[Music]

2
00:00:06,010 --> 00:00:04,200

this is David Marler UFO researcher and

3
00:00:10,190 --> 00:00:06,020

you're listening to that UFO podcast

4
00:00:12,169 --> 00:00:10,200

[Music]

5
00:00:14,330 --> 00:00:12,179

everyone and welcome back to back to the

6
00:00:16,490 --> 00:00:14,340

full podcast my name is Andy and there

7
00:00:18,290 --> 00:00:16,500

is one major piece to talk through this

8
00:00:20,570 --> 00:00:18,300

week as there has been a shake-up at the

9
00:00:22,970 --> 00:00:20,580

dinner table uh salt and pepper has been

10
00:00:25,189 --> 00:00:22,980

replaced by salt and Nolan to discuss

11
00:00:26,750 --> 00:00:25,199

this with me as always as Dan he had no

12
00:00:29,150 --> 00:00:26,760

idea I was going to say that welcome Dan

13
00:00:31,310 --> 00:00:29,160

that was a excellent open I very much

14

00:00:33,350 --> 00:00:31,320

enjoyed that I'm really really proud of

15

00:00:34,670 --> 00:00:33,360

it really proud of it myself yeah

16

00:00:36,770 --> 00:00:34,680

um so yeah

17

00:00:39,290 --> 00:00:36,780

um lesson we were going into a

18

00:00:41,810 --> 00:00:39,300

discussion pod because throughout

19

00:00:43,610 --> 00:00:41,820

Twitter interaction I asked you what you

20

00:00:45,049 --> 00:00:43,620

expected to happen and potentially in

21

00:00:46,670 --> 00:00:45,059

hearings what realistically it was going

22

00:00:48,650 --> 00:00:46,680

to happen then at Texas anyway don't

23

00:00:50,810 --> 00:00:48,660

answer that that's the discussion we

24

00:00:52,490 --> 00:00:50,820

should have and put it out there to the

25

00:00:54,709 --> 00:00:52,500

listening world for people to hate us or

26

00:00:57,529 --> 00:00:54,719

like us or being different

27

00:01:00,170 --> 00:00:57,539

um and on the back of this going to be

28

00:01:02,510 --> 00:01:00,180

recorded today Gary Nolan decided to go

29

00:01:05,390 --> 00:01:02,520

viral Dr Gary Nolan to give him his full

30

00:01:07,370 --> 00:01:05,400

title which he deserves uh at assault

31

00:01:09,350 --> 00:01:07,380

conference so we're going to discuss his

32

00:01:11,750 --> 00:01:09,360

discussion points because they are very

33

00:01:14,090 --> 00:01:11,760

much worth discussing discussing just

34

00:01:16,969 --> 00:01:14,100

just yet again and it's not a conference

35

00:01:18,770 --> 00:01:16,979

about salt salt you know no the salt

36

00:01:20,330 --> 00:01:18,780

Conference stand as everyone will know

37

00:01:21,770 --> 00:01:20,340

is the annual Flagship Wall Street

38

00:01:23,149 --> 00:01:21,780

conference in New York City that

39

00:01:24,950 --> 00:01:23,159

convenes the world's leading investors

40

00:01:27,590 --> 00:01:24,960

entrepreneurs and policy makers but

41

00:01:29,690 --> 00:01:27,600

obviously yeah yeah yeah yeah of all how

42

00:01:32,149 --> 00:01:29,700

many salt conferences have you attended

43

00:01:33,230 --> 00:01:32,159

like I'm I'm on they give a badge once

44

00:01:34,730 --> 00:01:33,240

you hit five years and I'm really

45

00:01:37,969 --> 00:01:34,740

looking forward to getting my badge next

46

00:01:41,030 --> 00:01:37,979

year amateur I've got the saxo badge

47

00:01:42,710 --> 00:01:41,040

yeah for for the salt fans out there

48

00:01:46,310 --> 00:01:42,720

um but yeah so that is the salt

49

00:01:48,469 --> 00:01:46,320

conference it's salt it's all acronym um

50

00:01:50,389 --> 00:01:48,479

Dr Gary Nolan for those who may not know

51
00:01:52,010 --> 00:01:50,399
I'm sure many of you do here's an

52
00:01:54,530 --> 00:01:52,020
award-winning academic in Immunology

53
00:01:56,929 --> 00:01:54,540
from Stanford University with Decades of

54
00:01:58,090 --> 00:01:56,939
work and Research into cancer and

55
00:02:00,350 --> 00:01:58,100
various different types of cancer

56
00:02:01,850 --> 00:02:00,360
extremely clever guy you've probably

57
00:02:05,149 --> 00:02:01,860
heard them on the podcast on other

58
00:02:07,730 --> 00:02:05,159
people's podcasts and uh yeah he

59
00:02:09,430 --> 00:02:07,740
basically was interviewed as part of

60
00:02:12,490 --> 00:02:09,440
this conference with all these different

61
00:02:16,250 --> 00:02:12,500
academic scientists investors speakers

62
00:02:17,809 --> 00:02:16,260
and he didn't hold back and I loved that

63
00:02:19,550 --> 00:02:17,819

because you've got a very clever guy

64

00:02:20,630 --> 00:02:19,560

sitting on a stage which isn't meant for

65

00:02:22,790 --> 00:02:20,640

UFOs

66

00:02:24,589 --> 00:02:22,800

and and he talked and he gave his

67

00:02:26,510 --> 00:02:24,599

opinion and the main discussion points

68

00:02:28,910 --> 00:02:26,520

and we'll talk through them

69

00:02:30,770 --> 00:02:28,920

um is that about seven years ago he was

70

00:02:33,110 --> 00:02:30,780

two weeks away from seeing a recovered

71

00:02:34,190 --> 00:02:33,120

craft that crashed but then the rug was

72

00:02:35,150 --> 00:02:34,200

pulled out from underneath that

73

00:02:37,369 --> 00:02:35,160

happening

74

00:02:39,290 --> 00:02:37,379

a whistleblower last week testified to

75

00:02:41,509 --> 00:02:39,300

Congress and it created a hornet's nest

76
00:02:43,790 --> 00:02:41,519
in Washington and he thinks everything

77
00:02:45,770 --> 00:02:43,800
almost everything we're seeing in terms

78
00:02:49,190 --> 00:02:45,780
of these objects and craft are likely

79
00:02:51,530 --> 00:02:49,200
remote controlled drones or AI

80
00:02:53,690 --> 00:02:51,540
and he doesn't mean human

81
00:02:54,830 --> 00:02:53,700
um so that was the kind of big bigger

82
00:02:56,150 --> 00:02:54,840
talking points and then there's some

83
00:02:57,830 --> 00:02:56,160
other stuff off the back of that we'll

84
00:02:59,869 --> 00:02:57,840
get to because it was from a private

85
00:03:02,150 --> 00:02:59,879
conversation with someone who attended

86
00:03:03,830 --> 00:03:02,160
but um Dan obviously you woke up to this

87
00:03:05,210 --> 00:03:03,840
today saw loads of people what or did

88
00:03:07,309 --> 00:03:05,220

you see it last night because you're a

89

00:03:09,410 --> 00:03:07,319

bit of a night owl so I I saw it kind of

90

00:03:11,330 --> 00:03:09,420

spreading around as I went to bed but it

91

00:03:12,470 --> 00:03:11,340

was very much uh you know everyone's

92

00:03:15,110 --> 00:03:12,480

very excited about some of the things

93

00:03:16,850 --> 00:03:15,120

that Gary said I saw the 100 comment

94

00:03:19,130 --> 00:03:16,860

just before I went to bed and then yeah

95

00:03:22,070 --> 00:03:19,140

I woke up to a hornet's nest down on UFO

96

00:03:24,290 --> 00:03:22,080

Twitter yeah the 100 comment being that

97

00:03:27,710 --> 00:03:24,300

Gary was asked by the end of your I

98

00:03:29,210 --> 00:03:27,720

think is taken back he's not blown away

99

00:03:31,070 --> 00:03:29,220

it's not like oh my God I can't believe

100

00:03:33,110 --> 00:03:31,080

you're saying this he knew the

101
00:03:34,729 --> 00:03:33,120
conversation I think where it may go but

102
00:03:37,070 --> 00:03:34,739
the interviewer just plainly asks him

103
00:03:38,630 --> 00:03:37,080
look what probability would you have put

104
00:03:41,050 --> 00:03:38,640
to the claims you're making right now

105
00:03:45,009 --> 00:03:41,060
and you know that there's aliens here

106
00:03:48,050 --> 00:03:45,019
and Gary Nolan just says 100 yeah really

107
00:03:50,690 --> 00:03:48,060
for me it's the equivalent and I hadn't

108
00:03:52,369 --> 00:03:50,700
thought of this but the Bob Bigelow on

109
00:03:54,470 --> 00:03:52,379
the Australian 60 minutes when it gets

110
00:03:56,809 --> 00:03:54,480
asked you know he says all right they're

111
00:03:58,729 --> 00:03:56,819
here under our nose you know that it's

112
00:04:00,890 --> 00:03:58,739
that kind of comment it's a really big

113
00:04:02,030 --> 00:04:00,900

statement to make and I think this is

114

00:04:04,670 --> 00:04:02,040

something you're going to see talked

115

00:04:07,550 --> 00:04:04,680

about on your Logan Paul podcast on your

116

00:04:08,869 --> 00:04:07,560

Joe Rogan's on your news networks I

117

00:04:12,350 --> 00:04:08,879

could imagine some of them picking this

118

00:04:14,750 --> 00:04:12,360

up as well maybe not now but in the

119

00:04:16,550 --> 00:04:14,760

coming weeks and months as hearings take

120

00:04:18,710 --> 00:04:16,560

place I think this is some big stuff

121

00:04:20,689 --> 00:04:18,720

that people will go back to

122

00:04:22,850 --> 00:04:20,699

um but yeah so

123

00:04:24,850 --> 00:04:22,860

first off let's jump into that one seven

124

00:04:27,409 --> 00:04:24,860

years ago so we're looking

125

00:04:29,090 --> 00:04:27,419

2016. and he was a couple of weeks away

126
00:04:32,510 --> 00:04:29,100
from seeing a recovered craft that

127
00:04:35,450 --> 00:04:32,520
crashed and then that didn't happen

128
00:04:37,249 --> 00:04:35,460
thoughts I mean that's a big statement

129
00:04:40,010 --> 00:04:37,259
isn't it that

130
00:04:42,350 --> 00:04:40,020
suggest that he not only you know that

131
00:04:44,510 --> 00:04:42,360
he he'd been kind of almost quoted for a

132
00:04:46,430 --> 00:04:44,520
while to join the program

133
00:04:49,129 --> 00:04:46,440
um you know whoever made this offer to

134
00:04:51,050 --> 00:04:49,139
him had made Lou Alexander what he was

135
00:04:53,810 --> 00:04:51,060
gonna see you think Lou has one just in

136
00:04:56,570 --> 00:04:53,820
his marriage no no I'm thinking it was

137
00:04:58,909 --> 00:04:56,580
the year before uh tssa New York Times

138
00:05:00,590 --> 00:04:58,919

article you know for going just off of

139

00:05:02,930 --> 00:05:00,600

the year not the calendar year or

140

00:05:05,570 --> 00:05:02,940

whatever might happen um

141

00:05:08,749 --> 00:05:05,580

some people think Lewis seen more than

142

00:05:10,189 --> 00:05:08,759

he lets on maybe has maybe hasn't was he

143

00:05:12,830 --> 00:05:10,199

involved and you know we could get you

144

00:05:15,170 --> 00:05:12,840

involved in that and or was it other

145

00:05:16,790 --> 00:05:15,180

folks was it you're gonna help it off

146

00:05:18,710 --> 00:05:16,800

Steve Justice connections with those

147

00:05:21,710 --> 00:05:18,720

types of guys or was it just completely

148

00:05:23,990 --> 00:05:21,720

unrelated and you know it was a friend

149

00:05:26,450 --> 00:05:24,000

of a friend of a friend and if Tom

150

00:05:29,390 --> 00:05:26,460

Delong can do it he'd done you know with

151
00:05:31,670 --> 00:05:29,400
a cracking back catalog of songs but no

152
00:05:33,290 --> 00:05:31,680
deal you know scientific background what

153
00:05:36,170 --> 00:05:33,300
can an award-winning immunologist you

154
00:05:38,330 --> 00:05:36,180
know with a real interest in biology and

155
00:05:40,010 --> 00:05:38,340
you know cells and chemistry and all

156
00:05:43,490 --> 00:05:40,020
that kind of stuff all that good stuff

157
00:05:45,710 --> 00:05:43,500
what what connections could he get and

158
00:05:47,330 --> 00:05:45,720
like it's a huge statement to make

159
00:05:48,710 --> 00:05:47,340
because I think it's probably fairly

160
00:05:52,730 --> 00:05:48,720
preface and I'm thinking a lot of this

161
00:05:54,770 --> 00:05:52,740
out loud so sorry if I'm rambling but

162
00:05:57,290 --> 00:05:54,780
he's got a lot to lose seeing this and

163
00:05:58,610 --> 00:05:57,300

he does and I saw people I saw some

164

00:06:00,290 --> 00:05:58,620

comments online

165

00:06:02,930 --> 00:06:00,300

and they're Fair they're just the normal

166

00:06:05,210 --> 00:06:02,940

comments of he's just on the UFO money

167

00:06:06,590 --> 00:06:05,220

you know bandwagon and he's in this for

168

00:06:08,150 --> 00:06:06,600

the fame and celebrity and you're like

169

00:06:10,730 --> 00:06:08,160

well

170

00:06:13,730 --> 00:06:10,740

I've got a house like um set up here

171

00:06:16,610 --> 00:06:13,740

from Stanford Dan right and if you look

172

00:06:18,110 --> 00:06:16,620

at his academic appointments um his

173

00:06:20,570 --> 00:06:18,120

professional education he's got a

174

00:06:23,029 --> 00:06:20,580

bachelor of signs a PhD a postdoctoral

175

00:06:24,950 --> 00:06:23,039

fellowship he's got the boroughs welcome

176

00:06:26,749 --> 00:06:24,960

investigators award and pharmacologies

177

00:06:29,510 --> 00:06:26,759

got a scholar of leukemia Society

178

00:06:30,950 --> 00:06:29,520

Leukemia and Lymphoma Society Stillman

179

00:06:33,710 --> 00:06:30,960

scholar and outstanding research

180

00:06:36,110 --> 00:06:33,720

achievement a teal and invented award he

181

00:06:38,210 --> 00:06:36,120

is a very well decorated and I'm sure

182

00:06:39,890 --> 00:06:38,220

that comes with financially rewarded not

183

00:06:42,529 --> 00:06:39,900

to say he's a multi-multi-millionaire he

184

00:06:43,969 --> 00:06:42,539

might be I don't know but he's he's not

185

00:06:46,670 --> 00:06:43,979

in a place where he has to go and Chase

186

00:06:48,770 --> 00:06:46,680

the UFO pound and you know do the

187

00:06:50,029 --> 00:06:48,780

conference scene and going cruises and

188

00:06:52,730 --> 00:06:50,039

that's not to say that's that's wrong

189

00:06:55,610 --> 00:06:52,740

but he's not that type of guy

190

00:06:58,309 --> 00:06:55,620

and he's not doing it at the Awakening

191

00:07:01,730 --> 00:06:58,319

Expo this year or contact in the desert

192

00:07:04,129 --> 00:07:01,740

or you know the palladian society you

193

00:07:05,870 --> 00:07:04,139

know 2023 he's not doing it there he sat

194

00:07:08,469 --> 00:07:05,880

at a very serious conference with people

195

00:07:10,850 --> 00:07:08,479

who are there for all kinds of you know

196

00:07:13,249 --> 00:07:10,860

entrepreneurships investorships policy

197

00:07:14,749 --> 00:07:13,259

makers and he's talking about UFOs and

198

00:07:17,210 --> 00:07:14,759

then saying yeah I was meant to see us

199

00:07:18,469 --> 00:07:17,220

crash spaceship seven years ago that's a

200

00:07:19,450 --> 00:07:18,479

big statement and I'm going to shut up

201
00:07:22,610 --> 00:07:19,460
now

202
00:07:24,230 --> 00:07:22,620
that's I mean I I agree you didn't say

203
00:07:26,450 --> 00:07:24,240
anything that was wrong there

204
00:07:28,249 --> 00:07:26,460
