FEATURING @TINYKLAUS

1  
00:00:06,050 --> 00:00:02,629  
this is Ross coultart and you are

2  
00:00:09,950 --> 00:00:06,060  
listening to that UFO podcast

3  
00:00:12,530 --> 00:00:09,960  
[Music]

4  
00:00:15,049 --> 00:00:12,540  
hi everyone and welcome back to that ua4

5  
00:00:16,849 --> 00:00:15,059  
podcast my name is Andy and for a change

6  
00:00:19,189 --> 00:00:16,859  
I'm not going to introduce the guest

7  
00:00:21,950 --> 00:00:19,199  
because I'm not entirely sure how to

8  
00:00:23,570 --> 00:00:21,960  
introduce the guest best many of you

9  
00:00:25,189 --> 00:00:23,580  
have been excited for this show I

10  
00:00:27,050 --> 00:00:25,199  
announced it a couple of weeks ago but

11  
00:00:28,609 --> 00:00:27,060  
due to various different things and and

12  
00:00:30,890 --> 00:00:28,619  
everyone's personal lives we've had to

13  
00:00:33,410 --> 00:00:30,900

reschedule but I am delighted to welcome

14

00:00:36,229 --> 00:00:33,420

all the way from the Hollard Halls of

15

00:00:38,870 --> 00:00:36,239

UFO Twitter and his own substack account

16

00:00:41,690 --> 00:00:38,880

I have tiny close or close how you doing

17

00:00:43,130 --> 00:00:41,700

mate hey man how's it going good it's

18

00:00:45,049 --> 00:00:43,140

going well it's good to have you on

19

00:00:46,549 --> 00:00:45,059

people were very excited when I said you

20

00:00:49,069 --> 00:00:46,559

were going to come on the podcast and

21

00:00:51,470 --> 00:00:49,079

albeit I think that was two months ago

22

00:00:53,090 --> 00:00:51,480

to the day almost that I said that was

23

00:00:55,310 --> 00:00:53,100

going to happen but listen here we are

24

00:00:57,350 --> 00:00:55,320

these things happen for a reason

25

00:00:59,810 --> 00:00:57,360

um I've said I'm not sure how to

26  
00:01:02,150 --> 00:00:59,820  
introduce you because I was thinking do

27  
00:01:04,969 --> 00:01:02,160  
you say social media commentator do you

28  
00:01:07,070 --> 00:01:04,979  
say blogger do you see a researcher or

29  
00:01:08,750 --> 00:01:07,080  
how would you introduce yourself to an

30  
00:01:10,429 --> 00:01:08,760  
audience who may be listening wondering

31  
00:01:13,250 --> 00:01:10,439  
who is this guy

32  
00:01:17,630 --> 00:01:13,260  
um I would say writer first and foremost

33  
00:01:20,929 --> 00:01:17,640  
um yeah I just kind of started started

34  
00:01:22,850 --> 00:01:20,939  
writing on Reddit a couple years ago I

35  
00:01:24,830 --> 00:01:22,860  
um you know started really digging into

36  
00:01:26,030 --> 00:01:24,840  
the UFO thing I had been interested in

37  
00:01:28,070 --> 00:01:26,040  
it for a while

38  
00:01:29,929 --> 00:01:28,080

um I had some sightings and kind of a

39

00:01:32,030 --> 00:01:29,939

paranormal experience

40

00:01:34,310 --> 00:01:32,040

um back in like 2013 not really kind of

41

00:01:35,749 --> 00:01:34,320

you know was made an impression on me

42

00:01:38,090 --> 00:01:35,759

but

43

00:01:40,550 --> 00:01:38,100

um it was only like

44

00:01:42,710 --> 00:01:40,560

about three years ago now that I started

45

00:01:44,630 --> 00:01:42,720

really digging into like the theories

46

00:01:46,429 --> 00:01:44,640

and stuff like that

47

00:01:49,550 --> 00:01:46,439

um and you know when Elizondo was doing

48

00:01:51,170 --> 00:01:49,560

all his interviews and uh it really kind

49

00:01:53,389 --> 00:01:51,180

of caught my attention that someone as

50

00:01:54,770 --> 00:01:53,399

serious as him was saying the things

51

00:01:57,590 --> 00:01:54,780

that he was saying

52

00:01:59,569 --> 00:01:57,600

uh you know and

53

00:02:01,969 --> 00:01:59,579

I don't know it really just kind of like

54

00:02:04,670 --> 00:02:01,979

was like okay this is

55

00:02:07,609 --> 00:02:04,680

this is pretty pretty intense stuff so I

56

00:02:10,370 --> 00:02:07,619

kind of just started researching and um

57

00:02:14,150 --> 00:02:10,380

posting on Reddit our UFOs it was kind

58

00:02:16,790 --> 00:02:14,160

of the place where I you know

59

00:02:19,010 --> 00:02:16,800

put all my thoughts basically I would um

60

00:02:21,949 --> 00:02:19,020

you know watch interviews and kind of

61

00:02:24,050 --> 00:02:21,959

take you know the breadcrumbs that

62

00:02:27,729 --> 00:02:24,060

quote-unquote breadcrumbs that he laid

63

00:02:30,670 --> 00:02:27,739

out and um just try to connect them to

64

00:02:33,830 --> 00:02:30,680

certain things that were more tangible

65

00:02:35,869 --> 00:02:33,840

you know science articles or stuff you

66

00:02:37,970 --> 00:02:35,879

know other people have said that that

67

00:02:40,850 --> 00:02:37,980

checked out and just kind of

68

00:02:43,910 --> 00:02:40,860

uh you know put pieces together that

69

00:02:46,009 --> 00:02:43,920

otherwise you know people wouldn't have

70

00:02:47,750 --> 00:02:46,019

um on their own well that's it I think

71

00:02:49,490 --> 00:02:47,760

for me for anyone listening wondering

72

00:02:51,530 --> 00:02:49,500

again still who is this guy and many of

73

00:02:52,910 --> 00:02:51,540

the social media followers will know you

74

00:02:54,710 --> 00:02:52,920

because you're very prominent right now

75

00:02:56,690 --> 00:02:54,720

you have a 31 000 followers are

76  
00:02:59,150 --> 00:02:56,700  
encountered on Twitter you know which is

77  
00:03:01,250 --> 00:02:59,160  
a hell of a lot and for me I started

78  
00:03:03,050 --> 00:03:01,260  
noticing your tweets and in that form of

79  
00:03:05,089 --> 00:03:03,060  
the bread comes breadcrumbs and the

80  
00:03:07,250 --> 00:03:05,099  
research and a statement's been made in

81  
00:03:08,690 --> 00:03:07,260  
an interview by Jim semivan and the next

82  
00:03:10,850 --> 00:03:08,700  
thing I would see it would be your

83  
00:03:13,250 --> 00:03:10,860  
timeline would be filled with excerpts

84  
00:03:14,809 --> 00:03:13,260  
from a book from valet or a comment from

85  
00:03:18,050 --> 00:03:14,819  
Gary Nolan somewhere and actually

86  
00:03:19,550 --> 00:03:18,060  
Elizondo said this in an interview in in

87  
00:03:21,530 --> 00:03:19,560  
your Twitter headline and on this

88  
00:03:23,570 --> 00:03:21,540

podcast the episode that says patterns

89

00:03:25,309 --> 00:03:23,580

tell stories and it's just like you say

90

00:03:26,990 --> 00:03:25,319

putting those PCS together that you know

91

00:03:28,790 --> 00:03:27,000

this isn't an isolated statement someone

92

00:03:30,770 --> 00:03:28,800

made there's a background there's a

93

00:03:32,570 --> 00:03:30,780

context here and for folk like myself

94

00:03:34,130 --> 00:03:32,580

that's that's incredible because I can

95

00:03:35,630 --> 00:03:34,140

look at that and go Ah that's that's a

96

00:03:37,369 --> 00:03:35,640

really great talking point or that's

97

00:03:39,949 --> 00:03:37,379

really interesting and it's a place to

98

00:03:41,570 --> 00:03:39,959

jump off of and dig more into the

99

00:03:43,670 --> 00:03:41,580

subject and that was always really

100

00:03:45,410 --> 00:03:43,680

appreciated and helped uh helpful for

101  
00:03:46,970 --> 00:03:45,420  
people like myself

102  
00:03:48,890 --> 00:03:46,980  
um and from they are signing up to your

103  
00:03:50,990 --> 00:03:48,900  
sub stack and your articles are

104  
00:03:53,630 --> 00:03:51,000  
incredibly well researched the you know

105  
00:03:56,149 --> 00:03:53,640  
all of that is a gold mine for a

106  
00:03:58,670 --> 00:03:56,159  
podcaster so thank you for me

107  
00:04:00,350 --> 00:03:58,680  
um so your own background you mentioned

108  
00:04:04,190 --> 00:04:00,360  
some of your own experiences how far

109  
00:04:05,570 --> 00:04:04,200  
back does your interest go in this topic

110  
00:04:08,449 --> 00:04:05,580  
um so

111  
00:04:11,149 --> 00:04:08,459  
I guess so back

112  
00:04:13,850 --> 00:04:11,159  
in um High School I

113  
00:04:17,390 --> 00:04:13,860

I was a quote unquote like troubled teen

114

00:04:20,150 --> 00:04:17,400

so I went to a Wilderness Program

115

00:04:23,450 --> 00:04:20,160

um therapeutic Wilderness Program and

116

00:04:26,510 --> 00:04:23,460

that was kind of my first sighting

117

00:04:28,969 --> 00:04:26,520

um was in the in the woods there in Utah

118

00:04:31,249 --> 00:04:28,979

um and it was just kind of like a star

119

00:04:34,249 --> 00:04:31,259

moving in the sky it got like big and

120

00:04:36,409 --> 00:04:34,259

kind of just shot off and you know uh

121

00:04:38,510 --> 00:04:36,419

one of those and then you know I kind of

122

00:04:39,230 --> 00:04:38,520

didn't think about it for a long time

123

00:04:40,570 --> 00:04:39,240

um

124

00:04:44,150 --> 00:04:40,580

but

125

00:04:47,689 --> 00:04:44,160

uh after that like in college and stuff

126

00:04:50,930 --> 00:04:47,699

I had another sighting that was more um

127

00:04:53,030 --> 00:04:50,940

Vivid I guess and I had it with another

128

00:04:55,310 --> 00:04:53,040

person who was in the car with me so

129

00:04:56,990 --> 00:04:55,320

that was very validating

130

00:04:59,870 --> 00:04:57,000

um in what ways

131

00:05:01,249 --> 00:04:59,880

uh just that you like I had someone else

132

00:05:04,730 --> 00:05:01,259

my roommate

133

00:05:05,749 --> 00:05:04,740

um was there you know just to experience

134

00:05:06,830 --> 00:05:05,759

it with

135

00:05:09,530 --> 00:05:06,840

um it was

136

00:05:11,570 --> 00:05:09,540

we were driving home from a party and uh

137

00:05:16,070 --> 00:05:11,580

it was a

138

00:05:19,129 --> 00:05:16,080

gray metallic disc with with like really

139

00:05:20,570 --> 00:05:19,139

you know uh neon green on the outside of

140

00:05:21,590 --> 00:05:20,580

the disc and it kind of came down the

141

00:05:24,590 --> 00:05:21,600

windshield

142

00:05:26,029 --> 00:05:24,600

uh very slowly so you could tell it was

143

00:05:27,890 --> 00:05:26,039

kind of far away

144

00:05:30,770 --> 00:05:27,900

uh and then it kind of hovered there

145

00:05:32,870 --> 00:05:30,780

it's about 500 feet away from the car

146

00:05:34,310 --> 00:05:32,880

and then it just shot off

147

00:05:37,670 --> 00:05:34,320

um and then we just looked at each other

148

00:05:40,430 --> 00:05:37,680

and me and I was like what the hell uh

149

00:05:41,870 --> 00:05:40,440

so that was kind of you know an

150

00:05:43,790 --> 00:05:41,880

experience you have with someone else

151  
00:05:45,590 --> 00:05:43,800  
was much different than me just seeing

152  
00:05:48,050 --> 00:05:45,600  
something by myself in the sky like

153  
00:05:49,310 --> 00:05:48,060  
wondering if I was you know seeing

154  
00:05:52,189 --> 00:05:49,320  
things or something like that like

155  
00:05:54,290 --> 00:05:52,199  
having someone else there to uh you know

156  
00:05:55,909 --> 00:05:54,300  
kind of talk about it and just check to

157  
00:05:58,070 --> 00:05:55,919  
make sure you're not going crazy

158  
00:05:59,930 --> 00:05:58,080  
um can I ask is that this interests me

159  
00:06:02,150 --> 00:05:59,940  
um whenever someone has an experience

160  
00:06:04,550 --> 00:06:02,160  
with someone else what was the

161  
00:06:06,830 --> 00:06:04,560  
conversation like immediately after

162  
00:06:10,129 --> 00:06:06,840  
was that a conversation was it oh let's

163  
00:06:12,650 --> 00:06:10,139

put the radio back on and head home

164

00:06:14,749 --> 00:06:12,660

um yeah it was just like what the what

165

00:06:18,230 --> 00:06:14,759

the f was that you know

166

00:06:20,270 --> 00:06:18,240

um and then just asking asking each

167

00:06:22,370 --> 00:06:20,280

other over and over that was a UFO right

168

00:06:26,450 --> 00:06:22,380

like that I mean it wasn't much more

169

00:06:28,730 --> 00:06:26,460

than that um because you know

170

00:06:31,070 --> 00:06:28,740

and it kind of just turned into you know

171

00:06:32,990 --> 00:06:31,080

we just watched Ancient Aliens all the

172

00:06:37,010 --> 00:06:33,000

time and and we kind of got you know

173

00:06:39,529 --> 00:06:37,020

into it like that uh just still casual

174

00:06:42,110 --> 00:06:39,539

but like I started looking up like

175

00:06:44,150 --> 00:06:42,120

uh you know there's a face on Mars and

176

00:06:46,390 --> 00:06:44,160

