executive director of the Paradigm

research group a disclosure Advocate and

political activist I'd like to welcome

11  
00:00:29,450 --> 00:00:28,019

back to the podcast Stephen Bassett

12  
00:00:31,609 --> 00:00:29,460

Stephen welcome

13  
00:00:32,930 --> 00:00:31,619

and it's good to be with you it's good

14

00:00:35,810 --> 00:00:32,940

to have you on and it's been a

15

00:00:37,729 --> 00:00:35,820

fascinating year for the UFO subject and

16

00:00:39,229 --> 00:00:37,739

when we're talking disclosure and what

17

00:00:41,690 --> 00:00:39,239

may be on the horizon there's no one

18

00:00:43,310 --> 00:00:41,700

better to get on than yourself so very

19

00:00:45,290 --> 00:00:43,320

welcome timing and I've got to start

20

00:00:47,450 --> 00:00:45,300

with your recent take Stephen on the

21

00:00:50,090 --> 00:00:47,460

briefing chaired by Senator Christian

22

00:00:51,049 --> 00:00:50,100

gillibrand with Dr Sean Kirkpatrick if

23

00:00:53,569 --> 00:00:51,059

you don't mind just sharing your

24

00:00:58,090 --> 00:00:53,579

thoughts with that to start off

25

00:01:01,610 --> 00:00:58,100

sure uh this was a standard

26

00:01:04,509 --> 00:01:01,620

uh briefing not a hearing but a briefing

27

00:01:08,750 --> 00:01:04,519

in which the head of the new Aero office

28

00:01:12,289 --> 00:01:08,760

all domain anomaly resolution office

29

00:01:14,590 --> 00:01:12,299

which Dr Kirkpatrick is the executive

30

00:01:19,070 --> 00:01:14,600

director and he's he's very very

31

00:01:22,090 --> 00:01:19,080

competent uh his background is is uh

32

00:01:25,370 --> 00:01:22,100

excellent and and he's it completely

33

00:01:27,830 --> 00:01:25,380

solid guy and so I'm I'm pleased that

34

00:01:30,530 --> 00:01:27,840

they chose him uh and you can easily

35

00:01:34,510 --> 00:01:30,540

check out his bio online

36

00:01:39,350 --> 00:01:34,520

uh he came in to report

37

00:01:42,350 --> 00:01:39,360

to uh her about developments at Arrow

38

00:01:45,410 --> 00:01:42,360

and the reason why it was her is that

39

00:01:48,230 --> 00:01:45,420

cursed Senator villabrand was key

40

00:01:52,490 --> 00:01:48,240

to creating language in the National

41

00:01:55,910 --> 00:01:52,500

Defense Appropriations act for 2023 uh

42

00:02:00,010 --> 00:01:55,920

no wait a minute 20 20. it was the

43

00:02:02,690 --> 00:02:00,020

second one 20 22 second yeah yeah 2022

44

00:02:04,969 --> 00:02:02,700

uh calling for a lot of things to happen

45

00:02:07,749 --> 00:02:04,979

over at DOD and what have you so she's

46

00:02:11,630 --> 00:02:07,759

now following up and she chose to do it

47

00:02:14,330 --> 00:02:11,640

by holding a a briefing for her

48

00:02:16,250 --> 00:02:14,340

subcommittee uh in the armed services

49

00:02:20,150 --> 00:02:16,260

he's on the Intel committee which is

50

00:02:22,130 --> 00:02:20,160

where she was uh from from that place is

51  
00:02:25,729 --> 00:02:22,140  
where she was putting language out there

52  
00:02:29,390 --> 00:02:25,739  
for that 2022 NDA Bill uh but she's also

53  
00:02:30,830 --> 00:02:29,400  
the the subcommittee uh chairman uh over

54  
00:02:34,970 --> 00:02:30,840  
in armed services

55  
00:02:36,589 --> 00:02:34,980  
so uh under that uh role she and two

56  
00:02:37,850 --> 00:02:36,599  
other

57  
00:02:42,410 --> 00:02:37,860  
um senators

58  
00:02:44,630 --> 00:02:42,420  
uh uh brought uh Sean in and they they

59  
00:02:47,390 --> 00:02:44,640  
chatted with him for a while and he gave

60  
00:02:49,910 --> 00:02:47,400  
them an update on what's going on uh and

61  
00:02:52,250 --> 00:02:49,920  
it was all basically standard procedure

62  
00:02:54,110 --> 00:02:52,260  
uh and I had no I I thought it was great

63  
00:02:56,630 --> 00:02:54,120

and I think number of things came up

64

00:02:59,630 --> 00:02:56,640

that were significant he used the term

65

00:03:03,949 --> 00:02:59,640

extraterrestrial uh which is good glad

66

00:03:06,350 --> 00:03:03,959

to hear that and uh uh beyond that there

67

00:03:08,330 --> 00:03:06,360

wasn't much more to expect the problem

68

00:03:10,670 --> 00:03:08,340

of course is that there is so many

69

00:03:12,350 --> 00:03:10,680

people now that are really anxious about

70

00:03:13,430 --> 00:03:12,360

getting this information out they know

71

00:03:16,130 --> 00:03:13,440

it's close

72

00:03:18,110 --> 00:03:16,140

yeah it's like you know it's like kids

73

00:03:20,330 --> 00:03:18,120

that that are

74

00:03:22,430 --> 00:03:20,340

on their way to Disneyland right and

75

00:03:23,930 --> 00:03:22,440

they're starting to get close to it and

76

00:03:25,670 --> 00:03:23,940

now they're driving their parents crazy

77

00:03:27,589 --> 00:03:25,680

you know they're all jumping around the

78

00:03:29,509 --> 00:03:27,599

car and bouncing around and wanting to

79

00:03:31,490 --> 00:03:29,519

get there and if and are we there yet

80

00:03:34,850 --> 00:03:31,500

are we there yet so it's kind of like

81

00:03:36,710 --> 00:03:34,860

that and I understand that but then a

82

00:03:38,630 --> 00:03:36,720

little this thing is moving forward now

83

00:03:40,670 --> 00:03:38,640

and we're on our way and a little

84

00:03:44,449 --> 00:03:40,680

patience is required even though we have

85

00:03:46,970 --> 00:03:44,459

been waiting essentially 76 years to

86

00:03:49,670 --> 00:03:46,980

finally get the truth that was in the

87

00:03:53,089 --> 00:03:49,680

initial press release that was put out

88

00:03:55,610 --> 00:03:53,099

by uh you know hot with the approval of

89

00:03:59,390 --> 00:03:55,620

Blanchard the head of the uh R Us

90

00:04:02,210 --> 00:03:59,400

Roswell facility air air facility so uh

91

00:04:04,250 --> 00:04:02,220

that's that's my take on on that uh and

92

00:04:07,009 --> 00:04:04,260

also a show that gildebrand's commitment

93

00:04:09,530 --> 00:04:07,019

to this issue is not going away she is

94

00:04:11,570 --> 00:04:09,540

embracing it pretty fully which is also

95

00:04:12,830 --> 00:04:11,580

notable because she has presidential

96

00:04:14,509 --> 00:04:12,840

aspirations

97

00:04:19,610 --> 00:04:14,519

she's run for president I think she'll

98

00:04:21,710 --> 00:04:19,620

run again uh so wow imagine that someone

99

00:04:25,090 --> 00:04:21,720

who clearly has presidential aspirations

100

00:04:28,670 --> 00:04:25,100

now deep into this issue beyond anything

101  
00:04:31,790 --> 00:04:28,680  
that uh secretary Hillary Clinton

102  
00:04:34,490 --> 00:04:31,800  
uh was into you know she she never went

103  
00:04:37,129 --> 00:04:34,500  
anywhere she was supportive of course

104  
00:04:39,070 --> 00:04:37,139  
she was the she was uh just the first

105  
00:04:42,590 --> 00:04:39,080  
lady during the Clinton Administration

106  
00:04:46,189 --> 00:04:42,600  
uh but she certainly has stepped into

107  
00:04:48,650 --> 00:04:46,199  
the issue in 2016. uh and of course he

108  
00:04:50,629 --> 00:04:48,660  
has a strong connection with podesta but

109  
00:04:52,189 --> 00:04:50,639  
gillibrand is way past that I mean she's

110  
00:04:54,170 --> 00:04:52,199  
creating legislation she's holding

111  
00:04:56,510 --> 00:04:54,180  
briefings and she's thinking of running

112  
00:04:58,730 --> 00:04:56,520  
for president again that tells you where

113  
00:05:00,909 --> 00:04:58,740

this issue is for those that are

114

00:05:04,610 --> 00:05:00,919

thinking now it's it's just another

115

00:05:06,830 --> 00:05:04,620

false uh uh attempt to get something

116

00:05:10,370 --> 00:05:06,840

going and it's a drip drip for this and

117

00:05:12,469 --> 00:05:10,380

that no no this is the end game of the

118

00:05:14,090 --> 00:05:12,479

truth embargo we're headed towards

119

00:05:17,450 --> 00:05:14,100

confirmation

120

00:05:19,129 --> 00:05:17,460

this was the unclassified portion of the

121

00:05:21,050 --> 00:05:19,139

conversation that happened there was a

122

00:05:23,749 --> 00:05:21,060

classified version of this that happened

123

00:05:25,310 --> 00:05:23,759

before have any of your sources or

124

00:05:27,050 --> 00:05:25,320

anyone close to you managed to get

125

00:05:29,150 --> 00:05:27,060

anything out of that as to how that

126

00:05:31,430 --> 00:05:29,160

section went because it's been very very

127

00:05:33,469 --> 00:05:31,440

hush-hush from that

128

00:05:35,629 --> 00:05:33,479

classified so no

129

00:05:39,350 --> 00:05:35,639

not supposed to be able to get it

130

00:05:42,590 --> 00:05:39,360

uh I I can't recall if he gave a plus

131

00:05:44,810 --> 00:05:42,600

classified briefing to her as well I

132

00:05:48,890 --> 00:05:44,820

don't maybe he did I mean it's not

133

00:05:50,170 --> 00:05:48,900

unusual uh as we go for it and

134

00:05:53,810 --> 00:05:50,180

understand

135

00:05:54,850 --> 00:05:53,820

given the fact that this issue has been

136

00:05:58,189 --> 00:05:54,860

since

137

00:06:00,469 --> 00:05:58,199

1947. the most classified issue in

138

00:06:02,330 --> 00:06:00,479

matter in the U.S government more

139

00:06:06,529 --> 00:06:02,340

classified than our nuclear weapon

140

00:06:09,050 --> 00:06:06,539

Secrets or whatever military offense

141

00:06:09,950 --> 00:06:09,060

defense Secrets we've got

142

00:06:16,969 --> 00:06:09,960

um

143

00:06:20,270 --> 00:06:16,979

can end the Embargo come out from that

144

00:06:24,710 --> 00:06:20,280

era of what are you talking about there

145

00:06:27,050 --> 00:06:24,720

are no ETS two oh yeah there are uh is

146

00:06:29,990 --> 00:06:27,060

awesomely going to be done in a fully

147

00:06:32,029 --> 00:06:30,000

public way no no no it's going to be a

148

00:06:34,490 --> 00:06:32,039

combination of classified briefings and

149

00:06:38,270 --> 00:06:34,500

public briefings so that things can move

150

00:06:41,270 --> 00:06:38,280

forward and and uh the dod can feel

151

00:06:44,150 --> 00:06:41,280

comfortable that the process is not

152

00:06:47,390 --> 00:06:44,160

going to endanger National Security and

153

00:06:49,430 --> 00:06:47,400

so inappropriate uh things coming out

154

00:06:52,550 --> 00:06:49,440

that are classified

155

00:06:54,590 --> 00:06:52,560

uh there is going to be a concern uh the

156

00:06:57,770 --> 00:06:54,600

fact is we don't need

157

00:06:59,450 --> 00:06:57,780

all that classified info we already know

158

00:07:01,370 --> 00:06:59,460

there's extraterrestrials here and so

159

00:07:03,590 --> 00:07:01,380

does most of the people if not everybody

160

00:07:05,570 --> 00:07:03,600

involved in the damn thing on the hill

161

00:07:07,909 --> 00:07:05,580

and over the dod you already know

162

00:07:10,010 --> 00:07:07,919

so now it's just a matter of conducting

163

00:07:13,029 --> 00:07:10,020

the end of the Embargo in a way that's

164

00:07:15,409 --> 00:07:13,039

responsible and doesn't cause any

165

00:07:17,029 --> 00:07:15,419

problems for others and people can be

166

00:07:19,490 --> 00:07:17,039

comfortable with it and that's what's

167

00:07:22,070 --> 00:07:19,500

going on and I'm perfectly content now

168

00:07:25,309 --> 00:07:22,080

if they reverse course and suddenly go

169

00:07:27,529 --> 00:07:25,319

you know uh we've been thinking about it

170

00:07:29,629 --> 00:07:27,539

and now there's really nothing there we

171

00:07:33,469 --> 00:07:29,639

need to kind of direct our attentions

172

00:07:35,390 --> 00:07:33,479

elsewhere then of course I will have

173

00:07:37,610 --> 00:07:35,400

more to say about that but so will the

174

00:07:41,689 --> 00:07:37,620

entire internet

175

00:07:44,089 --> 00:07:41,699

I want I'm surprised that you you said

176  
00:07:47,210 --> 00:07:44,099  
Dr Sean Kirkpatrick impressed you you're

177  
00:07:49,610 --> 00:07:47,220  
you're content with what he said others

178  
00:07:51,290 --> 00:07:49,620  
weren't so happy with his content former

179  
00:07:53,390 --> 00:07:51,300  
deputy assistant secretary of defense

180  
00:07:54,589 --> 00:07:53,400  
for intelligence Christopher melon was

181  
00:07:56,809 --> 00:07:54,599  
one of those who was a little bit

182  
00:07:59,390 --> 00:07:56,819  
scathing online afterwards what

183  
00:08:01,309 --> 00:07:59,400  
impressed you about what Dr Sean

184  