it makes my mind go towards Kip green

205
00:07:29,390 --> 00:07:28,259
and that kind of stuff you know there

206
00:07:31,309 --> 00:07:29,400
was crossover there with the government

207
00:07:33,409 --> 00:07:31,319
kind of you know working with kit green

208
00:07:35,570 --> 00:07:33,419
who came out of that kind of Stargate

209
00:07:38,210 --> 00:07:35,580
program which is remote viewing for

210
00:07:38,770 --> 00:07:38,220
folks who haven't looked into that

211
00:07:42,650 --> 00:07:38,780
um

212
00:07:44,749 --> 00:07:42,660
and yeah I remember Kate green kind of

213
00:07:47,150 --> 00:07:44,759

saying something quite similar that he

214

00:07:48,529 --> 00:07:47,160

got close but was never read in

215

00:07:51,170 --> 00:07:48,539

um he didn't have the right tickets or

216

00:07:53,150 --> 00:07:51,180

some such you know the Wilson documents

217

00:07:54,890 --> 00:07:53,160

kind of hold a similar I'm just going to

218

00:07:56,689 --> 00:07:54,900

say the same age right yeah like someone

219

00:07:58,790 --> 00:07:56,699

got close but they didn't quite have the

220

00:08:00,350 --> 00:07:58,800

right ticket so they weren't laying do

221

00:08:01,909 --> 00:08:00,360

you think maybe

222

00:08:04,370 --> 00:08:01,919

because there are a number of scenarios

223

00:08:05,950 --> 00:08:04,380

here one is that you know there was

224

00:08:08,330 --> 00:08:05,960

administrative

225

00:08:09,529 --> 00:08:08,340

tomfoolery will say

226

00:08:11,990 --> 00:08:09,539

um and

227

00:08:13,610 --> 00:08:12,000

access was just denied the other is that

228

00:08:15,710 --> 00:08:13,620

Gary just didn't have the qualifications

229

00:08:18,409 --> 00:08:15,720

that they wanted

230

00:08:20,089 --> 00:08:18,419

um but that seems crazy since you know

231

00:08:23,450 --> 00:08:20,099

you just read that list of his

232

00:08:25,129 --> 00:08:23,460

qualifications he's in his field he is a

233

00:08:27,230 --> 00:08:25,139

rock star right yeah I think that's fair

234

00:08:29,210 --> 00:08:27,240

to say so

235

00:08:30,830 --> 00:08:29,220

these are the minds that you want to

236

00:08:32,329 --> 00:08:30,840

bring into a program like that so it's

237

00:08:34,730 --> 00:08:32,339

not far-fetched that he would be asked

238

00:08:36,230 --> 00:08:34,740

whatsoever he seems like exactly the

239

00:08:37,670 --> 00:08:36,240

kind of guy they will bring in well

240

00:08:38,870 --> 00:08:37,680

you're right so see what you said there

241

00:08:41,269 --> 00:08:38,880

though about you know you brought in the

242

00:08:43,250 --> 00:08:41,279

Wilson Davis memo if he had just maybe

243

00:08:44,930 --> 00:08:43,260

written down the conversation of what

244

00:08:46,790 --> 00:08:44,940

happened or the conversations or the

245

00:08:48,410 --> 00:08:46,800

Memoir could it have been the books of

246

00:08:50,930 --> 00:08:48,420

Nolan memo you know could that have been

247

00:08:52,610 --> 00:08:50,940

a thing because here is the guy he met

248

00:08:54,769 --> 00:08:52,620

and here's who he spoke to and it was

249

00:08:56,930 --> 00:08:54,779

and then Applebees to use a U.S

250

00:08:59,810 --> 00:08:56,940

restaurant type I know that's a thing

251
00:09:04,190 --> 00:08:59,820
over there right you know and he spoke

252
00:09:05,870 --> 00:09:04,200
to a five-star general a n other who

253
00:09:07,430 --> 00:09:05,880
talked to him about the program and

254
00:09:09,910 --> 00:09:07,440
because of his background he might want

255
00:09:12,230 --> 00:09:09,920
to work on some materials or you know

256
00:09:13,970 --> 00:09:12,240
biomaterials that they've got stored

257
00:09:15,769 --> 00:09:13,980
away and they could show him the craft

258
00:09:17,449 --> 00:09:15,779
where it came from and it just didn't

259
00:09:19,430 --> 00:09:17,459
happen and then that could have been a

260
00:09:22,190 --> 00:09:19,440
whole other part of UFO mythology and

261
00:09:24,710 --> 00:09:22,200
lore but it wasn't written down he's

262
00:09:27,350 --> 00:09:24,720
just talking about it now so

263
00:09:29,389 --> 00:09:27,360

yeah it could have been the same thing I

264

00:09:31,009 --> 00:09:29,399

guess as far as we know I it would be

265

00:09:32,269 --> 00:09:31,019

great to Ask Gary about this you know

266

00:09:34,610 --> 00:09:32,279

maybe next time he does an interview

267

00:09:36,110 --> 00:09:34,620

with with one of the you know the many

268

00:09:38,509 --> 00:09:36,120

podcasters that he's gracious enough to

269

00:09:40,130 --> 00:09:38,519

give his time uh they can ask you know

270

00:09:42,290 --> 00:09:40,140

what's the story behind that how close

271

00:09:43,610 --> 00:09:42,300

did you get is there a scenario where

272

00:09:46,070 --> 00:09:43,620

you could write it down and it could

273

00:09:48,650 --> 00:09:46,080

become you know that surely that's a new

274

00:09:52,610 --> 00:09:48,660

hashtag though the Wilson Nolan memo the

275

00:09:53,990 --> 00:09:52,620

box of Nolan memo wait so Nolan let's

276

00:09:56,150 --> 00:09:54,000

fill the hashtags off the back of this

277

00:09:58,310 --> 00:09:56,160

hashtag it folks hashtag

278

00:10:00,410 --> 00:09:58,320

um so yeah that's a really big statement

279

00:10:02,509 --> 00:10:00,420

to make and a bold statement to make for

280

00:10:04,250 --> 00:10:02,519

because that's the kind of comment if

281

00:10:07,310 --> 00:10:04,260

you remember when Avila Webb got a hard

282

00:10:09,110 --> 00:10:07,320

time for writing and talking about as a

283

00:10:11,570 --> 00:10:09,120

potential alien spacecraft

284

00:10:13,490 --> 00:10:11,580

and we saw the famous Zoom meeting where

285

00:10:15,530 --> 00:10:13,500

Avie loeb's colleagues kicked off at him

286

00:10:17,570 --> 00:10:15,540

Colin all kind of names and he was being

287

00:10:19,550 --> 00:10:17,580

unprofessional and bringing down the

288

00:10:22,430 --> 00:10:19,560

name of the Institute and his reputation

289

00:10:24,350 --> 00:10:22,440

doing damage to it that's the kind of

290

00:10:26,630 --> 00:10:24,360

conversations that could happen to Gary

291

00:10:27,949 --> 00:10:26,640

Nolan but I think Gary Nolan's a type of

292

00:10:30,650 --> 00:10:27,959

character we can see who just doesn't

293

00:10:32,449 --> 00:10:30,660

care because like he's also prefaced

294

00:10:34,670 --> 00:10:32,459

this was his opinion he was asked his

295

00:10:36,110 --> 00:10:34,680

opinion I mean that's not opinion that's

296

00:10:38,509 --> 00:10:36,120

something that he's talking about

297

00:10:40,250 --> 00:10:38,519

happened but yeah he's been he's been

298

00:10:44,090 --> 00:10:40,260

very fair with it

299

00:10:45,889 --> 00:10:44,100

um I I intrigued by it so when he he

300

00:10:48,110 --> 00:10:45,899

I've just pulled up the transcript here

301
00:10:49,610 --> 00:10:48,120
yeah and he says it's there it's there I

302
00:10:51,410 --> 00:10:49,620
mean I can say this I was working with a

303
00:10:53,389 --> 00:10:51,420
group of about seven or eight

304
00:10:54,769 --> 00:10:53,399
of a group about seven or eight years

305
00:10:56,569 --> 00:10:54,779
ago and I literally got within a few

306
00:10:58,370 --> 00:10:56,579
weeks of getting access to one of the

307
00:10:59,870 --> 00:10:58,380
objects and when the people who didn't

308
00:11:01,370 --> 00:10:59,880
want us to gain access to it found out

309
00:11:02,870 --> 00:11:01,380
about it they pull up some bureaucratic

310
00:11:06,290 --> 00:11:02,880
administrative tricks and snatched it

311
00:11:09,410 --> 00:11:06,300
away he says us repeatedly there

312
00:11:12,170 --> 00:11:09,420
is it I mean the timeline lines up to

313
00:11:15,530 --> 00:11:12,180

the Stars yeah I would think so help it

314

00:11:18,949 --> 00:11:15,540

off Steve Justice Tom DeLong Louis zondo

315

00:11:20,449 --> 00:11:18,959

Chris melon Gary Nolan yeah that was

316

00:11:23,269 --> 00:11:20,459

that was the time where you know it was

317

00:11:28,910 --> 00:11:23,279

early on where Gary was you know

318

00:11:33,470 --> 00:11:31,009

um they would definitely be pitchers uh

319

00:11:35,269 --> 00:11:33,480

on social media but yeah you got to

320

00:11:37,850 --> 00:11:35,279

wonder right that that's curious that

321

00:11:40,250 --> 00:11:37,860

maybe he's talking about a tcsa kind of

322

00:11:42,650 --> 00:11:40,260

getting the right ticket took members of

323

00:11:44,389 --> 00:11:42,660

tcsa getting the right tickets

324

00:11:46,370 --> 00:11:44,399

um Lou certainly has you know the right

325

00:11:49,250 --> 00:11:46,380

clearances and he made the illusion on

326

00:11:51,769 --> 00:11:49,260

another show that he would know where to

327

00:11:52,970 --> 00:11:51,779

go to kind of point out the door of this

328

00:11:54,889 --> 00:11:52,980

program

329

00:11:57,050 --> 00:11:54,899

um and Chris melon surely would as well

330

00:11:58,550 --> 00:11:57,060

yeah I mean Lou's probably taught Chris

331

00:12:00,290 --> 00:11:58,560

and his skiff and you know they've

332

00:12:02,329 --> 00:12:00,300

explored the options of how how do we

333

00:12:04,610 --> 00:12:02,339

you know put a whole bunch of spotlights

334

00:12:08,750 --> 00:12:04,620

on this and get people watching and this

335

00:12:11,090 --> 00:12:08,760

event uh cell is is an opportunity to

336

00:12:13,370 --> 00:12:11,100

you know essentially the motive here is

337

00:12:15,530 --> 00:12:13,380

and Gary said it himself

338

00:12:18,050 --> 00:12:15,540

is to just change a few Minds you know

339

00:12:20,150 --> 00:12:18,060

get get some research funded

340

00:12:22,550 --> 00:12:20,160

um so they can start doing things like

341

00:12:25,130 --> 00:12:22,560

Ryan policies for governments and like

342

00:12:27,889 --> 00:12:25,140

Gary's done already create a a really

343

00:12:30,350 --> 00:12:27,899

neat pipeline to kind of test materials

344

00:12:32,150 --> 00:12:30,360

and see if they are extraterrestrial or

345

00:12:34,250 --> 00:12:32,160

at least anomalous based on what we know

346

00:12:36,650 --> 00:12:34,260

of Earth so more things like this are

347

00:12:38,389 --> 00:12:36,660

only going to help and it's all falling

348

00:12:40,310 --> 00:12:38,399

to private organizations at the moment

349

00:12:41,509 --> 00:12:40,320

but you've got to wonder when the

350

00:12:43,550 --> 00:12:41,519

government's going to kind of open up

351

00:12:45,889 --> 00:12:43,560

about the material side of things that

352

00:12:48,470 --> 00:12:45,899

Gary is talking about here these people

353

00:12:50,269 --> 00:12:48,480

will want to kind of look at say even if

354

00:12:51,949 --> 00:12:50,279

it's a wave guide in bismuth or to use

355

00:12:54,050 --> 00:12:51,959

one example yeah

356

00:12:55,670 --> 00:12:54,060

um they would want to see that and see

357

00:12:57,949 --> 00:12:55,680

that it's working before they invested

358

00:12:59,389 --> 00:12:57,959

Millions into something like this so the

359

00:13:01,009 --> 00:12:59,399

more people we get asking the questions

360

00:13:02,990 --> 00:13:01,019

from all these different professional

361

00:13:05,210 --> 00:13:03,000

sectors the more it kind of Lights a

362

00:13:07,490 --> 00:13:05,220

fire in in the right places I think

363

00:13:09,829 --> 00:13:07,500

he mentions a whistleblower last week

364

00:13:12,170 --> 00:13:09,839

testified to Congress and it created a

365

00:13:13,970 --> 00:13:12,180

hornet's nest in Washington I imagine

366

00:13:15,829 --> 00:13:13,980

that's a figurative and not not a

367

00:13:17,690 --> 00:13:15,839

literal Hornet's Nest

368

00:13:19,370 --> 00:13:17,700

um politicians have wings now the last

369

00:13:20,750 --> 00:13:19,380

thing they need is Stingers yeah

370

00:13:22,910 --> 00:13:20,760

potentially

371

00:13:24,889 --> 00:13:22,920

um yeah but I mean we know our hearing I

372

00:13:27,410 --> 00:13:24,899

say we know we don't know we are hearing

373

00:13:29,569 --> 00:13:27,420

Russell blowers are testifying either

374

00:13:31,430 --> 00:13:29,579

directly to Arrow to Congress a

375

00:13:33,530 --> 00:13:31,440

combination or a mixture

376

00:13:35,389 --> 00:13:33,540

um but these conversations are happening

377

00:13:37,790 --> 00:13:35,399

in the background

378

00:13:39,889 --> 00:13:37,800

um so yeah I don't doubt he would know

379

00:13:42,170 --> 00:13:39,899

and probably be aware of names as well

380

00:13:44,150 --> 00:13:42,180

what kind of testimony do you think

381

00:13:45,769 --> 00:13:44,160

again is creating a hornet's nest in

382

00:13:48,110 --> 00:13:45,779

Washington though

383

00:13:50,269 --> 00:13:48,120

it's intriguing isn't it the different

384

00:13:52,730 --> 00:13:50,279

uses of

385

00:13:54,769 --> 00:13:52,740

I mean you you put the audio up of the

386

00:13:56,269 --> 00:13:54,779

Steve Bassett interview right

387

00:13:59,150 --> 00:13:56,279

um so I can talk about it without

388

00:14:00,710 --> 00:13:59,160

spoilers when when

389

00:14:02,810 --> 00:14:00,720

Steve says about

390

00:14:04,730 --> 00:14:02,820

um the use of the word whistleblower and

391

00:14:06,230 --> 00:14:04,740

they're actually Witnesses yeah that's

392

00:14:07,910 --> 00:14:06,240

the first thing I asked myself when I

393

00:14:09,889 --> 00:14:07,920

heard Gary use that word this time so

394

00:14:11,629 --> 00:14:09,899

thanks Steve Bassett

395

00:14:15,050 --> 00:14:11,639

um he's right there is a difference you

396

00:14:16,610 --> 00:14:15,060

know and I I would love to know in this

397

00:14:18,170 --> 00:14:16,620

case what side of the line that

398

00:14:20,030 --> 00:14:18,180

difference fell on is this a

399

00:14:21,889 --> 00:14:20,040

whistleblower you know find me someone

400

00:14:23,090 --> 00:14:21,899

who can point at a lab door and say go

401
00:14:25,370 --> 00:14:23,100
in there and you'll find floating

402
00:14:27,230 --> 00:14:25,380
materials you know or is this just

403
00:14:28,970 --> 00:14:27,240
someone who thinks they worked on

404
00:14:31,310 --> 00:14:28,980
something anomalous but

405
00:14:33,230 --> 00:14:31,320
there's a percentage of a chance you

406
00:14:34,730 --> 00:14:33,240
know somewhere that they could just be

