

THE BREAKDOWN

1
00:00:06,050 --> 00:00:02,629
this is Ross coulart and you are

2
00:00:09,250 --> 00:00:06,060
listening to that UFO podcast

3
00:00:12,230 --> 00:00:09,260
[Music]

4
00:00:14,209 --> 00:00:12,240
hi everyone and welcome back to that UFO

5
00:00:15,890 --> 00:00:14,219
podcast and a bit of a delayed breaking

6
00:00:18,050 --> 00:00:15,900
news podcast because at this point it's

7
00:00:20,090 --> 00:00:18,060
no longer breaking news but as I break

8
00:00:22,970 --> 00:00:20,100
down and I've got joining me for this um

9
00:00:25,070 --> 00:00:22,980
three quarters of Dan's head Dan welcome

10
00:00:27,050 --> 00:00:25,080
hi hi I'll sit back a little bit you can

11
00:00:28,609 --> 00:00:27,060
see the whole head uh in Vermont we only

12
00:00:30,410 --> 00:00:28,619
have three quarter heads so yeah you

13
00:00:32,210 --> 00:00:30,420

know it is what it is

14

00:00:33,950 --> 00:00:32,220

um Dan is there a noise in the

15

00:00:36,470 --> 00:00:33,960

background on your recording can you

16

00:00:42,889 --> 00:00:38,569

or is it the sound of a whistleblowing

17

00:00:45,709 --> 00:00:42,899

done ah see what I've done now this

18

00:00:47,569 --> 00:00:45,719

referee over here oh yeah that'll be it

19

00:00:49,790 --> 00:00:47,579

yeah um so lesson this is to talk about

20

00:00:50,990 --> 00:00:49,800

well The Whistleblower that is actually

21

00:00:53,090 --> 00:00:51,000

coming forward

22

00:00:54,470 --> 00:00:53,100

um apologies to Stephen Bassett who if

23

00:00:57,410 --> 00:00:54,480

he's listening to this is screaming that

24

00:00:59,569 --> 00:00:57,420

he's a witness but um like is this guy a

25

00:01:01,790 --> 00:00:59,579

whistleblower technicalities I know we

26
00:01:03,470 --> 00:01:01,800
get messages about this sometimes but

27
00:01:06,590 --> 00:01:03,480
yeah he is blowing the whistle because

28
00:01:08,510 --> 00:01:06,600
he's left yeah I guess he is and and you

29
00:01:10,850 --> 00:01:08,520
know the investigation's not complete so

30
00:01:13,010 --> 00:01:10,860
I would say in a loose ends he satisfies

31
00:01:14,990 --> 00:01:13,020
the term but again when I was making the

32
00:01:17,450 --> 00:01:15,000
thumbnail for this I put whistleblower

33
00:01:18,950 --> 00:01:17,460
On It originally and I was like Steve a

34
00:01:21,109 --> 00:01:18,960
little Steve bass on my shoulder yelling

35
00:01:23,030 --> 00:01:21,119
at me so yeah don't do it dad don't do

36
00:01:24,350 --> 00:01:23,040
it but anyway yeah so if you're unsure

37
00:01:27,350 --> 00:01:24,360
of what's been going on the last few

38
00:01:30,649 --> 00:01:27,360

days uh on Monday it seems like a long

39

00:01:32,929 --> 00:01:30,659

time ago Monday the 7th sucks very

40

00:01:35,749 --> 00:01:32,939

professional fifth of June

41

00:01:37,130 --> 00:01:35,759

um a bit of nowhere for most people uh

42

00:01:37,969 --> 00:01:37,140

including myself I didn't know it was

43

00:01:39,830 --> 00:01:37,979

coming

44

00:01:43,190 --> 00:01:39,840

um an article dropped on the debrief

45

00:01:45,170 --> 00:01:43,200

around midday UK I missed it for a

46

00:01:47,330 --> 00:01:45,180

couple of hours just busy with work uh

47

00:01:50,030 --> 00:01:47,340

but it certainly dropped the the cat

48

00:01:52,429 --> 00:01:50,040

amongst the pigeons uh at least where

49

00:01:54,350 --> 00:01:52,439

Leslie King and Ralph blumenfell New

50

00:01:56,149 --> 00:01:54,360

York Times journalist many folks will

51
00:01:57,649 --> 00:01:56,159
recognize her names previous guests on

52
00:02:00,410 --> 00:01:57,659
the show but that's not what they're

53
00:02:03,230 --> 00:02:00,420
best known by obviously and they are

54
00:02:05,030 --> 00:02:03,240
famously two-thirds of the trio along

55
00:02:07,910 --> 00:02:05,040
with Helene Cooper who broke the

56
00:02:10,969 --> 00:02:07,920
December 2017 New York Times article

57
00:02:12,710 --> 00:02:10,979
that everyone knows loves and or hates

58
00:02:14,630 --> 00:02:12,720
um they dropped a new article through

59
00:02:16,190 --> 00:02:14,640
the debrief run by Tim McMillan Micah

60
00:02:19,430 --> 00:02:16,200
Hanks and others

61
00:02:21,350 --> 00:02:19,440
basically with the first whistleblower

62
00:02:24,710 --> 00:02:21,360
on record but not just an anonymous

63
00:02:27,470 --> 00:02:24,720

source we have David grish former senior

64

00:02:30,050 --> 00:02:27,480

intelligence officer 36 years old I mean

65

00:02:31,490 --> 00:02:30,060

my God 36 like that I mean that was only

66

00:02:33,470 --> 00:02:31,500

last year for me or a few months ago

67

00:02:35,570 --> 00:02:33,480

accomplished I feel like when I read

68

00:02:36,710 --> 00:02:35,580

about Taylor Swift as well 33 and all of

69

00:02:38,510 --> 00:02:36,720

her accomplishments and I'm just yeah

70

00:02:41,270 --> 00:02:38,520

and you feel like I've stayed in bed

71

00:02:42,710 --> 00:02:41,280

till 10. you know yeah and this guy has

72

00:02:46,190 --> 00:02:42,720

made a name for himself overnight

73

00:02:48,949 --> 00:02:46,200

worldwide so Dan essentially David gush

74

00:02:50,270 --> 00:02:48,959

has come forward and we're going to talk

75

00:02:51,830 --> 00:02:50,280

through the details of what's happened

76

00:02:53,089 --> 00:02:51,840

the last few days it's been a bit wild

77

00:02:55,070 --> 00:02:53,099

and we're doing this a little bit off

78

00:02:57,110 --> 00:02:55,080

the cuff with plenty of notes David

79

00:02:59,270 --> 00:02:57,120

grish has sat down in an interviewer

80

00:03:01,670 --> 00:02:59,280

with Leslie and Ralph and also Ross

81

00:03:04,070 --> 00:03:01,680

Coulter we'll get to that as well and

82

00:03:06,350 --> 00:03:04,080

talked about how he knows the US

83

00:03:08,509 --> 00:03:06,360

government as in possession of retrieved

84

00:03:10,369 --> 00:03:08,519

non-human technology that's a craft

85

00:03:12,830 --> 00:03:10,379

impact craft and there's chat about

86

00:03:14,930 --> 00:03:12,840

bodies as well that's that's the big

87

00:03:16,430 --> 00:03:14,940

headline Grabber there isn't it yeah

88

00:03:17,869 --> 00:03:16,440

yeah absolutely there was a little thing

89

00:03:20,410 --> 00:03:17,879

that kind of went under the radar for me

90

00:03:23,149 --> 00:03:20,420

and that um there was allusions to

91

00:03:24,530 --> 00:03:23,159

interactions with these crafts that were

92

00:03:25,970 --> 00:03:24,540

and I quote David on this he said

93

00:03:27,830 --> 00:03:25,980

malevolent

94

00:03:29,570 --> 00:03:27,840

um people have died and interact with in

95

00:03:31,850 --> 00:03:29,580

with them um trying to communicate that

96

00:03:34,130 --> 00:03:31,860

kind of thing so yeah there's quite a

97

00:03:36,410 --> 00:03:34,140

few big headlines there right in the

98

00:03:39,050 --> 00:03:36,420

claims yeah there's a lot and listen

99

00:03:41,449 --> 00:03:39,060

it's I've seen a lot of people say why

100

00:03:42,949 --> 00:03:41,459

isn't this bigger news than than what it

101
00:03:45,530 --> 00:03:42,959
is and I've seen other people say it's

102
00:03:47,530 --> 00:03:45,540
it's been received in too big a way for

103
00:03:50,030 --> 00:03:47,540
what it is so it's a fascinating

104
00:03:51,530 --> 00:03:50,040
interesting way to see something that

105
00:03:53,930 --> 00:03:51,540
many people have waited for for a long

106
00:03:56,630 --> 00:03:53,940
time still being received with that

107
00:03:58,850 --> 00:03:56,640
roller coaster depending on on where you

108
00:04:00,229 --> 00:03:58,860
sit on the UFO argument it's it made me

109
00:04:02,149 --> 00:04:00,239
think of um I mean you're you're a

110
00:04:04,190 --> 00:04:02,159
football fan so you'll know about this

111
00:04:06,289 --> 00:04:04,200
kind of thing when you know a penalty is

112
00:04:07,970 --> 00:04:06,299
given you can have thousands of people

113
00:04:09,530 --> 00:04:07,980

are looking exactly the same situation

114

00:04:11,030 --> 00:04:09,540

in service and in completely different

115

00:04:12,070 --> 00:04:11,040

ways even though you have the video in

116

00:04:14,210 --> 00:04:12,080

slow-mo yeah

117

00:04:16,490 --> 00:04:14,220

fortunately and this will only be

118

00:04:18,170 --> 00:04:16,500

relevant to a very small minority on the

119

00:04:19,430 --> 00:04:18,180

podcast listening my team didn't give

120

00:04:20,870 --> 00:04:19,440

away any penalties last year which

121

00:04:22,730 --> 00:04:20,880

caused a bit of a start done but that's

122

00:04:24,230 --> 00:04:22,740

for a whole other conversation and

123

00:04:26,450 --> 00:04:24,240

another time and if you enjoyed that

124

00:04:28,370 --> 00:04:26,460

comment then thank you for listening

125

00:04:30,350 --> 00:04:28,380

um the

126

00:04:33,050 --> 00:04:30,360

um that'll get a few messages I'm sure

127

00:04:35,570 --> 00:04:33,060

of it uh but yeah so David crush is a

128

00:04:38,450 --> 00:04:35,580

senior intelligence Community officer uh

129

00:04:40,189 --> 00:04:38,460

till I mean April as recent as April he

130

00:04:42,530 --> 00:04:40,199

was in the role in the job

131

00:04:44,270 --> 00:04:42,540

um he is essentially done a very similar

132

00:04:47,090 --> 00:04:44,280

thing to what Louis under done where

133

00:04:51,050 --> 00:04:47,100

he's come forward and talked about what

134

00:04:53,689 --> 00:04:51,060

he knows or knew about UFO's uaps to

135

00:04:55,670 --> 00:04:53,699

Leslie Ralph Ross cool top

136

00:04:56,930 --> 00:04:55,680

um the Ross culture interview sorry for

137

00:04:58,850 --> 00:04:56,940

jumping all over here but this is the

138

00:05:01,280 --> 00:04:58,860

way it's gonna come out Ross Coulter

139

00:05:10,090 --> 00:05:01,290

interview was recorded back in May

140

00:05:16,010 --> 00:05:13,689

very high ranking he basically delivered

141

00:05:18,350 --> 00:05:16,020

briefs to the president of the United

142

00:05:20,629 --> 00:05:18,360

States that was part of his job role he

143

00:05:23,270 --> 00:05:20,639

had access and this is important to

144

00:05:25,969 --> 00:05:23,280

hundreds of special access programs in

145

00:05:27,770 --> 00:05:25,979

the documents classified documents and

146

00:05:29,810 --> 00:05:27,780

this is where essentially he's if I'm

147

00:05:31,189 --> 00:05:29,820

getting this right then has has gathered

148

00:05:34,990 --> 00:05:31,199

the information that's led him to

149

00:05:37,969 --> 00:05:35,000

believe there is a UFO program highly

150

00:05:39,830 --> 00:05:37,979

compartmentalized really top secret but

151

00:05:42,350 --> 00:05:39,840

we have bits of craft a full craft

152

00:05:45,110 --> 00:05:42,360

bodies and like you say potentially

153

00:05:46,370 --> 00:05:45,120

interactions as well he has said and I

154

00:05:48,409 --> 00:05:46,380

think it's really fair to put this right

155

00:05:50,930 --> 00:05:48,419

up front he's not seen pictures or

156

00:05:53,270 --> 00:05:50,940

videos of any of this and it's just from

157

00:05:54,469 --> 00:05:53,280

seeing the documentation which he has

158

00:05:57,830 --> 00:05:54,479

also claimed he has given some

159

00:05:59,450 --> 00:05:57,840

documentation to Congress that he has

160

00:06:00,529 --> 00:05:59,460

managed to put this together so we're

161

00:06:03,590 --> 00:06:00,539

not getting photos we're not getting

162

00:06:05,510 --> 00:06:03,600

videos but we do have a whistleblower on

163

00:06:07,790 --> 00:06:05,520

record who's talking to Congress who's

164

00:06:10,129 --> 00:06:07,800

came out being interviewed that's that's

165

00:06:12,350 --> 00:06:10,139

a massive story regardless of of where

166

00:06:15,710 --> 00:06:12,360

it goes this is quite a big thing isn't

167

00:06:17,930 --> 00:06:15,720

it yeah 100 you know they're uh their

168

00:06:20,150 --> 00:06:17,940

legal consequences if David is lying

169

00:06:21,529 --> 00:06:20,160

about any of this we're talking you know

170

00:06:22,790 --> 00:06:21,539

ten thousand dollar fine we're talking

171

00:06:24,110 --> 00:06:22,800

jail time

172

00:06:25,850 --> 00:06:24,120

um a lot of man hours have gone into

173

00:06:28,309 --> 00:06:25,860

investigating this from the Inspector

174

00:06:29,930 --> 00:06:28,319

General side so it's just a matter of

175

00:06:31,969 --> 00:06:29,940

ways of resources if he's not being

176

00:06:33,710 --> 00:06:31,979

fully honest here and just to add the

177

00:06:35,870 --> 00:06:33,720

part of the reason that he was privy to

178

00:06:37,790 --> 00:06:35,880

those documents and this testimony from

179

00:06:40,610 --> 00:06:37,800

Witnesses who were apparently in the

180

00:06:42,230 --> 00:06:40,620

programs is because he was hired by the

181

00:06:44,749 --> 00:06:42,240

uapf

182

00:06:46,850 --> 00:06:44,759

um and he was involved there so many

183

00:06:48,409 --> 00:06:46,860

years ago you know when when Arrow was

184

00:06:50,809 --> 00:06:48,419

first streamed up before the days of

185

00:06:51,950 --> 00:06:50,819

amsog and ahead of the days of atip I'm

186

00:06:55,670 --> 00:06:51,960

right you're saying that was it like

187

00:06:57,830 --> 00:06:55,680

2021 to 2022 so he was again obviously

188

00:07:00,050 --> 00:06:57,840

we know the task force was recent but it

189

00:07:02,029 --> 00:07:00,060

this is I think important to get across

190

00:07:04,070 --> 00:07:02,039

it this isn't someone coming out who was

191

00:07:06,230 --> 00:07:04,080

in one of these things 10 20 30 years

192

00:07:07,790 --> 00:07:06,240

ago this is like now this is the stuff

193

00:07:09,830 --> 00:07:07,800

we've been talking about the last couple

194

00:07:11,150 --> 00:07:09,840

of years this is one of the guys who

195

00:07:13,129 --> 00:07:11,160

said in the background you've done well

196

00:07:15,110 --> 00:07:13,139

to draw the parallel to Lou I think you

197

00:07:16,730 --> 00:07:15,120

know he this is a guy that was very very

198

00:07:18,469 --> 00:07:16,740

recently involved with this stuff kind

199

00:07:20,510 --> 00:07:18,479

of saying this is what I was told this

200

00:07:21,589 --> 00:07:20,520

is the information I passed on that was

201
00:07:22,790 --> 00:07:21,599
sensitive

202
00:07:24,589 --> 00:07:22,800