00:08:04,490 --> 00:08:01,319  
Kirkpatrick said

185  
00:08:06,589 --> 00:08:04,500  
what's that means what I'm saying is is

186  
00:08:08,570 --> 00:08:06,599  
he he answered the questions he's

187  
00:08:12,589 --> 00:08:08,580  
telling her what's going on

188  
00:08:14,689 --> 00:08:12,599

but uh but people want more they want

189

00:08:18,409 --> 00:08:14,699

more and they want it now

190

00:08:21,350 --> 00:08:18,419

now Christopher melon is smart guy okay

191

00:08:24,170 --> 00:08:21,360

Chris knows what's going on he knows

192

00:08:27,350 --> 00:08:24,180

this process and and how it goes forward

193

00:08:30,770 --> 00:08:27,360

and and why uh Kirkpatrick was was

194

00:08:34,010 --> 00:08:30,780

giving a little briefing to kilogram but

195

00:08:37,250 --> 00:08:34,020

by going and it's publicly saying well I

196

00:08:39,110 --> 00:08:37,260

wasn't happy with that or or I mean why

197

00:08:41,329 --> 00:08:39,120

didn't he say this that's just him

198

00:08:43,610 --> 00:08:41,339

keeping a little pressure on

199

00:08:45,290 --> 00:08:43,620

see melon knows a great deal he has been

200

00:08:48,350 --> 00:08:45,300

involved in the briefings on the hill

201  
00:08:51,290 --> 00:08:48,360  
bringing people up there his he has been

202  
00:08:53,090 --> 00:08:51,300  
committed from day one uh in day one

203  
00:08:54,170 --> 00:08:53,100  
meaning when he finally turned up in our

204  
00:08:56,650 --> 00:08:54,180  
world

205  
00:09:00,829 --> 00:08:56,660  
in October of

206  
00:09:03,889 --> 00:09:00,839  
2017 when uh he he came up on the stage

207  
00:09:06,410 --> 00:09:03,899  
with Tom DeLong and and Tim Jimmy van

208  
00:09:08,930 --> 00:09:06,420  
and Lou Elizondo and and made his

209  
00:09:11,269 --> 00:09:08,940  
presentation as on the launch of two

210  
00:09:14,389 --> 00:09:11,279  
stars Academy of Arts and Sciences

211  
00:09:17,150 --> 00:09:14,399  
but I think from day one mellon's goal

212  
00:09:21,110 --> 00:09:17,160  
was to end the truth and Barbara

213  
00:09:23,570 --> 00:09:21,120

and and so what he does is always in

214

00:09:25,850 --> 00:09:23,580  
service to that so if he is being

215

00:09:28,130 --> 00:09:25,860  
somewhat critical of Kirkpatrick

216

00:09:29,870 --> 00:09:28,140  
I view that okay how is that helping to

217

00:09:31,310 --> 00:09:29,880  
end the truth embargo by keeping a

218

00:09:33,829 --> 00:09:31,320  
little pressure on him letting him know

219

00:09:35,650 --> 00:09:33,839  
okay not too much you know I don't I

220

00:09:38,690 --> 00:09:35,660  
don't think he's teeing off on people

221

00:09:42,170 --> 00:09:38,700  
he's just letting people know

222

00:09:45,050 --> 00:09:42,180  
we're we understand what's going on but

223

00:09:46,970 --> 00:09:45,060  
we expect more we expect more so that

224

00:09:52,310 --> 00:09:46,980  
that doesn't surprise me that he's he's

225

00:09:53,750 --> 00:09:52,320  
being critical uh or uh uh give giving a

226

00:09:56,150 --> 00:09:53,760

little push he's not the only one doing

227

00:09:58,190 --> 00:09:56,160

that uh now some people are radical

228

00:10:00,170 --> 00:09:58,200

about this they absolutely want it now

229

00:10:02,050 --> 00:10:00,180

and if they don't get it now then

230

00:10:05,509 --> 00:10:02,060

whoever's involved is a deep State

231

00:10:07,670 --> 00:10:05,519

operative working for the uh the Russia

232

00:10:10,310 --> 00:10:07,680

whatever the hell right and and I I

233

00:10:11,750 --> 00:10:10,320

can't I can't help that nothing I can do

234

00:10:14,090 --> 00:10:11,760

about that

235

00:10:16,670 --> 00:10:14,100

I enjoyed your analogy Stephen on Jimmy

236

00:10:19,670 --> 00:10:16,680

your bowling ball Lane with the bumpers

237

00:10:21,829 --> 00:10:19,680

to help aid softly softly disclosure and

238

00:10:24,889 --> 00:10:21,839

help people along the way with this and

239

00:10:26,810 --> 00:10:24,899

it made me wonder in a way if we hear

240

00:10:29,509 --> 00:10:26,820

that potentially whistleblowers are

241

00:10:31,009 --> 00:10:29,519

already bypassing Dr Kirkpatrick and

242

00:10:34,130 --> 00:10:31,019

going straight to members of congress

243

00:10:36,769 --> 00:10:34,140

with testimony is that potentially a

244

00:10:39,829 --> 00:10:36,779

death blow for Kirkpatrick and an arrow

245

00:10:41,750 --> 00:10:39,839

as an organization and entity and is it

246

00:10:43,310 --> 00:10:41,760

is it set up to fail in a way that

247

00:10:46,550 --> 00:10:43,320

something else can coming along or

248

00:10:48,230 --> 00:10:46,560

someone else can come along that steers

249

00:10:50,449 --> 00:10:48,240

this more towards the ending of that

250

00:10:51,650 --> 00:10:50,459

truth embargo because just from the

251

00:10:53,630 --> 00:10:51,660

outside

252

00:10:56,030 --> 00:10:53,640

I think a lot of people look at Dr Sean

253

00:10:58,550 --> 00:10:56,040

Kirkpatrick as someone who is trying to

254

00:11:00,230 --> 00:10:58,560

obfuscate and may you know be that guy

255

00:11:02,990 --> 00:11:00,240

who tries to put the toothpaste back in

256

00:11:05,870 --> 00:11:03,000

the bottle well no no that's not what's

257

00:11:09,130 --> 00:11:05,880

happening right I mean this extreme

258

00:11:13,069 --> 00:11:09,140

these extreme views need to be model uh

259

00:11:16,550 --> 00:11:13,079

mollified not mollified they need to be

260

00:11:18,650 --> 00:11:16,560

uh mitigated uh people are just too

261

00:11:21,130 --> 00:11:18,660

hyped up I understand it they've been

262

00:11:25,250 --> 00:11:21,140

waiting for years and years and years

263

00:11:28,009 --> 00:11:25,260

uh yeah yeah that's but but you what

264

00:11:31,430 --> 00:11:28,019

you've noted is important

265

00:11:33,829 --> 00:11:31,440

what's happening now which is

266

00:11:36,110 --> 00:11:33,839

at a level never seen before

267

00:11:39,170 --> 00:11:36,120

is that Witnesses not whistleblowers

268

00:11:41,269 --> 00:11:39,180

they are not whistleblowers and I'll say

269

00:11:44,990 --> 00:11:41,279

that over and over and over again

270

00:11:48,490 --> 00:11:45,000

they're not whistleblowers

271

00:11:51,710 --> 00:11:48,500

Edward uh Snowden was a whistle lore

272

00:11:53,990 --> 00:11:51,720

Chelsea Manning was a whistleblower and

273

00:11:56,389 --> 00:11:54,000

there have been others and and and I

274

00:11:59,210 --> 00:11:56,399

guess guess what happens with them

275

00:12:01,730 --> 00:11:59,220

right uh you cross that line you end up

276

00:12:03,590 --> 00:12:01,740

living in Russia or going to jail

277

00:12:06,410 --> 00:12:03,600

these men are not doing that they're

278

00:12:07,910 --> 00:12:06,420

mostly men almost all men they're simply

279

00:12:09,410 --> 00:12:07,920

providing information with this

280

00:12:11,389 --> 00:12:09,420

testimony about things that are going on

281

00:12:12,949 --> 00:12:11,399

they're not whistleblowers

282

00:12:14,329 --> 00:12:12,959

and so that's Point number one point

283

00:12:17,810 --> 00:12:14,339

number two

284

00:12:20,930 --> 00:12:17,820

what is happening is that a lot of the

285

00:12:22,730 --> 00:12:20,940

witnesses Kevin Day being one very

286

00:12:24,949 --> 00:12:22,740

important example but Ryan Graves and

287

00:12:28,009 --> 00:12:24,959

others they're not just Witnesses now

288

00:12:29,810 --> 00:12:28,019

they've become activist Witnesses they

289

00:12:31,610 --> 00:12:29,820

are some of them I think couple of them

290

00:12:33,710 --> 00:12:31,620

have registered as lobbyists perhaps and

291

00:12:35,930 --> 00:12:33,720

and they're they're going online they're

292

00:12:38,509 --> 00:12:35,940

trying to recruit uh people to get

293

00:12:41,569 --> 00:12:38,519

involved at Kevin Day right now is is

294

00:12:44,030 --> 00:12:41,579

trying to using the internet to drop a

295

00:12:46,490 --> 00:12:44,040

whole list of questions that that need

296

00:12:50,750 --> 00:12:46,500

to be submitted to NASA which is holding

297

00:12:53,569 --> 00:12:50,760

a a a a public briefing uh a meeting

298

00:12:55,370 --> 00:12:53,579

rather on May 31 in order to take

299

00:12:57,710 --> 00:12:55,380

questions from the public

300

00:12:59,629 --> 00:12:57,720

uh and so now you've got the witnesses

301  
00:13:01,490 --> 00:12:59,639  
becoming activists it wasn't that long

302  
00:13:02,569 --> 00:13:01,500  
ago there were no activists at all

303  
00:13:07,150 --> 00:13:02,579  
essentially

304  
00:13:12,110 --> 00:13:07,160  
and so this this is not 1969 79 89 99

305  
00:13:15,889 --> 00:13:12,120  
2009 we are so much further along

306  
00:13:17,690 --> 00:13:15,899  
and so rather than look at well this

307  
00:13:20,690 --> 00:13:17,700  
person is doing that

308  
00:13:21,710 --> 00:13:20,700  
so and and someone else is not doing as

309  
00:13:24,650 --> 00:13:21,720  
much

310  
00:13:27,050 --> 00:13:24,660  
and look look at it as everyone is doing

311  
00:13:29,329 --> 00:13:27,060  
their part everyone is playing a part in

312  
00:13:32,930 --> 00:13:29,339  
moving this thing forward

313  
00:13:37,329 --> 00:13:32,940

and the idea that the formal government

314

00:13:40,009 --> 00:13:37,339

program being put together to uh

315

00:13:42,230 --> 00:13:40,019

get the public up to speed and get the

316

00:13:44,750 --> 00:13:42,240

president to a place where he can uh

317

00:13:47,990 --> 00:13:44,760

confirm the E.T presence

318

00:13:49,970 --> 00:13:48,000

is somehow got to be just the way we

319

00:13:51,829 --> 00:13:49,980

want it or just the way someone wants it

320

00:13:53,990 --> 00:13:51,839

or much more aggressive or this or that

321

00:13:55,090 --> 00:13:54,000

or anything else because we waited so

322

00:13:57,170 --> 00:13:55,100

long

323

00:14:00,530 --> 00:13:57,180

what can I say

324

00:14:04,190 --> 00:14:00,540

uh uh uh activism

325

00:14:07,190 --> 00:14:04,200

it's not about how mad can you get

326

00:14:09,949 --> 00:14:07,200

how extreme can you get

327

00:14:12,050 --> 00:14:09,959

uh it's about getting it done

328

00:14:14,509 --> 00:14:12,060

it's about getting the goal it's about

329

00:14:16,610 --> 00:14:14,519

achieving the prize

330

00:14:18,710 --> 00:14:16,620

and in this case

331

00:14:22,009 --> 00:14:18,720

that involves the government running

332

00:14:23,629 --> 00:14:22,019

through and going through processes that

333

00:14:24,590 --> 00:14:23,639

they should have done years ago but

334

00:14:27,590 --> 00:14:24,600

didn't

335

00:14:30,290 --> 00:14:27,600

and now they have to do it and the fact

336

00:14:32,210 --> 00:14:30,300

that it's 76 years after they found out

337

00:14:34,550 --> 00:14:32,220

the at Presence does complicate it

338

00:14:36,710 --> 00:14:34,560

there's no question it makes it a little

339

00:14:40,730 --> 00:14:36,720

trickier it makes the public relations

340

00:14:42,290 --> 00:14:40,740

issues tougher uh but by and large if

341

00:14:45,290 --> 00:14:42,300

you look at everything that's happening

342

00:14:48,710 --> 00:14:45,300

it's moving along splendidly

343

00:14:51,350 --> 00:14:48,720

it is uh but look I don't want to

344

00:14:54,949 --> 00:14:51,360

tempers people's enthusiasm

345

00:14:57,050 --> 00:14:54,959

right but again statement like the fact

346

00:15:00,350 --> 00:14:57,060

that some of the Witnesses are becoming

347

00:15:04,449 --> 00:15:00,360

uh activist and and making moves is

348

00:15:08,329 --> 00:15:04,459

going to kill off Arrow no it's not

349

00:15:11,329 --> 00:15:08,339

arrow is now the defense Department's

350

00:15:14,810 --> 00:15:11,339

program cross-agency committee to

351

00:15:17,329 --> 00:15:14,820

address this issue and guess what

352

00:15:19,730 --> 00:15:17,339

when the president finally confirms the

353

00:15:21,050 --> 00:15:19,740

non-human intelligence presence and its

354

00:15:25,550 --> 00:15:21,060

Tech and the accompanying technology

355

00:15:29,150 --> 00:15:25,560

that's disclosure capital D right

356

00:15:32,329 --> 00:15:29,160

Arrow will become even bigger and will

357

00:15:34,910 --> 00:15:32,339

be the entity that in terms of the dod

358

00:15:37,310 --> 00:15:34,920

that's going to now address what is now

359

00:15:40,009 --> 00:15:37,320

