online interviews on

1876

01:14:56,689 --> 01:14:53,040

podcasts or presentations Etc they

1877

01:14:59,689 --> 01:14:56,699

absolutely have no qualms whatsoever

1878

01:15:01,209 --> 01:14:59,699

the only time I heard about anything I

1879

01:15:06,229 --> 01:15:01,219

said

1880

01:15:12,050 --> 01:15:06,239

that CIA people questioned

1881

01:15:17,870 --> 01:15:14,689

so I did receive some feedback

1882

01:15:20,270 --> 01:15:17,880

um that there were some CIA people

1883

01:15:24,110 --> 01:15:20,280

um interested in what I said about 2027

1884

01:15:27,830 --> 01:15:24,120

but again I I've said before I did not

1885

01:15:30,050 --> 01:15:27,840

bring up 2027. there were people in a

1886

01:15:33,229 --> 01:15:30,060

skiff

1887

01:15:35,149 --> 01:15:33,239

and I don't have any clearances so in

1888

01:15:36,470 --> 01:15:35,159

that skiff we can talk about sensitive

1889

01:15:39,590 --> 01:15:36,480

subjects

1890

01:15:41,390 --> 01:15:39,600

but I couldn't talk I didn't have any

1891

01:15:45,410 --> 01:15:41,400

clearances so I could talk about things

1892

01:15:48,590 --> 01:15:45,420

I remember from my time in service

1893

01:15:51,590 --> 01:15:48,600

about this phenomenon

1894

01:15:54,050 --> 01:15:51,600

which I did but uh

1895

01:15:56,770 --> 01:15:54,060

in this gift the people in the skiff who

1896

01:15:59,870 --> 01:15:56,780

invited me to talk with them and ask if

1897

01:16:01,130 --> 01:15:59,880

mentioned they brought up 2027. I did

1898

01:16:03,229 --> 01:16:01,140

not

1899

01:16:06,290 --> 01:16:03,239

so that led me to believe that they knew

1900

01:16:09,729 --> 01:16:06,300

something about 2027.

1901

01:16:12,530 --> 01:16:09,739

and I offered my opinion about 2027

1902

01:16:15,610 --> 01:16:12,540

actually deferring back to Chris Bledsoe

1903

01:16:19,669 --> 01:16:15,620

and when he said about the 2026 2027

1904

01:16:21,830 --> 01:16:19,679

period I also mentioned Anjali what she

1905

01:16:25,790 --> 01:16:21,840

said about that time period which they

1906

01:16:27,830 --> 01:16:25,800

duly noted and they just took notes that

1907

01:16:30,649 --> 01:16:27,840

gives you a clue that you know

1908

01:16:33,050 --> 01:16:30,659

maybe what she said um is is somewhat

1909

01:16:35,149 --> 01:16:33,060

known to them

1910

01:16:36,590 --> 01:16:35,159

um about these experiences I think the

1911

01:16:39,290 --> 01:16:36,600

government knows more about experiences

1912

01:16:41,030 --> 01:16:39,300

than they are willing to let let on

1913

01:16:43,610 --> 01:16:41,040

because it brings up another whole

1914

01:16:44,810 --> 01:16:43,620

Avenue that they don't want to go to but

1915

01:16:46,669 --> 01:16:44,820

you know

1916

01:16:49,490 --> 01:16:46,679

they brought it up so that's the only

1917

01:16:51,530 --> 01:16:49,500

time that when I mentioned in a podcast

1918

01:16:52,610 --> 01:16:51,540

with

1919

01:16:55,070 --> 01:16:52,620

um

1920

01:16:56,350 --> 01:16:55,080

I forget who I did it with but I

1921

01:17:00,110 --> 01:16:56,360

mentioned in a podcast

1922

01:17:03,950 --> 01:17:00,120

2027 that I heard some feedback

1923

01:17:06,110 --> 01:17:03,960

from CIA people about 2027.