um I'm seeing a lot of people out there

203
00:07:26,150 --> 00:07:24,599
kind of say well if it's classified how

204
00:07:28,249 --> 00:07:26,160
can he speak about it

205
00:07:29,629 --> 00:07:28,259
um and as always DD Johnson and Tim

206
00:07:31,189 --> 00:07:29,639
McMillan are doing Stellar workout

207
00:07:33,170 --> 00:07:31,199
they're kind of explaining the the

208
00:07:35,390 --> 00:07:33,180
policies and things behind

209
00:07:36,950 --> 00:07:35,400
um and they basically point out you know

210
00:07:39,230 --> 00:07:36,960
unless he's talking about specific

211
00:07:41,749 --> 00:07:39,240
techniques like sensors program names

212
00:07:44,089 --> 00:07:41,759
people that you was working next to

213
00:07:46,129 --> 00:07:44,099

um there's he's not breaking an oath

214

00:07:47,689 --> 00:07:46,139

there might be a separate NDA that he

215

00:07:49,790 --> 00:07:47,699

signed to kind of blanket cover

216

00:07:52,790 --> 00:07:49,800

everything but we know that's what was

217

00:07:55,249 --> 00:07:52,800

covered in the ndaa that he was cleared

218

00:07:58,550 --> 00:07:55,259

to you know if he if anyone ever had

219

00:08:01,070 --> 00:07:58,560

signed a NDA so many acronyms

220

00:08:02,510 --> 00:08:01,080

um to not talk about these programs uh

221

00:08:03,770 --> 00:08:02,520

they they can talk about them this is

222

00:08:05,510 --> 00:08:03,780

the real room as long as they're not

223

00:08:07,730 --> 00:08:05,520

super specific in public they're fine

224

00:08:11,210 --> 00:08:07,740

the classified information has gone to

225

00:08:12,409 --> 00:08:11,220

the right people and Tim even in so

226

00:08:13,730 --> 00:08:12,419

there's a series of articles on the

227

00:08:15,350 --> 00:08:13,740

debrief kind of going into background

228

00:08:16,490 --> 00:08:15,360

checks and things like that that they

229

00:08:17,930 --> 00:08:16,500

did behind this that are really

230

00:08:20,210 --> 00:08:17,940

extensive highly recommend people read

231

00:08:22,070 --> 00:08:20,220

them where

232

00:08:23,809 --> 00:08:22,080

to basically explain

233

00:08:25,189 --> 00:08:23,819

um you know they did all the background

234

00:08:27,710 --> 00:08:25,199

on these people

235

00:08:29,150 --> 00:08:27,720

uh David is who he says he is he did

236

00:08:31,550 --> 00:08:29,160

have the access that he said he did

237

00:08:34,610 --> 00:08:31,560

that's important there he has he has the

238

00:08:37,430 --> 00:08:34,620

guy he's not lying about his role no

239

00:08:39,469 --> 00:08:37,440

um and there were people who vouched for

240

00:08:40,370 --> 00:08:39,479

him that are both active and finishing

241

00:08:42,769 --> 00:08:40,380

government

242

00:08:44,209 --> 00:08:42,779

but there's there's this nice big vague

243

00:08:45,650 --> 00:08:44,219

statement in the middle of it and it's

244

00:08:47,090 --> 00:08:45,660

purposely vague because they can't say

245

00:08:49,870 --> 00:08:47,100

the names David can't share the names

246

00:08:53,269 --> 00:08:49,880

but this information is supposedly

247

00:08:55,550 --> 00:08:53,279

corroborated to people who are able to

248

00:08:57,829 --> 00:08:55,560

access this information I.E lawyers for

249

00:08:59,570 --> 00:08:57,839

the Committees and things like that

250

00:09:02,030 --> 00:08:59,580

um by people who are still active in the

251
00:09:04,670 --> 00:09:02,040
programs and we're not just talking Eric

252
00:09:06,829 --> 00:09:04,680
Davis that would be a singular person

253
00:09:09,530 --> 00:09:06,839
um and the usual folk that we'd see um

254
00:09:11,150 --> 00:09:09,540
we're talking new faces new people

255
00:09:12,350 --> 00:09:11,160
um there was a great moment in the

256
00:09:13,730 --> 00:09:12,360
background check where Tim was

257
00:09:16,670 --> 00:09:13,740
explaining

258
00:09:18,889 --> 00:09:16,680
that the accusation is kind of

259
00:09:21,350 --> 00:09:18,899
that this program is so embedded in the

260
00:09:22,970 --> 00:09:21,360
government that essentially if you're

261
00:09:25,009 --> 00:09:22,980
working on UAP chances are you're

262
00:09:26,750 --> 00:09:25,019
working in a different special Access

263
00:09:28,130 --> 00:09:26,760

program and they've just given you a

264

00:09:29,630 --> 00:09:28,140

piece of material and said hey throw

265

00:09:31,310 --> 00:09:29,640

this into your analysis and have a look

266

00:09:33,829 --> 00:09:31,320

at this and then they'll get the data

267

00:09:36,350 --> 00:09:33,839

back and you know there's no defined

268

00:09:37,790 --> 00:09:36,360

easily findable UAP program it's all

269

00:09:39,769 --> 00:09:37,800

kind of scattered throughout all these

270

00:09:40,850 --> 00:09:39,779

other specialist programs that's just

271

00:09:43,430 --> 00:09:40,860

like when they're making a new iPhone

272

00:09:44,690 --> 00:09:43,440

and one company makes a part of it a

273

00:09:46,070 --> 00:09:44,700

different company makes another part of

274

00:09:47,930 --> 00:09:46,080

it another company makes a different

275

00:09:49,190 --> 00:09:47,940

part of it and they don't necessarily

276

00:09:51,230 --> 00:09:49,200

know on the production line they're

277

00:09:52,730 --> 00:09:51,240

working on the new iPhone 15. no they

278

00:09:54,530 --> 00:09:52,740

just know they're building a part of

279

00:09:56,269 --> 00:09:54,540

something for something and then they

280

00:09:57,410 --> 00:09:56,279

ship it off and someone else does the

281

00:09:59,690 --> 00:09:57,420

work on it

282

00:10:01,250 --> 00:09:59,700

um yeah yeah so when when we get you

283

00:10:02,630 --> 00:10:01,260

know Congress members saying oh we've

284

00:10:04,850 --> 00:10:02,640

not seen any evidence of this program

285

00:10:06,730 --> 00:10:04,860

cool according to the witness you

286

00:10:10,370 --> 00:10:06,740

wouldn't have yeah

287

00:10:11,690 --> 00:10:10,380

exactly yeah and it's similar again I

288

00:10:13,370 --> 00:10:11,700

know that was one of the big things is

289

00:10:15,590 --> 00:10:13,380

oh it's been approached by the dod so

290

00:10:17,810 --> 00:10:15,600

it's true that's I mean we've got to be

291

00:10:19,250 --> 00:10:17,820

fair here and with retry and be fair

292

00:10:22,070 --> 00:10:19,260

with that stuff I hope that comes across

293

00:10:24,110 --> 00:10:22,080

that we're not seeing because of David

294

00:10:25,550 --> 00:10:24,120

grisha's position and he's been allowed

295

00:10:27,530 --> 00:10:25,560

to come out that means it's

296

00:10:29,509 --> 00:10:27,540

automatically all true whether we

297

00:10:30,710 --> 00:10:29,519

believe it or not we'll get into but

298

00:10:32,750 --> 00:10:30,720

that's the same as that I've got the

299

00:10:35,269 --> 00:10:32,760

skin walker uh scan workers at the

300

00:10:38,210 --> 00:10:35,279

Pentagon book that was approved by the

301
00:10:40,130 --> 00:10:38,220
dod that isn't automatically proof that

302
00:10:42,949 --> 00:10:40,140
Dino beavers are real

303
00:10:44,810 --> 00:10:42,959
they probably are but you know it's it's

304
00:10:46,130 --> 00:10:44,820
just the fact is that they are allowed

305
00:10:48,470 --> 00:10:46,140
to put it out because it doesn't hurt

306
00:10:50,150 --> 00:10:48,480
National Security this guy coming out on

307
00:10:51,470 --> 00:10:50,160
TV and saying yes aliens are real

308
00:10:54,590 --> 00:10:51,480
essentially

309
00:10:56,210 --> 00:10:54,600
still there's no there's no proof or any

310
00:10:58,190 --> 00:10:56,220
damage to National Security from the

311
00:11:00,530 --> 00:10:58,200
point of view of he he still can't

312
00:11:02,329 --> 00:11:00,540
technically prove it on TV he's not

313
00:11:04,910 --> 00:11:02,339

holding up pictures of him kicking about

314

00:11:07,370 --> 00:11:04,920

S4 you know our Grim Lake saying here's

315

00:11:09,590 --> 00:11:07,380

me with one of the bodies or here's one

316

00:11:11,509 --> 00:11:09,600

yeah or he's not coming out and going

317

00:11:13,190 --> 00:11:11,519

here's my phone with the extended gimbal

318

00:11:14,990 --> 00:11:13,200

footage which I filmed on on yeah he's

319

00:11:17,990 --> 00:11:15,000

not doing that he's just saying I've

320

00:11:20,329 --> 00:11:18,000

seen it and he can't actually to the

321

00:11:21,350 --> 00:11:20,339

public prove that and he also said as

322

00:11:23,630 --> 00:11:21,360

much that there's certain things he

323

00:11:25,490 --> 00:11:23,640

can't go into which are classified

324

00:11:26,870 --> 00:11:25,500

um yeah yeah it's important what's

325

00:11:29,269 --> 00:11:26,880

important is though there's still more

326

00:11:31,850 --> 00:11:29,279

to come with this because he recorded

327

00:11:35,150 --> 00:11:31,860

Legacy with Ross kulthat and Bryce Sable

328

00:11:37,250 --> 00:11:35,160

who was there to observe uh back in May

329

00:11:40,610 --> 00:11:37,260

and he's recorded for a total of seven

330

00:11:42,350 --> 00:11:40,620

hours with Ross now that has aired in

331

00:11:45,410 --> 00:11:42,360

very small Snippets so far on news

332

00:11:46,970 --> 00:11:45,420

Nation uh the the news channel and the

333

00:11:48,050 --> 00:11:46,980

full thing should be going out is it

334

00:11:50,329 --> 00:11:48,060

this Sunday

335

00:11:52,250 --> 00:11:50,339

so we've kind of gotten in between so

336

00:11:53,690 --> 00:11:52,260

we've had the Snippets which are a

337

00:11:55,069 --> 00:11:53,700

teaser for a documentary going out this

338

00:11:57,230 --> 00:11:55,079

Sunday which will have more extensive

339

00:11:59,509 --> 00:11:57,240

interviews with him but once that is

340

00:12:02,269 --> 00:11:59,519

that's like an hour long the rights for

341

00:12:04,430 --> 00:12:02,279

the full seven hours of interviews and

342

00:12:06,530 --> 00:12:04,440

Ross has said he's dedicated to being

343

00:12:08,630 --> 00:12:06,540

able to share the full thing so with

344

00:12:10,730 --> 00:12:08,640

those seven hours as long as it will be

345

00:12:12,050 --> 00:12:10,740

are going to be well worth the time

346

00:12:14,269 --> 00:12:12,060

spent I'm sure we'll get a bunch of

347

00:12:16,130 --> 00:12:14,279

clips and things like that from it 8 000

348

00:12:16,910 --> 00:12:16,140

30 second Tech talks something like that

349

00:12:20,449 --> 00:12:16,920

yeah

350

00:12:22,370 --> 00:12:20,459

that will all come out and and Russell

351

00:12:24,590 --> 00:12:22,380

want to get that as well

352

00:12:26,509 --> 00:12:24,600

um so yeah so important so far David

353

00:12:29,030 --> 00:12:26,519

Griff senior Intel Community member has

354

00:12:31,310 --> 00:12:29,040

come forward active as recently as April

355

00:12:33,470 --> 00:12:31,320

uh has whistleblown for lack of a better

356

00:12:35,750 --> 00:12:33,480

term on the record that he knows given

357

00:12:37,970 --> 00:12:35,760

the documentation he was privy to the US

358

00:12:40,130 --> 00:12:37,980

government as in possession of retrieved

359

00:12:43,190 --> 00:12:40,140

non-human technology exotic technology

360

00:12:45,050 --> 00:12:43,200

stuff we know is essentially alien

361

00:12:48,110 --> 00:12:45,060

um being approved by the dod to do the

362

00:12:51,230 --> 00:12:48,120

interview and has had access to over 200

363

00:12:53,269 --> 00:12:51,240

200 saps special access programs as part

364

00:12:55,730 --> 00:12:53,279

of his role and gave daily briefings to

365

00:12:57,410 --> 00:12:55,740

the president cool so that's where we're

366

00:12:59,150 --> 00:12:57,420

up to if you hadn't heard that's where

367

00:13:02,269 --> 00:12:59,160

we're at if you had heard it that's

368

00:13:04,970 --> 00:13:02,279

hopefully a nice concise summary and no

369

00:13:08,210 --> 00:13:04,980

uncertain terms this whole instant is

370

00:13:10,610 --> 00:13:08,220

discussing non-human uh technology or

371

00:13:12,829 --> 00:13:10,620

non-human intelligence it's big because

372

00:13:14,389 --> 00:13:12,839

he's not minster's words it's literally

373

00:13:17,329 --> 00:13:14,399

he's coming out and saying this is what

374

00:13:19,129 --> 00:13:17,339

it is Ross kiltart um called a few

375

00:13:21,230 --> 00:13:19,139

things out on his interview and some of

376

00:13:23,329 --> 00:13:21,240

the first questions that came up was and

377

00:13:25,190 --> 00:13:23,339

we love the debrief uh with Tim McMillan

378

00:13:27,290 --> 00:13:25,200

Micah Hanks all the folks associated

379

00:13:29,449 --> 00:13:27,300

with the debrief yeah um can say Friends

380

00:13:30,889 --> 00:13:29,459

of the show friends of ours we speak to

381

00:13:31,730 --> 00:13:30,899

them regularly

382

00:13:33,829 --> 00:13:31,740

um

383

00:13:36,590 --> 00:13:33,839

that's still not the New York Times

384

00:13:39,170 --> 00:13:36,600

that's not you know the meal on Sunday

385

00:13:41,269 --> 00:13:39,180

that's not CNN it's not Fox it's not Sky

386

00:13:44,210 --> 00:13:41,279

News it's not BBC it's not Al Jazeera

387

00:13:46,850 --> 00:13:44,220

all these huge networks the debrief is

388

00:13:49,009 --> 00:13:46,860

is wonderful but it's still a niche site

389

00:13:51,050 --> 00:13:49,019

they got do you see how many Impressions

390

00:13:52,610 --> 00:13:51,060

they got done for the article well I

391

00:13:54,410 --> 00:13:52,620

remember the website crashed like

392

00:13:57,410 --> 00:13:54,420

multiple times throughout the day uh but

393

00:13:59,569 --> 00:13:57,420

go on how many hits per second well I I

394

00:14:01,850 --> 00:13:59,579

I didn't see that but I know it got 2.2

395

00:14:03,590 --> 00:14:01,860

million hits in a pretty short space of

396

00:14:06,110 --> 00:14:03,600

time I mean one good for them

397

00:14:07,730 --> 00:14:06,120

congratulations guys they work hard yeah

398

00:14:09,170 --> 00:14:07,740

that's you know that's that's up there

399

00:14:11,449 --> 00:14:09,180

with big breaking news stories around

400

00:14:13,009 --> 00:14:11,459

the world that major organizations have

401
00:14:14,750 --> 00:14:13,019
huge servers for that kind of stuff

402
00:14:17,750 --> 00:14:14,760
these these guys don't

403
00:14:19,670 --> 00:14:17,760
um so it was a big story and it makes it

404
00:14:21,290 --> 00:14:19,680