publicly acknowledged as true throughout

360

00:15:43,250 --> 00:15:40,019

the world and so it will have far more

361

00:15:46,189 --> 00:15:43,260

to do Post disclosure than it has now

362

00:15:48,050 --> 00:15:46,199

frankly right because now it's kind of

363

00:15:50,829 --> 00:15:48,060

like a

364

00:15:53,569 --> 00:15:50,839

I mean it's you know it's not like okay

365

00:15:56,329 --> 00:15:53,579

arrow is set up so over the next 25

366

00:15:59,030 --> 00:15:56,339

years we can study this phenomena to get

367

00:16:00,650 --> 00:15:59,040

a you know some sort of uh you know

368

00:16:03,769 --> 00:16:00,660

resolution of it now

369

00:16:06,410 --> 00:16:03,779

arrows set up so we can show the flag do

370

00:16:09,949 --> 00:16:06,420

the right thing so we can get this truth

371

00:16:11,810 --> 00:16:09,959

embargo over like soon like this year

372

00:16:14,569 --> 00:16:11,820

like this summer

373

00:16:17,150 --> 00:16:14,579

but for those that are worried about the

374

00:16:19,129 --> 00:16:17,160

money being spent it's not a lot though

375

00:16:21,949 --> 00:16:19,139

gillibrands made it clear she wants more

376

00:16:24,170 --> 00:16:21,959

so so did Mark Warner this is money well

377

00:16:25,730 --> 00:16:24,180

spent because everything that is being

378

00:16:29,150 --> 00:16:25,740

set up

379

00:16:31,129 --> 00:16:29,160

public facing certainly is going to be

380

00:16:34,850 --> 00:16:31,139

far more needed

381

00:16:37,430 --> 00:16:34,860

uh and and in use once we have that

382

00:16:39,530 --> 00:16:37,440

confirmation of the ET present so it's

383

00:16:41,569 --> 00:16:39,540

it'll just slide right into the

384

00:16:45,050 --> 00:16:41,579

post-disclosure world except it'll be

385

00:16:48,290 --> 00:16:45,060

operating in a new world view meaning

386

00:16:51,889 --> 00:16:48,300

the all denominate all on all domain

387

00:16:54,710 --> 00:16:51,899

anomaly uh resolution office will be

388

00:16:57,410 --> 00:16:54,720

about helping us to know that such and

389

00:17:00,050 --> 00:16:57,420

such an event was not extraterrestrial

390

00:17:03,530 --> 00:17:00,060

but that one was and this one was it

391

00:17:06,350 --> 00:17:03,540

right and uh whatever else is

392

00:17:08,210 --> 00:17:06,360

appropriate does that mean that arrow is

393

00:17:09,770 --> 00:17:08,220

going to be the vehicle by which all the

394

00:17:12,530 --> 00:17:09,780

super secrets are going to be dumped out

395

00:17:14,510 --> 00:17:12,540

to the public I don't think so I think

396

00:17:16,850 --> 00:17:14,520

those are going to come in other ways

397

00:17:19,370 --> 00:17:16,860

from other entities with the approval of

398

00:17:22,789 --> 00:17:19,380

the president and Congress but it made

399

00:17:26,090 --> 00:17:22,799

play a role there but again I can't say

400

00:17:28,309 --> 00:17:26,100

this too often we are winning we are

401  
00:17:30,289 --> 00:17:28,319  
close to the end of the race and I ask

402  
00:17:34,250 --> 00:17:30,299  
people to just kind of keep it cool

403  
00:17:35,330 --> 00:17:34,260  
don't hyperventilate be a little easy on

404  
00:17:38,390 --> 00:17:35,340  
each other

405  
00:17:39,950 --> 00:17:38,400  
right but don't like melon keep the

406  
00:17:43,850 --> 00:17:39,960  
pressure on

407  
00:17:45,350 --> 00:17:43,860  
right but do it responsibly

408  
00:17:47,029 --> 00:17:45,360  
I think there's a lot of people who

409  
00:17:49,310 --> 00:17:47,039  
would take solace and you're your

410  
00:17:51,230 --> 00:17:49,320  
positive outlook on this because many

411  
00:17:52,850 --> 00:17:51,240  
are ready like you say of of this going

412  
00:17:55,310 --> 00:17:52,860  
away but like you have said unlike

413  
00:17:56,930 --> 00:17:55,320

others have said it's very very far down

414

00:17:59,330 --> 00:17:56,940

the line but for them than have ever

415

00:18:02,510 --> 00:17:59,340

been in terms of progress for True

416

00:18:04,850 --> 00:18:02,520

disclosure some people and some of they

417

00:18:06,590 --> 00:18:04,860

cannot beg our names and influencers on

418

00:18:09,049 --> 00:18:06,600

this topic have talked a lot recently

419

00:18:10,789 --> 00:18:09,059

about important events still being a few

420

00:18:13,130 --> 00:18:10,799

years off in terms of kind of ET

421

00:18:15,710 --> 00:18:13,140

disclosure and people binding about

422

00:18:18,710 --> 00:18:15,720

different years like 2027 and such and I

423

00:18:21,409 --> 00:18:18,720

wonder you're you're thinking things

424

00:18:24,169 --> 00:18:21,419

could happen as quickly as this summer

425

00:18:25,730 --> 00:18:24,179

and yeah what do you think when you hear

426

00:18:27,169 --> 00:18:25,740

people talking about things still being

427

00:18:29,150 --> 00:18:27,179

years off

428

00:18:30,230 --> 00:18:29,160

what can I say they're welcome to their

429

00:18:33,590 --> 00:18:30,240

opinion

430

00:18:35,029 --> 00:18:33,600

look trust me nothing is guaranteed as

431

00:18:36,770 --> 00:18:35,039

I've said many times there's huge

432

00:18:38,750 --> 00:18:36,780

historical things there's very

433

00:18:43,430 --> 00:18:38,760

significant things going on right now in

434

00:18:45,169 --> 00:18:43,440

the world uh because of as always bad

435

00:18:47,270 --> 00:18:45,179

government and bad behavior and the part

436

00:18:50,270 --> 00:18:47,280

of government and people

437

00:18:52,669 --> 00:18:50,280

so we have an awful war in the Ukraine

438

00:18:55,250 --> 00:18:52,679

not some war in Africa between two

439

00:18:59,029 --> 00:18:55,260

groups or something or but but rather

440

00:19:03,049 --> 00:18:59,039

between uh a a uh a major nuclear power

441

00:19:05,510 --> 00:19:03,059

Russia and a uh one of the most a very

442

00:19:07,970 --> 00:19:05,520

important country Ukraine which wants to

443

00:19:11,330 --> 00:19:07,980

be part of NATO and all kinds of talks

444

00:19:13,970 --> 00:19:11,340

about tactical news so yeah really

445

00:19:15,529 --> 00:19:13,980

serious problem there is in addition of

446

00:19:17,090 --> 00:19:15,539

course there that we've just gone

447

00:19:19,450 --> 00:19:17,100

through a pandemic which has helped

448

00:19:21,650 --> 00:19:19,460

create enormous stress on many countries

449

00:19:25,370 --> 00:19:21,660

hundreds of millions if not billions of

450

00:19:28,070 --> 00:19:25,380

people uh and uh Eve with potential

451  
00:19:29,750 --> 00:19:28,080  
economic consequences so this is we're

452  
00:19:31,010 --> 00:19:29,760  
in rough Seas

453  
00:19:33,710 --> 00:19:31,020  
and so

454  
00:19:36,770 --> 00:19:33,720  
that could that could create a problem

455  
00:19:38,810 --> 00:19:36,780  
and delay this process I hope it doesn't

456  
00:19:41,510 --> 00:19:38,820  
because and as I will be lecturing at

457  
00:19:44,390 --> 00:19:41,520  
the contact in the desert uh conference

458  
00:19:48,409 --> 00:19:44,400  
big event coming up June two to four in

459  
00:19:50,870 --> 00:19:48,419  
Indian Wells uh California just uh south

460  
00:19:53,630 --> 00:19:50,880  
of Palm Springs big event uh

461  
00:19:58,070 --> 00:19:53,640  
contactingthedesert.com

462  
00:20:01,190 --> 00:19:58,080  
uh I believe that disclosure may be the

463  
00:20:02,890 --> 00:20:01,200

the doorway to uh or the path will help

464

00:20:05,570 --> 00:20:02,900

get us to

465

00:20:07,370 --> 00:20:05,580

dealing with these issues

466

00:20:09,169 --> 00:20:07,380

so in other words what we don't want to

467

00:20:12,289 --> 00:20:09,179

do is let these problems which are

468

00:20:14,630 --> 00:20:12,299

growing delay disclosure it would give

469

00:20:16,370 --> 00:20:14,640

us motivation to get it done because I

470

00:20:19,130 --> 00:20:16,380

think post-disclosure some of these

471

00:20:20,870 --> 00:20:19,140

problems may be addressable and by

472

00:20:24,590 --> 00:20:20,880

problems I mean the threat of nuclear

473

00:20:30,049 --> 00:20:24,600

war uh the threat of Chaos in in in

474

00:20:32,450 --> 00:20:30,059

Nations uprisings uh and and so forth uh

475

00:20:35,029 --> 00:20:32,460

massive border you know migrations of

476  
00:20:37,549 --> 00:20:35,039  
people across borders all of this is in

477  
00:20:39,289 --> 00:20:37,559  
our near future not just in the US but

478  
00:20:40,970 --> 00:20:39,299  
elsewhere because we've got too many

479  
00:20:42,590 --> 00:20:40,980  
people not enough resources and we're

480  
00:20:44,810 --> 00:20:42,600  
spending trillions and trillions and

481  
00:20:46,370 --> 00:20:44,820  
trillions and trillions of dollars on

482  
00:20:49,430 --> 00:20:46,380  
weapons of war

483  
00:20:52,490 --> 00:20:49,440  
military basis massive intelligence and

484  
00:20:55,850 --> 00:20:52,500  
whatever none of which helps feed clothe

485  
00:20:58,010 --> 00:20:55,860  
uh or shelter anybody

486  
00:21:01,130 --> 00:20:58,020  
well except I guess the military guys I

487  
00:21:03,350 --> 00:21:01,140  
mean it gives them a place to stay so um

488  
00:21:09,830 --> 00:21:05,169

my my my

489

00:21:13,549 --> 00:21:09,840

projection is that more than enough has

490

00:21:17,270 --> 00:21:13,559

been done now to hold the hearings uh

491

00:21:19,430 --> 00:21:17,280

NASA is is doing its thing May 31 where

492

00:21:21,409 --> 00:21:19,440

they're going to do go even further with

493

00:21:25,029 --> 00:21:21,419

a public meeting got to take a lot of

494

00:21:27,830 --> 00:21:25,039

questions so NASA is now fully on board

495

00:21:30,649 --> 00:21:27,840

NASA understand is known about the ET

496

00:21:32,510 --> 00:21:30,659

president since it was formed in 58. all

497

00:21:34,450 --> 00:21:32,520

right and NASA is our space agency

498

00:21:37,430 --> 00:21:34,460

NASA's been involved in classified

499

00:21:39,230 --> 00:21:37,440

assisted our secret space program I

500

00:21:41,570 --> 00:21:39,240

prefer to call it our classified Faith

501  
00:21:43,190 --> 00:21:41,580  
program which has always been there NASA

502  
00:21:44,630 --> 00:21:43,200  
is known about DT presses but NASA

503  
00:21:47,149 --> 00:21:44,640  
couldn't touch it with a 10-foot pole

504  
00:21:49,730 --> 00:21:47,159  
absolutely civilian space agency under

505  
00:21:52,070 --> 00:21:49,740  
the 1958 space act it cannot touch it

506  
00:21:53,570 --> 00:21:52,080  
without without the defense Department's

507  
00:21:56,870 --> 00:21:53,580  
approval which it wasn't going to get

508  
00:21:59,510 --> 00:21:56,880  
and so its job was explore space but

509  
00:22:02,029 --> 00:21:59,520  
nothing to do with ETS all right and

510  
00:22:04,190 --> 00:22:02,039  
they've done that but as you know over

511  
00:22:06,110 --> 00:22:04,200  
the last two years NASA has completely

512  
00:22:09,110 --> 00:22:06,120  
started moving in that direction getting

513  
00:22:11,510 --> 00:22:09,120

on record getting on board right Bill

514

00:22:14,810 --> 00:22:11,520

Nelson has made strong statements pilt

515

00:22:16,430 --> 00:22:14,820

Nelson is a former astronaut and and uh

516

00:22:17,810 --> 00:22:16,440

they set up a group now they're going to

517

00:22:19,789 --> 00:22:17,820

have a meeting talk about what that

518

00:22:22,370 --> 00:22:19,799

group is doing take questions in other

519

00:22:25,070 --> 00:22:22,380

words when disclosure comes and

520

00:22:27,649 --> 00:22:25,080

hopefully this year NASA will be seen by

521

00:22:30,289 --> 00:22:27,659

the public as part of the solution

522

00:22:33,350 --> 00:22:30,299

and it'll be a lot easier for NASA to

523

00:22:36,230 --> 00:22:33,360

answer the questions as the space agency

524

00:22:39,529 --> 00:22:36,240

did you know about this before you know

525

00:22:41,390 --> 00:22:39,539

this year yeah yeah there were some we

526  
00:22:43,610 --> 00:22:41,400  
we knew there were people in Arizona

527  
00:22:45,770 --> 00:22:43,620  
need to know but we couldn't deal with

528  
00:22:48,289 --> 00:22:45,780  
it it wasn't it was we were excluded

529  
00:22:50,210 --> 00:22:48,299  
based on National Security principles so

530  
00:22:52,370 --> 00:22:50,220  
this is this is good so NASA's on board

531  
00:22:54,289 --> 00:22:52,380  
so that's May 31.