407
00:14:36,230 --> 00:14:34,740
working on a super secret material for

408
00:14:37,730 --> 00:14:36,240
the government that they didn't really

409
00:14:41,329 --> 00:14:37,740
understand in other ways because that's

410
00:14:43,069 --> 00:14:41,339
not their profession so yeah well it's a

411
00:14:45,470 --> 00:14:43,079
big statement to make and the general

412
00:14:47,870 --> 00:14:45,480
gist of this this whole conversation

413
00:14:49,370 --> 00:14:47,880

really well one way to just you know

414

00:14:51,230 --> 00:14:49,380

giving the thumbs up and telling

415

00:14:55,009 --> 00:14:51,240

everyone start your engines and let's

416

00:14:57,230 --> 00:14:55,019

get to the bottom of this uh

417

00:14:59,689 --> 00:14:57,240

I I have to keep like a little bit of

418

00:15:02,389 --> 00:14:59,699

skepticism back just because you know 70

419

00:15:03,889 --> 00:15:02,399

odd plus years but we're going to finish

420

00:15:05,210 --> 00:15:03,899

with that anyway aren't we we're going

421

00:15:07,129 --> 00:15:05,220

to talk about what you think is going to

422

00:15:08,810 --> 00:15:07,139

happen What might happen what one and

423

00:15:10,670 --> 00:15:08,820

we'll be fair across it as well because

424

00:15:12,829 --> 00:15:10,680

we'll have to give we'll cover the bases

425

00:15:15,949 --> 00:15:12,839

and other people have as well

426

00:15:18,110 --> 00:15:15,959

um but yeah it's it's it's it's some

427

00:15:20,090 --> 00:15:18,120

massive statement and then the other big

428

00:15:21,650 --> 00:15:20,100

one that was picked up was everything we

429

00:15:23,449 --> 00:15:21,660

see or most of the things we see are

430

00:15:25,970 --> 00:15:23,459

likely remote control drones or AI

431

00:15:29,269 --> 00:15:25,980

That's become a relatively common or

432

00:15:33,530 --> 00:15:29,279

popular uh idea that many of these

433

00:15:35,810 --> 00:15:33,540

objects are crafts are unmanned as such

434

00:15:37,490 --> 00:15:35,820

um it also mentions that you know the

435

00:15:39,050 --> 00:15:37,500

likelihood is that these and he said

436

00:15:41,750 --> 00:15:39,060

before I believe in several interviews

437

00:15:44,449 --> 00:15:41,760

that it's the potential some of these

438

00:15:47,629 --> 00:15:44,459

beings quote unquote and these objects

439

00:15:50,689 --> 00:15:47,639

are like avatars and just kind of Bio

440

00:15:52,970 --> 00:15:50,699

suits for something else to project or

441

00:15:56,150 --> 00:15:52,980

represent themselves to us

442

00:15:57,949 --> 00:15:56,160

um which again with the Advent of you

443

00:16:00,350 --> 00:15:57,959

know Skynet the last couple of months in

444

00:16:02,689 --> 00:16:00,360

the world uh you know with the way chat

445

00:16:04,009 --> 00:16:02,699

GPT seems to be morphing itself into a

446

00:16:05,389 --> 00:16:04,019

sentient being

447

00:16:08,210 --> 00:16:05,399

um as we speak

448

00:16:09,889 --> 00:16:08,220

is it so unlikely that in a couple of

449

00:16:11,990 --> 00:16:09,899

hundred years or even less than that we

450

00:16:14,030 --> 00:16:12,000

could have something really similar

451
00:16:15,350 --> 00:16:14,040
to go out and Traverse the universe to

452
00:16:16,970 --> 00:16:15,360
the stars and maybe something else is

453
00:16:19,189 --> 00:16:16,980
just sending its Scout ships here first

454
00:16:20,810 --> 00:16:19,199
and we don't know why and maybe that's

455
00:16:22,430 --> 00:16:20,820
what people are seeing but what do you

456
00:16:24,410 --> 00:16:22,440
think on that because it's not a new

457
00:16:26,269 --> 00:16:24,420
idea but it's becoming more and more

458
00:16:27,769 --> 00:16:26,279
popular

459
00:16:30,889 --> 00:16:27,779
well they always say that you know

460
00:16:32,689 --> 00:16:30,899
sci-fi inspires kind of the real world

461
00:16:34,870 --> 00:16:32,699
and and back again

462
00:16:39,650 --> 00:16:38,269
kind of thing yeah like yeah and and now

463
00:16:42,410 --> 00:16:39,660

we're just kind of chasing those ideas

464

00:16:44,350 --> 00:16:42,420

and drones and things like that are

465

00:16:46,610 --> 00:16:44,360

really are they kind of our current

466

00:16:48,850 --> 00:16:46,620

Paradigm right like that's how we see

467

00:16:51,530 --> 00:16:48,860

the world as standard now

468

00:16:52,910 --> 00:16:51,540

but you go back in time and these things

469

00:16:54,650 --> 00:16:52,920

it kind of called other things we always

470

00:16:56,449 --> 00:16:54,660

talk about the spinning Roman Shields

471

00:16:59,150 --> 00:16:56,459

and things like that like you know you

472

00:17:01,009 --> 00:16:59,160

you project onto them the the objects

473

00:17:02,990 --> 00:17:01,019

that you know and understand as opposed

474

00:17:04,730 --> 00:17:03,000

to coming up with what they are so part

475

00:17:06,590 --> 00:17:04,740

of me is really intrigued

476

00:17:09,710 --> 00:17:06,600

to wonder if

477

00:17:11,329 --> 00:17:09,720

maybe calling them drones is just kind

478

00:17:13,130 --> 00:17:11,339

of the best thing that we have right now

479

00:17:15,350 --> 00:17:13,140

and that these are actually some extreme

480

00:17:17,030 --> 00:17:15,360

form of you know biological mechanical

481

00:17:19,370 --> 00:17:17,040

life or something that that's the kind

482

00:17:22,010 --> 00:17:19,380

of one extreme because I love those Pie

483

00:17:23,569 --> 00:17:22,020

in the Sky ideas but do you know on that

484

00:17:26,210 --> 00:17:23,579

I've always been negative about the

485

00:17:27,770 --> 00:17:26,220

whole you know the when people say

486

00:17:30,470 --> 00:17:27,780

drones it's just the way people are

487

00:17:32,510 --> 00:17:30,480

identifying or blowing off the UFO topic

488

00:17:34,610 --> 00:17:32,520

oh it's probably a drawing right but in

489

00:17:36,529 --> 00:17:34,620

the past it was always oh it's fake and

490

00:17:38,450 --> 00:17:36,539

it's not real that it's CGI at least

491

00:17:39,890 --> 00:17:38,460

saying drone is an acknowledgment that

492

00:17:42,470 --> 00:17:39,900

there's something there

493

00:17:45,169 --> 00:17:42,480

yeah yeah these are there there that's

494

00:17:46,970 --> 00:17:45,179

yeah that people love to hate uh but

495

00:17:48,950 --> 00:17:46,980

yeah you're right it it does say that

496

00:17:50,990 --> 00:17:48,960

and that's that's almost a shift because

497

00:17:52,610 --> 00:17:51,000

it's now something that's realistic for

498

00:17:53,810 --> 00:17:52,620

our time you know yeah back when they

499

00:17:55,010 --> 00:17:53,820

were talking about spinning Roman

500

00:17:56,690 --> 00:17:55,020

shields in the sky that wasn't a thing

501
00:17:59,210 --> 00:17:56,700
they saw every day they were just liking

502
00:18:01,490 --> 00:17:59,220
it to a shape that they knew yeah now we

503
00:18:03,770 --> 00:18:01,500
know what a drone is uh we can replicate

504
00:18:06,409 --> 00:18:03,780
it we can make it so

505
00:18:07,549 --> 00:18:06,419
there's an idea that whatever is is kind

506
00:18:09,890 --> 00:18:07,559
of coke sent us down a certain

507
00:18:11,450 --> 00:18:09,900
technological path and if that's true

508
00:18:13,430 --> 00:18:11,460
we're certainly following it right

509
00:18:15,770 --> 00:18:13,440
because this is a concept we understand

510
00:18:17,330 --> 00:18:15,780
that we can start grappling with

511
00:18:18,770 --> 00:18:17,340
um even though we can't accomplish it we

512
00:18:21,830 --> 00:18:18,780
can kind of visualize that you would use

513
00:18:23,570 --> 00:18:21,840

neuralink and send so much data via

514

00:18:26,210 --> 00:18:23,580

lasers to a spacecraft that would have

515

00:18:29,570 --> 00:18:26,220

avatars in it that's not that wild and

516

00:18:30,890 --> 00:18:29,580

yeah you know it's the idea now on my

517

00:18:32,510 --> 00:18:30,900

head you know when the huge UFO

518

00:18:34,250 --> 00:18:32,520

Mothership goes over like the Empire

519

00:18:36,289 --> 00:18:34,260

State Building in a bit Independence Day

520

00:18:38,350 --> 00:18:36,299

if you zoom in in the corner she's got a

521

00:18:42,110 --> 00:18:38,360

SpaceX stamp in the bottom of it

522

00:18:43,730 --> 00:18:42,120

GoPro yeah I know it was one of ours

523

00:18:46,130 --> 00:18:43,740

where I was going through out there but

524

00:18:47,990 --> 00:18:46,140

I wouldn't um but yeah two episodes in a

525

00:18:50,390 --> 00:18:48,000

row yeah yeah but you're right though

526

00:18:51,950 --> 00:18:50,400

like at some point the drones we send to

527

00:18:54,049 --> 00:18:51,960

another planet are going to cause the

528

00:18:58,430 --> 00:18:54,059

same kind of stir to an intelligent life

529

00:19:02,270 --> 00:18:58,440

form as we get from UFOs yeah and and

530

00:19:05,390 --> 00:19:02,280

maybe kind of our discovery of that

531

00:19:07,490 --> 00:19:05,400

maybe there's a specific paths that they

532

00:19:09,470 --> 00:19:07,500

communicate and they lead things down

533

00:19:12,890 --> 00:19:09,480

ready to kind of make them ready for

534

00:19:14,630 --> 00:19:12,900

contact and yeah learning that now as we

535

00:19:16,070 --> 00:19:14,640

go what was the probe was it Voyager

536

00:19:18,110 --> 00:19:16,080

that went out with the disc and stuff on

537

00:19:20,390 --> 00:19:18,120

it uh there were two Voyager one and two

538

00:19:22,669 --> 00:19:20,400

you get some different recorders spooky

539

00:19:24,529 --> 00:19:22,679

recordings as well yeah yeah weird stuff

540

00:19:26,210 --> 00:19:24,539

we sent them we apologize for that in

541

00:19:27,830 --> 00:19:26,220

advance to any Racers listened to this

542

00:19:29,510 --> 00:19:27,840

thousands of years in the future but

543

00:19:31,669 --> 00:19:29,520

imagine eventually one of those hits

544

00:19:34,130 --> 00:19:31,679

some Planet out there in a distant solar

545

00:19:36,070 --> 00:19:34,140

system and they're they're where we are

546

00:19:38,690 --> 00:19:36,080

about 100 years 200 years in the past

547

00:19:40,669 --> 00:19:38,700

that's that's there Roswell you know

548

00:19:42,710 --> 00:19:40,679

something crashed

549

00:19:44,450 --> 00:19:42,720

it was bodies there wasn't bodies there

550

00:19:46,070 --> 00:19:44,460

was a desk you know played weird music

551
00:19:47,990 --> 00:19:46,080
and you know all that kind of stuff like

552
00:19:49,130 --> 00:19:48,000
that's that's someone else's Roswell and

553
00:19:51,110 --> 00:19:49,140
that's not to say that that's not what

554
00:19:51,830 --> 00:19:51,120
Roswell was you know

555
00:19:53,810 --> 00:19:51,840
um

556
00:19:55,430 --> 00:19:53,820
well that's that's kind of wild thing

557
00:19:57,049 --> 00:19:55,440
about as well you know we always say

558
00:19:58,610 --> 00:19:57,059
like why does that crash you know it's

559
00:20:00,110 --> 00:19:58,620
meant to be so Advanced it shouldn't

560
00:20:01,730 --> 00:20:00,120
have crashed that that's what people say

561
00:20:03,770 --> 00:20:01,740
it just stopped but then

562
00:20:06,409 --> 00:20:03,780
Voyager isn't representative of what we

563
00:20:08,390 --> 00:20:06,419

have now in the spacecraft now and we're

564

00:20:10,370 --> 00:20:08,400

only what like I I can't remember when

565

00:20:13,010 --> 00:20:10,380

it was launched but we're talking 50

566

00:20:14,630 --> 00:20:13,020

years to 100 years it's not that long in

567

00:20:16,370 --> 00:20:14,640

the grand schema thing so if they were

568

00:20:18,529 --> 00:20:16,380

to build their own James Webb Telescope

569

00:20:20,029 --> 00:20:18,539

to try and look at us the signatures

570

00:20:22,610 --> 00:20:20,039

they were looking for based on the

571

00:20:24,470 --> 00:20:22,620

technology and Voyager probably wouldn't

572

00:20:26,590 --> 00:20:24,480

be they wouldn't line up you know we

573

00:20:29,810 --> 00:20:26,600

wouldn't have the kind of the the same

574

00:20:31,070 --> 00:20:29,820

infrastructure as we had you know 50 to

575

00:20:33,110 --> 00:20:31,080

100 years ago

576

00:20:34,669 --> 00:20:33,120

so I think I'm going to be different so

577

00:20:36,529 --> 00:20:34,679

everything's like a moving Target you

578

00:20:38,450 --> 00:20:36,539

know yeah even like thinking like

579

00:20:40,130 --> 00:20:38,460

Futurama single female lawyer where

580

00:20:41,630 --> 00:20:40,140

they're they're packing up they're

581

00:20:43,850 --> 00:20:41,640

picking up a TV broadcast that wasn't

582

00:20:45,409 --> 00:20:43,860

around anymore and it's like yeah that's

583

00:20:46,730 --> 00:20:45,419

that was old but that's just what

584

00:20:48,350 --> 00:20:46,740

they're getting from us now you know

585

00:20:50,990 --> 00:20:48,360

they're picking up yeah they're they're

586

00:20:52,370 --> 00:20:51,000

still here in World War II craft flying

587

00:20:53,750 --> 00:20:52,380

about in the skies and those kind of

588

00:20:56,390 --> 00:20:53,760

radio signals that are bouncing about

589

00:20:58,549 --> 00:20:56,400

and all that kind of stuff so yeah so I

590

00:21:01,970 --> 00:20:58,559

guess just then realistically we should

591

00:21:04,430 --> 00:21:01,980

expect over time at the very least to

592

00:21:06,529 --> 00:21:04,440

see a progression in the technology so

593

00:21:08,510 --> 00:21:06,539

it's kind of interesting that we almost

594

00:21:11,029 --> 00:21:08,520

don't based on cases you know we have

595

00:21:13,850 --> 00:21:11,039

sources triangles Tic Tacs going back

596

00:21:15,049 --> 00:21:13,860

Youngs so that's really intriguing I

597

00:21:16,850 --> 00:21:15,059

guess that's where the time thing comes

598

00:21:19,310 --> 00:21:16,860

in but we'll keep it we'll keep it

599

00:21:21,110 --> 00:21:19,320

conservative now or as constructive as

600

00:21:23,210 --> 00:21:21,120

we can be talking about you know crash

601
00:21:26,690 --> 00:21:23,220
retrievals fully intact flying saucers

602
00:21:29,990 --> 00:21:26,700
and remote control AI bio drones

603
00:21:31,549 --> 00:21:30,000
um there was uh a listener God not last

604
00:21:34,300 --> 00:21:31,559
night sorry I mean they might listen but

605
00:21:34,789 --> 00:21:34,310
on Reddit Dan is a noob not you

606
00:21:38,330 --> 00:21:34,799
[Music]