made a lot of people question why have

405
00:14:23,389 --> 00:14:21,300
the New York Times passed up on it why

406
00:14:25,030 --> 00:14:23,399
did the Washington Post pass up on it

407
00:14:27,530 --> 00:14:25,040
and I'll quote Ross kill talk to you

408
00:14:29,329 --> 00:14:27,540
gutless cowards that's my best

409
00:14:31,250 --> 00:14:29,339
Australian for the moment

410
00:14:33,470 --> 00:14:31,260
um and that is a direct quote um but he

411
00:14:36,350 --> 00:14:33,480
said that on is is uh need to know

412
00:14:38,030 --> 00:14:36,360
podcast with Bryce Abel I recommend and

413
00:14:39,350 --> 00:14:38,040

the likes will be in this description to

414

00:14:41,030 --> 00:14:39,360

go and check that out and to go and read

415

00:14:42,889 --> 00:14:41,040

the article this is their work this is

416

00:14:44,269 --> 00:14:42,899

their piece go and make sure you do that

417

00:14:45,769 --> 00:14:44,279

uh please because they deserve the

418

00:14:47,750 --> 00:14:45,779

credit for it

419

00:14:50,290 --> 00:14:47,760

um that New York Times and Washington

420

00:14:52,490 --> 00:14:50,300

Post essentially from what they've seen

421

00:14:54,769 --> 00:14:52,500

required more time before they would

422

00:14:57,769 --> 00:14:54,779

publish it they wanted to do it further

423

00:14:59,389 --> 00:14:57,779

vetting on the story but Leslie Kane and

424

00:15:01,490 --> 00:14:59,399

Ralph Blumenthal have since came out and

425

00:15:02,930 --> 00:15:01,500

said in a joint statement because it

426

00:15:04,610 --> 00:15:02,940

literally was the same word for word

427

00:15:07,430 --> 00:15:04,620

statement that it was they were they

428

00:15:09,769 --> 00:15:07,440

were under pressure uh have they said

429

00:15:11,389 --> 00:15:09,779

why yet no there's not been any

430

00:15:13,009 --> 00:15:11,399

Illusions that's the thing there's okay

431

00:15:14,870 --> 00:15:13,019

there's it's been said that the

432

00:15:16,370 --> 00:15:14,880

Whistleblower was pressuring them that

433

00:15:18,230 --> 00:15:16,380

they had to or David himself was

434

00:15:19,790 --> 00:15:18,240

pressuring them to kind of so I'll I've

435

00:15:23,030 --> 00:15:19,800

heard I've heard that that he was

436

00:15:24,170 --> 00:15:23,040

basically under that's yeah the why of

437

00:15:25,730 --> 00:15:24,180

it though

438

00:15:27,530 --> 00:15:25,740

um there's no real reason given you know

439

00:15:28,490 --> 00:15:27,540

he he's filed two hygiene complaints

440

00:15:34,189 --> 00:15:28,500

here

441

00:15:35,870 --> 00:15:34,199

anti-reprisal one

442

00:15:37,730 --> 00:15:35,880

um where he's trying to protect himself

443

00:15:39,710 --> 00:15:37,740

because some people are making starting

444

00:15:41,030 --> 00:15:39,720

to make his life uncomfortable so it

445

00:15:42,769 --> 00:15:41,040

could be to do with superior's pressure

446

00:15:43,910 --> 00:15:42,779

in him and things like that

447

00:15:45,110 --> 00:15:43,920

um but there was also a little thing

448

00:15:47,150 --> 00:15:45,120

that came up yesterday where Stephen

449

00:15:50,090 --> 00:15:47,160

gray came out saying that he'd be

450

00:15:51,829 --> 00:15:50,100

mentoring this guy and uh we got a

451
00:15:53,090 --> 00:15:51,839
statement through through uh you know

452
00:15:55,250 --> 00:15:53,100
some friends

453
00:15:57,230 --> 00:15:55,260
um from David where David basically said

454
00:15:59,269 --> 00:15:57,240
no you know I I haven't been mentored by

455
00:16:01,730 --> 00:15:59,279
Greer and so on so forth so part of me

456
00:16:03,710 --> 00:16:01,740
wonders did he feel pressured because he

457
00:16:05,269 --> 00:16:03,720
was going to be represented publicly by

458
00:16:07,370 --> 00:16:05,279
Stephen Greer and his story was going to

459
00:16:09,050 --> 00:16:07,380
be perhapsounded there that for a lot of

460
00:16:11,269 --> 00:16:09,060
people takes the wind out of you know

461
00:16:12,949 --> 00:16:11,279
its sales when when guia is presenting

462
00:16:15,290 --> 00:16:12,959
things so that could have played a part

463
00:16:16,610 --> 00:16:15,300

here as well yeah a lot of what I've

464

00:16:18,889 --> 00:16:16,620

said here Dan has been approved by

465

00:16:20,990 --> 00:16:18,899

Christopher Merlin himself and that

466

00:16:23,030 --> 00:16:21,000

that's not true but that is essentially

467

00:16:24,290 --> 00:16:23,040

uh what Stephen Greer tried to do with

468

00:16:25,670 --> 00:16:24,300

David Gersh

469

00:16:28,009 --> 00:16:25,680

um it sounds like because he very

470

00:16:29,750 --> 00:16:28,019

quickly distanced himself from that

471

00:16:31,129 --> 00:16:29,760

whole situation and we'll touch on that

472

00:16:33,110 --> 00:16:31,139

at the end because

473

00:16:34,850 --> 00:16:33,120

um Stephen just got an event coming up

474

00:16:36,710 --> 00:16:34,860

this weekend which still interesting

475

00:16:39,530 --> 00:16:36,720

timing nonetheless

476

00:16:41,269 --> 00:16:39,540

um coincidental or not uh but that that

477

00:16:43,610 --> 00:16:41,279

was announced a few weeks ago but yeah

478

00:16:44,990 --> 00:16:43,620

David grush very much seemed to get a

479

00:16:47,689 --> 00:16:45,000

little bit of pressure or a lot of

480

00:16:49,670 --> 00:16:47,699

pressure that the stigma might be

481

00:16:51,470 --> 00:16:49,680

reducing but the risks are still there

482

00:16:54,590 --> 00:16:51,480

for people you know I've not actually

483

00:16:56,629 --> 00:16:54,600

seen yet if David grush has a family

484

00:16:58,490 --> 00:16:56,639

um relatives if he is just you know kind

485

00:17:00,889 --> 00:16:58,500

of Lone Lone Ranger type guy out there

486

00:17:03,410 --> 00:17:00,899

on his own doing this but there are

487

00:17:05,449 --> 00:17:03,420

still risks and the people who and this

488

00:17:07,850 --> 00:17:05,459

goes for influence influencers or

489

00:17:10,789 --> 00:17:07,860

Youtubers or podcasters or journalists I

490

00:17:12,350 --> 00:17:10,799

I unwell with respect or watch who claim

491

00:17:14,750 --> 00:17:12,360

these people just need to come forward

492

00:17:16,669 --> 00:17:14,760

we deserve to know that that still those

493

00:17:18,770 --> 00:17:16,679

people that have the risks on this and

494

00:17:20,569 --> 00:17:18,780

they do have families and you know

495

00:17:22,490 --> 00:17:20,579

Futures and careers they think about

496

00:17:24,949 --> 00:17:22,500

when they're coming forward with this so

497

00:17:26,870 --> 00:17:24,959

it's not as easy as that still and I

498

00:17:29,570 --> 00:17:26,880

think David grush has at least been and

499

00:17:32,030 --> 00:17:29,580

I hate using the term brave but it is a

500

00:17:33,950 --> 00:17:32,040

brave thing to go forward just to talk

501
00:17:36,650 --> 00:17:33,960
about the UFO subject on any media

502
00:17:38,330 --> 00:17:36,660
platform like this but you certainly had

503
00:17:41,330 --> 00:17:38,340
the right people with Leslie Ralph and

504
00:17:41,950 --> 00:17:41,340
Ross leading the way to help him do that

505
00:17:44,570 --> 00:17:41,960
um

506
00:17:46,010 --> 00:17:44,580
sorry go on I I want you to expand on

507
00:17:48,529 --> 00:17:46,020
that a little bit more though

508
00:17:50,450 --> 00:17:48,539
um Ross cultart did say or need to know

509
00:17:52,490 --> 00:17:50,460
that there have still been terrible

510
00:17:54,430 --> 00:17:52,500
things done by people to protect their

511
00:17:57,169 --> 00:17:54,440
secret in the name of National Security

512
00:17:59,690 --> 00:17:57,179
and criminal charges must be brought

513
00:18:01,430 --> 00:17:59,700

onto individuals so that's again

514

00:18:03,950 --> 00:18:01,440

probably still some very recent things

515

00:18:06,710 --> 00:18:03,960

we've talked in the past Dan about going

516

00:18:08,750 --> 00:18:06,720

back 20 30 40 50 years you can't be

517

00:18:11,150 --> 00:18:08,760

pulling people in their 90s now who

518

00:18:13,190 --> 00:18:11,160

worked on programs back in the 60s to

519

00:18:14,630 --> 00:18:13,200

hide the Air Force and bringing criminal

520

00:18:17,210 --> 00:18:14,640

charges on them it's a waste of time

521

00:18:19,490 --> 00:18:17,220

it's pointless however

522

00:18:22,549 --> 00:18:19,500

if there are people losing their lives

523

00:18:23,870 --> 00:18:22,559

potentially in modern day because they

524

00:18:25,190 --> 00:18:23,880

threaten to come forward about this kind

525

00:18:27,169 --> 00:18:25,200

of stuff then that's that's a whole

526

00:18:28,850 --> 00:18:27,179

different story and that's potentially

527

00:18:30,710 --> 00:18:28,860

and this is just speculation we don't

528

00:18:32,810 --> 00:18:30,720

know but that's potentially what a David

529

00:18:34,490 --> 00:18:32,820

grisha's is risking here

530

00:18:35,150 --> 00:18:34,500

yeah 100

531

00:18:37,370 --> 00:18:35,160

um

532

00:18:39,470 --> 00:18:37,380

it's clear that he feels compelled to

533

00:18:40,850 --> 00:18:39,480

tell what he sees is the truth you know

534

00:18:42,350 --> 00:18:40,860

when I say that I don't mean to be like

535

00:18:44,450 --> 00:18:42,360

squirmy like Kirkpatrick I just mean

536

00:18:46,070 --> 00:18:44,460

he's sharing his experience so that it

537

00:18:47,570 --> 00:18:46,080

can be investigated which is what we

538

00:18:49,610 --> 00:18:47,580

want right we want Congress to

539

00:18:52,310 --> 00:18:49,620

investigate these things

540

00:18:54,470 --> 00:18:52,320

how that pans out we don't know until we

541

00:18:56,330 --> 00:18:54,480

get the report so as always with these

542

00:18:58,190 --> 00:18:56,340

things you know we like to say hold it

543

00:18:59,750 --> 00:18:58,200

lightly take it seriously

544

00:19:02,390 --> 00:18:59,760

um but this is a big step forward this

545

00:19:03,830 --> 00:19:02,400

is this is almost like if uh you know

546

00:19:06,590 --> 00:19:03,840

Eric Davis

547

00:19:08,450 --> 00:19:06,600

had uh you know been deposed by Wilson

548

00:19:09,590 --> 00:19:08,460

and kind of got all those in that those

549

00:19:11,630 --> 00:19:09,600

bits of information you could almost

550

00:19:13,610 --> 00:19:11,640

look at this like a you know

551
00:19:15,650 --> 00:19:13,620
um the grush tapes or something like

552
00:19:19,510 --> 00:19:15,660
that you know the garage ammo

553
00:19:25,789 --> 00:19:21,730
I like it

554
00:19:27,409 --> 00:19:25,799
but it this comes with weight you know

555
00:19:28,430 --> 00:19:27,419
um everyone involved in the due

556
00:19:30,710 --> 00:19:28,440
diligence

557
00:19:32,630 --> 00:19:30,720
um you know Leslie and Ralph did it but

558
00:19:34,010 --> 00:19:32,640
then Tim and the team at the debriefed

559
00:19:35,810 --> 00:19:34,020
kind of double and triple tracked

560
00:19:37,549 --> 00:19:35,820
everything that was being said to make

561
00:19:41,210 --> 00:19:37,559
sure these people are being represented

562
00:19:42,710 --> 00:19:41,220
properly and it's not just you know

563
00:19:44,690 --> 00:19:42,720

David blowing the whistle here as well

564

00:19:46,430 --> 00:19:44,700

Jonathan gray which is a pseudonym for

565

00:19:47,990 --> 00:19:46,440

someone still in government literally

566

00:19:49,850 --> 00:19:48,000

says in the article that it's no longer

567

00:19:51,590 --> 00:19:49,860

necessary to deny that these Advanced

568

00:19:53,570 --> 00:19:51,600

Technologies derive from non-human

569

00:19:54,950 --> 00:19:53,580

intelligence exist at all or to deny

570

00:19:56,450 --> 00:19:54,960

that these technologies have landed

571

00:19:59,029 --> 00:19:56,460

crashed or fallen into the hands of

572

00:20:01,549 --> 00:19:59,039

human beings so that's an active service

573

00:20:04,370 --> 00:20:01,559

member working at nasek

574

00:20:05,450 --> 00:20:04,380

um telling us the same thing so it's a

575

00:20:07,250 --> 00:20:05,460

kind of it's getting to the point now

576

00:20:09,350 --> 00:20:07,260

where it's smoke where there's smoke

577

00:20:10,789 --> 00:20:09,360

this fire right uh we've kind of been

578

00:20:13,190 --> 00:20:10,799

here for a while there's a lot of

579

00:20:15,110 --> 00:20:13,200

fingers being pointed and for me this is

580

00:20:16,310 --> 00:20:15,120

this is a sign that Congress again what

581

00:20:17,630 --> 00:20:16,320

they want out of that kind of

582

00:20:20,630 --> 00:20:17,640

whistleblower protections they put in

583

00:20:23,570 --> 00:20:20,640

the India EAA this is a step forward

584

00:20:26,150 --> 00:20:23,580

it's not disclosure but it's another

585

00:20:27,950 --> 00:20:26,160

baby step forward right let me read a

586

00:20:29,450 --> 00:20:27,960

quote from Ross cool talk again from the

587

00:20:32,330 --> 00:20:29,460

need to know podcast from this week

588

00:20:34,010 --> 00:20:32,340

again go listen to it go watch it folks

589

00:20:36,409 --> 00:20:34,020

um this is the beginning of a very

590

00:20:38,930 --> 00:20:36,419

important moment in history not the

591

00:20:40,909 --> 00:20:38,940

moment but a moment it's a Tipping Point

592

00:20:42,830 --> 00:20:40,919

towards a slow moving in Mission from

593

00:20:45,230 --> 00:20:42,840

the US government about things that seem

594

00:20:47,570 --> 00:20:45,240

unimaginable and I think that's pretty

595

00:20:49,310 --> 00:20:47,580

much word for what any paraphrasing it

596

00:20:50,930 --> 00:20:49,320

shouldn't lose any meaning

597

00:20:52,310 --> 00:20:50,940

um do you think that's right then

598

00:20:54,289 --> 00:20:52,320

because

599

00:20:56,210 --> 00:20:54,299

um if I look at this from all sides it's

600

00:20:58,190 --> 00:20:56,220

for me and I've I don't think we've

601
00:21:00,590 --> 00:20:58,200
totally expression opinions yet it's

602
00:21:02,690 --> 00:21:00,600
really exciting I think it's quite a big

603
00:21:05,090 --> 00:21:02,700
deal I'm surprised this has happened as

604
00:21:07,010 --> 00:21:05,100
quickly than Anonymous folks coming

605
00:21:08,330 --> 00:21:07,020
forward first

606
00:21:10,549 --> 00:21:08,340
um

607
00:21:13,010 --> 00:21:10,559
I think where this could lead then we'll

608
00:21:15,770 --> 00:21:13,020
get back to this is is probably bigger

609