532  
00:22:55,909 --> 00:22:54,299  
now they've already interviewed a bunch

533  
00:22:58,310 --> 00:22:55,919  
of witnesses we've had confirmation of

534  
00:22:59,630 --> 00:22:58,320  
that from multiple sources so Arrow was

535  
00:23:01,930 --> 00:22:59,640  
interviewed a number of the top military

536  
00:23:06,110 --> 00:23:01,940  
Witnesses so they could testify tomorrow

537  
00:23:07,789 --> 00:23:06,120  
right and and uh we have a number of

538  
00:23:09,110 --> 00:23:07,799

members of Congress that are that are

539

00:23:11,690 --> 00:23:09,120

indicating they're going to have

540

00:23:13,130 --> 00:23:11,700

witnesses or have hearings

541

00:23:15,529 --> 00:23:13,140

and so I think they're going to have

542

00:23:17,450 --> 00:23:15,539

them now why this summer and and the

543

00:23:19,669 --> 00:23:17,460

reason for that is simple

544

00:23:23,149 --> 00:23:19,679

they're facing two

545

00:23:25,669 --> 00:23:23,159

possible two options here one

546

00:23:28,010 --> 00:23:25,679

is they somehow don't hold these

547

00:23:29,750 --> 00:23:28,020

hearings and get this done meaning get

548

00:23:32,750 --> 00:23:29,760

disclosure from the president this

549

00:23:34,570 --> 00:23:32,760

summer all right so we go into another

550

00:23:37,330 --> 00:23:34,580

awful

551  
00:23:40,310 --> 00:23:37,340  
negative controversial

552  
00:23:43,610 --> 00:23:40,320  
uh incredibly expensive

553  
00:23:46,630 --> 00:23:43,620  
presidential year election season

554  
00:23:50,750 --> 00:23:46,640  
or five well let's see

555  
00:23:54,289 --> 00:23:50,760  
435 reps and uh approximately 33 or four

556  
00:23:56,330 --> 00:23:54,299  
senators are running plus Governors and

557  
00:23:57,470 --> 00:23:56,340  
state senators and everything else huge

558  
00:24:01,130 --> 00:23:57,480  
election

559  
00:24:03,110 --> 00:24:01,140  
in which the whole matter of is there an

560  
00:24:06,169 --> 00:24:03,120  
ET presence or not any D presidency is

561  
00:24:07,490 --> 00:24:06,179  
still unresolved and most of them are

562  
00:24:09,230 --> 00:24:07,500  
probably staying away from it because

563  
00:24:11,149 --> 00:24:09,240

they don't know anything and if they're

564

00:24:13,370 --> 00:24:11,159

asked you know they're gonna fumble the

565

00:24:15,830 --> 00:24:13,380

questions and in general

566

00:24:17,510 --> 00:24:15,840

as these people campaign

567

00:24:19,010 --> 00:24:17,520

the public is never going to be able

568

00:24:21,770 --> 00:24:19,020

it's not going to be able to get any

569

00:24:24,049 --> 00:24:21,780

sensible answer from any of them or very

570

00:24:26,330 --> 00:24:24,059

few about their thinking about this

571

00:24:28,190 --> 00:24:26,340

meaning yeah one of the most important

572

00:24:30,169 --> 00:24:28,200

probably the most important issue in our

573

00:24:32,029 --> 00:24:30,179

planet today they're not going to be

574

00:24:34,370 --> 00:24:32,039

able to speak to it but electus anyway

575

00:24:36,049 --> 00:24:34,380

you know just yeah we want to collect

576

00:24:38,890 --> 00:24:36,059

this right can't answer that but elect

577

00:24:42,830 --> 00:24:38,900

this this is this is totally

578

00:24:44,990 --> 00:24:42,840

uh uh inappropriate and and and not

579

00:24:46,970 --> 00:24:45,000

helpful on the other hand

580

00:24:48,110 --> 00:24:46,980

if they can get disclosure done this

581

00:24:49,850 --> 00:24:48,120

summer

582

00:24:51,590 --> 00:24:49,860

which would follow hearings pretty

583

00:24:52,970 --> 00:24:51,600

quickly I think two weeks of hearings I

584

00:24:55,130 --> 00:24:52,980

know the Witnesses are going to testify

585

00:24:56,330 --> 00:24:55,140

it's going to blow people's minds the

586

00:25:00,049 --> 00:24:56,340

members of the Congress their eyes are

587

00:25:01,549 --> 00:25:00,059

going to be a size of saucers and and it

588

00:25:04,490 --> 00:25:01,559

sets the stage for the president to go

589

00:25:05,750 --> 00:25:04,500

hey looks clear to me got an ET presence

590

00:25:08,750 --> 00:25:05,760

doesn't matter whether the president

591

00:25:10,190 --> 00:25:08,760

knew 10 years ago 20 years ago 40 years

592

00:25:11,390 --> 00:25:10,200

ago what matters is what the president

593

00:25:13,909 --> 00:25:11,400

does now

594

00:25:17,870 --> 00:25:13,919

so now the confirmation is taking place

595

00:25:18,770 --> 00:25:17,880

say it's uh I don't know Late July all

596

00:25:20,870 --> 00:25:18,780

right

597

00:25:23,149 --> 00:25:20,880

the the primaries don't start until

598

00:25:24,769 --> 00:25:23,159

early next year though the fundraising

599

00:25:26,810 --> 00:25:24,779

God knows is underway

600

00:25:29,029 --> 00:25:26,820

but the real campaigning won't start

601  
00:25:32,090 --> 00:25:29,039  
until much later this year

602  
00:25:35,210 --> 00:25:32,100  
but what does that mean it means that

603  
00:25:37,370 --> 00:25:35,220  
every single person running for office

604  
00:25:39,230 --> 00:25:37,380  
in the United States in this

605  
00:25:42,169 --> 00:25:39,240  
presidential election year

606  
00:25:45,830 --> 00:25:42,179  
we'll know that the presence of

607  
00:25:48,950 --> 00:25:45,840  
non-human entities and technology is

608  
00:25:51,529 --> 00:25:48,960  
fact it's confirmed

609  
00:25:55,130 --> 00:25:51,539  
and a great deal of the history that has

610  
00:25:57,649 --> 00:25:55,140  
been dismissed but but but sussed out by

611  
00:25:59,930 --> 00:25:57,659  
citizen science researchers for decade

612  
00:26:02,930 --> 00:25:59,940  
after decade but then shoved aside by

613  
00:26:04,909 --> 00:26:02,940

the mainstream in fact valid

614

00:26:06,470 --> 00:26:04,919

and so they're going to have to get up

615

00:26:08,269 --> 00:26:06,480

to speed they're going to have to read

616

00:26:10,310 --> 00:26:08,279

up and do a little studying read a

617

00:26:12,409 --> 00:26:10,320

little Don Schmidt read a little Stan

618

00:26:14,269 --> 00:26:12,419

Friedman Little Richard Dolan and so

619

00:26:16,669 --> 00:26:14,279

forth and so forth and get up to speed

620

00:26:19,909 --> 00:26:16,679

on this issue because I assure you and

621

00:26:22,010 --> 00:26:19,919

that includes contact because uh once

622

00:26:24,350 --> 00:26:22,020

the confirmation is out there it won't

623

00:26:25,970 --> 00:26:24,360

be long before the contact e phenomena

624

00:26:27,769 --> 00:26:25,980

contact Phenom is going to be confirmed

625

00:26:29,750 --> 00:26:27,779

so they're going to get up to speed and

626

00:26:32,990 --> 00:26:29,760

as they go out and campaign

627

00:26:34,850 --> 00:26:33,000

they can answer any question

628

00:26:37,490 --> 00:26:34,860

and they will get asked questions what

629

00:26:39,409 --> 00:26:37,500

is your thinking about this what what do

630

00:26:41,450 --> 00:26:39,419

you think we should do what should be

631

00:26:43,909 --> 00:26:41,460

our policies what do you expect and they

632

00:26:47,450 --> 00:26:43,919

can give the the best answer they can

633

00:26:49,810 --> 00:26:47,460

without having to to act stupid or act

634

00:26:53,450 --> 00:26:49,820

ignorant

635

00:26:54,590 --> 00:26:53,460

this makes for a healthy election in

636

00:26:57,789 --> 00:26:54,600

which

637

00:27:01,610 --> 00:26:57,799

to the extent possible we will know

638

00:27:03,529 --> 00:27:01,620

generally what these people know and and

639

00:27:05,810 --> 00:27:03,539

have learned I mean have you taken the

640

00:27:08,029 --> 00:27:05,820

if some if a candidate post-disclosure

641

00:27:09,350 --> 00:27:08,039

goes on the campaign Trail and somebody

642

00:27:10,909 --> 00:27:09,360

says what's your thought about this

643

00:27:13,010 --> 00:27:10,919

extraterrestrial presence and their

644

00:27:15,649 --> 00:27:13,020

answer I haven't really thought about it

645

00:27:19,010 --> 00:27:15,659

don't vote for that person right for

646

00:27:20,090 --> 00:27:19,020

God's sakes uh so that we will get a

647

00:27:23,510 --> 00:27:20,100

full

648

00:27:26,390 --> 00:27:23,520

interaction between our spiring

649

00:27:27,769 --> 00:27:26,400

political leaders and the public over

650

00:27:30,590 --> 00:27:27,779

this question

651  
00:27:32,450 --> 00:27:30,600  
healthy appropriate and the people that

652  
00:27:33,649 --> 00:27:32,460  
will get elected will be ones where we

653  
00:27:35,750 --> 00:27:33,659  
kind of know where they're coming from

654  
00:27:37,970 --> 00:27:35,760  
because we're going to need as much

655  
00:27:40,430 --> 00:27:37,980  
responsible leadership as possible at a

656  
00:27:42,830 --> 00:27:40,440  
post-disclosure world those are the two

657  
00:27:44,990 --> 00:27:42,840  
options one is awful

658  
00:27:48,049 --> 00:27:45,000  
and the other is wonderful

659  
00:27:50,330 --> 00:27:48,059  
and so on that basis and given the fact

660  
00:27:52,130 --> 00:27:50,340  
that I know a lot of the people that are

661  
00:27:53,810 --> 00:27:52,140  
working for us up on the hill and the

662  
00:27:56,269 --> 00:27:53,820  
dod are actually pretty smart good

663  
00:27:59,090 --> 00:27:56,279

people they're not all evil right

664

00:28:00,890 --> 00:27:59,100

they're not all deep state conspiracists

665

00:28:02,630 --> 00:28:00,900

that are trying to undermine the world

666

00:28:04,190 --> 00:28:02,640

and kill off two-thirds of the

667

00:28:05,570 --> 00:28:04,200

population

668

00:28:07,430 --> 00:28:05,580

and so

669

00:28:08,990 --> 00:28:07,440

I think that they're going to understand

670

00:28:12,110 --> 00:28:09,000

what I've just said

671

00:28:14,450 --> 00:28:12,120

and understand get this done this summer

672

00:28:16,549 --> 00:28:14,460

before the campaigns formally get

673

00:28:19,310 --> 00:28:16,559

underway late this year

674

00:28:21,950 --> 00:28:19,320

but even in the early fall whatever just

675

00:28:24,230 --> 00:28:21,960

get it done before people have to start

676

00:28:27,289 --> 00:28:24,240

campaigning for president don't have

677

00:28:28,549 --> 00:28:27,299

this issue which is now moving along at

678

00:28:31,430 --> 00:28:28,559

warp speed

679

00:28:33,890 --> 00:28:31,440

still hanging in the air unresolved

680

00:28:36,110 --> 00:28:33,900

right which means all the other

681

00:28:38,029 --> 00:28:36,120

conspiracy theories and side theories

682

00:28:39,890 --> 00:28:38,039

and crazy theories are also up there

683

00:28:41,750 --> 00:28:39,900

hanging in there with them which is the

684

00:28:43,970 --> 00:28:41,760

product of the truth embargo

685

00:28:46,370 --> 00:28:43,980

we don't want that it's time to get

686

00:28:48,470 --> 00:28:46,380

serious and get adult

687

00:28:50,810 --> 00:28:48,480

uh not only about this issue but about

688

00:28:52,909 --> 00:28:50,820

our politics

689

00:28:54,649 --> 00:28:52,919

uh Stephen you've made some fascinating

690

00:28:56,690 --> 00:28:54,659

points there in a lot of different ways

691

00:28:58,490 --> 00:28:56,700

we could go off in the conversation and

692

00:29:00,830 --> 00:28:58,500

you've been involved in this topic now

693

00:29:02,390 --> 00:29:00,840

for decades okay and done a lot of work

694

00:29:04,490 --> 00:29:02,400

at a time when we didn't have the

695

00:29:06,049 --> 00:29:04,500

internet or social media the way we do

696

00:29:08,750 --> 00:29:06,059

now and you spearhead a lot of

697

00:29:11,090 --> 00:29:08,760

conversation there's people just joining

698

00:29:12,710 --> 00:29:11,100

this conversation and Topic in the last

699

00:29:14,330 --> 00:29:12,720

couple of weeks and months because of

700

00:29:16,310 --> 00:29:14,340

what they see on the mainstream knows

701  
00:29:18,289 --> 00:29:16,320  
what they see on social media listening

702  
00:29:19,850 --> 00:29:18,299  
to podcasts reading blogs all of that

703  
00:29:22,250 --> 00:29:19,860  
kind of stuff as well

704  
00:29:24,470 --> 00:29:22,260  
and they are hating that there's going

705  
00:29:25,850 --> 00:29:24,480  
to be Witnesses coming forward they

706  
00:29:27,669 --> 00:29:25,860  
might hear whistleblowers you see what

707  
00:29:31,190 --> 00:29:27,679  
their Witnesses okay that's that's nice

708  
00:29:33,470 --> 00:29:31,200  
Witnesses so I would ask you can you

709  
00:29:35,990 --> 00:29:33,480  
tell someone new to this topic or who is

710  
00:29:38,630 --> 00:29:36,000  
still unsure what needs to be said or

711  
00:29:40,549 --> 00:29:38,640  
needs to happen in those hearings that

712  
00:29:42,889 --> 00:29:40,559  
hasn't happened already and to give you

713  
00:29:45,169 --> 00:29:42,899

an example we have seen David favor

714

00:29:47,269 --> 00:29:45,179

sitting on 60 Minutes with Alex Dietrich

715

00:29:49,070 --> 00:29:47,279

talking about the the Nimitz Princeton

716

00:29:51,169 --> 00:29:49,080

event and I've seen Ryan Graves talk

717

00:29:53,269 --> 00:29:51,179

about what he's seen so some very

718

00:29:55,669 --> 00:29:53,279

credible people have talked about some

719

00:29:58,010 --> 00:29:55,679

incredible things and it still didn't

720

00:30:00,710 --> 00:29:58,020

cause you know disclosure not that that

721

00:30:01,909 --> 00:30:00,720

necessarily would but what what big

722

00:30:03,649 --> 00:30:01,919

thing is going to happen at these

723

00:30:05,990 --> 00:30:03,659

hearings that is really going to change

724

00:30:07,669 --> 00:30:06,000

the president's mind well you're going

725

00:30:10,789 --> 00:30:07,679

to hear

726

00:30:12,769 --> 00:30:10,799

a a good deal of the testimony

727

00:30:13,909 --> 00:30:12,779

which will come from military Witnesses

728

00:30:16,190 --> 00:30:13,919

I mean it's going to be military

729

00:30:17,870 --> 00:30:16,200

Witnesses possibly some civilian

730

00:30:19,789 --> 00:30:17,880

contractors like a Steve Justice maybe

731

00:30:22,250 --> 00:30:19,799

but what military would

732

00:30:23,690 --> 00:30:22,260

because this is being approached from

733

00:30:26,870 --> 00:30:23,700

the standpoint of National Security

734

00:30:28,669 --> 00:30:26,880

implications which is great fine it does

735

00:30:30,110 --> 00:30:28,679

have National Security implications and

736

00:30:31,789 --> 00:30:30,120

is it totally appropriate to look at it

737

00:30:33,590 --> 00:30:31,799

that way it's not all that's going on

738

00:30:35,750 --> 00:30:33,600

but that is a comfortable and safe

739

00:30:37,850 --> 00:30:35,760

political way to approach this

740

00:30:39,590 --> 00:30:37,860

fine what we're going to hear is a lot

741

00:30:42,289 --> 00:30:39,600

of what we already know except we're

742

00:30:45,110 --> 00:30:42,299

going to hear it in a hearing

743

00:30:47,330 --> 00:30:45,120

by Witnesses under oath

744

00:30:51,529 --> 00:30:47,340

right

745

00:30:53,630 --> 00:30:51,539

lying meaning a penalty perjury

746

00:30:55,130 --> 00:30:53,640

right and we're gonna and the and the

747

00:30:58,370 --> 00:30:55,140

and and the there will be some

748

00:31:00,590 --> 00:30:58,380

classified I'm sure testimony that will

749

00:31:02,210 --> 00:31:00,600

take place but most of this testimony is

750

00:31:04,190 --> 00:31:02,220

going to be on camera being watched by

751  
00:31:06,590 --> 00:31:04,200  
people around the world

752  
00:31:08,750 --> 00:31:06,600  
that's the difference

753  
00:31:10,850 --> 00:31:08,760  
all right so if you got a hundred or two

754  
00:31:12,830 --> 00:31:10,860  
hundred million people watching Bob

755  
00:31:14,690 --> 00:31:12,840  
Salas talk about the shutting down of

756  
00:31:16,669 --> 00:31:14,700  
nuclear missiles that's not the same

757  
00:31:20,810 --> 00:31:16,679  
thing as Bob giving a press conference

758  
00:31:22,669 --> 00:31:20,820  
with uh uh Robert Hastings in 2010 that

759  
00:31:24,169 --> 00:31:22,679  
the Press came to and then walked away

760  
00:31:27,289 --> 00:31:24,179  
and didn't do much

761  
00:31:29,630 --> 00:31:27,299  
this is this is Showtime

762  
00:31:33,049 --> 00:31:29,640  
all right the the the the the curtain is

763  
00:31:34,190 --> 00:31:33,059

going up on a huge stage the audience is

764

00:31:37,490 --> 00:31:34,200

massive

765

00:31:39,409 --> 00:31:37,500

all right and so what it's not that

766

00:31:41,570 --> 00:31:39,419

there's something else that's gonna

767

00:31:44,450 --> 00:31:41,580

suddenly turn up and and that may be the

768

00:31:46,669 --> 00:31:44,460

case then we'll go oh oh you you you

769

00:31:48,889 --> 00:31:46,679

said that happened well then hey we got

770

00:31:51,769 --> 00:31:48,899

to have this class no all we have to do

771

00:31:53,870 --> 00:31:51,779

is simply say under oath what we've

772

00:31:55,730 --> 00:31:53,880

already been hearing in various ways for

773

00:31:58,190 --> 00:31:55,740

years and years and years

774

00:31:59,630 --> 00:31:58,200

that and the re and and that is the

775

00:32:03,529 --> 00:31:59,640

reason why

776

00:32:05,690 --> 00:32:03,539

for for since 1968

777

00:32:09,529 --> 00:32:05,700

every effort to get a hearing in

778

00:32:15,110 --> 00:32:09,539

Congress on this issue has been blocked

779

00:32:16,850 --> 00:32:15,120

period and what's that 55 years okay

780

00:32:20,330 --> 00:32:16,860

people say oh no no we've had two

781

00:32:22,430 --> 00:32:20,340

hearings now no we haven't

782

00:32:26,930 --> 00:32:22,440

Bray and Moultrie came up to give a

783

00:32:28,970 --> 00:32:26,940

briefing to Andre Carson's committee on

784

00:32:32,090 --> 00:32:28,980

progress with respect to the original

785

00:32:34,130 --> 00:32:32,100

program they didn't take an oath I don't

786

00:32:35,870 --> 00:32:34,140

believe pretty sure it could be wrong

787

00:32:36,889 --> 00:32:35,880

but I don't think they did didn't need

788

00:32:42,889 --> 00:32:36,899

to

789

00:32:45,649 --> 00:32:42,899

and I

790

00:32:48,049 --> 00:32:45,659

I don't think he took an oath and and

791

00:32:49,610 --> 00:32:48,059

even if it even if Moultrie and braid

792

00:32:53,630 --> 00:32:49,620

did take an oath and I'm gonna check up

793

00:32:54,590 --> 00:32:53,640

on that again that's not a hearing

794

00:32:57,830 --> 00:32:54,600

really

795

00:33:00,649 --> 00:32:57,840

uh it was a a briefing questions were

796

00:33:01,250 --> 00:33:00,659

asked what do you know and so forth

797

00:33:04,730 --> 00:33:01,260

um

798

00:33:07,190 --> 00:33:04,740

so the the last hearing we had that was

799

00:33:09,289 --> 00:33:07,200

a true hearing was 68.