and that kind of thing uh you know

177

00:06:48,890 --> 00:06:46,400

because I was like myself

178

00:06:50,510 --> 00:06:48,900

yeah yeah so I'm like yeah let's dig

179

00:06:53,270 --> 00:06:50,520

into this a little deeper but nothing

180

00:06:56,150 --> 00:06:53,280

nothing past like you know the the

181

00:06:57,010 --> 00:06:56,160

YouTube uh videos that were that were

182

00:06:59,570 --> 00:06:57,020

like

183

00:07:01,070 --> 00:06:59,580

yeah yeah you're good on the rabbit hole

184

00:07:03,350 --> 00:07:01,080

you start looking up various links and

185

00:07:05,090 --> 00:07:03,360

tweets or YouTube videos and I think for

186

00:07:08,090 --> 00:07:05,100

me it got to the point I was watching

187

00:07:10,430 --> 00:07:08,100

the Andrea basiago videos of

188

00:07:12,469 --> 00:07:10,440

um jump Mars jump rooms and him and

189

00:07:14,689 --> 00:07:12,479

President Obama's kids you know going

190

00:07:16,610 --> 00:07:14,699

back and forward in time and it's and

191

00:07:18,469 --> 00:07:16,620

for anyone who's written what yeah I've

192

00:07:21,409 --> 00:07:18,479

mentioned them before on this but look

193

00:07:23,330 --> 00:07:21,419

up Andrew D bassiagio and I I don't know

194

00:07:26,150 --> 00:07:23,340

that one I have to check it out

195

00:07:27,770 --> 00:07:26,160

um yeah it has talks I don't think he's

196

00:07:29,749 --> 00:07:27,780

done anything for a while due to ill

197

00:07:31,550 --> 00:07:29,759

health but it was one of those like

198

00:07:32,990 --> 00:07:31,560

pinch assault things and if you listen

199

00:07:35,270 --> 00:07:33,000

to this and you believe what you say is

200

00:07:38,330 --> 00:07:35,280

fantastic but at one point he was due to

201  
00:07:40,430 --> 00:07:38,340  
be president in 2020 then 2022 or 24

202  
00:07:42,950 --> 00:07:40,440  
whatever it was the last couple of

203  
00:07:45,589 --> 00:07:42,960  
elections he was due to be president and

204  
00:07:48,409 --> 00:07:45,599  
his claims but the timeline changed and

205  
00:07:49,670 --> 00:07:48,419  
so as one of those potential incredible

206  
00:07:51,589 --> 00:07:49,680  
if true

207  
00:07:53,270 --> 00:07:51,599  
um but really but we need Barack Obama

208  
00:07:55,610 --> 00:07:53,280  
to come forward and confirm that he did

209  
00:07:57,469 --> 00:07:55,620  
do this as a kid with this guy um but

210  
00:07:59,870 --> 00:07:57,479  
yeah it was that it was that deep rabbit

211  
00:08:01,249 --> 00:07:59,880  
hole for me growing up and watching this

212  
00:08:03,350 --> 00:08:01,259  
stuff and going well I imagine that was

213  
00:08:05,870 --> 00:08:03,360

true and then you find the Linda Moulton

214

00:08:08,270 --> 00:08:05,880

Howe stuff where she's talking about I

215

00:08:09,890 --> 00:08:08,280

have this story from a marine who you

216

00:08:11,510 --> 00:08:09,900

know served under the ice of the

217

00:08:13,909 --> 00:08:11,520

Antarctic and this is what they said

218

00:08:14,930 --> 00:08:13,919

happening and all that stuff that gets

219

00:08:16,370 --> 00:08:14,940

really deep and we're going to go there

220

00:08:17,990 --> 00:08:16,380

we're going to go to Atlantis soon in

221

00:08:20,629 --> 00:08:18,000

this conversation as well

222

00:08:22,189 --> 00:08:20,639

um through a mutual friend you know if

223

00:08:24,050 --> 00:08:22,199

you want to call them that

224

00:08:26,089 --> 00:08:24,060

um a friend of everyone's I suppose but

225

00:08:29,029 --> 00:08:26,099

who do you look up to in this topic

226

00:08:31,369 --> 00:08:29,039

because you you retweet and tweet and

227

00:08:34,250 --> 00:08:31,379

write about a lot of big names and big

228

00:08:36,110 --> 00:08:34,260

ideas and being someone similar age to

229

00:08:37,610 --> 00:08:36,120

myself who are some of the names you

230

00:08:39,290 --> 00:08:37,620

look at and go these are the these are

231

00:08:41,329 --> 00:08:39,300

the men the women these are the

232

00:08:44,590 --> 00:08:41,339

individuals that for me are worth

233

00:08:47,090 --> 00:08:44,600

listening to yeah um

234

00:08:50,030 --> 00:08:47,100

so yeah like I said when I was writing

235

00:08:52,130 --> 00:08:50,040

on Reddit Elizondo was um

236

00:08:56,930 --> 00:08:52,140

he was someone that I trusted and I

237

00:09:01,070 --> 00:08:56,940

still I still trust uh why why Lou uh

238

00:09:01,790 --> 00:09:01,080

because he had he had the credentials

239

00:09:03,949 --> 00:09:01,800

um

240

00:09:07,009 --> 00:09:03,959

you know before that

241

00:09:10,130 --> 00:09:07,019

was it Greer it was the you know main

242

00:09:13,490 --> 00:09:10,140

voice trusted voice probably yeah yeah

243

00:09:15,050 --> 00:09:13,500

um so this guy steps out and uh you know

244

00:09:17,090 --> 00:09:15,060

he's an actual

245

00:09:17,750 --> 00:09:17,100

government official

246

00:09:19,670 --> 00:09:17,760

um

247

00:09:22,250 --> 00:09:19,680

and I

248

00:09:24,290 --> 00:09:22,260

you know if I had seen something that

249

00:09:25,490 --> 00:09:24,300

made me question

250

00:09:29,210 --> 00:09:25,500

um

251  
00:09:32,570 --> 00:09:29,220  
you know where his story essentially uh

252  
00:09:33,769 --> 00:09:32,580  
I I would have just moved on you know I

253  
00:09:35,210 --> 00:09:33,779  
don't

254  
00:09:38,090 --> 00:09:35,220  
and that and that's happened with

255  
00:09:40,790 --> 00:09:38,100  
certain people in this field and that I

256  
00:09:43,190 --> 00:09:40,800  
just don't you know they've said or done

257  
00:09:44,810 --> 00:09:43,200  
something that makes me go eh and then I

258  
00:09:45,590 --> 00:09:44,820  
I don't really

259  
00:09:48,110 --> 00:09:45,600  
um

260  
00:09:48,949 --> 00:09:48,120  
you know include them in in my research

261  
00:09:51,530 --> 00:09:48,959  
anymore

262  
00:09:53,449 --> 00:09:51,540  
um but with Elizondo he he's never given

263  
00:09:55,850 --> 00:09:53,459

me a reason to

264

00:09:58,190 --> 00:09:55,860

doubt you know what he says I mean

265

00:10:00,650 --> 00:09:58,200

there's been you know the sock puppet

266

00:10:02,449 --> 00:10:00,660

whatever that was was just whatever to

267

00:10:05,329 --> 00:10:02,459

me like you gotta defend your family and

268

00:10:08,449 --> 00:10:05,339

[h\_\_h] like that but yeah besides that I

269

00:10:11,150 --> 00:10:08,459

haven't I haven't seen anything to make

270

00:10:12,710 --> 00:10:11,160

me think uh otherwise um when it comes

271

00:10:14,810 --> 00:10:12,720

to trusting him so

272

00:10:17,090 --> 00:10:14,820

you mentioned names you've moved on from

273

00:10:19,370 --> 00:10:17,100

in terms of research is there anyone

274

00:10:21,410 --> 00:10:19,380

particular not that it's you know mud

275

00:10:23,269 --> 00:10:21,420

slinging or throwing Throwing Shade at

276

00:10:25,070 --> 00:10:23,279

people as the kids say these days but

277

00:10:26,810 --> 00:10:25,080

was it anyone because I think that's a

278

00:10:29,329 --> 00:10:26,820

natural thing in this topic and it's

279

00:10:30,949 --> 00:10:29,339

fine that you have I've always said

280

00:10:32,930 --> 00:10:30,959

about allowing your opinion to be fluid

281

00:10:35,090 --> 00:10:32,940

then I think you have to in this topic

282

00:10:36,590 --> 00:10:35,100

and sometimes you'll be proven wrong or

283

00:10:38,150 --> 00:10:36,600

people you look up to will be proven

284

00:10:40,670 --> 00:10:38,160

wrong and it's fine to look and go

285

00:10:42,410 --> 00:10:40,680

actually I used to believe this or I

286

00:10:44,509 --> 00:10:42,420

used to be in this camp and I've moved

287

00:10:46,190 --> 00:10:44,519

over to this one now so is that what

288

00:10:49,009 --> 00:10:46,200

happened but yourself and would you say

289

00:10:52,850 --> 00:10:49,019

maybe who it was yeah I mean it's it's

290

00:10:55,490 --> 00:10:52,860

actually very very recent okay

291

00:10:56,210 --> 00:10:55,500

um that so yeah as like a freshman but

292

00:10:58,550 --> 00:10:56,220

um

293

00:11:00,829 --> 00:10:58,560

and I know you I think you just had them

294

00:11:02,630 --> 00:11:00,839

on but uh I've I've come to question

295

00:11:05,750 --> 00:11:02,640

some of the stuff John Ramirez has said

296

00:11:06,470 --> 00:11:05,760

uh okay that's fair yeah

297

00:11:08,210 --> 00:11:06,480

um

298

00:11:10,910 --> 00:11:08,220

just uh

299

00:11:12,470 --> 00:11:10,920

yeah the thing with the alien doll where

300

00:11:15,650 --> 00:11:12,480

he was doing an interview

301  
00:11:17,389 --> 00:11:15,660  
um and then the Anjali stuff is a

302  
00:11:19,370 --> 00:11:17,399  
yeah it's

303  
00:11:22,490 --> 00:11:19,380  
that's a big one for people at the

304  
00:11:24,170 --> 00:11:22,500  
Anjali Association I know and after John

305  
00:11:25,790 --> 00:11:24,180  
was on and listen I've said John's a

306  
00:11:27,769 --> 00:11:25,800  
lovely guy to speak to and he's been

307  
00:11:29,630 --> 00:11:27,779  
very gracious with his time with me and

308  
00:11:31,490 --> 00:11:29,640  
I I brought that up with him on the show

309  
00:11:33,650 --> 00:11:31,500  
to say you know there's a lot of people

310  
00:11:35,630 --> 00:11:33,660  
that the Anjali stuff really turns off

311  
00:11:37,550 --> 00:11:35,640  
if the claims you make aren't incredible

312  
00:11:38,870 --> 00:11:37,560  
enough and it was fair on hitting it he

313  
00:11:40,009 --> 00:11:38,880

went in there he didn't tell me not to

314

00:11:41,389 --> 00:11:40,019

ask and

315

00:11:43,670 --> 00:11:41,399

um hopefully I probed enough that people

316

00:11:45,350 --> 00:11:43,680

were happy with it but yeah I think

317

00:11:48,050 --> 00:11:45,360

that's still a massive disconnect for me

318

00:11:51,170 --> 00:11:48,060

with that relationship and Association

319

00:11:53,930 --> 00:11:51,180

yeah so that's that's fair comment yeah

320

00:11:56,630 --> 00:11:53,940

I mean it's not he's

321

00:11:58,250 --> 00:11:56,640

it probably has the most I'm sorry he

322

00:12:00,650 --> 00:11:58,260

probably has the most knowledge out of

323

00:12:02,750 --> 00:12:00,660

anyone I've ever heard talk about you

324

00:12:05,210 --> 00:12:02,760

know the CIA and the programs and and

325

00:12:07,430 --> 00:12:05,220

the you know the different departments

326

00:12:10,730 --> 00:12:07,440

and what they do and the and the sensors

327

00:12:13,030 --> 00:12:10,740

and stuff like that he he has um a

328

00:12:15,889 --> 00:12:13,040

really deep knowledge of that and that's

329

00:12:17,990 --> 00:12:15,899

obviously what made him seem credible in

330

00:12:21,410 --> 00:12:18,000

a lot of people's eyes and including my

331

00:12:22,370 --> 00:12:21,420

own and um but the recent stuff has just

332

00:12:24,949 --> 00:12:22,380

been like

333

00:12:27,590 --> 00:12:24,959

kind of yeah it's hard to it's hard to

334

00:12:30,050 --> 00:12:27,600

square that with um

335

00:12:32,329 --> 00:12:30,060

with the credibility that this topic

336

00:12:33,949 --> 00:12:32,339

really needs right now uh everyone's got

337

00:12:35,870 --> 00:12:33,959

a lane and I think that's fair and I've

338

00:12:37,790 --> 00:12:35,880

had it unless they're calling shows or

339

00:12:40,190 --> 00:12:37,800

with guests and I've got my own lines

340

00:12:41,930 --> 00:12:40,200

and they move now and again as well

341

00:12:44,090 --> 00:12:41,940

um I've said before I struggle with a

342

00:12:45,769 --> 00:12:44,100

lot of the orb conversations and people

343

00:12:47,629 --> 00:12:45,779

send me videos and stuff and I say it

344

00:12:50,150 --> 00:12:47,639

looks dust it looks like a bug it

345

00:12:51,470 --> 00:12:50,160

probably is you know but a tour of

346

00:12:53,690 --> 00:12:51,480

Mighty question that I've had my own

347

00:12:55,490 --> 00:12:53,700

sightings that have no proof of it's

348

00:12:56,930 --> 00:12:55,500

just testimony just my word against

349

00:12:58,850 --> 00:12:56,940

someone else's

350

00:13:00,650 --> 00:12:58,860

um a lot of respected names have made

351

00:13:02,750 --> 00:13:00,660

some huge claims recently

352

00:13:04,430 --> 00:13:02,760

um none more so than Gary Nolan at the

353

00:13:05,329 --> 00:13:04,440

salt conference just last week I think