00:21:18,470 --> 00:21:15,780
than the story itself because if David

610
00:21:21,590 --> 00:21:18,480
grush has handed in documents classified

611
00:21:23,990 --> 00:21:21,600
documents to Congress showing

612
00:21:26,270 --> 00:21:24,000
locations or programs people who work on

613
00:21:28,250 --> 00:21:26,280

programs what those programs where where

614

00:21:30,350 --> 00:21:28,260

they're located you know Congress can

615

00:21:32,090 --> 00:21:30,360

act on that and that can be the bigger

616

00:21:34,310 --> 00:21:32,100

thing because suddenly they were looking

617

00:21:36,669 --> 00:21:34,320

for a needle in a haystack but what

618

00:21:39,950 --> 00:21:36,679

David grish me have done is chopped out

619

00:21:43,130 --> 00:21:39,960

95 of that Haystack I went look here

620

00:21:44,630 --> 00:21:43,140

yeah 100 those NASA panelists should now

621

00:21:45,649 --> 00:21:44,640

kind of vary it should be perked up and

622

00:21:48,590 --> 00:21:45,659

they should be going what we have

623

00:21:49,789 --> 00:21:48,600

material okay let's let's skip the signs

624

00:21:51,049 --> 00:21:49,799

we were talking about on the panel the

625

00:21:52,250 --> 00:21:51,059

other day and let's get a bit in that

626

00:21:54,470 --> 00:21:52,260

material let's talk to some of those

627

00:21:55,909 --> 00:21:54,480

people who were in those programs and

628

00:21:57,470 --> 00:21:55,919

working on different stuff because those

629

00:21:59,690 --> 00:21:57,480

scientists can probably have a really

630

00:22:01,730 --> 00:21:59,700

good idea of the implications of those

631

00:22:03,409 --> 00:22:01,740

things they can derive Knowledge from

632

00:22:05,210 --> 00:22:03,419

what was being worked on you know and

633

00:22:07,610 --> 00:22:05,220

apply it they don't need to see the

634

00:22:09,649 --> 00:22:07,620

whole craft and the whole caboodle to to

635

00:22:11,690 --> 00:22:09,659

do that so this is a really interesting

636

00:22:15,409 --> 00:22:11,700

moment it could be a leapfrog moment you

637

00:22:18,289 --> 00:22:15,419

know yeah so let me ask you Dan reasons

638

00:22:20,350 --> 00:22:18,299

to be cautious on this okay so cautious

639

00:22:23,090 --> 00:22:20,360

hat on for a moment why

640

00:22:26,270 --> 00:22:23,100

would anyone still look at this story

641

00:22:29,210 --> 00:22:26,280

and think right okay hold up hold up um

642

00:22:31,190 --> 00:22:29,220

for the song why would you not want to

643

00:22:32,870 --> 00:22:31,200

run 100 miles an hour with this one with

644

00:22:35,750 --> 00:22:32,880

the whole up here's disclosure this is

645

00:22:38,870 --> 00:22:35,760

it so essentially what we have is

646

00:22:40,310 --> 00:22:38,880

someone telling us stories now he's put

647

00:22:42,289 --> 00:22:40,320

himself out there and he's you know

648

00:22:44,149 --> 00:22:42,299

being deposed and kind of testified in

649

00:22:46,070 --> 00:22:44,159

front of lawyers he's been sworn in to

650

00:22:48,110 --> 00:22:46,080

do this there's there's no real

651
00:22:51,110 --> 00:22:48,120
incentive for him to lie here but that

652
00:22:53,330 --> 00:22:51,120
doesn't mean that he 100 isn't right uh

653
00:22:55,370 --> 00:22:53,340
we have to kind of be cautious there the

654
00:22:57,770 --> 00:22:55,380
the two things that were held as kind of

655
00:22:59,690 --> 00:22:57,780
making it a big deal was that doctor

656
00:23:01,070 --> 00:22:59,700
process that you already pointed out

657
00:23:03,409 --> 00:23:01,080
that skin walker book behind you went

658
00:23:04,850 --> 00:23:03,419
through as well um a thumbs up to talk

659
00:23:07,010 --> 00:23:04,860
about this stuff publicly does not mean

660
00:23:08,450 --> 00:23:07,020
that the dod agrees with what is being

661
00:23:11,510 --> 00:23:08,460
said that's a different kind of ball

662
00:23:14,210 --> 00:23:11,520
game we also have the the Inspector

663
00:23:16,270 --> 00:23:14,220

General saying that this was deemed

664

00:23:18,950 --> 00:23:16,280

credible and Urgent to be investigated

665

00:23:20,810 --> 00:23:18,960

now that again doesn't mean that they

666

00:23:22,850 --> 00:23:20,820

agree with what's being said it means

667

00:23:25,310 --> 00:23:22,860

that they're agreeing this if true is

668

00:23:27,770 --> 00:23:25,320

big and it needs to be investigated so

669

00:23:29,510 --> 00:23:27,780

all of the big kind of you know the

670

00:23:31,250 --> 00:23:29,520

authorities that people would appeal to

671

00:23:32,510 --> 00:23:31,260

they're all kind of holding their tongue

672

00:23:33,590 --> 00:23:32,520

a little bit and and saying you know

673

00:23:34,730 --> 00:23:33,600

we're going to investigate this we're

674

00:23:35,930 --> 00:23:34,740

going to take it seriously we're going

675

00:23:38,090 --> 00:23:35,940

to talk to all these people that David

676
00:23:41,330 --> 00:23:38,100
spoke to and look at what he's given us

677
00:23:43,190 --> 00:23:41,340
until we get that report there's nothing

678
00:23:45,649 --> 00:23:43,200
really tangible for us to hold on to

679
00:23:47,270 --> 00:23:45,659
here but this certainly generates a lot

680
00:23:49,250 --> 00:23:47,280
of conversation in the public sphere and

681
00:23:51,169 --> 00:23:49,260
gets these ideas out there we've even

682
00:23:53,330 --> 00:23:51,179
seen the guardian and the Telegraph and

683
00:23:55,730 --> 00:23:53,340
these kind of big really you know

684
00:23:57,110 --> 00:23:55,740
non-tablike newspapers pick this up so

685
00:23:59,090 --> 00:23:57,120
this is a really important part of the

686
00:24:01,310 --> 00:23:59,100
public conversation but ultimately

687
00:24:02,690 --> 00:24:01,320
until we have photos and videos and

688
00:24:05,390 --> 00:24:02,700

these people actually worked on these

689

00:24:07,370 --> 00:24:05,400

programs coming forward uh it's it's

690

00:24:08,930 --> 00:24:07,380

hard to kind of say yeah definitively

691

00:24:11,330 --> 00:24:08,940

this is the moment like where I said

692

00:24:13,310 --> 00:24:11,340

it's a moment

693

00:24:15,049 --> 00:24:13,320

as you said the guardian my uh

694

00:24:16,549 --> 00:24:15,059

notifications popped up on the desktop

695

00:24:20,149 --> 00:24:16,559

and it was their Reddit quoting the

696

00:24:21,950 --> 00:24:20,159

guardian UFO effect nice nice timing

697

00:24:24,470 --> 00:24:21,960

um yeah I think Ross himself on the

698

00:24:26,210 --> 00:24:24,480

podcast said that you know as fair and

699

00:24:28,130 --> 00:24:26,220

very fair of Ross to also say this

700

00:24:30,529 --> 00:24:28,140

because it's in the name of transparency

701
00:24:31,909 --> 00:24:30,539
and all that uh David grush could turn

702
00:24:33,529 --> 00:24:31,919
around to the deal with d and say that

703
00:24:35,390 --> 00:24:33,539
he wanted to come forward with all the

704
00:24:38,270 --> 00:24:35,400
false allegations and technically could

705
00:24:39,830 --> 00:24:38,280
still be permitted you know not to say

706
00:24:41,630 --> 00:24:39,840
that that is the case but it was fair to

707
00:24:43,310 --> 00:24:41,640
us to confirm that but I don't believe

708
00:24:45,529 --> 00:24:43,320
that is the case

709
00:24:47,930 --> 00:24:45,539
um several big outlets for me as well

710
00:24:50,630 --> 00:24:47,940
reasons to be cautious passing up on the

711
00:24:52,430 --> 00:24:50,640
story is a little bit of a hmm why would

712
00:24:55,730 --> 00:24:52,440
you not want this I'm sure they have the

713
00:24:57,049 --> 00:24:55,740

reasons that still a UFO story not that

714

00:24:59,149 --> 00:24:57,059

they haven't published it in the past

715

00:25:02,990 --> 00:24:59,159

but I think there's also been various

716

00:25:05,690 --> 00:25:03,000

reactions and again like you say would a

717

00:25:08,770 --> 00:25:05,700

major editor look at this and say yeah

718

00:25:10,850 --> 00:25:08,780

it's a senior official but it's a story

719

00:25:13,370 --> 00:25:10,860

can you give me photos can you give me

720

00:25:15,770 --> 00:25:13,380

proof and at the minute Norberg is so

721

00:25:18,590 --> 00:25:15,780

classified so they'll go I have to pass

722

00:25:20,690 --> 00:25:18,600

on it but I think on the flip side of

723

00:25:22,909 --> 00:25:20,700

that reasons to be optimistic Ross

724

00:25:24,590 --> 00:25:22,919

himself said along with Leslie and Ralph

725

00:25:27,649 --> 00:25:24,600

they spent a lot of time like you said

726

00:25:30,169 --> 00:25:27,659

checking David grush's credibility

727

00:25:33,470 --> 00:25:30,179

this is what folks have wanted you know

728

00:25:35,930 --> 00:25:33,480

whistleblowers out on record and

729

00:25:39,169 --> 00:25:35,940

I can't think of any other journalists

730

00:25:40,610 --> 00:25:39,179

short of a Georgian app as well being

731

00:25:42,350 --> 00:25:40,620

able to bring folks like this forward

732

00:25:44,269 --> 00:25:42,360

and then our sins there have been a few

733

00:25:45,590 --> 00:25:44,279

other people that have messaged have

734

00:25:47,210 --> 00:25:45,600

said they've known about this for a few

735

00:25:49,610 --> 00:25:47,220

months themselves

736

00:25:51,169 --> 00:25:49,620

um I feel remember James Fox had said a

737

00:25:52,430 --> 00:25:51,179

few months ago he spoke to potential

738

00:25:54,470 --> 00:25:52,440

whistleblowers when he was in Washington

739

00:25:55,610 --> 00:25:54,480

I wonder as Dave grish one of those

740

00:25:58,070 --> 00:25:55,620

people

741

00:26:00,529 --> 00:25:58,080

you know potentially

742

00:26:02,570 --> 00:26:00,539

um but yeah I'm I'm optimistic on this

743

00:26:05,330 --> 00:26:02,580

but for me it's where this could lead

744

00:26:07,370 --> 00:26:05,340

still this isn't disclosure this isn't

745

00:26:08,690 --> 00:26:07,380

it and I hate to see it but this is

746

00:26:10,430 --> 00:26:08,700

still something that in a couple of

747

00:26:12,649 --> 00:26:10,440

weeks people aren't talking about

748

00:26:15,350 --> 00:26:12,659

anymore because it was just a thing that

749

00:26:17,149 --> 00:26:15,360

happened and and to go back to what we

750

00:26:18,890 --> 00:26:17,159

said at the start then and I don't know

751

00:26:21,110 --> 00:26:18,900

if this was just my ignition solo you

752

00:26:22,090 --> 00:26:21,120

said that you you agreed

753

00:26:24,409 --> 00:26:22,100

um

754

00:26:26,990 --> 00:26:24,419

I when I saw this it was like people

755

00:26:30,769 --> 00:26:27,000

blew up over it and I was like isn't

756

00:26:33,470 --> 00:26:30,779

this just what Louis zondo did but Lou

757

00:26:35,510 --> 00:26:33,480

Elizondo worked on the program

758

00:26:36,950 --> 00:26:35,520

I get this guy was speaking to the

759

00:26:38,870 --> 00:26:36,960

president was doing the briefings and

760

00:26:42,289 --> 00:26:38,880

seen loads of documents potentially even

761

00:26:46,610 --> 00:26:42,299

more documents in Louisville but

762

00:26:48,350 --> 00:26:46,620

I I missed why this was so different

763

00:26:50,029 --> 00:26:48,360

and again feel free to get in touch

764

00:26:51,950 --> 00:26:50,039

folks and tell me or correct me on

765

00:26:53,330 --> 00:26:51,960

Twitter or whatever it might be but yeah

766

00:26:55,430 --> 00:26:53,340

for me that was something that I was

767

00:26:59,390 --> 00:26:55,440

like ah that she's this just seems like

768

00:27:01,130 --> 00:26:59,400

excellent backup and a refresh of that

769

00:27:03,230 --> 00:27:01,140

here's someone else come forward who's

770

00:27:04,730 --> 00:27:03,240

worked on this stuff very recently

771

00:27:06,890 --> 00:27:04,740

brilliant because people have been

772

00:27:08,750 --> 00:27:06,900

clamoring for Lou to go back on socials

773

00:27:11,210 --> 00:27:08,760

and it's a little bit more active and be

774

00:27:12,950 --> 00:27:11,220

more vocal be more involved but yeah

775

00:27:15,350 --> 00:27:12,960

what if David grish is the next guy to

776

00:27:16,669 --> 00:27:15,360

get around some podcasts to you know go

777

00:27:18,890 --> 00:27:16,679

and do a Joe Rogan because I'm sure

778

00:27:20,450 --> 00:27:18,900

rogans he has a pricked up at this go

779

00:27:22,070 --> 00:27:20,460

and do those big Outlets do those big

780

00:27:24,289 --> 00:27:22,080

interviews and talk about this in a big

781

00:27:25,970 --> 00:27:24,299

way so yeah I've just waffled on that

782

00:27:28,070 --> 00:27:25,980

yeah no I I mean I totally agree with

783

00:27:29,990 --> 00:27:28,080

you there you know Lou was in atip he

784

00:27:32,390 --> 00:27:30,000

probably had a few leads uh the the

785

00:27:34,190 --> 00:27:32,400

uapcf guys we know that they were

786

00:27:35,810 --> 00:27:34,200

talking to kind of you know the previous

787

00:27:37,490 --> 00:27:35,820

team and getting some pointers and

788

00:27:38,870 --> 00:27:37,500

things and Lou did say on the podcast

789

00:27:40,789 --> 00:27:38,880

before you know

790

00:27:42,230 --> 00:27:40,799

um he alluded to knowing where the

791

00:27:44,330 --> 00:27:42,240

programs were and knowing where to kick

792

00:27:46,070 --> 00:27:44,340

the door down and to I think his words

793

00:27:48,710 --> 00:27:46,080

were I wouldn't just break the door now

794

00:27:50,690 --> 00:27:48,720

and I'd rip the walls apart so he he

795

00:27:52,250 --> 00:27:50,700

knows where these programs is so I've

796

00:27:54,769 --> 00:27:52,260

got to assume that information was

797

00:27:56,269 --> 00:27:54,779

passed down the pipe to uaptf

798

00:27:58,310 --> 00:27:56,279

um and that They carried on investigate

799

00:28:00,289 --> 00:27:58,320

and kind of found all these leads the

800

00:28:01,669 --> 00:28:00,299

interesting thing to me is that that

801
00:28:04,190 --> 00:28:01,679
information doesn't seem like it was

802
00:28:05,690 --> 00:28:04,200
passed to aimsog or Arrow because

803
00:28:07,370 --> 00:28:05,700
they've all kind of said you know the

804
00:28:09,350 --> 00:28:07,380
dod statement from Susan Goff on this

805
00:28:11,450 --> 00:28:09,360
basically said IRA has no credible

806
00:28:13,370 --> 00:28:11,460
evidence of you know these things that

807
00:28:15,350 --> 00:28:13,380
are being claimed and people rightly

808
00:28:16,730 --> 00:28:15,360