607
00:21:42,350 --> 00:21:40,190
someone who attended got to speak to

608
00:21:44,330 --> 00:21:42,360
Gary Nolan they said and they posted the

609
00:21:46,130 --> 00:21:44,340
bullet points of what they had in terms

610
00:21:47,390 --> 00:21:46,140
of private conversation with with Gary

611
00:21:49,730 --> 00:21:47,400
Nolan

612
00:21:51,649 --> 00:21:49,740
um and they basically said okay so here

613
00:21:54,590 --> 00:21:51,659

for the juicier bits from when I got to

614

00:21:56,750 --> 00:21:54,600

Speak with him first one the Wilson memo

615

00:21:59,690 --> 00:21:56,760

is legitimate

616

00:22:01,789 --> 00:21:59,700

what's that sound Joe Joe Moji and

617

00:22:03,289 --> 00:22:01,799

celebrating somewhere Joe Margie has

618

00:22:05,510 --> 00:22:03,299

picked up yes hide you if you're

619

00:22:06,710 --> 00:22:05,520

listening yeah or transcribing

620

00:22:08,630 --> 00:22:06,720

um

621

00:22:11,210 --> 00:22:08,640

I mean yeah fair enough yeah that's

622

00:22:13,730 --> 00:22:11,220

that's an opinion piece I mean yeah we

623

00:22:15,590 --> 00:22:13,740

know Gary knows Eric Davis as well so it

624

00:22:17,270 --> 00:22:15,600

doesn't really surprise me that he

625

00:22:18,649 --> 00:22:17,280

thinks that it's shocking that he's

626
00:22:20,270 --> 00:22:18,659
talking about it in this place still

627
00:22:22,250 --> 00:22:20,280
yeah you know because at the very least

628
00:22:23,630 --> 00:22:22,260
it's a faith in Eric Davis who is a

629
00:22:25,250 --> 00:22:23,640
friend of his like if you said to me

630
00:22:27,710 --> 00:22:25,260
I've got that I've had this conversation

631
00:22:29,570 --> 00:22:27,720
and I've documented it I would go all

632
00:22:31,070 --> 00:22:29,580
right okay it's a bit Fantastical but

633
00:22:33,710 --> 00:22:31,080
there's no reason for you to lie to me

634
00:22:34,970 --> 00:22:33,720
so cool yeah fair enough exactly um and

635
00:22:36,350 --> 00:22:34,980
you've printed off a thousand t-shirts

636
00:22:37,670 --> 00:22:36,360
with it on the front and you're selling

637
00:22:39,770 --> 00:22:37,680
100 each

638
00:22:41,750 --> 00:22:39,780

[Music]