1924

01:17:07,669 --> 01:17:06,120

I want to ask do you think and this is

1925

01:17:10,910 --> 01:17:07,679

just opinion unless it comes from that

1926

01:17:13,550 --> 01:17:10,920

informed place that any sort of date

1927

01:17:16,490 --> 01:17:13,560

that's put on something in terms of ET

1928

01:17:18,770 --> 01:17:16,500

contact or some kind of confirmation is

1929

01:17:20,330 --> 01:17:18,780

very much LED on our end and by our end

1930

01:17:23,270 --> 01:17:20,340

I mean the human end because I can't

1931

01:17:25,550 --> 01:17:23,280

imagine a non-human species has an

1932

01:17:27,410 --> 01:17:25,560

iPhone with the same calendar and thinks

1933

01:17:29,390 --> 01:17:27,420

that you know what right now as we sit

1934

01:17:31,310 --> 01:17:29,400

here we're going to wait two years two

1935

01:17:33,709 --> 01:17:31,320

Earth years and come out on this date

1936

01:17:35,870 --> 01:17:33,719

and time because I don't think they

1937

01:17:38,090 --> 01:17:35,880

would look at time and calendars how we

1938

01:17:40,729 --> 01:17:38,100

do so anytime a debt is put on something

1939

01:17:43,850 --> 01:17:40,739

it's got to be something that's laid

1940

01:17:45,229 --> 01:17:43,860

from our side right except unless

1941

01:17:47,570 --> 01:17:45,239

they're the residents unless they're

1942

01:17:50,390 --> 01:17:47,580

here on the planet as well

1943

01:17:52,189 --> 01:17:50,400

we share the planet with them and they

1944

01:17:54,290 --> 01:17:52,199

would always have to be aware of our way

1945

01:17:56,090 --> 01:17:54,300

of measuring time and date yes they

1946

01:17:58,850 --> 01:17:56,100

would and in fact you know you go back

1947

01:18:02,810 --> 01:17:58,860

to I encourage everyone to study

1948

01:18:06,530 --> 01:18:02,820

Sumerian culture because they had some

1949

01:18:09,110 --> 01:18:06,540

remarkable mathematics back then

1950

01:18:10,790 --> 01:18:09,120

um with very with ostensibly no

1951

01:18:14,390 --> 01:18:10,800

computers they figured out a lot of

1952

01:18:16,490 --> 01:18:14,400

stuff about the planet and about the

1953

01:18:19,070 --> 01:18:16,500

solar system that they should not have

1954

01:18:21,950 --> 01:18:19,080

known but having said that

1955

01:18:26,030 --> 01:18:21,960

um yes I mean I

1956

01:18:27,530 --> 01:18:26,040

disclosure from the government is human

1957

01:18:30,169 --> 01:18:27,540

or governments of the world it's

1958

01:18:34,370 --> 01:18:30,179

something that we know that we can share

1959

01:18:36,050 --> 01:18:34,380

with the world their appearance to us is

1960

01:18:37,310 --> 01:18:36,060

on their timetable

1961

01:18:40,610 --> 01:18:37,320

so

1962

01:18:43,250 --> 01:18:40,620

I would hope you know that when we

1963

01:18:45,890 --> 01:18:43,260

disclose that they're here that they

1964

01:18:49,910 --> 01:18:45,900

will disclose who who they are

1965

01:18:51,770 --> 01:18:49,920

so that was my personal opinion not a

1966

01:18:55,610 --> 01:18:51,780

government fact nothing I know

1967

01:18:59,209 --> 01:18:55,620

officially that in 2027 once we disclose

1968

01:19:02,030 --> 01:18:59,219

everything by 2027 I hope there's an

1969

01:19:03,890 --> 01:19:02,040

opportunity for these visitors and for

1970

01:19:06,649 --> 01:19:03,900

these residents to come forward and show

1971

01:19:08,570 --> 01:19:06,659

themselves again I say again to the

1972

01:19:11,510 --> 01:19:08,580

world because I think they've done that

1973

01:19:13,189 --> 01:19:11,520