800

00:33:11,630 --> 00:33:09,299

so the hearings that are coming

801  
00:33:14,690 --> 00:33:11,640  
will be really the first the first since

802  
00:33:16,370 --> 00:33:14,700  
then and the I think the 68 hearing

803  
00:33:19,190 --> 00:33:16,380  
there were four Witnesses and some

804  
00:33:20,990 --> 00:33:19,200  
outside testimony there there will be

805  
00:33:23,389 --> 00:33:21,000  
perhaps dozens

806  
00:33:26,330 --> 00:33:23,399  
uh in the hearings that are coming all

807  
00:33:31,850 --> 00:33:26,340  
right and so it's what we have been

808  
00:33:34,370 --> 00:33:31,860  
trying to get for 50 uh uh uh 55 years

809  
00:33:35,450 --> 00:33:34,380  
is finally going to happen that's a long

810  
00:33:38,330 --> 00:33:35,460  
time

811  
00:33:41,210 --> 00:33:38,340  
and and I assure you that everything

812  
00:33:45,710 --> 00:33:41,220  
leading up to this the hearing in 66

813  
00:33:47,450 --> 00:33:45,720

that took place which was spurred by uh

814

00:33:49,909 --> 00:33:47,460

that might have been the one spurred by

815

00:33:51,769 --> 00:33:49,919

Ford over the Michigan sightings or

816

00:33:53,870 --> 00:33:51,779

might have been 68 I think 66 was the

817

00:33:55,250 --> 00:33:53,880

one that Ford put together I think it

818

00:33:56,450 --> 00:33:55,260

was you know four or five people and

819

00:33:58,970 --> 00:33:56,460

then we're like four or five people or

820

00:34:02,509 --> 00:33:58,980

four people in the 68 hearing one day

821

00:34:03,889 --> 00:34:02,519

that's it's all over right uh almost I I

822

00:34:05,570 --> 00:34:03,899

don't know if there's even any film of

823

00:34:07,610 --> 00:34:05,580

either one of them that are there it

824

00:34:09,349 --> 00:34:07,620

might have been filmed but it's lost in

825

00:34:10,849 --> 00:34:09,359

the archives it would be nice to get

826

00:34:12,710 --> 00:34:10,859

that footage

827

00:34:14,230 --> 00:34:12,720

that's nothing compared to what's

828

00:34:18,589 --> 00:34:14,240

happening now what's going to happen

829

00:34:21,409 --> 00:34:18,599

massive all right so again

830

00:34:25,129 --> 00:34:21,419

I'm I'm telling people we're winning

831

00:34:27,230 --> 00:34:25,139

and this is going just fine by and large

832

00:34:29,450 --> 00:34:27,240

uh but it does need to get done this

833

00:34:33,050 --> 00:34:31,010

you've mentioned the phrase post

834

00:34:35,210 --> 00:34:33,060

disclosure world and I just want to

835

00:34:37,909 --> 00:34:35,220

speculate for a moment what does a

836

00:34:39,829 --> 00:34:37,919

setting president do in terms of their

837

00:34:42,169 --> 00:34:39,839

very first acts if it's President Joe

838

00:34:44,629 --> 00:34:42,179

Biden going on to the the cameras of the

839

00:34:46,849 --> 00:34:44,639

world and he announces an ET presence

840

00:34:49,810 --> 00:34:46,859

when those cameras turn off what are the

841

00:34:55,250 --> 00:34:49,820

first things you you expect to happen

842

00:34:59,750 --> 00:34:57,109

first

843

00:35:02,750 --> 00:34:59,760

let's see

844

00:35:04,190 --> 00:35:02,760

I think in addition to confirming the

845

00:35:06,050 --> 00:35:04,200

Extraterrestrial presence or the

846

00:35:07,130 --> 00:35:06,060

non-human intelligence presence what do

847

00:35:10,069 --> 00:35:07,140

you want to call it

848

00:35:11,569 --> 00:35:10,079

uh the President should make should

849

00:35:13,450 --> 00:35:11,579

certainly assure the public that

850

00:35:19,010 --> 00:35:13,460

hearings

851  
00:35:20,450 --> 00:35:19,020  
as the Congress and the American public

852  
00:35:22,190 --> 00:35:20,460  
get brought up to speed in other words

853  
00:35:24,349 --> 00:35:22,200  
whatever hearings have taken place prior

854  
00:35:27,230 --> 00:35:24,359  
to the confirmation there will be more

855  
00:35:30,349 --> 00:35:27,240  
okay and he needs to assure them that

856  
00:35:33,349 --> 00:35:30,359  
the administration is committed to

857  
00:35:34,849 --> 00:35:33,359  
getting uh whatever information can be

858  
00:35:38,410 --> 00:35:34,859  
brought to the public

859  
00:35:42,349 --> 00:35:38,420  
will be accurate all right

860  
00:35:44,210 --> 00:35:42,359  
uh and he might indicate that some

861  
00:35:47,030 --> 00:35:44,220  
information is is still going to remain

862  
00:35:48,589 --> 00:35:47,040  
classified but we're going to try to

863  
00:35:49,370 --> 00:35:48,599

keep that at a minimum something like

864

00:35:52,910 --> 00:35:49,380

that

865

00:35:55,130 --> 00:35:52,920

uh he may announce something like a new

866

00:35:58,490 --> 00:35:55,140

cabinet position is being set up as

867

00:36:03,790 --> 00:36:02,050

extraterrestrial Affairs or or whatever

868

00:36:07,329 --> 00:36:03,800

yeah

869

00:36:10,730 --> 00:36:07,339

uh but maybe not but

870

00:36:12,290 --> 00:36:10,740

the the fundamentally the president's

871

00:36:15,230 --> 00:36:12,300

job

872

00:36:16,609 --> 00:36:15,240

uh really that the the most important

873

00:36:18,950 --> 00:36:16,619

part of the president's job from the

874

00:36:21,589 --> 00:36:18,960

moment he steps in front of the podium

875

00:36:24,770 --> 00:36:21,599

to make the confirmation statement

876

00:36:29,870 --> 00:36:24,780

is to keep the public calm

877

00:36:30,650 --> 00:36:29,880

choke show uh uh calm himself

878

00:36:35,150 --> 00:36:30,660

um

879

00:36:37,190 --> 00:36:35,160

and by all means be truthful that the

880

00:36:40,430 --> 00:36:37,200

the awareness

881

00:36:43,370 --> 00:36:40,440

almost hyper awareness that the public

882

00:36:46,190 --> 00:36:43,380

is going to have

883

00:36:49,130 --> 00:36:46,200

with respect to this issue

884

00:36:52,670 --> 00:36:49,140

certainly as it goes forward

885

00:36:54,530 --> 00:36:52,680

but may spread to other issues

886

00:36:57,890 --> 00:36:54,540

of

887

00:37:00,829 --> 00:36:57,900

uh truthfulness

888

00:37:06,650 --> 00:37:00,839

is going to be extreme

889

00:37:09,230 --> 00:37:06,660  
and so any efforts to to misstate

890

00:37:11,650 --> 00:37:09,240  
uh

891

00:37:13,550 --> 00:37:11,660  
misrepresent

892

00:37:16,810 --> 00:37:13,560  
confuse

893

00:37:19,069 --> 00:37:16,820  
are going to be not well received

894

00:37:21,530 --> 00:37:19,079  
because the the number of people that

895

00:37:24,589 --> 00:37:21,540  
are paying attention and the history of

896

00:37:25,609 --> 00:37:24,599  
this issue screams it's time to tell the

897

00:37:31,970 --> 00:37:25,619  
truth

898

00:37:33,650 --> 00:37:31,980  
be viewed very badly and so uh that is

899

00:37:36,230 --> 00:37:33,660  
one of the things the president is going

900

00:37:38,030 --> 00:37:36,240  
to have to emphasize meaning okay we're

901  
00:37:39,589 --> 00:37:38,040  
going to get you information you're

902  
00:37:42,069 --> 00:37:39,599  
going to learn more and it's going to be

903  
00:37:45,710 --> 00:37:42,079  
the truth we are we're going to be as

904  
00:37:47,510 --> 00:37:45,720  
Vigilant about that either you can't we

905  
00:37:49,550 --> 00:37:47,520  
can't give we can't inform you about

906  
00:37:51,770 --> 00:37:49,560  
this right now because it is still a

907  
00:37:54,589 --> 00:37:51,780  
classified National Security matter but

908  
00:37:56,870 --> 00:37:54,599  
what we will tell you will be the truth

909  
00:37:59,930 --> 00:37:56,880  
it's going to be no more obfuscation

910  
00:38:01,970 --> 00:37:59,940  
so these are the kinds of things uh and

911  
00:38:03,530 --> 00:38:01,980  
then once you know and in the weeks and

912  
00:38:07,970 --> 00:38:03,540  
months to come there will be hearings

913  
00:38:09,950 --> 00:38:07,980

there will be a lot of things I mean you

914

00:38:12,050 --> 00:38:09,960

know it I I just

915

00:38:14,089 --> 00:38:12,060

I can't even begin to describe all that

916

00:38:15,589 --> 00:38:14,099

will take place in the in the weeks and

917

00:38:19,609 --> 00:38:15,599

months following the disclosure event

918

00:38:21,230 --> 00:38:19,619

but it will be uh uh quite a show and uh

919

00:38:23,690 --> 00:38:21,240

I can't wait for it

920

00:38:26,270 --> 00:38:23,700

that one confirmation I think will be a

921

00:38:29,329 --> 00:38:26,280

huge sigh of relief for many no less

922

00:38:31,010 --> 00:38:29,339

than yourself and I'll spring up a

923

00:38:33,829 --> 00:38:31,020

million or a billion different questions

924

00:38:35,990 --> 00:38:33,839

off the back of it and I wonder at that

925

00:38:37,310 --> 00:38:36,000

point as they're still and I don't know

926

00:38:40,250 --> 00:38:37,320

if you touched on it in a way they are

927

00:38:43,010 --> 00:38:40,260

is there still a danger of a new truth

928

00:38:45,290 --> 00:38:43,020

embargo coming out because while we then

929

00:38:47,630 --> 00:38:45,300

have a confirmation of an ET presence a

930

00:38:50,089 --> 00:38:47,640

non-human intelligence the what the

931

00:38:52,670 --> 00:38:50,099

where the who the why the when the how

932

00:38:55,190 --> 00:38:52,680

many all of that might not even have an

933

00:38:58,130 --> 00:38:55,200

answer yet and do entities such as the

934

00:39:00,710 --> 00:38:58,140

Air Force who have tried to to obfuscate

935

00:39:03,290 --> 00:39:00,720

this for many many decades do they try

936

00:39:05,630 --> 00:39:03,300

then control whatever truth they can

937

00:39:07,670 --> 00:39:05,640

and whatever way they can

938

00:39:09,829 --> 00:39:07,680

well the president

939

00:39:12,470 --> 00:39:09,839

is the one that controls

940

00:39:14,510 --> 00:39:12,480

what can come out

941

00:39:16,370 --> 00:39:14,520

ultimately in other words the president

942

00:39:18,290 --> 00:39:16,380

has the ability

943

00:39:21,290 --> 00:39:18,300

to

944

00:39:23,030 --> 00:39:21,300

pretty much ensure that whatever the

945

00:39:25,430 --> 00:39:23,040

president wants to come from the air

946

00:39:27,170 --> 00:39:25,440

force of a Navy or anybody else will

947

00:39:30,410 --> 00:39:27,180

happen

948

00:39:32,030 --> 00:39:30,420

and in a post-disclosure situation the

949

00:39:34,970 --> 00:39:32,040

public will give the president's

950

00:39:36,710 --> 00:39:34,980

substantial license in that regard

951  
00:39:39,349 --> 00:39:36,720  
I mean if you want to bring a hammer

952  
00:39:41,230 --> 00:39:39,359  
down on the Air Force no problem with us

953  
00:39:43,190 --> 00:39:41,240  
right

954  
00:39:45,829 --> 00:39:43,200  
so

955  
00:39:50,270 --> 00:39:45,839  
no not another truth embargo

956  
00:39:52,910 --> 00:39:50,280  
what you will see post disclosure is

957  
00:39:56,329 --> 00:39:52,920  
a flow of information regarding this

958  
00:39:58,609 --> 00:39:56,339  
issue coming out of government sources

959  
00:40:02,690 --> 00:39:58,619  
which will be true

960  
00:40:05,750 --> 00:40:02,700  
uh and people will be pretty impressed

961  
00:40:08,450 --> 00:40:05,760  
and uh excited about it

962  
00:40:12,109 --> 00:40:08,460  
it will be profound

963  
00:40:14,089 --> 00:40:12,119

uh at the same time the people will know

964

00:40:16,130 --> 00:40:14,099

that not everything can simply be

965

00:40:18,589 --> 00:40:16,140

revealed day two it's not going to

966

00:40:20,329 --> 00:40:18,599

happen that way this thing is tied to

967

00:40:21,829 --> 00:40:20,339

National Security there are aspects of

968

00:40:22,550 --> 00:40:21,839

it

969

00:40:26,089 --> 00:40:22,560

um

970

00:40:27,530 --> 00:40:26,099

there are deep classifieds programs

971

00:40:29,810 --> 00:40:27,540

dealing with this issue that have been

972

00:40:31,430 --> 00:40:29,820

operating for decades they're not just

973

00:40:32,930 --> 00:40:31,440

going to throw open the door not to

974

00:40:35,210 --> 00:40:32,940

press in

975

00:40:37,970 --> 00:40:35,220

there needs to be an orderly process in

976  
00:40:41,270 --> 00:40:37,980  
which we where we are learning more and

977  
00:40:43,430 --> 00:40:41,280  
more over a reasonable period of time a

978  
00:40:45,470 --> 00:40:43,440  
learning curve as it were

979  
00:40:51,410 --> 00:40:45,480  
as

980  
00:40:52,910 --> 00:40:51,420  
adjusts to the post-disclosure world

981  
00:40:55,010 --> 00:40:52,920  
which they have had they've known as

982  
00:40:56,510 --> 00:40:55,020  
coming and they there's a lot of

983  
00:40:58,130 --> 00:40:56,520  
um effort I'm sure that's been conducted

984  
00:41:00,890 --> 00:40:58,140  
within the dod I don't know about

985  
00:41:02,450 --> 00:41:00,900  
Department of State or other agencies

986  
00:41:04,490 --> 00:41:02,460  
but certainly the dod they've been

987  
00:41:06,470 --> 00:41:04,500  
expecting this for a long time I'm sure

988  
00:41:09,050 --> 00:41:06,480

they've scoped it out and and gained it

989

00:41:10,490 --> 00:41:09,060

out many times but it's also the truth

990

00:41:11,810 --> 00:41:10,500

we're not that's also the case that

991

00:41:14,690 --> 00:41:11,820

we're not the only government that's

992

00:41:16,190 --> 00:41:14,700