354

00:13:07,190 --> 00:13:05,339

it was

355

00:13:10,250 --> 00:13:07,200

um where he said on stage among many

356

00:13:12,050 --> 00:13:10,260

claims he's 100 sure we're being visited

357

00:13:13,850 --> 00:13:12,060

by a non-human intelligence

358

00:13:16,670 --> 00:13:13,860

what goes through your mind when you

359

00:13:18,710 --> 00:13:16,680

hear a Gary Nolan Tom DeLong you know in

360

00:13:20,389 --> 00:13:18,720

the sense that he is a world famous rock

361

00:13:22,490 --> 00:13:20,399

star multi-millionaire rock star and

362

00:13:23,750 --> 00:13:22,500

entrepreneur a Jim simmer fan you know

363

00:13:25,730 --> 00:13:23,760

with his credentials and background

364

00:13:27,949 --> 00:13:25,740

making some of the incredible claims

365

00:13:29,329 --> 00:13:27,959

they are or on big public stages and

366

00:13:32,449 --> 00:13:29,339

platforms

367

00:13:35,509 --> 00:13:32,459

yeah so that's um I mean that's kind of

368

00:13:36,530 --> 00:13:35,519

what a lot of my writing encompasses is

369

00:13:38,269 --> 00:13:36,540

these

370

00:13:40,370 --> 00:13:38,279

you know

371

00:13:42,290 --> 00:13:40,380

credible individuals

372

00:13:44,870 --> 00:13:42,300

um in my

373

00:13:47,810 --> 00:13:44,880

opinion so if that

374

00:13:50,329 --> 00:13:47,820

I can understand why people

375

00:13:51,410 --> 00:13:50,339

um are skeptical about the claims these

376

00:13:53,329 --> 00:13:51,420

people are making because they're

377

00:13:56,629 --> 00:13:53,339

they're huge um

378

00:13:59,150 --> 00:13:56,639

and you know as of right now

379

00:14:01,910 --> 00:13:59,160

you know there hasn't been you know

380

00:14:05,269 --> 00:14:01,920

definitive Definitive evidence of a lot

381

00:14:06,949 --> 00:14:05,279

of these claims basically and um

382

00:14:09,110 --> 00:14:06,959

but

383

00:14:12,230 --> 00:14:09,120

I mean it's

384

00:14:14,269 --> 00:14:12,240

you know for example Gary Nolan sang

385

00:14:17,930 --> 00:14:14,279

that at the salt conference that's a

386

00:14:20,569 --> 00:14:17,940

that's a pretty serious venue

387

00:14:23,030 --> 00:14:20,579

um you know especially

388

00:14:25,850 --> 00:14:23,040

for someone who has known

389

00:14:28,550 --> 00:14:25,860

um who's you know he's

390

00:14:32,090 --> 00:14:28,560

invested in in biotech companies and you

391

00:14:34,250 --> 00:14:32,100

know he he works in that in that Arena a

392

00:14:35,690 --> 00:14:34,260

lot he's yeah you know top 20 inventor

393

00:14:38,210 --> 00:14:35,700

at Stanford

394

00:14:41,030 --> 00:14:38,220

um which is no and that you know that's

395

00:14:43,250 --> 00:14:41,040

part of The credibility I think that

396

00:14:45,769 --> 00:14:43,260

lends him like he he knows what he's

397

00:14:47,870 --> 00:14:45,779

talking about he I don't think you would

398

00:14:50,990 --> 00:14:47,880

put that on the line

399

00:14:52,490 --> 00:14:51,000

um you know if if you wanted someone to

400

00:14:54,530 --> 00:14:52,500

invest with him in something important

401  
00:14:56,449 --> 00:14:54,540  
ever again why would you go on stage in

402  
00:14:59,689 --> 00:14:56,459  
New York City at this giant conference

403  
00:15:02,750 --> 00:14:59,699  
and say something that's just so untrue

404  
00:15:04,670 --> 00:15:02,760  
if it is untrue you know it's yeah has a

405  
00:15:06,650 --> 00:15:04,680  
lot to lose or has a lot to lose and

406  
00:15:08,990 --> 00:15:06,660  
like you say it has credentials his

407  
00:15:10,970 --> 00:15:09,000  
background the he doesn't need to go

408  
00:15:13,069 --> 00:15:10,980  
begging to the UFO Community for money

409  
00:15:15,170 --> 00:15:13,079  
you know he could write a book if he

410  
00:15:17,750 --> 00:15:15,180  
wanted to about UFOs and make some money

411  
00:15:19,610 --> 00:15:17,760  
but Gary Nolan has had a huge list of

412  
00:15:21,530 --> 00:15:19,620  
accomplishments behind him he's a

413  
00:15:23,269 --> 00:15:21,540

serious guy he'll be well funded given

414

00:15:25,069 --> 00:15:23,279

his Immunology research and all that as

415

00:15:26,930 --> 00:15:25,079

well he doesn't need to sit on a stage

416

00:15:30,110 --> 00:15:26,940

like you say in a serious venue and talk

417

00:15:31,790 --> 00:15:30,120

about UFOs and aliens and avatars all

418

00:15:33,530 --> 00:15:31,800

that kind of stuff because

419

00:15:35,030 --> 00:15:33,540

you're going to get the side eye in

420

00:15:36,590 --> 00:15:35,040

those venues aren't you that what is

421

00:15:38,449 --> 00:15:36,600

this guy really saying what we think

422

00:15:40,189 --> 00:15:38,459

he's saying uh we're talking as that

423

00:15:42,889 --> 00:15:40,199

NASA conference is wrapping up obviously

424

00:15:45,290 --> 00:15:42,899

as well and they they sadly opened up

425

00:15:48,350 --> 00:15:45,300

the NASA conference mentioning the abuse

426

00:15:50,150 --> 00:15:48,360

that the panel had received and that

427

00:15:51,530 --> 00:15:50,160

wouldn't be from UFO Twitter I would

428

00:15:53,689 --> 00:15:51,540

imagine I think that's from your other

429

00:15:55,550 --> 00:15:53,699

academics and other scientists so like

430

00:15:57,590 --> 00:15:55,560

we saw with Avila Webb that time on the

431

00:15:59,389 --> 00:15:57,600

infamous Zoom call where one of his

432

00:16:01,069 --> 00:15:59,399

colleagues just I can't remember the

433

00:16:03,290 --> 00:16:01,079

woman's name she just kicked off at him

434

00:16:06,170 --> 00:16:03,300

really unhappy that he was entertaining

435

00:16:07,670 --> 00:16:06,180

the notion of UFOs and aliens and a few

436

00:16:09,829 --> 00:16:07,680

other people backed her up on this call

437

00:16:11,689 --> 00:16:09,839

and I imagine that's what happening to

438

00:16:13,790 --> 00:16:11,699

these panels as well so to make a

439

00:16:15,530 --> 00:16:13,800

long-winded point a Gary Nolan doesn't

440

00:16:17,689 --> 00:16:15,540

need that hassle he doesn't need to put

441

00:16:19,610 --> 00:16:17,699

himself out there but he he believes in

442

00:16:22,069 --> 00:16:19,620

this subject and if he was going to

443

00:16:24,650 --> 00:16:22,079

quote unquote grift I'm sure there are

444

00:16:25,790 --> 00:16:24,660

many other other Arenas Gary Nolan could

445

00:16:28,610 --> 00:16:25,800

have chose to have done that would have

446

00:16:32,210 --> 00:16:28,620

been a lot more fruitful than uf4 social

447

00:16:34,430 --> 00:16:32,220

media yeah and you know Skeptics about

448

00:16:37,150 --> 00:16:34,440

Occam's razor and when it comes to

449

00:16:39,769 --> 00:16:37,160

grifting like what makes the most sense

450

00:16:41,689 --> 00:16:39,779

like someone would just like throw their

451

00:16:43,249 --> 00:16:41,699

career in the trash or their credibility

452

00:16:46,310 --> 00:16:43,259

or um

453

00:16:48,889 --> 00:16:46,320

you know just for what just to talk

454

00:16:51,110 --> 00:16:48,899

about aliens on a stage in New York like

455

00:16:52,790 --> 00:16:51,120

it just doesn't make sense what makes

456

00:16:56,329 --> 00:16:52,800

sense is that there's something to this

457

00:16:58,069 --> 00:16:56,339

and um you know he's trying to

458

00:17:01,069 --> 00:16:58,079

tell people about it because he's been

459

00:17:03,230 --> 00:17:01,079

closer than anyone else has

460

00:17:04,970 --> 00:17:03,240

um and has the ability to actually

461

00:17:06,890 --> 00:17:04,980

understand uh

462

00:17:10,189 --> 00:17:06,900

you know what what's going on behind the

463

00:17:13,189 --> 00:17:10,199

scenes and try to communicate that so I

464

00:17:15,949 --> 00:17:13,199

don't know I mentioned Tom DeLong and um

465

00:17:18,350 --> 00:17:15,959

you're very jealously uh received a

466

00:17:20,329 --> 00:17:18,360

retweet and endorsement from Master de

467

00:17:21,829 --> 00:17:20,339

long a while back and you have to eat a

468

00:17:23,809 --> 00:17:21,839

lot of his stuff though

469

00:17:26,090 --> 00:17:23,819

um I I think it's safe to say you're

470

00:17:28,549 --> 00:17:26,100

somewhat of a fan of TOMS and that maybe

471

00:17:29,930 --> 00:17:28,559

is music and but also as his work in the

472

00:17:31,970 --> 00:17:29,940

UFO field

473

00:17:34,250 --> 00:17:31,980

um I'm sure like many that are sometimes

474

00:17:35,870 --> 00:17:34,260

things he said are done we have went I

475

00:17:37,310 --> 00:17:35,880

don't know about that and and I'm going

476  
00:17:38,570 --> 00:17:37,320  
to ask about Atlantis stuff soon because

477  
00:17:41,810 --> 00:17:38,580  
I think that's some of his Wilder

478  
00:17:43,909 --> 00:17:41,820  
conversations but um what draws you to

479  
00:17:45,289 --> 00:17:43,919  
Tom DeLong and his statements you know

480  
00:17:47,810 --> 00:17:45,299  
you mentioned the Lil Elizondo his

481  
00:17:49,610 --> 00:17:47,820  
credibility his background a Gary Nolan

482  
00:17:52,070 --> 00:17:49,620  
The credibility of the background and

483  
00:17:54,529 --> 00:17:52,080  
then you've got Tom DeLong of what's My

484  
00:17:57,770 --> 00:17:54,539  
Age Again Fame yep

485  
00:17:59,750 --> 00:17:57,780  
um so Tom yeah let's do a full

486  
00:18:03,289 --> 00:17:59,760  
disclosure here he's like the reason I

487  
00:18:05,870 --> 00:18:03,299  
play guitar he is um he's always been

488  
00:18:08,870 --> 00:18:05,880

you know a hero to me actually I I

489

00:18:11,390 --> 00:18:08,880

actually got to go backstage to a at a

490

00:18:14,570 --> 00:18:11,400

Blink 182 concert back when in eighth

491

00:18:17,750 --> 00:18:14,580

grade I think and uh I got to meet Mark

492

00:18:20,390 --> 00:18:17,760

but but not Tom unfortunately so

493

00:18:23,390 --> 00:18:20,400

um that was that was pretty cool so yeah

494

00:18:24,950 --> 00:18:23,400

I was definitely a blank fan I am

495

00:18:27,409 --> 00:18:24,960

you know

496

00:18:29,029 --> 00:18:27,419

I've always like loved his music and

497

00:18:32,810 --> 00:18:29,039

stuff and uh

498

00:18:34,789 --> 00:18:32,820

but I honestly I got super pissed off

499

00:18:37,310 --> 00:18:34,799

when he when he started doing this UFO

500

00:18:38,810 --> 00:18:37,320

stuff like like quip link and all that

501  
00:18:39,770 --> 00:18:38,820  
stuff so I was like I kind of like

502  
00:18:42,830 --> 00:18:39,780  
didn't

503  
00:18:44,510 --> 00:18:42,840  
care about him for a while you're you're

504  
00:18:45,650 --> 00:18:44,520  
kind of Dick Angels and Airwaves is okay

505  
00:18:47,930 --> 00:18:45,660  
but whatever

506  
00:18:49,250 --> 00:18:47,940  
um I actually enjoy them but uh and to

507  
00:18:52,010 --> 00:18:49,260  
be fair if you ever look at some of

508  
00:18:54,110 --> 00:18:52,020  
Tom's tweets 90 of the replies are or

509  
00:18:55,549 --> 00:18:54,120  
where like fun saying will you please

510  
00:18:57,289 --> 00:18:55,559  
get back with blink will you please get

511  
00:18:59,510 --> 00:18:57,299  
back with blink so as much as his UFO

512  
00:19:02,390 --> 00:18:59,520  
statements more wonderful for anyone on

513  
00:19:05,150 --> 00:19:02,400

UFO social media 90 or more in the

514

00:19:07,370 --> 00:19:05,160

comments where angsty teenage fans or

515

00:19:09,049 --> 00:19:07,380

grown-up fans asking them to get back

516

00:19:12,169 --> 00:19:09,059

with blinking I've got that wish now so

517

00:19:14,930 --> 00:19:12,179

but yeah I can see why yeah and so that

518

00:19:17,390 --> 00:19:14,940

that's also you know and I was listening

519

00:19:19,310 --> 00:19:17,400

to to Lou for a while before I kind of

520

00:19:21,529 --> 00:19:19,320

even took Tom's um stuff into

521

00:19:22,789 --> 00:19:21,539

consideration it's not like a fanboy a

522

00:19:24,529 --> 00:19:22,799

Tom and then latched on to his every

523

00:19:27,650 --> 00:19:24,539

word it's like I kind of

524

00:19:30,110 --> 00:19:27,660

you know so from you know the more

525

00:19:32,330 --> 00:19:30,120

upfront credible government official

526

00:19:34,250 --> 00:19:32,340

like okay there's something to this and

527

00:19:36,830 --> 00:19:34,260

then I kind of dipped a little bit into

528

00:19:39,110 --> 00:19:36,840

what Tom was saying and then the whole

529