previously to the Ancients who saw them

1974

01:19:16,070 --> 01:19:13,199

as gods

1975

01:19:17,870 --> 01:19:16,080

who may have worshiped them as Gods who

1976

01:19:19,610 --> 01:19:17,880

created religions based around their

1977

01:19:20,450 --> 01:19:19,620

presence

1978

01:19:22,130 --> 01:19:20,460

um

1979

01:19:25,250 --> 01:19:22,140

There's an opportunity for them to show

1980

01:19:27,830 --> 01:19:25,260

up and so why are they pick 2027 I don't

1981

01:19:30,770 --> 01:19:27,840

know why did we pick 20 27 I don't know

1982

01:19:33,590 --> 01:19:30,780

I got that clue from Lou Elizondo in in

1983

01:19:34,850 --> 01:19:33,600

2022 he said that in five years it'll

1984

01:19:36,890 --> 01:19:34,860

all be out

1985

01:19:39,649 --> 01:19:36,900

so it's simple math you had five years

1986

01:19:42,110 --> 01:19:39,659

to 2022 when he said that in a uh in his

1987

01:19:44,270 --> 01:19:42,120

interview I came up 2027 and said well

1988

01:19:46,189 --> 01:19:44,280

Lou knows something about 2027 because

1989

01:19:48,410 --> 01:19:46,199

he said in five years it'll all come out

1990

01:19:49,970 --> 01:19:48,420

was that the comment of and I'm just

1991

01:19:51,709 --> 01:19:49,980

trying to be fair where he said and

1992

01:19:54,110 --> 01:19:51,719

fight if people aren't interested in

1993

01:19:55,790 --> 01:19:54,120

what's happening now come back in five

1994

01:19:58,550 --> 01:19:55,800

years go and do something and come back

1995

01:20:00,590 --> 01:19:58,560

and yeah to pick a hobby yeah yeah and

1996

01:20:02,570 --> 01:20:00,600

come back and people have read into that

1997

01:20:05,090 --> 01:20:02,580

um hopefully lose on the media rounds

1998

01:20:06,530 --> 01:20:05,100

Again by late 2023 which should be

1999

01:20:08,090 --> 01:20:06,540

interesting because he's been away for a

2000

01:20:09,709 --> 01:20:08,100

while and uh it'd be nice to pick his

2001

01:20:11,510 --> 01:20:09,719

brain on a few things but yeah I know

2002

01:20:12,709 --> 01:20:11,520

that that's fair last couple of

2003

01:20:14,090 --> 01:20:12,719

questions and then we'll let you get on

2004

01:20:15,290 --> 01:20:14,100

with your day Jordan so you've got a

2005

01:20:17,330 --> 01:20:15,300

busy life

2006

01:20:19,910 --> 01:20:17,340

um question from Newman he asks do you

2007

01:20:22,310 --> 01:20:19,920

do you subscribe to the claims of people

2008

01:20:24,950 --> 01:20:22,320

like Robert Monroe who say that Earth is

2009

01:20:27,649 --> 01:20:24,960

a farm used by higher beings to harvest

2010

01:20:29,209 --> 01:20:27,659

lower vibrational energies or by ETS to

2011

01:20:32,149 --> 01:20:29,219

harvest Souls

2012

01:20:34,490 --> 01:20:32,159

I have no idea uh I I don't have any

2013

01:20:36,890 --> 01:20:34,500

comment about that at all

2014

01:20:38,689 --> 01:20:36,900

um harvesting Souls how does one do that

2015

01:20:40,910 --> 01:20:38,699

why would one do that

2016

01:20:43,189 --> 01:20:40,920

um to me a soul is something that can't

2017

01:20:44,810 --> 01:20:43,199

be harvested it's like a Consciousness

2018

01:20:47,570 --> 01:20:44,820

that can't be harvested I mean are they

2019

01:20:49,790 --> 01:20:47,580

hijacking Consciousness I I find that

2020

01:20:54,050 --> 01:20:49,800

hard to believe and based on my personal

2021

01:20:56,149 --> 01:20:54,060

experiences I don't think that's true I

2022

01:20:59,930 --> 01:20:56,159

think we're here on a mission

2023

01:21:02,149 --> 01:20:59,940