pointed out well what about you and PTF

809
00:28:18,049 --> 00:28:16,740
what about the other programs that

810
00:28:19,490 --> 00:28:18,059
you've been running

811
00:28:21,049 --> 00:28:19,500
um it was a very cleverly worded

812
00:28:22,789 --> 00:28:21,059
statement to kind of avoid the question

813
00:28:24,409 --> 00:28:22,799

as always

814

00:28:25,789 --> 00:28:24,419

um so I I think there's probably a few

815

00:28:28,010 --> 00:28:25,799

people with their hair on fire in the

816

00:28:29,690 --> 00:28:28,020

dod running around trying to kind of put

817

00:28:32,269 --> 00:28:29,700

this fire out

818

00:28:34,010 --> 00:28:32,279

um but it's been investigated you know

819

00:28:35,690 --> 00:28:34,020

people are giving their positions people

820

00:28:37,430 --> 00:28:35,700

are you know there are lawyers involved

821

00:28:39,110 --> 00:28:37,440

that aren't the usual faces that we're

822

00:28:41,149 --> 00:28:39,120

used to seeing

823

00:28:42,350 --> 00:28:41,159

um really Heavy Hitters that you know

824

00:28:44,029 --> 00:28:42,360

seem to have careers and they had

825

00:28:47,210 --> 00:28:44,039

careers as Inspector Generals in the

826

00:28:50,210 --> 00:28:47,220

past so this is this is to be taken

827

00:28:51,769 --> 00:28:50,220

seriously for sure but it's you know the

828

00:28:54,230 --> 00:28:51,779

snowball's being pushed down the hill

829

00:28:56,450 --> 00:28:54,240

and it just gained a bunch of width and

830

00:28:58,490 --> 00:28:56,460

you know material on it but it's still

831

00:28:59,990 --> 00:28:58,500

not the disclosure snowball

832

00:29:02,330 --> 00:29:00,000

no

833

00:29:05,090 --> 00:29:02,340

um a lot more news outlets in the last

834

00:29:07,789 --> 00:29:05,100

48 hours or 24 hours and last few hours

835

00:29:09,830 --> 00:29:07,799

even have started picking this up

836

00:29:12,230 --> 00:29:09,840

um even if it's just appeared on their

837

00:29:14,570 --> 00:29:12,240

website it wasn't before you know BBC

838

00:29:17,750 --> 00:29:14,580

started looking at it as well

839

00:29:19,970 --> 00:29:17,760

um I think as the week goes on how well

840

00:29:22,549 --> 00:29:19,980

received the full interview is that

841

00:29:24,230 --> 00:29:22,559

releases through news nation and that

842

00:29:26,930 --> 00:29:24,240

could have a big impact on how much more

843

00:29:28,610 --> 00:29:26,940

the stories picked up on worldwide

844

00:29:30,950 --> 00:29:28,620

um

845

00:29:32,510 --> 00:29:30,960

where to use right now because there is

846

00:29:34,850 --> 00:29:32,520

still more to come this week where do

847

00:29:36,889 --> 00:29:34,860

you see this going like what show could

848

00:29:38,690 --> 00:29:36,899

I got telling you

849

00:29:40,549 --> 00:29:38,700

my guests telling me to be cautious you

850

00:29:43,010 --> 00:29:40,559

know there's a weird aspect to this it's

851
00:29:44,930 --> 00:29:43,020
kind of uh if it seems to be too good to

852
00:29:46,190 --> 00:29:44,940
be true it usually is is kind of a play

853
00:29:48,889 --> 00:29:46,200
in my hand

854
00:29:50,510 --> 00:29:48,899
um I'm trying not to get too excited but

855
00:29:52,310 --> 00:29:50,520
it seems like it's generating

856
00:29:54,169 --> 00:29:52,320
conversation in the public sphere and

857
00:29:56,810 --> 00:29:54,179
yeah David coming out and saying this

858
00:29:59,330 --> 00:29:56,820
publicly was kind of designed to do that

859
00:30:01,490 --> 00:29:59,340
right to get attention on this

860
00:30:03,169 --> 00:30:01,500
um and we know from Lou's presentation

861
00:30:05,750 --> 00:30:03,179
that he spoke about the Five Pillars one

862
00:30:07,190 --> 00:30:05,760
of them was public conversation so we we

863
00:30:08,930 --> 00:30:07,200

now have kind of a couple of pressure

864

00:30:11,389 --> 00:30:08,940

points in Congress Congressional

865

00:30:12,769 --> 00:30:11,399

officials being asked about this

866

00:30:14,330 --> 00:30:12,779

um a number of them are saying you know

867

00:30:16,430 --> 00:30:14,340

this is incredible but they weren't in

868

00:30:18,769 --> 00:30:16,440

the briefings so

869

00:30:20,389 --> 00:30:18,779

we should see a whole bunch more

870

00:30:22,310 --> 00:30:20,399

statements being made by Congressional

871

00:30:22,909 --> 00:30:22,320

members by staffers

872

00:30:25,310 --> 00:30:22,919

um

873

00:30:27,049 --> 00:30:25,320

kind of maybe not bringing credibility

874

00:30:29,450 --> 00:30:27,059

to it but at least Credence that they're

875

00:30:31,430 --> 00:30:29,460

doing their due diligence and actually

876

00:30:33,350 --> 00:30:31,440

investigating this

877

00:30:34,970 --> 00:30:33,360

hopefully some people are going to start

878

00:30:36,289 --> 00:30:34,980

asking about all these other kind of

879

00:30:37,789 --> 00:30:36,299

whistleblowers that are being spoken

880

00:30:40,190 --> 00:30:37,799

about in the wings

881

00:30:41,990 --> 00:30:40,200

um Ross did say that if they try to

882

00:30:44,630 --> 00:30:42,000

neutralize Mr grush don't worry there's

883

00:30:46,250 --> 00:30:44,640

more coming so yeah we could see you

884

00:30:47,450 --> 00:30:46,260

know essentially the story goes away and

885

00:30:49,010 --> 00:30:47,460

another guy comes out and then that

886

00:30:51,590 --> 00:30:49,020

story goes away and another guy comes

887

00:30:54,350 --> 00:30:51,600

out we're just rolling now the the train

888

00:30:56,870 --> 00:30:54,360

is going as we like to say yeah I'd like

889

00:30:58,909 --> 00:30:56,880

to thank this breakdowns part one and

890

00:31:00,669 --> 00:30:58,919

part two will be out next week

891

00:31:03,470 --> 00:31:00,679

um

892

00:31:05,570 --> 00:31:03,480

yeah yeah discussing that

893

00:31:07,310 --> 00:31:05,580

um I want to read an email Dan at the

894

00:31:09,350 --> 00:31:07,320

minute from Nathan one of the listeners

895

00:31:11,149 --> 00:31:09,360

got in touch quite quickly after this

896

00:31:13,070 --> 00:31:11,159

all dropped and so many of you did so

897

00:31:15,830 --> 00:31:13,080

sorry if I've missed anything but I am

898

00:31:16,850 --> 00:31:15,840

getting back to people slowly uh Nathan

899

00:31:18,289 --> 00:31:16,860

says

900

00:31:19,970 --> 00:31:18,299

um I just wanted to provide some

901
00:31:22,430 --> 00:31:19,980
American Civics context to today's

902
00:31:24,289 --> 00:31:22,440
whistleblower announcement this dispatch

903
00:31:26,389 --> 00:31:24,299
article seems coordinated with Chris

904
00:31:29,029 --> 00:31:26,399
melon's political article from over the

905
00:31:30,830 --> 00:31:29,039
weekend and the two articles same time

906
00:31:33,110 --> 00:31:30,840
for release at a time when the news

907
00:31:35,870 --> 00:31:33,120
cycle and the agenda of the U.S Congress

908
00:31:37,850 --> 00:31:35,880
are both empty Congress just passed a

909
00:31:39,710 --> 00:31:37,860
requisite debt limit bill over this past

910
00:31:41,870 --> 00:31:39,720
weekend and doesn't really have anything

911
00:31:44,269 --> 00:31:41,880
on its plate until the funding bills at

912
00:31:45,769 --> 00:31:44,279
the end of autumn moreover most members

913
00:31:47,930 --> 00:31:45,779

of Congress will start up their

914

00:31:50,690 --> 00:31:47,940

re-election campaigns around that same

915

00:31:52,549 --> 00:31:50,700

time after which very little will get

916

00:31:55,730 --> 00:31:52,559

done in Congress until the new members

917

00:31:57,350 --> 00:31:55,740

are sworn in in 2025. the drop on this

918

00:31:59,389 --> 00:31:57,360

whistleblower seems very deliberately

919

00:32:01,669 --> 00:31:59,399

timed to make it a priority for congress

920

00:32:04,070 --> 00:32:01,679

this summer before any other major

921

00:32:05,510 --> 00:32:04,080

events fill that space we have a public

922

00:32:07,370 --> 00:32:05,520

whistleblower saying he's given

923

00:32:09,889 --> 00:32:07,380

information about recovered vehicles to

924

00:32:11,810 --> 00:32:09,899

Congress if he was able to say publicly

925

00:32:13,970 --> 00:32:11,820

then every member of the committee who

926
00:32:16,190 --> 00:32:13,980
received those reports should be able to

927
00:32:18,830 --> 00:32:16,200
confirm if they received and if they

928
00:32:20,330 --> 00:32:18,840
believe them to be factual looks to me

929
00:32:22,430 --> 00:32:20,340
like there's an intentional effort to

930
00:32:24,169 --> 00:32:22,440
get that to happen this summer if it

931
00:32:26,210 --> 00:32:24,179
doesn't and I'm sure there are factions

932
00:32:28,310 --> 00:32:26,220
who will work to stop it I'm afraid this

933
00:32:31,310 --> 00:32:28,320
disclosure project involving Elizondo

934
00:32:32,750 --> 00:32:31,320
Merlin Nolan IQ AI should be set back or

935
00:32:35,389 --> 00:32:32,760
could be set back until at least after

936
00:32:37,190 --> 00:32:35,399
the 2024 elections exciting times

937
00:32:38,330 --> 00:32:37,200
regardless stairwell I like that

938
00:32:39,889 --> 00:32:38,340

sentiment at the end because yes

939

00:32:41,990 --> 00:32:39,899

regardless of what you think exciting

940

00:32:43,490 --> 00:32:42,000

stuff thanks to Nathan but I don't think

941

00:32:45,529 --> 00:32:43,500

that's totally unfair is it that the

942

00:32:47,269 --> 00:32:45,539

timing is this summer we've kept hearing

943

00:32:50,810 --> 00:32:47,279

this summer of kept hearing June July

944

00:32:53,269 --> 00:32:50,820

hearings whistleblowers big statements

945

00:32:55,130 --> 00:32:53,279

and if it doesn't happen no I think we

946

00:32:56,510 --> 00:32:55,140

mentioned this didn't we where would we

947

00:32:59,750 --> 00:32:56,520

be at the end of the summer if nothing

948

00:33:01,850 --> 00:32:59,760

happens then it makes sense that there

949

00:33:03,950 --> 00:33:01,860

may be a gap and I think and I hate to

950

00:33:05,870 --> 00:33:03,960

say this there's always that the war in

951
00:33:08,630 --> 00:33:05,880
Ukraine the tensions just rush out of

952
00:33:10,250 --> 00:33:08,640
the US and China that could overshadow

953
00:33:13,009 --> 00:33:10,260
this and people some people listing

954
00:33:15,350 --> 00:33:13,019
might go aliens UFOs non-human

955
00:33:17,090 --> 00:33:15,360
technology how can that overshadow be

956
00:33:20,149 --> 00:33:17,100
overshadowed about war because it would

957
00:33:21,590 --> 00:33:20,159
because it's more media right like it's

958
00:33:23,269 --> 00:33:21,600
on the doorstep for people it's

959
00:33:25,549 --> 00:33:23,279
affecting them now as opposed to this

960
00:33:27,470 --> 00:33:25,559
you know unless unless the visitors come

961
00:33:29,389 --> 00:33:27,480
out with disclosure which is unlikely

962
00:33:31,250 --> 00:33:29,399
you know uh it'll just be a bit of

963
00:33:32,990 --> 00:33:31,260

knowledge versus people being killed

964

00:33:34,850 --> 00:33:33,000

people losing their homes do you know

965

00:33:36,470 --> 00:33:34,860

Dan that I might have come up with one

966

00:33:37,909 --> 00:33:36,480

of my favorite analogies just literally

967

00:33:40,130 --> 00:33:37,919

they are do you know what that reminds

968

00:33:41,990 --> 00:33:40,140

me of is like do you remember in Batman

969

00:33:44,149 --> 00:33:42,000

Forever one of the great Batman movies

970

00:33:45,649 --> 00:33:44,159

when uh right at the start and it was

971

00:33:48,350 --> 00:33:45,659

one of the most horrible moments in any

972

00:33:50,810 --> 00:33:48,360

Batman film but it rings true is when

973

00:33:53,630 --> 00:33:50,820

the Two-Face breaks into the circus and

974

00:33:55,970 --> 00:33:53,640

keld Robin's parents and he says I want

975

00:33:57,409 --> 00:33:55,980

to know who Batman is and Val Kilmer in

976

00:33:59,509 --> 00:33:57,419

the middle of the crowd stands up and

977

00:34:02,570 --> 00:33:59,519

starts shouting I'm Batman I'm Batman

978

00:34:04,009 --> 00:34:02,580

Harvey I'm Batman but no one notices and

979

00:34:05,810 --> 00:34:04,019

they're all just running about scared

980

00:34:08,149 --> 00:34:05,820

fleeing for their lives I like that and

981

00:34:10,790 --> 00:34:08,159

there's Batman shouting here and Batman

982

00:34:13,250 --> 00:34:10,800

Yoo-hoo it's me and no one knows no one

983

00:34:15,290 --> 00:34:13,260

can hear and it just passes that's it

984

00:34:17,149 --> 00:34:15,300

and it that's it so you've got you know

985

00:34:19,550 --> 00:34:17,159

the aliens they're going yeah yeah okay

986

00:34:22,490 --> 00:34:19,560

we're here but everyone else is going ah

987

00:34:25,250 --> 00:34:22,500

good Ukraine oh no Global economies

988

00:34:27,230 --> 00:34:25,260

crashing Apple's no headsets out ah so

989

00:34:28,909 --> 00:34:27,240

yeah yeah I think that's really

990

00:34:30,349 --> 00:34:28,919

pertinent and most importantly I can now

991

00:34:32,690 --> 00:34:30,359

put Batman in the tags for when people

992

00:34:34,550 --> 00:34:32,700

search this show yeah another important

993

00:34:35,810 --> 00:34:34,560

point with this is uh essentially what

994

00:34:37,430 --> 00:34:35,820

we were saying about gillibrand after

995

00:34:38,570 --> 00:34:37,440

the hearings where we were kind of

996

00:34:40,010 --> 00:34:38,580

saying that she wasn't really following

997

00:34:41,990 --> 00:34:40,020

up with any hard-hitting questions and

998

00:34:43,970 --> 00:34:42,000

things like that we've learned with this

999

00:34:45,050 --> 00:34:43,980

that she would have heard all of this

1000

00:34:47,329 --> 00:34:45,060

testimony

1001
00:34:49,210 --> 00:34:47,339
so you've got to wonder where were those

1002
00:34:51,829 --> 00:34:49,220
questions to Sean Kirkpatrick about

1003
00:34:54,829 --> 00:34:51,839
investigating the these kind of claims

1004
00:34:57,650 --> 00:34:54,839
they weren't brought up and so I feel

1005
00:34:59,329 --> 00:34:57,660
suddenly like this info is being sat on

1006
00:35:01,490 --> 00:34:59,339
um by some of the faces that we kind of

1007
00:35:03,290 --> 00:35:01,500
see publicly talking about UAP and and

1008
00:35:05,510 --> 00:35:03,300
that's a that's a little red flag for me

1009
00:35:08,630 --> 00:35:05,520
I I you know were wondering if some

1010
00:35:10,609 --> 00:35:08,640
politicians are a bit more dedicated to