00:19:42,049 --> 00:19:39,120

story about him writing the first secret

530

00:19:45,529 --> 00:19:42,059

machines book and then you know

531

00:19:47,150 --> 00:19:45,539

basically the CIA kind of freaked out

532

00:19:48,830 --> 00:19:47,160

and being like who told him all this

533

00:19:51,169 --> 00:19:48,840

classified information I'm like okay

534

00:19:55,070 --> 00:19:51,179

that's there's something there his

535

00:19:55,850 --> 00:19:55,080

advisors you know knew enough to uh you

536

00:19:58,490 --> 00:19:55,860

know

537

00:20:00,770 --> 00:19:58,500

uh guide him in certain directions where

538

00:20:03,169 --> 00:20:00,780

it caught the attention of intelligence

539

00:20:05,150 --> 00:20:03,179

services so uh there's probably

540

00:20:08,330 --> 00:20:05,160

something to this and he probably has

541

00:20:09,770 --> 00:20:08,340

people talking to him that uh you know

542

00:20:14,210 --> 00:20:09,780

are

543

00:20:16,370 --> 00:20:14,220

and and what's actually happening so

544

00:20:18,830 --> 00:20:16,380

that that that's kind of what gave him

545

00:20:21,230 --> 00:20:18,840

the credibility at first in my eyes was

546

00:20:22,130 --> 00:20:21,240

who he was around

547

00:20:26,090 --> 00:20:22,140

um

548

00:20:29,029 --> 00:20:26,100

and you know the reaction to his book

549

00:20:32,570 --> 00:20:29,039

and then obviously the biggest thing was

550

00:20:34,070 --> 00:20:32,580

the uh John podesta email leak yeah that

551

00:20:36,289 --> 00:20:34,080

was you know

552

00:20:38,270 --> 00:20:36,299

proven to be in communication with

553

00:20:40,730 --> 00:20:38,280

really high up government officials

554

00:20:44,029 --> 00:20:40,740

about this stuff and there was some sort

555

00:20:47,390 --> 00:20:44,039

of plan to get this information out and

556

00:20:49,549 --> 00:20:47,400

um you know obviously what's what's

557

00:20:51,169 --> 00:20:49,559

happened since then has been you know

558

00:20:53,870 --> 00:20:51,179

kind of a bummer but

559

00:20:55,970 --> 00:20:53,880

um those those emails were pretty clear

560

00:20:58,130 --> 00:20:55,980

about about what was happening behind

561

00:20:59,570 --> 00:20:58,140

the scenes with with Tom that was huge

562

00:21:01,430 --> 00:20:59,580

the paper trail that came out from the

563

00:21:03,710 --> 00:21:01,440

Wikileaks stuff and you know what to be

564

00:21:05,450 --> 00:21:03,720

fair uh nothing against it like you know

565

00:21:06,470 --> 00:21:05,460

John Greenwald too I'm a patreon of as

566

00:21:08,330 --> 00:21:06,480

I've said that before through

567

00:21:10,010 --> 00:21:08,340

transparency I like a lot of John's work

568

00:21:11,930 --> 00:21:10,020

don't always agree with them and I said

569

00:21:14,930 --> 00:21:11,940

that to him when I interviewed him but

570

00:21:17,029 --> 00:21:14,940

if that paper trail wasn't there

571

00:21:19,430 --> 00:21:17,039

there would be huge question marks over

572

00:21:21,529 --> 00:21:19,440

Tom delong's claims of who he was in

573

00:21:23,390 --> 00:21:21,539

touch with and that sort of quashed that

574

00:21:24,770 --> 00:21:23,400

instantly because you can't you can

575

00:21:26,810 --> 00:21:24,780

question a lot of Tom DeLong and his

576

00:21:29,090 --> 00:21:26,820

motives and the statements and what he's

577

00:21:31,370 --> 00:21:29,100

done and how he's done it but you can't

578

00:21:33,350 --> 00:21:31,380

question that background because that's

579

00:21:35,090 --> 00:21:33,360

all they are for people to see and that

580

00:21:37,370 --> 00:21:35,100

that wasn't quite a good thing for Tom

581

00:21:40,130 --> 00:21:37,380

are there any particular statements to

582

00:21:42,610 --> 00:21:40,140

put you on the spot that Tom made that

583

00:21:45,169 --> 00:21:42,620

really stood out or stand out to you as

584

00:21:47,270 --> 00:21:45,179

wow or even like you mentioned elements

585

00:21:48,710 --> 00:21:47,280

of the secret machines book and again

586

00:21:50,450 --> 00:21:48,720

I'm still working my way through the

587

00:21:53,090 --> 00:21:50,460

audiobook of that um shamefully enough

588

00:21:56,390 --> 00:21:53,100

it's been about six months now

589

00:21:59,270 --> 00:21:56,400

um yeah it's uh no it's definitely a

590

00:22:00,710 --> 00:21:59,280

kind of a complicated book there's like

591

00:22:02,450 --> 00:22:00,720

10 different characters and they all

592

00:22:04,130 --> 00:22:02,460

like intertwine and all that stuff but

593

00:22:06,590 --> 00:22:04,140

uh

594

00:22:12,350 --> 00:22:10,190

I mean specifically I think

595

00:22:15,230 --> 00:22:12,360

this so the the first book is pretty

596

00:22:17,990 --> 00:22:15,240

nuts and bolts you know Craft

597

00:22:20,450 --> 00:22:18,000

um programs you know uh Breakaway

598

00:22:23,529 --> 00:22:20,460

civilization International conglomerates

599

00:22:26,390 --> 00:22:23,539

uh you know intelligence

600

00:22:28,850 --> 00:22:26,400

you know agents um assassinations that

601  
00:22:30,289 --> 00:22:28,860  
kind of thing but the second book is is

602  
00:22:32,870 --> 00:22:30,299  
a bit more uh

603  
00:22:36,770 --> 00:22:32,880  
you know out there

604  
00:22:38,330 --> 00:22:36,780  
um so that one's more hard to figure out

605  
00:22:40,549 --> 00:22:38,340  
um what

606  
00:22:41,930 --> 00:22:40,559  
what's real and what's not it's hard to

607  
00:22:45,169 --> 00:22:41,940  
pick apart

608  
00:22:48,649 --> 00:22:45,179  
um you know the things that

609  
00:22:51,110 --> 00:22:48,659  
that we might you know seem because a

610  
00:22:53,510 --> 00:22:51,120  
lot of it's weird uh definitely like it

611  
00:22:55,930 --> 00:22:53,520  
it goes into stuff that like Jacque

612  
00:22:59,090 --> 00:22:55,940  
Valley talks about

613  
00:22:59,990 --> 00:22:59,100

where with some more like folklore type

614

00:23:03,049 --> 00:23:00,000

stuff

615

00:23:05,870 --> 00:23:03,059

um like fairy rings and pretty out there

616

00:23:07,490 --> 00:23:05,880

stuff um so I really do enjoy that it's

617

00:23:10,370 --> 00:23:07,500

harder to uh

618

00:23:13,730 --> 00:23:10,380

you know pieced together in in a

619

00:23:15,950 --> 00:23:13,740

comprehensive way like relating to you

620

00:23:17,390 --> 00:23:15,960

know the current UFO push and that kind

621

00:23:20,149 --> 00:23:17,400

of thing

622

00:23:21,830 --> 00:23:20,159

but I like entertaining those ideas and

623

00:23:23,930 --> 00:23:21,840

and again that's kind of what I do is I

624

00:23:25,070 --> 00:23:23,940

try to like figure out how is this

625

00:23:26,630 --> 00:23:25,080

applicable and it's not really

626

00:23:28,430 --> 00:23:26,640

applicable yet at least with what we

627

00:23:31,310 --> 00:23:28,440

know in the public sphere when it comes

628

00:23:33,950 --> 00:23:31,320

to um when it comes to UFOs but uh

629

00:23:37,250 --> 00:23:33,960

yeah I like that kind of stuff more um

630

00:23:40,970 --> 00:23:37,260

but as far as what Tom Tom says

631

00:23:42,230 --> 00:23:40,980

I think you know the concept of the

632

00:23:43,610 --> 00:23:42,240

Greek gods

633

00:23:46,250 --> 00:23:43,620

um

634

00:23:48,169 --> 00:23:46,260

being a major part of the phenomenon

635

00:23:50,149 --> 00:23:48,179

essentially it's the end of this of the

636

00:23:52,789 --> 00:23:50,159

first book which I guess I'm kind of

637

00:23:54,950 --> 00:23:52,799

spoiling for I was going to say yeah I

638

00:23:57,289 --> 00:23:54,960

kind of know some spoilery bits but yeah

639

00:23:59,090 --> 00:23:57,299

yeah well essentially it's you know the

640

00:24:03,110 --> 00:23:59,100

Greek gods like

641

00:24:04,730 --> 00:24:03,120

left and their equipment was left here

642

00:24:07,070 --> 00:24:04,740

and now we have it and we're trying to

643

00:24:10,909 --> 00:24:07,080

reverse engineer it and essentially it's

644

00:24:14,210 --> 00:24:10,919

very ancient alien e in that way yeah

645

00:24:17,330 --> 00:24:14,220

so that that's kind of um

646

00:24:19,970 --> 00:24:17,340

a very interesting thing you can you can

647

00:24:22,370 --> 00:24:19,980

dive into and make connections with uh

648

00:24:24,350 --> 00:24:22,380

do you think taking that that at face

649

00:24:26,450 --> 00:24:24,360

value then that the Greek gods as

650

00:24:27,830 --> 00:24:26,460

they're written and talked about in our

651  
00:24:29,870 --> 00:24:27,840  
society

652  
00:24:31,310 --> 00:24:29,880  
that that happened do you think Tom's

653  
00:24:32,930 --> 00:24:31,320  
taking something he's heard and put it

654  
00:24:34,669 --> 00:24:32,940  
out there or do you think there's a

655  
00:24:37,490 --> 00:24:34,679  
creative license used where Tom's here

656  
00:24:40,730 --> 00:24:37,500  
are being told something

657  
00:24:43,430 --> 00:24:40,740  
along those lines and he's basically

658  
00:24:45,289 --> 00:24:43,440  
made it like many say about the Bubbles

659  
00:24:47,990 --> 00:24:45,299  
our story there's a lot of Truth there

660  
00:24:49,610 --> 00:24:48,000  
but a lot of a lot of BS and if you're

661  
00:24:51,169 --> 00:24:49,620  
just tearing a flies in with the truth

662  
00:24:52,370 --> 00:24:51,179  
then you can get away with it do you

663  
00:24:55,310 --> 00:24:52,380

think that's what Tom's done with the

664

00:24:59,570 --> 00:24:55,320

books whether deliberate or not

665

00:25:02,570 --> 00:24:59,580

um could be you know who knows um

666

00:25:06,169 --> 00:25:02,580

but I tend to think

667

00:25:07,549 --> 00:25:06,179

I tend to think there's something to it

668

00:25:13,610 --> 00:25:07,559

um

669

00:25:16,490 --> 00:25:13,620

uh articles I wrote

670

00:25:19,310 --> 00:25:16,500

it kind of asks like where where does

671

00:25:21,110 --> 00:25:19,320

mythology end in history begin yeah like

672

00:25:25,090 --> 00:25:21,120

why would they

673

00:25:28,250 --> 00:25:25,100

make all this stuff up just for you know

674

00:25:31,490 --> 00:25:28,260

stories to they're just stories you know

675

00:25:32,810 --> 00:25:31,500

that yeah to tell um to teach morals and

676

00:25:35,450 --> 00:25:32,820

stuff like that

677

00:25:39,590 --> 00:25:35,460

um which I guess is totally possible but

678

00:25:41,450 --> 00:25:39,600

uh why did they all of a sudden stop

679

00:25:44,330 --> 00:25:41,460

telling stories and start writing

680

00:25:45,169 --> 00:25:44,340

history as it as it was like it

681

00:25:46,909 --> 00:25:45,179

um

682

00:25:49,250 --> 00:25:46,919

I feel like and then you know they're

683

00:25:51,649 --> 00:25:49,260

fine they found Troy which was a myth

684

00:25:54,049 --> 00:25:51,659

forever so it's

685

00:25:55,310 --> 00:25:54,059

you know it it doesn't make sense to me

686

00:25:58,190 --> 00:25:55,320

why

687

00:26:01,970 --> 00:25:58,200

they would just be you know

688

00:26:03,890 --> 00:26:01,980

basing stories off nothing I guess I

689

00:26:05,510 --> 00:26:03,900

think some of Thomas and I love reading

690

00:26:08,029 --> 00:26:05,520

Tom stuff and one day we'll get them on

691

00:26:10,010 --> 00:26:08,039

the podcast but the Atlantis tweets

692

00:26:11,690 --> 00:26:10,020

always stood out to me when Tom done is

693

00:26:14,810 --> 00:26:11,700

I think it was seven tweets you know

694

00:26:16,549 --> 00:26:14,820

what if Atlantis was a you know real a

695

00:26:18,529 --> 00:26:16,559

real place it wasn't just a story and

696

00:26:20,029 --> 00:26:18,539

what if there was a civilization here

697

00:26:21,890 --> 00:26:20,039

before us and

698

00:26:24,529 --> 00:26:21,900

where do you go with that do you think

699

00:26:26,090 --> 00:26:24,539

again is that the line for you because

700

00:26:27,950 --> 00:26:26,100

obviously I'll try and work out where

701  
00:26:29,690 --> 00:26:27,960  
someone's line is you mentioned John

702  
00:26:32,690 --> 00:26:29,700  
Ramirez and Charlie and that's the point

703  
00:26:35,330 --> 00:26:32,700  
you kind of go not for me thanks do you

704  
00:26:36,830 --> 00:26:35,340  
buy into even that element of is that

705  
00:26:39,649 --> 00:26:36,840  
what you're talking about with lore in

706  
00:26:41,450 --> 00:26:39,659  
mythology that maybe this was real and

707  
00:26:42,350 --> 00:26:41,460  