going to be revealing information and so

993

00:41:18,530 --> 00:41:16,200

while we may not get something from the

994

00:41:22,069 --> 00:41:18,540

US government we get it from France or

995

00:41:25,250 --> 00:41:22,079

the UK or Russia uh this is not just a

996

00:41:27,490 --> 00:41:25,260

U.S game the ET presence is known to

997

00:41:30,490 --> 00:41:27,500

almost every dance gov

998

00:41:32,510 --> 00:41:30,500

technological country in the world

999

00:41:35,270 --> 00:41:32,520

oddly enough

1000

00:41:37,609 --> 00:41:35,280

and so they are they're going to be

1001  
00:41:39,910 --> 00:41:37,619  
freed up and to some degree I think

1002  
00:41:42,890 --> 00:41:39,920  
they'll be competing for attention

1003  
00:41:46,010 --> 00:41:42,900  
meaning well the United States won't

1004  
00:41:49,010 --> 00:41:46,020  
tell you about this we can come bring

1005  
00:41:51,410 --> 00:41:49,020  
the cameras okay as world leaders in

1006  
00:41:54,230 --> 00:41:51,420  
countries by to be part of this

1007  
00:41:55,790 --> 00:41:54,240  
amazingly profound historical event kind

1008  
00:41:58,609 --> 00:41:55,800  
of vying for attention

1009  
00:42:01,089 --> 00:41:58,619  
and so that competition is going to

1010  
00:42:06,650 --> 00:42:01,099  
probably help speed up this

1011  
00:42:09,470 --> 00:42:06,660  
revealing process uh one way or another

1012  
00:42:11,750 --> 00:42:09,480  
in the months and years following

1013  
00:42:14,569 --> 00:42:11,760

disclosure

1014

00:42:16,250 --> 00:42:14,579

a huge amount of information that has

1015

00:42:18,290 --> 00:42:16,260

formally been classified and government

1016

00:42:19,849 --> 00:42:18,300

hands is going to be Declassified and

1017

00:42:21,470 --> 00:42:19,859

delivered to the American to the people

1018

00:42:23,390 --> 00:42:21,480

of the world

1019

00:42:25,190 --> 00:42:23,400

at some point the ET is going to step

1020

00:42:27,950 --> 00:42:25,200

into this in my view and I put that in

1021

00:42:29,870 --> 00:42:27,960

about two years meaning open contact and

1022

00:42:32,329 --> 00:42:29,880

that's an old another thing right at

1023

00:42:34,010 --> 00:42:32,339

that point Lord knows where things will

1024

00:42:35,450 --> 00:42:34,020

go after that but

1025

00:42:38,210 --> 00:42:35,460

that's the kind of thing that I expect

1026

00:42:41,510 --> 00:42:38,220

and what keeps me uh

1027

00:42:43,550 --> 00:42:41,520

excited and engaged I I believe and I've

1028

00:42:47,150 --> 00:42:43,560

said countless times I believe

1029

00:42:49,250 --> 00:42:47,160

disclosure what we call disclosure self

1030

00:42:50,990 --> 00:42:49,260

acknowledgment formally heads of state

1031

00:42:53,690 --> 00:42:51,000

to ourselves

1032

00:42:57,349 --> 00:42:53,700

not some Independence Day ship hanging

1033

00:42:59,809 --> 00:42:57,359

over New York uh is the doorway and

1034

00:43:01,910 --> 00:42:59,819

essential to getting to open contact

1035

00:43:03,589 --> 00:43:01,920

and open contacts as far as I'm

1036

00:43:07,430 --> 00:43:03,599

concerned post-disclosure Could Happen

1037

00:43:10,849 --> 00:43:07,440

anytime but probably a a a a reasonable

1038

00:43:13,430 --> 00:43:10,859

amount of time to get comfortable and

1039

00:43:15,829 --> 00:43:13,440

used to and educated about this issue

1040

00:43:18,230 --> 00:43:15,839

and the part of the nations of this

1041

00:43:21,290 --> 00:43:18,240

planet and people citizens of those

1042

00:43:22,790 --> 00:43:21,300

Nations should happen and I've always

1043

00:43:23,750 --> 00:43:22,800

said I think about two years is more

1044

00:43:26,150 --> 00:43:23,760

than enough

1045

00:43:28,430 --> 00:43:26,160

uh given modern Communications and Tech

1046

00:43:35,390 --> 00:43:28,440

that we have obviously if we're talking

1047

00:43:38,270 --> 00:43:35,400

18 uh uh uh 23 and not not uh to 2023 in

1048

00:43:40,370 --> 00:43:38,280

1923 not 2023 that learning curve might

1049

00:43:42,349 --> 00:43:40,380

be a hell of a lot longer but now no no

1050

00:43:44,510 --> 00:43:42,359

no no no no our whole planet could get

1051  
00:43:46,250 --> 00:43:44,520  
up to speed in two years or less even a

1052  
00:43:50,390 --> 00:43:46,260  
year might be enough

1053  
00:43:53,450 --> 00:43:50,400  
so for Me Disclosure is just the next

1054  
00:43:57,950 --> 00:43:53,460  
step to open contact and open contact is

1055  
00:44:00,829 --> 00:43:57,960  
the next step to us being part of

1056  
00:44:03,230 --> 00:44:00,839  
and near I say it

1057  
00:44:05,809 --> 00:44:03,240  
the Galactic Federation

1058  
00:44:09,530 --> 00:44:05,819  
right or whatever

1059  
00:44:11,690 --> 00:44:09,540  
ETS call it right and they're and it may

1060  
00:44:14,030 --> 00:44:11,700  
not be a galactic it could just be kind

1061  
00:44:17,569 --> 00:44:14,040  
of a regional thing you know so there's

1062  
00:44:19,550 --> 00:44:17,579  
a lot of stars in in this galaxy uh and

1063  
00:44:24,050 --> 00:44:19,560

the number of civilizations May

1064

00:44:26,030 --> 00:44:24,060

ultimately just be mind-blowing but so

1065

00:44:28,130 --> 00:44:26,040

it could just be a group kind of in our

1066

00:44:29,809 --> 00:44:28,140

Zone about eight or nine or 10 or 12 or

1067

00:44:31,609 --> 00:44:29,819

20 and they they have kind of an

1068

00:44:32,770 --> 00:44:31,619

understanding they work together so

1069

00:44:36,109 --> 00:44:32,780

whatever the hell you want to call it

1070

00:44:37,849 --> 00:44:36,119

that open contact could then be the next

1071

00:44:39,530 --> 00:44:37,859

step to that being involved in that

1072

00:44:41,390 --> 00:44:39,540

because we are

1073

00:44:43,670 --> 00:44:41,400

enter we are inner we are a

1074

00:44:46,609 --> 00:44:43,680

space-bearing civilization now

1075

00:44:47,630 --> 00:44:46,619

approaching Interstellar capability

1076

00:44:50,690 --> 00:44:47,640

hey

1077

00:44:53,030 --> 00:44:50,700

don't blame me or you know our

1078

00:44:54,950 --> 00:44:53,040

physicists are working real hard to get

1079

00:44:57,109 --> 00:44:54,960

there and they're making progress

1080

00:44:59,210 --> 00:44:57,119

so if there is a way around relativity

1081

00:45:01,190 --> 00:44:59,220

we are going to figure it out

1082

00:45:02,870 --> 00:45:01,200

but and and there's a lot of other

1083

00:45:05,990 --> 00:45:02,880

technologies that we're starting to

1084

00:45:07,970 --> 00:45:06,000

figure out uh but we're really not have

1085

00:45:08,990 --> 00:45:07,980

we don't have the emotional IQ to deal

1086

00:45:12,250 --> 00:45:09,000

with

1087

00:45:17,809 --> 00:45:12,260

and so we're creating all this really

1088

00:45:19,790 --> 00:45:17,819

amazing new uh Tech and New Concepts

1089

00:45:22,010 --> 00:45:19,800

without considering the impact it's

1090

00:45:26,109 --> 00:45:22,020

going to have on civilization

1091

00:45:29,809 --> 00:45:26,119

uh obviously the the recent one is AI

1092

00:45:33,290 --> 00:45:29,819

we we are we are kids

1093

00:45:35,870 --> 00:45:33,300

playing in a Minefield running around

1094

00:45:37,430 --> 00:45:35,880

in a Minefield just jumping up and down

1095

00:45:40,910 --> 00:45:37,440

all excited

1096

00:45:42,530 --> 00:45:40,920

uh we we we're we're not being we're not

1097

00:45:45,530 --> 00:45:42,540

being responsible

1098

00:45:50,390 --> 00:45:45,540

and so whether it's AI or or whether

1099

00:45:52,010 --> 00:45:50,400

it's uh massive use of of uh social

1100

00:45:56,650 --> 00:45:52,020

media and Communications by

1101  
00:45:58,370 --> 00:45:56,660  
seven-year-old kids or or the uh genetic

1102  
00:46:01,250 --> 00:45:58,380  
developments that we're getting into

1103  
00:46:03,890 --> 00:46:01,260  
which allow us to really get involved in

1104  
00:46:06,290 --> 00:46:03,900  
genetic manipulations all of the

1105  
00:46:08,510 --> 00:46:06,300  
nightmares of our science fiction are

1106  
00:46:11,329 --> 00:46:08,520  
literally right on the horizon and we're

1107  
00:46:13,130 --> 00:46:11,339  
going well you know collateral damage

1108  
00:46:18,530 --> 00:46:13,140  
you got to break some eggs

1109  
00:46:20,510 --> 00:46:18,540  
oh no and I've said a few times uh If I

1110  
00:46:23,750 --> 00:46:20,520  
Was President United States and I

1111  
00:46:26,089 --> 00:46:23,760  
thought you know and and I I think Biden

1112  
00:46:29,870 --> 00:46:26,099  
would be brilliant if he did this

1113  
00:46:31,309 --> 00:46:29,880

uh we need immediately two new cabinet

1114

00:46:34,849 --> 00:46:31,319

positions

1115

00:46:36,410 --> 00:46:34,859

uh one would be a secretary of Peace we

1116

00:46:38,990 --> 00:46:36,420

need a department of Peace in this

1117

00:46:41,089 --> 00:46:39,000

country with a secretary of peace that

1118

00:46:43,309 --> 00:46:41,099

has cabinet level position

1119

00:46:45,050 --> 00:46:43,319

however they could just go up over down

1120

00:46:48,230 --> 00:46:45,060

to the state department cross over to

1121

00:46:51,349 --> 00:46:48,240

the the U.S institute of peace and just

1122

00:46:53,089 --> 00:46:51,359

buy it and make that the department uh

1123

00:46:55,490 --> 00:46:53,099

we need someone at the cabinet level

1124

00:46:58,790 --> 00:46:55,500

constantly advising the president on

1125

00:47:01,490 --> 00:46:58,800

everything possible to move it to the

1126

00:47:05,329 --> 00:47:01,500

direction of Peace as opposed to war

1127

00:47:07,609 --> 00:47:05,339

uh and we need a secretary of scientific

1128

00:47:10,609 --> 00:47:07,619

and Technology ethics

1129

00:47:12,410 --> 00:47:10,619

absolutely we need a state department we

1130

00:47:15,530 --> 00:47:12,420

need a department level cabinet level

1131

00:47:18,650 --> 00:47:15,540

department on Science and Technology

1132

00:47:19,490 --> 00:47:18,660

ethics to advise Congress and the

1133

00:47:22,250 --> 00:47:19,500

president

1134

00:47:24,710 --> 00:47:22,260

on the ethical implications of the

1135

00:47:28,609 --> 00:47:24,720

technology we're creating

1136

00:47:31,010 --> 00:47:28,619

this this would be a bold move and I

1137

00:47:33,349 --> 00:47:31,020

think get a lot of attention because if

1138

00:47:36,470 --> 00:47:33,359

we do not start applying

1139

00:47:38,450 --> 00:47:36,480

ethics and morality to the technology

1140

00:47:41,809 --> 00:47:38,460

that we create

1141

00:47:43,089 --> 00:47:41,819

uh and and could which might actually

1142

00:47:47,089 --> 00:47:43,099

expand

1143

00:47:48,890 --> 00:47:47,099

uh if if uh we get disclosure we get

1144

00:47:50,870 --> 00:47:48,900

confirmation of ET presence where other

1145

00:47:52,490 --> 00:47:50,880

texts suddenly emerge out of nowhere oh

1146

00:47:54,290 --> 00:47:52,500

we didn't know that

1147

00:47:57,349 --> 00:47:54,300

we're gonna we're gonna we're gonna be

1148

00:47:59,630 --> 00:47:57,359

the victims of our own science fiction

1149

00:48:02,329 --> 00:47:59,640

right all this AI stuff and everything

1150

00:48:03,829 --> 00:48:02,339

and I'm thinking did anybody involved in

1151

00:48:05,630 --> 00:48:03,839

the development of AI watch the

1152

00:48:07,609 --> 00:48:05,640

Terminator series I mean am I the only

1153

00:48:10,849 --> 00:48:07,619

one I mean did they did they miss that

1154

00:48:13,250 --> 00:48:10,859

right but they do they know who Arnold

1155

00:48:16,069 --> 00:48:13,260

Schwarzenegger is that they watch those

1156

00:48:19,370 --> 00:48:16,079

movies apparently not it's like hey what

1157

00:48:21,950 --> 00:48:19,380

could go wrong so this is these are the

1158

00:48:25,609 --> 00:48:21,960

kinds of things that I think about and

1159

00:48:27,829 --> 00:48:25,619

just a just a just a tiny part of the

1160

00:48:29,569 --> 00:48:27,839

the issues that will be in play in a

1161

00:48:31,490 --> 00:48:29,579

post-disclosure world which hopefully

1162

00:48:33,829 --> 00:48:31,500

arrives by Christmas

1163

00:48:35,809 --> 00:48:33,839

I just wonder you give her a wonderful

1164

00:48:39,050 --> 00:48:35,819

time scale of around two years to

1165

00:48:41,150 --> 00:48:39,060

potential open contact and to bridge

1166

00:48:43,069 --> 00:48:41,160

that gap of that two years say for

1167

00:48:45,410 --> 00:48:43,079

example Biden makes the address on a

1168

00:48:46,790 --> 00:48:45,420

Friday afternoon and the world gets the

1169

00:48:48,650 --> 00:48:46,800

weekend they're going to soak in that

1170

00:48:50,270 --> 00:48:48,660

information that okay we've had the

1171

00:48:52,190 --> 00:48:50,280

confirmation we're not alone

1172

00:48:54,170 --> 00:48:52,200

everyone goes back to work don't they

1173

00:48:57,109 --> 00:48:54,180

the following week and schools are open

1174

00:48:59,750 --> 00:48:57,119

football games happen and concerts still

1175

00:49:02,569 --> 00:48:59,760

go on and we have a two-year period of

1176  
00:49:05,390 --> 00:49:02,579  
adapting and you mention a potential

1177  
00:49:07,490 --> 00:49:05,400  
steady release of information various