I think experiencers had this Universal

2024

01:21:03,890 --> 01:21:02,159

kind of feeling maybe not so Universal I

2025

01:21:04,850 --> 01:21:03,900

don't want to put words in people's

2026

01:21:07,250 --> 01:21:04,860

mouths

2027

01:21:09,350 --> 01:21:07,260

but there's always a sense of mission

2028

01:21:11,030 --> 01:21:09,360

that I had this experience and now I

2029

01:21:13,430 --> 01:21:11,040

have to do something with it

2030

01:21:16,070 --> 01:21:13,440

that no I I'm compelled to do something

2031

01:21:18,410 --> 01:21:16,080

with it and some people do

2032

01:21:21,110 --> 01:21:18,420

and others are kind of stymied because

2033

01:21:24,110 --> 01:21:21,120

they're trying to sort out in their

2034

01:21:26,270 --> 01:21:24,120

minds this experience to some it's very

2035

01:21:28,250 --> 01:21:26,280

frightening for me I would think I was

2036

01:21:31,310 --> 01:21:28,260

prepared for it because I've had these

2037

01:21:33,910 --> 01:21:31,320

experiences since childhood and it seems

2038

01:21:38,270 --> 01:21:33,920

like I was brought along gradually

2039

01:21:41,090 --> 01:21:38,280

and somehow ended up at CIA working in

2040

01:21:43,790 --> 01:21:41,100

the two offices that had the Legacy UFO

2041

01:21:47,990 --> 01:21:43,800

program since Roswell I was in those two

2042

01:21:51,350 --> 01:21:48,000

offices and so why did that happen you

2043

01:21:54,950 --> 01:21:51,360

know why why did I end up at CIA from

2044

01:21:58,370 --> 01:21:54,960

My Walk of Life and you look at other

2045

01:22:00,590 --> 01:21:58,380

officers that CIA people I know you look

2046

01:22:02,510 --> 01:22:00,600

at their past and you kind of wonder how

2047

01:22:04,490 --> 01:22:02,520

do they end up there but one thing that

2048

01:22:06,410 --> 01:22:04,500

I had in common with one of my very

2049

01:22:09,410 --> 01:22:06,420

close friends is that he had missing

2050

01:22:10,970 --> 01:22:09,420

time he was he was like um a youngster

2051

01:22:13,010 --> 01:22:10,980

like five or six years old something

2052

01:22:14,990 --> 01:22:13,020

like that and he went out in his

2053

01:22:17,630 --> 01:22:15,000

backyard and he saw a strange light

2054

01:22:20,450 --> 01:22:17,640

there was some a forest behind his house

2055

01:22:22,370 --> 01:22:20,460

some trees and he went out there

2056

01:22:24,649 --> 01:22:22,380

and then he had a memory of coming back

2057

01:22:28,550 --> 01:22:24,659

in the house and his parents were angry

2058

01:22:30,770 --> 01:22:28,560

at him because he was missing for hours

2059

01:22:32,209 --> 01:22:30,780

and so he had this experience they

2060

01:22:34,790 --> 01:22:32,219

cannot remember

2061

01:22:37,610 --> 01:22:34,800

and um he's been a lifelong experience

2062

01:22:39,950 --> 01:22:37,620

ever since he he saw a lady in white

2063

01:22:42,830 --> 01:22:39,960

before Chris Bledsoe

2064

01:22:44,750 --> 01:22:42,840

he told me I saw this lady in white

2065

01:22:48,050 --> 01:22:44,760

and it was like

2066

01:22:50,450 --> 01:22:48,060

in the early 2000s he was saying that

2067

01:22:51,950 --> 01:22:50,460

and I I've personally found it hard to

2068

01:22:54,830 --> 01:22:51,960

believe because I never had the lady in

2069

01:22:57,470 --> 01:22:54,840

white experience but he did and said had

2070

01:22:59,330 --> 01:22:57,480

him she had a message for me

2071

01:23:01,790 --> 01:22:59,340

and uh so

2072

01:23:04,669 --> 01:23:01,800

there you go you know

2073

01:23:06,410 --> 01:23:04,679