the story just got lost or Twisted down

708  
00:26:45,470 --> 00:26:42,360  
the line

709  
00:26:47,570 --> 00:26:45,480  
yeah so I I definitely entertain that

710  
00:26:51,769 --> 00:26:47,580  
fact and it's a very

711  
00:26:53,810 --> 00:26:51,779  
almost uh dangerous

712  
00:26:57,049 --> 00:26:53,820  
um line there with

713  
00:26:59,810 --> 00:26:57,059

you know the Nazis themselves were

714

00:27:02,750 --> 00:26:59,820

looking for this like evidence of this

715

00:27:05,870 --> 00:27:02,760

lore so it's it can get into really uh

716

00:27:09,950 --> 00:27:05,880

dark territory and um

717

00:27:11,390 --> 00:27:09,960

it's unfortunately tainted by uh you

718

00:27:14,269 --> 00:27:11,400

know that kind of thing with her

719

00:27:16,010 --> 00:27:14,279

intentions are obviously pretty evil

720

00:27:18,110 --> 00:27:16,020

yeah

721

00:27:19,970 --> 00:27:18,120

when it comes to that but

722

00:27:23,630 --> 00:27:19,980

you know

723

00:27:25,909 --> 00:27:23,640

it's uh I don't know I think

724

00:27:29,149 --> 00:27:25,919

I think there's something to it and um

725

00:27:31,250 --> 00:27:29,159

I'm I'm not gonna ever make any claims

726

00:27:32,810 --> 00:27:31,260

that where there's no evidence to back

727

00:27:34,789 --> 00:27:32,820

it up but I think it's it's definitely

728

00:27:38,330 --> 00:27:34,799

fun to speculate and talk about

729

00:27:41,450 --> 00:27:38,340

um but you know it's again there's

730

00:27:43,850 --> 00:27:41,460

there's no evidence except for you know

731

00:27:48,590 --> 00:27:45,470

um yeah like the ancient alien kind of

732

00:27:51,470 --> 00:27:48,600

thing but I think I think Tom does it in

733

00:27:54,890 --> 00:27:51,480

a different way it's more uh

734

00:27:56,870 --> 00:27:54,900

from a well-informed place yeah it's I

735

00:28:00,710 --> 00:27:56,880

mean so think about it this way like

736

00:28:03,049 --> 00:28:00,720

that that second book right was

737

00:28:05,149 --> 00:28:03,059

um was released and Lou Elizondo was

738

00:28:07,430 --> 00:28:05,159

sitting at the table with him while he

739

00:28:08,269 --> 00:28:07,440

was signing copies copies of it so it's

740

00:28:11,390 --> 00:28:08,279

like

741

00:28:14,990 --> 00:28:11,400

obviously there's you know there's some

742

00:28:17,210 --> 00:28:15,000

sort of endorsement there uh from him in

743

00:28:20,029 --> 00:28:17,220

in some way it's just kind of you gotta

744

00:28:22,310 --> 00:28:20,039

look at it from like okay who is

745

00:28:24,830 --> 00:28:22,320

who is um

746

00:28:26,630 --> 00:28:24,840

saying what about this stuff like like I

747

00:28:29,210 --> 00:28:26,640

don't think Elizondo is ever directly

748

00:28:31,610 --> 00:28:29,220

contradicted Tom I could be wrong but um

749

00:28:34,310 --> 00:28:31,620

you know he said you know he's kind of a

750

00:28:35,690 --> 00:28:34,320

bull in a china shop type of thing but I

751

00:28:38,149 --> 00:28:35,700

don't think he's ever come out and said

752

00:28:40,450 --> 00:28:38,159

Tom was wrong on this you know I think

753

00:28:44,269 --> 00:28:40,460

Tom might just say it in a more

754

00:28:46,310 --> 00:28:44,279

uh you know Reckless way but uh that's

755

00:28:51,470 --> 00:28:46,320

kind of what he does so about a reckless

756

00:28:53,330 --> 00:28:51,480

abandon wonderful yeah there you go yeah

757

00:28:54,289 --> 00:28:53,340

um lesson a lot of questions came in and

758

00:28:56,390 --> 00:28:54,299

there's a lot of things I wanted to

759

00:28:58,730 --> 00:28:56,400

follow up on with you so JD on YouTube

760

00:29:00,890 --> 00:28:58,740

asked um one to talk about your personal

761

00:29:02,269 --> 00:29:00,900

experiences with the phenomenon and

762

00:29:05,390 --> 00:29:02,279

you've done that

763

00:29:07,130 --> 00:29:05,400

um JD I'm I think ghetto so I'm going to

764

00:29:10,730 --> 00:29:07,140

say she said you got a very informed

765

00:29:12,769 --> 00:29:10,740

mind what do you think the phenomenon is

766

00:29:14,390 --> 00:29:12,779

is that something even yet in your

767

00:29:17,029 --> 00:29:14,400

research you're thinking you're writing

768

00:29:19,850 --> 00:29:17,039

you've been able to put down in a few

769

00:29:21,409 --> 00:29:19,860

sentences or you know a statement what

770

00:29:23,810 --> 00:29:21,419

is the phenomenon

771

00:29:25,490 --> 00:29:23,820

yeah that's

772

00:29:27,710 --> 00:29:25,500

uh

773

00:29:29,389 --> 00:29:27,720

I have no idea

774

00:29:33,830 --> 00:29:29,399

um but

775

00:29:37,789 --> 00:29:33,840

you know I like I said the kind of um

776

00:29:39,409 --> 00:29:37,799

I think it's something that

777

00:29:41,090 --> 00:29:39,419

that we don't really we can't really

778

00:29:42,590 --> 00:29:41,100

understand right now

779

00:29:45,529 --> 00:29:42,600

um I think

780

00:29:48,289 --> 00:29:45,539

Jim Jim Sunny man says it a lot that we

781

00:29:49,490 --> 00:29:48,299

don't have the ontology to even talk

782

00:29:50,769 --> 00:29:49,500

about it

783

00:29:53,630 --> 00:29:50,779

um

784

00:29:56,570 --> 00:29:53,640

and I think

785

00:29:58,970 --> 00:29:56,580

another another way I

786

00:30:01,430 --> 00:29:58,980

like to think about it also is is How

787

00:30:04,130 --> 00:30:01,440

Gary Nolan kind of described it as you

788

00:30:06,470 --> 00:30:04,140

know were the ants out in the garden

789

00:30:08,750 --> 00:30:06,480

basically and like how do they

790

00:30:10,669 --> 00:30:08,760

communicate with us would they even want

791

00:30:12,889 --> 00:30:10,679

to yeah

792

00:30:16,010 --> 00:30:12,899

with a

793

00:30:18,710 --> 00:30:16,020

um you know create a little ant that

794

00:30:20,950 --> 00:30:18,720

that looks like us and try to

795

00:30:24,529 --> 00:30:20,960

communicate that way would they

796

00:30:27,649 --> 00:30:24,539

uh you know try to go through our

797

00:30:28,789 --> 00:30:27,659

sensory uh apparatus apparatuses or

798

00:30:31,210 --> 00:30:28,799

whatever and

799

00:30:34,250 --> 00:30:31,220

uh electromagnetically try to

800

00:30:37,370 --> 00:30:34,260

communicate something to us that way um

801  
00:30:39,889 --> 00:30:37,380  
but yeah I think it's I think it's so

802  
00:30:41,990 --> 00:30:39,899  
abstract from a human perspective

803  
00:30:44,570 --> 00:30:42,000  
but I think it's I think they are trying

804  
00:30:46,130 --> 00:30:44,580  
to interact with us in some way

805  
00:30:48,490 --> 00:30:46,140  
that

806  
00:30:51,830 --> 00:30:48,500  
let's just say I don't think it's E.T

807  
00:30:54,169 --> 00:30:51,840  
that's that's you know you can kind of

808  
00:30:56,330 --> 00:30:54,179  
filter things out based on what you know

809  
00:30:59,570 --> 00:30:56,340  
and that's kind of one of the things I'm

810  
00:31:01,430 --> 00:30:59,580  
leaning away from yeah I think of it

811  
00:31:04,130 --> 00:31:01,440  
more like everything on the table and

812  
00:31:05,930 --> 00:31:04,140  
you start pulling stuff off uh you know

813  
00:31:08,210 --> 00:31:05,940

the more you learn that's that's kind of

814

00:31:09,590 --> 00:31:08,220

my my way of looking at it the first

815

00:31:12,289 --> 00:31:09,600

thing on that would you completely

816

00:31:14,090 --> 00:31:12,299

remove ET from the table all together in

817

00:31:15,649 --> 00:31:14,100

in the UFO topic do you think that's

818

00:31:17,990 --> 00:31:15,659

something that needs to be taken off or

819

00:31:20,090 --> 00:31:18,000

do you think there's an element of it uh

820

00:31:20,990 --> 00:31:20,100

no I don't think it needs to be taken

821

00:31:23,810 --> 00:31:21,000

off

822

00:31:28,010 --> 00:31:23,820

um I think it might be irrelevant

823

00:31:32,810 --> 00:31:28,020

okay so say you know

824

00:31:35,750 --> 00:31:32,820

uh say a life form evolved here

825

00:31:38,930 --> 00:31:35,760

became intelligent you know a billion

826

00:31:41,149 --> 00:31:38,940

years ago and then took off because of a

827

00:31:45,169 --> 00:31:41,159

cataclysm or something yeah we grew up

828

00:31:47,090 --> 00:31:45,179

like here as humans and now we are quote

829

00:31:48,529 --> 00:31:47,100

unquote top of the food chain and then

830

00:31:50,090 --> 00:31:48,539

they come back and they've been living

831

00:31:51,409 --> 00:31:50,100

on another planet this whole time is

832

00:31:53,930 --> 00:31:51,419

that E.T

833

00:31:56,810 --> 00:31:53,940

um so that that's kind of the

834

00:31:59,029 --> 00:31:56,820

it might not matter this uh this

835

00:32:00,889 --> 00:31:59,039

categorization we try to put on this

836

00:32:03,830 --> 00:32:00,899

stuff I think it I think it's probably

837

00:32:05,029 --> 00:32:03,840

more complicated than aliens or not you

838

00:32:06,649 --> 00:32:05,039

know I think you see that in your

839

00:32:08,330 --> 00:32:06,659

writing and your articles where it's you

840

00:32:10,730 --> 00:32:08,340

a lot of crypto terrestrial stuff and

841

00:32:14,269 --> 00:32:10,740

yeah yeah yeah that's a that's a fun one

842

00:32:15,649 --> 00:32:14,279

uh that's up there for me too um

843

00:32:16,909 --> 00:32:15,659

it's definitely interesting so well

844

00:32:19,010 --> 00:32:16,919

let's just talk about that now anyway

845

00:32:20,149 --> 00:32:19,020

what do you make of the the crypto angle

846

00:32:21,830 --> 00:32:20,159

and that's what you're talking about and

847

00:32:23,810 --> 00:32:21,840

for for you for anyone listening again

848

00:32:25,250 --> 00:32:23,820

people newer to the subject might be

849

00:32:27,350 --> 00:32:25,260

listening to this podcast for the first

850

00:32:30,830 --> 00:32:27,360

second third time and be introduced to

851  
00:32:31,490 --> 00:32:30,840  
you what is a crypto terrestrial

852  
00:32:33,110 --> 00:32:31,500  
um

853  
00:32:35,330 --> 00:32:33,120  
see that's the thing is with these

854  
00:32:36,409 --> 00:32:35,340  
definitions it could mean something

855  
00:32:38,090 --> 00:32:36,419  
different

856  
00:32:41,090 --> 00:32:38,100  
um what's your definition of it because

857  
00:32:44,149 --> 00:32:41,100  
that's that's a fair it is yeah it is uh

858  
00:32:46,070 --> 00:32:44,159  
I would say indigenous to the to Earth

859  
00:32:50,690 --> 00:32:46,080  
um is probably the main

860  
00:32:52,250 --> 00:32:50,700  
the main definition uh yeah it I

861  
00:32:54,710 --> 00:32:52,260  
actually broke down kind of the whole

862  
00:32:57,350 --> 00:32:54,720  
definition of crypto

863  
00:33:00,830 --> 00:32:57,360

um and it basically means hidden and um

864

00:33:03,649 --> 00:33:00,840

a big a big piece of the lore is that

865

00:33:04,669 --> 00:33:03,659

they they live underground and you know

866

00:33:07,010 --> 00:33:04,679

have

867

00:33:09,409 --> 00:33:07,020

developed there I guess and kind of like

868

00:33:10,010 --> 00:33:09,419

a Subterranean civilization

869

00:33:12,830 --> 00:33:10,020

um

870

00:33:14,990 --> 00:33:12,840

and some people you know it kind of ties

871

00:33:16,370 --> 00:33:15,000

in with Cryptids like Bigfoot and yeah

872

00:33:17,269 --> 00:33:16,380

and that kind of thing

873

00:33:20,810 --> 00:33:17,279

um

874

00:33:23,269 --> 00:33:20,820

but what I think is most likely and this

875

00:33:25,970 --> 00:33:23,279

is where I this is a big one where I try

876

00:33:27,769 --> 00:33:25,980

to tie in the recent science with you

877

00:33:33,590 --> 00:33:27,779

know the kind of lore

878

00:33:34,789 --> 00:33:33,600

um is that you know we have these recent

879

00:33:37,730 --> 00:33:34,799

um

880

00:33:42,169 --> 00:33:37,740

these recent discoveries that they're

881

00:33:43,909 --> 00:33:42,179

making with hominins from you know

882

00:33:45,169 --> 00:33:43,919

hundreds of thousands of years ago and

883

00:33:47,870 --> 00:33:45,179

this I was going to ask you that yeah

884

00:33:51,769 --> 00:33:47,880

yeah so this this was kind of what got

885

00:33:54,710 --> 00:33:51,779

me really into the crypto thing was just

886

00:33:57,830 --> 00:33:54,720

um this species Homan laletti

887

00:34:01,130 --> 00:33:57,840

um was it was discovered I think back in

888

00:34:03,110 --> 00:34:01,140

the like back in like 20.

