PATTERNS TELL STORIES
FEATURING @TINYKLAUS

1
00:00:04,730 --> 00:00:02,930
say indigenous to the to Earth

2
00:00:09,650 --> 00:00:04,740
um is probably the main

3
00:00:11,150 --> 00:00:09,660
the main definition uh yeah it actually

4
00:00:14,570 --> 00:00:11,160
broke down kind of the whole definition

5
00:00:19,250 --> 00:00:14,580
of crypto and it basically means hidden

6
00:00:22,189 --> 00:00:19,260
and um a big a big piece of the lore is

7
00:00:23,330 --> 00:00:22,199
that they they live underground and you

8
00:00:25,550 --> 00:00:23,340
know have

9
00:00:28,070 --> 00:00:25,560
developed there I guess and kind of like

10
00:00:28,730 --> 00:00:28,080
a Subterranean civilization

11
00:00:31,550 --> 00:00:28,740
um

12
00:00:33,709 --> 00:00:31,560
and some people you know it kind of ties

13
00:00:35,090 --> 00:00:33,719

in with Cryptids like Bigfoot and yeah

14

00:00:35,870 --> 00:00:35,100

and that kind of thing

15

00:00:39,470 --> 00:00:35,880

um

16

00:00:41,869 --> 00:00:39,480

but what I think is most likely and this

17

00:00:44,630 --> 00:00:41,879

is where I this is a big one where I try

18

00:00:46,369 --> 00:00:44,640

to tie in the recent science with you

19

00:00:47,930 --> 00:00:46,379

know the kind of lore

20

00:00:52,190 --> 00:00:47,940

um is

21

00:00:53,450 --> 00:00:52,200

that you know we have these recent

22

00:00:56,330 --> 00:00:53,460

um

23

00:01:00,830 --> 00:00:56,340

these recent discoveries that they're

24

00:01:02,630 --> 00:01:00,840

making with hominins from you know

25

00:01:03,950 --> 00:01:02,640

hundreds of thousands of years ago and

26

00:01:06,590 --> 00:01:03,960

this I was going to ask you that yeah

27

00:01:10,429 --> 00:01:06,600

yeah so this this was kind of what got

28

00:01:13,370 --> 00:01:10,439

me really into the crypto thing was just

29

00:01:16,490 --> 00:01:13,380

um this species Homan laletti

30

00:01:17,210 --> 00:01:16,500

um was it was discovered I think back in

31

00:01:19,730 --> 00:01:17,220

the

32

00:01:21,830 --> 00:01:19,740

like back in like 20

33

00:01:25,010 --> 00:01:21,840

13 or something I'm probably totally

34

00:01:29,030 --> 00:01:25,020

wrong off the top of my head but um

35

00:01:31,969 --> 00:01:29,040

it was I think in December of 2022

36

00:01:34,190 --> 00:01:31,979

uh they finally got

37

00:01:37,190 --> 00:01:34,200

um down into the caves that they were

38

00:01:40,609 --> 00:01:37,200

Excavating for this um hominin species

39

00:01:43,249 --> 00:01:40,619

that they finally were able to you know

40

00:01:46,550 --> 00:01:43,259

enter these certain Caverns

41

00:01:49,630 --> 00:01:46,560

um in the at the archaeological site and

42

00:01:52,429 --> 00:01:49,640

they've found out that the species was

43

00:01:53,210 --> 00:01:52,439

harnessing fire

44

00:01:55,730 --> 00:01:53,220

um

45

00:01:59,210 --> 00:01:55,740

and essentially

46

00:02:03,469 --> 00:01:59,220

it was and it was a burial uh burial

47

00:02:05,990 --> 00:02:03,479

ground essentially and they were

48

00:02:07,609 --> 00:02:06,000

postulating that the species had

49

00:02:08,330 --> 00:02:07,619

symbolic thought

50

00:02:11,869 --> 00:02:08,340

um

51
00:02:15,949 --> 00:02:11,879
and like you know futuristic uh customs

52
00:02:18,229 --> 00:02:15,959
and culture essentially uh so

53
00:02:20,990 --> 00:02:18,239
I was trying to like

54
00:02:23,570 --> 00:02:21,000
square that with like what Homo sapiens

55
00:02:26,150 --> 00:02:23,580
were doing around that time and the

56