1011
00:35:12,230 --> 00:35:10,619
using this as a as a vote issue as

1012
00:35:14,089 --> 00:35:12,240
opposed to an issue they care about you

1013
00:35:15,710 --> 00:35:14,099

know I hope it's not the case but

1014

00:35:17,210 --> 00:35:15,720

there's a little part of me that's just

1015

00:35:18,109 --> 00:35:17,220

like yeah that was weird they really

1016

00:35:19,370 --> 00:35:18,119

should have brought that up with

1017

00:35:20,750 --> 00:35:19,380

Kirkpatrick when he said there's no

1018

00:35:23,150 --> 00:35:20,760

credible evidence but what about David

1019

00:35:26,329 --> 00:35:23,160

what about this you know yeah for me

1020

00:35:29,270 --> 00:35:26,339

this is a big one that can either be

1021

00:35:31,250 --> 00:35:29,280

Philly given the green light Thumbs Up

1022

00:35:33,230 --> 00:35:31,260

by those in Congress to say you know

1023

00:35:35,329 --> 00:35:33,240

thanks for coming forward true hero true

1024

00:35:37,910 --> 00:35:35,339

patriot this this has been very helpful

1025

00:35:40,370 --> 00:35:37,920

or it needs to be shot down as why it's

1026
00:35:41,930 --> 00:35:40,380
utter nonsense because even if one thing

1027
00:35:44,210 --> 00:35:41,940
he said is correct and true about all

1028
00:35:45,589 --> 00:35:44,220
this in relation to UFO stuff not that

1029
00:35:48,470 --> 00:35:45,599
his name is David grush and he walked an

1030
00:35:50,690 --> 00:35:48,480
Intel off that's that's by the bay but

1031
00:35:52,010 --> 00:35:50,700
then that not that it's fine but that's

1032
00:35:53,390 --> 00:35:52,020
all we need because it's that whole

1033
00:35:55,010 --> 00:35:53,400
thing of you know it just takes one case

1034
00:35:56,630 --> 00:35:55,020
to be correct yeah

1035
00:35:58,430 --> 00:35:56,640
um if he had been fed a lot of

1036
00:36:01,010 --> 00:35:58,440
disinformation deliberately because of

1037
00:36:02,990 --> 00:36:01,020
the role he was in it just takes one of

1038
00:36:05,210 --> 00:36:03,000

those things to give the Congress a lead

1039

00:36:07,130 --> 00:36:05,220

to go forward with this

1040

00:36:08,510 --> 00:36:07,140

um someone's just mentioned on on

1041

00:36:10,250 --> 00:36:08,520

Twitter I've noticed that it was a

1042

00:36:12,109 --> 00:36:10,260

flashback for them when when I spoke to

1043

00:36:14,510 --> 00:36:12,119

Ross a few months ago and he talked

1044

00:36:16,910 --> 00:36:14,520

about the US military stealing a fully

1045

00:36:18,829 --> 00:36:16,920

intact UFO from under gunpoint from the

1046

00:36:20,210 --> 00:36:18,839

Mexican Army that was left do you

1047

00:36:22,310 --> 00:36:20,220

remember that with the lights on and the

1048

00:36:24,349 --> 00:36:22,320

door opened comment

1049

00:36:25,670 --> 00:36:24,359

um and I even remember was that Ross on

1050

00:36:28,130 --> 00:36:25,680

was it when they were speaking to Sean

1051

00:36:31,010 --> 00:36:28,140

Rash and he said people will say son

1052

00:36:32,569 --> 00:36:31,020

Orozco the things you know yeah do you

1053

00:36:35,630 --> 00:36:32,579

want to say in unison or Rosco the

1054

00:36:37,670 --> 00:36:35,640

things you knew I mean

1055

00:36:39,589 --> 00:36:37,680

yeah I I mean that may have been before

1056

00:36:40,910 --> 00:36:39,599

and after or even about that same time

1057

00:36:43,430 --> 00:36:40,920

wasn't it

1058

00:36:45,349 --> 00:36:43,440

um but yeah that's that's a fair point I

1059

00:36:46,670 --> 00:36:45,359

asked people Dan

1060

00:36:47,810 --> 00:36:46,680

um if you've got any other points you

1061

00:36:49,750 --> 00:36:47,820

want to make on this quickly because I'm

1062

00:36:53,569 --> 00:36:49,760

just going to find a tweet

1063

00:36:54,890 --> 00:36:53,579

uh no I I guess I mean there's so much

1064

00:36:56,210 --> 00:36:54,900

to talk about with it you know we we

1065

00:36:57,410 --> 00:36:56,220

could almost go somewhere blue in the

1066

00:36:59,750 --> 00:36:57,420

face here

1067

00:37:01,550 --> 00:36:59,760

um yeah ultimately it's it's how how

1068

00:37:03,050 --> 00:37:01,560

credible do you think this is and and

1069

00:37:04,550 --> 00:37:03,060

it's gonna vary for everyone you know

1070

00:37:06,170 --> 00:37:04,560

for some people this will be enough to

1071

00:37:08,569 --> 00:37:06,180

say this is disclosure and for other

1072

00:37:10,310 --> 00:37:08,579

people it's still not enough

1073

00:37:12,109 --> 00:37:10,320

um but I've seen a lot of a lot of

1074

00:37:13,069 --> 00:37:12,119

scientists and personalities on Twitter

1075

00:37:15,109 --> 00:37:13,079

to picking this up that haven't

1076

00:37:16,849 --> 00:37:15,119

previously spoken about it so it's

1077

00:37:19,190 --> 00:37:16,859

interesting that this is causing such a

1078

00:37:21,230 --> 00:37:19,200

public wave and especially that a lot of

1079

00:37:22,910 --> 00:37:21,240

the Publications who passed on this

1080

00:37:24,710 --> 00:37:22,920

story are now picking it up because it's

1081

00:37:28,069 --> 00:37:24,720

getting traction you know whether it's

1082

00:37:30,950 --> 00:37:28,079

for clicks or not uh the point is that

1083

00:37:34,130 --> 00:37:30,960

the word is spreading right yeah Ross

1084

00:37:37,790 --> 00:37:34,140

Kill tax interview is out this Sunday 9

1085

00:37:39,829 --> 00:37:37,800

p.m 9 p.m Pacific 8 P.M Central

1086

00:37:41,690 --> 00:37:39,839

um Ross said himself on Twitter I regard

1087

00:37:43,910 --> 00:37:41,700

this as the most important interview I

1088

00:37:46,609 --> 00:37:43,920

have ever recorded what David grish will

1089

00:37:49,190 --> 00:37:46,619

reveal on news nation is shocking and

1090

00:37:51,530 --> 00:37:49,200

demands action from Congress big letters

1091

00:37:54,950 --> 00:37:51,540

we Are Not Alone

1092

00:37:56,870 --> 00:37:54,960

um I asked on the twitterverstan uh so

1093

00:37:59,390 --> 00:37:56,880

where are we all at yeah where are we

1094

00:38:00,650 --> 00:37:59,400

all where are all the at folks uh I had

1095

00:38:03,109 --> 00:38:00,660

a busy day I'm just looking for some

1096

00:38:04,790 --> 00:38:03,119

summary and just thoughts on how this is

1097

00:38:06,589 --> 00:38:04,800

all playing out

1098

00:38:09,290 --> 00:38:06,599

um interestingly the first person that

1099

00:38:11,390 --> 00:38:09,300

applied was Jack sarfati um who who'd

1100

00:38:14,870 --> 00:38:11,400

retreated one of his own tweets and uh

1101

00:38:15,950 --> 00:38:14,880

thank you for that Jack yeah hi

1102

00:38:18,349 --> 00:38:15,960

um

1103

00:38:19,790 --> 00:38:18,359

strafe Wilson said I would have liked

1104

00:38:21,290 --> 00:38:19,800

Ross to have stopped the interview and

1105

00:38:23,750 --> 00:38:21,300

directly asked him which other countries

1106

00:38:26,329 --> 00:38:23,760

because if it's only friendly countries

1107

00:38:29,390 --> 00:38:26,339

and not Russia then potentially arose

1108

00:38:32,630 --> 00:38:29,400

fair enough Klaus it's still kryptos

1109

00:38:33,950 --> 00:38:32,640

thanks thank you there wasn't just a

1110

00:38:37,190 --> 00:38:33,960

touch on that while we're talking about

1111

00:38:39,829 --> 00:38:37,200

Klaus there wasn't little news thing

1112

00:38:44,270 --> 00:38:39,839

yesterday with Lee burger or Burger uh

1113

00:38:47,630 --> 00:38:45,890

um presenting a bunch of the findings

1114

00:38:49,490 --> 00:38:47,640

from the cave that would kind of beyond

1115

00:38:51,470 --> 00:38:49,500

what what was available when Klaus was

1116

00:38:54,290 --> 00:38:51,480

talking and

1117

00:38:56,990 --> 00:38:54,300

essentially they they found that these

1118

00:38:58,670 --> 00:38:57,000

humans one smaller brains still is you

1119

00:39:00,290 --> 00:38:58,680

know used fire but it seemed like they

1120

00:39:02,810 --> 00:39:00,300

were taken fire down into the caves

1121

00:39:04,910 --> 00:39:02,820

whilst they were using tools to dig and

1122

00:39:07,010 --> 00:39:04,920

to do actual proper burials for people

1123

00:39:09,109 --> 00:39:07,020

which is we talking hundreds of

1124

00:39:11,390 --> 00:39:09,119

thousands of years earlier than our

1125

00:39:12,950 --> 00:39:11,400

kind of previous case for that as well

1126

00:39:14,930 --> 00:39:12,960

as they found kind of inscriptions in

1127

00:39:17,329 --> 00:39:14,940

the walls so they think that humans will

1128

00:39:19,310 --> 00:39:17,339

communicating much earlier with symbols

1129

00:39:20,810 --> 00:39:19,320

and language and things like that and if

1130

00:39:22,190 --> 00:39:20,820

you're going into like these caves that

1131

00:39:24,109 --> 00:39:22,200

you had to crawl through to get in

1132

00:39:26,690 --> 00:39:24,119

there's got to be communication there to

1133

00:39:29,510 --> 00:39:26,700

stay safe so the implication is that

1134

00:39:32,390 --> 00:39:29,520

there was a species like us that wasn't

1135

00:39:33,950 --> 00:39:32,400

us that was using language and was much

1136

00:39:35,390 --> 00:39:33,960

further ahead of the curve so you've got

1137

00:39:36,770 --> 00:39:35,400

to wonder what that would look like if

1138

00:39:39,230 --> 00:39:36,780

some of those stayed around and maybe

1139

00:39:41,569 --> 00:39:39,240

built technology before we did

1140

00:39:43,849 --> 00:39:41,579

interesting

1141

00:39:45,410 --> 00:39:43,859

um some of those statement uh sentiments

1142

00:39:46,609 --> 00:39:45,420

and Echoes as well on on Twitter I

1143

00:39:48,829 --> 00:39:46,619

wouldn't read all the comments it was

1144

00:39:50,569 --> 00:39:48,839

about 100 but um Nathan says it feels

1145

00:39:52,130 --> 00:39:50,579

like the start of something new need to

1146

00:39:53,870 --> 00:39:52,140

ride the wave of publicity and make

1147

00:39:55,790 --> 00:39:53,880

actions on the hill of reality and I

1148

00:39:57,230 --> 00:39:55,800

think we've both echoed that it's what

1149

00:39:59,750 --> 00:39:57,240

happens off the back of this which can

1150

00:40:00,829 --> 00:39:59,760

be big because very very easily in a

1151
00:40:02,030 --> 00:40:00,839
couple of weeks time we could all be

1152
00:40:04,130 --> 00:40:02,040
saying what happened with that yeah

1153
00:40:05,990 --> 00:40:04,140
nothing you know there's still been

1154
00:40:07,609 --> 00:40:06,000
things like Toyota Stars giving the US

1155
00:40:09,730 --> 00:40:07,619
government a piece of alleged crash

1156
00:40:12,170 --> 00:40:09,740
material and it all just went quiet

1157
00:40:14,030 --> 00:40:12,180
there still have been those moments

1158
00:40:16,310 --> 00:40:14,040
where things have looked like they were

1159
00:40:17,930 --> 00:40:16,320
heating up and it's just gone quiet or

1160
00:40:20,810 --> 00:40:17,940
cold or for whatever reason something

1161
00:40:22,849 --> 00:40:20,820
comes out so you do have to be fair

1162
00:40:25,370 --> 00:40:22,859
um Montana said still like the extra

1163
00:40:27,710 --> 00:40:25,380

tempestal hypothesis uh Michael Masters

1164

00:40:29,450 --> 00:40:27,720

on the podcast in a few weeks uh Jamie

1165

00:40:31,670 --> 00:40:29,460

says I see this only going one way

1166

00:40:33,530 --> 00:40:31,680

capital D disclosure

1167

00:40:35,870 --> 00:40:33,540

um and three days ago I thought we were

1168

00:40:37,190 --> 00:40:35,880

decades behind ferra's Mission uh I

1169

00:40:39,170 --> 00:40:37,200

don't know how we'll get out of this one

1170

00:40:41,329 --> 00:40:39,180

like Ryan grave said this is why

1171

00:40:43,010 --> 00:40:41,339

Congress set the UAP hearings up to

1172

00:40:44,870 --> 00:40:43,020

hopefully get this kind of info they

1173

00:40:47,210 --> 00:40:44,880

have to act on it so there's an act on

1174

00:40:48,950 --> 00:40:47,220

it again and just as such on there there

1175

00:40:50,690 --> 00:40:48,960

have been some comments from officials

1176
00:40:52,730 --> 00:40:50,700
from Congress members from committee

1177
00:40:53,990 --> 00:40:52,740
members that hearings are in the

1178
00:40:55,550 --> 00:40:54,000
planning there are going to be more

1179
00:40:56,870 --> 00:40:55,560
hearings and they're the ones that we

1180
00:40:58,550 --> 00:40:56,880
should hopefully see a couple of you

1181
00:41:00,470 --> 00:40:58,560
know pilots and people that say they're

1182
00:41:02,270 --> 00:41:00,480
in these programs testifying publicly

1183
00:41:04,130 --> 00:41:02,280
about what they know as opposed to it

1184
00:41:06,470 --> 00:41:04,140
just being you know Arrow or Aim so

1185
00:41:08,390 --> 00:41:06,480
people kind of moving the goal posts

1186
00:41:09,710 --> 00:41:08,400
every two seconds I mean when did a

1187
00:41:11,150 --> 00:41:09,720
pilot so I wanted a craft would be

1188
00:41:13,010 --> 00:41:11,160

fantastic wouldn't it but you really

1189

00:41:15,710 --> 00:41:13,020

would yeah if it has to be human then

1190

00:41:16,730 --> 00:41:15,720

fair enough future future day forever I

1191

00:41:19,069 --> 00:41:16,740

think

1192

00:41:21,470 --> 00:41:19,079

um Gaz says sadly lots of words but

1193

00:41:23,510 --> 00:41:21,480

frustratingly yet again no concrete

1194

00:41:25,490 --> 00:41:23,520

evidence whistleblower or grandiosity

1195

00:41:27,950 --> 00:41:25,500

I'm hoping the first Fair comment

1196

00:41:30,290 --> 00:41:27,960

because it's not totally untrue

1197

00:41:32,089 --> 00:41:30,300

um Lily Pad she says I'm cautiously

1198

00:41:34,069 --> 00:41:32,099

optimistic this might be the Catalyst

1199

00:41:35,990 --> 00:41:34,079

that finally starts real disclosure I

1200

00:41:37,910 --> 00:41:36,000

think David grish is very brave and a

1201
00:41:40,069 --> 00:41:37,920
true hero for coming forward and only

1202
00:41:41,569 --> 00:41:40,079
hope people come out with this okay I

1203
00:41:43,730 --> 00:41:41,579
believe others will be be following in

1204
00:41:46,550 --> 00:41:43,740
his footsteps Lily Pad I have just

1205
00:41:48,349 --> 00:41:46,560
opened up your Tweet and it is huge so

1206
00:41:49,970 --> 00:41:48,359
I'll cut that one off there I didn't

1207
00:41:52,010 --> 00:41:49,980
realize you you pay for the Blue Tech

1208
00:41:53,990 --> 00:41:52,020
clip yourselves Lily had to touch on

1209
00:41:56,390 --> 00:41:54,000
something important there it makes me

1210