639

00:22:43,789 --> 00:22:41,760

um second one Bob Lazar is a fraud and

640

00:22:46,909 --> 00:22:43,799

he agrees with Dr Eric Davis opinion

641

00:22:51,190 --> 00:22:46,919

Bulbasaur is not hot property right now

642

00:22:57,649 --> 00:22:55,850

Johnson wrote his his piece on Bob Lazar

643

00:23:00,230 --> 00:22:57,659

he's always been a

644

00:23:01,730 --> 00:23:00,240

a divisive character anyway just right

645

00:23:03,529 --> 00:23:01,740

now the

646

00:23:04,909 --> 00:23:03,539

the arm of the clock is very much

647

00:23:07,190 --> 00:23:04,919

against him

648

00:23:08,870 --> 00:23:07,200

um where do you sell another stuff is it

649

00:23:11,210 --> 00:23:08,880

changed at all you still the same I keep

650

00:23:12,710 --> 00:23:11,220

an ear to it but I I would say IO

651
00:23:14,990 --> 00:23:12,720
towards

652
00:23:16,789 --> 00:23:15,000
kind of nonsense

653
00:23:18,590 --> 00:23:16,799
um or at the very least entertain the

654
00:23:21,110 --> 00:23:18,600
possibility that Lazar himself was

655
00:23:22,789 --> 00:23:21,120
messed with whilst doing a job at you

656
00:23:24,770 --> 00:23:22,799
know where he says he worked um it could

657
00:23:25,909 --> 00:23:24,780
be janitorial but a bunch of guys pulled

658
00:23:27,289 --> 00:23:25,919
him into an office and showed them a

659
00:23:28,850 --> 00:23:27,299
bunch of stuff to kind of make him think

660
00:23:31,850 --> 00:23:28,860
a certain thing

661
00:23:33,169 --> 00:23:31,860
um but yeah there there are a whole

662
00:23:35,750 --> 00:23:33,179
bunch of problems with the desire story

663
00:23:37,610 --> 00:23:35,760

so yeah it's curious but I don't think

664

00:23:38,990 --> 00:23:37,620

we're ever going to solve it I came

665

00:23:41,510 --> 00:23:39,000

really close to having him on the

666

00:23:43,789 --> 00:23:41,520

podcast and then realized I had messaged

667

00:23:46,730 --> 00:23:43,799

a private fan page on Facebook and not

668

00:23:48,289 --> 00:23:46,740

the actual Bubbles at himself he doesn't

669

00:23:50,149 --> 00:23:48,299

um that's what I mean but I came really

670

00:23:52,730 --> 00:23:50,159

close to getting them on

671

00:23:53,870 --> 00:23:52,740

um so yeah I I got all excited then I

672

00:23:55,909 --> 00:23:53,880

was like you've been busy I wonder what

673

00:23:57,830 --> 00:23:55,919

other guy and then now just yeah oh no

674

00:23:59,570 --> 00:23:57,840

yeah just what they send an impersonator

675

00:24:02,090 --> 00:23:59,580

they should have at least called

676
00:24:03,350 --> 00:24:02,100
themselves the bobbles our fan page

677
00:24:05,210 --> 00:24:03,360
um so yeah

678
00:24:08,270 --> 00:24:05,220
um but yeah fair enough

679
00:24:10,549 --> 00:24:08,280
um he said Gary Nolan apparently all of

680
00:24:12,409 --> 00:24:10,559
this is from our listener but I've not

681
00:24:14,029 --> 00:24:12,419
seen Gary Nolan's rebutter and I've got a

682
00:24:16,490 --> 00:24:14,039
lot of State from him at the end as well

683
00:24:18,590 --> 00:24:16,500
that he's put out online and he resigned

684
00:24:20,029 --> 00:24:18,600
from ttsa because Tom DeLong went off

685
00:24:22,070 --> 00:24:20,039
the deep end and some of the things he

686
00:24:24,669 --> 00:24:22,080
was posting and was hurting scientific

687
00:24:27,649 --> 00:24:24,679
discussion of the topic that seems 100

688
00:24:29,390 --> 00:24:27,659

realistic and legitimate wait yeah we're

689

00:24:31,549 --> 00:24:29,400

talking about like the tweet and deletes

690

00:24:33,409 --> 00:24:31,559

you know the the bits where we kind of

691

00:24:34,850 --> 00:24:33,419

get that you know Tom is still in the

692

00:24:36,830 --> 00:24:34,860

fire of interest but at the same time

693

00:24:38,390 --> 00:24:36,840

we're just like that's a known hoax or

694

00:24:49,090 --> 00:24:38,400

you know people find the sources of

695

00:24:53,510 --> 00:24:51,049

yeah that sounds like a good breakfast

696

00:24:55,549 --> 00:24:53,520

quite frankly yeah yeah I mean you know

697

00:24:59,149 --> 00:24:55,559

what I'm all for that chat but there's a

698

00:25:01,250 --> 00:24:59,159

time and place yeah 100 agree um so yeah

699

00:25:02,750 --> 00:25:01,260

uh that sounds fair

700

00:25:04,789 --> 00:25:02,760

um he thinks that anybody who's

701
00:25:06,590 --> 00:25:04,799
recovered are not actually aliens but

702
00:25:08,570 --> 00:25:06,600
avatars that they created to interact

703
00:25:10,430 --> 00:25:08,580
with us he said that on another podcast

704
00:25:11,930 --> 00:25:10,440
before and he may have said that when I

705
00:25:14,149 --> 00:25:11,940
spoke with him I can't remember but yeah

706
00:25:16,070 --> 00:25:14,159
I definitely said that it's a really

707
00:25:18,110 --> 00:25:16,080
intriguing idea because we yeah like I

708
00:25:19,730 --> 00:25:18,120
say we we would want to do the same but

709
00:25:21,890 --> 00:25:19,740
yeah it kind of also plays a little bit

710
00:25:23,870 --> 00:25:21,900
into that kind of multiversal idea that

711
00:25:25,310 --> 00:25:23,880
maybe the physics over there are very

712
00:25:26,750 --> 00:25:25,320
different and it allows them to do

713
00:25:28,490 --> 00:25:26,760

certain things with craft that they

714

00:25:31,970 --> 00:25:28,500

build here that we will never be able to

715

00:25:34,789 --> 00:25:31,980

do very happy but very curious idea uh

716

00:25:36,890 --> 00:25:34,799

next up was whatever it is seems to be

717

00:25:39,350 --> 00:25:36,900

testing us and our intelligence to see

718

00:25:41,690 --> 00:25:39,360

if we can quote unquote peer behind the

719

00:25:44,330 --> 00:25:41,700

veil he made an analogy that we can make

720

00:25:46,430 --> 00:25:44,340

a robotic ant that can create pheromones

721

00:25:48,830 --> 00:25:46,440

to chemically speak with ants but we

722

00:25:50,630 --> 00:25:48,840

can't teach them how to make an iPhone

723

00:25:54,350 --> 00:25:50,640

or if you've seen Guardians of the

724

00:25:57,049 --> 00:25:54,360

Galaxy 3 pure uh pure creativity what is

725

00:25:59,330 --> 00:25:57,059

it says about rocket pure creation you

726
00:26:00,430 --> 00:25:59,340
can't pure creation yeah yeah so yeah

727
00:26:04,010 --> 00:26:00,440
for any

728
00:26:05,930 --> 00:26:04,020
g-o-tg3 fans out there cg3 using their

729
00:26:08,149 --> 00:26:05,940
terms yeah it took me longer to say that

730
00:26:09,649 --> 00:26:08,159
than Gathering to the Galaxy Christ

731
00:26:11,330 --> 00:26:09,659
um but yeah no that that makes sense as

732
00:26:12,769 --> 00:26:11,340
well doesn't it and that that goes along

733
00:26:14,870 --> 00:26:12,779
with your thing as well about you know

734
00:26:17,930 --> 00:26:14,880
have we seen that progress in in the

735
00:26:19,970 --> 00:26:17,940
technology or even the interactions and

736
00:26:22,490 --> 00:26:19,980
to be fair some of the really old

737
00:26:25,310 --> 00:26:22,500
pictures of UFOs that may or may not

738
00:26:28,010 --> 00:26:25,320

likely be faked do show an older looking

739

00:26:30,669 --> 00:26:28,020

UFO albeit it's something up there in

740

00:26:32,870 --> 00:26:30,679

the sky hovering you know so maybe

741

00:26:35,090 --> 00:26:32,880

representative itself that way I don't

742

00:26:36,409 --> 00:26:35,100

know and I mean all iPhones start to

743

00:26:38,810 --> 00:26:36,419

look the same after a certain point

744

00:26:40,430 --> 00:26:38,820

right you know like the small deviations

745

00:26:43,010 --> 00:26:40,440

in the technology that we might not know

746

00:26:45,830 --> 00:26:43,020

is yeah 100

747

00:26:47,750 --> 00:26:45,840

um I'm sure the NSAIDs look lovely uh

748

00:26:49,850 --> 00:26:47,760

there will be big news coming out later

749

00:26:51,470 --> 00:26:49,860

this Summer that will turn heads and

750

00:26:53,450 --> 00:26:51,480

change opinion

751

00:26:56,390 --> 00:26:53,460

you're looking there at hearings and

752

00:26:58,190 --> 00:26:56,400

testimony from uh from others yeah I

753

00:26:59,330 --> 00:26:58,200

mean that's that's why we're doing this

754

00:27:01,010 --> 00:26:59,340

now and what we're going to get to is

755

00:27:04,010 --> 00:27:01,020

they're going to finish off

756

00:27:06,529 --> 00:27:04,020

um about expectations but

757

00:27:09,049 --> 00:27:06,539

interesting timing daddy Nolan doing

758

00:27:11,630 --> 00:27:09,059

this piece with what's being said from

759

00:27:14,090 --> 00:27:11,640

your your Roscoe talks you know Loyola

760

00:27:16,190 --> 00:27:14,100

zondo online today I said 2023 is going

761

00:27:18,350 --> 00:27:16,200

to be a big year Chris melon's been

762

00:27:21,890 --> 00:27:18,360

putting the pressure on

763

00:27:24,409 --> 00:27:21,900

uh one way or another if we get to the

764

00:27:26,210 --> 00:27:24,419

end of the year even and we're no

765

00:27:28,070 --> 00:27:26,220

further forward than we are now and

766

00:27:30,070 --> 00:27:28,080

things are still either stalled or

767

00:27:32,510 --> 00:27:30,080

didn't happen you're only giving

768

00:27:35,269 --> 00:27:32,520

Skeptics or pseudoskeptics I know I've

769

00:27:37,730 --> 00:27:35,279

seen that phrase today a few times and

770

00:27:39,769 --> 00:27:37,740

the bunkers and haters of the UFO topic

771

00:27:41,470 --> 00:27:39,779

ammunition and it would be fair fuel for

772

00:27:44,930 --> 00:27:41,480

their fire as well wouldn't it because

773

00:27:46,549 --> 00:27:44,940

it's been a big build up and a lot of

774

00:27:49,310 --> 00:27:46,559

people are now putting not not Gary

775

00:27:53,029 --> 00:27:49,320

Nolan but that statement as doing it but

776

00:27:55,310 --> 00:27:53,039

lots of people have put dates and at

777

00:27:57,529 --> 00:27:55,320

least time scales on this now of weeks

778

00:27:59,990 --> 00:27:57,539

and months yeah and it's like something

779

00:28:01,310 --> 00:28:00,000

has to happen even even if those time

780

00:28:02,690 --> 00:28:01,320

scales drag out you know we've heard

781

00:28:04,549 --> 00:28:02,700

months not years where even if those

782

00:28:06,130 --> 00:28:04,559

times girls drag out because of you know

783

00:28:08,810 --> 00:28:06,140

well here delays and so on so forth

784

00:28:11,810 --> 00:28:08,820

we're still talking sooner rather than

785

00:28:13,789 --> 00:28:11,820

later yeah um and I feel that's uh

786

00:28:15,649 --> 00:28:13,799

that's an interesting shift for this

787

00:28:17,450 --> 00:28:15,659

subject you know just that shift from

788

00:28:19,610 --> 00:28:17,460

those broad areas

789

00:28:23,510 --> 00:28:19,620

same asset borderline gave me a time and

790

00:28:25,490 --> 00:28:23,520

date didn't it I mean he did yeah

791

00:28:27,289 --> 00:28:25,500

um he his whole

792

00:28:29,570 --> 00:28:27,299

no I won't I won't spoil the sea bass

793

00:28:31,789 --> 00:28:29,580

interview I was just gonna say about the

794

00:28:33,409 --> 00:28:31,799

the questions he'd ask oh yeah the

795

00:28:34,909 --> 00:28:33,419

disclosure and and I thought it would be

796

00:28:36,830 --> 00:28:34,919

really interesting to ask people what

797

00:28:39,230 --> 00:28:36,840

theirs would be and get him to like

798

00:28:40,970 --> 00:28:39,240

email them to you and yeah I think that

799

00:28:42,890 --> 00:28:40,980

would just be really interesting uh that

800

00:28:45,830 --> 00:28:42,900

would be a wide swath of them

801
00:28:50,330 --> 00:28:47,810
with it being sooner rather than later

802
00:28:52,070 --> 00:28:50,340
we need to start thinking about what a

803
00:28:53,930 --> 00:28:52,080
kind of post-exclosure world looks like

804
00:28:56,269 --> 00:28:53,940
and the first things we want to start

805
00:28:57,830 --> 00:28:56,279
doing as kind of Advocates of this

806
00:28:59,990 --> 00:28:57,840
subject

807
00:29:01,909 --> 00:29:00,000
um when that inevitably happens because

808
00:29:03,470 --> 00:29:01,919
it does feel inevitable now you know no

809
00:29:05,510 --> 00:29:03,480
matter what the Skeptics say this

810
00:29:07,190 --> 00:29:05,520
snowball is rolling the the ketchup's

811
00:29:09,470 --> 00:29:07,200
out of the ball you know

812
00:29:11,269 --> 00:29:09,480
I'll I'll get back to that when I tell

813
00:29:12,590 --> 00:29:11,279

you my what I think will happen my least

814

00:29:14,390 --> 00:29:12,600

likely my most likely right because

815

00:29:15,769 --> 00:29:14,400

there's a conversation here about what

816

00:29:18,590 --> 00:29:15,779

that actually means in terms of a

817

00:29:19,789 --> 00:29:18,600

disclosure world right and there's the

818

00:29:23,210 --> 00:29:19,799

one that still takes a hundred years

819

00:29:27,529 --> 00:29:24,950

um next up I know when you'll agree with

820

00:29:31,490 --> 00:29:27,539

graham Randall one he said Rick Doherty

821

00:29:32,389 --> 00:29:31,500

is full of BS apparently so

822

00:29:35,210 --> 00:29:32,399

um

823

00:29:38,389 --> 00:29:35,220

I don't know that's an opinion perfect

824

00:29:40,850 --> 00:29:38,399

if people know or haven't heard is

825

00:29:42,889 --> 00:29:40,860

well-known or labeled disinformation

826

00:29:45,110 --> 00:29:42,899

agent because he confirmed himself he

827

00:29:45,909 --> 00:29:45,120

was a disinformation agent

828

00:29:49,430 --> 00:29:45,919

um

829

00:29:51,230 --> 00:29:49,440

yeah as a funny one I've never spoke to

830

00:29:53,450 --> 00:29:51,240

him I've never met him Dan you did

831

00:29:55,549 --> 00:29:53,460

briefly Graham Randall spoke to him he

832

00:29:56,510 --> 00:29:55,559

said he was quite an amiable chat you

833

00:30:03,049 --> 00:29:56,520

know

834

00:30:04,669 --> 00:30:03,059

didn't he but yeah yeah yeah so yeah

835

00:30:07,490 --> 00:30:04,679

personal opinion on the guy that's

836

00:30:08,630 --> 00:30:07,500

that's uh Dr Gary Nolan's opinion he

837

00:30:11,029 --> 00:30:08,640

would know him probably better than we

838

00:30:13,070 --> 00:30:11,039

would or in more detail

839

00:30:15,649 --> 00:30:13,080

um another he spoke about was that Dr

840

00:30:18,529 --> 00:30:15,659

Avila went from a non-believer to fully

841

00:30:20,029 --> 00:30:18,539

believing ET is here in under a year due

842

00:30:22,190 --> 00:30:20,039

to all the groundwork that's been laid

843

00:30:24,230 --> 00:30:22,200

out evidence-wise

844

00:30:25,210 --> 00:30:24,240

okay where do you set on on Avila

845

00:30:27,470 --> 00:30:25,220

because

846

00:30:29,389 --> 00:30:27,480

again he's been divisive hasn't he

847

00:30:31,610 --> 00:30:29,399

depending on where we're at in the

848

00:30:32,870 --> 00:30:31,620

calendar yeah some people think he's not

849

00:30:34,430 --> 00:30:32,880

doing enough other people think he's

850

00:30:37,490 --> 00:30:34,440

doing too little

851

00:30:40,010 --> 00:30:37,500

um I'm I'm a big fan in terms of you

852

00:30:42,470 --> 00:30:40,020

know he he he's an open-minded thinker

853

00:30:44,330 --> 00:30:42,480

but there's a logic to his thinking so

854

00:30:46,549 --> 00:30:44,340

he he goes through the scientific method

855

00:30:48,590 --> 00:30:46,559

very much like Gary but Gary is just you

856

00:30:51,169 --> 00:30:48,600

know a bit bowler about what he likes to

857

00:30:53,389 --> 00:30:51,179

say yeah Avi kind of likes to leave

858

00:30:55,970 --> 00:30:53,399

people with questions

859

00:30:58,310 --> 00:30:55,980

um that they want to do science to kind

860

00:31:00,110 --> 00:30:58,320

of solve so it's always very practical

861

00:31:02,149 --> 00:31:00,120

with Abby you know like what can we

862

00:31:03,529 --> 00:31:02,159

start looking at oh the data with birds

863

00:31:05,630 --> 00:31:03,539

isn't ours will give it to the bird

864

00:31:07,730 --> 00:31:05,640

enthusiasts we'll look at the anomalous

865

00:31:09,230 --> 00:31:07,740

stuff but he almost won't even say

866

00:31:11,090 --> 00:31:09,240

anomalous right it's very very good

867

00:31:12,769 --> 00:31:11,100

perspective you'd never hear him saying

868

00:31:15,169 --> 00:31:12,779

this 100 thing

869

00:31:17,269 --> 00:31:15,179

so I I mean I I would just love to ask

870

00:31:18,950 --> 00:31:17,279

Abby the same question you know do you

871

00:31:21,649 --> 00:31:18,960

believe extraterrestrials visits to the

872

00:31:22,909 --> 00:31:21,659

planet what's the percentage and he'd

873

00:31:24,110 --> 00:31:22,919

probably be willing to answer but I

874

00:31:26,090 --> 00:31:24,120