889

00:34:06,350 --> 00:34:03,120

13 or something I'm probably totally

890

00:34:10,310 --> 00:34:06,360

wrong off the top of my head but um

891

00:34:13,250 --> 00:34:10,320

it was I think in December of 2022

892

00:34:15,530 --> 00:34:13,260

uh they finally got

893

00:34:18,530 --> 00:34:15,540

um down into the caves that they were

894

00:34:21,950 --> 00:34:18,540

Excavating for this um hominin species

895

00:34:24,589 --> 00:34:21,960

that they finally were able to you know

896

00:34:27,889 --> 00:34:24,599

enter these certain Caverns

897

00:34:30,970 --> 00:34:27,899

um in the at the archaeological site and

898

00:34:33,829 --> 00:34:30,980

they've found out that the species was

899

00:34:34,609 --> 00:34:33,839

harnessing fire

900

00:34:37,010 --> 00:34:34,619

um

901  
00:34:40,490 --> 00:34:37,020  
and essentially

902  
00:34:44,869 --> 00:34:40,500  
it was and it was a burial uh burial

903  
00:34:47,329 --> 00:34:44,879  
ground essentially and they were

904  
00:34:48,889 --> 00:34:47,339  
postulating that the species had

905  
00:34:49,669 --> 00:34:48,899  
symbolic thought

906  
00:34:53,149 --> 00:34:49,679  
um

907  
00:34:57,230 --> 00:34:53,159  
and like you know futuristic uh customs

908  
00:34:59,750 --> 00:34:57,240  
and culture essentially uh so

909  
00:35:02,329 --> 00:34:59,760  
I was trying to like

910  
00:35:04,910 --> 00:35:02,339  
square that with like what Homo sapiens

911  
00:35:07,550 --> 00:35:04,920  
were doing around that time and the

912  
00:35:11,870 --> 00:35:07,560  
article stated that you know

913  
00:35:15,829 --> 00:35:11,880

homo noletti was probably you know using

914

00:35:19,310 --> 00:35:15,839

fire alongside us yeah essentially

915

00:35:22,069 --> 00:35:19,320

before us so fire is you know harnessing

916

00:35:27,290 --> 00:35:22,079

fire is basically kind of a technology

917

00:35:30,050 --> 00:35:27,300

so if we had in a tied in with um kind

918

00:35:32,089 --> 00:35:30,060

of Graham Hancock's theory about you

919

00:35:34,670 --> 00:35:32,099

know an ancient civilization living next

920

00:35:37,250 --> 00:35:34,680

to a more primitive one

921

00:35:39,589 --> 00:35:37,260

um and that's kind of what what he bases

922

00:35:41,329 --> 00:35:39,599

this whole thing on where

923

00:35:42,890 --> 00:35:41,339

um you know all these ancient structures

924

00:35:44,030 --> 00:35:42,900

and stuff were built by a more advanced

925

00:35:46,490 --> 00:35:44,040

symbolization

926

00:35:48,770 --> 00:35:46,500

uh so I kind of took that and applied it

927

00:35:50,750 --> 00:35:48,780

to this and it kind of fit uh like the

928

00:35:53,450 --> 00:35:50,760

puzzle pieces so

929

00:35:54,890 --> 00:35:53,460

so from there I just I just kind of took

930

00:35:56,089 --> 00:35:54,900

it a little bit further in one of my

931

00:35:58,430 --> 00:35:56,099

articles and

932

00:36:00,650 --> 00:35:58,440

now they're actually I think in June

933

00:36:02,510 --> 00:36:00,660

they're they're releasing all their all

934

00:36:04,550 --> 00:36:02,520

their papers like peer-reviewed papers

935

00:36:06,589 --> 00:36:04,560

on them and Letty

936

00:36:09,050 --> 00:36:06,599

um and there's apparently some pretty

937

00:36:12,109 --> 00:36:09,060

wild discoveries uh that are going to be

938

00:36:14,030 --> 00:36:12,119

coming out and one of them

939

00:36:16,970 --> 00:36:14,040

um I don't I don't think a lot of people

940

00:36:20,510 --> 00:36:16,980

have seen this video but uh it's uh this

941

00:36:23,089 --> 00:36:20,520

Anthropologist John Hawks works with um

942

00:36:25,490 --> 00:36:23,099

Lee Burger is the main Anthropologist on

943

00:36:27,829 --> 00:36:25,500

it and then he's co-writing a book on

944

00:36:29,329 --> 00:36:27,839

homo noleti with John Hawks called uh

945

00:36:33,470 --> 00:36:29,339

Cave of Bones

946

00:36:35,450 --> 00:36:33,480

and John Hawks uh let in February gave

947

00:36:37,790 --> 00:36:35,460

this presentation

948

00:36:39,530 --> 00:36:37,800

uh it's it's pretty amazing

949

00:36:42,890 --> 00:36:39,540

um kind of previewing what they what

950

00:36:46,310 --> 00:36:42,900

they found and um they basically found

951  
00:36:50,390 --> 00:36:46,320  
evidence that homo noleti was using

952  
00:36:52,790 --> 00:36:50,400  
uh tools to dig deeper into this cave

953  
00:36:54,710 --> 00:36:52,800  
they were they were using fire to light

954  
00:36:57,950 --> 00:36:54,720  
their way and digging deeper into this

955  
00:37:01,550 --> 00:36:57,960  
cave you know using tools that they made

956  
00:37:03,829 --> 00:37:01,560  
so if you know you know if that's not

957  
00:37:05,810 --> 00:37:03,839  
kind of like the start of a book on

958  
00:37:08,450 --> 00:37:05,820  
crypto terrestrials I don't know what it

959  
00:37:11,390 --> 00:37:08,460  
is yeah yeah it's kind of um

960  
00:37:14,030 --> 00:37:11,400  
those kind of patterns are like hmm what

961  
00:37:15,650 --> 00:37:14,040  
is possible when you extrapolate it from

962  
00:37:17,870 --> 00:37:15,660  
from here

963  
00:37:19,010 --> 00:37:17,880

um that that's kind of what where my

964

00:37:22,250 --> 00:37:19,020

thoughts go

965

00:37:23,690 --> 00:37:22,260

so for me I I can see that I can see

966

00:37:26,270 --> 00:37:23,700

that there was another civilization

967

00:37:29,349 --> 00:37:26,280

alongside us another type of human

968

00:37:32,510 --> 00:37:29,359

humanoid whatever you want to call it

969

00:37:35,150 --> 00:37:32,520

no that's all right get him involved but

970

00:37:37,730 --> 00:37:35,160

how or can you

971

00:37:39,770 --> 00:37:37,740

get from there where something else

972

00:37:41,450 --> 00:37:39,780

potentially left or some people would

973

00:37:44,210 --> 00:37:41,460

say it was still here whatever that may

974

00:37:48,410 --> 00:37:44,220

be to the idea then that there is this

975

00:37:50,150 --> 00:37:48,420

other which is manipulating us and using

976  
00:37:51,310 --> 00:37:50,160  
you know Thomas talk Tom delonge's

977  
00:37:54,589 --> 00:37:51,320  
talked about you know the power of love

978  
00:37:57,349 --> 00:37:54,599  
and being jealous of us having a soul

979  
00:37:59,210 --> 00:37:57,359  
is that not then another offshoot of the

980  
00:38:01,670 --> 00:37:59,220  
whole conversation where

981  
00:38:03,650 --> 00:38:01,680  
something else is involved in this or do

982  
00:38:05,150 --> 00:38:03,660  
you think that's related to these other

983  
00:38:08,150 --> 00:38:05,160  
civilizations that could have been

984  
00:38:11,210 --> 00:38:08,160  
around maybe just before us

985  
00:38:14,210 --> 00:38:11,220  
um it could be yeah so yeah this is

986  
00:38:16,550 --> 00:38:14,220  
where I you know and maybe um

987  
00:38:19,430 --> 00:38:16,560  
I'm kind of lazy for not committing to

988  
00:38:21,290 --> 00:38:19,440

one thing but uh this is where it's like

989

00:38:24,050 --> 00:38:21,300

all options are on the table you know

990

00:38:26,030 --> 00:38:24,060

and and I or because

991

00:38:29,329 --> 00:38:26,040

you know if I'd run out of [h\_\_h] to write

992

00:38:33,950 --> 00:38:31,670

I only really write about stuff that I

993

00:38:35,329 --> 00:38:33,960

think is actually possible based on the

994

00:38:37,609 --> 00:38:35,339

stuff that um

995

00:38:40,130 --> 00:38:37,619

that I'm researching uh

996

00:38:42,650 --> 00:38:40,140

but they is that a line for you then

997

00:38:44,630 --> 00:38:42,660

that the idea of

998

00:38:48,470 --> 00:38:44,640

other entities being jealous of us

999

00:38:52,069 --> 00:38:48,480

having souls and Free Will and no no

1000

00:38:54,530 --> 00:38:52,079

it's not actually I mean um that that I

1001

00:38:58,910 --> 00:38:54,540

think that whole part of it is uh is

1002

00:39:00,170 --> 00:38:58,920

kind of more AI based okay um where you

1003

00:39:02,030 --> 00:39:00,180

know these

1004

00:39:04,250 --> 00:39:02,040

and it's definitely a more spiritual

1005

00:39:07,910 --> 00:39:04,260

thing so it's like the evidence

1006

00:39:10,069 --> 00:39:07,920

uh idea of evidence kind of gets um

1007

00:39:12,050 --> 00:39:10,079

tossed out the window with the soul

1008

00:39:13,370 --> 00:39:12,060

thing I mean you know there's quantum

1009

00:39:15,290 --> 00:39:13,380

mechanics and all that kind of stuff

1010

00:39:16,490 --> 00:39:15,300

which I do try to research and connect

1011

00:39:19,010 --> 00:39:16,500

to it but

1012

00:39:21,410 --> 00:39:19,020

I can't really understand

1013

00:39:23,329 --> 00:39:21,420

much of it because it's you know it's

1014

00:39:23,870 --> 00:39:23,339

quantum mechanics

1015

00:39:26,870 --> 00:39:23,880

um

1016

00:39:29,210 --> 00:39:26,880

but that that part of it

1017

00:39:31,670 --> 00:39:29,220

the um

1018

00:39:35,750 --> 00:39:31,680

it would kind of make sense to me if if

1019

00:39:39,290 --> 00:39:35,760

a soul was real and it incarnates over

1020

00:39:41,810 --> 00:39:39,300

and over and then you have these um

1021

00:39:45,470 --> 00:39:41,820

you know these nuts and bolts

1022

00:39:49,310 --> 00:39:45,480

AI machines uh that

1023

00:39:51,410 --> 00:39:49,320

you know basically fall apart over time

1024

00:39:54,349 --> 00:39:51,420

um it would make sense that they might

1025

00:39:55,670 --> 00:39:54,359

be trying to figure out how to

1026

00:39:57,530 --> 00:39:55,680

you know

1027

00:39:59,890 --> 00:39:57,540

take what we have and apply it to their

1028

00:40:02,390 --> 00:39:59,900

own physical bodies I guess I don't know

1029

00:40:04,550 --> 00:40:02,400

obviously that's

1030

00:40:06,290 --> 00:40:04,560

totally out there but uh

1031

00:40:07,430 --> 00:40:06,300

I don't know we'll get to that a little

1032

00:40:09,290 --> 00:40:07,440

bit more in a second with another

1033

00:40:12,230 --> 00:40:09,300

question but um talking about that

1034

00:40:14,569 --> 00:40:12,240

parasitic beings angle uh less not on

1035

00:40:16,190 --> 00:40:14,579

YouTube Uber asked is that something you

1036

00:40:18,829 --> 00:40:16,200

would plan on researching the whole idea

1037

00:40:22,130 --> 00:40:18,839

of parasitic beings and manipulation of

1038

00:40:25,069 --> 00:40:22,140

and others or is that still is that hard

1039

00:40:27,349 --> 00:40:25,079

to quantify for you in terms of here's

1040

00:40:30,770 --> 00:40:27,359

the evidence of it

1041

00:40:32,450 --> 00:40:30,780

no because uh you know there are

1042

00:40:34,190 --> 00:40:32,460

parasites they exist

1043

00:40:36,109 --> 00:40:34,200

um on our planet it

1044

00:40:39,349 --> 00:40:36,119

it uh

1045

00:40:41,450 --> 00:40:39,359

there are articles you know essentially

1046

00:40:44,630 --> 00:40:41,460

saying that these

1047

00:40:47,150 --> 00:40:44,640

like it's just it's as simple as hey

1048

00:40:50,150 --> 00:40:47,160

rabies exist and it can make you angry

1049

00:40:52,790 --> 00:40:50,160

it can make you aggressive so there is a

1050

00:40:54,890 --> 00:40:52,800

parasite or um you know a virus that can

1051  
00:40:56,750 --> 00:40:54,900  
make change your behavior yeah like that

1052  
00:40:57,829 --> 00:40:56,760  
exists so

1053  
00:41:00,290 --> 00:40:57,839  
you know

1054  
00:41:02,450 --> 00:41:00,300  
is it is there one that is perhaps

1055  
00:41:04,190 --> 00:41:02,460  
conscious like what is consciousness and

1056  
00:41:06,530 --> 00:41:04,200  
then it that it's that kind of you know

1057  
00:41:07,930 --> 00:41:06,540  
thought uh

1058  
00:41:10,550 --> 00:41:07,940  
uh

1059  
00:41:12,470 --> 00:41:10,560  
extrapolation I guess where it's you

1060  
00:41:14,569 --> 00:41:12,480  
just keep asking questions based on the

1061  
00:41:16,250 --> 00:41:14,579  
question before it and um

1062  
00:41:17,750 --> 00:41:16,260  
maybe it takes you somewhere maybe it

1063  
00:41:20,210 --> 00:41:17,760

doesn't but that's that's kind of really

1064

00:41:21,130 --> 00:41:20,220

how you build build the house or

1065

00:41:23,750 --> 00:41:21,140

whatever

1066

00:41:25,970 --> 00:41:23,760

so you mentioned before about the the

1067

00:41:27,829 --> 00:41:25,980

beings potentially and I'm going to talk

1068

00:41:29,390 --> 00:41:27,839

about great aliens question from Newman

1069

00:41:31,849 --> 00:41:29,400

who always sends a night some really

1070

00:41:34,310 --> 00:41:31,859

good thought-provoking questions he asks

1071

00:41:36,410 --> 00:41:34,320

what are close the closest thoughts on

1072

00:41:38,750 --> 00:41:36,420

the reason behind the neo-human

1073

00:41:40,849 --> 00:41:38,760

appearance of the great aliens and he

1074

00:41:43,190 --> 00:41:40,859

adds specifically what do you think of

1075

00:41:46,130 --> 00:41:43,200

Dr Michael Masters future time traveling

1076

00:41:48,370 --> 00:41:46,140

human hypothesis versus Richard Dolan's

1077

00:41:51,530 --> 00:41:48,380

speculation and alien agendas that

1078

00:41:53,390 --> 00:41:51,540

instead and abducted ancient human group

1079

00:41:55,730 --> 00:41:53,400

was evolved by non-humanoids as

1080

00:41:58,490 --> 00:41:55,740

intermediaries to conduct what on Earth

1081

00:42:00,230 --> 00:41:58,500

versus the crypto terrestrial hypothesis

1082

00:42:03,050 --> 00:42:00,240

I hope I've read that in a way that it

1083

00:42:06,410 --> 00:42:03,060

makes sense yeah I'm not

1084

00:42:08,329 --> 00:42:06,420

too familiar with Dolan's I do know I

1085

00:42:11,510 --> 00:42:08,339

did read Michael Masters

1086

00:42:13,250 --> 00:42:11,520

identify what's it identified flying

1087

00:42:16,490 --> 00:42:13,260

objects yes

1088

00:42:19,010 --> 00:42:16,500

um yeah and that that really made sense

1089

00:42:20,930 --> 00:42:19,020

to me and he's a smart guy he I think he

1090

00:42:23,530 --> 00:42:20,940

got that book peer reviewed if I'm not

1091

00:42:26,630 --> 00:42:23,540

mistaken um which is pretty cool

1092

00:42:29,210 --> 00:42:26,640

something like that uh

1093

00:42:31,550 --> 00:42:29,220

but I think yeah that makes sense to me

1094

00:42:33,589 --> 00:42:31,560

if again if you extrapolate what we look

1095

00:42:35,030 --> 00:42:33,599

like at this point

1096

00:42:38,089 --> 00:42:35,040

um and

1097

00:42:40,069 --> 00:42:38,099

you know you go based off the cases that

1098

00:42:42,470 --> 00:42:40,079

you know in the descriptions from those

1099

00:42:45,530 --> 00:42:42,480

it would make sense that it could be

1100

00:42:48,770 --> 00:42:45,540

future human that and they would look

1101  
00:42:51,230 --> 00:42:48,780  
like you know what we would look like if

1102  
00:42:54,710 --> 00:42:51,240  
we uh you know evolved in that way from

1103  
00:42:55,730 --> 00:42:54,720  
now so that does make sense to me

1104  
00:43:00,230 --> 00:42:55,740  
um

1105  
00:43:03,589 --> 00:43:00,240  
I think when it comes to Gray's the

1106  
00:43:06,589 --> 00:43:03,599  
the kind of the Gary Nolan hypothesis

1107  
00:43:10,430 --> 00:43:06,599  
makes the most sense to me that they're

1108  
00:43:13,550 --> 00:43:10,440  
trying to meet us where we are they're

1109  
00:43:17,089 --> 00:43:13,560  
trying to construct something that looks

1110  
00:43:20,329 --> 00:43:17,099  
enough like us to wear

1111  
00:43:23,030 --> 00:43:20,339  
they uh it doesn't freak us out but but

1112  
00:43:24,290 --> 00:43:23,040  
just different enough to where uh we

1113  
00:43:26,569 --> 00:43:24,300

know they're different

1114

00:43:28,490 --> 00:43:26,579

uh then let's create and as he mentioned

1115

00:43:31,069 --> 00:43:28,500