1178  
00:49:09,530 --> 00:49:07,500  
confirmations further hearings here's

1179  
00:49:12,170 --> 00:49:09,540  
what's happened here's the here's the

1180  
00:49:14,030 --> 00:49:12,180  
truth here's some of the falsehoods but

1181  
00:49:17,329 --> 00:49:14,040  
I wonder how do you feel at that point

1182  
00:49:19,849 --> 00:49:17,339  
that contact comes about is it just does

1183  
00:49:21,770 --> 00:49:19,859  
groups those entities species are aware

1184  
00:49:23,510 --> 00:49:21,780  
of us already and it's it's kind of

1185  
00:49:26,270 --> 00:49:23,520  
mutually agreed or do you think there's

1186  
00:49:28,430 --> 00:49:26,280  
still room there for we go looking with

1187  
00:49:30,530 --> 00:49:28,440  
the James Webb for example NASA gets

1188  
00:49:32,270 --> 00:49:30,540

involved and tells us actually there's

1189

00:49:33,650 --> 00:49:32,280

something on this planet here and we

1190

00:49:35,750 --> 00:49:33,660

know what it is have you thought about

1191

00:49:38,650 --> 00:49:35,760

that sure

1192

00:49:42,109 --> 00:49:38,660

yeah I have the slightest interest in

1193

00:49:44,329 --> 00:49:42,119

whether the web telescope can determine

1194

00:49:47,390 --> 00:49:44,339

that there's life on another planet or

1195

00:49:51,109 --> 00:49:47,400

city gets a signal right if City gets a

1196

00:49:53,569 --> 00:49:51,119

signal it it probably took it might have

1197

00:49:58,190 --> 00:49:53,579

taken a thousand years to get here right

1198

00:50:00,890 --> 00:49:58,200

so what I mean again the

1199

00:50:03,290 --> 00:50:00,900

ETS are already here

1200

00:50:05,630 --> 00:50:03,300

they've been in the bedrooms of a lot of

1201

00:50:08,630 --> 00:50:05,640

people on this planet maybe Millions

1202

00:50:10,370 --> 00:50:08,640

right what the direct contact I mean how

1203

00:50:11,510 --> 00:50:10,380

how much more engaged can you get than

1204

00:50:14,089 --> 00:50:11,520

that at least on a personal level

1205

00:50:16,670 --> 00:50:14,099

they're already here okay so that that

1206

00:50:19,430 --> 00:50:16,680

helps once you get that and and I'm not

1207

00:50:21,290 --> 00:50:19,440

expecting any everybody to get that uh

1208

00:50:23,510 --> 00:50:21,300

because uh for a lot of people that's

1209

00:50:26,030 --> 00:50:23,520

just too far and they don't they don't

1210

00:50:28,849 --> 00:50:26,040

want to get into it uh and I appreciate

1211

00:50:30,589 --> 00:50:28,859

that uh but uh I've talked I know enough

1212

00:50:31,609 --> 00:50:30,599

about contact and now it's absolutely

1213

00:50:33,230 --> 00:50:31,619

true

1214

00:50:35,210 --> 00:50:33,240

so the ETS are already engaging as

1215

00:50:36,950 --> 00:50:35,220

they're already in over here so in terms

1216

00:50:40,010 --> 00:50:36,960

of finding signals in space all I can

1217

00:50:44,990 --> 00:50:43,490

I'm not let me put it this way

1218

00:50:47,990 --> 00:50:45,000

I understand why they're looking for

1219

00:50:51,470 --> 00:50:49,609

what bothers me

1220

00:50:53,329 --> 00:50:51,480

is that the amount of money that's been

1221

00:50:55,549 --> 00:50:53,339

spent doing that when the ETS are

1222

00:50:57,410 --> 00:50:55,559

literally in your backyard money that

1223

00:50:59,870 --> 00:50:57,420

could have been spent on other things

1224

00:51:01,190 --> 00:50:59,880

that bothers me a little bit it also

1225

00:51:02,870 --> 00:51:01,200

bothers me that some of the people that

1226

00:51:04,730 --> 00:51:02,880

are looking for signals in space no

1227

00:51:07,010 --> 00:51:04,740

there's an ET presence but they don't

1228

00:51:09,230 --> 00:51:07,020

get paid to go into that area and

1229

00:51:10,970 --> 00:51:09,240

besides that area is controversial you

1230

00:51:12,890 --> 00:51:10,980

go there and you're not going to get

1231

00:51:14,750 --> 00:51:12,900

paid and you might get you might get

1232

00:51:16,970 --> 00:51:14,760

criticized we're looking for signals in

1233

00:51:19,490 --> 00:51:16,980

space it's totally cool and so they get

1234

00:51:21,589 --> 00:51:19,500

paid nicely to do that that irritates me

1235

00:51:23,089 --> 00:51:21,599

a little bit and what really irritates

1236

00:51:26,450 --> 00:51:23,099

me is when people that are looking for

1237

00:51:29,630 --> 00:51:26,460

signals in space troll or how would you

1238

00:51:31,730 --> 00:51:29,640

say throw shade on the citizen science

1239

00:51:33,470 --> 00:51:31,740

researchers that have been doing the

1240

00:51:34,730 --> 00:51:33,480

work in the public sector the government

1241

00:51:38,210 --> 00:51:34,740

wouldn't do

1242

00:51:41,690 --> 00:51:38,220

a great at Great cost to themselves

1243

00:51:44,030 --> 00:51:41,700

under ridicule Skeptics

1244

00:51:46,970 --> 00:51:44,040

and that really irritates me

1245

00:51:48,349 --> 00:51:46,980

uh I try not to get too upset by that

1246

00:51:51,170 --> 00:51:48,359

there have been a few times in the last

1247

00:51:55,130 --> 00:51:51,180

25 years when I did get upset

1248

00:51:58,910 --> 00:51:55,140

but as injustices go

1249

00:52:00,470 --> 00:51:58,920

it's not that bad when you look at

1250

00:52:02,690 --> 00:52:00,480

if you're an activist and you're looking

1251  
00:52:04,130 --> 00:52:02,700  
at the world and the injustices that are

1252  
00:52:06,230 --> 00:52:04,140  
taking place and the awful things that

1253  
00:52:08,630 --> 00:52:06,240  
are being done

1254  
00:52:10,910 --> 00:52:08,640  
for me to get overwrought about the fact

1255  
00:52:13,970 --> 00:52:10,920  
that people looking for signals in space

1256  
00:52:15,049 --> 00:52:13,980  
uh while the ETS are literally here

1257  
00:52:17,349 --> 00:52:15,059  
already

1258  
00:52:20,990 --> 00:52:17,359  
not exactly high on the list of

1259  
00:52:24,349 --> 00:52:21,000  
injustices so I'm trying to chill

1260  
00:52:29,630 --> 00:52:24,359  
on that you know just accept it it's

1261  
00:52:31,130 --> 00:52:29,640  
okay right so what all right the the one

1262  
00:52:32,809 --> 00:52:31,140  
thing that seti and some of these

1263  
00:52:35,150 --> 00:52:32,819

programs have done and even the new ones

1264

00:52:37,670 --> 00:52:35,160

that are being set up they do make it

1265

00:52:40,010 --> 00:52:37,680

it's it's easier for a lot of people to

1266

00:52:42,410 --> 00:52:40,020

embrace that and pay attention to that

1267

00:52:44,329 --> 00:52:42,420

than actually paying attention to you

1268

00:52:46,490 --> 00:52:44,339

know the evidence for an E.T presence

1269

00:52:49,250 --> 00:52:46,500

all right so in a sense it's getting

1270

00:52:50,870 --> 00:52:49,260

them closer to the issue and so one

1271

00:52:51,890 --> 00:52:50,880

thing the study program has done is is

1272

00:52:54,770 --> 00:52:51,900

certainly

1273

00:52:57,890 --> 00:52:54,780

really educated people all around the

1274

00:53:00,109 --> 00:52:57,900

world to the prospect that contact uh

1275

00:53:01,609 --> 00:53:00,119

that type could happen and if it does it

1276

00:53:02,329 --> 00:53:01,619

means there's other civilizations out

1277

00:53:05,930 --> 00:53:02,339

there

1278

00:53:09,770 --> 00:53:05,940

but safe I mean they're way far away all

1279

00:53:11,630 --> 00:53:09,780

right but still it brings them into the

1280

00:53:14,329 --> 00:53:11,640

room all right

1281

00:53:16,309 --> 00:53:14,339

so in that sense it has served a

1282

00:53:19,069 --> 00:53:16,319

positive you know it's a positive thing

1283

00:53:21,109 --> 00:53:19,079

but you could see again

1284

00:53:25,630 --> 00:53:21,119

not not that there isn't a lot of this

1285

00:53:30,170 --> 00:53:25,640

in our in our culture right now but but

1286

00:53:32,390 --> 00:53:30,180

it's crazy when something is going on

1287

00:53:34,430 --> 00:53:32,400

and people are doing something and you

1288

00:53:37,790 --> 00:53:34,440

know that they already know something

1289

00:53:39,950 --> 00:53:37,800

else and and call it hypocrisy call it

1290

00:53:41,809 --> 00:53:39,960

cognizant dissonance it just kind of

1291

00:53:44,569 --> 00:53:41,819

drives you nuts you know what I'm saying

1292

00:53:47,690 --> 00:53:44,579

yeah when a politician gets up there and

1293

00:53:48,829 --> 00:53:47,700

and rails about somebody having an

1294

00:53:51,290 --> 00:53:48,839

affair

1295

00:53:53,809 --> 00:53:51,300

and it's known that that person has had

1296

00:53:56,150 --> 00:53:53,819

an affair it just drives you crazy

1297

00:53:58,910 --> 00:53:56,160

doesn't it it is that's nature all right

1298

00:54:01,970 --> 00:53:58,920

that's just human nature okay I I I

1299

00:54:04,370 --> 00:54:01,980

think I need to chill more

1300

00:54:06,290 --> 00:54:04,380

um I know that the seti program will be

1301  
00:54:07,790 --> 00:54:06,300  
reviewed extensively and people kind of

1302  
00:54:10,069 --> 00:54:07,800  
want to get anybody in the study program

1303  
00:54:14,750 --> 00:54:10,079  
know that uh they were already here

1304  
00:54:18,049 --> 00:54:14,760  
already or or uh uh other programs will

1305  
00:54:19,910 --> 00:54:18,059  
be will be viewed that way and and you

1306  
00:54:22,370 --> 00:54:19,920  
know they'll they'll they'll have

1307  
00:54:24,890 --> 00:54:22,380  
various responses to that ultimately

1308  
00:54:27,849 --> 00:54:24,900  
everybody will will

1309  
00:54:31,010 --> 00:54:27,859  
will uh use the National Security

1310  
00:54:33,410 --> 00:54:31,020  
argument meaning I did this I didn't say

1311  
00:54:36,290 --> 00:54:33,420  
that National Security National Security

1312  
00:54:38,510 --> 00:54:36,300  
National Security I get it uh National

1313  
00:54:40,250 --> 00:54:38,520

Security justifies a whole lot of stuff

1314

00:54:41,870 --> 00:54:40,260

far worse

1315

00:54:44,809 --> 00:54:41,880

then

1316

00:54:47,930 --> 00:54:44,819

being not having to be mendacious about

1317

00:54:50,030 --> 00:54:47,940

what you know on the ET issue so again

1318

00:54:51,950 --> 00:54:50,040

try to be cool

1319

00:54:53,569 --> 00:54:51,960

oh Stephen as we wrap up because you've

1320

00:54:54,829 --> 00:54:53,579

been very generous with your time I

1321

00:54:56,750 --> 00:54:54,839

normally finish with some listener

1322

00:54:59,030 --> 00:54:56,760

questions but I want to ask you about a

1323

00:55:01,130 --> 00:54:59,040

couple of questions you might have Blue

1324

00:55:03,829 --> 00:55:01,140

Sky Thinking we get that confirmation

1325

00:55:05,569 --> 00:55:03,839

day this summer and Joe Biden comes to

1326

00:55:07,549 --> 00:55:05,579

you and says Stephen your work over the

1327

00:55:09,829 --> 00:55:07,559

last few decades hasn't gone unnoticed

1328

00:55:11,990 --> 00:55:09,839

you know some incredible work and I just

1329

00:55:13,790 --> 00:55:12,000

want to give you first dibs and a couple

1330

00:55:16,130 --> 00:55:13,800

of questions you know what does Stephen

1331

00:55:18,049 --> 00:55:16,140

Bassett want to know first have you got

1332

00:55:19,910 --> 00:55:18,059

one maybe two questions that right at

1333

00:55:21,950 --> 00:55:19,920

the top of your head you would need to

1334

00:55:24,770 --> 00:55:21,960

get the answer to if you could get it

1335

00:55:28,970 --> 00:55:26,329

um

1336

00:55:31,549 --> 00:55:28,980

well look I

1337

00:55:33,109 --> 00:55:31,559

the the the the I have well these are

1338

00:55:34,730 --> 00:55:33,119

the key things that I think most people

1339

00:55:37,069 --> 00:55:34,740

will want to know

1340

00:55:40,670 --> 00:55:37,079

uh first of all

1341

00:55:43,670 --> 00:55:40,680

uh I want to know whether

1342

00:55:45,170 --> 00:55:43,680

there is technology sequestered

1343

00:55:47,809 --> 00:55:45,180

within the United States government

1344

00:55:50,809 --> 00:55:47,819

facilities and or contractor facilities

1345

00:55:52,730 --> 00:55:50,819

which could be of great help to uh the

1346

00:55:54,349 --> 00:55:52,740

human race and dealing with its mounting

1347

00:55:57,650 --> 00:55:54,359

problems

1348

00:56:00,890 --> 00:55:57,660

that is sequestered because the truth

1349

00:56:02,930 --> 00:56:00,900

embargo would be jeopardized if it was

1350

00:56:06,290 --> 00:56:02,940

put into use

1351

00:56:08,690 --> 00:56:06,300

okay in other words it'd be great if we

1352

00:56:10,609 --> 00:56:08,700

could give this to you guys but we can't

1353

00:56:12,470 --> 00:56:10,619

because if we did you'd kind of know

1354

00:56:16,370 --> 00:56:12,480

that the ETS are here and that's still

1355

00:56:17,569 --> 00:56:16,380

embargo right uh so that's one of the

1356

00:56:19,430 --> 00:56:17,579

key questions

1357

00:56:22,430 --> 00:56:19,440

uh

1358

00:56:24,530 --> 00:56:22,440

another question is do you do does the

1359

00:56:26,569 --> 00:56:24,540

government have any formal relationship

1360

00:56:28,910 --> 00:56:26,579

with these et's already

1361

00:56:31,609 --> 00:56:28,920

has there been any formal relations any

1362

00:56:33,770 --> 00:56:31,619