we we tend to have these experiences

2074

01:23:09,530 --> 01:23:06,420

that are hard to explain we end up where

2075

01:23:11,689 --> 01:23:09,540

we are and I felt like it was my mission

2076

01:23:15,350 --> 01:23:11,699

I was told it was my mission when I had

2077

01:23:16,610 --> 01:23:15,360

my most recent orb experience in July of

2078

01:23:18,590 --> 01:23:16,620

2020

2079

01:23:20,930 --> 01:23:18,600

that I was supposed to come forward with

2080

01:23:24,950 --> 01:23:20,940

the information I have because it was

2081

01:23:28,130 --> 01:23:24,960

time to share information about them and

2082

01:23:30,950 --> 01:23:28,140

information I know from my my work if

2083

01:23:32,450 --> 01:23:30,960

that's why I started to come out forward

2084

01:23:34,430 --> 01:23:32,460

and that's why I'm speaking with you

2085

01:23:37,070 --> 01:23:34,440

otherwise you would have never heard

2086

01:23:39,229 --> 01:23:37,080

about me whatsoever yeah

2087

01:23:41,270 --> 01:23:39,239

um and I would be happy to do so and I'm

2088

01:23:43,729 --> 01:23:41,280

happy that people will forget me after

2089

01:23:46,490 --> 01:23:43,739

disclosure because I think my job is

2090

01:23:48,410 --> 01:23:46,500

done what I know what I've experienced

2091

01:23:50,689 --> 01:23:48,420

it's already out there take it or leave

2092

01:23:52,010 --> 01:23:50,699

it I don't I don't really care if people

2093

01:23:54,950 --> 01:23:52,020

believe me or not

2094

01:23:57,110 --> 01:23:54,960

but I hope I contributed something to

2095

01:23:59,270 --> 01:23:57,120

people's understanding

2096

01:24:00,709 --> 01:23:59,280

um of what's going on and particularly

2097

01:24:02,810 --> 01:24:00,719

helping people understand their own

2098

01:24:05,030 --> 01:24:02,820

experiences I've have worked with

2099

01:24:06,649 --> 01:24:05,040

individuals privately about

2100

01:24:08,570 --> 01:24:06,659

understanding their experiences and

2101
01:24:11,390 --> 01:24:08,580
that's what I enjoy doing the most less

2102
01:24:13,729 --> 01:24:11,400
so I don't care how they fly to get here

2103
01:24:15,649 --> 01:24:13,739
I just know they're here and why are

2104
01:24:17,870 --> 01:24:15,659
they here and that's what I like people

2105
01:24:21,590 --> 01:24:17,880
to know

2106
01:24:24,110 --> 01:24:21,600
understand and so anything I can share

2107
01:24:25,970 --> 01:24:24,120
um I'm happy to work with them and maybe

2108
01:24:29,090 --> 01:24:25,980
that's what I'll do but

2109
01:24:30,290 --> 01:24:29,100
um after May this month at the end of

2110
01:24:33,470 --> 01:24:30,300
the month

2111
01:24:36,830 --> 01:24:33,480
um I think you know uh Hollywood yep as

2112
01:24:38,149 --> 01:24:36,840
well and I will have my last very last

2113
01:24:41,030 --> 01:24:38,159

interview

2114

01:24:43,790 --> 01:24:41,040

prior to disclosure with her

2115

01:24:47,090 --> 01:24:43,800

after that I am not doing any more

2116

01:24:49,430 --> 01:24:47,100

interviews and we set up uh the last

2117

01:24:51,709 --> 01:24:49,440

Sunday in May

2118

01:24:53,630 --> 01:24:51,719

so look in your calendars last Sunday in

2119

01:24:56,149 --> 01:24:53,640

May would be my very last interview with

2120

01:24:58,430 --> 01:24:56,159

anyone until disclosure

2121

01:25:00,770 --> 01:24:58,440

and then after disclosure I promise one

2122

01:25:02,570 --> 01:25:00,780

individual I'll do a post disclosure

2123

01:25:05,990 --> 01:25:02,580

interview and that's Jay Anderson

2124

01:25:09,110 --> 01:25:06,000