avatars didn't he something else sending

1116

00:43:33,290 --> 00:43:31,079

avatars that and your your ideas that

1117

00:43:35,569 --> 00:43:33,300

you think are give it ahead give it two

1118

00:43:37,490 --> 00:43:35,579

arms two hands two legs two feet a body

1119

00:43:39,050 --> 00:43:37,500

they'll get the rough idea that we're

1120

00:43:40,910 --> 00:43:39,060

you know that's that's what they look

1121

00:43:43,569 --> 00:43:40,920

like to us so right they're trying to

1122

00:43:46,430 --> 00:43:43,579

communicate that that they understand

1123

00:43:49,309 --> 00:43:46,440

what we look like

1124

00:43:50,930 --> 00:43:49,319

um and like what what kind of you know

1125

00:43:53,930 --> 00:43:50,940

physical

1126

00:43:57,109 --> 00:43:53,940

um being we would interact with like

1127

00:44:00,290 --> 00:43:57,119

another human kind of thing so and uh

1128

00:44:02,990 --> 00:44:00,300

and it's he also says that it's almost

1129

00:44:05,210 --> 00:44:03,000

like a an intelligence test to see if we

1130

00:44:08,450 --> 00:44:05,220

can recognize these beings for what they

1131

00:44:10,730 --> 00:44:08,460

are and recognize this intelligence for

1132

00:44:13,069 --> 00:44:10,740

what it's trying to communicate to us

1133

00:44:15,290 --> 00:44:13,079

um I think I think it would make sense

1134

00:44:18,470 --> 00:44:15,300

that the the gray alien would represent

1135

00:44:21,410 --> 00:44:18,480

that well I've got um Dr Michael Masters

1136

00:44:23,089 --> 00:44:21,420

and Richard Dolan both on the podcast uh

1137

00:44:25,490 --> 00:44:23,099

later on this month so for anyone who's

1138

00:44:27,109 --> 00:44:25,500

got any questions for both uh Michael

1139

00:44:29,270 --> 00:44:27,119

Masters has been on before he's coming

1140

00:44:31,130 --> 00:44:29,280

back on to discuss his new book which is

1141

00:44:32,510 --> 00:44:31,140

very different from his first but um

1142

00:44:34,550 --> 00:44:32,520

pretty interesting I've only managed to

1143

00:44:36,470 --> 00:44:34,560

skim it so far but I've got time to read

1144

00:44:39,050 --> 00:44:36,480

it before the interview and then finally

1145

00:44:41,150 --> 00:44:39,060

a lot of a lot of cases in it I think

1146

00:44:43,690 --> 00:44:41,160

it's a pretty thorough case study I

1147

00:44:46,370 --> 00:44:43,700

think that's the difference

1148

00:44:51,670 --> 00:44:46,380

yeah his new one yeah his new ones at

1149

00:44:56,089 --> 00:44:54,290

written like a script so it's the people

1150

00:44:59,329 --> 00:44:56,099

talking to each other and it's using

1151  
00:45:00,470 --> 00:44:59,339  
yeah using stories to tell what the idea

1152  
00:45:02,150 --> 00:45:00,480  
is that's all they are and if people

1153  
00:45:04,550 --> 00:45:02,160  
read The Blob I'm bastardizing it by

1154  
00:45:05,750 --> 00:45:04,560  
doing that but yeah I always pass

1155  
00:45:07,490 --> 00:45:05,760  
through that stuff when I try to talk

1156  
00:45:09,710 --> 00:45:07,500  
about it yeah it's awful that's why I

1157  
00:45:11,210 --> 00:45:09,720  
write so I I have everything don't put

1158  
00:45:13,550 --> 00:45:11,220  
me on this spot that's my job on this

1159  
00:45:14,930 --> 00:45:13,560  
year and retro Dolan finally is coming

1160  
00:45:16,309 --> 00:45:14,940  
on the podcast as well but that's

1161  
00:45:18,050 --> 00:45:16,319  
arranged for later on in the month so

1162  
00:45:19,309 --> 00:45:18,060  
I'm looking forward to finally uh

1163  
00:45:21,109 --> 00:45:19,319

speaking to Richard

1164

00:45:24,109 --> 00:45:21,119

um Newman also asked what is close

1165

00:45:26,630 --> 00:45:24,119

opinion on the ET influence during World

1166

00:45:28,250 --> 00:45:26,640

War II and he adds Linda Bolton Howe

1167

00:45:30,050 --> 00:45:28,260

claimed during one of our Earth files

1168

00:45:32,630 --> 00:45:30,060

episodes that World War II is one of the

1169

00:45:35,870 --> 00:45:32,640

first 80 instigated Wars on planet Earth

1170

00:45:37,670 --> 00:45:35,880

see this is where my line starts to blur

1171

00:45:39,710 --> 00:45:37,680

um this is both hilariously absurd but

1172

00:45:41,510 --> 00:45:39,720

also scary to think of effectively

1173

00:45:43,730 --> 00:45:41,520

suggesting that certain odd obsessions

1174

00:45:45,770 --> 00:45:43,740

of the national socialists

1175

00:45:47,390 --> 00:45:45,780

um like the natural racial traits Etc

1176

00:45:49,609 --> 00:45:47,400

came from their leadership having

1177

00:45:51,170 --> 00:45:49,619

received received a visit from the tall

1178

00:45:52,790 --> 00:45:51,180

whites

1179

00:45:54,470 --> 00:45:52,800

obviously feel free to answer the

1180

00:45:56,870 --> 00:45:54,480

question but again for me that's when a

1181

00:45:58,849 --> 00:45:56,880

line starts to blur between yeah what

1182

00:46:00,710 --> 00:45:58,859

really goes on and ah that sounds a bit

1183

00:46:01,730 --> 00:46:00,720

fanciful

1184

00:46:04,550 --> 00:46:01,740

um

1185

00:46:05,930 --> 00:46:04,560

yeah that's that's tough

1186

00:46:10,190 --> 00:46:05,940

uh

1187

00:46:15,050 --> 00:46:12,170

I guess I don't know if you know that

1188

00:46:16,730 --> 00:46:15,060

like that attack the uh the Mussolini

1189

00:46:20,510 --> 00:46:16,740

um

1190

00:46:23,329 --> 00:46:20,520

crash I guess from from 1933

1191

00:46:25,490 --> 00:46:23,339

which was uh the fascist UFO files I

1192

00:46:27,950 --> 00:46:25,500

guess they called it right yeah it's

1193

00:46:31,329 --> 00:46:27,960

written by or not written by but it was

1194

00:46:35,569 --> 00:46:31,339

researched by uh I think it's

1195

00:46:37,849 --> 00:46:35,579

Roberto panati he's a icer guy

1196

00:46:40,550 --> 00:46:37,859

um yes yep yeah I think he wrote it for

1197

00:46:42,770 --> 00:46:40,560

John greenwald's website actually

1198

00:46:44,990 --> 00:46:42,780

um but essentially and I think Chris

1199

00:46:46,010 --> 00:46:45,000

sharp touched on it too but yet do you

1200

00:46:48,230 --> 00:46:46,020

know what I had reached out to the

1201

00:46:50,030 --> 00:46:48,240

battle I think through Philip mantle to

1202

00:46:51,290 --> 00:46:50,040

potentially come on the podcast at some

1203

00:46:52,670 --> 00:46:51,300

point because he'd written on the

1204

00:46:54,589 --> 00:46:52,680

Italian yes that's what I know it from

1205

00:46:57,230 --> 00:46:54,599

is there I think he's got a case book on

1206

00:46:59,210 --> 00:46:57,240

Italian UFO yesterday so yeah yeah it's

1207

00:47:01,430 --> 00:46:59,220

a really interesting case and I think if

1208

00:47:03,290 --> 00:47:01,440

you're um if you're really going to dive

1209

00:47:06,890 --> 00:47:03,300

into that that's kind of where you have

1210

00:47:08,150 --> 00:47:06,900

to start is in 1933 apparently there's

1211

00:47:10,069 --> 00:47:08,160

some uh

1212

00:47:12,530 --> 00:47:10,079

cables or

1213

00:47:14,930 --> 00:47:12,540

um telegraphs between

1214

00:47:18,950 --> 00:47:14,940

um Mussolini's cabinet

1215

00:47:20,930 --> 00:47:18,960

um and about about a crash saucer so

1216

00:47:23,329 --> 00:47:20,940

that's kind of where

1217

00:47:26,030 --> 00:47:23,339

like a lot of people say it starts

1218

00:47:28,609 --> 00:47:26,040

rather than like Roswell or um you know

1219

00:47:29,990 --> 00:47:28,619

Trinity I was I was dreading you're

1220

00:47:32,329 --> 00:47:30,000

saying Trinity because I can't address

1221

00:47:35,690 --> 00:47:32,339

that one yet after the the recent DD

1222

00:47:36,710 --> 00:47:35,700

Johnson articles yeah that's a tough one

1223

00:47:38,750 --> 00:47:36,720

right now

1224

00:47:40,190 --> 00:47:38,760

um I'm kind of up in the air about that

1225

00:47:48,370 --> 00:47:40,200

but uh

1226

00:47:53,030 --> 00:47:51,890

yeah I don't know it's a tough one but

1227

00:47:55,609 --> 00:47:53,040

um

1228

00:47:56,990 --> 00:47:55,619

yeah as far as as far as the war goes

1229

00:48:02,630 --> 00:47:57,000

it's

1230

00:48:04,970 --> 00:48:02,640

pretty pretty thoroughly

1231

00:48:08,270 --> 00:48:04,980

um like the whole operation paper clip

1232

00:48:10,849 --> 00:48:08,280

thing is was very real uh

1233

00:48:12,530 --> 00:48:10,859

obviously I mean now it's being admitted

1234

00:48:16,130 --> 00:48:12,540

to but um

1235

00:48:18,349 --> 00:48:16,140

it was I think it's a huge part of the

1236

00:48:20,150 --> 00:48:18,359

cover-up and our

1237

00:48:22,309 --> 00:48:20,160

current you know

1238

00:48:25,210 --> 00:48:22,319

our Aerospace programs were basically

1239

00:48:27,950 --> 00:48:25,220

infested with fashionist ideology and

1240

00:48:30,770 --> 00:48:27,960

and uh it's really uncomfortable to talk

1241

00:48:32,990 --> 00:48:30,780

about a lot operation paper clip and you

1242

00:48:34,970 --> 00:48:33,000

know all that yeah yeah

1243

00:48:37,550 --> 00:48:34,980

um which is why I'm glad Tom did it in

1244

00:48:38,210 --> 00:48:37,560

in the way he did in a fictional way

1245

00:48:42,290 --> 00:48:38,220

um

1246

00:48:45,470 --> 00:48:42,300

and I I like that uh if you've never

1247

00:48:47,569 --> 00:48:45,480

read um the hunt for zero point uh it's

1248

00:48:49,250 --> 00:48:47,579

a really good book Nick cook dives into

1249

00:48:51,470 --> 00:48:49,260

a lot of the nitty-gritty of that too

1250

00:48:54,890 --> 00:48:51,480

and it's actually funny because

1251

00:48:56,990 --> 00:48:54,900

I'm pretty sure Tom took the um

1252

00:48:59,630 --> 00:48:57,000

the henge structure that Nick cook

1253

00:49:01,609 --> 00:48:59,640

visits and and hum for zero point um

1254

00:49:04,190 --> 00:49:01,619

there's a hidden structure which

1255

00:49:06,650 --> 00:49:04,200

he kind of insinuates is connected to

1256

00:49:09,290 --> 00:49:06,660

the Nazi Bell anti-gravity Craft

1257

00:49:11,510 --> 00:49:09,300

um and essentially I think Tom took that

1258

00:49:14,930 --> 00:49:11,520

that hand structure and that the Mind

1259

00:49:16,910 --> 00:49:14,940

setting from you know that Nick cook uh

1260

00:49:19,670 --> 00:49:16,920

described it on for zero point and just

1261

00:49:21,470 --> 00:49:19,680

put it into secret machines uh it's

1262

00:49:22,849 --> 00:49:21,480

described exactly the same way it's it's

1263

00:49:24,430 --> 00:49:22,859

pretty cool

1264

00:49:27,050 --> 00:49:24,440

um

1265

00:49:28,490 --> 00:49:27,060

with Dave Smith asked a lot of questions

1266

00:49:30,170 --> 00:49:28,500

and Dave I'm going to keep some of these

1267

00:49:32,329 --> 00:49:30,180

for uh hopefully clouds coming back on

1268

00:49:33,770 --> 00:49:32,339

in the very very near future to do a

1269

00:49:35,450 --> 00:49:33,780

follow-up because I have a ton of stuff

1270

00:49:38,210 --> 00:49:35,460

still to get through

1271

00:49:40,670 --> 00:49:38,220

um but Dave asks him what does Klaus

1272

00:49:43,370 --> 00:49:40,680

think of the idea of a regular cataclysm

1273

00:49:45,290 --> 00:49:43,380

cycle on Earth if yes do you think the

1274

00:49:46,849 --> 00:49:45,300

government knows do you think so the

1275

00:49:48,349 --> 00:49:46,859

occupants of the UAP know you maybe

1276

00:49:50,150 --> 00:49:48,359

touched on that a little bit before when

1277

00:49:52,730 --> 00:49:50,160

you mentioned a civilization getting

1278

00:49:54,710 --> 00:49:52,740

away because of a cataclysm and are they

1279

00:49:57,370 --> 00:49:54,720

collaborating to save us and would this

1280

00:50:00,410 --> 00:49:57,380

explain the UFO secrecy

1281

00:50:02,930 --> 00:50:00,420

uh yeah so that's that's a really

1282

00:50:05,329 --> 00:50:02,940

interesting subject as a the circular

1283

00:50:07,790 --> 00:50:05,339

cyclical

1284

00:50:09,170 --> 00:50:07,800

um cataclysm thing

1285

00:50:11,870 --> 00:50:09,180

uh

1286

00:50:15,230 --> 00:50:11,880

that kind of ties in with time and what

1287

00:50:18,230 --> 00:50:15,240

is time is it linear is it a circular or

1288

00:50:20,390 --> 00:50:18,240

cyclical or whatever but um

1289

00:50:22,309 --> 00:50:20,400

I think it's definitely

1290

00:50:24,470 --> 00:50:22,319

a possibility

1291

00:50:26,930 --> 00:50:24,480

um there's

1292

00:50:29,450 --> 00:50:26,940

you know it's like this is all

1293

00:50:30,950 --> 00:50:29,460

speculation obviously and it and it's

1294

00:50:32,630 --> 00:50:30,960

tough when you're not a scientist to

1295

00:50:35,150 --> 00:50:32,640

kind of hammer this stuff down in a way

1296

00:50:38,050 --> 00:50:35,160

that like people would dig seriously

1297

00:50:41,089 --> 00:50:38,060

um I mean I'm not on anything in here

1298

00:50:41,930 --> 00:50:41,099

you know yeah me too

1299

00:50:43,490 --> 00:50:41,940

um

1300

00:50:45,349 --> 00:50:43,500

but

1301

00:50:47,089 --> 00:50:45,359

I think it's definitely an interesting

1302

00:50:51,170 --> 00:50:47,099

Theory I think

1303

00:50:53,150 --> 00:50:51,180

it's been talked about a lot by um you

1304

00:50:55,069 --> 00:50:53,160

know Tom has said uh you know

1305

00:50:56,930 --> 00:50:55,079

civilizations kind of Rise and Fall

1306

00:50:57,770 --> 00:50:56,940

potentially in Cycles

1307

00:51:01,130 --> 00:50:57,780

um

1308

00:51:03,589 --> 00:51:01,140

you know maybe this is all just

1309

00:51:05,329 --> 00:51:03,599

a test or you know some sort of

1310

00:51:08,870 --> 00:51:05,339

experiment that starts over every

1311

00:51:10,490 --> 00:51:08,880

however many 10 12 000 years

1312

00:51:13,010 --> 00:51:10,500

and

1313

00:51:15,770 --> 00:51:13,020

you know maybe someone figured that out

1314

00:51:18,589 --> 00:51:15,780

and figured out how to get off in time

1315

00:51:20,210 --> 00:51:18,599

you know and chilled out somewhere else

1316

00:51:22,370 --> 00:51:20,220

while it went down and now they're

1317

00:51:24,770 --> 00:51:22,380

coming back or something like that I

1318

00:51:26,930 --> 00:51:24,780

don't see so wait a second so you're

1319

00:51:29,270 --> 00:51:26,940

saying that someone else the previous

1320

00:51:31,190 --> 00:51:29,280

civilization could have potentially

1321

00:51:33,410 --> 00:51:31,200

figured out that there was a cycle of

1322

00:51:35,030 --> 00:51:33,420

cataclysms and let's let's get off

1323

00:51:37,609 --> 00:51:35,040

before the planet blows up this time or

1324

00:51:39,049 --> 00:51:37,619

the ACH happens with that then suggests

1325

00:51:41,049 --> 00:51:39,059

that there was something else causing

1326

00:51:43,910 --> 00:51:41,059

the cataclysms

1327

00:51:45,290 --> 00:51:43,920

those occurred naturally yeah it could

1328

00:51:47,030 --> 00:51:45,300

occur naturally

1329

00:51:50,210 --> 00:51:47,040

um again I'll quote time he says it all

1330

00:51:53,270 --> 00:51:50,220

the time uh he says it has to come out

1331

00:51:56,870 --> 00:51:53,280

because it's nature and I I kind of

1332

00:51:59,630 --> 00:51:56,880

connect that to uh perhaps cataclysms of

1333

00:52:01,010 --> 00:51:59,640

some kind if it's if it's just naturally

1334

00:52:05,089 --> 00:52:01,020

happening

1335

00:52:06,950 --> 00:52:05,099

um say like planet nine or whatever uh

1336

00:52:10,370 --> 00:52:06,960

you know comes around every once

1337

00:52:13,549 --> 00:52:10,380

12 000 years or so and rips off the you

1338

00:52:15,770 --> 00:52:13,559

know uh magnetic Earth's magnetic field

1339

00:52:17,450 --> 00:52:15,780

and you know everything gets completely

1340

00:52:18,890 --> 00:52:17,460

screwed up and you know everything

1341