00:41:58,010 --> 00:41:56,400
think of you know when Trent came out

1211
00:41:59,630 --> 00:41:58,020
and there was harassment almost

1212
00:42:02,510 --> 00:41:59,640
immediately from certain segments for

1213
00:42:03,950 --> 00:42:02,520

the of the community and whether you

1214

00:42:05,510 --> 00:42:03,960

believe David grush or not you know we

1215

00:42:07,550 --> 00:42:05,520

touched on it with the NASA thing don't

1216

00:42:09,230 --> 00:42:07,560

harass people you know we want these

1217

00:42:10,609 --> 00:42:09,240

people to talk about it all we do if we

1218

00:42:12,829 --> 00:42:10,619

do that is make sure that other people

1219

00:42:14,690 --> 00:42:12,839

aren't coming forward to talk so yeah

1220

00:42:16,730 --> 00:42:14,700

let's let's consider it a catalyst and

1221

00:42:18,710 --> 00:42:16,740

hold it lightly and see where it goes

1222

00:42:20,990 --> 00:42:18,720

yeah Oliver would said I could sum this

1223

00:42:22,910 --> 00:42:21,000

up in a single sentence we have shifted

1224

00:42:25,609 --> 00:42:22,920

into next gear

1225

00:42:27,530 --> 00:42:25,619

um Jay says uh Jay McCabe I think

1226

00:42:28,910 --> 00:42:27,540

archaeologist Anthropologist and

1227

00:42:30,890 --> 00:42:28,920

psychologists are going to have their

1228

00:42:33,650 --> 00:42:30,900

what cut out um out for them for the

1229

00:42:35,089 --> 00:42:33,660

next several decades and and thank you

1230

00:42:36,410 --> 00:42:35,099

to everyone else who left a comment

1231

00:42:38,270 --> 00:42:36,420

there are loads more on there if people

1232

00:42:40,730 --> 00:42:38,280

want to go in and check that check that

1233

00:42:42,589 --> 00:42:40,740

tweet from the twitterverse did you um

1234

00:42:45,829 --> 00:42:42,599

did you see the there was an article

1235

00:42:47,390 --> 00:42:45,839

about uh Virgin uh space efforts their

1236

00:42:49,490 --> 00:42:47,400

stock price actually went oh yeah after

1237

00:42:51,410 --> 00:42:49,500

this news came out aggressively

1238

00:42:53,210 --> 00:42:51,420

apparently aggressively aggressively

1239

00:42:54,950 --> 00:42:53,220

yeah so so we're already seeing this

1240

00:42:57,170 --> 00:42:54,960

news effect markets you know this is

1241

00:42:58,970 --> 00:42:57,180

this is but a small preview of what

1242

00:43:01,609 --> 00:42:58,980

would happen if everything just came out

1243

00:43:03,109 --> 00:43:01,619

on the table you know absolutely

1244

00:43:04,430 --> 00:43:03,119

um it's looking good news Nations

1245

00:43:06,470 --> 00:43:04,440

covered coverage has been quite

1246

00:43:09,650 --> 00:43:06,480

substantial and I'm guessing news Nation

1247

00:43:11,930 --> 00:43:09,660

as a smaller emerging news organization

1248

00:43:13,970 --> 00:43:11,940

yeah are enjoying the hats and the

1249

00:43:16,670 --> 00:43:13,980

coverage and seeing that that's as a pro

1250

00:43:18,470 --> 00:43:16,680

um a story worth getting on board with

1251

00:43:20,390 --> 00:43:18,480

um I I spoke to a journalist from the

1252

00:43:22,430 --> 00:43:20,400

the Glasgow Herald last week

1253

00:43:24,950 --> 00:43:22,440

um and the article was published um Andy

1254

00:43:26,690 --> 00:43:24,960

mcgovern as the name of the person who's

1255

00:43:28,730 --> 00:43:26,700

named in the article then they got my

1256

00:43:30,890 --> 00:43:28,740

surname badly wrong but hey ho

1257

00:43:34,370 --> 00:43:30,900

um it was really interesting speaking to

1258

00:43:36,950 --> 00:43:34,380

her because the journalist she was quite

1259

00:43:39,710 --> 00:43:36,960

new to having any interest in the UFO

1260

00:43:41,450 --> 00:43:39,720

subject and it was very much dipping our

1261

00:43:43,910 --> 00:43:41,460

toe in the water conversation when we

1262

00:43:45,829 --> 00:43:43,920

spoke she was very you know why is this

1263

00:43:47,450 --> 00:43:45,839

you know happening and what's been going

1264

00:43:49,069 --> 00:43:47,460

on and the NASA stuff and they're really

1265

00:43:52,010 --> 00:43:49,079

looking for more and more information on

1266

00:43:54,290 --> 00:43:52,020

it same today I had BBC 5 live one of

1267

00:43:55,910 --> 00:43:54,300

The Producers there for me asking for a

1268

00:43:57,470 --> 00:43:55,920

chat about this before I'm going to go

1269

00:43:59,569 --> 00:43:57,480

on tomorrow and speak on five live for

1270

00:44:01,430 --> 00:43:59,579

sure um in the morning

1271

00:44:04,430 --> 00:44:01,440

um but again on the radio they're

1272

00:44:05,569 --> 00:44:04,440

starting to ask you know this UFO stuff

1273

00:44:07,730 --> 00:44:05,579

what's happening because they're

1274

00:44:10,190 --> 00:44:07,740

starting to see and this is because

1275

00:44:11,990 --> 00:44:10,200

people listening to this are liking

1276

00:44:13,430 --> 00:44:12,000

retweeting or sharing articles they're

1277

00:44:15,530 --> 00:44:13,440

talking to their friends about it online

1278

00:44:18,050 --> 00:44:15,540

they're liking the stuff on Facebook

1279

00:44:19,670 --> 00:44:18,060

sharing it on Instagram just having that

1280

00:44:20,829 --> 00:44:19,680

chat and conversation and all of that

1281

00:44:22,849 --> 00:44:20,839

makes a difference to the point

1282

00:44:25,190 --> 00:44:22,859

journalists are literally going on and

1283

00:44:28,190 --> 00:44:25,200

I've had journalists speak to me and

1284

00:44:30,290 --> 00:44:28,200

quote random members of Twitter to say I

1285

00:44:32,450 --> 00:44:30,300

saw someone tweet this and it's not

1286

00:44:35,030 --> 00:44:32,460

someone famous no big celebrity just

1287

00:44:36,470 --> 00:44:35,040

someone on Twitter with 50 followers and

1288

00:44:38,270 --> 00:44:36,480

that's how a journalist came across it

1289

00:44:40,309 --> 00:44:38,280

so it really does make a difference when

1290

00:44:42,290 --> 00:44:40,319

we say not just share the podcast like

1291

00:44:44,569 --> 00:44:42,300

the podcast share someone's art share an

1292

00:44:46,010 --> 00:44:44,579

article it does in the grand scheme of

1293

00:44:49,210 --> 00:44:46,020

things make a huge huge huge difference

1294

00:44:51,770 --> 00:44:49,220

to to folks looking for this information

1295

00:44:53,390 --> 00:44:51,780

and we're talking before about you know

1296

00:44:55,309 --> 00:44:53,400

this is all happening as we've got this

1297

00:44:57,050 --> 00:44:55,319

massive connected world that you know we

1298

00:44:58,910 --> 00:44:57,060

can immediately give gratification with

1299

00:45:02,030 --> 00:44:58,920

a tweet or you know a Facebook post or

1300

00:45:03,230 --> 00:45:02,040

something new travels fast and and this

1301
00:45:04,609 --> 00:45:03,240
is the result of that you know with

1302
00:45:06,050 --> 00:45:04,619
snowballing and spreading it's hitting

1303
00:45:09,290 --> 00:45:06,060
so many different countries at the same

1304
00:45:10,430 --> 00:45:09,300
time uh yeah it's exciting it's exciting

1305
00:45:12,950 --> 00:45:10,440
there's so many new people are looking

1306
00:45:15,290 --> 00:45:12,960
at it speaking of new people looking at

1307
00:45:17,630 --> 00:45:15,300
the UFO topic and doing great work Dr

1308
00:45:21,349 --> 00:45:17,640
Steven Greer Dan this weekend has

1309
00:45:22,849 --> 00:45:21,359
disclosure 2.0 uh the return of

1310
00:45:25,309 --> 00:45:22,859
disclosure

1311
00:45:26,510 --> 00:45:25,319
um this time it's Personnel yeah yeah

1312
00:45:27,170 --> 00:45:26,520
there we go

1313
00:45:29,210 --> 00:45:27,180

um

1314

00:45:30,470 --> 00:45:29,220

Bijou or be serious I don't know

1315

00:45:32,510 --> 00:45:30,480

something like that

1316

00:45:33,770 --> 00:45:32,520

um what do you make of Dr Greer because

1317

00:45:35,690 --> 00:45:33,780

obviously we've seen this statement come

1318

00:45:37,849 --> 00:45:35,700

out from Dr gear claiming he mentored

1319

00:45:40,609 --> 00:45:37,859

David grish David grish has then come

1320

00:45:42,410 --> 00:45:40,619

out and said utter nonsense so you know

1321

00:45:43,910 --> 00:45:42,420

believe who you want there

1322

00:45:45,710 --> 00:45:43,920

um I'm just presenting the the

1323

00:45:46,910 --> 00:45:45,720

information people can take it to that

1324

00:45:48,890 --> 00:45:46,920

what they will

1325

00:45:51,349 --> 00:45:48,900

that that's pretty diamond for Stephen

1326

00:45:53,990 --> 00:45:51,359

Greer isn't it and then he's got this

1327

00:45:55,970 --> 00:45:54,000

conference which to be fair I still

1328

00:45:58,849 --> 00:45:55,980

don't know a whole lot about and I don't

1329

00:46:00,710 --> 00:45:58,859

know if you do either as to what this is

1330

00:46:02,510 --> 00:46:00,720

meant to be for all we've heard is that

1331

00:46:04,790 --> 00:46:02,520

it's going to involve whistleblowers

1332

00:46:05,930 --> 00:46:04,800

it's going to involve testimony and it's

1333

00:46:07,730 --> 00:46:05,940

like well

1334

00:46:10,190 --> 00:46:07,740

like what because here's here's someone

1335

00:46:11,990 --> 00:46:10,200

come forward and look how much duress

1336

00:46:14,329 --> 00:46:12,000

they've been under to put this out in an

1337

00:46:17,210 --> 00:46:14,339

official way and look how it's blown up

1338

00:46:18,890 --> 00:46:17,220

online whereas Dr Greer has arranged a

1339

00:46:20,270 --> 00:46:18,900

conference and is he going to March out

1340

00:46:22,190 --> 00:46:20,280

five other whistleblowers like David

1341

00:46:24,890 --> 00:46:22,200

grish who have all just waited for

1342

00:46:27,290 --> 00:46:24,900

Steven's conference exactly and and

1343

00:46:29,809 --> 00:46:27,300

we've got to wonder as well what kind of

1344

00:46:31,930 --> 00:46:29,819

checks as Stephen Greer kind of made on

1345

00:46:36,290 --> 00:46:31,940

on the people that he's he's platforming

1346

00:46:37,910 --> 00:46:36,300

dollars probably you know we we have Tim

1347

00:46:39,470 --> 00:46:37,920

and the team of debrief and Leslie and

1348

00:46:41,390 --> 00:46:39,480

Ralph and you know there's so much

1349

00:46:42,950 --> 00:46:41,400

background tracking going on here they

1350

00:46:44,750 --> 00:46:42,960

almost can't believe it themselves that

1351

00:46:45,890 --> 00:46:44,760

these things are being said and they're

1352

00:46:47,270 --> 00:46:45,900

you know just presenting the information

1353

00:46:49,190 --> 00:46:47,280

I have to confirming these people out

1354

00:46:51,410 --> 00:46:49,200

who they say they are with Stephen Greer

1355

00:46:53,150 --> 00:46:51,420

we know that he'll speak to someone at a

1356

00:46:55,730 --> 00:46:53,160

dinner table and awkwardly mention UFOs

1357

00:46:57,470 --> 00:46:55,740

and then call it a briefing so how much

1358

00:46:58,970 --> 00:46:57,480

weight is it actually gonna bring his

1359

00:47:00,349 --> 00:46:58,980

past efforts with the national Press

1360

00:47:02,690 --> 00:47:00,359

Club hearings you know the mock

1361

00:47:04,130 --> 00:47:02,700

disclosure hearings were great but

1362

00:47:06,109 --> 00:47:04,140

you've got to wonder if we've just moved

1363

00:47:08,329 --> 00:47:06,119

past that now you know we're no longer

1364

00:47:09,950 --> 00:47:08,339

in the realm of oh hey let's have a

1365

00:47:11,990 --> 00:47:09,960

bunch of UFO people meet in a room and

1366

00:47:14,150 --> 00:47:12,000

talk and we're now into the realm of

1367

00:47:16,069 --> 00:47:14,160

yeah this guy's out there talking about

1368

00:47:18,890 --> 00:47:16,079

non-human Intelligence on better

1369

00:47:20,510 --> 00:47:18,900

platforms and dissociating with people

1370

00:47:22,010 --> 00:47:20,520

like Greer

1371

00:47:23,270 --> 00:47:22,020

um that for a lot of people brings

1372

00:47:25,430 --> 00:47:23,280

credibility

1373

00:47:27,349 --> 00:47:25,440

so yeah you've got to wonder what what's

1374

00:47:29,630 --> 00:47:27,359

what's the use for it I mean I'll still

1375

00:47:32,150 --> 00:47:29,640

watch what Greer has to present and

1376

00:47:34,790 --> 00:47:32,160

wonder but is everyone there gonna be

1377

00:47:37,430 --> 00:47:34,800

like Anjali or is everyone they're going

1378

00:47:39,109 --> 00:47:37,440

to be like David right yeah it's it's

1379

00:47:40,550 --> 00:47:39,119

one of those things and oh God for the

1380

00:47:42,170 --> 00:47:40,560

love of God I'm even

1381

00:47:43,910 --> 00:47:42,180

should I even see this for the feet of

1382

00:47:46,550 --> 00:47:43,920

upset and someone again like happened in

1383

00:47:47,990 --> 00:47:46,560

the past but you know on on the day

1384

00:47:49,490 --> 00:47:48,000

that's all dropped I was people had

1385

00:47:50,870 --> 00:47:49,500

asked about putting up a podcast and it

1386

00:47:52,130 --> 00:47:50,880

would have happened had our schedules

1387

00:47:53,870 --> 00:47:52,140

been much better but I was going to just

1388

00:47:55,430 --> 00:47:53,880

put out a breaking news one anyway I

1389

00:47:57,829 --> 00:47:55,440

wanted to just get out there for people

1390

00:47:59,569 --> 00:47:57,839

who hadn't seen the news quick 5-10

1391

00:48:02,329 --> 00:47:59,579

minutes but then even thinking that I

1392

00:48:04,609 --> 00:48:02,339

was like this is Leslie Kane Ralph

1393

00:48:07,010 --> 00:48:04,619

blumenthal's article this is Ross

1394

00:48:08,809 --> 00:48:07,020

cultart and Bray Sables podcast an

1395

00:48:10,370 --> 00:48:08,819

interview they have done the work they

1396

00:48:12,470 --> 00:48:10,380

should be getting the credit at least on

1397

00:48:14,809 --> 00:48:12,480

that day let them have it otherwise

1398

00:48:16,970 --> 00:48:14,819

you'd just end up potentially watering

1399

00:48:18,470 --> 00:48:16,980

down where people should be looking and

1400

00:48:19,910 --> 00:48:18,480

it was important and I'm still telling

1401
00:48:21,589 --> 00:48:19,920
you if you have not watched or read that

1402
00:48:23,390 --> 00:48:21,599
yet if you're listening to this and some

1403
00:48:25,670 --> 00:48:23,400
of you will be thanks for that right for

1404
00:48:27,589 --> 00:48:25,680
some reason you like listening to us go

1405
00:48:29,870 --> 00:48:27,599
and still watch Ross and Bryce's podcast

1406
00:48:32,390 --> 00:48:29,880