Project Unity I'll do one more and then

2125

01:25:11,209 --> 01:25:09,120

I hope to disappear I don't want to deal

2126
01:25:13,910 --> 01:25:11,219
with this anymore because I think from

2127
01:25:16,370 --> 01:25:13,920
there civilians should take up the

2128
01:25:18,229 --> 01:25:16,380
mantle and

2129
01:25:19,610 --> 01:25:18,239
get their governments

2130
01:25:22,010 --> 01:25:19,620
to

2131
01:25:23,870 --> 01:25:22,020
disclose more information you know it's

2132
01:25:26,870 --> 01:25:23,880
up to the civilians to then

2133
01:25:28,850 --> 01:25:26,880
pressure your members of parliament or

2134
01:25:30,830 --> 01:25:28,860
your congressmen pressure them to

2135
01:25:31,669 --> 01:25:30,840
release more information because I think

2136
01:25:33,350 --> 01:25:31,679
I

2137
01:25:35,810 --> 01:25:33,360
disclosure the government's pretty much

2138
01:25:37,669 --> 01:25:35,820

saying everything it can say

2139

01:25:40,010 --> 01:25:37,679

and then from there it's a process of

2140

01:25:42,709 --> 01:25:40,020

having civilians involved civilian

2141

01:25:44,810 --> 01:25:42,719

scientists enthusiasts such as yourself

2142

01:25:47,709 --> 01:25:44,820

myself you know

2143

01:25:50,810 --> 01:25:47,719

let's let's work on this from the

2144

01:25:52,790 --> 01:25:50,820

legislative side let's let's get these

2145

01:25:53,649 --> 01:25:52,800

governments to even like tell us even

2146

01:25:56,750 --> 01:25:53,659

more

2147

01:25:59,270 --> 01:25:56,760

Beyond they're non-humans

2148

01:26:01,430 --> 01:25:59,280

so

2149

01:26:02,570 --> 01:26:01,440

thank you very much I was going to say I

2150

01:26:03,890 --> 01:26:02,580

think that's a lovely place to leave

2151

01:26:05,450 --> 01:26:03,900

that John and I always like to say I'd

2152

01:26:06,830 --> 01:26:05,460

love to have you back on Never Say Never

2153

01:26:08,750 --> 01:26:06,840

we never know what's going to happen in

2154

01:26:10,070 --> 01:26:08,760

the near future but I appreciate you've

2155

01:26:11,570 --> 01:26:10,080

done a lot of these and you've gotten a

2156

01:26:13,729 --> 01:26:11,580

lot of people you have time and it's for

2157

01:26:15,649 --> 01:26:13,739

free I've never paid a guest for coming

2158

01:26:17,930 --> 01:26:15,659

on the podcast and you do volunteer your

2159

01:26:19,310 --> 01:26:17,940

time and you you do when the microphone

2160

01:26:21,890 --> 01:26:19,320

goes off and you switch off the camera

2161

01:26:23,870 --> 01:26:21,900

you're off to to make a cup of tea a cup

2162

01:26:26,629 --> 01:26:23,880

of coffee go to the shops and live your

2163

01:26:29,090 --> 01:26:26,639

life something's stronger Andy stronger

2164

01:26:30,709 --> 01:26:29,100

John actually that's a bad habit because

2165

01:26:32,090 --> 01:26:30,719

I'm sure last time or the first time you

2166

01:26:35,270 --> 01:26:32,100

had happy hour you were going to with

2167

01:26:41,709 --> 01:26:35,280

your wife so if it's happy hour again

2168

01:26:46,370 --> 01:26:44,390

uh I like I say if we have you back on

2169

01:26:47,810 --> 01:26:46,380

it'd be wonderful if not thank you very

2170

01:26:50,149 --> 01:26:47,820

much for your time and I can assure you

2171

01:26:51,950 --> 01:26:50,159

from the comments on this podcast and

2172

01:26:53,629 --> 01:26:51,960

others you certainly have an impact in

2173

01:26:55,370 --> 01:26:53,639

people's lives and conversations when it

2174

01:26:57,649 --> 01:26:55,380

comes to the UFO topic so thank you for

2175

01:27:00,050 --> 01:26:57,659