00:52:21,170 --> 00:52:18,900

starts over

1342

00:52:24,650 --> 00:52:21,180

um what can we do about that that's just

1343

00:52:27,109 --> 00:52:24,660

nature you know it's uh

1344

00:52:29,809 --> 00:52:27,119

but yeah that's that's kind of what I

1345

00:52:33,470 --> 00:52:29,819

was thinking that maybe you know an

1346

00:52:35,150 --> 00:52:33,480

older civilization figure figure it out

1347

00:52:38,630 --> 00:52:35,160

when that planet was coming or when

1348

00:52:42,230 --> 00:52:38,640

whatever happens happened and um

1349

00:52:44,270 --> 00:52:42,240

got off and you know you're like come

1350

00:52:47,089 --> 00:52:44,280

back basically that kind of ties in with

1351  
00:52:50,390 --> 00:52:47,099  
the Greek God thing that Tom says that

1352  
00:52:53,030 --> 00:52:50,400  
that you know they left after or left

1353  
00:52:55,970 --> 00:52:53,040  
before a cataclysm and hung out in an at

1354  
00:52:57,770 --> 00:52:55,980  
an outpost in the solar system um so

1355  
00:53:01,329 --> 00:52:57,780  
that kind of jibes with what he says too

1356  
00:53:06,410 --> 00:53:04,069  
well I mean someone hopefully knows but

1357  
00:53:09,109 --> 00:53:06,420  
yeah it's funny to talk about

1358  
00:53:10,490 --> 00:53:09,119  
um I want to hopefully make this not

1359  
00:53:12,710 --> 00:53:10,500  
your last appearance and like get you

1360  
00:53:14,450 --> 00:53:12,720  
back on soon to dive into more specific

1361  
00:53:17,569 --> 00:53:14,460  
areas in a bit more detail so to start

1362  
00:53:19,190 --> 00:53:17,579  
wrapping up what what right now is

1363  
00:53:20,809 --> 00:53:19,200

happening that's got your your most

1364

00:53:22,309 --> 00:53:20,819

interest so like literally today as

1365

00:53:23,390 --> 00:53:22,319

we're speaking the NASA conference is

1366

00:53:24,950 --> 00:53:23,400

wrapping up

1367

00:53:26,569 --> 00:53:24,960

um which is actually seemed I don't know

1368

00:53:28,010 --> 00:53:26,579

if you caught any of it but from what I

1369

00:53:31,609 --> 00:53:28,020

managed to see it was a lot more

1370

00:53:32,569 --> 00:53:31,619

positive than I expected it to be

1371

00:53:34,549 --> 00:53:32,579

um

1372

00:53:36,470 --> 00:53:34,559

and that seems to be a lot of the

1373

00:53:38,809 --> 00:53:36,480

consensus from a quick look on the

1374

00:53:41,390 --> 00:53:38,819

socials as well that people are going ah

1375

00:53:43,670 --> 00:53:41,400

okay that's that's might actually have

1376

00:53:46,010 --> 00:53:43,680

something to it it might have legs

1377

00:53:47,569 --> 00:53:46,020

um you've got your Gary Nolans talking

1378

00:53:49,730 --> 00:53:47,579

about you know

1379

00:53:50,450 --> 00:53:49,740

stuff to come whistleblowers down the

1380

00:53:53,210 --> 00:53:50,460

line

1381

00:53:54,770 --> 00:53:53,220

um or Witnesses Stephen Greer Stephen

1382

00:53:56,630 --> 00:53:54,780

Bassett said God forbid I called the

1383

00:53:57,650 --> 00:53:56,640

whistleblowers he wasn't happy with that

1384

00:54:01,130 --> 00:53:57,660

one

1385

00:54:03,890 --> 00:54:01,140

um yeah yeah what's um what what's on

1386

00:54:06,230 --> 00:54:03,900

the horizon for you that you're most

1387

00:54:09,710 --> 00:54:06,240

looking forward to as such hopefully not

1388

00:54:11,270 --> 00:54:09,720

a cataclysm all right uh I don't you

1389

00:54:12,890 --> 00:54:11,280

know there's a lot of chatter about the

1390

00:54:14,990 --> 00:54:12,900

summer so

1391

00:54:15,890 --> 00:54:15,000

whatever that is I guess

1392

00:54:19,130 --> 00:54:15,900

um

1393

00:54:22,849 --> 00:54:19,140

yeah that's the I guess whistleblowers

1394

00:54:25,430 --> 00:54:22,859

are the main um rumor uh

1395

00:54:27,230 --> 00:54:25,440

but yeah what do you see what do you see

1396

00:54:28,630 --> 00:54:27,240

and I asked Dan this last week on the

1397

00:54:30,530 --> 00:54:28,640

breakdown show

1398

00:54:32,750 --> 00:54:30,540

realistically

1399

00:54:34,130 --> 00:54:32,760

what is what is the best case scenario

1400

00:54:36,230 --> 00:54:34,140

then for you coming out of the Summer

1401

00:54:39,530 --> 00:54:36,240

where do you think we realistically

1402

00:54:43,849 --> 00:54:41,089

um

1403

00:54:46,069 --> 00:54:43,859

there would probably have to be someone

1404

00:54:48,829 --> 00:54:46,079

on the record who

1405

00:54:51,049 --> 00:54:48,839

you know had had proof that they worked

1406

00:54:52,549 --> 00:54:51,059

on one of these programs this this crash

1407

00:54:53,450 --> 00:54:52,559

retrieval programs

1408

00:54:55,670 --> 00:54:53,460

um

1409

00:54:57,950 --> 00:54:55,680

that would be cool

1410

00:55:00,710 --> 00:54:57,960

um another

1411

00:55:03,230 --> 00:55:00,720

interesting thing I think people should

1412

00:55:05,510 --> 00:55:03,240

look out for was actually what Gary

1413

00:55:09,770 --> 00:55:05,520

Nolan announced at that salt conference

1414

00:55:12,770 --> 00:55:09,780

which was a 501c3 I think it's called

1415

00:55:15,950 --> 00:55:12,780

um you know an organization where he's

1416

00:55:19,790 --> 00:55:15,960

going to try to actually you know get

1417

00:55:22,309 --> 00:55:19,800

donations and you know fund uh like

1418

00:55:23,870 --> 00:55:22,319

write grants and and fund some actual

1419

00:55:24,710 --> 00:55:23,880

research on this stuff

1420

00:55:26,870 --> 00:55:24,720

um

1421

00:55:27,829 --> 00:55:26,880

you know and he's talked in the past

1422

00:55:30,410 --> 00:55:27,839

about

1423

00:55:31,910 --> 00:55:30,420

writing papers on more out there stuff

1424

00:55:33,710 --> 00:55:31,920

like remote viewing and that kind of

1425

00:55:35,270 --> 00:55:33,720

thing and so to actually kind of get

1426

00:55:37,069 --> 00:55:35,280

funding for

1427

00:55:39,049 --> 00:55:37,079

you know some more uh

1428

00:55:41,930 --> 00:55:39,059

out there stuff that would be really

1429

00:55:42,670 --> 00:55:41,940

cool to see start take shape

1430

00:55:44,450 --> 00:55:42,680

um

1431

00:55:47,690 --> 00:55:44,460

and

1432

00:55:50,630 --> 00:55:47,700

yeah just this NASA thing was you know

1433

00:55:53,089 --> 00:55:50,640

huge just symbolically and just for

1434

00:55:54,829 --> 00:55:53,099

Academia in general just taking it

1435

00:55:58,370 --> 00:55:54,839

seriously

1436

00:56:00,950 --> 00:55:58,380

um I you know the content I have

1437

00:56:03,410 --> 00:56:00,960

problems with but you know they're

1438

00:56:06,290 --> 00:56:03,420

they're wondering why there's stigma

1439

00:56:08,630 --> 00:56:06,300

when it's been 80 years of this [h\_\_h] you

1440

00:56:11,329 --> 00:56:08,640

know yeah you're the public face of this

1441

00:56:13,549 --> 00:56:11,339

like you should know but that's what I

1442

00:56:16,370 --> 00:56:13,559

think is um really important though for

1443

00:56:18,530 --> 00:56:16,380

the UFO Community is that you know these

1444

00:56:20,750 --> 00:56:18,540

people they really like they're like we

1445

00:56:23,030 --> 00:56:20,760

want to start from Ground Zero um and

1446

00:56:26,150 --> 00:56:23,040

then they spend 30 minutes asking

1447

00:56:27,230 --> 00:56:26,160

where Ground Zero is so you know it's

1448

00:56:29,030 --> 00:56:27,240

kind of like

1449

00:56:30,710 --> 00:56:29,040

you you need help you need direction

1450

00:56:31,670 --> 00:56:30,720

from people who've been studying this

1451

00:56:34,069 --> 00:56:31,680

for a while

1452

00:56:36,170 --> 00:56:34,079

um and I've only been doing it for you

1453

00:56:38,569 --> 00:56:36,180

know not that long compared to a lot of

1454

00:56:39,530 --> 00:56:38,579

other people in the community so

1455

00:56:43,430 --> 00:56:39,540

um

1456

00:56:45,890 --> 00:56:43,440

there's only so much they can do on

1457

00:56:49,010 --> 00:56:45,900

their own without you know being

1458

00:56:51,349 --> 00:56:49,020

being told where to look essentially

1459

00:56:53,390 --> 00:56:51,359

um but yeah there's a lot of talk about

1460

00:56:55,849 --> 00:56:53,400

like needle in the haystack and we don't

1461

00:56:57,530 --> 00:56:55,859

even know what the needle looks like or

1462

00:57:00,170 --> 00:56:57,540

you know that kind of thing it's like

1463

00:57:01,970 --> 00:57:00,180

okay so ask someone who might be able to

1464

00:57:04,250 --> 00:57:01,980

help basically

1465

00:57:06,170 --> 00:57:04,260

um but yeah I know that NASA thing is is

1466

00:57:08,809 --> 00:57:06,180

cool and I guess they said they're gonna

1467

00:57:11,450 --> 00:57:08,819

have a report out by the end of July so

1468

00:57:13,430 --> 00:57:11,460

I have that to look forward to too well

1469

00:57:15,290 --> 00:57:13,440

you find the needle in a haystack but

1470

00:57:18,349 --> 00:57:15,300

you can find your articles on substack

1471

00:57:19,849 --> 00:57:18,359

yeah there you go yeah there we go

1472

00:57:21,470 --> 00:57:19,859

um yeah I'm good at that

1473

00:57:23,809 --> 00:57:21,480

um that's the only thing I'm good at but

1474

00:57:25,309 --> 00:57:23,819

for for listeners how can they find you

1475

00:57:27,589 --> 00:57:25,319

because one you've just got a podcast

1476

00:57:29,630 --> 00:57:27,599

out which is good timing because uh you

1477

00:57:31,730 --> 00:57:29,640

never had that in 31st of March remember

1478

00:57:33,410 --> 00:57:31,740

going to do this and also you've got the

1479

00:57:34,730 --> 00:57:33,420

Articles as well which I'm subscribed to

1480

00:57:36,950 --> 00:57:34,740

and if you've got any interest in

1481

00:57:38,569 --> 00:57:36,960

reading about this subject and just some

1482

00:57:40,309 --> 00:57:38,579

of the ideas that I've literally only

1483

00:57:42,829 --> 00:57:40,319

touched on with Klaus I plan to go

1484

00:57:44,450 --> 00:57:42,839

deeper on a few things down the line

1485

00:57:46,010 --> 00:57:44,460

um but how can people follow your work

1486

00:57:48,829 --> 00:57:46,020

how can they listen to your work how can

1487

00:57:50,990 --> 00:57:48,839

the video work yeah you can um follow me

1488

00:57:54,950 --> 00:57:51,000

on Twitter at tiny Klaus

1489

00:57:58,010 --> 00:57:55,970

um

1490

00:58:01,690 --> 00:57:58,020

yeah I'll tell you the origin of that

1491

00:58:04,790 --> 00:58:01,700

name next time and then uh yeah

1492

00:58:07,910 --> 00:58:04,800

tinyclus.com is my sub stack I got a

1493

00:58:08,569 --> 00:58:07,920

custom domain so I just yeah redirects

1494

00:58:09,430 --> 00:58:08,579

there

1495

00:58:12,710 --> 00:58:09,440

um

1496

00:58:14,569 --> 00:58:12,720

and yeah and I'm I'm doing a kind of

1497

00:58:15,770 --> 00:58:14,579

podcast thing I guess I'm I'm just

1498

00:58:17,569 --> 00:58:15,780

throwing it out there right now and

1499

00:58:20,569 --> 00:58:17,579

seeing what the interest level is and

1500

00:58:23,450 --> 00:58:20,579

you know seeing if I can uh see if I can

1501

00:58:25,670 --> 00:58:23,460

handle it first of all a full-time job

1502

00:58:27,589 --> 00:58:25,680

and writing all this stuff but uh yeah

1503

00:58:29,569 --> 00:58:27,599

that's um it's called patterns tell

1504

00:58:31,309 --> 00:58:29,579

stories and it's on Apple podcast

1505

00:58:33,650 --> 00:58:31,319

Spotify

1506

00:58:36,170 --> 00:58:33,660

um it's just a yeah small project right

1507

00:58:38,329 --> 00:58:36,180

now but we'll see what happens I guess

1508

00:58:39,890 --> 00:58:38,339

yeah the last thing you mentioned you've

1509

00:58:41,630 --> 00:58:39,900

not been doing this in the grand scheme

1510

00:58:43,789 --> 00:58:41,640

of things for too long so we can

1511

00:58:46,970 --> 00:58:43,799

consider you new blood the new voice a

1512

00:58:49,970 --> 00:58:46,980

new face in the topic much as myself or

1513

00:58:51,650 --> 00:58:49,980

our Dan Chris sharp and sorry I didn't

1514

00:58:53,750 --> 00:58:51,660

leave out so many others of any Adams

1515

00:58:55,789 --> 00:58:53,760

and Graham Randall have been in this

1516

00:58:57,049 --> 00:58:55,799

subject in recent years

1517

00:58:59,510 --> 00:58:57,059

um and there's so many more people

1518

00:59:01,069 --> 00:58:59,520

within that as well that there are

1519

00:59:02,750 --> 00:59:01,079

people that have done this for decades

1520

00:59:04,490 --> 00:59:02,760

and decades and decades and have laid so

1521

00:59:05,809 --> 00:59:04,500

much groundwork and people need to carry

1522

00:59:08,030 --> 00:59:05,819

on that work in whatever way the

1523

00:59:09,589 --> 00:59:08,040

conversation goes so your contributions

1524

00:59:11,329 --> 00:59:09,599

have been massive so far for someone

1525

00:59:13,670 --> 00:59:11,339

like myself and I know many others so

1526

00:59:16,250 --> 00:59:13,680

thank you for doing the work you do uh

1527

00:59:17,870 --> 00:59:16,260

it's good it's appreciated and it leaves

1528

00:59:20,270 --> 00:59:17,880

Food For Thought which I really enjoy in

1529

00:59:22,250 --> 00:59:20,280

this topic and you can read it and go I

1530

00:59:24,170 --> 00:59:22,260

like that I agree with it I don't agree

1531

00:59:25,670 --> 00:59:24,180

with that but it makes you think and

1532

00:59:27,410 --> 00:59:25,680

that's that's always necessary and you

1533

00:59:28,970 --> 00:59:27,420

don't you don't force those views or

1534

00:59:30,410 --> 00:59:28,980

opinions on other people that this is

1535

00:59:32,390 --> 00:59:30,420

definitely right and this is why it's

1536

00:59:33,589 --> 00:59:32,400

just here's something I thought here's

1537

00:59:35,450 --> 00:59:33,599

what I've researched here's what I'm

1538

00:59:37,370 --> 00:59:35,460

putting out there and go make up your

1539

00:59:39,530 --> 00:59:37,380

own mind so I think that's a really good

1540

00:59:41,690 --> 00:59:39,540

Way Forward yeah I don't think there's

1541

00:59:43,670 --> 00:59:41,700

really any other way to do it and I have

1542

00:59:45,410 --> 00:59:43,680

a hard time when people say definitively

1543

00:59:47,410 --> 00:59:45,420

this is what it is it's like how do you

1544

00:59:50,210 --> 00:59:47,420

how do you know that you don't know that

1545

00:59:51,370 --> 00:59:50,220

my next podcast is um how close is wrong

1546

00:59:53,510 --> 00:59:51,380

uh

1547

00:59:54,549 --> 00:59:53,520

that's going to drop in a five part or

1548

00:59:57,770 --> 00:59:54,559

next week

1549

00:59:59,750 --> 00:59:57,780

yeah yeah it's an honor to be on here uh

1550

01:00:02,030 --> 00:59:59,760

you were the first first guy I listened

1551  
01:00:04,510 --> 01:00:02,040  
to um in the podcast world when I came

1552  
01:00:06,890 --> 01:00:04,520  
to this subject God to help you

1553  
01:00:08,450 --> 01:00:06,900  
actually start the bar low and work

1554  
01:00:10,370 --> 01:00:08,460  
going up that's probably a good idea so

1555  
01:00:12,049 --> 01:00:10,380  
yeah but no it's been good having you on

1556  
01:00:13,490 --> 01:00:12,059  
and sorry it's taking so long a lot of

1557  
01:00:15,470 --> 01:00:13,500  
people have asked me about this several

1558  
01:00:17,569 --> 01:00:15,480  
times about when is close coming on

1559  
01:00:19,670 --> 01:00:17,579  
Wednesday coming on but it's done it's

1560  
01:00:21,710 --> 01:00:19,680  
here and hopefully this is just part one

1561  
01:00:23,390 --> 01:00:21,720  
of of several more at least to come so

1562  
01:00:25,789 --> 01:00:23,400  
yeah go check out his work and thanks

1563  
01:00:27,650 --> 01:00:25,799

for joining us close that is all for

1564

01:00:29,690 --> 01:00:27,660