listen to them talk about it and discuss

1407
00:48:34,010 --> 00:48:32,400
it and go and read the article of course

1408
00:48:35,990 --> 00:48:34,020
from Leslie and Ralph as well because

1409
00:48:37,970 --> 00:48:36,000
those are the folks that have done the

1410
00:48:40,130 --> 00:48:37,980
work then listen to people like us talk

1411
00:48:41,930 --> 00:48:40,140
it down review it break it down

1412
00:48:43,490 --> 00:48:41,940
um and I think it's just important like

1413
00:48:46,130 --> 00:48:43,500

you say and you make that point that

1414

00:48:48,950 --> 00:48:46,140

right now this really does need to be

1415

00:48:52,010 --> 00:48:48,960

the focus and whether that's Skeptics

1416

00:48:53,990 --> 00:48:52,020

debunkers hardcore UFO investigators

1417

00:48:56,210 --> 00:48:54,000

people from miffon journalists

1418

00:48:58,190 --> 00:48:56,220

everything in between this really needs

1419

00:49:00,650 --> 00:48:58,200

to be the focus because it's quite a

1420

00:49:04,430 --> 00:49:00,660

meaty thing

1421

00:49:07,370 --> 00:49:04,440

to be there and like you say

1422

00:49:11,569 --> 00:49:07,380

do we need that right now if I announced

1423

00:49:13,309 --> 00:49:11,579

you know this weekend uh 9 p.m 8 P.M

1424

00:49:16,069 --> 00:49:13,319

Central I'm going to do a live stream

1425

00:49:19,430 --> 00:49:16,079

and I'm going to get a few um people on

1426

00:49:20,930 --> 00:49:19,440

who claim to have been in Antarctica and

1427

00:49:22,790 --> 00:49:20,940

who needs to whistleblower don't watch

1428

00:49:25,849 --> 00:49:22,800

David grush's thing listen to me talk

1429

00:49:29,089 --> 00:49:25,859

about this it's just capitalizing on a

1430

00:49:31,670 --> 00:49:29,099

big thing and I don't know if

1431

00:49:34,730 --> 00:49:31,680

Stephen Greer's confidence like you say

1432

00:49:37,370 --> 00:49:34,740

is necessarily required right now I I

1433

00:49:39,050 --> 00:49:37,380

let's be fair coincidental timing wise I

1434

00:49:40,849 --> 00:49:39,060

doubt he'd knew this was coming out yeah

1435

00:49:42,950 --> 00:49:40,859

absolutely unless he was mentoring David

1436

00:49:44,230 --> 00:49:42,960

Grisham David told them

1437

00:49:46,970 --> 00:49:44,240

um

1438

00:49:48,410 --> 00:49:46,980

coincidence as well in the this week's

1439

00:49:50,390 --> 00:49:48,420

episode of Skinwalker Ranch has Jay

1440

00:49:52,250 --> 00:49:50,400

Stratton who was head of the uaptf when

1441

00:49:53,990 --> 00:49:52,260

David was involved with it

1442

00:49:56,030 --> 00:49:54,000

um appearing on the ranch and supposedly

1443

00:49:57,890 --> 00:49:56,040

there's a amount sphere that appears in

1444

00:49:59,690 --> 00:49:57,900

the episode I've yet to see it but again

1445

00:50:01,309 --> 00:49:59,700

coincidental timing you know these

1446

00:50:03,109 --> 00:50:01,319

things tend to happen but you're

1447

00:50:05,210 --> 00:50:03,119

absolutely right you know Steven Greer

1448

00:50:06,770 --> 00:50:05,220

doesn't bring more Credence to this more

1449

00:50:07,670 --> 00:50:06,780

people kind of to say and I'm a

1450

00:50:08,930 --> 00:50:07,680

whistleblower doesn't bring more

1451

00:50:10,609 --> 00:50:08,940

acquaintance to this it's the

1452

00:50:11,990 --> 00:50:10,619

surrounding circumstances around what

1453

00:50:14,150 --> 00:50:12,000

David is saying the fact is being

1454

00:50:15,829 --> 00:50:14,160

investigate the fact that he testified

1455

00:50:17,750 --> 00:50:15,839

under oath

1456

00:50:19,370 --> 00:50:17,760

um almost deposed for you know so many

1457

00:50:20,750 --> 00:50:19,380

hours and we've already seen Ross's

1458

00:50:23,030 --> 00:50:20,760

interview is really extensive and he's

1459

00:50:24,770 --> 00:50:23,040

asking really direct questions

1460

00:50:26,870 --> 00:50:24,780

um this this needs to stand on its own

1461

00:50:28,790 --> 00:50:26,880

two feet as people digest really what it

1462

00:50:30,410 --> 00:50:28,800

means because there's a lot do you know

1463

00:50:32,329 --> 00:50:30,420

what's really really interesting so

1464

00:50:36,050 --> 00:50:32,339

Stephen Greer's tweet um actually he

1465

00:50:37,970 --> 00:50:36,060

tweeted an hour ago uh I see he tweeted

1466

00:50:39,650 --> 00:50:37,980

someone tweeted from Stephen Greer's

1467

00:50:41,390 --> 00:50:39,660

account Dr Greer met with this

1468

00:50:44,270 --> 00:50:41,400

whistleblower picture David grish in

1469

00:50:45,410 --> 00:50:44,280

March 2022 in Culpepper Virginia and has

1470

00:50:47,870 --> 00:50:45,420

been providing him with information

1471

00:50:48,950 --> 00:50:47,880

about facilities and operations here are

1472

00:50:52,250 --> 00:50:48,960

some links

1473

00:50:53,630 --> 00:50:52,260

of all the people and James iandoli who

1474

00:50:55,549 --> 00:50:53,640

I've spoken to and who is a big

1475

00:50:57,710 --> 00:50:55,559

proponent of Dr Steven Greer especially

1476

00:50:59,990 --> 00:50:57,720

in the past he's just tweeted saying

1477

00:51:02,089 --> 00:51:00,000

it's always all about Greer Messiah

1478

00:51:03,410 --> 00:51:02,099

complex on full display please please be

1479

00:51:05,510 --> 00:51:03,420

mindful when seeing this kind of

1480

00:51:07,069 --> 00:51:05,520

attention seeking and messaging take an

1481

00:51:09,049 --> 00:51:07,079

honest look at David Charles gross's

1482

00:51:10,430 --> 00:51:09,059

credentials and ask yourself does this

1483

00:51:12,589 --> 00:51:10,440

man need Steven Gear's assistance

1484

00:51:15,109 --> 00:51:12,599

absolutely not and that's very well put

1485

00:51:17,030 --> 00:51:15,119

from from James Island whether you like

1486

00:51:18,290 --> 00:51:17,040

Stephen gray or not it doesn't need to

1487

00:51:20,809 --> 00:51:18,300

be getting involved in this and that

1488

00:51:23,270 --> 00:51:20,819

seems like a huge attention grab yeah I

1489

00:51:24,950 --> 00:51:23,280

completely agree we don't need to give

1490

00:51:26,390 --> 00:51:24,960

Stephen Greer a spotlight here we need

1491

00:51:27,890 --> 00:51:26,400

to be looking at what David's saying

1492

00:51:29,150 --> 00:51:27,900

essentially Greer is doing what we're

1493

00:51:30,170 --> 00:51:29,160

doing right

1494

00:51:32,450 --> 00:51:30,180

um

1495

00:51:33,530 --> 00:51:32,460

David's already like a secondary source

1496

00:51:35,510 --> 00:51:33,540

for for a lot of this information

1497

00:51:37,309 --> 00:51:35,520

because he didn't directly see it if

1498

00:51:39,109 --> 00:51:37,319

you're listening to us we're a tush

1499

00:51:40,490 --> 00:51:39,119

resource and it kind of dilutes from

1500

00:51:42,470 --> 00:51:40,500

there which is why people should

1501
00:51:44,750 --> 00:51:42,480
absolutely go and listen to David

1502
00:51:46,549 --> 00:51:44,760
talking and even though that seven hour

1503
00:51:48,170 --> 00:51:46,559
interview will be long it's worth

1504
00:51:49,730 --> 00:51:48,180
people's time you know

1505
00:51:52,010 --> 00:51:49,740
um we all notice different things in

1506
00:51:53,510 --> 00:51:52,020
these things too so uh you know someone

1507
00:51:55,069 --> 00:51:53,520
out there could listen to it and pick up

1508
00:51:57,170 --> 00:51:55,079
on something really important that no

1509
00:51:59,510 --> 00:51:57,180
one else in the community came across so

1510
00:52:01,430 --> 00:51:59,520
yeah always go to the sources as much as

1511
00:52:02,750 --> 00:52:01,440
you can and you know what to not end on

1512
00:52:04,609 --> 00:52:02,760
agree or bashing it would have been

1513
00:52:06,349 --> 00:52:04,619

interesting if Stephen Grier just came

1514

00:52:08,030 --> 00:52:06,359

out and gave like a small video or short

1515

00:52:10,730 --> 00:52:08,040

video of his actual genuine thoughts on

1516

00:52:13,190 --> 00:52:10,740

this rather than trying to get in there

1517

00:52:15,530 --> 00:52:13,200

and see if if David grish hadn't came

1518

00:52:16,849 --> 00:52:15,540

out and very quickly the whole thing it

1519

00:52:18,530 --> 00:52:16,859

may have stood with some weight behind

1520

00:52:20,030 --> 00:52:18,540

it but it clearly doesn't because we're

1521

00:52:21,290 --> 00:52:20,040

going to say David grish isn't lying

1522

00:52:22,609 --> 00:52:21,300

because that would be an odd thing to

1523

00:52:25,849 --> 00:52:22,619

lie about so

1524

00:52:27,410 --> 00:52:25,859

yeah I yeah absolutely I'm looking

1525

00:52:29,990 --> 00:52:27,420

forward to seeing David hopefully open

1526

00:52:32,210 --> 00:52:30,000

up with a couple more interviews

1527

00:52:33,710 --> 00:52:32,220

um but there's a

1528

00:52:35,450 --> 00:52:33,720

remember when Stratton came out and he

1529

00:52:38,210 --> 00:52:35,460

started talking and it was a alien con

1530

00:52:40,609 --> 00:52:38,220

uh yeah you know we had a conversation

1531

00:52:42,530 --> 00:52:40,619

of does that platform in itself kind of

1532

00:52:43,370 --> 00:52:42,540

dilute what he's saying

1533

00:52:45,170 --> 00:52:43,380

um

1534

00:52:46,370 --> 00:52:45,180

I feel like maybe David talking on

1535

00:52:48,290 --> 00:52:46,380

Greer's platform would have done the

1536

00:52:49,790 --> 00:52:48,300

same thing so I'm glad that he's stuck

1537

00:52:51,589 --> 00:52:49,800

with Leslie and Ralph I'm glad that he

1538

00:52:53,450 --> 00:52:51,599

stuck with the guys at the debrief many

1539

00:52:54,950 --> 00:52:53,460

people may not know the debrief but you

1540

00:52:57,049 --> 00:52:54,960

know they're dedicated they do seller

1541

00:52:59,089 --> 00:52:57,059

work and and they're a great Bunch so

1542

00:53:00,470 --> 00:52:59,099

I'm excited for them and I'm excited to

1543

00:53:02,089 --> 00:53:00,480

see where they take this

1544

00:53:03,710 --> 00:53:02,099

and there's certainly a hell of a lot

1545

00:53:05,089 --> 00:53:03,720

more people know the debrief now after

1546

00:53:06,470 --> 00:53:05,099

this today

1547

00:53:09,170 --> 00:53:06,480

um that I think it's fair to say but

1548

00:53:11,630 --> 00:53:09,180

we'll wrap it there for for part one

1549

00:53:13,750 --> 00:53:11,640

um and can I just ask that people do go

1550

00:53:16,490 --> 00:53:13,760

and check out the article uh on the

1551
00:53:18,829 --> 00:53:16,500
debrief.org the interview on need to

1552
00:53:20,450 --> 00:53:18,839
know with Ross and Bryce and also the

1553
00:53:22,849 --> 00:53:20,460
news Nation piece which is online as

1554
00:53:24,530 --> 00:53:22,859
well um and the foreground ones as well

1555
00:53:26,030 --> 00:53:24,540
uh but all the links will put in the

1556
00:53:28,430 --> 00:53:26,040
description yeah yeah you guys can read

1557
00:53:30,650 --> 00:53:28,440
them yeah and Dan fairy say this is a

1558
00:53:32,089 --> 00:53:30,660
really fantastic jumping on point for a

1559
00:53:34,730 --> 00:53:32,099
lot of people including those in the

1560
00:53:37,010 --> 00:53:34,740
media who who want to pick up on the UFO

1561
00:53:39,109 --> 00:53:37,020
story and it it really gives me the

1562
00:53:41,809 --> 00:53:39,119
feeling that if this doesn't make them

1563
00:53:44,990 --> 00:53:41,819

do it I mean what will because this is

1564

00:53:46,130 --> 00:53:45,000

you know this is looking like we'll

1565

00:53:49,190 --> 00:53:46,140

frame it as

1566

00:53:51,190 --> 00:53:49,200

hard facts and a senior member

1567

00:53:54,109 --> 00:53:51,200

intelligence official came out

1568

00:53:56,750 --> 00:53:54,119

blunderbussel I've got UFOs I've got

1569

00:53:58,609 --> 00:53:56,760

better of them we've got bodies

1570

00:53:59,809 --> 00:53:58,619

you know the stuffs there we could just

1571

00:54:02,150 --> 00:53:59,819

have to go and find it and he can tell

1572

00:54:04,069 --> 00:54:02,160

Congress where it is if they don't get

1573

00:54:06,069 --> 00:54:04,079

involved now then it literally has to be

1574

00:54:10,250 --> 00:54:06,079

aliens on the White House lawn

1575

00:54:11,690 --> 00:54:10,260

yeah I I would say that's fair this is a

1576

00:54:13,430 --> 00:54:11,700

much more realistic slow roll of

1577

00:54:14,930 --> 00:54:13,440

disclosure you know going for the

1578

00:54:16,430 --> 00:54:14,940

receipts and the checks and balances as

1579

00:54:17,990 --> 00:54:16,440

opposed to just these big dramatic

1580

00:54:19,910 --> 00:54:18,000

sweeps that probably won't ever happen

1581

00:54:20,870 --> 00:54:19,920

like crash material on the White House

1582

00:54:23,809 --> 00:54:20,880

alone

1583

00:54:25,849 --> 00:54:23,819

and to quote a very very good movie that

1584

00:54:28,730 --> 00:54:25,859

I've seen very recently and it blew me

1585

00:54:30,589 --> 00:54:28,740

away to be continued that is all for

1586

00:54:32,690 --> 00:54:30,599

this week's show thank you very much for

1587

00:54:34,970 --> 00:54:32,700

listening please remember to leave the

1588

00:54:38,270 --> 00:54:34,980

podcast a review on your chosen platform

1589

00:54:40,309 --> 00:54:38,280

you can like retweet And subscribe that

1590

00:54:42,349 --> 00:54:40,319

would all be very much appreciated the

1591

00:54:44,150 --> 00:54:42,359

shows are being uploaded onto YouTube as

1592

00:54:46,790 --> 00:54:44,160

we speak more and more you can sign up

1593

00:54:49,130 --> 00:54:46,800

at patreon.com forward slash that UFO

1594

00:54:51,470 --> 00:54:49,140

podcast access shows ad free as well

1595

00:54:54,530 --> 00:54:51,480

please get in touch on Twitter Facebook

1596

00:54:58,130 --> 00:54:54,540

Instagram that UFO podcast of course on

1597

00:55:00,230 --> 00:54:58,140

Twitter it's at UFO UAP am and again

1598

00:55:02,610 --> 00:55:00,240

folks as always keep looking up you

1599

00:55:29,790 --> 00:55:02,620

never know what you might see

1600

00:55:29,800 --> 00:56:03,430

[Music]

1601
00:56:03,440 --> 00:56:10,950
they thought this was noise

1602
00:56:41,390 --> 00:56:18,090
[Music]

1603
00:56:45,650 --> 00:56:43,549
centered time consider your space

1604
00:56:47,750 --> 00:56:45,660
consider your lies consider your life

1605
00:57:15,829 --> 00:56:47,760
considering your eyes

1606
00:57:15,839 --> 00:57:21,070
experience

1607
00:57:21,080 --> 00:57:58,089
[Music]

1608
00:57:58,099 --> 00:58:01,530
thank you