00:02:29,390 --> 00:02:26,160
article stated that you know

57
00:02:33,530 --> 00:02:29,400
homo nobody was probably

58
00:02:37,430 --> 00:02:33,540
you know using fire alongside us yeah

59
00:02:39,949 --> 00:02:37,440
essentially before us so fire is you

60
00:02:43,970 --> 00:02:39,959
know harnessing fire is basically kind

61
00:02:46,910 --> 00:02:43,980
of a technology so if we had an a tied

62
00:02:49,190 --> 00:02:46,920
in with um kind of Graham Hancock's

63
00:02:51,309 --> 00:02:49,200

theory about you know an ancient

64

00:02:53,330 --> 00:02:51,319

civilization living next to a more

65

00:02:55,850 --> 00:02:53,340

primitive one

66

00:02:58,250 --> 00:02:55,860

um and that's kind of what what he bases

67

00:02:59,930 --> 00:02:58,260

this whole thing on where

68

00:03:01,550 --> 00:02:59,940

um you know all these ancient structures

69

00:03:02,690 --> 00:03:01,560

and stuff were built by a more advanced

70

00:03:05,089 --> 00:03:02,700

civilization

71

00:03:07,430 --> 00:03:05,099

uh so I kind of took that and applied it

72

00:03:09,410 --> 00:03:07,440

to this and it kind of fit uh like the

73

00:03:12,170 --> 00:03:09,420

puzzle pieces so

74

00:03:13,550 --> 00:03:12,180

so from there I just I just kind of took

75

00:03:14,750 --> 00:03:13,560

it a little bit further in one of my

76

00:03:17,149 --> 00:03:14,760

articles and

77

00:03:19,369 --> 00:03:17,159

now they're actually I think in June

78

00:03:21,229 --> 00:03:19,379

they're they're releasing all their all

79

00:03:23,149 --> 00:03:21,239

their papers like peer-reviewed papers

80

00:03:25,250 --> 00:03:23,159

on them and Letty

81

00:03:27,649 --> 00:03:25,260

um and there's apparently some pretty

82

00:03:30,710 --> 00:03:27,659

wild discoveries uh that are going to be

83

00:03:32,630 --> 00:03:30,720

coming out and one of them

84

00:03:35,630 --> 00:03:32,640

um I don't I don't think a lot of people

85

00:03:39,170 --> 00:03:35,640

have seen this video but uh it's uh this

86

00:03:41,809 --> 00:03:39,180

Anthropologist John Hawks works with um

87

00:03:44,149 --> 00:03:41,819

Lee Burger is the main Anthropologist on

88

00:03:46,490 --> 00:03:44,159

it and then he's co-writing a book on

89

00:03:48,050 --> 00:03:46,500

homo noletti with John Hawks called uh

90

00:03:52,130 --> 00:03:48,060

Cave of Bones

91

00:03:54,050 --> 00:03:52,140

and John Hawks uh let in February gave

92

00:03:56,449 --> 00:03:54,060

this presentation

93

00:03:58,190 --> 00:03:56,459

uh it's it's pretty amazing

94

00:04:01,490 --> 00:03:58,200

um kind of previewing what they what

95

00:04:05,570 --> 00:04:01,500

they found and um they basically found

96

00:04:09,649 --> 00:04:05,580

evidence that Omen milletti was using uh

97

00:04:11,630 --> 00:04:09,659

tools to dig deeper into this cave they

98

00:04:13,610 --> 00:04:11,640

were they were using fire to light their

99

00:04:16,670 --> 00:04:13,620

way and digging deeper into this cave

100

00:04:20,210 --> 00:04:16,680

you know using tools that they made

101

00:04:22,550 --> 00:04:20,220

so if you know you know if that's not

102

00:04:24,469 --> 00:04:22,560

kind of like the start of a book on

103

00:04:27,710 --> 00:04:24,479

crypto terrestrials I don't know what it

104

00:04:30,050 --> 00:04:27,720

is yeah yeah so it's kind of um those

105

00:04:32,689 --> 00:04:30,060

those kind of patterns are like hmm what

106

00:04:34,370 --> 00:04:32,699

is possible when you extrapolate it from

107

00:04:36,530 --> 00:04:34,380

from here