can't imagine it would be a hundred

875

00:31:28,669 --> 00:31:26,100

percent no and about 10 minute long

876

00:31:30,110 --> 00:31:28,679

answer as well at the end of it you're

877

00:31:31,909 --> 00:31:30,120

still not sure if he's answered it you

878

00:31:33,289 --> 00:31:31,919

have to go back and dissect it yeah it

879

00:31:34,730 --> 00:31:33,299

sounded it sounded really good and this

880

00:31:36,350 --> 00:31:34,740

is a great story to happen yeah you're

881

00:31:37,250 --> 00:31:36,360

right

882

00:31:39,590 --> 00:31:37,260

um

883

00:31:42,230 --> 00:31:39,600

he said there may be various factions

884

00:31:44,450 --> 00:31:42,240

here of whatever we are dealing with so

885

00:31:46,250 --> 00:31:44,460

it isn't likely one into their species I

886

00:31:47,510 --> 00:31:46,260

think we would both agree with that we

887

00:31:49,010 --> 00:31:47,520

may have visitors coming from other

888

00:31:50,810 --> 00:31:49,020

planets some of them maybe from here

889

00:31:52,909 --> 00:31:50,820

already some of them maybe from

890

00:31:55,310 --> 00:31:52,919

somewhere else we can't even comprehend

891

00:31:57,049 --> 00:31:55,320

but all of the above yeah but we've

892

00:31:59,269 --> 00:31:57,059

spoken about that before haven't we yeah

893

00:32:02,450 --> 00:31:59,279

absolutely uh I think it was there was a

894

00:32:04,549 --> 00:32:02,460

setting paper that said basically

895

00:32:07,130 --> 00:32:04,559

if you think of the sky as the ocean

896

00:32:09,350 --> 00:32:07,140

we've looked through like but a glass of

897

00:32:10,730 --> 00:32:09,360

it and to say that there are no fish in

898

00:32:14,330 --> 00:32:10,740

the ocean after looking through a glass

899

00:32:15,889 --> 00:32:14,340

of water from the ocean is just idiocy

900

00:32:17,810 --> 00:32:15,899

absolutely

901
00:32:20,330 --> 00:32:17,820
um trusted names on the topic include

902
00:32:22,250 --> 00:32:20,340
Stanton Friedman uh who just had his

903
00:32:24,649 --> 00:32:22,260
anniversary of his passing recently um

904
00:32:26,690 --> 00:32:24,659
Jacques Valley he had a low opinion of

905
00:32:28,669 --> 00:32:26,700
new deGrasse Tyson shackville is an

906
00:32:29,990 --> 00:32:28,679
interesting one and we've not talked too

907
00:32:32,029 --> 00:32:30,000
much about it

908
00:32:33,710 --> 00:32:32,039
true there's not there's not a lot to

909
00:32:35,570 --> 00:32:33,720
see I don't think on it really but I

910
00:32:39,830 --> 00:32:35,580
suppose we can touch on it now

911
00:32:42,289 --> 00:32:39,840
um he was called in a question in terms

912
00:32:44,690 --> 00:32:42,299
of his work with Piola Harris on the

913
00:32:46,970 --> 00:32:44,700

Trinity UFO case and the research that

914

00:32:49,610 --> 00:32:46,980

got into behind it was that from D Dean

915

00:32:51,350 --> 00:32:49,620

Johnson as well it was yeah yeah and I

916

00:32:52,310 --> 00:32:51,360

remember when this happened you and I

917

00:32:53,990 --> 00:32:52,320

spoke about because we were both

918

00:32:55,970 --> 00:32:54,000

surprised we were expecting a jack valet

919

00:32:58,130 --> 00:32:55,980

book and then it was Paula Harris and

920

00:32:59,750 --> 00:32:58,140

Jackson everyone was I I was just a bit

921

00:33:01,250 --> 00:32:59,760

like oh okay

922

00:33:03,230 --> 00:33:01,260

um and I remember us talking about it

923

00:33:05,149 --> 00:33:03,240

and you know Paula came on the podcast

924

00:33:07,789 --> 00:33:05,159

and she she was very amicable to read

925

00:33:10,190 --> 00:33:07,799

really lovely for you to talk to

926
00:33:11,510 --> 00:33:10,200
um but now with this and and I I'd love

927
00:33:12,769 --> 00:33:11,520
to hear them talk about it you know

928
00:33:14,149 --> 00:33:12,779
they're not the kind of people that

929
00:33:16,370 --> 00:33:14,159
would shy away from answering to what

930
00:33:19,549 --> 00:33:16,380
the uh Douglas T Johnson had had to ask

931
00:33:21,409 --> 00:33:19,559
so yeah I think the issue with it for me

932
00:33:24,889 --> 00:33:21,419
um and that's that's people might look

933
00:33:27,649 --> 00:33:24,899
at it oh it's lazy potentially but

934
00:33:30,889 --> 00:33:27,659
it's going into the minutiae of people's

935
00:33:32,210 --> 00:33:30,899
backgrounds and digging into records and

936
00:33:35,990 --> 00:33:32,220
you know

937
00:33:37,850 --> 00:33:36,000
I I'm not a investigative journalist and

938
00:33:39,889 --> 00:33:37,860

this takes a particular type of person

939

00:33:42,590 --> 00:33:39,899

who can really go into the fine granular

940

00:33:44,810 --> 00:33:42,600

details of a story but then find 10

941

00:33:46,789 --> 00:33:44,820

other aspects of the story and basically

942

00:33:49,190 --> 00:33:46,799

they've picked apart the Jose Padilla

943

00:33:50,870 --> 00:33:49,200

and others involved aren't who they say

944

00:33:52,250 --> 00:33:50,880

they were and they basically created a

945

00:33:54,710 --> 00:33:52,260

fictionalized version of what happened

946

00:33:57,529 --> 00:33:54,720

and went along with that story

947

00:33:59,389 --> 00:33:57,539

my my issue with the whole thing I

948

00:34:02,149 --> 00:33:59,399

always took it just at face value that

949

00:34:03,470 --> 00:34:02,159

you know Jacques and Payola done their

950

00:34:05,149 --> 00:34:03,480

groundwork

951
00:34:06,769 --> 00:34:05,159
um and I asked Paola this and never

952
00:34:07,970 --> 00:34:06,779
really got a good answer that I was

953
00:34:10,669 --> 00:34:07,980
happy with and I really should have dug

954
00:34:12,470 --> 00:34:10,679
deeper on it was her point was that

955
00:34:14,030 --> 00:34:12,480
these were children and it was the

956
00:34:16,869 --> 00:34:14,040
testimony of children

957
00:34:19,070 --> 00:34:16,879
and I was it wasn't though these were

958
00:34:20,570 --> 00:34:19,080
elderly adults telling you about

959
00:34:21,470 --> 00:34:20,580
something that happened when they were

960
00:34:23,450 --> 00:34:21,480
kids

961
00:34:25,970 --> 00:34:23,460
as opposed to the aerial phenomenon

962
00:34:27,589 --> 00:34:25,980
documentary where we see the footage of

963
00:34:29,450 --> 00:34:27,599

the children talking about the instant

964

00:34:31,609 --> 00:34:29,460

in the schoolyard yeah and what they

965

00:34:34,550 --> 00:34:31,619

witnessed we actually see that we don't

966

00:34:37,070 --> 00:34:34,560

have that the aerial skill stuff has

967

00:34:39,290 --> 00:34:37,080

almost no impact in modern day if four

968

00:34:41,329 --> 00:34:39,300

of them came forward now having never

969

00:34:43,550 --> 00:34:41,339

talked about it or mentioned it and as

970

00:34:45,470 --> 00:34:43,560

adults called as they saw a flying

971

00:34:47,510 --> 00:34:45,480

saucer in the schoolyard 30 or 40 years

972

00:34:49,550 --> 00:34:47,520

ago doesn't happen there's no

973

00:34:51,589 --> 00:34:49,560

documentary it's not a big deal it's a

974

00:34:53,210 --> 00:34:51,599

cliff it's a cliff note that's it

975

00:34:55,129 --> 00:34:53,220

um and that's sort of what happened with

976

00:34:57,589 --> 00:34:55,139

the Trinity stuff where it was people

977

00:34:59,030 --> 00:34:57,599

who were far far older who came forward

978

00:35:01,250 --> 00:34:59,040

to see when they were kids something

979

00:35:03,050 --> 00:35:01,260

amazing happened not that there wasn't a

980

00:35:05,210 --> 00:35:03,060

lot of research and groundwork done by

981

00:35:07,370 --> 00:35:05,220

Jacques and Paola but it just seems

982

00:35:09,349 --> 00:35:07,380

there are questions around the character

983

00:35:12,290 --> 00:35:09,359

of some of the witnesses going back so

984

00:35:15,290 --> 00:35:12,300

that was that was that and I'm not well

985

00:35:16,730 --> 00:35:15,300

informed enough to to comment on it

986

00:35:18,109 --> 00:35:16,740

um and I don't think I could be to be

987

00:35:20,750 --> 00:35:18,119

honest because you just have to pick a

988

00:35:23,829 --> 00:35:20,760

side with that one really and yeah I

989

00:35:26,810 --> 00:35:23,839

like UFOs not character assassinations

990

00:35:28,790 --> 00:35:26,820

but that's well put uh Gary said insult

991

00:35:30,950 --> 00:35:28,800

believe the data not the conclusions and

992

00:35:33,650 --> 00:35:30,960

I think here you know we're reading

993

00:35:35,930 --> 00:35:33,660

Dean's conclusions and he's presented a

994

00:35:37,250 --> 00:35:35,940

lot of the data along with it but you

995

00:35:39,829 --> 00:35:37,260

know I I haven't been through it with a

996

00:35:41,750 --> 00:35:39,839

fine tooth comb uh so I wouldn't like to

997

00:35:43,430 --> 00:35:41,760

say but I just know that they would be

998

00:35:45,349 --> 00:35:43,440

happy answering questions about it so

999

00:35:46,730 --> 00:35:45,359

I'd love to hear them asked you know

1000

00:35:48,530 --> 00:35:46,740

stuff like that and if people are

1001
00:35:50,630 --> 00:35:48,540
uninterested how I look at that I'll

1002
00:35:52,310 --> 00:35:50,640
look at it and go oh I know the story

1003
00:35:54,230 --> 00:35:52,320
really interesting that'd be really cool

1004
00:35:56,450 --> 00:35:54,240
if that did happen here's some work from

1005
00:35:58,730 --> 00:35:56,460
Jack and Paula putting forward and then

1006
00:36:00,410 --> 00:35:58,740
now I know there's a serious journalist

1007
00:36:02,450 --> 00:36:00,420
and researcher who's done some work to

1008
00:36:04,910 --> 00:36:02,460
say actually we could call on decretion

1009
00:36:06,470 --> 00:36:04,920
the whole story being a hoax because of

1010
00:36:08,450 --> 00:36:06,480
questionable practices and backgrounds

1011
00:36:10,849 --> 00:36:08,460
of a few Witnesses and it's enough for

1012
00:36:13,250 --> 00:36:10,859
me to go I'll let other people do the

1013
00:36:15,890 --> 00:36:13,260

work to work out if there's something to

1014

00:36:19,550 --> 00:36:15,900

it or not in I've always felt away under

1015

00:36:22,849 --> 00:36:19,560

my it'd be cool but who knows pile yeah

1016

00:36:24,650 --> 00:36:22,859

exactly there are there's a certain

1017

00:36:27,349 --> 00:36:24,660

because of the things that I've seen in

1018

00:36:28,910 --> 00:36:27,359

the sky that I think were anomalous it I

1019

00:36:30,530 --> 00:36:28,920

I always feel silly telling someone

1020

00:36:32,150 --> 00:36:30,540

their experience didn't happen unless

1021

00:36:33,290 --> 00:36:32,160

they're very obviously trying to pull a

1022

00:36:35,030 --> 00:36:33,300

hoax

1023

00:36:37,190 --> 00:36:35,040

um yeah center around the side of you

1024

00:36:39,770 --> 00:36:37,200

know just listen to people that doesn't

1025

00:36:42,710 --> 00:36:39,780

take much 100

1026

00:36:44,690 --> 00:36:42,720

um also to I think the last part was I

1027

00:36:46,550 --> 00:36:44,700

uh Gary Nolan says I also met another

1028

00:36:48,109 --> 00:36:46,560

gentleman who was attending who said he

1029

00:36:50,750 --> 00:36:48,119

used to work at NORAD oh wait no sorry

1030

00:36:51,950 --> 00:36:50,760

scrap that it was the last The Listener

1031

00:36:53,510 --> 00:36:51,960

stops in the list now that's very

1032

00:36:54,829 --> 00:36:53,520

egotistical

1033

00:36:56,630 --> 00:36:54,839

um the person who attended the

1034

00:36:59,329 --> 00:36:56,640

conference who was making these notes

1035

00:37:00,829 --> 00:36:59,339

says he also met another gentleman who

1036

00:37:03,470 --> 00:37:00,839

was attending who said he used to work

1037

00:37:05,630 --> 00:37:03,480

at NORAD using AI to track Hypersonic

1038

00:37:08,870 --> 00:37:05,640

UFOs and they saw them all the time

1039

00:37:10,609 --> 00:37:08,880

purely anecdotal cool anecdote but

1040

00:37:12,650 --> 00:37:10,619

there's yeah that's that's all you can

1041

00:37:15,230 --> 00:37:12,660

really say about that I mean to that I

1042

00:37:17,210 --> 00:37:15,240

would say you know you can go on a

1043

00:37:18,770 --> 00:37:17,220

website that tracks satellites and

1044

00:37:21,650 --> 00:37:18,780

there's a lot of data from American

1045

00:37:23,390 --> 00:37:21,660

systems where they will show you what I

1046

00:37:25,130 --> 00:37:23,400

call kind of sometimes uncorrelated

1047

00:37:26,870 --> 00:37:25,140

targets which means they don't know what

1048

00:37:28,310 --> 00:37:26,880

they are which means the UFOs so

1049

00:37:30,109 --> 00:37:28,320

technically you can see the Nora

1050

00:37:31,670 --> 00:37:30,119

tracking system online tracking a bunch

1051
00:37:34,930 --> 00:37:31,680
of UFOs

1052
00:37:36,829 --> 00:37:34,940
um but no no Hypersonic you know

1053
00:37:38,930 --> 00:37:36,839
I know

1054
00:37:40,010 --> 00:37:38,940
but only that portion and they were of

1055
00:37:41,270 --> 00:37:40,020
course satellites that they don't tell

1056
00:37:42,589 --> 00:37:41,280
you were up there because they're

1057
00:37:44,329 --> 00:37:42,599
Ministry satellites and things like that

1058
00:37:46,130 --> 00:37:44,339
but again none of those are Hypersonic

1059
00:37:46,849 --> 00:37:46,140
so if we're seeing those movements and

1060
00:37:49,550 --> 00:37:46,859
things

1061
00:37:51,710 --> 00:37:49,560
um I I really want that data out there

1062
00:37:54,230 --> 00:37:51,720
done do you want to hear Gary's uh

1063
00:37:56,630 --> 00:37:54,240

statement he made on Reddit uh to kind

1064

00:38:00,170 --> 00:37:56,640

of back up what what's been said after

1065

00:38:02,150 --> 00:38:00,180

all this go for it he says and I quote I

1066

00:38:04,069 --> 00:38:02,160

guess I am surprised anything I said is

1067

00:38:05,750 --> 00:38:04,079

surprising to anyone people have been

1068

00:38:07,730 --> 00:38:05,760

talking about the entire matter for

1069

00:38:09,109 --> 00:38:07,740

decades Ross coltar and George and I

1070

00:38:11,270 --> 00:38:09,119

have been talking about it on their

1071

00:38:13,069 --> 00:38:11,280

shows as well as many others Richard

1072

00:38:15,650 --> 00:38:13,079

Dolan has written entire books about it

1073

00:38:17,930 --> 00:38:15,660

conferences are held on at UAP dedicated

1074

00:38:19,670 --> 00:38:17,940

conferences it was probably news to many

1075

00:38:21,650 --> 00:38:19,680

in the audience if they've ignored it on

1076
00:38:23,750 --> 00:38:21,660
Netflix documentaries or otherwise not

1077
00:38:25,370 --> 00:38:23,760
part of the echo chamber we'll have to

1078
00:38:27,890 --> 00:38:25,380
see if Congress decides to bring more

1079
00:38:30,290 --> 00:38:27,900
information forward or context things in

1080
00:38:32,270 --> 00:38:30,300
a way that is significant I personally

1081
00:38:33,829 --> 00:38:32,280
doubt that if any public scientist gets

1082
00:38:36,170 --> 00:38:33,839
access to the materials that we'll see

1083
00:38:38,390 --> 00:38:36,180
the light of day before March study and

1084
00:38:40,370 --> 00:38:38,400
maybe a publication and directly

1085
00:38:41,930 --> 00:38:40,380
referencing it I'd like to Hope an

1086
00:38:44,270 --> 00:38:41,940
advocate otherwise in the meantime

1087
00:38:45,710 --> 00:38:44,280
aviloeb's Galileo project is a best of

1088
00:38:47,750 --> 00:38:45,720

class approach

1089

00:38:49,609 --> 00:38:47,760

Fair comment and he also prefaced what

1090

00:38:51,829 --> 00:38:49,619

he'd said on Twitter by saying he was

1091

00:38:54,230 --> 00:38:51,839

asked his opinion on a lot of things and

1092

00:38:55,849 --> 00:38:54,240

he gave his opinion so I think you have

1093

00:38:57,650 --> 00:38:55,859

to applaud Gary and I think I said as

1094

00:38:59,810 --> 00:38:57,660

much on Twitter that he sat there and

1095

00:39:02,690 --> 00:38:59,820

and gave his honest opinion yeah

1096

00:39:04,069 --> 00:39:02,700

absolutely and I mean he he's right you

1097

00:39:05,690 --> 00:39:04,079

know some sometimes we feel like these

1098

00:39:06,890 --> 00:39:05,700

people are fully embroiled in the behind

1099

00:39:08,569 --> 00:39:06,900

the scenes stuff

1100

00:39:10,790 --> 00:39:08,579

um if Gary is convinced that there's

1101

00:39:13,490 --> 00:39:10,800

extra extra terrestrial visitation going

1102

00:39:15,230 --> 00:39:13,500

on then that's his opinion you know no

1103

00:39:17,390 --> 00:39:15,240

one can really snipe it in for that uh

1104

00:39:18,770 --> 00:39:17,400

I'm sure people are online but again

1105

00:39:21,109 --> 00:39:18,780

they should they should listen to the

1106

00:39:22,910 --> 00:39:21,119

why of it as opposed to