deal struck whatever treaties I don't

1363

00:56:35,809 --> 00:56:33,780

think so but that's a good question have

1364

00:56:38,450 --> 00:56:35,819

you done that all right

1365

00:56:40,490 --> 00:56:38,460

um another question is have you been

1366

00:56:44,750 --> 00:56:40,500

involved in the contact

1367

00:56:46,309 --> 00:56:44,760

World in other words have you in any way

1368

00:56:49,370 --> 00:56:46,319

uh

1369

00:56:52,730 --> 00:56:49,380

how would you say created

1370

00:56:54,890 --> 00:56:52,740

scenarios to simulate contact

1371

00:56:57,290 --> 00:56:54,900

with with with citizens of the country

1372

00:57:00,170 --> 00:56:57,300

in order to get information

1373

00:57:01,970 --> 00:57:00,180

which would be unpleasant but I want to

1374

00:57:03,890 --> 00:57:01,980

know that and by the way doesn't mean

1375

00:57:05,809 --> 00:57:03,900

that this is day one question so these

1376  
00:57:08,510 --> 00:57:05,819  
are the questions but I understand that

1377  
00:57:10,069 --> 00:57:08,520  
you're not going to necessarily ask that

1378  
00:57:12,049 --> 00:57:10,079  
question on day one day two day but

1379  
00:57:13,609 --> 00:57:12,059  
these are the three things that I'd like

1380  
00:57:14,630 --> 00:57:13,619  
to know about

1381  
00:57:17,750 --> 00:57:14,640  
um

1382  
00:57:23,089 --> 00:57:20,630  
the rest of my those are those are this

1383  
00:57:25,609 --> 00:57:23,099  
those are three you know near the top

1384  
00:57:28,069 --> 00:57:25,619  
uh uh

1385  
00:57:30,349 --> 00:57:28,079  
but the key questions I want is for the

1386  
00:57:32,870 --> 00:57:30,359  
ETS themselves in other words my

1387  
00:57:34,430 --> 00:57:32,880  
question my thing would be okay

1388  
00:57:36,410 --> 00:57:34,440

uh

1389

00:57:38,809 --> 00:57:36,420

here's what I'd like you to ask the ETS

1390

00:57:41,089 --> 00:57:38,819

if there's open contact in two years Mr

1391

00:57:42,530 --> 00:57:41,099

President right

1392

00:57:44,930 --> 00:57:42,540

um

1393

00:57:46,670 --> 00:57:44,940

uh one uh

1394

00:57:47,690 --> 00:57:46,680

how long have they been engaging the

1395

00:57:50,089 --> 00:57:47,700

planet

1396

00:57:52,430 --> 00:57:50,099

it is the at the ancient in the ancient

1397

00:57:54,890 --> 00:57:52,440

contacts that seem clearly to have

1398

00:57:57,049 --> 00:57:54,900

happened happen uh and how much

1399

00:57:59,270 --> 00:57:57,059

information can we get about the the the

1400

00:58:01,970 --> 00:57:59,280

the the way we've been engaged in the

1401

00:58:06,370 --> 00:58:01,980

past and and so for two

1402

00:58:09,950 --> 00:58:07,970

how

1403

00:58:11,930 --> 00:58:09,960

of course I think I know the answer but

1404

00:58:13,730 --> 00:58:11,940

why did you turn off our nuclear weapons

1405

00:58:16,549 --> 00:58:13,740

in repeated instances

1406

00:58:17,569 --> 00:58:16,559

right what was the point of that

1407

00:58:20,210 --> 00:58:17,579

um

1408

00:58:22,309 --> 00:58:20,220

and and and uh

1409

00:58:24,290 --> 00:58:22,319

why the crop circles

1410

00:58:25,609 --> 00:58:24,300

kind of curious to know that why the

1411

00:58:27,589 --> 00:58:25,619

crop circles

1412

00:58:29,390 --> 00:58:27,599

and what did you do with all the cow's

1413

00:58:33,109 --> 00:58:29,400

blood kind of like to ask that question

1414

00:58:34,370 --> 00:58:33,119

too kind of curious about that uh and

1415

00:58:35,270 --> 00:58:34,380

then ultimately again these are

1416

00:58:37,849 --> 00:58:35,280

questions that are going to have to be

1417

00:58:39,530 --> 00:58:37,859

asked of ETS I think and this would be

1418

00:58:41,569 --> 00:58:39,540

open contact and by the way these are

1419

00:58:44,089 --> 00:58:41,579

tough questions in other words if I'm if

1420

00:58:45,289 --> 00:58:44,099

I'm the ETS and I'm gonna and I suppose

1421

00:58:47,210 --> 00:58:45,299

disclosure world and we're going to do

1422

00:58:49,609 --> 00:58:47,220

open contact I would be hiring a public

1423

00:58:51,829 --> 00:58:49,619

relations firm myself I would you know

1424

00:58:53,990 --> 00:58:51,839

get one of the top firms maybe in every

1425

00:58:57,309 --> 00:58:54,000

major country because they got some

1426  
00:59:01,130 --> 00:58:57,319  
tough questions to answer as well okay

1427  
00:59:02,329 --> 00:59:01,140  
uh like uh what's the deal with hybrid

1428  
00:59:04,609 --> 00:59:02,339  
children

1429  
00:59:07,190 --> 00:59:04,619  
why are you creating hybrids

1430  
00:59:11,230 --> 00:59:07,200  
where are they okay these are pretty

1431  
00:59:16,130 --> 00:59:11,240  
cool questions and then you know do you

1432  
00:59:17,870 --> 00:59:16,140  
have really cool go GoPro cameras that

1433  
00:59:20,329 --> 00:59:17,880  
you've been using for the last I don't

1434  
00:59:23,690 --> 00:59:20,339  
know millions of years or at least

1435  
00:59:25,609 --> 00:59:23,700  
has there been a record of of of our

1436  
00:59:27,770 --> 00:59:25,619  
planet going back who knows how many

1437  
00:59:29,390 --> 00:59:27,780  
hundreds of thousands of years that you

1438  
00:59:30,670 --> 00:59:29,400

happen to have on file that we could

1439

00:59:34,370 --> 00:59:30,680

look at

1440

00:59:37,789 --> 00:59:34,380

could we see our past have you been

1441

00:59:41,030 --> 00:59:37,799

recording anything uh can I download it

1442

00:59:44,030 --> 00:59:41,040

uh is it searchable I mean I mean just

1443

00:59:46,190 --> 00:59:44,040

imagine that I mean we we it seems

1444

00:59:49,789 --> 00:59:46,200

ridiculous but guess what

1445

00:59:51,230 --> 00:59:49,799

uh that's what we do now and a thousand

1446

00:59:53,690 --> 00:59:51,240

years from now if you want to come back

1447

00:59:56,690 --> 00:59:53,700

and research the 21st century believe me

1448

00:59:59,510 --> 00:59:56,700

barring a nuclear war a massive impact

1449

01:00:00,829 --> 00:59:59,520

by a by a comet there it's all going to

1450

01:00:03,589 --> 01:00:00,839

be and you can literally come back and

1451

01:00:06,049 --> 01:00:03,599

look at the 21st century in granular

1452

01:00:08,569 --> 01:00:06,059

detail a lot of stuff of course you

1453

01:00:10,849 --> 01:00:08,579

would probably want to avoid imagine if

1454

01:00:12,950 --> 01:00:10,859

you could do that for the Civil War

1455

01:00:15,770 --> 01:00:12,960

or the fall of Rome

1456

01:00:18,289 --> 01:00:15,780

or you know the the whatever the hell

1457

01:00:21,349 --> 01:00:18,299

happened to go Becky tipley go yeah I

1458

01:00:23,630 --> 01:00:21,359

think I got it right go back imagine if

1459

01:00:26,650 --> 01:00:23,640

that was available it could be because

1460

01:00:29,150 --> 01:00:26,660

they got the tech right did they record

1461

01:00:32,030 --> 01:00:29,160

they said these are some of the

1462

01:00:33,530 --> 01:00:32,040

questions that for for them and and uh

1463

01:00:36,410 --> 01:00:33,540

and what have you but I'm sure but I

1464

01:00:39,349 --> 01:00:36,420

ultimately I have a thousand questions

1465

01:00:41,569 --> 01:00:39,359

but so does everybody else and so it's

1466

01:00:43,670 --> 01:00:41,579

going to be a lot of competition and

1467

01:00:45,170 --> 01:00:43,680

getting getting to crush yourself you

1468

01:00:46,370 --> 01:00:45,180

know it's like one it's like you know

1469

01:00:48,109 --> 01:00:46,380

it's like you have one of these events

1470

01:00:49,910 --> 01:00:48,119

where there's like 10 000 people in the

1471

01:00:51,309 --> 01:00:49,920

audience and says does anybody have a

1472

01:00:53,930 --> 01:00:51,319

question

1473

01:00:56,030 --> 01:00:53,940

for our guest tonight you know the

1474

01:00:58,250 --> 01:00:56,040

chances of getting your question is you

1475

01:01:01,130 --> 01:00:58,260

know very very low

1476

01:01:03,410 --> 01:01:01,140

uh but yeah no these this is just a

1477

01:01:06,470 --> 01:01:03,420

glimpse of some of the things that might

1478

01:01:08,210 --> 01:01:06,480

come up uh I know it sounds crazy to

1479

01:01:09,349 --> 01:01:08,220

some people but it actually is totally

1480

01:01:11,750 --> 01:01:09,359

logical

1481

01:01:13,730 --> 01:01:11,760

but I honestly believe you'd be very

1482

01:01:14,750 --> 01:01:13,740

well deserving of being close to the

1483

01:01:16,370 --> 01:01:14,760

front of the queue for those questions

1484

01:01:19,309 --> 01:01:16,380

anyway Stephen for the work you've done

1485

01:01:20,990 --> 01:01:19,319

over this the decades and continue to do

1486

01:01:22,430 --> 01:01:21,000

um just to finish up your website does

1487

01:01:24,589 --> 01:01:22,440

say you're soon to be part of a new

1488

01:01:26,150 --> 01:01:24,599

project based out of California is that

1489

01:01:28,849 --> 01:01:26,160

something you're any place to talk about

1490

01:01:31,609 --> 01:01:28,859

yet I can't I can't talk about that yet

1491

01:01:32,750 --> 01:01:31,619

uh it's been in various stages of

1492

01:01:35,450 --> 01:01:32,760

development

1493

01:01:38,089 --> 01:01:35,460

uh I might hopefully be able to announce

1494

01:01:40,130 --> 01:01:38,099

something soon uh but I do want to

1495

01:01:43,130 --> 01:01:40,140

emphasize this very important conference

1496

01:01:47,510 --> 01:01:43,140

coming up contacting the desert uh in

1497

01:01:50,329 --> 01:01:47,520

Indian Wells uh uh it's going to be

1498

01:01:51,549 --> 01:01:50,339

quite an event and and there have been

1499

01:01:54,890 --> 01:01:51,559

seven before

1500

01:01:55,910 --> 01:01:54,900

uh and this one is uh coming out of the

1501

01:01:58,430 --> 01:01:55,920

pandemic

1502

01:02:01,069 --> 01:01:58,440

so it's uh it's gonna take a while to

1503

01:02:02,510 --> 01:02:01,079

get back up to the massive turnouts they

1504

01:02:04,730 --> 01:02:02,520

had but it's going to be in the big

1505

01:02:06,530 --> 01:02:04,740

numbers and then also I want to mention

1506

01:02:08,770 --> 01:02:06,540

that I'm I'm going to be speaking at

1507

01:02:12,349 --> 01:02:08,780

another even bigger event

1508

01:02:15,470 --> 01:02:12,359

uh in in November called Stairway To the

1509

01:02:17,990 --> 01:02:15,480

Stars which is a new event by the

1510

01:02:20,870 --> 01:02:18,000

disclosure Fest Foundation which is

1511

01:02:22,309 --> 01:02:20,880

actually a very uh big non-profit

1512

01:02:24,890 --> 01:02:22,319

operation

1513

01:02:26,690 --> 01:02:24,900

they are I believe I my understanding is

1514

01:02:30,230 --> 01:02:26,700

they're booking the entire Luxor Hotel

1515

01:02:32,030 --> 01:02:30,240

for this event that's 4 000 rooms and of

1516

01:02:34,609 --> 01:02:32,040

course all the conference space

1517

01:02:37,370 --> 01:02:34,619

how much bigger than that can you get

1518

01:02:39,530 --> 01:02:37,380

right and that's November 10 and then in

1519

01:02:41,750 --> 01:02:39,540

December about the same time and all

1520

01:02:44,569 --> 01:02:41,760

this is up on my website I'm going to be

1521

01:02:47,049 --> 01:02:44,579

speaking at a a a a a major conference

1522

01:02:48,950 --> 01:02:47,059

in Mexico City you the World ufology

1523

01:02:52,069 --> 01:02:48,960

Conference there have been a number of

1524

01:02:53,329 --> 01:02:52,079

these this is a new group that have been

1525

01:02:55,849 --> 01:02:53,339

pulling these events they're they're

1526  
01:02:58,309 --> 01:02:55,859  
don't they're very well done and growing

1527  
01:03:00,950 --> 01:02:58,319  
and this one in Mexico City is going to

1528  
01:03:02,150 --> 01:03:00,960  
be very large and given what could

1529  
01:03:05,750 --> 01:03:02,160  
happen

1530  
01:03:07,670 --> 01:03:05,760  
between now and November and December

1531  
01:03:10,370 --> 01:03:07,680  
anything along the lines that I've been

1532  
01:03:14,390 --> 01:03:10,380  
talking about I can't even imagine

1533  
01:03:16,250 --> 01:03:14,400  
how big they will be how Insight excited

1534  
01:03:18,710 --> 01:03:16,260  
things will be how intense things will

1535  
01:03:20,630 --> 01:03:18,720  
be I mean it will be a there was already

1536  
01:03:22,430 --> 01:03:20,640  
planned already happening and then

1537  
01:03:24,710 --> 01:03:22,440  
something major breaks on this issue

1538  
01:03:28,010 --> 01:03:24,720

they're going to be massive celebrations

1539

01:03:29,329 --> 01:03:28,020

in Mexico City in the Luxor Hotel as

1540

01:03:31,069 --> 01:03:29,339

people are running around you know

1541

01:03:32,750 --> 01:03:31,079

talking about stories and you know

1542

01:03:34,010 --> 01:03:32,760

trying to get everybody's views on

1543

01:03:36,530 --> 01:03:34,020

what's going on and what do you think

1544

01:03:38,390 --> 01:03:36,540

and my God we got this closure and

1545

01:03:40,190 --> 01:03:38,400

probably too many people drinking too

1546

01:03:43,670 --> 01:03:40,200

much uh

1547

01:03:45,130 --> 01:03:43,680

that that could be cool so uh all these

1548

01:03:47,690 --> 01:03:45,140

are on my website Paradigm

1549

01:03:50,089 --> 01:03:47,700