1107

00:39:24,410 --> 00:39:22,920

um just saying that it didn't happen if

1108

00:39:27,890 --> 00:39:24,420

Gary was weeks away from getting access

1109

00:39:30,410 --> 00:39:27,900

to a program that he somehow knew was

1110

00:39:32,569 --> 00:39:30,420

gonna give him access to a UFO

1111

00:39:34,310 --> 00:39:32,579

um I almost had a real live UFO but that

1112

00:39:36,349 --> 00:39:34,320

may or may not be true depending on the

1113

00:39:38,150 --> 00:39:36,359

theory you'd subscribe to

1114

00:39:41,150 --> 00:39:38,160

um yeah then yeah I can absolutely

1115

00:39:42,829 --> 00:39:41,160

understand why he'd say 100 obviously

1116

00:39:45,349 --> 00:39:42,839

um you know I'd feel confident saying

1117

00:39:49,310 --> 00:39:45,359

100 would you

1118

00:39:50,569 --> 00:39:49,320

um 1995. yeah yeah enough yeah like but

1119

00:39:53,690 --> 00:39:50,579

only in the sense of like it could be

1120

00:39:55,849 --> 00:39:53,700

something else right like yeah yeah sure

1121

00:39:57,230 --> 00:39:55,859

yeah on that

1122

00:39:58,670 --> 00:39:57,240

um A lot's been made of this summer the

1123

00:40:01,490 --> 00:39:58,680

coming weeks and months potential

1124

00:40:02,690 --> 00:40:01,500

whistleblowers Revelations hearings

1125

00:40:05,450 --> 00:40:02,700

um as I mentioned we were going to

1126

00:40:07,370 --> 00:40:05,460

initially come on and talk about uh

1127

00:40:09,230 --> 00:40:07,380

what we're about to but the Gary Nolan

1128

00:40:10,510 --> 00:40:09,240

stuff happened I Dash you on Twitter

1129

00:40:12,470 --> 00:40:10,520

again like I mentioned before

1130

00:40:14,510 --> 00:40:12,480

realistically what do you think's

1131

00:40:15,950 --> 00:40:14,520

actually going to happen this summer

1132

00:40:17,690 --> 00:40:15,960

um I thought I'd bring it on here for

1133

00:40:19,790 --> 00:40:17,700

this to discuss because it's interesting

1134

00:40:21,230 --> 00:40:19,800

conversation I hope for people I've got

1135

00:40:22,849 --> 00:40:21,240

some comments from the Discord and

1136

00:40:25,430 --> 00:40:22,859

YouTube as well so thanks to anyone who

1137

00:40:27,650 --> 00:40:25,440

got in touch uh Dan I'm going to ask you

1138

00:40:29,690 --> 00:40:27,660

first okay so I'm going to ask you this

1139

00:40:31,130 --> 00:40:29,700

summer not in terms of you know your

1140

00:40:34,250 --> 00:40:31,140

love life or you know your Starbucks

1141

00:40:37,250 --> 00:40:34,260

drink getting made in terms of UAP UFOs

1142

00:40:39,109 --> 00:40:37,260

what do you hope happens by the end of

1143

00:40:41,270 --> 00:40:39,119

it what's the least likely thing to

1144

00:40:44,150 --> 00:40:41,280

happen and what's the most likely thing

1145

00:40:47,089 --> 00:40:44,160

to happen so shall we go with hope first

1146

00:40:48,770 --> 00:40:47,099

so what do you what do you hope happens

1147

00:40:51,109 --> 00:40:48,780

this summer and and we're being

1148

00:40:53,510 --> 00:40:51,119

realistic in the hub right yeah okay

1149

00:40:57,710 --> 00:40:53,520

sure so realistic in the hub would be

1150

00:41:00,470 --> 00:40:57,720

that we get our next report on time that

1151
00:41:02,569 --> 00:41:00,480
it's kind of a little more detailed than

1152
00:41:04,250 --> 00:41:02,579
past efforts have been you know based on

1153
00:41:06,349 --> 00:41:04,260
the hearings and the fact that

1154
00:41:08,569 --> 00:41:06,359
Kirkpatrick came prepared with bar

1155
00:41:11,030 --> 00:41:08,579
graphs and you know he he had the data

1156
00:41:13,130 --> 00:41:11,040
down so I'm hoping we see it a little

1157
00:41:14,930 --> 00:41:13,140
more filled out a bit more informative

1158
00:41:16,790 --> 00:41:14,940
and

1159
00:41:18,290 --> 00:41:16,800
more legislation coming out that

1160
00:41:20,810 --> 00:41:18,300
basically fills all those gaps that were

1161
00:41:22,849 --> 00:41:20,820
identified during the hearings so for

1162
00:41:25,250 --> 00:41:22,859
example given Arrow title 50 access

1163
00:41:28,310 --> 00:41:25,260

where they only have title 10 now giving

1164

00:41:29,810 --> 00:41:28,320

them some some harsher language they can

1165

00:41:31,670 --> 00:41:29,820

use to

1166

00:41:33,290 --> 00:41:31,680

do their job and label things and normal

1167

00:41:35,630 --> 00:41:33,300

us as opposed to just leaving them as

1168

00:41:38,150 --> 00:41:35,640

unsolved in the archive

1169

00:41:39,829 --> 00:41:38,160

we'll hopefully see more politicians

1170

00:41:43,310 --> 00:41:39,839

becoming interested in this as it goes

1171

00:41:46,849 --> 00:41:43,320

forward maybe it even comes up as

1172

00:41:49,310 --> 00:41:46,859

a kind of airspace security issue during

1173

00:41:51,950 --> 00:41:49,320

the the kind of conversational run-up to

1174

00:41:53,450 --> 00:41:51,960

the elections that are coming up and you

1175

00:41:56,329 --> 00:41:53,460

know that would start early this year

1176

00:41:59,329 --> 00:41:56,339

and will also be

1177

00:42:01,849 --> 00:41:59,339

probably I mean they will be classified

1178

00:42:04,609 --> 00:42:01,859

breathings as we go that happen every

1179

00:42:06,050 --> 00:42:04,619

course or recording or because it's you

1180

00:42:07,250 --> 00:42:06,060

know dictated that needs to happen in

1181

00:42:09,770 --> 00:42:07,260

the legislation

1182

00:42:11,329 --> 00:42:09,780

so our politicians will become more

1183

00:42:14,270 --> 00:42:11,339

informed as we kind of go forward every

1184

00:42:15,950 --> 00:42:14,280

quarter and

1185

00:42:17,990 --> 00:42:15,960

the most likely thing that can happen

1186

00:42:19,849 --> 00:42:18,000

would be that we'll definitely be

1187

00:42:22,670 --> 00:42:19,859

hearing more about Chinese balloons and

1188

00:42:24,230 --> 00:42:22,680

seeing more things like that as we open

1189

00:42:26,030 --> 00:42:24,240

up these Radars and start trying to

1190

00:42:28,790 --> 00:42:26,040

identify things that we we don't know

1191

00:42:33,410 --> 00:42:30,650

um so I got hope and most did you have

1192

00:42:35,870 --> 00:42:33,420

as least likely least likely is we're

1193

00:42:38,390 --> 00:42:35,880

not going to see alien bodies after Gary

1194

00:42:40,010 --> 00:42:38,400

and his conversation I'm like could they

1195

00:42:43,609 --> 00:42:40,020

bring out a little chip of something and

1196

00:42:44,990 --> 00:42:43,619

go here you go like there's your answer

1197

00:42:47,569 --> 00:42:45,000

um you know there's my proof that I

1198

00:42:50,329 --> 00:42:47,579

worked on the Legacy program

1199

00:42:53,210 --> 00:42:50,339

maybe uh that feels a little more

1200

00:42:55,490 --> 00:42:53,220

realistic after listening to Gary talk

1201
00:42:56,930 --> 00:42:55,500
but I I wouldn't say we're gonna see

1202
00:42:58,970 --> 00:42:56,940
like a full Craft on the lawn of the

1203
00:43:01,730 --> 00:42:58,980
White House or alien bodies brought out

1204
00:43:04,670 --> 00:43:01,740
for testing so I'm going to quantify my

1205
00:43:08,210 --> 00:43:04,680
what I hope happens by I'd be happy with

1206
00:43:10,010 --> 00:43:08,220
okay so what I hope happens is there are

1207
00:43:13,730 --> 00:43:10,020
hearings

1208
00:43:16,550 --> 00:43:13,740
um they'll likely be closed doors and we

1209
00:43:19,550 --> 00:43:16,560
just hear bits from those and people

1210
00:43:21,770 --> 00:43:19,560
like your Timber sheds Christian Jilla

1211
00:43:23,030 --> 00:43:21,780
Brands and others maybe come forward and

1212
00:43:24,950 --> 00:43:23,040
talk about some of the things that are

1213
00:43:28,130 --> 00:43:24,960

happening in the background but that

1214

00:43:29,809 --> 00:43:28,140

from those we get the hearings where the

1215

00:43:33,109 --> 00:43:29,819

language gets pushed a little bit

1216

00:43:36,410 --> 00:43:33,119

further forward in terms of non-human

1217

00:43:38,329 --> 00:43:36,420

enormous phenomena not adversarial Tech

1218

00:43:40,609 --> 00:43:38,339

some of that stuff we hear a Chris melon

1219

00:43:43,069 --> 00:43:40,619

a Louis zondo and others are Gary Nolan

1220

00:43:45,170 --> 00:43:43,079

say on podcasts and news networks but

1221

00:43:47,690 --> 00:43:45,180

hear that in a political setting that

1222

00:43:50,510 --> 00:43:47,700

news big news networks set up and take

1223

00:43:52,970 --> 00:43:50,520

notice and start calling these folks out

1224

00:43:55,550 --> 00:43:52,980

on major networks just to really push

1225

00:43:58,130 --> 00:43:55,560

that language into the public forum and

1226
00:44:00,470 --> 00:43:58,140
that people start to hear ah non-humans

1227
00:44:02,569 --> 00:44:00,480
you mean like alien and just start to

1228
00:44:05,690 --> 00:44:02,579
have that on the periphery

1229
00:44:07,010 --> 00:44:05,700
um that things can move forward at a

1230
00:44:08,750 --> 00:44:07,020
better pace and kind of open the

1231
00:44:10,790 --> 00:44:08,760
floodgates a bit more if the Taps on and

1232
00:44:13,550 --> 00:44:10,800
it's dripping the Titans turned a bit

1233
00:44:16,069 --> 00:44:13,560
more to let more water start flowing

1234
00:44:18,589 --> 00:44:16,079
um that's my realistic hope

1235
00:44:20,870 --> 00:44:18,599
the least likely thing to happen is that

1236
00:44:22,490 --> 00:44:20,880
we have any type of capital D disclosure

1237
00:44:23,750 --> 00:44:22,500
as much as other people have said as

1238
00:44:26,750 --> 00:44:23,760

much

1239

00:44:28,670 --> 00:44:26,760

um and that includes talking about Crash

1240

00:44:31,130 --> 00:44:28,680

retrieval programs I can't see it

1241

00:44:32,690 --> 00:44:31,140

happening I want it to that's that would

1242

00:44:34,730 --> 00:44:32,700

be a mega extreme

1243

00:44:37,910 --> 00:44:34,740

can't see it happening

1244

00:44:41,210 --> 00:44:40,010

I can't hear the word alien being used

1245

00:44:43,130 --> 00:44:41,220

that'll be one of the least likely

1246

00:44:45,349 --> 00:44:43,140

things to happen

1247

00:44:48,470 --> 00:44:47,210

and a lot of their stuff the least like

1248

00:44:51,050 --> 00:44:48,480

the thing is a lot this is made public

1249

00:44:53,750 --> 00:44:51,060

as well as much as possible it'd be kept

1250

00:44:56,990 --> 00:44:53,760

behind closed doors so then off the back

1251
00:44:59,809 --> 00:44:57,000
of that what is most likely to happen

1252
00:45:04,130 --> 00:44:59,819
is we get

1253
00:45:07,069 --> 00:45:04,140
honestly I think that escalations

1254
00:45:10,130 --> 00:45:07,079
worldwide turn up a notch again in other

1255
00:45:13,309 --> 00:45:10,140
countries and it kind of goes on the

1256
00:45:16,370 --> 00:45:13,319
back burner a bit because geopolitically

1257
00:45:18,349 --> 00:45:16,380
it's not the Hot Topic and the news

1258
00:45:21,230 --> 00:45:18,359
media will be more interested even if

1259
00:45:22,730 --> 00:45:21,240
hearings happen and the fact that Russia

1260
00:45:25,970 --> 00:45:22,740
Ukraine's still happening China's

1261
00:45:28,190 --> 00:45:25,980
getting involved U.S UK allies are

1262
00:45:31,069 --> 00:45:28,200
ramping up and supplying Ukraine

1263
00:45:32,809 --> 00:45:31,079

and it gets delayed and put on the back

1264

00:45:34,970 --> 00:45:32,819

burner that is honestly where I can see

1265

00:45:37,190 --> 00:45:34,980

it happening right now unless something

1266

00:45:39,770 --> 00:45:37,200

big changes

1267

00:45:41,630 --> 00:45:39,780

um and if you aware for example the Air

1268

00:45:43,309 --> 00:45:41,640

Force looking to hold all this down or

1269

00:45:45,589 --> 00:45:43,319

you know

1270

00:45:47,930 --> 00:45:45,599

some bureaucrat that was that doesn't

1271

00:45:49,849 --> 00:45:47,940

want this stuff out then you can just

1272

00:45:51,770 --> 00:45:49,859

pin your your hopes on do you know what

1273

00:45:52,849 --> 00:45:51,780

tensions are escalating elsewhere you're

1274

00:45:56,210 --> 00:45:52,859

not going to deal with that when you've

1275

00:45:58,550 --> 00:45:56,220

got Russia pointing you know x y and z

1276

00:46:00,770 --> 00:45:58,560

using tactical nooks and Ukraine who's

1277

00:46:02,930 --> 00:46:00,780

going to be talking about UFOs that's an

1278

00:46:06,470 --> 00:46:02,940

easy way to dampen it down I hope not

1279

00:46:07,550 --> 00:46:06,480

but I think there's yeah I really don't

1280

00:46:09,950 --> 00:46:07,560

know right now I don't know if you're

1281

00:46:11,630 --> 00:46:09,960

the same or like I genuinely I can't be

1282

00:46:14,089 --> 00:46:11,640

as confident as a Stephen Bassett or a

1283

00:46:15,410 --> 00:46:14,099

John Ramirez or or a Ross Coulter or

1284

00:46:18,230 --> 00:46:15,420

whatever but

1285

00:46:20,510 --> 00:46:18,240

looking at a Ross looking at uh a Gary

1286

00:46:21,589 --> 00:46:20,520

Nolan they are infinitely more informed

1287

00:46:22,790 --> 00:46:21,599

than we are

1288

00:46:24,109 --> 00:46:22,800

um I wouldn't speak for you but

1289

00:46:25,510 --> 00:46:24,119

definitely me

1290

00:46:29,089 --> 00:46:25,520

um

1291

00:46:31,609 --> 00:46:29,099

yeah we knew that yeah but you know they

1292

00:46:33,770 --> 00:46:31,619

they they're far better informed than we

1293

00:46:36,950 --> 00:46:33,780

are and they see me things things are

1294

00:46:39,470 --> 00:46:36,960

coming that makes me confident

1295

00:46:43,730 --> 00:46:39,480

yeah exactly it like you said earlier

1296

00:46:47,150 --> 00:46:45,829

reputations are on the line from some

1297

00:46:49,550 --> 00:46:47,160

people that I have a lot of respect for

1298

00:46:51,650 --> 00:46:49,560

so I'd be very surprised if these things

1299

00:46:53,089 --> 00:46:51,660

didn't come to pass

1300

00:46:54,230 --> 00:46:53,099

I'll read through some of the comments

1301
00:46:55,910 --> 00:46:54,240
down and you can just give us your very

1302
00:46:58,089 --> 00:46:55,920
quick thoughts on them maybe even just

1303
00:47:01,690 --> 00:46:58,099
end up in a word at the end of the day

1304
00:47:05,809 --> 00:47:01,700
that's syllable for each yeah

1305
00:47:07,490 --> 00:47:05,819
so uh Junior on YouTube says I hope for

1306
00:47:09,050 --> 00:47:07,500
a complete declassification an open

1307
00:47:10,069 --> 00:47:09,060
discussion and all layers of all

1308
00:47:12,170 --> 00:47:10,079
societies

1309
00:47:13,690 --> 00:47:12,180
this is also the least likely scenario

1310
00:47:17,150 --> 00:47:13,700
so think of it

1311
00:47:18,890 --> 00:47:17,160
yeah totally fair it must be Scottish

1312
00:47:20,089 --> 00:47:18,900
um probably two or three new pieces of

1313
00:47:21,410 --> 00:47:20,099

information will come to light which

1314

00:47:22,910 --> 00:47:21,420

will be largely ignored by all the

1315

00:47:25,670 --> 00:47:22,920

people who are not already entrenched in

1316

00:47:28,490 --> 00:47:25,680

the subject sounds pretty fair and whole

1317

00:47:30,589 --> 00:47:28,500

reasons yeah yeah

1318

00:47:31,730 --> 00:47:30,599

um read speed said and you know what

1319

00:47:33,230 --> 00:47:31,740

I've not read these all in advance

1320

00:47:34,550 --> 00:47:33,240

properly I skimmed them so I hope

1321

00:47:36,109 --> 00:47:34,560

something massively offensive doesn't

1322

00:47:39,770 --> 00:47:36,119

come up here

1323

00:47:41,569 --> 00:47:39,780

um read speed 7750 I hope thinking

1324

00:47:43,550 --> 00:47:41,579

logically like Spock really gains

1325

00:47:45,050 --> 00:47:43,560

momentum I think this is the least

1326

00:47:47,690 --> 00:47:45,060

likely thing to happen in your English

1327

00:47:48,770 --> 00:47:47,700

Earth man summer and most likely we will

1328

00:47:51,589 --> 00:47:48,780

see an increase in homelessness

1329

00:47:54,710 --> 00:47:51,599

especially in over 50s age group wow

1330

00:47:57,470 --> 00:47:54,720

Bleak but yeah I mean yeah true and yeah

1331

00:47:59,569 --> 00:47:57,480

yeah if you can if you can spare some

1332

00:48:02,030 --> 00:47:59,579

money to donate to local charities to

1333

00:48:04,069 --> 00:48:02,040

help homeless folk do so yeah I always

1334

00:48:05,510 --> 00:48:04,079

stuck a bag of food shopping I don't

1335

00:48:07,069 --> 00:48:05,520

need to be praised with a hero but some

1336

00:48:08,630 --> 00:48:07,079

folks know that I'll put some stuff when

1337

00:48:10,670 --> 00:48:08,640

I'm in Tesco in that in the food banks

1338

00:48:12,109 --> 00:48:10,680

because it's awful we have to we were

1339

00:48:15,109 --> 00:48:12,119

going to say you like left a bag of food

1340

00:48:16,730 --> 00:48:15,119

outside like for hedgehogs you know it's

1341

00:48:18,170 --> 00:48:16,740

not like a it's not like I give a penny

1342

00:48:19,430 --> 00:48:18,180

take a penny I buy something and put it

1343

00:48:21,109 --> 00:48:19,440

I didn't take something I want no I

1344

00:48:31,390 --> 00:48:21,119

don't do that

1345

00:48:36,230 --> 00:48:33,770

yeah sorry you're probably not based in

1346

00:48:38,569 --> 00:48:36,240

the UK but you know who you are now set

1347

00:48:40,250 --> 00:48:38,579

your name so many times this summer I

1348

00:48:43,190 --> 00:48:40,260

hope what will happen is full disclosure

1349

00:48:45,349 --> 00:48:43,200

the least likely thing to happen is full

1350

00:48:47,030 --> 00:48:45,359

disclosure and what is most likely to

1351

00:48:48,829 --> 00:48:47,040

happen is and I like this Lou

1352

00:48:55,370 --> 00:48:48,839

Alexander's book comes out and hints at

1353

00:48:59,089 --> 00:48:57,050

um I've got to read out snapshot PT

1354

00:49:00,470 --> 00:48:59,099

always the same old story next summer

1355

00:49:04,130 --> 00:49:00,480

will be the one and it never happens

1356

00:49:06,230 --> 00:49:04,140

it's the UFO topic and you yeah post

1357

00:49:08,390 --> 00:49:06,240

that again next year yeah can't can't

1358

00:49:10,550 --> 00:49:08,400

deny that you know we always say it's a

1359

00:49:12,290 --> 00:49:10,560

long game but for some it's it's a

1360

00:49:15,650 --> 00:49:12,300

little too long and yeah it's getting

1361

00:49:17,990 --> 00:49:15,660

tiresome for for a lot of people yeah

1362

00:49:19,849 --> 00:49:18,000

um Glenn Wilson I hope the government's

1363

00:49:22,010 --> 00:49:19,859

holding these secrets open up I least

1364

00:49:23,569 --> 00:49:22,020

expect them to uh it looks like I have

1365

00:49:26,809 --> 00:49:23,579

mistrusting governments and quite

1366

00:49:28,970 --> 00:49:26,819

rightly so so yeah yeah nice

1367

00:49:30,770 --> 00:49:28,980

um hope for the best this summer I hope

1368

00:49:32,329 --> 00:49:30,780

independent Witnesses with footage and

1369

00:49:34,309 --> 00:49:32,339

testimony will move forward into the

1370

00:49:35,990 --> 00:49:34,319

public kept safe and that their stories

1371

00:49:37,130 --> 00:49:36,000

will cause Congress to go full board

1372

00:49:39,770 --> 00:49:37,140

with building a bridge to real

1373

00:49:41,630 --> 00:49:39,780

disclosure the least likely thing that

1374

00:49:43,790 --> 00:49:41,640

will happen is to see any real change in

1375

00:49:45,230 --> 00:49:43,800

those actual Powers wanting to do

1376

00:49:47,210 --> 00:49:45,240

anything that might undermine their

1377

00:49:49,309 --> 00:49:47,220

power and the most likely things to

1378

00:49:51,230 --> 00:49:49,319

happen will be one more crackling of new

1379

00:49:54,470 --> 00:49:51,240

honest footage to continually spark the

1380

00:49:57,170 --> 00:49:54,480

conversation and to more

1381

00:49:58,609 --> 00:49:57,180

yeah so I won't read the comment on the

1382

00:50:00,829 --> 00:49:58,619

weaponized podcast because I like

1383

00:50:02,650 --> 00:50:00,839

weaponized by George and uh Jeremy but

1384

00:50:04,849 --> 00:50:02,660

yeah if that's your opinion fair enough

1385

00:50:07,370 --> 00:50:04,859

I can't even get a sense of what that

1386

00:50:09,530 --> 00:50:07,380

was yeah like I say I didn't fully read

1387

00:50:10,790 --> 00:50:09,540

these before Super Fan yeah super fun

1388

00:50:14,630 --> 00:50:10,800

yeah

1389

00:50:17,089 --> 00:50:14,640

stuff you put on there and that thing

1390

00:50:19,010 --> 00:50:17,099

about no footage listen I'd be over the

1391

00:50:21,589 --> 00:50:19,020

moon if at the end of the summer we had

1392

00:50:23,270 --> 00:50:21,599

another Tic Tac gimbal you know type

1393

00:50:25,910 --> 00:50:23,280

video and I don't mean the other stuff

1394

00:50:28,130 --> 00:50:25,920

that's being brought out by others I

1395

00:50:30,170 --> 00:50:28,140

mean something literally

1396

00:50:32,510 --> 00:50:30,180

you know again like like we had there

1397

00:50:34,430 --> 00:50:32,520

something really meaty

1398

00:50:37,069 --> 00:50:34,440

um that wasn't instantly dismissable as

1399

00:50:40,190 --> 00:50:37,079

an assho would be good

1400

00:50:42,970 --> 00:50:40,200

um yeah yeah exactly just something that

1401

00:50:45,230 --> 00:50:42,980

hints one of the observables in a really

1402

00:50:46,849 --> 00:50:45,240

non-debatable way would be wonderful

1403

00:50:49,069 --> 00:50:46,859

yeah

1404

00:50:50,750 --> 00:50:49,079

um and a couple from the Discord Channel

1405

00:50:53,630 --> 00:50:50,760

as well thanks to anyone who took time

1406

00:50:55,370 --> 00:50:53,640

to post them over there Mike says uh

1407

00:50:57,589 --> 00:50:55,380

this summer I hope what will happen is

1408

00:50:59,870 --> 00:50:57,599

uh DOD or related Department

1409

00:51:02,630 --> 00:50:59,880

whistleblower will take an official

1410

00:51:04,849 --> 00:51:02,640

ET public oh we'll take an official ET

1411

00:51:06,290 --> 00:51:04,859

encounter public I was going to say I

1412

00:51:08,569 --> 00:51:06,300

thought he was hoping they get abducted

1413

00:51:10,190 --> 00:51:08,579

and but yeah so we'll take an official

1414

00:51:12,349 --> 00:51:10,200

18 counter public yeah so someone from

1415

00:51:15,049 --> 00:51:12,359

the dod to see what choice would you

1416

00:51:19,130 --> 00:51:15,059

would you get abducted no no no no no no

1417

00:51:20,410 --> 00:51:19,140

too much to do not again

1418

00:51:22,490 --> 00:51:20,420

um

1419

00:51:23,690 --> 00:51:22,500

controversial and that's where they

1420

00:51:25,190 --> 00:51:23,700

that's what I should play the UFO

1421

00:51:27,109 --> 00:51:25,200

clapping the podcast just Fades out

1422

00:51:29,630 --> 00:51:27,119

people's like oh part two coming next

1423

00:51:31,849 --> 00:51:29,640

week all for clicks

1424

00:51:34,010 --> 00:51:31,859

um LOL I think the least likely thing to

1425

00:51:35,750 --> 00:51:34,020

happen still Mike is a DOD whistleblower

1426

00:51:37,250 --> 00:51:35,760

will take an official 18 counter public

1427

00:51:38,750 --> 00:51:37,260

I like a lot of people putting the most

1428

00:51:40,370 --> 00:51:38,760

and least likely thing is exactly the

1429

00:51:41,870 --> 00:51:40,380

same yeah the same thing I generally

1430

00:51:44,089 --> 00:51:41,880

never thought that might happen and um

1431

00:51:46,430 --> 00:51:44,099

the most likely thing is the Pentagon or

1432

00:51:48,170 --> 00:51:46,440

Congress reveals that an AI driven UFO

1433

00:51:50,270 --> 00:51:48,180

Factory is active in the Atlantic Ocean

1434

00:51:52,270 --> 00:51:50,280

and has been for decades oh that's an

1435

00:51:55,010 --> 00:51:52,280

unfortunate thing right

1436

00:51:56,990 --> 00:51:55,020

someone posted something on 4chan where

1437

00:51:58,670 --> 00:51:57,000

supposedly it's a lap like I read it and

1438

00:52:00,230 --> 00:51:58,680

I thought it was someone laughing as

1439

00:52:01,430 --> 00:52:00,240

well which is like live action role play

1440

00:52:02,569 --> 00:52:01,440

if someone's never heard of it that's

1441

00:52:05,089 --> 00:52:02,579

listening

1442

00:52:08,270 --> 00:52:05,099

um and yeah it had details about

1443

00:52:10,490 --> 00:52:08,280

uh things like

1444

00:52:12,230 --> 00:52:10,500

how the crafts work and you know who the

1445

00:52:14,630 --> 00:52:12,240

aliens are and so on so forth and part

1446

00:52:16,730 --> 00:52:14,640

of it was that there's a UFO Factory in

1447

00:52:19,130 --> 00:52:16,740

the Atlantic Ocean that's just kind of

1448

00:52:21,530 --> 00:52:19,140

making these I guess volume one probes

1449

00:52:24,549 --> 00:52:21,540

as Gary explained it in salt

1450

00:52:27,470 --> 00:52:24,559

um or at Salt but yeah

1451
00:52:31,010 --> 00:52:27,480
far-fetched though you know and 4chan

1452
00:52:33,410 --> 00:52:31,020
has a reputation of this kind of lapping

1453
00:52:35,210 --> 00:52:33,420
um broken clock is right twice a day I

1454
00:52:37,549 --> 00:52:35,220
mean yeah there's that so you got to

1455
00:52:39,710 --> 00:52:37,559
hold it very lightly um it sounds like a

1456
00:52:41,690 --> 00:52:39,720
good movie anyway yeah

1457
00:52:43,190 --> 00:52:41,700
um dalamar said Stephen Bassett stole

1458
00:52:45,589 --> 00:52:43,200
the word right out of my mouth in his

1459
00:52:47,329 --> 00:52:45,599
recent talk with you Andy I hope this

1460
00:52:48,950 --> 00:52:47,339
summer there is a form of plain vanilla

1461
00:52:50,750 --> 00:52:48,960
disclosure where they're forced out or

1462
00:52:52,549 --> 00:52:50,760
voluntarily provided that creates the

1463
00:52:54,770 --> 00:52:52,559

Holy Grail of disclosure discourse the

1464

00:52:56,569 --> 00:52:54,780

topic becoming an agenda for a US

1465

00:52:57,890 --> 00:52:56,579

presidential election cycle which is a

1466

00:52:59,809 --> 00:52:57,900

really interesting take on it and I was

1467

00:53:01,309 --> 00:52:59,819

I was glad to even brought that up

1468

00:53:02,990 --> 00:53:01,319

and you mentioned it before Dan about

1469

00:53:04,609 --> 00:53:03,000

the Electoral cycle in the US checking

1470

00:53:06,410 --> 00:53:04,619

off and forcing it into the Public

1471

00:53:08,390 --> 00:53:06,420

Square to be debated openly in a

1472

00:53:11,210 --> 00:53:08,400

presidential election cycle and by doing

1473

00:53:12,890 --> 00:53:11,220

so allowing other Western democracies to

1474

00:53:14,809 --> 00:53:12,900

follow suit in their own election Cycles

1475

00:53:16,250 --> 00:53:14,819

then yes or no

1476

00:53:17,990 --> 00:53:16,260

um is it going to be discussed in the

1477

00:53:20,270 --> 00:53:18,000

upcoming presidential as are they called

1478

00:53:22,190 --> 00:53:20,280

primaries and elections yeah can you see

1479

00:53:23,569 --> 00:53:22,200

this being you'll have run-ups to

1480

00:53:28,790 --> 00:53:23,579

primaries and run-ups to the election

1481

00:53:34,190 --> 00:53:30,589

um hey I've seen The West Wing they need

1482

00:53:37,370 --> 00:53:35,390

um

1483

00:53:39,650 --> 00:53:37,380

yes I think it will come up but it will

1484

00:53:41,510 --> 00:53:39,660

be framed as necessary UAP it'll be

1485

00:53:43,970 --> 00:53:41,520

framed around the Chinese balloon and

1486

00:53:46,309 --> 00:53:43,980

airspace incursions which really is how

1487

00:53:47,630 --> 00:53:46,319

we've been talking about UAP since 2017

1488

00:53:48,829 --> 00:53:47,640

anyway

1489

00:53:50,390 --> 00:53:48,839

um so you don't think anyone will

1490

00:53:52,370 --> 00:53:50,400

mention aliens in any way shape or form

1491

00:53:54,829 --> 00:53:52,380

no I don't think so but we will talk

1492

00:53:56,690 --> 00:53:54,839

about unidentified objects in the sky

1493

00:53:58,490 --> 00:53:56,700

that we need to tackle in under the

1494

00:54:00,290 --> 00:53:58,500

Guides of airspace security yeah cool I

1495

00:54:02,270 --> 00:54:00,300

I would think even our Kirsten

1496

00:54:04,309 --> 00:54:02,280

gillibrand if she ran for president and

1497

00:54:06,230 --> 00:54:04,319

was asked up front in some kind of

1498

00:54:08,270 --> 00:54:06,240

debate you know you're an advocate of

1499

00:54:10,970 --> 00:54:08,280

the UAP topic do you think any of these

1500

00:54:13,370 --> 00:54:10,980

could possibly be an alien technology I

1501
00:54:14,809 --> 00:54:13,380
think she would like USA will talk about

1502
00:54:17,329 --> 00:54:14,819
you know there are things in our skies

1503
00:54:18,710 --> 00:54:17,339
that we have to look at closely and it

1504
00:54:20,690 --> 00:54:18,720
would be framed that way she wouldn't

1505
00:54:22,430 --> 00:54:20,700
come over and say yes and I think she'd

1506
00:54:24,230 --> 00:54:22,440
probably be silly to it this time yeah

1507
00:54:25,849 --> 00:54:24,240
we know the game by this point right we

1508
00:54:26,930 --> 00:54:25,859
know how they're framing things and and

1509
00:54:29,150 --> 00:54:26,940
that's the way they want to talk about

1510
00:54:30,530 --> 00:54:29,160
it and yeah fine it gets us to the same

1511
00:54:32,870 --> 00:54:30,540
place which is figuring out what these

1512
00:54:34,730 --> 00:54:32,880
things in the sky are

1513
00:54:36,890 --> 00:54:34,740

um and the last one Mr Calhoun from

1514

00:54:38,630 --> 00:54:36,900

Discord this summer I hope will happen

1515

00:54:40,309 --> 00:54:38,640

is an admission of the presence of a

1516

00:54:42,290 --> 00:54:40,319

form of non-human Intelligence on Earth

1517

00:54:44,390 --> 00:54:42,300

pretty straightforward but yeah that's

1518

00:54:45,890 --> 00:54:44,400

that's the one we want I think the least

1519

00:54:47,510 --> 00:54:45,900

likely thing to happen is that you can

1520

00:54:49,130 --> 00:54:47,520

walk Carefree on the sidewalk and a

1521

00:54:51,470 --> 00:54:49,140

great alien bodysuit without having to

1522

00:54:52,730 --> 00:54:51,480

face public ridicule as I always like to

1523

00:54:56,030 --> 00:54:52,740

say disclosure hasn't really happened

1524

00:54:58,069 --> 00:54:56,040

until you can and the though I think the

1525

00:55:00,349 --> 00:54:58,079

most likely thing to happen is some

1526

00:55:02,930 --> 00:55:00,359

fantastic euphorologist Valencia uh

1527

00:55:04,130 --> 00:55:02,940

Balenciaga memes and AI generated oh

1528

00:55:06,410 --> 00:55:04,140

okay

1529

00:55:09,049 --> 00:55:06,420

um some fantastic ufologist memes and AI

1530

00:55:12,410 --> 00:55:09,059

generated testimonies as well so

1531

00:55:13,670 --> 00:55:12,420

probably and until the Walking them down

1532

00:55:15,950 --> 00:55:13,680

the sidewalk comment without being

1533

00:55:17,630 --> 00:55:15,960

laughed at go go to New York do it there

1534

00:55:19,730 --> 00:55:17,640

no one will laugh at you it's full of

1535

00:55:21,470 --> 00:55:19,740

characters people will just kind of go

1536

00:55:23,690 --> 00:55:21,480

Yep this is New York and just walk

1537

00:55:25,130 --> 00:55:23,700

straight past the gray so if any hybrids

1538

00:55:27,170 --> 00:55:25,140

are listening they'll move to New York

1539

00:55:28,490 --> 00:55:27,180

they wouldn't notice you and then to

1540

00:55:32,089 --> 00:55:28,500

finish off you want to discover our

1541

00:55:33,770 --> 00:55:32,099

Brazilians at UFO Brazilians yeah that's

1542

00:55:36,829 --> 00:55:33,780

right so what was the name of the place

1543

00:55:37,910 --> 00:55:36,839

about that James Fox documentary moment

1544

00:55:39,770 --> 00:55:37,920

of contact

1545

00:55:42,470 --> 00:55:39,780

Virginia

1546

00:55:43,849 --> 00:55:42,480

so you'll be glad to know because we

1547

00:55:45,349 --> 00:55:43,859

were saying that it kind of gives you a

1548

00:55:46,250 --> 00:55:45,359

heart attack everything you had to say

1549

00:55:50,030 --> 00:55:46,260

it

1550

00:55:53,450 --> 00:55:50,040

um you you'd say Virginia there's no in

1551
00:55:55,370 --> 00:55:53,460
there then I sound pretentious it

1552
00:55:57,230 --> 00:55:55,380
depends literally so Spanish-speaking

1553
00:55:58,790 --> 00:55:57,240
countries they will pronounce certain

1554
00:56:01,069 --> 00:55:58,800
letters differently so like you know

1555
00:56:02,809 --> 00:56:01,079
some people say bathalona I was going to

1556
00:56:04,910 --> 00:56:02,819
give the example of Barcelona literally

1557
00:56:06,650 --> 00:56:04,920
that's just the dialect so if you're not

1558
00:56:08,150 --> 00:56:06,660
necessarily pretentious it just means

1559
00:56:10,549 --> 00:56:08,160
you're from a certain area and that's

1560
00:56:14,089 --> 00:56:10,559
how they say that letter so yeah you can

1561
00:56:17,109 --> 00:56:14,099
always pretend being from Glasgow I'm

1562
00:56:19,849 --> 00:56:17,119
going to have to stick with my Virginia

1563
00:56:20,809 --> 00:56:19,859

pronunciation for all your fans out

1564

00:56:22,549 --> 00:56:20,819

there

1565

00:56:24,829 --> 00:56:22,559

um but yeah that is fair would you like

1566

00:56:26,329 --> 00:56:24,839

to hear a chat GPC joke

1567

00:56:28,130 --> 00:56:26,339

go on

1568

00:56:30,190 --> 00:56:28,140

why did the aliens throw beef on the

1569

00:56:33,770 --> 00:56:30,200

asteroid

1570

00:56:35,690 --> 00:56:33,780

he wanted it a little meatier that is
